AMEND *THE GENERAL RULES CONCERNING UNIVERSITY ORGANIZATION AND
PROCEDURE*

Action: Amend Article V, Section 4 of *The General Rules Concerning University Organization and Procedure*

Funding: No Funding Required

The General Rules Concerning University Organization and Procedure

are enacted by the Board of Trustees and supplement the *University Statutes*. The *General Rules* address administrative organization; powers, duties, and responsibilities of University Officers; and various other administrative matters. (*Statutes*, Preamble). Article V of the *General Rules* concerns "University Property." Section 4 addresses the "Naming of Buildings, Streets and Drives" and is attached hereto.

The current language in Section 4 was adopted many years ago and has not been revised since that time. During the past year, numerous situations have arisen that have highlighted the inadequacies of the current provisions. For example, the current provisions simply assume that donors involved in naming situations will be individuals; Sec. 4(a) provides that "Buildings ... may be named for ... donors whose *individual* contributions have been crucial in the financing of such buildings." This does not allow for corporate-naming opportunities to be considered. Similarly, the current provisions assume that donors will always wish to designate the use of their name; there is no

express provision permitting the Board to honor a donor's request to name in honor of the donor's relative, friend, or colleague, for example. With regard to naming opportunities for buildings, the current provisions recognize naming opportunities only for construction; this does not allow for naming opportunities related to "renovating and remodeling," for example. Improving the language of this section of the *General Rules* is especially timely in light of the upcoming capital campaign.

The following proposed amendment to Article V, Section 4, entitled "Naming of University Facilities and Programs; Commemorative Plaques and Tablets," addresses these inadequacies. The proposed language was derived in large part from a review of similar policies used by comparable institutions. The proposed language was the result of extensive consultations with the Chancellors, as well as representatives of the **University of Illinois** Foundation.

Since the proposed amendment involves numerous revisions and re-ordering of the existing policy, a revised version showing a strike out or underlining for each change was more confusing than helpful. Following are the key changes in the proposed amendment:

- allowing naming opportunities for things other than physical facilities, termed here as "Programs";
- defining "Facilities" broadly, then treating buildings and spaces within buildings separately;
- treating all buildings the same (thereby eliminating separate provisions for residence halls);
- allowing donor-naming opportunities for individual *and* corporate contributions;

- allowing facilities to be named after a donor *or* someone the donor designates;
- allowing donor-naming opportunities for not only new construction, but also for “renovating, remodeling or additions”; and,
- allowing the Board to approve the naming of a University Facility or Program in situations other than those specified when the Board, in its discretion, determines that the interests of the University are served in doing so.

Finally, the proposed amendment expressly recognizes in Section 4(b) that the University will comply with existing and future provisions of State law in this area.

The main similarity between the current policy and the proposed amendment lies in requiring Board approval for naming situations while allowing the Chancellors to determine opportunities for recognition using commemorative plaques or tablets next to spaces within buildings.

As mentioned, an initial draft was shared with the Chancellors, who provided comments and suggestions. The University Senates Conference has been consulted on the proposed amendment.

The board action recommended in this item complies in all material respects with applicable State and Federal laws, University of Illinois *Statutes*, *The General Rules Concerning University Organization and Procedure*, and Board of Trustees policies and directives.

The President of the University recommends approval.
