Introduction

The University of Illinois Statutes, Article II, Section 1, provide for a senate to be constituted at each campus of the University to exercise legislative functions in matters of educational policy, such as requirements for admission to colleges and schools, requirements for degrees and certificates, and the academic calendar. Each senate shall also recommend candidates for honorary degrees, and may propose amendments to the Statutes through the University Senates Conference to the President and the Board of Trustees. The University of Illinois at Chicago (UIC) Senate membership consists of 200 faculty members, 50 student members, and 3 academic professional members. Faculty senators are elected by and from the faculty of the colleges, schools, and the library for three-year terms. Academic Professional senators are elected by the Academic Professional Academic Council.
