

Executive Committee Meeting
June 24, 2009

REVISED

ROLL CALL

APPROVE TUITION RATES, ACADEMIC YEAR 2010

Action: Approve Tuition Rates for Academic Year 2010

Funding: No New Funding Required

The University's resource needs are shaped by overarching priorities growing out of the University's strategic plan: develop the Urbana campus into the nation's preeminent public research university; develop the Chicago campus into the nation's premier urban public research university; position the University of Illinois Medical Center and health sciences colleges for the next quarter century; and develop the Springfield campus into one of the nation's top five small public liberal arts universities. Securing the resources to achieve these strategic priorities for the University of Illinois will depend on the relative strength of each component within the partnership of the Compact, including the State of Illinois, students and their families, private benefactors, and University leadership and faculty.

At their meeting on September 11, 2008, members of the Board of Trustees discussed in detail the University's resource needs for Academic Year 2010 and approved the University's Budget Request for Fiscal Year 2010. The request focused on three major areas: (1) strengthen academic quality (including faculty and staff salary

competitiveness); (2) address facility operations needs; and (3) meet inflationary and other essential cost increases.

Consistent with the Compact and to help provide the financial resources to achieve the University's goals, it will be necessary to increase tuition levels in Academic Year 2010 as well as redirect a significant portion of existing funds to high-priority activities. These high-priority expenditures include making strategic investments, paying for continuing cost increases, increasing financial aid to ensure access for low-income students, and providing competitive salaries to retain our most productive faculty and staff.

Following extensive reviews and recommendations from the Provosts and the Chancellors at each campus in consultation with the President and Vice Presidents of the University, faculty, and students, the Vice President for Academic Affairs and the Vice President/Chief Financial Officer recommend approval of the following increases in the guaranteed levels for undergraduate students: ~~\$185~~ **\$121** per semester at the Urbana-Champaign campus; ~~\$162~~ **\$106** per semester at the Chicago campus; and ~~\$9.75~~ **\$6.25** per credit hour at the Springfield campus. These tuition increases apply to students who are enrolled in the general undergraduate degree programs. The tuition rates for new students with guaranteed tuition who enroll after the spring 2009 semester will not increase for four years to comply with the tuition guarantee legislation, Public Act 93-0228. This legislation ensures that an incoming student will pay a fixed tuition rate for four years. The Guaranteed Tuition program provides predictability in tuition costs with a four-year annual increase of ~~less than 2.0~~ **1.0** percent which is lower than students experience at many other institutions competing with the University of Illinois.

At the graduate and professional levels, tuition increases are recommended for several specific programs. All tuition recommendations are summarized in the attached table. The new tuition rates become effective during the fall semester 2009, but apply to the cohort of new students who enter in May of 2009 or after.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois *Statutes, The General Rules Concerning University Organization and Procedure*, and Board of Trustees policies and directives.

The President of the University concurs.
