ROLL CALL

UPDATE CAMPUS MASTER PLAN, URBANA

Action: Adoption of the University of Illinois Campus Master Plan Update, Urbana

Funding: Institutional Funds Operating Budget

The current campus master plan for the Urbana campus is a composite of area plans and updates approved by the Board of Trustees since 1986. Each of the plans and updates that comprise the entire master plan area build upon the framework and core objectives established by prior planning efforts. This update comprehensively combines all previous area plans into one project area while also addressing the prevalent campus facility program and land use needs through minor plan adjustments that (1) acknowledge recently constructed facilities; (2) include recently approved or currently under-construction projects; and (3) resolve campus planning issues that affect how program and land use are accommodated.

Accordingly, the President of the University with the concurrence of the appropriate administrative officers recommends approval of the Campus Master Plan Update as a general guide for the long-term growth and development of the Urbana campus.

The board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois *Statutes*, *The General Rules Concerning University Organization and Procedure*, and the Board of Trustees policies and directives.

Funds are available from institutional funds operating budget of the Urbana campus.

A copy of the Campus Master Plan Update has been filed with the Secretary of the Board for record.
