TUITION RATES, ACADEMIC YEAR 2012

Action: Approve Tuition Rates for Academic Year 2012

Funding: No New Funding Required

In September 2010, members of the Board of Trustees discussed in detail the University's resource needs for Academic Year 2012 and approved the University's Budget Request for Fiscal Year 2012. The request focused on three major areas: (1) sustaining academic quality; (2) addressing crucial operational needs; and (3) meeting inflationary and other essential cost increases.

While direct appropriations from the State have been in decline for a decade, over the past 24 months State of Illinois cash flows have deteriorated dramatically, with concerns over cash flow emerging as almost as important as appropriation levels, with tuition revenue being a critical part of the University's cash flow efforts. The University continues to reallocate from lower to higher priorities and has accelerated efforts to reduce costs. In November 2009, an Administrative Review and Restructuring Committee was appointed by the Interim President-designate to search for ways to improve service and to lower administrative costs. In early 2010, the University's leadership instituted mid-year spending reductions, enacted mandatory

furlough days for faculty and staff, lowered State staffing levels, and took a number of other unprecedented measures to conserve resources.

In considering tuition recommendations for 2012, the University must confront current fiscal realities while at the same time protecting academic quality and access for students. Critical high-priority expenditures include paying for continuing cost increases, increasing financial aid to ensure access for low-income students, and retaining our most productive faculty and staff. At its January 2011 meeting, the Board approved a resolution whereby tuition changes going forward were to be held flat to inflation. Tuition adjustments based on a rate of inflation are meant to preserve the purchasing power of the University.

Following extensive reviews and recommendations from the Provosts and the Vice Presidents/Chancellors at each campus with the concurrence of the Vice President for Academic Affairs and the Vice President/Chief Financial Officer and Comptroller, the President recommends approval of the following tuition charges adjusted based on inflation. The increase in the guaranteed levels for undergraduate students is as follows: \$359 per semester at the Urbana-Champaign campus; \$315 per semester at the Chicago campus; and \$18.75 per credit hour at the Springfield campus. These tuition increases apply to students who will be enrolling for the first time in the general undergraduate degree programs. These rates for new students will not increase for four years to comply with the tuition guarantee legislation, Public Act 93-0228, legislation which ensures that an incoming student will pay a fixed tuition rate for four years. Thus, continuing undergraduate students will be covered by the guaranteed tuition

policy and will be subject to tuition charges appropriate for their cohort of matriculation. The guaranteed tuition program provides predictability and this recommendation amounts to a one-time change for the incoming freshmen class rate of 6.9 percent, or the equivalent of an annual increase of approximately 2.7 percent. The new tuition rates apply to the cohort of undergraduate students who enter in May of 2011 or after.

Concurrent with the recommended tuition increase, as per Board policy, the University will allocate additional funds to need-based student aid. Currently more than one-half of all University of Illinois undergraduate students receive some form of student aid. In addition to meeting other essential costs, a portion of the revenues from the recommended tuition increase will be allocated to need-based grant aid.

The President also recommends tuition increases for several specific programs at the graduate and professional levels. All tuition recommendations are summarized in the attached table.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois *Statutes*, *The General Rules Concerning University Organization and Procedure*, and Board of Trustees policies and directives.
