OPERATING INCOME		2.9		1.5	(4.5)
NET NONOPERATING		1.9		1.7	2.0
INCREASE IN NET ASSETS	\$	4.8	\$	3.2	\$ (2.5)

Challenges

- Increase volume
- Control expenses
- Respond to self insurance crisis

MEDICAL MALPRACTICE: The College of Medicine @ Chicago and UIMC have borne the brunt of the Cost of Self Insurance

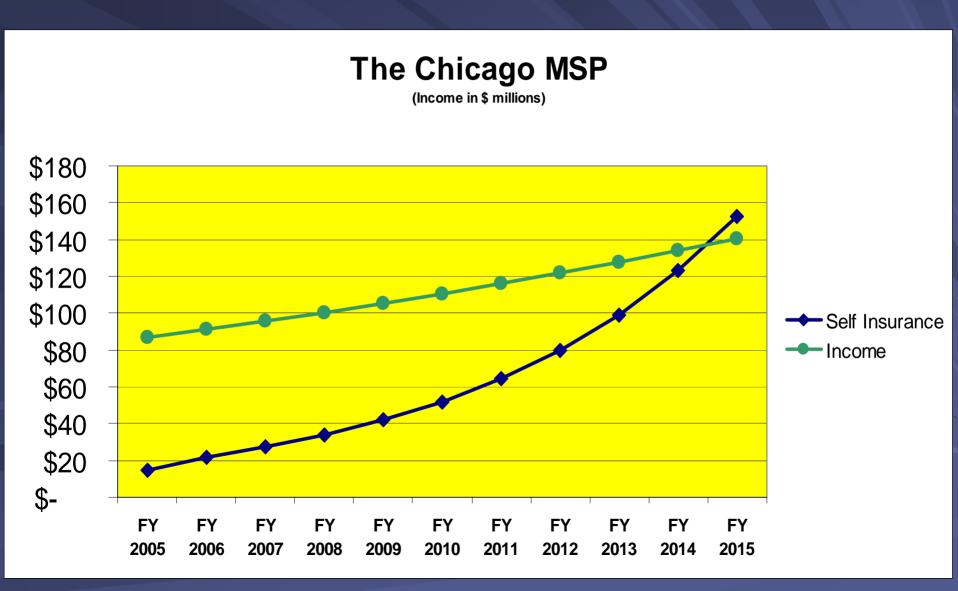

The Growth in the Cost of Self Insurance between FY '04 and FY '06 will exceed the growth from FY '92 to FY '04 (318-325 CFTE's from FY '00 thru FY '05)

Chicago MSP Self Insurance Cost (Data in \$ Millions)

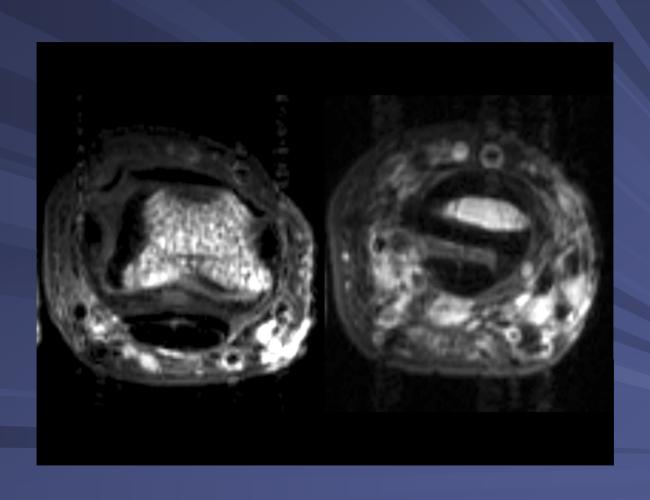

Within the decade the Cost of Self Insurance will exceed the Group's Total Income

UIMC has Reduced Malpractice Risk

- Risk associated with moderate sedation
- Obstructive sleep apnea and elective procedures
- Free flow pumps replaced
- Retained sponge x-ray strategy
- Prophylaxis for venous thrombosis
- Anesthesia pre-surgical evaluation clinic
- 87%(vs 45%) of cases now reported to risk management at time of incident
- Apology with amnesty program being developed
