You have also served on several committees: The Audit, Budget, Finance, and Facilities Committee; the Academic and Student Affairs Committee; and the University Healthcare System Committee. Each has benefitted from your conscientious attention.

At this time, the Board members, joined by President Easter, as well as the University officers, faculty, students and staff of the University, wish to pay tribute to you for your valuable service and extend best wishes to you and your family.

The Board of Trustees directs that this resolution be incorporated into the minutes of today’s meeting, to become a part of the official public record, and that a suitable copy be given to you as a permanent reminder of the esteem in which you are held.

On motion of Mr. Montgomery, seconded by Dr. Koritz, this resolution was approved.

(A list of those recommended has been filed with the secretary of the Board for record.)

(For the record and to provide an annual compilation, in 2012-2013, 135 leaves were taken at Urbana-Champaign; 52 leaves were taken at Chicago; 10 leaves were taken at Springfield; and no leaves were taken by University Administration.)

Award Honorary Degree, Urbana

(4) This item was withdrawn from the agenda.
(5) The Senate at the Chicago campus has nominated the following person for conferral of honorary degree at Commencement exercises in May 2013. The Chancellor, University of Illinois at Chicago, and Vice President, University of Illinois, recommends approval of this nomination.

**Marian Wright Edelman**, Founder and President of the Children’s Defense Fund (CDF), has been an advocate for disadvantaged Americans for her entire professional life. Under her leadership, the CDF has become the nation’s strongest voice for children and families--the honorary degree of Doctor of Humane Letters

The mission of the Children’s Defense Fund is to ensure every child a Healthy Start, a Head Start, a Fair Start, a Safe Start, and a Moral Start in life, and consequently, a successful passage to adulthood, with the help of caring families and communities. Mrs. Edelman, a graduate of Spelman College and Yale Law School, began her career in the mid-60s when, as the first black woman admitted to the Mississippi Bar, she directed the NAACP Legal Defense and Educational Fund Office in Jackson, Mississippi.

In 1968, she moved to Washington, D.C., as counsel for the Poor People’s Campaign that Dr. Martin Luther King, Jr., began before his death. She founded the Washington Research Project, a public interest law firm and the parent body of the CDF. For two years she served as the Director of the Center for Law and Education at Harvard University and in 1973 began the Children’s Defense Fund.

Mrs. Edelman served on the Board of Trustees of Spelman College which she chaired from 1976 to 1987 and was the first woman elected by alumni as a member of the Yale University Corporation on which she served from 1971 to 1977. She has received over one hundred honorary degrees and many awards including the Albert Schweitzer Humanitarian Prize, the Heinz Award, and a MacArthur Foundation Prize Fellowship.

In 2000, she received the Presidential Medal of Freedom, the nation's highest civilian award, and the Robert F. Kennedy Lifetime Achievement Award for her writings which include eight books: *Families in Peril: An Agenda for Social Change; The Measure of Our Success: A Letter to My Children and Yours; Guide My Feet: Meditations and Prayers on Loving*
Marian Wright Edelman’s achievements complement the Chicago campus’ urban mission and our focus on academic excellence, access, and success.

Rename the Bachelor of Music in Music History, College of Fine and Applied Arts, Urbana

(6) The Chancellor, University of Illinois at Urbana-Champaign, and Vice President, University of Illinois with the advice of the Urbana-Champaign Senate recommends approval of a proposal from the College of Fine and Applied Arts to rename the Bachelor of Music in Music History as the Bachelor of Music in Musicology.

The change in the name of the major reflects the current merger of historical and ethnomusicological approaches that has always been a signature feature of the program. It also reflects the 21st century view of musicology; specifically the dissolution of a sense of an implicit intradisciplinary boundary between historical
musicology and ethnomusicology, and the study of non-Western music and the history of Western music. The field is moving away from this timeworn, constrictive periodization of our curriculum into specific historical eras which better reflect the philosophy and expertise of our current faculty. The change also more accurately represents the interdisciplinary education of transnational scope available to students who choose this degree.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois Statutes, The General Rules Concerning University Organization and Procedure, and Board of Trustees policies and directives.

The Vice President for Academic Affairs concurs with this recommendation. The University Senates Conference has indicated that no further Senate jurisdiction is involved.

The President of the University recommends approval. This action is subject to further review and approval by the Illinois Board of Higher Education.

On motion of Mr. Montgomery, seconded by Dr. Koritz, this recommendation was approved.

Establish the Grainger Center for Electric Machinery and Electromechanics, College of Engineering, Urbana

The Chancellor, University of Illinois at Urbana-Champaign, and Vice President, University of Illinois with the advice of the Urbana-Champaign Senate
recommends approval of a proposal from the College of Engineering to establish the
Grainger Center for Electric Machinery and Electromechanics.

The Grainger Center for Electric Machinery and Electromechanics (CEME) was formed in September 1999, in the Department of Electrical and Computer Engineering with funding from the Grainger Foundation, to establish a position of leadership at the University of Illinois among university programs in the field of electric machinery and electromechanics; to nurture a new generation of engineers for contributions to rotating electric machines and electromechanics; to advance the technologies of electric machines and electromechanical devices; to conduct research that promotes the understanding of rotating machinery and involves students in experiences that enhance their knowledge; and to establish a network of collaborating universities and industries in the field.

Over the past thirteen years, the CEME has taken on a fourfold mission: education, research, economic development, and public service. The Center’s primary contribution is in the field of energy, including long-term fundamental advances in electric machinery, transportation and vehicles, energy resources, and energy efficiency and reliability. CEME-supported education and research encourages economic development in Illinois directly through its graduates employed across Illinois and indirectly through its published research. CEME instructional development occurs through classroom lectures; laboratory classes; laboratory research carried out by undergraduates, graduate students, post-docs, and visiting scholars; and student and faculty publications and presentations at conferences and University seminars. The
CEME nurtures large student team projects including the Solar Decathlon, the Future Energy Challenge, and the Formula Hybrid Team. These mostly undergraduate team projects are supported by faculty across multiple University departments and supervised by CEME graduate students. The Solar Decathlon houses are open to the public, first in Washington, D.C., and then in Illinois, to encourage energy-efficient design for residential applications.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois Statutes, The General Rules Concerning University Organization and Procedure, and Board of Trustees policies and directives.

The Vice President for Academic Affairs concurs with this recommendation. The University Senates Conference has indicated that no further Senate jurisdiction is involved.

The President of the University recommends approval. This action is subject to further review and approval by the Illinois Board of Higher Education.

On motion of Mr. Montgomery, seconded by Dr. Koritz, this recommendation was approved.

Establish the Center for a Sustainable Environment,
Office of the Chancellor, Urbana

(8) The Chancellor, University of Illinois at Urbana-Champaign, and Vice President, University of Illinois with the advice of the Urbana-Champaign Senate
recommends approval of a proposal to establish the Center for a Sustainable Environment (CSE).

The Center for a Sustainable Environment’s mission has two interdependent directives: to provide national and international leadership on sustainability by providing support for interdisciplinary education, research, and engagement; and to develop and implement strategies for a sustainable campus environment. The Urbana-Champaign campus has an explicit goal of sustainability; the CSE will work to integrate, facilitate, and foster efforts of faculty, students, and staff in this area.

Campus-wide strengths are exhibited through disciplinary expertise, interdisciplinary collaborations, influential external partners, practical demonstrations, local-global connections, and a spirit of enthusiasm that recognizes connections between sustainability, environment, and human well-being. The CSE will take advantage of these strengths by positioning itself in roles of facilitating, coordinating, and organizing campus resources to capture and amplify the campus-wide strengths on sustainability.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois Statutes, The General Rules Concerning University Organization and Procedure, and Board of Trustees policies and directives.

The Vice President for Academic Affairs concurs with this recommendation. The University Senates Conference has indicated that no further Senate jurisdiction is involved.

Establish the TIAA-CREF Center for Farmland Research, Department of Agricultural and Consumer Economics, College of Agricultural, Consumer and Environmental Sciences, Urbana

The Chancellor, University of Illinois at Urbana-Champaign, and Vice President, University of Illinois with the advice of the Urbana-Champaign Senate recommends approval of a proposal from the Department of Agricultural and Consumer Economics in the College of Agricultural, Consumer and Environmental Sciences to establish the TIAA-CREF Center for Farmland Research.

The Center will undertake a set of research and outreach activities related to agricultural asset valuation and financial performance with emphases on farmland markets, factors influencing farmland values, taxation and use policy, farmland rental arrangements, commodity price relationships to income and valuation, impacts of non-farm activities, and other items related to an understanding of farmland and related asset values.

The Department of Agricultural and Consumer Economics (ACE) has long been an international leader in farm-level research related to farmland valuation, leasing, and investment performance. This Center is consistent with the land-grant mission and is vital in supporting activities related to the development of understanding of issues related
to farmland valuation and policies impacting farmland, the single largest asset on the agricultural balance sheet. The formation of the Center will foster a coordination of research in the area and provide a much larger platform from which to continue and expand this leadership.

TIAA-CREF has agreed in principle to provide $5.0 million in support over a three-year period. Earnings on the TIAA-CREF support will be the major source of funding. Additionally, support for research projects will be actively sought from private and competitive funding sources. The Center will be self-supporting after the three-year accumulation phase.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois Statutes, The General Rules Concerning University Organization and Procedure, and Board of Trustees policies and directives.

The Vice President for Academic Affairs concurs with this recommendation. The University Senates Conference has indicated that no further Senate jurisdiction is involved.

Designate The M. Christine Schwartz Experiential Learning Laboratory, The M. Christine Schwartz Lobby, and The M. Christine Schwartz Research Seminar Rooms in the College of Nursing, Chicago

The Chancellor, University of Illinois at Chicago, and Vice President, University of Illinois has recommended the naming of specific areas of the College of Nursing, located at 845 South Damen Avenue, as The M. Christine Schwartz Experiential Learning Laboratory, The M. Christine Schwartz Lobby, and The M. Christine Schwartz Research Seminar Rooms in recognition of a $2,212,000 gift from M. Christine Schwartz and the T & C Schwartz Family Foundation.

The donor’s gift will be used to improve the physical environment of the College of Nursing building, built in 1969, in order to enhance the educational climate and safety of students, faculty, staff, alumni, and guests. The gift will fund the construction, design, permitting of and/or equipment and furniture related to the escalator removal, and renovation project at the College of Nursing.

The escalators have been nonfunctional for the last fifteen years and were enclosed to ensure safety for the building occupants. The escalators affect four floors from the lower level to the third floor and the removal of the escalators will create approximately 2,500 square feet of usable space. The scope of work includes:

- Removal of the escalator on the lower level, first, second, and third floors.

- The space on the lower level (M. Christine Schwartz Experiential Learning Laboratory) will be renovated to build two high fidelity simulation rooms that will be used to create clinical scenarios for the development of clinical decision-making and experiential learning.
• The freed space in the lobby (M. Christine Schwartz Lobby) will mirror the recently renovated other half of the lobby to provide additional communal and work space for students including electrical access for computers.

• The second floor will provide two research meeting rooms for students, fellows, and faculty. This space (M. Christine Schwartz Research Seminar Rooms) will also be offered to students as space for individual study and team work.

• Enhanced storage space will be created on the third floor for equipment used in the event center.

• Renovation of the first floor men’s and women’s bathrooms.

• Improvement of the S1 and S2 stairwells.

  Mrs. M. Christine Schwartz is co-founder and principal of TCS Group, L.L.C. in Chicago, a private investment and service firm, and director of the T & C Schwartz Family Foundation. She is a member of the UIC College of Nursing Executive Advisory Board. Mrs. Schwartz holds a BSN from the UIC College of Nursing; an M.S. in Health Education from the University of Illinois at Champaign-Urbana; and an M.S. from the School of Nursing and Health Studies at Northern Illinois University. She is also a member of the Board of Trustees of the University of Miami, serving on the Master Planning & Construction Committee and the Visiting Committee for the School of Nursing and Health Studies.

  The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois Statutes, The General Rules Concerning University Organization and Procedure, and Board of Trustees policies and directives.
The President of the University concurs.

Approve Student Health Insurance Rates for Urbana and Springfield Campuses, Academic Year 2013-14

(13) The Chancellors/Vice Presidents at Urbana-Champaign and Springfield recommend approval of student health insurance rates for Academic Year 2013-14. The student health insurance rate, combined with the student health service fee, fund health care programs tailored to meet the needs of the students at the campuses. The campuses consult with student advisory groups on health program coverage and the resulting rate. Students may choose not to participate in the student health insurance program by providing evidence of comparable insurance coverage from other sources. Attached is a summary of the student health program coverage.

On March 21, 2012, the U.S. Department of Health and Human Services published final rules related to the applicability of the Affordable Care Act (ACA) to student health insurance plans, allowing a three-year phased-in approach for commercially insured health insurance programs. Beginning fall 2013, plans may not have lifetime limits on essential health benefits and annual limits increase to $500,000. The Urbana-Champaign and Springfield campuses have taken steps to obtain competitive pricing and coverage meeting ACA requirements by re-bidding the student health insurance contracts.
For the Urbana-Champaign campus the Fall Semester 2013 plan will be ACA-compliant necessitating a 16 21 percent increase for undergraduate students and a 6 12 percent increase for graduate students. For the Springfield campus the Fall Semester 2013 plan will be ACA-compliant necessitating an 18 percent increase for undergraduate and graduate students.

The recommended student health insurance rates are as follows:

Rates may vary for the summer session. Students needing coverage for their spouse and dependents voluntarily pay a separate charge.

The selection of the insurance carriers and final rates are subject to approval by the State Procurement Officer, the Chief Procurement Officer for Higher Education, and the Procurement Policy Board.

The Board action recommended in this item complies in all material respects with applicable State and Federal laws, University of Illinois Statutes, *The General Rules Concerning University Organization and Procedure*, and Board of Trustees policies and directives.

The Vice President/Chief Financial Officer and Comptroller concurs in these recommendations.
The President of the University recommends approval.

On motion of Mr. Montgomery, seconded by Dr. Koritz, this recommendation was approved.

By consensus, the Board agreed that one roll call vote would be taken and considered the vote on agenda item nos. 14 through 17 inclusive as listed below. The recommendations were individually discussed but acted upon at one time.

Delegate Authority to the Vice President/CFO and Comptroller to Refund Auxiliary Facilities System Revenue Bonds

(14) Since 1985, the Board has issued several series of Auxiliary Facilities System Revenue Bonds at varying interest rate levels. In the present interest rate environment, several of these issues can be refunded, in whole or in part, and produce a debt service savings. Such issues include, but are not limited to, the Series 2003A Bonds, Series 2005A Bonds, and the Series 2006 Bonds (all currently outstanding Auxiliary Facilities System Revenue Bonds being referred to as the “Outstanding Bonds”). By this action, the Board is authorizing the issuance of one or more series of Auxiliary Facilities System Refunding Revenue Bonds (the “Bonds”) to capture the refunding savings that are available. The principal amount of the Bonds to be issued to accomplish the refunding and the level of savings to be derived therefrom will depend upon market conditions at the time of sale. The principal amount of the Bonds issued could range from $100,000,000 up to $200,000,000 and the present value savings could range from $3,000,000 up to $9,000,000.
The decision as to the timing and size of the refunding issue (or issues) will rest with the Vice President/CFO and Comptroller (the “Comptroller”) and will be based upon the trade-off between available refunding savings versus the reasonable expectation of additional refunding savings arising from further market improvement. In no event will the aggregate principal amount of the refunding issue (or issues) exceed $225,000,000 nor will the final maturity of such issue (or issues) exceed 30 years from the respective dates of issue thereof. The refunding issue (or issues) hereby authorized may be issued in combination with Auxiliary Facilities System Revenue Bonds for new projects, to be approved at a subsequent meeting of the Board, if such combination is in the best financial interest of the Board, as determined by the Comptroller.

The intention is to issue the Bonds this spring or summer to realize and optimize a refunding savings benefit for the Auxiliary Facilities System of the University (the “System”). In any event, this authorization will be effective for one year from the date hereof and may be renewed at a subsequent meeting of the Board.

The Bonds will be sold via (i) a public competitive bidding process to the bidder or syndicate submitting the offer to purchase one or more series of the Bonds determined by the Comptroller to be in the best financial interest of the Board or (ii) a negotiated sale to the underwriter or underwriters appointed as described below, all as determined by the Comptroller at the time of sale of each issue. Depending on market conditions, certain issues of Bonds authorized hereby may be sold competitively, while others may be sold on a negotiated basis.
Following a prior Request for Proposal (the “RFP”) selection process, seventeen firms were approved to serve as senior managing underwriter for University debt offerings. Any one or a combination of these firms will be selected by the Comptroller to serve as senior manager or co-manager on a negotiated sale of these refunding issues. Other co-managing underwriters, previously approved by the same RFP process for such a role, will be assigned to the Bond financing on an issue-by-issue basis.

The Bonds will be issued as fixed-rate bonds. The Bonds will be fully registered and will be special, limited obligations of the Board, payable only from and secured by the net revenues of the System, student tuition and fees (subject to prior payment of operating and maintenance expenses of the System, but only to the extent necessary), and the Bond and Interest Sinking Fund Account.

Accordingly, in order to proceed with the preparation, sale and issuance of the Bonds, the Comptroller recommends that the Board approve the following actions:

1. Authorization of the sale and issuance of up to $225,000,000 of the Bonds.

2. Approval of the forms of the Official Notice of Sale and Bid Form (the “Notice of Sale”) in substantially the same form as the Board’s Notice of Sale dated December 5, 2011, and of the Preliminary Official Statement in substantially the same form as the Board’s Preliminary Official Statement dated December 5, 2011, and approval of the final Official Statement in substantially the same form as the Board’s Official Statement dated December 13, 2011, each updated to include current disclosure information respecting the University and its financial condition and the terms of the Bonds.

3. Approval of the form of the Bond Purchase Agreement, in substantially the same form as the Bond Purchase Agreement entered
into by the Board on June 24, 2011, to be used in connection with a sale of a series of the Bonds; whether sold competitively or on a negotiated basis, the Bonds of each series (i) shall be sold to the purchasers thereof at a price, exclusive of net original issue discount or premium, not less than 98 percent of the par amount thereof, (ii) shall have a true interest cost of the Bonds of any series not to exceed 5.75 percent, (iii) shall have coupon interest rates not to exceed 6.00 percent and (iv) shall provide a minimum net present value savings of 3 percent of the principal amount of the outstanding bonds being refunded. Any agreement entered into with the purchasers of Bonds sold competitively shall have terms and conditions no less favorable to the Board than those contained in the form of Bond Purchase Agreement.

4. Delegate to the Comptroller the authority to (i) determine the particular Outstanding Bonds to be refunded with proceeds of the Bonds, (ii) direct the publication of the Notice of Sale in such locations as shall be determined by the Comptroller to provide a competitive sale of Bonds on terms most favorable to the Board, (iii) determine the method of sale of any series, competitive or negotiated, (iv) approve the firm(s) from the pool qualified under the RFP to serve as senior managing underwriter and (v) appoint co-managers and selling group members from the pool qualified under the RFP to assist in the marketing of the Bonds.

5. Delegate to the Comptroller the authority to determine the principal amount, final terms, and terms of the sale of the Bonds within the limits expressed in this Board action.

6. Approval of the Nineteenth Supplemental System Revenue Bond Resolution in substantially the same form as the Eighteenth Supplemental System Revenue Bond Resolution approved by the Board on December 2, 2011, to be used in connection with the initial sale of the Bonds authorized hereby. Additional series of Bonds issued pursuant to the authorization contained herein shall be issued under Supplemental System Revenue Bond Resolutions substantially similar to the Nineteenth Supplemental System Revenue Bond Resolution.

7. Approval of the Escrow Agreement, in substantially the same form as the Escrow Agreement entered into by the Board on January 12, 2012, for the deposit of proceeds of any series of the Bonds and such other
funds of the Board as shall be deemed necessary by the Comptroller to provide for the refunding of the Outstanding Bonds.

8. Approval of the form of Continuing Disclosure Agreement, in substantially the same form as the Continuing Disclosure Agreement entered into by the Board on January 12, 2012, with respect to the Bonds to be executed and delivered in connection with the sale of each series of the Bonds.

9. Ratification and confirmation of all actions taken or to be taken by the officers and members of the Board in connection with the sale and delivery of the Bonds to the initial purchaser.

10. That the Comptroller and other authorized officers of the Board be and they are hereby authorized and empowered to do and perform such other acts and things; and to make, execute, and deliver all such other instruments and documents on behalf of the Board as may be by them deemed necessary or appropriate in connection with the provisions of the Notice of Sale, the Official Statement, the Nineteenth Supplemental System Revenue Bond Resolution, the Bond Purchase Agreement, the Escrow Agreement and the Continuing Disclosure Agreement, including a Tax Exemption Certificate and Agreement in form satisfactory to Bond Counsel, University Counsel and the Board’s Special Issuer’s Counsel, and all acts and things whether heretofore or hereafter done or performed by any of the officers of the Board which are in conformity with the intents and purposes of these resolutions shall be and the same are hereby in all respects, ratified, confirmed, and approved.

13. Retain Freeborn & Peters LLP, to serve as special issuer’s counsel.

15. Retain Grant Thornton LLP, to serve as verification agent, to the extent required.

16. Delegate to the Comptroller the authority to negotiate for credit enhancement, as needed and deemed economically beneficial following consultation with the financial advisor.

17. Take actions to pursue and obtain a credit rating or ratings on the Bonds.

Certain legal matters incidental to the authorization and issuance of the Bonds, the forms of the Preliminary and final Official Statements, the Nineteenth Supplemental System Revenue Bond Resolution, the Bond Purchase Agreement, Notice of Sale, Escrow Agreement, and the Continuing Disclosure Agreement will be approved by Chapman and Cutler LLP, Chicago, Illinois, Bond Counsel, and Freeborn & Peters LLP, Chicago, Illinois, Special Issuer’s Counsel.

University Counsel concurs with the above recommended financing team, prescribed documentation and delegation of authority.

The Comptroller shall report to the Board upon completion of the transaction.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois Statutes, The General Rules Concerning University Organization and Procedure, and Board of Trustees policies and directives.

Funding will be available from the proceeds of the Bonds.
