Changes in Health Care Focus

(Berryman et al 2013; Bonham et al. 2010)
However, as Health Care Changes, we need to maintain the principles of excellence in medical education

• Effective Medical education must be done within the university. *Abraham Flexner*

• Medicine is an Art Based on Science. *William Osler*

• *Caring for the patient is caring about the patient.* *Francis Weld Peabody*
Develop the knowledge and skills to foster deep, understanding, empowering relationships between future doctors and their patients.
Committee goals in reviewing proposals and offering advice

• Encourage positive change while maintaining principles
• Preserve distinctiveness of campuses and their pursuit of excellence
• Never curtail academic progress
• Ensure best clinical practices
• Greater good for the University of Illinois
Thanks!
