On May 21, 2009, the Board approved the Stanley O. Ikenberry Commons – Residence Hall No. 2, Phase E, and Forbes Hall Demolition, Phase G with a budget of $78.1 million. This new LEED Silver building would offer approximately 450 suites or semi-suites configured rooms. In addition to student living spaces, floor lounges, public meeting spaces, professional staff apartments, laundry, mailroom facilities with appropriate storage, and staff offices would also be provided. Once the new Residence Hall No. 2 is complete, Forbes Hall will be demolished which will allow for continued development of Stanley O. Ikenberry Commons. The $78.1 million proposed project will provide approximately 180,000 gross square feet ($296 construction cost per gross square foot) of residence hall.
In order for the project to proceed, it is necessary to employ an architect/engineer for the required professional services. The selection of the architect/engineer for this project was in accordance with the requirements and provisions of Public Act 87-673 (Architectural, Engineering and Land Surveying Qualifications-Based Selection Act).¹

Accordingly, the Chancellor at Urbana with the concurrence of the appropriate administrative officers recommends that FGM Architects of Oak Brook, IL, be employed for the professional services required for the construction documents, bidding, and construction administration phases of the project.
