

Board Meeting  
September 7, 2006

REDESIGNATE REMOTE LIBRARY STORAGE FACILITY AS OAK STREET  
LIBRARY FACILITY, UNIVERSITY LIBRARY, URBANA

**Action:** Approve the Redesignation of the Remote Library Storage Facility as Oak Street Library Facility, University Library, Urbana

**Funding:** No Funding Required

The Chancellor at Urbana recommends for approval a proposal from the University Library to redesignate the Remote Library Storage Facility as Oak Street Library Facility.

The current name "Remote Library Storage Facility" does not accurately represent the operations, access, and service functions the facility provides for the university library systems' faculty, staff, students, and community patrons. The original design of the facility incorporated the first of four high density shelving vaults, operations space for receiving, processing, and retrieving collection material entering/exiting the vault, and shell space on the second floor for future Conservation Laboratory build out, which the Library has successfully completed and occupied. The facility's location and function demonstrates the importance of renaming the facility to accurately portray its relationship to the overall Library's mission of access and services.

The board action recommended in this item complies in all material respects with applicable State and Federal laws, University of Illinois *Statutes*, *The*

*General Rules Concerning University Organization and Procedure*, and Board of Trustees policies and directives.

The President of the University concurs.
