

Report on FY2017 Group Purchasing Contracts

Background

The University of Illinois is a member of several professional affiliations that have formed purchasing consortiums or buying cooperatives to serve its members. These consortiums or buying cooperatives seek to leverage the collective purchasing powers of its members to provide competitive pricing and terms to its members. In its General Rules, the Board of Trustees has long recognized the benefit of utilizing these contracts by specifically exempting the following types of purchases from individual Board approval above the Board limit: procurement of generic commodities on joint bids with other State institutions and group procurement contracts deemed to offer economic benefit to the University.

Legal Authority for Group Purchases

The Illinois Procurement Code and Governmental Joint Purchasing Act acknowledge two types of group purchases: governmental joint purchases and non-governmental joint purchases. Under governmental joint purchasing, State and other governmental units may agree to use each others' procurement contracts without additional competitive bidding or reporting requirements. For non-governmental joint purchases, the Illinois Procurement Code provides the Chief Procurement Officer (CPO) for Higher Education with the authority to establish rules for these purchases. The CPO adopted the rules for non-governmental joint purchases in August, 2012. The University has worked effectively with the CPO to establish procedures for the approval of non-governmental joint purchases, most notably for medical and hospital purchases. It is these non-governmental joint purchases which are the subject of this report.

Types of Purchasing Consortium and Buying Cooperatives

Among the purchasing consortium and buying cooperatives that the University utilizes most frequently are:

- Illinois Public Higher Education Cooperative (IPHEC) – IPHEC is a purchasing consortium of the 13 Illinois public university campuses that exists to save the affiliated universities money by engaging in group purchasing activities that leverage the combined product/services volumes of the universities to provide best pricing and to better utilize limited human resources of the universities by not replicating procurement staffing for all products/services across every university
- Vizient, Inc., formerly known as University Healthsystem Consortium (UHC)/Novations is an alliance of 116 academic medical centers and 283 of their affiliated hospitals across the United States. Its Group Purchasing Program is designed to provide a comprehensive package of contracts options in health care based on best pricing.

- Big Ten Academic Alliance (BTAA) – BTAA is a consortium of the Big Ten universities plus the University of Chicago. Its Purchasing Consortium is focused on delivering cost savings across campuses through strategic sourcing initiatives.
- Midwest Higher Education Compact (MHEC) – MHEC is one of four statutorily-created interstate compacts designed to provide greater higher education opportunities and services in the Midwestern region. MHEC has developed group purchasing aggregation programs that reduce cost and bring value-added benefits to institutions. The compact statute creating MHEC makes MHEC an instrument of state government of each of its member states and thus give MHEC broad contracting authority to help carry out its mission.
- Educational and Institutional Cooperative Service (E&I): E&I is a member-owned, not-for-profit sourcing cooperative delivering expertise, solutions, and services to the educational community and related institutions. They leverage the knowledge and expertise of nearly 4,000 institutional members to deliver a robust and proven solicitation program that connects members with best-in-class competitively awarded contracts, electronic procurement platforms and expert consulting services to help them optimize their supply chain, reduce costs, and drive operational efficiency.

FY2017 University Group Purchases

During FY2017, the University made group purchases totaling \$158,511,426. The table below lists FY2017 group purchases by major consortium.

FY2017 Group Purchases by Major Purchasing Consortium

<u>Purchasing Consortium</u>	<u>FY2017 Expenditures</u>
VIZIENT	\$ 52,877,390
IPHEC	\$ 51,498,783
BTAA	\$ 19,251,718
MHEC	\$ 18,267,582
E&I	\$ 16,615,953
Total Expenditures	\$ 158,511,426

The next table shows FY2017 group purchases by university.

FY2017 Group Purchases by Campus

<u>University</u>	<u>FY2017 Expenditures</u>
UIC	\$ 93,279,458
UIUC	\$ 59,449,647
UA	\$ 4,278,600
UIS	\$ 1,503,721
Total Expenditures	\$ 158,511,426

The high volume of group purchases at UIC is due to over \$50.4 million of expenditures with Vizient for the University Hospital. This volume demonstrates the economic benefit of leveraging the combined purchasing power of academic medical centers to drive down pricing and achieve favorable contractual terms and conditions. Leveraging spend and using group purchasing contracts is considered a best practice in both the public and private sectors. Without these types of group purchases, the University of Illinois would not be able to meet the needs of its departments, schools and colleges in a timely manner or achieve the same level of savings as achieved by leveraging purchasing power across a broader base.

Appendix A provides a complete listing of FY2017 group purchases by campus, purchasing consortium and vendor.

Appendix A
FY2017 Group Purchases by University and Major Purchasing Consortium

UNIVERSITY	PURCHASING CONSORTIUM	VENDOR	PURCHASE DESCRIPTION	FY17 EXPENDITURES
