UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1959-60

(Approved by the Board of Trustees July 27, 1959, page 560)

EXPLANATORY NOTES

This budget consists of three volumes:

- I. Summaries of all divisions; Urbana-Champaign divisions and general University administration — academic and administrative salaries, wages, expense, and equipment.
- II. Chicago Professional Colleges (including Division of Services for Crippled Children), and Chicago Undergraduate Division — academic and administrative salaries, wages, expense, and equipment.
- III. Nonacademic salaries, all divisions.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1959.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries" and "Wages, Expense, and Equipment." Transfers may be made between "Salaries" and "Wages, Expense, and Equipment" upon approval of the Vice-President and Provost, except that transfers between salaries and wages may be made by the Vice-President and Comptroller to the extent of the full-time equivalence of the salary positions. All requests for transfers should be submitted through the Vice-President and Comptroller, with the reason for the transfer. Nonrecurring unassigned items may be assigned to departments for equipment or minor remodeling projects merely upon notice to the Accounting Division, except that any assignment of more than \$1,000 must first be approved by the Vice-President and Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1959. All balances and overdrafts in regular appropriations will be carried forward to 1960-61 unless otherwise notified by the Business Office.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds and restricted budgets are on an estimated basis. Appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

Explanatory Notes on the Salary Budget

1. The services required for members of the academic and administrative staff are in accordance with Section 37 of the University of Illinois Statutes and Section 26 of the General Rules Concerning University Organization and Procedure.

a. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

b. For positions or portion of positions not indicated as "Y," services are required only during the academic year of two semesters (three terms in Chicago Professional Colleges). Summer session teaching, if required, will be covered by an additional appointment with salary.

2. Services of the nonacademic staff are in accordance with Civil Service regulations.

HEADSHIP OF DEPARTMENT OF SOCIOLOGY

(2) The Dean of the College of Liberal Arts and Sciences recommended the appointment of Dr. Louis Schneider, presently Professor of Sociology at Purdue University, as Professor of Sociology on indefinite tenure and as Head of the Department beginning March 1, 1960, at an annual salary rate of \$15,000 on "A" basis. Dr. Schneider is presently on leave of absence from Purdue, having accepted an appointment as Visiting Professor of Sociology at Dartmouth College for the academic year 1959-60, but Dartmouth is willing to release him from this assignment at the end of its second quarter in March. Professor Schneider was unanimously recommended for this appointment by a special search committee which conducted an exhaustive study of the qualifications of a long list of candidates over a period of several months. Members of the Department of professorial rank were subsequently consulted as required by the University Statutes. The Vice-President and Provost and the Dean of the Graduate College join in the recommendation of this appointment.

The Department of Sociology has voted in favor of a change in departmental organization from the present organization under a chairman to a department organized with a head. The Dean of the College of Liberal Arts and Sciences recommends this change effective as of March 1, 1960, and that Professor J. E. Hulett be reappointed Chairman for the period September 1, 1959, to March 1, 1960. Professor Hulett, who has served as Chairman since 1953, asked to be relieved of the chairmanship at the end of the academic year 1958-59, but he is willing to continue serving as Chairman for the interim period indicated. He will be on sabbatical leave during the second semester.

I have approved the appointment of Professor Schneider and request confirmation of my action. I also concur in the recommendation for the change in departmental organization.

On motion of Mr. Swain, this appointment was approved.

LEAVES OF ABSENCE FOR PROFESSORS ROBERT A. HEDGES AND DONALD R. HODGMAN

(6) Associate Professors Robert A. Hedges, Department of Finance, and Donald R. Hodgman, Department of Economics, have received fellowship appointments under a grant from the Ford Foundation for study at the Institute of Basic Mathematics for Application to Business at Harvard University during the academic year 1959-60 and the summer of 1960. The Ford Foundation fellowship stipend is equivalent to one-half the University salary for the academic year plus a stipend for the summer of 1960.

To enable them to carry out this program of study, which will be of benefit to the College of Commerce and Business Administration as well as to them, their University status has been changed to one-half time on one-half salary, and each has been given leave of absence on one-half time without pay.

Confirmation of these changes is requested.

On motion of Mr. Clement, these leaves were confirmed.

PRESIDENT'S TRAVEL TO INDIA

(7) I request permission to travel to India and Southeast Asia between the dates of December 26, 1959, and February 22, 1960, for an official visit to the points of University of Illinois activity in India and to make certain observations in this general area at the request of the Ford Foundation. The visit to the University of Illinois centers of activity in India will be under the auspices of the International Cooperation Administration of the federal government. There will be no travel expense to the University of Illinois.

From comments of the American Ambassador to India, the head of the Technical Cooperation Mission to India, the head of the International Cooperation Administration of the federal government, and from many visitors to India, both from the University of Illinois staff and other centers, it is clear that the work of the University of Illinois in India is of great importance. The sponsorship of a land-grant state university in Uttar Pradesh state, the consultative service provided to the institutions in the states of Uttar Pradesh and Madhya Pradesh, the training of participants for service in India and the assignment of American personnel to the institutions in this area, and the contract services to the Indian Institute of Technology at Kharagpur represent a major responsibility of the University of Illinois. These activities are all supported financially by the federal government.

The responsible officials of the federal government believe it is important for the Presidents of the institutions concerned to make first-hand observations of the problems faced by our staff, and to measure the progress being made. The

Ford Foundation has also emphasized the importance of our having first-hand knowledge of current economic, social, and political developments, as well as developments in the field of education, in the area of Southeast Asia as well as in India.

On the basis of these recommendations, I have made plans for the trip as indicated and request the approval of the Board of Trustees.

On motion of Mr. Johnston, the request of the President was approved.

Interior painting and wall washing..... 12 404 74

and that funds for the first item be assigned from the General Reserve Fund and the other two from balances in the Physical Plant Storeroom operations.

I concur, and also request approval of the following assignment from the General Reserve Fund which I authorized as an emergency action in order that the work could be completed during the summer:

Remodeling to provide a needed laboratory room at the Chicago Undergraduate Division\$ 5 900 00

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

APPROPRIATION FOR IMPROVEMENTS IN THE ICE RINK

(10) On July 29, 1958, the Board of Trustees approved recommendations of the Safety and Fire Prevention Committee for certain improvements in the Ice Rink, including replacement of the ammonia compressors and auxiliary equipment, and authorized the Athletic Association to make the improvements with the understanding that the University would reimburse the Association for the costs.

The project has been completed at a total cost of \$80,777.08.

I recommend an appropriation of this amount from the General Reserve Fund to reimburse the Athletic Association.

On motion of Mrs. Watkins, this appropriation was made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

ACQUISITION AND SALE OF FARM LANDS IN LA SALLE COUNTY

(11) In 1955, Miss Laura M. Weber of LaGrange Park, Illinois, gave the University 640 acres of farm lands in La Salle County which are now designated by the University as Weber Farms No. 1 and No. 2, totaling 400 acres in Hope Township; Weber Farm No. 3, 80 acres in Richland Township about six miles from Farm No. 1; and Weber Farm No. 4, 160 acres in Waltham Township.

Two 80-acre parcels of land in an estate adjoining Farm No. 1 came on the market this summer and their availability was reported to the Board of Trustees on July 21. The Board authorized the purchase of one of these 80-acre tracts which were being sold at auction and the sale of Farm No. 3. Representatives of the College of Agriculture, the Chairman of the Board of Trustees Committee on Agriculture, and the Vice-President and Comptroller subsequently examined the two parcels of land and decided that the following described tract was the more desirable for purchase by the University:

East Half of the Southwest Quarter of Section 10 in Township 31 North, Range 1 East of the 3rd P.M., Hope Township, La Salle County, Illinois, being eighty (80) acres more or less.

The auction was held on July 30, 1959, and the above described tract was bid in by the University at a price of \$536 an acre, or a total of \$42,880. As required by the terms of the sale, 20 per cent of the purchase price, or \$8,576, was paid on the date of the sale and the Comptroller signed a contract with the Executor of the Estate agreeing to pay the balance of the purchase price upon delivery of a merchantable warranty deed and abstract of title. Funds for this land acquisition will be provided from the Endowment Pool Account pursuant to previous authorization by the Board. The necessary steps to dispose of Farm No. 3 in Richland

Township will be taken and sealed bids will be invited by advertisement and submitted to the Board for approval. When this farm is sold the proceeds will go into the Endowment Pool Account.

Confirmation of the actions of the Comptroller in making the down payment and signing a contract for the balance is requested. I also recommend that he be authorized to proceed with the sale of the Farm No. 3.

On motion of Mr. Hughes, these actions were confirmed, and authority for the sale of Farm No. 3 was given by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

The Board expressed its appreciation to Mr. Hughes for his services, as Chairman of the Committee on Agriculture, in this matter.

CONTRACT FOR EXTENSION OF COMMUNICATION SYSTEM IN THE RESEARCH AND EDUCATIONAL HOSPITALS ADDITION

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$2,973 to the Hyre Electric Company, Chicago, Illinois, the lowest bidder, for extension of the nurses' call system in the Research and Educational Hospitals addition. The work will consist of extension of the present call system to areas not now served.

Funds are available in an appropriation made by the Board of Trustees for remodeling at the Chicago Professional Colleges.

I concur.

On motion of Mr. Harewood, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR AIR CONDITIONING IN DENTISTRY-MEDICINE-PHARMACY BUILDING

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$2,600 to the Air Comfort Corporation, Chicago, Illinois, the lowest bidder, for installation of air-conditioning equipment in Room 78 in the first unit of the Dentistry-Medicine-Pharmacy Building. This room has no outside ventilation of any kind.

Funds are available in the Physical Plant Department budget to cover the cost of this work.

I concur.

On motion of Mr. Hughes, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR ROOF REPAIRS ON THE EAST DENTISTRY-MEDICINE-PHARMACY BUILDING

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$3,200 to Esko and Young, Inc., Chicago, Illinois, the lowest bidder, for roof repairs on the East Dentistry-Medicine-Pharmacy Building. This work is a part of a maintenance program.

Funds are available in the Physical Plant Department budget.

I concur.

On motion of Mr. Johnston, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

APPROPRIATION AND CONTRACTS FOR REMODELING OF BOILER PLANT IN HORTICULTURE FIELD LABORATORY

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for remodeling of the boiler plant in the Horticulture Field Laboratory, the award in each case being to the lowest bidder:

Heating—Ideal Heating Company, Chicago.....\$39 333 00
Electrical work—Brunkow Electric Company, Champaign..... 1 100 00

The total cost of this remodeling project, including the above contracts, work to be done by the Physical Plant Department, and other expenditures, will be \$49,000, which is in line with the engineering estimates.

I recommend that an appropriation of \$49,000 be made from the General Reserve Fund for this necessary remodeling and that the contracts be awarded.

There is submitted herewith a supporting report from the Physical Plant Department including the schedule of all bids received and a copy is being filed with the Secretary for record.

On motion of Mr. Hughes, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

AWARD OF CONTRACTS FOR THE CONSTRUCTION OF PEABODY DRIVE RESIDENCE HALLS

(16) Bids have been received for the construction of the Peabody Drive Residence Halls, to consist of three housing units and a dining hall, for 1,494 undergraduate students in the southeast area of the former Parade Grounds. A report from the Director of the Physical Plant, including schedules of bids received and explanation of the alternates, is submitted herewith, and a copy is being filed with the Secretary of the Board for record.

Revenue bonds for the construction of this project were scheduled to be received on September 15, but because of the veto of the federal housing legislation, the bond sale must be postponed until September 29. The Board has previously authorized the Executive Committee to approve a loan agreement with the federal government and to sell the bonds for this project.

On recommendation of the Director of the Physical Plant, the Vice-President and Comptroller, and the President of the University, the Executive Committee approved awards of contracts to the following bidders, subject to the sale of bonds to finance the construction. The contract awards are to the lowest bidders on "Base Bid B" which is for the construction of the complete project, i.e., the three housing units and a dining hall building, and include certain specified alternates (alternates A, B, C, D, E, and H which are explained in the supporting statement from the Physical Plant Department referred to above) and provide that the mechanical contracts shall be assigned to the general contractor for direction and supervision.

General—Kuhne-Simmons Company, Inc., Champaign.....\$3 680 267
Electrical—Knight Electrical Company, Inc., Evansville, Indiana..... 353 873
Plumbing—R. Hays Company, Inc., Champaign..... 404 700
Heating—Bellis and Miller, Inc., Champaign..... 605 621
Ventilating—R. H. Bishop Company, Champaign..... 153 290
Elevator—Trimon Elevator Company, Inc., Chicago..... 48 480
Total.....\$5 246 231

In order that construction of two of the three housing buildings be completed by September, 1960, the Executive Committee also approved issuance of letters of intent to the above contractors, authorizing them to proceed with construction work at a cost not to exceed \$105,000, the funds to be advanced from accumulated reserves of the Housing Division. With the postponement of the bond sale, the contractors should be authorized to proceed with construction up to a cost of \$200,000 prior to October 31. Funds are available in Housing Division Reserves for these expenditures.

I recommend that:

The action of the Executive Committee in awarding the construction contracts as listed above be confirmed.

The assignment of \$200,000 as an advance from Housing Division Reserves to provide funds for the interim financing of construction until the proceeds of the sale of bonds are available be approved.

The Comptroller and the Secretary of the Board be authorized to execute the contracts and to assign all of the mechanical contracts to Kuhne-Simmons Company, Inc., the general contractor, for direction and supervision.

The Executive Committee be authorized to sell the bonds on which bids will now be received on September 29, 1959, to approve a loan agreement with the Housing and Home Finance Agency, and to take such other actions as may be necessary in connection with the financing of the construction of the Peabody Drive Residence Halls.

It is recommended that a meeting of the Finance Committee and of the Executive Committee be scheduled for September 29, 1959, to take action on the bids on the bond issue with the understanding that all other members of the Board of Trustees be invited to attend this meeting.

On motion of Mr. Swain, the action of the Executive Committee was confirmed; the recommended assignment of funds was approved; the Comptroller and the Secretary of the Board were authorized to execute the contracts and make assignments of contracts as recommended; and the Executive Committee was authorized to sell the bonds and to execute a loan agreement with the Housing and Home Finance Agency. This action was taken by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CHANGE IN CONTRACT FOR CONSTRUCTION OF UTILITIES DISTRIBUTION SYSTEM

(17) On recommendation of the Director of the Physical Plant and the Vice-President and Comptroller, authorization has been given to an increase of \$8,158 in the contract with C. A. Petry and Sons, Inc. for the construction of a transformer room DC-2 in the Utilities Distribution System. This change is to provide for the reconstruction of a part of the transformer room of the electrical load center attached to the west side of Burrill Hall to offset ground water pressure by installation of sump and underfloor drain tile and other measures to prevent accumulation of water in the transformer room which would make the transformer useless. The load center will also serve the new Physics Building which is scheduled to go into operation at the beginning of the first semester of 1959-60.

In view of the time factor involved, emergency action was deemed necessary and immediate authorization of the change order was approved to avoid any delays in completion of the work prior to the opening of the academic year. Such emergency action is authorized under the Illinois Purchasing Act.

Funds are available in the state capital appropriations to the University for 1957-59.

Confirmation of this action is requested.

On motion of Mr. Harewood, this action was confirmed.

ADDITION TO CONTRACT FOR CONSTRUCTION OF GRADUATE STUDENT RESIDENCE HALL

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$2,624.20 in the contract with Felmley-Dickerson Company, Urbana, for construction of the Graduate Student Residence Hall. The contract provides for an average depth of 32 feet for foundation piles, with unit prices specified for variation in the length as ground conditions require. The change is for the extra cost for additional length of pile required and for addi-

tional piles put into the ground to accommodate the future addition to the building. Funds are available from the proceeds of the sale of bonds.

I concur and recommend that the Comptroller be authorized to execute the contract change.

On motion of Mr. Swain, this recommendation was approved.

Laundry Service and Protective Clothing Rental Service

On May 16, 1959, the Board of Trustees authorized, as purchase recommendations, contracts with Midstate Linen Supply, Inc., Urbana, Illinois, the lowest bidder for laundry service for departments at Urbana for the period July 1, 1959, through June 30, 1961, \$92,442.96, and for protective clothing rental service (coats, aprons, and other garments) for the Illini Union, Residence Halls, and Home Economics Cafeteria, for the period July 1, 1959, through June 30, 1961, \$35,140.00.

Midstate Linen Supply, Inc., a corporation, is being dissolved and has sold its rental business and name to F. W. Means and Company, Chicago, which will conduct a rental business known as Midstate Linen Supply. The laundry portion of the business has been sold to H. Paul Lincicome, a one-third owner of the present corporation, who will do business as Paul's Laundry Company. Midstate Linen Supply, Inc., has assigned, with no changes in terms or conditions, the laundry contract to Paul's Laundry Company and the rental contract to F. W. Means and Company. The latter also owns the Champaign Clean Towel Service, a firm presently providing the University satisfactory rental service on certain other items. Mr. Lincicome has served as President and Manager of Midstate Linen Supply, Inc., for a number of years. The University's business dealings with both the Champaign Clean Towel Service, and with H. Paul Lincicome as an individual, have been very satisfactory.

It is recommended that the University accept these assignments and that the Comptroller and the Secretary of the Board be authorized to execute consents thereto.

On motion of Mr. Johnston, these purchases and acceptance of the assignments of the laundry service and clothing rental contracts were authorized.

It will be the responsibility of the Chicago Illini Union Board to serve in an advisory capacity to the Director of the Union in relation to planning for effective social, cultural, and recreational programs for individual students, recognized student groups, and other personnel of the Chicago Professional Colleges.
4. The Chicago Illini Union Board may establish committees to assist in carrying out specific phases of its responsibilities. Each committee established to aid in the development of general student programs within the Union building shall consist of at least five students representing recognized and approved student organizations. The Social Director of the Union shall be an *ex officio* member of each committee established for general student programs. Members of committees shall be appointed by the Chairman of the Board who will be guided in the selection of student members by recommendations of the Social Director of the Union.

Appointment of a Chicago Illini Union Board, as proposed above, is intended to strengthen the relationships of faculty and students and to assist in developing an appropriate environment for student life and activities. It does not change the present responsibility of (1) the Associate Director of the Physical Plant at the Chicago Professional Colleges for the operation and management of the Chicago Illini Union building or (2) the Dean of Student Affairs for the social, cultural, and recreational programs for students within the building. The Director of the Chicago Illini Union serves as the executive agent of the Associate Director of the Physical Plant and the Dean of Student Affairs in relation to management and operating responsibilities.

The Dean of Students, the Director of the Illini Union at Urbana, and the Director of the Physical Plant have been consulted, and their suggestions have been incorporated in this proposed reorganization. The Vice-President in charge of the Chicago Professional Colleges concurs in the recommendations.

I recommend approval of this reorganization to replace the original plan of organization of the Chicago Illini Union approved by the Board of Trustees on July 22, 1941, and as printed on pages 398 to 401 of the minutes of that meeting; and that the President of the University be authorized to approve such changes as may be found necessary from time to time in the light of experience with this new organization.

On motion of Mr. Pogue, these recommendations were approved.

ACCEPTANCE OF VIDEOTAPE RECORDER AND APPROPRIATION FOR INSTALLATION AND ACQUISITION OF EQUIPMENT FOR VIDEOTAPE RECORDER

(23) The National Educational Television and Radio Center has offered the University a videotape recorder, valued at \$53,000, and a supply of tape, valued at \$10,000, for use by Station WILL-TV. In accepting this offer, the University must agree to pay for installing the recorder and to purchase certain accessories and technical equipment. This is estimated to cost \$11,000. In addition, the University must agree to maintain the equipment in good repair and working order and to carry such insurance on it as is customarily carried by broadcasting stations. Title to the recorder would remain in the National Educational Television and Radio Center for five years after which title would be transferred to the University.

I recommend acceptance of this offer, under the conditions indicated, and that an appropriation of \$11,000 be made from the General Reserve Fund to meet the University's share of the costs.

On motion of Mr. Swain, acceptance of this equipment was authorized under the conditions stated, and the recommended assignment of funds was made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

The Finance Committee requests adoption of the following resolution authorizing the sale of securities which the Committee has approved.

Resolution

WHEREAS, The Board of Trustees of the University of Illinois is the owner of 600 shares of Armstrong Cork Company common stock, and

WHEREAS, the Finance Committee of said Board has determined that it is advantageous to sell the above listed securities,

Now, Therefore, Be It Resolved by the Board of Trustees of the University of Illinois that these securities be sold and that H. O. Farber, Comptroller, and A. J. Janata, Secretary, be authorized to execute all documents necessary to complete such sale.

On motion of Mr. Swain, the foregoing recommendation was adopted.

ASSOCIATION OF GOVERNING BOARDS OF STATE UNIVERSITIES AND ALLIED INSTITUTIONS

Watkins has represented the Board of Trustees of the University of Illinois at some of the previous meetings and has been designated as a delegate this year. If any of the other members of the Board desire to attend, the Secretary will arrange for their representation.

ADDRESS BY DR. DONALD J. CASELEY

At this point, President Henry presented Dr. Donald J. Caseley, Medical Director of the Research and Educational Hospitals, who addressed the Board on the operations of these Hospitals and discussed the expansion of services.

On motion of Mrs. Watkins, the Board voted to hold its November meeting on Wednesday, November 18, in Chicago, at the Chicago Undergraduate Division.

On motion of Mrs. Watkins, the Board voted to hold its December meeting in Chicago, at the First National Bank of Chicago, on Wednesday, December 16, 1959.

EXECUTIVE SESSION

At this point, on request of Mr. Clement, an executive session was ordered for consideration of the following item of business:

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

(24) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendation relating to an invention by a member of the staff.

Unstable free radical of adrenalin — Dr. L. G. Abood, Associate Professor of Neurophysiology and Biological Chemistry, inventor. The inventor describes this

invention as an unstable free radical obtained from the oxidation of 1-adrenalin. The compound appears as a powerful inhibitor of many enzyme systems involved in electron transport. It has no immediate therapeutic application; but since it is so highly toxic, it probably should not be used in human studies. Dr. Francis J. Gerty, Head of the Department of Psychiatry, recommends that this invention be released to the inventor, and it is his opinion that it has very little possibility of commercial value.

After study, the members of the Patent Committee available on the campus concurred with the opinion of Dr. Gerty and voted to recommend to the Board of Trustees that this invention be released to the inventor with the following conditions: (1) If the inventor does not apply for a patent, he will agree to release all his rights to the Office of Naval Research, the sponsoring agency under which this development was made. (2) If he does apply for and receive a patent, he will recognize the obligations of the University to the Office of Naval Research. I concur in this recommendation.

Mr. Clement, for the Committee on Patents, reported that the Committee has approved the foregoing recommendation, and on his motion, the same was approved.

NATIONAL DEFENSE EDUCATION ACT STUDENT LOAN FUNDS

(5) On December 17, 1958, the Board of Trustees approved acceptance of funds from the federal government under the National Defense Education Act of 1958 to establish the National Defense Student Loan Fund. The Board also appropriated funds from indirect costs on government research contracts to provide the 10 per cent of the total fund thus established required of the University under the law to match the federal grant.

During the year 1958-59 a total of \$65,691 was received from the federal government and \$7,300 was transferred from indirect cost funds for matching purposes. The United States Office of Education, which administers this student loan program, has advised that the University will be paid a total of \$250,977 by the government for this purpose during 1959-60—\$167,652 of which has been received. Loan applications have been received for a significant portion of this amount. The probability is that approximately the same amount will be received in each of the next three fiscal years. It will thus be necessary to provide \$27,887 of matching funds in 1959-60 and probably like amounts in each of the following fiscal years.

The Board of Trustees on March 11, 1958, authorized acceptance of bequests from the estates of Gretchen Johanna Schilling and Paul Charles Schilling, and \$117,392.72 has been received. Under the wills of the testators, the funds are to assist worthy, indigent students at the University of Illinois, and these funds may properly be used to match the funds received from the federal government for the student loan program.

When accepting the Schilling bequests, the Board allocated one-half of the funds thus received for student loan purposes and one-half to endowment, the income from both funds to be used for scholarship purposes. Because of the difficulty in obtaining funds suitable for matching purposes, it is recommended that the assignment of the Schilling funds be modified and that during the period of the federal loan program, the Schilling funds be used for matching purposes to the extent required, including the repayment of funds previously advanced from indirect cost reimbursement. The sum of \$35,186 will be so required in 1959-60, and probably approximately \$27,000 will be needed in each of the three following years. It is further recommended that after the close of the federal program and the repayment of all loans, the Schilling funds thus assigned be returned to the uses originally specified.

This action will make it necessary to withdraw a portion of the Schilling fund from the endowment investment pool. In order to provide the necessary funds, it is recommended that United States Government securities presently held in the endowment pool and maturing within two years of date of transfer be conveyed to current funds investments. If approved, these transfers will be made as required during the period of the National Defense Education Act Student Loan Program and within the total amount of the Schilling fund.

These recommendations are made by the Vice-President and Comptroller and the Dean of Students, and I concur.

On motion of Mr. Harewood, these recommendations were approved.

APPRAISAL OF UNIVERSITY BUILDINGS

(6) The Business Manager of the Chicago Colleges and the Vice-President and Comptroller recommend the employment of Marshall and Stevens, Inc., Chicago, to appraise the following properties for insurance purposes, at a fee of \$5,650, the cost to be charged against the income of operations housed in these buildings: Staff Apartment Building, 809 South Marshfield Avenue, Chicago
Residence Hall, 800-818 South Wolcott Street, Chicago
Apartment Building, 829-833 South Marshfield Avenue, Chicago
Second Unit of the Dentistry-Medicine-Pharmacy Building, 808 South Wood Street, Chicago

It is the practice of the University to carry fire and extended coverage insurance on income producing buildings and other buildings financed through bond issues. (The Second Unit of the Dentistry-Medicine-Pharmacy Building was included in the bond issue which financed the construction of the other three buildings.) The insurance is subject to the 80 per cent co-insurance clause in order to obtain favorable rates. It is important to have accurate evaluations of buildings to assure that University coverage is adequate. The only evaluations accepted by insurance companies in the event of an insured loss are those certified by a professional appraisal company. The buildings listed here have not been previously appraised. After the initial appraisal, renewals of appraisals are made at a cost of approximately 10 per cent of the original fee.

Since this appraisal is a professional service it is not subject to the requirements of competitive bidding but nevertheless quotations were secured from two companies and the quotation from Marshall and Stevens, Inc. is lower.

I concur.

On motion of Mr. Johnston, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

HOUSING REVENUE BONDS OF 1959 SERIES C AND D

(7) The Vice-President and Comptroller presents the Second Supplemental Housing Revenue Bond Resolution and recommends its adoption. He also recommends that the Board:

1. Ratify and confirm the actions of the Executive Committee in connection with the sale of these bonds.
2. Ratify and confirm the action of the Comptroller and the Secretary in executing the Loan Agreement with the Housing and Home Finance Agency.
3. Authorize the execution of the bonds by Frances B. Watkins, Timothy W. Swain, Members of the Board, and A. J. Janata, Secretary, and by the facsimile signature of the President of the Board.
4. Authorize the Comptroller and Treasurer to deliver the Series C Bonds to F. S. Smithers and Company and the Series D Bonds to the Housing and Home Finance Agency.
5. Ratify and confirm all actions taken or to be taken by the officers and members of the Board in connection with the sale and delivery of the Bonds.

I concur.

The Loan Agreement for Project No. Ill. 11-CH-94(D), of the Board of Trustees of the University of Illinois, Urbana, Illinois, Contract No. H(402)-370, was presented by the Secretary, and examined by the Trustees.

On motion of Mr. Johnston, the Second Supplemental Housing Revenue Bond Resolution, as printed below, was adopted, and the Board ratified and confirmed the actions of its Executive Committee and of its officers as recited above.

This action was taken by the following vote of record: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, a body corporate, created and existing under the laws of the State of Illinois, for value received promises to pay to bearer, but only out of the Housing Revenue Bond Fund, as hereinafter provided for, and not otherwise, the principal sum of ONE THOUSAND DOLLARS (\$1,000), on October 1, 19....., and to pay interest on said sum from the date hereof until paid at the rate of per cent (.....%) per annum, payable April 1, 1960, and semi-annually thereafter on the first days of April and October in each year until the principal amount hereof has been fully paid. Interest accruing on this bond on and prior to the maturity date hereof shall be payable on presentation and surrender of the interest coupons hereto attached as they subsequently become due, but no interest shall accrue on this bond after the maturity hereof unless this bond shall be presented for payment and be not then paid.

Both principal hereof and interest hereon are hereby made payable in any coin or currency which, on the respective dates of payment of such principal and interest, is legal tender for the payment of debts due the United States of America, at The First National Bank of Chicago (hereinafter called "Trustee"), or its successor in trust under the Resolution hereinafter referred to, in the City of Chicago, Illinois, or at the option of the holder, at The Chase Manhattan Bank, in the Borough of Manhattan and City and State of New York.

This bond is one of an authorized series of Dollars (\$.....) principal amount of Housing Revenue Bonds of 1959, Series, which, with the 1959 Series Bonds constitute an issue of Six Million Nine Hundred Thousand Dollars (\$6,900,000), issued and to be issued pursuant to a Bond Resolution of The Board of Trustees of the University of Illinois duly adopted December 17, 1958, as supplemented by First and Second Supplemental Resolutions thereto duly adopted June 23, 1959 and October 21, 1959, respectively (said Bond Resolution as so supplemented being herein referred to as the "Resolution"), for the purpose of providing funds for paying the cost of constructing and equipping student and staff housing and related facilities. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto in the manner and upon the terms and conditions more fully set forth therein.

The bonds of this Series are redeemable prior to maturity as a whole or in part on October 1, 1969, or on any interest payment date thereafter in the inverse order in which they mature at the option of The Board of Trustees of the University of Illinois at par and accrued interest to the date of redemption and a premium as follows: three per cent (3%) of the principal amount thereof if redeemed October 1, 1969 through April 1, 1974; two and one-half per cent (2½%) of the principal amount thereof if redeemed October 1, 1974 through April 1, 1979; two per cent (2%) of the principal amount thereof if redeemed October 1, 1979 through April 1, 1984; one and one-half per cent (1½%) of the principal amount thereof if redeemed October 1, 1984 through April 1, 1989; one per cent (1%)

of the principal amount thereof if redeemed on October 1, 1989 through April 1, 1994; and without premium if redeemed on October 1, 1994 or thereafter.

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois, and also in a financial newspaper printed in the English language and published and of general circulation in the Borough of Manhattan, City and State of New York, and when this bond or any of the bonds of such authorized issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption monies are available for the payment of all bonds called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1957, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Housing Revenue Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue, bonds heretofore issued pursuant to the Resolution and additional bonds which may hereafter be issued pursuant to the Resolution, (2) student tuitions authorized by law to be retained in the University treasury, but not in excess of \$450,000 annually plus such additional sums as may be specified in any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution as so supplemented, and (3) certain existing revenue producing buildings of the University after the prior payment of other indebtedness to the extent set forth in the Resolution. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Trustee in Chicago, Illinois, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer hereof.

Subject to the provisions for registration and transfer, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and The Board of Trustees of the University of Illinois, the Trustee, and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered, and the bearer of any interest coupons appertaining hereto as the absolute owner hereof for all purposes and shall not be affected by any notice to the contrary whether this bond or any coupon appertaining thereto be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds

without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66⅔%) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums, if any, at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder, or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons, or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signature of its President and signed by two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated as of the 1st day of October, 1959.

APPROPRIATION FOR LABORATORY BUILDING FOR RADIO TELESCOPE

(8) The Board of Trustees has approved construction of a radio telescope near Danville. Funds were allocated for the construction of a building on this site, but on May 16, 1959, the Board approved reassignment of these funds to finance the construction of a road and power lines at the site.

The need for the building is urgent so that it will be available when the radio telescope is ready to start operations. The building should have about 1,800 to 2,000 square feet of space to house an operations room, a work shop, and living and office space. The estimated cost is \$25,000.

The Dean of the Graduate College recommends an allocation of this amount from supplementary funds anticipated in connection with the fellowship program of the National Defense Education Act. Should such supplementary funds received by the University under this Act fall short of the estimated needs, then the balance, as necessary to bring the total up to but not exceeding \$25,000, would be taken from similar funds received from the National Science Foundation Co-operative Fellowship Program.

The Vice-President and Provost and the Vice-President and Comptroller concur, and I so recommend.

On motion of Mr. Clement, this recommendation was and the assignment of funds were approved by the following vote: Aye, Mr.

Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

CONTRACT FOR REPLACEMENT OF ELEVATOR IN GREGORY HALL

(9) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$6,600 to Colley Elevator Company, Chicago, for replacement of the elevator in Gregory Hall. This elevator has been in service for about twenty years and has reached a state of obsolescence which requires high maintenance costs.

Funds are available in the Physical Plant Department budget.

I concur.

On motion of Mr. Swain, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

**CONDEMNATION PROCEEDINGS FOR ACQUISITION OF LAND
ADJOINING UNIVERSITY PROPERTY**

(10) The Buildings and Grounds Committee has approved the acquisition of approximately sixty acres of land located between First Street and the Illinois Central Railroad immediately south of the University property, about a half-mile south of St. Mary's Road. This land is needed by the University for a number of educational purposes, such as the Firemen's Training School, the relocation of the office of and a research building for the Small Homes Council-Building Research Council, replacement for land formerly used by the College of Agriculture and which has been devoted to other purposes, and for other University facilities. The owner of record of this land is Fred V. Percival, but information obtained from him and others indicates that a group, represented by Charles M. Webber, has acquired some interest in the land in addition to any interest therein which Mr. Percival may still retain. Negotiations have been conducted by representatives of the Physical Plant Department and the Vice-President and Comptroller with Mr. Webber, but his clients are unwilling to sell the property to the University except at a price which University officers deem excessive. It is, therefore, necessary for the University to resort to its right of eminent domain in order to acquire the property at a reasonable price.

Accordingly, the Vice-President and Comptroller, the Director of the Physical Plant, and the Legal Counsel recommend adoption of the following resolution, and I concur.

Resolution

Be It, And It Is Hereby Resolved, Found And Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that the following described real estate situated in the County of Champaign in the State of Illinois, to-wit:

All of that part of the Southwest Quarter (SW $\frac{1}{4}$) of the Southeast Quarter (SE $\frac{1}{4}$), of Section 24, Township 19 North, Range 8 East of the Third Principal Meridian, in said County which lies East of the Illinois Central Railroad right of way; and all of the Southeast Quarter (SE $\frac{1}{4}$) of the Southeast Quarter (SE $\frac{1}{4}$) of said Section 24; and that part of the Southwest Quarter (SW $\frac{1}{4}$) of Section 19, Township 19 North, Range 9 East of the Third Principal Meridian in said County which lies West of the Public Road (said Public Road being South First Street in the City of Champaign, Champaign County, Illinois, as extended beyond and South of the corporate limits of said City to and through a portion of said Southwest Quarter (SW $\frac{1}{4}$) of said Section 19 and to and through a portion of said Southeast Quarter (SE $\frac{1}{4}$) of the Southeast Quarter (SE $\frac{1}{4}$) of said Section 24); excepting, however, from the foregoing the following described parcels of land, viz:

The South 240 feet of the East 363 feet of said Southeast Quarter (SE $\frac{1}{4}$) of the Southeast Quarter (SE $\frac{1}{4}$) of said Section 24, containing two acres, more or less, and that part of said Southwest Quarter (SW $\frac{1}{4}$) of said Section 19 described as follows:

Beginning at the Southeast corner of said Section 24, running thence North along the East line of said Section 24, a distance of 240 feet; running thence Easterly on a line parallel with the South line of Section 24 to the centerline of said hereinabove mentioned public highway (i.e., South First Street so extended) as the same now exists; running thence Southerly along the centerline of said public highway to a point where said centerline intersects with the South line of Section 24 extended; and running thence Westerly to the place of beginning, as described in Deed Book 483, Page 503 of the records of said County; and

A tract of land situated in said Southeast Quarter (SE $\frac{1}{4}$) of the Southeast Quarter (SE $\frac{1}{4}$) of said Section 24, described and bounded as follows:

Beginning at a point in the East line of said Section 24, said point being 638 feet, more or less, distant North of the Southeast corner of said Section 24 and being marked with an iron pipe; running thence Westerly, along a line parallel to the South line of said Section 24, a distance of 363 feet to an iron pipe; running thence Northerly along a line parallel to the East line of said Section 24, a distance of 120 feet to an iron pipe; running thence Easterly along a line parallel to the South line of said Section 24, a distance of 363 feet to a point on the East line of said Section 24, said point being marked with an iron pipe; running thence Southerly along the East line of said Section 24, a distance of 120 feet, to the place of beginning, containing one acre, more or less; and

A tract of land in the Southwest Quarter (SW $\frac{1}{4}$) of said Section 19, described and bounded as follows:

Beginning at an iron pipe in the East line of said Section 24, said point being 638 feet (more or less) distant North from the Southeast corner of said Section 24; running thence Northerly along the East line of said Section 24, a distance of 120 feet to a corner, said corner being marked with an iron pipe; running thence Easterly along a line parallel to the South line of said Section 24, to the centerline of said hereinabove mentioned public highway (i.e., South First Street so extended) as the same now exists; running thence Southerly along the centerline of said public highway, a distance of 120 feet, to a corner; and running thence Westerly along a line parallel to the South line of said Section 24 to the place of beginning.

is needed by the University of Illinois, an educational institution established and supported by the State of Illinois, as the site for a building and other structures needed and to be constructed by said University of Illinois for educational purposes conducted and to be conducted by said University of Illinois and for the further expansion of the educational facilities of said University of Illinois and to enable said University of Illinois to discharge its duty to the people of said State and for public use; that funds have been appropriated by the General Assembly of the State of Illinois for the purchase of said land for said educational purposes; that this Board of Trustees has negotiated with the owners of said land through their duly authorized representatives for the purchase of said land at a price which this Board of Trustees considers fair and reasonable and which it finds constitutes the present market value of said land, but that said owners have refused to sell and convey said land, or any portion thereof, to said The Board of Trustees of the University of Illinois for such price and continue to refuse to sell and convey the same to it except for a consideration and price which this Board of Trustees deems unreasonable and highly excessive and is, therefore, unwilling and has refused to pay; and

Be It, And It Is Hereby Further Resolved, Found And Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that the compensation to be paid by it for said land cannot be agreed upon between this Board of Trustees and the owners of said property and they and it are unable to agree upon the purchase price to be paid to said owners for the sale and conveyance of said land by said owners thereof to said The Board of Trustees of the University of Illinois; and

Therefore, Be It, And It Is Hereby Further Resolved, Found And Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that because of said need of the University of Illinois for said land for the

purposes hereinabove set forth and because the compensation to be paid to the owners thereof for such land cannot be agreed upon between them and this Board of Trustees, it is necessary for The Board of Trustees of the University of Illinois to take said land and acquire title thereto through the exercise by it of the right of eminent domain conferred upon it by law and to have the compensation to be paid by it to the owners thereof and any and all other persons who may have any right, title or interest in and to said land (other than Illinois Bell Telephone Company, Illinois Power Company, and Panhandle Illinois Pipeline Company which own certain easement rights over, under and through said property which said easement rights will not interfere with the public and educational use proposed to be made of said property by said The Board of Trustees of the University of Illinois and, therefore, need not presently be acquired or extinguished by said The Board of Trustees of the University of Illinois) determined in the manner provided by law for the exercise of said right and power of eminent domain; and

Be It, And It Is Hereby Further Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois that the necessary and appropriate action be taken for the acquisition of title to said property by said The Board of Trustees of the University of Illinois and to have the compensation to be paid therefor determined by the institution and prosecution to completion of a proceeding in eminent domain in a court of competent jurisdiction and that the Legal Counsel of the University be, and he is hereby, authorized to proceed accordingly, to institute and prosecute an eminent domain proceeding in the name and on behalf of The Board of Trustees of the University of Illinois for the acquisition of said land and the determination of the compensation to be paid by it therefor, and to employ such special legal counsel, appraisers, and others as he may deem necessary or desirable to assist him in the institution and prosecution of said proceeding.

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

RELOCATION OF FACILITIES FOR ELEMENTARY EDUCATION

(11) The Executive Committee has authorized the removal of one of the "T Dormitories" now in Illini Village to a nearby campus area and remodeling of this building to provide quarters for the elementary education activities of the College of Education, now housed in temporary buildings on the Parade Grounds and which must be removed for construction of the Peabody Drive Residence Halls.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of the following orders for additional work required on this project through changes in existing contracts with these contractors:

General work — Oran L. Shoemaker and Company, Champaign.....	\$9 150
Electrical work — Brunkow Electric Company, Champaign.....	3 000
Plumbing work — David W. Reichard Plumbing and Heating, Urbana.....	2 800
Heating work — Reliable Plumbing and Heating Company, Champaign....	1 000
Ventilating work — Schroeder and Sons Company, Champaign.....	500

I concur.

On motion of Mr. Herrick, the Comptroller was authorized to execute these changes in contracts as recommended.

CONTRACT FOR PARKING AND TRAFFIC ENGINEERING STUDIES FOR CHICAGO UNDERGRADUATE DIVISION CAMPUS

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a contract with George W. Barton and Associates, Inc., Chicago, for parking and traffic engineering studies as a part of the general planning in connection with the site selection for the Chicago Undergraduate Division. The terms of the contract will provide for the payment of standard professional engineering fees for principals, senior engineers and planners, assistant engineers, and draftsmen, plus out-of-pocket expenses at a total cost estimated not to exceed \$11,000.

I concur in this recommendation.

On motion of Mrs. Watkins, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

ADDITION TO CONTRACT FOR CENTRAL FOOD STORES BUILDING

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$6,505.67 in the contract with the Felmley-Dickerson Company for revisions in the drainage and paving of Oak Street as part of the construction of the Central Food Stores Building. Because of the freezing of capital appropriations, certain utilities extensions for the Assembly Hall which had been planned to run down Oak Street prior to the paving could not be put in, and alternate plans for grading and pavement must be made so that access to the Food Stores Building can be maintained when the utilities are extended to the Assembly Hall. This involves more paving than originally planned.

I concur, and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Swain, this recommendation was approved.

**ADDITION TO CONTRACT FOR ISOLATION BUILDING
ON VETERINARY RESEARCH FARM**

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$3,054.34 in the contract with D. E. MacMillan Associates, Champaign, to accept the alternate for construction of sewage disposal facilities at this building.

I concur and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Herrick, this recommendation was approved.

**CONTRACTS FOR CONSTRUCTION OF ADDITION TO ABBOTT POWER
PLANT AND FOR EXTENSION OF UTILITIES DISTRIBUTION SYSTEM**

(15) The Board of Trustees has authorized the awards of contracts for thirteen divisions of work on the construction of an addition to the Abbott Power Plant, extensions of the utilities distribution system and equipment installations, contingent upon the release of funds and provided that the contractors concerned will extend the time during which their bids will be firm.

All but two of the thirteen contractors have agreed to extend the time for acceptance of their bids beyond the date stated in the bid documents. The time now having expired, the proposals of the two contractors have been rejected and their certified checks have been returned. One contractor agreed to a thirty-day extension and will reconsider a further extension at the end of that period. Ten contractors are willing to extend the time their bid prices will be firm to March 1, 1960, and in some cases beyond that date. Accordingly, letters indicating the University's intent to award contracts have been sent to these contractors with a request for their acceptance.

Submitted herewith is a schedule of the contracts involved, the bid prices, and showing which contractors have agreed to extension of time. A copy of this is being filed with the Secretary of the Board for record.

Some of the contractors have asked permission to substitute bid bonds for the certified checks deposited. These are reasonable requests and the Director of the Physical Plant and the Vice-President and Comptroller recommend that substitution of bid bonds for certified checks be authorized.

I concur in the recommendation.

On motion of Mrs. Watkins, this recommendation was approved.

**ADDITION TO CONTRACT FOR FINE ARTS BUILDING
AND KRANNERT ART MUSEUM**

(16) The Dean of the College of Fine and Applied Arts, the Director of the Physical Plant, and the Vice-President and Comptroller recommend an increase of \$4,251.84 in the contract with the Kuhne-Simmons Company, Inc. for general work on the Fine and Applied Arts Building to add a gravel aggregate to the top layer of the concrete patio around the reflecting pool and fountains and an increase

of \$8,227.45 to substitute walnut paneling for birch paneling in the lobbies, gallery, and trim in other areas of the Krannert Art Museum.

A textured surface on the patio is desirable to avoid large surfaces of concrete and the resulting glare and to provide a more compatible design with the marble mass on the surface of the Krannert Art Museum. It will also be less slippery when wet than the concrete finish. The inclusion of walnut paneling is in keeping with the original plans for the building.

Funds are available, and I recommend that the Comptroller be authorized to execute the changes in the contract.

On motion of Mr. Swain, this recommendation was approved.

EASEMENT FOR DRAINAGE ON WARREN FARM

(17) The Dean of the College of Agriculture and the Vice-President and Comptroller recommend that an easement be granted over the northwest corner of a forty-acre tract owned by the University in Piatt County, which was bequeathed by Mrs. Elizabeth Warren. Mr. Chauncey E. Bates, the owner of the land to the north of this farm, is installing a twelve-inch drainage tile, which needs to cross the University's property. This will benefit the University's property and will also permit the University to connect tile lines to the drainage in the future. The Agricultural Engineering Department estimates that this access will be worth \$140 to the University, and the Vice-President and Comptroller recommends that a contract be approved for the payment of this sum.

I concur and recommend adoption of the following resolution:

Resolution

Be It And It Is Hereby Resolved by this Board of Trustees of THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized for and on behalf of this public corporation to convey to Chauncey E. Bates of Piatt County, Illinois, the right and easement to enter upon the following described lands of said public corporation, to wit:

The Southeast Quarter (SE $\frac{1}{4}$) of the Southeast Quarter (SE $\frac{1}{4}$) of Section Nine (9), Township Twenty (20) North, Range Six (6) East of the Third Principal Meridian (3rd P.M.);

hereinafter referred to as the "servient tenement"; for the placement, construction, operation, repair, maintenance, and location thereupon of a tile drainage system consisting of a single line of tile, 12 inches in diameter, across the Northwest corner of the above servient tenement, for the use of said Chauncey E. Bates for the drainage of farm land owned by him described as follows:

The North One-Half (N $\frac{1}{2}$) of the Southeast Quarter (SE $\frac{1}{4}$) of Section Nine (9), Township Twenty (20) North, Range Six (6) East of the Third Principal Meridian (3rd P.M.) in Piatt County, Illinois,

hereinafter referred to as the "dominant tenement"; including the right of ingress to and egress from said tile system with the necessary tools, machinery, and equipment to perform the acts mentioned; the exact location of said tile drainage system to be determined by agreement between grantee and this public corporation's farm manager, and, once established, to be fixed in said location; said easement and right to be granted for so long as it continues to be used for the purposes herein set forth and to run with the described land now owned by Chauncey E. Bates as set forth above; as consideration for and as a condition of said easement this public corporation to receive the right to make connection with said tile drainage system for the drainage of the servient tenement, said connection to be made at such point in the tile drainage system and at such time within the next five years hereafter as this public corporation may choose.

Be It And It Is Hereby Further Resolved that said Comptroller and Secretary be and they are hereby authorized for and on behalf of this public corporation to execute, acknowledge, and deliver such easements, contracts, and other documents as may to them appear necessary and desirable to accomplish the aforementioned purposes, subject to the approval of the Legal Counsel as to the form and validity of such documents.

On motion of Mr. Herrick, this resolution was adopted, and the payment was authorized.

FORD FOUNDATION GRANT FOR ENGINEERING FACULTY RECRUITMENT AND DEVELOPMENT PROGRAM

(18) The Ford Foundation has approved a grant of \$275,000 to the University of Illinois to be used over a period of three years for experimental projects for strengthening engineering faculties. As announced by the Foundation, "The primary purpose of this Fund is the recruitment by way of doctoral education of as many highly qualified personnel as possible into engineering faculty careers within the next five years. These years are particularly crucial to the future of engineering education. The urgent needs are to add greater scientific and mathematical emphasis to the undergraduate curricula and to increase the number of students preparing for engineering careers at all levels. Thus, the recruitment, preparation and retention of highly qualified faculty personnel is the foremost problem of engineering education. The program outlined is designed to accomplish this purpose by aiding those students or student recruits from industry, government, or engineering faculties, who are seriously interested in an academic career to *complete the doctorate in engineering with reasonable dispatch*. It is characterized by its flexibility and by its *adaptability as a supplement* to other sources of financial aid."

The terms and conditions of the grant are satisfactory to those who will administer the program. It is planned to use \$150,000 of the grant for predoctoral fellowships and loans; \$100,000 for development of faculty at the University of Illinois; and \$25,000 to provide stipends to members of engineering faculties at other institutions so that they may do graduate work at the University of Illinois.

I have accepted the grant on behalf of the University and am pleased to report this action for official record.

This report was received for record.

APPROPRIATION FOR EQUIPMENT FOR GRADUATE COLLEGE

(21) The Board of Trustees has authorized the purchase of an IBM card to paper tape converter for the Graduate College at a cost of \$5,800. The Vice-President and Provost and the Vice-President and Comptroller recommend an assignment of \$2,900 from the General Reserve for one-half the cost; the other half will be charged against the Graduate College budget.

This machine will replace the present IBM type 063 card controlled type punch used by the Data Processing Committee in the Graduate College which has been decreasing in its accuracy and is impossible to repair. The new equipment will attach to a standard card punch machine and will be accurate and twice as fast as the old machine.

I concur.

On motion of Mr. Swain, this appropriation was made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

EXECUTIVE COMMITTEE MEETING

The Secretary submitted the following report of the Executive Committee held in Chicago on Tuesday, September 29, 1959, this being the minutes of said meeting:

Meeting of the Executive Committee on September 29, 1959

On call of the Chairman, the Executive Committee of the Board of Trustees of the University of Illinois met in Room 800, Illinois Central Railroad Terminal Station, 135 East Eleventh Place, Chicago, Illinois, on Tuesday, September 29, 1959, beginning at 2:00 p.m.

The following members of the Committee were present: Mr. Kenney E. Williamson, Chairman, Mr. Wayne A. Johnston, and Mrs. Frances B. Watkins. Also present were Mr. Herbert O. Farber, Vice-President and Comptroller, Mr. Vernon L. Kretschmer, Director of Housing, Mr. Morris S. Kessler, Assistant Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

The Committee considered the following matters of business presented by the Vice-President and Comptroller and the Secretary of the Board on behalf of the President of the University.

Appropriation for Studies for Illinois Commission of Higher Education

The Illinois Commission of Higher Education has requested the University to make a number of studies relating to developing data and other information which the Commission desires for its own study of plans for a unified administration of the state-supported institutions of higher education.

These studies by the University will involve expenditures for which no provision has been made in the budget and an assignment of \$2,500 is requested to supplement the incidental and emergency budget of the President's Office.

On motion of Mr. Johnston, this assignment was made by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

Relocation of Facilities for Elementary Education

Construction of the Peabody Drive Residence Halls necessitates relocation of the College of Education's elementary education activities now housed in temporary buildings on the Parade Grounds.

The Director of the Physical Plant and the Vice-President and Comptroller

recommend that one of the "T Dormitories" now located in Illini Village be removed to the area south of the Alpha Tau Omega fraternity house on Pennsylvania Avenue and remodeled for use by the College of Education to provide space for the elementary education services which can not be housed elsewhere. The remodeled building can be used in the new location for a number of years to come. An assignment of \$38,000 from the General Reserve Fund is recommended for this project.

It is imperative that this work be started as soon as possible. The University has standing cost-plus contracts authorized by the Board of Trustees for remodeling work and this project can be handled through such contracts. Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of change orders as follows:

General work (including moving of dormitory) — Oran L. Shoemaker and Company, Champaign \$9 500
 Plumbing work — David W. Reichard Plumbing and Heating, Urbana..... 2 400
 Heating work — Reliable Plumbing and Heating Company, Champaign.... 1 200

A supporting statement from the Physical Plant Department is submitted herewith and a copy is being filed with the Secretary of the Board for record.

The President of the University concurs in these recommendations.

On motion of Mrs. Watkins, these recommendations were approved by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

Purchases

The Director of Purchases has proposed and the Vice-President and Comptroller recommends the following purchases.

I concur.

<i>Item</i>	<i>Department</i>	<i>Vendor</i>	<i>Cost</i>
Energy storage capacitors, low inductance	Electrical Engineering	Tobe Deutschmann Corp., Norwood, Mass.— Item A	\$11 500 00
Item A—Fifty 1.6 mfd, 25,000 peak d.c. voltage		Aerovox Corp., New Bedford, Mass.— Item B	4 700 00
Item B—Twenty 15.0 mfd, 20,000 peak d.c. voltage			f.o.b. delivered
Furnish labor and materials to construct an emergency power generator enclosure	Electrical Engineering	E. H. Grothe, Tolono	3 400 00

One volume Soviet Encyclopedia, 1943			3 000 00
Russian History of the United States, 1942			

On motion of Mr. Johnston, these purchases were authorized.

Contract for Gas Installations for Orchard Place Apartments

It has been found necessary to install standby liquid petroleum equipment to provide gas for 38 of the 120 Orchard Place apartments because the Illinois Power Company can not issue permits to provide the maximum gas service which may be required for all of them. This can be done through a contract change order with the Reliable Plumbing and Heating Company with which the University has a standing cost-plus contract for plumbing and heating work on minor building alterations and repairs. The estimated cost is \$7,134. This estimate has been checked by the Physical Plant Department and is considered a reasonable charge. Moreover there is economy in having this work done by the cost-plus contractor rather than through a subcontractor under the general contractor for the construction of the apartments.

The Director of the Physical Plant and the Vice-President and Comptroller recommend, and the President of the University concurs, that the Reliable Plumb-

ing and Heating Company be authorized to do this work on the basis of a change order in the standing contract with that Company.

On motion of Mrs. Watkins, this recommendation was approved by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

Sale of Bonds for Peabody Drive Residence Halls

Bids were received at 11:00 a.m., September 29, 1959, for the sale of The Board of Trustees of the University of Illinois Housing Revenue Bonds of 1959, Series C and D, to finance construction of the Peabody Drive Residence Halls.

Four bids were received from private companies for \$3,450,000 Series C bonds as follows:

<i>Company</i>	<i>Price</i>	<i>Interest Rates</i>	<i>Effective Interest Rate</i>	<i>Total Interest Cost</i>
F. S. Smithers & Co. and Associates	\$3 400 000 00	4 $\frac{3}{8}$ %, 4 $\frac{1}{2}$ %, 4 $\frac{1}{8}$ %	4.5244	\$4 114 037 50
Blyth & Co. and Associates	3 400 235 82	5, 4 $\frac{1}{4}$ %, 4 $\frac{1}{2}$ %, 4, 6	4.5829	4 167 219 18
John Nuveen & Co. and Associates	3 400 979 70	5, 4 $\frac{3}{4}$ %, 4 $\frac{1}{2}$ %, 4, 6	4.5995	4 182 325 30
White, Weld, & Co. and Associates	3 400 000 00	5, 4.4, 4.5	4.6017	4 184 344 33

No bids were received for the Series D bonds. However, the Housing and Home Finance Agency has issued a letter of intent to execute a Loan Agreement, wherein the federal government will agree to purchase \$3,450,000 Series D bonds at par and accrued interest at an interest rate of 3 $\frac{1}{8}$ %.

The Vice-President and Comptroller recommended that:

1. The Comptroller and Secretary of the Board be authorized to execute a Loan Agreement with the Housing and Home Finance Agency, provided the provisions of the Loan Agreement are acceptable to the Comptroller.

2. The Series C bonds in the amount of \$3,450,000 be sold to F. S. Smithers and Company and Associates at a price of \$3,400,000 plus accrued interest and at an effective interest rate of 4.5244 per cent, which represents the lowest interest cost to the University.

3. The Series D bonds in the amount of \$3,450,000 be sold to the Housing and Home Finance Agency at an interest cost of 3 $\frac{1}{8}$ % per cent in accordance with and pursuant to the above mentioned Loan Agreement.

On motion of Mr. Johnston, these recommendations were approved by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

There being no further business before the Committee, on motion of Mr. Johnston, the Executive Committee adjourned.

ASSOCIATION OF GOVERNING BOARDS

Mrs. Watkins reported on the annual meeting of the Association of Governing Boards of State Universities and Allied Institutions at Stillwater, Oklahoma, October 13 to 17, 1959, at which she represented the Board of Trustees.

ENROLLMENT STATISTICS

President Henry presented a report on the enrollment for the fall terms of 1959-60 on all three campuses of the University. A copy of his report was filed with the Secretary of the Board.

JOINT ACTION COMMITTEE OF CIVIC ORGANIZATIONS

Mr. A. Andrew Boemi of Chicago and seven other representatives¹ of the Joint Action Committee of Civic Organizations appeared before the Board of Trustees and presented the following resolution, the original signed copy of which was filed with the Secretary of the Board for record:

¹ Mr. John Baird, Mr. George Benson, Mr. George Dovenmuehle, Mr. Robert Johnston, Mr. Ferd Kramer, Mrs. Dorothy Rubel, and Mr. Edward P. Saltiel.

Resolution

WHEREAS the various organizations indicated below are concerned with the development of Metropolitan Chicago in the best interest of all of its citizens, and its future potential, in order that it may continue to serve the community and the State of Illinois socially and economically, and

WHEREAS a branch of the University of Illinois is to be constructed in Chicago on a site to be selected by the University Board of Trustees, and

WHEREAS these organizations deem it in the best interest of the students, the community, and its taxpayers to have the University Campus located on the South Loop site, as recommended by the City of Chicago's Central Area Plan, now therefore

Be It Resolved That:

1. The South Loop location is unanimously endorsed as the most desirable site for the new Chicago Campus of the University of Illinois, in view of its availability to the greatest number of students; its access to the total Metropolitan area housing supply; its proximity to cultural, training, and employment facilities; its function in the effectuation of the official city plan; and its contribution to the reclamation of a vast area which is vital to the economic and social welfare of the state.
2. The President of the University of Illinois and the Board of Trustees be advised of this action without delay.

At the conclusion of this presentation, President Williamson informed the members of the Joint Action Committee that the Board of Trustees would give their resolution and the supporting statements due consideration.

COMMUNICATIONS REGARDING CHICAGO UNDERGRADUATE DIVISION SITE DEVELOPMENT

The Secretary of the Board presented two communications received by him: one from the Secretary of the Chicago Undergraduate Division Senate urging that the Board of Trustees adhere to the timetable which contemplates occupancy of the new campus for the Chicago Undergraduate Division by 1963, and the other from a group of Community Civic Leaders of Northern Illinois and the Chicago Metropolitan Area

urging the Board of Trustees to choose the Garfield Park site. Copies of these letters were distributed at the meeting and were filed with the Secretary of the Board for record.

**THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS
HOUSING REVENUE BONDS OF 1959, SERIES C AND D**

The Board of Trustees of the University of Illinois Housing Revenue Bonds, Series C and D, require the signatures of two members of the Board of Trustees in addition to the signatures of the President and Secretary of the Board.

President Williamson designated Mr. Timothy W. Swain and Mrs. Frances B. Watkins, as members of the Finance Committee, to sign these bonds.

EXECUTIVE SESSION

At this point, on motion of Mr. Johnston, an Executive Session was requested and ordered for the consideration of the following items of business:

PURCHASE OF MAXWELL FARM FOR COLLEGE OF AGRICULTURE

The Dean of the College of Agriculture and Director of the Agricultural Experiment Station, the Director of the Physical Plant, and the Vice-President and Comptroller recommend the acquisition of approximately 129.13 acres of farm land owned by Esther and Grace Maxwell, located on the east side of First Street Road, approximately one-half mile east of the Illinois Central Railroad and 1/4 miles south of St. Mary's Road at a price of \$1,000 an acre. This land is diagonally southwest of the farm property acquired by the University from the Grein estate in 1956.

In lieu of cash, the sellers may request the University to purchase a farm in Ogden Township, which they wish to acquire and to exchange this property for the property which they own. The University would pay to Esther and Grace Maxwell the difference between the price paid for the farm in Ogden Township and the price at which the Maxwell farm is offered to the University.

Since capital funds for land acquisitions have not been released, it will be necessary to finance this purchase through the University of Illinois Foundation. The Vice-President and Comptroller recommends that the Foundation Board be requested to borrow approximately \$130,000 from the First National Bank of Chicago, purchase the property, and lease it to the University at a rental sufficient to pay the debt service. When the capital appropriations are released, the University will purchase the property from the Foundation, which in turn will pay off the loan.

The Maxwell farm is subject to easements with the Panhandle Pipeline Company and the Illinois Power Company and to a lease with the tenant expiring February 28, 1961.

The contract of purchase between the Foundation and Esther and Grace Maxwell shall include the terms set forth above and other details included in a letter dated October 7, 1959, from the Physical Plant Department to George I. Maxwell, agent for Esther and Grace Maxwell, and a letter of correction dated October 19, 1959, copies of which are filed with the Secretary of the Board for record.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary agreements with the University of Illinois Foundation, subject to approval by the Legal Counsel, and that \$16,000 be advanced from Indirect Costs funds to the Foundation to cover the down payment and interest.

On motion of Mr. Johnston, the foregoing recommendations were approved, and the assignment of funds was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

REPORT OF UNIVERSITY PATENT COMMITTEE

The University Patent Committee has received a report from Dr. George H. Scherr, Assistant Professor of Microbiology in the College of Medicine, of his studies on synergists for antimicrobial agents which may result in a potentially patentable invention. This may be described as an agent or material which serves to enhance the activity of antibiotics while itself being antimicrobial in nature. The University Patent Committee has studied this invention and is of the opinion that it may have commercial value.

It was referred to the University of Illinois Foundation for study, and patent counsel of the Foundation advised that to protect the interests of the University and the inventor a patent application should be filed prior to October 15, 1959. The inventor has expressed a desire that the application be made in the name of the Board of Trustees of the University of Illinois rather than in the name of the University of Illinois Foundation.

The Patent Committee has authorized the filing of a patent application, with title to any patent which issues to be with the Board of Trustees. Confirmation of the action of the Patent Committee authorizing the filing of this application is requested.

On motion of Mr. Harewood, the action of the University Patent Committee was confirmed.

RECESS

On motion of Mr. Clement, the Board recessed subject to call by order of the President if another meeting is deemed necessary prior to the regular meeting scheduled for November.

Farber, Comptroller, and Mr. A. J. Janata, Secretary.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board took up consideration of the following reports and recommendations from the President of the University.

**APPOINTMENT OF ASSISTANT DIRECTOR OF EXTENSION SERVICE
IN AGRICULTURE AND HOME ECONOMICS**

(1) The Dean of the College of Agriculture and the Director of the Extension Service in Agriculture and Home Economics recommends the appointment of Miss Martha L. Dunlap, presently on the staff of Montana State College, as Professor of Home Economics Extension and Assistant Director of the Extension Service in Agriculture and Home Economics beginning February 1, 1960, and continuing through August 31, 1961, at an annual salary of \$11,500 on "BY" basis.

This appointment is to fill the vacancy created by the retirement of Professor Lulu S. Black. All recommending officers concur.

I recommend approval.

On motion of Mr. Herrick, this appointment was approved.

APPOINTMENTS TO THE FACULTY

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. CHARLES L. BELL, Assistant Professor of Chemistry, in the College of Pharmacy, beginning October 1, 1959, at an annual salary of \$6,800 (D).
2. IRENAES A. BURCH, Counselor in the Student Counseling Service, and Assistant Professor of Psychology, Chicago Undergraduate Division, beginning February 1, 1960, at an annual salary of \$8,400 (BY).
3. HANS-JÜRG GERBER, Research Assistant Professor of Physics, beginning November 16, 1959, at an annual salary of \$7,500 (DY).
4. JOSEPH GOLDBERG, Assistant Professor of Aeronautical Engineering, beginning February 1, 1960, at an annual salary of \$8,500 (D).
5. GILES B. ROBERTSON, Reference Librarian and Assistant Professor of Library Administration, Chicago Undergraduate Division, beginning November 1, 1959, at an annual salary of \$7,400 (BY).
6. DEMITRI B. SHIMKIN, Visiting Professor of Anthropology, for the second semester of 1959-60, at a salary of \$7,000 (G).
7. GERALD A. WILLIAMS, Clinical Assistant Professor of Medicine, beginning September 1, 1959, without salary (DY).

On motion of Mr. Swain, these appointments were confirmed.

ADMISSION TO THE COLLEGE OF NURSING

(3) The Chicago Professional Colleges Senate has recommended that the present Continuation Program in Nursing, established several years ago to provide a curriculum for graduates of hospital schools of nursing leading to the degree of Bachelor of Science, be discontinued as a curriculum and that in lieu thereof graduates of noncollegiate diploma schools of nursing be admitted to the College of Nursing with advanced standing. The amount of credit toward advanced standing and the requirements for completion of the degree in each individual case will be based upon an evaluation of the work done in the school of nursing previously attended, validated by a standardized examination and/or advanced courses in sequence.

Graduates of hospital schools of nursing will continue to be admitted to the College of Nursing as heretofore except that some students will be given more advanced standing than others, depending on their previous training.

The requirements for validation for credit by standardized examination will be increased from the present allowance of one and one-half standard deviations below the mean to a requirement of a rank in the examination at or above the fiftieth percentile.

The Senate Coordinating Council has indicated no other Senate jurisdiction is involved.

I concur.

President Henry presented Miss Emily C. Cardew, Dean of the College of Nursing, who addressed the Board on the educational programs and objectives of hospital and collegiate schools of nursing. She also discussed the University program now being recommended.

On motion of Mrs. Watkins, the recommendation was approved.

CHANGES IN FOREIGN LANGUAGE REQUIREMENTS FOR ADMISSION TO UNDERGRADUATE COLLEGES

(4) Two units of foreign language, representing two years of study in high school, are required for admission to the College of Liberal Arts and Sciences and to some of the curricula (in art and in music) in the College of Fine and Applied Arts. On April 25, 1940, the Board of Trustees approved a recommendation from the University Senate that applicants who rank in the upper one-half of their graduating classes in high school may be admitted without the required two years of foreign language study.

The Urbana Senate has recommended, the Chicago Undergraduate Division Senate concurring therein, that this action be rescinded; provided that the requirement of two years of foreign language may be waived, upon approval of the dean of the college concerned, in the cases of those students whose high schools do not offer foreign languages. It is further recommended that this change become effective as of September, 1964. The foreign language requirement for admission to any curriculum is fulfilled by two units of any foreign language in which the University offers instruction. Currently, instruction is offered in the following languages: French, German, Greek, Italian, Latin, Portuguese, Russian, and Spanish. Less than one unit in a language is not acceptable.

The Senate Coordinating Council has indicated that no further Senate jurisdiction is involved.

I recommend approval.

On motion of Mr. Herrick, this recommendation was approved.

GRADUATE PROGRAM IN RUSSIAN

(5) The Urbana Senate recommends authorization of a graduate program in Russian leading to the degree of Master of Arts. For admission to this program, a student must have a scholastic average of at least 3.75 in the last sixty semester hours of undergraduate work completed and adequate training in the Russian language and literature as determined by the Department of Russian; provided that a student who has less than the equivalent of an undergraduate major in Russian may make up deficiencies while registered as a graduate student.

Eight units of graduate work, consisting of six units of Russian with a minor of two units in related literature in some field of Russian area studies, approved by the departmental graduate adviser will be required for the degree. A thesis will not be required.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

I concur.

President Henry presented Dean Lyle H. Lanier of the College of Liberal Arts and Sciences who addressed the Board briefly on area programs which are being developed at the University, including a proposed program in Russian studies.

On motion of Mr. Clement, this recommendation was approved.

JET FUEL DISPENSING SYSTEM FOR AIRPORT

(6) The Director of the Institute of Aviation and the Vice-President and Comptroller recommend that equipment be installed at the Airport for dispensing jet fuel. This will consist of two underground storage tanks with necessary filter, pumps, meter, piping, etc., and a dual tank refueling truck. Jet fuel will be needed by Ozark Airlines in the near future, and it will be advantageous for the University to install the equipment rather than for Ozark to do so. The

handling charge for fuel will permit recovery of the costs, estimated at not more than \$40,000, within five to ten years.

Funds in the airplane replacement reserve can be used to finance the cost of these improvements, which will be installed by University personnel. Recommendations for equipment purchases will be submitted to the Board of Trustees in the usual manner.

I concur.

On motion of Mr. Swain, this recommendation was approved. Mr. Johnston voted no.

FIRST AMENDATORY RESOLUTION TO RESOLUTION AUTHORIZING MEN'S RESIDENCE HALLS REVENUE BONDS OF 1957

(7) The Vice-President and Comptroller recommends, and I concur, that the following resolution be adopted:

A RESOLUTION PROVIDING FOR AUTHORIZATION FOR ADDITIONAL INVESTMENT OF FUNDS OF THE BOND AND INTEREST SINKING FUND ACCOUNT OF THE MEN'S RESIDENCE HALLS REVENUE BONDS OF 1957 AND PROVIDING FOR AMENDMENT OF A RESOLUTION AUTHORIZING THE ISSUE OF MEN'S RESIDENCE HALLS BONDS OF 1957 DULY ADOPTED BY THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS ON MARCH 12, 1957.

WHEREAS, The Board of Trustees of the University of Illinois on March 12, 1957, did duly adopt a resolution authorizing the issue of Men's Residence Halls Revenue Bonds of 1957, of The Board of Trustees of the University of Illinois in the principal amount of \$6,750,000.00 for the purpose of providing funds necessary to construct, complete, and equip additional units of the Men's Residence Halls in the City of Champaign, Illinois, fixing the date, maturities, form, and other details of said Bonds, and making covenants and provisions for the payment of said Bonds and the interest thereon, which resolution is hereinafter called "Original Resolution"; and

WHEREAS, The Board of Trustees of the University of Illinois, subject to the concurrence of the holders of at least sixty-five (65) per cent of the bonds outstanding, now desires to amend said Original Resolution to provide for more complete investment of the funds in the Bond and Interest Sinking Fund created under said Original Resolution:

Now, Therefore, Be It and It Hereby Is Resolved by The Board of Trustees of the University of Illinois, as follows:

SECTION 1. That said Original Resolution be amended by adding the following sentence at the end of and to Sub-Section (b) of Section 6 of said Original Resolution:

Funds of the Bond and Interest Sinking Fund Account held for payments of principal and interest required during the next succeeding twelve (12) months (excluding funds held for the payment of principal and accrued interest thereon of Bonds which have matured and excluding funds held for the payment of principal and accrued interest thereon and redemption premiums, if any, on Bonds called for redemption but unpaid) may be invested by the Depository from time to time by written orders of the Comptroller in United States Government securities maturing in such manner that at all times sufficient securities will mature not later than ten (10) days prior to each of the next two succeeding interest payment dates to meet the interest and principal payments becoming due on each of said dates.

SECTION 2. This resolution and the amendment herein authorized to said Original Resolution shall become effective upon the date the consent of the holders of sixty-five (65) per cent of the outstanding bonds is received in accordance with the provisions of Section 12 of said Original Resolution.

In all respects not inconsistent with this first amendatory resolution, the Original Resolution is hereby ratified, approved, and confirmed.

On motion of Mr. Johnston, the foregoing recommendation was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

HOUSING CONSTRUCTION PROGRAM

(8) A preliminary application has been filed with the Housing and Home Finance Agency for a loan of \$2,150,000 to finance one-half of the cost of an addition to the Graduate Student Residence Hall to house 234 students, and for 250 apartment units for married students, to be located adjacent to the Race Street-Florida Avenue Staff Housing.

The Director of the Physical Plant and Vice-President and Comptroller recommend that:

If federal funds are available, a complete application may be submitted to the Housing and Home Finance Agency;

The firm of Chapman and Cutler of Chicago be employed as counsel for the bond issue;

Bids for the construction of the projects and for the sale of the bonds be taken at the time or times deemed most appropriate by the Vice-President and Comptroller;

The Comptroller and the Secretary of the Board be authorized to execute a loan agreement with the Housing and Home Finance Agency; and

All other necessary steps in connection with the bond issue and sale of the bonds be authorized.

I concur.

On motion of Mrs. Watkins, this recommendation was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

CONTRACT FOR SWINE RESEARCH PROJECTS

(9) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$4,146 to Tom Hewardine and Son, Dewey, Illinois, the lowest bidder, for the construction of manure and waste disposal ponds for the swine research buildings to be constructed on the University farms. These are the projects for which the Moorman Manufacturing Company of Quincy has made a grant of \$200,000 to the University.

Bids were also taken on the construction of two of the swine breeding research buildings for this project. These bids, ranging from a low of \$20,800 to a high of \$23,260.25, are in excess of estimates and it is recommended that they be rejected. Plans for these buildings will be revised.

I concur in these recommendations.

On motion of Mr. Herrick, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

ADDITIONS TO CONTRACT FOR CONSTRUCTION OF GRADUATE STUDENT RESIDENCE HALL

(10) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase in the contract with Felmley-Dickerson Company for construction of the Graduate Student Residence Hall: \$15,985.05 for revisions in the stair well and \$2,798.68 for revisions in the telephone wiring system.

The changes in the stair well will eliminate costly reconstruction when an addition to this building is constructed. Complete plans for the telephone system were not included in the original specifications as it had not been decided whether a switchboard arrangement with phones in each room would be provided or whether each resident would make his own arrangements for telephone service with the telephone company.

Funds are available.

I concur and recommend that the Comptroller be authorized to execute the contract changes.

On motion of Mr. Johnston, this recommendation was approved.

QUARTERLY REPORT OF THE COMPTROLLER

(13) The Comptroller presents his quarterly report to the Board as of September 30, 1959.

This report was received for record and a copy has been filed with the Secretary of the Board.

SALE OF FARM LANDS IN LA SALLE COUNTY

(14) The University owns 640 acres of farm lands in La Salle County, received in 1955 as a gift from Miss Laura M. Weber of LaGrange Park, Illinois, for the benefit of the College of Agriculture. The farms are designated as Weber Farms No. 1 and No. 2, totaling 400 acres in Hope Township; Weber Farm No. 3, 80 acres in Richland Township about six miles from Farm No. 1; and Weber Farm No. 4, 160 acres in Waltham Township.

In July, 1959, the Board of Trustees authorized the purchase at public auction of an 80-acre tract adjoining Weber Farm No. 1 and at the same time authorized the sale of Weber Farm No. 3 in order to consolidate the University's holdings. The 80 acres were purchased and this action was confirmed by the Board on September 16, 1959.

Pursuant to advertisements and other public notices, sealed bids were received on November 16 on Weber Farm No. 3, described as follows:

The North Half (N $\frac{1}{2}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Eight (8), Township Thirty-One (31) North, Range Two (2) East of the Third Principal Meridian, containing Eighty Acres, more or less, situated in the Township of Richland in the County of La Salle and State of Illinois.

Buildings: House, machine shed, corncrib, storage building.

Mr. Everett Miller of Lostant, Illinois, submitted the highest bid of \$42,960, which is an acceptable price. Accordingly, the Dean of the College of Agriculture and the Vice-President and Comptroller recommend the sale of Weber Farm No. 3 to Mr. Miller at the price indicated.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

Mr. Herrick, for the Committee on Agriculture, reported that the Committee has considered this recommendation and is prepared to support the same. He then offered the following resolution and moved its adoption.

Resolution

WHEREAS, Everett S. Miller and Frances E. Miller, his wife, of Lostant, Illinois, hereinafter termed "Purchaser" have offered to purchase the hereinafter described property, upon the terms and conditions hereinafter set forth;

Now, Therefore, Be It and It Hereby Is Resolved, by this Board of Trustees of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this Corporation be, and they hereby are, authorized and directed, in the name, and in behalf of, this Corporation to enter into an agreement with Purchaser providing for the

sale and conveyance to Purchaser of the hereinafter described property upon the following terms and conditions:

- (A) At a sale price of \$42,960 with customary adjustments to be made therein for abstracting and closing costs;
- (B) This Corporation to furnish Purchaser a merchantable abstract of title and pay for the required Federal Documentary Tax Stamps;
- (C) Possession to be delivered to Purchaser at the time final payment is made which shall be not later than February 1, 1960, but subject to the current lease with the tenant now in possession which expires February 1, 1960;
- (D) Ten per cent (10%) of the purchase price shall be paid by the Purchaser at the time the Contract of Sale is executed and the balance of the purchase price to be paid at the time of delivery of the deed and possession;
- (E) The Title to be conveyed to be subject to special assessments, building restrictions, and easements of record;
- (F) Such other terms and conditions as said Comptroller and Secretary may deem necessary or desirable.

It Hereby Is Further Resolved that upon compliance with the terms of said agreement by Purchaser, and in accordance with the terms thereof, said Comptroller and Secretary be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name and in behalf of, this Corporation, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Purchaser title to the following described property, viz.:

The North Half (N $\frac{1}{2}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Eight (8), Township Thirty-One (31) North, Range Two (2) East of the Third Principal Meridian, containing Eighty Acres, more or less, situated in the Township of Richland in the County of La Salle and State of Illinois.

This resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

At this point Mrs. Watkins offered the following:

A TRIBUTE TO RAYMOND ELIOT

Inasmuch as the Illinois-Northwestern game of November 21, 1959, will mark the end of an eighteen-year career as head football coach for Ray Eliot at the University of Illinois, it is appropriate that the Board of Trustees take public note of the services which he has given as coach, teacher, alumnus, and public-spirited citizen.

Ray Eliot is an example of what a young man can achieve if he has the vision and the will. While supporting himself and winning varsity letters in football and basketball at Illinois, he earned in 1932 the degree which he coveted, and subsequently a master's degree at Columbia University.

In 1937 he was recalled to Illinois to join the staff of his former coach, the late Robert C. Zuppke. He became head coach in 1942.

In the succeeding years he gained a national stature which has brought acclaim to him and to his University.

His teams won Western Conference championships in 1946, 1951, and 1953, and won with distinction Rose Bowl games in 1947 and 1952. He is the only coach in the Conference to qualify three teams for Rose Bowl competition.

He was selected as a coach of the East-West and North-South post-season games twice, and of the Blue-Gray game four times. He has been on football clinic programs all over the nation, and has served his country as director of football clinics in Japan and twice in Europe at the request of the Armed Services.

He has been a trustee and president of the American Football Coaches Association; a member of the N.C.A.A. Football Rules Committee and a member of the committee which drew up the Association's Code of Ethics; Illinois State Chairman of the National Football Hall of Fame and a charter member of

the Hall of Fame and Foundation; a board member of the American Association of Health, Physical Education, and Recreation; and an honorary member of the Illinois High School Coaches Association for twenty-two years.

He has been a valued member of the University academic faculty since 1937, and is currently Associate Professor of Physical Education.

Throughout his career he has been in demand as a public speaker for school, civic, and other organization programs all over the country.

As a public-spirited citizen he was Champaign County Chairman of the Cerebral Palsy Association for three years, and was State Chairman of the Heart Fund Campaign in 1959.

Although professional football teams and several universities have sought him, with attractive inducements, he has shown his devotion to Illinois by steadfastly refusing to leave.

Fifteen of his former players are now engaged in coaching in major institutions of higher education, and hundreds in secondary schools of the nation. His players have not only looked to him for guidance during their college days, but also as they continued in the business and professional world. He has instilled in them principles of conduct which have marked them on the playing field as well as in their careers.

Coaches throughout the nation have given him high praise for his imaginative, creative football, and for his inspirational leadership, and have called him one of the finest strategists in the game.

In all his actions, both on and off the football field, he has gained respect and admiration as one who observes the finest concepts of sportsmanship, as an exemplification of the spirit of athletics at Illinois, and for his influence on the game and the young men he has coached.

While his career in active coaching is drawing to a close, it is gratifying to know that he will continue with the University in an administrative capacity, and that the University will therefore continue to benefit from the services of one of the best known and highly regarded figures in intercollegiate athletics.

In recognition of the distinguished service which Ray Eliot has given, therefore

Be It Resolved by the University of Illinois Board of Trustees that this tribute to him be made public,

And That the Board direct that this tribute and resolution be incorporated in the minutes of this meeting to become a part of the official record,

And That a suitable copy be forwarded to him as a permanent record of its gratitude and of the esteem and affection in which he is held.

Chicago, Illinois

On the 18th Day of November, 1959, and the 92nd Year of the University.

On motion of Mrs. Watkins, this resolution was unanimously adopted.

2. PALLAKARANAI T. NARASIMHAN, Research Assistant Professor in the Department of Chemistry and Chemical Engineering, beginning November 9, 1959, at an annual salary of \$6,000 (D).
3. HERBERT E. NATOR, Clinical Assistant Professor of Anesthesiology, in the Department of Surgery, beginning November 1, 1959, without salary (DY).
4. JACQUES OVADIA, Clinical Assistant Professor of Radiology, beginning November 1, 1959, without salary (DY).
5. H. J. ZWART, Visiting Associate Professor of Geology, for the academic year 1960-61, at a salary of \$8,000 (G).

On motion of Mr. Hughes, these appointments were confirmed.

LEAVE OF ABSENCE FOR WILLIAM H. RICE

(3) Governor William G. Stratton has appointed William H. Rice, Administrative Assistant (Legislative Relations) in the President's Office, as Administrative Assistant on the Governor's staff for an indefinite period. The Governor had previously requested the University to release Mr. Rice for this service. He has accepted the assignment and requests a leave of absence from the University.

I agreed to release Mr. Rice and recommend that he be given leave without pay. Although his appointment on the Governor's staff is not for a definite

period, University leaves are usually given for specific periods and I therefore recommend that Mr. Rice's leave be for one year from January 1, 1960.

This will also require formal action by the Alumni Association at the next meeting of its Board of Directors which will be held on January 16, 1960. In the meantime, the officers of the Association have indicated their approval.

On motion of Mr. Swain, this recommendation was approved.

EMPLOYMENT OF CONSULTING LANDSCAPE ARCHITECT

(4) As the result of plant and tree losses due to epidemic diseases, ice storms, and the heat and drought of the summer of 1959, the appearance of the campus has suffered materially. Repair and replacement of trees and replanting, and the construction of new buildings during the next several years, will require additional planning and capital expenditures.

The administrative responsibilities within the Physical Plant Department have been reassigned and Mr. Robert S. Chamberlin, formerly Superintendent of Operations, will be in charge of a new division, Campus Development and Site Planning. Mr. Chamberlin is a professional landscape architect.

To secure objective professional advice on campus planning and development, the Director of the Physical Plant recommends the employment of the firm of Sasaki, Walker, and Associates, Inc., Watertown, Massachusetts, as consulting landscape architects on a per diem basis. Mr. Hideo Sasaki, head of the firm, is a graduate of the University of Illinois and is now Head of the Department of Landscape Architecture at Harvard. He is a landscape architect of proven competence with a national reputation especially in the field of campus development.

The estimated cost of Mr. Sasaki's services is approximately \$4,600 per full year. Funds are available in the Physical Plant Department budget.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

ENGINEERING SERVICES ON STORM SEWER IMPROVEMENTS

(5) The city of Champaign is planning storm drainage improvements in certain areas which will triple the flow of water in the Boneyard channel at Wright Street, and when drainage in all areas of the Champaign watershed is fully developed, the maximum flow at Wright Street will be increased nearly four times the present rate. This will necessitate improvement of the Boneyard area through the campus and adjoining University land to prevent inundation. The Urbana-Champaign Sanitary District will undertake improvement of the Boneyard channel from Race Street in Urbana as far west as Lincoln Avenue and perhaps to Gregory Place.

It is not practical to estimate the extent of the improvements of the Boneyard on University property or the cost without engineering studies, and such engineering work must be done rapidly if the University is to keep up with the schedule of local improvements.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the firm of Wilson and Anderson, Champaign, be employed to make preliminary engineering studies of the Boneyard channel improvements required from Wright Street to Gregory Place at a fee of \$2,500, these services to include:

A detailed study of the route and at least two alternate designs for the Boneyard improvement from Wright Street to Gregory Place;

Study of the effect of such improvements on adjacent structures (bridges and building foundations) and determination of the extent of underpinning or replacements that will be necessary;

An analysis of the extent of utilities services adjacent to and crossing the channel to be re-routed; and

A report summarizing the study, making recommendations and giving estimates of the cost.

I concur and recommend that an appropriation of \$2,500 be made from the General Reserve Fund for this purpose.

On motion of Mr. Swain, this recommendation was approved, and the requested appropriation was made by the following vote: Aye, Mr.

Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Pogue, Mr. Stratton.

WIDENING AND REPAVING OF GREEN STREET

(6) The Board of Trustees on April 14, 1959, approved a recommendation from its Committee on Buildings and Grounds that the University participate with the city of Urbana in the improvement of Green Street from Wright Street to Lincoln Avenue. The Board also authorized the employment of Clark, Daily, and Dietz, Consulting Engineers, Urbana, to make complete plans and specifications and detailed cost estimates covering the University's participation.

Preliminary general estimates prepared by the University and reported to the Committee on Buildings and Grounds indicated a total cost of the project from Wright Street to Lincoln Avenue, including alterations of the Illini Union Building drive, relocation of University-owned utilities, and construction of a bicycle path along the street, but excluding landscaping, to be \$357,850, of which the University's share would be \$321,600 based on property frontage. Detailed estimates subsequently developed by engineers, including an added factor, the cost of expansion of the Green Street and Lincoln Avenue intersection to accommodate traffic movements as required by the state of Illinois, indicate a total project cost of \$418,800 of which University costs are estimated to be \$298,292.73.

The Director of the Physical Plant has conducted negotiations with the city of Urbana officials regarding the division of costs. He and the Vice-President and Comptroller recommend that:

The cost of the project, exclusive of landscaping and relocation of University-owned utilities, from Wright Street to the intersection of Lincoln Avenue be distributed on the basis of property frontage. The University owns 73.36 per cent of the street frontage;

The cost of the intersection at Green Street and Lincoln Avenue to be divided equally;

The cost of alterations to the Illini Union Building drive and the bicycle path on the north side of Green Street be assumed by the University; and

The costs to be borne entirely by the University be paid during this biennium, and costs to be shared with the city of Urbana be paid approximately one-third during 1959-61 and one-half of the remainder in each of the succeeding biennia with interest to be paid on deferred installments.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute an agreement with the city of Urbana based on the division of costs and payments stipulated above, subject to release of funds by the Governor during the present biennium and the availability of funds in each succeeding biennium.

On motion of Mr. Harewood, this recommendation was approved by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Pogue, Mr. Stratton.

ACQUISITION OF FARM LANDS FOR THE AGRICULTURAL EXPERIMENT STATION

(7) The Agricultural Experiment Station needs farm land for the Department of Horticulture to replace land which has been taken over for other University use.

Available land which will adequately meet the Department's needs is the H. N. Pell farm of 160 acres southeast of Urbana along what is commonly known as "Yankee Ridge."

The farm is presently in the H. N. Pell estate and can not be sold by it because of the provisions of Mr. Pell's will which convey a life estate in the property to certain heirs. Counsel for the estate, however, has informed the University that the heirs are willing to sell, and that if the University undertakes to acquire this land by eminent domain they will not oppose the suit but will cooperate.

The Dean of the College of Agriculture and Director of the Agricultural Experiment Station and the Vice-President and Comptroller recommend that the University proceed to acquire the farm through its right of eminent domain. Since the University's appropriation for 1959-61 for land acquisitions has not been released by the Governor, it will be necessary to acquire the farm through the University of Illinois Foundation with funds borrowed from the First National Bank of Chicago.

The Committee on Buildings and Grounds has authorized University officers to proceed with the acquisition program and has authorized the Vice-President and Comptroller to negotiate with the Foundation and with the First National Bank of Chicago to secure the necessary funds.

I recommend that the Board approve this plan of acquisition and that the following resolution be adopted:

Resolution

Be It, and It Is Hereby Resolved, Found, and Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that the following described real estate situated in the County of Champaign in the State of Illinois, to-wit:

The Northwest Quarter (NW $\frac{1}{4}$) of Section Twenty-Eight (28) in Township Nineteen (19) North, Range Nine (9) East of the Third Principal Meridian (3rd P.M.) in Urbana Township, in the County of Champaign and State of Illinois;

is needed by the University of Illinois, an educational institution established and supported by the State of Illinois, for horticultural research, teaching, and demonstration activities and for related educational purposes conducted and to be conducted by said University of Illinois and for the further expansion of the educational facilities of said University of Illinois and to enable said University of Illinois to discharge its duty to the people of said State and for public use; that funds are available to said University of Illinois for the purchase of said land for said educational purposes; that this Board of Trustees has negotiated with the owners of said land through their duly authorized representatives for the purchase of said land at a price which this Board of Trustees considers fair and reasonable and which it finds constitutes the present market value of said land, but that said owners have refused to sell and convey said land, or any portion thereof, to said The Board of Trustees of the University of Illinois for such price and continue to refuse to sell and convey the same to it except for a consideration and price which this Board of Trustees deems unreasonable and excessive and is, therefore, unwilling and has refused to pay; and

Be It, and It Is Hereby Further Resolved, Found, and Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that the compensation to be paid by it for said land can not be agreed upon between this Board of Trustees and the owners of said property and they and it are unable to agree upon the purchase price to be paid to said owners for the sale and conveyance of said land by said owners thereof to said The Board of Trustees of the University of Illinois; and

Therefore, Be It, and It Is Hereby Further Resolved, Found, and Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that because of said need of the University of Illinois for said land for the purposes hereinabove set forth and because the compensation to be paid to the owners thereof for such land can not be agreed upon between them and this Board of Trustees, it is necessary for The Board of Trustees of the University of Illinois to take said land and acquire title thereto through the exercise by it of the right of eminent domain conferred upon it by law and to have the compensation to be paid by it to the owners thereof and any and all other persons who may have any right, title, or interest in and to said land determined in the manner provided by law for the exercise of said right and power of eminent domain; and

Be It, and It Is Hereby Further Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois that the necessary and appropriate action be taken for the acquisition of title to said property by said The Board of Trustees of the University of Illinois and to have the compensation

to be paid therefor determined by the institution and prosecution to completion of a proceeding in eminent domain in a court of competent jurisdiction and that the Legal Counsel of the University be, and he is hereby, authorized to proceed accordingly, to institute and prosecute an eminent domain proceeding in the name and on behalf of The Board of Trustees of the University of Illinois for the acquisition of said land and the determination of the compensation to be paid by it therefor, and to employ such special legal counsel, appraisers, and others as he may deem necessary or desirable to assist him in the institution and prosecution of said proceeding.

On motion of Mr. Hughes, the foregoing resolution was adopted by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Pogue, Mr. Stratton.

APPROPRIATIONS BY ATHLETIC ASSOCIATION

(8) The Board of Directors of the Athletic Association has approved the following assignments of funds from its reserve, confirmation of which is requested.

Payment to the Alumni Association for services during 1958-59.....\$ 3 000
Additional funds for Grants-in-Aid for the first semester..... 20 000

On motion of Mr. Herrick, this assignment was confirmed.

ACCEPTANCE OF FEDERAL FUNDS FOR AIRPORT CONSTRUCTION

(9) The Board of Trustees on April 14, 1959, authorized an application to the Civil Aeronautics Administration, now the Federal Aviation Agency, for one-half the cost of enlarging the apron and constructing roads, walks, parking, and fencing at the University of Illinois Airport. The FAA has approved a grant of \$97,523, no part of which, however, may be used for the parking lot improvement in which the FAA can not participate. The State Department of Aeronautics will provide \$123,800 from its funds and the University will provide \$11,774.23, nearly all of which is for engineering services.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend acceptance of the federal grant. In accordance with the Agency and Participation Agreement the University has with the State Department of Aeronautics, it is also recommended that the Board authorize the Department to award a construction contract for \$218,132.37 to Parro Construction Corporation, the lowest bidder on this work, provided that no change orders will be issued without concurrence of the University.

I concur and recommend adoption of the following resolution:

Resolution Accepting, Adopting, and Authorizing Execution of Acceptance of Grant Offer of the Administrator of the Federal Aviation Agency, Constituting Grant Agreement Between the United States and the Board of Trustees of the University of Illinois

WHEREAS, the Administrator of the Federal Aviation Agency, for and in behalf of the United States, has extended to The Board of Trustees of the University of Illinois a formal Grant Offer, dated October 2, 1959, pursuant to the Project Application of The Board of Trustees of the University of Illinois, submitted to the Federal Aviation Agency, dated September 1, 1959, all as hereinbelow set forth, and all relating to the development of the University of Illinois Airport; the same bearing FAA Project No. 9-11-026-6003; and

WHEREAS, pursuant to and for the purposes of carrying out the provisions of the Federal Airport Act (60 Stat. 170; Public Law 377, 79th Congress) it is necessary that said Grant Offer be duly and formally accepted by The Board of Trustees of the University of Illinois; and

INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS ADVISORY COMMITTEE

(16) The Director of the Institute of Labor and Industrial Relations recommends the following appointments to the Institute's Advisory Committee for a term of three years beginning as of September 1, 1959, to fill vacancies.

Management

RAY C. DICKERSON, President, Felmley-Dickerson Company, Urbana, Illinois
Labor relations in the construction industry are old and well established. However, recent legislation will require modifications in established practices. The Institute will be called upon to do more work in this field, and a representative of the construction industry should be on the Advisory Committee. Mr. Dickerson is experienced in the industry in general and in the labor relations of that industry.

L. W. HESSE, Director of Industrial Relations, Keystone Steel and Wire Company, Peoria, Illinois
Mr. Hesse has had broad experience in management functions. He is now in charge of all industrial relations functions in his Company. He would bring experience in breadth and depth to the Committee.

Labor

THOMAS W. BURKE, International Vice-President, Building Service Employees International Union, Chicago, Illinois
Mr. Burke is an international officer of the Building Service Employees International Union. His office is in Chicago. He knows well and supports the extension work of the Institute.

HARRY T. VIREN, Sub-District Director of District 32, United Steelworkers of America, 1228 West Fifth Street, Sterling, Illinois
Mr. Viren is Sub-District Director of District 32, United Steelworkers of America. The Institute carries on many classes and conferences with the Steelworkers union. Mr. Viren knows this work well and is interested in it.

Public

BENJAMIN C. WILLIS, Superintendent of Chicago Public Schools, Chicago, Illinois
Mr. Willis has been Superintendent of the Chicago schools system since 1953. Before that he served as Superintendent of the Buffalo, New York, schools and in the Maryland school system. He has indicated interest in industrial relations both as a subject matter for study in the schools and as an administrative matter of major importance.

RUSSELL W. BALLARD, Director, Hull House, Chicago, Illinois
Mr. Ballard has been Director of Hull House since 1943. Before that he served as Superintendent of Illinois Training Schools for Boys at St. Charles, Illinois, and as Director of the Lake County, Indiana Welfare Department. While he is not directly involved in industrial relations work, his broad experience in social work provides an excellent resource to be drawn upon for any consideration of the increasing extension of industrial relations into the field of community affairs.

CHARLES ALSIP, Director, Region Five, Federal Mediation and Conciliation Service, Chicago, Illinois

Mr. Alsip has been on the staff of the Federal Mediation and Conciliation Service for eighteen years. For the past five years he has served as Director of Region Five which involves Illinois, Indiana, Wisconsin, Minnesota, Upper Michigan, North Dakota, and South Dakota. He is an experienced government practitioner in the difficult sphere of industrial disputes. He can give valuable advice and counsel to the Institute in both the industrial dispute and public policy areas of our work.

I concur.

On motion of Mr. Johnston, these appointments were approved.

REMODELING OF PROPERTY AT 1201 WEST STOUGHTON STREET

(17) The Director of the Engineering Experiment Station, the Director of the Physical Plant, and the Vice-President and Comptroller recommend that the property at 1201 West Stoughton Street be improved to provide temporary space for the Department of Mining and Metallurgical Engineering. The remodeling costs, representing deferred maintenance costs, will not exceed \$8,000 and can be provided from indirect costs received under contracts for research for which the building will be used.

I concur and recommend that this assignment from indirect costs be approved.

On motion of Mr. Swain, this appropriation was made by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Pogue, Mr. Stratton.

REPORT OF COMMITTEE ON GENERAL POLICY ON SITE SELECTION FOR THE CHICAGO UNDERGRADUATE DIVISION

Mr. Johnston, for the Committee on General Policy, presented the following report:

Since the receipt of the report by Real Estate Research Corporation in October, 1958, the University of Illinois and its Trustees have done everything within their power to arrive at a firm decision on site selection for the Chicago Undergraduate Division.

In every action, the guiding factors have been (1) to proceed primarily on the basis of the needs of commuting students in the Chicago area for the services of the State University, and (2) to meet a time schedule for increased enrollments, as projected by experts in the field and to relieve an unsatisfactory situation at Navy Pier.

The Real Estate Research Corporation report submitted to the Board of Trustees at its meeting on October 23, 1958, stated that subject to availability and cost, four sites were acceptable. Only one of the four sites—that at Riverside—could be acquired without the cooperation of other agencies. The University and the Trustees accepted this report.

Based on Mayor Richard J. Daley's statement on February 23, 1959, that the

city of Chicago would be willing to defray any extraordinary costs which would arise out of selection of a site within the city of Chicago, the University has worked in full cooperation with the City to proceed with its planning.

Subsequently, the Trustees were advised that Northerly Island, one of the four, could not be made available.

While on other occasions the University and the Trustees have acted favorably toward both the Riverside and Garfield Park locations, the Board has always expressed a willingness to consider the Rail Terminal site, should it meet time, availability, and cost requirements.

However, since no negotiable proposals from either the Rail Terminal Authority or the city of Chicago have been received in regard to the Rail Terminal site, its availability to meet the University's time schedule, or as to its cost, the University has proceeded with its planning for use of the Garfield Park site.

Based on the information which is presently available, the Garfield Park site appears to be the only site on which construction can be completed by the fall of 1963 for occupancy of a new campus and the transfer of the program now being offered at Navy Pier. Even on this site prompt action will be required by the city of Chicago and the Chicago Park District if this time schedule is to be realized.

When the University and the Trustees receive specific information from the city of Chicago or the Rail Terminal Authority concerning the availability and the cost of the Rail Terminal site, such information will be given careful and prompt consideration.

On motion of Mr. Harewood, this report was approved.

REPRESENTATIVES OF MIDWEST COMMUNITY COUNCIL OF CHICAGO

Mr. F. Adrian Robson, Executive Director of the Midwest Community Council, and two other Council representatives, the Reverend Shelvin J. Hall, President of the Council and Pastor of the Friendship Baptist Church, and the Reverend J. Burton Mark, Assistant to the President of Northern Baptist Theological Seminary, Chicago, appeared before the Board and spoke briefly in support of the selection of Garfield Park as a site for the relocation of the Chicago Undergraduate Division.

A TELEGRAM SENT TO GOVERNOR WILLIAM G. STRATTON

A telegram sent to Governor William G. Stratton by Mr. Edward J. Rosewell, representing thirty-nine organizations in Chicago and supporting the Governor's endorsement of Garfield Park site, was read and a copy was filed with the Secretary of the Board.

RECOMMENDATION OF COMMISSION TO VISIT AND EXAMINE STATE INSTITUTIONS

(18) The Subcommittee on Educational Institutions of the Legislative Commission to Visit and Examine State Institutions has made its annual visits to the University at Urbana-Champaign on November 2, and at the Chicago Professional Colleges and the Chicago Undergraduate Division on December 8 and 9, 1959.

Following its visit to the Chicago Undergraduate Division, the Commission adopted the following recommendation which is submitted for record.

Due to the conditions at Navy Pier, we strongly recommend that the Mayor of Chicago, the Chicago Park District, and the Board of Trustees of the University of Illinois take immediate action in the final decision of a site for the Chicago Undergraduate Division of the University of Illinois.

The Committee, on our visit to Navy Pier, feel that a state of acute emergency exists and that definite action must be forthcoming now. On the Committee visit they found that the physical buildings are not water proof and are entirely inadequate. As many as twenty-five professors are compelled to share offices in small rooms with no separating partitions.

It was pointed out to the Committee that the time element is of great importance and because of the anticipated increase in enrollment, a building site must

be selected immediately. We also found that the outstanding faculty is still maintaining a high morale, even though working under adverse conditions. In visiting with the students again the impact of the seriousness of a new site was pointed out to the Committee.

Even if a prompt decision is made on site selection, the earliest possible date that permanent facilities can be ready for the Chicago Undergraduate Division is the fall of 1963. This will result in the occupancy of seventeen years by the Chicago Undergraduate Division in temporary facilities.

This was received for record.

JANUARY AND FEBRUARY MEETINGS

The Board had previously voted to hold its January meeting at the Chicago Professional Colleges on Wednesday, January 20, 1960. It was the consensus of the Board that this meeting and the meetings of Board committees begin at 9:00 a.m.

On motion of Mrs. Watkins, the Board voted to hold its February meeting in Urbana, Illinois, on February 24, 1960, beginning at 10:00 a.m.

President Williamson called attention to the provisions in the By-Laws that the Board of Trustees shall hold the annual meeting on the second Tuesday of March, unless the date of the meeting be changed by the Board. The By-Laws of the Board of Trustees provide that "all meetings of the Board shall be held at the University at Urbana unless otherwise ordered by vote of the Board or by the President thereof. The members of the Board shall be notified by mail not later than five days previous to any meeting." President Williamson suggested that since the February meeting will be held so late in the month, the Board may wish to consider changing the date of the annual meeting from March 8, the second Tuesday, to a later date. Action on this was deferred.

EXECUTIVE SESSION

At this point, an executive session was requested, and on motion of Mrs. Watkins was so ordered, for consideration of the following business relating to property acquisitions.

PURCHASE OF PROPERTY AT 605 EAST DANIEL STREET

(19) The University's land acquisition program for the next ten years includes the property of the Cosmopolitan Club at 605 East Daniel Street, Champaign, as well as certain other adjacent properties. This consists of a lot 54 by 173 feet and a three-story and basement fourteen-room frame building which for many years has served as a home for student organizations.

The Cosmopolitan Club has offered to sell this property to the University. While there is a difference between the price asked and the evaluation placed on the property by the University, it can probably be resolved through negotiations. The Committee on Buildings and Grounds has voted to recommend acquisition of the property.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees authorize securing an option for a consideration of \$1,000 for purchase of this property at a price not to exceed \$48,000, the option to run to July 31, 1960, with the provision that the option price will be part of the agreed purchase price if the option is exercised. Securing an option will allow University officials time to continue price negotiations and will prevent further commercial development in the area.

I concur and recommend an assignment of \$1,000 from the General Reserve Fund for the purchase of this option.

On motion of Mr. Swain, this recommendation was approved, and the assignment of funds was made by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Swain, Mrs.

Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Pogue, Mr. Stratton.

ACQUISITION OF LAND FOR THE AIRPORT

(20) The Director of the Institute of Aviation and the Vice-President and Comptroller recommend the acquisition of approximately 128 acres of land north of the west portion of the Airport owned by Agnes S. Troutman, A. Russell Troutman, and Mae Troutman at a price of \$1,050 an acre, the exact acreage to be determined by a survey to be made at the expense of the sellers. The land is described as:

The East Half of the Northeast fractional Quarter; the East Half of the West Half of the Northeast fractional Quarter; and the East 38.8 acres of the West Half of the West Half of the Northeast fractional Quarter, excepting, however, the following described premises: Beginning at a point on the South line of said Northeast fractional Quarter 1286.2 feet West of the Southeast Corner of said Northeast fractional Quarter; thence West along said South line a distance of 1320 feet to the West line of that certain tract of land conveyed by Della Jutkins to A. E. Troutman, dated the 18th day of January, 1934, and recorded the 5th day of March, 1934, in Champaign County, Illinois, in Book 224 of Deeds, page 196; thence Northwesterly along the West line of said tract of land, making an angle of 92 degrees 37 minutes with the South line of said Northeast fractional Quarter, a distance of 1321.38 feet; thence Easterly along a line parallel with the South line of said Northeast fractional Quarter a distance of 1320 feet; thence Southeasterly 1321.38 feet to the Place of beginning, all of said premises being situated in Section 3, Township 18 North, Range 8 East of the Third Principal Meridian, in Champaign County, Illinois.

Approximately sixty-two acres of this farm are needed for extension of the north-south runway, and it is anticipated that the federal government will reimburse the University for one-half the cost of this acreage. The remainder of the farm may be sold, but in the meantime will be operated by the College of Agriculture for income-producing purposes.

The sellers have requested that the University acquire a farm in Vermilion County and exchange it for the property which they own. The Troutmans will pay the difference between the price of the Vermilion County land and the selling price of their farm.

Funds are not available in the state appropriations for the purchase of this land, but the First National Bank of Chicago has indicated that it will loan approximately \$135,000 to the University of Illinois Foundation to acquire this property. An application will be submitted to the Federal Aviation Agency for \$32,550 and a state capital appropriation will be requested for the balance in 1961.

The terms of the contract of purchase between the Foundation and the Troutmans and the lease with the University are set forth in resolutions which the Board of Directors of the Foundation will be asked to adopt at its next meeting. Copies of these resolutions are filed with the Secretary of the Board of Trustees for record.

I concur and recommend that the University of Illinois Foundation be requested to make the above purchase and exchange of land and to borrow approximately \$135,000 from the First National Bank of Chicago, and that the Comptroller and the Secretary of the Board be authorized to execute the necessary agreements with the University of Illinois Foundation, subject to approval of the Legal Counsel.

On motion of Mr. Harewood, this recommendation was approved by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Pogue, Mr. Stratton; not voting, Mr. Johnston.

PURCHASE OF PROPERTY BY UNIVERSITY OF ILLINOIS FOUNDATION

(21) Mr. Avery Brundage is the owner of 129,873 shares of common stock of the LaSalle-Madison Hotel Corporation. The Corporation has an authorized com-

mon stock of 140,000 shares, of which 1,867 shares are held in the treasury of the Corporation and 138,133 shares are outstanding. The Corporation owns the building known as the LaSalle Hotel and owns all of the stock of the LaSalle Pharmacy Corporation, which owns and operates the pharmacy located in the LaSalle Hotel.

Mr. Brundage desires to assist the University of Illinois Foundation by making it possible for the Foundation to acquire an income-producing asset. He has offered to sell his stock in the Corporation to the University of Illinois Foundation for a sum not to exceed \$8,000,000. The terms of purchase would be a down payment not to exceed \$750,000 and the remainder in notes bearing interest at the rate of 2½ per cent. The Foundation would agree to pay to Mr. Brundage an annual sum of \$400,000, of which the interest on the unpaid balance would be paid first, the remainder applying on the principal. Under the terms of this agreement, the loan would be paid off in approximately twenty-four years.

In addition to the minority stockholders, the Corporation has an outstanding mortgage loan in the amount of \$2,650,000 at 5¼ per cent interest, payable serially over a period of twenty-two years. Examination of the operating statements shows a relatively stable income, which will be adequate on the basis of past performance, to meet the obligations the Foundation would undertake.

In view of this offer to the Foundation, it is recommended that the Board of Trustees request that the Foundation, on behalf of the University, enter into this transaction with the understanding that when the Foundation has completely paid the obligations to Mr. Brundage, as well as to the holders of the mortgage, the property or the stock, whichever is then held by the Foundation, shall be transferred or conveyed to the Board of Trustees of the University of Illinois to be held in trust, said property or stock, or the income therefrom, to be used to advance the educational purposes of the University.

(During the discussion of this matter, Mr. Johnston asked to be excused because of another engagement.)

On motion of Mrs. Swain, this recommendation was approved by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Johnston, Mr. Pogue, Mr. Stratton.

On motion of Mrs. Watkins, the Board adjourned.

Caveny of the Chicago Undergraduate Division, Director C. S. Havens of the Physical Plant, Mr. Ralph F. Lesemann, Legal Counsel, Mr. C. E. Flynn, Director of Public Information, Mr. Joseph S. Begando, Assistant to the President, Mr. Vernon L. Kretschmer, Director of Auxiliary Services; and the officers of the Board, Mr. C. W. Weldon, Treasurer, Mr. H. O. Farber, Comptroller, and Mr. A. J. Janata, Secretary.

COMMITTEE MEETINGS

Meetings of the Board Committees on General Policy, Buildings and Grounds, and Nonacademic Personnel were held in the forenoon, beginning at 9:00 a.m.

ADDRESS BY DOCTOR EDWARD F. LIS

During the luncheon recess, following Board committee meetings, Dr. Edward F. Lis, Associate Professor of Pediatrics and Director of the Division of Services for Crippled Children, addressed the Board, discussing the program and operations of the Division.

**BUSINESS PRESENTED BY THE VICE-PRESIDENT
AND PROVOST OF THE UNIVERSITY**

In the absence of President David D. Henry, Vice-President and Provost Gordon N. Ray presented the following reports and recommendations.

**APPOINTMENT OF ASSOCIATE DEAN OF ADMINISTRATION
AT CHICAGO UNDERGRADUATE DIVISION**

(1) Upon recommendation of the Executive Dean of the Chicago Undergraduate Division and after consultation with the Executive Dean's Advisory Council, I recommend the appointment of Arthur D. Pickett, Associate Professor of Biological Sciences, as Associate Dean of Administration of the Chicago Undergraduate Division beginning February 1, 1960, at a salary of \$13,000 a year on a twelve-month service basis. He will retain his rank and indefinite tenure as Associate Professor of Biological Sciences.

This will be a new position, made necessary by the increasing administrative load at the Chicago Undergraduate Division.

On motion of Mrs. Watkins, this appointment was approved.

CHAIRMANSHIP OF THE DEPARTMENT OF HISTORY

(2) Professor J. W. Swain, Chairman of the Department of History, will retire from active service at the end of the current academic year.

The Dean of the College of Liberal Arts and Sciences recommends the appointment of Professor Chester G. Starr as Acting Chairman of the Department for one year from September 1, 1960, and Professor Norman A. Graebner as Chairman of the Department for two years from September 1, 1961. The salaries will be determined when the budgets for 1960-61 and 1961-62 are submitted to the Board for approval.

These appointments are recommended after consultation with the Executive Committee of the Department. The Vice-President and Provost and the Dean of the Graduate College have also been consulted and concur.

Professor Graebner's appointment as Chairman is being deferred for one year on his request. During the past year or two he has assumed numerous responsibilities outside the Department of History, including special University service on committees and other assignments, which have interrupted his historical writings, and he desires time off to catch up before taking over the chairmanship. He will be an Associate Member of the Graduate College Center for Advanced Study during 1960-61.

I recommend approval.

On motion of Mr. Swain, these appointments were approved. The Secretary was instructed to send Professor Swain a letter expressing appreciation of the Board of Trustees for his many years of faithful and devoted service to the University.

APPOINTMENT OF PETER R. ELLIOTT AS HEAD FOOTBALL COACH

(3) The Board of Directors of the Athletic Association and the Director of Intercollegiate Athletics recommend the appointment of Peter R. Elliott, formerly

Head Football Coach at the University of California at Berkeley, as Head Football Coach at the University of Illinois effective January 1, 1960, at a salary of \$18,000 a year.

The Dean of the College of Physical Education will also recommend his appointment as Associate Professor of Physical Education for Men effective September 1, 1960, and part of his salary thereafter will be paid from University funds for teaching services. In the meantime, Mr. Ray Eliot, who became Assistant Director of Athletics on January 1, 1960, and who is also Associate Professor of Physical Education for Men, will in that capacity complete his teaching assignment for the academic year 1959-60.

After consultation with all members of the Board of Trustees and securing their approval, the appointment was announced on December 22, 1959, and is now submitted with the President's recommendation for formal approval.

On motion of Mr. Herrick, seconded by Mr. Pogue, this appointment was approved.

11. DONALD F. SCHULTZ, Research Assistant Professor of Biophysics, in the Department of Electrical Engineering, on one-half time, beginning July 1, 1960, at an annual salary of \$7,000 (S) (BY50).
12. LIDA JANE WILLE, Consultant in the School of Social Work, with rank of Associate Professor, beginning February 1, 1960, at an annual salary of \$10,000 (BY).

On motion of Mr. Swain, these appointments were confirmed.

APPOINTMENT TO THE INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS ADVISORY COMMITTEE

(5) The Director of the Institute of Labor and Industrial Relations recommends the appointment of Mr. John Meade, Vice-President and Director of Industrial Relations of Fansteel Metallurgical Corporation, North Chicago, Illinois, as a management representative on the Institute's Advisory Committee for a term of three years beginning September 1, 1959, to fill a vacancy on that Committee. Mr. Meade has had extensive government and industry experience in the field of industrial relations.

1 concur.

On motion of Mr. Johnston, this appointment was approved.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(6) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law.

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
WILLIAM LOUIS FUETTERER	Chicago	Ohio
ROBERT R. HILL	St. Louis, Missouri	Missouri
THOMAS LELAND HOLTON	Wilmette	Texas
JOSEPH RICHMOND	Wilmette	Massachusetts
JAMES LOUIS WALKER	Indianapolis, Indiana	Indiana

I concur.

On motion of Mr. Harewood, these certificates were awarded.

ADMISSION OF TRANSFER STUDENTS

(7) The three Senates recommend that the regulations governing the admission of students transferring from other colleges or universities be amended to read as follows, the change to become effective September 1, 1960:

A person who has attended another college or university of recognized standing is considered for admission to the University of Illinois on presenting (1) a transcript of his college record showing honorable dismissal from the institution from which he comes, and (2) an official statement of his preparatory school work.

General University requirements for admission by transfer in terms of the grading system of the University of Illinois, are as follows:

1. *With more than forty semester hours of academic credit*, a minimum of
 - a. 3.0 (C) total average, including all courses passed or failed;
 - b. 3.0 (C) averages for the applicant's last semester (with a minimum of the last twelve semester hours taken by a transfer student to be used in determining the last semester average; furthermore, if the last twelve semester hours bridge two or more semesters, quarters, or summer sessions of study, the entire semester, quarter, or summer session of study in which the twelfth hour falls should be included in the average); or approval of the applicant's petition by the dean of the college concerned, for his admission on probationary status.
2. *With forty semester hours or less of academic credit*, a minimum of
 - a. 3.0 (C) average, except that a resident of Illinois whose scholastic average is below 3.0 but above 2.5 may, with the approval of the dean of the college concerned, be admitted on probationary status.
 - b. A nonresident of Illinois whose scholastic average is less than 3.0 will not be admitted.

Special Admissions. A student who is not eligible on one of the plans described above may be admitted, with the approval of the Dean of Admissions and Records and the dean of the college he wishes to enter, providing he submits evidence which clearly establishes his qualifications to do satisfactory work in the curriculum in which he wishes to enroll.

I concur.

On motion of Mr. Clement, this recommendation was approved.

**REVISION OF REQUIREMENTS FOR ADMISSION
TO THE COLLEGE OF ENGINEERING**

(8) The Urbana-Champaign Senate recommends that the specific requirements for admission of freshmen to the College of Engineering be revised to read as follows, effective for students enrolling in September, 1963, and thereafter:

<i>High School Subject</i>	<i>Number of Units</i>	
	<i>Required</i>	<i>Recommended</i>
English.....	3	1
Algebra.....	2	
Plane Geometry.....	1	
Trigonometry.....	$\frac{1}{2}$	
College Preparatory Mathematics.....		$\frac{1}{2}$ or more
Science.....	2	1
Social Studies.....	2	1
Language.....	2	
Additional Language.....		$\frac{1}{2}$ or more

In addition, applicants must meet the general requirements for admission to the University which are applicable to all students regardless of the college in which they enroll.

The increased subject matter requirements emphasize general education rather than specific preparation for engineering studies. Thus, biology as well as chemistry or physics may be presented to fulfill the science requirement. Social studies and foreign language requirements are added. The recent trend in engineering curricula to increase requirements in social sciences and humanities is reflected in an entrance requirement which will stimulate the prospective engineer also to include subjects in these areas and in language in his high school program.

Students who have only one unit of algebra and one unit of plane geometry may be admitted on condition that the deficiency is removed in the first year. No credit toward graduation will be allowed for mathematics courses taken to remove a deficiency in entrance requirements.

Required science must include two units from physics, chemistry, and biology. Botany and zoology may be substituted for biology. General science may not be used as a required subject.

Required language must be two units in one language. Languages which are acceptable are those normally taught at the University of Illinois and listed in the Undergraduate Study bulletin.

Students who are deficient in foreign language may be admitted on condition that the deficiency be removed in the first two years. No credit toward graduation will be allowed for language courses taken to remove a deficiency in entrance requirements.

Students transferring from other colleges shall not be excused from these entrance requirements unless they have demonstrated proficiency in the areas in which they are deficient.

I concur.

On motion of Mr. Swain, this recommendation was approved.

CURRICULUM IN GENERAL ENGINEERING

(9) The Urbana-Champaign Senate recommends a new curriculum in general engineering leading to the degree of Bachelor of Science effective for students entering in September, 1960. The major change is to require a total of 142 semester hours for a degree exclusive of the required military training and physical education. The main reason for this change is that the Engineering Council for Professional Development accreditation criteria limits the amount of time permissible for secondary fields of study to six hours in a four-year curriculum. The faculty of the College of Engineering is of the opinion that anything less than twelve hours in secondary field study would detract from the effectiveness of the program and to obtain the additional six hours requires an increase from 136 to 142 hours. It is unlikely that this additional six hours will be a handicap to students, since a large percentage of those in the College of Engineering already take more than eight semesters to complete degree requirements.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Johnston, this recommendation was approved. Mr. Herrick voted "no."

REVISION OF CURRICULUM IN MINING AND METALLURGICAL ENGINEERING

(10) The Urbana-Champaign Senate recommends a revision in the curriculum in mining and metallurgical engineering by adding a three-hour course in statistics (Mathematics 263) and changing a course in mining engineering (Mining Engineering 253) from four semester hours to three semester hours.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

REVISION OF CURRICULA IN MECHANICAL ENGINEERING AND INDUSTRIAL ENGINEERING

(11) The Urbana-Champaign Senate recommends a revision of the curricula in mechanical engineering and industrial engineering by dropping the course Advanced Drafting for Mechanical Engineers (General Engineering 112) from the second semester of the second year, changing the social sciences or humanities electives from a total of ten semester hours to nine semester hours, and adding a three-hour course in engineering analysis and design in the fourth year.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Swain, this recommendation was approved.

CURRICULUM IN CRAFTS

(12) The Urbana-Champaign Senate recommends authorization of a new curriculum in crafts in the College of Fine and Applied Arts, the objective being to provide a strong basis of fine arts, a foundation of general education centered in the humanities and social sciences, and a solid technical program in two of the three most important crafts areas.

Submitted herewith are the details of this new curriculum, a copy of which is being filed with the Secretary of the Board for record.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Swain, this recommendation was approved.

SHORT-TERM LOANS

(13) Fifteen years ago the University of Illinois held slightly over \$500,000 in loan funds, of which less than \$100,000 was loaned to students and the balance was invested in government securities. During the intervening period, the total of such funds has increased to \$744,000 all of which is now loaned or committed. At the present time there are insufficient funds to meet approved applications, and loans are being made solely from repayments on outstanding notes.

The University makes two types of loans: long-term loans, which are repaid in installments beginning four months after the student leaves school; and short-term loans, which are generally in amounts of less than \$100, bear no interest, and are payable within the semester in which they are made. The sum of \$39,000 has been assigned from certain loan funds, the terms of which are sufficiently liberal to permit them to be used for short-term purposes.

During the past semester the demand for short-term loans has continually exceeded available resources, and it has been necessary to temporarily assign cash from long-term funds for which the demand is also greater than the available resources. Without some assistance it will be necessary to refuse many applicants for short-term loans after the beginning of the second semester.

The University of Illinois Foundation holds a substantial cash balance in the Shaw Endowment Income account which may be used for educational purposes and is generally used for scholarships. These funds will not be needed until the first semester of 1960-61, and the Board of Directors of the Foundation has agreed to make a temporary grant of \$20,000 from them to the University for short-term student loans during the second semester of 1959-60, to be repaid by Septem-

ber 1, 1960. Although this is not a solution to the student loan problem, it will provide temporary relief.

The Vice-President and Comptroller and the Dean of Students recommend acceptance of this grant under the condition stated.

On motion of Mr. Hughes, this recommendation was approved.

SALE OF SECURITIES RECEIVED FROM LAKELAND FOUNDATION

(14) Mr. F. B. Hubachek of the Lakeland Foundation has made a gift to the University of Illinois of one hundred and forty-seven shares of the common stock of the Household Finance Corporation with a request that the stock be sold and the proceeds credited to the Lakeland Foundation gift account to which Mr. Hubachek has made cash donations each year for a number of years. The Lakeland Foundation gift to the University was established several years ago to carry on a research program in the Department of Clinical Science of the College of Medicine.

Since the stock was given to the University by the Lakeland Foundation with the stipulation that it be sold, the following resolution should be adopted to authorize the sale of the stock. The stock had a value of \$26.75 a share at the time of the gift on December 22, 1959.

Resolution

WHEREAS, the Board of Trustees of the University of Illinois is the owner of one hundred and forty-seven shares of the common stock of the Household Finance Corporation, and

WHEREAS, it is the decision of said Board of Trustees to sell and dispose of this stock,

Now, Therefore, Be It Resolved that this sale be completed and that A. J. Janata, Secretary, and H. O. Farber, Comptroller, be authorized to execute all documents necessary to accomplish this.

On motion of Mr. Herrick, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

ELECTRICAL SERVICE FOR LAUNDRY BUILDING CHICAGO PROFESSIONAL COLLEGES

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of an agreement with the Commonwealth Edison Company, Chicago, for the installations necessary to supply electrical service to the new Laundry Building at the Chicago Professional Colleges at a cost of \$3,153.

The work will include construction of a duct run from the Edison Company's manhole in the street to the property line, installation of cables from the manhole to the Laundry Building, setting of transformers, and cable work within the transformer vault.

Funds are available in the construction budget for the Laundry Building.

I concur.

On motion of Mr. Harewood, this agreement was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

ENGINEERING SERVICES FOR EXTENSION OF UTILITIES TO ASSEMBLY HALL

(16) Provision was made in the state capital appropriations for 1959-61 for all utilities services to the Assembly Hall, including steam, electric, water, and storm and sanitary sewers. The funds are subject to release by the Governor and as a result of the "freeze order" on capital funds, all engineering work on utilities services was stopped. As it now appears that the University will not secure a release of funds in time to complete utilities by the time the building is constructed, an alternate method must be found to provide and finance temporary

utility services. Preliminary studies of alternate methods of providing utilities services indicate that:

A temporary storm sewer, estimated to cost approximately \$30,000, is the most critical and immediate need of the contractor. It is only a partial solution, and there may be periodic flooding and closing of the new Florida-Kirby underpass during periods of heavy rainfall.

An additional capital expenditure of approximately \$165,000 will be necessary to finance the cost of construction of a temporary oil-fired heating plant and the extension of Illinois Power Company electric service to the site. These temporary services will, however, result in a net increased operating cost of approximately \$84,000.

There is no temporary solution for water and sanitary sewer service, and the permanent facilities originally contemplated and estimated to cost approximately \$38,000 will be required.

The Assembly Hall is being financed through a bond issue, and funds can be made available in the building construction account for the cost of the engineering services and the electric lines. The biennial operating budget includes funds for operating the Assembly Hall during 1960-61, but since the building will not be occupied before the fall of 1961, these funds can be used to finance the construction of the water mains, sewer, and heating plant.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that:

Sargent and Lundy, Consulting Engineers, Chicago, be employed on the engineering services required for the construction of a temporary oil-fired heating plant. The estimated cost of these services is \$10,000.

Wilson and Anderson, Champaign, be employed to do the engineering work required for the water and sanitary sewer services. The estimated cost of these engineering services is approximately \$3,800.

It is recommended that authorization of these two firms be by changes in the existing contracts with them previously authorized by the Board.

The Vice-President and Comptroller and the Secretary of the Board be authorized to execute a contract with the Illinois Power Company for extension of electrical service to the site at an estimated net cost of approximately \$15,000.

Recommendations will be submitted for awards of contracts and assignments of funds for the construction of the temporary heating plant and the extension of storm and water sewer services when these services have been designed and bids have been taken.

The Committee on Buildings and Grounds has previously considered these recommendations and is prepared to support them.

I concur.

On motion of Mr. Swain, these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, Mr. Herrick; absent, Mr. Stratton.

ENGINEERING SERVICES ON EXTENSION OF UTILITIES TO HOUSING AREAS

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend additions to an existing contract with Wilson and Anderson, Champaign, for engineering services, authorized by the Board on February 19, 1959, to include design for (a) extension of the Mathews Avenue sanitary sewer interceptor from Illinois Street to Florida Avenue; (b) a water main, lift station and force main, and a sanitary sewer to service the additional family housing to be constructed in the area between South Race Street and Orchard Avenue extended. The extension of the Mathews Avenue sanitary sewer interceptor will also serve the residence halls for women to be constructed south of Florida Avenue and west of Lincoln Avenue and eventually other buildings.

The estimated cost of these engineering services is \$14,000 and will be paid from the proceeds of the bond issue to finance the construction of the family housing units already authorized by the Board. If funds in the state capital

appropriations to the University for 1959-61 are released, it is proposed to charge \$9,500 of the cost of these engineering services to the appropriation for extension of utilities.

I concur.

On motion of Mr. Johnston, these contract changes were authorized.

LAND ACQUISITIONS

(18) The Director of the Physical Plant and the Vice-President and Comptroller submit the following public report of property purchases authorized by the Board and now completed:

AMENDMENT OF GENERAL RULES CONCERNING UNIVERSITY ORGANIZATION AND PROCEDURE

(21) The Committee on Fees recommends that Section 30, Registration of Staff Members in University Classes, in the General Rules Concerning University Organization and Procedure be amended effective September 1, 1960, as shown below. The new language is shown in *italics*.

A subtitle of the Section is added to read: Registration of Staff Members in Undergraduate Colleges.

The present paragraph (a) to be changed to read:

Undergraduate students on the academic, administrative, or permanent non-academic staff of the University, or on the staffs of allied surveys and laboratories located on the Urbana-Champaign campus, may register in University courses for which they are eligible for admission, without payment of the tuition fee and the laboratory, library, and supply fee, provided that their annual salary for nine months is less than the minimum salary for such period established for full-time assistants, *and provided that their official appointments call for a minimum of four months of service during the semester in which exemption is desired.* (A semester is defined for this purpose as the equivalent of four and one-half months of work.)

(The latter change is regularizing precisely what is being done at the present time.)

Paragraphs (b) and (c) are not changed.

The present paragraph (d) to be deleted.

The present paragraph (e) to be changed to read:

(d) *Undergraduate students* on appointment for a second semester who are exempt from payment of fees for courses in which they are registered during the period of their appointment are exempt also from a payment of fees for courses in which they enroll in the Summer Session immediately following termination of their appointments, *provided they hold no appointments in that Summer Session. Undergraduate students holding summer session appointments requiring at least seven weeks of service shall be subject to such tuition and fees as would be assessed in accordance with the principles expressed in (a) and (b) above.*

(Undergraduate academic and nonacademic employees have had the same privileges as graduate employees insofar as they concern extension of the tuition and fee exemption benefits to the Summer Session immediately following termination of their appointments. The recommended revision of former paragraph (e) now paragraph (d), as indicated, provides for the undergraduate employees the same summer session exemptions proposed for the graduate academic staff.)

A new paragraph (e) to be added:

(e) *Undergraduate students not subject to tuition and fees by reason of their appointments who resign from their positions before the midpoint of the*

semester or Summer Session and continue as students after the date of resignation shall be subject to payment of tuition and fees.

A new subsection, with a subtitle, to be added:

Registration of Staff Members in the Graduate College

(f) Graduate students who are academic employees of the University, or of allied surveys and laboratories located on the Urbana-Champaign campus, may register in University courses for which they are eligible for admission without payment of the tuition fee and the laboratory, library, and supply fee, provided their official appointments call for not more than 62.5 per cent of full-time services for a minimum of four months during the semester in which exemption is desired. Graduate students employed under two or more appointments from the University or allied surveys and laboratories shall have their basis for exemption computed on an equivalent scale. Graduate students not subject to tuition and fees by reason of their appointments who (1) resign from their positions before the midpoint of the semester, (2) complete clearance for graduation within one week following the date of resignation, and (3) leave the campus, shall not be subject to payment of tuition and fees for that semester and they need not cancel their registration in University courses for the semester. Such persons who continue as active students after the date of resignation shall be subject to payment of tuition and fees.

(g) Those graduate students, including fellows, who are not exempt from the payment of tuition and fees in accordance with paragraph (a) above shall be subject to payment of tuition and fees unless they are awarded tuition and fee waivers (in whole or in part) by the Graduate College. These tuition and fee waivers shall be awarded at the discretion of the Graduate College as authorized by the Board of Trustees.

(h) Graduate students holding appointments during the second semester of an academic year either as employees or fellows, and for whom tuition or fees have been provided through exemption, waiver, or cash payment by an outside agency, shall be exempt from the payment of the same kinds of tuition and fees for the Summer Session immediately following, provided they hold no appointments during the Summer Session. Graduate students holding summer session appointments as fellows or as employees requiring at least seven weeks of service shall be subject to such tuition and fees as would be assessed in accordance with the principles expressed in sections (a) and (b) above.

(i) These rules do not apply to graduate nonacademic employees who are governed by the same regulations applying to undergraduate employees, as stated in paragraphs (a) through (e) above.

(j) Graduate students who hold any type of University appointment including that of fellow, may not accept additional employment from the University or any allied agency without the approval of the Dean of the Graduate College.
I concur.

On motion of Mr. Swain, these amendments were adopted.

TUITION AND FEE WAIVERS IN THE GRADUATE COLLEGE

(22) The Dean of the Graduate College recommends authorization of 450 tuition and fee waivers a year to graduate students which would include (a) all University fellows, i.e. those whose stipends are paid from University funds; (b) most fellows whose stipends are paid from endowments or other trust funds received by the University for such purposes; (c) a number of teaching assistants who for reasons beyond their control may be compelled to accept teaching assignments which do not carry exemption from payment of tuition and other fees on the basis of their appointments; and (d) all foreign graduate students who qualify for tuition and fee waivers. This latter would leave present foreign scholarships available exclusively to undergraduate students.

It should be noted that the term "tuition and fee waiver" is used here rather than the term "scholarship." This is a desirable change in nomenclature which would leave the term "scholarship" to apply to undergraduate students only.

I concur in this recommendation.

On motion of Mr. Herrick, this recommendation was approved.

**ADMISSION OF UNDERGRADUATE STUDENTS
ENTERING DIRECTLY FROM HIGH SCHOOL**

(23) The present requirements for admission of undergraduate students entering directly from high school include a provision that a graduate of an accredited high school who is a resident of Illinois and whose scholarship is in the lowest quarter of his class, but who otherwise meets the entrance requirements, will be admitted on probationary status subject to certain conditions, including: "Such an applicant will be required by the University to take tests as prescribed by the Student Counseling Service *and to receive in an interview an interpretation of the test scores and their educational and vocational significance.*"

The Director of Student Counseling Service and the Dean of Admissions and Records recommend that the language of the phrase in italics be amended to read: "... and to receive a letter advising him of his chances of succeeding in the University and inviting him to utilize the services of the Student Counseling Service for interpretation of the educational and vocational significance of his test scores if he so wishes."

Since this is an administrative procedure and involves no change in policy, I have approved the change, effective at the beginning of the first semester of 1960-61, and report this action for record.

This report was received for record.

**DISCLAIMER REQUIREMENT IN STUDENT LOAN FUND PROGRAM
OF NATIONAL DEFENSE EDUCATION ACT**

(24) The University of Illinois Board of Trustees registers its objections to the disclaimer or affidavit of disbelief oath required of student recipients of federal loans under the National Defense Education Act and urges that the Congress remove the disclaimer oath provisions from the Act during its present session.

The Board, at the same time, emphasizes its approval of the allegiance oath requirement for such loans.

The Board states that despite its objection, the University will continue to participate in the federal loan program if the disclaimer oath is not removed. To withdraw would force many of the more than 400 students now holding federal loans to leave the University since loan funds from other sources are exhausted.

Under these circumstances it seems best to leave to the individual student the decision as to whether or not the taking of the disclaimer oath can be reconciled with the dictates of his conscience.

The foregoing statement was presented by the Vice-President and Provost, representing the President of the University, with the recommendation that it be adopted as the official position of the University on this question.

During the discussion of the recommendation, Mr. Hughes suggested that in lieu of registering objection to the disclaimer oath, the Board recommend a change in the language to remove the objectionable features.

Mr. Harewood stated that in his opinion the Board should not undertake to redraft any provisions of the National Defense Education Act but that it should express its position in general terms.

Mr. Clement spoke in opposition to the disclaimer oath.

At the conclusion of this discussion, on motion of Mr. Clement, this statement was adopted by the Board. Mr. Herrick and Mr. Hughes voted "no."

LIBRARY OF INTERNATIONAL RELATIONS

(25) On November 18, 1959, the Committee on General Policy received a report from the Dean of Library Administration on the availability to the University of the Library of International Relations at 351 East Ohio Street, Chicago. The future of this Library has been a subject for urgent consideration because of its financial problem, and a firm offer was received from Michigan State University for its removal to East Lansing. Desiring to keep the Library in Chicago, its

Trustees have suggested a possible affiliation with the University of Illinois. The Committee on General Policy voted to support the University administration's interest in acquiring the Library of International Relations and the Dean of Library Administration was authorized to negotiate with its Trustees.

The Library's distinguished collection consists of more than 150,000 books, pamphlets, periodicals, and other materials and is valued by its Trustees at a minimum of \$500,000. It was developed largely through the financial backing of Chicagoans, and its usefulness increases with Chicago's expansion as a seaport. These are among the many strong practical reasons for keeping the Library in Chicago permanently.

The Trustees of the Library of International Relations have requested an official expression from the Board of Trustees of the University of Illinois of the University's interest in acquiring the Library, this expression to cover specifically two points:

1. That every reasonable effort is to be made to provide a permanent location for the L.I.R. which will be convenient for the Library's established clientele;
2. And that the L.I.R. is to be recognized permanently as a distinctive professional collection, with the intent of maintaining it as such rather than merely as a department of an undergraduate library."

The Dean of Library Administration recommends that the Board of Trustees of the University of Illinois officially express to the Trustees of the Library of International Relations the willingness of the University of Illinois to acquire their Library under the following conditions:

1. It will be housed, as a separate unit, in the new library building of the Chicago Undergraduate Division when such a building is erected, and will be maintained as a specialized collection available to the clientele it now serves, as well as to the faculty and students of the University.
2. Special programs of the Library of International Relations, such as discussion groups, seminars, and other types of public relations programs now sponsored by it, will be continued.
3. Since any library that stops growing soon becomes dead or obsolete, the L.I.R. resources will be developed continuously in the fields covered by its present program. This implies systematic acquisition of materials by purchase, exchange, and gift, and the availability of regular operating funds.
4. Since it is important that the present Board of Trustees of the Library of International Relations and Governing Members continue their association with it, following affiliation with the University, these groups would be organized into a "Friends of the Library Society," such as is found in a number of institutions. Except for administrative responsibility, the Society would carry on most of the activities with which the present Trustees and Governing Members are now concerned. Administratively, the Library of International Relations would be attached to the University's Chicago Undergraduate Division Library which reports to the Dean of Library Administration of the University of Illinois.
5. The transfer of the Library of International Relations would include transfer of its staff to the library staff of the University of Illinois.
6. The University will include in its biennial budget estimates for 1961-63 provision for partial financial support of the Library.

If the Board of Trustees approves the foregoing recommendations, it is further recommended that the University's administrative officers be authorized to pursue negotiations with the Trustees of the Library of International Relations with a view to arriving at a firm agreement with regard to the transfer of the Library to the University when the library building on the new Chicago Undergraduate Division campus is completed.

On motion of Mr. Johnston, these recommendations were approved.

CHANGES IN STUDENT FEES

(4) The Committee on Fees recommends the following changes in fees, effective September, 1960:

1. Laboratory, Library, and Supply Fee at Urbana-Champaign and at the Chicago Undergraduate Division, increase from \$10.00 to \$12.00 a semester,
2. Discontinuance of the University High School Tuition Fee of \$25.00 a semester,
3. Establishment of a Student Activity Fee of \$7.00 a semester at the University High School.

The fees for the Summer Session will be half these amounts. Students carrying eight semester hours of undergraduate or two units of graduate work or less in a semester (four hours or one unit or less in the Summer Session) will be charged one-half the Laboratory, Library, and Supply Fee.

The Laboratory, Library, and Supply Fee was set at \$11.00 in 1953 and was reduced to \$10.00 in 1959 when the Hospital-Medical-Surgical Insurance Fee was increased by one dollar. The increase now proposed is proportionately somewhat less than the general increase in the price level of laboratory materials and supplies, but the two-dollar adjustment is considered adequate at this time.

The University High School is a laboratory, hence it is desirable to have pupils of various aptitudes and talents. Elimination of the tuition fee is recommended so that gifted children from families of low economic status can be included in the program. Laboratory schools in other state-supported institutions of higher education in Illinois do not charge tuition, and a similar practice is followed in other states.

The University High School Student Activity Fee will eliminate the sale of activity tickets, ticket sales at plays and athletic events, sales at the school store and carnival, and sale of advertising in the yearbook. Outside support is available to take care of the fee for pupils from families in low income brackets.

¹ concur.

On motion of Mr. Clement, these changes in fees were approved as recommended.

REQUIREMENTS FOR ADMISSION TO COLLEGE OF MEDICINE

(5) The Chicago Professional Colleges Senate, with the concurrence of the

Urbana and Chicago Undergraduate Division Senates,¹ recommends the following changes in existing admissions requirements for entrance to the College of Medicine:

An increase in the total number of semester hours of premedical college work from eighty-eight to ninety-four semester hours.

A change in specific course requirements to include the study of nuclear physics, and the addition of six hours in one subject-matter area in advanced (junior and senior) undergraduate courses not presently included in the specified requirements in chemistry, physics, biology, English, foreign language, social sciences, and humanities. The number of electives permitted, twenty-eight semester hours, remains the same.

The objectives of this change are to assure that students planning to study medicine are provided adequate preparation in certain sciences on which the medical curriculum is based, a breadth of education, particularly in nonscience areas, and depth in education in at least one subject-matter area.

It is proposed that this change become effective for students beginning their premedical studies in September, 1962.

A supporting memorandum giving the details of these changes and a statement from the Dean of the College of Medicine is submitted herewith, and a copy is being filed with the Secretary of the Board for record.

I concur in these recommendations.

On motion of Mrs. Watkins, this recommendation was approved.

LEASE OF SPACE FOR AGRICULTURAL EXTENSION SERVICE

(6) The Director of the Agricultural Extension Service and the Vice-President and Comptroller recommend the lease of Suite 301-303 in the 188 Randolph Tower Building, Chicago, from March 1, 1960, to June 30, 1961, at a rental of \$300 and \$450 a month. Since the space will not be completely used prior to July 1, the rental for the first four months has been reduced to \$300 a month. The space will be occupied by the 4-H Club staff which will be expanded through private contributions obtained through the Steering Committee for Urban 4-H Club Work. The rental will also be paid from these funds after July 1, 1960, and from federal extension funds prior to July 1.

I concur.

On motion of Mr. Johnston, this lease was authorized.

REASSIGNMENT OF FUNDS

(7) On July 29, 1959, the Board of Trustees approved several appropriations to provide additional classroom space for the College of Liberal Arts and Sciences, one item of which was \$29,500 for remodeling in the Natural History Building.

The cost of the work was less than estimated, and the Vice-President and Provost and the Vice-President and Comptroller recommend that \$5,425 of this amount be reassigned for remodeling in Davenport Hall and in the Woodshop to provide two additional classrooms.

On motion of Mr. Harewood, this reassignment was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

SPECIAL APPROPRIATIONS

(8) The Vice-President and Provost and the Vice-President and Comptroller recommend the following assignments from the General Reserve:

Remodeling in the Physics Laboratory to provide additional laboratory space for the Departments of Physics and of Mining and Metallurgical Engineering	\$13 640
Equipment for producing liquid nitrogen.....	5 000
To be supplemented by \$15,000 from funds budgeted for assignment	

¹ The Senate Committee on Educational Policy, acting for the Urbana-Champaign Senate on this matter, has approved the change and has advised that in its judgment action by the Urbana-Champaign Senate is not required.

by the University Research Board, and approximately \$11,000 from reserves for replacement of liquid nitrogen facilities.

Repairs and initial maintenance on property at 1207 West Stoughton Street, Urbana	3 572
An annual recurring assignment for operation and future maintenance of this property	2 375
Remodeling in Illini Hall for safety improvements and additional office space.....	8 000
Remodeling in Arcade Building and Illini Hall to provide additional space for Statistical Service Unit.....	68 000
I concur.	

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

ENGINEERING SERVICES FOR IMPROVEMENTS IN UPPER EMBARRASS RIVER DRAINAGE DISTRICT

(9) Landowners in the Upper Embarrass River watershed, south of and adjacent to University property in the area, have instituted proceedings to organize the "Upper Embarrass River Drainage District" and to improve the main channel of this river from the Philo Road north and northwest into and through University property along the west fork of the channel. There are approximately 14,400 acres in the drainage area, but for the present the District will include approximately 9,866 acres of which 1,280 acres are University property. The balance may later be annexed to the District.

The proposed construction will be 33,000 feet of ditch improvement, approximately 12,000 feet across University property, and the underpinning or rebuilding of bridge structures. Preliminary estimates of cost are \$264,000 of which the University's proportionate share would be \$93,000, the city of Urbana's share would be \$21,000, and the cost to the District would be \$150,000.

Need for this improvement is of long standing, and it will be of benefit to the University if adequately engineered. It would provide an outlet for the University's proposed southwest campus storm sewer and the southwest campus storm sewer to be constructed in cooperation with the city of Urbana.

The Director of the Agricultural Experiment Station, the Director of the Physical Plant, and the Vice-President and Comptroller recommend that the University participate and share in the cost of this improvement provided that:

1. The University's participation and share in the cost will be on a contractual basis and subject to availability of funds. (No funds are currently available.)
2. The extent of the University's participation and share in the cost will be based on an independent engineering analysis of the design of the improvements to be made, the anticipated benefits to the University, the reasonableness of cost of the improvements, and the equitable distribution of the cost.
3. The report of the engineers for the District, including plans, specifications, and estimates to be filed with the County Court, will be available to the University for review.

It is further recommended that the firm of Wilson and Anderson, Champaign, be employed by the University to make an independent engineering analysis of the project and the proposed improvements, these services to include (a) general review of information now available pertaining to the proposed District and its relation to University properties; (b) a review and analysis of the proposed improvements to evaluate the total and comparative benefits to University properties; (c) a report of findings under (a) and (b) together with recommendations for and assistance in negotiation of an agreement with the District; and (d) expert witness testimony or other technical assistance as may be authorized by the University. The estimated cost of these services will be \$1,500.

The Committee on Buildings and Grounds has reviewed these recommendations and is prepared to support them.

I concur and recommend an assignment of \$1,500 from the General Reserve for these services.

On motion of Mr. Hughes, this recommendation was approved, and the requested assignment of funds was made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

**CONTRACTS FOR FOOD SERVICE EQUIPMENT
IN MEN'S RESIDENCE HALLS**

(10) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$261,646 to the Illinois Range Company, Mount Prospect, Illinois, the lowest bidder, for the food service equipment to be installed in the Peabody Drive Residence Halls for undergraduate men students now under construction. This Company is currently completing an equipment contract for the Central Food Stores Building and is doing it in a very satisfactory manner.

Funds are available in the proceeds of the bond issue for this project.

I concur.

On motion of Mr. Swain, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

**CONTRACT FOR INTERIOR DECORATING
IN MEN'S RESIDENCE HALLS**

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend employment of Ernst C. Von Ammon, 920 North Michigan Avenue, Chicago, for interior decorating services in the public areas of the Peabody Drive Residence Halls at a fee of \$5,000, which is less than four per cent of the estimated cost of the furnishings for which he will be responsible.

I concur.

On motion of Mr. Johnston, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

**CONTRACT FOR COOLING TOWER REPLACEMENT ON THE
ILLINOIS NEUROPSYCHIATRIC INSTITUTE BUILDING**

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$8,978 to the Mutual Contracting Company, Chicago, the lowest bidder, for the replacement of a cooling tower on the Illinois Neuropsychiatric Institute Building in Chicago.

The work will include demolition of the present obsolete tower from the roof of the building and the installation of structural steel, roofing, and siding and the setting in place of a new cooling tower being purchased by the University. The tower which was built into the top of the Illinois Neuropsychiatric Institute Building when it was constructed by the State Department of Public Welfare in 1940 does not have the capacity now required and is in such condition that a new cooling tower must be provided for operation of the air-conditioning systems in this building.

Funds are available in the Physical Plant budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Hughes, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

**ADDITION TO CONTRACT FOR ARCHITECTURAL SERVICES
FOR FAMILY HOUSING UNITS**

(13) The Director of the Physical Plant and the Vice-President and Comptroller

recommend that Lundeen and Hilfinger, Bloomington, architects for the family housing to be constructed in the area south of Florida Avenue between South Orchard and Race Street, Urbana, be reimbursed for additional costs incurred in changing working drawings at the request of the University that each building be extended two feet in each direction and that certain other modifications be made in the building and the site plans.

Additional compensation will be in accordance with the terms of the contract approved by the Board of Trustees on October 22, 1956. It amounts to approximately \$2,700 for Lundeen and Hilfinger, and \$2,200 for consultants employed by them.

I concur and recommend that the Comptroller be authorized to execute the contract change order.

On motion of Mr. Johnston, this change in the contract was authorized.

ADDITION TO CONTRACT FOR CONSTRUCTION OF ASSEMBLY HALL

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$12,331 in the contract with Felmley-Dickerson Company, Urbana, for construction of the Assembly Hall to replace unsuitable soil with concrete where necessary under the ring footing around the building. This, plus the change order approved in December, substantially completes soil corrective work.

I concur and recommend that the Comptroller be authorized to execute the contract change.

On motion of Mr. Swain, this change in the contract was authorized.

QUARTERLY REPORT OF THE COMPTROLLER

(17) The Comptroller presented his quarterly report to the Board as of December 31, 1959.

This report was received for record, and a copy has been filed with the Secretary.

BEQUEST OF INA MEREDITH HUNTER

(18) The late Mrs. Ina Meredith Hunter of Eureka, California, and an alumna of the University of Illinois, Class of 1914, included in her will the following bequest: "I give and bequeath to the University of Illinois Student Loan Fund, of Urbana, Illinois, the sum of \$4,000.00 to be used in making loans to deserving junior and senior students who won honors in scholarship in the sophomore year."

This bequest has been accepted on behalf of the University and is reported for record. The University has been advised by the attorney for Mrs. Hunter's estate that probate proceedings should be completed and payment received by the University not later than December, 1960.

Confirmation of acceptance is requested.

On motion of Mr. Johnston, this acceptance was confirmed.

HANGAR AT UNIVERSITY AIRPORT

(19) The National Distillers and Chemical Corporation, New York, New York, has offered to construct a hangar at the University of Illinois Airport and, upon completion, to deed it to the University. In return, the University would be asked to lease the hangar to the Corporation at a nominal rental for ten years, subject to negotiated renewal for an additional five-year period. The University's only other obligation would be to bring utilities to the site and provide for exterior maintenance of the building. Plans and specifications will be approved by the University, and the supervising engineer at the Airport will superintend construction. No aircraft or other maintenance will be performed in the hangar without specific University approval.

The improvements will increase the University's physical assets by at least \$100,000. The Director of the Institute of Aviation and the Vice-President and Comptroller recommend approval of the proposal.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents, subject to approval of the Legal Counsel.

On motion of Mr. Swain, this recommendation was approved.

ACQUISITION OF FARM LAND FOR COLLEGE OF AGRICULTURE AND EXPERIMENT STATION

(20) By authority of the Board of Trustees, the University instituted proceedings, under its right of eminent domain conveyed upon it by law, in the Circuit Court of Champaign County for the acquisition of the H. N. Pell farm of 160 acres southeast of Urbana for the College of Agriculture and the Agricultural Experiment Station.

These proceedings have been concluded, and the jury has fixed a price of \$700 an acre, or \$112,000, as the fair value of this land, and the Court has entered an order authorizing its sale to the University. It is now necessary for the Board of Trustees to take certain actions:

Authorize the payment of the compensation determined in these legal proceedings and accept title to the land;

Transfer of title of this land, when conveyed to the University, to the University of Illinois Foundation which will finance its purchase;

Lease of the land from the Foundation.

The University will have the option under the lease of the land to purchase it when funds are available.

I recommend that purchase of the land under the conditions indicated and the adoption of the resolution submitted herewith.

Resolution Authorizing Payment for Pell Tract, Conveyance of Title Thereto, and Leasing Thereof

Be It, And It Hereby Is Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, hereinafter referred to as "University," that the Comptroller and Secretary of this University be, and they hereby are, authorized for, and in the name of, and on behalf of, this University to enter into an agreement with University of Illinois Foundation, a not-for-profit corporation of the State of Illinois, with its principal office in the City of Urbana, in the County of Champaign, and State of Illinois, hereinafter referred to as "Foundation," providing for the sale and conveyance to Foundation of title to the tract of land hereinafter described and herein referred to as the "Pell Tract" at a sale price equivalent to the compensation award of \$112,000.00 entered by the Circuit Court of Champaign County, Illinois, on February 18, 1960, in the eminent domain proceedings entitled, "The Board of Trustees of the University of Illinois, a public corporation, vs. Gordon Moser et al., Defendants, Law No. 60-L-10," and any additional costs incidental thereto incurred by University in acquiring title to said Pell Tract.

Be It, And It Hereby Is Further Resolved that upon compliance with the terms of said agreement by Foundation, and in accordance with the terms thereof, said Comptroller and Secretary be, and they hereby are, authorized and directed to execute, acknowledge, and deliver, in the name and in behalf of, this University, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Foundation title to the following described property, viz:

The Northwest Quarter (NW ¼) of Section Twenty-eight (28) in Township Nineteen (19) North, Range Nine (9) East of the Third Principal Meridian (3rd P.M.) in Urbana Township, in the County of Champaign and State of Illinois;

hereinafter referred to as the "Pell Tract."

Be It, And It Hereby Is Further Resolved that said Comptroller and Secretary be, and they hereby are, authorized for, and in the name of, and on behalf of, this University to enter into a Lease Agreement with Foundation providing for the leasing to this University of the tract of land hereinabove described as the Pell Tract for an original term, commencing on the date Foundation acquires title to said Pell Tract and ending on the 30th day of June, 1961, and which term shall be automatically extended for successive two (2) year periods from July 1, 1961, to June 30, 1963, and from July 1, 1963, to June 30, 1965, unless written notice of termination is given to Foundation by this University on or before June 30, 1961, whereupon said Lease shall terminate on June 30, 1961; or on or before June 30, 1963, whereupon said Lease shall terminate on June 30, 1963. The rental shall be equivalent to the interest charges incurred by Foundation under its Loan Agreement with The First National Bank of Chicago providing for funds for the acquisition by Foundation of title to said Pell Tract and any financial charges incidental to the acquiring or renewal of said Loan Agreement. During the term of the Lease the University shall pay any and all special assessments or taxes assessed against said Pell Tract or will secure an exemption therefrom, or will otherwise see that no lien for taxes or assessments is or becomes effective, or if becomes effective is not enforced against said premises, and University shall agree that it will keep said Pell Tract free from any Mechanic's Liens and to make, and to pay for any costs of, necessary repairs and upkeep of said Pell Tract while in its possession under this Lease. Said Lease shall contain an option giving this University the right to purchase and acquire title in fee simple absolute to said Pell Tract by paying all principal and interest costs and financial charges incidental thereto incurred by Foundation under the terms of said Loan Agreement with The First National Bank of Chicago or in connection therewith.

Be It, And It Hereby Is Further Resolved that the Comptroller of this University be, and he hereby is, authorized and directed to deposit with the County Treasurer of Champaign County, Illinois, for the benefit of the persons thereto entitled, as provided for by statute, the amount of the compensation award for said Pell Tract entered by the Circuit Court of Champaign County, Illinois, in the sum of \$112,000.00, and to pay the court costs of said suit, and any additional costs incidental thereto or incurred in connection therewith in the acquiring of, or in order to vest in this University title to, said Pell Tract.

On motion of Mr. Hughes, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

HOMECOMING, 1960

Mr. Clement presented the following statement and motion:

October 8, 1960 has been designated as Homecoming Day this year. It is noted that the tradition of observing Homecoming Day, which has now been established at many colleges and universities, was started at the University of Illinois in 1910, and this year will mark the Fiftieth Anniversary of Homecoming on the University of Illinois campus. The University of Illinois Alumni Association is making a special effort to have this Golden Anniversary Homecoming be a week end of significance. On behalf of the Committee on Alumni, I move that the Board of Trustees request Governor William G. Stratton to issue a proclamation calling public attention to the "Golden Anniversary of the University of Illinois Homecoming" on October 8, 1960.

This motion was unanimously adopted.

APRIL MEETING

On motion of Mr. Swain, the Board voted to hold its April meeting in Chicago on Wednesday, April 20, 1960.

EXECUTIVE SESSION

At this point, an executive session was requested and ordered for the consideration of the following items of business:

REPORT OF COMMITTEE ON GENERAL POLICY ON ACQUISITION OF PROPERTY IN GARFIELD PARK

The Committee on General Policy reported that at a meeting held earlier today it received from its chairman, from Director C. S. Havens of the Physical Plant Department, and from Professor Rubin G. Cohn of the College of Law (who has been serving as Special Counsel on legal matters relating to the acquisition of a site for the Chicago Undergraduate Division), reports on the developments in negotiations with officials of the city of Chicago and the Chicago Park District on site acquisition.

Mr. Johnston stated that after due discussion and consideration of the information submitted, the Committee reached the conclusion that it must now be made perfectly clear to all officials and parties concerned that the Central Area site involved in the several proposals which have been made for consolidation of railroad terminal facilities can not be made available satisfactorily to the University for the relocation of the Chicago Undergraduate Division; and that steps must be taken promptly to resolve the legal questions affecting the conveyance by the Chicago Park District of land in Garfield Park to the University, and the question of cost of such land to the University.

Professor Cohn advised the Committee that when legal proceedings have been instituted to establish the power of the Chicago Park District to convey park property to the University, official action by the Board of Trustees will need to be taken promptly which will require either a special meeting of the Board or authorization of the Executive Committee to act for the Board.

The Board concurred in the conclusions of the Committee on General Policy, and the President of the University was requested to confer with the Mayor of Chicago and other public officials concerned as soon as possible to present the University's position.

On motion of Mr. Swain, the Board authorized its Executive Committee to consider, and in its discretion to accept, for a consideration not in excess of \$1,000, an option, if offered by the Board of Commissioners of the Chicago Park District, to purchase a portion of the area

embraced within Garfield Park for use by the University of Illinois as an institution of higher education, provided that the purchase price specified in the option represents an approximate valuation of the market value of such property as determined by the Executive Committee.

This motion was unanimously adopted.

PURCHASE OF PROPERTY AT 903 WEST NEVADA STREET, URBANA
(21) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property, including all the furnishings in the house, at 903 West Nevada Street, Urbana, at a price of \$43,000.

This property consists of a lot, 66 ft. by 104 ft., and an adjoining parcel, 43.4 ft. by 16 ft. (total land area of 7,558 square feet), and a three-story and basement frame house which is presently used as a rooming house for women students. The lot adjoins University property and is within the area of long-range campus expansion. In the meantime, the house, which has been improved in recent years and is in very good condition, can be used to advantage as a cooperative house for women students. There is a need for expansion of such housing, and this house can accommodate twenty-eight women and a housemother.

The average of four independent appraisals made of the property by local real estate experts is \$34,300. The furnishings in the house and the food service equipment are relatively new and in good condition. They are offered to the University for \$8,700, which is less than half of what new equipment would cost.

No funds are available in the state capital appropriations to the University for 1959-61, but it is recommended that \$43,000 be advanced from funds accumulated in the operation of the temporary housing units to be repaid with interest at a rate of 3½ per cent a year from the net income of all cooperative housing. A rental rate of \$240 a year per occupant will be charged in all cooperative units and will provide sufficient net income to liquidate the investment in twenty years.

The Committee on Buildings and Grounds has previously reviewed these recommendations and is prepared to support the same.

I recommend that the purchase of the property be authorized and that funds be assigned from Housing Division reserves as indicated.

On motion of Mr. Clement, the purchase of this property was authorized, and the requested assignment of funds was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

(22) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendation relating to an invention by a member of the staff.

Method of preparing and dehydrating foods—A. I. Nelson, Professor of Food Processing, inventor. This is a new way of dehydrating and preparing foods, especially precooked, cream-style sweet corn. It was developed by the Department of Food Technology under a contract with the Quartermaster Corps of the United States Army. The Head of that Department is doubtful that the method constitutes a patentable invention; and both he and the inventor are convinced that the method has no commercial possibilities, although it may have some value in the preparation of military rations. After considering this matter, the Patent Committee recommends the release of all rights of the University in this development to the United States Government.

I concur in this recommendation.

On motion of Mr. Clement, this recommendation was approved.

On motion of Mr. Pogue, the Board adjourned.

MEETINGS OF ASSOCIATION OF HIGHER EDUCATION

Mrs. Watkins made an informal report on meetings of the Association of Higher Education held in Chicago during the week of March 7 which she attended as one of the representatives of the University.

APRIL AND MAY MEETINGS

President Williamson called attention to the Board's decision to hold its April meeting in Chicago, on Wednesday, April 20, and asked the Board to set the date of the May meeting.

On motion of Mrs. Watkins, the Board voted to hold its May meeting in Urbana, Illinois, on Tuesday, May 17, 1960, at an hour and place to be determined by the President and the Secretary of the Board.

RECESS

At this point the Board recessed for luncheon.

Mr. Clement asked to be excused from further attendance at the meeting on account of illness.

EXECUTIVE SESSION

When the Board reconvened, Mr. Swain joined the meeting.

On motion of Mr. Herrick, an executive session was ordered for consideration of the following recommendations relating to property acquisitions.

PURCHASE OF A. R. TEMPLE FARM IN CHAMPAIGN COUNTY

(10) The Dean of the College of Agriculture and the Director of the Experiment Station, the Director of the Physical Plant, and the Vice-President and Comptroller recommend the purchase, through the University of Illinois Foundation, from Mr. Boyd Harper, Champaign, of an area of approximately eight-five acres of farm land immediately north of land recently acquired from Esther and Grace Maxwell at a price of \$1,750 an acre, payment in full to be made at the time possession is given to the Foundation, which will be not later than March 1, 1961. This tract adjoins University property in the area of its south farms and is part of the program of farm land acquisition for the College of Agriculture and the Experiment Station.

Since the University does not presently have funds for this land acquisition, it is recommended that the Foundation be requested to purchase it for the University and to finance this through borrowing of the amount of money necessary (approximately \$150,000) from the First National Bank of Chicago, and to lease the property to the University at a rental sufficient to cover the interest and other costs. When funds are available to the University, it will purchase the property from the Foundation for the amount the latter will then have invested in the property, and the Foundation will repay the loan and transfer title to the University. A commitment to make the loan has been secured from the Bank.

The Committee on Buildings and Grounds has previously considered this proposal and recommends approval.

On motion of Mr. Hughes, this recommendation was approved. Mr. Herrick asked to be recorded as voting "no."

**PROPOSAL FOR ACQUISITION OF GARFIELD PARK AREAS
FOR RELOCATION OF CHICAGO UNDERGRADUATE DIVISION**

The Committee on General Policy reported that it has considered recommendations from the President of the University and the Director of the Physical Plant that a proposal be made to the Chicago Park District and the city of Chicago for the acquisition by the University of certain areas of Garfield Park land as a site for the Chicago Undergraduate Division.

The Committee presented this proposal to the Board of Trustees with the recommendation that it be authorized. Copies of the complete text of the proposal were distributed to the Trustees, and a copy has been filed with the Secretary of the Board for record. There followed a discussion of the proposal in which all members of the Board present participated.

Mr. Johnston then asked that this proposal be approved as a recommendation from the Committee on General Policy.

On motion of Mr. Swain, the President of the University was authorized to present the proposal to the Commissioners of the Chicago Park District and to the Mayor of Chicago; Mr. Harewood asked to be recorded as present but not voting.

On motion of Mr. Swain, the Executive Committee of the Board was authorized to act for the Board in negotiations with officials of the Chicago Park District on any matters relating to the acquisition of Garfield Park land requiring official action by the Board of Trustees; in particular, the Executive Committee was authorized to accept an offer, if made by official action of the Chicago Park District prior to the April 20 meeting of the Board of Trustees, to the Board for the purchase of land in Garfield Park if the offer is in accord with the proposal today approved by the Board, or to accept an option tendered to the Board of Trustees of the University, if offered by official action of the Chicago Park District prior to the April 20 meeting of the Board of Trustees, to purchase land in Garfield Park at a price based on the fair cash value of such land to be determined by an appraisal procedure requiring the unanimous agreement of three appraisers, one to be selected by the Chicago Park District, one by the Board of Trustees of the University, and the third to be selected by the other two appraisers.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

April 20, 1960

The April meeting of the Board of Trustees of the University of Illinois was held in the LaSalle Hotel, Chicago, Illinois, on Wednesday, April 20, 1960, beginning at 1:30 p.m.

The following members of the Board were present: Mr. Howard W. Clement, Mr. Richard A. Harewood, Mr. Wirt Herrick, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Harold Pogue, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. George T. Wilkins, Mr. Kenney E. Williamson. Governor William G. Stratton was absent.

Also present were President David D. Henry, Associate Provost and Dean of Administration Royden Dangerfield, Executive Dean C. C. Caveny of the Chicago Undergraduate Division, Director C. S. Havens of the Physical Plant, Mr. Ralph F. Lesemann, Legal Counsel, Mr. C. E. Flynn, Director of Public Information, Professor Rubin G. Cohn of the College of Law; and the officers of the Board, Mr. H. O. Farber, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary.

REPORTS OF COMMITTEES

Meetings of the Board's Committees on General Policy and Buildings and Grounds were held in the forenoon beginning at 10:00 a.m.

CHICAGO UNDERGRADUATE DIVISION SITE ACQUISITION

At the request of Mr. Johnston, Chairman of the Committee on General Policy, President Henry, Director Havens, and Professor Cohn reported on developments, since the March meeting of the Board of Trustees, in negotiations with officials of the Chicago Park District and the city of Chicago for the acquisition by the University of Garfield Park land as a site for the Chicago Undergraduate Division.

Thanks to the cooperation of the Chicago Park District and the city of Chicago, the Commissioners of the Chicago Park District on April 11, 1960, took official action which provides a basis for determination of the legal questions involved in conveyance of Garfield Park land to the University. Professor Cohn reported that a decision by the Supreme Court of Illinois as to the legality of such conveyance can be anticipated in the fall of 1960.

Director Havens stated that Garfield Park offers the only opportunity to complete the planning and construction of a Chicago campus at an early date, and recommended that the University continue to work for a general commitment from the Chicago Park District and the city of Chicago that Garfield Park land will be made available subject to a favorable determination of the legal questions.

The Board of Trustees at its meeting on March 16, 1960, authorized the Executive Committee to act for the Board in considering formal acceptance of an option to purchase Garfield Park land should such an option be offered and action by the Board of Trustees required prior to the April meeting. Specifically the Committee was authorized to accept an option if the action of the Chicago Park District established an appraisal price based on a fair cash value of the property.

At the conclusion of these presentations, Mr. Johnston offered the following as an official statement of the University's position:

"The Board of Commissioners of the Chicago Park District adopted an ordinance offering the Board of Trustees of the University of Illinois an option to purchase Garfield Park land as a site for the Chicago Undergraduate Division. Subsequently, a court order was sought and secured by taxpayers restraining the Commissioners from offering and the Board of Trustees from accepting this option.

"Had this restraining order not been issued, the Board of Trustees of the University of Illinois would have taken action to exercise the option offered."

This statement was adopted without dissent.

During the discussion of this motion, Mr. Harewood suggested that in addition to continuing negotiations for the acquisition of Garfield Park, University officials also continue exploring the other possible sites.

On motion of Mr. Johnston, the Board voted to express its appreciation to the Commissioners of the Chicago Park District and to the Mayor of Chicago for their cooperation in the negotiations for the acquisition of Garfield Park.

CONTRACTS FOR LANDSCAPING

The Executive Committee of the Board of Trustees has authorized the awards of contracts for landscaping areas as follows:

Orchard Place Apartments—Wandell's Twin City Nursery and Land-	
scape Service, Urbana.....	\$14 889
Men's Residence Halls Snack Bar and Post Office—Al Nordheden,	
Urbana.....	7 480

The award in each case was to the lowest bidder. Funds are available in the

construction accounts for these buildings which are financed by revenue bond issues.

The Orchard Place Apartments are south of Florida Avenue between Orchard Street extended and Race Street on which 120 family housing units were constructed last year. The Snack Bar and Post Office Building is in the area of the Gregory Drive Residence Halls for men and will also serve the new Peabody Drive Residence Halls now under construction.

It was imperative that the landscaping work be authorized promptly while the nursery stock supplied and transplanted by the contractors was dormant as transplanting it later in the spring would lessen chances of survival. Bids taken earlier (March 1) were not satisfactory, were rejected, and new bids were received on March 21 which accounts for the delay in the recommendation for awards on the contracts.

On motion of Mr. Swain, this action of the Executive Committee was confirmed.

INCREASE IN CONTRACT FOR CONSTRUCTION OF SWINE BREEDING RESEARCH FACILITIES

The Executive Committee authorized an increase of \$12,000 in a contract with Oran L. Shoemaker and Company, Champaign, for the construction of two "tilt-up" slab buildings for the Agricultural Experiment Station's swine breeding research project for which the University received a grant of \$200,000 from the Moorman Manufacturing Company of Quincy. These facilities are being constructed under a standing contract authorized by the Board as the experiments proceed and according to the requirements of the research project. The object of the research is the development of lines of disease-free swine.

On motion of Mr. Swain, this action of the Executive Committee was confirmed.

REQUEST OF ASSISTANT PROFESSOR LEO F. KOCH

(6) On recommendation of the Executive Committee of the College of Liberal Arts and Sciences, Assistant Professor Leo F. Koch of the Division of General Studies was relieved of all University duties as of April 7, 1960, and has been informed that his appointment will be terminated at the end of the current academic year, 1959-60. A copy of my letter on this subject to Dean Lyle H. Lanier was sent to each member of the Board.

On April 11 Professor Koch delivered to the Secretary of the Board of Trustees a letter requesting the Board to review the action taken with respect to his status. Under University of Illinois Statutes he is entitled to a hearing by the Board of Trustees. He has also requested a hearing by the Committee on Academic Freedom of the Urbana Senate.

On motion of Mr. Johnston, seconded by Mr. Harewood, the request for a hearing by the Board of Trustees was granted, and the President of the Board was authorized to set the time and place of the hearing to be conducted under procedures recommended by the Legal Counsel of the University.

CHANGES IN DEPARTMENTAL NAMES

(7) On recommendation of the heads of the departments and other University officers concerned, the following changes in departmental names have been approved: Department of Mechanical Engineering changed to Department of Mechanical and Industrial Engineering, and the Aeromedical and Physical Environment Laboratory changed to Aeromedical Laboratory.

Confirmation of these changes is requested.

On motion of Mr. Swain, these changes were confirmed.

COUNTY SCHOLARSHIPS

(8) Under state law, there is awarded annually to each county of the state one scholarship which entitles the holder to exemption from payment of tuition fees at the University of Illinois for a period of four years. The award is made on the basis of a competitive examination given by the County Superintendent of Schools on the last Saturday of March. The University prescribes the rules under which the examinations are given and the Office of Admissions and Records works with the county superintendents in setting up these examinations. The highest ranking candidate in each county wins the scholarship.

The law does not take into account variations in population and provides for only one scholarship in each county. To equalize the distribution of these awards, the Board of Trustees has created additional University scholarships in a number of counties, providing the same benefits as the county scholarships. These latter University scholarships are awarded to candidates ranking immediately below the top candidates in the county scholarship examinations.

The law also provides that "No student who has taken normal school, college, university, or other training in advance of the completion of a four-year high school course shall be eligible to the examination." This disqualifies students who during their high school senior year have earned college credit under the advanced placement program or by attending classes at the University of Illinois, either in Urbana or at the Chicago Undergraduate Division, or at some accredited junior or senior college. Hence outstanding students are deprived of an opportunity to earn a county tuition scholarship.

The Committee on Undergraduate Scholarships has recommended that the Board of Trustees authorize the award of a University scholarship in any county where the highest-ranking candidate in the competitive examination may technically be ineligible because of having had college credit while still a senior in high school. If this is approved the University can still take care of the highest-ranking students without depriving the high school senior without college credit of his legal rights in the college scholarship examination. The number of these cases will not be large as the awards will be limited to those counties with

populations not large enough to qualify for additional University scholarships awarded in addition to the winners of County Scholarships.

I recommend approval.

On motion of Mr. Harewood, this recommendation was approved.

**INCREASED RETIREMENT ANNUITIES FOR STAFF
WHO RETIRED PRIOR TO SEPTEMBER 1, 1959**

(9) I recommend the adoption of the following resolution:

WHEREAS, a Committee of the Emeriti representing members of the University of Illinois faculty who retired prior to September 1, 1959, will request the Board of Trustees of the University Retirement System of Illinois to consider a plan to provide increased retirement benefits for those who retired prior to establishment of the University Retirement System of Illinois in 1941 and for those who retired after September 1, 1941, but prior to September 1, 1959; and

WHEREAS, the amendments of the Act creating the University Retirement System of Illinois adopted in 1959 which provide more equitable annuities and other benefits available to employees of state institutions of higher education did not provide for any adjustments in the retirement allowances of the Emeriti of 1958 and former years; and

WHEREAS, those who retired prior to September 1, 1941, and whose annuities are paid by the University as deferred compensation for service rendered prior to retirement, are receiving annuities far below the annuities available under the University Retirement System of Illinois; and

WHEREAS, the annuities of those retired after September 1, 1941, but prior to September 1, 1959, are not proportional to the contributions required of participants, do not take into account the unrecorded equity toward retirement allowances earned by service prior to 1941, and do not provide adequate benefits for a surviving wife or dependent children; and

WHEREAS, many of these Emeriti, after spending virtually their entire careers in the service of the state universities of Illinois are dependent largely upon their retirement annuities, and are in serious financial need; and

WHEREAS, the University Council and the Urbana Senate Committee on Retirement Insurance and Hospitalization have been consulted and are in sympathy with this request; and

WHEREAS, the Committee is also requesting the endorsement of its plan by the Teachers College Board and the Board of Trustees of Southern Illinois University; now therefore be it

Resolved by the Board of Trustees of the University of Illinois that it endorses in principle the request of the Committee of the Emeriti that the Board of Trustees of the University Retirement System of Illinois consider a plan and support in the 1961 session of the General Assembly of Illinois the necessary legislation to provide the much needed improvements in retirement benefits for those who retired from the service of the state universities prior to September 1, 1959.

On motion of Mr. Harewood, the foregoing resolution was adopted.

CENTER FOR ZOONOSSES RESEARCH

(10) The Dean of the College of Veterinary Medicine has proposed the establishment of a Center for Zoonoses Research at the University of Illinois according to the plan of organization set forth below. A special committee appointed by the Vice-President and Provost to study this proposal has recommended approval. The Vice-President and Provost and the Dean of the Graduate College concur.

Research on the zoonoses is highly desirable and worthy of effort on the part of the University. The zoonoses are being increasingly recognized as of major importance to human and animal health and welfare. Establishment of the Center would focus more attention on the zoonoses, encourage more research upon them, and promote needed interdisciplinary cooperation and coordination in this area. In addition, it would attract substantial amounts of outside support. The idea of our establishing the Center—the second one in the

world and the only one in the United States — has received enthusiastic praise and offers of cooperation from national and international leaders in the field.

Organization of the Center for Zoonoses Research

The organization and function of the Center are to be as follows:

- (a) The Center for Zoonoses Research is responsible for carrying out research on the zoonoses — diseases common to animals and man — and related diseases, parasites, and disease agents, including studies of their epizootiology, epidemiology, pathology, etiology, control and host-parasite relationships. In developing and carrying on such programs, use shall be made of the Center staff as well as of the staffs of other University departments and divisions. Cooperative work will also be carried out with other public and private research and service agencies.
- (b) The administrative head of the Center shall be a Director appointed biennially by the Board of Trustees on the recommendation of the President. An Associate Director shall be appointed in the same manner.
- (c) The staff of the Center for Zoonoses Research shall be composed of three types of members: (1) Senior Members; these may or may not hold joint appointments in other departments or divisions of the University; (2) Associate Members; these may or may not hold joint appointments in other departments or divisions of the University; (3) Consulting Members; these shall be members of the staffs of institutions or organizations other than the University of Illinois.
- (d) The Executive Committee of the Center shall be composed of all Senior Members. The Director shall be an *ex officio* member and the chairman of the Executive Committee. The Executive Committee shall advise the Director on the administration of his office, including the formulation of plans and the preparation of the budget.

The Director of the Center for Zoonoses Research shall be the Dean of the College of Veterinary Medicine, who also serves as administrative head of the Department of Veterinary Medical Science in the Graduate College and of the Department of Veterinary Research in the Agricultural Experiment Station.

The first Senior Members of the Center shall be appointed on nomination by the Director from among present faculty members of the University. These will then constitute the Executive Committee. Scientists not at present associated with the University may be appointed also. Senior Members shall be appointed on indefinite tenure.

Associate Members will be appointed for one- or two-year periods and will not be reappointed for more than three consecutive terms. They will be appointed on nomination by the Director and Executive Committee with approval of the President and the Board of Trustees of the University. Associate Members may be appointed from among present members of the faculty, from persons not now on the faculty, and from scientists from other institutions and areas who will want to work at the Center.

Senior Members and Associate Members may receive all or part of their salaries from the Center's budget. If they hold joint appointments in other departments or divisions, the proportions of their time devoted to research, teaching, advising, etc., will be determined by mutual agreement with the departments or divisions concerned. Part or all of the salary of Associate Members, including summer salary, may come from research grants such as those from the National Institutes of Health, the National Science Foundation, or private foundations.

Research may be conducted either on campus or in the field.

Appointments of Consulting Members will permit utilization of the counsel of outstanding scientists from other institutions, agencies, and organizations, state, national, and international. It is contemplated that Consulting Members will be appointed for terms of one to two years on nomination by the Director and Executive Committee. They may be reappointed as many times as proves mutually desirable.

It is recommended that the Center be activated September 1, 1960.

The proposed budget contemplates an initial recurring University appropriation of \$12,000 a year. A solid commitment of funds for the future is obviously not feasible but the present recommendation is made in the expectation that the University will continue to grow in size and in service to the state and nation. However, even if expansion of the Center does not turn out to be as rapid as anticipated, it will still be able to make creditable contributions in research.

The Committee recommended that the Center limit itself initially to a coordinated study of leptospirosis, Q fever, para-influenza, and other respiratory virus and rickettsial diseases, all of which form an ecologically related group of diseases common to man, livestock, and wildlife; to a study of the relationship of climatic and meteorological factors to the transmission of the agents of these and other diseases; and to a study of the passage back and forth between man and his pets of these and other diseases.

The Committee further recommended that, upon activation of the Center, one new senior academic staff member be appointed; that several present academic staff members totaling two full-time equivalents be appointed to the staff of the Center; that the appropriate portions of their salaries be allocated to the Center; and that the junior academic staff members and the salaries of nonacademic supporting staff members be drawn from grant funds. It recommends further that one new senior academic staff member be added to the Center each biennium during the decade after its activation.

I concur in the foregoing recommendations provided that (a) the extent to which the plan of organization, research program, and other contemplated services of the Center are implemented shall be subject to budgetary considerations and (b) establishment of the Center does not imply a priority commitment on University resources, but support of the Center will be considered in relation to other needs for operating funds and physical facilities.

On motion of Mr. Hughes, these recommendations were approved.

**ANNEXATION OF LAND TO THE URBANA-CHAMPAIGN
SANITARY DISTRICT**

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees authorize annexation of the following described areas of University property to the Urbana-Champaign Sanitary District:

The area bounded by Florida Avenue, Lincoln Avenue, St. Mary's Road, and the Illinois Central Railroad, except the south 264 feet between First Street and the railroad;

That portion of the north half of Section 20 which is not already in the District (east of Lincoln Avenue, extending $\frac{1}{4}$ mile south of St. Mary's Road).

The area to be annexed includes the site of the Assembly Hall and the proposed new forestry tract to replace Illini Grove. This annexation is necessary to provide for the treatment of sewage from these sources. A plat of the area, including the legal description, is being filed with the Secretary of the Board for record as a part of this recommendation.

I recommend that the Secretary and the Comptroller be authorized to execute the petition and any other documents necessary to effect the annexation, subject to approval of the Legal Counsel.

On motion of Mr. Swain, these recommendations were approved.

PARKING METERS AND BICYCLE ROADWAY ON WRIGHT STREET

(13) City of Champaign officials have requested permission to install and maintain parking meters on University property on the east side of Wright Street between Armory and Springfield. University officials have considered this, and as an alternative, request authority to propose to the City that it reserve a roadway approximately eight feet wide, west of the present east curb line on Wright Street, and the construction of islands to form the west boundary of the bicycle roadway, between Armory Avenue and Green Street, and the installation of parking meters on these islands instead of on University property; provided that the meters in the two blocks between Green and Springfield Avenue would be on University property on the east side of Wright Street.

This alternate proposal contemplates that the City would grant permission to the University to construct and maintain these islands, and that the City will adopt and enforce an ordinance prohibiting use of the eight-foot strip of pavement between the east curb of Wright Street and the islands by vehicles other than those which are not motor driven and will keep such ordinance in effect, and will enforce it, as long as the arrangement continues in effect. While this would eliminate one line of motor traffic between Armory Avenue and Green Street, it would provide an exclusive, and safer, bicycle lane on a street on which traffic is very heavy during University class hours, and would enable the City to install its parking meters.

Specifically, the Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees authorize:

1. A formal proposal to the city of Champaign that it grant permission to the University to construct and maintain, at University expense, islands in Wright Street between Armory Avenue and Green Street, approximately three feet wide, the east edge of which will be approximately eight feet west of the present east curb of Wright Street to provide the boundary for a bicycle roadway and space for City parking meters (instead of along the east curb of Wright Street) to be installed and maintained by the City; in return, the City will adopt and enforce an ordinance prohibiting the use of the eight-foot strip by any vehicle other than bicycles which are not motor driven.
2. The lease to the city of Champaign of an area approximately three feet wide lying immediately east of the present east curb line of Wright Street between Green Street and Springfield Avenue at a rental of \$1.00 per year for a period ending June 30, 1963, provided that the lease will be automatically renewable for successive biennial periods beginning July 1, 1963, unless said lease is cancelled at any time during any such renewal period by at least thirty days' notice in writing given by either party to the other, or some modification in the lease is required by either party and agreed to by both.

3. The execution by the officers of the Board of an agreement or agreements and such other documents as may be necessary, subject to the approval of said documents by the University's Legal Counsel, to implement this exchange of facilities; said agreement or agreements to be for an initial period which will expire June 30, 1963, but which will provide for automatic renewals for successive biennial periods beginning July 1, 1963, unless said lease is cancelled at any time during such renewal time by at least thirty days notice by either party to the other, or some changes in the agreement are requested by either party and agreed to by both parties.

I concur.

On motion of Mr. Harewood, these recommendations were approved.

ADDITION TO CONTRACT FOR ASSEMBLY HALL

(14) The Director of the Physical Plant and Vice-President and Comptroller recommend an increase of \$8,492 in the contract with Felmley-Dickerson Company for the construction of the Assembly Hall for additional materials and labor to modify the original design of the glazed exterior wall section around the concourse to provide sufficient elasticity to permit structural movements resulting from changes in temperature and natural expansion and contraction of the materials involved. Lack of sufficient elasticity would result in possible cracks, warpage, or damage to the exterior glazed wall. This work, estimated to cost \$15,246, will be offset to the extent of \$6,754 for revisions in the shape and over-all length of the catwalk above the playing floor, and by reduction of the concrete slab seating area from 4 inches to 3 inches.

Funds are available in the construction account for the Assembly Hall.

I concur and recommend that the Comptroller be authorized to execute the contract change.

On motion of Mr. Swain, this change in the contract was authorized.

ADDITION TO CONTRACT FOR SNACK BAR AND SERVICE BUILDING

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$6,303 in the contract with the A. F. Krall Construction Company for the construction of the Snack Bar and Service Building for the Gregory Drive and Peabody Drive Residence Halls to include construction of an information and sales counter in the lobby. This will include shelf space for newspapers, magazines, toilet articles, and other items, formerly available in the Parade Grounds Canteen which is being replaced by the new building.

Funds are available in the construction account for the Snack Bar and Service Building.

I concur and recommend that the Comptroller be authorized to execute the change order.

On motion of Mr. Johnston, this change in the contract was authorized.

APPOINTMENT OF AUDITORS

(16) The firm of Ernst and Ernst, Certified Public Accountants, was retained by the Board of Trustees for the audit of the University's accounts for the fiscal year ended June 30, 1958, with the understanding that the firm would be employed for three years subject to annual review. The firm was also employed for the year ended 1959.

The services of Ernst and Ernst have been very satisfactory. The firm proposes to complete the audit for the year ending June 30, 1960, at the prevailing hourly rates for college and university audits, plus cash expenses, plus expenses for travel and subsistence of the staff assigned to the audit, with the understanding that the aggregate charges will not exceed the following amounts, which are the same maximums used for the audit for the past two years:

University of Illinois (all divisions).....	\$18 700
University of Illinois Foundation (including its retirement system).....	1 200
University of Illinois Athletic Association (including its retirement system).....	1 000

Alumni Association (including its retirement system).....	\$ 500
University Retirement System of Illinois.....	2 000

Under the present state law the Auditor-General of Illinois is responsible for auditing, or causing to be audited, the records of the University. The Auditor-General, Mr. Frank H. Whitney, has followed the practice of earlier years in which the Auditor-General is consulted concerning the employment of the auditing firm, and the firm employed by the University submits copies of its reports directly to him, as well as to the Board of Trustees. Any additional work which the Auditor-General may require is at the expense of his office. The firm of Ernst and Ernst is acceptable to the Auditor-General.

The Finance Committee recommends the employment of Ernst and Ernst for the audit of University accounts for the fiscal year ending June 30, 1960.

On motion of Mr. Swain, this recommendation was approved.

(17) The Director of Purchases has proposed and the Vice-President and Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

PURCHASE OF FURNITURE FOR STUDENT RESIDENCE HALLS

(18) The Board of Trustees on March 16, 1960, authorized the purchase of student room furniture (chairs, desks, and beds) for the Peabody Avenue Residence Halls and the Residence Hall on Green Street for Single Graduate Students, now under construction, from Faucett-Umphrey Corporation, Bloomfield, Indiana, the lowest bidder and manufacturer, and a contract for \$189,448.10 was subsequently executed by the Corporation and the University.

The Corporation, having failed to furnish an Owner's Protective Bond as specified in the contract within the required ten-day period, and after an extension of time was granted, the Director of Purchases and the Vice-President and Comptroller therefore recommend that the Board exercise its option to declare the contract with Faucett-Umphrey Corporation null and void and to retain the Corporation's bid deposit of \$7,500 as liquidated damages for failure to comply with contract requirements; and that the Board authorize the Director of Purchases to send written notice of this action to Faucett-Umphrey Corporation.

It is also recommended that a contract for \$195,494.74 for the purchase of this furniture be awarded to Sligh Lowry Furniture Company, Holland, Michigan, the second lowest bidder, on the total of the items to be purchased. This Company is prepared to execute a contract and to comply with all requirements.

I concur.

On motion of Mr. Harewood, these recommendations were approved.

**APPOINTMENT OF VICE-PRESIDENT AND PROVOST
OF THE UNIVERSITY**

(21) I recommend the appointment of Dr. Lyle H. Lanier, now Professor of Psychology and Dean of the College of Liberal Arts and Sciences, as Professor of Psychology on indefinite tenure and Vice-President and Provost of the University for a period beginning July 1, 1960, and continuing through August 31, 1961. The salary for this position will be determined when the budget for 1960-61 is submitted to the Board for approval.

The nomination of Dean Lanier has the unanimous and enthusiastic support of a consultative committee appointed to advise the President of the University on this matter. The Committee consulted many members of the faculty from whom it received suggestions as well as from other sources. The members discussed the nature of the post with those qualified to have informed reactions and tested the names proposed against this analysis and in many interviews which they held.

The University is fortunate to have someone on its staff immediately available to succeed Vice-President and Provost Gordon N. Ray who has the respect and confidence of the faculty and the administrative staff, who is a proven administrator as a former department head and dean, and who has a background of distinguished academic achievement as teacher and scholar.

On motion of Mr. Swain, this appointment was approved.

**REACCREDITATION SURVEY OF THE UNIVERSITY OF ILLINOIS
CURRICULUM IN OCCUPATIONAL THERAPY**

The Vice-President in charge of the Chicago Professional Colleges submitted a report on this matter, a copy of which was distributed to the Trustees and a copy of which has been filed with the Secretary of the Board for record.

This was submitted for information only and called for no action.

On motion of Mr. Johnston, these certificates were awarded.

UNDERGRADUATE SCHOLARSHIPS FOR JUNIOR COLLEGE GRADUATES

(5) The Committee on Fees recommends authorization of seventy-five tuition-waiver scholarships for graduates of junior colleges in Illinois to be awarded on the basis of superior scholarship and financial need.

At present, graduates of junior colleges transferring to the University of Illinois are not eligible for some of the tuition-waiver scholarships, such as the County Scholarships, available to high school graduates. The Board of Trustees has recently authorized the award of tuition-waiver undergraduate scholarships to high school seniors who rank the highest in the County Scholarships examinations but who are technically ineligible for such scholarships because they have had work in high school at the college level. The present proposal would encourage the junior college movement and would improve relationships between the University and these colleges.

It is recommended that these scholarship awards be on a continuing basis, effective September, 1960, that they provide exemption from payment of tuition fees only, and that each scholarship shall be for a period of two years.

On motion of Mr. Wilkins, these scholarships were authorized, as recommended.

GRADUATE PROGRAM IN RUSSIAN LANGUAGE AND AREA STUDIES

(6) The Urbana-Champaign Senate recommends establishment of graduate minors in Russian Language and Area Studies as follows:

Minor for the Master's Degree. A candidate for the master's degree who elects Russian Language and Area Studies as a minor must earn at least two units

of graduate credit in specified courses chosen from anthropology, economics, geography, history, political science, and Russian. The courses chosen must be in at least two departments.

Minor for the Ph.D. Degree. A doctoral candidate who elects Russian Language and Area Studies as a minor must demonstrate a reading command of Russian as tested by examination or by completion of Russian 401 with a grade of "A" or "B" and in addition must earn at least four units of graduate credit in courses chosen from the list given just above. The four units must be distributed among at least two departments, not including the department offering the candidate's major.

This program has been approved by the Executive Committee of the Graduate College.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I recommend approval.

On motion of Mr. Harewood, this recommendation was approved.

GRADUATE PROGRAM IN CHEMICAL PHYSICS

(7) The Urbana-Champaign Senate recommends authorization of a graduate program leading to the degree of Doctor of Philosophy in Chemical Physics. This program has been approved by the Executive Committee of the Graduate College. Its objective is to make it possible for students to gain the necessary background for original research in the interdisciplinary field of chemistry, physics, and mathematics.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

There is submitted herewith a statement giving the requirements for admission and for the degree, a copy of which is being filed with the Secretary of the Board for record.

I recommend approval.

On motion of Mrs. Watkins, this recommendation was approved.

CHANGE IN REQUIREMENTS FOR TEACHERS OF VOCATIONAL AGRICULTURE

(8) The Urbana-Champaign Senate recommends approval of minors in general science and biology for teachers of vocational agriculture, which are necessary for teachers of vocational agriculture to obtain certification as teachers of general science or biology, under the law requiring twenty-four hours for a minor in these areas which will become effective in 1961. These changes have been approved by the Committee on Preparation of Secondary Teachers of Vocational Agriculture, the Committee on the Preparation of Secondary Teachers of Science, and the Council on Teacher Education.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

Submitted herewith are the details of these new requirements, a copy of which is being filed with the Secretary of the Board for record.

I recommend approval.

On motion of Mr. Hughes, this recommendation was approved.

SUMMER SPEECH CLINIC WORK BY DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(9) The Division of Services for Crippled Children has been supporting summer speech clinics in cooperation with higher educational institutions in several areas of the state. The patients are children who can not be given the necessary care in their communities and those selected represent some of the most complex speech rehabilitation problems and are cases afflicted with cerebral palsy, cleft palate, severe hearing loss, and aphasia. They are eligible for treatment under the program of the Division and are in need of speech treatment as an integral part of the complete medical care program. Cooperating institutions contribute their facilities and staff.

It is recommended that during the summer of 1960 speech clinics be authorized in the following institutions on a reimbursable cost basis, estimated as follows:

Rockford College, Rockford.....	\$26 076 75
Augustana College, Rock Island.....	8 892 50
Northern Illinois University, DeKalb.....	8 675 20
Southern Illinois University, Carbondale.....	8 820 00
Illinois State Normal University, Normal.....	10 823 00
	\$63 287 45

A similar clinic will be conducted at the University of Illinois at Urbana at an estimated cost of..... 15 119 00

Funds are available in the budget of the Division of Services for Crippled Children.

The Director of the Division of Services for Crippled Children, the Vice-President in charge of the Chicago Professional Colleges, and the Vice-President and Comptroller join in this recommendation.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

CLINICAL RESEARCH CENTER IN THE RESEARCH AND EDUCATIONAL HOSPITALS

(10) The Department of Medicine in the College of Medicine has prepared a proposal to the National Institutes of Health, United States Department of Health, Education, and Welfare, for the establishment of a Clinical Research Center on the eighth floor of the Research and Educational Hospitals. The proposal includes an application for funds amounting to \$489,294 for the first year, \$305,592 for the second year, \$310,814 for the third year, \$316,296 for the fourth year, and \$322,055 for the fifth year.

The budget for the first year includes \$238,583 for renovation and major equipment, \$50,104 for operating expenses, and \$200,607 for basic hospitalization expenses for patients admitted to the Center for study.

In order to meet a date deadline for the consideration of this application, it was submitted on April 26 with the approval of the Vice-President in charge of the Chicago Professional Colleges.

I recommend authorization of this application and acceptance of funds for the initiation of this project if approval is received from the National Institutes of Health.

On motion of Mrs. Watkins, this recommendation was approved.

ILLINI UNION SERVICE CHARGES

(11) The Committee on Fees recommends increases in service charges as follows: Illini Union Building, from \$7.00 a semester to \$10.00 a semester, and the Chicago Illini Union Building, from \$3.50 a quarter to \$5.00 a quarter.

These adjustments are necessary to cover the costs of general building operations. The Illini Union service charge was originally set at \$5.00 in 1940 and was increased to \$7.00 in 1951. Salaries and wages of Illini Union staff and operating costs of the building have, of course, been increasing. Rates in service activities have been adjusted in keeping with these increased costs but there is a deficit in general building operations which is supported solely by the student fee.

Submitted herewith is a communication from the Student Senate at Urbana requesting that the Board of Trustees carefully consider one or more of the following as alternatives to the proposed increase in the Illini Union Building service charge:

1. That the faculty should be assessed to help pay its proportionate part of the expense of the Union's operation, and/or
2. That the University compensate for its use by the faculty, the amount of the compensation to be equal to that paid in 1953 with adjustments for increased size of faculty and the inflation of the period, and/or
3. That *all* students of the University, including those on graduate fellowships and those carrying less than five academic hours, be assessed an appropriate fee for their use of the Union, and/or
4. That the University give the Union free use of its utilities (steam, water, and electricity) as is done in other Big Ten universities.

At the meeting of the Board on April 20 there was presented a petition signed by some 750 students supporting the resolution of the Student Senate.

Also submitted is a reply to the Student Senate's request by the Vice-President and Comptroller. Copies of these documents are being filed with the Secretary of the Board for record.

The alternatives suggested in the Student Senate's proposal are plausible, and have been given due consideration, but are not feasible because:

All income from state tax funds and from student fees is fully budgeted for the current biennium. Any assignments from University funds to Illini Union Building operations would require additional income and this would mean an increase in the general tuition fee. The net result so far as the student is concerned would be the same.

While it may be argued that proposals 1 and 3 of the Student Senate—assessment of the faculty and requiring *all* students including those holding graduate fellowships to pay the Illini Union Building service charge—would not add to the expenses of the University, in both cases this would mean a change in basic contracts of appointment, which could be accomplished only by adjustments in the salaries and stipends.

In the preparation of the next biennial budget, consideration can be given to some of the alternatives recommended by the Student Senate.

I recommend approval of the changes in fees indicated.

On motion of Mr. Johnston, these changes in service charges were approved.

At this point Mr. Wilkins left the meeting.

APPLICATION TO THE FEDERAL COMMUNICATIONS COMMISSION

(13) In the operation of the Radio Astronomy Telescope, it is necessary to petition the Federal Communications Commission to amend or modify its rules and regulations to provide interference protection by restricting assignments of UHF television stations or any other type or class of station operating in the band of 608 to 614 megacycles.

It is desirable to retain a law firm in Washington, D.C., for the purpose of filing the petition and to follow through in the event adverse comments are received by the Commission and hearings are held. The law firm of Bingham, Collins,

Porter, and Kistler is recommended for this purpose. It is estimated that the cost of filing the petition will be a minimum of \$250, and could be as high as \$2,500 for professional services, plus the cost of transcripts and other out-of-pocket expenses. The final cost will depend upon whether hearings are held and the length of the hearings. The Department of Astronomy can pay the first \$250 from its departmental indirect costs.

I recommend the adoption of the following resolution and the assignment of \$2,500, or as much thereof as may be necessary, from general Indirect Costs funds accumulated from research contracts for legal services required.

Resolution of the Board of Trustees of the University of Illinois

WHEREAS, the University has undertaken the construction of a unique Radio Astronomy Telescope near Urbana, Illinois, which offers marked possibilities of providing a highly sensitive precision instrument at considerably lower cost than other instruments of comparable capabilities, and will contribute substantially to the scientific advancement of Radio Astronomy; and

WHEREAS, the Radio Astronomy Telescope now under construction has been designed for effective and efficient use at $611 \text{ megacycles} \pm 3 \text{ megacycles}$, or a required radio frequency band width of 6 megacycles extending from 608 megacycles to 614 megacycles; and

WHEREAS, this portion of the radio frequency spectrum is now allocated by the Federal Communications Commission to television broadcasting in the Ultra High Frequency Band and is designated by the Federal Communications Commission as UHF Television Channel No. 37; and

WHEREAS, this channel is unoccupied at this time by any television stations within the United States, except for an experimental station at Camden, N.J., licensed to the Radio Corporation of America; and

WHEREAS, the effective and efficient use of the Radio Telescope requires a high degree of protection from terrestrial radiations and it is, consequently, advisable to petition the Federal Communications Commission to afford such protection by reserving the radio frequency band 608-614 megacycles to radio astronomy on a nation-wide basis;

Therefore, Be It Resolved, that the President of the University, through such agents or officials as he may designate, is hereby empowered and authorized to retain the law firm of Bingham, Collins, Porter, and Kistler of Washington, D.C., to represent the University in the matter of filing and prosecuting a Petition before the Federal Communications Commission requesting that Agency to amend or modify its existing Rules and Regulations so as to provide protection to the University's Radio Telescope by ruling that no license shall be issued for a television station, or any other class or type of radio station, operating or proposing to operate within the radio frequency band 608-614 megacycles. Provided, however, that the fees to be charged by the said law firm shall, in the opinion of the President, be fair and reasonable.

On motion of Mr. Hughes, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton, Mr. Wilkins.

PURCHASE OF ELECTRIC POWER

(14) Because of the freeze of state capital appropriations for 1959-61, a turbine generator scheduled for completion in 1961 can not be available prior to 1963. It is estimated that there will be a deficiency of 780 kilowatts of power in the summer of 1960, and over 2,300 kilowatts by the summer of 1962, so that it will be necessary to purchase power from the Illinois Power Company. The most economical arrangement is to purchase a 2,340 kilowatt block of power from a new substation in the vicinity of Florida Avenue and the Illinois Central Railroad.

To secure the lowest rates, it is necessary to contract for a minimum period of five years. Capital costs for this service will amount to \$9,200, and the annual cost of power will be \$33,000 greater than if the equivalent amount of power were generated at the Abbott Power Plant.

The Director of the Physical Plant and the Vice-President and Comptroller

recommend authorization of a contract with the Illinois Power Company for purchase of power, as indicated above, and subject to availability of funds; an increase of \$33,000 in the operating budget of the Physical Plant and a non-recurring appropriation of \$9,200 for the capital costs.

I concur.

On motion of Mr. Swain, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton, Mr. Wilkins.

DEAN WILLIAM V. LAMBERT

At this point President Henry presented Dean William V. Lambert of the University of Nebraska who has been appointed University of Illinois Adviser to the Vice-Chancellor of the Uttar Pradesh Agricultural University, Rudrapur, U.P., in India, who spoke briefly on the opportunities he envisages in this position.

CONTRACT FOR CONSTRUCTION OF BUILDINGS FOR ANIMAL SCIENCE

(15) The Director of the Agricultural Experiment Station, the Director of the Physical Plant, and the Vice-President and Comptroller recommend authorization of the construction of two more buildings for the Agricultural Experiment Station's animal breeding and physiological research project at an estimated cost of \$15,300 under the standing, cost-plus contracts authorized by the Board of Trustees for minor construction and remodeling work.

Funds are available in the grant of \$200,000 received by the University from the Moorman Manufacturing Company, Quincy, for a special research project in animal breeding. Most of this money will be used to construct twenty-one buildings for the housing of experimental swine, sheep, and cattle for physiological research. These small agricultural buildings can be constructed from sketches prepared by the Department of Agricultural Engineering, thus saving the time and expense of preparing detailed drawings and specifications, and the facilities are being constructed as the experiment proceeds and according to the requirements of the research project and it is recommended that these buildings also be constructed under the cost-plus contracts in effect at the time a project is started.

The Board has authorized previous construction work for this project under the University's standing contracts which are awarded annually on the basis of competitive bids.

I concur.

On motion of Mr. Hughes, authority was given, as requested.

CONTRACT FOR REPAIRING ILLINOIS SURGICAL INSTITUTE FOR CHILDREN BUILDING

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$5,220 to Wolfes-Jensen and Company, Inc., Chicago, the lowest bidder, for masonry repairs to the Illinois Surgical Institute for Children Building at 905 South Wolcott Street, Chicago, which is one of the units of the Research and Educational Hospitals.

The work will include removal of loose brick and cut stone, parapet walls and their replacement. Due to weathering, portions of the building have deteriorated, and the repairs are necessary not only to restore the building but to eliminate hazards of falling stone and brick.

Funds are available in the Physical Plant Department budget.

I concur.

On motion of Mrs. Watkins, this contract was awarded, as recommended.

CONTRACT FOR LANDSCAPING AT CHICAGO PROFESSIONAL COLLEGES

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$3,525 to Clauss Brothers, Inc., Chicago, the

only bidder, for landscaping of the Laundry Building area at the Chicago Professional Colleges.

The work will consist of placing top soil, seeding, and planting of trees and shrubs, all to be provided by the contractor.

Funds are available in the Laundry Building construction account.

I concur.

On motion of Mr. Harewood, this contract was awarded, as recommended.

ADDITION TO CONTRACT FOR LABORATORY EQUIPMENT AT CHICAGO PROFESSIONAL COLLEGES

(18) The Business Manager of the Chicago Professional Colleges and the Vice-President and Comptroller recommend an increase of \$8,386 in a \$43,087.57 contract with the Kewaunee Manufacturing Company, Adrian, Michigan, for the fabrication and installation of laboratory equipment in the Medical Research Laboratory at the Chicago Professional Colleges.

The contract includes laboratory furniture and equipment for the virology laboratory. In this laboratory, dealing with contagious diseases, it is necessary to provide every precaution for the protection of personnel and to guard against the spread of contamination to other areas. There have been very recent developments, subsequent to the execution of the contract, in the design and fabrication of such equipment which provide greater safety factors. Accordingly, installation of six items of laboratory furniture and equipment for the virology laboratory has been held up until it could be ascertained if changes in the laboratory furniture could be made which would enable research workers to work with dangerous micro-organisms with a very high degree of safety to themselves and other personnel. The Kewaunee Manufacturing Company has offered to take the furniture back to its plant to make the necessary changes at an increase in contract indicated.

Three other leading manufacturers of laboratory equipment, two of whom bid on the original installation, were consulted to check the price quoted by Kewaunee. All three companies recommended that the work be done by the manufacturer of the original equipment, and that they would prefer not to bid on the revisions since this would result in a higher cost to the University, their estimates ranging from \$12,000 up.

Funds are available in the construction account for the Medical Research Laboratory which includes a federal grant under the Medical Research Facilities Act.

I recommend approval.

On motion of Mr. Swain, this change in the contract was authorized.

HOSPITAL-MEDICAL-SURGICAL INSURANCE FOR STUDENTS AND STAFF

(19) On June 23, 1959, the Board of Trustees authorized contracts with the Federal Life Insurance Company, Chicago, for hospital-medical-surgical insurance for students and staff at Urbana and at the Chicago Undergraduate Division. The rates are guaranteed for a two-year period but the benefits were guaranteed for one year, 1959-60, subject to negotiation. In lieu of adjusting the benefits, the Company has proposed the following adjustment in premiums for 1960-61, leaving the benefits the same:

	<i>Present</i>	<i>Increase</i>	<i>Proposed</i>
Student plan, Urbana, per semester	\$ 7.18	\$0.32	\$ 7.50
Student plan, Chicago, per semester	6.60	0.15	6.75
Staff plan, per year			
Employee	29.46	2.79	32.25
Employee and one dependent	56.50	2.75	59.25
Employee and two or more dependents	66.90	2.35	69.25

The proposed rates are all substantially lower than those submitted by the second lowest bidder a year ago.

The only change in benefits proposed is the addition to both student plans

of accidental death and dismemberment benefits up to \$3,000 in connection with loss incurred while off campus. Students are now required to purchase this coverage individually at a rate of 25 cents per day for all University field trips. This coverage will save students approximately \$1,500 a semester and will relieve the faculty members in charge of field trips of the chore of checking on insurance coverage of all students concerned.

The increases in premiums are reasonable on the basis of the Company's experience this year, since the benefits paid by the Company thus far are running ahead of the premiums paid by the University. No changes will be necessary in the amounts charged to students or staff; the difference between the charges and the insurance premiums is still sufficient to cover administrative costs.

After consultation with student and faculty groups, the Vice-President in charge of the Chicago Professional Colleges recommends that students be required to participate in the student insurance plan and that the staff plan be made available to the Chicago Professional Colleges staff on a voluntary basis; and that a student fee of \$6.00 per quarter be charged all students enrolled in the Chicago Professional Colleges. Students who have equivalent insurance coverage may secure exemption from the fee as at the other campuses. Optional coverage may be provided for a student's wife for an additional \$9.00 per quarter and for children at an additional \$6.00 per quarter each. Coverage during the summer quarter will be optional at the same rates.

The Company will add the Chicago Professional staff coverage at the same rate and provide the same benefits as the Urbana staff plan. The student plan will provide the same benefits as the Chicago Undergraduate Division plan, which are higher than the Urbana benefits. The premium will be \$5.05 per quarter for a student, \$7.31 additional for a spouse, and \$5.21 for one or more children.

I concur.

On motion of Mr. Swain, these recommendations were approved.
