On motion of Mr. Swain, these appointments were confirmed.

DEAN OF LIBRARY ADMINISTRATION

(5) I recommend that the position of "Dean of Library Administration" be created to replace the present position of Director of the Library, and the appointment of the present Director, Robert B. Downs, as Professor of Library Science on indefinite tenure, and Dean of Library Administration and Director of the Library School for one year from September 1, 1958, at a salary of \$18,000 on "Y" basis.

The change in title to an administrative deanship is in recognition of the all-University responsibilities of the office and the increase in those responsibilities in recent years. The head of the University library system is in charge of not only the main Library at Urbana-Champaign but all departmental libraries and the libraries at the Chicago Professional Colleges and at the Chicago Undergraduate Division.

It should be noted that this action does not affect the title of the Director of the Library School, a separate position which, at Illinois, has traditionally been held by the University Librarian.

On motion of Mr. Nickell, this recommendation and appointment were approved.

SABBATICAL LEAVES OF ABSENCE

(6) I recommend that the following members of the staff be given sabbatical leaves of absence during the academic year 1958-59, in accordance with the University of Illinois Statutes and for the period indicated in each case:

DANIEL CURLEY, Assistant Professor of English, first semester (September 1, 1958-February 28, 1959), on one-half pay; second semester (March 1-August 31, 1959), without pay; with the option of changing to leave without pay the first semester, and leave on one-half pay the second semester.

RAYMOND P. STEARNS, Professor of History, second semester, full pay.

As a general rule, recommendations for leaves of absence for an ensuing year are presented to the Board of Trustees the preceding March or April, so that all of them may be considered at one time. In the two cases here recommended, the circumstances justify consideration at this late date.

Professor Curley has recently been awarded a Guggenheim Fellowship which makes it possible for him to be absent from the University for a full year. He did not apply for leave with pay at the time other applications for sabbatical leaves were submitted because he had not been notified of the Guggenheim Fellowship. He plans to spend the year in writing and experimenting with narrative techniques.

Professor Stearns has recently received an invitation to lecture in history at the University of Ghent in Belgium on a Fulbright Grant which will cover his personal travel expenses and provide some maintenance funds. He did not apply for this, and the invitation has come as a surprise. It is a distinct honor for him and to the University that he was invited directly and that he was proposed for this appointment by the American Historical Association.

In both cases the Departments have given assurance that no additional expense to the University will be involved.

It should be noted that four of the sabbatical leaves of absence approved in March have since been cancelled, without prejudice, at the request of the recipients because of changes in personal or departmental plans.

On motion of Mrs. Watkins, these leaves were granted, as recommended.

FEE FOR FLIGHT INSTRUCTION

(7) The Director of the Institute of Aviation, the Committee on Fees, and the Vice-President and Comptroller recommend that the fee for flight instruction be increased from \$275 to \$300 a course beginning with the summer session of 1959. This increase is necessary because of the rising cost of aircraft operation and replacement of equipment.

I concur.

On motion of Mr. Williamson, this fee was authorized.

APPROPRIATION FOR TRANSFORMER IN MUMFORD HALL

(8) Installation of an additional transformer in Mumford Hall for which an assignment of \$23,000 was made by the Board of Trustees has been completed and there remains an unexpended balance of approximately \$7,500. The estimate was made before engineering details had been completed. Some of the job difficulties anticipated did not materialize, and this plus economies in the purchase of the switchboard and transformers resulted in savings.

The next phase in the modernization of electrical facilities in this building is replacement of two existing obsolete single-phase lighting risers in panelboards with new three-phase risers, at an estimated cost of \$8,800 which can be paid for from the balance in the existing appropriation plus funds in the operation and maintenance appropriation of the Physical Plant Department.

The Director of the Physical Plant and the Vice-President and Comptroller request authorization of the use of the balance of the appropriation for the transformer for the additional work described.

I concur.

On motion of Mr. Swain, this recommendation was approved.

APPRAISAL OF UNIVERSITY BUILDINGS

(9) University policy provides that insurable values of University properties insured subject to co-insurance shall be determined through a computation by the Physical Plant Department, and that the feasibility of continuation of co-insurance shall be determined by outside appraisal. The policy also provides for outside appraisals of buildings when such evaluation is believed desirable.

The University insures only income-producing properties. Fire and extended coverage insurance is carried with the 80 per cent co-insurance clause to obtain lower rates. Consequently, it is important to have accurate evaluations to be sure that the University's coverage is adequate to prevent a loss through underevaluation. The only evaluations accepted without question by insurance companies in the event of an insured loss are those certified by a professional appraisal company.

The Supervisor of Insurance requested bids from Marshall and Stevens, Inc., Chicago, and the Lloyd-Thomas Company, Chicago, on appraisals of the following properties: Allerton elevator buildings, Allerton Four-H Camp, Busey Hall, Evans Hall, Green Street Apartments, Illini Union Building, Lincoln Avenue Residence, Allen Hall, Men's Residence Halls, and Student-Staff Apartments.

The bid of \$8,100 from Marshall and Stevens, Inc., is the lower bid. The survey proposed by the Lloyd-Thomas Company would be more comprehensive but the proposal of Marshall and Stevens, Inc., will serve the purpose.

The Vice-President and Comptroller recommends the employment of Marshall and Stevens, Inc., for this survey at a fee of \$8,100, the cost to be paid from the income from the operations in the buildings, and the funds are available. Consideration will be given to a similar survey in Chicago, and if one is necessary a recommendation will be submitted to the Board.

I concur.

On motion of Mr. Nickell, this recommendation was approved.

CONTRACTS FOR REMOVAL OF HOUSES

(10) The Committee on Buildings and Grounds has approved the removal or demolition of buildings on land purchased by the University within the last two years as future sites for residence halls and other buildings. The Physical Plant Department has secured bids and proposals for the removal of seven houses and recommends that they be disposed of as follows, the contract in each case being awarded to the best bidder:

1005 West Green Street, Urbana

To be sold to Cook and Wiese, Danville, for \$55.00.

1002 West Illinois Street, Urbana

1102 West Green Street, Urbana

610 East John Street, Champaign

The University to pay ABC Wrecking Company, Chicago, a total of \$450 for removal of these houses: \$250 for the removal of the house at 1002 West Illinois Street, \$150 for removal of the house at 1102 West Green Street, and \$50.00 for the removal of the house at 610 East John Street.

1010 West Green Street, Urbana

1012 West Green Street, Urbana

ABC Wrecking Company to remove these for salvage without cost to the University.

The Warm Air Research Residence at 54-56 Gregory Drive will also need to be removed to provide a site for the new University Press Building. The Research Residence was constructed for the University by the National Warm Air Heating and Air Conditioning Association which is constructing a new research residence building for the University in another area. Since the building to be removed belongs to the Association, the Director of the Physical Plant and the Vice-President and Comptroller recommend that the Association be permitted to enter into a contract with Mrs. Lorraine Davis, Urbana, who submitted a proposal for the building and its removal at \$2,043.32. The Committee on Buildings and Grounds has previously approved the removal of this building with the understanding that the proceeds of the sale would go to the Association.

I concur in these recommendations. A schedule of the bids received is attached.

On motion of Mr. Williamson, these recommendations were approved by the following vote: Aye, Mr. Bissell, Mr. Hughes, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Stratton.

CONTRACT FOR EXTENSION OF STEAM SERVICE TO UNIVERSITY PRESS BUILDING

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$14,888 to the Ideal Heating Company, Chicago, the lowest bidder, for the construction of an underground conduit steam line from the main utilities distribution system tunnel on Gregory Drive to the new University Press Building.

This does not include the installation of certain valves, condensate return pumps, and other accessory equipment within the building at the point of entrance of the steam line. An alternate bid on this phase of the work was received, but since it is out of line with engineering estimates of costs, it is recommended that this alternate not be accepted. Brown, Manthei, Davis, and Mullins, the engineers for this project, will check with Ideal Heating Company to determine if an error was made in the estimation of this alternate and if a lower quotation can be secured. Accordingly, authority is requested to issue a change order for this alternate at a later date in whatever amount seems justified, upon recommendation of the Vice-President and Comptroller and with the approval of the President of the University.

Funds are available in the renewal and replacement budget of the Physical Plant Department.

I concur.

On motion of Mrs. Watkins, this contract was awarded by the

following vote: Aye, Mr. Bissell, Mr. Hughes, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Stratton.

**CONTRACT FOR LANDSCAPING OF MEN'S
RESIDENCE HALLS AREA**

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$24,800 to Wandell's Twin City Nursery and Landscape Service, Urbana, the lowest bidder, for the landscaping of the areas of the three new units of the Men's Residence Halls now being completed on the former Parade Grounds.

Funds are available in the construction account for these buildings.

I concur.

On motion of Mr. Swain, this contract was awarded by the following vote: Aye, Mr. Bissell, Mr. Hughes, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Stratton.

CONTRACT FOR REROOFING TALBOT LABORATORY

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$9,354 to Petry Roofing and Sheet Metal Company, Champaign, the lowest bidder, for reroofing the Arthur Newell Talbot Laboratory.

Funds are available in the operation and maintenance budget of the Physical Plant Department.

I concur.

On motion of Mr. Bissell, this contract was awarded by the following vote: Aye, Mr. Bissell, Mr. Hughes, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Stratton.

IMPROVEMENTS IN ICE RINK

(14) The Safety and Fire Prevention Committee has recommended certain improvements in the Ice Rink, the most important being replacement of the ammonia-operated compressor motors and auxiliary equipment. This is the original equipment, installed in 1931, and while it has been well maintained, the machinery is now obsolete, it is beyond further overhauling, and it is considered unsafe by the Safety and Fire Prevention Committee. It is recommended that new Freon machinery be installed.

Other maintenance work needs to be done at the Ice Rink, as recommended by the Safety and Fire Prevention Committee, for example, installation of panic hardware.

The total estimated cost of the minimum improvements necessary is \$75,000. The Athletic Association is financially able to finance this work on a temporary basis but is unable to make a permanent commitment of funds. The Board of Directors of the Athletic Association has allocated this amount so that the work may be completed by the fall of 1958, with the understanding that the University will later reimburse the Association from capital appropriations for remodeling and rehabilitation of buildings.

I recommend approval of this program and that the assignment of funds made by the Board of Directors be confirmed.

On motion of Mrs. Watkins, this recommendation was approved.

**ADDITION TO CONTRACT FOR CONSTRUCTION
OF LIBRARY ADDITION**

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$3,138.69 in the contract with Johnson, Drake, and Piper, Incorporated, for the construction of the sixth addition to the University Library to provide for four-inch valves in the heating and ventilating installations

instead of two-inch valves. The specifications for this project indicated simply that safety valves be installed but did not specify the size. The contractor's bidding estimates were based upon the installation of two-inch valves which were considered adequate. The Safety and Fire Prevention Committee has recommended that the installation of the larger valves is desirable and is justified from the standpoint of complete safety. The architects and the Physical Plant Department agree and advise that the contractor should not be called upon to provide the larger valves without additional compensation. His estimates have been checked and found reasonable.

I concur.

On motion of Mr. Swain, the Comptroller was authorized to execute this change in the contract.

ADDITION TO CONTRACT FOR INSTALLATION OF PIPING SYSTEM

(16) The Director of the Physical Plant and Vice-President and Comptroller recommend an increase of \$3,857.11 in the contract with Gallaher and Speck, Incorporated, to revise the installation of circulating water piping for the cooling tower in the addition to Abbott Power Plant. These changes will result in savings in excess of \$8,000 in other phases of the cooling tower work.

I concur.

On motion of Mr. Williamson, the Comptroller was authorized to execute this change in the contract.

ADDITION TO CONTRACT WITH IDEAL HEATING COMPANY FOR PIPING IN UTILITIES DISTRIBUTION SYSTEM

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$5,413 in the contract with the Ideal Heating Company, Chicago, for furnishing and installing of piping in the extension of the utilities distribution system in the area west of First Street and south of Gregory Drive, Champaign.

The original contract for \$183,333 was approved by the Board on August 8, 1957. Previous minor additions have increased this to \$184,572.75. The increase now proposed is to provide for piping for steam service from a loop vault in the utilities distribution system to the new Men's Residence Halls in the Parade Ground area.

Providing the take-off steam service connection to the Residence Halls as a part of the original tunnel and piping work now under contract will result in a better installation, without interruption of service or damage to previously completed work, and at less cost than a service connection installed by separate contract later.

I concur.

On motion of Mrs. Watkins, the Comptroller was authorized to execute this change in the contract.

EXPANSION OF MEDICAL CENTER STEAM COMPANY PLANT

(18) The Board of Trustees approved a contract with Presbyterian-St. Luke's Hospital for steam service from the Medical Center Steam Company plant to the Hospital which requires the addition of a fourth boiler unit to the plant to provide the necessary increase in its capacity. The construction is being done by Stone and Webster Engineering Corporation under a contract between the latter and the Medical Center Steam Company, also authorized by the University.

Before long a fifth boiler unit will be needed to provide steam capacity to serve new University buildings at the Chicago Professional Colleges. The shell of the addition to the steam plant, now under construction, to house a fifth boiler can be enlarged at an additional cost of \$370,000 which would result in a saving of at least \$40,000 compared with the cost of the same addition to the plant building later. The estimated cost of a fifth boiler, if constructed and installed concurrently with the fourth boiler, is \$840,000, an estimated saving of \$220,000, plus any savings as a result of potential price increases, compared with the cost of constructing and installing the boiler later. It was estimated that this reduction in capital costs will also result in savings on principal and interest payments of

approximately \$135,000 over the period of financing the Medical Center Steam Company plant.

The increase of \$370,000 for the construction of the larger addition to the building will require an increase of \$32,000 a year in the Physical Plant Department budget, beginning with the biennium 1959-61, for payment of the increase in debt service in financing this construction; the increase in debt service resulting from the construction and installation of the fifth boiler unit will not go into effect until 1961.

The Director of the Physical Plant, the Vice-President in charge of the Chicago Professional Colleges, and the Vice-President and Comptroller recommend that the Board of Trustees authorize an increase of \$1,210,000 for the construction of the addition to the plant building and for the construction and installation of a fifth boiler in the contract between the Medical Center Steam Company and Stone and Webster Engineering Corporation.

I concur.

On motion of Mr. Swain, this recommendation was approved by the following vote: Aye, Mr. Bissell, Mr. Hughes, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Stratton.

EASEMENT FOR PRESBYTERIAN-ST. LUKE'S HOSPITAL STEAM TUNNEL

(19) As a supplement to the contract with Presbyterian-St. Luke's Hospital for steam service from the Medical Center System Company plant, it is necessary to grant the Hospital an easement for the construction of the steam tunnel, since this is related to the University's interest in land. Accordingly the following Resolution is offered:

Resolution

Be it and it is hereby, resolved by the Board of Trustess of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and the Secretary of the Board of Trustees be, and they hereby are, authorized to execute and deliver in the name and on behalf of this corporation an agreement for easement, together with such other document or documents as to them may appear necessary and desirable, for the purpose of granting the right, easement, permission and authority to Presbyterian-St. Luke's Hospital and the Medical Center Steam Company to enter upon University property in Chicago, Illinois, bounded on the west by South Wood Street, on the north by West Polk Street, and on the east by South Hermitage Avenue; to construct thereon a steam tunnel extending from the existing valve chamber on South Wood Street approximately 150 feet south of West Polk Street, to a connection with an existing steam distribution tunnel on South Hermitage Avenue just south of the intersection of South Hermitage Avenue and West Polk Street, and related facilities and appurtenances; and to use, operate, maintain, renew and remove said tunnel, facilities and appurtenances; together with the right of ingress to and egress from said land at all times for any and all such purposes; said Presbyterian-St. Luke's Hospital and Medical Center Steam Company to agree to restore as nearly as possible to its original condition any and all University property damaged or disturbed by such construction, use, operation, maintenance, renewal and removal; and said Presbyterian-St. Luke's Hospital and Medical Center Steam Company to agree to indemnify this corporation against loss in any way arising out of this project; for so long as used for said purposes, and until this corporation acquires title and ownership of the property and facilities of Medical Center Steam Company; in consideration of One Dollar and other good and valuable consideration.

On motion of Mrs. Watkins, the foregoing resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Hughes, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Stratton.

EXPANSION OF STEAM DISTRIBUTION SYSTEM IN CHICAGO

(20) The Board of Trustees approved a contract to supply steam service to the National Society for Crippled Children and Adults in the Medical Center District

in Chicago. A steam distribution and condensate return system to carry 30,000 pounds an hour maximum capacity is being built from the corner of Wolcott and Polk Streets to the corner of Damen and Polk Streets, at an estimated cost of \$95,000.

The construction is being done under a reimbursable cost contract between the Pioneer Service and Engineering Company and the Medical Center Steam Company, which contract was authorized by the University.

The Chicago Medical School authorities wish to negotiate for steam service to buildings which the School is planning to build in the Medical Center District in 1960 and 1962. The buildings will be in a location where they could be served by the distribution system now under construction. The maximum steam requirement requested by the Chicago Medical School is 30,000 pounds an hour.

The cost of the distribution system now under construction is being shared by the University and the National Society for Crippled Children and Adults, with the University paying approximately \$90,000 of the cost. The Pioneer Service and Engineering Company estimates that an increase in the capacity of the line now under construction to provide for maximum demand of 60,000 pounds would add only \$15,000 to the cost at this time.

Increasing the capacity of the distribution system while it is under construction would result in material savings in the ultimate cost. The additional cost would be more than recovered since the University's share of the cost of the line, now approximately \$90,000, would be reduced to approximately \$52,000 by payments from the Chicago Medical School, if negotiations with that institution result in a contract for steam service. Accordingly, the Director of the Physical Plant, the Vice-President in charge of the Chicago Professional Colleges, and the Vice-President and Comptroller recommend that:

1. University officers be authorized to negotiate with the Chicago Medical School to furnish steam to its buildings on the same terms and policies as contracts with other consumers. This would be consistent with the policy of the Board of Trustees in the operation of the Medical Center Steam Company to furnish steam to any governmental agency, educational institution or charitable organization, or any other institution in the Medical Center District upon application and upon certification by the Medical Center Commission that the agency or institution is a qualified applicant for steam service, subject to availability of an adequate supply of steam.

2. The Board authorize an addition to the Medical Center Steam Company's contract with the Pioneer Service and Engineering Company for an increase in the capacity of the line from 30,000 pounds an hour maximum demand to 60,000 pounds an hour maximum demand at an estimated increase in cost of \$15,000.

No additional assignment of funds is needed, as the amortization of the added investment in the system can be provided from funds in the Physical Plant Department budget.

I concur.

On motion of Mrs. Watkins, these recommendations were approved.

STEAM SERVICE TO THE CHICAGO FOUNDLINGS HOME

(21) The Chicago Foundlings Home, which will in the near future begin construction of a new building in the Medical Center District, has requested the University to supply steam service to that building. The steam required by the Home will not exceed 5,000 pounds an hour. If other recommendations being made separately for the expansion of the steam plant facilities are approved, the steam required by the Chicago Foundlings Home can be supplied.

In keeping with University policy in the operation of the Medical Center Steam Company of supplying steam to qualified users in the Medical Center District, if the steam plant has the capacity to do so, the Director of the Physical Plant, the Vice-President in charge of the Chicago Professional Colleges, and the Vice-President and Comptroller recommend authorization of negotiations with the Chicago Foundlings Home to supply the steam as requested on the same terms and conditions as in contracts with other consumers.

I concur.

On motion of Mr. Nickell, this recommendation was approved.

CHANGE IN CONTRACT FOR ARCHITECTURAL SERVICES

(22) The University has a contract with Ambrose M. Richardson of Ambrose M. Richardson and Associates, Champaign, for architectural consultant and design services for one year from August 1, 1957, with a maximum cost of \$48,500. The scope of work on which these services have been needed has changed. The Director of the Physical Plant and the Vice-President and Comptroller recommend that the maximum cost be increased to \$51,000 with the following adjustments in allocations:

	<i>Original Amount</i>	<i>Revised Amount</i>
Men's Residence Halls, Stage 4.....	\$21 000	\$ 8 000
Women's Residence Hall.....	13 000	13 000
Continuing Services on Housing Projects and Fine Arts Building.....	1 500	3 000
Campus Plan Studies and Consultative Services..	13 000	27 000
<i>Total.....</i>	<i>\$48 500</i>	<i>\$51 000</i>

The Director of the Physical Plant and Vice-President and Comptroller further recommend a new contract for continuation of these services (the name of Mr. Richardson's firm is now Richardson, Severns, and Associates) for the fiscal year 1958-59 for the following:

1. Continuation of Urbana campus plan studies.....	\$10 000
2. Preparation of a campus plan study for the Chicago Professional Colleges.....	16 000
3. Completion of design work on Single Men's Housing Project No. 3.....	\$ 2 000
Single Women's Housing Project No. 2.....	2 000
Fine and Applied Arts Building and Krannert Art Museum.....	2 000
4. New design projects Single Women's Housing Project No. 3.....	13 000
Single Men's Housing Project No. 4.....	17 000
5. Design consultation on other projects as requested.....	30 000
<i>Total Estimate for the Year.....</i>	<i>\$65 000</i>

Items 1 and 2 can be financed from current appropriations for architectural studies. Funds are available in the construction contracts for services chargeable to the Fine and Applied Arts Building and the Krannert Art Museum. The remainder of Items 3 and 4 can be financed through temporary assignments of University funds which will be reimbursed when funds are borrowed for the construction work. Work under Item 5 will be activated by recommendations to and approval by the Comptroller.

Payments on this contract will be made monthly for labor at cost (A. M. Richardson at \$10.00 an hour, John Severns at \$5.00 an hour, and draftsmen at \$3.00 an hour), plus 75 per cent commission; other items such as materials for models, travel expenses, reproduction of drawings above two copies of each, and miscellaneous expenses on actual cost basis.

All buildings under this contract will be audited by the Business Office.

I concur.

On motion of Mrs. Watkins, this contract was authorized by the following vote: Aye, Mr. Bissell, Mr. Hughes, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Stratton.

ESTATE OF LAVERNE NOYES

(23) The Board of Trustees authorized an agreement with the other college and university beneficiaries of the Estate of LaVerne Noyes whereby administrative trustees were appointed for the purpose of developing and carrying out a program for the retention, distribution, or liquidation of stock in the Aermotor Corporation, the principal assets of this Estate.

Based on the Corporation's record of earnings for the past several years, the administrative trustees concluded that the best interests of the beneficiary institutions would be served by disposing of the Aermotor shares. This sale was consummated on June 3, 1958. Immediately prior to this transaction, securities held in the investment portfolio of the Aermotor Corporation were transferred to the Trustees as a dividend, and assets in a separate Trust Estate were released to its Trustees by the purchase of annuity contracts for the beneficiaries of that Trust. All securities thus received were sold, thereby converting the Trust Estate to an all cash position.

The total proceeds of these transactions were deposited with the Northern Trust Company and, with the exception of approximately \$5,000 retained to pay for further expenses including an audit report, have now been distributed to the beneficiary institutions in the proportion that those institutions participated in the original Trust created by the will of Mr. Noyes. The amount received by the University of Illinois is \$220,131.33 which will be invested as an endowment and the income used for the purposes of the original gift.

The receipt of this sum, plus a small additional amount that may be received in the future, completes the liquidation of the University's interest in this Trust Estate.

This report was received for record.

**REPORT OF EXECUTIVE COMMITTEE ON CONTRACT FOR
ENGINEERING SERVICES ON CONSTRUCTION
OF PARKING FACILITIES**

(26) Upon recommendation of the Director of the Physical Plant, the Vice-President and Comptroller, and the President of the University, the Executive Committee of the Board of Trustees has authorized a contract with Clark, Daily, and Dietz, Urbana, for engineering services in the preparation of plans and specifications for the new, permanent parking areas for faculty and staff, and parking compounds for storage of student automobiles, construction of which was previously authorized by the Board of Trustees. The amount of the contract was negotiated on a lump sum basis. The rates to be charged are in accordance with the schedule of recommended fees for engineering services adopted by the Illinois Society of Professional Engineers. The contract provides for percentages based

on varying volumes of work and takes into account work completed by the Physical Plant Department. The total fee will be about 3.84 per cent of the total construction cost but will not exceed \$15,000.

This report was received for record.

CONTRACT FOR CONSTRUCTION OF PARKING LOTS

(27) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$375,450 to the Champaign Asphalt Company, Champaign, the lowest bidder, for the construction of the following parking lots on the campus at Urbana-Champaign:

Burrill Avenue Improvements.....	\$ 57 000
This will include the widening of Burrill Avenue to a paved width of 60 feet between Green Street and Springfield Avenue, except for the bridge over the "Boneyard," and will provide right angle parking for 141 cars.	
Staff Parking Lots.....	98 700
This will include expansion and construction of new parking areas north of the Men's Old Gymnasium and on the west side of Romine Street (at the southeast area of Illinois Field); east of Davenport Hall; northwest of Bevier Hall—Home Economics; and north and south of George Huff Gymnasium. These areas will provide spaces for 353 cars.	
Student Parking Compounds.....	177 550
This will include the construction of two parking compounds for student cars each providing approximately 350 spaces. One will be west of First Street between Florida Avenue extended and St. Mary's Road; the other will be east of Goodwin Avenue extended and south of Florida Avenue.	
Lighting for above areas.....	41 300
<i>Total</i>	<u>\$375 450</u>

The University of Illinois Foundation will borrow the funds to finance these improvements. The University will finance the construction temporarily and upon completion of the improvements the University will sell the lots to the Foundation for \$440,000. The Foundation will borrow this amount from the First National Bank of Chicago for 3½ per cent interest per year with semi-annual maturities through 1964. The Foundation will lease the lots to the University for \$90,000 a year which will be sufficient to amortize principal and interest payments on the amount borrowed. University payments will be from the income from special fees charged student car owners and rental paid for staff for reserved parking spaces.

The First National Bank of Chicago previously agreed to a loan of \$400,000 to finance these improvements and the University of Illinois Foundation has approved the program. Preliminary negotiations with the bank indicate that the bank is willing to increase the loan to \$440,000. Formal resolutions relating to this financing will be drafted for adoption by the Board of Trustees at its meeting in September.

An assignment of funds to the Physical Plant Department will be required for the operation and maintenance of these parking areas and a recommendation on this will also be submitted to the Board later.

I recommend that the Board of Trustees approve these financial arrangements and the award of a contract to the Champaign Asphalt Company.

On motion of Mr. Hughes, this financing program was authorized, and the contract was awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Hughes, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Stratton.

NONSALARIED FACULTY OF THE COLLEGE OF MEDICINE, 1958-59

(28) I present the following list of appointments to the nonsalaried faculty of the College of Medicine for the academic year beginning September 1, 1958,

unless otherwise indicated, and request that the President of the University be authorized to make such additional appointments and other changes, and to accept resignations, as are desirable and necessary.

Appointments of Professors and Associate Professors are on indefinite tenure; all others are for one year from September 1, 1958, unless otherwise stated. New appointments are so indicated.

APPOINTMENT OF PROFESSOR JOSEPH S. BEGANDO AS ASSISTANT TO THE PRESIDENT

(29) I recommend the appointment of Dr. Joseph S. Begando, now Assistant Dean of the College of Pharmacy and Associate Professor of Pharmacy Administration, as Assistant to the President, effective September 1, 1958, at a salary of \$15,000 a year on "Y" basis.

Dr. Begando's academic tenure in the University will continue although he will have no teaching duties under this administrative assignment. As Assistant to the President, his duties will be to represent the President on specific assignments in institutional relations and to assist the President in development activities. He will represent the President in the continuing relationships with the University of Illinois Foundation and the University of Illinois Alumni Association, and in alumni affairs in general. He will work with the University Committee on Institutional Gifts and Development and the University Committee on Institutional Relations. He will assist the President in relationships with advisory committees, civic groups, and constituencies with which liaison must be maintained. He will work closely with faculty and administrative officers in these assignments.

There will be new undertakings in the new position but the appointment will also consolidate a number of assignments which heretofore have been carried directly by the President and other University officers who should be relieved of them.

The appointment will not change the relationship of the President to any present administrative officer.

On motion of Mr. Swain, this appointment was approved.

CHANGES IN DEPOSITS REQUIRED AND FEE REFUNDS AT THE CHICAGO PROFESSIONAL COLLEGES

(30) Officials of the Chicago Professional Colleges and the Committee on Fees recommend the following deposit requirements and fee refund provisions at the Chicago Professional Colleges:

1. A deposit of \$60.00 shall be required from all students who are accepted for admission to the Colleges of Medicine and Dentistry within two weeks of the date of their notification of acceptance. (This represents an increase from \$15.00 to \$60.00 in these two schools. The deposit of \$15.00 now in force for the College of Pharmacy will remain, and, as at present, no deposit will be required of students accepted for the School of Nursing.)
2. Deposits received for admission to the Colleges of Dentistry, Medicine, and Pharmacy shall be refunded in full to students admitted to the Colleges of Medicine and Dentistry who request cancellation of admission by January 15 of the year of the applicant's registration in the University, and to students admitted to the College of Pharmacy who request cancellation of admission by September 1 of the year of the applicant's registration.
3. One-third of the deposit, or \$20.00, made by students in the Colleges of Medi-

- cine and Dentistry who request cancellation of admission by September 1 of the year in which they are to register shall be refunded.
4. Any deposit made shall be refunded in full if the University of Illinois cancels the student's admission.
 5. Upon completion of registration of a student in the Colleges of Medicine, Dentistry, or Pharmacy, the deposit on file shall be credited on the tuition and other fees due from the student.
 6. The refund provisions at the Chicago Professional Colleges shall be consistent with the refund practice at Urbana, providing for a full refund of fees if a student withdraws during the first ten days of a quarter, a refund of one-half of the fees if the student withdraws after ten days attendance but before one-half of the quarter has elapsed, and no refund if the student withdraws after one-half of the quarter's work has elapsed. This shall apply to all colleges and to the School of Nursing.

It is further recommended that these changes become effective in September, 1959.

I concur.

On motion of Mr. Bissell, these recommendations were approved.

BUILDING PROGRAM FOR 1959-61

(31) State law requires that the University file with the Department of Finance, not later than November 1, estimates of income and of expenses from state appropriations for the biennium beginning the following July 1.

I submit herewith the proposed building program for the biennium of 1959-61. Recommendations for state appropriations for operations during the biennium of 1959-61 will be submitted to the Board at a later meeting.

The recommendations for state capital appropriations are based on a report of the University Building Program Committee and after consultation with the University Council. The Building Program Committee has made a thorough canvass of the University's building and related needs. It has been studying these needs in consultation with representatives of the colleges, schools, and departments concerned for several months and has made periodical reports and recommendations to the President of the University. The Committee's final recommendations have also been considered by the Board of Trustees Committees on Buildings and Grounds, General Policy, and Finance.

In order to reflect the comprehensive planning upon which the recommendations are based, I am also submitting for information purposes the Committee's tentative recommendations for 1961-63, and the estimate of building and other capital improvement needs within the total ten-year period from 1959-60.

I now recommend that the Board of Trustees formally approve the program for 1959-61 as submitted herewith for presentation to the Department of Finance, the Illinois Budgetary Commission, and to the officers and committees of the Seventy-first General Assembly of Illinois; and I further recommend that the President of the Board, the Chairmen of the Board Committees on Buildings and Grounds, General Policy, and Finance, and the President of the University be authorized to represent the Board of Trustees in such conferences as may be required in presenting the program to state officials.

On motion of Mr. Williamson, these recommendations were approved and authority was given as requested. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Hughes, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Stratton.

The building program appears as an appendix to these minutes, on pages 60 to 76.

OCTOBER MEETING OF THE BOARD

President Livingston asked the members of the Board their wishes for the date and place of the October meeting.

On motion of Mr. Nickell, seconded by Mr. Hughes, the Board voted to hold this meeting in Urbana, Illinois, on Friday, October 24.

After further discussion it appeared that this would not be feasible, and on motion of Mr. Nickell, the Board reconsidered its action.

On motion of Mr. Williamson, the Board voted to hold the October meeting on either October 21, 22, or 23, the time and place to be determined by the President and Secretary of the Board after consultation with the Trustees absent from today's meeting and with University officials.

MEETING OF ASSOCIATION OF GOVERNING BOARDS OF STATE UNIVERSITIES AND ALLIED INSTITUTIONS

President Livingston called attention to the 1958 meeting of the Association of Governing Boards of State Universities and Allied Institutions which will be held at Purdue University, October 15 through 18, and ask if any members of the Board desire to attend as official delegates of the University. After some discussion, President Livingston designated Mrs. Frances B. Watkins, Mr. Earl M. Hughes, and the Secretary of the Board as official delegates, and the Secretary was authorized to make the necessary arrangements for their representation.

The Secretary presented for record the following lists: (1) appointments made by the President; (2) fellows; (3) graduate fellows; (4) resignations and declinations; (5) leaves of absence; (6) changes in sabbatical leaves of absence.

EXECUTIVE SESSION

At this point, on motion of Mrs. Watkins, an executive session was ordered for the consideration of the following items of business.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(32) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Multiple laboratory facility—Ora L. Railsback, Professor of Physics, and Harold M. Skadeland, Associate Professor of Physics, both of the Chicago Undergraduate Division, inventors. This invention, which encompasses the "Lazy Susan" principal of a rotating platform, is intended to allow more efficient use of classroom space by converting the room's facilities instantaneously to allow different classes to use the laboratory in succeeding periods. While one class is being conducted, a laboratory stockman may be setting up the apparatus for the next class without interrupting the class in the room at the time.

The Patent Committee believes that this application of the "Lazy Susan" principal would not constitute a unique enough claim to justify a patent application. Further, it does not appear that the invention has much commercial value. The inventors indicated in their disclosure that if the invention were released to them, they would propose to publish a description of the invention in a scientific journal, thus barring any possible patent application. The Committee recommends that the invention be released to the inventors.

2. Regimen of carotenoid therapy—Ruven Greenberg, Assistant Professor of Physiology, and Theodore Cornbleet, Clinical Professor of Dermatology, inventors. This invention concerns the ingestion of carotene (derived from carrot juice) which is claimed to be beneficial in the treatment of acne and psoriasis.

The Patent Committee previously requested the University of Illinois Foundation to investigate the desirability of obtaining a patent. The Foundation reports that the claims made by the inventors would be difficult to support in a patent application. Further, it does not appear that any possible patent would have much commercial value. This report corroborates the recommendation by the Head of the Department where the invention was conceived. The Patent Committee recommends that this invention be released to the inventors.

3. A semen diluent and processing method—N. L. VanDemark, Professor of Physiology, A. D. Sharma, Assistant in Dairy Science, and G. W. Salisbury, Professor of Dairy Science, inventors. This invention was described to the Board of Trustees at its meeting on July 16, 1957, and at that time the Board authorized the University of Illinois Foundation to apply for a patent, but no decision was made concerning who would own the title to any patent obtained. The Patent Committee now recommends that the University release its rights in this invention to the University of Illinois Foundation and that title to any patent issued be in the name of the Foundation. This action will facilitate the efficient management of any licensing and royalty arrangements.

4. Synthetic high polymers on tablet coatings—E. R. Serles, Dean of the College of Pharmacy (deceased), D. L. Deardorff, Professor of Manufacturing Pharmacy, and Dale W. Doerr, Instructor in Pharmacy, inventors. This devel-

opment involves the use of synthetic material as an alternative for sugar coatings on medicinal tablets. As approved by the Board of Trustees at its meeting on May 23, 1953, this invention was referred to the University of Illinois Foundation for further study with authority to apply for a patent if this action appeared desirable. The Foundation has now applied for and received such a patent and has requested the Patent Committee to make a recommendation as to the distribution of any income received from licenses or royalties that may be received.

The Patent Committee recommends that 12 per cent of the income received and available after the payment by the Foundation of any development or other costs incurred in connection with this patent be paid to and divided among the inventors in such a manner as they may agree upon.

5. A column packing material for high temperature inorganic gas chromatography — Richard S. Juvet, Jr., Assistant Professor of Analytical Chemistry, and Francis M. Wachi, Assistant in Chemistry, inventors. This development is a new method in gas chromatography separation which heretofore has been restricted to the analysis and separation of volatile organic substances. It uses certain non-volatile inorganic eutectic mixtures.

The Head and other authorities in the Department of Chemistry and Chemical Engineering are of the opinion that there is little likelihood that this development will have commercial value and have recommended that the invention be released to the inventors. The Patent Committee concurs in this opinion and so recommends.

6. Bubble oxygenator for extra corporeal circulation during cardiac surgery — Mariano Lopez-Belio, Assistant Professor of Surgery, and Ormand C. Julian, Associate Professor of Surgery, inventors. This instrument oxygenates blood outside the body for the purpose of extra corporeal circulation during cardiac surgery. One model of this machine has been developed through frequent experimental and clinical use at the University of Illinois College of Medicine and the Research and Educational Hospitals and at Presbyterian-St. Luke's Hospital.

Although this development is novel and gives promise of a definite contribution to surgical practices, apparently it is very improbable that it will be commercially profitable because of the small number that would be used. Accordingly, Dr. W. H. Cole, Head of the Department of Surgery, and Vice-President H. E. Longenecker have recommended that it be released to the inventors for the specific purpose of obtaining further models through the facilities of a Chicago instrument company that wishes to construct this equipment and distribute it at no profit to the inventors or the company.

The University Patent Committee concurs in this opinion and recommends its release to the inventors.

7. Vacuum regulator — Dillon E. Mapother, Associate Professor of Physics, inventor. This device is a self-acting valve which, when introduced into a pumping line, opens and closes in response to fluctuations in inlet pressure so as to maintain the inlet pressure constant.

The Patent Committee in October, 1957, requested the University of Illinois Foundation to study and report back on this device. The Foundation was able to secure an exhaustive opinion from a manufacturer as to the possibilities of obtaining a patent and building this device. This company has now reported back that a very high selling price would be necessary if such a device were manufactured; and at the same time quality control would be difficult. Accordingly, the Foundation has returned the matter to the University with a notice that it does not wish to seek a patent.

The inventor has advised that it is his plan to publish this development within a few months. Accordingly, it is the recommendation of the Patent Committee that all rights of the University in this invention be released to the United States Navy, the sponsoring agency under which it was developed.

8. Binary digital shifting register — Arnold T. Nordsieck, Professor of Physics, inventor. This device is for use in connection with a synchronous binary digital computer and is a delay line which requires a very small amount of energy with realizable audio frequencies over a broad range.

The Patent Committee requested the University of Illinois Foundation to investigate this invention as to commercial possibilities, and the Foundation has

reported that no company has been found that is interested in developing the invention.

The inventor has requested that this invention be released to him. The United States Army Signal Patent agency representing the United States Government, which had sponsored the project on which the invention was developed, has agreed to this release, providing that the Government be granted a royalty-free license to the use of any patent that is issued. The Patent Committee approves such an arrangement and recommends that all rights of the University in this invention be released to the inventor, with the stipulation that the United States Government and the University of Illinois be granted royalty-free licenses to use any patent that may be issued in connection therewith.

I concur in these recommendations.

President Livingston reported that the Executive Committee had previously considered these recommendations and concurs in them.

On motion of Mrs. Watkins, these recommendations were approved by the Board.

SETTLEMENT OF THE SUIT OF CHARLES GOREY

(33) Recently Mr. Charles Gorey, an electrician in the employ of the University of Illinois at the Chicago Professional Colleges, instituted a mandamus proceeding in the Circuit Court of Cook County to recover salary and other benefits which he lost as the result of being placed on involuntary disability leave from January 2 through April 5, 1957.

Mr. Gorey was first employed by the University in 1941 and between that year and 1944 worked for it from time to time. Since October 24, 1944, to the present time, Mr. Gorey has been employed as a full-time electrician.

For some time prior to November, 1953, Mr. Gorey suffered from a physical condition, diagnosed as a hypersensitive carotid sinus, which rendered it dangerous for Mr. Gorey to do work (such as changing overhead lamps) which would necessitate extending his arms over his head, especially if he would be working on a ladder. While his condition was known to the Health Service at the Chicago Professional Colleges Campus and to the Supervisor of Building Craftsmen, it did not come to the attention of the Assistant Superintendent of Buildings and Grounds or that of the Superintendent of Buildings and Grounds until the fall of 1953. At that time a report from the Health Service was presented to them and, upon recommendation from the Office of Nonacademic Personnel, Mr. Gorey was placed on leave of absence for disability. However, the Health Service immediately advised that he could do all types of work if he kept his collar open to eliminate any pressure on his neck and, consequently, he was returned to work. On November 11, 1956, the Health Service issued an additional report to Mr. Gorey that he should not do certain portions of the work usually done by electricians, and Mr. Gorey declined to do "lamping" since it would require him to be on a ladder and work with his hands above his head. The report from the Health Service that Mr. Gorey should not do *all* work requiring the raising of his arms above the head was confirmed in December, 1956. On the basis of this advice, and with the concurrence of the Office of Nonacademic Personnel, Mr. Gorey was placed on disability effective January 2, 1957, but because of accumulated sick leave and vacation, he received full pay for the period January 2 to January 29, 1957.

While Mr. Gorey apparently acquiesced in this action by voicing no objection before the end of January, 1957, it developed that he was objecting to or questioning it and was supported in his position by his union. Further negotiations and investigations took place and he was restored to active duty on April 8, 1957, but because of his physical condition instructions were issued that he should not be required to do work which the Health Service physicians considered would be dangerous and inadvisable for him to attempt.

As a result of the foregoing and the involuntary disability leave upon which he was placed, Mr. Gorey did no work from January 2 through April 5, 1957, although he was paid the same amount he would have earned in January of that year if he would have been working then by allowing him fifteen days of wages to sick leave and five working days of vacation time which he had earned

and to which he was entitled. He was paid nothing for the forty-three days he lost from January 30 through April 5, 1957.

After he was restored to active duty, Mr. Gorey and the business agent of his local union demanded that he be paid what he would have earned had he been permitted to work from January 30 to April 5, 1957, and that the fifteen days of sick leave and five days of vacation time be restored. Action upon this request was deferred while attempts were made to hold a conference with the business agent of the union concerning Mr. Gorey's claims and concerning charges which that union had preferred against Mr. Gorey's foreman and a fine which it had imposed upon the foreman stemming out of the latter's action in reporting Mr. Gorey's claim that, because of his physical condition, he was not supposed to be required to do overhead lamping work. The business agent of the union ignored requests for a conference and apparently was unwilling to hold it with University representatives. Mr. Gorey then instituted the mandamus suit.

As the result of conferences with University officers and study of the facts and law, it is the conclusion of the Legal Counsel that the University had no legal right or authority to place Mr. Gorey upon enforced disability leave, and that the University does not have a good defense to Mr. Gorey's suit. It is his recommendation and that of the Director of the Physical Plant and of the Director of Nonacademic Personnel that the University pay Mr. Gorey \$1,331.60 for wages which he would have earned had he worked between January 30 and April 5, 1957, and the fifteen working days sick leave credit be restored; and that, for purposes of seniority and accruing sick leave and vacation benefits, Mr. Gorey's full-time employment status include the period January 2, 1957, to April 8, 1957. In return, Mr. Gorey will waive any claim for restoration to him of the five working days of vacation time credit against which a portion of the wages paid him for the month of January, 1957, was charged. In addition, it is understood that Mr. Gorey will do what he can to secure dismissal of charges against the foreman now pending before the Executive Board of the local union of which the foreman and Mr. Gorey are members.

I concur.

Mr. Swain stated that the Committee on Nonacademic Personnel had previously received this report and was prepared to support the recommendation.

On motion of Mr. Swain, the recommended settlement was authorized.

ACQUISITION OF PROPERTY AT 508 EAST JOHN STREET, CHAMPAIGN

(34) The property at 508 East John Street, Champaign, Illinois, consists of a lot 66 feet by 187 feet (12,342 square feet) with a frame residence which had been used as a rooming house but which was recently seriously damaged by fire. Since this property is in the area within the University's land acquisition program, it is important that the University acquire it now, and before the house is rebuilt and the cost of acquiring it increases accordingly. Until it is required as a site for a University building, the land can be used as a University parking lot, it being situated in an area where parking space is greatly needed.

The property is zoned for B-2 business operations which is the general classification of the University business district in Champaign.

The University has secured two appraisals of the property, one appraising its value at \$25,000 and the other at \$32,000. University officers believe that \$29,000 constitutes a fair and reasonable price for the property. That figure is in line with appraisals and would represent a land acquisition cost of \$2.35 per square foot, which compares favorably with other recent property purchases near the campus ranging from \$2.33 to \$5.83 per square foot.

Funds for the purchase of the property are available in the contingencies item in the state capital appropriations to the University for 1957-59, subject to release by the Governor. The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of this property at a price of \$29,000 and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents, subject to the approval of the same

and of the title by the Legal Counsel, and further recommend that the Legal Counsel be authorized and directed to take the necessary steps to institute a condemnation suit and acquire the property through the exercise of the University's right and power of eminent domain in the event the owner refuses to sell the property to the University at the \$29,000 figure.

I concur.

Mr. Williamson reported that this recommendation had previously been submitted to and was considered by the Committee on Buildings and Grounds.

On motion of Mr. Williamson, the acquisition of this property at a purchase price of \$29,000 was authorized; and if the owner refuses to sell at that figure, the Legal Counsel is authorized to institute a condemnation suit for the acquisition of this property through proceedings in eminent domain. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Hughes, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Stratton.

On motion of Mr. Williamson, the Board adjourned.

**RECOMMENDATIONS OF THE UNIVERSITY BUILDING PROGRAM
COMMITTEE FOR THE 1959-61 BIENNIUM INCLUDING
THE TENTATIVE PROGRAM FOR 1961-63
AND AN ESTIMATE OF THE ADDITIONAL CAPITAL NEEDS
FOR 1963-69**

(Approved by the Board of Trustees July 29, 1958, page 36)

INTRODUCTION

The Building Needs of the University

Two kinds of needs are considered in the building program of the University: (1) catching up with the past, and (2) constructing buildings fast enough to make room for the future. Both kinds require quick action on a large scale if the facilities of the University are not to "bottle-neck" when they are needed most.

CATCHING UP WITH THE PAST

Although the University of Illinois has a large and imposing campus, the University does not have all the classrooms, libraries, laboratories, and offices that it really needs for its present requirements. If there were no backlog of needs, the problem of how to care for future enrollment increases and related demands might not be quite so serious.

When the University was asked last year for a summary of the building needs for the next ten years, in preparation for the bond issue, the University of Illinois more than filled its proposed allocation of funds from its list of buildings *needed right now*. These were the buildings that had been approved by the University building committee in the past and had been submitted to the Budgetary Commissions of previous sessions of the General Assembly. Although the need was not questioned, final appropriations were always far less than the amount asked — always in the hope that it would be easier to catch up with these deferred projects at some time in the future.

This accumulation of a building backlog has been in progress for twenty-five years: first, during the Depression, when there just weren't any funds available no matter how great the need; then during World War II, when no construction could be undertaken because of material and manpower priorities; finally, in the postwar period when the state began a valiant attempt to make up past deficiencies. But the higher enrollments of veterans and a higher proportion of college-minded youth than ever before increased the demands.

Just to hold even became a problem. Buildings went up, but there was no net gain in meeting the total building deficit. In fact, the backlog of needs increased rather than decreased.

Evidences of this increasing need appear repeatedly in the biennial summaries and requests of the University's building committee as submitted to successive sessions of the legislature. In these reports are studies of building usage, building costs, relations of areas to students, to staff, to kinds of courses, and to all the other factors that enter into the problem of how much space is needed for a given number of students engaged in a given educational program.

There would be little point in reproducing here the details of these reports, but a summary of the building requests and amounts actually received over a period of years is enlightening. Going back from the present these are the results:

In 1957 the University requested \$35,674,000; it received \$14,275,000.

In 1955 the University requested \$37,185,000; it received \$ 8,855,000.

In 1953 the University requested \$34,979,000; it received \$ 8,096,000.

In 1951 the University requested \$39,580,000; it received \$ 6,875,000.

The story is much the same during the war years and the Depression. The last comprehensive building program took place at the University more than a quarter of a century ago, when during the 1920's the University of Illinois did get its building supply into adequate relationship to its then current enrollment.

But what was adequate in the 1920's is not adequate now. What was new then, requiring little maintenance, is beginning to show the effects of constant use over a quarter of a century. Some laboratories are more than fifty years old and require rewiring, safety, fire, and lighting improvements, and further remodeling to fit changing uses and programs.

The "temporary" barracks buildings acquired after the War have now been in use for a decade. Thus, the University must use more and more of its funds for remodeling and renovation of existing buildings. Over \$5,000,000 of the 1957 request of the University was needed for such work.

MAKING ROOM FOR THE FUTURE

That an unprecedented number of students will want to enroll in our colleges and universities in the next ten to fifteen years hardly needs demonstration at this date. The accelerated building of public schools to take care of our present school-age population is everyday evidence of what is to come at the university level.

The report of the President's Committee on Education Beyond the High School finds that enrollments will double. The Illinois Joint Commission of Higher Education made a detailed study of the outlook for Illinois and arrived at the same conclusion.

The present high enrollments in our universities come from the smallest college-age group in the past twenty-five years. They represent children born during the period when marriages and birth rates reached their lowest point. The reason for the current level, in spite of the small total number from which the students are drawn, is that the *proportion* of college-age youth who go to college has been climbing rapidly.

When this increased ratio of actual to potential enrollments is applied to the college population in the decade between 1960 and 1970, there is only one answer. Since the birth rates doubled during and after the War compared with the previous decade, we must prepare for at least twice as many college students before 1970.

What does this mean in terms of buildings and space to be provided? Obviously, it does not mean duplicating the entire physical plant of the University, for many functions can be performed for much larger numbers with relatively small additions of space. After its study of coming needs the University has prepared a building program for the five biennia, 1959-69, which calls for total expenditures as follows:

Chicago Professional Colleges.....	\$ 32 500 000
Chicago Undergraduate Division — to provide permanent quarters for the present program and student body (with some latitude for expansion).....	\$ 50 000 000
Urbana-Champaign.....	\$116 000 000
	\$198 500 000*

There are, of course, certain assumptions that must be made in arriving at a figure to apply to a ten-year building program. For example, the figure given above for the Chicago Undergraduate Division provides largely only for a continuation of the present program on a permanent site, since the nature and timetable of expansion to four-year programs have not yet been determined. Other changes in programs or shifts in enrollments to courses requiring laboratory facilities would also increase these estimates of cost.

It is assumed that the people of Illinois will want the University to continue its research and extension work and to find new ways to improve agriculture, to build better roads and bridges, to improve business practices, to build better and more economical homes, and to make this knowledge available through publications, lectures, conferences, and short courses both on and off the campus.

All of this means that the figures are realistic assumptions about the character of future needs. They represent the best estimates that can be given today for the kind of program in the future that the people of Illinois have shown that they want and expect from the University of Illinois.

PLANNING PROCEDURES

This is a long-range plan based upon uniform standards applied throughout the institution. The plan is flexible and susceptible to continuing refinement and revision. It is the result of a unique approach to planning which utilizes the faculty and staff from throughout the University as well as consultants.

The procedure followed in developing the ten-year estimated needs started with the circulation of a carefully-designed questionnaire to all colleges and departments, asking them to apply the given standards (developed by the University Space Planning Office) to determine their present space deficiencies and the facilities required to accommodate a 75 per cent increase in enrollment by 1969.

* This does not include residence halls, which are largely self-supporting.

This resulted in an inventory of needs totaling \$411,000,000, much of which was to come from sources other than state appropriations. It should be noted that housing and other self-supporting activities are included. Careful analysis, reduction of standards to the minimum considered satisfactory, and increasing somewhat the Chicago Undergraduate Division program, resulted finally in the ten-year totals of Table I.

The next step in the procedure was to request each dean to list the projects of his college in relative order of need. This priority consideration by the colleges assisted the Committee in arriving at its recommendations for the 1959-61 biennium. It was necessary, however, to develop the planning policies before the Committee could make final priority separations among the wide variety of needs.

The basic planning policy is simple and comprehensive. It rests upon the premise that the University of Illinois is an instrument of the people of the state and that it should be devoted: (1) to the education and training of youth; (2) to research designed to add to the store of knowledge in all the fundamental fields of learning; and (3) to render those services, for which it is particularly suited, to various segments of state's life such as agriculture, industry, commerce, and government; all to the ultimate end that the University shall contribute to civic health and economic prosperity, and to the enrichment of the lives of its citizens.

The planning assumptions upon which the program for each of the campuses has been developed are listed in the Appendix.

Schedule A — 1959-61 Biennium

REMODELING, REHABILITATION, AND MINOR ADDITIONS — URBANA-CHAMPAIGN

Appropriation — \$1,000,000

Improvements and rehabilitation of existing buildings are urgently needed. The following, *not* listed in any order of priority, are examples of such needs.

1. Remodeling of English Building for use by the Department of Physical Education for Women.
2. Remodeling of that area vacated by Physics Department in Physics Laboratory for use by Mining and Metallurgical Engineering Department.
3. Remodeling of area vacated by Physiology Department in Natural History Building for use by Botany Department.
4. Remodeling of area vacated by Department of Bacteriology in Noyes Laboratory for use by Chemistry and Chemical Engineering Department.
5. Remodeling of area vacated by University Press in basement of Administration Building for expansion by other administrative units in building.

¹ Assumes the Department of Zoology will continue to use the Vivarium.

² Assumes completion of required space for Agronomy including greenhouses (based on new reduced standards).

³ To be provided through appropriations to the Medical Center Commission.

⁴ Subject to adjustment after site has been selected by Board of Trustees.

⁵ To correct a potentially dangerous overload condition in the electrical distribution system in the old hospital section.

6. Remodeling of Huff Gymnasium for Sports Psychology Laboratory, dark room, and finish basement and swimming pool.
7. Minor Addition to Talbot Laboratory for needs of Theoretical and Applied Mechanics Department.
8. Minor Agriculture structures.
9. Remodeling of McKinley Hospital kitchen, including certain fixed equipment.
10. Minor construction for Home Management and Nutrition Research (Home Economics).
11. Remodeling of science units at University High School.

All of the above can not be financed from the appropriations requested, so similar appropriations in each biennium are urgently needed to reduce the large backlog which has been accumulating in the older buildings.

Schedule B — 1959-61 Biennium

REMODELING, REHABILITATION, AND MINOR ADDITIONS — CHICAGO PROFESSIONAL COLLEGES

Appropriation — \$1,909,000

The remodeling proposed for this biennium is a necessary next step in the planned program of the colleges.

1. Phase II in remodeling the administrative space.....	\$ 31 000
2. Locker rooms in basement of east wing.....	100 000
3. Elevator rehabilitation.....	135 000
4. Fire and safety improvements in hospital.....	30 000
5. Rehabilitation of biochemistry laboratory.....	45 000
6. Remodeling basement for orthopaedics.....	66 000
7. Remodeling center section of hospital laboratory.....	259 000
8. Remodeling radioisotope laboratory.....	120 000
9. Rehabilitation and remodeling in Neuropsychiatric Institute.....	87 000
10. Rehabilitation in pharmacology laboratory.....	7 000
11. Locker rooms.....	30 000

16. Snack bar.....	20 000
17. Remodeling on ninth floor.....	40 000
18. Remodeling Physical Plant Service Building (to be purchased).....	600 000
<i>Total</i>	<u>\$1 909 000</u>

Schedule C — 1959-61 Biennium

LAND ACQUISITION — URBANA-CHAMPAIGN

Appropriation — \$2,250,000

The construction of a major building requires approximately two years to complete. Therefore, the land necessary to serve as a site must be acquired prior to the biennium in which the construction is to be started. Additional land is required for buildings, both academic and housing, for parking, and to replace land to be released by the College of Agriculture and for its expansion (which will be needed during the next ten-year period).

Funds should also be available when parcels of land are offered for sale. Purchases made at such times result in lower acquisition costs and make possible interim use by the University.

Schedule D — 1959-61 Biennium

CAMPUS PLANNING AND BUILDING STUDIES — URBANA-CHAMPAIGN

Appropriation — \$900,000

The University should recognize the value of allowing adequate time for a thorough study and analysis of departmental requests for space and for the preparation of building studies and designs. It is a physical impossibility to prepare plans and specifications, take bids, and complete the construction of a building in a biennium. Therefore, funds should be appropriated for building studies and, whenever possible, for plans and specifications in the biennium prior to that in which

construction is to be started (i.e., funds appropriated in 1959-61 for building studies would be expended on building projects to be constructed in 1961-63). This procedure would eliminate the need for reappropriating funds and allow more effective planning and designing of future University buildings.

This appropriation would provide for:

1. Completion of plans and specifications for \$15,000,000 of project costs..	\$500 000
2. Completion of building studies <i>only</i> for \$15,000,000 of project costs...	230 000
3. Related Physical Plant costs.....	20 000
4. Continuation of campus planning studies for all campuses.....	150 000
<i>Total</i>	<u>\$900 000</u>

Schedule E — 1959-61 Biennium

PROTECTION OF LIFE AND PROPERTY — URBANA-CHAMPAIGN

Appropriation — \$350,000

1. Natural History Building.....	\$225 000
a. Enclose (or relocate and enclose) the main stairs and elevator shaft.	
b. Replace elevator with modern worm-gear traction equipment and automatic controls.	
c. Enclose north stairs or construct cutoff at each floor with smoke barrier.	
2. Illini Hall.....	\$ 50 000
Enclose the remaining stairways or construct smoke barriers at the foot of each flight of stairs.	

The absence of fire retardant enclosed stair towers has long been recognized as a principal contributing cause of major fires resulting in the serious loss of life and property that could otherwise be prevented. The National Board of Fire Underwriters has stated probably the most dangerous feature in the construction of school buildings is the open stairway.

The two buildings listed above are not the only buildings for which enclosed stair towers are recommended; they are, however, the most urgently needed based on the recommendations of the Safety Coordinator of the Safety and Fire Protection Board.

3. The ammonia refrigeration system used for the Ice Skating Rink has failed. It must be replaced by a new, safer freon system in order to keep the rink in service.....	\$ 75 000
<i>Total</i>	<u>\$350 000</u>

Schedule F — 1959-61 Biennium

PUBLIC AND STREET IMPROVEMENT PROJECTS — URBANA-CHAMPAIGN

Appropriation — \$900,000

For many years the University has followed the policy of contributing its proportionate share of the costs of duly approved public and street improvement projects sponsored by local public agencies when such improvements adjoin University properties and/or from which the University receives benefits.

Four such projects on which the University has requested to contribute its proportionate share in the 1959-61 biennium are:

1. The expansion of the Urbana-Champaign Sanitary District Plant facilities and the construction of intercepting sewers.....	\$178 000
2. The construction of a diversionary channel around the north side of the community to lift some of the pressure from the main storm water outlet, the Boneyard Creek, by discharging part of the runoff into the Saline or west branch of the Salt Fork River.....	115 200
3. The improvement of the main channel of Boneyard Creek between Goodwin and Cunningham Avenues, including sheet steel piling on the banks from Race Street to Lincoln Avenue.....	72 000
4. The repaving of Green Street from Wright Street to Goodwin Avenue..	133 100

The following additional projects are recommended:

a. Improvement of First Street from Florida Avenue to approximately 650 feet south of St. Mary's Road.....	187 300
b. Improvement of Fourth Street from Florida Avenue to St. Mary's Road.....	123 300

These projects are recommended to handle the vehicle and pedestrian traffic to and from the Assembly Hall and adjoining planned parking facilities.

- c. The relocation and widening of the Illini Union drive..... 47 100
This improvement will rearrange the entrances to line up with Burrill Avenue and Kings Highway and will localize the points of traffic congestion on Green Street. The drive is to be widened to 24 feet which will allow for either two-way traffic if there is no parking permitted along the drive, or provide for parking on one side and the safe passage of University fire apparatus and/or other vehicles.
- d. The replacement of present bridge on Burrill Avenue..... 40 000
This improvement is a part of the Burrill Avenue widening project being planned to accommodate right-angle parking.

Schedule G — 1959-61 Biennium

FOR MATCHING FUNDS FROM FEDERAL, PRIVATE, AND OTHER GRANTS

Appropriation — \$900,000

Grants may become available for which matching or supplemental funds will be required. The appropriation requested will be adequate for one to three of the projects listed. The starred items have had various degrees of assurance of outside support.

Examples of such projects are as follows:

- *1. Institute of Labor and Industrial Relations
- 2. Physical Environment Laboratory
- *3. Veterinary Medicine — Secure Isolation Ward
- 4. Radio Astronomy Facility
- 5. Biophysics Project
- 6. Bioacoustics Laboratory
- *7. Research Methods for Sociology and Anthropology
- 8. Public Service Training Center (Continuation Center)
- 9. R.O.T.C. Facilities
- 10. Radioisotope Laboratory
- 11. Electron Microscope Laboratory

Preliminary Tentative Building Program for the 1961-63 Biennium

These cost estimates are preliminary approximations. They will be revised as this tentative program is developed during the next two years. All of these projects are subject to continuing study. It will probably be necessary to make substitutions, as urgency of need may change during the next two years.

APPENDIX

Planning Assumptions

URBANA-CHAMPAIGN CAMPUS

1. Although the enrollment for 1969 has been estimated by the Bureau of Institutional Research for 33,500, it is proposed at this time that permanent academic facilities be planned for 30,000.
2. Planning will assume continued plant growth after 1969.
3. Planning will allow for the possibility of a change in the ratio of freshmen and sophomores to juniors, seniors, and graduate students.
4. The housing program will continue to be financed through income. However, it is assumed that capital appropriations will include funds to provide land and the utility extensions.
5. The recommended program is based on reduced standards for space.
6. Planned utilization of space will be higher than at present.
7. A total area of approximately 230 gross square feet per student (exclusive of housing, Union Building, etc.), will be the base of estimates.
8. Construction costs will be estimated at the 1959 level which assumes an increase of $4\frac{1}{2}$ per cent per year over the 1957 unit cost estimates.
9. Generally speaking, land acquisition and building planning must be completed the biennium preceding the two years used for construction. This requires that priority decisions for construction be made four years in advance.

CHICAGO PROFESSIONAL COLLEGES

1. Land acquisition will continue to be financed from appropriations to the Medical Center Commission.
2. The following projects will be financed on a self-supporting basis: Laundry; Medical Center Steam Plant; Addition to the Chicago Illini Union; Housing.
3. In general, the need for a proposed program results from:
 - a. Changes in operational needs and patient-care concepts in hospitals.
 - b. Changes in the basic concepts of medical education.
 - c. Growth in enrollment, intensification of research, and improvement in service.
 - d. Obsolete condition of buildings. The original structures were obtained in a transfer to the University from the State Department of Public Welfare. The buildings were originally constructed for welfare use and were ill-suited for modern medical and dental college use. Subsequent remodeling has improved materially the facilities, but much remains to be done. The plans proposed represent a really thoughtful study of what is needed to produce the facilities for a first-rate group of Colleges of Medicine, Dentistry, Pharmacy, and Nursing.
4. The space estimates are based on the same standards and reductions as are in effect at Urbana-Champaign.
5. The program is based on vertical planning for the hospital and the clinic facilities, for the following reasons:
 - a. It improves the ability to provide ancillary services closer to the patient.
 - b. It improves operating economies. (Operating costs are more significant than capital costs due to the fact that the operation and maintenance costs equal the capital cost over a two- to four-year period.)
 - c. In earlier periods, patients were isolated in separate buildings according to their illness. This is no longer considered sound-planning principles, because the treatment of the illness requires more than one specialty of service. Furthermore, for teaching purposes, the segregation of such illnesses is not considered wise.
 - d. The land area available for construction within the Medical Center is highly restricted.
6. The proposed planning and development results in approaching the maximum construction that can be anticipated within the immediate physical area.
7. Clinical facilities in the Medical Center District will be available to the University of Illinois supplementing those of the Research and Education Hospitals.

CHICAGO UNDERGRADUATE DIVISION

The University has employed the Real Estate Research Corporation to recheck sites previously considered for the relocation of the Chicago Undergraduate Division and to analyze additional sites which have been recently proposed.

The principal criteria which are being applied to the various sites are as follows:

1. Criteria Stated as *Minimum Standards Which Must Be Met By All Sites.*

a. Accessibility:

- (1) By public transportation, with a maximum travel time of one hour and a maximum fare (at present fare levels) of 57½ cents for a one-way trip, from the homes of at least 50 per cent of the student potential residing in Cook and DuPage Counties.
- (2) Either by public transportation as stated above, or by private automobile with a maximum driving time of forty-five minutes, from the homes of at least 85 per cent of the student potential residing in Cook and DuPage Counties.

b. Availability:

The site must be available on a schedule which permits beginning of construction by July, 1960, and the complete operation of the first stage (6,000 students) by the fall of 1963; and also the balance of the site available by 1965 for construction of those buildings needed for the second stage.

2. General Criteria (for application to sites meeting minimum standards).

a. Expansibility:

Sites with areas above minimum requirements, or with feasible possibilities of expansion, are to be preferred over sites lacking these qualities.

b. Cost:

Sites with low costs are to be preferred to sites with high costs. Such costs include:

- (1) Acquisition cost of the land.
- (2) Development cost of the site.
- (3) The possibility of building low-rise, low-density structures as opposed to higher cost, high-rise buildings.

c. Environment:

Sites adjacent to environmental factors which would assist the educational mission of the campus are to be preferred over sites with neutral or unfavorable environmental surroundings. Environmental factors to be evaluated for specific sites include:

- (1) General environment, particularly as to land use, physical condition, identification, prestige, and safety.
- (2) Adjacency to cultural or other facilities which could be used by the University.
- (3) Proximity to areas of superior opportunities for desirable faculty housing, and of potential employment for students.

The first stage of this program will provide permanent space approximating 1,000,000 square feet, which will accommodate 6,000 students in a two-year program. It will also provide the facilities and the opportunity to start a four-year program in certain curricula. It is estimated that this phase of the program will cost approximately \$50,000,000, but the cost will vary with the site finally selected. The studies being conducted by the Real Estate Research Corporation will be completed in September, 1958. Funds will be requested in the 1959-61 biennium to complete site acquisition, architectural and engineering studies in order to start construction in 1960. This schedule will result in completion of construction on the first phase of the program, i.e., for 6,000 students in a two-year curricula, by the fall of 1963.

Planning for the second stage of this program is for an enrollment of 15,000 in a four-year program by 1969.

Analyses of Building Projects Recommended for the 1959-61 Biennium

CHICAGO UNDERGRADUATE DIVISION

The amounts requested in 1959-61 will permit the construction program to get into full operation so that the major construction planned for the subsequent biennium can be accomplished.

Site preparation, utilities distribution, and streets and walks location can be started as soon as a cleared site is available. Also, construction may be started on certain buildings — if building plans and specifications have been pushed forward.

The requests for 1959-61 are for:

Land acquisition.....\$ 3 500 000¹

¹ Subject to adjustment after site has been selected.

Plans and specifications	1 000 000
Site preparation and start of construction	3 500 000
<i>Total</i>	<u>\$10 000 000</u>

CHICAGO PROFESSIONAL COLLEGES

To achieve the best results in education for the health professions and in patient care, a high degree of utilization of many functions is necessary. In terms of the existing facilities of the Chicago Professional Colleges and its educational programs now in progress, a high concentration of buildings has been found to be advantageous. This has been the experience in other like institutions. Such concentration promotes cohesion between basic scientists and the clinicians, between teaching, research and patient care, and among all the disciples involved in the health sciences.

The building and remodeling program is believed to be sound in principle and logical in sequence. The analysis of needs for these colleges has been based on the revised University standards for offices, laboratories and classrooms. The program has also been based on the changing character of the faculties of Colleges of Medicine and Dentistry where the trend has been toward full-time teachers being added to the staffs. Maintenance of such a staff is only possible through the provision of adequate office, research and patient care facilities.

Construction of a Medical Sciences Addition to the Dentistry-Medicine-Pharmacy Building, First Unit

Appropriation — \$3,400,000

Such construction will accomplish the following:

1. Provide the space required to meet the existing deficiencies in the Departments of Anatomy, Biochemistry, Microbiology, Pharmacology, Pathology, and Physiology of the College of Medicine. It will also provide limited areas for growth and development in these departments in proportion to their educational responsibilities.
2. It will permit:
 - a. Relocation of the teaching laboratories for the Departments of Microbiology and of Pathology.
 - b. Relocation of the Aeromedical and Physical Environment Laboratory, thus vacating an area which will provide for hospital development.
3. Vacate space (approximately 10,000 square feet) in the Dentistry-Medicine-Pharmacy Building, Second Unit, which will meet the existing deficiencies of the College of Dentistry.

Completion of First Phase of the Medical Research Laboratories

Appropriation — \$415,000

The funds available for construction of the first unit of this building during the 1957-59 biennium are inadequate to provide major items of equipment. The above amount is required for this equipment.

Purchase of Physical Plant Service Building

Appropriation — \$300,000

For several years there has been the prospect that the needs of the Physical Plant Department of the Chicago Professional Colleges might be met by the acquisition of a building in the University's area of the Medical Center District. The Chicago Board of Education owns a building meeting these requirements. The University has been informed that the Board of Education plans to vacate the building about June, 1959, and has indicated its willingness to sell this building to the University. This provides an early means of resolving the long-standing deficiency of facilities for the basic service department. Funds for remodeling the building are included in Schedule B of this report.

The other requests for the Chicago Professional Colleges have been detailed elsewhere in this report. They are added here to tabulate the total as follows:

Remodeling, Rehabilitation, and Minor Additions (Schedule B)	\$1 909 000
Utilities Distribution	200 000
Plans and Specifications	200 000
Protection of Life and Property	200 000
Funds to Supplement Outside Grants	100 000
<i>Total</i>	<u>\$6 724 000</u>

URBANA-CHAMPAIGN

Completion of First Stage of Physics Building

Appropriation — \$280,000

In view of the fact that movable equipment would not be purchased and could not be used in the building until near the end of the biennium when construction work is nearing completion, it seemed to the best interests of the University to defer the request for equipment allocations to the second stage, thus leaving the greatest possible sum for actual building construction of the first stage.

Completion of First Stage of Fine and Applied Arts Building

Appropriation — \$250,000

In view of the fact that movable equipment would not be purchased and could not be used in the building until near the end of the biennium when construction work is nearing completion, it seemed to the best interests of the University to defer the request for equipment allocations to the second stage, thus leaving the greatest possible sum for actual building construction of the first stage.

3. *Statement of Relative Urgency*

Excerpts from the College's statement of relative urgency. Gross space shortage, inadequacy of present facilities, extreme dispersion of staff and the high percentage of temporary space combine to make the College's request an urgent one. Based on the original standards of the Building Program Committee, there is a deficit of approximately 23,300 square feet not including the space for Industrial Education and University High School. Over half of the College's existing space is in temporary-type facilities. One-fourth of the space is in the Parade Ground units which should be removed to complete the site development for the Men's Residence Halls. The College facilities are in twenty buildings dispersed from Springfield Avenue to Peabody Drive and from Lincoln Avenue to Fourth Street. The average square feet of office per staff member is approximately 74 net square feet with many staff members in offices of no more than 60 square feet.

3. *Excerpts from the College's Statement of Relative Urgency*

- a. If the College of Commerce and Business Administration is to maintain and improve its position in education for business it must have more space and more suitable facilities immediately. David Kinley Hall was constructed thirty years ago at a time when education for business was at a considerably different level and character than is true today. It has become increasingly difficult to keep present programs and activities up to date and it has been impossible, because of lack of facilities, to initiate new programs which should be offered by a well-balanced College of Commerce.
- b. It is estimated that next to the College of Education, the College of Commerce and Business Administration is the most crowded for their present program. The average net square feet of office space per staff member is as low as 86 net square feet with many of the staff in offices of less than 25 square feet. During the past year it has been necessary to further disperse the College by assignment and remodeling one new property and relocating the Bureau of Community Planning in temporary quarters to release space in David Kinley Hall. The College has also asked the College of Journalism and Communications to vacate space in the Commerce-Fine and Applied Arts Annex to provide office facilities for their staff next fall.

Physics Building	53,561	Six departments of the College of Engineering will obtain some relief. The Department of Mining and Metallurgical Engineering will obtain major relief.

3. *Statement of Relative Urgency*

The space presently under construction in the first stage of the new Physics Building will not provide the Department with sufficient facilities to allow the complete vacation of the old Physics Building. It will be necessary for the Department to continue the use of the lecture rooms and a large portion of the research space in that building.

The completion of the second stage of the new Physics Building will allow the reassignment of the old building and eliminate the necessity for construction during the ten-year period of an addition to the Transportation Building for General Engineering, space for the Department of Mining and Metallurgical Engineering, and give indirect relief to the Departments of Mechanical and Aeronautical Engineering.

The plans for the second stage are completed and can be released for bids without delay. This is in accordance with the plans for increasing the construction capacity at Urbana-Champaign.

Seventh Addition to Library — Urbana-Champaign

Library space needs are of four kinds: accommodations for readers, book storage, work room for library staff, and space for instruction. A stack addition would meet the book storage function. The proposed wing would provide urgently needed reading rooms, faculty studies, space for technical activities (acquisitions, book binding, cataloging, and photographic reproduction), and Library School classrooms.

The Library now circulates approximately 1,000,000 books and acquires 100,000 volumes annually. No additions to reading room or study space for faculty and students or work rooms for the staff have been made since 1929 when 11,465 students were registered, and the staff numbered 91 instead of the present 246. The stack addition currently under construction was designed for a maximum capacity of 500,000 volumes. It does not provide the other facilities listed and which were requested last biennium.

The rapid growth, quantitatively and qualitatively, of the University of Illinois Library is a remarkable phenomenon. Here is the third largest university library in America, and probably in the world. The Library is one of the strongest bonds, holding an outstanding faculty to the University, and is an important influence in attracting top-notch graduate and professional students. No university can be truly great without a great library, and Illinois' reputation is based in no small degree upon the possession of such a library. Furthermore, a library is never finished, for a library that has stopped growing is dead, and soon loses much of its interest and value for the scholar. Under today's conditions, it is inconceivable that scholars could be developed and trained and carry on their work without access to libraries. Even those subject fields which depend primarily on laboratories must support strong libraries in order to avoid repetition of effort and to serve as points of departure for new scientific advances. It may be fairly stated that an adequate library is not only the basis of all teaching and study, but is an essential condition for research, without which additions are unlikely to be made to the sum of human knowledge.

To assure that the University of Illinois Library will continue to hold its outstanding position of leadership among the world's university libraries and make its maximum contribution to the University community, the Building Program Committee recommends highest priority for the proposed addition.

<i>Project</i>	<i>Order of Priority</i>

Small Homes Council	4
City Planning and Landscape Architecture	5

b. Excerpts from the College's statement of relative urgency. The Department has been forced to limit enrollment of freshmen and of graduate students in painting and graphics. It has not been able to add needed sections in several service courses. The number of students in sections has increased far beyond the point where proper education procedures can be maintained.

There is great need for more studio space for present staff members. Only a quarter of the staff have such space. This will be an increasingly difficult situation in attracting new staff members.

c. The space included in the first stage of the Art Building is not sufficient to allow the vacation of any of the Department's existing space except 13,332

net square feet in the Architecture Building. However, it will allow the correction of the deficiencies mentioned in 'b' above and eliminate the necessity of night classes.

The completion of the second stage of the Art Building will allow the consolidation of the Department's facilities which are at present scattered in eight different buildings, and will release space urgently needed in Civil Engineering Hall, Lincoln Hall, and David Kinley Hall.

3. *Statement of Relative Urgency*

The needs of laboratory sciences are the most urgent and some are dangerously critical. If we assume new buildings for (1) College of Education (space then becomes available for Psychology) and (2) Plant Sciences and the remaining Agricultural space in Davenport Hall (this space assigned to Geology), Liberal Arts and Sciences needs these new buildings:

- (1) Completion of Biology Building
(2) Chemistry Building

The other needs can be cared for in reassigned space in (1) Davenport Hall (for Geology), (2) Gregory Hall, (3) West Noyes Laboratory, and (4) Natural History Building.

- a. The completion of the Plant Science first unit for Agronomy will vacate space in Davenport Hall which has been assigned to the Geology Department, the Liberal Arts and Sciences number one priority.
b. Planning for Chemistry has been proposed and funds are requested which will enable the proposals for the Liberal Arts and Sciences number two priority in the 1961-63 biennium.
c. Botany — Liberal Arts and Sciences number three priority will be provided for in the Natural History Building upon completion of the second unit of the Biology Building.

¹ Present assigned space would be adequate if consolidated in one location.

3. *Statement of Relative Urgency*

Physical Plant service facilities of new and modern construction are urgently needed to replace the present inadequate, widely scattered, and poorly located areas now in use. The replacement of these facilities is urgently needed to reduce operation and maintenance costs, to provide adequate working space to meet service requirements of present and proposed buildings, to eliminate present potential fire and physical hazards to life and property, and to enable the University to maintain a standard equal to that required of private industry by state law. Service facilities are now inadequately housed in sixteen buildings, or portions thereof, in congested and widely-separated areas. There are seven shops located in five different buildings which, by reason of their potential fire, safety, and health hazards, poorly arranged and limited work area, physical obsolescence, and lack of proper storage, locker, toilet, and washroom facilities, should be removed to a new location at the earliest possible time. Four of these shops are located in frame buildings not suitable for shop use. The remaining shops and stores and the administrative offices occupy space that can be converted for other uses.

The present facilities are a leading cause for delays and increased cost of all Physical Plant services. This results in nonproductive time of all employees for travel to and from shops and offices; the duplication of equipment, records, and, in some instances, personnel; the rehandling of materials and supplies makes close supervision extremely difficult and costly. The absence of safe and secure storage and yard space results in damage to and loss and theft of materials and supplies, and in the rapid deterioration of expensive equipment through exposure to the elements. The present facilities can not be expanded to meet the requirements and work load resulting from the construction of new buildings and the general expansion of University programs.

It is estimated that the anticipated economies in operation and maintenance expenditures, resulting from the provision of new facilities, will produce an annual saving of \$75,000 to \$100,000 or perhaps more. In other words, in from ten to twelve years such savings should nearly liquidate the state's investment in new and modern facilities designed to adequately serve the needs of the University.

d. Space to be vacated upon completion of project.....	none

3. *Statement of Relative Urgency*

The completion of this project will provide a maximum amount of additional usable space directly adjacent to the Department's existing facilities. The foundation and structure were originally designed with the proposed addition in mind, and will not require the use of additional land in the area. However, the space provided will not be sufficient to allow the vacation of any of the existing facilities presently used by the Department.

First Unit of Plant Science Building (Department of Agronomy)

1. *Size* — Building—64,000 net square feet; 104,000 gross square feet
Greenhouses—21,550 gross square feet
2. *Space*

	<i>Net Sq. Ft.</i>
a. Present assigned space (excluding greenhouses and farm buildings)...	44,057
b. Estimated deficiency for present program.....	7,500
c. Estimate of additional space required through 1969 (includes 'b' above).....	19,124
d. Space to be vacated upon completion of this project	

<i>Location</i>	<i>Net Sq. Ft.</i>	<i>Proposed Reassignment</i>
Davenport Hall	44,057	Geology

3. *Statement of Urgency of Need*

Because of the central location of Davenport Hall, its ultimate use is required for the College of Liberal Arts and Sciences. The space that can be vacated by construction for Agronomy will relieve the immediate need to construct space for Geology, the most pressing need in the College of Liberal Arts and Sciences.

*Addition to Smith Music Hall (School of Music)*1. *Size* — 21,700 net square feet; 38,400 gross square feet

	<i>Net Sq. Ft.</i>
2. <i>Space</i>	
a. Present assigned space.....	26,480
b. Estimated deficiency for present program.....	11,500
c. Estimate of total additional space required through 1969 (includes 'b' above).....	36,188
d. Space to be vacated upon completion of project.....	none

3. *Statement of Urgency of Need*

a. In order to meet the standards of the National Association of Schools of Music, 125 practice rooms would be required for the present enrollment. There are 69 available for this purpose. At present, 61 office-studios are used by 81 staff members for instruction in applied music. Ten additional spaces of this kind are urgently needed. Seventy per cent of the total program is carried on in temporary facilities not designed for this purpose.

b. The School of Music has 16 practice rooms (2,800 net square feet) and 15 office-studios (2,398 net square feet) in the properties at 606, 606½, and 608 South Mathews Avenue. It will be necessary to relocate these activities when an addition to the East Chemistry Building is constructed, if located as suggested by that Department.

The net square feet included in the proposed addition to Smith Music Hall is sufficient to enable the School of Music to meet the standards for practice rooms and office-studios, replace the facilities lost if the above-mentioned properties are razed, and provide expansion for their inadequate library facilities.

On motion of Mr. Herrick, these appointments were confirmed.

APPOINTMENT TO THE BOARD OF DIRECTORS OF THE ATHLETIC ASSOCIATION

(3) The resignation of Professor Marcus M. Rhoades of the Department of Botany, who was appointed to the Board of Directors of the Athletic Association in March, 1958, leaves a vacancy in the faculty membership of that Board. To replace him, I nominate Professor Joseph A. Russell of the Department of Geography, this appointment to become effective immediately, to serve until the next annual meeting of the Board of Trustees in March, 1959.

On motion of Mr. Nickell, this appointment was approved.

SITE STUDIES FOR THE RELOCATION OF THE CHICAGO UNDERGRADUATE DIVISION

(4) The Real Estate Research Corporation of Chicago has been employed for site studies for the relocation of the Chicago Undergraduate Division and has been authorized to employ such engineers and planners as may be needed to expedite its studies.

It was contemplated that the report would be made on or before September 30, but it will not be possible to meet that schedule in view of the amount of work to be done on the various sites proposed and under consideration. Accordingly, the Real Estate Research Corporation, at their request, has been given an extension of time for the completion of this report.

On motion of Mr. Bissell, this extension of time was approved.

EDUCATIONAL GRANTS FUND

(5) The University has been receiving a number of unrestricted grants from business and industrial corporations. These are usually supplementary to grants for graduate fellowships, undergraduate scholarships, and for research. They are a recognition by the donors of the educational costs to the University in connection with fellowships and scholarships and service expense in the administration of research grants. In some cases these grants are in recognition by the officers of

a corporation that some of them have received their education at the University of Illinois.

I recommend that the Board authorize depositing all such income in a special trust fund designated as "Educational Grants Funds," and that the President of the University be authorized to make assignments from this source for nonrecurring educational purposes.

On motion of Mr. Hughes, this recommendation was approved, and authority was given as requested, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

PURCHASE OF AIR RIGHTS AT UNIVERSITY OF ILLINOIS AIRPORT

(6) In accepting grants of funds from the Federal Civil Aeronautics Administration for the construction of the first unit of a terminal building and control tower at the University of Illinois Airport, the University agreed to try to acquire the property, or at least the air rights over the property, adjoining the north and south ends of the North-South Runway.

As a result of the negotiations with owners of the property at the south end of the runway, Mr. Elmer Clifford Fisher has agreed to sell the rights over fifty-two acres of the property he owns for \$1,783.46, or approximately \$34.30 an acre. Mr. Walter C. Fisher, who owns approximately seven acres, has agreed to a price of \$245, approximately the same per-acre price.

Air rights in this recommendation means an agreement by the owner of the land that he will not permit any growth or construction in the area covered by the agreement which would obstruct the take-off or landing of aircraft at a predetermined glide angle of fifty to one or an elevation of one foot for each fifty feet of horizontal distance.

The air space in which the easement and right-of-way will be granted by Mr. Elmer Clifford Fisher is that which lies above the following heights:

Commencing at an elevation of 772.79 feet mean sea level along the north side of the following described parcels of land and increasing in elevation as an inclined plane at a ratio of 50:1—one foot of elevation for each fifty (50) feet of horizontal distance—to an elevation of 799.05 feet mean sea level along the south side of the following described parcels of land:

The South West Quarter (SW $\frac{1}{4}$) of the South East Quarter (SE $\frac{1}{4}$) of Section Ten (10), Township Eighteen North (T 18 N), Range Eight East (R 8 E) of the Third Principal Meridian (3rd P.M.) in the County of Champaign and State of Illinois; and

The West (W) Four Hundred Ten (410) feet of the South East Quarter (SE $\frac{1}{4}$) of the South East Quarter (SE $\frac{1}{4}$) of Section Ten (10), Township Eighteen North (T 18 N), Range Eight East (R 8 E) of the Third Principal Meridian (3rd P.M.) in the County of Champaign, and State of Illinois.

The south end of North-South Runway 36, University of Illinois Airport, is 749.05 feet mean sea level elevation, and therefore the aforesaid heights are 23.74 feet on the north side of the above described parcels of land to fifty (50) feet on the south side of the above described parcels of land higher than the south end of said runway.

The air space in which the easement and right-of-way will be granted by Mr. Walter C. Fisher and Maude G. Fisher, his wife, is that which lies above the following heights:

Commencing at an elevation of 749.05 feet mean sea level along the north side of the following described parcel of land and continuing at said elevation to a line two hundred (200) feet south of the south end of North-South Runway 36, University of Illinois Airport, and parallel to the north line of the following described parcel of land thence increasing in elevation as an inclined plane at a ratio of 50:1—one foot of elevation for each fifty (50) feet of horizontal distance—to an elevation of 772.79 feet mean sea level along the south side of the following described parcel of land:

The West Two Hundred Twenty (220) feet of the North East Quarter

(NE¼) of the South East Quarter (SE¼) of Section Ten (10), Township Eighteen North (T 18 N), Range Eight East (R 8 E) of the Third Principal Meridian (3rd P.M.), in the County of Champaign and State of Illinois.

The south end of North-South Runway 36, University of Illinois Airport, is 749.05 feet mean sea level elevation and, therefore, the aforesaid heights are 0 feet on the north side of the above described parcel of land to 23.74 feet on the south side of the above described parcel of land higher than the south end of said runway. The easement grant will contain a reservation by the grantor permitting him to continue raising normal farm crops and, in areas where the height limitations are less than ten (10) feet above the present surface of the ground, grantor reserves the right to erect structures up to, but not in excess of, five (5) feet in height.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend the payment of \$1,783.46 to Mr. Elmer Clifford Fisher for the rights over the property owned by him and the payment of \$245 to Mr. Walter C. Fisher for the rights over the property owned by him, and an assignment of \$2,029 from the General Reserve of the University for this purpose.

Negotiations are underway for the acquisition of the property, or the rights over the property, adjoining the north end of the North-South Runway.

I concur.

On motion of Mrs. Holt, this recommendation was approved, and the requested appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

REMOVAL OF HOUSES AND CONSTRUCTION OF PARKING LOTS

(7) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts as follows for the removal of sixteen houses recently acquired by the University for future expansion:

To D. Earl Barnes, Urbana, \$205 to be paid to the University for removal of the house at 1102 West Illinois Street, Urbana.

To A.B.C. Wrecking Company, Chicago, \$1,375.11 to be paid by the University for removal of houses at 1011 West Springfield Avenue, 1006 West Green Street, and 1108 West Illinois Street, Urbana.

To Ray Cook, Danville, \$320 to be paid by the University for removal of the house at 201 South Gregory Street, Urbana.

To Harold and Byron Carden, doing business as Carden Brothers, Paxton, \$2,950 to be paid by the University for removal of houses at 1011, 1013, 1101, and 1103 West Green Street, and 1006, 1010, 1104, and 1106 West Illinois Street, Urbana, and 507 East Chalmers Street, Champaign.

To Glen D. Archer, Allerton, \$1,350 to be paid by the University for removal of houses at 508 East John Street and 509 East Chalmers Street, Champaign.

All prices are based on sealed bids received on these removals, and the recommendations are based on the lowest cost (or highest payment in the one case) to the University.

The properties at 508 East John Street and 1011 West Springfield Avenue will be used as parking lots. The properties at 507 and 509 East Chalmers Street are on the site of the new Faculty Club, but will be used temporarily as parking lots. The other properties are sites for the construction of student residence halls, and their removal will be paid for from Housing Division funds.

A bid was also received for the removal of the house at 1008 West Green Street, Urbana. However, it will be to the University's best interests to retain this house for use of the contractor in the construction of the residence hall for graduate students and include its removal as part of the specifications for that project. Accordingly, it is recommended that this bid be rejected.

I concur and recommend an appropriation of \$14,000 from the General Reserve for the removal of houses and for the construction of parking lots on the vacated sites at 508, 610, and 614 East John Street, Champaign. The buildings on the last two sites are being removed under contracts previously authorized.

On motion of Mr. Williamson, these recommendations were approved, and the requested appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

REAPPROPRIATION OF UNEXPENDED BALANCES

(8) The Vice-President and Comptroller recommends that the following balances and overdrafts in budget appropriations and balances in appropriations for special services and projects not completed on June 30, 1958, be reappropriated for the fiscal year beginning July 1, 1958, in accordance with usual policy.

I concur.

On motion of Mrs. Watkins, these reappropriations were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONVEYANCE OF SPARTA SOIL EXPERIMENT FIELD

(9) On July 1, 1915, Thomas G. Dean and wife, of Sparta, Illinois, conveyed to the University a twenty-acre tract of land in Randolph County, Illinois, for the purposes of agricultural experimentation and demonstration. The deed, for which no consideration was paid by the University, specified that it was given with the agreement and understanding that if the University of Illinois discontinues using the land for said purposes for a period of more than two consecutive years the University shall, when requested, convey by proper deed to the Sparta Township High School, the east half of the described real estate, and convey by proper deed to the original purchasers of the sixty-four lots of the Thomas G. Dean Addition to the City of Sparta, Illinois, the west half of said tract.

The University has discontinued using this land for experimental purposes, and on May 29, 1958, the Board of Trustees authorized the execution of a quit claim deed conveying the east half of the tract to the County Board of School Trustees of Randolph County, Illinois, or their successors in office, for the use of Sparta Township High School District No. 111 of Randolph County. No request for authority to convey the west half of the tract was submitted to the Board of Trustees at that time because the language in the deed by which it was conveyed to the University raises difficult legal questions as to who is entitled to it. Some of the original purchasers of the lots referred to in the deed from the Deans are still living, a number are dead, and others have left Randolph County, and it

¹ Deduct, overdraft.

would be difficult to locate them. It would also be difficult and expensive to locate the heirs of the original purchasers who are now deceased, the heirs of the grantors, and others who may claim an interest in this land. After further study of the question of who is entitled to the west half of the tract under the provisions of the deed from the Deans, the Legal Counsel is inclined to the opinion that the agreement and understanding referred to in the deed is probably not legally enforceable and that the University can probably convey the west half to the High School District without incurring liability to anyone who might assert an interest in the land under the provisions of the 1915 deed. However, he also regards this conclusion sufficiently debatable so that he advises the University not to assume the risk of conveying the west half of the tract without first securing either a judicial determination of the question or some other protection against potential liability. As a result of negotiations with counsel for the Board of Education of the High School of the Sparta Township High School District No. 111, the latter has arranged to secure a title guaranty policy insuring, upon certain conditions, the title to the property if it is conveyed by the University to and for the use of the District. As further protection, the District will enter into an agreement with the University to indemnify and hold the University harmless against any liability to others which the University might incur through so conveying that property.

Since the University has abandoned all use of the entire tract, it should not continue to hold title indefinitely, and the land should not remain unoccupied and without care. If the west half of the tract is conveyed to the High School District, the property will be used for public and educational purposes. The importance and value of judicial determination of the question of ownership would not justify the expense of such a legal proceeding; the title guaranty policy along with the agreement between the District and the University should give reasonable protection.

The Dean of the College of Agriculture, the Legal Counsel, and the Vice-President and Comptroller recommend, and I concur, that the west half of the tract be conveyed as specified in the following resolution upon the conditions set forth therein, and that the Comptroller and the Secretary of the Board be authorized to execute and deliver a quit claim deed to convey the property upon these conditions.

Resolution

WHEREAS, by deed bearing date of July 1, 1915, one Thomas G. Dean and Mary Dean, his wife, of Randolph County, Illinois, conveyed to the Board of Trustees of the University of Illinois and their successors in office a tract of land, situated in said county, containing twenty acres more or less and described as follows:

Beginning at a stone at the northwest corner of the S. E. Quarter of the S. E. Quarter of Section 36, T 4 S, R 6 W, Randolph County, Illinois, thence running east along the north line of said S. E. Quarter of the S. E. Quarter of said Section 36 for a distance of 1,177.5 feet, thence running south parallel to and 147.5 feet west of the east line of said Section 36 for a distance of 727.5 feet, thence running west parallel to and 592.5 feet north of the south line of said Section 36 for a distance of 1,181 feet to the west line of said S. E. Quarter of the S. E. Quarter of said Section 36, thence running north along said west line of the S. E. Quarter of the S. E. Quarter of said Section 36 for a distance of 727.5 feet more or less to the point of beginning;

which deed is recorded in Book 78 at page 63 of the records of the Recorder's Office of Randolph County, Illinois; and

WHEREAS, said deed provided that the grantee therein was to use the tract conveyed to it thereby for the purpose of agricultural experimentation and demonstration and further provided that if the grantee should discontinue using said land for said purposes for a period of more than two consecutive years it shall, when requested, convey by proper deed the west half of said above described tract of land to the original purchasers of the sixty-four lots of the Thomas G. Dean Addition to the City of Sparta, Illinois, and

WHEREAS, the grantee in said deed has now discontinued the use by it of said land for said purposes for a period of more than two consecutive years, has

heretofore conveyed, by quit claim deed, and at the request of the Board of Education of Sparta Township High School District No. 111, Randolph County, Illinois, the east half of said hereinabove described tract of land to the County Board of School Trustees of Randolph County, Illinois, for the use of said High School District, and said Board of Education of said District has now requested that the west half of said tract of land be also so conveyed and has offered and agreed that, in consideration for the west half of said tract being so conveyed, it will secure a title guaranty policy from the Chicago Title and Trust Company insuring the title thus conveyed for the use of said District and will also fully and forever indemnify and hold the Board of Trustees of the University of Illinois, its officers, agents, and employees harmless from any and all claims asserted to said portion of said hereinabove described tract by any and all other persons under the provisions of said above mentioned deed conveying the same to this public corporation; and

WHEREAS, this public corporation has no further use for any portion of said hereinabove described tract of land and the conveyance by it of the west half of the same as requested by the Board of Education of said High School District will enable the same to be devoted to public and educational uses and will benefit the citizens and residents of said High School District including the original purchasers of and the present owners of the lots in said Addition:

Therefore, It Is Hereby Resolved by this Board of Trustees of the Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that, upon the Board of Education of Sparta Township High School District No. 111 securing a title guaranty policy, approved by the University Legal Counsel, insuring the title to the west half of said land and the execution and delivery to the University of an agreement, approved by the University Legal Counsel, upon the part of Sparta Township High School District No. 111, Randolph County, Illinois, through its proper authorities to fully and forever indemnify and hold this public corporation, its officers, agents, and employees harmless from any and all claims of others asserting an interest in said land, the Comptroller and Secretary of this public corporation be, and they are hereby authorized and directed to sign, execute, acknowledge, and deliver upon behalf of this public corporation a quit claim deed conveying the west half of said hereinabove described tract of land from this public corporation to the County Board of School Trustees of Randolph County, Illinois, and to their successors in office, for the use of the Sparta Township High School District No. 111, Randolph County, Illinois.

On motion of Mr. Hughes, the foregoing resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

ADDITION TO CONTRACT FOR ABBOTT POWER PLANT ADDITION

(10) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$2,985 in the contract with the R. V. Monahan Construction Company for the substructure and miscellaneous work for the construction of the cooling tower (Division "7G") for the addition to the Abbott Power Plant.

The increase is to compensate the contractor for added costs due to delay in the delivery of pipe furnished by the piping contractor, a delay occasioned by the University's changing the schedule. This occurred when bids taken on September 5, 1957, on the construction of the cooling tower under one contract, including substructure, electrical work, and piping, were found excessive, were rejected, and separate bids were subsequently taken on the three phases of the project. This resulted in a saving of \$60,020, and contracts on the three phases of the work were awarded to the three on October 10, 1957.

Sargent and Lundy, Consulting Engineers for the project, and the Physical Plant staff have checked the cost sheets submitted by R. V. Monahan Company and find the cost attributable to the delay to be \$2,985.

I concur and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Swain, this recommendation was approved.

ADDITION TO CONTRACT FOR REMODELING OF STOCK PAVILION

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase, not to exceed \$27,000, in the contract with English Brothers Company, Champaign, for exterior reconstruction and interior remodeling of the Stock Pavilion, and for the replacement of roof rafters and sheathing as found necessary.

Replacements of roof rafters and sheathing were anticipated when bids were taken, but the extent of the additional work could not be determined until the roof was actually removed, permitting examination of the condition of the sheathing and supporting rafters. Accordingly, contractors were instructed to include in their bids unit prices for such replacements as were found necessary. English Brothers Company submitted a quotation of \$1.50 per lineal foot for replacement of rafters and \$0.50 per square foot for replacement of sheathing. In view of the amount of the additional work which may have to be done, they reduced their quotations to \$1.20 and \$0.32 respectively. Complete replacement of the sheathing and rafters would cost approximately \$27,000; replacement of all of the sheathing and 50 per cent of the rafters would cost approximately \$20,000. Authorization has been requested to proceed with the replacement of the sheathing and rafters as found necessary by actual inspection as the roof is removed, at unit prices of \$1.20 per lineal foot for rafters and \$0.32 per square foot for sheathing.

Funds are available in the state capital appropriations to the University for 1957-59.

To take advantage of favorable weather conditions, it was necessary to proceed immediately with the work. Hence, the recommendation was submitted to the Executive Committee of the Board which has authorized the Comptroller to execute this increase in the contract. Confirmation of the Committee's action is requested.

On motion of Mr. Johnston, the action of the Executive Committee was confirmed.

ADDITION TO CONTRACT FOR LANDSCAPING OF MEN'S RESIDENCE HALLS AREA

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$3,988.53 in the contract with the Twin City Nursery and Landscape Service, Urbana, for landscaping of the areas of the three new units of the Men's Residence Halls and for construction of asphalt paved areas and racks for parking bicycles. Funds are available in the allocation for landscape work in the Men's Residence Halls construction account.

I concur and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mrs. Holt, this recommendation was approved.

REPORT ON LAND ACQUISITIONS

(14) Since July 1, 1957, the Board of Trustees has authorized purchases of a number of properties in Urbana and Champaign needed as sites for future University buildings and for expansion of the campus. These purchases are related to the University's building program, and an appropriation was made by the Seventieth General Assembly for the biennium of 1957-59 for land acquisitions. Actions of the Board of Trustees authorizing purchase of specific properties were taken at various meetings during the past year in executive session with the understanding that a complete report would be made public when the land acquisitions program was completed. QUARTERLY REPORT OF THE COMPTROLLER

(16) The Comptroller presents his quarterly report to the Board as of June 30, 1958.

This report was received for record and a copy has been filed with the Secretary of the Board.

REGULATIONS GOVERNING ASSESSMENT OF RESIDENT AND NONRESIDENT FEES

(17) The regulations governing assessment of resident and nonresident fees, adopted by the Board of Trustees on December 17, 1957, as amended June 19, 1958, provide that staff members and the spouses and children of staff members of the University on full-time appointment at the University shall be permitted to attend the University upon paying the same tuition and other fees as assessed against students who are residents of Illinois during the period the staff member holds such appointment and is performing the duties of the University position to which he has been appointed.

Each year some members of the faculties of state-supported institutions of higher education in Illinois and teachers in the elementary and secondary schools enroll for part-time programs of study at the University. As a matter of public service, these members of the teaching profession should be given the same status with respect to assessment of fees as staff members of the University. Accordingly, I recommend that the Dean of Admissions and Records be authorized to assess fees against such students on the same basis as fees are assessed residents of Illinois during the period these staff members hold appointments at their respective institutions. Most of these individuals are already legal residents of Illinois so that this authorization would be applicable in only a few cases.

On motion of Mrs. Watkins, this recommendation was approved.

COMMITTEE REPORTS

The Board considered the following reports and recommendations from its committees.

THE STATE BOND ISSUE REFERENDUM

Mr. Williamson, for the Committee on Buildings and Grounds, presented the following resolution, and moved its adoption:

Resolution

The Board of Trustees of the University of Illinois endorses the proposed bond issue authorized by the General Assembly of Illinois for referendum at the general election on November 4, 1958.

Approval of the bond issue will enable the state of Illinois to provide funds in the immediate future for the construction of critically needed buildings at the state universities and the state hospitals. The total amount involved is \$248,000,000 of which \$167,000,000 would be for the universities and \$81,000,000 for the hospitals, subject to allocation by the General Assembly of Illinois.

Demands upon our state educational institutions to enhance ongoing programs and services and to prepare for prospective increased enrollments together with the requirements of the state hospitals make the needs of these institutions far in excess of the amounts proposed in this bond issue.

The Board of Trustees of the University of Illinois records its approval of the bond issue as a practical means to help the state make a substantial reduction in accumulated building needs and to prepare for essential services in the future.

This resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

USE OF UNIVERSITY AUTOMOBILES ASSIGNED TO CHICAGO COLLEGES

Mr. Swain, for the Finance Committee, reported that the Committee has approved the following statement of policy relating to use of automobiles assigned to the Chicago Professional Colleges and the Chicago Undergraduate Division for official University business:

The Vice-President in charge of the Chicago Professional Colleges and the Executive Dean of the Chicago Undergraduate Division shall have use of automobiles for the convenience of the University. Cars will be available to them for use on University business and for transportation to and from their homes as such business may require. These cars shall also be available to other staff members for transportation on University business, subject to approval of such use by the Vice-President in charge of the Chicago Professional Colleges or the Executive Dean of the Chicago Undergraduate Division.

On motion of Mr. Swain, the action of the Finance Committee was confirmed.

WAGE RATES OF LABORATORY MECHANICS

Mr. Swain, for the Committee on Nonacademic Personnel, presented the following report and proposal from the President of the University, the Vice-President and Comptroller, and the Director of Nonacademic Personnel. This report and proposal were considered by the Committee on Nonacademic Personnel, in consultation with the other members of the Board of Trustees and University officials, including the Legal Counsel, at a meeting held earlier in the day.

During the spring of 1957, University representatives negotiated with representatives of Local 698, State, County, and Municipal Employees, AFL-CIO, with reference to pay scales for the biennial period of 1957-59. Agreements were reached by October, 1957, with the exceptions of the Laborer Electricians and the Laboratory Mechanics groups. The question with reference to Laborer Electricians was finally resolved by arbitration in April, 1958, authorized by the Board on January 16, 1958.

In October, 1957, negotiations with the Laboratory Mechanics reached an impasse, with the Union threatening a strike to enforce its demands. The University's position was that rates for this group should properly be compared: (a) with those paid for similar services at other universities which have comparable research and laboratory programs and which use comparable classes of employees, and (b) with rates paid for comparable type skills in the machinist area since the basic skill of most laboratory mechanics is in this area, and that furthermore, any increases for this group should be approximately the same percentage-wise as those available to other groups whether or not represented by a union. The Union's position was that these men are highly skilled and that the University should pay rates comparable to those paid for other skills in the community such as those in the construction trades, printing crafts, and the like, and that exceptional treatment was justified because of the long delay in properly recognizing these skills.

In a final effort to reach a satisfactory conclusion, the University appealed to Mr. Arnold Zander, International President of the State, County, and Municipal Employees Union. In accepting the request of the University, Mr. Zander asked that he be joined in a mediation attempt by Mr. Robben W. Fleming, Professor of Law and former Director of the Institute of Labor and Industrial Relations. Agreement was reached in this negotiation as to adjustments for the first year of the biennium and certain further adjustments for those below the range mid-points in 1958. With reference to general increases for the second year, however,

it was impossible to reach an agreement satisfactory to both parties. A proposal was finally made jointly by Mr. Fleming and Mr. Zander, to which both parties agreed, as the basis of temporary settlement. This proposal was: "The parties will confer for the purpose of establishing a fact-finding procedure which will be used as a basis for deciding what across-the-board adjustments, if any, are to be made as of July 1, 1958."

However, when attempts were made to implement this agreement, it became evident that the understandings of the University and of the Union were quite different. That of the Union, supported by Mr. Zander, was that this agreement provided for open end arbitration on wages. The University's position was that while it would attempt to make applicable in pay adjustments the results of any fact-finding procedure, its ability to do so with reference to available funds and the effect on other employee groups would have to be considered, and that it must therefore reserve the right of final decision as to wages after hearing from the fact-finder.

A number of meetings were held to resolve this difference. The proposal which follows has been agreed to by the Union and has certain advantages. This matter needs to be settled without delay, and the proposal as made will accomplish that result. It meets one University objection in that it provides a limit within which a total finding can be made. The University has funds presently reserved for increases which will be sufficient to meet even the maximum findings possible within the proposal, without involving any overdraft on a cash basis at the end of this year.

The differences between the parties have been honest ones, both as to the original question as to the basis of establishing rates and as to the understanding of the fact-finding formula. The proposal provides a method for settling the issues.

The Proposal

1. The across-the-board adjustment shall fall between \$0.00 and \$50.00 per month.
2. Adjustments shall be retroactive to July 1, 1958.
3. Adjustments shall apply uniformly, regardless of the position of an employee in his wage range.
4. The Submission shall read: "What across-the-board adjustment, falling between \$0.00 and \$50.00 per month, effective July 1, 1958, shall accrue to employees in the Laboratory Mechanics group?"
5. This memorandum shall be submitted to the Board of Trustees at its meeting on September 30 and, if approved, the Submission shall be executed not later than October 1.

On motion of Mr. Swain, the foregoing proposal was approved.

Addition to Contract for Engineering Services

The University has a standing contract with Brown, Manthei, Davis, and Mullins, Champaign, formerly Consulting Engineering Services, for engineering services on various buildings and utilities extension projects. The Director of the Physical Plant and the Vice-President and Comptroller recommend an addition to this contract to cover engineering services in the preparation of drawings and specifications for plumbing, heating, ventilating, air conditioning, and wiring required in the remodeling of the Electrical Engineering Annex for use by the Bioacoustics Laboratory, at an estimated cost, including fees, of \$6,500. Funds are available in the appropriation made for the construction of the Bioacoustics Laboratory from the General Reserve.

Contract for Refrigeration System in Ice Rink

The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$51,250 to R. H. Bishop Company, Champaign, the lowest bidder, for replacement of the present ammonia-operated compressor system and auxiliary equipment in the Ice Rink with a new Freon refrigeration system.

They also recommend the employment of the firm of Brown, Manthei, Davis, and Mullins, Champaign, for the engineering services required in connection with this new installation, at an estimated cost, including professional fees, of \$4,300. The University now has a standing contract with this firm for engineering services on various buildings and utilities extension projects, and it is recommended that the employment of this firm on the Ice Rink installation be by an addendum to the existing contract.

The Director of Athletics and the Business Manager of the Athletic Association join in these recommendations.

Funds will be advanced by the Athletic Association for all this work. The program was approved by the Board of Trustees on July 29, 1958.

OCTOBER, NOVEMBER, AND DECEMBER MEETINGS

On motion of Mr. Johnston, the Board voted to hold its October meeting in Chicago, Illinois, on Thursday, October 23, 1958, at an hour and place to be determined by the President and Secretary of the Board.

On motion of Mr. Bissell, the Board voted to hold its November meeting in Chicago, Illinois, on Wednesday, November 19, 1958, at an hour and place to be determined by the President and Secretary of the Board.

On motion of Mr. Bissell, the Board voted to hold its December meeting in Chicago, Illinois, on Wednesday, December 17, 1958, at an hour and place to be determined by the President and Secretary of the Board.

EXECUTIVE SESSION

At this point, on motion of Mr. Williamson, an executive session was ordered for consideration of the following items of business.

PURCHASE OF PROPERTY AT 502 EAST JOHN STREET, CHAMPAIGN

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 502 East John Street at a price of \$25,000.

The property, located at the northeast corner of John and Fifth Streets, consists of a lot 66 feet wide and 130 feet deep with a three-story frame house which has been used as a student rooming house, and is in an area which the University will ultimately need to acquire for expansion of the campus. In the meantime, there is a great need for additional parking facilities in this area. The Board of Trustees has recently approved the purchase of the property at 508 East John Street, Champaign, in the same block.

The property at 502 East John Street was offered to the University for \$30,000 but the offer was rejected and the price was reduced to \$25,000 which represents a cost of \$2.91 per square foot and is within appraisals obtained by the University.

Funds are available in the state capital appropriations to the University for 1957-59. The balance remaining in the item for land has been scheduled for acquisition of other properties, but these acquisitions can be deferred.

Mr. Williamson stated that this recommendation, with the President of the University concurring therein, was previously considered by the Committee on Buildings and Grounds and that the Committee supports it.

On motion of Mr. Williamson, the purchase of this property, as recommended, was authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(19) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Method for destroying hardwood tree stumps—C. S. Walters, Professor of Forestry, and K. R. Peterson, Research Associate in Forestry, inventors. At its meeting on April 18, 1958, the Board of Trustees approved the transfer of this invention to the University of Illinois Foundation with authority to file a patent application if it appeared desirable. The Foundation has now requested the Patent Committee to make a recommendation as to the distribution of any net income that may be received from licenses or royalties on this invention.

The Patent Committee recommends that 15 per cent of the income received by the Foundation from licenses or royalties on this invention remaining after the payment of all expenses incurred in connection with such invention be paid to the inventors.

2. Electrolytic saw—Marvin Metzger, Associate Professor of Physical Metallurgy, inventor. This invention is a device for cutting electrically conducting materials without strain by passing a direct current from the specimen to a wire cathode held in close proximity to it through a suitable electrolyte. The novel feature of the present device is that it uses a cathode in close proximity to the specimen, and this can produce localized cutting action even when the electrolyte is applied over a large area of the specimen.

The Head of the Department of Mining and Metallurgical Engineering is of the opinion that this development will be of use only in the laboratory and has little or no commercial application; he does not recommend that funds be expended in attempting to secure a patent. The Patent Committee concurs in this opinion and recommends that it be released to the United States Navy, the sponsoring agency under which it was developed.

I concur in these recommendations.

On motion of Mr. Bissell, these recommendations were approved.

On motion of Mr. Bissell, the Board adjourned.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board took up consideration of the following reports and recommendations from the President of the University.

BIENNIAL OPERATING BUDGET

(1) Under state law the University must file with the Department of Finance not later than November 1 of each even-numbered year an estimate of the state appropriations it will request for the biennium beginning the following July.

The Board of Trustees at its meeting on July 29, 1958, approved recommendations for capital appropriations for 1959-61. I now submit the operating budget estimates for the two-year period beginning July 1, 1959. These estimates have been prepared after several months of study by the University's Budget Committee¹ under the chairmanship of the Vice-President and Provost, and have been reviewed with the University Council. Substantial reductions were made in the original estimates prepared by the colleges, schools, institutes and other departments. The budget estimates as now submitted represent the minimum needed for the biennium of 1959-61.

These estimates have also been carefully considered by the Finance Committee of the Board in a special work session in which the other Trustees participated.

I recommend that these budget estimates be approved as a basis for filing with the State Department of Finance and presentation to the state administration and to the Illinois Budgetary Commission.

The recommendations of the President, including the budget estimates and supporting materials, had been sent to all members of the Board of Trustees for study in advance of the meeting, and had previously been considered by the Finance Committee in consultation with the other Trustees.

Following President Henry's presentation, President Livingston called for discussion by the Trustees, in which all members present participated.

At the conclusion of these discussions, on motion of Mr. Johnston, seconded by Mrs. Watkins, the following operating budget was approved, and the President of the University was authorized to present these recommendations to the Department of Finance. This motion was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Swain.

On motion of Mrs. Watkins, the President of the Board, the President of the University, and the Chairman of the Finance Committee

¹ Gordon N. Ray, Vice-President and Provost, Chairman; Charles A. Knudson, Professor and Head of the Department of French; Herbert E. Longenecker, Vice-President in charge of the Chicago Professional Colleges; Reid T. Milner, Professor and Head of the Department of Food Technology; Joseph A. Russell, Professor and Head of the Department of Geography; Albert J. Schneider, Associate Professor of Accountancy; Henry S. Stillwell, Professor and Head of the Department of Aeronautical Engineering; Frederick T. Wall, Dean of the Graduate College; Dr. William V. Whitehorn, Professor of Physiology, Chicago Professional Colleges; and Herbert O. Farber, Vice-President and Comptroller.

were authorized to represent the University in conferences regarding this budget with state officials.

UNIVERSITY OF ILLINOIS BIENNIAL BUDGET FOR OPERATIONS, 1959-61

INTRODUCTION

Budget for 1958-59

The University of Illinois annual budget is \$46,341,140 from tax funds and \$6,432,660 from University general income, or a total of \$52,773,800.¹ This budget encompasses not only teaching, but also research activities, extension teaching, and other services to the people of the state.

Many activities receive additional financial support from federal grants and contracts, and from private gifts. In addition, the University operates auxiliary enterprises such as residence halls, union buildings, and bookstores. Receipts from all these sources are included in the annual operating budget, which totals \$77,-043,000. Tax revenues of \$46,341,140 make up 60 per cent of the total budget from all funds.

The biennial budget consists of only those funds which require appropriation by the General Assembly—the \$52,773,800 for 1958-59 from tax funds and University income, plus \$51,288,200 for 1957-58, or a total of \$104,062,000 for the biennium. The funds appropriated by the Seventieth General Assembly total \$104,-562,000, but \$500,000 will not be spent, since the increase in enrollment during 1957-58 was not as great as anticipated.

Procedures for Budget Request, 1959-61

In January, 1958, the Deans and Directors submitted requests for budget increases according to the classifications shown in Schedule A. Salary adjustments have been considered separately on a University-wide basis.

All requests have been studied by a Budget Committee appointed by the President. This Committee consists of the Vice-President and Provost as Chairman, the Vice-President and Comptroller, the Vice-President in charge of the Chicago Professional Colleges, the Dean of the Graduate College, and six faculty members from all three campuses, including representatives of the budget committees of the three Senates. The Committee has held weekly meetings during which it conferred with Deans and Directors to analyze their requests. The Committee has also given careful attention to the various proposals for salary increases and has concurred in the recommendations herein presented.

Budget Summary

The requests for additional funds submitted by Deans and Directors plus the salary recommendations total \$36,755,544 for the biennium. After careful analysis of these requests, the Budget Committee has reduced this figure and recommends an increase of \$26,948,000 over the appropriations for 1957-59 (an average of \$13,474,000 a year) or approximately 26 per cent of the current appropriations. The total requested budget of \$131,510,000 includes \$118,410,000 from tax revenues of the state and \$13,100,000 from University income. It is divided to provide \$63,-191,000 for the first year of the biennium and \$68,319,000 for the second. The higher amount in the second year will be needed primarily for salary adjustments, but also because of a larger enrollment and new buildings put into operation in that year. This means an added \$5,128,000 will be required in 1961-63 to maintain the level to be established during the second year of the coming biennium.

Schedule A is a summary statement of the various items included. In parallel columns are listed comparable figures for increases originally requested by Deans and Directors. Following Schedule A are explanatory statements concerning the purposes for which additional funds are requested.

¹ This and all other figures in this request include separate appropriations made in 1957-59 for the Gerontological Committee, Horseradish Research, and Agricultural Extension, but it does not include the Institution for Tuberculosis Research.

EXPLANATION OF INCREASES REQUESTED**I. Contribution to Retirement System.....\$997 200**

The University Retirement System provides disability and retirement benefits to all permanent staff members and employees of the University, of the other state universities, and of the three scientific surveys. The University's share of the cost of the System is included regularly in University appropriations. An increase of \$695,000 for the biennium is required for the benefits to be provided under the present law, mainly because of the larger number of persons who will be on retirement. An additional \$302,200 is included to provide for needed improvements in the Retirement System, which have been approved by its Board of Trustees.

**IIA. To continue for a full biennium, the funds required
for one year only in 1957-59.....\$985 600**

As reported to the Seventieth General Assembly, \$1,985,600 was included for additional enrollment, new buildings, and salary adjustments for 1958-59. In approving the budget, the General Assembly anticipated that additional appropriations equal to this amount would be required in 1959-61 to continue the level established in this budget. Because enrollments were below estimates, the 1958-59 budget exceeds the 1957-58 budget by \$1,485,600 instead of by \$1,985,600. The increases in the second year are:

Salary adjustments	\$1 097 074
Operation of Biology Building.....	84 000
Operating expense of Research and Educational Hospitals from additional hospital income.....	215 000
For increased enrollment.....	89 526
	\$1 485 600

¹ Includes funds for second year of biennium only, as follows: salary adjustments, \$4,000,000; new buildings, \$348,000; additional enrollment, \$780,000; total, \$5,128,000.

² Includes separate appropriations for Gerontological Committee, Horseradish Research, and Agricultural Extension.

As a result of the reduction in the budget, \$500,000 of the 1957-59 appropriations from the University Income Fund will not be spent. The biennial appropriation can therefore be reduced by \$500,000, making a net increase of \$985,600 in the budget.

IIB. For essential increases in expense and equipment budgets.....\$4 000 000

No increases in biennial budget appropriations for increased costs of supplies and equipment have been made since 1949-51, all increases having been specifically for other purposes, such as contributions to the Retirement System, operation of new buildings, salary adjustments, and increased enrollment. In 1953-55, reductions were made in the expense and equipment budget of nearly every department. Thus, there are serious deficiencies, the correction of which is of high priority.

During this period, the price of nearly everything the University buys has been going up approximately 5 per cent a year. Coal has increased from five to six dollars a ton in the last three years. A dollar a ton is a significant increase since the University uses 60,000 tons a year. The increases in postal rates have contributed to the budget problems of many departments.

It has been impossible to replace all obsolete and worn-out equipment. Increased costs can no longer be met through internal adjustments and savings. The University's inventory of equipment is approximately \$40,000,000, about three-fourths of which has been provided from state funds. The present appropriation for equipment is \$1,000,000 a year, which provides for replacement on the average of once every thirty years. The most expensive type of equipment, scientific apparatus, becomes obsolete in less than half that time. Equipment budgets should be increased by at least 50 per cent to provide for an average replacement once every twenty years; however, the requested increase of 40 per cent will enable the University to inaugurate a program of regular replacement and to correct the most urgent deficiencies.

IIC. To continue on a permanent basis expenditures

financed temporarily from savings.....\$1 415 000

During the present biennium it has been necessary to increase the various operating budgets, both for staff and for current operating expenses, by the use of temporary savings in other areas. All these needs, which are detailed in Schedule B, will continue in the next biennium and should be provided for on a permanent basis. The principal items include interior painting, rental and staff for an IBM Electronic System, increases in fellowship stipends, additional staff for extramural classes, and operating expense of the Departments of Chemistry and Chemical Engineering and of Admissions and Records.

III. Salary adjustments for all staff.....\$12 000 000

While the increases provided in the 1957-59 budget have enabled the University to keep pace with increases at comparable institutions, further adjustments of considerable magnitude will be required during the next four biennia if faculty salaries are to be brought into line with comparable professions and other universities of great distinction. The President's Committee on Education Beyond the High School has recommended that faculty salaries be increased to twice the 1956 level within five to ten years.

From 1952 until 1956 the cost of living remained fairly constant, rising only 2 per cent during the four-year period. Thus, the increases made during that period represented substantial gains in purchasing power. During the last two years, however, in spite of the business recession, the Bureau of Labor Statistics Index of Consumer Prices has risen steadily month by month, so that the price level is now $6\frac{1}{2}$ per cent greater than it was two years ago. There are good reasons for believing that a similar trend in living costs will continue.

The increases in faculty salaries at a number of other universities in the Middle West since 1951 on the average have exceeded those at the University of Illinois. These schools are planning increases comparable to those presented here. In 1957 the University ranked fourth among the Council of Ten Universities in average salaries for full professors, fifth for associate professors, third for assistant professors, and second for instructors.

Several leading universities now have minimum salaries of \$12,000 for full professors. The minimum at the University of Illinois is now \$8,400, and it

should be raised to \$12,000 within the next two or three biennia. Approximately three-quarters of the academic staff are below the rank of professor.

The gap between faculty salaries and commercial and industrial positions requiring comparable training is so great that many of the most promising students go into other lines of work. The situation is particularly acute in engineering, but shortages also exist in architecture, law, commerce, medicine, dentistry, chemistry, and many other fields.

Business Week magazine has reported that the average salary of ten-year college graduates is \$9,200 for industry and \$10,400 for banking. This is from 20 to 30 per cent more than the average University of Illinois faculty member of similar seniority receives. A neighboring engineering school recently made a study of forty-seven teachers who left its faculty to enter industry. Two-thirds of the former staff members received industrial salaries which exceeded their academic salaries by 50 per cent, and one-sixth of them received more than twice as much.

The University of Illinois has the largest and one of the finest Colleges of Medicine in the country. Yet fewer than 10 per cent of the full-time staff of the College receive salaries above the national average for practicing physicians.

The most serious problem facing higher education in the next decade is recruiting enough personnel to staff classes adequately for twice the present enrollment. The University can ill afford to lose staff to other professions, and concerted efforts must be made to attract more people to the teaching profession. Many men and women are temperamentally attracted to the academic life, but to hold even these a generous increase in the salary level is essential.

Adjustments in nonacademic salaries must be made to keep pace with anticipated increases in industry and in private and federal employment. In most nonacademic groups the salaries are now reasonably in line with comparable positions elsewhere, but further adjustments are needed in some areas.

Altogether, \$4,000,000 is needed for salary adjustments for all members of the staff in the first year of the biennium and an additional \$4,000,000 in the second year, a total of \$12,000,000 for the biennium. As indicated above, some increases in minimum salaries will be proposed. Otherwise, no percentage or across-the-board increases are contemplated, and each group will be considered on the basis of its relative position in comparison with comparable employment outside the University. With minor exceptions, every employee will receive some increase.

The amount requested is nearly half the new money asked for, and is approximately 10 per cent of the total proposed budget from tax funds. It is not the final answer to the salary problem, but it will permit a continuation of orderly improvement.

IV. *University's contribution to the health insurance program*.....\$600 000

The University has provided, on a voluntary basis, hospital, medical, and surgical insurance for members of the staff and their dependents. A staff committee has made an exhaustive study and recommends a plan which would cover the first \$250 of all hospital expenses, and 80 per cent thereafter. It would also cover 80 per cent of medical expenditures in excess of \$100. Each person would be insured for a \$15,000 maximum benefit. The committee recommends that the University pay the full cost of the insurance for staff members and half of the premium for dependents. This proposal is in line with a growing practice in industry and provides an excellent benefit at a relatively low cost to the state. The premiums for employees paid from other than state appropriations would be charged against funds from which the employees are paid.

V. *To put new buildings into operation*.....\$1 289 800

Funds will be needed for operation of buildings to be completed during the next biennium. These include the new Physics Building, Library Addition, Fine Arts Building, Medical Research Laboratory, Classroom Addition in Chicago, and several minor structures. Funds for the Labor and Industrial Relations Building, Veterinary Isolation Unit, and the Assembly Hall in the amount of \$348,000 are requested for one year only. An itemization of the amounts appears in Schedule C.

VI. *For additional enrollment*.....\$1 480 000

From 1,000 to 1,500 additional students are expected to enroll on the three

campuses each year of the new biennium. Only part of this increase can be served by the present staff. The enrollment of graduate students (the cost of graduate instruction is higher than the cost of teaching freshmen and sophomores) has substantially increased during the present biennium and this trend is expected to continue. Enrollment is not distributed evenly among all the departments, and additional staff will be required in areas where pressures are heavy. During 1959-60, approximately one-half of the additional enrollment can be taught by the present staff, but fifty-five more full-time staff members will be needed at a cost of \$350,000. In the second year of the biennium, one hundred twenty more full-time staff members will be needed at a cost of \$780,000, making a total of \$1,480,000 for the biennium.

VII. *To improve the educational program*.....\$4 100 000

Increases totaling \$7,167,459 a year, or \$14,334,918 for the biennium, have been requested by Deans and Directors for improving the educational program. Few new programs are contemplated in the reduced requests. Instead, the emphasis will be on expanding areas of teaching, research, and public service to maintain the University's position. The University Budget Committee is studying the relative merits of the total requests and will submit an itemization later. The sum proposed is less than 30 per cent of the requests from Deans and Directors, and represents the minimum amount needed to enable the University to meet current commitments and to provide for essential improvements in its educational program and services to the state.

VIII. *Refunds*.....\$80 000

State law requires all income from fees to be deposited in the State Treasury. Students who leave the University early in a semester are entitled to a refund of all or a portion of the fees depending on time of withdrawal. Based on the experience of the present biennium, the amount to be appropriated for refunds should be increased by \$80,000. This entire increase comes from the University Income Fund.

OBJECT CLASSIFICATIONS

The State Finance Act requires that appropriation requests be submitted in terms of certain designated object classifications. These are shown in Schedule D.

A word should be added about the classification, "Contingencies." This does not represent funds for which the University has no known need. The present appropriations have been allocated to departments in a line-item internal budget in which all salaried positions are listed. All increases for the coming biennium are based upon specific requests from Deans and Directors, with adjustments by the University Budget Committee.

It is not always possible to expand a budget exactly as planned, particularly when estimates must be made as much as three years in advance of some of the actual expenditures. New faculty can not always be found immediately to fill vacancies. A department might decide that it is more desirable to construct a piece of equipment than to purchase it. While the end result would be the same, "Personal Services" and "Commodities" would replace "Equipment" so far as the object classification of expenditures is concerned. Therefore, in order to provide reasonable flexibility, the Department of Finance permits setting up five per cent of the appropriation under "Contingencies," and this amount is later allocated to the other object classifications as the exact distribution becomes known.

**INSTITUTION FOR TUBERCULOSIS RESEARCH BIENNIAL
OPERATING BUDGET FOR 1959-61**

(2) The Institution for Tuberculosis Research was created by the General Assembly for the "production, distribution, and application of the bacillus Calmett-Guerin (BCG), and other methods and materials for the prevention of tuberculosis and for conducting research in tuberculosis." The responsibility for the professional operation and all other management and control of the Institution is vested in the University.

The Director of the Institution and the Vice-President in charge of the Chicago Professional Colleges recommend a budget for 1959-61 amounting to \$71,150 for each year, or \$142,300 for the biennium. This is an increase of \$22,020 for the biennium over the present appropriation.

The increase is requested for the following purposes:

Salary adjustments in accordance with the policy adopted by the University	\$ 5 020
Increases in expense and equipment.....	4 000
To improve the educational program (staff for studying method of preserving BCG vaccine at room temperatures).....	13 000
<i>Total.....</i>	<i>\$22 020</i>

I recommend that this budget be approved for filing with the Department of Finance and presentation to the Illinois Budgetary Commission.

On motion of Mr. Herrick, this budget was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Swain.

**APPOINTMENT OF HEAD OF DEPARTMENT OF PHYSIOLOGY
IN THE COLLEGE OF MEDICINE**

(3) The Dean of the College of Medicine and the Vice-President in charge of the Chicago Professional Colleges recommend the appointment of Dr. Arnold V. Wolf as Professor of Physiology on indefinite tenure and Head of the Department of Physiology in the College of Medicine beginning December 1, 1958, at an annual salary of \$16,600 on "Y" basis.

This appointment is to fill the vacancy created by the resignation of Dr. G. E. Wakerlin on April 1, 1958, to become Medical Director of the American Heart Association. In the meantime, Dr. W. V. Whitehorn has been serving as Acting Head. The nomination of Dr. Wolf has been made after careful study by a search committee of the qualifications of candidates for the headship and consultation with members of the department of professorial rank. The Vice-

President and Provost and the Dean of the Graduate College concur in this appointment.

I recommend approval.

On motion of Mr. Nickell, this appointment was approved.

2. ELEANOR W. McCULLY, Food Service Supervisor in the Research and Educational Hospitals, at the rate of \$4,200 per annum, effective September 15, 1958.
3. SANDRA L. NEWLING, Food Service Supervisor in the Student Residence Halls, at the rate of \$3,420 per annum, effective September 2, 1958.

On motion of Mr. Bissell, these appointments were confirmed.

ADVISORY COMMITTEE FOR THE COLLEGE OF VETERINARY MEDICINE

(5) The Dean of the College of Veterinary Medicine recommends the reappointment of Mr. Russell V. McKee, Washburn, Illinois, as a member of the College of Veterinary Medicine Advisory Committee for the period of two years beginning September 1, 1958.

I concur.

On motion of Mrs. Watkins, this appointment was approved.

ADVISORY COMMITTEE FOR INSTITUTE FOR RESEARCH ON EXCEPTIONAL CHILDREN

(6) The Director of the Institute for Research on Exceptional Children recommends the following reappointments to the Advisory Committee of the Institute for Research on Exceptional Children for three years beginning September 1, 1958: Professor James E. Hulett, Department of Sociology and Anthropology, representative of the University, and Mr. Harry McClintock, Assistant Director of the Department of Public Welfare, representative of the Department of Public Welfare.

The Board of Trustees on July 16, 1952 (Minutes, page 5) approved the plan for the organization of the Institute which includes an Advisory Committee consisting of three representatives from the University, two from the

Department of Public Welfare, and two from the Department of Public Instruction, each appointed for a three-year term.

The Dean of the College of Education and the Vice-President and Provost endorse these nominations.

I recommend approval.

On motion of Mr. Nickell, these appointments were approved.

APPROPRIATIONS BY ATHLETIC ASSOCIATION

HOUSING CONSTRUCTION PROGRAM

(9) On November 21, 1957, the Board of Trustees authorized the consolidation of six projects into a program to be covered by a single bond issue. The Housing and Home Finance Agency had given preliminary approval to a loan of \$6,828,000 to cover approximately half the cost of the entire program.

After analyzing the enrollment for 1957-58, it was determined that construction of additional units of the Men's Residence Halls, a Graduate Student Residence Hall, and two hundred and fifty apartment units should be deferred, and a revised application was submitted to the Housing and Home Finance Agency for the Central Food Stores Building, the Snack Bar and Service Building in the Men's Residence Halls area, and one hundred and twenty apartment

units. Construction bids for these three projects have been received, and the total project budget is \$3,150,000. The Housing and Home Finance Agency has approved a reservation of funds in the amount of \$1,350,000 but has indicated that it will now approve \$1,525,000 since construction costs are greater than originally estimated. The remainder of the \$3,150,000 will be provided from a public offering of bonds.

The Graduate Student Residence Hall has been resubmitted to the Housing and Home Finance Agency as a separate project. Decision on the time schedule for the Men's Residence Halls and two hundred and fifty apartments will be deferred until further studies of enrollment estimates are completed.

The bonds should be sold, if possible, prior to the November meeting of the Board. Accordingly, I recommend: (a) confirmation of the above actions; (b) that the Executive Committee be authorized to sell the bonds to the bidder offering the lowest net interest cost to the University; and (c) that the Executive Committee be authorized to award construction contracts when the bonds have been sold.

On motion of Mr. Bissell, these recommendations were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Swain.

FINANCING OF CONSTRUCTION OF PARKING LOTS

(10) It is necessary that the Board of Trustees adopt a formal resolution implementing its action of July 29, 1958, authorizing the construction of parking lots on the campus at Urbana-Champaign. The improvements will be financed through a bank loan secured by the University of Illinois Foundation. The Foundation will acquire title to the lots and will lease them to the University until the loan has been paid, when title will revert to the University.

It was anticipated that interest on this loan would be $3\frac{1}{2}$ per cent, but the Foundation has received a ruling from the Bureau of Internal Revenue that interest in its obligations is exempt from federal income tax and as a result the First National Bank of Chicago has agreed to reduce the interest rate on the loan from $3\frac{1}{2}$ per cent to 2 per cent.

Mr. Williamson offered the following resolution and moved its adoption.

Resolution

WHEREAS, this Board of Trustees of the Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, which public corporation is hereinafter referred to as "University," at a regular meeting of this Board of Trustees held on July 29, 1958, approved in principle a parking lot program then outlined to it; and

WHEREAS, pursuant thereto, an agreement was entered into, in the name and on behalf of University under date of October 15, 1958, by the Comptroller and Secretary of University with University of Illinois Foundation, a not-for-profit corporation of the State of Illinois, hereinafter referred to as "Foundation," whereby University agreed to convey the premises therein described to Foundation by good and sufficient Warranty Deed; Foundation agreed to pay to University the sum of \$440,000 upon such transfer of title; Foundation agreed to borrow said sum from the First National Bank of Chicago; Foundation agreed to lease back the properties so sold for an original term extending from the date of transfer of title through June 30, 1959, and automatically renewed for subsequent two-year periods thereafter unless written notice to the contrary from University to Foundation is given sixty (60) days prior to June 30, 1959, or prior to the end of any subsequent biennial period; University agreed to pay to Foundation an annual rental of Ninety Thousand Dollars (\$90,000) payable Forty-Five Thousand Dollars (\$45,000) on April 15, 1959; Forty-Five Thousand Dollars (\$45,000) payable on October 15, 1959; and Forty-Five Thousand Dollars (\$45,000) on each April 15 and October 15 thereafter until Foundation's indebtedness to the First National Bank of Chicago, including interest, incurred for this purpose, has been liquidated; University agreed to keep the parking lots

in good condition and repair; University agreed that in the event of any default by University in the payment of rental all rights of University in and to the premises should terminate; and Foundation agreed that, upon liquidation of its indebtedness to the First National Bank of Chicago incurred for the purpose of this agreement, it would reconvey said property to University by good and sufficient Warranty Deed; and

WHEREAS, pursuant to said agreement:

A. University of Illinois Foundation entered into a loan agreement with the First National Bank of Chicago, dated October 15, 1958, providing for a loan in the sum of \$440,000, secured by serial promissory notes of Foundation bearing maturities and interest at the rates set forth in said loan agreement; a copy of the loan agreement is on file with the Secretary of University;

B. The Comptroller and Secretary of University executed and acknowledged in the name and on behalf of University a Warranty Deed dated October 14, 1958, and delivered it to Foundation on October 15, 1958, conveying to Foundation in consideration of the sum of \$440,000, title to the following described property:

ELECTRICAL SERVICE TO THE MEDICAL RESEARCH LABORATORY

(11) The construction of the Medical Research Laboratory building has progressed to the point where it is now necessary to make arrangements with the Commonwealth Edison Company for the supplying of electrical service to the building.

The University should take advantage of the lower rates available under the "multiple service and combined billing" arrangement previously approved by the Board of Trustees for the Chicago Professional Colleges campus (Minutes, July 25, 1950, page 25). Certain items of underground and vault equipment required to furnish service under this arrangement must be supplied by the Commonwealth Edison Company at a cost to the University of \$7,609. This cost will be amortized at the lower rate in approximately three years.

In addition, the University will be obligated for meter and transformer rental for this building at a cost of \$710.95 a month. The rental cost is the amount that the University would pay even if it were not taking advantage of the "multiple service and combined billing" arrangement.

Funds are available in the state capital appropriation for the construction of the building for the payment of \$7,609, covering the additional facilities, and in the operating budget of the Physical Plant Department for the payment of meter rentals.

Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend that agreements be entered into with the Commonwealth Edison Company to provide for the installation of the underground and vault equipment and cables necessary to furnish service under the proposed arrangement.

Approval is also recommended for the meter and transformer rentals of \$710.95 a month.

I concur and recommend that the Comptroller be authorized to execute the necessary agreements after approval by the Legal Counsel.

On motion of Mr. Hughes, this recommendation was approved.

ADDITION TO CONTRACT FOR MEDICAL RESEARCH LABORATORY

(12) The Director of the Physical Plant, the Vice-President and Comptroller, and the Vice-President in charge of the Chicago Professional Colleges recommend an increase of \$5,774 in the contract with the George Sollitt Construction Company, 109 North Dearborn Street, Chicago, Illinois, for the construction of the Medical Research Laboratory on the Chicago Professional Colleges campus.

The work will consist of changes resulting from redesign of the area to house X-ray equipment, mainly increases in the capacity of the electrical feeders and protective and switching equipment. The Laboratory was originally designed to provide service for the present X-ray equipment of 200 milliamperes. It was decided that the old machine would not be satisfactory and that a new 500-milliamper machine should be purchased.

Funds are available in the state and federal appropriations for the construction of the Medical Research Laboratory.

I concur and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mrs. Watkins, this recommendation was approved.

ADDITION TO CONTRACT FOR FINE AND APPLIED ARTS BUILDING

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$3,356.28 in the contract with Kuhne-Simmons Company, Inc., Champaign, Illinois, to revise the connection to the sanitary sewer at the Fine and Applied Arts Building site.

The contract drawings showed the gravity flow sanitary sewer running under the steam tunnel. Upon excavation it was discovered that the invert elevation of the steam tunnel is lower than the invert elevation of the sanitary sewer, which runs parallel and south of it. Therefore, it is necessary to construct a siphon system and modify a sewer arrangement.

The cost estimates have been checked by the architects and by the Physical Plant Department and found reasonable. Funds are available in the state appropriation for the construction of the Fine and Applied Arts Building.

I concur.

On motion of Mrs. Holt, this recommendation was approved and the Comptroller was authorized to execute the change in the contract.

ADDITIONS TO CONTRACT FOR PHYSICS BUILDING

(14) The Head of the Department of Physics, the Director of the Physical Plant, and the Vice-President and Comptroller recommend additions to the contract with the Mayfair Construction Company, Chicago, for construction of the first unit of the Physics Building, to provide for installation of acoustical ceiling tile and vinyl asbestos floor tile in certain areas at an additional cost of \$11,683.85 and \$6,313.38 respectively.

No provision for floor and ceiling covering was made in the specifications, since these items could be deferred until it was determined that funds would be available in the state appropriation for the construction of the Physics Building.
I concur.

On motion of Mr. Herrick, this recommendation was approved and the Comptroller was authorized to execute the changes in the contract.

FORD FOUNDATION GRANT FOR GRADUATE TRAINING FOR ENGINEERING TEACHERS

(15) The Ford Foundation has made a grant of \$207,000 to the University of Illinois to be used over a period of approximately four years for an experiment in graduate education for potential engineering teachers. This grant has been made in response to a proposal for a fellowship-intern program transmitted by the College of Engineering with the approval of University officials.

The plan in general provides that in each of three years, five two-year fellowships in mechanical engineering and five in electrical engineering for study in the corresponding departments at the University of Illinois will be given to qualified recent graduates who hold Bachelor of Science degrees in engineering and are interested in teaching careers in engineering colleges. The program of study followed will last two years and will include completion of the regular requirements for the Master of Science degree, with special emphasis on the engineering sciences; seminars in education and technology; and experimental teaching under the guidance of a well-qualified and experienced teacher. Approximately \$164,400 of the grant will finance the fellowships and tuition fees; the remaining portion will include funds for two part-time faculty supervisors, stenographic and clerical help, special lecturers, and other expenses incurred in connection with the program.

I have accepted this grant and report it for the record.

This report was received for record.

DIRECTOR OF CONTROL SYSTEMS LABORATORY

(18) The Dean of the College of Engineering recommends the appointment of Dr. Daniel Alpert, Research Professor in Physics and Technical Director of the Control Systems Laboratory, as Research Professor on indefinite tenure and Director of the Control Systems Laboratory beginning July 1, 1959, at an annual salary of \$20,000 on "Y" basis. The appointment as Director will be on a year-to-year basis, the initial appointment to be for the two months beginning July 1.

The Vice-President and Provost and the Dean of the Graduate College concur in this appointment which is to replace Professor F. W. Loomis who will retire as Director at the end of the current fiscal year.

I recommend approval.

On motion of Mr. Johnston, this appointment was approved.

Vice-President and Provost Ray presented a statement concerning the services of Professor Loomis.

On motion of Mrs. Watkins, the Secretary was requested to convey to Professor Loomis an expression of the Board's appreciation of his distinguished services.

BUILDING PROGRAM FOR 1959-61

Mr. Williamson, for the Committee on Buildings and Grounds, presented the following:

The University's building program for 1959-61 was approved by the Board of Trustees on July 29, 1958, for filing of estimates with the State Department of Finance of the appropriations required for the two years beginning July 1, 1959. State law requires the filing of such estimates not later than November 1. The building program includes a provision of \$3,500,000 for the acquisition of land for the relocation of the Chicago Undergraduate Division, subject to revision of this estimate after final selection of a site.

The report of the Real Estate Research Corporation reduces to four the number of sites under consideration for the Chicago Undergraduate Division. Consultation as to cost and availability of the land necessary for a final selection can not be completed before January, 1959. Since the site decision can not be made until January, it is recommended that dollar estimates of site acquisition costs be excluded from the estimates to be filed with the State Department of Finance, with the statement that this figure will be submitted after final site selection has been made. It is the intention of the Board of Trustees that an estimate will be submitted in time to be included as a part of the regular budget request for capital expenditures for 1959-61.

On motion of Mr. Williamson, the building program for 1959-61 was amended accordingly.

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. RAYMOND E. ANDERSON, Clinical Assistant Professor of Surgery, beginning November 1, 1958, without salary (DY).

On motion of Mr. Bissell, these appointments were confirmed.

DEANSHIP OF THE COLLEGE OF LIBERAL ARTS AND SCIENCES

(3) Upon the resignation of Dean Joseph R. Smiley of the College of Liberal Arts and Sciences in August, 1958, I appointed a special search committee to make nominations for the deanship. During the period preceding the selection of the new dean and his taking over the duties, Associate Dean Gibbon Butler

of the College of Liberal Arts and Sciences is in charge of the Dean's Office. In carrying out this assignment, he consults closely on matters of policy with the Executive Committee of the College.

The Committee on the Deanship has unanimously nominated Professor Lyle H. Lanier, Head of the Department of Psychology. This nomination is also unanimously endorsed by the Executive Committee of the College and is concurred in by the Vice-President and Provost and the Dean of the Graduate College. I recommend the appointment of Dr. Lanier as Professor of Psychology on indefinite tenure and Dean of the College of Liberal Arts and Sciences beginning January 1, 1959, and continuing through August, 1959, at a salary of \$20,500 a year on "Y" basis.

It is the opinion of the search committee, the Executive Committee of the College, and all recommending officers that this appointment will receive wide acceptance not only from the faculty of the College but also from the faculty of the University in general. We also feel that Professor Lanier will give the College the same distinguished leadership he has given the Department of Psychology which has become one of the leading departments of psychology in the country. Professor Lanier is presently on sabbatical leave of absence for the first semester of 1958-59 which accounts for the beginning date of his appointment as Dean.

On motion of Mr. Swain, this appointment was approved.

DIRECTOR OF HEALTH SERVICES AT CHICAGO PROFESSIONAL COLLEGES

(4) The Vice-President in charge of the Chicago Professional Colleges recommends the appointment of Dr. Marvin J. Colbert, presently Assistant Professor of Medicine on the faculty, as Assistant Professor of Medicine and Director of Health Services at the Chicago Professional Colleges beginning January 1, 1959, and continuing through August 31, 1959, at an annual salary of \$13,000 on "Y" basis.

This appointment is to replace Dr. Buford Hall who is resigning as Director, but who will continue as a member of the nonsalaried faculty of the Department of Medicine.

I concur.

On motion of Mrs. Watkins, this appointment was approved.

MEMORANDUM OF UNDERSTANDING AMONG PRESIDENTS OF STATE-SUPPORTED INSTITUTIONS OF HIGHER LEARNING

(5) The presidents of the state-supported institutions of higher education in Illinois have adopted the following *Memorandum of Understanding Among the Presidents of the State-Supported Institutions of Higher Learning in Illinois* as a statement of policy of institutional cooperation.

The presidents, through the Joint Council on Higher Education of the six state-supported institutions of higher learning in Illinois, affirm their full intention to keep each other informed of plans for new programs, such as the establishment of a new department, college, or school, the inauguration of a new service, the opening of a branch; or changes in, or enlargements of, existing programs at any one of the universities that might affect any of the other universities; and to provide opportunity for timely mutual discussion of such matters. The purpose of these discussions shall be to attempt to arrive at the best application of the resources which may become available to any of the universities toward providing the most sound educational programs and service possible in the state.

More specifically, it is understood between said presidents that proposals for new legislation enlarging the scope of the authority of any of the universities or requests for appropriations for new programs at any of them shall be submitted to the others prior to the actual making of the requests. This will be done in order to have a discussion toward the end of attempting to reach a consensus as to whether such enlargements are in the public interest. It is also understood that such discussions are desirable in the interest of avoiding, in every instance reasonably possible and consistent with the important interests of each university, the necessity of public opposition on the part of any one of them to proposals of the others.

It is further understood that, failing to reach such a concurrence or consensus, each president will give the others due notice in the early stages of formulation of the position to be taken by his university with regard to such proposals, together with a statement of his reasons therefor. Furthermore, any reactions of the other institutions will be immediately conveyed to the governing boards. It is further understood that the several universities will remain alert to, and shall seek out, appropriate and practicable opportunities for cooperative programs to be operated by any two or more of them jointly.

On motion of Mr. Hughes, the Board endorsed this plan.

**SETTLEMENT OF ADDITIONAL COSTS TO CORRECT DEFICIENCIES
IN HEATING INSTALLATION IN ADDITION
TO LINCOLN AVENUE RESIDENCE**

(6) As previously reported to the Board, heating deficiencies in the addition to the Lincoln Avenue Residence have been corrected at a cost of \$68,888. Negotiations have been concluded with the architects, Naess and Murphy, Chicago, to determine the distribution of this additional cost.

Naess and Murphy have agreed that \$24,194 is their responsibility, based upon the contractor's estimate of the work due to the error in determining the unit heat loss through the walls of the building. The University has agreed that it should pay the added cost which would have resulted in any case if the original design had been adequate. The contractor's estimate of this is \$33,000.

This leaves a difference of \$11,694, which is due to a misunderstanding between the University and the architects as to the pressure in the steam distribution system at the service connection to the building. It has been impossible to ascertain the reason for this misunderstanding, but it is apparent that the architects operated in good faith on an erroneous assumption. It is concluded, therefore, that this difference should be divided equally between the architects and the University.

On this basis, Naess and Murphy would assume a cost of \$30,041 and the University would assume a cost of \$38,847. This has been reviewed by the Federal Housing and Home Finance Agency, the purchaser of the majority of the bonds for financing this building, and they have agreed to the settlement.

The Director of the Physical Plant and the Vice-President and Comptroller recommend approval of this settlement, which will be accomplished by a deduction of \$30,041 in the amount the University will pay Naess and Murphy for architectural services.

This has been submitted, with my concurrence, to the Committee on Buildings and Grounds which also recommends approval.

On motion of Mr. Johnston, this settlement was approved.

**APPROPRIATION FOR EQUIPMENT IN OFFICES
OF ADMISSIONS AND RECORDS AND BURSAR**

(7) Remodeling of the space occupied by the Bursar's Office and the Dean of Admissions and Records on the first floor of the Administration Building and expansion of the services of these offices require additional equipment to make the best use of the enlarged work areas. Funds are requested as follows for this and for replacement of present equipment. Any usable equipment replaced can be transferred to other divisions of the University:

Bursar's Office, furniture.....	\$ 9 800
Dean of Admissions and Records	
Shelving and file cabinets.....	2 095
Replacement of six typewriters and purchase of six additional typewriters (at the present time six are being rented).....	3 520
Furniture and other equipment needed in remodeled, expanded areas	9 749
<i>Total</i>	<u>\$25 164</u>

In the appropriation made by the Board for the remodeling of this area, \$8,000 can be used for the purchase of equipment. The remainder needed, \$17,164, can be found in funds collected from the United States government for certification of the grades and attendance of veterans, a service required by the government. Since the Bursar's and the Admissions Offices were concerned with this certification service, it is appropriate to use the funds from this source.

The Vice-President and Provost and the Vice-President and Comptroller recommend an assignment of \$17,164 from the funds received for certification of the records of veterans for this purpose.

I concur.

On motion of Mr. Swain, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

APPROPRIATION FOR AUTOMOBILES FOR UNIVERSITY CAR POOL

(8) The demands on the University's passenger car pool for official travel have so increased that it is frequently necessary to turn down requests. During 1957-58 there was an increase of 18 per cent in the total number of car reservations, and 538 requests could not be approved. When the University can not provide for official University travel, the staff member is reimbursed at the rate of eight cents per mile (the standard rate paid by the state of Illinois) for the use of his own car as compared with a cost of six cents per mile, which represents the University's operating expense of the car pool.

An addition of seven passenger automobiles (six station wagons and one sedan) is required to accommodate current demands. The cost of the additional equipment can not be met from the replacement fund since this was built up for the purpose of replacing present equipment. However, funds have accumulated in the Physical Plant Storeroom operation account, and \$16,000 can be released from this source for the purchase of additional cars needed.

The Vice-President and Provost, the Vice-President and Comptroller, and the Director of the Physical Plant recommend that \$16,000 in the Storeroom Reserves be assigned for the purpose of the expansion in the number of vehicles held by the car pool. Recommendations for purchase of the equipment will be submitted to the Board for approval.

I concur.

On motion of Mr. Herrick, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

APPROPRIATION FOR INSTALLATION OF DATA-PROCESSING MACHINE

(9) The Board has approved an appropriation of \$60,000 for remodeling the Engineering Research Laboratory for installation of IBM 701 equipment. It has now been determined that IBM 650 equipment will meet the University's needs just as effectively, and the rental is less. Detailed plans for the installation have been revised and completed. The estimated cost is \$81,305. Funds for the additional \$21,305 are available in the appropriation for operation of the equipment, since the delivery date has been deferred.

The Vice-President and Comptroller recommends the transfer of \$21,305 from the operating funds to the appropriation for installation of IBM equipment, and authorization to substitute IBM 650 equipment for IBM 701 equipment in the rental agreement with the International Business Machines Corporation.

I concur.

On motion of Mrs. Holt, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

REAPPROPRIATION FOR ARCHITECTURAL SERVICES FOR THE 1959-61 BUILDING PROGRAM

(10) On October 22, 1956, the Board of Trustees appropriated \$150,000 for architectural services on the 1957-59 building program so that construction could be started at the earliest possible date after appropriations for the buildings became available.

There is an unexpended balance of \$40,000 in this appropriation. The Director of the Physical Plant and the Vice-President and Comptroller recommend that this balance be appropriated for architectural services on buildings to be constructed during 1959-61 as funds become available.

I concur.

On motion of Mrs. Watkins, this reappropriation was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

ASSIGNMENT OF SITE FOR BUILDING FOR NATIONAL COUNCIL OF TEACHERS OF ENGLISH

(11) The University is presently leasing space at 704 South Sixth Street, Champaign, to the National Council of Teachers of English which established its headquarters at the University several years ago. The Council has plans to construct its own building and has requested the University to provide a site. This proposal was presented to the Committee on Buildings and Grounds at a meeting¹ held in Chicago on March 11, 1958. It was reported at that meeting that a site on University property in the block bounded by Wright Street, Springfield Avenue, Sixth Street, and Healey Street in Champaign is available and is acceptable to the Council. The Board Committee and other Trustees present at its meeting unanimously agreed that the educational value to the University and to the state of having the National Council of Teachers of English located on the campus justifies the allocation of a suitable site on University property for this new building. Accordingly, the Committee approved the proposal and also approved in principle the recommendation of the University Building Program Committee for the allocation of a site in the area described.

The Fire Training Tower occupies part of this site on Sixth Street, just back of the Vivarium Building. This area was formerly used by the Illinois Fire College but is no longer adequate for training purposes, and the Fire College has been holding its demonstrations and practice sessions elsewhere on University property. The Fire Training Tower was constructed many years ago, funds for it having been appropriated by the General Assembly of Illinois to the Illinois Firemen's Association. The Association is willing to release this space if the University will agree to join with it in sponsoring in the Seventy-first General Assembly of Illinois a bill for an appropriation from the Fire Prevention Fund to provide for acquisition of additional land for the Fire College, and if the University will assure the Association that in the event such an appropriation is not forthcoming, the University will provide other land for the Fire College for temporary use.

The Building Program Committee has approved the assignment of the space on Sixth Street to the National Council of Teachers of English and has allocated in the campus development program an area of six acres to be acquired for the Fire College.

The Vice-President and Provost and the Vice-President and Comptroller recommend (a) that the Board of Trustees authorize a commitment to the Illinois Firemen's Association that the University will join it in seeking an appropriation of funds for the facilities needed by the Fire College and that the University will, in the meantime, provide land elsewhere on the campus for the Fire College, and (b) that the Board give formal assurance to the National Council of Teachers of English that the University will provide a site in the area described on which the Council may construct its new building through a lease of the site to the Council, or a lease of the site and the building to the Council if it should be agreed that the building to be constructed becomes the property of the University, the lease in either case to be for a long term at a nominal rental and upon such other terms and conditions as may be mutually agreed upon by the Council and the University.

When negotiations with the Council have been concluded, a further recommendation will be made to the Board of Trustees for the approval of such

¹ All six members of the Committee were present at the meeting, and three of the other members of the Board were also present and participated in the discussion.

agreement or resolution as may be necessary to implement this arrangement.

I concur and recommend that the Comptroller be authorized to make the necessary commitment to the Illinois Firemen's Association and assurance to the National Council of Teachers of English in a form approved by the Legal Counsel.

On motion of Mr. Herrick, this recommendation was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

HOUSING AND HOME FINANCE AGENCY LOAN FOR CONSTRUCTION OF ILLINI UNION ADDITION

(12) The Vice-President and Comptroller has submitted an application to the Housing and Home Finance Agency for a loan of \$2,750,000 for the construction of an addition to the Illini Union Building. This represents the maximum amount which the Housing and Home Finance Agency will lend on this type of project.

The Director of the Physical Plant and Vice-President and Comptroller recommend that the action of the University in submitting this application to the Housing and Home Finance Agency be confirmed; that the firm of Chapman and Cutler of Chicago be employed as counsel for the bond issue; that bids for the construction of the project and advertisements for the sale of bonds be taken at the time or times deemed most appropriate by the Vice-President and Comptroller; that the Comptroller and the Secretary of the Board be authorized to execute a loan agreement with the Housing and Home Finance Agency; and that all other necessary steps in connection with the bond issue and the sale of bonds be authorized.

I concur.

On motion of Mr. Swain, this application was authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

HOUSING AND HOME FINANCE AGENCY LOAN FOR CONSTRUCTION OF SINGLE GRADUATE STUDENTS RESIDENCE HALL

(13) The Vice-President and Comptroller and the Director of the Physical Plant recommend that an application for a loan of \$1,350,000 be submitted to the Housing and Home Finance Agency for the construction of a residence hall for approximately three hundred single graduate students; that the firm of Chapman and Cutler be employed as counsel for the bond issue; that bids for the construction of the project and advertisements for the sale of bonds be taken at the time or times deemed most appropriate by the Vice-President and Comptroller; that the Comptroller and the Secretary of the Board be authorized to execute a loan agreement with the Housing and Home Finance Agency; and that all other necessary steps in connection with the bond issue and the sale of bonds be authorized.

Equipment for this project, estimated to cost \$150,000, will be provided from bonds to be sold publicly.

I concur.

On motion of Mr. Johnston, this application was authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of a contract for the construction of one hundred twenty apartment units for married students and staff, to be built in the area

south of Florida Avenue between Orchard Street extended and Race Street, Urbana, to Shapland Homes, Inc., Champaign, the lowest bidder, on the basis of its bid of \$914,700. They also recommend that the Board authorize the execution of a supplementary change order increasing the contract by \$20,100 to provide for additional items of work desired by the University.

Funds are available from the sale of "The Board of Trustees of the University of Illinois Housing Revenue Bonds of 1958, Series A and B."

I concur in these recommendations.

Felmley-Dickerson Company has agreed to omit or change certain items totaling \$19,450 in order to reduce the cost of the project. These will be negotiated as a change order.

Bids were also taken on bakery equipment for this building, but these installations can be deferred until additional funds are available, and it is therefore recommended that all bids on bakery equipment be rejected.

Funds are available from the sale of "The Board of Trustees of the University of Illinois Housing Revenue Bonds of 1958, Series A and B."

I concur in these recommendations.

On motion of Mr. Williamson, this recommendation was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

The work will consist of the rearrangement of partitions and general rehabilitation of the area and construction of cashiers' cages, in order to increase the efficiency of the functions carried on in the area and allow for some expansion for needed staff.

Funds for this work are available in an appropriation approved by the Board of Trustees on June 19, 1958.

LAND ACQUISITION FOR RADIO TELESCOPE PROJECT

(23) As reported to the Board of Trustees on April 17 and July 29, 1958, the University has a contract with the Office of Naval Research for \$233,000 for the construction of a radio telescope. If plans proceed as contemplated, the instrument will be the largest of its kind and will result in a very valuable addition to the research and teaching facilities of the University in an important field of science. The cost of constructing the instrument will be borne by the federal government, but the University should acquire and hold title to the land on which it will be located. The Office of Naval Research contract was negotiated with this understanding.

To reduce the cost of site preparation, it was necessary to locate a natural valley with its major axis running in a north-south direction, approximately 600 feet in length, 400 feet in width, 100 feet deep at the deepest point, and of concave shape. Because this instrument will be extremely sensitive to electrical disturbances, it is also necessary to select a site remote from this type of interference and with the proper soil characteristics. It is also essential to have a site fairly close to the University. Several possible sites were considered, and after extensive tests over a six-month period, it was determined that the site meeting the requirements and closest to the campus is approximately seven miles south of Danville.

Negotiations have been carried on with the owner, Mr. Milton W. Thompson, of Danville. Appraisals were obtained from Mr. Lewis V. Lane, a land appraiser in Vermilion County, who assigned a value of \$75 an acre to this tract. A member of the staff of the College of Agriculture who was also consulted stated that for agricultural purposes the land has an economic value of about \$50 an acre, but that at present land prices it would probably be necessary to pay about \$100. The owner initially asked \$200 an acre for the entire farm, which is more area than is required. Because of the very favorable characteristics of this site, it is the opinion of the University representatives that \$100 an acre is a fair price. The owner has now agreed to accept this price for an area comprising approximately 136.8 acres and described as follows:

The Southwest Quarter of the Southwest Quarter of Section 36, and the Northwest Quarter of the Southwest Quarter of Section 36 except approximately 1.5 acres in the northwest corner thereof presently included within a fence line and presently being a house and barn lot, and the Southeast Quarter of the Southeast Quarter of Section 35; and 9.3 acres more or less off the South side of the Northeast Quarter of the Southeast Quarter of said Section 35, being all of the land in said Northeast Quarter of the Southwest Quarter South of the fence line presently existing. All of the above described land being located in Township 19 North, Range 11 West of the 2nd P.M., in Vermilion County, Illinois, and containing approximately 136.8 acres, the exact acreage to be determined after survey.

The instrument itself will occupy about five acres, and will be located in the extreme southern portion of the above described 136.8-acre tract. To provide protection from electrical disturbances and to achieve the necessary privacy, it is desirable to acquire an additional 66.22 acres, more or less, adjacent to and immediately south of the site, described approximately as follows:

83.22 acres off the west side of the northwest fractional quarter of Section 1, and also the following described piece or parcel of land, described as follows: Beginning at the northwest corner of the southwest fractional quarter section of said Section 1, thence down the Vermilion River following the meanderings thereof 58 poles to a stone, thence in a northeasterly direction or course to a point so as to strike the north line of said Southwest Fractional Quarter of Section 1, 17 poles west of the northeast corner of said Southwest Fractional Quarter of Section 1; thence west to the place of beginning; except $4\frac{1}{4}$ acres in a triangular shape off the northeast corner of last described tract in Southwest Fractional Quarter, Section 1; all in Township 18 North, Range 11 west 2nd P.M., in Vermilion County, Illinois, containing 101.22 acres more or less, except 35 acres off the south end of the west 83.22 acres off west half of northwest fractional quarter of Section 1, Township 18 North, Range 11 west of the 2nd P.M., east of the Vermilion River, Vermilion County, Illinois, amounting to 66.22 acres more or less.

An option to purchase this second tract has been secured from Mr. and Mrs. Willard Burgoyne of Danville at a price of \$2,200, or \$33.22 an acre. The difference in price between the Thompson and the Burgoyne tracts is because the Thompson property is operated as a livestock farm, the area to be acquired being used for grazing, while the Burgoyne tract is largely wasteland.

The Head of the Department of Astronomy, the Dean of the Graduate College, and the Vice-President and Comptroller recommend the purchase of these tracts at the prices indicated, viz.: \$13,680 for the Thompson property and \$2,200 for the Burgoyne tract. Funds for this purchase have been allocated by the University Research Board.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents to acquire these tracts.

On motion of Mr. Swain, this purchase of property was authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

SALE OF HOUSING REVENUE BONDS OF 1958

(24) Bids were received on November 18, 1958, for the sale of \$3,150,000 of the Board of Trustees of the University of Illinois Housing Revenue Bonds of 1958 to finance the construction of a Central Food Stores Building, a Snack Bar and Service Building, and 120 apartment units for married students.

No bids were received from private companies for the Series B bonds in the amount of \$1,525,000 which will be sold to the Housing and Home Finance Agency at an interest cost of 3 per cent. Seven bids were received for the Series A bonds, par value \$1,625,000.

The Vice-President and Comptroller recommends that:

1. The Series A bonds in the amount of \$1,625,000 be sold to White, Weld, and Company, Chicago, and Associates at a price of \$1,590,000.10 and at an effective interest rate of 3.944 per cent which represents the lowest interest cost to the University;
2. Funds in the Housing Division reserves be advanced, if necessary, to finance construction costs until the bonds are delivered and the proceeds are available;
3. The Harris Trust and Savings Bank, Chicago, be designated as the depository for the Construction Fund Account, and that it be authorized to act as investment counsel for the purchase of government securities as temporary investment of this Fund;
4. The Loan Agreement with the Housing and Home Finance Agency, as submitted herewith, be approved.

Mr. Swain, Chairman of the Finance Committee, stated that the Committee considered this recommendation at a meeting held earlier in the day and voted to approve the same.

On motion of Mr. Swain, the sale of these bonds was authorized, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

Resolution

Be It and It Is Hereby Resolved, by this Board of Trustees of the Board of Trustees of the University of Illinois, a public corporation of the State of

Illinois, that the Director of Purchases and Comptroller of this public corporation be, and they hereby are, authorized to sign any and all documents, forms, applications, and other materials necessary to secure from the United States Treasury Department Internal Revenue Service the right to procure and use alcohol, free of tax, for instruction, experimentation, the making of medicinal extracts, ether or chloroform, and in combining pharmaceutical preparations, and for sterilization of instruments, and external applications, and for any and all other allied purposes for and in behalf of this public corporation, and that the affixing by said officers of their signatures as said officers to any such documents, forms, applications, and other materials necessary, shall be and is the act of this public corporation, and that the authority herein granted shall inure to the successors in office of the said Director of Purchases and Comptroller of this public corporation.

On motion of Mr. Swain, the foregoing resolution was adopted.

JANUARY AND FEBRUARY MEETINGS

On motion of Mrs. Watkins, the Board voted to hold its January, 1959, meeting in Urbana, Illinois, on Tuesday, January 20, 1959, at an hour and place to be determined by the President and the Secretary of the Board.

On motion of Mr. Swain, the Board voted to hold its February, 1959, meeting in Chicago, Illinois, on Thursday, February 19, 1959, at an hour and place to be determined by the President and the Secretary of the Board.

EXECUTIVE SESSION

At this point, on motion of Mr. Swain, an executive session was ordered for consideration of the following items of business.

ACQUISITION AND TRANSFER OF LAND

(25) Mr. Hartwell C. Howard of Champaign has offered to give the University of Illinois Athletic Association approximately 154 acres of land immediately south of, and adjoining, the University of Illinois Golf Course at Savoy under the following conditions:

1. That the Athletic Association shall agree to develop within four years from the date of acquiring the land a public golf course upon not less than 120 acres of the land transferred and to operate this golf course under the conditions hereinafter set forth for a period of not less than fifty years.
2. The golf course shall be operated for the use and benefit of the public generally during the normal golfing season on each Saturday, Sunday, and two other days of the week. On the other three days of the week preference may be given to the use of the course by students and faculty of the University of Illinois.
3. The daily fee for the use of said golf course shall not exceed the average of the daily fees charged by public courses in the counties of Champaign, Vermilion, Coles, and McLean, Illinois.
4. When the fifty-year period has expired, there shall be no further restriction on the use of the premise, providing, however, that the golf course may be abandoned during said period of fifty years and the land sold, if a golf course with comparable facilities and operated under the same terms and conditions provided is opened and operated by the Athletic Association.
5. The Athletic Association is authorized to sell any land in excess of the 120 acres specified for the golf course, providing that the proceeds of such sale as may be deemed necessary by the Athletic Association may be used to defray the cost of developing the golf course and the excess, if any, may be used by said Association, providing the golf course has been developed, as the Athletic Association may determine.

Mr. Howard desires to retain within this general area approximately eight acres of land which he will deed to an individual as a home site. In the opinion

of officers of the Athletic Association, an area of eight acres in the northeast corner of the present golf course would interfere the least with the development of another golf course since this area is now used as a practice fairway. Title to this property is in the University of Illinois. It is therefore proposed that the University transfer approximately eight acres of land described below to the University of Illinois Athletic Association in consideration for the air rights over the property to be acquired from Mr. Howard, and with the understanding that the Athletic Association will develop on the land it acquires from Mr. Howard an eighteen-hole golf course in use of which some preference will be given to University students and faculty as indicated above.

I concur.

Mr. Williamson reported that this proposal had been considered by the Committee on Buildings and Grounds at a meeting held earlier in the day, and that the Committee voted to recommend approval.

Mr. Williamson offered the following resolution and moved its adoption.

WHEREAS, The Board of Trustees of the University of Illinois on due consideration and investigation does now find and determine that it is advisable and necessary and in the interests of the University of Illinois and the welfare of its students and faculty to construct and equip additional buildings and related facilities and to enlarge or improve existing facilities from time to time for the purpose of housing students and staff; and

WHEREAS, In order to provide such facilities it is advantageous to the University and necessary that the University borrow money and issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1957, and all laws amendatory thereof and supplemental thereto; and

WHEREAS, For the purpose of issuing and selling said revenue bonds on the most advantageous basis, it is necessary that the same be secured by a pledge of the revenues of any and all such facilities of the University of Illinois, as hereinafter defined;

Now, Therefore, Be It Resolved by The Board of Trustees of the University of Illinois:

 THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS
 HOUSING REVENUE BOND OF 1958
 (Series.....)

Number..... \$1,000

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, a body corporate, created and existing under the laws of the State of Illinois, for value received promises to pay to bearer, but only out of the Housing Revenue Bond Fund, as hereinafter provided for, and not otherwise, the principal sum of ONE THOUSAND DOLLARS (\$1,000), on October 1, 19....., and to pay interest on said sum from the date hereof until paid at the rate of per cent (.....%) per annum, payable April 1, 1959, and semi-annually thereafter on the first days of April and October in each year until the principal amount hereof has been fully paid. Interest accruing on this bond on and prior

to the maturity date hereof shall be payable on presentation and surrender of the interest coupons hereto attached as they subsequently become due, but no interest shall accrue on this bond after the maturity hereof unless this bond shall be presented for payment and be not then paid.

Both principal hereof and interest hereon are hereby made payable in any coin or currency which, on the respective dates of payment of such principal and interest, is legal tender for the payment of debts due the United States of America, at The First National Bank of Chicago (hereinafter called "Trustee"), or its successor in trust under the Resolution hereinafter referred to, in the City of Chicago, Illinois, or at the option of the holder, at The Chase Manhattan Bank, in the Borough of Manhattan and City and State of New York.

This bond is one of an authorized issue of Dollars (\$.....) principal amount of Housing Revenue Bonds of 1958, Series, which, with the Series Bonds constitute an initial issue of Three Million One Hundred Fifty Thousand Dollars (\$3,150,000), issued and to be issued pursuant to a Bond Resolution (herein called "Resolution") of The Board of Trustees of the University of Illinois duly adopted, 1958, for the purpose of providing funds for paying the cost of constructing and equipping student and staff housing and related facilities. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto in the manner and upon the terms and conditions more fully set forth therein.

The bonds of this series are redeemable prior to maturity, as a whole or in part on October 1, 1968, or on any interest payment date thereafter in the inverse order in which they mature, at the option of The Board of Trustees of the University of Illinois at par and accrued interest to the date of redemption, and a premium as follows: Three per cent (3%) of the principal amount thereof if redeemed October 1, 1968, through April 1, 1973; Two and one-half per cent (2½%) of the principal amount thereof if redeemed October 1, 1973, through April 1, 1978; Two per cent (2%) of the principal amount thereof if redeemed October 1, 1978, through April 1, 1983; One and one-half per cent (1½%) of the principal amount thereof if redeemed on October 1, 1983, through April 1, 1988; and One per cent (1%) of the principal amount thereof if redeemed on October 1, 1988 or thereafter and prior to maturity.

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper published and of general circulation in the City of Chicago and also in a financial newspaper published and of general circulation in the Borough of Manhattan, City and State of New York, and when this bond or any of the bonds of such authorized issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption monies are available for the payment of all bonds called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1957, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Housing Revenue Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue and additional bonds which may hereafter be issued pursuant to the Resolution, (2) student tuitions authorized by law to be retained in the University treasury, but not in excess of \$115,000 annually plus such additional sums as may be specified in any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution as so supplemented, and (3) certain existing revenue producing buildings of the University after the prior payment of other indebtedness to the extent set forth in the Resolution. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board

of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Trustee in Chicago, Illinois, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer hereof.

Subject to the provisions for registration and transfer, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and The Board of Trustees of the University of Illinois, the Trustee, and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered, and the bearer of any interest coupons appertaining hereto as the absolute owner hereof for all purposes and shall not be affected by any notice to the contrary whether this bond or any coupon appertaining thereto be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66⅔%) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain

and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signature of its President and signed by two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated as of the 1st day of October, 1958.

THE BOARD OF TRUSTEES OF THE

 THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS
 HOUSING REVENUE BOND OF 1958
 (Series)

No. \$

The Board of Trustees of the University of Illinois, a body corporate, created and existing under the laws of the State of Illinois, for value received promises to pay (but only out of the Housing Revenue Bond Fund as hereinafter provided for, and not otherwise) to, or registered assigns, on October 1, 19....., the principal sum of Dollars (\$.....) and to pay interest thereon which shall be paid by check or draft mailed to the registered owner at his address as it appears on the bond registration books of the Trustee hereinafter mentioned as Bond Registrar, at the rate of per cent (.....%) per annum, payable April 1, 1959, and semi-annually thereafter on the first days of April and October in each year from the date hereof until the principal amount hereof has been fully paid.

Both principal hereof and interest hereon are made payable in any coin or currency which on the respective dates of payment of such principal and interest is legal tender for the payment of debts due the United States of America, at The First National Bank of Chicago (hereinafter called "Trustee"), or its successor in trust under the Resolution hereinafter referred to, in the City of Chicago, Illinois, or at the option of the holder at The Chase Manhattan Bank in the Borough of Manhattan and City and State of New York.

This bond is one of an authorized issue of Dollars (\$.....) principal amount of Housing Revenue Bonds of 1958, Series....., which with the Series Bonds constitute an initial issue of Three Million One Hundred Fifty Thousand Dollars (\$3,150,000), issued and to be issued pursuant to a Bond Resolution (herein called "Resolution") of The Board of Trustees of the University of Illinois duly adopted, 1958, for the purpose of providing funds for paying the cost of constructing and equipping student and staff housing and related facilities. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto in the manner and upon the terms and conditions more fully set forth therein.

The bonds of this series are redeemable prior to maturity as a whole or in part on October 1, 1968, or on any interest payment date thereafter in the inverse order in which they mature at the option of The Board of Trustees of the University of Illinois at par and accrued interest to the date of redemption and a premium as follows: Three per cent (3%) of the principal amount thereof if redeemed October 1, 1968, through April 1, 1973; Two and one-half per cent (2½%) of the principal amount thereof if redeemed October 1, 1973, through April 1, 1978; Two per cent (2%) of the principal amount thereof if redeemed October 1, 1978, through April 1, 1983; One and one-half per cent (1½%) of the principal amount thereof if redeemed on October 1, 1983, through April 1, 1988; and One per cent (1%) of the principal amount thereof if redeemed on October 1, 1988 or thereafter and prior to maturity.

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper published and of general circulation in the City of Chicago, Illinois, and also in a financial newspaper of general circulation published in the English language in the Borough of Manhattan, City and State of New York, and when this bond or any of the bonds of such authorized issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption monies are available for payment of all bonds called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1957, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Housing Revenue Bond Fund as provided in the

Resolution, which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue and additional bonds which may hereafter be issued pursuant to the Resolution, (2) student tuitions authorized by law to be retained in the University treasury, but not in excess of \$115,000 annually plus such additional sums as may be specified in any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution as so supplemented, and (3) certain existing revenue producing buildings of the University after the prior payment of other indebtedness to the extent set forth in the Resolution. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or of the State of Illinois is pledged to the payment of this bond or the interest thereon.

Subject to the provisions for registration and transfer contained herein and in the Resolution, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and shall be transferable by the registered owner at the principal office of the Trustee in the City of Chicago, Illinois, upon surrender and cancellation of this bond and thereupon a new registered bond without coupons of the same principal amount, interest rate and maturity will be issued to the transferee as provided in the Resolution, upon payment of the transfer charges therein prescribed. The Board of Trustees of the University of Illinois, the Trustee and any other person may treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment and for all other purposes and shall not be affected by any notice to the contrary whether this bond be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66 $\frac{2}{3}$ %) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons or (iv) reduce the percentage of principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such

revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signature of its President and signed by two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and this bond to be dated as of the 1st day of _____, 19_____.

SECTION 2.06. *Bonds of Additional Series.* Subject to the conditions and limitations set forth in Article Four hereof and provided that the University shall not at the time be in default under any of the terms, covenants or provisions of this Resolution, additional Bonds of equal rank with the Series A Bonds and Series B Bonds may be issued from time to time under this Resolution having such maturities, providing for the payment of such rates of interest and having

such other characteristics as shall be determined by the Board of Trustees and set forth in a resolution to be supplemental hereto; provided, however, that each issue of additional Bonds, when so issued, shall be differentiated from all previous issues by appropriate designation inscribed thereon. In authenticating any such additional Bonds permitted to be issued hereunder the Trustee shall be protected in relying on a certificate of the Comptroller or Treasurer of the Board of Trustees to the effect that the University is not in default under any of the terms, covenants or conditions of this Resolution as then amended and supplemented, that all conditions precedent to the issuance of additional Bonds have been complied with and the University is entitled to issue such additional Bonds hereunder.

SECTION 2.07. Execution and Authentication of Bonds. All of the Bonds shall be signed by the President and any two members of the Board of Trustees and shall have the seal of the University affixed thereto (or a facsimile seal or signatures as permitted by law may be imprinted, engraved or otherwise be produced thereon) and shall be attested by the Secretary of the Board of Trustees, the coupons to be attached to the Bonds shall bear the facsimile signatures of the President and Secretary of the Board of Trustees.

Only such Bonds as shall bear thereon a certificate of authentication substantially in the form hereinabove recited, executed by the Trustee shall be entitled to any right or benefit under this Resolution. Such authentication by the Trustee upon any such Bond shall be conclusive evidence and the only evidence that the Bond so authenticated has been duly issued hereunder and such authentication shall be deemed to have been duly executed if signed by an authorized officer of the Trustee but it shall not be necessary that the same officer sign the certificate of authentication on all of the Bonds that may be issued hereunder at any one time.

In case any person who shall have signed, sealed or attested any Bond issuable under this Resolution as an officer or member of the Board of Trustees, shall have ceased to be such officer or member before the Bond so signed, sealed or attested shall have been actually authenticated and delivered by the Trustee, such Bond nevertheless may be authenticated, delivered and issued as though the person who signed, sealed or attested such Bond had not ceased to be such officer or member of the Board of Trustees.

Any Bond issuable hereunder may be signed, sealed or attested on behalf of the Board of Trustees by any person who at the actual date of execution or authentication of such Bond is the proper person, although at the date of such Bond such person shall not have been an officer or member of the Board of Trustees. Before authenticating any coupon Bonds the Trustee shall cut off, cancel and cremate all matured coupons thereon unless issued in exchange for a registered Bond without coupons, in which case only such coupons as shall have matured on or prior to the last interest payment date on which interest shall have been paid on such registered Bond, shall be so cut off, cancelled and cremated. The Trustee shall deliver to the University a certificate of cremation thereof.

SECTION 2.08. Registration and Transfer of Bonds. The University shall keep at the principal office of the Trustee books for the registration and transfer of Bonds issued hereunder, which, at all reasonable times, shall be open for inspection by the holder of any Bond issued hereunder, and upon presentation for the purpose at such office, the University will register or transfer or cause to be registered or transferred therein, as hereinafter provided, and under such reasonable regulations as it may prescribe, any Bonds issued under this Resolution and entitled to be so registered or transferred. The Trustee shall act as registrar in effecting all registrations on the books kept at its office.

The holder of any coupon Bond issued hereunder may have the ownership of the principal thereof registered on said books of the University at the office of the Trustee and such registration shall be noted on the Bond. After such registration no transfer shall be valid unless made on the said books by the registered owner in person, or by his duly authorized attorney, and similarly noted on the Bond; but the same may be discharged from registration by being in like manner transferred to bearer, and thereupon transferability by delivery shall be restored; and such Bond may again, from time to time, be registered or transferred to bearer as before. Such registration, however, shall not affect the transferability of the coupons, but every such coupon shall continue to be transferable by delivery merely, and shall remain payable to bearer. Such registrations and discharges from registration shall be without expense to the holder of the Bonds.

Any registered Bond without coupons may be transferred at the office of the Trustee by surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer in form approved by the Trustee, duly executed by the registered owner of such Bond or his duly authorized attorney, and thereupon the University shall issue in the name of the transferee or transferees a new registered Bond or Bonds of like form and maturity and for a like aggregate principal sum, and the Trustee shall authenticate and deliver the same.

A registered Bond without coupons, upon request of the registered owner, may be exchanged at the office of the Trustee for several such Bonds, of like form and maturity but of lesser authorized denominations, in the same name and for a like aggregate principal sum, and several registered Bonds without coupons, in the same name, may, upon request of the registered owner, be exchanged at such office or agency for one registered Bond without coupons or several such Bonds, of like form and maturity, but of greater authorized denominations and for the same aggregate principal sum.

Whenever any coupon Bonds in aggregate principal amount equal to one or more registered Bonds without coupons of authorized denominations, with all unmatured coupons thereto attached, shall be surrendered at such office for exchange for a registered Bond or Bonds without coupons, the University shall issue, and the Trustee shall authenticate, and, in exchange for such coupon Bonds, shall deliver registered Bonds, or one registered Bond, of authorized denominations without coupons, of the same maturity and for a like aggregate principal sum.

Whenever any registered Bond without coupons shall be surrendered for cancellation, accompanied by delivery of a written instrument of transfer in a form approved by the Trustee, duly executed by the registered owner of such Bond or his duly authorized attorney, at the office of the Trustee, for exchange for coupon Bonds, the University shall issue, and the Trustee shall authenticate, and, in exchange for such registered Bond, shall deliver coupon Bonds for a like aggregate principal sum and like maturity, with coupons thereto attached representing interest from the interest payment date on which interest was last paid on such registered Bond without coupons.

As to all registered Bonds without coupons and all coupon Bonds registered as to principal, the person in whose name the same shall be registered shall be deemed and regarded as the owner thereof, for all purposes, and thereafter payment of or on account of the principal of such Bond, if it be a registered coupon Bond, and of the principal and interest, if it be a registered Bond without coupons, shall be made only to such registered owner thereof but such registration may be changed as above provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bonds to the extent of the sum or sums so paid. The University and the Trustee may deem and treat the bearer of any coupon Bond which shall not at the time be registered as to principal, and the bearer of any coupon for interest on such Bond, whether such Bond shall be registered or not, as the absolute owner of such Bond or coupon for the purpose of receiving payment thereof, and for all other purposes whatsoever, and the University and the Trustee shall not be affected by any notice to the contrary whether the Bond or coupon be overdue or not.

In every case of exchange or transfer of Bonds under this Section, the surrendered Bond or Bonds shall be presented to the Trustee for cancellation, and the Trustee shall cancel and cremate all such Bonds in coupon form together with all unmatured coupons which are not registered as to principal and deliver a certificate thereof to the University, and shall cancel all such Bonds either in fully registered form or in coupon form and registered as to principal.

Upon every such exchange of coupon Bonds for registered Bonds without coupons, or of registered Bonds without coupons for coupon Bonds or for other registered Bonds without coupons, and upon any transfer of registered Bonds without coupons, the University, except as otherwise provided in any agreement between the University and any original purchaser of Bonds, may require the payment of such charge therefor as it may deem proper, not exceeding Two dollars (\$2.00) plus the fees and expenses of the Trustee in connection therewith for each Bond issued upon such exchange, payment of which, together with any taxes or other governmental charges required to be paid with respect to such exchange or transfer, shall be made by the party requesting such exchange or transfer as a condition precedent thereto.

The University shall not be required to make exchanges or transfers of bonds

as provided in this Section 2.07 during a period of ten (10) days next preceding any interest payment date, or for the period of ten (10) days next preceding the first publication of notice of redemption of any Bond or at any time of any Bonds which have theretofore been duly called for redemption.

SECTION 2.09. *Lost, Stolen, Destroyed or Mutilated Bonds.* Upon the receipt by the University and the Trustee of evidence satisfactory to them of the loss, theft, destruction or mutilation of any outstanding Bond hereby secured, and of indemnity satisfactory to them, and upon surrender and cancellation of such Bond if mutilated, the University may execute and the Trustee may authenticate and deliver, upon the lapse of such period of time as they may deem advisable, a new Bond of like tenor and maturity bearing the same or a different serial number, to be issued in lieu of such lost, stolen, destroyed or mutilated Bond. Such new Bond may bear such endorsement as may be agreed upon by the University and by the Trustee and which at the time is necessary to conform to the requirements of any securities exchange or of any governmental body having jurisdiction. The University may require the payment of a sum not exceeding Two Dollars (\$2.00) for each new Bond issued under this Section 2.09, and of the expenses which may be incurred by the University and the fees and expenses of the Trustee in the premises. As to any such mutilated Bond surrendered under the foregoing provisions of this Section, the Trustee shall cremate as well as cancel all such Bonds in coupon form not registered as to principal and deliver a certificate thereof to the University.

ARTICLE THREE

REDEMPTION OF BONDS

SECTION 3.01. *Publication of Notice.* In case the University shall desire to exercise its right of redemption of all or any part of the Bonds, it shall publish in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois, and a financial newspaper printed in the English language and published and of general circulation in the Borough of Manhattan, in the City and State of New York, at least once in each of two (2) successive calendar weeks, the first publication in such newspaper to be not less than thirty (30) days before the date fixed for redemption, a notice to the effect that the University has elected to redeem all or some specified part of the Bonds on a date therein designated, and in every case stating that on said redemption date there will become and be due and payable upon each Bond so to be redeemed, at the office of the Trustee, the principal thereof, together with the accrued interest to such date and the applicable redemption premium, if any, and that from and after such redemption date interest thereon will cease to accrue. If less than all of the Bonds of any series are to be redeemed such notice shall set forth the denominations and serial numbers of the Bonds of such series to be redeemed. If any of the Bonds to be redeemed are registered Bonds without coupons, or coupon Bonds registered as to principal, similar notice shall be sent by the University by registered or certified mail, postage prepaid, at least thirty (30) days prior to such redemption date, to the persons respectively who shall appear by the transfer register of the University to be the registered owners of such Bonds, at their addresses as the same shall appear, if at all, upon the transfer register of the University at the office of the Trustee, but such mailing shall not be a condition precedent to such redemption and failure so to mail any notice shall not affect the validity of the proceedings for the redemption of such Bonds.

In case of redemption of Bonds through the operation of any sinking fund, Bonds shall be selected for redemption and such redemption shall be made upon publication and/or mailing of notice in the manner and with the effect provided in this Article, except that such publication and/or mailing shall be made in the name of the Trustee (unless in any such case of redemption of Bonds through the operation of any sinking fund the University shall, itself, have published and/or mailed such notice in its own name prior to the time of deposit with the Trustee of the sinking fund moneys being applied to redemption, the right so to publish and/or mail such notice being hereby expressly granted and reserved to the University, subject to the supplying by the University to the Trustee of proof satisfactory to it of such publication and/or mailing).

In case of any registered Bonds without coupons which are to be redeemed in part only, said notice shall specify the respective portions of the principal amounts thereof to be redeemed (which shall be \$1,000 or any multiple thereof) and shall

state that payment of the redemption price shall be made only upon presentation of such Bonds (a) for the notation thereon of such payment on account of principal, or (b) for surrender in exchange for a coupon Bond or Bonds or a registered Bond or Bonds without coupons (as the holder may elect) of authorized denominations in aggregate principal amount equal to the unpaid portion of the principal amount thereof; and in such case, if coupon bonds or registered Bonds without coupons are so to be delivered in exchange, the University shall execute and the Trustee shall authenticate and deliver to or upon the written order of the registered owner of any Bonds, a portion only of which is to be redeemed, and at the expense of the University, a new Bond or Bonds for the principal amount of the surrendered Bond, less the principal amount thereof paid on surrender.

In the event of the payment of a portion of the principal amount of any fully registered Bond registered in the name of any original purchaser in whose name Bonds of that series were first registered and named in a written order of an Authorized Officer filed with the Trustee and stating that the provisions of this paragraph shall be applicable thereto, the Trustee shall make payment to such Bond holder without requiring presentation of such Bond and, in lieu of noting such payment thereon or of authenticating and delivering a new Bond or Bonds of an aggregate principal amount equal to the unredeemed portion of the principal amount of such Bond, the Trustee shall, in its letter transmitting payment to such Bond holder, instruct such holder or his authorized agent to endorse such payment on such Bond and a written representation from such holder to the Trustee that such payment has been so endorsed shall be conclusive evidence of such endorsement and payment.

SECTION 3.02. *Pro Rata Redemption Among Series.* In any case of the redemption at the option of the University of less than all of the outstanding Bonds then subject to redemption, no Bonds of any series may be redeemed unless the same proportion of the outstanding Bonds of each other series then subject to redemption are redeemed at the same time; provided, however, that in any case of the redemption of all of the outstanding Bonds of any one or more series, as a result of or in anticipation of the refunding or refinancing of one or more such series by the application of funds derived from other borrowings or the issuance of additional Bonds hereunder, no Bonds of any other series need be redeemed unless so required in the resolution supplemental hereto, creating or authorizing any additional series of Bonds. Nothing in this section shall be deemed to restrict the redemption by the University of a portion of the Bonds of any series out of surplus funds remaining in a Construction Fund Account held for the account of Bonds of such series in any case where the University is required or permitted to redeem such Bonds out of such surplus funds.

SECTION 3.03. *Selection of Bonds for Redemption.* In any case of redemption of less than all the outstanding Bonds of a single series and maturity, the Bonds to be redeemed shall be selected by the Trustee by lot except as herein otherwise expressly provided. In each such instance the University shall, at least ten (10) days before the date upon which the first publication of the notice of redemption hereinbefore mentioned is required to be made, notify the Trustee in writing of such election and of the aggregate principal amount of Bonds to be redeemed, and thereupon the Trustee shall draw by lot, from the outstanding Bonds, in any manner deemed by it proper, the Bonds to be redeemed, and shall notify the University in writing of the numbers of the bonds so drawn. In any such selection by lot each Bond of a denomination in excess of \$1,000 shall be given a separate number for each \$1,000 of the principal amount thereof.

SECTION 3.04. *Deposit of Funds for Redemption.* On or before the redemption date specified in the notice above provided for, the University shall, and it hereby covenants that it will, deposit with the Trustee an amount of cash sufficient to effect the redemption of the Bonds specified in such notice, or cause the Trustee to apply to such purpose moneys theretofore deposited with the Trustee under the provisions hereof and properly available for such purpose. All moneys deposited by the University with the Trustee, or set apart by the Trustee, under the provisions of this Article Three, for the redemption of Bonds, shall be held for account of the holders thereof and shall be paid to them respectively upon presentation and surrender of said Bonds accompanied by all interest coupons maturing on and after the date fixed for redemption thereof; provided, however, if any such

Bonds shall be registered the same shall be endorsed in blank for transfer if the Trustee shall so require.

SECTION 3.05. *Effect of Redemption.* From and after the date of redemption designated in such notice (such notice having been given as aforesaid and such deposit having been made or moneys set apart as aforesaid), no further interest shall accrue upon any of the Bonds so to be redeemed (or, in the case of registered Bonds without coupons, where only a portion of the principal amount is to be redeemed, on such portion thereof); and any coupons for interest pertaining to any such Bonds and maturing after such date shall be void, and all such Bonds, in so far as such deposit shall have been made or moneys set apart as aforesaid, and all such coupons shall cease to be entitled to the benefit of this Resolution, and the University shall be under no further liability in respect thereof so long as such moneys remain on deposit and no interest shall accrue thereon on and after such redemption date.

SECTION 3.06. *Cancellation and Cremation.* All registered Bonds so redeemed shall forthwith be cancelled and delivered to the University by the Trustee, and in case of coupon Bonds not registered as to principal, shall be cremated by the Trustee which shall deliver a certificate thereof to the University.

ARTICLE FOUR

ISSUANCE OF BONDS

SECTION 4.01. *Issuance of Series A Bonds and Series B Bonds.* Series A Bonds in the principal amount of One Million Six Hundred Twenty-Five Thousand Dollars (\$1,625,000) and Series B Bonds in the principal amount of One Million Five Hundred Twenty-Five Thousand Dollars (\$1,525,000) shall be executed on behalf of the Board of Trustees and shall be authenticated by the Trustee and delivered to or upon the written order of the Comptroller.

SECTION 4.02. *Issuance of Additional Bonds.* Subject to the conditions and limitations hereinafter set forth and provided the University shall not at the time be in default under any of the terms, covenants or provisions of this Resolution, additional Bonds of equal rank with the Series A Bonds and Series B Bonds may be issued from time to time under the terms of this Resolution having such maturities, providing for the payment of such rates of interest and having such other characteristics as shall be determined by the Board of Trustees and set forth in a resolution to be supplemental hereto; *provided* such additional Bonds shall be issued only for one or more of the following purposes: paying the cost of constructing, equipping, completing, acquiring, enlarging or improving student residence halls, dining facilities, apartments, staff housing facilities and related facilities or to refund or refinance any or all Bonds issued hereunder and/or any or all of the obligations of the University referred to in Section 5.01 hereof, and; *provided further*, that the following conditions precedent are complied with at, or prior to the time, of the issuance of such additional Bonds:

A. The Board of Trustees shall adopt a resolution supplemental hereto, setting forth the form of such additional Bonds and the terms and conditions applicable thereto;

B. The Net Income Available for Debt Service shall be equal to or greater than one and thirty-five hundredths (1.35) times the maximum amount to become due in any succeeding fiscal year for the payment of principal of and interest on the Bonds then outstanding hereunder and the Bonds then to be issued, less any Bonds which are to be redeemed or retired with the proceeds of such additional Bonds or concurrently with the issuance thereof; and

C. Concurrently with or prior to the execution, authentication and delivery of any such additional Bonds the University shall file with the Trustee the following:

(1) A written direction for authentication signed by the Comptroller of the Board of Trustees;

(2) A certified copy of a resolution of the Board of Trustees supplemental hereto, setting forth the form of such additional Bonds and the terms and conditions applicable thereto;

(3) A certificate pursuant to Section 2.06 of the Comptroller or Treasurer of the Board of Trustees stating that the University is not at the time in default under any of the terms, covenants or provisions of

this Resolution as then supplemented, that all conditions precedent to the issuance of additional Bonds have been complied with and the University is entitled to issue such additional Bonds;

(4) A certificate prepared and certified by the Comptroller of the University, together with a certificate of an independent public accountant or firm of independent public accountants (which accountant's certificate may state that it is made in reliance on information supplied by the University, that they have made no independent examination of the books and records of the University in connection therewith, but that they know of no reason why such information is incorrect) setting forth in detail the computation of Net Income Available for Debt Service and demonstrating that it is equal to or greater than the amount required in subsection B above;

(5) An opinion of University Counsel to the effect that the University or the State of Illinois has, or will have, indefeasible title in fee simple and a valid and existing right to the use and occupancy of the proposed site and the right to construct, operate and manage the facilities thereon and that such site is not, or will not be, subject to any existing lien or other charge, and

(6) An opinion of Bond Counsel to the effect that such additional Bonds when executed, authenticated and delivered by the Trustee and issued by the Board of Trustees, will be valid and binding obligations of the Board of Trustees and will be secured by this Resolution as then supplemented, equal and pro rata with all other Bonds at the time outstanding.

- (4) the operation of the Student-Staff Apartments (1st Unit) when conveyed to the Board of Trustees pursuant to the existing agreement with the University of Illinois Foundation;

and such revenues shall be deposited as collected in a general banking account of the University to the credit of a special fund which is hereby created and designated as the "Housing Revenue Bond Fund" said account to be maintained in a bank which is a member of the Federal Deposit Insurance Corporation and the Board of Trustees covenants that all revenues, income, receipts, profits, rates, rents or charges derived from the operation of such facilities shall be so credited within three working days after receipt in the Housing Revenue Bond Fund and shall be used as provided in Section 5.02 hereof.

SECTION 5.02. *Disposition of Housing Revenue Bond Fund.* That the funds in the Housing Revenue Bond Fund shall be used in the manner and in the order hereinafter mentioned:

- (a) All current operating expenses shall first be paid from the Housing Revenue Bond Fund.

(b) A Bond and Interest Sinking Fund is hereby established with the Trustee to be held in trust for the benefit of the Bonds and the holders thereof by the Trustee and the University shall deposit in said Bond and Interest Sinking Fund a sum equal to sixty-seven and one-half per cent (67½%) of the debt service requirements for the then current fiscal year semi-annually, within sixty (60) days following June 30 and December 31 of each year, to be paid from the Housing Revenue Bond Fund, until such time as such funds and investments (valued at the lower of cost or market), and the income and profits realized from any investments thereof are at least equal to the debt service requirements on all then outstanding Bonds for the then current fiscal year plus a debt service reserve in an amount equal to two hundred per cent (200%) of the annual amount to become due in the succeeding fiscal year for the payment of principal of and interest on all Bonds then outstanding and thereafter in a like manner such sums semi-annually as may be necessary to meet the then current fiscal year's debt service and to maintain the aforesaid debt service reserve. For the purpose of this paragraph interest accruing prior to the completion date of any facilities for the account of which Bonds shall have been issued, shall not be deemed to be a debt service requirement on such Bonds.

After setting aside funds for the payment of Bonds which have matured and for past due interest or interest coupons and for principal, accrued interest and premium, if any, on Bonds called for redemption but not paid, funds of the Bond and Interest Sinking Fund in excess of the principal and interest requirements for the next succeeding twelve (12) months may be invested by the Trustee from time to time by written order of the Comptroller in United States Government securities maturing not more than five (5) years from date of purchase. Funds held for interest and principal payments during the next succeeding twelve (12) months (excluding funds held for the payment of Bonds which have matured and for past due interest or interest coupons and for principal, accrued interest and premium, if any, on Bonds called for redemption but not paid) may be invested by the Trustee from time to time by written order of the Comptroller in United States Government securities maturing not later than ten (10) days prior to the next interest payment date.

(c) Reserves for the replacement of equipment and expenditures for minor capital additions to the facilities may, at the option of the University, be made after setting aside all funds required under paragraphs (a) and (b) above.

(d) All funds remaining in said Housing Revenue Bond Fund in any fiscal year after the full debt service reserve prescribed in subsection (b) of this Section has been provided for and after all provisions in subsections (a), (b) and (c) of this section have been met and all deficiencies have been made up, shall be deemed surplus moneys and shall be used for any of the following purposes: (1) for calling and redeeming the outstanding Bonds, which by their terms are redeemable prior to maturity; (2) for purchasing Bonds in the open market, with all unmaturing interest coupons thereto attached at the lowest prices reasonably attainable, but not exceeding the amount at which such Bonds at the time are redeemable; (3) for investment by the Comptroller in United States Government securities until such time as funds are needed for other purposes; (4) for unusual or extraordinary repairs, replacements or improvements to the facilities, for which no funds can be properly provided in subsection (a) hereinabove; and (5) for any lawful purpose as the Board of Trustees may direct.

SECTION 5.03. *Supplementation of Revenues.* It is hereby determined by the Board of Trustees, and it is hereby covenanted that it is necessary to supplement revenues to be derived from the facilities, referred to in this Resolution, by the use of student tuitions which are authorized by law to be retained in the Treasury of the University, and it is hereby further covenanted that if at the close of any fiscal year there is a deficiency in the Housing Revenue Bond Fund to provide for operating expenses of the facilities and/or making the deposits in the Bond and Interest Sinking Fund provided for in Section 5.02 of this Resolution in the required amounts, the Board of Trustees shall within sixty (60) days after the close of the fiscal year deposit to the credit of the said Housing Revenue Bond Fund out of student tuitions, a sum sufficient to make up such deficiency in order to meet the annual debt service required on the Bonds, the annual cost of mainte-

nance and operation of the facilities, and provide for all the accounts and covenants provided for by this Resolution or any resolution supplemental hereto, but such amount shall not, however, exceed in any one fiscal year the lesser of (a) an amount which when added to the revenues to be derived from the facilities will be sufficient to meet the annual operating expenses of the facilities and to provide for the payments required to be made into the Bond and Interest Sinking Fund established for the benefit of the Bonds in subsection (b) of Section 5.02 hereof or (b) \$115,000, plus such additional sums as may be specified in any resolution supplemental hereto creating or authorizing the issuance of additional Bonds.

When received, the part of the purchase price of Bonds representing the interest accrued on Bonds to the date of payment of such purchase price shall be deposited with the Trustee in the Bond and Interest Sinking Fund, together with such portion of the proceeds of the Bonds as is determined by the Board of Trustees to be necessary to so set apart representing interest and principal, if any, to become due on such Bonds prior to the time the facilities for the account of which such Bonds have been issued become revenue producing and funds become available therefrom. The moneys in each Construction Fund Account shall be applied only toward the cost of construction in the manner and subject to the terms provided in any contract or agreement between the Board of Trustees and any purchaser of Bonds or as may be provided by a resolution supplemental hereto and relating to each separate series of Bonds to be issued hereunder, but in such a manner as to assure completion of the project or improvement for the account of which such Bonds were issued free and clear of mechanic's liens and substantially in accordance with the plans and specifications therefor.

SECTION 6.03. *Disposition of Surplus Funds.* After completion of each construction or improvement project, the Comptroller of the University shall execute a certificate to the effect that said project has been fully completed according to the plans and specifications and the same filed in the office of the Secretary of the Board of Trustees. Subject to the terms and provisions of any contract or agreement between the Board of Trustees and any original purchaser of Bonds and relating to any separate series of Bonds to be issued hereunder, if there be funds remaining in a Construction Fund Account at the time of the filing of such certificate with the Secretary, said funds shall be withdrawn by the Comptroller and deposited with the Trustee in the Bond and Interest Sinking Fund. Any contract or agreement between the Board of Trustees and any original purchaser of Bonds may provide that any funds remaining in a Construction Fund Account established for the account of any series of Bonds being acquired by such purchaser be applied to (i) the redemption of such Bonds or other Bonds then subject to redemption, (ii) the purchase of Bonds on the open market, or (iii) the construction of additional facilities by the transfer of such funds to another Construction Fund Account.

SECTION 8.01. *Conditions Under Which Facilities May Be Abandoned.* Anything in this Resolution to the contrary notwithstanding, the University may at any time and from time to time permanently abandon the use of any of its facilities if the University determines that the facility to be abandoned is to be replaced by another facility which is estimated to produce net income (after making provision for any debt service or obligations, if any, issued to finance such replacement facility) equal to or greater than the facility to be abandoned and the net income of such replacement facility will be pledged and applied as herein provided in the case of the facilities constituting Project A.

In addition the University may at any time, after the final maturity of any series of Bonds or any other obligation initially issued to provide funds for the original construction of a particular facility, permanently abandon the use of any such facility upon a determination by the Board of Trustees that age or physical condition of the facility proposed to be abandoned does not permit the economical operation thereof; provided the Net Income Available for Debt Service after giving effect to such abandonment will be equal to or greater than one and thirty-five one hundredths (1.35) times the maximum annual amount to become due in any succeeding fiscal year for the payment of principal of and interest on the Bonds then outstanding hereunder.

ARTICLE NINE

CONCERNING THE TRUSTEE, PAYING AGENT AND BOND REGISTRAR

SECTION 9.01. *Trustee, Paying Agent, Bond Registrar, Appointment and Acceptance of Duties.* The First National Bank of Chicago, a national banking association, is hereby appointed Trustee, Paying Agent and Bond Registrar. The Trustee shall signify its acceptance of the duties and obligations imposed upon it by this Resolution as Trustee, Paying Agent and Bond Registrar, by executing the Certificate of Authentication endorsed upon the Bonds, and, by executing such certificate upon any Bond the Trustee shall be deemed to have accepted such duties and obligations not only with respect to the Bond so authenticated, but with respect to all Bonds thereafter to be issued which the Trustee shall authenticate, upon

the terms and conditions set forth in this Resolution. The Trustee shall also signify its acceptance of the duties and obligations imposed upon it by this Resolution by executing and delivering to the University a written acceptance thereof. In addition to the Trustee, the University may appoint one or more banks or trust companies located within or without the State of Illinois as additional paying agent or paying agents for any one or more series of Bonds by designating such additional paying agent or agents in the form of the Bond of such series.

SECTION 9.02. *Responsibilities of Trustee.* The recitals, statements and representations contained herein and in the Bonds and coupons (exclusive of the Trustee's certificate on the Bonds) shall be taken as the recitals, statements and representations of the University and the Trustee assumes no responsibility and shall not be liable for the correctness of the same. The Trustee makes no representations as to the validity or sufficiency of this Resolution or of any resolution supplemental hereto directing the issuance of any Bonds hereunder, or of any Bonds or coupons issued thereunder or in respect of the security afforded by this Resolution, and shall not incur any responsibility in respect thereof. The Trustee shall be under no responsibility or duty with respect to the issuance of the Bonds for value or the application of the proceeds thereof or the application of any moneys paid to the University. Unless or until the happening of an event of default the Trustee shall not be responsible for the enforcement of the pledge of the receipts or the application of the revenues to pay the Bonds.

The Trustee shall be under no obligation or duty to perform any act which would involve it in expense or liability or to institute or defend any suit in respect hereof, or to advance any of its own moneys, unless indemnified to its reasonable satisfaction. The Trustee shall not be liable in connection with the performance of its duties hereunder except for its own negligence or default.

The Trustee shall be under no duty to make any investigation or inquiry regarding defaults, and may conclusively assume that there has been no default by the University in any of the matters or things to be done or performed by it, unless the Trustee is notified in writing by the holders of twenty per cent (20%) in principal amount of all Bonds then outstanding, specifying the default or act that should be performed.

Except as herein otherwise provided all funds held by the Trustee under any of the provisions of this Resolution shall be carried by the Trustee upon the books of its corporate trust department in a separate account or accounts as trust funds, and shall not be deposited in its banking department or used in the conduct of its business unless it shall first set aside in its trust department direct obligations of or obligations the principal and interest of which are guaranteed by the United States Government in an aggregate principal amount corresponding to the amount of funds so used or deposited.

SECTION 9.03. *Evidence on Which Trustee May Act.* The Trustee shall be protected in acting upon any notice, resolution, request, consent, order, certificate, estimate, report, opinion, bond or other paper or document believed by it to be genuine, and to have been signed or presented by the proper party or parties. It may consult with counsel, who may or may not be of counsel to the University, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by it under this Resolution in good faith and in accordance therewith.

Whenever the Trustee shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action under this Resolution, such matter (unless other evidence in respect thereof be therein specifically prescribed) may be deemed to be conclusively proved and established by a certificate of an Authorized Officer of the University and such certificates shall be full warrant for any action taken or suffered in good faith under the provisions of this Resolution upon the faith of such certificate but in its discretion the Trustee may in lieu thereof accept other evidence of such fact or matter or may require such further or additional evidence as it may deem reasonable.

Except as otherwise expressly provided in this Resolution, any request, order, notice or other direction required or permitted to be furnished pursuant to any provision hereof by the University to the Trustee shall be sufficiently executed if executed in the name of the University by an Authorized Officer.

SECTION 9.04. *Compensation.* The University shall pay to the Trustee from time to time reasonable compensation for all services rendered under this Resolu-

tion, and also all reasonable expenses, charges, counsel fees and other disbursements, including those of its attorneys, agents, and employees, incurred in and about the performance of their powers and duties under this Resolution and the Trustee shall have a lien therefor on any and all funds at any time held by it under this Resolution. The University further agrees to indemnify and save the Trustee harmless against any liabilities which it may incur in the exercise and performance of its powers and duties hereunder, and which are not due to its negligence or default.

SECTION 9.05. *Certain Permitted Acts.* The Trustee may become the owner of any Bonds and coupons or act as depositary for or loan money to the University or the State of Illinois or any agency or department thereof, or otherwise deal therewith in each case with the same rights it would have if it were not Trustee hereunder. To the extent permitted by law, the Trustee may act as depositary for, and permit any of its officers or directors to act as a member of, or in any other capacity with respect to, any committee formed to protect the rights of Bond holders or to effect or aid in any reorganization growing out of the enforcement of the Bonds or this Resolution, whether or not any such committee shall represent the holders of a majority in principal amount of the Bonds then outstanding.

SECTION 9.06. *Resignation of Trustee.* The Trustee may at any time resign and be discharged of the duties and obligations created by this Resolution by giving not less than sixty (60) days' written notice to the University and publishing notice thereof, specifying the date when such resignation shall take effect, once in each week for two successive calendar weeks in one daily newspaper published in the English language and of general circulation in the City of Chicago, Illinois, and in a financial newspaper published in the English language and of general circulation in the Borough of Manhattan, City and State of New York, and such resignation shall take effect upon the day specified in such notice unless previously a successor shall have been appointed by the University or the Bond holders as provided in Section 9.08, in which event such resignation shall take effect immediately on the appointment of such successor.

SECTION 9.07. *Removal of Trustee.* The Trustee may be removed at any time by an instrument or concurrent instruments in writing, filed with the Trustee and signed by the holders of a majority in principal amount of the Bonds then outstanding or their attorneys-in-fact duly authorized, excluding any Bonds held by or for the account of the University.

SECTION 9.08. *Appointment of Successor Trustee.* In case at any time the Trustee shall resign or shall be removed or shall become incapable of acting, or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator of the Trustee, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee, or of its property or affairs, a successor may be appointed by the holders of a majority in principal amount of the Bonds then outstanding, excluding any Bonds held by or for the account of the University, by an instrument or concurrent instruments in writing signed and acknowledged by such Bond holders or by their attorneys-in-fact duly authorized and delivered to such successor Trustee, notification thereof being given to the University and the predecessor Trustee; provided, nevertheless, that unless a successor Trustee shall have been appointed by the Bond holders as aforesaid, the University by a duly executed written instrument signed by an Authorized Officer of the University shall forthwith appoint a Trustee to fill such vacancy until a successor Trustee shall be appointed by the Bond holders as authorized in this Section 9.08. The University shall publish notice of any such appointment made by it once in each week for two consecutive calendar weeks, in one daily newspaper published in the English language and of general circulation in the City of Chicago, Illinois, and in a financial newspaper published in the English language and of general circulation in the Borough of Manhattan, City and State of New York, the first publication to be made within twenty (20) days after such appointment. Any successor Trustee appointed by the University shall, immediately and without further act, be superseded by a Trustee appointed by the Bond holders.

If in a proper case no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within forty-five (45) days after the Trustee shall have given to the University written notice as provided in Section 9.06 or after a vacancy in the office of the Trustee shall have occurred by reason of removal or its inability to act, the Trustee or the holder of any Bond

may apply to any court of competent jurisdiction to appoint a successor Trustee. Said court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

Any Trustee appointed under the provisions of this Section 9.08 in succession to the Trustee shall be a bank or trust company organized under the laws of the State of Illinois or a national banking association, doing business and having its principal office in the City of Chicago, Illinois, and having a capital and surplus aggregating at least One Million Dollars (\$1,000,000), if there be such a bank or trust company or national banking association willing and able to accept the office on reasonable and customary terms and authorized by law to perform all the duties imposed on it by this Resolution.

SECTION 9.09. *Transfer of Rights and Property to Successor Trustee.* Any successor Trustee appointed under this Resolution shall execute, acknowledge and deliver to its predecessor Trustee, and also to the University, an instrument accepting such appointment, and thereupon such successor Trustee, without any further act, deed or conveyance, shall become fully vested with all moneys, estates, properties, rights, powers, duties and obligations of such predecessor Trustee, with like effect as if originally named as Trustee, and the predecessor Trustee shall promptly furnish to the successor Trustee on request therefor, or on such request permit the successor Trustee to secure from the records of the predecessor Trustee such information as may be required by the successor Trustee to perform its duties and obligations as such successor, and shall deliver to the successor Trustee instruments then in its possession for the inspection of the holders of Bonds; but the Trustee ceasing to act shall nevertheless, on the written request of the University, or of the successor Trustee, execute, acknowledge and deliver such instruments of conveyance and further assurance and do such other things as may reasonably be required for more fully and certainly vesting and confirming in such successor Trustee all the right, title and interest of the predecessor Trustee in and to any property held by it (if any) under this Resolution, and shall pay over, assign and deliver to the successor Trustee any money or other property subject to the trusts and conditions herein set forth, including all records and books of registry.

SECTION 9.10. *Merger or Consolidation.* Any company into which any Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which any Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a bank or trust company organized under the laws of the State of Illinois or a national banking association and shall have an office for the transaction of its business in the City of Chicago and State of Illinois, and shall be authorized by law to perform all the duties imposed upon it by this Resolution, shall be the successor to such Trustee without the execution or filing of any paper or the performance of any further act.

SECTION 9.11. *Adoption of Authentication.* In case any of the Bonds contemplated to be issued under this Resolution shall have been authenticated but not delivered, any successor Trustee may adopt the Certificate of Authentication of any predecessor Trustee so authenticating such Bonds and deliver such Bonds so authenticated; and in case any of the said Bonds shall not have been authenticated, any successor Trustee may authenticate such Bonds in the name of the predecessor Trustee, or in the name of the successor Trustee, and in all such cases such certificate shall have the full force which it is anywhere in said Bonds or in this Resolution provided that the certificate of the Trustee shall have.

ARTICLE TEN

EVENTS OF DEFAULT

SECTION 10.01. *Events of Default.* The University shall be in default herein if one or more of the following events (herein called "events of default") shall happen, to-wit:

- (a) Failure to make due and punctual payment of the principal of or any redemption premium on any Bond when and as the same shall become due and payable;

If an event of default shall happen and be continuing, then and in each and every such case the holders of not less than a majority in aggregate principal amount of the Bonds at the time outstanding shall be entitled, upon notice in writing to the University and to the Trustee, to declare the principal of all of the Bonds then outstanding hereunder and the interest accrued thereon to be due and payable immediately, and upon any such declaration the same shall become and shall be immediately due and payable, anything in this Resolution or in the Bonds contained to the contrary notwithstanding.

All of the revenues of the facilities including all sums in the Housing Revenue Bond Fund upon the date of the happening of any event of default and all sums thereafter received by the Trustee hereunder, shall be applied by the Trustee in the order following upon presentation of the several Bonds and coupons, and the stamping thereon of the payment if only partially paid, or upon the surrender thereof if fully paid:

First, to the payment of the costs and expenses of the holders of the Bonds in declaring such event of default, including reasonable compensation to their agents, attorneys and counsel, and to the payment of all compensation, claims and expenses of the Trustee in carrying out the provisions of this Section 10.01 and all other services performed under this Resolution including reasonable compensation to its agents, attorneys and counsel;

Second, in case the principal of the Bonds shall not have become due and shall not then be due and payable, to the payment of the interest in default in the order of the maturity of the installments of such interest, with interest on the overdue installments at the rate now or hereafter provided by law, such payments to be made ratably to the persons entitled thereto without preference or priority;

Third, in case the principal of the Bonds shall have become due and shall be then due and payable, to the payment of the whole amount then owing and unpaid upon the Bonds for principal and interest, with interest on the overdue principal at the rate or rates of interest specified in the Bonds and on installments of interest at the rate now or hereafter provided by law, and in case such moneys shall be insufficient to pay in full the whole amount so owing and unpaid upon the Bonds, then to the payment of such principal and interest without preference or priority of principal over interest, or of interest over principal, or of any installment of interest over any other installment of interest, ratably to the aggregate of such principal and interest.

SECTION 10.02. *Rights of Holders of Bonds Upon Default.* Subject to any contractual limitations binding upon the holders of any of the Bonds (including the provisions of Section 10.03 hereof and any other limitations herein upon the exercise of any remedy to holders holding a specific proportion or percentage of the Bonds), any holder of Bonds shall have the right, for the equal benefit and protection of all holders of Bonds similarly situated:

(a) By suit at law or proceedings in equity to compel observance by the University or by any of its officers, agents, and employees of any contract or covenant made by the University with the holders of Bonds and coupons as provided in this Resolution, and to compel the University and any of its officers, agents and employees, to perform any duties required to be performed for the benefit of the holders of the Bonds or coupons as provided by this

Resolution, and to enjoin the University and any of its officers, agents or employees from taking any action in conflict with any contract or covenant with the holders of the Bonds and coupons as provided by this Resolution;

(b) By action or suit in equity to require the University to account as if it were the trustee of an express trust; or

(c) By action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the holders of Bonds.

No remedy conferred hereby upon the Trustee or any holder of Bonds is intended to be exclusive of any other remedy, but each such remedy is cumulative and in addition to every other remedy and may be exercised without exhausting and without regard to any other remedy conferred hereby. No waiver of any default or breach of duty or contract by the holder of any Bond shall extend to or shall affect any subsequent default or breach of duty or contract or shall impair any rights or remedies thereon. No delay or omission of the Trustee or the holder of any Bond to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein. Every substantive right and every remedy conferred upon the holders of Bonds may be enforced and exercised from time to time and as often as may be deemed expedient. In case any suit, action or proceeding to enforce any right or exercise any remedy shall be brought or taken and then discontinued or abandoned, or shall be determined adversely to the holders of Bonds, then, and in every such case, the University and the holders of Bonds shall be restored to their former positions and rights and remedies as if no such suit, action or proceeding had been brought or taken.

SECTION 10.03. Trustee to Act as Trustee for Bond Holders. The Trustee appointed hereunder (and the successive respective holders of the Bonds and interest coupons, by taking and holding the same, shall be conclusively deemed to have so appointed the Trustee) shall act as Trustee to represent the Bond holders in the matter of exercising and prosecuting on their behalf such rights and remedies as may be available to such holders under the provisions of the Bonds and this Resolution. Upon any default or other occasion giving rise to a right in such Trustee to represent the Bond holders, such Trustee may, but need not, take such action on behalf of the Bond holders as may seem appropriate to it and, upon the request in writing of the holders of twenty per cent (20%) in principal amount of all the Bonds then outstanding, which request shall specify such default or occasion and the action to be taken by the Trustee, and upon being furnished with indemnity satisfactory to it, such Trustee shall take such action on behalf of the Bond holders as may have been so requested; subject however to the provisions of Section 10.01 requiring not less than a majority in aggregate principal amount of the Bonds at the time outstanding to declare the principal of all Bonds then outstanding hereunder and the interest accrued thereon to be due and payable.

Except as in this Section 10.03 provided, no holder of any Bond or of any interest coupon pertaining to any coupon Bond shall have any right by virtue or by availing of any provision of this Resolution or provisions of applicable law to institute any suit, action or proceeding, at law or in equity, for the appointment of any trustee in bankruptcy, receiver, liquidator or custodian of the revenues and other funds pledged or held hereunder, unless such holder shall previously have given to the Trustee written notice of an existing default, and unless, also, there shall have been tendered to the Trustee security and indemnity satisfactory to it against all costs, expenses and liabilities which might be incurred in or by reason of such action, suit or proceeding, and unless, also, the holders of twenty per cent (20%) in aggregate principal amount of all the Bonds then outstanding shall have requested the Trustee in writing to take action with respect to such default and the Trustee shall have declined to take such action or failed so to do within thirty (30) days thereafter; it being intended that no one or more holders of Bonds or interest coupons shall have any right in any manner to institute or prosecute any action, suit or proceeding for the appointment of a trustee in bankruptcy, receiver, liquidator or custodian of the revenues and other funds pledged or held hereunder, except in the manner herein provided, and for the equal proportionate benefit of all holders of outstanding Bonds and interest coupons; provided that nothing contained in this Resolution or in the Bonds shall affect or impair the obligation to pay the principal of, premium (if any) and the

interest on the Bonds as in this Resolution provided, or shall affect or impair the right of action, which is absolute and unconditional, of the holders of the Bonds otherwise to enforce payment thereof by virtue of the contract embodied in the Bonds and in this Resolution or applicable statutes and provisions of law, or to enforce any of the covenants or provisions in the Bonds, this Resolution, or applicable statutes or provisions of law, except as hereinabove provided with respect to suits, actions or proceedings for the appointment of any trustee in bankruptcy, receiver, liquidator or custodian of the revenues and other funds pledged or held hereunder.

SECTION 10.04. *Trustee Constituted Attorney-in-Fact for Bondholders.* The Trustee is hereby appointed (and the successive respective holders of the Bonds and interest coupons issued hereunder, by taking and holding the same, shall be conclusively deemed to have so appointed it) the true and lawful attorney-in-fact of the respective holders of the Bonds and interest coupons, with authority to make or file, irrespective of whether the Bonds or any of them are in default as to payment of principal or interest, in the respective names of the holders of the Bonds or interest coupons, or in behalf of all holders of the Bonds, or of interest coupons pertaining to the Bonds, as a class or classes, any proof of debt, amendment of proof of debt, petition or other document, to receive payment of any sum or sums becoming distributable on account thereof, and to execute any and all other papers and documents and to do and perform any and all acts and things for and in behalf of the respective holders of the Bonds or interest coupons, or in behalf of such holders as a class or classes, as may be necessary or advisable in the opinion of any such attorney-in-fact in order to have the respective claims of such holders of Bonds or interest coupons allowed in any equity receivership, insolvency, liquidation, bankruptcy or other proceedings to which the State of Illinois or the University may at any time be a party, and to receive payment of or on account of such claims; and each and every receiver, assignee or trustee in bankruptcy is hereby authorized by each of the respective holders of the Bonds and interest coupons to make such payments to such attorney-in-fact, and, in the event that such attorney-in-fact shall consent to the making of such payments directly to such holders, to pay to such attorney-in-fact any amount which may be due to it for compensation and expenses, including counsel fees, incurred by it up to the date of such distribution.

ARTICLE ELEVEN

MODIFICATION AND AMENDMENT OF THE RESOLUTION

SECTION 11.01. *Amendment by Consent of Bond Holders.* This Resolution and the rights and obligations of the University and of the holders of the Bonds and coupons may be modified or amended at any time by resolution supplemental hereto adopted by the Board of Trustees pursuant to the affirmative vote at a meeting of Bond holders held in accordance with this Article, or with the written consent without a meeting, given as provided in Section 11.04, of the holders of sixty-six and two-thirds per cent (66⅔%) in principal amount of all of the Bonds then outstanding; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on, or otherwise alter or impair the obligation of the University to pay the principal or interest or redemption premiums at the time and place and at the rate and in the currency provided therein of any Bond without the express consent of the holder of such Bond, or (ii) permit the creation by the University of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held hereunder, except as permitted by this Resolution, other than the lien and pledge created by this Resolution, or (iii) permit the creation of a preference or priority of any Bond or Bonds over any other Bond or Bonds or coupon or coupons, or (iv) reduce the percentages of Bonds required for the affirmative vote or written consent to an amendment or modification, without the written consent of holders of all Bonds, and without the written assent of the Trustee thereto, no such modification or amendment shall modify any of the rights or obligations of the Trustee at the time acting hereunder.

SECTION 11.02. *Bond Holders Meetings.* The University may at any time call a meeting of the holders of Bonds. Every such meeting shall be held at such place in the City of Chicago, State of Illinois, as may be specified in the notice calling such meeting. Written notice of such meeting, stating the place and time

of the meeting and in general terms the business to be submitted, shall be given by the University to the Trustee who shall mail a copy of such notice, postage prepaid, not less than thirty (30) nor more than sixty (60) days before such meeting, (a) to each registered owner of Bonds then outstanding, at his address, appearing upon the books of registration, and (b) to each holder of any Bond payable to bearer who shall have filed with the Trustee as Bond Registrar an address for notices, and such notice shall be published by the University at least once a week for two (2) successive weeks in a daily newspaper published in the English language and having a general circulation in the City of Chicago, State of Illinois, and also by similar publication in a financial newspaper published in the Borough of Manhattan, in the City of New York, State of New York, the first publication to be not less than thirty (30) nor more than sixty (60) days prior to the meeting; provided, however, that the mailing of such notice shall in no case be a condition precedent to the validity of any action taken at any such meeting.

SECTION 11.03. *Attendance in Person or by Proxy.* Attendance and voting by Bond holders at such meeting may be in person or by proxy. Owners of Registered Bonds may, by an instrument in writing under their hands, appoint any person as their proxy to vote at any meeting for them.

In order that holders of Bonds payable to bearer or their proxies may attend and vote without producing their Bonds, the University may make and from time to time vary such regulations as it shall think proper for the deposit of Bonds with, or exhibit of Bonds to, any banks or trust companies wherever situated, and for the issue by them, to the persons depositing or exhibiting such Bonds, of certificates in form approved by the University which shall constitute proof of ownership entitling the holders thereof to be present and vote at any such meeting and to appoint proxies to represent them and vote for them at any such meeting in the same way as if the persons so present and voting, either personally or by proxy, were the actual bearers of the Bonds in respect of which such certificates shall have been issued, and any regulations so made shall be binding and effective. Copies of such regulations shall be kept on file in the offices of the Trustee in Chicago, Illinois, and the Secretary of the University.

Any registered owner of Bonds or any holder of a certificate provided for in this Section 11.03 shall be entitled in person or by proxy to attend and vote at such meeting as holder of the Bonds registered or certified in his name, without producing such Bonds. All others seeking to attend or vote at such meeting in person or by proxy must produce the Bonds claimed to be owned or represented at such meeting, and all persons seeking to attend or vote at such meeting in person or by proxy shall, if required, produce such further proof of Bond ownership or personal identity as shall be satisfactory to the University. All proxies presented at any meeting shall be delivered to the inspectors of votes and filed with the University.

SECTION 11.04. *Amendments by Written Consent of Bond Holders.* The University may at any time adopt a valid resolution amending the provisions of the Bonds or of this Resolution or of any resolution supplemental hereto, to the extent that such an amendment is permitted by the provisions of Section 11.01, to take effect when and as provided in this Section. A copy of such resolution, together with a request of the University to Bond holders for their consent thereto, shall be mailed by the Trustee to each registered owner of Bonds and notice of the adoption thereof shall be published in the manner provided in Section 11.02 for the mailing and publication referred to in that Section (but failure to mail copies of such resolution and request shall not affect the validity of the resolution when assented to as in this Section provided). Such resolution shall not be effective unless and until there shall have been filed with the Trustee the written consents of the percentage of holders of outstanding Bonds specified in Section 11.01. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 11.03. Any such consent shall be binding upon the holder of the Bonds giving such consent and on any subsequent holder of such Bonds (whether or not such subsequent holder has notice thereof).

SECTION 11.05. *Supplemental Resolutions or Amendments Without Consent of Bond Holders.* The Board of Trustees may from time to time and at any time, subject to the conditions and restrictions in this Resolution contained, but without

requiring the consent of the holders of any of the Bonds, adopt a resolution or resolutions supplemental hereto, which shall thereafter form a part hereof for any one or more or all of the following purposes:

(a) To add to the covenants and agreements of the University in this Resolution contained, other covenants and agreements thereafter to be observed and/or to surrender any right or power herein reserved to or conferred upon the Board of Trustees;

If the University shall so determine, new Bonds so modified as to conform to such action shall be prepared, authenticated and delivered, and upon demand of the holder of any Bond then outstanding shall be exchanged at the office of the Trustee in the City of Chicago, Illinois without cost to any Bond holder, for Bonds then outstanding, upon surrender of such Bonds with all unmatured coupons, if any, appertaining thereto.

SECTION 11.07. *Exclusion of Bonds.* Bonds owned or held by or for the account of the University shall not be deemed outstanding for the purpose of any vote or consent or other action or any calculation of outstanding Bonds in this Article provided for, and shall not be entitled to vote or consent or take any other action in this Article provided for.

SECTION 12.02. *Successor is Deemed Included in All References to Predecessor.* Whenever in this Resolution or any resolution supplemental hereto either the University or the Trustee is named or referred to, such reference shall be deemed to include the successors or assigns thereof, and all the covenants and agreements in this Resolution contained by or on behalf of the University shall bind and inure to the benefit of the respective successors and assigns thereof whether so expressed or not.

Any such funds held by the Trustee which have not been disbursed in the payment of Bonds and interest as aforesaid during the period of ten (10) years after the deposit referred to in the foregoing paragraph, shall be repaid to the

Except as otherwise herein expressly provided in this Resolution, the amount of Bonds transferable by delivery held by any person executing such request, declaration or other instrument or writing as a Bond holder, and the numbers thereof, and the date of his holding such Bonds, may be proved by a certificate, which need not be acknowledged or verified, satisfactory to the Trustee, executed by a trust company, bank, investment banker, dealer, broker or other depository wherever situated, showing that at the date therein mentioned such person exhibited to or had on deposit with such depository the Bonds described in such certificate. Continued ownership after the date of deposit stated in such certificate may be proved by the presentation of such certificate if the certificate contains a statement by the depository that the Bonds therein referred to are in fact held on deposit by such depository and will not be surrendered without the surrender of the certificate to the depository. SECTION 12.07. *Partial Invalidity.* If any one or more of the covenants or agreements, or portions thereof, provided in this Resolution should be contrary to law, then such covenant or covenants, such agreement or agreements or such

portions thereof, shall be null and void and shall be deemed separable from the remaining covenants and agreements or portions thereof and shall in no way affect the validity of this Resolution or of the Bonds.

SECTION 12.08. *Headings and Index.* Any headings preceding the texts of the several articles hereof and any table of contents appended to copies hereof shall be solely for convenience of reference and shall not constitute a part of this Resolution, nor shall they affect its meaning, construction or effect.

NATIONAL DEFENSE EDUCATION ACT OF 1958

(9) Public Law 85-864, the National Defense Education Act of 1958, passed in the closing days of the Eighty-fifth Congress, authorizes certain programs of financial aid to students in institutions of higher education. There is submitted herewith a memorandum, a copy of which is being filed with the Secretary of the Board for record, outlining the several provisions of this law which involve colleges and universities and which will be administered by the United States Office of Education in the Department of Health, Education, and Welfare.

Title II of the law provides federal assistance through the establishment at institutions of higher education of funds for low-interest loans to students, with preference to be given superior students in mathematics, science, engineering, modern languages, and elementary or secondary education.

A participating institution is required to provide 10 per cent of the fund so established. A student may be loaned up to \$1,000 in one year with a \$5,000 maximum. Repayment installments of the loan generally would start one year after the student leaves the college or university, and interest at the rate of 3 per cent a year would be charged effective at the time repayments start. Up to 50 per cent of the loan may be canceled and charged against the government's contribution if the student teaches in elementary or secondary schools. At the close of the program, balances then held and received from loan repayments and interest will be returned in the ratio contributed.

The United States Office of Education has now requested institutions wishing to participate to file applications for funds to be used during the second semester of the current academic year, 1958-59.

Several weeks ago that office requested an informal estimate of the amount that could be utilized by the University of Illinois during the second semester of the current year for this purpose, and the University replied that \$72,944 could possibly be used. This figure was determined by estimating the need and applying to the total funds presently appropriated and allocated to the state of Illinois the ratio of full-time students enrolled at the University to the full-time students enrolled in all eligible institutions in the state.

The Office of Education has now advised that if the nation-wide demand for loans materially exceeds the funds presently appropriated, Congress will be promptly requested to make additional appropriations. Hence, the amounts finally available to the University for use during this academic year may be materially in excess of the \$72,944 estimate.

Because of the uncertainty of the demand and the amount to be finally available, it is requested that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents to secure a grant not to exceed \$180,000 for this purpose, although probably approximately \$72,000 will be initially requested; and that an appropriation be made to provide the University funds required from available and unassigned balances received as reimbursement of indirect costs under government contracts, in an amount equal to one-ninth of that received from the federal government as a grant, but not exceeding \$20,000.

I concur.

On motion of Mr. Williamson, this recommendation was approved.

COMMONWEALTH GRANT FOR STUDY AND EVALUATION OF MEDICAL EDUCATION

(10) The Commonwealth Fund has made a grant of \$112,000 to the University of Illinois in support of a two-year pilot program of educational research by the College of Medicine.

During the period since World War II there have been rapid and far-reaching changes in the goals and concepts of medical education. These changes have been accompanied by the acquisition of a tremendous amount of new knowledge gained from research.

The pilot program of educational research supported by the Commonwealth Fund will be directed toward the establishment of an educational program that is best suited to future needs of this institution. In seeking to achieve this goal, the program of study and evaluation will include the assessment of the patterns of and needs for participation in patient care programs of health professions personnel other than physicians. An attempt will be made also to determine how the College of Medicine can best draw upon the resources of other departments in the University and other institutions in the Medical Center District and how, in return, the College of Medicine can best provide assistance to the programs of these departments and institutions.

The grant from the Commonwealth Fund will also enable the College of Medicine to establish a center of educational research which will have enduring value to the University.

I have accepted this grant and report it for the record.

On motion of Mr. Williamson, the President's action was confirmed.

MOORMAN ANIMAL BREEDING RESEARCH FARM

(11) The Moorman Manufacturing Company of Quincy has offered to make a grant of \$200,000 to the University of Illinois to assist in establishing an improved research program in animal breeding in the College of Agriculture and the Agricultural Experiment Station.

The company proposes to make a payment of \$100,000 in December, 1958, \$50,000 in September, 1959, and the final \$50,000 in June, 1960, these dates to be subject to adjustment to suit the convenience of the University upon ten days notice to the donor.

I have accepted this offer with an expression of official appreciation on behalf of the University, and request confirmation of this action. I also recommend that

the new facilities which this grant will make possible be named "The Moorman Animal Breeding Research Farm."

The funds will be used for buildings, equipment, and facilities on a completely new research area on land already owned by the University adjacent to the Urbana-Champaign campus. The University has for many years been interested in increasing its facilities for animal breeding research. It is to help satisfy this need that the Moorman Company has made its funds available. The grant will enable the University to create the needed facilities to concentrate on specialized problems of animal breeding theory and practice.

The Moorman Company was interested in making this grant to the University of Illinois because it has one of the outstanding animal breeding research teams in the world. This team plans to expand its research into four general fields. Professors A. V. Nalbandov and P. J. Dziuk will work in the area of artificial insemination and the physiology of reproduction, including studies of fertility, sterility, and embryonic mortality. Professor H. W. Norton will study in the field of population genetics, including methods of animal breeding and selection. Professor B. A. Rasmusen plans to study problems of immunogenetics and serology, especially the inheritance of blood groups. Coordinated research on the part of these four scientists will give an over-all approach to studies of animal physiology and genetics. In addition, the setup will offer the counsel and cooperation of other staff members in the University's Department of Animal Science as well as those in other departments and colleges.

First units of this new breeding research facility will be planned primarily for swine research. Later units will be designed and built for other classes of livestock. Each unit will be constructed to make best use of this completely new approach to scientific study of animal breeding problems.

The new research farm will include facilities to study swine housing, environment control, and the latest equipment and automatic management devices for ideal study conditions. It will be entirely separate from present University swine farm facilities. Plans presently include two purebred and three crossbred swine herds to be raised for use in the studies.

Long-range results from this expanded program should be of large economic value to the swine industry. One research project in this program will measure improvement rate of economic characters by selection. Others will compare rates of improvement in different breeding methods, as well as ways of predicting potential economic value by studying physiological traits, studying the effects of hormone injections and checking the effects of different environments.

On motion of Mrs. Holt, the President's action was confirmed.

REPORT OF GIFTS AND FUNDS RECEIVED FROM OUTSIDE SOURCES

(12) Following is a report of gifts, grants, and contract funds received by the University from outside sources during the fiscal year July 1, 1957, through June 30, 1958. This report includes funds from private donors and funds received from governmental agencies and covers all payments received during the fiscal year. In many cases a period of several months elapses between the time an offer is received and accepted and final payment is made.

In a number of cases, grants and gifts were previously reported to the Board when the offers were received, and likewise the Comptroller's monthly reports include numerous research contracts for which funds have not been received. These are being included here in order to present a complete report of all funds received from outside sources during the fiscal period.

The contracts have all been properly executed by the Secretary and the Comptroller of the Board. The gifts and grants have been accepted and acknowledged by the President or other appropriate University officer with an expression of appreciation on behalf of the University and the Board of Trustees.

CARNEGIE CORPORATION GRANT

(15) The Carnegie Corporation of New York has made two grants of \$282,600 and \$307,400 to the University of Illinois for the continuation of the work in the development of new high school mathematics and elementary school arithmetic programs. In conveying to the officers of Carnegie Corporation the official appreciation of the Board of Trustees, I pointed out that the outcomes of these projects will be of nation-wide significance and that the financial support being given the studies is therefore more than a grant to one institution.

I have accepted this grant and report it for record.

On motion of Mr. Johnston, the President's action was confirmed.

**STATUS OF NEGOTIATIONS FOR CHICAGO UNDERGRADUATE
DIVISION SITE SELECTION**

Mr. Johnston, for the Committee on General Policy, submitted the following report.

By previous planning it had been anticipated that the matter of a final decision on the site for the Chicago Undergraduate Division would be presented to the Board of Trustees at its January meeting. However, since the second engineering report involving the rail terminal site will not be available in time for review, the matter will be postponed.

The Committee feels that because of the urgency of starting site development and construction and the absolute necessity that requests for appropriations be taken to the 1959 session of the Illinois General Assembly, a final decision on the site must be made not later than sixty days after the January meeting.

This report was received for record.

**SERVICES OF MR. VERNON L. NICKELL AS A SUPERINTENDENT
OF PUBLIC INSTRUCTION AND AS A MEMBER
OF THE BOARD OF TRUSTEES**

Mrs. Doris S. Holt presented the following resolution and moved its adoption.

To Vernon L. Nickell

The Board of Trustees of the University of Illinois takes occasion at today's meeting to express and record its grateful appreciation of your services as an *ex officio* member of this Board during the past sixteen years you have served as Superintendent of Public Instruction of Illinois.

It is unnecessary to recount all of your accomplishments. The list would be lengthy, but it should be noted that your entire professional career—your life's work—has been one of service to public education. In addition to assigned official tasks you have generously given time, energy, and your talents to many welfare and other civic undertakings, and to the activities of professional organizations related to your work in public education.

Your personal leadership as State Superintendent and the programs for the improvement of elementary and secondary education developed under your direction are of enduring benefit to the schools and youth of Illinois.

Your colleagues on the Board of Trustees of the University of Illinois are deeply appreciative of your services on this Board, your faithful attendance, wise counsel—and especially your strong support of public higher education.

The President and other administrative officers of the University and the officers of the Board desire to join the Trustees in this tribute and in extending best wishes to you and your family for the years to come.

The Board directs that this resolution be made a part of the official public record of today's meeting, and that a suitable copy be given you as a permanent reminder of this occasion.

Chicago, Illinois

The seventeenth day of December, in the year nineteen hundred and fifty-eight, and in the ninety-first year of the University.

This resolution was unanimously adopted.

JANUARY, 1959, MEETING

President Livingston called attention to the action of the Board of Trustees at its meeting on November 19, 1958, voting to hold the January meeting in Urbana, Illinois, on Tuesday, January 20, 1959, and asked if the Board decided to change this schedule.

On motion of Mr. Williamson, the Board voted to hold this meeting in Chicago, on the same date.

On motion of Mr. Hughes, the Board adjourned.

Following adjournment, the members of the Board and others in attendance at the meeting were guests of the officers of the First National Bank of Chicago at luncheon.

A. J. JANATA
Secretary

PARK LIVINGSTON
President

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

January 20, 1959

The January meeting of the Board of Trustees of the University of Illinois was held in the LaSalle Hotel, Chicago, Illinois, on Tuesday, January 20, 1959, beginning at 11:30 a.m.

The following members of the Board were present: Mrs. Doris S. Holt, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. George T. Wilkins, Mr. Kenney E. Williamson. Mr. Cushman B. Bissell, Mr. Wirt Herrick, and Governor William G. Stratton were absent.

Also present were President David D. Henry, Vice-President and Provost Gordon N. Ray, Dr. H. E. Longenecker, Vice-President in charge of the Chicago Professional Colleges, Executive Dean C. C. Caveny of the Chicago Undergraduate Division, Director C. S. Havens of the Physical Plant Department, Mr. C. E. Flynn, Director of Public Information, Mr. William H. Rice, Administrative Assistant in the President's Office; and the officers of the Board, Mr. H. O. Farber, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary. Mr. Howard W. Clement, Mr. Richard A. Harewood, and Mr. Harold Pogue, Trustees-elect, and Dr. Lyle H. Lanier, Dean of the College of Liberal Arts and Sciences, also attended the meeting as guests of the Board.

Preceding its meeting the Board had luncheon during which President Park Livingston introduced the new Trustee, Mr. George T. Wilkins, and the three Trustees-elect who will take office on March 10, 1959. At the conclusion of the luncheon President Henry presented Dr. Lyle H. Lanier, the new Dean of the College of Liberal Arts and Sciences, who spoke briefly on the state of the College.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of the Board of Trustees on July 29, 1958, press proof copies of which have previously been sent to the Board.

On motion of Mrs. Watkins, these minutes were approved as printed on pages 1 to 76, inclusive.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board took up consideration of the following reports and recommendations from the President of the University.

APPOINTMENTS TO THE FACULTY

(1) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. FRANKLIN S. ALCORN, Assistant Professor of Radiology, beginning January 1, 1959, without salary (DY).
2. JOHN L. CHILDS, Visiting Professor of Education, for four and one-half months from February 1, 1959, at a salary of \$5,000 (E).
3. RUDOLF HAAG, Professor of Physics, for four and one-half months from February 1, 1960, at a salary of \$6,250 (E).
4. JOSEPH M. HEIKOFF, Associate Professor of Regional Planning, in the Bureau of Community Planning, beginning January 1, 1959, at an annual salary of \$12,000 (AY).

On motion of Mr. Williamson, these appointments were confirmed.

LEAVE OF ABSENCE FOR DR. HUBERT R. CATCHPOLE

(2) Dr. Hubert R. Catchpole, Research Associate Professor of Pathology in the College of Medicine, has requested a leave of absence, on full pay, for six months beginning March 1, 1959, so that he may take advantage of an opportunity to do research with Dr. N. Eeg-Larson in his laboratory at the State Dental School in Oslo, Norway. The opportunity for this research did not develop until recently, so that Dr. Catchpole was unable to submit his application for leave last year at the time sabbatical leaves for the academic year 1958-59 were under consideration. To postpone this program until next year would impose a personal hardship and would be unadvisable professionally. Dr. Catchpole has been a member of the faculty since 1946 and has had no previous sabbatical leave.

Because of the unusual circumstances, all recommending officers concerned support the application on its merits and recommend that the technical question of lateness be waived and that the leave be approved.

I concur.

On motion of Mrs. Watkins, this leave was granted.

**CHANGES IN BASIC KNOWLEDGE AND ADMISSION REQUIREMENTS
IN THE COLLEGE OF LIBERAL ARTS AND SCIENCES**

(3) The Urbana Senate recommends the following changes in the basic knowledge required for admission to the College of Liberal Arts and Sciences, effective September 1, 1961:

1. Dropping of the requirement that students who enter the general curriculum in liberal arts and sciences as freshmen (or who enter other schools and subsequently transfer to the College) and who lack one unit of American history in high school must take History 151, History of the United States to 1865, and History 152, History of the United States from 1865 to the Present.
2. Altering of the provision that now requires entering students who lack two units of high school credit in mathematics (one unit in algebra and one unit in plane geometry) to take Mathematics 101 and 102, Basic Mathematics, to a non-waiver requirement for admission to the College of two years of college preparatory mathematics consisting of one unit in algebra and one unit in plane geometry, or at least their equivalent, as determined by the Department of Mathematics.

The Senate Coordinating Council has also approved these changes.
I concur.

On motion of Mr. Swain, these recommendations were approved.

REVISIONS IN THE PHYSICS CURRICULUM IN LIBERAL ARTS AND SCIENCES

(4) The Urbana Senate and the Senate Coordinating Council recommend the following changes in the physics curriculum of the College of Liberal Arts and Sciences. These changes are designed to drop the former two-hour course in hygiene, reduce the minimum hours required for graduation from 126 to 124, and rearrange the work in the curriculum in a way to produce a more evenly balanced load.

Freshman year: Second semester, replace Mathematics 133 (three semester hours) with Mathematics 132 (five semester hours), both being first courses in calculus; discontinue Hygiene 101, Health Lectures (two semester hours).

Sophomore year: First semester, replace Mathematics 143 (five semester hours) with Mathematics 142 (three semester hours), both being second courses in calculus.

Junior year: First semester, replace eight semester hours of electives with four semester hours of electives.

Senior year: First semester, replace seven semester hours of electives with ten semester hours of electives.

Senior year: Second semester, replace ten semester hours of electives with eleven semester hours of electives.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

REVISIONS IN THE FLORICULTURE CURRICULUM

(5) The Urbana Senate and the Senate Coordinating Council recommend adoption of a revised curriculum in floriculture which includes changing the name of the division and of the degree offered from "Floriculture" and "Bachelor of Science in Floriculture" to "Floriculture and Ornamental Horticulture" and "Bachelor of Science in Floriculture and Ornamental Horticulture" respectively, and increasing the number of hours required for graduation from 126 to 130 exclusive of the two years of required physical education.

Most of the changes recommended are minor ones and the details are given in the attached report of the Committee on Educational Policy of the Urbana Senate, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Holt, this recommendation was approved.

WAGE RATES OF LABORATORY MECHANICS

(6) The Board of Trustees at its meeting on September 30, 1958, approved a procedure for the determination of wage rates for laboratory mechanics. The Director of Nonacademic Personnel reports that the procedure authorized has been followed and as a result the laboratory mechanics' group has been awarded an across-the-board adjustment of \$10.00 a month, effective July 1, 1958.

On motion of Mr. Swain, this award was confirmed.

REVISION OF PROGRAM FOR CONSTRUCTION OF HOUSING

(7) A comprehensive program for the construction of student and staff housing at Urbana-Champaign during the period of 1957-63 was recommended to and approved by the Board of Trustees on January 28, 1956.

In presenting this program the President stated that it would be subject to reappraisal and to revision in the light of such factors as new construction of private housing available and acceptable to students and staff in the local community and changes in enrollment projections which would affect the University's housing needs. A number of changes were recommended to and approved by the Committee on Buildings and Grounds at its meeting on December 17, 1958.

It is recommended that the Board authorize the President and the administrative staff to make future revisions as needed in the light of possible changing conditions, with the understanding that all such revisions will be submitted to the Committee on Buildings and Grounds for approval.

On motion of Mr. Johnston, this recommendation was approved.

SUBCONTRACT WITH THE KENTUCKY RESEARCH FOUNDATION

(8) The University, under a cooperative arrangement with the Illinois State Water Survey, has entered into an agreement with the Army Signal Corps for a study of the measurement of intensity of surface precipitation by radar returns. It is desirable to gather data from various geographic locations. Thus far, data have been secured from the states of Florida and Oregon by entering into subcontracts with the Universities of Florida and Oregon.

It is now necessary to get data in Indonesia. The Kentucky Research Foundation has highly qualified personnel located in Indonesia who are willing to gather the necessary data and to make them available to the University. A subcontract with the Kentucky Research Foundation providing for these services at a cost of \$3,105 for the calendar year 1959 is proposed. This proposed subcontract has been approved by the Army Signal Corps, and payments thereunder will be from contract funds. The Vice-President and Comptroller recommends approval.

I concur.

On motion of Mrs. Holt, this subcontract was authorized.

UNIVERSITY OF ILLINOIS LEGISLATION

(9) It is recommended that the Board of Trustees authorize the President and other University officials to secure the introduction in the Seventy-first General Assembly of Illinois of bills for the following legislation, and to support their enactment:

1. Appropriation bills for the University's operating budget for 1959-61, the budget for the Institution for Tuberculosis Research, and the University's capital appropriations for 1959-61.
2. Legislation to increase the University's working cash fund from \$300,000 to \$500,000 as recommended by the auditors.
3. Legislation to give University police the same police powers as regularly constituted police officers, with authority to make arrests, to carry arms, and to perform other functions of peace and police officers while on duty and on or near University property.
4. Amendment of the law concerning compensation for services to bring it into conformity with necessary practices relating to retroactive salary adjustments, if in the opinion of the Legal Counsel, such amendments are desirable.
5. Amendments of the Act creating the University Retirement System of Illinois. It is the responsibility of the Board of Trustees of the University Retirement System of Illinois to secure the enactment of this legislation, but the University should support these measures to include:
 - a. More adequate provisions for survivors of participants in the System.
 - b. Increasing the present maximum of retiring allowances from \$4,500 to \$7,200 a year immediately, and eliminating the maximum completely in five years; and increasing the percentage maximum from 60 per cent to 70 per cent of final rate of earnings.
 - c. Correction of existing inequities, simplification of administration, and clarification of the intent of the present Act.
6. Amendments of the Act creating the University Retirement System, which the Board of Trustees of the Retirement System will support, but which should be sponsored by the University:
 - a. To include employees of the University of Illinois Foundation and the University of Illinois Alumni Association as participants with the employers' contributions paid by the Foundation and Association.
 - b. To authorize the Retirement Board to administer a program of hospital

and medical benefits, if funds for the program are appropriated by the Seventy-first General Assembly.

I concur.

On motion of Mr. Swain, this recommendation was approved.

APPROPRIATION FOR LEGAL SERVICES

(10) The Legal Counsel and the Vice-President and Comptroller recommend an appropriation of \$13,600 to the Legal Counsel's Office for employment of special counsel as required and approved by the Board of Trustees, and authorization of payments for such legal services as approved by the President of the University.

I concur.

On motion of Mr. Johnston, this appropriation was made, and authority was given as requested, by the following vote: Aye, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Herrick, Mr. Stratton.

RECOMMENDATIONS OF THE GEORGE A. MILLER ENDOWMENT COMMITTEE

(11) The George A. Miller Endowment Committee submits the following recommendation and report of its action:

Undergraduate Scholarships

At its meeting on January 16, 1957, the Board of Trustees approved a recommendation from the Committee on the George A. Miller Endowment that funds for undergraduate scholarships be assigned as specifically approved annually by the Board of Trustees. Accordingly, the Committee requests an assignment of \$5,100 for the undergraduate scholarship program for the academic year 1958-59.

I recommend approval.

Graduate Fellowships

The Committee has authorized the Graduate College to use the \$3,600 (provided by the Miller Committee and approved by the Board of Trustees on December 17, 1957, for two graduate fellowships of \$1,800 each) together with an additional assignment of \$400 to increase the stipends of eight University graduate fellowships from \$1,500 to \$2,000. The eight fellowships will be called George A. Miller Fellowships and will be awarded to students in the non-scientific areas. This assignment is for the academic year, 1959-60, only.

Confirmation of this action is requested.

On motion of Mr. Williamson, these assignments were approved by the following vote: Aye, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Herrick, Mr. Stratton.

WOODROW WILSON FELLOWSHIP PROGRAM

(12) The Woodrow Wilson National Fellowship Foundation of Princeton, New Jersey, has made a grant of \$30,000 to the University of Illinois. This is a subvention for the Graduate College representing \$2,000 for each of the fifteen Woodrow Wilson Fellows now enrolled at the University, and is apart from the stipends they are receiving during the current academic year, 1958-59. Three-fourths of the \$2,000 is to be used "for assisting beyond their first year of graduate work any students genuinely interested in a teaching career, whether or not they earlier received Woodrow Wilson Fellowships," and the other one-fourth is "to be available at the discretion of the institution, for strengthening its graduate program." This fellowship program is financed by the Ford Foundation.

I have accepted the grant for the University and report this for record.

This report was received for record.

COLLEGE OF NURSING

(15) The Vice-President in charge of the Chicago Professional Colleges recommends that the name of the School of Nursing be changed to the College of Nursing.

In 1952 the Senate Committee on Educational Policy made a comprehensive report to the President of the University on nursing education at the University of Illinois and a number of recommendations, including a four-year curriculum leading to the degree of Bachelor of Science in Nursing and the change in name. The Senate and Board approved the curriculum which began September, 1953. Action on the change in name has been withheld pending development of the educational program. In the meantime, the curriculum has been accredited by the National League for Nursing's Collegiate Board of Review.

I recommend approval of the change in name. With this change all degree-granting units of the University will be named colleges.

On motion of Mrs. Watkins, this recommendation was approved.

UNIVERSITY PROGRAM FOR SUPERIOR STUDENTS

(16) Following the recommendations of a Committee on Programs for Superior Students appointed by the Vice-President and Provost, the Urbana Senate on December 8, 1958, adopted the following program:

1. That the Urbana Senate approve the principle of special curricular arrangements for superior undergraduate students, designed to match their capacity to learn more quickly than the average and to handle studies of greater difficulty and maturity.
2. That the President appoint a University Director of Honors Programs, whose duty it shall be to encourage the establishment of special programs for superior students at all levels of the several undergraduate curricula, and to superintend the selection and retention of students in the group to be admitted to these programs.
3. That the President appoint a Faculty Honors Council to work with the Director of Honors Programs.
4. That beginning with the freshman class entering in September, 1959, or at such later date as he may fix if that seems necessary and desirable, the Director of Honors Programs shall, in advance of registration, select a

group of superior students to consist of about 3 to 5 per cent of the entering class, on the basis of such information as may be available concerning scholastic aptitude and accomplishment. Sources of information might be:

- a. Examination of high school transcripts for evidence of substantial academic training.
- b. Performance on available tests taken in high school (for example, National Merit Scholarships, College Entrance Examination Board tests).
- c. Over-all standing in the high school class.
- d. Recommendations from the high school principal and teachers.
- e. Personal interview.
5. That the members of this group be known as Edmund J. James Scholars.
6. That as far as possible, James Scholars shall be taught in special courses or sections designed to exercise to the full their academic capabilities.
7. That the inclusion of sophomores in the group of James Scholars begin in the second year, of juniors in the third year, and of seniors in the fourth year after the program is established.
8. That the Director and Council be authorized to drop students from the group or add students to it at the beginning of any semester.
9. That it be understood that the several colleges retain the right to formulate criteria for the granting of college honors and departmental distinction at graduation.
10. That the Director and Council be encouraged to formulate and propose measures for improving the University's educational program for superior students, for stimulating such students to their best efforts, and encouraging them by providing physical facilities conducive to study.
11. That the Director be authorized to publicize the University's plans for superior students.

The Chicago Professional Colleges and the Chicago Undergraduate Division will participate in this program with whatever modifications may be recommended by their Senates to meet the special problems existing on those campuses.

I recommend approval of this program.

On motion of Mr. Hughes, this recommendation was approved.

APPOINTMENTS OF DIRECTOR AND ASSOCIATE DIRECTOR OF UNIVERSITY HONORS PROGRAMS AND OF ASSOCIATE DEAN OF THE COLLEGE OF LIBERAL ARTS AND SCIENCES

(17) The Committee on Programs for Superior Students and the Vice-President and Provost recommend the appointment as of February 1, 1959, of Professor R. E. Johnson, Head of the Department of Physiology, as Director of University Honors Programs, and of Dr. Jum C. Nunnally, Jr., Assistant Professor of Psychology, as Associate Director of Honors Programs. These appointments are to be effective until August 31, 1959, and may be renewed from year to year.

Dean Lyle H. Lanier of the College of Liberal Arts and Sciences recommends the appointment of Dr. J. C. Nunnally, Jr. as Associate Dean of the College effective September 1, 1959. His work as Associate Dean will be closely related to the honors program.

I recommend approval of these appointments and request authorization to approve such adjustments in the salaries of these men as are appropriate for the additional responsibilities they will assume. When the formal appointments have been processed, they will be included in the Secretary's report to the Board of appointments approved by the President of the University.

On motion of Mr. Hughes, these appointments were approved.

AWARD OF CONTRACT FOR ABBOTT POWER PLANT ADDITION

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of a contract for \$26,159 to Gallaher and Speck, Chicago, for water-softening equipment and dust elimination equipment for the addition to Abbott Power Plant.

Funds are available in the special state appropriation for this addition.

I concur.

The Secretary presented a letter, dated January 16, 1959, addressed to the Board of Trustees from the Ideal Heating Company, Chicago,

requesting that the contract be awarded to that Company on the ground that it submitted the lowest bid.

Director C. S. Havens reported that this Company's bid was incomplete, did not comply with all of the bidding specifications and instructions, and that in the opinion of his staff, the deficiencies were sufficiently material that they should not be waived in fairness to other contractors who submitted complete bids.

Mr. Williamson stated that this matter had previously been submitted to the Committee on Buildings and Grounds, and that the Committee was prepared to support the recommendation.

On motion of Mr. Williamson, the contract was awarded to Gallaher and Speck, as recommended.

CHARGES FOR CENTRAL FOOD STORES BUILDING AND SNACK BAR AND SERVICE BUILDING

The Comptroller and the Secretary of the Board presented the following resolution recommended for adoption by bond counsel in connection with the issuance of "The Board of Trustees of the University of Illinois Housing Revenue Bonds."

Resolution

Resolved that the rates and charges to be made for services of the Central Food Stores Building and the Snack Bar and Service Building, constituting a portion of Project No. Ill. 11-CH-45(S), shall be in such amounts as shall from time to time be established by the administrative officials of the University but not less than an amount which will produce the estimated revenues for said facilities set forth in the official Bond Statement of the University relating to the Housing Revenue Bonds of 1958.

On motion of Mr. Swain, this resolution was adopted by the following vote: Aye, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Herrick, Mr. Stratton.

FEBRUARY AND MARCH MEETINGS

President Livingston reminded the Board that it had previously voted to hold its February meeting in Chicago, on Thursday, February 19, 1959, and that the annual meeting is scheduled to be held in Urbana, on Tuesday, March 10, 1959, unless changed by the Board.

He stated that some of the Trustees have informed him that they can not attend a meeting on March 10, and he asked if the Board desired to take any action regarding the matter. The three Trustees-elect, who will take office on March 10, and who were present as guests of the Board, were consulted and stated that they would be willing to have the meeting postponed to a later date.

On motion of Mrs. Watkins, the Board voted to change the date of its 1959 annual meeting from March 10 to March 12, said meeting to be held in Urbana.

AUDIT OF UNIVERSITY ACCOUNTS

The Secretary reported that he received and distributed to all members of the Board of Trustees signed copies of the report from Ernst and Ernst, Chicago, of their audit of the University of Illinois accounts for the year ended June 30, 1958. A copy has been retained in the files of the Secretary.

A signed copy of this report has also been sent by Ernst and Ernst to the Auditor General.

EXECUTIVE SESSION

At this point an executive session was requested and ordered for consideration for the following item of business.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(19) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Apparatus for scanning stains or images on film for automatic sizing and counting — John Edwin Pearson, Professor of General Engineering, inventor. This is a mechanical scanning technique and may be compared to a simple slide projector in which the projector is revolved so that the picture on the screen is moved past a photo-multiplier tube.

This invention had been referred to the University of Illinois Foundation for study, and that agency has reported that it is very doubtful that there is any commercial value to the device. Accordingly, the Committee recommends that the invention be released to the inventor with the stipulation that if he files for a patent, he will recognize the contractual obligations to the sponsoring agency, the Air Force; that if he does not file for a patent, he will release all his rights in the invention to the sponsoring agency; and that the University is to execute all documents necessary to accomplish this.

2. Non-planar logarithmically periodic antenna structures — Dwight E. Isbell, Antenna Technician, Department of Electrical Engineering, inventor; and uni-directional equiangular spiral antenna — John D. Dyson, Assistant Professor and Assistant Research Professor of Electrical Engineering, inventor. These inventions are advanced antenna structures which are novel because they operate over a large range of frequencies, together with other advantages over existing antenna structures.

They are very closely related to the antenna invention of R. H. DuHamel that was released to the University of Illinois Foundation on June 19, 1958. For this reason and because of the commercial possibilities of these inventions, the Patent Committee recommends that they be released to the Foundation, duly recognizing the obligations to the sponsoring agency, the Air Force.

3. Alkylation of purines and pyrimidines—Terrell C. Myers, Assistant Professor of Biological Chemistry, College of Medicine, and Lowell D. Zeleznick, Research Assistant in Biological Chemistry, College of Medicine, inventors. Procedures have been developed for the alkylation of purines and pyrimidines by means of quaternary ammonium salts. These procedures give rise to certain purine and pyrimidine derivatives of potential biological activity. Some of these derivatives are new compounds.

After discussing the opinion of the Head of the Biological Chemistry Division of the College of Medicine and of the Vice-President in charge of the Professional Colleges that the commercial possibilities of these compounds are remote, the Patent Committee recommends that this invention be released to the inventors with the stipulation that the contractual rights of the sponsoring agency, the United States Public Health Service, be recognized.

4. Double-refraction by rotating electric fields—Don F. Holshouser, Research Assistant Professor of Electrical Engineering, inventor. The purpose of this invention is to effect variations in the optical anisotropy of media which exhibit the Kerr effect.

The Patent Committee concurs in the opinion of the Head of the Electrical Engineering Department that this invention has little or no commercial possibility and recommends that it be released to the inventor with the stipulation that if he files for a patent, he will recognize the contractual obligations to the sponsoring agency, the Air Force; that if he does not file for a patent, he will release all his rights in the invention to the sponsoring agency; and that the University is to execute all documents necessary to accomplish this.

I concur in these recommendations.

On motion of Mr. Johnston, these recommendations were approved.

On motion of Mrs. Watkins, the Board adjourned.

Mr. Johnston moved that the Board suspend the rules on the Order of Business to take up consideration of certain resolutions and a report of the Committee on General Policy; and this motion was adopted by a voice vote.

Mrs. Watkins moved that Mr. Herrick be asked to take the Chair and to preside during the presentation of resolutions. This motion was adopted and Mr. Herrick took the Chair.

RESOLUTIONS

Mrs. Watkins offered the following resolution and moved its adoption:

To Doris S. Holt

The Board of Trustees of the University of Illinois gratefully records its warm appreciation for your faithful service as a member of this Board for the twelve years from 1947 to 1959.

As Chairman of the Student Welfare and Activities Committee for twelve years you have given leadership to an important aspect of the Board's work and have done so with understanding and insight. You have made important contributions to the physical development and welfare of the University as a member of the Committee on Buildings and Grounds during your entire tenure. The University of Illinois is fortunate to have had the benefit of your competent and gracious service.

The President and other administrative officers of the University desire to join the members of the Board of Trustees in this tribute and also in extending best wishes to you and Mr. Holt in the years to come.

The Board directs that this resolution be incorporated in the minutes of today's meeting to become a part of the official record and that a suitable copy be given you as a permanent reminder of the esteem and affection in which you are held.

Chicago, Illinois

On the nineteenth day of February, one thousand nine hundred and fifty-nine, and in the ninety-second year of the University.

Mr. Johnston offered the following resolution and moved its adoption:

To Cushman B. Bissell

The Board of Trustees of the University of Illinois hereby expresses its grateful appreciation for your public-spirited and distinguished service as a member of this Board for the six years from 1953 to 1959.

Your able contribution to the work of a number of committees is recognized and special commendation is noted for the leadership you have given to the Alumni and Patent Committees of which you served as Chairman. The keen discernment evident in your discussions of business before the Board and in directing attention to fundamental issues has been of great help to the Trustees in making policy decisions. It should also be noted that as a representative of this Board on the Board of Trustees of the University Retirement System of Illinois you had an especially useful role in bringing to this assignment your splendid legal and business background and your personal acumen.

The President and other administrative officers of the University have indicated their desire to join the members of the Board of Trustees in this tribute and in extending to you and Mrs. Bissell their best wishes for the years ahead.

The Board of Trustees directs that this resolution be incorporated in the

minutes of today's meeting to become a part of the official public record, and that a suitable copy be given you as a permanent reminder of the esteem and affection in which you are held.

Chicago, Illinois

On the nineteenth day of February, one thousand nine hundred and fifty-nine and in the ninety-second year of the University.

Mr. Swain offered the following resolution and moved its adoption:

To Park Livingston

The Board of Trustees of the University of Illinois hereby records your eighteen years of continuous service as a member of this Board and gratefully expresses its appreciation for your vigorous and competent leadership as its President for ten years, in the periods from 1943 to 1948, again from 1951 to 1954, and most recently from 1957 to 1959.

Your long and diversified experience in the University, in your earlier years as a student leader, as a member of the staff, and later as a member of this Board of Trustees, have given you depth of understanding of this institution which, coupled with your energy and devotion, have provided it with extraordinary service. It should be noted that your services during the past eighteen years included the critical World War II and postwar periods when policy and planning decisions were significant in shaping the future of the University. The list of the University's accomplishments in the expansion of its services during your tenure as Trustee and as President of the Board would be too lengthy to recount here, but three significant programs to which you made special contributions should be mentioned: the establishment of the College of Veterinary Medicine; the construction of the University of Illinois Airport and the establishment of the Institute of Aeronautics; and the establishment of the Chicago and Galesburg Undergraduate Divisions.

Special recognition is also due your sixteen years as a member of the important Executive Committee of the Board of Trustees and your work on all of the other standing committees on four of which you served as Chairman. Your services as a member of the Medical Center Commission and as a Director of the University of Illinois Foundation should also be recorded as significant contributions to the welfare of the University.

The President and other administrative officers of the University wish to join with the Board of Trustees in this tribute to you and in extending best wishes to you and Mrs. Livingston.

The Board of Trustees directs that this resolution be incorporated in the minutes of today's meeting to become a part of the official public record, and that a suitable copy be given you as a permanent reminder of the esteem and affection in which you are held.

Chicago, Illinois

On the nineteenth day of February, nineteen hundred and fifty-nine, and in the ninety-second year of the University.

The foregoing resolutions of tribute to Mrs. Doris S. Holt, Mr. Cushman B. Bissell, and Mr. Park Livingston, having been read, were unanimously adopted by a rising vote.

Mr. Herrick withdrew from the Chair and President Livingston again presided.

SITE SELECTION FOR RELOCATION OF THE CHICAGO UNDERGRADUATE DIVISION

Mr. Johnston, for the Committee on General Policy, presented the following report.

The Committee on General Policy, a standing Committee of the Board of Trustees, with the President of the Board added for this purpose, has acted as a special committee on matters relating to the development of the Chicago Undergraduate Division.

The University of Illinois Chicago Undergraduate Division was established

by the Board of Trustees in 1946 after consultation with the Governor of Illinois, the Chairman of the Illinois Budgetary Commission, and other leaders in the General Assembly of Illinois¹ to provide additional higher educational facilities needed by the University to accommodate the large number of students seeking admission to college and particularly veterans of World War II to whom the state of Illinois and the University had a special obligation. With the cooperation of the Governor, the Mayor of Chicago and other city officials, the University was able to lease and remodel quarters at Navy Pier for the new division and to accept students at the beginning of the academic year 1946-47. The educational program started with, and still consists of, the first two years of college work in liberal arts and sciences, commerce, engineering (including architecture and art), and physical education.

The original concept of the Chicago Undergraduate Division was an emergency facility in its present temporary quarters but capable of development in a permanent location both in physical facilities and in educational programs as the needs of the state and the obligations of the University to meet these needs might require. There is no longer any question of the need. It is apparent that the Chicago Undergraduate Division is a permanent part of the University's organic educational structure, and it has been so recognized by the General Assembly of Illinois. There remain, however, the questions—and problems—of its physical facilities and the expansion of its educational programs. Navy Pier was and is a temporary home; it has never been considered a permanent one. The reasons are well known but bear repeating for the record: Navy Pier is not a suitable place (and is becoming less so) for educational work at the college level; the amount of space available there is not adequate for the necessary expansion to meet the inevitable increase in enrollment; and the city of Chicago needs, for other purposes, the space the University now occupies.

This report of your Committee deals only with the matter of relocation. The development and expansion of educational programs are still under study by the University faculties and the administration, and a future report will be made relative thereto.

The Board of Trustees has employed the Real Estate Research Corporation of Chicago as consultant on studies of site selection for the permanent relocation of the Chicago Undergraduate Division. This Corporation's first assignment was to develop criteria for evaluation of sites to meet the University's needs. The criteria it developed are hereafter set forth in detail.

At this point it should be noted, as the Committee on General Policy and the Board of Trustees has previously stated publicly, that the prime objective in University planning for the Chicago Undergraduate Division is to have the buildings and other facilities needed to carry on the present educational programs on a permanent site ready for use in 1963. This timetable is based on known data on the number of students who will be seeking admission to the University during the next four years. The present facilities at Navy Pier simply can not accommodate the potential enrollment.

Subsequently Real Estate Research Corporation catalogued all potential sites, obtained substantially all pertinent information concerning them and submitted a comprehensive report, "Analysis of Sites for the Campus of the Chicago Undergraduate Division." Eighty-three sites were considered and investigated. In its studies Real Estate Research Corporation has had the architectural and engineering assistance of the architectural and engineering firms of Skidmore, Owings, and Merrill, Naess and Murphy, and Sargent and Lundy, all of Chicago. Its report, dated October 20, 1958, was presented to the Board of Trustees on October 23, 1958, and was made public. Copies of it were supplied to all public officials concerned and to other interested parties. Following is an extract from the Real Estate Research Corporation's report which is pertinent to this report of the Committee on General Policy:

¹ The General Assembly of Illinois was not in session in 1946 but the supplementary appropriations for the biennium of 1945-47 needed by the University to provide for the establishment and operation of its Chicago Undergraduate Division (and also one in Galesburg which was in operation from 1946-49) were promptly made as emergency legislation when the General Assembly convened in January, 1947.

"As the result of a series of population, transportation, economic and location studies and program studies, the following criteria briefly stated have been used to measure the potential of various sites:

1. Accessibility: (This criterion was determined after comparative studies of places of residence of students enrolled at Urbana-Champaign and at Navy Pier as well as students enrolled in other colleges in the Chicago area. These studies were supplemented with data on transportation habits and preferences of students at Navy Pier obtained directly from them.)
 - a. A site must be accessible by public transportation, with a maximum travel time of one hour and a maximum fare (at present fare levels) of 57½ cents for a one-way trip, from the homes of at least 50 per cent of the potential students residing in Cook and Du Page Counties.
 - b. A site must be accessible from the homes of at least 85 per cent of the potential students, residing in Cook and Du Page Counties, either by public transportation as stated above, or by private automobile with a maximum driving time of forty-five minutes.
2. Availability: The site must be available on a schedule which permits beginning of construction by July, 1960, and the complete operation of the first stage (6,000 students) by the fall of 1963; and the balance of the site must be available by 1965 for construction of those buildings needed for the final stage.
3. Expansibility: Sites with areas above minimum requirements, or with feasible possibilities of expansion, are to be preferred over sites lacking these qualities.
4. Cost: Sites with low costs are to be preferred to sites with high costs. Such costs include:
 - a. Acquisition cost of the land.
 - b. Development cost of the site.
 - c. The possibility of building low-rise structures as opposed to higher cost, high-rise buildings.
5. Environment: Sites adjacent to environmental factors which would assist the educational mission of the campus are to be preferred over sites with neutral or unfavorable environmental surroundings. Environmental factors to be evaluated for specific sites include:
 - a. General environment, particularly as to land use, physical condition, identification, prestige, and safety.
 - b. Adjacency to cultural or other facilities which could be used by the University.
 - c. Proximity to areas of superior opportunities for desirable faculty housing, and of potential employment for students."

The application of these criteria to all sites studied resulted in the Real Estate Research Corporation's finding in its report of October 20 that there are four outstanding locations which meet the requirements of accessibility to the student population to be served (here again we quote from the Corporation's report):

- "a. The first, *Northerly Island*, is located on the lake front. It was built in the 1920's as Island No. 1 in a proposed series of five islands, and subsequently renamed *Northerly Island*. Except for a brief period during the Century of Progress Exposition, it had no substantial use until the end of World War II, at which time it was offered to the United Nations as a site for their headquarters. The United Nations subsequently chose the East River location in New York. In 1949 a portion of *Northerly Island* was improved with a landing strip, and this section of the island has been operated as Meigs Field ever since.

- b. The *Rail Terminal* site is located in the general area between State Street and the Chicago River and from Congress Street to Fourteenth Street. It is now occupied by the Grand Central Station, LaSalle Street Station, and the Dearborn Street Station, and used by fourteen railroads.
- c. *Garfield Park* is a large park located between the Congress Street Expressway and Fulton Street, between Hamlin and Homan Boulevards. The portion which would be used for the University's first stage is that lying south of Madison Street. All of the important buildings in the park are located in the park areas north of Madison Street and are not involved in this site.
- d. *Riverside Golf Club* is a privately-owned golf club located, roughly speaking, between Desplaines Avenue and First Avenue and between Twenty-second and Twenty-sixth Street in North Riverside."

Further exploration by the Committee on General Policy and consideration of information it has received make it clear that of these four sites, two are now considered as having first priority—Northerly Island and the Riverside Golf Club. Both are endorsed by the University administration as acceptable and desirable. (In a separate statement the factors which limit the consideration of the Rail Terminal site and Garfield Park are outlined.) The Committee on General Policy has reviewed the comparative merits of Riverside Golf Club and Northerly Island as sites for the Chicago Undergraduate Division. These two locations have been judged as acceptable in terms of accessibility, environment, and expansibility.

In all considerations of this problem, the Board of Trustees has been motivated only by the desire to acquire the best possible site at an advantageous price and within a time limit which would make it possible for the new facilities to be available without closing the doors upon qualified students who wish to attend the University of Illinois. Mindful that to meet this time schedule action must be procured in the current session of the General Assembly, and that estimates of cost for appropriation purposes must be submitted promptly to the budget offices of the state government, the Committee on General Policy believes the best solution of the site question is the Riverside Golf Club.

The Committee is mindful of the desires of many people and public officials to have the Chicago Undergraduate Division within the city limits, but since the only other recommended site now under consideration is Northerly Island, and since the Committee has no assurance that Northerly Island is available, or that it will be made available within a reasonable time schedule, or at a cost equal to or less than that projected for Riverside, the Committee believes the Riverside Golf Club should be designated as the site since it can be acquired through proceedings in eminent domain, if necessary.

Accordingly, the Committee recommends that the Board of Trustees authorize and direct the President of the University, through appropriate staff officers and with such other assistance as may be required, to negotiate with official representatives of Riverside Golf Club for the acquisition of its holdings and with such other owners of property immediately adjacent to the Club grounds as may be desirable for the initial planning development. If negotiations fail, the President is directed to submit a plan for the acquisition of the properties through proceedings in eminent domain. The Committee further recommends that the President of the University be directed to submit to the Governor the estimated sum required to finance the purchase, and to amend the requests of the Board of Trustees for the capital budget of the University as submitted to the State Department of Finance to include this item plus \$1,300,000 for architectural plans and initial site development.

Finally, the Committee recommends that this action be reconsidered by the Board, if, within thirty days from this date, the Park District of the City of Chicago should make a firm offer in writing to the President of the University to transfer Northerly Island to the Board of Trustees at a reasonable cost compared to that projected for the Riverside Golf Club for the development of the Chicago Undergraduate Division including assurance of free fill over a reasonable period of time for the lagoons on the west side of Northerly Island. The thirty-day limitation of time is necessary because a request for an appropriation by the General Assembly of Illinois must be made in March, 1959.

Supplement to Report of the Committee on General Policy on Site Selection for Relocation of the Chicago Undergraduate Division

1. Consideration of the Rail Terminal site, consisting of approximately one hundred thirty acres proposed and allocated by the Central Area Committee for use by the University of Illinois, has been limited because:
 - a. It is now clear that this land can not be made available to meet the University's time schedule for the relocation of the Chicago Undergraduate Division.
 - b. The valuation for reuse would be greatly in excess of the cost of one of the other acceptable sites.
 - c. Undesirable environmental conditions exist east of the site, and there is no assurance of improvement of these conditions within the predictable future.
 - d. Expansion beyond the known acreage would probably be difficult and relatively expensive.
2. Likewise consideration of the Garfield Park site of approximately one-hundred forty-six acres, including fifty-four acres of park land, has been limited because:
 - a. No assurance has been given to the University that the park land will be made available to it.
 - b. Unless new federal legislation is enacted and funds are appropriated for an urban renewal project in this area, the total land cost to the University could be as much as \$20,000,000 which is greatly in excess of the estimated cost of at least one of the other acceptable sites.
 - c. The adjacent area to the east is less desirable as to environment than the areas adjacent to the Riverside Golf Club and Northerly Island.
 - d. It will be more difficult, and therefore more expensive, to provide delivery of fuel and other supplies to the Garfield Park site than to Northerly Island or Riverside Golf Club which can be served by rail or barge.

At the conclusion of this presentation, Mrs. Watkins moved the adoption of this report and approval of the recommendations.

There followed a general discussion of the report in which all of the Trustees participated. President Livingston invited the three Trustees-elect, who were guests of the Board and observers at this meeting, to join in this discussion and all three of them did so.

Mr. Harewood offered the comment that the Chicago Undergraduate Division should be in an area where it will be readily accessible to the greatest number of students and that the Riverside site is the least desirable from this standpoint. He suggested the Board defer action.

Mr. Clement suggested that the offer to accept Northerly Island be made more flexible as to the cost.

Mr. Pogue stated that he believes the present Board, having dealt with the site problem and having studied it for many months, is better qualified to make the decision than any other group. He added that Northerly Island would be his personal preference but the recommendation of the Committee leaves the door open to consideration of that site.

Messrs. John Harrington, G. A. Lund, E. P. Schoenthaler, and H. C. Woodward, residents of the Village of Riverside, and Mr. Jerry Slezak, Clerk of the Village of North Riverside, were present at the meeting and President Livingston asked if they wished to be heard. Mr. Harrington, speaking for the group, reviewed briefly the presentation he made on behalf of this group of citizens of Riverside at a meeting they had with the Committee on General Policy on February 18, 1959, at which time they expressed their objections to

the location of the University's Chicago Undergraduate Division in the area of the Village of Riverside and North Riverside. A copy of his statement to the Committee has been filed with the Secretary of the Board.

Mr. Alfred W. Sikes, an alumnus of Illinois and a resident of Chicago who was at the meeting, asked to be heard. He made a brief statement urging the Board to consider Garfield Park because this location is more readily accessible to the students who will be attending the Chicago Undergraduate Division.

At the conclusion of these presentations and discussions, Mr. Bissell moved that the report be amended in the first sentence of the last paragraph of the Committee's recommendations by striking the words "... cost equal to or less than . . ." and inserting in lieu thereof the words "... reasonable cost compared to. . . ." With the assent of Mrs. Watkins and Mr. Johnston, the other members of the Committee, Mr. Bissell's motion was considered and adopted, and the report as printed above is in this amended form.

The discussions having been concluded, Mr. Herrick asked for the question. Mrs. Watkins renewed her motion that the report of the Committee be adopted, as amended, and that the recommendations be approved. On this question the vote was: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins. Mr. Hughes added, by way of explaining his vote, that he hopes Northerly Island will be made available.

Resolutions of the Executive Committee of the University of Illinois Citizens Committee

The Executive Committee of the University of Illinois Citizens Committee has adopted the following resolutions:

In view of the defeat of the State Building Bond Issue referendum, the Executive Committee of the University of Illinois Citizens Committee strongly urges that other appropriate measures for financing the great needs of the University of Illinois be initiated at as early a date as possible.

The Executive Committee of the University of Illinois Citizens Committee wishes to stress the importance of adequate faculty compensation as the key to quality in higher education and urges the Governor and the General Assembly of the state of Illinois to keep this point uppermost in deliberations and considerations relative to the University of Illinois, to the benefit of the University and to the State.

On motion of Mr. Johnston, these appointments were approved.

On motion of Mr. Herrick, the Secretary was requested to send a note of thanks to the Executive Committee for these resolutions.

CENTER FOR ADVANCED STUDY

(6) The University Research Board and the Executive Committee of the Graduate College recommend the establishment of a Center for Advanced Study as a special unit of the Graduate College under Section 18 of the University of Illinois Statutes and according to the plan described below.

This has been reviewed by the University Council which supports the recommendation. While University Senate approval is not required under University Statutes, the proposal was nevertheless submitted to the Urbana-Champaign Senate which has recommended approval. It has also been cleared with the Senate Coordinating Council.

I recommend approval.

On motion of Mr. Herrick, this recommendation was approved.

The primary purpose of the Center for Advanced Study shall be the encouragement of creative achievement and scholarship by providing recognition to scholars of the highest distinction and by providing incentives for the highest level of scholarly achievement.

In its original organization the Center for Advanced Study shall be composed of members and associate members. The members shall constitute the Executive Committee of the Center, and the Dean of the Graduate College shall be its executive officer and a member *ex officio*. The Executive Committee shall be free to propose other types of affiliation with the Center, in addition to the associate members, at such times as it may desire.

Members. Members of the Center for Advanced Study shall be appointed by the Board of Trustees on the recommendation of the President. Members ordinarily will be appointed for renewable five-year terms.

Membership in the Center shall be open to the most distinguished, most productive, and most widely recognized scholars at the University of Illinois. The members shall receive annual salaries comparable to the best professorial salaries in American universities. Nominations for membership may be made to the Dean of the Graduate College by any faculty member. Selection of candidates shall be made by the Dean in consultation with an advisory selection committee. It is recommended that the first three members be chosen from the current staff of the University; thereafter other scholars, whether then associated with the University or not may be nominated for membership and, if necessary, appointment to the University.

Members chosen from the University faculty shall continue to be listed in the budgets of their departments. Additional funds required to bring their salaries to the level chosen shall be carried in the budget of the Center as a unit of the Graduate College.

A member shall retain his status in his own department. By negotiation with the head or chairman of his department and the Dean of the Graduate College, and with the concurrence of the appropriate undergraduate dean, he may reduce the amount of his classroom teaching, committee work, advising, and the like, in order to devote a larger portion of his time to research. If the relinquishing of such duties by a member requires that the department obtain additional funds for the continuance of its teaching activities, such funds may be provided by the budget of the Center.

Associate Members. Associate members shall be appointed for one-year or two-year terms by the Board of Trustees on recommendation of the President. Application for associate membership may be made by any member of the faculty to the Dean of the Graduate College, who, after consultation with the Executive Committee, shall make his recommendations to the President. By negotiation with the head or chairman of his department and the Dean of the Graduate College, and with the concurrence of the appropriate undergraduate dean, an associate member may be freed of all teaching duties except, if he remains on the campus, the direction of graduate theses, in order that he may devote himself more fully to research. An applicant for associate membership may request extension of his appointment through the summer following an academic year in the Center at the standard rate of two-ninths of the annual salary. Funds necessary for the employment of a replacement for an associate member, as well as any summer compensation for the associate member, shall be provided in the budget of the Center. The amount of annual compensation received by a faculty member shall not necessarily be changed by his becoming an associate member.

Scholars from other locations may be appointed as associate members. Such appointments may be used to bring visitors to assist in established research programs, to bring creative artists to the campus, to bring distinguished scholars to departments in advance of vacancies arising from faculty retirements, and for such other purposes as the Executive Committee may approve. Nominations of off-campus candidates shall be routed by department heads and chairmen to the Dean of the Graduate College. Salaries paid to such appointees shall be carried in the budget of the Center.

Associate members may request reappointment, but no individual may be granted associate membership for more than three consecutive years.

The members and associate members will meet together at regular intervals to be determined by the Executive Committee. Special meetings may be called at the discretion of the Executive Committee.

The budget of the Center will be part of the Graduate College budget. It is hoped that the Center will attract financial support from agencies outside the University to provide endowed chairs and other support for members and associate members.

GRADUATE SCHOOL OF BUSINESS ADMINISTRATION

(7) The faculty of the College of Commerce and Business Administration, the Executive Committee of the Graduate College, and the Urbana Senate recommend establishment of a Graduate School of Business Administration within the Graduate College to provide professional training designed for students with baccalaureate degrees in fields other than commerce as well as for students with

a background in commerce and business administration. The purpose of the School will be to provide a breadth of training rather than specialization with emphasis on preparation for administrative and executive positions.

The School will exist as an educational division of the Graduate College and will have the same relationship to it as other graduate departments. In accordance with the usual procedures all courses, curricula, and recommendations to the teaching faculty will be submitted to the Graduate College for approval. The administrative responsibilities of the School will be assigned to a Director. Budget requests for operation will be presented through the usual University channels.

The School will offer the proposed new programs described below. It is also recommended that the professional program leading to the degree of Master of Accounting Science, established in 1958, be transferred to the Graduate School of Business Administration.

This recommendation has also been cleared with the Senate Coordinating Council, and I concur.

On motion of Mr. Johnston, this recommendation was approved.

Graduate School of Business Administration

Academic Requirements

All students must meet the academic standards of the Graduate College with respect to admission requirements and progress toward the degree.

Degree Requirements

1. Master of Business Administration. This is a two-year program for students who hold a bachelor's degree in any field. A candidate for this degree must complete four semesters or the equivalent in residence and must earn at least sixteen units of graduate credit selected from the proposed new courses listed below, from graduate courses previously approved, and from additional courses which may be submitted at a later date. Each student must take at least one course in each of the following areas of business study: accountancy, economics, finance, management, marketing, and statistics. Certain courses will be required, but both the required and elective courses will be arranged to fit the student's particular needs, based on his previous preparations and his interests. The program does not permit specialized education in one or more areas of business.
2. Master of Commerce. This is a one-year program restricted to students who hold a bachelor's degree from a recognized school of business. A candidate for this degree must complete two semesters of residence or the equivalent, and must earn at least eight units of credit selected from the courses listed for the Master of Business Administration and under the same conditions.
3. Doctor of Business Administration. This program will require two additional years of residence beyond the Master of Business Administration or the Master of Commerce. These two years will consist of one additional year of course work (eight units), a comprehensive preliminary examination, a year devoted to the study and preparation of a thesis (eight units), and a final examination. Since this is a professional degree, there is no foreign language requirement.

New Professional Courses in Business Administration

The following new professional courses in business administration will be established as a part of this program: Business Administration 501, Business Economics; 502, Managerial Economics; 511, Analysis of American Industries; 521, Problems of Marketing; 522, Market and Sales Analysis; 530, American Business Traditions; 531, Legal Problems of Business Management; 541, Managerial Accounting and Control; 542, Industrial Cost Accounting; 543, Financial and Interpretive Accounting; 544, Controllorship; 554, Financial Analysis; 555, Financial Policy; 571, Statistical Controls for Management; 581, Business Communications; 599, Thesis Research.

DIRECTOR OF GRADUATE SCHOOL OF BUSINESS ADMINISTRATION

(8) I recommend that Dean Paul M. Green of the College of Commerce and Business Administration be appointed Director of the Graduate School of Busi-

ness Administration, effective immediately and continuing through August 31, 1959. Thereafter, reappointments to this position will be on a biennial basis consistent with the statutory provisions relating to the tenure of directors. The appointment as Director is in addition to his appointment as Dean of the College and Professor of Business Administration.

On motion of Mr. Swain, this appointment was approved.

DEPARTMENTS IN COLLEGE OF JOURNALISM AND COMMUNICATIONS

(9) The faculty of the College of Journalism and Communications recommends that, effective September 1, 1959, the three instructional divisions of the College be designated as the Department of Advertising, the Department of Journalism, and the Department of Radio and Television; that the administrative officer in charge of each be designated as head of the department; and that the courses offered by the College be designated accordingly.

These changes do not alter existing instructional programs or curricular or degree requirements and are intended primarily to bring the organization of the College into harmony with University Statutes and general practice. The Urbana Senate Committee on Educational Policy has advised that these changes are of an administrative nature and do not require action by the Committee or by the Senate. Nevertheless, they will be reported to the Senate as a matter of record.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

APPROPRIATION FOR ACQUISITION OF LAND IN NORTHERN ILLINOIS

(10) The Committee on Nonrecurring Appropriations recommends an assignment of \$4,000 from the General Reserve Fund as the University's share of the cost of acquisition of the Volo and Wauconda Bogs in Northern Illinois for teaching and research in the biological sciences. The University of Illinois Foundation has approved an allocation of \$4,000 for this purpose and \$25,000 has been raised privately by Illinois Nature Conservancy. Title to the property will be in the University, with the provision that it will revert to the former owners or their heirs or assigns in the event the University ceases to use the property for the purpose for which it was acquired or fails to maintain it in its present natural state.

I recommend approval.

On motion of Mrs. Holt, the acquisition of this land was authorized, and the recommended appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

APPROPRIATION FOR GRADUATE FELLOWSHIPS FOR 1959-60

(11) It is necessary that funds for graduate fellowships for 1959-60 be committed at this time so that fellowship awards can be made and announced by April 1, 1959. Accordingly, on request of the Dean of the Graduate College and with the concurrence of the Vice-President and Provost and the Vice-President and Comptroller, I recommend that an appropriation of \$282,500 be made at this time for such fellowships, \$262,500 to be assigned for graduate study at Urbana-Champaign and \$20,000 for fellowships at the Chicago Professional Colleges, subject to availability of funds appropriated for 1959-61.

These assignments will constitute a lien on the University's operating budget for 1959-60.

On motion of Mr. Swain, this assignment of funds was authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

APPROPRIATION FOR ADDITION TO PHYSICS RESEARCH LABORATORY

(12) The Vice-President and Provost and the Vice-President and Comptroller recommend that the Board authorize the construction of a steel building at the rear of the Physics Research Laboratory for housing of hydrogen liquefying equipment and that assignments of funds be made for this purpose of \$15,650 from the current operating budget of the Department of Physics and \$9,868 from indirect costs recovered from government research contracts and allocated to the Department, a total of \$25,518.

Additional space is needed for this equipment for research under a contract with the Office of Naval Research. A separate structure is indicated because of hazards of hydrogen. The University Building Program Committee has approved the site and type of structure. Allocation of funds from the Department of Physics budget is possible because some of the departmental expenses during the current fiscal year have been appropriately chargeable to funds received under government research contracts; the Department also has to its credit funds accumulated in collections of indirect costs charged against government research contracts.

I concur.

On motion of Mr. Swain, the construction of this building was authorized, and the recommended assignments of funds were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

HOUSING REVENUE BONDS OF 1958

(13) The Vice-President and Comptroller recommends the adoption of the following resolution, and I concur:

Resolved, that the Board of Trustees of the University of Illinois hereby ratifies all acts, conditions, and things done at the meetings of the Board of Trustees held on October 23, 1958, November 19, 1958, December 17, 1958, January 20, 1959, and at all other meetings during the period from January 1, 1956, up to the present date, and also ratifies all acts done and performed by the officials of said Board all in connection with the issuance of \$3,150,000 Housing Revenue Bonds of 1958, Series A and B of the Board of Trustees of the University of Illinois dated October 1, 1958.

On motion of Mr. Bissell, the foregoing resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

CONTRACT FOR EQUIPMENT FOR SNACK BAR AND SERVICE BUILDING FOR MEN'S RESIDENCE HALLS

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of a contract for \$28,156.20 to Servco Equipment Company, St. Louis, Missouri, for food service equipment and its installation in the Snack Bar and Service Building for the Men's Residence Halls.

Funds are available in the proceeds of "The Board of Trustees of the University of Illinois Housing Revenue Bonds of 1958, Series A and B."

The invitations to bidders included the standard reservation by the University of the right to reject any or all bids, and to accept the bid or bids deemed most favorable to the University. Although the Servco Equipment Company is the second lowest bidder — the difference between its bid and that of the lowest bidder being only \$6.20 — it is nevertheless recommended because of the quality of its equipment installations elsewhere. Submitted herewith is a supporting statement from the Physical Plant Department, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Johnston, this contract was awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs.

Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

CONTRACT FOR REMODELING ELECTRICAL ENGINEERING ANNEX

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following contracts for remodeling of the Electrical Engineering Annex to provide for a bioacoustics laboratory. The award in each case is to the lowest bidder.

General — C. H. Langman and Son, Rock Island.....\$ 52 953
Electrical — Potter Electric Service, Inc., Urbana..... 51 677
Mechanical — Schroeder and Sons, Champaign..... 111 868

Funds in the amount of \$139,173 are available in a federal grant received by the University under the Health Research Facilities Act and in matching funds provided by the University of the same amount, a total of \$278,346.

Submitted herewith is a report from the Physical Plant Department giving the complete list of the bidders, a copy of which is hereby filed with the Secretary of the Board for record.

I recommend approval.

On motion of Mr. Hughes these contracts were awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

CONTRACT FOR ENGINEERING SERVICES ON SEWERS AND WATER MAIN PROJECTS

(16) The building program at Urbana-Champaign projected for 1959-61 includes the following storm and sanitary sewers and water main projects needed to service the proposed new buildings:

Estimated Costs

Sanitary sewer on Green Street from Mathews Avenue to the west side of Illini Union Building.....	\$ 39 600
Sanitary sewer — rerouting main campus outlet from south side of Illini Union Building to Mathews Avenue interceptor.....	40 000
Sanitary sewers on First Street and Fourth Street from Peabody Drive to Florida Avenue.....	23 100
Water main on First Street from Florida Avenue to St. Mary's Road.....	14 300
Rerouting twelve-inch water main at Illini Union Building.....	40 000
Storm sewer, Florida Avenue lateral from approximately 60 feet east of Fourth Street, west along Florida Avenue, to a distance approximately 1,250 feet west of First Street, and then South from Florida Avenue approximately 4,800 feet to the Embarrass River.....	500 000

Bids will be received on February 20 on the construction of the Assembly Hall and in August on the Illini Union Building addition. It is necessary therefore that engineering work on the sewer and water main projects be started promptly. The Physical Plant Department can not do this planning work without adding to its staff and this is not feasible in view of the temporary nature of the services.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a contract with Wilson and Anderson, Urbana-Champaign, for engineering services on these projects, including the preparation of complete plans and specifications and detailed estimates of costs, and general supervision of construction but excluding services of a resident engineer, on the basis of the standard schedule of minimum fees adopted by the Illinois Society of Professional Engineers and the Illinois Association of Consulting Engineers. The total estimated cost of engineering services for these projects is approximately \$36,490 and the estimated cost for services of a resident engineer for field inspection, if requested, will be \$8,000.

Funds in the amount of \$25,850 are available in the state appropriations to the University for 1957-59 for buildings and other capital improvements. The contract will provide for its termination if additional funds are not available

and for payment for services rendered to the date of termination but not to exceed \$25,850.

Submitted herewith is a statement from the Physical Plant Department giving the details of this proposal and the terms of the contract and a copy is filed with the Secretary of the Board for record.

This recommendation has previously been considered by the Committee on Buildings and Grounds which is prepared to support it.

I concur.

On motion of Mr. Swain, this contract was authorized, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

**CONTRACTS FOR ENGINEERING SERVICES ON ADDITIONS
TO THE ABBOTT POWER PLANT AND FOR EXTENSIONS
OF UTILITIES DISTRIBUTION SYSTEM**

(17) The 1959-61 building program includes the following additions to the Abbott Power Plant to service existing and proposed new buildings:

Estimated Costs

Boiler No. 6—a 150,000 lb./hour steam generator.....	\$2 050 000
Turbine No. 7—a 7,500 kw. electric generator.....	1 995 000

This additional generating capacity is required regardless of how many buildings are included in the 1959-61 program and it will take two years for the fabrication and installation of this equipment. It is therefore necessary that engineering work be undertaken promptly to complete the installations within the biennium.

The building program projected for 1959-61 also includes the following extensions of the steam and electrical distribution systems required to service the proposed new buildings:

Estimated Costs

Steam tunnel on Oak Street from Peabody Drive extended south to the south side of Florida Avenue and east to the approximate mid-point between First Street and Fourth Street to serve the Assembly Hall and other development proposed in this area.....	\$ 925 000
Steam tunnel from the Natural History Building-Noyes Chemistry Laboratory tunnel west to the existing tunnel north of the Administration Building to serve the Illini Union and other buildings in this area.....	300 000
Steam conduit from the end of the tunnel on Florida Avenue, referred to above, south to the Assembly Hall.....	40 000
Electric conduit, manholes, cable, and switchgear in load center to serve the Assembly Hall.....	41 000
Rerouting main campus feeder conduit and cables between Illini Union addition and Harker Hall, including conduit, manholes and cable to serve the Illini Union Building addition.....	50 000
Load center vault in the vicinity of Sixth Street and Gregory Drive, including conduit, manholes, cable, and switchgear to the Education Building.....	180 000
Engineering service to complete plans and specifications for electric distribution center and load center to be located north of the Stock Pavilion, including conduit, manholes, cable, and switchgear which will eventually serve the women's residence halls, the Education Building, and the Plant Sciences Building	(588 000)

The cost of engineering services for completion of plans and specifications up to the receipt of bids for this is approximately \$30,000.

Bids will be received on February 20, 1959, on the construction of the Assembly Hall and in August on the construction of the addition to the Illini Union Building. It is therefore necessary that engineering work on the above listed projects be started soon in order to maintain construction schedules.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of contracts with Sargent and Lundy, Consulting Engineers, Chicago, for engineering services on the additions to the Abbott Power Plant and the extensions of the steam and electrical distribution systems, these services to include preparation of complete plans and specifications and detailed estimates of costs, and general supervision of construction. This firm furnished the engineering services for the construction of the Abbott Power Plant, the first major extension of the steam and electrical distribution systems, and on subsequent additions and extensions. Its charges for the engineering services now recommended will be on the same basis and terms as charges for the previous work done for the University. Submitted herewith are memoranda from the Physical Plant Department giving the complete details of the two proposals and the terms of the contracts, and copies are being filed with the Secretary of the Board for record.

Funds are available in the state appropriations to the University for 1957-59 for buildings and other improvements in the amount of \$20,000 for the engineering services on the Abbott Power Plant additions and in the amount of \$70,000 for the engineering services on the extension of the steam and electrical distribution systems. The contracts will provide that they may be terminated by the University in the event additional funds are not made available and that Sargent and Lundy will be paid for actual services rendered up to the time of termination but not to exceed \$20,000 for the work on the Power Plant addition and \$70,000 for the work on the extensions of the steam and electrical distribution systems.

These recommendations have previously been considered by the Committee on Buildings and Grounds which is prepared to support them.

I concur.

On motion of Mr. Johnston, these contracts were authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

CONTRACT WITH SPACE UTILIZATION ANALYSIS, INC.

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the University contract with Space Utilization Analysis, Inc. (Space Utilization Analysis for Government, Industry, and Education), New York, to make a survey, study, and analysis of certain physical plant requirements of the Chicago Undergraduate Division in its new location. Payment for services will be on the basis of the standard hourly rates charged by this organization, the total amount not to exceed \$7,850; plus reimbursement of the Company for transportation and living expenses of officers and staff engaged in this survey, this item not to exceed \$850.

Funds are available in the state appropriations to the University for 1957-59 for buildings and permanent improvements.

The Committee on Buildings and Grounds has considered this proposal and is prepared to support the recommendation.

I concur.

On motion of Mr. Williamson, this contract was authorized.

STEAM SERVICE FOR INSTITUTIONS IN MEDICAL CENTER DISTRICT

(19) The steam for University of Illinois buildings in the Medical Center District is produced by the Medical Center Steam Company, a separate corporation authorized by the Medical Center Commission to operate a steam plant in the District to serve the University and other institutions in that area. Under an agreement with the Commission (this was one of the basic considerations in securing its cooperation in the organization of the Medical Center Steam Company and authorization to operate a steam plant in the Medical Center District), the University also furnishes steam produced by the Company to any other government agency, charitable institution, or other institution located in the District upon its application and upon certification by the Commission that the

agency or institution is a qualified applicant for steam service, subject to the availability of an adequate steam supply.

In accordance with this policy, the Director of the Physical Plant, the Vice-President in charge of the Chicago Professional Colleges, and the Vice-President and Comptroller recommend authorization of agreements with the Chicago Foundlings Home, the Chicago Medical School, and the Pediatrics Hospital for the Mentally Deficient (a State Department of Public Welfare institution) for steam service to be supplied by the Medical Center Steam Company to buildings being constructed or to be constructed by these institutions in the Medical Center District. The contracts will include the following terms and conditions:

1. The University will furnish steam to these agencies on the basis of a maximum demand which is well within the capacity of the present plant and the additions being constructed under previous authorizations of the Board of Trustees.
2. The agencies will pay the University the cost of the portion of the capital facilities needed to produce steam to the extent called for in the contracts. These payments will be immediately paid by the agencies upon signing of the contracts or installments over the life of the contracts, in which case the agencies will also pay all interest and incidental charges incurred by the University in financing the facilities. Any amounts paid by the agencies representing a portion of the capital facilities will be immediately paid by the University to the Medical Center Steam Company as special amortization payments, thus reducing the indebtedness on the steam plant and the interest cost.
3. The agencies will be billed for steam furnished at a rate which shall cover all wages and other expenses of the steam company applicable to the production of steam plus an appropriate overhead charge of such costs to the Chicago Foundlings Home and the Chicago Medical School.
4. The agencies with whom the University is contracting will provide and install in their buildings steam flow and condensate meters of a type and size approved by the University. Title to these meters will be conveyed by the agencies to the Medical Center Steam Company.
5. These agencies will either construct at their own expense or request the Medical Center Steam Company to construct the steam distribution and condensate return systems necessary to carry steam to their buildings. If the agencies request the Medical Center Steam Company to construct or construct their own distribution and return system in accordance with plans and specifications approved by the University, the title to such facilities will be conveyed by the agencies to the Medical Center Steam Company and become a part of the steam plant to be operated and maintained by the steam company. If an agency constructs the necessary steam distribution and condensate return system under conditions not approved by the University, such facilities so constructed will not become a part of the Medical Center Steam Company and the responsibility for the operation and maintenance will be retained by the agency.
6. The University will be released from liability for any loss, damage, or injury caused by leakage, escape, or presence of steam vapor or water on the premises of the agency.
7. The contracts may not be assigned by the agencies without written consent of the University.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts after approval of the same by the Legal Counsel.

On motion of Mrs. Watkins, this recommendation was approved.

CITY OF URBANA STORM DRAINAGE IMPROVEMENTS

(20) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Comptroller and the Secretary of the Board of Trustees be authorized to notify the city of Urbana that the University will contribute its share of the cost of proposed storm drainage improvements which will also serve University property south of Florida Avenue and north of Springfield

Avenue, providing a local bond issue is approved, subject to the following conditions:

1. The potential storm drainage areas are specifically defined.
2. Neither the City nor the University will extend their respective drainage areas beyond those so defined.
3. The University's contributions will be determined by an independent engineering appraisal and evaluation of benefits to the City and the University, subject to approval of the same by the University, and such contributions shall be based on the actual cost of the work.
4. The city of Urbana will assume full responsibility and liability for a design to direct the flow of storm water runoff to the appropriate watershed.
5. Plans and specifications will be submitted for review and approval of the University prior to the award of contracts.
6. University contributions for its share of the cost may, at its option, be spread over a period not to exceed ten years with the further understanding that such contributions will be subject to the availability of funds and under the limitations provided by the statutes.

There is submitted herewith a supporting statement prepared by the Physical Plant Department giving further details about these improvements, and a copy is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Holt, this recommendation was approved and authority was given as requested.

PURCHASE OF INTRAVENOUS SOLUTIONS AT THE RESEARCH AND EDUCATIONAL HOSPITALS

(22) The Board of Trustees on May 29, 1958, approved a recommendation for the purchase of intravenous fluids and administration kits as required in the Research and Educational Hospitals during the period July 1, 1958, to June 30, 1959, from Abbott Laboratories, the lowest bidder, at an estimated cost of \$36,323.33 for the year. Bids were taken on a cost-per-unit basis. The transaction provides for renewal of the order for one year by mutual agreement.

A development in the use of intravenous fluids has resulted in a larger use of smaller bottles of fluid of a capacity of 100 and 250 c.c. rather than 500 and 1,000 c.c., and this has had wide acceptance. Because of this development and the increased use of intravenous solutions during the first six months of 1958-59, the cost for the year is now estimated at \$52,000. Accordingly, the Medical Director of the Hospitals, the Vice-President in charge of the Chicago Professional Colleges, and the Vice-President and Comptroller recommend authorization of an increase in the present order from \$36,323.33 to \$52,000.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

QUARTERLY REPORT OF THE COMPTROLLER

(24) The Comptroller presents his quarterly report to the Board as of December 31, 1958.

This report was received for record and a copy has been filed with the Secretary of the Board.

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

(25) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendation relating to an invention by members of the staff.

Filipin, a new antifungal antibiotic—David Gottlieb, Professor of Plant Pathology; H. E. Carter, Professor of Biochemistry; and Alfred Ammann, postdoctoral assistant (1954), inventors. On May 15, 1954, the Board of Trustees transferred this invention to the University of Illinois Foundation for further development. The Foundation negotiated an agreement with the Upjohn Company whereby that corporation advanced funds to develop the discovery and apply for a patent. This agreement specifies that the Foundation is to receive a

percentage of the sales of this antibiotic. It now appears that such income will be forthcoming in the near future.

The University statutes provide that the University Patent Committee shall recommend the percentage of income thus received to be paid to the inventors. The Patent Committee recommends that 15 per cent of the net income thus received should be paid to the inventors, the distribution of such income among the inventors to be their decision.

I concur in this recommendation.

Mr. Bissell, for the Committee on Patents, reported that the Committee also concurs in this recommendation, and on his motion, it was approved.

COMMUNICATION FROM MAYOR RICHARD J. DALEY

At this point Mr. Ira J. Bach, Commissioner of City Planning of Chicago, and Mr. Clifford Campbell, Deputy Commissioner, appeared at the Board meeting with a letter from Mayor Richard J. Daley, addressed to the President of the University, urging that the selection of a site for the Chicago Undergraduate Division be deferred, and inviting the Trustees to confer with him on this matter. Mr. Bach suggested that in view of this invitation the Board might wish to consider the action previously taken on site selection.

It was the consensus of the Board that the action already taken should not be rescinded but that arrangements for a conference of the Committee on General Policy with Mayor Daley should be made as soon as possible.

NEW TRUSTEES

Mrs. Watkins welcomed the new Trustees, Mr. Howard W. Clement, Mr. Richard A. Harewood, and Mr. Harold Pogue, to the Board, and spoke briefly on the role of the Board of Trustees in the administration of the University of Illinois. Her remarks included the following:

"I would like to say a few words of welcome to the new Trustees who are joining the Board at this meeting today.

"You have before you six very interesting years of work for your University.

"Our Board is an unusual one. Although our members are elected in a state-wide election on a partisan basis, once they have joined the Board all have become members of one party — the pro-University party.

"With the Board working together for the good of the University, and cooperating with its outstanding administrators like President Henry and with our fine faculty, the University of Illinois has become one of the great universities of this country.

"We hope you will receive a great satisfaction from your part in promoting the continued progress of the University."

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board took up consideration of the following reports and recommendations from the President of the University.

APPOINTMENTS TO THE FACULTY

(1) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. HAROLD R. ENGLANDER, Assistant Professor of Applied Materia Medica and Therapeutics, College of Dentistry, beginning March 1, 1959, at an annual salary of \$11,500 (DY).
2. MRS. MARÍA-ROSA MALKIEL, George A. Miller Visiting Professor of Spanish and Italian, beginning September 16, 1959, at an annual salary of \$11,000 (E).
3. C. NORTHCOTE PARKINSON, George A. Miller Visiting Professor of History and of Political Science, first semester of 1959-60, at a salary of \$6,000 (G).
4. ANDREW G. PASK, Visiting Research Assistant Professor of Electrical Engineering, for six months from March 1, 1959, at a salary of \$4,500 (DY).
5. RONALD SINGER, Visiting Associate Professor of Anatomy, beginning September 1, 1959, at an annual salary of \$11,730 (DY).

On motion of Mr. Johnston, these appointments were confirmed.

APPOINTMENT OF ASSISTANT DIRECTOR OF ATHLETICS

(2) The Director of Intercollegiate Athletics reports that Mr. Ray Eliot, Associate Professor of Physical Education for Men and Head Football Coach, has requested that he be permitted to give up his duties as Head Football Coach at the close of the 1959 football season so that he may accept appointment as Assistant Director of Athletics at the University of Illinois.

This proposal has been discussed with me by the parties concerned. I concur in the judgment of the Director of Athletics and his Board of Directors that this additional administrative service is much needed in the Department of Intercollegiate Athletics.

It should be noted that the position of Assistant Director is not new at Illinois, and that many athletic departments of other universities have such an administrative position — in fact, some have more than one assistant director. The position of Assistant Director at the University of Illinois has been held in the past by the late Carl L. Lundgren and Walter H. Roettger but has not been filled since the death of the latter. The increased responsibilities presented by the initiation of new programs, such as grants-in-aid, the increase in public relations contacts, and the day-to-day internal administrative load make it necessary to fill this position. It is fortunate that the University has a man of Mr. Eliot's professional background and experience, including twenty-two years on the staff, seventeen of them as Head Football Coach, available to fill this position.

On recommendation of the Director of Intercollegiate Athletics, the Board of Directors of the Athletic Association has approved Mr. Eliot's request and has appointed him Assistant Director of Athletics at the University effective January 1, 1960, subject to the concurrence of the Board of Trustees. I join in this recommendation.

A discussion of this recommendation followed its presentation, all the Trustees present participating, with tributes paid to Mr. Eliot for

his services to the University of Illinois as a student, as a member of the faculty, and as Head Football Coach.

On motion of Mr. Herrick, the recommendation was approved.

On motion of Mrs. Watkins, seconded by Mr. Harewood, the Secretary of the Board was requested to send a letter to Mr. Eliot on behalf of the Board of Trustees conveying to him the expressions of appreciation and tributes paid at the meeting.

HEADSHIP OF THE DEPARTMENT OF OPHTHALMOLOGY

(3) The Dean of the College of Medicine and the Vice-President in charge of the Chicago Professional Colleges recommend the appointment of Dr. Peter C. Kronfeld, now Professor of Ophthalmology on 70 per cent time, as Professor of Ophthalmology, on indefinite tenure, and Head of the Department of Ophthalmology in the College of Medicine and Ophthalmologist-in-Chief in the Research and Educational Hospitals and in the Illinois Eye and Ear Infirmary, on full time, beginning April 1, 1959, at an annual salary of \$20,000 (AY).

This appointment is to fill the vacancy created by the resignation of Dr. William F. Hughes, former Head of the Department, who asked to be relieved of his administrative duties but who is continuing to serve on the faculty as Clinical Professor without salary. In the meantime, Dr. H. L. Wilder, Assistant Professor of Ophthalmology, has been serving as Acting Head of the Department.

The nomination of Dr. Kronfeld was made by a search committee appointed by the Dean last year, and all members of the department of professorial rank have been consulted. The Vice-President and Provost and the Dean of the Graduate College concur in this appointment.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

APPOINTMENTS TO THE BOARD OF DIRECTORS OF THE ATHLETIC ASSOCIATION

(4) Pursuant to the provisions in the Articles of Incorporation of the University of Illinois Athletic Association, I submit herewith nominations for appointments and reappointments, as indicated in each case, to its Board of Directors to become effective as of today and to continue until the next annual meeting of the Board of Trustees of the University of Illinois in 1960, or until the successors of these directors have been appointed.

Faculty

ROBERT B. BROWNE, Professor of Education, Dean of the Division of University Extension, and Dean of the Summer Session (reappointment; has served since 1955)

KENNETH J. TRIGGER, Professor of Mechanical Engineering (reappointment; has served since 1956)

H. KENNETH ALLEN, Professor of Economics (reappointment; has served since 1957)

JOSEPH A. RUSSELL, Professor and Head of the Department of Geography (reappointment; Professor Russell has served since October 1, 1958; he was appointed to fill the vacancy created by the resignation from the University of Professor Marcus M. Rhoades, who was appointed in March, 1958)

Alumni

JOHN A. HOBART, Class of 1938, Vice-President, C. J. Duffey Paper Company, Rock Island, Illinois; residence, 2320 Thirteenth Street, Moline, Illinois (reappointment; has served since 1956)

CHARLES V. HALL, Class of 1931, 102 North Street, Normal, Illinois (reappointment; has served since 1957)

DUANE A. CULLINAN, Class of 1937, 1617 Eighth Street, Pekin, Illinois (Mr. Cullinan will replace Mr. William F. Hahne, Class of 1922, who has served on the Board since March, 1955)

On motion of Mr. Swain, the recommendations of the President were approved.

APPOINTMENT OF DELEGATE TO ILLINOIS COMMISSION OF HIGHER EDUCATION

(5) The Act of the Seventieth General Assembly of Illinois creating "The Commission of Higher Education" provides that the Commission shall be advised by a Committee of Delegates to include one member of the Board of Trustees of the University of Illinois, one member from the Board of Southern Illinois University, and one member from the Teachers College Board, to be selected by their respective boards; two members selected by the Commission from governing boards of private institutions of higher education and one member selected by the Commission from governing boards of junior colleges.

The Board of Trustees of the University of Illinois designated Mr. Park Livingston as its representative on the Committee of Delegates and authorized him to designate another member of the Board to replace him when he could not attend meetings. Since Mr. Livingston is no longer a member of the Board of Trustees, another representative should be designated. Mrs. Watkins has been attending meetings as Mr. Livingston's alternate.

On motion of Mr. Herrick, Mrs. Watkins was designated to serve as delegate until appointments to the standing committees have been made.

SABBATICAL LEAVES OF ABSENCE, 1959-60

(6) I recommend that the following members of the staff be given sabbatical leaves of absence during the academic year 1959-60 in accordance with the provisions of the University of Illinois Statutes and on the terms and for the period indicated.

The programs of research, study, and travel for which these leaves are requested have been examined by the University Research Board which advises the President in such matters.

CURRICULUM IN CIVIL ENGINEERING

(7) The Urbana-Champaign Senate and the Senate Coordinating Council recommend authorization of a revised undergraduate curriculum leading to the degree of Bachelor of Science in Civil Engineering. This is not a new curriculum but represents considerable revision and a major shift of emphasis toward more scientific backgrounds with less emphasis on technique and manipulatory procedures as compared with the existing curriculum. The principal changes include: Options, as such, are eliminated. Each student will have nine hours of technical electives. Normally, these electives must be selected to form a sequence from the advanced courses in the student's major field of specialization and in related engineering sciences.

Virtually all three-hour laboratory classes are eliminated. All three-hour design laboratories have been reduced to a maximum of two hours or eliminated entirely.

Major changes are made in course requirements: General Engineering 111, Advanced Drafting for Civil Engineers, dropped; Civil Engineering 160, Building Construction, dropped; Advanced Mathematics, three hours, added; Electrical Engineering 220, Basic Electrical Engineering, added; Mechanical Engineering 201, Mechanical Power Equipment, replaced by Mechanical Engineering 209, Thermodynamics and Heat Transfer.

Credit hours for graduation are increased from 136 to 141 without, however, extending the student's residence at the University beyond the presently necessary eight semesters and a summer session.

A copy of the complete curriculum, as revised, is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

GRADUATE PROGRAM IN HOME ECONOMICS

(8) The Urbana-Champaign Senate and the Senate Coordinating Council recommend authorization of a graduate program leading to the degree of Doctor of Philosophy in Home Economics with a major in foods and nutrition. This program has been developed to meet a demonstrated demand for such graduate training. The courses of study selected will draw heavily on graduate instruction in basic science and related fields according to the needs of the individual students. The combination will provide a sound program with emphasis on fundamental behavior of food ingredients, human nutrition, and those aspects of food processing that are of special importance in the home.

Admission Requirements

A grade-point average of at least 3.5 in the last sixty semester hours of undergraduate work completed.

A student planning for this program will be required to have had in undergraduate work a foods course with an organic chemistry prerequisite, a nutrition course with organic chemistry and physiology prerequisites, adequate training in chemistry, including quantitative analysis, and an introductory course in bacteriology.

Students will also be advised to take in their undergraduate work courses in colloid chemistry, physics, and trigonometry, but deficiencies in any of these may be made up during the first year of graduate study.

For a minor as admission to this program only, the prerequisites or their equivalents for the selected courses are required.

Degree Requirements

These will include fulfillment of all the general requirements of the Graduate College as to residence, proficiency in foreign languages, preliminary and final examinations, and a thesis. Candidates may elect minors in animal nutrition, bacteriology, biochemistry, food technology, physiology, and in other appropriate areas.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

AUTHORIZATION OF APPLICATION FOR SUPPORT OF BIOPHYSICAL RESEARCH

(9) The Biophysical Research Laboratory of the Department of Electrical Engineering has prepared a proposal to the Office of Naval Research for support of a research project on "Application of Ultrasound to the Study of and the Production of Changes in Brain Mechanisms in Experimental Animals and in Humans," and an application for funds: \$272,460 for the first year, \$264,055 for the second, and \$254,887 for the third year of the study. This would include \$463,000 for equipment during the three years and a provision for all other costs including reimbursement for the University's indirect costs.

I recommend authorization of this application and execution of the resulting contract.

On motion of Mr. Johnston, this recommendation was approved.

SUBCONTRACTS FOR RESEARCH SERVICES

(10) Occasionally it is advantageous to the University to have some of the work required under research contracts with governmental agencies and other sponsors of research done elsewhere through subcontracts with universities, individuals, or corporations. Basic contracts usually provide for such subcontract, and they are subject to approval in advance of execution by the sponsoring agency. To secure advance approval of the Board of Trustees of such contracts, as now required by Board regulations applicable to purchases of materials or services costing more than \$2,500, often delays work on research projects.

It is therefore recommended by the Vice-President and Comptroller that the requirement of advance approval by the Board be waived in cases of subcontracts for research if the costs are to be paid entirely from contract funds and the subcontracts have been approved by the sponsors. In each case, the subcontract would be reported to the Board.

I concur.

On motion of Mr. Hughes, this recommendation was approved.

APPLICATION FOR LOAN FOR CONSTRUCTION OF MEN'S RESIDENCE HALLS

(11) The Board of Trustees has authorized filing of an application to the Housing and Home Finance Agency for a loan to finance the construction of a number of housing projects, including a residence hall for 1,485 single undergraduate students which will be Stage 3 in the University's program for the construction of student housing. The Committee on Buildings and Grounds has approved some changes in the housing construction program in the three units of Stage 3, and

the completion of the first unit (to house approximately 500 men) is now scheduled for September, 1960. An application for \$3,750,000 has been submitted to the Housing and Home Finance Agency.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that:

1. The filing with the Housing and Home Finance Agency be confirmed;
2. The firm of Chapman and Cutler of Chicago be employed as counsel for the bond issue;
3. The Vice-President and Comptroller and the Director of the Physical Plant be authorized to secure bids for the construction and to advertise a sale of the bonds at such time as is feasible and appropriate; and
4. Such other steps as are necessary in connection with the bond issue and sale of bonds be authorized.

I concur.

On motion of Mr. Swain, these recommendations were approved.

I concur.

On motion of Mr. Swain, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

ARCHITECTURAL AND ENGINEERING SERVICES FOR ILLINOIS FIRE COLLEGE TRAINING FACILITIES

(20) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a contract with A. Epstein and Sons, Inc., Chicago, to make site studies and cost estimates for the construction of training facilities for the Illinois Fire College at a fee of \$2,500. These facilities will be constructed in the south farms area and will replace the present fire training tower on Sixth Street between Springfield Avenue and Healey Street. The area occupied by this tower has been assigned as a site for the construction of a building by the National Council of Teachers of English which has its headquarters at the University.

The Illinois Firemen's Association will request a state appropriation for the new facilities. Funds are available in the current state appropriations to the University for 1957-59 for the architectural studies.

I concur.

On motion of Mr. Johnston, this contract was authorized.

ADDITION TO CONTRACT FOR ARCHITECTURAL SERVICES ON ILLINI UNION BUILDING

(21) Jameson and Harrison, Architects and Engineers, Peoria, have been employed for a part of the architectural and engineering work on the addition to the Illini Union Building. The design work is being done by Eggers and Higgins, New York.

Construction of the east wing must be deferred until Harker Hall can be razed. However, the structural design of the total addition must include provisions for the east wing with respect to air conditioning and utilities installations and construction of footings so that the wing, when constructed, can be properly joined to the main unit. Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend an addition to the contract with Jameson and Harrison for their assignments to include such of the structural design work on the east wing as must be done now, so that when it is constructed it can be joined to the main unit with a minimum of structural changes in the latter. The additional work will be paid for on the usual cost-plus basis and the estimated fee is \$4,750. Credit for such work will be allowed when the complete contract for architectural services on the east wing is completed.

I concur.

On motion of Mr. Herrick, this change in the contract was authorized.

INSTALLMENT PLAN FOR PAYMENT OF UNIVERSITY FEES AND HOUSING CHARGES

(22) The Vice-President and Comptroller recommends that effective in September, 1959, students at Urbana-Champaign be given the option of paying tuition, fees, and residence halls charges on an installment basis. Charges for each of the first and second semesters will be collected in four installments, the first payable at registration and the remaining in each of the following months. Summer session charges will be payable one-half at registration and one-half during the following month. This plan will not apply to registrations in extramural and correspondence courses, or to University housing contracts on an annual lease basis, which are now payable monthly.

Students electing the installment plan for tuition and fees will be assessed a \$2.00 service charge. An additional service charge of \$2.00 will also be assessed in the case of the flight instruction fee of \$300.00 if paid on the installment basis. There will be no service charge for the payment of University housing accounts on the installment basis which are now payable monthly.

A charge of 2 per cent, but not less than \$1.00, will be assessed on each installment of any tuition, fee, or housing account that becomes delinquent. An installment will be considered as delinquent on the first day of the month following the date payment is due. This penalty will also apply to delinquent rental accounts of students and staff which are payable on a monthly basis. It is not proposed that this plan apply to the Chicago colleges, although it will be studied with the possibility of a recommendation for its extension at a later date. There are no housing accounts at the Chicago Undergraduate Division, but a deferred plan for fees is now in effect there. At the Professional Colleges, the schedules of required payments, availability of fee deferment and the three-term system of operation result in a payment plan similar to that proposed for Urbana.

The Director of Housing, the Dean of Students, and the Vice-President and Comptroller recommend the adoption of this plan. Authority is requested for the President to make minor modifications as experience may prove desirable when recommended by the appropriate officers.

I concur.

On motion of Mrs. Watkins, this plan was approved.

GRANT FROM KELLOGG FOUNDATION

(23) The Kellogg Foundation, Battle Creek, Michigan, has approved a grant to the University of \$110,400, payable over a period of three years, to assist in the development of a teacher-education program in the College of Dentistry under the supervision of Dean Isaac Schour. It is proposed to make the grant effective July 1, 1959. The funds will be made available in the University subject to certain conditions specified by the Foundation all of which are acceptable to the University and are consistent with University policy.

I recommend acceptance.

On motion of Mr. Johnston, this grant was accepted.

CURRICULUM IN OCCUPATIONAL THERAPY

(28) The Urbana-Champaign Senate and the Senate Coordinating Council recommend the following alterations in the curriculum in Occupational Therapy. They are minor in nature involving elimination of some and the addition of other courses, changes in the required hours of therapeutic techniques and electives, and revision of the statement of the grade-point average to be maintained.

First Year: Drop Hygiene 104, Science of Personal Health; add Physiology 103, Introduction to Human Physiology; reduce hours of Therapeutic Techniques from 7 to 6; substitute Zoology 104 for 101; alter hours of electives (foreign language, history, literature) from 8-10 to 9; alter total required hours from 30-34 to 31 or 33.

Second Year: Reduce hours of Therapeutic Techniques from 15 to 11, and increase electives from 4-6 to 8-10.

Third Year: Substitute Physiology 234, Human Anatomy and Physiology, for 134 (a change in course number); add as an alternative for Psychology 216, Child Psychology, Home Economics 201, The Child and His Development; authorize substitution of an approved substitute for Psychology 338, Abnormal Psychology; reduce hours of Therapeutic Techniques from 12 to 8; and increase electives from 5-7 to 6-8.

Alter the statement that "a minimum of 3.5 must be maintained at all times in the curriculum" to read: "a cumulative average of 3.5 must be acquired before transfer to that portion of the course offered in the College of Medicine."

I concur.

On motion of Mr. Swain, this recommendation was approved.

INCREASE IN PURCHASE PRICE OF MASS SPECTROMETER

(29) At the September 30, 1958, meeting, the Board of Trustees authorized the purchase, at a price of \$49,645, of a special mass spectrometer, from Consolidated Electrodynamics Corporation, Chicago (hereinafter referred to as "Consolidated"), for the Department of Chemistry and Chemical Engineering, on the basis of a sealed bid previously received, Consolidated being the only bidder offering to make and furnish the spectrometer desired. A purchase order, specifying the bid price, was sent to Consolidated on October 3, 1958.

On receipt of that order, Consolidated declined to accept it on the grounds that the purchase order was not received within the time specified in its proposal and that substantial mistakes had been made in computing the cost. However, Consolidated expressed willingness, under the circumstances, to make the spectrometer for \$59,895, which this company states is substantially less than it would ordinarily charge and is less than the cost of construction.

Consolidated is the only manufacturer of the type of spectrometer which the Department of Chemistry and Chemical Engineering needs. Funds are available for the additional cost. Litigating the question of whether Consolidated is obligated to furnish the spectrometer to the University at the price originally specified would not appear to be in the best interests of the University in view of the fact that the spectrometer can not be obtained elsewhere and, even if the University would be successful in the litigation, this would delay the delivery of the spectrometer which is needed now.

Accordingly, the Head of the Department of Chemistry and Chemical Engineering, the Director of Purchases, and the Vice-President and Comptroller recommend amendment of the previous purchase authorization to payment of \$59,895 for this equipment.

I concur.

On motion of Mr. Harewood, this recommendation was approved.

LEASE OF PROPERTY AT 609 SOUTH SIXTH STREET, CHAMPAIGN

(30) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the University lease, through the University of Illinois Foundation, approximately 2,170 square feet of space in the building at 609 South Sixth Street, Champaign, Illinois. The space will be occupied by the Department of Electrical Engineering for its Gaseous Electronics Laboratory for research work under a government contract.

The lease will be between the Foundation and Tom Whetzel, the owner. It will begin as soon as possession can be obtained and continue until June 30, 1964, at \$450 a month. The sublease from the University of Illinois Foundation will be on the same basis except the initial sublease will run until June 30, 1959, and will be automatically renewed for two-year periods until the termination of the Foundation's lease.

To secure this lease, it will be necessary for the University to purchase from the present tenant a heater, water-cooled air conditioner, sink, chemical bench and exhaust hood at a cost of \$1,500, and to make certain alterations in utilities connections, estimated to cost \$1,000, to separate the leased area from the remaining space occupied by the present tenant. The University will provide janitor service, heat, and utilities for its space.

Funds will be assigned from indirect costs recovered from government contracts for the purchase of the equipment, alterations, and the rent.

I concur.

On motion of Mr. Johnston, this lease was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

LEASE OF SITE FOR BUILDING TO NATIONAL COUNCIL OF TEACHERS OF ENGLISH

(31) At its November, 1958, meeting this Board authorized the Comptroller to give assurance to the National Council of Teachers of English that the Board would authorize the leasing to that Council of land situated in a portion of the block bounded by Wright Street, Springfield Avenue, Sixth Street, and Healey Street in the city of Champaign, title to which is held by the University, to provide a site upon which the Council will, at its expense, construct a building for its educational activities. This Board was then informed that when negotiations with the Council relative to the principal terms of the lease would be concluded, a further recommendation would be made to the Board for "the approval of such agreement or resolution as may be necessary to implement this arrangement."

Agreement has now been reached, subject to this Board's approval, relative to the principal terms of the proposed lease, and further action by the Board approving the terms and authorizing the execution on behalf of the University of the proposed lease is desirable and necessary.

Accordingly, the Legal Counsel, the Director of the Physical Plant, the Vice-President and Comptroller, and the Vice-President and Provost recommend the adoption of the following resolution, and I concur:

Resolution

WHEREAS, The National Council of Teachers of English, a not for profit corporation, conducts educational and other activities of benefit to the University of Illinois and the general public and desires to erect, at its own expense, upon the land hereinafter described, which it desires to lease from the University, upon the terms and conditions hereinafter set forth, a building in which to maintain its headquarters and carry on many of its activities; and

WHEREAS, The construction and use of said building, and the carrying on of its educational activities therein, by said Council upon said site will be advantageous and of benefit to the University of Illinois and the citizens of the state of Illinois which the University serves:

S. Wright's Addition to said City, a distance of 115.0 feet to the place of beginning;

upon the terms, provisions, and conditions hereinafter set forth be, and the same is hereby, authorized and approved.

The principal terms, provisions, and conditions upon which the leasing of said tract or parcel of land to said Council is herein and hereby authorized and approved are as follows:

- (1) Said leasing shall be subject to the rights of the Urbana-Champaign Sanitary District in a portion of said property under an easement grant heretofore given said District, and shall also be subject to an easement of passageway over and across a strip twenty feet wide extending from the west line to the east line of said premises and located north of the building to be erected by the Council which shall be reserved to University and its licensees in the lease for the entire term of the latter.
- (2) The term of the lease shall be for seventy-five years from April 1, 1959, unless sooner terminated by virtue of the operation of its provisions.

- (4) Title to said building, when constructed, shall vest in the University and shall continue to be held by the University upon the termination or expiration of the lease.
- (5) No alterations to said building shall be made or any additions thereto shall be constructed by the Council, nor shall it construct any additional building or buildings upon said premises, without first securing University's approval in writing for the making or construction of the same, and the provisions of (3) and (4) above shall apply to any such alterations or additional construction.

SITE SELECTION FOR RELOCATION OF THE CHICAGO UNDERGRADUATE DIVISION

Mr. Johnston, for the Committee on General Policy, presented the following report:

On February 23, the General Policy Committee and the Executive Committee of the Board of Trustees met with the Mayor of Chicago at the Mayor's request to discuss certain suggestions which he had to make.

At the meeting the Mayor presented a statement, copies of which have been made public and sent to the members of the Board of Trustees.

The General Policy Committee agreed to recommend to the Board of Trustees that the date for reconsideration of its action on the selection of the Riverside site as the location for the Chicago Undergraduate Division would be extended to April 15, and that the Board express its willingness to receive from the Mayor any suggestions that appear to him to be the equivalent in feasibility and desirability.

At the meeting the Mayor emphasized the point which he had included in his prepared statement, that the City would be prepared to defray any extraordinary costs which would arise out of the selection of the site in Chicago as compared with Riverside. The Mayor also agreed to attempt to give a definitive answer on this question and that all proposals are to be consonant with the time schedule established by the Board of Trustees for land acquisition and construction of buildings for the Chicago Undergraduate Division.

It is understood that the University administration will follow the instruction given to it at the Board meeting on February 19, for legislative purposes, and assume that the amount required for Riverside would be the base need if there should be any subsequent alteration of the site decision now on record. Thus, negotiations with Riverside Golf Club are to go forward, but an alternate plan of action may be devised. The budget request to the Governor and the General Assembly will be made accordingly.

Consonant with the reactions, understandings, and events reported above, I move that the date for reconsideration of the action of the Board of Trustees in designating Riverside Golf Club as the site for the development of the Chicago Undergraduate Division be extended to April 15, 1959.

In adopting this motion, the Board will understand that the administrative staff will work with representatives of the City as requested.

Following general discussion of this report, on motion of Mrs. Watkins, Mr. Johnston's motion was unanimously adopted.

EXECUTIVE SESSION

At this point, on motion of Mr. Johnston, an executive session was ordered for consideration of the following item of business.

PURCHASE OF LAND

(32) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 1003 West Green Street, Urbana, at a price of \$40,000 on these terms: \$10,000 to be paid on or before March 31, 1959, provided title is shown to be good and merchantable; the balance of \$30,000 to be paid upon possession by the University, not later than July 15, 1959; taxes for 1959 to be pro-rated as of the date of possession; and the seller to be permitted to remove the garage, fence, and the stair carpeting from the property.

The property is a lot with a frontage of 63.4 feet on Green Street and 220 feet deep, and a frame residence consisting of a five-room apartment occupied by the

owners and rooms for sixteen women students. The land will be needed as a part of the site for Stage 4 of the construction of residence halls for single undergraduate men. In the meantime, the house will be used for office space.

The selling price is within the range of appraisals received by the University. Funds are available in the state appropriation to the University for 1957-59 for acquisition of land, subject to release by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents upon release of the funds and approval of title by the Legal Counsel.

On motion of Mr. Johnston, the foregoing recommendation was approved and the purchase of the property was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

SABBATICAL LEAVES OF ABSENCE

(6) The following sabbatical leaves of absence during the academic year 1959-60 are recommended as supplementary to the list of leaves approved by the Board of Trustees on March 12, 1959:

- A. W. BURGER, Associate Professor of Agronomy, first semester, full pay; to study teaching of crops in the Midwest—Nebraska, Iowa, Michigan State, Purdue—in order to collect and prepare materials for teaching and counseling.
 GERTRUDE E. KAISER, Assistant Professor of Home Economics Extension, October 1, 1959-March 31, 1960, full pay; to study adult education development.
 BJORNAR BERGETHON, Professor of Music, second semester, full pay; to study contemporary trends in music and music education in the Scandinavian countries.

On motion of Mr. Hughes, these leaves were granted as recommended.

IMPROVEMENTS AT UNIVERSITY OF ILLINOIS AIRPORT

(7) The Board has authorized an application to the Civil Aeronautics Administration for funds for one-half of the cost, \$160,000, for enlarging the apron and providing roads, walks, parking, and fencing at the University Airport. The development of plans, including installation of some additional utilities under the ramps, indicates that the total costs will be at least \$247,600. The matching funds are to be provided by the State Department of Aeronautics from funds to be appropriated by the Seventy-first General Assembly.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend that an application for the revised amount be authorized.

I concur.

On motion of Mr. Harewood, this recommendation was approved.

PURCHASE OF LAND FOR RADIO TELESCOPE

(8) The University has purchased approximately two hundred acres of land in Vermilion County, near Danville, Illinois, as the site for the construction of a radio telescope for the Department of Astronomy under a research contract with the Office of Naval Research.

To provide adequate drainage at the immediate site of the telescope it is necessary either to reroute a small stream or to construct a very expensive conduit for the stream. The cost of rerouting will be relatively small but to do this will require traversing an area immediately adjacent to the site of the instrument and it will be necessary to acquire some adjoining land. A narrow strip approximately fifty feet in width and a total area of two acres will suffice for this purpose, and this additional land will also facilitate grading at the corner of the site of the instrument which will reduce construction costs. The owner of the adjoining land, Mr. Benhard Vogt of Georgetown, Illinois, has agreed to sell the two-acre strip needed for \$200. This tract may be described as follows:

The North (N) fifty (50) feet of the East (E) forty (40) acres of the North fraction of the North East Quarter (NE $\frac{1}{4}$) of Section Two (2), Township Eighteen North (T18N), Range Eleven West (R11W) of the Second Principal Meridian (2nd P.M.) being the North (N) fifty (50) feet of the East (E) forty (40) acres of all that part of said North East Quarter (NE $\frac{1}{4}$) North of the Vermilion River, situated in the Township of McKendree, in the County of Vermilion and State of Illinois.

Writing of the specifications for the construction of the radio telescope could not proceed until a decision was made as to the availability of this tract. To avoid delay of the project, a payment of \$200 was made to Mr. Vogt as a 100 per cent option on the land, in return for which he has given the University a warranty deed for the tract required.

The Vice-President and Comptroller recommends that the Board of Trustees authorize the purchase of this land by exercising the option taken, which in effect will constitute payment in full for the land, and the recording of the warranty deed already delivered to the University.

I concur.

On motion of Mr. Swain, the purchase of this land was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

RELOCATION OF FACILITIES AT CHICAGO UNDERGRADUATE DIVISION

(11) In preparation for St. Lawrence Seaway traffic the city of Chicago will need to provide railroad trackage in the roadway at Navy Pier and railroad siding for storage of freight cars. This will require removal and relocation of a greenhouse and chemical storage vault used by the Chicago Undergraduate Division, and as a consequence of this the relocation of certain utilities and rebuilding of some steps and loading platforms.

The University will be required to pay for some of these changes at an estimated cost not to exceed \$20,000. The University has on deposit in the First National Bank of Chicago \$200,000 in escrow to provide for the restoration of the areas of Navy Pier now occupied by the University when it is vacated. Under the escrow agreement, these funds may be invested by the University. At present, the escrow funds consist of \$235,000 of par value of United States Treasury Bonds and Notes and \$7,248.69 in cash, the securities representing a cost of \$234,992.80. Negotiations are under way with city officials as to the possibility of using up to \$20,000 of the excess over \$200,000 in the escrow funds to pay the cost of the

University's share of the work to be done at Navy Pier, but it may be several months before a decision is reached as to such use of these funds. If the interest earnings of the escrow funds can not be used, a special appropriation will be necessary to cover the cost of the work.

In the meantime, in order that this remodeling program be not delayed, the Director of the Physical Plant and the Vice-President and Comptroller request authorization to proceed with the necessary work with the understanding that the cost will be paid from the escrow funds or from an appropriation from the General Reserve to be made later.

I concur.

On motion of Mrs. Watkins, this recommendation was approved, and authority was given as requested, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR CONSTRUCTION OF GRADUATE STUDENT RESIDENCE HALL

(12) Bids were taken on February 17, 1959, for the construction of a residence hall to house 307 graduate students to be financed, except for the purchase of movable equipment, by a loan from the Housing and Home Finance Agency which has given preliminary approval to an application for a loan of \$1,395,000. Felmley-Dickerson Company, Urbana, submitted the lowest base bid of \$1,269,500, and alternate bids, as requested, on changes in the construction to provide 213 single and 94 double room accommodations instead of 69 single and 238 double rooms included in the base bid. The bid prices are firm until April 18, 1959.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees authorize official notification of Felmley-Dickerson Company of the Board's intention to award this Company a contract for \$1,349,000 (including the base bid plus the alternates) upon approval of the loan agreement by the Housing and Home Finance Agency; and that the Board authorize Felmley-Dickerson Company to proceed with the construction of the building, provided that total expenditures do not exceed \$100,000 prior to execution of the contract. The additional income from the increased number of single rooms will more than amortize the additional cost over the life of the bonds. Assurances have been received from the Housing and Home Finance Agency that the loan will be approved; it is a matter of completing the necessary details. The contractors are willing to proceed on this basis so that construction will be on schedule and the building will be ready for occupancy in September, 1960.

Funds are available in Housing Division reserves for the construction payments which become due prior to the execution of the contract and can be permanently assigned to the project in the unlikely event the contract can not be executed. The assignment of up to \$100,000 from this source is recommended as an advance to be repaid when financing has been completed.

I recommend approval of this interim financing and that the Comptroller be authorized to notify the contractor to proceed accordingly. The contract will be submitted to the Board for approval when processing of the loan has been completed.

On motion of Mr. Clement, this recommendation was approved, and authority was given as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR REPLACEMENT OF SKYLIGHT IN ENGLISH BUILDING

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of a contract for \$4,760 to the Limbach Company, Columbus, Ohio, the lowest bidder, for the replacement of the skylight in the English Building on Wright Street.

Funds are available in the Physical Plant Department budget for the current year.

I concur.

On motion of Mr. Pogue, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR INSTALLATION OF CUBICLES IN LIBRARY OF BIOLOGY BUILDING

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$16,970 to E. F. Hauserman Company, Cleveland, Ohio, the lowest bidder, for installation of cubicles in the library of the new Biology Building.

Funds are available in the state appropriation for the construction of this building.

I concur.

On motion of Mr. Hughes, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT WITH OZARK AIR LINES FOR THE USE OF UNIVERSITY OF ILLINOIS AIRPORT

(15) The Director of the Institute of Aviation and the Vice-President and Comptroller recommend renewal of the lease with Ozark Air Lines, Inc. for use of the University Airport for five years from July 1, 1959, on the following terms:

1. Landing fees of \$360.00 a month for up to fifteen scheduled flights a day, plus \$1.00 per 1,000 pounds per month on aircraft over 28,000 pounds gross weight; proportional fees to be charged for flights in excess of fifteen a day.
2. Rental of office space at \$3.50 per square foot per year (a total of 1,417 square feet is assigned to Ozark, making the annual rental \$4,959.50); basement storage space to be available at \$1.00 per square foot per year; until the new terminal building is occupied, rental of existing space will continue at the present rate of \$75.00 per month.
3. Use of loud speaker system at a rental of \$10.00 a month.
4. Gasoline and oil sales at cost plus a handling charge of four cents a gallon for gas and twenty-five cents a gallon for oil.

I concur.

On motion of Mr. Clement, the renewal of this lease, on the terms recommended, was authorized.

SALE OF SECURITIES

(16) The Finance Committee recommends adoption of the following resolutions authorizing the sale of securities representing investments of University trust funds.

WHEREAS, The Finance Committee of said Board has determined that it is advantageous to sell the above listed securities,

Now, Therefore, Be It Resolved by the Board of Trustees of the University of Illinois that these securities be sold and that H. O. Farber, Comptroller, and A. J. Janata, Secretary, be authorized to execute all documents necessary to complete such sale.

These securities represent a portion of the investment of the George A. Miller Endowment.

On motion of Mr. Swain, the foregoing resolution was adopted.

Resolution

WHEREAS, The Board of Trustees of the University of Illinois is the owner of the following stocks:

- 100 Safeway Stores, Incorporated
- 2 Standard Oil Company of New Jersey
- 1 U. S. Life Insurance Company, and

WHEREAS, The Finance Committee of said Board has determined that it is advantageous to sell the above listed securities,

Now, Therefore, Be It Resolved by the Board of Trustees of the University of Illinois that these securities be sold and that H. O. Farber, Comptroller, and A. J. Janata, Secretary, be authorized to execute all documents necessary to complete such sale.

These securities were given to the University by Mrs. Edith B. May of Port Washington, New York, as the initial gift to establish the David T. May Student Loan Fund as a memorial to her late husband, David T. May, of the Class of 1905. She has provided in her will an additional bequest for this fund which may be used either for scholarships and/or loans to students.

On motion of Mr. Swain, the foregoing resolution was adopted.

(19) In accordance with the By-Laws of the Board of Trustees, the Treasurer of the University has submitted a report of receipts and disbursements of University funds in his custody for the period March 1, 1958, to February 28, 1959, certified by the Comptroller. A copy of this report was sent to each member of the Board of Trustees prior to today's meeting, and a copy is filed with the Secretary of the Board.

This report was received for record.

EMPLOYMENT OF ARCHITECTS AND ENGINEERS

Mr. Pogue reported that the Committee on Buildings and Grounds has considered the following recommendations from the President and other University officials for the employment of architects and engineers on University construction.

Addition to Biology Building

The firm of Richardson, Severns, Scheeler, and Associates, Champaign, on the building studies and design, and Shaw, Metz, and Dolio, Chicago, for the completion of plans and specifications. Mr. Ambrose Richardson has been employed for some time as consulting architect on campus planning for the University, and recently has been working in great detail on plans for the College of Liberal Arts and Sciences. This background will be helpful in the total planning on the addi-

tion to the Biology Building. Shaw, Metz, and Dolio are architects for the new Physics Building and have satisfactorily completed this assignment.

The contractual relationships with these two firms has been discussed with the principals and the arrangements are acceptable to them. Their combined fee will not exceed the standard 6 per cent normally paid for architectural services.

Nuclear Reactor Laboratory

The firm of Richardson, Severns, Scheeler, and Associates, Champaign, to prepare preliminary studies and the firm of Clark, Daily, and Dietz, Urbana, for the engineering work. The Physical Plant Department will supervise the construction.

The construction of this building will be financed by a grant of \$150,000 from the Atomic Energy Commission, plus an appropriation of \$95,000 made by the Board of Trustees in May, 1958. Richardson, Severns, Scheeler, and Associates will be paid on the basis of cost plus 75 per cent for overhead and commission; Clark, Daily, and Dietz will be paid on the basis of cost plus 100 per cent for overhead and commission, and will be reimbursed for other expenses incidental to the work.

Widening and Repaving Green Street

The city of Urbana has proposed that the widening and repaving of Green Street from Wright Street to Vine Street in Urbana be undertaken as a public improvement project and has asked the University to contribute its share of the cost for the improvement. The project is presently proposed for construction during the summer of 1959.

The Committee on Buildings and Grounds has approved in principle the University's participation on the improvement of this street from Wright Street to Lincoln Avenue, and recommends formal approval by the Board.

The City has also requested the University to assume the responsibility for the preparation of plans and specifications for that portion of the improvement from Wright Street to Lincoln Avenue.

The Committee on Buildings and Grounds concurs in the recommendation that Clark, Daily, and Dietz, Urbana, be employed for this project on the basis of the standard minimum fees of the Illinois Society of Professional Engineers and the Illinois Association of Consulting Engineers. It is estimated that the total cost of these engineering services will be approximately \$22,000.

Correction of Electrical Overloading in the First Unit of the Dentistry-Medicine-Pharmacy Building

Pioneer Service and Engineering Company, Chicago, for the engineering design of the transformer vault and distribution system to provide adequate electrical power supply to this building and to eliminate the heavily overloaded condition now existing. This will replace equipment which is thirty years old and obsolete. The Pioneer Service and Engineering Company will be paid on the basis of salaries and wages of employees engaged directly in the work plus 75 per cent of salaries and reimbursement of expenses incurred by them on behalf of the project. It is estimated that the cost of this service will not exceed \$30,000. Funds are available in the budget of the Physical Plant Department for Architectural Studies for Future Buildings.

On motion of Mr. Pogue, the foregoing recommendations were all approved.

CONSTRUCTION OF ASSEMBLY HALL

Mr. Pogue reported that the Committee on Buildings and Grounds on April 13, 1959, reviewed the model and a list of proposed omissions and revisions in the building construction contract for the Assembly Hall. These changes will reduce the lowest bid received on March 4, 1959, from \$7,859,788 to \$6,459,788.

The proposed changes do not impair the design, reduce the seating capacity, or eliminate any of the functions for which the building was designed. No changes are proposed in the theater facilities.

This reduction in the construction contract, together with other reductions, will result in a project cost of \$7,750,000.

The Committee recommends that, subject to the availability of funds, the University proceed on this project, confirming the prices for omissions and revisions with the Felmley-Dickerson Company.

On motion of Mr. Johnston, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CHICAGO UNDERGRADUATE DIVISION SITE SELECTION

Mr. Johnston, for the Committee on General Policy, presented the following statement and motion:

The Board of Trustees, at its meeting on March 12, 1959, agreed that "the date for reconsideration of the action of the Board of Trustees in designating Riverside Golf Club as the site for the development of the Chicago Undergraduate Division be extended to April 15, 1959," in accordance with the request of Mayor Richard J. Daley.

In a letter to President Henry dated April 7, 1959, Mayor Daley has stated, "Whereas I am extremely reluctant to cause even the slightest further delay, the circumstances relating to the scheduled meeting of railroad officials and the Railroad Terminal Authority on April 22, 1959, would appear to make it desirable for us to postpone our meeting until immediately after that date, at which time we would be in a position to present the preliminary conclusions of the railroads. In addition, studies of the Department of City Planning relating to matters discussed at our last meeting will be ready for presentation at that time."

The report from the engineers was presented to representatives of the railroads and Mayor Daley on March 25, 1959. In view of the agreement reached on that date between the railroads and Mayor Daley to meet again on April 22, I move that the date for reconsideration of site selection for the Chicago Undergraduate Division be extended to a mutually convenient date as soon after April 22 as possible. In the meantime, the University staff will analyze and report upon the material in Mayor Daley's letter related to the time schedule.

This motion was seconded by Mr. Harewood and was unanimously adopted.

At this point, on motion of Mr. Johnston, an executive session was ordered for consideration of the following item of business.

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

(20) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendation relating to an invention by a member of the staff.

Device for orthisographic (integrated-orthographic-isometric) direct projection—Wayne L. Shick, Associate Professor of General Engineering, Inventor. This is an engineering drawing device which greatly increases the accuracy and speed of drawing four views, because of direct projection, omitting all transfer of measurements by indirect means necessary when using conventional methods.

The University of Illinois Foundation has reported to the University Patent Committee that this invention has a good possibility of commercial value. Accordingly, the Patent Committee recommends the release of the rights of the University in this invention to the Foundation for development and application for a patent if desirable.

I concur in this recommendation.

On motion of Mr. Clement, this recommendation was approved.

On motion of Mr. Johnston, the Board adjourned.

AWARDS OF HONORARY DEGREES

(5) The Urbana Senate has recommended the awards of honorary degrees as follows to be conferred at the Commencement Exercises in June, 1959, or at any other appropriate University convocation:

DR. THOMAS WHITFIELD BALDWIN, Doctor of Literature (Litt.D.)

DR. ERNEST HENRY VOLWILER, Doctor of Science (D.Sc.)

DR. WENDELL MEREDITH STANLEY, Doctor of Science (D.Sc.)

DR. JOHN IRA PARCEL, Doctor of Engineering (D.Eng.)

DR. ARTHUR SHERWOOD FLEMMING, Doctor of Laws (LL.D.)

I recommend approval. Dr. Volwiler's degree will be conferred on June 12 at the Commencement Exercises for the Chicago Professional Colleges at which he will give the address. The other degrees will be conferred at the Commence-

ment Exercises at Urbana on June 13, at which Dr. Flemming will be the speaker.

On motion of Mr. Swain, these degrees were authorized.

GRADUATE PROGRAM IN LAW

(6) The Urbana Senate recommends authorization of a new program in the Graduate College leading to the degree of Master of Comparative Law (M.C.L.) designed especially for the graduate students whose first degree in law was earned in a country whose legal system is based upon the civil law. The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved in this question.

Admission Requirements

The applicant must have received the first professional degree in law or its equivalent under the system of law in which he is trained.

The applicant must present evidence of ability to do satisfactory work at the graduate level.

The applicant must present evidence of sufficient facility in the written and spoken use of the English language to benefit from study at Illinois.

Degree Requirements

One academic year in residence at the College of Law.

Satisfactory completion of a course program approved by the Graduate Committee of the College of Law, consisting of eight units of work including at least two units of research.

A satisfactory thesis.

I concur.

On motion of Mr. Clement, this recommendation was approved.

NEW DEPARTMENTS IN COLLEGE OF LIBERAL ARTS AND SCIENCES

(7) The faculty of the College of Liberal Arts and Sciences and the Urbana Senate recommend establishment of two new departments in the College:

Department of Anthropology

At present the educational research program in anthropology is administered by the Department of Sociology and Anthropology. A separation of anthropology is recommended to give this discipline the status it enjoys at virtually every other major university. Recently a doctoral program in anthropology has been approved, and expansion of the present staff of four full-time faculty members has been authorized. A separate department will facilitate the recruitment of anthropologists of high quality for the faculty and will stimulate the interest of prospective graduate students for study in this field.

Department of Russian

When instruction in Russian was first offered, its administration was assigned to the Department of French as a matter of expediency. Enrollment in Russian courses has increased greatly in recent years, and there are four full-time faculty members in this field with two new positions provided for in the biennial budget for 1959-61. Establishment of a separate department in Russian will encourage development of graduate study and development of a research area program.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved in this question.

I concur in the above recommendation.

On motion of Mrs. Watkins, this recommendation was approved.

DESIGNATION OF UNDERGRADUATE DEGREE IN JOURNALISM AND COMMUNICATIONS

(8) The Urbana Senate recommends that the wording of the undergraduate degree offered by the College of Journalism and Communications be changed from Bachelor of Science in Journalism to Bachelor of Science in Communications. Since the College offers curricula in advertising and radio-television, as well as in journalism, the present designation of the degree is not appropriate.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved in this question.

I concur in this recommendation.

On motion of Mr. Herrick, this recommendation was approved.

CHANGES IN THE COLLEGE OF NURSING CURRICULUM

(9) The Urbana Senate recommends adoption of the following changes in the course requirements of the baccalaureate degree in nursing:

1. Substitute Sociology 131, Social Problems, for Sociology 220, Marriage and the Family.
2. Substitute Psychology 326, Motivation and Emotion (5 hours), for Psychology 338, Abnormal Psychology (5 hours).
3. Reduce the number of hours in Nursing 211 and 208, Introduction to Medical Surgical Nursing, by one quarter hour each; and add two quarter hours in pharmacology.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved in this question.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

APPROPRIATION BY ATHLETIC ASSOCIATION

(10) The Executive Committee of the Board of Directors of the Athletic Association has approved an assignment of \$3,000 from its unassigned surplus funds to purchase a used heavy duty trench hog, needed for laying replacement pipe on the golf course fairways. Confirmation of this is requested.

On motion of Mr. Harewood, this action was confirmed.

APPROPRIATION TO THE DEPARTMENT OF ASTRONOMY

(11) The Department of Astronomy has requested that the appropriation of \$11,000 made to it for the construction of a building on the radio telescope site be assigned to the construction of a road and power lines to the site. It was anticipated that funds would be made available by the Office of Naval Research for the construction of one-half mile of road from a county road to the site of the radio telescope and for the construction of some power lines. It has now developed that federal funds for these purposes will not be available. The building is still needed, but its construction will have to be deferred because the road and power lines have first priority and funds are not available at this time for both.

I concur.

On motion of Mr. Clement, this reassignment of funds was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

FINANCING OF ASSEMBLY HALL

(12) At its meeting on April 14, the Board of Trustees authorized negotiation of a contract for the construction of the Assembly Hall, subject to financing of the same. A part of the financing problem was arranging a loan which would carry approximately a 2½ per cent interest rate during the period of construction, so that the total project cost would not exceed \$7,750,000.

The firm of White, Weld and Company, Chicago, one of the most active firms in University financing, has developed a negotiated financing plan to accomplish the University's objective. This firm proposes to act as agent for the University in placing the bonds at a 2½ per cent rate during the construction period and a 4¾ per cent rate thereafter. The bonds would be a single maturity, due in 1984, with provision for required annual redemptions from the sinking fund. The effect is the same as a serial maturity issue, but setting it up on a sinking fund basis is an advantage to the insurance companies which will be purchasing the issue. Provision will also be made for refunding the issue after

1971, if this proves to be advantageous to the University. The paying agent for the issue designated is the Sears Bank and Trust Company, Chicago. Further details will be set forth in the formal resolution to be adopted later by the Board of Trustees.

The effective interest cost to the University, if the bonds are paid according to the normal schedule of maturities, will be 4.32 per cent. If refunded in 1971, the effective interest cost will be 4.47 per cent. This represents a reasonable interest charge in the current bond market.

White, Weld and Company has offered to handle the transaction at a cost of \$2.00 a bond, or \$15,500 for the entire issue.

The Finance Committee recommends acceptance of this offer and that the firm of Chapman and Cutler, Chicago, be retained as counsel for the bond issue.

The Finance Committee has been informed that the Legal Counsel is of the opinion that the sale of the bonds on a negotiated basis does not contravene the provisions of Section 11(b) or Section 15(d) of the General Rules Concerning University Organization and Procedure, but, to the extent, if any, that such sale of said bonds may conceivably constitute a departure from the policy contemplated by, or the provisions of, said sections, or either of them, he recommends that the Board authorize and ratify such departure from said policy and provisions in this instance.

On motion of Mr. Swain, these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR CONSTRUCTION OF ASSEMBLY HALL

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$6,457,292 to the Felmley-Dickerson Company, Urbana, the lowest bidder, for the construction of the Assembly Hall.

The original low bid on this project was \$7,859,788. As a result of extended review and studies of the design and specifications by the architects, the Physical Plant Department, and representatives of the contractor, changes have been made which will reduce the low bid by \$1,402,496, without impairing the design, reducing the seating capacity, or eliminating any of the functions for which the building is to be constructed. These studies were reported to the Committee on Buildings and Grounds on April 13, and the Committee recommended that, subject to availability of funds, the University proceed with the project. Financing now having been assured, it is recommended that formal action be taken to award this contract in accordance with the previous recommendation of the Committee on Buildings and Grounds. Submitted herewith is a report from the Physical Plant Department on the bidding on this project, including a schedule of bids received and the project budget based upon the reduced building construction contract, and a copy is being filed with the Secretary for record.

I concur.

On motion of Mr. Pogue, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, Mr. Herrick; absent, Mr. Stratton.

CONTRACT FOR CONSTRUCTION OF ADDITION TO SERVICE BUILDING ANNEX

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$7,550 to Harris Company, Urbana, the lowest bidder, for the construction of an addition to the Physical Plant Department's Service Building Annex.

I recommend award of the contract and assignment of the funds for this purpose from the Physical Plant Stores account.

On motion of Mr. Johnston, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr.

Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT FOR HYDROGEN LIQUEFIER BUILDING
FOR PHYSICS RESEARCH LABORATORY**

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$41,300 to Rigid Frame Structures, Inc., Champaign, for the construction of a metal building for housing hydrogen liquefying equipment and storage of liquid hydrogen to be built in the area south of the Physics Research Laboratory.

Funds are available in assignments made to the Department of Physics from indirect costs recovered from research contracts, and from other sources.

I concur.

On motion of Mr. Clement, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT FOR REROOFING OF TEMPORARY HOUSING
IN STADIUM TERRACE**

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$14,593 to Hitchens Roofing Company, Urbana, the lowest bidder, for reroofing of the temporary housing buildings in Stadium Terrace.

Funds are available in Housing Division reserves for maintenance of temporary housing units.

I concur.

On motion of Mr. Swain, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR REROOFING OF NATURAL HISTORY BUILDING

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$6,474 to Petry Roofing and Sheet Metal Company, Champaign, the lowest bidder, for reroofing of the Natural History Building.

Funds are available in the Physical Plant Department maintenance budget.

I concur.

On motion of Mr. Herrick, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT FOR LANDSCAPING MEDICAL RESEARCH
LABORATORY AREA**

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$7,906.50 to Clauss Brothers, Inc., Chicago, the lowest bidder, for landscaping the Medical Research Laboratory area at the Chicago Professional Colleges.

The work will consist of furnishing top soil, planting trees and shrubs, and seeding.

Funds are available in the state appropriation for construction of the Medical Research Laboratory.

I concur.

On motion of Mrs. Watkins, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT FOR COAL HANDLING AND TRANSPORTATION
EQUIPMENT FOR ABBOTT POWER PLANT**

(19) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$21,641.92 to McElroy-Roland Machinery Company, 719 East Jefferson Street, Springfield, for a coal handling and transportation unit for the Abbott Power Plant. This is mobile, tractor-bulldozer equipment for use in handling coal for stock-piling at the power plant.

Funds are available in the state capital appropriations to the University for the current biennium 1957-59.

I concur.

On motion of Mr. Harewood, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACTS FOR COAL PURCHASES FOR ABBOTT POWER PLANT

(20) The Director of Purchases, the Vice-President and Comptroller, and the Director of the Physical Plant recommend award of the following contracts for 158,000 tons of coal screenings to be delivered to the Abbott Power Plant during the period July 1, 1959, through June 30, 1961:

	<i>Location of Mine</i>	<i>F.o.b. Mine</i>
The United Electric Coal Companies, Chicago		
24,000 tons @ \$4.65.....	Danville	\$111 600 00
Republic Coal and Coke Company, Chicago		
109,000 tons @ \$4.91.....	Hillery	535 190 00
Bell and Zoller Coal Company, Chicago		
25,000 tons @ \$5.01.....	Murdock	125 250 00
Freight rate on 158,000 tons @ \$1.43.....		225 940 00
<i>Total Cost</i>		<u>\$997 980 00</u>

Sealed bids on uniform specifications were opened on April 24, 1959. Invitations to bid were sent to twenty-three producers, and sales agencies were solicited by newspaper advertisements.

The bids are evaluated in the terms of the number of British Thermal Units purchased for one cent based on guaranteed analysis. A continuous check is maintained to insure compliance with specifications.

It is advantageous to have contracts with three sources of supply to be assured of delivery of coal at all times. The bid from the United Electric Coal Companies is for the year 1959-60 only. If this mine is in operation on July 1, 1960, the University of Illinois will have the option of purchasing an additional 24,000 tons at the quoted price. Should this option be exercised, tonnage purchased from the Republic Coal and Coke Company would be correspondingly reduced.

The prices quoted are based on present wage scales and are subject to increase or decrease in event that wage contracts now in effect are changed. Any such change will affect the price to the extent that production costs are increased or decreased by new contracts. The University may cancel the balance of the purchase contract if it believes that any price adjustment is not justified.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute contracts as recommended, subject to the approval by the Governor as required by the state constitution.

On motion of Mr. Johnston, these contracts were authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

ADDITION TO CONTRACT FOR KRANNERT ART MUSEUM

(21) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$6,789.70 in the contract with Kuhne-Simmons Company, Inc., for changes in the lighting of the Krannert Art Museum, to provide

improved illumination in areas to be used for display of paintings and minor changes in other electrical work.

I concur.

On motion of Mr. Swain, this change in contract was authorized.

ADDITION TO CONTRACT FOR MARRIED STUDENT APARTMENTS

(22) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$2,829.00 in the contract with Shapland Homes, Inc., to provide additional sidewalks, and of \$6,979.21 to provide bathroom exhaust fans and roof caps for exhaust fans.

The University Architect and the Housing Division have studied the original sidewalk layout proposed by the contractor and have developed a new arrangement which will provide better traffic circulation and access for the 120 families using the project. The bathroom exhaust fans are recommended by the Federal Housing Authority as a matter of public health.

I concur.

On motion of Mr. Herrick, this change in contract was authorized.

ZERBEE SCHOLARSHIP IN CIVIL ENGINEERING AND MILITARY SCIENCE

(23) The will of the late Leigh F. J. Zerbe of Paris, Maine, an alumnus of the University of Illinois, Class of 1911, who died June 6, 1952, set up a trust with the Farmers Bank of Delaware, Wilmington, Delaware, with securities valued at approximately \$40,000, with the provision that the income of the trust was to be paid to Roland Andrew Zerbe, a brother, for the term of his life. Upon his death the income is to be paid by the trustee to the University of Illinois for the purpose of establishing the Zerbe Scholarship for needy students in civil engineering who are also specializing in military science. The scholarship is to be awarded under rules and regulations established by the University and is to be awarded to one student every four years unless the fund becomes large enough to provide for more than one scholarship.

Roland Andrew Zerbe, the first beneficiary of this trust, died on December 4, 1958, and the University is now receiving the income. The scholarship thus established by the late Leigh F. J. Zerbe is now in effect and will be administered according to the provisions of his will.

On motion of Mr. Harewood, this bequest was accepted.

HEADSHIP OF THE DEPARTMENT OF PSYCHOLOGY

(27) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Dr. Lloyd G. Humphreys as Professor of Psychology on indefinite tenure and Head of the Department beginning September 1, 1959, at a salary of \$14,000.

This is to fill the vacancy created when Professor Lyle H. Lanier, former Head of the Department, was appointed Dean of the College of Liberal Arts and Sciences. In the meantime, Professor W. E. Kappauf has been serving as Acting Head of the Department.

The nomination of Dr. Humphreys was made by a special search committee, and all members of the Department of professorial rank have been consulted. The Vice-President and Provost and the Dean of the Graduate College concur. I recommend approval.

On motion of Mr. Herrick, this appointment was approved.

COORDINATED SCIENCE LABORATORY

(28) The Dean of the College of Engineering, the Director of the Engineering Experiment Station, and the Vice-President and Provost recommend authorization of a change in the functions and objectives of the Control Systems Laboratory from one dealing almost exclusively with classified research on military projects to an interdisciplinary laboratory devoted to a broad program in pure and applied science with classified research being continued in a reduced role. To give the proper indication or definition of this new function, both within the University and abroad, it is recommended that the name be changed to "Coordinated Science Laboratory."

They also recommend the appointments of two Associate Directors, presently members of the Laboratory staff, one of whom will have joint responsibilities with the Department of Physics and the other with the Department of Electrical Engineering: Chalmers William Sherwin, Professor of Physics and Associate Director of the Coordinated Science Laboratory, and Mac Elwyn Van Valkenburg, Professor of Electrical Engineering and Associate Director of the Coordinated Science Laboratory, effective September 1, 1959. The salaries of these positions will be determined when the budget for 1959-60 is submitted to the Board for approval.

The Board of Trustees has previously approved the appointment of Dr. Daniel Alpert, Research Professor of Physics and presently Technical Director of the Control Systems Laboratory, as Director effective July 1, 1959, to succeed Professor F. Wheeler Loomis, who is retiring from active service. It is recommended that Professor Alpert's title be changed to Director of the Coordinated Science Laboratory.

I concur in these recommendations.

On motion of Mr. Swain, these recommendations were approved.

REPORTS OF COMMITTEES

The Board proceeded to consider the following reports and recommendations from its standing committees.

SITE SELECTION FOR RELOCATION OF THE CHICAGO UNDERGRADUATE DIVISION

Mr. Johnston, for the Committee on General Policy, presented the following report and recommendation:

On February 19, 1959, the Board of Trustees designated the Riverside Golf Club and an adjacent area as the site for the permanent location of the Chicago Undergraduate Division of the University of Illinois.

In this action on the Riverside site, the Trustees indicated a willingness to reconsider the decision should Northerly Island be made available at no greater cost and on the development time schedule defined by the Board, namely, decision in time to be considered as the basis for legislative appropriations which would permit construction to start by the fall of 1960 and completion in the fall of 1963.

The Mayor of the city of Chicago has informed the President of the Uni-

versity that after a careful review of all the factors involved, including the possibility of relocating Meigs Field, Northerly Island can not be made available as a University site.

On May 6, 1959, Mayor Richard J. Daley asked the Board of Trustees to consider the railroad terminal area as a site, with the suggestion that Garfield Park be considered as an alternate site if by April, 1960, the railroad terminal could not be made available.

The Trustees have studied this proposal. They believe that no further delay should ensue in declaring a firm decision, so that site planning may be started at once and site development undertaken as soon as funds are appropriated by the General Assembly now in session.

On the basis of the alternatives now before the Board, it is their judgment that the Garfield Park site as now described¹ is second only to Northerly Island as a desirable site within the city of Chicago, assuming that approximately 135 acres of park land and twelve acres of land outside the park can be made available at a cost not to exceed the estimated cost of the Riverside site (in accordance with the Mayor's statement on costs on February 23) on the University's timetable. It is also assumed that certain street closings can be negotiated and that the city plans to designate portions of the adjacent area for redevelopment.

The Board of Trustees, therefore, recommends to the Mayor of the city of Chicago that steps be taken immediately so that the Garfield Park land may be conveyed to the Board of Trustees as soon as the appropriations are made. It would be expected that such enabling legislation as may be necessary for this purpose would be sponsored by the Park District and the City. The Board of Trustees also recommends to the Governor and the General Assembly that the funds for the Chicago Undergraduate Division be appropriated for the purpose of acquiring the Garfield Park site. The Trustees further recommend that the legislation, providing for a referendum on a bond issue for buildings at the state universities, be amended to increase the total by fifty million dollars, the sum estimated to be necessary for buildings and equipment to permit the replacement and enlargement of the program now offered at Navy Pier.

It is the intention of the Board of Trustees to rescind its action of February 19, 1959, with reference to the Riverside site, as soon as the acquisition of Garfield Park by the University is assured.

Conditions of Acceptance for Garfield Park

1. That the entire park land south of the Lake Street elevated (including all the existing improvements) will be deeded to the University of Illinois.
2. That a redevelopment program will be established for the surrounding area by which the park land lost to the community will be relocated.
3. That Fifth Avenue will be closed west of Central Avenue.
4. That consideration will be given by the City to closing one or more of the east-west streets crossing the above site.
5. That the acquisition cost of the park land and the triangular section lying south of it and adjacent to the Congress Street Expressway will not exceed the land acquisition and development costs to the University for construction on the Riverside site.
6. That the University will have the right of access to city streets for the purpose of constructing utilities.

On motion of Mr. Johnston, this recommendation was approved.

BIENNIAL BUILDING PROGRAM FOR 1959-61

Mr. Pogue, for the Committee on Buildings and Grounds, presented the following report:

Governor William G. Stratton's budget message to the Seventy-first General Assembly of Illinois recommends appropriations totaling \$14,190,000 to the Uni-

¹The Garfield Park site herein described differs from that originally proposed in the report of the Real Estate Research Corporation of Chicago. The present proposal includes approximately eighty-one acres of additional park land instead of requiring the acquisition of a similar area of privately owned land. In other words, the area of land which would be available for immediate construction of buildings without requiring clearance or relocation of families has been greatly increased.

versity for buildings and other capital expenditures for the biennium of 1959-61. This total will be distributed as follows, with adjustments in the several items to set up line items for equipment and contingencies.

Power Plant Addition and Utilities Distribution System, Urbana....	\$ 6 400 000
Funds to supplement outside grants, Urbana.....	1 185 000
Protection of life and property, Urbana and Chicago Professional Colleges	775 000
For site acquisition, development, and planning (net), Chicago Under- graduate Division	2 500 000
Land acquisition, Urbana.....	450 000
Completion of buildings under construction, Urbana and Chicago Pro- fessional Colleges	940 000
Plans and specifications, Urbana and Chicago Professional Colleges..	500 000
Remodeling, Urbana and Chicago Professional Colleges.....	1 000 000
University's proportionate share of public improvement projects, Urbana	440 000
	<u>\$14 190 000</u>

It should be noted that the largest item is an addition to the Power Plant and Utilities Distribution System which will include a new boiler and generator to provide additional capacity for the expansion of academic buildings, and extension of utilities needed to service new residence halls and other revenue financed buildings.

In addition the Governor has recommended a new referendum for a bond issue for educational institutions. If authorized by the General Assembly this referendum will be in the fall of 1960 and if approved, appropriations for the construction of major buildings would be made in the biennium beginning in 1961.

On motion of Mr. Pogue, these adjustments were approved.

PURCHASE OF PROPERTY AT 1201 WEST STOUGHTON STREET, URBANA

Mr. Pogue, for the Committee on Buildings and Grounds, presented the following recommendation:

The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 1201 West Stoughton Street, Urbana, at a price of \$17,000. This property is within the University's long-range land acquisition program and is one of two privately owned lots in the block bounded by Springfield Avenue on the south, Mathews Avenue on the west, Stoughton Street on the north, and Goodwin Avenue on the east, all the other land in that block being owned by the University.

The property at 1201 West Stoughton Street consists of a corner lot 66 feet wide and 100 feet deep with a ten-room frame house formerly occupied by the Alpha Kappa Alpha sorority, the owner. The house is presently unoccupied because it is in need of major repairs, and the sorority has decided to build elsewhere instead of rebuilding on the present site. The house should be razed and the land can be used for parking until needed as a building site. The price is \$800.00 higher than the highest appraisal secured by the University, and \$1,000.00 less than an appraisal secured by the sorority. It would represent a cost of \$2.57 per square foot which is a reasonable price compared with other properties acquired in this area.

Funds are available.

The President of the University concurs in this recommendation.

On motion of Mr. Pogue, the purchase of this property, at the price indicated, was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

PURCHASE OF PROPERTY AT 1003 WESTERN AVENUE, URBANA
Mr. Pogue, for the Committee on Buildings and Grounds, presented the following recommendation:

The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 1003 Western Avenue, Urbana, at a price of \$8,500. This property consists of a lot 60 feet wide and 60 feet deep with a two-story, four-room frame house and a garage-like frame building used as a small warehouse. It is in the area bounded by Western Avenue on the north, Gregory Avenue on the east, Green Street on the south, and Goodwin Avenue on the west. It adjoins the former Illinois Terminal Railroad right-of-way on the south, and the University owns the adjoining property on the west. It is within the area of the University's long-range land acquisition program and will be needed as a part of a site for a new residence hall for unmarried graduate students.

The price is consistent with University appraisals and represents a cost of \$2.36 per square foot which is reasonable compared with the value of other properties acquired by the University in this area.

Funds are available.

The President of the University concurs in this recommendation.

On motion of Mr. Pogue, the purchase of this property, at the price indicated, was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

BIENNIAL BUDGET FOR 1959-61

Mr. Swain, for the Finance Committee, presented the following report:

Governor William G. Stratton's budget message to the Seventy-first General Assembly of Illinois recommended a total biennial operating budget for the University of \$124,910,000. This is a reduction of \$6,600,000 in the total budget of \$131,510,000 approved by the Board of Trustees October 23, 1958.

While the increase proposed for the University by the Governor is not as much as the University requested and could use effectively, it does provide sufficient funds for the University to make progress in correcting the most serious deficiencies and to meet competition in retaining and recruiting staff. It is recommended that the reductions be taken in the following items. The University Budget Committee has approved the revised distribution of the proposed increase.

	<i>Original Increase Proposed</i>	<i>Revised Proposed Increase</i>	<i>Reduction</i>
Contribution to the University Retirement System.....	\$ 997 200	\$ 997 200
To continue for a full biennium funds required for one year only in 1957-59.....	985 600	985 600
To meet essential increases in expense and equipment.....	4 000 000	2 750 000	\$1 250 000
To continue on a permanent basis expenditures financed temporarily from savings...	1 415 000	1 415 000
Salary adjustments.....	12 000 000	10 250 000	1 750 000
University's contribution to the staff health insurance program.....	600 000	600 000
To put new buildings into operation.....	1 290 200	1 290 200
For additional enrollment.....	1 480 000	1 480 000
To improve the educational programs....	4 100 000	1 100 000	3 000 000
Refunds.....	80 000	80 000
	<u>\$26 948 000</u>	<u>\$20 348 000</u>	<u>\$6 600 000</u>

On motion of Mr. Swain, these revisions in the biennial operating budget were approved.

CHAIRMANSHIP OF THE DEPARTMENT OF BOTANY

(3) Professor John R. Laughnan, who has been serving as Chairman of the Department of Botany since 1955, has asked to be relieved of this administrative assignment at the end of the current academic year, and I have approved his request. He will remain in the Department as Professor of Botany.

The Dean of the College of Liberal Arts and Sciences recommends the appointment of Dr. Wilson N. Stewart, a member of the Department, as Professor of Botany on indefinite tenure and as Chairman of the Department for two years beginning September 1, 1959. The salary of this position will be determined when the budget for the academic year 1959-60 is submitted to the Board for approval.

The nomination of Professor Stewart has been made after consultation with the Executive Committee of the Department and has the endorsement of the Vice-President and Provost and the Dean of the Graduate College.

I recommend approval.

On motion of Mr. Hughes, this appointment was approved.

SCHOOL OF LIFE SCIENCES IN THE COLLEGE OF LIBERAL ARTS AND SCIENCES

(4) The faculty of the College of Liberal Arts and Sciences and the Urbana Senate recommend establishment within the College of a School of Life Sciences, to include the Departments of Bacteriology, Botany, Entomology, Physiology, and Zoology. The School will be under the administration of a Director to be appointed biennially by the Board of Trustees on recommendation of the Dean of the College and the President of the University, and will be under the general direction of the faculty of the College. The internal organization of the School and the responsibilities of its officers and committees will be determined by the faculty of the College upon recommendation of the Executive Committee of the School and after approval by the faculties of the respective departments.

The main purpose of the School will be to coordinate activities of member departments within the College, to promote cooperation between those departments and biologists in other colleges of the University, and to advance the interests of those departments in relation to agencies outside the University. It will administer the interdepartmental facilities that serve those departments.

The Chicago Professional Colleges Senate has been consulted and approves the proposal. The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Clement, this recommendation was approved.

DIRECTOR OF SCHOOL OF LIFE SCIENCES

(5) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Professor H. Orin Halvorson, Head of the Department of Bacteri-

ology, as Professor of Bacteriology on indefinite tenure and Director of the School of Life Sciences for two years from September 1, 1959. This recommendation is supported by the faculties of the departments in the School, the Executive Committee of the College, the Dean of the Graduate College, and the Vice-President and Provost. For the time being, Professor Halvorson will continue to serve as Head of the Department of Bacteriology. The salary of his position as Director will be determined when the budget for 1959-60 is submitted to the Board of Trustees for approval.

I concur in this recommendation.

On motion of Mr. Hughes, this appointment was approved.

APPOINTMENTS OF ASSOCIATE DEAN OF STUDENTS AND DEAN OF MEN

(6) An inevitable consequence of the increasing enrollment is the need for additional administrative, as well as teaching, staff, and this has been reflected in the Office of the Dean of Students. It is necessary for this office to have additional staff to maintain its normal services to students. Formerly the organization of the Dean of Students Office included the position of Associate Dean of Students, but this has not been filled for five years and was, in fact, discontinued.

The Dean of Students recommends the appointment of Mr. Edward E. Stafford, now Dean of Men, as Associate Dean of Students for two years, effective September 1, 1959, at an annual salary of \$12,000. Mr. Stafford has demonstrated special abilities in working with groups and in public functions areas with which the office is associated. He can give needed service in this new position, relieving the Dean of Men of certain group functions and the Dean of Students of other work which would be assigned to the Associate Dean's position.

The Dean of Students also recommends the appointment of Dr. Carl W. Knox, presently Dean of Men at Miami University, as Dean of Men for two years from September 1, 1959, at an annual salary of \$12,750 (on BY basis). Mr. Knox is a former member of the University of Illinois staff and has had wide experience in personnel work at other universities.

I concur in these recommendations.

On motion of Mr. Johnston, these appointments were approved.

APPOINTMENT TO THE BOARD OF DIRECTORS OF THE ATHLETIC ASSOCIATION

(7) The death of Dean Robert B. Browne leaves a vacancy in the faculty membership of the Board of Directors of the Athletic Association. To fill this vacancy, I nominate Dr. Leslie A. Bryan, Professor of Management and Director of the Institute of Aviation, the appointment to become effective immediately, to serve until the next annual meeting of the Board in March, 1960.

Director Bryan has also been appointed faculty representative of the University of Illinois in the Intercollegiate Conference of Faculty Representatives, a post which Dean Browne held for many years.

On motion of Mr. Harewood, this appointment was approved.

CLINICAL CURRICULUM IN COLLEGE OF MEDICINE

(8) The Chicago Professional Colleges Senate recommends authorization of a revised clinical curriculum in the College of Medicine which will add an additional quarter, effective for the summer quarter of 1961, to the present program.

Objectives of the Proposed Curriculum

1. Provide an opportunity for further development of the clerkship programs during the third year by reorganizing the clinical lecture program so that the average working day on the wards is no longer limited by 8:00 a.m. and 4:00 p.m. lectures. This distribution of lectures has made it impossible for students to participate effectively in surgical procedures, obstetric deliveries, early-morning ward rounds, and the management of the acutely ill patient.
2. Provide opportunities for students to observe the course of patients' illnesses over longer periods of time, particularly in the outpatient departments.
3. Maintain the current student-instructor ratios in the outpatient departments and elsewhere, in spite of increased enrollment in the College of Medicine effected in 1956 and 1958.

4. Combine the junior and senior pediatrics programs into a block clerkship to be given during the junior year.
5. Combine the junior and senior programs in obstetrics and gynecology into a block clerkship to be given during the senior year.
6. Establish sufficient flexibility in the clinical curriculum to enable students to obtain experience in special fields of interest or, in the instances of students with records of high achievement, to undertake more advanced programs including investigative work.
7. Provide for an increase in the students' clinical orientation prior to arrival on the clerkships.
8. Eliminate the difficulties in the current curriculum which now prevent all students from having an opportunity to obtain outpatient department experience in both psychiatry and neurology.
9. Provide for some patient-centered experience in preventive medicine and public health and in radiology.
10. Provide further opportunities for an inter-disciplinary approach to the teaching of medicine.

Outline for a New Clinical Curriculum

It is proposed that the new clinical curriculum include a three-quarter junior year. There would be one quarter of surgery, during which one hour a week would be used for a joint program between the Department of Surgery and two or more of the preclinical departments in the basic sciences; one quarter of medicine, including one-half day a week for psychiatry; and one quarter of pediatrics, including six hours for pediatric ophthalmology, six hours for pediatric otolaryngology, and one half-day each week for psychiatry.

The senior year would consist of four quarters. One quarter would consist of a clerkship in obstetrics and gynecology. A second quarter would be devoted to six weeks of medical clerkship and six weeks of surgical clerkship, including orthopaedics and anesthesiology. During both the surgical and medical clerkships of this quarter, the students would have one half-day period a week of preventive medicine. A third quarter would be devoted to outpatient department clerkships in dermatology, medicine, psychiatry, surgery, and a period for surgical anatomy. The final quarter would be devoted to opportunities for alternative programs. All students would be required to be actively and intellectually engaged in pursuits related to the subject matter of medicine. This requirement might be fulfilled by research and/or advanced study in the Graduate College.

This curriculum will provide for a lecture program in the clinical subjects to be distributed in accord with the recommendations of the Committee on Instruction as approved by the faculty of the College of Medicine.

Summary

This curriculum was formulated by the Committee on Instruction and endorsed with minor changes by the Executive Committee of the College of Medicine prior to approval by the Senate of the Chicago Professional Colleges. It may be pointed out that the changes in schedule embodied in this recommended curriculum will provide for the fuller use on a twelve-month basis of the clinical facilities (outpatient and inpatient services) of the teaching hospitals included in the University of Illinois Research and Educational Hospitals.

As stated in the opening paragraph, it is proposed that the effective date of the additional quarter to the senior year's program be in 1961 so that it will affect only those students now in their first year and, of course, all future incoming students. If the curriculum is approved, the College of Medicine will notify students accepted for enrollment in the fall of 1959 and applicants for admission in subsequent years. Since it is possible for students in good standing to seek transfer to other medical schools during their sophomore year, it is unlikely that any student whose study of medicine would be seriously jeopardized by eliminating the opportunity for summer employment between the junior and senior year would be seriously handicapped by making the change in requirements effective in 1961.

This revised curriculum has been reviewed by the Senate Coordinating Council which has indicated that no other Senate jurisdiction is involved.

I recommend authorization of this curriculum, and that its implementation be subject to the availability of funds.

On motion of Mrs. Watkins, this recommendation was approved.

CURRICULUM IN PHARMACY

(9) The Chicago Professional Colleges Senate recommends authorization of a revised curriculum in Pharmacy leading to the degree of Bachelor of Science in Pharmacy which will add a fifth year to the present curriculum, effective with the class entering in the fall of 1960. This change is in accord with the recommendation of the American Council on Pharmaceutical Education.

Admission Requirements

To qualify for admission to the College of Pharmacy, an applicant must be a graduate of an accredited secondary school, or have equivalent preparation, and have satisfactorily completed not less than thirty semester hours or forty-five quarter hours of academic work, exclusive of hygiene, physical education, or military science, in an accredited college, junior college, or university.

College Requirements

College work submitted to meet the entrance requirements of the College of Pharmacy must include the listed minimum credit in the following courses: Inorganic Chemistry, including Qualitative Analysis, eight semester hours; College Algebra, three semester hours; Plane Trigonometry, two semester hours; English Composition, six semester hours.

Courses elected to complete the required thirty semester hours should not include courses offered in the College of Pharmacy, but should be selected to increase the social and cultural background of the student. If credit in courses required in the College of Pharmacy curriculum is used for admission, the student must elect an equivalent number of hours in elective courses.

Applicants entering from institutions other than the University of Illinois must have a grade-point average of at least 3.0 in terms of the grading system of the University of Illinois. Students entering the College of Pharmacy from other colleges within the University of Illinois must be eligible for continued registration in that college. An applicant who is otherwise qualified but whose grade-point average for his last semester is less than 3.0 will be admitted on a probationary status. Students who have been dropped for poor scholarship at the last institution they attended will not be eligible for admission to the College of Pharmacy.

Requirements for Graduation

Completion of the prescribed curriculum totaling 189 quarter hours comprising 162 quarter hours in subjects required of all students and twenty-seven quarter hours in approved elective courses. The general requirement of the University of Illinois with respect to grade-point averages to be achieved shall be observed.

This revised curriculum has been reviewed by the Senate Coordinating Council which has indicated that no other Senate jurisdiction is involved.

Submitted herewith is a statement from the Dean of the College of Pharmacy explaining the objectives of the new curriculum, a copy of which is being filed with the Secretary of the Board for record. A summary of the complete curriculum will also be filed with the Secretary of the Board for record.

I recommend authorization of this curriculum and that its implementation be subject to the availability of funds.

On motion of Mr. Swain, this recommendation was approved.

GRADUATE PROGRAM IN FINANCE

(10) The Urbana Senate recommends authorization of a program leading to the degree of Doctor of Philosophy in Finance. The Department of Economics formerly offered graduate work in finance before the Department of Finance was established in 1957, and the new program now recommended is therefore a consequence of the division of Economics into separate departments.

Admission Requirements

A scholastic average of at least 3.5 for the last sixty semester hours; at least twenty-seven hours of undergraduate work in social sciences, fifteen hours of which must have been in economics (including a course in principles of economics, a course in statistics, and other courses for which the course in principles is a prerequisite); sufficient background in the area of finance and related fields.

Degree Requirements

General requirements specified by the Graduate College including credit, residence, foreign languages, the preliminary and final examinations, and thesis.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved in this question.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

GRADUATE SCHOOL OF LIBRARY SCIENCE

(11) The Dean of Library Administration and Director of the Library School recommends, and the Executive Committee of the Graduate College concurs, that the name of the Library School be changed to the Graduate School of Library Science. This change in name is appropriate as the Library School offers instruction at the graduate level and will be an educational part of the Graduate College.

I concur.

On motion of Mr. Pogue, this recommendation was approved.

GRADUATE PROGRAM IN PHYSICAL EDUCATION

(12) The Urbana Senate recommends authorization of a graduate program in Physical Education leading to the degree of Master of Arts in Dance.

This program will offer advanced work in choreography, dance production, and pedagogy with some specialization in the related fields of art, drama, and music. It will be an interdisciplinary project involving, in addition to Physical Education, the Departments of Art and Speech and the School of Music.

Admission Requirements

A minimum grade average of 3.5 during the last sixty semester hours of undergraduate work completed;

Twenty-four semester hours of approved undergraduate credit in dance (a minimum of eight hours in this field), art, music, physical education, and theater. Applicants lacking a portion of these prerequisites may substitute certified experience in dance but not to exceed eight semester hours;

Thirty-six semester hours in humanities (language, literature, philosophy), natural sciences (biological and physical sciences), and social sciences (anthropology, education, history, political science, psychology, sociology).

Degree Requirements

The general requirements of the Graduate College must be met. Of the eight units required for the master's degree, four must be in dance or in dance and related areas such as art, dramatics, music, physical education, recreation, and speech; two units must be in one or more of the following fields: anthropology, English, history, philosophy, psychology, or sociology. A candidate for this degree must also take Dance 490, Seminar, for one semester (no credit); and must present an acceptable thesis. With the approval of the adviser, the thesis may be waived, but in lieu thereof, the candidate must submit two additional units of credit plus a recital of solo and group dances which he has choreographed and staged.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved in this question.

I concur.

On motion of Mrs. Watkins, this recommendation was approved; Mr. Herrick voted no.

LIMITATIONS ON GRADUATE STUDY OF UNIVERSITY EMPLOYEES

(13) University regulations specify the maximum amount of graduate study for which teaching and research staff may enroll. However, the Board of Trustees on September 18, 1956, authorized, for the three-year period 1956-59, a special discretionary schedule of graduate work which may be approved in exceptional cases by the Graduate College.

The Dean of the Graduate College recommends, and the Vice-President and Provost and I concur, that this authorization of exceptions to the standard schedule be extended to September, 1963.

On motion of Mrs. Watkins, this recommendation was approved.

DEPARTMENT OF MICROBIOLOGY

(14) The faculty of the College of Liberal Arts and Sciences recommends that the Department of Bacteriology be changed to Department of Microbiology. A similar change was made in the name of the Department of Bacteriology in the College of Medicine in 1957.

The Urbana Senate Committee on Educational Policy has also approved the change and has expressed the opinion that Senate action is not required.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

HOSPITAL-MEDICAL-SURGICAL INSURANCE FOR STUDENTS AND STAFF

(15) Bids have been received for the student and staff hospital-medical-surgical insurance programs at Urbana-Champaign and at the Chicago Undergraduate Division for the 1959-61 biennium with the right reserved by the University to renew such insurance annually thereafter upon mutual agreement between the insurance carrier and the University.

The recommended student program at the Urbana campus provides the following improved benefits over existing coverages:

The per diem room and board allowance is increased from \$11.00 to \$14.00 except for confinements at McKinley Hospital where \$11.00 will continue to apply. Benefits for surgical procedures involving dislocations, fractures, and joint and bone operations are increased by one-third.

Maternity benefits are increased from \$85.00 to \$100.00.

The recommended student program at the Chicago Undergraduate Division to meet the special problems there provides these improvements in benefits over present coverages:

The per diem room and board allowance is increased from \$15.00 to \$18.00.

Daily allowance for physician's visits is increased from \$4.00 to \$5.00.

Benefits for surgical procedures involving dislocations, fractures, and joint and bone operations are increased by one-third.

Catastrophe benefit is to be payable after the insured pays 25 per cent, rather than 50 per cent, of the amount allowed under the base plan coverage.

Maternity benefits are increased from \$85.00 to \$100.00.

Office calls at \$2.00 each to maximum of \$10.00 added under the clause covering illness where hospitalization is not required.

The recommended staff plan has benefits improved in the following areas:

The per diem room and board allowance is increased from \$10.00 to \$14.00.

Daily allowance for physician's visits is increased from \$3.00 to \$4.00.

Benefits for surgical procedures involving dislocations, fractures, and joint and bone operations are increased by one-third.

Allowance is to be made for charges of private, registered nurses in catastrophe claims.

Maternity benefits are increased from \$85.00 to \$100.00.

Bids were also received as an alternate on the present benefits under all three plans. The improved plans are recommended because of the greater benefits to be realized for a nominal additional premium, which give a greater insurance value.

Three companies submitted bids: Bankers Life and Casualty Company, the present carrier, Continental Casualty Company, a former carrier, and Federal Life Insurance Company, which has never quoted in the past, and which submitted the lowest bids for each of the plans and alternates asked by the University.

It is recommended that contracts for the Urbana student, Chicago Undergraduate Division student, and Urbana staff plans be awarded to Federal Life Insurance Company, lowest bidder for each of the three programs.

To finance the student plans, it is recommended that the Hospital-Medical-Surgical Insurance fee be increased from \$7.00 to \$8.00 a semester and that the Laboratory, Library, and Supply fee be decreased from \$11.00 to \$10.00 a semester. The Committee on Fees concurs in this recommendation.

The recommended charges to students and staff for this insurance protection would reflect the following premiums:

<i>Student Plan</i>	<i>Semester</i>	<i>Year</i>	
Student.....	\$ 8 00	\$24 00	
Spouse.....	12 00	36 00	
Children.....	8 00	24 00	
<i>Staff Plan</i>	<i>Quarterly</i>	<i>Semiannual</i>	<i>Annual</i>
Employee.....	\$ 8 25	\$16 25	\$33 25
Employee and One Dependent.....	15 00	29 75	59 25
Family.....	17 50	34 75	69 25

On the basis of these rates, the plans will operate on a self-sustaining basis. The excess over the cost of the coverage would be used by the University to defray the administrative cost of the three programs.

I concur in the recommendation for the award of these contracts.

On motion of Mr. Herrick, these contracts were awarded as recommended.

EASEMENT FOR GAS PIPE LINE TO MARRIED STUDENTS APARTMENTS

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend that an easement ten feet wide beginning at Orchard Street and Florida Avenue, Urbana, and continuing around the site of the married students apartments, be granted the Illinois Power Company to lay, operate, and maintain a pipe line for delivery of gas to the buildings.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute such an easement.

On motion of Mr. Johnston, this recommendation was approved.

FINANCING OF RESIDENCE HALL FOR GRADUATE STUDENTS

(17) Bids were received at 11:00 a.m. today, June 23, for the sale of Housing Revenue Bonds of 1959, to finance the construction of the first unit of residence halls for single graduate students.

No bids were received from private companies for the Series B bonds in the amount of \$1,530,000. One bid was received for \$110,000 Series A bonds.

The Vice-President and Comptroller recommends that:

1. The Loan Agreement with the Housing and Home Finance Agency, as submitted herewith, be approved and that the action of the Comptroller and Secretary in executing the Loan Agreement be ratified and confirmed.
2. The Series A bonds in the amount of \$110,000 be sold to White, Weld and Company at a price of \$107,000.05 and at an effective interest rate of 4.2156 per cent, which represents the lowest interest cost to the University.
3. The \$1,530,000 of Series B bonds be sold to the Housing and Home Finance Agency at an interest cost of 2½ per cent in accordance with, and pursuant to, the above mentioned Loan Agreement.
4. The construction contract for \$1,349,000 be awarded to Felmley-Dickerson Company, Urbana.
5. The advance of Housing Division reserves to finance construction prior to the delivery of bonds, as authorized by the Board on April 14, be increased from \$100,000 to \$200,000 in order that the contractor may proceed with construction.
6. All actions of the Comptroller in connection with the loan application and advertisements for bid on the bonds be confirmed and approved.
7. The firm of Chapman and Cutler be retained as bond counsel for this issue.
8. The First Supplemental Housing Revenue Bond Resolution as submitted herewith be approved.

On motion of Mr. Swain, these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

(Form of Coupon Bond)
 UNITED STATES OF AMERICA
 STATE OF ILLINOIS
 THE BOARD OF TRUSTEES OF THE UNIVERSITY OF
 ILLINOIS HOUSING REVENUE BOND OF 1959
 (Series.....)

Number.....

\$1,000

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, a body corporate, created and existing under the laws of the State of Illinois, for value received promises to pay to bearer, but only out of the Housing Revenue Bond Fund, as hereinafter provided for, and not otherwise, the principal sum of ONE THOUSAND DOLLARS (\$1,000), on October 1, 19....., and to pay interest on said sum from the date hereof until paid at the rate of per cent (.....%) per annum, payable October 1, 1959, and semi-annually thereafter on the first days of April and October in each year until the principal amount hereof has been fully paid. Interest accruing on this bond on and prior to the maturity date hereof shall be payable on presentation and surrender of the interest coupons hereto attached as they subsequently become due, but no interest shall accrue on this bond after the maturity hercof unless this bond shall be presented for payment and be not then paid.

Both principal hereof and interest hereon are hereby made payable in any coin or currency which, on the respective dates of payment of such principal and interest, is legal tender for the payment of debts due the United States of America, at The First National Bank of Chicago (hereinafter called "Trustee"), or its successor in trust under the Resolution hereinafter referred to, in the City of Chicago, Illinois, or at the option of the holder, at The Chase Manhattan Bank, in the Borough of Manhattan and City and State of New York.

This bond is one of an authorized series of Dollars (\$.....) principal amount of Housing Revenue Bonds of 1959, Series, which, with the 1959 Series Bonds constitute an issue of One Million Six Hundred Forty Thousand Dollars (\$1,640,000), issued and to be issued pursuant to a Bond Resolution of The Board of Trustees of the University of Illinois duly adopted December 17, 1958, as supplemented by a First Supplemental Resolution duly adopted, 1959 (said Bond Resolution as so supplemented being herein referred to as the "Resolution"), for the purpose of providing funds for paying the cost of constructing and equipping student and staff housing and related facilities. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto in the manner and upon the terms and conditions more fully set forth therein.

(1959 Series A Bonds Only)

[The bonds of this series are not subject to redemption at the option of The Board of Trustees of the University of Illinois prior to maturity.]

(1959 Series B Bonds Only)

[The bonds of this series are redeemable prior to maturity as a whole or in part on April 1, 1969, or on any interest payment date thereafter in the inverse order in which they mature at the option of The Board of Trustees of the University of Illinois at par and accrued interest to the date of redemption and a premium as follows: three per cent (3%) of the principal amount thereof if redeemed April 1, 1969, through October 1, 1973; two and one-half per cent (2½%) of the principal amount thereof if redeemed April 1, 1974, through October 1, 1978; two per cent (2%) of the principal amount thereof if redeemed April 1, 1979, through October 1, 1983; one and one-half per cent (1½%) of the principal amount thereof if redeemed April 1, 1984, through October 1, 1988; one per cent (1%) of the principal amount thereof if redeemed on April 1, 1989, through October 1, 1993; and without premium if redeemed on April 1, 1994, or thereafter.]

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper published and of general circulation in the City of Chicago and also in a financial newspaper published and of general circulation in the

Borough of Manhattan, City and State of New York, and when this bond or any of the bonds of such authorized issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption moneys are available for the payment of all bonds called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1957, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Housing Revenue Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue, bonds heretofore issued pursuant to the Resolution and additional bonds which may hereafter be issued pursuant to the Resolution, (2) student tuitions authorized by law to be retained in the University treasury, but not in excess of \$150,000 annually plus such additional sums as may be specified in any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution as so supplemented, and (3) certain existing revenue producing buildings of the University after the prior payment of other indebtedness to the extent set forth in the Resolution. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Trustee in Chicago, Illinois, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer hereof.

Subject to the provisions for registration and transfer, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and The Board of Trustees of the University of Illinois, the Trustee, and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered, and the bearer of any interest coupons appertaining hereto as the absolute owner hereof for all purposes and shall not be affected by any notice to the contrary whether this bond or any coupon appertaining thereto be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-

thirds per cent (66⅔%) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums, if any, at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder, or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons, or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signature of its President and signed by two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated as of the 1st day of April, 1959.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Housing Revenue Bond Fund as provided in the Resolution, which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue, bonds heretofore issued pursuant to said Resolution and additional bonds which may hereafter be issued pursuant to the Resolution, (2) student tuitions authorized by law to be retained in the University treasury, but not in excess of \$150,000 annually plus such additional sums as may be specified in any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution as so supplemented, and (3) certain existing revenue producing buildings of the University after the prior payment of other indebtedness to the extent set forth in the Resolution. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or of the State of Illinois is pledged to the payment of this bond or the interest thereon.

Subject to the provisions for registration and transfer contained herein and in the Resolution, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and shall be transferable by the registered owner at the principal office of the Trustee in the City of Chicago, Illinois, upon surrender and cancellation of this bond and thereupon a new registered bond without coupons of the same principal amount, interest rate and maturity will be issued to the transferee as provided in the Resolution, upon payment of the transfer charges therein prescribed. The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent ($66\frac{2}{3}\%$) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums, if any, at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder, or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the

Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons, or (iv) reduce the percentage of principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

RENEWAL OF ILLINI CENTER LEASE

(18) The Vice-President and Comptroller recommends renewal of the lease with the LaSalle Madison Hotel Company for the area on the twentieth floor of the hotel used as the Illini Center for two years from July 1, 1959. The rental rate of \$7,800 a year and all the other provisions are the same as in the present lease.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the lease.

On motion of Mr. Herrick, the renewal of this lease was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

LEASES OF SPRINGFIELD, BELLEVILLE, AND PEORIA OFFICES OF DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(19) The Business Manager of the Chicago Colleges and the Vice-President and Comptroller recommend renewal of leases for office quarters occupied by the Division of Services for Crippled Children as follows:

Springfield. Offices at 1105 South Sixth Street, Mr. and Mrs. Jacob E. Reisch, owners, at a rental of \$550 a month (total, \$13,200) for two years from July 1, 1959.

Belleville. Offices at 10 West Washington Street, Security Abstract and Title Company, owners, at a rental of \$260 a month (total, \$6,240) for two years from July 1, 1959.

Peoria. Offices in the Central National Bank Building, Central National Bank and Trust Company, owners, at a rental of \$270 a month (total, \$6,480) for two years from July 1, 1959.

The lease for the Springfield office provides for an increase in rent of \$50 per month or \$1,200 for the biennium. The premises have been under lease by the University for the Division of Services for Crippled Children since 1946 at a rental of \$500 a month, and the lease for the coming biennium is the first rent increase. Officers of the Division of Services for Crippled Children report there has been an increase of approximately \$600 a year in taxes paid by the owners since 1946, and the costs of maintenance and repair of the property have also risen. The property was a private home which was converted to office space, and the Division first had only about 4,000 square feet of space. However, additions to the property and a refurbishing of space which was not usable have been made by the owners so that at the present time the Division uses approximately 7,600 square feet of space on the premises. For these reasons, the increase in rent requested by the owners is justified.

The terms of the new leases at Belleville and Peoria are the same as those in effect in previous leases.

The Division has funds in its budget for the rentals.

The Acting Director of the Division of Services for Crippled Children and the Vice-President in charge of the Chicago Professional Colleges concur in these recommendations.

I recommend approval.

On motion of Mrs. Watkins, the renewals of these leases, on the terms indicated, was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

Funds are available in the income of the Housing Division.

I concur.

On motion of Mr. Clement, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

CONTRACT FOR INSTALLATION OF PERMANENT SEATING IN THE ASSEMBLY HALL

(24) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$253,300, the base bid, to the American Seating Company of New York City, the lowest bidder, for installation of the permanent seating, consisting of 17,000 plastic seats, in the Assembly Hall, the contract to include a provision that all seat standards will be drilled, tapped, and tapped holes plugged with a slotted head bolt flush with the surface of the seat standard, to facilitate installation of arms to seat assemblies later if and when desired. The contract further provides that at a later date either or both of two alternates may be accepted, provided the American Seating Company is notified in sufficient time that added costs will not be involved. These alternates provide for the installation of 4,472 upholstered seats for the theater quadrant at an additional cost of \$21,242, and the installation of arms to these theater seats at an additional cost of \$19,900.

Provision for the seating is included in the Assembly Hall project budget.

(26) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$9,322.66 to D. E. MacMillan Associates, Champaign, the lowest bidder, for construction of an isolation building on the Veterinary Research Farm. The contract price is determined by taking the low base bid of \$12,377 and deducting one of four alternates which provides for the omission of a septic tank. The tank is being redesigned, and the College of Veterinary Medicine wishes to defer its installation until next year.

Funds are available.

I concur.

On motion of Mr. Hughes, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

CONTRACT WITH BROWN, MANTHEI, DAVIS, AND MULLINS

(29) The Director of the Physical Plant and the Vice-President and Comptroller recommend a new contract with Brown, Manthei, Davis, and Mullins, Champaign, for engineering services on heating, ventilating, air conditioning, and electrical work for University improvement and maintenance jobs which, because of the small amount of work to be done, do not justify separate contracts for each. The new contract will include the following terms and will be for two years from July 1, 1959:

Services of principals in the firm to be paid for at the rate of \$7.50 an hour.

Services of other personnel to be paid at hourly wage rates paid by the firm for regular or overtime work.

Services performed on overtime basis to be paid for at the regular hourly rates unless such overtime work is specifically requested by the University and the rates are agreed upon in advance.

Payments shall be on a monthly invoice basis; before any payment is made the University may audit or otherwise verify the invoice.

The fee for services on any specific project shall not exceed \$2,500 without approval of the Board.

The contract may be terminated by the University at any time on written notice. For overhead costs and professional commission, an allowance of 100 per cent of the cost of services of the principals and employees will be added.

I concur.

On motion of Mr. Johnston, this contract was authorized.

TRACK SERVICE TO CENTRAL FOOD STORES BUILDING

(30) The University has contracted with the Illinois Central Railroad Company for the construction of a spur track from its main line south of Stadium Drive in Champaign to the Central Food Stores Building. It is now necessary to enter into an operation and maintenance agreement for this service, and adoption of the following resolution is recommended:

Be it and it is hereby resolved by this Board of Trustees of The Board of Trustees of the University of Illinois that the Comptroller and Secretary of this public corporation be, and they hereby are authorized, for and on behalf of this public corporation, to execute an agreement with the Illinois Central Railroad covering the operation, maintenance, etc., of the side track to serve the new Central Food Stores Building, which said side track is being constructed for said public corporation by said Illinois Central Railroad.

On motion of Mr. Swain, the foregoing resolution was adopted.

**ADDITION TO CONTRACT FOR CONSTRUCTION OF
CENTRAL FOOD STORES BUILDING**

(31) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$4,108.32 in the contract with Felmley-Dickerson Company, Urbana, for the construction of the Central Food Stores Building to provide for changes in storm sewer connections.

When the contract for the construction of this building was awarded, drainage studies had not been completed for the entire area in which this building is being constructed. It has been found necessary to increase the size of the sewer along Oak Street, and to provide a new sewer line north of the building to drain the pocket created by lowering the railroad siding to facilitate unloading the freight cars.

Funds are available in the construction account for this building.

I recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Johnston, this recommendation was approved.

ADDITION TO CONTRACT FOR PHYSICS BUILDING

(32) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$2,682.17 in the contract with the Mayfair Construction

Company to substitute vinyl asbestos tile for asphalt tile in the upper floor corridors of the Physics Building. This tile has a longer useful life and is less subject to grease and acid contamination from adjoining shops and laboratories. Funds are available in the building appropriation for this change.

I recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Hughes, this recommendation was approved.

ADDITIONS TO CONTRACT FOR CONSTRUCTION OF BIOLOGY BUILDING

(33) Among the deferrable items of work omitted from the contract for the construction of the Biology Building to insure that a usable building could be built within the funds available, were the painting of all interior walls and ceiling surfaces in the laboratories and other areas, and installation of some of the air-conditioning equipment. The Governor has recently authorized the transfer of \$35,000 from the item for contingencies in the state capital appropriations to the University for 1957-59 for additional work on the Biology Building for which funds were not previously available.

Bids on interior painting were solicited by advertisement, as required by law, and twelve painting contractors were specifically invited to bid, but no bids were received. Contractors have advised that no bids were submitted because the heavy seasonal demand for painting work in the Urbana-Champaign area makes it impossible for them to employ enough painters to handle a major job of this size within the time available to complete the work. The state appropriation will lapse on September 30, and any unexpended funds must be encumbered by June 30. In view of this situation, the Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board authorize negotiations with the painting subcontractor of the Mayfair Construction Company for as much additional painting work as he can complete within the time limit, this work to be done on a change order basis.

These officers also recommend that the Board authorize negotiations with the subcontractor of the Mayfair Construction Company who installed the air-conditioning equipment for the installation of automotive stand-by equipment for temperature control in certain areas where failure of one of the two main air-conditioning systems would be serious and could result in serious damage to valuable laboratory experimentation. Additional installation would be on a negotiated change order basis. It is estimated that the total expenditures would be between \$12,000 and \$20,000.

The Physical Plant Department is unable to submit change orders with firm estimates of costs for the proposed painting work and additional air-conditioning installations prior to the Board meeting today. Hence, advance approval is requested.

I recommend that the Comptroller be authorized to execute these change orders upon certification by the Director of the Physical Plant and approval of the same by the President of the University.

On motion of Mr. Clement, this recommendation was approved.

USE OF UNIVERSITY FACILITIES BY CANDIDATES FOR PUBLIC OFFICE

(34) The University policy which has come to be known as "the political speakers ban" was established by the University Board of Trustees on December 9, 1890, when the Board resolved: "that hereafter the University buildings and grounds be not used for political purposes." Although numerous requests from University groups for a change in Board policy have been made, only one modification has been adopted. On May 19, 1955, the Board decided to allow candidates for the offices of President and/or Vice-President of the United States the use of University facilities for appearing in person to speak on the campus.

Requests for a broad change in policy on this subject have been made by the Student Senate, the University's undergraduate representative body at Urbana, in 1950; the University Senate (the University faculty), in 1951; and the Student Senate again in 1955. None of these petitions was approved by the Board. A new resolution was made by the Student Senate in April, 1959, and adopted by the Urbana University Senate in June.

None of the petitions for modification contemplated a complete removal of limitations on political speakers. The requests have been, rather, for the permitting of candidates for state or national office only, or those speaking in their behalf, who represent parties legally recognized in Illinois, to use University facilities if their appearance is sponsored by a recognized student organization, a faculty group, or a University department. Candidates for local offices would not be permitted to speak on University premises, and political rallies would not be in order. Appropriate control regulations would be promulgated by the President. The latest Student Senate resolution provides that the modification be made for a two-year trial period, after which the Board would assess the results.

The foregoing summarizes briefly the general history of the political speakers question. Substantive arguments can be advanced both in favor of modification and in favor of maintaining the status quo.

In favor of modification, it can be argued that (a) political campaigning is a part of American life which college students should be encouraged to consider carefully, and that it is inconsistent for the University to urge participation in political affairs (through such agencies as the Citizenship Clearing House) and simultaneously erect barriers to such participation; (b) appearance of political speakers in the University community negates the effectiveness of the ban because the impression is frequently left that the speech was made on University property; (c) the ban furnishes a rallying point for opposition to the Board's position, while its elimination would not be likely to result in any mass appearance of political speakers on the campus; (d) the ban can result in anomalies which alienate student respect. For example, a political candidate can buy television time and his address can be televised into the Illini Union, but he can not make the same speech in person in a University building. Similarly, a speech on the steps of the Young Men's Christian Association on Wright Street may be amplified so that students at windows in Lincoln Hall are part of the audience, but the same speech can not be delivered in the Lincoln Hall Theatre. A distinguished speaker may appear on campus at one time, but later, as a candidate, he is not allowed to do so.

On the other hand, the University is jealous of its nonpartisan and non-political position and surely must guard against any break in this pattern. It would be difficult in all instances to assure equal treatment and facilities to candidates because of previously scheduled conflicting University events. Moreover, the very arguments advanced in favor of modification can be reversed in favor of the status quo. If off-campus facilities are now virtually as convenient as University facilities, why not continue the arrangement? Again, if no frequent appearance of political speakers is expected, why should the ban be a matter of concern? Finally, no matter how close to the campus a speech is made, if it is not made on University grounds, the University has no responsibility for it.

Perhaps the basic point is that we are trying to have students understand that politics belong to the people and that the politician belongs to a calling of vital importance to the common welfare. A university ought to be able to arrange for its students to hear political speakers without becoming involved institutionally in political action.

I believe the time has come when the University of Illinois should attempt to broaden its practice in arranging for political speakers, as suggested in the resolution of the Senate of the Urbana campus, and I recommend that the Board approve that resolution, as follows:

That the Urbana-Champaign Senate of the University of Illinois favors the use, on a trial basis, of University buildings, grounds, and facilities by candidates for nomination or election to state-wide or national offices for the academic years 1959-60 and 1960-61 subject, at the end of this period, to review, revision, or repeal by the Board of Trustees.

The authorization here requested would apply to another campus of the University only with the concurrence of its Senate.

I also recommend that the President be authorized to promulgate appropriate rules and regulations consistent with those governing the appearance of other speakers on the campus and consistent with the educational objectives of the University.

Mrs. Watkins moved that this recommendation be approved.

There followed a discussion in which all the Trustees present par-

anticipated. President Henry and Vice-President and Provost Ray spoke in support of the recommended change in policy.

At the conclusion of the discussion, Mr. Herrick asked for a record vote. The following voted aye: Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Swain, Mrs. Watkins, Mr. Williamson; the following voted no: Mr. Herrick, Mr. Johnston, Mr. Pogue; Governor Stratton and Superintendent Wilkins were absent.

DISTRIBUTION OF DENTIFRICE INCOME

(35) The distribution of net income received from the ammoniated dentifrice patents as specified in the contract between the University of Illinois Foundation and the four discoverers, after reimbursing the University for research costs, is as follows: Foundation, 50 per cent; discoverers, 40 per cent, one-fourth (10 per cent) to each of the four discoverers; College of Dentistry, for research, 10 per cent.

Funds received from time to time have been distributed according to this schedule. However, \$50,000 was reserved by the Foundation to meet possible costs of litigation. On May 1, 1959, the Board of Directors of the Foundation, being of the opinion that future litigation was very improbable, authorized the distribution of this sum.

Some time ago there was established with the Foundation an endowment, the Edward C. Wach Dental Research Fund, to provide funds for further research in the College of Dentistry. Dr. Wach, one of the discoverers, offered to give his share of the \$50,000 reserve to this fund and proposed that other interested parties do likewise.

The Board of Directors of the Foundation has allocated \$5,000 of the \$25,000 received by it in this distribution to this fund, and the Dean of the College of Dentistry and the Vice-President in charge of the Chicago Professional Colleges recommend that the \$5,000 that would go to the College of Dentistry be used for the same purpose.

I concur in this recommendation.

On motion of Mr. Clement, this recommendation was approved.

CONTRACT FOR CONSTRUCTION OF PARKING AREA FACILITIES

(39) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$36,193 to Clancy Construction Company, Urbana, Illinois, the lowest bidder, for the construction of a temporary parking lot in the area east of the Student-Staff Apartments on Green Street to provide space for 405 automobiles based on bids received on June 22, 1959. The base will be heavy crushed rock, and the surface will be fine crushed rock. This parking area is to replace facilities lost due to construction of the first unit of the Physics Building across the street and the parking areas which will be lost when the second unit of this building is constructed.

Funds are available in the state capital appropriations to the University for 1957-59.

I recommend approval.

On motion of Mrs. Watkins, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr.

Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

REPORTS OF COMMITTEES

The Board proceeded to consider the following reports and recommendations from its standing committees.

NAMING OF BIOLOGY BUILDING

Mr. Pogue, for the Committee on Buildings and Grounds, presented the following recommendation:

The Committee on Buildings and Grounds received a recommendation from the Division of Biological Sciences, in which the President concurs, that the new Biology Building be named Burrill Hall for the distinguished scientist Thomas Jonathan Burrill, a member of the University faculty from 1868 until his retirement in 1912, whose services to the University during its first forty-five years also included the following important administrative positions: Dean of the College of Science, 1878-1884; Acting Regent (President), 1891-1894; Dean of the General Faculty, 1894-1901; Dean of the Graduate School, 1891-1905; Vice-President, 1871-1912.

A statement in support of this recommendation has been filed with the Secretary of the Board for record.

On motion of Mr. Pogue, this recommendation was approved. Mr. Herrick and Mr. Williamson voted no.

EMPLOYMENT OF ARCHITECTS AND ENGINEERS FOR MASTER PLANNING FOR CHICAGO UNDERGRADUATE DIVISION

Mr. Pogue, for the Committee on Buildings and Grounds, presented the following report and recommendation:

At the meeting of the Buildings and Grounds Committee on February 18, 1959, the Director of the Physical Plant submitted a preliminary report on Professional Services for the Relocation of the Chicago Undergraduate Division. The Buildings and Grounds Committee approved recommendations that:

- "a. Negotiations be authorized to secure the services of Skidmore, Owings, and Merrill as the coordinating architect on the relocation of the Chicago Undergraduate Division and with the responsibilities as assigned above.
- "b. Recommendations then be submitted for the employment of other professional firms on specific building projects (including such firms as Naess and Murphy and Sargent and Lundy)."

Assuming that the site selection will be firm by July and that the capital appropriations are available in the 1959-61 biennium, it is recommended that employment of the necessary professional services be authorized so that final campus plan studies may be started promptly.

Assuming, also, the approval and availability of the Garfield Park site, there are several fundamental planning problems that must be settled at the very earliest possible date and resolved in conjunction with the city and local community interests. Examples of such questions are: (1) closing of streets and rerouting of traffic; (2) development of an urban renewal program for the area as a whole; and (3) a firm decision on the area in which construction will be first started.

Such work must be completed before any work can be started by the architects on the individual buildings. Starting such work in July is essential if the University's time schedule, namely, completion of construction by the fall of 1963 for the first stage, is maintained.

Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend the employment of:

Skidmore, Owings, and Merrill as the coordinating architect for the preparation of the master campus plan. Their fee for such work will be on a timecard basis, that is, cost plus 150 per cent. (Such costs will be the compensation expended for technical personnel assigned to such work. Technical personnel will include partners and all other personnel assigned to the project, exclusive of general office employees.)

Sargent and Lundy as engineers on the power plant and utility distribution system. Their fee, which is standard for other similar University projects, will be:

1. Engineering and drafting at actual salary and wages plus 100 per cent. (Engineering and drafting are charged at straight time rates for the number of hours actually devoted to the work. The premium costs resulting from overtime and all fringe benefits such as vacations, illness, etc., are included in the 100 per cent.)
2. Stenographic and clerical services at actual wages.
3. Traveling expenses, including transportation, room, board, etc., at charged cost to Sargent and Lundy.
4. Miscellaneous expenses, including calculating board studies, telegraph, long distance telephone, blueprints, etc., at charged cost to Sargent and Lundy.

It is not possible at this time to estimate accurately the cost of these services, but they will run from \$75,000 to \$100,000.

This recommendation was previously submitted to the Committee on Buildings and Grounds and the Committee concurs.

On motion of Mr. Pogue, these recommendations were approved.

LEASE OF PROPERTY AT 1102A WEST MAIN STREET, URBANA

Mr. Pogue, for the Committee on Buildings and Grounds, presented the following report and recommendation:

As a part of the general program to provide additional office and laboratory facilities for this fall, the Director of the Physical Plant and the Vice-President and Comptroller recommend leasing of quarters in the building at 1102A West Main Street, Urbana.

This building was formerly occupied by the Jewel Tea Company as part of the Eisner store chain. Recently, Mr. Cyrus Vaughn of Champaign acquired this building, and the space has been offered to the University of Illinois.

Approximately 1,368 square feet of space can be leased at a rental of \$150 a month (\$1.32 per square foot); and the lessor will:

1. Do the necessary remodeling to make the storeroom usable.
2. Subdivide the large area with a partition.
3. Paint all the interior walls and ceilings.
4. Install a separate toilet.
5. Make available to the University certain parking facilities located at the rear of the building.
6. Be responsible for exterior maintenance, insurance, taxes, etc.

The University will assume the cost of electricity, heat, water, gas, custodian services, and any further alterations required for University use.

The College of Education and the University High School have a research program involving the filming of classroom techniques. The building at 1102A West Main Street will provide the necessary laboratory and office space. The personnel involved in the program have inspected the property and state that this space is suitable for their needs.

The annual rental (\$1,800) and the operation and maintenance cost (\$2,050) will require a total recurring appropriation of \$3,850. Funds are available to the College of Education in research contracts.

In view of the fact that no new academic buildings can be completed for another four-year period, it is recommended that this space be leased for a two-year period, commencing July 1, 1959.

This recommendation was previously submitted to the Committee on Buildings and Grounds and the Committee concurs.

On motion of Mr. Pogue, this lease was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

AUTHORIZATION, DESIGNATION, FORM, EXECUTION, EXCHANGE AND REGISTRATION OF BONDS

SECTION 2.01. *Limitation of Issue and Equality of Bonds.* This resolution shall constitute a continuing agreement to secure the full and final payment in the manner herein provided for the principal and interest on all Bonds which may from time to time be delivered and issued hereunder. The aggregate principal amount of Bonds which may be so delivered and issued hereunder is not limited except as restricted by law or by the provisions hereof. All Bonds at any time issued and outstanding hereunder, regardless of series, shall be equally and ratably secured hereby without preference, priority or distinction.

SECTION 2.02. *Project and Purpose of Initial Issue of Bonds.* The initial project (hereinafter called the "Project") to be acquired, constructed, equipped and completed hereunder is described in a general way as an Assembly Hall, which is to be a multiple-purpose building suitable for concerts, theatrical events, convocations, athletic events, exhibits and other purposes, including adjacent parking facilities and located between First and Fourth Streets in Champaign, Illinois.

The estimated cost of said Project is \$7,750,000 exclusive of land and exclusive of any pro rata part of the University power and heating plant serving the Project all as more fully set forth in the plans and specifications therefor on file with the Comptroller of the University.

It is hereby determined that in order to produce the funds necessary to construct and equip the Project, that the University borrow the sum of Seven Million Seven Hundred Fifty Thousand Dollars (\$7,750,000) and in evidence thereof to issue its Assembly Hall Revenue Bonds hereunder in said principal amount.

The Series 1959 Bonds shall be issued as negotiable coupon bonds dated July 1, 1959, registrable as to principal in the denomination of \$1,000 or as fully registered Bonds without coupons, dated as of the interest payment date to which interest was last paid, next preceding the date of issue, unless on an interest payment date on which interest was paid, in which case they shall be dated as of the date of issue, or unless issued prior to October 1, 1959, in which case they shall be dated July 1, 1959. The Series 1959 Bonds shall be redeemable prior to their maturity at the option of the Board of Trustees, either in whole or in part, on any interest payment date on and after, but not prior to October 1, 1971, at the principal amount thereof, together with the interest accrued thereon to the date fixed for redemption plus a premium of the following percentages of such principal amount if redeemed during the following periods respectively:

This bond is one of an initial authorized issue of Seven Million Seven Hundred Fifty Thousand Dollars (\$7,750,000) principal amount of Assembly Hall Revenue Bonds, Series 1959, issued and to be issued pursuant to a Bond Resolution (herein called "Resolution") of The Board of Trustees of the University of Illinois duly adopted 1959, for the purpose of providing funds for paying the cost of constructing and equipping an Assembly Hall as set forth in the Resolution. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto in the manner and upon the terms and conditions more fully set forth therein.

The bonds of this series are redeemable prior to their maturity at the option of the Board of Trustees, either in whole or in part, on any interest payment date on and after, but not prior to October 1, 1971, at the principal amount thereof, together with the interest accrued thereon to the date fixed for redemption plus a premium of the following percentages of such principal amount if redeemed during the following periods respectively:

The bonds of this series are also redeemable through the operation of the Fixed Sinking Fund provided for in Article Five of the Resolution, in which case such redemption shall be upon payment of the principal amount of the Bonds to be redeemed or portion of such principal amount to be redeemed and accrued interest thereon to the date fixed for redemption and without premium. All redemptions shall be made in the manner, upon the notice and with the effect provided in Article Three of the Resolution.

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper published and of general circulation in the City of Chicago unless all bonds at the time outstanding shall be in fully registered form in which case such notice may be given only by registered or certified mail, and when this bond or any of the bonds of such authorized issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption moneys are available for the payment of all bonds called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of

Chapter 144 of the Illinois Revised Statutes, 1957, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Assembly Hall Revenue Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue and additional bonds which may hereafter be issued pursuant to the Resolution, (2) the operation of any other revenue producing facilities which may subsequently be pledged pursuant to any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution and (3) University income authorized by law to be retained in the University treasury (in addition to the student service charges made for the use of the facilities) but not in excess of \$200,000 annually plus such additional sums as may be specified in any resolution supplemental to the Resolution creating or authorizing the issuance of additional bonds. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Comptroller of the University such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer thereof.

Subject to the provisions for registration and transfer, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and The Board of Trustees of the University of Illinois, and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered, and the bearer of any interest coupons appertaining hereto as the absolute owner hereof for all purposes and shall not be affected by any notice to the contrary whether this bond or any coupon appertaining thereto be overdue or not.

The bonds of this series are issuable as coupon bonds registerable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. The coupon bonds and the registered bonds without coupons are interchangeable on certain conditions only for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the office of the Comptroller of the University and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66⅔%) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums at the time

and place and at the rate and in the currency provided therein of any bond without the expressed consent of the holder or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time rules, rents, charges, and student fees for the use of said facilities and to maintain and collect rents and charges and to withhold student fees, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signature of its President and signed by two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated as of the 1st day of July, 1959.

OF ILLINOIS ASSEMBLY HALL
REVENUE BOND
Series 1959

No. \$.....

The Board of Trustees of the University of Illinois, a body corporate, created and existing under the laws of the State of Illinois, for value received promises to pay (but only out of the Assembly Hall Revenue Bond Fund as hereinafter provided for, and not otherwise) to, or registered assigns, on October 1, 1984, the principal sum of, Dollars (\$.....) and to pay interest thereon (which shall be paid by check or draft mailed to the registered owner at his address as it appears on the bond registration books of the University), until October 1, 1961 at the rate of two and one-half per cent (2½%) per annum and thereafter at the rate of four and three-quarters per cent (4¾%) per annum on the unpaid balance thereof, said interest being payable October 1, 1959, and semi-annually thereafter on the first days of April and October in each year from the date hereof until the principal amount hereof has been fully paid.

Both principal hereof and interest hereon are made payable in any coin or currency which on the respective dates of payment of such principal and interest is legal tender for the payment of debts due the United States of America, at the Sears Bank and Trust Company, or its successor, in the City of Chicago, Illinois.

This bond is one of an initial authorized issue of Seven Million Seven Hundred Fifty Thousand Dollars (\$7,750,000) principal amount of Assembly Hall Revenue Bonds, Series 1959, issued and to be issued pursuant to a Bond Resolution (herein called "Resolution") of The Board of Trustees of the University of Illinois duly adopted, 1959, for the purpose of providing funds for paying the cost of constructing and equipping an Assembly Hall as set forth in the Resolution. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto in the manner and upon the terms and conditions more fully set forth therein.

The bonds of this series are redeemable prior to their maturity at the option of the Board of Trustees, either in whole or in part, on any interest payment date on and after, but not prior to October 1, 1971, at the principal amount thereof, together with the interest accrued thereon to the date fixed for redemption plus a premium of the following percentages of such principal amount if redeemed during the following periods respectively:

<i>Period of Redemption</i>	<i>Applicable Premium</i>
October 1, 1971 through October 1, 1974.....	4%
April 1, 1975 through October 1, 1977.....	3%

The bonds of this series are also redeemable prior to their maturity on any interest payment date on and after, but not prior to October 1, 1966, through the operation of the Bond Retirement Account and at the option of the Board of Trustees out of surplus moneys remaining in the Assembly Hall Revenue Bond Fund in any fiscal year after first complying with all provisions of sub-

sections (a) and (b) of Section 5.02 of the Resolution at the principal amount thereof, together with interest accrued thereon to the date fixed for redemption plus a premium equal to the following percentages of such principal amount if redeemed during the following periods respectively:

<i>Period of Redemption</i>	<i>Applicable Premium</i>
October 1, 1966 through October 1, 1969.....	2½%
April 1, 1970 through October 1, 1973.....	2 %

April 1, 1978 through October 1, 1981.....	1 %
April 1, 1982 and thereafter without premium.	

The bonds shall also be redeemable through the operation of the Fixed Sinking Fund provided for in Article Five of the Resolution, in which case such redemption shall be upon payment of the principal amount of the bonds to be redeemed or portion of such principal amount to be redeemed and accrued interest thereon to the date fixed for redemption and without premium. All redemptions shall be made in the manner, upon the notice and with the effect provided in Article Three of the Resolution.

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper published and of general circulation in the City of Chicago, Illinois, unless all bonds at the time outstanding shall be in fully registered form in which case such notice may be given only by registered or certified mail, and when this bond or any of the bonds of such authorized issue (or any portion thereof) shall have been duly called for redemption, interest thereon (or on such portion called for redemption) shall cease from and after the specified redemption date if redemption moneys are available for payment of all bonds (or the portions thereof) called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1957, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Assembly Hall Revenue Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed and equipped with the proceeds of this bond issue and additional bonds which may hereafter be issued pursuant to the Resolution, (2) the operation of any other revenue producing facilities which may subsequently be pledged pursuant to any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution and (3) University income authorized by law to be retained in the University treasury (in addition to the student service charges made for the use of the facilities), but not in excess of \$200,000 annually plus such additional sums as may be specified in any resolution supplemental to the Resolution creating or authorizing the issuance of additional bonds. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

Subject to the provisions for registration and transfer contained herein and in the Resolution, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and shall be transferable by the registered owner at the principal office of the Comptroller of the University, upon surrender and cancellation of this bond and thereupon a new registered bond without coupons of the same principal amount, interest rate and maturity will be issued to the transferee as provided in the Resolution and upon payment of charges and otherwise as therein prescribed. The Board of Trustees of the University of Illinois, the Trustee and any other person may treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving

payment and for all other purposes and shall not be affected by any notice to the contrary whether this bond be overdue or not.

The bonds of this series are issuable as coupon bonds registerable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. The coupon bonds and the registered bonds without coupons are interchangeable on certain conditions only for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the office of the Comptroller of the University and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66⅔%) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons or (iv) reduce the percentage of principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time rules, rents, charges and student fees for the use of said facilities and to maintain and collect rents and charges and to withhold student fees, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signature of its President and signed by two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and this bond to be dated as of the 1st day of

be attached to the Bonds shall bear the facsimile signatures of the President and Secretary of the Board of Trustees.

In case any person who shall have signed, sealed or attested any Bond issuable under this Resolution as an officer or member of the Board of Trustees, shall have ceased to be such officer or member before the Bond so signed, sealed or attested shall have been actually delivered, such Bond nevertheless may be delivered and issued as though the person who signed, sealed or attested such Bond had not ceased to be such officer or member of the Board of Trustees.

Any Bond issuable hereunder may be signed, sealed or attested on behalf of the Board of Trustees by any person who at the actual date of execution of such Bond is the proper person, although at the date of such Bond such person shall not have been an officer or member of the Board of Trustees.

SECTION 2.08. *Registration and Transfer of Bonds.* The University shall keep at the office of the Comptroller of the University books for the registration and transfer of Bonds issued hereunder, which, at all reasonable times, shall be open for inspection by the holder of any Bond issued hereunder, and upon presentation for the purpose at such office, the University will register or transfer or cause to be registered or transferred therein, as hereinafter provided, and under such reasonable regulations as it may prescribe, any Bonds issued under this Resolution and entitled to be so registered or transferred.

The holder of any coupon Bond issued hereunder may have the ownership of the principal thereof registered on said books of the University at the office of the Comptroller of the University and such registration shall be noted on the Bond. After such registration no transfer shall be valid unless made on the said books by the registered owner in person, or by his duly authorized attorney, and similarly noted on the Bond; but the same may be discharged from registration by being in like manner transferred to bearer, and thereupon transferability by delivery shall be restored; and such Bond may again, from time to time, be registered or transferred to bearer as before. Such registration, however, shall not affect the transferability of the coupons, but every such coupon shall continue to be transferable by delivery merely, and shall remain payable to bearer. Such registrations and discharges from registration shall be without expense to the holder of the Bonds.

Any registered Bond without coupons may be transferred at the office of the Comptroller of the University by surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer duly executed by the registered owner of such Bond or his duly authorized attorney, and thereupon the University may, but shall not be required to, issue in the name of the transferee or transferees a new registered Bond or Bonds of like form and maturity and for a like aggregate principal sum.

A registered Bond without coupons, upon request of the registered owner, may be exchanged at the office of the Comptroller of the University for several such Bonds, of like form and maturity but of lesser authorized denominations, in the same name and for a like aggregate principal sum, and several registered Bonds, without coupons, in the same name, may, upon request of the registered owner, be exchanged at such office for one registered Bond without coupons or several such Bonds, of like form and maturity, but of greater authorized denominations and for the same aggregate principal sum.

Whenever any coupon Bonds in aggregate principal amount equal to one or more registered Bonds without coupons of authorized denominations, with all unmatured coupons thereto attached, shall be surrendered at such office for exchange for a registered Bond or Bonds without coupons, the University may, but shall not be required to, issue, in exchange for such coupon Bonds, registered Bonds, or one registered Bond, of authorized denominations without coupons, of the same maturity and for a like aggregate principal sum.

Whenever any registered Bond without coupons shall be surrendered for cancellation, accompanied by delivery of a written instrument of transfer duly executed by the registered owner of such Bond or his duly authorized attorney, at the office of the Comptroller of the University, for exchange for coupon Bonds, and whenever the University shall elect not to issue new registered Bonds without coupons upon presentation of any such fully registered Bond or Bonds for transfer the University shall issue, and, in exchange for such registered

Bond, shall deliver coupon Bonds for a like aggregate principal sum and like maturity, with coupons thereto attached representing interest from the interest payment date on which interest was last paid on such registered Bond without coupons.

As to all registered Bonds without coupons and all coupon Bonds registered as to principal, the person in whose name the same shall be registered shall be deemed and regarded as the owner thereof, for all purposes, and thereafter payment of or on account of the principal of such Bond, if it be a registered coupon Bond, and of the principal and interest, if it be a registered Bond without coupons, shall be made only to such registered owner thereof but such registration may be changed as above provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bonds to the extent of the sum or sums so paid. The University may deem and treat the bearer of any coupon Bond which shall not at the time be registered as to principal, and the bearer of any coupon for interest on such Bond, whether such Bond shall be registered or not, as the absolute owner of such Bond or coupon for the purpose of receiving payment thereof, and for all other purposes whatsoever, and the University shall not be affected by any notice to the contrary whether the Bond or coupon be overdue or not.

In every case of exchange or transfer of Bonds under this Section, the surrendered Bond or Bonds shall be presented to the University for cancellation.

Upon every such exchange of coupon Bonds for registered Bonds, without coupons, or of registered Bonds without coupons for coupon Bonds or for other registered Bonds without coupons, and upon any transfer of registered Bonds without coupons, the University, except as otherwise provided in any agreement between the University and any original purchaser of Bonds, may require the payment of such charge therefor as it may deem proper, not exceeding Two Dollars (\$2.00) plus actual expenses incurred in connection therewith for each Bond issued upon such exchange, payment of which, together with any taxes or other governmental charges required to be paid with respect to such exchange or transfer, shall be made by the party requesting such exchange or transfer as a condition precedent thereto.

The University shall not be required to make exchanges or transfers of bonds as provided in this Section 2.07 during a period of ten (10) days next preceding any interest payment date, or for the period of ten (10) days next preceding the first publication of notice of redemption of any Bond or at any time of any Bonds which have theretofore been duly called for redemption.

SECTION 2.09. *Lost, Stolen, Destroyed or Mutilated Bonds.* Upon the receipt by the University of evidence satisfactory to it of the loss, theft, destruction or mutilation of any outstanding Bond hereby secured, and of indemnity satisfactory to them, and upon surrender and cancellation of such Bond if mutilated, the University may execute and deliver, upon the lapse of such period of time as they may deem advisable, a new Bond of like tenor and maturity bearing the same or a different serial number, to be issued in lieu of such lost, stolen, destroyed or mutilated Bond. Such new Bond may bear such endorsement as may be prescribed by the University and which at the time is necessary to conform to the requirements of any securities exchange or of any governmental body having jurisdiction. The University may require the payment of a sum not exceeding Two Dollars (\$2.00) for each new Bond issued under this Section 2.09, and of the expenses which may be incurred by the University in the premises.

ARTICLE THREE

REDEMPTION OF BONDS

SECTION 3.01. Whenever the University shall determine to exercise its right to redeem any Bonds issued hereunder and by their terms subject to redemption, notice of such redemption shall be published by the University in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois. Any such published notice shall be deemed sufficiently given if it shall have been published at least once in each of two successive calendar weeks in such newspaper and if the first such publication shall have been made not less than 30 days nor more than 60 days prior to such redemption date. Such notice shall with substantial accuracy (a) designate the

time and place of such redemption; (b) if the Bonds to be redeemed are less than all of the Bonds of any series or maturity, designate the numbers, the maturity date or dates and the aggregate principal amount of such Bonds; and (c) state that on the designated date of redemption such Bonds will be redeemed by payment of the principal amount thereof (or for the portion thereof to be redeemed) and all unpaid interest accrued thereon to the date of redemption plus the applicable premium, if any, and that from and after such designated redemption date interest in respect of the Bonds (or portions thereof) so called for redemption shall cease. A copy of said notice shall be mailed by the University, postage prepaid, at least 30 days prior to the redemption date to all registered owners of Bonds so to be redeemed at their last addresses appearing on the registration books of the University, but such mailing shall not be a condition precedent to the validity of the redemption of any Bond.

In case of redemption of Bonds through the operation of any sinking fund or the Bond Retirement Account, Bonds shall be selected for redemption and such redemption shall likewise be made upon publication and/or mailing of notice in the manner and with the effect provided in this Article.

SECTION 3.02. In case the University shall have elected to redeem less than all of the outstanding Bonds of any series or maturity, or in case less than all the outstanding Bonds of any series or maturity shall be redeemed through the operation of any sinking fund applicable thereto or of the Bond Retirement Account, the Bonds to be redeemed shall be selected by lot except as herein otherwise expressly provided. In each such instance the University shall, at least five days before the date upon which the first publication of the notice of redemption hereinbefore mentioned is required to be made (or the mailing of such notice in case no publication is required as hereinafter specified), draw by lot, from the outstanding Bonds of such series and maturity, in any manner deemed by it proper, the identifying numbers of the Bonds to be redeemed. In any such selection by lot each Bond of a denomination in excess of \$1,000 shall be given a separate number for each \$1,000 of the principal amount thereof.

In case any fully registered Bonds are to be redeemed in part only, said notice shall specify the respective portions of the principal amounts thereof to be redeemed (which shall be \$1,000 or any multiple thereof) and shall state that payment of the redemption price shall be made only upon presentation of such fully registered Bonds (a) for the notation thereon of such payment on account of principal, or (b) for surrender in exchange for a coupon Bond or Bonds or a fully registered Bond or Bonds of the same series and maturity, of authorized denominations in aggregate principal amount equal to the unredeemed portion of the principal amount thereof; and in such case, if coupon Bonds or fully registered Bonds are so to be delivered in exchange, the University shall execute and deliver to or upon the written order of the registered owner of any fully registered Bonds, a portion only of which is to be redeemed, and at the expense of the University, a new Bond or Bonds of the same series and maturity for the principal amount of the surrendered fully registered Bond less the principal amount thereof paid on surrender.

In the event of the payment of a portion of the principal amount of any fully registered Bond registered in the name of any initial purchaser in whose name Bonds of that series were first registered, or registered in the name of any subsequent holder for the benefit of whom University shall elect that the provisions of this paragraph shall be applicable thereto (which election shall be subject to the condition that such subsequent holder shall first agree not to make any sale or transfer of any Bond or Bonds registered in its name without presentation of such Bond or Bonds for transfer and exchange), then in such event the University shall make payment to such Bond holder without requiring presentation of such Bond and, in lieu of noting such payment thereon or of delivering a new Bond or Bonds of an aggregate principal amount equal to the unredeemed portion of the principal amount of such Bond, the University shall, in its letter transmitting payment to such Bond holder, instruct such holder to endorse such payment on such Bond and a written representation from such holder to the University that such payment has been so endorsed shall be conclusive evidence of such endorsement and payment.

The foregoing is subject to the condition that if, at the close of business on the fortieth day prior to a redemption date on which the University shall elect

to redeem all or any part of the Bonds of any series or a redemption date on which less than all the outstanding Bonds of any series are to be redeemed through the operation of any sinking fund or the operation of the Bond Retirement Account, all of the outstanding Bonds of such series shall be coupon Bonds registered as to principal, or fully registered Bonds, then publication of notice of redemption as provided in Section 3.01 of this Article shall not be required, but notice of such redemption shall be mailed by the University by registered or certified mail, postage prepaid, not less than 30 days nor more than 60 days prior to such redemption date to the registered owners of all Bonds to be redeemed to their respective addresses as the same shall then appear on the said registration books.

The foregoing provisions are further subject to the following conditions:

(i) if all of the Bonds of any series or maturity then outstanding are registered in the names of not to exceed 15 owners, the Bonds of such series and maturity so to be redeemed shall not be selected by lot as above provided, but the aggregate principal amount of Bonds of such series and maturity to be redeemed shall be apportioned by the University pro rata, as nearly as practicable in amounts of \$1,000 or any integral multiple thereof, among the registered owners of Bonds of such series and maturity of record, in the proportion that the aggregate principal amount of Bonds of such series and maturity held by each such registered owner bears to the aggregate principal amount of Bonds of such series and maturity then outstanding; and

(ii) if all the then outstanding Bonds of such series and maturity are not registered or are registered in the names of more than 15 owners, but one or more of the then outstanding Bonds of such series and maturity are then registered in the name of any of the initial holders in whose names such Bonds were first registered, the aggregate principal amount of Bonds to be redeemed shall be apportioned by the University pro rata, as nearly as practicable in amounts of \$1,000 or any integral multiple thereof, between each such initial holder concerned and, collectively, all of the other then owners of such outstanding Bonds in the proportion that the aggregate principal amount of registered Bonds of such series and maturity held by each such initial holder concerned, and the aggregate principal amount held, collectively, by holders other than initial holders respectively bears to the aggregate principal amount of such Bonds then outstanding, provided that the amount so apportioned for redemption of such Bonds not registered in the name of any of the said initial holders shall be applied to the redemption of such of said Bonds of such series and maturity as are selected by lot in the manner above provided.

In all cases, the cost and expenses of preparation, publication, and mailing of said notice of redemption shall be paid by the University.

SECTION 3.03. Said notice having been given, as above provided, the Bonds designated for redemption shall, on the date specified in such notice, become due and payable, at the then applicable redemption price, and on or before the day preceding the date fixed for redemption the University shall deposit with the Sears Bank and Trust Company, or its successor in the City of Chicago, Illinois, as paying agent, the redemption price of the Bonds called for redemption and accrued interest thereon to the date fixed for redemption. Upon such deposit having been made and on presentation, if required, of such Bonds in accordance with such notice at the place at which the same are expressed in such notice to be redeemable, with all appertaining coupons, if any, maturing after said redemption date, such Bonds shall forthwith after the making of such deposit be paid by the paying agent, on behalf of the University, at such redemption price. Such payment of the redemption price shall be made to the bearer of any such Bonds, unless it shall then be registered, in which case such payment shall be made to the registered owner. All unpaid interest installments represented by coupons which shall have matured on or prior to the date of redemption specified in such notice, shall continue to be payable to the bearers, severally and respectively, and the redemption price payable to the holders of Bonds presented for redemption shall not include such unpaid installments of

interest unless coupons representing such installments shall be attached to the Bonds presented for redemption.

SECTION 3.04. If the amount necessary to redeem all of the Bonds called for redemption as aforesaid shall have been deposited with the paying agent, for the account of the holder or holders of such Bonds on or before the day preceding the date specified for such redemption, and the notice hereinbefore mentioned shall have been duly given, and all charges and expenses of the paying agent in connection with such redemption, or otherwise hereunder, shall have been fully paid or provided for, the University shall be privileged to consider such Bonds redeemed from the holder or holders thereof, and interest on such Bonds shall cease on the date specified for such redemption, and the University shall thereupon (subject to the provisions of Article Twelve hereof) be discharged from and after the redemption date specified in such notice from further liability in respect of the Bonds so called for redemption, and thereafter such Bonds shall not be entitled to any benefit of or from this Resolution. In case any question shall arise as to whether any such notice shall have been sufficiently given, or such redemption effected, such question shall be decided by the paying agent, and the decision of the paying agent shall be final and binding upon all parties in interest. No holder of any Bond shall be entitled to any interest on money deposited for the redemption of Bonds.

SECTION 3.05. All Bonds redeemed and paid, as provided in this Article Three, shall, together with all coupons appertaining thereto, if any, be cancelled by the University and no Bonds or coupons so redeemed shall be reissued, nor shall any Bonds or coupons be issued in lieu thereof.

No delay or omission of the holder of any Bond to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein. Every substantive right and every remedy conferred upon the holders of Bonds may be enforced and exercised from time to time and as often as may be deemed expedient. In case any suit, action or proceeding to enforce any right or exercise any remedy shall be brought or taken and then discontinued or abandoned, or shall be determined adversely to the holders of Bonds, then, and in every such case, the University and the holders of Bonds shall be restored to their former positions and rights and remedies as if no such suit, action or proceeding had been brought or taken.

SECTION 11.02. *Bond Holders Meetings.* The University may at any time call a meeting of the holders of Bonds. Every such meeting shall be held at such place in the City of Chicago, State of Illinois, as may be specified in the notice calling such meeting. Written notice of such meeting, stating the place and time of the meeting and in general terms the business to be submitted, shall be given by the University to the holders of all Bonds outstanding hereunder by registered or certified mail, postage prepaid, not less than thirty (30) nor more than sixty (60) days before such meeting, to each registered owner of Bonds then outstanding, at his address, appearing upon the books of registration, and in the event there shall then be outstanding any coupon Bonds which shall not be registered as to principal such notice shall also be published by the University at least once a week for two (2) successive weeks in a daily newspaper published in the English language and having a general circulation in the City of Chicago, State of Illinois, the first publication to be not less than thirty (30) nor more than sixty (60) days prior to the meeting; provided, however, that in any case where publication shall be required as herein before set forth the mailing of such notice shall in no case be a condition precedent to the validity of any action taken at any such meeting.

SECTION 11.03. *Attendance in Person or by Proxy.* Attendance and voting by Bond holders at such meeting may be in person or by proxy. Owners of Registered Bonds may, by an instrument in writing under their hands, appoint any person as their proxy to vote at any meeting for them.

In order that holders of Bonds payable to bearer or their proxies may attend and vote without producing their Bonds, the University may make and from time to time vary such regulations as it shall think proper for the deposit of Bonds with, or exhibit of Bonds to, any banks or trust companies wherever situated, and for the issue by them, to the persons depositing or exhibiting such Bonds, of certificates in form approved by the University which shall constitute proof of ownership entitling the holders thereof to be present and vote at any such meeting and to appoint proxies to represent them and vote for them at any such meeting in the same way as if the persons so present and voting, either personally or by proxy, were the actual bearers of the Bonds in respect of which such certificates shall have been issued, and any regulations so made shall be binding and effective. Copies of such regulations shall be kept on file in the offices of the paying agent in Chicago, Illinois, and the Secretary of the University.

Any registered owner of Bonds or any holder of a certificate provided for in this Section 11.03 shall be entitled in person or by proxy to attend and vote at such meeting as holder of the Bonds registered or certified in his name, without producing such Bonds. All others seeking to attend or vote at such meeting in person or by proxy must produce the Bonds claimed to be owned or represented at such meeting, and all persons seeking to attend or vote at such meeting in person or by proxy shall, if required, produce such further proof of Bond ownership or personal identity as shall be satisfactory to the University. All proxies presented at any meeting shall be delivered to the inspectors of votes and filed with the University.

SECTION 11.04. *Amendments by Written Consent of Bond Holders.* The University may at any time adopt a valid resolution amending the provisions of the Bonds or of this Resolution or of any resolution supplemental hereto, to the extent that such an amendment is permitted by the provisions of Section 11.01, to take effect when and as provided in this Section. A copy of such resolution, together with a request of the University to Bond holders for their consent thereto, shall be mailed by the University to each registered owner of Bonds and notice of the adoption thereof shall be published in the manner provided in Section 11.02 for the mailing and publication referred to in that Section (but failure to mail copies of such resolution and request shall not affect the validity of the resolution when assented to as in this Section provided). Such resolution shall not be effective unless and until there shall have been filed with the University the written consents of the percentage of holders of outstanding Bonds specified in Section 11.01. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 11.03. Any such consent shall be binding upon the holder of the Bonds giving such consent and on any subsequent holder of such Bonds (whether or not such subsequent holder has notice thereof).

SECTION 11.05. *Supplemental Resolutions or Amendments Without Consent of Bond Holders.* The Board of Trustees may from time to time and at any time, subject to the conditions and restrictions in this Resolution contained, but without requiring the consent of the holders of any of the Bonds, adopt a resolution or resolutions supplemental hereto, which shall thereafter form a part hereof for any one or more or all of the following purposes:

(a) To add to the covenants and agreements of the University in this Resolution contained, other covenants and agreements thereafter to be observed and/or to surrender any right or power herein reserved to or conferred upon the Board of Trustees;

(b) To clarify any ambiguity or to clarify, correct or supplement, any defect or inconsistent provision contained in this Resolution or any resolution supplemental hereto; and

(c) To provide for the issuance of additional Bonds hereunder upon the terms and conditions in this Resolution specified.

SECTION 11.06. *Endorsement of Bonds.* Bonds delivered after the effective date of any action taken as provided in this Article Eleven may bear a notation by endorsement or otherwise in form approved by the University as to such action, and in that case upon demand of the holder of any Bond outstanding at such effective date and presentation of his Bond for the purpose at the office of the Comptroller of the University a suitable notation shall be made on such Bond by the University as to any such action. If the University shall so determine, new Bonds so modified as to conform to such action shall be prepared, authenticated and delivered, and upon demand of the holder of any Bond then outstanding shall be exchanged at the office of the Comptroller of the University, without cost to any Bond holder, for Bonds then outstanding, upon surrender of such Bonds with all unmatured coupons, if any, appertaining thereto.

SECTION 11.07. *Exclusion of Bonds.* Bonds owned or held by or for the account of the University shall not be deemed outstanding for the purpose of any vote or consent or other action or any calculation of outstanding Bonds in this Article provided for, and shall not be entitled to vote or consent or take any other action in this Article provided for.

ARTICLE TWELVE

MISCELLANEOUS

SECTION 12.01. *Benefits of Bond Holders Limited to Parties.* Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person, firm or corporation other than the University and the holders of the Bonds and of the coupons outstanding, any right, remedy or claim under or by reason of this Resolution, and any covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the University shall be for the sole and exclusive benefit of the University and of the holders of Bonds and of the coupons outstanding.

SECTION 12.02. *Successor Is Deemed Included in All References to Predecessor.* Whenever in this Resolution or any resolution supplemental hereto either the University or the paying agent is named or referred to, such reference shall be deemed to include the successors or assigns thereof, and all the covenants and agreements in this Resolution contained by or on behalf of the University shall bind and inure to the benefit of the respective successors and assigns thereof whether so expressed or not.

SECTION 12.03. *Discharge of Resolution.* If all of the outstanding Bonds shall have matured, or shall have been duly called for redemption and the redemption date thereof shall have arrived, and if the University shall have deposited with the paying agent in trust, funds pursuant to this Resolution sufficient to pay and available for the payment of all amounts due on all Bonds then outstanding, including all principal, interest and redemption premiums, if any, and provision shall also be made for paying all other sums payable hereunder by the University, then, notwithstanding that any Bonds or interest coupons shall not have been surrendered for payment, the pledge of the income provided for in this Resolution and all other obligations of the University under this Resolution shall cease and terminate except as hereinafter in the next succeeding paragraph provided.

Any such funds held by the paying agent which have not been disbursed in the payment of Bonds and interest as aforesaid during the period of ten (10) years after the deposit referred to in the foregoing paragraph, shall be repaid to the University by the paying agent on written request of the University together with the schedule of the Bonds not paid or redeemed and thereupon the holder of any of the Bonds or coupons entitled to receive such payments, shall thereafter look only to the University for the payment thereof; provided, however, that the paying agent before being required to make such repayment, shall at the expense of the University, effect publication once a week for two successive weeks in a daily newspaper published in the English language, and having a general circulation in the City of Chicago, State of Illinois, a notice to the effect that said moneys have not been so applied and that after a date named in said notice, any unclaimed balance of said moneys then remaining will be refunded to the University.

No Bond or appurtenant coupon shall, after maturity thereof either accord-

ing to its terms or through call of such Bond for earlier redemption, be deemed to be outstanding provided that moneys in the requisite amount for the payment thereof shall have been deposited with the paying agent, as trust funds, and are available for payments of such Bond or coupon upon demand.

SECTION 12.04. *Execution of Documents by Bond Holders.* Any request, declaration or other instrument which this Resolution may require or permit to be signed and executed by Bond holders may be in one or more instruments of similar tenor, and shall be signed or executed by Bond holders in person or by their attorneys-in-fact appointed in writing.

Except as otherwise herein expressly provided, the fact and date of the execution by any Bond holder or his attorney-in-fact of such request, declaration or other instrument or writing appointing such attorney-in-fact may be proved by the certificate of any notary public or other officer authorized to take acknowledgments of deeds to be recorded in the State in which he purports to act, that the person signing such request, declaration or other instrument or writing acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer.

Except as otherwise herein expressly provided in this Resolution, the amount of Bonds transferable by delivery held by any person executing such request, declaration or other instrument or writing as a Bond holder, and the numbers thereof, and the date of his holding such Bonds, may be proved by a certificate, which need not be acknowledged or verified, satisfactory to the University, executed by a trust company, bank, investment banker, dealer, broker or other depository wherever situated, showing that at the date therein mentioned such person exhibited to or had on deposit with such depository the Bonds described in such certificate. Continued ownership after the date of deposit stated in such certificate may be proved by the presentation of such certificate if the certificate contains a statement by the depository that the Bonds therein referred to are in fact held on deposit by such depository and will not be surrendered without the surrender of the certificate to the depository. The University may nevertheless in its discretion require further or other proof in cases where it deems the same desirable. The ownership of registered Bonds and the amount, maturity, number and date of holding the same shall be proved by the registry books.

Any request, declaration or other instrument or writing of the owner of any Bond shall bind all future owners of such Bond in respect of anything done or suffered to be done by the University hereunder in good faith and in accordance therewith.

SECTION 12.05. *Waiver of Personal Liability.* No officer, agent or employee of the University shall be individually or personally liable for the payment of the principal of or interest on the Bonds; but nothing herein contained shall relieve any such officer, agent or employee from the performance of any official duty provided by law.

SECTION 12.06. *Official Publication.* Any publication to be made under the provisions of this Resolution in successive weeks may be made in each instance upon any business day of the week and need not be made on the same day of any succeeding week nor in the same newspaper for any or all of the successive publications, but may be made in different newspapers.

SECTION 12.07. *Partial Invalidity.* If any one or more of the covenants or agreements, or portions thereof, provided in this Resolution should be contrary to law, then such covenant or covenants, such agreement or agreements or such portions thereof, shall be null and void and shall be deemed separable from the remaining covenants and agreements or portions thereof and shall in no way affect the validity of this Resolution or of the Bonds.

SECTION 12.08. *Headings and Index.* Any headings preceding the texts of the several articles hereof and any table of contents appended to copies hereof shall be solely for convenience of reference and shall not constitute a part of this Resolution, nor shall they affect its meaning, construction or effect.

SECTION 12.09. *Covenants Not to Be Deemed Covenants of Any Present or Future Officer, Agent or Employee of University.* All covenants, stipulations, obligations and agreements of the University contained in this Resolution shall

be deemed to be covenants, stipulations, obligations and agreements of the University to the full extent authorized by law and permitted by the Constitution of the State of Illinois, and no covenants, stipulations, obligations or agreements contained herein shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future officer, agent or employee of the University in his individual capacity, and no officer executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issue thereof. No officer, agent or employee of the University shall incur any personal liability in acting or proceeding or in not acting or not proceeding in good faith, reasonably and in accordance with the terms of this Resolution and applicable law.

It is based upon recommendations of deans, directors, and other administrative officers and has been reviewed by the President.

He has recently been appointed to the Center for Advanced Study but is willing to accept the responsibility of the headship on the temporary basis. The recommendation is supported by the Vice-President and Provost and the Dean of the Graduate College.

I concur.

On motion of Mr. Clement, this appointment was approved.

THE AGRICULTURAL INDUSTRIES CURRICULUM

(11) The Urbana-Champaign Senate recommends authorization of a new agricultural industries curriculum leading to the degree of Bachelor of Science in Agriculture.

The curriculum developed by the Colleges of Agriculture and Commerce and Business Administration is designed to meet a changing trend in demand for graduates in agriculture by placing increased emphasis on business and economic training in addition to providing a broad selection of courses in agricultural sciences, natural sciences, social sciences, communications, and the humanities. This is part of an over-all program of the two colleges envisaging further development of curriculum involving both agriculture and commerce.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved in this question.

Submitted herewith is an outline of the curriculum, a copy of which is being filed with the Secretary of the Board for record.

I recommend approval.

On motion of Mr. Herrick, this curriculum was authorized.

ALTERNATE EDUCATIONAL PROGRAM FOR CONSCIENTIOUS OBJECTORS AS A SUBSTITUTE FOR MILITARY TRAINING

(12) The University Committee on Military Affairs has made a study of the problem of students who, because of reasons of conscience, object to taking military science courses. As a result of its study, the Committee has come to the conclusion that the University should adopt a plan under which conscientious objectors may petition to be excused from the compulsory military science requirement. The Committee believes that a student should be excused only on the basis of conscience and that, if excused, he should be obliged to enroll in some courses which would give him a better understanding of international politics and the history of warfare.

The Committee on Military Affairs recommends that the Board of Trustees be asked to adopt a policy permitting conscientious objectors to petition to substitute prescribed courses for the compulsory first two years of military science.

The Committee recommends that a University Committee on Military Science be appointed by the President to consider the petitions of conscientious objectors. It is recommended that this committee include the Chairman of the Committee on Military Affairs, the Dean of Students, and at least one faculty member who is not a member of the Military Affairs Committee.

The Committee recommends that the Board of Trustees authorize an appeal from an adverse decision by the University Committee on Military Science to the President.

The Committee recommends that in all cases where a petitioner is excused from compulsory military science on grounds of conscience, he be required to enroll in and pass the following courses (total of five hours): (a) Political Science 184, International Relations, two hours; and (b) one of the following history courses: History 291, History of Land Warfare, three hours; History 292, History of Naval Warfare, three hours; History 295, Reading Course, three hours.

The plan outlined is in accord with the provisions of United States law which permits a person drafted to secure assignment to special duty if he is a conscientious objector.

Military training is not a requirement for graduation in any of the undergraduate or professional colleges but is a general University requirement. All male students, unless specifically exempted under University rules, must register for military training and must take the full basic course, whether they intend to graduate or not. For example, students who are over twenty-two years of age when enrolling, students entering with junior or higher standing, and students who are physically disqualified are exempt. Since credit for military training is not required for graduation, Senate action on the recommendation of the Committee on Military Training was not required; but its recommendation was, nevertheless, presented to the Senate on June 1, 1959. The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

I recommend approval of this program, effective September 1, 1959.

On motion of Mr. Pogue, this program was authorized.

ACCREDITATION OF INSTITUTIONS OF HIGHER LEARNING

(13) For many years the University of Illinois has been accrediting institutions of higher learning in Illinois. The Urbana Senate Committee on Admissions from Higher Institutions recommended to its Senate that this practice be discontinued, and this recommendation has been approved by both the Urbana Senate and the Chicago Undergraduate Division Senate. The Senate Coordinating Council has advised that the Chicago Professional Colleges Senate is not concerned in this.

Accordingly, the University will discontinue accreditation of institutions of higher learning in Illinois according to the following plan:

With respect to two-year and four-year institutions that have not been accredited by the North Central Association of Colleges and Secondary Schools, but which have been approved by the University, the University shall (a) inform these institutions that it is discontinuing accrediting and rating activities; (b) inform these institutions that present ratings will be continued (from September 1, 1959) for a period of three years for two-year institutions and for a period of five years for four-year institutions unless evidence is received concerning one or more of these institutions clearly indicating that such ratings should not be continued; (c) inform these institutions that it will, after September 1, 1959, accept accreditation by the North Central Association; and (d) notify these institutions that it will be glad to cooperate with them in assisting them to become fully accredited.¹

With respect to institutions that are in the process of establishing programs, the University shall advise these institutions when they seek approval that until they are accredited by the North Central Association, the University will admit students who have completed courses in these institutions on the basis of validation by examination or by work in advanced courses in sequence, taken in residence.

In institutions that have not been accredited by the North Central Association or approved by the University of Illinois, but that have been accredited or approved by one of the agencies recognized by the National Commission on Accrediting, the University shall accept all of the credit earned in such institutions and indicate that the precise amount of such credit which is applicable toward a particular degree will be determined by the University College and Department concerned.

This report was received for record.

¹ Subsequently (b) was modified to provide for continuation of present ratings for five years for two-year institutions as well as for four-year institutions. — Secretary's Note.

CHANGE IN NAME OF SMALL HOMES COUNCIL

(15) The Executive Committee of the Small Homes Council recommends, and I concur, that its name be expanded to "Small Homes Council—Building Research Council." Its functions and operational procedures will be the same as those specified when the Small Homes Council was established by the Board of Trustees but the change in name is desired because an increasing number of architectural projects are proposed to the Council which are not in the Small Homes field but are of interest and importance, and are suited to the Council's program.

On motion of Mrs. Watkins, this change was approved.

ASSIGNMENT OF LAND RECEIVED FROM THE UNITED STATES GOVERNMENT TO THE AGRICULTURAL EXPERIMENT STATION

(16) The University of Illinois has received from the Department of Health, Education, and Welfare approximately 160 acres of farm lands near Joliet in Will County which had been declared surplus by the United States Government. Application for this land was authorized by the Board of Trustees on April 17, 1958.

The land was transferred to the University by quitclaim deed dated May 25, 1959, subject to leases which will be in effect until February 29, 1960, and to the condition that the University shall continue to use this land for educational purposes for a period of twenty years, as set forth in the application. Failure to do so would result in forfeiture of title, or the University could pay the United States Government the fair market value of the land less a credit of five per cent for each twelve months of use of the property for the purposes specified in the application. The fair market value of the 160 acres, including the improvements thereon, in \$60,000.

I recommend assignment of this land to the Agricultural Experiment Station for the use of the Department of Agronomy.

On motion of Mr. Hughes, this assignment was approved.

**RESOLUTION DELEGATING SIGNATURES FOR CONSTRUCTION
FUND ACCOUNTS AT THE HARRIS TRUST AND SAVINGS BANK**

(17) On March 12, 1959, the Board adopted a resolution delegating signatures for the Construction Fund for the Housing Revenue Bonds of 1958, Series A and B. The Finance Committee has approved the designation of the Harris Trust and Savings Bank as the depository for the Construction Fund Account 1959B, which will be used for the construction of the graduate students residence hall. I concur.

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Stratton.

FINANCING AND CONSTRUCTION OF MEN'S RESIDENCE HALLS

(20) The Board of Trustees has authorized the construction of the third stage of the Men's Residence Halls in the University's student housing program. These

buildings will be on Peabody Drive and will consist of three residence halls and a food service unit, duplicating the Gregory Drive Men's Residence Halls group (Forbes, Garner, and Van Doren Houses), completed and occupied in September, 1958. The third stage will provide housing for 1,500 men students; quarters for 1,000 should be available in September, 1960, and the remaining 500 in September, 1961.

The total estimated cost of this project is \$7,500,000, to be financed through a revenue bond issue. It was anticipated that \$3,750,000 of the bonds could be sold to the Housing and Home Finance Agency under the Federal College Housing Loan Program and the remaining \$3,750,000 sold at public sale to investment bankers. Approval of the federal government's participation in this financing was contingent upon enactment of the housing bill recently passed by the Congress and consequently University negotiations were necessarily delayed until the outcome of this legislation was known. The veto of the congressional act means further delay and it is uncertain whether or not any housing legislation will be approved by the present Congress.

To meet the completion schedule indicated, construction must be started soon. Bids on the construction will be received on July 22 and 28, and it had been planned that as soon as these bids are known, a public notice would be issued inviting bids on the bonds with the sale of bonds scheduled for the middle of August. In the event federal financing is not available in time, one of two courses of action may be followed: (1) divide the project into two phases, the first of which would be financed entirely from the sale of bonds to private capital and the second deferred until federal financing can be assured; or (2) sell bonds for the complete project to private capital and seek federal financing on future housing projects for their total cost instead of on a matching basis.

The Vice-President and Comptroller recommends that:

1. He be authorized to advertise for the sale of bonds at the appropriate time and in a manner advantageous to the University;
2. The application to the Housing and Home Finance Agency be amended, if necessary;
3. The firm of Chapman and Cutler, Chicago, be retained as counsel for the bond issue;
4. The Executive Committee of the Board of Trustees be authorized to (a) award construction contracts, (b) approve the Loan Agreement with the Housing and Home Finance Agency if federal financing is available, and (c) sell the bonds for this project;
5. Funds from Housing Division Reserve be advanced to the extent necessary and available to finance construction costs prior to the delivery of bonds; and that
6. The Comptroller and the Secretary of the Board of Trustees be authorized to execute all documents and to take all other steps necessary to initiate this project.

I concur in these recommendations.

On motion of Mr. Johnston, these recommendations were approved, and the Executive Committee was authorized to act for the Board on all necessary steps to be taken pursuant to said recommendations. This action was taken by the following vote: Aye, Mr. Clement, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Stratton.

FINANCING AND CONSTRUCTION OF LAUNDRY AT CHICAGO PROFESSIONAL COLLEGES

(21) The Board of Trustees has approved the construction of a laundry at the Chicago Professional Colleges as a self-liquidating project, has authorized the Vice-President and Comptroller to investigate ways and means of financing its construction, and has authorized employment of architects to prepare plans and specifications. The Buildings and Grounds Committee has approved the location of the building at the northeast corner of Damen Avenue and Taylor Street.

The Vice-President and Comptroller and officers of the University of Illinois Foundation have discussed with officers of the First National Bank of Chicago methods of financing; as a result of these conferences, it has been

determined that a laundry building can be financed and constructed according to the following plan.

1. The University will convey to the Foundation the site for the laundry, to which the University now has title.
2. The Foundation will borrow \$650,000 from the First National Bank of Chicago to construct and equip the laundry.
3. The Foundation will request the University to act as its agent in taking bids and supervising the construction and equipping of the building.
4. The University will recommend to the Foundation awards of contracts by the Foundation for the construction and equipping of the building.
5. The Foundation and the University will execute a lease under which the Foundation will lease the building and equipment to the University for the purpose of carrying on laundry operations.
6. The University will pay under this lease a rental to the Foundation sufficient to repay the funds borrowed from the First National Bank over a period of from ten to twelve years, depending on the interest rate at which the loan is made.
7. The loan will be made by the First National Bank of Chicago at an interest rate of $2\frac{1}{2}$ per cent. A ruling has been secured from the Department of Internal Revenue that the interest paid to the Bank by the Foundation is exempt from income tax. At $2\frac{1}{2}$ per cent the loan will be repayable in ten years.
8. The University will charge departments of the University in Chicago rates for laundry work performed, which will provide income to cover the operations of the laundry and pay the necessary rentals to the Foundation.
9. Upon repayment of the loan by the Foundation, the property will be conveyed by the Foundation to the University.

The Foundation has taken the necessary actions. Bids taken by the University on the construction of the laundry and installation of equipment will be turned over to the Foundation with a recommendation for the awards of the contracts. It is necessary that an easement be granted by the University to the Medical Center Steam Company, which will supply steam to the laundry, before conveyance of the laundry site to the Foundation.

Accordingly, the Director of the Physical Plant, the Vice-President in charge of the Chicago Professional Colleges, and the Vice-President and Comptroller recommend that:

1. The Board adopt a resolution (submitted herewith) granting an easement to the Medical Center Steam Company.
2. The Board adopt a resolution (submitted herewith) authorizing the Comptroller and the Secretary of the Board to execute the necessary documents and to take other actions as may be necessary to implement the plan recommended.
3. The University of Illinois Foundation be requested to award contracts for the construction and equipment of the laundry building as follows:

Construction—George Sollitt Construction Company, Chicago.....	\$443 540 00
Equipment—	
American Laundry Machine Company, Chicago.....	108 620 00
Super Laundry Machinery Company, Chicago.....	35 763 80
<i>Total Contracts</i>	<u>\$587 923 80</u>

The budget for this project indicates a total cost of \$768,600. The University will provide \$118,600 in (a) useable equipment in the present laundry, valued at \$33,600; (b) \$45,000 in reserves resulting from operation of the present laundry; and (c) \$40,000 representing the value of the site. This leaves \$650,000 to be financed.

All approvals are subject to completion of the necessary legal documents in a form and manner satisfactory to the University's Legal Counsel, the University of Illinois Foundation, and the First National Bank of Chicago. Submitted herewith is a report with recommendations from the Physical Plant Department relating to the awards of contracts, including a schedule of all bids received and a budget for the project. A copy of this report is being filed with the Secretary of the Board for record.

(22) Bids received on a Nuclear Reactor and on construction of a building to house the equipment for the College of Engineering and the Engineering Experiment Station total \$357,000 compared with an original estimate of \$240,000.

A grant of \$150,000 from the Atomic Energy Commission is available for a portion of this cost. The Board of Trustees had previously assigned (May, 1958) \$90,000 for the University's portion of the original estimated cost. To finance the additional cost, the Vice-President and Provost and the Vice-President and Comptroller recommend assignment of \$28,000 from funds available to the University Research Board and \$89,000 from accumulated collections for indirect costs on contract research. The Research Board has approved this assignment.

If funds are thus made available, it is recommended that contracts be awarded to the lowest bidders as follows:

DIVISION AND THE MEDICAL CENTER STEAM PLANT AT THE
CHICAGO PROFESSIONAL COLLEGES**

Coal for Medical Center Steam Plant

(24) The Director of the Physical Plant, the Business Manager of the Chicago Colleges and Divisions, and the Vice-President and Comptroller recommend award of a contract to the Diamond Coal and Oil Company, 1074 West Division Street, Chicago, Illinois, the lowest bidder, for 35,000 tons of screenings coal to be delivered to the Medical Center Steam Company plant, operated by the University, as required during the period September 1, 1959, to June 30, 1960, at a per ton cost of \$3.25, plus transportation of \$3.23, plus \$1.04 for handling, storage, and delivery, or a total estimated cost of \$263,200. The University has the right of approval of any such increase in price.

The lowest bid is determined by the number of British Thermal Units per one cent of cost, based on guaranteed analysis. A continuous check is provided to insure compliance with the specifications.

Fuel Oil for Medical Center Steam Plant

The aforesaid officers also recommend the purchase of a minimum of 8,000 gallons of No. 6 fuel oil with the option of purchasing as much more as may be required for emergency use, but not to exceed 450,000 gallons, for the 1959-60 heating season, from the Jewett and Sowers Oil Company, 2580 South Archer Avenue, Chicago, Illinois, the lowest bidder, at a price not to exceed \$0.0859 per gallon subject to adjustment in accordance with the posted price variations published in the "Oil Daily." On the basis of the maximum price quoted, the total cost of 8,000 gallons would be \$687.20, and of 450,000 gallons, \$38,655.

The Medical Center Steam Company plant is equipped to burn either coal, gas, or oil. Winter operation has been with coal and summer with gas. The fuel oil is for stand-by service. If used for emergency operation instead of gas or coal, there will be a corresponding reduction in expenditure for these two fuels.

Fuel Oil for Undergraduate Division

The aforesaid officers also recommend the purchase of No. 5 fuel oil, not to exceed 340,000 gallons, for the 1959-60 heating season, from the Jewett and Sowers Oil Company, 2580 South Archer Avenue, Chicago, Illinois, the lowest bidder, at a price not to exceed \$0.0939 per gallon subject to adjustment in accordance with the posted price variations published in the "Oil Daily." On the basis of the maximum price quoted, the total cost of 340,000 gallons would be \$31,926.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contracts, subject to approval by the Governor as required by the State Constitution.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Stratton.

Submitted herewith are supporting statements from the Physical Plant Department listing all bids received and reporting the recommendations of Sargent and Lundy, Chicago, employed by the University for the engineering designs of the construction and equipment installations. Copies of these reports are being filed with the Secretary of the Board for record.

Funds are available in the state capital appropriations to the University for 1959-61 subject to release by the Governor. The Governor has announced that no releases of capital appropriations will be approved prior to January, 1960, and then only if the State's revenue situation is favorable. Hence, award of these contracts must be contingent upon the release of funds and provided that the contractors will extend the time during which their bids will be firm. The alternative is to reject all bids and advertise for new ones when availability of funds has been assured.

I concur.

On motion of Mr. Swain, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Stratton.

ADDITION TO CONTRACT FOR ABBOTT POWER PLANT

(26) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$5,750 in the contract with General Electric Company, Chicago, to provide for spare parts for the recently installed turbine generator. This would be for a minimum number of parts which should be in stock for repairs so that there will be no unnecessary delays in operations.

Funds are available in the state capital appropriations for 1957-59.

I concur.

On motion of Mr. Herrick, this change in the contract was authorized.

STEAM SERVICE TO HOLY TRINITY PARISH CHURCH IN CHICAGO

(27) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a contract with the Holy Trinity Parish Church, 916 South Wolcott Avenue, Chicago, for steam service from the Medical Center Steam Company plant to a new church to be constructed in the Medical Center District at the northwest corner of Taylor Street and Wolcott Avenue, this contract to be on the same basis as contracts with other consumers of steam in the District supplied by the Company. The requirements of the church will not exceed 800 pounds per hour maximum demand. Additions to the steam plant now nearing completion will provide enough excess capacity to supply steam to the church.

I recommend approval.

On motion of Mr. Johnston, this contract was authorized.

RESEARCH CONTRACT WITH ATOMIC ENERGY COMMISSION AND OFFICE OF NAVAL RESEARCH

(28) The Department of Physics requests authority to submit a proposal to the Atomic Energy Commission and/or the Office of Naval Research for support of a research program in elementary particle physics. The amount of \$889,288 is requested for a two-year period which would provide full reimbursement for all direct and indirect costs, the latter estimated to be approximately \$121,000. Space is available in the new Physics Building and elsewhere for this program.

I recommend approval and authorization of a contract.

On motion of Mr. Swain, this contract was authorized.

GRANTS FROM THE ROCKEFELLER FOUNDATION AND THE FORD FOUNDATION

(29) The Rockefeller Foundation has made a grant of \$45,000 to the University of Illinois for research on the biochemistry of insects. This grant will be for a three-year period beginning September 1, 1959, and is a continuation of previous grants made for research in this field during the past nine years by Professors Clyde W. Kearns and James Sternburg of the Department of Entomology. The funds provided will be used for the salaries and wages of scientific and technical staff, laboratory equipment, and travel expenses.

The Ford Foundation has made a grant of \$47,500 to the University of Illinois to be used over a period of three years for the released time of members of the faculty for educational television programming. It will be used in connection with a course in economics and one in sociology and will provide full support to televise both courses the first year, and partial support of the courses in the next two years. It is the expectation of the officers of the Foundation that the program will be a permanent one and that the amount of instruction given over television will be increased in future years. The grant was made in response to an application submitted by Professor James R. Shipley, Head of the Department of Art and Chairman of the Committee to Direct Planning and Research in Instructional Television, and endorsed by Deans Royden Dangerfield and F. T. Wall and by Mr. Robert E. Gentry, representing the Business Office.

The University has accepted these grants from the Ford Foundation and the Rockefeller Foundation for the purposes indicated.

This report was received for record.

On motion of Mrs. Watkins, the Secretary was instructed to write to the Rockefeller and Ford Foundations formally expressing for the Board of Trustees appreciation of the support they have been giving programs of this type in general and to the University of Illinois in particular.

CONTRACTS FOR MINOR BUILDING ALTERATIONS AND REPAIRS

(31) In anticipation of a large volume of minor building alteration work during 1959-60, more than can be undertaken by University mechanics but most of which work would not justify the cost of preparing separate drawings and specifications and the expense of separate bidding procedures, the Physical Plant Department proposes renewing a former practice of securing bids from contractors in the various divisions of work based on net cost, plus an added percentage of material and labor costs for overhead and commission, the percentages varying with the amount of work to be done.

The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of cost-plus contracts for the fiscal year ending June 30, 1960, as follows, the award in each case being to the lowest bidder:

General work—Oran L. Shoemaker and Company, Champaign
 Electrical work—Brunkow Electric Company, Champaign
 Plumbing work—David W. Reichard Plumbing and Heating, Urbana
 Heating, piping, refrigeration, and automatic temperature control systems—Reliable Plumbing and Heating Company, Champaign
 Ventilating and sheet metal work—Schroeder and Sons Company, Champaign

A schedule of bids taken on the basis of such procedure showing the percentages to be added for work to be executed under cost-plus percentage contracts is attached, and a copy of this schedule is filed with the Secretary of the Board for record as the basis for the contract awards recommended. Awards of these

contracts will require no assignment of funds at this time; each job will be covered by a contract change order charged against funds allocated for it.

I concur.

On motion of Mr. Johnston, these contracts were authorized.

REPORTS OF COMMITTEES

The Board proceeded to consider the following reports and recommendations from its standing committees.

INVESTMENT OF ASSEMBLY HALL INTEREST RESERVE ACCOUNT

Mr. Swain, for the Finance Committee, presented the following:

The Assembly Hall Revenue Bond Resolution, approved June 23, provides that funds in the Interest Reserve Account may be invested in United States Government securities maturing not more than three years from the date of purchase. Through oversight, authority to make these investments was not given to the Comptroller.

The proceeds from the sale of bonds were received on July 16 and the applicable portion was deposited in the Interest Reserve Fund. In order not to lose interest, the Comptroller invested these funds and confirmation of this action is requested. The Finance Committee also recommends that authority be granted to the Vice-President and Comptroller to purchase and sell United States Government securities with maturities not more than three years after the date of purchase, as investments of the Interest Reserve Account of the Assembly Hall Revenue Bond Fund, and that the Sears Bank and Trust Company, the depository of this fund, be authorized to accept orders of the Vice-President and Comptroller to purchase and sell such securities.

On motion of Mr. Swain, this recommendation was approved.

AUGUST, SEPTEMBER, AND OCTOBER BOARD MEETINGS

It was the consensus of the Board that no regular meeting be scheduled in August, and the President therefore ordered it be omitted.

On motion of Mrs. Watkins, the Board voted to hold its September meeting in Urbana, Illinois, on Wednesday, September 16, 1959, at an hour and place to be determined by the President and Secretary of the Board.

On motion of Mr. Swain, the Board voted to hold its October meeting in Peoria, Illinois, on Wednesday, October 21, 1959, at an hour and place to be determined by the President and Secretary of the Board.

EXECUTIVE SESSION

At this point, on motion of Mr. Pogue, an executive session was requested and ordered for consideration of the following items of business.

PURCHASE OF PROPERTY AT 805 WEST PENNSYLVANIA AVENUE, URBANA

(33) The Committee on Buildings and Grounds has approved the purchase of the property at 805 West Pennsylvania Avenue, Urbana, at a price of \$85,000. The property consists of a lot 120 feet wide, 140 feet deep, and a three-story and basement masonry (stone and brick) building, which was built as a sorority house, later was occupied by a fraternity, and at one time was owned by the University. It is proposed to assign the building to the College of Education for its elementary education program. When a new building is constructed for the College, the building can be remodeled for student housing.

This property was purchased by the University at a price of \$57,500 for use as a temporary research laboratory by the College of Veterinary Medicine since no state appropriation had been made at that time for a building for the new College.

The property was sold by the University to the Sigma Alpha Mu fraternity in 1951 for \$80,000. The fraternity is negotiating for the acquisition of another house and has offered to sell its property to the University at the price indicated above, which is within the appraisals, ranging from \$85,000 to \$87,500, received by the University.

It was anticipated that funds for this property acquisition would be available in the state capital appropriations to the University for the year 1959-61. These appropriations have been made, but the funds are subject to release by the Governor who has announced that no releases of capital appropriations will be approved prior to January, 1960, and then only if the State's revenue situation is favorable.

Since state funds are not immediately available, the University of Illinois Foundation has been requested, and has agreed, to purchase the property and lease it to the University for a rental adequate to reimburse the Foundation for the costs involved (interest on the funds to be borrowed, plus expenses incidental thereto). When state funds are available, the University will purchase the property from the Foundation.

The Director of the Physical Plant, the Vice-President and Comptroller, and the Vice-President and Provost recommend approval of this interim plan for the acquisition of the property and assignment of funds as follows:

From the General Reserve, nonrecurring, for alterations in the building to make it suitable for use by the College of Education (\$26,000) and for the first year's rent, or so much thereof as may be necessary (\$4,000).....\$30 000
 Addition to operating budget of the Physical Plant Department for operation and maintenance of the building.....\$ 9 400
 I concur.

On motion of Mr. Johnston, this recommendation was approved, and the requested assignments of funds were made by the following vote: Aye, Mr. Clement, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Stratton.

LEASE OF PROPERTY AT 807 SOUTH LINCOLN AVENUE, URBANA

(34) The Buildings and Grounds Committee of the Board of Trustees recommends that the building at 807 South Lincoln Avenue, Urbana, be leased by the University for use by the Department of Art. This building is now leased by the Jewel Tea Company which plans to vacate it in the near future.

The rental is \$550 per month and the University would assume the cost of utilities, interior maintenance, janitor service, and any needed alterations for University use. Since the owner requests a five-year lease, the Board of Directors of the Foundation has agreed to enter into such a lease and sublease the property to the University for biennial periods.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the lease and sublease be authorized by the Board of Trustees, and that assignments of funds be made as follows:

From the General Reserve, nonrecurring, for remodeling.....\$ 9 500
 Addition to the operating budget of the Physical Plant Department for the annual rental (\$6,600) and operation and maintenance costs (\$4,000)..... 10 600
 I concur.

On motion of Mr. Johnston, this lease was authorized, and the requested assignments of funds were made by the following vote: Aye, Mr. Clement, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Stratton.

LEASE OF UNIVERSITY PROPERTY ADJOINING STUDENT SERVICES BUILDING SITE

(35) The University's long-range program of land acquisition contemplates purchase of the property at 710 South Sixth Street, Champaign, for future campus expansion. Funds are not currently available so that this purchase will be deferred for a number of years.

Mr. Joseph A. Buttitta, owner, had contemplated substantial improvements on his property (a two-story, stone front, and an adjoining one-story, brick front building in which he operates a shoe store and shoe repair shop), but in view of the University's plans to acquire the land he is willing to sell, lease, or enter into an agreement with the University which would enable him to make temporary improvements involving a minor investment with a planned date for University acquisition.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of negotiations and the execution of an agreement with the owner which would provide for the following:

1. Mr. Buttitta would retain possession of his present property at least until July, 1964.
2. If he finds an alternate location for his business prior to that date, the University will consider purchase of his property subject to negotiations as to price and availability of funds. (Any investment he makes for property improvements in the interim would probably be liquidated within the period.)

3. He will renovate his store front and do some remodeling in the rear of the property, but to complete this at a minimum cost it will be necessary to construct a minor addition which would cross a portion of University land, approximately 25 square feet, at the northwest corner of the lot at 610 East John Street, Champaign, which adjoins the rear of his property. He has requested that the University sell, lease, or give him an easement across this small area until the University acquires his property.

Since the University does not use this small area and Mr. Buttitta has agreed not to proceed with the substantial improvements he originally contemplated, it is recommended the University lease this 25 square feet to Mr. Buttitta for a period of five years from July 1, 1959, for one dollar and other good and valuable considerations.

I concur.

On motion of Mr. Johnston, this lease was authorized by the following vote: Aye, Mr. Clement, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Stratton.

ACQUISITION AND SALE OF PROPERTY IN LA SALLE COUNTY

(36) The University owns 640 acres of farm land in La Salle County acquired in 1955 as an outright gift from Miss Laura M. Weber of La Grange Park, Illinois, for the benefit of the College of Agriculture.

Two eighty-acre tracts of farm land in Hope Township, La Salle County, have been placed on the market for public auction on July 30. One is described as the "West Half of the Southwest Quarter of Section 10 in Township 31 North, Range 1 East of the 3rd P.M., Hope Township, La Salle County, Illinois, commonly known as the Isaac Hiltabrand farm"; the other is described as the "East Half of the Southwest Quarter of Section 10 in Township 31 North, Range 1 East of the 3rd P.M., Hope Township, La Salle County, Illinois, commonly known as the Maude G. Hiltabrand farm." These two tracts are adjacent to the main tract of four hundred acres of the Weber Farm in Richland Township. A part of the Weber Farm holdings of the University is an eighty-acre tract approximately six miles from the main tract. The Dean of the College of Agriculture and Director of the Agricultural Experiment Station recommends the University attempt to acquire either or both of the eighty-acre tracts in Hope Township and sell the outlying eighty-acre tract presently owned. Accordingly, the Vice-President and Comptroller recommends that:

1. The Board of Trustees authorize University representatives to submit bids on July 30, 1959, at the auction sale for either or both of the two eighty-acre tracts in Hope Township to be sold;
2. If the University is successful in acquiring this land at auction, the Comptroller be authorized to pay for it from funds in the Endowment Pool Account and to transfer sufficient amounts of government securities from endowment pool funds to current trust funds to provide sufficient cash in the endowment pool for this purchase; and that
3. If the land in Hope Township is acquired, the Comptroller and the Chairman of the Board of Trustees Committee on Agriculture be authorized to negotiate for the sale of the eighty acres presently owned by the University but separated from the main Weber Farm tract.

The terms of Miss Weber's deed of gift will permit this transaction as long as the net profits of any sale of the farm lands she gave the University are used by the University in such manner as will benefit its College of Agriculture or be helpful to its activities.

On motion of Mr. Hughes, the Board voted to approve the foregoing recommendations, provided purchase price of the property to be acquired is not in excess of 20 per cent of the appraised value.

On motion of Mr. Pogue, the Comptroller was authorized to take the necessary steps, subject to approval of the Chairman of the Board of Trustees Committee on Agriculture, to implement the acquisition and sale recommended.

These actions were taken by the following vote: Aye, Mr. Clement, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Stratton.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(37) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Intermittent motion clutch—Associate Professor Roy B. Perkins, Head of the Department of Mechanical Engineering, Chicago Undergraduate Division, inventor. This device is for slowing and/or stopping and/or reversing the driven shaft during part of each of the revolutions of the driving shaft. It transmits motion in such a way that power may be transmitted only if the angular velocities of the driven and driving shafts are in the same direction.

The Committee requested an opinion on this invention from Professor N. A. Parker, Head of the Department of Mechanical Engineering at Urbana, and Dr. E. I. Radzimovsky, a member of the Machine Design Division of that Department. It is the opinion of these individuals that the machine may have some merit for transferring motion but only when negligible power is applied. They also state that the novelty of the design may be doubtful. For these reasons the Committee is of the opinion that the commercial value of the invention is doubtful and recommends that the invention be released to the inventor.

2. Amides of phthalic acid possessing parasympathomimetic properties—L. G. Abood, Associate Professor of Psychiatry, Chicago Professional Colleges, inventor. These substances are similar in their pharmacological action to nicotine and acetylcholine, although considerably less potent. They were developed because it was desirable to make compounds which will mimic the action of acetylcholine and act specifically on the central nervous system.

It is the opinion of Dr. Francis J. Gerty, Professor and Head of the Department of Psychiatry, that this idea has very doubtful commercial value. It appears that large sums of money and considerable research effort would be required to develop this invention to the point where it would be useful. Accordingly, the Committee recommends that this invention be released to the inventor.

3. Inhibition of tiller development in corn by potassium gibberellate—Harvey Allen Lund (deceased), Assistant Professor of Agronomy, Ernest Benton Earley, Professor of Agronomy, and Joe Howard Cherry, Assistant in Agronomy, inventors. This idea relates to the application of potassium gibberellate to seedlings of hybrid seed corn. Tiller (sucker) formation was significantly inhibited by this spray. A study of the results of the investigation also disclosed that the amount of grain obtained was diminished from each corn plant by the application of this chemical.

This research, carried on by members of the staff of the Department of Agronomy, was financed in part by the Commercial Solvents Corporation. The contract providing for this support states that the sponsoring agency upon payment of all costs of obtaining a patent shall be granted a royalty-free non-exclusive license while the University may charge other licensees an amount that is fair to the public, University, and sponsor. The Commercial Solvents Corporation has indicated an interest in obtaining a patent under these conditions. Accordingly, the Committee recommends that this corporation be authorized to apply for such a patent if that be its decision and that otherwise the invention be released to the inventors since it is the opinion of the Committee that it has doubtful commercial value.

4. Log periodic dipole arrays—D. E. Isbell, Staff Member, Antenna Research Laboratory, inventor. These antennas provide unidirectional radiation patterns of constant input impedances over any desired bandwidth. The antenna configuration is simple, permitting practical methods of fabrication, and the design should prove useful in many applications. It makes possible the construction of "all wave" rotatable beams of very low cross section for use in the HF to UHF spectrum.

The Committee concurred in the opinion of the Head of the Department of Electrical Engineering that this invention holds a likelihood of commercial possibility. Therefore, it recommends that the invention be released to the University

of Illinois Foundation for study and application for a patent if such application seems justifiable, with recognition of the contractual obligations of the University to the United States Air Force. However, this transfer is to be with the condition that if the Foundation finds that it has no interest in obtaining such a patent that the invention be released to the inventor by the Foundation with full recognition of the contractual obligations of the University to the Air Force or if the inventor does not wish the invention, all rights of the University and the Foundation be transferred to the Air Force.

I concur in these recommendations.

On motion of Mr. Clement, these recommendations were approved.
