QUARTERLY REPORT OF THE COMPTROLLER

(22) The Comptroller presented his quarterly report to the Board as of March 31, 1960.

This report was received for record and a copy has been filed with the Secretary of the Board.

UNIVERSITY POLICY ON CONSTRUCTION OF FAMILY HOUSING

(23) In January, 1956, the Board of Trustees approved a comprehensive program for the construction of student housing, including family housing. As stated in this program, the planning is subject to revision from time to time according to the needs of the University and the availability of adequate private housing in the community of Urbana-Champaign. Indeed, in 1958 these factors being taken into account the construction schedule was revised accordingly. Submitted herewith is a memorandum prepared by the Housing Division, giving the background of this subject and the changes which have been made since its adoption; a copy of this is being filed with the Secretary of the Board for record.

Recent questions raised by the Apartment Owners Association of Champaign-Urbana concerning the need for construction by the University of additional family housing have been answered in conferences with representatives of the Association. However, it is desirable that there be public understanding of the University's program and needs, and it is therefore recommended that the Board authorize the following policy statement.

1. The projected enrollments for the University at Urbana-Champaign indicate that there will be a continuing need for family housing facilities for students, faculty, and staff. Without additional housing, the University can not continue to grow at Urbana-Champaign.
2. If the facilities are to be available when needed, decisions for planning and construction must be based on projected enrollments.
3. The University's enrollment projections and estimated housing requirements are always available and plans will continue to be announced as soon as they are approved.
4. The University hopes that private builders in the community will continue to help provide suitable housing for faculty, staff, and married students.
5. The University's efforts will be directed toward providing married students' housing facilities meeting University conditions and requirements which are estimated to be unavailable elsewhere in the local community.
6. The final appraisal and decisions as to need, both present and projected, must be the responsibility of the Board of Trustees.

On motion of Mrs. Watkins, this statement of policy was approved.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(24) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Radio direction-finding system — Albert D. Bailey, Professor of Electrical Engineering, inventor. The purpose of this invention is to provide a radio direction-finding system that will permit one to obtain the direction of arrival of a radio wave with an accuracy that is considerably better than that obtained with the conventional small aperture radio direction-finding systems. The system is basically a sum-and-difference radio interferometer technique together with the means for continuously calibrating the indicated data to arrive at an accurate estimate of the bearing and elevation angle-of-arrival of the incoming radio signal. The novel features are the conception of the complete system and the use of a calibrator to provide a means for obtaining an accurate estimate of the bearing and elevation angles of arrival of a radio wave.

The Committee concurs in the recommendation of the Head of the Department of Electrical Engineering that there is little or no commercial value and recommends that this invention be released to the sponsoring agency, the United States Army Signal Corps.

2. Radio direction finding using phase-locked oscillators — F. J. Wymer, Research Assistant in Electrical Engineering, inventor. The only new idea in this system is the use of phase-locked oscillators in radio direction-finding systems. Other techniques and components employed — the receivers, phase-locked oscillator, goniometer, phase-sensitive detector, and Adcock Antenna Array — are not novel.

The Committee concurs in the recommendation of the Head of the Electrical Engineering Department that there is little or no commercial value and recommends that this invention be released to the sponsoring agency, the United States Navy.

3. Log-periodic resonant-V arrays — Paul E. Mayes, Research Associate Professor of Electrical Engineering, and Robert L. Carrel, Research Assistant in Electrical Engineering, inventors. This is a broadband antenna which utilizes a directive element pattern as well as the array factor to achieve moderately high gains over an extended range of frequencies (ten to one or more in ratio). The antenna consists of linear elements which are connected to a parallel-wire feed line.

The Committee concurs in the recommendation of the Head of the Department of Electrical Engineering and the University of Illinois Foundation that there is definite possibility of commercial value and that this invention be released to the University of Illinois Foundation, recognizing the rights of the sponsoring agency, the United States Air Force.

4. New circularly polarized omnidirectional antenna — Paul E. Mayes, Research Associate Professor of Electrical Engineering, and John D. Dyson, Research Assistant Professor of Electrical Engineering, inventors. Since this type of log-spiral antenna retains the extremely wide frequency band-widths of the balanced, two-arm conical log-spiral antenna, it provides a major improvement over most of the narrow band omnidirectional, circularly polarized antennas presently in use. Successful operation over frequency ranges of 10 to 1 and more are possible as compared to the 2 to 1 or less range with former antennas.

The Committee recommends that, in view of definite possible commercial value, this invention be released to the University of Illinois Foundation, recognizing the rights of the sponsoring agency, the United States Air Force.

5. All channel TV and FM receiving antenna — Robert L. Carrel, Research Assistant in Electrical Engineering, and Paul E. Mayes, Associate Professor of Electrical Engineering, inventors. At present the television broadcasting spectrum is allocated in several bands which are widely dispersed in frequency. As a result it is now common practice to use several antennas in order to receive from several transmitting stations. There is no commercially available antenna which will perform well at all frequencies in the television broadcast bands. Utilizing the ideas covered in this patent it is possible to design an antenna which operates well over all of the television spectrum plus that used in FM broadcasting as well. Furthermore, the design described here uses the available antenna structure more effectively insofar as producing directive gain than would be possible when using

several narrow band antennas. Structurally, this antenna is no more complex than certain commercial models on the market at present.

The University of Illinois Foundation reports that it appears that this invention has a more direct commercial appeal than any of the other antenna inventions now held by them; and therefore, the University Patent Committee recommends that this invention be released to the University of Illinois Foundation with the stipulation that they recognize the contractual rights of the sponsoring agent, the United States Air Force.

I concur in these recommendations.

Mr. Clement stated that the Board's Committee on Patents has considered these recommendations, and he moved their approval. This motion was adopted.

REQUEST OF FAUCETT-UMPHREY CORPORATION

(25) The Faucett-Umphrey Corporation, Bloomfield, Indiana, was awarded a contract for \$189,448.10 for the manufacture of student room furniture (chairs, beds, and desks) for University residence halls. The Corporation having failed to submit an owners protective bond as stated in the contract, the Board of Trustees exercised its option of retaining the Corporation's bid deposit of \$7,500, as liquidated damages for failing to comply with contract requirements, and declaring the contract null and void.

The Faucett-Umphrey Corporation, by James R. Riley, its Executive Director, has asked the Board of Trustees to reconsider its action relative to retention of the bid deposit.

Following discussion of this request, the Vice-President and Comptroller was instructed to inform the Faucett-Umphrey Corporation that the Board does not see its way clear to granting this request.

STATUS OF ASSISTANT PROFESSOR LEO F. KOCH

(26) At the meeting of the Board of Trustees on April 20, 1960, I reported that on recommendation of the Executive Committee of the College of Liberal Arts and Sciences, Assistant Professor Leo F. Koch of the Division of General Studies was relieved of all University duties as of April 7, 1960, and that he was informed that his appointment will be terminated at the end of the current academic year 1959-60. He was officially notified of this action by a copy of the following letter addressed to Dean Lyle H. Lanier of the College of Liberal Arts and Sciences which was delivered personally to him by Dean Lanier acting for me.

April 7, 1960

DEAR DEAN LANIER:

I have your memorandum of April 7 reporting the deliberations of the Executive Committee of the College of Liberal Arts and Sciences concerning Assistant Professor Leo F. Koch. You report that Professor Koch's letter published in the *Daily Illini* on March 18, 1960, raised serious doubt as to his sense of academic responsibility and hence as to his further usefulness as a teacher in the College of Liberal Arts and Sciences.

I note that the Head of Professor Koch's Department, Professor James M. McCrimmon, in substance informed Professor Koch on March 25 that his letter constituted a breach of professional responsibility and in conference with Professor Koch condemned both the tone and much of the content of the letter.

I note further that it is the Executive Committee's view that Professor Koch's published letter constitutes a breach of academic responsibility so serious as to justify his being relieved of his University duties.

This memorandum is to record my concurrence in the recommendation of the Committee and to request you to relieve Professor Koch of his duties immediately. His appointment will be terminated at the University at the end of the current academic year.

With you, I consider Professor Koch's letter a grave breach of academic responsibility. The views expressed are offensive and repugnant, contrary to commonly accepted standards of morality and their public espousal may be interpreted

as encouragement of immoral behavior. It is clear that Mr. Koch's conduct has been prejudicial to the best interests of the University.

I request that you and Professor McCrimmon communicate this decision to Professor Koch.

DAVID D. HENRY
President

Mr. Koch has requested, and has been granted, a hearing of his case by the Board, the date of which should now be set; provided that the date of the hearing is no less than fifteen days from the date of receipt by him of the notice as required by the University Statutes.

I now recommend that the Board of Trustees terminate Assistant Professor Koch's appointment at the end of the current academic year 1959-60 on the basis of the charges stated in the foregoing letter to Dean Lanier which are predicated upon Mr. Koch's action in having published in the *Daily Illini* issue of March 18, 1960, the communication referred to in my letter to Dean Lanier and a copy of which is submitted herewith. I request the Board not to act on this recommendation, however, until after the hearing with Mr. Koch has been held.

Mr. Johnston moved that the hearing requested by Mr. Koch be held in the Illini Union Building, Urbana, Illinois, on Tuesday, June 14, 1960, the date fixed by the Board for its regular June meeting, beginning at 10:30 a.m.; that the hearing be open to accredited press representatives and to the public to the extent space permits; that the Director of Public Information be instructed to issue proper identification to one accredited correspondent from each newspaper, press association, radio or television station involved in coverage of the hearing; and that no cameras or mechanical recording devices be permitted in the room in which the hearing is conducted.

This motion was adopted.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

INTERNAL OPERATING BUDGET FOR 1960-61

(1) The University's internal operating budget for all divisions and funds for the fiscal year beginning July 1, 1960, for academic and administrative appointments beginning September 1, 1960, and for nonacademic personnel appointments beginning July 1, 1960, is submitted herewith. This budget has been prepared by the Vice-President and Provost and the Vice-President and Comptroller in accordance with policies recommended by the University Budget Committee and procedures approved by the President. It is based upon recommendations of deans, directors, and other administrative officers and has been reviewed by the President.

I recommend that this budget, covering the allocation of the estimated operating income from all sources for the year beginning July 1, 1960, be approved; and that the President of the University be authorized, in accordance with the needs of the University and the equitable interests involved and within total income, (a) to accept resignations, (b) to make such additional appointments as are necessary, subject to the provisions of the University Statutes and the Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees, and (c) to make such changes and adjustments in items included in the budget as are needed, all such changes to be covered in the Vice-President and Comptroller's quarterly financial report, or in reports to the Board by its Secretary, provided that assignments for new projects or programs and for nonrecurring expenditures in excess of \$2,500 shall be presented to the Board for prior approval.

The complete budget for all divisions of the University, with a "Condensed Analysis and Summaries," was submitted to the Finance Committee and to other members of the Board of Trustees at a work session held on May 16 at which the budget was reviewed in detail in consultation with the President of the University and other University officials. Action was deferred, pending further study of the budget by the members of the Board.

At another meeting of the Finance Committee held on June 13, the Committee voted to concur in the recommendations of the President of the University.

Following presentation of the budget to the Board of Trustees and further review by the President, the Vice-President and Provost, and the Vice-President and Comptroller, on motion of Mr. Swain, the budget was adopted, the President of the University was authorized to take the actions specified in his presentation, and the necessary appropriations were made, as recommended. This action was taken by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

The detailed budget appears as an appendix to these minutes on page 1407.

INTERNAL BUDGET OF THE ATHLETIC ASSOCIATION FOR 1960-61

(2) The Director of Intercollegiate Athletics submits, on behalf of the Board of Directors of the Athletic Association, the budget for the Association for 1960-61 which is summarized as follows with comparative figures for the preceding year:

	1959-60 (Revised)	1960-61
Income	\$1 179 200	\$1 179 915
Appropriations	1 300 365	1 175 585
Excess of income over appropriations	— 121 165	4 330

The budget has been examined and approved by the Vice-President and Provost and the Vice-President and Comptroller.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments, including approval of new appointments and acceptances of resignations, as are necessary and recommended by the Board of Directors of the Athletic Association within the total income realized.

On motion of Mr. Herrick, Chairman of the Committee on Athletic Activities, seconded by Mr. Swain, Chairman of the Finance Committee, this budget was approved. A copy of the budget was filed with the Secretary for record.

(4) Following the appointment of Dean Lyle H. Lanier of the College of Liberal Arts and Sciences as Vice-President and Provost of the University effective July 1, 1960, a special search committee¹ was appointed to make nominations for the deanship of the College.

The Committee has unanimously nominated Professor Jack W. Peltason of the Department of Political Science. The nomination is also endorsed by the Executive Committee of the College and is concurred in by the Vice-President and Provost and the Dean of the Graduate College.

Accordingly, I recommend the appointment of Jack W. Peltason as Professor of Political Science on indefinite tenure and Dean of the College of Liberal Arts and Sciences, beginning September 1, 1960, and continuing through August 31, 1961, at a salary of \$16,000 on "Y" basis.

tions for the deanship of the Division. In the meantime, Dr. Stanley C. Robinson, Professor of Business Administration and Associate Dean of the Division, has been serving as its chief administrative officer.

The search committee has unanimously nominated Dr. Robinson for the deanship. The nomination is also endorsed by the Executive Committee of the Division and is concurred in by the Vice-President and Provost and the Dean of the Graduate College.

Accordingly, I recommend the appointment of Stanley C. Robinson as Professor of Business Administration on indefinite tenure and Dean of the Division of University Extension beginning July 1, 1960, and continuing through August 31, 1961, at an annual salary of \$15,000 on "Y" basis.

On motion of Mrs. Watkins, this appointment was approved.

EXTENDED LEAVES FOR DISABILITY

(6) Prior to July 1, 1959, the University Retirement System provided that an employee was eligible for disability benefits immediately upon employment if the disability did not arise from a condition which existed on the day of employment, and after five years of service regardless of the cause of disability. An amendment of the Act creating the System, approved by the General Assembly effective July 1, 1959, provides that an employee is eligible for disability benefits immediately upon participation in the Retirement System if disability results from an accident, and after two years of service if disability results from illness.

This was an improvement in the System as a whole, but did result in a loss to certain employees employed prior to July 1, 1959, who have suffered disabilities prior to serving the minimum of two years now required. If the law had not been changed, these employees would have been entitled to disability benefits.

The Board of Trustees of the Retirement System has explored this fully to determine if it might pay these claims, but finds it can not legally do so. Therefore it is recommended that, during the transition period, the University extend its disability benefits by granting extended sick leave at half pay to the employee involved for the length of time the employee would have been entitled to such benefits if the Retirement System had not been amended.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

RENEWAL OF LEASES AT NAVY PIER FOR CHICAGO UNDERGRADUATE DIVISION

(7) The current leases with the city of Chicago for quarters at Navy Pier and the adjacent Drill Hall for the University of Illinois Chicago Undergraduate Division expired June 30, 1959. Negotiations with city of Chicago officials for renewal of these leases through the biennium of 1961-63 were initiated in the spring of 1959, and as a result of the discussions it was agreed that the University would prepare renewal documents with no changes in the provisions of the original leases executed in 1946, and renewed in 1954, except for (a) certain changes in the parking area which were agreed to in discussions, and (b) renewal providing for occupancy by the University for the biennium ending June 30, 1961, with the privilege on the part of the University to renew each of the leases for two successive periods of one year each, which would carry through to the period ending June 30, 1963.

The documents were delivered to city officials in June, 1959, for examination. There had been an indication that there might be further questions which city officials would want to discuss; and there was a delay due to the illness of the Port Director. The city returned the documents on May 19, 1960, stating that they were satisfactory and requesting that they be executed as quickly as possible so that the Port Director might place them before the meeting of the City Council early in June.

Since it was desirable to have the renewal of the leases in effect as soon as possible, the Vice-President and Comptroller executed the documents as requested by city officials.

I recommend that the Board of Trustees confirm the action thus taken and ratify the execution of the leases.

On motion of Mr. Clement, the actions taken were ratified by the

following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

The number of applications being received indicates a greater increase in enrollment in 1960 than was previously estimated.

He called on Dr. C. W. Sanford, Dean of Admissions and Records,

who discussed the increases in enrollments in terms of the scholastic quality of students applying for admission to the University.

At this point, Mr. George T. Wilkins joined the meeting.

Part of this improvement is to replace the tennis courts at the corner of Fifth Street and Armory Avenue which will be the site of the Institute of Labor and Industrial Relations Building.

Award of a contract for \$39,230 to Champaign Asphalt Company, Champaign, for construction of tennis courts. The balance of the work will be done by the Physical Plant Department.

CONTRACTS FOR FUEL FOR THE CHICAGO UNDERGRADUATE DIVISION AND THE MEDICAL CENTER STEAM PLANT AT THE CHICAGO PROFESSIONAL COLLEGES

Coal for Medical Center Steam Plant

(14) The Director of the Physical Plant, the Business Manager of the Chicago Colleges and Divisions, and the Vice-President and Comptroller recommend award of a contract to the Crerar Clinch Coal Company, 3552 West Division Street, Chicago 51, Illinois, the lowest bidder, for an amount not to exceed 42,000 tons of screenings coal to be delivered to the Medical Center Steam Company plant, operated by the University, as required during the period September 1, 1960, to June 30, 1961, at a per ton cost of \$4.65, plus transportation of \$1.39, plus \$0.95 for handling, storage, and delivery, or a total estimated cost not to exceed \$293,580. This price is based on present wage scales and is subject to increase or decrease in the event wage contracts or freight rates now in effect are changed and any such change affects the price. The University has the right of approval of any such increase in price.

The lowest bid is determined by the number of British Thermal Units per one cent of cost, based on guaranteed analysis. A continuous check is provided to insure compliance with the specifications.

Fuel Oil for Medical Center Steam Plant

The aforesaid officers also recommend the purchase of a minimum of 8,000 gallons of No. 6 fuel oil with the option of purchasing as much more as may be required for emergency use, but not to exceed 450,000 gallons, for the 1960-61 heating season, from the Jewett and Sowers Oil Company, 2580 Archer Avenue, Chicago 8, Illinois, the lowest bidder, at a price not to exceed \$0.0837 per gallon subject to adjustment in accordance with the posted price variations published in the "Oil Daily." On the basis of a guaranteed maximum price (\$0.0837 per gallon), the total cost of 8,000 gallons would not exceed \$669.60, and of 450,000 gallons, \$37,665.

The Medical Center Steam Company plant is equipped to burn either coal, gas, or oil. Winter operation has been with coal, and summer with gas. The fuel oil is for stand-by service. If used for emergency operation instead of gas or coal, there will be a corresponding reduction in expenditure for these two fuels.

Fuel Oil for Undergraduate Division

The aforesaid officers also recommend the purchase of No. 5 fuel oil, not to exceed 380,000 gallons, for the 1960-61 heating season, from the Crerar Clinch

Coal Company, 3552 West Division Street, Chicago 51, Illinois, the lowest bidder, at a current price of \$0.0869 per gallon subject to adjustment in accordance with the posted price variations published in the "Oil Daily." On the basis of the price quoted and normal market fluctuations (market price of \$0.0940 as of May 24, 1960), the total cost for 380,000 gallons would not exceed \$35,720.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contracts, subject to approval by the Governor as required by the State Constitution.

On motion of Mr. Clement, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

I concur.

On motion of Mr. Johnston, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of the following cost-plus contracts for minor building alterations, repairs, and construction during the fiscal year beginning July 1, 1960, the award in each case being to the lowest bidder on the basis of contractor's fees. These contracts are for work which would not justify the cost of preparing

separate drawings and specifications and the expense of separate bidding procedures on each project. It is a practice which the University has followed for a number of years.

General — English Brothers, Champaign.

Electrical — Brunkow Electric Company, Champaign.

Plumbing — Thomas Plumbing and Heating Company, Urbana.

Heating, Piping, Refrigeration, and Automatic Temperature Control Systems — David W. Reichard Plumbing and Heating, Urbana.

Ventilating and Distribution Systems for Conditioned Air — Schroeder and Sons Company, Champaign.

The work will be done only as ordered by the Physical Plant Department and will be paid for on the basis of the actual cost of each job plus the contractor's fees. A schedule of bids taken showing the percentages to be added for work to be executed under cost-plus contracts is attached, and a copy of this schedule is filed with the Secretary of the Board for record as the basis for the contract awards recommended. Awards of these contracts will require no assignment of funds at this time; each job will be covered by a contract change order charged against funds allocated for it.

I concur.

On motion of Mr. Johnston, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none, absent, Mr. Stratton.

CHANGES IN TELEPHONE SYSTEM ON URBANA CAMPUS

(19) Telephone service on the Urbana campus is provided through an administrative system, which includes a central semi-automatically operated four-position switchboard located in the Illini Union serving approximately 3,200 telephones, and a residence hall system, which includes a central manually operated eight-position switchboard located in Clark House serving 2,185 telephones in individual student rooms in all the residence halls. The facilities of these systems will be inadequate by September, 1961. The areas in which the switchboards and equipment are now located are too small to permit expansion of the facilities needed to meet additional requests for telephone service. Expansion of the present system would require the construction of a new building of approximately 8,000 square feet at an estimated cost of \$200,000, plus installation of cable necessary to tie existing stations into the new switchboard location, and relocation of switchboard equipment in the new building. Such expansion would not improve the quality of service, nor would it provide space for unlimited expansion of the system in the future.

The Illinois Bell Telephone Company has offered to replace the present system with a single fully automatic system serving all University buildings, including the residence halls, which would reduce the amount of space required from 2,300 square feet to 200 square feet. This would release space for office and storage use in the Illini Union Building and Clark House. All the automatic equipment would be in a new building to be constructed by the Illinois Bell Telephone Company to serve the campus area, and would permit unlimited expansion of the system without the acquisition of more space by the University. The system would permit all University telephones to be reached directly by outside callers without the assistance of an operator, and all University telephone users could dial long distance or local points directly without the aid of an operator. University operators would be available, however, to complete incoming calls when such service is needed.

The operating costs of the automatic system would be slightly higher during the first two years than the costs resulting from an expansion of the present system; however, the large capital cost would be saved. After three years, the operating costs of the automatic system will be less than the costs of the present system expanded since fewer operators would be required.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that conversion to the fully automatic system be approved and that

the Comptroller be authorized to work out the necessary arrangements with the Illinois Bell Telephone Company.

I concur.

On motion of Mr. Swain this recommendation was approved.

AMENDMENT TO EASEMENT ACROSS ALLERTON FARMS

(20) The Board of Trustees has authorized an easement through one of the Allerton Farms for the construction of a pipe line by the Texas Illinois Natural Gas Pipeline Company. The Company's name has since been changed to the People's Gulf Coast Natural Gas Pipeline Company. The easement provides that the Company has the right, upon payment of an additional \$3.00 per rod, to construct a second pipe line.

The easement covers a tract of land seventy-five feet wide. The pipe line does not cross University property in a straight line, but bends about 10° near the river. The Company's plans include crossing the river at a point about two hundred feet west of the existing pipe line, which will require an amendment to the present right-of-way agreement.

The Dean of the College of Agriculture and Vice-President and Comptroller recommend that the right-of-way agreement be modified to provide for the location of the second pipe line within a seventy-five foot right-of-way across the west half of the southwest quarter of section fourteen, township eighteen north, range five east of the third principal meridian, north of the Sangamon River, being 37.5' on each side of the following described center line:

Beginning at a point of entrance on the center line of the Sangamon River, said point being a distance of 53.6' east of the west line of section 14 measured along the center line of the river, thence in a northeast direction at an entrance angle of 78° a distance of 494.8' to a point; thence left 10° 12' in a northerly direction a distance of 2230.8' to a point of exit, said point being 336.5' east of the NW corner SW-¼ section 14, containing in all an area of 4.69 acres more or less.

I concur.

On motion of Mr. Hughes, this change in the easement was authorized.

EASEMENTS TO ILLINOIS POWER COMPANY AND ILLINOIS BELL TELEPHONE COMPANY

(21) The Director of the Physical Plant and the Vice-President and Comptroller recommend that an easement be granted the Illinois Power Company in order to provide gas and electric service to the Orchard Downs Apartments, contracts for the construction of which are being recommended separately at today's meeting. They also recommend that an easement be granted to the Illinois Bell Telephone Company across University property at 201 West Pennsylvania Avenue, a residence used for staff housing, in order that the Company may install underground telephone cable serving properties in that area.

I concur and recommend the adoption of the following resolutions:

GIFTS OF MR. AND MRS. HERMAN C. KRANNERT

(22) Mr. and Mrs. Herman C. Krannert of Indianapolis, whose generosity has made possible the Krannert Art Museum, have made an additional grant of \$62,000 from the Krannert Foundation to the University of Illinois Foundation to be used in the construction of the Museum. This brings the total grant from the Krannert Foundation for this project to \$300,000.

Mrs. Krannert has given securities to the University amounting to \$71,023.91 for the purchase of the painting, "Christ After the Flagellation," by Murillo. This will be a very important acquisition and will enhance the standard and character of the University's entire art collection. The painting has been purchased at a cost of \$68,000. Mrs. Krannert has requested that the remainder of the grant be added to the fund for the construction of the Museum.

I have written Mr. and Mrs. Krannert an appropriate acknowledgment of the gifts on behalf of the University and the Foundation.

This report was received for record.

THE JOHN WALLACE DALLENBACH FELLOWSHIP IN PSYCHOLOGY

(23) Dr. Karl M. Dallenbach of the Class of 1910 and Mrs. Dallenbach have established a fellowship fund in psychology at the University in memory of their son, John Wallace Dallenbach, who died in the service of his country on June 11, 1944, while returning to England from a flight mission over France during World War II. This will be known as "The John Wallace Dallenbach Fellowship in Psychology."

They have made an initial gift of \$10,000 and plan to make additional contributions to the extent possible each year until the contributions, plus accrued interest, amount to \$50,000. The fund is to be invested and the interest added to the principal until the endowment can produce an income sufficient to provide an annual fellowship stipend at a level definitely above the average of those fellowships regularly offered by other departments of the University so that special distinction will attend the award.

The complete conditions of the award will be determined later, but in general the fellowship shall be awarded only to graduate students doing basic research in psychology and the particular fellow shall be selected by the Graduate College upon nomination by the Department of Psychology in accordance with the University's regular procedures for selecting candidates for endowed fellowships. No appointment shall be made for a period in excess of one academic year and no fellow shall be appointed more than once. The fellow shall not be required to teach or perform any other duty than to pursue a full program of graduate study and research but may have the opportunity of teaching part time if he wishes to do so.

I have accepted this offer with appropriate acknowledgments on behalf of the University.

This report was received for record.

AMENDMENT OF GENERAL RULES RELATING TO PURCHASES

(24) The General Rules Concerning University Organization and Procedure provide purchases amounting to \$2,500 or more shall be submitted to the Board of Trustees or its Executive Committee for prior approval unless in the opinion of the President of the University necessity requires immediate action in which case he shall act and report to the Board. This provision does not apply to the purchase of food products, grain, livestock, or to any other commodities as the Board may from time to time exempt.

Prior to the adoption of the present Rules which became effective January 1, 1958, the Board regulations required that purchases amounting to \$2,500 or more "made from general funds or non-itemized appropriations shall be submitted to the Board of Trustees or to the Executive Committee . . ." for approval. It had been determined that this former rule did not apply to equipment, materials, or commodities purchased for resale to students and others, even though the purchase amounted to more than \$2,500 in each case, since they were not charged against general funds or non-itemized appropriations and this practice has been continued under the present Rules.

In order to continue the practice which has been in effect, the Vice-President and Comptroller recommends that the Board authorize exemption from the requirement of advance approval by the Board of Trustees or its Executive Committee of purchases of items for resale to any parties other than a University department. This would not in any way modify the procedures applicable to purchases under the State Purchasing Act since all purchases of \$1,500 would continue to be subject to the sealed bidding requirement of the Act. The only change would be exempting such recommendations from specific Board approval and this would expedite the purchase of stocks of commodities such as textbooks and school supplies for the Illini Union Bookstore, newspapers, magazines, candy, tobacco products, and sundries for the Illini Union Building and the canteen operations in the residence halls, all of which are for resale to students and parties other than a University department.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

CHANGE IN POLICY ON PURCHASE OF MOTOR VEHICLES

(26) It is the practice of the University to replace motor vehicles in the University's fleet after they have been driven three years, or 45,000 miles, whichever occurs first.

The Vice-President and Comptroller reported that experiments with earlier trade-ins indicate that it may be more economical to replace motor vehicles annually, and in the purchases just authorized three of the passenger cars being purchased are to replace vehicles which have been in service for one year.

This report was received for record.

COMPTROLLER'S REPORT OF CONTRACTS

(27) The Comptroller's report of contracts executed during the period May 1 to 31, 1960.

GIFT OF PAINTING FROM NATIONAL ACADEMY OF DESIGN

(28) The National Academy of Design, New York, New York, has recently offered the University a painting, "Wreck of the Sea Prince," by John C. Pellew. The Dean of the College of Fine and Applied Arts recommends acceptance as it would be a desirable addition to the University's art collections. The National Academy of Design required the execution of a formal agreement by the University and the adoption of the following resolution:

Resolved, That this institution hereby agrees with the NATIONAL ACADEMY OF DESIGN and with the NATIONAL COLLECTION OF FINE ARTS at Washington, administered by the SMITHSONIAN INSTITUTION, to receive from the NATIONAL ACADEMY OF DESIGN the painting entitled WRECK OF THE SEA PRINCE by John C. Pellew purchased from the Henry W. Ranger Fund and hereby agrees to hold same subject to and abide by the terms stated in the Will of the late Henry W. Ranger which reads as follows:

"All pictures so purchased are to be given by the Council to Art institutions in America, or to any library or other institutions in America maintaining a gallery open to the public, all such gifts to be upon the express condition that the National Collection of Fine Arts at Washington, administered by the Smithsonian Institute [Institution] shall have the option and right, without cost, to take, reclaim and own any picture for their collection, provided they exercise such option and right at any time during the five-year period beginning ten years after the artist's death and ending fifteen years after his death, and if such option and right is not exercised during such period, the picture shall remain and be the property of the institution to which it was first given. The words 'America' and 'American' shall be construed as equivalent to 'North America' and 'North American' respectively.

Resolved, That the Comptroller and Secretary are hereby authorized and directed to execute such instrument on behalf of this institution as may be necessary or desirable to carry the foregoing resolution into effect.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute such an instrument.

On motion of Mr. Clement, this agreement was authorized, and the resolution was adopted.

RESOLUTIONS

Mr. Johnston offered the following resolution:

* Deduct.

To Gordon N. Ray

The deep sense of regret which the members of the Board of Trustees of the University of Illinois have felt since your decision to leave the University to accept the post of Associate Secretary General of the John Simon Guggenheim Foundation has been somewhat assuaged by the fact that you will continue serving the academic world in another and broader area.

In fourteen years at the University of Illinois you have been one of its distinguished scholars, a great teacher, and an able administrator. In all these areas you have had the respect and admiration of your colleagues on the faculty and associates in the University administration. The Board desires to take occasion to recognize publicly your services to Illinois and to express its warm appreciation.

May you have continued success in your new work; and with this go our best wishes for good health and happiness in many years to come.

This resolution was unanimously adopted by a rising vote.

Mrs. Watkins offered the following resolution:

To Herbert E. Longenecker

The Board of Trustees of the University of Illinois desires to record officially its appreciation of your five years of devoted service to the University of Illinois as Vice-President in charge of its Chicago Professional Colleges.

You came into this position at a time when constructive leadership was greatly needed in a complex area of the University's total operations and services to the State. The results of your work in the relatively short time you have been at the University will continue to reflect this able leadership in the years ahead.

We wish for you every success in your new post as President of the Tulane University of New Orleans, and many years of good health and happiness for you and your family.

This resolution was unanimously adopted by a rising vote.

AMENDMENT OF SECTION 1, ARTICLE I, OF THE BY-LAWS OF THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS

(29) Typewritten copies of this proposed amendment were furnished each member of the Board of Trustees at the beginning of today's meeting.

Mr. Johnston moved that Section 1, Article I, of the By-Laws of the Board of Trustees of the University of Illinois be amended effective September 1, 1960, to read:

Section 1. The Board of Trustees shall hold an annual meeting on the second Tuesday of March, unless the date of such meeting be changed by the Board. The Board shall hold other regular meetings on the (second) *third* Wednesday of each month except March; the date of any meeting may be changed by vote of the Board or by order of the President thereof; any monthly meeting may be omitted by vote of the Board or by order of the President thereof, in case it appears that the amount and nature of the business to be presented is not sufficient to justify a meeting.

The change is to delete the word (second) and to insert in lieu thereof the word *third*, as indicated above.

This motion was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CITIZENS COMMITTEE ON UNIVERSITIES BOND ISSUE

Mrs. Watkins called attention to the appointment by Governor William G. Stratton of Mr. Park Livingston as Chairman of a State Citizens Committee to promote public understanding of the Universities Bond Issue. On her motion, the Board voted to express its appreciation to the Governor for this action.

SEPTEMBER MEETING

On motion of Mrs. Watkins, the Board voted to hold its September meeting in Urbana, Illinois, on Wednesday, September 21, as provided in the recently amended By-Laws of the Board of Trustees.

EXECUTIVE SESSION

At this point an executive session was requested and ordered for the consideration of the following items of business.

PURCHASE OF KLASSEN FARM IN CHAMPAIGN COUNTY

(30) The Dean of the College of Agriculture and Director of the Agricultural Experiment Station, the Director of the Physical Plant, and the Vice-President and Comptroller recommend the purchase by the University of Illinois Foundation, and for subsequent acquisition by the University, from Mrs. Jane Klassen, Urbana, of a farm of between 153 and 160 acres east of the First Street road south of Champaign between present University farms and the Temple farm purchased in March, at a price of \$2,000 an acre, payable in full at the time possession is given to the Foundation not later than October 1, 1961.

Since the availability of state appropriations for land acquisitions during the 1961-63 biennium can not yet be determined, the Foundation has agreed to borrow up to \$320,000 from the First National Bank of Chicago and to lease the property to the University at a rental sufficient to cover the interest and other costs. Commitment to make the loan has been secured from the Bank. In the

event that the capital appropriations are available at the time of delivery of possession, the University will make the purchase directly.

The Committee on Buildings and Grounds has previously considered this proposal and recommends approval.

On motion of Mr. Hughes, the purchase of this farm by the University of Illinois Foundation for the University was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

PURCHASE OF LAND ADJOINING ROBERT ALLERTON PARK

(31) The Vice-President and Comptroller recommends the purchase by the University of approximately twenty acres of land adjoining Robert Allerton Park at its southwest corner. The owner, Mrs. Edith Widick, has agreed to sell this area of land at a price of \$75 an acre. It is recommended that this purchase be authorized, at the price indicated, from funds in the Allerton House Operations account which will be reimbursed from a grant which Mr. Robert Allerton has generously offered to make for this land acquisition.

I concur.

On motion of Mr. Pogue this purchase was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

PURCHASE OF HARLAN E. MOORE PROPERTY AT ARMORY AVENUE AND THE ILLINOIS CENTRAL RAILROAD, CHAMPAIGN

(32) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase for the University by the University of Illinois Foundation of the Harlan E. Moore property located north of Armory Avenue and bounded by the Illinois Central Railroad to the west and Oak Street to the east. The property consists of a land area of 38,000 square feet and two, two-story lumber storage buildings which have a total floor area of 44,500 square feet. The land will be needed eventually for the expansion of the Power Plant. In the meantime the buildings can be remodeled and used to good advantage for the relocation of the University's Central Receiving Station, to which materials for stock are delivered, and for housing the Office Supply Store, thus releasing space on the campus needed for other purposes. Independent appraisals of this property by two real estate experts indicate a valuation of \$68,000 to \$70,000. The owner's asking price was originally \$80,000 but he has agreed to accept \$70,000.

It is recommended that the Board of Trustees authorize the University of Illinois Foundation to purchase this property for the University and the lease of this property from the Foundation by the University until such time as funds are available for purchase by the University.

A supporting recommendation from the Physical Plant Department is submitted herewith and is being filed with the Secretary of the Board for record.

I concur.

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

(33) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendation relating to an invention by members of the staff.

Polybenzimidazoles with all aromatic units — Carl S. Marvel, Research Professor of Organic Chemistry, and Herward Vogel, Research Associate in Chemistry, inventors. The novel feature of these polymers is heat resistance. (Heating

together tetraamino aromatic compounds and diphenyl esters of dibasic aromatic acids under reduced pressure in an inert atmosphere gives high molecular weight polymers which are extremely resistant to heat.) They are stable to at least 450°C. and some to more than 500°C.

The research project from which the invention results was supported by a grant from the National Science Foundation.

The Committee has recommended that this invention be released to the University of Illinois Foundation for exploration of its commercial possibilities provided that due consideration is given to the rights of the sponsoring agency.

I concur in this recommendation.

Mr. Clement reported the Board's Committee on Patents also concurs in this recommendation, and on his motion, the same was approved.

This concluded the executive session.

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, a body corporate, created and existing under the laws of the State of Illinois, for value received promises to pay to bearer, but only out of the Housing Revenue

Bond Fund, as hereinafter provided for, and not otherwise, the principal sum of ONE THOUSAND DOLLARS (\$1,000), on October 1, 19....., and to pay interest on said sum from the date hereof until paid at the rate of per cent (.....%) per annum, payable October 1, 1960, and semi-annually thereafter on the first days of April and October in each year until the principal amount hereof has been fully paid. Interest accruing on this bond on and prior to the maturity date hereof shall be payable on presentation and surrender of the interest coupons hereto attached as they subsequently become due, but no interest shall accrue on this bond after the maturity hereof unless this bond shall be presented for payment and be not then paid.

Both principal hereof and interest hereon are hereby made payable in any coin or currency which, on the respective dates of payment of such principal and interest, is legal tender for the payment of debts due the United States of America, at The First National Bank of Chicago (hereinafter called "Trustee"), or its successor in trust under the Resolution hereinafter referred to, in the City of Chicago, Illinois, or at the option of the holder, at The Chase Manhattan Bank, in the Borough of Manhattan and City and State of New York.

This bond is one of an authorized series of Five Million Dollars (\$5,000,000) principal amount of Housing Revenue Bonds of 1960, Series A, issued or to be issued pursuant to a Bond Resolution of The Board of Trustees of the University of Illinois duly adopted December 17, 1958, as supplemented by First, Second and Third Supplemental Resolutions thereto duly adopted June 23, 1959, October 21, 1959, and June 14, 1960, respectively (said Bond Resolution as so supplemented being herein referred to as the "Resolution"), for the purpose of providing funds for paying the cost of constructing and equipping student and staff housing and related facilities. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto in the manner and upon the terms and conditions more fully set forth therein.

The bonds of this Series are redeemable prior to maturity as a whole or in part on October 1, 1970, or on any interest payment date thereafter in the inverse order in which they mature at the option of The Board of Trustees of the University of Illinois at par and accrued interest to the date of redemption and a premium as follows: four per cent (4%) of the principal amount thereof if redeemed October 1, 1970 through April 1, 1973; three per cent (3%) of the principal amount thereof if redeemed October 1, 1973 through April 1, 1978; two per cent (2%) of the principal amount thereof if redeemed October 1, 1978 through April 1, 1983; one per cent (1%) of the principal amount thereof if redeemed on October 1, 1983 through April 1, 1988, and without premium if redeemed on October 1, 1988 or thereafter.

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois, and also in a financial newspaper printed in the English language and published and of general circulation in the Borough of Manhattan, City and State of New York, and when this bond or any of the bonds of such authorized issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption monies are available for the payment of all bonds called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1959, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Housing Revenue Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue, bonds heretofore issued pursuant to the Resolution and additional bonds which may hereafter be issued pursuant to the Resolution, (2) student tuitions authorized by law to be retained in the University treasury, but not in excess of \$600,000 annually plus such additional sums as may be specified in any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution as so supplemented, and (3) certain existing

revenue producing buildings of the University after the prior payment of other indebtedness to the extent set forth in the Resolution. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Trustee in Chicago, Illinois, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer hereof.

Subject to the provisions for registration and transfer, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and The Board of Trustees of the University of Illinois, the Trustee, and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered, and the bearer of any interest coupons appertaining hereto as the absolute owner hereof for all purposes and shall not be affected by any notice to the contrary whether this bond or any coupon appertaining thereto be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66⅔%) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums, if any, at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder, or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons, or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facili-

ties, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signatures of its President and two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated as of the 1st day of April, 1960.

Subject to the provisions for registration and transfer contained herein and in the Resolution, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and shall be transferable by the registered owner at the principal office of the Trustee in the City of Chicago, Illinois, upon surrender and cancellation of this bond and thereupon a new registered bond without coupons of the same principal amount, interest rate and maturity will be issued to the transferee as provided in the Resolution, upon payment of the transfer charges therein prescribed. The Board of Trustees of the University of Illinois, the Trustee and any other person may treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment and for all other purposes and shall not be affected by any notice to the contrary whether this bond be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

HEARING OF CASE OF LEO F. KOCH

When the Board reconvened at 10:30 a.m., it met in the Faculty Lounge of the Illini Union Building for the hearing of the case of Dr. Leo F. Koch, Assistant Professor of Biological Science. President Kenney E. Williamson opened the hearing with the following statement:

In a letter to Dean Lanier of the College of Liberal Arts and Sciences of the University bearing date of April 7, 1960, of which a copy was served upon Assistant Professor Leo F. Koch that day, the President of the University, pursuant to the provisions of paragraph (c) of Section 38 of the University Statutes, preferred charges against Assistant Professor Koch and has since recommended that Assistant Professor Koch's present appointment at, and contract of employment with, the University be terminated on August 31, 1960, upon the basis of those charges. Also pursuant to the same paragraph of the University Statutes, Assistant Professor Koch has requested a hearing by and before the Board of Trustees of the University upon the charges preferred against him by President Henry. This hearing is being held pursuant to that request, and the Board of Trustees is meeting here at this time for the purpose of holding the hearing and of deciding what action it will take upon the recommendation presented to it by President Henry who requested that this Board's action upon that recommendation be deferred until the conclusion of this hearing.

It is now in order for the Legal Counsel of the University, who represents the University administration at this hearing, to proceed to present evidence in support of the charges made against Assistant Professor Koch.

Mr. Ralph F. Lesemann, Legal Counsel, began the proceedings by introducing Assistant Professor Leo F. Koch and the latter's counsel, Mr. Donald Page Moore and Mr. David J. Danelski; and Mr. Lesemann's associates, Mr. Earl L. Palmberg and Mr. John J. Templin, Assistants to the Legal Counsel.

He then presented a stipulation entered into by Assistant Professor Koch and the University through their respective counsel.

The further proceedings in the hearing are not fully recorded in these minutes, but a complete transcript of them, as taken and made by reporter Mrs. Barbara Johnson of the Marjorie D. Earley Court Reporting Service, 501 West Church Street, Champaign, Illinois, has been filed with the Secretary of the Board for record.

The hearing recessed at 12:15 p.m. and was resumed at 1:30 p.m.

Immediately preceding the afternoon session of the hearing the Board took up consideration of two items of business on the regular agenda of the Board for today's meeting relating to the issue of "The Board of Trustees of the University of Illinois Housing Revenue Bonds of 1960, Series A." These matters are recorded elsewhere in the minutes of today's meeting.

At the hour of 3:30 p.m., all evidence and arguments presented at the hearing having been received, the Board retired from the hearing room to meet in executive session in an adjoining room. When the Board returned from its deliberations, President Williamson announced: "The meeting will come to order, and we will entertain a motion by Mr. Johnston."

Mr. Johnston then made the following motion:

"I move that the motions filed and objections not heretofore ruled upon presented to this Board by Assistant Professor Koch, through his counsel, be denied and overruled.

"I move that the findings and conclusions submitted to the Board of Trustees by the Legal Counsel of the University at the conclusion of the evidence received and arguments presented at the hearing granted Assistant Professor Leo F. Koch, at his request, and held before this Board of Trustees on June 14, 1960, be adopted by this Board of Trustees and stand as the findings and conclusions of this Board of Trustees in the proceeding resulting from the preferment of charges against Assistant Professor Leo F. Koch by the President of the University and the recommendation of the President of the University that Assistant Professor Leo F. Koch's present appointment at, and contract with, the University of Illinois be terminated on August 31, 1960, and further move that said recommendation of the President of the University be approved and that Assistant Professor Koch's present appointment at, and contract with, the University of Illinois be terminated on that date."

This motion was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; Mr. Wilkins, who participated in the hearing and in the deliberations and who signed the findings and conclusions of the Board in this case was absent when the record vote was taken; no, none; Governor Stratton was not present at the meeting, and therefore did not participate in the hearing.

At the request of President Williamson, the Secretary of the Board then read the conclusions of the Board in this case which are included in the reporter's transcript of the proceedings.

Motion for Rehearing

Following this reading, counsel for Dr. Koch orally moved for a rehearing of the case and also requested that the Board order its Secretary or other appropriate officer to prepare a duly certified copy of the record consisting of the pleadings and the evidence as well as a transcript of all or a portion of the argument, including specifically the argument of Legal Counsel for the University in chief and in rebuttal, and that of counsel for Dr. Koch in surrebuttal.

Mr. Swain moved that the motion for a rehearing be overruled; and the motion to overrule was unanimously adopted by a voice vote.

President Williamson stated that the request of counsel for Dr. Koch for a transcript of the proceedings of the hearing would be granted and that this would include: the arguments of Legal Counsel for the University; those of counsel for Dr. Koch; the findings and conclusions; the vote of the Board on the motion to deny and overrule the motions filed and objections presented by Assistant Professor Koch through his counsel; the motion to approve and adopt the findings and conclusions; the recommendation of the President of the University that Dr. Koch's appointment be terminated on August 31, 1960; and the vote of the Board on the motion for rehearing.

On motion of Mr. Swain, the Board then adjourned.

UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1960-61

(Approved by the Board of Trustees June 14, 1960, page 1312)

EXPLANATORY NOTES

This budget consists of three volumes:

- I. Summaries of all divisions; Urbana-Champaign divisions and general University administration — academic and administrative salaries, wages, expense, and equipment.
- II. Chicago Professional Colleges (including Division of Services for Crippled Children) and Chicago Undergraduate Division — academic and administrative salaries, wages, expense, and equipment.
- III. Nonacademic salaries, all divisions.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1960.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar, Chicago Business Office, or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries" and "Wages, Expense, and Equipment." Transfers may be made between "Salaries" and "Wages, Expense, and Equipment" upon approval of the Vice-President and Provost, except that transfers between salaries and wages may be made by the Vice-President and Comptroller to the extent of the full-time equivalence of the salary positions. All requests for transfers should be submitted through the Vice-President and Comptroller, with the reason for the transfer. Nonrecurring unassigned items may be assigned to departments for equipment or minor remodeling projects, merely upon notice to the Accounting Division, except that any assignment of more than \$1,000 must first be approved by the Vice-President and Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1960. All balances and overdrafts in regular appropriations will be carried forward to 1961-62 unless otherwise notified by the Business Office.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds and restricted budgets are on an estimated basis. Appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

Explanatory Notes on the Salary Budget

1. The services required for members of the academic and administrative staff are in accordance with Section 37 of the University of Illinois Statutes and Section 26 of the General Rules Concerning University Organization and Procedure.

a. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

Summer session teaching, if required, will be covered by an additional appointment with salary.
