Where Are We Now?

Currently, the team is in South Lake Tahoe, CA.

They've ridden 3800 miles in 61 days and raised over \$110,000.

**FIVE million diagnosed each year. One lost to cancer every minute. But there is hope. For the families, researchers, and doctors committed to the fight, we pedal. By the hope, love, and support of the people we meet,
we keep going.**
