

Board Meeting  
March 12, 2020

RENAME THE ENGINEERING INSTRUCTIONAL FACILITY, URBANA

**Action:** Rename the Engineering Instructional Facility

**Funding:** No New Funding Required

In November 2018, the Board approved actions to proceed with construction of a 120,000 square foot, state-of-the-art engineering instructional facility, located at the southeast corner of Wright Street and Springfield Avenue in Urbana. The facility, costing approximately \$75 million, will provide much needed instructional space, including 27 classrooms and lecture spaces. Initially, the facility was intended to be primarily used to support the growing enrollments in The Grainger College of Engineering. As the project has evolved the use of the instructional facility has expanded to serve the other units of the university as well.

Therefore, the Chancellor, University of Illinois at Urbana-Champaign, and Vice President, University of Illinois recommends changing the name of the facility from the Engineering Instructional Facility to the Campus Instructional Facility.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois *Statutes*, *The General Rules Concerning University Organization and Procedure*, and Board of Trustees policies and directives.

The President of the University concurs.
