

Board Meeting  
May 11, 2017

ROLL CALL

APPROVE PROJECT FOR RENOVATION AND ADDITION, SMALL ANIMAL  
SURGERY, VETERINARY TEACHING HOSPITAL, URBANA

**Action:** Approve Project for Renovation and Addition, Small Animal Surgery,  
Veterinary Teaching Hospital

**Funding:** Institutional Funds Operating Budget

The College of Veterinary Medicine is requesting the renovation of their existing small animal surgery and critical care services including a building addition to support the surgery. Veterinary care practices and medical technology has changed significantly since this building was first erected in the 1970s and the facility is in need of upgrades. In addition, the facilities were not designed to accommodate large numbers of students currently enrolled. This renovation and addition will upgrade the facilities to be capable of providing contemporary care and accommodate the large number of students. The \$7,854,500 proposed for the renovation and addition will provide 6,000 new gross square feet and renovate approximately 7,600 square feet of surgery and critical care spaces and associated support spaces.

Accordingly, the Chancellor, University of Illinois at Urbana-Champaign and the Vice President, University of Illinois with the concurrence of the appropriate administrative officers, recommends that the Veterinary Teaching Hospital Small Animal

Surgery Renovation and Addition project be approved with a budget of \$7,854,500.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois *Statutes, The General Rules Concerning University Organization and Procedure*, and Board of Trustees policies and directives.

Funds for this project are available from the institutional funds operating budget of the University of Illinois at Urbana-Champaign.

The President of the University concurs.
