

Board Meeting
May 19, 2016

RENAME THE DELOITTE CENTER FOR BUSINESS ANALYTICS IN
ACCOUNTANCY, COLLEGE OF BUSINESS, URBANA

Action: Rename the Deloitte Center for Business Analytics in Accountancy,
College of Business

Funding: No New Funding Required

The Interim Chancellor, University of Illinois at Urbana-Champaign, and Interim Vice President, University of Illinois with the advice of the Urbana-Champaign Senate recommends approval of a proposal from the College of Business to rename the Deloitte Center for Business Analytics in Accountancy.

On July 23, 2015, the Board of Trustees approved the establishment of the Deloitte Center for Business Analytics in Accountancy. To better reflect the mission of the Center, the College of Business, with support from Deloitte, is requesting to change the Center's name from "Deloitte Center for Business Analytics in Accountancy" to "University of Illinois Deloitte Foundation Center for Business Analytics." This new name better reflects the fact that business analytics spans disciplines beyond accountancy and better highlights the partnership between Deloitte and the University of Illinois at Urbana-Champaign. The Center's mission remains unchanged from what was approved in July 23, 2015: it will create, disseminate, and continue to refine model curricula with a

comprehensive education in business analytics and will provide education resources to support business analytics education.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois *Statutes*, *The General Rules Concerning University Organization and Procedure*, and Board of Trustees policies and directives.

The Vice President for Academic Affairs concurs with this recommendation. The University Senates Conference has indicated that no further Senate jurisdiction is involved.

The President of the University recommends approval. This action is subject to further review and approval by the Illinois Board of Higher Education.
