ROLL CALL

APPROVE PROJECT, RESTROOM RENOVATION, PHASE II, PENNSYLVANIA
AVENUE RESIDENCE HALLS, URBANA

Action: Approve Project, Restroom Renovation, Phase II, Pennsylvania Avenue Residence Halls

Funding: Auxiliary Facility System Repair and Replacement Reserve Budget

University Housing recommends that the current multi-user restroom space on each floor of two Pennsylvania Avenue Residence Halls (Blaisdell Hall and Carr Hall) be converted to eight single-use restrooms within the existing footprint of the present restroom space. This renovation will provide University Housing with the flexibility to assign floors on a coeducational basis. This renovation will also provide the residents with improved privacy, comfort, and accessibility. The scope of work for this project was identified in the *PAR – Restroom Renovation Feasibility Study* completed on September 7, 2012. This study identified two phases for this project and phase I is currently under construction. This \$5.3 million project (Phase II) will complete the project and address the need by providing a more user friendly model.

Accordingly, the Chancellor, University of Illinois at Urbana-Champaign, and Vice President, University of Illinois with the concurrence of the appropriate administrative officers recommends that the Restroom Renovation, Phase II, Pennsylvania Avenue Residence

Halls be approved with a budget of \$5.3 million.

Funds for this project are available from auxiliary facility system repair and replacement reserve budget.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois *Statutes*, *The General Rules Concerning University Organization and Procedure*, and Board of Trustees policies and directives.

The President of the University concurs.
