

ROLL CALL

APPROVE THE MASTER PLAN UPDATE, CHICAGO

**Action:** Approve the Master Plan Update

**Funding:** Institutional Funds Operating Budget

In November 2010, the Board adopted a master plan for the future development of the University of Illinois at Chicago that included plans for both the east and west sides of campus. In April 2018, the University employed the consultant, Moody Nolan Inc., for the Master Plan Update for the University of Illinois at Chicago.

The master plan update includes the 2016 strategic priorities based on the 2010 Campus Master Plan, addressing needs based on anticipated growth in student enrollment, changing educational demands, and capacity analysis. The plan acknowledges recently built sites, facilities, and future facilities, and resolves issues involving program and land use needs with the development of a guideline plan. This update will serve as an implementation plan to outline a targeted vision to address immediate needs and transform the physical campus environment. The plan provides anticipated sequencing for addition and expansion, identifies desired gateways and

connective greenways, describes potential streetscapes and courtyard improvements, and suggests interim landscape development.

Accordingly, the Chancellor, University of Illinois at Chicago, and Vice President, University of Illinois with the concurrence of the appropriate University officers recommends the approval of the master plan update for University of Illinois at Chicago.

Funds for this master plan update are available from institutional funds operating budget of the University of Illinois at Chicago and of the University System.

The Board action recommended in this item complies in all material respects with applicable State and federal laws, University of Illinois *Statutes*, *The General Rules Concerning University Organization and Procedure*, and Board of Trustees policies and directives.

The President of the University concurs.
