

## MEETING OF DECEMBER 10, 1901.

---

The Board of Trustees of the University of Illinois met in the Trustees' Room, Library Building, Urbana, Ill., at 9:00 o'clock a. m., Tuesday, Dec. 10, 1901.

The members present were Messrs. Bayliss, Bullard, Hatch, McKay, McLean, Nightingale and Smith, and Mrs. Carriel, Mrs. Abbott and Mrs. Alexander; absent, Governor Yates and Mr. Conrad. President Draper was present.

The minutes of the regular meeting of Sept. 28, 1901, and of the special meeting of Oct. 26, 1901, were approved as presented by the Secretary.

### COMMUNICATIONS FROM PRESIDENT DRAPER.

UNIVERSITY OF ILLINOIS, Dec. 10, 1901.

#### *To the Board of Trustees:*

I have the honor of laying before the Board the following business:

1. In September last Mr. Albert Leroy Marsh, an assistant in the water survey, resigned and left us unexpectedly. Mr. Arthur Donaldson Emmett, a graduate of the class of 1901, was secured and has been at work since. I recommend that he be regularly appointed at \$60 a month for 12 months in the year.

2. The Dean of the College of Agriculture has in letters to me expressed himself in favor of a somewhat decided advance in the price of milk sold by the University. It has seemed to me of doubtful advisability to take this step, or at least to make so much of an advance as has been named. There is perhaps more to be said upon the subject pro and con than would at first appear. I would advise that the Committee on Agriculture be empowered to inquire into the whole matter and settle it.

3. The University has heretofore made appropriations for supplying blank books for regular University examinations, and that policy has been followed for the last two or three years. Yet there has been no continuing rule upon the subject, and the question as to what examinations books shall be supplied comes up frequently, and the question as to how the expenses shall be met comes up periodically. Hence I recommend the adoption of the following:

*Resolved.* That for the regular examinations at the end of each semester, for final examinations in courses continuing for less than a full semester, and for entrance examinations, the Business Manager shall furnish examination books. He shall give out such books upon the written request of the head of each University department, which request shall state the size and the exact number of books needed for each class in his department. Examination books for entrance examination shall be given out upon the request of the Registrar and the Principal of the Preparatory School. Books drawn and not used, if

any, shall be returned to the Business manager immediately after the examinations. The cost of the examination books shall be charged to the account of stationery and printing.

4. The increase in the number of students in the University regiment makes it necessary to apply to the War Department for the issuance of another hundred cadet rifles and sets of accoutrements, and this makes it necessary for the Board to authorize the University to execute a bond to the Government of the United States for the care thereof. Accordingly I recommend the adoption of the following resolution:

*Resolved*, That the University execute as principal, and deliver to the Government of the United States, a bond in the penal sum of three thousand five hundred seven dollars for additional ordnance and stores consisting of one hundred Springfield cadet rifles and sets of equipment, about to be issued to the University for the use of the military department by the Secretary of War, and that Mr. Thomas J. Smith, President of the Board of Trustees, be and is hereby authorized to sign said bond on behalf of the University, and attach thereto the seal of the University.

5. Meetings of educational associations and incidental gatherings for educational ends are occurring frequently. In my opinion the thing is being overdone, and the greater number of these assemblages are not of sufficient importance to the University to justify the expense of attendance or the absence of a University representative from regular work. Yet it is sometimes clear that we ought to be represented. But who is to determine at what gatherings we shall be represented, and when the University shall bear the expense of representation, and who the representative shall be? There is no rule on the subject, and for the purpose of securing one I recommend the following to your favorable consideration:

*Resolved*, That members of the University faculties should be disposed to attend, at least occasionally, and at their own expense, meetings of the National Educational Association and of the Illinois State Teachers' Association because of the obligation all teachers are under to sustain such associations, and that the same rule should apply to attendance by a member upon a meeting of teachers of his own class held for the promotion of the particular line of work in which he is engaged, because such attendance is in the interest of his own efficiency rather than of the University representation. Beyond this the President of the University is authorized to determine at what meetings it seems sufficiently desirable that the University shall be represented to justify the expense thereof; that he feel free to attend such meetings himself, if he thinks it desirable to do so; and if not, that he arrange for such representation as he thinks well, and that the expense thereof be a University charge.

In connection with the same subject I recommend the following:

*Resolved*, That the Board would approve the expense of a room for University headquarters in connection with the Illinois State Teachers' Association.

6. The last General Assembly made an appropriation of \$8,000, for remodeling the old Chemical Laboratory so as to make it available to the College of Law or the School of Music. Other plans are contingent upon the decision as between the College of Law and the School of Music, and steps should soon be taken in full preparation for completing the work in the next summer vacation.

It seems to me that the building and the surrounding conditions lend themselves to the needs of the Law School rather than to the Music School, and that the interests of the latter will be better met in the auditorium, which we must surely erect at an early day, than they could be in the old laboratory building. It is likely also that the School of Music would interfere less with other instructional work if so housed. The old building would make an admirable home for the College of Law.

I therefore recommend that, as soon as the chemistry departments can relinquish the use of the laboratory, it be remodeled for the College of Law,

and that the Superintendent of Buildings, in connection with the department of architecture, prepare plans and specifications and estimates for the work, having regard to the amount of the appropriation and the necessity of completing the work in the next summer vacation, and that the work proceed under the general direction of the Committee on Buildings and Grounds.

7. A communication from Dean Kinley to me, suggesting general plans touching the organization and work of the contemplated department of political science and industrial economics, has been forwarded to each member of the Board. This letter expresses my own views of the subject in a general way, for it was framed after a very full comparison and adjustment of ideas concerning the matter. Beyond this the University Senate has discussed the subject somewhat, and has voted that in its judgment the new work (a) should be carried in a department of the College of Literature and Arts; (b) should be undergraduate in character without precluding graduate instruction; and (c) that museum features as means of instruction should not be relied upon or specially developed.

If the Trustees have any suggestions or directions to give in the premises, either in modification or extension of the plans projected, it is desirable that, so far as practicable, they be now given, to the end that they may proceed in cordial coöperation. We have come to the time to search for the men who can inaugurate this work strongly, and it is well known that there are not many of them. It is quite possible that the characteristics of the men who may be available may in some measure modify the lines of work proposed. With the approval of the Board, I will proceed in the search, in coöperation with Dean Kinley, in the hope of being able to lay before you at the March meeting recommendations covering the work and the faculty of the new department.

8. The rule of the Board touching leaves of absence for professors begins as follows: "A professor who has served seven consecutive years, and requests it, may be given a furlough for one year on half pay." It may be remembered that the wording of this rule was arrived at rather hastily, in the midst of a busy session of the Board. I have always supposed that the common thought was that these leaves of absence were not for relief from regular work, because the summer vacations would ordinarily seem ample for that, but in order to enable professors to pursue study abroad which could not be carried on in the summer time. Some members of the Faculty, at least, have understood it otherwise. It seems to me that the view I have expressed is the only one which can be safely upheld or allowed to become of general operation. If one desires more than this the case should be special and brought up outside of the general rule, and the special circumstances and purposes shown which will justify a departure from the rule. It also seems to me that we shall avoid misunderstandings if we call the privilege accorded a "leave of absence for the purpose of foreign study" rather than a "furlough." It also seems that the privilege may as well be extended to associate professors and assistant professors as to full professors. For the purpose of securing the action of the Board and settling these matters I recommend that the rule be amended so as to read as follows:

"A professor, associate professor, or assistant professor, who has served seven consecutive years, and requests it, may be given a leave of absence for the purpose of foreign study for one year on half pay; *provided*, that these permits shall only be given on the advice of the President, and shall not be given so as to conflict with each other in any way, or to hamper the work of the University. Also, that a professor taking such leave of absence shall pledge himself to remain at the University for three years after his return, at the salary of his grade, and that the University in return shall agree to retain him in its service during his leave of absence and for one year thereafter."

9. A recent movement of the Urbana and Champaign Street Railway Company to lay new tracks and equip and operate an electric road over their old right of way running east and west between the Mechanical Engineering Wood Shops and the Metal Shops seems to me to claim the close attention of the Board of Trustees.

It is manifestly opposed to the interests of the University to have two trolley roads operated upon parallel lines across the busiest parts of its grounds and but a few rods apart. There are many different reasons for this which ought to be apparent to the railroad company, and in the light of recent events it would seem that the company ought to be very glad to respect them.

Some years ago the road applied for and received from the University the permission to lay and operate a line over our campus along Green street, upon the distinct understanding that it was a privilege to continue only at our sufferance, or as a tenant at will. It is not conceivable that this privilege would have been granted except upon the belief and implied understanding that so long as it continued the road would not operate the old line, and as a matter of fact the road has from that time till now made no use of the old line and the rails were taken up and the line abandoned.

Not long since the road applied to the University to use its influence in favor of an application for the extension of its franchise in the City of Urbana from the period of something like eleven years which it has yet to run to the term of twenty years from date, and definitely assured us that if we would do so, and the application should be successful the road would convey to the University the land upon which the road had formerly been operated between the University lands. The matter was submitted to the Board and approved, and the influence of the University was cordially and strongly exerted to the end desired. For some reason the application was not looked upon with favor by the Urbana city council, and failed. Since then the road has commenced to relay tracks upon the old line and has applied to me to have our walks on Burrill avenue changed to a grade which the company proposes to establish at that point.

This I not only refused to do, but have remonstrated against the company proceeding to rehabilitate the old line, and have asked that a general officer of the company, with authority to act for it, come and confer with the authorities of the University that conclusions might be reached which would not be antagonistic to the interests of either party. Responsive to this request President W. B. McKinley came to me yesterday for conference, and what was said justifies the hope that an acceptable agreement may be reached. Mr. McKinley agreed that work would be stopped at once, and assured me that he would be at home to-morrow to advise with any one acting on behalf of the Board of Trustees, and would endeavor to arrive at conclusions acceptable to the University.

We have been proceeding upon assumptions, which seemed justified, that the old line would not be operated again, and have very considerable interests which would suffer if it should be. It is likewise important to avoid a disagreement or a contest over the matter if we can. For some years our relations with the road have been agreeable, and we have done everything which we properly could to have them so. Aside from small matters which the officers of the University could do without the action of the Trustees, the Board has allowed the decided privilege of operating upon our land along Green street for years, and last year granted the request of the company to be allowed to lay down double tracks on Wright street, and also the request to lay a gas main through our lands south of the main buildings. It would seem that we are in a position to justify us in the expectation that we should receive from the company something more than the letter of our legal rights strictly entitles us to. In any event, it is clear that we shall either have to take up the matter first or last, or surrender very decided University interests and that an early and definite understanding as to whether we can agree or must disagree is made necessary by conditions which are now forced upon us.

It is likely that the University community is somewhat better accommodated by the road operating on Green street but that we should not be seriously inconvenienced if it were to be operated on the old line exclusively, and I am of the opinion that rather than permit both lines to be operated the interests of the University would call for action which would require the

road to withdraw from Green street. Still there need be little hesitancy in saying that the interests of the University would be still better subserved by an agreement which would permit the continuance of the road upon Green and the acquisition of such compensatory rights or privileges as would enable us to take the old railway line under our care and put it in condition to conform to the campus and contribute to the beauty rather than menace the attractiveness thereof.

✕ I am not without hope that this may be accomplished, and recommend that the whole matter be referred to the Committee on Buildings and Grounds with power to take what action it may think well in the premises, and with the injunction that it take early and decisive steps to protect and promote the University interests as best it can.

10. Touching the recommendations in the communication from the Dean of the College of Agriculture and Director of the Agricultural Experiment Station, I recommend:

(a) That the decoration of Morrow Hall be authorized at an expense not to exceed \$300, to be paid from the fund for furnishing the Agricultural Buildings, provided there shall remain a sufficient amount after the payment of existing obligations, and not otherwise; and that the work proceed under the direction of Professor Wells, upon plans to be approved by me.

(b) That Professor Hopkins be authorized, with the approval of the Business Manager, to dispose of a two-horse direct current motor.

(c) The recommendation that the bill of \$839.65 for changes in rooms at the Agricultural Buildings and not duly authorized, be paid from the fund for "draining, fencing and repairs on the experimental farms" should, in my judgment be modified.

This bill has occasioned some annoyance. The Business Manager has very properly refused to pay it. Yet the University will have to pay it, because the University has appropriated the labor and materials to its own uses. The builder is not chargeable with knowledge that the work was not duly authorized. Dean Davenport assumes responsibility for having the work done without authority and says all that he could be expected to say concerning that phase of the matter. It is likely that the changes are desirable. It is probable that if they had been formally presented and freely considered they would have been authorized. I had only the slightest information in reference thereto, and that I gave to the Board at the June meeting when recommending an appropriation of \$800 for equipment of a bacteriological laboratory I said, verbally, that I was assured the rooms would be prepared at the expense of special agricultural funds. I have had no responsibility, and have taken no action in the premises. I know very well that there has been no intentional wrong in the matter. The difficulty has arisen out of the multiplication of operations and the confusion of procedure incident thereto in the affairs of the College of Agriculture.

I recommend that the bill be paid; but it would clearly be a diversion of the fund "for draining, fencing, and repairs on the experimental farm" to use it for this purpose. This fund has heretofore been, in some measure at least, used for purposes not intended by the legislative act; but it is all needed, and indeed is wholly insufficient, to do for the farms what their welfare and appearance imperatively demand. It seems to me that it would come as near the right as we are likely to succeed in doing if we charged half of this bill to the State Station fund and half to the funds of the Agricultural College, and I so recommend.

(d) That the estimates for the College of Agriculture and the Experiment Station for the quarter ending March 31, 1902 be approved as follows:

FOR THE COLLEGE OF AGRICULTURE.		FOR THE EXPERIMENT STATION.	
General Fund—		General Fund—	
Agronomy.....	\$900 00	Salaries.....	\$2,081 00
Animal husbandry.....	700 00	Agronomy.....	425 00
Dairy husbandry.....	700 00	Animal husbandry.....	300 00
Horticulture.....	700 00	Dairy husbandry.....	300 00
Household science.....	150 00	Horticulture.....	300 00
Veterinary science.....	50 00	Botany.....	100 00
Office and incidentals.....	475 00	Publications.....	100 00
Total.....	\$3,675 00	Office and incidentals.....	244 00
From receipts—		Total.....	\$3,850 00
Dairy husbandry.....	\$700 00	From receipts—	
		Office incidentals (being unused balance of last year).....	\$436 51

Very respectfully submitted,

A.S. DRAPER,  
President.

The recommendations of the foregoing communication were acted upon as follows:

1. Appointment made as recommended.
2. Recommendation approved.
3. Resolution adopted.
4. Resolution adopted.
5. Both resolutions adopted.

6. Mr. McLean moved to adopt the resolution. Mr. McKay moved to amend by referring it to the Committee on Buildings and Grounds for investigation and report, and the amendment prevailed.

7. The recommendation was referred to the Committee on Instruction, to confer with President Draper and Dr. Kinley, and with power to act.

8. The proposed amendment of the rule with regard to leaves of absence was adopted.

9. The attitude taken by the President was approved and the recommendations were referred to the Committee on Buildings and Grounds, and President Draper, with power to act.

10. Propositions (a), (b), (c) and (d) were severally adopted.

#### SCHOOL OF PHARMACY.

The following communication from the Advisory Board of the School of Pharmacy was presented by Mrs. Abbott and referred to the Committee on Instruction.

*To the Board of Trustees of the University of Illinois:*

The Advisory Board of Pharmacists created for the purpose of keeping the Board of Trustees of the University of Illinois in touch with the practitioners of pharmacy in the State and to offer suggestions relative to the School of Pharmacy in Chicago begs leave to submit the following:

Since the acquirement of the School of Pharmacy in 1896 there has been a slight increase in attendance at the School, but not so great as might have been expected nor required by the demand for pharmacists and assistants.

There has been, especially during the past two years, a notable scarcity of help although wages have increased nearly 50 per cent, the salaries for competent and thoroughly experienced pharmacists averaging \$75 a month while assistants with three or four years' experience easily secure employment at wages of from \$50 to \$60 a month. While several causes have operated to bring about this condition the attempt on the part of the School to require some standard for admission and also the requirements of the Pharmacy law for a preliminary education for registration as apprentice have contributed in no small measure to exclude many from taking up pharmacy as a vocation.

This Advisory Board, speaking for the pharmacists of the State does not in the least deprecate any attempt to improve the educational status of those who engage in pharmacy, realizing as it does that the present times require more thorough mental equipment and scientific training than formerly in pharmacy as well as in any other trade or profession. So long as medicine was more particularly curative, the preparation and compounding of medicines was all that was required of a pharmacist; but with the changes wrought by preventive medicine he should have in addition to a thorough knowledge of the fundamental branches also a fair insight into the biological sciences in order properly to serve the physician and the public.

The faculty of the School has long since recognized this tendency and as you are aware has been promised such facilities as would enable it to institute a third year course. Incidentally it may be suggested that when the State offers to its sons and daughters through this University such splendid opportunities to fit themselves for the vocations of agriculture and mechanic arts and industries, it may also consider the condition of those who devote themselves to the care of the sick and afflicted.

For our present purpose however it is desired to endeavor to get more youths to enter the study of pharmacy and also to secure a better class of educated young men and women.

It is suggested that by including free scholarships in the School of Pharmacy to the graduates of the high schools of the State in the annual offer for scholarships in the University, some may avail themselves of such privilege upon graduation and thus in course of time a steady supply of a superior class of apprentices be secured.

This would serve the two-fold purpose of relieving the present embarrassing situation with reference to good help, elevate the educational standard, and incidentally add to the prestige of the University by presenting perennially its many opportunities in the most practical manner. The only condition for acceptance should be that the candidate shall register as an apprentice in pharmacy.

By presenting such offer to the many high schools throughout the State the University would no doubt derive considerable benefit and a better education in pharmacy be greatly promoted.

Respectfully submitted,

ALBERT E. EBERT,  
*For the Advisory Board.*

President Draper's bill for expenses amounting to \$102.92 was ordered paid with the approval of the Finance Committee.

President Draper said that he should like to go abroad during the next summer vacation, and the Board expressed its approval of his doing so.

Upon the request of Mr. Hatch, chairman of the Committee on Agriculture, \$500 was appropriated for drainage on the south farm.

The Finance Committee made the following report which was approved:

URBANA, ILL., Nov. 9, 1901.

*To the Board of Trustees of the University of Illinois:*

Your Finance Committee begs leave to report that it has examined the vouchers submitted by the Business manager for the three months ending September 30 1901, on which warrants have been issued as follows:

Nos. 1 to 925, inclusive, general University; Nos. 1 to 77, inclusive, Agricultural Experiment Station; Nos. 1 to 25, inclusive, School of Pharmacy; Nos. 1 to 227, inclusive, College of Medicine.

We have found that the above vouchers are in due form and properly receipted, except the following vouchers not presented at this time which are reported missing.

General University No. 893.

Agricultural Experiment Station No. 5.

College of Medicine No. 10, F. C. Wheat, \$84.00; No. 19, Marshall Field & Co., \$103.27; No. 146, A. Gehrmann, \$5.00.

The following vouchers reported missing March 12, 1901, and September 28, 1901, have been received and are now in the files:

General University No. 3,219, Central Electric Co., \$8.54.

Agricultural Experiment Station, No. 209, S. W. Shattuck, Business Manager, \$34.73.

College of Medicine, No. 84, John Brough, \$70.80; No. 843, *College Index*, \$3.00; No. 652, H. E. Cavanaugh, \$65.00; No. 838, *Medill High School Light*, \$6.00.

We recommend the same for your approval.

Respectfully submitted,

F. M. McKAY,  
ALEX. MCLEAN,  
A. F. NIGHTINGALE,

*Finance Committee.*

The Board adjourned to meet at 2 o'clock p. m.

AFTERNOON SESSION, DECEMBER 10, 1901.

When the Board met pursuant to adjournment the same members were present as in the morning.

## TREASURER'S REPORT.

The Secretary presented the Treasurer's report which was referred to the Finance Committee.

E. G. KEITH, *Treasurer, in Account with the University of Illinois, September 30, 1901.*

Unassigned .....	113 00		\$113 00
	\$1,500 00	\$1,387 00	\$113 00

## PAPER G—COLLEGE OF MEDICINE.

1900-1901.	Appropriated.	Expended.	Balance.
Salaries for instruction.....	\$2,953 33	\$2,953 33	
Salaries for services.....	2,543 50	2,543 50	
Buildings and grounds.....	378 82	378 82	
Fuel and lights.....	151 41	151 41	
Stationery and printing.....	314 02	314 02	
Laboratories.....	12 00	12 00	
Dental department.....	4,243 47	4,243 47	
Library.....	181 45	181 45	
Apparatus and material.....	745 96	745 96	
Incidentals.....	517 68	517 68	
Advertising.....	2,037 33	2,037 33	
Furniture and fixtures.....	658 00	658 00	
Unassigned.....	233 03		\$233 03
	\$15,000 00	\$14,766 97	\$233 03

*Paper H* is an estimate of receipts and expenses for the nine months ending June 30, 1902.

*Paper I* is a list of appropriations the Board is requested to make at this time.

*Paper L* is a report of receipts for the three months ending Sept. 30, 1901.

*Paper M* is a list of general University vouchers presented for audit, being 1 to 925, inclusive.

*Paper O* is a list of the Agricultural Experiment Station vouchers presented for audit, being 1 to 77, inclusive.

*Paper P* is a list of the School of Pharmacy vouchers presented for audit, being 1 to 25, inclusive.

*Paper Q* is a list of the College of Medicine vouchers presented for audit, being 1 to 227, inclusive.

*Paper R* is an inventory of the apparatus, books, furniture, etc., belonging to the University.

*Paper S* is a report on the University land contracts for the year ending Sept. 30, 1901.

## PAPER R—INVENTORY JULY 1, 1901.

*Books, apparatus, equipment, specimens, supplies, etc.*

## PAPER S—REPORT OF UNIVERSITY LAND CONTRACTS FROM SEPT. 30, 1900, TO SEPT. 30, 1901.

*Contracts Issued.*

Number.	Name.	Description.
165.....	J. P. Rooney.....	S. E. $\frac{1}{4}$ of the S. E. $\frac{1}{4}$ 21-124-36.....
166.....	George Lippert.....	E. $\frac{1}{2}$ of the N. E. $\frac{1}{4}$ 34-117-35.....
167.....	W. J. Heaney.....	N. E. $\frac{1}{4}$ of 22-117-35.....
168.....	R. H. Martin.....	E. $\frac{1}{2}$ of 11-123-36.....
169.....	E. Matson Haan.....	S. E. $\frac{1}{4}$ of 30-117-35.....
170.....	The Spicer Land Co.....	N. W. $\frac{1}{4}$ of 6-117-35.....
171.....	Chas. Younkee.....	S. W. $\frac{1}{4}$ and W. $\frac{1}{2}$ and N. E. $\frac{1}{4}$ of S. E. 21-124-36.....
172.....	Sam Simonson.....	S. $\frac{1}{2}$ of S. E. $\frac{1}{4}$ 18-124-36.....
173.....	Andrew Renstrom.....	N. E. $\frac{1}{4}$ 8-117-34.....
174.....	James Vejtruba.....	E. $\frac{1}{2}$ of N. W. $\frac{1}{4}$ 4-116-35.....
175.....	John R. Holton.....	S. $\frac{1}{2}$ of N. W. $\frac{1}{4}$ 18-124-36.....
176.....	John R. Holton.....	E. $\frac{1}{2}$ and N. W. $\frac{1}{4}$ of N. E. $\frac{1}{4}$ 4-123-36.....
177.....	John R. Holton.....	S. E. $\frac{1}{4}$ 21-124-36.....
178.....	Sadie E. Greenside.....	S. W. $\frac{1}{4}$ 31-124-36.....
179.....	L. W. Moody.....	S. E. $\frac{1}{4}$ 31-124-36.....
180.....	Andrew G. Johnson.....	N. W. $\frac{1}{4}$ of N. W. $\frac{1}{4}$ 28-117-34.....
181.....	Olof Heflund.....	S. W. $\frac{1}{4}$ of N. W. $\frac{1}{4}$ 28-117-34.....
182.....	Olof N. Bengston.....	S. $\frac{1}{2}$ of N. E. $\frac{1}{4}$ 10-117-35.....
183.....	Nils N. Bengston.....	S. $\frac{1}{2}$ of S. $\frac{1}{2}$ of N. E. $\frac{1}{4}$ 10-117-35.....
184.....	Olof Walen.....	S. $\frac{1}{2}$ of S. $\frac{1}{2}$ of N. E. $\frac{1}{4}$ 10-117-35.....
185.....	L. W. Moody.....	N. W. $\frac{1}{4}$ 31-124-36.....
186.....	L. W. Moody.....	N. W. $\frac{1}{4}$ 31-124-36.....
187.....	Peter Manderfeld.....	S. $\frac{1}{2}$ of N. E. $\frac{1}{4}$ 26-117-34.....
188.....	Theodore Aune.....	E. $\frac{1}{4}$ 32-124-36.....
189.....	John Bohmer.....	E. $\frac{1}{2}$ of N. W. $\frac{1}{4}$ 21-124-36.....
190.....	D. M. Kelleher.....	S. W. $\frac{1}{4}$ 11-123-36.....
191.....	J. R. Holton.....	S. W. $\frac{1}{4}$ 24, and S. W. $\frac{1}{4}$ 26-124-36.....
192.....	Thom Rooney.....	S. W. $\frac{1}{4}$ 30-124-36.....
193.....	M. J. Kolb.....	N. E. $\frac{1}{4}$ 23-124-36.....
194.....	F. M. Conroy.....	N. E. $\frac{1}{4}$ 10-123-36.....
195.....	F. M. Conroy & A. Bursen.....	N. W. $\frac{1}{4}$ 26-124-36.....
196.....	John G. Flan.....	N. W. $\frac{1}{4}$ 14-117-34.....
197.....	L. W. Moody.....	S. E. $\frac{1}{4}$ 23-124-36.....
198.....	L. W. Moody.....	N. W. $\frac{1}{4}$ 24-124-36.....
199.....	M. J. Kolb.....	N. W. $\frac{1}{4}$ 12-123-36.....
200.....	Albert Decker.....	W. $\frac{1}{2}$ of N. W. $\frac{1}{4}$ 34-117-35.....
201.....	J. E. McBride.....	N. E. $\frac{1}{4}$ 2-123-36.....
202.....	John Bohmer.....	W. $\frac{1}{2}$ of N. W. $\frac{1}{4}$ 21-124-36.....
203.....	L. W. Moody.....	S. W. $\frac{1}{4}$ 23-124-36.....
204.....	M. F. Reine & M. J. Kolb.....	N. W. $\frac{1}{4}$ 23-124-36, less R. R. right of way.....
205.....	John Bohmer.....	So much of E. $\frac{1}{2}$ of S. W. $\frac{1}{4}$ , and so much of S. E. $\frac{1}{4}$ as lies N. E. of R. R. in 23-124-35...
206.....	Mrs. M. F. Schenck and Jane Davy.....	S. E. $\frac{1}{4}$ 26-124-36.....
207.....	E. L. DePue.....	S. E. $\frac{1}{4}$ 10-117-35.....
208.....	Jno. Bohmer & M. J. Kolb.....	N. E. $\frac{1}{4}$ 12-123-36.....

*Deeds Given.*

Contracts Nos. 169, 171, 173, 175, 176, 180, 181, 182, 183, 184, 187, 191, 194, 196, 199, 200, 202, 205, were paid in full and deeds given.

Agricultural Experiment Station.....	3,850 00	
		37,850 00
		\$107,875 00

## DEPARTMENT OF MINES AND MINING.

The following resolution was adopted and the Secretary was instructed to transmit a copy of it to each member of Congress from Illinois.

*Resolved*, That the Senators and Representatives in Congress from Illinois be and they are hereby respectfully urged to give their support to the bill for the promotion of Mining Engineering in the Land Grant Colleges and Agricultural Experiment Stations of the United States.

The following report from the Committee on Agriculture was adopted:

URBANA, ILL., Dec. 10, 1901.

*To the Board of Trustees.*

Your Committee to which was referred the matter relating to the price of milk sold by the University dairy would fix the price of the milk of the standard named at 7 $\frac{1}{4}$  cents a quart, and of the cream at 17 $\frac{1}{2}$  cents a pint.

Respectfully submitted,

FRED L. HATCH,  
F. M. McKAY,  
MRS. ALICE A. ABBOTT,  
MRS. MARY T. CARRIEL,

*Committee on Agriculture.*

An informal report was made by Mr. McLean, Chairman of the Committee on the College of Medicine, with regard to the donation which Dr. William E. Quine has proposed to make to the Library of the College of Medicine.

On motion of Mr. Nightingale, the report was referred back to the Committee and the Committee advised to have, in conjunction with President Draper, a conference with Dr. Quine.

The Board adjourned.

W. L. PILLSBURY,  
*Secretary.*

THOMAS J. SMITH,  
*President.*
