MEETING OF THE BOARD OF TRUSTEES

—OF THE—

UNIVERSITY OF ILLINOIS

July 17, 1918

A special meeting of the Board of Trustees of the University of Illinois was held at the Edgewater Beach Hotel, in Chicago, at 12 o'clock noon on Wednesday, July 17, 1918, pursuant to the following notice which was sent out by the Secretary on July 8, 1918.

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Edgewater Beach Hotel, in Chicago, at 12 o'clock noon on Wednesday, July 17, 1918, to consider matters submitted by the President of the University and the Committees of the Board, and such other matters as may be duly submitted.

When the Board convened, the following members were present: Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of June 1, 1918, and June 11, 1918. On motion of Miss Watson, the minutes were approved as printed above on pages 735 to 808 and 809 to 832, respectively.

LETTER FROM MR. R. T. LINCOLN

The Secretary presented the following letter from Mr. Robert T. Lincoln.

MANCHESTER, VERMONT, July 6, 1918.

H. E. Cunningham, Esq., Secretary, University of Illinois

MY DEAR SIR:

Your letter of the 15th of June and the accompanying copy of the tribute to my father, "Abraham Lincoln Today," came to me at a time when I was engaged under difficult circumstances in removing my belongings from Washington to this place, and my acknowledgment of it has been delayed with many other matters. I thank you very much for your kindness. I have read the little book with very great interest and pleasure as a very unusual indication of the regard in which my father's memory is held so many years after his death. I am particularly grateful for the address of President James, which has affected me deeply.

It is a great pleasure to preserve this memorial in my library.

Believe me very sincerely yours,

ROBERT T. LINCOLN

On motion of Mr. Blair, this letter was received for record.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Board proceeded to the consideration of the following matters submitted by President James:

CHANGES IN LABORATORY FEES

(1) A recommendation from the Council of Administration, on request of Dean Richards, that the laboratory fees in courses given in the College of Engineering be changed as follows:

		<i>Present Fee</i>	<i>Recommendation</i>
Ceramic Engineering	19.....	\$5.00	Omit
Civil Engineering	33.....	.75	"
" "	34.....	.75	"
" "	35 (new).....		.75
Electrical Engineering	61.....	3.00	1.00
" "	62.....	3.00	1.00
" "	64.....	3.00	1.00
" "	68.....	3.00	1.00
" "	75.....	4.00	2.00
" "	76.....	4.00	2.00
" "	85.....	4.00	2.00
" "	86.....	4.00	2.00

On motion of Mr. Carr these changes were authorized.

SCHOLARSHIPS IN CERAMICS

(2) The following statement: The Board of Trustees established some years ago one hundred and two free scholarships in the University, one

for each county in the State, to be assigned by the University on the nomination of the Illinois Clay Workers Association. At first, the regulations concerning these scholarships permitted a scholarship in any county, which was not claimed by a resident of that county, to be assigned to some other county. Later, the regulations were changed, limiting the scholarship in each county to residents in that county. I recommend that during the period of the war the President of the University be authorized to assign the full number of scholarships, if asked for by persons properly qualified, irrespective of county residence.

On motion of Mr. Carr this recommendation was approved.

COOPERATIVE WORK IN HEATING AND VENTILATION

(3) A letter and proposed contract from Dean C. R. Richards concerning articles of agreement between the National Warm Air Heating and Ventilating Association and the University of Illinois.

July 17, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I am transmitting herewith a proposed contract between the National Warm Air Heating and Ventilating Association and the Board of Trustees of the University of Illinois for a cooperative investigation of warm-air furnaces and furnace heating systems to be undertaken by the Engineering Experiment Station of the University of Illinois. If you approve this contract, I shall be glad if you will present the matter to the Board of Trustees at an early meeting. I trust that the Board may be willing to authorize the contract for this important investigation.

A number of years ago the Engineering Experiment Station undertook an investigation of house-heating equipment, and a considerable amount of work was done in connection with house-heating boilers. The results of this early investigation were published in 1909 in Bulletin No. 31. Later additional tests on steam and hot-water boilers for house heating were conducted, and some effort was made to extend the investigation to include work with warm-air furnaces. These latter investigations were far from complete, and the data secured were considered of insufficient value to justify their publication. Since that time the Station has long desired to inaugurate an extensive program of investigations in this field, but the large expense connected therewith has deterred us from undertaking any actual work.

With the reconstruction of the Mechanical Engineering Laboratory it has been possible to provide a plant for the testing of warm-air furnaces, designed under the general direction of Professor A. C. Willard, Professor of Heating and Ventilation in the Department of Mechanical Engineering. Through the efforts of Professor Willard, the National Warm Air Heating and Ventilating Association has become interested in a scientific study of the problems connected with the design, rating and performance of warm-air

furnaces and warm-air heating installations. This Association is a commercial organization representing all or practically all of the manufacturers of warm-air furnaces in this country. It is a large and powerful organization, which up to the present time has been more interested in the commercial problems connected with the business than with the scientific problems involved. At our invitation a committee of this Association recently visited the University and witnessed a test of a warm-air furnace in the furnace testing plant which I have already mentioned. As a result of this visit and of the interest of the committee in the possibilities for scientific study of warm-air furnaces, the committee recommended to the Association that the contract here presented be approved, with the understanding that the Association will spend not to exceed \$8,000.00 for the initial period of one year. This recommendation was unanimously approved at the convention of the Association held in Milwaukee on June 12, 1918. If the proposed contract meets the approval of the Board of Trustees, the formal agreement can be entered into between the University and the Association.

There is almost no existing scientific data available in this important field of heating. It seems to me, therefore, that this cooperative agreement is a most important one and that the results secured may have a far-reaching effect in shaping the design and in increasing our knowledge of the installation and operation of such apparatus. From the size of the fund which the Association is willing to furnish the University, this is the most important cooperative investigation which the Engineering Experiment Station has ever undertaken.

Trusting that you may approve this contract, I am,

Very cordially yours,

C. R. RICHARDS

ARTICLES OF AGREEMENT

ARTICLES OF AGREEMENT between the National Warm Air Heating and Ventilating Association and the Board of Trustees of the University of Illinois for cooperative investigation of Warm Air Furnaces and Furnace Heating Systems, by the Engineering Experiment Station of the University of Illinois, under the following terms and conditions:

I. This agreement is executed for a period of one year beginning October 1, 1918, with the understanding that it may be extended for additional similar periods under the same or such other terms as may be mutually agreed upon.

II. The Engineering Experiment Station will supervise and direct all testing work and the computation of all results obtained; it will furnish the furnace testing plant now installed in the Mechanical Engineering Laboratory, together with all testing instruments necessary in the investigation. Should important changes in or additions to the present testing plant become necessary, it is agreed that the cost thereof shall be charged against the fund provided by the National Warm Air Heating and Ventilating Association for the general investigation as hereinafter provided.

III. An advisory committee of the National Warm Air Heating and Ventilating Association shall be appointed to consult with the Officers of the Engineering Experiment Station concerning the conduct of the investigation and the general testing program to be undertaken. When a general program of tests has been agreed upon, the conduct of the tests shall be entirely under the control of the Engineering Experiment Station, which is necessarily responsible for the results secured.

IV. All of the original test data and the computations and results of the investigation are to be the property of the Engineering Experiment Station and they are to be kept on file at the University of Illinois. Furthermore, it is understood and agreed that the Engineering Experiment Station shall have the exclusive right to publish the results of the tests and investigations conducted under this agreement, and no publicity to any of the tests shall be given prior to the publication of the results by the Engineering Experiment Station.

V. The advisory committee or other authorized representative of the National Warm Air Heating and Ventilating Association shall at all times have access to the data secured and the computed results, and one copy thereof shall be furnished the Secretary of the National Warm Air Heating and Ventilating Association, subject, however, to the conditions named in Article IV. The Engineering Experiment Station will submit a semi-annual report on the work in progress, in addition to the data and results, to the National Warm Air Heating and Ventilating Association.

VI. Not less than two full-time testing assistants and one half-time assistant will be needed to conduct the investigation herein contemplated. The salaries of these assistants and of any other later found necessary are to be paid from the funds provided by the National Warm Air Heating and Ventilating Association. These assistants are to be considered members of the staff of the Engineering Experiment Station during their connection therewith.

VII. All furnaces tested are to be furnished and erected at the testing plant without expense to the Engineering Experiment Station. All expenses connected with the preparation of the furnaces for testing and any other expense connected with these tests, not otherwise provided for, shall be paid from the funds furnished by the National Warm Air Heating and Ventilating Association.

VIII. On or before October 1, 1918, the National Warm Air Heating and Ventilating Association will pay to the Board of Trustees of the University of Illinois an initial sum of two thousand dollars (\$2000.00) and thereafter it shall maintain in this special fund for furnace testing a balance of not less than five hundred dollars (\$500.00) to be administered by the Comptroller of the University and paid out by him on vouchers approved by the Director of the Engineering Experiment Station. It is further agreed that the total amount of the fund expended by the National Warm Air Heating and Ventilating Association shall not exceed eight thousand dollars (\$8000.00) for the first year of this agreement. At the termination of this agreement or at any time on the request of the Association, the Comptroller

[July 17,

shall render an accounting to the National Warm Air Heating and Ventilating Association and he shall return to the Association any unexpended balance which may remain in this fund at the termination of this agreement.

On motion of Mr. Blair, the President of the University was authorized to approve this contract.

RULES, C. P. A. EXAMINATIONS

(4) An amendment of rules governing the conduct of the examinations for Certified Public Accountants.

June 17, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Committee on Accountancy has voted to recommend to you the amendment of two of the rules adopted by the Board of Trustees to govern the conduct of the C. P. A. examinations. These two rules, Nos. 24 and 28, read at present as follows:

24. The examination shall take place as often as may be deemed necessary in the judgment of the University Committee, but not less frequently than once each year. The annual examination shall be held on the fourth Tuesday in May.

28. Examinations shall be written in books supplied by the University to the Board of Examiners as provided for by action of the Board of Trustees in December 1901 (describing the books to be used in all University examinations.)

The Committee recommends that the second sentence of Rule 24 be amended to read:

The annual examination shall be held on the *third* Tuesday in May.

The object of this change is to get these examinations out of the way a little farther in advance of the Commencement rush and also to avoid recurring conflicts with Memorial Day.

The Committee recommends the following new wording for Rule 28:

28. Examinations shall be written on paper supplied by the University.

It has been found that the regular examination books referred to in Rule 28 are far from suitable for most parts of the C. P. A. examination, for which ruled paper and large analysis sheets should be supplied.

Sincerely yours,

C. M. McCONN

Secretary of the Committee

On motion of Mr. Hoit, these amendments were approved.

DUPONT DE NEMOURS FELLOWSHIP IN CHEMISTRY

(5) The following correspondence:

June 3, 1918

Dr. W. A. Noyes, Professor of Chemistry, University of Illinois

DEAR SIR:

OUR FILE RW-2300-3

The E. I. DuPont de Nemours & Company has recently appropriated a sum of money to create fellowships and scholarships at leading universities and colleges for the purpose of encouraging advanced students to continue the study of chemistry. The placing of these scholarships and fellowships has been put in my hands and I take pleasure in advising you that we offer the University of Illinois a fellowship of \$750 for the scholastic year 1918-19. The only conditions we make are that the fellowship is to be known as a "DuPont Fellowship" and is to be granted by the university authorities to a graduate student whose major subject is chemistry.

As a matter of interest we would like to be advised of the name of the appointee and in addition we would like to have a report twice per annum of the progress made.

While the present offer covers one year only, it is our hope that we will be able to repeat the offer from year to year.

I will ask that you kindly advise me promptly whether the university accepts this offer under the conditions stated and if so, how the check should be made out.

Sincerely yours,

CHAS. L. REESE

Chemical Director

June 22, 1918

Dr. Charles L. Reese, Chemical Director, Wilmington, Delaware

MY DEAR SIR:

Professor Noyes has turned over to me your communication of June 3rd, offering to the University of Illinois the sum of seven hundred and fifty dollars (\$750) for the scholastic year 1918-1919 to establish a fellowship in Chemistry for that year, to be known as the DuPont Fellowship.

I am sure that the Board of Trustees at its next meeting will accept this fellowship with great pleasure and with an expression of gratitude to the Company. Professor Noyes is mistaken in regard to one matter. In establishing fellowships and prizes of this sort, the University expects the money to be in its Treasury at the time it establishes the fellowship. Our plan is to pay the fellows in ten or twelve monthly installments, more usually in ten, and the students spend the ten months in actual work in the laboratories. Would this be acceptable to you?

Faithfully yours,

EDMUND J. JAMES

[July 17,

July 1, 1918

Dr. Edmund J. James, President, University of Illinois

DEAR SIR:

Our File RW-2003-3

I am in receipt of your letter of June 22nd, in connection with the DuPont Scholarship offered to the University of Illinois, and in reply to your inquiry as to the distribution of this fund, would advise that the method you suggest will be perfectly satisfactory to us. It is our intention to forward to you, within the next few days, our check for \$750.00 and it is perfectly agreeable to us to have you dispose of it in the manner you consider most advisable.

Yours very truly,

WM. M. WHITTEN, JR.

Assistant Director

The Comptroller informs me under date of July 11th that he has received a check for \$750 from the E. I. DuPont de Nemours and Company, which he has credited to a trust fund for the use of the "DuPont Fellowship" in Chemistry.

On motion of Mrs. Evans this gift was accepted with an expression of cordial thanks for the generosity which inspires it.

EXHIBIT AT STATE FAIR

(6) A recommendation from Professor James M. White that the University prepare certain University films for exhibition at the Illinois State Fair in August of this year at a cost of about five hundred dollars. These films may be used subsequently in connection with exhibits at other places. The Illinois State Centennial Commission desires very much that the University participate in this way in a Centennial exhibit at the State Fair.

On motion of Mr. Carr, this recommendation was approved, by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; Noes, none; absent, Mr. Lowden, Mr. Trevett.

PAYROLL SCHEDULE

(7) The payroll schedule made effective July 1, 1918, in accordance with the authority given to Professor White by the Board to draw up and put into force a payroll schedule. While Professor White had the power to act, I request a formal approval of this payroll schedule by the Board.

REPORT, UNIVERSITY WOODLAND TRACT

(9) A report from the Advisory Committee on the University Woods, known as the Kerr Woods, recently purchased by the University.

June 25, 1918

DEAR MR. PRESIDENT:

Your Advisory Committee on the University Woods begs leave to report as follows:

So far as we have any knowledge the property has been protected adequately from grazing animals and similar menace; and teaming has not been allowed in it since the wood already corded on the ground when it was bought was removed by the owner. No serious trespassing seems to have been committed aside from the chopping into one hollow tree by hunters.

At the request of the Supervising Architect a few simple rules were suggested, and these have been printed on the back of the permit form now

in use,—of which a copy is appended. It is the opinion of the Committee that the minimum of formality should attend the use of the woods for observational purposes, and we have so advised the Supervising Architect. Few permit cards have been issued this year, and it is not likely that the number called for will be large because of the difficulty of reaching the woods, but the Committee believe that the collection of specimens should be entrusted only to few and responsible people and that proper permits should be exacted whenever material is taken or disturbed.

No improvements have been made, except for the installation of a Stile in place of the dilapidated gate giving entrance to the woods.

The Committee recommends that, under its direction, the large amount of brushwood which now constitutes a fire risk be removed as promptly as possible; but this should be done under proper direction, for dead standing or even fallen trees are valuable for the nesting of certain kinds of birds and the growth of fungi, mosses and other plants, and most of these, especially those that have begun to decay, ought to be preserved,—and protected against disturbance by students for the most part.

It is desirable to cut six-foot paths through the woods in various directions, and to keep them mown down through the season. People who visit the woods for pleasure and casual observation always follow paths when they can, and a labyrinthine system of paths here will do much to keep the vegetation from being trampled and broken down in aimless wandering.

We recommend that steps be taken at once for securing a large number of seeding or young shrubs for planting thickly about the borders of the woods. The selection should be made with reference to forming a thicket in which birds may nest, and from which they may derive food, especially, so far as this may be, in winter.

The woods should be enclosed by a suitable fence. The Supervising Architect has samples of adequate fencing. At some time it will prove possible to make a partly persistent pond by a small amount of excavation in one of the low places, where water now stands far into the spring. Even though not permanent, such a reservoir will permit many plants and animals not now found there to be collected, especially in spring and early summer.

As soon as the University acquired possession of the property Dr. McDougall began an ecological census of its vegetation. Thus far, more use has been made of the woods by him and his students than by any others, and certain of his classes meet there regularly when the weather permits. Except for occasional visits by instructors in the various biological departments and a field trip by a class now and then, little other use has been made of the woods this year.

As you know, the only way of reaching the woods is by means of one of the interurban lines, from which a long walk is necessary. The work done by Dr. McDougall has entailed a great deal of hardship, because of the need of carrying instruments back and forth; his classes have been able to use the woods only through meeting on Saturday,—a day relatively free; and it would have been entirely impossible for me to take my own students out

[July 17,

without preventing their attendance in other classes except for the fact that one of them placed her car at our disposal.

The Committee believe that no considerable use of the woods as a field laboratory can be made until the University provides facilities for the transportation of classes to and from the woods without dependence upon the fixed schedule of the traction company and the great loss of time in walking.

We recommend that the University provide two cheap cars, fitted with long bodies with fore-and-aft seats, as carryalls. Each such car should accommodate a dozen persons. Cars of this kind, maintained ready for service by the Custodian's department, could be requisitioned with or without driver when needed, precisely as projection apparatus now is; and the small expense of the actual service could be recovered, if desired, in fees collected for the courses in which it was necessary. We believe that such a provision would result in distinctly increased efficiency in all of the branches of nature study.

Very respectfully,

WM. TRELEASE

F. SMITH

June 25, 1918

DEAR PRESIDENT JAMES:

The Advisory Committee on the University Woods believes that the twenty acres of woodland immediately adjoining what is now owned by the University ought to be saved from destruction if it can be bought at a reasonable price.

The value of what is now owned by the University will be permanently increased by maintaining the plantation in its full present size, for reduction of its area will influence injuriously, and in some respects possibly seriously, what remains. Though the tract is not large it is somewhat diversified in its flora, and the northern part, not now owned by the University, contains some elements that I have not seen in the woods bought last year, and its less hardy vegetation has suffered far less because it has not been so persistently used as a pasture. The ultimate provision of a half-pond will be possible only near the northern limits of what is now owned. If the remainder can be procured it will probably be extended north of the present boundary fence, for the lowest and wettest land lies there.

We are of the opinion that proper provision for the near future of nature study in the University dictates saving not only this but other remnants of the original vegetation of the State which lie where they may be reached for study or the collection of material, and that expenditures for this purpose will find further justification in the enhanced value of the land acquired. We feel, also, that in some form or other the State should save for the general public examples of these nature products, and that every year brings added dangers to all that remain under private ownership.

Very respectfully,

WM. TRELEASE

F. SMITH

No action was taken in this matter.

REPORT, COLLEGE OF LAW

(10) A report on the College of Law by Dean H. W. Ballantine.
To President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

At your request I beg to submit the following arguments in behalf of the College of Law to meet possible questions which might arise in view of the great reduction in our attendance. Some one might ask, Why is it worth while for the State to run a law school in war time? It is believed that a consideration of the following arguments will fully answer this question.

I. *PROSPECTS AS TO ATTENDANCE.* Prior to the war the attendance at the Law School had been declining from a high-water mark of 193 in 1909-10 to 106 in 1914; to 88 in 1915; and to 73 in 1916-17. Our gross attendance this year, counting students taking two or more law courses, totaled about 58. We lost about 21 of these during the first semester, and our enrollment in the second semester was 37. At the end of the second semester we gave examinations to about 30 students, mostly of the first-year class. The second-year class was reduced to one member.

The prospects are that we need expect no third-year students next year and need, therefore, offer no third-year courses. We have reason, however, to expect a fair attendance in the first and second year classes. About 70 students have been registered this year as pre-legals, and many others have been contemplating taking up the study of law who have not registered as pre-legals, as this is a voluntary matter. From personal inquiries made it is a conservative guess that we may expect an attendance of at least from 25 to 30 law students in the first-year class; and from 15 to 20 in the second-year class, with some additional college students taking two or more law courses. Our classes will be as large as those of many other departments.

This reduction in attendance is no greater proportionately than has occurred at other law schools, and our actual attendance is greater than at the state universities of West Virginia, Missouri, or Indiana.

II. *FACULTY IS ALREADY TEMPORARILY REDUCED.* We can carry the first and second-year work without the re-appointment of Professor Carpenter or a successor to him for next year. His salary of \$2750 will thus be saved. Professor Pomeroy will continue on leave of absence on half pay for the first semester and will return at the beginning of the second semester. Judge Harker is legal counsel and gives only part of his time to teaching. Professor Decker is acting librarian in addition to his teaching. The four full-time professors will have their time well occupied in giving the first and second-year courses. In addition we propose to offer two new non-professional courses, open to the student body generally; one of these is a one-hour course in Military Law, open to sophomores and upper classes. Another course is The Law of the Press, dealing with legal matters of importance to journalists. We have also undertaken to relieve the department of Political Science of the course in Jurisprudence during Professor Fairlie's absence. There will thus be ample teaching to keep the law faculty busy.

III. *THE BUDGET.* The budget requests for 1918-19 represent a reduction of \$1080 from the expenditures of 1917-18. The budget of 1917-18 itself represents a reduction of \$3,295 from the budget of 1916-17. If to the reduction of \$1,080 you add the \$500 request for special lectures and contingencies, which would not need to be used, we have a probable reduction of \$1580. This reduction is possible after making allowance for moderate increases in the salaries of Professors Hale, Green and Decker. These men fully deserve the moderate increases which are recommended and which will scarcely make up for the automatic decrease in salaries which has already resulted from the increased and the increasing cost of living.

In most of our sister law schools, like Chicago, Northwestern, Minnesota, Wisconsin, a salary standard of \$5,000 per year has now been established. At Wisconsin they have four men on that basis. Professor Vernier's salary at Stanford has now been raised to \$5,000, and he receives \$500 additional for teaching in their summer quarter. At Cornell the salary of Professor McCaskill has recently been raised to \$5,000. We surely ought to put men like Professors Hale and Green on a \$4,000 basis and raise Professor Decker to \$3750.

IV. *LEGAL RESEARCH AND CONTRIBUTIONS.* If there were no students at all in the law school, the maintenance of a good corps of legal investigators and writers would be well justified. One of the important functions of law teachers is to train lawyers who will be useful socially, as well as successful professionally. But law teachers are now being looked to for constructive work of the highest order. Courts and legislatures do not originate. They merely give form to what is worked out by others. It is the professor who can devote time to critical investigation and publication who is moulding the law of the future. It would indeed be a misfortune if the power of teachers of law to engage in research were to be curtailed at the very time when it is most needed and most available.

The importance of research along scientific lines is fully recognized; but this war has shown that agriculture, engineering, literature, science, and civilization itself, are not possible without law and order. No subject is, therefore, more vital and more worthy of study than the law. It is peculiarly a state function. The whole economic field, the relations of labor and capital, of producer and consumer, present a new province for law and order. The trained lawyer will be called upon to formulate into legal principles the demands of economic and industrial justice. Internal peace will only be possible by legal adjustments between the conflicting forces of labor and capital.

The various members of the law faculty are making valuable contributions to legal science. The establishment of the Illinois Law Bulletin is an important event in the legal history of this State. It is the first publication to undertake the scientific study and improvement of the local law of this State.

Professor Hale has contributed a valuable article on "The Account-Books of a Party to the Action as Evidence in His Own Favor," and has done invaluable and patient work as Editor-in-Chief of the Law Bulletin. During the past year Professor Hale has been president of the Illinois Society of Criminal Law and Criminology, and made an address as president of the society, which will become the basis of definite proposals of legislation to be laid before the next session of our legislature. He is preparing a book on "Evidence and Trial Practise", which should prove of great value to the lawyers of the State.

Professor Green contributed an article on "The Child Labor Law and the Constitution", which forecast correctly the recent decision of the United States Supreme Court on this law, (April, 1917). He has also published in the past year an article called "The Stockholm Conference and Joint Indemnity" in Forward; and an original article in the form of a review of Mr. Frankfurter's brief in the Oregon Minimum Wage Cases, in the Illinois Law Review. He wrote Chapter III and appendix of the last report of the Illinois Pension Commission, which chapter relates to pension legislation in Illinois. He is now preparing for the next report of the Pension Commission a chapter which will treat of judicial decision and legal questions connected with State pensions. He is also getting up a collection of authorities on the development and present status in Illinois of the law of domestic relations.

Professor Carpenter has contributed articles to the Columbia Law Review (Nov. 1917) on "Court Decisions and the Common Law," and to the Harvard Law Review (May, 1918) on "Jurisdiction over debts for purpose of administration, garnishment and taxation."

Professor Decker has contributed an article in two installments, entitled "The Case of the Sealed Instrument in Illinois", to the Illinois Law Bulletin. This article formulates and discusses for the first time the law of sealed instruments in this State from the critical and legislative point of view, which may lead to putting this antiquated branch of law on a rational basis.

Judge Harker has been busily engaged in completing his annotated edition of the Illinois Revised Statutes, which he hopes to complete by this fall, and which will be more useful than any other one law book to the legal profession of the State.

Professor Pomeroy has contributed an article to the Bulletin on "The Specific Performance of Contracts in Illinois". He is at present on leave of absence, finishing up the new seven volume edition of his father's monumental work on Equity Jurisprudence, to which he is himself contributing over 1,000 pages. This work is regarded as perhaps the greatest legal treatise produced by an American legal writer.

The writer of this report has contributed three articles to the Bulletin, one on the "Need of Pleading Reform in Illinois;" another entitled, "A Chart of Illinois Defensive Pleading;" and another on "Technicalities in Criminal Procedure." He has also written an article for the California Law Review on "Constitutional Limitations on the War Power," and has contributed an article to the Harvard Law Review on "Title by Adverse Pos-

session," which will appear next fall. The Law Bulletin extends the influence of the law faculty and furnishes a connecting link between the College of Law, the practising lawyer, and the legislator, whereby each keeps in better touch with the other.

V. *IMPORTANCE OF THE COLLEGE OF LAW AT THIS TIME.*

Especially at this time it is important to keep the law school in good working order for the sake of those who have entered military service. Some of them will soon be returning more or less disabled. No vocation will be found more suitable for many of these disabled soldiers than the legal profession. The law requires far less manual dexterity than engineering, agriculture, or medicine; and even before the war is over the law schools will be called upon to take care of our returning soldiers.

Shortly after the war closes, it is obvious that the law schools will all receive a very large increase in attendance, composed partly of their previous students who had not yet completed their law course; and in part of those who have entered but who postponed their law study and entered military service instead.

The law schools are thus storing up a reserve of attendance which will come upon them as a flood after the war. No one in subsequent life will have a greater influence in moulding public opinion and in guiding the affairs of the state than the law students. Law schools should, therefore, keep going with a view to these demands even if they are cut down to only a few students.

Among recognized law schools the University of Montana is the only one of which I have heard which proposes to discontinue its sessions next year. If the standard law schools should discontinue operations, this would play directly into the hands of the inferior commercialized night law schools, which already are preparing a majority, perhaps three-fourths, of the lawyers of this State.

It is submitted that the University of Illinois should have the courage and foresight to keep its facilities intact and to utilize its splendid equipment during the war, both for the sake of law students and for the constructive and critical study of the local law of this State. Next year is a legislative year and a constitutional convention also seems likely. Important demands will doubtless be made upon the law school faculty outside of their regular duties, if they have any time to spare.

It is submitted that the Law School is rendering substantial service to the State, both inside and outside the University; that it is an important liberalizing and constructive influence, and that through the law school the University has its greatest opportunity to contribute to the reform and betterment of our legal institutions, which are crying for public spirited and expert attention.

Respectfully submitted,

H. W. BALLANTINE

Dean of the College of Law

LEAVE OF ABSENCE FOR MR. E. W. BAILEY

(11) A request from Professor E. W. Bailey for leave of absence without salary from September 1, 1918, to September 1, 1919, for the purpose of graduate work, with the understanding that the three years of his incumbency as assistant professor up to the present time will stand to his credit in case he asks for the sabbatical privilege at a later date.

On motion of Mr. Blair, the President of the University was authorized to grant this request.

FOUR-YEAR MILITARY CURRICULUM

(12) A report from a committee consisting of Professor F. H. Newell, Chairman, and Messrs. Babcock, Weston, Shaw, Talbot, Forbes, and Major McCaskey, appointed February 22, 1918, to consider the curriculum of a four year military course. This committee presented a report to the University Senate on March 11. On June 3, the Senate approved the report in general and directed the committee to complete the proposed curricula. The following report is submitted by the committee:

Elements of Proposed Military Curriculum

1. This is based on the theory that a general technological collegiate course is to be followed during four academic years of eight months each in which daily drill and physical training is to be had with continuous enforcement of such military discipline as is consistent with the pursuit of the academic and technological studies.

2. At least 9 weeks of the summer months between the first and second, second and third, and third and fourth years are to be spent in a suitable military camp provided by the United States. At that time and in progressive order during successive seasons, practise is to be had under military and civilian instructors in ordinary civil and in military surveying and in map making, in infantry, artillery, and cavalry tactics including riding, in drill regulations, in target practise, in swimming, in sea-coast artillery, in practise marches, and in problems and practical field work.

3. The first year studies are to be essentially those of the ordinary college freshman course, namely:—mathematics, including algebra, trigonometry and analytical geometry; with English language, including rhetoric and themes; elements of drafting and descriptive geometry; chemistry, inorganic and qualitative analysis. Physical training and military drill to be had daily, but alternating in character of work done—emphasis being placed on set up drill for a half hour each day, preferably before breakfast or luncheon.

4. After the first collegiate year comes the summer military camp as described above followed by a short furlough of two or three weeks. During the summer plane surveying (C. E. 31), also map reading and military sketching (C. E. 38) are taken up, with full field work and some theoretical instruction.

5. During the second academic year mathematics is to be continued through differential and integral calculus; physics, both lectures and laboratory work replaces the chemistry of the freshman year; French or Spanish as a language; surveying, both plane and military sketching, Military drill and physical training are to be maintained.

6. Between the second and third collegiate years the summer military camp is to be continued, progressively taking up the practice of the first summer and with more specialized lines of work in infantry, cavalry, and artillery tactics, in the theory of air craft, in military law, accounting or other subjects in which the student desires to concentrate.

7. For the third year mathematics to be continued through integral calculus and applied mechanics with the theory and practise in steam and gas engines, motors, etc. Language continued in French or Spanish, elements of geology, astronomy or other branches of "Natural Philosophy," also ordnance and gunnery; military and international law.

8. The third summer military camp continues the drill and field work. Special squads are to be detailed under military direction for studies in management at arsenals, railway, steel or munition shops or quartermasters' depots, or to receive practical instruction in transportation problems under suitable experts.

9. The fourth year is to be given largely to specialized subjects such as electrical engineering, military structures, bridges, cranes, derricks, water supply and sanitation, taught chiefly by university instructors; also army accounting and contracts; ordnance and gunnery, field and permanent fortification, strategy, and military law, taught by army officers. Choice of these special subjects to be made by each student subject to the approval of the military authorities detailed to the university by the Department of War.

HOUSEHOLD SCIENCE CHANGED TO HOME ECONOMICS

(13) A recommendation of the University Senate that the name of the Department of Household Science be changed to Home Economics.

On motion of Mr. Blair, this recommendation was approved.

CONDITIONAL ADMISSION OF STUDENTS

(14) A recommendation from the University Senate.

June 27, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

At the Senate meeting of June 3, 1918, it was voted, on the recommendation of the Committee on Educational Policy, to make the following recommendation to the Board of Trustees:

That any student who has graduated from an accredited school, whose high-school course includes fifteen units, six of which are made up from our List A, but whose high-school credits do not completely correspond to our educational requirements concerning lists B and C, be regarded as eligible for admission to the University on trial for one semester on the special recommendation of his high-school principal, with the provision that he shall be dropped automatically at the end of the first semester if he fails to pass in more than two-thirds of his work and that if his grades in more than one-fourth of his work are below C he may be dropped on the recommendation of his college faculty. Such a student during his trial period shall not be

permitted to take part in any public exhibition, serve on the staff of any student publication, or hold or become a candidate for any undergraduate office.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mrs. Evans, this recommendation was approved.

SUMMER READING ABOLISHED

(15) A recommendation of the University Senate that the requirement of summer reading in the College of Engineering be abolished.

On motion of Mrs. Evans this recommendation was approved.

COMMITTEE ON STUDENTS' USE OF ENGLISH

(16) A recommendation of the University Senate concerning a Committee on Students' English.

June 27, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate at its meeting of June 3, 1918, voted to make the following recommendations:

(1) That the Senate provide for a committee on students' English to be appointed by the Council of Administration. This committee shall consist of five or more members and its chief function shall be the maintenance of uniformity in the tests to be applied to unsatisfactory English.

(2) This committee shall have the services of a paid secretary, to be nominated by the Committee, whose duty it shall be to manage all the routine connected with the work of this committee, and to supervise the special instruction which may be necessary.

(3) At the beginning of each semester the secretary of the committee shall issue notices to all instructors, explaining the object of the committee and the manner in which the standard in the use of English is to be enforced.

(4) At a stated time in each semester instructors, excepting those in English composition, shall be asked to make reports, on blanks provided for the purpose, on all students whose use of English, whether oral or written, is unsatisfactory. Each report shall be accompanied by the evidence on which it is based. Provision may also be made for reporting at other than the stated time.

(5) The committee shall examine the evidence of the student's deficiency, and if, in its opinion the student is in need of further instruction, he shall be placed in the care of the secretary.

(6) The secretary shall determine the kind of instruction suited to each particular case. He may prescribe work to the students individually or he may organize special classes which the students shall attend until their English is satisfactory. No credit is to be given for this additional work. The work in English set by the Committee shall be a requirement for graduation in all the colleges and schools of the University.

(7) The Committee shall file at each college office a list of all students whose English is unsatisfactory.

(8) The secretary shall have the right to ask any instructor for samples of the written work of any student about whom he may desire information. He shall have access to term papers, note-books, examination-books, or any other material of the sort.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

On motion of Mr. Trimble, this matter was referred to the President of the University with power to act.

BOND FOR MILITARY SUPPLIES

(17) A letter from the Comptroller.

July 2, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

On account of the contemplated issue by the War Department of 1265 Russian rifles to the University, it will be necessary for us to take out the bond for a larger amount than now carried with the government. The minimum amount of a bond necessary to cover equipment now on hand together with the new consignment of rifles is \$62,500. If however, the amount of rifles or other equipment should be increased it would be desirable to have the authority to take out a bond sufficient to cover such a change.

I am therefore inclosing a draft of a resolution which I recommended be passed by the Board of Trustees at its next meeting giving me authority to take out a bond in an amount not more than \$100,000 or so much thereof as may be necessary.

Cordially yours,

LLOYD MOREY

RESOLUTION

Resolved: That Lloyd Morey, Acting Comptroller of the University of Illinois, be authorized to execute a bond to the United States of America in an amount not more than \$100,000 or so much thereof as may be necessary, with the American Surety Company of New York as surety, covering the return to the War Department of military stores and supplies already issued or subsequently issued to the University for use in military instruction.

On motion of Mr. Ward, this resolution was adopted, by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Lowden, Mr. Trevett.

RELATION OF THE UNIVERSITY TO THE SMITH-HUGHES ACT

(18) The State Board of Vocational Education has requested the University to undertake certain teacher training in Home Economics, Trades and Industries, and Agriculture. This involves a very heavy expenditure, amount-

ing to about \$40,000 for the coming year, as proposed in the schedule presented by Doctor Charters, Director of the School of Education, Dean Davenport, and Miss Bevier. Of this \$40,000, which it is proposed to spend on this work of teacher-training in these three departments, \$20,000 will be refunded to the University under the Smith-Hughes Act after the close of the fiscal year, that is, after July 1, 1919. A portion of this expenditure is already included in our budget of last year and will be reported in our budget for the coming year, so that the net expense of this undertaking to the University, which is herewith submitted, deducting from the expense the refund which the University would be entitled to obtain from the State Board of Vocational Education, and deducting the amount already in our budget, would be from ten to twelve thousand dollars.

I had supposed when this schedule was prepared that the State Board of Vocational Education would ask the Legislature for an appropriation equal to the federal appropriation to the State under the Smith-Hughes Act, and that with this fund, half from the Federal Government and half from the State, the Board would proceed to defray the expenses of this teacher-training in the different institutions of the State, which might undertake it, so that doing this work would not involve on the part of the University any permanent outlay at its expense.

The reason we should have to meet this expense during the present year is that inasmuch as the Smith-Hughes Act was not ready for adoption until after the adjournment of the last Legislature no appropriation was made to match the Federal appropriation and, consequently, the institutions that could comply squeezed out a certain amount of money to meet this situation of carrying the work in teacher-training for one year.

The executive secretary of the Board of Vocational Education, Honorable Francis G. Blair, State Superintendent of Public Instruction, informs me that I am mistaken in regard to this matter and that no matter how much money the Legislature appropriates for the Smith-Hughes work, the Board will make appropriations to the different institutions for carrying on the teacher-training work only on a fifty-fifty basis. This makes an entirely new situation, and it means that if the Board is to carry on this work permanently, it would have to keep increasing its appropriations to match the Federal appropriations. I am not inclined to think that this would be a safe undertaking—in fact, I think it would be a very unsafe one. I think, however, it would be safe for the Board to give the President of the University authority to approve these proposed schedules for the coming year and make a frank and honest attempt to provide at the University for the teacher-training contemplated by the Smith-Hughes Act, making it a part of our School of Education.

I have not inserted this amount of \$40,000 in the budget, which I shall propose to you later in the day, because I think we can carry it without difficulty in our University balance up to the time the Federal Government makes the refund, which does not come in until after the first of next July.

On motion of Mr. Trimble, the work in Agriculture and Home Economics was approved.

On motion of Mr. Carr, the matter of the work in Teacher Training in Trades and Industries was referred to the President of the University with power to act.

ASSIGNMENT OF PROFESSOR NOLAN TO SMITH-HUGHES WORK

(19) A request from the Secretary of the Board of Vocational Education, Honorable Francis G. Blair, Superintendent of Public Instruction of the State of Illinois, that the University permit Professor A. W. Nolan to continue for the academic year beginning September 1, 1918, in the same relation to the University and the Board of Vocational Education as he has occupied during the latter part of the past year. Mr. Nolan has been engaged in the work of Supervisor of Agriculture for the State Board of Vocational Education and Professor of Agricultural Education in the College of Agriculture. The University has paid him a salary of \$3,600 a year, one half of which has been refunded by the State Board of Vocational Education under the provisions of the Smith-Hughes Act. The University permits him to do the work as Supervisor of Agriculture which may be assigned to him by the State Board of Vocational Education, and he gives the courses in Agricultural Education which are outlined in the University schedule.

On motion of Mr. Blair, this arrangement was authorized.

REPORT OF JUNIOR EXTENSION WORK

(20) Communications from Dean Eugene Davenport and Mr. James H. Greene in the Office of Junior Extension.

June 27, 1918

President Edmund J. James, University of Illinois

MY DEAR MR. PRESIDENT:

Since the passing of the war emergency appropriations, our Mr. Greene, State Leader in Boys' and Girls' Club work has been in charge of this work for the federal Government upon a somewhat larger scale than heretofore, so much larger as to involve the employment of a number of people. While these assistants are all employed by the federal Government and paid by them from their funds, yet under the conditions they have a semi-attachment to the University, their work being administered here much the same as is that of the emergency county advisers by Professor Handschin's office.

While these positions are in no sense University positions, my feeling is that no such employment should be made here without the knowledge of the President's office. I therefore asked Mr. Greene to make a list of these positions, and the list is inclosed. We feel that while the federal Government is responsible for this employment, yet we endeavor to keep these salaries such as to fairly well correspond with those of University positions so that no great discrepancy shall arise among those who are even in a secondary way connected with the University.

Very truly yours,

E. DAVENPORT

[July 17,

June 26, 1918

Dean Fred H. Rankin, 100 Agriculture Building

MY DEAR DEAN RANKIN:

The following people have been appointed on federal funds to serve in the Office of Junior Extension for the fiscal year beginning July 1, 1918:

<i>Name</i>	<i>Salary</i>	<i>Travel</i>
Anna E. Sager, Assistant State Leader (To March 1, 1919)	932	700
Harriet M. Phillips, Assistant State Leader (From August 1, Part Time)	550	500
Evelyn Buchan, Assistant State Leader	1200	400
Pauline M. Beshoar, Assistant State Leader	780	
Leta I. Rusk, Assistant State Leader	720	

Miss Sager is a graduate of the University of Illinois, Department of Household Science, of the Class of 1917, with an A. B. Degree.

Miss Phillips is in her senior year in the College of Agriculture, and is to serve half time in the office.

Miss Buchan has had three years' work at the University of Chicago, School of Commerce and Administration, has had library experience and office experience, and worked last year with boys and girls in a settlement.

Misses Beshoar and Rusk, both business college graduates, are to put in full time as stenographers.

Very truly yours,

JAMES H. GREENE

State Leader in Junior Extension

OFFER OF LOTS ON NEVADA STREET

(21) An offer from Professor C. T. Knipp to sell lots 27 and 28 on West Nevada Street, Urbana, Illinois, to the University for \$3,000 each. The lots are sixty-five by one hundred and forty-seven feet, separated from the Residence Hall for Women by a single lot—that owned by Professor Noyes.

No action was taken on this offer.

FINANCIAL REPORT, SCHOOL OF MILITARY AERONAUTICS

(22) A letter from the Comptroller concerning the cost of conducting the School of Military Aeronautics.

July 3, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

On July second, the following telegram was received by the Commandant of the School of Military Aeronautics and passed to me for attention:

Reply T—294 training. Wire amount necessary to completely reimburse University for all expenditures School of Military Aeronautics to end of June.

KENLY

Our accounts at June 30, including both the school and the mess show standing as per the inclosed summary of finances. You will observe that an item for accrued tuition amounting to \$28,775.00 is included in this statement, an analysis of which is shown on a separate schedule inclosed.

After conference with yourself and Dean Kinley regarding the answer to the above telegram the following reply was drafted and has gone forward:

Amount necessary to completely reimburse University of Illinois for all expenditures School of Military Aeronautics to end of June is simply the amount then accrued but not vouchered for tuition of men not graduated at that date. This amount is \$28,775.

Cordially yours,

LLOYD MOREY

**PROFESSOR MCKENZIE DETAILED TO AMERICAN UNIVERSITY
UNION IN EUROPE**

(23) A request from the American University Union in Europe that the University give Professor Kenneth McKenzie leave of absence on one-half pay to become Director of its Italian Branch in Rome. By the action of the Board on March 12, 1918, (page 729) I was given authority to designate a member of the University staff to act as the representative of the University at the headquarters of the American University Union in Europe. Under that authority, I have appointed Professor McKenzie to undertake this work at a salary of \$2,000 for one year from September 1, 1918. The American University Union will assume the rest of the expense which may be necessary in connection with this important task.

On motion of Mr. Carr, the action of the President in this matter was approved.

ADDITION TO THE LIBRARY STACK

(24) Bids for the construction of the addition to the Library stack room.

President E. J. James

DEAR SIR:

In my letter of May 28th with reference to the cost of the addition to the library stack room, I gave you the cost of the building at \$35,000 and the cost of the book stacks at 20 cents a volume for 200,000 volumes.

We have received bids (which are not entirely comparable) as follows:

Snead & Co. on solid end stacks.....	\$46,010.00
Art Metal Co. on bracket stacks.....	36,876.25
Library bureau on bracket stacks.....	34,771.00
Paltridge on solid end stacks.....	30,217.50

Professor Windsor is investigating to see whether we can consider the low bid. There is no question that the Library Bureau stack would be satisfactory. Estimates of the completed plans of the building indicate that it may probably run \$1,000 over our estimate.

Have we been authorized to award contracts to the amount of \$70,000 to cover this building and the stacks?

Yours truly,

JAMES M. WHITE

Supervising Architect

On motion of Mr. Hoit, the Comptroller was authorized to sign contracts prepared and approved by the Supervising Architect to the amount of \$70,000 or so much thereof as may be necessary to cover the cost of the building addition to the stack, already approved by the Board (page 746), and the stacks themselves.

ALUMNI SUBSCRIPTION FOR AMERICAN UNIVERSITY UNION IN EUROPE

(25) A report of the Alumni subscriptions to the American University Union in Paris.

July 11, 1918

President E. J. James

DEAR MR. PRESIDENT:

I have this day deposited with the Comptroller a check for \$464.60 to the credit of the fund for the American University Union in Paris. This makes a total of \$1,221.10.

Mr. Henry asks whether, in view of the fact that more than \$1,000.00 has already been raised, it would not be well for him to discontinue his campaign. I have replied that I think it would be well to continue the campaign, at any rate to the extent of collecting what has been already asked for by him and that I would recommend to you that the University pay over only \$1,000.00 for the first year, as requested by the Union, holding the balance for future calls. I so recommend.

Very truly yours,

D. KINLEY

[July 17,

I have followed Dean Kinley's suggestion in asking Mr. Henry to proceed with collections of further subscriptions.

This report was received for record.

STUDENTS' ARMY TRAINING CORPS

(26) The following statement:

Under date of June 29, 1918, a communication came to me from the Adjutant General's Office of the War Department to the effect that military instruction will be provided, beginning with the fall term of 1918 in all institutions of collegiate grade enrolling one hundred or more able-bodied students: that the students so enrolling will constitute what will be called the "Students Army Training Corps" and that an opportunity will be offered to all students under eighteen to enlist in the Army as members of this Corps. They will be subject to the call of the President of the United States for immediate service in emergencies, but the intention is to leave the students who enlist in the Students Army Training Corps, at the colleges until they become of draft age.

This system will probably call for some adjustment with the system of the Reserve Officers' Training Corps which we now have at the University. The statement is made that the necessary uniforms, rifles, and other equipment will be supplied so far as supplies are available. The University has already entered into a contract for uniforms for its cadet brigade next year. The War Department has indicated that it will probably grant commutation for such uniforms on the basis adopted last year. Major McCaskey is of the opinion that the University should let the contract stand and apply for commutation.

This arrangement was approved.

SETTLEMENT WITH ESTATE OF CAPTAIN T. J. SMITH

(27) A letter from the Comptroller in regard to settlement with the executors of the estate of Captain Thomas J. Smith.

July 11, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that I have paid to Edward Bailey and Minnie R. Spaulding, Executors of the Estate of Captain T. J. Smith, the sum of \$4,049.17 as final payment in full for balance due under the contract between the Board of Trustees and Captain Smith, as per the Minutes of the Board, September 8, 1914, page 139.

The previous payment made by me on this contract was made March 1, 1918. Captain Smith's death occurred April 16. There would, therefore, be due the estate payment for a period of seven months and sixteen days at the rate of \$6,450 per year, the contract providing that the annuity continue six months after the death of Captain Smith.

I have secured from the Executors a receipt for the above payment,

thereby relieving the University of its entire obligation in this respect under this contract.

Cordially yours,

This settlement was approved.

LLOYD MOREY

CONDEMNATION OF LAND IN CHICAGO

(28) A report from Judge O. A. Harker, Legal Counsel of the University, that a petition was filed in the Circuit Court of Cook County for the April term of 1918 to condemn for a building site a certain parcel of land abutting on South Wood Street in Chicago, and extending east 124 feet, more or less, to the north and south alley, between Flournoy and West Polk streets, and more particularly described as the north 10 feet of Lot 5 and the south 15 feet of Lot 6 in the resubdivision of the west half of Block 5 in the Assessors' division of the east half of the southeast quarter of Section 18, Township 39 north, of Range 14 east of the Third Principal Meridian, Cook County, Illinois.

The case was tried before Judge Jesse A. Baldwin. The judge fixed the compensation at \$2,500. If the University wishes to take the property, it must pay to the County Treasurer of Cook County for the use of the defendants in the suit the sum of \$2,500 on or before August 9, 1918. This compensation is more than double what seems to me the fair price of the property—in fact, \$1,000 would represent more nearly the exact value of this lot, lying immediately south of the property now owned by the University on South Wood street. However, if the Board does not take this property, it will probably be required to pay all the expenses incurred by the defendants, including the attorney's fees. The University under this condemnation will not obtain an absolute title. Its right is limited to the use of the property for school purposes. Should the University want to dispose of this property, it could not transfer title to this particular lot to a grantee.

On motion of Mr. Blair, this matter was referred to the Executive Committee with power to act. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Lowden, Mr. Trevett.

STATE CENTENNIAL CELEBRATION

(29) The following statement: The State Centennial Commission has been holding various celebrations in honor of the hundredth anniversary of the admission of Illinois to the Union. The last formal function will occur on December 3, 1918, the date of the actual admission of the State by law of Congress. I suggest that the trustees invite the Centennial Commission to hold their celebration of December 3 at the University.

On motion of Miss Watson the President of the University was authorized to extend such an invitation.

I had hoped at this meeting of the Board to present in accordance with my usual custom a formal budget with names and salaries and expense items

all indicated in great detail. Owing to the very unusual condition of things during the past year, the heads of various departments have found it difficult to prepare their estimates for the coming year in time. The continued inroads on the members of our academic staff by calls to other work, either through the draft for the Federal Armies or through inducements offered to enter Federal service or other State service, or private enterprise, have made it necessary to reconstruct the budget almost every day for the past three months.

Our income for the next year is, however, practically a fixed sum, and our expenditure must fall within that amount. I have prepared, therefore, a budget based on that principle and am asking that this budget be approved in the large items, leaving the detailed readjustments to the arrangements which I may find it possible to make as the work develops. Generally speaking, the budget for the coming year is essentially the same as for the past year in its totals.

We shall be able with the balance still in our building fund to inclose the Smith Music Hall so as to protect it against the weather for an indefinite time, though we shall not be able to complete the building. The Education building will be practically completed ready for the furniture. We are proposing, however, no new building, except the Agronomy barn already approved, and the addition to the Library Stack, which has also been approved. If we should find it possible to construct the McKinley hospital during the year from the proceeds of the sale of the McKinley securities or other sources, we may add that building, or so much of it as we may construct, to the building plan.

If we should find some way of financing the enterprise, I think it would be extremely desirable to begin our hospital in Chicago on the site immediately south of our Pharmacy buildings. All these building projects may be properly classed as war work, and as absolutely necessary if we should be called upon to provide additional space in University Hall for aviators.

Generally speaking, we shall not be able to plan for the opening of new departments or the enlargement of present departments. It is necessary for us to enlarge the budget for the School of Education to its former size before Doctor Bagley left us by accepting the call to Columbia, and before Professor Johnston left us by death. We have also recommended to the Board, and this has been approved, that a Bureau of Educational Research be organized as part of the School of Education, and Doctor B. R. Buckingham has been appointed as Director of the same.

Our printing and publishing work we propose to organize in a more definite and efficient manner under the head of a University Press, of which Mr. H. E. Cunningham is proposed as Director in addition to his duties as Secretary of the Board of Trustees. For the purpose of enabling him to do this work satisfactorily, I propose to relieve him of the duties involved in being Assistant Registrar.

The most important items of new expense are really those connected with our attempt to help the State Board for Vocational Education to take advantage of the provisions of the Smith-Hughes Bill, discussed above, by

carrying for it a large part of the expense for teacher training, involving a net expense to the University of perhaps \$10,000 to \$12,000.

The most serious increase in the budget for the coming year occurs under the head of Physical Plant Operation and Maintenance and Building Betterments, for which the Supervising Architect asks the sum of \$395,000, instead of \$313,450 allowed in the last budget. This is in consequence of the rapid rise in wages in the Department of Physical Plant Operation and Extension and of the extraordinary rise in the price of coal.

The estimate of expense for the office of the Registrar is somewhat less than last year, and for the Business Office somewhat more. The total expenditure for the administrative offices, however, is estimated at the same figure as last year.

In the general departments, a slight increase is asked for the Library; a slight increase for the Military and Band Departments; and the request for Publications and General Expenses will be the same, tho there will be a considerable shifting of expenditure items.

While the total expense of the different departments is not essentially different from last year, it is proposed to make a considerable readjustment between the items in the matter of salaries. The sum total of the salary budget in each of the colleges is less than it was last year or only slightly more. We have been compelled to advance the average salary of positions under the State Civil Service. We should advance much more than we can the salaries of instructors and associates, but we shall have to make a special plea with the next Legislature to so readjust our income as to enable the University to advance the salaries very sharply or we shall lose a great many of our very best men and women.

The increase of wages and salaries in the Agricultural department has been rendered somewhat easier by the increased funds from the Federal Government. At the same time, it has been necessary to advance these salaries in order to meet the competition which the other institutions in the country have been able to make, owing to similar grants.

I recommend that the Board of Trustees approve the preliminary budget herewith submitted and authorize the President of the University to adjust the details of salaries and expenses and promotions at his discretion within the sum total of the Budget.

On motion of Mr. Carr, the summary of expenditures was approved and the President of the University was authorized to adjust the detailed expenditures within the sum total involved. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Lowden, Mr. Trevett.

WILLS OF MR. AND MRS. JOSEPH CARTER

(31) The following statement: The Honorable Joseph Carter, formerly Superintendent of Schools in Champaign, also at one time a member of the Legislature and a teacher of long experience in the central portion of this State, now living at Rankin, Illinois, came to my office with his wife, Jane Carter, the other day to announce that they had made joint wills, leaving the bulk of their property to the University of Illinois in trust for a students' loan fund, and wished to know whether the Trustees would be likely to accept such a bequest. I told them that in my opinion they would do so, if it were to be found that they had the power to accept the gift. The will was drawn up by the late Mr. George W. Gere, an unusually able lawyer, and I assume, therefore, that it complies with the provisions of Illinois law.

The President of the University was authorized to accept this bequest and was requested to convey to Mr. Carter the appreciation of the Board of Trustees.

RECONSTRUCTION HOSPITAL

(32) A statement that the project for the erection of a reconstruction hospital in Chicago to be turned over to the University after the Government is through with it has not made much progress up to the present time. Another proposition is likely to be suggested, which may later be called to the attention of the Trustees, but nothing definite enough can be said at this time to serve as the basis for any action.

No action was taken in this matter.

McKINLEY HOSPITAL

(33) A letter from Professor James M. White concerning the design of the McKinley Hospital.

President E. J. James, 355 Administration Building

DEAR SIR:

I am sending you herewith the alternate design for the McKinley Hospital. It carries out the same arrangement of windows, but is Colonial in style. I believe it will be more successful than the design submitted to the Board at the former meeting.

I submitted both designs to Mr. McKinley, and while he said he liked both of them, I think he was more in favor of the Colonial treatment.

If we could build the entire building at this time, I think that the first design submitted would be very successful; but after further study I am convinced that the Colonial style is better adapted for a piecemeal construction.

Yours truly,

JAMES M. WHITE

Supervising Architect

On motion of Mr. Trimble, this design was substituted for the plan approved (page 747), and authority was given to proceed with the erection of this building as rapidly as funds may be available.

DEAN OF WOMEN

- (34) A list of candidates for the office of Dean of Women.

After discussion, this matter was referred to the Committee on Student Welfare and the President of the University, with power to act.

SETTLEMENT WITH FORMER TREASURER CAPRON

- (35) A recommendation from the Finance Committee that the sum of \$106.89 be paid to former Treasurer H. S. Capron as a refund of interest overpaid (See pages 375-378 and 650).

On motion of Mr. Trimble this refund was ordered.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

September 3, 1918

A special meeting of the Board of Trustees of the University of Illinois was held at Hotel LaSalle, in Chicago, at 12 o'clock noon on Tuesday, September 3, 1918, pursuant to the following notice which was sent out by the Secretary on August 27, 1918:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at Hotel LaSalle, in Chicago, at 12 o'clock noon on Tuesday, September 3, 1918, to consider matters submitted by the President of the University and the Committees of the Board, and such other matters as may be duly submitted.

When the Board convened the following members were present: Mr. Abbott, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Miss Watson.

President James was present.

As there was no quorum, the Board adjourned.

EXECUTIVE COMMITTEE MEETING, SEPTEMBER 3, 1918

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at Hotel LaSalle, in Chicago, on Tuesday, September 3, 1918, immediately following the adjournment of the meeting of the Board of Trustees on the same day.

Mr. W. L. Abbott, Chairman, and Mr. O. W. Hoit, a member of the Executive Committee, were present; also Mrs. Laura B. Evans, Mr. J. E. Taggart, Mr. C. A. Trimble, and Miss Florence E. Watson, members of the Board.

President James was present.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Executive Committee considered the following matters submitted by President James:

OFFER FOR SMITH FARM AT ST. JOSEPH

(1) A letter from Mr. Howard Nash concerning the Smith farm near St. Joseph, Illinois.

July 26, 1918

President E. J. James, University of Illinois

MY DEAR SIR:

I have just made a careful examination of the Smith farm of 240 acres, now owned by the University, near St. Joseph, Illinois. I find that this land is situated on the edge of an excellent farming community. The Salt Fork Creek crosses this farm for a distance of more than 200 rods, damaging about 50 acres of land now used for pasture, much of which is subject to overflow and suitable only for pasture. The farm has very little tile drainage. The soil, on more than one-half of this farm, is a light timber soil. The farm has had very poor management for the past twenty-five years, and is very foul with burrs and vines. The soil has been starved.

With the exception of a small barn, the buildings are mere shacks, the fences poor and the general appearance of the farm bad. I consider this an excellent type of a starved Illinois farm.

In my opinion, this land should not be sold for less than \$175 per acre and owing to its undesirability as compared with other farms in the community, I doubt if it will sell for more than that figure. I have been generally acquainted with this land for many years.

Should your Board decide to place it in my hands for sale, I will give it proper attention.

Yours very truly,

HOWARD NASH

Professor Cyril G. Hopkins thinks that this farm ought to bring \$200 an acre at the present time. In this opinion Professor J. G. Mosier joins, and Dr. L. H. Smith, who resides near the farm and is credited with a good judgment in such matters, agrees with them. Mr. Howard Nash writes me that he has a definite offer of \$175 an acre for this farm.

On motion of Mr. Hoit, the President of the University was authorized to place this farm in the hands of Mr. Howard Nash for sale, until December 1, 1918, at a minimum price of \$200 an acre.

SALE OF SMITH FARM AT FISHER

(2) A letter from the Comptroller in regard to the Smith farm at Fisher

July 24, 1918

President E. J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that, in accordance with the action of the Board of Trustees on June 1, 1918, page 753, a sale of the Smith farm near Fisher has been consummated

by Mr. Howard Nash at a price of \$275 per acre, the farm being divided between two parties as follows:

The West 193.18 acres including NW¼ and SW¼ NE¼ of 31-22-8E subject to survey	To Mr. Curtis E. Underwood		
	Paid in cash.....	\$	1,500.00
	Note.....		2,500.00
	Balance payable in cash		
	March 1, 1919.....	49,124.50	\$53,124.50
The East 38.06 acres, SE¼ NE¼ 31-22-8E subject to survey	To Mr. George E. Jones		
	Paid in cash.....	\$	500.00
	Note.....		500.00
	Balance payable in cash		
	March 1, 1919.....	9,466.50	\$10,466.50
TOTAL SELLING PRICE.....			\$63,591.00

I have drawn up contracts with these parties covering the above provisions and including merchantable abstracts of title, together with forfeiture in the amounts paid down (cash and notes) subject to the approval of the Board of Trustees. I would request that my action in this respect be approved.

Cordially yours,
LLOYD MOREY

I have a letter from Mr. Nash saying that the purchaser of the Smith farm is very desirous of having a formal approval of the contract of sale for the farm by the Trustees. At this writing he also says that there will be some criticism of the title, and it will probably require a bill to quiet the title.

On motion of Mr. Hoit, the action of the Comptroller in accordance with the authorization of the Board of Trustees of June 1, 1918, in contracting for the sale of the Fisher farm to Mr. Curtis E. Underwood and Mr. George E. Jones, was approved and the President of the University was authorized to take such steps as may be necessary in order to quiet the title to this farm.

These recommendations were approved.

C. P. A. CERTIFICATES GRANTED

- (4) A report from the Committee on Accountancy.

August 20, 1918

Dr. Edmund F. James, President

DEAR MR. PRESIDENT:

I have received this morning a report from our Board of Examiners in Accountancy on the examination held in May of this year.

This report shows that the following eight candidates have passed with grades of 75 or higher in all four of the subjects required by law, and have, therefore, qualified for the certificate:

H. T. Scovill, Urbana
Norman J. Lenhart, Chicago
A. J. Morin, Chicago
Chester C. Hand, Evanston
Milton L. Allen, Melrose Park
Raymond H. Bangs, Freeport
F. W. Nelson, Peoria
Clifford C. Chester, Chicago

The candidates are named in the order of their rank in the examination.

The total number of candidates taking the examination in all four subjects was 25. You will note that eight of these, or 32%, passed. Ten others, or 40%, passed in either two or three of the four subjects, and are thus entitled under our new rule to sit for only two subjects or one subject in the next examination. In all, 72% of the candidates achieved something to their credit.

There were six other candidates who passed in either two subjects or three subjects in the examination of December, 1917, and wrote in May only on the two subjects or one subject that remained. Four of these passed the remaining subjects. I am withholding the name of one of these four men because of a question on the score of his moral character which has been raised since he was admitted to this examination; I shall give you a special report on his case a little later. The other three men of this group are entitled to the certificate:

Homer L. Miller, Chicago
E. C. Rayson, Champaign
E. W. Wood, Cicero

I beg leave to ask you, on behalf of the Committee on Accountancy, to authorize me to issue the certificate of Certified Public Accountant to the eleven men named in the foregoing paragraphs.

Very sincerely yours,

C. M. McCONN

Secretary, Committee on Accountancy

These recommendations of the Committee on Accountancy were approved.

RECEIPTS FROM THE SMITH FARMS

- (5) A report from Professor J. G. Mosier showing the receipts from the Smith farms.
August 14, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I have been recently turning in some receipts from the Smith farms as follows: Arbuckle farm, \$2,440.52, for corn; making an average rental for last year of \$30.50 per acre. Oats from the St. Joseph farm this year's crop, \$1,323.08; making an average rental \$12.60 per acre for the 105 acres of oats; and oats from the Arbuckle farm,

\$1,140.42, making a rental of \$14.25 per acre for the entire farm. This makes a total of \$4,904.02 that has been turned in from the farms during the last month.

In addition we still have the corn from the Fisher and St. Joseph farms and the oats on the Fisher farm.

Very truly yours,
J. G. MOSIER

This report was received for record.

INSURANCE ON MILITARY SUPPLIES

(6) A request from the Comptroller for authority to take out additional insurance to cover increase in the valuation of military equipment belonging to the Government and in possession of the University.

The establishment of the S. A. T. C. at the University will make certain changes in his recommendations necessary. I recommend that the Comptroller be given authority to take out such insurance on the military equipment belonging to the Government and in possession of the University as may be demanded by the Federal Government from time to time.

On motion of Mr. Hoit, this recommendation was approved.

In this connection, the Secretary reported the return by the Federal Government of the bond for \$15,000 for military supplies executed by the University on April 20, 1918.

BUILDINGS IN PROCESS OF CONSTRUCTION

(7) A report from the Supervising Architect's Office, showing that the Education Building will be completed by October 15, 1918, ready for occupancy; the Music Building will be completely enclosed by December 1, 1918; the Stack Room Addition to the Library will be completed by December 1, 1918; and the Working Drawings for the McKinley Hospital will be so far advanced that bids may be called for October 15, 1918.

This report was received for record.

ESTATE OF JESSE BARKER

(8) A notice from George E. Pexton, appraiser in the matter of the inheritance tax on the estate of Jesse Barker, deceased, that on September 14, 1918, at 2 o'clock, p. m., at the Court House, at Evanston, County of Uinta, State of Wyoming, he will proceed to appraise all the property of this estate subject to the tax. I have sent this notice to the Counsel of the University.

This report was received for record.

WAGES OF JANITORS

(9) A report from the Supervising Architect that the janitors at the University Buildings in Urbana-Champaign, have made additional demands for higher wages and shorter hours, threatening to call a strike if these demands are not immediately complied with. They also ask that any increase in wages that may be granted will date back to July 1, 1918.

It appears that the janitors have received an increase in wages dating from July 1, 1918, of 50.7% over the wage scale of 1916. The groundsmen received an increase of 50% during the same period. (See page 9.)

They ask for a working day of eight hours.

The janitors, groundsmen, and truck men are the only men in the employ of the University now working over eight hours a day.

The appended correspondence explains itself.

August 25, 1918

(*Concerning Janitors of the U. of I.*)

Mr. J. M. White, Supervising Architect

DEAR SIR:

In compliance with my duties as representative of the A. F. of L. in the wage settlement of the Janitors and Groundsmen of the University of Illinois, I wish to inform you that the Executive Board of the American Federation of Labor have approved the proposition submitted to you July 27th, and have instructed me to assist them in bringing about the enforcement of this scale (viz., not less than 35 cents minimum for a ten hour day and not less than 41 cents minimum per hour for an eight hour day.

In justice to the Executive Board of the U. of I. I wish to say that this approval carries with it the right to strike to enforce the demands. The Executive Board advises us to make a settlement without strike if possible. It is not the desire of the Committee nor myself to resort to a strike, to enforce this wage scale, however this matter has been under adjustment since June 1st, and we are of the opinion that it should be settled by September 1st, and that the settlement should retroact to the time of the expiration of the last agreement or July 1st.

In a personal talk with me in regard to the Janitors wage scale you informed me that you were watching the awards of the War Labor Board for a guide in fixing the scale of the Janitors and Groundsmen. In a recent issue of the Illinois Tribune I note that the W. L. B. have after extensive investigation found that it requires \$1,760.50 per year for the average American family to live under present conditions, and recommend that these figures be taken into consideration in forming new wage agreements. The W. L. B. did not make a minimum wage scale along these lines because it would put several employers out of business.

I wish to quote an extract from the laws of Illinois: Eight hours of labor between Sun up and the setting of the Sun shall constitute a legal days work in all mechanical trades, arts, and service by the day, except farm employments, where there is no special contract nor agreement to the contrary. The University of Illinois has no moral right in my opinion to disregard this law.

In regard to the Farm hands and groundsmen, the groundsmen are not employed in the Farm department and are not doing farm work but are engaged in the maintenance of the grounds and to some extent the buildings of the University and in no way are they connected with the farming nor the production of farm produce, therefore we can in no way see that there is any connection between the Farm hands and the Groundsmen.

We believe that the Groundsmen are entitled to and should have an eight hour day and they should have sufficient pay to enable them to live decently. The farm hands are not a part of our Organization and therefore do not come under the demands made by the Janitors Protective Union No. 15245.

We sincerely hope that the Executive Officers of the U. of I. will give this matter their immediate attention and give the Committee of the Janitors an answer before September 1st so that this may be adjusted without further trouble or delay.

We also believe that the U. of I. is justified in the minds of the tax payers of Illinois in making this new adjustment of the wage scale of the employees of the University.

Yours truly,

J. E. HARDING

Representing the A. F. of L.

Approved by Janitors Protective Union No. 15245 in a regular meeting held in Labor Hall Sunday P. M. August 25, 1918.

FRED LANGHOFF, *President*

R. L. SHIELDS, *Secretary*

August 27, 1918

Mr. J. E. Harding, President American Federation of Labor, Champaign, Illinois

DEAR SIR:

I have your letter of August 25th, concerning the pay of the Janitors.

It would exceed the authority granted me by the Board of Trustees to comply with your demands, and therefore I can only answer by saying a favorable reply can not be given you by the date mentioned.

Under the circumstances I am sorry I shall be out of the city for the next week or ten days on University business.

I will refer the question of the application of the eight-hour law to Judge Harker for an opinion.

Yours truly,

J. M. WHITE

Supervising Architect

August 27, 1918

Judge J. O. Harker, Law Building

DEAR SIR:

The Janitors have made a demand for an increase in wages and for an eight hour day. In their demand they make the following argument:

"Eight hours of labor between sun up and the setting of the sun shall constitute a legal days work in all mechanical trades, arts, and service by day, except farm employments, where there is no special contract nor agreement to the contrary. The University of Illinois has no moral right in my opinion to disregard this law."

What is your opinion with reference to their proposition?

Yours truly,

J. M. WHITE

Supervising Architect

August 27, 1918

Prof. James M. White, Supervising Architect

MY DEAR PROFESSOR WHITE:

Complying with your request for an opinion upon the demand which the janitors in the University have made, I am pleased to hand you the following:

For over fifty years there has been upon the statute book in Illinois a provision reciting that "8 hours of labor between the rising and the setting of the sun, in all mechanical trades, arts and employments, and other cases of labor and service by the day, except in farm employments, shall constitute and be a legal day's work, where there is no special contract or agreement to the contrary".

This provision has been before the Supreme and Appellate courts of the state several times. In the case of *Phillips v. Christian County*, 87 App. 481, where an employee in the sheriff's office was seeking the aid of this statute it was held that the constabulary of the state is not governed by it. In the case of *Christian County v. Milligan*, 191 Ill., 484 it was held that official employments are not governed by this section. The same was held by the Appellate Court of the second district in 92 App. 428.

Under these decisions, of course, the janitors have not much of a case. The Supreme court in the late case of *Redmon v. Board of Trustees*, held that the employees of the University are in State service. In other words, they are in official employment. This statute does not, therefore, apply to them.

Furthermore, the 8 hour provision only applies to men employed by the day. Section 2 of the Act of 1867 provides that it shall not apply to or in any way effect labor or service by the year, month or week.

With reference to the contention that "the University of Illinois has no moral right to disregard this law" it may be replied, of course, that the law does not apply to the University of Illinois as is clearly outlined by the decisions referred to. The statute has application to private employment.

Sincerely yours,

O. A. HARKER

Legal Counsel

In the absence of a recommendation from the Supervising Architect, no action was taken in this matter.

**COURSES IN TYPEWRITING, STENOGRAPHY, AND OFFICE
PRACTISE**

(10) Certain recommendations from the College of Commerce in regard to courses in typewriting, in stenography, and in office practise.

July 16, 1918

TO THE COUNCIL OF ADMINISTRATION:

The action of the Council of Administration of July 2, 1918, approving recommendations of the War Committee concerning war courses and asking for an early report was submitted to the Departments for their consideration. The following report is based on the replies received:

1. At the last meeting of the Council the recommendation of the Department of Economics that courses be offered next year on "Economic Reorganization after the

War" and "War Finance and Taxation" was approved, subject to the usual condition that any additional expense involved shall be approved by the President of the University.

2. The Department of Business Organization and Operation recommends that courses in office practise, including stenography and typewriting, be offered next year. The recommendation accompanies this report.

3. In the absence of Professor E. R. Dewsnap, Head of the Department of Transportation, only a part of the work of the Department is being carried on by Mr. G. B. McMillen as Instructor. After consideration it seems inadvisable to undertake anything further in this line at the present time.

Yours very truly,
N. A. WESTON
Acting Dean

Proposed New Courses in Business Organization and Operation

In view of the request of about 200 women of the University, including practically all women enrolled in the College of Commerce and Business Administration, and in view of the suggestions of the War Committee concerning war courses, the Department of Business Organization and Operation recommends the following courses, to be given as a part of the regular work of the Department, if approved for credit toward the B. S. degree in Commerce and Business Administration; but as temporary war courses, if not approved for credit toward the degree.

40a-40b. Stenography and Office Practise.—In addition to the presentation of the principles of shorthand writing (Gregg or Isaac Pitman System), the course includes instruction in general secretarial and stenographic duties, methods of displaying the subject matter of a letter and its different parts and forms, common business abbreviations, information about mails, writing telegrams and cablegrams, the method of taking dictation, the meeting of office callers, office reference books, filing systems, etc. *Credit is allowed for the courses only when taken in connection with B. O. & O. 45a-45b (Typewriting). First and second semesters. Five periods a week. Four hours credit.*

Prerequisite: Rhetoric 1 and 2; credit for or concurrent registration in Rhetoric 10.

45a-45b. Typewriting.—In addition to instruction in the touch method of typewriting and the development of speed in typing from direct dictation, from manuscript and from stenographic notes, the course includes practical information for typists, the use and care of the typewriter, the mimeograph, the stenograph, the dictograph, and adding and tabulating machines, the assembling and binding of reports and documents. *First and second semesters. Six periods a week. Two hours credit. Special Fee: \$3.00 a semester.*

Prerequisite: Registration in B. O. & O. 40a-40b.

It is the opinion of the Department that instruction in office practise including stenography and typewriting is of sufficient importance in the training of commerce students to be made a part of the regular work of the Department and to be allowed to count for a reasonable amount of credit towards the degree. The Department is,

however, firmly of the opinion that such instruction should not be undertaken by the University as a regular service unless credit towards graduation is allowed in it in some measure, but is willing to undertake to provide temporary war courses of the character described to be taken without credit towards a degree.

This recommendation was approved by the Council of Administration at its meeting of July 16, 1918.

The President of the University was authorized to organize such courses in the College of Commerce if the budget adopted for the present year permits.

WAR EMERGENCY COURSES

(11) Recommendations in regard to War Emergency Short Courses.

July 31, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

At the meeting of the Council of Administration yesterday afternoon, it was voted to approve the special war curriculums and courses recommended in the letter from Dean Richards, of which I enclose a copy herewith, with the exception of M. and S. E. 11, which, in view of the possibility of duplication between it and courses offered in the bacteriological division of the department of botany, was referred to a special committee for report.

You will note that the Council's action involves a recommendation to the Board of Trustees that a special fee of \$25.00 be established to be paid in lieu of all other fees by persons registering in the Short Curriculum in Drafting and Inspection for Women, and a special fee of \$35.00 in lieu of all other fees for persons registering in the Short Curriculum in the Mechanic Arts; and a further recommendation "that the fees received from students should be held in a fund from which extraordinary expenses connected with conduct of these curriculums would be paid with the understanding that any surplus in this fund at the close of the semester would be returned to the University general fund."

The fee of \$25.00 for the Short Curriculum in Drafting and Inspection for Women is slightly in excess of the fees regularly paid by a special student, which amount to \$22.50 (incidental fee \$15.00, special fee \$7.50).

The fee of \$35.00 for the Short Curriculum in the Mechanic Arts was arrived at on the same basis with the addition of an allowance of \$10.00 for laboratory fees.

Sincerely yours,

THOMAS ARKLE CLARK

Secretary, Council of Administration

July 29, 1918

TO THE COUNCIL OF ADMINISTRATION:

Due to the absence from the city of a number of the heads of the departments of the College of Engineering, I have found it difficult to secure sufficient information to formulate a complete report concerning possible new courses, designed exclusively for the discussion of wartime problems, and short curriculums of intensive training.

While I am not yet ready to make a complete report for the College of Engineering, it seems desirable that I present for your consideration and approval my recommendations in so far as I can formulate them at the present time. After a very careful consideration, I desire to recommend that the College of Engineering be authorized to offer the two following short curriculums:

Short Curriculum in Drafting and Inspection for Women

This short curriculum is planned to train women in mechanical drafting, blue-printing, and shop inspection work. The curriculum requires for its completion one full semester with seven hours of attendance each day, for five and one-half days per week. Candidates for admission to this curriculum must be graduates of an accredited high school, and they must present one and one-half units of preparatory credit in algebra, and one unit in plane geometry. A single fee of \$25.00 is required of all persons registering in this curriculum.

The courses required to complete this curriculum are as follows: Mathematics 2, college algebra; Mathematics 4, plain trigonometry; Physical Training 7a; General Engineering Drawing 12, Drafting and Inspection,—Complete and intensive work in mechanical drafting, including freehand lettering, orthographic projection, machine sketching, working drawings, tracing and blue-printing. Brief explanation of the principles of isometric and oblique projections. Simple graphical representations of statistical data. Shop inspection work, including calibration, the use of gages, inspection of materials, castings and machines. Lectures and demonstrations on heat and chemical treatment of metals and alloys, and the relation between their properties. Elementary work on the strength and properties of materials with illustrative laboratory exercises.

This course in General Engineering Drawing is a new course designed particularly for this short curriculum. It will require somewhat over thirty hours per week of the student's time, and it will be given by the Department of General Engineering Drawing in cooperation with the Department of Mechanical Engineering and the Department of Theoretical and Applied Mechanics. Should any of the young women who complete this short curriculum desire to continue as students in the University, it is recommended that not to exceed four hours of University credit be allowed for this course, although the time requirements are such as to make it the equivalent of a 10-credit hour course.

Short Curriculum in the Mechanic Arts

This short curriculum is designed for the purpose of offering courses in the various shop laboratories to young men who desire to become familiar with the general principles underlying the operation of tools and machines, and the application of these principles to such work as the maintenance and repair of internal combustion engines. Candidates for admission to this curriculum must be at least sixteen years of age, and they must have completed the work of the eighth grade. The curriculum requires for its completion one full semester's work, with a program involving eight hours of work per day for five and one-half days each week, with the usual University holidays. A single fee of \$35.00 is required of all persons registering in this curriculum.

The courses required to complete this curriculum are as follows:

M. E. 79a, Wood Work.—Hand and machine methods involved in the production of patterns, and general mill work. Time required—First half of the semester on Mondays, Wednesdays, and Fridays, from eight to eleven o'clock.

M. E. 77a, Foundry Work.—Bench, floor and machine molding, core making, cupola and brass furnace operation, casting of iron, brass and other alloys. Time required—First half of the semester on Tuesdays and Thursdays, from eight to twelve o'clock.

M. E. 75a, Forge Work.—Hand forging and welding of metals, heat treatment of carbon and high-speed steel, case carbonizing. Time required—Second half of the semester on Mondays, Wednesdays, and Fridays, from eight to eleven o'clock.

M. E. 75b, Acetylene Welding.—Brazing, soldering, babbitting, the repair of broken engine or other machine parts. Time required—Second half of the semester on Tuesdays and Thursdays, from eight to eleven o'clock.

M. E. 81a, Machine Shop Practise.—The operation of standard machine tools, care and use of the ordinary hand tools employed in general repair work. Construction and repair of machinery, engines, etc. The students are expected to finish a complete gas engine. Time required—Full semester on Tuesdays and Thursdays, from one to four o'clock, and Saturdays from eight to eleven o'clock.

M. E. 81b, Shop Mathematics.—Weights and measures, measuring instruments, pulleys and belting, tooth gearing, threads and thread cutting, milling machine calculations. Time required—Two hours per week for the full semester.

M. E. 81c, Maintenance and Operation of Gasoline Engines.—Trouble tracing, removal of carbon, fitting of piston rings and connecting rod bearings, testing and cleaning spark plugs, horse-power tests. Time required—Second half of the semester on Saturdays, from eight to twelve o'clock.

T. & A. M. 81, Elements of Strengths of Materials.—An elementary conception of the properties of materials and of the mechanics of materials. Time required—Two hours per week for the first half of the semester.

G. E. D. 1, Mechanical Drafting.—Time required—Full semester on Mondays, Wednesdays, and Fridays from one to four o'clock.

Physical Training 1.—The usual course.

With the exception of General Engineering Drawing 1 and Physical Training 1, the above courses have all been planned specifically for this short curriculum. They should carry no University credit, although students who have completed this curriculum, and who later enter the University, may, upon petition, be given some credit in shop practise, the amount to be determined later.

I recommend that some kind of a certificate be given to those persons completing either of the preceding short curriculums. These certificates may be of considerable advantage to the individual, since they will indicate the nature and extent of the work completed.

In addition to the two preceding short curriculums, I desire to recommend your approval of the following new courses:

Theoretical and Applied Mechanics

41. Advanced Mechanics of Materials.—Special problems met particularly in various departments of the army and navy, such as thick cylinders, hooped and wire-wound guns, forces on gun carriages, interior ballistics, flat plates, bulk heads, curved beams, chain links, rings, unsymmetrical bending, elastic strength of materials as affected by heat treatment and over-strain, impact stresses, stresses in revolving discs, critical speeds, external collapsing pressure of thin-walled vessels. Methods of attack. The special application of principles of mechanics to machine parts and structures. *I*; (3). Professor SEELY

Prerequisites: T. & A. M. 20 and 25 or 29.

42. The Properties of Engineering Materials, Specifications and Inspection.—The properties and uses of materials of construction, iron, steel, non-ferrous metals, wood, concrete, brick, and stone. Standard specifications for materials; methods of inspection; specifications and inspection for munitions and other war materials. *II*; (2).

Prerequisites: T. & A. M. 20 and 25 or 29.

Professor MOORE

44. Laboratory Work in Testing Materials.—Study of testing machines and strain measuring apparatus; practise in making standard tests in tension, compression, and flexure, Torsion tests, impact tests, hardness tests, repeated stress tests, and tests of special forms. Systematic tabulation and reduction of test data. Laboratory and computing room periods. This course is planned to serve those who wish to take positions in testing laboratories of the Government or of manufacturers. *II*; (3).

Prerequisites: T. & A. M. 20 and 25 or 29.

Professor MOORE

45. Naval Hydromechanics.—Flotation of bodies, stability and rolling of ships, resistance and propulsion of ships, hydrodynamics. The application of the principles of mechanics to the stability and propulsion of ships. *I*; (3). Dr. WESTERGAARD

Prerequisite: T. & A. M. 20.

Municipal and Sanitary Engineering

11. Sanitation and Sanitary Engineering.—Principles of sanitary science and their relation to the sanitation of camps, hospitals, institutions and communities. Sanitary engineering measures to prevent the transmission of disease. Mortality rates as affected by sanitation. Water supplies and water purification. Methods of sewerage and sewage disposal. The collection and disposal of garbage. House and camp sanitation. A general elementary course having army conditions in view. *I*; (2 or 3). Professor ENGER

Prerequisite: Junior standing.

Of these proposed courses, T. & A. M. 41, 42, and 44 would constitute a very satisfactory short curriculum to train testing engineers for work in the Government bureaus or in the industries. It was planned to give these three courses during the Summer Session, but too few students registered therein to justify the maintenance of these courses.

I further desire to recommend that in the description of M. & S. E. 2 and 3, the following statement be added:

"Application to camp and army conditions will be given special attention."

In the description of M. & S. E. 6a and 6b, the description should be expanded to include the following statement:

"The sanitation of army camps, hospitals and industrial communities will receive special attention."

In addition to the foregoing recommendations, I hope later to recommend the addition of two or three new courses in the Department of Architecture, and a new course in gunnery and one in orientation in the Department of Civil Engineering. I have not yet been able to determine the time which will be necessary for the completion of these courses, hence, I am unable to make specific recommendations at the present time.

Referring again to the short curriculums herein proposed, the work outlined can be handled with our present facilities and without additional expense, unless there should be a very large number of persons enrolling in the curriculums. For the short curriculum in the Mechanic Arts, some special equipment will be necessary, but the expense thereof will probably not be large.

In connection with these proposed short curriculums, it seems to me that the fees received from students should be held in a fund, from which extraordinary expenses connected with the conduct of these curriculums would be paid, with the understanding that any surplus in this fund at the close of the semester would be returned to the general University fund.

Respectfully submitted,
C. R. RICHARDS

Other recommendations for War Emergency Short Courses have also been made by individual colleges and departments, notably the College of Agriculture. The distinguishing feature is that no requirements for admission are made except ability to do the work of the course, and a special fee is to be charged and fixed if possible at such a figure as to defray the special expense involved in giving the course.

The President of the University was authorized to organize such War Emergency Courses in accordance with the plan suggested.

RECONSTRUCTION HOSPITAL

(12) A statement that the project for the erection of a reconstruction hospital in Chicago, by the Red Cross to be used by the Government during the war and after and to be ultimately turned over to the University at a fixed price, has not yet been put into such shape as to command the support of all parties concerned. Something may come out of it later, but no definite progress can be announced at the present time.

No action was taken in this matter.

PROPERTY ADJOINING KERR WOODLAND TRACT

(13) An offer from Mrs. E. D. Ellrod, Urbana, Illinois, to sell to the Trustees the North one-half of the Northwest quarter of the Southwest quarter of Section one, Township nineteen North, Range nine East of the third Principal Meridian at a price of Three Hundred Dollars an acre, being twenty (20) acres more or less, situated in the Township of Urbana.

On motion of Mr. Hoit, it was voted to recommend to the Board of Trustees the purchase of this woodland tract at the price indicated. The members of the Board who were present concurred in this recommendation.

PRINTING OF THE DAILY ILLINI

(14) A recommendation from the Comptroller.

July 17, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I enclose herewith a copy of a proposed agreement between the University and the Illini Publishing Company for the printing of the Illini during the school year 1918-19 in the University Printing Shop. This agreement has been drawn up by Mr. F. W. Scott, Mr. H. E. Cunningham, and myself in conference. Its provisions cover adequate return to the University for every outlay and give the University use of certain equipment owned by the Illini Publishing Company at minimum cost. Under this contract the University, of course, assumes absolutely no responsibility for any material printed, but merely undertakes to do the mechanical work of printing the paper. Provision is also made for the cancellation of the contract on short notice at the option of the University.

The Illini Publishing Company has expressed willingness to sign the contract as drawn up. I recommend that I be given authority to execute it for the University.

Cordially yours,

LLOYD MOREY

AGREEMENT

This agreement made and entered into this.....day of..... 1918, by and between the Board of Trustees of the University of Illinois, Urbana, Illinois, party of the first part, and the Illini Publishing Company, incorporated, of Urbana, Illinois, party of the second part.

The party of the first part agrees to provide space in its printing shop for the installation of equipment necessary to print the Daily Illini; to furnish power for the operation of such equipment together with light, heat, etc.; to print the Daily Illini for the school year 1918-19 in the University Printing Shop using the equipment thus to be furnished by the party of the second part.

The party of the second part agrees to install, in the space provided as above, all equipment necessary to print the Daily Illini, said equipment to remain the property of the party of the second part.

The party of the second part agrees to pay the party of the first part for the printing of the Daily Illini in full monthly for the following charges:

Labor at cost plus 20% to cover supervision, light, heat, and power.

Stock at cost plus 10% to cover handling.

Ink and similar supplies at cost.

Repair to equipment owned by the Illini Publishing Company at cost.

It is agreed that the equipment installed by the party of the second part will be used primarily for printing the Daily Illini. Whenever it is not in use for that purpose, it is agreed that it may be used by the party of the first part for any other printing done by it. For such use, the party of the first part agrees to pay the party of the second part monthly in the form of credit on its account, at the following rates:

Linotype25c per hour
Press29c per hour
Folder18c per hour

It is agreed that the charges specified in this contract shall be subject to revision on the basis of actual costs determined by accounts kept of all operations.

The party of the first part shall have the right to cancel this contract at any time by giving thirty days notice to the party of the second part.

In witness thereof we have hereunto set our hands and seals the day and month above mentioned.

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, Party of the first part,

By.....
Comptroller

THE ILLINI PUBLISHING COMPANY, INCORPORATED, Party of the second part,

By.....
Chairman, Board of Trustees

On motion of Mr. Hoit, the proposed contract between the Board of Trustees of the University and the Illini Publishing Company was approved and the Comptroller of the University was authorized to sign the same for the Board of Trustees.

STUDENTS' ARMY TRAINING CORPS

(15) A statement that the University of Illinois has during the past year in its Military Department been working under what is known as the Reserve Officers' Training Corps, details of which are explained in the Minutes of the Board (page 128).

On August 12, I received from the Adjutant General of the United States, McCain, a telegram to the following effect:

"Statement is desired from you indicating willingness to operate for the period of war under regulation of S. A. T. C. instead of R. O. T. C. Reply by wire will facilitate our action."

On August 28, I telegraphed to the Adjutant General of the United States Army that the University would be willing to operate for the period of the war under the

regulations of the S. A. T. C. subject to the approval of the Board. I am appending the statement from the War Department relating to the S. A. T. C., dated August 28.

The Committee on Education and Special Training of the General Staff of the War Department held at Ft. Sheridan, August 30-31, a conference to which delegates were invited from all the colleges desiring to establish units of the S. A. T. C.

I asked the Comptroller of the University of Illinois, Mr. Lloyd Morey, and the Dean of Men, Mr. T. A. Clark, to attend this conference. I was present during certain sessions. At this conference, Colonel Robert I. Rees, Commander of the Students' Army Training Corps, explained the various features of the scheme and presented the statements with appendices presented below.

WAR DEPARTMENT,
Washington, D. C.
August 28, 1918.

STATEMENT

To: The Colleges of the United States.

From: The Committee on Education and Special Training (General Staff).

The man-power bill pending in Congress definitely binds the country to the policy of consecrating its entire energy to the winning of the war as quickly as possible. It fixes the age limits from 18-45, both inclusive. It places the nation upon a war basis. The new military program, as outlined by the Secretary of War, calls for the increase of the Army by more than two million men by July 1, 1919. This will probably necessitate the mobilization of all physically-fit registrants under 21, within ten months from this date. With respect to students, since they are not to be made in any sense a deferred or favored class, this means that they will practically all be assigned to active service in the field by June, 1919. The only exceptions will be certain students engaged in technical studies of military value, e. g., medicine, engineering and chemistry. Under these conditions it is obvious that schools and colleges for young men within the age limits of the new law, cannot continue to operate as under peace conditions. Fundamental changes must be made in college and school practises in order to adapt them to effective service in this emergency.

The following statements outline the general plan under which the Students' Army Training Corps will operate under the changed conditions produced by the revision of the Selective Service Law:

1. All young men, who were planning to go to school this fall, should carry out their plans and do so. Each should go to the college of his choice, matriculate, and enter as a regular student. He will, of course, also register with his local board on the registration day set by the President. As soon as possible after registration day, probably on or about October first, opportunity will be given for all the regularly enrolled students to be inducted into the Student's Army Training Corps at the schools where they are in attendance. Thus the Corps will be organized by voluntary induction under the Selective Service Act, instead of by enlistment as previously contemplated.

The student, by voluntary induction, becomes a soldier in the United States Army, uniformed, subject to military discipline and with the pay of a private. They

will simultaneously be placed on full active duty and contracts will be made as soon as possible, with the colleges for the housing, subsistence and instruction of the student soldiers.

2. Officers, uniforms, rifles, and such other equipment as may be available will be furnished by the War Department, as previously announced.

3. The student-soldiers will be given military instruction under officers of the Army and will be kept under observation and test to determine their qualifications as officer-candidates, and technical experts such as engineers, chemists and doctors. After a certain period, the men will be selected according to their performance, and assigned to military duty in one of the following ways:

- (a) He may be transferred to a central officers' training camp.
- (b) He may be transferred to a non-commissioned officers' training school.
- (c) He may be assigned to the school where he is enrolled for further intensive work in a specified line for a limited specified time.
- (d) He may be assigned to the vocational training section of the Corps for technician training of military value.
- (e) He may be transferred to a cantonment for duty with troops as a private.

4. Similar sorting and reassignment of the men will be made at periodical intervals, as the requirements of the service demand. It cannot be now definitely stated how long a particular student will remain at college. This will depend on the requirements of the mobilization and the age group to which he belongs. In order to keep the unit at adequate strength, men will be admitted from secondary schools or transferred from Depot Brigades as the need may require.

Students will ordinarily not be permitted to remain on duty in the college units after the majority of their fellow citizens of like age have been called to military service at camp. Exception to this rule will be made, as the needs of the service require it, in the case of technical and scientific students who will be assigned for longer periods for intensive study in specialized fields.

5. No units of the Students' Army Training Corps will, for the present, be established at secondary schools, but it is hoped to provide at an early date for the extension of military instruction in such schools. The secondary schools are urged to intensify their instruction so that young men 17 and 18 years old may be qualified to enter college as promptly as possible.

6. There will be both a collegiate section and vocational section of the Students' Army Training Corps. Young men of draft age of grammar school education will be given opportunity to enter the vocational section of the Corps. At present about 27,500 men are called for this section each month. Application for voluntary induction into the vocational section should be made to the local board and an effort will be made to accommodate as many as possible of those who volunteer for this training.

Men in the vocational section will be rated and tested by the standard Army methods and those who are found to possess the requisite qualifications may be assigned for further training in the collegiate section.

7. In view of the comparatively short time during which most of the student-soldiers will remain in college and the exacting military duties awaiting them, academic

instruction must necessarily be modified along lines of direct military value. The War Department will prescribe or suggest such modifications. The schedule of purely military instruction will not preclude effective academic work. It will vary to some extent in accordance with the type of academic instruction, e. g., will be less in a medical school than in a college of liberal arts.

8. The primary purpose of the Students' Army Training Corps is to utilize the executive and teaching personnel and the physical equipment of the colleges to assist in the training of our new armies. This imposes great responsibilities on the colleges and at the same time creates an exceptional opportunity for service. The colleges are asked to devote the whole energy and educational power of the institution to the phases and lines of training desired by the Government. The problem is a new one and calls for inventiveness and adaptability as well as that spirit of cooperation which the colleges have already so abundantly shown.

9. The plan contemplates the making of contracts with all institutions having units of the Students' Army Training Corps for the housing, subsistence, and instruction of the student-soldiers to take effect on or about October 1, 1918. A separate statement of this date sets forth the procedure and principles governing these contracts

COMMITTEE ON EDUCATION AND SPECIAL TRAINING,

BY ROBERT I. REES

Colonel, General Staff Corps, Chairman

WAR DEPARTMENT,

Washington, D. C.

August 28, 1918.

To: The Presidents of all institutions authorized to maintain Students' Army Training Corps units.

From: The Committee on Education and Special Training (General Staff).

DEAR SIRS:

A separate statement of this date sets forth the revised general plans for the Students' Army Training Corps. This letter states the basis for the contractual relations with the colleges.

1. *Contract Basis.* In view of the fact that the student soldiers will be on active duty status from the time they are inducted, on or about October 1, 1918, it is incumbent on the Government to assume the expense from that time, of their housing, subsistence and instruction. This is to be done through contracts with each institution.

It is, therefore, desired by the War Department that each institution authorized to maintain a Students' Army Training Corps unit, shall contract at the earliest possible date with the War Department, for the housing, subsistence and instruction of the soldiers assigned to it as members of the Students' Army Training Corps, such contracts to take effect as of October 1st, 1918, or such date about October 1st on which inductions are made.

2. *Procedure for Making Contracts and Principles Governing Same.* It is desired that every institution shall be on a contract basis with the War Department before October 1, 1918, and at the earliest possible date prior to that time. It is not possible, however, to conduct individual negotiations and make detailed contract arrangements with each of the more than three hundred institutions concerned. The

situation will, therefore, be met by temporary contract to be superseded later by a permanent contract, in connection with which a final basis of payment and all details will be arranged. There are herewith inclosed duplicate forms of application *which you are requested to return to the Committee on Education and Special Training, Room 595, War Department, as soon as practicable.* Return envelope is enclosed. On acceptance by the Committee and return to you of one copy, the application becomes the temporary contract with the War Department above referred to. The following may be stated with regard to the terms of this temporary contract:

(a) The per diem rate of \$1.00 for subsistence and housing is to govern temporarily pending examination of the conditions in the individual institution, and a careful working out of the costs involved. The amount so fixed is calculated from the experience of this Committee during the past five months in contracting with over 100 collegiate institutions for the housing, subsistence of over 100,000 soldiers in the National Army Training Detachments. This experience indicates that the average cost of housing is 15 to 20 cents per day; subsistence (Army ration or equivalent) 70 to 80 cents per day. The tuition charge is based on the regular per diem tuition charge of the institution in the year 1917-1918. The permanent contract, to be arrived at on the basis of ascertained facts, will take account of any losses suffered by the institution under the temporary arrangement or any excess cost paid by the Government thereunder.

(b) It is appreciated that some difficulties will be met with, in providing housing and mess facilities on short notice. It is desired that the men be housed and have their meals in as large groups as possible. In some institutions facilities already exist; in others, facilities can be readily adapted; in others, barracks or mess shack construction will be necessary. Experience shows that it will be feasible within thirty days, in practically every case, to make satisfactory temporary arrangements, by using initiative and resourcefulness and with the assistance of the Commanding Officer. There is no objection, for example, to the taking over by the college of fraternity houses or private dormitories, or the conversion of other buildings for housing and subsistence purposes. The kind of building is not important provided that the conditions are sanitary and healthful.

(c) *Collection of Tuition Fees from Students.* The contract status contemplates, of course, that the student soldiers shall pay nothing to the institution for their instruction nor for housing or subsistence. Since it is necessary in many cases, however, that the institutions be provided with funds for operating expenses at the commencement of the college year, and since the Government will not assume the costs until about October 1, 1918, the institutions will collect a proportion of the tuition fees covering the period from the opening of the fall term to October 1, 1918. Thus if the half-year tuition fee is \$100 and the institution opens September 15, the amount collected will be one-eighth, or \$12.50.

The first payment under the Government contract will be made about two weeks after submission of the first voucher, which will cover the period from October 1 to 15, 1918, with monthly payments thereafter.

3. *Permanent Contract.* The following governing principles may be stated:

(a) The basis of payment will be reimbursement for actual and necessary costs to the institutions for the services rendered to the Government in the maintenance and instruction of the soldiers, with the stated limitation as to cost of instruction. Contract price will be arrived at by agreement after careful study of the conditions in each case, in conference with authorities of the institution.

(b) The War Department will have authority to specify and control the courses of instruction to be given by the institution.

(c) The entity and power for usefulness of the institutions will be safe-guarded, so that when the contract ends the institutions shall be in condition to resume their functions of general education.

(d) The teaching force will be preserved so far as practicable, and this matter so treated that its members shall feel that in changing to the special intensive work desired by the Government, they are rendering a vital and greatly needed service.

(e) The Government will ask from the institutions a specific service, that is, the housing, subsistence and instruction along specified lines of a certain number of student soldiers. There will be no interference with the freedom of the institution in conducting other courses in the usual way.

(f) The contract will be for a fixed term, probably nine months, subject to renewal for a further period on reasonable notice, on terms to be agreed upon and subject to cancellation on similar notice.

5. In view of the necessity of prompt action in establishing the temporary contract basis, you are requested to return in duplicate the enclosed "Request for Assignment of Soldiers" at the earliest possible date.

COMMITTEE ON EDUCATION AND SPECIAL TRAINING,

*REQUEST FOR ASSIGNMENT OF SOLDIERS OF STUDENTS' ARMY
TRAINING CORPS, UNITED STATES ARMY,
TO*

.....COLLEGE (UNIVERSITY)
....., a corporation under the
(Name of Institution)
laws of the State of.....hereby requests the
War Department of the United States to assign to the institution.....
..... soldiers of the United
(Estimated number in S. A. T. C. Unit)
States Army, members of the Students' Army Training Corps, on the following conditions:

1. Eligible students are to be inducted into the United States Army on their voluntary application, on or about October 1, 1918, and are forthwith to be assigned on active duty at the institution.

2. The institution will after the assignment of such soldiers:

(a) Furnish such academic instruction to the said soldiers as may be approved or prescribed by the War Department, it being understood that until the War Department otherwise indicates, the regular curriculum shall be deemed approved;

(b) Will provide for the proper and sanitary housing of said soldiers in as large groups as reasonably possible;

(c) Will provide meals for the said soldiers of a quantity and quality equivalent to the standard Army ration, and under proper sanitary conditions;

(d) Will provide suitable and adequate grounds for military instruction and drill of the soldiers, and suitable officers for the military administration of the unit;

(e) Will co-operate closely with the War Department and its authorized representatives in all matters above referred to;

(f) Will receive from its students who are eligible for the Students' Army Training Corps and indicate their intention of applying for induction therein, only such proportion of the usual tuition and other fees as will cover the period from the opening of the college year to October 1, 1918, or, if more has already been received, will make individual adjustment with the students accordingly.

3. The War Department will:

(a) Provide for the military instruction of the soldiers;

(b) Provide uniforms and the necessary personal equipment of the soldiers to the extent practicable;

(c) Furnish necessary cots, blankets, and bed-sacks or mattresses to the extent practicable.

(d) Pay to the institution as soon as practicable, after submission of duly executed vouchers, the sum of one dollar (\$1.00) per day for each soldier assigned to the institution on active duty plus the sum ofcents (See Note) per day for each soldier so assigned, for tuition, making a total of one dollar andcents per day per soldier. The first voucher submitted will cover the period of two weeks following the induction of the soldiers and their assignment to active duty, and will be submitted monthly thereafter.

4. It is understood that the arrangement evidenced hereby shall be temporary and that as soon as practicable a permanent contract shall be made between the institution and the War Department, covering the period to July 1, 1919. The basis of the contract with respect to payment shall be reimbursement for the actual and necessary costs of providing instruction, subsistence and housing required during the entire period of the contractual relation with the War Department, the necessary adjustments to be made accordingly, provided that the per diem allowance to be made for cost of academic instruction shall not exceed the regular per diem tuition charge of the institution.

5. The institution and the War Department will co-operate to the fullest extent to obtain the best results, and will endeavor as soon as practicable to arrive at the

said permanent contract on an equitable financial basis, in accordance with the principle of reimbursement for actual costs as above stated.

NOTE.—Insert at this point a number of cents equal to the yearly tuition fee of the institution (or department thereof) in the college year of 1917-1918 divided by 270; e. g., on an average yearly tuition fee of \$100.00 the amount is 100 divided by 270 equals .3703 cents.

On motion of Mr. Hoit the action of the President of the University in requesting the establishment of a S. A. T. C. Unit at the University was approved; and he was authorized to organize such a unit in accordance with the suggestions of the War Department.

It was voted further that he be authorized to inform the War Department that the University will accept five thousand student soldiers as members of this S. A. T. C.

It was voted further that he be given authority to take such action as may be necessary to take adequate care of this student soldier body.

CONTRACT FOR UNIFORMS

(16) The following statement:

The Comptroller of the University acting in accordance with authority given by the Board and in accordance with the custom of the University for many years past, entered into a contract with Jacob Reed's Sons and J. M. Kaufman & Co. to furnish uniforms for twelve hundred members of the Reserve Officers' Training Corps, at a total cost of \$43,632. Before this contract was entered into finally, I had a statement from the Adjutant General of the United States Army, in July, that if the University wished to be certain of uniforms for its R. O. T. C. men it should follow the plan pursued in previous years of contracting for these uniforms, counting on a Government commutation for the return of the cost.

The establishment of the S. A. T. C. at the University, of course, makes this entire contract of no benefit to the University.

I asked Mr. Morey to take up the matter immediately with the firm of Jacob Reed's Sons, Philadelphia, and J. M. Kaufman & Co., Champaign, to see what arrangements could be made towards canceling these contracts. I have received from him the following letter which explains itself.

August 31, 1918

President Edmund J. James, University of Illinois:

DEAR PRESIDENT JAMES:

Pursuant to authorization of the Board of Trustees, and in accordance with procedure of previous years, I placed contracts in June for uniforms for the Cadet Regiment, as follows:

	<i>Contractor and Items</i>	<i>Estimated</i>	<i>Total Cost</i>
Jacob Reed's Sons:			
1.	Coat and breeches made of Cloth No. 1615 Charlottesville Woolen Mills.	\$25.95	\$31,140
2.	Cap, including insignia	2.25	2,700
3.	R. O. T. C. sleeve ornament25	300
<i>Total</i>		\$28.45	\$34,140
J. M. Kaufman & Company:			
4.	Shirt, made of cloth No. 903	4.25	5,100
5.	Tie, black regulation 37 in.....	.25	300
6.	Web waist belt.....	.34	408
7.	Canvas puttees No. 50, pair.....	1.27	1,524
8.	Olive drab gloves, pair48	576
9.	Linen collar.....	.15	180
10.	U. of I. monograms, pair.....	.17	204
11.	R. O. T. C. metal ornaments for coat, per set50	600
12.	R. O. T. C. for shirt, per set50	600
		\$ 7.91	\$9,492
		\$36.36	\$43,632

On receipt of advice from the War Department that the plan of military training in universities would be changed so that full equipment together with mess and quarters would be furnished by the government, I found on investigation that practically the entire Kaufman order was in stock in Champaign, and that the material for the Reed contract was delivered or in process, although no work had actually been done by Reed's. I thereupon went to Philadelphia and Washington to arrange, if possible, to dispose of the contracts without loss, with the following results:

- (1) Reed's will accept cancelation providing goods can be disposed of at cost of same to them.
- (2) Charlottesville Woolen Mills, manufacturers of the cloth, will not accept cancelation.
- (3) The Quartermaster's Department will buy all material except monograms, ornaments, and insignia, provided material is satisfactory, of which there is little or no doubt, at prices to be arranged, which will doubtless be practically our costs.
- (4) A recommendation has been submitted to the General Staff, which is expected to receive approval, providing for a commutation to us of \$26.62 per student, we to furnish the uniforms as planned.

Insignia and ornaments, items 2 (except cap), 3, 10, 11, and 12, costing approximately \$2,604.00, can in no case be used or disposed of. We cannot be certain of full remuneration through sale to the Quartermaster. Should we engage to furnish uniforms, we could only do so to 1200 men, while our enrollment will doubtless greatly exceed that number, and we would stand to lose nearly \$10.00 on each outfit. An unclaimed balance of about \$12,000 remains from commutations of previous years.

On inquiry, I find that there will be considerable demand among our students for uniforms in addition to their service outfits, and of better material. I do not believe there is any doubt but that if we opened our material to private sale, that we could dispose of it all, and at prices to cover our outlay.

I therefore recommend that I be given authority—

1—To cancel the contract for Caps, item 2 (part) and substitute a service hat, as required by the War Department, and at approximately the cost of the cap.

2—To purchase such additional insignia as may be found necessary to meet present regulations.

3—To purchase and store for future use items of ornaments and insignia previously ordered, to be paid for from the unclaimed balance in the commutation allowance of previous years.

4—To offer for sale to students at cost, to be paid for when order is taken, the outfit with changes resulting from the above, at cost (approximately \$35.00).

5—To sell at the best terms to be secured, any material not disposed of as above, any necessary loss resulting from such procedure to be also charged to the balance in the commutation fund.

Cordially yours,

LLOYD MOREY

Comptroller

Mr. Morey recommends finally after further examination that the University should adhere to the contracts with Jacob Reed's Sons and with J. M. Kaufman & Co. and after making the necessary changes in the equipment, offer the uniforms complete to the students at the actual cost price to the University, namely, thirty-eight dollars each.

The recommendation of the Comptroller was approved and he was authorized and instructed to administer this matter in accordance with these recommendations.

AMERICAN COUNCIL OF EDUCATION

(17) A recommendation that the sum of one hundred dollars be subscribed in support of the work of the American Council of Education in Washington.

On motion of Mr. Hoit, this appropriation was made.

REMOVAL OF THE EYE AND EAR INFIRMARY

(18) The following statement:

We have had some discussion with Honorable Charles H. Thorne, Director of the State Department of Public Welfare of Illinois, as to the possibility of relocating the Eye and Ear Infirmary in the city of Chicago, so as to bring it nearer to the site

of the College of Medicine. If it had been feasible to do this, it might have saved the University the immediate necessity of erecting the clinical laboratory for the College of Medicine. It will be seen from the letter that there is no hope of bringing this about during the present biennium.

July 31, 1918

President Edmund J. James, University of Illinois

DEAR DR. JAMES:

No decision has yet been made regarding the new Eye and Ear Infirmary for two reasons: First, that we hope to include it with the medical group which we had expected to inherit from the Government; and second, because the money available and the general conditions make it impractical to attempt building now.

I do not care to locate it until the whole scheme can be studied over again and a completed plan for the future made. It is in my mind to include in any plans we make, opportunity for your clinical men to use the facilities of the institution for teaching.

If you could use the present Eye and Ear Infirmary for that purpose and can work out a plan with Dr. Singer, it will be entirely agreeable to us and in accordance with our ideas of what we think we are here for.

Yours sincerely,

CHAS. H. THORNE

Director

No action was taken in this matter.

ENTRANCE REQUIREMENTS FOR THE S. A. T. C.

(19) A statement that it may be necessary to make changes in the entrance requirements to the University as an incident to the administration of the S. A. T. C. system. I recommend that authority be given to the Council and Senate of the University to make such changes for the period of the war as in their judgment may be necessary or desirable.

This recommendation was approved.

LIBRARY STACK ADDITION

(21) A letter from the Supervising Architect concerning the addition to the library building. It will be seen that the estimated total cost is \$73,000 instead of \$70,000 as has been approved by the Board.

August 30, 1918

President E. J. James, 355 Administration Building

DEAR SIR:

The following contracts have been awarded on the Addition to the Library:

English Brothers, General Work.....	\$25,165.00
Otis Elevator Co., Elevator.....	3,633.00
Paltridge Metal Equipment Company, book stacks..	32,574.50

We have estimated the additional amount necessary to complete the building as follows:

Hardware.....	\$ 600.00
Cement.....	2,640.00
Heating.....	3,500.00
Wiring.....	2,500.00
Grounds.....	300.00
Architectural expense and Superintendence.....	1,200.00
Incidental and probable extras on contract.....	887.50

Total estimate to complete.....	\$11,627.50	\$11,627.50
Estimated total cost.....		\$73,000.00

Yours truly,
 JAMES M. WHITE
Supervising Architect
 By C. A. PETRY

On motion of Mr. Hoit, the contracts awarded for this building were approved and the sum of \$11,627.50 was appropriated in addition to the contracts awarded, making a total of \$73,000.

THE QUADRIMESTER PLAN IN THE COLLEGE OF MEDICINE

(22) The following statement:

It will be remembered that the Trustees authorized the administration of the College of Medicine for the present year on the quadrimester plan, providing for a continuous session.

This action of the Medical School was much criticized by the representatives of other medical schools, at a meeting of representatives of such schools held in Chicago in June, and some doubt was expressed as to whether the University had the approval of the Surgeon General's Office in this action.

So intensely did some of the medical men feel about the matter that Dr. J. M. Baldy of the Bureau of Medicine of Pennsylvania secured the elimination of our College of Medicine from the list of schools recognized by his bureau.

Correspondence concerning this matter is now being carried on by the Dean of the College of Medicine and Dr. Baldy. In the meantime in answer to a question addressed to the Surgeon General's Office by Dr. J. M. Baldy, the following letter was sent by Dr. H. D. Arnold, Lieut. Colonel, Medical Corps U. S. A., for the Surgeon General. It shows that Dr. Eycleshymer had the approval of the Surgeon General's Office in the recommendation he made through me to this Board. It also shows that the Surgeon General's Office considers that Dean Eycleshymer "is attacking this problem in an intelligent manner".

August 26, 1918

Dr. J. M. Baldy, 2219 Delancey Street, Philadelphia, Pa.

DEAR SIR:

The Surgeon General directs me to acknowledge the receipt of your letter of August 2, and to reply.

The Dean of the Medical Department of the University of Illinois consulted us in this office with reference to the inauguration of the plan of continuous sessions and submitted a well considered arrangement of the course of study which seems practicable of application without material deterioration of the standard. While the number of teachers in this school has been diminished, as in many of the medical schools, it was not felt that this diminution had gone to an extent that would impair the character of the instruction. Dean Eycleshymer is attacking this problem in an intelligent manner and is impressed with the necessity of maintaining the standard while adapting the school course to war conditions. The plan for continued sessions at the Medical Department of the University of Illinois had the approval of the Surgeon General's Office, and I do not feel that it is necessary to make any further investigation,—partly because within the past year I personally made a fairly careful examination of the school and its work, altho not a formal, complete inspection.

I enclose for your attention a copy of a circular letter now being sent in answer to many inquiries received. This will indicate that plans for the future cannot at the present moment be stated authoritatively. I would state to you personally, however, that if the plans of the General Staff and the Committee on Education and Special Training are carried out there will necessarily be some radical changes in medical education on the basis of intensive training. As soon as a definite announcement can be made you will receive the information. My personal opinion is that as soon as we have enough definite information about these plans it will be desirable to call together the Advisory Committee, which represents the medical schools and of which you are a member.

Yours very truly,

H. D. ARNOLD

Lieut. Colonel, Medical Corps, U. S. A.

PRESIDENT JAMES'S RESIGNATION

(25) I beg to submit the following letter addressed to the Board of Trustees:

September 3, 1918

LADIES AND GENTLEMEN:

I beg to submit, herewith, my resignation as President of the University of Illinois, to take effect immediately.

I thank you most heartily for the opportunities you have given me to serve the people of my native state and country in this important position.

The University of Illinois is destined to be one of the greatest universities of the world, and we who have been privileged to share in its creation and development may well consider ourselves fortunate. All that we have thus far done, it is true, is only a faint shadow of what our successors will accomplish, but for my part, I am proud and happy that I have been permitted some small share in the laying of these foundations during the fourteen years.

I have tried to serve you and the state to the best of my ability. I have only to regret my own mistakes and shortcomings. You have ever upheld my hands and strengthened my will for all good things, and for this I feel toward this Board a sense of profound gratitude. Without the constant aid and support of my colleagues in the faculty, I could have done nothing at all, and I am sure the rest of them will join with me in recognizing, especially, the self-sacrificing and generous spirit, the untiring industry, the skill and intelligence, of the Vice-President of the University, Dr. David Kinley, who has at all times, cheerfully assumed more than his fair share of the administrative duties of the institution. Without his encouragement and assistance I should, ere this, have broken down under the burdens of this office.

In the world conflict in which our beloved country finds itself involved, I have felt from the beginning that I ought to be doing my part in a more direct way to help win for us and for our Allies a speedy and decisive victory.

It has been for me a cause of life-long regret that owing to my youth I could not share actively in the great conflict for the preservation of the Union, that Union which my ancestors helped to build and to protect. I could not go down to my grave in peace if I had not tried to the best of my ability to get into this greater war for world democracy and humanity.

I have not hitherto felt, however, that it was possible to adjust matters so that I should feel free to go. That time has now come.

As soon as you release me, and I can arrange my private affairs and prepare myself for the task, I propose to offer my services for the duration of the war to the Red Cross, or Y. M. C. A., or other similar undertaking where my age will not of itself prove a bar to my acceptance, as it has in other departments where I have already offered my services.

Trusting that you can see your way clear to accept my resignation immediately, I am with deep respect and esteem

Your obedient servant,
EDMUND J. JAMES

The consideration of this matter was postponed.

The Executive Committee adjourned.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

October 1, 1918

A special meeting of the Board of Trustees of the University of Illinois was held at the University Club, in Urbana, at 2 p. m. on Tuesday, October 1, 1918, pursuant to the following notice which was sent out by the Secretary on September 26, 1918:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the University, in Urbana, at 2 o'clock p. m. on Tuesday, October 1, 1918, to consider matters submitted by the President of the University and the Committees of the Board, and such other matters as may be duly submitted.

When the Board convened, the following members were present: President Abbott, Mrs. Busey, Mrs. Evans, Mr. Taggart, Mr. Trimble, Miss Watson.

President James was present.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board considered the following matters submitted by the President of the University.

STUDENTS' ARMY TRAINING CORPS

(1) A report of the preparations made for the care of the men in the unit of the Students' Army Training Corps inducted into service as of this day (October 1, 1918).

Acting under the authority which the Board vested in me (September 3, 1918, p. 108), I have proceeded with the organization of the Students' Army Training Corps according to the directions of the Committee on Education and Special Training of the War Department.

As we had informed the War Department that the University of Illinois would take 5000 members of the S.A.T.C. and the Department had not indicated its

willingness to send us this number, it was necessary to make corresponding provision. After consultation with the members of the University Council of Administration and Professors White and Huff, it was decided that by putting a floor in the Armory at a height of some twenty feet above the ground and building a kitchen and hot water boiler outside of the Armory, we could provide mess room for five thousand students and have ample room on this second floor for barracking temporarily or permanently a large number of men and also to furnish room for the quartermaster's department and give some space for indoor drill. Orders were given to proceed with this construction:

We also decided that we should have to provide for at least 3000 men in barracks outside of the Armory. To obtain these we arranged to take over a considerable number of fraternity and other student rooming houses. A careful computation was made of what would be a fair rent considering the size and quality of the houses, and on that basis we offered to take over a sufficient number of houses to accommodate the men. We had also to provide for sufficient hospital accommodations and the necessary equipment.

All indications from the early registrations supported the view that we should have fully 5000 men. An order from the War Department, however, that men who had registered prior to September 12, 1918, would not be eligible for the S. A. T. C. led to the canceling of hundreds of the pre-registrations and only about 3000 finally indicated their intention to apply for induction to the S. A. T. C. at Urbana-Champaign. Supplies from the War Department are not in hand, however, even for this number, so that we cannot at the present time make any accurate forecast of the actual number who will enter the S. A. T. C.

The University has to make many changes in the houses taken over as barracks so as to satisfy the War Department's specifications as to sanitary arrangements, etc.

Professor White's estimates are that the cost of the construction in and about the Armory including floor, kitchens, latrines, boiler house, etc., in addition to the changes made in the houses rented for barracks, will amount to from \$125,000 to \$150,000, according to the requirements which the War Department may make. This sum distributed among 250 days would make \$500 a day, and divided among 3000 boys would make 17 cents per day per boy for cost of construction. So that if the Government keeps 3000 members of the S. A. T. C. here for 250 days and allows 17 cents a day for the construction, the University would have received by the first of July, 1919, the full return of the money thus far expended. If in addition it allows 13 cents a day for rent of barracks and a dollar a day for all expenses except tuition, the University would receive 70 cents a day for the mess. I think we can furnish the regular army mess for this sum.

It will be seen, however, that there are many "ifs" in this calculation. The Federal Government has said that in any case it would meet the necessary expense of this undertaking as a whole, and I do not see how this University could have refused to undertake the task. It must, therefore, assume the risk and trust to the Government to make good its promises.

The allowance for tuition, however, bears no relation to the real cost of instruction and I have protested against accepting the decision of the War Department on

this subject. Representations on this point will doubtless be made by all the State Universities and I am hoping for a different ruling. At present the Government has agreed to pay for tuition \$0.1766 a day for each member of the S. A. T. C. at the Urbana departments and somewhat larger sums for the city departments.

How inequitable the arrangement is may be seen from the fact that the University of Illinois will get \$0.1766 a day for teaching a boy trigonometry, while the Massachusetts Institute of Technology will get \$1.00 for the same work.

It would doubtless be difficult for us to carry out the plan of the S.A.T.C. But I have no doubt that with patience and forbearance on both sides we shall ultimately evolve a scheme which for the period of the war anyhow will commend itself to your support.

LETTER OF THANKS

The Secretary presented for record a letter of thanks from the firm of Buckman and Pritchard, Inc., for a microscope lent to the company.

PABLO BEACH, FLORIDA, September 28, 1918

Mr. Elliott R. Knight, Production Supervisor, U. S. Ordnance Department, Birmingham, Ala.

DEAR SIR:

We take pleasure in reporting to you the very generous action of the University of Illinois through its President, and Professor W. S. Bayley of the Department of Geology, in loaning to this company a polarizing microscope for the checking of our Rutile production. As you know, such instruments are absolutely unobtainable in the United States today, and this action on the part of the University of Illinois will make it possible for us to keep the standard of quality of our ore up to the very best that the machines are capable of doing.

Yours very truly,

H. H. BUCKMAN

V. P. and Gen. Man.

RESOLUTIONS OF THE PERCHERON SOCIETY OF AMERICA

The Secretary presented also for record a set of resolutions adopted by the Percheron Society of America:

Resolved, That the Board of Directors of the Percheron Society of America, in regular meeting assembled, heartily approves of the work now in pro-

gress at the University of Illinois and Experiment Station under the direction of Professors E. A. White and J. L. Edmonds which has to do with the use of larger and more effective units of horse power in farm work and the more effective application of such power. It is further

Resolved, That we earnestly urge upon the authorities in charge of the work at the Experiment Station and College liberal appropriations for the continuation and extension of this experimental work, and we further recommend that specific provision be made for further funds when the Experiment Station's requirements are presented to the Legislature.

Seconded and passed by unanimous vote.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

October 16, 1918

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Wednesday, October 16, 1918, pursuant to the following notice which was sent out by the Secretary on October 8, 1918:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois, at the Blackstone Hotel, in Chicago, at 12 o'clock noon, on Wednesday, October 16, 1918, to consider matters submitted by the President of the University and the Committees of the Board, and such other matters as may be duly submitted.

When the Board convened, the following members were present: Mr. Abbott, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Taggart, Miss Watson.

As there was no quorum, the Board adjourned.

Secretary

W. L. ABBOTT
President

EXECUTIVE COMMITTEE MEETING, OCTOBER 16, 1918

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, on Wednesday, October 16, 1918, immediately following the adjournment of the meeting of the Board on the same day.

Mr. W. L. Abbott, chairman, and Mr. O. W. Hoit, member of the Committee, were present; also Mrs. Mary E. Busey, Mrs. Laura B. Evans, Mr. J. E. Taggart, and Miss Florence E. Watson, members of the Board.

President James was present; also, during part of the afternoon, Professor J. M. White, Supervising Architect.

MATTERS SUBMITTED BY THE SUPERVISING ARCHITECT

On request of the President of the University, the Supervising Architect was heard on the following matters:

S. A. T. C. BARRACKS IN CHICAGO

- (1) The question of barracks for the students in the College of Medicine, College of Dentistry, and School of Pharmacy:

Professor White recommended very strongly that the building known as the Ashland Auditorium at the northwest corner of Ashland boulevard and Van Buren street be hired by the University for the purpose of barracking the members of the S. A. T. C. in these schools. He presented a proposed lease which the owners of the building, William Quinlan, William Taber, Coe W. Mills, Maurice Linch, John McLain, Trustees of Division 241 of the Amalgamated Association of street and electric railway employees of America, prepared; and also a modified draft made by Judge Harker, with the recommendation that the Comptroller be authorized to sign this contract on behalf of the Trustees.

On motion of Mr. Hoit, the Comptroller was given authority to sign such contract after being approved by Judge Harker and President Abbott.

USE OF EDUCATION BUILDING FOR HOSPITAL

- (2) A plan for converting the Education Building into a general hospital building for the Students' Army Training Corps and the School of Military Aeronautics and the other students of the University, the proposal being to complete the building as soon as possible and fit it up for use as a general University hospital until the close of the war.

After full discussion, no action was taken.

EIGHT-HOUR DAY FOR JANITORS

- (3) Certain recommendations from the Janitors' Protective Union in regard to the definite acceptance of an eight-hour day and certain increases in salary and wages.

The Supervising Architect was given authority to adjust this matter on the best terms he could, subject to the approval of President Abbott.

MEZZANINE IN BOILER HOUSE

- (4) A recommendation that a mezzanine floor be put into the north half of the old Boiler building and that space on this floor be assigned to the School of Military Aeronautics for instructional work in Machines and Gunnery and that the floor of the Boiler building be used to house the various automobiles owned by the University and the School. The Supervising Architect stated that the University had a sufficient amount of lumber to complete this mezzanine floor without additional expense for material.

The Supervising Architect was authorized to construct such a floor.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Executive Committee considered the following matters submitted by President James:

ADVISORY COMMITTEE ON HEATING TESTS

(1) A letter from the Dean of the College of Engineering in regard to appointing an Advisory Committee made up of members of the National Warm Air Heating and Ventilating Association.

August 30, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to inform you that President W. G. Wise of the National Warm Air Heating and Ventilating Association has appointed the following named men to serve as an Advisory Committee to cooperate with our Engineering Experiment Station in carrying out the program of tests of warm air heaters and heating to be undertaken by the Station and paid for from funds provided by the Association:

Mr. J. M. McHenry, Chairman, Manager of the Furnace Department, Detroit Stove Works, Detroit, Michigan; Mr. P. J. Dougherty, Heating Engineer, International Heater Company, Utica, N. Y.; Mr. R. C. Cook, Manager, Thatcher Furnace Company, Chicago; Mr. Walter Wimmer, Manager, Furnace Department, Wrought Iron Range Company, St. Louis, Missouri; Mr. E. S. Moncrief, Vice-President, The Henry-Miller Foundry Company, Cleveland, Ohio.

In view of the fact that this cooperative investigation may become one of the most important which the Engineering Experiment Station has undertaken, it has occurred to me that the Association and particularly the members of this Advisory Committee would appreciate it if this Committee were formally approved and appointed by the Board of Trustees of the University, as has been done with various advisory boards.

If this suggestion appeals to you as desirable, I shall be very glad if you will secure the approval of the Board of Trustees for this appointment.

Very cordially yours,

C. R. RICHARDS

I recommend the appointment of this Committee and the addition to it of the names of Professor C. R. Richards and Professor A. C. Willard.

On motion of Mr. Hoit, this recommendation was approved.

FOUR-QUARTER PLAN AND ADMISSION OF STUDENTS

(2) Recommendations from the University Senate:

September 12, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate, at a special meeting held on September 9, 1918, took the following actions, which, as I understand it, require the approval of the Board of Trustees:

That the college year be organized in four quarters, of twelve weeks each, to meet the requirements of the S. A. T. C.; the first three quarters of the coming year to end on December 21, 1918, March 22, 1919, and June 21, 1919.

That, for the year 1918-19, the University should admit graduates of accredited high schools as matriculated students irrespective of the courses of study they have taken in the high school.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

These recommendations were approved.

REVISED CONTRACT, COKING PROCESS

(3) A letter from Professor C. R. Richards, Dean of the College of Engineering, concerning Articles of Agreement between the Board of Trustees, and A. T. Hert of Louisville, Kentucky, and S. W. Parr and T. E. Layng of Urbana, Illinois.

October 2, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

Under date of May 28, 1918, I transmitted to you a statement concerning the investigation on the coking of coal, conducted by the Engineering Experiment Station in cooperation with Mr. A. T. Hert of Louisville, Kentucky, together with a copy of a letter from Mr. E. V. Fulks, Vice-President of the American Tar Products Company, Mr. Hert's representative, and a proposed contract between the Board of Trustees of the University of Illinois and Mr. A. T. Hert for a license to use any patent or patents which may be granted to Professor S. W. Parr and Dr. T. E. Layng covering the coking process discovered by them during this investigation.

After a careful consideration of the proposed Articles of Agreement, Mr. Fulks found some objections to a number of the provisions incorporated in the original draft submitted to him and to the Board of Trustees. After some discussion of the questions at issue, and in cooperation with Judge O. A. Harker, Legal Counsel of the University, a new contract was prepared and submitted to Mr. Fulks for his approval. In a letter dated September 4, Mr. Fulks informed me that the final Articles of Agreement thus prepared were acceptable to Mr. Hert and his associates. I am sending you herewith a copy of this new contract.

In the new Articles of Agreement you will note that Professor S. W. Parr and Dr. T. E. Layng are made parties of the third part, and that there are minor changes in Sections A, B, and D of Article 4.

While it is not yet certain that a patent on this coking process can be obtained, I do not anticipate that there will be any difficulties in this connection, and I suggest, therefore, that the new Articles of Agreement be laid before the members of the Board of Trustees for their approval, and that authority be secured from the Board to enter into this contract, in the event that a patent or patents are ultimately secured.

Very cordially yours,

C. R. RICHARDS

ARTICLES OF AGREEMENT, entered into between the Board of Trustees of the University of Illinois, a corporation operating under the laws of Illinois, party of the first part, A. T. Hert of the American Creosoting Company, of Louisville, Kentucky, party of the second part, and S. W. Parr and T. E. Layng, of Urbana, Illinois, parties of the third part, witnesseth:

1. It is mutually agreed that the parties of the third part are authorized and directed by the party of the first part and the party of the second part to apply to the Patent Office of the United States for a patent on a certain process for the coking of coal, which has been perfected by them in the laboratories of the University of Illi-

nois in cooperation with the party of the second part, and to apply for patents in such foreign countries as may hereafter be designated by the party of the first part.

2. It is agreed that all expense connected with the application for said patent, whether to the Patent Office of the United States or to some similar office in a foreign country, shall be borne and paid by the party of the second part.

3. In the event that patents on the process mentioned shall be issued to the parties of the third part, then the parties of the third part shall immediately after such issue assign and quit-claim the same to the party of the first part for a consideration of one dollar (\$1.00) for each patent issued.

4. In consideration of the contribution of funds for the prosecution of the investigation of the coking of coal as aforesaid, and the expenses which shall be incurred in obtaining patents on the process, amounting to a total expenditure of over twelve thousand dollars (\$12,000.00), the party of the first part agrees to execute to the party of the second part a license to the party of the second part for the use of the said patents, under the following terms:

(a) That the license shall provide for the exclusive use of the patent by the licensee for a term of eight years from the date of this instrument; that the licensee shall have the right to use the patent in the operation of any corporation or company organized by him and in which he shall have a substantial financial interest; that the licensee shall not sublet the right to use the patent to any person, corporation or company except upon the approval of the party of the first part, and that the license shall become void at any time that the licensee shall fail to prosecute diligently the commercial development of the process for the coking of coal specified in said patent or patents.

(b) That if at any time during the said period of eight years the party of the second part shall have become fully reimbursed for all expenditures connected with the commercial development of this process, he shall thereafter pay to the party of the first part such royalty as may be agreed upon at that time, based upon the weight of coal coked in the plant or plants which have been constructed. If an agreement concerning the amount of such royalty cannot be reached by the party of the first part and the party of the second part (licensee), then each of said parties shall appoint an arbitrator; and in the event the arbitrators thus appointed shall fail to reach an agreement, they shall be authorized to appoint a third arbitrator. A majority report of the three arbitrators thus appointed shall be binding upon both parties to this agreement.

(c) That the initial license shall provide for its extension for the use of the patent or patents for the remainder of the life thereof, in such plants as may have been developed by the party of the second part (licensee), during the initial term of eight years: Provided, however, that the licensee shall pay to the party of the first part a royalty such as may be agreed upon at that time for all coal coked in said plants during the period covered by the second license.

(d) That after the expiration of the initial license for the exclusive use of the patent or patents during the term of eight years aforesaid, the party of the first part will grant additional licenses covering the operation of new plants, which the party of the second part may desire to develop under such terms and royalties as may at

that time be mutually agreed upon. It is further understood and agreed that the party of the first part shall be free to license any other corporation to use the patents mentioned aforesaid, after the expiration of the initial exclusive license granted to the party of the second part; but under no circumstances shall such licenses be granted under terms more favorable than those set forth in the original license.

Witness the signatures of the President and Secretary of the Party of the first part and its corporate seal, and the signatures of the parties of the second and third part.

SERVICES OF PROFESSOR WHITE TO GOVERNMENT

(4) A letter from Honorable William C. Redfield, Secretary of Commerce, concerning the services of Professor James M. White:

October 3, 1918

President Edmund J. James, University of Illinois

DEAR SIR:

Feeling that you, as well as Prof. White, should be made aware of our appreciation of Prof. White's patriotic service rendered to the Bureau of Fisheries of this Department, I take the liberty of furnishing you a copy of a letter I have just had the pleasure of addressing to him.

I am glad at the same time to acknowledge the helpful cooperation which we have enjoyed from you and other members of your faculty on previous occasions.

Sincerely,
WILLIAM C. REDFIELD,
Secretary

[Enclosure]

October 2, 1918

Professor J. M. White, Urbana, Illinois

DEAR SIR:

It has just been my pleasure to approve for advertising the plans and specifications for the new laboratory of the Fisheries Biological Station, Fairport, Iowa.

The Commissioner of Fisheries has informed me of the peculiar good fortune of the Bureau of Fisheries has enjoyed in consequence of the generosity with which you devoted your architectural and engineering skill and experience to the design of this building. I have been particularly impressed with what he has told me of the gracious and modest manner in which your offer of free service was tendered, and of the wholly satisfactory, patient, and sympathetic manner in which you have endeavored to cooperate with the Bureau at all stages of the execution of the design. The plans themselves speak for the talent you have applied to the purpose and the success you have attained.

I cannot refrain from exercising the privilege of writing you, not only to express my official appreciation of your great service to us—but also to tell you, inadequately indeed, of the feeling of admiration which such a patriotic act inspires. May I not say that those of us who labor in the public service, having always before us the hope of a reward in public approbation, at least, must derive new courage, new zeal, and a stronger faith in the value of the public service we are called upon to perform, when we have an example of men of high attainments giving freely their talents, their experience, and their time, asking no reward and driven by no other spur than a sense of personal responsibility for the nation's welfare.

I have faith, a well founded faith, in the public service which the Biological Station at Fairport will render. The laboratory building, as the center of that station will always stand, I trust, as a symbol of the effective application of science to human welfare; it will also be to us and to others a continued reminder of the patriotic service which you rendered with exceptional modesty and yet, I ought to say, splendidly.

Speaking for the Department, as well as for the Bureau of Fisheries, I extend to you my sincere thanks.

Sincerely,
WILLIAM C. REDFIELD
Secretary

These letters were received for record.

RATING OF POWER PLANT

(6) A letter from the Supervising Architect in regard to the efficiency rating of our University Power Plant.

October 7, 1918

President E. J. James, 355 Administration Building

DEAR SIR:

The United States Fuel Administration has undertaken to give efficiency ratings to power plants. Mr. Joseph Harrington is the administrative engineer for Illinois. He advises me that our rating is 93%. I know nothing about what the average rating is, but I am quite gratified with this rating.

Yours truly,
JAMES M. WHITE
Supervising Architect

CONTRACT FOR S. A. T. C.

(7) A letter from the Committee on Education and Special Training of the War Department in regard to the contract of the University concerning the S. A. T. C.

September 16, 1918

From: *Committee on Education and Special Training, S. A. T. C.*To: *Presidents of Institutions*Subject: *Temporary Contract*

Your request for assignment of soldiers to your institution on October 1, 1918, is herewith returned accepted, as the temporary contract for the training of the S. A. T. C. at your institution, upon the understanding and condition that it only applies to the actual number of men inducted in the S. A. T. C. and assigned to your institution and not to the exact number stated in the contract. This number is understood to represent the number of men eligible to the S. A. T. C. which you expect to matriculate and volunteer for induction. The actual number of men to whom the

contract applies and the number for whom payment will be made at the per diem rate is the actual number of soldiers for whom housing, subsistence and instruction is provided by you during the continuance of the contract. This may be more or less than the number estimated by you and stated in the contract herewith returned.

The number of soldiers to be assigned permanently (i. e. to July 1, 1919) will be settled as soon as practicable and, of course, must be determined before the permanent contracts are arranged, which it is hoped will be not later than December 1st.

It will ordinarily be the policy not to assign to an institution more than the institution can instruct satisfactorily without abnormal increase of instruction force or more than the institution can provide with quarters and subsistence without an undue amount of, or disproportionate cost for, new construction. Institutions should be guided accordingly in the matter of increasing their teaching forces in view of the apparent large increase in college enrollments which is now in progress.

Until further notice, please address all communications concerning the contract to the undersigned.

PER DIRECTION OF THE COMMITTEE ON EDUCATION AND SPECIAL TRAINING

E. K. HALL

Business Director

[COPY OF CONTRACT]

REQUEST FOR ASSIGNMENT OF SOLDIERS OF STUDENTS' ARMY
TRAINING CORPS, UNITED STATES ARMY
TO

UNIVERSITY OF ILLINOIS COLLEGE (UNIVERSITY)

Board of Trustees of University of Illinois, a corporation under the laws of the
(Name of Institution)

State of Illinois hereby requests the War Department of the United States to assign to the institution Five thousand soldiers of the United States Army, members of the
(Estimated number in S. A. T. C. Unit)

Students' Army Training Corps, on the following conditions:

1. Eligible students are to be inducted into the United States Army on their voluntary application, on or about October 1, 1918, and are forthwith to be assigned on active duty at the institution.
2. The institution will after the assignment of such soldiers:
 - (a) Furnish such academic instruction to the said soldiers as may be approved or prescribed by the War Department, it being understood that until the War Department otherwise indicates, the regular curriculum shall be deemed approved;
 - (b) Will provide for the proper and sanitary housing of said soldiers in as large groups as reasonably possible;
 - (c) Will provide meals for the said soldiers of a quantity and quality equivalent to the standard Army ration, and under the proper sanitary conditions;
 - (d) Will provide suitable and adequate grounds for military instruction and drill of the soldiers and suitable offices for the military administration of the unit;

(e) Will cooperate closely with the War Department and its authorized representatives in all matters above referred to;

(f) Will receive from its students who are eligible for the Students' Army Training Corps and indicate their intention of applying for induction therein, only such proportion of the usual tuition and other fees as will cover the period from the opening of the college year to October 1, 1918, or, if more has already been received, will make individual adjustment with the students accordingly.

3. The War Department will:

(a) Provide for the military instruction of the soldiers;

(b) Provide uniforms and the necessary personal equipment of the soldiers to the extent practicable;

(c) Furnish necessary cots, blankets, and bed-sacks or mattresses to the extent practicable;

(d) Pay to the institution as soon as practicable after submission of duly executed vouchers the sum of \$1.00 per day for each soldier assigned to the institution on active duty, plus the following amounts for tuition: For soldiers assigned to all departments at Urbana the sum of .1766 cents per day. For soldiers assigned to the College of Medicine in Chicago the sum of .6666 cents per day. For soldiers assigned to the College of Dentistry in Chicago the sum of .5879 cents per day. For soldiers assigned to the School of Pharmacy in Chicago the sum of .41 cents per day. The first voucher submitted will cover the period of two weeks following the induction of the soldiers and their assignment to active duty, and vouchers will be submitted monthly thereafter.

4. It is understood that the arrangement evidenced hereby shall be temporary and that as soon as practicable a permanent contract shall be made between the institution and the War Department, covering the period to July 1, 1919. The basis of that contract with respect to payment shall be reimbursement for the actual and necessary costs of providing the instruction, subsistence and housing required during the entire period of the contractual relation with the War Department, the necessary adjustments to be made accordingly, provided that the per diem allowance to be made for cost of academic instruction shall not exceed the regular per diem tuition charge of the institution.

5. The institution and the War Department will co-operate to the fullest extent to obtain the best results, and will endeavor as soon as practicable to arrive at the said permanent contract on an equitable financial basis, in accordance with the principle of reimbursement for actual costs as above stated.

NOTE—Insert at this point a number of cents equal to the yearly tuition fees of the institution (or department thereof) in the college year of 1917-18 divided by 270; e. g. on an average yearly tuition fee of \$100.00 the amount is $100 \div 270 = .3703$ cents.

CONTRACTS FOR UNIFORMS

- (8) A letter from the Comptroller in regard to the disposition of the uniforms for the R. O. T. C. which were contracted for by the University.

October 11, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

At the meeting of the Executive Committee held on September 3, I was authorized to sell to students the uniforms contracted for, or to make such other disposition as was found to be possible, and under which proper realization could be had.

The Commanding Officer of the S. A. T. C. refused to authorize the sale of the uniforms to students. Subsequently, advice was received from the Committee on Education, stating that the Quartermaster General had been authorized to purchase contracts such as ours. On my request the Commanding Officer asked the Committee as to whether he was authorized to take over this material and use it for the local unit. He was advised that he was not so authorized, and that the matter would be handled entirely by the Quartermaster General's Office.

I have forwarded copies of the contracts to the Quartermaster General, and requested his early attention. The local Quartermaster has also kindly sent a recommendation to the Quartermaster General that the contracts be taken over at the price at which they were drawn. The matter therefore stands at this point, and we shall doubtless be obliged to wait for action of the Quartermaster General's Office.

Cordially yours,
LLOYD MOREY

LABORATORY FEES

- (9) A letter from the Registrar concerning fees.

October 9, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

I enclose herewith a list of the laboratory fees for the first quarter of the current year for presentation to the Board of Trustees.

In accordance with your instructions, I have begun the assessment of fees on the basis of this list and am transmitting the bills as I make them up to the Business Office for collection.

The fees in this list are based so far as possible upon the list of fees already approved by the Board of Trustees as given on pages 112-113 of the "Annual Register" for 1917-18. In other words, wherever one of our new quarter courses was based on one of our former semester courses we have simply made the fee proportional, the number of hours in the two courses and the number of weeks in the quarter and semester being taken into account. In a few cases where the course is entirely new this

quarter, we have had to base the fee on a new recommendation from the head of the department. The fees arrived at in this latter way are indicated in the list by the asterisk.

In accordance with our conversation of this morning, I have included in this list the locker fee of fifty cents a quarter for the courses in physical training for women (P. T. 7, 8, 10, 12, 13, and 14). This provision for the collection of the locker fee at the same time when the laboratory fees are collected and in the same way will save time and trouble for both the women students and the Business Office.

Sincerely yours,

C. M. McCONN

LEASE

FOR HOUSES USED BY THE UNIVERSITY OF ILLINOIS IN CONNECTION WITH THE UNITED STATES STUDENTS' ARMY TRAINING CORPS

THIS AGREEMENT made and entered into this.....day
of.....1918, between.....
party of the first part, and the Board of Trustees of the University of Illinois, of Urbana,
Illinois, party of the second part, witnesseth:

Whereby the party of the first part leases to the party of the second part as here-
inafter provided, the building at.....Street
Illinois, known as the.....house, for the purpose of a barracks
for members of the Students' Army Training Corps of the University of Illinois.

This lease shall be in force from the.....day of..... 1918, for so long a time as the party of the second part shall require the use of said property as barracks, and so long as said property meets the approval of the United States Government for such use. For the duration of such use and occupancy the party of the second part agrees to pay to the party of the first part the sum of \$..... per month rent, and the sum of \$..... per month for the first year, and the sum of \$..... per month for every year thereafter, to cover excessive wear and tear, payable monthly on or before the 10th of each respective month.

It is agreed that the party of the second part may at its expense install additional fixtures and make changes as required by the regulations of the War Department of the United States, including also additional connections to service mains or changes in such connections, and the erection of temporary buildings on the premises, provided that at the expiration of this lease the party of the second part shall, unless otherwise mutually agreed, remove all such fixtures, connections and buildings, and restore the property to its present form.

It is further agreed that at the expiration of this lease, the party of the first part shall have the option of purchasing and retaining any fixtures thus installed, or changes made, at a price to be mutually agreed upon.

The party of the first part agrees to maintain and keep said property in good and complete repair in every respect, and to pay all taxes, assessments and insurance.

The party of the second part agrees to use all diligence in the protection of the property, to give due care to the preservation of the floors, and the woodwork, to protect and keep in good condition the lawns, grounds and shrubbery, and to repair and replace any damage resulting from carelessness or abuse during the period of occupancy by it, but not from wear and tear or depreciation.

It is agreed that if the house is vacated during the winter months, the party of the first part will be responsible for draining water pipes, etc., and the party of the second part agrees to notify said party of the first part before vacating.

In witness whereof we have hereunto set our hands and seals the day and year above written.

Witness..... By.....

Party of the first part
THE BOARD OF TRUSTEES OF THE
UNIVERSITY OF ILLINOIS

Attest..... By..... Comptroller

Secretary Party of the second part

It is to be noted that this lease shall be in force for so long as the party of the second part shall require the use of said property as barracks, and so long as said property meets the approval of the United States Government for such use; that is, the Trustees may at any time give up these houses when it no longer has any use for them to house the S. A. T. C.; or if the Government objects to using the houses on sanitary or other grounds.

The action of the Comptroller in making these leases was approved.

HOUSING AND HOSPITAL SITUATION

(11) A letter from Thomas A. Clark, Dean of Men, concerning the housing of the Students' Army Training Corps, and concerning the hospital situation at the University.

October 15, 1918

President E. J. James, Administration Building

DEAR MR. PRESIDENT:

In accordance with your request, I am presenting these facts relative to our Students' Army Training Corps situation here. Owing to certain conditions, it has been impossible for us definitely to determine how many men are on the ground for induction in the Students' Army Training Corps. The illness of a large number of students and the inadequate medical force has left a great many people unexamined and uninducted. It looks now as if we might have about three thousand regular men over eighteen years of age, three or four hundred in the naval unit, and perhaps as many enrolled students who were not eighteen years old on September 12.

We have quartered our men in the houses which we have rented and in private houses, but we shall begin at once to move them permanently into the barracks which we have secured. Yesterday we fed in the mess hall in the Armory from four to six hundred, and we shall take over gradually the total number.

Two weeks ago to-day we realized that we were threatened with a severe epidemic of influenza. We had at that time facilities in our Isolation Hospital for taking care of fewer than twenty-five men. We had also only two nurses available and little equipment. During that time we have taken over successively College Hall, containing two hundred beds, the Beta Theta Pi house, containing about sixty beds, Osborne Hall, containing fifty-seven beds, and we are transferring girls, of whom there are now about seventeen, to the gymnasium in the Woman's Building. We have had at one time in the hospitals almost three hundred and fifty people. Five or six hundred have been ill. So far there have been seven deaths: one instructor, one undergraduate woman, and five undergraduate men. We still have some serious cases, and are likely to have further deaths. The situation, however, seems more satisfactory than it was, as there are fewer new cases and not many people seriously ill.

The situation as regards nurses has been really critical. It seemed impossible at first to obtain nurses, and the faculty women and the women who live in Urbana and Champaign offered their services freely and willingly. Through various friends, and especially through Mr. Orville Davis of Champaign, we have been able to secure about twenty-five graduate and practical nurses, and at present seem to have the situation well in hand. It has been a most trying and difficult work, but we have had the help of the members of the faculty and of the residents of this community as never before.

Very sincerely yours,
THOMAS ARKLE CLARK

SMITH SCHOLARSHIP IN MUSIC FOR MISS MARY PHELPS

(13) A letter from the Registrar concerning the granting of a Smith scholarship in Music for the year 1918-19 to Miss Mary Phelps.

September 17, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

I beg leave to report that, in accordance with your instructions, I have assigned a Smith scholarship in Music for the year 1918-19 to Miss Mary Phelps of 502 West Springfield Avenue, Champaign.

This scholarship will relieve her of the payment of the incidental and music fees for the coming year (three quarters). It is my understanding that, since Miss Phelps was a student in the University last year and has not passed the required examinations (see paragraphs 6 and 4 of the enclosed circular), this case will need to be reported to the Board of Trustees for approval as a special case.

Sincerely yours,

C. M. McCONN

The action of the Registrar in granting this scholarship was approved.

REGISTRATION OF MILITARY INSTRUCTORS--FEES

(14) A letter from the President of the University to the Registrar concerning the admission of commissioned and non-commissioned officers of the United States Army, who may be assigned to the University as instructors, to registration for work.

October 21, 1918

Mr. C. M. McConn, Registrar

MY DEAR MR. McCONN:

Subject to the approval of the Board of Trustees I hereby authorize you to permit commissioned and noncommissioned officers of the United States Army, who may be assigned to the University of Illinois as instructors in our unit of the S. A. T. C., to register for work in the University without payment of matriculation, incidental, or tuition fees. In so far as they register in courses which have laboratory fees, they should be required to pay those charges.

Faithfully yours,

EDMUND J. JAMES

The action of the President in this matter was approved.

COST OF HOUSING S. A. T. C.

(15) An estimate by the Comptroller of the cost of reconstructions made necessary by the barracking and rationing of the S. A. T. C. It has been impossible to make accurate estimate of the cost of reconstruction involved in putting in a new floor in the Armory, furnishing a kitchen, and making changes in the houses leased by the University as barracks for the members of the S. A. T. C., made necessary by the requirements of the United States Government. But as nearly as one can estimate at the present time, counting the kitchen equipment, etc., it would take the sum of about \$111,000 to cover these expenses.

This report was received for record.

RETURN OF MATRICULATION FEE OF STUDENTS DECEASED

(16) A request from the Registrar for instructions concerning the refunding of fees to the parents or guardians of students who have died since the opening of the term.

This matter was referred to the President of the University with power to act.

APPOINTMENT OF MR. F. D. CRAWSHAW AND MR. W. E. EKBLAW

(17) A recommendation from Dean David Kinley that Professor Fred Duane Crawshaw be appointed President of the Academic Board for the School of Military Aeronautics for another year, from October 4, 1918, at the same salary, namely \$450.00 a month; also, that Mr. W. Elmer Ekblaw be appointed Staff Fellow in Natural History for another year, from November 1, 1918, at a salary of \$150 per month, to follow the same line of work as during the past year and especially to work on the material sent to the University from the Crocker Land Expedition.

These recommendations were approved.

The Executive Committee adjourned.

URBANA, ILLINOIS, March 12, 1919

I certify that in the foregoing pages, numbered 151 to 171, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois, and of the Executive Committee, as approved and adopted by the Board at the meeting of March 11, 1919.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

November 23, 1918

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Saturday, November 23, 1918, pursuant to the following notice which was sent out by the Secretary on November 15, 1918:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Saturday, November 23, 1918, to consider matters submitted by the President of the University and the Committees of the Board, and such other matters as may be duly submitted.

When the Board convened, the following members were present: Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson.

President James was present.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of July 17, 1918, September 3, 1918, September 10, 1918, and October 1, 1918. On motion of Mr. Hoit, the minutes were approved as printed above on pages 1 to 149, inclusive.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board considered the following matters submitted by the President of the University.

FINANCIAL REPORT, STUDENTS' ARMY TRAINING CORPS

(1) A financial report on the S. A. T. C., by the Comptroller.

November 22, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to submit herewith a brief financial report of the Students' Army Training Corps.

Schedule 1—Financial Summary as at November 22, 1918

This is a cash statement, showing the actual outlay of the University up to the present date for all purposes whatsoever connected with the S. A. T. C., and the amount of accrued income to this date, under the contract with the Government. From this statement it will be seen that the total cash outlay of the University for all purposes has been \$265,746.20. These disbursements have been made out of the general funds of the University, which have been greatly depleted as a result. They will of course be reimbursed as the year progresses, until fully restored by June 30 next, provided the S. A. T. C. continues to that time. This statement also shows the net balance due the University to cover all expenditures at this date, \$174,630.

Schedule 2—Summary of Expenditures for Reconstruction and Overhead

From this statement it will be seen that the estimated total outlay for reconstruction, equipment, and general expense for the year, on account of the S. A. T. C. is \$186,663.52. It will therefore be necessary for us to realize from the Government through our contract an average daily amount of \$746.65 to cover this outlay. On the basis of the present strength of the S. A. T. C., the amount per man per day is 27.3 cents.

Schedule 3—Financial Statement of the Mess

This statement exhibits the average operating cost of the Armory Mess Hall for the two weeks ending November 14, showing that the average daily cost per man is 50 cents.

Schedule 4—Summary of Daily Cost per Man

This statement indicates the various items of cost to the University per man in the S. A. T. C., including rent of barracks, operation of barracks, operation of mess, and allowance for reconstruction, equipment, and overhead, a total of 95.3 cents. The present contract with the Government provides for the payment of \$1.00 per day per man. As will be seen from this statement if the S. A. T. C. is continued at its present strength to June 30, the University will be fully reimbursed for its expenses. If, however, there is any material reduction in numbers or additional reconstruction or alterations required by the War Department, the expense per man will increase and exceed the return under the present contract.

Schedule 5—Financial Summary of the Chicago Unit of the S. A. T. C.

The total estimated outlay for housing of the Chicago unit, as shown by this statement, for the entire period is \$25,953.00. This expense must be distributed over a period from November 21, which is the date we put men into barracks in Chicago, to June 30, 210 days. On the basis of the present unit of 370 men, the average cost per day will be 33.4 cents per day. A contract has been let with the Y. W. C. A.

cafeteria for the mess, the University to pay the cost of all food used, the Y. W. C. A. to furnish labor, and to receive 20 cents per day per man. We estimate that under this arrangement the mess will cost 70 cents per day per man, making a total cost of \$1.03. This is in excess of the present contract. Assuming that the strength of the Chicago unit continues as at present, and that the S. A. T. C. continues to June 30, the net amount of deficit on account of the Chicago unit will be \$2,641.80.

Cordially yours,

LLOYD MOREY

PAYMENT OF MEN DETAILED FOR HOSPITAL DUTY

(2) A request for authority to pay certain students who were detailed for hospital duty in the S. A. T. C. altho they had not been inducted into that organization and were not later inducted. These men lost all opportunity to carry on their work as students, they performed necessary service for the University, and they cannot be paid by the Government because they were not inducted. It is proposed to pay them at the rate of one dollar a day.

On motion of Mrs. Busey, the President of the University was authorized to pay such men at the rate of one dollar a day, up to a total of \$2,500. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mt. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Carr, Mr. Lowden, Mr. Trevett.

AMERICAN UNIVERSITY UNION IN EUROPE

(3) A request from the American University Union in Europe for the payment of the annual fee of \$500 toward its support. The University of Illinois with some two hundred other American institutions has joined in the support of this American University Union, whose object it is to help care for our American college and university graduates who are in Europe and connected with the Great War.

On motion of Mr. Blair, this appropriation was made, by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; no, none; absent, Mr. Carr, Mr. Lowden, Mr. Trevett.

BOND FOR ALCOHOL

(4) A letter from the Comptroller in matter of bond.

November 1, 1918

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

Under an Act of Congress, approved August 10, 1917, a bond is required in order to secure permission to use distilled spirits for other than beverage purposes.

We have a bond filed to cover the withdrawal of alcohol for use in our laboratories, but we cannot withdraw alcohol under this bond for use in our hospital. A separate bond such as referred to above is required for this purpose.

I enclose herewith a draft of a resolution, which must be passed by the Board of Trustees, in order that a bond of this kind can be furnished. I trust that action can be had on this resolution at the first meeting of the Board.

Cordially yours,
LLOYD MOREY

[RESOLUTION]

RESOLVED, That Lloyd Morey, Comptroller of the University of Illinois, be authorized to file with the Collector of Internal Revenue properly executed bond in the sum of One Hundred Dollars, to cover withdrawal of alcohol for use in the University hospital.

On motion of Mr. Blair, this resolution was adopted.

WAGES OF AGRICULTURAL LABORERS

(5) Certain recommendations as to wages of employees in the departments of the Agricultural College and Experiment Station.

Urbana, November 21, 1918

President Edmund J. James, University of Illinois

MY DEAR MR. PRESIDENT:

I am returning the recommendations which you handed me yesterday, concerning increases in wages of employees in the Departments of Dairy Husbandry, Agronomy, and Horticulture. The recommendations from the Animal Husbandry Department had preceded these by one or two days and should be taken into consideration in the same category. In this connection I note an error in transcribing in the case of Mr. Bert Gudgel, the second name on the list, which should read \$95 instead of \$90 for the proposed salary.

Concerning the original recommendations I have this to say: They were made after careful consideration by our Labor Committee, composed of one man from each department, taking up the cases man by man. After their recommendations were made, a joint discussion of considerable length was held between that committee and our conference of heads of departments.

These recommendations were filed before the signing of the armistice, and I did not know but that perhaps conditions might have changed slightly since that event and therefore asked the opportunity for reconsideration before you should make final disposition of the case. Accordingly a joint conference was held yesterday of the Committee on Labor and the heads of departments, the result of which was that we see no way in which these recommendations can be modified at the present time.

There is no doubt in anybody's mind that the amounts involved are in some cases excessive as compared with wages under normal conditions, but we are confronted by a situation which is unparalleled in our experience. These men have been clamoring for raises for months. Many have gone to other and more lucrative employment. The best of these men have all been offered larger pay than is involved in these recommendations. Mr. Chapman, for example, the most conspicuous case in the list, has a standing offer from Mr. Thompson of restaurant fame to operate his

farm. Mr. Regal is now negotiating with him for taking charge of the McHarry estate. With us he has long had charge of labor on the experimental fields. He finds men and he sees to it that the actual hour-by-hour work on the fields is such as to carry forward and not to destroy the various investigations. He is in every way as good a man and occupies in every way as responsible a position as Mr. Atkinson, for example. We know them both very well, having had them in our employ for many years, and both are men whom the University can ill afford to spare.

There are others in the list of those recommended for increases who are not at all in this class as to ability and reliability, but they are the best that we can get under the present circumstances. They occupy responsible positions, but are ready at any time to leave. We speak not without experience at this point because there has never been a time when so many men have left us for higher wages, and any one of our men here can go tomorrow for more money.

So true is this that it has been almost impossible for the department to hold the affairs of the University together during the past year. They certainly are not proposing to spend any more money than is absolutely necessary, because every one of them is poor and every one of them is sacrificing money in this direction which it needs for other and what are to it more important purposes, and it is the determination of the departments to replace as rapidly as possible all but the very best of these men with others at a lower figure. In the case of Mr. Chapman, however, I think we have a man whom we could not afford to replace. The same may be true of a few others but of a considerable number it is decidedly not true.

The whole matter is so complicated and withal so delicate in its possible consequences that I have this to suggest for your consideration; namely, that you meet with our Labor Committee and our heads of departments before finally deciding the matter, in order to get into details that cannot be discussed upon paper.

The situation is extremely difficult, but we are living under conditions that border on the perilous and I think they call for the very best deliberation it is possible to give. If the matter were not so serious I should not propose so much reconsideration, but it is very much more serious than can be expressed in writing. We have more than twelve hundred animals, for example, which may be left some morning with nobody to care for them. If this is to happen it should be only after the whole subject has been given the most exhaustive consideration.

Very truly yours,

E. DAVENPORT

P. S. Since dictating the above the Chairman of our Labor Committee has come to my office, and, not knowing the recommendation I have just made, urged me to ask the President to join our Committee on Labor in a discussion of the whole situation. Our people are very nervous about the matter, much more so than I have ever known them to be, and I think with every reason. you should know also in this connection that delegates of the laborers have been visiting our departments for weeks.

INDUCTION OF S. A. T. C. STOPPED

(6) A report that the induction of men to the S. A. T. C. had been discontinued by order of the Federal Government, on October 31, 1918.

This report was received for record.

RETURN TO RESERVE OFFICERS' TRAINING CORPS

(7) A statement concerning the possibility of returning to the basis of the Reserve Officers' Training Corps in case the S. A. T. C. were discontinued.

No action was taken in this matter.

REPORT, SCHOOL OF MILITARY AERONAUTICS

(8) A report to November 15, 1918, from Dean Kinley, who has been in charge of the School of Military Aeronautics.

November 20, 1918

President E. J. James

DEAR MR. PRESIDENT:

Following is a statement concerning the present status of the School of Military Aeronautics.

The School of Military Aeronautics has been occupying the Y. M. C. A. Building, the dance hall in the Bradley Arcade, and the Woman's Residence Hall, certain offices in the Transportation Building, and the building on Wright Street owned by the Students' Union. While this space was designed for taking care of the School at its maximum, the uncertainty concerning the future increase or decrease at the opening of this University year, made it impossible for us to abandon any of these buildings. It became evident, however, not long ago, that there was little likelihood of an increase of the School, and I had taken steps to reduce the amount of space used. However, orders came today virtually closing the School, so that the whole situation presents a different aspect.

*At a meeting of the Committee on Agriculture held after the Board Meeting, it was voted to refer this matter to the President of the University, with power to act, and he approved later the recommendation of the Committee on Labor.

The enrollment at present is 335. I understand that some of these will be relieved from the service at their own request, and some will go to Texas.

The list of employees of the S. M. A. is as given in the enclosed statement, marked I

These people are all employed with the understanding that service may be discontinued at any time. However, they have been paid from month to month, and I think fairness requires that they get a month's notice, or be paid a month's salary, while still subject to call for duty during that month. Of course, if in the meantime they secure employment elsewhere, their pay would be for only that part of the month that had elapsed up to that date. I mentioned this matter to you last night, and, as I understand, it met your approval. Notice has been given accordingly.

The financial statement at October 31st, as prepared by the Comptroller, shows that the total income on account of the School of Aeronautics, up to that date, was \$212,338.32 on the instructional side; \$99,676.57 from Mess Hall Number 1; and \$95,221.89 from Mess Hall Number 2, making a grand total of \$407,236.78. Expenditures on account of the School, apart from mess expenses, have aggregated \$199,465.75; expenditures at Mess Hall Number 1 have been \$87,544.88, and at Mess Hall Number 2 \$76,068.05, making a grand total of \$363,078.68. These figures in tabular form are given in the appended statement marked II.

The detailed statement of income and expense at the two mess halls are given in papers III and IV attached.

From the above, it will be seen that we have at the date mentioned a net surplus of nearly \$44,000 on account of the School of Aeronautics. But there are certain charges that must be made against this before we know our true balance. For example, the University has lost the income from the rental of the Woman's Residence Hall for more than a year. Mr. Morey estimates this at \$16,000.

In addition, some allowance ought to be made for restoring the Woman's Residence Hall to the condition in which it was when it was turned over to the School. Perhaps an additional \$1000 should be allowed for this. Still further, will be the expense of putting the Y. M. C. A. Building into condition to return to the Association. Other items will undoubtedly come up when we come to prepare our final statement of costs. Therefore the apparently large balance will be considerably reduced, and possibly wiped out; but it seems pretty evident, I think, that the University, financially, is in a safe condition in its relations to the School.

There will have to be adjustments concerning the valuation and ownership of certain equipment that has been bought for and used by the School, but these are matters that will have to be taken up a little later.

As the School is dissolved, I take the occasion to say that, on the whole, its personnel from the beginning has been excellent; the conduct of the men unexceptionable; and that the relations between the University and the officers of the School have been pleasant. Taking the year as a whole, there has been notably little friction and none at all for months past. The difficulties of the first weeks of the School's existence long ago disappeared, and I feel sure that many of the students, as well as many of the officers who leave us, do so with kindly feelings toward the University of Illinois.

Very truly yours,

DAVID KINLEY

HOSPITAL ACCOMMODATIONS-USE OF WOMAN'S RESIDENCE HALL

(9) Letter from Dean Kinley in regard to hospital accommodations.

November 21, 1918

President E. J. James

DEAR MR. PRESIDENT:

As you are aware, we were put to considerable trouble in making proper hospital provisions during the recent epidemic. It was necessary to use sundry buildings, all of which, I think, excepting the isolation hospital, we have rented.

Dean Clark, as I understand, is of the opinion that after the holidays we are likely to have our usual experience of an outbreak of different kinds of infectious diseases, and we ought to be preparing to take care of this situation.

Therefore, I wish to recommend that authority be secured to use the Woman's Residence Hall, now being vacated by the School of Military Aeronautics, as a consolidated hospital, from now until the close of the University year in June, and no longer; unless within the next week or two developments in the S. A. T. C. make other arrangements better. In making this recommendation I have given careful consideration to the fact that some people may wonder why the building is not immediately turned over to the young women for residence purposes. My reasons for thinking that this would be inadvisable at present are as follows:

1. I doubt whether the repairs and alterations necessary for occupancy as a residence hall could be completed before the beginning of the second semester. It would be undesirable to have workmen in the building after the girls move in.

2. Even if the time for reconstruction is sufficient, it would have to be done under conditions of scarcity and high price of labor and materials such as probably will not prevail next summer. We have felt the scarcity of labor in certain directions in getting our S. A. T. C. barracks ready.

¹Deduction of \$2165 made on account of furloughs beginning August 31 and included in Income of previous statements.

3. More important than the above is the undesirability of unsettling the minds of the young women of the University again with reference to where they are to live. As you are aware, there was a good deal of agitation among the young women at the beginning of the year about getting settled in their rooms. I think it would be unfortunate to have this repeated after the young women have regarded themselves as settled for the year.

4. Finally, I think it would hardly be fair to the landladies of the community to break in on their arrangements in the middle of the year. Such action would tend to break up our local arrangements by making them more reluctant to provide accommodations in the future, if the University were likely to upset their arrangements.

These reasons make me think that the use of the residence hall for the girls during the rest of this University year is inadvisable, and the best other use that we can put it to is probably that of a hospital. The building already has equipment for sterilization, isolation, and preparation of food.

Yours very truly,

DAVID KINLEY

On motion of Mr. Blair, after thoro discussion, the President of the University was instructed to proceed as soon as possible to make the Woman's Residence Hall available for use by the women by July 1, 1919.

The sentiment of the Board appeared to be that there was no objection to using the Woman's Residence Hall temporarily as a hospital in case of necessity, provided it should not interfere with the use of it as a Residence Hall next summer.

PURCHASE OF WOODLAND TRACT

(10) A recommendation of the Executive Committee to the Board of Trustees that the North Half of the Northwest Quarter of the Southwest Quarter, Section One, Township Nineteen North, Range Nine East, Third P. M., be purchased by the University and added to the Forest Reserve already begun. This plat embraces about twenty acres, and the price asked by the owner, Mrs. E. D. Ellrod, is three hundred dollars an acre. The purchase of this lot was recommended very strongly by the Committee in charge of the University Forest Reserve. It lies immediately next to, and really constitutes a part of, the forest plat now owned by the University. If the University does not take it within a short time, it will probably be cleared off, much to the injury of the forest land already owned. (See page 100.)

On motion of Mr. Trimble, the Comptroller was authorized to purchase this property. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; no, none; absent, Mr. Carr, Mr. Lowden, Mr. Trevett.

APPOINTMENT OF PROFESSOR I. S. GRIFFITH

(11) A recommendation that Professor Ira S. Griffith be appointed Professor of Industrial Education at a salary of thirty-five hundred dollars a year, beginning September 1, 1919.

On motion of Mr. Blair, this recommendation was adopted.

WORK IN TRAINING OF TEACHERS

(12) A report from Dean W. W. Charters of the College of Education on the vocational work in education begun in Chicago.

Room No. 416 in the Continental and Commercial Bank Building in Chicago was leased from October 1, 1918, to April 1, 1919, at a monthly rental of fifty dollars for the use of the department of industrial education for its work in that city.

President E. J. James

MY DEAR PRESIDENT JAMES:

Now that the training of industrial teachers in the Chicago center is well under way, I take the liberty of informing you about the condition of the work.

As you will remember, the Board of Trustees at its meeting of July 17, 1918, referred the matter of the training of teachers of the trades and industries under the Smith-Hughes Act to you with power to act.

The training of these teachers of the trades and industries introduces two factors which have not been heretofore present in the educational activities of the University of Illinois. Because of the requirements of the Smith-Hughes Act that teachers of the trades and industries must be experienced workmen in the trades which they are to teach, it was found necessary to recruit the teaching force from the trades rather than from the high-schools and colleges. To reach students for these teachers' courses the appeal had to be made to the trades unions and to other individual workmen rather than to high school students or to those enrolled in colleges. When this was done and the schooling of the applicants was investigated, it was found that while they were mature men only, a negligible number had more than the equivalent of eighth-grade graduation.

The second novel factor was the offering of courses for prospective teachers in the city of Chicago, which up to this time had not been undertaken.

The first step taken by us was to obtain a working agreement with the Board of Education of the City of Chicago under which they agreed to supply us with necessary classrooms for instruction and with the necessary classes for training in teaching, while the University agreed to pay the salaries of the teachers and other expenses incidental to the running of the work in this center.

Professor Griffith, who was appointed to take charge of the work in industrial education, being unable to obtain a release from the institution with which he was connected, made arrangements by which he devoted the time from the middle of September until the middle of October to the organizing of the work in the Chicago center.

In organizing the work it was decided to begin with two sections of machinists and steps were taken to give publicity to the work through newspaper advertising, through night classes and through personal interviews with the trades unions.

As a consequence of this action two classes with a total membership of fifty-five machinists were formed and two instructors from the technical high schools of Chicago were engaged to train these machinists to become teachers. Eight of the students are high-school graduates and the remainder have less than the equivalent of high-school graduation.

The teacher training work is now carried on exclusively in night classes. The students are busy at their trades during the day and for three nights in the week they meet to discuss the problems of teaching. The course is forty weeks long spread over a period of two years of twenty weeks each and at the end of that time those who successfully complete the work will be certificated to teach in the schools of the City of Chicago and elsewhere.

I am glad to report that the Board of Education of the City of Chicago, the Superintendent, the supervisors of vocational education in the trade schools and in the high schools, all are giving us their complete sympathy and support. I wish to report, also, the significant fact that the trades unions are likewise supporting our efforts in the most hearty manner.

You will remember that we planned to open at the beginning of the second semester a few other classes for the training of teachers of other industries as provided for in our budget for this year.

I wish to include in this report the further statement that beginning January 1, 1919, a director will take charge of the Chicago center and devote this full time to the work and that with the work so organized the State of Illinois has the best opportunity of any state in the Union to develop teacher training work in the industries because it stands third in the amount of money provided for that purpose and the two states that stand above it have the work scattered widely among several institutions.

With regard to plans for the future as outlined in the biennial budget I may recall the fact that we propose to have ten of these sections running next year in the city of Chicago and several in other cities of the state as the need for them becomes apparent to us and to the State Board of Vocational Education.

When the plans have been finally brought into operation the University of Illinois will through this project for teacher training be turning out 100 certificated graduates of these courses each year who will in turn be instrumental in the training of approximately five thousand workers in the grades and industries every year. This is probably the greatest immediate service that the University has up to this time been able to perform for the trades and industries of the state.

Very sincerely yours,
W. W. CHARTERS

LEAVE OF ABSENCE FOR ASSISTANT DEAN RANKIN

(13) A request from Professor F. H. Rankin for leave of absence on one-half pay, to enable him to spend his time with the educational work of the Y. M. C. A. Overseas Organization.

On motion of Miss Watson, the President of the University was authorized to grant such leave of absence, if he finds it possible to make suitable arrangements for Mr. Rankin's work.

USE OF Y. M. C. A. BUILDING

(14) Notice has just been received that the School of Military Aeronautics at the University of Illinois will be closed shortly and the students ordered away. This will

necessitate, of course, some very radical changes in our present arrangements. The Y. M. C. A. building, which the University has rented for the use of the School of Military Aeronautics, will be released from use for that purpose. The Woman's Residence Hall will also be released from use for the same purpose.

It is possible that we can use the Y. M. C. A. building for the S. A. T. C., and I am asking authority to take over the building for this purpose, giving up some of the houses which have been leased for housing the S. A. T. C. Professor White thinks it would be quite impossible to fit up the Woman's Residence Hall for the use of the women by mid-year, and unless that is done it would not be advisable or desirable to attempt to use it until next autumn.

It is quite necessary, however, for us to make better arrangements for hospital accommodations than we have at the present time. It seems on the whole, therefore, that we might be using the Woman's Residence Hall until the close of the year as a general hospital for the S. A. T. C. and other students of the University. It would be used without any material additional expense. It could be easily fitted up and would be admirably adapted for that purpose.

On motion of Miss Watson, the matter of the use of the Y. M. C. A. building was referred to the President of the University, with power to act.

USE OF NAME UNIVERSITY PRESS

(15) A letter from Miles and Parris, the University Press, 108 South Neil Street, Champaign, Illinois.

November 18, 1918

Mr. H. E. Cunningham, Supt. of Printing, University of Illinois

DEAR SIR:

Realizing the inconvenience and confusion that is possible with a University Press and a University of Illinois Press in the same locality, we feel that one of the two concerns should change its name.

We have been advertising our office for the past ten years as the University Press, and to change our name at this time would entail an expenditure of approximately \$75.00. However, we feel that all enterprises of the state should work in perfect co-operation with the University, and that we, as one of these enterprises, are willing to change our name so that it will in no way conflict with the University of Illinois Press, provided, however, satisfactory arrangements can be made.

Assuring you of our willingness to meet with you and talk this matter over at any time you may specify, we are,

Very truly yours,

THE UNIVERSITY PRESS,

By W. D. M.

On motion of Mr. Blair, this matter was referred to the President of the University with power to act.

FUEL CONSERVATION CIRCULAR

(16) A letter from Eugene McAuliffe, Manager of the Fuel Conservation Section of the United States Railroad Administration.

November 12, 1918

TO REGIONAL DIRECTORS:

Mr. A. H. Aishton

Mr. C. H. Markham

Mr. B. F. Bush

Mr. A. H. Smith

Mr. Hale Holden

Mr. B. L. Winchell

Mr. N. B. Maher

DEAR SIRs:

The Engineering Experiment Station of the University of Illinois at Urbana, Illinois, has recently published its Circular No. 8, entitled "The Economical Use of Coal in Railway Locomotives".

This is an excellent pamphlet on fuel conservation. It contains 70 pages, is very well illustrated, and is sure to be interesting and useful to enginemen, trainmen, shopmen, trainmasters, dispatchers, and others who have to do with locomotive operation and maintenance or with train operation.

I would suggest that you ask the Federal Managers to obtain a supply of these circulars for the men on their roads, or ask them, at least, to advertise it among their men. Its wide circulation will promote fuel economy.

It may be obtained from the Engineering Experiment Station of the University at the address above given. In lots less than 100, the price is twenty cents a copy, postage prepaid. For 100 or more the price is \$15.00 per hundred, shipped collect.

A number of copies, as shown below, is being sent to you separately for your inspection and distribution.

Very truly yours,

EUGENE MCAULIFFE

Manager

ELECTRIC CURRENT FOR Y. M. C. A. HUT

(17) A request submitted by Professor S. W. Parr on behalf of the State Committee having in charge the War Work of the Y. M. C. A., asking that the University furnish the light for the Y. M. C. A. hut at the corner of Wright and Green Streets, which was donated by the War Work Committee of the Y. M. C. A. for the use of S. A. T. C. men. The estimate is that the current required would be somewhat over ninety-one kilowatts per week. He also requests that an electrical connection be made between the army hut and the University system.

On motion of Mr. Hoit, the Supervising Architect was instructed to furnish during the continuance of the S. A. T. C. the electric current for lighting the Y. M. C. A. hut.

HOG SERUM LABORATORY

(18) A statement that the Director of Agriculture of the State of Illinois, Director Charles Adkins, raises the question whether the University would accept the laboratory erected at Springfield for the manufacture of hog cholera serum.

It was the opinion of the Board that if the State would provide for the expense of maintaining the laboratory, the University would be willing to take it over so far as its work is devoted to investigation and research in hog cholera and similar diseases, but that the University would not desire to undertake the police or regulatory work hitherto vested in that department.

STATUS OF PROFESSOR E. L. BOGART

(19) A statement that Professor E. L. Bogart was granted sabbatical leave of absence on one-half pay for the current academic year. Soon after the first of December he was called on by the War Board in Washington to assist them, and is now under pay of the Government. He has returned his September salary and is now asking for leave of absence without pay for the present year.

On motion of Mrs. Busey, the President of the University was authorized to grant such leave of absence.

LEAVE OF ABSENCE FOR PROFESSOR LYBYER

(20) A request for authority to extend the leave of absence without pay granted to Professor A. H. Lybyer to April 1, 1919, to enable him to act as adviser on historical matters concerning the Balkan states at the Peace Conference.

On motion of Mr. Trimble, this request was granted.

PROPOSED SETTLEMENT OF REDMON CASE

(21) A letter from Judge Oliver A. Harker, Counsel for the University, saying that the attorneys for Redmon in his case against the Board of Trustees have indicated a willingness to settle the case for one hundred and fifty or two hundred dollars.

On motion of Mr. Trimble, this offer was declined.

At this point, Mrs. Busey withdrew.

PROPOSED SUMMARY OF BUDGET

(22) A request for authority to submit to the Legislative Reference Bureau a summary of the proposed budget for the next biennium, based on the proceeds of the mill-tax, fees, and federal funds.

On motion of Mr. Blair, the President of the University was authorized to draw up a budget based on the assumption that the University will receive the proceeds of the mill tax and other usual income, and to include an additional item of \$300,000 for a clinical laboratory for the College of Medicine.

REPORT, ARMORY MESS HALL

(23) A report of the Comptroller on the Armory Mess Hall from October 14 to October 31, 1918.

November 8, 1918

President Edmund J. James

MY DEAR PRESIDENT JAMES:

I beg to enclose a report of the Armory Mess Hall from its opening on October 14th to October 31st, a period of 18 days. This report includes all expense of costs as accurately as we have been able to determine them, together with an allowance to cover the expenditures for reconstruction and equipment. This allowance is based on an expenditure of approximately \$62,500.00, to be distributed over a period of 250 days. The amount of \$62,500.00 includes only the actual expenditures on account of the mess, as nearly as that can be separated from expenditures on account of the upper floor and related toilet facilities for barracks use.

The number of meals charged is based on the daily mess reports. As a matter of fact, we shall be allowed to render bills for the entire strength of the unit on any given date. Under this plan our income will be considerably increased. For example, the number of men served on November 6 was 2814, whereas the strength of the unit at that date was 3034. On this basis our average daily expenditure would be reduced about $4\frac{1}{2}$ cents, making a net average expenditure for the month of October of approximately 63 cents per day, including allowance for equipment.

The expenditures at the Armory on account of reconstruction and equipment, more specifically for the mess, amount to approximately \$36,000.00. If the Armory is used as a barracks a rent sufficient to cover this expenditure can probably be realized through the charge for housing. If however this is not done, these expenditures must be made from the returns on the mess. Such an arrangement would constitute an addition of approximately 4 cents per day, making an average for the month of October, after allowing for a charge based on the full strength of the unit, of 67 cents.

You will observe from the report that the average for the first week was very much higher than for the two succeeding weeks. I think it may be safely said that our average cost at the present time, including allowance for the *total* expense of reconstruction and equipment in the Armory, is not above 62 cents per day.

Cordially yours,

LLOYD MOREY

MEDICAL SECTION, S. A. T. C.

(24) A letter from Mr. W. H. Browne as to the medical section of the S. A. T. C. unit.

November 19, 1918

Mr. Lloyd Morey, Comptroller

MY DEAR MR. MOREY

I was called upon today by Captain Yearous, representing Major A. T. Knight, of the Committee on Education and Special Training, Students Army Training Corps, for Illinois, Wisconsin, and Michigan, located at Lewis Institute, Chicago. He inspected our Barracks and passed upon them favorably for occupancy. We expect to move in tomorrow. He called for a statement of expense so that in executing the contract between the University and the War Department, a correct estimate of expenditures could be incorporated therein. Do I understand that a separate contract for the Chicago schools must be made? If so, the following figures will be a guide in making up the per diem expense. (See page 176.)

* * * * *

On the basis of 370 men in the unit for 270 days, the cost per day, per man, would be about 26 cents per day, if we divide this grand total by the grand total number of days.

The contract price for feeding the men will run between 65 and 70 cents per day.

Regarding the tuition in the three schools, Captain Yearous suggested that a general average be made so that the rate charged would safely reimburse the Uni-

versity for all tuition. He says the contract should be dated November 1, 1918. If this can be done, it will provide for the payment of tuition by all members of the S. A. T. C. who have already paid tuition for the month of October. What steps do you wish me to take as to this contract, or will you attend to all details?

Some of the figures above mentioned are not entirely accurate, and I would refer you to Professor White for the actual contract figures for plumbing, carpentering and electrical work.

Captain Yearous states that in his opinion, should the S. A. T. C. be discontinued any time before the expiration of nine months, the University would be reimbursed for all expenditures made thus far.

Yours very truly,
W. H. BROWNE

Secretary

RESIGNATION OF PRESIDENT JAMES WITHDRAWN

At this point, President Abbott called up the matter of the resignation of President James, presented to the Board on September 3, 1918 (see page 131).

On motion of Mr. Blair, President James was requested, by a unanimous rising vote, to withdraw his resignation.

President James withdrew his resignation.

ASSIGNMENT OF KUNZ PATENT

The Secretary presented a document assigning to the University the rights of Dr. Jakob Kunz, Associate Professor of Mathematical Physics, in a patent covering an improvement to the photo-electric cell.

This assignment was accepted.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

January 8, 1919

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 10 o'clock a. m. on Wednesday, January 8, 1919, pursuant to the following notice which was sent out by the Secretary on January 3, 1919:

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel, in Chicago, on Wednesday, January 8, 1919, at 10 o'clock a. m. to consider matters submitted by the President of the University and the Committees of the Board, and such other matters as may be duly submitted.

As there was no quorum, the Board adjourned.

EXECUTIVE COMMITTEE MEETING, JANUARY 8, 1919

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, on Wednesday, January 8, 1919, immediately following the adjournment of the meeting of the Board on the same day.

Mr. W. L. Abbott, Chairman, and Mr. O. W. Hoit, a member of the Executive Committee, were present; also Mrs. Laura B. Evans, Mr. C. A. Trimble, and Miss Florence E. Watson, members of the Board; also Mr. J. E. Taggart, a former member, and Mrs. Margaret D. Blake, a member-elect.

President James was present; also, during part of the day, Dean W. W. Charters, Professor E. A. White, and Mr. Wayne Dinsmore, Secretary of the Percheron Society of America.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Executive Committee considered the following matters submitted by the President of the University.

DAMAGE TO PROFESSOR HOLLISTER'S HOUSE

(1) A request from Professor H. A. Hollister for compensation for damage caused by the backing up of sewage into the basement of his house on Armory Avenue.

It appears that when provision was made to care for the sanitary waste of the Armory, incident to the construction of the S. A. T. C. kitchen, all the sanitary waste, except the dishwater, was carried into the sanitary sewer. As Professor White thought the sanitary sewer was not capable of carrying all the dishwater, part of it was turned into the storm sewer. Owing to the stoppage of the storm sewer line, this backed up into Professor Hollister's basement. Professor Hollister incurred a damage from this action of the University authorities amounting to \$63.00 as indicated in the appended statement. Professor White thinks he has a just claim for this amount.

URBANA, ILLINOIS, December 30, 1918

The University of Illinois,

Dr.

*To H. A. Hollister, account of sewage defilement of the
basement of his home at 508 Armory Ave., Nov. 15 to 28, 1918:-*

Hotel room at Beardsley (3 days).....	\$ 6.00
Meals (7 days).....	17.90
Food and vegetables destroyed.....	9.00
Extra street car fares.....	1.60
Disinfectants.....	4.00
Cost of cleaning basement (8 times).....	12.50
Medical treatment of wife made necessary by effect of poisons from sewage.....	12.00
	<hr/>
	\$63.00

On motion of Mr. Hoit, the bill submitted by Professor Hollister was ordered paid.

WAGES AND HOURS OF LABOR

(2) A letter from Professor White recommending certain increases in the wage scale for the Power Plant mechanics, helpers, and janitors of the University.

President E. J. James

DEAR SIR:

We have worked out what seems to us to be an equitable wage scale for our Power Plant mechanics, helpers and janitors, which we desire to put into effect the first of the month. The scale is based upon an eight-hour day, and on the following hourly rates:

Janitors and watchmen

For the first six months.....	40c
For the next six months.....	43c
After one year.....	45c

Power Plant Laborers

For the first six months.....	40c
For the next six months.....	43c
After one year.....	45c

Power Plant Firemen and Engineers	
For the first six months	45c
For the next six months	48c
After one year	50c
Mechanics helpers (except boys)	
For the first six months	40c
For the next six months	43c
After one year	45c
Truck Drivers	
For the first six months.	45c
For the next six months	48c
After one year	50c
Truck Helpers	
For the first six months	40c
For the next six months	43c
After one year	45c
This will add about \$10,000 to our payroll for the next six months.	

I think the only questionable change is in the case of the janitors whom we propose to change from a 10-hour day to an 8-hour day, increasing their hourly rate from an average of 33c an hour to 45c an hour. They would receive the same total daily advance by increasing their present hourly wage by 3c and keeping them on the 10-hour basis. I don't think there could be any criticism of this increase, but in view of the fact that all of our other employes (except the groundsmen) are on an 8-hour basis, I believe we are justified in making the change. We have been gradually working towards the 8-hour day and would like to adopt it for all employes, but do not see our way clear at the present time to put it into effect in our Grounds Department because of the similarity of their work to that of certain departments in the College of Agriculture.

Yours truly,
 JAMES M. WHITE
Supervising Architect

The recommendation of Professor White was approved for the first six months of the present year.

PATENTING OF INVENTION BY PROFESSOR E. A. WHITE

(3) A request from Professor Earl Archibald White for permission to take out a patent on an improved hitching device.

Professor White and Mr. Dinsmore presented this matter in detail. After full discussion, the matter was referred to the Committee on Agriculture with power to act (see page 222).

RECESS IN HONOR OF MR. ROOSEVELT

At this point, at 11:45 a. m., a recess of five minutes was taken in memory of Mr. Theodore Roosevelt.

AUTHORITY TO APPOINT GRADUATE SCHOLARS AND FELLOWS

(4) A request for authority to appoint scholars and fellows in the Graduate School for the year 1919-20, on recommendation of the executive faculty of that School, with stipendia to the total amount of twenty-five thousand dollars.

This request was granted.

BOOKS FOR THE UNIVERSITY OF LOUVAIN

(5) A request from the Chairman of the Louvain University Library Committee for the donation to the library of the University of Louvain in Belgium of such books as the University may be able to spare from its collection.

The University Librarian, Mr. Phineas L. Windsor, was authorized to select books from the duplicates in possession of the University to the extent of one thousand volumes and send them as a gift from the trustees and faculties of the University of Illinois to the sister University of Louvain, Belgium, whose library was destroyed on the burning of the city by the Germans.

APPOINTMENT OF PROFESSOR CRAWSHAW

(6) A recommendation that Professor F. D. Crawshaw, formerly President of the Academic Board of the School of Military Aeronautics, be appointed Professor of Industrial Education and Assistant to the Director of the Engineering Experiment Station, beginning January 1, 1919, and continuing until the expiration of the term of his appointment, namely October 1, 1919, at a salary of \$450 a month.

This appointment was authorized.

COOPERATIVE AGREEMENT

(7) The text of a proposed agreement between the United States Bureau of Mines and the University of Illinois for the fiscal year ending June 30, 1919.

AGREEMENT between the United States Bureau of Mines, the State Geological Survey Division of the State of Illinois, and the Engineering Experiment Station of the University of Illinois.

The United States Bureau of Mines, hereinafter referred to as the Bureau, the State Geological Survey Division of the State of Illinois, hereinafter referred to as the Survey, and the Engineering Experiment Station of the University of Illinois, hereinafter referred to as the University, desiring to make cooperative investigations and disseminate information with a view to improving conditions in the mining, quarrying, metallurgical, and other mineral industries, safeguarding life among employees, preventing unnecessary waste of resources, and otherwise contributing to the advancement of these industries, hereby agree as follows:

1. The Bureau will maintain in the buildings furnished by the University, on its campus at Urbana, Illinois, a mining experiment station devoted to the above purposes and to such other investigations as may be assigned to it from time to time by the Director of the Bureau, and will, during the fiscal year ending June 30, 1919,

expend in the work of this station a sum approximating \$9,510, and as nearly as feasible in accordance with the supplemental agreement which is attached hereto and made a part hereof.

2. The University will furnish on its campus free of charge a laboratory, if needed, and proper office rooms for the purpose of conducting the investigations herein mentioned and contemplated, authorized to be conducted by the Bureau, together with equipment contained therein; such use to be without cost to the Bureau for rent, water power, light, heat, or repairs. The University further agrees to give to the employees of the Bureau the free use of such laboratory facilities and other equipment and apparatus as may be required, and of the library, in so far as their use does not interfere with the regular work of instruction of the University. It also agrees to spend in connection with this work such a sum of money as is to be agreed upon in conference by the Director of the Bureau, the Chief of the Survey Division, and the Director of the Engineering Experiment Station, or their representatives.

3. The Survey agrees to set aside a sum approximating \$8,000 and the University approximately \$5,000, which sums are to be spent in connection with the co-operative work and in such a manner as may hereafter be agreed upon by the Director of the Bureau, the Chief of the Survey Division, and the Director of the Engineering Experiment Station, or their representatives, which supplemental agreement is hereto attached and made a part of this agreement.

4. Those investigations which are conducted jointly by the Bureau, the Survey, and the University, and which relate largely to the State of Illinois, will be under the joint control of the Director of the Bureau, the President of the University, and the Chief of the Survey Division, or their representatives, who together will determine the problems to be undertaken, the general methods to be employed, and the manner in which results are to be published, but each party to this agreement will have sole supervision of the work of its employees, and of those investigations which are not a part of this agreement. Director is to have charge of investigations not relating largely to the State.

5. Each party will submit to the others semi-annual statements of expenditures, dated December 31 and June 30, for work relating to Illinois.

6. All records of the progress, status, or results of the cooperative work relating solely to the State of Illinois, including all reports and papers, will be freely accessible to all parties at all times.

7. Each publication issued by either party giving results of cooperative investigations relating to the State of Illinois will recognize in the text and on the cover and title pages the cooperation of the other parties, but neither party to this agreement will publish joint results without the express consent of the other parties, nor will such results be published prior to publication by the Bureau except with the express consent of the Director of the Bureau.

8. The Bureau will distribute to the citizens of the State of Illinois a reasonable number, to be eventually agreed upon, of copies of each published report relating to the State of Illinois resulting from the work of this cooperation, not more than one copy of any report being given to one person.

9. The employees of the Bureau will not teach in the University nor will their names appear as members of the faculty.

10. This agreement, unless renewed, will expire June 30, 1919.

IN WITNESS WHEREOF, The said parties by their duly authorized officers have hereunto set their hands this 6th day of November, 1918.

VAN H. MANNING,
Director, United States Bureau of Mines

WITNESSES.

F. W. DEWOLF,
*Chief, State Geological Survey Division,
State of Illinois*

J. D. SECREST
E. A. HOLBROOK
H. H. STOEK

C. R. RICHARDS,
*Director, Engineering Experiment Station,
University of Illinois*

APPROVED: November 6, 1918.

E. C. BRADLEY,
Assistant to the Secretary

This agreement was approved.

ELLROD PROPERTY PURCHASED

(8) A letter from the Comptroller concerning the purchase of twenty acres of timber land from Mrs. Etta D. Ellrod.

December 7, 1918

President Edmund J. James

MY DEAR PRESIDENT JAMES:

I beg to advise you that in accordance with action of the Board of Trustees, I have purchased from Mrs. Etta D. Ellrod of Urbana, the twenty acres of timber known as the North one-half of the Northwest one-fourth of the Southwest one-fourth of Section 1, Township 19 North, Range 9 East of the Third Principal Meridian, in Champaign County, Illinois, at \$300 per acre, total \$6,000.

A complete abstract has been furnished by the purchaser, which has been fully approved by Judge Harker. A warranty deed in proper form has been furnished, which together with the abstract has been filed with the Secretary of the Board of Trustees.

Cordially yours,
LLOYD MOREY

This report was received for record.

SEAL FOR REGISTRAR'S OFFICE

(9) A request from Mr. C. M. McConn, Registrar, that he be permitted to obtain a separate seal for use in his office. It is the opinion of Judge Harker, the Counsel of the University, that there can be no objection to the Board of Trustees allowing the Registrar to have a separate seal, provided it is identical with the one already in use.

The Secretary of the Board was authorized to issue such a seal to the Registrar.

MISSISSIPPI VALLEY HISTORICAL REVIEW

(10) A request from the Mississippi Valley Historical Society, through Clara S. Paine, Secretary and Treasurer, for a continuance of the grant of \$100 for the support of the *Mississippi Valley Historical Review* for the year ending June 1, 1919. Professor Alvord of the University is editor of this magazine, and the editorial work is done chiefly at the University.

This request was granted.

DEGREES GRANTED

(11) Recommendations from the Senate as to the granting of certain degrees.

December 11, 1918

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate at its meeting of December 9, 1918, voted to recommend to the Board of Trustees that degrees be conferred as follows:

Bachelor of Literature as of the Class of 1881

BENJAMIN FRANKLIN PEADRO

Bachelor of Science (in Civil Engineering)

JOHN ALLEN SCOVILLE

Master of Arts (in Education)

ROY WILLIAMS FEIK

Doctor of Medicine

FRANK MERLE DRYDEN

Bachelor of Science (in Medicine)

SAMUEL NARODITSKY

HERALD BERNARD NORVIEL

ARMOND J. RUPPENTHAL

FRANK MAX WITTELE

Sincerely yours,

C. M. McCONN

Clerk of the Senate

The President of the University was authorized to issue diplomas to the persons recommended in this communication.

LABORATORY PRIVILEGES FOR SCHOLARS FROM OTHER UNIVERSITIES

(12) A request from the Dean of the Graduate School for a declaration of policy by the Trustees in regard to extending the privileges of the use of the University laboratories to members of other university faculties.

The President of the University was authorized to extend the privilege of working in the various laboratories of the University without charge to members of the faculties of other colleges or universities of the world, provided they be recognized as authorities in their respective fields and come to the University with written credentials from the faculties of their institutions or from their governments, asking that they be received as guests.

At this point, a recess was taken for luncheon.

WOMEN'S LAND ARMY SCHOOL

(13) A request from Mrs. Margaret Day Blake for permission to present the matter of extension service in agriculture and home economics known as the Women's Land Army.

Mrs. Blake presented this matter in detail.

COLLEGE OF EDUCATION

(14) A request from Dean W. W. Charters for permission to present a statement of the needs of the College of Education.

Dean Charters presented this matter in detail.

**SUIT TO QUIET TITLE TO SMITH FARMS
LEASE AND SALE OF ST. JOSEPH FARM**

(15) Two letters from the Comptroller in regard to the Smith farms.

January 7, 1919

President Edmund J. James, University Club, Chicago, Illinois

MY DEAR PRESIDENT JAMES:

Referring to the proposed sale of the Smith farm near St. Joseph to Mr. Elmer Ehler, as per my communication of December 3rd, I beg to advise that attorneys for the purchaser have examined the abstract to this land and have pointed out that a suit to quiet title will be necessary before the title will be in a form acceptable to the purchaser and to the parties making the loan to him to cover the purchase.

The contract calls for possession of the premises by March 1, 1919, and for a merchantable title by March 15th. Court proceedings can not be had before April, although they can probably be instituted before March 1st. The purchaser has proposed that an allowance of \$5.00 per acre, or \$1,200, be made on the purchase price, in consideration of which he will accept the title as it now stands and relieve the Board of Trustees of further obligation in this respect. I do not consider that the expense of perfecting the title will at all approach this amount, in fact, it should not exceed \$250. On the other hand, both the purchaser and the parties financing him will doubtless ask for some guarantee from the Board of Trustees that the title will be perfected.

I recommend that the Legal Counsel of the University be directed to proceed at once to quiet this title to the satisfaction of the purchaser at the earliest possible date, and that in order to complete the transaction of March 1st and secure payment of the purchase price to the University, I be authorized to make such arrangements as may be necessary to satisfy the purchaser by allowing him to with-hold a certain amount of the purchase price until the title has been perfected, at which time of course he will pay over the full balance of the price due as per the contract.

Cordially yours,
LLOYD MOREY

January 7, 1919

President Edmund J. James, University Club, Chicago, Illinois

MY DEAR PRESIDENT JAMES:

In the matter of the proposed sale of the farm at St. Joseph, I beg to call your attention to the status of the lease on that place. This farm was leased for the year

ending March 1, 1919 to Mr. L. A. Coffee. Last summer Professor Mosier, who has charge of the operation of the Smith farms, directed Mr. Coffee to put in a crop of wheat, not being certain of course that a sale of the land would be effected. Mr. Coffee proceeded to do this, in addition to some other work in connection with crops for 1919. It seems that no definite understanding was had between Professor Mosier and Mr. Coffee as to the possibility of the sale of the place, or as to the value of the work which Mr. Coffee was directed to do in such event.

Mr. Coffee now insists that a considerable amount be allowed him on account of what he claims will be damages resulting from his being obliged to move and lose the benefits of the crops which he has put in.

The purchaser of the place, Mr. Elmer Ehler, has made a proposition offering to assume the whole affair with Mr. Coffee and to make such adjustments with him as are necessary, for the total sum of \$500.00. The amount claimed by Mr. Coffee as due him is \$1,200, and he has indicated that he will carry the matter into court unless satisfactory adjustments can be made.

Professor Mosier agrees that the proposition made by Mr. Ehler is a reasonable one and Judge Harker recommends that the matter be settled in this way if possible, rather than allow it to come to legal proceedings. I may say in this connection however that all necessary legal steps in the matter such as proper notices to the tenant for possession March 1st, etc., have been covered, in accordance with instructions from Judge Harker.

I recommend that I be authorized to pay Mr. Elmer Ehler, the proposed purchaser of this farm, the sum of \$500.00, in consideration of which he will undertake to make full adjustment with the tenant of the place, this payment to be made from the income of the Smith farms for the current year, on account of which there is now a balance of approximately \$4,000.00.

Cordially yours,

LLOYD MOREY

These matters were referred to the President of the University with power to act.

HOG CHOLERA SERUM LABORATORY

(16) Letters from Dean Davenport and Mr. Charles Adkins, Director of the State Department of Agriculture at Springfield, concerning the transfer of the Hog Serum Laboratory at Springfield from the Department of Agriculture to the University of Illinois.

November 19, 1918

President Edmund J. James, University of Illinois

MY DEAR MR. PRESIDENT:

The question of transferring to the University for research purposes the laboratory originally established at Springfield for the manufacturing of hog cholera serum has been under discussion for a number of months. Director Adkins and we agree that the line of demarcation between the duties of the Department at Springfield and the University is a line between regulatory and research work.

Director Adkins therefore proposes that this laboratory should be transferred to the University for pathological purposes, and I am now in correspondence for the

[January 8,

sake of learning in detail what the transfer would mean in the way of budget estimates. When this correspondence is complete, I shall be glad to forward it in connection with our other estimates already filed.

Very truly yours,
E. DAVENPORT

November 13, 1918

Mr. Eugene Davenport, Dean of the Illinois Agricultural College

MY DEAR DAVENPORT:

Yours of the 11th received and I note what you say about Mr. Rusk's report to you with regard to taking over the Laboratory.

Dr. Peters and I just took the matter up with Mr. Wright, Director of Finance, and explained to him what this move meant, all of which he approved. Our budget is being arranged accordingly. We will be very glad to turn this over to the College of Agriculture for the reasons that we have already discussed.

I would suggest that you have your Board take formal action so that they may appoint a committee to formulate the plans by which this property can be turned over to you by the Legislature in a legal way.

The details of the Laboratory and the help that is there at the present time can be arranged for with yourself and myself at some future date.

Yours very truly,
CHARLES ADKINS
Director

November 18, 1918

Mr. Eugene Davenport, Dean of the Illinois Agricultural College

MY DEAR MR. DAVENPORT:

As per your request of November 14th, asking for information concerning the cost of maintenance, budget items, etc., in connection with the running of the Laboratory, which is to be transferred to the University, I submit the following budget items which were to be submitted by us for next year:

1 Bacteriologist.....	\$3,000.00
2 helpers—each	900.00
Farm and garden supplies.....	200.00
Medical Hospital Laboratory Improvement (purchase of animals for tests, etc.)	3,000.00
Fuel.....	200.00
Feed for Livestock	1,000.00
Horseshoeing	75.00
Repairs (Farm machinery and Buildings—insufficient).....	600.00
Equipment (entire).....	350.00
Revenue received from hogs purchased for tests.....	1,500.00
Telephone.....	75.00

Yours very truly,
H. H. PARKE
Assistant Director

LIVESTOCK LEGISLATION

A bill will be introduced to turn the state biological laboratory—formerly the serum plant—over to the University of Illinois for use in research and experimental work in the control of animal diseases. Such experimental work is one of the greatest needs of the livestock industry, and the legislature will do this industry a great service by turning this laboratory over to the university and making liberal appropriation for its operation.

It is also proposed that a veterinary college be established at the university. This idea has merit, but is not nearly so important as the experimental work. *Prairie Farmer*, December 14, 1918, Vol. 90, page 5.

It was the opinion of the Executive Committee that the University would consider taking over this Laboratory, provided proper provision was made for its financial support outside the present University budget.

VETERINARY COLLEGE PROPOSED

(17) A letter from Doctor D. M. Campbell, veterinarian, concerning a veterinary college at the University of Illinois.

December 27, 1918

Hon. Edmund J. James, President, University of Illinois

DEAR MR. PRESIDENT:

Replying to your letter of the 23rd inst. I want to again assure you that the veterinarians of the State are in favor of an adequate veterinary college as a part of the University.

It appears that all veterinary instruction will be given in state schools very soon. Many of us would not be surprised to see this the final year for all private schools that are still in existence. There are more veterinarians in Illinois than in any other state and a larger number are required each year to replace those that retire from practice than are required in any other state. Illinois should not be put in the position of having to depend on universities and agricultural colleges of other states to supply veterinarians for the protection of her animal industry.

As I said in the beginning the Illinois State Veterinary Medical Association favors the establishment of a veterinary college in the University but some organized effort must be made and I believe it should be made soon to make their wishes known to the trustees of the University and to the Legislature. As a preliminary to this work it seems that our Committee should have a meeting with you and those of your faculty most nearly concerned in this matter that we may receive information necessary in going about the matter.

We are willing, anxious to take up the project and push it but we want to do it in a way that is most effective and, of course, in a way that is approved by the trustees and by yourself.

Will you not set a date sometime early in January (make it after the 8th, please, since I am going to be out of the State until that date) when we can come to Urbana to meet you and Professor Mumford and others interested with a view to

getting this matter started right and could you not at that time have prepared for us draft of bill to be recommended to the Legislature? For such a proposed bill I feel confident that our Committee can get support from every agricultural county in the State and also from the agricultural press of the State.

Wishing you the compliments of the Season, I am,

Very truly yours,

D. M. CAMPBELL

It was the opinion of the Executive Committee that the Trustees of the University would be perfectly willing to take over the administration and development of a veterinary college, if the General Assembly would authorize and instruct them to do so, and would also provide the necessary funds for the organization and maintenance of such a college.

HOUSING OF S. A. T. C. AND S. M. A.

(18) A report from Professor White as to the barracks of the S. A. T. C. and the S. M. A.

1919

January 6, 1918

President E. J. James, 355 Administration Building

DEAR SIR:

In order to provide barracks for housing the members of the S A T C, the University rented sixty-four (64) houses, which, on the basis of 500 cubic ft. or 45 sq. ft. per man, would house 3315 men, but to fill them to this capacity required the addition of a large amount of plumbing, and in many cases additional lighting in the rooms reserved for supervised study.

Filling the houses to this capacity overtaxed the water heaters, and in many cases the service mains to the houses. Larger service mains were put in for twelve (12) houses; hot water heaters were installed in eleven (11); and hot water tanks in eighteen (18); and work had been begun on several others.

Besides the hot water tanks, 63 plumbing fixtures were actually installed, and we have on hand \$6500.00 worth of other fixtures which we had intended to install.

As soon as the floor in the Armory was completed, nearly half of the men were transferred there and the building was continued as a barracks until the demobilization of the unit, with between 1400 and 1500 men housed there. This made it possible for us to vacate ten houses at a time for reconstruction work, and to distribute the men through the remaining houses so that the plumbing facilities were reasonably adequate.

It was possible to cancel the leases on some of the vacant houses soon after we received notice of the demobilization of the unit. Fourteen (14) houses were given up November 30th; four (4) October 31st; eleven (11) during December; and the balance on December 31st.

The total rents paid were \$21,994.06

The general repairs and installation of fixtures

were 11,316.86

Estimated replacements..... 8,699.74

\$42,010.66

There will be a small amount of salvage to be deducted from the above cost.

The reconstruction work is completed, but the exact cost has not been figured up. On the basis of three thousand students this would make the cost per man for these houses \$14.00, to which we must also add the cost of the wood floor in the Armory which, allowing for salvage, will be in the neighborhood of \$30,000.00, or \$10.00 per man, making a total of \$24.00 per man for barracks as against the cost of about \$60.00 for the building of temporary barracks. These figures of course do not include any operating costs which would not be far different in the cases of the permanent housing and the temporary barracks.

The damage to the houses was chargeable in the main to the following four causes:

- (1) Damage to floors (a) on account of the heavy shoes; and (b) because of the use of excess of water in cleaning.
- (2) Damage to ceilings because of overflow of plumbing fixtures due to the misuse of same.
- (3) Damage to plaster in hallways from the carrying in and out of the iron cots; and
- (4) Damage caused by the greasing up of the houses from cleaning of rifles.

The cost of the construction work at the Armory is about \$125,000, part of which will be charged against barracks, and part against mess hall. I think that this building should be restored to its original condition with the exception of the concrete floor which I hope we can retain, but that will involve the laying of a maple floor over the entire area as a concrete floor makes the building useless for the department of athletics, and much less desirable than it was for the work of the Military department. The building as it is can be used for both athletic and military work, and therefore I do not think we should start our reconstruction until spring.

In the meantime the building is still in use by the Quartermaster and it was exceedingly fortunate that we had so much space on a ground floor for the storage of his supplies.

We also still have in the building a stock of staple groceries and canned goods worth \$61,000.00.

The S. M. A. Quartermaster is still occupying the Illinois Union building, and the first floor of the Y. M. C. A. is occupied as a barracks and headquarters for the headquarters companies of both the S. M. A. and the S. A. T. C., which are still retained here for office duty. We have no assurances as to when the Quartermasters will be able to wind up their affairs as they have not at the present time any shipping instructions for the material still on hand, but it is all assembled in places where it does not interfere with the regular use of our University buildings.

Our lease on the Y. M. C. A. building called for sixty days' notice of cancellation prior to the first day of January or the first day of July. We were not able to give this notice prior to the first day of January, and could not very conveniently have turned over the building to the Y. M. C. A. in time so that they could have opened up their usual activities there by the first of the year. We would probably be criticised for charging the Government rent on the building for the next six months without making some attempt to derive a revenue from it; I therefore made arrangements to rent rooms in the building and to run a cafeteria and lunch room in the

basement so that by the time the building is entirely restored we can turn over to the Y. M. C. A. a going proposition, and I hope under those circumstances to arrange for the cancellation of the lease as of January first.

The work of restoration at the Residence Hall has been progressing rapidly, and I think in this building, as well as in the case of the Y. M. C. A., we shall be able to make a definite charge for restoration, rather than an estimated one, in our final settlement.

The lease with the S. M. A. provides that the commanding officer and the University are to adjust all financial questions with reference to buildings and equipment, and we shall probably be able to complete that adjustment this week. The value of the equipment purchased for use in connection with the instructional work is about \$10,500.00. It may be that the University can use most of this advantageously, but there is some of it for which we have no use whatsoever.

The only construction charge upon which there may be a difference of opinion is that for the addition to the Old Armory. This building is unquestionably of value to us, and yet not of permanent value, and we have not decided upon an equitable settlement on this charge.

Yours truly,

JAMES M. WHITE

Supervising Architect

ELECTRIC CURRENT FOR Y. M. C. A. HUT

(19) A request from the Y. M. C. A. that the University provide electrical current for lighting the Y. M. C. A. hut at the corner of Wright and Green streets until the close of the academic year, as the War Council of the Y. M. C. A. will leave the hut for the use of the local Y. M. C. A. organization until that time.

The President of the University was given authority to furnish electrical current for the hut without charge.

RENTAL FOR ATHLETIC FIELD

(20) A letter from Judge Harker and associates concerning the payment of rent to the University Athletic Association for the use of the Athletic Field lying next to the Illinois Central Railroad, and a recommendation from the Supervising Architect as to the amount of rent.

October 22, 1918

Dean David Kinley, Vice-President, University of Illinois

DEAR SIR:

The University of Illinois Athletic Association owns twenty acres of land situated between First Street and the Illinois Central Railroad and immediately South of Armory Avenue. This land is held in trust for the Association by Judge Harker, Professor G. A. Goodenough, and Director George Huff.

It has come to the attention of the above named trustees that this ground is being used and has been used since February 1, 1918 by the University of Illinois for the School of Military Aeronautics as a shooting ground*

We beg leave to call your attention to the fact that no arrangement has been made for the use of this ground and while we interpose no objection, we believe that the University should pay a fair rental. It is, therefore, requested by the trustees of the Athletic Association that the University of Illinois determine what a fair rental of this property shall be and that payment shall be made to the Athletic Association.

Respectfully submitted:

O. A. HARKER

G. A. GOODENOUGH

GEO. HUFF

November 5, 1918

Dean David Kinley, 109 Commerce Building

DEAR SIR:

I am returning the letter signed by the trustees of the Athletic Association requesting payment of rent on the Athletic Association twenty acres. I have discussed the matter with them and with others and agree with them in recommending that a rental charge of Twelve Hundred Dollars (\$1200.00) a year be paid for the premises.

Yours truly,

JAMES M. WHITE

Supervising Architect

The recommendation of Professor White that this rental be paid was approved.

TEMPORARY LOAN

(21) A letter from the Comptroller concerning a temporary loan from the Merchants Loan and Trust Company.

January 6, 1919

President Edmund J. James

MY DEAR PRESIDENT JAMES:

I beg to advise you that on December 31st, with the authority of the President of the Board of Trustees, a temporary loan was arranged with the Merchants Loan and Trust Company of Chicago for \$50,000.00, payable on demand at 5% interest, the note being signed for the Board of Trustees by Mr. Abbott as President, and myself as Comptroller.

This loan was made necessary on account of the large amount of expenditures for the Students Army Training Corps which exhausted the entire cash balance in the hands of the University Treasurer, and for which a sufficient reimbursement has not been received from the Government to restore a working balance in the hands of the treasurer.

The cash disbursements on account of this enterprise to January 1, 1919, were approximately \$550,000.00, against which only approximately \$175,000.00 has been repaid to us. Vouchers have been rendered against the Government for approxi-

mately \$150,000 at contract rates, and approximately \$60,000.00 of special items, all of which are in process of payment.

Other vouchers are being prepared to cover the total expenditures made for the project. It is expected that this loan will be repaid by the 10th of January.

Cordially yours,

LLOYD MOREY

This action of President of the Board and the Comptroller was approved.

BUDGET REQUESTS, 1919-1921

(22) A draft of a report on the budget to the State Director of Finance, Mr. Omar H. Wright, asking for an appropriation of seven million dollars for the coming bien-nium, five million dollars from the estimated proceeds of the mill tax, and two million dollars as a special appropriation from the general funds of the State for building purposes.

These budget askings were approved and the President of the University was authorized to present the same to the Director of Finance, the Governor, and the committees of the Legislature; and he also was authorized to prepare and present a special plea for the building appropriation, similar to that sent out by the Chairman of the Board during the last session; furthermore, he was authorized to make such concessions in the presentation of this budget as time and circumstances may make necessary.

REPORT ON WHITE PATENT

At this point, the Committee on Agriculture announced that it had considered the application of Professor E. A. White for permission to take out a patent on a method of hitching horses, and that the Committee recommended that it was not desirable for the University to take any steps in the matter, but that Mr. White be left free to develop this patent on his own initiative if he so desired.

This recommendation was approved.

The Executive Committee adjourned.

URBANA, ILLINOIS, June 23, 1919

I certify that in the foregoing pages, numbered 205 to 222 inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois, at the meetings of the Board held on December 10, 1918, and January 8, 1919, and of the Executive Committee, held on January 8, 1919 as approved and received for record by the Board on March 11, 1919.

.....
Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

March 11, 1919

The annual meeting of the Board of Trustees of the University of Illinois was held at the University, in Urbana, at 10 o'clock a. m. on Tuesday, March 11, 1919.

When the Board convened, the following members were present: Mr. Abbott, Mrs. Blake, Mr. Carr, Mrs. Evans, Mr. Herbert, Mr. Hoit, Mr. Trimble, Mr. Ward; also, Miss Florence E. Watson, a member of the Board during the last term.

President James was present.

The Secretary announced that the three members-elect, Mrs. Margaret Day Blake, of Chicago, Mr. John M. Herbert, of Murphysboro, and Mr. Cairo A. Trimble, of Princeton, who were present, had taken the oath of office before the meeting.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of October 16, November 23, and December 10, 1918, and January 8, 1919. On motion of Mr. Hoit, the minutes were approved as printed on pages 151 to 222, above.

Mr. Abbott presented the minutes of the meetings of the Executive Committee, held March 12 (pages 711-720), June 11 (pages 809-814), September 3 (pages 85-132), October 16, 1918 (pages 151-171), and January 8, 1919 (pages 207-222), and moved that they be accepted as part of the record of the Board. This motion was carried.

MR. R. F. CARR ELECTED PRESIDENT OF THE BOARD

The Secretary took the chair and called for nominations for the office of President of the Board.

Mr. Abbott nominated Mr. Carr, and moved that the nominations be closed and that the Secretary cast the unanimous vote of the meeting for Mr. Carr.

Mr. Trimble seconded the motion.

The Secretary cast the vote and declared Mr. Carr elected President of the Board for one year, and Mr. Carr took the chair.

CUP PRESENTED TO MR. ABBOTT

Mr. Carr, on behalf of the members of the Board, presented Mr. Abbott with a silver cup as a token of his twelve years of service as President of the Board.

MR. H. E. CUNNINGHAM ELECTED SECRETARY

On motion of Mrs. Evans, Mr. Harrison E. Cunningham was elected Secretary of the Board for one year.

MR. H. S. CAPRON ELECTED TREASURER

Mr. Abbott nominated Mr. Hazen S. Capron, Cashier of the First National Bank of Champaign, for the office of Treasurer, and moved that the nominations be closed and that the Secretary cast the unanimous vote of the Board for Mr. Capron as Treasurer.

Mr. Trimble seconded the nomination.

Mr. Hoit seconded Mr. Abbott's motion, and the motion prevailed.

The Secretary cast the vote for Mr. Capron, and he was declared elected Treasurer for the term of two years, beginning when his bond should be approved by the Board.

It was the understanding of the Board that this election was subject to the usual conditions of furnishing a satisfactory bond and the payment of interest at the rate of two per cent on daily balances, such interest to be credited monthly.

MR. LLOYD MOREY ELECTED COMPTROLLER

Mr. Trimble nominated Mr. Morey for the office of Comptroller for one year.

On motion of Mr. Hoit, the nominations were closed and the Secretary cast the vote of the meeting for Mr. Morey, and he was declared elected.

EXECUTIVE COMMITTEE ELECTED

Mr. Trimble nominated Mr. Abbott, and Mrs. Evans nominated Mr. Hoit, to serve with the President of the Board (as Chairman) as members of the Executive Committee for one year.

On motion of Mr. Trimble, the nominations were closed and the Secretary cast the ballot of the meeting for Mr. Abbott and Mr. Hoit, and they were declared elected.

PRESIDENT JAMES REELECTED

Mr. Abbott nominated Dr. Edmund J. James for the office of President of the University for two years at his present salary.

Mr. Hoit seconded the nomination.

On motion of Mrs. Evans, the nominations were closed and the Secretary cast the unanimous vote of the meeting for Dr. James, and he was declared elected. The Secretary was delegated to notify President James of his election and to escort him to the room.

TREASURER'S BOND

On motion of Mr. Abbott, seconded by Mr. Hoit, the amount of the Treasurer's bond was fixed at one million dollars.

On motion of Mr. Hoit, the Finance Committee was instructed to see that the Treasurer secure a satisfactory bond, and to report this bond to the Board for approval.

At this point, Mrs. Busey joined the meeting.

AUTHORITY TO RECEIVE MONEYS

On motion of Mr. Hoit, the following resolution was adopted:

RESOLVED, That the Treasurer of the Board of Trustees of the University of Illinois is hereby authorized to receive and receipt for all moneys, and to endorse all orders, drafts, and checks due and payable to the Board of Trustees or to the University of Illinois, and especially all drafts drawn by the Treasurer of the United States payable to the Board of Trustees or the University of Illinois.

DELEGATION OF SIGNATURE OF PRESIDENT AND SECRETARY

On motion of Mr. Abbott, it was voted that Mr. R. F. Carr, President of the Board of Trustees, and Mr. H. E. Cunningham, Secretary of the Board of Trustees, be authorized to delegate the signing of their names as President and Secretary, respectively, to warrants drawn on the Treasurer of the University and to vouchers drawn on the Auditor of Public Accounts, in accordance with the following plan:

No disbursement shall be made from any University fund in the hands of either the University Treasurer or the State Auditor, except on a voucher certified by the

proper officer or head of department against an appropriation made by the Board of Trustees and approved by the Comptroller according to the Statutes of the University.

The President of the Board of Trustees is authorized to delegate to the Auditor in the Business Office authority to sign the name of the President of the Board of Trustees to vouchers against the State Auditor, and to warrants on the University Treasurer, for vouchers approved as above.

The Secretary of the Board of Trustees is authorized to delegate to the Bursar in the Business Office authority to sign the name of the Secretary of the Board of Trustees to vouchers on the State Auditor and to warrants on the University Treasurer, for vouchers approved as above.

The President and the Secretary are authorized to delegate to the Comptroller authority to sign the name of the President, or of the Secretary, of the Board of Trustees to vouchers on the State Auditor, or to warrants on the University Treasurer, in case of emergency; provided, that under no circumstances shall the Comptroller sign the names of both the President and the Secretary to the same warrant or voucher.¹

STANDING COMMITTEES, 1919-20

At this point, Mr. Blair, joined the meeting.

The list of standing committees of the Board, appointed on March 18, 1919, by President Carr, is printed here in accordance with article IV, section 5, of the By-Laws of the Board.

NEEDS OF DEPARTMENTS PRESENTED

On request of President James, the Board listened to the presentation of the needs of the colleges and departments of the University, as follows:

The College of Engineering, by Dean Richards, Professor Provine, Professor Talbot, and Professor Newell.

At 12 o'clock, a recess was taken, for luncheon.

AFTERNOON SESSION, MARCH 11, 1919

When the Board convened, at 2 o'clock p. m., after the recess, the same members were present as during the morning session.

President James was present.

NEEDS OF DEPARTMENTS

The Board continued the consideration of the needs of departments, as follows:

The College of Agriculture, presented by Dean Davenport, Professor Harding, Professor Mumford, Professor Smith, Superintendent Rankin, Professor Bevier, Professor Handschin, Professor Blair.

The Bureau of Educational Research, presented by Director Buckingham.

At 6 o'clock, a recess was taken, for dinner.

EVENING SESSION, MARCH 11, 1919

When the Board convened at 8 o'clock p. m. after the recess, the following members were present: President Carr, Mr. Abbott, Mrs. Blake, Mrs. Evans, Mr. Hoit, Mr. Trimble, Mr. Ward.

President James was present.

NEEDS OF DEPARTMENTS

The Board listened to the continuation of the presentation of the needs of the Bureau of Educational Research, by Professor Buckingham; and to the needs of the College of Liberal Arts and Sciences, presented by Dean Babcock, Professor Sherman, Professor Trelease, Professor Stevens, Professor Noyes, and Professor Adams.

CARNEGIE FOUNDATION INSURANCE PLAN

President James made the following statement concerning a plan for insurance and annuities for college teachers put forth by the Carnegie Foundation.

The Carnegie Foundation for the Advancement of Teaching, 576 Fifth Avenue, New York, has proposed that the University of Illinois enter the Teachers Insurance and Annuity Association of America.

The Carnegie Association for the Advancement of Teaching established some years ago a system of retiring allowances for professors in accepted institutions. The University of Illinois was not put on the list of accepted institutions because according to the statement received from the Foundation it had associated with itself a proprietary medical school, or according to another statement because it had an academy or secondary school under its control.

The Carnegie Foundation, however, granted retiring allowances at the request of the Board of Trustees of the University to Doctor Samuel Walker Shattuck, Doctor Thomas Jonathan Burrill, and Mr. William Low Pillsbury, for many years Registrar of the University. Professor Shattuck's wife died before he passed away. Mrs. Burrill survived her husband and is now receiving an allowance from the Carnegie Foundation of one-half the amount granted to Doctor Burrill. Mr. Pillsbury is still drawing the retiring allowance granted to him.

The Foundation, then, owing to increasing financial difficulties in the way of carrying out its schemes, announced that it would not accept any further cases of men outside of the list of accepted institutions. Since that time you have granted a retiring allowance based on the Carnegie formula of one-half the salary plus four hundred dollars to Professor Donald McIntosh. Professor McIntosh died, however, after receiving one month's salary. You granted a retiring allowance to his widow of one-half the amount granted to him, which she is still drawing. You also granted a retiring allowance to Professor Nathan Clifford Ricker, beginning September 1, 1916; also to Professor Charles Wesley Rolfe, beginning September 1, 1917; also to Professor Charles Melville Moss, beginning September 1, 1918. You have also granted a pension of thirty dollars a month to Professor James D. Crawford, beginning November 1, 1917.

This Board, however, has not adopted any general plan of retiring allowances for the benefit of instructors and employees of the University. In my opinion you must do this very soon or find the University badly handicapped in its attempt to secure members for its scientific and instructional staff. The system of retiring allowances for teachers in the public and private schools of this country is becoming so general that an institution which does not incorporate such a feature in its permanent

administrative policy will find it extremely difficult to attract to its service the best class of men and women.

The Carnegie Foundation has given up all hope of carrying out its original plan, owing to the financial difficulties involved in the same, and, while it will presumably take care of the institutions already accepted, it will not in the future increase the list of accepted institutions. It has, however, worked out a scheme of combined insurance and annuities which it offers to American colleges and universities, which desire to accept the plan.

Roughly speaking, it involves a contribution on the part of the instructors themselves of a certain percentage of their salaries, and a contribution from the University equal to the contribution which they make. The difference between the revenue so received and the cost of the enterprise will be borne by the Carnegie Foundation. The Foundation undertakes at present what may be called the overhead expenses of a scheme of insurance and annuities.

I am submitting a letter received recently from the President of the Foundation, also two letters and a memorandum concerning a misrepresentation, which I have received from the President of the Carnegie Foundation. The omitted portions relate to purely personal matters.

NEW YORK, January 20, 1919

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

The Actuary of the Teachers Insurance and Annuity Association of America is sending to you under another cover a copy of the Handbook of the Association. This Handbook describes the policies both for insurance and for old age annuities, offered by the Association. These policies are not only offered at net cost but are individual contracts specially adapted to the circumstances of the teacher's life and financial status. The combination of term insurance with an annuity offers to teachers the most economical and secure method for protecting themselves and their families against dependence.

The following points need to be kept in mind.

(1) Institutions can arrange through their treasurer or other financial officer for payments upon policies to be made in monthly instalments both in the case of insurance and of annuity contracts.

(2) The matter of insurance is purely a question for the teacher and the insurance policy is paid by him alone. It is expected that the college will join with the teacher in the contributions to the old age annuity contract. All payments are, however, the property of the teacher.

(3) Where institutions are not yet ready to commit themselves to the contributory plan, teachers can take out old age annuity contracts without such co-operation on the part of their institution, and payments may be made through the treasurer in monthly instalments or direct to the Association in annual or semi-annual payments as in ordinary life insurance business.

Additional copies of this Handbook can be furnished and forms of application. The Actuary of the Association will be glad to give any additional information or to advise as to the choice of the form of life insurance policy. I shall be glad to have this matter brought to the attention of teachers and of the governing board of the institution. Every institution of higher learning will find it necessary to maintain in the future some form of old age pension. The contracts here offered present the most secure method by which this can be accomplished. For men under forty a moderate annual payment will provide at sixty-five a fair annuity. The great advantage of beginning at an early age is shown in the accompanying table.

I shall be glad to know if the Handbook is received. Any further information desired will be gladly given by the officers of the Teachers Insurance and Annuity Association.

Very truly yours,
HENRY S. PRITCHETT

NEW YORK, January 27, 1919

President Edmund J. James, University of Illinois
DEAR PRESIDENT JAMES:

Let me acknowledge your kind note of January 23rd. I am having sent you by express two hundred and fifty copies of the Handbook of the Teachers Insurance and Annuity Association and as many copies of the Memorandum. If these are not enough we can send more. I should like these especially to reach the younger men. In all our past history the chance to institute a sound and enduring pension system for the coming generation has been sacrificed, generally in vain, in order to meet the accrued liabilities of the older men. Any institution dealing with the question to-day ought to separate these two questions. For men below forty, the insurance and annuity contracts offered in this Association represent the most secure and the least expensive way to provide such protection. Of course, as I explained in Chicago, the Insurance and Annuity Association will deal with the individual teacher if he so desires; and, as I also explained, the question of entering into relations with this Association, either individually or as a group, has nothing to do with association with the Carnegie Foundation.

There are certain large privileges still attached to this relationship, for example, the disability pension after five years of service.

I have always been regretful that the University of Illinois was not among the group of institutions admitted to the Foundation when Michigan, Wisconsin, and California entered. You remember, however, the difficulties at that time. Among all the great state institutions, Illinois was the only one which maintained a large preparatory school in the middle of its university. You will, I think, agree with me that we have tried to be generous toward your older men. I think we have retired all of them whom you recommended.

The question now is on an entirely different basis. To most institutions two problems are presented.

1. A participation in the Teachers Insurance and Annuity Association for men under forty. This is a simple matter and for the interest of the men involved should begin as soon as possible.

2. The working out of some plan for older men on as generous a basis as possible.

For some colleges we have solved this second plan in a satisfactory way by a compromise of this sort: the retiring allowance to be available at sixty-eight or seventy—instead of at sixty-five; the institution and the men to contribute in the interval five per cent of the salary of such individuals as elect to enter the plan and a moderate sum to be raised as a reserve to be used, principal and interest, in extinguishing the retiring allowances of older men under the plan adopted.

Professor Rietz of your faculty is of course very familiar with all these matters and is most competent to advise you as to what plan would be feasible and desirable.

I realize that in the state universities the ability to contribute stands upon a different basis from that of endowed institutions so far as the participation of the institution is concerned. Some of the institutions have proposed to ask for authority to pay the contribution out of current appropriations; some state institutions are proposing to raise a special endowment for this purpose, in view of the complications which may arise from state aid. It is believed to be one of the things to which the alumni might gladly contribute. Other solutions are proposed.

I have just received the formal vote of the Regents of the University of Michigan. They estimate that their initial annual expense will be about \$7,000 but they did not inform me what method they had adopted for making this payment.

It goes without saying that I shall be only too pleased to be of any assistance in case you should decide to avail yourself of the facilities of the Insurance and Annuity Association; or if you decide to become associated with the Carnegie Foundation. I am sending you herewith a copy of the Rules of the Foundation as adopted in April last and as affected by the introduction of the contributory system. While the Foundation will not be able to solve the problem of the older men in institutions to be admitted in the future, it has a moderate reserve through which it may assist such institutions to a limited extent.

* * * * *

Faithfully yours,
HENRY S. PRITCHETT

NEW YORK, February 5, 1919

President Edmund J. James, University of Illinois

DEAR PRESIDENT JAMES:

In accordance with your messages I am having sent you under separate cover copies of the policies and of the charter of the Teachers Insurance and Annuity Association.

In launching this agency we found ourselves somewhat embarrassed by the fact that the law was framed to restrain insurance companies from doing something that

they ought not to do but did not contemplate the case of a company which desired no profit but wanted to give the teachers the full benefit of the interest earned and the low mortality among teachers. Under the law, in order to provide an arrangement by which the overhead charges should be taken off, we had to make the policies non-participating. This does not prevent the Association later on from distributing any earned surplus either in the form of lower rates or direct payments, but it does prevent the Association from promising dividends in advance.

You may be interested also in the enclosed statement concerning some of the misrepresentations which have been made. I am realizing at the moment the truth of that injunction "Blessed are ye when men revile you and say all manner of evil against you falsely." In time teachers will find out how great are the advantages which these contracts give them and Professor Rietz can show you how much better the results will be if there shall be applied to these net rates the surplus that is likely to be earned.

Very sincerely yours,

HENRY S. PRITCHETT

P. S.—It is unusual for an insurance company to send out specimens of policies without filling in the blank spaces with specimen figures or data. As it would require some time to do this, I am sending the policies asking that some caution be used so that they may go into the hands of university people.

A MISREPRESENTATION

It is not possible for an agency like the Teachers Insurance and Annuity Association to reply to general misrepresentations of its purpose and of the exceptional opportunities which it offers to college and university teachers and particularly to younger men. It seems necessary, however, to call attention to the following specific misstatement of its published policy rates.

In an attack made upon the Association in which it is referred to as the 'Carnegie Company' the statement is made that annuity policies can be obtained from existing companies upon terms more favorable than those offered by the Teachers Insurance and Annuity Association. In support of this assertion the following table is printed.

The Annuity (male) Purchased by \$1000 at Age 65:

Carnegie Company.....	\$113.24
Prudential.....	112.61
Metropolitan.....	116.92
Travelers.....	115.14

Foot notes are attached to the quoted rates stating that the first is payable monthly and the last three are payable annually.

It would be difficult to construct a statement more skilfully contrived to deceive the man unfamiliar with the technicalities of such policies. The first figure is misquoted from the handbook of the Teachers Insurance and Annuity Association. It should be \$114.24. The reader will naturally assume that the remaining figures are

comparable with it. The exact reverse is true. The first figures refer to a policy beginning one month after the maturity, the others to a cheaper form of policy paid annually and beginning one year after maturity. The straightforward and obvious procedure would have been to quote from the various handbooks the rates on these policies on a common basis. When this is done the comparison stands as follows (monthly annuity):

The Annuity (male) Purchased by \$1000 at 65:

Teachers Insurance and Annuity Association.....	\$114.24
Prudential.....	108.84
Metropolitan.....	111.00
Travelers.....	not stated in monthly form

It remains to point out that these figures do not indicate the full advantages enjoyed by the holder of a deferred annuity contract in the Teachers Insurance and Annuity Association due to the fact that the policy is free of all cost of overhead expense.

MEMORANDUM CONCERNING PARTICIPATION

in the Teachers Insurance and Annuity Association of America by Institutions Associated with the Carnegie Foundations for the Advancement of Teaching.

By authority of action had by the Trustees of the Carnegie Foundation at their annual meeting held November 20, 1918, the Executive Committee has adopted the following regulations affecting colleges and universities now associated with the Foundations and those that may become associated institutions in the future.

1. As a basis of participation in the contributory plan the Foundation will accept the following:

(a) Each full-time professor, associate professor, assistant professor, or officer of equivalent rank in the service of associated institutions, who does not enjoy the privileges given under the non-contributory plan now in operation, shall contribute annually in monthly instalments five per cent of his salary toward an old age annuity contract in the Teachers Insurance and Annuity Association. In the case of institutions admitted hereafter to the associated list this requirement shall apply to all professors, associate professors, assistant professors, and officers of equivalent rank admitted to the service of the institution after acceptance of participation in the contributory plan.

(b) Each associated institution shall pay a corresponding five per cent in the case of any such contributing professor, associate professor, assistant professor, or officer of equivalent rank, provided that the institution shall be under no obligations to begin its payments before the teacher begins his, or to make annual contributions in excess of those made by him.

(c) Each institution shall make a like contribution in the case of any teacher below the rank of assistant professor who has voluntarily accepted a participation in

the contributory plan and who has had not less than three years of service as a teacher in a college, university, or technical school.

2. The Trustees of the Carnegie Foundation request that any institution now associated with the Foundation which desires to be admitted to the new privileges of the Foundation, including disability allowances, will announce its acceptance of the contributory system, and the specific plan upon which the institution itself will participate, to become effective not later than January 1, 1920.

3. The Trustees call the attention of the associated colleges to the fact that the financial interest of the college as well as that of the teacher require that their joint contributions begin as soon as the individual is definitely started upon the teacher's profession. The table given below brings out this situation clearly. For example, it will cost \$1299 more in contributions to accumulate an annuity of \$1200 available at age 65 for the man who begins at age 40 than it would to accumulate the same annuity in the case of the man who begins at age 30. For the man who begins at age 45 this excess would amount to \$2039.

I

To provide an annuity of \$100 monthly on male lives, first payment of age 65, it is necessary to provide a reserve amounting to \$10,608 at the end of the period of accumulation. Monthly premiums to provide that amount are shown below:

<i>Age at Issue</i>	<i>Monthly Premium</i>	<i>Number of Months Payable</i>	<i>Total Premium Payments</i>
25	\$9.11	480	\$4,373
26	9.57	468	4,479

December 6, 1918

With these letters came a copy of the Handbook of Life Insurance and Annuity Policies for teachers issued by the Teachers Insurance and Annuity Association of America, 576 Fifth Avenue, New York, a copy of which I have presented to each member of the Board.

I called together in general assembly all members of the teaching and scientific staff of the University on Saturday evening, February 8, 1918, and presented this whole matter to them. I had previously appointed a committee consisting of Professor M. H. Robinson, Chairman; A. R. Crathorne; Fred B. Seely; J. A. Stevenson; W. E. Britton; J. A. Detlefsen; R. E. Cushman; A. C. Willard; Roger Adams; Hans P. Greison; Louis Freer; and A. R. Warnock; who considered carefully the offer made

by the Teachers Insurance and Annuity Association of America. This committee in its report presented simply the advantages and disadvantages of the scheme, but upon polling each member of the committee, it appeared that the committee was unanimous in its opinion that the Trustees should not at present accept the offer made by the trustees of the Carnegie Foundation at their annual meeting held on November 20, 1918, and printed above.

I then informed the faculty that unless they took some action I should report to the Board of Trustees that the faculty of the University of Illinois was opposed to their accepting the proposition of the Carnegie Foundation.

At a meeting of the Senate held on February 10, 1919, in which this same subject was discussed, there appeared to be an equally unanimous opinion against the desirability of the trustees adopting this plan as will appear from the following memorandum from the clerk of the Senate.

February 20, 1919

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

This is a memorandum of the action taken by the University Senate at its meeting of February 10, 1919, on the subject of the Teachers Insurance and Annuity Association of America.

You read to the Senate the letter from President Pritchett which I return herewith, and presented also the minutes of the meeting of the General Faculty which was held on Saturday evening, February 8, 1919.

Having reported these facts, the minutes of the Senate meeting proceed as follows:

The President asked whether the Senate desired to take any action on this matter, and in the absence of any motion stated that if no action were taken he would report to the Board of Trustees that the University Senate concurred with the General Faculty in being opposed to the University's seeking admission to the Teachers Insurance and Annuity Association. No action was taken.

It was voted that the report presented by Professor Robinson at the meeting of the General Faculty on February 8, be published either in some suitable magazine or by the University.

Sincerely yours,

C. M. McCONN,

Clerk of the Senate

I think, therefore, it is safe to assume that at present the members of the scientific and instructional staff of the University of Illinois are not in favor of the adoption of the plan proposed by the Carnegie Foundation.

I wish to say again, however, and emphasize very strongly, that in my opinion the Board of Trustees should at an early date adopt some general scheme of retiring allowances.

No action was taken upon this matter.

At this point, at 10:30 p. m., the Board adjourned to meet at the University at 10 o'clock a. m. on Wednesday, March 12, 1919.

MORNING SESSION, MARCH 12, 1919

When the Board convened on the morning of Wednesday, March 12, 1919, pursuant to the adjournment taken on the evening before, the following members were present: President Carr, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mrs. Evans, Mr. Herbert, Mr. Hoit, Mr. Trimble.

President James was present.

NEEDS OF DEPARTMENTS

The Board listened to the presentation of the needs of colleges and departments, as follows:

The College of Education, by Professor Stevenson.

The Department of Physical Education and a proposed school for coaches, by Director Huff.

The Department of Military Science, by Major Field.

The Health Service, by Dr. Beard.

The Graduate School, by Dean Kinley.

At 12:30 p. m. a recess was taken for luncheon.

AFTERNOON SESSION, MARCH 12, 1919

When the Board convened after the recess, the same members were present as during the morning session, except President Carr, who came in a little later. Mr. Abbott acted as Chairman.

President James was present.

NEEDS OF DEPARTMENTS

The Board resumed the consideration of needs of departments, as follows:

The Library, presented by Director Windsor.

The College of Law, presented by Dean Ballantine.

The Department of Physical Education for Women, presented by Director Freer.

The housing of men, presented by Dean Clark.

The School of Music, presented by Director Erb.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Board considered the following matters submitted by the President of the University.

AUTOMOBILE SHOW

(1) A request from the automobile dealers of Champaign and Urbana for permission to use the Gymnasium Annex for an automobile show on March 20-21, 1919.

On motion of Mr. Trimble, this matter was referred to the President of the University, with power to act.

PROPOSED PURCHASE OF TRINITY CHURCH

(2) A letter signed by Dean Charters, Professor J. A. Stevenson, and Doctor Buckingham, suggesting that the Trinity Methodist Church Building immediately opposite the School of Education Building be purchased for use an auditorium for the College of Education.

February 19, 1919

President Edmund Janes James

MY DEAR PRESIDENT JAMES:

We have gone carefully over the Trinity Methodist church building proposition and wish to recommend that the property be acquired by the University, primarily for use as an auditorium for the high school. In this connection we recommend strongly that the organ be purchased with the building but that the memorial windows be retained by the present owners.

The building, as you know, contains an auditorium and a basement. The auditorium can be used by the high school in the following ways:

- a. Daily use will be made of it for high school assemblies;
- b. Daily use can be made of it for instruction of high school students in music, public speaking, and dramatics;
- c. It can also be used as a lecture room for some of the larger classes in education;
- d. Occasional use can be made of it for the teacher's gatherings which center around the University, such as the High School Conference, the State Association of School Board Members, the East Central Division of the State Teachers' Association, public meetings of the Parent-Teacher Associations, public lectures provided by the School of Education, etc.

The basement, which is fairly well lighted, can be used by the girls of the University high school as a gymnasium and as a place for instruction in hygiene, corrective gymnastics, etc. This use is quite important because of the fact that the women's gymnasium of the University is so far removed from the high school building.

The auditorium can be used for University assemblies. The seating capacity of the Auditorium is approximately five hundred which is about the size of Morrow Hall, and I understand that the demand for auditoriums the size of Morrow Hall for general University purposes is much greater than can be supplied.

In addition to this use of the auditorium by the high school for instructional purposes, and by the University for assemblies, it can very well be used by the School

of Music because of the presence of the pipe organ. Director Erb informs me that the School of Music can make use of it in general for all the time that the necessities of the high school will permit. He informs me that there is only one pipe organ available for practise and instruction and that one is quite inadequate. They could use the organ in the following ways;

- a. For instruction, six or eight times a week;
- b. For practise by students for all the time that we could allow them;
- c. For junior and senior music recitals to the number of about twelve a semester;
- d. For public recitals of students, once every two weeks. These recitals are now held in the old chapel in University Hall, which, he informs me, is not at all satisfactory for the purpose.

Even after the pipe organ is installed in the new music building, the School of Music will have use for an auditorium that is smaller than the very large one in the music building.

(These statements are correct.

J. LAWRENCE ERB)

It would be seen, therefore, that constant use could be made of this auditorium for one purpose or another.

In order to make the auditorium suitable for high-school purposes few initial changes will be necessary. The most important of these is the modification of the pulpit space so as to provide a platform capable of accommodating speakers, occasional choruses, etc. This would involve the moving of the keyboard of the organ and the extension of the platform to the outer railing. In addition, in the course of time, the carpet will become dirty and must be removed but we can very well use it for a year. The pews will be satisfactory for assembly purposes until such time as it seems advisable to change them. If the basement is used for a girls' gymnasium, there would need to be some additional changes made in it, but these would not involve a very large expenditure of money and we may possibly be able to make other arrangements by which the girls of the high school can get necessary physical attention without using the basement.

In making this recommendation we have not taken up with the architect, who is out of the city, the question of the structure of the building and it is possible that it may be weak in its architectural construction.

Respectfully submitted,

W. W. CHARTERS

JOHN A. STEVENSON

B. R. BUCKINGHAM

No action was taken in this matter.

APPROPRIATION BILL

(3) A draft of an appropriation bill for the next biennium.

*A BILL FOR AN ACT MAKING APPROPRIATION FOR THE
UNIVERSITY OF ILLINOIS*

SECTION 1. BE IT ENACTED BY THE PEOPLE OF THE STATE OF ILLINOIS, REPRESENTED IN THE GENERAL ASSEMBLY: That there be and is hereby appropriated to the University of Illinois for the two years beginning July 1, 1919, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, the sum of five million (\$5,000,000.00) dollars, payable only out of money paid into the State treasury and set apart as a fund for the use and maintenance of the University of Illinois, in accordance with an Act entitled: "An Act to provide by a State tax for a fund for the support and maintenance of the University of Illinois," approved June 10, 1911, in force July 1, 1911, payable as follows:

For salaries and wages	\$3,300,000.00
For departmental office expenses.	150,000.00

* * * * *

3. There is hereby appropriated to the University of Illinois for the two years beginning July 1, 1919, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, for the purchase of land and the erection of buildings, the sum of Three Hundred Thousand (\$300,000) dollars, payable out of any funds in the State Treasury not otherwise appropriated.

4. The Auditor of Public Accounts is hereby authorized and directed to draw warrants on the State Treasurer under sections 1, 2 and 3, of this Act, for amounts expended or bills then due from the sums appropriated in the said sections, payable severally to the persons named, upon the presentation of itemized vouchers therefor, certified to by the President and Secretary of the Board of Trustees of the University of Illinois with the corporate seal of the University attached thereto.

5. There is hereby appropriated to the University of Illinois for the two years beginning July 1, 1919, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, for the payment of interest on the endowment funds of the said University as provided by section 2 of the Act relating to said University, approved June 11, 1897, the sum of Sixty-five Thousand (\$65,000) Dollars, or so much thereof as may be necessary under the terms of said Act.

The sum or sums of money which may have accrued or may hereafter before the first day of July 1921, accrue to the State of Illinois, under the provisions of an Act of Congress of the United States, approved August 30, 1890, entitled, "An Act to apply a portion of the proceeds of the public lands to the more perfect endowment and support of the colleges for the benefit of agriculture and the mechanic arts," established under an Act of Congress, approved July 2, 1862; and the money granted by an Act of Congress approved March 4, 1907, entitled, "An Act making appropriations for the Department of Agriculture for the fiscal year ending June 30, 1908," are hereby appropriated to the Trustees of the University of Illinois, and whenever any portion of the said money shall be received by the State Treasurer it shall immediately be due and payable into the Treasury of said Board of Trustees.

The Auditor of Public Accounts is hereby authorized and directed to draw his warrant on the State Treasurer for the sums hereby appropriated, upon the order of the President of the Board of Trustees of said University, countersigned by its Secretary and with the corporate seal of said University attached thereto.

On motion of Mr. Trimble, the President of the University was authorized to present this bill and to represent the Board in this matter.

COMMITTEE ON PUBLICITY

On motion of Mr. Trimble, the President of the Board was authorized to appoint a special committee of three members, with himself as Chairman, to investigate the matter of publicity and to report at the next meeting of the Board.

APPOINTMENTS MADE BY PRESIDENT JAMES

The Secretary presented also for record the following list of appointments made by President James.

Adams, Roger, Assistant Professor of Chemistry, for eight months, beginning January 1, 1919, at a salary of two hundred fifty dollars (\$250) a month. (*December 12, 1918.)

Anderson, Chester R., Graduate Scholar in English, with a stipendium of twenty-five dollars (\$25) a month, from January 1, 1919, to June 30, 1919. (January 18, 1919.)

Anderson, Harriet, Student Assistant in Psychology, for six months, beginning January 1, 1919, at a salary of ten dollars (\$10) a month. (December 21, 1918.)

Anderson, Harriet, Student Assistant in Psychology, at a salary of thirty dollars (\$30) a month, from January 8, 1919, to April 1, 1919. This appointment superseding her previous appointment. (January 16, 1919.)

*The date in parenthesis is the date on which the appointment was made by the President of the University.

Appling, J. W., Student Clerk in the Order Department of the Library, at a salary of twenty dollars (\$20) a month, from January 1, 1919, to August 31, 1919, on one-third time. (December 6, 1918.)

Armstrong, Harry, Technician in the Department of Gross Anatomy in the College of Medicine, for ten months, beginning December 1, 1918, at a salary of seventy dollars (\$70) a month. This appointment superseding his previous appointment. (January 28, 1919.)

Ashley, R. E., Graduate Assistant in Pathology and Bacteriology in the College of Medicine, to give nine hours' service a week for four and one-half weeks, at compensation of fifty cents an hour. (January 27, 1919.)

Babbitt, H. E., Associate in Municipal and Sanitary Engineering, at a salary of two hundred dollars (\$200) a month, from February 1, 1919, to June 30, 1919. (January 29, 1919.)

Bayley, P. L., Fellow in Physics, with a stipendium of forty-five dollars (\$45) a month, from January 1, 1919, to June 30, 1919. (December 19, 1918.)

Benedict, B. W., Director of the Shop Laboratories in Mechanical Engineering, at a salary of thirty-five hundred dollars (\$3,500) a year, beginning January 1, 1919. (December 20, 1918.)

Bennett, E. C., Military Instructor in the R. O. T. C. Unit under the direction of the Professor of Military Science and Tactics from January 1, 1919, to June 30, 1919, at a salary of one hundred dollars (\$100) for the period. (February 6, 1919.)

Berdahl, C. A., Fellow in Political Science, with a stipendium of forty-five dollars (\$45) a month, from January 1, 1919, to June 30, 1919. (December 19, 1918.)

Beverlin, Mayme H., Clerk in the Department of Electrical Engineering, at a salary of fifty-five dollars (\$55) a month, beginning December 1, 1918, and continuing until further notice; subject to the rules of the Civil Service Commission. (December 6, 1918.)

Blaisdell, Willa, Stenographer and Clerk in the Business Office, at a salary of fifty-five dollars (\$55) a month, beginning January 1, 1919, and continuing until further notice; subject to the rules of the Civil Service Commission. (January 16, 1919.)

Bliss, S. W., Military Instructor in the R. O. T. C. Unit under the direction of the Professor of Military Science and Tactics from January 1, 1919, to June 30, 1919, at a salary of one hundred dollars (\$100) for the period. (February 6, 1919.)

Borden, R. F., Instructor in Mathematics, for ten months, beginning September 1, 1918, at a salary of fourteen hundred dollars (\$1,400) for the period; this appointment superseding his previous appointment. (December 2, 1918.)

Britton, W. E., to give instruction in Law for four hours a week for the quarter beginning January 1, 1919, at a compensation of fifty dollars (\$50) a month, in addition to his regular salary. (January 18, 1919.)

EXECUTIVE COMMITTEE MEETING, MARCH 15, 1919

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the office of President Robert F. Carr, 2005 McCormick Building, Chicago, at 10 o'clock a. m. on Saturday, March 15, 1919

Mr. Robert F. Carr, Chairman, Mr. William L. Abbott, and Mr. Otis W. Hoit, members of the Committee, were present.

President James was present.

MATTERS SUBMITTED BY PRESIDENT JAMES

The Executive Committee considered the following matters submitted by the President of the University.

REGISTRATION, FIRST AND SECOND QUARTERS

(1) A report of the student enrollment of the first and second quarters of the academic year 1918-1919.

This shows that the loss in attendance in the second semester compared with the first semester of the present year was less than in many other institutions. The total registration at Urbana for the present quarter will probably be 4000, more or less.

PROPERTY IN CHICAGO

(2) A recommendation from the Comptroller of the University as to the building at the southwest corner of Wood and Polk Street, Chicago, Illinois, known as 1756-58 West Polk Street, Property No. 106 (Page 102 of the Report of the Comptroller for 1918).

The property is in bad condition and will require considerable renovation before it can be profitably rented. It consists of a corner store room and five flats which have a total renting value of \$106.00 per month. One of these flats has been vacant most of the time. The building is in poor condition and needs almost constant repair. It is in a section where rents are very low and desirable tenants are not numerous.

No action was taken on this matter.

SALE OF M'KINLEY SECURITIES

(3) A letter from the Comptroller concerning the sale of the McKinley securities donated for the erection of the Hospital.

February 18, 1919

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I enclose a statement showing probable present selling values of the McKinley securities, indicating that we could probably now realize at present prices about \$83,300. In addition we have realized to date on the income from these securities a total of \$9,466.39.

I have submitted this schedule to Mr. McKinley and asked for his advice, and he has replied that he does not consider this an opportune time to sell utility stocks or bonds. He suggests that in his opinion, we can realize more on these items later on.

Mr McKinley suggests, however, that if we could get 95 on the Booth-St. Louis Cold Storage Bonds, that it would likely be a good sale.

*Those holding a Bachelor's degree but registered in undergraduate subjects, not separated in previous counts.

I would recommend that I be authorized to sell these bonds at the first opportunity at 95, and that I be authorized to sell any of the other items that will yield approximately the prices at which they were taken over by the University.

Cordially yours,

LLOYD MOREY

The President of the Board of Trustees was authorized to sell the McKinley securities from time to time as it may be necessary to obtain funds with which to erect the Hospital.

SEMI-CENTENNIAL ALUMNI RECORD

- (4) A letter from the Editor of the Semi-Centennial Alumni Record, asking for a further appropriation to defray the expenses of this publication.

*Approximate market price at time of donation, January, 1917

February 18, 1919

President E. J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

Since the contract for printing the Semi-Centennial Alumni Record is carried as a charge against the fund for that enterprise the appropriation is considerably overdrawn. I suggest that an additional appropriation for \$5,500 be requested.

The fund at the beginning of the book was.....	\$4,052.69
Disbursements to Jan. 1 amounted to.....	4,439.33
Contract for printing, etc.....	3,658.00
Contract for additional 500 copies.....	375.00
Clerical work, changes, postage, etc.....	1,080.36
Deficit on January 1.....	386.64
	<hr/>
	\$5,500.00

The unexpectedly large number of changes in and additions to the data, following on the ending of the war, the circularizing of the alumni to stimulate the sale of the book, and the rechecking of all material made necessary by hitherto undetected omissions from earlier editions have served to increase the cost beyond my estimate of August 27, 1918.

Respectfully yours,

FRANK W. SCOTT,

Editor

An appropriation of fifty-five hundred dollars (\$5,500) was made towards the completion of this work.

ENTRANCE REQUIREMENTS, DENTISTRY AND PHARMACY

(5) Recommendations concerning entrance requirements

(a) Recommendation that the requirements of admission to the College of Dentistry and the School of Pharmacy be the same as for admission to the College of Liberal Arts and Sciences, except that physics shall be a required science in the College of Dentistry in accordance with the following statement:

The requirements for admission to the College of Dentistry and the School of Pharmacy of the University of Illinois are as follows:

1. HIGH-SCHOOL GRADUATION

A candidate for admission *by certificate* must be a *graduate* of an accredited high school or other accredited school, with fifteen units in acceptable subjects. By acceptable subjects are meant the subjects included in Lists A, B, and C, as given in the statement of the University's entrance requirements on pages 67-71 of the "Annual Register" for 1917-18; not more than three units to be chosen from List C.

An applicant who has not been graduated from an accredited school must pass entrance examinations in the following subjects, amounting to 5 units:

English composition.....	1 unit
Algebra.....	1 unit
Additional subjects to be designated by the University authorities.....	3 units
<i>Total</i>	5 units

The remaining 10 units necessary to make up the 15 units required for admission may also be made in entrance examinations or may be offered by certificate from an accredited school.

2. PRESCRIBED SUBJECTS

(a) *For the School of Pharmacy*

The fifteen units required for the School of Pharmacy must include the following prescribed subjects:

English.....	3 units
Algebra.....	1 unit
Plane geometry.....	1 unit
Physics or chemistry or zoology or botany or physiology or physiography, with laboratory work.....	1 unit
<i>Total</i>	6 units

(b) *For the College of Dentistry*

The Subjects prescribed for the College of Dentistry are the same as for the School of Pharmacy except that physics must be offered as the unit in laboratory science.

(b) A recommendation that one year of college work be required for admission to the College of Dentistry beginning September 1, 1921.

February 28, 1919

President Edmund J. James

MY DEAR MR. PRESIDENT

After a thoro discussion the faculty of the College of Dentistry recommend that beginning with the session of 1921-22 one year of college be required for admission to the dental curriculum. This action is in conformity with the action of the Board of Regents of the State of New York, and the recommendation of the Dental Faculties Association of American Universities.

Sincerely,

F. B. MOOREHEAD

Dean

Recommendation (a) was approved and recommendation (b) was referred to the President of the University with power to act.

ILLINOIS UNION LEASES FIRST FLOOR OF Y. M. C. A

L E A S E

THIS INDENTURE, Made this.....day of February, A. D. 1919, by and between the Board of Trustees of the University of Illinois, party of the first part, and the Illinois Union, party of the second part.

WITNESSETH, That the party of the first part does hereby lease to the party of the second part the entire first floor of the building at the northwest corner of Wright and John Streets, Champaign, Illinois, known as the Y. M. C. A. Building, save and except one room and adjoining bathroom on west side of said floor, occupied by the manager of the Inn and Cafeteria, for a period of four months, beginning March 1, 1919, and ending June 30, 1919, at a rental of Fifty (\$50) dollars per month, payable by the party of the second part monthly in advance.

The party of the first part agrees to furnish heat and light for the premises occupied, and ordinary janitor service.

The party of the second part agree to pay all expenses of extra janitor service on account of special gatherings, etc.; to furnish and install all necessary furnishings and equipment that it may require; to keep the premises in the condition in which they are received; and to repair and replace any damage resulting from carelessness or abuse, or other than ordinary wear and tear or depreciation.

The party of the second part agrees that it will use said premises only as headquarters for itself and for its various activities, including lounging quarters for students of the University of Illinois, and for meetings of various student organizations.

The party of the second part further agrees that it will not permit any immoral acts of any sort in or about the premises occupied by it by any persons whatsoever and that it will not use or sub-let the premises other than for the purposes named above, without the consent of the party of the first part.

In witness whereof we have hereunto set our hand and seals for the day and year first above written.

THE BOARD OF TRUSTEES
OF THE UNIVERSITY OF ILLINOIS

By.....

Comptroller, party of the first part

LLOYD MOREY, Comptroller, Recommended for approval.

This contract was approved.

INTEREST ON DAILY BALANCES IN STATE TREASURY

(7) A letter from the Comptroller concerning the interest on daily balances in the mill tax fund.

February 19, 1919

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to call to your attention the fact that the University of Illinois mill tax fund in the hands of the State Treasurer has never been credited with interest on daily

balances, which are presumably paid to the State on this balance as well as balances in all state funds.

It has been unofficially suggested to me at the State House that the University should be entitled to this interest. We have of course felt this ourselves from the beginning.

It seems to me that if opportunity offers, we should take up this matter during the present session of the General Assembly and urge that this interest be credited to the fund itself, so that it might be available for appropriation to the University.

Cordially yours,

LLOYD MOREY

I took up this matter with the Honorable Fred E. Sterling, Treasurer of the State of Illinois, and received from him the following reply:

SPRINGFIELD, March 6, 1919

Hon. Edmund J. James

MY DEAR MR. JAMES:

On my return today from an Eastern business trip of ten days, I found your letter of the 20th inst. awaiting me and note what you say therein.

In reply I beg to state that the several funds in the keeping of the State Treasurer are not kept separate, but are deposited in the banks throughout the state and the interest earned on the same is turned into the General Revenue Fund by the Treasurer in accordance with the law and the ruling of the Attorney General. The interest earnings on all of the several funds in my keeping are credited up to a common interest fund for the use of the State. This, I am advised, has also been the custom of my predecessors in this office.

With regards, I beg to remain,

Yours truly,

FRED E. STERLING

Treasurer, State of Illinois

The President of the University was authorized to urge upon the State authorities that the interest received by the State Treasurer on the mill tax funds deposited in banks should be added to the mill tax fund.

CHICAGO OFFICE

(8) A recommendation from the Comptroller that an office be leased for the use of the University in the city of Chicago.

The President of the University was authorized to lease an office for the use of the Trustees of the University and for other University purposes at a rent not to exceed one hundred dollars a month.

RETIRING ALLOWANCES

- (9) A statement concerning the necessity of establishing a system of retiring allowances.

No action was taken in this matter.

REQUIREMENTS FOR GRADUATION

- (10) A recommendation of the University Senate as to a change in the present requirements for graduation.

February 20, 1919

President Edmund J. James

DEAR MR. PRESIDENT:

The University Senate, at its meeting of February 10, 1919, voted to recommend to the Board of Trustees:

That the present requirements for graduation with the degree of A. B. be so amended as to prescribe that every candidate for this degree shall offer a minimum total of fifteen semester hours in Groups IV and V combined, not fewer than 5 being allowed in either one of the two groups.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

This recommendation was approved.

(11) A recommendation of the University Senate at its meeting of March 3 1919, as to a fundamental change in system of students' fees and departmental charges. A copy of this report has been sent to each member of the Board of Trustees.

	<i>Paid by all matriculated students, grad- uate and under- graduate, not holding scholarships</i>	<i>Paid by matriculated undergraduate students, holding scholarships</i>	<i>Paid by students not matriculated (2)</i>	<i>Paid by grad- uate students holding fellowships, and scholarships, and staff positions</i>

- (1) Unless previously paid by the student as an undergraduate.
- (2) To non-matriculants registering for not more than five semester hours the Incidental Fee is remitted.

Departmental Charges:

In certain courses charges are laid to cover such expenses as the cost of materials abnormally used or wasted, loss of keys, and unnecessary damage to apparatus assigned for individual student use. These charges will be laid upon graduate and undergraduate students alike but will be so administered that the most careful students who are not unfortunate may have no charges to pay.

No action was taken on this recommendation.

OFFER FOR SMITH FARM AT CHAMPAIGN

- (12) An offer for the Smith farm lying southwest of the Champaign Country Club at the price of \$350 an acre. The Comptroller had no authority to sell at that price.

It was the opinion of the Committee that four hundred dollars an acre would be considered a fair price.

PHYSICAL EDUCATION

- (13) Certain recommendations of the University Senate as to physical training.

February 20, 1919

President Edmund J. James

DEAR MR. PRESIDENT:

The University Senate, at its meeting of February 10, 1919, voted, on the recommendation of its Committee on Educational Policy, to make the following recommendations to the Board of Trustees:

That the departments of physical training for men and for women be henceforth called the department of physical education for men and the department of physical education for women respectively.

That a second-year two-hour course in physical education be required of women for graduation from the University, thus increasing the requirement in this subject to five hours.

That credit be granted in the elective teachers' courses in physical education for women, known as Physical Education 11a and 11b, which have heretofore been offered without credit.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

These recommendations were approved.

DEGREES CONFERRED

(14) A recommendation of the Senate that degrees be conferred on the following persons as indicated:

**REVISED CURRICULUMS--CHEMISTRY AND CHEMICAL
ENGINEERING****NEW CURRICULUM IN PHARMACEUTICAL CHEMISTRY**

(15) A recommendation of the University Senate concerning certain revised curriculums and the addition of a curriculum in Pharmaceutical Chemistry,

February 18, 1919

President Edmund J. James

DEAR MR. PRESIDENT:

The University Senate, at its meeting of February 10, 1919, voted to recommend to the Board of Trustees the approval of the following revised curriculums in chemistry and chemical engineering, with revised entrance requirements for those curriculums, and a new curriculum in pharmaceutical chemistry:

1. Entrance Requirements

Entrance requirements are amended to read as follows:

"For the curriculum in Chemistry and Chemical Engineering in the College of Liberal Arts and Sciences:

1. List A (Prescribed for all curriculums)..... 6 units
2. Special prescriptions for these curriculums: German
or French (Both units in the same language)..... 2 units
Chemistry 1 unit
Advanced Algebra $\frac{1}{2}$ unit
3. Electives from List B $2\frac{1}{2}$ units
4. Electives from either List B or List C. 3 units

Total.....15 units

2. Curriculum, First Two Years

Students who follow the general curriculum in the College of Liberal Arts and Sciences with Chemistry as major subject are eligible for the degree of A. B.

For the more specialized training of the chemist the following curriculums, largely prescribed, have been arranged. Each requires a maximum total of 136 semester hours, and leads to the degree of B. S.

Preliminary preparation in German or French equivalent to two years of high-school work or one year of university work is prescribed. The total language requirement for graduation including courses offered for entrance must be equivalent to two years of university German or French. Prospective students in these curriculums are advised to offer one unit of Physics as a part of the electives of List B.

A uniform program for the first two years is prescribed for the two curriculums.

The program as outlined differs from that offered in previous years in the following ways:

- (a) The German or French is completed in the freshman year.
- (b) The study of Rhetoric is confined to the freshman year.
- (c) A special course in Analytical Geometry, four hours, is introduced in the second semester of the freshman year.
- (d) A new course in Calculus, three hours each semester, is introduced in the second year, replacing the present Mathematics 8. The first semester will be devoted to Differential Calculus, the second semester to Integral Calculus.
- (e) Geology 20, General Mineralogy, three hours, is placed in the first semester of the sophomore year.
- (f) In the second semester of the sophomore year, an option is offered candidates for the Degree of Bachelor of Science in Chemistry, of English 20, History 3b, or T. & A. M. 20, three hours. In the curriculum in Chemical Engineering, this option does not exist, T. & A. M. 20 being prescribed.

3. Curriculum in Chemistry, Third and Fourth Years

In the following schedule of courses, after the second year there are offered certain prescribed subjects required of all students and in addition five group options, the last four of which are outlined for the purpose of affording systematic training along certain important lines of applied chemistry. The first option, A, is intended for those students who wish to place chief emphasis on the fundamental branches of chemistry as a science and for those students who desire a combination of subjects not outlined in the other four groups. Students in Option A must submit to their adviser at the beginning of the junior year an outline of their proposed program for the junior and senior years. Approval of such an outline must be secured from the adviser before registering. At least 12 hours of the electives under option A must be in Chemistry, and it is recommended that they be selected as far as possible from more advanced courses in inorganic, analytical, organic, and physical chemistry. In all groups in

*T. & A. M. 20 required for Chemical Engineers.

the junior and senior years the subjects to be taken outside of the department, including electives, must amount to at least ten hours including a course in the theory of economics. Students who have presented German for entrance should take French 1a and 1b among the electives of the junior year; those who have offered French should take German 1 and 3.

The groups provided for, with the letter used to designate each group, are as follows:

- A. General
- B. Electrochemical
- C. Industrial
- D. Food and Sanitation
- E. Physiological

4. Curriculum in Chemical Engineering, Third and Fourth Years

The work of the technical chemist or superintendent is frequently so closely associated with mechanical and other engineering lines as to make a knowledge of these subjects essential. To meet these conditions, the following four-year curriculum in chemistry and related engineering subjects has been arranged. The degree given is that of Bachelor of Science in chemical engineering.

It is advised that students intending to take this curriculum be prepared to offer two units of Manual Training, including mechanical drawing, for entrance or arrange to take equivalent courses in the University.

*12 hours of the total electives of the third and fourth years in Group Option A must be in Chemistry; 10 hours must be taken outside of the Department.

5. Curriculum in Pharmaceutical Chemistry

A number of graduates of recognized colleges of pharmacy have from time to time entered the University to continue the study of Chemistry. At the present time very little credit is allowed for the studies leading to the pharmaceutical degrees. For the benefit of such students a new option in pharmaceutical chemistry leading to the Degree of Bachelor of Science in Chemistry is proposed.

The credits to be allowed on transfer are based upon the course of study of the University of Illinois School of Pharmacy.

For entrance to the School of Pharmacy, fifteen units of high-school work are required. For the Degree of Graduate in Pharmacy, the students attend for two years of thirty-six weeks each. The course of study is the equivalent of fifty-eight University hours. For the degree of Pharmaceutical Chemist, an additional year of thirty-six weeks is taken and the course of study for this year is equivalent to twenty-five University hours.

It is proposed that the following option in Pharmaceutical Chemistry be authorized, leading to the degree of B. S. in Chemistry.

1. Persons holding the Degree of Graduate of Pharmacy from a college of pharmacy holding membership in the American Conference of Pharmaceutical Faculties, who can present fifteen units of high-school work for entrance, will be allowed forty hours of University credit in the Chemistry curriculum,

2. In addition to the forty hours of credit in order to take up the work of the third year a student must offer the following subjects from the University of Illinois or elsewhere:

College Algebra.....	3 hours
Trigonometry.....	2 hours
Analytical Geometry...	4 hours
Calculus.....	6 hours
Physics	9 hours
Rhetoric and Composition	6 hours
French or German (preceded by two units' entrance credit in the same language).....	8 hours
<i>Total</i>	38 hours

Such students will have junior standing.

3. The work of the junior and senior years should include the following courses:

Chemistry 14b, Advanced Organic Chemistry Lectures...	2 hours
Chemistry 14c and 14d, Organic Preparations	4 hours
Chemistry 5b, Advanced Quantitative Analysis.....	5 hours
Chemistry 31, Physical Chemistry.....	3 hours
Chemistry 33, Physico Chemical Measurements	2 hours
Chemistry 95, History of Chemistry... ..	2 hours
Chemistry 6, Industrial Chemistry.	3 hours
Chemistry 92a, 92b, 93b, Journal Meeting	4 hours
Chemistry 11a, 11b, Thesis.....	10 hours
Electives in Chemistry.	12 hours
Non-chemical electives	5 hours
Military and Physical Training or electives.....	6 hours

Total.....58 hours

Students holding the Degree of Pharmaceutical Chemist will be allowed eighteen hours of advanced standing in lieu of the eighteen hours' chemical and non-chemical electives of the last two years.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

These recommendations was approved.

LOAN FUND FOR OVERSEAS SOLDIERS

(16) A letter from Frank B. Stitt relative to the establishment of a loan fund at the University of Illinois.

EL PASO, ILLINOIS, February 13, 1919

Prof. Thomas A. Clark, Dean, Urbana, Illinois

DEAR SIR:

Recently you have had some correspondence with Mr. Horace Baker, an attorney of this city, relative to the establishment of a loan fund at the University of Illinois by a lady of this vicinity who does not wish her name to be known in the matter.

[March 15,

I enclose a draft for \$1000 together with a typewritten statement of her wishes in the matter. Will you please see that we have duplicate receipts for the money, worded in such manner as you may deem appropriate. Any information desired may be obtained by correspondence with the writer or in his absence with the Cashier of this bank, Mr. L. K. Evans.

Very truly yours,

FRANK B. STITT

President

REGULATIONS

This fund shall be known as the First Fund for Overseas Soldiers and shall be available for American soldiers and officers who have served in the military service in actual warfare in Europe or upon adjoining waters in the years 1917 and 1918, and their descendants.

The amount of this fund is one thousand dollars.

The fund shall be administered by the Loan Fund Committee of the University of Illinois, subject only to the following provisions.

The fund shall be available to the persons referred to above in their Junior, Senior or post-graduate years to enable them to remain and complete their work in any department of the University of Illinois; and for any of such persons in the first, second, third, or fourth year of any of the courses in agriculture at said university.

The applicant must be able to show papers of honorable discharge from the military service of the United States and one or more affidavits proving to the satisfaction of said committee that he was engaged in actual warfare in Europe during some part of the year 1917 or 1918; and where the applicant is a descendant of any such soldier he must make such showing as will satisfy said committee that he is a descendant of such a soldier.

The minimum loan from this fund shall be twenty dollars and the maximum loan shall be two hundred dollars, provided that no one person shall be loaned more than the total sum of two hundred dollars. The maximum time limit is four years and the notes bear no interest.

This fund shall be kept separate from other funds of like nature administered for the benefit of students at said University.

It is understood that the committee is to furnish donor or her representative with a statement of this fund or any other information concerning the same, upon request at any time.

It is further understood that the donor may have the right to change the name of this fund at any time.

It is the desire of the donor that her name be withheld and it is desired that correspondence with the bankers who shall represent her in the matter be limited to only such communications as may be necessary to a proper understanding of the establishment and administration of the fund.

February 12, 1919.

This gift was accepted and the plan of its administration approved.

BOND, CLASSICAL MUSEUM

(17) A letter from the Comptroller requesting authority to execute a bond for the importation of certain articles free of duty for the Classical Museum.

This authority was given.

FEES IN COLLEGE OF MEDICINE

(18) A recommendation from the Dean of the College of Medicine, approved by the Comptroller, that the fees of certain sophomores in the College of Medicine from February 1 to April 1, 1919, be remitted because of their having paid full fees already for the freshman and sophomore years.

This recommendation was approved.

PAYMENTS FOR UNIFORMS

(19) A letter from the Comptroller concerning the proposed distribution of payments for uniforms which were ordered by the University for the cadet regiment under the R. O. T. C. organization before the S. A. T. C. was established.

February 27, 1919

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

On January 29 I submitted a schedule showing the proposed distribution of payments for uniforms. I now find that the amount which can be realized from the Government on these uniforms will be \$25.27 instead of \$20.77.

After conference with the Commandant, we have agreed to recommend that the amount to be collected from the students on account of these uniforms be reduced from \$6.64 to \$5.00, this amount representing approximately the value of the shirt and gloves, no charge to be made to the students for other items.

Under this plan, the distribution of the contracts would be as follows:

	<i>Per Man</i>	<i>Total</i>
Paid by the Government.....	\$25.27	\$30,324.00
Paid by the student.....	5.00	6,000.00
Paid by the University (From unused commu- tations 1917-1918).....	6.34	7,608.00
<i>Totals</i>	\$36.61	\$43,932.00

Cordially yours,

LLOYD MOREY

This arrangement was approved.

BOND FOR ALCOHOL

(20) A request from the Comptroller for authority to file a bond to cover distilled spirits, etc.

February 27, 1919

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

The Internal Revenue department has asked that we file a new bond to cover distilled spirits withdrawn for use in our departments at Chicago, and has directed

that this bond be made in the name of the institution rather than in the name of an individual as in the past.

I enclose a resolution necessary for the Board of Trustees to adopt before this bond can be executed.

Cordially yours,

LLOYD MOREY

The following resolution was adopted:

RESOLVED, that Lloyd Morey, Comptroller of the University of Illinois, be authorized to execute a bond to the United States of America in the sum of Three Hundred Thirty Dollars (\$330), with the Aetna Casualty and Surety Company as surety, to cover the withdrawal of distilled spirits for use in the various departments of the University of Illinois, located at Chicago, Illinois, for other than beverage purposes.

SYMPHONY ORCHESTRA CONCERTS

(21) A request from Director J. Lawrence Erb for the re-establishment of the Symphony Concert Course during the next academic year.

The President of the University was given authority to re-establish this course along the lines previously authorized, of eight concerts by four orchestras, the price of admission to be fixed at the point at which in his judgment the largest income can be realized, the deficit to be charged to the budget of next year.

This recommendation was approved.

ADJUSTMENTS OF LABORATORY FEES

(22) A recommendation of the Council of Administration for certain adjustments in laboratory fees rendered necessary by the substitution of the quarter for the semester system during the present year.

January 3, 1919

Dr. Edmund J. James, President

DEAR MR. PRESIDENT

The Council of Administration, at its meeting of December 31, 1918, voted to recommend to the Board of Trustees the approval of the following changes in laboratory fees necessitated by readjustments in various courses in adapting them to the quarter system:

Botany 4d-2	\$1.00	Geology 11 (formerly \$1.00)	No fee
Chemistry 2d	5.50	M. & S. E. 9	\$1.00
Chemistry 2b	6.50	T. & A. M. 32	1.00
G. E. D. 2 & 1	2.50	T. & A. M. 33	2.00
G. E. D. 2	2.50	Zoology 1a	2.00

The Registrar informs me that, in accordance with your instructions, he is collecting these fees of students registering today and tomorrow; this action being subject, of course, to the subsequent approval of these changes by the Board.

Sincerely yours,

THOMAS ARKLE CLARK

Secretary, Council of Administration

This recommendation was approved.

PROFESSOR LYBYER'S LEAVE EXTENDED

(23) The following statement:

Professor Albert Howe Lybyer has been granted leave of absence without pay to April 1, 1919, to enable him to go to Paris in connection with the Peace Conference. It seems that he can not get through his work as soon as he had hoped. He makes a request for a further extension.

Professor Lybyer was given leave of absence until September 1, 1919, without pay.

ASSIGNMENT OF JANITORS

(24) A complaint of the Janitors' Union that assignments of labor of the members of the Union have been made in violation of their understanding.

This matter was referred to the President of the University with power to act.

SCHOLARSHIP RULES

(25) A recommendation of the University Senate as to the granting of scholarships after the freshman year.

January 6, 1919

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate at its meeting of December 17, 1917 voted, on the recommendation of the Committee on Standards of Scholarship, to make the following recommendations to the Board of Trustees:

That the present scholarship regulations be so revised as to make the continuance of a scholarship after the freshman year conditional upon the student's attainment of a standing distinctly above the average, represented roughly by grades of **B** or higher on our present scale of marking.

That the method of selection in the first instance be revised so as to afford a better guarantee of ability and preparation.

The provisions governing the County and General Assembly Scholarships, being embodied in acts passed by the General Assembly, cannot, of course, be revised except by legislative action; but the agriculture, home economics, and ceramics scholarships, having been established by action of the Board of Trustees alone, can be amended by the Board at any meeting.

It would thus be proper for the Board of Trustees to embody in the regulations for agriculture, home economics, and ceramics scholarships such provisions as the Senate has recommended. They could provide, for example, that a nominee for one of these scholarships should stand within the first third of his high-school class, or should pass entrance examinations in certain subjects, or both; and that in order to retain one of these scholarships from year to year the student should make an average grade of **B** in his University work.

I talked with you about this matter last spring, and you asked me to obtain expressions of opinion from Dean Davenport, Professor Bevier, and Professor Washburn as to the desirability of some such amendment of the several sets of scholarship regulations. I sent to each of those officers a letter containing the substance of the preceding paragraphs and asking for expressions of their opinion, and I have the following replies:

From Dean Davenport

With the desire to limit the scholarship privilege to distinctly superior students, I have only the warmest sympathy, but I am doubtful whether it is quite safe to apply this principle to the achievements of the Freshman year. For example I find that of our registration in Chemistry 1 the past semester, nearly 37 per cent failed and in Chemistry 1a, over 47 per cent failed. This is an average of $42\frac{1}{2}$ per cent. As long as conditions continue whereby one department in one semester cuts out nearly half its students and while the same students go up against rhetoric, which is another subject of high fatality, I question whether it is wise to apply the principle to the work of the Freshmen. I recommend that the action be modified to read for the Sophomore instead of the Freshman year.

I thoroly agree with the proposal that a "scholarship student should have proved his superiority in the high school, and that he should stand among the first this is none too severe. We could hardly have lived under this a number of years ago when most of our students were specials but I think we would have no difficulty now, except that it could not apply to the special student class.

From Professor Bevier

I have read with considerable interest your letter with reference to the provisions for scholarships. They seem to me excellent ideas. I would be glad to have them acted upon for Household Science, provided that corresponding provisions be made for Agriculture and Ceramics. I have always had the idea that a scholarship ought to be a reward of merit of some kind.

From Professor Washburn

I have presented the matter in question to the staff of the Department. The opinion expressed by the staff was to the effect that they would not like to see modifications of the present regulations with regard to scholarships in ceramic engineering, at least not as radical as some of those suggested. For example: the stipulation that the candidate must be in the upper third of his high-school class would, it seems to us to some extent, destroy the original purpose of these scholarships. You will recall that these scholarships are granted on nomination of the Clay Manufacturers Association and I take it, therefore, tha the purpose was to especially stimulate registration in this subject and possibly to recognize the assistance of the Clay Manufacturers Association in bringing the Department to its present condition. The number of applicants for these scholarships is at best extremely small and there is never any question of competition in connection with them; that is, it is difficult enough to get one student from a county. I think a regulation limiting candidates for such scholar-

ships to the upper third or half of the class would have no beneficial effect as long as present conditions continue. We see no objection to making the continuance of a scholarship after the Freshman year conditional upon satisfactory work by the student.

Sincerely yours,
C. M. McCONN

No action was taken on this subject.

GRADUATE SCHOLARSHIP STIPEND INCREASED

(26) A recommendation from the Executive Faculty of the Graduate School that the scholarship stipend for first-year graduate students be fixed at three hundred dollars instead of, as hitherto, at two hundred and fifty dollars.

January 18, 1919

President E. J. James

DEAR MR. PRESIDENT:

At a recent meeting, the executive faculty of the Graduate School voted to recommend to you that the scholarship stipend for first-year graduate students be fixed at \$300 instead of, as hitherto, \$250. It has been my experience that practically all first-year students have no resources other than their scholarships. Indeed, they could hardly be expected to have, since they are encouraged to come to us directly from college. The stipend of \$250 has always been reported as too small to get through the year with the utmost economy. The increase in living expenses has made the situation much more difficult than before. These reasons have influenced the faculty to make this recommendation.

You will remember that the amount \$250 was fixed by yourself when our present system was established.

Very truly yours,
DAVID KINLEY

This recommendation was approved.

DISCIPLINARY COMMITTEE FOR CHICAGO DEPARTMENTS

(27) A recommendation that the Council of Administration be authorized to provide for a disciplinary committee in the Chicago departments of the University to pass on all cases of discipline arising in the city departments, their action to be subject to the approval of the Council of Administration.

This recommendation was approved.

TEMPORARY LOAN

(28) A letter from the Comptroller relating to the University loan.

January 22, 1919

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that the loan of \$50,000, made by the Merchants Loan and Trust Company of Chicago on December 31, 1918, to cover overdraft in the funds of

the University treasurer on account of expenditures for the Students Army Training Corps, has been paid in full, with interest amounting to \$90.27.

Cordially yours,
LLOYD MOREY

This report was received for record.

APPROPRIATIONS FOR THE SMITH MEMORIAL HALL

(29) (a) Letter from Professor James M. White concerning appropriations for the Music Building.

January 28, 1919

President E. J. James

DEAR SIR:

On May 9 I gave you a statement with reference to the Smith Music Hall in which I estimated the total expenditures for this biennium at \$177,076.50. That was on the basis of existing contracts, and was in addition to the \$22,923.50 spent the previous biennium.

Our total charges as of November 30, 1918, were \$197,495.85, which is about \$2,500.00 under the estimate given you on May 9th.

On April 15, 1918, I gave you an estimate of the cost to complete the building over and above existing contracts of \$196,592.00. In making up our budget we increased this to \$220,000.00. That figure was based upon our estimate of June, 1917, and we expected to save something on that estimate by not employing a general contractor. The bids which we are receiving now are, however, considerably in excess of those estimates, and in putting the figure at \$220,000.00 I am counting on a reduction in cost of construction during the next six months.

Our partition work which in June, 1917, we figured at \$10,552.00, is costing us \$15,250.00. The one bid we have on ornamental iron is \$20,390.00 as against our figure of \$16,060.00 in June, 1917, but I expect to secure lower bids than the one we now have. Our lathing, plastering, and ornamental plaster was estimated at \$27,500.00, and the one bid so far received is \$34,150.00.

In the \$220,000 estimate we have included everything necessary to make the building ready to move into, with the exception of pianos and the organ. It includes the general furniture for the studios, offices, class rooms, library, recital hall, and the necessary window shades, lighting fixtures, etc. \$12,000.00 is included for the general furnishing.

This will make the total cost of the building, exclusive of musical instruments, \$417,495.85.

Yours truly,
JAMES M. WHITE
Supervising Architect

(c) Letter from the Comptroller.

February 13, 1919

President Edmund J. James

MY DEAR PRESIDENT JAMES:

Referring to the Supervising Architect's letter of February 11, regarding funds for the Smith Memorial Music Building, I beg to say that so far as funds for the present year are concerned, it is my opinion that we can meet all cash requirements on account of contracts now placed or which may need to be placed on this building to June 30, 1919. I understand that of the necessary additional contracts to be placed, a very considerable amount would not call for payments until after that date.

As to letting over of contracts to complete the building, I call your attention to my letter of February 5 transmitting a statement of funds and appropriations for

that building as at January 31. That statement indicated that if the cost of the building did not exceed \$417,000.00, the amount to be provided from University funds for the biennium 1919-1921 would be about \$77,000. It appears, however, that this estimate of the total cost will probably be exceeded by at least \$20,000 if the expected plans for the building are carried out and the building complete finished. The amount necessary to provide therefore in the general budget for 1919-1921 would be \$100,000 which would be payable from the expected appropriation of \$200,000 from the State Mill Tax.

In my opinion, it is highly desirable that the building be completed, and at as early a date as reasonably possible.

I would therefore suggest that authority be given for the awarding of additional necessary contracts, as suggested by the Supervising Architect, and than an appropriation of \$100,000 or so much thereof as may be necessary, be made from funds for 1919-1921, to complete the building.

Cordially yours,

LLOYD MOREY

The President of the University was authorized to have the Music Building completed as soon as possible.

FEE IN HOME ECONOMICS

(30) A recommendation of the Council of Administration as to fee in Home Economics 14.

February 5, 1919

Doctor Edmund J. James, President

DEAR MR. PRESIDENT:

The Council of Administration at its meeting of February 4, 1919, on the recommendation of Professor Bevier, voted to recommend to the Board of Trustees that the fee in Home Economics 14 be raised from \$8 to \$13.50 a quarter.

Miss Bevier says: "This plan is made with the idea that the students should pay for their food material for the four weeks they live in the practise department. It seemed in the discussion the only feasible manner to manage the matter."

Sincerely yours,

THOMAS ARKLE CLARK

Secretary, Council of Administration

This recommendation was approved.

ADVISORY BOARD IN CERAMIC ENGINEERING

(31) A recommendation from Dean C. R. Richards as to the reorganization of the Advisory Committee for the course in Ceramic Engineering.

February 14, 1919

President Edmund J. James

MY DEAR PRESIDENT JAMES:

At a meeting of the Board of Trustees of the University of Illinois on June 2, 1905, the recommendation that in the organization of a course in ceramics, an Advisory Committee be constituted to which the Illinois Clay-Workers' Association and other similar organizations may be invited to elect members, was approved.

In accordance with this action such an Advisory Board was appointed, but there does not seem to have been any definite tenure for the members of the Board, nor has there been an adequate representation of the various ceramic industries. To insure the organization of a Board which would be more representative than the existing board, the Department of Ceramic Engineering has made the following recommendation:

"The Advisory Board is to be made up of eight representatives of the ceramic industries, four of these to be chosen by the Illinois Clay Manufacturers' Association, and four by the Chicago Section of the American Ceramic Society. The four chosen by the Illinois Clay Manufacturers' Association are to be selected so as to represent as broadly as possible the clay industries, while the four selected by the Chicago Section of the American Ceramic Society are to be chosen so as to represent the other ceramic industries, such as, glass, refractories, enamelled ware and cement. The term of office of each member of the Board is to be two years, with half of the Board going out each year. This would mean that each of the above named organizations would choose initially two members for the long term of two years, and two members

for the short term of one year, but that thereafter all elections would be for two-year terms."

After giving this matter some thought, I beg to recommend to you and to the Board of Trustees that the Advisory Board for the Department of Ceramic Engineering be reorganized in accordance with the recommendation of the Department of Ceramic Engineering. If this recommendation is approved, it should be understood that the present Board will cease to exist, and that it will be necessary for the Illinois Clay Manufacturers' Association to nominate four men, and the Chicago Section of the American Ceramic Society four men, each representing a different branch of the industry.

Trusting that this recommendation will meet your approval, I am

Very cordially yours,

C. R. RICHARDS

This recommendation was approved.

GIFT OF WESTINGHOUSE MOTOR

(32) A communication from Dean C. R. Richards as to a gift made to the University by the Westinghouse Company of East Pittsburg, Pennsylvania.

February 13, 1919

President Edmund J. James

MY DEAR PRESIDENT JAMES:

It gives me pleasure to inform you that the Westinghouse Electric and Manufacturing Company of East Pittsburgh, Pennsylvania, recently donated a 105 h. p., 2500-volt direct-current railway motor to our Department of Electrical Engineering. This motor is one of two such motors which were constructed by the Westinghouse Company and used in an investigation to determine the practicability of utilizing 5000 volts of direct current in the operation of electric railway cars. These two motors were operated in series, so that each motor utilized half of the total voltage. The need for the motors disappeared upon the completion of these experiments, and the Westinghouse Company has generously donated one of them to this institution.

Professor Paine has informed me that he proposes to operate this motor as a generator so that direct current of 2500 volts will be available for experimental work. You will doubtless recall that during Professor Berg's administration, 30 small 500-volt direct-current generators were purchased for the Department of Electrical Engineering. These machines when coupled in series give 15,000 volts of direct current, and some very interesting research work has been possible by the use of this unique equipment. These small motors, together with the motor which has been donated by the Westinghouse Company, give us facilities for the study of high voltage direct currents, which are probably superior to those possessed by any other institution.

Very cordially yours,

C. R. RICHARDS

This gift was accepted and the President of the University was authorized to extend the thanks of the Trustees to the Westinghouse Company.

PROFESSOR G. M'P. SMITH PROMOTED

(33) A recommendation that Professor G. M. Smith of the department of chemistry be promoted to be Associate Professor of Chemistry at a salary of three thousand dollars a year, beginning September 1, 1919.

This recommendation was approved.

REVISED BUDGET OF BUSINESS OFFICE

(34) A recommendation from the Comptroller for certain changes in the budget of the Business Office to be effective March 1, 1919.

February 5, 1919

President Edmund J. James

MY DEAR PRESIDENT JAMES:

The unusual number of changes in the staff of my office during the past year and the unusual conditions we have confronted during this year, make it seem desirable that I present to you in midyear a revised budget for the department for the remainder of the year.

I enclose herewith a statement showing the appointments and positions authorized in the original budget and through subsequent recommendations, and the list of appointments recommended for the remainder of the year beginning March 1, 1919.

The principal changes in organization are as follows:

1. The transfer of R. D. Castle, formerly Assistant Auditor, to a new position of Assistant Purchasing Agent. The problem of creating an efficient organization in the Purchasing Department has been a constant one. During the past few months an effort to get along with persons of clerical capacity only and at low salaries, has failed utterly to give the service demanded by University departments. There is also an increased tendency on the part of various officers at Springfield to criticise the work of this division. A careful study of the situation indicates that the work can be successfully handled only by an enlargement in the responsible positions in that division, and in line with this situation I am recommending this addition.

2. Another division seriously affected by the conditions of this year is the Bursar's division. It has been necessary to practically reorganize that division and to institute new records and systems for a large part of its work. There are increasing demands also on that division, resulting from its assuming full responsibility for receipts of every kind due the University, including the collection of all accounts for sales, etc. This work is being better done than ever before, and accounts are being much more promptly and fully collected, so that the increased organization is fully justifying itself. This division handles all cash coming into the hands of the office, and for that reason it is necessary to employ persons who are reliable and trustworthy, as well as capable.

3. The majority of the other changes result from inability to fill positions at the salaries set in the summer, or from the necessity of engaging a better type of clerk than originally contemplated.

The individual appointments which have not yet been authorized by you are indicated on the attached and are as follows:

1. W. B. Holmes—Chief Accountant, \$1500. Mr. Holmes qualified through Civil Service examination for a position as University accountant, in which the minimum salary is \$1500. When Mr. Edwards, Purchasing Agrnt, was called to service, I engaged Mr. Holmes temporarily to carry on the duties of that position, which he did very successfully. As mentioned above, I have found it necessary and desirable that Mr. Castle, formerly Assistant Auditor, be transferred to the Purchasing division, thus leaving a vacancy in the Auditing division. I recommend that Mr. Holmes be appointed to this vacancy with the title of Chief Accountant. Mr. Holmes is a graduate of James Milliken University with the degree of B. S. He has had two years experience as a teacher of bookkeeping, and about three years other miscellaneous business experience, in addition to his experience here during the past few months. He is well qualified for this position.

2. L. D. Romig—Clerk, \$900. Mr. Romig is a high school graduate and has had one year of University work, with some four or five years business experience. During the past one and one-half years he has been employed by us as a clerk in the School of Military Aeronautics at a salary of \$100 a month, his appointment in this capacity ceasing with the closing of the school.

3. Raymond Lippe—Clerk, \$900. Mr. Lippe has had three years work in the University, and during the past few months has been engaged by me in connection with the S. A. T. C. work.

4. Miss Marie Doyle—Bookkeeper, \$600. Miss Doyle is a high school graduate of the year 1918, and has been employed in various positions since that time, during recent weeks as a temporary clerk in this office.

5. Miss Beulah Warner—Clerk, \$720. Miss Warner is a woman of considerable experience, with A. B. degrees from two western colleges, but for family reasons has been obliged to give up positions at much higher salaries, in order to locate in this community. Her proposed appointment at this salary represents an excellent value to us, as her experience and training are considerably better than we are usually able to get at this figure.

6. Donald A. Grossman—Assistant Cashier, \$1200. This position is one of the most important and responsible positions in the department, as it involves the work at the window in the office on the first floor. Mr. Grossman is a graduate of the University of Illinois of the year 1916. Since that time he has been in a banking position, and during the past year in the service. He is exceptionally well fitted and trained for the work which I propose to assign to him, and promises to develop into a valuable assistant. I am particularly pleased to be able to recommend his appointment.

7. Miss Nan Quirk—Stenographer, \$900. Miss Quirk was employed for about two years at a maximum salary of \$780, having been recommended for this year at a salary of \$900. Before her appointment was approved, however, she accepted a position at Washington in the Government service at a salary of \$1200. As she has

returned from this work I am anxious that she be re-engaged in our department to fill a vacancy existing in the Bursar's division.

8. J. H. Andrews—Bookkeeper, \$900. Mr. Andrews has finished his second year in the Accountancy course in the College of Commerce. During the past eight months he has been in the service and secured his commission. Eventually he expects to resume his work in the University and complete the requirements for his degree. He has been previously employed by us as a student assistant.

The total apparent increase in the proposed budget as over the amounts originally authorized for this year is \$5,020. As a matter of fact, practically no increase in expenditures over the amount originally authorized will appear, as not all of the authorized positions have been filled throughout the first half of the year, and in many cases positions have been temporarily filled at less than the authorized salaries. In so far, however, as the continuance of a similar budget will be found necessary during the coming year, an increase in the annual expenditure for the department will be necessary.

I am submitting this proposed budget only after a most careful study on my part of all features of the work in my department during the past few weeks, and am presenting it with the conviction that it represents the minimum organization necessary to carry on the work that must be done, and in addition, an organization representing the maximum efficiency at as reasonable as possible a cost.

In the light of all of the above facts and suggestions, I recommend that the budget of the Business Office as attached be approved, effective March 1, 1919, and continuing until further notice, but in no case longer than August 31, 1919, and that the appointments, Nos. 1 to 8 above, which have not yet been made, be approved thereunder.

I trust these recommendations may have your endorsement.

Very truly yours,

LLOYD MOREY

PROFESSOR RUSK'S SALARY

(35) A recommendation from the College of Agriculture that the salary of H. P. Rusk, Professor of Beef Cattle Husbandry, be advanced to five thousand dollars a year from May 1, 1919.

This matter was referred to the President of the University with power to act.

We had hoped to carry the work without filling the position occupied by Professor Carpenter, but Dean Ballantine is quite insistent that this is impracticable, unless we are willing to see a material reduction in the standards of the College of Law.

This matter was referred to the President of the University with power to act.

PROPERTY IN CHICAGO

(37) A report from the Comptroller on the purchase of certain lots in the city of Chicago.

January 23, 1919

President Edmund J. James

MY DEAR PRESIDENT JAMES:

I beg to submit the following report on the purchase of lots in the city of Chicago. In the Board Minutes of July 17, 1918, page 29, the Executive Committee was given power to close a transaction involving the condemnation of certain property in the block bordered by South Wood, South Hermitage, Flournoy, and West Polk Streets.

At the direction of the Executive Committee, I have issued warrants as stated below, for the purchase of the following described properties:

1. From Samuel B. Panama and Rose Panama, his wife, and William J. Foster, a bachelor.

The north ten (10) feet of Lot Five (5) and the south fifteen (15) feet of Lot Six (6) in the Re-Subdivision of the West half of Block Five (5) in the Assessor's Division of the East half of the Southeast quarter, Section Eighteen (18) Township Thirty-nine (39) North, Range Fourteen (14) East of the Third Principal Meridian.

Located at 727-729 South Wood Street, containing a frontage of 25 feet on the east side of Wood Street, between Flournoy Street and West Polk Street, and a depth of 123.79 feet, bounded on the north by our property at 721-725 South Wood Street, Tract No. 104; and on the south by our property at 1756-1758 West Polk Street, Tract No. 106. (See Report of the Comptroller 1918, page 92.)

Purchase price Eighteen Hundred (\$1800) Dollars. Taxes for the year 1918 are payable by the grantor.

Entered in the records of my office as Tract No. 114.

2. From Andrew J. Turngren and Maria Turngren, his wife.

Lot nine (9) in the East half of Block Five (5), in Hadduck's subdivision of Blocks Four (4), Five (5), and Seventeen (17), in the Assessor's Division of the East half (E. $\frac{1}{2}$) of the Southeast quarter (S. E. $\frac{1}{4}$) of Section Eighteen (18), Township thirty-nine (39) North, Range Fourteen (14), East of the Third Principal Meridian.

Located at 720 South Hermitage Avenue, containing a frontage of 25 feet on the west side of South Hermitage Avenue, between Flournoy Street and West Polk Street, and a depth of 125 feet, directly east of the north part of our property at 721-725 South Wood Street above referred to.

C. P. A. CERTIFICATES

(38) A communication from the Secretary of the Committee on Accountancy.
 March 1, 1919

Dr. Edmund J. James, President
 DEAR MR. PRESIDENT:

The University Committee on Accountancy has just received a report from the Board of Examiners of the results of the C. P. A. examination of December 17-19, 1918. I enclose a copy of these results.

At a meeting held on February 27, 1919, the Committee voted to recommend to the President of the University that the certificate of Certified Public Accountant be issued to the successful candidates in this examination, namely:

John A. Stolp
George T. Van Eps
E. L. Kinney
Edward J. Filbey
Joseph F. Dillman
Robert E. Payne

Sincerely yours,

C. M. McCONN

Secretary, Committee on Accountancy

The President of the University was authorized to issue the diplomas of Certified Public Accountant to the persons named as recommended therefor by the Committee on Accountancy.

WAGES OF AGRICULTURAL LABORERS

(39) A request of the College of Agriculture and Agricultural Experiment Station for an additional increase in wages for their employees involving an addition to the Agricultural budget of about \$30,000 a year.

This matter was referred to a committee consisting of the committee on Agriculture and the Executive Committee.

CONTRACTS, MUSIC BUILDING

(40) A statement from James M. White, Supervising Architect, that the contract for the ornamental iron work in the Smith Memorial Hall was let to the low bidder, Adelbert E. Coleman of Chicago, at a figure of \$19,575; also that the lathing and plastering contract was let to Klein and Watson of Peoria as the lowest responsible bidders at \$32,375, and the memorial room at \$3,285.

This report was received for record.

SALE OF FISHER FARM

(41) A letter from the Comptroller as to the sale of the Fisher Farm.

March 4, 1919

President Edmund J. James

MY DEAR PRESIDENT JAMES:

On September 3, 1918 (pages 86-87), the Board of Trustees authorized me to sell the Fisher farm to Mr. Curtis E. Underwood and Mr. George E. Jones, Mr. Underwood to take the NW- $\frac{1}{4}$ and the SW- $\frac{1}{4}$ of the NE- $\frac{1}{4}$ of 31-22-8, and Mr. Jones to take the SE- $\frac{1}{4}$ of the NE- $\frac{1}{4}$ of 31-22-8. Mr. Underwood has agreed with Mr. Jones to assign to the latter the portion of his contract covering the SW- $\frac{1}{4}$ of the NE- $\frac{1}{4}$ of 31-22-8, Mr. Jones to pay the same price at which Mr. Underwood contracted to buy this land. I have accepted this assignment for the Board of Trustees.

I recommend that my action in this respect be confirmed.

Cordially yours,

LLOYD MOREY

The action of the Comptroller in this respect was approved.

DEEDS FOR SMITH FARMS

(49) A letter from the Comptroller asking that the President and the Secretary of the Board of Trustees be authorized to execute warranty deeds for the Smith farms at Fisher and St. Joseph in accordance with contracts already approved.

It was voted that Robert F. Carr, President, and H. E. Cunningham, Secretary, of the Board of Trustees of the University of Illinois, be authorized to execute proper warranty deeds, conveying the following described real estate, in accordance with contracts previously approved by the Board of Trustees:

I. To Curtis E. Underwood, the Northwest Quarter of Section Thirty-one (31), Township Twenty-two (22) North, Range Eight (8) East of the Third Principal Meridian, except One (1) acre in the Southwest Quarter of said Northwest Quarter, and except also the existing right-of-way of the Illinois Central Railroad over a portion of said land.

II. To George E. Jones, the South One-half of the Northeast Quarter of Section Thirty-one (31), Township Twenty-two (22) North, Range Eight (8) East of the Third Principal Meridian, except the existing right-of-way of the Illinois Central Railroad over a portion of said land.

III. To Elmer Ehler, the Southwest Quarter and the West One-half of the Southeast Quarter of Section Twenty-six (26) North, Range Ten (10) East of the Third Principal Meridian.

COMMANDANT ADDED TO COUNCIL OF ADMINISTRATION

(43) A recommendation that the Military Commandant, who ranks as Professor of Military Science and Tactics, be made a member of the Council of Administration.

This recommendation was approved.

ASSISTANT COMPTROLLER AUTHORIZED TO SIGN WARRANTS

(44) A recommendation from the Comptroller that the President and the Secretary of the Board be authorized to delegate to the Assistant Comptroller authority to sign their names to warrants on the Treasurer of the University and to vouchers against the Auditor of Public Accounts, in cases of emergency; provided that the Assistant Comptroller may not in any case sign the names of both the President and the Secretary to the same document.

This request was approved.

STATE HOSPITAL FACILITIES

(45) A statement that the Director of Public Welfare, Mr. Charles H. Thorne, has suggested a plan of co-operation between the Department of Public Welfare and the University of Illinois under which in a general way the University is to take over the medical service in certain hospitals about to be erected in the city of Chicago with the privilege of using these hospitals for purposes of instruction.

This matter was referred to the President of the University with power to act.

At this point, Mr. Hoit withdrew.

TRANSLATION OF ENGINEERING CIRCULAR

(46) A recommendation that authority be given to Mr. Maurice Varinois, Engineer, in Paris, to translate and publish Engineering Experiment Station Circular No. 7.

This recommendation was approved.

CHICAGO PROPERTY OFFERED

(47) A letter from Mr. Alexander Prussing in regard to an offer of certain lots.

This letter was received to be filed.

SALE OF SMITH LANDS

(49) A letter from the Comptroller on the sale of the Smith farms.

March 7, 1919

President Edmund J. James

MY DEAR PRESIDENT JAMES:

I beg to submit herewith a report on the sale of the Smith farms as at the present date:

Fisher Farm

As separately reported by me, the amended contracts for the sale of this farm are as follows:

(a) To Curtis E. Underwood, NW-31-22-8, except one acre and railroad right of way, 156.27 acres (as per survey) at \$275 per acre.....	\$42,974.25
(b) To George E. Jones, S-½ NE-31-22-8, except railroad right of way, 76.52 acres (as per survey) at \$275 per acre.....	21,043.00
Total.....	\$64,017.25

It has not been possible to conclude satisfactory titles for this farm. The necessary bill to quiet title is now ready for filing, but a decree can not be had until May 1st.

In consideration of the payment to the University of the amounts as indicated below, I have had proper deeds executed for these farms and delivered in escrow, and have given possession to these parties, they having agreed to pay the balance of the purchase price as soon as a proper abstract of title has been delivered.

St. Joseph Farm

This farm was sold to Elmer Ehler, and contains 240 acres, at a price of \$200 an acre, a total of \$48,000.00. It has likewise been impossible to complete a satisfactory title for this farm. The bill to quiet title is in the process of preparation, but a decree can not be had until about the first of May.

I have agreed with Mr. Ehler that he should pay, on or before March 15th, the sum of \$18,000. A payment of \$6,000 was made when the contract was signed.

I have further agreed that in consideration of these payments, a warranty deed will be executed and delivered in escrow, and that possession of the farm will be given on or before March 15th, the purchaser agreeing to pay the balance of \$24,000 when a merchantable title has been delivered.

It will be seen from the above that the amounts withheld by the different purchasers vary considerably. This is on account of the fact that the purchasers are obliged to secure loans in varying amounts on the farms they are buying. These loans can not be arranged until the titles have been perfected. On this account it has been necessary for me to allow them to withhold the amounts of the loans they are expecting to secure on the respective places.

Summary

The following is a summary of the various transactions referred to above:

	<i>Purchase Price</i>	<i>Paid by Purchaser</i>	<i>Balance</i>
Underwood.....	\$ 42,974.25	\$41,974.25	\$ 1,000.00
Jones.....	21,043.00	15,043.00	6,000.00
Ehler.....	48,000.00	24,000.00*	24,000.00
Totals.....	\$112,017.25	\$81,017.25	\$31,000.00

EXTENSION OF BONDS FOR THESES

(52) A recommendation from the Dean of the Graduate School:

March 7, 1919

President E. J. James

DEAR MR. PRESIDENT

Certain students who received the degree of Doctor of Philosophy in 1918 deposited bonds to insure the printing of their theses. Under the rule of the University, these bonds must be replaced with cash deposits at the end of one year. These students are therefore obliged to make cash deposits this spring. In the meantime some of these students have gone into the military or naval service of the country, and find themselves unable on their soldiers' pay to make the necessary deposit. Therefore, after consulting the faculty of the Graduate School, I hereby request that authority be given by the Board of Trustees to the Comptroller and myself, by whom such bonds are approved, to extend them in cases recommended by the faculty of the Graduate School for one year from the date of their maturity. Of course, if this authority is given us, we will make the extension with due regard to legal requirements, such as the consent of the endorser or endorsers of the bond.

Very truly yours,

DAVID KINLEY

This recommendation was approved.

ADMINISTRATION OF SUMMER SESSION

(53) A recommendation from the University Senate as to the Summer Session.

March 7, 1919

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate, at its meeting of March 3, 1919, approved the following recommendations from the Committee on Educational Policy with reference to the Summer Session:

That, after the current academic year, the Summer Session be administered, so far as feasible, in the same manner as are the other sessions of the University; that to this end it be placed in charge of the Council of Administration, with the understanding that in the absence of any dean, his place may be supplied, for the time being, by an assistant dean or an acting dean; and that an executive officer, to be known as the director of the Summer Session, be appointed by the President on the nomination of the Council of Administration, by whom his duties and powers shall be prescribed.

That each summer-session instructor be given the option of receiving compensation for teaching in the Summer Session, or of counting such teaching during one session as the equivalent of a half-semester's work, and that after teaching without pay in two Summer Sessions he be entitled to leave of absence for a half year with full pay.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

No action was taken on this subject.

GIFT OF BOOKS BY DR. QUINE

(54) A letter from the Librarian of the College of Medicine concerning a gift of books by Doctor Quine.

March 7, 1919

Dr. E. J. James, President, University of Illinois

DEAR PRESIDENT JAMES:

You will be pleased to learn that Dr. Quine has donated to the University Library between three hundred and fifty and four hundred volumes from his private library, about half of which will be desirable additions to our collection, representing a cash value of over five hundred dollars. With this gift of books, Dr. Quine also sent us many photographs of the men who were connected with the early history of the college.

Yours very truly,

METTA M. LOOMIS

Librarian

This gift was accepted and the President of the University was authorized to express the thanks of the Board to Doctor Quine.

LANGUAGE REQUIREMENT FOR ADMISSION TO MEDICINE

(55) A recommendation from the faculty of the College of Medicine that foreign language as a requirement for admission to the College of Medicine be dropped from the list of prescribed requirements and be added to the list of electives which may be offered in case the medical examining boards of the various states or a sufficient number of them approve this provision.

This recommendation was approved.

SUMMER COURSES IN AGRICULTURE AND HOME ECONOMICS

(56) A letter from Dean Charters as to a short course in Home Economics and in Agriculture in cooperation with the Board of Vocational Education.

March 8, 1919

President. E. J. James

MY DEAR PRESIDENT JAMES:

I write concerning the short course in home economics for college teachers and state supervisors.

I have received assurance from the Federal Department that they will detail some of their people to us for part of the time and that they will advise teachers in normal schools, colleges, and high schools who are looking forward to doing college teaching or supervising, that Illinois is offering such courses this summer.

The course will be six weeks long and the work will be divided into a number of units, about twelve or fourteen in all. These units are selected upon the basis of problems which supervisors and practise teachers have to meet.

For teachers of these courses we shall need to use some of our own people who will be on the ground this summer, Miss Richardson or Miss Stanley from the Federal Board, possibly Miss Davis, from the State Department; and some additional help for a week or two each by supervisors in surrounding states who are especially well equipped for handling individual units.

Some of these instructors will receive no pay, some will come for expenses and others will have to paid a small amount. The variation in salary is dependent upon the kind of positions which they now hold. The cost, as estimated by Miss Bevier and I, would not exceed \$1500 and we should try to hold it down below \$1200.

Miss Richardson informed me that we may expect an enrollment of from fifty to sixty people.

In connection with the cost I wish to point out the fact that we shall have left from our Smith-Hughes budget for this year over \$5,000.

An early decision in this matter is essential.

The same sort of work might very well be done in agriculture and Mr. Nolan would be glad to undertake it. The cost there would be less because more of our men are on the job. I think that I could run the two courses in home economics and in agriculture for about \$2200. I am particulrally anxious to get the home economics started.

Very truly yours,

W. W. CHARTERS

This matter was referred to the President of the University with power to act.

(57) A letter from the Comptroller concerning the financial operations of the University Hospital.

President Edmund J. James

March 10, 1919

MY DEAR PRESIDENT JAMES:

I beg to submit herewith an estimate of funds required for the University Hospital for the year 1918-19.

The load carried by the Hospital during the period of the S. A. T. C. was very heavy indeed. It was necessary to buy on short notice large amounts of equipment and to operate for several weeks on a very uneconomical basis. I have been able to include as a part of the claim against the Government all expenditures during that period, except amounts expended for equipment, for which I have been able to include only a reasonable allowance for depreciation. The deficit for this period therefore is \$7,583.83, against which however there existed on January 1st inventory of equipment and supplies amounting to \$8,618.70. The operations for January and February have shown a deficit of \$866.28.

The best estimates that we are able to make of the operations for the remainder of the year indicate a total deficit for the four months, March to June inclusive, of \$3,900.00. I therefore estimate that the funds required for the Hospital for the year 1918-19 will amount to \$12,285.73, of which an estimated amount of \$8,618.70 will be represented by new equipment purchased, and an estimated amount of \$3,527.03 representing the net deficit on operations.

I would request that an appropriation to cover these funds be made. A detailed statement of the estimates submitted herewith will be presented to you later.

Respectfully submitted,

LLOYD MOREY

Comptroller

S. A. T. C. ACCOUNTS

(58) A letter from the Comptroller containing a trial balance of the S. A. T. C. accounts, March 10, 1919.

March 10, 1919

President Edmund J. James

MY DEAR PRESIDENT JAMES:

I beg to submit herewith a preliminary financial report of the S. A. T. C.

Trial Balance S. A. T. C. Accounts, March 10, 1919.

This statement exhibits the accounts maintained with the S. A. T. C., showing as debits the actual disbursements in full to date, and as credits the receipts to date from the United States Government and from other sources, and the estimates of additional receipts from salvage, etc.

From this it will appear that the net cash outlay of the University on account of the S. A. T. C. at the present date is \$347,652.11, and that after giving effect to reason-

¹Net value of equipment remaining on hand this date \$8,618.70.

able estimates of salvage and estimates of additional miscellaneous expenditures, the net amount due the University by the Government and necessary to reimburse the University for all outlays on account of the S. A. T. C. is \$277,474.34.

Statement of Claims Rendered on Account of the S. A. T. C.

This statement is a summary of claims prepared to present to the Government on account of the S. A. T. C., in accordance with the directions of the Committee on Education and Special Training and the Navy Department.

From this statement it will appear that the total amount of claim which can be entered on account of this work is \$289,072.47. The announcements of the Committee on Education and Special Training and the Navy Department indicate that certain items of necessary expenditure on the part of the institution will not be allowed by the Government. On the other hand, they indicate that certain claims may be made on account of tuition for the entire year of S. A. T. C. men not returning January 1st. These directions result in our being able to make claim for a somewhat larger amount than our books show as actual disbursements on account of the S. A. T. C. However there are without question, numerous items of expenditure in various departments occasioned directly and specifically by the S. A. T. C., which in spite of our constant alertness, have not actually been entered as expenditures on that account or cannot be included as claims against the Government. There has also been a very large amount of excessive wear and tear on property of the University, which we have not attempted to express in actual amounts. In addition it is possible that some of the items included in the claims which are being presented will not be allowed, although the claims have been prepared with the utmost care.

For these reasons, I consider that the amount of claims rendered is in every way just and reasonable. I also consider that if these amounts are allowed us we shall be satisfactorily reimbursed for our outlay on account of the S. A. T. C.

Concerning the salvage of equipment and supplies, I beg to report as follows:

Armory Construction

Bids have been asked for March 20, 1919, the contractor to give bond and pay 15% in cash, and to remove the construction and pay the balance on or about May 1st.

Mess Equipment

This has been advertised in all possible ways and is being sold out as rapidly as possible. The average loss on this equipment will be not less than 60%.

Grocery Stock

This stock has been extensively advertised and is being sold both to local parties and to wholesale dealers as rapidly as possible. I estimate that the loss on this stock will be not more than 25%.

Respectfully submitted,

SUMMER SCHOLARSHIPS FOR LIBRARIANS

(60) A recommendation from the University Librarian that librarians and library assistants in Illinois libraries and persons under contract to serve in such positions in Illinois libraries and who can matriculate in the University shall be exempt from the payment of the incidental and tuition fees in the Summer Session.

This recommendation was approved.

SETTLEMENT OF S. M. A. AFFAIRS

(61) A copy of agreement entered into between the University of Illinois, by David Kinley, Vice-President, and Captain Frank C. Hendry, Commandant of the School of Military Aeronautics, approved by the President of the University, concerning the matter of settling the accounts between the University and the School of Military Aeronautics.

THIS AGREEMENT entered into this 25th day of January, 1919, between Captain Frank C. Hendry, Commandant of the School of Military Aeronautics, and the University of Illinois by David Kinley, Vice President, University of Illinois, provides that the accompanying exhibits of inventoriable equipment and buildings charged as an expense in the accounts of the School of Military Aeronautics of the University of Illinois, and of the salvage value of same as summarized on pages 57 and 59, shall serve as the basis for the transfer of all said equipment and building construction to the University of Illinois, and in consideration of said transfer, the University agrees to pay the sums of \$5,869.68, \$4,886.13 and \$1,500.00, a total of \$12,255.81 for said equipment and building construction, and that to this will be added in final settlement of all accounts of the School of Military Aeronautics, whatever balance on the tuition account the University has received from the Government over and above the actual cost to the University of the operation of the school.

MEDICAL SCHOLARSHIPS

(62) Letter from the Comptroller in regard to certain scholarships in the College of Medicine.

March 10, 1919

President Edmund J. James
MY DEAR PRESIDENT JAMES:

I beg to call to your attention the situation regarding a scholarship established in the College of Medicine in 1902 by the Northwestern Branch of the Woman's Foreign Missionary Society of the Methodist Episcopal Church, and known as the Emily W. L. Schofield Scholarship.

In 1902 an agreement was entered into between the College of Physicians and Surgeons and the Northwestern Branch of the Woman's Foreign Missionary Society, whereby an endowment of \$2,000 was paid over to the College by the Missionary Society, under which the College agreed to establish two perpetual scholarships, to be assigned annually to persons nominated by the Missionary Society.

The financial results of this agreement are shown in the attached schedule, from which it will appear that during the 17 years in which the scholarships have been in

existence, the amount of fees assessed against the various beneficiaries has totaled \$3,185, whereas the income from the endowment has been only \$2,040. The entire endowment is invested in 6% bonds of the College of Physicians and Surgeons, and gives therefore an unusually good net return.

I recently called the attention of the officers of the Missionary Society to this situation, pointing out the fact that the College of Physicians and Surgeons, and later the University of Illinois, had suffered considerable financial loss under the terms of the original agreement. The officers of the Missionary Society, after considering the matter and after conferring with Dr. Quine, with whom the original agreement was drawn up, agreed that the case be presented to the Board of Trustees of the University of Illinois, and that if the Board of Trustees considered that it should be relieved from the financial prejudice of the original contract, that the Missionary Society would accept a new agreement, effective beginning with the school year 1919-20, whereby only one beneficiary would be allowed each year instead of two, the only exception to this arrangement being that for the school year 1919-20 the Society desires to nominate two persons, these persons having already been selected.

It is true that even this change would not completely protect the University on this scholarship, inasmuch as the maximum income is \$120 per year, whereas the tuition fees, including laboratory and special fees in the College of Medicine now total more than \$150 per year. However, I think in the light of all circumstances the above suggested arrangement is as fair a one as can be arrived at.

I enclose for the consideration of the Board of Trustees a draft of a new arrangement drawn up along these lines, to replace the agreement under which we are now working.

I recommend that I be given authority to complete this contract with the Northwestern Branch of the Woman's Foreign Missionary Society of the Methodist Episcopal Church.

Respectfully submitted,

LLOYD MOREY

THIS AGREEMENT, Made and entered into this _____ day of _____ 1919, by and between the Board of Trustees of the University of Illinois, party of the first part, and the Northwestern Branch of the Woman's Foreign Missionary Society of the Methodist Episcopal Church, party of the second part.

WITNESSETH: The party of the first part, in consideration of the sum of Two Thousand (\$2000) Dollars, paid to it by the party of the second part, the receipt of

which is hereby acknowledged, agrees to establish in the College of Medicine of the University of Illinois one perpetual scholarship in said college, to be known and designated as the "Emily W. L. Schofield Scholarship of the Northwestern Branch of the Woman's Foreign Missionary Society of the Methodist Episcopal Church."

And, it is further agreed that the party of the second part may nominate each year one student to be the beneficiary under said scholarship, and that if in any year or years no students should be nominated, then the party of the second part may in other years nominate two or more students in such number as will be equivalent to one student for each year consecutively, provided that for the school year 1919-1920 the party of the second part shall be entitled to nominate two students.

It is agreed that if the party of the first part should cease or fail to provide complete medical education for women, according to the standard required by other regular Schools of Medicine in good standing, that it shall repay to the party of the second part the amount paid to it by the party of the first part for the establishment of said scholarship.

The party of the first part agrees to furnish any student or students nominated for said scholarship, free of charge, tuition in the said College of Medicine of the University of Illinois, in whatever grade or year the student or students may be qualified to receive instruction, including also matriculation, final examinations, material necessary for illustrative and practical work, and all college and hospital instruction such as may be given to other students of the same year and qualifications. Any student who has been a beneficiary of this scholarship for one or more years shall be entitled in any subsequent year to enter said College as a student on the same conditions as are required of a non-beneficiary student of the same yearly grade.

It is agreed that any student nominated as a beneficiary under said scholarship shall be subject to all the conditions required for admission and graduation, responsibility for the breakage of furniture and laboratory appliances, and to all other rules and regulations of the College of Medicine of the University of Illinois.

It is further agreed that these covenants shall be binding upon both parties and their assigns or successors.

In witness whereof we have hereunto set our hands and seals the day and year first above written.

Y. M. C. A. CAFETERIA

(63) A letter from the Comptroller concerning the operation of the University Inn, Cafeteria, and Lunch Room in the Y. M. C. A. Building for January and February, 1919.

March 10, 1919

President Edmund J. James

MY DEAR PRESIDENT JAMES:

I beg to submit herewith a report of the operations of the University Inn, Cafeteria and Lunch Room in the Y. M. C. A. Building for January and February, 1919.

From this it will appear that for the two months the net deficit from all operations is \$1,427.66, of which there was a deficit in the month of January of \$1,084.91, but in the month of February only \$342.75.

You will also note that the deficit from the operations of the Dormitory for the two months is \$317.38, and that for the operation of the Cafeteria and Lunch Room for the two months is \$1,110.28. You will note in the case of the Cafeteria and Lunch Room that the deficit for the month of January was \$1,027.53, while for the month of February it was only \$82.75.

The leasing of the rooms on the first floor to the Illinois Union will bring an additional revenue of \$50 per month for the Dormitory, with practically no additional expenses. I think it is likely that the few rooms in the Dormitory that are now unfilled can be filled for the third quarter.

As to the Cafeteria and Lunch Room, it appears from the month of February, after charging all expenses, including a reasonable proportion of rent and a reasonable allowance for depreciation of equipment, that only a slight deficit exists. I think that the condition of the Lunch Room and Cafeteria may be expected to continue to improve.

I think it is unlikely, however, that the total operations of the building will show any profit for the six months from January to June inclusive. On the other hand, I do not anticipate that there will be any serious loss.

The expenditures for putting the basement in shape for use as a cafeteria and lunch room, after having been used as an Army mess Hall, were \$2,338.95.

Cordially yours,

LLOYD MOREY

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

April 12, 1919

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the office of President R. F. Carr, 2005 McCormick Building, in Chicago, on Saturday, April 12, 1919.

Mr. Robert F. Carr, Mr. Otis W. Hoit, and Mr. William I. Abbott, members of the Committee, and President Edmund J. James, and, for a part of the time, Mr. Cairo A. Trimble, were present.

BOND OF TREASURER APPROVED

Mr. Trimble, as Chairman of the Finance Committee, presented a bond for one million dollars, for Hazen S. Capron, Treasurer of the University, for the approval of the Executive Committee.

On motion of Mr. Abbott, the Executive Committee accepted the recommendation of the Chairman of the Finance Committee and approved the bond for Hazen S. Capron, Treasurer, and instructed the retiring treasurer, Mr. E. D. Hulbert, to transfer the University funds and all records, which he has as treasurer, belonging to the University, to the new treasurer.

B O N D

KNOW ALL MEN BY THESE PRESENTS: that we, Hazen S. Capron, as Principal, and Margaret B. Capron, B. F. Harris, N. M. Harris, Melissa M. Harris, M. M. Harris, Mary B. Harris, Harry Grove, W. S. Van Doren as Sureties, are held and firmly bound unto THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, in the penal sum of One Million dollars (\$1,000,000), lawful money of the United States of America, for the payment of which sum well and truly to be made, we bind ourselves, our respective heirs, executors, administrators and assigns, and each of them, by these presents.

WITNESS OUR HANDS AND SEALS this twentieth day of March, A. D., 1919.

THE CONDITION of the above obligation is such that

WHEREAS, the above bounden Hazen S. Capron, was on the 11th day of March, A. D. 1919, duly elected to the office of Treasurer of the University of Illinois for a period ending on the 11th day of March, A. D. 1921, or until his successor shall be appointed and qualified and is about to assume the duties of said office;

NOW, THEREFORE, if the said Hazen S. Capron, his heirs or administrators, shall well and truly perform and faithfully discharge the duties of Treasurer of said University of Illinois during his term of office, and shall faithfully keep and truly account for all moneys, bonds, securities, or other property coming into his hands as such Treasurer during his term of office, and shall pay when properly drawn and presented to him all warrants authorized by the Board of Trustees of the University of Illinois drawn against funds in his hands belonging to the said University of Illinois, and at the expiration of his term of office, on due request to him, shall pay over and deliver to his successor in office, or to any other person duly authorized by the Board of Trustees of said University of Illinois to receive the same, all moneys, bonds, securities, or any other property received by him as such Treasurer and not otherwise lawfully paid out or disposed of, and shall deliver to his successor in office, or any other person appointed to receive the same, the property, books, papers and other things in his hands belonging to said office, and shall at the expiration of his term of office, or oftener if thereunto requested by the Board of Trustees of the said University of Illinois, render a just and true account of his doings as such Treasurer, then this obligation shall be null and void; otherwise to remain in full force and effect.

MATTERS SUBMITTED BY PRESIDENT JAMES

The President of the University presented the following matters for consideration:

ADDITIONAL FUNDS FOR AGRICULTURE

(1) A request from the Dean of the College of Agriculture and Director of the Agricultural Experiment Station for an assignment of additional funds.

This matter was carefully considered but no action was taken.

FINAL STATEMENT, S. M. A.

The final statement of the School of Military Aeronautics.

FROM: *The Director of Air Service*

TO: *The University of Illinois, Urbana, Illinois*

SUBJECT: *School of Military Aeronautics*

1. This office has carefully considered your letters in reference to the final settlement of accounts at your school, and does not believe that it is expedient to attempt to accept, as a gift from you, the funds received by you for the operation of the School of Military Aeronautics, over and above expenditures made by you in connection therewith. Your kind offices in this respect are highly appreciated. Perhaps you can put this fund to use in establishing, as a part of the curriculum of the University, a course in aeronautical engineering, which will be of permanent value to the development of the science of aeronautics.

2. Enclosed is a release, which it is desired that you execute and return to this office.

PROFESSOR BOGART'S LEAVE OF ABSENCE EXTENDED

- (6) A request for leave of absence without pay for Professor E. L. Bogart.

April 7, 1919

President E. J. James

DEAR MR. PRESIDENT:

Professor Bogart writes me that he has been definitely requested to go abroad next year as Field Economist of the State Department. He asks, therefore, that he be granted leave of absence for next year without pay. I recommend that this request be granted.

As it is important that Dr. Bogart should know as soon as possible, I respectfully ask your immediate action on this request.

Very truly yours,

DAVID KINLEY

This extended leave of absence was granted.

CURRICULUM IN ATHLETIC COACHING

- (7) The proposed four-year curriculum in athletic coaching and physical education to be given in the College of Education.

April 8, 1919

Mr. Edmund J. James, President

DEAR MR. PRESIDENT:

The University Senate, at its meeting of April 7, 1919, approved the enclosed report from the Committee on Educational Policy endorsing the proposed four-year curriculum in athletic coaching and physical education to be given in the College of Education.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

Your Committee presents for approval a four-years' curriculum in coaching and physical education, substantially as prepared by Director G. A. Huff, the purpose of which is to enable male students to fill positions as athletic directors, coaches, and gymnasium instructors, or any combination of these positions, by teaching them the technic of the games common to schools and colleges, and coaching methods and gymnastics, together with the ideal of sportmanship. Humanistic and scientific subjects are included with a view to a broad education, these making approximately half the curriculum, the other half being made up of vocational or professional courses.

As the primary object of this curriculum is the preparation for teaching, we recommend that there be constituted a department of athletic coaching and physical education in the College of Education, in which the courses of this curriculum shall be offered. It will differ from other curriculums in the college in the fact that it extends over four years instead of two, and that admission to it is conditioned upon entrance to the University and not upon two years undergraduate credit.

The entrance requirements proposed are as follows: from List A, 6 units; from List B, 6 units; and from List B or C, 3 units; each applicant must pass also a medical examination and a general physical efficiency test. We propose that a total of 136 hours shall be required for graduation, and that the degree given be that of bachelor of science in physical education, the general requirements of which shall be a major in education, 20 hours; subjects of specialization (physical education), 44 hours; other prescribed subjects, 30 hours; group electives, 6 hours; electives to be chosen from lists approved by the faculty of the College of Education, 36 hours.

The following particulars concerning the content and organization of the curriculum as now planned are given for the information of the Senate. It is of course especially distinguished by the 44 hours in physical education. These are equally divided between courses in theory and practise, 22 hours of each, mutually related as theoretical and laboratory courses are in the physical and biological sciences. The subjects to be taught in the 24 courses of this division are field and track athletics, boxing, wrestling, football, baseball, basketball, swimming, gymnastics (with and without apparatus), games, playground instruction, anthropometry, the physiology of exercise and kinesiology, orthopedics, training, and first aid.

The 20 hours in education are made up of educational psychology, 3 hours, technic of teaching, 3 hours, organization and administration of physical education, 3 hours, coaching, 8 hours, and 3 hours of electives. The other prescribed subjects are physiology, anatomy, hygiene, psychology 2 and 9, public speaking, rhetoric 1 and 2, and military — a total of 30 hours.

The group electives (6 hours) it is proposed to limit to history and the social sciences; having the remaining courses as free electives subject only to approval by the college faculty.

The general character of the work proposed may be further illustrated by the following more detailed descriptions of a few of the courses.

Anatomy, 3 hours.—Essentials of anatomy as related to physical education, osteology, articulations, muscles and their actions, respiration. General description of muscle, tendon, aponeuroses, fascia. Principal arteries and veins of the trunk and extremities; general anatomy of lymphatics; general anatomy of the nervous system;

viscera (heart, lungs, alimentary tract, salivary glands, stomach, intestines, pancreas, liver, spleen, kidneys, pelvic organs).

Physiology, 4 hours.—Blood, circulation, respiration, digestion, food, nutrition, and excretion; animal heat; general plan of the nervous system, peripheral nervous system, muscles and nerves; light and vision, sound and hearing; cutaneous and muscular sense; spinal cord and brain.

Hygiene, 3 hours.—School hygiene; lighting, heating, and ventilating. Personal hygiene, sleep, diet, and bathing. Sex hygiene.

Anthropometry, 2 hours.—Practise in making normal measurements of the body, and discussion of application of the principles of anthropometry and physical diagnosis. Testing, tabulating, and charting, learning the exact points of measuring and the proper manner of testing under the eye of the instructor.

Orthopedics, 2 hours.—The theory of correction or prevention of deformities in children or in persons of any age. Theory and practise; the elements of corrective gymnastics included within the scope of the physical training instructor, methods and exercises used for corrective and orthopedic purposes, types of variations from the normal and the effect of corrective exercises. Physiological effect of gymnastics on the heart and circulation, lungs and respiration, stomach and digestion, skin, kidneys, central nervous system, and the brain; the study of such diseases as are susceptible to treatment through prescribed gymnastics and other physical methods; consideration of best methods of physical treatment based upon previous study and experience.

Physiology of Exercise and Kinesiology, 3 hours.—Physiology of Exercise: consideration of the organs of work, reflex and voluntary movements, local and general fatigue, breathlessness, muscle stiffness, overwork, exhaustion, etc., habituation to work, power of resisting fatigue, modification of organs and tissue by work, physiological classification of exercise, the office of the brain and nervous system in muscle work. Kinesiology (which means the science of movements, considered especially as the therapeutics of hygienic agencies): analysis of the movements of the body, their origin, development, and mechanism as a working basis for the selection of gymnastic exercises.

Playground Instruction, 3 hours.—Philosophy of play; organization and equipment of the playground; play and games to meet the requirements of children of all ages; simple, team, group, and competitive games and folk dancing.

This curriculum was approved, with such changes as circumstances may make necessary, and the President of the University was authorized to organize such a course if the appropriations for the next biennium by the legislature shall be sufficient to make this possible.

SPECIAL CIRCULARS

- (8) A recommendation from the Senate as to the preparation of special circulars.

April 8, 1919

Mr. Edmund J. James, President

MY DEAR MR. PRESIDENT:

The University Senate, at its meeting of April 7, 1919, approved the following report from the Committee on Educational Policy on the proposed issue of a circular containing suggested courses and other matter of an advisory nature for high-school students who are planning to enter the University.

In view of the lack of information on the part of high-school students concerning the wide range of opportunity for professional training in the University, the Committee on Educational Policy recommends that attractive bulletins prepared by expert advertisers who are acquainted with the point of view of high-school students and their parents be issued from time to time. These bulletins should have the following characteristics:

1. They should indicate the professions and careers open to graduates from the various curricula, and should describe and illustrate the special advantages offered by the University in its instructional force, libraries, laboratories, and other equipment.
2. They should contain statements of the courses which should be pursued in the high schools by students who desire to make the most adequate preparation for their courses in the University.
3. They should contain such descriptions as can be given of the mental abilities and interests best adapted to the various professions and careers.
4. They should contain carefully computed statements of the annual expenses of students and should indicate the opportunities for self-help.

Sincerely yours,

C. M. McCONN

Clerk of the Senate

The above recommendation was approved and the President of the University was authorized to secure the preparation and publication of such circulars.

PLYM FELLOWSHIP IN ARCHITECTURE

- (9) A statement that owing to the war it has not been possible to approve the requests of young men who had received the Plym scholarships in architecture to undertake actual residence in Europe in compliance with the terms of the gift. It may be necessary now either to increase the allowance for the scholarship or to shorten the time of residence.

I recommend that the President of the University be given authority to make such adjustments in this matter as may seem wise after consultation with Mr. Plym and the Plym scholarship committee.

This recommendation was approved.

COMMISSION FOR SALE OF CHAMPAIGN FARM

(10) A request from Mr. Charles M. Stahl, real estate agent of Champaign, that the Smith farm near the Country Club, owned by the University, be put into his hands for sale at the price of four hundred dollars an acre. He requests a larger commission than was paid in the case of the other farms because of the small size of this particular farm.

The President of the University was authorized to put the farm in Mr. Stahl's hands for a sale at a price of \$400.00 an acre, and to pay, as in the case of the other farms, a commission of two dollars an acre.

APPLICATION FOR R. O. T. C.

(11) A statement that it is desirable to determine very soon what units of the R. O. T. C. should be established at the University of Illinois. It will be necessary for us to ask the Government to establish such units as we desire. I have felt that we ought not to establish any units of which we are not reasonably sure of making a success.

The President of the University was authorized to request that the Federal Government establish such military units of the R. O. T. C. at the University of Illinois as in his judgment may be desirable and feasible.

RESIGNATION OF PROFESSOR E. C. SCHMIDT

(12) Professor Edward C. Schmidt, who has been absent from the University during the past year on leave for military service, has resigned his professorship of railway engineering to take effect immediately.

The President of the University was authorized to accept this resignation, with an expression of regret on the part of the Board that Professor Schmidt is leaving us and an expression of appreciation of his excellent service rendered during the years in which he has been connected with the University.

CLINICAL LABORATORY

(13) Certain preliminary plans for the clinical laboratory for the erection of which the trustees have asked the present legislature for the sum of \$300,000.00. It is proposed to ask the Department of Public Welfare of the State of Illinois, of which Honorable Charles H. Thorne is Director, to assign a suitable site for this building on the plot which he is considering as a site for the new State hospitals, and that this building be located as near the land now owned by the University as possible.

The President stated further that, after a conference with Mr. Thorne as to the possibility of cooperation between the University of Illinois and the Department of Public Welfare of the State of Illinois, Mr. Thorne made the suggestion which is printed below.

*SUGGESTED PLAN OF COOPERATION BETWEEN
THE UNIVERSITY OF ILLINOIS MEDICAL SCHOOLS AND
THE DEPARTMENT OF PUBLIC WELFARE*

As the Illinois Department of Public Welfare is about to construct a group of hospitals in the city of Chicago, and as the University of Illinois is desirous of enlarging and improving the facilities of the Medical School, in the City of Chicago, and as the University of Illinois Medical Schools desire to make use of the clinical facilities of the hospitals for teaching purposes, and as the Department of Public Welfare desires to avail itself of the professional staff of the University of Illinois Medical Schools; a plan of cooperation is agreed upon by the University of Illinois and the Department of Public Welfare, as follows:

Basis

The functions of the two parties to this agreement are to be kept distinct in the same manner as is customary in private hospitals, in so far as possible.

The administration and executive direction of the hospitals, including the Illinois Charitable Eye and Ear Infirmary, the State Psychopathic Hospital (or Psychiatric Institute) the State Surgical Institute for Children and the University Clinical Hospital shall be in the Department of Public Welfare.

The officers of the University of Illinois Medical Schools shall be staff officers of the hospitals, and shall have the use of all facilities necessary for conducting medical instruction. They will have no executive authority.

The President of the University of Illinois and the Director of Public Welfare will each appoint three members of a committee to work out details of the plan of cooperation and the report of the committee, when signed by the President of the University of Illinois and by the Director of Public Welfare, shall become a part of this agreement.

Submitted by CHARLES H. THORNE.

It was the opinion of the Executive Committee that this plan of cooperation seemed to be feasible and desirable, and the President of the University was authorized to work out the details of the plan based on this general scheme.

USE OF Y. M. C. A. BUILDING

(14) A statement that as the University was compelled to take over the lease of the Y. M. C. A. building in connection with the work of the School of Military Aeronautics and the Students Army Training Corps until July 1, 1919, it seemed wise to try an experiment which would give the University some definite information as to whether it could undertake the management of a student restaurant. There has always been great complaint of the lack of proper facilities of this sort around the University.

I therefore authorized Professor James M. White to organize and manage a restaurant on the cafeteria plan and a lunch counter open all night in the basement of the Y. M. C. A. building, and also to rent the rooms of the building above the first floor to students.

[April 12,

The Y. M. C. A. organization has not been very successful in the conduct of this phase of its work. I am not at all sure that the University can do any better. But I think it is really worth while trying an experiment of this sort to see what we may be able to do.

The experiment thus far has not been very successful but there are some signs that it may turn out in the next two months to be more successful than during the last three. I am presenting a financial statement from the Comptroller which explains itself.

April 3, 1919

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

For your information I enclose herewith a financial statement of the University Y Inn, Cafeteria, and Lunch Room, for the three months, January to March, inclusive.

From this you will observe that a total deficit in operations amounting to \$2,032.87 has resulted. The relative results for the three successive months, for both the Dormitory and the Cafeteria and Lunch Room, are shown below:

MONTHLY DEFICIT IN OPERATIONS

March.....	330.80	174.41	505.21
Total Deficit.....			2,032.87

Cordially yours,
LLOYD MOREY

The action of the President in making this experiment was approved.

REQUEST FOR HORTICULTURE BUILDING

(15) A request from Professor J. C. Blair endorsed by Dean Eugene Davenport that a new horticultural building be erected for the use of the Department of Horticulture as soon as possible.

The matter was carefully considered but no action was taken.

DEPARTMENT OF PUBLIC SPEAKING

(16) A request from Professor C. H. Woolbert for the establishment of a separate department of oral or speech subjects involving the taking of the courses in public speaking from the Department of English, under which they are at present classified.

After a full discussion of this subject no action was taken.

EXCHANGE PROFESSORSHIPS

(17) A request from Professor John D. Fitz-Gerald, Acting Head of the Department of Romance Languages, for the establishment by the University of Illinois of four exchange professorships with foreign countries, viz., France, Spain, England, and some South American country.

No action was taken on this request.

SCHOLARSHIP FOR FRENCH SOLDIER

(18) A request from the committee authorized to assist men who had been in service of the foreign countries on the side of the Allies during the Great War to grant a scholarship to a young French soldier who desired to pursue his studies in Political Science at the University of Illinois for the term of three months. This would involve granting a remission of fees for that period and a stipendium of perhaps thirty or thirty-five dollars a month during the present quarter.

This matter was referred to the President of the University with power to act.

The Executive Committee adjourned.

URBANA, ILLINOIS, June 23, 1919

I certify that in the foregoing pages, numbered 309 to 322, inclusive, is contained the record of the transactions of the Executive Committee of the Board of Trustees of the University of Illinois, at the meeting held on April 12, 1919, as received for record by the Board on May 16, 1919.

.....
Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

May 16, 1919

A special meeting of the Board of Trustees of the University of Illinois was held at the University, in Urbana, on Friday, May 16, 1919, pursuant to the following notice which was sent out by the Secretary on May 3, 1919:

On the call of the President, Mr. Robert F. Carr, there will be a special meeting of the Board of Trustees of the University of Illinois at the University in Urbana, at 5 o'clock p. m. on Friday, May 16, 1919, to consider matters submitted by the President of the University and the Committees of the Board, and such other matters as may be duly submitted.

The Board adjourned to meet at 9 o'clock a. m. on the following day.

ADJOURNED SESSION, MAY 17, 1919

When the Board met in the Trustees' room at 9 o'clock a. m. on Saturday, May 17, 1919, the following members were present: President Carr, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Trimble.

Vice-President Kinley was present.

MINUTES APPROVED

The Secretary presented for approval and for record the minutes of the Board meeting of March 11, 1919, and of the Executive Committee meetings of March 15 and April 12, 1919.

On motion of Mr. Abbott, the minutes were approved and received for record as printed on pages 223 to 322 inclusive.

MATTERS SUBMITTED BY VICE-PRESIDENT KINLEY
The Board considered the following matters submitted by Vice-President Kinley.

APPOINTMENT OF DR. JOHN R. KLINE

(1) A recommendation that Dr. John R. Kline of the Sheffield Scientific School be appointed Associate in Mathematics for two years beginning September 1, 1919, at a salary of \$2,000 a year.

On motion of Mr. Abbott, this appointment was authorized.

APPOINTMENT OF DR. J. C. WATSON

(2) A recommendation that Dr. J. C. Watson be appointed Honorary Lecturer in the Classics for one year beginning September 1, 1919, without salary.

On motion of Mrs. Evans, this appointment was authorized.

SPECIAL MILITARY UNITS IN THE R. O. T. C.

(3) A statement that the University has been requested by the various divisions of the War Department to establish certain special units of work in the R. O. T. C., among them units of field artillery, coast artillery, the signal corps, the balloon corps, tank corps, motor transports, and cavalry. President James has given considerable thought to the whole matter and it has been considered by our military department and others at the University whose work would be affected by these units, especially Dean Richards, in the College of Engineering.

I recommend that authority be given to proceed with the organization of a unit of field artillery and such other units as may seem to the President advisable.

On motion of Mr. Trimble, this recommendation was adopted.

BOND FOR SIGNAL CORPS EQUIPMENT

(4) A recommendation that the Comptroller be authorized to furnish a bond for government equipment for the Signal Corps Unit.

On motion of Mr. Hoit, the following resolution was unanimously adopted:

RESOLVED, that Lloyd Morey, Comptroller of the University of Illinois, be authorized to take out a bond in the sum of Fifteen Thousand Dollars (\$15,000), in favor of the United States of America, to cover the return of equipment issued for the use of the Signal Corps Unit of the Reserve Officers Training Corps of the University of Illinois.

FEES FOR ENTRANCE EXAMINATIONS IN CHICAGO

(5) A recommendation from the Registrar concerning the system of fees for entrance examinations in Chicago.

April 19, 1919

Dr. Edmund J. James, President

DEAR MR. PRESIDENT:

In response to your note of April 17, I beg leave to renew my recommendation with reference to our examinations in high-school subjects in Chicago with the second item therein amended in accordance with your suggestion:

That the Registrar be authorized, subject to the concurrence of the State Board of Law Examiners, to make the following changes in our present plan of administering entrance examinations in Chicago:

(1) To hold five sets of examinations a year, about March 15, June 15, August 25, September 25, and December 15.

(2) To assess fees on all candidates in these examinations, *except candidates for admission to the University of Illinois*, according to the subjects taken, at the rate of \$1.00 per unit.

(3) To schedule these examinations as a whole or in part in the evening, if the demand for evening examinations should prove to be strong.

The words underlined in the paragraph numbered (2) constitute the amendment referred to above. The idea of charging the fee of candidates for admission to the University as well as of all other candidates was in no way an essential part of the plan.

If you approve this recommendation in this amended form, I shall be in a position to take the matter up with the State Board of Law Examiners.

Sincerely yours,

C. M. McCONN

Registrar

On motion of Mr. Abbott, this recommendation was approved.

RECOGNITION OF THE UNIVERSITY IN GREAT BRITAIN AND IRELAND

(6) A statement that under instructions from President James the Registrar has been corresponding for some time with the officers of British universities concerning the granting of credit to University of Illinois students who transfer to some one of these universities. Mr. McConn reports that the universities of Oxford and Edinburgh, and Queen's University of Belfast, have notified him that any student from the University of Illinois in the College of Liberal Arts and Sciences, who has to his credit here at least sixty-five semester hours, is eligible for admission as a junior foreign student and to advanced standing in proportion to his additional work here. Most of the other universities of Great Britain and Ireland under their general statutes give substantially equivalent recognition. These new connections with foreign universities are of importance as showing the standing which the University in the opinion of sister institutions now holds.

This statement was received for record.

KEEPING THE UNIVERSITY HOSPITAL OPEN DURING THE SUMMER

(7) A recommendation from Dean T. A. Clark and Dr. J. Howard Beard, University Health Officer, that the University Hospital be kept open during the coming summer. For this purpose it is necessary to retain Miss L. O. Condit for one additional month from July 1 next to August 1 next. Miss Condit's present engage-

ment terminates July 1, 1919. I approve this recommendation and ask for the appointment of Miss Condit for the month of July next at the same monthly salary she is now receiving (\$120).

On motion of Mrs. Evans, this appointment was made, by the following vote: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Trimble; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Ward.

CLASSES IN TEACHER-TRAINING IN HOME ECONOMICS

(8) A statement that an arrangement had been made by President James with Dean W. W. Charters of the College of Education to establish a short course for State supervisors and instructors of teacher-training classes in home economics in connection with the coming Summer Session. Dean Charters now informs me that he can put the project through at an expense of not more than \$750, because he has been able to secure the services of the regional director of the Vocational Education Board for three weeks without expense. Under these circumstances I have authorized his going ahead with his plan and recommend approval thereof. I have requested the Comptroller to charge the expense to the Incidental Fund.

On motion of Mr. Abbott, this action was approved and the sum of \$750 was appropriated from the Incidental Fund, by the following vote: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Trimble; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Ward.

SYMPHONY CONCERT COURSE

(9) A statement that at a meeting of the Executive Committee on March 15 (page 276), authority was given the President to reestablish the Symphony Concert course for the next academic year. This authority was to make provision for eight concerts by four orchestras. Director J. L. Erb has pointed out that this plan would be impossible under the maximum allowance of five thousand dollars, because four orchestras cannot now be engaged to give that number of concerts at amounts which will come within that total. Mr. Erb recommends that authority be given to arrange for six orchestra concerts by three orchestras and one or two concerts by a string quartet or a similar organization. This arrangement, the Comptroller informs me, can now be carried out.

I recommend that the authority given the President to reestablish this course be so modified as to enable him to make the best arrangement he can for the same appropriation.

On motion of Mr. Trimble, this recommendation was adopted.

FINAL SETTLEMENT FOR S. A. T. C.

(10) A letter from the Comptroller reporting the final settlement with the Federal Government for the S. A. T. C.

May 16, 1919

Dr. David Kinley, Vice-President, University of Illinois

MY DEAR DR. KINLEY:

I beg to report as follows concerning settlement with the Government on the S. A. T. C. accounts:

General Settlement

On May 3, 1919, claim for reimbursement on account of expenditures for Army students in the S. A. T. C. was presented to Mr. Hilton, Business Manager of the Committee on Education and Special Training, by President Carr, Professor White, and myself. This claim consisted of a statement of all costs on account of the S. A. T. C., with the exception of an item of publicity amounting to \$2,356.91, which the Department had previously indicated it would not allow.

It also included a claim for fees on account of all such students on a per diem basis, based on the chargeable fees for the quarter. Discussion of this item appears in a separate paragraph. It included an allowance of \$4,564.49 for salvage on unsold equipment, costing \$50,183.01, and against which was entered a charge of \$2,390.00 for estimated restoration costs at the University Armory. After discussion of the claim as presented, an agreement was finally reached by all parties for settlement as per Schedule I attached.

Schedule III contains a statement of the hospital costs for the S. A. T. C. period. Considerable discussion was had of this item, and although every effort was made on the part of the University representatives to secure allowance for the full costs not otherwise reimbursed, the Government representative insisted on a reduction of \$7,879.00 in the amount included in the claim on account of hospital expenses.

The item of books for special courses was disallowed as not being chargeable to the Government.

Locker fees assessed for the whole year as is customary, were reduced to a pro rata charge for the quarter. Tuition was not allowed for men holding scholarships in the University.

The deduction of \$800 for insurance premium refund will of course be offset by the refund which we will receive.

Navy Settlement

Costs of housing and subsistence were pro-rated between the Army and Navy on the basis of the number of men in each.

A claim has been filed with the authorized representative of the Navy Department, covering its pro rata of all expenditures on account of these items, amounting to a total of \$28,838.14, which has been approved by him and will probably be allowed by the Department.

Tuition

It was found necessary to settle items of tuition on the basis already adopted by the Department in its settlements with other institutions. For the most part, the regular fees charged by us to S. A. T. C. students were allowed, with the exception of the matriculation fee. There were 1646 freshmen students in the S. A. T. C., all of whom were charged by us with the full amount of the matriculation fee of \$10. The Government representative refused to allow more than a pro rata

portion of this fee on a per diem basis for the entire year, or a total of \$3.64 per student. Minor additional adjustments were required, some in favor of the University and some in favor of the Government.

The basis of claim for settlement with the Navy Department on account of tuition has been the same as that used in settlement with the Army. The net result of these adjustments on account of tuition represents a reduction in the amount of fees assessed against S. A. T. C. students to the extent of \$13,093.61, as shown by Schedule II attached. I estimate, however, that on account of the increased enrollment resulting from the S. A. T. C. the revenue from fees for the first quarter was increased by a net amount of \$23,472.00, even after allowing for the reductions stated above.

Hospital

A complete statement of the expenditures for the hospital during the S. A. T. C. period is shown on Schedule III attached.

I was advised that the University might include in its claim against the War Department items of hospital expense such as rental of buildings; operation of buildings; food; labor, etc., but not nursing or medical supplies. This plan was followed and items amounting to \$19,294.60 were included in Government claims. As noted above, the representative of the War Department refused to allow this amount, insisting that the cost was excessive.

It will be noted from Schedule III that the average cost per patient day for the hospital during the period was \$4.32. As a matter of fact, this cost compares favorably, considering the conditions, to the cost of operation of our hospital since January 1, which has been at an average of \$4.06 per day. The difficulty in making settlement with the Government representatives however was due to the fact that only approximately 2800 patient days were chargeable on account of *inducted men*. This made it appear that the cost per patient day charged to the Government, represented by the items included in the claim as per the above paragraph, and the items vouchered against the Surgeon General, was nearly \$10 per day. The Government representative was unwilling that such a cost be allowed us. As a matter of fact, however, in addition to the 2800 patient days for inducted men, there were in reality over 3000 patient days for S. A. T. C. men *prior* to their induction and for which the University might reasonably expect remuneration from the Government.

In view of these facts and in view of the fact that the presence of the S. A. T. C. materially increased the difficulties surrounding the health and hospital situation, I still believe that the amounts originally entered in our claim were just and reasonable.

It is my hope that certain additional amounts may be vouchered against the Surgeon General, in accordance with recent communications from his office, so that the net loss on the hospital may be reduced, or perhaps entirely eliminated.

Summary

The Summary of all S. A. T. C. accounts at the present days (as per Schedule IV attached) indicates an estimated net deficit of \$11,987.83. This deficit how-

ever is exclusive of possible further realization on the hospital and particularly of increased realization on equipment and supplies remaining on hand and taken over by us at a net amount of \$2,174.49. There is little question but what realization on this item will be considerably larger than the amount allowed, and it is my hope that in the end the deficit now existing will be largely, or perhaps entirely eliminated.

As no questions were raised in regard to our construction costs, or in regard to our housing costs, which were especially high, and as a very liberal allowance has been made on salvage of materials, I consider that on the whole the settlement has been as good as could be expected.

Respectfully submitted,

LLOYD MOREY

Comptroller

**PAYMENT OF MATRICULATION FEES BY MEMBERS
OF THE S. A. T. C.**

(11) A statement that in making their settlement with us the representatives of the War Department have refused to allow the full amount of matriculation fees for the members of the S. A. T. C. who entered the University for the first time last fall. The amount allowed in each case was based on a per diem rate determined by applying the matriculation fee against one entire year.

May 16, 1919

Dr. David Kinley, Vice-President, University of Illinois

MY DEAR DR. KINLEY:

Referring to my letter of May 5, in which I proposed that the balance on matriculation fee of S. A. T. C. men over and above the amount allowed by the Government in final settlement be collected from the men, I beg to submit the following additional information:

<i>Number of freshmen S. A. T. C. men now in University</i>		<i>Balance due on ac- count of matriculation</i>	
Urbana departments	740	\$6.36 each	\$4706.40
Medicine	29	6.36 each	184.44
Dentistry and Pharmacy	46	5.90 each	271.40
Total.....			\$5,162.24

Cordially yours,

LLOYD MOREY

Comptroller

I recommend that the unpaid balance of the matriculation fee be collected from each one of these students who is now in the University or who returns later to the University.

On motion of Mr. Trimble, this recommendation was approved.

**LETTER FROM THE SECRETARY OF THE BUILDING
TRADES COUNCIL**

(12) A statement that on May 13 Governor Lowden transmitted a letter from the Building Trades Council of Champaign and Urbana, concerning the dismantling of the S. A. T. C. construction in the Armory.

212 E. OREGON ST., URBANA, ILLINOIS, May 10, 1919

Honorable Frank O. Lowden, Governor, Springfield, Illinois

ESTEEMED SIR:

I am under instructions of the Building Trades Council of Champaign and Urbana, Illinois, to bring to your attention the conditions under which the work of dismantling the facilities which were erected for the S. A. T. C., at the University of Illinois is being conducted.

This work, which was erected in war times with union labor is being dismantled by non-union labor and at considerably less than the union scale of wages prevalent in this locality. The salvage having been sold to a party who was to dismantle the same.

The University of Illinois received the bids and awarded the contract to this party, and claims that the University has no further authority in the matter. We believe this action of the University will have the effect of tending to break down the wages and conditions which the trades unions of this locality have labored hard to establish.

Trusting that your good offices may intervene, and see fit to communicate with the authorities at the University of Illinois, with a view to adjusting the same, we beg to remain

Very truly yours,
BUILDING TRADES COUNCIL
Champaign and Urbana, Ill.,
GEO. HANKINS, *Secretary*

On motion of Mr. Abbott, the President of the University was requested to investigate this matter and report to the Board.

**CURB LINES AT CORNER OF GREEN STREET AND MATHEWS
AVENUE**

(13) A request from the City Council of Urbana that the University change the curb line at the southwest corner of Green street and Mathews avenue to make a square turn.

On motion of Mr. Abbott, the President of the Board was requested to appoint a special committee to consider this matter. President Carr appointed Mr. Abbott, chairman, Mrs. Busey, and Mr. Trimble.

MOVEMENT FOR A VETERINARY COLLEGE AT THE UNIVERSITY

(14) A statement that a bill was introduced in the Senate on February 27, by Senator Simon E. Lantz, directing the Trustees to establish a College of Veterinary Medicine and Surgery at the University with a budget of not less than \$50,000 or more than \$150,000 a year, the expense to be met from the general funds appropriated to the University. This bill passed the Senate and went to the House in spite of representations of its inadvisability made by the President of the University and others. When we learned that the bill was in the hands of the Appropriations Committee of the House, the matter was taken up with various people interested in the bill with the result that an agreement was reached to strike out that section of the bill which directed the Trustees to use any part of the proceeds of the mill tax for the maintenance of such a college and to substitute instead the following section:

"Sec. 3. In pursuance of this authority and direction, the Trustees are further directed to prepare and submit to the next General Assembly a plan for such a college, based upon study of similar colleges elsewhere and consultation with the live stock and veterinary interests of this State, together with budget estimates of the appropriation necessary to carry out the intent of this Act."

I have reason to believe that if the bill goes forward at all, it will do so in this shape, and in order to carry out this promise which I have made on behalf of the University, it will be necessary for the Board to appoint a committee or in some other way to study this whole matter.

On motion of Mr. Abbott, this statement was received for record.

RESOLUTIONS OF THE ILLINOIS GAS ASSOCIATION

(15) A letter from Mr. Horace H. Clark, Secretary, Illinois Gas Association, enclosing the following resolutions from the report of its Bureau of Mines Committee:

Resolutions

WHEREAS, the United States Bureau of Mines, the Illinois State Geological Survey, and the University of Illinois have shown great willingness to carry out any work which seems to promise results for the Gas Industry as witnessed by their able reports relating thereto, be it

RESOLVED, That the Illinois Gas Association, in the Convention assembled in the Sherman Hotel at Chicago, Illinois, March 20, 1919, does hereby give a sincere vote of thanks and appreciation to the United States Bureau of Mines, the Illinois State Geological Survey, and the University of Illinois for their most valuable work and assistance in connection with the problems of interest to the Gas Industry, and

BE IT FURTHER RESOLVED, That we ask these three agencies which operate under what is known as the Co-Operative Agreement to continue to help us in solving our problems, and

BE IT FURTHER RESOLVED, That the Secretary of this Association send a copy of these Resolutions to the United States Bureau of Mines, the Illinois State Geological Survey, and the University of Illinois.

These resolutions were received for record.

BONDS FOR ALCOHOL FOR UNIVERSITY USE

(16) A statement that for some time past a bond has been standing in the name of President James personally for alcohol required for the Urbana-Champaign departments of the University, and in the name of E. C. Fletcher, Purchasing Agent for the Chicago Colleges, for alcohol required in the Chicago departments. Mr. Morey states that the Collector of Internal Revenue suggests that these bonds be replaced by bonds in the name of the Board of Trustees of the University, and recommends compliance with this request. In accordance with this recommendation I recommend the adoption of the following resolutions.

On motion of Mr. Hoit, the following resolutions were adopted unanimously.

RESOLVED, that Lloyd Morey, Comptroller of the University of Illinois, be authorized to file with the Collector of Internal Revenue for the Eighth District of Illinois, a bond in the penal sum of Four Thousand Dollars (\$4,000) with the Board of Trustees of the University of Illinois as principal, and the Aetna Casualty and Surety Company, of Hartford, Connecticut, as surety, covering the withdrawal of alcohol free of tax for the use of the various departments of the University at Urbana-Champaign.

RESOLVED, that Lloyd Morey, Comptroller of the University of Illinois, be authorized to file with the Collector of Internal Revenue for the First District of Illinois, a bond in the penal sum of Six Thousand Dollars (\$6,000), with the Board of Trustees of the University of Illinois as principal, and the Aetna Casualty and Surety Company of Hartford, Connecticut, as surety, covering the withdrawal of alcohol free of tax for the use of the various departments of the University at Chicago.

McKINLEY SECURITIES

(17) A letter from the Comptroller concerning the sale of the McKinley securities.

May 13, 1919

Dr. David Kinley, Vice-President, University of Illinois

MY DEAR DR. KINLEY:

I beg to report as follows on the sale of securities donated by Honorable William B. McKinley for the erection of a hospital:

In accordance with authorization of the Executive Committee on March 15 (page 259 of the Minutes) and at the direction of President Carr, I have sold the 100 shares of Illinois Central Railway Company stock as follows:

100 shares at 100 $\frac{1}{8}$	\$12.50	\$10,012.50
Less: Commission $\frac{1}{8}$ %	4.00	16.50
		<hr/>
Net realization		\$ 9,996.00

The above transaction has not been fully completed, as it is necessary for the Board of Trustees to authorize the transfer of this stock. I would request that this authorization be granted.

The estimated realization on this item of the securities donated by Mr. McKinley was \$10,500. Our realization has been as follows:

Sale of stock as above.....	\$ 9,996.00
Income on stock from time of donation to date	1,350.00
Total realization.....	\$11,346.00

Respectfully submitted,

LLOYD MOREY

Comptroller

I recommend approval of the Comptroller's request to authorize the transfer of Illinois Central Stock as above.

On motion of Mrs. Evans, the President of the Board was authorized to transfer 100 shares of Illinois Central Railway Company capital stock to the purchaser secured by the Comptroller. The vote was as follows: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Trimble; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Ward.

REPORT OF THE COMPTROLLER ON THE SMITH FARMS

(18) A report from the Comptroller, Mr. Lloyd Morey, that "no change has taken place in the situation regarding the Fisher and St. Joseph farms, since my report of March 7, 1919 (pages 294-295), except that suits have been filed in the present term of the circuit court to quiet title on these farms. It is expected that these suits can be concluded and the titles corrected by about June 1, after which the transactions should be completed at an early date."

"In accordance with the suggestion of the Executive Committee on March 15 (page 266), the Champaign farm has been placed in the hands of Mr. Charles M. Stahl, of Champaign, for sale at a price of \$400 per acre, provided that the sale be completed by June 1, in which case the rights under the existing lease would be transferred to the purchaser."

The report was received for record.

LEASES FOR EXPERIMENTAL FARMS IN THE DEPARTMENT OF HORTICULTURE

(19) A statement that Dean Davenport submits with his approval a request from Professor Blair for authority to make leases for experimental purposes in the department of horticulture. The leases proposed are as follows:

1. F. P. Anderson, Anna, Illinois, 225 trees.
2. A. L. McClay, Hillview, Illinois, ten acres for three years.
3. William Baker, Tonti, Illinois, ten acres for four years.
4. E. B. Walton, Anna, Illinois, two acres for two years. This is a renewal.

I find from correspondence between Dean Davenport and President James that these leases do not represent new lines of work, but the continuance of old ones that have long been in progress but for which new leases from time to time have to be made

The necessary papers are in hand, and I recommend the approval of these leases.

On motion of Mrs. Evans, these leases were approved.

**DEED FOR EXPERIMENTAL FARM AT PALESTINE,
CRAWFORD COUNTY**

(20) A recommendation from Professors Hopkins, Smith, and Mosier that the University accept a deed from the trustees of the Palestine Township High School for an experiment field in connection with our Soil Survey. This recommendation is also strongly endorsed by Dean Davenport. Dean Davenport assures me that work on two or three rented fields has been discontinued so that the total expense on these experiment fields will not be increased by accepting this offer. Professor Hopkins wrote before leaving: "The tract of land is satisfactory for use as an experiment field and the type of sandy loam is one on which we have discussed locating a field for several years." Dean Davenport's statement concerning the expense meets an objection which was raised by President James to it.

I therefore recommend the acceptance of this field on the usual conditions.

On motion of Mr. Hoit, this field was accepted.

APPROPRIATION BILL

(21) A report of progress on the biennial appropriation bill in the General Assembly, and of certain changes in the detail and wording of the bill.

This report was received for record.

STATE HOSPITALS IN CHICAGO

(22) A report of progress on the work of drawing up a plan of cooperation with the State Department of Public Welfare for constructing and operating a group of hospitals in Chicago.

This report was received for record.

PROPOSED PURCHASE OF Y. M. C. A. BUILDING

(23) A letter from the Comptroller concerning purchase of the Y. M. C. A. Building.

May 16, 1919

Dr. David Kinley, Vice-President, University of Illinois

MY DEAR DR. KINLEY:

I beg to transmit to the Board of Trustees a proposal from the Young Men's Christian Association for the sale to the University of its building at the corner of Wright and John Streets, Champaign, Illinois. This building has been leased during the past year and one-half by the University for use as barracks for the School of Military Aeronautics, since the closing of which the building has been used for a men's dormitory and cafeteria. This lease expires June 30, next, at which time there will be due the University the sum of \$2,332.89 remaining unpaid on alterations made by the University during its occupancy of the building, and chargeable to the Y. M. C. A.

You will note that the Board of Directors of the Y. M. C. A. propose to sell the building to the University for the sum of \$130,000, plus the cancellation of the above indebtedness. While the communication does not so state, it is my understanding that a payment of approximately 10% in cash would be asked, and mortgage on the property taken for the balance for such a term of years as the University might desire.

In connection with this proposal, I submit herewith also the following:

Schedule I—Statement of Investment of the Y. M. C. A. in this building and its equipment.

Schedule II—Statement of Estimated Revenue and Expense from the building, showing minimum and maximum possibilities.

Schedule III—Summary of Operations of the building for the four months, January to April, 1919, inclusive.

Your attention is particularly called to the fact that the maximum estimate of net revenue from the building, as shown by Schedule II, is \$7,000 per year. To obtain this net revenue the most ideal and favorable conditions would be necessary, and there would be little or no margin for emergency.

In my opinion the building may be unquestionably operated on a purchase basis of \$90,000; that it may be easily operated on a purchase basis of \$100,000; that it may probably be operated on a basis of \$110,000, but that it is unlikely that a satisfactory return could be had on a purchase price exceeding \$110,000.

For these reasons, I am obliged to recommend that the offer from the Young Men's Christian Association, as made in the enclosed communication, be declined.

Respectfully submitted,

LLOYD MOREY
Comptroller

May 15, 1919

Mr. Lloyd Morey, Comptroller, University of Illinois, Urbana, Illinois

DEAR MR. MOREY:

After consultation with some of our friends who have been chiefly interested in the erection of the Y. M. C. A. Building, we find that there is no objection on their part to the sale of the Building providing the Association can get a price that is equitable in view of the circumstances to be considered.

On behalf of the Board of Directors I desire to submit the following proposition:

That the University cancel any outstanding obligation it may have against the Association on the repair account and purchase the Y. M. C. A. Building at a consideration of \$130,000. With regard to terms I am sure that these can be arranged to the mutual satisfaction of the Association and the University. We would like to have the privilege of continuing in the present quarters we are occupying until such time as satisfactory arrangements can be made for other accommodations.

Mr. J. W. Stipes and Mr. Ross R. Mattis have agreed to act on the Committee to arrange any details that might be involved in making a transaction. These men will be glad to meet with us at any time you may suggest.

Very truly yours,

F. W. PARR
Chairman, Board of Directors

I concur in the Comptroller's recommendation that the University do not accept this offer.

On motion of Mr. Trimble, this recommendation was concurred in.

DELEGATE TO INTERNATIONAL ASTRONOMICAL UNION

(25) A request for the appointment of a delegate to a conference of the International Astronomical Union. The purpose of this meeting is to lay plans for the resumption of the international relations in science which were interrupted by the war. A preliminary meeting of the American Section of the Astronomical Union was held last March in Washington on the call of Dr. George E. Hale, acting for the National Acad-

emy of Sciences. The executive committee appointed at the meeting was empowered to select the delegates for the Brussels meeting in July.

Among the men whom they chose as worthy of participating in that conference was Professor Joel Stebbins.

Dr. Stebbins raises the question whether the University of Illinois will appoint him to attend this meeting as its representative, as well as a member of the American Astronomical Union, paying his expenses. The request is without precedent in this University. The purpose of the meeting of these scientists is of great international scientific importance. The appointment of Dr. Stebbins is a recognition of the reputation of the University in scientific lines, and his presence would undoubtedly give us great prestige. There are also some matters of University importance to which he could attend on this trip.

Therefore I recommend that authority be given the President of the University to appoint Dr. Stebbins to attend this meeting and to do such other University business as may be assigned him, and that his necessary expenses on the trip be paid by the University to an amount not exceeding \$800.

I further recommend that the sum of \$800 be transferred from the unassigned balance of the Graduate School Fellowship appropriation for the present fiscal year to meet the expense of Professor Stebbins on this trip.

On motion of Mr. Hoit, these recommendations were approved, by the following vote: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Trimble; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Ward.

SPECIAL GRADUATE SCHOOL SCHOLARSHIPS

(26) A request for authority to assign special scholarships in the Graduate School to two French students, Miss Annette Baron and Miss Jeane Seigneur, with a stipendium of \$500 a year for each, to be paid from the funds of the Graduate School for scholarships and fellowships. I recommend also that the President of the University be authorized, in view of the exceptional amount of these stipendia, to assign to the holders certain instructional duties in small classes in conversational French.

On motion of Mrs. Evans, this request was granted.

COMMITTEE ON PUBLICITY

Mr. Trimble presented a recommendation from the special committee on publicity (page 241) that a policy of greater publicity be inaugurated as soon as possible and that a committee of the Board be appointed to that end.

On motion of Mr. Trimble, the President of the University was requested to submit recommendations concerning this matter at the next meeting of the Board.

ADJOURNED SESSION, JUNE 21, 1919

When the Board convened at the University on the morning of June 21, 1919, pursuant to the adjournment taken on June 10, the following members were present: Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit.

President James was present.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following matters submitted by President James.

APPROPRIATIONS FOR 1919-1921

- (1) A report of the appropriations made by the General Assembly for the University.

House bill 322

A BILL FOR AN ACT MAKING APPROPRIATION FOR THE UNIVERSITY OF ILLINOIS.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:* That there be and is hereby appropriated to the University of Illinois for the two years beginning July 1, 1919, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, the sum of five million dollars (\$5,000,000.00), payable only out of money paid into the State treasury and set apart as a fund for the use and maintenance of the University of Illinois, in ac

cordance with an Act entitled, "An Act to provide by a State tax for a fund for the support and maintenance of the University of Illinois," approved June 10, 1911, in force July 1, 1911, for the following objects and purposes:

For salaries and wages.....	\$3,300,000.00
For office expenses.....	150,000.00
For travel.....	50,000.00
For operating.....	600,000.00
For repairs.....	200,000.00
For equipment.....	300,000.00
For permanent improvements.....	200,000.00
For contingencies.....	200,000.00
Total.....	<u>\$5,000,000.00</u>

Sec. 2. There is hereby appropriated to the University of Illinois for the two years beginning July 1, 1919, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, for the purchase of land and the erection of buildings, the sum of three hundred thousand (\$300,000) dollars, payable out of any funds in the State treasury not otherwise appropriated.

Sec. 3. There is hereby appropriated to the University of Illinois for the two years beginning July 1, 1919, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, the sum of twenty-five thousand (\$25,000) dollars, payable out of any funds in the State Treasury not otherwise appropriated, for barns and other necessary accommodations to establish additional branches of military training desired by the War Department of the United States.

Sec. 4. The appropriations made in Sections 1, 2, and 3 of this Act shall be subject to all the provisions, conditions and limitations of an Act entitled, "An Act in relation to State Finance," approved 1919, in force July 1, 1919.

Sec. 5. There is hereby appropriated to the University of Illinois for the two years beginning July 1, 1919, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly for the payment of interest on the endowment funds of said University as provided by Section 2 of an Act entitled, "An Act to make appropriations for the University of Illinois, and providing for the management of the funds of said University and for the protecting the interests of the State in connection therewith," approved and in force June 11, 1897, the sum of sixty-five thousand dollars (\$65,000.00), or so much thereof as may be necessary.

Sec. 6. The sum of \$100,000.00, or so much thereof as shall accrue to the State of Illinois under the provisions of an Act of Congress entitled, "An Act to apply a portion of the proceeds of the public lands to the more complete endowment and support of the colleges for the benefit of agriculture and the mechanic arts, established under an Act of Congress, approved July 2, 1862," approved August 30, 1890, and an Act of Congress entitled, "An Act making appropriations for the Department of Agriculture for the fiscal year ending June 30, 1908," approved March 4, 1907, during the two years beginning July 1, 1919, is hereby appropriated to the University of Illinois.

Whenever any portion of said sum shall be received by the State Treasurer from the United States, it shall immediately be due and payable into the treasury of the University of Illinois.

Sec. 7. Upon the order of the President of the Board of Trustees of the University of Illinois, countersigned by its Secretary and with the corporate seal of said University attached thereto, the Auditor of Public Accounts is hereby authorized and directed to draw his warrants on the State Treasurer for the sums appropriated in Sections 5 and 6 of this Act.

*House bill 729**A BILL FOR AN ACT MAKING AN APPROPRIATION FOR THE MAINTENANCE AND OPERATION OF A LIVE STOCK BIOLOGICAL LABORATORY.*

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly:* The following sums are hereby appropriated to the University of Illinois for the maintenance and operation of a live stock biological laboratory:

Salaries and wages.....\$5,000 per annum
Operation.....\$6,500 per annum

Sec. 2. The appropriation herein made shall be subject to all the provisions, conditions and limitations of an Act entitled, "An Act in relation to State Finance," approved....., 1919, in force July 1, 1919.

These bills were received for record.

NEW LIBRARY BUILDING

(2) A communication from the Supervising Architect relating to the Library.

President E. J. James, 355 Administration Building

DEAR SIR:

I enclose a memorandum showing the capacity of the book stacks in the plan which I showed you for the first section of the Library. I have made an approximate estimate of \$500,000 on the cost of this unit, exclusive of book stacks.

The stack capacity for the basement, first, and second floors would be 806,000 volumes. This would leave the entire third floor free for museum purposes.

Yours truly

JAMES M. WHITE

Supervising Architect

MEMORANDUM

Estimate on Book stacks for the New Library Building.

MAIN FLOOR

18 rows of 15, 18, and 12-foot stacks.....	815	lin. ft.
2 rows of 18 and 12-foot stacks.....	60	" "
9 rows of 12, 15, and 9-foot stacks.....	324	" "
1 row of 18-foot stacks.....	18	" "
1 Wall stack—22½.....	22½	" "
Total.....	1239½	" "

Allowing seven and one-half (7½) books per lineal foot of shelf, a double stack two decks high will contain 210 books per lineal foot, or 260,295 volumes in 1,239½ feet.

In the basement and on the upper floors there are sixty more lineal feet of double deck stacks than on the first floor, which will increase the capacity 12,600 volumes on each of these floors.

On the top floor under the roof, there is height for three decks so that the capacity of the first section of the Library would be as follows:

Basement.....	272,895	volumes
First Floor.....	260,295	"
Second ".....	272,895	"
Third ".....	409,342	"

Which gives us a total of.....1,215,427 "

On motion of Mrs. Busey, the sum of \$166,100 was appropriated toward the construction of the first unit of the new Library Building.

The vote was as follows: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Trimble, Mr. Ward.

On motion of Mr. Abbott, the President of the Board and the Supervising Architect were instructed to recommend one or more consulting architects to the Board at its next meeting.

PURCHASE OF SANGIULIANI LIBRARY

(3) A recommendation of the Senate Library Committee that the University purchase the library of the late Count Cavagna Sangiuliani, at present located at La-Zelata, Province of Pavia, Italy, at a price of 150,000 lire, plus the cost of packing, and transportation. At the present rate of exchange, 150,000 lire will equal \$19,850; the cost of boxing, cartage, freight, insurance, etc., will be about \$2,500; the total amount needed to make this purchase therefore is \$22,350.

On motion of Mr. Hoit, the purchase of this library was authorized and the sum of \$25,000, or so much thereof as may be needed, was set aside out of the regular appropriation for the purchase of books for the next biennium. The vote was as follows: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Trimble, Mr. Ward.

BUILDINGS FOR ARTILLERY AND CAVALRY UNITS

(4) Plans for the construction of a building to house the horses and men to be assigned to the University in connection with the artillery and cavalry units, to be located south of the parade ground.

On motion of Mr. Abbott, the Supervising Architect was authorized to construct this building within the legislative appropriation of \$25,000. The vote was as follows: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Trimble, Mr. Ward.

APPOINTMENT OF DEAN CHADSEY

(5) A request for authority to offer Mr. Charles E. Chadsey, recently elected Superintendent of Schools in the city of Chicago, the position of dean of the College of Education at a salary of \$6,000 a year.

The President of the University was authorized to tender Mr. Chadsey the deanship of the College of Education with a salary of \$6,000.

ROBERT F. CARR FELLOWSHIP IN CHEMISTRY

(6) An announcement that Mr. Robert F. Carr, President of the Board, had given the University ten thousand dollars in securities to endow the Robert F. Carr Fellowship in Chemistry.

On motion of Mrs. Evans, this gift was accepted with thanks.

At this point, a recess until 3 o'clock p. m. was taken.

AFTERNOON SESSION, JUNE 21, 1919

When the Board convened at 3 o'clock p. m. on Saturday, June 21, 1919, there was no quorum and a recess until 9 o'clock a. m. on Monday, June 23, 1919, was taken.

EXECUTIVE COMMITTEE MEETING, JUNE 21, 1919

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at 3 o'clock p. m. on Saturday, June 21, 1919. All the members of the Executive Committee were present; namely, Mr. R. F. Carr, Chairman, Mr. W. L. Abbott, and Mr. O. W. Hoit; also Mrs. Mary E. Busey and Mrs. Laura B. Evans, members of the Board. President James was present.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY
The Executive Committee considered the following matters submitted by President James.

GIFT OF BOOKS BY MR. SAMUEL INSULL

(1) A report from Mr. Windsor announcing the gift of a nearly complete set of United States Government reports from Mr. Samuel Insull.

On motion of Mr. Abbott, this gift was accepted with thanks.

SCHOLARSHIP FOR MR. R. GUIET

(2) An application from Mr. R. Guiet, a French lieutenant, for a scholarship for the coming year on the same terms as for the last quarter.

This scholarship was granted.

OPERATION OF THE Y. M. C. A. BUILDING

(3) A statement from Professor James M. White and Dean T. A. Clark that they will undertake the administration of the Y. M. C. A. building during the coming year.
June 18, 1919

President E. J. James, 355 Administration Building

DEAR SIR:

We believe that it is possible for the University to manage the Y. M. C. A. building during the coming year so as to make both the cafeteria and the rooming features of the building successful.

There are two ways of handling the proposition: One, to have a manager who will handle the whole proposition; the other is way to divide the cafeteria entirely from the upper part of the building, and to have the two parts of the building under different administration.

The operation with Mr. Stoner has been exceedingly economical because in addition to being manager he has also worked as chef in the cafeteria, which has not involved us in the expense usually entailed in the employment of a manager.

Under either plan of operation we believe that the Dean of Men should make the assignment of rooms, and that the Business Office should be responsible for making collections. Which of the two plans it will be better to follow depends very largely upon the persons who may be found available as managers, though we prefer to keep the house under one management if possible. We believe that the cafeteria has been more successful than could have been anticipated under the circumstances, and that it can be more so next year.

There have been a few difficulties in connection with the boys in the house. Some of these must always be anticipated, and as all the trouble can be traced to three or four men, the conditions have not been so bad as they may have seemed.

If the Trustees desire to continue the experiment, we agree that we will be jointly responsible for the management of the building, subject to further rules and regulations which we will formulate for your approval.

Yours truly,

JAMES M. WHITE

Supervising Architect

THOMAS ARKLE CLARK

Dean of Men

Authority was given to take over the Y. M. C. A. building in accordance with this proposition.

APPOINTMENT OF PROFESSOR J. L. GRIFFITH

(4) A recommendation that John Lorenzo Griffith, at present executive officer, Athletic Division, U. S. Army, be appointed Assistant Professor of Athletic Coaching and Physical Education in the Department of Physical Education of the College of Education at a salary of \$2,000 for the term of one year from September 1, 1919. It is understood that the Athletic Association is to pay Mr. Griffith an additional salary of \$1,750.

This recommendation was approved.

PUBLICATION OF THE COLLEGE OF EDUCATION

(5) A proposed contract with The Public School Publishing Company of Bloomington, Illinois, for the publishing of a monthly magazine devoted to educational research and its application to school instruction.

THIS AGREEMENT made in the city of.....on the.....day of..... 1919 is between the Trustees of the University of Illinois, Party of the First Part, and The Public School Publishing Company, of Bloomington, Illinois, Party of the Second Part.

For a good and valuable consideration, the said Parties do hereby mutually agree to and with each other, as follows:

ARTICLE ONE

The Party of the First Part agrees to give editorial management for a monthly magazine devoted to educational research and its application to school instruction. This management is to include securing articles and editorials for at least fifty-six pages to be furnished to the Party of the Second Part at least twenty days before the date fixed for monthly publication. The magazine is to carry the announcement that it is published under the authority of the University of Illinois.

ARTICLE TWO

The party of the Second Part agrees to publish, and to put upon the market through the usual means, and to assume all the financial obligations and business management of printing and selling the magazine devoted to educational research. Said magazine is to contain not less than sixty-four pages and cover or more than eighty, the paper used to be of the standard quality of that in the Psychological Review and set on linotype machine with eleven point type leaded. Said magazine is to be issued monthly for ten months in each year and copyrighted by the University of Illinois. The yearly subscription price to be \$2.50.

ARTICLE THREE

It is further mutually agreed that this contract shall be for a term of five years and renewable for a like term.

ARTICLE FOUR

Also it is mutually agreed that by reason of the assumption of all financial obligations and business management, all amounts of money received for subscriptions and for advertising space are to be put to the credit of the Party of the Second Part.

ARTICLE FIVE

Also it is mutually agreed that the University of Illinois is to receive annually for the use of the editorial board twenty per cent of the amount paid by the subscribers provided, however, that no payment is due to the University on the subscriptions for the first year and no payment is due for the second or ensuing years unless there are two thousand or more paid subscribers.

ARTICLE SIX

In case it is found by January first 1921 that the combined efforts of the publisher and the editors do not create sufficient demand for a magazine of this character to insure the number of subscribers necessary to pay for its publication then the magazine may by mutual agreement be discontinued and this contract annulled and the Party

of the Second Part will meet all the obligations to subscribers and all other bills for paper and printing without cost to the University for anything except for the editorial management. However, if under this condition of limited demand the University should desire to continue the publication and to pay the difference between cost and the returns from subscribers and the advertisers, the Party of the Second Part agrees to give credit to the University on paid up subscriptions for the monthly issues yet due and to continue the publication on an agreed basis of cost.

This contract was approved with such modifications as the President of the University may be willing to put in; the contract, as submitted, with such modifications as may be made by the authority of the President, to be signed by the President.

ADDITION TO OLD ARMORY ASSIGNED TO ENGINEERING

(6) A letter from Dean C. R. Richards enclosing one to G. H. Clevenger, Vice Chairman of the Engineering Division of the National Research Council.

June 13, 1919

President Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

This is a memorandum of our recent conference, at which you agreed that you would approve a plan whereby such portion, as may be needed, of the south end of the Engine Laboratory Annex to the old Armory might be assigned to the Engineering Experiment Station as a laboratory for the cooperative investigation of fatigue phenomena of metals, which may be undertaken in cooperation with the Engineering Foundation and the National Research Council. As I explained to you, this seems to be the only suitable space which is available at the present time. There is no adequate room in any of the existing engineering buildings. If the cooperative investigation is finally approved, it will be of such importance to the engineering profession at large and to our Engineering Experiment Station in particular that we ought to provide ample facilities in the way of room for the conduct of this work.

I think that I did not leave with you a copy of my first draft of the Articles of Agreement for this investigation, which I am sending to Dr. G. H. Clevenger, Vice-Chairman of the Engineering Division of the National Research Council. I am, therefore, enclosing a copy of these Articles. As soon as Dr. Clevenger has looked them over and has indicated his approval, I will redraft the agreement and submit it to you for transmission to the Board of Trustees.

Trusting that you will give the Engineering Experiment Station first claim on a portion of the Engine Laboratory Annex until we have determined whether the contract is to be executed, I am

Very cordially yours,

C. R. RICHARDS

June 13, 1919

Dr. Galen H. Clevenger, 29 West 39th Street, New York

MY DEAR DR. CLEVINGER:

I take pleasure in enclosing a draft of a contract between the Engineering Foundation and the National Research Council and the Board of Trustees of the University of Illinois for a cooperative investigation of the fatigue phenomena of metals, which was discussed during your recent visit to the University. I shall be glad if you will look this over and indicate any changes in phraseology or in content, which seem to you to be desirable from the point of view of the National Research Council. If these changes are acceptable to us, I will then prepare the final draft of the Articles of Agreement to be submitted to the Board of Trustees of the University for approval.

Professor Talbot and Professor Moore have gone over this agreement with me, and we agree that it represents the sort of arrangement which will be entirely acceptable to us, and which we trust will be acceptable to you. I have shown the draft of this contract to President James, and he has given his tentative approval to the plan.

I desire particularly to call your attention to Article 2, which has been worded so as to insure that Professor Moore will give such time as is necessary to the work of

investigation. We anticipate that there will be times when he will need to give all his attention to this work; there may be other periods when he will find that only a small fraction of his time will be required. Under this arrangement, however, if the work increases to the point where he will need to give practically full time to it, we shall expect to delegate him to the investigation, so that it can be carried on in the most effective manner possible.

I also desire to call attention to Article 8. I have left blank the initial appropriation and the quarterly payments. As we have discussed this matter, it seems that there will be a rather large initial expense in fitting up a laboratory with the necessary special machinery which is not now available at the University. If the funds of the Engineering Foundation are in such condition that we may secure an initial appropriation of say \$10,000 or \$12,000, I suspect that we could meet all of the initial expenses, and that thereafter the chief expense would be for salaries and materials, which would be perfectly uniform month after month.

Trusting that this proposed contract will meet your approval, and assuring you of our great interest in the investigation, I am

Very cordially yours,

C. R. RICHARDS

ARTICLES OF AGREEMENT between the Engineering Foundation and the National Research Council and the Board of Trustees of the University of Illinois for a cooperative investigation of the Fatigue Phenomena of Metals by the Engineering Experiment Station under the following terms and conditions:

1. This agreement is executed for a period of two years beginning
, with the understanding that it may be extended for additional periods under the same or such other terms as may be mutually agreed upon.

2. The Engineering Experiment Station will delegate Professor H. F. Moore to supervise and direct all experimental work, and the computation and reduction of all results obtained, together with the placing of these data into form for presentation; and he will be authorized to give such portion of his time to this investigation as may be necessary for the effective promotion of the work.

3. The Engineering Experiment Station will furnish the necessary room for this investigation, together with heat, light, power and water. In addition, it will permit the use of such laboratory apparatus as it may now possess, which is not in use for other purposes. It is agreed, however, that all special apparatus necessary for this investigation and not now available in the laboratories of the Engineering Experiment Station shall be purchased and charged against the funds provided by the Engineering Foundation for this purpose.

4. The Committee on the Fatigue Phenomena of Metals of the National Research Council shall constitute an advisory committee to advise with the officers of the Engineering Experiment Station concerning the test program and the conduct of the investigation, and to cooperate in the preparation of the summaries and reports. The conduct of the tests shall be under the control of the Engineering Experiment Station, which is necessarily responsible for the results secured.

5. All of the original test data and the computations and results of the investigations are to be the property of the Engineering Experiment Station, and they are to be kept on file at the University of Illinois. Furthermore, it is understood and agreed that the Engineering Experiment Station shall have the right to publish the results of the tests and investigations conducted under this agreement, and that no publicity to any of the results of the investigation shall be given prior to the publication of these results by the Engineering Experiment Station, except upon the recommendation of the Advisory Committee and by agreement with the Executive Staff of the Station.

6. The Advisory Committee and authorized representatives of the Engineering Foundation and the National Research Council shall at all times have access to the data secured and the computed results of the tests, subject, however, to the restrictions named in Article 5. The Engineering Experiment Station will

submit such reports of progress to the officers of the Engineering Foundation and the National Research Council as may seem desirable.

7. All research assistants, mechanics, clerks, and other help necessary for the successful prosecution of this investigation will be employed by the Engineering Experiment Station and paid from the funds provided by the Engineering Foundation and the National Research Council. The special staff for this investigation are to be regarded as members of the Research Corps of the Engineering Experiment Station during their connection therewith.

8. On or before.....the Engineering Foundation shall pay to the Board of Trustees of the University of Illinois the sum of.....and thereafter the sum of.....in quarterly instalments. This special fund will be administered by the Comptroller of the University, and paid out by him on vouchers approved by the Director of the Engineering Experiment Station. At the close of each year covered by this agreement, the Comptroller will render an accounting to the Engineering Foundation and the National Research Council.

Dr. Clevenger proposes a cooperative investigation of the fatigue phenomena of metals on the basis of a contract between the Engineering Foundation and the National Research Council on the one hand and the Board of Trustees of the University of Illinois on the other. Dean Richards does not approve in all respects the Articles of Agreement but has no doubt that arrangements will be made between the Engineering Foundation and the National Research Council and himself which will be mutually satisfactory. He recommends that the Laboratory Annex to the old Armory should be assigned to the Engineering Experiment Station as a laboratory for the cooperative investigation of fatigue phenomena of metals.

The President of the University was authorized to make this assignment.

DU PONT FELLOWSHIP

(7) A letter from the Comptroller concerning the Du Pont de Nemours and Company's check for \$750.

June 14, 1919

Edmund J. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that I have received from E. I. Du Pont de Nemours and Company a check for \$750 to cover the Du Pont Fellowship in Chemistry for the year 1919-1920.

HORTICULTURE BUILDING

(8) Letters from the Department of Horticulture on the necessity of a new building. March 26, 1919

President Edmund J. James, University of Illinois

MY DEAR MR. PRESIDENT:

I am enclosing a communication from Professor Blair concerning the long-discussed horticultural building, and containing supporting information from members of the Department.

Of course the need of its installation has long ago passed the period of discussion, and it is being revived now to show how pressing the needs are becoming. It seems to me that it is all grist to our mill now in showing the Legislature the magnitude of the work which is laid upon the University, and I am sure that you and the Trustees will do the best you can under conditions that are bound to be somewhat difficult. From our side we have no choice but to present these matters in all their pressing need.

Very truly yours,

E. DAVENPORT

March 24, 1919

Dean Eugene Davenport, College of Agriculture

MY DEAR DEAN DAVENPORT:

I wish to again to call your attention to the imperative needs of the Department of Horticulture for a new horticultural building; a building to supplement the laboratory equipment in the various divisions of the department, especially in vegetable gardening, pomology, and plant breeding.

This matter has been up so frequently that I hesitate to bother you with it again. As you know, plans have been completed for more than two years and these plans were approved by the Board of Trustees and the Supervising Architect was authorized to proceed with building details and specifications. The first money for the work was appropriated by the Board June 22, 1911, and nine thousand dollars authorized by the Legislature was definitely appropriated. On July 23, 1913, an item of thirty thousand dollars was allowed in the building budget approved by the Board for this building. On July 21, 1916, the item of four thousand dollars for the Horticultural Field Laboratory was set aside for the start on this structure but for one reason or another work has necessarily been delayed and I am now writing to urge that every effort be put forth to start and complete this building within the next college year. Under present building conditions the item asked for in the University budget namely one hundred and sixty thousand dollars will be required for the work.

We have been over the ground so frequently that it seems unnecessary to give in detail the arguments in the case. I am however transmitting to you herewith letters bearing upon the subject which have recently come to me from Professors Lloyd, Pickett, and Crandall. These men know the needs of these various divisions of our work better than I.

Of course I have been assured all along that this building was definitely guaranteed by the Trustees of the University and I am only writing this letter now to make sure that the entire item necessary for the completion of the building is not lost sight of in our budget.

Respectfully submitted,

J. C. BLAIR

Head of the Department of Horticulture

March 4, 1919

Professor J. C. Blair, Department of Horticulture

DEAR PROFESSOR BLAIR:

I trust that every effort will be put forth to secure the erection of the new horticultural building, from funds available during the year beginning July 1, 1919. The splendid outdoor field laboratory of 320 acres which we are developing can never be utilized to the fullest advantage until adequate facilities for directing the activities and handling the products are provided. A service building to furnish field headquarters, housing for equipment, storage for products, and laboratories for research studies in spray materials, the preservation of fruits and vegetables, and the manufacture of horticultural by-products, is an essential part of the equipment necessary to properly serve the horticultural interests of the state and meet the demands for instruction to students in horticulture.

If we had such a building at the present time, our department could be of material aid to the state and the nation by carrying on research in methods of food preservation, especially the canning and dehydration of fruits and vegetables, and the manufacture of edible by-products from materials that are often wasted.

To properly develop our courses of instruction in vegetable production and marketing, we need to grow quite large areas of certain crops, and to store the products on a commercial basis. Experimental work on methods of storing vegetables is also greatly needed in order that we may meet the demands for information on this subject made by both commercial growers and home gardeners who are seeking to supply their tables in winter as well as summer with vegetables of their own production. Considerable storage space, under controlled conditions of temperature and moisture, are needed for such work, and should be provided for in connection with the proposed building.

Yours very truly,

J. W. LLOYD

Chief in Olericulture

March 6, 1919

Professor J. C. Blair, Department of Horticulture

DEAR PROFESSOR BLAIR:

Please allow me to call your attention again to the necessity of providing indoor working space for the Division of Pomology. Our needs are as follows:

1. Spray laboratory comprising
 - (a) Manufacturing room
 - (b) Machinery demonstration room
 - (c) Insecticide and fungicide laboratory
 - (d) Housing for field spray outfits
2. Fruit packing room accommodating
 - Sizing machinery, sorting tables, and packages
3. Plant for fruit manufactures and by-products, comprising
 - (a) Canning factory
 - (b) Fruit-juice plant
 - (c) Evaporator
4. Cold storage
 - (a) For experimentation on temperatures, ventilation, changes in storage, time of preservation, etc.
 - (b) To hold fruit for class demonstration and study
 - (c) To permit satisfactory handling of large amounts of fruit which will be produced on the new plantation
5. Special student accommodations
 - (a) Class room convenient to manufacturing, storage, and packing plant
 - (b) Tool and locker rooms
 - (c) Lavatory
6. Offices reasonably near our work
 - (a) Rooms for staff of ten
 - (b) Record rooms with vault
 - (c) Stenographer's room
7. Museum
8. Glass houses
 - (a) for staff research on the relations of light, heat, fertility, and moisture to pruning, pollination, and nutrition of fruits
 - (b) for graduate laboratories in which thesis problems may be worked
 - (c) for demonstration of the culture of fruits under glass
 - (d) for undergraduate class demonstrations on planting, pollination, propagation, etc.
9. Research laboratory for pomology
 - to be a combination of botanical and chemical laboratory located in conjunction with the glass houses
10. Division library

The spray laboratory, the fruit packing room, the plant for fruit manufacturers and by-products, the cold storage, the special student accommodations, and possibly the

museum should be located in close proximity to the field laboratory. The glass houses, the research laboratory, most of the offices, and the library should be located on the campus, either in the Agricultural Building or in a building especially designed for the purpose.

I very earnestly beg that you will use your best endeavors to secure the accommodations above mentioned. Six years ago last February, the Division of Pomology moved to rooms on the fourth floor of University Hall because the Agricultural Building was overcrowded, and to secure the necessary accommodations there we should have had to crowd the Landscape Gardening Division out of the building. Owing to the better organization of the Pomology Division at that time, it seemed that it could better bear transplanting than Landscape Gardening. Pomology, therefore, made the move, but on the distinct understanding that it was to be temporary and that in perhaps four years we should be properly accommodated in the projected new Agricultural Building.

In our present quarters we have office accommodations for five men and a stenographer while for two years we have had a staff of nine men exclusive of stenographic and clerical help. Our classes meet in the Agricultural Building, the Vegetable Greenhouse and Plant Breeding Building, University Hall, and under press of short courses, they are conducted where accommodations can be found. Laboratory exercises are conducted in the old Horticultural Building, the Vegetable and Plant Breeding Buildings, and on the south farm. We have no laboratory equipment whatever for the type of research calling for temperature and light controls (glass houses), no laboratory for courses in experimental horticulture (Hort. 18), and practically no indoor laboratory for Freshman courses in fruit growing or for the commercial orcharding course, and no place for work in fruit manufactures.

In this connection I beg most respectfully to remind you of the assurances which I had on coming to Illinois in 1912 of such an opportunity as the equipment above described would furnish. I believe that with your help I have succeeded in building up a staff of men who will use it as it ought to be used. Unless we can utilize the training, energy, and ability of these men and others who will be attracted to us by such opportunities as Illinois offers, and unless we can lead out our students to better training thru these channels, Pomology will not successfully accomplish its mission in this institution.

Yours very truly,
B. S. PICKETT
Professor of Pomology

March 5, 1919

Professor J. C. Blair, Department of Horticulture
DEAR PROFESSOR BLAIR:

I wish to call your attention to the increasing need of laboratory and tool-room facilities for the more accurate and rapid performance of those operations incident to the apple and peach breeding projects now being pursued.

Plantations of breeding stock now occupy more than 100 acres and, while a large proportion of the trees are still young, there are now more than 5,000 hybrid apple seedlings and practically all of the 4,000 peach trees that are of sufficient age to bear fruit. Last year 240 hybrid apple seedlings bore fruit. This year there should be several times as many hybrids fruiting and it is probable that many of the seedlings grown from fruits from selected trees will also fruit. Care of fruiting trees involves much labor and in succeeding years, as numbers of trees bearing fruit increase, this labor will be proportionately increased.

It is necessary to the success of each of the projects that complete records of performance of individuals be maintained and especially that accurate notes and descriptions of fruits be made at time of maturity. This work must be done in laboratory with proper facilities for weighing and measuring individual fruits. Such a laboratory in close proximity to the orchards is greatly needed and this need will increase as the number of fruiting trees increases. But this matter of fruit description is only one of several reasons why a laboratory convenient to the plantations is needed. There

are a number of problems concerning pollination, fruit development and tree growth that should be worked out, but which can be undertaken only when adequate laboratory facilities are available.

Another need that is becoming increasingly important as results begin to accrue from the breeding work is that of convenient storage of tools and appliances within easy reach of the plantations.

Perhaps the greatest need is that of cold storage for fruits. The only way to determine accurately the results of particular combinations of parents is by actual comparison of parent fruits with those of hybrid progeny and this is only possible when cold storage is available because of the wide differences in season of fruits of similar parentage. Within a given group of hybrid seedlings maturities of fruits may range from July 1 to October 15 and only through cold storage can the early fruits be preserved for comparison with the later. One parent may mature fruits early, the other late; the progeny may include individuals exceeding the early fruiting parent in earliness, the late fruiting parent in lateness and others whose maturities fall on various intermediate dates. Certain parental combinations are represented by large numbers of hybrid progeny exhibiting differences so intangible that they can only be described from direct comparison, and, as determination of ratios of descent are essential in any study of the transmission of characters possessed by parents, I know of no way of reaching accurate conclusions except by actual comparison between fruits of parents and progeny. This is impossible except through preservation of fruits of early maturity until those of late maturity reach a proper degree of development. This preservation is possible through cold storage, hence, as it seems to me, success of the chief feature of apple breeding depends upon the early availability of cold storage facilities.

A building providing laboratory, tool-room, and cold storage in proximity to the orchards would effect a large saving in time and effort, admit better work and greatly aid in advancing the various projects that have been undertaken. It, therefore, seems to me that everything possible should be done to expedite construction of such a building.

Very truly yours,

C. S. CRANDALL

RESOLUTIONS CONCERNING STUDY OF COOPERATION

(9) Resolutions adopted by the Danville Cooperative Society.

WHEREAS, the Co-Operative movement is making such progress in the United States as to warrant serious attention from all intelligent citizens;

WHEREAS, the merits of this movement have been admitted by representatives of nearly every group in the nation; and

WHEREAS, Governor Lowden has publicly declared that the movement deserves a place in the public school curriculum of Illinois,

THEREFORE, BE IT RESOLVED by the Danville Co-Operative Society that the trustees of the University of Illinois be requested to recognize the need of serious study of this movement by giving its theoretical and practical aspects a definite place in the courses of the Department of Economics or Home Economics of the University of Illinois;

RESOLVED, also, that the trustees be requested to make provision for instruction in the principles of co-operation in the short course in Home Economics, whenever the short course shall be revised.

These resolutions were received for record and the President of the University was instructed to inform the Society of the attention already given to this subject in the courses offered by the University.

CURB LINE AT MATHEWS AVENUE AND GREEN STREET

(10) A report of the committee appointed to consider the request of the City Council of Urbana that the University make certain changes in the curb line on Green Street (see page 332).

[June 10,

June 6, 1919

Mr. Robert F. Carr, President, Board of Trustees

DEAR SIR:

Your special committee, appointed to consider the request of the City Council of Urbana that the University make certain changes in the curb line of Green Street at its intersection with Mathews Avenue, recommends that the City of Urbana be given permission, at its own expense, to make the changes requested whenever it makes corresponding changes in the curb line of Green Street on the east side of Mathews Avenue.

Your committee bases the above recommendation on the information that that portion of Green Street whose curb it is proposed to change was not a part of the original University campus and therefore is not University property.

SALE OF SMITH FARM NEAR CHAMPAIGN

(11) A letter from the Comptroller, relating to the sale of the Smith farm southwest of Champaign.

June 13, 1919

President Edmund F. James, University of Illinois

MY DEAR PRESIDENT JAMES:

I beg to advise you that the sale of the Smith farm southwest of Champaign has been completed with Mr. John T. Smith, in accordance with my letter of June 3. The full amount of \$32,000 was paid over by Mr. Smith on June 10, and a warranty deed signed by the President and Secretary of the Board, together with complete abstract and existing lease assigned to him, were delivered to him.

In accordance with the action of the Board of Trustees, I have paid Mr. Charles M. Stahl a commission of \$160, being \$2.00 per acre for his services in connection with this sale.

Cordially yours,

LLOYD MOREY

This report was received for record.

AMERICAN UNIVERSITY UNION IN EUROPE

(12) A request from the American University Union in Europe for further support.

ANN ARBOR, MICHIGAN, April 10, 1919

President Edmund F. James, University of Illinois

DEAR SIR:

Mr. Henry B. Thompson, Treasurer of the American University Union in Europe, writes me that he has asked you for the same financial cooperation in the way of a special subscription to the Union that you very generously gave last year. In a letter from him bearing date March 12th, he informed me that as yet he had received nothing from your University. You have doubtless received a copy of the pamphlet descriptive of the work of the Union during the past year and of the plans for the remainder of the present year. I need not suggest that during the period of demobilization the work that the Union is doing is most important. The Club House is constantly crowded and all connected therewith are working to the limit.

Mr. Thompson advises me that, in the judgment of the Finance Committee of the Union, the West this year should assume the responsibility of raising, through its universities that belong to the Union, \$4,000 by special subscription, \$1,000 less than was contributed by them last year. He asks me, as a Trustee of the Union, to secure this amount.

The University of Michigan is still supporting at the Union a special representative, Professor Charles B. Vibbert, which means a yearly expense to the University of

from six to eight thousand dollars; but notwithstanding this burden, we shall contribute \$750 or the \$4,000 that the special committee asks the West to contribute. If your University can send to the Treasurer 75% of its special contribution of last year, he is of the opinion that the Board of Trustees will have funds to carry on the work to the end of this fiscal year, September 30th, when the Union will probably be discontinued as a Club House, as demobilization will then be practically over.

I trust that we may be favored with the contribution asked. Please send it as last year to Mr. Henry B. Thompson, Treasurer, 320 Broadway, New York City, New York.

Very sincerely yours,

H. B. HUTCHINS

May 28, 1919

Dean Kinley, Vice President, University of Illinois

MY DEAR DEAN KINLEY:

I have yours of May 26th. I think I can explain the situation in regard to your contributions to the American University Union. The \$500 items mentioned in your letter, the first paid November 8th, 1917, and the second, December 10th, 1918, are items representing your regular subscription to the Union, \$500 a year,—at least I assume that this is the fact. This University paid \$500 as a regular subscription and I think that the University of Illinois is in the same list. The \$1,000 item that you paid July 26th, 1918, is a special additional subscription that was solicited last year. As I recollect, I conducted the correspondence. This University contributed an extra \$1,000. For the present year Treasurer Thompson thinks that the expenses can be met if the extra subscription is 75% of last year's subscription. This, as I recollect, was explained in my letter to President James. If this explanation does not clear the matter to your satisfaction, kindly advise.

Sincerely yours,

H. B. HUTCHINS

RESIGNATION OF DEAN MOOREHEAD AND PROFESSOR BLACKWELDER

(13) The resignation of Doctor F. B. Moorehead as Dean of the College of Dentistry and Professor of Oral Surgery and Pathology in the College of Dentistry to take effect June 30, 1919; also the resignation of Professor Eliot Blackwelder from his position as Professor of Geology to take effect September 1, 1919.

These resignations were accepted.

PROPOSED REPAVING OF MATHEWS AVENUE

(14) A communication from the Department of Public Improvement in the city of Urbana with reference to the proposed Mathews Avenue improvement from Green Street to Oregon Street.

The Comptroller of the University was instructed to inform the Board of Public Improvement of the city of Urbana that the University is not inclined at present to agree to any such proposed improvements.

OFFER OF PROPERTY IN CHAMPAIGN

(15) A proposal from Mr. F. K. W. Drury offering Orchard Place lots 8, 9, and 10, being numbered 502-4-6 Armory Avenue, to the University, taxes paid to date except installments on Fifth Street paving and the sidewalk system, for \$9,600 in cash. This offer will expire July 1, 1919.

No action was taken in reference to this offer.

BRYAN PRIZE

(16) A statement that the William Jennings Bryan prize was assigned last year through mistake, altho the catalog announced it to be available this year. Mr. William King wrote an essay on the Federal Prohibition Amendment which was submitted in competition for the Bryan prize and was awarded the prize by the committee in charge of the subject. There is not sufficient money in the special fund for this prize.

The prize of \$25.00 was granted to Mr. William King, to be paid from the incidental fund.

WOMAN'S RESIDENCE HALL

(17) A report from the Supervising Architect and the Dean of Women, Miss Ruby E. C. Mason, on the administration of the Woman's Residence Hall.

June 9, 1919

President E. J. James, 355 Administration Building

DEAR SIR:

We enclose an estimated budget for the operation of the Residence Hall for 1919-20. This will be found on Sheet No. 3. The method of arriving at Item 1 is given on Sheet No. 4. Items 2-5 are self-explanatory.

The method of arriving at Item No. 6 (the dining room cost) is as follows:

Board at \$6.00 a week would be \$25.70 a month. We assume that one-sixth (1-6) of this will be profit, and that 90% of the remaining five-sixths (5-6) will be chargeable as dining room expense over and above other items specifically listed. The method of arriving at the 90% is given on Sheet No. 5.

Items 7 and 8 respectively are self-explanatory.

Page 6 gives the summary for the year, first, on the basis of the building being fully occupied through thirty-eight (38) weeks of the regular session, and eight (8) weeks of the summer session; secondly, on the basis of the building being occupied through thirty-eight weeks of the regular session and half filled through the summer session and does not allow for any loss of receipts through vacancies due to girls leaving.

Sheet No. 7 gives the prices charged for room and board at places with which our prices may be comparable, and Sheet No. 8 gives a detailed schedule of the cost of operating the Y. W. C. A. building, which shows a somewhat lower operating expense than we have included in our estimate.

A separate enclosure gives our recommendations with reference to the prices to be charged and the procedure with reference to assigning rooms. We recommend that five hundred folders containing information concerning the prices and methods of assignment of the rooms, together with floor plans of the building, be printed, and we recommend also that 500 application blanks similar to the sample enclosed be printed.

We have not taken into consideration the operation of the hospital on the top floor. It seems to us that it may be possible to use this space for girls not living in the house, and that the hospital ought to be operated as an entirely independent unit in the same manner as our other hospitals are handled.

We have not taken into consideration the care of the locker and shower bath rooms in the basement, which will be used in connection with the physical training work, and we believe that whatever attendants and water are required for this space should be provided for on the Physical Training budget.

We recommend that the Dean of Women be made responsible for the operation of the Residence Hall, and for the establishment of the necessary policies. The Business Office and the Operating Department shall cooperate in carrying out these policies.

Yours truly,

JAMES M. WHITE
Supervising Architect
RUBY E. C. MASON
Dean of Women

ANNOUNCEMENT

The Residence Hall for women has accommodations for 100 women students. The building is lighted by electricity, and heated from the University central heating plant. Each room is furnished with running hot and cold water. There are tub baths on each floor, and shower baths and lockers in connection with the recreation room.

Each room is provided with rug, dresser, rocker, 36-inch bed, pillow, study table with book shelves, study chair, window shades, and curtains. The room furnishings which the student provides are towels, pillow cases 36 in. x 27 in., sheets, blankets, couch cover or bed spread, and table napkins.

Occupants of the Woman's Residence Hall are under the immediate charge of the Mistress of the Hall and are expected to conform cheerfully to the requirements for a family of students.

A flat rate is charged per year of 38 weeks for room, laundry of sheets and pillow cases, and board in the Residence Hall as follows:

Single Room.....	\$370.50
Double room, each occupant.....	323.00
Double room with private bath (two available) each occupant.....	342.00

Half the amount must be paid to the Bursar before the close of the registration period at the opening of the first semester, and the balance before the close of the registration period at the opening of the second semester.

Applications for rooms will be received by the Bursar after April first for the following college year. Applications are registered in the order of their receipt, but no application will be registered unless accompanied by a deposit of \$10.00 which will be credited on the payment for the second semester. If the room is not taken by the person to whom it is assigned, the deposit will be refunded provided notice is received by the Bursar by September 1st.

Until September first, the number of seniors assigned to the Woman's Residence Hall will be limited to 14, juniors to 17, sophomores to 22, and freshmen to 47. After September first, available places will be assigned from the waiting list regardless of the above distribution.

Applicants must accept the rooms assigned to them either in writing or in person before the opening day of the school year or they will forfeit both room and deposit.

After May first rooms are assigned in the order of application, the upperclass women living in the hall having preference. After all of the rooms have been assigned the names of those who are unsuccessful will be put on a waiting list unless their deposit be withdrawn, and as vacancies occur assignments will be made to them in order.

Rooms are ready for occupancy not earlier than the Saturday before the first registration day.

All applicants are required to retain their rooms for the entire year and changes will not be permitted except for reasons satisfactory to the Dean of Women. If it is necessary for a student to withdraw at the end of the first semester, the deposit will be refunded provided the room has been filled by the Dean of Women from the waiting list.

If, for any reason, one of the occupants of a double room shall be obliged to give up her place in the room, the remaining person may be required to take a single room if one is vacant, or to pay the price of the double room during the time it is occupied by her alone, or to accept another roommate to be assigned by the Dean of Women.

This plan of administration was approved, except that the management of the Woman's Residence Hall shall be in the hands of the house mistress from the time she is appointed and of the Comptroller. It is not intended that the Dean of Women shall have control of the management of the house. The President of the University was authorized to print a suitable circular containing the regulations.

BUILDING FOR THE UNIVERSITY PRESS

(18) A letter from the Director of the University Press.

June 19, 1919

President Edmund J. James, 355 Administration Building

DEAR PRESIDENT JAMES:

The Supervising Architect estimates that the cost of a building for the print shop, 84 ft. 6 in. by 100 ft. including the connections for heat and electricity, will be \$33,048. He estimates further that a smaller building 74 ft. 6 in. by 90 ft., without skylights, will cost about \$28,000, and that a still smaller building, 64 ft. 6 in. by 90 ft. will cost \$25,000. The first building would cover the entire lot back of the house; the second would allow ten feet for a driveway on the north and east sides; and the third plan would allow ten feet on the north, east, and south sides. The first building will give 8,200 square feet of floor space; the second, 6,705; and the third, 5,805 feet.

As a financial proposition, in my opinion, the amount saved by either of the smaller buildings is not in proportion to the space lost.

Inasmuch as the question of the wisdom of constructing a building which would go to the property line on three sides has been raised, it seems to me that perhaps the best thing to do is to adopt the second plan, allowing ten feet for a driveway on the north and east sides. This would involve securing the right to cross the property immediately south. I think that at least one skylight, running north and south through the center of the building, should be provided.

I therefore recommend that an appropriation be made of \$29,000 for the building as outlined, of \$1,000 for the expenses of moving, and of \$25,000 for equipment, and that the Supervising Architect be instructed to proceed with the construction of this building as rapidly as possible.

Sincerely yours,

H. E. CUNNINGHAM
Director

I would recommend in this matter that a building 84½ by 100 feet be erected to cover the back part of the University Press lot facing Sixth Street. I can not at the present time recommend the \$25,000 for equipment which the Director of the Press asks for, but after the building is erected, ready for use, it can be moved into and equipped as we may be able to make our funds available for this purpose

No action was taken in this matter

LEAVE OF ABSENCE FOR PRESIDENT JAMES

(19) Resignation of the office of President of the University.

On motion of Mr. Abbott, the Executive Committee declined to accept this resignation, and leave of absence with full pay was granted to President James, beginning June 21, 1919, and continuing until the opening of the University in September 1920.

VICE-PRESIDENT KINLEY MADE ACTING PRESIDENT

On motion of Mr. Abbott, Vice-President David Kinley was requested to assume the duties of Acting President beginning June 21, 1919, with compensation at the rate of ten thousand dollars a year.

Dr. Kinley, being called to the room, accepted this assignment of duties.

AUTHORITY TO CONFER DEGREES

On motion of Mr. Abbott, the action of the President of the Board authorizing the issuing of diplomas to the graduates of the departments in Chicago, on June 14, 1919, was approved, and the President of the University was also authorized to confer degrees on such candidates as may be qualified and recommended by the University Senate, on June 23, 1919, and at the end of the Summer Session.

The Executive Committee adjourned.

URBANA, ILLINOIS, July 14, 1919

I certify that in the foregoing pages, numbered 395 to 438, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at the quarterly meeting of June 10, 1919, and at the adjourned sessions of June 21 and 23, 1919, and of the Executive Committee meeting of June 21, 1919, as approved and received for record by the Board at the meeting of July 12, 1919.

.....
Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

July 12, 1919

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 12 o'clock noon on Saturday, July 12, 1919, pursuant to the following notice which was sent out by the Secretary on July 7, 1919.

On the call of the President, Mr. Robert F. Carr, there will be a special meeting of the Board of Trustees of the University of Illinois at the Blackstone Hotel in Chicago, at 12 o'clock noon on Saturday, July 12, 1919, to consider matters submitted by the President of the University and the Committees of the Board, and such other matters as may be duly submitted.

When the Board convened, the following members were present: Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Trimble.

Acting President Kinley was present.

MINUTES APPROVED

The Secretary presented for approval the minutes of the meeting of May 16-17, of June 10, and the adjourned sessions of

June 21-23, 1919, and also for record the minutes of the meeting of the Executive Committee held June 21, 1919.

On motion of Mr. Abbott, the minutes were approved and received for record as printed on pages 323 to 438 above.

MATTERS SUBMITTED BY ACTING PRESIDENT KINLEY

The Board considered the following matters submitted by the Acting President of the University.

CERTIFIED COPY OF THE APPROPRIATION BILL

(1) A certified copy of the Appropriation bill for the biennium beginning July 1, 1919, as approved by the Governor on June 23, 1919. The text of this bill appears on pages 395-397 above.

The bill was received to be filed.

THE BUDGET FOR 1919-20

(2) The Budget for 1919-20, with a preliminary statement touching on the following points:

The mill tax. The excess appropriations for the biennium over income from mill-tax levy was \$159,802.65. Out of an appropriation of \$4,800,000 for the last biennium, we have, therefore, realized only \$4,640,197.35. The cash balance in the hands of the state treasurer on June 30, 1919, \$1,363,378.03 consisted of collections on the 1918 taxes and therefore is expendable only for appropriations for 1919-20.

The University balance as of June 30 is in large measure apparent rather than real, because many appointments date from September 1 and run for 12 months. The real balance is therefore less than the apparent balance by the amount running from July 1 to August 31, inclusive. It is lessened also by the amount contained in the revolving funds of the College of Agriculture, not available for other purposes.

The contingent or reserve fund should be greater. I started out with the intention of making this fund at least \$200,000, but the amount found possible to set aside is much less, as shown in the summary of appropriations.

APPROVAL OF THE BUDGET

Acting President Kinley requested that the budget be approved and that he be given authority to make such minor changes and readjustments in salaries and ranks as may be necessary.

Mr. Trimble offered a motion that the budget be approved.

Mrs. Busey stated that she would request to be recorded as not voting on the approval of the budget, because she could not conscientiously vote for a list of names including some persons whose continued employment by the University she considered improper and unwise.

Mr. Abbott offered a motion that the term of appointment of Mr. A. C. Cole, Assistant Professor of History, be reduced from three years to one year.

On motion of Mr. Trimble, Mr. Abbott's motion was amended by striking Mr. Cole's name from the budget. The vote was as follows: Ayes, Mrs. Busey, Mrs. Evans, Mr. Hoit, Mr. Trimble; noes, Mr. Abbott, Mr. Carr; not voting, Mrs. Blake; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Ward.

On motion of Mr. Trimble, the vote to drop Mr. Cole's name was reconsidered.

On motion of Mr. Abbott, Mr. Cole's name was restored to the budget of the department of history for one year, at a salary of two thousand dollars, by the following vote: Ayes, Mr. Abbott, Mr. Carr, Mr. Hoit, Mr. Trimble; noes, none; not voting, Mrs. Blake, Mrs. Busey, Mrs. Evans; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Ward.

On motion of Mr. Trimble, the budget was approved and Acting President Kinley was authorized to make such minor changes in rank and salary as may be desirable. The vote was as follows: Ayes, Mr. Abbott, Mrs. Blake, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Trimble; noes, none; not voting, Mrs. Busey; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Ward.

THE BUILDING PROGRAM

(3) In the past seven years various programs for buildings have been passed upon by the Board. Many of these are unfinished. In view of the small amount of money available for building, it seems desirable to review the situation in order to decide what is most necessary.

The Supervising Architect presents the following program for the next biennium of which I recommend the approval of items 1, 2, 3, 4.

1. Horticulture laboratory.....	\$100,000
2. Boiler house and boilers.....	46,000
3. Wood floor in Armory.....	21,600
4. Furnishings for Woman's Residence Hall.....	25,000
5. Completion of Music Building.....	100,000

On motion of Mr. Abbott, items 2, 3, and 4 were approved, and the Acting President was requested to prepare a revised building program to be considered by the Board at a special meeting to be called as soon as possible. The vote was as follows: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Trimble; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Ward.

At this point, Mr. Trimble withdrew.

VETERINARY CLINICAL BUILDING

(4) A statement that the sum of \$5000 appropriated several years ago by the General Assembly for a veterinary clinical building is still in the

treasury. This clinic building should now be erected, since we have taken over the serum laboratory. Dean Davenport requests that the balance of the general building fund of the College of Agriculture, amounting to \$2975.91, be transferred and added to the \$5000 specifically appropriated, and that enough be added from Agricultural funds to make \$8400, and that the building be constructed at once.

I recommend that this be done.

On motion of Mr. Abbott, this recommendation was concurred in, by the following vote: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit; noes, none; absent, Mr. Herbert, Mr. Lowden, Mr. Trimble, Mr. Ward.

AGREEMENT WITH DEPARTMENT OF PUBLIC WELFARE

(5) The agreement between the University and the Department of Public Welfare for the construction and operation of a group of hospitals in Chicago.

AGREEMENT

BETWEEN THE UNIVERSITY OF ILLINOIS AND THE DEPARTMENT OF PUBLIC WELFARE OF THE STATE OF ILLINOIS FOR CONSTRUCTING AND OPERATING A GROUP OF HOSPITALS IN THE CITY OF CHICAGO.

*Suggested Plan of Cooperation
Between the University of Illinois
and
The Department of Public Welfare*

As the Illinois Department of Public Welfare is about to construct a group of hospitals in the city of Chicago, and as the University of Illinois is desirous of enlarging and improving the facilities of its College of Medicine, in the city of Chicago, and as the University of Illinois College of Medicine desires to make use of the clinical facilities of the hospitals for teaching purposes, and as the Department of Public Welfare desires to avail itself of the professional staff of the University of Illinois College of Medicine, a plan of cooperation is agreed upon by the University of Illinois and the Department of Public Welfare, as follows:

Basis. The functions of the two parties to this agreement are to be kept distinct in the same manner as is customary in private hospitals, in so far as possible.

The administration and executive direction of the hospitals, including the Illinois Charitable Eye and Ear Infirmary, the State Psychiatric Institute, the State Surgical Institute for Children, and the University Clinical Institute shall be in the Department of Public Welfare.

The staff officers of the hospitals shall be members of the faculty of the College of Medicine of the University of Illinois and shall have the use of all facilities necessary for conducting medical instruction and research. They shall have no executive authority.

The President of the University of Illinois and the Director of Public Welfare shall each appoint three members of a committee to work out details of the plan of cooperation and the report of the committee, when

signed by the President of the University of Illinois and the Director of Public Welfare, shall become a part of this agreement.

UNIVERSITY OF ILLINOIS

By DAVID KINLEY
Acting President

THE DEPARTMENT OF PUBLIC WELFARE
OF THE STATE OF ILLINOIS

By CHAS. H. THORNE
Director of Public Welfare

THIS AGREEMENT, made the fifth day of July, 1919, by and between the University of Illinois, party of the first part (hereinafter designated as University), and the Department of Public Welfare of the State of Illinois, party of the second part (hereinafter designated as the Department.)

WITNESSETH, that the said parties agree to the following for locating, erecting buildings and permanent improvements, equipping, maintaining, and operating a group of hospitals in the city of Chicago designated as the Illinois Charitable Eye and Ear Infirmary, the State Psychiatric Institute, the Illinois Surgical Institute for Children, the State Institute for Juvenile Research, the University Clinical Institute, and such other hospitals or institutions as may hereafter be agreed upon:

ARTICLE I. The purposes of each hospital or unit mentioned in this agreement are described as follows:

The Illinois Charitable Eye and Ear Infirmary is to provide medical and surgical treatment for all indigent residents of Illinois who are afflicted with diseases of the eye, ear, nose, or throat.

The State Psychiatric Institute is for the study of the nature and treatment of mental disorders.

The Illinois Surgical Institute for Children is to furnish to indigent children, residents of Illinois, who are physically deformed, treatment, training, nursing, and education.

The State Institute for Juvenile Research is to provide for the study of the nature and treatment of behavior difficulties in minors.

The University Clinical Institute is for the study of the causation, prevention, alleviation, and cure of disease.

ARTICLE II. No officer or employee under the control of the parties hereto shall make a charge for medical or surgical treatment, care, nursing, or maintaining any patient in these hospitals or units, provided: that this shall not be construed to prohibit members of the professional staff of the University from engaging in consulting practise under such conditions as may be prescribed by the University.

ARTICLE III. The administration and executive direction of the hospitals mentioned herein shall be in the Department. It is agreed by both parties that the definition of the words "administration and executive direction" is: The management of the buildings and property, the control of all business transactions in connection with the work of these hospitals which includes the employment of all officers and employees, providing for the purchase of and issuance of all supplies and equipment, excepting the equipment and supplies mentioned herein which are to be furnished by the University, assigning space in the buildings for the different hospitals and divisions, with the advice and consent of the University, sole authority as to the admission, transfer, or discharge of patients, providing maintenance for officers, employees, and patients, supervising building construction, controlling the mechanical department, furnishing

nurses and attendants to the medical department, and stenographic or other help which may be needed in the various hospitals, excepting the University assistants that are referred to in this agreement; it also includes the superintendence, oversight, and management of all officers and employees other than the officers and employees furnished by the University. The Department will purchase the ground and construct and repair buildings for said institutions. The Department shall make rules for the operation and maintenance of the hospitals or units.

ARTICLE IV. The University through its college of Medicine shall have the use of the clinical facilities of said hospitals for teaching purposes and research work. It is agreed that in connection with the "use of clinical facilities of said hospitals for teaching purposes and research work" the University shall provide all equipment and supplies, laboratory apparatus, libraries, etc., for educational and research purposes.

The University shall appoint and control the professional staff of the hospitals, physicians, surgeons, internes, laboratory technicians, librarians, and assistants for the treatment of patients and for teaching and research purposes. It shall control the work of the nurses, ward attendants, and all other in so far as this work is strictly medical.

The University shall provide courses of instruction in medical and allied subjects for workers in the Department, such as training schools for nurses, occupational therapists, social workers, dietitians, and others as may from time to time be agreed upon between the contracting parties.

ARTICLE V. The chief administrative and executive officer for all of the units in the group will be designated as Managing Officer. Each unit of the group will be under the immediate direction of an Assistant Managing Officer.

ARTICLE VI. The University shall place at the disposal of the Department all funds appropriated for the erection of the University Clinical Institute, to be applied to the purpose for which they were appropriated.

The University shall consult with and advise the Department and the Department shall also consult with the University as to the needs of the University for teaching and research facilities in the buildings erected or to be erected.

Until specific appropriations are made, the University shall pay clerks and others now in the employ of the University who shall hereafter be under the direction of the Department in accordance with the terms of this agreement.

Until specific appropriations are made, the Department will pay professional workers now employed by the Department who shall hereafter be under the direction of the University in accordance with the terms of this agreement.

ARTICLE VII. Maintenance shall be allowed only to officers and employees who are required to be residents of the institutions or units. Requirements for residence shall be determined by conference between the contracting parties.

ARTICLE VIII. To facilitate harmonious cooperation between the contracting parties there shall be established a standing committee of four—two to be appointed by the Director of Public Welfare and two by the President of the University to which, at the request of the Managing Officer of the Hospitals or of the Dean of the College of Medicine, may be referred any matters upon which there may be doubt or dispute. The findings of the committee shall be binding upon both parties. Matters upon which this committee cannot agree shall be referred to the Director of the Department and the President of the University in conference.

ARTICLE IX. In case the parties hereto shall fail to agree in relation to the interpretation of this agreement, then upon presentation of a statement in writing, signed by either party, to the effect that there is such a disagreement, and if the arbitration method of settlement is approved by the Governor of the State of Illinois, then the matter shall be referred to a board of arbitration consisting of three members, one member to be selected by each of the parties and the third member to be named by the Governor. The decision of any two members of the board shall be final and binding upon both parties hereto.

ARTICLE X. Modifications of the terms and conditions of this agreement desired may be proposed in writing at any time by either of the parties hereto, and when these changes are accepted in writing by both parties they shall become a part of this agreement.

ARTICLE XI. This agreement is contingent upon the general assembly making appropriations available for the purposes described above, otherwise the agreement is to be null and void.

I recommend that the sum appropriated by the Legislature (\$300,000) be appropriated for the erection and equipment of the New Clinical Laboratory, and that the Supervising Architect be directed to consult with the Director of the State Department of Public Welfare, the Dean of the College of Medicine, and the Acting President, for the preparation of plans and estimates to be submitted for your approval.

On motion of Mrs. Evans, this agreement and recommendation were approved and the sum of \$300,000 was appropriated for the construction of the Clinical Laboratory. The vote was as follows: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Trimble, Mr. Ward.

**FINANCIAL ARRANGEMENTS BETWEEN THE UNIVERSITY AND
THE STATE VOCATIONAL EDUCATION BOARD**

(6) A statement that a misunderstanding appears to have arisen last spring between the University authorities on the one hand, and Superintendent F. G. Blair, Executive Secretary of the State Vocational Education

Board, on the other, as to the amount of remuneration to be awarded the University by the State Board for courses of instruction approved by that Board as acceptable under the provision of the Smith-Hughes Vocational Education Act. As presented to me, the impression was held here that the original agreement was to the effect that the State Board would reimburse the University for the full expense of all courses given by the University previously accepted and approved by the Board. I was informed, however, that the Executive Secretary of the State Board held the view that the State Board should reimburse the University only to the extent of one-half the expense for such approved courses.

In order to bring the matter to a definite conclusion, I requested the Secretary of the State Board to be good enough to give me a definite answer to the question: "Will your Board reimburse the University in full for expenditures incurred in giving courses of instruction under the Smith-Hughes Act, which have been previously approved and accepted by you?" This letter was written on June 25. On July 2, Superintendent Blair, the Executive Secretary, wrote recalling the history of the negotiations as he understood them, and saying that he would recommend to the Board that "it continue its present plan with the University of paying out of funds under its control, fifty per cent of the cost of giving the vocational courses in teacher training approved by the State Board."

Superintendent Blair informed me that he read my letter and his proposed reply to this Board, and said to the Board that it was his "intention as Executive officer to follow out the plans set forth in my letter, unless action was taken by them directing me differently. After a thorough discussion, the Board decided to take no further action, but that its chairman should inform you that it will be glad to hear you make any statement in the matter which you might desire to make."

After discussion, the Acting President was instructed to write the State Board of Vocational Education that the University would not debate the matter, but would accept the decision of the Board under protest, because, in the view of the Board of Trustees of the University, the interpretation of the law by the State Board is in contravention of the spirit and intent both of the Federal Act and the State law making appropriations for this purpose.

Y. M. C. A. LEASE CANCELLED

(7) A recommendation that the lease for the Y. M. C. A. building be cancelled according to the following memorandum:

MEMORANDUM

It is agreed between the parties thereto that the above lease shall be cancelled as of July 1, 1919.

The obligations of the party of the first part to the party of the second part remaining unsatisfied, are as follows:

A balance on account of repairs and reconstruction-----	\$2,332.89
Repairs on high pressure line-----	156.48

The obligations of the party of the second part to the party of the first part, are to turn over at the expiration of the new lease, or any renewal thereof, the furniture and fixtures listed in schedule "A" referred to in the cancelled lease attached hereto.

The party of the second part is released from any obligation to further restore the premises.

The party of the second part reserves the privilege of removing the bath room fixtures on the first floor, and the shower bath in the basement.

The hot water heater in the basement is to become the property of the party of the first part.

On motion of Mrs. Busey, this recommendation was adopted.

NEW LEASE WITH THE Y. M. C. A.

(8) A new lease for the Y. M. C. A. Building for the year beginning July 1, 1919.

AGREEMENT

THIS AGREEMENT, Made and entered into this 1st day of July, 1919, between the Board of Directors of the Young Men's Christian Association of the University of Illinois, party of the first part, and the Board of Trustees of the University of Illinois, party of the second part,

WITNESSETH: 1. The said party of the first part for and in consideration of the undertaking of the party of the second part, hereinafter mentioned, hereby agrees to and by these presents does lease to the party of the second part the South-east Quarter (S. E. $\frac{1}{4}$) of Block Twelve (12), J. S. Wright addition of the city of Champaign, Champaign County, Illinois, and all buildings and improvements thereon situated and owned by the party of the first part, including what is known as the Young Men's Christian Association building, together with all furniture, fixtures, and equipment now in use in said building, for a period of one year from the 1st of July, 1919, to the 30th of June, 1920.

2. The party of the second part hereby agrees to pay to the party of the first part, as rental for the above mentioned property, the sum of five thousand dollars (\$5,000.00), to be paid in twelve monthly payments of four hundred sixteen dollars and sixty-six cents (\$416.66), payable on the first day of each month hereafter.

3. It is understood and agreed between the said parties, that after the payment of the above rental of five thousand dollars (\$5,000.00), and all operating expenses and expenditures for repair and up-keep of the building and equipment, the net proceeds or income received by the party of the second part shall be shared equally between the parties to this instrument.

4. It is understood that the party of the second part shall keep a strict account of all outlays made by it during the year for expenditures, repairs, and up-keep mentioned in paragraph 3, and submit the same to the party of the first part on or before the-----day of-----, 1920.

5. It is understood and agreed that the party of the first part, upon the termination of this lease, will purchase any additional furniture and equipment to be used in said Y. M. C. A. buildings (not including towels and linen), at the cost price less a depreciation of 10%; provided, that the original purchase of such furniture and equipment shall be first approved by the party of the first part or its legal representative.

IN WITNESS WHEREOF, The undersigned officers of the respective parties hereto have hereunto attached their signatures as official repre-

sentatives of the parties hereto, and the corporate seal of the University of Illinois, on the first day of July, 1919.

ATTEST:

H. E. CUNNINGHAM
Secretary

On motion of Mr. Abbott, this lease was approved.

SALE OF PHARMACY LOTS

(9) A recommendation that two lots in Chicago which came to the University with the School of Pharmacy, be sold at a price of \$625 each.

On motion of Mr. Abbott, this sale was authorized, by the following vote: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Trimble, Mr. Ward.

PAVING OF RACE STREET ROAD

(10) A request from the County Superintendent of Highways that the University contribute five thousand dollars toward building one mile of pavement on the Race Street road. This pavement would adjoin, in part, some of the land owned by the University. The total cost is estimated at \$15,000.

On motion of Mrs. Evans this matter was referred to the Supervising Architect for report at the next meeting.

CURB LINE AT GREEN STREET AND MATHEWS AVENUE

(11) A recommendation that the sum of two hundred dollars be appropriated to change the curbing at the southwest corner of Green Street and Mathews Avenue.

On motion of Mr. Abbott, this recommendation was approved, by the following vote: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Trimble, Mr. Ward.

COOPERATIVE WORK IN HEATING AND VENTILATION

(12) A recommendation that the agreement with the National Warm Air Heating and Ventilating Association for cooperative investigation of warm air furnaces and furnace heating systems undertaken last year (see page 3) by the Engineering Experiment Station be renewed.

This recommendation was approved.

SERUM LABORATORY

(13) A statement concerning the hog cholera serum laboratory:

By act of legislature the Serum Laboratory, heretofore conducted in Springfield under the Department of Agriculture, is transferred to the University of Illinois. The appropriation for this Laboratory, amounting to \$11,500, was transferred from the Department at Springfield to the University. This sum is outside of the mill tax. The bill is as follows:

Section 1. Be it enacted by the people of the State of Illinois represented in the General Assembly: The following sums are hereby appropriated to the University of Illinois for the maintenance and operation of a live stock biological laboratory:

Salaries and wages.....	\$5,000 per annum
Operation	\$6,500 per annum

Section 2. The appropriation herein made shall be subject to all the provisions, conditions, and limitations of an act entitled "An Act in relation to State Finance", approved.....1919, in force July 1, 1919.

This report was received for record.

TEACHER-TRAINING IN TRADES AND INDUSTRIES

(14) A request for authority to sign an application to the Illinois Board for Vocational Education for teacher-training courses in trades and industries, and such other courses in agriculture and home economics as may be deemed advisable, under the Smith-Hughes act.

To the Illinois Board for Vocational Education, Springfield, Illinois
GENTLEMEN:

The University of Illinois hereby makes application for approval of plans for the maintenance of teacher-training courses in trades and industry under the provision of the plan of the Illinois Board for Vocational Education, as approved by the Federal Board.

In case this application is approved by the Illinois Board for Vocational Education, the said University of Illinois agrees:

1. To follow strictly the provisions of the plan of the Illinois Board for Vocational Education, as approved by the Federal Board for Vocational Education.

2. To submit to the Illinois Board for Vocational Education, when requested, such additional information as may be necessary for the Illinois Board for Vocational Education, in passing upon the work of the courses proposed herein.

We hereby certify that the funds to be used by the University of Illinois to match Federal money herewith applied for, will be in all respects under public control and will be obtained from the following sources:

From general funds of the University, not including Federal funds.

CERTIFICATE OF OFFICERS OF THE INSTITUTION

To the Illinois Board for Vocational Education, Springfield, Illinois.

GENTLEMEN:

The undersigned officers of the University of Illinois in the city of Urbana hereby certify that the minutes of the Board of Trustees of said institution show that this application for approval of plans for teacher-

training in trades and industries was agreed upon in a regular meeting of said Board of Trustees held on the twelfth day of July, 1919.

President of the University

Attest:

Secretary

The President of the University was authorized to make these applications.

FEDERAL BOARD FOR EDUCATION OF DISABLED SOLDIERS

(15) A request for authority to appoint two instructors in agriculture, or agriculture and engineering, at a salary not to exceed \$170 a month each, for twelve months, to take care of disabled soldiers sent to the University by the Federal Board for the Vocational Education of Disabled soldiers. These men are sent to us at odd times, without regard to their previous education, and it is frequently impossible to take them into our regular classes.

This request was granted by the following vote: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Trimble, Mr. Ward.

UNIVERSITY HOSPITAL SERVICE

(16) A recommendation that Miss L. O. Condit be appointed Head Nurse in the University Hospital for twelve months beginning September 11, 1919, at a salary of \$120 per month; and a request for authority to employ such additional nurses as may be necessary according to the policy pursued last year, and to fix the fees for hospital services so as to cover the operating expenses so far as possible.

On motion of Mrs. Blake, this appointment was made, and the desired authority was granted. The vote was as follows: Ayes, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit; noes, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden, Mr. Trimble, Mr. Ward.

LABORATORY FEES IN CHEMISTRY

(17) A recommendation from the Council of Administration that the following new laboratory fees in Chemistry be approved.

Chemistry	26	-----	\$ 6.00
"	46	-----	6.00
"	76	-----	3.00
"	80	-----	3.00
"	104b	-----	4.00
"	104e	-----	10.00

These fees were approved.

STUDENT HOSPITAL

(18) A recommendation that the Education Building, which cannot be equipped for the use for which it was constructed this year, be assigned for use as a student hospital.

No action was taken in this matter.

RETIRING ALLOWANCE REQUESTED FOR PROFESSOR WELLS

(19) A request from Professor N. A. Wells of the department of architecture, that he be granted a retiring allowance of \$1,680 a year, beginning September 1, 1919.

On motion of Mr. Abbott, this matter was referred to Acting President Kinley to investigate and to make a recommendation at the next meeting.

DEAN OF THE COLLEGE OF DENTISTRY

(20) A communication from twelve members of the faculty of the College of Dentistry recommending that Dean F. B. Moorehead be requested to withdraw his resignation.

On motion of Mrs. Evans, this matter was referred to Acting President Kinley with power to act.

RESIGNATION OF ASSISTANT DEAN WARNOCK

(21) A statement that Mr. Arthur Ray Warnock, who for some years past has been Assistant Dean of Men, has accepted the position of Dean of Men at Pennsylvania State College at a much larger salary. Mr. Warnock has served us well. For his own sake, he should accept this position of larger responsibility. Therefore, I recommend the acceptance of his resignation.

This resignation was accepted.

APPOINTMENT OF ASSISTANT DEAN GARMAN

(22) A recommendation that Mr. Horace Bryan Garman be appointed Assistant Dean of Men at a salary of \$1,200 a year, beginning September 1, 1919. Mr. Garman has just graduated from the College of Liberal Arts and Sciences. He has been very active and efficient in student affairs throughout his college course. He is a leader. He is twenty-two years old, and is strongly recommended by Dean Clark.

This appointment was made.

APPOINTMENT OF DR. H. R. SCHWARZE

(23) I recommend the appointment of Dr. H. R. Schwarze, as Associate in Animal Pathology in the Department of Animal Husbandry, College of Agriculture and Agricultural Experiment Station, from July 1, 1919, to August 31, 1920, with salary at the rate of \$3,000 per annum, the salary to be charged to the appropriation for the serum laboratory transferred from Springfield by Act of the Legislature at the recent session.

On motion of Mr. Abbott, this appointment was made.

LEAVE OF ABSENCE FOR MR. A. W. NOLAN

(24) Professor A. W. Nolan, who is Assistant Professor of Agricultural Extension, has been dividing his time between work at the University and the State Board of Vocational Education, and will devote his full time from July 1, to the latter work. He says, however, that he would like to retain his University connection with a view to possible return. Therefore, he requests that he be given a leave of absence without pay until

September 1, 1920. Dean Charters endorses this request and I recommend that this leave of absence be given Professor Nolan.

On motion of Mr. Hoit, this request was granted.

EXTENSION OF LEAVE OF ABSENCE OF E. W. BAILEY

(25) A request from E. W. Bailey, Assistant Professor of Pomology, for an extension of his leave of absence from September 1, 1919, to January 1, 1920, being a four months' addition to the year of absence granted by your Board July 17, 1918. The reason given is that his work of investigation has so developed that he needs more time to complete it. The request is approved by Professor Blair and Dean Davenport. I recommend that the extension of leave be granted.

On motion of Mr. Hoit, this recommendation was concurred in.

LEAVE OF ABSENCE FOR PROFESSOR C. S. CRANDALL

(26) Dean Davenport transmits from Professor Blair of the Department of Horticulture, a request for a two months' leave of absence for Professor Crandall on pay for the purpose of studying horticultural conditions in the western states, covering the ground which was gone over ten years ago by Professor Crandall and Professor Blair, for the purpose of noting changes which have taken place in the meantime. He requests an appropriation for \$750 for the expenses of such trip, the expenses to be met from horticultural funds.

Dean Davenport suggests that Professor Blair may possibly be able to accompany Professor Crandall and asks that authority be given the Acting President to authorize the additional expenditure, if necessary.

I recommend the approval of this request, all expenses to be charged to the Horticultural Fund.

On motion of Mr. Hoit, this recommendation was concurred in.

REINSTATEMENT OF PROFESSOR C. H. WOOLBERT

(27) A recommendation that Assistant Professor C. H. Woolbert of the department of English be reinstated in the budget as of September 1, 1919. Professor Woolbert has been in Europe on war service.

On motion of Mrs. Busey, this recommendation was concurred in.

REINSTATEMENT OF PROFESSOR BENTLEY

(28) A recommendation that Professor Madison Bentley be reinstated in the budget as of September 1, 1919, as he has been discharged from the army.

This recommendation was concurred in.

ADVISORY BOARD, SCHOOL OF PHARMACY

(29) Nominations by the Illinois Pharmaceutical Association of two men to fill vacancies on the Advisory Board of the School of Pharmacy, as follows:

Mr. John H. Harsch, of Peoria, in place of Mr. J. C. Wheatcroft, whose term has expired.

Mr. P. D. Roark, of Macomb, in place of Mr. G. C. Lescher, deceased.

On motion of Mr. Hoit, these appointments were made.

NEW GENERAL ASSEMBLY SCHOLARSHIPS

(30) A statement that the Legislature at its last session passed two new scholarship laws. One of these extends the present General Assembly scholarships to our professional schools. The other creates a new set of scholarships for men discharged from the service.

This statement was received for record.

AMERICAN UNIVERSITY UNION IN EUROPE

(31) A request from the American University Union in Europe for a contribution in addition to the annual membership fee.

No action was taken in this matter.

DAMAGE TO PAPER AND BOOKS IN THE BASEMENT OF THE ADMINISTRATION BUILDING

(32) A statement that in the last week in June a severe and somewhat prolonged rain storm caused the backing up of water through the storm sewer into the basement where the printing plant is located. The direct damage to paper and books was slight, but some may be caused by mildew. The following damage was also done:

- Loss of $\frac{1}{2}$ bale of rags
- 4 hours time cleaning presses
- 50% damage to rollers on one press
- 25% damage to rollers on Illini press
- 50% damage to set of Miehle Rollers
- 40%-50% damage to Platen Press and Colt Rollers.

The damage arising from condensation of moisture on the delicate steel parts of machinery like the linotype machine is considerable.

The above report was made to me by the Director of the Press, Mr. H. E. Cunningham, who is anxious to have a building erected for the Printing Press.

This statement was received for record.

INSURANCE OF FEDERAL PROPERTY

(33) A statement that the War Department directs us to take out insurance for the full value of all government property issued to us, which is at present \$95,000. The approximate cost of insurance for one year is \$1,600. The University has already been required to file bond for the full value of this property and it seems to me that the request is unreasonable. Unless the Board directs otherwise, I shall make a protest to the War Department against this request and also against holding the University to accountability for missing military property which they insist shall be under the direction of the military commandant.

It was the opinion of the Board that the Acting President should try to secure a change in the government policy in this matter.

APPOINTMENTS TO FILL VACANCIES

The Secretary presented for record the following list of appointments made by Acting President Kinley.

Andersen, Marie, Laborer in the College of Medicine, at a salary of fifty-five dollars (\$55) a month, beginning June 1, 1919, and continuing until further notice; subject to the rules of the Civil Service Commission. (July 1, 1919.)¹

ARTILLERY BARNs

Professor White explained these projects in detail and also made a statement concerning the location and plans for the artillery barns, placing these barns a little to the east of the original location west of the Stock Pavilion.

On motion of Mr. Abbott, these plans and the new location were approved.

McKINLEY HOSPITAL

Professor White presented also the plans and working drawings for the McKinley Hospital.

The action of June 1, 1918 (page 747), instructing the Supervising Architect to proceed as rapidly as possible with the construction of this hospital, was reaffirmed.

CONSULTING ARCHITECTS

On motion of Mr. Ward, the Executive Committee was authorized to retain the firm of Holabard and Roche as consulting architects until further notice.

APPROPRIATION FOR LIBRARY RECONSIDERED

On motion of Mr. Abbott, the action of June 21, 1919, appropriating \$166,100 for the beginning of a new library building was reconsidered, and the project was laid on the table.

APPROPRIATIONS FOR BUILDINGS

On motion of Mr. Abbott, the sum of \$100,000 was appropriated for a Horticulture building, \$100,000 toward the completion of the Music building, and \$1,200 for extension and alteration of the Ceramics Kiln House. The vote was as follows: Ayes, Mr. Abbott, Mrs. Blake, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Trimble, Mr. Ward; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Herbert, Mr. Lowden.

COMMITTEE ON PUBLICITY

At this point, the consideration of matters submitted by the Acting President of the University was suspended and the Board considered the following report of the special committee on publicity presented by Mr. Trimble.

To the Board of Trustees of the University of Illinois:

Your committee appointed to investigate the feasibility of an extended publicity campaign and propaganda to further the

interests of the University of Illinois, respectfully report as follows:

We believe that a University campaign should be conducted throughout the State of Illinois and perhaps later in adjacent States that will bring to the attention of every citizen just what our University means to the citizenship of the State; a campaign, thoroughly planned, to cover a period of at least five or six years; a campaign so thorough, that the people of the State, who support our institution by taxation, may know just what character of educational service they are paying for. When they are so informed, and realize the magnitude and purposes of their University, we believe they will not only be willing, but will insist that their Representatives at Springfield make sufficient appropriations to support the University and extend its work. We think it might not then be necessary to send a delegation to Springfield at each session of the Legislature to lobby and beg for sufficient funds to accomplish our work, as the educated public sentiment would make the demand in a more impelling manner than we have been able to do.

We believe that one of the important duties of our Board of Trustees is to conduct a campaign of University propaganda that will inform all the people of the State that there is a University of Illinois, that it is located at Urbana, Illinois, and that it offers unexcelled educational facilities largely at public expense.

We recommend in order that such a publicity campaign may be conducted thoroughly and efficiently, there be established and organized a Department or Bureau of Publicity whose duties shall be along University publicity and propaganda lines, at all times working in harmony with and under the direction of the Board of Trustees and the Executive administration.

We conceive the general scope of the job of this department somewhat as follows:

To send a good, enthusiastic, and well informed speaker to each Annual Meeting of the Illinois Press Association to impress upon the minds of the Editors throughout the State, the importance of the work we are trying to accomplish. To induce these editors to give us space for University publicity, and follow up by sending them attractive and informing articles of interest to readers. Pursue this and other methods of newspaper publicity; and take steps especially to interest the Chicago press in our campaign. Heretofore we have been somewhat ignored by the press of Chicago and Illinois. We should be no longer so.

To send our speakers to various kinds of meetings and gatherings throughout the State where University propaganda could be proclaimed, to-wit:

There are in Illinois more than 1000 Women's Clubs, that hold annual meetings, at which the active womanhood of the State could be informed and enthused as they would learn what a factor the education we offer

at the lowest possible cost, would be in their work of betterment and reform.

Each year, in Illinois, there are more than 100 County Teachers Institutes, attended by more than 40,000 teachers. If this body of instructors could become enthusiastic for our University their influence would be immense. Heretofore this influence has not been especially guided our way. We think the teachers of Illinois should be induced by proper information and enthusiasm for their own, to boost all Colleges and educational institutions, but especially our own and their own University of Illinois. This would be a reasonable thing for them to do as they themselves help support it, but perhaps their attention has not been sufficiently directed that way.

There are in Illinois several Hundred High Schools, attended by Thousands of pupils who are just ready to be persuaded that as soon as they graduate, their own University of Illinois offers them the advantages of a higher education in any line they may choose at a minimum cost.

There are in Illinois 85 County and District Fairs whose managers would welcome an opportunity to present to more than a million patrons, a series of Exhibits along agricultural lines, which would thoroughly advertise the agricultural work of the University.

The managers of the Chautauquas, Lyceum Bureaus, Farm Institutes and Horticultural meetings throughout the State would be glad to include an attractive University program as one of their entertainment features.

During the War the United States Government used the Motion Picture films to spread American propaganda, and it was the most effective advertising known. There is a big opportunity in motion pictures to give broad publicity to the University of Illinois.

It is claimed that 87% of what we know is acquired through the sense of seeing. The motion picture talks to each individual in his own language in a way that he can understand. The average human being cannot absorb easily complicated sentences, but the eye understands instantly; pictures move rapidly but the brain easily follows the story they tell. Well prepared moving pictures of the right kind, create more thought in the mind of the spectator than can be produced in any other way. Hence the success of the moving picture of today. We are trying to reach the minds of the people. We want them to think University of Illinois thoughts; let us do it in the most efficient way.

The United States Department of Agriculture, Department of the Interior, Department of Commerce, and the Reclamation Service are all using the motion pictures to enlighten the people regarding their departmental work. The State of Illinois is using them to inform the people that the State Institutions for the insane, the Reform Schools, Penitentiaries, and all public charitable institutions, are being properly conducted; and by presenting them to vision they teach the people that their taxes paid to support such institutions are judiciously expended. Col. Whipp of the Department of Public Welfare sends literature throughout the State offer-

ing to show these pictures and send a lecturer with them entirely at the State's expense. This it is deemed proper by one of the principal departments of our State Government to spend public money to educate the people as the character of their reformatory and charitable enterprises. We think, therefore, we are clearly within the realm of propriety, if we spend some money to advertise our educational enterprise, and induce more students to avail themselves of its advantages.

Hundreds of the largest National advertisers, such as the Standard Oil Co., Armour and Co., Goodrich Tire Co., Hartford Insurance Co., and the Canadian Pacific Railway Co., are taking advantage of this kind of publicity, and spending millions of dollars on that kind of advertising because it brings back results.

We are of the opinion that it would be entirely practicable to produce a scenario, with sufficient romance therein to hold the audience, and yet so skillfully written and put into pictures, that it would take the characters through the University grounds, Buildings and Class rooms in such a manner that the audience would know they had seen their own University in its daily life and action. Thus you would take the University to hundreds of thousands of people who could see it in no other way.

It would be the duty of this Bureau of publicity to devise other means to the same end as above suggested, the numerous details of which must be left to men engaged for that purpose. In this behalf we suggest that this is in the nature of a commercial advertising enterprise. It requires an experienced advertising or publicity man. It is not an academic enterprise and should not be so regarded. In my opinion there should be employed an expert advertising or publicity man at the head of this Bureau of publicity whose duty should be to direct the department in its various phases of action.

To the end that this may be accomplished, we recommend that there be a permanent publicity committee to consist of the President of the Board and two other members to be appointed by him, with power to organize and get into action the Bureau of Publicity above mentioned.

Respectfully submitted,

MR. TRIMBLE

MR. ABBOTT

MR. CARR

President Kinley was requested to report at an early meeting on the means of publicity now in use at the University, and to submit a plan for the organization and expansion of this work.

At this point, Mr. Trimble withdrew and the Board resumed the consideration of matters submitted by Acting President Kinley.

FURNISHINGS FOR MUSIC BUILDING

(2) A recommendation that \$23,000 be appropriated for furnishing and equipping the Music Building.

On motion of Mr. Abbott, this recommendation was approved, by the following vote: ayes, Mr. Abbott, Mrs. Blake, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Ward; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Herbert, Mr. Lowden, Mr. Trimble.

USE OF EDUCATION BUILDING FOR HOSPITAL

(3) A request for authority to use the Education building for hospital purposes during the year in case of epidemic or other emergency.

On motion of Mr. Abbott, this authority was given.

DENTISTRY DEANSHIP

(4) A recommendation that Dr. F. B. Moorehead be permitted to withdraw his resignation, and that he be appointed Dean of the College of Dentistry (\$2,300) and Professor and Head of the Department of Oral Surgery and Pathology (\$1,200) for one year beginning September 1, 1919; and also that Dr. Moorehead's salary be paid for July and August, since he has been on duty during this time.

On motion of Mr. Hoit, this recommendation was approved.

SECRETARY, COLLEGE OF DENTISTRY

(5) A recommendation that Dr. N. G. Thomas be appointed Professor of Histology (Indefinite tenure, \$2,500) and Secretary of the College of Dentistry (one year, \$1,500) beginning September 1, 1919, at a total of \$4,000.

On motion of Mrs. Evans, this appointment was made.

DEANSHIP, COLLEGE OF COMMERCE

(6) A recommendation that Acting Dean N. A. Weston, Assistant Professor of Economics, be relieved of his duties as Acting Dean (at his own request) and that he be appointed Professor of Economics and made Acting Head of the department for the coming year; further, that Professor C. M. Thompson be appointed Dean of the College of Commerce and Business Administration for one year, beginning September 1, 1919, at a salary of \$4,500 a year.

On motion of Mr. Hoit, these recommendations were concurred in.

**PRESIDENT'S HOUSE ASSIGNED TO HEALTH
SERVICE MILITARY OFFICE**

(7) A recommendation that the President's house (at Green and Wright Streets) be assigned for use by the Health Service and that authority be

given to transfer the Military Office to the basement of the Law Building or elsewhere as seems desirable.

On motion of Mr. Hoit, these assignments were approved.

COMMISSION ON VETERINARY COLLEGE

(8) A recommendation that a commission be appointed to prepare a report to the next general assembly setting forth a plan for a Veterinary College at the University and the expense necessary to establish and maintain such an institution.

On motion of Mr. Abbott, this recommendation was adopted and the President of the Board was requested to recommend candidates to serve on this commission.

RESIGNATION OF PROFESSOR HARDING

(9) A recommendation that the resignation of Professor H. A. Harding as head of the department of Dairy Husbandry be accepted, with the understanding that Dr. Harding is to continue as Professor of Dairy Bacteriology during the coming year at a salary of four thousand dollars.

On motion of Mr. Abbott, this recommendation was approved.

APPOINTMENT OF PROFESSOR RUEHE

(10) A recommendation that Assistant Professor H. A. Ruehe be appointed Acting Head of the Department of Dairy Husbandry for one year beginning September 1, 1919, at a salary of \$3,500 for the year.

On motion of Mrs. Evans, this recommendation was approved.

WAGES OF JANITORS

(11) A request for authority to take such action concerning the adjustment of the wages of janitors as may be found necessary.

On motion of Mr. Hoit, this authority was given.

RESIGNATION OF PROFESSOR CHARTERS

(12) The resignation of Dr. W. W. Charters, Professor of Education, to take effect September 1, 1919.

On motion of Mr. Hoit, this resignation was accepted with regret.

RESIGNATION OF PROFESSOR STEVENSON

(13) The resignation of Dr. J. A. Stevenson, Assistant Professor of Secondary Education.

This resignation was accepted.

BEEF CATTLE BARNs DESTROYED

(14) A report that the Beef Cattle barns were so badly damaged by a storm on July 31, that it was not considered advisable to attempt to repair

them, and that the space had been assigned as a site for the artillery barns.

On motion of Mr. Ward, this action was approved.

RETIRING ALLOWANCE FOR PROFESSOR NEWTON A. WELLS

(15) A statement that Professor N. A. Wells is losing his eyesight and that it is already so far impaired as to make good work by him with students practically impossible. He has served us twenty years and has passed his sixty-seventh birthday.

I recommend that Professor Wells be made Professor Emeritus and retired as of September 1, 1919, on an allowance computed on the Carnegie basis. This means one-half the average annual salary for the past five years plus \$400, and amounts to \$1,680.

On motion of Mr. Abbott, this recommendation was concurred in.

ASSISTANT HIGH SCHOOL VISITOR

(16) A recommendation that Mr. A. W. Clevenger be appointed Assistant High School Visitor for one year beginning September 1, 1919, at a salary of \$2,500 for the year.

On motion of Mrs. Evans this appointment was made, by the following vote: Ayes, Mr. Abbott, Mrs. Blake, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Ward; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Trimble, Mr. Lowden, Mr. Herbert.

AUTHORITY TO ACCEPT RESIGNATIONS AND FILL VACANCIES

(17) A request for authority to accept resignations and to make appointments to fill vacancies, the same to be reported through the Secretary of the Board as usual.

On motion of Mr. Abbott, this authority was given.

APPOINTMENT OF MR. A. T. BACON

(18) A recommendation that Mr. Albert T. Bacon, C.P.A., be appointed a member of the Board of Examiners in Accountancy for a term of three years beginning July 1, 1919. Mr. Bacon was appointed in 1917 to fill an unexpired term.

This appointment was made.

APPOINTMENT OF LORADO TAFT AS NON-RESIDENT PROFESSOR OF ART

(19) On the recommendation of Dean Kendric C. Babcock, I nominate our distinguished alumnus, Mr. Lorado Taft, to the position of Non-Resident Professor of Art in the Department of Art and Design in the College of Liberal Arts and Sciences, the position to be without salary by his own request.

In explanation of this recommendation I would say that Mr. Taft for the past two or three years has kindly come down to the University free of expense to us and has given a series of lectures on art. He has done this because of his love for his Alma Mater. It affords me great pleasure to recommend this appointment as a cordial recognition of his fine spirit, his great accomplishments, and his distinguished services.

On motion of Mr. Hoit, this recommendation was adopted unanimously.

LIGHTING SYSTEM ON LINCOLN AVENUE

(20) A recommendation that the Board of Trustees of the University accept an assessment of \$1587.44 for an improved lighting system in Urbana on the line of University property on Lincoln Avenue. The assessment to be paid in annual installments by the Comptroller unless otherwise ordered.

On motion of Mr. Ward this recommendation was approved by the following vote: Ayes, Mr. Abbott, Mrs. Blake, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Ward; noes, none; absent, Mr. Blair, Mrs. Busey, Mr. Herbert, Mr. Lowden, Mr. Trimble.

PAVING RACE STREET ROAD

(21) A recommendation of the Supervising Architect that the University do not make a contribution to help defray the cost of paving the Race Street road (see page 493).

No action was taken in this matter.

FEES IN THE MUSIC SCHOOL

(22) The Director of the Music School, the Registrar, and the Comptroller unite in recommending the following revised schedule of special music fees. (Annual Register, pages 105-106).

In addition to the above general fees students registering in courses in applied music (voice, piano, violin, violoncello, organ, or band instruments) pay special music fees as follows:

For one lesson a week, \$3.00; for two lessons a week, \$5.00.

Piano for practise one hour a day each semester, \$3.00; additional hours at the same rate.

Organ for practise one hour a day for one semester, \$20.00; for one-half semester, \$10.00.

The name of the School of Music will need to be included in the list of colleges and schools under the heading of General Fees at the top of page 105.

On motion of Mr. Abbott, this recommendation was approved.

LOAN FUND FOR OVERSEAS SOLDIERS

(23) A recommendation that the Loan Fund for Overseas Soldiers (page 273) be administered by the Council of Administration committee on Loan Funds.

On motion of Mrs. Evans, this recommendation was adopted.

BOND FOR ARTILLERY EQUIPMENT

(24) A request from the Comptroller that he be authorized to file a bond for artillery equipment.

On motion of Mr. Hoit the following resolution was adopted:

Resolved: That Lloyd Morey, Comptroller of the University of Illinois, be authorized to file a bond with the Board of Trustees of the University of Illinois as principal, in favor of the United States of America, in the sum of Two hundred Twenty-Thousand Dollars (\$220,000) to cover the return of equipment issued for the Field Artillery Unit at the University of Illinois.

DEPARTMENT OF HYGIENE AND PUBLIC HEALTH

(25) A recommendation that the health service be designated as the Department of Hygiene and Public Health, and that it be classified as a general department of the University.

This recommendation was approved.

**PUBLICATION OF HISTORY OF THE UNIVERSITY
FOR THE PAST FOURTEEN YEARS, BY
PRESIDENT E. J. JAMES**

(2) A statement that there was in the budget of last year an appropriation of \$3,000 for a statistical history of the University. As I had no information about this at the time the budget was made up for the present year, the item was omitted from the current budget. I have since learned that this item was intended to print a statistical study by the President. The manuscript is now ready, and I recommend that the sum of \$3,000 or so much thereof as may be necessary, be appropriated for this history.

On motion of Mr. Abbott, this appropriation was made.

INTERCHANGE OF COUNTIES FOR CERAMICS SCHOLARSHIPS

(3) A recommendation for the establishment of a regulation concerning Ceramic scholarships similar to that governing those of the *Agricultural* and *Home Economics* scholarships, namely that—"In case there should be additional acceptable candidates for such scholarships recommended after the first for any county, such additional candidates, not exceeding five from any one county, may be assigned to other counties from which there are no acceptable candidates."

This regulation was adopted.

OVERSEAS STUDENT SCHOLARSHIP FUND

(4) A report that Dean Clark has received from Mr. F. B. Stitt, El Paso, Illinois, a check for \$1,000 from the anonymous donor of the previous \$1,000 given us to establish an Over Seas Student Scholarship Fund; with the recommendation that this sum be accepted and added to the previous gift and handled according to the rules already approved by the Board.

*Included heretofore in Liberal Arts and Sciences.

This gift was accepted with thanks and the money was ordered applied to the purpose indicated.

<i>Total</i>	<u>\$19.00</u>

The action of President Carr in authorizing these fees was approved and the report was received for record.

LEASE OF FIRST FLOOR Y.M.C.A. BUILDING TO ILLINOIS UNION

(6) The following letter from the Comptroller:

October 2, 1919

President David Kinley, University of Illinois

MY DEAR PRESIDENT KINLEY:

In the matter of a lease with the Illinois Union for the first floor of the YMCA Building, Professor White and Dean Clark have recommended that a lease be made for twelve months from July 1, 1919, for the first floor with the exception of the southwest corner room and the room and private bath immediately northwest of the office, at a rental of \$1800, for the year, payable in ten installments, beginning September 1.

On this basis the University will assume the responsibility for the janitor service and will furnish heat, light, and water.

The Union will agree to pay the sum of \$25 per month toward the salary of the clerk in charge of the office and the dormitory.

The Union will also agree not to sublet any of the premises except with the approval of the University.

These terms will be acceptable to the Illinois Union, and I would recommend that the legal counsel of the University be instructed to draw up a lease in proper

form embodying these terms, and that when such a lease is prepared, I be authorized to execute it for the Board of Trustees.

Cordially yours,
LLOYD MOREY

I recommend the approval of these proposals.

This recommendation was adopted.

REPORT OF COMPTROLLER ON FINANCIAL SETTLEMENT OF THE CONTRACTS FOR MILITARY UNIFORMS—1918

(7) The report of the Comptroller on financial settlement of contracts for military uniforms, 1918, completing the report of March 15, 1919 (p. 275).

May 26, 1919

Dr. David Kinley, Vice-President, University of Illinois

MY DEAR DR. KINLEY:

I am pleased to advise you that the matter of military uniforms for students in the R. O. T. C. for the year 1918-19, which has been so long in abeyance, has finally been concluded, all money due from the United States Government as well as from students on this account, having been paid in full.

I give below a summary of all transactions relating thereto:

Disbursements

To Jacob Reed's Sons	\$31,440.00	
To J. M. Kaufman and Company	11,903.49	\$43,343.49

Receipts

From U. S. Government	\$30,324.00	
From individual students	5,412.00	35,736.00

Balance paid for unclaimed commutations for 1917-1918		\$7,607.49

Cordially yours,
LLOYD MOREY

This report was received for record.

BIDS FOR McKINLEY HOSPITAL

(8) A letter from the supervising architect and an estimate of the total cost of the McKinley Hospital at present rates and prices.

October 3, 1919

Acting President David Kinley, 335 Administration Building

DEAR SIR:

I enclose a schedule of the bids and estimates for the cost of the McKinley Hospital which is \$175,400.

I believe we ought either to go ahead with the building as we have it, or re-draw the plans for a smaller building.

We could reduce the cost fifteen to twenty thousand dollars by leaving off the sun porches, omitting the temperature regulation, substituting cement for tile wainscot, etc., but I do not favor this plan. I would rather have a smaller unit and have it the way we want it.

We could award contracts within the appropriation of \$120,000.00 and then award the contracts necessary for the completion of the building. In that way the University, and not the contractors, would be taking the chances on rise or fall in cost of material and labor. I should be perfectly willing to proceed on this basis.

Yours truly,
JAMES M. WHITE,
Supervising Architect

Cost of McKinley Hospital Based on Bids Received

General Work (English Bros.)	\$113,000
Cement (Est.)	3,600
Arch. Exp. and Superintendences	3,750
Grounds and walks	900
Outside light, power and water connections	1,800
Heating (Dailey & O'Brien)	13,000
Wiring, lighting & Signal Systems (Ideal Electric Co.)	5,718
Plumbing (Dailey & O'Brien)	16,000
Elevator	7,000
Hardware	1,200
Extras—3% of contract	4,500
Incidentals	1,032
Painting by owner	3,000
Linotile floors—1200 at .75 by owner	900
Total	\$175,400

This matter was referred back to the Supervising Architect for further consideration.

REFUND OF FEES ON ACCOUNT OF MILITARY SCHOLARSHIPS

(9) A statement that on account of the difficulty of verifying service and other papers presented by claimants for military scholarships under the act of the last General Assembly during the pressure of registration, the Registrar directed all applicants to pay their fees and informed them that these fees would be refunded as soon as their cases were reached and verified.

The Comptroller now requests that he be authorized to refund to students, found to be entitled to military scholarships, the amount due them on certificates from the Registrar's office, such refunds to be paid out of the fees collected for the first semester, 1919-1920.

I recommend approval of this request.

This request was approved.

LEAVE OF ABSENCE FOR PROFESSOR DECKER

(10) A recommendation that the request of Professor E. H. Decker of the College of Law, that his resignation be accepted to take effect September 1, 1920, and that he be given leave of absence without pay in the interim, be granted.

This recommendation was approved.

**APPOINTMENT OF MR. J. F. WRIGHT AS PRIVATE
SECRETARY TO THE PRESIDENT**

(11) A request for approval of the appointment of Mr. Josef F. Wright as private secretary to the Acting President for one year beginning October 1, 1919, at a salary of \$1,800 a year.

This appointment was approved.

SALARY OF PROFESSOR ROGER ADAMS

(12) A recommendation that the salary of Professor Roger Adams of the department of Chemistry be increased to \$4,500 from September 1, 1919.

This recommendation was approved.

SALARY AND RANK OF MR. C. E. BRADBURY

(13) A report that Mr. C. E. Bradbury, appointed Associate in Art and Design at a salary of \$1,900, has been promoted to be Assistant Professor of Art and Design at a salary of \$2,500 a year.

This action was approved.

SALARY OF DIRECTOR P. L. WINDSOR

(14) A recommendation that the salary of Director P. L. Windsor be raised to \$4,500 a year and that the change be made effective as of September 1, 1919.

This recommendation was approved.

REPORT ON CASES OF DR. BOUGHTON AND MR. WOOLBERT

(15) A report that, acting on the authority given by the Board at its last meeting (page 512), the Acting President had directed the Comptroller to pay Dr. Boughton one-half his salary from May 10 to August 31, inclusive, being the sum of \$244.50; and to pay Professor Woolbert the sum of \$325.00 as a proper proportion of his salary for the summer months.

This report was received for record.

**APPOINTMENT OF MISS MARIAN DYNIEWICZ AND
MISS MARGARET BARTO**

(16) A report that, owing to the difficulty of getting sufficient number of teachers, the Acting President had authorized the employment of Miss Dyniewicz in the School of Pharmacy altho she has a sister already on the faculty; and a similar report in the case of Miss Margaret Barto, in the department of Physical Education for women, whose father is a member of the faculty.

These appointments were confirmed.

**DR. A. H. DANIELS MADE ACTING DEAN OF THE
GRADUATE SCHOOL**

(17) A recommendation that Professor A. H. Daniels, now under appointment as Assistant Dean of the Graduate School until November 1, be appointed Acting Dean of the Graduate School until September 1, 1920, at the present additional compensation at the rate of \$500 for twelve months.

This appointment was made.

REPORT ON PUBLICITY

(18) A report on the means and agencies of publicity now employed by the University (see page 503).

The means and agencies of publicity now utilized by the University, are as follows:

Securing publicity is a more difficult thing than at first thought appears. Our desire to give out information is not the only factor. The people to whom we want to give it, must desire it and be ready to receive it. It is easy to say: "Write stories about the University," but it is more difficult to get daily and weekly journals and monthly periodicals to accept them. It is in this kind of publicity that the University has been weakest in the past. I believe that the right kind of a publicity man can find a great many stories—to use the newspaper phrase—in our ordinary University life, which, if well written up, would find ready acceptance by the journals.

In appointing a young man to take the place formerly occupied by Dr. Filbey as private secretary, I have selected one with some newspaper experience in order to have him try to get up stories of the kind I have in mind and get them not only into the weeklies, but into the newspapers of the state.

It seems to me important to make up our minds concerning the aim of our publicity. It is to make the name of the University known to the largest possible number of people in the state, or is it to furnish the largest possible number of people in the state with information about the University, which will lead them to appreciate its needs and will therefore lay a foundation for our legislative program? In my opinion the latter is the purpose we should have in mind, and the advertising we do should be of a character to accomplish that purpose. I mean that this is our greatest need in the way of advertising just now. The two kinds of information about the University are not mutually exclusive, to be sure, but I feel very sure that we cannot win much in the way of support for securing necessary additional appropriations at the next legislature if we confine our advertising efforts to pleasant information or views of student life and activities. It is for that reason that I want to make an effort to inform the people of the state about our work, its results and advantages, our expenditures, our income, our financial condition, our difficulties, our need for more money. I believe that topics of that character can be made acceptable for some news article, and that we should send out the largest mailing list we can make, leaflets giving information that the newspapers and journals will not take.

There is a place for moving pictures in a complete scheme of advertising the University. The possibilities of this kind of advertising have been well and fully

set forth in the report of your committee on the subject, brought in at the last meeting of your Board. If we can find money to go into this work this year, I think that pictures should be made showing not only the everyday life of the student here, but University activities in various important departments. The great difficulty will be to get film-maker to make pictures of which the University would not be ashamed. The pictures they will want will be in the main sensational. The information which such pictures will give those who see them, will be simply the name and some unimportant activity of the University. The character of our real University work, of contributions to the life of our people, our financial and other difficulties, will not be presented in this way. Nevertheless, as I have remarked, I believe there is a field for this work. If some film-making firm is willing to take up the matter and make a reel or two at its own expense, under our supervision, a beginning might be made.

Another cause of difficulty in disseminating information about the University has been the choice of representatives by the associated and united press and other news agencies.

In this connection I believe that it would be a good thing to interest commercial and other organizations throughout the state with a view to securing an inspection of the University, and a report of its needs, similar in a general way to that made by the Chicago Association of Commerce several years ago. It is my intention to undertake this unless, in the opinion of the Board, there is objection to it.

I have also suggested to several members of the legislature that it would be desirable if a number of them could come over here for a few days this winter or next spring, and examine carefully into the condition of the University and its needs. I believe that this also can be accomplished, and it might be a good thing to unite the two groups.

These things cannot be done without money. It will take several thousand dollars to carry out a proper campaign of publicity.

It has been my intention to have a conference of all members of the faculty interested in publicity, but the time between the opening of the University and this meeting of the Board has been too short for the purpose.

The plan submitted by the committee of the Board is, in my judgment, an excellent one. Parts of it I myself have been urging for several years, particularly the employment of a skilled and able man who would devote all his time to University publicity. One man could do much, but the plan of the committee would require a staff. It is impossible for members of the faculty to give many lectures to clubs or other organizations during the year. Their time is filled with teaching duties. Even if they could spare the time and strength, there is no way to take care of their classes in their absence, and the classes cannot be neglected. These are the reasons why we need a separate staff. Such a staff is ordinarily called a University extension staff. The results in Wisconsin make it doubtful whether such work necessarily makes friends for the University who are able to make its path easier.

To carry out the plan of your committee we would need one first class newspaper and literary man who would command a salary of approximately \$5,000. He should have, to begin with, at least two assistants who could travel about the state, going to press meetings which he himself did not attend, visiting newspaper offices, and making addresses whenever possible. If each of these men received \$3,000, we would need \$6,000 for them.

I think that there is more done in getting information about the University through the high schools and the county teachers institutes than your committee appears to think, yet there is room for improvement. It is my hope and expectation that the College of Education, when more completely organized, will care for much of this work. Probably no additional man would be needed here at present.

For the moving picture part of the proposed program, we should have at least one man who would be in touch with makers of reels and exhibitors of moving pictures. We could not get the proper kind of a man for less than \$4,000, and probably not for that.

If, in addition to salaries, adequate provision is made for expenses, we should set aside a minimum of \$5,000 per year. Here we have a total of \$20,000.

Undoubtedly a great deal can be done for less, and it is my hope that we shall be able to do something more this year.

I think it would be well to follow out the recommendation of your committee to establish a permanent publicity committee to consist of the President of the Board and two other members to be appointed by him, with power to organize and get into action the bureau of publicity recommended in the report.

If the Board does not see its way clear to adopt the whole program, it would be feasible perhaps to set aside \$6,000 or \$7,000 to employ a publicity man and try out some of these schemes for the present academic year. Personally I think it would be a mistake to try to drum up more students just now. We simply cannot take care of them. We should direct our publicity, or part of it, towards securing the co-operation of powerful organizations and individuals in the state for an immediate increase in the University's resources.

On motion of Mr. Abbott, this report was approved, and the sum of \$5,000 was appropriated to be used in the work of publicity under the direction of Acting President Kinley.

President Carr appointed the following standing committee on publicity: Mr. C. A. Trimble, Mr. W. L. Abbott, Mr. R. F. Carr.

VETERINARY COMMISSION

(19) A recommendation from President Carr that the following Commission on Plans for a College of Veterinary Science (see page 508) be appointed:

Mr. L. A. Merillat, of Chicago
Mr. John Imboden, President of the Illinois Live Stock Association, Decatur
Professor H. W. Mumford, Urbana
Senator S. E. Lantz, Congerville
Acting President Kinley, Urbana
Dean Eugene Davenport, Urbana
Mr. F. Edson White, Vice-President, Armour & Co., Chicago
President Robert F. Carr, Chicago

On motion of Mr. Abbott, this Commission was appointed to consider this matter and to report its recommendations to the Board of Trustees.

REIMBURSEMENT OF DR. D. A. K. STEELE

(20) A statement that in connection with the transfer of the stock of the College of Physicians and Surgeons to the University, a suit was instituted against Dr. D. A. K. Steele, who was active in collecting this stock as a gift to the University, for the recovery of the value of some stock which had been donated, the donor afterwards changing her mind. Dr. Steele asks that he be reimbursed for this expenditure which amounts in all, according to the bill submitted, to \$1,790.13.

Action on this matter was deferred.

ADVERTISEMENTS IN FINE ARTS JOURNAL

(21) A request from Secretary W. H. Browne of the College of Medicine for authority to insert an advertisement of the Chicago colleges in the "Fine Arts Journal".

No action was taken in this matter.

BRONZE TABLETS FOR CERTAIN BUILDINGS

(22) Letters from the Supervising Architect concerning bronze tablets for the Education Building, Music Building, and Woman's Residence Hall.

October 1, 1919

Acting President David Kinley, 355 Administration Building

DEAR SIR:

We have not as yet ordered the usual bronze tablets for the Residence Hall, the Education Building, and the Music School. The former two buildings were nominally under the supervision of James B. Dibelka, state architect, though he had nothing to do with the design of either one of them. I feel that we can ignore him in deciding upon the lettering for the tablets.

I should like, however, to give credit on these tablets to others who rendered real service in the design of the buildings, and therefore propose that my name appear as architect in all three cases, inasmuch as the plans were all prepared in my office and under my direct supervision; that in the case of the Women's Residence Hall Mr. C. L. Gustafson's name appear as associate architect; on the Education building, that the names of Holabird and Roche appear as associated architects; and that on the Music School, the name of George E. Wright appear as associate architect.

Mr. A. W. Stoolman's name would appear on the tablet for the Residence Hall, and that of English Bros. on the Education Building, but on the Music School I would leave off all contractors' names because no one contractor has had a contract covering as much as half of the work on the building.

Yours truly,

JAMES M. WHITE
Supervising Architect

October 1, 1919

Acting President David Kinley, 355 Administration Building

DEAR SIR:

The erection of the Music School has been continued under the direction of successive Boards of Trustees so that it is hardly feasible to put on the tablet in that building the name of any one Board of Trustees. I, therefore, suggest that the names of the trustees on that tablet appear as follows:

BOARD OF TRUSTEES

(Term 1913-1919)

John R. Trevett
Ellen M. Henrotin
Florence Eleanor Watson

(Term 1915-1921)

Robert F. Carr
Laura B. Evans
Robert R. Ward

(Term 1917-1923)

Williams L. Abbott
Mary E. Busey
Otis W. Hoit

(Term 1919-1925)

John M. Herbert
Cairo A. Trimble
Margaret Day Blake

Ex-Officio Members

Governor Edward F. Dunne
Governor Frank O. Lowden
Superintendent Francis G. Blair
James E. Taggart
Len Small

The names of the President of the University and of the architect will probably appear as usual.

Yours truly,
JAMES M. WHITE
Supervising Architect

The Supervising Architect was authorized to proceed with the design and installation of the tablets according to his plans.

PROPOSED AGREEMENT WITH THE NATIONAL RESEARCH COUNCIL AND THE ENGINEERING FOUNDATION FOR AN INVESTIGATION ON THE FATIGUE PHENOMENA OF METALS

(23) Letters from the Director of the Engineering Experiment Station:

October 2, 1919

President David Kinley, University of Illinois

MY DEAR PRESIDENT KINLEY:

I am transmitting herewith three copies of the proposed contract between the National Research Council, the Engineering Foundation, and the University of Illinois for an investigation on the fatigue phenomena of metals, which has been amended to meet your suggestions and criticisms.

Since your suggestions deal chiefly in slight changes in phraseology, which do not change the meaning of the proposed contract, I assume that the other interested parties will find no objections to the changes, unless perhaps to the elimination of the clause in Article 5 (a) providing that "a contributor of funds, materials, or equipment for the experimental work shall, upon his written request, approved by the Advisory Committee, be given, for his own use but not for publication, information developed in the progress of the investigation." This clause was inserted by the officers of the Engineering Foundation and the National Research Council, and they may be reluctant to agree to its elimination. From my point of view, the matter is of rather trivial importance, since I can not anticipate that the University and the Station would be embarrassed by this provision.

In your presentation of this matter to the Board of Trustees, I feel that it is important that the Board be advised of the fact that this investigation is one of first importance in the field of engineering science, and that its successful completion will reflect great credit upon the Engineering Experiment Station. On the other hand, if the University enters into this contract and fails to carry it through in an acceptable manner, it might easily reflect great discredit upon the institution.

If we find it possible to secure the services of a sufficient number of competent special investigators to work on this investigation under our general direction, I have no fear that there will be any difficulty in carrying the work through to a successful

conclusion. However, we shall doubtless have difficulty in finding competent men to perform the experiments and to assist us in the interpretation of the results. I do not anticipate that we can find such men who will be willing to come into the organization under this temporary arrangement at salaries which will be comparable with those paid to the members of our teaching and scientific staffs, who have had about the same period of experience since graduation. If we enter into this contract, it should be with the understanding that we must make it a success, even though we may need to deviate somewhat from academic conditions and traditions.

I have investigated your suggestion for the use of the space on the second floor of the old Boiler House for this investigation. I find that this space possesses some advantages and a number of disadvantages over the space in the Engine Annex, to the Old Armory, which was tentatively allotted by the Board of Trustees for this work. I have asked Professor Moore to prepare a report for Professor White, indicating the changes in the old Boiler House, which will be necessary to render this location habitable and desirable. Among the chief conditions to be considered, I may mention those of convenience and comfort for the research staff and the general appearance of the laboratory, which should be such as to impress favorable the large number of visitors who will probably come to the University to watch the progress of the investigation. Since the funds to be provided are so generous, I should dislike to have the other parties to the contract feel we have considered the investigation of too little consequence to justify the assignment of decent quarters for the work. I think, however, that the space over the old Boiler House may be made very satisfactory, provided that it is reconstructed to meet our requirements.

Very cordially yours,
C. R. RICHARDS

October 2, 1919

President David Kinley, University of Illinois

MY DEAR PRESIDENT KINLEY:

In response to your suggestion concerning the possible use of the space above the old Boiler House as laboratory for the Investigation of the Fatigue Phenomena of Metals, I beg to say that I have inspected this space with Professor J. M. White and Professor H. F. Moore, and, as I have indicated in another letter to you, I find that the space has possibilities, provided that it can be put in a satisfactory condition. At my request Professor Moore has prepared a report outlining the changes which would need to be made to make this space habitable. I am enclosing a copy of this report for your information, and I am also sending a copy to Professor White.

I wish to emphasize the fact that this investigation will doubtless attract a large number of visitors, and consequently we should make every effort to make attractive whatever laboratory space is assigned for the work. I think that it will be distinctly unfortunate if the University fails to provide suitable accommodations for this investigation. The chief objection to the old Boiler House is in the fact that the steam header which runs through the room is likely to make it intolerably hot during a portion of the year. Perhaps the cutting of more windows and, if necessary, the installation of a ventilating fan, as suggested by Professor White, will remedy this condition sufficiently to make the room habitable.

Very cordially yours,
C. R. RICHARDS

*SUGGESTED ALTERATIONS IN THE UPPER ROOM OF THE NORTH
PART OF THE OLD BOILER HOUSE TO MAKE IT SUITABLE FOR
A LABORATORY FOR FATIGUE TESTS OF METALS*

1. *General Appearance.* As the proposed investigation of the fatigue resistance of metals may be expected to attract visitors to the laboratory the general appearance, both of the room used, and of the approach to the building is of some moment, the outside door and the walls of the stairway leading up to the room

should be painted and the grounds in the vicinity of the entrance tidied up as thoroughly as is feasible.

The low partition which now divides the room from the south part of the boiler house should be extended up to the roof trusses, and made dust proof. The walls of the room should be painted, preferably with a gray color, like the walls of the Steam laboratory. It would be desirable, though not absolutely necessary, to have the soft wood floor painted.

2. *Heating and Ventilation.* The large steam header which extends north and south through the room makes the room very hot in all but the coldest weather.

Some ventilation can be secured by the use of the windows in the monitor. Windows should be cut in the walls to help in ventilating the room. A window in the west side of the room, two or three in the north side, and one in the east side would probably give satisfactory ventilation, in connection with the windows in the monitor. If, in very hot weather, the ventilation should then prove inadequate a ventilating fan might be necessary.

Probably the steam header will furnish heat enough even in the coldest weather. There is a bare possibility that if an office were partitioned off in one corner there might be necessary a radiator for heating it in the very coldest weather.

Lighting. The natural lighting is satisfactory, and will be even better with the proposed windows. For artificial lighting there should be six large overhead lights (similar to the lights in the Laboratory of Applied Mechanics), there should be one overhead light in the office (see paragraph to follow on "Office"), and eight plugs for portable lights distributed around the walls, including one in the office.

Power Circuit. There should be a 110-volt a. c. circuit for small motors. This circuit should have a capacity of 25 amperes. There should be a 440-volt, two-phase circuit with a capacity of 25 kilowatts, this is for larger motors, and for an electric heat-treating furnace. Most of the power will be required for the heat-treating furnace, and this power will be required intermittently for periods of a few hours at a time.

Water. Water connection should be provided. A small sink and a wash basin will be needed. A toilet would be a great convenience, but not an absolute necessity.

Office. There should be partitioned off a space about 15 feet by 25 feet for an office. This would be most convenient if placed in the Northwestern corner of the room. Two windows in this office would be desirable, though one would serve (these windows would not be in addition to the windows mentioned under "Heating and Ventilation").

Respectively submitted,

H. F. MOORE

ARTICLES OF AGREEMENT between the Engineering Foundation and the National Research Council and the Board of Trustees of the University of Illinois for a co-operative investigation of the Fatigue Phenomena of Metals by the University through its Engineering Experiment Station, a division of said University, under the following terms and conditions:

1. This agreement is executed for a period of two years beginning November 1, 1919, with the understanding that it may be extended for additional periods under the same terms of such other terms as may be mutually agreed upon.

2. The University of Illinois will delegate Professor H. F. Moore (or some other competent person should his connection with the University cease) to supervise and direct all experimental work and the computation and reduction of all results obtained, together with the placing of these data into form for presentation; an he will be authorized to give such portion of his time to this investigation as may be necessary for the effective promotion of the work. (See also paragraph 4.)

3. The University will furnish the necessary room for this investigation, together with heat, light, power, and water. In addition, it will permit the use of such labora-

tory apparatus as it may possess, which is not in use for other purposes. It is agreed, however, that all special apparatus necessary for this investigation and not available in the laboratories of the Engineering Experiment Station of the University shall be purchased from, and charged against, the funds provided by the Engineering Foundation for this purpose. Equipment purchased with funds provided by the Engineering Foundation shall remain its property until disposed of by its direction.

4. The Committee on the Fatigue Phenomena of Metals of the National Research Council shall constitute an Advisory Committee to advise with the officers of the Engineering Experiment Station of the University, concerning the test program and the conduct of the investigation, and to co-operate in the preparation of the summaries and reports. The conduct of the tests shall be under the control of the University through the Engineering Experiment Station, which is necessarily responsible for the results secured. (See also paragraph 2.)

5. (a) The records of the investigation are to be kept on file by the Engineering Experiment Station of the University of Illinois.

(b) The University, through the Engineering Experiment Station, shall have the right to publish the results of the investigation as a bulletin of the Station. The bulletin shall contain a detailed description of the investigation and a full report of the results and conclusions. In addition, the University agrees that the Engineering Experiment Station shall prepare a brief, comprehensive statement regarding the investigation, suitable for publication in the journals of the Engineering Societies. No publicity shall be given to any of the results of the investigation prior to the publication of these results by the Engineering Experiment Station, except upon the recommendation of the Advisory Committee and by agreement with the Executive Staff of the Station. In every publication, proper credit shall be given the Advisory Committee and to every one who has made a significant contribution to the results obtained.

(c) If, for any reason, the University is unable or unwilling to proceed with the publication of the results of this investigation within a reasonable time after the approval of the manuscript, as herein provided, the Engineering Foundation and the National Research Council shall have the right to direct that the results of the investigation be published elsewhere with only such mention of the University as it shall consent to.

(d) The manuscript prepared for publication by the Engineering Experiment Station shall be approved by the Advisory Committee, the Engineering Foundation, and the National Research Council before publication; provided, however, that if, for any reason these bodies fail to take action within a reasonable time, regarding the approval of the manuscript submitted to them the University shall have the right to proceed with the publication of the manuscript without their approval.

6. The Advisory Committee and authorized representatives of the Engineering Foundation and the National Research Council shall at all times have access to the data secured and the computed results of the tests, subject, however, to the restrictions named in Article 5. The Engineering Experiment Station will submit such reports of progress to the officers of the Engineering Foundation and the National Research Council as may seem desirable to the Advisory Committee.

7. All research assistants, mechanics, clerks, and other help necessary for the effective prosecution of this investigation will be employed by the University through the Engineering Experiment Station and paid from the fund provided by the Engineering Foundation and the National Research Council. No person shall be permanently employed for this investigation, who is not acceptable to a majority of the members of the Advisory Committee. The members of the special staff for this investigation are to be regarded as members of the Research Corps of the Engineering Experiment Station of the University during their connection therewith.

8. On or before November 15, 1919, the Engineering Foundation shall pay to the Board of Trustees of the University of Illinois the sum of \$9,000 and thereafter the sum of \$3,000 on or about each of the following dates:

February 15, 1920	February 15, 1921
May 15, 1920	May 15, 1921
August 15, 1920	August 15, 1921
November 15, 1920	

It is understood and agreed that the payment of the above sums, at the dates stipulated, is conditioned upon the conduct of the investigation by the University of Illinois with due diligence so as to secure the greatest practicable progress consistent with the nature of the work. If it should appear that, because the rate of expenditure is not so rapid as the rate of payment scheduled above, funds are unduly accumulating in the hands of the University of Illinois, payments may be correspondingly deferred.

The money contributed for this investigation shall be held as a special fund and shall be so carried on the books of the Comptroller of the University. Payments from this fund shall be made only on vouchers approved by the Director of the Engineering Experiment Station for this work. At the close of each year covered by this agreement, the Comptroller will render an accounting to the Engineering Foundation and the National Research Council.

The contract was approved as submitted, subject to approval as to form by the Legal Counsel of the University, the contract to be signed and put into effect when such approval has been obtained by the Acting President.

SWITCH TRACK EAST OF AGRICULTURE BUILDING

(24) A request of the Illinois Traction Company for a switch track on University property along Mathews Avenue; between California and Oregon Streets.

September 30, 1919

Dr. David Kinley, Vice President, University of Illinois

DEAR DR. KINLEY:

In prior years we have operated the so-called Oregon Street line between the business part of Champaign and the Court House in Urbana with three cars, giving fifteen minute service. Owing to the large increase in attendance at the University it is necessary, in order to give reasonable service and to prevent over-crowding of the street cars, to put another car on this line and give ten minutes service. We have been trying to do this for the past two or three weeks but have not been able to keep the cars on time because of the lack of a proper passing track.

We have gone into the matter very carefully and it seems that if we could have a passing track on Mathews Avenue between California and Oregon Streets that cars could be kept on time and the service probably would be satisfactory to the University people and other patrons who ride this line of street cars.

During the last week some of the cars have lost as much as an hour and a half from the time they left the barn in the morning until they went back at night. We, of

course, realize that if the service is to be satisfactory the cars must be kept on time so that the people may know at what time to expect a car at a certain point along the line.

I talked with Professor White about this matter and he suggested that I have a drawing made and write a letter to you so you could act on the matter or refer it to the Board of Trustees who, I understand, have a meeting next Saturday.

If you are agreeable to our putting in this track we should like to have permission just as soon as possible as we have the material on hand and if we can get the track in at once we think we can make the service satisfactory.

I am enclosing you a blue print. In addition to being used as a passing track could be used to store three of four extra cars when entertainments are being given in the evening at the Auditorium.

Very truly yours,

GEO. M. MATTIS
Vice President

October 1, 1919

Acting President David Kinley, 355 Administration Building

DEAR SIR:

I have examined the plan submitted by the Illinois Traction System for a switch track on the University property along Mathews Avenue between California and Oregon streets, and approve granting them the right to construct this switch under the same provisions that they were granted the original right of way, which this switch will parallel.

Yours truly,

JAMES M. WHITE
Supervising Architect

This matter was referred to the Committee on Buildings and Grounds with power to act.

**REIMBURSEMENT TO PROFESSOR WHITE FOR
AUTOMOBILE DESTROYED IN OLD
BOILER HOUSE FIRE**

(27) The following letter from Professor White.

October 1, 1919

Acting President David Kinley, 355 Administration Building

DEAR SIR:

There is one phrase of the automobile situation which you can settle now as you see fit.

I sold the wreck of my Stoddard-Dayton for \$50.00. I had offered the machine for sale before it was damaged, for \$200.00. I therefore consider my loss on account of the fire in the old Boiler House to be \$150.00.

Yours truly,
JAMES M. WHITE,
Supervising Architect

The Comptroller has been instructed to issue a check to Professor White for \$150.00 in settlement of the full loss.

This report was received for record.

REPORT OF PROFESSOR JOEL STEBBINS

(28) A report from Professor Stebbins concerning his trip as delegate to the conference of the International Research Council and International Astronomical Union.

The report of Professor Stebbins is too long to print here. It covers the subjects of

1. Opportunities for American Students in English Universities.
2. The exchange of professors.
3. Report to the Library on purchases which Dr. Stebbins was authorized to make, and
4. A report on arrangements for exchange of publications with societies in England and Belgium.

The report seems to justify the wisdom of sending Professor Stebbins to these meetings. His expenses were within the appropriation made.

This report was received for record.

REMISSION OF INCIDENTAL FEES TO MR. JEAN LEGALL

(29) A recommendation that fees in the case of Mr. Jean LeGall be remitted, as requested by Professor McKenzie in the following letter, which is approved by Dean Daniels.

September 29, 1919

Acting President Kinley

MY DEAR DEAN KINLEY:

I spoke to you a few days ago about the possibility of remitting the incidental fees of Jean LeGall, a graduate student in chemistry, sent to this University on one of the fellowships raised by the American Army students in France in gratitude to the French government for having opened the French Universities to our men. Owing to the present rate of exchange, the actual amount received by Mr. LeGall is much less than was anticipated when the money was raised; and for this reason, as well as for the purpose of showing our appreciation of the act of international courtesy performed by the American Army students, I very much hope that this fee may be remitted. Professor Noyes, for the Chemistry Department, joins me in suggesting this, and in asking that the matter be taken up with Mr. McConnell in order that Mr. LeGall's position may be defined. I understood you to say that this would be possible, and I send this memorandum to recall the circumstances to your mind.

Very truly yours,
KENNETH MCKENZIE

This recommendation was approved.

LOAN OF PICTURE BY FRED C. LANDEFELD

(30) A statement that Mr. Fred C. Landefeld of Erie, Pennsylvania, had on exhibit in the Albright Gallery in Buffalo last summer, a picture representing the graves of American soldiers in France. This picture was painted on the inspiration of a poem written by Ray Gauger, a student of this University. Mr. Landefeld offered the loan of the picture here, and his offer was accepted.

The Secretary was instructed to express the thanks of the Board to Mr. Landefeld.

REPORT ON FIELD ARTILLEY STABLE

(31) A report from the Supervising Architect.

October 2, 1919

Acting President David Kinley, 355 Administration Bldg.

DEAR SIR:

We are progressing very well with our Field Artillery stable, and will be able to make it a habitable unit within the appropriation of \$25,000.00 including the large amount of grading involved.

The expense of grading, sewers, and water main extension is so heavy that we will not be able to finish the building as we would like to do at this time.

We shall omit the stucco on the walls, and omit the tile roof, using a composition roof over which the tile will be laid at some future date, and heavy paper on the walls over which the stuccoing will be done, as funds can be made available. This work should be done as soon as possible but can be deferred six years.

Very truly yours,
JAMES M. WHITE
Supervising Architect

HORTICULTURE BUILDING

(33) A letter from Dean Davenport:

October 2, 1919

Acting President David Kinley, University of Illinois

MY DEAR MR. PRESIDENT:

At the risk of seeming importunate, I am writing to express the earnest hope that nothing will prevent the beginning of the Horticultural building this fall. I understand that the funds are appropriated and the detailed plans are finished except for the heating plant, and I am wondering if the two contracts cannot be let separately so that the body of the building may be begun early and the foundation put in while the weather is good.

I know you will understand and appreciate my position in this matter. It is now about a dozen years since we began to transfer the Horticultural interests from their old campus location. We have even had funds for cold storage installation lying idle since 1910 because we were "on the move", and the result has been that our cold storage investigations have been suspended at the very time when most needed.

All this has been natural, but it is difficult to understand by those whose interest are most directly affected, and that is why I am especially anxious that no further delay may occur than is absolutely necessary.

Very truly yours,
EUGENE DAVENPORT

In view of the restudy of the campus plan, no action was taken.

SPECIAL SCHOLARSHIP IN PHARMACEUTICAL CHEMISTRY

(34) A letter from Professor G. D. Beal, offering a scholarship in Pharmaceutical Chemistry:

October 2, 1919

President David Kinley, University of Illinois

MY DEAR PRESIDENT KINLEY:

I have been granted a stipend of \$240.00 by the American Pharmaceutical Association for use in the promotion of pharmaceutical research. I believe that the best use which I can make of this grant is to donate it to the University of Illinois for use in the payment of a scholarship stipend to Mr. Vernon L. Harnack. Mr.

Harnack is engaged with me in the study of a problem of both pharmaceutical and chemical importance. Since the total amount available from the association research fund this year is only \$240, I shall be glad to add the amount equal to the stipend usually paid to University scholars. This offer is made with one provision, which has been set by the American Pharmaceutical Association, viz.—that the results of this investigation shall be published in the Journal of the American Pharmaceutical Association, and credit given to the Research Fund of the Association.

Trusting that you will see fit to recommend the acceptance of this donation by the Board of Trustees and that they will concur with you, I remain,

Very truly yours,

GEO. D. BEAL

Asst. Professor of Chemistry

Approved:

W. A. NOYES

The Acting President recommended the acceptance of this money for the purpose indicated and also that the appointee to this scholarship be given the privilege of holders of other scholarships in the matter of the remission of fees.

These recommendations were approved.

BUDGET STATEMENT

(35) A statement from the Comptroller.

October 2, 1919

President David Kinley, University of Illinois

MY DEAR PRESIDENT KINLEY:

I beg to enclose herewith summary statements of the University budget for 1919-20 as at September 30, 1919, as follows:

I. General Summary

From this summary it will appear that after all appropriation made to date are allowed for, and on the basis of the estimated total available funds for the year, there is at the present date a balance for reserve and contingencies amounting to \$131,587.93. This balance is subject to a charge of approximately \$16,570.00, representing the deficit on account of the S. A. T. C. as referred to in a separate communication.

II. Statement of Estimated Income for the Year 1919-20

Items under federal funds and state appropriations are definite actual sums which will be realized. Items under student fees and departmental sales are estimated. Items under departmental sales are believed to be accurate and any variation will not materially affect the total available revenue. Items under student fees are estimated in the most accurate manner possible, but are subject to a considerable variation on account of military and professional scholarships. At the present writing it appears that as a result of the large enrollment, the estimate here shown will be fully realized, even after allowing for such scholarships. However, it is impossible to say positively that this will be true.

III. Summary of Appropriations as made to the various colleges, schools and departments as at September 30, 1919.

The total amount of these appropriations is \$3,836,260.27. The total of the original requests of the various departments for appropriations was \$4,245,257.51.

Respectfully submitted,

LLOYD MOREY

Comptroller

SETTLEMENT FOR THE NAVAL UNIT OF THE S.A.T.C.

(36) The following letter from the Comptroller:

September 30, 1919

President David Kinley, 355 Administration Building

MY DEAR PRESIDENT KINLEY:

I have received from the Navy Department a check for \$28,838.14, sent in final settlement of the claim of the University on account of the Naval section of the S.A.T.C. The original amount of this claim was \$31,057.72, but the Navy Department has declined to make payments for amounts due on account of tuition and fees of naval students to the amount of \$2,219.58. The receipt of this remittance therefore concludes the amounts which the United States Government has accepted to pay on account of the S. A. T. C.

On May 16, 1919, page 331 of the Board Minutes, I report an estimated net deficit on account of the S. A. T. C. of \$11,987.83. This estimate included allowance for the sale of certain equipment which has not been sold but has been taken over by the Physical Plant or retained for general University uses, including Dodge automobile, truck, kitchen annex to the Armory and latrine building. The salvage estimates on these items were \$2,366.00, thus increasing the deficit to approximately \$14,350.00. To this must be added the amount deducted by the Navy Department in its settlement of \$2,219.58, making a total of approximately \$16,570.00 deficit at the present time.

The reduction in the settlement made by the Navy Department constitutes a charge against the free balance of income at June 30, 1919, inasmuch as the original full amount of this claim was set up as an asset on that date. The remaining amount of deficit in the S. A. T. C. was carried forward at June 30, 1919, without being charged against the free balance of income at the date against which it properly belongs. The total net present deficit of the S. A. T. C. therefore, approximately \$16,570.00, stands as a charge against the free balance of income as of June 30, 1919, and therefore against the Reserve and Contingent Fund for 1919-20.

In this connection, I call your attention to my statement on page 328 of the Board Minutes of May 16, 1919, in which it is shown that the increase in revenue from fees resulting from S. A. T. C. was \$23,472.00.

We have also retained for permanent University use certain items of equipment including 200 mattresses, 100 blankets and some articles of furniture. There is a small amount of equipment and supplies remaining to be disposed of, but the amount of realization on these items will not be large.

Cordially yours,
LLOYD MOREY

LAND BOUGHT BY CHAMPAIGN CHAMBER OF COMMERCE

(38) A letter from President J. M. White of the Champaign Chamber of Commerce.

October 4, 1919

Acting President David Kinley, 355 Administration Building

DEAR SIR:

The Champaign Chamber of Commerce has purchased lots 3, 4, 5 and 6, facing Armory Avenue just west of Fifth St., and lots 8, 9 and 10, facing Armory Avenue just east of Fifth St., believing that the University will some day want this property

One of the corner lots had been purchased with the view of putting a store upon it.

It will be impossible to handle the large crowds which will ultimately go to the Armory on the ordinary width streets, and provision should be made for a large open area at the south end of Fifth Street. The improving of this property would have postponed the possibility of this development, and the Chamber of Commerce has therefore taken the chance of buying it and will be glad to hold it until such time as the University can take title to it, but in the meantime would like to have sufficient returns to pay the carrying charges.

The total frontage is 402.85 feet, and the cost to the Chamber of Commerce has been \$18,539.16 which is \$46.00 a front foot. To hold this property without cost the Chamber of Commerce should receive 6% on the investment plus taxes.

The lots are available for tennis courts and it would be possible to put in eight courts as shown on the accompanying plan. To construct these and build suitable back stops will cost about \$1,500.00. If the Chamber of Commerce should do this their investment in the property would be practically \$20,000.00.

If we build these courts can we rent the property to you, for 6% on our investment plus the taxes?

If you desire the co-operation of the Chamber of Commerce in acquiring other property the University needs, we shall be very glad to discuss the matter with you.

Yours very truly,
JAMES M. WHITE
President

On motion of Mr. Abbott, this proposal was accepted with thanks, and the Comptroller was authorized to sign a long-term lease with privilege of purchase on the terms indicated.

PROPOSAL TO PURCHASE AND HOLD LAND

(39) A request from the Champaign Chamber of Commerce for a statement of the intention of the University concerning the purchase of certain land in Champaign, with an offer to purchase and to hold for the University such land as the Trustees should declare to be necessary to provide for the growth of the campus.

Action on this matter was deferred.

The Executive Committee adjourned.

URBANA, ILLINOIS, October 17, 1919

I certify that in the foregoing pages, numbered 559 to 594, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois, and of the Executive Committee, at the meetings held on September 9 and October 4, 1919, as approved and received for record by the Board on October 16, 1919.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

October 16, 1919

When the Board of Trustees of the University of Illinois met at the Blackstone Hotel, in Chicago, at 11 o'clock a. m. on Thursday, October 16, 1919, pursuant to the adjournment taken on October 4, 1919, the following members were present: President Carr, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mrs. Evans, Mr. Herbert, Mr. Trimble, Mr. Ward.

Acting President Kinley was present.

MINUTES APPROVED

The Secretary presented for approval the minutes of the meetings of August 15, September 9, and October 4, 1919; and for record the minutes of the meetings of the Executive Committee of August 15 and October 4, 1919.

On motion of Mr. Abbott, the minutes were approved and received for record as printed on pages 501 to 594 above.

MATTERS SUBMITTED BY PRESIDENT KINLEY

The Board considered the following matters submitted by Acting President Kinley.

ALUMNI RECORD FOR SCHOOLS IN CHICAGO

(1) A request for authority to compile and publish an Alumni Record of the colleges of Medicine and Dentistry and the School of Pharmacy.

On motion of Mr. Abbott, the Acting President was authorized to proceed with this publication and to submit an estimate of the expense at the next meeting of the Board.

GIFT FOR LOAN FUND FOR GIRLS

(2) A statement that Mrs. Dora E. Biddle, of Macon, Illinois, had given Liberty Bond No. 1,181,092, third series, due 1928, amount \$1,000, interest rate $4\frac{1}{2}\%$, coupons of September 15, 1919, and March 15, 1920, attached, as a donation to the University, principal and interest to be used to establish a loan fund for girls. The Acting President recommended that this gift be accepted, that the bond be sold and the proceeds be utilized for the purposes of the donor, that the administration of these loans be in the hands of the Council Committee on Student Loan Funds, and that the regulations be those now applied in the case of the Margarethe Lange James Loan Fund.

On motion of Mrs. Evans, these recommendations were approved and Acting President Kinley was requested to express to Mrs. Biddle the thanks of the University.

DEATH OF PROFESSOR CYRIL GEORGE HOPKINS

(3) An announcement of the death of Professor Cyril George Hopkins, head of the department of Agronomy, at Gibraltar, on October 6, 1919.

October 14, 1919

Acting President David Kinley, University of Illinois

MY DEAR PRESIDENT KINLEY:

As you know, our associate and friend, Dr. Hopkins, senior member of the Agricultural faculty, died in the British Medical Hospital at Gibraltar, on October 6, of malaria contracted while in the discharge of his work in Greece. The work was undertaken by Dr. Hopkins partly as an opportunity for rendering service to a war-stricken people, and partly to increase his knowledge of an experience with exhausted soils in order that he might the better advise the State of Illinois in the care of its lands.

Dr. Hopkins literally gave his life to his work. He has been cut off at the untimely age of fifty-three, in the period of his highest usefulness but not before he had fairly earned the title of the world's greatest authority on the problems of soil fertility as developed by the critical study of millions of acres of various soil types which, under his direction, were subjected to survey and exhaustive study both by field and laboratory methods.

He was the originator of the idea of feeding lands what they need in order to supply to the growing crops the limiting element of plant food as determined by actual chemical analysis, instead of applying fertilizers made by fixed formulae and containing, in the vast majority of cases, materials already plentiful or, as in the case of nitrogen, prohibitive in expense. His plan also opposed the extensive use of acidulated fertilizers, not only because of the doubling of weight and freight charges, but also because of the unsatisfied acid fatal to the bacteriological growth.

This plan for an agriculture that should be not only productive but also profitable and permanent was bitterly opposed by scientists of the old school and also by powerful interests having heavy investments in raw materials, particularly in sulphuric acid, but with no scientific basis for conducting sales according to the natural needs of land.

The soil survey conducted by Dr. Hopkins supplied the necessary basis for recommending effective soil treatment; and against all opposition, Dr. Hopkins gradually won his way and proved his system sound by the uniform results of many years' experiments carried out on more than forty fields located on the different types of Illinois soils. This plan for providing a permanent agriculture has been more widely and more quickly adopted by the farmers of Illinois, that has any new doctrine ever been put into practice in an equal length of time, and the results of his able and untiring labors are now assured to the State for which his first thought has always been.

Very truly yours,

E. DAVENPORT

On motion of Mr. Abbott, the following resolutions were adopted.

The Board of Trustees have heard with extreme sorrow of the sad death of Professor Cyril George Hopkins, a member of the faculty of the University in the College of Agriculture, at Gibraltar.

Words fail to express the sense of loss which all members of the University feel at Professor Hopkins's death. His death leaves a great gap not only in our University faculty, but in the community in the scientific world, and in education.

The Board of Trustees therefore desires to put on record its deep sympathy with Mrs. Hopkins in her great loss, and its appreciation of Professor Hopkins's greatness as a man, a teacher, and a scholar. We will have to search far before we find a successor who will fill so worthily the large place that he has occupied in our local, state, and national affairs.

**PROFESSOR HOPKINS HALF SALARY CONTINUED TO
MRS. HOPKINS**

On motion of Mrs. Busey, the Comptroller was instructed to pay to Mrs. Hopkins at the rate of one-half of Professor Hopkins's salary, or \$2,750, until September 1, 1920.

REPORT OF RECENT FIRE

(5) A letter from the Comptroller reporting that on Wednesday, October 1, at 1:45 p. m. a small fire occurred on the third floor of the flat building at 1756-58 West Polk Street, Chicago, now being used as a tenant property. The fire was confined to a closet and the damage estimated by our superintendent in Chicago is \$15.00. Settlement has been made on this basis by McKey and Poague for the insurance companies holding the policies on this building.

This report was received for record.

SUGGESTED NAMING OF WOMAN'S RESIDENCE HALL

MCKINLEY HOSPITAL

(6) A suggestion by the present occupants of the Woman's Residence Hall that the building be given a name.

No action was taken in this matter.

MCKINLEY HOSPITAL

(7) A report of progress on the plans for the McKinley Hospital.

On motion of Mr. Ward, a special committee, composed of Mr. Carr, Mr. Abbott, and Mrs. Blake, was appointed to consider this matter and to report at the next meeting of the Board.

At this point, at 1 p. m., a recess was taken, for luncheon.

AFTERNOON SESSION, OCTOBER 16, 1919

When the Board convened on the afternoon of October 16, 1919, after the recess, the same persons were present as at the morning session.

The Board continued its discussion of matters submitted by Acting President Kinley.

**AMERICAN COUNCIL OF EDUCATION
AMERICAN UNIVERSITY UNION IN EUROPE**

(8) A request for authority to take membership on behalf of the University in the American Council of Education or the American University Union in Europe.

On motion of Mr. Ward, the Acting President was authorized to take a membership in either organization or in both, as might seem desirable.

CONSTITUTIONAL STATUS OF THE UNIVERSITY

(9) A statement showing the provisions made in various state constitutions for the maintenance of the state universities, with a request for a statement of the opinion of the Board as to what measures should be taken on behalf of the University during the coming Constitutional Convention in Illinois.

This matter was discussed at length, but no action taken.

PROPOSED AFFILIATION OF SCHOOL FOR NURSES

(10) A request from a school for nurses in Chicago that the school be made an affiliated organization of the University.

On motion of Mr. Trimble, this matter was referred to Acting President Kinley for investigation and report.

EMPLOYMENT OF CONSULTING ARCHITECTS

President Carr reported that in pursuance to an action of the Board (page 503) he had engaged the firm of Holabird and Roche to act as consulting architects on the plans for the McKinley Hospital, the Horticulture Building, and the general development of the campus.

On motion of Mr. Trimble, this action was approved.

STATISTICAL SURVEY OF PROBABLE DEVELOPMENT

Mrs. Blake presented a proposal from Mr. Warren P. Laird, of the University of Pennsylvania, to make a statistical survey of the probable development of the University, and to come to this University for a preliminary conference.

On motion of Mr. Ward, it was voted to request Mr. Laird to come to the University for a conference, with the understanding

that the University undertakes no obligation in the matter except to pay Mr. Laird's traveling expenses for this trip. The vote was as follows: Ayes: Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Herbert, Mr. Trimble, Mr. Ward; noes, none; absent, Mr. Blair, Mr. Hoit, Mr. Lowden.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of October 16, 1919.

On motion of Mr. Abbott, the minutes were approved as printed on pages 595 to 604 above.

MATTERS SUBMITTED BY PRESIDENT KINLEY

The Board considered the following matters submitted by Acting President Kinley.

REGULATIONS—BILLS FOR TRAVELING EXPENSES

(1) A recommendation from the Comptroller that the regulations concerning bills for traveling expenses be amended to read as follows:

1. Itemized bills in the form prescribed by the Comptroller shall be presented to the Comptroller for payment as promptly as possible and in any case within sixty days following the completion of the trip for which the expense was incurred. In the case of University employees whose duties require a large amount of traveling within the State, it shall be deemed sufficient if bills are presented monthly.

2. Traveling expense bills presented by members of the faculties of the several colleges, members of the experiment station staffs, and employees of the administrative offices of the University, must be approved by the dean of the college, the director of the station, or the officer in charge of the administrative office, and endorsed by the Comptroller.

3. Traveling expense bills for deans, directors, and officers in charge of administrative departments must be approved by the President of the University and endorsed by the Comptroller.

4. Traveling expense bills of the President of the University and of the members of the Board of Trustees must be approved by the chairman of the Finance Committee and endorsed by the Comptroller.

On motion of Mr. Abbott, this recommendation was adopted.

CHAIRMAN OF DEPARTMENT OF GEOLOGY

**CLOSING OF THE UNIVERSITY ONE WEEK BEFORE THE
SCHEDULED TIME**

(3) A statement that conditions of living became so hard on account of the coal shortage in Champaign and Urbana, that the Council of Administration thought it wise to permit students to go home at the beginning of this week. The President of the Board authorized me to use my judgment in following the Council's conclusion. Accordingly I authorized the closing of the University.

It is our expectation to resume on the date scheduled for the close of the vacation—January 5, 1920—unless the coal situation becomes worse.

This statement was received for record.

RESIGNATION OF DEAN CHADSEY WITHDRAWN

(4) Correspondence concerning the resignation of Dean Chadsey.

November 28, 1919

Dean C. E. Chadsey, College of Education

DEAR DEAN CHADSEY:

Your letter of November 17 presenting your resignation as Dean of the College of Education of the University of Illinois was received at my office in my absence and I did not see it until day before yesterday. I was too busy on that day to reach it and yesterday was Thanksgiving. Today I have your letter of the 28th to the effect that you would like to withdraw your resignation.

After sending your resignation of November 17 you resumed, I understand, your former position as Superintendent of the Schools of Chicago. That action of itself constituted a withdrawal from the services of the University, even though your resignation here had not yet been accepted. From another point of view, the fact that your resignation had not been accepted may be regarded as implying that you continued in office here since the University, the other party to the contract, had at least a moral right to assume that your agreement with it was not terminated until its consent was given. I make these statements because the facts involved have a bearing on what I shall write later.

Under all the circumstances I consent for the University to the withdrawal of your resignation on the following conditions, subject to approval later by the Board of Trustees:

First: That you agree not to give up your appointment at the University or leave its service for any other position, whether in Chicago or elsewhere, during the current University year ending June 30.

Second: That while you are a member of this faculty you will not initiate or be a party to any attack upon, or political activity against, the authorities of the city of Chicago, nor participate in any agitation in or against its educational system. I wish to emphasize this point very strongly.

Third: That your salary as Dean shall be regarded as having ceased on the day when you entered upon the office of Superintendent of Schools in the city of Chicago some ten days or more ago, and as beginning again on the day of your resignation of that position and your resumption of work here November 26. I regard this condition as necessary and proper against the possibilities of dispute concerning your status here, as indicated in the first paragraph of my letter.

If you accept these conditions kindly let me know and we will regard the matter as closed, subject to my report of the incident to the Board and its approval of my action.

Very truly yours,
DAVID KINLEY
Acting President

December 1, 1919

*President David Kinley, University of Illinois***MY DEAR PRESIDENT KINLEY:**

I have received your letter of the 28th inst., relative to my returning to my work as Dean of the College of Education. I agree with you as to the propriety of all of these conditions. I entered upon my office as Superintendent of the Chicago schools on Wednesday, November 12 and resigned Wednesday, November 26. If you will notify the Business Office to have the proper deduction made from my next salary check, this method will be satisfactory; or if you prefer I will send you my check to cover whatever sum you state should be returned.

Very truly yours,

C. E. CHADSEY

On motion of Mr. Abbott, the action of Acting President Kinley in consenting to the withdrawal of Dean Chadsey's resignation under the conditions indicated was approved.

RESIGNATION OF PROFESSOR E. R. DEWSNUP

(5) The resignation of Professor Dewsnup, to take effect at such time in February as may be most convenient to the interests of the College of Commerce. He has accepted a Professorship of Commerce in the University of Liverpool. Dean C. M. Thompson recommends acceptance.

Professor Dewsnup writes: "I shall return to my native country, not only with a warm regard for the University of Illinois and its faculty, but also with a high esteem for America, and a sympathetic appreciation of American ideals."

This resignation was accepted, to take effect at such time in February as may be most convenient to the interests of the College of Commerce, subject to the approval of the President of the University.

RESIGNATION OF DR. ARTHUR R. SEYMOUR

(6) The resignation of Dr. A. R. Seymour as Assistant Dean of Foreign Students and Associate in Romance Languages, to take effect January 31, 1920.

This resignation was accepted.

LEAVE OF ABSENCE FOR PROFESSOR E. B. GREENE

(7) A request from Professor E. B. Greene for leave of absence on one-half pay during one semester of the year 1920-21, to complete his sabbatical year which was interrupted by the war.

On motion of Mr. Abbott, the Acting President of the University was authorized to grant this request.

LEAVE OF ABSENCE FOR MR. H. L. CARLSON

(8) A request from Dr. L. H. Smith, approved by Dean Davenport, that Mr. H. L. Carlson, Assistant in Soil Physics, be granted a leave of absence from December 5, 1919, to April 1, 1920, without pay.

On motion of Mrs. Evans, this request was granted.

**DRUG STORE EXPERIENCE NOT REQUIRED FOR DEGREE IN
PHARMACY**

(9) A recommendation of the University Senate that the requirement of drug-store experience prerequisite to graduation in pharmacy be discontinued.

This recommendation was approved.

CREDIT FOR WORK IN RELIGIOUS EDUCATION

(10) A recommendation of the University Senate that credit be granted for certain work in religious education.

December 2, 1919

Dr. David Kinley, Acting President

DEAR MR. PRESIDENT:

At three successive meetings, on October 6, October 20, and December 1, 1919, the University Senate has considered the conditions under which the University might give credit for the work in religious education which certain religious bodies are proposing to offer in Urbana and Champaign.

The standards and conditions for such accrediting upon which the Senate finally agreed, and which, at its meeting of December 1, it voted to recommend to the Board of Trustees for approval, are as follows:

Conditions

1. That an incorporated organization representing such a religious body as proposes to provide course in religious education to be offered for credit to University students in Urbana assumes the responsibility for the selection and maintenance of the instructor or instructors and the support and management of the courses, and that such organization possesses and maintains in Champaign or Urbana, a personnel and physical plant adequate to instruction of university grade.

2. That university credit toward graduation of not more than ten semester hours be allowed for such courses.

3. That only students of sophomore standing or above, or special students, be allowed to take such courses.

4. That a student proposing to take such courses for credit if under twenty-one years of age must present to the dean of his college a written permission from his parent or guardian.

5. That students desiring credit for such courses notify the dean of the college at the time of registration, and that the number of hours for which they are registered be reduced so that the total number of hours taken, including those in religious education, shall conform to the University standards.

6. That credit for these courses be granted upon the recommendation of the Committee on Admissions from Higher Institutions.

Standards

1. The instructor shall hold the degree of Ph.D. from a university of recognized standing or have an equivalent education acceptable to the University.

2. The courses he offers shall come up to university standards in the provision for library material and in the method and rigor of their conduct.

3. Only students enrolled in the University shall be admitted to these classes or such other students as are rated by the Registrar of the University as entitled to university standing equivalent to that indicated in the third paragraph under "Conditions" above.

4. Classes shall conform to university standards as to numbers.

5. Instructors shall not undertake to give more than a maximum of twelve hours of work.

6. Credit shall not be asked for any courses of instruction until they are adequately financed and there is a promise of permanency in the offering of such courses.

7. The provisions above stated shall not take effect as regards any organization until it is represented by at least one instructor giving full time to instruction of the grade above defined.

It is the understanding that the University reserves the right to assure itself from time to time that these standards are being met.

Sincerely yours,

C. M. McCONN,

Clerk of the Senate

On motion of Mr. Trimble, these recommendations were approved, with the exception of paragraph 4 under Conditions, which was eliminated.

DONATION OF MACHINE FOR MAKING PIANO ROLLS

(16) A statement that the Leabarjan Manufacturing Company, of Hamilton, Ohio, through its secretary, Mr. L. F. Bartels, a former student, has offered the University as a gift a machine for the perforation of rolls for player pianos.

This gift was accepted with thanks.

GIFT OF PLOW

(17) The following letter from Dean Davenport:

December 2, 1919

Acting President David Kinley, University of Illinois

MY DEAR MR. PRESIDENT:

We are in receipt of a donation from Dr. E. S. Fry of Naperville, consisting of an old time prairie breaking plow and the ox yoke and chain that go with it. This is a very great relic of the early days which Dr. Fry has been good enough to turn over to the University. May I recommend that the Secretary of the Board of Trustees be requested to address a suitable acknowledgment to Dr. Fry and to direct the donation be properly labeled with the name of the donor?

Very truly yours,

E. DAVENPORT

This gift was accepted with thanks.

DISABLED SOLDIER STUDENTS UNDER FEDERAL BOARD FOR VOCATIONAL EDUCATION

(18) A report from Dean K. C. Babcock, chairman of a committee in charge of students sent to us by the Federal Board, that ninety-four students had come to us from this Board, but that several of them did not complete their registration, and two or three others withdrew almost immediately. Fifty-seven of these were enrolled in Agriculture, either as vocational special, or as matriculated students. Twenty were in Engineering, and the rest were scattered.

AGREEMENT WITH THE URBANA & CHAMPAIGN RAILWAY, GAS AND ELECTRIC COMPANY FOR A PASSING TRACK

(20) Correspondence with the Treasurer of the Urbana and Champaign Railway Gas, and Electric Company and an agreement for the construction of a passing track east of the Agriculture Building (see page 576).

November 17, 1919

Mr. George M. Mattis, Treasurer, Urbana and Champaign Railway, Gas, and Electric Company, Champaign, Illinois

DEAR MR. MATTIS:

Professor White informs me that the Committee on Buildings and Grounds of the Board of Trustees of the University have agreed to your request to lay a passing track parallel with your present track and west of it on Mathews Avenue between the corner of the Chemistry Building and the turn at Oregon Street.

The conditions under which this permission is granted are those under which the agreement of December 8, 1908, permitting your company to cross the campus with its present track was made, that is, all specifications and requirements on the part of the University contained in said agreement, will apply to this passing track also. Will you kindly let me know whether the company accepts permission to lay this additional piece of track on these terms?

Although not contained in the original agreement, I request for the University that you issue orders to your conductors and motormen to cross the campus at less speed than they do now and to ring the call bells only when absolutely necessary. We have been disturbed a good deal with bell ringing and there has been an increase in the danger because of the carelessness of your men in running across the campus too fast. This danger has been added to, of course, by the increased number of students.

Yours very truly,
DAVID KINLEY
Acting President

November 17, 1919

President David Kinley, University of Illinois

DEAR PRESIDENT KINLEY:

I have received your letter of November 17 relative to the construction of the passing track on the University grounds between California and Oregon Streets.

We will construct this passing track in accordance with your letter of the 17th and with the agreement of December 8, 1908. We will also publish an order to the street car men to cross the University grounds with less speed and greater care and to avoid ringing of their bells just as much as possible.

Yours very truly,
GEORGE M. MATTIS
*(Treasurer) Urbana and Champaign Railway,
Gas and Electric Company*

AGREEMENT

THIS INDENTURE, entered into this 17th day of November, 1919, between the Board of Trustees of the University of Illinois, hereinafter called the University, and the Urbana and Champaign Railway, Gas and Electric Company, hereinafter called the Company,

WITNESSETH,

1. That in consideration of the agreement of the Company herein contained the University grants to the Company permission to construct, maintain and operate an additional track on the campus of the University, west of and parallel with the present track of the Company along Mathews Avenue from its curve near the southeast corner of the Chemistry Building to its curve at Oregon Street for a distance not exceeding two hundred and twenty-three (223) feet from switch point to switch point, the maximum distance between the two tracks to be twelve (12) feet from center to center.

2. In consideration of the permission to construct, maintain and operate the additional track mentioned in paragraph 1, the Company agrees in constructing said track to be guided by the specifications and approval of the Supervising Architect of the University of Illinois; that it will at its own expense make all changes in the repairs to walks, drives, tunnels, sewers and pipes necessitated by such construction work; that it will gravel or sod, as required, the space between the rails of such additional track and the space between the existing track and such additional track as shall be required by the Supervising Architect of the University.

3. It is understood that permission granted by this indenture shall in no way change or modify the obligations of the said Company as set forth in the agreement of December 8, 1908, whereby said Company constructed the existing line of track from Oregon street in Urbana to Daniel Street in Champaign. It is further understood that the University does not by this instrument waive any of its police or other jurisdiction over the strip of land to be occupied by such additional track.

IN WITNESS WHEREOF, the parties hereto have hereunto set their official signatures and seals of the day and date first above written.

FEES FOR HOLDERS OF SCHOLARSHIPS IN MUSIC

(25) An opinion from Judge O. A. Harker, Legal Counsel:

October 30, 1919

Acting President David Kinley, University of Illinois

DEAR PRESIDENT KINLEY:

In reply to your inquiry of October 29th as to whether students who have General Assembly scholarships are entitled to exemption fees in the School of Music, I am pleased to give you the following

OPINION:

A decision of the question depends entirely upon the construction of the first half of Section 174 of the Free School Act of 1909, as amended by act approved May 13, 1919, which reads as follows:

"Any University Scholarship issued under the provisions of this Act shall exempt the holder from the payment of tuition, or any matriculation, term, or incidental fee whatsoever, except for purchase of laboratory supplies and similar fees for supplies and materials."

The practise of collecting tuition and incidental fees from scholarship holders who took music obtained, I suppose, upon the theory that the School of Music is a professional school. Prior to the amendment of 1919, the privileges of these scholarships and the county scholarships were not available in the professional schools and colleges. By the amendment, however, it is evident that the General Assembly intended to extend the privilege to the professional schools.

The practise of collecting from holders of scholarships, tuition and incidental fees for instruction in the School of Music, therefore, should be discontinued. I may say, however, that it would be entirely legitimate to charge such students for the rent of musical instruments and the sheet music or material used, provided such charges are made against other students.

Respectfully submitted,

O. A. HARKER
Legal Counsel

On motion of Mr. Trimble, the Comptroller was authorized to refund the fees which has been charged improperly for the current semester against holders of scholarships in the School of Music.

PROPOSAL TO PURCHASE AND HOLD LAND

(26) A request for consideration of the offer of the Champaign Chamber of Commerce to purchase and to hold for the University such land in Champaign as the Trustees should declare to be necessary to provide for the growth of the campus (page 585).

On motion of Mr. Ward, this matter was referred to the Finance Committee for investigation and report.

TERMS OF ILLINI CONTRACT

(27) A recommendation from the Comptroller that the terms of the contract for printing the Daily Illini (page 606) be modified by the insertion of a provision for the termination of the contract by either party on 30 days notice.

On motion of Mr. Trimble, this modification was authorized.

RULE CONCERNING REPORT OF GRADES RESCINDED

(28) A recommendation that Section (d) of rule XII, University Statutes, page 39, be rescinded.

This rule reads as follows:

(d) Within three days after semester examinations any student may secure from his instructor an exact statement of his standing for the semester.

On motion of Mr. Trimble, this rule was rescinded.

SEMI-CENTENNIAL ALUMNI RECORD

(29) A recommendation from the Comptroller.

December 3, 1919.

President David Kinley, University of Illinois

MY DEAR PRESIDENT KINLEY:

The charges against the Semi-Centennial Alumni Record for the present fiscal year exceed the amount standing to its credit on our books by the sum of \$3,199.49. The only credit consists of the sum carried forward from the appropriation made in 1918-19, the balance being \$2,899.85, which was expected to meet the final bill for printing. However, that bill together with other expenditures made since July 1st, have exceeded this amount by the sum of \$3,199.49.

There is no provision in our budget for this overdraft. The appropriation for General Publications was not estimated to cover the Alumni Record and the only other publication which is not being drawn against in full is the News Bulletin, in which there is a balance of about \$900.

Cordially yours,

LLOYD MOREY

On motion of Mr. Trimble, the sum of \$3,250 or so much thereof as may be necessary was appropriated for the Semi-Centennial Alumni Record. The vote was as follows: Aye, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Trimble, Mr. Ward; No, none; absent, Mr. Blair, Mr. Herbert, Mr. Lowden.

CONSTITUTIONAL CONVENTION

(30) A statement concerning the proposed submission to the Constitutional Convention of an article defining the status of the University.

No action was taken on this matter.

CAMPUS PLANS

(31) A statement concerning the campus plans.

No action was taken in this matter.

URBANA, ILLINOIS, January 17, 1920

I certify that in the foregoing pages, numbered 641 to 662, inclusive, is contained the record of the transactions of the Board of Trustees of the University of Illinois at the meeting of December 9, 1919, and the adjourned session of December 13, 1919, as approved by the Board on January 16, 1920.

Secretary of the Board of Trustees

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

January 16, 1920

A special meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 10 o'clock a. m. on Friday, January 16, 1920, pursuant to the following notice, which was sent out by the Secretary on January 5, 1920:

On the call of the President, Mr. Robert F. Carr, there will be a special meeting of the Board of Trustees of the University of Illinois at ten o'clock a. m. on Friday, January 16, 1920, at the Blackstone Hotel, in Chicago, to consider matters submitted by the President of the University and the Committees of the Board, and such other matters as may be duly submitted.

The following members were present: President Carr, Mr. Abbott t Mr. Blair, Mrs. Blake, Mrs. Busey, Mrs. Evans, Mr. Herbert, Mr. Hoit.

Acting President Kinley was present; also, during part of the day, Professor J. M. White, Supervising Architect, and Messrs. Holabird, Roche, and Root, of the firm of Holabird and Roche, Consulting Architects.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of December 9, 1919, and the adjourned session of December 13, 1919.

On motion of Mrs. Blake, the minutes were approved as printed on pages 641 to 662 above.

HISTORY OF THE CAMPUS PLAN

Professor White presented a history of the Campus Plan, illustrated by a complete set of drawings and sketches.

On motion of Mr. Blair, it was voted to extend the thanks of the Board to Professor White for his excellent presentation of the history of the development of the Campus Plan, and to refer the material collected to the Consulting Architects for their consideration.

At this point, at 12:45 p.m., a recess was taken for luncheon.

AFTERNOON SESSION, JANUARY 16, 1920

When the Board convened after the recess on the afternoon of January 16, 1920, the same persons were present as during the morning session, and also Mr. R. R. Ward, a member of the Board.

HORTICULTURE BUILDING

On motion of Mrs. Busey, the Consulting Architects were requested to have the plans for the Horticulture Building prepared so that bids could be asked for on March 9, 1920; such plans to be drawn by the architects in conference with the department, to provide for a building to cost not more than \$100,000.

CAMPUS PLAN

On motion of Mr. Blair, the President of the Board was authorized to appoint a commission of members of the Board, faculty, or alumni, to advise with the architects in consideration of the development of the Campus Plan and to report to the Board.

MATTERS SUBMITTED BY ACTING PRESIDENT KINLEY

The Board considered the following matters submitted by the Acting President of the University.

ASSISTANT DEAN OF THE COLLEGE OF COMMERCE

(1) A recommendation from Dean C. M. Thompson that Mr. A. C. Littleton, Associate in Accountancy, be appointed Assistant Dean of the College of Commerce and Business Administration, beginning immediately and continuing until July 1, 1920, with compensation of \$150, in addition to Mr. Littleton's present salary of \$2400 a year.

On motion of Mr. Blair, this appointment was made, by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Herbert, Mr. Hoit, Mr. Ward; no, none; absent, Mr. Lowden, Mr. Trimble.

LEAVE OF ABSENCE FOR DR. B. O. SIPPY

(2) A recommendation that Dr. B. O. Sippy, of the College of Dentistry, be given leave of absence without pay, for two months beginning February 1, 1920, to take advanced study in the University of California.

This recommendation was approved.

REFUND OF FEES IN THE CHICAGO DEPARTMENTS

(3) A recommendation that the Board adopt for the Chicago departments the following plan for the refund of all fees other than matriculation and registration fees, no part of which will be refunded:

Withdrawal within 10 days after beginning of instruction—refund total amount of fees paid (except matriculation and registration fees).

Withdrawal after 10 days, and before expiration of one month—refund three-fourths of amount of fees paid.

Withdrawal after one month and before expiration of two months—refund one-half of amount of fees paid.

Withdrawal after two months and before expiration of three months—refund one-fourth of amount of fees paid.

After the expiration of three months, no part of the fees paid will be refunded.

On motion of Mr. Blair, this recommendation was approved.

CONFERENCE OF COLLEGE PRESIDENTS

(4) The following statement:

Occasionally in the past ten years the University has invited the presidents of the smaller colleges of the State to the University for conference on matters of common interest. These meetings have always been helpful in cementing our friendly relations with the colleges, and in helping us establish and maintain proper standings for transfer of credits, and especially for graduate work. The Dean of the Graduate School and others, including myself, feel that the time has come for another such conference. Accordingly I ask authority to call such a conference, the University to pay the necessary traveling and entertainment expenses of the delegates, and request that the sum of \$300, or so much thereof as may be necessary, be appropriated for this purpose, chargeable to the Graduate School funds.

On motion of Mr. Abbott, this conference was authorized.

SUMMER SESSION SALARIES

(5) A recommendation that the following scale of summer session salaries be adopted, to be effective for 1920:

<i>Rank</i>	<i>Salary</i>
Professors.....	\$500
Associate Professors.....	450
Assistant Professors.....	350
Associates.....	300
Instructors.....	275
Assistants (full time).....	250

On motion of Mr. Blair, this scale was adopted.

GIFT OF GERMAN ANTI-TANK RIFLE

(6) The following letter from Captain James M. Farrin, Esq.

Jan. 20, 1920

From: *Captain James M. Farrin, Eng.*

To: *President David Kinley, University of Illinois*

Subject: *Gun*

Upon leaving the University to return to civil life, I wish to present to the University of Illinois as a beginning of a Military Museum, a German anti-tank rifle which I picked up at the town Buzancy. This type was called elephant gun.

If the University accepts this gun, I desire that it be on condition of permanently and properly preserving it.

JAMES M. FARRIN

On motion of Mr. Hoit, this gift was accepted with thanks.

INSURANCE ON PAPER AND SOIL MAPS

(7) A recommendation that the Comptroller be authorized to take out insurance on paper and soil maps stored with printers who are doing work under contract with the University, at a cost of not more than \$200 a year.

On motion of Mr. Abbott, this recommendation was approved.

SEMI-CENTENNIAL ALUMNI RECORD—VOLUME II

(8) The following statement:

I have authorized Mr. Carl Stephens to proceed with the compilation of Volume II of the Semi-Centennial Alumni Record (that for the Chicago departments). Mr. Stephens makes the following estimate of the cost of a staff to handle the work, assuming that it can be done in a year:

Assistant Editor and chief clerk.....	\$1000
Assistant.....	960
Assistant.....	900
Utility help.....	800

\$3660

Mr. Stephens will act as editor and be in general charge of the work, and be responsible to the President of the University and the Board of Trustees.

I recommend that \$2,000.00 be appropriated from the Reserve and Incidental fund to carry this work to June 30, 1920.

On motion of Mr. Blair, this appropriation was made, by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Herbert, Mr. Hoit, Mr. Ward; no, none; absent, Mr. Lowden, Mr. Trimble.

**ADDITIONAL APPROPRIATION FOR THE DEPARTMENT OF
PHYSICAL EDUCATION FOR MEN**

(9) A request from the Director of the Department of Physical Education for Men, Mr. George A. Huff, for an additional appropriation of \$1000, to carry on the work for the rest of the year.

On motion of Mrs. Evans, this appropriation was made, by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Herbert, Mr. Hoit, Mr. Ward; no, none; absent, Mr. Lowden, Mr. Trimble.

**APPROPRIATION FOR SCHOLARSHIPS AND FELLOWSHIPS IN THE
GRADUATE SCHOOL FOR THE YEAR 1920-1921**

(10) A request from Acting Dean A. H. Daniels of the Graduate School for the usual authority to appoint scholars and fellows in the Graduate School for the year 1920-21, with stipendiums not to exceed a total of \$25,000.

On motion of Mrs. Evans, this appropriation was authorized.

CHICAGO OFFICE

(11) The following statement:

On March 15, 1919, on recommendation of the Comptroller, the Executive Committee authorized the President of the University to lease an office in Chicago for the use of the Trustees of the University, and for the Department of Industrial Education in Chicago, at a rent not to exceed one hundred dollars a month. A lease was secured on Room 528, Continental & Commercial Bank Building, from May 1, 1919, to April 30, 1920, at a monthly rental of \$75.00, or \$900.00 for the year.

The Continental & Commercial Bank Building has given notice that a renewal of the lease can be had only on payment of a rental of \$108.75 a month, or \$1305 for the year.

I recommend that the Comptroller be given authority to draw up a new lease on these terms.

On motion of Mr. Blair, this recommendation was approved, by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Herbert, Mr. Hoit, Mr. Ward; no, none; absent, Mr. Lowden, Mr. Trimble.

RESERVE AND INCIDENTAL FUND

(12) A statement that the Reserve and Incidental Fund on January 12, 1920, was \$61,011.63.

This report was received for record.

GIFT FROM U. S. INTERDEPARTMENTAL SOCIAL HYGIENE BOARD

(13) A statement that the University had received a gift of \$3500 from the U. S. Interdepartmental Social Hygiene Board, to be used for experimental work on certain arsenic compounds.

On motion of Mr. Abbott, this gift was accepted for the purposes specified.

LABORATORY FEES IN ATHLETIC COACHING

(14) A recommendation that the following laboratory fees in courses in Athletic Coaching be approved, to be in effect as of September 1, 1919.

A. C. 30.....	\$1.00
A. C. 31.....	1.00
A. C. 40.....	1.00
A. C. 41.....	1.00
A. C. 50.....	3.00

On motion of Mr. Blair, these fees were approved.

CONTRACT FOR STATISTICAL HISTORY

(15) A recommendation from Mr. H. E. Cunningham, Director of the University Press, that the contract for printing the Statistical History of the University (see page 560) be awarded to the Pantagraph Printing and Stationery Company, of Bloomington, Illinois, on the basis of their bid of \$1520 for 1500 books of 224 pages.

On motion of Mr. Blair, this recommendation was approved.

At this point, Mr. Blair withdrew. President Carr, being called from the room, requested Mrs. Evans to preside over the meeting. President Carr returned during the presentation of the next item.

INCREASE OF INCIDENTAL FEE

(16) A statement concerning the advisability of increasing the Incidental Fee, now \$15 a semester.

On motion of Mrs. Blake, the Acting President of the University was requested to submit a statement concerning this matter at the next meeting of the Board.

CONSTITUTIONAL STATUS OF UNIVERSITY

(17) A statement concerning the proposal to submit to the Constitutional Convention an article defining the status of the University.

On motion of Mr. Ward, this matter was referred to the Executive Committee and the Acting President of the University, with power to act.

COMBINED COURSES IN ARTS & SCIENCES AND DENTISTRY

(2) A recommendation of the University Senate that a six-year combined curriculum in Science and Dentistry, leading to the two degrees of Bachelor of Science and Doctor of Dental Surgery, to be described as follows, be approved:

A six-year course—two years in a recognized college of Liberal Arts and Sciences followed by four years in the College of Dentistry. The work of the first two years must include certain prescribed subjects. On the completion of the first two years in the College of Dentistry, these students receive the degree of Bachelor of Science; and on the completion of the four years in the College of Dentistry they receive the degree of Doctor of Dental Surgery. The two years of work in Arts and Sciences may be taken in the College of Liberal Arts and Sciences at Urbana.

This curriculum was approved.

RESEARCH STATION OF THE BUREAU OF EDUCATION

(3) The following statement:

Some months ago the United States Commissioner of Education asked this University to cooperate with the Bureau of Education in the establishment of research stations to permit scientific research in education. The plan contemplates a co-operative arrangement between the Bureau of Education and the University, and involves no expense to the University. The Commissioner asks that the plan be accepted by the President and the Board of Trustees. Dean Chadsey and Director Buckingham are in favor of accepting the proposal of the Federal Bureau, and I recommend approval.

This recommendation was approved.

PROPOSED AFFILIATION WITH THE CHICAGO LAW SCHOOL

(4) A report on the proposed affiliation with the Chicago Law School (See page 647), and a recommendation that no action be taken in the matter at the present time.

No action was taken in this matter.

VACATIONS AND LEAVES OF ABSENCE FOR UNIVERSITY EMPLOYEES UNDER CIVIL SERVICE

(5) The following statement:

For a long time the University has been seeking an authoritative decision from the Civil Service as to the control of the University over the vacations and absences on leave of University employees under Civil Service. Several letters have been written to the Commission by the Comptroller on this matter. The following letter from President A. D. Early of the State Civil Service Commission evidently settles the matter by lodging full power and authority in the Board of Trustees of the University:

January 9, 1920

Mr. Lloyd Morey, Comptroller, University of Illinois

MY DEAR MR. MOREY:

I refer to your recent letters concerning vacations.

The matter has been taken up with all the departments, and varied answers have been given. I call your attention to Section 1, Paragraph 22 of the Civil Administrative Code, which is as follows:

"Each employee in the several departments shall be entitled during each calendar year to fourteen days' leave of absence with full pay. In special and meritorious cases where to limit the annual leave to fourteen days in any one calendar year would work peculiar hardship, it may, in the discretion of the director of the department, be extended."

We will adopt that section as a rule for vacations, with the addition of the words "appointing officer" after the word "department" and before the words "be extended" at the close.

I will also add that we submitted the matter to the Attorney General. In the opinion rendered December 22 "in the case of the University of Illinois, I am of the opinion that the Board of Trustees have the power and authority to determine and fix the length of the vacations of its employees as they may deem for the best interests of the University;" so far as the Commission is concerned, it will be guided by that opinion.

I trust the delay has not inconvenienced you. We have understood the importance of the matter to you and to departments of the State, and so have given it careful consideration with results hereinabove outlined.

I am,

Yours respectfully,

STATE CIVIL SERVICE COMMISSION

A. D. EARLY

President

This report was received for record.

CORRECTION OF FEE SCHEDULE IN COLLEGE OF DENTISTRY

(6) A report from the Comptroller that an error was made in the tabulation of the tuition fees for the College of Dentistry, the schedule for which was approved at the meeting of the Board on December 9, 1919 (page 648), and a request that the schedule be corrected as follows:

First year	\$122 instead of \$120
Second year.....	115 instead of 112
Third year.....	132 instead of 130

These corrections were authorized.

BOILER INSURANCE

(7) A statement from the Comptroller that he has renewed with the Hartford Steam Boiler Inspection and Insurance Company an insurance policy covering the steam boilers owned and operated by the University, the amount of the policy being \$35,000 and the premium, \$320.30.

This report was received for record.

INSURANCE ON SOIL MAPS AND PAPER STOCK

(8) A report from the Comptroller that insurance had been taken on soil maps and paper at Bloomington amounting to \$23,800 (premium, \$182.38) and in Chicago amounting to \$5,000 (premium, \$15.00).

This report was received for record.

ALCOHOL STOLEN FROM COLLEGE OF MEDICINE

(9) A report from Secretary W. H. Browne, of the College of Medicine, that on February 21, 1920, between 6:30 and 7:00 p.m. before the night watchman came on, the storeroom of the College of Medicine facing the alley was broken into and three barrels of alcohol stolen. Two of these fell off the truck which the thieves used and were left in the alley. From these two, 57 gal. of alcohol were saved. The total loss was about 84 gal.

Mr. Browne reports further that he made an affidavit concerning the loss and full description of the goods for the Department of Internal Revenue; and also waited on Mr. Harrison, 508 Federal Building, representative of the Government in these matters. He is doing everything possible to trace the thieves.

This report was received for record.

RESIGNATION OF PROFESSOR E. B. GREENE AS HEAD OF THE DEPARTMENT OF HISTORY

(10) A request from Professor E. B. Greene that he be relieved of responsibility as administrative head of the Department of History, on August 31, 1920, in order that he may concentrate his attention on his teaching and scholarly work.

This request was granted.

LEAVE OF ABSENCE FOR PROFESSOR H. W. MUMFORD

(11) A request by Professor H. W. Mumford for leave of absence without salary for one year beginning March 1, 1920, to enable him to act as Director of the Department of Live Stock Marketing of the Illinois Agricultural Association.

This request was granted.

**PROFESSOR W. C. COFFEY ACTING HEAD OF
ANIMAL HUSBANDRY DEPARTMENT**

(12) A recommendation from Dean Davenport that Professor W. C. Coffey be made Acting Head of the Department of Animal Husbandry during the absence of Professor Mumford, at a salary of forty-five hundred dollars (\$4500) a year, beginning February 1, 1920.

This recommendation was approved.

LEAVE OF ABSENCE FOR PROFESSOR GARNER

(13) A request from Professor J. W. Garner for leave of absence on one-half pay for the year beginning September 1, 1920.

This request was granted.

LEAVE OF ABSENCE OF ONE MONTH FOR MISS GLOVER

(14) A recommendation from Dean Davenport that Miss Anna C. Glover, Secretary of the Agricultural Experiment Station, be given leave of absence on full pay for the month of March. Miss Glover has been ill for some time, and needs this vacation to recuperate.

This recommendation was approved.

McKINLEY HOSPITAL SECURITIES

(15) The Acting President called attention to the fact that the money received from the sale of the McKinley securities last spring was in the general University fund. He raised the question whether the Board might not well take steps to re-invest the money.

On motion of Mr. Abbott, the Comptroller was instructed to credit all income from the McKinley securities and funds to the McKinley Hospital fund, and the President of the Board was authorized to invest the money in this fund in approved securities.

TEN-YEAR BUILDING PROGRAM

(16) The following statement:

Last December the Honorable Omar H. Wright, Director of the State Department of Finance, wrote me saying that he was preparing a ten-year building program for the different state institutions, and asked me to send the University's contribution to this program. In response I sent him the following list of building projects, which have, at one time or another, been approved by the Board of Trustees, with the exception of the Veterinary College which is new.

List No. 1

New Buildings Which are Necessary in the Next Ten Years
(Subject to Change of Order)

1. Horticultural Field Laboratory, needed immediately.
2. Library, first unit (\$800,000) needed immediately.
3. Main Agricultural Building, first unit (\$800,000) needed immediately.
4. Service Group for Operation and Maintenance, needed immediately.

5. Shop Laboratories.
6. Testing Laboratory, Municipal and Sanitary Engineering Laboratory, and Civil Engineering Laboratories, for which \$200,000 unit is needed immediately.
7. Men's Gymnasium, needed immediately.
8. Woman's Gymnasium, needed immediately.
9. Administration Building, of which part is needed immediately.
10. Electrical Test Car Laboratory.
11. Student Hospital.
12. Buildings and Equipment for Department of Architecture.
13. Veterinary Building.
14. Museum Building, of which at least half is needed at once.

List No. 2

Additions to Present Buildings to Complete Them in the Ten-year Building Program

1. Chicago Departments (needed immediately).
2. Cattle Feeding Plant.
3. Natural History Building and Equipment (needed immediately).
4. Transportation Building and Furniture (needed immediately).
5. Power House, Additional Boilers, Stack and Generator.
6. New Armory.
7. Mining Laboratory (needed immediately).
8. Lincoln Hall (needed immediately).
9. Commerce Building (needed immediately).
10. Music School.
11. Auditorium.
12. College of Education Group.

List No. 3

Suggested Residence Halls

In addition to the buildings needed for the direct operation of the University, some provision should be made for the erection of residence halls or dormitories. To take proper care of the young women alone we would need at least six residence halls capable of holding 150 each.

For men a still larger number would be needed, probably ten in all.

This report was received for record.

**CONTRACT WITH FEDERAL BOARD FOR VOCATIONAL EDUCATION
OF DISABLED SOLDIERS AND SAILORS**

(17) The following statement:

During several months of the University year ending June 30, 1919, the Federal Board for Vocational Education of Disabled Soldiers sent some men here for instruction. As the whole work was new, there was no precedent for proper procedure, and I appointed a committee, with Dean K. C. Babcock as chairman, to take charge of the matter. After several conferences, a set of terms was drawn up, regarding schedules of tuition. This was signed last August by myself for the University, and by the proper officer of the Federal Board.

I request that it be approved and entered in the minutes.

**MEMORANDUM FOR FEDERAL BOARD FOR VOCATIONAL
EDUCATION**

I. SPECIAL VOCATIONAL COURSE IN AGRICULTURE (ONE YEAR)

This course is offered specifically for students who may be sent by the Federal Board for Vocational Education.

This course will include special work in farm crops, soils, fruits and vegetables, the operation and care of farm machinery, live stock and farm management.

In this course students will be accepted *at any time and without reference to the extent of their previous education*, and every effort will be made to provide them with practical vocational training and, when necessary, with supplementary instruction in the common branches.

This work will be differentiated to meet the needs of the individual students. Those who are qualified to profit by regular University courses will be admitted to such courses and given individual assistance if necessary in mastering the work. In addition, special classes and practise sections will be organized. A certain amount of supervised study will be undertaken, if it seems desirable, in which the students can be given individual attention.

For students enrolled in this Special Vocational Course fees will be charged as follows:

	<i>Per Month</i>
For 1-9 students.....	\$50.00
For 10-19 students.....	25.00
For 20 or more students.....	12.50

These contracts were approved.

**BUDGET FOR WORK DONE FOR FEDERAL VOCATIONAL
EDUCATION BOARD FOR DISABLED SOLDIERS AND SAILORS**

(18) A tentative budget for the fiscal year 1919-20 for the work done by the University for the Federal Board for Vocational Education in accordance with the special contract, and a recommendation that expenditures as itemized herein be authorized to be made from the income under this contract, and that any surplus remaining at the close of the year be turned into the general University income.

March 6, 1920

President David Kinley, University of Illinois
MY DEAR PRESIDENT KINLEY:

I enclose, as per your request, a proposed budget for the special contract with the Federal Board for Vocational Education for the fiscal year 1919-1920.

The estimate of income is on the basis of our records of fees due for the first semester and of the Registrar's records of enrollment for the second semester. The estimate of expenditures is on the basis of information furnished by Dean Babcock.

I recommend that the enclosed budget be approved, and that the expenditures as itemized therein be authorized to be made from the income under this contract, and that any surplus remaining at the close of the year revert to the general University income.

Very truly yours,
LLOYD MOREY
Comptroller

The renewal of this agreement was approved.

FEES FOR DIPLOMAS AND TRANSCRIPT OF CREDITS

(24) A recommendation from Registrar C. M. McConn that (a) the diploma fee be increased to \$10, effective September 1, 1920, (b) that the fee for duplicate diplomas be increased to \$10, effective immediately, and (c) that each student shall be entitled to receive on request, without charge, one transcript of his record, but that for transcripts after the first, charges shall be established as follows: Original, or first copies, \$1 each; carbon copies, fifty cents each.

These fees were approved.

RESIGNATION OF PRESIDENT JAMES

At this point, President Carr presented the resignation of President James:

March 3, 1920

To the Board of Trustees, University of Illinois:

Nearly eight months have passed since the beginning of the leave of absence granted me by the Board for rest and recuperation. When I left the University, my mind was not entirely clear as to the wisdom of returning, not only because of the possibility of my not recovering the full vigor necessary to carry on my work, but also because I have had a feeling for some time, as I have indicated to you before, that I have reached the age where I should retire from active duty. As the months have passed, the conviction that I should not return to active service has deepened, mainly for the latter reason. Therefore, I am writing now to offer my resignation as President of the University, to take effect at the close of my leave of absence, September 1, 1920.

Needless to say, I have reached this conclusion only after the most thorough consideration and with great regret. For any man is reluctant to give up the work to which his life has been given for so many years and to which he is so deeply attached. Nothing would make me happier than to return and continue active service if I felt that in doing that I was discharging my highest duty to the University. I could feel so, however, only if I were sure that the interests of the University would not be better served by some other one with, perhaps, some different points of view and who is at an age to put more vigor into his work than I can.

The years of my connection with the University as President have been very happy. I feel that you will agree with me that they have also been years of accomplishment and that the progress of the University has been very marked. That we have been able to achieve such marked success is due in large measure to the hearty cooperation which my colleagues on the faculty and the members of your Board have given me without stint. I look forward with confidence to an even greater future for the University. It has grown into the hearts of the people of the State and it will do so in a larger way in the years to come. It has become one of the great universities of the world, and I have no doubt that in a very short time it will exert a still more commanding influence in education and research. Whatever I can do to help it during the years that yet remain to me, I will gladly do, and will look for opportunities to be of service. In this connection, I am sure that there is no impropriety in my appealing to my fellow citizens of the State of Illinois to get better acquainted with their great institution and to give it a larger financial support. I

know that its affairs are in a critical condition because of inadequate income. Passing as I do from the active administration of the institution, I can say, without fear that anyone will think me personally interested, that the next legislature ought to double its current income and provide a fund adequate for its physical expansion. There is no limit to what it may do in educating young men and women and adding to the wealth and welfare of the State, unless the people of the State, failing to see the great vision of its possibilities, support it in a niggardly and inadequate way. I appeal to them to take a large view, and feel sure that the future of this great institution is safe in their hearts.

Faithfully yours

EDMUND J. JAMES

On motion of Mr. Abbott, the President of the Board was requested to appoint a committee of three members (of which Mr. Carr should be chairman) to consider this resignation and to present it to the Board at the next meeting.

President Carr appointed Mr. Abbott and Mrs. Busey to serve with him on this committee.

MATTERS SUBMITTED BY ACTING PRESIDENT KINLEY

The Executive Committee resumed its consideration of matters submitted by Acting President Kinley.

COMPLETION OF SMITH MUSIC BUILDING

(25) A recommendation of the Supervising Architect that \$33,000 be appropriated for the completion of the Smith Music Building.

This appropriation was made.

UNIVERSITY HIGH SCHOOL

(26) A recommendation from Dean Chadsey that the opening of the University High School be deferred for one more year.

This recommendation was approved.

INCREASE OF FEES

(27) A statement concerning the proposal to increase the incidental fee.

No action was taken in this matter.

BUILDING OPERATIONS AND IMPROVEMENTS DISCONTINUED

(28) A recommendation that the following resolution be approved:

It is the sense of the Board of Trustees that in view of the excessive cost of building and permanent improvements generally, all building operations and all improvements, excepting those absolutely necessary to the continuance of the work of the University, shall cease during the next academic year.

This resolution was adopted.

DEGREE FOR MR. G. E. CLARKE

(2) That the degree of Bachelor of Science be conferred on George Edward Clarke, on the recommendation of the Junior Faculty of the College of Medicine and the Council of Administration acting for the Senate.

BUILDING ASSIGNED TO PUBLIC WELFARE WORK

(3) A recommendation that the so-called Millers Building at No. 721 S. Wood Street, Chicago, be assigned for use by the State Department of Public Welfare in the work of its Institute for Juvenile Research, the work of the Institute to be carried on in connection with our College of Medicine, in accordance with the following recommendation from Dean Eycleshymer.

I told the Department of Public Welfare that I would be more than willing to recommend that the University unite with the Department in providing an Institute for the study of juvenile behavior on the following basis:

1. The State Department of Public Welfare to reconstruct the building at an estimated expense of \$16,000.00.

2. The University to provide heat, light and janitor service at an estimated expense of \$200.00 to \$250.00 per month.

This arrangement to continue until provision is made by the next legislature for an Institute for Juvenile Research.

APPROPRIATION FOR MISSISSIPPI VALLEY HISTORICAL REVIEW

(4) That an appropriation of \$100 be made to the Mississippi Valley Historical Institute for the support of the Mississippi Valley Historical Review, edited by Professor C. W. Alvord at the University.

Respectfully submitted,
ROBT. F. CARR
President

These minutes were received for record.

MR. R. F. CARR ELECTED PRESIDENT OF THE BOARD

The Secretary took the chair and called for nominations for the office of President of the Board.

Mr. Abbott nominated Mr. Carr.

Mr. Blair seconded the nomination and moved that the nominations close and that the Secretary cast the unanimous vote of the Board for Mr. Carr.

This motion prevailed, and the Secretary cast the ballot, and declared Mr. Carr elected President of the Board for the ensuing year, and Mr. Carr took the chair.

MR. H. E. CUNNINGHAM ELECTED SECRETARY OF THE BOARD

On motion of Mrs. Busey, Mr. Harrison E. Cunningham was elected Secretary of the Board for one year.

MR. LLOYD MOREY ELECTED COMPTROLLER

On motion of Mrs. Evans, Mr. Lloyd Morey was elected Comptroller for one year.

EXECUTIVE COMMITTEE ELECTED

Mrs. Blake nominated Mr. Abbott, and Mr. Blair nominated Mr. Hoit, to serve with the President of the Board (as Chairman) as members of the Executive Committee for one year.

On motion of Mr. Blair, the nominations were closed and the the Secretary cast the unanimous vote of the Board for Mr. Abbott and Mr. Hoit, and they were declared elected.

AUTHORITY TO RECEIVE MONEY

On motion of Mr. Herbert, the following resolution was unanimously adopted:

Resolved, That the Treasurer of the Board of Trustees of the University of Illinois is hereby authorized to receive and receipt for all moneys, and to endorse all orders, drafts, and checks due and payable to the Board of Trustees or to the University of Illinois, and especially all drafts drawn by the Treasurer of the United States payable to the Board of Trustees of the University of Illinois.

DELEGATION OF SIGNATURE OF PRESIDENT AND SECRETARY

On motion of Mr. Hoit, it was voted that Mr. R. F. Carr, President of the Board of Trustees, and Mr. H. E. Cunningham, Secretary of the Board of Trustees, be authorized to delegate the signing of their names as President and Secretary, respectively, to warrants drawn on the Treasurer of the University and to vouchers drawn on the Auditor of Public Accounts, in accordance with the following plan:

No disbursement shall be made from any University fund in the hands of either the University Treasurer or the State Treasurer, except on a voucher certified by the proper officer or head of department against an appropriation made by the Board of Trustees and approved by the Comptroller according to the Statutes of the University.

The President of the Board of Trustees is authorized to delegate to the Auditor in the Business Office authority to sign the name of the President of the Board of Trustees to vouchers against the State Auditor, and to warrants on the University Treasurer, for vouchers approved as above.

The Secretary of the Board of Trustees is authorized to delegate to the Bursar in the Business Office authority to sign the name of the Secretary of the Board of Trustees to vouchers on the State Auditor and to warrants on the University Treasurer, for vouchers approved as above.

The President and the Secretary are authorized to delegate to the Comptroller and the Assistant Comptroller authority to sign the name of the President, or of the Secretary, of the Board of Trustees to vouchers on the State Auditor, or to warrants on the University Treasurer, in case of emergency; provided, that under no circumstances shall the Comptroller or Assistant Comptroller sign the names of both the President and the Secretary to the same warrant or voucher.

PRESIDENT JAMES ELECTED PRESIDENT EMERITUS

Mr. Abbott presented the following report of the special committee on the resignation of President James, and moved its adoption.

It is with extreme regret that we learn from President Edmund J. James that his age and the condition of his health make it expedient that he retire from the active presidency of the University at the expiration of his leave of absence, and tender his resignation to become effective September 1, 1920.

During the sixteen year period that Doctor James has served as President, he has rendered such distinguished service and has shown such educational and administrative ability that through his vision and leadership the University of Illinois has attained a high place among the universities of the world.

In being compelled, under the circumstances, to accept President James's resignation, we, the Trustees of the University, express our feeling of gratitude for the devotion and untiring effort that he has given to the University of Illinois and to the people of the State and of the Nation in the cause of higher education.

The Board of Trustees hereby accept the resignation of Doctor James and, in recognition of his long and distinguished service, elect him President *Emeritus* of the University of Illinois, beginning September 1, 1920.

On motion of Mrs. Blake, the Board went into committee of the whole to consider this matter in executive session.

When the committee rose, it reported that the report of the special committee was adopted.

COMMITTEE ON THE SELECTION OF A PRESIDENT

The committee of the whole reported also that, on motion of Mrs. Blake, the President of the Board had appointed a committee of five (the President to act as chairman) to make inquiry as to available candidates for President of the University and as to their qualifications and to report this information and their recommendations to the Board. The committee was appointed as follows: President Carr, chairman, Mr. Abbott, Mr. Blair, Mrs. Blake, Mrs. Evans.

MATTERS SUBMITTED BY ACTING PRESIDENT KINLEY

The Board considered the following matters submitted by the Acting President of the University.

APPROPRIATION FOR HORTICULTURE BUILDING CANCELLED

(1) A recommendation that the appropriation for the Horticulture Building (see pages 503 and 624) be cancelled.

On motion of Mr. Abbott, the action of the Board in making this appropriation was reconsidered.

On motion of Mr. Hoit, this appropriation was cancelled.

On motion of Mr. Blair, the following resolution was adopted:

BE IT RESOLVED: That in view of the necessity of postponing again the erection of a Field Horticultural Laboratory for the College of Agriculture, the Board of Trustees will submit a bill for an emergency appropriation of an amount sufficient to erect a suitable building at the earliest possible date after the opening of the next General Assembly, January 1, 1921, and that if this appropriation is received, the Board will begin erection, as soon as the weather permits and materials can be gotten together.

The Supervising Architect and Consulting Architect are instructed to have plans for this building ready and approved by this Board not later than January 1, 1921, in the hope that the above named money will be available for use in the following spring.

THE BUDGET FOR 1920-21

(2) The Budget for 1920-21.

Leaving out of consideration all funds given us for special purposes such as the federal appropriations for the Agricultural Experiment Station, the income of the University for the next fiscal year, according to the Comptroller's estimate, is larger than the actual present year's budget as of February 1, by only about \$30,000. The estimated income is as follows:

One-half the interest on the Endowment fund, the Morrill-Nelson and Smith-Hughes funds	\$ 97,450.00
Mill tax (not including the \$100,000 already appropriated for the Horticultural Field Laboratory).....	2,400,000.00
Students' fees (estimated).....	350,000.00
From miscellaneous sources	60,000.00
Total estimated General Income.....	\$2,907,450.00
Deduct present budget as at Feb. 1.....	2,882,847.00
Balance.....	\$ 24,603.00

The Reserve Fund for the current year, which was \$133,577.00 on July 1, will be exhausted by June 30. From this, therefore, there will be no balance to carry over.

There will be a smaller balance from the lapses of salaries appropriated for positions which have not been filled than has been the case for several years. It may not exceed \$30,000.

Therefore, if no other money at all were available, it would not be possible for us to spend next year a dollar more than our present budget is calling for, and we would have a reserve of not more than \$40,000 or \$50,000. Fortunately we have a few resources, and by careful adjustment of our expenditures, we shall be able to add something to our salary budget, although at the expense of necessary equipment. We shall have about \$120,000 from probable excess of student's fees over estimate for the year, from the mill tax, the balance on hand from the settlement of the S.M.A., miscellaneous sources, and probable balance of this year's appropriation for salaries, etc., unexpended.

Of this sum we should certainly keep some portion as reserve. The remainder obviously would be too small to afford much relief. Therefore it is necessary to resort to other means.

Last July the Board appropriated \$100,000 for a Horticultural Field Laboratory. Professor Blair and Dean Davenport recommend that this sum be covered back into the treasury and used for operation and maintenance next year. I will so recommend.

I propose further that we take \$10,000 of the \$50,000 annually appropriated for general library additions, to be devoted to salary increases in the Library and Library School.

I have suggested to Dean Davenport that the Soil Survey, on which \$95,000 a year is expended, be reduced next year by the amount of \$30,000, and that the \$30,000 thus saved be added to income for operation and maintenance in Agriculture.

I propose further that the Graduate School budget be cut by about \$6,000, the exact amount depending on the arrangements made for the administration of the Graduate School.

I propose further, and the executive committee has already approved this proposal, that all physical plant extensions and improvements, excepting those absolutely necessary to reasonably efficient physical plant operation, be omitted. We shall then have available for salaries and equipment in excess of the present year, except books and the Soil Survey, the following:

From the resources mentioned above	\$120,000.00
From the Horticultural Field Laboratory	100,000.00
From the Graduate School	6,000.00
Balance of next year's income over present budget	25,000.00

Giving a Total of \$251,000.00

If we keep a reserve of \$90,000 (which is \$43,000 less than what we had this year), we shall have about \$160,000 to add for general salary and maintenance next year.

In accordance with the above scheme, I submit the University budget for the fiscal year, July 1, 1920, to June 30, 1921, for the departments at Urbana, except Agriculture. The Chicago Departments' budgets also need some adjustments within the totals given above.

Special Investigations

Special staffs have been provided for the Investigation of Warm Air Furnaces and Furnace Heating and the Investigation of the Fatigue of Metals. In view of the fact that the men thus employed are paid from trust funds administered by the University, and that their salary and status were fixed in their appointments, it seems unnecessary to include them in this budget.

APPROVAL OF THE BUDGET

The names of certain persons were called up for special consideration and were withdrawn by Acting President Kinley, with the understanding that he might, after further consideration, reinsert them.

On motion of Mr. Abbott, the budget was approved and the Acting President was given authority to make such minor changes and adjustments as might be necessary and to report them at the next meeting of the Board. The vote was as follows: Aye, Mr. Abbott, Mr. Blair, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Herbert, Mr. Hoit; no, none; absent, Mr. Lowden, Mr. Trimble, Mr. Ward.

AUTHORITY TO ACCEPT RESIGNATIONS AND FILL VACANCIES

(3) A request for authority to accept resignations from and to fill vacancies in the University Staff.

On motion of Mr. Abbott, this authority was granted.

¹Part time; receives \$300 from Pharmacy.

PROPOSED MILITARY SCHOLARSHIP

(4) The following extract from a letter from the Secretary of War:

"I believe that Army service may be made still more attractive by opening to our soldiers an opportunity for higher education and training and it has occurred to me that one of the possible avenues that might be so opened is one leading to and through our great universities and other institutions of learning. A certain number of soldiers are appointed to Cadetships at the United States Military Academy at West Point each year; but it is believed to be desirable to broaden the scope of the opportunities offered them so that those who wish may pursue other educational courses than that leading up to a commission in the Army.

"In every Regiment, Camp, Post, and Station of the United States Army are to be found soldiers with ambition for such higher education and training and the ability to pursue it, but without the means to that end. Would it not be possible for the Universities of our country to each establish one patriotic scholarship for such deserving young men.

"My conception of this scholarship is that it should be distinctly patriotic and should bear the name of some great soldier or statesman of the state in which the institution is located and that it should carry with it either sufficient money to defray living expenses, or employment at the institution of such nature as to permit the pursuit of the courses of the institution and to give sufficient remuneration to defray the scholar's expenses.

"This scholarship to be open to citizens of your State who have served honorably through an enlistment, who have received a character of "Excellent" on their discharge, and who have been especially selected and recommended for the scholarship from among the enlisted personnel of the organizations of the United States Army, either serving in your state or allocated to it, by the commanding officers of these organizations.

"I feel that our Country at large has never fully appreciated its obligation to the young men who have in peace time performed the necessary military service of the Nation. The suggested scholarship is only one of the means I have in mind to in a measure discharge this obligation to those men competent to profit by it. And I will add further that the establishment of such patriotic scholarships at our universities will, I am sure, cause a spirit of emulation in the service, will raise our own standard of education in the Army to meet the requirements, and will result in mutual good and mutual respect of great value to the Country at large.

"I wish to make it clear that the beneficiaries of such scholarships shall be at liberty to take any course available at the institution, that they are to be entirely free from any further military control or discipline in this choice, or in their lives at the institution, except in so far as the law may apply to members of the Enlisted Reserve Corps."

On motion of Mr. Blair, action was deferred.

UNIVERSITY SYMPHONY ORCHESTRA COURSE FOR 1920-21

(5) A request from the Director of the School of Music and the Comptroller that the University Symphony orchestra concert course be continued for 1920-21; that the usual appropriation of \$5,000.00 be made for its expense; and that season tickets be sold as usual at \$2.50 each.

On motion of Mr. Abbott, this request was granted, by the following vote: Aye, Mr. Abbott, Mr. Blair, Mrs. Blake, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Herbert, Mr. Hoit; no, none; absent, Mr. Lowden, Mr. Trimble, Mr. Ward.

SHORT COURSE FOR METERMEN

(6) A recommendation that a short course for metermen be established in accordance with the following letter:

SPRINGFIELD, ILLINOIS, March 15, 1920

Mr. C. R. Richards, Dean and Director, College of Engineering

DEAR MR. RICHARDS:

In accordance with the conference on Saturday, the 13th, of the Committee on "Relations to Educational Institutions" of the above three Associations and yourself this is to request that a "Short Course for Metermen" of approximately two weeks in length be established at the University of Illinois to teach meter reading, testing, and repairing. Said course to be established at a time that is most convenient for the University. The Association will bear all expenses of the University in this matter and will furnish any equipment, supplies, and paraphernalia necessary. We feel that we can have a minimum of forty students in attendance at this course.

If our request is granted, would appreciate very much if you would furnish us with the date most convenient for you, the data required and any information you may deem pertinent.

I wired you today requesting that you select some one from the Engineering Department to attend similar course at Ames University, Iowa, March 16 to 19, inclusive and that all expenses of said trip would be paid by our Association, which I sincerely hope you will be able to do.

Trusting that our request may be looked upon with favor and that we may hear from you in the very near future, I am,

Very truly yours,

R. V. PRATHER

Secretary & Treasurer

On motion of Mrs. Evans, this recommendation was approved.

LEAVE OF ABSENCE FOR DR. JAKOB KUNZ

(7) A recommendation that Dr. Jakob Kunz be granted leave of absence for the University year 1920-21 under section 7 of the University statutes, he, therefore, to receive half pay, or \$1500, for the year.

This recommendation was approved.

HEAD OF THE DEPARTMENT OF HISTORY

(8) A recommendation that Professor L. M. Larson be appointed as head of the department of history beginning September 1, 1920, in place of Professor E. B. Greene resigned.

This recommendation was approved.

MERGING OF GIFT FUNDS

(9) A recommendation that the following resolutions be adopted.

BE IT RESOLVED, That after this date every donation to the University in a sum of \$5,000 or less, for the purpose of providing a fund the annual income of which shall be used for a purpose designated by the donor, if accepted, shall be accepted with the condition and proviso that the capital sum of the fund thus established may, after the lapse of twenty-five years, be merged with other capital funds given to the University for similar purposes. And

BE IT FURTHER RESOLVED, That when any donation or donations to the University be thus merged, the record of the consolidated fund shall indicate the names or titles of the smaller funds so consolidated.

On motion of Mr. Abbott, these resolutions were adopted.

RENEWAL OF LEASE OF Y. M. C. A. BUILDING

(10) A request for authority to negotiate a renewal of the lease for the Y.M.C.A. building.

On motion of Mr. Blair, this matter was referred to the Executive Committee and the Acting President, with power to act.

COMMITTEE ON PURCHASE OF LAND

(11) A report of the special committee on the purchase of land (see page 690).

The committee appointed to make a recommendation as to plots of land that it seems important for the University to acquire at the earliest possible moment held a meeting at the office of the President of the University on Wednesday, March 10, 9:30 a. m.

Consideration was given to the reports that had been made in the past at one time and another, and also the recommendations of Mr. John Holabird made in a letter to President Carr of the Board under date of March 5.

The committee recommends that the Board of Trustees purchase as soon as possible the plat numbered (1) in the fourth paragraph of Mr. Holabird's letter. In the opinion of your committee, the acquirement of the land thus indicated would put the University in a strategic position to insure its further extension, whatever campus plans may finally be adopted.

Signed by the Committee:

W. L. ABBOTT
MARY E. BUSEY
D. KINLEY

On motion of Mr. Abbott, this report was adopted. Mrs. Blake requested that her vote be recorded in the negative, for the reason that the plot of land recommended by the Committee is not the one recommended first by the Consulting Architects, and that such action seems premature in advance of the report of the Consulting Architects on the development of the campus.

LEASE OF FLAT BUILDING IN CHICAGO

(12) A request from the Comptroller that he be authorized to have repairs made on the building at Polk and Wood Streets, Chicago, at an estimated cost of \$650, payable out of the receipts of the building, and to execute a lease with the Welfare Committee for Jewish Girls, for the west half of the building for one year at \$840 a year, with the privilege of renewal for one year, and to rent the remainder of the building as may be found possible at a rental of approximately \$60 a month.

This request was granted.

REVISION OF LABORATORY FEES

(13) A request for authority to revise the laboratory fees to meet the cost of materials and equipment used.

On motion of Mr. Blair, this authority was given.

INCIDENTAL FEE INCREASED TO \$25 A SEMESTER

On motion of Mrs. Blake, the incidental fee was increased from \$15 to \$25 a semester. The vote was as follows: Aye, Mr. Abbott, Mr. Blair, Mrs. Blake, Mr. Carr, Mr. Herbert; no, Mrs. Evans, Mr. Hoit; not voting, Mrs. Busey; absent, Mr. Lowden, Mr. Trimble, Mr. Ward.

DR. BURLISON APPOINTED HEAD OF THE DEPARTMENT OF AGRONOMY

(14) A recommendation that Dr. W. L. Burlison be appointed Head of the Department of Agronomy, at a salary of \$5,000 a year, beginning at the expiration of the term for which Dr. L. H. Smith was appointed Active Head.

On motion of Mr. Hoit, this appointment was made.

RATES FOR BOARD IN WOMAN'S RESIDENCE HALL

(15) A request for authority to fix the rate for board in the Woman's Residence Hall during the summer session, and to make whatever increase in the rate for next year the circumstances may demand.

On motion of Mr. Blair, this request was granted.

VOTE OF THANKS TO D. A. R.

On motion of Mrs. Busey, the Secretary was instructed to telegraph a vote of thanks to the State Convention of the Daughters of the American Revolution for the gift to the University of a United States flag and an Illinois flag.

MATTERS SUBMITTED BY ACTING PRESIDENT KINLEY

The Board considered the following matters submitted by the Acting President of the University.

DORA E. BIDDLE LOAN FUND INCREASED

(1) A statement that a check for \$1000 has been received from Mrs. Dora E. Biddle of Macon, Illinois, with the request that it be added to the \$1000 donated by Mrs. Biddle last October (p. 596), to constitute a loan fund for girls.

On motion of Mr. Abbott, the action of the Board on October 16, 1919, (p. 596), whereby this fund is administered according to the regulations for the Margaret Lange James Loan Fund, was reconsidered.

On motion of Mr. Blair, this fund was accepted with thanks, to be added to the original gift and to be used for the purposes specified, with the understanding loans from this fund may be granted to girls in the freshman class who have completed one semester's work satisfactorily.

EXTENSION OF AGREEMENT WITH NATIONAL WARM AIR HEATING AND VENTILATING ASSOCIATION

(2) A letter from the National Warm Air Heating and Ventilating Association, requesting that the research agreement (pp. 3, 493) be extended to April 1, 1921.

COLUMBUS, OHIO, May 5, 1920

Mr. C. R. Richards, Dean, University of Illinois, Urbana, Illinois,

DEAR SIR: It is a great pleasure for me to be able to advise you that at our Cleveland convention April 21st our Association unanimously voted to extend the Research Agreement to April 1, 1921.

May I also take this opportunity to tell you that the reports of Professor Willard and his staff were received with the closest attention and I believe the whole furnace industry as well as heating and ventilating engineers now thoroughly appreciate the value of this particular research work which is being done at the University.

We are very grateful indeed for your kindness in permitting Professors Willard and Kratz and Mr. Day to attend our recent convention and for all of the courtesies which the University has extended.

With kindest personal regards, I remain

Yours very truly,

ALLEN W. WILLIAMS,

Secretary

On motion of Mr. Abbott, this agreement was extended.

DEPOSIT FROM STUDENTS TAKING MILITARY

(3) A recommendation of the Council of Administration that beginning September 1, 1920, a deposit of \$15 be required of all students taking military, to protect the University against the loss of government property; the deposit to be refunded to the student on memorandum receipts when he has returned all government property.

On motion of Mr. Trimble, this recommendation was approved.

REMISSION OF FEES FOR DOCTOR HARRY CULVER

(4) A request from Dr. D. J. Davis, approved by Dean Eycleshymer, that Dr. Harry Culver, appointee to the Christian Fenger Memorial Fellowship, be granted the privileges extended to fellows and scholars appointed by the University in the matter of remission of fees.

On motion of Mrs. Evans, this request was granted.

At this point, Mr. Ward took his seat with the Board.

TRANSFER OF AN ITEM IN BUDGET OF DEAN OF MEN

(5) A request from Dean Clark that the amount (\$1080) assigned to pay the salary of a clerk in his office, be transferred to his office equipment and expense account.

On motion of Mr. Blair, this request was granted.

GIFT OF FOSSILS AND SHELLS

(6) A statement that Mrs. A. E. Washburn of Lisbon, Illinois, daughter of Mr. J. C. Carr, has given the University a large collection of fossils and shells which represent the acquisitions of her father's lifetime.

The Curator of the museum, Mr. Frank C. Baker, states that this gift, taken in connection with what we already had, gives us probably the largest collection extant of the fauna and flora of the Mazon Creek fossil beds, which represent the coal period. The collection is presented by Mrs. Washburn as a memorial to her father.

On motion of Mrs. Evans, this gift was accepted with thanks.

RECOVERY OF GOVERNMENT PROPERTY RETAINED BY STUDENTS

(7) A recommendation that the Legal Counsel be directed to notify every student who has failed to return any University or government property issued to him to return it immediately or to pay for it, under penalty of legal proceedings by the University.

On motion of Mr. Abbott, this recommendation was approved,

LETTER FROM THE CHICAGO VETERINARY COLLEGE

(8) The following letter:

CHICAGO, May 25, 1920

President, University of Illinois, Urbana, Illinois

DEAR SIR: On account of the demise of the esteemed president of the Chicago Veterinary College, the late Dr. Joseph Hughes, the directors have decided to discontinue the school.

We have 62 microscopes and lenses for sale. All but seven, I think, are in good order. We wish to dispose of them.

We also have a large lantern slide machine which was purchased three years ago. This machine is in good order.

We also wish to sell the property. The ground is 100x125 feet. The original cost of the building was \$80,000. It is well divided and equipped with pathological and normal specimens for teaching veterinary science.

We would be pleased to hear from you in regard to the matter.

Very truly yours,

E. M. DUFFY,

Secretary.

This letter was received for record.

DR. DAVID KINLEY ELECTED PRESIDENT OF THE UNIVERSITY

At this point, the special committee on the selection of the President of the University presented the following report:

Your Special Committee appointed to make nominations for the presidency of the University, from and after September 1, 1920, respectfully reports and recommends as follows:

It was the purpose of the Committee to make such a study of the field as to recommend to you the best candidate available for this important position. Many of our leading universities are looking for presidents, including Yale, Cornell, Pennsylvania, Cincinnati, Massachusetts Institute of Technology, and Kansas. Such an unusual combination of qualifications are required for a man to assume the leadership of a great university that candidates to fill these many vacancies seem difficult to secure.

Suggestions have been received from a great number of our local alumni associations throughout the States. Great interest has been shown by important graduates of the University in letters and messages received. Leading educators of the country have either been visited personally or communicated with, and suggested names have been carefully considered.

Many of the Faculty of our University have been consulted, and, in fact, the general sentiment of our University and our Alumni has been carefully sounded.

The feeling existing among our Faculty people, and the sentiment in the great body of the Alumni of the University, is that Doctor David Kinley, who has been a member of the faculty for many years, who has served at different periods as Dean of the College of Literature and

Arts, Director of the Courses in Commerce, Dean of the Graduate School, and who since 1914 has served as Vice President of the University, and for the past year has ably administered the affairs of the University as Acting President, is the most desirable selection that can be made.

In permanently retiring from the Presidency, Doctor James has strongly recommended Dean Kinley as his successor, with the statement that "Kinley will carry on the work to greater heights."

Doctor Kinley stands well in educational circles, and has good administrative ability. He is intimately acquainted with the various problems that confront the University, and in our opinion can direct and more largely aid in bringing about their early and favorable solution than any other that we have considered. He appreciates fully that our income is inadequate to even maintain the University in its present state, with the large increase in attendance, to say nothing of the growth and development that we must look forward to in every department. He appreciates the necessity of an important future building program to care for ever increasing numbers and for the demands rightfully made upon our institution by our citizens. He views with serious concern the insufficient salaries of many men and women in our Faculty, and the loss of desirable members of the staff on this account. He is well and favorably known to the people of the State, and to many of those responsible for our State government. With the loyal support of all friends of higher education, Doctor Kinley and the Trustees should secure increased financial support for the University at the next legislative session.

Moved by these considerations, your Committee unanimously recommends the election of Dr. David Kinley as President of the University.

Respectfully submitted,

ROBERT F. CARR, *Chairman*
MARGARET DAY BLAKE
LAURA B. EVANS
FRANCIS G. BLAIR
WM. L. ABBOTT

The Board resolved itself into a committee of the whole to consider this matter in executive session. After full discussion of this report, the Committee rose and announced that the following action had been taken:

On motion of Mr. Trimble, Dr. David Kinley was unanimously elected President of the University of Illinois, to fill the unexpired term of President Edmund J. James, beginning September 1, 1920, with salary at the rate of \$12,000 a year and with the use of the President's house.

Dr. Kinley was called to the room and notified of this action.

At this point, at 1 p. m., the Board took a recess for luncheon.

AFTERNOON SESSION, JUNE 2, 1920

When the Board resumed its session at 2:30 p. m., the same members were present as during the morning session.

Acting President Kinley was present.

DIRECTOR THORNE PRESENTS PLANS

The Board listened to a presentation of the plans for State hospitals and medical research laboratories by the Honorable C. H. Thorne, Director of Public Welfare. Director Thorne stated that, in view of the high cost of building, it would be necessary to put all the available money into the building itself, leaving the furniture and equipment to be provided for at the next session of the General Assembly.

President Carr stated that the Executive Committee had approved the proposal of Director Thorne to use the \$300,000 appropriated for the Clinical Laboratory (p. 490) in this way.

On motion of Mrs. Blake, this action of the Executive Committee was approved.

NEWSPAPER REPORTERS ASK TO ATTEND MEETINGS

The Board listened to the presentation of a request by Mr. J. M. Cleary, 1906, President of the Chicago Illini Club, that newspaper reporters be regularly admitted to the sessions of the Board.

During the presentation of this matter, President Carr was called from the room for a time, and Mr. Ward acted as chairman.

The matter of admitting representatives of the newspapers was discussed, but no action was taken.

MATTERS SUBMITTED BY PRESIDENT KINLEY

The Board resumed its consideration of matters submitted by Acting President Kinley.

LEAVE OF ABSENCE FOR PROFESSOR J. G. MOSIER

(9) A request from Professor J. G. Mosier for a leave of absence for one month for rest and recuperation, which his physician advises. Dean Davenport accompanies the request with a recommendation that the leave of absence be granted with pay.

On motion of Mrs. Evans, this request was granted,

LEAVE OF ABSENCE FOR DEAN K. C. BABCOCK

(10) A recommendation that Dean K. C. Babcock be granted leave of absence, with pay, until his recovery from illness.

On motion of Mrs. Evans, this recommendation was approved.

GIFT OF MONEY FOR TREES FROM PRESIDENT CARR

(11) A statement that President Carr had given the University \$2000 to be used in planting trees along the avenue east of the Auditorium plaisance, and to straighten the sidewalks and the drive in front of the Agriculture building.

On motion of Mr. Blair, this gift was accepted with thanks.

At this point, Mrs. Busey withdrew.

RESIGNATION OF MISS MAMIE BUNCH

(12) A statement that under date of March 30, Miss Bunch addressed Miss Bevier a letter in which she says:

"Since my appointment does not expire until September, 1921, and it seems wise for me to sever my connection with the University at this time, I wish to thank you for six happy years of service under your direction, and to beg you to present to the proper officials my resignation to become effective September 1, 1920.

Miss Bevier in transmitting Miss Bunch's resignation to Dean Dayenport, writes:

"I wish to express what I am sure we all feel, that Miss Bunch came to us at a very difficult time and that she has rendered to the University in the six years excellent service in a difficult and trying situation."

While I have not been intimately acquainted with Miss Bunch's work, since it was not my official duty to know of it until this year, the impression which I have gained is that it has been highly successful. She has carried us through the war period with much credit to herself and the University. Since she feels it best to withdraw, I recommend that her resignation be accepted.

On motion of Mr. Blair, this resignation was accepted with regret.

RESIGNATION OF PROFESSOR C. W. ALVORD

(13) A statement that Professor Clarence W. Alvord, who has served the University in one capacity and another for twenty-three years, resigns from the position of Professor of History on half time, to accept a call elsewhere.

I concur in the recommendation of Professor E. B. Greene, head of the department, and of Assistant Dean Canter, acting for Dean Babcock, that the resignation be accepted. In doing so, I desire to put on record my personal appreciation of the high qualities which Professor

Alvord has shown in the conduct of his work. He has achieved unique distinction in a field of history that was poorly cultivated before he entered it, and he has added much to the reputation of the University by his historical research. We regret much to have him go.

On motion of Mrs. Evans, this resignation was accepted with regret.

PROMOTION OF DR. THEODORE C. PEASE

(14) A recommendation that, on nomination of Professor E. B. Greene, and Assistant Dean Canter, Dr. Theodore C. Pease, Associate in History, be made Assistant Professor of History, on one-half time, beginning September 1, 1920, at a salary of \$1100 a year. The final approval of this recommendation is contingent on Professor Pease's appointment to the position hitherto held by Professor Alvord in the State Historical Library as general editor of the history being prepared by the State Historical Library.

On motion of Mr. Abbott, this recommendation was approved.

Y. M. C. A. LEASE

(15) A recommendation of the Supervising Architect that the Y. M. C. A. building be leased for the year beginning July 1, 1920, at a rental of \$3500 a year.

On motion of Mr. Abbott, the Comptroller was authorized to sign such a lease when the detailed terms shall have been approved by the Acting President of the University.

CORNING GLASS WORKS FELLOWSHIP

(16) A statement that the National Research Council has asked the University to receive Mr. George R. Shelton as the holder of a fellowship created by the National Research Council under the title "The Corning Glass Works Fellowship." The funds for this fellowship are furnished by the National Research Council from money received by its officers from the Corning Glass Works. This particular fellowship is in the Department of Ceramics. There will probably be others suggested in the Department of Chemistry.

In accordance with a recommendation of Dean Richards, Director of the Engineering Experiment Station, I recommend that the University receive such appointees, giving them the status of fellow or half-time research assistant, according as circumstances justify; that they may be given the privileges of the University's laboratories for their work, with the proviso that they shall be charged for materials used, equipment broken or damaged, or new equipment necessary especially for their work, and that the University receive in advance from the National Research Council the money necessary to pay the stipends of these fellows or assistants.

This recommendation was approved.

S. M. A. MEMORIAL FUND

(17) A request for authority to use the money remaining in the Recreation Fund of the U. S. School of Military Aeronautics (\$3028.29) to purchase the largest bell of the chimes proposed for the Library tower; this bell to be suitably inscribed to the S. M. A. and the inscription to be duplicated on a bronze tablet suitably placed on the building.

On motion of Mr. Blair, this request was granted.

DECISION OF JUDGE ADVOCATE GENERAL OF THE ARMY CONCERNING ACCOUNTABILITY OF COLLEGES FOR PROPERTY

(18) The following statement:

I have received notice of a recent decision by the Judge Advocate General of the Army with respect to the accountability of the colleges for property. The decision practically nullifies paragraphs 114, 115, and 117 of War Department Special Regulations No. 44. These paragraphs have authorized replacement of property lost, destroyed, or damaged due to unavoidable cause and without fault or neglect on the part of the institution, or any member of the R. O. T. C.; have permitted a survey in certain instances in order to determine accountability for loss or damaged property; and have not held institutions too strictly to account when they have assumed reasonable care or precaution.

The decision of the Judge Advocate General is to the effect that the Department has no legal authority to modify at all the obligation of the bond "to relieve the obligers of full responsibility for a return of the property loaned in the condition as when received (except for reasonable wear and tear)."

This means that the University will be responsible for loss or damage to federal property in its custody irrespective of its care or the cause of that damage.

This statement was received for record.

DESTRUCTION OF BARN

(19) A statement that on April 19 last, between eight and nine o'clock in the evening, one of the group of barns on the Horticultural grounds was struck by lightning. The tools were gotten out with slight damage, but the stock of feed and bedding stored above was burned. The loss is estimated at \$2500.

Concerning this matter, Dean Davenport writes:

"I must take this occasion to again call attention to my favorite contention. It is of course a logical and sound business policy for the state to assume and carry its own fire risk, but if it is to do this, then it should provide insurance. Falling in that, it throws upon the University not only the entire risk, but also the burden of meeting as best it can and without funds the consequence of these disasters.

"Aside from the ordinary fire risks, which are heavy, this is the fourth building struck by lightning and burned since my association with the University began twenty-five years ago. The fire at the Natural History building was extinguished without putting the building out of commission, but all the other buildings burned as long as there

was anything left that could burn. The destruction of the Chemical Laboratory very nearly destroyed the Chemical Department. Even so, I understand the legislature refused to reimburse the University for the cost of restoring the roof. The Animal Husbandry barn which was burned a few years ago left that department without shelter for its animals. It was obliged to erect such buildings as it could out of its current funds, and that was the beginning of the financial difficulties of the Animal Husbandry Department.

"And now the Department of Horticulture, resorting to every possible device to avoid a deficit the present year, has lost its stock of feed and come within an exceedingly narrow margin of being entirely burned out, so far as its field equipment is concerned. It seems to me that an experience of this kind should be sufficient to cause some kind of provision to be made for the meeting of these disasters, both small and large. If the Agricultural Building should burn today, the University does not possess the means of making any kind of provision for the continuance of our work until such time as a new building could be provided. This sort of playing with fate is, it seems to me, inexcusable on the part of sensible business people."

This statement was received for record.

At this point, Mrs. Busey resumed her seat with the Board.

RULE GOVERNING DELINQUENT STUDENTS— STANDARDS OF INSTRUCTION

(20) A communication from the University Senate:

April 27, 1920

President David Kinley, 355 Administration

DEAR MR. PRESIDENT:

The following is a transcript of the recommendations of the Committee on Educational Policy, looking to the improvement of our educational efficiency under the special conditions prevailing at present, which were adopted by the Senate at its meeting of April 12:

"It is the opinion of your Committee that similar conditions are likely to prevail in the coming academic year and it is therefore recommended that no new courses requiring additional instructors be planned or offered; that the less important courses be temporarily withdrawn; and that the number of advanced courses be reduced to the lowest practical minimum. (Courses replacing present courses should not be regarded as "new.")

"Your Committee further recommends that a serious effort be made to reduce the size of the sections to such a number as will enable the instructor to supervise and conduct his classes more effectively and to get better acquainted with his individual students. We believe that in sections conducted by a single instructor the number enrolled should not exceed thirty.

"We believe that conditions demand a more rigid enforcement of the rules governing the cases of delinquent students to the end that poor and indifferent students be eliminated as promptly as possible. Believing that the term of probation is often unnecessarily long, your

Committee recommends the adoption of a rule to the effect that a student who fails in any semester to carry at least six hours of the work for which he is registered (Military and physical training not included) shall be dropped. (Such a rule in force during the past semester would have increased the number dropped from 188 to 295.)

"It is urged that the authorities of the University use such expedients as are in their power to increase the revenues of the University. Your Committee has considered favorably these two measures: (a) to increase incidental fees sufficiently to bring their actual value up at least to what it was in January 1917; (b) to postpone if possible for a year some of the new enterprises to which the University may be committed in order that the funds that might be used in these undertakings may become available for salaries.

"Your Committee is further of the opinion that a substantial increase in salaries is necessary if the abler and more efficient men are to be retained on the various faculties. We believe that the members of the University staff should be informed of the conditions under which they may reasonably expect promotion; and we therefore recommend that a definite salary schedule be adopted and published with a normal minimum salary for each grade and rank."

Sincerely yours

C. M. McCONN
Clerk of the Senate

On motion of Mr. Blair, seconded by Mrs. Evans, this communication was received for record. It was the opinion of the Board that the rule concerning delinquents should not be changed at this time.

AMENDMENT OF COMMERCE CURRICULUMS

(21) A recommendation of the University Senate that Economics 8 and 9 be dropped as required subjects in all the curriculums of the College of Commerce and Business Administration, except the curriculum in banking.

This recommendation was approved.

INDIVIDUAL INSTRUCTION IN INTRODUCTORY MUSIC ABOLISHED

(22) A recommendation of the University Senate that all introductory courses in music involving individual instruction be progressively abolished. That after September 1, 1920, the first-year courses (numbered 41a and b, 51a and b, 61a and b, 71a and b, and 92a and b) be abolished. That after September 1, 1921, the second-year courses (numbered 41c and d, 51c and d, 61c and d, 71c and d, and 92c and d) be abolished. That after September 1, 1922, the third-year courses (numbered 41e and f, 51e and f, 61e and f, 71e and f, and 92e and f) be abolished.

In the place of these discontinued courses it is recommended that classes be established to continue the second and third year work; that no person be eligible for these classes who has not had at least one year of previous study in the practical study chosen; that these classes recite

one hour per week and receive one semester credit, and that the number of these classes be limited to a maximum of two for each instructor in applied music. It is the sense of the School of Music faculty that the number of students in each class should normally be four and that the maximum should be six.

On motion of Mr. Blair, this recommendation was approved.

ENTRANCE REQUIREMENTS, COLLEGE OF MEDICINE

(23) A recommendation of the University Senate that the entrance requirements of the College of Medicine as stated on page 77 of the Annual Register for 1919-20 be amended by the omission of the second sentence of "Note 1," giving the following reading for this note:

"Note 1: *Physics*.—At least two of these eight semester hours must consist of laboratory work."

This recommendation was approved.

CURRICULUM REQUIREMENTS IN ENGINEERING

(24) A recommendation of the University Senate that hereafter the minimum requirements for non-technical electives for the various curriculums in the College of Engineering be reduced from 9 hours to 6 hours.

This recommendation was approved.

EXTRA CREDIT FOR APPLIED MUSIC

(25) A recommendation of the University Senate that the entrance requirements of the University be amended by the addition of "List C," as given on page 70 of the Annual Register for 1919-20, of the subject of

Applied Music-----36 weeks-----1 unit

subject to the provision that one credit in theoretical music is offered at the same time and that these courses shall have been preceded by two years of high school music.

This recommendation was approved.

CHANGE IN THE UNIVERSITY TELEPHONE SERVICE

(26) A report from Professor James M. White, Supervising Architect, that the Central Union Telephone Company has declined to continue longer the service between our automatic telephone system and the city switchboard, for which we have been paying \$400 a year. We have 528 automatic instruments through which that service has been available. Professor White quotes the chief engineer of the Central Union Telephone Co. as of the opinion that our automatic equipment is obsolete and undesirable from a maintenance point of view. Professor White is of the opinion that we cannot furnish good city and long distance service through it, but that it should furnish good intercommunicating service on the campus for some time. It represents an investment of about \$50,000. The cost of the present telephone service is described by Professor White as follows:

49 Bell phones with 28 extensions, and the branch exchange in the Residence Hall.

39 2-party lines at \$3.75 a month.....	\$ 146 25
10 1-party lines at \$3.75 a month.....	45 00
29 Extensions at \$1.00 a month.....	29 00
1 Private branch exchange—a month.....	32 00
	<hr/>
	\$ 252 25
Cost for 12 months.....	3 027 00
Deduct 4 phones not paid from University funds.....	225 00
	<hr/>
<i>Net annual cost</i>	\$ 2 802 00
4 Automatic direct from Champaign switchboard.....	126 00
Annual rental on Automatic trunk lines to University switchboard.....	400 00
	<hr/>
<i>Total rentals</i>	\$ 3 328 00
Estimated operating and maintenance cost of the University Automatic system for this year with 387 phones and 141 extensions in service.....	\$ 2 000 00
	<hr/>
Total annual cost of present service.....	\$ 5 328 00

Professor White submits three different plans for possible future arrangements with the Telephone Company.

Plan 1. To replace our present equipment with a 2-wire system and dispense with all Bell telephones. This plan would mean a total annual rental of \$18,121.

Plan 2. To continue on our present basis, maintaining our present equipment, but paying a service charge on each of our stations for the city service. This arrangement would not give satisfactory long distance service so that part of the Bell telephones would have to be continued. If we keep half of them, the total expense of this plan would be \$10,967.

Plan 3. To disconnect our automatics from the city switchboard and use them for campus service only, using a sufficient number of Bell telephones for outside calls. Professor White points out that we should have to add several more phones so as to have one in each of our main buildings.

If we suppose that 62 Bell phones and 29 extensions will furnish sufficient outside service, this third plan would mean an annual expenditure of \$5540, as against the present annual expenditure of \$5328. Of course that would mean a considerable curtailment of outside telephone service, and doubtless many complaints will come in from members of the faculty. I cannot believe, however, that any serious difficulty in the conduct of strictly University business will be brought about by this arrangement. It may be necessary to add somewhat more than 62 Bell phones and 29 extensions, but in any case we ought to be able to get service under this third plan reasonably satisfactory all round for a maximum of \$6500 a year. This would be about \$1200 more than our present expense, and would give us a total of 91 phones (including 29 extensions) with outside connection.

I recommend that Plan 3 approved by the Supervising Architect be adopted; that he be authorized to make such additions of Bell telephones as are necessary, not to exceed 100, including extensions, each additional new telephone to be installed only on the recommendation of the Supervising Architect and the approval of the Acting President of the University.

On motion of Mr. Abbott, this recommendation was adopted.

RETENTION OF PROFESSOR BEVIER

(27) In February Professor Bevier presented her resignation which she desired to have take effect at the end of the academic year. Miss Bevier has rendered and is rendering an exceedingly valuable service to the University, and it has seemed very desirable to me to retain her on our staff for another year if possible.

I recommend that Professor Bevier's salary be fixed at \$4500 for next year and that the Acting President be authorized to grant her permission to return to Urbana a little late in the fall as she desires and to leave somewhat before Commencement.

On motion of Mrs. Blake, this authority was granted.

At this point, Mr. Trimble withdrew.

CAMPUS PLANS

Mrs. Blake presented the following report from the Commission on the Development of the Campus:

At a conference held with the faculty April 17 the question of the segregation of the junior college from the University was presented as a very important question confronting the University and one affecting directly the campus development.

The question of the probable rate of increase of the student body over the next ten years is one that bears directly on our problem. For instance the junior college comprises five sevenths of the total registration. Is this proportion likely to continue?

The conference left the question in a very tentative way. The campus plan commission respectfully asks that the Board of Trustees take this matter up with the faculty and report their decision to the Commission as it will affect their problem very materially.

Very truly yours

MARGARET DAY BLAKE

Chairman of Campus Plan Commission

The Acting President of the University was requested to investigate this matter and to make a report to the Board.

AUTHORITY TO CONFER DEGREES

On motion of Mr. Blair, the Acting President of the University was authorized to confer degrees at Commencement on such candidates as may be duly recommended by the faculty.

TIME OF JUNE QUARTERLY MEETING

On motion of Mr. Blair, the June quarterly meeting of the Board was postponed from Tuesday, June 8, to Tuesday, June 15, at the University.

President

QUARTERLY MEETING, JUNE 15, 1920

The quarterly meeting of the Board of Trustees of the University of Illinois was held at the University, in Urbana, at 9 o'clock a. m. on Tuesday, June 15, 1920.

The following members were present: President Carr, Mrs. Blake, Mrs. Busey, Mrs. Evans, Mr. Hoit.

DR. KINLEY ACCEPTS THE PRESIDENCY

President Carr read the following letter from Dr. David Kinley, accepting the office of President of the University.

June 14, 1920

Hon. Robert F. Carr, President, Board of Trustees

DEAR MR. CARR:

I received duly your letter tendering me the presidency of the University of Illinois for the unfinished term of President James, from September 1st, 1920, to March 1st, 1921. Needless to say, I appreciate to the full the confidence which the Board of Trustees shows in me by electing me to this high office, and appreciate too, the honor which their election confers upon me.

I have given the matter my best thought. I am sincere in saying that it has seemed to me extremely doubtful whether it would be wise on my own account or that of the University for me to accept the honor. Personally, I would be glad to retire to my professorship and leave the burden of administration to some one else. But the expressions, practically unanimous, of all those whose opinion I care most for, have certainly removed any thought that I might have had that I might not have full and hearty support in the office of the president, and make me feel that I would be less generous and less confident of the future of the University than my friends are if I did not respond to their warm words of appreciation, encouragement, and desire.

Therefore, I have decided to accept your offer of this high office, and thank you, and, through you, the Board of Trustees, for the honor of the appointment and for the opportunity to show still further my affection for the University of Illinois, and confidence in a greater future for it. I cannot tell you how deeply touched I have been by your action and by the very many friendly messages that have reached me from all quarters of the country since your action became known.

It may not be out of place in this connection to say a word about my own views of the early needs of the University. It is clear that we must have a higher salary scale. It is equally clear that we must resume our building program at as early a date as possible. Your Campus Plan Committee is sketching out a great ideal for whose realization in time we all hope. Immediate necessities must, however, be considered at the same time. It is my belief that the building needs of the next three or four years, the pressing need for laboratory, classroom and shop space, can be met without interfering at all with the

great plan of development which your Board and its committee on this matter have in mind. I am in the fullest sympathy with all efforts to improve our campus, both in its ground plan and its architecture. The contemplation of our future needs and the possibilities of our future growth leads our minds far beyond anything that the University now has. We shall fall short in our preparation for the early development of the University if we do not dream very largely for its remoter future development. Therefore, I rejoice in the consideration of our so-called Campus Plan.

Our need for laboratory and classroom space within two years may make it necessary to adopt a building program of both temporary and permanent construction. If so, I suggest that it may be well for us to consider soon the erection of buildings of such construction that by the end of ten or fifteen years they will be useless, while in the meantime we are erecting some of the more monumental, permanent buildings that are a part of the programs of all of us.

On the educational side it will be necessary for us to look forward early to a large development in the Colleges of Engineering, Agriculture and Medicine, while at the same time making adequate provision for other colleges whose need for building and equipment may not rise to so large a figure as the three that I have just mentioned. I have particularly in mind the better support of the Colleges of Commerce and Education. We shall need also to do something more for the College of Law, the School of Music, and the Library School; and of course, it goes without saying, that we must keep step with the needs of the State and the country in our department of Literature, Arts and Sciences. In short, our immediate future development calls for programs of virtual renewal of the plant and equipment of the first three colleges; provision for reasonable development of the others mentioned to meet the demands that come upon us; a better salary scale, and at the same time a permanent and semi-permanent plan of campus and building development looking as far into the future as we can wisely plan.

It will be necessary for us in the fall to submit our University budget for the next biennium. A committee of members of the faculty appointed by myself has been at work for some months getting together the necessary data, and will soon make suggestions to me on the needs of this budget. Early in the fall, therefore, I hope to lay before you what will be, in my mind, a reasonable series of propositions to lay before the Legislature.

With renewed thanks and assurances of the devotion of my best energies and thought to the great work that you have laid out for me, I am, with great respect,

Very truly yours,

DAVID KINLEY

EXECUTIVE COMMITTEE MEETING, JUNE 15, 1920

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the University in Urbana, on Tuesday, June 15, 1920, immediately following the adjournment of the meeting of the Board on the same day.

Mr. Robert F. Carr, chairman, and Mr. Otis W. Hoit, a member of the Committee, were present; also Mrs. Margaret D. Blake, Mrs. Mary E. Busey, and Mrs. Laura B. Evans, members of the Board.

Acting President Kinley was present.

MATTERS SUBMITTED BY ACTING PRESIDENT KINLEY

The Executive Committee considered the following matters submitted by the Acting President of the University.

CALL EXTENDED TO DEAN C. R. RICHARDS

(1) A statement that Dean C. R. Richards, of the College of Engineering, has had an offer from another university of the deanship of its college of engineering, at a salary of \$10,000 a year. I recommend that I be given authority to make such arrangements with him as will assure his retention here, by meeting, if necessary, the financial offer of the other institution.

This recommendation was approved.

LEAVE OF ABSENCE FOR PROFESSOR BLOOMFIELD

(2) A request from Dr. George E. Vincent, Chairman and General Director of the Rockefeller Foundation, that leave of absence without pay for two years be granted to Assistant Professor Leonard Bloomfield, to enable Dr. Bloomfield to undertake certain work in the language department of the Peking Union Medical College.

This request was granted.

BUDGET, FEDERAL BOARD FOR VOCATIONAL EDUCATION

(3) A request for the approval of the following budget for the summer work in vocational education of disabled soldiers for the Federal Board; and also a request for authority to renew the contract with this Board for the coming year.

SOCIAL HYGIENE BOARD FELLOWSHIPS IN CHEMISTRY

(4) A recommendation from the Executive Faculty of the Graduate School that \$3,000 of the \$3,500 fund accepted by the Board of Trustees January 16, 1920, (page 667), from the U. S. Interdepartmental Social Hygiene Board be expended in establishing three \$800 fellowships and one \$600 fellowship in Chemistry; and "that the holders of these fellowships be given the same privileges as holders of University fellowships or persons holding the DuPont or Carr Fellowships in Chemistry."

I recommend the approval of these recommendations, except that the appointees of these fellowships should be required to pay for materials used and special equipment provided.

These recommendations were approved, with the exception mentioned by the Acting President.

¹Short course in Farm Tractors June 8 to 10.

²To be charged to surplus from regular session 1919-20, estimated \$1,000.

STIPENDIUM OF CARR FELLOWSHIP INCREASED

At this point, President Carr announced that he had decided to provide the means to increase the stipendium of the Carr Fellowship in Chemistry to \$750 a year.

This gift was accepted with thanks.

DEGREES TO BE CONFERRED AT END OF SUMMER SESSION

(5) A recommendation of the University Senate that degrees be conferred at the end of the Summer Session of 1920 on certain students provided these students complete certain specified work as indicated in the list.

This recommendation was approved.

REVISED SCALE OF LABORATORY FEES

(6) Revised schedules of laboratory fees recommended by the Council of Administration for the various departments, and also a revised laboratory fee for the College of Medicine recommended by the authorities of this school.

LEAVE OF ABSENCE FOR PROFESSOR MOSIER

(7) On the request of Professor Mosier and the recommendation of Dr. Burlison and Dean Davenport, I ask your approval for leave of absence on one-half pay for Professor Jeremiah G. Mosier, beginning July 1, 1920, and extending to June 30, 1921.

This request was granted.

LEAVE OF ABSENCE FOR PROFESSOR JAMISON

(8) At the request of Professor A. W. Jamison, forwarded with the approval of Assistant Dean Rankin and Dean Davenport, I recommend the granting of a leave of absence without salary for Professor A. W. Jamison for the coming academic year, beginning September 1, 1920, for purposes of further study.

This request was granted.

REQUEST TO HEAT UNITARIAN CHURCH

(9) A request from the authorities of the Unitarian Church, Urbana, through Professor J. Lawrence Erb, that the University heat their church in return for the use of their organ by the School of Music for the purpose of teaching and practising.

The Legal counsel of the University writes: "I am pleased to report that I do not think the Board of Trustees has legal authority to enter into a contract to furnish heat to any church or association located off the grounds belonging to the University."

I recommend that the request and the opinion of the counsel in full be printed in the records, and that the correspondents be informed that the proposition cannot be entertained.

The recommendation of the Acting President was approved.

APPOINTMENT OF HON. E. E. GORE TO BOARD OF ACCOUNTANCY EXAMINERS

(10) On recommendation of the University Committee on Accountancy, I recommend the appointment of Hon. Edward E. Gore, C. P. A., of the firm of Barrow, Wade, Guthrie and Co., of Chicago, as a member of the Board of Examiners in Accountancy for the term of three years beginning July 1, 1920, to take the place of Mr. R. O. Berger, whose term expires June 30.

This appointment was made.

RESOLUTIONS CONCERNING TEACHERS OF CHEMISTRY

(11) A communication from Professor Noyes, transmitting resolutions of the American Chemical Society with regard to the present difficulty of securing suitable teachers of chemistry.

I recommend that the record show that these resolutions have been read and presented, and that the Secretary of the Board express the thanks and sympathy of the Board to the communicants through Professor Noyes.

This recommendation was approved.

DOCTORATE TO BE CONFERRED FOUR TIMES A YEAR

(12) A recommendation from the University Senate that the degree of Doctor of Philosophy be conferred four times a year, in August, October, and February, as well as in June, to conform to our practise in conferring other degrees.

This recommendation was approved.

CHANGE IN GRADUATION REQUIREMENTS

(13) A recommendation of the faculty of the College of Commerce, approved by the University Senate, to require for graduation in the accountancy curriculum two new courses, Cost Accounting and Systems, four hours, Income Tax Procedure, two hours.

This recommendation was approved.

CHANGES IN THE GRADUATION REQUIREMENTS IN FLORICULTURE

(14) A recommendation of the University Senate that the requirements for graduation in the curriculum in Floriculture be amended as follows:

- (a) That Horticulture 4 be reduced from 4 hours to 3 hours.
- (b) That Horticulture 5 be reduced from 5 hours to 3 hours.
- (c) That the work of Horticulture 15a, 15b, and 30, 15 hours in all, be reduced to 12 hours and be reorganized and offered as Horticulture 15a, 15b, 15c, and 30.
- (d) That Horticulture 43, Greenhouse Fertilizers, Horticulture 45, Plant Nutrition, and Business Organization and Operation 1 be added to the required work.
- (e) That Economics 1 be substituted for Economics 2 as required work.

This recommendation was approved.

PROFESSOR E. L. BOGART MADE HEAD OF DEPARTMENT OF ECONOMICS

(15) A request from Professor Weston to be relieved of his duties as Acting Head of the Department of Economics. With the approval of Dean Thompson I recommend that the request be approved and that Professor E. L. Bogart be made head of the Department of Economics, beginning September 1, 1920, and that his salary be made \$5,000.

RESIGNATION OF MR. LEW R. SARETT, AND PETITION OF STUDENTS

(16) A letter addressed to the President of the Board, from Mr. Robert P. Shonkwiler, a letter from four students representing the student organizations, and a petition forwarded by Mr. W. I. Boutwell, of the Illini, containing several hundred names, all expressing the desire that Mr. Lew Sarett be retained at the University, or brought back as early as may be. The expressions of affection and regard for Mr. Sarett from students of the University have been numerous and strong. I sympathize with the students' point of view, and their desire to have Mr. Sarett continued on our staff. Nevertheless, for reasons which I have explained to some of the students, and which Mr. Sarett and others concerned fully understand and appreciate, the way is not clear at present for us to take the steps requested. It is my hope, as it is that of the students, that at a not too distant day we may see Mr. Sarrett's name again on our faculty list.

This statement was received for record.

RULES FOR ACCOUNTANCY EXAMINATION CHANGED

(17) A recommendation from the University Committee on Accountancy that Rule 33 governing the C. P. A. examinations be amended to read as follows:

33. A candidate *who passes in Theory of Accounts, Practical Accounting, and one of the other required subjects* and who presents himself at another examination held by the University within one year may have the option at that examination of (1) writing anew on all four subjects or (2) being credited for the subjects he has passed in the previous examination with the grades made in that examination and writing only on the one subject in which he previously failed. A candidate who, having chosen the second of these options, fails again in that subject will be required, in case he subsequently appears for examination, to write on all four of the prescribed subjects.

This recommendation was approved.

C. P. A. CERTIFICATES GRANTED

(18) A report that on recommendation of the University Committee on Accountancy C. P. A. certificates have been issued to Mr. Bryon B. Price and Mr. John Willard Anderson.

This report was received for record.

SHARPLES PRIZE SCHOLARSHIP

(19) A letter from Mr. Dale E. Andrews, advertising manager of the Sharples Separator Company:

May 4th, 1920

Mr. Eugene Davenport, University of Illinois, Urbana, Illinois

DEAR SIR:

This is our formal offer to your school of the Sharples Scholarship, concerning which we have had some correspondence, and I am enclosing an outline of the provisions we would want made for the scholarship.

The amount of the scholarship will be \$500 a year and the scholarship will be awarded to the young lady as chosen by a committee appointed by your college to make such a selection. We think it advisable that this be a senior scholarship, awarded to a girl at the completion of her junior year, though, in case you should decide that it would be better, in your particular section, to make it a graduate scholarship, awarded at the end of the senior year, we would, of course have no objections. You will notice that our provisions as outlined are, more or less, general and you could, of course, work out the details as you thought best, considering the course of study which you have to offer.

Your formal acceptance of this scholarship is all that will be required, though we would, of course, want to be notified as to the winner and would appreciate a full report as to just how the award is to be made.

Yours very truly,

THE SHARPLES SEPARATOR COMPANY,

DALE E. ANDREWS,
Advertising Manager.

CONDITIONS

Realizing the importance of the dairy industry in our national affairs and the desirability of encouraging young women to take a more active part in the development of this industry, Mr. P. M. Sharples, President of the Sharples Separator Company, West Chester, Pennsylvania, desires to encourage such an interest by the award of a scholarship to be known as the Sharples Prize Scholarship. It is the purpose of this scholarship to encourage young women not only to make a study of the production of dairy products and their value as food, but also to equip them to engage in a public service work after graduation that would assist in the education of the American public to the necessity of a greater and more intelligent consumption of all dairy products. Following are the provisions of the Sharples Prize Scholarship, the details of which are to conform to the requirements of the individual college:

1. The scholarship is to be known as the Sharples Prize Scholarship.
2. The amount of the scholarship will be \$500 yearly.
3. The Sharples Scholarship is to be a senior scholarship, to be awarded to a young woman at the completion of her junior year. Applications may be considered from those who have completed five terms and the details of the award are to be determined by the scholarship committee appointed by the college.
4. Any young lady in the college, whether she be enrolled in the agricultural, dairy, or home economics department, is eligible for the scholarship. It is suggested that the award be made by a committee appointed by the faculty of the College of Agriculture to applicants, on the recommendation of the departments of home economics and dairy industry, on the basis of scholarship, moral character, special training, and special fitness for responsibility in the dairy field.
5. The purpose of this scholarship is to encourage women to enter the field of the dairy industry, especially along educational lines, and the winner of the scholarship should assure the committee that at least one year following graduation will be devoted to public service work along such lines.

6. It is, of course, highly desirable that the winner of the Sharples Scholarship elect special dairy subjects during her senior year, such courses as would enable her to be familiar with the production and manufacture of dairy products and their place as prime foods in the American diet. It is also desirable that the winner of this scholarship should have training in public speaking and that the applicant should agree to take, during her senior year, such of these courses as she has not previously covered. She should submit her senior schedule to the scholarship committee for their approval.

7. The Sharples Scholarship may be revoked at any time, in case two-thirds of the scholarship committee present at any meeting, notice having been given at the regular meeting immediately before, shall decide that the holder has been guilty of negligence or failure to comply with the conditions of the scholarship or of conduct of any kind that is unbecoming a student holding such scholarship. Whenever this scholarship shall, for any reason, become vacant, the vacancy may be filled as the faculty scholarship committee shall determine.

8. A full report covering the award of the scholarship at the time such an award is made is to be made by the scholarship committee to Mr. P. M. Sharples, of the Sharples Separator Company. This report should cover in detail the provisions for the scholarship as made by the scholarship committee.

This scholarship was accepted, subject to the conditions given above, and with the understanding that the full amount will be paid in advance, at the beginning of each year, to the Comptroller of the University.

REPRINTING "FACTS FOR FRESHMEN"

(20) A request for authority to reprint Dean Clark's handbook entitled "Facts for Freshmen".

This authority was granted.

DIRECTOR OF PUBLICITY

(21) A request for authority to appoint Mr. J. F. Wright Director of Publicity for one year, beginning September 1, 1920, at a salary of \$2500, to be paid from the budget item of \$5000 for publicity, and to assign for the expense of the work the balance of this budget item.

This authority was granted.

PETITION FROM AMERICAN LEGION

(22) A petition from the American Legion, Post No. 24, that the north end of Illinois Field be deeded to Champaign County Board of Supervisors to be used as the site for a County Community Memorial Building.

Judge Harker is of the opinion that the Board has no authority to donate this land or to sell it for a nominal price.

The Acting President was requested to inform the petitioners of the opinion of the Legal Counsel.

REPORT OF PROGRESS ON CAMPUS PLANS

Mrs. Blake presented a report of progress on the campus plans drawn up by the Consulting Architect, Holabird and Roche.

Acting on authority from the trustees of the University of Illinois, we, during the past several months, have been studying a campus plan for the University. For the past few months we have worked under the direction, and with the assistance, of the special commission appointed from the Board of Trustees and the Faculty. In these studies we have had the cooperation of Professor James M. White, who has furnished us with valuable data, has advised with us in reference to various ideas and schemes that have been under consideration during previous years, and has assisted in coordinating the proposed scheme with existing conditions.

The general scheme as now developed contemplates the continued growth southward. Ultimately, the land occupied will include the ridge which extends in an east and west direction across the University farm. This ridge, with the intervening high points, has sufficient variation in elevation to permit an interesting landscape development and provide building sites having a beautiful outlook on the surrounding country. Sketches have been made expressing this general scheme in a comprehensible way, and these are being used in studying the correlation with the existing plant.

In solving this problem of preparing a comprehensive plan for future growth, it has been our aim, first, to establish the ultimate ideal as to location and general arrangement, disregarding almost wholly all temporary difficulties and physical obstructions. With this ideal fairly well established, the scheme is being modified to meet the major difficulties that would interfere with its consummation. The minor difficulties, and especially those of a temporary nature, can doubtless be overcome as the detailed plans are developed.

Professor White's last study of the campus development included the area between the auditorium and the cemetery. As a result of our combined efforts we have arrived at an arrangement of the various colleges in what might be termed their eventual positions. This study has shown that Professor White's arrangement of the south campus requires but slight modification in order to properly connect with the ultimate development farther south. Although the required modifications are slight in amount, they are very vital in importance because the wrong location of a building might seriously interfere with the development of the ultimate plan. This shows the absolute necessity of having the general study on the broadest possible basis before additional buildings could properly be placed. This point is entitled to the greatest emphasis, as the placing of such a building as the Library or other important structure, if not in harmony with the ultimate scheme, would create a situation that could not be rectified. It is for the purpose of solving just such a question as the Library site that the whole development of the campus scheme is made.

The growth of the University will require the transfer of various departments from their present location to new locations. Professor White is at the present time making a detailed study of the situation of the various departments in reference to this transition period. It is believed that in this transition and growth it will not be necessary to remove or abandon any existing buildings until they have passed their period of usefulness. In connection with this study of Professor White, we feel that provisions for immediate growth can be taken care of by the building permanent structures on the south campus, rather than by adding to the present old buildings or by erecting temporary structures.

Inasmuch as the campus plan is designed to direct the growth of the physical portion of the University for years to come, its adoption should not be looked upon as a program requiring the early expenditure of large sums of money, but should be viewed as a means of governing the placing and the construction of buildings and facilities as they are required from year to year by the development of the University, to the end that the University will in its final development conform to the comprehensive plan now to be established. The adherence to this plan, and the elimination of questions of temporary expediency, will assure the proper location of all buildings, planting, roads, and other facilities, thus leading toward the ideal ultimate development, without the expenditure of any greater sums than would be required for a haphazard growth.

When the ideal solution has been analyzed sufficiently to establish its merit and to show that it represents a practicable development from the present situation, it can be adopted by the Commission. When so adopted, we can then proceed with the study of details and the preparation of drawings required for record and for properly presenting the scheme to the Trustees, the legislature, and the public. On the assumption that the Commission will be able to approve the general scheme within the next month or six weeks, it is our expectation to complete the presentation drawings by November of this year.

Of the utmost importance in the study of the campus development is the question of roads, trees, planting in general, approaches, etc. It is our intention to engage the services of the best landscape architect available to assist in working out the details of this work. As the landscape work generally will be somewhat in advance of building construction, it is of great importance that it be developed in the general plan.

The problem when first presented appeared to be fraught with considerable difficulties, but as it has been studied these difficulties become less formidable. It is a fortunate circumstance that the property which is needed for the development is, for the most part, already in the possession of the University, and available for this use. This property is in the direction of the natural expansion of the University, and includes the high ridge to the south of the present development which forms an ideal site for the University. The harmonizing of the present development and of the plans which had previously been developed for the growth of the University with the proposed ultimate growth that we are planning, appeared at first to be a very difficult matter, but as now developing it is found that the plans which had been developed previously require but slight modification to fit into the ultimate scheme. And furthermore, it seems that existing buildings can continue in service so long as they are physically fit.

The plan has now developed far enough to convince us that the physical property of the University can be directed in its growth so that each new building will be a step toward an ultimate ideal. This ideal, when accomplished, offers the possibility of making the campus of the University of Illinois the finest in the country.

Respectfully submitted,

HOLABIRD & ROCHE

Architects

On motion of Mr. Hoit, Professor J. C. Blair was appointed a member of the Commission on the Development of the Campus Plans, in place of Mr. G. A. Huff, who declined to serve.

The Executive Committee adjourned.

URBANA, ILLINOIS, July 27, 1920

I certify that in the foregoing pages numbered from 767 to 857 inclusive, is contained the record of the Board of Trustees of the University of Illinois at the meetings of June 2, and June 15 1920, as approved and received for record by the Board July 26, 1920.
