MEETINGS OF COMMITTEE ON BUILDINGS AND GROUNDS

The Secretary presented for record reports of two meetings of the Committee on Buildings and Grounds, held on February 26 and March 2, 1921.

A meeting of the Buildings and Grounds Committee was held in the Trustees' Room at the University of Illinois, Saturday, February 26, 1921. Present: W. L. Abbott, chairman; Mrs. Blake, Mrs. Evans; and Mrs. Busey, who was invited to sit with the Committee.

The Committee authorized the purchase of a lot on Gregory Street in Champaign, at a price not to exceed One Thousand Dollars (\$1,000.00).

The Committee gave consideration to certain necessary improvements in our campus and buildings, and indicated that they would be glad to have more complete plans and specifications prepared for the following projects with a view to their later approval, if funds should be available:

- (1) Additional lockers and showers in the Women's Gymnasium.
- (2) Moving the Physical Plant storeroom to the old Boiler House.
- (3) The installation of a water-purifying plant, including additional water mains and pumps.
- (4) A steam tunnel connecting the new boiler house with the tunnel to the South Campus.
- (5) The ventilation of the Auditorium and also of the large lecture rooms on the Campus.
- (6) Improvements in the lighting of certain buildings, including outside lighting fixtures, and extensions of the campus lighting system.
- (7) The completion of the wide concrete walk which now extends half way from University Hall to the Co-op corner, and the concreting of the walks in front of the Men's Gymnasium.

The Committee also approved the proposed location for the 500 k.w. turbo-generator.

JAMES M. WHITE

Secretary pro tempore

March 2, 1921

Mr. Robert F. Carr, President, Board of Trustees

DEAR SIR:

The Buildings and Grounds Committee had a meeting in the office of Holabird, & Roche in Chicago on March 2nd, during the recess of the Campus Plan Commission, at which meeting were present Mesdames Blake, Busey and Evans, and Messrs. Roche, Holabird, Professors Blair and White, and Mr. Abbott.

At this meeting Mr. Holabird stated that the cost of their latest and recommended design for the Horticulture Building would be as follows:

Main Building.....	\$225,000.00
Refrigeration.....	20,000.00
Furnishing.....	22,000.00
Water and Power.....	20,000.00
Grading.....	2,000.00
<i>Total</i>	<i>\$289,000.00</i>

Professor Blair stated that he understood that the stables were to be included in the design, and he felt that they were imperatively needed. The estimated cost of the stables being \$35,000.00, would make the entire cost for the group \$324,000.00.

The Committee understands that there is in the treasury a balance of \$9,000.00 from a previous appropriation, which may be applied toward the construction of this group, in which case \$280,000.00 additional would be needed for the construction and equipment of the main building, and for which the Board has made an appropriation of \$260,000.00.

If the item of furnishings, \$22,000.00, or the item of water and power, \$20,000.00 could be taken care of from some other fund, the \$260,000.00 would be sufficient for the main building and its equipment. There would, however, remain the item of \$35,000.00 for a stable, and which Professor Blair represents is urgently needed.

The Committee considered the expediency of suggesting some different plan, which might be constructed at a lower cost, but, as it appeared that any other plan of the same grade of construction and requirements would not reduce the cost more than \$5,000.00 to \$10,000.00, it did not consider such change would be warrantable for the sake of economy.

Respectfully submitted,
W. L. ABBOTT
Chairman

PURCHASE OF LOT IN CHAMPAIGN

The Secretary also presented for President Abbott a report from Professor J. M. White, Supervising Architect, to the effect that lot 159 in College Place, Champaign, had been purchased from Mr. O. Allen for \$950 cash.

This report was received for record.

At this point, Governor Small and Mr. Herbert withdrew.

SITE OF STADIUM

On motion of Mrs. Blake, the following recommendations of the Campus Plan Commission were adopted:

First, that the proposed stadium be built on University property between First Street and the right-of-way of the Illinois Central Railroad; and, second, that certain additional land be acquired by the University as soon as possible.

SCOPE OF CAMPUS PLAN COMMISSION

On motion of Mrs. Blake, the following ruling was adopted:

The Campus Plan Commission shall, in conjunction with the Supervising Architect of the University, study and make recommendations to the Board of Trustees concerning permanent campus development and the location of buildings and, in conjunction with the Supervising Architect of the University and the architects employed to design any building authorized by the Board of Trustees shall make recommendations to the Board of Trustees with reference to designs for said buildings.

In the preparation of studies and the development of the designs, the Supervising Architect of the University and such members of the Faculty concerned as may be appointed by the President shall represent the President of the University.

MATTERS SUBMITTED BY PRESIDENT KINLEY

The Board considered the following matters submitted by the President of the University.

RESIGNATION OF PROFESSOR S. A. FORBES

(1) The resignation of Professor Forbes.

March 4, 1921

President David Kinley, Administration Building
DEAR PRESIDENT KINLEY:

I have the honor to tender my resignation as Professor of Entomology in the University of Illinois, to take effect July 1, 1921. I am moved to this action by a conviction that the Department of Entomology needs, for its best interests, a professor at its head who can share actively in its teaching, and who will make its welfare the main object of his academic life, a thing which I have been for some time unable to do because of my responsibilities to the state as Chief of its Natural History Survey. These responsibilities are increasing rapidly as new subjects are added to our program and as the work progresses from the simpler to the more complex and difficult problems in our field. I have also a considerable quantity of personal research work in hand on which I have done a good deal that is likely to be lost unless I put myself in position to finish it while there is yet time.

I shall not attempt to express to you the deep regret with which I shall sever my official relations to the University of Illinois, after thirty-six years of active service on its faculty; but I hope that I may still find many fragments of time at my disposal which I can use to some advantage in its interest.

Sincerely yours,
STEPHEN A. FORBES

On motion of Mr. Noble, this resignation was accepted, and Dr. Forbes was appointed Professor of Entomology, *Emeritus*, beginning July 1, 1921. The President of the University was requested to express to Dr. Forbes the appreciation of the Board of Dr. Forbes's long and distinguished service, and its regret at his resignation.

PORTRAIT OF PROFESSOR ISABEL BEVIER

(3) The following statement:

Several years ago the Home Economics alumnae initiated the movement to have a portrait of Professor Isabel Bevier painted for presentation to the University in recognition of her services as Director of the Home Economics Department. The matter was recently pushed to a conclusion. Mr. Louis Betts of New York City was chosen as the artist, and the portrait is now completed. Miss Ada E. Hunt of the Department of Home Economics is chairman of the committee, and for the committee and the alumnae of the Department offers the portrait to the University.

By virtue of the authority the Board has given me in such matters, I have accepted it in the name of the University.

On motion of Mrs. Busey, this portrait was accepted, and the President of the University was requested to express to the donors the appreciation of the Board for the gift.

APPOINTMENT OF PROFESSOR HARNO

On motion of Mr. Noble, this recommendation was adopted.

COMPENSATION FOR MR. J. D. LANKFORD

(12) The following statement:

On January 21, 1921, Mr. J. D. Lankford, an employee on the farm, was severely injured by a kick from a horse. The occurrence was entirely accidental. Mr. Lankford has been in the employ of the University for thirteen years and is reported to be an unusually dependable, loyal, and efficient man. He is doing well, and it is hoped that he will be able to return to work in a few weeks. The commission on compensation for injuries advises and recommends:

1. That the University pay all medical and hospital expenses;
2. That Mr. Lankford be paid his full wage for the remainder of the month of January after his injury (eleven days) and compensated thereafter at the rate of \$12 a week until he is able to return to work, assuming that this will occur within a reasonable time.

This proposed compensation is in harmony with the principles of the Workman's Compensation Act. The amount that will be involved is estimated at \$695.55.

I recommend approval and the transfer of the necessary money from the Reserve and Incidental fund.

On motion of Mrs. Blake, these recommendations were approved, by the following vote: Aye, Mr. Abbott, Mrs. Blake, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mr. Hoit, Mr. Noble; no, none; absent, Mr. Blair, Mr. Herbert, Mr. Small, Mr. Trimble.
