TRANSFER OF FUNDS

On motion of Mr. Trimble, the Secretary was directed to instruct the retiring Treasurer, Mr. Hazen S. Capron, to transfer to Mr. Burke, the new Treasurer, all funds, records, securities, and other assets and properties of the University which he holds as Treasurer.

COMPTROLLER'S REPORT

The President of the University presented for record the report of the Comptroller for the quarter ending March 31, 1921.

President David Kinley, 355 Administration Building

MY DEAR PRESIDENT KINLEY:

I beg to transmit herewith the quarterly report of the Comptroller to the Board of Trustees for the quarter ending March 31, 1921.

Realization of Income

Federal funds due to the University during the fiscal year have for the most part been paid over in full. The receipts from the mill tax have somewhat exceeded the actual appropriation to the University for the present year and the excess will be carried forward at the end of the year to meet appropriations for the coming biennium. The receipts from fees and sales will apparently be very close to the original budget estimate

Budget Appropriations

The total appropriations for the fiscal year 1920-21 as at March 31 were \$3,469,511.54 including \$211,496.84 on account of federal Smith-Lever work.

Reserve and Contingent Fund.

The free balance in the Reserve and Contingent Fund on March 31 was \$62,709.57.

Fund Balances

The balance in the hands of the University Treasurer, March 31, allowing for outstanding warrants was \$717,836.05, including \$74,784.42 in trust funds. This balance will be practically fully required to meet expenditures for the remaining quarter of the year for which appropriations have already been made. The balances in State appropriations on March 31 amounted to \$575,573.17, including balance of \$228,393.77 for the Research Hospital in Chicago; contracts are outstanding to the full amount of the latter balance, and the remaining State funds will probably be fully drawn out within the next thirty days.

Respectfully submitted,

LLOYD MOREY

Comptroller

At this point, at 12:30 p.m., a recess was taken.

AFTERNOON SESSION, APRIL 15, 1921

When the Board convened after the recess, the same persons were present as during the morning session, and, for a part of the afternoon, Mr. John Holabird.

CAMPUS PLAN COMMISSION

Mrs. Blake presented the following report of the Campus Plan Commission.

The campus plan commission held a meeting at the University, April 5, 9:30 a. m. Present: Mr. Abbott, Mrs. Busey, Mrs. Blake, Dean Richards, Professor Blair, Professor White and Mr. John Holabird.

Mr. Holabird showed plans and elevations of a two-story and a one-story horticultural building, also many preliminary studies.

Professor White reported that the Department of Horticulture had come to the conclusion that three of the laboratories should be on the first floor for efficient service which would necessarily make the four laboratories one story.

Professor Blair gave more detailed explanation stating that after study he had come to the one-story solution for the laboratories and the two-story refrigerating plant.

The preliminary cost figures given by Mr. Holabird for the one-story building were less than those gotten last fall for the original two story building. It seemed from these figures that it would be possible to build the stables as well, within the prescribed budget appropriation.

The commission concurred in the selection of the last one-story plan. Mr. Ryerson and Mr. Allerton, unable to be present, sent their votes by Mrs. Blake for this plan also.

The site for the stadium was also discussed and the commission asked the architects to make studies showing a location for the stadium on the north and south axis through the Auditorium, south of the cemetery.

Afternoon meeting: Mrs. Busey was absent but the Senate Library Committee, Dean Daniels, Professor McKenzie, Professor Kingsley, Professor Burlison, Professor Lybyer, Professor Carman, and Director Windsor met with the Commission.

Dean Daniels read the report of their committee and after a discussion and an exposition on the whole campus plan by Mr. Holabird, the Commission adopted the following recommendation: After a restudy of possible sites for the location of the new library building the Committee concludes that the best site is in the vicinity of the one formerly selected by the Board for this building at the intersection of the axis (produced) of the Armory and Wright Street.

Respectfully submitted,

MARGARET DAY BLAKE

Chairman, Campus Plan Commission

On motion of Mrs. Blake, this report was adopted.

HORTICULTURE BUILDING

Mr. Holabird submitted plans for the Horticulture Building which he estimated could be constructed for \$245,000 (exclusive of the stable).

On motion of Mr. Noble, these plans were approved, and the Campus Plan Commission was requested to recommend to the Executive Committee suitable plans for a stable, and the architects were instructed to secure bids for the Horticulture Building and the stable separately and jointly.

REPORT ON PUBLICITY

President Kinley presented a statement on the results of the work to secure publicity.

INCREASED FEES FOR NON-STATE STUDENTS

President Kinley recommended that the University adopt the policy of exacting a larger incidental or tuition fee for students not residents of Illinois than is required from Illinois students, and that the President of the University be directed to make recommendations at the next meeting of the Board with respect to the amount of such increase.

Mrs. Blake moved that this recommendation be adopted.

Mr. Noble moved as a substitute that the consideration of this matter be made a special order of business for the next meeting of the Board, and that the President of the University be directed to present detailed information concerning this matter at the next meeting. The substitute motion prevailed.

INSPECTION AND ACCREDITING OF SCHOOLS

Mr. Blair presented the matter of the inspection and accrediting of high schools in Illinois by the High School Visitor of the University and by the State Superintendent of Public Instruction and moved that the graduates of any high school in Illinois that is "recognized" by the State Superintendent of Public Instruction should be admitted to the University on the same terms as the graduates of a high school that is accredited by the University.

The Chair ruled this motion out of order, as being contrary to Section 12 of the University Statutes.

After full discussion of this matter, Superintendent Blair was requested to present full information concerning the standards and methods employed in his office in making up the list of "recognized" schools, and of his position in the matter, and the President of the University was requested to present a full report on the standards and conditions of the accrediting of high schools in Illinois as administered by the High School Visitor of the University.
