REPORT ON HESSEL LAND

(12) Green and Palmer, Attorneys, submit their report on the acquisition of the Hessel Land (see minutes, pages 485, 502). The report, the original of which is filed with the Secretary of the Board, shows that all things necessary to perfect the acquisition of this land by the Board of Trustees, and the vacation of the street which had been dedicated as Hessel Boulevard, have been done by Green and Palmer as attorneys of the Board. The report recites that the Board now has a deed conveying all of Mr. Hessel's interests of every kind and character to the land in question, including Hessel Boulevard, and also records all official action showing the vacation of the dedications made by Mr. Hessel to the City of Champaign, to the Board of Park Commissioners of the Town of Champaign, and to the Board of Park Commissioners of the Town of the City of Champaign. The report of your

attorneys was accompanied with Mr. Hessel's warranty deed to the Board, his special warranty deed conveying his interest in Hessel Boulevard, abstract of title, receipts showing passage of purchase money, payment of taxes, satisfaction of judgment of the county court and certified copies of the ordinances and resolutions passed by the various official bodies vacating Hessel Boulevard.

REMOVAL AND RESETTING OF BOOKSTACKS

(15) Professor White estimates that the expense of removing bookstacks from the old part of the present Library and resetting in the New Library and removing the bookstacks from the south stack in the present Library and resetting in the New Library will be about \$12,000. At his request, I recommend that the sum of \$12,000 be appropriated from the Reserve and Contingent Fund for this purpose.

On motion of Mrs. Evans, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

FINISHING UP SOUTH ADDITION OF OLD LIBRARY

(16) The removal of the Library leaves the south addition, from which stacks will be removed, unusable until its interior is finished, new floors are put in, and partitions erected subdividing the large space into offices and class rooms. The expense of this will be \$25,000, as estimated by the Supervising Architect, and in accordance with his request I recommend that an appropriation of \$25,000 be made from the Reserve and Contingent Fund for that purpose.

On motion of Mrs. Grigsby, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

FITTING UP LECTURE ROOM IN OLD LIBRARY

(17) The fitting up of a general lecture room to seat 250, with tablet arm chairs and with a stepped floor on the second floor of the old Library, is a great need and is strongly recommended by the Supervising Architect. He asks an appropriation of \$3000 and I recommend that this appropriation be made from the Reserve and Contingent Fund for this purpose.

On motion of Mrs. Grigsby, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

WIRING AND OTHER CHANGES IN THE OLD LIBRARY

(18) To fit the old Library for use in part by the College of Law it is necessary to make certain structural, wiring, and lighting changes. The Supervising Architect requests an appropriation of \$3000 and I recommend that the appropriation be made for this purpose, from the Reserve and Contingent Fund.

On motion of Mrs. Grigsby, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

STREET PAVEMENTS, WALKS, AND STORM WATER SEWER

(19) In view of the opportunity offered the University to cooperate with the Athletic Association in putting in walks and pavements in the neighborhood of the Stadium as well as the Florida Avenue storm water sewer, thereby securing a lower price for its share of the expense, provided the project is paid for in cash at once on completion of the work, I recommend that the sum of \$22,000 be appropriated from the Reserve and Contingent Fund for these improvements as described in the minutes of the May meeting, page 601.

On motion of Mrs. Ickes, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

PAVING AND SIDEWALK IMPROVEMENTS BY ATHLETIC ASSOCIATION

(20) I submit the following letter from Judge Harker on behalf of the Athletic Association concerning the paving and sidewalk improvements proposed to, and accepted by, the Board at its meeting in May (see minutes, page 601):

July 1, 1926

President David Kinley, University of Illinois

DEAR PRESIDENT KINLEY:

I wish to inform you that since receiving notification from the Secretary of the Board of Trustees of the University, that said Board gave approval to the general program of paving and sidewalk improvements to be made at the Stadium, the Athletic Association has completed arrangements with the City of Champaign, whereby the city has awarded the contract for paving First Street, South Drive, and the widening of Fourth Street.

The Athletic Association has entered into an agreement with the City providing that the Athletic Association will meet the payments as they fall due under the contract for the payement work. Kent and Company, the contractors, have already commenced the work of paying these streets.

The Board of Directors of the Athletic Association are also making plans for

awarding contracts for the laying of concrete sidewalks and approaches to the north and the west of the Stadium.

> Very truly yours, OLIVER A. HARKER, Secretary

Attest: C. J. Roseberry, Clerk

This report was received for record.

YEATS PROPERTY

(21) At the meeting of April 12, 1922, the Board approved the purchase of what was said to be an acre of land and a four room cottage from Mr. John E. Yeats, the property being located in the angle between Mount Hope and Roselawn cemeteries, across the street from the paddock, east of our military stables. The price was \$4000.

For several reasons, especially some difficulty about the title, the matter was

not brought to a conclusion.

The purchase is now proposed again. The Supervising Architect recommends the purchase of this property at \$4,000, the price mentioned four years ago. He estimates the value of the house at about \$1200. He states that a re-survey shows that measured to the center of the street on the north, there is exactly one acre, adding: "As this has never been platted, it is, of course, sold as acre property which does extend to the center of the surrounding streets." While this is true, it is also true that the street on the north to whose center the survey extends is a public street by virtue of thirty or more years' usage.

Judge Harker informs me that it will be safe for the University to make this purchase if the owner, Mr. Yeats, will secure a decree of the Superior Court quieting the title before transferring to the University. Inasmuch as we need this land, I concur in the renewed recommendation of the Supervising Architect that we buy this property at the price, \$4,000, and recommend an appropriation of that amount from the Reserve and Contingent Fund to make the purchase, on receipt of proper

title, abstract, and other necessary papers.

On motion of Mrs. Evans, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

REMOVAL OF BARN ON SOUTH CAMPUS

(22) As reported to your Board some time ago (see minutes page 550), the Supervising Architect removed most of the old barns on the south side of the road just south of the new Agricultural and Commerce Buildings. There has been no place to which to remove the large barn used by the Grounds Department, in which it keeps its horses and implements. The purchase of the Yeats property provides such a place. The expense of moving and putting the building in shape is estimated by the Supervising Architect at about \$1600.

At his request I recommend an appropriation of \$1600 from the Reserve and Contingent Fund for moving this barn, putting in a foundation, making the necessary water and electrical connections and for the work to put the building in proper

shape on its new site.

On motion of Mr. Armstrong, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

RADIATOR COVERS IN RESIDENCE HALL

(23) The Supervising Architect recommends the purchase of metal covers for all the radiators in Residence Hall and West Residence Hall and requests an appropriation of \$3500 therefor.

I recommend that this purchase be authorized and that the sum of \$3500 be

appropriated from the Residence Hall Reserve Fund for this purpose.

On motion of Mrs. Grigsby, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

STATEMENT SUBMITTED BY GREEN AND PALMER FOR SERVICES IN CONNECTION WITH HESSEL LAND

(24) A statement from Green and Palmer covering services rendered by them in connection with the condemnation and acquisition of Hessel land.

I recommend that an appropriation of \$3,099.55 be made from the Reserve and

Contingent Fund for this purpose.

On motion of Dr. Noble, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

PURCHASE OF SHAFER LOT ON HARVEY STREET

(25) The Supervising Architect recommends the purchase of the Shafer lot on Harvey Street for the sum of \$1,000 with the understanding that the lot be delivered to the University free of all encumbrances, including the realtor's commission.

I recommend that this purchase be authorized and the sum of \$1,000 be ap-

propriated from the Reserve and Contingent Fund for this purpose.

On motion of Mr. Armstrong, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

EMERGENCY APPROPRIATION TO THE DISPENSARY OF THE COLLEGE OF MEDICINE

(26) Dean Davis reports that on account of the increased work of the Dispensary it has been necessary to add the services of another nurse during June, July, and August, which involves an addition of \$300 to the Dispensary budget for those months.

I recommend that \$300 be appropriated from the Reserve and Contingent Fund to the Dispensary for salaries for June, July, and August.

On motion of Mrs. Ickes, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

RESOLUTION ACCEPTING BEQUEST OF MISS JESSIE ESTEP

(27) I recommend that the following resolution be adopted accepting this bequest and authorizing the Comptroller to receive it:

RESOLUTION

WHEREAS, Miss Jessie Estep, deceased, left a will which has been admitted to probate in the Superior Court of King County, Washington, providing for a bequest of \$500 to the Trustees of the University of Illinois, the income of which shall be applied to the upkeep and repair of the Memorial clock given to the University by the Class of 1878, and

WHEREAS, James Bothwell, executor under the above mentioned will, has notified the Board of Trustees of the University of Illinois, that he is now ready to pay over to it the sum of \$500 so bequeathed less \$50 inheritance tax levied in accordance with the law of the state of Washington and deductible from the bequest; therefore be it

Resolved, That the said Board of Trustees does hereby accept the said bequest and agrees to use said fund in accordance with the provisions of said will; and be it further

Resolved, That Lloyd Morey, the Comptroller of the University, is hereby appointed to receive the aforesaid sum from James Bothwell, executor, and to receipt for the same.

Approved: O. A. HARKER, Legal Counsel

8

It is necessary for the Board to adopt this resolution before the executor of the estate of Miss Estep can pay over the bequest.

On motion of Mrs. Evans, this resolution was adopted.

ADDITION TO MARGARET LANGE JAMES LOAN FUND

(28) A certain amount of money was subscribed by members of the University Senate with the thought that enough might be raised to provide a memorial to the late President Edmund Janes James. The amount of this fund to date is \$562.64. It is the sense of the Senate, as expressed at its last meeting, that this fund can best be used by adding it to the Margaret Lange James loan fund with the understanding that the records with reference to the fund will indicate that this amount of the total fund has been collected by the University Senate in honor of President James.

I recommend that this fund be accepted under the conditions indicated.

On motion of Mr. Wham, this recommendation was concurred in.

ANONYMOUS LOAN FUND SECURITIES

(29) The Comptroller has received a letter from a representative of Senator W. B. McKinley indicating the probability of our being able to cash in \$30,000 of 7 percent debentures of the North American Light & Power Company at par and accrued interest.

I therefore recommend that the Comptroller, Mr. Lloyd Morey, be authorized to take up with the parties concerned the matter of securing repayment of the 7 percent North American Power & Light debentures owned by the Board of Trustees of the University of Illinois at not less than par and accrued interest, the principal sum being \$30,000.

On motion of Mrs. Grigsby, this recommendation was concurred in.

DEGREES AND GRADUATE WORK IN LIBRARY SCIENCE

(30) A joint recommendation from the Executive Faculty of the Graduate School and the Faculty of the Library School, approved by the Council of Administration acting for the Senate, that the degree of Bachelor of Arts in Library Science be given on completion of the first year of the Library School course and the degree of Master of Arts in Library Science, as a Graduate School degree, on completion of the second year of the course, the admission requirements to remain as they are now and this change to apply to all students entering the Library School for the first time in September, 1926, and thereafter, and to any students enrolled in the Library School in the past who may elect to come under this arrangement.

On motion of Mrs. Evans, this recommendation was adopted.1

CHANGES IN GRADUATION REQUIREMENTS

(31) The Council of Administration, acting for the University Senate, has approved the following changes in graduation requirements:

Curriculum in Landscape Architecture; that History of Architecture (Architecture 11 and 12), six hours, be prescribed and that the requirement of eight hours of foreign language be discontinued.

Curriculum in Nutrition and Dietetics; (In Home Economics) that physiological chemistry (Chemistry 15), five hours, be prescribed and botany, five hours, be discontinued.

All Curricula in Commerce; that the requirement of six hours in Transportation be reduced to three hours.

On motion of Mrs. Grigsby, these recommendations were adopted.

REVISED CURRICULUM IN PHARMACY

(32) The Faculty of the School of Pharmacy recommends the adoption of the following curriculum, to go into effect in October, 1926. This curriculum contains certain revisions over that presented to the Board in December, 1924. The Council of Administration, acting for the University Senate, has approved these revisions.

PROPOSED GREGORY MEMORIAL

Mrs. Ickes, for the special committee to suggest a form for a memorial to Regent John Milton Gregory, presented the following report:

Your committee appointed to confer with a committee from the Gregorians and to recommend to the Board of Trustees a suitable form for the recognition of Dr. J. M. Gregory, met on June 12th, 1926, Mr. Armstrong, Mr. Wham, and Mrs. Ickes representing the Board and Senator Dunlap, Mr. Coddington, Mr. Bullard, Mr. Parsons, and Dr. Gibson.

We told the Gregorian Committee that the Board had adopted the policy that

no building erected out of State funds should be named for an individual.

The Gregorian Committee, while stating that its first choice for a memorial for Dr. Gregory would be the naming of a building for him, said that its second choice would be a memorial art collection, this collection to be suitably housed in a University building, and called the Gregory Memorial Art Gallery. They also asked permission to erect a bronze memorial tablet.

This suggestion met with the approval of your committee and we hereby recommend the installing of an art collection, the same to be made the nucleus of a permanent art collection, a memorial to the first President of the University of

Illinois, and called The Gregory Memorial Art Collection.

We further recommend that the Gregorians be permitted to erect a memorial tablet to Dr. Gregory in connection with this collection subject to the University regulations on the acceptance of objects of art.

Anna W. Ickes J. W. Armstrong Fred L. Wham

On motion of Dr. Noble, this report was adopted.

OPENING OF BIDS ON CONSTRUCTION WORK

Mr. Armstrong, for the Finance Committee, presented the following recommendation:

Contracts for construction work for which specific State appropriations are made shall be awarded on the basis of sealed bids publicly opened in the presence of at least one member of the Board of Trustees and the Supervising Architect or his assistant.

J. W. Armstrong Mary E. Busey

This recommendation was adopted.

REGULATION OF TUTORING

Mrs. Grigsby, for the Committee on Instruction, presented a recommendation that no action be taken on the proposed regulation concerning tutoring (page 640).

On motion of Dr. Noble, this recommendation was adopted.

RETIRING ALLOWANCES OF PROFESSORS BARTON. GOEBEL, AND HARKER

Mr. Wham, for the special committee on the amount of retiring allowances for Professors Barton, Goebel, and Harker, presented the following report.

The question presented is whether or not the fact that Professor H. J. Barton has served the University continuously for a period of thirty-five years may not

entitle him to a retiring allowance in excess of that provided by the present regulations which limit the number of years of service which may be taken into consideration in calculating the amount of the allowance to twenty-five years and limit the maximum allowance to one-half of the average amount of compensation during

the last five years prior to retirement.

After careful consideration of this question the committee reports that while the members of the committee appreciate the great value of the unusually long period of efficient and loyal service rendered by Profssor Barton, the provisions of the regulations governing retiring allowances clearly limit the retiring allowance in all cases of this character to one-half of the average amount of compensation received by the person who is retiring during the last five years of his employment prior to his retirement without regard to the period of service in excess of twenty-five years. These regulations were a part of Professor Barton's contract of employment during the year 1925-26 and fix his rights and obligations.

The committee, therefore, recommends that the retiring allowance of Professor Barton be based on the provisions of the regulations governing retiring allowances

as now drawn.

On motion of Mr. Armstrong, this recommendation was adopted.

In the case of Professor O. A. Harker, his retiring allowance when calculated by the method provided by the regulations exceeds the maximum allowance which members of the University Staff, with a rank other than that of President or Dean, may receive. The question presented is whether or not the fact that Professor Harker was Dean of the College of Law for many years prior to and including the year 1916-17 and that he served as Acting Dean of the Law School during the year 1920-1921 should not entitle him to have his allowance calculated with reference to the maximum allowance provided for members of the staff with the rank of "Dean." While the committee recognizes the long and efficient service of Judge Harker as Dean of the College of Law, the facts are that at the time of his retirement and for several years prior thereto his rank was other than that of Dean and his rank at the time of his retirement is made the controlling factor by the regulations in determining the maximum allowance to which he may be entitled upon retirement.

The committee recommends, therefore, that Judge Harker's retiring allowance be calculated upon the basis provided by the regulations for determining the retiring allowance of members of the staff with the rank of Professor.

On motion of Mr. Wham, this recommendation was adopted.

The questions which are presented by Professor Goebel for consideration by the Board in determining the amount of the retiring allowance which he is entitled to receive are as follows: I. Has Professor Goebel been treated fairly in the matter of salary during the years which affect his retiring allowance? 2. In view of the former question, is retiring allowance calculated under the provisions of the regulations governing retiring allowances upon the salary actually received by him, as large as it should be?

The committee reports with reference to the foregoing questions that, after a careful consideration of the evidence presented, it is unable to say that Professor Goebel has been dealt with unfairly in the matter of salary or otherwise either by President Kinley or the Board of Trustees. The committee therefore recommends that Professor Goebel's retiring allowance be calculated upon the salary received by him during the last five years of his employment preceding his retirement as provided by the regulations governing retiring allowances.

On motion of Mr. Armstrong, this recommendation was adopted.

THE BUDGET FOR 1926-27

(47) I submit the budget for the year beginning July 1, 1926, with a statement explaining the methods and principles followed in making up the budget:

I request that the budget be approved and that the President of the University be authorized to make such minor changes and adjustments as may be necessary, to make necessary additional appointments in accordance with the general salary scale, and to accept resignations which may be presented.

Explanatory Notes

Departmental appropriations are made under the captions "Salaries" and "Expense and Equipment." Unless otherwise indicated, no transfers may be made between these appropriation captions except with the approval of the President of the University.

Appropriations for Salaries are available for the term indicated in each case but not for more than one year from September 1. All balances lapse at the end of the term indicated or at August 31.

Funds appropriated for positions in the salary budget which are not yet filled may, pending regular appointments, be drawn against for services of employees temporarily engaged to do the work contemplated by the position and for no other purpose. When appointments are made at salary rates less than the amounts provided in the budget, the unused funds will not be available for use except with the approval of the President.

Appropriations for Expense and Equipment are available for one year beginning July 1 and ending June 30. These appropriations are based on an estimated distribution of expenditures according to the various budget classifications of "Wages, Office Expense, etc." Expenditures must be made in approximate accord with that distribution, material departure from which must be approved in advance by the Dean of the College concerned, the Director of the general department concerned, or the corresponding general officer, and in all cases by the Comptroller. All unencumbered balances in these appropriations lapse June 30.

(48) I recommend that the following appropriations for special purposes, indicated in each case, be made from the Reserve and Contingent Fund.

These appropriations are over and above the budget appropriations for normal operation and equipment and are for special, non-recurring needs of the year or for securing necessary, important, but costly, equipment which could not be included in the normal operating budget.

Appropriations for these special purposes are made in total for the benefit of all departments of the college indicated unless otherwise specified, and may be expended only on the order of the Dean of the College and, for expenditures exceeding \$500, the approval of the President. VISITING PROFESSORSHIP IN GERMAN

(49) I request authority to appoint a visiting professor in German for one year from September 1, 1926, and to add his salary to the budget of the Department of German, this appointment to be made pending the selection of a new Head of the Department.

On motion of Mrs. Evans, this appointment was authorized.

APPOINTMENT OF DR. HARDT

(50) A statement concerning the appointment of Dr. Leo Hardt.

This matter was referred to the President of the University with authority to act.

THE NEXT LEGISLATIVE BUDGET

(51) Following the practice of the past two or three biennial periods, I am calling your attention at the July meeting to certain considerations concerning the next biennial budget to be presented to the legislature, so that such suggestions as I have to make may be before you for your consideration during the two or three months before final action is necessary and so that if you think best you can, at the July meeting, pass upon such items, if any, as are determined on by you at that time.

I would recall the fact that we have been following a definite building and operating policy for several years. The building policy has dealt only with buildings

for the class and laboratory work of the University.

The policy which we have been following has been directed toward the recovery of the University from the period of depression extending through, and for a time after, the war period and also preparation for the additional needs caused by the constantly growing enrollment and constantly growing demands upon the University for the solution of research problems of all kinds in the public interest.

The financial policy which we have followed towards these ends has involved the presentation of a University budget to the Governor and the legislature for a definite maximum sum of \$10,500,000 through a series of biennial periods, presented in two parts—for operation and for capital, or physical expansion. It is my own opinion that this policy is sound and still workable. We can look forward more intelligently now to what the future holds in store for us than we have been able to do in the past. Our operating budget shows more signs of approaching a condition of stability than it ever has before, although no operating budget, even of an educational institution, can ever be in a position of actual stability for more than a year or two. Yet in a general way it can attain such a condition.

a year or two. Yet in a general way it can attain such a condition.

You have followed the policy, the only correct one for a public institution, of presenting a budget which gives due consideration not only to the needs of the institution, but also to the economic conditions of the State. We have asked for what has been necessary and no more. The plan of dividing our budget into two parts—operating and capital—transferring from the latter to the former at each succeeding biennium as the situation demanded, has thus far proven adequate and

successful, although the unanticipated increase in attendance in Medicine has interfered with the program. It is my belief that the plan can be continued for a time yet, certainly for the next biennial period.

I am therefore recommending that the total of the University's next legislative budget shall be the same as it was in the past three biennial periods. I will lay before you at a later meeting, after further conference with my colleagues my view of the adjustments necessary within the total above referred to, as between opera-

tion and building, to meet the conditions of the coming biennium.

You have heard the expressions of opinion of our Deans. I have had from some of them even more ample statements of what they think their various colleges and departments need in order to reach their ideals. You will note from what you heard them say that the minimum proposals which they laid before you for the coming biennium involve for operation and for buildings an amount of money in excess of what could be provided within the total that we have been asking. The addition which the Deans' requests would make necessary to the next biennial operating budget would be something like \$720,000, a sum in excess of what we can fairly ask for. Their minimum building proposals for the next biennium would require over three millions.

On the building side, as I have several times pointed out to you, the requests made by the different colleges and schools at other times have aggregated from \$5,000,000 to \$6,000,000. A much larger amount than they presented to you for the biennium is, of course, in the minds of the authorities of the various colleges and schools as necessary in the early future for their various needs. But we must keep close to immediate needs. In some departments of the University we are bound to utilize more completely the resources we have, in room and equipment, before we ask the public to spend more money on them. We have spent on Agriculture for buildings alone, since 1921, nearly \$1,200,000. The College of Commerce is now adequately housed for a considerable time. The developments in Chicago have furnished much larger and better facilities for the College of Medicine and the School of Pharmacy. Our medical people think we need another medical building. Yet there is reason to believe that it is unnecessary to ask at the present time for another building for the College of Medicine. An adjustment of the medical program will probably make possible a utilization of the space vacated in the old medical building so as to provide for from thirty to fifty more freshman students than we now take care of. That will relieve the pressure. The necessary changes and equipment in the laboratories can be provided as soon as we have a definite statement from the Supervising Architect and the Dean showing what is necessary.

With reference to requests for further agricultural appropriations, I would call attention to the fact that the enrollment in the College of Agriculture is only about half of what it was in 1919-20, being for this year 673. With a decrease in the number of students has come a decrease in the instruction. Yet the expenses of the College and Experiment Station have kept mounting because the time and equipment and space released by the diminishing number of students have been constantly transferred to enlarging the Experiment Station work. For the College of Engineering, whose enrollment this year is about the same as it was in 1920-21, although less than it was in the year preceding and the year following that year, not much has been done in the way of additional physical accommodations. The Transportation Building was finished some four or five years ago and the new building for the Department of Architecture is now under way. There are certain lines of work in engineering that need additional relief. Those in most pressing need are Electrical Engineering and the Hydraulics and Materials Testing Laboratory.

The University is in constant need of additions to its service buildings; that is, class rooms, laboratories, and offices, as is shown by the increase of students. This is a statement of the fact, not a guess or a hypothesis. The Supervising Architect prepares for me frequently statements showing our per capita space in class rooms and laboratories. His latest figures show that for each student we had in actual use this year 129.7 square feet of class and laboratory space as against 134.7 in the preceding year, 144.4 in the year before and 266.3 twenty-five years ago. The present figure does not take into account the area in the new Library. Taking that into account, the Supervising Architect's figures show 140.5 for the last year.

As long as this state of affairs continues we shall find it necessary to add service buildings. The Supervising Architect recently informed me that in his opinion we would need to add to our buildings at the rate of a million per biennium in order to keep up with the addition in our enrollment. His estimate may be a bit high, although much depends, of course, on the character of the building.

bit high, although much depends, of course, on the character of the building.

At the meeting of October, 1924, I submitted a list of service buildings of which the University was in pressing need. There were twenty-one. The first five of them were provided for in the last appropriation; namely, a second unit of the Library, completion of the Armory, addition to the New Gymnasium, a building

for Architecture and allied subjects, and a building for Pharmacy.

We are still in need, as I just remarked, of service buildings. The question has been raised why we should not put into our building budget items for dormitories. Without discussing the policy of dormitories at a State university, a subject on which much can be said on both sides, my own opinion is that until we have furnished adequate service facilities it would be unwise to begin dormitories. We need room to work in. To encourage still greater attendance by dormitories is to increase the pressure on our work space, make the best work impossible and ultimately to degrade the standard of our teaching and research on account of poor physical conditions. You may take a different view, and you, of course, will decide.

You heard at the June meeting the statements in support of a request that the University ask an appropriation for a State building. This request was made by the Board of Natural Resources and Conservation, consisting by law of the Director of Registration and Education, the President of the University or his representative, and one expert each in biology, geology, engineering, chemistry, and forestry. My representative on the Board does not recall whether he was present at the meeting, nor was I consulted in the matter before action was taken. Under the law the functions and duties of the divisions of this Board "shall continue to be exercised at the University of Illinois in buildings and places provided by the Trustees thereof."

One can not help sympathizing with the heads of these various divisions. They are suffering because the University is suffering. For the University gives them all the space it can afford. It shares generously. Baldly stated, a proposal to ask for a new building for their exclusive use means to provide adequately for them while leaving the University work proper still in a cramped condition. It seems to me that all we can be asked to do is to share, as we have been doing, generously, the space that we have, or get, for University purposes. Therefore, I can not recommend the inclusion in our very restricted budget of an item for this purpose.

Beyond this, in the matter of buildings, I am not at the present moment prepared to make a recommendation. I therefore submit for further consideration and future decision the following list of buildings, which in my opinion are all necessary, from which to select those of which we are in greatest need, when the budget is finally made up:

 If the Board decides to curtail the service building program, which in my opinion would be a serious mistake, in order to enter upon the program of building men's dormitories, or if the Board should decide to add to the amount of appropriations asked for service buildings something for men's dormitories I would then enter for a

It will not be out of place in this connection to give you the opinion of Professor James M. White, the Supervising Architect, written in response to a request from me to state his views on the matter under discussion. He wrote on June 7: "I believe that the first building on our list for the next biennium should be the third unit of the new Library building, \$500,000; that the second should be a laboratory, or laboratories, for Hydraulics and Materials Testing, \$500,000; and third,

the completion of Lincoln Hall, \$500,000."

"Much as I should like to see another building located in the new south campus group in order to help clinch the scheme, there is no question but that our greatest need will be for fairly centrally located class room space. I believe that an addition to Lincoln Hall will give us this to the best advantage." In another letter the Supervising Architect remarked: "I believe that during the coming biennium the instructional work should be given all of the additional space for which appropriations will be secured. We need more class room space centrally located on the campus." He went on to say that with the expansion of Lincoln Hall to the west "and the building in the court of a lecture hall seating possibly five hundred persons it would accommodate a very large number of classes and it is exceedingly conveniently located" . . . "If the College of Engineering is to stay in its present location I think the general college class work should be kept on this side of Green Street, reserving the buildings on the north side of Green Street for the more purely technical courses." These views are in accord with my own, arrived at independently. We are in more and more pressing need of class room space because of the rapid growth of the College of Liberal Arts and Sciences and the consequent rapid increase in the number of classes necessary for its own students as well as for the class work which it must carry on for the students of the other colleges.

I have not yet completed my study of the additional amount that will probably be needed in our operating budget in the next biennium. Last time we transferred \$500,000 from the building to the operating budget. We may not need more than that and I hope that we may need to transfer a little less. But I am not yet clear on the matter. That must be determined before we can tell what will be

available for buildings.

In view of all the above and in order to assist me in working intelligently to make a more complete report in September or October, I respectfully ask that your Board instruct me today on the following points connected with this matter:

1. That the Board instruct me that, in making up my recommendations for the next biennial appropriation, I shall not exceed the total amount received in the last biennium; namely, \$10,500,000.

2. That the Board now instruct me that I should include in the building budget \$500,000 for the third unit of the new Library building.

On motion of Mrs. Busey, recommendation 1 was concurred in. On motion of Mrs. Busey, recommendation 2 was concurred in.

Executive Committee, Board of Trustees

I recommend that the following contracts be awarded for work on the Building for Architecture and Kindred Subjects. In each case the firm mentioned presented the low bid on the branch of work covered. A complete schedule of all bids received is submitted herewith.

For the General Contract on the Building for Architecture and Kindred Subjects

Peterson Colwell, Inc., Minneapolis, Minnesota\$317,	,800
For Plumbing Contract	
Walsh and Slattery Company, Peoria, Illinois 11,	927
On the Heating	
Johnson Brothers, Champaign, Illinois 22,	471
On the Ventilating	
Henry Reuter, Kankakee, Illinois	130

The low bidder on the Electrical Work is the Kehl Electric Company of Green Bay, Wisconsin, but we are not ready to make a recommendation with reference to making the award to them.

The low bidder on the Roofing of the Architectural Building was Henry Reuter, but we desire to take this bid under further advisement before making

any recommendation.

On the basis of these bids and our estimates on the other items essential to to the completion of the building including mechanical equipment, furniture, heat, light, and power connections, architectural fees, superintendence, etc. the total cost of the building will be about \$465,000. The state appropriation for this building is \$500,000.

I recommend that Henry Reuter be awarded the contract for the Ventilation

in the Armory, he being the low bidder at \$2,200.

RESOLUTION FROM CERTAIN MEMBERS OF THE STAFF OF THE DEPARTMENT OF OBSTETRICS AND GYNECOLOGY

(15) The following resolution has been received from certain members of the staff of the Department of Obstetrics and Gynecology, of the College of Medicine. I understand that copies of these resolutions have been sent to members of the Board of Trustees as well.

Whereas, gynecology is represented in many of our best schools by a distinct Department of Gynecology or in some by a separate Division of Gynecology, and

Whereas, such an arrangement has seemed to develop more outstanding obstetrics and gynecology, and

Whereas, gynecology has always been a distinct specialty, separate from obstetrics in the University of Illinois Medical School, first as a department and later as a division, when certain specialties were grouped under three heads, namely, Surgery, Medicine, Obstetrics, and Gynecology, and

Whereas, the "Divisions" thus grouped were authoritative, being the creation of the Board of Trustees, and

Whereas, appointments were made year after year to fill the positions in these "Divisions", including a Head of Division and staff, and

Whereas, the Head of Division and staff in gynecology received appointments for the definite period from September 1st, 1925 to September 1st, 1926, the same did those in other divisions, namely, pediatrics, neurology, etc., and

Whereas, these appointments were in the nature of a contract between the Board of Trustees and the appointees, and

Whereas, neither the Head of a Department or the Dean or the President of the University or the Board of Trustees has power to set aside or cancel or abrogate these contracts without sufficient and demonstrated reasons, and

Whereas, during the life of these contracts and while they had yet seven months to run, and while no vacancy existed in gynecology, and without consultation with the Head of the Division of Gynecology or any member of the staff, a new Head of the Department of Obstetrics and Gynecology was installed with the avowed authority to do away with the "Divisions" of Gynecology and make of obstetrics and gynecology one specialty with no divisions, he having full charge and full control of what had heretofore been two specialties and two "Divisions," and

Whereas, without any advice from the administration that such a radical change was contemplated or notification from the Dean's office or the President's office that such a change had been made and while the period of our contracts are yet unexpired, complete support has been withdrawn from the Head of the Division of Gynecology, all matters pertaining to gynecology being withheld, and

Whereas, no action of the Board had been taken, making one specialty of the two former specialties. The Action of April, 1925, cited by the President, having reference in no sense to this combination, as shown by the fact that the appointments were made, after that date for the ensuing year, as usual and functionated as usual until February 1st, 1926, and interruptedly thereafter, and

Whereas, numerous efforts since February 1st, 1926, to gain audience with the President have failed, and

Whereas, the Dean and President have given as their reason for ignoring the rights of the Division of Gynecology was that a division is entirely unofficial and a matter for the Head of each Department to determine for himself, and

Whereas, we have full knowledge that our appointments came from the Board of Trustees and are authoritative, and

Whereas, their failure to recommend a Divisional Head in Gynecology this year, while such Headships in other branches are continued, demonstrates that a radical change in gynecology is contemplated, which was not at all consistent with the existence of a Division of Gynecology and if so then such change was not permissable during the life of our contracts, and

THEREFORE BE IT RESOLVED that we, the members of the Gynecological Staff of the University of Illinois, do hereby express our regret at the hasty and ill advised action of the Administration in doing away with the long and well known specialty of Gynecology, that we respectfully protest against such summary treatment without consultation or notification, that we do hereby express the belief, based upon observation and judgment that both gynecology and obstetrics will advance more certainly by the specialties being kept separate. In support of this opinion we would submit that nearly all the outstanding figures, either in obstetrics or gynecology, in this country have been men teaching in one department or the other and not in both.

We would further submit that two men have been employed at the University of Iowa, one to teach obstetrics and one to teach gynecology. We are not able to see why gynecology is being forced into a backward position in the University of Illinois Medical School, in using it to combine with another specialty, to make

one specialty larger than any one man has mastered or can master.

Resolved further that we do hereby petition the Dean, the President, and the Board of Trustees to continue gynecology as it has been during the University period of the school's existence, namely as a separate division, as are some of the specialties, or better still, as a separate department as are the Departments of Ophthalmology and Dermatology.

Resolved further that a copy of these resolutions be sent to the Board of Trustees, the President of the University, the Dean of the Medical School, and given such other publicity as circumstances may warrant.

F. LEE STONE
CHANNING W. BARRETT
E. W. FISCHMANN
A. F. LASH
G. L. HOFFMAN
L. A. JUHNKE
J. E. FLEISCHNER
JOHN M. LANG

Dean Davis recommends that no change be made in the present organization of the department and that there be no separate Division of Gynecology. Concurring in his recommendation, I recommend that the President of the University be instructed to acknowledge this resolution and to inform the signers that the Board does not see its way clear to establish a separate, independent Department or Division of Gynecology.

Dean Davis, who was present, made a statement concerning this matter.

On motion of Mr. Barr, this recommendation was adopted unanimously.

LEAVE OF ABSENCE FOR PROFESSOR DIETZ

(26) I recommend that Professor F. C. Dietz of the Department of History be granted leave of absence on one-half pay for the year 1927-28, for the purpose of travel and study abroad, under the rules.

On motion of Mr. Armstrong, this leave was granted.

RETIRING ALLOWANCE OF MR. W. J. ENGLE

(27) I recommend that the retiring allowance of Mr. W. J. Engle, formerly herdsman in the Department of Animal Husbandry, be computed on the basis of his average money salary for the last five years plus the average annual cash value of his perquisites as listed by the Comptroller, making his retiring allowance \$860.

On motion of Dr. Noble, this recommendation was approved.

ADDITION TO LIBRARY SCHOOL BUDGET

(28) I request authority to appoint an additional assistant on the faculty of the Library School at a salary of \$1800 and that the Library School Budget be amended accordingly.

On motion of Mrs. Grigsby, this recommendation was adopted.

ADJUSTMENT IN AGRICULTURAL BUDGET

(29) On the request of Dean Mumford, I recommend that the balance of \$6,709.29, carried over from the last fiscal year, be appropriated to the College of Agriculture for expenditures in the Dairy Department, and that an equal amount be deducted from the appropriation of \$25,000 allowed in the budget for special equipment in that college.

On motion of Mrs. Evans, this adjustment was approved.

BUILDING ON COOK COUNTY EXPERIMENTAL STATION FARM

(30) Dean Mumford recommends the erection of a building as house and headquarters on the Cook County Experimental Station Farm. The Supervising Architect estimates the cost to be \$10,000.

I recommend that authority be given to proceed with the construction of such a building, the cost to be paid from the funds appropriated for the Cook County Experiment Station and that an appropriation of \$10,000 be made from the above funds for the purpose.

On motion of Dr. Noble, this recommendation was adopted, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, Mrs. Busey; absent, Mr. Blair, Mr. Small.

VACATION OF CERTAIN STREETS IN COLLEGE PLACE

(31) The following resolution, on recommendation of the Supervising Architect: Be it resolved that the Board of Trustees of the University of Illinois hereby agrees, and assures the City Commissioners of Champaign, that it will open a street sixty feet wide, the north line of which shall be 439.21 feet south of the center line of Armory Avenue measured on Fourth Street, and 439.25 feet south of the center line of Armory Avenue measured on First Street; PROVIDED that the City Commissioners of Champaign will vacate all streets in the tract known as College Place south of the north line of the proposed street between the west line of Fourth Street and the east line of First Street.

On motion of Mrs. Evans, this resolution was adopted.

COMPLETION OF SECOND UNIT OF NEW LIBRARY

(32) In accordance with the recommendation of the Supervising Architect, and in view of the saving that has been effected by obviating a double transfer of books and on account of the unexpected extra charges and improvements in the second unit of the New Library Building, I recommend that the sum of \$10,000

be appropriated from the Reserve and Contingent Fund to complete the amount necessary to award the general contract, and the contracts for heating, plumbing, sheet metal and roofing, wiring, ventilation, and finish hardware and models.

On motion of Dr. Noble, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Blair, Mr. Small.

APPOINTMENT OF DOCTOR MOOREHEAD AS PROFESSOR OF ORAL SURGERY

(33) On nomination of Dean Noyes, I recommend that Dr. Frederick B. Moorehead be continued on the staff as Professor of Oral Surgery on part time, at an annual salary of \$3000.

On motion of Mrs. Evans, this recommendation was concurred in.

DR. FREDERICK B. MOOREHEAD

(34) I recommend that the Board adopt the following as an expression of its appreciation of the services of Dr. Frederick B. Moorehead on his retirement from the Deanship of the College of Dentistry:

On the retirement of Dr. Frederick B. Moorehead from the Deanship of the College of Dentistry, the Board of Trustees wishes to express its appreciation of his long and distinguished service as a teacher and administrator of that College. We note that he has served as professor of Oral Surgery and Pathology since 1908, and as Dean from 1913 to 1926. We note especially his excellent work in raising the standard of our College of Dentistry, as well as the standard of dental education in the country.

As a further expression of our appreciation, we direct that a copy of this be sent to him with our best wishes for his success.

On motion of Mr. Barr, this recommendation was adopted.

REPORT ON FIRE IN COLLEGE OF DENTISTRY BUILDING

(35) The following report from the Supervising Architect on the fire in the Dentistry building:

President David Kinley, 355 Administration Building

DEAR PRESIDENT KINLEY:

The fire in the Dental building was discovered about 3:30 a.m. on last Saturday, but evidently had been smouldering in a closed room for a considerable time prior to that. It seems to have started in an inside room used by the women janitors as a dressing room. I can make no surmise as to what the direct cause of the fire was.

Mr. Trees inspected the premises on Monday morning, and acting with him under the verbal authority which you had given me, we decided that the only thing to do was to put a dependable contractor on the job to put the building back in shape and that it would save cost and expedite time to have the same persons assist us in estimating the fire loss. We decided on Avery Brundage who has, at the present time, \$15,000,000 worth of work under way in Chicago and who agreed that he would pull as many men as could be used from the different jobs in order to reconstruct the building in the briefest possible time. He will work on a cost plus 10% basis.

Mr. R. V. Riordan, representing the insurance companies, reported at the building about three o'clock yesterday and gave us authority to enclose the building and clear out the rubbish. That is being done today. There are six glaziers at work and more to be added tomorrow.

We called in contractors representing all the different building trades and they have been working today estimating the cost of replacing the damage. Dean

Noyes and his heads of departments are working on the estimate of equipment loss. The plan now is to meet the adjusters tomorrow morning to make a final adjustment of our claims. Mr. Stevenson represents Mr. Brundage and will be our chief counsellor in supporting our claims against the companies. Some one must have authority to represent the University in this settlement. Am I authorized to do so?

I do not anticipate any trouble in reaching a settlement. If we conclude a settlement, then we can immediately put men at work, representing all trades, and I believe it will be possible to have the building in shape for occupancy in ten days, with the exception of the children's clinic.

The Anatomy department was not interfered with at all, and the Infirmary requires only a patch on the ceiling and some repairs to equipment damaged by falling glass. It does not even require redecorating.

Yours truly,

JAMES M. WHITE

Supervising Architect I have confirmed Professor White's action thus far and have authorized him to represent the University in the adjustment of the fire loss.

On motion of Mr. Armstrong, the action of the President of the Board and of Professor White in letting the emergency contract was approved, and the President and the Secretary of the Board were authorized to execute the necessary contracts.

APPROPRIATION FOR REPAIRS ON DENTAL BUILDING

(36) I recommend that \$5000 be appropriated from the Reserve and Contingent Fund to meet the initial expenses of repairs and replacements in the Dental Building recently injured by fire, this amount to be restored to the fund from the insurance indemnity when received.

On motion of Mrs. Busey, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Blair, Mr. Small.

CONTRACT FOR EQUIPMENT IN PHARMACY ADDITION

(37) The following report from the Supervising Architect of bids received on the laboratory equipment for the Pharmacy Addition:

Wiese Laboratory Furniture Co\$39	867	60
The Kewanee Mfg. Co 40	059	94
H. E. Sheldon & Co 44	670	00
Leonard Peterson Company 47	300	00
Walrus Manufacturing Company 48	500	00
Monroe Benbrook Company 59	275	35
Moline Furniture Company 60	800	00

I concur in his recommendation that the Wiese Laboratory Furniture Company be awarded the contract, on the basis of their low bid of \$39,867.60, subject to a deduction of \$484 for certain minor changes and the option of accepting their type of down draft hood instead of the one shown on the plans and specifications.

On motion of Mrs. Ickes, this recommendation was approved.

APPLIED CHEMISTRY TESTING

(38) I recommend the adoption of the following regulations governing the status

of applied chemistry testing work:

1. That the applied chemistry testing work be continued under the general

direction of the head of the department of Chemistry.

2. That the rules and regulations as to the nature of the work and the fees to be charged be determined by the President and Comptroller on recommendation of the Head of the Department, and the Dean of the College; the fees to be charged

to be sufficient in the aggregate to meet the expenses of this work.

3. That the applied chemistry testing fund (revolving fund) be continued on its present basis (whereby the fees for special tests and analyses are set apart as a special fund to pay the salary of the analyst and all expenses such as laboratory supplies, etc., incurred in connection with this work).

4. That the position of technical analyst be created in the Department of Chemistry, his salary to be paid out of the applied chemistry testing fund.

5. That the fees to be charged for the tests be sufficient in the aggregate to pay all expenses of this work.

On motion of Mr. Barr, these regulations were adopted.

APPOINTMENT OF MR. J. M. LINDGREN

(39) I recommend that Mr. J. M. Lindgren be appointed Technical Analyst in the Department of Chemistry at a salary of \$3000 a year, with permission to continue his services to the Athletic Association, from whose funds he receives an addition salary of \$1200 a year.

On motion of Mrs. Grigsby, this recommendation was concurred in.

CAHOKIA MOUNDS EXPLORATION

(40) We have an opportunity offered us by the Baltimore and Ohio Railroad to continue the exploration of the Cahokia Indian mounds in an important and promising mound recently acquired by the railroad. This is an important scientific matter and my advisers are of the opinion that we should take the opportunity. I concur in it.

I recommend the appropriation of \$5000 from the Reserve and Contingent Fund, or so much thereof as may be necessary for the exploration of this mound in accordance with an agreement to be entered into with the Baltimore and Ohio

Railroad.

I further request authority to go ahead with the project, employing such workers and getting such equipment and making such other expenditures as may be necessary.

On motion of Dr. Noble, this recommendation was approved and authority granted as requested, by the following vote: Aye, Mr. Armstrong, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mr. Small.

THE LEGISLATIVE BUDGET

(41) Six years ago, after studying our financial condition and the prospects of growth in attendance, the scarcity of class and laboratory space, and consequent crowded condition, I advised your Honorable Body that in my judgment the State biennial appropriation to the University, through a series of biennial periods, should be not less than \$10,500,000. Of this amount I proposed that for the first biennial period \$2,500,000 should be asked for buildings and equipment thereof and \$8,000,000 for expenses of operation. I further pointed out that in each succeeding biennial period it would be necessary to transfer a certain amount from the building appropriation to the operating appropriation, while keeping the total amount the same, because it seemed to me that by this process we would gradually get relief from our crowded condition so far as buildings were concerned and have a reasonable minimum amount for operating expenses. We have been following this plan now for several years, and in accordance with your action of last July our next Legislative Budget must adhere to it.

The first thing necessary to consider in making up this budget is the probable needed increase in the expenses of operation, if the University must continue to function and meet the needs of ever increasing numbers. Therefore, I have carefully considered, in consultation with the Comptroller, how much more money will be needed in the next biennium for operation. From whatever point of view we have approached the problem our conclusion has been substantially the same: That a minimum of \$500,000 must be added in our operating budget. Taking this from the last building budget will leave \$1,500,000 for our building projects. This is not sufficient to meet the actual needs of the situation in a liberal way, but under existing economic and other conditions I believe it is the most we can reasonably expect to get.

I need not say again what I have said many times that the recommendations

which I make to you with reference to buildings and operation are based on our minimum needs. There is, so to speak, no water that can be squeezed out of the proposition. Any diminution will so imperil our work that it will be less efficient and we shall be able to do less for our students and the public.

At your meeting last July you instructed me to confine my recommendations for appropriations to a total amount of \$10,500,000, as before, and also instructed me to include in whatever recommendations I might make this fall an item of \$500,000 for the third unit of the new Library.

Making up the budget from these points of view and under these instruc-

tions I beg leave to make the following recommendations:

PROPOSED STATE APPROPRIATIONS FOR BUILDINGS

Third unit of the Library building and equipment	\$500,000
Materials' Testing Laboratory and Equipment	500,000
Completion of Lincoln Hall, with lecture room and equipment.	£00,000

These amounts are based upon studies made by the Supervising Architect, and are necessary in each case for the project.

PROPOSED STATE APPROPRIATIONS FOR OPERATION

I submit the following proposed distribution of the proposed appropriation for operation, as suggested by the Comptroller. The distribution follows the items prescribed by the State Budget Law. I insert for comparison the distribution of the present biennium:

		Proposed
Item	1925-27	1927-29
Salaries and Wages	6 100 000	\$6 550 000
Office Expense (including printing and publications)	280 000	280 000
Travel	80 000	80 000
Operation	920 000	930 000
Repairs	300 000	320 000
Equipment	580 000	580 000
Improvements other than new buildings	240 000	260 000
<u>-</u>		
Total	8 500 000	\$9 000 000

I recommend that this budget be adopted as the one to be submitted to the Department of Finance and to the Legislature for the coming biennium, 1927-29; and that the President be directed to prepare and secure the introduction of a bill for appropriations to the University from the State in accordance therewith, to prepare the bills necessary for federal and other appropriations which come to the University through the State Treasury and to take general charge of the whole matter of introducing and securing the passage of the Legislative Budget from now on.

On motion of Dr. Noble, this recommendation was approved and adopted.

LANDSCAPING OF CAMPUS

On motion of Dr. Noble, the President of the Board was authorized to appoint a committee of three members to consider and report on the landscaping of the campus.

MATTERS PRESENTED BY THE PROVOST

The Board considered the following recommendations submitted by the Provost, acting for the President of the University.

SCHOOL OF JOURNALISM

(1) At the recent meeting of the Illinois Press Association held at the University on September 30 and October 1, the Association unanimously approved the resolution given below, asking the University to expand the courses in journalism now given into a separate school or college of journalism. This resolution was unanimously passed, and is a repetition of a similar resolution sent to me two or three years ago. A committee was appointed to confer with me on the matter. A conference was had with this committee, there being present from the University staff, besides myself, Dean K. C. Babcock, Professor Ernest Bernbaum, of the Department of English, and Professor Lawrence W. Murphy, who is in charge of the work in journalism. The committee representing the Press Association consisted of the then president, Mr. W. J. Smith, editor of The Waukegan Daily Sun and Lake County Independent at Libertyville; Mr. John Harrison, editor Dannille Commercial News and ex-president of the Association; Mr. Harry U. Bailey, editor Princeton Republican, past president of the Association; Mr. D. W. Grandon, editor of daily papers at Sterling and LaSalle, and Mr. James McClure, editor of the Republican, at Carlinville. The resolution follows:

October 1, 1926

Resolved: that a committee of the Illinois Press Association be named here tonight by the retiring president of the association to confer with President Kinley of the University tomorrow morning to urge him, and the University, to establish a regular School or College of Journalism on an equal footing and status with the College of Law and Medicine, and that the committee be composed of the retiring president and four other members of the Association, and that the committee be known as the School of Journalism Committee, and become a premanent standing committee of the association giving its efforts to the welfare of the School of Journalism at the State University.

The matter was discussed for an hour or more at this conference. Evidently the members of the Association are very earnest in their desire to have this step

taken by the University, although I do not believe that it is necessary for the improvement of the educational work now given in journalism, and while the addition of another administrative organization is bound, in time, to increase our expenditures, I have decided, after careful thought, to recommend that the wish of the Press Association be granted, and that the President of the University be instructed by you to proceed to the organization of a School of Journalism based upon our present staff and courses.

I informed the members of the committee that in my opinion we would need perhaps \$25,000 or \$30,000 for the biennium, in order to put this work in the shape in which they want to see it, but that we could not ask for any more money than we already were asking for. I informed them that it would be necessary for them to introduce their own bill for this purpose. My understanding is that they agreed to do so. When the time comes, I shall advise them that they should

ask for at least \$15,000 a year.

On motion of Mrs. Grigsby, this recommendation was concurred in.

APPOINTMENT OF DR. MOOREHEAD AS PROFESSOR OF ORAL SURGERY

(2) At the September meeting of the Board, I recommended the appointment of Doctor Frederick B. Moorehead as professor of oral surgery on half-time at a salary of \$3,000. My recommendation was based on that of Dean Noyes. The reasons for our recommendation were that Doctor Moorehead is probably one of the ablest men in the country to establish and conduct a clinic in his field, and that there is great need for such a clinic in Chicago. I learned that Doctor Moorehead had a donation of money to organize such a clinic in connection with other institutions in Chicago, but that he was willing to develop his clinic in connection with the University of Illinois, if we appointed him. If he does so, however, he will not have this fund.

On further inquiry, I find from Dean Noyes that Doctor Moorehead feels that

the salary suggested is not adequate.

Inasmuch as I think it is very desirable to develop such a clinic and, inasmuch as in my judgment, the best place in Chicago to develop it is in connection with our Dental and Medical Colleges and the Research and Educational Hospitals, on request of Dean Noyes I am now recommending that you amend your former action in this matter and appoint Dr. F. B. Moorehead professor of oral surgery on one-half time at a salary of \$5,000.

I may add, on information from Dean Noyes, that the space and equipment required, as well as the assistants, can be provided this year without appreciable

addition to our expense.

On motion of Mr. Barr, this recommendation was approved.

USE OF UNITARIAN CHURCH ORGAN

(3) The demand for organ instruction is so great that it has been necessary to make an arrangement with the authorities of the Unitarian Church. I have authorized the Director to go ahead. I have requested the Comptroller and your Secretary to sign an agreement with the officers of the Unitarian Church to that effect, and ask your confirmation of this action. The amount is \$250, payable monthly.

On motion of Dr. Noble, this action was approved. During the presentation of this matter, Mrs. Grigsby withdrew.

APPROPRIATION FOR PRACTICE ORGAN

(4) Director Stiven requests that a new small organ be bought and installed in time for the second semester. I recommend that the sum of \$3,250, or so much thereof as may be necessary, be appropriated from the Reserve and Contingent Fund for the purchase and installation of a practice organ for the School of Music.

On motion of Mr. Barr, this recommendation was approved by the following vote: Aye, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Armstrong, Mr. Blair, Mrs. Grigsby, Mr. Small.

BAKER PRIZE FUND SECURITIES

(5) At a recent meeting I informed the Board informally of the kind offer of the heirs of Professor Ira O. Baker to replace certain securities given the University by Professor Baker with some that were more stable. I called your attention to the fact that Professor Baker and his heirs have been paying sufficient amounts

into the income account of the fund to meet the expenses of the prizes.

One of the companies whose securities were included in the original gift failed to pay its interest. The company sent us preferred stock of the face value of \$180 and a normal market value varying from \$99 to \$135, there being no active market. In the meantime, however, the Baker heirs had made good the defaulted

interest; therefore, this preferred stock properly belongs to them.

Under the above circumstances I now recommend:

1. That the Comptroller be authorized and directed to transfer to the Baker heirs the \$180 of preferred stock of the British Columbia Pulp and Paper Company, in return for the cash paid by Professor Baker and his heirs to provide funds to meet the prizes when the company defaulted payment of the interest on the original bonds. The total amount paid in by Professor Baker and the heirs was \$126.01. This amount made good the sum required to pay the prizes.

2. That the Comptroller be authorized and directed to write Mr. Cecil F. Baker, advising him that the University will exchange bonds for others.

Baker, advising him that the University will exchange bonds for others more stable, under arrangements whereby the exchange can be made in Chicago as a

simultaneous act.

On motion of Mrs. Ickes, these recommendations were adopted. At this point, Mrs. Grigsby returned.

SALE OF BLUE FOX SKINS

(6) On recommendation of Dean K. C. Babcock and Curator Frank C. Baker of the Museum of Natural History, I recommend that authority be given the Comptroller to sell a dozen of the twenty-five blue fox skins obtained on the Crockerland Expedition, and that the money be appropriated for the purchase of other specimens for the Museum.

On motion of Mr. Wham, this recommendation was approved.

ANONYMOUS LOAN FUND

(7) I recommend that the gift of \$30,000 from Senator William B. McKinley, hitherto known as the Anonymous Loan Fund, (see Minutes, July 11, 1923) be merged with the former McKinley Loan Fund, the entire sum to be known as the "William B. McKinley Loan Fund," and to be loaned to students on the same conditions as laid down by Senator McKinley in his first donation.

On motion of Mrs. Busey, this recommendation was approved.

PAYMENT FOR BROWN-KNIPP PATENT

(8) The Chairman of the Committee on Patents, Professor James M. White, reports that in accordance with the action of the Board at the September meeting, he has sent the license agreement for the Brown-Knipp Radio Tubes to the licensees, and they have paid over to the University the stipulated consideration of \$10,000, which has been deposited with the Comptroller.

This report was received for record.

DELEGATION OF AUTHORITY TO COMMITTEE ON ACCOUNTANCY TO HEAR COMPLAINTS AND REVOKE CERTIFICATES

(9) I recommend that the Board of Trustees delegate to the University Committee on Accountancy authority to hear complaints and investigate charges of

unprofessional and unethical conduct on the part of certified public accountants holding the Illinois certificate, and to take action on each case, certifying its decisions to the Board of Trustees for final action.

On motion of Mrs. Ickes, this recommendation was approved.

ALUMNI DIRECTORY

(10) The Alumni Association, through its President, Mr. Glenn M. Hobbs, requests the publication of a new general directory of all alumni and former students of the University. It is estimated by the Comptroller that an edition of 4,000 copies of such a directory would cost \$24,000; the estimated income from the sale of this directory at \$3.00 per copy will be from \$7,500 to \$10,000. At best the directory will require a subsidy of \$14,000 or \$15,000 from the University.

I am not convinced that this expenditure would be justified, unless a sufficient number of subscriptions can be received from the alumni in advance to re-

duce the net expense to the University to not over \$10,000.

If 5000 former students will subscribe in advance for this directory at \$2.50 a copy, the University would then be in a position to proceed with the publication of the directory.

On motion of Dr. Noble, this matter was referred to the Committee on Alumni for consideration and report.

LEAVE OF ABSENCE FOR DR. ROY L. MOODIE

(11) In accordance with the authority given me informally at the June meeting of the Board, I have agreed with Dr. Roy L. Moodie that he shall have a leave of absence for the academic year on one-half pay, on account of his health, he to prosecute his research in paleopathology but not to discharge the teaching and executive duties of his professorship. Doctor Moodie has agreed that if he is not able to return to his work at the end of the year, a date will be set by the University of the professorship. sity at which his connection with the University shall cease. The determination of his condition is to be made by a physician or physicians satisfactory to the Board of Trustees. I ask confirmation of this action.

On motion of Dr. Noble, this action was confirmed.

RESIGNATION OF DOCTOR E. V. L. BROWN

(12) Acting for the President, I have accepted the resignation of Doctor E. V. L. Brown, Professor and Head of the Department of Ophthalmology, to be effective October 15, 1926.

On motion of Dr. Noble, this action was confirmed.

ADDITIONAL APPOINTMENTS IN THE DEPARTMENT OF ARCHITECTURE

(13) The Head of the Department of Architecture and the Dean of the College of Engineering report that the enrollment in the Department of Architecture has increased to such an extent that an additional full-time instructor and an additional full-time assistant will be required, to provide for the work satisfactorily. The President has authorized the Department to secure an additional instructor at \$1800 and an assistant at \$1000. This is in addition to the Budget.

On motion of Mr. Wham, this action was approved.

ADDITIONAL APPOINTMENTS IN THE SCHOOL OF MUSIC

(14) The increased enrollment in the School of Music has made it necessary to add to the instructional staff of that division, and the President has made the following appointments, in addition to those approved by the Board at the time the Budget was passed:

Jessie Louse Potter, assistant in organ and piano, full time, ten months from

September 1, 1926, \$1400.
William B. Holl, assistant in reed instruments, one-fourth time, nine months from October 1, 1926, \$360.

Ralph H. Talbot, assistant in wind instruments, one-fourth time, nine months from October 1, 1926, \$270.

On motion of Mrs. Grigsby, this action was approved.

This report was received for record.

ATTEMPTED BURGLARY OF THE BUSINESS OFFICE IN THE CHICAGO DEPARTMENTS

(24) The Comptroller submits the following report of an attempt made on the night of October 4, to burglarize the Business Office in the College of Medicine Building in Chicago:

October 16, 1926

President David Kinley, University of Illinois

MY DEAR PRESIDENT KINLEY:

I desire to report that on the night of October 4th, the first day of registration in Chicago, an attempt was made to burglarize the office of the Business Manager in the Medical Building. Entrance was gained to the building from a pile of coal in the rear of the building from which an unguarded second story window could be reached. Doors to the offices were then broken through and the door to the vault in which the money safe was located was broken in. The outside door to the money safe was also broken open giving the burglars access to about \$75 in cash made up partly of change in a change rack set inside and partly of money collected just at the close of business after the burglar chest had been closed. All other money was inside the burglar proof chest which the burglars did not attempt to open. Representatives of the insurance company with which burglary insurance is being carried were gotten on the ground promptly and an adjustment of the loss was made. The money loss was found to be \$74.99 which the company has agreed to pay. The company has also taken steps to repair all property damage at its expense.

Very truly yours,

LLOYD MOREY
Comptroller

This report was received for record.

APPROPRIATION FOR BURGLARY INSURANCE IN THE CHICAGO DEPARTMENTS

(25) On request and recommendation of the Comptroller, I recommend that an appropriation of \$375 be made from the Reserve and Contingent Fund to meet the expense of premiums on the renewal of burglary insurance in the Business Office of the University in the Chicago Departments.

On motion of Mrs. Busey, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mr. Trees, Mr. Wham; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Noble, Mr. Small.

RENEWAL OF INSURANCE ON CHICAGO PROPERTIES

(26) The following reports from the Comptroller and the Supervising Architect:

October 5, 1926

President David Kinley, University of Illinois

MY DEAR PRESIDENT KINLEY:

The payment of the loss on the recent fire in the Dental Building will reduce the amount of insurance on that building below the minimum amount necessary under our insurance contract as shown by the attached schedule. In order to bring the amount of insurance up to the minimum required an increase of \$12,000 will be necessary, making a total of approximately \$100,000 in force. This is based on a valuation of \$125,000 accepted by the parties in connection with the recent loss and, therefore, established as a valuation for insurance purposes for a reasonable time to come. The amount which has been carried in the part has been \$115,000. Professor White and I both consider that \$100,000 is now from every standpoint a sufficient and satisfactory amount.

In the matter of equipment on the Dental Building a balance of over 48,000 is in force. This is probably a sufficient amount although a recheck of the inventory will probably be necessary in order to make certain that the amount is correct under our contract.

Insurance is also being carried on other buildings and equipment at Chicago as follows:

Medical Building	3225,000
Medical Building Contents	105,000
Old Pharmacy Building	91,000
Juvenile Research Building	26,000
Old Pharmacy Building Contents	25,000

The policy of carrying insurance in Chicago came up first in connection with the Pharmacy Building and is referred to in the Board Minutes for October 18, 1916. The insurance on the Medical and Dental Buildings was first considered by the Board on February 21, 1917, the insurance carried by the College of Physicians and Surgeons having been taken over by the University when the properties were acquired. The present insurance is being carried in accordance with the action of the Board on November 9, 1921, supplemented by the action on July 14, 1924. The average cost per year is about \$500. No insurance is carried on the Research Library and Laboratory.

The major part of the insurance now being carried will expire during the current fiscal year and an appropriation to renew it was included in this year's budget. Policies on the Juvenile Research Building expire in October and November, policies on the Pharmacy Building in November, and policies on the Dental and Medical Buildings in March. In view of this fact it might not be unwise to review the whole question of insurance in Chicago, whether it is considered desirable to continue this insurance other than that on the Dental Building, which is required by the bond issue, and if so, whether the correct amounts are being carried.

Cordially yours,

LLOYD MOREY
Comptroller

October 13, 1926

Mr. Lloyd Morey, Comptroller

MY DEAR MR. MOREY:

I am returning your letter of the 5th to President Kinley about the Chicago insurance.

I think we should carry \$100,000 on the Dental building. I believe that our inventories should be re-checked before we determine the amount of insurance to carry on contents.

I also think the question of policy with reference to insurance on Chicago buildings should be discussed. The fire hazard is greater there than it is here because of the proximity of the buildings, and yet the risk of loss is probably no greater because of the superior fire-fighting facilities. If the Dental building had not been so close to the West Side Hospital the firemen would probably have handled the fire with considerably less damage to the building, but they could not take any changes and therefore smashed \$2400 worth of glass in outside walls and roof in order to clear the building immediately of smoke so they could get to the seat of the fire.

The real reason, it seems to me, for carrying insurance is to be sure to have funds for the immediate restoration of the building. On our campus here if we have a fire loss in one building, we have so many buildings that we can shift our programs so as to practically carry on the work that was in the damaged building without interruption, but this would not be possible in Chicago and the work of a

large number of students would be lost for a year unless speedy repairs could be made. Presumably we always carry enough in our reserve and contingent fund to take care of such an emergency, and yet I think it safer to continue carrying insurance on our non-fireproof buildings. I presume it will be possible to carry insurance on parts of the Pharmacy group without carrying it on the newer portions.

Yours truly,

James M. White
Supervising Architect

October 16, 1926

President David Kinley, University of Illinois My Dear President Kinley:

Referring to my letter of October 5th concerning the question of fire insurance in Chicago on which you asked for a specific recommendation from Professor White and myself, I enclose a letter from Professor White on the subject. You will note that he believes we should continue to carry insurance on our non-fireproof buildings in Chicago. I concur in this opinion, and in view of the fact that a saving of 20% can be made on the rate when insurance is carried to the amount of 80% of the value of the buildings, I believe we should contine to carry insurance on this basis. The fire loss in the last two years has been nearly \$38,000 and the annual cost of insurance on both buildings and contents is about \$1400.

I therefore request that I be authorized to renew insurance on non-fireproof buildings in Chicago expiring during the current fiscal year and to increase or decrease the insurance as may be found necessary to keep the insurance on an 80% basis, based on valuation to be determined by the Supervising Architect's Office, the premiums to be payable out of the special appropriation for Chicago

insurance made July 7, 1926, page 82.

With respect to insurance on contents of buildings, including furniture, laboratory equipment, supplies, etc., a recent ruling makes it necessary to carry insurance to the extent of 90% of the valuation in order to secure the benefit of a reduction in premiums on the co-insurance basis. The total valuation of our equipment and materials in the non-fireproof buildings in Chicago is probably about \$150,000 so that it will be necessary for us to carry \$135,000 of insurance at a cost of about \$350 per year. Straight policies for any amount could be carried at an increase of 20% in the rate. Insurance for one-half the valuation of the equipment would seem to be adequate and could be carried at a cost of \$220 per year. This plan of insurance for the contents of buildings would considerably reduce the work necessary on our inventories and would simplify problems of insurance adjustment in case of loss. I shall appreciate instructions on this point.

Cordially yours,

LLOYD MOREY
Comptroller

I recommend that the Comptroller be authorized to renew the insurance policies on the non-fireproof buildings and contents in Chicago which expire during the current fiscal year, and to increase or decrease the insurance as may be found necessary to keep it on an 80 per cent basis, based on valuation of buildings and contents to be determined by the Supervising Architect, and the premiums to be payable out of the appropriation for Chicago Insurance, made July 7, 1926.

On motion of Mr. Armstrong, this recommendation was approved.

APPROPRIATION FOR PORTRAIT OF PRESIDENT KINLEY

(27) A statement has been received from Mr. Paul Trebilcock, the artist who was commissioned by the Board on September 15, 1925 (page 395) to paint the portrait of President Kinley, covering the cost of the portrait, the frame, and boxing the portrait for shipment. I recommend that the sum of \$1,639.90 be appropriated from the Reserve and Contingent Fund for this purpose, and that the enclosed bill be approved for payment on delivery of the portrait.

On motion of Mrs. Evans, this appropriation was made, subject to the approval of the portrait by the committee, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mr. Trees, Mr. Wham; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Noble, Mr. Small.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

November 20, 1926

The November meeting of the Board of Trustees of the University of Illinois was held at the University, in Urbana, at 9 o'clock a. m. on Saturday, November 20, 1926.

When the Board convened, the following members were present: President Trees, Mr. Armstrong, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Wham.

Provost Babcock was present.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of October 20, 1926. On motion of Mrs. Ickes, the minutes were approved as printed on pages 139 to 170 above.

MATTERS PRESENTED BY PROVOST BABCOCK

The Board considered the following matters presented by the Pro-

ADJUSTMENT OF FIRE LOSS IN THE DENTISTRY BUILDING

(1) The various insurance companies have made settlement of the fire loss on the Dentistry building reported by Professor White at the September meeting of the Board (page 125, Board Minutes), covering the estimated loss as follows: Building

Equipment	10,19645
Total	\$35,067.45

The insurance on the building is partly payable to the Chicago Trust Company, Trustee of the Bond issue on the building. Under the terms of the trust deed, the proceeds of all the insurance money received by the Trustee in excess of \$1000 must be applied either to the restoration or improvement of the building or to redemption of bonds. The total expenditures on the building to date amount to a little over \$18,000, and the Chicago Trust Company has delivered to us insurance checks endorsed by them, totalling \$18,382.91. The other items in the process will bring the total expenditures on the building to about \$20,000. In order not to interfere with the class work, the remainder will be deferred until the holidays or until next summer.

It is very desirable that the University secure in cash the full amount of insurance settlement. The Treasurer has on hand Dental Building bonds totalling \$5600, which have been purchased out of general funds from time to time. It will be entirely satisfactory to the Trustee for us to deposit these bonds with the Trustee as a guarantee that the full amount of the insurance money will be eventually expended on the Dentistry Building. When this is done and a certificate furnished to that effect, the bonds will be returned to the University.

On advice of the Supervising Architect and the Comptroller, I recommend:

(a) That the Treasurer of the University be authorized to deposit with the Chicago Trust Company \$5000, or so much thereof as may be necessary, of Dentistry Building bonds now in the treasury in exchange for insurance money now being held by the Trustee pending its expenditure on the building;

(b) That the amount realized from the insurance settlement be appropriated

as follows:

To reimburse the reserve and contingent fund for appropriations made out of it to meet the cost of restoration of the building-September 22 (applied to equipment replacements) .. \$ 5,000 October 20 (applied to building repairs)...... 20,000

Total For further repair and improvement of the building	\$25,000.00
before October 1, 1927 For further replacement of equipment	4,871.00 5,196.45
Total	\$35.067.45

On motion of Dr. Noble, the Treasurer was authorized to deposit the bonds of the Dentistry Building as recommended.

On motion of Dr. Noble, the money realized from the insurance settlement was appropriated as recommended. The vote was as follows: Aye, Mr. Armstrong, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mrs. Busey, Mr. Small.

ADJUSTMENT OF WINDSTORM DAMAGE IN THE STADIUM

(2) The Comptroller reports that the amount of \$452.10 will be received from insurance companies as reimbursement for repairs on one of the ramp towers at the Stadium which was damaged during a windstorm last July. At the time of the damage the insurance agents advised that the repairs be made and the bills presented as a claim for reimbursement. The bills were paid by the Athletic Association. Proofs of loss have been made to the insurance companies and settlement will probably be received in the near future.

I recommend that the full amount when received be appropriated to the Athletic Association as reimbursement for the expenses incurred in repairing the damage.

On motion of Mrs. Evans, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mrs. Busey, Mr. Small.

ADJUSTMENTS IN THE BUDGET OF THE DEPARTMENT OF ANIMAL HUSBANDRY

(3) On recommendation of Dean Mumford, I recommend that:

(a) A balance of \$1475.06 in the special appropriation for Nutrition Investigation made February 13, 1926, and remaining unexpended June 30, 1926, be reappropriated for the purposes of the original appropriation;

(b) Unappropriated income of Animal Husbandry from sales for the year ending June 30, 1926, be appropriated to the department in accordance with the rec-

ommendation of the Dean for the following purposes:

Operation—\$703.22

Equipment—\$750.00

The balance under item (a) was inadvertently merged by the Business Office with the regular Animal Husbandry Funds and was applied on regular departmental requisitions during the closing days of the last fiscal year. Since this appropriation was made for a special purpose, the unexpended balance as of June 30 must be restored and held available for that purpose.

Concerning item (b), at the end of the last fiscal year the Department of Animal Husbandry had an excess of receipts over budget estimates amounting to \$1453.22. According to the University regulations this sum was carried forward on the books subject to appropriation. Its appropriation at this time is requested to offset in part the charges which must be brought forward against 1926-27 funds in order to restore the balance in the special appropriation under paragraph (a).

On motion of Mrs. Grigsby, these appropriations were made, by the following vote: Aye, Mr. Armstrong, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Barr, Mr. Blair, Mrs. Busey, Mr. Small.

At this point, Mr. Barr took his place with the Board.

ORDERLY IN THE DISPENSARY OF THE COLLEGE OF MEDICINE

(4) I recommend that \$1,500 be appropriated from the Reserve and Contingent Fund and assigned to the budget of the Dispensary of the College of Medicine to provide for the salary of an orderly.

On motion of Mrs. Evans, this appropriation was made by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Blair, Mrs. Busey, Mr. Small.

DEATH BENEFIT FOR MR. DARWIN HOBART

(5) I recommend that an appropiration of \$364 be made from the Reserve and Contingent Fund for the death benefit of Mr. Darwin Hobart, an employee of the Photographic Department, and that the Comptroller be authorized to make this payment to Mr. Hobart's legal representatives.

On motion of Mr. Armstrong, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Blair, Mrs. Busey, Mr. Small.

APPROPRIATION FOR SOUTH FARM DRAINAGE

(6) On recommendation of Professor White, the President recommends that an additional sum of \$4,000 be appropriated from the Reserve and Contingent Fund to carry forth the drainage project for the South Farm in accordance with the policy already adopted.

Professor White reports that bids have been received to cover all of the drainage work on the South Farms. An appropriation of \$10,000 has already been made for this purpose, but to complete the work a total of \$14,000 will be necessary.

On motion of Dr. Noble, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Blair, Mrs. Busey, Mr. Small.

CHANGES IN THE COLLEGE OF MEDICINE BUILDING

(7) The President recommends that an appropriation of \$25,000 be made from the Reserve and Contingent Fund for certain changes and equipment in the old building of the College of Medicine to provide classroom and laboratory facilities for more students.

On motion of Mr. Armstrong, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Blair, Mrs. Busey, Mr. Small.

HEATING SECOND UNIT OF LIBRARY

(8) A recommendation of the Supervising Architect that the contract for heating equipment for the Armory Avenue front of the new Library be awarded to the low bidder, the Reliable Plumbing and Heating Company, on the basis of their bid of \$12,331 (see Minutes, September 22, 1926, p. 97).

On motion of Dr. Noble, this contract was awarded as recommended.

SOUTH FARM DRAINAGE

(9) A letter from the Supervising Architect.

November 20, 1926

President David Kinley, 355 Administration Building

DEAR PRESIDENT KINLEY:

The following bids have been received on our South Farm Drainage projects:

Name of Bidder Bid No. 1	Bid No. 2	Total
National Drain Tile Company \$ 8,215.00	\$3,885.02	\$12,100.02
Christensen Brothers 8,699.24	4,190.80	12,890.04
Kent & Company 10,621.06	5,853.00	16,474.06

We have an appropriation of \$10,000 and the work contemplated under Bid No. 1 was to be done with this appropriation, but believing that we might possibly secure advantageous bids at this time, we took bids on an additional amount of work, as represented in Bid No. 2.

I now wish to recommend that \$4,000 be added to our present appropriation for this work and that a contract be awarded to the National Drain Tile Company

for both projects, totaling \$12,100.02.

There is some other work which has to be done in the way of terracing certain areas, the rebuilding of head walls, etc., which we will do ourselves and for which the additional appropriation requested will be necessary.

Yours truly,

JAMES M. WHITE

Supervising Architect

On motion of Dr. Noble, this contract was awarded to the low bidder as recommended.

MURAL DECORATIONS IN THE NEW LIBRARY

(10) Professor White recommends that Mr. Barry Faulkner be granted an extension of time to February 1, 1927, to complete the mural decorations he is painting for the stair hall of the new Library building. I concur in this recommendation.

On motion of Mrs. Grigsby, this extension of time was granted.

RELEASE OF OPTION ON PERCIVAL LAND

(11) A recommendation that the option on the Percival land be relinquished.

On motion of Mr. Barr, the option was cancelled and the Secretary was instructed to notify Mr. Percival of this action.

ROOF ON NEW ARCHITECTURAL BUILDING

(12) The following letters from Professor White and Mr. Platt:

November 11, 1026

President David Kinley, 355 Administration Building

DEAR PRESIDENT KINLEY:

At the meeting of the Board of Trustees held on September 22, it was voted that they did not approve of the use of a gray slate roof on the new Architectural building.

I am enclosing a communication from Mr. Platt and I advise that the Board

concur in his recommendation.

Yours truly,

JAMES M. WHITE

Supervising Architect

November 8, 1926

Professor James M. White, Urbana, Illinois

DEAR PROFESSOR WHITE:

Replying to yours of November 5th I have reached the conclusion that perhaps it would be a mistake to change the color of the slate on the Architectural Building, and I think it should be the same green slate as that used on the other buildings. We can very well afford to make the other change which my drawings call for, that is by making a uniform size of slate exposing less to the weather than the other building where they are graded, starting 7½° and ending about 4½′ at the top. By having a uniform exposure to the weather more edges will appear and a more interesting texture will result. I do not think the difference between this and the other buildings will be sufficiently marked to be objectionable. As the individual slates will be smaller I should think it would be economy.

As to the weight of the slate, I do not believe the roof will be any heavier than that of the other buildings which started with 3/4" and ended up with 3/4". In any case the steel as designed was intended to carry the slate specified, 4½" to the weather.

Faithfully,
CHARLES A. PLATT

On motion of Dr. Noble, the Supervising Architect was authorized to receive bids on this roof in accordance with Mr. Platt's recommendation.

COOK COUNTY EXPERIMENT STATION HOUSE

(13) The Supervising Architect has received the following schedule of bids on the Cook County Experiment Station House:

The low bidder has withdrawn since his bid was submitted. On the basis of the next low bid the cost of the Station House would be \$11,563.70, which is so far beyond the appropriation made for this purpose by the Board of September 22, 1926, (Board Minutes-page 124) that Professor White recommends that all bids be rejected. I concur in this recommendation.

On motion of Dr. Noble, this recommendation was adopted.

DEATH OF PROFESSOR CHARLES MELVILLE MOSS

(14) I regret to inform the Board that Dr. Charles Melville Moss, Professor of Classics, Emeritus, died at his home in Urbana on November 9, following a week's illness.

The Board considered the following matters presented by the Provost, acting for the President of the University.

LEAVE OF ABSENCE FOR MRS. ALTA GWINN SAUNDERS

(1) On recommendation of Professors Bernbaum and Scovill and of Dean Thompson, I recommend that Mrs. Alta Gwinn Saunders, Assistant Professor of Business English, be given leave of absence without pay from February 1 to August 1, 1927, to enable her to take advantage of an opportunity to do some research work for a business organization. Such work offers her valuable opportunity to strengthen herself for her future teaching of advanced students in the College of Commerce.

On motion of Mrs. Evans, this leave was granted.

LEAVE OF ABSENCE FOR PROFESSOR J. M. MATHEWS

(2) I recommend that Professor J. M. Mathews, Professor of Political Science, be given sabbatical leave of absence on half-pay for the year 1927-28, for the purpose of travel and study.

On motion of Mr. Armstrong, this leave was granted.

LEAVE OF ABSENCE FOR PROFESSOR R. C. ZUPPKE

(3) Professor Carl Lundgren, Acting Director of Physical Welfare, and Dean C. E. Chadsey recommend that Professor R. C. Zuppke be given a leave of absence on full pay from December 11 to February 8, to enable him to go to California to be with his mother who is seriously ill. Professor Zuppke has no class work until the second semester and no football practice until the beginning of the second semester.

I concur in this recommendation.

On motion of Mrs. Grigsby, this leave was granted.

APPOINTMENT OF DR. EDWARD L. HEINTZ AS ASSOCIATE PROFESSOR EMERITUS

(4) Dr. D. J. Davis reports that Dr. Edward L. Heintz of the clinical faculty has been seriously ill for a long time, that he has not been able to do any work for a year, and that it is unlikely that he will recover sufficiently to be able to carry on active teaching. Dean Davis recommends that he be given the rank of Associate Professor, emeritus.

Accordingly, I recommend that Dr. Edward L. Heintz be appointed Associate Professor of Clinical Medicine, emeritus, effective this date.

On motion of Dr. Noble, this recommendation was approved.

He was on the staff from September 1, 1902, until a few days before his death, and under the rules his death benefit should be fifty per cent of his present salary, \$4,750, or \$2,375. I recommend that \$2,375 be appropriated from the Reserve and Contingent Fund for the death benefit of Professor Snodgrass, and that the Comptroller be authorized to pay the same to Professor Snodgrass's legal representative.

On motion of Mrs. Evans, these recommendations were approved, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Wham.

REPAIRS ON MILITARY STABLES

(6) On November 23, shortly before noon, a fire was discovered in the hay in the mow over the center section of the Military Stables. The conclusion of an investigation by a board of officers of the Military Department is that the fire originated through spontaneous combustion in the hay. The loss of government property, estimated at \$1,022, falls on the government. The damage to the building has been repaired at a cost of \$2,200.

I recommend that \$2,200 be appropriated from the Reserve and Contingent

Fund to meet this loss.

If no other action is taken in the meantime, the rule will automatically go back into full effect on that date.

Mr. Barr offered a motion that this recommendation be adopted. The motion was lost.

REQUEST OF MR. FRANK J. PETRU, OF CICERO, FOR NEGOTIATIONS FOR REDUCED RAILROAD RATES FOR STUDENTS DURING HOLIDAYS

(18) President Trees has referred to me a request from Mr. Frank J. Petru, of Cicero, the father of one of our students, that the Board take action that would lead to negotiations with the Illinois Central Railroad towards securing reduced railroad fares for the students on holiday trips home, such as Thanksgiving, Christmas, Easter, etc.

The Illinois Central has not offered reduced rates during the Christmas and Easter holidays for many years. It is obvious that it does not need to offer reduced rates during those holidays in order to attract business because not many students stay here during those holidays. It is an advantage to the railroad to offer rates on Thanksgiving Day, because a relatively small number of students is in the habit of going away for that holiday, unless there is the attraction of a low rate.

So far as the University is concerned, we are sorry to have the railroads offer rates for Thanksgiving Day because it encourages students to be absent from classes on Wednesday afternoon, Friday, and Saturday, and it interferes with our class work.

President Trees stated that he had taken this matter up with the railroad company, and had been informed that the railroad officers felt that they could not consistently inaugurate reduced fares during the holidays.

On motion of Mrs. Ickes, the Secretary was instructed to inform Mr. Petru of the position taken by the railroad officials, and to call his attention to the possibility of the use of the certificate plan by the students.

MEMORIAL ON THE DEATH OF SENATOR WILLIAM B. MC KINLEY

(19) As you all know, Senator McKinley passed away on December 7, after an illness of several months following an operation which he underwent last spring. In view of Senator McKinley's great interest in the University, as manifested by his generosity during his lifetime, and in view of the fact that he served on the University Board of Trustees at one time, it seems fitting and proper that the Board of Trustees should pause in its business to pay its respect to his memory. I suggest that the following memorial be adopted and a copy be sent to Senator McKinley's family:

In the death of Senator William B. McKinley the State of Illinois and the nation have lost a distinguished citizen, an able, high-minded, public-spirited statesman, and a supporter of good works. The University of Illinois has lost a

(20) I wish to call the attention of the Board to the death on December 6 of Honorable Samuel A. Bullard of Springfield, a member of the Board of Trustees from 1889 to 1907, and as a tribute to his memory I suggest that the Board adopt the following memorial and a copy be sent to the members of his family:

APPROPRIATION FOR BUILDING FOR RESEARCH IN HIGH PRESSURE GAS REACTIONS

(26) On request of the Department of Chemistry and with the advice of the Supervising Architect, I recommend that an appropriation of \$2500 be made from the Reserve and Contingent Fund for the building of a temporary laboratory for research in high pressure gas reactions.

This building will be constructed largely of second-hand materials, and will be located on the east side of the coal storage yard, near the State Water Survey's

experimental laboratory.

The following letters from Professor Roger Adams, head of the Department of Chemistry (November 4, 1926) and from Dr. D. B. Keyes, Professor of Industrial Chemistry (November 1, 1926) are submitted to show the importance of the proposed research in the field of high pressure gas reactions.

November 4, 1926

Dean K. C. Babcock, College of Liberal Arts and Sciences DEAN DEAN BABCOCK:

I am enclosing a letter from Dr. Keyes and also an outline of a proposed research in the field of high pressure gas reactions. I consider that this outline is admirably presented and it expresses quite clearly the possibilities for work in this field. It does not exaggerate in any way its importance.

The equipment will be used for research in the Industrial division, particularly along the line of fuels, for which the Industrial division (through the work of Parr and his associates) has received such a reputation. The problems which can be studied, however, are not limited merely to fuels, but to many other problems in Inorganic and Organic chemistry, so that the equipment will probably be used occasionally, if not often, by others in the department. As there are so many plants which are now undertaking gas reactions at high pressures, it is very desirable that our undergraduate chemical engineers should at least have some familiarity with the apparatus. It will undoubtedly be of considerable interest to many of the engineers in curricula other than chemical engineering.

I am heartily in favor of purchasing this equipment if it can possibly be done, and if the money cannot be procured from a single source it seems to me that the total might be made by a number of contributions, for example—from the Engineering Experiment Station, the Graduate School, and the College of Liberal Arts.

I told Dr. Keyes that I thought it advisable to get your advice on the whole matter before sending a copy of the outline of the proposed research to Dean Ketchum or any of the others.

Sincerely yours, ROGER ADAMS

Head—Chemistry Department

November 1, 1926

Professor Roger Adams, Chemistry Department, University of Illinois Professor Adams:

I am enclosing a memorandum written by Dr. Krase on our proposed high pressure gas reaction research.

We are requesting an appropriation of \$5,000 to start this work.

The fixation of atmospheric nitrogen was a development in this class, and the enormous value of this development to the food, fertilizer, and explosive industries is common knowledge. Another example is the recent synthesis of methanol by the Germans. This development undoubtedly means the elimination of our wood distillation industry.

This field, however, has hardly been scratched and it has been predicted by competent authorities that this line of work will soon lead to more startling successes, for example, a liquid motor fuel from coal and water, common sugar and starch from petroleum, and soap from kerosine.

Practically every large chemical research organization in this country has started or is about to start investigations along these lines, indicating the importance attached to this work by the scientist.

It should be noted furthermore that the University of Illinois is fortunate in having Dr. Krase who is exceptionally well qualified to undertake this work due to long experience in the field.

Very truly yours, D. B. Keyes

Professor of Industrial Chemistry

On motion of Dr. Noble, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham: no, none; absent, Mr. Small.

DISCONTINUANCE OF RESIDENCE HALL ANNEX

(27) The following communication from Professor James M. White:

January 7, 1927

President David Kinley, 355 Administration Building

DEAR PRESIDENT KINLEY:

The Residence Hall Annex located in the north end of the Forestry has proven somewhat unsatisfactory as an Annex from the operating standpoint, and also as a University home for women students, on account of the unfavorable impression it gives in comparison with the two large halls. It has been difficult for the Dean of Women to fill the Annex or to keep the girls satisfied after they have been assigned there. I am recommending, therefore, that its use as an annex be discontinued. There are other purposes for which the building can be used and which can be decided at a later time. Dean Leonard wants to use it as a co-operative house. Yours truly,

JAMES M. WHITE

Superintendent of Business Operations

On motion of Mrs. Ickes, this matter was referred to the Committee on Student Welfare for consideration and report.

COOPERATION WITH THE STATE DIVISION OF PARDONS AND PAROLES

(28) Honorable Hinton G. Clabaugh, Supervisor of Paroles and Chairman of the Division of Pardons and Paroles of the State Government, in October, 1926, requested the cooperation of the University in a cooperative investigation of the Pardon and Paroles Law of Illinois in collaboration with representatives to be appointed by the University of Chicago and Northwestern University. This proposal has been under discussion for two months with Mr. Clabaugh and the authorities of the two other universities. The Governor has expressed his approval of the proposed investigation and solicits our cooperation. The one man on our faculty who is best prepared to undertake this investigation is Dean A. J. Harno, of the Law School. He is willing to undertake this and suggests the following arrangements in case the project has your approval:

(1) Dean Harno would be given the authority to participate in the proposed investigation, using so much of his time as may be necessary to carry his share of the work, without reduction of University salary. The Joint Committee will not be paid a salary but their expenses will be paid from the funds of the Division.

(2) Dean Harno will remain active as Dean but will be assisted by the appointment of a member of his staff as Assistant Dean, appointed without increase of salary for the period from February 1 to September, to act under Dean Harno's direction.

(3) Dean Harno will drop the one course for which he is scheduled in the second semester. This will be undertaken perhaps by Professor Johnson, who in turn will discontinue one of his elective courses.

The University will thus be contributing to an important investigation, both from the point of view of administration of criminal law and to the proper operation of the pardon and parole scheme. Should important recommendations for legisla-

tion be made by the Joint Committee, they could not, of course, become effective before action of the State Legislature in 1929. Any report it makes as to the admin-

istration of the present law might be made effective during the current year.

Northwestern University has already designated Professor Bruce of the Law School, and the University of Chicago has designated Professor Burgess of the Department of Sociology as their respective members of the Joint Committee.

At present the University is not committed in any way to participation, newspaper paragraphs to the contrary notwithstanding.

I recommend the approval of these arrangements.

On motion of Dr. Noble, this plan of cooperation was approved.

RAZING OF FLOURNOY STREET PROPERTY

(3) The Supervising Architect recommends that the building at 1745 Flournoy Street be razed. This is a two-story frame structure, very much run down, and cannot be made rentable without the expenditure of a considerable amount of money. I concur in his recommendation.

He recommends further that Mr. Alexander Prussing be authorized to take an

option on it for as long a time as possible.

I recommend approval of these recommendations and that the sum of \$4,200, or as much thereof as may be necessary, be appropriated from the Reserve and Contingent Fund for this purpose at the price named, and for the expenses of the transfer.

ment to Mr. Porter's designated beneficiary.

I recommend that \$10,000 be appropriated from the Reserve and Contingent Fund for the purpose of continuing the work on building studies.

On motion of Dr. Noble, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Small.

APPROPRIATION FOR LEGISLATIVE VISIT

(11) I recommend that an appropriation of \$1400, or so much thereof as may be necessary, be appropriated from the Reserve and Contingent Fund for the expenses of the visit of the General Assembly on March 2 and 3, 1927.

On motion of Mr. Barr, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mr. Blair, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Noble, Mr. Trees, Mr. Wham; no, none; absent, Mr. Small.

DISPENSARY FEES IN THE COLLEGE OF MEDICINE

(12) Dean Davis recommends that the initial payment fee in the Dispensary be raised from 15c to 25c per patient, and that the charge for a lost dispensary card be raised from 10c to 15c. I recommend the approval of these changes.

On motion of Mr. Armstrong, these changes were approved.

REQUIREMENTS FOR ADMISSION TO THE COLLEGE OF LAW

(13) The University Senate, at its meeting of February 14, adopted the following resolution changing the requirements for admission to the College of Law:

"Resolved, that beginning with January 1, 1929, the following persons only will be admitted to the College of Law as candidates for degrees:

1. Graduates of colleges and universities of approved standing.

2. Students in the University of Illinois of senior standing who are permitted to elect courses in law for the degree of Bachelor of Arts or for the degree of Bachelor of Science."

I request that I be authorized to approve these changes and to put them into effect if, on further study, there appears no reason why they should not be made. Otherwise I will bring the matter back to the Board at a future meeting.

On motion of Mr. Armstrong, this recommendation was concurred in.

FOUR-YEAR CURRICULUM IN LAW DISCONTINUED

(14) The University Senate, at its meeting of February 14, adopted the following resolution abolishing the present four-year curriculum in law:

"Resolved, that the four-year curriculum in law be abolished, this action to become effective September 1, 1927, provided that students already registered in this curriculum be permitted to complete it and take the degrees as now announced."

I request that I be authorized to approve this change and to put it into effect if, on further study, there appears no reason why it should not be made. Otherwise I will bring the matter back to the Board at a future meeting.

On motion of Mr. Armstrong, this recommendation was concurred in.

PROFESSIONAL DEGREES IN ENGINEERING

(15) The University Senate (meeting of February 14, 1927) has approved certain changes in the requirements for the professional degrees in engineering to modify the present regulations. The changes are as follows:

I. Professional degrees in engineering may be conferred on two classes of

candidates:

1. Those who have received an academic degree in engineering from the Uni-

versity of Illinois;

2. Those who have received an academic degree in engineering from other institutions of equal standing and who have been members of the teaching or research staff of the College of Engineering or Engineering Experiment Station of the University of Illinois for at least three years prior to the conferring of the professional degree.

II. No candidate will be considered for a second professional degree whose statement of experience does not show that he has had a minimum of four years of acceptable engineering experience after receiving the degree of Bachelor of Science and that for at last three years he has been in responsible charge of engineering work. This statement must be submitted prior to December 31 of the academic year during which the candidate is writing his thesis and at the end of which he expects to receive his degree. (In effect this requirement establishes five years as a minimum time following the receipt of an academic degree in engineering in which the professional degree may be secured.)

III. The statement "Professional degrees are conferred on two classes of candidates" is changed to "Professional degrees in engineering may be conferred, etc."

IV. The time for the filing of the completed thesis with the Dean of the Col-

lege of Engineering is extended from April 1 to May 1.

Certain minor changes in the language of the statement of the requirements for these degrees have also been made, but the modified phraseology does not change the requirements, except as indicated above.

On motion of Mr. Barr, this matter was referred to the President of the University for investigation and report.

LEAVE OF ABSENCE FOR PROFESSORS

(16) I recommend that the regulation governing leave of absence for professors be modified to read as follows:

"Leave of absence under this rule is granted primarily in the interest of the University by giving the members of the staff opportunities to improve themselves for the better discharge of their University duties. Therefore, leave of absence is a privilege granted by the Board of Trustees.

"A professor, associate professor, or assistant professor who has served six consecutive years, and requests it, may be given a leave of absence for the purpose of study for one year on half pay; provided, that these permits shall be given only on the advice of the President. A professor requesting such leave of absence shall submit to the President with his application an outline of his plan of work, shall pledge himself to remain at the University for one year after his return, and shall

make a report to the President of his work during his absence; and the University in return shall agree to retain him in its service during his leave of absence and for one year thereafter."

On motion of Mr. Blair, these changes were approved.

At this point, Dr. Noble withdrew.

LEAVE OF ABSENCE FOR PROFESSOR W. A. OLDFATHER

(17) On recommendation of Dean Babcock, I recommend that Professor W. A. Oldfather be given sabbatical leave of absence on half pay for the academic year 1927-28, under the University rule as amended.

On motion of Mr. Armstrong, this leave was granted.

LEAVE OF ABSENCE FOR PROFESSOR H. J. SNIDER

(18) On recommendation of Dean Mumford, I recommend that Assistant Professor H. J. Snider, of the Department of Agronomy, be given leave of absence on one-half salary for one year from September 1, 1927, under the University rule as amended.

On motion of Mrs. Grigsby, this leave was granted.

LEAVE OF ABSENCE FOR PROFESSOR H. H. BAILY

(19) On recommendation of Dean Thompson, I recommend that Assistant Professor H. H. Baily of the Department of Business Organization and Operation be given leave of absence on one-half salary for one year from September 1, 1927, under the rule of the University as amended.

On motion of Mr. Blair, this leave was granted.

LEAVE OF ABSENCE FOR PROFESSOR C. L. METCALF

(20) The Provost reports that Professor C. L. Metcalf of the Department of Entomology was given leave of absence on account of illness from January 5 to February 15, and February 22 to March 5, on full pay.

This report was received for record.

LEAVE OF ABSENCE FOR MISS KATHRYN VAN AKEN

(21) The Provost authorized three weeks leave on full pay for Miss Kathryn Van Aken, State Leader of Home Economics Extension, on account of illness.

This report was received for record.

EXTENSION OF LEAVE OF ABSENCE FOR MR. GEORGE E. WRIGHT

(22) On recommendation of the Supervising Architect, I recommend that the leave of absence given to Mr. George E. Wright, Assistant Supervising Architect (page 176, November 20, 1926), from December 1, 1926, to March 1, 1927, on account of his health, be extended from March 1 to September 1, 1927, but on half pay during the period of extension. Mr. Wright is still incapable of working.

On motion of Mrs. Grigsby, this extension was granted.

REDUCTION OF BONDS COVERING FEDERAL GOVERNMENT PROPERTY

(23) The Comptroller reports that bonds totalling \$141,000 executed by him for the Board of Trustees, with its authority, and filed with the Adjutant General of the United States, have been cancelled and returned, due to the reduction of the inventory of government property on hand at the University.

This report was received for record.

REPORT OF COMMITTEE ON PATENTS

(24) The Committee on Patents makes the following recommendation on certain patents which have been under consideration during the year:

1. That Mr. H. O. Croft be permitted to take out and retain control of a

patent on an invention improving the transmission of heat through boiler tubes.

2. That Professor Charles T. Knipp be permitted to control the patent he has taken out on the apparatus showing the Track of Alpha Rays.

3. That Mr. H. A. Brown be permitted to make an assignment, as he requests, to the University of a patent on a non-continuous carrier wave radio-telephone transmission, and that the University meet the legal costs, amounting to date to \$303.55, of this assignment.

4. That a patent applied for by Professor Jakob Kunz on a modification of the Brown-Knipp detector tube be assigned to the University, and that the University

assume the costs on this case which would amount to \$330.55.

5. That Professor T. T. Quirke of the Department of Geology be permitted to control the patent and development of a device which permits the use of a projection lantern under daylight conditions, and that no assignment of rights on this device shall be made to the University.

No additional appropriation of funds is involved in the above assignments because the standing appropriation to cover Patents on Discoveries and Inventions for the year 1926-27 is sufficient to cover the costs in both cases.

I concur in these recommendations.

On motion of Mr. Blair, these recommendations were approved. At this point, President Trees was called from the room, and requested Mrs. Evans to act as chairman.

AGREEMENT WITH BALTIMORE & OHIO RAILROAD COMPANY

(25) Pursuant to the action of the Board of Trustees on September 22, 1926, (page 127) authorizing the continuation of the exploration of certain Indian mounds, and appropriating \$5,000 for that purpose, the Provost of the University in my absence authorized the Comptroller and the Secretary of the Board to execute an agreement with the Baltimore and Ohio Railroad Company for the exploration of the Harding Mound at East St. Louis, Illinois, which is owned by the Railroad. The agreement gives the University permission to explore this mound and to secure such objects as may be found therein for its museums.

I ask your confirmation of this agreement.

On motion of Mr. Blair, this agreement was approved and confirmed.

GIFT FROM FENGER MEMORIAL ASSOCIATION

(27) In accordance with the authority given me, the Provost has accepted a gift of \$300 in cash representing half of a grant by the Fenger Memorial Association for work in bacterial proteins.

This report was received for record. At this point, President Trees returned.

CHARLES SUMNER BACON LECTURESHIP IN OBSTETRICS AND GYNECOLOGY

(28) A number of the friends of Dr. Charles Sumner Bacon, for twenty-three years Professor of Obstetrics and Gynecology in our College of Medicine, have contributed the sum of \$4601.16, to endow a lectureship to be known as the Charles Sumner Bacon Lectureship in Obstetrics and Gynecology. It is the hope of Doctor Bacon's friends that this amount may be increased to at least \$5000 at an early date. The money in the amount mentioned above has been received by the Comptroller.

I make the following recommendations, in accordance with the wishes of Doctor

Bacon and others interested:

1. That this lectureship be known by the title given above.

2. That a lecturer be nominated to the President of the University by the Dean of the College of Medicine, on recommendation of the Head of the Department of Obstetrics and Gynecology, either annually or in alternate years as may seem best to the head of the Department and the Dean of the College.

3. That the head of the Department, with the approval of the Dean, may make arrangements for one lecture or, when desirable and possible, a series of lec-

tures from the lecturer chosen in any year.

4. That the President be directed to make appropriate acknowledgement of this gift for the Board through Doctor Bacon.

On motion of Mr. Blair, these recommendations were approved.

GIFTS TO THE COLLEGE OF ENGINEERING

(29) Under the authority given the President by the Board of Trustees, the Provost authorized Dean Ketchum to accept the following gifts:

Six (6) Steel tires for the supporting wheels in the Locomotive Laboratory, offered by Mr. Charles Riddell, Chicago, Manager of the Standard Steel Works Company, valued at \$375.

(31) The Provost authorized the Secretary of the Board of Trustees to execute the proxies for the Annual Meetings of the Illinois Public Service Company, and the Public Service Company of Northern Illinois, which were held in February, in view of the fact that no Board Meeting was held in that month.

On motion of Mr. Blair, this action was confirmed.

REQUEST OF ILLINOIS FIREMEN'S ASSOCIATION FOR LOCATION OF TRAINING TOWER

(33) The Illinois Firemen's Association, through their Secretary, Mr. R. W. Alsip, states that the Association has introduced a bill in the General Assembly for an ap-

propriation to build a training tower to be used in connection with the short course in Fire Prevention, Control, and Extinguishment which has been held at the University in the last two years. The Association asks permission to erect this tower on University grounds if it receives the appropriation asked for.

I recommend that this permission be granted, the character and location of the structure to be considered and reported on by the Committee on Buildings and Grounds, and the Supervising Architect, and the construction to be carried on under

conditions approved by him.

On motion of Mrs. Grigsby, this recommendation was adopted.

OPINION OF LEGAL COUNSEL—PURCHASES

The Secretary presented the following opinion given by the Legal Counsel, Judge Sveinbjorn Johnson.

January 31, 1927

Mr. H. E. Cunningham, Secretary Board of Trustees, 161 Administration Building My Dear Mr. Cunningham:

Answering your letter of January 15th, I understand you desire the opinion of this office respecting the legality of specific purchases made from general appropriations. That is, I interpret your question as relating to the legal power of the Board of Trustees by general authorization to empower the Purchasing Agent, under the direction of the Comptroller (sec. 46 Laws of the Board of Trustees, 1926), to make specific purchases without prior approval in each case. I understand also that you desire my opinion whether, assuming that prior specific authorization be unnecessary in each instance, the Board should affirmatively approve specific purchases after they have been made.

A complete answer to your questions requires a consideration of the nature and the general powers of the Board of Trustees. The University undoubtedly is an agency or instrumentality of the State Government, created and maintained for the purpose of affording facilities for higher education. The Board is a creature of the state legislature for the purpose of governing this State Agency and of effectuating the purpose for which the University was established. The Supreme Court has decided that the University, and the property held in its name, are under the control of the General Assembly of the State. It would seem to follow that the Board of Trustees is endowed with powers both legislative and executive in character; that is, under the statute of its creation the Board is charged with a duty of managing the University in such a way as to carry out the objects of the founders, and it is also given the power to adopt rules and regulations for the government and administration of the University and of all its departments. The University is a public, tho not strictly a municipal, corporation and the Board of Trustees is its governing body.

It is settled in the law of municipal corporations that when the legislature has conferred power upon such a body in a given field in which the exercise of discretion, with respect to the execution of the power, is necessary, such power may not be delegated by the municipality or by the officers in whom the power of exercise is vested, to agents or other persons. This rule rests upon the notion that when the legislature grants the power it intends that it shall be exercised by the body created and in the mode prescribed; and that any departure from such authority, or any attempt to transfer such power, are wholly unwarranted. I believe it necessarily follows from this well settled principle that the Board of Trustees of the University may not delegate the exercise of the discretionary power, conferred upon it by the statutes, to subordinate bodies or appointees. That is, in the formulation of general policies, in the making of plans, and in all matters where discretion and judgment are required, the Board is powerless to delegate the performance of its duties.

From this it does not follow that the Board is without power to appoint agents to carry out policies or plans formulated by it. In the execution of such policies the agents or appointees are performing a ministerial as distinguished from a discretionary function, and neither the state statutes nor the laws of the Board of Trustees

are violated by a delegation of such a duty. This power is recognised as practically necessary because otherwise public boards would, in a large measure, be incapable of effective action. The Board of Trustees, in the proper exercise of its power, may adopt general policies and prescribe by general rules the manner in and the method by which such policies shall be put into execution. Having done so the Board may designate agents or appointees to perform the ministerial duty of practical execution.

Applying these principles to the questions you propound I am of the opinion that the Board is clearly within its powers, in making a general appropriation for a specific purpose, like the expenses of a department for a given period, and prescribing by general rules the manner in which such purchases shall be made; and that no prior approval or authorization of a specific purchase need in each instance be given. Neither is there any legal necessity for specific subsequent approval. Using the illustration in your letter; assume that an appropriation has been made for the operation of the physical plant; assume, further, that the purchasing agent is directed by the Board, under the general direction of the Comptroller, to purchase supplies at the lowest price obtainable, having in mind, of course, the relative values, and the suitability of the supplies to the needs of the University. I see no reason why the officers mentioned may not go into the market, make the mathematical calculations as to quality and values and buy coal, (for example,) wherever the most advantageous purchase can be made, in accordance with the general instructions of the Board.

I have been speaking of course of power and of legal duty. Respecting the wisdom or practical efficacy of policies or methods, you have, of course, not inquired. The power to authorize purchases, as indicated, clearly exists; and there is no legal duty to approve each individual purchase after it has been made. In its discretion the Board may provide various means to check the fidelity and efficiency of its agents and employees, and being satisfied that an adequate check is furnished in periodical audits, examinations, and reports, there is no provision in the law which requires that its discretion in this regard shall be exercised in some other mode. The primary legal duty of the Board, in dealing with the business side of University administration, is to protect the state against prodigality in the expenditure, or willful misapplication of public funds; and this basic obligation may be discharged in such a manner and by the use of such means as, in the sound discretion of the Board, seem best calculated to accomplish that end.

As I understand the business organization of the University, there is, in effect, a double audit of all accounts and business transactions, reported directly to the Board at stated intervals. It would seem that in this way full protection is afforded the University and a reasonably adequate opportunity given to the Board to discover or detect instances where agents or appointees have made purchases or performed acts contrary to the letter or the spirit of the general instructions embodying the policy which the Board has adopted.

Yours very truly,
Sveinbjorn Johnson
Legal Counsel

On motion of Mr. Blair, this opinion was received for record.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

April 19, 1927

The April meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel in Chicago, at 9:30 a.m. on Tuesday, April 19, 1927.

When the Board convened, the following members were present: President Trees, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Dr. Noble.

President Kinley was present; also Professor J. M. White, Supervising Architect.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of March 8, 1927. On motion of Mrs. Evans, the minutes were approved as printed on pages 217 to 239 above.

POWERS OF THE EXECUTIVE COMMITTEE

On motion of Mr. Armstrong the consideration of the matter of what, if any, reservations should be made in the powers of the Executive Committee, (see minutes, March 8, 1927, page 233) was made a special order of business for the May meeting of the Board, and the Secretary was instructed to send to each member of the Board a memorandum quoting the basic law and the By-Laws of the Board on this matter, with a statement that members who wish to suggest any changes are requested to have them ready at the time of the meeting.

MATTERS PRESENTED BY PRESIDENT KINLEY

The Board considered the following matters presented by the President of the University.

CONTRACT FOR LIGHTING FIXTURES FOR PHARMACY ADDITION

(1) The Supervising Architect reports that bids have been received by Schmidt, Garden, & Erikson, Architects, on the lighting fixtures for the Pharmacy Addition.

	Bid	Bond
Luminous Fixture & Supply Co	\$3,003.55	\$45.00
T. W. Wilmarth Company	3,338.00	50.00
Moran & Hastings Mfg. Co	2,935.63	43.38
C. G. Everson & Co.		None

These bids include two sets of fixtures—one set for which specifications were submitted by the architects and one requiring special design. The bidders were instructed to include an estimate of \$2,000 to cover the latter set. The low bidder on the fixtures for which specifications were submitted is the Moran & Hastings Mfg. Co., with a bid of \$935.63 (which is minus the allowance of \$2,000 for the fixtures requiring special designing) and an allowance of \$43.38 for the bond, making their net bid \$892.25.

A bid of \$982.00 has also been received from the Victor S. Pearlman Co. on fixtures for which they submitted a special design.

I concur in the recommendation that the contract for the regularly designed fixtures be awarded to the Moran & Hastings Manufacturing Company.

Recommended that the bid for special fixtures be referred back to the architects in conference with Professor White and to secure if possible competition in designs and bids and that the Executive Committee be authorized to award a contract as soon as the information is ready.

On motion of Mrs. Busey, the contract was awarded to the Moran & Hastings Manufacturing Company as recommended.

On motion of Mr. Barr, the recommendation concerning the bids for special fixtures was adopted.

INSURANCE ON PHARMACY BUILDING DURING CONSTRUCTION

(2) The Comptroller reports that the architects having advised that \$50,000 additional insurance was necessary on the new unit of the Pharmacy Building under construction in Chicago, this insurance being required by the building contract, he advertised for bids and received only one proposal, from Prussing and Company of

Chicago, at a rate of 26c per hundred dollars; this being the same rate as has applied in previous insurance taken on this building, and the companies proposed by Prussing and Company being satisfactory, and the insurance being required immediately, he accepted the proposal and placed the insurance accordingly.

I ask confirmation of this action.

On motion of Mrs. Evans, this action was confirmed.

INSURANCE ON MEDICAL AND DENTAL BUILDINGS

(3) The Comptroller has advertised for and received bids on the fire insurance needed on the Medical and Dental buildings as follows:

		MEDICAL BUILDING	Den	TAL BUILDING		
Amount of Insurance Required		\$302,000	\$167,000			
Bidders	Amount	Rate per \$100	Amount	Rate per \$100		
Rollins Burdick						
Hunter Company	\$16 0,000	.85	\$110,000	\$1.25		
W. A. Alexander						
and Company	302,000	.95	167,000	1.35		
McKey and Poague	257,500	.95				
	44,500	1.50				
Greison Insurance						
Agency	302,000 Bldg.	2.00	167,000	2.00		
	Contents	3.00				
Prussing & Company			167,000	1.35		

From this schedule it will be noted that a low bid is made on a portion of the insurance of both buildings by Rollins Burdick Hunter Company, and that the next lowest bids on the Medical Building are by W. A. Alexander and Company and Mc-Key and Poague, and on the Dental Building by W. A. Alexander and Company and Prussing and Company. W. A. Alexander and Company did not submit a list of the companies in which they proposed to place the insurance, as required in the notice. All other bidders submitted lists of companies all of which have been found satisfactory.

McKey and Poague and Prussing and Company have rendered valuable service in determining the proper valuations of the buildings and the amounts of insurance which should be carried.

Recommended that insurance on these buildings be placed for a term of five years as follows:

(a) On the Medical building and contents, \$160,000 at .85 a hundred, with the Rollins Burdick Hunter Company.

(b) On the Medical building and contents, \$71,000 at .95 a hundred, with McKey and Poague, and \$71,000 at .95 a hundred with W. A. Alexander and Company, provided the Alexander company submits a list of companies satisfactory to the Comptroller.

(c) On the Dental building and contents, \$110,000 at \$1.25 a hundred with the Rollins Burdick Hunter Company; and \$57,000 at \$1.35 a hundred to be divided equally between Prussing & Company and W. A. Alexander & Company, provided that the Alexander company submits a list of companies satisfactory to the Comptroller.

On motion of Mrs. Busey, recommendation (a) was adopted. On motion of Dr. Noble, recommendation (b) was adopted. On motion of Mrs. Evans, recommendation (c) was adopted.

APPROPRIATION FOR REPAIR OF HAILSTORM DAMAGE TO GREENHOUSES AND OTHER BUILDINGS

(4) The Supervising Architect submits the following estimate of the cost of repairing damage to greenhouses and other buildings caused by a hailstorm on the afternoon of April 4, 1927, and requests an appropriation to meet the expenses of repairs.

Labor of replacing glass at greenhouses, 48,000 sq. ft. @ 20c	,
per sq. ft\$	
Material purchased to date	4,288.00
Cost of handling material by draymen, etc	500.00
Estimated cost of repairs to glass and roof of:	
Farm Mechanics Building. (
Gym. Annex	1,000.00
Engineering Hall	•
All other buildings	500.00
Repairing muntin bars on roofs of greenhouses	3,000.00
T-4-1	*0.000 os
Total	
Incidental Expenses—twenty percent	3,777.60
Total	22 66= 60

The unit cost of replacing the glass in the green houses is based on the actual cost of the amount which has been replaced to date.

It will be necessary to repaint the muntin bars on account of the paint being removed in the process of the removal of the old glass and cleaning for replacement.

The item of incidentals includes overhead, material which has not been purchased, repairs to muntin bars, sheet metal, etc., which could not otherwise be accurately estimated.

PROFESSIONAL DEGREES IN ENGINEERING

(15) At the meeting of March 8, 1927 (page 223), the recommendations of the University Senate for certain modifications in the present regulations governing professional degrees in engineering were referred to the President for investigation and report.

I now recommend that these changes be approved and printed:

SECOND DEGREES IN ENGINEERING

Two classes of second degrees (academic and professional) are open to grad-

uates of the College of Engineering.

The academic second degree in engineering is Master of Science, following Bachelor of Science, in architecture, architectural engineering, civil engineering, electrical engineering, etc. This degree is conferred in accordance with the regulations described above for academic work in residence only.

The professional second degrees in engineering are as follows:

Master of Architecture, after B.S. in architecture.

Architectural Engineer, after B.S. in architectural engineering. Ceramic Engineer, after B.S. in ceramic engineering.

Civil Engineer, after B.S. in civil engineering or in railway civil engineering. Electrical Engineer, after B.S. in electrical engineering or in railway electrical engineering.

Mechanical Engineer, after B.S. in mechanical engineering or in railway mechanical engineering.

Engineer of Mines, after B.S. in mining engineering.

Professional degrees in engineering may be conferred on two classes of candidates: (1) those who have received an academic degree in engineering from the University of Illinois; (2) those who have received an academic degree in engineering from other institutions of equal standing and who have been members of the teaching or research staff of the College of Engineering or Engineering Experiment Station of the University of Illinois for at least three years prior to the conferring of the

professional degree.

A candidate declares his candidacy by filing with the Dean of the College of Engineering, as chairman of the Graduate School committee in charge, a detailed statement covering his professional engineering experience. This statement must be made upon a standard form supplied by the Dean of the College of Engineering and must be filed not later than the first Monday in November preceding the commencement at which the candidate expects to receive the degree. No statement of experience will be considered by the committee which does not show that the candidate has had a minimum of four years of acceptable engineering experience after receiving the degree of Bachelor of Science, and that for at least three years he has been in responsible charge of engineering work. Responsible charge in engineering teaching may be considered as responsible charge of work. In determining the acceptability of the engineering experience of the candidate the committee will be guided by the character of his professional work and the degree of responsibility involved, and will take into consideration such evidences of professional ability and growth as may be shown by his investigation of engineering problems, his contributions to technical literature, and his membership and activity in engineering societies.

If the professional experience of the candidate is accepted he must submit for approval, prior to December 31, an outline of his proposed thesis. The completed thesis, in the form prescribed in the "instructions for the preparation of masters' and doctors' theses," must be deposited with the Chairman of the Committee (Dean of the College of Engineering) not later than May 1. The candidate must present

himself at commencement in order to receive the degree.

A candidate for a professional engineering degree must pay the incidental fee of fifty dollars on being notified that his professional study and experience are accepted as qualifying him to enter as a candidate for the degree. No one will be enrolled as a candidate for the degree at the following commencement who does not pay this fee at this time. When a candidate for a professional engineering degree has once been accepted and paid his fee, he is eligible to receive the degree at any time within five years, without additional fee, on completion of the requirements; provided, however, that unless he completes the requirements within two years his name will be dropped from the list of candidates and in order to receive the degree within the five-year period he must register once more.

On motion of Dr. Noble, these regulations were adopted as printed above.

WALLACE MEMORIAL SCHOLARSHIP.' and I request that the Trustees of said University invest and re-invest said sum in safe and sound interest bearing notes secured by mortgages being a first lien-except current non-delinquent taxes and assessments—on the fee simple title of improved farm lands in the State of Illinois; said lands to be of the fair market value of at least twice the amount of the said notes secured thereon; I direct that said Trustees collect and use the net income from said notes in payment of the board and tuition of such young man student or students residing in the City of Havana, Illinois, and taking a regular course in said University, as shall be selected and directed each year by the Board of Education of said City of Havana; said Trustees shall on or before August 1st, in each year, report in writing to said Board of Education, the condition of said fund, the net annual income thereof, accrued and accruing, with a list and description of the notes and mortgages in said fund and from whom owing and how and by what lands secured;" and

REFUNDING BOND TO EXECUTOR OF JOSEPH CARTER ESTATE

(35) Mr. A. R. Hall, attorney for the executor of the Joseph Carter Estate, has informed me that the executor has certain funds belonging to the estate and coming to the Board of Trustees of the University of Illinois as residuary legatee, which funds he would be glad to transfer to the University. However, there is some ground for thinking that a claim may be made against the estate. In order to protect himself, the executor asks that the Board of Trustees give a refunding bond to protect him in case such litigation is instituted.

I recommend that the Trustees take no action.

On motion of Mr. Barr, this recommendation was adopted.

THREATENED CLAIM AGAINST THE JOSEPH CARTER ESTATE

(36) Mr. A. R. Hall, attorney for the executor of the Estate of Joseph Carter, has received a letter from William R. Bach, an attorney of Bloomington, Illinois, informing him that Mr. Carter's half-brother, Lucius, may make a claim against the estate and institute suit to support the same, unless the Board of Trustees will make some kind of a settlement upon Lucius Carter during his lifetime. I have here the copies of the correspondence between Mr. Hall and Mr. Bach, together with letters from Mr. Hall and our Legal Counsel, Judge Johnson, on the matter. My own view, after reading all the documents, is that the Trustees should decline to make any compromise in the matter. The legal contest, if one occurs, will be between the claimant and the executor. The Board of Trustees is interested only as residuary legatee.

I recommend that no compromise be made.

On motion of Dr. Noble, this recommendation was adopted.

CONTRACT FOR FINISH HARDWARE FOR ARCHITECTURAL BUILDING

(37) The Supervising Architect has received bids on the finish hardware for the Architectural Building as follows:

ware Company of Bloomington.
I concur in this recommendation.

On motion of Dr. Noble, this recommendation was adopted.

AGREEMENT WITH GOLDING SONS COMPANY OF TRENTON, NEW JERSEY

(38) On request of Dean Ketchum, I recommend that the offer of Golding Sons Company of Trenton, New Jersey, of \$2,500 a year for two years for a study of feldspars by the Department of Ceramic Engineering be accepted; and that the officers of the Board be authorized to execute on the usual terms a cooperative agreement for this investigation between the Board of Trustees of the University and Golding Sons Company.

On motion of Mr. Armstrong, this recommendation was adopted.

REPORT ON THE ACTIVITIES OF THE URBANA COKE CORPORATION

(39) The following report from the firm of Pennie, Davis, Marvin, and Edmonds on the activities of the Urbana Coke Corporation the past year:

January 7, 1927

Mr. David Kinley, President, University of Illinois DEAR SIR:

Inasmuch as the Board of Trustees of the University of Illinois is a stock-holder in Urbana Coke Corporation, and particularly because of the reversionary clause in the assignment from the University to the Corporation, it may be well for you to know something of the corporation's activities during the past year.

\$20,000 was put in by the stockholders and was used up in the experimental work and patent expenses during the Spring and Summer. Under the agreement Prof. Parr was to be permitted to continue his work in the University buildings up to October 1st. His experimental work there has been extended slightly beyond that date, but not much. The corporation's experimentation at the University is now entirely concluded, but I assume that Prof. Parr has already arranged with Prof. White for the necessary dismantling of the plant and the sorting of the equipment. Prof. Parr will, I understand, turn over to Prof. White, or to some other responsible party at the University, all equipment belonging to the University.

Plans are under way for rehabilitating the finances of Urbana Coke Corporation, so that the experimental work may be continued and so that the patent contest

with Wisner may be fought through to a definite conclusion.

As a summary of the corporation's activities to date I send you herewith a copy of its balance sheet as of November 30, 1926. The \$55,000 stock item appearing thereon comprises the stock held by the University, and the \$5,000 item of common stock which was issued to Prof. Parr.

Very truly yours,
ARBA B. MARVIN

REPORT OF COMMITTEE ON CARTER-PENNELL TRUST FARMS

(40) The Committee on the Carter-Pennell Trust Farms submits herewith its annual report for the year ending February 28, 1927.

THE FOURTH ANNUAL REPORT OF THE CARTER-PENNELL FARMS

March 1, 1926, to February 28, 1927

The earnings from the Carter-Pennell farms for the year ended February 28, 1927, are higher than those of the previous year. For the past year the net income was \$2,202.81, for the former year, \$1,755.49.

In determining the net income from these farms, allowance is made for all current expenses and a prorated share of the cost of permanent improvements. As the farms are estimated to be worth approximately \$60,000, the above income represents an earning of about 3 per cent without allowance for taxes. According to a study made by the College of Agriculture of a large number of farms in central Illinois, the year 1926 was not so profitable on the whole as was 1925. The showing with these University farms is therefore encouraging, for it would indicate that some improvement has been made in their operation. This is borne out by the crop records, which show definite improvement in yields. The adoption of good rotations, including the growing of legumes once in four or five years, apparently is having its effect. Future improvement may be expected as rapidly as it is possible, under the terms of the trust deed, to improve the soil over the entire area of the farms.

The south farm, which was not in a highly productive state when taken over by the University, shows a gross income for 1926 of \$1,312.88, compared with a gross income of \$1,248.24 in 1925. The expenses for 1926 amounted to \$136.55, leaving a net income of \$1,176.33. (See attached schedule D). During the past year a part of the house on this farm was rebuilt at a total cost of about \$1,500. This part of the house did not have an adequate foundation, and being over fifty years old, was settling badly. The entire house was resided and a basement put under the rebuilt portion. This has given the house an attractive appearance and should add twenty-five years or more to its life. Other than this, the expenditures for this farm might

be looked upon as about normal.

The north farm, which was operated on a livestock basis, shows a gross income of \$1,232.33 and total expenses of \$205.85, leaving a net income of \$1,026.48. (See attached schedule D). The farm is showing considerable improvement in crop yields. The experience with livestock, on the other hand, has not been the best. The excessive amount of bad weather during the past two years, including heavy rains both autumns, has made it difficult to maintain proper sanitation and to raise young animals most successfully. This is an experience which many farmers have had, and it has resulted in severe losses. However, it is encouraging to note that in spite of this fact and the fact that the inventory value of some of the breeding stock has been reduced, the net income shows an advance over the previous year. The tenant on this farm has not proved as good as many in handling stock. A change will have to be considered if he cannot do better.

Improvements on the north farm have included the purchase of an additional carload of limestone and some fencing. Since more than a normal amount of improvement work has been necessary, the tenant has been paid for a portion of it.

A high yielding variety of corn which was introduced on the south farm has been responsible apparently for a 6 or 7 bushel increase in yield. On some of the land which had previously grown sweet clover, the yield was from 55 to 60 bushels an acre, which represents an increase of perhaps 15 to 20 bushels. On both farms an increased acreage of sweet-clover land will be put into corn this year. It is possible that the acreage of alfalfa can be extended somewhat and a satisfactory local market found. During the past year a small acreage was grown on each farm and proved to be the best paying of any of the crops.

Less improvement is contemplated on the farms this year, but it seems advisable to continue to make some improvements in the way of fences and appli-

cations of limestone.

Considering the financial showing of the past year, it is my recommendation that \$500 of the income from these farms be turned over to the student loan fund at this time. More might be released if we were sure that the coming season would be a normal one. It seems safer, however, to retain some of the present surplus with which to meet necessary operating expenses in case the earnings do not prove sufficient.

The attached schedules show in detail the accounts of both Carter-Pennell farms extending over the four year period that the farms have been under the control of the University of Illinois.

ANNUAL REPORT ON CARTER-PENNELL FARMS

For year ending February 28, 1927

March 11, 1927

Dean H. W. Mumford, College of Agriculture

DEAR DEAN MUMFORD

I am sending you several copies of the Carter-Pennell farms financial report

for the year ending February 28, 1927.

You will note from the comparative operating statement, Schedule D, that the total income for the four years during which the farms have been operated has been \$9,941.10, the total expense \$1,203.93 or slightly over 12% of the total income. This condition seems to be well within the limits set within the deed of gift and supplementary declaration.

This does not allow for expenditures for improvements which are to be prorated over a period of years as per Schedule C. The unamortized portion of these improvements, as of February 28, 1927, was \$3,154.76 or about 32% of the gross

income

Referring to the surplus account, Schedule A, it is noted that out of a total net income of \$8,737.17, not allowing for improvements not yet amortized, only \$750 has been transferred to the Student Loan Fund. The deed of gift provides that the net proceeds shall be so applied. It will be seen, therefore, that because of the expenditures for improvements and of the amount required for working capital, it has been possible to transfer to the Student Loan Fund only about 9% of the total net income.

Cordially yours,

LLOYD Morey

Comptroller

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

May 21, 1927

The May meeting of the Board of Trustees of the University of Illinois was held at the University, in Urbana, at 9 o'clock a. m. on Saturday, May 21, 1927.

The following members were present: President Trees, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble.

President Kinley was present.

APPROVAL OF MINUTES

The Secretary presented the minutes of the meeting of April 19, 1927. On motion of Dr. Noble, the minutes were approved as printed on pages 241 to 268 above.

EXECUTIVE COMMITTEE MEETING, MAY 12, 1927

The Secretary presented for record the minutes of a meeting of the Executive Committee.

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois, attended by Dr. W. L. Noble and Mr. Merle J. Trees, was held in Chicago to consider bids opened on April 15, 1927, on the hardware contract for the north wing of the new Library building. The following schedule of bids and recommendations were received from Professor White, Supervising Architect, through the

Russell & Erwin Manufacturing Co. (Chicago)......\$1 436

The Holder Hardware Company bid on Corbin hardware. There was a question, in our opinion, whether the hardware listed by the Russell & Erwin Manufacturing Company in their bid and of their manufacture, was fully the equal of the Sargent goods specified. After investigating their material we suggested certain changes to put their bid on a par with the other, which increases their proposal to \$1,483.

On that basis we consider the three bids on a par and I recommend award of

the contract to Russell & Erwin Manufacturing Company at their bid of \$1,483.

It was moved and unanimously approved that the contract be awarded to Russell & Erwin Manufacturing Company, at their bid of \$1,483.

POWERS OF THE EXECUTIVE COMMITTEE

On motion of Dr. Noble, action was postponed on the matter of the consideration of the powers of the Executive Committee.

MATTERS PRESENTED BY PRESIDENT KINLEY

The Board considered the following matters presented by the President of the University.

APPOINTMENT OF PROFESSOR GEORGE L. CLARK

(1) On recommendation of Professor Adams and Dean Babcock, I recommend the appointment of Dr. George L. Clark, at present at the Massachusetts Institute of Technology, as Associate Professor of Chemistry for two years from September 1, 1927, at an annual salary of \$4,800.

On motion of Mrs. Busey, this appointment was made.

APPOINTMENT OF ASSISTANT PROFESSOR R. L. SHRINER

(2) On recommendation of Professor Adams and Dean Babcock, I recommend that Dr. Ralph Lloyd Shriner, at present assistant professor of bio-chemistry at Cornell University, be appointed Assistant Professor of Chemistry for two years from September 1, 1927, at an annual salary of \$2800.

(4) On recommendation of Dean C. M. Thompson, I recommend that Dr. R. W. Valentine, Assistant Professor of Economics, be given a leave of absence, without pay, for one year from September 1, 1927, on the ground that he is to engage in work to improve his teaching on his return. Professor Valentine has an opportunity to do some research and investigation work for an investment banking house which will give him practical experience and training in his field of teaching.

On motion of Mrs. Grigsby, this leave of absence was granted.

LEAVE OF ABSENCE FOR MISS MARGARET HUTCHINS

(5) On recommendation of Director Windsor, I recommend that Margaret Hutchins, Reference Librarian, be given three weeks' leave of absence, without pay, beginning August 1, to enable her to be a member of the faculty of the Summer Library School conducted by the Chautauqua Institution at Chautauqua, New York.

On motion of Mrs. Ickes, this leave was granted.

LEAVE OF ABSENCE FOR MISS MADELINE HEATON

(6) On request of Secretary Browne of the College of Medicine, I recommend that Miss Madeline Heaton, cashier in his office, be given two months' leave of absence on full pay from May 1, 1927, this to include her vacation and sick leave allowance under Civil Service, on account of her health. She has been advised by her physician to leave Chicago immediately and in consequence is obliged to give up her duties.

On motion of Mrs. Busey, this leave was granted.

PLYM FOREIGN SCHOLARSHIP IN ARCHITECTURAL ENGINEERING

(7) The Plym Foreign Scholarship Committee and the Dean of the College of Engineering recommend that Mr. Harley J. McKee be awarded the Fourth Plym Foreign Scholarship in Architectural Engineering.

I concur in this recommendation.

On motion of Mr. Armstrong, this award was approved.

BOARD OF DIRECTORS OF THE ATHLETIC ASSOCIATION

(8) Pursuant to the authority given me at the April meeting of the Board (page 248) I have reappointed the present members of the Board of Directors of the Athletic Association for the year 1927-28. APPROPRIATION FOR INCINERATOR FOR THE RESEARCH LABORATORY AND LIBRARY

(9) On recommendation of Professor White, I recommend that an appropriation of \$1,165 be made from the Reserve and Contingent Fund for the purchase of an incinerator for the Research Laboratory and Library of the College of Medicine.

He submits the following bids which were obtained by Schmidt, Garden, and

Erikson on the installation of this incinerator:

and recommends that the contract be awarded to the Mid-West Incinerator Corporation at their figure of \$1,165.

In the opinion of the architects the Mid-West Corporation's bid is the better

bid, because their incinerator is entirely encased in steel.

I concur in this recommendation.

On motion of Dr. Noble, this recommendation was adopted, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Wham.

APPROPRIATION FOR CHANGES IN CHEMICAL LABORATORIES

(10) On advice of the Supervising Architect, I recommend that the sum of \$7,000 be appropriated from the Reserve and Contingent Fund to make changes in the table desks in the freshmen laboratories in Rooms 305 and 308, Chemistry building, in order to increase the capacity of the desks.

On motion of Mrs. Grigsby, this appropriation was made by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Wham.

APPROPRIATION FOR DEATH BENEFIT OF MR. A. LANGHOFF

(11) I recommend that an appropriation of \$844.87 be made from the Reserve and Contingent Fund as the death benefit of Mr. A. Langhoff, formerly a carpenter in the Physical Plant Department, who died on May 5, and that the Comptroller be authorized to make payment to Mr. Langhoff's designated beneficiary. The above is the amount due as calculated by the Comptroller.

On motion of Mrs. Ickes, this recommendation was adopted, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Wham.

(12) On request of Dean Ketchum, I recommend acceptance of an offer of \$1,200 for one year from June 1, 1927, from certain companies for a cooperative investigation of cast iron enamels by the Department of Ceramic Engineering; and that the officers of the Board be authorized to execute on the usual terms a cooperative agreement for this investigation by the Board of Trustees of the University and Mr. J. A. De Celle, Chairman of the Research Bureau on Cast Iron Enamel, representing the following companies:

Crane Enamelware Company, Chicago, Illinois
The Humphries Manufacturing Company, Mansfield, Ohio
U. S. Sanitary Manufacturing Company, Pittsburgh, Pennsylvania
Union Sanitary Works, Noblesville, Indiana
Wolff Manufacturing Company, Chicago, Illinois
Barnes Manufacturing Company, Mansfield, Ohio
Chicago Hardware Foundry Company, North Chicago, Illinois

Hurd, Second Vice-President and Manager, of \$2,000 a year for two years for a cooperative investigation of enameling on sheet steel by the Department of Ceramic Engineering be accepted; and that the officers of the Board be authorized to execute on the usual terms a cooperative

agreement of this investigation by the Board of Trustees and the Ingram-Richardson Manufacturing Co.

On motion of Dr. Noble, this investigation was approved, and the officers of the Board were authorized to execute the agreement.

RENEWAL OF AGREEMENT WITH NATIONAL WARM AIR HEATING AND VENTILATING ASSOCIATION

(14) The National Warm Air Heating and Ventilating Association has voted to continue the contract with the University for the cooperative investigation of warm air furnaces.

I ask concurrence.

On motion of Mrs. Busey, the extension of this contract was authorized.

REPORT ON INSURANCE ON CHICAGO PROPERTY

(15) A report from the Comptroller on this matter.

On motion of Dr. Noble, this matter was referred to the President of the University for further investigation and report to the Executive Committee.

On motion of Mr. Barr, the President of the University was authorized to grant this leave of absence.

APPROPRIATION FOR SOUTH FARM DRAINAGE

(20) On request of the Supervising Architect, I recommend that an appropriation of \$800 be made from the Reserve and Contingent Fund to supplement the appropriation of \$14,000 which has been made to carry forth the drainage project for the South Farm, in accordance with the University's policy.

On motion of Dr. Noble, this appropriation was made by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Wham.

DAMAGE BY HAILSTORM

(21) A report that the expense of repairing the damage done by hailstorm (page 244) had been \$16,000; and a recommendation that the excess of appropriation over expenditure, \$7,000, be restored to the Reserve and Contingent Fund.

On motion of Dr. Noble, this recommendation was concurred in.

CHANGE OF ILLINOIS TRACTION SYSTEM SWITCH TRACKS

(22) The following letter from the Supervising Architect:

May 17, 1927

President David Kinley, 355 Administration (West)

DEAR PRESIDENT KINLEY:

The Illinois Power & Light Company has, for some time, been desirous of obtaining additional width for its right of way bordering the north edge of our Vivarium tract so as to expand its unloading tracks. Recently Mr. Handshy was here and I suggested to him that it would suit us much better if that switch could be moved over to a location between Goodwin Avenue and Harvey Street where it parallels our own switch track and coal yards.

The Illinois Power & Light Company owns, in its present location, fourteen feet more width than its original right of way, but to provide an adequate unloading track with a derrick, it should have an additional eleven (11) feet. The property which could be deeded to us would be the 14-foot strip, containing .11 acre.

The property which the Illinois Power & Light Company needs to obtain from us would be 25 feet wide, containing 34 acre. The strip of ground between Sixth and Wright Streets has, I believe, as high a cash value as the strip east of Goodwin

extending a distance of 598 feet.

Adequate unloading facilities would be of considerable value to the University and I believe that if the Illinois Power & Light Company will, in addition to deeding us the .11 acre, also re-lay our switch tracks as we would like to have them (which I think would cost a couple of thousand dollars), that we might very well deed to them the ground they request, and I so recommend.

I also recommend that if the general scheme meets with approval that the Buildings and Grounds Committee be instructed to reach a definite agreement with the Illinois Power and Light Company and to report their recommendation to the

Yours truly,

JAMES M. WHITE Supervising Architect

I concur in the recommendation, provided that any arrangements entered into shall be without expense to the University.

On motion of Mrs. Busey, this matter was referred to the Committee on Buildings and Grounds for consideration and report.

FORESTRY EXTENSION WORK

(23) Under the Federal McNary-Clarke Forestry Act the United States Department of Agriculture will provide a sum of \$1,980 for forestry extension work next year, provided that the State of Illinois supplements this amount with a like sum for this work. The State Natural History Survey, through its Chief, Dr. Stephen A. Forbes, has offered to furnish the funds. The University is asked to furnish an office for the forestry specialist.

I recommend that this cooperative scheme of forestry extension work be ap-

proved.

On motion of Mrs. Evans, this recommendation was adopted.

TRANSFER OF THE LIBRARY OF THE NATURAL HISTORY SURVEY TO THE UNIVERSITY

(24) The following resolution has been received from the Board of Natural Resources and Conservation:

WHEREAS, the library of the Natural History Survey Division and the libraries of the biological departments of the University of Illinois are housed in the same rooms and shelved in the same cases, and are in charge of a single librarian, paid in part by the University and in part by the Survey, and WHEREAS, all these libraries are freely used by the members of the Survey staff and by the faculty and students of the University, subject only to a prior right

of the Survey staff to the use of the books, pamphlets, and papers of the Survey li-

brary, and

WHEREAS, it is understood by this Board that the University of Illinois is willing to take charge of the library of the Natural History Survey Division and to provide from its own funds for its care, maintenance, and increase as may be necessary to the work of the Survey, recognizing also the right of the Survey to its preferential use.

RESOLVED that this Board advises the transfer of the library of the Natural History Survey Division by the Department of Registration and Education to the

University of Illinois, on the following conditions:

1. That each article now belonging to the library of the Natural History Sur-

vey or added to it hereafter shall bear a distinctive mark;

2. That such additions shall be made to it, from time to time, as are necessary to the work of the Natural History Survey as certified by the Chief thereof and approved by the President of the University; and

3. That the scientific staff of the Natural History Survey shall have at all times a prior right to the use of books, pamphlets, and papers of the aforesaid library, their use by members of the faculty and by the students of the University being second to this prior claim.

I recommend that this transfer be accepted.

On motion of Mrs. Grigsby, this recommendation was adopted.

LOCATION OF FIREMEN'S DRILL TOWER

(25) The Supervising Architect recommends that the drill tower of the Illinois Firemen's Association be located on the northwest corner of the strip of land between the ground assigned for Vivarium purposes and the Illinois Traction right of way.

I recommend approval of this location.

On motion of Mr. Barr, this location was approved.

CHANGES IN CURRICULA OF THE COLLEGE OF ENGINEERING

(26) I have approved sundry changes in the curricula of the College of Engineering which were recommended by the Council of Administration acting for the University Senate on May 17, 1927.

MINING ENGINEERING

(1) Drop Chemistry 69 from the Ore Mining and Metallurgical Options of the senior year and add in its place Mining 69, Fire Assaying.
(2) In the place of Chemistry 65, 2 hours, taken by students in the Coal Min-

ing Option, and Chemistry 78, Metallography, 2 hours, taken by students in the Metallurgical Option, courses which have been discontinued, substitute Chemistry 63, Fuels and their Combustion, 3 hours, in both options.
(3) Drop Mining 13, Utilization of Fuels, 2 hours, from both the Coal Mining

and Metallurgical Options.

(4) Substitute Mining 20, Mine Ventilation Laboratory, 2 hours, for Mining 19, Mine Ventilation Laboratory, I hour, which is discontinued, in the Coal Mining Option.

Dean Ketchum states these changes are required because of the revision of

courses in the Department of Chemistry.

MECHANICAL ENGINEERING

In the sophomore year of the Mechanical Engineering curriculum omit M. E. 86, Pattern and Foundry Laboratory, 3 hours, as a required subject and substitute Elective, 3 hours.

ELECTRICAL ENGINEERING

In the sophomore year of the Electrical Engineering curriculum omit M. E. 86, Pattern and Foundry Laboratory, 3 hours, as a required subject and substitute Elective, 3 hours.

RAILWAY ENGINEERING

Substitute M. E. 87, Machine and Forge Laboratory, for M. E. 86, Pattern and Foundry Laboratory, 3 hours.

RAILWAY MECHANICAL ENGINEERING

For M. E. 86, Pattern and Foundry Laboratory, 3 hours, as now required in

the Sophomore year, substitute Elective, 3 hours.

Dean Ketchum states these changes are necessary to relieve the present overcrowded conditions in the foundry and pattern laboratory. In the opinion of the faculty of the College of Engineering adequate instruction in each curriculum in shop work is provided if these changes are made.

CIVIL ENGINEERING

Drop C. E. 70, Seminar, 1 hour, from all options.

Increase the credit in one course in each option as follows:

General Option: Technical Elective, increase from 2 hours to 3 hours.

Structural Option: C. E. 92, Statically Indeterminate Structures, increase from 2 hours to 3 hours and change number to C. E. 64.

Highway Option: C. E. 93, Highway Design, increase from 3 hours to 4 hours and change number to C. E. 55.

Hydraulic Option: C. E. 74, Water Power Engineering, increase from 2 hours to 3 hours and change number to C. E. 79.

Sanitary Option: C. E. 86, Sewage Treatment, increase from 2 hours to 3 hours and change number to C. E. 89.

Dean Ketchum states that with the large number of senior students in Civil Engineering it has become difficult and unsatisfactory to administer C. E. 70. The work formerly covered in this course will be covered by adding one hour to the courses as above outlined. The changes will not increase the number of hours on instruction and will add efficiency to the instruction without added expense.

GENERAL ENGINEERING

Add C. E. 60, Structural Stresses, 4 hours, as a required course in the second semester of the junior year. This subject will take the place of Language, 4 hours. Business Law 3 to be continued as a requirement for graduation but to be taken in either the junior or senior year instead of required in the junor year as at present.

Dean Ketchum states that the time given to Structural Design in C. E. 88 and C. E. 90 in the senior year is inadequate and it is desired to add C. E. 60 to the requirements in order to give a more effective course in Structural Design.

This report was received for record.

ORDER OF BUILDING PROCEDURE

(27) The Supervising Architect suggests that of the new buildings provided for the next biennium the order of erection shall be: (1) the third unit of the new Library; (2) the Materials Testing Laboratory; (3) the Addition to Lincoln Hall; for reasons connected with the availability of money from the State Treasury and keeping the campus in as presentable a condition as possible.

The above order seems a proper one and I recommend it be approved.

On motion of Dr. Noble, this recommendation was concurred in.

APPROPRIATION FOR COMPLETION OF INTERIOR OF SOUTH WING OF OLD LIBRARY BUILDING

(28) I recommend that an appropriation of \$15,728 be made from the Reserve and Contingent Fund to supplement the appropriation for remodeling of the Old Library Building (Board Minutes, page 83, October 1924 meeting) in order to adapt it for the Department of Mathematics which will be moved to that building.

The Supervising Architect recommends that contracts be awarded to the low

bidders as follows:

General Work—Sowers & Corkery (Urbana)	23 827
Plumbing—Carson-Payson Co. (Danville)	3 250
Heating—Reliable Plumbing & Heating Co. (Champaign)	5 423
Ventilating—Henry Reuter & Sons (Kankakee)	1 586
Hardware—Holder Hardware Co. (Bloomington)	580
-	

\$14 666

I concur in this recommendation.

On motion of Mr. Barr, the appropriation of \$15,728 was made by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Wham.

On motion of Dr. Noble, contracts were awarded to the low

bidders as recommended.

MAJOR AND MINOR CONTRACTS

(29) A letter from the Legal Counsel concerning the matter of "major" and "minor" contracts:

May 19, 1927

President David Kinley, 355 Administration Building

MY DEAR PRESIDENT KINLEY:

I have considered the subject matter of your letter of April 21, 1927, enclosing a copy of a letter of Judge Harker, dated February 20, 1926, in which you ask; (a) for suggestions as to the "difference between 'major' and 'minor' contracts;" and (b) "a statement of procedure and definitions of the phrases 'major' and 'minor'."

The problem is not without its difficulties. In the first place, the phrases "major" and "minor" are not legal terms in the sense that courts of law have given them a legal definition. The question is entirely practical, as distinguished from a legal problem. What you are asking is a definition or statement as to what the Board of Trustees meant when they used these terms, a question, you will appreciate, when addressed to another, not readily susceptible of an explicit or categorical answer. It is my opinion, however, that in the class of "major contracts" the Board intended to include the following types of agreements: Contracts for the construction of new buildings or additions to buildings; contracts relating to trusts and patents; leases of property by the University from others; agreements, distinguished from ordinary leases, giving others an interest in or license upon real property belonging to the University; and all contracts involving the initation of new or a fundamental departure from established policies.

Within the classification "minor contracts" I think the following types of agreements are clearly intended: Contracts for purchases made or given in conformity with the general regulations of the Board of Trustees concerning the subject; all other contracts authorized in general or specific terms by the Board of Trustees; ordinary leases of University property; general service agreements with utility companies, artists, professional organizations, and kindred arrangements for general services for the benefit of the University. All research contracts are, of course, executed in accordance with special rules of the Board, as evidenced by sections 26 and 27 of the pamphlet entitled "Extracts From The Laws of the University of Illinois," December, 1926.

Necessarily the foregoing statements are general; I base this attempted grouping upon the practical construction put upon the rules by the Board itself and the administrative officers of the University since the rules were adopted. Before I attempted this formulation I made, with the valuable assistance of Mr. Morey, a general survey of contracts entered into by the University in the past and the grouping

above is the result of this survey.

I believe it is utterly impossible for the Board, or any other person, to formulate a definition of those terms which will not present a problem in interpretation as practical questions arise in the ordinary administration of University affairs; the best that can be done is to lay out broad outlines and then rely on the good sense and judgment of persons in responsible positions not to transgress the spirit and the letter of the general regulation. As problems arise, during the intervals when the Board is not in session, demanding prompt solution, someone must act and decide; somebody has to be trusted; for that somebody's guidance no more than general rules can be laid down respecting broad policies, because no one is gifted with "foreknowledge absolute"; and it must always be kept in mind that the Board of Trustees has no power, under the law, to delegate to administrative officers the performance of duties requiring the exercise of legal discretion.

> Sincerely yours, Sveinbjorn Johnson Legal Counsel

"A member of the staff of the rank of full professor who has served as full professor for at least four years, and has been in the service of the University continuously for at least eight years without having had a leave of absence, may be given a leave of absence on three-fourths pay for one year, or full pay for one-half

year, for the purpose of study and research in the line of his University work, provided he agrees, on accepting the leave of absence, to remain in the service of the University three years after his return, during which period the University agrees to retain him, subject, of course, to the usual requirement of efficiency and good behavior. Such leave of absence shall be granted only to a member of the faculty who has distinguished himself in his professional work and submits a definite program of work, to be approved by the Dean and the President. Not more than two such leaves for each period shall be granted in any one academic year, and nominations for such leaves shall originate by recommendation to the President of the University by such officer, committee, or board as he may select to recommend to him a member of the faculty deserving this distinction."

On motion of Mr. Barr, this amendment was adopted.

REPORT ON STAR COURSE

(26) About a year ago the Star Course Board was reorganized and given supervision of all professional musical attractions presented on the campus. The Comptroller, who is chairman of the Board, has submitted to me the following brief report of the results of that plan:

SUMMARY OF MR. MOREY'S REPORT ON STAR COURSE

- 1. A year ago the Star Course was reorganized. To meet the great demand for admission to the attractions offered by the Star Course the artists presented in the Auditorium were engaged for two appearances, while two major attractions were presented in the New Gymnasium. A Chamber Music Series was held in Recital Hall.
- 2. The total number of admissions to these attractions was approximately 30,500, the maximum for one attraction being 6,000. Of the tickets sold, approximately one-half were purchased by students at an average price of 55c per concert. The remainder were purchased by faculty and other citizens at an average price of 83c per concert. The total income for the year was \$21,798.40, and the net income was \$217.79.

3. In addition to the regular attractions the Star Course has made possible

through subsidies the following undertakings:

(a) A performance of the oratorio "The Beatitudes" by Franck, by the University Choral Society and artist soloists. This concert was presented on a Sunday evening, admission being by free ticket.
(b) A performance of the opera "Cavalleria Rusticana" by Mascagni in con-

cert form, by the University Choral Society and University Orchestra, with artist

soloists.

This report was received for record.

BOARD MEETING OF JUNE 21, 1927

A meeting of members of the Board of Trustees of the University of Illinois was called by Mr. James W. Armstrong, President pro tempore, for Tuesday, June 21, 1927, at 2 p. m., at the University, in Urbana, for the purpose of considering a resolution of the House of Representatives passed June 8, 1927, and filed with the Secretary of State June 16, concerning giving preference for admission to the University, and especially to the professional schools of the University, to students holding scholarships.

The members of the Executive Committee of the Board were present as follows: Mr. James W. Armstrong, President pro tempore, Mrs. Mary E. Busey, and Mrs. Laura B. Evans, appointed by the Board on June 10 to act for Dr. W. L. Noble. Mrs. Anna W. Ickes, a member of the Board, was present; also Dr. David Kinley, President of the University.

RESOLUTION ON SCHOLARSHIPS

The Secretary presented a certified copy of House Resolution 70.

HOUSE RESOLUTION NO. 70

WHEREAS, Scholarship appointments to the professional schools of the University of Illinois, by the members of the General Assembly, are provided for by statute: and

statute; and

WHEREAS, The authorities of the University of Illinois have recently adopted
a rule whereby such appointees are placed upon the waiting list of the University,
upon the same status as other applicants for admission to the University; and

WHEREAS, The adoption of this rule abrogates the intention of the legislature, as evidenced by the statute, and makes the legislative appointments ineffective; therefore, be

RESOLVED, By the House of Representatives of the Fifty-fifth General Assembly, that it protests to the authorities of the University of Illinois against the adoption of this rule, and in particular against the application of the rule at the beginning of the fall semester, because appointments have been made, and the appointees have their plans in reliance thereon; and, be it further

RESOLVED, That the House of Representatives does hereby request the authorties of the University of Illinois to abrogate the rule which places legislative

scholarship appointees upon the waiting list, and that said authorities give such appointees preference in admission to the professional schools of the University; and, be it further

RESOLVED, That copies of this resolution be immediately sent to the Chair-

man of the Board of Trustees, and the President, of the University of Illinois.

I hereby certify the foregoing to be a true copy of a resolution adopted by the House of Representatives on the 8th day of June, 1927.

B. H. McCann Clerk of the House

FILED JUNE 16, 1927 Louis L. Emmerson Sec'y of State

The President of the University stated that he also had received a copy of this resolution, and had sent a response, which he asked the Executive Committee to permit him to read and to spread on the minutes.

On motion of Mrs. Busey, this permission was granted.

The President of the University then read the following communication:

RESPONSE TO HOUSE RESOLUTION NO. 70

June 18, 1927

To the Honorable Members of the House of Representatives By Courtesy of Honorable Robert Scholes, Speaker Springfield, Illinois

LADIES AND GENTLEMEN:

I have received from the Secretary of State a copy of House Resolution No. 70, concerning the practice of the University in placing applicants for admission to the College of Medicine on a waiting list, in the order of the receipt of their credentials, after the number who can be accommodated in the College of Medicine, with our present buildings and equipment, has been reached. The Resolution states that "the adoption of this rule abrogates the intention of the legislature" and protests to the authorities of the University against the adoption of this rule and in particular against the application of the rule at the beginning of the fall semester. The Resolution further requests "the authorities of the University to abrogate the rule which places scholarship appointees upon the waiting list and that said authorities give such appointees preference in admission to the professional schools of the University."

The Resolution provides that a copy be sent to the President of the University and to the President of the Board of Trustees. I have communicated the resolution to the Acting President of the Board, Honorable James W. Armstrong, of Rock Island, and he will call the Trustees together just as soon as practicable to consider your Resolution. I think this will probably be Tuesday or Wednesday.

Since the Resolution provides that a copy be sent to the President of the University, I deem it my duty as President to make my own reply in recognition of the courtesy of the House of Representatives. Therefore, I beg leave to submit to the Members of the House of Representatives, the following facts:

1. Of late years, since the extension of the scholarships to the professional schools of the University, there have been more applicants for admission to the College of Medicine, and once or twice to the School of Pharmacy, than our facilities could accommodate. How rapid the increase has been is seen from the fact that the number of students in the Chicago departments has risen from 713 in 1919-20 to 1145 in the current year, and that in the same period the number of holders of General Assembly scholarships in these departments has increased from 9 to 250. Such a rapid growth could not be anticipated and is possibly due to the higher money value of the scholarship in the Chicago schools. This all means that the University is not yet provided with accommodations adequate to care for the great increase in the number of applicants.

2. When the number of applicants for admission exceeded the number that could be accommodated, there was nothing to do but make a waiting list. When this first occurred, I of my own volition instructed our Registrar to give preference to students nominated to scholarships by members of the General Assembly, because I supposed that was the intention. I instructed him to give preference to a second class of students, namely, those already enrolled in the University of Illinois in the course preparatory to Medicine. Since such students are already enrolled in the University, I did not see how they could be forbidden to transfer from one College of the University to another. To forbid them to do so would be to drop students that were already in the University in order to make room for new ones.

3. About a year ago, both these preferential groupings came to the attention of our Legal Counsel, Judge O. A. Harker. He at once informed me that I was exceeding my authority and acting without legal warrant in giving preference to students appointed to scholarships. The whole matter was therefore submitted to the Attorney General of the State, and his opinion agreed with that of our Legal Counsel, namely: That students already registered in a college or school of the University, transferring from one Department of the University to another, are entitled to preference in registration over other applicants who have completed their preliminary work in other institutions, and that preference could not be given to scholarship appointees. On the matter of giving preference to General Assembly scholars

the Attorney General said:

"The only benefit or privilege specified in the act as conferred by such scholar-ship is the exemption from payment of the tuition and fees above described. The right to attend the university exists independently of the scholarship. If the legislature intended that such scholarship should invest the holder thereof with any greater or prior right of attendance than he would possess without the scholarship, it has not expressed that intention. There is nothing in the act which indicates that the legislature intended that such scholarships should operate to abridge the rights of non-holders of such scholarships to admission to the university, by investing holders of such scholarships with a prior or superior right to such admission. On the contrary, I think the legislature has indicated that the only benefit or privilege conferred by such scholarship is the exemption provided in the fifth section of the act and that in other respects the holder of such scholarship is on the same footing as the non-holder thereof."

4. The above opinion was sent me on June 12, 1926, but I did not put it into effect for the academic year just closed because by that date we had received many applications for entrance in the following October and because so sudden a change would have been unfair to prospective scholarship appointees. In short, I thought that to change the method of registration last summer and fall to make it accord with the opinion of the Attorney General would have worked more inequity than to

follow the then existing procedure. I withheld action until this year.

5. Therefore, I respectfully submit, Mr. Speaker and Members of the General Assembly, that I have no option in the matter. I am bound to follow the opinion of our Legal Counsel and the Attorney General of the State. Our Legal Counsel has advised me on several occasions that any difference of treatment by the University between classes of students under the same general conditions would be discriminatory because it would deprive some of the citizens of the State of their constitutional rights. While, therefore, now as always, my respect for the General Assembly as a body, and my high regard for them individually, so far as I have the honor of knowing them personally, lead me to do everything I can to comply with, and indeed anticipate, their wishes, I feel very sure that neither the House of Representatives nor its individual members would expect me or ask me to go contrary to the advice of the Attorney General and the Legal Counsel of the University, and would not approve my action if I did so. As all the Honorable Members are well aware, and as many of them have from time to time said to me, the administration of a public institution—and above all of a public educational institution—must be as impartial as human judgment can make it; and its officers must always be careful to avoid actions which will infringe upon the constitutional rights of any citizen. In that spirit I have tried to administer the affairs of the office to which the Trustees of the University, as representatives of the people in the administration of the Uni-

versity, have done me the honor to call me.

6. In view of the fact stated above that the real cause of the difficulty about which complaint is made, is lack of sufficient buildings, equipment, and staff; and in view of the evident wish of the Members of the House of Representatives that all qualified applicants for admission to the College of Medicine should be received, I will advise the Board of Trustees to include in its bill submitted to the next General Assembly, a request for additional appropriations sufficient to provide the buildings, equipment, and staff necessary to accomplish this purpose and to offset the loss of income due to these scholarships, amounting this year to \$33,510.

Very respectfully yours, DAVID KINLEY

President

After discussion of this whole matter, it was voted, on motion of Mrs. Evans, that House Resolution No. 70 of the House of Representatives be spread on the minutes of the Board and that the following response thereto be made by the Executive Committee for the Board, Mrs. Ickes concurring, and sent to the Speaker of the House of Representatives.

WHEREAS, the Board of Trustees of the University of Illinois has received from the Secretary of State a certified copy of House Resolution No. 70, as above

recorded in the Minutes of the Board, and

WHEREAS, in this Resolution the House of Representatives protests to the authorities of the University against the rule whereby appointees to General Assembly scholarships are placed upon the waiting list of the University upon the same status as other applicants for admission to the University, and

WHEREAS, the House of Representatives by this Resolution requests that this rule be abrogated, and preference given for admission to the professional schools

of the University to holders of General Assembly scholarships;

THEREFORE, BE IT RESOLVED by those members of the Board of Trustees whose signatures are hereunder attached that the University is debarred from complying with the request set forth in House Resolution No. 70 by the opinion of the Legal Counsel of the University and of the Attorney General of the State, both of whom have advised the University authorities that they have under the law no right to make such discrimination; and

BE IT FURTHER RESOLVED that aside from the legal obstacle such preference as is requested would, in the opinion of the members, be discrimination against students not appointed to General Assembly scholarships but who as citizens

have equal right to admission to the University, and

BE IT FURTHER RESOLVED that in the opinion of the signatory members such discrimination would be a denial of the constitutional rights of citizens of the

BE IT FURTHER RESOLVED that for these reasons the signatory members¹ do not see their way clear to comply with the request of the House of Representatives set forth in House Resolution No. 70. Signed:

Recommended that the award be given to W. Lewis & Co., low bidders, at their price of \$1.79 a square yard, laid in place. On the basis of the estimated yardage, their bid would be as follows: Architecture, \$7,559.17; Armory, \$627.40; Library, \$5,001.26; Old Library, \$1,330.33;—Total, \$14,518.16.

On motion of Mrs. Evans, this contract was awarded as recommended.

LIGHTNING RODS

(14) A recommendation that all bids for lightning rods be rejected.

On motion of Mrs. Evans, these bids were rejected.

FIRE PROTECTION EQUIPMENT

(15) A recommendation that a contract for fire-hose for the Architecture building be awarded to the American La France Fire Engine Company for \$591.90 (22.5 cents a foot). This recommendation is not based on the lowest bid, but on experience of the value of different makes of hose.

On motion of Mrs. Evans, this contract was awarded as recommended.

MISCELLANEOUS WORK ON ARCHITECTURE BUILDING

(16) Recommendation that the following work be done on job orders and that the Supervising Architect be authorized to proceed with the work at the costs estimated.

On motion of Mrs. Evans, this recommendation was adopted.

GATEWAY, ARCHITECTURE BUILDING

(17) Recommendation that the contract for a gateway at the west of the Architecture building be awarded to Peterson & Colwell at their bid of \$13,397, subject to a possible saving on cut stone. This gateway is a duplicate of the one on the

east end of the building. Both were included in the original plans, but the one at the west was omitted when the contract was let because of a possible shortage of funds. It is now evident that both can be included within the amount of the State appropriation.

On motion of Mrs. Evans, this contract was awarded as recommended.

EXHIBITS, LIGHTING, ETC.

(18) Recommendation that the unincumbered balance of the appropriation for the Architecture building (approximately \$7,000) be assigned for the installation of exhibits in the Hall of Casts and the Exhibition Room, including the purchase of specimens, special lighting fixtures, etc.

On motion of Mrs. Evans, \$7,000, or so much as may appear as a balance in this appropriation, was assigned as recommended.

(20) A letter from the Supervising Architect:

PHARMACY BUILDING

President David Kinley, 355 Administration (West)

DEAR PRESIDENT KINLEY:

Schmidt, Garden, & Erikson have received bids as follows for Luxor shades on

B. A. Dunning..... 564 00

The low bidders also submitted a bid on Tontine shades which are much superior to Luxor. They were requested to revise the latter bid to include the following windows only:

47 on the West excepting the Library and basement

46 on the East, and

40 on the South

Their bid on this basis is \$517.85. Schmidt, Garden, & Erikson recommend this bid as the most advantageous and I concur and recommend that the contract be awarded to Geo. B. Dienhart & Son at that figure.

Yours truly,
JAMES M. WHITE
Supervising Architect

On motion of Mrs. Evans, this contract was awarded as recommended.

TABLES FOR ANATOMY LABORATORY

(21) A recommendation that the purchase of tables for the Anatomy Laboratory in the College of Medicine be authorized at a cost of \$6,370.

On motion of Mrs. Busey, this purchase was authorized.

CHANGES IN ARMORY ADDITION

(22) A statement concerning the cost of certain changes in the construction of the Armory Addition to provide for the movement in the walls of the old building.

This report was received for record.

The Executive Committee adjourned to meet in the office of Schmidt, Garden, & Erikson, Chicago, at 10 o'clock a. m. on Wednesday, June 29, 1927.

EXECUTIVE COMMITTEE MEETING, JUNE 29, 1927

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the office of Schmidt, Garden, & Erikson, Chicago, at 10 o'clock a. m. on Wednesday, June 29, 1927.

Mr. James W. Armstrong, acting Chairman, Dr. William L. Noble, and Mrs. Laura B. Evans, a member of the Board, were present; also Professor J. M. White, Supervising Architect.

SCREENS FOR NEW BUILDINGS

The following bids were received on screens for the Architectural Building, Library Addition No. 2, the Armory Addition, and the Old Library Addition:

Bidder General Builders' Supply Co\$2 075	Steel Frames \$2 2001	Bronze Frames
(Indianapolis) Thos. Conron Hardware Co 1 896	2 107 ³	2 573

Gandy & Earp (Decatur) ⁸ 2 418	• • • • •	3 0 6 8

The contract was awarded to the Thomas Conron Hardware Company on the basis of their bid of \$2,107.

LIGHTNING RODS FOR ARCHITECTURAL BUILDING

The following bids were received on lightning rods for the Architectural Building:

The contract was awarded to the Wipke Lightning Rod Company of Kirkwood, Mo.

Any color other than black Includes bronze corners and bronze channel guides Representing Watson Mfg. Co.

CHAIRS FOR LECTURE ROOMS

The following bids were received on opera type tablet arm chairs, set in place:

American Seating Co. (Chicago)	4 65 ea.
E. H. Stafford Mfg. Co. (Chicago)	5 00 ea.
A. H. Andrews Co. (Chicago)	5 08 ea.
Heywood-Wakefield Co. (Chicago)	5 25 ea.

The contract for 287 chairs for the Architectural Building and 245 for the Armory Addition was awarded to the American Seating Co. (Architecture—\$1,334.55; Armory Addition, \$1,139.25).

ELEVATOR FOR LIBRARY

The following bids were received on the elevator for the Library Addition No. 2:

Warner Elevator Company (Cincinnati)	
Otis Elevator Company (Chicago) 5 845	
Montgomery Elevator Company (Moline)	

Because this elevator is to be used largely for the moving of book trucks from floor to floor, it seems especially desirable to provide a floor-leveling device which would insure the elevator always stopping exactly at the floor level. The Otis Elevator Company controls the patents on this device and no other elevator company can furnish it. The additional cost for the device is \$1,500.

As the Otis Elevator Company has a local inspector and the Warner Elevator Company is located in Cincinnati, it is to our advantage to use the Otis Elevator and the difference of \$45 on the original bids is not enough to justify our placing the award with the Warner Elevator Company.

The contract was awarded to the Otis Elevator Company on the basis of their original bid of \$5,845 plus \$1,500 for the micro-drive, or self-leveling equipment, less \$60 credit for waiving the bond.

LIGHTING FIXTURES FOR ARCHITECTURAL BUILDING

Bids were received on the special design lighting fixtures for the Architectural Building.

The firms bidding were given a general idea of types of fixtures desired, and in accordance therewith each firm submitted designs indicating a conception of what would be most appropriate for the building. The bids are, therefore, not on a comparable basis without making allowance for the relative merits of the different designs, some of which are far more elaborate than others. The bids on this basis were as follows:

(All bids are on the basis of 33 fixtures.)
Walter G. Warren Co. (Chicago)\$1 752 50 FOB Chicago
Hughes-Krabbe Co. (Champaign) 1 519 00 FOB Champaign
Edw. F. Caldwell & Co. (New York) 1840 00 FOB New York
Victor S. Pearlman & Co. (Chicago)
with an alternate proposal of 1 802 50 (POB Chicago

A comparison of the designs clearly indicated that the designs submitted by the Edward F. Caldwell Company were the most appropriate for the building.

The contract was awarded to the Edward F. Caldwell Company on the basis of their bid of \$1,840, and an additional allowance of \$260 for freight and hanging was approved.

The Executive Committee adjourned.

AMENDMENT OF RULE, REPORTS

(6) A recommendation that paragraph 10 of the Board Rules on organization and administration of the instructional staff be amended to read as follows:

"On or before the first day of June in each year, each dean and director, and each head of a general University Department, shall make to the President an annual report in which he shall treat fully of the work of his college, school, or department. Any of these University officers may make reports or advance suggestions at any time and shall report to the President whenever requested to do so. All reports intended for publication shall be addressed to the President for submission to the Board."

On motion of Mr. Barr, this amendment was adopted.

BEQUEST OF CHARLES A. DENISON, DECEASED

(7) At the May 21 meeting of the Board (page 273) I reported part of the will of the late Charles A. Denison of Argenta, wherein the Board of Trustees has been named a legatee to the amount of \$25,000-\$15,000 for student loan fund and \$10,000 for the purchase of books.

I overlooked one condition of the bequest, namely, that the Trustee of the Estate is directed to require a memorial or tablet to be erected and maintained at the University of Illinois to the joint memories of the testator and his father; the design, inscription, material, cost, and location of the memorial to be determined by the Trustee, and the cost of same to be borne by the University.

Action on this matter was deferred.

RECOMMENDATIONS CONCERNING RETIREMENTS

(8) Under the rules of the Board the following members of the staff retire September 1, 1927:

Basil Brown, Physical Plant employee, age 68, September 1, next, length of service 27 years.

C. A. Dunseth, Physical Plant employee, age 73, September 1, next, length of service 17 years.

Louis Finder, Physical Plant employee, age 68, September 1, next, length of service 25 years.

W. G. Hixson, Physical Plant employee, age 68, September 1, next, length of service 17 years.

On motion of Dr. Noble, these retirements were made a matter of record under the rules.

MR. W. A. McINTIRE CONTINUED

(9) Mr. W. A. McIntire, Weather Clerk in the College of Agriculture, requests that he be continued for another year from September 1, 1927. Dean Mumford recommends that this be done. Mr. McIntire is competent to carry on his work and I recommend that he be continued for one year.

Explanatory Notes

Departmental appropriations are made under the captions "Salaries" and "Expense and Equipment." Unless otherwise indicated, no transfers may be made between these appropriation captions except with the approval of the President of the University.

Appropriations for Salaries are available for the term indicated in each case but not for more than one year from September 1. All balances lapse at the end of the

term indicated or at August 31.

Funds appropriated for positions in the salary budget which are not yet filled may, pending regular appointments, be drawn against for services of employees temporarily engaged to do the work contemplated by the position and for no other purpose. When appointments are made at salary rates less than the amounts provided in the budget, the unused funds will not be available for use except with the approval of the President.

Appropriations for Expense and Equipment are available for one year beginning July 1 and ending June 30. These appropriations are based on an estimated distribution of expenditures according to the various budget classifications of "Wages, Office Expense, etc." Expenditures must be made in approximate accord with that distribution, material departure from which must be approved in advance by the Dean of the College concerned, the Director of the general department concerned, or the corresponding general officer, and in all cases by the Comptroller. All unencumbered balances in these appropriations lapse June 30.

SPECIAL NON-RECURRING APPROPRIATIONS

(15) A recommendation that appropriations be made for special purposes as follows:

These appropriations are over and above the budget appropriations for normal operation and equipment and are for special non-recurring needs of the year or for securing necessary important but costly equipment which should not be included in the normal operating budget.

Appropriations for these special purposes are made in total for the benefit of all departments of the College indicated unless otherwise specified and may be expended only on order of the Dean of the College and, for expenditures exceeding \$500, the approval of the President. All such requisitions, however, should be sent to the Comptroller. All requisitions must show total expense of installation and necessary physical alterations and the purchase must not add to the net annual operating expense of the department or college without provision having been previously made therefor.

No expenditures may be made from the appropriations to the various Colleges other than the Graduate School for research of individual members of the staff or for graduate instruction except for work in the experiment stations or bureaus of research. No expenditures may be made from the appropriation to the Graduate School for equipment other than for purposes of the research of individual members of the staff or for graduate instruction, not including, however, equipment for the work of the experiment stations and bureaus of research.

VACATION OF CERTAIN STREETS IN COLLEGE PLACE

(16) At the meeting of the Board on September 22, 1926, (Minutes, page 124) the following resolution was adopted on recommendation of the Supervising Architect:

"Be it resolved that the Board of Trustees of the University of Illinois hereby agrees, and assures the City Commissioners of Champaign, that it will open a street sixty feet wide, the north line of which shall be 439.21 feet south of the center line of Armory Avenue measured on Fourth Street, and 439.25 feet south of the center line of Armory Avenue measured on First Street; PROVIDED that the City Commissioners of Champaign will vacate all streets in the tract known as College Place south of the north line of the proposed street between the west line of Fourth Street and the east line of First Street."

Owing to an error in the above resolution in the use of the word "north" instead of "south" as the twentieth word from the end of the resolution, I request

that the Board now adopt the resolution in its amended form, as follows:

"Be it resolved that the Board of Trustees of the University of Illinois hereby agrees, and assures the City Commissioners of Champaign, that it will open a street sixty feet wide, the north line of which shall be 439.21 feet south of the center line of Armory Avenue measured on Fourth Street, and 439.25 feet south of the center line of Armory Avenue measured on First Street; PROVIDED that the City Commissioners of Champaign will vacate all streets in the tract known as College Place south of the south line of the proposed street between the west line of Fourth Street and the east line of First Street."

On motion of Mr. Barr, the action of September 22, 1926, was reconsidered and the resolution was adopted as amended.

PAVING OF ARMORY AVENUE

(17) The following letter was received from the City Attorney of Champaign:

June 20, 1927

President David Kinley, University of Illinois, Urbana, Illinois My DEAR PRESIDENT KINLEY:

On behalf of the Mayor and City Commissioners of the City of Champaign, Illinois, I am writing you with reference to the pavement of Armory Avenue from the West property line of Oak Street to the West property line of First Street.

The assessment roll is practically completed and will be filed tomorrow in the office of the County Clerk of Champaign County, Illinois. Since we feel that this is a valuable improvement and of benefit to the University, we are writing to request that the University co-operate with the City officials in the matter of bearing their share of the costs in proportion to the benefits received. The city has always been able in the past to work in harmony with the University, and we see no reason why a satisfactory arrangement can not be made on the matter of this pavement.

The Commissioner who spread the assessment roll has fixed the sum of \$2,693.38 as the portion of the costs of Armory Avenue that would be fair and equitable for the University to bear for the property fronting on that street. We would be pleased to have the University authorities take such action as is necessary to agree upon this amount as a just assessment.

We would be pleased to hear from you at your earliest opportunity.

Very sincerely,

Louis Busch

In considering the proposition in the above letter of the City Attorney of Champaign, the Supervising Architect calls attention to these points:

1. No system of adequate surface drainage is included in this paving plan to take care of the whole Stadium area.

2. If this paving project is put through as planned, the owners of property on Oak and Locust Streets are likely to be incommoded in times of heavy storms by the large volume of surface water running off the University area to the south, thus

subjecting the University to unmerited criticism.

In view of the lack of provision necessary for drainage of the University Stadium area, and in view of the probable difficulty caused by surface drainage water as indicated in No. 2 above, I have told the authorities of the City of Champaign that I could not recommend to you the acceptance of the assessment against the University for the paving project described in the letter of the City Attorney, said assessment amounting to \$2,693.38, unless some arrangement could be agreed on to take care of the drainage of the Stadium area and also to grant the request of the Board of Trustees for the vacation of the streets in the tract known as College Place, as set forth in the above resolution as amended. [See Rec. 16 above]. The Mayor, the City Engineer, and the representative of the City Attorney of Champaign, Mr. E. C. Harrington, in informal conference with the Supervising Architect, the Comptroller and myself, have agreed that they will enlarge the tile which it is planned to lay in connection with the new paving project referred to above, so as to make more adequate provision for the drainage of the Stadium area referred to, this enlargement to be at the expense of the University, and also to secure at the earliest possible date the passage of an ordinance by the City Council of Champaign accepting the resolution of September 22, 1926, as amended above, the University to proceed as soon as feasible to open the new Gregory Street therein mentioned.

It is impossible at this time to give an exact statement of the additional cost to the University caused by the proposed enlargement of the tiles to be put in to drain the surface in connection with the proposed paving. However, it is not likely

to exceed \$6,000, this making the total cost to the University probably not more than \$8,693.38.

In view of the above circumstances, and in view of the facts that the assessment for this Stadium project has already been spread and confirmed by the Court, and that in the interest of the property owners, as well as of the University, the project should not be unduly delayed, I recommend that the Board of Trustees adopt the following resolution:

WHEREAS, the Board of Local Improvements of the City of Champaign is projecting the pavement of Armory Avenue from the west property line of Oak Street to the west property line of First Street, and

WHEREAS, the assessment roll has been filed in the office of the County Clerk of Champaign County, duly approved, and

WHEREAS, the commissioner who spread the assessment roll has fixed the sum of \$2,693.38 as the fair and equitable assessment against the University, and

WHEREAS, the interests of the University require more adequate provision for drainage than have been adopted by the Board of Local Improvements in connection with this paving project, and

WHEREAS, the Board of Local Improvements agrees in a contract to be drawn up between said Board of Local Improvements and the Board of Trustees of the University of Illinois whereby said Board of Local Improvements will include in this proposed general improvement project drainage facilities approved by the Supervising Architect of the University of Illinois to be provided for at the expense of the University.

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees of the University of Illinois does hereby accept the assessment of \$2,693.38 spread upon the roll against the University as the portion of the costs of the Armory Avenue pavement that is fair and equitable for the University to assume against its property, one block in length, fronting on Armory Avenue; and,

BE IT FURTHER RESOLVED, that the President of the Board of Trustees of the University of Illinois, or his duly appointed representative, is hereby authorized to sign an agreement with the Board of Local Improvements of the City of Champaign, or its duly authorized officer or representative, whereby the Board of Trustees of the University will agree to pay the additional cost necessary to provide more adequate storm sewer drainage as described above, at a cost not exceeding \$6,000 additional to the amount assessed against the University as its share of the paving cost; provided, that the plans and specifications offered by the Board of Local Improvements for this more adequate drainage shall be approved by the Supervising Architect of the University; provided further that before the assessment aforesaid shall become in any sense a binding obligation against the University and before said agreement is executed by the President of the Board of Trustees of the University, the City Council of Champaign shall first pass a valid ordinance vacating all streets in the tract known as College Place, as described in the resolution adopted September 22, 1926, and amended at this meeting, July 14, 1927, as above; and provided, further, that the proposed additional work undertaken to make more adequate provision for drainage and to be paid for by the University shall be contracted for on the basis of competitive bids, the method of receiving the bids and awarding the contract to be approved by said Supervising Architect, the contract for said additional improvements to be made directly between the University and the contractor receiving the award for the city's work.

On motion of Mr. Barr, these resolutions were adopted.

APPROPRIATION FOR DRAINAGE

(18) A recommendation that the sum of \$6,000, or so much thereof as may be necessary, be appropriated from the Reserve and Contingent Fund to meet the ex-

penses of the additional drainage facilities to be provided in connection with the pavement of Armory Avenue west from First Street, as described in the report and resolution above, said appropriation to be paid out only if the conditions of the resolution above recorded are fulfilled and a contract is signed by the President of the Board of Trustees, under the conditions specified in the resolution above, with the contractor who receives the award for the drainage above described.

On motion of Mr. Barr, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Small, Mr. Trees, Mr. Ward.

REPORT ON McKINLEY HOSPITAL

(21) The Committee in charge of the McKinley Hospital submits the following report for the year 1926-27:

Urbana, Illinois, June 14, 1927

President David Kinley, 355 Administration Building

MY DEAR MR. PRESIDENT:

The committee in charge of the direction of the McKinley Hospital met in my office a few days ago and went over the situation of last year and of this year.

I am enclosing with this a financial report for the year which will indicate

the earnings and the expenditures.

I have authorized a transfer of \$2,000 from the Students' Hospital Fund to the University to help meet the deficit. If, as you inferred might be done, the University will meet the charge on heat, light, power, and water, and the income from the \$25,000 endowment is transferred to the operating fund of the hospital these three sums will more than wipe out the deficit.

I have agreed to transfer \$2,000 additional to the University to take care of such supplies and equipment as we shall need for next year, and in addition to that to transfer \$5,000 for an operating fund for the ensuing year. This is done with the understanding that such amounts as are not necessary for the operation will be held in reserve for the succeeding year.

The unusual deficit this year comes largely from the fact that we have had very little illness. Although there have been epidemics of various contagious diseases throughout the state we have escaped and have had almost no measles, mumps, scarlet fever, and chicken pox. These diseases retain the patient for a longer period of time and add materially to our income. There was very little serious illness and no fatalities so far this year.

The operation of the sterilizing plant has been as unsatisfactory this year as it was last. We have had very little sterilization to be done but the linen still comes back badly stained and almost ruined because of the use of formaldehyde instead of steam and the clothing of patients after sterilization is almost impossible for them to wear again. I have suggested to the Supervising Architect's Office some improvements which I believe would eliminate these conditions.

I am told by the Comptroller that there is still a balance of the appropriation made for the installation of the sterilizing plant which might be used for making the changes suggested. I enclose with this a letter which I recently wrote to

Professor White concerning this matter.

I said something last year about a house in which the nurses might live. At present the nurses are housed in the north end of the second floor. The quarters are comfortable but do not give the night nurses who must sleep during the day-time the quiet which they very much need. I believe it should be possible for us to rent a house and furnish it with the equipment now in the nurses quarters and give the nurses such living quarters as will make them comfortable and quiet.

Should we have a normal amount of illness we could utilize all the rooms in the hospital to advantage. Last year we could have more than filled the hospital if we could have had space during three or four months. I should like to discuss

this matter with you sometime at your convenience.

The rules which were proposed for the operation of the hospital have not yet been printed. It would seem to me that these were made quite as much for the protection of the University as for the benefit of the student and that the printing might be charged to the University to get these out. I am sending you a copy which you approved and which was returned to me from the Business Office with a letter from Mr. Morey that they be held until funds are available or for indication of some other source to meet the expense.

The laboratory which was established this year for bacteriological analyses has more than paid its cost and has been a great addition to the hospital facilities.

We could, I believe, ultimately make profitable a portable X-ray machine. Our patients have paid out considerable sums this year for examination in other hospitals and this sum would in a very short time pay for a machine. We do not propose this year, however, to ask for one or to attempt to buy one.

I believe that the hospital is more and more justifying itself in the facilities which it affords for taking care of our students and that as an educational investment it is worth while in helping to get students well in a short time and get them back to their scholastic work in classes.

Sincerely yours,

THOMAS ARKLE CLARK

GIFT FROM THE HORSE ASSOCIATION OF AMERICA

(23) The Horse Association of America, through its Secretary, Mr. Wayne Dinsmore, has offered the University the sum of \$540 to be used in paying for the services of a half-time laboratory assistant for the year 1927-28, to enable Professor Elmer Roberts to expedite an investigation which is being conducted by the Division of Animal Breeding on the effect of Fowler's solution on the breeding of animals.

GIFTS TO THE LIBRARY

(24) Professor P. L. Windsor, Librarian, reports receipt of the following gifts of books to the Library:

Professor Frank Smith, on preparing to leave Urbana, has presented the University library with 226 bound volumes, 4,130 pamphlets, leaflets, and unbound pieces, and 4,000 local weather maps. While many of these are already in the library, nevertheless some are not, and those that are duplicates will, in some cases, be very useful.

Mrs. C. M. Moss has presented to the University library 293 bound volumes and 41 unbound volumes and pamphlets chiefly relating to the Classics. Most of these are duplicates, but many of them will be useful.

The President and Trustees of the Hispanic Society of America, 156th Street West of Broadway, New York City, have presented to the University library a set of the publications of the Society. These publications number about 150 titles, some

in several volumes, and the list price of the set is about \$1,450. While many of these are in the library, nevertheless the gift is an exceedingly valuable one, especially to all of our students engaged in studies relating generally to the field of Spanish America in History and Affairs.

In each case I have written a letter acknowledging receipt of the material and thanking the donor, but owing to the unusual value of these gifts, the Board may wish to take more formal action accepting them.

W. L. Plew and Company, \$3.45 per \$100, total \$310.50.

I recommend that the Comptroller be authorized to place this insurance with the Des Plaines Realty Company at the rate stated, the expense to be paid from the budget of the Cook County Experiment Station.

On motion of Dr. Noble, this recommendation was approved.

REPORT OF COMMITTEE ON ACCOUNTANCY CONCERNING CHARGES AGAINST SUNDRY ACCOUNTANTS

(32) The following letter has been received from the Committee on Accountancy through its Secretary concerning certain charges of unprofessional conduct made by H. Archibald Harris against Flay L. Murphy and Robert L. Chesnutt.

The Committee recommends that the certificates of Messrs. Murphy and

Chesnutt be not revoked.

The Legal Counsel has examined the report and states: "The summary of the

facts in the report, in my judgment, supports the legal conclusions reached.

I recommend that the report and recommendations of the Committee be adopted, that the report of the Committee be filed with the Secretary of the Board for record, that the letter be printed in the minutes of the Board, and that all the parties to the controversy be notified of the result.

July 6, 1927

President David Kinley, 355 Administration, West

DEAR Mr. PRESIDENT:

There is submitted herewith a summary of the evidence as presented at the hearing and recommendations of the Committee on Accountancy in the matter of the complaint of H. Archibald Harris against Flay L. Murphy and Robert L. Chesnutt, C. P. A.s of Illinois for the revocation of their certificates. The Committee recommends that the certificates be not revoked.

The Committee's report is presented in considerable detail for the following

- (1) The original records in the case, including the stenographic report of the hearing, the exhibits, and the briefs filed by all parties concerned, contain so large an amount of material, that it has seemed best to the Committee that there be filed with its records and with the records of the Board a summary of the evidence, a statement of the issues involved and a statement of the reasons for the Committee's conclusions on each of the charges made in the petition of Mr. Harris. The Committee feels also that such a report should go to each of the parties concerned.
- (2) The Committee has felt that it is necessary to present in its report a general statement of the position it has taken with reference to the phrase "unprofessional conduct or other sufficient cause" as employed in the Act, in relation to the specific charges made in the petition.

On the seven charges made in the petition of the complaint the Committee finds as follows: The reason for each opinion is fully stated in the report:

(1) The charge of insubordination was not substantiated by the evidence.
(2) The evidence does not show that the respondents held themselves out as agents of the petitioner and performed acts and transacted business in his name after their authority to do so had, with their knowledge, been revoked.

(3) There is no evidence in the record that any powers of attorney were procured by Murphy and Chesnutt from clients of Harris by fraud.

(4) The charge that the respondents performed acts without adequate knowl-

edge of the facts is not substantiated by the evidence.

(5) The evidence shows that on April 18 certain papers were missing including those of some of the cases which had been handled by Murphy and Chesnutt, but there is no evidence that the papers were taken by Murphy and Chesnutt, nor is there evidence that any other time the respondents "were guilty of the unauthorized taking, use, and detention of records belonging to the petitioner" and the Committee therefore finds the charge unsubstantiated.

(6) The Committee finds that the evidence negatives active participation in

and knowledge that others were pursuing a scheme to defraud.

(7) Evidence of solicitation of Harris's clients was presented. In the judgment of the Committee, the evidence, which is confined to the printing of several hundred powers of attorney naming H. Archibald Harris in the text thereof, and the sending of one letter to many of his former clients, does not warrant the revocation of the certificates of the respondents. There may have been further solicitation but this is not touched upon by the evidence.

Respectfully submitted,

G. P. TUTTLE,

Secretary Committee on Accountancy

On motion of Mr. Barr, the recommendations of the President were adopted.

PERQUISITES OF AGRICULTURAL EMPLOYEES

(34) For many years the College of Agriculture and the Agricultural Experiment Station allowed certain agricultural foremen perquisites such as meat, milk, chicken feed, etc., in addition to their money wages. On February 24, 1924 (Minutes, page 422), the Board voted "that beginning with the next fiscal year, July 1, 1924, the monthly or yearly wages of the occupants of the houses now owned by the University on the farms shall be set forth in the agricultural budget in two items—the money wage proposed and the rental value of the house offered—and the two together shall represent the total monthly or yearly wages in each case. The rental value shall be determined by the valuation put on the house by the Supervising Architect, the Comptroller, and the Dean of the College of Agriculture."

It has been impossible to carry out the instructions of this resolution as set forth, for there were many perquisites other than house rent, and the houses in which the foremen lived were assigned to them, being such houses as we had available without reference to their value. It is obviously unfair to charge these tenants rent

for houses better or worse than they would be willing themselves to rent.

Accordingly we have studied the situation thoroughly since that time, with the result that Dean Mumford has finally recommended that all perquisites be eliminated with the exception of house rent with heat, light, and water, and that in lieu of the perquisites which have been discontinued, the wages of the employees concerned be increased by the estimated value of said perquisites. This will leave only house rent, which is beyond the control of the tenant, and heat, light, and water, which will be a fairly constant item for all.

Dean Mumford informs me that "the employees who would be most affected by the proposed changes have been consulted and have made no serious objections." Accordingly, a careful estimate has been made to determine the value of the perquisites in the various cases, and a cash allowance for this value has been made and added to the cash wages to be paid these employees. The estimate of the income from the sale of agricultural receipts has been correspondingly increased.

I concur in this recommendation.

On motion of Mr. Barr, this recommendation was adopted.

SCHOOL OF JOURNALISM

(35) The Legislature passed a bill appropriating \$30,000 to the University for the establishment of a School of Journalism. The appropriation comes so late that it is difficult to organize the work fully. Nevertheless, it should be started. A conference was held last Monday with several editors interested in the movement, and the whole situation thoroughly gone over with them by Provost Babcock, Mr. Josef Wright, and others. I ask authority to organize this School as follows:

(a) To transfer from the Department of English, College of Liberal Arts and Sciences, all members of the staff now giving instruction in journalistic work together

with their salaries.

(b) To appoint a director or acting director, as circumstances may indicate, and to make up the expense and salary budget of the School of Journalism in

general alignment with the University budget.

The staff and income available for this purpose by transfer from the College of Liberal Arts and Sciences are as follows: L. W. Murphy, \$3,800; C. B. Davis, \$2,100; C. L. Allen, \$2,200; F. S. Siebert, \$1,800; Anita McLean, Clerk and Stenographer, \$1,080; an aggregate of \$10,980, to which must be added \$15,000, or one-half of the appropriation for a new School, making a total available for the year of \$25,980.

I ask authority to appoint a director or acting director for one year at a salary not to exceed \$7,500 as a maximum. I recommend that the salary of C. B.

Davis now \$2,100, be made \$2,300; that the salary of C. L. Allen now \$2,200, be made \$2,400; that the salary of F. S. Siebert now \$1,800, be made \$2,000; and that the salary of Anita McLean now \$1,080, be made \$1,200.

In addition to the above named, and in addition to others who may be employed under the authority herewith requested, Mr. Josef F. Wright, Director of

Publicity and instructor in journalism, will also be on the staff.

On motion of Mr. Barr, these recommendations were adopted and authority was given the President of the University as requested.

MESSAGE FROM JUDGE F. L. WHAM

(36) In a letter dated June 18, 1927, received from Judge Fred L. Wham, recently a member of the Board, occurs this sentence:

On motion of Mrs. Evans, the President of the University was requested to convey to Mr. Wham an expression of regret on the part of the Board in losing Mr. Wham.

SWITCH TRACK

The Committee on Buildings and Grounds made the following report:

At the May meeting of the Board of Trustees the question of an unloading track for the Illinois Traction System was referred to the Buildings and Grounds

Committee for consideration and report.

The Committee submits a letter from the Superintendent of Business Operations to the Illinois Power and Light Corporation stipulating our conditions and a reply from J. W. Stipes, Special Traffic Representative of the Illinois Traction System, agreeing to these conditions; your Committee therefore recommends that the transfer of the tracts of real estate as described in the Board Minutes of May 21, 1927, be consummated.

August 8, 1927

Professor James M. White, Superintendent of Business Operations University of Illinois, Urbana, Illinois

DEAR PROFESSOR WHITE:

Pursuant to our conversation a few days ago relative to a side track immediately east of Goodwin Avenue, I wish to say the Illinois Traction System agrees to exchange a 14-foot strip of land that they have between Sixth Street and Wright Street for a strip 598 feet long and 25 feet wide adjacent to and south of the Illinois Traction System right of way immediately east of Goodwin Avenue. The Illinois Traction System will build a siding on this 598 feet for unloading freight and also connect up the present tracks that the University of Illinois now have in to their coal storage yards to the satisfaction of the University of Illinois. This the Illinois Traction System proposes to do without any expense to the University of Illinois.

I understand that the University of Illinois proposes to move a residence that they have on Goodwin Avenue at their own expense.

Very truly yours,

J. W. Stipes

Special Traffic Representative Illinois Traction System

Urbana, Illinois, July 29, 1927

Mr. J. W. Stipes Illinois Power & Light Corporation 41 E. University Ave., Champaign, Ill.

MY DEAR MR. STIPES:

Our Buildings and Grounds Committee of the Board of Trustees, to whom was referred the proposition from the Illinois Power & Light Corporation to move the unloading track east of Goodwin Avenue, is favorable to the project and requested that a special agreement be drawn up between the University and the Illinois Power & Light Corporation for their approval. Under this agreement the Illinois Power & Light Corporation would deed to the University the 14 feet south of its right of way between Sixth and Wright Streets, and the University would deed its holdings on a strip 598 feet long and 25 feet wide, adjacent to and south of the Illinois Power & Light Corporation right of way and immediately east of Goodwin Avenue.

As a further consideration the Committee feels that the Illinois Power & Light Corporation should make all the track changes necessary to provide the University

with adequate trackage for the handling of its coal.

I am enclosing two copies of a blue print showing the way we understand the Illinois Power & Light Corporation want their switchtrack located, and the way in which we would like to have ours. This will necessitate our removing the house on Goodwin Avenue just south of the right of way. It would not be possible to complete the trackage as shown at the present time because of the large amount of coal we have piled, but of course we could arrange to have it extended at a later date providing we can take care of all of the switches and cross-overs at the present time.

To briefly sum up the situation as recommended to the Board of Trustees by President Kinley, the University feels that this is a desirable change from the stand-point of both parties but that the advantages to the Illinois Power & Light Corporation are such that they should accomplish this entire development and exchange of

properties without any cost whatever to the University.

Yours truly,
J. M. White
Superintendent of Business Operations

On motion of Mrs. Evans, this recommendation was adopted, and the President and the Secretary of the Board were authorized to execute the necessary papers, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Evans, Mrs. Grigsby, Mr. Noble, Mr. Ward; no, none; absent, Mr. Blair, Mrs. Busey, Mrs. Ickes, Mr. Small, Mr. Trees.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

September 27, 1927

The September meeting of the Board of Trustees of the University of Illinois was held at 9 o'clock a.m. on Tuesday, September 27, 1927, at the Blackstone Hotel, in Chicago.

The following members were present: President Trees, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble, Mr. Ward.

President Kinley was present.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of August 19, 1927.

On motion of Mrs. Grigsby, the minutes were approved as printed on pages 421 to 432 above.

MATTERS PRESENTED BY PRESIDENT KINLEY

The Board considered the following matters presented by the President of the University.

BAKER PRIZE FUND

(1) A report of an offer of the heirs of the late Professor I. O. Baker to exchange certain bonds for the ones now in hand. After consideration and investigation, it does not seem advisable to make this exchange.

No action was taken on this matter.

INVESTMENT OF STRONG SCHOLARSHIP FUND

(2) Mr. Walter A. Strong, publisher of the Chicago Daily News, has sent a check for \$1000 to be used as a scholarship by Mary Joan Bunting, of Chicago. This is, therefore, not a permanent establishment. I turned the check over to the Comptroller. He, with the consent of Mr. Strong, will invest the unused portions of this fund in fourth Liberty 41/4 per cent bonds or 33/4 per cent Treasury Notes.

This report was received for record, and the Comptroller was granted permission to act as Mr. Strong's personal agent in this matter.

GREENHOUSE AND SERVICE BUILDING AT THE COOK COUNTY EXPERIMENT STATION

(3) On request of Dean Mumford, I recommend the erection of a greenhouse and a service building at the Cook County Experiment Station at a cost of approximately \$12,000 for the two structures, to be paid out of the appropriation for the Cook County Experiment Station—one-half from the State appropriation for the present fiscal year and the other half after July 1, 1928.

The Expense and Equipment Budget for the Cook County Experiment Station

provides \$7,000 for the year 1927-28 for land and buildings, and the first half of the

expense of these buildings is to come out of that item.

On motion of Mrs. Grigsby, the erection of these buildings was authorized.

The bids for the construction of these buildings were opened, and recorded as follows.

> Foley Greenhouse Mfg. Co.....\$11 600

On motion of Mr. Armstrong, these bids were referred to the Supervising Architect, to report to the Executive Committee, the Committee to have power to act.

APPROPRIATION TO DEPARTMENT OF DAIRY HUSBANDRY

(4) By misunderstanding, an omission was made in the budget of Dairy Husbandry for stenographic and other assistance. On request of the Department, approved by Dean Mumford, I recommend that an appropriation of \$900 be added to the wages item of the budget of the Department for this purpose, from the Reserve and Contingent Fund.

On motion of Mrs. Evans, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble, Mr. Trees, Mr. Ward; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Small.

APPROPRIATION FOR PIANO FOR BROADCASTING STUDIO

(5) On request of the Director of the Radio Station, Mr. Josef F. Wright, I recommend that an appropriation of \$1,500, or so much thereof as may be necessary, be made from the Reserve and Contingent Fund for the purchase of a piano for the studio of our broadcasting station.

On motion of Mrs. Grigsby, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mr. Trees, Mr. Ward; no, Dr. Noble; absent, Mr. Blair, Mrs. Ickes, Mr. Small.

PURCHASE OF G. R. SHERWOOD PROPERTY ON MAPLE AVENUE

(6) The Supervising Architect recommends the purchase of the G. R. Sherwood property on Maple Avenue, just across the street from the Cavalry stables, at a price of \$3,700. This property joins on the East the Roland property, which the University purchased recently. The lot is 50 by somewhat over 100 feet, with a four room house.

I concur in this recommendation and recommend further that an appropriation of \$3,700 be made from the Reserve and Contingent Fund for this purpose and that the Comptroller and Supervising Architect be authorized to make the purchase.

On motion of Dr. Noble, this purchase was authorized. The appropriation was made by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble, Mr. Trees, Mr. Ward; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Small.

PURCHASE OF COLLEGE PLACE LOT 65

(7) Professor James M. White, Supervising Architect, recommends that Lot 65 in College Place be purchased from E. W. Davis, the owner, for \$8,300, the University to assume the remaining lighting assessments, amounting to \$26.84, the taxes for this year to be prorated between Mr. Davis and the University. The lot is 54x114 feet and all of it except 14.6 feet will be a part of North Drive on our property.

I concur in the recommendation and request an appropriation of \$8,400, or so

I concur in the recommendation and request an appropriation of \$8,400, or so much thereof as may be necessary, to purchase this property at the price mentioned above, including the assessments mentioned, to be made from the Reserve and

Contingent Fund.

On motion of Mr. Armstrong, this purchase was authorized. The appropriation was made by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble, Mr. Trees, Mr. Ward; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Small.

SALE OF HOUSE AT 102 SOUTH GOODWIN AVENUE

(8) The Supervising Architect reports that in connection with the re-laying and extension of the switch tracks into our coal yard, it becomes necessary to move the house at 102 South Goodwin Avenue, and requests authority to advertise this house for sale and to sell it to the highest bidder.

I recommend that this house be advertised for sale and sold to the highest bidder by the Comptroller and the Supervising Architect.

On motion of Mr. Armstrong, this recommendation was adopted.

PLANS FOR MATERIALS TESTING LABORATORY

(9) The Supervising Architect requests authority to consult Mr. Garden of Schmidt, Garden & Erikson in working out the design for the exterior of the Materials Testing Laboratory. Professor White estimates that the cost will be not more than one thousand dollars, to be paid from the appropriation for the building.

I recommend that Professor White be authorized to consult Mr. Garden, and to pay him from the building appropriation.

On motion of Dr. Noble, this authority was granted.

PAYMENT OF DAMAGES TO AUTOMOBILE OF MR. JOHN KELLY IN UNIVERSITY SERVICE

(10) I recommend approval of the payment, from the appropriation for Cahokia Exploration, of the sum of \$105 to Mr. John Kelly, employed by Dr. Warren K. Moorehead in the exploration of the Cahokia Mounds, to cover damages to Mr. Kelly's automobile in an accident while Mr. Kelly was driving the car on official business.

On motion of Mrs. Busey, this payment was approved.

PAYMENT FOR SERVICES OF MR. PLATT

(11) The Supervising Architect reports that in preparing the plans for the third unit of the Library he thought it necessary to engage the services of Mr. C. A. Platt. He requests approval of his action and of the payment of \$1,513.71 to Mr. Platt for his services, this to be paid out of the appropriation for the building.

I concur in this recommendation.

On motion of Mrs. Grigsby, this recommendation was adopted.

APPROPRIATION FOR SPECIAL SCIENTIFIC LECTURES

(12) An appropriation of \$1,500 from the Reserve and Contingent Fund is requested for expenses and honoraria of special lectures on the relation of recent scientific dedevelopment to the moral and spiritual life of man, to be expended under the direct authority of the President of the University.

On motion of Mr. Barr, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble, Mr. Trees, Mr. Ward; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Small.

APPROPRIATION FOR RESEARCH WORK BY HEALTH SERVICE

(13) On request of Dr. J. H. Beard, Health Officer, I recommend that an appropriation of \$600 be made from the Reserve and Contingent Fund to the University Health Service for an investigation of the morbidity trend among students.

This appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble, Mr. Trees, Mr. Ward; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Small.

APPROPRIATION FOR ARCHEOLOGICAL EXPLORATIONS

On motion of Mrs. Evans, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble, Mr. Trees, Mr. Ward; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Small.

ADJUSTMENT OF WIND STORM INSURANCE ON STADIUM

(15) I recommend that the sum of \$525.30, which has been paid to the University by the Insurance Companies carrying wind storm insurance on the stadium on account of damage to the Stadium by high winds last spring, be appropriated to the Athletic Association which repaired the damage to the above amount at its expense.

On motion of Mr. Barr, this appropriation was made by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble, Mr. Trees, Mr. Ward; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Small.

APPROPRIATION FOR DRAINAGE

(16) At the meeting of the Board on July 14, an appropriation of \$6,000, or so much thereof as might be necessary, was made from the Reserve and Contingent Fund to meet the expenses of the additional drainage facilities to be provided in connection with the pavement of Armory Avenue. (See Minutes, July 14, pages 404-405). This appropriation was "to be paid out only if the conditions of the resolution above recorded are fulfilled, etc." (See page 404).

On this matter the Supervising Architect has sent me the following letter:

URBANA, ILLINOIS, SEPTEMBER 20, 1927

President David Kinley, 355 Administration Bldg. (West).

MY DEAR PRESIDENT KINLEY:

The bids on the storm sewer drainage in connection with the pavement of Locust Street were taken on the basis of one foot in length for each size of tile. The low bidder on the tile as proposed by the City Engineer is as follows for the depth of cut involved in each case.

15" tile, \$1.50 per lineal foot. 18" tile, \$2.00 per lineal foot. 27" tile, \$3.80 per lineal foot. 30" tile, \$4.50 per lineal foot.

In order to meet the needs as adequately as the present outlet conditions permit we proposed to substitute 36" for the 15" and the 18", and 39" for the 27" and the 30". These dimensions of tile give us six times the outlet area to connect to at Armory Avenue from the South that we would have had with the 15".

The bids submitted on the large size tile were as follows: Christensen Brothers on the 39", \$7.03; on the 36", \$6.93. The bid of Kent and Company, who were the low bidders on the paving contract, was as follows: 39", \$7.00 per lineal foot, 36",

\$6.75 per lineal foot.

As the Board appropriation for this work is a fixed sum, it was impossible to make a contract with Kent and Company on a per foot basis and it was also evident that when the total job was finished and measured up that it would run beyond \$6,000. Kent and Company proceeded with the work with a knowledge of this situation. The job is now finished with the exception of the south block and the actual measurements and cost of the work as agreed between Kent and Company and the Champaign City Engineer are as follows:

223 feet @ \$2.50 per ft. extra\$	557 5	50
365 feet @ \$3.20 per ft. extra 1]	168 c	00
496 feet @ \$4.75 per ft. extra 2	356 C	00
460 feet @ \$5.25 per ft. extra 2 4	415 0	00
10½ feet of concrete bend extra	145 (00
This totals \$6.6		

I request an additional appropriation of \$641.50 to meet this cost. At our conference in your office with the Mayor, Mr. Daneley, and Mr. Harrington, Mr. Daneley gave us his off hand estimate of the larger tile as between six and seven thousand dollars. We took the lower figure in requesting an appropriation and therefore there can be no criticism of the City Administration in bringing in the request now that we meet a total cost of \$6,641.50.

Yours truly,

JAMES M. WHITE
Superintendent of Business Operations

In view of the facts set forth in the above letter, I recommend,

1. That an additional appropriation of \$641.50 be made from the Reserve and Contingent Fund, to be added to the appropriation of \$6000, made at the July meeting, to meet the expenses of the additional drainage facilities referred to.

2. That inasmuch as the streets, whose vacation were requested in your resolution of July 14, have been vacated and their vacation is on record, and since the drainage job is now practically finished, the provision of the resolution of July 14, requiring a contract to be signed by the President of the Board and the sewer contractor, be now rescinded and payment of the \$6,641.50 be authorized and made, when the Supervising Architect has certified that the whole job has been finished to his satisfaction, in the interest of the University.

On motion of Dr. Noble, the appropriation was made as recommended, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble, Mr. Trees, Mr. Ward; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Small.

On motion of Mr. Barr, the resolutions of July 14 were rescinded

and payment was ordered as recommended.

SALARY OF ASSISTANT DEAN H. H. JORDAN

(17) I recommend that the salary of Professor H. H. Jordan be \$6,000 a year, as head of the Department of General Engineering Drawing and Assistant Dean of the College of Engineering.

On motion of Mr. Barr, this recommendation was adopted.

SALARY OF THE COMPTROLLER

(18) I recommend that the salary of the Comptroller, Mr. Lloyd Morey, be made eight thousand dollars (\$8,000) a year, effective September 1, 1927.

On motion of Mrs. Busey, this recommendation was adopted.

SALARY OF ASSOCIATE PROFESSOR H. J. VAN CLEAVE

(19) I recommend that the salary of Associate Professor H. J. Van Cleave, of the Department of Zoology, be made \$4,400 a year, instead of \$4,200.

On motion of Mrs. Evans, this recommendation was adopted.

SALARY OF MR. EDWARD E. ANDERSON

(20) A recommendation from Professor J. M. White, that the salary of Mr. Edward E. Anderson, Structural Engineer in the Supervising Architect's Office, be increased to \$3,600 a year, effective September 1, 1927.

I concur in this recommendation.

On motion of Dr. Noble, this recommendation was adopted.

ADJUSTMENT OF SALARY OF PROFESSOR VICTOR E. SHELFORD

(21) I recommend that the entire salary of Professor Victor E. Shelford, of the Department of Zoology and Zoologist on the State Natural History Survey, be paid by the University for the next two years, while one-half of the salary of Mr. Charles E. Janvrin, Librarian of the Natural History Library, is charged to the account of the Survey.

On motion of Mr. Ward, these adjustments were authorized.

SKETCHES OF FUTURE BUILDINGS

(22) The Supervising Architect, Professor J. M. White, proposes, following the suggestion of Mr. Garden of Schmidt, Garden & Erikson, that we use Mr. C. A. Platt's services for future building sketches and campus suggestions. He suggests further that the sum of \$2,500 would probably cover the expense. These suggestions seem good, and accordingly, I recommend an appropriation of \$2,500 from the Reserve and Contingent Fund for this purpose.

On motion of Mrs. Grigsby, this recommendation was adopted, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble, Mr. Trees, Mr. Ward; no, none; absent, Mr. Blair, Mrs. Ickes, Mr. Small.

EXTENSION OF RESIDENCE ACCOMMODATIONS FOR WOMEN

(23) A recommendation that the question of the further development of residence accommodations for women, from the surplus income of the residence halls, be referred to the Committees on Finance and Student Welfare for report not later than the November meeting.

On motion of Mr. Barr, this recommendation was adopted.

LOCKER FEES IN THE COLLEGE OF LAW

(24) Upon recommendation of Professor J. M. White, the Comptroller and the Dean of the College of Law concurring, I recommend that a locker fee of \$.50 a semester be charged students in the College of Law as is done in other departments for similar facilities, effective September 1, 1927.

On motion of Mr. Armstrong, this fee was authorized.

FINISHING OF WEST HALL OF THE STADIUM

(25) At the August meeting of the Board (page 427) the Athletic Association was given permission to proceed with certain improvements in the East Great Hall of the Stadium. Subsequent consideration of this matter by the Athletic Association showed that it is desirable to finish the West Hall instead of the East Hall under the same conditions. After conferring with the Acting President of the Board, Mr. Armstrong, I authorized the Athletic Association to proceed with the improvements in the West Hall. I request confirmation of my action.

On motion of Mrs. Evans, this action was confirmed.

BEQUEST OF GERTRUDE E. HAWEIS

(26) In connection with the bequest of Gertrude E. Haweis (Minutes, January 11, 1926, page 506; April 19, 1927, page 251) I report the receipt by the Treasurer, from the Security Trust and Savings Bank of Los Angeles, of a check in the amount of \$9,991.67, which represents the specific bequest under the will (\$10,000) plus interest at seven per cent for eight months (\$466.67) less the California inheritance tax (\$475). This check has been accepted and credited to the trust account "E. A. Wallace Memorial Scholarship." I have notified the Secretary of the Board of Education of the City of Havana of this bequest.

By the terms of the will, the fund must be invested as follows:

". . . in safe and sound interest bearing notes secured by mortgages being a first lien—except current non-delinquent taxes and assessments—on the fee simple title of improved farm lands in the State of Illinois; said lands to be of the fair market value of at least twice the amount of the said notes secured thereon."

This report was received for record.

AGREEMENT WITH LORD & THOMAS AND LOGAN COVERING TESTS ON MAZELITE

(27) On August 5, 1927, I authorized the Secretary of the Board and the Comptroller to execute on behalf of the University an agreement with Lord & Thomas and Logan of Chicago covering certain tests to be made by the Agricultural Experiment Station of a product known as Mazelite. This action was taken under the regulations of the Board governing such matters of research.

This report was received for record.

RENEWAL OF AGREEMENT ON THE USE OF ELECTRICITY IN AGRICULTURE

(28) I report the extension of the agreement entered into in 1925 and renewed in 1926 (Minutes, pages 171 and 598) with the Illinois State Electrical Association and the Central Illinois Public Service Company for a cooperative investigation for the use of electricity in Agriculture, to January 1, 1928.

This report was received for record.

REPORT ON SCHOOL OF JOURNALISM

(41) The following report of progress on the School of Journalism by the Acting Director, Professor L. W. Murphy:

September 22, 1927

David Kinley, University of Illinois DEAR MR. PRESIDENT:

Registration for the first semester in the School of Journalism is practically complete and I wish to offer you the following summary of the progress made thus

far in the organization and operation of the new school.

Your faculty committee on the School of Journalism recommended the establishment of a School of Journalism which should offer work open to junior, senior, and graduate students. It recommended further that freshmen and sophomores be offered special facilities within a pre-journalism curriculum organized in the same way as the curricula preparatory to law and medicine. This recommendation was made after the faculty committee had met with representative newspaper men of the state who were invited to the University for a conference on the plans of the committee. The report, therefore, embodied the suggestions of the newspaper men in so far as they were practical and in accordance with University policy at this time.

Among the newspaper men present at this conference were: John Harrison, editor of the Danville Commercial News; S. P. Preston, publisher of Gillespie News; C. W. Bliss, editor of the Montgomery News; Verne E. Joy, editor of the Centralia Sentinel; A. L. Bowen, chief editorial writer of the Springfield Illinois State Jour-

nal; and W. F. Hardy, editor of the Decatur Herald.

At your suggestion I took over the report of the committee and proceeded with the work of organizing the school. In this work I followed the recommendation of the committee rather closely and made arrangements for the work of the first semester.

The old members of the journalism staff were all retained and the following were added: Assistant Professor R. R. Barlow, experienced newspaper man and teacher, formerly instructor in the University of Minnesota and assistant city editor of Minneapolis Tribune; Miss Helen Peffer, assistant, experienced reporter and editor who has been with the University in another capacity for several years; Mr. Burrus Dickinson, half-time assistant, graduate of Eureka College and the University of Illinois; Victor Krannert, lecturer, manager of Illini Publishing Company; F. D. Ball, assistant, also assistant to the Director of Publicity. Thus reinforced the faculty presents a strength it has not had in numbers, experience, and graduate standing.

The position allowed as associate professor was not filled this year because of the short time available in which to seek for a desirable man and because of the small number of students who would elect business and advertising courses during the first year.

The registration figures indicate that the enrollment in journalism is normal and that the school is being well received by the students. The registration ranges from approximately fifteen seniors in the school to one hundred and ten freshmen in the pre-journalism curriculum.

It should be noted that the plans under which the school is now operating are still tentative as they have not been formally approved by official bodies of the

University.

Respectfully,

Lawrence W. Murphy

REPORT OF DAMAGE TO THE ELECTRICAL ENGINEERING LABORATORIES

(42) Reports from Assistant Dean Jordan of the College of Engineering, and the Supervising Architect on damage done to the Electrical Engineering laboratories by a storm on August 7.

URBANA, Illinois, August 8, 1927

President David Kinley, 355 Administration Building

DEAR PRESIDENT KINLEY:

- I present below a few facts concerning the damages done to the Electrical Engineering Laboratories yesterday afternoon by the flooding of the basement. In addition to the interruption of the experimental work going on in the basement laboratories and the attendant cost of pumping out and cleaning up the laboratories, the University has suffered in that much valuable equipment and data have been ruined. Some of the items are:
 - (1) Measuring meters to the extent of about \$500. (2) New and old generators, damage undetermined.
- (3) Negatives, drawings, and manuscripts for the forthcoming bulletin by Professor Tykociner.

(4) Library and personal books and manuscripts.(5) General electrical equipment which has not yet been inspected and which has been damaged considerably.

We have asked Professor Tykociner and others in charge of various divisions in electrical engineering to inventory the damages and report to the dean of the college as soon as convenient. We are taking all steps necessary to reproduce the ruined drawings and photographs for Professor Tykociner in order that he may consummate his work before leaving for abroad.

Respectfully yours,

H. H. JORDAN Assistant Dean of the College of Engineering

Urbana, Illinois, September 24, 1927

President David Kinley, 355 Administration-West DEAR PRESIDENT KINLEY:

ELECTRICAL ENGINEERING LABORATORY

The damage to the Electrical Engineering Laboratory, due to the flooding of the basement on the afternoon of August seventh, was comparatively slight.

The entire basement was filled with water to a depth of approximately 20" and the walls and floor, after the water had receded, were found to be covered with a heavy coating of mud. After the mud had been removed the paint in one room was in such condition that it was necessary to have the lower part of the room refinished.

The paint appears to be the only part of the building which was damaged. We are quite sure, however, that the doors which were immersed with water have been materially weakened. Although the doors bear no evidence of damage at the present time we may expect them to cause us trouble later on.

Yours very truly,

JAMES M. WHITE

REPORT OF FIRE ON NORTH CARTER-PENNELL TRUST FARM

(43) Dean Mumford makes the following report on a fire which occurred on the north Carter-Pennell Trust farm, at Rankin, on May 17:

September 22, 1927

President David Kinley, University of Illinois DEAR PRESIDENT KINLEY:

A brooder house on the north Carter-Pennell trust farm at Rankin, Illinois, caught on fire about eight o'clock on the morning of May 17, 1927, and serious damage resulted. The fire was put out and the building was not a total loss. The matter was reported by telephone to Mr. Ingalls of the Business Office and settlement arranged with the Aetna Fire Insurance Company on the basis of \$100 damage which seemed adequate.

We contemplate making such repairs as are necessary in order to make the

brooder house usable, but not to restore it to its former condition.

Very truly yours, H. W. Mumford

A report from the Comptroller was made at the August 19 meeting of the Board on the adjustment of the insurance for the fire loss.

CHANGE IN CONTRACT FOR STEEL BOOK STACKS FOR THE THIRD UNIT OF THE NEW LIBRARY

(2) The Supervising Architect recommends that the appropriation for steel book stacks in the third unit of the New Library, the contract for which was awarded at the August 19 meeting (page 425), be increased by the amount of \$3,680 and that Snead & Company be authorized to change the construction of the stairs from single run to double run.

I concur in the recommendation.

On motion of Mr. Barr, this recommendation was adopted.

REQUEST OF ATHLETIC ASSOCIATION FOR PERMISSION TO PROVIDE TENNIS COURTS AND ICE RINK

(3) Director Huff asks approval by the Board of Trustees of two projects to be undertaken and paid for by the Athletic Association:

r. The acquisition of parcels of land located in various parts of Urbana and Champaign on which to build lawn tennis courts. The needs of the students will be met best if these courts are distributed through the residential districts.

2. The construction of an artificial ice rink on University property, the location to be decided on by the Board of Trustees, at a probable cost of \$225,000 to

be paid for entirely by the Athletic Association.

I recommend that the Board give general approval to these proposals, with the understanding that the Board of Directors of the Athletic Association will take the necessary action at the proper time, that the location, plans, etc., of the proposed ice rink be submitted beforehand for such action as the Board of Trustees thinks wise, and that it be further understood that approval of these projects, plans, etc., in no way obligates the University financially.

On motion of Mrs. Grigsby, this recommendation was concurred in.

RESIGNATION OF PROFESSOR H. L. SHANTZ

(4) Professor H. L. Shantz, head of the Department of Botany, has submitted his resignation, to take effect as soon as the work of the present year can be properly and satisfactorily closed.

I request authority to accept his resignation in accordance with his request. On motion of Mrs. Busey, this authority was granted.

LEAVE OF ABSENCE FOR PROFESSOR P. V. B. JONES

(5) On recommendation of Professor Larson and Dean Babcock, I recommend that Associate Professor Paul V. B. Jones, of the Department of History, be given a sabbatical leave of absence on one-half pay during the year 1928-29, under the rules.

On motion of Mr. Barr, this leave was granted.

LEAVE OF ABSENCE FOR MR. WILLIAM H. BROWNE

(6) On recommendation of Dean H. A. McGuigan, I recommend that Mr. William H. Browne, Secretary of the College of Medicine, be given leave of absence with pay for two months beginning October 1, on account of illness.

On motion of Mrs. Grigsby, this leave was granted.

LEAVE OF ABSENCE FOR MISS MADELINE HEATON

(7) Secretary Browne and Mr. Fletcher request that the leave of absence given to Miss Madeline Heaton, Cashier in the office of the Chicago Departments, at the meeting of May 21, (page 271) be extended until she is able to return to work, her absence to be without pay. I recommend that this leave of absence be granted.

On motion of Mrs. Evans, this leave was extended,

LEAVE OF ABSENCE FOR MISS ETHEL MAY KENT

(8) On request of Director Windsor, I recommend that Miss Ethel May Kent, a Stenographer in the Order Department of the Library, be given a leave of absence without pay from September 1 to December 1 on account of illness.

On motion of Mr. Armstrong, this leave was granted.

ADDITIONAL INSTRUCTOR IN LIBRARY SCHOOL

(9) On request of Professor Windsor, I recommend that an additional instructor be added to the budget of the Library School, to provide for the increased enrollment (it is 104 this year as compared with 74 last year) for the year 1927-28, at

a salary not to exceed \$2,000, and that this amount, or so much thereof as may be necessary, be appropriated from the Reserve and Contingent Fund for this purpose.

On motion of Mr. Armstrong, this recommendation was adopted. The appropriation was made by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Trees; no, none; absent, Mr. Blair, Mr. Noble, Mr. Small, Mr. Ward.

AGREEMENT FOR INVESTIGATION OF CAST IRON PIPE

(10) I recommend approval of an agreement between the University and the Sectional Committee on Cast Iron Pipe (organized under the authority of the American Engineering Standards Committee with American Gas Association, American Society for Testing Materials, American Waterworks Association, and New England Water Works Association as Sponsor Societies), for a cooperative investigation of cast iron pipe by the Department of Theoretical and Applied Mechanics.

The execution of this agreement was authorized.

TERMINATION OF LEASE WITH J. M. HINKLEY OF DU BOIS FOR EXPERIMENT FIELD

(11) The Comptroller reports that Mr. J. M. Hinkley of Du Bois, Illinois, has given notice that he wishes to terminate the lease between himself and the University for a five-acre tract of land near Du Bois, which has been used as an agricultural experiment field.

The lease provides that either party may terminate it at the end of any year by giving notice in writing to the other party, at least ninety days prior thereto. The lease year ends December 31 and Mr. Hinkley's notice was dated September 15.

IMPROVEMENT ASSESSMENTS

(16) The Comptroller sends me the following statement of unpaid assessments against the University on account of various improvements, with a recommendation for a special appropriation of \$15,000 from the Reserve and Contingent Fund, for paying in full the balances on various assessments which are indicated in the statement by an asterisk.

October 10, 1927

President David Kinley, 355 Administration Building, West DEAR PRESIDENT KINLEY:

I enclose a statement of unpaid assessments against the University on account

of various improvements, grand total excluding interest, \$46,316.25.

Of this amount the sum of \$6,884.10 plus interest \$2,633.50, total \$9,517.60, must be paid during the current year, and an appropriation of \$10,000 has been included in the budget to cover these payments.

It would be desirable to hasten the payment of some of the remaining installments in order to save the high interest which has to be paid on deferred balances. It would be especially advantageous if we could clear up the entire bal-

ances on small assessments and thus greatly reduce the number of accounts.

I, therefore, recommend that a special appropriation of \$15,000 be made for the purpose of paying in full the balances on various assessments, which will include those marked • in the attached statement.

Cordially yours,

LLOYD MOREY Comptroller

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

November 17, 1927

The November meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 9 o'clock a.m. on Thursday, November 17, 1927.

When the Board convened, the following members were present: President Trees, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble. Governor Small arrived later in the forenoon.

President Kinley was present.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of September 27 and October 12, 1927.

On motion of Mrs. Evans, the minutes were approved as printed on pages 433 to 485 above.

MATTERS PRESENTED BY PRESIDENT KINLEY

The Board considered the following matters presented by the President of the University.

APPOINTMENT OF MR. HERBERT POPE TO THE BOARD OF EXAMINERS IN ACCOUNTANCY

(1) Pursuant to the authority given me at the September meeting of the Board, I have appointed Mr. Herbert Pope, of the law firm of Butler, Lamb, Foster, & Pope, as a member of the Board of Examiners in Accountancy.

This report was received for record.

LEAVE OF ABSENCE FOR MR. FORREST MOCK

(2) On request of Dean Babcock and Professor Adams, I recommend that Mr. Forrest Mock, Assistant Storekeeper in the Chemical Laboratories, be given sick leave, without pay, from October 19 until such time as he is able to return to work, but not later than December 1, 1927.

On motion of Mrs. Busey, this leave was granted.

LEAVE OF ABSENCE FOR DEAN BABCOCK

(3) A recommendation that Dean K. C. Babcock be given sick leave with pay, for three months.

On motion of Mrs. Grigsby, this leave was granted.

TITLE OF DR. EDWARD L. HEINTZ

(4) To clear up what seems to me to have been a misunderstanding concerning the title with which Dr. Heintz was retired, I recommend that the word "clinical" be omitted from the retiring title as conferred by the Board at its meeting of December 14, 1926. His title will then read "Associate Professor of Medicine, Emeritus.

On motion of Dr. Noble, this recommendation was adopted.

PURCHASE OF PERCIVAL LAND

(5) The Supervising Architect reports that he has secured a thirty-day option from Mr. J. H. Percival and his wife for the purchase of the farm of 208 acres, more or less, adjoining the University farms, at \$350 per acre. The University has been negotiating for the purchase of this land since 1923 and leased it from March, 1924, to March, 1927, for agricultural purposes. We have also held an option on its purchase at \$450 per acre, but I was unwilling to recommend nor was the Board willing to approve its purchase at that figure.

Professor White writes as follows:
"I consider that the location of the land justifies us in paying at least fifty percent more for it than we would for other equally good land not adjacent to our present holdings; but our agronomists contend that this ground is peculiarly suitable for their research work and that there is no other ground close at hand which will meet their needs so well.

"I not only recommend, but would like to urge the acceptance of the option to purchase this land."

The land is at present under lease, which contains the following provi-

"It is hereby agreed that if all or any part of said lands be sold, this lease automatically becomes null and void. In the event of such sale, party of the second part shall deliver to first party this lease; also peaceable possession to said lands, without any cost to party of the first part—being understood that if sold after cropping season begins, that it is sold according to tenant's rights." I have accepted the option for the University and recommend the purchase of this land at the price of \$350 per acre, and recommend further that an appropriation of \$75,000, or so much thereof as may be necessary, be made from the Reserve and Contingent Fund for this purpose.

On motion of Mr. Barr, this purchase was ordered, and the appropriation was made, by the following vote: Aye, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Armstrong, Mr. Blair, Mr. Small, Mr. Ward.

APPROPRIATION FOR MEDICAL LIBRARY

(6) I recommend that an appropriation of four thousand dollars be made from the Reserve and Contingent Fund to the Library of the College of Medicine for the purchase of journals and books.

On motion of Mrs. Ickes, this appropriation was made, by the following vote: Aye, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Armstrong, Mr. Blair, Mr. Small, Mr. Ward.

APPROPRIATION FOR PURCHASE OF DENTAL BUILDING BONDS (7) I recommend that an appropriation of \$1,532.25 be made from the Reserve and Contingent Fund for the purchase of \$1,500 of bonds of the College of Physicians and Surgeons on the Dental Building, due in 1932, at par and accrued interest. I authorized the Comptroller to purchase them when they were offered for sale to the University.

On motion of Dr. Noble, this appropriation was made, by the following vote: Aye, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Armstrong, Mr. Blair, Mr. Small, Mr. Ward.

APPROPRIATION FOR INSURANCE

(8) On request of the Comptroller I recommend that an appropriation of one hundred dollars be made from the Reserve and Contingent Fund to cover premiums on insurance on Chicago buildings expiring during the present fiscal year, including the premium on the policies renewed on the Pharmacy Building on November 2, 1927.

On motion of Mrs. Ickes, this appropriation was made, by the following vote: Aye, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Armstrong, Mr. Blair, Mr. Small, Mr. Ward.

LEAVE OF ABSENCE FOR PROFESSOR M. T. McCLURE

(9) On recommendation of Dean Babcock, I recommend that Professor M. T. McClure, of the Department of Philosophy, be given sabbatical leave of absence on one-half pay during the year 1928-29, under the rules.

On motion of Mrs. Busey, this leave was granted.

LEAVE OF ABSENCE FOR PROFESSOR D. H. CARNAHAN (10) On recommendation of Dean Babcock, I recommend that Professor David H. Carnahan, of the Department of Romance Languages, be given sabbatical leave of absence on one-half pay during the year 1928-29, under the rules.

On motion of Mrs. Busey, this leave was granted.

CUSTODIANSHIP OF FUNDS FOR EXPENSES OF STUDENTS

On motion of Mr. Barr, the following resolution was adopted:

WHEREAS, individuals occasionally write to University officers asking them to act as custodians of money to meet the expense of some student or students, and

WHEREAS, the Board of Trustees disapproves the performance of such services by University officers as such,

NOW, THEREFORE, BE IT RESOLVED that the Board of Trustees forbids any officer of the University to receive, as custodian, in his capacity as an officer of the University, any money intended to meet the expenses of any student.

APPROPRIATION FOR PURCHASE OF A STALLION

(7) Dean Mumford requests an appropriation for the purchase of a Percheron stallion for the Department of Animal Husbandry and recommends that

Mr. George Potts, University horse foreman, be sent to France to make the purchase and bring the horse back.

I concur in this recommendation and recommend further that an appropriation of \$4,500, or so much thereof as may be necessary, be made from the Reserve and Contingent Fund for the purchase of a stallion and to cover

Mr. Potts's expenses and the cost of transporting the horse.

On motion of Mr. Barr, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Mr. Trees; no, none; absent, Mr. Blair, Dr. Noble, Mr. Small, Mr. Ward.

At this point, Dr. Noble took his place with the Board.

ASHLAND AVENUE IMPROVEMENT ASSESSMENT

(8) The Supervising Architect and the Comptroller report that an assessment of \$279 has been made against University property in Chicago, due to the widening and improving of Ashland Avenue from Lake Street to Irving Park Boulevard. This improvement begins almost a mile north and a quarter of a mile east of our properties, but the assessment has been distributed over a large area.

While University property is non-assessable, our practice has been to pay our share of the cost of public improvements on the same basis as private property owners. Accordingly, I recommend that the Board accept its share of the cost of this improvement voluntarily, that the proper officers of the city of Chicago be so informed, and that an appropriation of \$279 be made from the Reserve and Contingent Fund for this purpose.

On motion of Mrs. Evans, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Ward.

APPROPRIATION TO MILITARY DEPARTMENT FOR SHIPMENT OF AIRPLANE FROM NAVY DEPARTMENT

(9) I recommend that an appropriation of \$550, or so much thereof as may be necessary, be made from the Reserve and Contingent Fund to the Military Department to cover the cost of securing (cost to include packing, loading, and transportation charges) an airplane which the Navy Department will give to the University for instructional purposes.

On motion of Mrs. Grigsby, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Ward.

INTERFRATERNITY COUNCIL PETITION ON FIRE PROTECTION

(10) A petition from the Interfraternity Council at the University of Illinois for a consideration of the problem of fire protection.

On motion of Mrs. Grigsby, this matter was referred to the Committee on Buildings and Grounds for investigation and report at the next meeting.

(13) I request approval of an agreement I made with Dean Babcock and Professor Shantz for the appointment of Professor W. W. Lepeschkin of Charles University, Prague, as Visiting Professor and Lecturer from February 1 to June 30, 1928, at a total salary of \$1,500 to be paid from the fund for Visiting Professorships, Lectures, and other functions.

On motion of Mrs. Evans, this recommendation was adopted.

VACATION EXTENSION FOR DR. ALBERT BACHEM

(16) Dr. Albert Bachem, Professor of Bio-physics, requests, with Acting Dean McGuigan's approval, that he be permitted to be absent from com-

(19) I recommend that Professor James W. Garner, Head of the Department of Political Science, be granted a sabbatical leave of absence on one-half pay, under the rules, for the year 1928-29.

On motion of Mrs. Evans, this leave was granted.

LEAVE OF ABSENCE FOR PROFESSOR JAKOB KUNZ

(20) On recommendation of Professor Carman and Dean Ketchum, I recommend that Dr. Jakob Kunz, Professor of Mathematical Physics, be given a sabbatical leave of absence during the year 1928-29, on one-half pay, under the rules.

(23) The Committee on Accident Compensation reports that Mr. W. P. Maxfield has been in the service of the University three years from 1903 to 1906 and nine and one-half years from 1918 to 1927. Last May, in the course

of his employment, his knee was injured. November 4 last, Dr. Beard reported that he considered Mr. Maxfield permanently partially disabled and that he could not continue in the work he was doing. The department reported that there was no work in the department which he could do and he was incapacitated for any other work. The Committee recommends after careful consideration and medical advice:

1. That an allowance of \$45.50 per month be made to Mr. Maxfield, beginning November 16, 1927, and continuing until the sum of \$3,750 has been paid (6 years, 10 months), after which the allowance shall become \$25.00

per month for the remainder of his life.

2. In the event of death prior to the age of 71 (1930) a death benefit of \$546 to be paid to his heirs or designated beneficiary; in the event of death after the age of 71 a death benefit of \$273 to be paid

after the age of 71, a death benefit of \$273 to be paid.
3. In the event of recovery or partial recovery the monthly allowance to be reduced in proportion to the relation between amount earned prior to accident and amount earned on return to work.

This recommendation is in accordance with the terms of the Work-men's Compensation Act. I recommend that this be done.

On motion of Mrs. Ickes, this recommendation was adopted.

(24) Dean Ketchum reports the following offers of gifts to the Department of Mechanical Engineering:

NURSES' HOME

At this point, Dr. Noble made the following statement:

I desire to say that I have urged the Governor to authorize the use of \$250,000 appropriated to the Department of Public Welfare for the Research and Educational Hospitals for the erection of a Nurses' Home, in accordance with the urgent request of the faculty of the College of Medicine. The Governor states that he will instruct the proper officers to push this project so that the building will be available next October, and thus release the space now occupied by the nurses, thereby permitting an increase in the number of available hospital beds to 200 or more.

This statement was received for record.

LANDSCAPING OF THE CAMPUS

Mrs. Ickes, for the Committee on the Landscaping of the Campus, made the following report:

To the Board of Trustees of the University of Illinois

Your Committee on Campus Landscaping submits the following report:

Your Committee has carried out the instructions of the Board to study further the subject of the Landscaping of the Campus in consultation with our own University experts and with Mr. Platt.

We have a report from the University experts and we have had a personal conference with Mr. Platt.

We now recommend to the Board:

- I. That the Board express as its opinion that the main charge of the landscaping of the Campus should be put in the hands of an outside adviser.
- II. That Mr. Vitale be employed as this adviser if satisfactory terms can be arranged with him,
- III. and that the Committee be continued with authority to confer with Mr. Vitale and report at the next meeting of the Board.

Respectfully submitted,

ANNA W. Ickes (Chairman) George A. Barr HELEN M. GRIGSBY

Mr. Charles A. Platt, who was introduced at this point, made a statement concerning this matter.

On motion of Dr. Noble, this report was adopted.

ALUMNI OF THE AMERICAN MEDICAL MISSIONARY COLLEGE

President Kinley made the following statement:

In the fall of 1910 the American Medical Missionary College of Chicago. Illinois, and Battle Creek, Michigan, asked to be merged with the College of Medicine of the University of Illinois. It was proposed that the University take over the students of the American Medical Missionary College, together with their records, and that a public statement be made announcing this fact. No transfer of physical property was involved. This proposition was approved by the University and some of the students of the American Medical Missionary College were transferred to the College of Medicine. Soon after the University agreed to this arrangement, the American Medical Missionary College asked if its alumni could be made alumni of the University of Illinois. This request was presented to the Board on September 20, 1910, and the matter was referred to the Committee on the Medical School. No report was made by this Committee. In the fall of 1911 the request was repeated by the American Medical Missionary College and again was presented to the Board. The matter was again referred to the Committee on the College of Medicine, but was never reported upon.

Sometime ago I received a letter from the President of Battle Creek

College recalling the matter and asking for further consideration of this request. I referred the request to the faculty of the College of Medicine for consideration and recommendation.

The Medical Faculty recommends that graduates of the American Medical Missionary College be not made alumni of the University of Illinois

College of Medicine.

I concur in the recommendation of the Medical Faculty that this request

be not granted.

On motion of Mr. Armstrong, this recommendation was adopted.

FEBRUARY MEETING

The date of the February meeting was set as Wednesday, February 29, 1928.

PRESIDENT'S HOUSE

Mr. Barr, for the Committee on Buildings and Grounds, made the following report:

To the President and Board of Trustees of the University of Illinois

Your Committee on Buildings and Grounds, to whom was referred the matter of the "President's House," beg leave to report that they have given the matter their careful consideration, have called upon and have received valuable information and suggestions from Professor James M. White,

Supervising Architect, and from Mr. Platt.

It is the view of your committee that a suitable president's home should be provided; that Mr. Platt and the adviser in landscaping should consider and make suggestions with reference to the location for the "President's House" and that preliminary plans should be prepared for a president's home suitable and adequate for the probable needs and duties of the President of the University. Your committee, therefore, recommends that it be authorized: First, to request Mr. Platt and the person having charge of landscaping to make suggestions at their convenience as to the location of a president's home. Second, to obtain preliminary plans for such a home to be prepared by the supervising architect and Mr. Platt for the "President's House" to be reported on to this Board at a later meeting.

All of which is respectfully submitted.

matter of dormitories for men.

CORRECTIONS IN MINUTES, JUNE 12, 1926

MEN'S DORMITORIES

(3) The Supervising Architect submits the following letter in accordance with the request made by the Board at its last meeting for suggestions as to a site for Men's Dormitories:

January 16, 1928

MEN'S DORMITORIES

President David Kinley, 355 Administration (West) DEAR PRESIDENT KINLEY:

In response to the request made by the Board of Trustees at its last meeting for a suggestion as to a site for men's dormitories, I suggest that the first one be located on the northeast corner of the new parade ground, which would locate it across from the Men's Gymnasium on the corner of Fourth Street and North Drive; and that future dormitories be extended in a row along North Drive from Fourth Street to First Street. After this row of dormitories has been completed, I suggest that a similar row be built parallel to the first one along the South Drive.

These dormitories would have to be designed with fronts to both the

north and the south, and the service entrances would be at the ends.

Yours truly.

JAMES M. WHITE, Supervising Architect.

On motion of Dr. Noble, this matter was referred to the Committee on Buildings and Grounds for consideration and report.

The terms of Mr. Russell's gift provide that after his death the securities, together with the interest thereon, shall be collected or sold and the proceeds set apart as a fund for loans to needy and worthy students attending the University. During his life the income from these securities went to Mr. Russell, in accordance with the terms of the deed of gift (minutes, April 14, 1926, page 558).

I therefore recommend that the Marcus Russell Loan Fund for students be established and that the funds be made available for loans to students.

On motion of Mrs. Evans, this recommendation was adopted.

On motion of Mr. Armstrong, the Comptroller and the Treasurer were authorized to sell the following securities belonging to this fund to supply money for loans:

Seventh and Grand Avenue Building Company bonds, \$3000

Methodist Hospital of Southern California bonds, \$3000

San Diego County Water Company bonds, \$5000 American Toll Bridge Company bonds, \$4000.

(32) The Standard Oil Company of Indiana offers the University a thousand dollars (\$1,000) a year for "fundamental research on the nature of detonation in internal combustion engines" with the understanding that the fund is to be administered in accordance with the usual regulations of the University sity, but that not more than \$300 of the \$1,000 shall be used for apparatus. I recommend that this offer be accepted.

On motion of Mr. Armstrong, this offer was accepted.

(34) I recommend that the recently acquired Percival Farm be assigned to the College of Agriculture for distribution among the various departments on approval of the President, and that the fence around that part of the pasture now used for the Animal Pathology work north of the front line of the Animal Pathology Building be removed, and that that area be assigned to general University purposes.

On motion of Mrs. Grigsby, these recommendations were adopted.

RENEWAL OF AGREEMENT FOR INVESTIGATION OF USE OF ELECTRICITY IN AGRICULTURE

(35) I have approved the renewal of the agreement entered into in 1925 (Board Minutes, February II, 1925, page 171) and renewed in 1926 and 1927, with the Illinois State Electrical Association and the Central Illinois Public Service Company for a cooperative investigation of the use of electricity in agriculture. REPORT OF SPECIAL COMMITTEE ON MEN'S DORMITORIES

Dr. Noble presented the following report:

Your special committee, appointed on motion of Mrs. Evans, January 4, 1928, "to study and report on the matter of dormitories for men," submits the following report and recommends its adoption.

It is common knowledge among the members of the Board of Trustees that the facilities for housing students in the vicinity of the campus are limited and in many instances undesirable. And the Trustees are aware that with the increasing enrollment of the University, this condition has grown worse. They have seen that the lack of adequate quarters is especially detrimental to the freshman men.

Twenty years ago, educators discarded the continental idea that the educational work of a University should be limited to instruction in lecture rooms and laboratories; and that the life of the student was not the University's concern. Instead they now recognize that the forces which control a man after graduation are largely instinctive and habitual. The facts which he memorizes fade away, but he keeps his method of thought and attitudes toward men, events, and ideas which he acquired in college. He retains ready for instant release by instinct those reactions which he formed at the sensitive period of his intellectual growth. Deepest imbedded in him lie those emotional experiences which he never could obtain in a classroom. Educators, therefore, look to the entire life of the student to determine the mainsprings of his future action, and particularly to his life after the formal hours of study and recitation.

During these hours, rather than remit the student to the drab and skeptical college boarding house or to entrust him to such environment and associations as he might create for himself according to his means and standards, competent educators have preferred to place him among his fellows. By contacts with men also desiring education and respecting scholarship and by unpremeditated, unconventional, and free discussions with them, the student unconsciously reinforces all that he gains from the classroom and in addition he creates and develops ideas, qualities, and abilities which no formal training could produce. The subconscious influence of close associations in the ordinary routine of daily life with other students coming from entirely different backgrounds animated at first by no other common purpose than the desire for education, teaches tolerance, offers a daily recurrent stimulus to ambition and emulation, and by slow degrees, it builds up among the associates an esprit de corps.

The success which dormitories have attained in small colleges and relatively cohesive smaller universities will follow in enhanced measure their introduction into a great State University. In such as the University of

Illinois a very large proportion of the students devote themselves exclusively to technical studies and neglect those courses which offer the broader cultural training. Efforts to redirect these students to the dead languages and the classics for various reasons have not succeeded and yet the need for the largest possible outlook on life, for a just sense of proportion, and for civic responsibility have not decreased. The particular requirement of the State University that it shall fit its students for citizenship remains.

To meet these needs, dormitories offer the most natural and suitable means to develop the humanities. They provide a nucleus from which They provide a place where all the diversified trends of specialized instruction mingle in the mighty stream of modern thought. They enable the State University to weld together its mass of students so that each student not only better understands his relation to his fellows but also constantly feels the powerful excitation of his conventual control in the control of the control the powerful assistance of his comrades forging ahead in the same direction.

Every value of dormitories is doubled for freshmen, for whom a speedy and correct orientation is the first need and to whom an easy road to new acquaintances is most important. Finally, all problems of administration in the freshman class are simpler when they focus upon one point,

namely, freshman dormitories.

For the foregoing reasons your committee respectfully recommend im-mediate action toward the construction of dormitories sufficient for the housing of freshman men.

BEQUEST OF ANNA J. VOODRY

(26) In 1907, Mrs. Anna J. Voodry left a Last Will and Testament in which she bequeathed the residue of her estate in trust for the benefit of her son, Earl C. Voodry, and after his death to the Board of Trustees of the University of Illinois. (See Minutes, June 8, 1908, page 523; July 8, 1911, page 208.) Mr. Paul F. Beich was named Trustee to handle the funds during the lifetime of Mr. Earl C. Voodry. Mr. Beich has been acting as Trustee of the fund and paying the income to Earl C. Voodry, now living in Chicago. The estate now consists of two vacant lots in Tolleston, Lake County, Indiana, and some \$2,600 which has been invested in bonds.

The above information comes to me in a letter dated March 20, from

Mr. John M. Sullivan, Attorney, Bloomington, Illinois.
Mr. Sullivan further states that Mr. Beich now desires to be relieved of the duty of acting as Trustee and intends to file a petition in the Circuit Court to ask that the American State Bank of Bloomington be appointed Trustee to handle the fund during the lifetime of Earl C. Voodry. In accordance with the advice of our Counsel, I have advised Mr. Sullivan that the University will not object to the transfer of the trusteeship of the Voodry Estate from Mr. Beich to a bank.

In writing Mr. Sullivan, I stated that, on information from Judge Harker who handled the case for us originally, the estate originally included about \$5,000 in personal property as against \$2,000, the amount stated by Mr. Sullivan as the present value of the personal property. I wrote Mr. Sullivan: "Our Legal Counsel advises me that we ought to see the reports of the Trustee and suggests that I ask you to inform us what has become of the difference. If you can kindly comply with this request, I shall be

much obliged."

Mr. Sullivan, under date of April 6, replied that: "I am not sufficiently familiar with this estate to give information about it. However I have written Mr. Beich to come in and so soon as I hear from him will write you fully in connection with the assets of the estate."

I ask your approval of my action in this matter.

On motion of Mrs. Ickes, the action of the President of the University in this matter was approved.

CLAIM OF MR. PAUL G. BUSEY FOR AUTOMOBILE DAMAGES

(27) I received recently a letter from Mr. Paul G. I informed Mr. Busey, in short, that the University was not liable and that his remedy lay in application to the Court of Claims. He courteously acknowledges my letter and requests me to call the attention of the Board to the matter.

Mr. Busey's letter was read. On motion of Mr. Barr, the President of the University was requested to inform Mr. Busey that in the opinion of the Board he should proceed through the Court of Claims.

(39) Dean Mumford recommends that Professor E. W. Lehmann, Head of the Department of Farm Mechanics, be given a sabbatical leave of absence on one-half salary during the year 1928-29, under the rules.

On my present information, I am not clear that all conditions under

which such leaves are granted will be met. Therefore, I request authority to grant this leave if further inquiry shows that Professor Lehmann's plans will conform to our rules.

On motion of Mr. Trees, this authority was granted.

AMERICAN BANKERS' ASSOCIATION LOAN SCHOLARSHIPS

(40) The American Bankers' Association has established an educational foundation through which loan scholarships will be provided in leading colleges and universities for students in banking and economics. AGREEMENT WITH DEMONSTRATOR'S ASSOCIATION OF ILLINOIS

(44) Dean Davis recommends that the University enter into an agreement with the Demonstrator's Association of Illinois for the purpose of securing cadavers for the College of Medicine and the College of Dentistry. This agreement involves ratification of the new constitution of the Demonstrator's Association by the University and the execution of bonds.

The University has been affiliated with this Association in the past as the result of an arrangement carried over from the old College of Physicians and Surgeons. The constitution has become obsolete and is in need of revision. Hence, we are asked to ratify the new constitution and by-laws. On advice of the Legal Counsel and the Comptroller, I recommend:

1. That the constitution as presented be ratified by the University.

2. That the Comptroller be authorized to execute and file with the Association the bonds requested, which bonds are required by law.

In consideration of the permission to lay the main described in paragraph 1, the Company agrees in laying said main to be guided by the specifications and approval of the Supervising Architect of the University of Illinois; that it will, at its own expense, make all changes and repairs to walks, drives, tunnels, sewers, and pipes necessitated by such construction work; and guarantees to put them in as good permanent condition as they were when the Company began operation, as required by the Supervising Architect; that it will replace all sod removed as shall be required by the Supervising Architect of the University, and that it will meet the same requirements in making any repairs in the future.
- 3. The Company further agrees that if at any time in the future the water main described in paragraph 1 is found by the Board of Trustees to be an obstruction to any University development, it will, at its own expense, move said main to another location to be designated by the Supervising Architect of the University; or, that upon six months' notice from the Board of Trustees of the University of Illinois, it will, at its own expense, remove the main entirely from the premises of the University. And if said Company fails on such notice to remove such main, then the Board of Trustees may themselves remove said main at the expense of said Company.

(1) At the meeting of the Board on March 13, 1928 (see Minutes, page 563), I presented notice of and proxy for a special meeting of the stockholders of the Illinois Power and Light Corporation to be held for the purpose of calling the seven per cent cumulative preferred stock of this corporation, and offering in exchange, under certain conditions, \$6.00 cumulative preferred stock, or, of course, the option of taking the proceeds of the securities owned by the University intact. By advice of Counsel the Board did not send in a proxy.

The Corporation, acting under the notice referred to, has taken action

making the exchange which is described above.

The question now arises what the Board will do in the premises. The Comptroller informs me that he and the Legal Counsel have discussed the matter, with the conclusion that whatever is done must be done by the decision of the Board since the Board has an option in the matter. In other words, the Board may accept the new \$6.00 stock or take cash and reinvest. The new \$6.00 cumulative stock is not a kind of security permitted for investment by trustees under the law of Illinois. The Board was charged, in the deed of gift, to keep the income from the gift at \$7,000 per annum, if possible. This is probably impossible under the present conditions. The question for the Board to decide is whether it will accept this new stock or take the proceeds of its present securities in cash and reinvest. The deed of gift further requires that any securities purchased to replace those thus retired shall be redeposited in escrow for the remainder of the ten year period through which the original securities were to be kept in escrow.

period through which the original securities were to be kept in escrow.

Since the Legal Counsel is of the opinion that the \$6.00 stock offered by the Illinois Power and Light Corporation is not a legal investment for trust funds under the statute, I recommend that the corporation be advised that the Board does not wish to subscribe for any of the new stock being

offered in exchange for the 7 per cent preferred stock.

On motion of Mr. Trees, this recommendation was adopted.

TAX ON MARCUS RUSSELL LOAN FUND

(2) The following letter, addressed to Professor F. A. Russell, son of Marcus Russell, donor of the Marcus Russell Student Loan Fund, has been received from the Los Angeles First National Trust and Savings Bank, stating that the gift of Mr. Marcus Russell to the University is subject to tax. (See Minutes, April 14, 1926, page 558, and February 14, 1928, page 545):

April 25, 1928

Professor Fred A. Russell, 801 Indiana Avenue, Urbana, Illinois My DEAR PROFESSOR:

I thank you for Mr. Cunningham's letter of April 18, enclosing two certified copies of your Deed of Trust.

Under the California law, this is taxable, as it is a trust created by a resident of Los Angeles, reserving to himself a life income with a remainder

over to a non-resident charitable organization. The tax is at the rate of 5%

on \$24,500, \$500 being exempt.

I should like very much to have the benefit of the legal opinion of authorities of the University, if they deem it necessary, as our Tax man believes that we cannot get away from it.

We, of course, will have to look to the University to pay this tax.

Please let me hear from you as soon as possible.

Very truly yours, MORTON H. EDDY

Judge Johnson, our Legal Counsel, advises me that the statement concerning the California law in the matter is correct. The University, in my opinion, should pay this tax, and I recommend, therefore, an appropriation of \$1,225 from the Marcus Russell Loan Fund for this purpose. This is 5 per cent on \$24,500; the amount of the donation was \$25,000 and \$500 are

On motion of Mrs. Grigsby, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Ward.

REPORT OF COMPTROLLER ON SALE OF CARTER PROPERTY IN NORMAL

(3) The following letter from the Comptroller explains itself, and I submit it for record. (See Minutes, April 12, 1928, page 579): May 7, 1928

President David Kinley, 355 Administration, West DEAR PRESIDENT KINLEY:

In the matter of the sale of the Carter property in Normal I wish to report that I received advice from Judge Johnson that a warranty deed for this property might be given by the Board of Trustees. Thereupon I secured the signatures of the President and the Secretary of the Board to such a deed and delivered the deed to Mr. George M. Palmer, the purchaser, upon payment by him of the balance of the purchase price, namely \$5,500. A pay-

ment of \$1,000 was made by him when the contract of sale was concluded, making the total price \$6,500, as authorized by the Board.

A few bills relating to the court expense and abstracting expense are still outstanding. The matter of taxes for 1927 is also still in abeyance. As soon as these matters are concluded I will submit a complete financial report of the operations and sale of this property.

Cordially yours. LLOYD MOREY Comptroller

This report was received for record.

APPROPRIATION FOR COMMISSION ON SALE OF CARTER PROPERTY IN NORMAL

(4) By authority of the Board, the Comptroller sold the Carter property in

Normal for \$6,500. (See Minutes, July 14, 1927, page 420).

The Comptroller recommends that the usual commission of two per cent, amounting to \$130, be allowed Mr. L. A. Hinton, of Normal, Illinois, the agent who sold the property, on the sale of the Carter property, to be paid out of the money received from the sale of the property.

I concur in this recommendation.

On motion of Mr. Barr, this recommendation was approved. The appropriation was made by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Ward.

APPROPRIATION TO CARE FOR PHOTOGRAPHS OF MEDICAL GRADUATES

(5) Dean Davis informs me that there is at the Medical School a group of pictures of graduating classes, one for each class, dating back many years. They have become so numerous that it is difficult to find wall space for them. He suggests that these pictures be reduced to a uniform size and placed in the Library on exhibition. He states that the expense would be about \$200 and asks an appropriation for this purpose.

After considering the matter carefully, I am of the opinion that the preservation of these pictures is a matter of historical interest and importance

to the University College of Medicine, and, therefore, recommend an appropriation of \$200 from the Reserve and Contingent Fund for the above

On motion of Mrs. Ickes, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mrs. Busey, Mr. Small, Mr. Ward.

SPECIAL APPROPRIATION TO COLLEGE OF DENTISTRY

(6) Dean Noyes requests a special appropriation of \$600 as an incidental fund for publicity purposes. I recommend the appropriation from the Reserve and Contingent Fund.

On motion of Mr. Barr, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble; no, none; not voting, Mr. Trees; absent, Mr. Blair, Mr. Small, Mr. Ward.

APPROPRIATION FOR THE DEPARTMENT OF AGRONOMY

(7) On request of Dean Mumford, I recommend that the sum of \$264.85, being the excess of receipts over the estimated income of the Department of Agronomy for last year, be appropriated to the Department for crop production research.

On motion of Dr. Noble, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Ward.

APPROPRIATION FOR AGRICULTURAL PUBLICATIONS

(8) On request of Dean Mumford, I recommend that the balance of \$275.32, carried forward July 1, 1926, and the sum of \$962.83 carried forward July 1, 1927, representing excess receipts over the estimated receipts of the Department of Horticulture, be appropriated for the following purposes:

Florists' Insect Handbook. Estimated 72 pp. 116 half tones.	
Edition of 10,000 copies	\$850
Soil Treatments in a Bearing Apple Orchard. Estimated 28 pp.	
Edition of 10,000 copies	325
Fulsarium Wilt of Tomatoes. Estimated 36 pp. 14 cuts. Edition	
of 10,000 copies	375
Fertilizer Experiments with Truck Crops in Southern Illinois,	
Estimated 12 pp. Edition of 10,000 copies	160

On motion of Mr. Barr, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Ward.

PURCHASE OF MEYERS PROPERTY-LOT 51, COLLEGE PLACE

(9) On recommendation of the Supervising Architect and the Comptroller, I recommend the purchase of Lot 51 in College Place (the G. H. Meyers property, Mr. Meyers being the guardian for the minor heir in whom the title is vested) at a price of \$12,500; the 1927 taxes, as well as all improvement assessments due prior to the date of transfer, to be paid by the present owner, and that the sum of \$12,500 be appropriated from the Reserve and Contingent Fund for this purpose.

On motion of Mrs. Evans, this purchase was ordered and the appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Ward.

PURCHASE OF NOGEL PROPERTY

(10) On recommendation of the Supervising Architect and the Comptroller, I recommend the purchase of the Nogel property (lot 81.25 by 211.2 feet, with a two-story, six-room frame house, across the street south of the Cavalry stables), at a price of \$4,000, the present owner, Mr. George W. Nogel, to pay the 1927 taxes, and that the sum of \$4,000 be appropriated from the Reserve and Contingent Fund for this purpose.

On motion of Mr. Trees, this purchase was ordered and the appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mr. Small, Mr. Ward.

PURCHASE OF NOYES PROPERTY

(11) In view of the action of the Board on December 13, 1927 (see Minutes, page 514), providing for a third or east Residence Hall for Women, Professor *Emeritus* W. A. Noyes, who owns the property immediately east of the present Residence Hall, has offered to sell it to the University for \$24,000.

I recommend that the property be bought and paid for from the Residence Hall Reserve Fund, but that the Committee on Buildings and Grounds view the property today and report to the Board this afternoon what they think is a fair price.

This matter was referred to the Committee on Buildings and Grounds.

PAVING OF STREET IN COLLEGE PLACE

(12) The Supervising Architect reports that the City of Champaign wishes to pave the new street in College Place which we have agreed to turn over to them in return for Gregory Street. The assessment for our south frontage on this street is \$13,717.72, payable over a period of ten years, on the basis of a reinforced concrete pavement 36 feet in width, back to back of curbs. The assessment for our properties north of this street is \$1,601.65; but as soon as the Meyers property has been acquired we shall be ready to sell the property we own north of the street, and it will be sold subject to the paving assessment.

I recommend that the University accept the above assessments, the latter subject to securing title to the Meyers property, and that the City

authorities of Champaign be advised accordingly.

On motion of Mr. Barr, this recommendation was adopted.

FLOURNOY STREET PROPERTY

(13) On March 8, 1927 (see Minutes, page 221), the Board appropriated \$4,200 for the purchase of the corner unit of the three two-story buildings at the southwest corner of Flournoy Street and South Hermitage Avenue in Chicago (\$4,000 for the property and \$200 for the expense of acquiring it).

Professor White advises me, under date of May 9, that the negotiations have broken down, and that nothing further can be done about the matter at present. Unless otherwise instructed, the Comptroller will allow the appropriation to lapse at the end of the fiscal year, June 30.

This report was received for record.

FIRE DAMAGE TO KAPPA KAPPA GAMMA PROPERTY, ADJUST-MENT OF FIRE LOSS, AND REMODELING OF DAVENPORT AND KAPPA KAPPA GAMMA HOUSES

(14) The Supervising Architect reports that a fire of unknown origin occurred at the Kappa Kappa Gamma house at 1:14 a.m., Saturday, April 21st. The fire was confined to the rear stairs, second story hall, attic, and roof,

although there is considerable water damage.

King & Petry, general contractors, report that the insurance adjuster agreed on a cash settlement of \$8,166.59, to cover the fire loss on the Kappa Kappa Gamma house. Professor White recommends acceptance of this adjustment subject to a charge by King & Petry of 5 per cent for negotiating it, and that the amount secured by this settlement be merged with the \$15,000 to the beautiful and the secured by the settlement by the appropriated for the connecting and remodeling of the Kappa Kappa Gamma and Davenport houses.

I concur and recommend also that further plans for remodeling and further use of the Kappa Kappa Gamma house be referred to the Committee

on Buildings and Grounds for an early report.

On motion of Mrs. Busey, the insurance adjustment was accepted at \$8,166.59, subject to a charge of five per cent by the adjuster, and the matter of the further procedure with respect to the Kappa Kappa Gamma house was referred to the Committee on Buildings and Grounds for consideration and an early report.

APPOINTMENT OF MR. LIVINGSTONE PORTER

(15) On recommendation of Professor Larson and Dean Daniels, I recommend that Mr. Livingstone Porter, now honorary traveling fellow at the University of California, be appointed Assistant Professor of History, for three years beginning September 1, 1928, at a salary of \$3,000 a year.

On motion of Mrs. Grigsby, this appointment was made.

APPOINTMENT OF DR. MARCUS LEE HANSEN

(16) On recommendation of Professor Larson and Dean Daniels, I recommend that Dr. Marcus Lee Hansen, Research Associate, American Council of Learned Societies, Washington, D. C., be appointed Associate Professor of History on indefinite tenure, beginning September 1, 1928, at a salary of \$4,500 a year.

On motion of Mrs. Evans, this appointment was made.

(20) I recommend that Professor W. S. Bayley be appointed Head of the Department of Geology for the academic year beginning September 1, 1928.

On motion of Mrs. Grigsby, this appointment was made.

APPOINTMENTS TO PLYM FELLOWSHIP AND SCHOLARSHIP

(21) On nomination of the Plym Fellowship Committee and the recommendation of Dean Ketchum, I recommend that Mr. Granville S. Keith of the class of 1927, now Assistant in Architecture, be appointed the Fifteenth Francis J. Plym Fellow in Architecture, and that Mr. Edwin A. Horner, of the class of 1922, be awarded the Fifth Plym Foreign Scholarship in Architectural Engineering.

On motion of Mrs. Ickes, these recommendations were adopted.

LEAVE OF ABSENCE FOR DEAN K. C. BABCOCK

(22) I recommend that the leave of absence on account of illness granted to Dean Babcock at the meeting of the Board, November 17, 1927 (see page 488), and extended on February 14, 1928 (page 542), be extended further from April 17, 1928, to September 1, 1928, on half salary.

On motion of Mr. Trees, this recommendation was adopted.

LEAVES OF ABSENCE OF PROFESSORS STANLEY WHITE AND E. W. LEHMANN

(23) At the last meeting of the Board, I presented the requests of Professor Stanley White and Professor E. W. Lehmann, of the College of Agriculture, for sabbatical leaves of absence next year under the rules. In the absence of certain specific information, you referred both cases to me to act when satisfied that the plans of the two men concerned were outlined in detail in accordance with University regulations. After conferences with Dean Mumford, I was satisfied that this was done, and therefore granted the leaves of absence in accordance with the authority given.

This report was received for record.

LEAVE OF ABSENCE FOR MISS JOSIE HOUCHENS

(24) On recommendation of Director P. L. Windsor, I recommend that Miss Josie Houchens, Binding Librarian, be granted leave of absence for one month, without pay, in addition to her month's vacation with pay, in order to enable her to accept a temporary position in Columbia University Library for two months this summer.

On motion of Mrs. Evans, this leave was granted.

LEAVE OF ABSENCE FOR PROFESSOR PHILBRICK

(25) On recommendation of Dean Harno, I recommend that Professor Francis S. Philbrick of the College of Law be given leave of absence without

salary during the year 1928-20 to enable him to accept a visiting professorship at the University of Pennsylvania during that year.

On motion of Mr. Barr, this leave was granted.

RESIGNATION OF PROFESSOR LAMPRECHT

(26) Dr. Sterling P. Lamprecht, Associate Professor of Philosophy, submits his resignation, to take effect August 31, 1928.

I recommend that the resignation be accepted.

On motion of Mr. Trees, this resignation was accepted.

STATUS OF DR. R. H. JAFFE OF THE COLLEGE OF MEDICINE

(27) Dean Davis recommends that Dr. R. H. Jaffe, Associate Professor of Pathology and Bacteriology, who has been appointed Director of the new Cook County Hospital Pathological Laboratories, be permitted to continue his position on our staff until July 1.

I concur in this recommendation.

On motion of Dr. Noble, this recommendation was adopted.

REQUESTS OF CERTAIN MEMBERS OF THE STAFF OF RETIRING AGE TO BE CONTINUED IN THEIR POSITIONS

(28) The following members of the staff, who have reached the retiring age, request that they be permitted to continue for another year, beginning September 1, 1928:

D. C. Sprinkle, night man in floriculture; will be 68 years of age June 25, 1928.

J. D. Smith, laborer in the Department of Agronomy; was 60 years old.

April 14, 1928.
W. A. McIntire, records clerk in the Department of Agronomy; will be 76 years old in September, 1928. (He has been permitted to continue from year to year since 1926.)

Dean Mumford and the Departments concerned recommend that their requests be granted. I concur in the recommendation.

On motion of Mr. Trees, this recommendation was approved.

RESEARCH IN MATHEMATICS

(29) Dean Daniels recommends, on request of Professor Townsend, that I ask the Board of Trustees for authority to readjust the appointments of Dr. Coble and Dr. Miller for next year, so that they may be employed on part time for the purpose of enabling them to take part in certain research projects in mathematics contemplated by the National Research Council at the request of the Council. The portion of the salary of these two members of the staff paid by the National Research Council would leave a corresponding amount to enable us to get additional help, if they undertake this work. The proposal seems to me commendable, and I ask such authority.

On motion of Dr. Noble, this authority was granted.

FORM OF DEED FOR CONVEYANCE OF PROPERTY

(30) Some question was raised at the last meeting concerning the kind of deed—whether a warranty deed, limited warranty deed, or quitclaim deed—should be given by the Board in transferring property. I submitted the matter to the Legal Counsel, who states:

I am of the opinion that the ordinary warranty deed should be executed. I think the Board will have to reconcile itself to the fact that in cases where it sells real property, it will be expected to convey by the usual form of warranty deed, because purchasers are not inclined to accept anything less. The interests of the Board of Trustees of the University can and should be protected adequately by an examination of the abstract of title. If the examination discloses that the title in the University is free from flaws affecting its merchantability, the University would be perfectly safe in executing a warranty deed."

This report was received for record.

AMENDMENT OF ERROR IN THE CONSTITUTION OF THE DEMONSTRATOR'S ASSOCIATION WHICH WAS ACCEPTED BY THE BOARD

(31) A letter from Assistant-to-the-Dean A. R. Cooper, of the College of Medicine, informs me that an error occurs in the constitution of the Demonstrator's Association submitted for your approval and accepted by you. Article VI, Section 2, as submitted reads as follows:

"The regular accounts of the Association, namely salaries, rent, and bills for stationery, for supplies, and express expenses necessarily incurred in the conduct of the Association's business may be paid on presentation by the Executive Officer, up to a maximum total of \$200.00."

That sentence should be as follows, making two sentences. "The regular accounts of the Association, namely salaries, rent, and bills for stationery, for supplies, and express expenses necessarily incurred in the conduct of the Association's business may be paid on presentation by the Executive Officer. Other unforeseen petty cash expenditures may be so paid, up to a maximum total of \$200.00."

I recommend the acceptance by the Board of this amendment to the constitution.

On motion of Dr. Noble, this amendment was accepted.

AGREEMENT WITH LESLIE IRVIN FOR OPERATION OF CARTER-PENNELL FARM

(32) I submit a proposed agreement with Mr. Leslie Irvin for the operation of one of the Carter-Pennell farms for one year beginning March 1, 1928, and recommend that it be approved and that it be executed by the President and Secretary of the Board, as of March 1, 1928.

On motion of Mrs. Evans, this recommendation was approved.

REPORT OF COMMITTEE ON CARTER-PENNELL FARMS

(33) A meeting of this Committee, consisting of Deans Mumford and Ketchum and Professor Ruth Wardall of the Department of Home Economics and the President of the University, was held in the President's Office on May 9. Dean Mumford, Director of the Agricultural Experiment Station, presented the following annual report and operative statement. The Committee examined this report, and approved it for transmission to the Board of Trustees. I herewith submit it and recommend that it be referred to the Committee on Agriculture for examination and recommendation.

THE FIFTH ANNUAL REPORT OF THE CARTER-PENNELL FARMS March 1, 1927, to February 29, 1928

The Carter-Pennell farms were operated at a slight loss to the University for the year ending February 29, 1928. This was due to extremely unfavorable weather conditions. It is probable that no locality in the central part of the state faced as unfavorable farming conditions as were experienced in that vicinity. As an indication of the cropping conditions it may be well to state that some of the oats were pastured as they were not worth cutting, and that it was impossible to finish planting corn until practically July I. No corn was planted until after the first of June, which was a month late. That locality had a heavy storm at the time it was possible for farmers both north and south of that area to plant most of their corn which delayed planting from two to three weeks in that immediate area compared with some other communities in this part of the state.

The north farm showed a net loss of \$631.38, while the south farm showed a profit of \$519.44 after allowing for all current expenses and a pro-rated share of the cost of permanent improvements. This is in comparison with a net income to the University of \$2,202.81 for the previous year from both farms. Even though the price of grain crops is better this year than for last year farm records which the Department of Farm Organization and Management is receiving from all over the state indicate that farm earnings for 1927 are below those for 1926. With the improvements that have been made in the soil through the growing of legumes, the earnings should improve with favorable growing seasons over the average annual earnings to date.

The south farm showed a total income of \$1,557.94 after allowing for all expenses both for the operator and the University of Illinois, or, expressed in another way, a return of \$837.94 on the investment after allowing the operator \$720 as a labor wage. This is a fair showing compared with that of farms on which records are being kept in cooperation with the Uni-

versity under similar climatic conditions.

The north farm which was operated on a livestock basis shows a loss of \$1,714.34 for the farm as a whole, including the shares of both the operator and the University of Illinois. The tenant lost interest in his farming operations with the unfavorable crop conditions. Although every effort was made to hold him to the responsibility of taking care of the farm, he did not secure as good results as he should have done even under the adverse conditions. As stated in last year's report, the operator was not good in handling livestock. A change in operators was arranged for and undivided livestock was offered for sale at public auction. Because of unfavorable agricultural conditions locally the sale was held as a cash sale, and as a result prices were lower than they would have been on a more favorable year. Stock retained on the farm (see Schedule B) was valued on a conservative basis approximating the sale values.

Forseeing the unfavorable conditions early in the season, effort was made to keep the operating expenses at a low level. Perhaps one item should be called to attention. There is an item of \$155 for pulling hedge and willows. For some years before the University took over the farms willows had been allowed to grow in an open ditch on the north farm. This was having a detrimental effect upon the drainage of land farther up the water course. It was known that some of the neighbors were considering bringing some pressure to bear to get the University to clear the water course. It was felt that it would promote good feeling in the community if this were done immediately, which of course added that much expense to the operation of

the farms for the past year.

Plans made for the operation of the farms for the coming year include bringing on a new operator. Mr. Irvin, who has operated the south farm in a very satisfactory way, has moved to the north farm and will operate it under a livestock basis. Mr. Irvin's record shows that he is a high class farmer. It is believed that the farm should prove more profitable in the hands of a better operator. In making this shift in operators Mr. Irvin's brother moves to the south farm and it may be said that his reputation as a farmer is very good. It seems fortunate to secure these two men on the University farms. In fact, their reputation as farmers is an indication that the University's attempt to put the farms on a more productive basis is being recognized locally, making it possible to interest more capable operators.

For the coming year no major improvements are contemplated on either farm, even though they are needed. Every effort is being made to hold down expenditures until a larger income may be secured. It is probable that should conditions permit some limestone should be applied to the land during the

coming year.

The attached schedules except Schedule G have been supplied by the Comptroller of the University. They show in detail the accounts of both Carter-Pennell farms extending over the five year period that the farms have been under the control of the University of Illinois. Attention is called to the fact that the Supreme Court recently rendered a decision holding that the University must pay taxes on these farms. Under this decision taxes for the past three years will be payable, aggregating about \$2,000. It will be noted that in Schedule A a reserve has been set up for this amount until it can be definitely determined whether or not it will have to be paid.

HIGHWAY ALONG CARTER-PENNELL FARMS

(34) At the last meeting of the Board, action was taken directing the President to inform the proper authorities of Vermilion County that the Board of Trustees would transfer by proper deed the strips of land from the Carter-Pennell farms necessary to build an 80-foot roadway to be constructed by the State Highway Commission. The Board laid down the condition that the changes must be made entirely without expense to the University. Inaspurch as it was not close from the statement of the atterney Hopershla much as it was not clear from the statement of the attorney, Honorable E. O. Furrow, that the Highway Commission or the County, either of them, would perform the work themselves instead of simply putting up money for the University to meet the expense, I asked Dean Mumford to go over, look over the situation, and advise me on the matter. He reports that he went to Danville, saw Mr. Arthur R. Hall, examined the Carter farms at Rankin, and checked up on the road and fence matter. He reports that he can say definitely that if the University can be reimbursed at the rate of 75c per rod for all road fences to be moved that are now hedge fences, and 50c per rod for all other road fences, we shall be able to meet the expense from the money that is received. Therefore, I recommend that the deed be signed on the terms laid down by the State's Attorney.

On motion of Mr. Barr, this recommendation was adopted.

LEGISLATIVE MATTERS

(37) The President of the University reported that he had had two bills introduced in the Legislature now in special session—one to transfer the control and management of the Research and Educational Hospital to the Board of Trustees of the University, and the other to amend the revenue act to make clear the intention of the Legislature to exempt property given in trust for school purposes to the University, the latter being made necessary by the decision of the Supreme Court on the taxation of the Carter-Pennell Farms.

A suggestion to consult the Governor and to ask him to transfer the Hospital had received informal approval of a majority of the individual members of the Board at the time of the regular session of the Legislature in 1927. The President stated that the Governor suggested that this transfer might be made during the special session and that both bills had been submitted to the Legislative Reference Bureau for scrutiny.

OUTBREAK OF TUBERCULOSIS IN DAIRY HERD

(38) The Director of the Experiment Station, Dean H. W. Mumford, reports that the experimental herd of cattle known as the Bowlker Experiment Herd showed, in a recent tuberculin test, 27 out of 65 animals reacting to the test. Following the law, those animals showing this reaction were shipped to Chicago and were slaughtered under federal supervision in the second week of the month.

On recommendation of Doctors Ruehe and Graham, the Director of the Station recommends that because of the number of reactors in the herd the entire herd be shipped to Chicago and slaughtered under federal supervision.

This is the second time in the past few years in which we have had such a situation develop. A statement sent me by Dean Mumford and prepared, I understand, by Professor H. A. Ruehe, gives an account of this Bowlker herd. From this account it would seem that the cattle have been watched carefully and tested frequently.

I recommend that the entire herd be shipped to Chicago and slaughtered under federal supervision and further recommend that the receipts from this herd be placed in a revolving fund to be used for the purchase of experimental dairy cattle, in accordance with the recommendation of the

Dean and Director.

On motion of Mr. Trees, this recommendation was adopted.

ICE SKATING RINK

(39) The following proposal is submitted by Mr. George Huff, for the Athletic Association:

May 21, 1928

President David Kinley, 355 Administration, West DEAR PRESIDENT KINLEY:

Subject to your approval, the Athletic Association of the University of Illinois begs leave to make the following proposal to the Trustees of the University of Illinois, concerning the erection and operation of an artificial

The Board of Trustees at its April meeting gave permission to the Athletic Association to use the ground now occupied by tennis courts located on the northwest corner of Fifth Street and Armory Avenue. In order to have a sufficient amount of ground for the erection of this building it has been necessary for the Athletic Association to purchase the two lots immediately north on Fifth Street. Contracts have been entered into for the purchase of this property.

The Athletic Association proposes to have these lots deeded directly to the University, and to pay all the expenses of every kind connected with this project, including the erection of the buildings and the purchase and installation of the freezing plant, and to donate the completed project to the Uni-

versity.

The Athletic Association further proposes that the building of this structure be in the hands of the Association, the design subject to the approval of the Supervising Architect and the President of the University.

After this building is complete, the Athletic Association agrees to donate to the University, as they become due, all the expenses of operation and maintenance, but it is understood that the University will have complete control of the building, as of any other University building.

According to the information now at hand, it would seem that this building would be useable for an ice skating rink only about five months in

the year, and would therefore be available during September and October, and April and May for other purposes. It is the desire of the Athletic Association to make this building as useable as possible to the University and to the citizens of the State, so it is suggested that regulations for the use of this building for outside interests might be more liberal than is possible of other University buildings which are built by money from the State Treasury. A few uses which suggest themselves would be as a large banquet hall and for conventions of various kinds.

Yours very truly, GEORGE HUFF Director

I recommend acceptance of this proposal, the design to be subject to approval by the Board of Trustees.

On motion of Mrs. Grigsby, this recommendation was adopted.

COOPERATIVE INVESTIGATION OF WATER TREATMENT FOR ICE MAKING

(40) On recommendation of the Dean of the College of Engineering, and the Director of the Engineering Experiment Station, I have authorized the execution of an agreement with the Utilities Research Commission for a cooperative investigation of water treatment for ice making. This agreement is of the same form and character as similar agreements hitherto approved by the Board.

This request was granted, and the following representatives were introduced: Dr. Paul H. Douglas, Dr. Alice Hamilton, Mrs. Herman B. Butler, and Mr. Herbert J. Friedman. All these representatives addressed the Board and requested that the work in military training be made optional, and retired.

The President of the University stated that he had requests from the following organizations to be heard by the Board, in support of the present policy with respect to the Reserve Officers' Training Corps.

American Legion Auxiliary, Department of Illinois Mrs. E. D. Ennis, *President* Greenview, Illinois

Daughters of the American Revolution

Mrs. VINTON E. SISSON, State Chairman National Defense Committee 5456 Ferdinand Street Chicago, Illinois

Mrs. Flo Jamison Miller, Chairman Defense Committee Monticello. Illinois

On motion of Mr. Trees, the request of these organizations was granted, and the President of the University was requested to arrange a time for the hearing.

RESOLUTION ON THE R.O.T.C. UNANIMOUSLY ADOPTED BY THE ADVISORY COMMITTEE OF COUNTY CHAIRMEN OF THE "DADS ASSOCIATION"

(43) The following resolution, adopted by the Advisory Committee of County Chairmen of the "Dads Association" on May 10, 1928, concerning the R.O.T.C

Whereas the R.O.T.C. of our University is the largest and best unit of its kind in the world today and is a source of inspiration and pride to the patriotic people of the State of Illinois; and

Whereas the fundamental obligation of a citizen is an ability and a willingness to defend our country when attacked from within or without; and

Whereas a few well meaning citizens have been persuaded by various and subtle subterfuges to join with slackers, communists, and bolsheviks in planting discord among the faculty and students of our University; and Whereas the law of the State of Illinois requires military instruction at

this University, to the end that our students may attain a thorough knowledge

of military tactics and military engineering; and

Whereas the methods employed by pacifists in attempting to cause a break down of the military training now required by law, are disloyal and insulting to the people of this great state and especially to the parents of the students of our University.

Therefore, Be It Resolved that the Dads Association of the University of Illinois formally gives expression to its entire sympathy with and approval of the program of the Trustees of this University concerning military train-

ing; and

Be It Further Resolved, that the methods of pacifists in their efforts to cause a break down of the R.O.T.C. at this University be, and are wholly condemned as demoralizing, unpatriotic and unwarranted; and

Be It Further Resolved, that copies of this resolution be sent to President Kinley and the Board of Trustees of the University of Illinois.

On motion of Mr. Trees, this resolution was received for record.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

June 29, 1928

The Board of Trustees of the University of Illinois met at the University, at Urbana, at 9 o'clock a. m. on Friday, June 29, 1928.

When the Board convened, the following members were present: President Armstrong, Mr. Barr, Mrs. Busey, Mrs. Grigsby, Dr. Noble, Mr. Trees.

President Kinley was present.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of June 12, 1928. On motion of Dr. Noble, the minutes were approved as printed on pages 627 to 663 above.

COMMITTEE ON LANDSCAPING THE CAMPUS

Mr. Barr presented the following report:

A meeting of the Committee on Landscaping the Campus was held at the Union League Club, Chicago, 12:30 p. m., May 29, 1928. There were present Mrs. Anna W. Ickes, chairman, Mrs. Helen Grigsby, and Mr. George

A. Barr. Mr. Merle J. Trees, member of the Board, President Kinley, and Professor J. M. White, Supervising Architect, were also present.

It was moved by Mr. Barr that the Committee recommend to the Board to accept the proposal of Mr. Vitale made in his letter of March 19, 1928, and addressed to Mr. Charles A. Platt, as outlined in paragraphs numbered I and 2 of that letter. These paragraphs are as follows:

1. For a preliminary visit to the University grounds before beginning our studies our charges will be \$100.00 per day while on the grounds and

\$50.00 per day traveling time.

2. For the preparation of a general plan and report embodying the organization of the ground, the location of buildings and a block indication of planting and other landscape improvements, we shall charge a lump sum of \$3,500.00.

We shall present at first a preliminary plan for the purposes of discussion and make thereafter all changes and modifications brought out by criticism during such discussion, and prepare finally the ultimate general plan.

Payments will be made as follows: \$2,500 upon presentation of the preliminary plan and \$1,000 on presentation of final plan and report. The above charges do not include time spent by Mr. Vitale or Mr. Geiffert on the grounds of the University, if, and when, necessary. For such time our charge will be \$100.00 per day spent on the grounds and \$50.00 while traveling.

The motion was passed. The Committee adjourned.

Anna W. Ickes GEORGE A. BARR HELEN M. GRIGSBY

On motion of Mr. Barr, this report was adopted.

REPORT OF JOINT FINANCE COMMITTEE AND STUDENT WELFARE COMMITTEE ON MCKINLEY HOSPITAL

Mr. Trees presented the following report:

A joint meeting of these two committees was called to be held in Chicago on Tuesday, June 26, for the consideration of matters relating to the McKinley Hospital. Only Mr. Merle J. Trees, of the Finance Committee, and Mrs. Helen M. Grigsby, of the Student Welfare Committee, were present. However, other members of the Board present were Mr. George A. Barr, Mrs. Anna W. Ickes, and Dr. W. L. Noble. President Kinley was also present.

Matters relating to the Hospital, financial and other, were discussed and certain recommendations drawn up which have since been submitted to such other members of the two committees as could be reached, and are presented herewith as the report of the members of the joint committee who

have been able to consider the matter.

(1) According to the report of the Comptroller, for the year ending June 30, 1928, the operating loss of the McKinley Hospital was \$5,913.14, not including the Comptroller's estimate of approximately \$5,000, for heat, light, power, and water, and depreciation of equipment. The cost of the heat, light, power, and water was about \$2,000. This means that the aggregate deficit was approximately \$10,000.

The deficit of last year was met by an assignment by the Trustee of the Student Hospital Association Fund, made by him in accordance with the regulations and accepted by the Board. It is proposed that the same thing be done this year. Your Committee sees no other way of meeting the situation, and recommends that when the offer of money to cover this deficit

is made, it be accepted.

- (2) Your Board furnished without charge heat, light, power, and water, as indicated above, for the year just closed. Your Committee sees no other way of meeting the expense of these items, and recommends that heat, light, power, and water be furnished without charge for the Hospital during the academic year 1928-29. Your Committee would point out, however, the danger of an increase in this item from year to year. The amount should be included, of course, in the maintenance budget of the Supervising Architect
- (3) On October 23, 1925, the Board appropriated the sum of \$15,000 towards the completion of the McKinley Hospital, with the understanding that the income on the \$25,000 of the Booth St. Louis Cold Storage Bonds (part of the original gift) be used to liquidate this loan, with interest at 2 per cent. This procedure was followed in the year 1925-26, and the loan was reduced to \$14,450. In 1926-27, the income from the bonds was appropriated toward the deficit in the operation of the Hospital for that year (See Minutes of June 10, 1927). The income from the bonds for the current year, \$1,500, is now in the hands of the Treasurer, according to a statement of the Comptroller, made to the President of the University. Your Committee is of the opinion that as long as the Hospital expenses can be met without using the income from these bonds, this should be done. Your Committee is of the opinion that the Board should add the income from year to year of the Booth St. Louis Cold Storage Bonds to the capital, as long as the funds of the Hospital Association are sufficient to meet the deficits of the Hospital. Your Committee so recommends.

MERLE J. TREES HELEN M. GRIGSBY

On motion of Dr. Noble, this report was adopted.

JOINT COMMITTEE MEETING, JUNE 26, 1928

Mr. Barr presented the following report:

A meeting of the committees on Buildings and Grounds, Finance, and Student Welfare was held at the Blackstone Hotel, in Chicago, at 12:30 p. m. on Tuesday, June 26, 1928. All the members of the committee on Buildings and Grounds were present, namely: Mr. Barr, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, and Mr. Trees. The Finance Committee was represented by Mr. Trees and by Mr. Barr acting for Mrs. Busey, and the Committee on Student Welfare by Mrs. Grigsby.

President Kinley was present.

The Committee on Buildings and Grounds considered the following matters:

LOCATION FOR MEN'S DORMITORIES

On motion of Dr. Noble, it was recommended that the suggestion of Professor White that the north and south borders of the new parade ground, between First and Fourth Streets, in Champaign, be taken as sites for proposed dormitories (Minutes, February 14, 1928, page 541) be received by the Board for record and for future reference.

FIRE PROTECTION

President Kinley presented a recommendation from Professor White calling for extensions of mains and equipment costing \$9,700, as follows:

(3)	Changes in type of extinguishers in certain places; a few additional extinguishers; and the installation of	
	fire doors as recommended	1 000
(4)	Additional 6" water mains, including the necessary valves and hydrants	5 000
		\$0.700

This provides for a 6" line on Fourth Street from Pennsylvania Avenue to tie in with the east and west line south of the golf course. That line is supplied now from a 6" line running just west of the Stock Pavilion and straight across the cemetery and on down to the Agronomy group.

On motion of Mr. Trees, the Committee recommended adoption of this

recommendation.

The Committee adjourned.

H. E. CUNNINGHAM

Clerk

On motion of Mr. Barr, the recommendations of the committee concerning the location of dormitories and fire protection were adopted.

ALUMNI NEWS

Mr. Barr presented the following report:

In view of the fact that the policy of the frequency of issue of the Alumni News requires some additional investigation by the Alumni Association, the Committee on Alumni recommends that no action be taken at present on the Association's request for an appropriation to enable the News to become a weekly publication.

George A. Barr MARY E. BUSEY

FINANCING OF FRATERNITY HOUSES

Mrs. Grigsby reported that the Committee on Student Welfare had considered the matter of financing fraternity and sorority houses, and had found no reason for making a recommendation on the matter.

MATTERS PRESENTED BY PRESIDENT KINLEY

The Board considered the following matters presented by the President of the University.

THE BUDGET FOR 1928-1929

(1) I submit the budget for the fiscal year beginning July 1, 1928, and the academic year beginning September 1, 1928, with the request that it be approved and that the President of the University be authorized to make such changes and adjustments as may be necessary, to make such additional appointments as are necessary, and to accept resignations which may be offered.

Explanatory Notes

Departmental appropriations are made under the captions "Salaries" and "Expense and Equipment." Unless otherwise indicated, no transfers may be made between these appropriation captions except with the approval of the President of the University.

Appropriations for Salaries are available for the term indicated in each case but not for more than one year from September 1. All balances lapse at the end of the term indicated or at August 31.

Funds appropriated for positions in the salary budget which are not yet filled may, pending regular appointments, be drawn against for services of employees temporarily engaged to do the work contemplated by the position and for no other purpose. When appointments are made at salary rates less than the amounts provided in the budget, the unused funds will not be available for use except with the approval of the President.

ana for no other purpose. When appointments are made at salary rates less than the amounts provided in the budget, the unused funds will not be available for use except with the approval of the President.

Appropriations for Expense and Equipment are available for one year beginning July 1 and ending June 30. These appropriations are based on an estimated distribution of expenditures according to the various budget classifications of "Wages, Office Expense, etc." Expenditures must be made in approximate accord with that distribution, material departure from which must be approved in advance by the Dean of the College concerned, the Director of the general department concerned, or the corresponding general officer, and in all cases by the Comptroller. All unencumbered balances in these appropriations lapse June 30.

During the presentation of the budget, Mrs. Ickes took her place with the Board.

On motion of Mr. Trees, the salary budget was adopted as recommended, and the President of the University was authorized to make necessary changes and adjustments, to make such additional appointments as may be necessary, and to accept resignations. The vote was as follows: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mrs. Evans, Mr. Small, Mr. Ward.

EXPENSE AND EQUIPMENT BUDGET

(2) The Expense and Equipment budget for the year beginning July 1, 1928.

On motion of Dr. Noble, this budget was approved, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Grigsby, Mrs. Ickes, Dr. Noble, Mr. Trees; no, none; absent, Mr. Blair, Mrs. Evans, Mr. Small, Mr. Ward.

SPECIAL NON-RECURRING APPROPRIATIONS

(3) I recommend that appropriations be made for special purposes as listed

These appropriations are over and above the budget appropriations for normal operation and equipment and are for special non-recurring needs of the year or for securing necessary important but costly equipment which should not be included in the normal operating budget.

Appropriations for these special purposes are made in total for the benefit of all departments of the College indicated unless otherwise specified and may be expended only on order of the Dean of the College, and, for expenditures exceeding \$500, the approval of the President. All such requisitions, however, should be sent to the Comptroller. All requisitions must show total expense of installation and necessary physical alterations and the purchase must not add to the net annual operating expense of the department or college without provision having been previously made therefor.

No expenditures may be made from the appropriations to the various Colleges other than the Graduate School for research of individual members of the staff or for graduate instruction except for work in the experiment stations or bureaus of research. No expenditures may be made from the appropriation to the Graduate School for equipment other than for purposes of the research of individual members of the staff or for graduate instruction, not including, however, equipment for the work of the experiment stations and bureaus of research.

INSURANCE SETTLEMENT ON KAPPA KAPPA GAMMA HOUSE

(6) The Comptroller reports that he has received from the insurance companies a settlement of the fire loss on the Kappa Kappa Gamma House in the amount of \$8,166.59, which has been credited to the Account for Repairs and Remodeling, in accordance with the action of the Executive Committee on June 12.

This report was received for record.

CONTRACT FOR DAVENPORT AND KAPPA KAPPA GAMMA HOUSES

(7) Pursuant to the action of the Board of Trustees on June 12, providing for the repair of the Kappa Kappa Gamma House and the building of a connection with the Davenport House, and on recommendation of the Supervising Architect, I authorized the execution of a contract with King & Petry for this work for the sum of \$16,120.

On motion of Dr. Noble, the action of the President of the University was approved.

ADDITIONS TO GARAGES

(8) To carry out the plan authorized by the Board at the meeting on March 13 (Minutes, pages 565 ff.) for the central management and care of University automobiles, the Supervising Architect secured the following bids on additions to our garages:

ADDITION TO NORTH GARAGE
Bidders Bids
Applegate, G. A\$ 4 700
King & Petry 4 620
Sowers & Corkery 4 296
SOUTH CAMPUS GARAGE
Bidders Bids
Applegate, G. A\$ 5 973
King & Petry 5 940
Sowers & Corkery 5 619
Inasmuch as this did not involve a State building appropriation and
since it was not a new project, I authorized the execution of contracts with
Sowers & Corkery, the low bidders in each case.

On motion of Dr. Noble, the action of the President of the University was approved.

BIDS ON CONTRACT FOR CRANE FOR MATERIALS TESTING LABORATORY

(9) The Supervising Architect reports bids received for providing	a ter	ı ton
crane for the Materials Testing Laboratory, as follows:		
Bidders	Bids	
H. D. Conkey & Company, Mendota, Ill\$	4 775	00
Milwaukee Electric Crane & Mfg. Co., Milwaukee		
The Cleveland Crane & Engineering Co., Wickliffe, Ohio		
(Chicago Office, 80 E. Jackson Blvd.)	4 945	5 00¹
Manning, Maxwell & Moore, Inc., Chicago, Ill	5 016	00°
Whiting Corporation, Harvey, Ill. (Chicago Office, 1502 Rail-		
way Exchange Bldg.)	5 10	5 00

Professor White recommends, on the advice of Dean Ketchum, that a contract be awarded to the Cleveland Crane and Engineering Company, on their bid of \$4,945, although that bid is not the lowest. Dean Ketchum writes that the low bid was rejected because it was evidently based on a light crane, as shown by the schedule of bids above. The Cleveland crane is recommended because it is built of welded structural steel throughout and is equipped with Hyatt roller bearings throughout in place of bronze bearings. He is of the opinion that these advantages outweigh the difference in cost, the difference being, as the schedule shows, \$25.

On motion of Dr. Noble, the contract was awarded to the Cleveland Crane and Engineering Company as recommended.

PURCHASE OF NOYES PROPERTY

(10) The Comptroller reports that in accordance with the action of the Board on June 12, he has concluded the purchase of the Noyes property, known as Lot 26 in Forestry Heights Addition to the City of Urbana, for \$22,000, with the understanding that Professor Noyes may retain possession to a date not later than November 1, 1928. In consideration of settlement at this time, he has assumed the taxes for 1928, payable next spring, and has also taken out fire insurance aggregating \$15,000 in favor of the Board of Trustees.

This report was received for record.

GIFT OF ATHLETIC ASSOCIATION PROPERTIES

(11) The Comptroller reports that pursuant to the action of the Board of Trustees on May 23 (Minutes, pages 614-615), the Athletic Association has delivered to him warranty deeds, together with abstracts of title, and insurance policies, as indicated in each case, conveying to the Board of Trustees the following properties:

D. Alice Taylor Property. Part of the SE1/4 NW1/4 Sec. 18 Twp. 19 N.R. 9 E. 3rd P.M., having a frontage of 55 feet. Purchase price \$18,600. Fire insurance \$4,000.

O. I. Dueringer Property. Commencing at a point on the W line of 5th St. 165 ft. N of S line of SE¹/₄ NW¹/₄ Sec. 18 Twp. 19 N.R. 9 E. 3rd P.M. thence North 55 ft., thence West 170 ft., thence South 55 ft., thence East 170 ft. to the place of beginning, situated in the City of Champaign, having a frontage of 55 feet. Purchase price \$18,600. Fire insurance \$3,500; wind storm insurance \$3,500

This report was received for record.

¹This crane is structural steel, welded throughout, instead of cast iron. Also has Hyatt roller bearings instead of bronze bearings.

²Original bid is \$5,216, with freight allowed to Urbana, and the services of an erector for five days, which would make a deduction of approximately \$200 to place their bid on the same basis as the other bids.

OPINION OF ATTORNEY GENERAL ON VALIDITY OF INSURANCE COMPENSATION

(12) In accordance with the direction of the Board (April 12, 1928, p. 576) I report as follows on the question whether the action of the Board of Trustees in taking out liability insurance against automobile accidents involving its employees and property is within its power (March 13, 1928, p. 567).

Last March, Judge Johnson expressed the opinion, which I transmitted to you, that the Board had power to protect its employees and property by taking out automobile accident insurance. I submitted the matter to him again, and on May 16 he reiterated his view that it was within the power of the Board to purchase group insurance for the protection of members of the staff who were required to operate motor vehicles. I requested him to secure the opinion of the Attorney General also. He took the matter up with that officer and presented his point of view, with the result that the Attorney General has expressed an opinion in the affirmative. The following correspondence would seem to close the matter:

June 20, 1928.

President David Kinley, 355 Administration Building
My DEAR PRESIDENT KINLEY:

I hand you herewith the opinion of the Attorney General, their file number 1524, received by me this afternoon, upholding the validity of the liability insurance compensation scheme heretofore submitted to the Board of Trustees.

It would seem that with the receipt of this opinion, and the action heretofore taken by the Board, this business is closed. My impression is that the Board has already approved and adopted the plan.

Sincerely yours,
Sveinbjorn Johnson
Legal Counsel

File No. 1524. INSURANCE:

Liability, Employees— University of Illinois

Hon. Sveinbjorn Johnson, Legal Counsel, University of Illinois, Urbana, Ill. Dear Sir:

I have received your letter of the 16th ultimo, which is as follows:

"Will you kindly let me have, at your convenience, an opinion upon the following proposition of law.

"The Board of Trustees has found it necessary, in the proper discharge of its duties in managing and operating the University of Illinois, to acquire a large number of motor vehicles. Most of these are driven upon the highways of the State, and the drivers are necessarily exposed to the hazards of the sort of civil proceedings which may follow upon a collision, and consequent personal injury and property damages. With the increasing number of vehicles not only operated by the University, but among the people, this hazard has become noticeably great until it constitutes a serious problem from the standpoint of the Board, and of efficient operation of the University. Capable and responsible individuals demur, and in some instances decline to operate motor vehicles upon the public highways, because of the very real hazard to which I have referred. As a result, and after prolonged consideration of the subject, the Board has decided to purchase group insurance pol-

icies protecting those of its employees who operate motor vehicles as a part of their duties against personal liability arising out of collisions on the highways, provided the Board has the power to adopt this policy. I think the question may be submitted with a fair degree of accuracy as follows:

"Does the Board of Trustees have the power, under the charter, by by-laws, or regulation in any form, to expend any portion of the public funds under its control, to pay premiums on a group insurance policy for the protection of members of the faculty and staff against liability to third parties, due to collisions, or other cause arising out of the operation of motor vehicles, when these persons are required, as a part of their duties, to operate such vehicles, and to add the cost of such premium as a part of the salaries

of or compensation to such employees?
"Upon close analysis of the problem, the question will possibly seem to you to narrow itself down to an inquiry whether the purchase of such insurance can be considered a University purpose, and, therefore, a legitimate or authorized expenditure of public funds."

I have also received your letter of the 8th instant, which supplements

your other letter, and is as follows:

"With further reference to the request for an opinion from your office made by this office on May 16, 1928, it has seemed advisable to outline in somewhat more detail the reasons which actuated the Board in adopting a plan of liability insurance, and the theory on which such plan will be constructed, if deemed within the power of the Board. If you would be kind enough to give this matter your consideration and advise me of your views on the law, it would be a distinct public service, and at the same time a very material help to the Board of Trustees.

"The Board of Trustees in adopting a plan of liability insurance do so,

in part, for the following reasons and upon the following theory.

"The necessary use of motor vehicles by the University, as a part of its equipment as an educational agency, is steadily increasing; the use of motor vehicles by the public is growing apace; consequently, the possibilities of accidents, resulting in damage to persons and property, multiply. As a result the Board is informed and advised that members of the faculty and employees of the University, whose duties require an occasional incidental operation of a motor vehicle, in some instances, refuse and in others are reluctant to operate such vehicles because of the hazards connected with the work. Members of the staff are conscious of the ever present possibility that as a result of a collision they may become involved in expensive litigation, no matter how carefully they operate the vehicles; this hazard they do not care to incur without protection through insurance. Consequently the Board has reached the conclusion that if it has the power to provide such protection, the expenditure of public money for the premium has a substantial relation to the operation of the University, and tends directly to

promote stability and efficiency and to improve the quality of the service.

"The theory on which the plan will be executed is briefly as follows. In the instances where a member of the staff operates a motor vehicle merely as an incident to his employment and upon occasion, as well as when he is employed primarily for the purpose of driving a motor vehicle, the premium upon the policy, pro rata, will be charged against his salary account by the Business Office, and will be retained by the Office in order to discharge the premium and insure that the protection will, at all times, be maintained in force. The amount charged against each individual will be pro rated in accordance with the extent to which such individual is exposed to the hazard due to the operation of a motor vehicle. That is to say, if A operates a vehicle only two or three times during the year, the charge against his salary account will be quite nominal; whereas, if B operates a vehicle, say a dozen times during the year as an incident to his regular employment, or is employed as a regular chauffeur and primarily for the purpose of operating a motor vehicle, the charge against him will be larger than that against the

account of A.

"Thirdly and lastly, it will be a regular part of the contract of employment that the employee agrees to the arrangement heretofore outlined, and stipulates that a part of his salary, in accordance with the plan suggested above, may be retained by the Business Office of the University, in

order to discharge a premium for protection in case of accidents.

"To summarize: the plan rests upon a contract with each individual employee; in fixing his salary the anticipated cost of insurance protection will be taken into account, his salary fixed, in accordance with the extra hazard to which he is exposed, due to the relative frequency with which he may be called upon to drive a motor vehicle during the year, and an amount of his salary corresponding to the premium will be deducted and retained to discharge the premium, in accordance with the agreement. The whole amount thus expended for a premium on a group insurance policy will be treated as a part of the salary of the members of the staff, who incidentally operate motor vehicles, and the entire amount will be charged to the salary account

of the University.

"There are considerations of public policy which powerfully support the Board in putting into execution the foregoing plan. As you are aware, the University, being an agency of the state, is not liable for the torts of its employees; consequently a member of the public injured through the negligence of an employee of the University would be left entirely without a remedy, except possibly a resort to the Court of Claims, in those cases where the employee himself is not financially responsible. It is not conducive to the maintenance of that good will which ought to characterize the attitude of the public towards its highest educational agency when such agency, in a response to a claim for damages which the ordinary private individual would have to honor in like circumstances, merely answers by saying that it is not liable. In those cases where the damage is small the

remedy in the Court of Claims is, of course, wholly inadequate.

"If there be any other matters of fact which you would like information on before writing an opinion, I should be glad to help you if I can."

It appears to me that the situation, which you have outlined, and the plan which you have given to meet the situation are such that the very force

of necessity applies.

I am of the opinion that the fact that employees of the University will receive private benefits if the proposed insurance is procured and your plan adopted will not have the effect of making the proposed act in the premises on the part of the University illegal. The plan which you have proposed appears to me to be one which will be the least expensive of any that could be conceived of and the private benefits to the employees will be in each instance commensurate with the need and the expense for the protection.

As I understand the situation you are confronted with a loss of efficiency in the premises and it is the desire of the University to overcome it by a plan which, while procuring to the University the thing it needs, will at

the same time be the least expensive.

To make a bare requirement (without the advantage to you of the premium saving scheme in your plan) that every employee who, in the course of his employment, is compelled to operate a University owned motor vehicle, or an employee who, as an incident to his employment, may at times operate a University owned motor vehicle, shall procure liability insurance would be very expensive to the employees and such expense would be reflected in greatly increased salaries.

If I understand your plan correctly, the insurance cost to the University will be a minimum, and will give full protection for each instance in which a University owned and operated car causes damage, and the increased salaries of the employees will, in the aggregate, be small and such as to cover

only the actual need.

It appears to me that, while the employees will, of course, receive material benefits without cost to them, the University on the other hand will receive benefits from the transaction far beyond the cost thereof, and the benefits to the University will be actual and substantial.

It appears to me that you may legally adopt the plan which you have outlined and be within the law, and in passing I might state that back of the fact that you will be within the law, the University will be supported by a

strong public policy.

It further appears to me that your plan for taking care of the need through salary increase is perhaps the best conceivable plan in the premises, and you will by your said plan place the cost where it belongs in your bookkeeping and accountancy.

> Very truly yours, OSCAR E. CARLSTROM Attorney General

It would seem that no further action is necessary since your Board has already taken out the necessary insurance.

On motion of Mr. Trees, this report was received for record.

MILK PASTEURIZATION BY THE UNIVERSITY

(13) Early in March, 1928, the Department of Public Health made a demand on the University to pay a fee of ten dollars for the 1928 certificate of approval for the Milk Pasteurization Plant, under an act of the General Assembly relating to the pasteurization of milk, approved June 30, 1925. Here-tofore the University had paid the fee until the matter was brought to the attention of the Legal Counsel.

On February 14, 1928, the Legal Counsel gave an opinion that the University should not pay this fee, on the ground that the University is not in the "business" of operating a pasteurization plant; that it does so as a necessary incident to the work of the Dairy Department in the College of Agri-

culture and Agricultural Experiment Station.

On March 27, 1928, the Attorney General submitted the opinion given below supporting the opinion of the Legal Counsel. Accordingly, I instructed the Comptroller to inform the Department of Public Health that the University, not being under the Act, would not pay the fee.

On May 15, 1928, the Department of Public Health asked the Attorney General for an opinion on the legal right of the University to retail pasteur-

ized milk.

On May 23, the Attorney General suggested a conference with representatives of his office, of the Department of Health, and of the University, to determine the legal status of the matter. I requested the Legal Counsel to proceed accordingly and he and Professor H. A. Ruehe, Head of the Department of Dairy Husbandry, went to Springfield to take up the matter with the other officials.

On June 6, the Attorney General gave an opinion to the Department of Health, supplementing the opinion given to our Legal Counsel, and referred to above, to the effect that the University is not engaged in the business of operating a pasteurization plant in the sense of the Act concerning pasteurization and is within its rights in selling pasteurized milk as it does in connection

with its educational and scientific work. The opinion follows:

March 27, 1928.

File No. 1400 FOOD:

Pasteurization plant as a part of educational equipment at the University of Illinois not within the "Pasteurization of Milk Act."

Hon. Sveinbjorn Johnson, Legal Counsel, University of Illinois, Urbana, Illinois

DEAR SIR:

I have received your letter of the 22nd instant, which is as follows: "May I have the official opinion of your office upon the following reposition:

"Is the University of Illinois, by reason of the fact that it owns and uses a pasteurization plant as a part of the educational equipment in the College of Agriculture, 'engaged in the business of operating a pasteurization plant,' within the meaning of an act of the legislature of Illinois, approved June 30, 1925, appearing at page 408 of the Session Laws of that year, and beginning as section 101 of Chapter 56½ Smith-Hurd Revised Statutes of 1927, so as to be obligated to pay the inspection fee prescribed in that Act, and specifically in section 3 thereof?

"The Board of Trustees of the University authorized the purchase of this equipment many years ago; it has since been and is now used as a part of the laboratory equipment in the College of Agriculture for the instruction of students in that department."

You will observe that section 2 of the "Pasteurization of Milk Act"

provides that:

"All persons, firms or corporations doing business in the State of Illinois and now engaged in the business of operating a pasteurization plant shall,

and, in my opinion, the language there used does not include a pasteurization plant used by the University of Illinois as a part of the educational equipment in the College of Agriculture. The Department of Agriculture is conducting the pasteurization plant not as a business but as a method of teaching the ways and means for proper pasteurization of milk.

ing the ways and means for proper pasteurization of milk.

It appears to me that where the State of Illinois through its educational agency, namely, the Agricultural College of the University of Illinois, is teaching proper pasteurization, it would almost be paradoxical to require the University to procure a certificate in order to operate its plant. Moreover, as stated, as I understand the situation, the Agricultural College is not conducting the business of pasteurizing milk.

Very truly yours,
OSCAR E. CARLSTROM
Attorney General

June 6, 1928.

File No. 1509

Pasteurization plant as a part of educational equipment at the University of Illinois not within the "Pasteurization of Milk Act."

Dr. Isaac D. Rawlings, Director, Department of Public Health, Springfield, Illinois

DEAR DR. RAWLINGS:

I have received your letter of the 15th ultimo, in which you call to my attention my opinion, File No. 1400, given on the subject of "FOOD: Pasteurization plant as a part of educational equipment at the University of Illinois not within the 'Pasteurization of Milk Act'," to Hon. Sveinbjorn

Johnson, Legal Counsel, University of Illinois, Urbana, Illinois. You state in your letter that complaints have been made to you that the University of Illinois is not operating under the said act while it is retailing, on at least two retailing distribution routes, pasteurized milk to anyone who may desire to purchase it.

You further state that the persons making the complaint to you report that the University of Illinois is in the business of operating a pasteurization plant and that it should for that reason procure a license from your Depart-

ment under the "Pasteurization of Milk Act."

You further state in your letter that you wish to be understood as having no desire at all to question the University's activities and that your only motive in asking for a supplemental opinion is to procure from me in the face of the said complaints my opinion as to your duty in the premises.

In your letter you conclude with the following statement:

. . we are giving the above information to you as it has been reported to and obtained by this department and would ask on the basis of that information and any additional information that you may obtain from the University whether or not the University is now engaged in the business of operating a pasteurization plant."

By reason of the suggestion made in said quoted statement of your letter, I wrote Hon. Sveinbjorn Johnson, Legal Counsel, University of Illinois, Urbana, Illinois, and asked him to procure full information with reference to the University pasteurization plant. This was done after you had agreed with my office that a conference was advisable in order that this office might be in possession of all of the facts in the case. Mr. Johnson and Mr. Ruehe, Manager of the University pasteurization plant, accordingly came to Springfield yesterday and in our conference at your office with you and Mr. Ferguson, Chief Sanitary Engineer of your Department, it appears that we now have all of the facts in the case. In addition thereto, Mr. Ruehe left with you a typewritten statement which he had given Mr. Johnson, which covers the whole situation, apparently, very fully. After giving the whole matter further careful consideration, it appears to me that my opinion, file No. 1400, given on March 27, 1928, to Hon. Sveinbjorn Johnson, Legal Counsel, University of Illinois, Urbana, Illinois, applies with full force to the added statement of facts, written and verbal.

I might add that, while it would appear that the University is in the business of operating a pasteurization plant, we are nevertheless confronted with the fact that the University cannot legally be in business other than teaching. Anything which the University does that is the character of business, etc., is incidental to teaching and is done not as a primary administrative act, but more as a forced incidental necessity.

In passing, I might state that the University authorities could be enjoined from conducting a business for business purposes. Of course, the statements, verbal and written, which we have, disprove that presumption in this case. Aside from teaching the pasteurization of milk to students, the University would have no right to conduct a pasteurization plant.

It appeared, plainly, from the facts submitted, that the milk purchased from outsiders was needed to add to the milk produced by the University herds in order to properly bring the students quantity pasteurization pro-

duction.

By way of further exemplification, I wish to state that should we take the position that the University is conducting the business of operating a pasteurization plant, we would, in effect, place the University authorities in the embarrassing position of being in business—contrary to law.

I trust that this supplemental opinion may help you to convince the persons complaining, that you are not remiss in your duties in the premises,

Very truly yours,

OSCAR E. CARLSTROM Attorney General

On motion of Mrs. Busey, this report was received for record.

COMPENSATION FOR ACCIDENTS TO FACULTY

(14) In a letter addressed to me on May 16, concerning the power of the Board to take out group insurance against automobile accidents, reported above, Judge Johnson, Legal Counsel of the University of Illinois, expressed the opinion "that the remedy of an injured member of the public through the Court of Claims is, in many instances, quite inadequate, for reasons sufficiently stated in the accompanying opinion" (on automobile insurance). The Judge has shown in the discussion of the automobile insurance proposition, and the Attorney General's opinion admits the same principle, that if the Board of Trustees, which has power to fix salaries, determines that better service will result if an increase in compensation be applied in payment of group insurance premiums or in provision for compensation for accidents than if such increase were paid directly to the employee, there is no rule of public policy that condemns this since there is nothing in the statutes to the contrary. He remarks:

actually state increase were paid through to the comployed, there is no rule of public policy that condemns this since there is nothing in the statutes to the contrary. He remarks:

"There is no escape, it seems, from the conclusion that the Board of Trustees has a wide discretion in the government and operation of the University, under the general mandate from the Legislative Assembly, which the courts cannot control and with which they will not interfere. . . . Such discretion, when exercised in good faith and without fraud, is not subject to

iudicial review.'

Moreover, as Judge Johnson remarks in another connection, "It will be observed, from the part of the Charter quoted, supra, that the Board of Trustees is given, in general terms, the power to make by-laws for the governing and managing of the University. This grant of power clearly implies a large discretion, because, of course, the manner of operation and the nature of policy are not defined or prescribed in the charter, but are left to the discretion of the governing body."

Judge Johnson refers to a case in which the Supreme Court of New Mexico upheld the action of the Board of Education of the City of Albuquerque in placing group insurance on the lives of teachers in the public schools of the city. The Court held the expenditure justified on the ground that such action enabled the Board to procure a better class of teachers and

prevented frequent changes in the teaching staff.

From the point of view described in the above paragraph, it would seem clear that the Board of Trustees has the power to make reasonable provision to insure the stability of its teaching staff and other employees. It has exercised this right in adopting the voluntary accident compensation scheme. Up to the present, it has limited this scheme to accidents in lines of work analogous to those aimed at in the Illinois Statute on Workmen's Compensation, but has included accidents to employees in our agricultural work. In other words, it has already extended the sphere of compensation beyond the statute.

Will your Board be justified in extending the provisions of its existing compensation rule to members of the faculty under conditions laid down by

the Board?

It has been suggested that because the Legislature has created a Court of Claims, the proper recourse of members of the staff, as well as members of the public, having tort claims against the University is to the Court of Claims. Judge Johnson expresses the opinion that the Court of Claims is in reality not a court, in the ordinary meaning of the term, but is probably little more than an instrumentality created by the Legislature for its own convenience to find and deal with facts respecting the merits of claims against the State. Its conclusions are not binding on the Legislature. Judge Johnson goes on to say:

"I am clearly of the opinion that the existence of the Court of Claims has no bearing, whatsoever, upon the question before us, concerning the power of the Board to provide group insurance as planned in order to insure efficiency and stability in the service of the University, as well as a higher

grade of responsible employees."

On this principle, obviously, the Board is justified in extending its accident compensation rule to members of the faculty, under conditions laid

down by the Board.

After considering the matter carefully, in the light of the above principles and opinions, it seems to me that it would be well for the Board to extend its accident compensation ruling to include accidents to members of the faculty when actually and within the scope of their duties engaged in, not merely coming to or returning from, an employment which, by fair and reasonable construction, can be classed as extra-hazardous within the purview of Section 139 of Chapter 48, S. H. Revised Statutes of 1927, being Section 3 of the Workmen's Compensation Act. Construing that law as a legislative recognition of the fact that in certain lines of work the probability of accident or injury inheres to a greater degree than in other fields, the right to compensation should extend to those classes of University employments which, though not specified, eo nomine, in the act are, nevertheless, clearly within its purpose, such as employments where danger of infection or injury grows out of intrinsic, not merely extrinsic or adventitious causes; provided, that the instruction or research which the members of the faculty are pursuing, and in the prosecution of which they received injury, had been duly approved by the proper University authorities as suitable or necessary work for the University to engage in; provided, further, that the injured member or members of the staff were free from all negligence contributing to the accident; and that such cases be examined and treated on their merits as individual cases of accidents to members of the mechanical and agricultural staffs are now. In all special research contracts provision should be made for full protection, through adequate and approved insurance, of all persons engaged in the research at the expense of the party for whom the research is conducted. If the work which members of the staff are doing, being extra-hazardous, has not been previously approved by the proper University authorities as suitable or necessary for the work of the University, and specific recognition given by the Board of Trustees to the extra-hazardous character of the work, obviously the members of the faculty employed to do said work must run the risks involved, if they accept appointments in the positions in which said work is done. True, it may be said that no individual is obliged to accept such employment. The point is that the more competent individuals often will not accept such employment, knowing possible results, unless, as part of their compensation, they are afforded protection against the serious consequences of said accidents.

In consequence of the above reasoning, I desire to recommend that the Board of Trustees extend its compensation ruling to members of the faculty who may be injured when actually within the scope of their duties engaged in, not merely coming to or returning from, an employment which, by fair and reasonable construction can be regarded as extra-hazardous within the purview of Section 3 of the Workmen's Compensation Act, and that the administration of such cases be according to our existing practice, namely, through a committee appointed by the President, by the Board's authority, to collect and review the evidence and make a recommendation in each individual case on its merits.

I desire further to recommend that the Board reconsider its action declining to award compensation to Mr. D. R. Mitchell, instructor in mining engineering, and to authorize the President of the University to treat the case as other cases are treated on recommendation of the Committee on Accident Compensation appointed by him under your authority. I may add that I have already reviewed the evidence in this case, and am of the opinion that an award should be made.

that an award should be made.

The case of Mr. Mitchell is somewhat analogous to that of Mr. Crosby, who died from an accident occurring in one of our laboratories in carrying on his work as instructor. (See Minutes, May 18, 1923). In that case, the

Board made an award of hospital, doctor's, and nurse's bills and funeral expenses. In the present case, one eye was seriously damaged and the sight considerably impaired. The Committee recommended that the medical and hospital bills incurred by Mr. Mitchell, aggregating \$308.30, be paid by the University. I now renew this recommendation, and further recommend the payment of a proper sum as compensation for the impairing of the vision of one eye.

On motion of Mr. Barr, this report was received for record, the policy of extending compensation for accidents to certain members of the faculty was adopted as recommended, and the President of the University was instructed to determine a proper sum to be awarded to Mr. Mitchell.

APPROPRIATION FOR PURCHASE OF DAIRY CATTLE

(23) On request of Dean Mumford, I recommend that an appropriation of \$1.800 be made from the unexpended balance of the Department of Dairy Husbandry at June 30, for the purchase of cattle for the Purebred herd to replace animals which were sold from that herd because they had proved to be non-breeders or had been affected by disease.

On motion of Dr. Noble, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Busey, Mrs. Grigsby, Mrs. Ickes, Dr. Noble; no, none; absent, Mr. Blair, Mrs. Evans, Mr. Small, Mr. Trees, Mr. Ward.

(24) The Comptroller reports that pursuant to the action of the Board of Trustees on May 23 (Minutes, page 603), he has concluded the purchase of the Nogel property south of the Cavalry stables at a price of \$4,000, the University to assume the 1928 taxes on this property, estimated at \$57, payable in 1929. The property is under lease for \$17.50 per month until October 1, 1928, and the lease has been assigned to the University.

This report was received for record.

WINDSTORM DAMAGE TO STADIUM

(25) The Comptroller reports that on June 19 one of the Stadium towers was damaged by wind, the estimated loss being \$350.
