

# **MEETING OF THE BOARD OF TRUSTEES**

**OF THE**

# **UNIVERSITY OF ILLINOIS**

---

**July 23, 1930**

The July meeting of the Board of Trustees of the University of Illinois was held at the University, in Urbana, at 10 o'clock a.m. on Wednesday, July 23, 1930. The following members were present: President Barr, Mr. Armstrong, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees.

President Chase was present.

## **MINUTES APPROVED**

The Secretary presented the minutes of the meeting of June 19, 1930.

On motion of Mr. Trees, the minutes were approved as printed on pages 611 to 735 above.

**EXECUTIVE COMMITTEE MEETING, JULY 5, 1930**

The Secretary presented for record the minutes of a meeting of the Executive Committee of July 5, 1930.

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the University, in Urbana, at 10:30 a.m. on Saturday, July 5, 1930. Mr. George A. Barr, Chairman, Mr. James W. Armstrong, and Mrs. Laura B. Evans were present, also President Kinley, President Chase, Professor Morey, Comptroller, Professor White, Supervising Architect, and Mr. Hazen S. Capron, Treasurer.

**MATTERS PRESENTED BY PRESIDENT KINLEY**

The Executive Committee considered the following matters presented by the President of the University.

**HART LOAN**

- (1) A statement concerning the loan to Mr. M. M. Hart (Minutes, July 17, 1929, page 264).

This report was received for record.

**INVESTMENT OF TRUST FUNDS**

- (2) A recommendation from Mr. Trees for the Finance Committee, that trust-fund investments be authorized as follows:

June 30, 1930

*David Kinley, President, University of Illinois*

MY DEAR PRESIDENT KINLEY:

This will acknowledge your letter of June 27. Have conferred with Mr. Fisher and it is our opinion that you should authorize the purchase of the Shively \$4,000, 5½ per cent mortgage due May 1, 1934. We also suggest that you buy \$5,000 units of either of the following issues to make up the balance of the Fund to be invested:

American Smelting and Refining Company  
5 per cent, due 1947  
Mississippi Power Company  
5 per cent first mortgage, due 1951  
Sierra and San Francisco Power Company  
5 per cent first mortgage, due 1949

It seems to me that we are also warranted in selling the \$1,450, 4¼ per cent first Liberty Loan and the \$650 of the fourth Liberty Loan, 4¼ per cent, at the best market prices, investing the proceeds in some other issues comparable to the above.

Sincerely,

MERLE J. TREES

On motion of Mrs. Evans, these investments were authorized as recommended.

**APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY**

- (3) A recommendation that Mr. Stuart John Templeton of the law firm of Wilson, McIlvaine, Hale, & Templeton, 140 South Dearborn Street, Chicago, be appointed a member of the Board of Examiners in Accountancy for three years from July 1, 1930, to succeed Mr. Herbert Pope, whose term has expired.

On motion of Mrs. Evans, this appointment was made.

**COOPERATIVE INVESTIGATION OF STACK GASES**

- (4) A recommendation from the Dean of the College of Engineering for approval of an agreement with the Utilities Research Commission for a cooperative investigation of stack gases by the Engineering Experiment Station. This project will replace an investigation of "Prevention of Corrosion by Flue Gases," which is now being carried on in cooperation with the Commission. This new agreement is drawn for a period of two years beginning July 1, 1930, with the provision that it may be extended for additional periods, and the Commission agrees to pay the University the sum of \$15,000 a year for the expenses of this investigation, \$2,500 being payable when the contract is signed and the remainder in quarterly installments.

This agreement is of the form and character of similar agreements hitherto approved by the Board and I recommend that it be approved.

On motion of Mrs. Evans, this agreement was authorized.

#### COOPERATIVE INVESTIGATION OF EFFECT OF GAS ON FLUE PIPING AND CHIMNEYS EXTENDED

(5) A report that on recommendation of the Dean of the College of Engineering an agreement with the Utilities Research Commission for a cooperative investigation of the effect of combustion of gas on flue piping and chimneys has been extended for one year from July 1, 1930.

The original agreement, approved by the Board on May 23, 1928 (Minutes, page 599), expired July 1, 1930. The extension of the contract is on the same terms as the original agreement, which provides for payment of \$7500 a year, or \$1875 a quarter, for the expenses of this investigation.

On motion of Mrs. Evans, this action was confirmed.

#### CONTRACT FOR MILITARY UNIFORMS

(6) A report that the Comptroller has been authorized to conclude a contract with the Associated Military Stores of Chicago for uniforms for advanced course students in the R. O. T. C. at a cost of \$40 each. The expense of these uniforms will be provided for according to the plan approved by the Board of Trustees on May 9, 1930 (Minutes, page 588).

This contract was placed with the Associated Military Stores on the basis of samples of materials submitted by them and other concerns which supply such equipment, the material submitted by the Associated Military Stores having been found to be equal to or superior to any of the others. All proposals were on the basis of \$40 for the uniform and furnishings, this amount being the commutation allowed each student.

On motion of Mrs. Evans, this action was confirmed.

At this point, Mr. Armstrong took his place with the Committee.

#### LABORATORY FEES IN THE URBANA DEPARTMENTS FOR 1930-31

(7) The Comptroller and the Provost submit the following schedule of laboratory and other special fees in the Urbana Departments for the year 1930-31. I recommend that the schedule be approved:

#### LABORATORY FEES FOR 1930-31—URBANA DEPARTMENTS

On motion of Mrs. Evans, this schedule of fees was adopted.

#### **SURVEY OF MAPLE AVENUE**

(8) A report of the status of affairs concerning the survey of Pennsylvania (Maple) Avenue, in Urbana.

This report was received for record.

#### **SALARY OF DEAN LEONARD**

(9) A recommendation that the salary of the Dean of Women, Miss Leonard, be made \$6500 a year, beginning September 1, 1930.

On motion of Mr. Armstrong, this recommendation was adopted.

#### **TERM OF PRESIDENT CHASE BEGUN**

President Kinley reported that he had made arrangements (with the approval of the President of the Board) to transfer to Dr. Harry Woodburn Chase at 11 o'clock a.m. on Saturday, July 5, 1930, the keys of his office as a token of the transfer of the duties and responsibilities of the office of President of the University.

The keys were transferred as arranged.

On motion of Mr. Armstrong, this transfer was made a matter of record, and Dr. Chase was officially declared to be President of the University as of this day and hour.

#### **USE OF PRESIDENT'S HOUSE AND FURNISHINGS**

Mr. Barr requested the Executive Committee to make a record of the fact that the understanding as to the leasing of the President's House to Dr. Kinley is as follows:

In consideration of the fact that Dr. and Mrs. Kinley are to leave certain articles of furniture and furnishings in the President's House for the use of Dr. and Mrs. Chase during the coming year, it is agreed that Dr. and Mrs. Kinley, on their return, and on the completion of the new President's house, are to have the use of furniture and furnishings belonging to the University and now in the house, and that these be considered part of the leased property.

On motion of Mr. Armstrong, this interpretation was adopted.

#### DEGREES IN MEDICINE

The Secretary of the Board presented for record a list of graduates of the College of Medicine, on whom the degree of M.D. has been conferred according to rule, from January 1, to July 1, 1930.

#### APPOINTMENTS MADE BY PRESIDENT KINLEY

The Secretary of the Board presented also for record the following list of appointments made by President Kinley:

Adamson, Raymond Sigfried, Assistant in Botany and Materia Medica, in the School of Pharmacy, for ten months beginning September 1, 1930, at a cash compensation at the rate of one hundred and twenty dollars (\$120) a month. (June 23, 1930)<sup>1</sup>

Arnold, Robert B., Assistant in Astronomy, on one-half time, for ten months beginning September 1, 1930, at a cash compensation of six hundred dollars (\$600). (July 2, 1930)

Beam, Mrs. Mary Werts, Assistant in Textiles, in the Department of Home Economics, in the College of Agriculture, for ten months beginning September 1, 1930, at a cash compensation at the rate of one hundred and forty dollars (\$140) a month. (June 23, 1930)

Beights, David Miers, Assistant in Accountancy, for ten months beginning September 1, 1930, at a cash compensation at the rate of one hundred and seventy dollars (\$170) a month. (June 23, 1930)

Berdahl, Clarence A., Professor of Political Science, on indefinite tenure beginning September 1, 1930, at a cash compensation of four thousand dollars (\$4000) a year. (July 5, 1930)

Bruch, Gerston, Assistant in Botany and Materia Medica, in the School of Pharmacy, for ten months beginning September 1, 1930, at a cash compensation at the rate of one hundred and twenty dollars (\$120) a month. (June 23, 1930)

Conner, H. A., Assistant in Chemistry, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of sixty dollars (\$60) a month (this supersedes his previous appointment). (June 23, 1930)

Crudim, Myrtle Barbara, Assistant in Medicine, in the College of Medicine, for one year beginning September 1, 1930, without salary. (July 3, 1930)

Dickinson, Burrus S., Instructor in Journalism, for ten months beginning September 1, 1930, at a cash compensation at the rate of two hundred and ten dollars (\$210) a month. (June 27, 1930)

Dyson, Agnes, Stenographer and Clerk in the Department of Chemistry, for one month beginning August 1, 1930, at a cash compensation at the rate of ninety dollars (\$90) a month (this supersedes her previous appointment). (July 3, 1930)

Fahlstrom, Florence Ann, Nurse in Pediatrics, in the College of Medicine, for four months beginning June 11, 1930, at a cash compensation at the rate of one hundred and fifty dollars (\$150) a month. (June 23, 1930)

Griffith, Esther, to give instruction in Chemistry in the Summer Session of 1930, on one-half time, beginning June 16 and ending August 9, 1930, at a cash compensation of one hundred and twenty-five dollars (\$125) for the session. (June 25, 1930)

Gullette, Cameron Charles, Associate in the teaching of Romance Languages, for one year beginning September 1, 1930, at a cash compensation at the rate of two hundred and twenty-five dollars (\$225) a month. (June 27, 1930)

<sup>1</sup>The date in parenthesis is the date on which the appointment was made by the President of the University.

Henderson, Robert, to give instruction in English in the Summer Session of 1930, beginning June 16 and ending August 9, 1930, at a cash compensation of two hundred and fifty dollars (\$250) for the session. (June 25, 1930)

Henry, William F., Assistant in Chemistry, on one-fourth time, for ten months beginning September 1, 1930, at a cash compensation at the rate of thirty dollars (\$30) a month. (June 27, 1930)

Hess, T. Melville, Assistant in Chemistry, on one-fourth time, for ten months beginning September 1, 1930, at a cash compensation at the rate of thirty dollars (\$30) a month. (June 27, 1930)

Huesing, Margaret M., Assistant in Botany, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of sixty dollars (\$60) a month. (June 30, 1930)

Johnston, Mrs. Nell C. B., Assistant Professor of Education, for one year beginning September 1, 1930, at a cash compensation of three thousand dollars (\$3000). (July 5, 1930)

Kendall, Willmoore, Jr., Assistant in Romance Languages, for ten months beginning September 1, 1930, at a cash compensation at the rate of one hundred and fifty dollars (\$150) a month. (June 27, 1930)

Kries, Elden L., Assistant in Accountancy, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of seventy dollars (\$70) a month. (June 23, 1930)

Larimore, Theodore Russell, Assistant in Accountancy, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of seventy dollars (\$70) a month. (June 23, 1930)

Lohmann, Karl B., Professor of Landscape Architecture, in the College of Agriculture, for one year beginning September 1, 1930, at a cash compensation of four thousand five hundred dollars (\$4500). (June 28, 1930)

Mach, George Robert, Instructor in Business Organization and Operation, in the College of Commerce, for ten months beginning September 1, 1930, at a cash compensation at the rate of one hundred and eighty dollars (\$180) a month. (June 23, 1930)

Munro, H. E., Assistant in Chemistry, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of seventy dollars (\$70) a month (this supersedes his previous appointment). (June 23, 1930)

Niswonger, Clifford Rollin, Assistant in Accountancy, for ten months beginning September 1, 1930, at a cash compensation at the rate of one hundred and forty dollars (\$140) a month. (June 23, 1930)

Peirce, D. D., to give instruction in Chemistry in the Summer Session of 1930, on one-half time, beginning June 16 and ending August 9, 1930, at a cash compensation of one hundred and twenty-five dollars (\$125) for the session. (June 25, 1930)

Rasmussen, Hugh Alexis, Resident in Internal Medicine, in the College of Medicine, for one year beginning July 1, 1930, at a cash compensation at the rate of fifty dollars (\$50) a month. (June 27, 1930)

Rassweiler, Merrill Paul, Assistant in Physics, in the College of Engineering, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of seventy dollars (\$70) a month. (June 27, 1930)

Robertson, Pauline W., Assistant in Chemistry, on one-fourth time, for ten months beginning September 1, 1930, at a cash compensation at the rate of thirty-five dollars (\$35) a month. (June 27, 1930)

Sage, Mrs. Margaret Pearson, Instructor in Voice, in the School of Music, for five months beginning September 1, 1930, at a cash compensation at the rate of one hundred and eighty dollars (\$180) a month. (June 23, 1930)

Sarkissian, Arshag Ohan, Assistant in History, on one-fourth time, for ten months beginning September 1, 1930, at a cash compensation at the rate of thirty dollars (\$30) a month. (June 23, 1930)

Searle, N. E., Assistant in Chemistry, on one-fourth time, for ten months beginning September 1, 1930, at a cash compensation at the rate of thirty dollars (\$30) a month. (June 27, 1930)

Sisson, W. A., Special Research Assistant in Chemistry, on one-half time, beginning June 1, 1930, and continuing until further notice, but not later than May 31, 1931, at a cash compensation at the rate of one hundred dollars (\$100) a month (this supersedes his previous appointment). (June 23, 1930)

Smith, Florence D., Assistant in Botany, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of sixty dollars (\$60) a month. (July 1, 1930)

Stout, William Harry, Assistant in Accountancy, in the College of Commerce, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of sixty dollars (\$60) a month. (June 27, 1930)

Templeman, William D., Assistant Professor of English, for one year beginning September 1, 1930, at a cash compensation at the rate of two hundred eight dollars and thirty-three cents (\$208.33) a month. (June 26, 1930)

Van Deventer, William C., Assistant in Zoology, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of sixty dollars (\$60) a month. (July 1, 1930)

Watson, Tully Franklin, Assistant in Physics, in the College of Engineering, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of seventy dollars (\$70) a month. (June 27, 1930)

Waytz, Max, Assistant in Pharmacy, in the School of Pharmacy, for ten months beginning September 1, 1930, at a cash compensation at the rate of one hundred and twenty dollars (\$120) a month. (July 3, 1930)

Weissberg, Samuel George, Assistant in Physics, in the College of Engineering, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of seventy dollars (\$70) a month. (June 23, 1930)

Young, Robert Thompson, Jr., Assistant in Physics, in the College of Engineering, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of seventy dollars (\$70) a month. (June 23, 1930)

The Executive Committee adjourned.

#### MATTERS PRESENTED BY PRESIDENT CHASE

The Board considered the following matters presented by the President of the University.

#### CHANGES IN THE BUDGET

(1) A report that pursuant to the authority given the President of the University, the following changes and adjustments in the budget for 1930-31 have been authorized, effective September 1, 1930:

1. Karl B. Lohmann, at present Associate Professor of Landscape Architecture at \$4250 to be Professor of Landscape Architecture at \$4500.

2. Dr. Clarence A. Berdahl, at present Associate Professor of Political Science at \$3600 to be Professor at \$4000.

3. An increase in the salary of Mr. Frederick S. Siebert, Associate in Journalism, from \$2500 to \$2800.

4. An additional provision for another teacher on one-half time for ten months at \$700 in the Budget of the University High School.

5. An increase in the allowance for temporary employees in the Expense and Equipment budget of the College of Law from \$1000 to \$1750.

6. An assignment of \$600 to the Department of Classics for the salary of a half time research assistant. (This assignment is for 1930-31 only and is to provide assistance to Professor W. A. Oldfather in important research work.)

7. The promotion in rank of Mr. F. G. Straub, Special Research Associate in Chemical Engineering, to be Special Research Assistant Professor of Chemical Engineering at a salary of \$4,000 a year (until further notice).

8. An increase in the salary of Professor G. L. Clark, of the Department of Chemistry, from \$5500 to \$7000, beginning September 1, 1930.

On motion of Mrs. Evans, these changes were approved.

**MATTERS PRESENTED BY DR. KINLEY**

On request of President Chase, Dr. Kinley presented the following items of unfinished business which had been referred to him.

**ROSELAWN CEMETERY**

(A) At the request of President Chase I am submitting a report on negotiations concerning the purchase of certain portions of Roselawn Cemetery.

In the absence of our legal counsel, I employed Mr. Walter B. Riley, of Champaign, to represent us in this matter. After some discussion, on the advice of our attorney, I addressed the following letter to Mr. T. J. Paisley:

Champaign, Illinois  
June 24, 1930

*Mr. T. J. Paisley, Champaign, Illinois*

In re: Roselawn Cemetery

DEAR SIR:

The Board of Trustees of the University of Illinois have at last decided to accept delivery of the deed for the unsold lots of Roselawn Cemetery now held in escrow by Trevett-Mattis Banking Company, and to pay therefor the sum of \$20,800.00, upon the following conditions:

1st: Quit claim deeds be procured from Ada M. Paisley and husband and Bessie R. Wolf and husband, conveying all interest that they may have in the tract of land known as Roselawn Cemetery to the Board of Trustees of the University of Illinois.

2nd. An affidavit from Grace Howe Paisley stating that she was the Secretary of the Champaign Securities Company at the time of its dissolution, and at the time of the execution and delivery of the warranty deed from the Champaign Securities Company to Thomas J. Paisley of all unsold lots in the tract of land platted under the name of New Mount Hope Cemetery, and that Thomas J. Paisley, Grace Howe Paisley, Ada M. Paisley, and Bessie R. Wolf were the sole and only stockholders of said Champaign Securities Company at any time whatsoever.

3rd. That at the time of the delivery of the above mentioned deeds to the Board of Trustees of the University of Illinois, the Board of Trustees of the University of Illinois be furnished with duly certified copy or copies of a resolution to be adopted by both the members and the Board of Directors of Roselawn Cemetery Association at meetings specially called for that purpose, in and by which resolutions the members and the Board of Directors specifically relinquish to the Board of Trustees of the University of Illinois any and all care, control, or right of management that they may have in, to, or over any portion of Roselawn Cemetery in Champaign County, Illinois, not heretofore sold for burial purposes, and including in said resolution the release from the care, control, and management of said Roselawn Cemetery Association any lots heretofore sold for burial purposes which may hereafter be conveyed by the owners thereof to the Board of Trustees of the University of Illinois.

In connection with this transaction it has been suggested that the Board of Trustees of the University of Illinois either assume the conduct of the Roselawn Cemetery Association for the purpose of keeping the records thereof, and providing for opening of graves, and so forth, on lots now sold for burial purposes, or in lieu of that that the Board of Trustees find a man or designate a man who will take over such duties.

The Board of Trustees of the University of Illinois cannot under any circumstances assume such responsibility or liability and if the transfer of the above mentioned property to the Board of Trustees of the University of Illinois is contingent upon any such arrangement, the deal will have to fall through.

Anything in this letter contained referring to New Mount Hope Cemetery is understood to apply to the tract of land now known as Roselawn Cemetery.

Respectfully,  
DAVID KINLEY

[July 23]

To this Mr. Paisley replied:

Champaign Illinois  
June 25, 1930

*Board of Trustees of the University of Illinois  
c/o David Kinley, President of the University of Illinois and  
Executive Agent of the Board of Trustees thereof  
Urbana, Illinois*

In re: Roselawn Cemetery

GENTLEMEN:

The undersigned, Thomas J. Paisley and Grace Howe Paisley accept your proposition for the purchase of lots in Roselawn Cemetery as outlined in your letter of June 24, 1930, as follows:

First: The undersigned will procure the Quit Claim Deed or deeds from Ada M. Paisley, Bessie R. Wolf, and her husband as outlined in said letter.

Second: The undersigned will furnish the affidavit of Grace Howe Paisley as requested in your letter.

Third: The undersigned will as soon as possible call meetings of the members and Board of Directors of Roselawn Cemetery Association and will then present and move the adoption of resolutions at said meetings as requested in your letter and will use their earnest influence to cause the said resolutions to be passed and adopted by the members and Board of Directors of said Corporation, the said resolutions to be in such form as shall be approved by your attorney.

Yours truly,

THOMAS J. PAISLEY  
GRACE HOWE PAISLEY

I may say that I sent a copy of my letter to the President of the Board, having told him of it in conversation, and it met with his approval.

On June 28, our attorney, Mr. Riley, informed me that the Board of Trustees of the Roselawn Cemetery Association, on June 27, adopted the resolution asked for, as follows:

**RESOLUTION ADOPTED BY BOARD OF TRUSTEES OF  
ROSELAWN CEMETERY ASSOCIATION**

**BE IT AND IT IS HEREBY RESOLVED**, That ROSELAWN CEMETERY ASSOCIATION release and relinquish, and it hereby does release and relinquish, unto the BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, any and all right said ROSELAWN CEMETERY ASSOCIATION may have in or to the care, control and management of, in or to any portion of the tract of land known as ROSELAWN CEMETERY in Champaign County, Illinois, save and except only as to such portions of said tract of land as may have heretofore been sold for burial purposes and that said BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS be and it is hereby released from the care, control, and management of such excepted portions of said tract, provided, however, that nothing herein contained shall be taken or construed as releasing or waiving the right of ingress and egress, on the part of the owners, their family and friends, of such lots as have heretofore been sold for burial purposes, to such lots as have heretofore been sold for burial purposes, nor shall anything herein contained be taken or construed as a restriction of the right of burial upon any of the lots heretofore sold for burial purposes.

**BE IT AND IT IS HEREBY FURTHER RESOLVED**, That the release and relinquishment of the right of care, control and management so granted in the foregoing resolution to the BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS shall extend to and be effective as to such lots in said Roselawn Cemetery heretofore sold for burial purposes as hereafter may be sold and conveyed by the respective owners thereof to the said BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS.

**BE IT FURTHER RESOLVED**, That this resolution shall be effective only and upon the adoption of a similar resolution by the members of ROSELAWN CEMETERY ASSOCIATION at a meeting thereof to be called for that purpose.

It remained for the Members of the Association to adopt a similar resolution. I have received from our attorney the resolution adopted by vote of 50-46, according to his statement, by members of the Roselawn Cemetery Association, July 18, 1930.

*RESOLUTION ADOPTED AT MEETING OF MEMBERS OF  
ROSELAWN CEMETERY ASSOCIATION*

*ON JULY 18, 1930*

*BE IT AND IT IS HEREBY RESOLVED*, That ROSELAWN CEMETERY ASSOCIATION release and relinquish, and it hereby does release and relinquish, unto the BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, any and all right said ROSELAWN CEMETERY ASSOCIATION may have in or to the care, control and management of, in or to any portion of the tract of land known as ROSELAWN CEMETERY in Champaign County, Illinois, save and except only as to such portions of said tract of land as may have heretofore been sold for burial purposes and that said Board of Trustees of the University of Illinois be and it is hereby released from the care, control, and management of such excepted portions of said tract, provided, however, that nothing herein contained shall be taken or construed as releasing or waiving the right of ingress and egress, on the part of the owners, their family and friends, of such lots as have heretofore been sold for burial purposes, to such lots as have heretofore been sold for burial purposes, nor shall anything herein contained be taken or construed as a restriction of the right of burial upon any of said lots heretofore sold for burial purposes.

*BE IT AND IT IS HEREBY FURTHER RESOLVED*, That the release and relinquishment of the right of care, control and management so granted in the foregoing resolution to the BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS shall extend to and be effective as to such lots in said Roselawn Cemetery heretofore sold for burial purposes as hereafter may be sold and conveyed by the respective owners thereof to the said BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS.

*BE IT FURTHER RESOLVED* that this resolution is not to be construed as giving the University of Illinois any right to construct any building on any part of said real estate at any time in the future.

Accompanying these resolutions is the following letter from our attorney:

Champaign, Illinois  
July 19, 1930

*Dr. David Kinley, President's Office, University of Illinois*

DEAR SIR:

I am pleased to be able to inform you that at the meeting of the members of Roselawn Cemetery Association held last night, the resolution asked for by us in connection with the Roselawn Cemetery deal was adopted by the members of said Association by a vote of 50 to 46.

I am herewith handing you a copy of the resolution adopted by the Board of Trustees, of the Roselawn Cemetery Association, and also a copy of the resolution adopted by the members of Roselawn Cemetery Association. The Secretary of the Association has executed and has in her possession proper certificates concerning these resolutions, which will be turned over to the Board of Trustees of the University of Illinois when the deal is consummated, together with a certain instrument as to ownership of stock in the Champaign Securities Company.

The Paisleys have now done all that we have asked of them except to procure deeds from Bessie R. Wolf and husband and Ada M. Paisley. Mrs. T. J. Paisley informed me this morning that these deeds will be forthcoming very shortly, and when she receives the deeds I can see no reason why the deal cannot be closed, and the deed held in escrow by Trevett-Mattis Banking Company lifted and filed for record, thus placing the title in the Board of Trustees of the University of Illinois.

I have explained to Mrs. Paisley that she will have to bear the expense of recording the quit claim deed from Mrs. Wolf and Miss Paisley, and also the expense of recording the affidavit relative to ownership of stock on the part of Ada M. Paisley and Bessie R. Wolf.

I am turning over to Mr. C. E. Keller, attorney, who has offices in the same suite with me, all of the files in connection with this deal, together with a copy of this letter, for the reason that I am leaving town on the afternoon of the 22nd instant, and I cannot see that this deal can be closed before that time. I have acquainted Mr. Keller with the facts in the case, and he can do all that I could do in closing the deal for the University. I trust this arrangement will be satisfactory to you.

I call your attention particularly to the last paragraph of the resolution adopted by the members at their meeting on July 18th, wherein it says "Be it further resolved that this resolution is not to be construed as giving to the University of Illinois any right to construct any building on any part of said real estate at any time in the future.

In my opinion, and I might say in the opinion of Mr. Mulliken, that portion of the resolution means nothing, as the Roselawn Cemetery Association exists for no other purpose in the world than that of caring for the endowed lots in Roselawn Cemetery Association, and they cannot give to the Board of Trustees of the University of Illinois any right to build in Roselawn Cemetery, neither can said Association by its resolution deny to the Board of Trustees of the University of Illinois the right to build if such right exists.

Yours truly,

WALTER B. RILEY

I call your attention to the last paragraph of the resolution of the members of the Cemetery Association to the effect that the resolution is not to be construed as giving the University the right to construct any building on any part of said real estate at any time in the future. I call your attention further to the comments of our attorney on this matter.

I further call your attention to the fact that the failure of the members of the Association to adopt a resolution identical with that adopted by their Board of Trustees probably invalidates the latter; for the last paragraph of the resolution of their Board of Trustees reads: "*BE IT FURTHER RESOLVED*, That this resolution shall be effective only and upon the adoption of a similar resolution by the members of ROSELAWN CEMETERY ASSOCIATION, etc." The resolution adopted by the Association differs from that of the Trustees by the insertion of the paragraph providing that their action "is not to be construed as giving the University of Illinois any right to construct any building on any part of said real estate at any time in the future."

If your Board were to conclude the purchase of the property without taking notice of this paragraph expressing the action of the Association, which *in their opinion* would limit your action in the matter of erecting a building, members of the Association and probably others would regard it as being not in good faith. Therefore I am not able to recommend to you the conclusion of the negotiations looking toward the purchase of this property, nor have I seen my way clear to advise President Chase to that effect.

On motion of Mr. Armstrong, the following resolution was adopted:

**RESOLVED**, that the Board of Trustees of the University of Illinois concurs in the President's recommendation that the Board should not conclude the purchase of the Paisley property in Roselawn Cemetery with any limitations or restrictions as to its use not incompatible with the purposes of the rest of the cemetery.

#### **SALE OF AGRICULTURAL PRODUCTS BY THE EXPERIMENT STATION**

(B) I am making this report at the request of President Chase. The inquiry which has resulted in the report began some months ago on the basis of questions raised by a citizen and a letter of complaint received from the Champaign Chamber of Commerce. I gave the Board the substance of this inquiry and the complaint at a previous meeting in an informal way and asked that the matter be not at that time put in the record.

The substance of the inquiry and the complaint was that the agricultural business, so-called, carried on as a result of the research work of the experiment station, was increasing unduly and encroaching on the legitimate business of local business men. I first made an inquiry through the Dean and heads of the departments of the College of Agriculture and submitted the results of that inquiry to the individual who asked for information. I secured also certain data with reference to the complaint of the Champaign Chamber of Commerce. The facts showed in my opinion that there was no sufficient ground for complaint. However, in order to avoid any appearance of evading the issue I called together the members of the General Agricultural

Advisory Committee on June 28, 1930. I laid the matter before them with such facts as were at hand and asked them to investigate and make a report to submit to you at this meeting. The Committee undertook to do this and appointed a sub-committee to do the work. I submit herewith the report of this sub-committee. This includes certain statistical information prepared by the Comptroller of the University setting forth the general facts relating to this whole matter. It seems to me that there is no sufficient ground of complaint. I ask that you make this statement and the report of the sub-committee a part of your record.

*REPORT OF THE AGRICULTURAL ADVISORY COMMITTEE TO THE  
PRESIDENT OF THE UNIVERSITY OF ILLINOIS CONCERNING THE  
POLICY FOLLOWED BY THE COLLEGE OF AGRICULTURE AND  
AGRICULTURAL EXPERIMENT STATION IN DISPOSING OF FARM  
PRODUCTS*

July, 1930

After investigating the situation with respect to the sales of agricultural products by the College of Agriculture and the Agricultural Experiment Station of the University of Illinois your committee makes the following report.

It is the opinion of the members of your committee that the research activities of the Agricultural Experiment Station, although extensive and numerous, by no means meet the persistent demands made by the people of the state in the way of solving the farmers' economic problems. In many cases the material used in research projects is utilized for class room instruction, thereby conserving and utilizing fully the resources of the institution. The discontinuance of present research projects would constitute a retrenchment that would be to the disadvantage of the state as a whole and to the local community in particular.

The policy of the College of Agriculture and Agricultural Experiment Station has been to keep the production and sale of farm products at the smallest volume consistent with teaching facilities required for the student body and the pressing needs for the solution of problems vital to Illinois agriculture. The facts and figures taken from the records of the University indicate that such a policy has been followed during recent years. Fluctuations in prices of individual commodities cause fluctuations in value of sales of those commodities when the volume of sales remains constant. Furthermore, to meet some specific urgent problem, a large increase may be shown in the sale of a particular commodity for one year. Such was the case in 1928-29 when the scabby barley problem was so acute. Special cattle feeding experiments were conducted to help solve the problem. As a result the sales of cattle more than doubled in one year but the Agricultural Experiment Station of the University of Illinois received much favorable comment both within and without the state, on account of its research in this field. Sales of cattle for 1929-30 were again normal. Sales of poultry and poultry products have increased greatly in the last four or five years and are accounted for by the growth of the poultry division from a rather neglected part of the College and Experiment Station to one more nearly comparable to the position poultry holds in the work of other mid-west institutions and its economic importance in the state. We find no undue increase in the total volume of activities nor in any one line or lines. Where increases have been made, we find them justified. (See Exhibit A.)

The lack of facts and information with respect to the total volume of farm products handled in the Champaign-Urbana communities precludes an authoritative statement as to the extent of competition between the University and any line of business in these commodities caused by the sale of by-products of the College of Agriculture and Agricultural Experiment Station. The information available indicates that the sales by the University are a very small fraction of total sales of any farm product in the communities. The fact that sales of farm products by the University are not tending to increase in volume would indicate that conscious effort is being exercised to keep troublesome competition to the minimum.

Grain, potatoes, and meat animals are now disposed of at wholesale and not on the Champaign-Urbana retail market. Meats, poultry and eggs, dairy products, flowers, vegetables, fruits, cider and vinegar are sold locally either to local dealers at wholesale or at retail through the salesroom in the Agricultural Building, the greenhouse, or the retail milk routes. (See Exhibits B and C.)

The sale of meats at wholesale through commission houses is impracticable because of the necessity of dissecting the carcasses for scientific analyses, and cutting into retail cuts in class room work.

Poultry and eggs could be sold at wholesale through commission houses only at a financial sacrifice because of the irregular supply of eggs and the necessity of slaughtering a large fraction of the poultry in connection with studies by the Animal Pathology Division of the inheritance of bacillary white diarrhea. (See Exhibit C.)

The quantity of butter produced by the University is too small and too variable to make it practical to sell it wholesale. It is also obvious that for purposes of teaching and research the problem cannot be adequately solved without placing the product into a retail package and following the result to its conclusion.

Since an important function of a milk distributing plant is the retail delivery of milk, the teaching and research would be seriously curtailed if the retail feature in such volume as to be on a practical scale were not made an important part of this work.

The general wholesale market would be a very unsatisfactory outlet for the flowers produced by the University because of the small quantities of the various varieties, the great variation in the kinds and amounts to be disposed of because the amount needed in class room work fluctuates greatly, and because some of the varieties of cut flowers needed in connection with the class room and research work will not stand shipping. (See Exhibit E.)

Many kinds of vegetables produced by the University are not usually produced in large enough quantities to sell at wholesale through commission houses except at a financial sacrifice. Certain kinds of vegetables are produced in large enough quantities at certain seasons to make possible shipments to a central market but at a sacrifice. Without doubt the volume of sales of vegetables by the University is insignificant compared to the volume of vegetables shipped into the local communities from central wholesale markets. The competition in vegetables is not between the local producer and the University but between local producers and products shipped in from central wholesale markets. (See Exhibit F.)

The fact that the 2915 bushels of apples sold in 1928-29 by the University consisted of some 1700 varieties and the 247 cases of cherries consisted of 42 varieties and the 272 cases of plums consisted of 22 varieties indicates that the plantings of fruits are made up of such a large number of varieties as to make their disposal at wholesale difficult and in some cases economically impossible. (See Exhibit G.)

The miscellaneous character of the fruit produced, together with its perishable nature calls for local consumption of a considerable part or financial loss to the state. Furthermore, it is sometimes necessary to let the fruit ripen to such an extent that it would be unfit for packing and shipping to a wholesale market. The students need to know not only varietal characteristics but their good and bad points from the marketing standpoint, how to prepare and handle for local markets, as well as the necessity of a standardized grade of produce in package for both wholesale and retail markets.

Cider and vinegar are produced by the University in sufficient quantities to sell at wholesale on a central market but at a financial sacrifice to the state. The most efficient use of labor and filtering equipment makes it necessary to filter, fill, and dispose of both cider and vinegar in relatively small quantities.

We find that the College of Agriculture and the Agricultural Experiment Station have maintained a consistent policy throughout. The products sold are by-products of necessary teaching and research work. The sales of farm products have tended toward uniformity in quantity over a period of years. Exceptional increases have arisen from special demands made upon them to solve urgent agricultural problems. When the problem is solved the sales decrease accordingly. Their activities as to the sale of farm products are an open book. Those who contemplate entering business in the local communities may take these facts into account. Prices and conditions of sales have been such as to disturb competitive conditions as little as possible. Records of sales by the University indicate that increased competition in the business of selling farm products must have come about because of a greater number of establishments entering the local field and not because of greater volume of sales by the University.

Undoubtedly the local communities have profited largely by the presence of so large an institution in their midst, while in some minor particulars, some individuals or groups might be at a slight disadvantage. These minor disadvantages are apparent

to all contemplating entering such business if they investigate. The sales by the University do not change materially from year to year, and any disadvantages are far outweighed by other advantages to these communities.

Retail, \$.10, .15, .20, .25, .35, .50, .75, 1.00, 1.25, 1.50, 2.00 each.

## II.

The prices received for flowers, sold at retail, are the same as are received by local florists. These are higher than local prices in the sense that the University flowers must be called for while the florists deliver theirs.

The prices received for flowers sold at wholesale are the same as the local florists pay for them when bought from wholesalers.

The prices vary from time to time dependent upon the quality, the season of the year and the abundance of stock upon the market.

Surplus stock, for which there is no sale, is sent to the University Hospital.

## III.

The flowers sold both at retail and at wholesale are those not required in class work. With the increase in the number of students, the quantity of flowers available for sale has decreased.

The flowers are sold direct to the public at retail prices and to the local florists at wholesale prices.

## IV.

All flowers sold, except in exceptional cases, are called for by both retail and wholesale customers. Only in cases when flowers are ordered for funerals or when orders come from out of town are they delivered.

On motion of Mr. Trees, this report was received for record.

**PENNSYLVANIA AVENUE**

(C) I am making this report for, and at the request of, President Chase. I suggest that the Board, through its proper officers, propose to Mr. Lyle Gallivan the selection of a referee agreeable to both sides to determine the points in controversy concerning the survey of the Gallivan property, the line of which, our people contend, extends over on our property, the expense to be divided equally between the two parties.

I also recommend the adoption of Professor J. M. White's recommendation contained in his letter of July 4, 1930.

I recommend that this matter be referred to the Committee on Buildings and Grounds.

On motion of Mr. Fisher, this matter was referred to the Committee on Buildings and Grounds for consideration and report.

The Board resumed its consideration of matters presented by President Chase.

**ADDITIONAL APPOINTMENTS TO THE CLINICAL STAFF IN THE COLLEGE OF MEDICINE**

(2) The Dean of the College of Medicine recommends the following additional appointments to the non-salaried clinical faculty for the year 1930-31.

Dr. Paul L. Schroeder, Associate Professor and Head of the Department of Social Hygiene, Criminology, and Medical Jurisprudence.

Dr. Rachelle S. Yarros, Professor of Social Hygiene.

Dr. George L. Mohr, Associate in Criminology.

These appointments are for one year from September 1, 1930. I recommend approval.

On motion of Dr. Noble, these appointments were approved.

**CONTINUATION OF DEAN T. A. CLARK IN ACTIVE SERVICE**

(3) In order to preserve continuity in the administration of student affairs at this time of transition in the general University administration, I recommend that Dean Thomas Arkle Clark be continued in active service as Dean of Men and Professor of Rhetoric, for one year from September 1, 1930, at his present salary of \$8,000.

On motion of Mrs. Grigsby, this recommendation was adopted.

**LEAVE OF ABSENCE FOR DR. SIMEON BERMAN**

(4) The Dean of the College of Medicine reports that Dr. Simeon Berman, Associate in Pediatrics, is in London ill with Malta fever, that his convalescence may be indefinite and therefore he cannot be certain of being back for the first semester of 1930-31. In view of this situation I recommend that Dr. Berman be given a leave of absence without pay from September 1, 1930, to February 1, 1931.

On motion of Mr. Armstrong, this leave was granted.

**C. P. A. CERTIFICATES**

(5) The Committee on Accountancy recommends that the following candidates, who are certified by the Board of Examiners in Accountancy as having passed the May, 1930, examination, be awarded C. P. A. certificates. I concur in this recommendation.

EARLE DICKINSON ATWATER

VICTOR ORLANDO BERGQUIST

MARTIN LEE BLACK, JR.

CLARENCE BAILEY COX

ARTHUR CLARENCE DROEGEMUELLER

HOMER LLOYD DRULEY

ROBERT GILMAN ELY

RUSSELL JOHN FOX

WALTER F. FRESE

SYDNEY GORDON GLAYSHER

MORTON F. HASLACHER

CHARLES GEORGE KAISER

CHARLES PAUL KRIES

JAMES P. LINNEN

GAZE ELMER LUKAS

KENNETH EVERETT MILLER

FORREST GLENN PADDOCK

JAMES GLADSTONE PHILLIPS

SAMUEL A. SAKOLSKY

RALPH HUGH SCHUETTE

LESTER CHARLES SIMONS

LEE JAMES SKONER

KENNETH LEE SMITH

BERNARD M. VAUGHAN

HERMAN WENDORF

ARTHUR R. WEINSTEIN

CLINTON EDWARD WINKLER

ARTHUR W. ZIMMERMAN

RUSSELL ARTHUR ZIMMERMAN

On motion of Dr. Noble, these certificates were awarded.

**APPROPRIATION FOR EQUIPMENT IN BURSAR'S AND  
REGISTRAR'S OFFICES**

(6) A recommendation from the Comptroller that an appropriation of \$1,080 be made from the Reserve and Contingent Fund for the purchase of dictating equipment to be installed in the Registrar's Office and in the Bursar's division of the Business Office.

I recommend approval.

On motion of Mr. Trees, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson.

**APPROPRIATION TO THE DEPARTMENT OF HORTICULTURE**

(7) A request from the Head of the Department of Horticulture and the Acting Dean of the College of Agriculture, concurred in by the Comptroller, that the sum of \$2000 be appropriated to the Department of Horticulture from the excess receipts over the estimated receipts of that Department as of July 1, 1930, for the following purposes:

1. For the purchase of equipment, \$1000.

2. For the purchase of cans for this season's pack of vegetables, \$1000, this amount being in excess of the amount allowed for this purpose in the budget of that division for the coming year.

I recommend approval.

On motion of Mr. Simpson, this appropriation was made as recommended, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson.

**CONTRACT WITH HINNERS ORGAN COMPANY FOR PURCHASE OF  
ORGAN FOR SCHOOL OF MUSIC**

(8) The Comptroller submits the following quotations on a two-manual practice organ for the School of Music. These quotations (except the first) are based on uniform specifications:

*PROPOSALS ON TWO-MANUAL PRACTICE ORGAN*

|   |                         |
|---|-------------------------|
| Wicks Pipe Organ Company, Highland, Illinois..... | \$1 350 00 <sup>1</sup> |
| Hinners Organ Company, Pekin, Illinois.....       | 1 440 00                |
| The Reuter Organ Company, Lawrence, Kansas.....   | 2 049 00                |
| La Marche Brothers, Chicago, Illinois.....        | 2 150 00                |
| Lewis & Hitchcock, Washington, D. C.....          | 2 450 00                |

All are net prices and include delivery and installation.

The figure quoted by the Wicks Pipe Organ Company, while low, is based upon the company's specifications instead of those furnished by the University. The latter call for electropneumatic action, considered by the organ builders to be the most satisfactory, while the Wicks specifications provide for a direct electric action.

In view of these facts the Director of the School of Music and the Comptroller recommend that the bid of the Hinners Organ Company, which is the next lowest and which is based exactly on the University's specifications, be accepted. I concur in this recommendation and recommend further that the Comptroller be authorized to conclude a contract with the Hinners Organ Company at a price of \$1,440 delivered and installed (except for wiring and sheet metal connection for the blower, estimated to cost about \$50). Provision for the purchase and installation of this instrument was made in the special appropriation of \$3700 to the School of Music for 1930-31.

On motion of Mrs. Grigsby, the purchase of the Hinners organ was authorized as recommended.

<sup>1</sup>Quotation is based on their specifications instead of on uniform specifications submitted by University.

**CONTRACT WITH ILLINOIS TERMINAL COMPANY FOR CAR  
DEMURRAGE CHARGES**

(9) I report that I have authorized the Comptroller to execute as a minor contract an agreement with the Illinois Terminal Company which enables the University to secure credit for freight cars which can be unloaded in less than the required time as a partial offset for those which cannot be unloaded within the required time and on which demurrage is charged. This agreement replaces a similar contract with the Illinois Traction System, of which the Illinois Terminal Company is the corporate successor.

On motion of Dr. Noble, this action was confirmed.

**PURCHASE OF DIPLOMAS FOR THE YEAR 1930-31**

(10) The Comptroller recommends the purchase of the diplomas which will be required during the year 1930-31 from the W. M. Welch Manufacturing Company in Chicago at a price of \$3,327.70 for 3,110 diplomas. Quotations were secured by the Purchasing Agent on uniform specifications from various manufacturers for diplomas engraved on parchment, with the Welch Company submitting the low figure. Provision for the purchase of these diplomas has been made in the budget of the Registrar's Office.

I recommend approval of this purchase.

On motion of Mr. Armstrong, this purchase was approved.

**AGREEMENT WITH CROP PROTECTION INSTITUTE FOR INVESTIGATION OF OIL-SULPHUR COMBINATIONS AS  
INSECTICIDES AND FUNGICIDES**

(11) At the meeting on May 9, 1930 (Minutes, page 584), the Board authorized the execution of an agreement with the Crop Protection Institute (headquarters at Durham, New Hampshire) for a cooperative investigation by the Agricultural Experiment Station to determine the effects of certain oil-sulphur combinations as insecticides and fungicides. Subsequently, the Dean of the College of Agriculture and the Head of the Department of Horticulture requested that this agreement be canceled because of the failure of the Company to furnish the funds for this work. This contract was canceled at the meeting of the Board on June 19, 1930.

It appears now that the Institute wishes the agreement for this investigation to go forward. In fact, the Institute has already sent the University the first payment of \$1,000 under the terms of this agreement. The Dean requests that this contract be restored and I concur.

On motion of Mr. Simpson, this contract was restored.

**INVESTIGATION OF BOILER FURNACE REFRACTORIES**

(12) On April 12, 1928 (Minutes, page 582), the Board approved an agreement with the Special Research Commission on Boiler Furnace Refractories of the American Society of Mechanical Engineers for a cooperative investigation of boiler furnace refractories by the Engineering Experiment Station. This agreement expired in November, 1929. On request of the Chairman of the Committee, the Assistant Dean of the College of Engineering recommends that this agreement be renewed now for the period of July 1 to December 1, 1930, in order to continue this investigation. The Committee agrees to contribute the sum of \$2380 for that period for the additional expenses of this investigation.

I have authorized the renewal of this agreement.

On motion of Mr. Armstrong, this action was confirmed.

**AGREEMENT WITH THE INSTITUTE OF AMERICAN MEAT  
PACKERS FOR INVESTIGATION OF BACTERIA IN  
CANNED MEAT PRODUCTS**

(13) On September 18, 1929 (Minutes, page 358), the Board approved an agreement with the Institute of American Meat Packers for a cooperative investigation of the bacteriology of canned meats by the Department of Bacteriology. This agreement will expire on September 15, 1930, and the Institute will have paid \$4,860 for the expenses of this investigation up to that date.

The Institute requests that this investigation be continued during the year 1930-31 and has agreed to finance the work in the same way as in the past year. The Institute expects to furnish up to \$3,000 more for the expenses of this work.

On request of the Head of the Department of Bacteriology, I have authorized the extension of this agreement for one year from September 15, 1930.

On motion of Mr. Fisher, this action was confirmed.

#### TERMINATION OF AGREEMENT WITH CHILEAN NITRATE OF SODA COMPANY FOR INVESTIGATION OF EFFECTS OF NITRATE OF SODA ON SOILS AND CROPS

(14) On June 11, 1929 (Minutes, page 248), the Board authorized approval of an agreement with the Chilean Nitrate of Soda Educational Bureau of New York City for a cooperative investigation of the effects of applications of nitrate of soda on soil and the crop growth under various conditions. This agreement was drawn for one year from September, 1929, with the expectation that it would be renewed, and the Company has already paid the sum of \$1,500 to cover the first year's expenses of this investigation.

The Dean of the College of Agriculture reports that the Bureau has requested the Agricultural Experiment Station to discontinue whatever plans have been made beyond the present year and has requested that the unexpended balance of \$1,317.22 remaining in the funds advanced by them be refunded.

On recommendation of the Dean, I recommend that this investigation be discontinued and that the balance indicated be returned to the Chilean Nitrate of Soda Educational Bureau of New York City in accordance with its request.

On motion of Dr. Noble, this recommendation was adopted, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson.

#### PAVING OF STREETS IN URBANA

(15) The City Attorney and Corporation Counsel of Urbana reports that the County Court of Champaign County has confirmed the Mathews Avenue, Romine Street, and University Avenue pavement projects. These proposed improvements conform to the plans submitted to the Board of Trustees on May 9, 1930 (Minutes, pages 582 and 583), at which time the Board voted to cooperate in these projects.

The Supervising Architect reports that the special assessments against the University for street pavements in Urbana will be as follows:

|   |                    | <i>Estimated</i>      |
|---|--------------------|-----------------------|
|   |                    | <i>March 13, 1930</i> |
| University Avenue (57 foot pavement).....   | \$9 561 05         | \$13 854              |
| Romine Street (37 foot pavement).....   | 7 031 05           |                       |
| Mathews Avenue (33 foot pavement).....  | 27 285 88          | 27 670                |
| Mathews Avenue—former assessment against Illinois Power and Light Corporation for the block between Oregon and California Streets, now transferred to the University..... |                    | 375 04                |
| <i>Total Assessments for Urbana pavements.....</i>  | <i>\$44 253 02</i> | <i>\$41 524</i>       |

Inasmuch as these amounts differ from the estimates used in the official action of the Board accepting these assessments (Minutes, May 9, 1930, page 582), I recommend that this report be received for record and that the above assessments be accepted.

On motion of Dr. Noble, these revised assessments were accepted.

#### INSURANCE ON BUILDINGS UNDER CONSTRUCTION

(16) On March 11, 1930 (Minutes, page 542), the Board authorized the placing of fire and tornado insurance on the Chemistry Building Annex, during the period of construction, with the Fidelity-Phoenix Fire Insurance Company, through the Hayes-Atkinson Agency and the Burt-Rovelstad Company, at the rate of \$.38 per \$100. On April 9, 1930 (Minutes, page 566), a report was made that the company was unwilling

to write the insurance at the rate quoted by the local representatives, and a recommendation was made that the insurance be placed with the next low bidder, Boggs & Cogdall, representing the Hartford Fire Insurance Company or the Phoenix Company of Hartford, at a net cost of \$.3888 per \$100. This agency shortly thereafter withdrew its proposal and declined to accept the business. All of these representatives are local agencies.

The Comptroller and the Supervising Architect now present a new schedule of proposals received on insurance for the Chemistry Annex, Woman's Gymnasium, and the Medical and Dental Laboratories. The low bidder on the Chemistry Annex and the Woman's Gymnasium is the firm of McKey & Poague of Chicago, with a quotation of \$.42 per \$100 per year, and the low bidder on the Medical and Dental Laboratories is Moore, Case, Lyman, & Hubbard of Chicago, with a quotation of \$.18 per \$100 per year. They recommend that the proposal of these two firms be accepted. All insurance is to cover fire and tornado risks and is to be in the automatic builders risk form with 100% coinsurance.

I concur in these recommendations.

On motion of Mr. Trees, the officers of the University were authorized to place this insurance as recommended.

#### CONTRACT FOR LABORATORY EQUIPMENT FOR CHEMISTRY ANNEX

(17) The Supervising Architect submits the following schedule of bids opened on July 18, 1930, for the laboratory equipment for the Chemistry Annex building:

#### CHEMISTRY ANNEX LABORATORY EQUIPMENT BID SCHEDULE

A—If lead-coated copper-bearing steel is substituted for asbestos lumber specified, deduct.

B—Add or deduct if chemical stoneware is substituted for alberene stone for sinks except in Lecture Room 113.

| <i>Bidders</i>  | <i>Base Bids</i>       | <i>A<br/>Deduct</i> | <i>B<br/>Add</i>       | <i>Deduct</i>                            |
|---|------------------------|---------------------|------------------------|--|
| 1. Walrus Mfg. Co., Decatur, Ill. ....                    | \$48 712 00            | \$5 750 00          |                        |  |
| 2. Kewaunee Mfg. Co., Kewaunee, Wis. ....                 | 48 156 80              | 698 65              | \$2 056 90<br>(Knight) |  |
| 3. Sheldon & Co., Muskegon, Mich. ....                    | 48 828 55              | 200 00              |                        | \$ 40 00<br>If used on<br>student tables |

| 9. Laboratory Furniture Co., Long Island City, N. Y. .... | \$73 400 00<br>(Steel) |                     |                        |  |

July 18, 1930

The low bidder is the Kewaunee Manufacturing Company of Kewaunee, Wisconsin, but the alternate bid of the Walrus Manufacturing Company of Decatur provides for a so much larger deduction if lead-coated copper-bearing steel ducts are used in the desks for down draft hoods in place of asbestos lumber, that if advantage

is taken of this deduction the Walrus Company's bid is low. The Head of the Department of Chemistry believes that this substitution can be accepted to advantage.

The Supervising Architect therefore recommends that the contract be awarded to the Walrus Manufacturing Company of Decatur at their bid of \$48,712.00, less the deduction of \$5,750, making a net bid of \$42,962, the University to reserve the option of substituting, without change in price, chemical stoneware sinks for the alberene sinks which were specified.

I recommend approval.

On motion of Mrs. Evans, this contract was awarded to the Walrus Manufacturing Company as recommended.

#### CONTRACT FOR VENTILATION IN WOMAN'S GYMNASIUM

(19) At the meeting of the Board on June 10, 1930, a schedule of bids was submitted for the ventilating of the Woman's Gymnasium. All of these bids were rejected because the bids for the general contract were so high that the building could not be constructed within the appropriation. Consequently, the plans were modified and revised bids received. Since modified plans involved very little change in the ventilating, no revised bids were taken on this installation. However, some revisions have been made in this work to reduce the expense and the Supervising Architect recommends that the contract for this work be awarded to Harry Derrough of Champaign, who was the low bidder, on the basis of a deduction of \$1,160 from his original bid of \$4,940, making a net bid of \$3,780.

I recommend approval.

On motion of Mr. Trees, this contract was awarded to Harry Derrough as recommended.

#### BOILER HOUSE ADDITION

(19) The following report from the Supervising Architect of work done on the remodeling of the Boiler House under the general authorization given by the Board of Trustees on June 19, 1930 (Minutes, page 704):

(1) The Alphons Custodis Chimney Construction Company (who built the present stack) bid \$2,440 on the changes necessary in cutting two new openings at a higher level and bricking up the old one. The order has been placed with them because, under the circumstances, they will continue to be responsible for the stability of the stack.

(2) In the raising of the two boilers, it is necessary for the Babcock & Wilcox Company, who manufactured the present boilers, to furnish the necessary supporting and housing equipment for the greater height of the boilers. This has been carefully detailed; their proposal is \$4,409.00, and the order has been placed with them.

(3) The additional steel for the building reconstruction has been ordered from the Mississippi Valley Structural Steel Company of Decatur. This firm can give quick delivery on material which has to be specially detailed to fit in with the present steel frame of the building. The amount of this order is \$3,644.00.

The following are bids which have been received on the setting of the two boilers:

|   |            |
|---|------------|
| National Power Construction Co., Chicago..... | \$7 260 00 |
| O. H. Warwick Co., Chicago.....               | 6 520 00   |
| Geo. Allen & Co., Chicago.....                | 7 780 00   |

The Supervising Architect recommends that the contract be awarded the O. H. Warwick Company, low bidder, on the basis of their bid of \$6,520.00.

The following bids have been received on stokers (the new type of forced draft stokers):

|                                   |             |
|-----------------------------------|-------------|
| Johnson & Jennings Co., Cleveland |             |
| Two Stowe stokers.....            | \$ 9 660 00 |
| Illinois Stoker Co., Alton        |             |
| Two stokers.....                  | 11 000 00   |
| Babcock & Wilcox Co., Chicago     |             |
| Two stokers.....                  | 11 471 00   |

The Supervising Architect recommends that the contract be awarded to Babcock & Wilcox Company on the basis of their bid of \$11,471.00, because of the higher quality of their equipment and because there is an advantage in having this firm, which manufactured the present boilers, do the work to centralize the responsibility for the results. The recommendation was concurred in by Professors Leutwiler, Polson, and Kratz of the Department of Mechanical Engineering, letters from all of whom were submitted with the recommendation.

It will also be necessary to purchase fans at an estimated cost of \$2,500.00, and to erect a new stack at an estimated cost of \$12,000.00. Bids on the fans and stack will be submitted later. The Supervising Architect requests action on these by the Executive Committee when the bids are in.

In connection with these proposals the Comptroller submits a request for authority to purchase 290 boiler tubes from Joseph T. Ryerson and Sons at a price of \$1,616.63. Quotations on this material were secured from the Purchasing Agent and the Ryerson Company is one of two low bidders. Provision for this purchase is made in the State Appropriation for the Boiler House.

I concur in the recommendations with reference to the award of the contracts, and recommend that the purchase of the boiler tubes be authorized, and submit the report of the other work for record.

On motion of Mr. Fisher, the contract for setting the boilers was awarded to the lowest bidders, the O. H. Warwick Co., as recommended.

On motion of Dr. Noble, the contract for stokers was awarded to the Babcock & Wilcox Co., the highest bidders, as recommended.

On motion of Mr. Armstrong, the purchase of boiler tubes was authorized as recommended. Mr. Fisher requested to be recorded as not voting on this motion.

#### AWARD OF CONTRACT FOR SANITARY AND STORM SEWER LINES

(20) The Supervising Architect submits the following bids, received on July 22, on the sanitary and storm water sewers for the Woman's Gymnasium and a storm sewer line to be connected with the new 39 inch Wright Street sewer:

#### DRAINAGE LINES WRIGHT STREET EXTENSION AND WOMAN'S GYMNASIUM BID SCHEDULE

|  |               |             |          |          |          |          |
|--|---------------|-------------|----------|----------|----------|----------|
| (1) Sanitary Line "A".<br>(2) Sanitary Line "B".<br>(3) Storm line marked "C" using 24 in. reinforced concrete pipe as specified.<br>(4) Storm line marked "C" but using 24 in. non-reinforced concrete pipe.<br>(5) Storm line marked "C" but using 24 in. No. 2 double-strength hub and socket sewer tile.<br>(6) Storm line marked "D" complete as shown. |               |             |          |          |          |          |
| <i>Bidders</i>   | (1)           | (2)         | (3)      | (4)      | (5)      | (6)      |
| 1. Christensen Bros.....   | 420 84        | 706 05      | 3 588 88 | 3 172 64 | 3 046 80 |          |
| 2. Johnson Bros.....   | No bid        |             |          |          |          |          |
| 3. Kent & Co.....  | 355 00        | 563 00      | 2 835 00 | 2 448 00 | 2 545 00 | 4 490 00 |
| 4. L. Linderman.....   | (1)<br>353 50 | 537 95      |          |          |          |          |
| 5. Wm. O'Brien.....  | No bid        |             |          |          |          |          |
| 6. Frank Somers.....   | 587 50        | 773 40      | 4 051 60 | 3 712 80 | 3 519 20 | 4 729 60 |
|  |               | (2)—537 95  |          |          |          |          |
|  |               | (4)—2448 00 |          |          |          |          |
|  |               | (6)—4490 00 |          |          |          |          |
|  |               | <hr/>       |          |          |          |          |
|  |               | 7475 95     |          |          |          |          |

36-30  
Reinf.  
Con.

He recommends:

1. That the contract for the sanitary sewer for the Woman's Gymnasium be awarded to Mr. L. Linderman, the low bidder, but that the higher one of his two bids, which is \$537.95, be accepted, because the location of that line is more favorable than the cheaper one, and the difference in the cost is not great.

2. That the contract for storm drains, starting at Iowa and Lincoln Avenues in Urbana and extending up to where a branch can be taken for the Woman's Gymnasium, be awarded to Kent & Company on the basis of their bid of \$2448. This is for 24" concrete tile.

3. That the contract for a 36" extension of a drain from the Wright Street sewer, west along Armory, reduced to a 30" drain at Sixth Street, and extended south to Gregory Drive—this tile to be of reinforced concrete—be awarded to Kent & Company on the basis of their low bid of \$4490.

The total of these contracts will amount to \$7,475.95. Funds for this work are available in the Physical Plant Extension Appropriation.

I recommend award of these contracts as indicated in each case.

On motion of Mr. Simpson, the contract for the sanitary sewer was awarded to Mr. Linderman, on the basis of his bid of \$537.95, as recommended.

On motion of Mrs. Grigsby, the contract for storm drains for the Woman's Gymnasium was awarded to Kent & Co., the lowest bidder, as recommended.

On motion of Mr. Trees, the contract for storm drains connecting with the Wright Street system was awarded to Kent & Co., the lowest bidder, as recommended.

#### **CHARGES AGAINST ILLINOIS UNION FOR STEAM AND ELECTRICAL INSTALLATIONS**

(21) Certain changes have been made for the Illinois Union in the steam returns and electrical conduits between the Campus and the Union Building at a total cost of \$2,678.02. The Board of Directors of the Illinois Union request permission to reimburse the University for this work on a deferred-payment plan to begin September 1, 1931, and to be spread over a period of four years, payments to be made monthly, and to be prorated to the heat, light, and power bills submitted by the University for these services.

The Supervising Architect and the Comptroller recommend approval, and I concur.

On motion of Dr. Noble, this recommendation was approved.

#### **PAYMENT OF PATENT ATTORNEY FEES**

(22) The Supervising Architect submits statements from Brown, Jackson, Boettcher, & Dienner, patent attorneys for fees and services in connection with certain patent cases as follows:

|  |                 |
|--|-----------------|
| Dana Burks, Jr., Case 1—Chemical Treatment of Water.....                       | \$309 00        |
| Dana Burks, Jr., Case 2—Means and Method of Freezing a Clear Block of Ice..... | 285 20          |
| Paine, Brown, and Tykociner—Cable Testing Invention.....                       | 50 00           |
| Buswell & Boruff, Case 1—Cellulose Digestion.....                              | 15 00           |
| Disbursements.....   | 4 11            |
| Babbitt & Schlenz, Case 1—Sludge Digestion.....                                | 32 00           |
| <i>Total</i> .....   | <u>\$695 31</u> |

These statements are submitted to the Board for approval. Provision has been made in the budget for 1930-31 for the payment of such expenses.

On motion of Mr. Fisher, this payment was authorized.

#### **PURCHASE OF SHELVING MATERIAL FOR LIBRARY**

(23) The Supervising Architect requests authority to place an order with the Palttridge Metal Equipment Company for bases and shelving, to be used in connection with some old shelving material left over when the Library was moved to the new building, for the construction of newspaper shelving in the south basement of the Library Building, at a price of \$4,943.80, f.o.b. trucks at the building. The cost of this material will be charged to the Physical Plant Extension Appropriation.

I recommend that this purchase be authorized.

On motion of Dr. Noble, this purchase was authorized.

### CONTRACT FOR CATTLE FEEDING PLANT AND AGRONOMY SEED HOUSE

(24) The Supervising Architect reports that on July 18, 1930, bids were received on the general contract and equipment for the addition to the Cattle Feeding Plant, with Mrs. Laura B. Evans of the Board present at the opening of these bids. The low bidder on the general contract was the Keystone Construction Company of Kansas City with a bid of \$43,750; the low bidder on the equipment was the Webster Manufacturing Company of Bloomington, Illinois, with a bid of \$20,976. These bids exceed the available balance (\$54,606.30) in the appropriation of \$115,000 made by the last General Assembly for additions to the Cattle Feeding Plant and the Agronomy Seed House.

The general contract bid includes rebuilding two of the present silos, estimated by the contractor to cost \$4,780, which may be charged against the Physical Plant appropriations for maintenance. One of the items in the equipment schedule, a grain dryer estimated to cost \$3,343, may be purchased out of the special equipment fund of the College of Agriculture. The electric wiring, estimated to cost \$1,270, can be done by the Physical Plant Division after the completion of the general contract. The bid also provides for a credit of \$245 on roofing. By taking this credit and eliminating the cost of the rebuilding of the two silos, the electric wiring, and the grain dryer from the bids the net contract price can be reduced to \$53,866, which is within the balance available for this work.

The Supervising Architect recommends that this plan be followed and that the contract for the general work be awarded to the Keystone Construction Company of Kansas City, low bidder, on their base bid of \$43,750, with the deductions indicated; and that the equipment contract be awarded to the Webster Manufacturing Company of Bloomington, Illinois, on the basis of their bid of \$20,976.

I recommend approval.

On motion of Mr. Trees, these contracts were awarded as recommended, and the plan of procedure proposed by the Supervising Architect was approved.

### ROYALTIES ON PHOSPHORUS TEST SOLUTION

(25) On December 12, 1929 (Minutes, page 464), the Board voted to enter into an agreement with the Urbana Laboratories giving them the exclusive right to manufacture and sell a solution known as the "Field Test for Available Phosphorus in Soils," under the trade name of "Hi-Lo-Fosphate." The University has applied for a patent on this solution. Under the terms of this contract a royalty of ten cents a quart is to be paid the University on all sales of this product by this Company. At the meeting of the Board on February 5, 1930 (Minutes, page 512), a report was made of the receipt of \$10.94 in royalties up to December 31, 1929. The Comptroller now reports the receipt of \$42.05 in royalties for the first quarter and \$32.39 for the second quarter of 1930, making a total of \$85.38 received to June 30, 1930.

This report was received for record.

### GIFTS TO THE UNIVERSITY

(26) The following report of gifts received and accepted since the last report was made to the Board:

1. From the Standard Brands Incorporated of New York a renewal of the \$3,500 grant made by the Fleischmann Yeast Company in 1929, known as the Fleischmann Research Fund, (Minutes, April 10, 1929, page 161) for research work on the effect of yeast on the digestive tract. One-half payment of \$1,750 for this fund for 1930-31 has been received and deposited with the Comptroller.

2. From Mr. Robert F. Carr, the sum of \$900 for research work on allergy (asthma, hay fever, etc.) in the College of Medicine, this being the second payment on his gift of \$1,800 for this work. (Minutes, February 20, 1930, page 530, and May 9, 1930, page 584.)

3. From the Chicago Bridge and Iron Works, specimens of structural steel, for use in the cooperative investigations of Biaxial Stresses and of Riveted Connections toward which the Company has also advanced \$1,700 for each investigation (Minutes, March and April, 1928, pp. 565 and 582).

This report was received for record.

## REGISTRAR'S REPORT OF FEES

(27) The following report from the Registrar of fees assessed for the second semester of 1929-30:

REGISTRAR'S REPORT OF FEES ASSESSED  
SECOND SEMESTER, 1929-30  
URBANA DEPARTMENTS

|  | <i>Gross</i>        | <i>Refund</i>     | <i>Net Total</i>    |

<sup>1</sup>Does not include deposits, breakage fees, and locker fees. During the academic year a total of \$17,357.53 has been assessed on account of these items. The total refunds on these items has been \$4,559.32. The year figures are given rather than the semester figures because several of these items are assessed the first semester and refunded in June.

This report was received for record.

**QUARTERLY REPORT OF THE COMPTROLLER**

(28) The following quarterly report of the Comptroller to the Board as of June 30, 1930.

**TO THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS**

I transmit herewith the Quarterly Report required of me covering the financial transactions of the University for the quarter ended June 30, 1930. The Report includes the following statements:

Schedule A. Statement of the Reserve and Contingent Fund, or working balance of general income, for the quarter.

Schedule A1. Statement of Budget Income for the year 1929-30.

Schedule B. Realization of Income for Operation. This statement shows the estimated income for all purposes other than for new buildings provided for by Special State Appropriations, for the current fiscal year, and the amount realized from each source to June 30. The amount shown as realized from State Appropriations is one-half of the appropriation for the current biennium for operation, maintenance, and equipment. The amount realized from Student Fees is the net amount after allowing for all rebates. The amount realized from Sales is the total sales irrespective of whether collection has been made in cash.

Schedule C. Summary of Receipts and Disbursements. This statement shows the amount of cash receipts from all sources for the current fiscal year to June 30, deposited with the Treasurer of the University, also the amount appropriated to the University by the State for the current fiscal year. It shows also the disbursements from funds in the hands of the University Treasurer and from State Appropriations and the unexpended (not unencumbered) balance in each fund as at June 30.

Schedule D is a summary of the appropriations made by the Board of Trustees for the current fiscal year, the expenditures from these appropriations, the outstanding encumbrances in the form of orders and contracts, and the free balances on June 30. Included with appropriations under the heading "Total Credits" are reappropriations of balances from the previous year and sales credited to departments.

Schedule E shows operation of storerooms and service departments. Costs of materials and labor are first charged to these revolving accounts, and later are charged to appropriation accounts when the service has been completed, the revolving accounts being credited. Balances are represented by stock on hand or work in process, and have been verified by actual inventories during June, 1930.

Schedule F is a summary of all trust endowments held by the University, and Schedule G is a summary of the operations of all expendable trust funds.

Schedule H is a balance sheet showing all assets for which the Board of Trustees is responsible and all commitments and obligations of those assets.

Appendix I is a summary of the operations of the Residence Halls for the year.

Appendix II is a report of the Memorial Stadium Fund, of which the Board of Trustees is custodian.

The figures contained in this Report are cumulative for the fiscal year and, therefore, represent the financial operations of the University for the fiscal year ended June 30, 1930, and the financial condition of the University at that date. They will be presented in complete form in the Annual Report of the Comptroller to be published at a later date.

This report is subject to audit by the accounting firm employed by the Board for that purpose. The certificate of audit will be furnished as soon as the audit is complete.

Respectfully submitted,

LLOYD MOREY  
*Comptroller*

REPORT OF THE TREASURER

(29) The Treasurer of the University submits the following report, as required by the By-Laws of the Board, of the securities in his possession as at June 30, 1930, and also a report of receipts and disbursements from July 1, 1929, to June 30, 1930. The Comptroller reports that this report has been examined by him and he certifies that it is in accordance with his records. The Treasurer's report will be subject to audit by the public accounting firm retained by the Board for regular audits of accounts of the University at the time of the next regular audit, which will be within the next sixty days.

July 14, 1930

*The Board of Trustees of the University of Illinois, Urbana, Illinois*

GENTLEMEN:

In compliance with the by-laws of the Board of Trustees of the University of Illinois, Article 6, Section 4, pertaining to the duties of the Treasurer, I am submitting herewith a detailed report of the securities in my possession as at June 30, 1930, also a report of all receipts and disbursements from July 1, 1929, to June 30, 1930.

Respectfully yours,

HAZEN S. CAPRON  
*Treasurer*

<sup>3</sup>Authorized by Board of Trustees, June 19, 1930.

<sup>4</sup>Arranged by Supervising Architect.

H. M. EDWARDS  
*Purchasing Agent*

This report was received for record.

**REPORT OF ACCIDENT COMPENSATION COMMITTEE**

(31) The report of the Committee on Accident Compensation for employees for six months ending June 30, 1930.

This report was received for record.

**INCOME FROM SUMMER SESSION ENTERTAINMENT**

(32) The Director of the Summer Session reports that a recent performance of the "Tatterman Marionettes" resulted in a profit of \$105.00 to the University. The Comptroller suggests that this amount be credited to the Summer Session Budget, and I so recommend.

On motion of Mrs. Evans, this recommendation was adopted.

**UNUSUALLY HAZARDOUS CHARACTER OF SUMMER WORK OF  
PROFESSOR M. J. PRUCHA AND MR. S. L. TUCKEY**

(33) Professor M. J. Prucha and Mr. S. L. Tuckey of the Department of Dairy Husbandry wish to conduct certain investigations in thermophilic bacteria in pasteurized

milk in some of the Chicago plants which have bacteriological laboratories that can be used in this work. These investigations are in line with the Department's regular program of research work in dairy bacteriology. There appears to be some hazard involved in this work. At one time Professor Prucha was injured in the explosion of a sterilizer while he was conducting similar investigations. For this reason the Head of the Department of Dairy Husbandry and the Dean of the College of Agriculture recommend that this work be recognized as unusually hazardous work, and that permission be given Professor Prucha and Mr. Tuckey to engage in it. The investigations will be conducted during the summer and will probably require about two weeks' time.

I recommend approval.

On motion of Mrs. Grigsby, this recommendation was approved.

#### **DONATION OF OBSOLETE RAILWAY ENGINEERING EQUIPMENT TO ROSENWALD MUSEUM**

(34) The Museum of Science and Industry founded by Julius Rosenwald has asked the University to donate to the Museum any apparatus, equipment, or machines which have outlived their usefulness, but which may have a historic or museum value. The Director of the Museum has asked specifically if the University would not be willing to donate the old locomotive testing plant designed by Robert Quayle for the Chicago and Northwestern Railroad in 1895 and also the sectioned front end of a Richmond compound locomotive. Both of these pieces have outlived their usefulness from a scientific and instructional point of view and are at present deteriorating under the effects of the weather. The Head of the Department of Railway Engineering and the Assistant Dean of the College feel that these two pieces might well be donated to the Museum and so recommend.

I concur in their recommendation.

On motion of Mr. Trees, this donation was authorized.

#### **REQUEST OF MISSOURI-KANSAS PIPE LINE COMPANY FOR RIGHT OF WAY**

(35) A request from the Missouri-Kansas Pipe Line Company for permission to lay an 8-inch line north across the South Farm on a line about one thousand (1000) feet east of the First Street road extended, crossing University property from its southern limits to the city limits of Champaign. The Company submits a form of agreement which, if approved, would grant a perpetual easement or right of way for their use.

On motion of Mr. Armstrong, this matter was referred to the President of the University and the Legal Counsel for consideration and report.

#### **ATHLETIC ASSOCIATION BUDGET**

Mr. Trees presented for the Finance Committee a recommendation that the budget of the Athletic Association for the year beginning July 1, 1930, be approved.

On motion of Mr. Trees, this budget was approved.

#### **BAKER PRIZE FUND INVESTMENTS**

Mr. Trees presented for the Finance Committee a recommendation that the Treasurer be authorized to deposit \$300 of Vancouver Lumber Company Limited First Mortgage 7½ per cent gold bonds with the Continental Illinois Bank and Trust Company for the use of the Bond Holders Protective Committee under the terms of the Bond Holders Protective Agreement dated June 12, 1930. These bonds are part of the securities given by Professor Ira O. Baker to endow the Baker prizes.

On motion of Dr. Noble, this recommendation was adopted.

**MCKINLEY HOSPITAL FINANCES**

Mr. Trees, for the Finance Committee, made a report of progress on the consideration of the method of financing the McKinley Hospital.

**INVESTMENT OF WOMAN'S RESIDENCE HALL FUNDS**

Mr. Trees, for the Finance Committee, presented a recommendation that the Woman's Residence Halls Fund be not invested at present (see Minutes, June 3, 1930, page 600).

On motion of Mr. Trees, this recommendation was adopted.

**BUSWELL PATENTS RELEASED**

Mr. Fisher presented the following report.

At the meeting of the Board of Trustees on June 19, there was referred to the Committee on Patents the matter of releasing to A. M. Buswell the United States and Canadian rights in his patents on cellulose digestion.

The Committee has investigated this matter and, in view of the undeveloped state of the invention and the fact that Dr. Buswell made the invention while working for the State Water Survey division, the Committee recommends that the Board release to Professor Buswell and his associate in this project, C. S. Boruff, the rights which they have heretofore assigned to the University upon payment to the University of the items of expense shown on the University's books as having been expended in connection with these patents and the contract with F. N. Bard for the exploitation thereof.

J. W. ARMSTRONG  
W. L. NOBLE  
WALTER T. FISHER, *Chairman*  
*Committee on Patents*

On motion of Dr. Noble, this recommendation was approved, and the proper University officers were authorized to execute the necessary documents.

**URBANA COKE CORPORATION**

Mr. Fisher presented the following report.

On April 9, 1930, the Board referred to a special committee on patents the matter of releasing the Urbana Coke Corporation from any claim on the invention known as the Parr-Layng Coking Process, based on the clause providing that the corporation shall spend \$50,000 in five years in developing the process.

The committee finds that the sum mentioned has been spent within the period and recommends that the Board grant the request of the Urbana Coke Corporation.

J. W. ARMSTRONG  
W. L. NOBLE  
WALTER T. FISHER, *Chairman*  
*Committee on Patents*

On motion of Dr. Noble, this recommendation was concurred in.

**FOREIGN PATENTS ON BURKS INVENTION**

Mr. Fisher presented the following report.

President Kinley requested the Committee on Patents to ascertain whether anything should be done with reference to taking out foreign patents upon the invention of Dana Burks, Jr., on a method of freezing a clear block of ice.

On the basis of the information now in the possession of the Committee the Committee believes that there is no reason for making application for foreign patents on this invention.

J. W. ARMSTRONG  
W. L. NOBLE  
WALTER T. FISHER, *Chairman*  
*Committee on Patents*

On motion of Dr. Noble, this recommendation was adopted.

**REPORT OF THE COMMITTEE ON PATENTS**

Mr. Fisher presented the following report.

The Committee on Patents recommends that the Board make a declaration that the University waive any rights which it may have in any discovery which Dr. William H. Welker may have made in the refining and concentration of anti-toxin sera which will eliminate serum sickness reactions.

J. W. ARMSTRONG

W. L. NOBLE

WALTER T. FISHER, *Chairman*  
*Committee on Patents*

On motion of Mr. Fisher, this recommendation was adopted.

**FURNISHINGS FOR PRESIDENT'S HOUSE**

President Barr made a statement concerning the purchase of certain furnishings for the new President's House.

On motion of Mrs. Evans, the President of the Board was authorized to appoint a committee of three members (of which he should be one) to cooperate with President and Mrs. Chase in the purchase of furnishings for the new house. President Barr appointed the following committee: Mrs. Evans, Mr. Trees, Mr. Barr.

On motion of Dr. Noble, an appropriation of \$5000, or so much thereof as may be necessary, from the Reserve and Contingent Fund, was made for the purchase of furnishings for the new President's House. The vote was as follows: Aye, President Barr, Mr. Armstrong, Mrs. Evans, Mr. Fisher, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson, Mrs. Grigsby.

**APPOINTMENTS MADE BY THE PRESIDENT**

The Secretary of the Board presented for record a list of appointments by the President of the University.

Allison, Lowell Edward, Assistant in Soil Biology, in the Department of Agronomy, in the College of Agriculture, and in the Agricultural Experiment Station, for one year beginning September 1, 1930, at a cash compensation at the rate of one hundred sixteen dollars and sixty-six cents (\$116.66) a month. (July 15, 1930)<sup>1</sup>

Boyd, Mrs. Ella F., Director of Social Activities for the Summer Session at the Woman's Residence Hall, for two months beginning July 1, 1930, at a cash compensation at the rate of sixty-five dollars (\$65) a month, with maintenance, including living quarters, board, and personal laundry, while on duty. (July 16, 1930)

Bradley, William F., Assistant in Chemistry, on one-fourth time, for ten months beginning September 1, 1930, at a cash compensation at the rate of thirty dollars (\$30) a month. (July 9, 1930)

Dalton, C. E., Laboratory Helper in the Chemistry Department, for one year beginning September 1, 1930, subject to the rules of the Civil Service Commission, at a cash compensation at the rate of one hundred and twenty-five dollars (\$125) a month. (July 16, 1930)

Deere, Mabel, Editorial Assistant in the Agricultural Experiment Station, for one year beginning September 1, 1930, subject to the rules of the Civil Service Commission, at a cash compensation at the rate of one hundred and twenty-five dollars (\$125) a month. (July 14, 1930)

Derr, Paul H., Assistant in Physical Education, for ten months beginning September 1, 1930, at a cash compensation at the rate of one hundred and sixty dollars (\$160) a month. (July 10, 1930)

Ganster, William Allaman, Assistant in Architecture, for ten months beginning September 1, 1930, at a cash compensation at the rate of one hundred and seventy dollars (\$170) a month. (July 10, 1930)

Gazan, Margaret M., Stenographer in the President's Office, for one year beginning September 1, 1930, subject to the rules of the Civil Service Commission, at a cash

<sup>1</sup>The date in parenthesis is the date on which the appointment was made by the President of the University.

compensation at the rate of one hundred sixteen dollars and sixty-six cents (\$116.66) a month. (July 14, 1930)

Gilmore, Sylvia Coral, Assistant in the Order Department of the Library, for one year beginning September 1, 1930, subject to the rules of the Civil Service Commission, at a cash compensation at the rate of one hundred sixteen dollars and sixty-six cents (\$116.66) a month. (July 22, 1930)

Grimm, Thelma F., Assistant in Zoology, on one-half time, for ten months beginning September 1, 1930, at a cash compensation at the rate of sixty dollars (\$60) a month for the first semester, and seventy dollars (\$70) a month, for the second semester. (July 9, 1930)
