

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

December 9, 1930

The December meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 10 o'clock a.m. on Tuesday, December 9, 1930. The following members were present: President Barr, Mr. Armstrong, Mrs. Blake, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees.

President Chase was present; also Professor J. M. White.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of November 14, 1930.

On motion of Dr. Noble, the minutes were approved as printed on pages 117 to 124 above.

MATTERS PRESENTED BY PRESIDENT CHASE

The Board considered the following matters presented by the President of the University.

ADDITIONAL APPROPRIATION FOR SCHOOL OF JOURNALISM

(1) A report that I have authorized the addition of two hundred dollars to the expense and equipment budget of the School of Journalism for wages of temporary employees, in accordance with the authority given the President to make such adjustments in the budget.

On motion of Mr. Fisher, this action was confirmed and approved.

APPROPRIATION FOR STUDY OF CRIMINAL JUSTICE

(2) President Hoover's National Commission on Law Observance and Enforcement has asked the University of Illinois to conduct an investigation of the cost of litigation in the administration of criminal justice in about ten cities of this State. The Commission is limiting its investigation to cities with a population in excess of twenty-five thousand inhabitants. Since the Commission has no fund available for this purpose it is asking the cooperation of the universities and certain civic and other organizations to assist in this study.

It is estimated that the cost of conducting such an investigation in Illinois would be about one thousand dollars. Since this request comes from an agency of the Federal Government, it seems to me that the University may properly cooperate with it. The work would be done under the direction of the College of Law and the Department of Political Science.

I request that this study be authorized and that the sum of one thousand dollars, or so much thereof as may be necessary, be appropriated from the Reserve and Contingent fund for the expenses of this investigation.

On motion of Mrs. Evans, this study was authorized and the appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Blake, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson.

GRADUATE SCHOLARSHIPS AND FELLOWSHIPS

(3) A recommendation that the sum of twenty-five thousand dollars be provided in the budget for 1931-32 for graduate scholarships and fellowships.

On motion of Dr. Noble, the President of the University was authorized to include this item in the budget for 1931-32.

LEAVE OF ABSENCE FOR DEAN T. A. CLARK

(4) A recommendation that Dean T. A. Clark be given leave of absence with pay on account of illness beginning December 1, 1930, and continuing for such length of time within the present academic year until he is able to resume his duties.

On motion of Mrs. Grigsby, this leave was granted.

RETIREMENT OF MISS DAISY BLAISDELL

(5) A request from Miss Daisy Blaisdell, Assistant Professor of German, who will reach the age of sixty-five during the present academic year, that she be permitted to retire on September 1, 1931, under the rules of the Board of Trustees which provide that in special cases and for substantial cause retirement may be permitted at any time after a member becomes sixty-five years of age.

I recommend that Miss Blaisdell be retired September 1, 1931, with a retiring allowance of \$1,330 a year, to which her length of service entitles her under the rules of the Board.

On motion of Mr. Trees, this recommendation was adopted.

CURRICULUM IN THE SCHOOL OF PHARMACY

(6) A recommendation from the University Senate that, effective in September, 1932, the present three year curriculum in the School of Pharmacy be replaced by a four

year curriculum leading to the degree of Bachelor of Science in Pharmacy, the first year of the new curriculum to be administered in the form of an admission requirement, viz:

1. For admission to the School of Pharmacy, students must have completed in a recognized college or university one year's work comprising not less than 30 semester hours, exclusive of military science, physical education, and hygiene. The work of this year must include prescribed subjects as follows:

	Semester Hours
Chemistry (preferably including qualitative analysis)	8-10
English	6
Mathematics (including algebra and trigonometry)	5

The remaining hours to be made up from electives shall be subject to the following restrictions: No work in chemistry in addition to the prescribed work may be elected; and no course in subjects offered in the School of Pharmacy (including botany, physiology, and bacteriology) may be elected. As desirable electives the following are recommended: accountancy, history, zoology, and economics.

2. A suitable course in physics shall be included in the Pharmacy curriculum and the courses in inorganic chemistry and qualitative analysis now included in the Pharmacy curriculum shall be discontinued. (The recommendation pertaining to a course in physics is made contingent on the availability of funds.)

3. The degree of Pharmaceutical Chemist shall be discontinued excepting that provision be made to allow students who have already entered this course a reasonable time in which to complete it.

4. On the completion of this four year curriculum, the degree of Bachelor of Science in Pharmacy shall be awarded.

I recommend approval.

On motion of Mr. Armstrong, these recommendations were adopted.

CHANGE IN CURRICULUM IN ATHLETIC COACHING

(7) A recommendation from the University Senate that the prescribed curriculum in Athletic Coaching as approved by the Board of Trustees on December 12, 1929, (page 463) be modified by the substitution of Rhetoric 2 (Rhetoric and Composition), a three-hour course, and English 7 (a new course on Ideas and Forms of English Literature), a two-hour course, for Rhetoric 12 (Rhetoric and Literature—a combination of rhetoric and an elementary study of literature), a five-hour course.

On motion of Mr. Trees, this recommendation was adopted.

CONTRACT FOR REFRIGERATION FOR MEDICAL AND DENTAL LABORATORIES BUILDING

(8) The Supervising Architect submits the following schedule of bids secured by Granger & Bollenbacher on automatic electrical refrigeration equipment for the Medical and Dental Laboratories Building:

General Electric Company	\$7,487.35
Frigidaire Corporation	6,574.87

This will include nine refrigerators and a water cooler on each of eight floors.

The Supervising Architect and the Medical faculty are of the opinion that the refrigerators supplied by the General Electric Company are better suited to the work to be done in this building, and recommend that the General Electric equipment be installed. The contract will be drawn to provide that replacements of defective units are to be made promptly and at the time the unit is removed.

I concur in this recommendation.

On motion of Mr. Armstrong, this contract was awarded to the General Electric Company as recommended.

APPROVAL OF REQUISITIONS FOR VARIOUS PURCHASES

(9) A report of the approval of requisitions for the following purchases, amounting to one thousand dollars or over:

1. Two apron conveyors for the Boiler House at a cost of \$1,459 net, f.o.b. Urbana, from the Webster Manufacturing Company of Bloomington, low bidder on this equipment.

2. Labor and material for extending electric power lines to the cattle feeding plant, the cost to be charged to the appropriation for Physical Plant Extensions.

3. One Studebaker two-ton truck at \$1,115 net, (\$1,330 minus allowance for 1922 Graham Brothers one-and-a-half-ton truck \$215) from the Kincaid Motor Company of Champaign, the cost to be charged to the appropriation for Physical Plant Extensions.

This report was received for record.

PURCHASE OF FURNITURE FOR CHEMISTRY ANNEX BUILDING

(10) A recommendation that the Purchasing Agent be authorized to purchase furniture for the offices, laboratories, and classrooms, and also projection equipment for the lecture room, for the Chemistry Annex building. The estimated total cost of this equipment is \$5,200. The Purchasing Agent is not yet ready to place the orders, and this authorization is requested because the furniture and equipment will have to be purchased as soon as possible to have it ready for use at the beginning of the second semester.

On motion of Mrs. Blake, these purchases were authorized.

ALUMNI FOUNDATION

(11) A request for a hearing for a committee of alumni concerning the organization of an Alumni Foundation.

This request was granted, and the following members of the alumni committee were heard: Mr. William J. Wardall, Mr. Wensel Morava, Mr. Glenn M. Hobbs, and Mr. E. L. Scheidenhelm. Mr. Wardall presented a plan of organization.

On motion of Dr. Noble, the President of the Board was requested to appoint a special committee (to include Mr. Barr and Mr. Fisher) to consider this matter and to report to the Board. President Barr appointed the following committee: Mr. Armstrong, Chairman, Mr. Barr, Mrs. Blake, Mrs. Evans, Mr. Fisher, Mr. Trees.

REQUEST OF DELTA PHI FRATERNITY FOR USE OF DRIVEWAY ADJOINING SKATING RINK

(12) A report from the Supervising Architect that a driveway will be reserved west of the proposed skating rink between that building and the Sigma Pi fraternity which fronts on Armory Avenue; and that the Delta Phi fraternity whose house fronts on Fourth Street asks permission to use this driveway for occasional access to rear of their property.

He recommends that this privilege be granted and I concur in the recommendation.

On motion of Mr. Fisher, this privilege was granted, subject to termination by the Board at any time, on thirty days notice in writing.

VACATION OF HARVEY STREET

(13) A report that the City of Urbana has vacated that portion of Harvey Street in Urbana extending from the Illinois Traction Company's right of way south to the Boneyard, on which the University owns all of the abutting property, in accordance with the petition of the University authorized by the Board on September 20, 1928 (page 27).

This report was received for record.

PURCHASE OF LAND IN MT. HOPE CEMETERY

(14) The Supervising Architect reports that the Supervisors of the Town of the City of Champaign desire to sell certain land in Mt. Hope Cemetery which was dedicated to the public for pauper burial purposes at the time the cemetery was platted, for a consideration of six thousand dollars. The net area is 2.13 acres without including any portion of the surrounding streets, but the plat calls for nearly three acres which might give title to portions of the street on the north.

He recommends that this offer be accepted and I concur in this recommendation.

On motion of Mrs. Blake, this purchase was authorized and the appropriation was made by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Blake, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson.

REQUEST OF PANHANDLE-ILLINOIS PIPE LINE COMPANY

(15) The Panhandle-Illinois Pipe Line Company has requested a right of way across the south farm for a natural gas pipe line to serve the communities around the University. Their original request was for a permanent right of way which, of course, the Board of Trustees is without power to grant. The company now asks on what terms the University would permit them an easement across the campus for this pipe line.

The Legal Counsel is of the opinion that the Board should not execute the form of agreement for a right of way which the Company has submitted for the reason that it does not appear that it is deemed necessary to grant a permanent easement for right of way purposes in order in any way to aid the Board in conducting the University as an educational agency. On the other hand, he points out that it is conceivable that the grant might be directly associated with the exercise of the lawful powers of the Board although such does not appear to be the situation. He is also of the opinion that while the Board should not execute a permanent grant of right of way the Board is not precluded from giving a license upon such terms as it deems safe and revocable whenever the interests of the University require it. The Board might see its way clear to permit a pipe line across the campus in circumstances not interfering with its educational uses and subject to revocation whenever the interests of the University require such action, just as it permits the public to travel over the streets and high-ways across the campus. This would be in keeping with the policy of the Board to offer a minimum of obstruction in the way of community improvement or enterprise.

I recommend that this matter be referred to the Committee on Buildings and Grounds for consideration and report to the Board at its next meeting.

On motion of Mr. Trees, this recommendation was adopted.

GIFT OF PHOTOGRAPHS TO BOTANY DEPARTMENT

(16) A report that I have authorized the acceptance of a collection of five hundred mounted photographs illustrating the vegetation of Western China from the John Crerar Library of Chicago, through the courtesy of Mr. J. Christian Bay, Librarian, for the use of the Department of Botany.

This report was received for record.

GIFT OF CHICAGO BRIDGE & IRON WORKS

(17) A report from the Dean of the College of Engineering that the Chicago Bridge & Iron Works, which has provided \$1,700 a year for certain research investigations on Biaxial Stresses and Riveted Connections, has in addition to these funds furnished specimens for testing amounting to \$4,434.26.

This report was received for record.

**COMPTROLLER'S REPORT OF CONTRACTS AND
PURCHASE ORDERS**

(18) The following report from the Comptroller of contracts and purchase orders executed since the last report:

*CONTRACTS EXECUTED BY THE COMPTROLLER
NOVEMBER 8, 1930, TO DECEMBER 3, 1930*

Miscellaneous contracts executed under general regulations:

<i>Name</i>	<i>Amount to be received by the University</i>	<i>Date</i>	<i>Item</i>
Illinois State Board for Vocational Education	Regular Fees	November 14, 1930	Regular instruction in Pre-Medical course to be rendered to Theodore Taylor for one year from September 19, 1930

**LLOYD MOREY,
Comptroller**

*PURCHASE ORDERS ISSUED IN NOVEMBER NOT
OTHERWISE REPORTED*

<i>Vendor</i>	<i>Item</i>	<i>Amount \$3000</i>	<i>Department</i>	<i>Appropriation Made in Budget For</i>	<i>Procedure</i>
The Vilter Manufacturing Company	Equipment for Experimental Ice Plant		Engineering Experiment Station	Engineering Experiment Station Water Treatment for Ice Manufacture	Competitive
Webster Manufacturing Company	Apron Conveyors	1459	Supervising Architect	Boiler House Addition	Competitive

**H. M. EDWARDS,
Purchasing Agent**

This report was received for record.

EXAMINATIONS FOR CERTIFIED PUBLIC ACCOUNTANTS

(19) A recommendation from the Committee on Accountancy that the following regulations providing for the employment and compensation of assistants to the Board of Examiners in Accountancy be adopted as additions to the present regulations governing the conduct of such examinations:

*EMPLOYMENT AND COMPENSATION OF ASSISTANTS TO THE
BOARD OF EXAMINERS IN ACCOUNTANCY*

1. *Employment of Assistants*

The University Committee may, subject to the approval of the President of the University, employ properly qualified Certified Public Accountants of senior grade and attorneys skilled in commercial law to assist the Board of Examiners.

2. *Compensation of Assistants*

The University Committee, from time to time, shall determine the basis and rate of compensation of such assistants, having in view the receipts from fees paid by candidates, the character of the service, and the public nature of the work.

3. *Submission of Bills by Assistants*

All bills submitted by assistants shall furnish reasonable details of the work done. Such bills shall be certified to as correct by the assistant concerned and the Board of Examiners and transmitted to the University Committee.

I recommend the adoption of these regulations.

On motion of Mr. Simpson, these regulations were adopted.

PURCHASE OF FUME HOODS FOR CHEMISTRY ANNEX

(20) The Supervising Architect submits the following bids received on fume hoods for the Chemistry Annex:

BIDS RECEIVED ON FUME HOODS FOR THE CHEMISTRY ANNEX

The Duriron Company on Durimet "K" finished with three coats lacquer on the exterior, f.o.b. Dayton, Ohio	\$12 108 00
The Harry Derrough Company on Durimet "K", 16 gauge welded joints, f.o.b. building (presumably unpainted)	9 000 00
On one-quarter inch thick cast aluminum one piece construction, f.o.b. building	5 001 00
The Adelbert Coleman Company (a division of the Kawneer Company) on combined cast and sheet aluminum, cast ends, otherwise sheet aluminum, f.o.b. Urbana	6 475 00
Sheldon and Company on "Shelstone" except tops of #14 gauge sheet aluminum with baked enamel on aluminum, f.o.b. Urbana	4 336 80
Same as above but with tops of #18 gauge Armco iron	3 840 00
On all asbestos lumber construction, except aluminum blades with C. I. handles, f.o.b. Urbana	2 976 00
Asbestos Wood Mfg. Co. Original bid, using Johns-Manville "Transite" except aluminum blades with C. I. handles, f.o.b. building	4 320 00
Revised bid on similar construction but including the use of thinner material for top, roof, and ends	3 072 00
Structural Slate Company on slate except provide aluminum blades and C. I. handles, assembled f.o.b. Urbana	6 000 00
Alberene Stone Company on alberene stone, except for aluminum blades and C. I. handles, f.o.b. Urbana	5 814 00

No stock hood met the approval of the chemistry faculty, so that one was designed and bids were secured on these hoods in various materials. Professor Roger Adams, Head of the Department of Chemistry, recommends the use of aluminum, upon which two bids have been secured—one, the lower bid, on cast aluminum and the other on a combination of cast and sheet aluminum.

The Supervising Architect believes that it is unnecessary and perhaps unwise to award a contract without having a satisfactory sample submitted and inasmuch as the proposal is for delivered material only, the equipment can be secured on a purchase order. He recommends that the Board authorize the placing of this order for aluminum hoods with the Harry Derrough Company on the basis of their bid of \$5,001 if the sample is satisfactory, and if not, with the next bidder, The Adelbert Coleman Company (a division of the Kawneer Company of Niles, Michigan) on their bid of \$6,475.00.

I concur in this recommendation.

On motion of Mrs. Evans, this recommendation was adopted.

CONTRACT FOR 1930-31 ANNUAL REGISTER

(21) The Comptroller submits the following proposals received, on the basis of uniform specifications, for printing and binding the 1930-31 Annual Register:

Illinois Printing Company, Danville	\$6 550 00
Rogers Printing Company, Dixon	7 075 00
Louis Schwab and Company, Peoria	7 150 00
Gentry Printing Company, Chicago	7 400 00
R. R. Donnelley and Sons Company, Chicago	7 525 00
Journal Printing Company, Springfield	7 680 00
W. B. Conkey and Company, Hammond, Indiana	7 900 00

The Director of the University Press, the Purchasing Agent, and the Comptroller recommend that the contract be placed with the Illinois Printing Company of Danville, the lowest bidder, at an estimated total cost of \$6,550.

I concur in this recommendation.

On motion of Mr. Armstrong, this contract was awarded to the lowest bidder, as recommended.

**CRAFTSMANSHIP AWARDS FOR WORK ON MEDICAL AND DENTAL
LABORATORIES BUILDING**

(22) A recommendation from the Supervising Architect that the University join with the Architects Club of Chicago in making craftsmanship awards to mechanics in the various building trades whose work in connection with the construction of the Medical and Dental Laboratories Building has been the most skillful, intelligent, and conscientious, one such award to be made for each craft or trade represented. The prizes would consist of gold lapel buttons and would be awarded in the building just before its completion when all of the workmen on the job could be present. The total cost involved would be not more than \$500.

The plan has been successfully carried out elsewhere and seems to me very much worth while in securing greater interest on the part of the craftsmen in their work.

This matter was referred to the President of the University for further investigation and report.

**RESOLUTION CONCERNING PROPOSED MINERAL INDUSTRIES
BUILDING**

(23) The following resolution from the Illinois Chamber of Commerce:

*RESOLUTION ADOPTED BY THE ILLINOIS
CHAMBER OF COMMERCE*

At Its Regular Meeting on Friday, November 21, 1930.

BE IT RESOLVED:

In view of the primary importance of the mineral resources existent in the State of Illinois and the great possibilities that lie in scientific research as applied to these resources, the Administrative Committee of the Illinois Chamber of Commerce does hereby unanimously endorse the movement to establish at the University of Illinois, as a part thereof, a State Mineral Industries Building to house the comprehensive research work of the state geological survey and teaching services of the Department of Geology,—said State Mineral Industries Building to be financed by appropriation by the State of Illinois.

In adopting this resolution, we are mindful of the fact that the mineral resources of the State of Illinois are to play an important part in its continued development, that in scientific research there lies the possibility of rectifying unfavorable economic conditions which affect the State, as are so plainly exemplified today in the coal industry. We are very glad indeed in the circumstances to endorse this project and express the hope that it may become an actuality.

J. PAUL CLAYTON
President

O. G. FERRIS
Secretary

This resolution was received for record.

BUILDING PROGRAM

(24) A statement concerning the building program of the University.

On motion of Mr. Trees, this matter was referred to the President of the University for further study and report at the next meeting of the Board.

DATE OF JANUARY MEETING

On motion of Mr. Trees, it was voted to hold the January meeting at the Blackstone Hotel, in Chicago, at 10 o'clock a.m. on Friday, January 9, 1931.

PRESIDENT'S HOUSE

On request of President Barr, Professor White presented a recommendation that an additional appropriation of \$8,000 be made for the President's house.

On motion of Mrs. Evans, this appropriation was made, by the following vote: Aye, Mr. Armstrong, Mr. Barr, Mrs. Blake, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson.

RECOMMENDATIONS OF THE COMMITTEE ON LANDSCAPING THE CAMPUS AT MEETING HELD DECEMBER 8, 1930

Mrs. Blake presented the following report:

The committee recommends that the Department of Horticulture determine its arboretum requirements and consult with Mr. Platt and Mr. Vitale in the preparation of a landscaping plan for the arboretum development to be submitted to the Board.

In view of the Board's decision not to pave certain important streets on the campus, the committee recommends that the Board establish the policy of putting in concrete curbing on the streets and request Professor White's recommendations as to carrying out such policy.

In view of the planting requirements of the University's landscaping plans and the desirability of raising this material ourselves at low cost, the committee recommends that six to ten acres more be allotted for nursery purposes.

On motion of Dr. Noble, these recommendations were adopted.

COMMITTEE ON BUILDINGS AND GROUNDS

Mr. Armstrong, for the Committee on Buildings and Grounds, made a report of progress on the consideration of the use of the Noyes house, and presented the following recommendations.

GOLF COURSE

A recommendation that Professor White's plan of development of the golf course south, and west of the Stadium, taking in possibly 25 acres of the forty-acre pasture to the south, and such portion of the area between First Street and the Illinois Central, to the west, as may be necessary to secure a good course, be approved, and that Mr. Huff be authorized to develop the course on this area, at the expense of the Athletic Association; further that the City of Champaign be requested to vacate Florida Avenue from First Street to Fourth Street, in consideration of the opening by the University of a new avenue across the forty acres further south, the exact location and direction of the avenue to be determined as the studies for the golf course develop.

On motion of Mr. Armstrong, these recommendations were adopted.

HARDWARE FOR PRESIDENT'S HOUSE

A further recommendation from the Committee that the contract for the hardware for the President's house be awarded to the Midwest Hardware Company, the lowest bidders, on the basis of their bid of \$2,000.

On motion of Mr. Armstrong, this recommendation was adopted. President Barr requested Mr. Fisher to take the chair.

NAMING OF STREETS AND DRIVES

Mr. Barr, for the special committee on naming campus streets and drives, presented a recommendation that the drive just west of the Chemistry and Agriculture buildings be named Draper Drive.

On motion of Mr. Barr, this recommendation was adopted.

APPOINTMENTS MADE BY THE PRESIDENT

The Secretary of the Board presented for record a list of appointments made by the President of the University.

Almquist, C. O., Instructor in Surgery, in the College of Medicine, beginning November 15, 1930, and continuing until September 1, 1931, without salary. (November 28, 1930)¹

Bancroft, Burton Richard, Assistant in Anatomy, in the College of Medicine, on one-fourth time, beginning November 15, 1930, and continuing until June 1, 1931, without salary. (November 28, 1930)

Brosnahan, Mary, Typist in the Auditor's Division of the Business Office, for nine months beginning December 1, 1930, subject to the rules of the Civil Service Commission, at a cash compensation at the rate of eighty dollars (\$80) a month. (November 17, 1930)

DePue, James Marshall, Instructor in Anatomy, in the Department of Zoology, for five months beginning February 1, 1931, at a cash compensation at the rate of three hundred sixty dollars (\$360) a month. (December 5, 1930)

Lowery, Clarana Elizabeth, Typist in the Auditor's Division of the Business Office, for nine months beginning December 1, 1930, subject to the rules of the Civil Service Commission, at a cash compensation at the rate of one hundred dollars (\$100) a month (this supersedes her previous appointment). (November 17, 1930)

Malcolm, Robert Bruce, Associate in Surgery, in the College of Medicine, beginning November 15, 1930, and continuing until September 1, 1931, without salary. (December 1, 1930)

Murch, Edith, Extension Specialist in Landscape Architecture (with the rank of Associate), in the Department of Horticulture, in the Agricultural Extension Service, for eight months beginning January 1, 1931, at a cash compensation at the rate of two hundred dollars (\$200) a month. (December 1, 1930)

Noelck, Richard A., Technician in the Laboratory of Physiological Chemistry, in the Department of Physiology and Physiological Chemistry, in the College of Medicine, for ten months beginning November 1, 1930, at a cash compensation at the rate of ninety dollars (\$90) a month. (November 24, 1930)

Oneal, Mrs. Mary, Typist in the Business Office, for nine months beginning December 1, 1930, subject to the rules of the Civil Service Commission, at a cash compensation at the rate of ninety-five dollars (\$95) a month. (November 17, 1930)

Randall, G. S., Assistant in Junior Club Work, in the Agricultural Extension Service, in the College of Agriculture, for nine months beginning December 1, 1930, at a cash compensation at the rate of two hundred dollars (\$200) a month (this supersedes his previous appointment). (November 20, 1930)

Rheingold, Joseph Cyrus, Resident in the Department of Neurology and Psychiatry, in the College of Medicine, for seven months beginning December 1, 1930, at a cash compensation at the rate of fifty dollars (\$50) a month. (December 3, 1930)

Sarma, P. Joseph, Associate in Surgery, in the College of Medicine, for ten months beginning November 1, 1930, without salary. (November 24, 1930)

Schuck, Evelyn Caroline, Typist and Filing Clerk in the Order Department of the Library, for nine months beginning December 1, 1930, subject to the rules of the Civil Service Commission, at a cash compensation at the rate of seventy-five dollars (\$75) a month. (December 1, 1930)

Wood, Raymond, Typist in the Business Office, for nine months beginning December 1, 1930, subject to the rules of the Civil Service Commission, at a cash compensation at the rate of ninety dollars (\$90) a month (this supersedes his previous appointment). (November 17, 1930)

The Board adjourned.

H. E. CUNNINGHAM

Secretary

GEORGE A. BARR

President

¹The date in parenthesis is the date on which the appointment was made by the President of the University.
