

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**September 29, 1944**

The September meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 4 p.m. on Friday, September 29, 1944.

When the Board convened, the following members were present: President Livingston, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. McKelvey. As indicated in the minutes, Mr. Davis and Dr. Meyer took their places with the Board later in the afternoon.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and Mr. J. F. Wright, Director of Public Information.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of July 17, 1944, with the adjourned session of July 18, 1944, and, for record, of the meetings of the Executive Committee of July 13, 18, and 25, 1944.

On motion of Mr. Jensen, the minutes were approved and received for record as printed on pages 1 to 202 above.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**APPOINTMENT OF DR. ALLAN G. BRODIE AS ACTING DEAN  
OF THE COLLEGE OF DENTISTRY**

(1) The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy recommends the appointment of Dr. Allan G. Brodie, Professor and Head of the Department of Orthodontia, as Acting Dean of the College of Dentistry for one year from September 1, 1944, or a shorter period if a permanent appointment to the deanship is made prior to September 1, 1945. It is recommended that Doctor Brodie's appointment be Professor and Head of the Department of Orthodontia on indefinite tenure, on 55 per cent time, at a salary of \$5,000, and Acting Dean of the College of Dentistry for one year, on 20 per cent time, at a salary of \$2,500, a total salary of \$7,500 for the combined positions, effective September 1, 1944.

On motion of Mr. Karraker, this appointment was made as recommended.

**APPOINTMENT OF PROFESSOR A. R. KNIGHT AS ACTING HEAD  
OF DEPARTMENT OF ELECTRICAL ENGINEERING**

(2) The Dean of the College of Engineering recommends that Professor A. R. Knight be appointed Acting Head of the Department of Electrical Engineering beginning September 1, 1944, and continuing until further notice at an additional salary of \$500 a year while he serves as Acting Head (total salary, \$5,600), to fill the vacancy created by the retirement of Professor Ellery B. Paine.

I concur in this recommendation.

On motion of Mrs. Grigsby, this appointment was made as recommended.

**STATUS OF MR. G. P. TUTTLE, REGISTRAR**

(3) On April 8, 1944, the Board approved a request from Mr. G. P. Tuttle, Registrar, that his status be changed to Registrar on one-quarter time and salary from April 1 through August 31, 1944, so that he could direct the preparation of a handbook for evaluating educational experiences in the armed forces for secondary schools and colleges. This project has not been completed, and the American Council on Education has asked the University to extend the partial leave of absence granted Mr. Tuttle to January 1, 1945. This is an important educational service not only to the secondary schools and colleges but to war veterans who will wish to continue their formal education. I recommend that Mr. Tuttle be given additional leave of absence without pay, equivalent to three-fourths time, and be appointed Registrar on one-quarter time and salary (\$1625 a year) from September 1 through December 31, 1944.

On motion of Mr. Jensen, this appointment was made as recommended.

**SERVICES OF PROFESSOR E. L. BOGART**

(4) Professor E. L. Bogart of the Department of Economics was retired from active service effective September 1, 1938, under the University of Illinois Statutes and the system of retiring allowances then in effect. Members of the staff retired under these Statutes are subject to call by the Board of Trustees for the performance of such duties as shall be assigned to them by the President of the University.

Professor Bogart has been given permission to accept part-time employment as Lecturer in Economics at New York University at a small stipend during the past three years. He again requests permission to accept such appointment for the year 1944-1945. Since his services will not be required by the University of Illinois I have authorized his acceptance of the position at New York University and request confirmation of my action.

On motion of Mr. Fornof, the action of the President in authorizing this acceptance was approved and confirmed.

**RETIREMENT OF PROFESSOR JOHN S. KELLOGG**

(5) Dr. John S. Kellogg, Professor of Prosthetic Dentistry, has requested that he be retired from active service on September 1, 1945, for reasons of health. Doctor Kellogg will reach the age of 65 in April, 1945. The University Retirement System Law provides that on attaining the age of 65 a member of the staff may retire for substantial cause on request and on certification of the University, and receive an annuity based upon the same formula as would apply in case of compulsory retirement at age 68. In his case this annuity will amount to 50 per cent of his *Final Rate of Earnings* as defined in the Retirement Act.

I recommend approval of Doctor Kellogg's request, and that he be retired with the title of Professor of Prosthetic Dentistry, *Emeritus*, effective September 1, 1945.

On motion of Mrs. Grigsby, this recommendation was approved.

**APPOINTMENT OF HENRY CLIFFORD HAWES TO BOARD OF EXAMINERS IN ACCOUNTANCY**

(6) The Committee on Accountancy recommends the appointment of Mr. Henry Clifford Hawes, of the firm of Lybrand, Ross Bros., and Montgomery, Chicago, as a member of the Board of Examiners in Accountancy for three years beginning July 1, 1944, to succeed Mr. Roy Andreae, whose term expired on June 30.

On motion of Mr. McKelvey, this appointment was made as recommended.

**LEAVES OF ABSENCE**

(7) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves.

All the leaves of absence for illness or disability recommended here are for periods in whole or in part prior to September 1, 1944, when the new regulations of the Board of Trustees governing disability leaves become operative. In the future, leaves for which members of the staff are eligible under these new rules will not be reported to the Board unless some exception from these regulations is recommended. A record of all such leaves granted will be kept in the Business Office.

HAROLD CLAYTON M. CASE, Professor and Head of the Department of Agricultural Economics, leave without pay from October 1, 1944, through August 31, 1945, for services abroad for the United Nations Relief and Rehabilitation Administration.

W. NORRIS WENTWORTH, Director of Residence Halls, leave without pay for six months from October 22, 1944, so that he may serve as Director of Dormitories at a Government supervised war project at Oak Ridge, near Knoxville, Tennessee. Mr. Wentworth will be employed by a contractor who is operating certain facilities for the War Department in that area, but the request for his release from University service has come from the Army.

GEORGE T. STAFFORD, Professor of Physical Education for Men, leave without pay for the first semester of 1944-1945 (September 1, 1944, through February 28, 1945), for service with the United States Navy in its rehabilitation program.

ELMER J. WORKING, Professor of Agricultural Economics, leave without pay from September 1 through December 31, 1944, so that he may undertake studies relating to farm product prices, farm income, land values, and other factors bearing on policy with respect to farm mortgage loans. This is a direct service to agriculture and will be valuable experience to Professor Working in his University work. His services will not be required in the teaching program at the University during his absence, and he has agreed to return to the University whenever occasion requires for supervision of research work which would normally be under his direction. The studies he is making are for the Mutual Life Insurance Company of New York.

CARL E. SCHUBERT, Assistant Professor of Mechanical Engineering, leave without pay for one year from September 1, 1944, so that he may accept a position as Manager of the Certified Core Oil and Manufacturing Company of Cicero, Illinois. His services are not required by the Department because of decreased enrollment.

MARVIN R. DOBBERMAN, Associate in Architecture, extension of leave without pay for one year from September 1, 1944, so that he may continue his work in the office of the State Architect at Springfield. His services will not be needed in the Department of Architecture.

MRS. RUTH MATLOCK, Secretary at the College of Commerce and Business Administration, extension of leave without pay from September 1, 1944, through January 31, 1945, in order that she may join her husband who has returned from overseas.

HELENA V. BURKE, Head Nurse in the Research and Educational Hospitals, extension of leave without pay from September 1, 1944, through February 28, 1945, because of illness in her family.

WILLIAM L. BURLISON, Professor of Crop Production and Head of the Department of Agronomy, sick leave with pay from July 10 through December 31, 1944, or as much thereof as is needed for his full recovery.

MARTHA CUNNINGHAM, Junior Clerk-Stenographer in the Department of Radiology, College of Medicine, sick leave with pay from June 22 through August 2, 1944.

C. A. STANLEY, Janitor in the Physical Plant Department, extension of leave with pay from June 1 through July 23, 1944, because of illness.

MARY HOCKMAN, Assistant Clerk-Typist in the Residence Halls, leave without pay from June 24, 1944, through June 23, 1945, because of the elimination of her position caused by the closing of the A.S.T.P. Mess Hall.

MRS. OLLIE CROXVILLE, Cook in the Residence Halls, leave without pay from June 6 through August 31, 1944, to take lighter work through the summer months to recover normal health.

A. C. HARRISON, Laborer in the Physical Plant Department, extension of disability leave with pay from September 1 through September 30, 1944.

MOLLIE HALL, Staff Nurse in the Research and Educational Hospitals, leave without pay from July 1 through July 11, 1944.

MRS. MILDRED K. BATTISTE, Assistant Office Appliance Operator in the Department of Agricultural Economics, leave without pay from August 1 through November 30, 1944.

C. E. MILLER, Construction Foreman in the Physical Plant Department, extension of leave with pay from July 1 through August 31, 1944.

MICHAEL JENNICHES, Electrician in the Chicago Physical Plant Department, leave without pay from July 1 through July 4, 1944.

A. J. CORSON, Garage Attendant, Physical Plant Department, sick leave with pay from August 1 through August 31, 1944.

The following individuals are eligible for disability benefits from the University Retirement System, so that the sick leave in each case is without pay:

FRANCES WATHALL, Statistical Clerk in the Department of Psychiatry, from July 29 through August 31, 1944.

BLANCHE MORRIS, Supply Attendant in the Research and Educational Hospitals, from July 1, 1944, through June 30, 1945.

MRS. MARIE JACOBSEN, Janitress in the Chicago Physical Plant Department, from July 1, 1944, through June 30, 1945, or as much thereof as is needed.

MRS. ANNA POWERS, Nurses' Aid in the Research and Educational Hospitals, from July 1 through December 31, 1944.

MRS. MARY CARROLL, Janitress in the Chicago Physical Plant Department, from July 1, 1944, through June 30, 1945, or as much thereof as is needed for her recovery.

WALTER WECK, Janitor in the Chicago Physical Plant Department, from July 1, 1944, through June 30, 1945, or as much thereof as is needed for his recovery.

MARY PRAHL, Janitress in the Chicago Physical Plant Department, from July 1, 1944, through June 30, 1945, or as much thereof as is needed for her recovery.

MRS. LAURA MCLILLY, Janitress in the Chicago Physical Plant Department, from July 1, 1944, through June 30, 1945, or as much thereof as is needed for her recovery.

MRS. ANNA O'CONNOR, Seamstress in the Sewing and Mending Service of the Research and Educational Hospitals, from July 1, 1944, through June 30, 1945, or as much thereof as is needed for her recovery.

THOMAS P. SHEAHAN, Laborer, Chicago Physical Plant Department, for one year from July 1, 1944, or as much thereof as may be needed.

MARGARET POLACEK, Kitchen Helper in the Research and Educational Hospitals, leave without pay from July 7 through September 30, 1944.

*Leaves of Absence for War Service*

(The leave in each case is without pay.)

JOHN LESINSKI, Laborer in the Chicago Physical Plant, from April 27, 1943, through August 31, 1944, and for one year from September 1, 1944. (Army)

HARRY W. HORN, Instructor in Electrical Engineering, from July 1 through August 31, 1944. (Navy)

LOUIS UNFER, Junior Clerk, Illini Union Building, from July 8 through August 31, and for one year from September 1, 1944. (Military Red Cross)

EMORY H. ELLIS, Janitor, Physical Plant Department, from June 18 through August 31, and for one year from September 1, 1944. (Army)

#### AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(8) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. Candidates who hold the certificate of Public Accountant in Illinois and who also hold unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 4, a-1):

CHARLES JAY ANDERSEN (Ky.)	WILLIAM PHILLIPS MOONAN (Ohio)
VILAS DAVID BETTS (Kan.)	HAROLD SYLVESTER MORSE (Mass.)
RALPH ROMAINE BRUSTER (Mass.)	VALENTINE PEARSON (Ind.)
JOHN STEWART DREYER (Wis.)	PATSY LEO PERROTTI (Ariz.)
FREDERICK RALPH FISHER (Wis.)	ROBERT TODD PRITCHARD (Wis.)
ROBERT FITZGERALD GRAHAM (Mich.)	NOEL RUSCH SIMPSON (Ind.)
BENJAMIN ELWELL GRANT (Mass.)	HAROLD SPENCER TREWORY (Mass.)
WILLIAM WARD JOHNSTON (Mass.)	CHARLES OLIVER WELLINGTON (N.Y.)
WILLIAM ERNEST MASON (Ind.)	THEODORE FRANCIS WOODWARD (Mass.)

2. Candidates who hold the certificate of Public Accountant in Illinois received on the basis of the regular semi-annual routine examination given by the Board of Examiners of the Department of Registration and Education (Section 4, a-2):

GRANT ARTHUR WARREN

3. Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 5):

CHARLES KENNETH BENSON (Mo.)	JOEL MASSIE (Mo.)
MORRIS MARVIN BERMAN (Mich.)	FRANCIS HAYES McMULLEN (Ohio)
ROBERT SMITH BRUMAGIM (N.Y.)	JOHN ROBERT MILLER (Ind.)
EDMUND LEVIS GRIMES (Wis.)	J. OLIN MURRAY (N.Y.)
ARTHUR WILLIAM HAUGE (Minn.)	RAYMOND LAWRENCE NOLTE (Mo.)
ADOLPH WILLIAM HEBRANK (Mo.)	GEORGE RIDDELL SMITH (N.Y.)
ROBERT CHARLES HOLSEN (Wis.)	WALTER RICHARD STAUB (N.Y.)
SIDNEY LETUSH (N.Y.)	CONRAD BALDWIN TAYLOR (N.D.)
SAMUEL LETWIN (Wis.)	ALFRED KURT WALTER (N.Y.)
HUGH S. LOYD (Tenn.)	

The following persons are recommended for the Illinois C.P.A. certificate on the basis of having fulfilled all the requirements and having passed the C.P.A. examination which was given May 17, 18, and 19, 1944:

CATHERINE COOK ANAGNOST	ALLEN CLARENCE BRODD
MAURICE DEAN ATKIN	LEONORE CANN
WENDELL FRANCIS BARCLAY	BENEDICT DOUGLAS CHAPS
LOUIS ARTILLO BARTOLO	JAMES WALLIS DUGDALE
RAYMOND PAUL BLOOM	IRA SAMUEL FEINGOLD

WILLIAM NELSON ST. JOHN  
SEYMOUR BERNARD SCHLESINGER  
RICHARD LAWRENCE SHEARER  
MAX SHERE  
IRVING TENNER  
THEODORE FRANCIS THULSTRUP  
EUGENE EDWARD TOBIN  
CARL HALEY WASMUTH  
JESSE NELSON YOUNG

The following persons are recommended for the Illinois C.P.A. certificate on the basis of having satisfactorily passed an examination given by the Special Five-Man Board of Examiners (Section 4, b):

EDGAR R. BOURKE  
ASA B. BUTLER  
WYLIE R. CULVER  
CARL F. EIGELSBACH  
FRED ELLIOTT  
CLIFFORD E. ESTES  
WALTER C. GAEDE

LOUIS J. SCHMITT  
FREDERICK SETTERDAHL

I concur.

On motion of Mr. Fornof, these certificates were awarded as recommended.

#### FEES PAYABLE BY CANDIDATES FOR CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(9) The Committee on Accountancy recommends adoption of the following additional regulations relating to the administration of the Accountancy Act of 1943. They relate specifically to the amount of fees to be retained and the amount to be refunded to candidates applying for C.P.A. certificates under Section 4 (b) of the law and whose applications are not approved. Under this section of the act the candidate must show that he has held the certificate of registration as a Public Accountant for a period of ten years and that he has practiced public accounting in the State of Illinois for ten years, and he must pass an oral or written examination before the Special Board of Five Examiners.

It is the judgment of the Committee that the following regulations will be a reasonable basis for adjusting the fees of candidates whose applications are not approved:

1. Candidates whose applications are denied after an examination of credentials and without a hearing, regardless of whether or not they may or may not be able to qualify at a later date within the ten-year period provided within the Act: Retain \$5 for the cost of filing and examining credentials; refund \$20.
2. Candidates whose applications are denied after an oral hearing before the Committee: Retain \$10 for the cost of filing and examining credentials and for the hearing; refund \$15.
3. Candidates whose applications are denied after oral or written examination before the Special Board of Five Examiners: Retain the entire \$25; no refund.

On motion of Mr. Jensen, these regulations were approved as recommended.

#### CURRICULUM IN AERONAUTICAL ENGINEERING

It is planned to activate only the first five semesters of the curriculum on November 2, 1944.

A total of 136 credit hours (excluding physical education and military science) are required for graduation, the same as in all other engineering curricula.

\*New course.

The technical options are intended to provide an Optional Sequence in the senior year of the curriculum, with selections eventually from several fields.

On motion of Mrs. Grigsby, this curriculum was approved as recommended.

#### **GRADUATION WITH HONORS IN THE COLLEGE OF FINE AND APPLIED ARTS**

(11) The University Senate has recommended the following plan of graduation with honors in the College of Fine and Applied Arts:

To be considered for honors at graduation, a student must have been in residence at the University for at least four semesters or must have earned in residence a minimum of 65 semester hours credit. Honors awarded at graduation are designated, after the degree on the diploma, as *Honors*, *High Honors*, and *Highest Honors*, according to the following regulations:

For the degree with *Honors* the student must have a scholastic average of 4.0 in all courses counted for graduation (or in a minimum of 65 semester hours in residence, for transfer students).

For the degree with *High Honors* the student must have a scholastic average of 4.25 in all courses counted for graduation (or in a minimum of 65 semester hours in residence, for transfer students, and not more than 6 hours of D grade in the total of transferred credit).

For the degree with *Highest Honors* the student must have a scholastic average of 4.50 in all courses counted for graduation (or in a minimum of 65 semester hours in residence, for transfer students, and no D grade in the transferred credit).

This recommendation is made in accordance with the provision now in effect that "with the approval of the University Senate and the Board of Trustees, any college or school may prescribe the conditions under which candidates for degrees may be recommended for graduation with honors."

If a college or school does not set up its own plan it follows the general plan of graduation with honors approved by the Senate and adopted by the Board of Trustees many years ago. The College of Fine and Applied Arts has been following that plan and now wishes to set up its own.

I concur.

On motion of Mrs. Grigsby, this plan was approved and adopted as recommended.

#### **CHANGE IN PHYSICAL EDUCATION REQUIREMENTS FOR JUNIORS AND SENIORS**

(12) On April 22, 1942 (Minutes, page 830), the University Senate and the Board of Trustees adopted a requirement that all new undergraduate male students entering the University in their freshman and sophomore years be required to take motor fitness tests; also that all male students enrolled in physical education classes be required to take the test each semester. All male students found deficient in this test were required to take additional physical training as prescribed by the Department of Physical Education for Men. On November 27, 1942 (Minutes, page 168), the University Senate and the Board of Trustees approved a program of compulsory physical training for all junior and senior undergraduate male students in addition to the required physical training program in the freshman and sophomore years. Academic credit has been given for all of this required physical education.

The University Senate now recommends that "pending the report of the Committee on Future Programs of the University respecting physical education, the requirement of this work for junior and senior men be abolished, including the requirement of motor fitness tests; but that if a student elects to take physical education at the junior-senior level it shall carry the same credit provisions as were approved by the Senate in November, 1942." The Senate recommends that this change become effective October 1, 1944, if adjustments in the staff of the Department of Physical Education can be made at that time to conform to the reduced teaching load. If staff commitments will not permit such adjustments, the Senate recommends abolition of the requirement at the earliest opportunity.

The requirements as adopted by the Board in November, 1942, include a regulation that the University Disciplinary Committee, in consultation with the Director of the School of Physical Education, shall formulate and administer rules governing attendance in physical education. The Senate recommends that this regulation be discontinued and that in lieu thereof college officers be authorized to reassume supervision over the attendance of students at classes. The Senate recommends that this provision be made effective October 1 regardless of when the program of required physical education for juniors and seniors is discontinued.

The Senate further recommends that in case the program of required physical education for juniors and seniors is continued beyond October 1, the regulation passed in November, 1942, which states that this work may not be satisfied by proficiency examinations, be cancelled. The present basic freshman and sophomore physical education requirements remain unchanged.

I concur in these recommendations.

This matter was referred to the Committee on General Policy for consideration and report.

#### **ADMISSIONS PROCEDURE IN THE COLLEGES OF MEDICINE AND DENTISTRY**

(13) The present procedure governing admissions to the Colleges of Medicine and Dentistry, which includes committees on admissions, was established by the Board of Trustees in 1940 with the stipulation that this procedure remain in effect for a period of four years subject to renewal on review. This four-year period expired in September, 1944. The committees were instructed to report at the close of this period on the success of their work and to submit recommendations relative to future procedure. The Executive Dean of the Chicago Colleges has reported for these admissions committees and for the college faculties concerned that the experiment has proved highly satisfactory and recommends the continuance of both committees. With his recommendation he submitted a full and informative statement of the methods which have been worked out for examining the qualifications of candidates for admission. This statement has been studied by the Committee on Educational Policy, and the Senate recommends that the Admissions Committees of the Colleges of Medicine and Dentistry be placed on a permanent basis.

I concur.

On motion of Mr. Karraker, this recommendation was adopted.

#### **REQUEST OF ILLINOIS FIREMEN'S ASSOCIATION FOR USE OF UNIVERSITY GROUNDS**

(14) Several years ago the General Assembly appropriated funds for the construction of a firemen's training tower at the University of Illinois which has been used for training purposes, particularly during the Annual Fire College held in June of each year. This is a short course in fire prevention control and extinguishment, and many fire departments in Illinois cities as well as in other cities throughout the country send men here for this training program.

The Illinois Firemen's Association has requested the use of the old Short-line right-of-way between Wright and Sixth Streets which adjoins the firemen's training tower, to provide additional ground area needed by the Fire College. The expansion of the training tower facilities to the north will not interfere with the University's future development. Present University plans call for the construction at some future time of a new fire station in this area but it would front on Wright Street and the proximity of the training tower would be an asset. The Illinois Firemen's Association, Incorporated, is prepared to enter into a formal understanding with the University covering the following points:

1. The Illinois Firemen's Association will undertake to secure all necessary funds for improvement, maintenance, and operation of the Training Tower and related improvements.

2. The Illinois Firemen's Association will direct the work incidental to construction and maintenance of these improvements.

3. The Illinois Firemen's Association will accept responsibility for any personal or public liability claims arising from all use of the Tower except for that use made by University of Illinois employees.

4. The University will retain title to the land on which the improvements are to be made. Since the Board of Trustees of the University is a public agency we assume there will be no objection to this.

5. The University will have access to the Training Tower area for: (a) maintenance and service of well within the area assigned to the Illinois Firemen's Association; (b) privilege of using the Tower in directing the training of the University Fire Station employees.

6. The University will have the right of general approval of the character of the improvements made on the property.

7. The University will have the right to schedule all use of the area, including service to well, in order not to conflict with use by the Association or local fire departments in training programs (emergencies excepted).

The Secretary of the Association has reported that all members of the Executive Board have approved the conditions specified herein.

I recommend that the Board authorize such an agreement.

On motion of Mr. Fornof, this agreement was authorized as recommended.

At this point, Mr. Davis took his place with the Board.

#### ESTABLISHMENT OF SMALL HOMES COUNCIL

(15) For several months representatives of various University departments under the leadership of Deans Rexford Newcomb of the College of Fine and Applied Arts and M. L. Enger of the College of Engineering have been making studies of small homes and low cost housing. These representatives have constituted themselves as an "Advisory Committee of the Small Homes Council" and have submitted a formal proposal that the University establish a "Small Homes Division" or "Small Homes Council," whose functions, objectives, and proposed program are outlined as follows:

##### *Definition*

The Small Homes Division or Council is a coordination of many divisions of the University, to focus their talents on the small home problem, rural and urban. It is not a planning agency or contracting service. It is not an endorsement agency for manufacturers' products.

##### *Objectives*

1. To inform the public on all problems of building a home, including financing and contracts, planning and design, requirements of the site, construction and materials, decoration and furnishing, mechanical equipment, and utilities and appliances.

2. To establish definite data on costs.

3. To keep abreast of all that is new, and inform the public impartially.

4. To establish and maintain a demonstration center.

5. To cooperate with all elements of the building business.

6. To work continually for the improvement of homes and housing and develop public knowledge of the best.

##### *Proposed Program*

*Publications.*—It will publish bulletins and circulars in convenient form on all subjects pertaining to planning, financing, and building the home.

*Statewide Cooperation.*—It seeks the cooperation of dealers, contractors, architects, planning boards, chambers of commerce, manufacturers, and all businesses progressively interested in making practical "down to earth" analyses of the problems of the small home in Illinois.

*Demonstration Homes.*—It wants to build homes at the University to demonstrate good homes to the thousands of visitors to the campus.

*Experiments.*—It intends to use a laboratory and the demonstration homes to discover better methods of designing and building the small home.

*Research.*—It will bring scientific study to new materials and methods to test their worth.

*Education.*—Students in University courses which relate to construction, design, and management of the home will have the advantage of practical studies in the experimental field.

There is submitted separately a report by Dean Rexford Newcomb dated August 9, discussing this program in greater detail and presenting a budget.

I am convinced the University of Illinois can render a most valuable service to the people of Illinois by initiating and developing a program such as has been presented by the Advisory Committee of the Small Homes Council.

A budget of \$6,000 is proposed for 1944-1945 for the purpose of setting up and organizing the program so that it may be presented to various agencies interested in the development of small homes costing not more than \$5,000 to \$6,000. We have reason to believe that for succeeding years the necessary funds may be secured in large part from various sponsors once the program is launched under the direction of the University of Illinois.

An exactly similar situation existed when we initiated the cooperative research program in Warm-Air Furnace Heating. That program has resulted in contributions by manufacturers and others totaling more than \$200,000 and is still in active progress. As was done in that case, it will be necessary to make an initial appropriation from our own funds in order to inaugurate the program and convince prospective sponsors and others that the University is seriously entering upon a program for the design and construction of better small homes in Illinois.

I recommend:

1. The approval by the Board of Trustees of the above described program of research and information relative to Small Homes in Illinois under the auspices of the University through the Small Homes Council.

2. The appropriation of \$6,000 from the General Reserve Fund for the year 1944-1945.

On motion of Mrs. Grigsby, these recommendations were adopted. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### EMERGENCY WAR FOOD ADMINISTRATION BUDGET FOR 1944-1945

(16) Federal funds have again been made available for an emergency war food administration program for the fiscal year July 1, 1944, to June 30, 1945, to be expended through the University Division of Agricultural Extension. The amount which has been made available is \$120,000, and the following budget is submitted covering estimated expenditures from July 1, 1944, to June 30, 1945:

Salaries (including supervisors, assistant supervisors, and clerical help in the central office, appointments to be approved by the President).....	\$ 41 940
Wages (assistants and clerical help for county farm supervisors).....	44 800
Travel.....	22 200
Other expense.....	11 060
<i>Total</i> .....	\$120 000

The foregoing budget has been submitted by Dean and Director H. P. Rusk and has been reviewed by the Comptroller. I recommend its approval subject to adjustment within the total.

On motion of Mr. McKelvey, this budget was approved as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### APPROPRIATION FOR AIRPORT DRAINAGE

(17) On February 24, 1944, and again on July 17, 1944 (report of Executive Committee for June 13, 1944), the Board received reports concerning drainage problems at the Airport. In February an appropriation for \$15,000 from the General Reserve Fund was made for the purchase of land and rights and for

such construction work as the University may be required to do toward the building of open drainage ditches. On July 13, 1944, the Executive Committee made an additional appropriation of \$19,200 to provide for a closed tile for a portion of one of the three drainage outlets.

Further consideration of this matter has given rise to difficulties in negotiations with property owners and has emphasized the disadvantages of an open ditch even for a part of the distance. Professor J. J. Doland, Supervising Engineer, has recommended that provision be made for a closed tile for the entire distance. An additional appropriation of \$15,000, allowing for the use of balances in previous appropriations, including the unused balance in the legislative appropriation of \$250,000 for land, is required.

An appropriation of \$15,000 from the General Reserve Fund for additional expense of drainage of the Airport is recommended.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### COMPENSATION FOR ACCIDENT TO JOHN PALFREY

(18) Mr. John Palfrey, Farm Foreman in the Department of Dairy Husbandry, was fatally injured on July 17, 1944, as the result of a fall from a wagon while unloading baled hay. The fall resulted in a severe concussion and fracture near the base of the skull.

The case has been reviewed by the University Committee on Accident Compensation for Employees, which found that the accident arose out of and in the course of employment and that a death benefit is payable. The amount payable as death benefit under the provisions of the Workmen's Compensation Act is \$4,359.96.

The Committee recommends approval of this award and a special appropriation of \$4,359.96 to cover the payment.

I concur.

On motion of Mrs. Grigsby, this award was authorized as recommended. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(19) A recommendation that an appropriation be made from the General Reserve Fund for the following purposes:

1. Special equipment required by Electrical Engineering Department for V-12 Courses.....\$4 956 00
2. Computing machine for High School Testing Bureau..... 637 50

These proposed improvements have been carefully studied by the Committee on Special Appropriations and Nonrecurring Expenditures. Its reports giving details of the reasons for these improvements are submitted herewith.

On motion of Mr. Jensen, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### AGREEMENT WITH COPPER AND BRASS RESEARCH ASSOCIATION TO DETERMINE THE STRENGTH OF JOINTS IN COPPER PLATES

(20) The Copper and Brass Research Association, 420 Lexington Avenue, New York, wishes to enter into an agreement with the University for an investigation by the Engineering Experiment Station to determine the strength of joints in copper plates. The agreement would run for one year from July 1, 1944, and

the Association would contribute \$4,000 to cover the expenses of this research project. The University sent the Association the standard form of Agreement for Cooperative Investigations in which are included all of the policies and rules of the Board of Trustees governing research sponsored by outside agencies. Among these provisions is one that if patentable discoveries grow out of the investigation and such discoveries have commercial value, the Sponsor, on payment of the entire cost of securing a patent, shall be given free use of the patent as a non-exclusive licensee, it being agreed that other licensees shall pay the University a royalty which in the opinion of the University is fair to the Sponsor and to the public. The Association has requested that this provision be amended by the addition of the following statement: "Non-exclusive licenses will also be issued upon request to member companies of the Copper & Brass Research Association on the same terms as to Sponsor," on the ground that the individual members of the Association would be entitled to a patent license, particularly in view of the fact that the Sponsor (i.e., the Association) as such would be unlikely to have any need for the patent.

The Director of the Engineering Experiment Station recommends approval of this request, and I concur. Since it involves a question of policy I am bringing it to the attention of the Board for approval.

On motion of Mr. McKelvey, this deviation from the terms of the standard cooperative agreement was authorized as recommended.

#### **SALARIES OF FARM AND HOME ADVISERS**

(21) At a meeting of the Executive Committee on January 5, 1944, the President of the University reported that certain private parties had instituted proceedings in the Circuit Court of Sangamon County to stop the payment of salaries of farm and home advisers out of the State's appropriation to the University, the action being directed against the State Auditor of Public Accounts. The Executive Committee authorized the appearance of the University in this litigation by application to the Court for leave to become a party defendant.

Professor Sveinbjorn Johnson, who has been representing the University in this litigation, reports that the case has been dismissed. The plaintiffs did not appear to support their motions to strike the answers of the University and other defendants. The Court had given the plaintiffs until August 2 to plead to the answers. Prior thereto the plaintiffs moved to dismiss their actions with costs to themselves. Inasmuch as the University did not agree to this dismissal, it will not be possible for the same plaintiffs to begin this case over again.

This proceeding was an attempt by certain private parties to invalidate an appropriation of \$357,000 made by the Sixty-Third General Assembly for the biennium 1943-1945 to pay the salaries of farm and home advisers. Unless other parties commence proceedings the matter may be regarded as closed, at least for the current biennium.

This report was received for record.

#### **ADJUSTMENT IN FREIGHT RATES PAID BY THE UNIVERSITY**

(22) The Board has authorized (Minutes, March 20, 1943, page 313, and April 8, 1944, page 924) proceedings before the Illinois Commerce Commission to obtain a reduction in what appear to be discriminatory freight rates charged the University by certain carriers on coal purchased in the Danville area. On recommendation of Judge Sveinbjorn Johnson, who initiated the original proceedings, the Board also authorized the services of Mr. Nuel D. Belnap as special counsel in this matter.

Judge Johnson reports that the Chicago and Eastern Illinois Railroad, one of the defendant carriers, "appealed from an order of the State Commission to the Interstate Commerce Commission. The order of the State Commission held that a certain ruling on rates made by the Interstate Commerce Commission was not binding on the State Commission and that the matter was open, sustaining the contention of the University in this behalf.

"The Interstate Commerce Commission has just held that the ruling of the State Commission is correct and that the earlier order of the Interstate Commerce Commission re certain freight rates on coal does not tie the hands of the

State body. This is a distinct victory for the University, as well as for other shippers of coal from the Danville region."

This report was received for record.

At this point, Dr. Meyer took his place with the Board.

#### ANNUAL REPORT ON CARTER-PENNELL FARMS

(23) The Dean of the College of Agriculture submits the annual report of the Carter-Pennell Farms covering the farm year, March 1, 1943, to February 29, 1944. This report covers the operations of two farms in Vermilion County held by the Board of Trustees of the University in trust, and the net proceeds are used as a loan fund to aid students. The net income of the two farms for the year was \$3,554.39, which except for the preceding year was the largest net income that the University has received during the twenty-one years it has owned the farms.

The operating account now has a cash balance of \$9,142.37. Professor M. L. Mosher, who was in charge of the farms last year, recommends that \$4,500 of the cash reserve be transferred to the Student Loan Fund. The remaining balance of \$4,642.37, plus the value of salable crops and livestock on hand, amounting to \$2,297.37, will make an ample reserve to provide for operating expenses and all improvements needed in the near future.

On motion of Mr. Jensen, this report was received for record, and the distribution of funds was authorized as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### REMODELING OF LOCOMOTIVE TESTING LABORATORY

(24) The Dean of the College of Engineering recommends that the Locomotive Testing Laboratory be remodeled for the use of the Department of Aeronautical Engineering and that the name of this building be changed to "Aeronautical Engineering Laboratory."

I concur.

On motion of Mr. Davis, these recommendations were approved.

#### REMOVAL OF ARMY EQUIPMENT FROM ICE SKATING RINK

(25) The Comptroller reports that the United States Army authorized the University to remove Army equipment from the Ice Skating Rink, the cost of such removal to be paid for by the University and reimbursement secured from the Army. Immediate action was necessary, since the Army wished the equipment removed immediately and it was necessary to make the Ice Rink available for Time, Inc. to whom it had been leased upon vacation by the Army.

The work had to be done by outside contractors, and in view of the urgency and the fact that the Army wished outside contracting to be done on a fixed fee basis, it was not practical to secure bids. It was also more economical to have the removal work done by the same contracting firms which had installed the equipment, if it were possible to do so. Accordingly, the Comptroller and the Secretary of the Board executed contracts as follows:

<i>Firm</i>	<i>Type of Work</i>	<i>Amount</i>
J. M. Bean Electric Co.....	Electrical	\$ 695 50
E. N. DeAtley .....	General	6 370 25
Champaign Plumbing and Heating Co. ....	Plumbing and heating	1 432 00
Mid-States Engineering Co. ....	Ventilating, sheet metal, and refrigeration	1 928 00

All of the firms listed above, with the exception of the Mid-States Engineering Co., are the firms which originally installed equipment in the Ice Rink. Approval of the execution of these contracts is requested.

On motion of Mr. Karraker, the action of the Comptroller and the Secretary of the Board in executing these contracts was approved and confirmed.

#### **PURCHASES RECOMMENDED**

(26) The Comptroller recommends that the following purchases submitted by the Purchasing Agent be authorized:

1. 42 thin yearling steers of good grade, for the Animal Husbandry Department, from the Chicago Producers Commission Association, at a total cost of approximately \$3,000 to \$3,500. These are non-competitive, as the price will be determined by the market. The Chicago Producers Commission Association will be instructed by the Department of Animal Husbandry with respect to the selection of suitable animals.

2. 22 good to choice yearling steers and 22 good to choice steer calves, for the Animal Husbandry Department, from the St. Louis Producers Commission Association, at a total cost of approximately \$3,000 to \$3,500. These are non-competitive, as the price will be determined by the market. The St. Louis Producers Commission Association will be instructed by the Department of Animal Husbandry with respect to the selection of suitable animals.

3. 67  $\frac{1}{2}$  h.p. Baldor dental lathes, type 152Q, two speed, carrying handle mounted on top of the motor, each motor to have one stone and one taper chuck; 6 stone chucks, same as above; 12 taper chucks, same as above. These supplies are requested by the Student Supply Store (Chicago Colleges) for student course outfits to be issued to A.S.T.P., N.C.T.P., and civilian students. It is recommended that the order be placed with the Central Dental Manufacturing Company, 640 South Third Street, Louisville, Kentucky, at a total cost of \$1,919.25. This firm was the lowest bidder.

4. 45 ivory dentoforms (Catalogue No. L-560-ED); 70 stone model sets, dentoform mold #r20. These items are requested by the Student Supply Store (Chicago Colleges) for student course outfits to be issued to A.S.T.P., N.C.T.P., and civilian students. It is recommended that the order be placed with the Columbia Dentoform Company, the manufacturer, at a total price of \$1,066.50. These are non-competitive items and are available only on direct negotiation with the manufacturer. This is therefore the only firm able to fulfill our specifications.

5. 70 semi-stainless Doriot Contra Angles, "U" type; 60 Doriot cord straight handpieces, #4. These items are requested by the Student Supply Store (Chicago Colleges) for student course outfits to be issued to A.S.T.P., N.C.T.P., and civilian students. It is recommended that the order be placed with the Midwest Dental Manufacturing Company, Chicago, the lowest bidder, at a total price of \$1,272.

6. Three items of precious metals, requested by the Student Supply Store (Chicago Colleges) for student course outfits to be issued to A.S.T.P., N.C.T.P., and civilian students, from H. M. Dugan, the lowest bidder, at a total price of \$1,365.10.

7. 8,500 tons, 10 per cent more or less, one and one-quarter-inch, Illinois screenings, requested by the Chicago Physical Plant Department, from the Crerar Clinch Coal Company, the lowest bidder, at a total price of \$50,575.00 (on the basis of \$5.95 a tone delivered). This coal is to be delivered as required in accordance with specifications. The quotation of this company represents the greatest number of British Thermal units per one cent, computed in accordance with the formula contained in the invitation to bid. This coal is produced by the Peabody Coal Company's Mine No. 14 at Clinch, Illinois, located in Perry County.

8. One combination Kjeldahl distilling and digesting apparatus, requested by the Agronomy Department, from the Precision Scientific Company, the only bidder on the 30-unit apparatus, at their price of \$1,600 (f.o.b. Urbana).

9. 103 items for dental student course outfits, requested by the Student Supply Store (Chicago Colleges), to be issued to A.S.T.P., N.C.T.P., and civilian dental students. It is recommended that the order be placed with the

lowest bidder, with the exception that in five instances, involving only a net difference of 6¢, in order to maintain uniformity of source of supply, other than the lowest bidder is recommended.

49 items to the L. D. Caulk Company.....	\$3 023 84
54 items to S. S. White Dental Mfg. Co.....	3 372 29
<i>Total</i> .....	<u>\$6 396 13</u>

On motion of Mr. McKelvey, these purchases were authorized as recommended.

#### PURCHASES AUTHORIZED

(27) A report of the following purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency actions:

1. Two cars No. 2 second cutting green leafy alfalfa hay, for the Dairy Husbandry Department, from Shofstall Hay Company, at an approximate total cost of \$1,600. This is based on a price of \$32 a ton delivered. An effort was made to purchase a sufficient quantity of alfalfa in the surrounding territory but, as the crop has been light, it was not possible to locate a sufficient quantity. An advertisement was run in the local papers for a week without results. Quotations were then called for from sources dealing in western hay. Emergency action was necessary because the offer was subject to early acceptance and the hay was needed as soon as it could be obtained.

2. One car (approximately 30 tons) soybean oil meal (No. 41 expeller type in cloth bags, to be delivered at Robbs, Illinois), for the Dixon Springs Experiment Station, from Archer-Daniels-Midland Company, the lowest bidder, at an approximate total cost of \$1,560.06. This is based on a price of \$52.002 a ton, f.o.b. Robbs, Illinois. Emergency action was necessary because, due to the extremely dry weather and feed shortage, this was needed at once.

3. 900 tons screenings coal, requested by Physical Plant Department for use at Abbott Power Plant during August, 1944, from Taylor English Coal Company, Catlin, Illinois, the lowest bidder, delivered cost considered, at their price of \$1.85 a ton f.o.b. mine, or an approximate cost of \$1,665 plus \$540 freight; total \$2,205. Emergency action was necessary because the order had to be placed at once to comply with regulations.

4. 160 cases of Pyrex laboratory glassware, for the General Chemical Storeroom, from E. H. Sargent and Company, Chicago, at an approximate cost of \$2,528.32. This is a non-competitive item. Pyrex glassware is sold through jobbers at prices fixed by the manufacturer. The lowest price applies to orders for lots of 100 or more cases. This vendor was selected because of the service he can render. Emergency action was necessary because the order had to be placed at once to obtain required delivery.

5. One carload (40-50 tons) Milorganite fertilizer, for the Physical Plant Department, from the George A. Davis Company, Chicago, at a total estimated cost of \$1,375. This is based on a price of \$29.51 a ton delivered, plus O.E. Requests for quotations were sent to the George A. Davis Company and the New England Toro Company. The George A. Davis Company's quotation was the only quotation received. They are the distributors in Illinois for this product, which is produced only by the Milwaukee Sewage Commission, which in turn is the only producer of an activated sludge in the middle west. The Milwaukee Sewage Commission has referred our previous request for quotation to the George A. Davis Company. Emergency action was necessary because the material was wanted for immediate use.

6. 1,000 tons screenings coal for use at Abbott Power Plant during September, 1944, from Taylor-English Coal Company, Catlin, Illinois, the lowest bidder, at a total cost of \$2,600. This is based on a price of \$2.00 a ton f.o.b. mine, plus \$600 freight. Emergency action was necessary because the order had to be placed by August 24 to comply with regulations.

7. Three hundred feeder lambs, requested by the Animal Husbandry Department for experimental feeding purposes, at an approximate cost of \$2,750. This purchase required inspection of more than one lot of animals before a selection could be made, the price to be paid depending on the market at the

time of purchase. The Department of Animal Husbandry inspected and selected suitable animals and arranged for their purchase. Emergency action was necessary as lambs were located for immediate delivery.

8. 909 bushels No. 2 wheat, for the Animal Husbandry feed storage, from Silver Brothers, Urbana, Illinois, at a total cost of \$1,492.26. This is based on a ceiling price of \$1.54 a bushel delivered. This wheat was located by Professor Crawford. Emergency action was necessary because the offer was available subject to immediate acceptance only.

9. 721.5 bushels No. 2 wheat, for the Animal Husbandry feed storage, from Silver Brothers, Urbana, Illinois, at a total cost of \$1.55 a bushel delivered. It was originally estimated that the amount to be delivered would not be in excess of 600 bushels. However, delivery amounted to 721.5 bushels. Under date of July 12th an order was placed for 600 bushels at a total cost of \$930. This is to report that final payment on this order was \$1,118.33. The Department has been making purchases of grain where it has been able to locate it, prices being the prevailing ceiling prices. This lot of wheat was located by Professor Crawford. Emergency action was necessary because the order had already been placed and delivery completed.

10. 2,500 bushels No. 1 oats, for the Animal Husbandry feed storage, from the Federal North Iowa Grain Company, at an approximate total cost of \$1,875. This is based on a price of 75¢ a bushel f.o.b. Bondville, Illinois. Emergency action was necessary because delivery was required within ten days.

This report was received for record.

**EXECUTIVE SESSION**

In executive session, the Board continued its consideration of matters presented by the President of the University.

**APPROPRIATION FOR PURCHASE OF NAVY PROPERTY IN  
CONNECTION WITH TERMINATION OF SIGNAL AND  
DIESEL SCHOOL CONTRACTS**

(29) The Comptroller reports that during recent negotiations with the United States Navy concerning the termination of contracts between the University and the Navy covering the operation of the Signal and Diesel Schools on the Urbana campus, the Navy made a tentative offer to the University to abandon certain government property now on the campus on payment by the University of the sum of \$25,000. The property involved covers certain construction work done by the University and paid for by the Navy, as well as such items as lighting fixtures, plumbing fixtures, electrical motors, and items of similar nature.

The proposal made by the Navy was that property of this nature in connection with the Signal School which cost approximately \$120,800 be sold to the University for \$15,000, and property in connection with the Diesel School which cost \$62,400 be sold to the University for \$10,000. All of these items are items which can ultimately be used by the University, and the Director of the Physical Plant recommends that the offer be accepted and the Comptroller concurs in this proposal.

I recommend that an appropriation of \$25,000 be made from the General Reserve Fund for the purchase of this equipment and that the Comptroller and the Secretary of the Board be authorized to enter into a contract to purchase this equipment, if the tentative offer made by the Navy negotiators is made final.

On motion of Mr. Jensen, authority was granted as recommended, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

**REPORT FROM THE COMMITTEE ON PATENTS ON DISCOVERIES  
RESULTING FROM RESEARCH WORK UNDER  
GOVERNMENT CONTRACTS**

(30) The University Committee on Patents has considered the following discoveries resulting from confidential research work on military problems by members of the faculty under contracts with the United States Government:

Contract No. NDCre-48; inventors, Professor Roger Adams and Professor C. S. Marvel; nitrohydantoin and process; nitromethylhydantoin and process; n-nitrodimethylhydantoin and process; dinitrodiketopiperazine and process; n,n'-dinitrodimethylhydantoin and process; dinitrodimethyldiketopiperazine and process.

Under its contract with the Government the University may elect whether it will file applications for patents on these discoveries, in which case it must grant the United States Government a non-exclusive royalty-free license. The University has been advised that the Government does not desire to file applications for patents on its behalf. The discoverers have advised that these compounds and processes were developed in research work in connection with explosives, but none of them has proved to have any value in this field. Neither inventor is interested in making applications for patents in his behalf.

The University Committee on Patents recommends that the University do not apply for patents.

On motion of Mr. Karraker, this recommendation was adopted.

**OPTION ON LOT 76 IN COLLEGE PLACE ADDITION, CHAMPAIGN**

(31) The Director of the Physical Plant Department recommends the purchase of Lot 76 in College Place Addition to the City of Champaign at a price of \$6,900, plus brokerage and other costs of acquisition. This property is at 1105 South Third Street (between Armory Avenue and Gregory Drive), Champaign,

and is in a block in which the University may secure a relatively large tract at a relatively small cost. There are four and a fraction vacant lots, three small residences, one large residence, and two fraternities in this block. This is a very desirable block for the expansion of the Men's Residence Halls, being in the residence area for men adjacent to the present Men's Residence Hall and to the University's steam and electric distribution systems.

The lot includes a residence constructed 35 years ago—a story and a half seven or eight room frame house which has always been kept in good condition. The house can undoubtedly be rented until the University has need for the ground and wishes to remove it.

Since the owner was anxious to sell the property and immediate action was necessary, the Provost, acting for the President, authorized the payment of \$500 for an option on this property until October 1, this payment having been made from appropriations previously made by the Board for purchasing such options.

I do not concur in this proposal.

On motion of Mr. McKelvey, the Board refused to exercise its right under this option.

#### **PURCHASE OF ADDITIONAL PROPERTY ON MATHEWS AVENUE**

(32) The Board of Trustees on October 30, 1943 (Minutes, pages 743, 750), approved the policy of acquiring property fronting on Mathews Avenue in Urbana. It also made an appropriation at that time for the purchase of certain property and additional options as opportunity might arise. The Director of the Physical Plant has been negotiating for the purchase of the property at the corner of Oregon and Mathews which is a key property in the proposed expansion. After long discussion the owner finally agreed to accept \$21,500 for the property. Appraisals of the property indicate a valuation of from \$18,000 to \$25,000.

The Director of the Physical Plant recommends that this purchase be made at \$21,500. The Comptroller has followed the negotiations and concurs in the recommendation. In view of the previous action of the Board, an option for the purchase at this price was secured to October 1 on payment of \$750.

I concur in these recommendations and further recommend an appropriation from the General Reserve Fund of the approximate amount required to complete the purchase, including expense of transfer after allowing for the option already purchased, a net amount of approximately \$21,000.

On motion of Mr. Davis, this purchase was authorized as recommended. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### **POST-WAR BUILDING PROGRAM**

(33) The list of projects and the construction schedule which were given general approval by the Board of Trustees on June 22 and specific approval by the Executive Committee on July 10 was transmitted to the Illinois Post-War Planning Commission on July 10.

At a conference held by representatives of the University and of the Commission on August 7, it was stated that the University's entire program had been approved by the Commission but that the post-war program of the State had been extended to cover five bienniums instead of three, as originally planned. It was also stated that the Commission had adopted health, safety, and veterans' care as the criteria for determining the relative urgency of projects. The representatives of the Commission agreed that the providing of space to take care of the expected increase in enrollment is one phase of "veterans' care," because a large proportion of the post-war enrollment will be made up of veterans.

As the result of this conference and one held on August 14, the University submitted a revised list of projects, dated August 24, 1944, for the first post-war biennium.

At a hearing before the Committee on Priorities of the Commission held on September 8, the University was requested to arrange its projects in order of urgency. The accompanying list of projects, arranged in this manner, was prepared by the Building Program Committee on September 18, approved by President Livingston on September 19, and transmitted to the Commission later the same day.

This list, together with corresponding lists from other State agencies, is to be sent soon to all members of the Priorities Committee of the Commission with recommendations concerning appropriate action on the entire program. The Priorities Committee will then make its recommendations to the Commission directly or possibly through certain intermediate committees. The program will then be ready for consideration by the Legislature.

On motion of Mr. Davis, this list was approved as of September 18, 1944, with the addition (as item 17) of the Health and Physical Education Building, \$2,300,000, with the understanding that the program is applicable as matters exist at the present time, but without prejudice to other needs and requests of the University.

**AUTHORITY TO CONFER DEGREES**

(34) A recommendation that the President be authorized to confer degrees at the Commencement Exercises on October 1, 1944, on those candidates who will have qualified and will have been recommended for the same by the University Senate.

On motion of Mr. Jensen, this authority was granted as recommended.

**LEGAL SERVICES FOR THE UNIVERSITY**

(35) I recommend that the Board of Trustees authorize the following provisions for legal services:

1. Dean Albert J. Harno of the College of Law to serve as legal counsel. All legal questions will be submitted to him for attention, except as indicated below. He will handle all routine matters except those which have been assigned to special counsel by the Board of Trustees. He has resigned as Provost of the University which relieves him for this work.

2. The College of Law faculty to supply such other legal services as may be necessary in routine University business, on assignment by the Dean, and specifically (a) Professor Russell N. Sullivan to deal with matters relating to Civil Service, (b) Professor George W. Goble to deal with matters relating to retirement and disability.

3. In all cases where it is possible to secure approval by the Board of Trustees or Executive Committee in advance, a recommendation will be made for the employment of local or special counsel, but it is desirable to have authorization to employ counsel in emergencies and in minor matters.

On motion of Mr. Davis, these arrangements were approved.

**LEGAL SERVICES FOR AIRPORT**

(36) Chapman and Cutler, Chicago, have rendered a bill for recent services and expenses relating to the Airport amounting to \$1,355.80 (Minutes, July 28, 1943, page 450). The bill has been checked by Supervising Engineer Doland and the Comptroller, who advise that these services have been rendered. The Comptroller recommends a special appropriation to cover this bill, from the General Reserve Fund, since money is not available for this expenditure in appropriations previously made.

I concur and recommend approval.

On motion of Dr. Meyer, the payment of this bill was authorized. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

**APPROPRIATION FOR ALUMNI RELATIONS AND RECORDS  
AND FOR ILLINOIS ALUMNI NEWS**

(37) The Alumni Association has requested an appropriation of \$5,000 for alumni activities for the current fiscal year ending June 30, 1945, to meet the following specific needs: (1) rehabilitation of the Alumni Records; (2) increase in size of the *Illinois Alumni News*, to provide space for news and particularly items of interest to alumni in the armed forces; and (3) increased services required of the Illini Center in Chicago.

I recommend that an emergency appropriation of \$5,000 be made to Alumni Relations and Records from the General Reserve Fund for the purposes indicated.

I further recommend that an appropriation of \$3,000 be made from the General Reserve Fund for sending a special Christmas-New Year's edition of the *Illinois Alumni News* to all alumni in the service of the armed forces. This would not replace one of the regular issues of the *Illinois Alumni News* but would be a special edition devoted to articles and news stories written especially for the alumni in military service. The edition would also be a Christmas and New Year's greeting from the University. This is a recommendation from the President of the University and does not come from the Alumni Association.

Therefore it should not prejudice consideration of the request of the Association for the \$5,000 of additional funds for the purposes specified above.

On motion of Mr. Karraker, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### NEW FACULTY APPOINTMENTS

(38) I recommend that the Board of Trustees authorize commitments at an early date to a limited number of men for appointments to the faculty beginning September 1, 1945. There are many scientists and scholars, both older men of distinguished reputation and younger men who give promise of achieving distinction, who are in various types of civilian war service in Government agencies and in private industry. Sooner or later as the war situation changes these men will be released from their present assignments and will again be available for academic positions. Many of them are on leave of absence from colleges and universities and will return to their former positions. Others have no such commitments.

It is important that a plan be devised whereby the University of Illinois can get into this market, so to speak, early and thus be in a position to secure the best of these men for existing vacancies and for new positions which will have to be established to take care of the inevitable increase in enrollment at the conclusion of the war. To wait until the enrollment actually demonstrates the need for staff additions will result as it has done before in overloading the staff, large classes, and a limited selection of personnel. The consequence of this is obvious. Other universities are making plans to add to their faculties, and in fact have already done so. The University of Illinois should be in a position to compete with them in securing the best talent available.

On motion of Mr. Karraker, this procedure was authorized as recommended.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(39) A recommendation that an appropriation of \$12,500 be made for office rearrangement in the Physical Plant Service Building.

Bids have been taken on this remodeling, and it is recommended that a contract for the general work be awarded to E. N. DeAtley, Champaign, the lowest bidder, in the amount of \$10,500. There will also be electrical wiring, telephone changes, and incidentals which make it necessary to request the appropriation indicated.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### COMPENSATION FOR MRS. ANNA O'CONNOR

(40) Mrs. Anna O'Connor, an employee in the Research and Educational Hospital, suffered an accident in the Hospital on April 5, 1943, which resulted in the loss of an eye. Before the University Committee on Accident Compensation had an opportunity to pass on the claim, Mrs. O'Connor, through counsel, filed a claim with the Industrial Commission and later with the Court of Claims, for compensation of not less than \$2,750 and a further claim against the University for negligence in maintenance of the corridor in which she fell.

Because of the complexity of the case, the Committee several weeks ago presented it to the Board Committee on Civil Service and Employees. The Board Committee instructed the Accident Committee to endeavor to reach a satisfactory settlement of the claim and avoid litigation, it being the opinion of both Committees that the record would support a finding in favor of the employee.

Mrs. O'Connor, through her counsel, has indicated that she would accept complete settlement of the case on the following basis:

Compensation for time lost as provided by the Workmen's Compensation Act.....	\$ 712 96
Expense of a permanent glass eye (estimated).....	50 00
Compensation for the loss of the eye in accordance with the Workmen's Compensation Act (cash settlement).....	1 291 86

Mrs. O'Connor has been paid for time lost from the regular appropriation for Injuries to Employees and is entitled to receive additional disability compensation from the University Retirement System in the amount of \$229.59. A special appropriation of \$1,291.86 only is required for the compensation for the loss of the eye.

The Committee on Accident Compensation recommends that this settlement be approved and that the needed additional appropriation be made. I concur and recommend a special appropriation of \$1,291.86 from the General Reserve Fund.

On motion of Mr. Jensen, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### ASSESSMENT OF UNIVERSITY BUILDINGS FOR GENERAL PROPERTY TAXES

(41) On May 16, 1942 (Minutes, page 874), the Board was informed that the assessors of Champaign and Cunningham Townships in the County of Champaign had assessed the Men's Residence Halls and the Illini Union Building for general property taxes. The Board authorized the University Counsel to take any steps necessary to assist the University of Illinois Foundation (the title to these buildings is in the Foundation) in having the property removed from assessment rolls.

This matter was litigated in the County Court of Champaign County and a report was made on it to the Board on June 22, 1944 (Minutes, page 1002). The decision of the court upheld the objections of the University and the Foundation, but the Champaign County Board of Supervisors decided to appeal the case to the Supreme Court of Illinois. The assessments for the years involved (1942, 1943, and 1944) aggregate approximately \$80,000.

The briefs of the State's Attorney of Champaign County and of the University of Illinois and University of Illinois Foundation have been filed in the Supreme Court. The case was set for oral argument on September 25 and a decision should be forthcoming at the November term. Judge Sveinbjorn Johnson has been serving as counsel for the University and for the University of Illinois Foundation in this matter from the beginning. He has prepared and filed in the Supreme Court the brief of the University and the Foundation. Since he is so thoroughly familiar with this case and it would be practically impossible for any other attorney to take it over effectively, I recommend that he be authorized to continue as special counsel even though he is no longer in the active service of the University.

On motion of Dr. Meyer, this recommendation was adopted.

#### LEAVE OF ABSENCE FOR F. J. KEILHOLZ

(42) Last year the Board of Trustees approved a leave of absence for Mr. F. J. Keilholz, Extension Editor and Associate Professor of Agricultural Extension, for the period of December 1, 1943, through November 30, 1944, so that he might join the Curtis Publishing Company as associate editor of *Country Gentleman*. Mr. Keilholz has requested an extension of this leave for one year more, in a letter of August 10, 1944, transmitted through the Dean of the College of Agriculture, copy of which is hereby given to the Secretary of the Board for record.

Dean Rusk does not approve this request because the temporary arrangement made for carrying on the work of the Extension Editor is not satisfactory. I recommend that the request for an extension of leave be not approved.

On motion of Dr. Meyer, this request for extension of leave was denied.

**APPOINTMENT OF W. L. EVERITT AS PROFESSOR AND HEAD  
OF THE DEPARTMENT OF ELECTRICAL ENGINEERING**

(43) The Dean of the College of Engineering recommends the appointment of Dr. W. L. Everitt, Professor of Electrical Engineering at Ohio State University, now on leave of absence for service as Chief of Operational Research in the Office of the Chief Signal Officer of the War Department, as Professor and Head of the Department of Electrical Engineering on indefinite tenure at an annual salary of \$10,000 beginning September 1, 1944. Since Doctor Everitt is not available for immediate service, I recommend his appointment as Professor and Head of the Department of Electrical Engineering without salary, for one year from September 1, 1944, with the understanding that he will be given an appointment on salary later. The appointment without salary, effective September 1, is being recommended to give Doctor Everitt official status as a member of the University staff. This is desirable so that he can be consulted about the development of educational and research programs and so that he can deal authoritatively in negotiating with candidates for future appointments as members of the Department of Electrical Engineering.

On motion of Dr. Meyer, this appointment was authorized as recommended.

**TRANSFER OF ANIMAL PATHOLOGY STAFF FROM STATE  
DEPARTMENT OF AGRICULTURE TO UNIVERSITY**

(44) The budget of the State Department of Agriculture, Division of Livestock Industry, includes the salaries of a number of persons assigned to and working under the direction of the University Department of Animal Pathology and Hygiene in the College of Agriculture. These persons are located at the University and are appointed by the University, their salaries being paid by the State Department of Agriculture. Certain wage and expense items also are included, the total being approximately \$30,000 a year.

Dean Rusk has recommended, and the Comptroller concurs, that the University request the transfer of present allotments in the State Department of Agriculture budget for these purposes to the University appropriation beginning with the biennium 1945-1947. I concur in this recommendation and request approval at this time for purposes of preparation of the biennial budget.

On motion of Mr. Davis, the President of the University was authorized to request this transfer as recommended.

**APPOINTMENT OF DEAN OF COLLEGE OF COMMERCE  
AND BUSINESS ADMINISTRATION**

(45) I recommend that Professor Hiram T. Scovill, Professor of Accountancy, Head of the Department of Business Organization and Operation, and Acting Dean of the College of Commerce and Business Administration since March, 1942, be appointed Professor of Accountancy on indefinite tenure and Dean of the College of Commerce and Business Administration, effective September 1, 1944, at a salary of \$8,750.

On motion of Mr. Davis, this recommendation was disapproved, and the President of the University was requested to recommend an outstanding man, not at present on the University staff, for the deanship of the College of Commerce and Business Administration.

**APPOINTMENT OF PROFESSOR COLEMAN R. GRIFFITH AS PROVOST**

(46) A recommendation that Dr. Coleman R. Griffith, now Professor of Education and Director of the Bureau of Institutional Research, be appointed to the position of Professor of Education on indefinite tenure, and Provost of the University from October 1, 1944, through August 31, 1945, at a total salary rate of \$9,000 a year for such service, effective October 1, 1944.

This appointment is to fill the vacancy created by the resignation of Dean Albert J. Harno of the College of Law as Provost. The position of Director of the Bureau of Institutional Research will remain vacant for the time being.

On motion of Mr. Jensen, this appointment was made as recommended.

#### REPORT ON PROGRESS OF AIRPORT CONSTRUCTION

(47) A report of Professor J. J. Doland on the progress of construction at the Airport.

September 20, 1944

PRESIDENT A. C. WILLARD:

Since July 13, 1944, the date of my last formal report to you, the following items represent the principal developments in the construction of the University of Illinois Airport:

1. *University Right of Way on Ross Property.* The University came into formal possession of the ditch right of way through the Ross property in Section 1, Township 18 North, Range 8, East of the Third Principal Meridian, on July 13, 1944. On that date, and subsequently, there was some friction between the tenant on the Ross farm and the contractors, arising out of the failure of Mr. Ross to notify the tenant. On September 6, 1944, I had a conference with Mrs. William Cole, the tenant on the Ross property, and her attorney, Mr. John Franklin, and assured her that she would be reimbursed for any resulting damage to the crops she had planted in good faith on the land now owned by the University of Illinois. The outside value of any damage she might suffer would be \$40.00, which should be shared by the University of Illinois and the Cooke Contracting Company. Since that time, Mrs. Cole has been most cooperative.

2. *University Right of Way on Howard Property.* On August 23, 1944, Mr. Walter B. Riley, attorney for Mr. Hartwell C. Howard, made formal written demand on the University for compliance with the contractual agreements made in consideration for the purchase of drainage right of way across the land owned by Mr. Howard in Section 2, Township 18 North, Range 8, East of the Third Principal Meridian. On this date, September 20, 1944, all of the compliances have been completed except for the construction of the right of way fence and minor grading operations. Fencing materials are expected to be delivered by October 1, 1944, and full compliance is expected to be completed by October 15, 1944, which is Mr. Howard's demand date.

3. *Negotiations and Settlement of Right of Way over the Samuel Somers Property in Section 3, Township 18 North, Range 8, East of the Third Principal Meridian.* The difficulties with both the Civil Aeronautics Administration and the Somers family, attendant upon reaching a satisfactory solution of the drainage channel to the west, are briefed up to that date in my last report, dated July 13, 1944. On August 1, 1944, Mr. Somers stated that he was rejecting all offers of settlement, and that he would refuse all use of his land unless the drainage outlet were carried in a closed pipe conduit past his farm to the Two Mile Slough Drainage District ditch. President Park Livingston and Mr. Amos H. Watts, of Chapman and Cutler, came to Urbana on August 2, 1944, and a conference, including yourself, Mr. Livingston, Mr. Watts, Mr. Lloyd Morey, and myself was held in your office. It was there agreed that the closed pipe conduit was also best for the University, provided funds were available to finance the extra cost. Mr. Morey assured the members of the conference that funds were available. Mr. Livingston consulted Mr. Chester Davis and Mr. Frank Jensen of the Executive Committee, and the situation was explained to them. They agreed to the proposal of appropriating \$15,000 in addition to the \$34,200 already approved by the Board of Trustees for drainage improvements. That evening, Mr. Watts and I drew up the necessary instruments, and presented them to the Somers family and their attorney, Mr. Olin Browder, on the morning of August 3, 1944. Our terms were readily accepted by the Somers family, so that there remained only the necessary negotiations with the Civil Aeronautics Administration and the contractors, explained in Item 4.

On August 1, 1944, I secured a permit for the use of the township road for right of way purposes from Mr. Willard Albrecht, Highway Commissioner for Tolono Township. This eliminated the necessity of purchasing right of way from both Mr. Somers and the Hall family.

I am in agreement with all phases of the settlement, but I am not satisfied with the design made by the Civil Aeronautics Administration and built by the

contractors for the outlet box at the western drainage outlet. My opinion is that this structure is too small and may cause trouble in the future. I had no opportunity to approve the design.

4. *Western Drainage* (continued). On August 9, 1944, the Chicago Regional office of the Civil Aeronautics Administration sent representatives to the campus to settle finally the western drainage outlet problem. Prior to that time, I had several conversations with the Chicago office in an attempt to clarify the situation, and to keep the C.A.A. in line relative to the obligations of the University. On the above date, a conference was held in your office, attended by Messrs. Arnold, Schofield, Hale and Walls of the C.A.A., and Mr. A. J. Janata and the undersigned representing the University. It was there agreed that the University would accept responsibility for the cost of construction of the western outlet from Station 20 + 19 to Station 53 + 00, and that the C.A.A. would pay for the remainder. The cost of this arrangement was well within the budgetary amounts considered in the conference of August 2, 1944.

The conference adjourned to my office, and was joined by Mr. Paul Greene and Mr. L. H. Brenner of the Johnson-Greene Company. The proposal was accepted by them. Mr. Greene and I had a further conference at 6:00 p.m. and it was agreed that I should request a University work order for \$37,800 to cover the additional work and its cost. Work was started, and has progressed satisfactorily. From present indications, it appears that the cost to the University of all of the drainage improvement work will be less than the authorized appropriation.

In order to satisfy one farmer, Mr. Willard Koss, it was necessary to enter into an agreement to pay him \$50.00 for inconvenience and damage resulting from the closing of the road in front of his farm for a period of from two weeks to three months. We also found it necessary to agree to pay the Illinois Bell Telephone Company \$175 for a temporary change of line to serve this farm. In order to reduce construction time and avoid other damage claims, we entered into an agreement with Mr. George Hall to pay him for the value of crops necessarily damaged by construction operations. We also agreed to restore farm fences on the Somers, Ross and Hall farms to equal or better condition than they were before removal necessitated by construction operations.

5. *University Building Program*. On August 5, 1944, I was notified by the War Production Board in Washington that priority applications for the construction of buildings on the University of Illinois Airport were confused and needed clarification. This undoubtedly resulted from a misunderstanding on the part of the Physical Plant Department, in filing priority applications without clearing through my office. Dean M. L. Enger authorized me to negotiate the difficulties, which I did the following week in Washington. On September 11, 1944, I was notified by the War Production Board in Washington that they would approve the construction of the control tower portion of the Administration Building. I had been previously assured that after the building was cleared, the War Production Board would give favorable consideration to the application for sanitary sewerage, water supply, and power line.

6. *Progress*. Mr. M. F. Tigrak and Mr. M. E. Uyanik, graduate students in Civil Engineering, who have been performing certain gratuitous services, have continued to furnish this office with daily and weekly progress reports. Copies of these have been furnished your office for the purpose of conserving their historical value. Paving operations were begun on August 22, 1944, on the South-east runway at the intersection of the diagonal runways.

As of this date, the progress is approximately as follows:

Grading.....	95% complete
Airfield Drainage.....	90% complete
Outlet Drainage.....	75% complete
Paving.....	21% complete
Fencing.....	0% complete
Sodding and Turfing.....	0% complete
University Buildings & Utilities.....	0% complete
Total length of 25 ft. wide slab.....	123 400 ft.
Completed as of September 20, 1944.....	25 828 ft.

7. *Aerial Photographs*. The Army Air Force has furnished aerial photo-

graphs of progress, taken on July 4, July 18, August 8, and August 29, 1944. Copies of these have been sent to your office.

8. *Seeding and Sodding.* No new information has been secured from the C.A.A. on the seeding and sodding of the airfield except that it will be postponed until the spring of 1945.

9. *Lighting.* No new developments to report on field lighting by the C.A.A.

10. *Army.* The B-24 Bomber Training Unit at Chanute Field was transferred to Alabama, as of September 8, 1944. Contacts with officers of the Army Air Force have thus far failed to reveal any specific information as to how this change will affect the use of the University of Illinois Airport by the Army, as an essential part of the war effort. The officers assure me, however, that some form of pilot training will continue at Chanute Field.

Two visits were made to the Airport by Mr. D. J. Bremer, a civilian of the Indianapolis office of the Army Air Force, on August 11th and August 18th. Mr. Bremer stated that his visits were ordered by General H. A. Arnold, Commander in Chief of the Army Air Force, Washington, D.C. His purpose, he said, was to report on progress and to offer assistance in expediting completion of the Airport. He has been informed of the importance of reaching a settlement of the difficulties explained in Item 11.

11. *Wage Adjustment Board.* At the beginning of the University of Illinois Airport project, the wage rate established by the Wage Adjustment Board for common labor was 80 cents per hour. Before bidding on the job, the contractors learned that, in spite of the ruling, the prevailing wage rate in this area is 95 cents per hour. Their bids were based on the latter rate, and consequently, they are perfectly willing to pay that rate. In order to avoid penalties, however, they asked the Wage Adjustment Board to establish the 95 cent rate. A hearing was ordered in Washington on July 26, 1944, which was attended by Mr. C. E. Cooke of the Cooke Contracting Company, Mr. Paul Greene of the Johnson-Greene Company, Mr. Sherdie Jones of the Twin City (Champaign-Urbana) Federation of Labor, representatives of the C.A.A., and myself. Evidence was presented supporting the existence of the 95 cent rate as prevailing in this area. On August 23, 1944, the request was denied by the W.A.B. Notice was received by the contractors on September 6, 1944, and they appealed the decision under date of September 9, 1944. The office of Senator Scott W. Lucas has been actively supporting the contention of the contractor.

On September 12, 1944, the contractor posted notice of a change in rate from 95¢ to 80¢ per hour. The following day and since, paving operations have continued with attenuated manpower and curtailed progress.

Present indications are that a settlement of the controversy will be reached within a short time and normal progress will then be resumed. If an unfavorable decision is reached, the paving situation will become critical.

12. *Right of Way for Power Line from University Power Plant to Airport.* On August 21, 1944, the Physical Plant Department requested me to secure the necessary permits and easements for the construction of the power line along the First Street Road to the Savoy Road, thence west to Savoy and the Illinois Central right of way. I prepared the necessary instruments for execution by the two township supervisors of highways concerned, had them amended and approved by Chapman and Cutler, and submitted them to the Supervisors on September 6, 1944. The permits of the Township Highway Commissioners were duly executed by Mr. Samuel Lowman of Champaign Township and by Mr. Earl T. Werts of Urbana Township on September 7, 1944. These have been forwarded to your office.

I was later informed by letter that the College of Agriculture objected to the construction of a power line along the First Street Road, because it would require the removal of certain trees.

Outside of the objections of the College of Agriculture, the First Street route appears to be the cheapest and most feasible. Any change will entail considerable delay and expense in the procurement of easements from individual property owners. Some of the latter may have arguments similar to those interposed by the College of Agriculture. I am holding this matter in abeyance pending your final decision.

[The difficulties mentioned in Section 12, "Right of Way for Power Line from University Power Plant to Airport," were resolved by agreement with representatives of the College of Agriculture and the Physical Plant Department

on September 28, 1944. The final agreement will necessitate the expenditure of approximately \$7,000 additional required for the placing of the power line underground for a short distance in order to conserve the trees. Since we will ultimately wish to place the entire line underground this expenditure is entirely justified at this time. The priority already granted for the construction of this line by the War Production Board is sufficient to cover the additional cost of the construction.]

13. *Airport Information Sheets.* With authority from your office, I prepared on September 15, 1944, an information sheet showing a sketch map of the airport and pertinent facts relating to it. This was in response to a widespread demand for basic information. A copy of the document is attached hereto. Five thousand copies were ordered and are available for distribution.

14. *Airport Passes.* On July 6, 1944, with the approval of your office, I ordered printed 300 card passes to the airport site. These were printed and distributed, and thus far, have served two important functions:

1. They have improved University public relations by confining issuance to persons who have materially aided the airport project or who have shown a real interest in it.

2. They have enabled the contractors to deny admission except to responsible persons and thus to reduce greatly the loss resulting from vandalism which occurred during the early stages of the construction.

Passes have been sent to the University Board of Trustees and to many other University and local persons.

15. *Operations.* The first landing of an airplane on the new concrete runways occurred at 3:46 p.m. on September 14, 1944, when, with Honorable Park Livingston, President of the Board of Trustees, and the Supervising Engineer as passengers, Pilot Earl Taynor of Champaign landed the Stinson Reliant, Airplane License No. NC 31587, on the Southeast runway.

#### ADMISSION OF JAPANESE STUDENT

The President of the Board read the following letter from Mr. Walt Wessman, concerning the admission of Henry Aihara as a student, and requested that Mr. Wessman be heard on the matter.

26 September 1944

*Mr. Park Livingston  
c/o Dean Milk Company  
20 N. Wacker  
Chicago, Illinois*

DEAR PARK:

A few days ago I called you relative to Henry Aihara, an American born Japanese boy who wants to enter the University of Illinois and who has been refused permission to enter by the registrar's office because his grades are below the upper quarter of his class at New Trier High School.

I am attaching to this, letters of recommendation from John Nay, his high school adviser and also his track coach, and from Walter T. Fisher who gave this boy a home last year. I believe that Mr. Fisher is a former trustee of the University of Illinois.

This boy has outstanding athletic ability in track, having placed second in both the high and broad jump in the state meet last spring.

You will note by the last paragraph in Mr. Fisher's letter that Henry has a brother who is a sergeant in the medical corps of the United States Army.

I hope that the board of trustees can make an exception to their ruling regarding the admission of American born Japanese students and allow Henry Aihara to register at the University of Illinois this coming semester.

I shall appreciate your letting me know what decision the board makes.

Cordially,

WALT WESSMAN  
*Director of Field Activities*

Mr. Wessman made a statement on this matter.

On motion of Mr. Davis, the Registrar was authorized to make an exception to the rules in this case.
