**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**July 17, 1944**  
**With Adjourned Session of**  
**July 18, 1944**  
**And Executive Committee Meetings of**  
**July 13, 18, and 25, 1944**

The July meeting of the Board of Trustees of the University of Illinois was held at the University Club, in Chicago, at 6:30 p.m. on Monday, July 17, 1944.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. McKelvey, Dr. Meyer.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. Howard A. Hazleton, Assistant Comptroller, and during part of the evening, Mr. Waldo Ames, President of the Board of Directors of the Athletic Association, and Mr. Douglas R. Mills, Director of Intercollegiate Athletics.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of June 1, 1944, and the adjourned session of June 22, 1944, together with the meeting of the Executive Committee of May 9, 1944.

On motion of Mr. Jensen, the minutes were approved and received for record as printed on pages 941 to 1018.

**REPORT OF EXECUTIVE COMMITTEE MEETING  
OF JULY 13, 1944**

The Secretary presented for record the minutes of a meeting of the Executive Committee.

The Executive Committee of the Board of Trustees of the University of Illinois met at the University Club, in Chicago, at 12:30 p.m. on Thursday, July 13, 1944. Present: Mr. Park Livingston, Chairman, General Chester R. Davis, and Mr. Frank A. Jensen, members of the Committee; also President A. C. Willard, Professor W. C. Huntington, Director C. S. Havens, Mr. E. Todd Wheeler, and Mr. H. E. Cunningham, Secretary.

**Special Building Program**

On motion of Mr. Jensen, the proposed Veterinary College, Animal Husbandry Laboratory, and Dairy Husbandry buildings were grouped as associated projects, to be combined as one project if this may be found necessary.

On motion of Mr. Davis, the Health and Physical Education building was approved as a part of the University program, and the entire program as presented was approved for presentation to the State Post-War Planning Commission.

**Matters Presented by President Willard**

The Executive Committee considered the following matters presented by the President of the University.

**Appropriation for Airport Drainage**

(1) After contracts for the construction of the University of Illinois Airport were let by the Civil Aeronautics Administration it was discovered that the original drainage plans (prepared by the Civil Aeronautics Administration) constituted a violation of the drainage laws of Illinois. It, therefore, became necessary to provide three drainage outlets instead of the one originally specified. Two of these outlets are satisfactorily provided for, but the third has become a subject of controversy. This would be the outlet for the drainage of the western area of the airport. The present Civil Aeronautics Administration plan of development provides for an open ditch which would have several objectionable features, viz.:

1. The right-of-way will be very difficult to secure, because the affected owners of the land live on and operate their farm and depend on it for a livelihood. The airfield development has already taken 180 acres of a total of 320 acres for which the owners were equipped with machinery and buildings to farm. The proposed open ditch would take from them an additional 14 acres, which would mean more than 10 per cent of their remaining 140 acres when roads and building areas are deducted.

2. The open ditch plan would take out of agricultural production about 12 acres of valuable crop lands.

3. The necessary spoil banks would become a scar on the countryside, which would be inconsistent with the appearance of the project as a whole, and thus would partially nullify the general aesthetic effect which the plans of the Civil Aeronautics Administration will produce on the field, and the University will develop, in connection with its building program.

The outlet for the eastern drainage will be an open ditch, but there has been a natural ditch draining this area before, which is being straightened, deepened, and otherwise improved.

The University has been negotiating with the Civil Aeronautics Administration in an attempt to have them provide a buried pipe channel instead of an open ditch to the west. As a compromise we agreed to one-half mile of open ditch and one-half mile of pipe channel. The Chicago regional office of the Civil Aeronautics Administration submitted to the Washington office a revised drainage design for this portion of the project, in accordance with the University's proposal. The Washington office has disapproved this revision because of the additional cost.

It would be unfortunate to have this mile-long open ditch. Aside from the reasons cited above, there would be public disapproval and the University would be obligated to maintain the ditch.

The Civil Aeronautics Administration will put in a pipe channel for a part of this distance if the University will pay the difference in cost. Estimates prepared by Professor James J. Doland during airport construction and checked with representatives of the Johnson-Green Company (one of the contractors on the airport) indicating the difference in cost between the pipe channel and the open ditch are as follows:

*Open Ditch*

Cost as estimated by C.A.A.:

Excavation—50,000 cu. yds., at 27¢.....	\$13 500	
Structures .....	1 500	\$15 000

University cost which would be paid out of funds already

appropriated:

Right-of-way—14 acres, at \$400.....	5 600	
Fencing—320 rods, at \$2.20.....	700	
Sodding 10 acres of spoil banks.....	750	7 050

*Total Cost of Open Ditch.....* \$22 050

*Pipe—2,700 feet of 54-inch pipe, at \$15.....* 41 250

*Extra Total Cost of Pipe Compared with Open Ditch.....* \$19 200

The net present cost to the University would be further reduced by capitalization of the maintenance cost of one-half mile of open ditch, which might easily run to \$200 or more a year.

I therefore recommend a proposal be made to the Civil Aeronautics Administration that the University will agree to the expenditure of the additional cost of the pipe over the open ditch and that an appropriation of \$19,200 be made from the General Reserve Fund for this purpose.

On motion of Mr. Davis, this recommendation was adopted. The appropriation was made by unanimous vote.

#### **Appropriation for Veterinary College Studies**

(2) At its meeting on June 1, 1944 (Minutes, page 958), the Board of Trustees voted to establish a College of Veterinary Medicine and Surgery. The President of the University was directed to have a study made of the organization and the curriculum and submit a detailed report through the University Senate to the Board of Trustees as soon as possible.

A committee has been appointed to make a study of the building and curricular needs for this College. This committee has been instructed to include in its report estimates of capital and operating costs—that is, how much money should be requested for a complete building or buildings, the probable staff requirements and annual budgets—with due consideration given to the transfer of any existing departments to the new college. The committee has likewise been instructed to secure data on curricular requirements.

It will be necessary for this committee to send representatives to other institutions having veterinary colleges and to secure the consulting services of experts in veterinary education. I, therefore, recommend that an appropriation of \$2,500 be made from the General Reserve Fund to the "Committee on Organization and Curriculum for College of Veterinary Medicine and Surgery," this fund to be available for travel expenses, office expenses, secretarial and clerical salaries, and honoraria for consulting services.

On motion of Mr. Jensen, this appropriation was made, by unanimous vote.

The Executive Committee adjourned.

#### **ORGANIZATION OF HEALTH AND PHYSICAL EDUCATION AND ATHLETICS PROGRAM**

Mr. Ames and Mr. Mills made statements on the plans for a building for Health and Physical Education and Athletics, to the effect that such a building should be a University project and not a separate bill sponsored by outside organizations, that it should be on the same basis as the Huff Gymnasium, and that, as a result of the separate organiza-

tion of the Athletic Association and the School of Physical Education, their interest in the project was entirely from the point of view of intercollegiate athletics, for the purposes of our own student body.

After full discussion, and on motion of Mr. Jensen, the entire matter was referred to the President of the University for study and recommendation on the health and physical education and athletics program.

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matter presented by the President of the University.

#### BUDGET OF ATHLETIC ASSOCIATION

The Director of Intercollegiate Athletics submits on behalf of the Board of Directors of the Athletic Association the proposed budget of the Association for 1944-1945. The budget is summarized as follows with comparative figures for the preceding year:

	1943-1944 <i>Estimates</i>	1943-1944 <i>Actual</i> ( <i>Unaudited</i> )	1944-1945 <i>Proposed</i>
<i>Income:</i>			
Football .....	\$144 330	\$ 94 775	\$150 250
Coupon books .....	30 000	9 525	10 000
Other sources .....	46 455	31 839	33 800
<i>Total</i> .....	<u>\$220 785</u>	<u>\$136 139</u>	<u>\$194 050</u>
<i>Expenditures:</i>			
Regular operations .....	\$220 195	\$150 010	\$188 359
Special items .....	.....	5 100	.....
<i>Total</i> .....	<u>\$220 195</u>	<u>\$155 110</u>	<u>\$188 359</u>
<i>Excess of income over expenditure</i> .....	\$590	\$-18 971	\$ 5 691

At the beginning of the year the Association had a net operating balance of \$60,763.60. At the close of the year, after allowing for increments from non-revenue sources, for special appropriations and reserves, this surplus amounted to \$41,793 (subject to audit). In addition the Association had a reserve of \$32,000 for plant maintenance and replacement.

The budget has been reviewed in detail by the Comptroller. All salaries have been reviewed by the President, and those paid jointly by the Athletic Association and the School of Physical Education are concurred in by Director Staley.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments as are necessary, including new appointments and acceptance of resignations, as recommended by the Board of Directors of the Athletic Association, within the total estimated income.

The Comptroller presented this budget, and commented thereon.

On motion of Mr. McKelvey, this budget was approved, and authority was granted to the President of the University as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker, Dr. Luken, Mr. Nickell.

After an informal discussion of matters pertaining to the internal budget for 1944-1945, the Board recessed until noon on Tuesday, July 18, 1944.

#### ADJOURNED SESSION, JULY 18, 1944

When the Board convened at noon on Tuesday, July 18, 1944, the following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. McKelvey.

The Board recessed until 3:30 p.m.

## MEETING OF THE EXECUTIVE COMMITTEE

JULY 18, 1944

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held July 18, 1944, at the University Club, in Chicago, during the recess in the meeting of the Board on the same day, pursuant to call issued on July 12. All the members of the Executive Committee were present: Mr. Park Livingston, Chairman, General Chester R. Davis, and Mr. Frank A. Jensen, members of the Committee; also Mr. John R. Fornof and Mr. Frank H. McKelvey, members of the Board.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. H. A. Hazleton, Assistant Comptroller, and Mr. J. F. Wright, Director of Public Information.

## MATTERS PRESENTED BY PRESIDENT WILLARD

The Executive Committee considered the following matters presented by the President of the University.

## BUDGET FOR 1944-1945

(1) The University budget for the fiscal year beginning July 1, 1944, and the academic year beginning September 1, 1944, is submitted herewith (see page 41). I recommend:

1. That this budget covering the allocation of the University's income from all sources be approved.
2. That the President of the University be authorized (a) to make such changes and adjustments as are needed, (b) to make such additional appointments as are necessary, and (c) to accept resignations as are offered, in accordance with the needs of the University and the equitable interests involved, within the total income, all such changes to be covered in the Comptroller's quarterly reports.

On motion of Mr. Jensen, the budget was approved and authority granted as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

## PROPOSED SPECIAL RESEARCH FUND FOR 1944-1945

(2) Because of decreased student enrollment on the Urbana campus, the University is committed to a staff for 1944-1945 which is in excess of that required for the expected teaching load. The income applicable to the year 1945 does not permit the retention of all these persons in the regular budget, and yet some portion of their time may be required by courses and curricula leading to graduation.

It is proposed to appropriate to the University Research Board a special nonrecurring appropriation out of the General Reserve of the University. From this appropriation it is proposed to assign funds for approved research projects, including both the salary of the staff member concerned and other expenses relating thereto. Through this means it is hoped that a way can be found of providing for the employment of various members of the staff who will not be needed in teaching and administrative duties for full-time service for the coming year but who have promising programs of research which the University would undertake to support if other funds were available, and who would welcome the type of appointment proposed.

Deans of the colleges will be invited to recommend, through the President of the University, to the Dean of the Graduate School the transfer of members of their staffs for part or full time for such purposes. The projects will be reviewed by the Dean of the Graduate School and submitted by him to the University Research Board. When approved, the salaries of the individuals con-

cerned, for part or full time as the case may be, for 1944-1945 will be transferred to the special nonrecurring appropriation herein mentioned. The amounts of their salaries thus transferred will be eliminated from the budgets of the departments to which they are attached. Their names will be retained in those budgets with the indication that their salaries, in whole or in part, for 1944-1945 are paid from the special nonrecurring University Research Fund.

This arrangement will not in any way modify the commitment of the University to these individuals as expressed in present appointments or the moral obligation of the University for renewal of their appointments at their termination.

In future budgets in which the continuation or renewal of the appointments of the individuals concerned is to be dealt with, new funds must be provided for these salaries in the budgets of the departments to which the individuals are attached.

With the advice of the University Research Board, the Dean of the Graduate School will be responsible for the activities of the research staff thus created for 1944-1945, and in consultation with the Deans and Directors concerned, an attempt will be made to give every member of the staff a reasonable service load of teaching and research.

For the purpose of carrying out the above plan, I recommend the appropriation of \$50,000 from the General Reserve Fund.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

#### AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(3) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. Candidates who hold the certificate of Public Accountant in Illinois and who also hold unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 4, a-1):

V. FRANK BANTA (Ind.)	ALBERT WESLEY MAHONE (N.C.)
FRITZ AUGUST BOEDEKER (Ind.)	EDWARD JOSEPH PELIKAN (Ind.)

 MARION FOY STONE (N.Y.)  
 FELIX THEODORE TERRY (Tex.)  
 EDWARD JOSEPH TURK (Ohio)  
 GEORGE LEE WEISBARD (N.Y.)

I concur.

On motion of Mr. Davis, these certificates were awarded as recommended.

#### LEAVES OF ABSENCE

(4) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves:

WALTER JOHN RICHARD CAMP, Professor of Pharmacology, sick leave with full pay for six months from December 1, 1943, and sick leave on one-half pay from June 1 through August 31, 1944.

ROLAND WILLEY BARTLETT, Professor of Agricultural Economics, extension of his leave of absence from July 1 through September 30, 1944, to continue his studies in marketing for private business enterprises, without pay.

MRS. RUTH CRAWFORD FREEMAN, Associate in Home Economics, leave with pay from August 14 through September 1, 1944, so that she may attend a three-weeks' intensive rural housing short course offered at Purdue University for home management specialists and agricultural engineers.

MRS. HARRIET B. ALLEN, Teacher in the Research and Educational Hospitals, leave of absence without pay from May 3 through July 2, 1944, in order to perform a special teaching assignment in the United States Army.

MRS. ANN LUCILLE LAIRD, Director of the Nursing Service of the Research and Educational Hospitals, leave on one-half pay from July 1 through August 31, 1944, for the purpose of studying advanced nursing during the summer quarter at the University of Chicago.

HELENA VERONICA BURKE, Head Nurse in the Research and Educational Hospitals, leave without pay from July 1 through August 31, 1944, because of illness in her family.

BERNICE MITCHELL, Home Adviser in Winnebago County, sick leave with pay from April 1 through September 30, 1944.

GERTRUDE McLAUGHLIN, Assistant Clerk-Stenographer in the Bureau of Economic and Business Research, extension of leave, without pay, from June 1 through June 30, 1944.

The following individuals are eligible for disability benefits from the University Retirement System, so that the sick leave in each case is without pay:

MRS. THELMA CARROLL BRUMWELL, Dispensary Nurse in the Research and Educational Hospitals, extension of leave from April 6, 1944, through April 4, 1945.

JOHN ALEXANDER, Assistant in French, extension of leave from July 1, 1944, through June 30, 1945.

CHARLES WELLS, employee at the Dixon Springs Experiment Station, from June 1 through August 31, 1944.

MRS. MOLLIE GOOTAR, Kitchen Helper in the Research and Educational Hospitals, Dietary Department, July 1, 1944, through June 9, 1945.

MRS. JOSEPHINE JASEK, Kitchen Helper in the Research and Educational Hospitals, Dietary Department, July 1, 1944, through June 30, 1945.

MRS. EMMA PALMER, Kitchen Helper in the Research and Educational Hospitals, Dietary Department, July 1, 1944, through April 3, 1945.

#### *Leaves of Absence for Military and Other War Service*

(The leave in each case is without pay.)

JOSEPH A. KOREN, Graduate Assistant in Pharmacy, June 1 through August 31, 1944.

MALCOLM G. DAVIS, Compositor in the Print Shop, June 10 through August 31, 1944.

JEROME THOMAS PAUL, Instructor in Medicine, June 12 through August 31, 1944.

C. A. NEWMAN, Driver in the Physical Plant Department, June 27 through August 31, 1944.

GERSHON LEO HELLER, Graduate Assistant in Chemistry in the College of Pharmacy, July 1 through August 31, 1944.

ALBERT DAVID BAILEY, Instructor in Electrical Engineering, July 1 through August 31, 1944.

OTIS RAY TAYLOR, Groundsman in the Physical Plant Department, July 11 through August 31, 1944.

On motion of Mr. Jensen, these leaves were granted as recommended.

#### **SABBATICAL LEAVE OF ABSENCE FOR PROFESSOR C. V. DONOVAN**

(5) Professor C. V. Donovan of the Department of Art requests a sabbatical leave of absence for the second semester of 1944-1945 (six months from March 1, 1945), with pay, in accordance with the University Statutes. He wishes to spend this time investigating methods and technical approaches being used in other schools in the United States in the field of advertising design, with the view of strengthening the University's work in commercial design, which is under his immediate supervision. He also plans to spend a part of the time in painting and study. The department can make provision for his teaching program during the period of his absence without additional expense to the University.

It is to the University's advantage to have him take his sabbatical leave next year rather than at some future time. Professor Donovan has been a member of the faculty for twenty-five years. I recommend approval.

On motion of Mr. Davis, this leave was granted as recommended.

#### **RESIGNATION OF DEAN H. M. MARJERISON**

(6) Dean H. M. Marjerison has submitted his resignation as Professor and Dean of the College of Dentistry, effective September 1, 1944, to accept the position of Associate Director of the Forsyth Dental Infirmary for Children in Boston, Massachusetts. His letter of resignation follows:

*Dr. Arthur Cutts Willard  
President, University of Illinois  
Urbana, Illinois*

College of Dentistry  
July 10, 1944

MY DEAR MR. PRESIDENT:

I am herewith submitting my resignation as Dean of the College of Dentistry and Professor of Dentistry, to accept a position as Associate Director of the Forsyth Dental Infirmary for Children in Boston, Massachusetts, the resignation to become effective September 1, 1944.

My decision to leave the University of Illinois is based on the fact that I have been associated for a number of years with the Forsyth as Trustee, and that the opportunity which is offered to me at this institution is unusual in the field of dentistry. I know of no other deanship which would attract me from the University of Illinois, inasmuch as I believe that one of the greatest possibilities in the country exists here to develop dentistry as a university discipline.

May I express to you my deep appreciation for your counsel and support during my term of office, and to all administrative officers of the University with whom it has been a pleasure and privilege to be associated.

Sincerely yours,  
HOWARD M. MARJERISON

*Dean*

I recommend that this resignation be accepted.

On motion of Mr. Jensen, this recommendation was adopted, and the Secretary was instructed to record in the minutes and send to Dean Marjerison the following expression of the Board's appreciation of his services:

Dean Marjerison brought to the College of Dentistry and the University of Illinois a broad viewpoint and program which envisaged the development of dental education and research as a university discipline. In his four years with

the University he has implemented his program in a variety of ways which represents a permanent contribution to the University. His leaving represents a great loss.

#### RECOMMENDATIONS RELATING TO PATENTABLE DISCOVERIES

(7) The Faculty Committee on Patents submits the following report:

1. Professor J. R. Fellows of the Department of Mechanical Engineering has requested that an application be authorized for a patent on the special refractory shapes to be used to form the baffle wall and air passage and combustion chamber in the Illinois smokeless furnace which he has designed. It is the judgment of the Committee that the discovery is an improvement of such a nature that it should be protected by a patent if possible. The Committee recommends that the Board of Trustees authorize an application for a patent on this improvement. Patents have already been secured on two smokeless burners he has developed.

2. Professor D. W. Kerst of the Department of Physics has asked that application be made for patent protection in Canada and Great Britain on the magnetic induction accelerator (the betatron) he has invented and developed. An application for a United States patent was filed in the United States Patent Office on May 4, 1944 (Serial No. 534,060). Application for foreign protection under the International law must be filed within one year from May 4, 1944. Professor Kerst is of the opinion that the most likely foreign markets for the betatron after the war will be in Great Britain and Canada and that the British and Canadians are much interested in using the betatron. Patents have been taken in his name on related discoveries in Canada, Great Britain, New Zealand, and other countries.

The Committee recommends that the Board of Trustees authorize an application for patent protection in Great Britain and Canada.

I concur in these recommendations.

On motion of Mr. Davis, these applications were authorized as recommended.

#### APPROPRIATION FOR LECTURES

(8) On February 24, 1944 (Minutes, page 871), the Board on my recommendation made a special appropriation of \$2,000 for lectures on topics of current interest by nationally known speakers. During the semester just ended, a series of five lectures has been given (see list below). They were well attended and the series created much interest. In some instances the lectures created strong protests on the part of a number of members of the staff. A careful review of the situation does not indicate that this fact should deter the University from presenting lecturers who can express different points of view on controversial issues, since the discussion of some such subjects affords one of the most effective means of bringing the students and the staff of the University into close relation with current affairs.

Accordingly, I recommend that the series be continued for the year 1944-1945, again without any permanent commitment, and that a special nonrecurring appropriation of \$3,000 be made for this purpose from the General Reserve.

#### SUMMARY OF LECTURES GIVEN

GREGOR A. ZIEMER, lecturer, author, and radio commentator; alumnus of the University, Class of 1922: "The Crusade of 1944." (March 6, 1944)

ALEXANDER KERENSKY, former Premier of Russia: "Russia and the International Situation." (March 17, 1944)

UPTON CLOSE, journalist and radio commentator; authority on the Far East: "Our War in the East." (April 10, 1944)

GEORGE FORT MILTON, journalist and historian; formerly on the executive staff of the President of the United States: "The Art of Being President." (May 4, 1944)

JOHN T. FLYNN, journalist, author, radio commentator, and lecturer: "Prologue to Fascism." (May 18, 1944)

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

#### APPROPRIATION TO UNIVERSITY CONCERT AND ENTERTAINMENT BOARD

(9) The University Concert and Entertainment Board desires to invite to the University of Illinois during the year 1944-1945 the Pro Arte Quartet for a series of concerts. This Quartet is one of the finest string organizations in the United States. It is in residence at the University of Wisconsin for eight months of the year, the members of the Quartet being given faculty status. The University of Wisconsin would be willing to make this Quartet available to the University of Illinois for a limited number of concerts.

The program would have to be subsidized, because while the concerts would be open to the public it is not likely that the ticket sales would be sufficient to cover the expenses. On the other hand, the concerts would be of definite educational value and from that point of view the University would be justified in assuming some of the expense. I am, therefore, recommending that an appropriation of \$500 be made from the General Reserve Fund to the University Concert and Entertainment Board to match Star Course funds to cover any deficiencies, provided that if the deficiency exceeds \$1,000 the Star Course will take care of the additional amount from its accumulated funds.

On motion of Mr. Jensen, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

#### LIGHTING SYSTEM FOR RESEARCH IN AGRONOMY GREENHOUSE

(10) Professor W. L. Burlison, Head of the Department of Agronomy, and Dean H. P. Rusk of the College of Agriculture, recommend the installation of electric lights in the east-central section of the Agronomy Greenhouse for use in research work in small grain breeding. In this work, proper control of light through the entire 24-hour period is essential. By the installation of these lights the efficiency of the Greenhouse can be greatly increased for this research program.

The Agronomy Department has accumulated a reserve of income in excess of budget appropriations and expenditures which amounts to about \$10,000. It is recommended that the appropriation of \$1,600 required for the lighting system be made from this reserve.

The Comptroller and the Director of the Physical Plant Department have checked the proposal and concur in it. I concur and recommend approval.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(11) In accordance with recommendations from the Committee on Special Appropriations and Nonrecurring Expenditures, I recommend appropriations from the General Reserve Fund for the following purposes:

1. Improvements in Engineering Survey Building to provide quarters for work in Occupational Therapy at Urbana.....	\$ 3 500
2. Improvements in Vivarium grounds.....	1 330
3. Improvements in Offices of Bureau of Economic and Business Research and in classroom used for radio broadcasting, both in Commerce Building.....	800
4. Minor improvements in various buildings as per detailed list, copy of which is hereby given to the Secretary of the Board for record...	10 000
5. Replacement of present exhibit of Colleges of Medicine, Dentistry, and Pharmacy in the Museum of Science and Industry, Chicago.....	12 900
6. Scholarly publications during the year 1944-1945.....	15 000
<i>Total</i> .....	<u>\$43 530</u>

Requests for these improvements have been studied by the Committee on Special Appropriations and Nonrecurring Expenditures. A report of the Committee discussing in detail the need for the appropriation in each case is submitted herewith.

On motion of Mr. Jensen, these appropriations were made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

#### APPROPRIATION FOR DEFICIT IN ILLINI UNION BUILDING

(12) As has been indicated from time to time to the Board, the marked decrease in enrollment on the Urbana campus has had a serious effect on the financial operations of the Illini Union Building. The activities of this building are divided into two categories: (a) income-producing activities, such as food service, bowling alley, and billiard room, and (b) general building.

Income-producing activities are expected to meet all expenses out of their own income, including pro-rata charge of utilities and a charge for rental of the space occupied by them, and a reserve for replacement of equipment.

The general building account provides the general services of the non-income-producing portion of the building, debt service on the entire building, and provision for replacement of general furnishings. A reserve also has been necessary for general taxes assessed against the building. In the past all such expenditures have been financed from the building service charges paid by students or appropriated by the University to cover staff and exemptions.

Through the year 1942-1943 the budget of the building was maintained on a balanced basis in accordance with the foregoing principles. For the year 1943-1944 the income from student fees dropped to 40% of what it was in 1941-1942. As a result, the operation of the building, after providing reserves for replacements and taxes, shows a deficit of approximately \$50,000 as of June 30, 1944.

For the year 1944-1945 a budget has been prepared showing a net deficit of about \$55,000, which may be further increased if the Navy activities are withdrawn from the building as a result of the termination of the Signal School. This figure again allows for a reserve for general taxes of \$17,000 a year, which reserve is necessary until the matter is finally settled by the Supreme Court. The budget of each year includes the sum of \$25,000 paid on the principal of the debt of the building, title to which will shortly be transferred to the University as a result of refinancing arrangements recently concluded.

The budget of the building also includes approximately \$7,700 for the social program over and above the income received from that program through the use of the Ballroom.

It has been the intention from the beginning that this building would be made self-maintaining and self-liquidating. If the enrollment of the University had continued as it was when the building was opened there is little doubt but that that result would have been achieved. It is reasonable to assume that a balanced budget can be accomplished again when the Urbana enrollment returns to a normal basis. In the meantime, the University faces the necessity of assisting temporarily with the financial obligations or permitting the debt obligations to go into default. All payments on the principal of the indebtedness increase the equity of the University in the building, which equity eventually will be completed.

The Union has accumulated a substantial sum for replacement of equipment. There is also a considerable reserve relating to taxes which may not be required. Consequently, the cash operation of the building does not require that the entire deficit of the current two years be provided from outside sources, since a substantial amount can be provided by loans from these reserves.

In view of these circumstances, the Comptroller proposes and I recommend that an appropriation of \$50,000 be made from the General Reserve of the University to apply toward the deficits of the Illini Union Building for the current biennium, 1943-1945, with the understanding that when the operations of the building show a net surplus which would be available for the repayment of these sums, they be repaid to the University from this surplus. It should be noted that these payments will be made out of the General University Income Fund from its students and other general income and not out of any appropriations from state tax revenues.

On motion of Mr. Jensen, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

### HOSPITAL AND MEDICAL INSURANCE

(13) The Occidental Life Insurance Company has offered to continue our present hospital and medical insurance for the year beginning October 5, 1944, for students and staff on the Urbana campus, providing the present benefits for the following periods and premiums: 16 weeks at \$4.75; 12 weeks at \$3.50; 8 weeks at \$2.37½; 4 weeks at \$1.20.

On August 31, 1943, the Board of Trustees approved placing this insurance with the Occidental Life Insurance Company through the Atwood Agency at \$4.75 per student per semester for 16 weeks. Based on last year's response to our request for quotations, it is not likely that a lower premium or greater benefits would be obtained by again asking for quotations, especially in view of the fact that we anticipate a smaller number of students. This company does not require the University to guarantee any definite percentage of any group. Many companies stipulate that 75% of the entire group, other than students, shall be insured. The Occidental Company secured permission of the State Department of Insurance to issue the specialized policy we require. Any other company would likewise have to secure such permission. Occidental has offered to continue the coverage for an additional year at the same premium rates as at present in spite of a probable further drop in enrollment. The service rendered by this company and the agent has been especially satisfactory.

The cost of this premium will be met from the special hospital and medical service fees collected from students and staff.

This proposal is recommended by the Dean of Students, the Purchasing Agent, and the Comptroller. I concur and recommend approval.

On motion of Mr. Davis, the acceptance of this proposal was authorized as recommended.

### CONTRACT FOR RENTAL OF TABULATING MACHINES

(14) The Comptroller requests authorization for the rental of tabulating machines at a cost of \$10,843.20, for the use of the Business Office Tabulating Division, from the International Business Machines Corporation, for the year July 1, 1944, to June 30, 1945.

Competitive bids were not asked, as the tabulating systems are built up around International Business Machines equipment and no other machines can be used. These machines are available on a rental basis only. This is the total cost for the year on the equipment now in our possession and will be subject to change as equipment is changed during the year. This is merely a continuation of present arrangements. This service is operated as a revolving account and is charged to departments at cost.

The Comptroller and Secretary request authority of the Board to execute such a contract. I recommend approval.

On motion of Mr. Jensen, the execution of these contracts was authorized as recommended.

### PURCHASES RECOMMENDED

(15) The Comptroller recommends that the following purchases submitted by the Purchasing Agent be authorized:

1. Eighteen cars baled shavings, for the Animal Husbandry and Dairy Husbandry Departments, to be delivered as follows: One car July, 1944; two cars a month from August, 1944, to March, 1945, inclusive; one car April, 1945. It is recommended that this order be placed with P. M. Brennan & Company, Chicago, at their price of \$3,420, f.o.b. Urbana. Bids were also requested from Frank Miller & Sons and from the Shavings and Sawdust Company, both in Chicago, but the Brennan Company is the only bidder.

2. Ten items of precious metals, for the Student Supply Store (Chicago Departments), for student course outfits to be issued to A.S.T.P., N.C.T.P., and civilian students. It is recommended that the order be placed with the lowest bidder on the respective items as follows: Thomas J. Dee, \$230.82; General Refineries, \$2,939.00; I. Stern, \$183.50;—total, \$3,353.32.

On motion of Mr. Davis, these purchases were authorized as recommended.

**PURCHASES AUTHORIZED**

(16) A report of the following purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency items:

1. 42 special E & O dental operating lights, requested by the College of Dentistry, from Pelton & Crane Co. at a cost of \$2,394. This firm is the sole manufacturer of these lights. These lights are intended to supplement and to complete the installation made on purchase order No. 46924, dated September 3, 1942, approved by the Board of Trustees on August 29, 1942, and an additional installation on purchase order No. 52606, dated June 30, 1943. The approval of this proposal will complete the program of illumination of all clinic dental units of the College of Dentistry. The Pelton & Crane Co. will be able to effect delivery in accordance with our requirements without a priority. The price quoted on this proposal is identical with previous quotations and is reasonable for units of this description.

2. 1500 tons screenings coal, to be delivered in July for current consumption in the power plant at Urbana, from the Southern Coal Company, the lowest bidder, at a delivered cost of \$4,170.

3. One K-7 International truck, 176" wheel base, with cab, and six 8:25 x 20, 10-ply tires, platform body with stock rack, for use at Dixon Springs Experiment Station, from the Power Farm Implement Company, Champaign, Illinois, at a cost of \$2,394.45.

4. One car load No. 2 yellow shelled corn, for the Dixon Springs Experiment Station, from the Commodity Credit Corporation at Chicago at an estimated expenditure of \$1,500.

5. Seventy tons baled wheat straw, for the Dairy Husbandry Department, from A. M. Grimes and Frank Haines, St. Joseph, Illinois, at their price of \$17 a ton, or an approximate total cost of \$1,190.

This report was received for record.

**CONTRACTS EXECUTED BY THE COMPTROLLER  
JUNE 16 TO JULY 11, 1944**

(17) The Comptroller's report of contracts.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
E. N. DeAtley	Construction of music library stacks in Smith Music Hall	\$ 850	June 20, 1944
Champaign Aviation Company	Instruction for students in dual control flight	Hourly rates	June 19, 1944
King and Petry	Alterations to volatile storage room in Noyes Laboratory	3 695	June 16, 1944
King and Petry	Expansion of Tabulating Office in Administration Building	8 070	June 16, 1944
<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
War Production Board	Amendment of research contract	\$3 000	June 8, 1944

This report was received for record.

**GIFTS AND GRANTS FOR RESEARCH AND OTHER PURPOSES**

(18) A report of the following gifts and grants of funds for research and other purposes received by the University since the last report:

*Gifts*

1. Allied Chemical & Dye Corporation, \$1,500 to provide for two fellowships carrying stipends of \$750 each in Organic Chemistry during the year 1944-1945.

2. Illinois Federation of Women's Clubs, \$1,000 to establish a scholarship fund for students in occupational therapy, and \$300 toward furnishing a student lounge in the Occupational Therapy Department in the College of Medicine.

3. Abbott Laboratories, \$750 for a fellowship in organic chemistry during the year 1943-1944.

4. United Engineering Trustees, Incorporated, \$525 to be used for student labor, supplies, and materials in the work on electric welding which is being done under the direction of Dr. G. H. Fett of the Department of Electrical Engineering.

5. Mr. John W. Ruettinger, \$500 for the John C. Ruettinger Memorial Scholarship for the academic year 1944-1945.
6. United Air Lines, \$450 for scholarships for students studying the teaching of aeronautics in the summer session of 1944.
7. American Foundation for Pharmaceutical Education, \$400 for two scholarships of \$200 each in the College of Pharmacy, to be awarded to superior and needy high-school graduates who desire to study pharmacy as a profession.
8. Illinois Congress of Parents and Teachers, \$400 for scholarships for undergraduate students.
9. Mrs. Kittie B. Pierce, \$300 for the continuation of the Phyllis Pierce Ruettinger Scholarship for women students.
10. Professor A. R. Crathorne, *Emeritus*, a collection of 50 volumes on the calculus of variations to the Mathematics Library.
11. Mr. Carl Joseffy, a collection of musical literature and memorabilia which belonged to his father, the late Rafael Joseffy of New York City.
12. Dr. H. Ries of Ithaca, New York, a collection of foreign pottery to the Department of Ceramic Engineering.
13. Dr. Arthur E. Hertzler, of Halstead, Kansas, a number of books to students and residents in the Chicago Colleges.
14. Mr. John Needels Chester, an alumnus of the Class of 1891, an Arabian dagger, once the property of the Emir of Yumbum, Arabia, with the photograph of the Emir wearing a similar dagger, and a certificate attesting to its authenticity, for the Oriental Collection of the College of Fine and Applied Arts.

#### *Grants for Research*

1. The Nutrition Foundation, Incorporated, \$12,000 for the continued support of research on the amino acid requirements of man being carried on by Professor W. C. Rose of the Department of Chemistry, for the year 1944-1945.
2. The Nutrition Foundation, Incorporated, \$2,400 for the further support of research on factors which may alter calcium utilization by the adult man being carried on by Dr. F. R. Steggerda of the Department of Zoology and Physiology and Dr. H. H. Mitchell of the Department of Animal Husbandry, for the year 1944-1945.
3. Rockefeller Foundation, \$9,000 for research on the biochemistry of amino acids under the direction of Professor W. C. Rose, for the year beginning September 1, 1943.
4. John and Mary R. Markle Foundation, \$5,400 annually for two years from May 1, 1944, for the continuation of research on experimental renal hypertension in the Department of Physiology of the College of Medicine.
5. National Dairy Council, \$4,685 for research on the calcium, phosphorus, and nitrogen metabolism of adolescent children and of the utilization of the calcium of food, for the period of fourteen months beginning May 1, 1944.
6. Koppers Company, Pittsburgh, Pennsylvania, \$3,000 in support of research on the insecticidal properties of coal tar chemicals, to be carried on in the Department of Entomology under the supervision of Professor C. W. Kearns, for the period of one year from June 1, 1943.
7. Koppers Company, Pittsburgh, Pennsylvania, \$4,000 in further support of research on the insecticidal properties of coal tar chemicals being carried on in the Department of Entomology under the supervision of Professor C. W. Kearns, for the period of one year beginning June 1, 1944.
8. Nutrition Research Laboratories, \$2,800, or \$400 a month from July 1, 1943, through January, 1944, and \$3,600, or \$600 a month from February 1 through July 31, 1944, for the continuation of studies of the physiological and therapeutic action of Ertron in certain scientific and clinical investigations on arthritis, being carried on by Dr. C. I. Reed of the Department of Physiology in the College of Medicine.
9. Sharp & Dohme, Glenolden, Pennsylvania, \$3,000 for research on "Sulfathalidine" phthalylsulfathiazole under the direction of Dr. M. H. Streicher of the College of Medicine.

10. Macy Foundation of New York, \$2,000 for research on the influence of zest on the physiology of fatigue, to be conducted by the College of Medicine under the supervision of Doctors Warren S. McCulloch and Franz Alexander during the year ending February 28, 1945.

11. Sharp & Dohme, \$1,375 for a study of Tyrothricin in the Department of Surgery by Dr. W. H. Cole.

12. Insulite Division, Minnesota and Ontario Paper Company, \$900 plus a contribution of Insulite products valued at \$325, to be used in a study of the suitability of insulation board for hog housing, including its use for the insulation of an existing permanent hog house as well as in the construction of portable houses, to be conducted by the Agricultural Experiment Station through the Department of Agricultural Engineering.

13. Thompson Hybrid Corn Company, \$1,000 for research in the Department of Botany on vitamin contents of corn.

14. E. Fougera Company, \$1,000 for further research in the Department of Laryngology, Rhinology, and Otology on the therapeutic value of Lipiodol in infections of the paranasal sinuses.

15. Producers' Crop Improvement Association, \$750 for the support of the corn breeding work in the Agronomy Department.

16. Mr. John W. Ruettinger, \$600 for the continuation of research in the Department of Applied Materia Medica and Therapeutics under the direction of Dr. R. G. Kesel.

17. Vermiculite Research Institute, \$600 for research on the uses of Vermiculite as an insulation material and lightweight concrete aggregate for farm building construction, for a period of one year from January 1, 1944.

18. Drama Club of Evanston, \$500 for the support of Dr. Fremont A. Chandler's work at the Illinois Surgical Institute for Children.

19. American Cyanamid & Chemical Corporation, \$200 for an investigation of certain chemical materials as treatments for cereal seeds, for the period June 1, 1944, through May 31, 1945.

20. International Anesthesia Society, \$200 in support of researches by Dr. W. E. Burge on "The Decrease of Negative Potential of the Brain Cortex Electrically."

21. National Lime Association, \$860 for a fellowship in the Department of Chemistry, the fellow to work under the direction of Professor G. L. Clark.

This report was received for record.

#### CLINICAL FACULTY OF THE COLLEGE OF MEDICINE AND ILLINOIS EYE AND EAR INFIRMARY FOR 1944-1945

(19) A recommendation that the following appointments be made to the non-salaried faculty of the College of Medicine and the Illinois Eye and Ear Infirmary for the academic year beginning September 1, 1944; and that the President of the University be authorized to make such additional appointments and other changes as are desirable and necessary.

All appointments are for one year from September 1, 1944, unless otherwise indicated (see page 29).

A summary by departments of the number of appointments and the comparative figures for 1943-1944 is also submitted (see page 29).

On motion of Mr. Jensen, these appointments were made and authority was granted as recommended.

#### DEANSHIP OF COLLEGE OF EDUCATION

(20) Under the Statutes of the University, deans and directors are appointed for a term of two years, usually coinciding with the biennium. This term appointment in no way affects the tenure of such officers as professors; it limits, however, their tenure as administrators to a period of two years.

In connection with the submission of the University budget for 1944-1945, I

wish to advise the Board that I have informed Dean Thomas E. Benner of the College of Education that he will not be recommended for reappointment as Dean of the College at the expiration of his present two-year term as Dean. This action will not affect his tenure as Professor of Education.

This report was received for record.

#### CIVIL SERVICE SALARY SCALES

Mr. Jensen, for the Committee on Civil Service and Employees, presented a recommendation of the University Civil Service Committee.

PRESIDENT WILLARD:

On behalf of the University Civil Service Committee, we transmit to you herewith for consideration and action by yourself and the Board of Trustees, a revised compensation plan for the University civil service, consisting of a revised schedule of minimum and maximum salaries for the various classifications in the University civil service.

With the exception of the 10% increase in maximum salaries up to \$3,000 effected at the beginning of this biennium, adjustments to meet changes in prevailing wage rates and minor changes in other instances, the schedule in effect up to this time has been that presented to the Board on June 20, 1942, page 933, and approved by the Board on July 25, 1942, page 32.

During the past few months the Committee has carried out a thorough study of classifications in relation to existing conditions and has consulted departments which are primarily concerned. The proposed schedule provides for adjustments to meet changes that have taken place since the original schedule was prepared, covers new classifications found to be necessary, and coordinates scales of pay of comparable positions. A total of 19 ranges of pay are provided, and the 243 classifications are grouped under these 19 scales. The salaries stated include the values of any benefits allowed such as meals, room, or other services, and therefore represent the total allowable compensation, whether paid in cash or in some other form.

The University Civil Service Committee recommends the approval of this revised compensation plan as of July 1, 1944.

Respectfully submitted,

UNIVERSITY CIVIL SERVICE COMMITTEE

RUSSELL N. SULLIVAN, *Chairman*

LOYD MOREY, *Secretary*

Mr. Morey commented on these scales.

On motion of Mr. Jensen, this revised compensation plan was approved as recommended.

#### EXECUTIVE SESSION

At this point, the Executive Committee went into executive session, and considered matters presented by the President of the University.

#### OFFICE OF NONACADEMIC PERSONNEL

(21) Since the revision of the State civil service law in 1941, placing the responsibility for University civil service under the Board of Trustees, the problem of an adequate organization for this phase of our work has been under consideration. During this period, as in former years, the administrative responsibility has been carried under the Comptroller, Mr. C. A. Webber having been in immediate charge in addition to his other duties as Bursar.

The Comptroller now recommends that a new administrative office be established to deal with this entire matter, the head of that office to be responsible directly to the President, the exact title to be determined later. The duties of this officer would include supervision of the University civil service system under policies to be established by the University Civil Service Committee with the approval of the Board, recruitment and employment, testing and training, labor relations and wage administration, job analysis, classification and rating, employee welfare, safety, health, and personnel studies.

This proposal was submitted recently to the University Council of Deans, Directors, and faculty members, and, after thorough discussion, was approved in principle by that body.

For the purpose of carrying this recommendation into effect, I recommend that the sum of \$10,000 be set aside in the budget for 1944-1945 to cover the salary of the proposed new officer and such additional staff and expenses as may be found necessary in the immediate future. I also recommend that when this new officer is appointed the staff and expense budgets of the Personnel Division of the Business Office, both in Urbana and Chicago, be transferred to the new office.

On motion of Mr. Davis, these recommendations were adopted.

#### **RESIGNATION OF PROVOST ALBERT J. HARNO AND PROVISION FOR LEGAL SERVICES**

(22) For many years Dean Albert J. Harno of the College of Law has also held the position of Provost of the University, which he has filled with great ability and distinction. He has submitted his resignation as Provost effective September 1, 1944, but will continue as Dean of the College of Law and Professor of Law as in the past. I recommend acceptance of the resignation.

The retirement of Judge Sveinbjorn Johnson and the absence of N. D. Hodges in military service leaves the administration without provision for handling routine legal services. I therefore recommend that the President be authorized, as a temporary arrangement, to call on Dean Harno for such legal advice and service to University officers and the Board of Trustees as may be requested by the President. In view of this service, I further recommend that no change be made in Dean Harno's present compensation of \$10,000 a year. It is understood that the Board will indicate from time to time whom it wishes to handle specific legal problems.

A recommendation for a successor to the position of Provost will be made to the Board of Trustees at a later date.

On motion of Mr. Jensen, this resignation was accepted, and the Secretary was instructed to make record in the minutes of the Board's appreciation of Dean Harno's services as Provost, and to notify him of this action.

On motion of Mr. Jensen, compensation of A. J. Harno as Dean of the College of Law for one year and Professor of Law on indefinite tenure was fixed at \$10,000 a year, and the President of the University was authorized to call on Dean Harno for routine legal services as he may find it necessary; the Board reserving the right to select counsel for specific legal problems.

#### **DEPARTMENT OF AERONAUTICAL ENGINEERING**

(23) The College of Engineering has recommended the establishment of a separate Department of Aeronautical Engineering and the offering of a curriculum in Aeronautical Engineering effective at the beginning of the academic year 1944-1945 or as soon thereafter as the new department and curriculum can be organized.

I recommend that the Board of Trustees authorize this new department. No action on the curriculum is being recommended at this time, but it will be presented to the Board for final approval when it has been set up and passed upon by the University Senate, in accordance with the University Statutes.

I further recommend the appointment of Henry Sheldon Stillwell as Associate Professor of Aeronautical Engineering and Head of the Department beginning November 1, 1944, and continuing through August 31, 1945, at an annual salary of \$5,000, to be paid from the appropriation for airport operation.

On motion of Mr. Davis, this department was established and the appointment made as recommended.

**RETIREMENT OF PROFESSOR H. A. RUEHE**

(24) Professor H. A. Ruehe, Professor of Dairy Manufactures and Head of the Department of Dairy Husbandry, has requested that he be retired from active service effective October 1 and that he be given the rank of Professor *Emeritus*. He is not requesting a retiring allowance at this time, but the matter of an annuity is one for the Board of Trustees of the University Retirement System of Illinois to determine, on formal application.

Professor Ruehe has been a member of the faculty since July 5, 1912, and has been head of the Department of Dairy Husbandry since 1921. He is 56 years old. The Dean of the College recommends approval of his request and I concur.

This matter was referred to a special committee consisting of Mr. Davis, Mr. Fornof, and Mr. Jensen, for study and recommendation.

**DEAN OF COLLEGE OF COMMERCE AND  
BUSINESS ADMINISTRATION**

(25) I recommend that Professor Hiram T. Scovill, Professor of Accountancy, Head of the Department of Business Organization and Operation, and Acting Dean of the College of Commerce and Business Administration since March, 1942, be appointed Professor of Accountancy on indefinite tenure and Dean of the College of Commerce and Business Administration, effective September 1, 1944, at a salary of \$8,750.

Action on this matter was deferred for consideration by the entire Board; with the understanding that Professor Scovill should continue as Acting Dean.

**REAPPROPRIATION OF UNEXPENDED BALANCE OF PHYSICAL  
PLANT OPERATION AND MAINTENANCE**

(26) The accounts for Physical Plant Operation and Maintenance, Urbana and Chicago, show unexpended balances of about \$64,000 as of June 30. Work in process at that time was estimated at \$31,570, payable out of this balance. The remainder is unexpended and unencumbered, due to the difficulty of securing labor and material during the past year.

The Director of the Physical Plant Department has submitted a schedule of renewals and replacements needed at this time, but which have been omitted from the 1944-1945 budget in favor of other items more pressing. A summary of that list is attached. It is obvious that the unexpended balance above-mentioned in excess of work now in process could easily be expended for other needed work.

In view of these facts, the Director recommends, and I concur, that the entire unexpended balance of Physical Plant Operation and Maintenance funds as at June 30, 1944, be reappropriated for use during the fiscal year 1944-1945.

On motion of Mr. Davis, these balances were reappropriated as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen.

**COAL CONTRACT FOR URBANA DEPARTMENTS, 1944-1945**

(27) The Purchasing Agent submitted to twenty-three concerns specifications and requests for bids for the coal supply of 21,000 tons for Urbana for the coming season. He also ran advertisements in Chicago papers. Two proposals were received, only one of which met University specifications and requirements. This proposal was from the Lafayette Coal Company, Chicago, for 10,550 tons at a price of \$1.60 a ton, f.o.b. mine, Livingston, Illinois, freight \$1.30, delivered cost \$2.90.

The Purchasing Agent, the Director of the Physical Plant, and the Comptroller recommend that this offer be accepted and the contract approved subject to the approval of the Governor, in accordance with the State constitution.

The Comptroller commented on this matter. On motion of Mr. Davis, this contract was authorized as recommended.

**REPORT OF PROGRESS ON AIRPORT CONSTRUCTION**

(28) Professor James J. Doland, Supervising Engineer for the University on Airport Construction, submits the following report of progress since the last report (third) made to the Board on April 8, 1944:

PRESIDENT A. C. WILLARD:

July 13, 1944

Since May 29, 1944, the date of my last formal report to you, the following items represent the principal developments in the progress of construction of the University of Illinois Airport:

1. *Agreement with Two Mile Slough Drainage District.*

The agreement with the Two Mile Slough Drainage District was completed and the papers have been placed in the official files of the Board of Trustees.

2. *Purchase of Ross Property.*

The purchase of the Ross property has been completed, but I understand from Mr. Reno, attorney for Mr. Ross, that the money has not yet been paid.

3. *Negotiations for Somers Property.*

I have carried on a long series of negotiations with the Somers family in regard to the right of way for the western drainage outlet. After being assured that the Somers were willing to sell the necessary right of way, I was informed yesterday that they would only permit passage through their land if 1400 feet of 54-inch pipe and 1300 feet of open ditch would constitute the drainage channel. This matter is to be discussed on July 10th in Urbana with Mr. Newton Farr and Mr. Amos Watts. I have already handed you a detailed report on the above negotiations to date.

In anticipation of the possible need for the procurement of other right of way, I contacted on July 7th, Mr. George Reifsteck who owns the land just south of the Somers farm. Mr. Reifsteck is not disposed to permit the ditch to go through his property. The entire matter of the last one-half mile of right of way for the western drainage is still very much up in the air.

Mr. Watts and Mr. Farr were here on July 10th, and after conferences with the Somers family, we felt that a satisfactory agreement had been reached. But I was advised unofficially on July 12th that the July 10th agreement was not satisfactory to the owner of the farm.

4. *Western Drainage.*

In regard to the whole problem of western drainage, the C.A.A. refused to approve the installation of a pipe channel for the half-mile of the western drainage outlet. Efforts were made through Senator Lucas to persuade them to reverse their decision. This, they refused to do, and consequently, the Executive Committee of the Board of Trustees authorized me to advise the C.A.A. that the University would pay the difference in cost in an amount equivalent to approximately \$27,000. This figure would include \$20,000 of money not then appropriated and \$7,000 of money already appropriated by the Board. I decided to make an offer less than the one authorized, and therefore, told the C.A.A. that the University would contribute a gross amount of \$20,000. This amount would include \$13,000 of new money and \$7,000 of money already appropriated. The offer was formally made by you in a telegram and a letter to the C.A.A. It is recommended that the \$19,000 approved by the Executive Committee on June 30th and on July 13th be allowed to stand, in order to cover contingencies which are bound to arise in the settlement of the Somers controversy. Official acceptance of the offer made to the C.A.A. has not yet been received, but there is every reason to believe that it will be accepted.

5. *Progress Reports.*

I arranged with Professor Huntington and Dr. Peck to have Mr. Tigrak and Mr. Uyanik make daily reports on construction progress. This has been done and copies are on file in this office and in your office. The construction is proceeding on schedule, but the contractor is having considerable difficulty with C.A.A. inspectors. Steps are being taken by the contractors to improve this relationship.

6. *Zoning.*

The ordinance covering the zoning of the airport was approved by the Illinois Aeronautics Commission and passed by the Champaign County Board of Supervisors on June 12, 1944.

7. *Seeding and Sodding.*

Attempts have been made to get the C.A.A. to express a definite program

for the seeding and sodding of the airport. This item was not included in the general contract for the reason that Mr. H. E. Horner of the C.A.A. felt that the work should be done by the College of Agriculture. Correspondence with Mr. Phillips Moore, Chief Engineer of the C.A.A., indicates that the C.A.A. is not yet ready to move on this item.

#### 8. *Army.*

The Commanding General at Chanute Field has initiated a letter stating the requirements and facilities which they will need on completion of the landing strips and taxiways. These requirements include a control tower and night lighting. I contacted the Building and Grounds Section of the Army Air Force Headquarters in Washington by telephone and they agreed to give the request expeditious and sympathetic handling when the letter reaches that office through channels. I also contacted a military representative of the Facilities Committee of the War Production Board by telephone in regard to probability of the issuance of priorities for the construction of the control tower. His advice was that the priorities would be granted if military necessity were shown and provided the request did not include non-essential buildings.

#### 9. *Progress Photographs.*

I have arranged with the military authorities at Chanute Field to take air views of the construction work on the 1st and 15th of each month. They will furnish us with two prints of each picture taken. The first pictures were taken on July 1, 1944, but no prints have as yet been received.

#### 10. *Water Supply.*

The Cooke Contracting Company has developed a well which gives promise of producing 250 gallons per minute. I, therefore, stopped any further exploration or development by the University, because I anticipate that the water supply can best be procured by purchasing the well from the contractors after they finish their construction operations. The well is located on Illinois Central right of way and costs approximately \$1,800, not including the pump.

*Supervising Engineer*

This report was received for record.

The Executive Committee adjourned.

## MEETING OF THE EXECUTIVE COMMITTEE

JULY 25, 1944

The Executive Committee of the Board of Trustees of the University of Illinois met at the University Club, Chicago, at 11 a.m. on Tuesday, July 25, 1944. All the members of the Executive Committee were present: Mr. Park Livingston, Chairman, General Chester R. Davis, and Mr. Frank A. Jensen, members of the Committee; also, during parts of the session, Mr. John R. Forno and Mr. Orville M. Karraker, members of the Board; also Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. C. S. Havens, Director of the Physical Plant Department, and Judge Sveinbjorn Johnson, Professor of Law.

### SETTLEMENT OF WRIGHT ESTATE

The Comptroller presented the following statement.

Judge Sveinbjorn Johnson submits with his approval, on request of R. F. McCormick and H. D. Fisk, executors of the estate of Harry G. Wright, a receipt which the Board of Trustees is asked to execute covering the payment of \$21,020.24 as the balance due the University from the above estate in accordance with a report of a special committee on the Wright Estates (Minutes, August 31, 1943, page 500, and resolution of October 29, 1943, page 745). When this payment is made the University will have received from these estates the total sum of \$156,104.24 made up as follows:

952.92 acres of land at an agreed value of \$200 an acre.....	\$190 584 00
Less mortgages outstanding and assumed by University.....	55 500 00
	<u>\$135 084 00</u>
Cash as above.....	21 020 24
<i>Total</i> .....	<u>\$156 104 24</u>

This total compares with an estimate of \$173,675 mentioned in the report of August 31, 1943.

Judge Johnson also submits a proposed agreement whereby the Board of Trustees agrees to pay 65% of any additional federal income taxes assessed against this estate or of expenses connected therewith.

### RECEIPT

IN THE COUNTY COURT OF DE KALB COUNTY, ILLINOIS

IN THE MATTER OF THE ESTATE  
OF  
HARRY G. WRIGHT, DECEASED.

Estate No. 4866.

Received of R. F. McCormick and H. D. Fisk, Executors of the Last Will and Testament of Harry G. Wright, deceased, the sum of Twenty-one Thousand

Twenty and 24/100 Dollars (\$21,020.24) in full payment of distributive share due us under the terms of the Last Will and Testament of the said Harry G. Wright, deceased; and we do hereby enter our appearance, waive notice of the hearing on the final report and final account of said Executors, and consent to the approval thereof and to the discharge of said Executors from all further duties and responsibilities in connection with said estate.

### AGREEMENT

In consideration of the distribution to us from the estate of Harry G. Wright, deceased, of the sum of Twenty-one Thousand Twenty and 24/100 Dollars (\$21,020.24), we, the undersigned Board of Trustees of the University of Illinois, do hereby agree to pay sixty-five percent (65%) of any additional income taxes assessed against the estate of Harry G. Wright, deceased; and to indemnify and hold harmless the estate of Harry G. Wright, deceased, and R. F. McCormick and H. D. Fisk, as Executors of the last Will and Testament of said Harry G. Wright, or either of them, from sixty-five percent (65%) of any damages, suits, causes of action or claims by the United States of America, or any agency thereof, by reason of any additional assessment of income taxes against said estate.

This agreement shall be binding upon our successors and assigns.

*In witness whereof* we have caused these presents to be signed by our President and attested by our Secretary, in duplicate this twenty-fifth day of July, A.D. 1944.

*President*

Mr. Fisk, who was introduced for the discussion of this item, stated that in his opinion there would be no further income taxes assessed, and that he had secured releases from all the beneficiaries of the estate of Harry G. Wright, deceased. On motion of Mr. Davis, the Comptroller was authorized to accept a cheque for \$21,020.24 as full payment of the distributive share due the University in the estate of Harry G. Wright, deceased, and the President and the Secretary were authorized to sign a receipt for the same and to execute an agreement to pay sixty-five per cent of any additional income taxes assessed against this estate.

### KERST-SERBER PATENT

The Secretary presented a proposal that the University tender the Kerst-Serber discovery (Ser. No. 534,060) to the Government of the United States for its use. The Board heretofore approved the issuance to the Government of the kind of license described in the contract (OEM 241).

Judge Johnson advised against the execution of such a tender, stating that the contract provides for a royalty-free license to the Government, with the right in the University to elect to own and control the patent application subject to applicable acts concerning secrecy in the national interest during the emergency.

On motion of Mr. Jensen, the following resolution was adopted:

*Whereas*, the University on February 16, 1942, entered into a memorandum of agreement known as Contract OEMsr-241 with the United States of America for carrying on a certain research in its laboratories, which research is therein described and not in this resolution set forth because the contract aforesaid is "Restricted"; and

*Whereas*, sundry amendments of said contract have from time to time been made and executed by both parties, the latest of which is dated June 1, 1944, which modification continues in full force and effect article 5, paragraphs (a) and (b) of a memorandum of supplemental agreement in relation to the contract aforesaid, to wit, Contract No. OEMsr-241, wherein it is provided that the University of Illinois shall make a disclosure to the Government of any inventions made in carrying out the subject work and shall designate in writing "which of the said inventions shall have or will be covered by applications or patents filed or caused to be filed by the contractor. The contractor (University) shall have the right . . . to elect whether it or the Government shall file applications for patents or inventions . . ."; and

*Whereas*, under the contract above described the University has the right of election as heretofore stated and is obligated to inform the United States Government whether it chooses to exercise the right of filing application for a patent on any such inventions or discoveries;

*Now, therefore, be it resolved* by the Executive Committee of the Board of Trustees exercising the full powers of the Board of Trustees under the charter of the University, that the University retain application for patent, Ser. No. 534,060, filed May 4, 1944, covering magnetic induction accelerator with small X-ray source, which discovery was made by Donald W. Kerst and Robert Serber, and that this resolution, together with the action of the Board of Trustees on February 20, 1943 (Minutes, page 283), and of the Committee on Patents in pursuance thereof, shall be deemed an exercise of right of election by the University; and

*Be it further resolved* that the University of Illinois, the Board of Trustees, and this Executive Committee acting in its behalf, hereby grant and tender unto the United States of America under and pursuant to the provisions of the contract aforesaid a non-exclusive irrevocable royalty-free license "to make, have made, and use for military, naval, and national defense purposes, and sell or otherwise dispose of in accordance with law, material, and to use processes" under and pursuant to the discovery hereinbefore described; and

*Be it further resolved*, subject to the within and foregoing reservations and stipulations, that the University, the Board of Trustees, and this Executive Committee acting in its behalf, agree to the imposition of such secrecy in relation to the discovery and application aforesaid and the use thereof as applicable statutes, executive orders, or directives may authorize or require in the national interest, pursuant to the first paragraph of Sec. 42, Title 35, USCA.

#### LEASE OF SKATING RINK TO TIME, INC.

The Comptroller presented the following statement.

Time, Inc., publishers of Time, Fortune, Life, and Architectural Forum, is considering the location of a part of its Circulation Department at Champaign-Urbana. It desires to lease space for the coming year, during which time the possibilities of a more permanent location will be studied. It has indicated its desire to lease a substantial portion of the Skating Rink as an office and work space for its clerical force, including the entrance section of the building and about one-half of the arena. The Athletic Association has indicated that it is impracticable to operate the Skating Rink during the coming season, so that the building is available for rental during this year, and such a rental would make it possible to recover fixed expenses.

The matter has been reviewed fully by Director Havens, Director Mills, and Comptroller Morey who have offered the following tentative plan of lease:

1. Tenant to have use of the above area described for the purposes stated, including toilet rooms and other necessary service areas aggregating about 38% of the gross area of the building. The University would have access to the remaining area for storage or other purposes not interfering with the work of the tenant.

2. Tenant to pay all costs of improvements for reconstruction required by it, including improved lighting, additional heating, and installation of temporary partitions. No damage is to be permitted to the floor of the skating arena.

3. The entire expense of removal of additions and changes made for the tenant at the end of the lease period will be paid by the tenant.

4. The University would be given access to the records and equipment of the company for research and instructional purposes to the extent feasible.

5. The tenant assumes responsibility for the removal of all waste and debris resulting from occupancy.

6. The lease will run from approximately September 1, 1944, to not beyond September 1, 1945, with a possibility of month-by-month extension after the latter date with the approval of the University.

7. Financial provisions:

- (a) Rental, from which the University will meet all maintenance expense and other fixed charges, and supply heat, water, and janitor service (estimated cost \$3,800 a year), the balance to go to the Athletic Association:  
     \$850 a month; total a year.....\$10 200
- (b) The following operating expenses to be paid by the tenant:  
     Electricity—to be provided by the University at 1¢ per  
     k.w.h. and billed to tenant (estimate)..... 1 800  
     *Total estimated cost to tenant for the year.....\$12 000*

Judge Johnson, Director Havens, and Mr. August Meyer, counsel for Time, Inc., commented on this proposal.

On motion of Mr. Davis, the Comptroller was authorized to negotiate a contract on substantially the basis outlined.

The Executive Committee adjourned.

## THE UNIVERSITY BUDGET FOR 1944-1945

(Adopted by the Board of Trustees July 18, 1944, page 5)

## EXPLANATORY NOTES

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1944.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance lapses at that time.

Funds appropriated for positions in the salary budget which are not yet filled may, pending regular appointments, be drawn against by voucher to the Business Office for services of employees temporarily engaged to do the work contemplated by the positions. Such temporary charges *may not exceed the amount of time provided* by the position unless otherwise approved by the President.

All balances remaining in the salary budget at the end of the term indicated or at August 31, 1945, lapse on those dates.

Departmental appropriations are made under the captions "Salaries," "Wages," and "Expense and Equipment." No transfers may be made between "Salaries" and other captions except with the approval of the President of the University. *Requests for such changes should be submitted to the Comptroller.* Adjustments may be made between "Wages" and "Expense and Equipment" on written request to the Comptroller.

Appropriations for expense and equipment and for wages are available for one year beginning July 1, 1944, and ending June 30, 1945. All unencumbered balances in these appropriations lapse June 30, 1945.

*Unless otherwise indicated in the Budget:*

1. All appointments begin September 1, 1944.
2. Civil Service (C.S.) appointments are for one year. Appointees to stenographic and clerical positions are assigned to departments at the convenience of the University. The University reserves the right to change such assignments during the year if the needs of the University and of the Departments require such action.
3. The service required under appointments to positions on the teaching faculty covers the academic year of the University, not including the Summer Semester. Salaries of such positions of the rank of Associate and above are paid in twelve equal monthly installments; salaries of other ranks, in ten equal monthly installments. Salaries of part-time assistants are paid in eight equal monthly installments.
4. The service required in all positions in experiment stations and bureaus of research, and in research positions in other departments, is for a full year of twelve months, with allowance of one month for vacations, and salaries are paid in twelve equal monthly installments.
5. The service required in all other positions—administrative, clerical, and service positions—is for a full year of twelve months, with allowance for vacations, and salaries are paid in twelve equal monthly installments.

*Symbols:*

A—Indefinite tenure.

B—Two years from September 1, 1943.

D—One year from September 1, 1944.

E—Ten months from September 1, 1944.

F—Eight months from October 1, 1944.

G—Special tenure.

H—July 1, 1944, to June 30, 1945. (All wage items fall in this group.)

C.S.—Subject to University Civil Service rules.

*Part-time:*

When any of the above symbols is combined with a number, the number indicates the fraction of time in per cent covered by the position.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**September 29, 1944**

The September meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 4 p.m. on Friday, September 29, 1944.

When the Board convened, the following members were present: President Livingston, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. McKelvey. As indicated in the minutes, Mr. Davis and Dr. Meyer took their places with the Board later in the afternoon.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and Mr. J. F. Wright, Director of Public Information.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of July 17, 1944, with the adjourned session of July 18, 1944, and, for record, of the meetings of the Executive Committee of July 13, 18, and 25, 1944.

On motion of Mr. Jensen, the minutes were approved and received for record as printed on pages 1 to 202 above.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**APPOINTMENT OF DR. ALLAN G. BRODIE AS ACTING DEAN  
OF THE COLLEGE OF DENTISTRY**

(1) The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy recommends the appointment of Dr. Allan G. Brodie, Professor and Head of the Department of Orthodontia, as Acting Dean of the College of Dentistry for one year from September 1, 1944, or a shorter period if a permanent appointment to the deanship is made prior to September 1, 1945. It is recommended that Doctor Brodie's appointment be Professor and Head of the Department of Orthodontia on indefinite tenure, on 55 per cent time, at a salary of \$5,000, and Acting Dean of the College of Dentistry for one year, on 20 per cent time, at a salary of \$2,500, a total salary of \$7,500 for the combined positions, effective September 1, 1944.

On motion of Mr. Karraker, this appointment was made as recommended.

**APPOINTMENT OF PROFESSOR A. R. KNIGHT AS ACTING HEAD  
OF DEPARTMENT OF ELECTRICAL ENGINEERING**

(2) The Dean of the College of Engineering recommends that Professor A. R. Knight be appointed Acting Head of the Department of Electrical Engineering beginning September 1, 1944, and continuing until further notice at an additional salary of \$500 a year while he serves as Acting Head (total salary, \$5,600), to fill the vacancy created by the retirement of Professor Ellery B. Paine.

I concur in this recommendation.

On motion of Mrs. Grigsby, this appointment was made as recommended.

**STATUS OF MR. G. P. TUTTLE, REGISTRAR**

(3) On April 8, 1944, the Board approved a request from Mr. G. P. Tuttle, Registrar, that his status be changed to Registrar on one-quarter time and salary from April 1 through August 31, 1944, so that he could direct the preparation of a handbook for evaluating educational experiences in the armed forces for secondary schools and colleges. This project has not been completed, and the American Council on Education has asked the University to extend the partial leave of absence granted Mr. Tuttle to January 1, 1945. This is an important educational service not only to the secondary schools and colleges but to war veterans who will wish to continue their formal education. I recommend that Mr. Tuttle be given additional leave of absence without pay, equivalent to three-fourths time, and be appointed Registrar on one-quarter time and salary (\$1625 a year) from September 1 through December 31, 1944.

On motion of Mr. Jensen, this appointment was made as recommended.

**SERVICES OF PROFESSOR E. L. BOGART**

(4) Professor E. L. Bogart of the Department of Economics was retired from active service effective September 1, 1938, under the University of Illinois Statutes and the system of retiring allowances then in effect. Members of the staff retired under these Statutes are subject to call by the Board of Trustees for the performance of such duties as shall be assigned to them by the President of the University.

Professor Bogart has been given permission to accept part-time employment as Lecturer in Economics at New York University at a small stipend during the past three years. He again requests permission to accept such appointment for the year 1944-1945. Since his services will not be required by the University of Illinois I have authorized his acceptance of the position at New York University and request confirmation of my action.

On motion of Mr. Fornof, the action of the President in authorizing this acceptance was approved and confirmed.

**RETIREMENT OF PROFESSOR JOHN S. KELLOGG**

(5) Dr. John S. Kellogg, Professor of Prosthetic Dentistry, has requested that he be retired from active service on September 1, 1945, for reasons of health. Doctor Kellogg will reach the age of 65 in April, 1945. The University Retirement System Law provides that on attaining the age of 65 a member of the staff may retire for substantial cause on request and on certification of the University, and receive an annuity based upon the same formula as would apply in case of compulsory retirement at age 68. In his case this annuity will amount to 50 per cent of his *Final Rate of Earnings* as defined in the Retirement Act.

I recommend approval of Doctor Kellogg's request, and that he be retired with the title of Professor of Prosthetic Dentistry, *Emeritus*, effective September 1, 1945.

On motion of Mrs. Grigsby, this recommendation was approved.

**APPOINTMENT OF HENRY CLIFFORD HAWES TO BOARD OF EXAMINERS IN ACCOUNTANCY**

(6) The Committee on Accountancy recommends the appointment of Mr. Henry Clifford Hawes, of the firm of Lybrand, Ross Bros., and Montgomery, Chicago, as a member of the Board of Examiners in Accountancy for three years beginning July 1, 1944, to succeed Mr. Roy Andreae, whose term expired on June 30.

On motion of Mr. McKelvey, this appointment was made as recommended.

**LEAVES OF ABSENCE**

(7) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves.

All the leaves of absence for illness or disability recommended here are for periods in whole or in part prior to September 1, 1944, when the new regulations of the Board of Trustees governing disability leaves become operative. In the future, leaves for which members of the staff are eligible under these new rules will not be reported to the Board unless some exception from these regulations is recommended. A record of all such leaves granted will be kept in the Business Office.

HAROLD CLAYTON M. CASE, Professor and Head of the Department of Agricultural Economics, leave without pay from October 1, 1944, through August 31, 1945, for services abroad for the United Nations Relief and Rehabilitation Administration.

W. NORRIS WENTWORTH, Director of Residence Halls, leave without pay for six months from October 22, 1944, so that he may serve as Director of Dormitories at a Government supervised war project at Oak Ridge, near Knoxville, Tennessee. Mr. Wentworth will be employed by a contractor who is operating certain facilities for the War Department in that area, but the request for his release from University service has come from the Army.

GEORGE T. STAFFORD, Professor of Physical Education for Men, leave without pay for the first semester of 1944-1945 (September 1, 1944, through February 28, 1945), for service with the United States Navy in its rehabilitation program.

ELMER J. WORKING, Professor of Agricultural Economics, leave without pay from September 1 through December 31, 1944, so that he may undertake studies relating to farm product prices, farm income, land values, and other factors bearing on policy with respect to farm mortgage loans. This is a direct service to agriculture and will be valuable experience to Professor Working in his University work. His services will not be required in the teaching program at the University during his absence, and he has agreed to return to the University whenever occasion requires for supervision of research work which would normally be under his direction. The studies he is making are for the Mutual Life Insurance Company of New York.

CARL E. SCHUBERT, Assistant Professor of Mechanical Engineering, leave without pay for one year from September 1, 1944, so that he may accept a position as Manager of the Certified Core Oil and Manufacturing Company of Cicero, Illinois. His services are not required by the Department because of decreased enrollment.

MARVIN R. DOBBERMAN, Associate in Architecture, extension of leave without pay for one year from September 1, 1944, so that he may continue his work in the office of the State Architect at Springfield. His services will not be needed in the Department of Architecture.

MRS. RUTH MATLOCK, Secretary at the College of Commerce and Business Administration, extension of leave without pay from September 1, 1944, through January 31, 1945, in order that she may join her husband who has returned from overseas.

HELENA V. BURKE, Head Nurse in the Research and Educational Hospitals, extension of leave without pay from September 1, 1944, through February 28, 1945, because of illness in her family.

WILLIAM L. BURLISON, Professor of Crop Production and Head of the Department of Agronomy, sick leave with pay from July 10 through December 31, 1944, or as much thereof as is needed for his full recovery.

MARTHA CUNNINGHAM, Junior Clerk-Stenographer in the Department of Radiology, College of Medicine, sick leave with pay from June 22 through August 2, 1944.

C. A. STANLEY, Janitor in the Physical Plant Department, extension of leave with pay from June 1 through July 23, 1944, because of illness.

MARY HOCKMAN, Assistant Clerk-Typist in the Residence Halls, leave without pay from June 24, 1944, through June 23, 1945, because of the elimination of her position caused by the closing of the A.S.T.P. Mess Hall.

MRS. OLLIE CROXVILLE, Cook in the Residence Halls, leave without pay from June 6 through August 31, 1944, to take lighter work through the summer months to recover normal health.

A. C. HARRISON, Laborer in the Physical Plant Department, extension of disability leave with pay from September 1 through September 30, 1944.

MOLLIE HALL, Staff Nurse in the Research and Educational Hospitals, leave without pay from July 1 through July 11, 1944.

MRS. MILDRED K. BATTISTE, Assistant Office Appliance Operator in the Department of Agricultural Economics, leave without pay from August 1 through November 30, 1944.

C. E. MILLER, Construction Foreman in the Physical Plant Department, extension of leave with pay from July 1 through August 31, 1944.

MICHAEL JENNICHES, Electrician in the Chicago Physical Plant Department, leave without pay from July 1 through July 4, 1944.

A. J. CORSON, Garage Attendant, Physical Plant Department, sick leave with pay from August 1 through August 31, 1944.

The following individuals are eligible for disability benefits from the University Retirement System, so that the sick leave in each case is without pay:

FRANCES WATHALL, Statistical Clerk in the Department of Psychiatry, from July 29 through August 31, 1944.

BLANCHE MORRIS, Supply Attendant in the Research and Educational Hospitals, from July 1, 1944, through June 30, 1945.

MRS. MARIE JACOBSEN, Janitress in the Chicago Physical Plant Department, from July 1, 1944, through June 30, 1945, or as much thereof as is needed.

MRS. ANNA POWERS, Nurses' Aid in the Research and Educational Hospitals, from July 1 through December 31, 1944.

MRS. MARY CARROLL, Janitress in the Chicago Physical Plant Department, from July 1, 1944, through June 30, 1945, or as much thereof as is needed for her recovery.

WALTER WECK, Janitor in the Chicago Physical Plant Department, from July 1, 1944, through June 30, 1945, or as much thereof as is needed for his recovery.

MARY PRAHL, Janitress in the Chicago Physical Plant Department, from July 1, 1944, through June 30, 1945, or as much thereof as is needed for her recovery.

MRS. LAURA MCLILLY, Janitress in the Chicago Physical Plant Department, from July 1, 1944, through June 30, 1945, or as much thereof as is needed for her recovery.

MRS. ANNA O'CONNOR, Seamstress in the Sewing and Mending Service of the Research and Educational Hospitals, from July 1, 1944, through June 30, 1945, or as much thereof as is needed for her recovery.

THOMAS P. SHEAHAN, Laborer, Chicago Physical Plant Department, for one year from July 1, 1944, or as much thereof as may be needed.

MARGARET POLACEK, Kitchen Helper in the Research and Educational Hospitals, leave without pay from July 7 through September 30, 1944.

*Leaves of Absence for War Service*

(The leave in each case is without pay.)

JOHN LESINSKI, Laborer in the Chicago Physical Plant, from April 27, 1943, through August 31, 1944, and for one year from September 1, 1944. (Army)

HARRY W. HORN, Instructor in Electrical Engineering, from July 1 through August 31, 1944. (Navy)

LOUIS UNFER, Junior Clerk, Illini Union Building, from July 8 through August 31, and for one year from September 1, 1944. (Military Red Cross)

EMORY H. ELLIS, Janitor, Physical Plant Department, from June 18 through August 31, and for one year from September 1, 1944. (Army)

ARTHUR S. DAVIS, JR., Associate Architect, Physical Plant Department, from July 30 through August 31, and for one year from September 1, 1944. (Navy)

MRS. EUNICE COLLINS MOHR, Journalism Librarian, from August 20 through August 31, and for one year from September 1, 1944. (U.N.R.R.A.)

JOHN R. FREY, Assistant Professor of German, from September 1, 1944, through August 31, 1945. (Confidential work with the Army)

FRANK J. CERNY, Assistant in Ophthalmology, from August 12 through August 31, and for one year from September 1, 1944. (Army M.C.)

ROY OTTO SEBEK, Graduate Assistant in Chemistry, College of Pharmacy, from July 17 through August 31, 1944. (Army)

J. E. HULETT, JR., Assistant Professor of Sociology, from September 1, 1944, through January 31, 1945. (Civilian employee of the Army)

EDNA AGNES COARD, Assistant Editor, Agricultural Administration, from September 11, 1944, through August 31, 1945. (WAVE)

BURL A. MANUEL, Equipment Attendant, Mechanical Engineering Department, from May 16 through August 31, and for one year from September 1, 1944. (Navy)

ELEANOR BURTON, Staff Nurse in the Research and Educational Hospitals, from September 1, 1944, through August 31, 1945. (Army Nurse Corps)

EDGAR O. BREAKSTONE, Assistant in Ophthalmology, from August 1 through August 31, and for one year from September 1, 1944. (Army M.C.)

MARTHA ORAVEC, Staff Nurse, Research and Educational Hospitals, from September 13, 1944, through August 31, 1945. (Navy Nurse Corps)

DOROTHY E. THOLEN, Staff Nurse, Research and Educational Hospitals, from October 1, 1944, through August 31, 1945. (Army Nurse Corps)

*Extensions of Leaves of Absence for War Service*

(For one year from September 1, 1944. These are employees without formal staff appointments. In adopting the budget for 1944-1945 the Board of Trustees also approved extensions of leaves of absence for other members of the staff whose names were included in the budget as "on leave without pay.")

JOHN BETTINARDI, Orderly, Department of Nursing, Research and Educational Hospitals.

GRACE CALMER, Staff Nurse, Research and Educational Hospitals.

RAY L. CARROLL, Painter, Chicago Physical Plant Department.

NORBERT CZAJKOWSKI, Laborer, Chicago Physical Plant Department.

JOSEPH EHRLICHER, Laborer, Chicago Physical Plant Department.

MARY ANN EVANS, Junior Clerk-Stenographer, Division of Services for Crippled Children.

JOHN J. FEE, Laborer, Chicago Physical Plant Department.

JEAN ANN KOLCZAK, Orthopaedic Nursing Consultant, Division of Services for Crippled Children.

NORMAN E. LENTZ, Junior Account Clerk, Division of Services for Crippled Children.

HELEN LONCHAR, Staff Nurse, Research and Educational Hospitals.  
ELEANOR MILUS, Staff Nurse, Research and Educational Hospitals.  
JAMES MORAN, Laborer, Chicago Physical Plant Department.  
PETE MORECI, Laborer, Chicago Physical Plant Department.  
FRANK J. MORRIS, Assistant Director of the Division of Services for Crippled Children.  
WILLIAM G. MOTEL, Medical Officer, Division of Services for Crippled Children.  
ROBERT NIESMAN, Elevator Operator, Chicago Physical Plant Department.  
LAWRENCE PAYNE, Laborer, Chicago Physical Plant Department.  
DOROTHY POMPONIO, Staff Nurse, Research and Educational Hospitals.  
GERTRUDE SAUNDERS, Staff Nurse, Research and Educational Hospitals.  
FREDERICK E. SLOAN, Junior Architectural Draftsman, Chicago Physical Plant Department.  
JOHN VECCHIO, Laborer, Chicago Physical Plant Department.  
ROY H. ALLAN, Advanced Registry Supervisor, Department of Dairy Husbandry.  
HAROLD E. BELL, Supervisor of Official Testing, Department of Dairy Husbandry.  
LEE F. BURTCH, Mimeograph Operator, Agricultural Experiment Station.  
ROBERT C. CHANCELLOR, Laborer, Department of Horticulture.  
LEONARD COLE, Mimeograph Operator, Agricultural Experiment Station.  
JOHN TED DIXON, Laborer, Department of Horticulture.  
C. DALE ELLIS, Mimeograph Operator, Agricultural Experiment Station.  
CARL EMPSON, Mimeograph Operator, Agricultural Experiment Station.  
EMERSON GAMBLE, Meat Cutter, Department of Animal Husbandry.  
WAYNE HARDIN, Laborer at Dixon Springs Experiment Station, Department of Animal Husbandry.  
GUY HART, Junior Laboratory Attendant, Agricultural Engineering Department.  
ROBERT E. MADDOCK, Farm Laborer, Department of Dairy Husbandry.  
LOWELL POTTS, Farm Laborer, Department of Horticulture.  
JUDDIE BUTLER, Janitor, Physical Plant Department.  
LOUIS G. COONROD, Machinist, Physical Plant Department.  
THEODORE DUNN, Steam Distribution Operator, Physical Plant Department.  
GLENN H. EASTMAN, Electrician, Physical Plant Department.  
WILLIAM E. ELAM, Janitor, Physical Plant Department.  
CARL T. FOSTER, Janitor, Physical Plant Department.  
CHARLES E. FREDERICKS, Groundsman, Physical Plant Department.  
CLEM GERHART, Laborer, Physical Plant Department.  
KENNETH GLEICHMAN, Janitor, Physical Plant Department.  
R. W. GOODKNIGHT, Janitor, Physical Plant Department.  
RICHARD HENSLER, Electrician, Physical Plant Department.  
JACK HONN, Janitor, Physical Plant Department.  
PAUL A. JOHNSON, Steamfitter-Welder, Physical Plant Department.  
JACK KESTERSON, Janitor, Physical Plant Department.  
LAWRENCE W. KRUTSINGER, Machinist, Physical Plant Department.  
KENNETH LESTER, Assistant Photo Technician, Photography Laboratory, Physical Plant Department.  
BERT LIPPINCOTT, Manager of Bowling Alley, Illini Union Building.  
THOMAS H. MALLOY, Illini Union Bookstore, Physical Plant Department.  
W. B. MCINTYRE, Janitor, Physical Plant Department.  
A. W. McLINTOCK, Janitor, Physical Plant Department.  
CLIFFORD W. MILLER, Brickmason, Physical Plant Department.  
C. A. NEWMAN, Driver, Physical Plant Department.  
LEO PARNELL, Janitor, Illini Union, Physical Plant Department.  
CASSEL G. PAYNE, Janitor, Physical Plant Department.  
DONALD N. REYNOLDS, University Policeman, Physical Plant Department.  
FLOYD E. RICHARDS, Machinist, Physical Plant Department.  
EDWIN F. SCHMIDT, Groundsman, Physical Plant Department.

R. M. SHEETS, Water Station Operator, Physical Plant Department.  
 JAMES G. SHELTON, Janitor, Residence Hall, Physical Plant Department.  
 KENNETH W. SMITH, Mechanical Engineer, Physical Plant Department.  
 RALPH E. SMITH, Fire Station Attendant, Physical Plant Department.  
 HAROLD SPRINKLE, Fire Station Attendant, Physical Plant Department.  
 T. R. STAYTON, Water Station Operator, Physical Plant Department.  
 OTIS RAY TAYLOR, Groundsman, Physical Plant Department.  
 PETER R. VERKON, Architectural Draftsman, Physical Plant Department.  
 HOLLIE C. WACKER, Janitor Foreman, Illini Union Building.  
 MAYNARD K. WEITZEL, Guard at Armory, Physical Plant Department.  
 C. R. WRIGHT, Janitor, Physical Plant Service Building.  
 GLENN WILLIAM HALL, Bookbindery Worker, University Print Shop.  
 MALCOLM G. DAVIS, Compositor, University Print Shop.  
 DON M. MURRAY, Assistant in English.

On motion of Mr. Karraker, these leaves were granted as recommended.

#### AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(8) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. Candidates who hold the certificate of Public Accountant in Illinois and who also hold unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 4, a-1):

CHARLES JAY ANDERSEN (Ky.)	WILLIAM PHILLIPS MOONAN (Ohio)
VILAS DAVID BETTS (Kan.)	HAROLD SYLVESTER MORSE (Mass.)
RALPH ROMAINE BRUSTER (Mass.)	VALENTINE PEARSON (Ind.)
JOHN STEWART DREYER (Wis.)	PATSY LEO PERROTTI (Ariz.)
FREDERICK RALPH FISHER (Wis.)	ROBERT TODD PRITCHARD (Wis.)
ROBERT FITZGERALD GRAHAM (Mich.)	NOEL RUSCH SIMPSON (Ind.)
BENJAMIN ELWELL GRANT (Mass.)	HAROLD SPENCER TREWORY (Mass.)
WILLIAM WARD JOHNSTON (Mass.)	CHARLES OLIVER WELLINGTON (N.Y.)
WILLIAM ERNEST MASON (Ind.)	THEODORE FRANCIS WOODWARD (Mass.)

2. Candidates who hold the certificate of Public Accountant in Illinois received on the basis of the regular semi-annual routine examination given by the Board of Examiners of the Department of Registration and Education (Section 4, a-2):

GRANT ARTHUR WARREN

3. Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 5):

CHARLES KENNETH BENSON (Mo.)	JOEL MASSIE (Mo.)
MORRIS MARVIN BERMAN (Mich.)	FRANCIS HAYES McMULLEN (Ohio)
ROBERT SMITH BRUMAGIM (N.Y.)	JOHN ROBERT MILLER (Ind.)
EDMUND LEVIS GRIMES (Wis.)	J. OLIN MURRAY (N.Y.)
ARTHUR WILLIAM HAUGE (Minn.)	RAYMOND LAWRENCE NOLTE (Mo.)
ADOLPH WILLIAM HEBRANK (Mo.)	GEORGE RIDDELL SMITH (N.Y.)
ROBERT CHARLES HOLSEN (Wis.)	WALTER RICHARD STAUB (N.Y.)
SIDNEY LETUSH (N.Y.)	CONRAD BALDWIN TAYLOR (N.D.)
SAMUEL LETWIN (Wis.)	ALFRED KURT WALTER (N.Y.)
HUGH S. LOYD (Tenn.)	

The following persons are recommended for the Illinois C.P.A. certificate on the basis of having fulfilled all the requirements and having passed the C.P.A. examination which was given May 17, 18, and 19, 1944:

CATHERINE COOK ANAGNOST	ALLEN CLARENCE BRODD
MAURICE DEAN ATKIN	LEONORE CANN
WENDELL FRANCIS BARCLAY	BENEDICT DOUGLAS CHAPS
LOUIS ATILIO BARTOLO	JAMES WALLIS DUGDALE
RAYMOND PAUL BLOOM	IRA SAMUEL FEINGOLD

ALEX FLAX  
WALTER DAVID HAMMAR  
RALPH ALLEN HUSTON  
JOHN WILSON JACKSON  
DAVID DOYLE JACOBS  
BERNARD R. JOFFE  
SAMUEL OZZY KASSIN  
WILLIAM JAMES KEARNEY  
RONALD GEORGE LANE  
LESLIE ROY LOCK  
MELVIN CHARLES MALTER  
STANLEY RYOSHI MATAYOSHI  
ARTHUR LEO MCWILLIAMS

CARL BURTON MYERS, JR.  
NORMAN WALTER NELSON  
ERNEST LEOPOLD NEWTON  
WILLIAM NELSON ST. JOHN  
SEYMOUR BERNARD SCHLESINGER  
RICHARD LAWRENCE SHEARER  
MAX SHERE  
IRVING TENNER  
THEODORE FRANCIS THULSTRUP  
EUGENE EDWARD TOBIN  
CARL HALEY WASMUTH  
JESSE NELSON YOUNG

The following persons are recommended for the Illinois C.P.A. certificate on the basis of having satisfactorily passed an examination given by the Special Five-Man Board of Examiners (Section 4, b):

EDGAR R. BOURKE  
ASA B. BUTLER  
WYLLIE R. CULVER  
CARL F. EIGELSBACH  
FRED ELLIOTT  
CLIFFORD E. ESTES  
WALTER C. GAEDE  
ERNEST B. HORWATH  
JOHN N. HORWATH  
CLIFFORD R. KESLER  
GEORGE J. KIENER, JR.

HARRY J. LAWRENCE  
ROY C. LINDQUIST  
TILLMAN L. LUSK  
GILBERT NELSON  
WARREN S. PALMER  
JOSEPH A. ROSENTHAL  
OSCAR A. SAAL  
DAVID M. SALTIEL  
LOUIS J. SCHMITT  
FREDERICK SETTERDAHL

I concur.

On motion of Mr. Fornof, these certificates were awarded as recommended.

#### FEES PAYABLE BY CANDIDATES FOR CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(9) The Committee on Accountancy recommends adoption of the following additional regulations relating to the administration of the Accountancy Act of 1943. They relate specifically to the amount of fees to be retained and the amount to be refunded to candidates applying for C.P.A. certificates under Section 4 (b) of the law and whose applications are not approved. Under this section of the act the candidate must show that he has held the certificate of registration as a Public Accountant for a period of ten years and that he has practiced public accounting in the State of Illinois for ten years, and he must pass an oral or written examination before the Special Board of Five Examiners.

It is the judgment of the Committee that the following regulations will be a reasonable basis for adjusting the fees of candidates whose applications are not approved:

1. Candidates whose applications are denied after an examination of credentials and without a hearing, regardless of whether or not they may or may not be able to qualify at a later date within the ten-year period provided within the Act: Retain \$5 for the cost of filing and examining credentials; refund \$20.
2. Candidates whose applications are denied after an oral hearing before the Committee: Retain \$10 for the cost of filing and examining credentials and for the hearing; refund \$15.
3. Candidates whose applications are denied after oral or written examination before the Special Board of Five Examiners: Retain the entire \$25; no refund.

On motion of Mr. Jensen, these regulations were approved as recommended.

#### CURRICULUM IN AERONAUTICAL ENGINEERING

(10) The University Senate recommends approval of the following curriculum leading to the degree of Bachelor of Science in Aeronautical Engineering. I concur.

**Notes**

It is planned to activate only the first five semesters of the curriculum on November 2, 1944.

A total of 136 credit hours (excluding physical education and military science) are required for graduation, the same as in all other engineering curricula.

\*New course.

The technical options are intended to provide an Optional Sequence in the senior year of the curriculum, with selections eventually from several fields.

On motion of Mrs. Grigsby, this curriculum was approved as recommended.

#### **GRADUATION WITH HONORS IN THE COLLEGE OF FINE AND APPLIED ARTS**

(11) The University Senate has recommended the following plan of graduation with honors in the College of Fine and Applied Arts:

To be considered for honors at graduation, a student must have been in residence at the University for at least four semesters or must have earned in residence a minimum of 65 semester hours credit. Honors awarded at graduation are designated, after the degree on the diploma, as *Honors*, *High Honors*, and *Highest Honors*, according to the following regulations:

For the degree with *Honors* the student must have a scholastic average of 4.0 in all courses counted for graduation (or in a minimum of 65 semester hours in residence, for transfer students).

For the degree with *High Honors* the student must have a scholastic average of 4.25 in all courses counted for graduation (or in a minimum of 65 semester hours in residence, for transfer students, and not more than 6 hours of D grade in the total of transferred credit).

For the degree with *Highest Honors* the student must have a scholastic average of 4.50 in all courses counted for graduation (or in a minimum of 65 semester hours in residence, for transfer students, and no D grade in the transferred credit).

This recommendation is made in accordance with the provision now in effect that "with the approval of the University Senate and the Board of Trustees, any college or school may prescribe the conditions under which candidates for degrees may be recommended for graduation with honors."

If a college or school does not set up its own plan it follows the general plan of graduation with honors approved by the Senate and adopted by the Board of Trustees many years ago. The College of Fine and Applied Arts has been following that plan and now wishes to set up its own.

I concur.

On motion of Mrs. Grigsby, this plan was approved and adopted as recommended.

#### **CHANGE IN PHYSICAL EDUCATION REQUIREMENTS FOR JUNIORS AND SENIORS**

(12) On April 22, 1942 (Minutes, page 830), the University Senate and the Board of Trustees adopted a requirement that all new undergraduate male students entering the University in their freshman and sophomore years be required to take motor fitness tests; also that all male students enrolled in physical education classes be required to take the test each semester. All male students found deficient in this test were required to take additional physical training as prescribed by the Department of Physical Education for Men. On November 27, 1942 (Minutes, page 168), the University Senate and the Board of Trustees approved a program of compulsory physical training for all junior and senior undergraduate male students in addition to the required physical training program in the freshman and sophomore years. Academic credit has been given for all of this required physical education.

The University Senate now recommends that "pending the report of the Committee on Future Programs of the University respecting physical education, the requirement of this work for junior and senior men be abolished, including the requirement of motor fitness tests; but that if a student elects to take physical education at the junior-senior level it shall carry the same credit provisions as were approved by the Senate in November, 1942." The Senate recommends that this change become effective October 1, 1944, if adjustments in the staff of the Department of Physical Education can be made at that time to conform to the reduced teaching load. If staff commitments will not permit such adjustments, the Senate recommends abolition of the requirement at the earliest opportunity.

The requirements as adopted by the Board in November, 1942, include a regulation that the University Disciplinary Committee, in consultation with the Director of the School of Physical Education, shall formulate and administer rules governing attendance in physical education. The Senate recommends that this regulation be discontinued and that in lieu thereof college officers be authorized to reassume supervision over the attendance of students at classes. The Senate recommends that this provision be made effective October 1 regardless of when the program of required physical education for juniors and seniors is discontinued.

The Senate further recommends that in case the program of required physical education for juniors and seniors is continued beyond October 1, the regulation passed in November, 1942, which states that this work may not be satisfied by proficiency examinations, be cancelled. The present basic freshman and sophomore physical education requirements remain unchanged.

I concur in these recommendations.

This matter was referred to the Committee on General Policy for consideration and report.

#### **ADMISSIONS PROCEDURE IN THE COLLEGES OF MEDICINE AND DENTISTRY**

(13) The present procedure governing admissions to the Colleges of Medicine and Dentistry, which includes committees on admissions, was established by the Board of Trustees in 1940 with the stipulation that this procedure remain in effect for a period of four years subject to renewal on review. This four-year period expired in September, 1944. The committees were instructed to report at the close of this period on the success of their work and to submit recommendations relative to future procedure. The Executive Dean of the Chicago Colleges has reported for these admissions committees and for the college faculties concerned that the experiment has proved highly satisfactory and recommends the continuance of both committees. With his recommendation he submitted a full and informative statement of the methods which have been worked out for examining the qualifications of candidates for admission. This statement has been studied by the Committee on Educational Policy, and the Senate recommends that the Admissions Committees of the Colleges of Medicine and Dentistry be placed on a permanent basis.

I concur.

On motion of Mr. Karraker, this recommendation was adopted.

#### **REQUEST OF ILLINOIS FIREMEN'S ASSOCIATION FOR USE OF UNIVERSITY GROUNDS**

(14) Several years ago the General Assembly appropriated funds for the construction of a firemen's training tower at the University of Illinois which has been used for training purposes, particularly during the Annual Fire College held in June of each year. This is a short course in fire prevention control and extinguishment, and many fire departments in Illinois cities as well as in other cities throughout the country send men here for this training program.

The Illinois Firemen's Association has requested the use of the old Short-line right-of-way between Wright and Sixth Streets which adjoins the firemen's training tower, to provide additional ground area needed by the Fire College. The expansion of the training tower facilities to the north will not interfere with the University's future development. Present University plans call for the construction at some future time of a new fire station in this area but it would front on Wright Street and the proximity of the training tower would be an asset. The Illinois Firemen's Association, Incorporated, is prepared to enter into a formal understanding with the University covering the following points:

1. The Illinois Firemen's Association will undertake to secure all necessary funds for improvement, maintenance, and operation of the Training Tower and related improvements.

2. The Illinois Firemen's Association will direct the work incidental to construction and maintenance of these improvements.

3. The Illinois Firemen's Association will accept responsibility for any personal or public liability claims arising from all use of the Tower except for that use made by University of Illinois employees.

4. The University will retain title to the land on which the improvements are to be made. Since the Board of Trustees of the University is a public agency we assume there will be no objection to this.

5. The University will have access to the Training Tower area for: (a) maintenance and service of well within the area assigned to the Illinois Firemen's Association; (b) privilege of using the Tower in directing the training of the University Fire Station employees.

6. The University will have the right of general approval of the character of the improvements made on the property.

7. The University will have the right to schedule all use of the area, including service to well, in order not to conflict with use by the Association or local fire departments in training programs (emergencies excepted).

The Secretary of the Association has reported that all members of the Executive Board have approved the conditions specified herein.

I recommend that the Board authorize such an agreement.

On motion of Mr. Fornof, this agreement was authorized as recommended.

At this point, Mr. Davis took his place with the Board.

#### ESTABLISHMENT OF SMALL HOMES COUNCIL

(15) For several months representatives of various University departments under the leadership of Deans Rexford Newcomb of the College of Fine and Applied Arts and M. L. Enger of the College of Engineering have been making studies of small homes and low cost housing. These representatives have constituted themselves as an "Advisory Committee of the Small Homes Council" and have submitted a formal proposal that the University establish a "Small Homes Division" or "Small Homes Council," whose functions, objectives, and proposed program are outlined as follows:

##### *Definition*

The Small Homes Division or Council is a coordination of many divisions of the University, to focus their talents on the small home problem, rural and urban. It is not a planning agency or contracting service. It is not an endorsement agency for manufacturers' products.

##### *Objectives*

1. To inform the public on all problems of building a home, including financing and contracts, planning and design, requirements of the site, construction and materials, decoration and furnishing, mechanical equipment, and utilities and appliances.

2. To establish definite data on costs.

3. To keep abreast of all that is new, and inform the public impartially.

4. To establish and maintain a demonstration center.

5. To cooperate with all elements of the building business.

6. To work continually for the improvement of homes and housing and develop public knowledge of the best.

##### *Proposed Program*

*Publications.*—It will publish bulletins and circulars in convenient form on all subjects pertaining to planning, financing, and building the home.

*Statewide Cooperation.*—It seeks the cooperation of dealers, contractors, architects, planning boards, chambers of commerce, manufacturers, and all businesses progressively interested in making practical "down to earth" analyses of the problems of the small home in Illinois.

*Demonstration Homes.*—It wants to build homes at the University to demonstrate good homes to the thousands of visitors to the campus.

*Experiments.*—It intends to use a laboratory and the demonstration homes to discover better methods of designing and building the small home.

*Research.*—It will bring scientific study to new materials and methods to test their worth.

*Education.*—Students in University courses which relate to construction, design, and management of the home will have the advantage of practical studies in the experimental field.

There is submitted separately a report by Dean Rexford Newcomb dated August 9, discussing this program in greater detail and presenting a budget.

I am convinced the University of Illinois can render a most valuable service to the people of Illinois by initiating and developing a program such as has been presented by the Advisory Committee of the Small Homes Council.

A budget of \$6,000 is proposed for 1944-1945 for the purpose of setting up and organizing the program so that it may be presented to various agencies interested in the development of small homes costing not more than \$5,000 to \$6,000. We have reason to believe that for succeeding years the necessary funds may be secured in large part from various sponsors once the program is launched under the direction of the University of Illinois.

An exactly similar situation existed when we initiated the cooperative research program in Warm-Air Furnace Heating. That program has resulted in contributions by manufacturers and others totaling more than \$200,000 and is still in active progress. As was done in that case, it will be necessary to make an initial appropriation from our own funds in order to inaugurate the program and convince prospective sponsors and others that the University is seriously entering upon a program for the design and construction of better small homes in Illinois.

I recommend:

1. The approval by the Board of Trustees of the above described program of research and information relative to Small Homes in Illinois under the auspices of the University through the Small Homes Council.

2. The appropriation of \$6,000 from the General Reserve Fund for the year 1944-1945.

On motion of Mrs. Grigsby, these recommendations were adopted. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### EMERGENCY WAR FOOD ADMINISTRATION BUDGET FOR 1944-1945

(16) Federal funds have again been made available for an emergency war food administration program for the fiscal year July 1, 1944, to June 30, 1945, to be expended through the University Division of Agricultural Extension. The amount which has been made available is \$120,000, and the following budget is submitted covering estimated expenditures from July 1, 1944, to June 30, 1945:

Salaries (including supervisors, assistant supervisors, and clerical help in the central office, appointments to be approved by the President).....	\$ 41 940
Wages (assistants and clerical help for county farm supervisors).....	44 800
Travel.....	22 200
Other expense.....	11 060
<i>Total</i> .....	\$120 000

The foregoing budget has been submitted by Dean and Director H. P. Rusk and has been reviewed by the Comptroller. I recommend its approval subject to adjustment within the total.

On motion of Mr. McKelvey, this budget was approved as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### APPROPRIATION FOR AIRPORT DRAINAGE

(17) On February 24, 1944, and again on July 17, 1944 (report of Executive Committee for June 13, 1944), the Board received reports concerning drainage problems at the Airport. In February an appropriation for \$15,000 from the General Reserve Fund was made for the purchase of land and rights and for

such construction work as the University may be required to do toward the building of open drainage ditches. On July 13, 1944, the Executive Committee made an additional appropriation of \$19,200 to provide for a closed tile for a portion of one of the three drainage outlets.

Further consideration of this matter has given rise to difficulties in negotiations with property owners and has emphasized the disadvantages of an open ditch even for a part of the distance. Professor J. J. Doland, Supervising Engineer, has recommended that provision be made for a closed tile for the entire distance. An additional appropriation of \$15,000, allowing for the use of balances in previous appropriations, including the unused balance in the legislative appropriation of \$250,000 for land, is required.

An appropriation of \$15,000 from the General Reserve Fund for additional expense of drainage of the Airport is recommended.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### COMPENSATION FOR ACCIDENT TO JOHN PALFREY

(18) Mr. John Palfrey, Farm Foreman in the Department of Dairy Husbandry, was fatally injured on July 17, 1944, as the result of a fall from a wagon while unloading baled hay. The fall resulted in a severe concussion and fracture near the base of the skull.

The case has been reviewed by the University Committee on Accident Compensation for Employees, which found that the accident arose out of and in the course of employment and that a death benefit is payable. The amount payable as death benefit under the provisions of the Workmen's Compensation Act is \$4,359.96.

The Committee recommends approval of this award and a special appropriation of \$4,359.96 to cover the payment.

I concur.

On motion of Mrs. Grigsby, this award was authorized as recommended. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(19) A recommendation that an appropriation be made from the General Reserve Fund for the following purposes:

1. Special equipment required by Electrical Engineering Department for V-12 Courses.....\$4 956 00
2. Computing machine for High School Testing Bureau..... 637 50

These proposed improvements have been carefully studied by the Committee on Special Appropriations and Nonrecurring Expenditures. Its reports giving details of the reasons for these improvements are submitted herewith.

On motion of Mr. Jensen, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### AGREEMENT WITH COPPER AND BRASS RESEARCH ASSOCIATION TO DETERMINE THE STRENGTH OF JOINTS IN COPPER PLATES

(20) The Copper and Brass Research Association, 420 Lexington Avenue, New York, wishes to enter into an agreement with the University for an investigation by the Engineering Experiment Station to determine the strength of joints in copper plates. The agreement would run for one year from July 1, 1944, and

the Association would contribute \$4,000 to cover the expenses of this research project. The University sent the Association the standard form of Agreement for Cooperative Investigations in which are included all of the policies and rules of the Board of Trustees governing research sponsored by outside agencies. Among these provisions is one that if patentable discoveries grow out of the investigation and such discoveries have commercial value, the Sponsor, on payment of the entire cost of securing a patent, shall be given free use of the patent as a non-exclusive licensee, it being agreed that other licensees shall pay the University a royalty which in the opinion of the University is fair to the Sponsor and to the public. The Association has requested that this provision be amended by the addition of the following statement: "Non-exclusive licenses will also be issued upon request to member companies of the Copper & Brass Research Association on the same terms as to Sponsor," on the ground that the individual members of the Association would be entitled to a patent license, particularly in view of the fact that the Sponsor (i.e., the Association) as such would be unlikely to have any need for the patent.

The Director of the Engineering Experiment Station recommends approval of this request, and I concur. Since it involves a question of policy I am bringing it to the attention of the Board for approval.

On motion of Mr. McKelvey, this deviation from the terms of the standard cooperative agreement was authorized as recommended.

#### **SALARIES OF FARM AND HOME ADVISERS**

(21) At a meeting of the Executive Committee on January 5, 1944, the President of the University reported that certain private parties had instituted proceedings in the Circuit Court of Sangamon County to stop the payment of salaries of farm and home advisers out of the State's appropriation to the University, the action being directed against the State Auditor of Public Accounts. The Executive Committee authorized the appearance of the University in this litigation by application to the Court for leave to become a party defendant.

Professor Sveinbjorn Johnson, who has been representing the University in this litigation, reports that the case has been dismissed. The plaintiffs did not appear to support their motions to strike the answers of the University and other defendants. The Court had given the plaintiffs until August 2 to plead to the answers. Prior thereto the plaintiffs moved to dismiss their actions with costs to themselves. Inasmuch as the University did not agree to this dismissal, it will not be possible for the same plaintiffs to begin this case over again.

This proceeding was an attempt by certain private parties to invalidate an appropriation of \$357,000 made by the Sixty-Third General Assembly for the biennium 1943-1945 to pay the salaries of farm and home advisers. Unless other parties commence proceedings the matter may be regarded as closed, at least for the current biennium.

This report was received for record.

#### **ADJUSTMENT IN FREIGHT RATES PAID BY THE UNIVERSITY**

(22) The Board has authorized (Minutes, March 20, 1943, page 313, and April 8, 1944, page 924) proceedings before the Illinois Commerce Commission to obtain a reduction in what appear to be discriminatory freight rates charged the University by certain carriers on coal purchased in the Danville area. On recommendation of Judge Sveinbjorn Johnson, who initiated the original proceedings, the Board also authorized the services of Mr. Nuel D. Belnap as special counsel in this matter.

Judge Johnson reports that the Chicago and Eastern Illinois Railroad, one of the defendant carriers, "appealed from an order of the State Commission to the Interstate Commerce Commission. The order of the State Commission held that a certain ruling on rates made by the Interstate Commerce Commission was not binding on the State Commission and that the matter was open, sustaining the contention of the University in this behalf.

"The Interstate Commerce Commission has just held that the ruling of the State Commission is correct and that the earlier order of the Interstate Commerce Commission re certain freight rates on coal does not tie the hands of the

State body. This is a distinct victory for the University, as well as for other shippers of coal from the Danville region."

This report was received for record.

At this point, Dr. Meyer took his place with the Board.

#### ANNUAL REPORT ON CARTER-PENNELL FARMS

(23) The Dean of the College of Agriculture submits the annual report of the Carter-Pennell Farms covering the farm year, March 1, 1943, to February 29, 1944. This report covers the operations of two farms in Vermilion County held by the Board of Trustees of the University in trust, and the net proceeds are used as a loan fund to aid students. The net income of the two farms for the year was \$3,554.39, which except for the preceding year was the largest net income that the University has received during the twenty-one years it has owned the farms.

The operating account now has a cash balance of \$9,142.37. Professor M. L. Mosher, who was in charge of the farms last year, recommends that \$4,500 of the cash reserve be transferred to the Student Loan Fund. The remaining balance of \$4,642.37, plus the value of salable crops and livestock on hand, amounting to \$2,297.37, will make an ample reserve to provide for operating expenses and all improvements needed in the near future.

On motion of Mr. Jensen, this report was received for record, and the distribution of funds was authorized as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### REMODELING OF LOCOMOTIVE TESTING LABORATORY

(24) The Dean of the College of Engineering recommends that the Locomotive Testing Laboratory be remodeled for the use of the Department of Aeronautical Engineering and that the name of this building be changed to "Aeronautical Engineering Laboratory."

I concur.

On motion of Mr. Davis, these recommendations were approved.

#### REMOVAL OF ARMY EQUIPMENT FROM ICE SKATING RINK

(25) The Comptroller reports that the United States Army authorized the University to remove Army equipment from the Ice Skating Rink, the cost of such removal to be paid for by the University and reimbursement secured from the Army. Immediate action was necessary, since the Army wished the equipment removed immediately and it was necessary to make the Ice Rink available for Time, Inc. to whom it had been leased upon vacation by the Army.

The work had to be done by outside contractors, and in view of the urgency and the fact that the Army wished outside contracting to be done on a fixed fee basis, it was not practical to secure bids. It was also more economical to have the removal work done by the same contracting firms which had installed the equipment, if it were possible to do so. Accordingly, the Comptroller and the Secretary of the Board executed contracts as follows:

<i>Firm</i>	<i>Type of Work</i>	<i>Amount</i>
J. M. Bean Electric Co.....	Electrical	\$ 695 50
E. N. DeAtley .....	General	6 370 25
Champaign Plumbing and Heating Co. ....	Plumbing and heating	1 432 00
Mid-States Engineering Co. ....	Ventilating, sheet metal, and refrigeration	1 928 00

All of the firms listed above, with the exception of the Mid-States Engineering Co., are the firms which originally installed equipment in the Ice Rink. Approval of the execution of these contracts is requested.

On motion of Mr. Karraker, the action of the Comptroller and the Secretary of the Board in executing these contracts was approved and confirmed.

#### **PURCHASES RECOMMENDED**

(26) The Comptroller recommends that the following purchases submitted by the Purchasing Agent be authorized:

1. 42 thin yearling steers of good grade, for the Animal Husbandry Department, from the Chicago Producers Commission Association, at a total cost of approximately \$3,000 to \$3,500. These are non-competitive, as the price will be determined by the market. The Chicago Producers Commission Association will be instructed by the Department of Animal Husbandry with respect to the selection of suitable animals.

2. 22 good to choice yearling steers and 22 good to choice steer calves, for the Animal Husbandry Department, from the St. Louis Producers Commission Association, at a total cost of approximately \$3,000 to \$3,500. These are non-competitive, as the price will be determined by the market. The St. Louis Producers Commission Association will be instructed by the Department of Animal Husbandry with respect to the selection of suitable animals.

3. 67  $\frac{1}{2}$  h.p. Baldor dental lathes, type 152Q, two speed, carrying handle mounted on top of the motor, each motor to have one stone and one taper chuck; 6 stone chucks, same as above; 12 taper chucks, same as above. These supplies are requested by the Student Supply Store (Chicago Colleges) for student course outfits to be issued to A.S.T.P., N.C.T.P., and civilian students. It is recommended that the order be placed with the Central Dental Manufacturing Company, 640 South Third Street, Louisville, Kentucky, at a total cost of \$1,919.25. This firm was the lowest bidder.

4. 45 ivory dentoforms (Catalogue No. L-560-ED); 70 stone model sets, dentoform mold #r20. These items are requested by the Student Supply Store (Chicago Colleges) for student course outfits to be issued to A.S.T.P., N.C.T.P., and civilian students. It is recommended that the order be placed with the Columbia Dentoform Company, the manufacturer, at a total price of \$1,066.50. These are non-competitive items and are available only on direct negotiation with the manufacturer. This is therefore the only firm able to fulfill our specifications.

5. 70 semi-stainless Doriot Contra Angles, "U" type; 60 Doriot cord straight handpieces, #4. These items are requested by the Student Supply Store (Chicago Colleges) for student course outfits to be issued to A.S.T.P., N.C.T.P., and civilian students. It is recommended that the order be placed with the Midwest Dental Manufacturing Company, Chicago, the lowest bidder, at a total price of \$1,272.

6. Three items of precious metals, requested by the Student Supply Store (Chicago Colleges) for student course outfits to be issued to A.S.T.P., N.C.T.P., and civilian students, from H. M. Dugan, the lowest bidder, at a total price of \$1,365.10.

7. 8,500 tons, 10 per cent more or less, one and one-quarter-inch, Illinois screenings, requested by the Chicago Physical Plant Department, from the Crerar Clinch Coal Company, the lowest bidder, at a total price of \$50,575.00 (on the basis of \$5.95 a tone delivered). This coal is to be delivered as required in accordance with specifications. The quotation of this company represents the greatest number of British Thermal units per one cent, computed in accordance with the formula contained in the invitation to bid. This coal is produced by the Peabody Coal Company's Mine No. 14 at Clinch, Illinois, located in Perry County.

8. One combination Kjeldahl distilling and digesting apparatus, requested by the Agronomy Department, from the Precision Scientific Company, the only bidder on the 30-unit apparatus, at their price of \$1,600 (f.o.b. Urbana).

9. 103 items for dental student course outfits, requested by the Student Supply Store (Chicago Colleges), to be issued to A.S.T.P., N.C.T.P., and civilian dental students. It is recommended that the order be placed with the

lowest bidder, with the exception that in five instances, involving only a net difference of 6¢, in order to maintain uniformity of source of supply, other than the lowest bidder is recommended.

49 items to the L. D. Caulk Company.....	\$3 023 84
54 items to S. S. White Dental Mfg. Co.....	3 372 29
<i>Total</i> .....	<u>\$6 396 13</u>

On motion of Mr. McKelvey, these purchases were authorized as recommended.

#### PURCHASES AUTHORIZED

(27) A report of the following purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency actions:

1. Two cars No. 2 second cutting green leafy alfalfa hay, for the Dairy Husbandry Department, from Shofstall Hay Company, at an approximate total cost of \$1,600. This is based on a price of \$32 a ton delivered. An effort was made to purchase a sufficient quantity of alfalfa in the surrounding territory but, as the crop has been light, it was not possible to locate a sufficient quantity. An advertisement was run in the local papers for a week without results. Quotations were then called for from sources dealing in western hay. Emergency action was necessary because the offer was subject to early acceptance and the hay was needed as soon as it could be obtained.

2. One car (approximately 30 tons) soybean oil meal (No. 41 expeller type in cloth bags, to be delivered at Robbs, Illinois), for the Dixon Springs Experiment Station, from Archer-Daniels-Midland Company, the lowest bidder, at an approximate total cost of \$1,560.06. This is based on a price of \$52.002 a ton, f.o.b. Robbs, Illinois. Emergency action was necessary because, due to the extremely dry weather and feed shortage, this was needed at once.

3. 900 tons screenings coal, requested by Physical Plant Department for use at Abbott Power Plant during August, 1944, from Taylor English Coal Company, Catlin, Illinois, the lowest bidder, delivered cost considered, at their price of \$1.85 a ton f.o.b. mine, or an approximate cost of \$1,665 plus \$540 freight; total \$2,205. Emergency action was necessary because the order had to be placed at once to comply with regulations.

4. 160 cases of Pyrex laboratory glassware, for the General Chemical Storeroom, from E. H. Sargent and Company, Chicago, at an approximate cost of \$2,528.32. This is a non-competitive item. Pyrex glassware is sold through jobbers at prices fixed by the manufacturer. The lowest price applies to orders for lots of 100 or more cases. This vendor was selected because of the service he can render. Emergency action was necessary because the order had to be placed at once to obtain required delivery.

5. One carload (40-50 tons) Milorganite fertilizer, for the Physical Plant Department, from the George A. Davis Company, Chicago, at a total estimated cost of \$1,375. This is based on a price of \$29.51 a ton delivered, plus O.E. Requests for quotations were sent to the George A. Davis Company and the New England Toro Company. The George A. Davis Company's quotation was the only quotation received. They are the distributors in Illinois for this product, which is produced only by the Milwaukee Sewage Commission, which in turn is the only producer of an activated sludge in the middle west. The Milwaukee Sewage Commission has referred our previous request for quotation to the George A. Davis Company. Emergency action was necessary because the material was wanted for immediate use.

6. 1,000 tons screenings coal for use at Abbott Power Plant during September, 1944, from Taylor-English Coal Company, Catlin, Illinois, the lowest bidder, at a total cost of \$2,600. This is based on a price of \$2.00 a ton f.o.b. mine, plus \$600 freight. Emergency action was necessary because the order had to be placed by August 24 to comply with regulations.

7. Three hundred feeder lambs, requested by the Animal Husbandry Department for experimental feeding purposes, at an approximate cost of \$2,750. This purchase required inspection of more than one lot of animals before a selection could be made, the price to be paid depending on the market at the

time of purchase. The Department of Animal Husbandry inspected and selected suitable animals and arranged for their purchase. Emergency action was necessary as lambs were located for immediate delivery.

8. 909 bushels No. 2 wheat, for the Animal Husbandry feed storage, from Silver Brothers, Urbana, Illinois, at a total cost of \$1,492.26. This is based on a ceiling price of \$1.54 a bushel delivered. This wheat was located by Professor Crawford. Emergency action was necessary because the offer was available subject to immediate acceptance only.

9. 721.5 bushels No. 2 wheat, for the Animal Husbandry feed storage, from Silver Brothers, Urbana, Illinois, at a total cost of \$1.55 a bushel delivered. It was originally estimated that the amount to be delivered would not be in excess of 600 bushels. However, delivery amounted to 721.5 bushels. Under date of July 12th an order was placed for 600 bushels at a total cost of \$930. This is to report that final payment on this order was \$1,118.33. The Department has been making purchases of grain where it has been able to locate it, prices being the prevailing ceiling prices. This lot of wheat was located by Professor Crawford. Emergency action was necessary because the order had already been placed and delivery completed.

10. 2,500 bushels No. 1 oats, for the Animal Husbandry feed storage, from the Federal North Iowa Grain Company, at an approximate total cost of \$1,875. This is based on a price of 75¢ a bushel f.o.b. Bondville, Illinois. Emergency action was necessary because delivery was required within ten days.

This report was received for record.

**EXECUTIVE SESSION**

In executive session, the Board continued its consideration of matters presented by the President of the University.

**APPROPRIATION FOR PURCHASE OF NAVY PROPERTY IN  
CONNECTION WITH TERMINATION OF SIGNAL AND  
DIESEL SCHOOL CONTRACTS**

(29) The Comptroller reports that during recent negotiations with the United States Navy concerning the termination of contracts between the University and the Navy covering the operation of the Signal and Diesel Schools on the Urbana campus, the Navy made a tentative offer to the University to abandon certain government property now on the campus on payment by the University of the sum of \$25,000. The property involved covers certain construction work done by the University and paid for by the Navy, as well as such items as lighting fixtures, plumbing fixtures, electrical motors, and items of similar nature.

The proposal made by the Navy was that property of this nature in connection with the Signal School which cost approximately \$120,800 be sold to the University for \$15,000, and property in connection with the Diesel School which cost \$62,400 be sold to the University for \$10,000. All of these items are items which can ultimately be used by the University, and the Director of the Physical Plant recommends that the offer be accepted and the Comptroller concurs in this proposal.

I recommend that an appropriation of \$25,000 be made from the General Reserve Fund for the purchase of this equipment and that the Comptroller and the Secretary of the Board be authorized to enter into a contract to purchase this equipment, if the tentative offer made by the Navy negotiators is made final.

On motion of Mr. Jensen, authority was granted as recommended, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

**REPORT FROM THE COMMITTEE ON PATENTS ON DISCOVERIES  
RESULTING FROM RESEARCH WORK UNDER  
GOVERNMENT CONTRACTS**

(30) The University Committee on Patents has considered the following discoveries resulting from confidential research work on military problems by members of the faculty under contracts with the United States Government:

Contract No. NDCre-48; inventors, Professor Roger Adams and Professor C. S. Marvel; nitrohydantoin and process; nitromethylhydantoin and process; n-nitrodimethylhydantoin and process; dinitrodiketopiperazine and process; n,n'-dinitrodimethylhydantoin and process; dinitrodimethyldiketopiperazine and process.

Under its contract with the Government the University may elect whether it will file applications for patents on these discoveries, in which case it must grant the United States Government a non-exclusive royalty-free license. The University has been advised that the Government does not desire to file applications for patents on its behalf. The discoverers have advised that these compounds and processes were developed in research work in connection with explosives, but none of them has proved to have any value in this field. Neither inventor is interested in making applications for patents in his behalf.

The University Committee on Patents recommends that the University do not apply for patents.

On motion of Mr. Karraker, this recommendation was adopted.

**OPTION ON LOT 76 IN COLLEGE PLACE ADDITION, CHAMPAIGN**

(31) The Director of the Physical Plant Department recommends the purchase of Lot 76 in College Place Addition to the City of Champaign at a price of \$6,900, plus brokerage and other costs of acquisition. This property is at 1105 South Third Street (between Armory Avenue and Gregory Drive), Champaign,

and is in a block in which the University may secure a relatively large tract at a relatively small cost. There are four and a fraction vacant lots, three small residences, one large residence, and two fraternities in this block. This is a very desirable block for the expansion of the Men's Residence Halls, being in the residence area for men adjacent to the present Men's Residence Hall and to the University's steam and electric distribution systems.

The lot includes a residence constructed 35 years ago—a story and a half seven or eight room frame house which has always been kept in good condition. The house can undoubtedly be rented until the University has need for the ground and wishes to remove it.

Since the owner was anxious to sell the property and immediate action was necessary, the Provost, acting for the President, authorized the payment of \$500 for an option on this property until October 1, this payment having been made from appropriations previously made by the Board for purchasing such options.

I do not concur in this proposal.

On motion of Mr. McKelvey, the Board refused to exercise its right under this option.

#### **PURCHASE OF ADDITIONAL PROPERTY ON MATHEWS AVENUE**

(32) The Board of Trustees on October 30, 1943 (Minutes, pages 743, 750), approved the policy of acquiring property fronting on Mathews Avenue in Urbana. It also made an appropriation at that time for the purchase of certain property and additional options as opportunity might arise. The Director of the Physical Plant has been negotiating for the purchase of the property at the corner of Oregon and Mathews which is a key property in the proposed expansion. After long discussion the owner finally agreed to accept \$21,500 for the property. Appraisals of the property indicate a valuation of from \$18,000 to \$25,000.

The Director of the Physical Plant recommends that this purchase be made at \$21,500. The Comptroller has followed the negotiations and concurs in the recommendation. In view of the previous action of the Board, an option for the purchase at this price was secured to October 1 on payment of \$750.

I concur in these recommendations and further recommend an appropriation from the General Reserve Fund of the approximate amount required to complete the purchase, including expense of transfer after allowing for the option already purchased, a net amount of approximately \$21,000.

On motion of Mr. Davis, this purchase was authorized as recommended. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### **POST-WAR BUILDING PROGRAM**

(33) The list of projects and the construction schedule which were given general approval by the Board of Trustees on June 22 and specific approval by the Executive Committee on July 10 was transmitted to the Illinois Post-War Planning Commission on July 10.

At a conference held by representatives of the University and of the Commission on August 7, it was stated that the University's entire program had been approved by the Commission but that the post-war program of the State had been extended to cover five bienniums instead of three, as originally planned. It was also stated that the Commission had adopted health, safety, and veterans' care as the criteria for determining the relative urgency of projects. The representatives of the Commission agreed that the providing of space to take care of the expected increase in enrollment is one phase of "veterans' care," because a large proportion of the post-war enrollment will be made up of veterans.

As the result of this conference and one held on August 14, the University submitted a revised list of projects, dated August 24, 1944, for the first post-war biennium.

At a hearing before the Committee on Priorities of the Commission held on September 8, the University was requested to arrange its projects in order of urgency. The accompanying list of projects, arranged in this manner, was prepared by the Building Program Committee on September 18, approved by President Livingston on September 19, and transmitted to the Commission later the same day.

This list, together with corresponding lists from other State agencies, is to be sent soon to all members of the Priorities Committee of the Commission with recommendations concerning appropriate action on the entire program. The Priorities Committee will then make its recommendations to the Commission directly or possibly through certain intermediate committees. The program will then be ready for consideration by the Legislature.

On motion of Mr. Davis, this list was approved as of September 18, 1944, with the addition (as item 17) of the Health and Physical Education Building, \$2,300,000, with the understanding that the program is applicable as matters exist at the present time, but without prejudice to other needs and requests of the University.

**AUTHORITY TO CONFER DEGREES**

(34) A recommendation that the President be authorized to confer degrees at the Commencement Exercises on October 1, 1944, on those candidates who will have qualified and will have been recommended for the same by the University Senate.

On motion of Mr. Jensen, this authority was granted as recommended.

**LEGAL SERVICES FOR THE UNIVERSITY**

(35) I recommend that the Board of Trustees authorize the following provisions for legal services:

1. Dean Albert J. Harno of the College of Law to serve as legal counsel. All legal questions will be submitted to him for attention, except as indicated below. He will handle all routine matters except those which have been assigned to special counsel by the Board of Trustees. He has resigned as Provost of the University which relieves him for this work.

2. The College of Law faculty to supply such other legal services as may be necessary in routine University business, on assignment by the Dean, and specifically (a) Professor Russell N. Sullivan to deal with matters relating to Civil Service, (b) Professor George W. Goble to deal with matters relating to retirement and disability.

3. In all cases where it is possible to secure approval by the Board of Trustees or Executive Committee in advance, a recommendation will be made for the employment of local or special counsel, but it is desirable to have authorization to employ counsel in emergencies and in minor matters.

On motion of Mr. Davis, these arrangements were approved.

**LEGAL SERVICES FOR AIRPORT**

(36) Chapman and Cutler, Chicago, have rendered a bill for recent services and expenses relating to the Airport amounting to \$1,355.80 (Minutes, July 28, 1943, page 450). The bill has been checked by Supervising Engineer Doland and the Comptroller, who advise that these services have been rendered. The Comptroller recommends a special appropriation to cover this bill, from the General Reserve Fund, since money is not available for this expenditure in appropriations previously made.

I concur and recommend approval.

On motion of Dr. Meyer, the payment of this bill was authorized. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

**APPROPRIATION FOR ALUMNI RELATIONS AND RECORDS  
AND FOR ILLINOIS ALUMNI NEWS**

(37) The Alumni Association has requested an appropriation of \$5,000 for alumni activities for the current fiscal year ending June 30, 1945, to meet the following specific needs: (1) rehabilitation of the Alumni Records; (2) increase in size of the *Illinois Alumni News*, to provide space for news and particularly items of interest to alumni in the armed forces; and (3) increased services required of the Illini Center in Chicago.

I recommend that an emergency appropriation of \$5,000 be made to Alumni Relations and Records from the General Reserve Fund for the purposes indicated.

I further recommend that an appropriation of \$3,000 be made from the General Reserve Fund for sending a special Christmas-New Year's edition of the *Illinois Alumni News* to all alumni in the service of the armed forces. This would not replace one of the regular issues of the *Illinois Alumni News* but would be a special edition devoted to articles and news stories written especially for the alumni in military service. The edition would also be a Christmas and New Year's greeting from the University. This is a recommendation from the President of the University and does not come from the Alumni Association.

Therefore it should not prejudice consideration of the request of the Association for the \$5,000 of additional funds for the purposes specified above.

On motion of Mr. Karraker, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### NEW FACULTY APPOINTMENTS

(38) I recommend that the Board of Trustees authorize commitments at an early date to a limited number of men for appointments to the faculty beginning September 1, 1945. There are many scientists and scholars, both older men of distinguished reputation and younger men who give promise of achieving distinction, who are in various types of civilian war service in Government agencies and in private industry. Sooner or later as the war situation changes these men will be released from their present assignments and will again be available for academic positions. Many of them are on leave of absence from colleges and universities and will return to their former positions. Others have no such commitments.

It is important that a plan be devised whereby the University of Illinois can get into this market, so to speak, early and thus be in a position to secure the best of these men for existing vacancies and for new positions which will have to be established to take care of the inevitable increase in enrollment at the conclusion of the war. To wait until the enrollment actually demonstrates the need for staff additions will result as it has done before in overloading the staff, large classes, and a limited selection of personnel. The consequence of this is obvious. Other universities are making plans to add to their faculties, and in fact have already done so. The University of Illinois should be in a position to compete with them in securing the best talent available.

On motion of Mr. Karraker, this procedure was authorized as recommended.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(39) A recommendation that an appropriation of \$12,500 be made for office rearrangement in the Physical Plant Service Building.

Bids have been taken on this remodeling, and it is recommended that a contract for the general work be awarded to E. N. DeAtley, Champaign, the lowest bidder, in the amount of \$10,500. There will also be electrical wiring, telephone changes, and incidentals which make it necessary to request the appropriation indicated.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### COMPENSATION FOR MRS. ANNA O'CONNOR

(40) Mrs. Anna O'Connor, an employee in the Research and Educational Hospital, suffered an accident in the Hospital on April 5, 1943, which resulted in the loss of an eye. Before the University Committee on Accident Compensation had an opportunity to pass on the claim, Mrs. O'Connor, through counsel, filed a claim with the Industrial Commission and later with the Court of Claims, for compensation of not less than \$2,750 and a further claim against the University for negligence in maintenance of the corridor in which she fell.

Because of the complexity of the case, the Committee several weeks ago presented it to the Board Committee on Civil Service and Employees. The Board Committee instructed the Accident Committee to endeavor to reach a satisfactory settlement of the claim and avoid litigation, it being the opinion of both Committees that the record would support a finding in favor of the employee.

Mrs. O'Connor, through her counsel, has indicated that she would accept complete settlement of the case on the following basis:

Compensation for time lost as provided by the Workmen's Compensation Act.....	\$ 712 96
Expense of a permanent glass eye (estimated).....	50 00
Compensation for the loss of the eye in accordance with the Workmen's Compensation Act (cash settlement).....	1 291 86

Mrs. O'Connor has been paid for time lost from the regular appropriation for Injuries to Employees and is entitled to receive additional disability compensation from the University Retirement System in the amount of \$229.59. A special appropriation of \$1,291.86 only is required for the compensation for the loss of the eye.

The Committee on Accident Compensation recommends that this settlement be approved and that the needed additional appropriation be made. I concur and recommend a special appropriation of \$1,291.86 from the General Reserve Fund.

On motion of Mr. Jensen, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### ASSESSMENT OF UNIVERSITY BUILDINGS FOR GENERAL PROPERTY TAXES

(41) On May 16, 1942 (Minutes, page 874), the Board was informed that the assessors of Champaign and Cunningham Townships in the County of Champaign had assessed the Men's Residence Halls and the Illini Union Building for general property taxes. The Board authorized the University Counsel to take any steps necessary to assist the University of Illinois Foundation (the title to these buildings is in the Foundation) in having the property removed from assessment rolls.

This matter was litigated in the County Court of Champaign County and a report was made on it to the Board on June 22, 1944 (Minutes, page 1002). The decision of the court upheld the objections of the University and the Foundation, but the Champaign County Board of Supervisors decided to appeal the case to the Supreme Court of Illinois. The assessments for the years involved (1942, 1943, and 1944) aggregate approximately \$80,000.

The briefs of the State's Attorney of Champaign County and of the University of Illinois and University of Illinois Foundation have been filed in the Supreme Court. The case was set for oral argument on September 25 and a decision should be forthcoming at the November term. Judge Sveinbjorn Johnson has been serving as counsel for the University and for the University of Illinois Foundation in this matter from the beginning. He has prepared and filed in the Supreme Court the brief of the University and the Foundation. Since he is so thoroughly familiar with this case and it would be practically impossible for any other attorney to take it over effectively, I recommend that he be authorized to continue as special counsel even though he is no longer in the active service of the University.

On motion of Dr. Meyer, this recommendation was adopted.

#### LEAVE OF ABSENCE FOR F. J. KEILHOLZ

(42) Last year the Board of Trustees approved a leave of absence for Mr. F. J. Keilholz, Extension Editor and Associate Professor of Agricultural Extension, for the period of December 1, 1943, through November 30, 1944, so that he might join the Curtis Publishing Company as associate editor of *Country Gentleman*. Mr. Keilholz has requested an extension of this leave for one year more, in a letter of August 10, 1944, transmitted through the Dean of the College of Agriculture, copy of which is hereby given to the Secretary of the Board for record.

Dean Rusk does not approve this request because the temporary arrangement made for carrying on the work of the Extension Editor is not satisfactory. I recommend that the request for an extension of leave be not approved.

On motion of Dr. Meyer, this request for extension of leave was denied.

**APPOINTMENT OF W. L. EVERITT AS PROFESSOR AND HEAD  
OF THE DEPARTMENT OF ELECTRICAL ENGINEERING**

(43) The Dean of the College of Engineering recommends the appointment of Dr. W. L. Everitt, Professor of Electrical Engineering at Ohio State University, now on leave of absence for service as Chief of Operational Research in the Office of the Chief Signal Officer of the War Department, as Professor and Head of the Department of Electrical Engineering on indefinite tenure at an annual salary of \$10,000 beginning September 1, 1944. Since Doctor Everitt is not available for immediate service, I recommend his appointment as Professor and Head of the Department of Electrical Engineering without salary, for one year from September 1, 1944, with the understanding that he will be given an appointment on salary later. The appointment without salary, effective September 1, is being recommended to give Doctor Everitt official status as a member of the University staff. This is desirable so that he can be consulted about the development of educational and research programs and so that he can deal authoritatively in negotiating with candidates for future appointments as members of the Department of Electrical Engineering.

On motion of Dr. Meyer, this appointment was authorized as recommended.

**TRANSFER OF ANIMAL PATHOLOGY STAFF FROM STATE  
DEPARTMENT OF AGRICULTURE TO UNIVERSITY**

(44) The budget of the State Department of Agriculture, Division of Livestock Industry, includes the salaries of a number of persons assigned to and working under the direction of the University Department of Animal Pathology and Hygiene in the College of Agriculture. These persons are located at the University and are appointed by the University, their salaries being paid by the State Department of Agriculture. Certain wage and expense items also are included, the total being approximately \$30,000 a year.

Dean Rusk has recommended, and the Comptroller concurs, that the University request the transfer of present allotments in the State Department of Agriculture budget for these purposes to the University appropriation beginning with the biennium 1945-1947. I concur in this recommendation and request approval at this time for purposes of preparation of the biennial budget.

On motion of Mr. Davis, the President of the University was authorized to request this transfer as recommended.

**APPOINTMENT OF DEAN OF COLLEGE OF COMMERCE  
AND BUSINESS ADMINISTRATION**

(45) I recommend that Professor Hiram T. Scovill, Professor of Accountancy, Head of the Department of Business Organization and Operation, and Acting Dean of the College of Commerce and Business Administration since March, 1942, be appointed Professor of Accountancy on indefinite tenure and Dean of the College of Commerce and Business Administration, effective September 1, 1944, at a salary of \$8,750.

On motion of Mr. Davis, this recommendation was disapproved, and the President of the University was requested to recommend an outstanding man, not at present on the University staff, for the deanship of the College of Commerce and Business Administration.

**APPOINTMENT OF PROFESSOR COLEMAN R. GRIFFITH AS PROVOST**

(46) A recommendation that Dr. Coleman R. Griffith, now Professor of Education and Director of the Bureau of Institutional Research, be appointed to the position of Professor of Education on indefinite tenure, and Provost of the University from October 1, 1944, through August 31, 1945, at a total salary rate of \$9,000 a year for such service, effective October 1, 1944.

This appointment is to fill the vacancy created by the resignation of Dean Albert J. Harno of the College of Law as Provost. The position of Director of the Bureau of Institutional Research will remain vacant for the time being.

On motion of Mr. Jensen, this appointment was made as recommended.

#### REPORT ON PROGRESS OF AIRPORT CONSTRUCTION

(47) A report of Professor J. J. Doland on the progress of construction at the Airport.

September 20, 1944

PRESIDENT A. C. WILLARD:

Since July 13, 1944, the date of my last formal report to you, the following items represent the principal developments in the construction of the University of Illinois Airport:

1. *University Right of Way on Ross Property.* The University came into formal possession of the ditch right of way through the Ross property in Section 1, Township 18 North, Range 8, East of the Third Principal Meridian, on July 13, 1944. On that date, and subsequently, there was some friction between the tenant on the Ross farm and the contractors, arising out of the failure of Mr. Ross to notify the tenant. On September 6, 1944, I had a conference with Mrs. William Cole, the tenant on the Ross property, and her attorney, Mr. John Franklin, and assured her that she would be reimbursed for any resulting damage to the crops she had planted in good faith on the land now owned by the University of Illinois. The outside value of any damage she might suffer would be \$40.00, which should be shared by the University of Illinois and the Cooke Contracting Company. Since that time, Mrs. Cole has been most cooperative.

2. *University Right of Way on Howard Property.* On August 23, 1944, Mr. Walter B. Riley, attorney for Mr. Hartwell C. Howard, made formal written demand on the University for compliance with the contractual agreements made in consideration for the purchase of drainage right of way across the land owned by Mr. Howard in Section 2, Township 18 North, Range 8, East of the Third Principal Meridian. On this date, September 20, 1944, all of the compliances have been completed except for the construction of the right of way fence and minor grading operations. Fencing materials are expected to be delivered by October 1, 1944, and full compliance is expected to be completed by October 15, 1944, which is Mr. Howard's demand date.

3. *Negotiations and Settlement of Right of Way over the Samuel Somers Property in Section 3, Township 18 North, Range 8, East of the Third Principal Meridian.* The difficulties with both the Civil Aeronautics Administration and the Somers family, attendant upon reaching a satisfactory solution of the drainage channel to the west, are briefed up to that date in my last report, dated July 13, 1944. On August 1, 1944, Mr. Somers stated that he was rejecting all offers of settlement, and that he would refuse all use of his land unless the drainage outlet were carried in a closed pipe conduit past his farm to the Two Mile Slough Drainage District ditch. President Park Livingston and Mr. Amos H. Watts, of Chapman and Cutler, came to Urbana on August 2, 1944, and a conference, including yourself, Mr. Livingston, Mr. Watts, Mr. Lloyd Morey, and myself was held in your office. It was there agreed that the closed pipe conduit was also best for the University, provided funds were available to finance the extra cost. Mr. Morey assured the members of the conference that funds were available. Mr. Livingston consulted Mr. Chester Davis and Mr. Frank Jensen of the Executive Committee, and the situation was explained to them. They agreed to the proposal of appropriating \$15,000 in addition to the \$34,200 already approved by the Board of Trustees for drainage improvements. That evening, Mr. Watts and I drew up the necessary instruments, and presented them to the Somers family and their attorney, Mr. Olin Browder, on the morning of August 3, 1944. Our terms were readily accepted by the Somers family, so that there remained only the necessary negotiations with the Civil Aeronautics Administration and the contractors, explained in Item 4.

On August 1, 1944, I secured a permit for the use of the township road for right of way purposes from Mr. Willard Albrecht, Highway Commissioner for Tolono Township. This eliminated the necessity of purchasing right of way from both Mr. Somers and the Hall family.

I am in agreement with all phases of the settlement, but I am not satisfied with the design made by the Civil Aeronautics Administration and built by the

contractors for the outlet box at the western drainage outlet. My opinion is that this structure is too small and may cause trouble in the future. I had no opportunity to approve the design.

4. *Western Drainage* (continued). On August 9, 1944, the Chicago Regional office of the Civil Aeronautics Administration sent representatives to the campus to settle finally the western drainage outlet problem. Prior to that time, I had several conversations with the Chicago office in an attempt to clarify the situation, and to keep the C.A.A. in line relative to the obligations of the University. On the above date, a conference was held in your office, attended by Messrs. Arnold, Schofield, Hale and Walls of the C.A.A., and Mr. A. J. Janata and the undersigned representing the University. It was there agreed that the University would accept responsibility for the cost of construction of the western outlet from Station 20 + 19 to Station 53 + 00, and that the C.A.A. would pay for the remainder. The cost of this arrangement was well within the budgetary amounts considered in the conference of August 2, 1944.

The conference adjourned to my office, and was joined by Mr. Paul Greene and Mr. L. H. Brenner of the Johnson-Greene Company. The proposal was accepted by them. Mr. Greene and I had a further conference at 6:00 p.m. and it was agreed that I should request a University work order for \$37,800 to cover the additional work and its cost. Work was started, and has progressed satisfactorily. From present indications, it appears that the cost to the University of all of the drainage improvement work will be less than the authorized appropriation.

In order to satisfy one farmer, Mr. Willard Koss, it was necessary to enter into an agreement to pay him \$50.00 for inconvenience and damage resulting from the closing of the road in front of his farm for a period of from two weeks to three months. We also found it necessary to agree to pay the Illinois Bell Telephone Company \$175 for a temporary change of line to serve this farm. In order to reduce construction time and avoid other damage claims, we entered into an agreement with Mr. George Hall to pay him for the value of crops necessarily damaged by construction operations. We also agreed to restore farm fences on the Somers, Ross and Hall farms to equal or better condition than they were before removal necessitated by construction operations.

5. *University Building Program*. On August 5, 1944, I was notified by the War Production Board in Washington that priority applications for the construction of buildings on the University of Illinois Airport were confused and needed clarification. This undoubtedly resulted from a misunderstanding on the part of the Physical Plant Department, in filing priority applications without clearing through my office. Dean M. L. Enger authorized me to negotiate the difficulties, which I did the following week in Washington. On September 11, 1944, I was notified by the War Production Board in Washington that they would approve the construction of the control tower portion of the Administration Building. I had been previously assured that after the building was cleared, the War Production Board would give favorable consideration to the application for sanitary sewerage, water supply, and power line.

6. *Progress*. Mr. M. F. Tigrak and Mr. M. E. Uyanik, graduate students in Civil Engineering, who have been performing certain gratuitous services, have continued to furnish this office with daily and weekly progress reports. Copies of these have been furnished your office for the purpose of conserving their historical value. Paving operations were begun on August 22, 1944, on the South-east runway at the intersection of the diagonal runways.

As of this date, the progress is approximately as follows:

Grading.....	95% complete
Airfield Drainage.....	90% complete
Outlet Drainage.....	75% complete
Paving.....	21% complete
Fencing.....	0% complete
Sodding and Turfing.....	0% complete
University Buildings & Utilities.....	0% complete
Total length of 25 ft. wide slab.....	123 400 ft.
Completed as of September 20, 1944.....	25 828 ft.

7. *Aerial Photographs*. The Army Air Force has furnished aerial photo-

graphs of progress, taken on July 4, July 18, August 8, and August 29, 1944. Copies of these have been sent to your office.

8. *Seeding and Sodding.* No new information has been secured from the C.A.A. on the seeding and sodding of the airfield except that it will be postponed until the spring of 1945.

9. *Lighting.* No new developments to report on field lighting by the C.A.A.

10. *Army.* The B-24 Bomber Training Unit at Chanute Field was transferred to Alabama, as of September 8, 1944. Contacts with officers of the Army Air Force have thus far failed to reveal any specific information as to how this change will affect the use of the University of Illinois Airport by the Army, as an essential part of the war effort. The officers assure me, however, that some form of pilot training will continue at Chanute Field.

Two visits were made to the Airport by Mr. D. J. Bremer, a civilian of the Indianapolis office of the Army Air Force, on August 11th and August 18th. Mr. Bremer stated that his visits were ordered by General H. A. Arnold, Commander in Chief of the Army Air Force, Washington, D.C. His purpose, he said, was to report on progress and to offer assistance in expediting completion of the Airport. He has been informed of the importance of reaching a settlement of the difficulties explained in Item 11.

11. *Wage Adjustment Board.* At the beginning of the University of Illinois Airport project, the wage rate established by the Wage Adjustment Board for common labor was 80 cents per hour. Before bidding on the job, the contractors learned that, in spite of the ruling, the prevailing wage rate in this area is 95 cents per hour. Their bids were based on the latter rate, and consequently, they are perfectly willing to pay that rate. In order to avoid penalties, however, they asked the Wage Adjustment Board to establish the 95 cent rate. A hearing was ordered in Washington on July 26, 1944, which was attended by Mr. C. E. Cooke of the Cooke Contracting Company, Mr. Paul Greene of the Johnson-Greene Company, Mr. Sherdie Jones of the Twin City (Champaign-Urbana) Federation of Labor, representatives of the C.A.A., and myself. Evidence was presented supporting the existence of the 95 cent rate as prevailing in this area. On August 23, 1944, the request was denied by the W.A.B. Notice was received by the contractors on September 6, 1944, and they appealed the decision under date of September 9, 1944. The office of Senator Scott W. Lucas has been actively supporting the contention of the contractor.

On September 12, 1944, the contractor posted notice of a change in rate from 95¢ to 80¢ per hour. The following day and since, paving operations have continued with attenuated manpower and curtailed progress.

Present indications are that a settlement of the controversy will be reached within a short time and normal progress will then be resumed. If an unfavorable decision is reached, the paving situation will become critical.

12. *Right of Way for Power Line from University Power Plant to Airport.* On August 21, 1944, the Physical Plant Department requested me to secure the necessary permits and easements for the construction of the power line along the First Street Road to the Savoy Road, thence west to Savoy and the Illinois Central right of way. I prepared the necessary instruments for execution by the two township supervisors of highways concerned, had them amended and approved by Chapman and Cutler, and submitted them to the Supervisors on September 6, 1944. The permits of the Township Highway Commissioners were duly executed by Mr. Samuel Lowman of Champaign Township and by Mr. Earl T. Werts of Urbana Township on September 7, 1944. These have been forwarded to your office.

I was later informed by letter that the College of Agriculture objected to the construction of a power line along the First Street Road, because it would require the removal of certain trees.

Outside of the objections of the College of Agriculture, the First Street route appears to be the cheapest and most feasible. Any change will entail considerable delay and expense in the procurement of easements from individual property owners. Some of the latter may have arguments similar to those interposed by the College of Agriculture. I am holding this matter in abeyance pending your final decision.

[The difficulties mentioned in Section 12, "Right of Way for Power Line from University Power Plant to Airport," were resolved by agreement with representatives of the College of Agriculture and the Physical Plant Department

on September 28, 1944. The final agreement will necessitate the expenditure of approximately \$7,000 additional required for the placing of the power line underground for a short distance in order to conserve the trees. Since we will ultimately wish to place the entire line underground this expenditure is entirely justified at this time. The priority already granted for the construction of this line by the War Production Board is sufficient to cover the additional cost of the construction.]

13. *Airport Information Sheets.* With authority from your office, I prepared on September 15, 1944, an information sheet showing a sketch map of the airport and pertinent facts relating to it. This was in response to a widespread demand for basic information. A copy of the document is attached hereto. Five thousand copies were ordered and are available for distribution.

14. *Airport Passes.* On July 6, 1944, with the approval of your office, I ordered printed 300 card passes to the airport site. These were printed and distributed, and thus far, have served two important functions:

1. They have improved University public relations by confining issuance to persons who have materially aided the airport project or who have shown a real interest in it.

2. They have enabled the contractors to deny admission except to responsible persons and thus to reduce greatly the loss resulting from vandalism which occurred during the early stages of the construction.

Passes have been sent to the University Board of Trustees and to many other University and local persons.

15. *Operations.* The first landing of an airplane on the new concrete runways occurred at 3:46 p.m. on September 14, 1944, when, with Honorable Park Livingston, President of the Board of Trustees, and the Supervising Engineer as passengers, Pilot Earl Taynor of Champaign landed the Stinson Reliant, Airplane License No. NC 31587, on the Southeast runway.

J. J. DOLAND  
*Supervising Engineer*

This report was received for record.

#### ADMISSION OF JAPANESE STUDENT

The President of the Board read the following letter from Mr. Walt Wessman, concerning the admission of Henry Aihara as a student, and requested that Mr. Wessman be heard on the matter.

26 September 1944

*Mr. Park Livingston  
c/o Dean Milk Company  
20 N. Wacker  
Chicago, Illinois*

DEAR PARK:

A few days ago I called you relative to Henry Aihara, an American born Japanese boy who wants to enter the University of Illinois and who has been refused permission to enter by the registrar's office because his grades are below the upper quarter of his class at New Trier High School.

I am attaching to this, letters of recommendation from John Nay, his high school adviser and also his track coach, and from Walter T. Fisher who gave this boy a home last year. I believe that Mr. Fisher is a former trustee of the University of Illinois.

This boy has outstanding athletic ability in track, having placed second in both the high and broad jump in the state meet last spring.

You will note by the last paragraph in Mr. Fisher's letter that Henry has a brother who is a sergeant in the medical corps of the United States Army.

I hope that the board of trustees can make an exception to their ruling regarding the admission of American born Japanese students and allow Henry Aihara to register at the University of Illinois this coming semester.

I shall appreciate your letting me know what decision the board makes.

Cordially,

WALT WESSMAN  
*Director of Field Activities*

Mr. Wessman made a statement on this matter.

On motion of Mr. Davis, the Registrar was authorized to make an exception to the rules in this case.

#### TREASURER'S REPORT

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**October 24, 1944**

**With Executive Committee Meeting of  
November 2, 1944**

The October meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 3 o'clock p.m. on Tuesday, October 24, 1944.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. McKelvey, Dr. Meyer.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and, during the open session, Mr. J. F. Wright, Director of Public Information.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**RESIDENCE REQUIREMENT FOR GRADUATION**

(1) A Bachelor's degree is conferred on a student who satisfactorily completes a curriculum in one of the colleges or schools at Urbana, doing either the first three years or the last year of work in residence, but students whose progress has been interrupted by call to armed services, and who have subsequently (as members of the armed services) taken work which is acceptable by transfer as satisfying the requirements of their curricula, may be considered to have fulfilled the residence requirement if they have had either the junior year or the second semester of the junior year and the first semester of the senior year at the University of Illinois. The Board of Trustees on recommendation of the University Senate has established a Division of Special Services for War Veterans which, in addition to its other services, is authorized to set up special curricula and other programs of instruction to meet special needs of veterans. In order that the Director of the Division may deal effectively with the problem of graduating veterans who can not meet the regular residence requirements without undue hardship, I recommend that he be authorized to waive the residence requirements whenever necessary, in any curriculum leading to a baccalaureate degree.

On motion of Mr. Davis, this authority was granted as recommended.

**AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT**

(2) The following persons are recommended for the Illinois C.P.A. certificate on the basis of having satisfactorily passed an examination given by the Special Board of Examiners:

ARTHUR C. ATLAS  
BURTON T. COOKE  
SAMUEL J. DAMOND  
FRED WILLIAM ECKERT  
LYNN W. FRAYN  
ADAM A. JAHNS  
LOYD C. LARSON  
HENRY MELIN

CONDON H. RONAN  
LOYD C. THURSTON  
PHILIP H. WAIN  
AUGUST H. WERTH  
WILLARD R. WHITNEY  
ROY M. WILKES  
JAMES L. ZIEGLER

The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. Candidates who hold the certificate of Public Accountant in Illinois and who also hold unrevoked C.P.A. certificates issued by other states or territories of the United States (Section 4, a-1):

CHARLES ARMOUR BINDER (Ind.)  
RUSSELL DEAN COMFORT (Ind.)  
DAVID KENNY HARBINSON (Wis.)

JOHN SELBY ODEN (Iowa)  
JAMES C. THOMPSON (Mo.)

2. Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States as a result of passing a written examination (Section 5):

CHARLES WARREN BARTLETT (Ind.)  
JOSEPH ALCIDOS BOULAY (Wis.)  
ROBERT ALLEN BOWEN (N.Y.)  
JOHN FRASER (N.Y.)  
FRANK JOHN FRECH (Ohio)  
CAROL FAIRBANKS HALL (N.Y.)  
SAMUEL KANARVOGEL (N.Y.)  
RAYMOND ALBERT KUNTZ (Wis.)  
SAMUEL DAVID LEIDESDORF (N.Y.)

DAVID JACK LONDON (N.Y.)  
CHARLES DEMOTTE MCDANIEL (Ind.)  
GEORGE ALEXANDER PAYNE (Mich.)  
JAMES SCHWARTZ SCHINDLER (Wash.)  
OLIVER WILLIAM SEIFERT (Ohio)  
RAYMOND E. O. SLATER (Mo.)  
JAMES ERNEST STEAD (Kans.)  
HAROLD LEO VANDENBERG (Wis.)  
WALTER ERNST VATER (Tex.)

TOM ELLIS BUTZ (Ind.)

HARRY EPSTEIN (Mo.)

HENRY GEORGE GREENFIELD (N.Y.)

BARENT TREMAIN HARDER (N.Y.)

SAMUEL JOSEPH JACOBSON (N.Y.)

MURRAY HENRY LEVY (N.Y.)

CHARLES HERMAN PLATE (Ind.)

3. Candidates who have qualified for the C.P.A. certificate under Section 4 (b) by offering proof that they have held the Illinois Public Accountant certificate for a period of ten years and that they have practiced public accounting in Illinois for ten years. These candidates have passed the oral examination given by the Special Board of Five Examiners:

EDWARD J. QUINN

CHARLES H. KEUPER

I concur.

On motion of Dr. Meyer, these certificates were awarded as recommended.

#### RE-EXAMINATION OF CANDIDATES FOR CERTIFICATE OF CERTIFIED PUBLIC ACCOUNTANT

(3) The Committee on Accountancy recommends the adoption of the following rule to govern the re-examination of candidates under Section 4 (b) of the Accountancy Act of 1943. This is to supplement other recommendations previously adopted from time to time for the administration of the Act:

"Rule 34(a)—A Candidate who fails the examination given by the Special Board of Examiners under Section 4, Paragraph (b) of the Act shall be entitled to a re-examination after the lapse of six months from the date of his failure. A fee of twenty-five (\$25.00) dollars shall be paid for such re-examination."

Candidates seeking the C.P.A. certificate under this Section of the Act, on making the proper showing that they have held the Illinois Public Accountant certificate for a period of ten years and have been engaged in the practice of public accounting for a period of ten years, are eligible to take an oral or written examination given by the Special Board of Five Examiners. If they are successful in this examination, they are recommended to the Board of Trustees for the C.P.A. certificate.

On motion of Dr. Meyer, this rule was adopted as recommended.

#### APPROPRIATION FOR SHORT COURSE IN OCCUPATIONAL THERAPY

(4) On June 22, 1944 (Minutes, page 1000), the Board of Trustees authorized the offering of a special program of training in Occupational Therapy requested by the Surgeon General of the United States Army. Candidates for this program of training were selected by the Army and sent to the University for training. Two months of instruction were given at Urbana starting July 5, 1944, and two months are given at the University in Chicago.

The War Department has requested that this course be repeated beginning about November 1, and a contract has been entered into accordingly. The War Department pays all costs of this program. These payments go into the General Reserve Fund, and it is necessary that an appropriation be made from that fund to cover the costs and other expenses. I recommend that an appropriation of \$2,500 be made for this purpose.

On motion of Mr. Fornof, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker, Dr. Luken, Mr. Nickell.

#### APPROPRIATION FOR WAGE ADJUSTMENTS

(5) The following wage adjustments are now in order under the policy of the Board as a result of increases in prevailing rates established in the Urbana-Champaign community:

*Carpenters* (effective September 1, 1944):

Basic rate of \$1.44 an hour in place of \$1.37½, subject to reduction to \$1.33 (instead of \$1.27) if vacation and sick leave benefits are elected.

*Painters (effective October 1, 1944):*

Full-time employees: \$1.20 an hour instead of \$1.15;

Extra employees: \$1.30 an hour instead of \$1.25.

Wage increases for these employees were anticipated in the budget estimate of the Physical Plant Department for the biennium beginning July 1, 1945. A special non-recurring appropriation to the Department of \$2,823 is needed to cover the added cost for the remainder of the current year.

I recommend that such an appropriation be made from the General Reserve Fund.

On motion of Mr. Jensen, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker, Dr. Luken, Mr. Nickell.

**PURCHASES AUTHORIZED**

(6) The following is a report of purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency items:

1. Forty-four heifers (22,000 lbs.); forty-seven steers (24,040 lbs.). This request was made by the College of Agriculture for the Wright farms, and the order was placed with the Chicago Producers Commission Association at a total cost to the University of \$2,675.42. This price was based as follows:

44 heifers (22,000 lbs.) @ \$11.00 cwt.....	\$2 420 00
47 steers (24,040 lbs.) @ 12.00 cwt.....	2 884 80
Commission .....	46 04
	<u>\$5 350 84</u>
One-half paid by tenant.....	<u>-2 675 42</u>
<i>Total University share.....</i>	<i>\$2 675 42</i>

This is a non-competitive item, the price being determined by the market. The Chicago Producers Commission Association was instructed by the College of Agriculture with respect to the selection of suitable animals. Emergency action was necessary because the animals were available for immediate acceptance only.

2. One thousand grams dl-threonine, requested by the Chemistry Department in connection with research in amino acids being carried on by Dr. Rose, from Merck and Company, Inc., Rahway, New Jersey, at a total cost of \$1,000. This is a non-competitive item as the material is available only at Merck and Company in the quantities required. Emergency action was necessary because the material was available for immediate acceptance only.

3. 1,300 tons screenings coal, requested by the Physical Plant Department for use at Abbott Power Plant during October, 1944, from Taylor-English Coal Company, Danville, Illinois, the lowest bidder, at a total cost of approximately \$3,380. This price is based on a cost of \$2.00 a ton f.o.b. mine, or approximately \$2,600, plus \$780 freight (total cost, \$3,380). Emergency action was necessary because this quotation was subject to immediate acceptance.

4. Air conditioning system complete with motor, condensing unit, cooler, accessory service lines, control equipment, booster heater, fan, air filter, and humidifier—all delivered and installed—from Kroeschell Engineering Co., at a total cost of \$2,782. This request was made by the College of Medicine and the Graduate School for use in connection with the Keeton-Cole-Mitchell Convalescence Project, a part of the Atmospheric Environment Research program. This firm installed the original equipment to which this unit is to be added. The price was reasonable, and the Physical Plant Department and the cooperating departments concurred in this recommendation. Emergency action was necessary because five to six weeks would be required to complete this installation. It was essential that emergency action be taken both on the purchase and priority applications for this equipment if these important studies were to be completed within the time allotted.

This report was received for record.

**CONTRACTS EXECUTED BY THE COMPTROLLER  
SEPTEMBER 22 TO OCTOBER 20, 1944**

**EXECUTIVE SESSION**

The Board in executive session continued its consideration of matters presented by the President of the University.

**APPROPRIATION TO LIBRARY FOR PURCHASE OF RARE BOOKS**

(8) A recommendation from the Director of the Library that an appropriation of \$75,000 be made to the University Library for the purchase of rare and unusual books. The Library has an opportunity to purchase some unusual items of early English works at low prices.

For the present time I recommend an assignment of \$25,000, in view of the other possible demands upon the University's reserve fund. (The Library could use to advantage several times this amount, but such additional requests will be deferred for later consideration.)

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker, Dr. Luken, Mr. Nickell.

**PURCHASE OF ADDITIONAL PROPERTY ON  
CALIFORNIA AVENUE**

(9) The Director of the Physical Plant Department recommends the purchase of a property at 1209 West California Avenue, Urbana, at a price of \$21,000. This property is in the area in which the Board has approved the policy of making acquisitions. It consists of 50-foot frontage on California Avenue and 157-foot depth, immediately in the rear of property previously acquired from the Congregational Church at the corner of California and Mathews. It is occupied by a one-story brick building, consisting of mercantile units. Independent appraisers of this property indicate that the proposed price is reasonable. The Comptroller concurs in the recommendation.

I also concur and recommend an appropriation of \$3,500 from the General Reserve Fund to cover this purchase, including miscellaneous expense in closing the transaction. The remaining \$18,000 is to be provided from a balance carried forward July 1, 1944.

On motion of Mr. McKelvey, this purchase was authorized, and the appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Mr. Mc-

Kelvey, Dr. Meyer; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker, Dr. Luken, Mr. Nickell.

#### COMPENSATION FOR UNIVERSITY SERVICE TO VETERANS

(10) Under the provisions of the federal Servicemen's Readjustment Act of 1944, approved June 22, 1944 (commonly known as the G. I. Benefit Law), payments to educational institutions may be made by the Veterans Administration for tuition and other fees and for books and other supplies for veterans enrolled in such institutions. Advice has now been received from the Veterans Administration under date of September 11, 1944, indicating the basis on which such charges may be made by a public institution:

I. Charges for tuition and other regular fees, those customarily made to non-resident students. Under this head it appears that the following fees may be included: matriculation fee; tuition fee; hospital and medical service fee; laboratory, library, and supply fee; late registration fee; change fee; graduation fee; Illini Union service charge.

II. Charges for books, supplies, equipment, and other necessary expenses based on the actual cost of such items furnished each veteran.

The total charges on account of any one person during "an ordinary school year" (two semesters) shall not exceed \$500.

Under the provisions of an act of the General Assembly approved May 27, 1943, such persons may secure scholarships in the University of Illinois entitling them to exemption from tuition and matriculation charges for not more than four years. The benefits of the Servicemen's Readjustment Act are available for the period equal to their length of military service but not exceeding four years. The veterans now returning in many instances can not secure benefits for the time necessary for them to complete their University work. Such persons could use the state scholarship to supplement the period covered by federal aid.

In certain Chicago divisions the total charges for fees on a non-resident basis plus the cost of required books, instruments, and supplies would exceed \$500 an academic year. It is felt that in those instances the University should absorb the excess cost and not charge such excess cost to the veteran.

After a thorough discussion of this matter with the officers concerned, I recommend:

1. That the account of each veteran student entitled to educational benefits from the Veterans Administration be charged with (a) all fees customarily charged to non-resident students in the division in which he is registered, and (b) the actual cost of books, supplies, equipment, and other expenses indicated by the proper University officers as necessary for the pursuance of his instruction.

2. That bills for such charges be rendered to the Veterans Administration in accordance with its rules.

3. That (a) if in any instance the charge against the account of any student exceeds the legal maximum of \$500 for two semesters, the amount received be first applied to reimbursement for the cost of books and other materials (see Item II, above) and the remainder to fee income, and (b) if the total cost for books and other materials exceeds \$500 the excess be borne by the University.

The Comptroller discussed this matter.

On motion of Mr. Davis, these recommendations were adopted.

#### APPLICATION OF UNDERGRADUATE SCHOLARSHIPS TO EXTENSION COURSES

(11) On December 15, 1934 (Minutes, page 79), the Board of Trustees took the following action:

"No scholarships, whether created by statute or otherwise, shall be accepted by the University in behalf of persons registered or who desire to register in correspondence courses so as to relieve them from the obligation to pay in cash the fees and charges fixed for correspondence instruction, since the various statutes providing for scholarships contemplate study in residence, as distinguished from correspondence instruction, and it was the intent of the Board of Trustees when this extension work was authorized that it be as nearly as possible self-supporting, and fees were fixed on that basis."

This originally applied to County Scholarships and to General Assembly Scholarships which were created by law, and to Scholarships in Agriculture and Home Economics which were created by the Board of Trustees. Since then the General Assembly has created Military Scholarships for veterans of World War II.

In the opinion of Dean Albert J. Harno of the College of Law and Legal Counsel, the action of the Board is not tenable under the law. In his judgment the exemption from fees provided in the law, and particularly the act creating Military Scholarships, applies to extension work, including both correspondence and extramural courses. This position is made clear by the following language of the law:

"Any University scholarship issued under the provisions of this Act shall exempt the holder from the payment of tuition, or any matriculation, term, or incidental fee whatsoever, except for purchase of laboratory supplies and similar fees for supplies and materials. . . ." Ill. Rev. Stats. (1943) Chap. 122, Sec. 201.

I recommend that the Board reconsider its action of December 15, 1934, and extend the benefits of all scholarships created by law or by the Board of Trustees to extension courses, including both correspondence and extramural instruction.

On motion of Mr. Davis, the action of December 15, 1934, was reconsidered.

On motion of Mr. Davis, the recommendation extending the benefits of scholarships was approved and adopted.

#### **LIGHT HORSE WORK AT THE UNIVERSITY OF ILLINOIS**

(12) The College of Agriculture and the Agricultural Experiment Station through the years of their existence have consistently worked with one breed of horses—Percheron. With the development of powered agricultural implements interest in heavy horses has declined, but there has been a growing interest in saddle and light harness horses. For several years various agricultural interests have been urging the Department of Animal Husbandry to begin work with light horses.

It has been suggested that part of the funds received by the State of Illinois from horse racing be ear-marked for work at the University in light horse production and related fields. Since this revenue is derived from the activities of light horses, it would seem logical that some of it should be used in the development of other uses for light horses.

The Dean of the College of Agriculture and Director of the Agricultural Experiment Station recommends that the Board of Trustees approve the introduction of legislation in the next General Assembly of Illinois to provide for the payment into the "University Income Fund" (which is the general income fund of the University) of \$190,000 for the biennium ending June 30, 1947, and for each biennium thereafter the sum of \$80,000, to be expended by the University to promote the breeding and use of better horses by providing instruction in equitation, breeding, feeding, judging, and management, and by establishing and maintaining a riding stable and breeding farm at the University where research and demonstration work shall be carried on. While the present Stock Pavilion can be used a part of the time for riding instruction (Animal Husbandry and Dairy Husbandry classes prevent its being used at all hours) and the military stables may be available for use, it would be desirable to construct a new riding hall and stables. If this is included in the program, the appropriation for the biennium 1945-1947 would have to be larger.

I recommend that this be approved.

After discussion, on motion of Dr. Meyer this recommendation was approved.

#### **BIENNIAL BUDGET FOR OPERATION, 1945-1947**

(13) I present the biennial budget for operation of the University for the two years beginning July 1, 1945, covering all funds for which appropriations must be made by the General Assembly. This estimate is submitted as the proposed basis for the budget to be filed with the Department of Finance by November 1, 1944, as required by law.

The budget for 1945-1947 will be one of the most important in the history of the University. At no time has the University been faced with a situation presenting so many problems of such a diverse and complex nature. Only if these problems are faced with courage and progressiveness can the University hope to meet its responsibility to the State, the nation, and especially to the host of returning veterans who will enroll in the University, as well as to hold its place among the nation's leading educational and scientific institutions.

The fundamental policies for the preparation of this budget are found in "General Principles for the Preparation of Estimates for the 1945-1947 Biennial Budget as approved by the University Council," a copy of which is attached to this memorandum. The subjects with which the budget must deal may be summarized under the following heads:

1. Funds required for additions to staff, operating expenses, and equipment to provide for the certain increase in enrollment, including services to veterans; restoration of salaries of staff members now on leave without pay; and increase in Retirement System costs. Preliminary estimates for the first semester of this year were for 5,300 students, including Army and Navy trainees; actual registration at this date is 8,083, thus indicating that enrollment is increasing more rapidly than had been expected.

2. Of equal importance is an increase in academic salaries, which have not kept pace with compensation of other groups on the staff, and for such further salary and wage adjustments of nonacademic employees as may be appropriate and essential.

3. Additions to and replacements of equipment to make up for lack of such items in recent years, and to secure advantage of new developments during the war period.

4. Improvement and expansion of various programs, and the introduction of such new programs as are found to be important to inaugurate at this time. This last item represents more than half of the proposed biennial budget increase. For more than a year, a special faculty committee on "Future University Programs" has been studying our educational and research activities in all areas. In this study, the Committee has spent many months reviewing and weighing past, present, and projected programs in all divisions of the institution. There has never before been such a comprehensive survey of these matters as presented in the report of this Committee, which has become the basis for these requests to improve, expand, and inaugurate programs in many areas.

The budget as presented herewith is the result of estimates of department heads, deans, and directors, a critical analysis of these estimates by the Advisory Committee to the Bureau of Institutional Research, and review by the University Council. It represents a reduction of \$3,926,788 in the total sum requested by various departments.

For the current biennium the total State appropriation to the University for operation was \$20,103,646, of which \$15,281,924 comes from tax revenues, the remainder being from University income which is deposited in the State treasury, and therefore must be appropriated by the General Assembly before it is available for use. The proposed budget would require total appropriations of \$30,583,093, of which \$24,262,831 would have to come from tax revenues.

Through successive biennial periods, ever since a reduced scale of appropriations was established in 1933, the University's biennial requests have been materially reduced, and not until the current biennium did the University receive an appropriation which adequately took care of its needs. Thus there is a vast back-log of accumulated and deferred needs which call for attention now, and if these could have been taken care of in each biennium we would not have to ask for such a large increase at this time.

It is my judgment that we should present this budget to the State administration with the facts and conditions relating to it, in order to make it plain to the administration just what is really necessary to place the University in a first class position financially to meet its responsibility and the demands upon it. I realize fully that the requested increases are very large, but so are the demands on the University as it faces the post-war world. This is the last biennial budget for which I will be responsible, and I feel it is my duty to advise the

Board of what I believe are the essential needs of the University of Illinois in meeting its obligations to the State of Illinois.

To that end, I recommend that the budget based on the reduced estimates as reviewed and presented by the Council be approved as the basis for filing with the Department of Finance, in the form required by the Department.

<sup>1</sup>Allowing for increased income in student fees and other sundry adjustments. This increase in state appropriations is the sum required to cover the increases in the operating budget shown in previous schedules.

The Comptroller commented on the details of the proposed budget.

On motion of Mr. Davis, this budget (with the exception of an item of \$50,000 for undergraduate scholarships) was approved as the tentative biennial budget for submission to the State Department of Finance.

## REPORT OF FINANCE COMMITTEE

Mr. Davis, for the Finance Committee, presented the following report.

On recommendation of investment counsel, the Trust Department of the First National Bank of Chicago, the Finance Committee has authorized the purchase of the following items as temporary investments of surplus cash of our Student Loan Funds:

Oregon Short Line Railroad Consolidated first 5's due July 1, 1946, at approximately 106½.

Oregon Short Line Railroad Consolidated first guaranteed 5's due July 1, 1946, at approximately 106½.

Canadian Northern Railway Debenture 6½'s due July 1, 1946, at approximately 109.

O. M. KARRAKER, *Chairman*  
CHESTER R. DAVIS  
FRANK H. MCKELVEY

On motion of Mr. Davis, the action of the Finance Committee in authorizing these investments was approved and confirmed.

## MEETING OF THE EXECUTIVE COMMITTEE

NOVEMBER 2, 1944

The Executive Committee of the Board of Trustees of the University of Illinois met at the University Club, 76 East Monroe Street, Chicago, at 12:30 p.m. on Thursday, November 2, 1944. All the members of the Committee were present: Mr. Livingston, Chairman, Mr. Davis, and Mr. Jensen; also President Willard and Mr. Cunningham, Secretary.

### MATTERS PRESENTED BY PRESIDENT WILLARD

The Executive Committee considered the following matters presented by the President of the University.

#### EMPLOYMENT OF ATTORNEY

(1) At its meeting on September 29, 1944 (Minutes, page 225), the Board authorized certain provisions for legal services, with Dean Albert J. Harno of the College of Law designated to serve as Legal Counsel. He has requested authority to employ attorneys to represent the University in two cases which will involve appearances in court—one the claim of Verne Scott for compensation, before the Circuit Court, and the other, proceedings involved in the purchase of the Gallivan property.

See attached memorandum from Dean Harno on the employment of a special attorney.

On motion of Mr. Jensen, it was voted to be the opinion of the Executive Committee that the Board contemplated, in its action of September 29, 1944, that the legal business of the University should be handled as far as possible by the Legal Counsel of the University, with such assistance as he may require from the faculty of the College of Law; if for any reason this is not practicable in the cases of Verne E. Scott and the purchase of the Gallivan tract, the services of Chapman and Cutler may be employed in these cases.

#### ASSESSMENT OF PERSONAL PROPERTY TAXES

(2) A request from the Comptroller for instructions with respect to his procedure concerning the assessment of personal property taxes for 1943 against the University on account of the Illini Union Book Store, Illini Union Building, Men's Residence Halls, and Illini Hall.

The President was requested to discuss this matter with Dean Harno.

#### LEAVE OF ABSENCE FOR PROFESSOR FREDERICK S. RODKEY

(3) Professor Frederick S. Rodkey of the Department of History received a commission as Captain in the Army of the United States in June, 1943, and was immediately called into active service. The University granted him a leave of absence, without pay, beginning September 1, 1943, on indefinite tenure. Captain Rodkey was returned to inactive status as a reserve officer as of August 25, 1944.

Under the policy adopted by the Board of Trustees, staff members who are on indefinite tenure are eligible for leaves of absence for the duration of the war or until honorably discharged from the service. Their positions are held open for them and they may resume such positions on satisfying the President of the University of their physical ability to discharge the duties of the positions.

Professor Rodkey is prepared to return to the University service and could probably pass a physical examination. However, he has been under a nervous strain, is badly in need of rest, and in the opinion of the Head of the Department of History, in which the Dean of the College of Liberal Arts and Sciences concurs, should not be given a teaching assignment. They are convinced that in time he will be fully competent to discharge his former University duties. They therefore recommend that he be given a year's leave of absence beginning Sep-

tember 1, 1944, on one-half pay. This is a departure from the rules of the Board of Trustees under which Professor Rodkey is eligible to receive a disability leave *with full pay* for a period not to exceed one-half of his appointment year—but the total amount of salary to be paid by the University would be the same in either case—after which, if his disability continues, he would be entitled to receive benefits amounting to one-half pay from the University Retirement System of Illinois.

Professor Rodkey has been a member of the faculty since September 1, 1929. His present salary is \$4400 a year.

It seems to me that the solution of the problem recommended by the Head of the Department of History and the Dean is equitable and in the best interests of the University. I therefore concur in the recommendation that Professor Rodkey be given a leave of absence on one-half pay for one year from September 1, 1944.

On consideration of the recommendation of the Head of the Department and the Dean, as presented through the President, since it appears that Professor Rodkey is not now in position to resume his teaching duties because of the effects of his military service, the case is to be referred to Dr. Beard and such specialists as he may deem necessary, and the President of the University was authorized to continue Professor Rodkey on full pay for not to exceed one-half the appointive year. It was the opinion of the Executive Committee that a policy should be formulated and adopted to provide for the restoration of all such members of the staff on full pay for one-half the appointive year, during which time they should take such refresher courses or other treatment as may be considered necessary before assignment to teaching duties.

#### APPROPRIATION FOR ARCHITECTURAL STUDIES

(4) The University faces a serious problem in providing acceptable housing facilities for students after the war. The University's post-war building program as recommended to the Illinois State Post-War Planning Commission includes \$3,000,000 for additional residence halls for men and women students, of which \$1,500,000 is included in the program for the first biennium. With the need already apparent for additional residence halls and the high priority in the building program for this project, the possibility of obtaining funds for the construction of additional residence halls would seem to be good. In view of this, the Director of the Physical Plant Department has suggested that an appropriation of \$46,000 be made for completing plans and specifications on the residence halls which will be constructed during the first biennium following the war, if the University's post-war building program materializes. Such a procedure would save approximately six months in making the facilities available.

The Board of Trustees has previously (Minutes, August 31, 1943, page 711; July 18, 1944, page 197) made appropriations of \$40,000 for architectural studies of various buildings at Urbana. There is an unexpended balance, free of encumbrances, of approximately \$8,000 in these appropriations which could be used for completing plans and specifications for the residence halls. I therefore recommend that an appropriation of \$40,000 be made from the General Reserve Fund for these and other architectural studies.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Mr. Jensen. It was the judgment of the Executive Committee that no outside architects should be retained except on recommendation of the President of the University and specific authorization of the Board.

The Executive Committee adjourned.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**November 30, 1944**

**With Executive Committee Meeting of  
December 12, 1944**

The November meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 10 o'clock a.m. on Thursday, November 30, 1944.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. McKelvey, Mr. Nickell.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and, during the open session, Mr. J. F. Wright, Director of Public Information.

**MINUTES APPROVED**

The Secretary presented the minutes of the meetings of September 29, 1944, and October 24, 1944, and, for record, of the Executive Committee of November 2, 1944.

On motion of Mr. Jensen, the minutes of the meetings of September 29, 1944, and October 24, 1944, were approved, as printed on pages 203 to 288 above; and the minutes of the meeting of the Executive Committee of November 2, 1944, were received for record as printed on pages 289-290 above.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered, in executive session, the following matters presented by the President of the University.

**SERVICES OF PROFESSOR H. M. GRAY ON SIXTH REGIONAL WAR LABOR BOARD**

(1) The Board of Trustees has authorized Dr. H. M. Gray, Professor of Economics and Assistant Dean of the Graduate School, to serve as one of four public representatives on the Regional War Labor Board in Chicago. This service requires about two days a week and is performed by Professor Gray in addition to his University duties. He was also authorized to accept a per diem compensation for his services. This arrangement was authorized with the understanding that it would be reviewed July 1, 1944. At that time it appeared that Professor Gray would be no longer serving in that capacity and therefore no request was made for renewal of this authorization. He has recently been asked to continue serving on the Sixth Regional War Labor Board and asks that the original authorization be extended until September 1, 1945.

On motion of Mr. Davis, this authorization was extended to September 1, 1945, as requested.

**OFFER OF PAINTINGS BY MR. AND MRS. MERLE J. TREES**

(2) On November 29, 1937, Mr. and Mrs. Merle J. Trees offered the University of Illinois, through the University of Illinois Foundation, a collection of oil paintings to be known as the "Emily Nichols Trees (Class of 1905) and Merle Jay Trees (Class of 1907) Collection," which when completed would have an approximate value of \$100,000. This offer and the conditions under which it was made was accepted by the Executive Committee of the Board on December 18, 1937 (Minutes, page 587), pursuant to specific authorization to that Committee to act for the Board on this matter. The plan as presented by Mr. and Mrs. Trees and approved by the Board contemplated annual gifts of one or more paintings for this collection. To date the value of the collection exceeds \$123,000.

Mr. and Mrs. Trees now offer as this year's contribution to the collection two additional paintings: John Singleton Copley's "Portrait of Squire Hyde of Hyde," appraised at \$13,000; and Moretto da Brescia's "Portrait of Marco Foscari da Venezia," appraised at \$5,500. The appraisals have been made by the Art Institute of Chicago. I present herewith the letter from Mr. and Mrs. Trees, dated October 5, 1944, to the University of Illinois Foundation making this formal offer. It has been accepted by the Foundation which now offers the pictures to the Board of Trustees of the University of Illinois.

On motion of Mrs. Grigsby, this generous gift was accepted with thanks. Mr. Davis requested to be recorded as not voting, stating that he did not approve of the Foundation's attitude in earmarking general funds for specific purposes.

**RECOMMENDATIONS RELATING TO PATENTABLE DISCOVERIES**

(3) The Faculty Committee on Patents has submitted the following reports and recommendations relating to patentable discoveries by members of the University staff:

1. *Smokeless Furnace Device*.—Developed by Julian R. Fellows, Associate Professor, and J. C. Miles, Associate, in the Department of Mechanical Engineering.

The patent (No. 2,295,781) on this has been assigned by the Board of Trustees of the University of Illinois to the University of Illinois Foundation for commercial development. The patent covers the down-draft coking principle of combustion applicable to all types of hand-fired heating appliances. In the original patent it is specified that the air proportions in the furnace are to remain constant and the combustion rate is to be controlled by the control of the draft only. In actual operation it has been found, however, that in putting this principle into practice it is impossible to obtain the range of combustion

rates necessary. The combustion rate varies, and in mild weather, if the draft is greatly reduced to eliminate overheating, the flow of primary coking air at times becomes so greatly reduced that the flames are extinguished, oxygen accumulates, gases liberated from the coking coal become ignited, and a slight explosion or puff occurs, similar to the phenomenon which occurs when a hand is placed over a kerosene lamp.

Experiments have demonstrated that the furnace may be controlled by the addition of a damper on the coking air inlet to shut off the coking air entirely when there is no demand for heat, and the addition of a second damper on the orifice which admits the primary under-grade air to the ashpit. The two dampers can be operated simultaneously by a suitable chain arrangement, or a single damper can be used on one properly designed inlet box, connected by suitable ducts to the coking chamber and the chamber below the grates.

This matter has been submitted to Mr. Charles J. Merriam, patent counsel, and after careful study he has advised that it will be necessary to prepare and file two additional applications covering the one-damper and two-damper control schemes.

The third control scheme has been developed by the Chief Engineer of the Lennox Furnace Company, licensee of the University of Illinois Foundation under this patent. This arrangement is called a centralized air control and includes a special inlet box equipped with a special damper. This development is covered by a clause in the licensing contract, under which the Chief Engineer will apply for a patent, to be assigned to the University of Illinois Foundation, which holds the patent, with shop rights or right to use retained by the Lennox Company. Under the licensing contract the Foundation is required to pay the expense of procuring the patent.

The Committee recommends to the Board of Trustees that applications for patents be made on the three discoveries. The University of Illinois Foundation has adopted a resolution requesting the University to apply for patents on these three discoveries, and suggesting that if and when the patents are obtained they be turned over to the Foundation for whatever marketable value they have.

2. *Method of Making Glass Objects.*—Dr. W. M. Langdon, Assistant Professor of Chemical Engineering, has developed a novel but simple method of making certain specific glass objects by which glass may be molded at low temperatures. The method appears to have little commercial value as it would be used purely for laboratory purposes. Professor William C. Rose, Acting Head of the Department of Chemistry, doubts that the University would recover from it the cost of procuring a patent.

The Committee recommends that this discovery be released to the discoverer.

3. *Ordnance Devices.*—Certain discoveries of munitions devices have been developed during research work under contracts with the National Defense Research Committee of the Office of Scientific Research and Development. These discoveries are described in a memorandum endorsed "Patents 3 and 4" over the signature of the Secretary of the Board.

It is recommended that all but one of these discoveries be released to the Government of the United States of America, and that the Board exercise its right to apply for a patent on the one not released, with of course a royalty-free license to the Government.

I concur in these recommendations.

On motion of Mr. Nickell, the Board concurred in these recommendations.

#### ADMINISTRATION OF KENDRIC C. BABCOCK FELLOWSHIPS

(4) On May 21, 1931 (Minutes, page 235), the late Kendric C. Babcock, formerly Dean of the College of Liberal Arts and Sciences of the University, made a gift to the University for the support of research, fellowships, and publications in the field of history and political science. The gift provided that the income was to be paid to sisters of the donor during their lives. The last of these beneficiaries recently passed away and it is now desirable to provide for the administration of the fund.

Section III of the deed of gift reads as follows:

"To devote the income from the principal fund, as the payments to me and to my sisters come to an end, to the support of research, fellowships, and publications in such a manner as the Board may think advisable in the general field of history and political science, under the direction of the Dean of the Graduate School of the University of Illinois, or some similar and competent officer designated by the Board of Trustees of the University of Illinois. The Board will, in so far as practicable, establish group fellowships of approximately \$1,000 each, to be awarded to candidates who are beyond their second year of graduate work. The Board may, in its discretion, accumulate the income from the principal fund of approximately \$50,000 for periods not to exceed three years for the purpose of undertaking special enterprises involving substantial outlays larger than the ordinary Graduate School undertakings."

The net amount realized from the gift was \$41,621.61. The balance in the income account at June 30, 1944, was \$1,633.16, and the annual income of the fund at the present rate of return is approximately \$1,450.

The matter has been considered by the Dean of the Graduate School in consultation with the heads of the Departments of History and Political Science. Based on their recommendations and those of the Comptroller, the following plan for the administration of these fellowships is recommended:

1. That appointments be made either to a third-year fellowship (in the case of a candidate for the doctorate) or to a post-doctoral fellowship, the actual type of appointment to be determined each year by a consideration of available and suitable appointees with reference to the question of the wisest use of the funds.

2. That the stipendium be set at \$900 for the third-year fellowship and at \$1,200 for the post-doctoral fellowship.

3. That the unexpended part of the income be each year added to the principal until that principal is brought to a total of \$50,000.

4. That the Heads of the Departments of History and Political Science, together with such colleagues as they may wish to consult, make recommendation to the Graduate School concerning the appointee, with the understanding that the best candidate available will be presented without regard to the question whether one of the Departments more frequently has the appointee than the other. The recommendation so formulated will come to the Executive Faculty of the Graduate School for consideration in accordance with the usual plans for appointment of fellows. In case the appointee is to be a third-year fellow, the analysis of the appointment should be made by the Executive Faculty in accordance with the customary procedure for such appointment. In case the appointee is to be a post-doctoral fellow, the procedure of the Executive Faculty should be in accordance with whatever plans may be developed in the future for handling such fellowships, whether they are the same as the plans for pre-doctoral appointments or not. The action of the Executive Faculty of the Graduate School would be in the form of a recommendation to the President for the appointment, this being the case now with other graduate fellowships. It is understood that there is no obligation on the Graduate School to recommend an appointment in any particular year if no highly promising candidate is available.

I recommend approval of this plan of procedure.

Mr. Morey presented this recommendation.

On motion of Mr. Fornof, this plan of procedure was adopted as recommended.

#### H. H. FERGUSON ESTATE

(5) The University is the residuary legatee under the will of H. H. Ferguson, of Alton, Illinois.

An issue has recently arisen over local taxes assessed against the estate. Mr. Karl K. Hoagland, of the firm of Green and Hoagland of Alton, Illinois, counsellors for the executors of the estate, has written Dean Albert J. Harno reporting the outcome of negotiations with the Board of Review of Madison County which have resulted in a substantial saving. The immediate party concerned is the executor of the estate, but the University as residuary devisee is also concerned in having the corpus of the estate preserved. In the opinion of

Dean Harno, Mr. Hoagland has secured an advantageous settlement, and he recommends that we indicate our approval of the same.

The Comptroller presented this item.

On motion of Mr. Davis, this settlement was approved.

#### ASSESSMENT OF UNIVERSITY BUILDINGS FOR GENERAL PROPERTY TAXES

(6) The following report has been submitted by Judge Sveinbjorn Johnson, Counsel for the University in the matter of Goodman, Collector v. Board of Trustees, *et al.*, Docket No. 28276, Supreme Court of Illinois, this being litigation of the attempt of Champaign County to assess the Illini Union Building, Men's Residence Hall, Illini Hall, and the Arcade Building for general property taxes. Judge Johnson was authorized by the Board to represent the University in this matter.

Urbana, Illinois

November 27, 1944

*Report in re: Goodman, Collector v. Board of Trustees, et al.*  
*Docket No. 28276, Supreme Court of Illinois*

In October 1943 the Collector of Champaign County applied to the County Judge for leave to sell the Union Building, the Men's Residence Hall, Illini Hall and the Arcade properties for taxes for the year 1942, alleged to be due, delinquent and unpaid. I filed objections in behalf of the University and the University of Illinois Foundation, the latter the nominal owner. I made repeated efforts to have the case set for an early hearing, but the State's attorney asked for postponements, which were granted. Eventually the case was submitted and the County Judge entered an order refusing leave to sell, sustaining in all things our contentions.

After September 1, 1944, Champaign County perfected its appeal to the Supreme Court from the decision of the County Court, prepared and served an abstract of the record as well as printed briefs. I checked the abstract against the testimony and Exhibits, examined the brief for the County and prepared, printed and filed a brief for the Objectors in time to get the case on the calendar of the Supreme Court for the September term.

The case involved four properties, no two of them having the same history, and each, therefore, potentially raising questions of law peculiar to itself. I urged exemption from taxation on any one or all of the following grounds:

1. The properties belonged to the State, notwithstanding the legal title was in the Foundation;

2. The properties were in any event used for public educational purposes without a view to profit to anyone; and

3. The Foundation, if regarded as the owner, is a charitable, non profit corporation and uses all the properties for public charitable uses without a view to profit. I argued the case orally in the Supreme Court on September 25, 1944.

The Supreme Court, in affirming the decision of the County Court, accepted (2) above and concluded that it was not necessary to decide points (1) or (3), since the lower court must be affirmed in any event on the theory set forth in (2).

The opinion is concise, clearly written and admirably lucid in the statement of facts and the applicable legal rules. The law is now settled that the Board may use the Foundation as a trustee to hold the naked legal title to needed properties without running the risk that they will be subject to local taxation, so long as the Foundation or any of its members derive no profit from the undertaking. The decision also invalidates the taxes levied for the years 1943 and 1944. The total amount at stake in this suit was approximately \$80,000 exclusive of personal taxes.

When I inquired of the State's attorney whether a petition for a rehearing would be filed, he said he had not yet made up his mind. I shall keep in touch with the situation and advise later when the decision has become final, either because a petition for a rehearing is not filed, or, if one be filed, because it has been disposed of by the Court.

The concluding paragraph in the opinion politely but firmly reminds the community of the great benefit it derives from the presence of the University

and says that this should be evident to local tax officials as well as others. In view of the rather persistent attempt on the part of certain officials to tax University properties, this mild rebuke from the highest court in the State is timely and should be effective. In this connection I remind you that local assessors assessed the furniture in the Men's Residence Halls, the Union Building, etc., for 1943 taxes *after* Mr. De Long from the Business Office and I had taken University records to the Board of Review and showed them that the University was and is the sole and exclusive owner and the properties are therefore exempt! I advised against paying these taxes, but the situation should be watched and the University should be prepared to take suitable steps, should an attempt be made to collect them by distraint or otherwise.

SVEINBJORN JOHNSON

On motion of Mr. Jensen, this report was received for record, and Judge Sveinbjorn Johnson was relieved of further responsibility for any legal matters previously assigned to him, and was requested to turn over to Dean Albert J. Harno, Legal Counsel, all things now in his hands pertaining to the legal business of the University.

#### LEGAL SERVICES, INSURANCE, ETC.

At this point, President Livingston requested the Secretary to read the minutes of previous meetings of the Board, from 1940 to date, relating to (a) the status and employment of Judge Sveinbjorn Johnson; (b) the employment of Chapman and Cutler; (c) the employment of Mr. Newton C. Farr; (d) insurance on University buildings and property.

The Comptroller presented a statement showing expenditures for employment of outside legal counsel, in addition to the salary of the regularly appointed University Counsel from 1926 to date; and also a statement of the cost of insurance on University buildings and property from 1940 to date.

After full consideration and discussion of the details of these matters, and on motion of Mr. Jensen, the Board voted without dissent to adopt a resolution (to be drafted later in the day; see page 310) to the effect that, having carefully examined the record, the Board finds nothing therein to justify statements made during the recent election campaign attacking the integrity of members of the Board of Trustees.

#### REPORT ON JUNIOR COLLEGE PROBLEM IN ILLINOIS

(7) The Board of Trustees has requested that a study be made of the junior college problem in Illinois. The Advisory Committee to the Bureau of Institutional Research was asked to make such a study. I submit herewith a "Summary of Facts and Policies Regarding a System of Junior Colleges for the State of Illinois," which has been submitted by Provost Coleman R. Griffith on behalf of the Advisory Committee to the Bureau of Institutional Research.

I recommend that this matter be referred to a Committee of the Board for study. The full report of the Advisory Committee is in preparation and will be available shortly.

On motion of Mr. Jensen, the President of the Board was authorized to appoint a special committee to study this matter in conference with the President of the University and the Provost and to present its recommendations at the December meeting of the Board.

President Livingston appointed the following special committee: Mr. Jensen, Mr. Nickell, Mr. Fornof, Mr. Davis.

**STATUS OF DR. IVAN WRIGHT**

Mr. Nickell stated that he had received numerous communications from Dr. Ivan Wright, formerly Professor of Economics, in which Dr. Wright made claims for deferred compensation due him under the retirement system in effect previous to 1941.

On motion of Mr. Davis, the President of the University was requested to report on this matter.

**COVERING OF DRAINAGE DITCH AT AIRPORT**

(8) Professor Doland, in his report on the progress of construction at the Airport, recommends that the eastern drainage ditch be covered during the winter.

I concur.

On motion of Mr. McKelvey, this work was authorized, and the Executive Committee was authorized to determine whether the cost should be charged to general funds or to the appropriation for improvements at the airport.

**HEALTH AND PHYSICAL EDUCATION BUILDING**

(9) The Athletic Committee of the University of Illinois Alumni Association (R. A. Stipes, Jr., Chairman, Scott C. Greene, and C. E. Lovejoy, Jr.) have requested an opportunity to appear before the Board in support of their plan to request a special legislative appropriation for the construction of a building for Health and Physical Education on the campus of the University. This matter has been given consideration by the Board, and on September 29, 1944, was specifically included in the Post-War Building Program, in the projects for the first biennium (Minutes, page 224).

This hearing was granted. President Livingston introduced Mr. Stipes, Mr. Greene, Mr. Lovejoy, and Senator Everett R. Peters and Representatives Charles W. Clabaugh, Ora D. Dillavou, and Tom M. Garman, all of the Twenty-fourth Senatorial District, and requested Mr. Stipes to take charge of the presentation of their request.

Mr. Stipes spoke at length on the need for a building for Health and Physical Education and the interests it would serve, and called on his associates for their views on the matter. Senator Peters and Representatives Clabaugh, Dillavou, and Garman respectively advised the Board to authorize the request for a special appropriation for this building at the next session of the general assembly, and gave their opinion that this would not endanger the general program of the University, but would assist it by gaining State-wide good will and support for the whole program of the University.

After full discussion, and on motion of Mr. Davis, in consideration of its previous endorsements of the Post-War Building Program, the Board voted unanimously to reindorse the whole general program, including the building for Health and Physical Education.

The Board continued, in open session, its consideration of matters presented by the President of the University.

**AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT**

(10) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. Candidates who hold the certificate of Public Accountant in Illinois and

who also hold unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 4, a-1):

DENVER ATWOOD BUSBY (Iowa)

2. Candidates holding valid and unrevoked C.P.A. certificates issued by other states or territories of the United States as a result of passing written examinations (Section 5):

IRVING JACKSON ANGELL (Mass.)

WILLIAM NEWMAN HINDS (Mich.)

ALDEN HENIG CHRISTIANSON (Ohio)

GEORGE WILLIAM LANDY (N.Y.)

JOHN ARTHUR COOKE (Mass.)

ROBERT M. MCCrackEN (N.H.)

LOWELL CONRAD DOAK (Kans.)

MEL W. WERDEN (Mich.)

GEORGE CARL HABENICHT (Ohio)

I concur.

President Livingston presented a letter he had received protesting against the award of a certificate to one of the candidates recommended.

Professor W. E. Britton, Chairman of the University Committee on Accountancy, who was requested by President Livingston to appear before the Board, made a statement concerning the reasons for the refusal of the committee to withhold recommendation for this candidate.

On motion of Mr. Davis, these certificates were authorized as recommended.

#### MEDICAL ADVISORY COMMITTEE OF THE DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(11) The Board of Trustees has authorized the appointment of a Medical Advisory Committee to the Division of Services for Crippled Children, the function of which is to work with the Superintendent of the Division and the University of Illinois in providing the necessary contacts between the University and all professional interests of the Division concerned with the problem of the physically handicapped child (Minutes, October 21, 1941, pages 677-678; November 27, 1942, page 167). This Committee meets once or twice annually to consider problems which the administration of the Division and the University wish to bring before the group for advice. The Committee serves as a liaison group between the University and the profession and hospitals of the State and thus helps to interpret the work of the Division to the people of the State.

On recommendation of the Director of the Division of Services for Crippled Children, Mr. Lawrence J. Linck, and the Executive Dean of the Chicago Colleges, Dr. Raymond B. Allen, I submit the following nominations for reappointments and new appointments to the Medical Advisory Committee for two years beginning December 1, 1944:

#### *Reappointed Members*

BLACK, ROBERT A., M.D., Pediatrician, Del Prado Hotel, Chicago.

CAMP, HAROLD, M.D., Secretary of State Medical Society, Monmouth.

CARSON, MAUDE, P.H.N., Chief of Division of Public Health Nursing, Illinois Department of Public Health, Springfield.

CLINE, GERALD M., M.D., Pediatrician, Bloomington.

COMPERE, EDWARD L., M.D., Orthopedic Surgeon, Chicago.

CRAWFORD, WOODRUFF L., M.D., Pediatrician, Rockford.

CROSS, ROLAND R., M.D., Director of State Department of Public Health, Springfield.

GREELEY, Lt. Comdr. PAUL W., Plastic Surgeon, United States Naval Hospital, Oakland, California.

HESS, JULIUS H., M.D., Pediatrician, Chicago.

LEWIN, PHILIP, M.D., Orthopedic Surgeon, U. S. Army, Chicago.

NORRIS, FRANK A., M.D., Surgeon, Jacksonville.

OLDBERG, ERIC, M.D., Neurologist and Neurosurgeon, Chicago.

RYERSON, EDWIN W., M.D., Orthopedic Surgeon, Chicago.

*New Appointments*

BRODIE, ALLAN G., D.D.S., Orthodontist, Chicago.  
 CHANDLER, FREMONT A., M.D., Orthopedic Surgeon, Chicago.  
 COOPER, HUGH E., M.D., Orthopedic Surgeon, Peoria.  
 GRADLE, HARRY S., Ophthalmologist, Chicago.  
 HOLINGER, PAUL H., M.D., Broncho-Esophagologist, Chicago.  
 LYONS, LEO M., Superintendent of St. Luke's Hospital, Chicago.  
 MERRIFIELD, FREDERICK W., M.D., Maxillofacial Surgeon, Chicago.  
 NICHOLSON, EDNA, Executive Secretary, Central Service for the Chronically Ill, Chicago.  
 SHAMBAUGH, GEORGE E., JR., M.D., Otolaryngologist, Chicago.  
 SIMON, CLARENCE T., Ph.D., Director, Speech Clinic, Northwestern University, Evanston.

On motion of Mrs. Grigsby, these appointments were made as recommended.

**ADVISORY COMMITTEES, COLLEGE OF AGRICULTURE**

(12) The Dean of the College of Agriculture and Director of the Agricultural Experiment Station recommends the following appointments to Advisory Committees of the College of Agriculture for the year 1944-1945. There are ten committees, one for each department of the College, and a general committee consisting of one member from each of the departmental committees. The total number of appointments is forty-three, of whom five are new (indicated by an asterisk) and the others are reappointments. I concur in the Dean's recommendation.

*Agricultural Economics*

Alvin O. Eckert, Belleville  
 John P. Hanna, Geneseo  
 Fred E. Herndon, Macomb  
 Ernest D. Lawrence, Danvers  
 Henry H. Parke, Genoa

*Agricultural Engineering*

Frank W. Andrew, Palmyra  
 R. B. Endicott, Villa Ridge  
 Royal Oakes, Bluffs  
 \*T. J. Shambaugh, Jr., Oakley  
 Carl E. Swenson, Rockford

*Agronomy (Farm Crops)*

Lawrence L. Lowe, Aroma Park  
 C. B. Shuman, Sullivan

*Agronomy (Soils)*

Roy Burrus, Arenzville  
 W. W. McLaughlin, Decatur  
 W. E. Riegel, Tolono

*Animal Husbandry*

Lyman Bunting, Ellery  
 Arley Hohenboken, Geneseo  
 \*C. E. Johnson, Martinton  
 L. E. Mathers, Mason City  
 \*J. C. McLean, Quincy

*Animal Pathology and Hygiene*

\*Dr. Harry Caldwell, Wheaton  
 Dr. C. E. Dille, Cairo  
 L. J. Drake, Chicago  
 John Harmon, Lebanon  
 Dr. E. A. Jenkins, Shelbyville

*Dairy Husbandry*

F. H. Kullman, Jr., Chicago  
 Albert C. Kolmer, Waterloo  
 W. J. Swayer, Chicago  
 Charles H. Snow, Bloomington  
 Harry Wood, Delavan

*Floriculture*

Rudolph Ellsworth, Downers Grove  
 William G. Loveridge, Peoria

#### APPOINTMENT OF ALIENS TO THE FACULTY

(13) The Dean of the College of Engineering recommends the following appointments to the faculty of non-citizens as an exception to the University's policy because of their special qualifications and the impossibility of securing citizens qualified for these positions:

Mr. MEHMET VEDAT URUL, Research Assistant on one-fourth time in the Engineering Experiment Station (Civil Engineering Testing) for eight months from November 1, 1944, at a salary of \$37.50 a month.

Mr. ALI AKSEL, Research Graduate Assistant on one-half time in the Engineering Experiment Station (Civil Engineering) for eight months from November 1, 1944, at a salary of \$75 a month.

Mr. ORHAN MEHMET BAYCU, Research Graduate Assistant in Civil Engineering, on one-half time, from November 16, 1944, through May 31, 1945, at a salary of \$87.50 a month.

These gentlemen are citizens of Turkey and have come to the University of Illinois for graduate study. On completion of their studies they propose to return to their native country, so that they are not applying for naturalization as citizens of the United States.

It should be noted that these appointments are for definitely limited periods. It is not proposed to recommend foreign students for appointments to such assistantships when American students are available, but at present it is impossible to find such men. Important research programs will be handicapped if these research assistantships are not filled.

I concur in these recommendations.

On motion of Mr. Davis, these appointments were authorized as recommended, on condition of signature of the usual statement in lieu of the oath of allegiance.

#### LEAVE OF ABSENCE FOR DIRECTOR SEWARD C. STALEY

(14) The Special Services Division of the War Department has requested the services of Director Seward C. Staley of the School of Physical Education to head an overseas sports clinic and to assist in the development of a sports program for troops in the overseas theatre of operations. The War Department requests that Director Staley be given a ninety-day leave of absence effective approximately December 15. Director Staley feels he should accept this assignment and if he is given leave he recommends that Assistant Professor C. O. Jackson be made Acting Director of the School of Physical Education during his absence.

I recommend that Director Staley be given a leave of absence without pay for a period of ninety days to become effective when he is called for this special service, and I concur in the recommendation that Professor Jackson be named Acting Director of the School of Physical Education during the Director's absence.

On motion of Mr. Jensen, leave was granted to Director Staley as recommended; the matter of the appointment of an Acting Director of the School of Physical Education during the ninety-day period was referred, with power to act, to the committee on Athletic Activities in conference with the President of the University; and this committee was requested to discuss with the President of the University the matter of uniting the School of Physical Education and intercollegiate athletics under a single head, and report to the Board.

#### LEAVES OF ABSENCE

(15) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves.

J. G. CLARK, Assistant Professor of Civil Engineering, leave without pay from November 1, 1944, to March 1, 1945, so that he may accept employment in the Engineering Department of the Consolidated-Vultee Aircraft Corporation in San Diego, California, to secure experience in the structural design of airplanes.

HAROLD N. HAYWARD, Assistant Professor of Electrical Engineering, leave without pay from November 15, 1944, through August 31, 1945, for service in the Bureau of Ships of the United States Navy. His services have been requested by the Navy Department.

BERNARD G. RICKETTS, Associate in Metallurgical Engineering, leave without pay from November 13, 1944, through August 31, 1945. (U. S. Bureau of Mines Experiment Station, Boulder City, Nevada).

ROBERT G. CANHAM, Assistant in Physiology (College of Medicine), leave without pay from September 1 through December 31, 1944, so that he may perform certain duties and obligations in the College of Dentistry which will take most of his time during this period.

#### *Leaves of Absence for Military Service*

(The leave in each case is without pay.)

RICHARD C. STEPHENS, Farm Laborer in the Department of Dairy Husbandry, from October 7, 1944, through August 31, 1945. (Army)

HILDA KELLERMAYER, Staff Nurse in the Research and Educational Hospitals, from December 1, 1944, through August 31, 1945. (Army Nurse Corps)

JOSEPH FORGACS, Assistant in Plant Pathology (Horticulture), from December 3, 1944, through August 31, 1945. (Army)

On motion of Mr. Jensen, these leaves were granted as recommended.

#### **TUITION FEES FOR EXTRAMURAL COURSES AT CHANUTE FIELD**

(16) Officers at Chanutte Field have requested the University to establish evening courses at that place to meet requests from a large number of the personnel for such courses. The Extension Division is prepared to establish such work. The Board on August 5, 1941 (Minutes, page 421), in connection with the registration of persons from Chanutte for resident work, voted to classify as residents of Illinois any person in active military service stationed within the state.

The regular fee for certain correspondence or extramural extension work is \$5 a semester hour of undergraduate credit. The Director of Extension, the Provost, and the Comptroller recommend that for the proposed work at Chanutte Field the charge be \$2.50 a semester hour of credit.

I concur in this recommendation and request approval.

Mr. Morey commented on this matter.

On motion of Mr. Davis, the President of the University was authorized to offer these courses to officers and enlisted men at Chanutte Field without charge to the extent considered feasible by the administration.

#### **STORM SEWERS AT UNIVERSITY AIRPORT**

(17) The Physical Plant Department on advice of the consulting engineer of the Airport recommends an agreement with Johnson-Greene Company, general contractors at the University Airport for the installation of storm water sewer lines. Specifications are to be similar to those followed in the contracts of this company with the Civil Aeronautics Authority. Work is to be charged on the basis of the following prices, and estimated quantities are shown:

	Unit Price	Total
307'—12" sewer.....	\$ 3 00.....	\$ 921 00
500'—10" sewer.....	2 55.....	1 275 00
210'— 8" sewer.....	2 25.....	472 50
6 manholes.....	150 00.....	900 00
<i>Total Estimated Cost.....</i>		<i>\$3 568 50</i>

The work is chargeable to the \$500,000 special state appropriation for Airport improvements.

The Comptroller requests authority to place an order with the company for this work. I concur and recommend approval.

On motion of Mr. Jensen, this authority was granted.

#### APPROPRIATION TO PHYSICAL PLANT DEPARTMENT

(18) In the preparation of the Physical Plant Department operating budget for the current fiscal year, several activities were discontinued or curtailed to reduce expenditures. One of these curtailments was in the police service on the South Campus and University farms after midnight and on Sundays. The College of Agriculture has requested restoration of this service to stop trespassing and thieving in University orchards and other South Campus areas.

I recommend that a special nonrecurring appropriation of \$3,284 be made from the General Reserve Fund to supplement the Physical Plant Department budget for the current year only for restoration of this police service. The budget for the biennium 1945-1947 as presented to the State Department of Finance provides an increase for Physical Plant operations, and the Department will endeavor to make provisions for this service within whatever allotment of funds is finally made available.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

#### APPROPRIATION FOR MICROSCOPES IN CHICAGO COLLEGES

(19) The Executive Dean of the Chicago Colleges makes a request for an additional appropriation of \$5,500 for the purchase of 50 additional microscopes required for the next incoming classes of the Colleges of Medicine and Dentistry in January, 1945. This is a further extension of the program inaugurated by the Board on October 17, 1942, for which appropriations totaling \$52,000 were made on that date and on May 20, 1943. A balance of \$2,143 remains in these appropriations, and the sum of \$5,500 additional is requested for the additional purchase.

The purchases now proposed are expected to complete the program.

The Comptroller concurs in this recommendation. I also concur and recommend a special appropriation of \$5,500 from the General Reserve Fund.

On motion of Mr. McKelvey, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(20) In accordance with recommendations from the Committee on Special Appropriations and Nonrecurring Expenditures, I recommend appropriations from the General Reserve Fund for the following purposes:

1. Equipment for Business Office (Urbana and Chicago).....	\$ 5 000
2. Special equipment for the College of Engineering.....	4 200
3. Capital additions, remodeling, and equipment in the Chicago Divisions	150 000
4. Temperature control facilities for research on anti-bacterial substances produced by fungi (Horticulture Department).....	27 000
<i>Total</i> .....	<u>\$186 200</u>

On motion of Mr. Nickell, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

**PURCHASES RECOMMENDED**

(21) The Comptroller recommends that the following purchases submitted by the Purchasing Agent be authorized:

1. Standard medical microscopes, complete with cases and mechanical stages, for the Student Supply Store (Chicago), from the A. S. Aloe Company, St. Louis, Missouri: 10 instruments at a total cost of \$1,453.50; 50 instruments (engraved in accordance with instructions) at a total cost of \$7,371.50.

2. One deep-well pump for No. 7 well (200 g.p.m. capacity), for the Physical Plant Department, from the J. P. Miller Artesian Well Company, the lowest bidder, at their price of \$1,171.

3. One Model ML DoAll Contour Machine, for the Physics Department, from the Continental Machines, Inc., Minneapolis, Minnesota, at their price of \$1,769.40.

4. Three thousand grams of dl-threonine from Merck and Company, Inc., Rahway, New Jersey, for the Department of Chemistry (research work on amino acids), at a total cost of approximately \$3,000.

On motion of Mr. Jensen, these purchases were authorized as recommended.

**PURCHASES AUTHORIZED**

(22) The following is a report of purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency items:

1. 1,100 tons screenings coal, for use at Abbott Power Plant during November, 1944, from Taylor-English Coal Company, Danville, Illinois, the lowest bidder, at a total cost of \$2,860.

2. 2,000 grams l(+)-lysine monohydrochloride; 1,000 grams dl-isoleucine;—for the Chemistry Department, for use with research in amino acids being carried on in cooperation with the Nutrition Foundation by Doctor Rose, from Merck and Company, Inc., Rahway, New Jersey, at a total cost of \$1,400.

3. 36,000 pounds  $24\frac{3}{4} \times 37\frac{1}{2}$ —40 pound English finish book paper, from Bradner Smith & Company, Chicago, the lowest bidder, at a cost of approximately \$2,767.05.

4. 1,000 grams dl-threonine  
200 grams dl-alpha-alanine  
500 grams dl-valine  
500 grams dl-isoleucine  
1,000 grams dl-phenylalanine  
500 grams dl-methionine

200 grams dl-aspartic acid  
500 grams l(—)-tyrosine  
2 lbs. l(+)-histidine  
monohydrochloride

for the Chemistry Department, for use with research in amino acids being carried on in cooperation with the Rockefeller Foundation by Dr. Rose, from Merck and Company, Inc., Rahway, New Jersey, at a total cost of \$1,744.05.

5. 2,000 tons screenings coal, requested by the Physical Plant Department for use at Abbott Power Plant during December, 1944, from Taylor-English Coal Company, Danville, Illinois, the lowest bidder, at a total approximate cost of \$5,200.

6. One car load (approximately 1,800 bushels) No. 2 yellow shelled corn, for use at the Dixon Springs Experiment Station, from the Evans Elevator Company, Champaign, Illinois, at a total cost of approximately \$2,079.

7. Three cars No. 1 green leafy alfalfa hay for the Dairy Husbandry Department, from the Shofstall Hay Company, Kearney, Nebraska, at a total cost of approximately \$1,500.

8. Approximately 4,650 bushels ear corn requested by the Animal Husbandry Department. The orders were placed as follows:

	<i>Bushels</i>	<i>Price per bu.</i>	<i>Total</i>
Shields Blaine.....	985.142	\$1 02	\$1 004 84
J. E. Whitt (tenant).....	1033.714	1 03 $\frac{1}{4}$	1 067 31
L. B. Clark (owner).....	1033.714	1 03 $\frac{1}{4}$	1 067 31
Francis W. Graham.....	1600.000	1 01	1 616 00

On motion of Mr. Nickell, the action of the Comptroller in authorizing these purchases was approved and confirmed.

**QUARTERLY REPORTS OF THE COMPTROLLER**

(23) The Comptroller presents his quarterly reports to the Board as of June 30 and September 30, 1944.

Copies of these reports were sent to all members of the Board (the June 30 report was sent on September 25, and the September 30 report on November 9) but they have not heretofore been presented for official record.

On motion of Mr. Davis, these reports were received for record.

**CONTRACTS EXECUTED BY THE COMPTROLLER  
OCTOBER 21 TO NOVEMBER 21, 1944**

(24) The Comptroller's report of contracts executed.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
Central Soya Company	Study of vitamins in swine nutrition	\$1 500	November 1, 1944
Gypsum Association	Experimental grain bin construction	750	September 13, 1944
Hoffman-LaRoche	Investigation of crystalline vitamins in swine rations	1 200	October 27, 1944
Rohm and Haas	Study of insecticides	5 000	October 30, 1944

Leases executed under general regulations of the Board of Trustees:

<i>With whom</i>	<i>Property</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
Central Life Insurance Company of Illinois	Lease of office space in room 928, Times Building, Chicago, for Division of Services for Crippled Children	\$570	August 11, 1944
The New York Central Railroad Company	License agreement for garden plots near Mayview, Illinois	1	August 15, 1944

This report was received for record.

**PURCHASE OF FACILITIES AT UNIVERSITY OF ILLINOIS AIRPORT**

(25) The contractors for the University of Illinois Airport constructed an office building and a mess hall (for their employees), and the Illinois Central Railroad constructed a spur track from its main line to the field. The University's Supervising Engineer for the construction of the Airport and the Dean of the College of Engineering recommend that:

1. The University purchase the office building and the mess hall from the Johnson-Greene Company. The price of the office building is \$275, but the cost of the mess hall is not yet known. This recommendation, therefore, is contingent on a reasonable price for the latter building, but definite in regard to the office building.

2. The University acquire rights to the spur track, and that the Cooke Contracting Company be requested to leave the unloading pit in place. The present spur track should be removed from its western terminus to a point at or near the place it intersects the grading limits of the field, as established by Civil Aeronautics Administration plans.

This will require negotiation with the General Paving Company and the Illinois Central Railroad Company.

3. The University accept the Contractor's offer to give to the University, free of charge, the stock pile of road gravel now located in the building area.

4. The University purchase the Contractor's well, located at Savoy, Illinois, and that a decision be reached as to the amount the University will offer to the Contractor for the installation, including the well house. The Contractor's representative advised that they had an investment of approximately \$1,650 in the well, and \$650 in exploratory test holes, making a total of \$2,300. The inherent value of the well to the Contractor is in the salvage value of the casing, the drop pipe, and the screen.

I recommend that the Board authorize these purchases. When negotiations have been completed they will be reported to the Board for an appropriation of whatever amount is necessary.

On motion of Mr. McKelvey, negotiations for these purchases were authorized.

**REPORT ON PROGRESS OF CONSTRUCTION AT  
UNIVERSITY OF ILLINOIS AIRPORT**

(26) A report of Professor J. J. Doland on the progress of construction at the Airport.

November 29, 1944

PRESIDENT A. C. WILLARD:

Since September 20, 1944, the date of my last formal report to you, the following items represent the principal developments in the construction of the University of Illinois Airport.

1. *University Right of Way on Ross Property.* The damage to the crops of Mrs. Cole, the tenant on the Ross farm, has been adjusted by payment to Mrs. Cole of \$10.20. (See item 1 of the report of September 20, 1944. See also item 2 of this report.)

2. *University Right of Way on Howard Property.* The excessive bulking of excavated dirt and the enlargement of the ditch by the Civil Aeronautics Administration has caused the spoil banks of the eastern drainage ditch to encroach on the property of Mr. Howard by 20 ft. on the north side and 15 ft. on the south side, and for a distance of about 1000 ft. This means we will be required to purchase additional right of way from Mr. Howard, unless the Board of Trustees decides to accept my recommendation that the entire eastern drainage ditch be placed in a covered pipe conduit. Until the matter has been decided, Mr. Ross and Mr. Howard have agreed to a delay in the construction of a right of way fence, except for 1000 ft. completed on the Howard farm, on both sides of our right of way through their properties. Both owners have also agreed that if the ditch is covered they will return the checks paid them (approximately \$2000), and grant the University permanent easements through their lands. The net cost of this improvement would be approximately \$40,000. Its execution would reduce the annual maintenance expense to a minimum and greatly improve the appearance. The ditch has already filled up to a depth of 2 ft. or more in places, and a considerable growth of weeds has started. The steepness of the side slopes will cause constant heavy erosion which will create the necessity for frequent cleanings.

3. *Western Drainage.* The western drainage problems have been solved, and the work has been completed. Owners and tenants are all satisfied with the results. Professor J. B. Andrews of the College of Agriculture negotiated crop damage on the Hall farm to the satisfaction of all concerned. Mr. Hall was paid \$261.00. (See item 4 of report of September 20, 1944.) Construction of fences along the north side of the township road have been delayed until spring awaiting settlement of the trench backfill. All fencing materials are in storage in the Koss garage.

4. *University Building Program.* No further progress has been made on the construction of buildings and utilities except for a small contract let to the Johnson-Greene Co. for the construction of a storm sewer in the building area. This expenditure was approved as an emergency measure by the Comptroller, and I recommend its ratification by the Board of Trustees. The amount is \$3568.50. The purchase order for this work was issued by the Physical Plant Department.

Certain other emergencies require immediate decisions. They are:

a. Purchase of temporary buildings from the Johnson-Greene Co. for storage of surplus war materials being acquired by the University.

b. Retention or removal of the existing railway spur for use in building construction.

c. Acceptance of a gift from the Cooke Contracting Co. consisting of 1000 cu. yds. more or less of road gravel now in a stock pile on the building area.

d. Purchase of the well owned by the Cooke Contracting Co. located at Savoy, Illinois.

5. *Progress.*

a. Paving operations were completed on November 17, 1944.

b. Miscellaneous grading and incidental clean up will be completed by December 10, 1944.

c. Fencing will be completed by December 5, 1944.

d. The work contracted for by the Civil Aeronautics Administration will be entirely completed by December 10, 1944.

6. *Watchman.* Under date of November 24, 1944, I wrote you a letter concerning the employment of a watchman and general handy man over the winter. I recommend that steps be taken in this direction to avoid loss and damage.

7. *Seeding and Sodding.* The Civil Aeronautics Administration has offered no information in regard to the seeding and sodding of the airfield except for a request from Mr. Schofield that we determine how much of the area we desire to have seeded. I have taken up with the College of Agriculture the matter of their developing approximately 80 acres in the south triangle for the production of alfalfa. I advised Mr. Schofield of this arrangement, but it is necessary that the College of Agriculture reach a decision in regard to their desires in this connection.

8. *Lighting.* No further progress has been made in connection with arrangements with the Civil Aeronautics Administration to install and pay for the required field lighting. It is my plan to go to Washington within the next two weeks to take up this matter, as well as that of seeding and sodding, with the Administrator of the C.A.A.

9. *Specific Recommendations for Future Action.*

a. That immediate decisions be made in connection with buildings, railway spur, purchase of well, and acceptance of road gravel. These items all affect the contractors who are leaving the site, and must have positive answers at once.

b. That the eastern drainage ditch be covered this winter while contractors' equipment is on hand.

c. That negotiations with the C.A.A. in Washington regarding the field lighting and seeding and sodding be entered into the early part of December.

d. That an early decision be reached in regard to the type and amount of construction of buildings and utilities to be provided under the existing \$500,000 appropriation of 1943.

e. That a careful scrutiny be made of the capital and operating budget for the 1945-47 biennium in order to be certain that the widely advertised program for aviation education and research may be properly implemented, that the obligations of the University contained in the AP-4 resolution passed by the Board of Trustees on January 26, 1944 may be satisfactorily fulfilled, and in order that the economic independence of the Airport may be realized at the earliest possible moment.

f. That a watchman and handy man be employed to protect a \$1,500,000 investment over the winter, and to provide for the performance of incidental work necessary to protect the interest of the University.

g. Since the realization of the University of Illinois Airport has come about through the efforts of yourself and the Board of Trustees as now constituted, I think that it should be memorialized in some manner, either through the construction of a gateway and/or an appropriate tablet.

h. That approximately 80 acres in the south triangle be devoted to the raising of alfalfa under the supervision of the College of Agriculture.

10. *Airport Zoning.* I discovered a defect in the zoning ordinance in that it had been passed by the County Board of Supervisors on June 12, 1944, but the approach plans were approved by the Illinois Aeronautics Commission on June 15, 1944. The latter action should have preceded the former. I, therefore, requested the County Board of Supervisors to rescind their action of June 12, 1944, and repass the ordinance. This was done on November 16, 1944, so that the ordinance is now in full force and effect.

J. J. DOLAND  
*Supervising Engineer*

This report was received for record.

**APPROPRIATION FOR SMALL HOMES COUNCIL**

(27) At its meeting on September 29, 1944 (Minutes, page 214), the Board of Trustees authorized the establishment of the "Small Homes Council" as a coordination of various divisions of the University to focus their talents and energies on the small homes problem, both rural and urban. An appropriation

of \$6,000 was made from the General Reserve Fund for the work of the Council during the year 1944-1945. The work was inaugurated immediately on the program for this year as conceived prior to the action of the Board.

Subsequent events have proved that we have underestimated the tremendous approval and demand which would come from the general public and the many branches of the building industry for the program of the Small Homes Council as a University function. In the short space of time since September 29 there has accumulated a great volume of evidence from outside the University which renders inadequate all preliminary plans for the organization of the Small Homes Council for both the current year and the coming biennium.

A detailed statement of the needs for additional funds is presented herewith and a copy given to the Secretary for record.

I recommend that an appropriation of \$10,000 be made from the General Reserve Fund to supplement the budget of the Small Homes Council for the year 1944-1945.

On motion of Mrs. Grigsby, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

#### COLLEGE OF PHARMACY ADVISORY COMMITTEE

(28) The Dean of the College of Pharmacy and the Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy recommend the appointment of the following as members of the Advisory Committee to the College of Pharmacy:

EDWARD C. BIASI, Retail Pharmacist, 217 North Main, Bloomington. One-year term.

DALE RUEDIG, Divisional Sales Manager, Eli Lilly & Company, 164 North Franklin Street, Chicago. Two-year term.

OTTO PELIKAN, Retail Pharmacist, 918 Columbian Avenue, Oak Park. Three-year term.

JACK READER, Retail Pharmacist, 1001 East 61st Street, Chicago. Four-year term.

CHARLES R. WALGREEN, JR., Retail Pharmacist, President, Walgreen Drug Stores, 744 East Bowen Avenue, Chicago. Five-year term.

These appointments, for terms of one to five years as indicated in each case, are in accordance with the original policy established when an Advisory Committee to the College of Pharmacy was first created in 1897. During the past several years this policy has not been followed, but it is the recommendation of the present Dean that the previous policy be re-established, since it provides a specific tenure of office for each Committee member, and prevents an entire change of personnel at any one time. I recommend that these appointments become effective December 1, 1944.

On motion of Mr. Jensen, these appointments were made as recommended.

#### RESIGNATION OF ASSOCIATE PROFESSOR F. J. KEILHOLZ

(29) Mr. Frederick J. Keilholz has submitted his resignation as Extension Editor and Associate Professor of Agricultural Extension, effective December 1, 1944. Mr. Keilholz has been on leave of absence without pay since December 1, 1943. He was granted this leave to accept a position with the Curtis Publishing Company as Associate Editor of *Country Gentleman*.

On motion of Mr. Davis, this resignation was accepted.

#### APPROVAL OF COLLEGE OF MEDICINE BY STATE OF MASSACHUSETTS

(30) Massachusetts has a law which became effective January 1, 1941, specifying that medical schools outside the Commonwealth of Massachusetts must secure the approval of its Department of Civil Service and Registration before their graduates are admitted to practice. The Association of American Medical

Colleges has interceded on behalf of medical schools not already approved (which is most of them) and has secured approval of a procedure whereby the Secretary of the Association may act for all of the medical schools not now approved provided he receives the power of attorney from such schools to act for them.

I recommend that the Board of Trustees authorize such representation by the adoption of the following resolution to be signed by the President and Secretary of the Board:

"The Board of Trustees of the University of Illinois hereby authorizes Doctor Fred C. Zapffe, Secretary of the Association of American Medical Colleges, Chicago, Illinois, to represent the University of Illinois in securing approval of its College of Medicine by the approving authorities for colleges and medical schools of the Department of Civil Service and Registration of the Commonwealth of Massachusetts."

It will be necessary to provide Doctor Zapffe with a certified copy of this action signed by the President and Secretary of the Board of Trustees, together with copies of the catalogue and budget of the College of Medicine.

This matter was referred to the Committee on General Policy.

#### **APPOINTMENTS IN THE DEPARTMENT OF PHARMACOLOGY, MATERIA MEDICA, AND THERAPEUTICS**

(31) The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy recommends the following appointments:

Dr. CARL C. PFEIFFER as Professor and Head of the Department of Pharmacology, Materia Medica, and Therapeutics, at a salary of \$8,000 a year beginning July 1, 1945, and continuing through August 31, 1945; provided that if Doctor Pfeiffer, who is in the Navy, is released earlier than July 1 or later, the effective date of his appointment will be changed accordingly. At the expiration of this appointment, Doctor Pfeiffer will be recommended for appointment on indefinite tenure.

Dr. EARL R. LOEW as Associate Professor of Pharmacology, Materia Medica, and Therapeutics, at a salary of \$5,500 a year beginning January 1, 1945, and continuing through August 31, 1945. At the expiration of this appointment, Doctor Loew will be recommended for appointment on indefinite tenure.

These appointments and other adjustments in the Department budget incidental thereto will require the transfer of \$5,320 from the unappropriated budget reserve.

I recommend approval of these appointments and the necessary adjustments in the budget.

On motion of Mr. Davis, these appointments were made as recommended, and the adjustments in the budget were made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

#### **LABORATORY SCHOOLS BUILDING**

Mr. Nickell presented the following resolution adopted by the Illinois City Superintendents Association in October, 1944.

That we urge provision of adequate appropriations and the adoption of a program for the development of the college of education at the University of Illinois to a position of leading rank among the schools of education in the nation, including provision for the establishment of a laboratory for research in the growth and development of children and youth, and for observation, demonstration, and service to the schools of the state; and proportionate support for the other state-sponsored teacher training institutions.

Mr. Nickell stated also that he had received many letters, resolutions, and telephone calls expressing approval of the proposed Labo-

ratory Schools Building as of benefit to the schools of the State in many ways, and requesting that the Board reconsider the position of this building in the Post-War Building Program.

This matter was referred to the President of the University for consideration in conference with the University Building Committee.

#### REPORT OF FINANCE COMMITTEE ON ENGAGEMENT OF AUDITORS

Mr. Davis presented the following report.

The Finance Committee has considered the matter of engagement of auditors for the University and affiliated organizations for the fiscal year ending June 30, 1945. The committee recommends that the firm of Arthur Young & Company of Chicago be again engaged for these audits, their services to be charged on a per diem basis plus expenses, with the understanding that the total charges including expenses will not exceed the following amounts, which are the same as for the year 1943-1944:

University of Illinois.....	\$3 500
University of Illinois Foundation.....	500
Athletic Association.....	300

The maximum costs are named on the assumption that if the audit discloses extraordinary matters which should be investigated beyond the scope of usual examination the firm will be compensated for such additional work as may be necessary after arriving at a proper understanding with the Finance Committee.

On motion of Mr. Davis, the employment of Arthur Young and Company was authorized as recommended.

#### INVESTMENT OF ENDOWMENT FUNDS

Mr. Davis reported also as follows:

On recommendation of investment counsel, the Trust Department of the First National Bank of Chicago, the Finance Committee has authorized the purchase of the following items as investments of surplus cash in our endowment funds:

\$25,000 U.S. Government, Series G, 2½% bonds due 1956. (This will bring our purchases to the maximum of \$100,000 for 1944.)  
 \$25,000 Armour and Company, first 3¼% of 1964, at approximately 103½.  
 Yield 3%.  
 \$5,000 Central Illinois Public Service, first 3⅜% of 1971, at 108. Yield about 3%.  
 (\$20,000 now held)

On motion of Mr. Davis, the action of the Finance Committee in authorizing these investments was approved and confirmed.

#### INVESTMENTS AUTHORIZED

Mr. Davis reported also as follows:

On advice of investment counsel, the First National Bank of Chicago, the Finance Committee recommends the purchase of the following securities as investments of endowment funds as needed:

\$25,000 par Kansas City Terminal Railroad, 1st 2¾% of 1974, at about 101½, to yield 2.65%.  
 \$25,000 par Commonwealth Edison Company, 1st 3% of 1977, at about 105, to yield 2.75%.  
 \$14,000 par Ohio Edison Company, 1st 3% of 1974, at about 102¾, to yield 2.80%. (In addition to \$11,000 now held)

*After January 1, 1945:*

\$100,000 United States Savings Bonds, 2½%, Series G, due 1957, at par.

On motion of Mr. Davis, these investments were authorized.

**APPROPRIATION FOR UNIVERSITY PLACEMENT BUREAU**

Mr. Fornof, for the special committee, reported a recommendation that a University Placement Bureau be established under the supervision of the Dean of Students, with a branch in Chicago, that an appropriation of \$10,000 or so much as may be necessary for the balance of this year be made for the immediate needs of this Bureau, and that the item be included in the budget for the coming biennium.

On motion of Mr. Fornof, these recommendations were adopted and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Mr. Nickell; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken, Dr. Meyer.

**IMPROVEMENTS ON GREEN STREET**

Mr. McKelvey, for the Committee on Buildings and Grounds, presented a report of progress on the consideration of plans for the improvement of Green Street between Wright Street and Mathews Avenue, and a recommendation that the Physical Plant Department be authorized to plant new trees where there is space for them and where they will fit into future plans.

On motion of Mr. McKelvey, this report was adopted, and the Director of the Physical Plant Department was requested to collaborate with the President of the University and the Committee on Buildings and Grounds in the preparation of plans.

**RESOLUTION ON STATEMENTS IN POLITICAL CAMPAIGN**

At this point, President Livingston asked Mr. Fornof to take the chair.

Mr. Jensen presented the following resolution and moved its adoption:

*Whereas*, certain statements were made during the recent election campaign attacking the integrity of members of the Board of Trustees, and this is the first meeting of the Board since the election, and

*Whereas*, the Board has now carefully examined the detailed record of its actions with respect to which the statements were made, be it

*Resolved*, that the Board finds nothing in the record to justify or substantiate any of these statements.

This resolution was adopted without dissenting vote.

Mr. Livingston resumed the chair.

**COMMITTEE ON PRESIDENCY**

Mr. Davis, for the special committee on the presidency, made a report of progress, and stated that meetings were being held monthly, that the next meeting of the committee would be held in Chicago on Tuesday, December 12, 1944, and that all members of the Board would be welcome to attend.

## MEETING OF THE EXECUTIVE COMMITTEE

DECEMBER 12, 1944

The Executive Committee of the Board of Trustees of the University of Illinois met at the University Club, 76 East Monroe Street, Chicago, at 2:30 p.m. on Tuesday, December 12, 1944. All the members of the Committee were present: Mr. Livingston, Chairman, Mr. Davis, and Mr. Jensen; also Mr. Fornof, Mr. McKelvey, and Mr. Nickell, members of the Board, who participated in the discussions and concurred in the actions taken; also President A. C. Willard, Provost C. R. Griffith, Major L. R. Lohr, and Secretary H. E. Cunningham.

### MATTERS PRESENTED BY PRESIDENT WILLARD

The Executive Committee considered the following matters presented by the President of the University.

#### AUTHORITY TO CONFER DEGREES

(1) A recommendation that the President be authorized to confer degrees at the Commencement Exercises of the Colleges of Medicine, Dentistry, and Pharmacy on December 15, 1944, on those candidates who have completed the requirements and have been certified for their respective degrees by the University Senate.

On motion of Mr. Jensen, these degrees were authorized.

**ADMISSION TO THE COLLEGE OF PHARMACY**

(2) The faculty of the College of Pharmacy and the University Senate recommend that the special conditions of admission to the College of Pharmacy be changed, for the class entering in January, 1945, only, to read as follows:

To be considered for admission to the College of Pharmacy an applicant must:

1. Be a graduate of an accredited high school;
2. Satisfy the other requirements for admission to the College (fifteen units required, majors and minors, sources of acceptable credits, admission by certificate), except that the Committee on Admissions, without adhering to the usual requirements concerning majors and minors, may admit an applicant whose rank in scholarship and other qualifications indicate his aptitude for the profession of pharmacy;
3. Satisfy the Committee on Admissions that he possesses the attributes of character and other qualifications indicating his aptitude for the profession of pharmacy.

If more than 100 applications are received, the Committee on Admissions is empowered to select only the 100 candidates who, in their judgment, are best qualified.

The only fundamental change proposed in the above recommendation is that an applicant for admission in January, 1945, need not rank in the upper three-fifths of his class. The proposal emphasizes the functions of the Admissions Committee but in no way broadens the power delegated to this Committee by existing regulations.

The proposed change is in line with the recommendations of the American Association of Colleges of Pharmacy adopted at its convention last September. These recommendations emphasize the present acute shortage of registered pharmacy personnel and the greatly increased demand for pharmacists which is expected in the post-war period.

On motion of Mr. Davis, these changes were approved as recommended, with the provision that special consideration will be given to the cases of returned veterans.

**UNIVERSITY OF ILLINOIS AIRPORT DRAINAGE**

(3) At the meeting of the Board of Trustees on November 30 in connection with the presentation of the report of progress on construction at the University of Illinois Airport, I recommended that the Board consider appropriating funds to place the entire eastern drainage outlet in a covered pipe conduit. The excessive bulk of excavated earth and the enlargement of the ditch by the Civil Aeronautics Administration has caused the spoil banks to encroach upon the adjoining properties by twenty feet on the north and 15 feet on the south side for a distance of about 1,000 feet. This means that if the ditch remains open the University will have to purchase additional right-of-way from the owners of the adjoining properties. Both owners have agreed that if the ditch is covered they will return to the University funds (approximately \$2,000) paid to them for the drainage ditch right-of-way and will grant the University permanent easements through their lands. The Supervising Engineer estimates the cost of this will be approximately \$45,000. Aside from greatly improving the appearance, the covered ditch would require much less annual maintenance expense.

The Board of Trustees approved this proposal in principle, but referred to the Executive Committee the question of determining the funds from which an assignment should be made for this purpose. I recommend that this be charged against the State appropriation of \$500,000 for airport improvements. No part of this appropriation can be used for the purchase of land, but no land acquisition is necessary.

On motion of Mr. Davis, the sum of \$45,000, or so much thereof as may be necessary, was assigned for this work, and the Comptroller was instructed to secure competitive bids and report to the members of the Executive Committee to award the contract on the basis of the bids.

**REPORT ON JUNIOR COLLEGES**

Mr. Jensen, for the special committee to consider the Relation of the University to the Junior College Movement in Illinois, reported that the Committee had met earlier on the present day and had voted to recommend to the Board to approve and to print a comprehensive report on this matter prepared by Provost C. R. Griffith as the result of a study authorized December 18, 1943 (Minutes, page 790).

Mr. Nickell stated that he might be able to supply funds to help defray the cost of printing, in addition to the balance available in the appropriation for the survey.

In consideration of the above, and on motion of Mr. Jensen, the Executive Committee voted (subject to the approval of the Board) to authorize the printing of this report by the University Press as a joint publication of the University and the State Superintendent of Public Instruction.

The Executive Committee adjourned.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**January 20, 1945**

The January meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 12:30 p.m. on Saturday, January 20, 1945.

The following members were present: President Livingston, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. McKelvey, Dr. Meyer, and Mr. Nickell. Mr. W. W. McLaughlin, member-elect, was present by invitation and sat with the Board during the entire session.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. I. L. Porter, Treasurer, and, during part of the day, Professor R. N. Sullivan and Mr. J. F. Wright, Director of Public Information.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of November 30, 1944, and, for record, of the Executive Committee of December 12, 1944.

On motion of Mr. Karraker, the minutes were approved and received for record as printed on pages 291-324 above.

### TRIBUTE TO DR. DAVID KINLEY

Mr. McKelvey presented the following tribute to Dr. David Kinley.

The Board of Trustees of the University of Illinois records with deep sorrow the death on December 3, 1944, of Dr. David Kinley, President *Emeritus* of the University.

Doctor Kinley was born in Dundee, Scotland, on August 2, 1861. He came to the United States with his father in 1872. He received his early education in this country at the Punchard Free School and at Phillips Academy in Andover, Massachusetts. He was graduated from Yale University with the degree of Bachelor of Arts in 1884. After teaching and serving as high school principal in North Andover, Massachusetts, he entered the Johns Hopkins University in 1890 for graduate study. In 1892 he went to the University of Wisconsin where he received the degree of Doctor of Philosophy in 1893. In later years he received honorary degrees of Doctor of Laws from Illinois College in 1908, from the University of Wisconsin in 1918, from the University of Nebraska in 1921, and from his alma mater, Yale University, in 1924. He was married to Kate Ruth Neal of Mount Vernon, Ohio, on June 22, 1897. Mrs. Kinley died in Shanghai, China, in April, 1931, while she and Doctor Kinley were traveling during the year immediately following his retirement from the University of Illinois. Two daughters, Mrs. Harriet K. Brooks and Mrs. John Robert Gregg, survive.

While a graduate student at Johns Hopkins, Doctor Kinley was an instructor in Woman's College, Baltimore, and while at the University of Wisconsin he was a fellow and assistant in Economics.

Doctor Kinley came to the University of Illinois in 1893 as Assistant Professor of Economics. The following year he became Professor of Economics and Dean of the College of Literature and Arts. He organized the first courses in commerce in 1902 and directed them until the establishment of the College of Commerce and Business Administration in 1915. He served as Dean of the Graduate School from 1906-1919, as Vice President of the University from 1914-1919, and as Acting President, 1919-1920. Following the retirement of Edmund James James in 1920, Doctor Kinley was elected President of the University and served for ten years until he retired on July 1, 1930.

He was an economist with an international reputation and an educational statesman of the first rank. He served the University of Illinois loyally and with distinction for thirty-seven years in several important positions. His administration as President of the University covered a period of great development and expansion. He was intensely devoted to all public service. His personal code of ethics, his honesty, integrity, and loyalty have been an inspiration to generations of University students and to his colleagues on the faculty.

*Be it hereby resolved* that as a part of this tribute to Doctor David Kinley the Board of Trustees also records its highest appreciation of his life and his many years of faithful, distinguished service to the University of Illinois.

*And be it further resolved* that copies of this resolution be sent by the Secretary of the Board to Doctor Kinley's daughters with a letter expressing the sympathy of the members of the Board.

On motion of Mr. McKelvey, this resolution was adopted by unanimous vote.

### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

LOUIS LAMS, Assistant in Neurology, December 1, 1944, through August 31, 1945 (Army).

RUTH LEMON, Staff Nurse, Research and Educational Hospitals, January 1 through August 31, 1945 (Army Nurse Corps).

MARION FRANKS, Staff Nurse, Research and Educational Hospitals, December 16, 1944, through August 31, 1945 (Army Nurse Corps).

MARY OLETA BELL, Staff Nurse, Research and Educational Hospitals, January 1 through August 31, 1945 (Army Nurse Corps).

GEORGE T. STAFFORD, Professor of Physical Education for Men, for the second semester of 1944-1945, or from March 1 through August 31, 1945, for service with the United States Navy in its rehabilitation program. This is an extension of leave approved by the Board in September for the first semester of the current year.

HARRY J. FULLER, Associate Professor of Botany, second semester, or from March 1 through August 31, 1945, to serve as Rubber Specialist in South America for the United States Government. This is an extension of a leave previously granted Professor Fuller for the same purpose for an indefinite period. Professor Fuller returned to the University expecting to be in University service for the second semester, but the Government has asked for his return.

T. E. PHIPPS, Professor of Physical Chemistry, February 1 through June 30, 1945, for continuation of the research work he has been doing at the University of Chicago for the Government on military problems.

J. E. HULETT, JR., Assistant Professor of Sociology, February 1 through August 31, 1945, for service in the Office of Strategic Services. This is an extension of leave previously approved by the Board for the first semester of the current academic year. This additional leave has been requested by the Government.

ISAAC SCHOUR, Professor of Histology and Head of the Department (College of Dentistry), six months' leave with full pay for service as dental investigator and stomatologist for the Italian Medical Nutrition Mission. He has been invited to participate in a Medical Nutrition Survey which will be conducted in Italy, and the findings and recommendations will be submitted to Government authorities. This Survey is sponsored by the United Nations Relief Administration in cooperation with the Unitarian Service Committee and the Congregational-Christian Service Committee. The date of departure of the Mission has not been determined, so that the period of Doctor Schour's leave is subject to further approval by the President of the University. Other members of the faculty of the College of Dentistry will do Doctor Schour's work without additional expense to the University.

On motion of Dr. Meyer, these leaves were granted as recommended.

#### STATUS OF GEORGE P. TUTTLE, REGISTRAR

(2) Since April 1, 1944, Mr. George P. Tuttle, Registrar, has been serving as Director of the American Council on Education Cooperative Study of Training and Experience in the Armed Services. This study is the preparation of a manual, "Guide to the Evaluation of Educational Experience in the Armed Forces," for evaluating training received in the military service for secondary school and college credit. He was released for this service by authority of the Board of Trustees for three-quarters time, without pay, first from April 1 through August 31, and later his partial leave of absence was extended through December 31, 1944.

This work has not been completed and it has developed into a larger project than was originally contemplated. The American Council on Education desires the staff engaged in this work to make a study of the post-hostilities educational programs of the Army and Navy and the educational program of the United States Merchant Marine. The Army and Navy and Merchant Marine are urging that this be done.

The Council is, therefore, requesting Mr. Tuttle's services, on the same basis as heretofore, until September 1, 1945. I recommend:

1. That Mr. Tuttle be given additional leave of absence for three-quarters time, without pay, from January 1 through August 31, 1945.

2. That a change in status of Dr. J. Thomas Hastings, Technical Director of the High School Testing Bureau and Associate in Education and Personnel, to one-quarter time from January 1 through August 31, 1945, to release him for

service as Assistant Director of the American Council on Education Cooperative Study of Training and Experience in the Armed Services.

3. That the salaries of Mr. D. A. Grossman, Examiner, and Mr. E. C. Seyler, Recorder, in the Registrar's Office, be increased by \$75 and \$50 a month respectively from January 1 through August 31, 1945, as compensation for the additional responsibilities they will be continuing to carry while Mr. Tuttle is on partial leave of absence.

4. The appointment of Mrs. Jean Day as Assistant to the Director of the High School Testing Bureau at a salary of \$150 a month from January 1 through August 31, 1945.

The funds required for these adjustments are available in the budgets of the Registrar's Office and the High School Testing Bureau.

These recommendations are made with the understanding that the University's work for the American Council on Education will end on August 31, 1945. The Council has agreed that no further extension will be requested.

On motion of Mr. Fornof, these arrangements were authorized.

#### AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(3) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. Candidates who hold the certificate of Public Accountant in Illinois and who also hold unrevoked C.P.A. certificates issued by other states or territories of the United States (Section 4, a-1):

STUART McALPINE CAMPBELL (Ind.)

2. Candidates who hold unrevoked C.P.A. certificates issued by other states or territories of the United States (Section 5):

GEORGE DANIEL BOONE (Okla.)

HARRY EVAN BURNS (Ind.)

JONATHAN OREN DICKINSON (Mo.)

JAMES JOSEPH DOUGHERTY (Pa.)

HENRY CHRISTOPHER ELPERS (N.Y.)

LESLIE EARL HOWELL (Ind.)

SAMUEL HAZLETT LAVERTY (Pa.)

JOSEPH HENRY McGRATH (Pa.)

JEFFERSON HOLLIS ORCUTT (Me.)

ALAN DELMAR O'REILLY (Ind.)

WAYMON GARVEN PEAVY (Tex.)

MARK EDWIN RICHARDSON (Pa.)

PRICE GOEHRING RIGHTER (Pa.)

HAROLD JAMES STICKNEY (Ohio)

PAUL MICHAEL TRAPANI (N.Y.)

3. The following persons are recommended for the Illinois C.P.A. certificate on the basis of having satisfactorily passed an examination given by the Special Five-Man Board of Examiners (Section 4, b):

ALEXANDER BERNFIELD

FRANK G. BRUNINGA

FRANK C. BUTTERFIELD

FOSTER J. COLEMAN

EMANUEL I. GOLDFINE

MATHEW LINDLEY HAMILTON

HERMAN JOSEPH KILBERG

SAMUEL HAROLD LEVINE

JOSEPH T. MOREAU

GEORGE J. ROBSON

JOHN AARON SCHUR

IRA L. SHAPIRO

FRANK EDWARD SHUDNOW

MAX SIMON

SAMUEL WASSERMAN

I concur.

On motion of Mr. McKelvey, these certificates were awarded as recommended.

#### INCREASES IN SALARIES OF NURSES IN RESEARCH AND EDUCATIONAL HOSPITALS

(4) An increase in the scale of compensation for nurses in the Research and Educational Hospitals has been under consideration for some time. The present starting salary is \$135 a month. These nurses have been receiving compensation as follows: 10 at the starting rate of \$135 a month; 5 at \$140; 17 at \$142.50; 6 at \$147.50; and 41 at \$150. At most hospitals the starting rate is not less than

\$155 a month. In the McKinley Hospital at Urbana the University is paying \$148 a month. All rates include maintenance while on duty.

The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy, and the Superintendent of the Research and Educational Hospitals have recommended that the University establish a beginning salary of \$150 a month, including maintenance, for all these nurses, beginning January 1, 1945. Under the plan of automatic increases the following adjustments will be required as of that date:

If employed prior to September 1, 1943.....	\$160 a month
If employed between September 1, 1943, and August 31, 1944.....	155 a month
If employed since September 1, 1944.....	150 a month

Future adjustments would result in maximum salaries of \$160 a month. All salaries include maintenance while on duty.

These salaries are within the range of existing University Civil Service salary scales, but the increase would require an annual increase of \$10,125 in the budget of the Research and Educational Hospitals, of which \$6,750 would be required for the balance of the current appointment year.

I have authorized these increases and the adjustment in the budget required, and request confirmation of this action.

On motion of Dr. Meyer, the action of the President in approving these increases and the adjustment in the budget was approved and confirmed, and an appropriation of \$6,750 to meet the increase was made, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Jensen, Dr. Luken.

#### APPROPRIATION FOR GRADUATE SCHOLARSHIPS AND FELLOWSHIPS

(5) The Dean of the Graduate School requests an appropriation of \$35,000 from funds for 1945-1946 for graduate scholarships and fellowships for that year. These scholarships and fellowships will be awarded on recommendation of the Dean of the Graduate School in accordance with the established procedure.

The Dean recommends that due to the continued increase in the cost of living, the stipendia be set the same as for the current year—namely, \$350 for scholarships, \$575 for the first fellowships, and \$700 for second fellowships, these being the amounts for two-semester appointments.

He also recommends retention of the service requirement in appointments to scholarships and fellowships. This will mean that on recommendation of the department and approval of the Graduate School, and with concurrent agreement by the scholar or fellow in question, he may be called on for instructional or other service not to exceed one-quarter time in amount without any addition to his stipend.

I concur in these recommendations and request an appropriation of \$35,000 from funds of 1945-1946, provided that if the prospective graduate enrollment and the number of applications for scholarships and fellowships do not warrant this amount the appropriation will be reduced and the unused balance will lapse into the General Reserve.

On motion of Mr. Karraker, these recommendations were approved and the appropriation was made, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Jensen, Dr. Luken.

#### APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(6) In accordance with recommendations from the Committee on Special Appropriations and Nonrecurring Expenditures, I recommend appropriations from the General Reserve Fund for the following purposes:

**Physical Plant Improvements, Urbana Campus:**

(a) Extend partitions to enclose offices of the Dean of Men and the Assistant Dean of Men in the Dean of Student's Office.....	\$ 600	
(b) Improved ventilation in large lecture room (101 Armory) by changing supply system piping and adding exhaust system.....	1 900	
(c) Remodeling and enlarging east delivery platform at Dairy Manufactures Building, and providing canopy over same; and providing new exterior refrigerator door for storage refrigerator room.....	1 800	
(d) Dividing Room 320 Lincoln Hall to provide two offices..	1 500	
(e) Remodeling north basement of Natural History Building	<u>2 500</u>	\$ 8 300
Ventilating system in Home Economics Cafeteria kitchen (plus \$700 from Cafeteria Fund).....	2 200	
Impact testing machine for Department of Mining and Metallurgical Engineering.....	1 400	
<i>Total</i> .....		<u>\$11 900</u>

On motion of Mr. Nickell, these appropriations were made as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Jensen, Dr. Luken.

**DEPOSIT OF CERTAIN FEDERAL FUNDS IN THE STATE TREASURY**

(7) On October 29, 1943, an informal report was made to the Board of the situation with respect to the deposit of certain federal funds in the State Treasury (copy of report attached). No formal action was taken on the matter, and it was referred to Messrs. Livingston and Nickell for conference with State officers. Further consideration of the matter was given by the Executive Committee on January 26, 1944 (page 830), at which time the matter was referred to the President of the University. The subject has been studied by the Office of the Attorney General, which has reached the following conclusions:

1. While the General Assembly has given assent to the purpose of the various grants, it has not permanently designated the University of Illinois to receive moneys accruing thereunder. The latter has been done only for each successive biennial period.

2. The Treasurer can not receive the money as custodian unless the General Assembly has designated the way in which the money can be disposed of, which has not been done in this case excepting through the biennial appropriation bills.

3. An appropriation by the General Assembly is not necessary if other action is taken providing for the proper and continuous disposition of these funds.

In accordance with these conclusions it appears that the situation can only be fully remedied by securing an action of the General Assembly designating the University of Illinois to receive the amounts becoming available under the various federal grants and authorizing the State Treasurer to receive these moneys as custodian and to disburse them on the order of the University.

The Legal Counsel of the University, on request of the Comptroller, has drafted a suggested bill making these provisions. The draft has been reviewed and found satisfactory by the Legislative Reference Bureau.

I recommend that authorization be granted to undertake to secure the introduction and passage of such a bill at the coming session of the General Assembly.

On motion of Mr. Karraker, the President of the University was given authority as recommended.

**AMENDMENT OF UNIVERSITY CIVIL SERVICE LAW**

(8) In the 1943 session of the General Assembly an amendment to the State Civil Service Act was passed providing that persons employed in civil service

positions during the war shall be employed only on a temporary basis and that any persons formerly employed, upon return from service in the armed forces, should be restored to their former positions if they so request and incumbents placed on an eligible register for future employment.

The University was inadvertently excluded from these provisions.

The University Civil Service Committee has recommended that an effort be made to secure a further amendment to the civil service law which would extend the above-described provisions to the University civil service.

I concur in this recommendation and request that authorization be given to draft such an amendment and endeavor to secure its passage at the coming session of the General Assembly.

On motion of Mr. Karraker, authority was given as recommended.

#### **ADDITION TO CONTRACT FOR ARCHITECTURAL AND ENGINEERING SERVICES FOR BUILDING STUDIES**

(9) The Executive Committee of the Board of Trustees, at its meeting on May 9, 1944 (Minutes, p. 942), authorized the execution of a contract with Graham, Anderson, Probst, and White for a survey of mechanical and electrical services of ten buildings on the Urbana campus, with an amount stated as \$14,500, but with the understanding that these services were to be negotiated on a cost-plus basis, and expenditures not to exceed the amount quoted.

In arriving at a sum for their services, it was agreed that alternative solutions for the various improvements suggested were to be discussed in the reports, but the cost of such alternatives would not have to be estimated.

As we have gone further into the problem with Graham, Anderson, Probst, and White, we recognize that at Urbana the cost of the alternate solutions should also be estimated, due to the alternate uses that may ultimately be made of the buildings, their age, and the current use made of them. The work of the architects has not gone far enough for them to determine if there will be a balance available under the present contract for this additional work. Assuming that there will not be a balance, Graham, Anderson, Probst, and White have estimated that the additional work will cost approximately \$2,000.

I recommend that the Comptroller and Secretary of the Board be granted authority to execute an amendment to the original contract, increasing the maximum total of the contract to \$16,500. Funds for this addition in the amount of \$2,000 will be provided from the current Physical Plant Operation and Maintenance budget.

On motion of Mr. Nickell, authority was given as recommended.

#### **REMODELING LOCOMOTIVE LABORATORY AS AN AERONAUTICAL ENGINEERING LABORATORY**

(10) The Dean of the College of Engineering and the Director of the Physical Plant Department have recommended that the Locomotive Laboratory be remodeled for use primarily as a laboratory of aeronautical engineering. Details of complete remodeling have not been worked out but certain changes have been outlined and are needed at this time in order to provide needed offices and workrooms.

The total cost of the project is estimated at \$12,000, of which \$6,188 relates to removal of present equipment and changes incident to the Brake Shoe Laboratory, which will be retained in the building. The remainder, \$5,812, relates directly to the facilities for the aeronautical program and may be properly charged to the special state appropriation of \$500,000 for Aeronautical Engineering and Airport Facilities.

I request approval of this project, the allotment of \$5,812 from the special state appropriation, and an appropriation of \$6,188 from the General Reserve Fund.

Bids have been taken from outside contractors on the general work, a schedule of which is attached. I recommend an award to the lowest bidder, Corkery & Siems, for a total of \$6,095, including all alternates, and that authority be given to the Comptroller and the Secretary of the Board to execute this contract.

On motion of Dr. Meyer, these recommendations were adopted and the appropriations were made, by the following vote: Aye, Mr. Fornof,

Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Jensen, Dr. Luken.

#### APPROPRIATION FOR CHANUTE FIELD INSTRUCTION

(11) On November 30, 1944 (Minutes, page 301), the Board authorized the offering of extramural courses at Chanutte Field to officers and enlisted men without charge to those taking the courses. Classes have now been organized and work started in 21 courses. The services of about twenty members of the staff are required.

Arrangements with staff members provide that those members who carry this teaching in addition to full campus loads will be paid \$5 a class hour as overtime pay. The courses overlap two University semesters, and the teaching assignments for the second semester can not be finally established until after registration. Travel facilities are being provided to a considerable extent by Chanutte Field.

The Director of University Extension has estimated that approximately \$3,000 additional expenditure will be required for extra services involved in these courses. I recommend that a special appropriation of this sum from the General Reserve Fund be made to the Division of University Extension for this purpose.

On motion of Mrs. Grigsby, this appropriation was made, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Jensen, Dr. Luken.

#### PURCHASES AUTHORIZED

(12) The following is a report of purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency items:

1. One National typewriter bookkeeping machine with payroll bar, Model 3049 (16)—18" SVB-4RB-BT, requested by the Chicago Business Office, from the National Cash Register Company, Chicago, at a total quoted price of \$1,790.10.

2. One walk-in type cooler, 8x10 feet, with water-cooled compressor and fin-type cooling coils, requested by the Dairy Husbandry Department, from the United States Electric Company, Springfield, Illinois, the lowest bidder, at a cost of \$1,378, f.o.b. Urbana.

3. 120 diagnostic sets (otoscope, ophthalmoscope combination, complete in cases with large battery handles), for the Chicago Student Supply Store, from V. Mueller & Company, Chicago, the lowest bidder, at a cost of \$3,121.20.

4. 2,650 tons screenings coal, for use at Abbott Power Plant during January, 1945, from Taylor-English Coal Company, Danville, Illinois, the only bidder, at a total delivered cost of \$7,022.50.

5. 137 cases Pyrex laboratory glassware for the General Chemical Store-room, from the Central Scientific Company, Chicago, at an approximate cost of \$2,520.

6. 94 steers, requested by the College of Agriculture for use on the Wright Farms, from the Chicago Producers Commission Association of Chicago, at a cost of \$3,651.17.

7. 2,000 grams dl-leucine
- 2,000 grams dl-threonine
- 2,000 grams l(plus)-glutamic acid
- 1,000 grams l(plus)-arginine monohydrochloride

These chemicals are requested by the Chemistry Department for use in research on amino acids being carried on by Dr. Rose. This order was placed with Merck and Company, Inc., Rahway, New Jersey, at a price of \$2,550.40, f.o.b. Rahway, New Jersey.

8. 1,386.714 bushels ear corn, requested by the Animal Husbandry Department, from H. H. Marshall, Route 2, Champaign, Illinois, at a cost of \$9325 a bushel or \$1,293.11.

9. 1,438.857 bushels ear corn, requested by the Animal Husbandry Department, from George Livingston, Chicago, at a cost of \$9325 a bushel, or \$1,341.73.

10. Thirty tons pure wheat bran, requested by the Animal Husbandry Department, from Valier & Spies Milling Company, St. Louis, Missouri, the lowest bidder, at a cost of \$1,205.10.

11. One car (approximately 30 tons) soybean oil meal, No. 41 expeller type, in cloth bags, to be delivered at Robbs, Illinois, for use at the Dixon Springs Experiment Station, from Swift and Company Soybean Mill, Champaign, Illinois, the lowest bidder, at an approximate total cost of \$1,500.

12. 4,500 bushels oats, requested by the Animal Husbandry Department, as follows: Fisher Farmers Grain & Coal Company, 1,200 bushels, at \$.73, total \$876, f.o.b. Fisher; H. T. Walton and Son, 3,300 bushels, at \$.75, total \$2,475, f.o.b. Mayview.

On motion of Mr. Fornof, the action of the Comptroller in authorizing these purchases was approved and confirmed.

**CONTRACTS EXECUTED BY THE COMPTROLLER  
NOVEMBER 21, 1944, TO JANUARY 11, 1945**

(13) The Comptroller's report of contracts executed.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
Office of Scientific Research and Development	Study of post-operative convalescence, OEM-484	\$34 635	August 1, 1944

Mid-States Engineering Company	Construction work on Horticulture Field Laboratory in connection with the clavacin research	20 348	December 4, 1944

<sup>1</sup>This contract replaces contract with Upjohn Company reported August 31, 1943 (Minutes, page 513).

<sup>2</sup>Also included in report of gifts received (page 335).

This report was received for record.

**BEQUEST OF DR. DAVID KINLEY**

(14) The will of the late Dr. Kinley, former President of the University of Illinois, includes the following provision:

First: I hereby will, devise and bequeath my library to the Board of Trustees of the University of Illinois, with the exception of such volumes as my daughters, Mrs. Harriet K. Brooks and Mrs. John R. Gregg, or my son-in-law, Dr. John R. Gregg, select for themselves; *Provided* that said Board of

Trustees, if they accept the gift, shall affix to the inside of the cover of each volume a book plate bearing the words "The Kinley Collection."

I recommend acceptance of the bequest under the conditions indicated. This collection consists of approximately 2,000 volumes.

On motion of Mrs. Grigsby, this bequest was accepted as recommended.

#### GIFTS AND GRANTS TO THE UNIVERSITY

(15) A report of the following gifts and grants of funds received by the University since the last report was made to the Board:

##### *Gifts*

1. Baruch Committee on Physical Medicine, New York City, \$15,000 for teaching physical medicine in the College of Medicine for a period of two years.

2. The Coca-Cola Company, Wilmington, Delaware, \$680 for a graduate fellowship in Chemistry during the spring and summer terms of 1944 (continuation of previous fellowship grants).

3. National Lime Association, Washington, D.C., \$860 for a fellowship in Chemistry for one year beginning July 1, 1944 (continuation of previous grants).

4. Colonel Edward E. Voynow, New York City, \$500 for ten annual prizes in the School of Music of \$50 each, to be known as the Richard F. Voynow Prize in Music, and awarded annually to the student who submits the best essay on a subject selected by the Director of the School of Music.

5. Tau Chapter of Zeta Phi Eta, National Professional Woman's Speech Fraternity, \$350 for a scholarship in the field of Speech, for the academic year 1944-1945.

6. C. E. Troyer of LaFontaine, Indiana, \$250 for purchase of a calculator for the Agronomy Department.

7. W. J. Blanchard, General Manager, Aeroproducts Division, General Motors Corporation, Dayton, Ohio, and a member of the University's Advisory Board on Aeronautics, \$250 for aid to needy students.

8. Transcontinental and Western Air, Incorporated, Kansas City, Missouri, through L. R. Inwood, a member of the University's Advisory Board on Aeronautics, \$150 to be added to the scholarship fund, and awards made by the Committee on Special Undergraduate Scholarships to worthy and needy students.

9. Dr. Janet L. Weston, Associate in Economics, approximately 6,000 volumes of notable books and other publications to the University of Illinois Library as a memorial to her father, the late Professor Nathan A. Weston. This was Professor Weston's personal library; it is one of the largest and most complete in its special field of economic theory and history collected by an individual and is a valuable addition to the Library.

10. Dr. Julius H. Hess, Professor of Pediatrics, *Emeritus*, six books of which he is author or co-author to the College of Medicine Library, and a 35 mm. (talking) film on the development of pediatric progress in the United States.

11. M. A. Judy, West Lebanon, Indiana, a catalog of a sale held on November 5, 1908, by Anderson & Findlay, importers of Angus breeding cattle, to the Agricultural Library.

12. Missouri Botanical Garden of St. Louis, a collection of orchids (295) to the Division of Floriculture, including a comprehensive list of the scientific names of these orchids.

13. Alumni Association of the College of Medicine, statues of "Asclepius" and "Hygeia" which were executed by Edouard Chassaing, who was director of the sculpture work of the W.P.A. Art Project Division.

14. Mrs. Ralph G. Mills of Decatur, a collection of about a thousand specimens of Illinois vascular plants to the Department of Botany herbarium. These were collected by the late Dr. Ralph G. Mills, a graduate of the University in the Class of 1903.

*Grants for Cooperative Investigations and Other Research Projects*

1. Swift and Company, Chicago, three grants:

(a) For a study of the nutritive requirements of young dairy calves by the Agricultural Experiment Station (this study to cover a period of three years), \$15,000.

(b) For studies relating to "Chemical Composition of Forage Crops (Cereals, other Grasses and possibly Legumes) as Influenced by Environmental Factors," under the supervision of the University Research Board (this study to cover a period of five years), \$22,500.

(c) For research by graduate students in Plant Physiology in the Department of Botany, \$1,800 (\$600 to augment work in progress during 1944 and \$1,200 for continuation of the research during the academic year, 1944-1945).

2. Aeration Processes, Incorporated, Columbus, Ohio, \$3,000 for continuation of a study of certain problems of ice cream manufacture by the Agricultural Experiment Station during the period September 1, 1944, through August 31, 1945.

3. Rohm & Haas Company, Philadelphia, Pennsylvania, \$5,000 for investigation of chemical materials with reference to their uses in dust, spray, dip, smear, and other formulations for the control of ectoparasites and insects attacking livestock and poultry, by the Illinois State Natural History Survey and the Agricultural Experiment Station, for the period October 1, 1944, through September 30, 1945.

4. A. E. Staley Manufacturing Company, Decatur, Illinois, \$1,200 for continuation of a study of amino acids and vitamin requirements in swine nutrition by the Agricultural Experiment Station, for the period October 1, 1944, through September 30, 1945.

5. American Zinc Institute, Chicago, Illinois, \$250 for a study of farm building repair needs by the Agricultural Experiment Station, for the period July 1 through December 31, 1944.

6. Grants for research on allergy antigens (research program of Dr. B. Z. Rappaport, Assistant Professor of Medicine, College of Medicine, and Dr. William H. Welker, Head of the Department of Biological Chemistry, College of Medicine) from: Mr. M. C. Birnkrant, \$3,000; Asthmatic Children's Aid, \$1,800; Messrs. A. D. Hornstein, \$500, William Meyer, \$300, and Philip S. Bloom, \$500; Mr. William B. Semco, of the Mayo-Reese Company, Chicago, \$500.

7. American Foundation for Tropical Medicine, Incorporated, New York City, \$2,200 for research in tropical medicine by Dr. Carroll L. Birch, Associate Professor of Medicine.

8. Cerophyl Laboratories, Incorporated, Kansas City, Missouri, \$1,050 additional for research work by graduate students in Plant Physiology in the Department of Botany (continuation of previous grants for the same purpose).

9. Abbott Laboratories, North Chicago, Illinois, \$1,000 for research in the Department of Physiology on the use of antispasmodics.

10. Thompson Hybrid Corn Company, Belmond, Iowa, \$1,000 for research in corn breeding by the Department of Agronomy.

11. American Dry Milk Institute, Chicago, \$600 for research by the Agricultural Experiment Station on protein requirements for growing and fattening pigs, for one year from September 1, 1944 (continuation of previous grants).

12. Honegger Brothers (Feed Mills, Poultry Farms, and Hatcheries), Forrest, Illinois, \$1,200 for work in swine nutrition by the Agricultural Experiment Station (in addition to \$300 reported April 29, 1943).

13. United Engineering Trustees, Incorporated, \$375 for electric welding research by the Department of Electrical Engineering.

14. George Davis Bivin Foundation, Cleveland, Ohio, \$300 for graduate student research in the Department of Psychology in mental hygiene of childhood.

15. Research Laboratories, S.M.A. Corporation, Chagrin Falls, Ohio, \$160 for graduate student research in Chemistry.

On motion of Mr. Nickell, the action of the President of the University in accepting these gifts was approved and confirmed.

**PETITION FROM UNIVERSITY STUDENTS FOR  
IMPROVED HOUSING FACILITIES**

(16) Miss Jean Hurt, the Editor of the *Daily Illini*, has just delivered at this meeting the following petition signed by 2560 students of the University of Illinois at Champaign-Urbana, excluding those in the Navy V-12 and the Army Specialized Training Reserve units:

We, the undersigned students, hereby petition the President of the University of Illinois to take immediate action for the alleviation of the inadequate and unsatisfactory housing conditions existing on the Urbana campus of the University. We solicit the efforts of the President as head of our University in securing the support of the Board of Trustees and the State Legislature for whatever legislation is necessary to provide adequate housing of good quality for all the students of the University not residing with parents or relatives.

This report was received for record.

**STATE APPROPRIATION FOR THE CONSTRUCTION  
OF RESIDENCE HALLS**

(17) In August, 1944, the University sent a questionnaire to alumni and former students serving in the armed forces requesting their opinions on certain questions to assist the University in planning its future programs. The questionnaire went to approximately 17,000 who were known to be in the armed forces and for whom addresses were available. Returns have been received from over 7,000. All of these returns have been studied, and at least 4,000 of the questionnaires contain useful information. Seventy-two per cent of those in this group state they wish to return to the University to complete requirements for degrees, or in the case of graduates to take refresher courses to assist them in taking up their professional and other work after the interruption of the war. A similar survey made by the Army among a group of college age men indicated that seventy-three per cent intended to continue their college work. Of course, all who say they intend to return will not do so, which means that these percentages will have to be discounted, but they nevertheless indicate that veterans will return in large numbers. In addition to the war veterans there will be many others now in war industries who will return to complete the requirements for degrees.

Another important factor to consider in future planning is that sixty per cent of the veterans who state that they intend to return are married and many of them have children. The returns from the University's questionnaire indicate that a large proportion of these married veterans will want to bring their wives and children with them when they return to the University. This further complicates the problem of providing adequate housing facilities for returning veterans.

The Chairman of the University Building Program Committee has presented this matter to the Post-War Planning Commission. The Commission has suggested that consideration be given by the University to requesting the General Assembly to make a special appropriation for the immediate construction of residence halls to house returning veterans. The University's post-war building program includes an item of \$3,000,000 for the construction of residence halls. The University Building Program Committee recommends that the General Assembly be requested to make an appropriation of \$1,500,000 beginning July 1, 1945, for the immediate construction of residence halls to house veterans. This item would then be removed from the building program for the first post-war biennium.

I concur in the recommendation.

On motion of Mr. Fornof, the President of the University was authorized to take immediate steps to formulate a program of housing and to secure the introduction and support the passage of legislation to implement the program.

**AUTHORITY TO CONFER DEGREES**

(18) A recommendation that the President of the University be authorized to confer degrees at the Commencement Exercises on February 4, 1945, on those candidates who will have qualified and will have been recommended for degrees by the University Senate.

On motion of Mr. Karraker, these degrees were authorized.

**UNIVERSITY POLICY ON DEVELOPMENT OF JUNIOR COLLEGES IN ILLINOIS**

Mr. Nickell, for the special committee on the Junior College Movement in Illinois, presented the following report.

At the meeting of the Board of Trustees on November 30, 1944, the President of the University presented a "Summary of Facts and Statement of Recommendations Regarding a System of Junior Colleges for the State of Illinois," this being a report of a study made by the Advisory Committee to the Bureau of Institutional Research of the junior college problem in Illinois. Such a study was requested by the Board of Trustees.

The Board referred this report to a special committee. At a meeting held in Chicago on December 12, 1944, the special committee reviewed the report and unanimously adopted it subject to certain changes. This meeting was held concurrently with meetings of other Board committees, including the Executive Committee, at which were present Trustees Livingston, Davis, McKelvey, Fornof, Nickell, and Jensen. The other Trustees present concurred in the approving action of the special committee on the Junior College Study. The report includes a declaration of general principles of policy regarding a system of junior colleges for the State of Illinois. This report as revised by the Committee was sent by the Secretary of the Board to all members of the Board. Since it was desirable to make public announcement as soon as possible of the policy of the University regarding the development of the junior colleges in Illinois, the Secretary polled by telephone those Trustees who were not present at the meeting on December 12, and secured their approval of the junior college report for release and publication. Since all members of the Board have approved it, the report was released to the press and copies of the release have been sent to all Trustees.

The Executive Committee on December 12 voted (subject to the approval of the Board) to authorize the printing of the complete report by the University Press as a joint publication of the University and the State Superintendent of Public Instruction.

Your committee submits this report of its actions for confirmation by the Board.

CHESTER R. DAVIS  
JOHN R. FORNOF  
VERNON L. NICKELL  
FRANK A. JENSEN, *Chairman*

On motion of Mr. Nickell, this report was approved and adopted.

**EXECUTIVE SESSION**

At this point, the Board went into executive session for the consideration of matters presented by the President of the University.

**BIENNIAL BUDGET FOR 1945-1947**

(19) On October 24, 1944 (Minutes, pages 273-276), the Board of Trustees approved the budget estimates for the biennium of 1945-1947. A budget of state appropriations was prepared and submitted to the Department of Finance as required by law. A copy of the budget set up and analyzed according to the classifications of the Department of Finance is submitted herewith.

The Illinois Budgetary Commission requested the University to send representatives to a hearing on the University's budget in Springfield on December 27, 1944. The following were present at this hearing:

*From the University***Members of the Board of Trustees:**

President PARK LIVINGSTON  
Mr. ORVILLE M. KARRAKER  
Mr. FRANK H. MCKELVEY

**Other University officials:**

President A. C. WILLARD  
Provost COLEMAN R. GRIFFITH  
Mr. LLOYD MOREY, Comptroller  
Mr. H. A. HAZLETON, Assistant  
Comptroller  
Mr. A. J. JANATA, Assistant to the  
President

*State Officials***Members of the Budgetary Commission:**

Representative HUGH GREEN, Chairman  
Senator FRANK RYAN  
Senator EVERETT R. PETERS  
Representative W. O. EDWARDS  
Representative EDWARD P. SALTIEL

**Officers of the Department of Finance:**

Director GEORGE B. MCKIBBIN  
Mr. T. R. LETH, Budget Director  
Mr. HORACE B. INGALLS

The University's budget was presented by the President of the Board, the President of the University, the Provost, and the Comptroller. There were discussions of the several items, based on questions from various members of the Illinois Budgetary Commission and the Director of Finance.

At the beginning of the hearing the Commission was advised that preparation of this budget began several months ago when there were prospects that the war in Europe either would be concluded by the summer of 1945 or would reach such stage as to permit demobilization of large numbers of men in the armed forces with the result that many of them would be going back to colleges and universities and the University's enrollment would be considerably increased. Within the last few weeks, and after the budget was submitted to the Department of Finance, the war situation in Europe has changed, temporarily at least. Consequently, the demands on the University, in anticipation of which certain provisions were included in the budget, may not materialize until several months after the beginning of the biennium. Partly in view of this and because of the general State budget situation, the Budgetary Commission requested that University officials restudy its budget with the view to making whatever downward revisions they can. The Commission suggested that any provisions for capital and other expenditures of a nonrecurring character, for example, equipment, be transferred from the University's operating budget for 1945-1947 to a special budget of appropriations to be made from surplus funds of the state instead of from current revenues. Consideration is being given to such an appropriation for all state agencies as a whole, funds so appropriated to become available July 1, 1945.

The budget has been restudied in the light of the discussion with the Budgetary Commission. The proposed changes have been reviewed by the University Council, which has endorsed them. I submit this revised budget to the Board with the recommendation that it be approved. The Budgetary Commission desires to have another hearing on the University budget after it has been revised by the Board of Trustees.

**PROPOSED READJUSTMENT OF BIENNIAL BUDGET FOR OPERATION, 1945-1947**

The biennial budget for operation for 1945-1947, as originally approved by the Board of Trustees and submitted to the Department of Finance and discussed with the Illinois Budgetary Commission on December 17, 1944, called for a total increase of \$10,379,447. The changes recommended here would reduce the proposed total increase to \$6,128,672.

No reductions are recommended in the following items:

Restoration of salaries of persons on leave.....	\$1 162 570
Retirement System.....	208 404
Faculty salary increases.....	929 020
Nonacademic salary increases.....	229 283
Wage adjustments.....	521 380
Physical Plant replacement and modernization (originally included under expansion of present programs and new programs).....	233 859
Contingent .....	200 000
Auxiliary enterprises (offset by income).....	236 870
<b>Total Increase for Above Items.....</b>	<b>\$3 722 346</b>

Adjustments are suggested in the following items:

	<i>Original Request</i>	<i>Revised Request</i>	<i>Reduction in Increase Requested</i>
New positions and wages for increased enrollment (eliminated entirely)...	\$1 282 339	.....	\$1 282 339
Supplies and equipment.....	548 840	\$300 000	248 840
Replacement and modernization.....	394 326	200 000	194 326
Expansion of programs (\$553,180 is to be requested in the general state appropriation for nonrecurring projects, making a net reduction of \$672,090 on this item).....	3 131 596	1 906 326	1 225 270
Betatron (item transferred to non-recurring projects).....	1 300 000	.....	1 300 000
<i>Totals</i> .....	\$6 657 101	\$2 406 326	\$4 250 775

Of the proposed reduction, the sum of \$1,853,180 will be requested separately in a general state appropriation for nonrecurring projects.

*Revised Summary by Funds*

	<i>Appropriated 1943-1945</i>	<i>Proposed Increase</i>	<i>Revised Request 1945-1947</i>
General Revenue and Mill Tax....	\$15 281 924	\$4 630 132	\$19 912 056
Reappropriated federal grants.....	320 262	.....	320 262
University income.....	4 501 460	1 498 540	6 000 000
<i>Totals</i> .....	\$20 103 646	\$6 128 672	\$26 232 318

Detailed schedules giving an analysis of these changes are submitted herewith.

On motion of Mr. Karraker, this revised budget was approved for presentation to the State Department of Finance.

**LEGAL SERVICES OF JUDGE SVEINBJORN JOHNSON**

(20) The Board of Trustees on September 29, 1944 (Minutes, page 227), authorized the employment of the services of Judge Sveinbjorn Johnson as special counsel for the University in the litigation in the Supreme Court on the attempt of the assessors of Champaign and Cunningham townships to assess the Men's Residence Halls and the Illini Union Building for general property taxes. The decision of the Supreme Court is given in the minutes of the meeting of November 30, 1944 (page 295).

Judge Johnson now renders a bill for \$2,480 for services in this matter (see below).

After discussion, and on motion of Dr. Meyer, this bill was ordered paid, and an appropriation of \$2,480 for that purpose from the General Reserve Fund was made, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Jensen, Dr. Luken.

December 12, 1944

BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, Urbana, Illinois, Dr.  
to

SVEINBJORN JOHNSON, 1007 West Church Street, Champaign, Illinois

*Re: Goodman v. University of Illinois, et al., in  
the Supreme Court of Illinois, No. 28276*

This case tested the power of Champaign County to tax the Union Building, the Men's Residence Halls, Illini Hall, and the Arcade properties. While the tax for the year 1942 alone was directly in issue, it was agreed that the decision would also dispose of the taxes for the years 1943 and 1944. There was at stake a sum of approximately \$80,000.

There were also at stake in this case certain principles of law of great importance to the University. One was whether property held in trust by the Uni-

versity of Illinois Foundation for the University, but controlled by the latter and used exclusively for public educational purposes, without a view to profit, is exempt from local taxation. We stood on four fundamental concepts, all of which were supported by judicial authority after a careful search through all reports of collected cases in this country, the last of which is summarized above; the Court based its decision on this concept and accepted our legal position on it *in toto*. The result is to establish as a matter of law an important capacity in which the Foundation may serve the University.

No lawyer without wide experience as a practitioner can appreciate the amount of time and labor entailed in preparing, briefing and arguing this case. The whole field of the law directly and indirectly bearing on the four concepts referred to was examined by me personally and literally hundreds of decisions read and abstracted. The case was prepared for trial, tried in and submitted to the County Court while I was on the staff of the University and the University was entitled to my services under my contract. This is, of course, excluded from consideration in the statement which follows. The brief is 81 pages; and the Court in its opinion accepted our position and our authorities as we presented both.

The legal set-up for these properties was my creation, and I built it with the thought in mind that sometime someone would be called upon to defend it against attempts to tax the properties. No lawyer, not familiar with the background, the history of the enabling statutes, and the legal documents running into over 100 pages, could have obtained a clear picture of this case and collected and briefed the pertinent authorities without several months of study.

The month of August was my vacation, as I informed the President's office. I was advised by the President of the University that it was the wish of the Board that I see the tax case through the Supreme Court; this assignment I accepted and, accordingly, on August 16 began checking the record in the case in anticipation of receipt of the brief. The record was over 80 printed pages, and there were about 40 exhibits in the case, consisting of approximately 200 typewritten pages. Appellant's brief was delivered on or about August 22, 1944.

Checking Record and Preparation of Brief, August 16 to September 12, inclusive, 146 hours.....	\$2 040
Oral Argument in Supreme Court, September 25.....	200
Tax Case in County Court, October 18 to 20, inclusive, 10 hours.....	240
Conferences with University of Illinois Officials and Report to President re Effect of Opinion, November 24, 25, 27.....	...
	<hr/> \$2 480

I have checked the reasonableness of the foregoing charges with experienced lawyers, both locally and in Chicago, one of these being a former member of the Supreme Court of Illinois; in their opinion the charges are substantially below what they would consider reasonable in the circumstances. I have estimated the value of the service rendered conservatively, and this notwithstanding the fact that the University still owes me my contract salary for the month of May 1942.

SVEINBJORN JOHNSON

#### ASSESSMENT OF UNIVERSITY BUILDINGS FOR GENERAL PROPERTY TAXES

(21) As reported to the Board on November 30, 1944 (Minutes, page 295), the Supreme Court of Illinois in the case of "People of the State of Illinois *ex rel.* Goodman v. University of Illinois Foundation, etc. No. 28276" affirmed the decision of the Champaign County Court which upheld the objections of the Board of Trustees of the University of Illinois and the Directors of the University of Illinois Foundation to the assessment of the Illini Union Building, Men's Residence Halls, Illini Hall, and the Arcade Building for general property taxes. After this decision the State's Attorney of Champaign County gave notice of intention to file a petition for a rehearing. Since then he has informed the Clerk of the Supreme Court that the petition is withdrawn. So this case is closed.

This report was received for record.

**FEE FOR LEGAL SERVICES OF MR. NUEL D. BELNAP**

(22) On April 8, 1944, the Board authorized the services of Mr. Nuel D. Belnap of the firm of Walter, Burchmore, and Belnap, Chicago, as special counsel in the proceedings before the Illinois Commerce Commission to obtain a reduction of freight rates paid by the University on coal purchased in the Danville area.

Mr. Belnap has been paid \$1,831.20 for services rendered and expenses incurred up to August 1, 1944. He has submitted an itemized statement for his services from August 1 through December 31, 1944, totaling \$806.67 (fee, \$550; other expenses, \$256.67). I submit this to the Board for approval of payment with the recommendation that an appropriation of \$806.67 be made from the General Reserve Fund for these services. Mr. Belnap's work has not been completed, but he is billing the University now for services to December 31, 1944, because that is the end of his law firm's fiscal year.

On motion of Dr. Meyer, this bill was ordered paid and an appropriation of \$806.67 was made from the General Reserve Fund, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Jensen, Dr. Luken.

**RECOMMENDATIONS RELATING TO PATENTABLE DISCOVERIES**

(23) The University Committee on Patents submits the following report and recommendations on patentable discoveries made by members of the faculty:

1. Electronic device representing mathematical functions. This was developed by Mr. Craig W. Goodwin, Instructor and Physicist in the Department of Psychiatry, College of Medicine, in the laboratory of the Department. After consulting with the Acting Head of the Department of Electrical Engineering, the Committee on Patents has concluded that the discovery does not have significant possibilities of commercial importance and therefore recommends that it be released to the inventor.

2. Method for preparation of pure soluble starch. This was discovered by Dr. William H. Welker, Professor and Head of the Department of Biological Chemistry, College of Medicine. After consulting with the Head of the Department of Chemistry, the Committee on Patents has decided the discovery does not have sufficient commercial importance to warrant the cost of a patent and the Committee therefore recommends its release to the discoverer.

On motion of Mr. Karraker, these discoveries were released as recommended.

**PATENT ON LIGHTWEIGHT INSULATING BRICK**

(24) The University Committee on Patents recommended to the Board (Minutes, June 1, 1944, page 950) the release to the inventors of a discovery of a process of making lightweight insulating brick, developed by Messrs. R. E. Grim and F. L. Cuthbert, of the State Geological Survey division, and W. H. Allaway, of the Department of Mechanical Engineering, as the result of a research investigation sponsored by the University of Illinois, the State Geological Survey, and the Illinois Clay Products Company. The Board referred this matter to the Committee on Patents, but no report has been made.

On motion of Mr. Karraker, this discovery was released as recommended.

**INJURY TO JEANNE DUNCAN GOOD**

(25) On March 19, 1942, Miss Jeanne Anne Duncan (now Mrs. Richard J. Good), then a student in the University, was injured in a physical education class in the Woman's Gymnasium. The question of the University's liability and of compensation for hospital and medical expenses incurred having been raised, the case was referred to the Committee on Accident Compensation for Employees for investigation.

It is the established policy of the University not to assume liability or responsibility for injuries to students during classroom, laboratory, or other instruction unless there is evidence of negligence on the part of the University or its agents, or of faulty equipment which the student is required to use. The Committee on Accident Compensation for Employees finds nothing in this case to

justify the claim of expenses relating to it. It is the judgment of the Committee that the University is not responsible for any neglect of duty in the handling of Miss Duncan's injury. The way, of course, is open for her and her father to submit their case to the State Court of Claims.

A more complete report on this case was sent to each member of the Board of Trustees in advance of this meeting and a copy is herewith given to the Secretary of the Board.

On review of this matter, and after discussion, on motion of Mr. Karraker, the Board voted that it saw no reason to take action.

#### DIRECTOR OF NONACADEMIC PERSONNEL

(26) On July 18, 1944 (Minutes, pages 16-17), the Board approved the establishment of an office of nonacademic personnel and appropriated additional funds for securing a new head for such an office to be added to budgets already included in the Business Office.

After several months careful inquiry and consideration of a large number of applications and recommendations, I now recommend the appointment of Donald E. Dickason as Director of Nonacademic Personnel at an annual salary of \$6,500 beginning on February 15, 1945, or as soon thereafter as he can report for duty. In accordance with practice concerning administrative appointments, this appointment will be for the remainder of the current academic year or until August 31, 1945.

Duties and responsibilities of this new position, as now conceived, are set forth in an accompanying memorandum.

The budget of the office is made up as follows:

#### BUDGET OF PERSONNEL DIVISION OF BUSINESS OFFICE

Urbana .....	\$9 335	
Chicago.....	<u>7 156</u>	\$16 491
Addition approved July 18, 1944.....		<u>10 000</u>
Total (Annually).....		\$26 491

The Comptroller presented this item.

On motion of Dr. Meyer, this appointment was made as recommended.

#### APPOINTMENT OF BALDWIN M. WOODS AS CONSULTANT ON AERONAUTICS

(27) Dr. Baldwin M. Woods, Professor of Mechanical Engineering at the University of California, was appointed Consultant on Aeronautics and Chairman of the Advisory Board on Aeronautics for the period January 1 through December 31, 1944, and has been paid an honorarium of \$2,000 plus a traveling allowance of \$500 for this service.

I recommend an extension of his appointment as Consultant on Aeronautics, under the same terms, for the calendar year beginning January 1, 1945.

On motion of Mrs. Grigsby, this appointment was made as recommended.

#### GIFT TO THE UNIVERSITY

(28) A report of gifts and grants of funds received by the University is being presented at this meeting. One item not included in the list is a gift of \$20,000 from Dr. Arthur E. Hertzler, Halsted, Kansas, for the development of Visual Aids in the Medical Sciences. Last year he gave the University \$14,000 for the same purpose. The donor has asked that no publicity be given to this gift.

On motion of Dr. Meyer, this gift was accepted with thanks.

#### MEMORIALS TO FORMER PRESIDENTS

(29) I recommend that consideration be given by the Board of Trustees to memorials for former Presidents. There are memorials on the campus to former Presidents Gregory, Peabody, and Burrill (Gregory Hall and Gregory Drive, Peabody Drive, and Burrill Avenue).

There are no memorials to Presidents Andrew S. Draper,<sup>1</sup> Edmund J. James,

<sup>1</sup>Draper Drive was discontinued when the Illini Union Building was erected.

and David Kinley. The Board of Trustees on January 23, 1943, adopted a report from its Committee on General Policy which includes a recommendation that "recognition of former Presidents shall be in the form of naming campus areas." The University of Illinois Statutes include a provision on "Naming of Streets and Drives" that "campus drives and thoroughfares shall be named after ex-presidents of the University."

The following suggestions have previously been offered but I am not sure to what extent they have been considered:

1. That the University Library be named for President James and that the Commerce Building be named for President Kinley.

2. That the area bounded by the Illini Union Building on the north and the Auditorium on the south be named "The James Quadrangle" and that the area south of the Auditorium be named "The Kinley Quadrangle." While this would be appropriate, it would be difficult to secure sufficient general usage of these names to make the memorials of significance.

It should be noted that the first suggestion is not in accordance with the policy established by the Board of Trustees, so that previous actions of the Board would have to be reconsidered if that suggestion is followed.

This matter was referred to the Committee on General Policy for study and recommendation.

#### **APPROPRIATION FOR PUBLIC FUNCTIONS**

(30) A request that an appropriation of \$3,500 be made from the General Reserve Fund for public functions to supplement the provision for this purpose in the budget for 1944-1945, for the current year only.

On motion of Mr. Forno, this appropriation was made as recommended, by the following vote: Aye, Mr. Forno, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Jensen, Dr. Luken.

#### **COMMUNICATIONS FROM DIRECTORS S. C. STALEY AND DOUGLAS R. MILLS**

(31) At the Board meeting on November 30, 1944, there was a discussion of the resignation of Mr. Victor Heyliger as Director of Student Personnel for the Athletic Association and reference was made to his relations with the Department of Intercollegiate Athletics and the School of Physical Education. I requested Mr. Douglas R. Mills, Director of Athletics, for a statement of the reasons for Mr. Heyliger's resignation and present his letter herewith. I also present a letter from Director S. C. Staley of the School of Physical Education reviewing Mr. Heyliger's previous services as a member of the staff of the Department of Physical Education for Men. Copies of these letters are being given to the Secretary of the Board for record.

This report was received for record.

#### **CASE OF DR. IVAN WRIGHT**

(32) At the meeting of the Board on November 30, 1944, one of the members read from a letter he had received from Dr. Ivan Wright, formerly Professor of Economics at the University of Illinois, in which Doctor Wright raised questions concerning the payment of his salary covering the time he was on leave of absence without pay and his equities in the University Retirement System which was in operation at that time. I submit a report covering the questions raised, and a copy of this report is hereby given to the Secretary of the Board for record.

This report was received for record.

#### **CASE OF DOUGLAS A. PHILLIPS VERSUS UNIVERSITY OF ILLINOIS ATHLETIC ASSOCIATION**

(33) Douglas A. Phillips while a student at the University of Illinois was injured on May 20, 1939, when participating in a water carnival which was part of the Interscholastic Circus sponsored by the Athletic Association. His injury

was severe and permanent. Proceedings were instituted before the Industrial Commission against the University and the Athletic Association for compensation under the Workmen's Compensation Act. The Commission dismissed the proceedings so far as the University was concerned but held the Athletic Association liable as an employer. The Circuit Court of Champaign County also held the Athletic Association liable. The case was appealed to the Supreme Court of Illinois, and the Supreme Court held on September 21, 1943, that the trial court, which sustained the findings of the Industrial Commission, was in error.

A detailed report on this case was made by Judge Sveinbjorn Johnson and presented to the Executive Committee on September 30, 1943. The Board (October 17, 1942, Minutes, pages 106-107) had previously authorized the University to join in an appeal to the Supreme Court.

The case was finally closed when a rehearing was denied by the Supreme Court on November 11, 1943. I am reporting this so that the records of the Board will show that the case has been closed.

This report was received for record.

#### UNIVERSITY BUILDING PROGRAM

(34) The College of Pharmacy has requested an appropriation of \$61,000 to provide facilities for the study, development, and improvement of domestic plants for use in drug manufacturing. The project contemplates leasing from the Morton Arboretum in DuPage County 44 acres of land at a nominal rental, the purchase of ten acres of land adjacent to the Arboretum, construction of buildings and other facilities. This proposal was not included in the biennial budget for 1945-1947 nor in the post-war building program as finally submitted and approved by the Board of Trustees. It has, however, been considered by the University Building Committee, which recommends that the Medical Plant research project be approved and that the cost be included within the total of \$2,900,000 approved by the Board of Trustees for the Chicago Colleges in the first biennium of the post-war building program. The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy and the Dean of the College of Pharmacy have concurred in this recommendation.

The University Council, which is advisory to the President in budgetary matters, and the Advisory Committee to the Bureau of Institutional Research, which acts for the Council in the preparation of biennial budget estimates, had authorized the University Building Program Committee to act for them in consideration of this proposal.

I concur in these recommendations and recommend further that the Board authorize the Chairman of the University Building Program Committee to request the Illinois Post-War Planning Commission to make the changes in the University's building program as previously presented to the Commission. It should be noted that this does not involve any increase in the total amount of the post-war building program.

The Committee on Special Appropriations and Nonrecurring Expenditures has recommended that an appropriation of \$2,800 be made for the purchase of 10.815 acres of land at the Morton Arboretum to begin this project, with the understanding that all further capital investments shall await the availability of funds for post-war projects. The operating costs of this small area would be carried in the budget of the College of Pharmacy. This is not entirely a new program but will replace one which has in the past been carried on at the Cook County Agricultural Experiment Station at Des Plaines, but this Station is no longer satisfactory for the purpose because of the industrial and other real estate developments in that area.

I concur and recommend that an appropriation of \$2,800 be made from the General Reserve Fund for this purpose.

On motion of Dr. Meyer, this recommendation was adopted and the appropriation was made, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mr. Jensen, Dr. Luken.

### FEDERAL EMERGENCY FARM LABOR BUDGET

(35) Federal funds again have been made available for the **Emergency Farm Labor Program** for the calendar year 1945 to be expended through the University Division of Agricultural Extension. The maximum amount which will be available for the year is \$337,619 (which includes approximately \$30,000 unexpended and carried forward from the year 1944), and the following budget is submitted covering estimated expenditures from January 1 to December 31, 1945:

Salaries (including Supervisors, Assistant Supervisors, and clerical help in the central office; appointments to be approved by the President).....	\$234 539
Wages (assistants and clerical help for County Farm Advisers and miscellaneous services).....	20 380
Travel.....	27 700
Housing and transportation of workers.....	28 100
Other expense.....	26 900
<i>Total</i> .....	<i>\$337 619</i>

The foregoing budget has been submitted by Dean and Director H. P. Rusk and has been reviewed by the Comptroller. I recommend its approval subject to adjustment within the total.

On motion of Mr. Karraker, this budget was approved as recommended, by the following vote: Aye, Mr. Fornof, Mr. Karraker, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Davis, Mr. Green, Mrs. Grigsby, Mr. Jensen, Dr. Luken.

### LEASE OF CONFECTIONERY IN ARCADE BUILDING

(36) The lease of the confectionery in the Arcade Building with Hanley-Lewis Confectionery Company expired on August 31, 1944. A new lease has been negotiated with John Katsinas of Champaign, for a period of six years and eight months from November 1, 1944, at a rental of \$350 a month, the same as for the previous lease. The University furnishes heat and hot water and keeps the exterior of the building in repair. The lessee is responsible for interior maintenance and for the installation of all equipment. The University agrees to remodel the basement and dish-washing area as soon as materials can be obtained and, if this remodeling is completed within the period of the lease, it is mutually agreed that the financial terms of the lease shall be subject to reconsideration.

The terms of the lease are approved by Director C. S. Havens and Bursar C. A. Webber who have carried on the negotiations.

The Comptroller recommends approval and requests authorization for himself and the Secretary of the Board to execute a lease in accordance with these conditions.

I concur and request approval.

The Comptroller presented this matter.

On motion of Mr. McKelvey, this lease was approved and authority to execute was granted as recommended.

### COMPENSATION AND WORKING CONDITIONS OF NONACADEMIC EMPLOYEES

(37) The University Council has approved in principle a tentative draft of a proposed policy relating to compensation and working conditions of nonacademic employees, prepared by the faculty committee on Civil Service, of which Professor R. N. Sullivan is Chairman. This draft has been submitted to the Board committee on Civil Service and Employees. Certain proposals in this policy depart from previous actions and policies of the Board, and before we indicate to employee groups that the University stands ready to make these changes, the Board should approve them in principle.

The Comptroller presented this matter and summarized the proposed policy, and Professor Sullivan commented thereon.

The Board approved the proposed policy in principle, subject to the formulation and presentation of definite amendments to the present regulations.

**ELECTION OF REPRESENTATIVES FOR COLLECTIVE BARGAINING**

(38) A recommendation that the Board authorize the chairman of the University Civil Service Committee to ask the State Department of Labor to hold an election to determine the collective bargaining representative for the janitors and janitresses on the Chicago campus. This authority is to be granted on the assumption that the unions involved will agree to the State Department of Labor as the agency to conduct the elections. If there is agreement between the unions and the University representatives on the unit for this election, the Department of Labor will be asked to proceed in accordance with that agreement. If no such agreement is reached, the State Department of Labor will be authorized to determine the appropriate unit for collective bargaining for this group.

President Livingston reported on a threatened strike of janitors in the Chicago departments. Professor Sullivan recommended that the first step to be taken should be the determination of the bargaining agency, and that the matter should not be discussed with employees until they have selected their bargaining agencies.

After discussion, and on motion of Mr. Karraker, the chairman of the Committee on Civil Service was authorized to proceed as recommended above.

**SALE OF ROSELAWN CEMETERY LOTS**

The Secretary presented the following report of sale of lots in Roselawn Cemetery since the last report of such sales:

<i>Date</i>	<i>Description</i>	<i>Purchaser</i>	<i>Sale Price</i>
December 4, 1944	SE¼ Lot 76 Section G	Mrs. G. W. Pickels	\$105

**DEGREES CONFERRED IN CHICAGO**

The Secretary presented also for record the following list of degrees conferred December 15, 1944, in Chicago. Three other degrees conferred in Chicago and not previously reported are included also.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**February 24, 1945**

The February meeting of the Board of Trustees of the University of Illinois was held on Saturday, February 24, 1945, at the University Club, 76 East Monroe Street, Chicago. The Board met in executive session from 10 a.m. to 12:30 p.m., in open session from 12:30 p.m. to 2:30 p.m., and again in executive session from 2:30 p.m. to 6:05 p.m.

The following members were present: President Livingston, Mr. Davis, Mr. Forno, Mrs. Grigsby, Mr. Jensen, Mr. McKelvey, Dr. Meyer; Mr. Walter W. McLaughlin, and Mr. Kenney E. Williamson, members-elect, sat with the Board during the entire day.

President Willard was present; also Mr. A. J. Janata, Assistant to the President; Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller; Professor C. R. Griffith, Provost, Mr. C. S. Havens, Director of the Physical Plant Department, Mr. J. F. Wright, Director of Public Information, and Mr. J. C. Colvin, Secretary of the University of Illinois Foundation.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of January 20, 1945.

On motion of Mr. Jensen, the minutes were approved as printed on pages 325 to 358 above.

**REPORT OF EXECUTIVE COMMITTEE MEETING  
OF FEBRUARY 15, 1945**

The Secretary presented for record the minutes of a meeting of the Executive Committee.

The Executive Committee of the Board of Trustees of the University of Illinois met at the University Club, 76 East Monroe Street, Chicago, at 4:30 p.m. on Thursday, February 15, 1945. Present: Mr. Park Livingston, Chairman, Mr. Chester R. Davis and Mr. Frank A. Jensen, members of the Committee, and President Arthur C. Willard, Dean Raymond B. Allen, and Mr. H. E. Cunningham, Secretary.

**Grant From Kellogg Foundation**

On request of President Willard, Dean Allen presented a recommendation of the faculty of the College of Medicine that a grant of \$90,000, over a period of three years, be accepted from the Kellogg Foundation to provide for short-term opportunities for graduate medical education for returning service men.

On motion of Mr. Davis, the acceptance of this grant was authorized.

The Executive Committee adjourned.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**BIENNIAL OPERATING BUDGET FOR 1945-1947**

(1) On January 20 the Board of Trustees approved revisions in the University's biennial budget estimates for 1945-1947 recommended by the University Council and the President of the University as a result of a conference with the Illinois Budgetary Commission held on December 27. The revised budget was submitted to the Department of Finance, and on January 31 representatives of the University appeared before the Budgetary Commission to present the revisions. While it gave no indication what recommendation it would make, the Commission gave the University delegation a full hearing and sympathetic consideration of its needs for the next biennium.

The following were present at this hearing:

*From the University*

Members of the Board of Trustees:  
President Park Livingston  
Mr. Frank H. McKelvey  
Mr. Orville M. Karraker

Other Officials of the University:  
President A. C. Willard  
Provost Coleman R. Griffith  
Mr. Lloyd Morey, Comptroller  
Mr. H. A. Hazleton, Assistant  
Comptroller  
Mr. A. J. Janata, Assistant to the  
President

*State Officials*

Senator Frank Ryan, Chairman  
Senator Everett R. Peters  
Senator T. Mac Downing  
Representative W. O. Edwards  
Representative C. A. Bruer  
Representative G. A. Williston  
Director George B. McKibbin  
Richard Yates Rowe, Secretary of the  
Commission  
Mr. H. B. Ingalls, Budget Examiner  
Mr. T. R. Leth, Budget Director

This matter was discussed at length, and from all angles. On motion of Mr. Davis, the Board's request of a total operating budget of \$26,232,318 for the biennium was unanimously reaffirmed; and the President of the University was authorized to sponsor the introduction of legislation to separate the items for services for crippled children and the reappropriation of federal funds from the University budget

proper, to call attention to the urgent needs of the University, to secure as much as possible, and to make such adjustments as may be necessary.

#### UNIVERSITY POST-WAR BUILDING PROGRAM

(2) On January 26 there appeared in the press an announcement of the recommendations made by the Illinois Post-War Planning Commission for public works construction by the State of Illinois during the first biennium following the war. On February 2, I wrote Mr. Oscar Nelson, Executive Secretary of the Commission, asking for a statement of the Commission's recommendations relating to the University of Illinois Building Program. He has sent me this information which confirms and amplifies what appeared in the press.

A comparison of the building programs (1) as recommended by the University Building Program Committee, (2) as approved by the Board of Trustees, and (3) as recommended by the Commission is shown in the "Analysis of Building Program for the First Post-War Biennium," a copy of which was sent to each member of the Board previous to this meeting. An examination of the three programs shows that the one approved by the Board of Trustees differs from the recommendations of the University Building Program Committee by the addition of \$2,300,000 for a Health and Physical Education Building. The program as recommended by the Commission differs from that submitted by the Board of Trustees by including the betatron and omitting four buildings:

Animal Husbandry Laboratories.....	\$ 435 000
Chemistry Laboratories.....	1 100 000
Mechanical Engineering Laboratories.....	1 233 000
Dairy Husbandry Laboratories.....	275 000
<i>Total</i> .....	<u>\$3 043 000</u>

I also sent each member of the Board a "Memorandum Concerning Program of the Illinois Post-War Planning Commission for the First Post-War Biennium Building Program of the University of Illinois," dated January 30, 1945, and prepared by Professor W. C. Huntington, Chairman of the University Building Program Committee. A copy of this memorandum is being given to the Secretary of the Board for record. This memorandum, with which I agree, discusses the significance of the differences between the program as recommended by the Board of Trustees and that recommended by the Commission. These changes would affect the educational and research programs of the University so seriously that I recommend that the Board of Trustees request the Illinois Post-War Planning Commission:

1. To reconsider its recommendation in the light of the total University program and restore the omitted buildings.

2. If it is the judgment of the Commission that these omitted items cannot be restored without adjustments elsewhere in the program in terms of the total amount of money involved, to approve a total allotment of \$14,669,000 for the University but remove the provision for the Health and Physical Education Building from its recommendations, leaving its consideration to the General Assembly as a project separate from the University's Building Program, thus permitting the restoration of the other items. If this can be done, Professor Huntington and I are of the opinion that we can include the four omitted buildings within the total of \$14,669,000.

The alternative proposal would be in line with the request made by Senator Everett R. Peters, Representatives Tom M. Garman, Charles W. Clabaugh, and Ora D. Dillavou, representing the Twenty-Fourth Senatorial District, and presented to the Board of Trustees on November 30 when they asked that the Board of Trustees do not include the funds for the Health and Physical Education Building in the University's building program but endorse the introduction by them of a separate appropriation bill for this project.

The Executive Secretary of the Commission has stated that the Commission will be willing to give the University a hearing.

On motion of Dr. Meyer, the Board voted unanimously to eliminate

the proposed Health and Physical Education Building from the requests for the first biennium of the Post-War Building Program, and to restore the four buildings eliminated by the Post-War Planning Commission (Animal Husbandry Laboratories, Chemistry Laboratories, Mechanical Engineering Laboratories, and Dairy Husbandry Laboratories) for the following reasons:

While the Board of Trustees recognizes the need and wide-spread public demand for the proposed Health and Physical Education Building at the University of Illinois, it now appears that recommendations have been made which will not allocate sufficient monies to permit its erection during the biennium 1945-1947 unless we postpone erecting four urgently needed educational buildings. The Board of Trustees therefore reaffirms the position previously stated, to wit:

It is the sense of the Board of Trustees that such Health and Physical Education Building shall not be requested if, by such appropriation either by separate bill or through the Post-War Planning Commission, there is interference with or diminution of the necessary total budgetary requirements for the educational purposes of the University of Illinois.

#### RECOMMENDATIONS RELATING TO PATENTABLE DISCOVERIES

(3) The Faculty Committee on Patents submits the following recommendations:

1. That Associate Professor J. R. Fellows and Associate J. C. Miles of the Department of Mechanical Engineering be authorized to consult with Chritton, Wiles, Schroeder, Merriam, and Hofgren, the University's patent attorneys, concerning certain discoveries made by them in the development of coal-burning devices and that the Board of Trustees authorize applications for patents if in the opinion of patent counsel there is sufficient novelty in these discoveries to warrant their patenting. The discoveries are improvements in previous devices developed by Messrs. Fellows and Miles.

2. That the firm of Brown, Jackson, Boettcher, and Diener, patent attorneys in Chicago, be consulted about the discoveries for improvements in the betatron, and that the Board authorize applications for patents on these discoveries if in the opinion of the attorneys that is advisable. These discoveries have resulted from the researches of Professor D. W. Kerst, Dr. Gail D. Adams, Research Physicist, and others of the Department of Physics, and have been made in large part in connection with research work on contracts with the Office of Scientific Research and Development. Because of the confidential nature of this work, information on the subject is restricted and details cannot be given.

I concur in these recommendations.

On motion of Mr. Davis, authority was granted for consultation with Chritton, Wiles, Schroeder, Merriam, and Hofgren on these discoveries, since it is desirable for the same firm to represent the University and the Foundation in these matters.

#### UNIVERSITY LOTS IN ROSELAWN CEMETERY, CHAMPAIGN

(4) In 1930 the University purchased the unsold lots in Roselawn Cemetery for the purpose of ultimately removing all burials in this cemetery and in adjacent Mt. Hope Cemetery, thus providing for future expansion of the campus in these areas. On May 27, 1936, the Board reversed this policy by approving a recommendation from its Committee on Buildings and Grounds that the University sell its holdings and use the proceeds for the purchase of other desirable property. Accordingly, the University has disposed of a part of its holdings, gradually selling lots as buyers could be found.

Mr. J. W. Thrasher of Champaign made the following offer to purchase the University's unsold lots in Roselawn Cemetery:

Champaign, Illinois  
January 18, 1945

*Hon. Park C. Livingston  
c/o Dean Milk Company  
20 North Wacker Drive  
Chicago, Illinois*

*Pres. A. C. Willard

RE: ROSE LAWN CEMETERY, CHAMPAIGN, ILLINOIS

Inasmuch as University ownership of unsold lots in the above cemetery has proved very unsatisfactory from the standpoint of present lot owners in the cemetery on account of unsatisfactory upkeep and lack of a future plan of constructive maintenance, it is my opinion that the cemetery could be best handled by a private individual or individuals.

You no doubt are aware that several thousand dollars are required to rebuild the drives, correct the bad drainage situation, repair fences and properly landscape the premises. You are no doubt further aware of the fact that the endowment fund is insufficient to in any way meet the annual operating expenses required for ordinary annual maintenance.

I am informed that University ownership in this cemetery has been a source of annoyance, both to the officials of the University and the public at large.

Taking the above matters into consideration, I have decided that I would be willing to purchase the unsold lots in Rose Lawn Cemetery and spend sufficient money to do the things enumerated above required to bring the cemetery up to a comparable basis with other cemeteries in Champaign County.

I will pay the University \$8,500.00 for the unsold lots and spend an amount of money necessary to do the above things described, which according to estimates, will run into many thousands of dollars.

You may consider this an offer and I would appreciate an early reply as I am not willing to leave the offer open indefinitely.

If you desire to discuss the matter, you may contact me at the Trevett-Mattis Banking Company, Champaign, Illinois.

Very truly yours,

J. W. THRASHER

With reference to Mr. Thrasher's statements that (1) University ownership of unsold lots is unsatisfactory from the standpoint of present lot owners because of unsatisfactory upkeep and lack of a future plan of constructive maintenance, and (2) the endowment fund is insufficient to meet the annual operating expenses for satisfactory maintenance, it should be noted that the University has not attempted to make any major investments for improvements, but on the other hand it has cooperated with the Roselawn Cemetery Association, which is the representative of other present lot owners, in the improvement and maintenance programs. The University has invested for maintenance and improvements sums in proportion to those invested by the Association. Due to the Association's small endowment fund, maintenance has been inadequate, but the University is not responsible for this nor for the inability of the Association last year to find someone to do the necessary maintenance work. In fact, as a last resort the University put its employees in the Cemetery to cut the grass and do other maintenance work shortly before Memorial Day. The condition of the Cemetery at that time resulted in considerable dissatisfaction, which reflected on the University but for which the Association was responsible. It has been suggested to the Association that the endowment be increased, but any steps toward this end would have to be taken by the Roselawn Cemetery Association.

The University has made efforts to dispose of its holdings in the Cemetery by:

1. Attempting to find an agent to represent the University in the sale of the lots on a commission basis.
2. Attempting to sell the property to other Cemetery operators.

3. Interesting private investors in the purchase of the property.
4. Advertising the lots for sale directly to private purchasers.

The original holdings and sales of lots are as follows:

	<i>Purchased</i>	<i>Sold</i>
Full lots (20' x 24').....	183	2
Quarter lots (10' x 12').....	159	57
Single burial spaces (10' x 3').....	260	17
<i>Total</i> .....	602	76
Purchase price.....	\$22 000 00	
Attorney's fee.....	292 48	
<i>Total Original Investment</i> .....	\$22 292 48	
Expense to September 30, 1944.....	3 478 75	
<i>Total Investment as of September 30, 1944</i> .....	\$25 771 23	
Gross sales to date.....	\$6 535 00	
Advertising expense.....	105 03	6 429 97
<i>Net Investment as of September 30, 1944</i> .....	\$19 341 26	

Even on the basis of the prices (they are relatively lower than other cemetery rates) at which the University has been selling its lots during the past several years, the retail value of the present unsold lots amounts to approximately \$93,000. It is recognized that some improvements will have to be made and that the University will have to make such an investment if it retains control of its lots and desires to promote an active sales program, but these should not be in excess of \$10,000 and probably would be less. Therefore, it is possible to make a substantial profit on the sale of the remaining lots.

The University should dispose of its holdings as soon as possible, and while ultimately it might make a substantial profit through direct sales to individual purchasers, the University should not be primarily interested in making a profit or in continuing in the cemetery business but should recover at least its original investment. Under the circumstances the University would not be justified in accepting any loss.

The Director of the Physical Plant Department and the Comptroller recommend and I concur that the University reject Mr. Thrasher's offer of January 18. I further recommend that the University do not consider any offer which would not recover its present investment and expenses incurred in holding this property.

On motion of Mr. Jensen, these recommendations were approved and adopted.

#### EMPLOYMENT OF ATTORNEYS

(5) As previously reported to the Executive Committee of the Board (November 2, 1944, Minutes, page 289), Dean Albert J. Harno of the College of Law and Legal Counsel has requested authority to employ local (Champaign and Urbana) counsel to represent the University in cases which because of their nature and the time required, especially for appearances in Court, can not be handled by him and other members of the faculty of the College of Law without interference with their teaching and other University duties.

The Executive Committee authorized the employment of Chapman and Cutler in two of these cases. One of them, the case of Verne E. Scott v. The Industrial Commission and the University of Illinois, a workmen's compensation case, may involve an appeal to the Supreme Court. Chapman and Cutler have suggested that in this case they be authorized either to employ local counsel to be associated with them, or that such local counsel represent the University directly. In view of this, Dean Harno recommends that (1) Chapman and Cutler be relieved of further responsibility in the Scott case and that they be asked to turn it back to the University, which is agreeable to that firm; and (2) the Board authorize the employment by the University's Legal Counsel of

local attorneys from time to time as their services may be needed. There is not likely to be a heavy demand for the services of outside counsel and they would be used only in minor and routine cases. In cases of major litigation recommendations would be presented to the Board for employment of such special counsel as may be required.

I concur in these recommendations.

On motion of Mr. Davis, these recommendations were adopted.

#### LEGAL ATTACK ON ACCOUNTANCY ACT

(6) Dean Harno reports that a complaint in chancery for an injunction against the University of Illinois and others was filed recently in the Circuit Court of Cook County. It arises out of an act passed by the General Assembly in 1943 entitled, "An Act to regulate the practice of public accounting and to repeal certain acts therein named." (*Laws of Illinois*, 1943, p. 999).

The complaint attacks the constitutionality of the 1943 act. Three individuals are named as plaintiffs. The defendants are the University of Illinois, the members of the Board of Trustees, each member being named individually, and Mr. Frank G. Thompson, Director of Registration and Education of the State of Illinois.

Dean Harno believes that we should proceed on the assumption that this case will not stop with the action of the Circuit Court but that it will be carried to the Supreme Court of Illinois and possibly also to the Supreme Court of the United States, since a question of federal constitutional law is raised in the complaint. It would seem that the Attorney General of Illinois will be involved in the defense, since the Director of Registration and Education is named as a defendant.

Dean Harno recommends that the employment of Mr. Walter F. Dodd of Chicago as special counsel in this matter be authorized by the University. Mr. Dodd is well known as a constitutional lawyer. While Dean Harno has known him for many years and has been cognizant of his capabilities, he has taken the precaution to inquire of some lawyers in Chicago in whose judgment he has confidence, and their judgment also is that Mr. Dodd is probably the best qualified man in this field that the University can employ.

On motion of Dr. Meyer, Dean Harno was authorized to retain counsel in this matter after conference with other interests involved in order to get the whole picture.

#### REPORT ON THE STATUS OF THE SETTLEMENT OF THE H. G. WRIGHT ESTATE

(7) An additional sum of \$12,000 has been received by the University from Mr. Paul T. Wright in partial settlement of the H. G. Wright estate. The University has now received a total of \$167,920.24 as follows:

952 acres of land at an agreed	
value of \$200 an acre.....	\$190 400 00
Less mortgages outstanding and	
assumed by the University.....	55 500 00
	<u>\$134 900 00</u>
Cash.....	33 020 24
Total.....	<u>\$167 920 24</u>

There is still due the University from the estate approximately \$6,000, but payment of this amount is being deferred pending review by the Collector of Internal Revenue of the H. G. Wright estate for the years 1940, 1942, and 1943. The year 1941 has been examined and the additional tax determined. If any additional tax is assessed for the years under review, the amount due the University will be reduced by 65 per cent of the added liability in accordance with the agreement signed by the University (Minutes, July 25, 1944, page 26).

This report was received for record.

**AMENDMENT OF COURT OF CLAIMS ACT**

(8) In the case of Verne E. Scott *v.* The Industrial Commission and the University of Illinois (a workmen's compensation case), the Circuit Court in Champaign County held that employees of the University are not employees of the State, and therefore the Industrial Commission and not the Court of Claims has jurisdiction over claims for compensation for injuries.

In the judgment of the University's legal counsel it is preferable that claims for workmen's compensation made by employees of the University of Illinois be under the jurisdiction of the Court of Claims instead of the Industrial Commission. He, therefore, recommends that the University seek legislation amending the Court of Claims Act which will definitely place jurisdiction over such cases in the Court of Claims. A copy of the bill for such an act is submitted herewith.

I recommend that the Board of Trustees authorize the introduction of this legislation.

On motion of Mr. Jensen, this authority was granted.

**CONTINUATION IN SERVICE OF MR. H. E. CUNNINGHAM**

(9) The law creating the University Retirement System of Illinois provides that "... upon the written request of the Employee and upon certification of the Employer, in exceptional cases and for substantial cause, such retirement shall be deferred for a period not to exceed one year at any one time." Mr. H. E. Cunningham has requested that he be continued in active service for the year beginning September 1, 1945, and that he be not retired as of that date. In his case there are two Employers and three positions to be considered: (1) Director of the University Press and of the Information Office; (2) Secretary of the Board of Trustees; and (3) Secretary of the University Retirement Board.

So far as the position of Director of the University Press and of the Information Office is concerned, I recommend approval. The President of the University has no official responsibility with respect to his status in the other two positions.

On motion of Mrs. Grigsby, and by unanimous vote of record, the continuance of Mr. Harrison E. Cunningham in active service for the year beginning September 1, 1945, was approved and authorized.

**OPEN SESSION**

At this point, the President of the Board declared that the meeting would continue in open session.

**TRIBUTE TO ROBERT FRANKLIN CARR**

Dr. Meyer presented the following memorial, and moved its adoption.

The Board of Trustees records with deep sorrow the death on January 22, 1945, of Mr. Robert Franklin Carr, a former member of the Board and one time its President.

Mr. Carr was one of the most distinguished and loyal alumni of the University of Illinois. Conspicuous among his services were those of Trustee of the University from 1915-1921 and President of the Board from 1919-1921; Chairman of the Stadium Executive Committee (the organization which raised funds for the University of Illinois Memorial Stadium); and Director of the University of Illinois Foundation from 1935 until the time of his death. Aside from these, through all the years following his graduation in 1893, he was always willing and ready to serve his Alma Mater and he did so in many ways which do not appear in the public record.

The members of the Board of Trustees are deeply grateful for all of these services and for his personal friendship.

*Be it resolved* that this tribute to a former colleague and good friend be recorded in the Minutes of the Board and that copies of this resolution be sent by the Secretary to the surviving members of Mr. Carr's family.

This resolution was adopted by unanimous vote.

**TRIBUTE TO GEORGE ANDREW BARR**

Mr. McKelvey presented the following memorial and moved its adoption.

The Board of Trustees of the University of Illinois records with profound sorrow the sudden passing on January 26, 1945, of Mr. George Andrew Barr, a former member and one-time President of the Board.

Mr. Barr was a distinguished attorney but was even more distinguished for his public and civic services. Among them were many years of service to the University of Illinois as a member of the Stadium Executive Committee (the organization which raised the funds for the University of Illinois Memorial Stadium); member of the Board of Trustees, from 1925 to 1937, President of the Board from 1930 to 1932; and Director of the University of Illinois Foundation during 1935-1936 and 1941-1942. On June 1, 1942, he became a member of the Foundation and continued in that capacity until his death.

Mr. Barr was one of the University's distinguished and loyal alumni. From the time of his graduation in 1897 until his death he manifested a fine interest in his Alma Mater and was ever willing and ready to serve her in any way he could.

*Be it resolved* that the Board of Trustees hereby records this tribute to a former colleague and expression of its deep sense of loss in the passing of a dear friend.

*And be it further resolved* that a copy of this resolution be sent by the Secretary of the Board to Mrs. Barr with a message expressing the sympathy of the Board in the loss which her family has suffered.

This resolution was adopted by unanimous vote.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**APPOINTMENTS TO THE STAFF**

(1) A report of the following appointments to the staff effective September 1, 1945:

1. Royal A. Gettmann, Associate Professor of English on indefinite tenure at an annual salary of \$4,500.

2. Arthur E. Christy, Professor of American Literature on indefinite tenure at an annual salary of \$7,000.

The above appointments are to fill the vacancies created by the death of Professor Walter J. Graham and the retirement of Professor H. G. Paul. Professor Graham died in September, 1944, and Professor Paul retired September 1, 1943, but has been recalled for active service for the current year because of the shortage of staff in the Department of English.

3. Ernest O. Herreid, Professor of Dairy Manufactures, beginning March 1, 1945, at an annual salary of \$4,600.

On motion of Mrs. Grigsby, the action of the President of the University in authorizing these appointments was approved and confirmed.

**APPOINTMENT OF J. E. SCHAEFER TO ADVISORY BOARD ON AERONAUTICS**

(2) On recommendation of the other members of the University of Illinois Advisory Board on Aeronautics at its initial meeting on June 30, 1944, Mr. J. E. Schaefer, Vice-President of the Boeing Airplane Company, Wichita Division, Wichita, Kansas, was made a member of the Board. He accepted the appointment on July 19, 1944.

On motion of Mr. Jensen, the action of the President of the University in authorizing this appointment was approved and confirmed.

**AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT**

(3) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications there-

for under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. Candidate who holds the certificate of Public Accountant in Illinois received on the basis of the regular semiannual routine examination given by the Board of Examiners of the Department of Registration and Education. (Section 4, a-2):

RALPH ANSELL RIGDEN

2. The following person is recommended for the Illinois C.P.A. certificate on the basis of having satisfactorily passed an examination given by the Special Five-Man Board of Examiners (Section 4, b):

FREDERICK HERMAN SOMMER

3. Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 5):

WILLIAM LEROY ASHBAUGH (N.Y.)	JAMES FRANCIS LEACH (N.Y.)
ANDREW WILSON BARR (Mich.)	NICHOLAS ALOYSIUS LEITNER (Ind.)
ARCHIBALD JOHN BLOODSWORTH (N.Y.)	ERNEST ORVILLE LOTHROP (Mass.)
ARTHUR LAWRENCE BROCKWAY (Pa.)	LEONARD ARTHUR MALLETT (Wis.)
PERCIVAL FLACK BRUNDAGE (N.Y.)	JAMES WOODROW MATHEWS (N.Y.)
RENICK HULL BUCKLES (Neb.)	JOHN WILLIAM FRASER NEILL (N.Y.)
CHARLES PETER CARRUTHERS (Minn.)	EMILE RUDOLPH NIEMELA (N.Y.)
WILLIAM CHARLES (Ind.)	ELMER R. PAHNKE (Ind.)
CLIFFORD CONNELL (La.)	ALAN PATRICK LLEWELLYN PREST (Ind.)
CHESTER WHITING DEMOND (N.Y.)	ORVILLE KENNETH PRYOR (N.Y.)
THORNTON GOODLOE DOUGLAS (Mo.)	PERCY RAPPAPORT (N.Y.)
MITCHELL SOLOMON DVORET (D.C.)	ALDEN CONNORAN SMITH (N.Y.)
CHAUNCEY COLE FLAGG (Mo.)	WILLIAM HARRY STOUT (Ohio)
DAVID FRANCIS HOULIHAN (Mass.)	PAUL EUGENE WARNICK (Calif.)
JOHN BETHUNE INGLIS (Wis.)	ROBERT WARREN WILLIAMS (N.Y.)
ANTHONY JAUREGUY (Mass.)	RICHARD EDWARD VOLLERTSEN (Ky.)
WILLIAM WEBSTER LAW (N.Y.)	ROBERT STIRLING WARNER (Mo.)

I concur.

On motion of Mr. McKelvey, these certificates were awarded as recommended.

#### CHANGES IN REGULATIONS GOVERNING SMITH MUSIC SCHOLARSHIPS

(4) By the terms of a gift of the late Captain Thomas J. Smith of funds to build the Smith Memorial Hall, which was accepted by the Board of Trustees, the Board of Trustees established four scholarships each year for women students in the School of Music who are unable to pay the customary charges for instruction in the School of Music. Preference is given to applicants from Champaign County as provided in the will, but others are encouraged to apply. These scholarships are awarded on the basis of comparative promise in Music as judged by the Smith Scholarship Committee of the School of Music. Each applicant must submit an essay of 250 words on some subject in music chosen by herself. This scholarship exempts the holder from the matriculation and incidental fees and the special fee for instruction in applied music for a period of one year. It may be renewed for a second, third, or fourth year, if the student maintains an average of "B" in the University.

The Committee which administers the awards of these scholarships is concerned over the number lost through failure of the holders to achieve the very high scholastic average required for renewal. It, therefore, has recommended the following changes in the regulations:

1. The scholarship may be renewed for a second year if the holder maintains a scholastic average of 3.5 during her freshman year and it may be extended for a third and a fourth year if the holder maintains during the preceding year a scholastic average of 4.0.

2. If the scholarship holder fails to maintain an average grade high enough to merit renewal, the scholarship shall be suspended, but it may be restored when

she has completed a semester of work with an average of 4.0. There is no provision in the rules at the present time for the restoration of a scholarship because the holder has failed to maintain the required average for one year.

On motion of Mr. Davis this matter was referred to the President of the University for further study.

#### CHANGE IN ORGANIZATION OF THE GENERAL ADVISORY COMMITTEE

(5) The University of Illinois General Advisory Committee was established by authority of the Board of Trustees of the University to advise the President of the University on matters relating to the welfare of the institution, its development and services to the State, and on questions of general public policy. The plan of organization and appointments to the Committee are as follows:

##### *Name*

The Committee shall be known as "The University of Illinois General Advisory Committee."

##### *Appointments and Tenure*

(a) Appointments to this Committee shall be made by the Board of Trustees on the nomination of the President of the University.

(b) Tenure of appointment shall be four years.

*Note:* The officers and directors of the University of Illinois Alumni Association and of the University of Illinois Dads' Association have been included as members of the General Advisory Committee in an ex-officio capacity. The term of membership of these two groups on the General Advisory Committee is determined by their terms of office in their respective associations.

(c) There shall be no fixed number of members, but in general it shall be no fewer than fifty nor more than seventy-five.

(d) Members shall serve without compensation.

##### *Organization and Meetings*

(a) When at least fifty appointees have accepted membership and as soon thereafter as it is expedient, and on the call of the President of the University, the Committee shall meet at the University for the purpose of electing subcommittees and to organize a program of activities.

(b) The Chairman of the Committee will be appointed from its membership by the Board of Trustees on recommendation of the President of the University.

(c) The Committee shall hold meetings on call of the President of the University.

(d) The Committee shall elect an Executive Committee consisting of from five to seven members to act for the Committee when necessary between general meetings. The Executive Committee shall elect a chairman. The Secretary of the Board of Trustees shall be ex-officio Secretary of the Committee, of its Executive Committee, and of subcommittees.

(e) The Committee shall have authority to appoint such standing subcommittees and special subcommittees as it may deem necessary for consideration and transaction of the business of the Committee.

I recommend that the organization of and conditions governing appointments to this committee be changed as follows:

##### *Appointments and Tenure*

(c) There shall be no fixed number of members but they shall not exceed 200.

(e) Alumni of the University shall be eligible for membership.

This matter was referred to the Committee on General Policy to discuss with the President of the University and Major Lenox R. Lohr and to make a recommendation to the Board.

#### WORKING FUND FOR PURCHASE OF SURPLUS EQUIPMENT

(6) A considerable amount of surplus war equipment is gradually becoming available, and the amount is likely to increase steadily. The government is setting up procedures for the disposition of such equipment, but the organization and methods for handling this matter are still incomplete. A joint committee

representing University departments, with H. M. Edwards, Purchasing Agent, as Chairman, has been appointed by the President, and is studying the needs of departments and keeping in touch with available opportunities.

When opportunities for advantageous purchase arise they must be acted on promptly. To that end the chairman of the committee has requested, and the Comptroller concurs, that a working fund of \$25,000 from the General Reserve be made available from which immediate purchases may be made on the recommendation of departments and with the approval of the committee or, in urgent cases, of its chairman. In some instances, departments will be able to cover such purchases out of their current budgets. Many departments have filed requests for assignments for such purposes in the next biennium, and certain provisions of this kind are tentatively included in our biennial budget.

The proposed fund would be used in cases where budget authorization is not available and in partial fulfillment of tentative assignments for the next biennium. When purchases are made they will be reported, and specific appropriations will be made at that time to reimburse the fund.

I concur and recommend approval.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken, Mr. Nickell.

#### ASSIGNMENT OF UNAPPROPRIATED AGRICULTURAL INCOME

(7) The Dean of the College of Agriculture and the Comptroller recommend that the Board of Trustees authorize the transfer of up to \$5,000 from unappropriated agricultural income to various departments in the College of Agriculture, the assignments to be made on recommendation of the Dean to the Comptroller. Included in this total is an appropriation of \$1,835 from Agronomy Unappropriated Income to cover costs of printing a bulletin on "The Effects of Soil Treatment on Soil Productivity." Other transfers will be made from time to time as special nonrecurring needs arise for items not amounting to more than \$1,000. This will eliminate the necessity of bringing to the Board of Trustees routine items involving expenditures which are clearly within the established policy of the University but for which appropriations must otherwise be made.

I concur and recommend approval.

On motion of Mr. Fornof, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken, Mr. Nickell.

#### APPROPRIATION FOR PHYSICAL PLANT IMPROVEMENTS

(8) The budget for the current year contains an item of \$10,000 for improvements to cover remodeling and alterations in buildings and other facilities required by departments to meet changing conditions in their work in both Urbana and Chicago. The appropriation is expended for items not in excess of \$1,000, on requisition of the Physical Plant Department approved by the Comptroller. Items in excess of \$500 are reviewed by the Committee on Special Appropriations and Nonrecurring Expenditures.

The free balance in the present appropriation is less than \$1,000, and the Physical Plant Department advises that this will probably be insufficient to take care of urgent needs for the remainder of the year. The Comptroller suggests an additional appropriation of \$5,000 for this purpose from the General Reserve.

I concur and recommend approval.

On motion of Mr. McKelvey, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Mr. Karraker, Dr. Luken, Mr. Nickell.

**SPECIAL APPROPRIATIONS BY ATHLETIC ASSOCIATION**

(9) The Board of Directors of the Athletic Association has recommended the following special appropriations out of the income of the Association:

1. A detailed report by the firm of Holabird and Root on rehabilitation of the Stadium, \$3,500.
2. Compensation to the Alumni Association for services rendered the Athletic Association, \$3,000.

The Comptroller submits the request of the Athletic Association that these appropriations be approved by the Board of Trustees, and I so recommend.

On motion of Mr. Davis, these appropriations were approved as recommended.

**PURCHASES RECOMMENDED**

(10) The Comptroller recommends that the following purchases submitted by the Purchasing Agent be authorized:

1. Twenty-five Simmons hospital beds and accessories, which are required at the Illinois Eye and Ear Infirmary, from V. Mueller & Company, Chicago, the lowest bidder, at a total price of \$2,806.80.

2. One Riehle combination impact testing machine, requested by the Mining and Metallurgical Engineering Department, from Riehle Testing Machine Division of American Machine and Metals, Inc., East Moline, Illinois, at a cost of \$1,045 f.o.b. Urbana.

3. 1730 tons screenings coal requested by the Physical Plant Department for use at Abbott Power Plant during March, 1945, from Taylor-English Coal Company, Danville, Illinois, at a total cost of \$4,757.50. This cost is based on a price of \$2.15 a ton f.o.b. mine, or an approximate cost of \$3,719.50 plus 60¢ a ton, or \$1,038 freight.

Quotations received:

	<i>Price</i>	<i>F.O.B. Mine</i>	<i>Freight</i>	<i>Total</i>
Taylor-English Coal Company, Danville.....	\$2.15	Catlin	\$ .60	\$2.75
Lafayette Coal Company, Chicago.....	1.80	Livingston	1.30	3.10

It is necessary that this order be placed by February 24 for March delivery.

I concur.

On motion of Mr. Jensen, these purchases were authorized as recommended.

**PURCHASES AUTHORIZED**

(11) The following is a report of purchases proposed by the Purchasing Agent and authorized by the Comptroller as emergency items:

1. Surplus "instructional materials" owned by the United States Army and used in the A.S.T. Dental Training Program, tendered for purchase by the Army Service Forces in accordance with the contract under which the program was operated. This material is quoted as follows:

Books .....	\$ 6 553 49
Equipment .....	11 688 77
<i>Total</i> .....	<u>\$18 242 26</u>

2. Textbooks for the Chicago Student Supply Store, for use in courses in the Colleges of Medicine and Dentistry, for A.S.T.P., N.C.T.P., and civilian enrollees (848 students), from the Chicago Medical Book Company at a total cost of \$15,216.30. Prescribed lists of texts and manuals were submitted by the deans of the respective colleges. These books are quoted as follows:

Dental books.....	\$ 2 383 40
Medical books.....	12 832 90
<i>Total</i> .....	<u>\$15 216 30</u>

3. 160—15" x 18" x 72" steel lockers, requested by the Physical Plant Department, from the Interior Steel Products Company, Chicago, the only bidder, at a total cost of \$2,052.80.

4. One electric furnace, requested by the Ceramic Engineering Department, from the Hevi Duty Electric Company, the lowest bidder, at their price of \$2,396.25 f.o.b. Milwaukee.

5. 2,850 tons screenings coal, requested by the Physical Plant Department for use at Abbott Power Plant during February 1945, from the Taylor-English Coal Company, Danville, at a total cost of \$7,837.50.

6. Three 7" Berger transit theodolites, requested by the College of Engineering, from Charles Bruning Company, Inc., Chicago, at their price of \$2,610. (This is a non-competitive item; emergency action was necessary to obtain required delivery.)

7. One G.M.C. dump truck, requested by the Physical Plant Department, from Dillavou Brothers, Champaign, at a cost of \$1,803.52. (Emergency action was necessary to obtain delivery of available truck.)

8. Shingles, as follows, requested by the Physical Plant Department, from the Structural Slate Company, Chicago, the lowest bidder, at their price of \$1,925 f.o.b. Urbana:

5500—10" x 16" x  $\frac{1}{4}$ " black slate shingles  
 4800—10" x 18" x  $\frac{1}{4}$ " black slate shingles  
 5500—10" x 16" x  $\frac{1}{4}$ " unfading green shingles  
 4800—10" x 18" x  $\frac{1}{4}$ " unfading green shingles

(Emergency action was necessary because this material was offered subject to prior sale.)

9. One lot of valves and pipe fittings, requested by the Physical Plant Department, from the Crane Company, Chicago, the lowest bidder, at their price of \$1,760. (Emergency action was necessary as the quotation was subject to prompt acceptance.)

10. 2,736.607 bushels No. 4 yellow shelled corn, requested by the Animal Husbandry Department, from William McGath, Champaign, at a total cost of \$2,750.29, or a unit price of \$1.005 a bushel. (Emergency action was necessary because the corn was offered subject to immediate delivery. The ceiling price was \$1.02 a bushel.)

11. 7,000 bushels (approximately) No. 2 oats, requested by the Animal Husbandry Department, as follows:

H. T. Walton & Son, Maywood: 3,000 bushels @ \$.755 a bushel..\$2 265  
 Silver Bros., Urbana: 4,000 bushels @ \$.755 a bushel..... 3 020

These are ceiling prices. (Emergency action was necessary since the offers were available for immediate acceptance only.)

12. Two cars No. 1 alfalfa hay, requested by the Dairy Husbandry Department, from the Shofstall Hay Company, Cozad, Nebraska, at a total cost of approximately \$1,380. This price is based on a cost of \$34.50 a ton, f.o.b. Champaign. This is the only proposal received. (Emergency action was necessary because the offer was made subject to prior sale. Alfalfa hay is very scarce and we have experienced difficulty in locating our requirements.)

This report was received for record.

#### CONTRACTS EXECUTED BY THE COMPTROLLER JANUARY 12 TO FEBRUARY 14, 1945

##### (12) The Comptroller's report of contracts executed.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
Corneli Seed Company	Cooperative investigation to grow and distribute a certain variety of peppers, known as Illini F5	.....	January 19, 1945
Corneli Seed Company	Cooperative investigation to grow and distribute certain varieties of mung beans, known as Illinois green mung 833, 831, and 793	.....	January 26, 1945
University of Chicago	Secret Contract 7401 in connection with research for U. S. Government	.....	January 24, 1945
Canadian Radium and Uranium Corporation	Systematic clinical investigation of the use of alphanon radon ointment	\$1 000 00	January 15, 1945

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>

This report was received for record.

#### QUARTERLY REPORT OF THE COMPTROLLER

(13) The Comptroller presents his quarterly report to the Board as of December 31, 1944. Copies of this report have been sent to all members of the Board in advance of this meeting.

This report was received for record.

#### FUNCTIONS OF THE UNIVERSITY OF ILLINOIS FOUNDATION

At this point, Mr. Fornof presented the following report.

MR. PRESIDENT AND MEMBERS OF THE BOARD OF TRUSTEES:

Your Special Committee to Study the Functions of the University of Illinois Foundation and the Alumni Association and Their Relationships to the Board of Trustees, after meeting with representatives of the Foundation and Alumni Association and University officials and after studying the questions involved from the broad viewpoint and over-all considerations, offers these recommendations:

1. That the Foundation employ, subject to the approval of the Board of Trustees, a qualified man whose duty shall be to manage the activities of the Foundation, cooperate with the Alumni Association, and assume other such responsibilities as may be assigned. It is believed that the Foundation should secure such a man as soon as one with the necessary qualifications may be found.

2. That the responsibility for fund-raising and gift and endowment promotions shall be vested in the Foundation and that the Alumni Association and other agencies on the campus give the Foundation the fullest measure of cooperation and assistance in this work.

3. That the objectives of the Foundation shall be:

- a. To carry on the functions provided in the charter and by-laws.
- b. To provide funds for research in subjects recommended by the University and for other purposes and projects which the University may designate.
- c. To develop and exploit patents turned over to it by the University.
- d. To act as trustee in matters in which the University is an interested party.
- e. To assume such other functions as may be assigned to it by the University.
4. That there may be the closest relationship, it is understood the policies and objectives of the Foundation are subject to review and amendment by the Board of Trustees.

5. That the University shall assume responsibility for meeting expenditures of the Foundation not capable of payment out of its own available funds, the University to determine its responsibility.

6. That the Alumni Association continue to receive the fullest measure of support and that its present program and objectives be encouraged, so that the men and women who have attended the University may be knit into one great, effective organization to the end that the University may receive the greatest possible benefits.

7. That the Alumni Association continue to carry the responsibility of cataloging and maintaining alumni records and editing and distributing such publications as the Alumni News.

8. That the legal department of the University take this broad statement of policy and with the Foundation and Alumni Association representatives formulate any necessary documents and contracts covering the legal aspects.

On motion of Mr. Fornof, this report was adopted.

#### MEMORIALS TO DAVID KINLEY AND ROBERT F. CARR

Mr. Davis, for the Committee on General Policy, reported the following recommendations.

1. That the University Library be named the David Kinley Memorial Library.

2. That the avenue on the east side of the quadrangle between the Auditorium and the Illini Union Building be named as a memorial to Robert F. Carr.

On motion of Mr. Davis, these recommendations were adopted.

#### **DIRECTOR OF NONACADEMIC PERSONNEL INTRODUCED**

At this point, President Livingston introduced Mr. Donald E. Dickason, recently appointed Director of Nonacademic Personnel.

#### **EXECUTIVE SESSION**

The Board, in executive session, continued its consideration of matters presented by the President of the University.

#### **SABBATICAL LEAVES OF ABSENCE DURING 1945-1946**

(14) A recommendation that the following members of the faculty be given sabbatical leaves during the academic year 1945-1946 in accordance with the provisions of the University Statutes:

##### *One-half Year, on Full Pay:*

Professor HORACE J. MACINTIRE, first semester.

Professor FRANCIS G. WILSON, first semester.

Associate Professor CLYDE F. SNIDER, second semester.

##### *Full Year, One-half Pay:*

Professor T. W. BALDWIN.

Professor E. T. HILLER.

Associate Professor JANE C. WATT.

Assistant Professor LAURA J. HUELSTER.

It is proposed that Professor Baldwin also be given a half-time appointment on one-half pay for the year 1945-1946 as a Research Professor in the Graduate School, so that altogether he will be given full pay. This is desirable in the judgment of the Research Board to make his studies abroad more effective. He is one of the outstanding Shakspearean scholars, and it is necessary that he make use of much material available only in England in his research program. There is no case of any other investigator at the University which closely parallels this one.

In each of the above cases the head of the department and the Dean or Director have stated that provision will be made by the department for carrying on the work of the absentee without additional expense to the University.

In the case of Professor Baldwin, his leave is conditional on the status of the war, since he wishes to spend the year in England. If circumstances are not feasible for the leave at the time proposed, then he wishes to begin his full-year leave with the second semester of 1945-1946, or if circumstances seem to him to demand it, he will wish to have the authorization of leave cancelled without prejudice to his interests in regard to a sabbatical leave at some future date.

Following is a summary of the purpose for which sabbatical leave has been requested in each of the above cases:

T. W. BALDWIN, Professor of English, for research work on Shakspearean volumes which he is preparing for publication, the material for which is more easily available in England. While doing this research he would also be searching for books for the University of Illinois Library. He states that it is particularly important that someone be in London as the war settles down and the books begin to flow into the market again.

E. T. HILLER, Professor of Sociology, for a study of the nature of social institutions, in the Library of Congress, and the libraries of Harvard, Princeton, Yale, and Columbia Universities. For reasons of health, he will also wish to reside during a part of the time in Arizona, or on the West Coast.

LAURA J. HUELSTER, Assistant Professor of Physical Education, completing requirements in fulfillment of a Ph.D. degree in Education at New York Uni-

versity, which will include registration in three residence courses, examinations in two subjects, and completion of a dissertation.

HORACE J. MACINTIRE, Professor of Refrigeration, Department of Mechanical Engineering, for a study of the new developments in mechanical refrigeration, by visiting refrigeration manufacturing companies and recent installations, and attending meetings of the American Society of Refrigerating Engineers in New York.

CLYDE F. SNIDER, Associate Professor of Political Science, preparation of material for a book on American state and local government, for publication in the Century Political Science Series, of which Professor Frederic A. Ogg of the University of Wisconsin is general editor.

JANE C. WATT, Associate Professor of Music, for a study of composition with the French composer Darius Milhaud in California, and of the teaching methods of the German composer Arnold Schonberg; research at the Huntington Library in Pasadena, California. The second half of the year would be spent in the east, visiting universities and colleges which have outstanding music departments, with special reference to the teaching of music appreciation to the general college student; visiting music libraries and making a survey of collections and techniques in library service for music students; hearing as much music as possible, attending concerts and opera in New York, the symphony concerts in Boston, and the chamber music concerts in Washington.

FRANCIS G. WILSON, Professor of Political Science, for a study of the conservative social theory in Mexico, by visiting that country and by checking the Latin-American materials of the library of the University of Texas; also, an investigation of the concepts in public opinion from the standpoint of political theory.

On motion of Mr. Davis, these leaves were granted as recommended, with the reservation that this action may not be interpreted to signify the amendment or relaxation of the policy of the Board with respect to sabbatical leaves during the war; and that each case has been scrutinized to make sure that granting the leave is for the good of the University.

#### STATE APPROPRIATION FOR RESIDENCE HALLS

(15) On January 20, 1945 (Minutes, page 336), I presented to the Board information on the need for additional student housing facilities, with particular reference to provisions for housing returning veterans, including quarters for married students. The presentation included a "Résumé of the Progress Report of the Committee on Post-War Student Housing," copies of which were given to each member of the Board at that meeting and to the Secretary of the Board for record. The Board authorized the President of the University to take steps to formulate a program of housing and to secure the introduction of the necessary legislation.

I now submit a supplementary report from the Committee on Post-War Housing based on further study of the problem. A copy of the report is hereby given to each member of the Board at this meeting and one to the Secretary for record. This report includes:

1. Data on present and predicted housing shortages, based on anticipated enrollments.
2. A discussion of housing shortages in the order of critical need.
3. Discussion of quarters for married students.
4. Tentative costs estimates.

At this point Director C. S. Havens of the Physical Plant discussed the above report in detail and exhibited building studies of apartment buildings for married students.

On motion of Mr. Davis, the President of the University was authorized to ask Chapman and Cutler whether in their opinion the act approved May 27, 1941, enabling the University to complete the construction of or equip buildings, is broad enough to permit borrowing and private financing of new projects.

#### ADMINISTRATION OF GENERAL PROGRAM OF AERONAUTICS

(16) At the meeting of the Board on July 18 the President of the University was requested to submit a formal recommendation from the Advisory Board on Aeronautics<sup>1</sup> with respect to the administration of the over-all University program of aeronautics.

This matter was discussed at the first meeting of the Advisory Board, held on June 30, 1944. The tenor of this discussion was in favor of an organization which would cut across college and departmental lines. In other words, the Advisory Board proposed a general University organization to administer the over-all program of education and research in aeronautics, including the operation of the University of Illinois Airport. Such an organization would be somewhat analogous to the place of the Graduate School in the University's organization; the Graduate School has administrative supervision over graduate educational and research programs, although these programs are offered in departments administered by other colleges of the University.

At subsequent meetings of the Advisory Board on Aeronautics held on October 27 and 28, 1944, and on January 29 and 30, 1945, this matter was given thorough consideration. The Advisory Board on Aeronautics unanimously recommends that the Board of Trustees establish "The Aeronautical Institute of the University of Illinois" to be organized and administered as described below.

#### ORGANIZATION AND ADMINISTRATION OF AERONAUTICAL INSTITUTE

The Aeronautical Institute of the University of Illinois shall be an administrative agency responsible for the fostering and correlation of the educational and research activities related to aviation in all parts of the University. It shall consist of an executive committee and a director.

The executive committee shall be appointed by the President, and shall be composed of members selected from the departments having a part in the program of education and research in aviation. The director of the Aeronautical Institute shall be ex-officio a member and chairman of the committee.

The director shall be the executive officer of the Institute, including the Airport, and shall be responsible to the President for its administration. His duties shall be as follows:

1. He shall be responsible for the fostering and correlation of the educational and research activities related to aviation in all parts of the University.
2. He shall serve as the medium of communication for all official business of the Institute and the Airport with other University authorities and the public.
3. He shall be responsible for the administration and for the educational and research use of the Airport.
4. He shall represent the Institute in conferences.
5. He shall prepare a budget of the Institute, including the Airport, in consultation with the executive committee of the Institute.

The Advisory Board on Aeronautics also recommended unanimously the following policy for developing the building program at the University of Illinois Airport:

#### BUILDING PROGRAM POLICY

In the formulation and development of any building improvement program at the University of Illinois Airport it is essential to bear in mind that the Airport was conceived and justified and is being constructed as a University educational facility.

<sup>1</sup>The Advisory Board on Aeronautics was authorized by the Board of Trustees on March 14, 1944 (Minutes, pages 905-906). The members of the Advisory Board are: Dr. Baldwin M. Woods, Professor of Mechanical Engineering and Director of University Extension, University of California (Chairman); Commander Allan F. Bonnalle, Bureau of Aeronautics, Navy Department; Dr. Bruce Uthus, Director, Aviation Education Service, Civil Aeronautics Administration; Mr. W. J. Blanchard, General Manager, Aeroproducts Division, General Motors Corporation; Colonel A. D. Tuttle, Medical Director, United Air Lines Transport Corporation; Mr. L. R. Inwood, Executive Assistant, Transcontinental and Western Air, Incorporated; Mr. A. E. Smith, Chief Engineer, Pratt-Whitney Corporation of Missouri; Mr. J. E. Schaefer, Vice-President, Boeing Airplane Company, Wichita Division. Doctor Woods was also appointed by the Board of Trustees as Consultant on Aeronautics.

Since the purpose of the Airport is to facilitate a comprehensive program of aviation education and research, provide air transportation, and contribute to national defense, it cannot be developed solely on the basis of comparisons with regular commercial airports.

The character and extent of building developments at the University of Illinois Airport should be such that the Airport can make the following contributions to University activity and life:

1. Facilitate a comprehensive program of aviation education and research; make possible the effectuation of R.O.T.C. or other military aviation training programs, and provide the means of enriching and supplementing general education.

2. Provide opportunity to students of the University to engage in flying activities, both as a part of general education and as a part of more advanced flying activities in connection with professional objectives.

3. Through trunk and feeder airlines, provide the University and the community with excellent air transportation. This should be considered as a contribution which the construction of the Airport has made possible. The administration, operation, and servicing activities of these airlines will provide laboratory study and research opportunities for the University faculty and students.

4. In addition to the above contributions, there is another less tangible contribution which is very important, and that is the contribution to University and community life. This field will require considerable thought in connection with avocational, social, and recreational activities at the Airport site.

The Advisory Board on Aeronautics also proposed the following actual construction program based on the above "Building Program Policy":

#### PROPOSED CONSTRUCTION PROGRAM

The Advisory Board recognizes that in implementing the program of aeronautical education a great deal more than the Airport requires the allocation of funds. However, the Airport itself now represents a substantial investment, is the keystone of the program, and requires further additions for it to be of any value at all.

If the Airport is to contribute to the program in accord with the objectives, it must be equipped at an early date for a substantial cross-section of the expected activities. At the same time buildings in keeping with the excellence of the field and the dignity of the University should be provided. Accordingly, the minimum of makeshift or temporary structures should be considered.

The varied objectives require quite dissimilar facilities and necessitate some segregation to insure harmonious relations:

- a. Separation of airline and public areas and activities conforms with the best modern thinking. To this end a building for airline operations separate from the normal administration building is proposed.

- b. Educational and research facilities should be separated from the flight training and private flying. Accordingly, this general pattern proposed that the north side be dedicated to private flying and flight instruction, the educational and research facilities to be located on the south side east of the airline station.

1. The immediate requirements are the following:

- a. Construction of the administration building with public concourse, airport administrative offices, C.A.A. and weather facilities, restaurant, etc. Consideration to be given to placing the C.A.A. and weather office on a ground floor location, preferably on the north side of the building.

- b. Construction of a University building to house classrooms, laboratories, shops, etc. This building to be located southeast of location "D." A U-shaped building of two stories is visualized with a hangar occupying the U. The boundary building to include space for classrooms, laboratories, and shops, together with a small auditorium and offices. Flying instruction for University students can be operated from this building until the demand necessitates more extensive facilities. Equipment for this building to be the subject of special study by all concerned and to be included in the estimates.

- c. Construction of an airline operations building at about location "D" on the south side, with access to it separated from the public traffic. Adjacent park-

ing space for cars and near-by apron space to be earmarked for airline use. Mail and express facilities to be included. The Board, in adopting this resolution, is aware of a possible limitation of funds. This statement of minimums can be relieved temporarily, though unsatisfactorily, by locating the airline terminal within the administration building.

d. Installation of access roads, utilities, landscaping, and parking areas commensurate with the above, and necessary airport lighting.

2. The above items represent minimum essentials only. Additional facilities needed include:

a. Provision for a flying school.

b. Facilities for private flying activities; these can be closely allied to the flying school.

c. Provision for a vocational type of school. The maintenance facilities for light airplanes can be included with this school.

d. Adequate night lighting.

It is possible that the first two of these items can be combined and operated under one management. Several buildings will be required, however. The location of the flying school and private flyers should be on the north side, and that of the vocational school on the south side beyond the University building area.

Paralleling the above are the many needs on the campus. These include the equipping of the instructional laboratory for aeronautical engineering, the specialized equipment required for aeromedical instruction and research, the altitude laboratory, and miscellaneous requirements of the several departments. These are all important to a fully coordinated program and must not be neglected.

The Advisory Board on Aeronautics also considered the status of the present appropriation (1943-1945) for capital improvements at the Airport, and discussed the need for additional capital funds in the 1945-1947 biennium. The following general statement as to present and future funds is further broken down below:

As of January 31, 1945, the unencumbered balance in the Airport improvement appropriation was \$441,857.99. Since then bids have been taken on a 48-inch concrete pipe line to make it possible to cover the east drainage ditch. The low bid was \$43,501.16. However, priorities have not been received. Another charge of \$5,812 has been made for reconditioning the Locomotive Laboratory to make it an Aeronautical Laboratory, leaving an unencumbered balance of \$392,544.81. Expenditures total \$18,903.53; encumbrances total \$39,238.50 and consist chiefly of open orders for architectural and mechanical studies.

#### OPERATING BUDGET FOR AIRPORT AND AERONAUTICAL INSTITUTE

The following proposed budgets for the operation of the Airport and of the Aeronautical Institute were discussed by the Advisory Board on Aeronautics:

	<i>Airport</i>	<i>Institute</i>
Salaries .....	\$22 000	\$12 500
Wages .....	15 000	2 000
Expense .....	10 000	5 000
<i>Annual Total</i> .....	<u>\$47 000</u>	<u>\$19 500</u>
<i>Total for Biennium of 1945-1947</i> .....	\$94 000	\$39 000

It was the opinion of the members of the Advisory Board that the budget for the operation of the Airport was not large enough.

The Institute budget was criticized for having no provision in it for funds which can be allotted by the director for activities in various departments of the University. Dean Enger argued that when needs requiring additional funds developed during the biennium the director could support the request of the head of the department concerned for an appropriation from the Graduate School Research Board or from the General Reserve Fund.

A budgetary study of the recommendations of the Advisory Board on Aeronautics indicates the following needs for the biennium of 1945-1947 for airport construction and operating equipment:

AIRPORT CONSTRUCTION AND EQUIPMENT BUDGET			
<b>A. Buildings:</b>			
1. Administration.....	\$290 000		
2. Main hangar.....	295 000

#### REPORT ON PROGRESS OF AIRPORT CONSTRUCTION

(17) A report from Professor J. J. Doland on the progress of construction of the University of Illinois Airport since November 29, 1944. Professor Doland recommends that the following arrangements for seeding the Airport be approved:

(a) The C.A.A. will furnish 1,200 tons of agricultural limestone f.o.b. Airport on or before March 1, 1945.

(b) The University will agree to spread the limestone on the area, and has made tentative arrangements to have this done for sixty cents a ton. The com-

<sup>1</sup>The land to be purchased is between the Airport and the U. S. Highway 45. Its purchase will give the University full control of both sides of the entrance road to the Airport. The acquisition of the land was discussed fully. It was suggested that a part of the area be landscaped, and that it could be used for buildings for the Army in a future emergency. The following resolution was adopted: "The Advisory Board on Aeronautics is in favor of steps being taken to insure that the entrance road be protected from encroachment of undesirable activities."

pletion of this agreement with responsible persons is imminent, but contracts are not yet signed.

(c) The University will contract with farmers to seed, cultivate, and combine a crop of oats at a rental of \$2.50 an acre. Prospective farmers have already indicated their desire to participate.

(d) The cost of spreading 1,200 tons of agricultural limestone at sixty cents a ton will be \$720. The rental from 600 acres of oats at \$2.50 an acre will be \$1,500. This leaves \$780 to the credit of the University to take care of any contingencies which may arise in the total transaction.

(e) The actual seeding of blue grass will be done in the latter part of August, 1945.

On motion of Mr. Davis, these arrangements were approved.

#### APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(18) In accordance with recommendations from the Committee on Special Appropriations and Nonrecurring Expenditures, I recommend appropriations from the General Reserve Fund for the following purposes:

1. Remodeling in Natural History and Administration buildings, \$5,500.
2. Remodeling Physics Library quarters. Previous estimates of the cost have varied from \$5,000 to \$7,000, but an accurate estimate under present conditions can be given only after securing bids. It is also necessary to secure priorities before work can be undertaken. I request authority to proceed with an effort to secure priorities for this project and, if this is successful, to receive bids, after which a recommendation for an appropriation will be submitted.

On motion of Dr. Meyer, authority was given as requested, and an appropriation of \$5,500 was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker, Dr. Luken, Mr. Nickell.

#### PROPERTY ACQUISITIONS IN CHICAGO

(19) Additional properties have now become available for purchase in Chicago in the area approved by the Board for further expansion on May 24, 1943, being in the block bounded by Polk, Taylor, South Wood, and South Hermitage.

The Director of the Physical Plant Department submits the following proposals obtained through Mr. Newton C. Farr, negotiator:

- |                                       |          |
|---------------------------------------|----------|
| 1. 1743 West Polk Street.....         | \$ 5 000 |
| 2. 837 and 839 South Wood Street..... | 10 500   |
| 3. 905 South Wood Street.....         | 6 500    |
| 4. 915 South Wood Street.....         | 3 600    |

It is also expected that the property at 815-817 South Wood Street will become available in the not-far-distant future at a cost not in excess of \$10,000. Further effort is being made to secure satisfactory offers on other properties. It is thought that the aggregate of all such offers to June 30 is not likely to exceed \$50,000.

The Director of the Physical Plant Department and the Comptroller request authorization for the purchase of the five properties described above and an appropriation of \$50,000 from the General Reserve Fund to cover these properties and for use for other purchases which may develop. I concur and recommend approval.

On motion of Mr. McKelvey, these purchases were authorized, and the appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Jensen, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Mrs. Grigsby, Mr. Karraker, Dr. Luken, Mr. Nickell.

#### REPORT ON BIDS FOR AIRPORT DRAINAGE

(20) The Comptroller was instructed (Minutes, December 12, 1944, page 322) to secure competitive bids on the cost of placing the entire eastern drainage

outlet at the Airport in a covered pipe conduit. Requests for bids were sent to five firms, but bids were obtained from only two firms as follows:

	<i>48" pipe</i>	<i>54" pipe</i>
General Paving Company..	\$46 460 00	\$11 000 additional
Chas. M. Porter Company..	43 501 16	7 600 additional

The Triangle Construction Company of Kankakee, Somers-Barr of Urbana, and Burt Construction company of Decatur did not bid.

It has not been possible to secure the necessary priorities to begin this work, but in order to facilitate the progress of this project the Comptroller requests authority to execute the contract with Chas. M. Porter Company if and when priorities are received. This is done on the recommendation of Professor J. J. Doland, Supervising Engineer for the Airport.

On motion of Mr. Jensen, this contract was authorized as recommended.

#### PROPOSED NEW INTERCEPTOR SEWERS FOR THE URBANA AND CHAMPAIGN SANITARY DISTRICT

(21) The Urbana and Champaign Sanitary District has requested that the University share in the cost of construction of two new interceptor sewers. The total estimated cost of the project is \$280,000. The engineer's estimate of the University's portion is \$39,200. The project is subject to a bond election scheduled for April, 1945.

#### *Need for the Project*

The project is necessary to:

1. Provide relief for present overloaded Sanitary District interceptors. It has been observed that the overload on the present interceptors has caused backing up and flow from tops of manholes on the University campus and adjacent areas, and the occasional backing up of sewage in University buildings.
2. Provide sanitary sewer outlet capacity for anticipated growth of community and University for the period 1945 to 1980.

The expansion of the plant facilities has been considered sufficiently urgent that the War Production Board has already granted approval for immediate construction of an addition to the plant, and bids have already been taken.

#### *University Responsibility*

The University should assume the proportionate share of the cost of the interceptor because:

1. The Sanitary District is providing a service paid for from tax receipts and has no recourse to the University through taxation for the University's share of the load in the construction of the plant or for its operation and maintenance.
2. To provide protection of University property and the health of students and faculty from the backing up of sewers, resulting in possible epidemics of typhoid, dysentery, contamination in food service areas, or any sewage-borne diseases.
3. Contamination of Boneyard from the overflow of present overloaded interceptors.

The officers of the District also call attention to the following facts:

1. The University paid nothing toward the original cost of the present treatment plant and the interceptors built at that time.
2. The University has paid nothing toward the cost of maintenance of the plant and the treatment of sewage, during all twenty years of operation.

#### *Recommendation*

The Director of the Physical Plant recommends that the Board of Trustees indicate its willingness to assume a share of this cost, not to exceed \$39,200, the exact amount to be determined by the Physical Plant Department after further study. It is expected that the work would be completed about April, 1946. Payment of the University's share can be made at our convenience, but, since the University cannot pay interest on deferred installments, it would be necessary to make the payment by approximately the time the construction is completed.

A special appropriation would be necessary within the 1945-1947 biennium. The item is not specifically included in the present biennial budget.

On motion of Mr. Davis, the President of the University was authorized to indicate the willingness of the Board to assume a share of the cost of this project.

#### LABORATORY SCHOOLS BUILDING

(22) The University's post-war building program includes an item of \$791,000 for the construction of a first unit of a laboratory schools building. At the meeting of the Board on January 20, 1945, it was suggested that consideration be given to including this project in the schedule of construction for the first post-war biennium instead of in the third biennium as recommended by the University Building Program Committee and approved by the Executive Committee of the Board of Trustees on July 13, 1944, when the post-war building program was approved for presentation to the Illinois Post-War Planning Commission.

The Building Program Committee has reconsidered the status of this project and has submitted the following report:

In the Committee's report to the June 22, 1944, meeting of the Board of Trustees, this building was included in the third post-war biennium of the Construction Schedule for Preferred Projects on the Urbana Campus.

The Building was not included in the September 18, 1944, program for the first post-war biennium recommended by the Building Program Committee, on the basis of the relative effectiveness of projects in contributing to "health, safety and veterans' care," which were the criteria adopted by the Post-War Planning Commission for judging projects to be included in that program. The program recommended by the Committee was adopted by the Board of Trustees on September 29, 1944, after adding the Health and Physical Education Building.

On October 16, 1944, the chairman of the Committee reported to the University Council on the program for the first post-war biennium which had been adopted by the Board of Trustees. He gave a complete list of the projects included.

The Committee recognizes that practically all of the "Preferred" projects proposed, including the Laboratory Schools Building, would contribute to "health, safety and veterans' care." However, the Post-War Planning Commission limited the size of the program for the first post-war biennium. It was necessary, therefore, to make selections on the basis of the relative effectiveness of each project. In doing so, the relation between the cost of the project and the contribution it would make in providing for "health, safety and veterans' care" in the immediate post-war period was considered. On this basis, the Building Program Committee unanimously adopted the program for the first post-war biennium which was presented to the Trustees at its meeting on September 29.

At the meeting of the Committee held on January 11, 1945, Dean Benner, Professor Webber, Professor Sanford, and Mr. Allen presented arguments for including the building in the program for the first post-war biennium. These are given in the accompanying letter, dated January 2, 1945, from Dean Benner to the chairman of the Committee. At a meeting held on February 7, the Committee unanimously reaffirmed the program it had previously recommended for the first post-war biennium.

It is quite possible that conditions will develop after the war which will make it desirable to give the first unit of the Laboratory Schools Building a better priority than was given in the Committee's report at the June 22 meeting of the Board of Trustees, but the Building Program Committee is still certain that this building should not displace any building included in the Committee's recommendations for the first post-war biennium. Also, the Committee is certain that it would be futile to attempt to add the Laboratory Schools Building or any other building to the list adopted by the Board of Trustees on September 29, 1944.

I concur in the report of the Committee.

The Dean of the College of Education has suggested that a hearing be granted to representatives of public education in Illinois at which they may present arguments for including the laboratory schools project in the University's building program for the first post-war biennium.

The President asked the Provost, who is a member of the Build-

ing Program Committee, to comment on this matter. The Provost stated that the Laboratory Schools Building had been given more and longer hearings and more earnest consideration than any other project before the University Building Program Committee; that the Committee had approved the project for inclusion in the program, but had not listed it in the first biennium for the reason that it did not meet as fully as other projects the requirement of contributing to "health, safety, and veterans' care" prescribed by the Illinois Post-War Planning Commission; that in its present form the project did not conform to our position and program of research as now drawn, and that such a very important matter as this should be given more intensive study than would be possible if construction were to take place during the first biennium; and that the University Building Committee does not consider that the priority of any building in the program after the first biennium is definitely fixed.

Letters from Dean Benner dated January 2 and February 15, 1945, were considered; also a letter from the Illinois Education Association, dated September 22, 1944.

This matter was discussed fully and in detail. It was the unanimous opinion of the members present that, since the total allotment of funds for the first biennium had been definitely fixed by the Commission, there was no possibility of increasing the amount for adding the Laboratory Schools Building to the program for the first biennium, and that it would be most undesirable to substitute this building for any of the urgently needed projects now included in the program recommended by the University. On motion of Mr. Davis, the Secretary was instructed to inform Dean Benner of the position of the Board in this matter, and to state that, in view of all these considerations, it did not seem necessary to take the time of prominent educators and that of the Board for a hearing on the matter at the present time.

#### URBANA COKE CORPORATION

The Secretary presented the following report.

Following instructions of the Executive Committee on January 5, 1944, the Secretary of the Board has proposed to the Urbana Coke Corporation that it turn over its patents and other assets to the University of Illinois Foundation. After some correspondence with the Secretary of the Corporation, the stockholders of the Corporation at the last annual meeting elected Lloyd Morey, James C. Colvin, and Harrison E. Cunningham as the sole directors of the Urbana Coke Corporation. The Directors have met and effected a temporary organization.

The stock of the Urbana Coke Corporation duly authorized and issued consists of 500 shares 6% cumulative preferred stock, the property of the University of Illinois, and 250 shares of common stock, no par value. At the present time, the Secretary-Treasurer holds stock certificates for 203 shares of common stock, and letters from the owners of 32 shares consenting to the transfer of assets to the University of Illinois or to the Foundation. One stockholder, the owner of fifteen shares, has not been reached. While his consent is desirable, it is not necessary.<sup>1</sup>

The assets of the Urbana Coke Corporation consist in the patents on what has always been called the Parr process of coking soft coals at low temperatures. There are 8 U. S. Patents, 7 French, 6 British, and 7 Canadian. There is also an independent French patent which belongs to the Corporation. There are various assignments and agreements and miscellaneous papers in the hands of the Secretary-Treasurer.

<sup>1</sup>Consent received March 8, 1945.—H.E.C.

The Balance Sheet of the Corporation in 1942 showed accounts payable to the firm of Pennie, Davis, Marvin, and Edmonds of \$61,174.45. Mr. Marvin, of this firm, was the principal stockholder in the Corporation.

At a meeting on February 21, 1945, the Board of Directors instructed the Secretary-Treasurer to ascertain the wishes of the Board of Trustees on the following questions:

1. Is it desirable to keep the Corporation in existence, at a cost of approximately \$75 a year? The University's preferred stock gives it some priority rights to the assets of the Corporation in case of dissolution.

2. Should the Corporation turn over the patents and assignments, with or without the stock, to the Foundation direct, or to the University?

H. E. CUNNINGHAM

On motion of Mr. Davis, the Secretary was instructed to consult Dean Harno on the legal phases of this matter and report to the Board.

#### REPORT OF PROGRESS, COMMITTEE ON PRESIDENCY

Mr. Davis presented the following report.

The special committee on the selection of a President of the University has held eight meetings. The average attendance has been four members of the committee, with sometimes the President or other members of the Board sitting in. President Willard has attended two or three meetings, and has given helpful advice. The chairmen of the cooperating committees—Major Lenox R. Lohr, for the General Advisory Committee, Professor Wilbur M. Wilson, for the University Senate, and Mr. George E. Woods, for the Alumni Association—have attended all meetings.

The Chairman and members of the committee, and the chairmen of the cooperating committees, have received many suggestions, both by personal interview and by letter, and more than one hundred candidates have been nominated by one or more persons. The Secretary has collected biographical material concerning these nominees, and the sub-committees, particularly Professor Wilson's committee from the faculty, have made inquiries in person and by letter concerning those nominated, and reported to the committee. The Senate committee has held weekly meetings. No member of any of the committees has interviewed any of the nominees.

The committee has eliminated the names of all nominees whose age would not permit them to give the University at least ten years of service, and of others whose educational background and experience did not promise a successful administration of the affairs of the University.

At a meeting on February 15, the committee voted to make a report of progress to the Board, to the effect that two persons under consideration have unqualified approval and seem desirable, and to recommend that a special committee of the Board, to include President Livingston, Mr. Davis, and Mr. Jensen, be authorized and instructed to visit these persons and to inquire as to their availability, and to invite them to visit the University in the near future, to meet the members of the Board and of the staff.

The Committee has also a list of several other men with good records, but is not ready to give any of them final approval before interviewing them.

The Committee recommends also, in view of the fact that any of the men now under consideration would, in all probability, find it impossible to leave their present connection without adequate notice to their present employers, and in view of the committee's feeling that the new President should have at least six months in which to acquaint himself with the problems of the University of Illinois, including contemplated reorganization of the business and administrative departments, before formal inauguration and taking office, and with the assurance that President Willard will fully cooperate with his successor when chosen, that the Board take action to assure President Willard that it has no intention of asking him to terminate his active service prior to reaching the statutory age of retirement in 1946.

CHESTER R. DAVIS

*Chairman*

On motion of Mr. Davis, this report was approved and adopted, the special committee was appointed as recommended, and the Secretary

was instructed to notify President Willard of the action with respect to his term of service.

On motion of Mr. Williamson, the following resolution was adopted:

*Resolved*, that the Treasurer of the Board of Trustees of the University of Illinois be, and he hereby is, authorized to receive and receipt for all moneys, and to endorse all orders, drafts, and checks due and payable to the Board of Trustees or to the University of Illinois, and especially all drafts drawn by the Treasurer of the United States payable to the Board of Trustees or the University of Illinois.

**DELEGATION OF SIGNATURES**

On motion of Dr. Meyer, the following resolution was adopted:

*Resolved*, that the President and Secretary of the Board of Trustees of the University of Illinois are authorized to delegate the signing of their names as

President and Secretary, respectively, to vouchers to be presented to the State Auditor, and to warrants drawn on the Treasurer of the University, under the following conditions:

The President of the Board of Trustees is authorized to delegate to C. H. Pratt, to L. M. Dahlenburg, and to C. C. DeLong, in Urbana, and to J. E. Millizen, to J. F. Knight, and to W. H. Miller, in Chicago, authority to sign his name as President of the Board of Trustees to vouchers against the State Auditor; and to C. A. Webber and to H. F. Thornes, in Urbana, and to J. E. Millizen, J. F. Knight, W. H. Miller, and L. Taylor, in Chicago, authority to sign his name to warrants on the University Treasurer covering vouchers approved in accordance with regulations approved by the Board.

The Secretary of the Board of Trustees is authorized to delegate to Anna L. Neuber, to Maude Archdeacon, and to Helen L. Smith, all in Urbana, and to G. R. Moon, to Ethel Engeljohn, to Helen Wyle, and to Velma M. Davis, in Chicago, authority to sign his name as Secretary of the Board of Trustees to vouchers against the State Auditor and to warrants on the University Treasurer, covering vouchers approved in accordance with regulations of the Board. And be it further

*Resolved*, that the First National Bank of Chicago as a designated depository of Irvin L. Porter, Treasurer of this Corporation, be and it (including its correspondent banks) is hereby requested, authorized, and directed to honor checks, drafts, or other orders for the payment of money drawn in this corporation's name, including those drawn to the individual order of any person or persons whose name or names appear thereon as signer or signers thereof, when bearing or purporting to bear the facsimile signatures of the two following: Park Livingston, President, and H. E. Cunningham, Secretary; and the First National Bank of Chicago (including its correspondent banks) shall be entitled to honor and to charge this corporation for all such checks, drafts, or other orders, regardless of by whom or by what means the facsimile signature or signatures thereon may have been affixed thereto, if such facsimile signature or signatures resemble the facsimile specimens duly certified to or filed with the First National Bank of Chicago by the Secretary or other officer of this corporation. And be it further

*Resolved*, that the Auditor of Public Accounts is hereby authorized and directed to honor vouchers bearing facsimile signatures of the President and Secretary of the Board of Trustees of the University of Illinois if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the Auditor of Public Accounts by the Secretary

 JAMES DRENT YATES  
 MORRIS DANIEL ZIEGLER

I concur.

On motion of Mr. McKelvey, these certificates were awarded as recommended.

**LEAVES OF ABSENCE FOR MILITARY SERVICE**

(2) A recommendation that the following members of the staff in the Extension Service in Agriculture and Home Economics be given leaves of absence for military service for the period indicated in each case:

BARNEY B. CLAGHORN, Wayne County Farm Adviser, September 1, 1941, through August 31, 1945. (Army)

ORIN W. HERTZ, Washington County Farm Adviser, October 13, 1941, through August 31, 1945. (Army)

EARL D. PETERSON, Mercer County Farm Adviser, August 16, 1941, through August 31, 1945. (Army)

DEE SMALL, Bond County Farm Adviser, October 1, 1941, through August 31, 1945. (Army)

WILLARD C. ANDERSON, Franklin-Hamilton County Farm Adviser, August 1, 1944, through August 31, 1945. (Navy)

ROY P. JOHNSON, DeKalb County Farm Adviser, April 21, 1941, to November 30, 1941; February 1, 1942, through August 31, 1945. (Army)

LUCILE GINGERICH, McDonough County Home Adviser, March 11, 1944, through August 31, 1945. (American Red Cross)

DONOVAN HESTER, Menard-Cass County Home Adviser, February 4, 1944, through August 31, 1945. (American Red Cross)

LUCILE HIESER, Greene County Home Adviser, August 9, 1943, through August 31, 1945. (Coast Guard)

These leaves were not recommended at the time the members of the staff entered military or naval service because of a misunderstanding on the part of the Extension Service in Agriculture and Home Economics of the provisions under which leaves of absence for military service are granted. In former years Farm and Home Advisers were not appointed as members of the University staff although a part of their salaries was paid by the University from Federal funds. They now have the same status as any other University employees, are participants in the University Retirement System of Illinois, and therefore are eligible to receive leaves of absence for military service.

On motion of Mr. Nickell, these leaves were granted as recommended.

#### RECOMMENDATION RELATING TO PATENTABLE DISCOVERIES

(3) The University Committee on Patents recommends that the Board of Trustees release to the United States Government certain discoveries involving three chemical formulae for the treatment of sea water. These discoveries result from research at the University of Illinois under a contract with the National Defense Research Committee. It is the opinion of those who have been working on the project that while the discoveries are important to the Government they are not of sufficiently broad application and of general usefulness to warrant an expenditure by the University in the procurement of a patent.

On motion of Dr. Meyer, these discoveries were released as recommended.

#### GRADUATE CURRICULUM IN CLINICAL PSYCHOLOGY

(4) For the past ten years a graduate program leading to the degree of Master of Arts, sometimes in Psychology and sometimes in Juvenile Behavior, has been offered jointly by the Department of Psychology, the Department of Criminology, Social Hygiene, and Medical Jurisprudence, and the Institute for Juvenile Research. This program has consisted of either one or two semesters of work on the Urbana campus with a major in Psychology and a minimum of six months of work at the Institute for Juvenile Research.

Certain changes in the program have become desirable. As a result the University Senate, on recommendations of the two departments concerned—the Graduate School and the Institute—recommends that the degree of Master of Science in Clinical Psychology be established, to be conferred on students meeting the following requirements:

(a) Completion of undergraduate work sufficient to qualify for full graduate standing in psychology. This work shall include at least one course each in statistics, child psychology, and clinical psychology, and a total of not less than sixteen hours of psychology.

(b) Completion of eight units of graduate work, with not less than four units in psychology, and not less than two units to be chosen from education and sociology (or other department on recommendation of the Department of Psychology and the approval of the Dean of the Graduate School).

(c) Completion of an internship consisting of six calendar months of supervised clinical experience at the Institute for Juvenile Research (or other institution, agency, or department, on recommendation by the Department of Psychology and the approval of the Dean of the Graduate School).

The proposal has also received the approval of the Graduate School.

I concur in the recommendation.

On motion of Mr. McKelvey, these changes were approved and adopted.

### ADMISSION REQUIREMENTS TO THE CURRICULUM IN OCCUPATIONAL THERAPY

(5) The Dean of the College of Medicine recommends adoption of the following requirements for admission to the Curriculum in Occupational Therapy. His recommendation has been approved by the University Senate for transmission to the Board of Trustees:

The Curriculum in Occupational Therapy, leading to a Bachelor of Science degree in Occupational Therapy from the College of Medicine, is offered to men and women who are able to meet the requirements as listed below.

The program consists of five semesters in the College of Liberal Arts and Sciences at Urbana, and five terms in the College of Medicine in Chicago. The work on the Urbana campus is divided into two levels. The first year constitutes the pre-professional curriculum. The third, fourth, and fifth semesters constitute the professional phase of the work at Urbana.

#### ADMISSION REQUIREMENTS

*Admission to the Pre-Professional Curriculum:* The applicant must meet the following requirements:

1. Be a graduate of an accredited high school and meet the general requirements for admission to the College of Liberal Arts and Sciences.

2. Rank in the upper 50 per cent of his (or her) high-school graduating class, or pass satisfactorily examinations given by the Personnel Bureau at Urbana.

3. Be under 30 years of age.

4. Pass satisfactorily a health examination given by the University Health Office.

5. Complete an interview with either the Assistant Dean of the College or the Director of the Curriculum in Occupational Therapy.

These items must be certified to the Registrar before a permit to enter will be issued, and should accordingly be arranged well in advance of the date the applicant plans to enter.

*Admission to the Professional Curriculum:* The number admitted to the professional curriculum is limited by facilities in the College of Medicine. Selections for admission to this curriculum will be made by the Admissions Committee of the Curriculum in Occupational Therapy. Candidates will be selected on the basis of scholastic record and such examinations and other evidence as the Committee may require, and will be notified of their acceptance or rejection prior to the beginning of their third semester of registration at Urbana.

*Admission to College of Medicine:* Permission to pursue that portion of the work which is given at the College of Medicine is dependent on the achievement in previous university work. A university point average of 3.5 is a minimum requirement. Eligibility will be determined by the Admissions Committee of the Curriculum in Occupational Therapy after a careful study is made of all pertinent evidence.

Other factors being equal, preference will be given to candidates who are residents of Illinois.

*Admission of Transfer Students:* Transfer students must complete an interview as indicated in the general admission requirements, and they must also pass the physical examination. The results must be certified to the Registrar before a permit to enter will be issued. Before being eligible for admission to the College of Medicine, students, in all but exceptional cases, must complete a minimum of two semesters in residence at Urbana. After admission by transfer, such students will be governed by the same regulations applicable to other students in the curriculum.

I concur.

On motion of Mr. Fornof, these requirements were approved and adopted.

#### PURCHASES AUTHORIZED

(6) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-

competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. 2,000 grams l(+)-lysine monohydrochloride; 3 lbs. l(+)-histidine monohydrochloride; 200 grams dl-aspartic acid; for the Department of Chemistry, from Merck and Company, Inc., Rahway, N. J., at a cost of \$1,446.50.

2. No. 3 shelled yellow corn, 1,206 bushels, for the Animal Husbandry Department, from Ralph O. Bachert, Savoy, at a total cost of \$1,260.27, or a unit price of \$1.045 a bushel.

3. Shelled corn, one car (approximately 1,650 bushels), for the Dixon Springs Experiment Station, from H. T. Walton & Son, Mayview, at a total cost of \$1,800, or a unit price of \$1.07 a bushel.

On motion of Mr. McLaughlin, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### APPROVAL OF COLLEGE OF MEDICINE BY STATE OF MASSACHUSETTS

At this point Mr. Davis reported a recommendation of the Committee on General Policy that the following resolution be adopted according to a recommendation made by the President of the University on November 30, 1944 (Minutes, page 307):

The Board of Trustees of the University of Illinois hereby authorizes Doctor Fred C. Zapffe, Secretary of the Association of American Medical Colleges, Chicago, Illinois, to represent the University of Illinois in securing approval of its College of Medicine by the approving authorities for colleges and medical schools of the Department of Civil Service and Registration of the Commonwealth of Massachusetts.

On motion of Mr. Davis, this resolution was adopted.

#### GENERAL ADVISORY COMMITTEE

Mr. Davis also reported a recommendation of the Committee on General Policy that the changes in organization of the General Advisory Committee recommended February 24, 1945 (Minutes, page 369) be approved, with the following modifications:

1. Alumni of the University shall be included only in exceptional cases and on recommendation of the President of the University and the Chairman of the Committee.

2. Trustees of the University shall appear as members *ex officio* and shall be continued as members on terminating their service on the Board.

3. The present college advisory committees should be merged and continued as subcommittees of the General Advisory Committee.

On motion of Mr. Williamson, these recommendations were adopted.

#### APPRECIATION OF SERVICE OF MR. JENSEN

Mr. Davis presented the following resolution:

*Whereas*, Mr. Frank A. Jensen has completed his term of service as a member of the Board of Trustees of the University of Illinois; and

*Whereas*, that service has been distinguished by an unfailing interest in the affairs of the University and by a prompt and wise discharge of all the duties and responsibilities falling to him as a Trustee; and

*Whereas*, the Board of Trustees considers that Mr. Jensen's service has been a distinct contribution not only to the University but to education in the State of Illinois; therefore

*Be it resolved*, that the Board of Trustees hereby makes record of its appreciation of the able services of Mr. Jensen; and be it further

*Resolved*, that Mr. Jensen be continued as a citizen advisory member of the special committee on the selection of a president of the University of Illinois.

On motion of Mr. Davis, this resolution was unanimously adopted, and the Secretary was instructed to send a duly certified copy to Mr. Jensen.

**EXECUTIVE SESSION**

At this point, the Board went into executive session and considered the following matters presented by the President of the University.

**BIENNIAL BUDGET FOR 1945-1947**

(7) On February 27 President Park Livingston of the Board of Trustees, Provost Coleman R. Griffith, and Mr. Lloyd Morey, Comptroller, conferred with Director George B. McKibbin of the State Department of Finance concerning the University's budget requests for the biennium of 1945-1947. The Director informed these representatives of the University that the Governor requested that the amount of increase in appropriations for operation to the University to be made from tax funds be restudied and reduced below the \$4,630,132 of increase in the revised budget estimates as approved by the Board on January 20, 1945, and submitted to the Illinois Budgetary Commission on January 23. Accordingly the following proposals are offered for consideration. They were also sent to the Director of Finance on March 3, 1945, with the statement that since they had not been considered by the Board of Trustees they were submitted for discussion only:

1. Because of proposals for increases of salaries of all state employees by 10 per cent or more, it is necessary for the University to increase materially the provision for nonacademic salary increases. To this end the contingent item of \$200,000 in the budget is transferred to nonacademic salary increases, making the total of the latter item \$429,283.

2. The budget as last submitted includes an item of \$200,000 for replacement and modernization in educational departments, which expenditures are of a non-recurring character. A review of the University Income Fund now indicates that this item can be met from the balance which will remain in that fund June 30, 1945. To that end the proposed appropriation of the University Income Fund is increased by \$200,000 to \$6,200,000, with a corresponding decrease in the appropriation requested from tax funds.

3. All items of increase in Sections I, II, III, and IV in the original budget are essential. The original budget included provisions of \$1,162,507 for the restoration of salaries of staff members now on leave of absence for war service (these salaries were eliminated from the budget for the current biennium of 1943-1945) and of \$1,282,339 for new positions to meet the anticipated increase in enrollment. In the budget as revised on January 20 the item for new positions was eliminated. So it will be necessary to rely on the first of these two provisions for both the restoration of salaries of staff members on leave and for new positions to take care of increases in enrollment. There is grave uncertainty that this will be sufficient to provide the added staff necessary.

The only place in the budget in which additional reductions can be made is in Section IV, "Expansion of Present Programs and New Programs." This section, although already drastically reduced, again has been adjusted by a further decrease of \$451,326, leaving a net balance of \$1,455,000 out of an original request of \$3,131,596 for comparable items. It should be noted that no part of this reduction can be provided for from any funds thus far allotted to the University of Illinois for a post-war building program. (The figure of \$3,131,596 is after allowing for the transfer of \$233,859 of Physical Plant items to another section of the budget, and transfer of the Betatron (\$1,300,000) to the post-war building budget.)

4. By agreement with the Budgetary Commission, the appropriation for Services for Crippled Children, now included at \$225,000, will be treated in a separate bill, not a part of the University budget. Special legislation is also contemplated which would treat the federal grants of \$320,262 as a trust fund not requiring appropriation.

5. Allowing for the foregoing transfers, the appropriations to the University for the current biennium, 1943-1945, include \$15,056,924 from tax revenues and \$4,501,460 from income, a total of \$19,558,384. The adjustments proposed herein would provide an increase of \$3,978,806 in tax funds, a total of \$19,035,730; an increase of \$1,698,540 in University income, a total of \$6,200,000; this would result in a total increase of \$5,677,346 and a total appropriation of \$25,235,730.

6. Funds now provided in the budget of the State Department of Agriculture for the Division of Pathology, \$71,520 for the biennium, should be transferred to the University and added to the total. This work is done entirely in the University, and the Department of Finance has agreed to this transfer.

The Comptroller presented this matter. He commented on the proposals to provide increases of 15 or 10 per cent above present salaries for all State employees and stated that \$439,000 of additional funds, or a total of \$868,000 for the nonacademic staff outside the prevailing-wage groups, would be needed for the biennium to place the University on a level with the State departments on this basis.

During this presentation, President Livingston being called from the room for a time, Mr. Davis was in the chair.

The Provost commented on the significance of the reduction of funds for the educational program, and stated that this meant an almost complete elimination of expanded programs and of contingent funds. The effect will be to eliminate all effort during this biennium to increase the distinction of the University.

During the discussion, Mr. Davis and Mr. Nickell withdrew to keep an engagement with General Ulio, and President Willard withdrew to take a train for Washington. Except as otherwise indicated, Provost Griffith took over the presentation of recommendations of the President.

After full discussion, the following actions were taken.

On motion of Dr. Meyer, the following resolution was adopted:

*Whereas*, the Board of Trustees when it approved the amounts in the operating budget for salaries and wages for the biennium 1945-1947 was not informed of the policy of the State government to increase the salaries of all state employees by 15 per cent for salaries of \$3,000 or less and by 10 per cent for salaries above \$3,000 (which policy was widely announced very recently); and

*Whereas*, the Board had not taken the possibility of such increases under consideration; and

*Whereas*, it is the judgment of the Board of Trustees that the staff of the University should be kept on an equal basis with other employees of the State with respect to salaries; and

*Whereas*, the records show that over a long period of years funds have not been provided to improve and to increase the distinction of the University but rather what might be called a deficit on the instructional and research sides of the University has accumulated from biennium to biennium, as the necessary amounts requested by the University have been eliminated to meet what was stated to be the financial stress of the State; and

*Whereas*, at the present time large surpluses have accumulated and are available to augment and improve the services rendered by the State in all branches; therefore be it

*Resolved*, that the Board of Trustees hereby refers these matters to the President of the Board and the President and administration of the University with instructions to do all in their power to retain in the biennial budget the contingent fund of \$200,000 and to provide additional funds to the extent of \$439,000 for the biennium to match the salary increases contemplated in State departments, and to re-examine the need for funds to provide for the improvement and distinction of the University which have been so drastically reduced.

On motion of Mr. Williamson, item 2 above was approved.

On motion of Mr. McLaughlin, the acceptance of funds by transfer of \$71,520 from the State Department of Agriculture for the work in Animal Pathology was authorized, with the understanding that this is an addition to the total and that no compensatory deduction is to be made.

### ADMINISTRATIVE CHANGES IN RESEARCH HOSPITALS AND BUSINESS OFFICE

(8) Since March 1, 1944, the positions of Superintendent of the Research and Educational Hospitals and Business Manager of the Chicago Colleges have been carried by John E. Millizen. It has become essential to return as soon as possible to the former organization of full-time persons in each of these positions. On the recommendation and advice of the Executive Dean and the Comptroller, I recommend the following appointments to be effective July 1, 1945, or as soon thereafter as the transfers can be accomplished:

JOHN E. MILLIZEN, now Business Manager of the Chicago Colleges and Acting Superintendent of the Hospitals (\$7,000), to be Administrator of the Research and Educational Hospitals at a salary of \$7,500 a year.

HOWARD A. HAZLETON, now Assistant Comptroller (\$4,800), to be Business Manager of the Chicago Colleges at a salary of \$6,000 a year.

CHARLES CLIFTON DELONG, now Senior Accountant in the Business Office and Instructor in Accountancy (\$3,300), to be Assistant Comptroller and Instructor in Accountancy at a total salary of \$4,200 a year.

On motion of Mr. Fornof, these appointments were made as recommended.

### BOARD OF DIRECTORS OF THE ATHLETIC ASSOCIATION

(9) The by-laws of the University of Illinois Athletic Association provide for the appointment of its Board of Directors by the Board of Trustees of the University of Illinois at its annual meeting in March of each year. Nominations are made to the Board of Trustees by the President of the University. There are seven members, three selected from the membership of the Alumni Association and four from the faculty of the University.

In 1940 the Board of Trustees adopted a policy of making periodical changes in the personnel of the Board of Directors in the interest of securing new points of view and getting various classes of community and alumni representation. Last year the President of the University recommended that because of the financial and other problems of the Athletic Association created by war conditions and the uncertainty of the future, it would be desirable to retain the present Board of Directors, and the Board reappointed them. The same conditions still exist and it seems advisable, all things considered, to make no changes in the personnel of the Board of Directors at this time. Accordingly, I recommend the following reappointments:

#### *Faculty*

ROBERT B. BROWNE, Associate Professor of Education, Director of University Extension, and Director of the Summer Semester.

LESLIE E. CARD, Professor of Poultry Husbandry.

GEORGE B. WEISIGER, Professor of Law.

DONALD L. KEMMERER, Assistant Professor of Economics.

#### *Alumni*

WALDO B. AMES, Class of 1917, Insurance Broker, 175 West Jackson Boulevard, Chicago.

CHARLES WHAM, Class of 1912, Attorney, Centralia.

LOWELL A. SPURGEON, Class of 1938, c/o J. L. Clark Manufacturing Company, Rockford.

On motion of Dr. Meyer, these appointments were made as recommended.

### LEAVE OF ABSENCE FOR W. NORRIS WENTWORTH

(10) On September 29, 1944, W. Norris Wentworth, Director of Residence Halls, was given a leave of absence without pay for six months from October 22, 1944, to serve as Director of Dormitories for a government-supervised war project at Oak Ridge, near Knoxville, Tennessee. He is employed by a company which is under contract with the War Department for the operation of certain facilities in that area. The request for his services came from the War Department.

The War Department has requested that he be given an additional leave of absence until October 1, 1945. The Dean of Students and the Director of the Physical Plant Department, to both of whom Mr. Wentworth reports as Director of Residence Halls, approved the first request with the understanding that Mr. Wentworth would return as soon as possible and not later than April 1, 1945. Actually his leave will not expire until April 22, 1945. The University will have to expand its residence hall facilities to take care of the increased enrollment following the war which will include many returning veterans. It is imperative that the person who will ultimately have the responsibility for the operation of these new facilities be at the University to assist in their designing and planning. If Mr. Wentworth's present leave is extended to October 1, 1945, he will not be available to help in such planning. It has been suggested that while he is on leave he will be released for conferences at the University, but past experience has shown that this is not satisfactory. Neither the Dean of Students, the Director of the Physical Plant Department, nor I can recommend an extension of the leave, but since the request has come from the War Department it is being presented to the Board for its consideration.

On motion of Mr. McLaughlin, this extension of leave was denied.

#### **NEGOTIATOR FOR ACQUISITION OF PROPERTY IN URBANA**

(11) The Director of the Physical Plant Department and the Comptroller recommend that the Board of Trustees authorize the employment of Sidney B. Trelease, Champaign-Urbana realtor, as a negotiator in the acquisition of properties.

Local real estate brokerage fees are based on percentage of the values involved, the commission rate being five per cent for the first \$10,000 and two per cent for the balance. There are ten parcels of property for which the services of a negotiator are needed, having an aggregate estimated value of approximately \$170,000. Based on individual tracts the aggregate brokerage charge would be over \$7,000. On the basis of a single commission for all ten properties, the brokerage charge would be approximately \$4,500. Mr. Trelease has offered to serve as a negotiator at a flat rate of \$250 per parcel of property, so that if all ten pieces are ultimately purchased the total charge for his services would be \$2,500.

I recommend approval.

The Comptroller presented this matter.

On motion of Dr. Meyer, the employment of Mr. Trelease in this matter was authorized as recommended.

#### **PURCHASE OF PROPERTY IN URBANA**

(12) In order to provide for a student housing project for which funds are tentatively included in the Post-War Building Commission allotment to the University for 1945-1947, it is necessary to acquire additional land. The most desirable site for such an addition is the southeast corner of Goodwin Avenue and Green Street in Urbana, which is available at an estimated cost of \$60,000.

Additional properties also are available in the block between California and Oregon, immediately east of the campus, in which previous purchases have been made. This site is essential for development in Chemistry and Chemical Engineering. The two properties available are 1207 West California and 1210 West Oregon at a total estimated cost of \$28,000.

The Director of the Physical Plant and the Comptroller request (1) authority to negotiate for the purchase of these properties at the best possible prices, not in excess of the figures indicated, and (2) a special appropriation of \$88,000 for these purchases from the General Reserve Fund.

I concur and request approval.

Mr. McKelvey presented this matter.

On motion of Mr. McKelvey, these negotiations were authorized, and the appropriation was made as recommended, by the following

vote: Aye, Mr. Forno, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Mrs. Grigsby, Dr. Luken, Mr. Nickell.

#### RETIREMENT OF PROFESSOR ERNEST BERNBAUM

(13) Professor Ernest Bernbaum of the Department of English has requested that he be retired from active service on September 1, 1945, under the provision in the law creating the University Retirement System of Illinois which permits retirement "on or after the attainment of age sixty-five (65) in exceptional cases and for substantial cause at the request of the Employee and upon certification of the Employer." Professor Bernbaum is 66 years old and at the end of the current academic year will have been in the service of the University continuously for twenty-nine years.

I recommend approval and that Professor Bernbaum be retired September 1, 1945, with the rank of Professor *Emeritus*.

On motion of Dr. Meyer, these recommendations were adopted.

#### UNIVERSITY CIVIL SERVICE COMMITTEE AND EMPLOYEE COUNCILS

##### *University Civil Service Committee*

(14) On October 21, 1941 (Minutes, page 672), the Board of Trustees appointed a "University Civil Service Committee," selected from members of the University staff, to assist the Board in the administration of the University Civil Service System created by an Act of the 62nd General Assembly.

On July 18, 1944 (Minutes, page 16), the Board created a new administrative position, "Director of Nonacademic Personnel," and specified that the duties of this position would include the supervision of the University Civil Service System under policies to be established by the Board of Trustees.

Since this new position has now been filled, I recommend that the University Civil Service Committee be discontinued and all of its functions transferred to the Director of Nonacademic Personnel.

##### *Employee Councils*

On July 25, 1942 (Minutes, page 32), the Board of Trustees approved the establishment of Employee Councils, one at Urbana and one at Chicago, to promote mutual understanding and cooperation among the several groups of civil service employees of the University and between such employees and administrative officers, to provide a medium for the exchange of information relating to problems of civil service employees and those of administrators, and to give civil service employees a voice in the framing of policies relating to compensation and working conditions. Under the plan approved by the Board the Councils were elected by civil service employees. Since the whole program of personnel has now been placed in the hands of the Director of Nonacademic Personnel, I recommend that the University's sponsorship of the Employee Councils be discontinued and that the continuation of these Councils be a matter to be decided entirely by the employees.

The Comptroller presented this matter.

On motion of Mr. McKelvey, these recommendations were approved and adopted.

#### LEAVES OF ABSENCE FOR PROFESSORS B. W. FAIRBANKS AND H. H. ALP

(15) At the meeting of the Board on February 24, I presented requests from Professor B. W. Fairbanks and Associate Professor H. H. Alp of the Department of Animal Husbandry for leaves without pay to serve on the staffs of the American Dry Milk Institute, Inc., and the Poultry and Egg National Board, respectively.

Professor Fairbanks has resigned from the University, effective May 15, 1945, to accept the position with the American Dry Milk Institute.

Professor Alp has withdrawn his request for a leave and will remain at the University.

This report was received for record.

#### **SABBATICAL LEAVE OF ABSENCE FOR J. E. DAVIS**

(16) A recommendation that Associate Professor J. E. Davis, Extension Forester in the Agricultural Extension Service, be given sabbatical leave of absence on one-half salary for the academic year 1945-1946 in accordance with the provisions of the University of Illinois Statutes. Professor Davis requests leave to devote this period to special studies on the cooperative marketing of forest products which will be highly important in the development of farm forest resources in Illinois following the war. As a result of his studies he hopes to develop a bulletin on the organization, financing, and operation of forest products marketing cooperatives which may be used by farm woodland owners. No such material is available at present and the greatest drawback to better development of farm forest resources is the inability of farmers to market farm timber advantageously.

Professor Davis has a dual appointment: He is Extension Forester in the Agricultural Extension Service,  $\frac{5}{8}$  time; and Forester in the State Natural History Survey Division,  $\frac{3}{8}$  time. It is proposed that the University pay one-half of his total salary. The Board of Natural Resources and Conservation granted him a leave of absence without pay, but the funds which would normally be provided by the Survey for its share of his salary and other expenses will be made available for the employment of a temporary assistant in the University's Forestry Extension program.

On motion of Dr. Meyer, this leave was granted as recommended.

#### **APPROPRIATION FOR PRINTING REPORT ON JUNIOR COLLEGES**

(17) The Director of the University of Illinois Press recommends an appropriation of \$3,000, or so much thereof as may be necessary, for printing and mailing (a) 2500 copies of the report on *Junior Colleges in Illinois*, by Provost Coleman R. Griffith, and (b) 2500 reprints of the final chapter of the report.

This report will be issued as a joint publication of the Superintendent of Public Instruction and the University Press (see Minutes of December 12, 1944, page 323).

The Director of the University Press presented this matter and commented on it.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Mrs. Grigsby, Dr. Luken, Mr. Nickell.

#### **BEQUEST OF BESSIE SECOR**

(18) The University has just been advised that a bequest of the late Bessie Secor to the University is now available. The will grants to the University one-sixth of the annual income of a perpetual trust, "for the purpose of maintaining as many scholarships in electrical engineering at said University as said income can support. All of said scholarships shall be designated as the 'Frederick D. Secor Memorial Scholarships'."

An estimate of the annual income is not yet available, but the Comptroller has received a special payment of \$603.73 on account of the income accumulated during the period of probate. Disbursements of income will be made quarterly hereafter.

I recommend that the bequest be accepted under the provisions of the will. When more information is available a plan for the administration of the scholarships will be submitted for approval.

The Comptroller commented on this bequest.

On motion of Mr. Fornof, the bequest was accepted as recommended.

**TREASURER'S REPORT**

The Secretary presented for record the report of the Treasurer for the period from July 1, 1944, to February 28, 1945.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**April 6, 1945**

An adjourned session of the March meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 1 p.m. on Friday, April 6, 1945.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Dr. Luken, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Professor Coleman R. Griffith, Provost, Dr. Raymond B. Allen, Executive Dean, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and Mr. J. F. Wright, Director of Public Information.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of March 13, 1945.

On motion of Mr. Nickell, the minutes were approved as printed on pages 403 to 420 above.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**PURCHASE OF FRATERNITY HOUSES**

(1) At a hearing on the University's biennial budget for 1945-1947 by the Illinois Budgetary Commission held on January 31 it was suggested that the University consider purchasing two fraternity houses, now on the market, as a part of its student housing program. This suggestion has been renewed recently, and the following is submitted for consideration by the Board of Trustees.

The properties are at 303 East Armory, Champaign, formerly occupied by Pi Kappa Alpha Fraternity, and at 1106 South Third Street, Champaign, formerly occupied by the Beta Kappa Fraternity, now known as "Webber House" and operated as a house for women students. It has been suggested that the University should be interested in them because (1) they are adjacent to each other, and with some alterations could be operated as one; (2) they are relatively close to the University, and the intervening property could be purchased some time; (3) the University utility lines are relatively near the property and ultimately could be extended.

On previous consideration of offers of these properties it was concluded not to recommend the purchase to the Board of Trustees because:

1. The prices heretofore quoted have been prohibitive. At any rate, the cost per occupant would be relatively high, and particularly when there is added to the original purchase price the cost of necessary remodeling and other improvements.

2. The main housing problem the University faces in the future is one of providing *additional* facilities to meet the anticipated increase in enrollment. The purchase of these properties would not increase housing facilities but would transfer the ownership of two units from a private to a public agency.

3. Operation of housing units with small capacities is not satisfactory; to secure economies which will be reflected in lower cost to the students it is necessary to have units of larger capacities than fraternity houses.

The Physical Plant Department has submitted the following estimates of cost, which should be added to any purchase prices to determine the total costs of acquiring these properties and putting them in satisfactory condition for use as student houses to be operated by the University:

**A. Deferred Maintenance Costs**

- |   |                 |
|---|-----------------|
| 1. Pi Kappa Alpha House, 303 East Armory, Champaign: Rebuilding of south area walls and exterior terrace. Complete interior refinishing of walls and ceilings (2 coats); sanding and sealing floors; and provision of new lighting fixtures.....                          | \$10 400        |
| 2. Webber House, 1106 South Third Street, Champaign: Removing exterior portion stone on porch and waterproofing; tuck pointing of masonry work; replacing wood sash throughout; waterproofing second floor shower; exterior painting; and interior painting (one coat)... | 7 300           |
| <i>Total estimated deferred maintenance costs.....</i>  | <i>\$17 700</i> |

**B. Extension of Utilities**

- |   |                 |
|---|-----------------|
| 1. Extension of electric service from load center at Huff Gymnasium, including transformer, pot heads, and service to the two buildings...  | \$ 8 300        |
| 2. Extension of steam service in wood log from the University tunnel just south of Gregory Drive under the public sidewalk, with connections to the two buildings; and the installation of steam heaters for the hot water storage tanks..... | 14 300          |
| <i>Total for utility extensions.....</i>  | <i>\$22,600</i> |

**C. Furnishings and Equipment**

- |  |                 |
|--|-----------------|
| 1. Pi Kappa Alpha House: 44 men @ \$375.....           | \$16 500        |
| 2. Webber House: 31 men @ \$375.....                   | 11 625          |
| <i>Total for furnishings and equipment.....</i>        | <i>\$28 125</i> |
| <b>TOTAL COSTS TO BE ADDED TO PURCHASE PRICES.....</b> | <b>\$68 425</b> |

The capacity of the two houses is 75 students, based on the standards of the University's Division of Student Housing. On the basis of post-war prices this capacity of 75 could be provided for as a part of a new residence hall project at a unit cost (per student) of \$2,800, or a total of \$210,000.

We have been informed that the Illinois Budgetary Commission will recommend an appropriation to the University of Illinois for the purchase of these two properties. If such funds become available and the Board of Trustees decides to purchase the houses, it should do so on the basis of appraisals to determine their actual value. Furthermore, consideration should be given to the cost of rehabilitating and furnishing the properties, and connecting them with the University utilities.

On motion of Mr. Davis, this matter was referred to the Committee on Buildings and Grounds for consideration and recommendation to the Board.

#### BUILDING PROGRAM FOR THE NEXT BIENNIUM

(2) At the meeting of the Board of Trustees on February 24, 1945, I reported on the recommendations of the Illinois Post-War Planning Commission for the University of Illinois Public Works Program for the first biennium. The Commission's recommendations differ from those of the Board of Trustees by the addition of the Betatron, \$1,700,000, and the Health and Physical Education Building, \$2,300,000, and the elimination of the following essential buildings:

Chemistry Laboratories.....	\$1 100 000
Animal Husbandry Laboratories.....	435 000
Mechanical Engineering Laboratories.....	1 233 000
Dairy Husbandry Laboratories.....	275 000

The Betatron was originally included in the University's regular budget for 1945-1947 at \$1,300,000. At the request of the Illinois Budgetary Commission the Board of Trustees of the University agreed to transfer the Betatron to the post-war building budget with the understanding that funds for projects scheduled for the first post-war biennium would be made available beginning July 1, 1945.

In all its conferences with representatives of the Commission, representatives of the University's Building Program Committee emphasized the importance of a unified program which takes into account the many factors involved in the entire program of the University. In the case of the four buildings eliminated, each project submitted affected not only the activity to be provided for directly but made possible relief for congested conditions in other departments. By careful planning, the relatively small number of projects included in the program for the first post-war biennium would provide relief for a large number of departments. The elimination of the four buildings completely blocks the proper educational development of many departments which were to move into vacated and remodeled buildings if these educational buildings had not been eliminated.

The report of the Illinois Post-War Planning Commission is now in the hands of the Illinois Budgetary Commission. The Budgetary Commission was informed of the action of the Board of Trustees taken February 24, 1945 (Minutes, page 361), and was requested to consider the following adjustments in the University's building program:

1. Restoration of four buildings eliminated by Post-War Planning Commission.....	\$3 043 000
2. Offsetting adjustments:	
Elimination of Health and Physical Education Building.....	2 300 000
Duplication of funds for Betatron and Physics Research Building.....	400 000
Reduction of funds:	
Power Plant.....	200 000
Mechanical Engineering Building.....	73 000
Chemical Engineering Building.....	70 000
Total.....	\$3 043 000

\*Included with Betatron item.

The Illinois Budgetary Commission was further informed that if funds are made available beyond this \$14,669,000 for the construction of a Health and Physical Education Building, the Board of Trustees will be willing to accept and sanction such a project, provided the four educational buildings eliminated in the recommendations of the Illinois Post-War Planning Commission are restored and the budget as previously proposed to the Commission, subject to the adjustments indicated above, is approved.

On March 30, President Park Livingston of the Board of Trustees and the President of the University conferred with the Chairman of the Illinois Budgetary Commission, who requested that the University's recommendations be restudied and the estimates of project costs be revised, with the view to including in the program all items which the University considers essential and without eliminating entirely any of the other items. In accordance with this request the entire building program has been restudied and the enclosed schedule of changes is recommended. Since the Illinois Budgetary Commission had a meeting scheduled for April 3, and the Chairman had requested data to use as a basis for discussion of the University's building program for 1945-1947, I submitted the accompanying schedule (page 424) to him, but with the explanation that it can not be regarded as the official recommendation of the University unless and until the Board has approved the changes. It was requested that no publicity be given to the proposed changes until the Board of Trustees had an opportunity to act on them.

On motion of Mr. Fornof, this revised schedule of buildings was approved.

#### OPERATING BUDGET FOR 1945-1947

(3) The University of Illinois operating budget for the biennium of 1945-1947, as approved by the Illinois Budgetary Commission and recommended by the Governor to the General Assembly, provides for total appropriations, from all sources, of \$25,627,512. This total includes: (1) A provision of \$71,520 for diagnostic work in Animal Pathology; and (2) \$320,262 of Federal funds.

The first of these items is simply a transfer of funds heretofore appropriated to the State Department of Agriculture and used for diagnostic work in Animal Pathology which has been going on for several years. The work is done at the University and in previous years the Department of Agriculture has paid the salaries of personnel and other expenses involved. In the future it is proposed that the money shall be appropriated directly to the University, so that this item does not provide funds for any new work. The second item is a re-appropriation of Federal funds received by the State of Illinois for the University and does not affect the State budget.

There is another recommendation in the Governor's budget that an appropriation of \$600,000 be made to the University for the operation of the Division of Services for Crippled Children. This is an increase of \$375,000 over the appropriation for the current biennium. The appropriation is for non-University services, and while shown as a separate item in the budget it is also included in the over-all figure of \$26,227,512 announced as the appropriations being recommended for the University of Illinois.

The budget as revised by the Board of Trustees January 20 and requested by the University totaled \$26,232,318. This total included a provision of \$225,000 for the Division of Services for Crippled Children but did not include the \$71,520 to be transferred from the Department of Agriculture. So for purposes of comparison with the Governor's budget of \$25,627,512, the total budget as approved by the Board of Trustees in January should be adjusted by deducting \$225,000 and adding \$71,520, or an adjusted total of \$26,078,838.

The policy announced by the State after the University's revised budget had been submitted to the Illinois Budgetary Commission in January, of increasing salaries of State employees 15 per cent will make it necessary for the University to use approximately \$400,000 of whatever funds are appropriated to it for 1945-1947 for increases in salaries and wages of its nonacademic staff. This will not provide for an increase of 15 per cent over present salary and wage levels but only enough to provide increases in line with the State policy.

If the University had known about this proposed 15 per cent increase in salaries of State employees, that factor would have been taken into consideration when the University's original budget was prepared and also when it was revised downward in January, and as a result provision would have been included in it to meet this situation.

The nonacademic staff will naturally expect the University to follow the policy of the State, and increase salaries and wages beginning July 1 or September 1, 1945, in accordance with said policy. So unless the University secures sufficient funds to provide for such increases it will be necessary to use other funds in the budget for this purpose, and as a consequence other interests will suffer.

The Illinois Budgetary Commission, through its Chairman, has been requested to give this factor further consideration and approve an upward adjustment in the University's operating budget.

This matter was discussed by the Comptroller, with particular reference to the funds needed for salaries of nonacademic employees.

The Provost discussed the matter of new programs and expansion of existing programs, and presented for record the following paper:

NEW PROGRAMS AND EXPANSION OF EXISTING PROGRAMS  
IN THE 1945-1947 BIENNIAL BUDGET

Institute of Labor Relations.....	40 000	
Foods Research and Kindred Projects.....	100 000	
Aeronautics.....	125 000	
Small Homes Council.....	<u>30 000</u>	
<i>Sub-total</i> .....		<u>395 000</u>
<i>Net Amount Available for Post-War Educational Adjustments</i> .....		\$1 060 000

1. In order to carry forth only the most urgent programs, the University Council itself reduced the proposed budget for new programs and expansions of present programs by approximately 40 per cent before the budget was presented to the Department of Finance on November 1, 1944.

2. In each of the last five biennial budgets, practically all funds for new programs and expansions of existing programs have been eliminated for one or more of the following reasons:

(a) After the major cut in funds for salaries and operation in 1931-1933, the total increase in 1933-1935 had to be devoted to a partial restoration of the predepression program.

(b) For the 1935-1941 biennia, practically all funds originally intended for new programs had to be diverted to increased staff for increased numbers of students. Substantial balance between teaching load and staff was not effected until 1940-1941.

(c) The best estimate that can be made of deficits on account of reductions in the requests of Deans and Directors for the improvement of educational programs during the last five biennia is \$8,000,000.

(d) In 1943-1945, practically all available funds had to be allocated to long-delayed salary increases.

3. The requests for improved educational programs for 1945-1947, therefore, are deficiency requests rather than additions to programs that might have been in a strong condition if previous appropriations could have been used for the intended purposes.

4. If increases of \$428,000 can not be made in funds for nonacademic salaries, and if nonrecurring expenses for apparatus and equipment to the amount of \$533,180 must be found within the existing appropriation, the funds for new programs and expansion of existing programs will be virtually eliminated. Both of these items are essential merely for the maintenance of the existing situation.

5. Practically all increases in the biennial budgets for operation since 1931-1933 can be accounted for by (a) transfers to the University budget from other State Departments; (b) added staff on account of increased students; (c) increased salaries of academic and nonacademic staff members; (d) increased costs of apparatus, supplies, and equipment.

6. On the strictly educational and research side of the University, the repeated elimination of funds for new programs and expansions of existing programs has prevented the University from making a substantial change in its program since 1927-1929.

7. An outstanding example of what has happened repeatedly to the educational programs of the University is shown in this year's requests for the College of Liberal Arts and Sciences. At a time when a liberal education is basic to post-war adjustments, the College asked for increased strength to the amount of \$448,321. On October 13, 1944, this amount was reduced by the University Council to \$373,121. On January 20, 1945, a further reduction to \$213,121, less than half the original request, was effected in response to a request from the Budgetary Commission. On March 3, 1945, only \$80,000 could be assigned to this College. This amounts to about \$4,000 for each of the Departments in the College. Even this sum will not be available if the adjustments in paragraph 4 are required.

This matter was discussed in detail and at length.

On motion of Mr. Davis, the over-all total of \$26,227,512 as proposed by the Budgetary Commission was accepted and approved as the appropriation to be requested of the General Assembly for the operating budget for the biennium 1945-1947, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Livingston, Dr. Luken, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Meyer.

On motion of Mr. Williamson, the Board made record of its appreciation of the work of President Willard, Professor Griffith, and Professor Morey, and their assistants, in connection with the biennial budget for 1945-1947.

On motion of Mr. Davis, the Board made record also of its appreciation of the work of Professor Huntington and his committee in connection with the formulation of the University post-war building program.

With Mr. Davis in the chair, on motion of Mr. McLaughlin, the Board made record also of its appreciation of the work of President Livingston in connection with the biennial budget and the University post-war building program.

#### LEGISLATION TO ESTABLISH A FOUR-YEAR COLLEGE IN THE CITY OF CHICAGO

(4) There has been introduced in the 64th General Assembly of Illinois House Bill No. 73 by Representative Elroy C. Sandquist, to provide for a four-year college as a part of the public school system of Chicago. The following report

on this legislation, prepared by Provost Coleman R. Griffith, is submitted for the information of the Board of Trustees:

#### A. Existing Situation

1. Representative Sandquist has introduced House Bill No. 73 amending the School Code so as to provide for four years of college work as a part of the public school system of the City of Chicago. On March 24, 1945, this Bill was given a Do Pass recommendation by the House Committee on Education.

2. Hans Schenk, Vice President of the City Club of Chicago, has requested (a) information regarding necessary enabling legislation on the part of the General Assembly (note: no such legislation, except for appropriation bills, is required); (b) information regarding the attitude of the Board of Trustees toward creating a branch of the University of Illinois in Chicago.

3. By its active support of an expanded system of junior colleges, the Board of Trustees has given substantial aid to the City of Chicago, but an increasing number of letters to officers of the University indicate that civic groups in Chicago will not be satisfied by this program.

#### B. Size of the Problem

1. The following facts indicate the existence of a problem of considerable dimensions:

##### Total enrollment:

Public secondary schools, Chicago, 1940.....145,050

Private secondary schools, Chicago, 1940..... 23,630

##### Total graduates:

Public high schools, Chicago, 1940..... 25,795

Private high schools, 1940..... 4,742

Number of graduates who continued (estimated), from public high schools, Chicago, 1940-1941..... 8,646

Number of graduates who continued (estimated), from private high schools, Chicago, 1940-1941..... 2,018

Public junior college enrollment, Chicago, 1940-1941..... 13,258

Number of Chicago students on Urbana campus, 1940-1941..... 2,550

#### C. Existing Resources

1. No provision has been made in the 1945-1947 biennial budget for the creation of a branch of the University in the City of Chicago.

2. None of the funds that may be available should be diverted to this purpose. Existing programs on the Chicago and Urbana campuses are urgently in need of all of the funds that will be available.

3. A limited number of liberal arts courses are now being given in the College of Pharmacy, and this program could be expanded, but it would still fall far short of meeting the express desires of the Chicago groups.

#### D. Recommendations

1. The time has properly come for the Board of Trustees officially to recognize the existence of a problem and to announce the fact that the need for a branch of the University in the City of Chicago is in process of being studied.

2. As a part of its announcement, the Board should make it known that it has instructed the President to refer the problem to the Provost for study and recommendation.

3. It is recommended that a special appropriation of \$1,000 be made to the Provost to cover the expense of a suitable study. The study ought to include:

(a) A further analysis of the number and scholastic aptitude of high school graduates in the Chicago area.

(b) The presumable effect of a four-year unit on the development of junior colleges.

(c) Favorable locations, including transportation, concentrations of population, socio-economic status of various areas, employment outlets, and kindred matters.

(d) Instructional costs necessary, capital expenditures, land acquisitions, and administrative relations to the Urbana campus.

(e) Types of coordination with the junior colleges, with the possible de-

velopment of technical institutes, with other universities in the Chicago area, and with the system of higher education in the State as a whole.

The Provost presented this matter.

On motion of Mr. Davis, these recommendations were adopted, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Livingston, Dr. Luken, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Meyer.

#### **JUNIOR COLLEGE LEGISLATION**

(5) There has been introduced in the 64th General Assembly of Illinois Senate Bill No. 153 amending "The School Code" to carry out the recommendations of the State Commission to Survey Higher Educational Facilities in Illinois for the development of a system of junior colleges in Illinois. This legislation was drafted after considering the recommendations of the Commission and also those of the Board of Trustees of the University of Illinois resulting from the study made by the University of the junior college problem in Illinois.

Senate Bill 153 includes the following provisions:

1. The Superintendent of Public Instruction is made the final authority for the location of and the standards for junior colleges.
2. School districts with less than 500 pupils in grades 9 to 12, inclusive, are made ineligible for establishing a junior college.
3. A tax levy of not to exceed 35 cents on \$100 valuation is provided in order to meet tuition costs.
4. The State shall appropriate \$50 for each junior college pupil on the basis of average daily attendance.
5. Districts not maintaining a junior college may levy any amount not to exceed 35 cents on \$100 valuation for the purpose of paying tuition for students residing within the district who attend a junior college outside the district.
6. An appropriation of \$400,000 to carry out provisions of the Act.

The Provost presented this matter.

This report was received for record.

#### **LEGISLATION TO ELIMINATE FEES PAYABLE BY RESIDENTS OF ILLINOIS**

(6) There has been introduced in the 64th General Assembly House Bill No. 118, which includes the following provisions:

Every graduate of a recognized four-year public or parochial high school who is a resident of this State and possesses all necessary entrance requirements shall be entitled to attend the University of Illinois or any state normal university or teachers college without the payment of tuition and matriculation and graduation charges.

This section does not exempt such graduates from the payment for laboratory supplies or other fees for supplies and materials.

This section does not prevent the University of Illinois or any State normal university or teachers college from requiring the payment of tuition and matriculation and graduation charges by students who are non-residents of this State.

The passage of such legislation would make it necessary for the University to request an appropriation of \$1,800,000 for the biennium of 1945-1947 from general revenues to offset the loss of income from fees. This is on the basis of enrollment estimates used in preparing the biennial budget. The sponsor of the bill has agreed to amend it to provide for such an appropriation.

The Comptroller presented this matter.

This report was received for record.

#### **AWARD OF DEGREES TO CANDIDATES IN CHICAGO COLLEGES**

(7) The University Senate recommends, and I concur, that the following degrees be conferred in the Chicago Colleges as of the close of the Winter Quarter (March 24, 1945):

**COLLEGE OF DENTISTRY****Degree of Bachelor of Science in Dentistry**

HERBERT EDWIN BESSINGER  
BARNETT COHEN

BERNARD B. COHEN  
WARREN RUSSELL VITT

**COLLEGE OF MEDICINE****Degree of Bachelor of Science in Medicine**

ROBERT DANIEL DOOLEY

**GRADUATE SCHOOL****Degree of Master of Science***In Bacteriology*

FLORENCE LOMBERG, B.S., 1942

*In Biological Chemistry*

BARBARA WITT WILLIAMS, B.S., Northwestern University, 1943

*In Surgery*

JOHN VERNON THOMPSON, B.S., M.D., 1936, 1939

On motion of Mr. Nickell, these degrees were authorized as recommended.

**AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT**

(8) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified.

Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 5 of the Accountancy Act of 1943):

JULIUS CHARLES BANK (N.Y.)  
ALEX J. BOKA (Mo.)  
DONALD GRAHAM COLQUHOUN (N.Y.)  
LEO GILBERT (Mo.)  
JOHN JAMES McCULLOUGH (N.Y.)  
ROBERT LEWIS MERIWETHER (Wis.)

HAROLD GRANT MOUNTEER (Mich.)  
ROBERT SCOTT PROSSER (Ky.)  
WILLIAM GIBSON REID, JR. (Pa.)  
JOHN BERNARD SHARKEY (Pa.)  
WILLIAM WALTER WENZELL (Mich.)

I concur.

On motion of Mr. McLaughlin, these certificates were authorized as recommended.

**RETIREMENT OF PROFESSOR E. T. ROBBINS**

(9) Professor E. T. Robbins of the Department of Animal Husbandry has requested that he be retired from active service on September 1, 1945, under the provision in the law creating the University Retirement System of Illinois which permits retirement "on or after the attainment of age sixty-five (65) in exceptional cases and for substantial cause at the request of the Employee and upon certification of the Employer." Professor Robbins is 66 years old and at the end of the current academic year will have been in the service of the University for thirty years, including eight years as farm adviser and twenty-two years as livestock extension specialist.

I recommend approval and that Professor Robbins be retired September 1, 1945, with the rank of Professor *Emeritus*.

On motion of Mr. McKelvey, this retirement was approved as recommended.

#### SITE FOR WATER SURVEY BUILDING

(10) Under "The Civil Administrative Code" of Illinois the functions and duties of the State Natural History Survey, the State Water Survey, and the State Geological Survey are exercised at the University. The Surveys are under the fiscal administration of the State Department of Registration and Education and their scientific programs are under the supervision and administration of the State Board of Natural Resources and Conservation of which the President of the University of Illinois is, by law, a member. The University is required to furnish the quarters for the three Surveys.

During the years 1939-1942 there was constructed on the campus of the University a Natural Resources Building and Garage for the State Geological and Natural History Surveys. Funds for this building were provided by State appropriations to the Department of Registration and Education and a grant from the Federal Emergency Administration of Public Works. An agreement was entered into between the Board of Trustees and the Department relative to the design, construction, operation, and maintenance of this building. Under this agreement the University agreed to provide a site and to maintain and operate the building at University expense for the use of the two Surveys (Minutes, May 14, 1938, pages 805-808).

In the recommendations made by the Illinois Post-War Planning Commission for post-war construction by the State is an item of \$300,000 for a building for the State Water Survey Division now housed in the Noyes Chemistry Laboratory. If this appropriation is approved it will doubtless be made either to the State Department of Registration and Education or to the State Department of Public Works and Buildings, and the building will be constructed on the campus of the University of Illinois. Since the State Architect is now preparing tentative plans for the building, it is necessary to determine the site. After consulting all officers of the University concerned, I recommend that the site between Wright Street and Burrill Avenue fronting on Springfield Avenue, across from the Men's Old Gymnasium, be assigned for this building. It is an area of approximately 132 feet by 296 feet, now used for tennis courts. I further recommend that this assignment of space be subject to the execution of an agreement between the Board of Trustees of the University of Illinois and the Department of Registration and Education and the Board of Natural Resources and Conservation relating to the construction of this building, which agreement shall provide that all plans and specifications for the construction of the building and all plans and specifications for future expansion shall be subject to approval by the Board of Trustees.

On motion of Mr. Nickell, this site was assigned under the conditions recommended.

#### ALTERATIONS IN ABBOTT POWER PLANT

(11) The Director of the Physical Plant Department, on advice of the Supervising Engineer of the Physical Plant Department, recommends that alterations be carried out in the Abbott Power Plant to provide for additional space for use as a storeroom and work shop. This request has been considered by the Committee on Special Appropriations and Nonrecurring Expenditures and meets with its approval.

Enclosed is a schedule of bids received for this work. The Physical Plant Department suggests, and I concur, that the contract be awarded to King and Petry, the lowest bidder, in the amount of \$2,290. To the base figure would be added an estimated cost of \$310 for architectural supervision and incidental cleaning and other work by Physical Plant employees.

I recommend that the Comptroller and Secretary be authorized to execute a contract with King and Petry for \$2,290 in accordance with the conditions set forth above, and that a special appropriation be made from the General Reserve Fund in the amount of \$2,600 to be used for alterations in the Abbott Power Plant.

The Comptroller presented this item.

On motion of Mr. Williamson, this contract was authorized and the appropriation made as recommended, by the following vote: Aye,

Mr. Davis, Mr. Fornof, Mr. Livingston, Dr. Luken, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Meyer.

#### UNIVERSITY CIVIL SERVICE APPOINTING OFFICER

(12) The Board of Trustees on December 16, 1941 (Minutes, page 717), designated Lloyd Morey, Comptroller, as the Appointing Officer of the University in the administration of Amendment 36a to the State Civil Service Law in its relation to the University.

I recommend that the Board rescind this action and designate Donald E. Dickason, Director of Nonacademic Personnel, as the Appointing Officer. I therefore suggest that the following resolution be adopted:

*Be it resolved* that Donald E. Dickason, or any agent duly deputized by him, be and he is hereby designated as Appointing Officer with full power to act as such, in the administration of Amendment 36a to the State Civil Service Law in its relation to the University, including the power to sign any and all civil service forms or documents which require execution by the Appointing Officer.

On motion of Mr. Fornof, these recommendations were approved and the resolution adopted as recommended.

#### FEDERAL LEGISLATION FOR VETERANS HOUSING

(13) The Board of Regents of the University of California is making an effort to obtain the enactment of new federal legislation to provide funds on a matching basis for housing of veterans at universities. It has asked the cooperation of other state universities in support of this legislation. Such an act would be of material value to the University of Illinois and I recommend that the Board authorize University officers to support the efforts of the University of California to secure such legislation and enlist the aid of members of Congress from Illinois in this effort.

On motion of Mr. McLaughlin, the proper officers of the University were authorized to cooperate in this movement.

#### PURCHASES AUTHORIZED

(14) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. One GMC Truck, Model No. 453 with platform stake body, for the Physical Plant Department, from Dillavou Bros., Champaign, at a cost of \$2,516.27, less allowance of \$359 for 1934 Dodge.

2. One carload of the following nursery lining out trees for the Physical Plant Department, from Henry Kohankie & Son, Painesville, Ohio, at a cost of \$2,058 f.o.b. Urbana:

50 European Linden	25 Black Oak
25 Ginkgo	25 Tulip Tree
30 Sweet Gum	30 European Plane
100 Red Oak	50 European Beech
50 Pin Oak	

3. Twenty-two hundred tons screenings coal for the Physical Plant Department, from Taylor-English Coal Company, at a total cost of \$6,380. This cost is based on a price of \$2.30 a ton f.o.b. mine, plus 60¢ a ton freight.

4. One Scopicon for Medical Pathology from the Technicon Company, New York, at a cost of \$1,600, less \$600 credit on used Techniscope, f.o.b. New York City.

5. Two 54" tapered buck garment presses and one mushroom press for the Physical Plant Department, from G. A. Braun, Inc., Chicago, at a cost of \$1,331.87.

6. One hydraulic feed surface grinder, with 8" x 24" magnetic chuck, for the Department of Theoretical and Applied Mechanics, from E. L. Essley Machinery Co., Grand Rapids, Michigan, at a cost of \$2,625 f.o.b. Grand Rapids.

7. One five-unit gang mower for the Physical Plant Department, from Worthington Mower Company, Bloomington, at a cost of \$1,025 f.o.b. delivered.

8. The following equipment for the Chemistry Department, from the Perkin-Elmer Corporation, Glenbrook, Connecticut, at a cost of \$2,870 f.o.b. Glenbrook:

One infrared spectrometer	One liquid absorption cell
One Sola transformer	Two extra windows, sodium chloride
One gas absorption cell	Two extra windows, sodium chloride

9. All labor and materials necessary to recoat the roof of Power House Building No. 915 at 1822 West Taylor, Chicago, and to install a twenty-year bonded tar and gravel roof and flashings on Dining Room Building No. 912, requested by the Physical Plant Department, from Esko Roofing Company, Chicago, at a cost of \$1,395.

10. One single deck carload (not over 175 head) shorn lambs, average weight 65 to 75 pounds, suitable for experimental work, for the Department of Animal Husbandry, at a cost of approximately \$1,500, plus freight and commission.

11. One thousand five hundred bushels (approximately) No. 2 oats for the Department of Animal Husbandry, from Leverett Grain Company, Champaign, at a cost of approximately \$1,155.

The Comptroller presented this item.

On motion of Mr. Williamson, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### POLICY GOVERNING PURCHASES

(15) The University of Illinois Statutes provide that "Purchases shall be made on the basis of competitive prices wherever practicable, quality, suitability, and service considered. Purchases amounting to \$1,000 or more made from general funds or non-itemized appropriations shall be submitted to the Board of Trustees or to the Executive Committee, unless, in the opinion of the President of the University, urgent necessity exists that requires immediate action, in which case the President shall act and report promptly to the Board."

On March 10, 1942, the Board authorized the Purchasing Agent to place orders for all foods and dairy products for the Research and Educational Hospitals on the basis of lowest bids and quotations, and on August 31, 1943, a similar procedure was approved for the purchase of food products for the Illini Union Building and other food services at Urbana. Under this authorization such purchases are not to be reported to the Board.

At almost every meeting reports are made to the Board of emergency purchases of grain for the agricultural departments. Such purchases are necessarily made on the basis of prevailing market prices and availability of grain. Competition in prices is frequently impossible and immediate acceptance of offers is usually necessary to secure grain to meet requirements. The Purchasing Agent requests authority to consummate purchases of this kind in excess of \$1,000 on the basis of the best offers secured.

On motion of Mr. Williamson, this policy was approved for the purchase of grain.

#### RELEASE OF AERATION PROCESSES, INC., GRANT FOR POST-DOCTORATE FELLOWSHIP IN BACTERIOLOGY

(16) In September, 1942, Aeration Processes, Inc., gave \$2,500 to the University for a post-doctorate fellowship in the Department of Bacteriology (Minutes, January 23, 1943, page 237). A suitable candidate for this fellowship was not found for the year 1942-1943 or in subsequent years. While the donor had requested the University to hold this fund until such a candidate was available, it now requests that the money be transferred to Iowa State College, Ames, Iowa, to carry on similar work at that institution. Such transfer of this fund is recommended.

On motion of Mr. Davis, this transfer was authorized, subject to the approval of the Legal Counsel.

**JOURNALISM MEMORIAL SCHOLARSHIP FUND**

(17) On February 24, 1944 (Minutes, page 871), the Board accepted from the alumni of the University School of Journalism a memorial scholarship fund in which the sum of \$590 has now accumulated.

I submit a communication from the School of Journalism Alumni Association, transmitted through the Faculty Committee on Alumni Relations, requesting that this fund be made an endowment fund and indicating the intention to accumulate the fund to an amount which will yield an income sufficient to pay the annual \$50 scholarship. Investment of the fund is left to the discretion of the Board.

I recommend acceptance of the proposed plan for operation of the fund as submitted by the Association.

March 8, 1945

*Board of Trustees  
University of Illinois  
Urbana, Illinois*  
GENTLEMEN:

The Journalism Alumni Association of the University of Illinois, aided by faculty and friends of the School of Journalism, recently founded the Journalism Memorial Scholarship Fund to honor the alumni and ex-students of the School who have given their lives in the service of our country in the present world war. We have paid certain sums to the University of Illinois, as an outright gift, for the purpose of paying the scholarship, which is fixed for the present at \$50 annually, and the first scholarship was paid in September, 1944.

We intend to pay to the University other sums from time to time until a total sum is accumulated, which invested at interest will yield the annual sum of \$50. We would like these sums invested by the Board of Trustees as it invests other funds at its disposal. Therefore, we respectfully petition the Board of Trustees as follows:

That a part or all of such funds as are given to the University of Illinois to found and support the Journalism Memorial Scholarship Fund be invested by the Board of Trustees with other funds, in accordance with its discretion, and the income be credited to the principal of the fund, and thus permit it to accumulate, except as to any amount that may be required to meet the annual scholarship, in case the contributions from the Journalism Alumni Association during any year are not equal to the amount of the scholarship.

Yours respectfully,

JOURNALISM ALUMNI ASSOCIATION

BURRELL SMALL, President

C. E. FLYNN, Secretary

JOHN W. KNIGHT, Treasurer

JOURNALISM FACULTY COMMITTEE  
ON ALUMNI RELATIONS

O. C. LEITER

FRANK E. SCHOOLEY

C. E. FLYNN

On motion of Mr. Williamson, this gift was accepted with appreciation.

**EXECUTIVE SESSION**

At this point, the Board went into executive session to consider the following matters presented by the President of the University.

**APPOINTMENT OF DR. WARREN H. COLE AS ASSOCIATE DEAN  
OF THE COLLEGE OF MEDICINE**

(18) The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy recommends the appointment of Dr. Warren H. Cole, now Professor and Head of the Department of Surgery, to the position of Associate Dean of the College of Medicine (in addition to his position as Professor and Head of the Department of Surgery) beginning April 1 and continuing until September 1, 1945, at

a total annual salary rate of \$12,000. This appointment will be subject to renewal September 1, but will still be a temporary arrangement pending the appointment of a dean of the College of Medicine, a position which is being filled for the present by Dr. Raymond B. Allen in addition to his work as Executive Dean.

Dean Allen commented on this item.

On motion of Mr. Davis, this recommendation was adopted, subject to clearance with Dr. Luken and Dr. Meyer of the Committee on Chicago Departments.<sup>1</sup>

#### LEAVE OF ABSENCE FOR DIRECTOR S. C. STALEY

(19) Director S. C. Staley of the School of Physical Education was given leave of absence without pay at the request of the Special Services Division of the War Department for service overseas in the development of a sports program for the United States Army in Europe. The leave as approved by the Board of Trustees on November 30, 1944, was for ninety days, and began January 22 and expires April 21, 1945.

Director Staley has written from Europe that the development of the sports program for which he was engaged by the War Department has been delayed and it is therefore necessary for him to request an extension of his leave.

I recommend he be given additional leave of absence without pay to September 1, 1945, or until such prior time as he is able to return to his work.

I further recommend that Professor C. O. Jackson be continued as Acting Director of the School of Physical Education during Director Staley's absence.

On motion of Mr. Williamson, these recommendations were adopted.

#### COMMITTEE ON GENERAL UNIVERSITY ADMINISTRATIVE ORGANIZATION

(20) The Board of Trustees has directed the President of the University to have certain studies made of University programs, procedures, and organization in accordance with a series of recommendations resulting from a Survey made in 1943 by a Commission of the American Council on Education. There were fourteen of these recommendations most of which have been studied and reported upon but no report has yet been made on the following recommendation:

13. The Commission recommends that the Board of Trustees, the President, and representatives of the administration and teaching staff of the University, working together, study the problem of proper organization for the University with particular reference to the delegation and assignment of administrative responsibilities in order to insure the highest and most effective type of educational leadership throughout the University.

A faculty Committee on Future University Programs was appointed in July, 1943, to give consideration to the Commission's recommendation No. 14 "that, as one of its major institutional efforts, the University of Illinois devote itself to the extended studying of what should be its long-term educational program, both for the University as a whole and also for its several colleges and schools." This Committee was also asked to consider the general administrative organization of the University and has made the following recommendation:

The Committee recommends that the President of the University in consultation with the Provost proceed immediately to appoint a committee of the faculty which shall study the over-all administration of the University, in cooperation with any committee which the Board of Trustees may eventually wish to appoint from among its own membership, and report its recommendations to the Senate.

In accordance with this recommendation, the President of the University has appointed a faculty "Committee on General University Administrative Organization" to study the over-all administration of the University and make

<sup>1</sup>Dean Allen reported under date of April 9, 1945, that Dr. Luken and Dr. Meyer had approved this appointment for the Committee.

appropriate recommendations, including the necessary revision of the University Statutes. The Committee's report and recommendations will be submitted to the University Senate. The Committee has been instructed that in making its study it should work in cooperation with an appropriate committee of the Board of Trustees yet to be appointed.

I recommend that (1) this procedure be approved, and (2) a Board of Trustees Committee on General University Administrative Organization be appointed to work with the faculty committee.

On motion of Mr. Williamson, these recommendations were adopted.

President Livingston appointed the following special committee of the Board to work with the faculty committee: Mr. Davis, Chairman, Mr. Fornof, Dr. Meyer, Mr. McKelvey, Mr. McLaughlin.

#### RESOLUTION FROM EXECUTIVE COMMITTEE OF THE COLLEGE OF COMMERCE

(21) At a meeting of the Executive Committee of the College of Commerce and Business Administration held on Saturday, March 10, 1945, the following resolution was unanimously adopted:

*Whereas* Dr. David Kinley, recently deceased, initiated the courses in Training for Business at the University of Illinois; and

*Whereas* during the period 1902-1915 he was the Director of Courses and was largely responsible for their expansion and development, and for the founding of the College of Commerce and Business Administration in 1915; and

*Whereas* he was Professor of Economics throughout his long career at the University of Illinois; and

*Whereas* the present Commerce Building was constructed during the incumbency of Dr. Kinley as President of the University;

*Now therefore be it resolved:*

1. That it appears a fitting and proper recognition of his active and friendly interest in the College that the name of the building it occupies be changed from Commerce Building to Kinley Hall; and

2. That a request for such change of name be forwarded to the President of the University for transmittal to its Board of Trustees.

The Committee has asked the President of the University to present this request to the Board of Trustees.

At the request of the University of Illinois Library School Alumni Association, the Library School faculty, and the University Librarians' Association, letters relating to the action of the Board of Trustees in naming the University of Illinois Library for the late President *Emeritus* David Kinley are being brought to the attention of the Board.

Mr. Davis presented this matter.

After discussion, the matter was referred to the Committee on General Policy for consideration and report.

#### LEGISLATION TO CREATE A STATE BOARD OF HIGHER EDUCATION

(22) There has been introduced in the 64th General Assembly of Illinois by Senator Everett R. Peters Senate Bill 260 for an Act creating the State Board of Higher Education. This legislation would follow one of the recommendations of the Commission to Survey Higher Educational Facilities in Illinois.

The bill would create a State Board consisting of twelve members to be appointed by the Governor with the advice and consent of the Senate. It would be the duty of the Board to govern the University of Illinois, the State normal universities and teachers colleges, and other institutions of higher learning as may come under State control or may be established by the State. The new Board as originally constituted would consist of the present elected trustees of the University and three others appointed by the Governor. As their terms

expire the Governor would appoint new members for varying terms. The successors of all such members would be appointed for twelve years. The vacancies on the Board would be filled by the remaining members. The Act would take effect January 1, 1946.

This report was received for record.

#### COMMITTEE ON PRESIDENCY

President Livingston announced the appointment of Mr. Williamson as a member of the Special Committee on the Presidency of the University.

#### SECRETARY'S REPORT OF CONTRACT

The Secretary presented for record the following document signed by the President and the Secretary of the Board, and deposited with the Secretary since the last report.

On motion of Mr. McKelvey, the minutes were approved as printed on pages 421 to 450 above.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**AUTHORITY TO CONFER DEGREES**

(1) A recommendation that the President be authorized to confer degrees at the Commencement Exercises on June 3, 1945, on candidates who qualify and are recommended for degrees by the University Senate.

In this connection the University has received, through the United States Office of Education, a directive from the War Committee on Conventions of the Office of Defense Transportation outlining its policy in regard to the activities of educational institutions and organizations requiring the use of transportation and hotel facilities. This directive included the following statement:

*"Graduation and Commencement Exercises.* Like all other gatherings which cause large numbers of people to converge on a given locality at a given time, thereby taxing transportation, all graduation and commencement exercises are within the jurisdiction of the Committee. Such events may not be held without a permit unless they come within the local exemption by involving not more than 50 out-of-town attenders, speakers, honored guests, and other participants, plus local attendance without numerical limitation. It is the consensus of the Committee that *all* commencements and graduation exercises should be held on such a local basis until the present restrictions on group meetings have been relaxed."

On motion of Mr. Davis, these degrees were authorized as recommended.

**AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT**

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified.

1. Candidates who hold the certificate of Public Accountant in Illinois and who also hold unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 4, a-1):

JOE AYERS HATHAWAY (Ind.)

2. Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 5):

ROBERT ROBINSON ALLENTARP (Ind.)

ANDREW CHARLES KING (N.Y.)

WILLIAM MOORE BLACK (Wash.)

JOSEPH MCELROY (Kan.)

EINAR C. CHRISTENSEN (Ind.)

PAUL POMPIAN (Ohio)

ROBERT GAUSS (N.H.)

AUBREY FRANCIS POWELL (Ind.)

PAUL FRANCIS HALLORAN (Ky.)

RALPH JOSEPH SCHNEIDER (N.Y.)

STANLEY MATTHEW KAYLIN (N.Y.)

LEONARD KELLEY STORY (Mo.)

I concur.

On motion of Mr. Fornof, these certificates were authorized as recommended.

**LEAVES OF ABSENCE FOR MILITARY AND OTHER WAR SERVICE**

(3) A recommendation that the following leaves of absence, without pay, be granted members of the staff for military and other war services for the periods indicated in each case:

NOEL G. SHAW, Associate in Pediatrics (Rush), March 15 through August 31, 1945. (Navy)

MURIEL E. DUMROESE, Staff Nurse, Research and Educational Hospitals, March 20 through August 31, 1945. (Army Nurse Corps)

IRA F. GUDGEL, Assistant Gardener, Department of Horticulture, March 29 through August 31, 1945. (Army)

KENNETH R. WRIGHT, Janitor, Physical Plant Department, March 31 through August 31, 1945. (Army)

MARJORIE HARRIS, Staff Nurse, Research and Educational Hospitals, April 1 through August 31, 1945. (Army Nurse Corps)

ETHELLE C. BATES, Staff Nurse, Research and Educational Hospitals, April 1 through August 31, 1945. (Army Nurse Corps)

MARIE L. CZWALINSKI, Orthopedic Nursing Consultant, Division of Services for Crippled Children, April 1 through August 31, 1945. (WAVE)

F. W. LOOMIS, Professor of Physics and Head of the Department, September 1, 1945, through June 30, 1946.<sup>1</sup>

ERNEST M. LYMAN, Assistant Professor of Physics, September 1, 1945, through June 30, 1946.<sup>1</sup>

LELAND J. HAWORTH, Professor of Physics, September 1, 1945, through June 30, 1946.<sup>1</sup>

H. C. M. CASE, Professor of Agricultural Economics and Head of the Department, extension of leave without pay from September 1 through December 31, 1945, or until such prior time as he is able to return. He has been requested to serve as Executive Head of the Committee Reporting on European Food and Agricultural Production and to continue serving with the United Nations Relief and Rehabilitation Administration until January 1, 1946, if necessary.

On motion of Mrs. Grigsby, these leaves were granted as recommended.

#### LEAVE OF ABSENCE FOR H. L. DAVIS

(4) A report that Associate Professor H. L. Davis of the College of Pharmacy has been given a leave of absence on one-half pay for six months beginning April 1, 1945, and has been authorized to accept employment on a secret war research project at the University of Chicago at a compensation amounting to approximately one-half of his University salary. This is not a sabbatical leave but is granted because of the reduced teaching load in the College of Pharmacy, as a result of which Professor Davis's services can be spared during the period of the leave. It conforms with both criteria adopted by the Board of Trustees as a policy governing leaves of absence during the war.

On motion of Mr. Davis, the action of the President in granting this leave was approved and confirmed.

#### SABBATICAL LEAVE OF ABSENCE FOR ASSISTANT PROFESSOR F. L. WILL

(5) Assistant Professor Frederick L. Will of the Department of Philosophy has been granted a John Simon Guggenheim Memorial Foundation Fellowship for the academic year 1945-1946 for scholarly research. He plans to devote the time to systematic completion of his studies in the theory of knowledge with a view to publishing the results. This is a recognition of his present professional standing and promise of future professional development as a scholar. It reflects credit on the Philosophy Department and the University as well as the recipient.

Professor Will can not take advantage of this fellowship on the basis of the stipend alone. He is eligible for a sabbatical leave of absence. While such leave can not be related to the war effort, it would be a distinct advantage to the University to have him take it next year in combination with the fellowship instead of at some future time. The provisions in the University of Illinois Statutes relating to sabbatical leaves of absence permit a member of the staff while on leave to accept a scholarship or fellowship carrying a stipend for the purpose of study, research, or scientific investigation, provided the acceptance of such grant does not impose any obligations the performance of which would be incompatible with the general purpose for which leave of absence has been granted. In the case of Professor Will the acceptance of the Guggenheim Fellowship would supplement the purpose for which leave would be granted by the University.

<sup>1</sup>Extensions of present leaves of absence, without pay, for service to the United States Government in important research on military problems at the Radiation Laboratory of the Massachusetts Institute of Technology.

I recommend that Professor Will be given sabbatical leave of absence on one-half pay for the year 1945-1946 with authority to accept the fellowship given him by the John Simon Guggenheim Foundation.

After discussion, and on motion of Mr. Davis, this leave was granted as recommended.

#### CURRICULUM IN RADIO JOURNALISM

(6) The University Senate recommends approval of a new curriculum in Radio Journalism as set forth below. In support of this proposal, the School of Journalism calls attention to (1) the importance of radio in the field of communications, (2) the relation of education for radio journalism to higher education, and (3) the desirability of establishing such a curriculum at the University of Illinois.

On motion of Mrs. Grigsby, this curriculum was approved as recommended.

#### CHANGES IN REQUIREMENTS FOR ADMISSION TO THE COLLEGE OF PHARMACY

(7) The University Senate recommends that the requirements for admission to the College of Pharmacy be changed to read as follows:

*Age*.—The minimum age for admission is sixteen years.

*Health*.—Each applicant must supply a satisfactory health report, either from the Health Service of the University, or from the last school attended.

*High School Subjects*.—Fifteen of the units required for high school graduation must include two majors (of three units each) and one minor (of two units) from the fields of English, foreign language, mathematics, science, and social studies, with a total of at least nine units from these fields. One major must be English. At least a minor must be in mathematics, including algebra and plane geometry. The six remaining units necessary for admission may be selected from any of the high school subjects which are accepted by an accredited high school toward its diploma and which meet the standards for accrediting as defined by the University of Illinois. Two units of natural science (including biology) and two units of social studies are desirable, although not required.

*Selection of Applicants*.—The Committee on Admissions will take into consideration the candidate's personal qualifications, interest in the profession of

\*New course.

Pharmacy, high school scholarship rank, letters of recommendation, especially from high school teachers, health records, aptitude tests, and such special examinations as may be determined by the Committee. A personal interview is desired whenever possible.

The provisions relative to Selection of Applicants as given above are already in effect, having been approved previously by the Board of Trustees for all the Chicago divisions (Minutes, February 14, 1942, page 778). The major change suggested by these new requirements is that all applicants irrespective of rank in their high school class shall be considered by the Committee on the basis of the criteria indicated in this paragraph, and that these criteria shall replace the former requirement that an applicant must rank in the upper 60 per cent of his high school class. (This requirement was removed for the class entering in January, 1945, only by recent action of the University Senate and the Board of Trustees—Minutes, December 12, 1944, page 322.)

It is the judgment of the Dean of the College of Pharmacy that the proposed method of selection, which will include giving a battery of tests to all applicants before selection is made by the Committee, will furnish a better means of choosing the best qualified applicants than does the use of rank in high school class as a partial selective process.

I concur.

The Provost commented on this matter.

On motion of Mr. Nickell, the requirements for admission to the School of Pharmacy were amended as recommended.

#### ADJUSTMENTS IN SUMMER TERM FEES

(8) The tuition fee charged residents of Illinois is \$40 a semester, or sixteen-week term, including the summer term. The latter is divided into two eight-week terms. Many students enroll for only eight weeks or fewer. Before the University began operating on three terms a year, the summer term consisted of eight weeks. The tuition fee for undergraduate students was \$25 for residents and \$50 for nonresidents of Illinois. No adjustment was made in fees for a part-time schedule except that undergraduate students who enrolled for only one course and not over three semester hours, and graduate students who enrolled for not more than three-fourths unit of work, were charged tuition fees of \$10 for residents and \$20 for nonresidents of Illinois. However, no student could register for two or more courses, regardless of the amount of credit, without paying the full tuition fee. I recommend that the Board authorize the following adjustment in the present fee schedules:

*Tuition Fees for Eight Weeks or Less of Instruction.*—Each student not holding a scholarship pays a tuition fee of \$25 if a resident of Illinois, or \$50 if a nonresident. Any student who registers in undergraduate courses totaling four semester hours or less, pays \$3 a credit hour if a resident of Illinois, or \$6 a credit hour if a nonresident instead of the usual fee for eight weeks of instruction. A graduate student who registers for one unit or less pays \$12 a unit if a resident of Illinois or \$24 a unit if a nonresident instead of the usual fee for eight weeks of instruction.

This is in line with and is, in effect, an interpretation of previous actions of the Board of Trustees.

I further recommend a corresponding adjustment in the special fees charged in Applied Music Courses:

*Special Fee in Applied Music Courses.*—Students registering for courses in applied music (voice, piano, violin, violoncello, organ, or band instruments) pay special fees as follows: Those who are enrolled in curricula in the School of Music pay \$12.50 for eight weeks of instruction, or \$25 for sixteen weeks of instruction. Those who are enrolled in other curricula of the University pay \$12.50 for each semester hour of credit for which they are registered in applied music.

On motion of Mr. Williamson, these fees were approved as recommended.

### EXEMPTION FROM FEES FOR UNIVERSITY STAFF MEMBERS AND EMPLOYEES

(g) The Board of Trustees has made the following rule concerning exemption from fees for certain members of the University staff (*Annual Register*, 1943-1944, page 100):

*Exemption from Fees for Certain Members of the University Staff.*—Persons on University appointment at an annual salary of \$1,760 or less who are eligible for admission to University work, or on scholarship or fellowship appointment in the Graduate School, are exempt from the payment of the tuition fee and the laboratory, library, and supply fee in courses counting for graduate credit. (If such persons register in courses not counting for graduate credit, they pay fees as stated for part-time students in paragraph 1 on the preceding page, and the laboratory, library, and supply fee.)

This matter has been reviewed by the Committee on Fees and Scholarships and the Director of Nonacademic Personnel. There is an increasing need and demand from nonacademic employees, both those on appointment and others, to enroll in University courses. In some instances departments desire employees to take courses for improvement of the employee's present work. The following recommendations are submitted to replace the present rule and give effect to the proposals received from the sources stated:

1. Persons on the academic and administrative staffs of the University in any capacity, or who are on scholarship or fellowship appointment in the Graduate School, or who are on permanent employment on the nonacademic staff, may register in University courses for which they are eligible for admission without payment of the tuition fee and the laboratory, library, and supply fee, provided their annual salary is \$1,800 or less.

2. Permanent nonacademic employees without regard to salary may register without payment of any fees or deposits under the following conditions:

(a) In any regular University course in which the employee is requested by the Department, with the concurrence of the Director of Nonacademic Personnel, to enroll for the improvement of the employee's present work.

(b) Any special course looking toward improving University service organized at the request of the Director of Nonacademic Personnel in cooperation with the teaching staff, the employee concerned, and the departments in which such employee is located.

I recommend approval of the above plan effective September 1, 1945.

The Provost and the Comptroller commented on this matter.

On motion of Mr. Williamson, this matter was referred to a special committee to be appointed by the President of the Board.

President Livingston appointed the following committee: Mr. Nickell, Mr. Williamson, Mr. Fornof, Mr. Davis.

### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(10) The Committee on Special Appropriations and Nonrecurring Expenditures recommends assignments from the General Reserve Fund for the following purposes:

1. Remodeling of quarters for Child Counseling Center in building at 106 South Goodwin Avenue, Urbana.....	\$ 2 200
2. Remodeling in Physics Laboratory to provide office space for additions to staff.....	900
3. Microscopes and slides for Botany Department.....	2 900
4. Installation of a fire-resisting storage room in Lincoln Hall for scenery used by Theatre Guild.....	1 375
5. Office appliance equipment for instructional work in the College of Commerce and Business Administration.....	6 000
6. Observation Gallery, University High School.....	1 200
7. Additional campus walks.....	5 000
8. Acoustical treatment of classrooms and offices.....	5 000
<i>Total</i> .....	<u>\$24 575</u>

Reports from the Committee explaining in further detail the reasons for these expenditures are submitted herewith.

I concur in the recommendations.

On motion of Mr. Williamson, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Dr. Meyer.

#### **SPECIAL EXPENDITURES OF PHYSICAL PLANT DEPARTMENT**

(11) The Director of the Physical Plant Department requests approval for the following items of special expenditure:

1. Tree-moving machine, from W. L. Jeffrey, Knoxville, Illinois. Quoted price, \$4,800.

2. Additional tank for plant water treatment, from Permutit Company, Chicago, Illinois. Quoted price, \$7,125.

The need and use of this equipment are set forth in special memoranda submitted with this recommendation. The items are available only from the sources mentioned, and quotations have been secured by the Purchasing Agent. Expenditures of this kind normally would be the subject of special appropriations, but in the current year balances are available in the regular operation and maintenance appropriation of the Physical Plant Department due to lack of men and material for regular work. These purchases will be a material advantage in the future work of the department.

I recommend approval.

On motion of Mr. Nickell, these purchases were authorized as recommended.

#### **ORDERS FOR CHANGES IN SECURITIES**

(12) Under the rules of the Board, orders to the First National Bank of Chicago for changes in securities as authorized by the Board or the Finance Committee are to be signed by the Comptroller and the Secretary. The Board has previously approved certain deputies to act for these officers. Because of changes in the Business Office, new designations are needed. The Board is asked to adopt the following resolution:

*Whereas*, under the rules of the Board of Trustees, orders for the purchase and sale of securities representing investments of endowment funds, addressed to the First National Bank of Chicago as safekeeping agent and investment counsel, are signed by the Comptroller and the Secretary of the Board; and

*Whereas*, it is desirable that deputies be appointed to act for these officers in emergency and during their absence;

*Therefore, be it resolved*, that H. E. Cunningham, Secretary of the Board of Trustees, is authorized to delegate to Anna L. Neuber and Maude Archdeacon authority to sign his name to orders for the purchase and sale of securities as approved by this Board or by its committees acting under due authority; and that Lloyd Morey, Comptroller, is authorized to delegate to C. A. Webber and C. H. Pratt authority to sign his name to such orders under the same circumstances.

On motion of Mr. Williamson, this resolution was adopted as recommended.

#### **PURCHASES AUTHORIZED**

(13) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of low bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. Auxiliary equipment for Model 12-B infrared spectrometer, for the Department of Chemistry, from the Perkin-Elmer Corporation, Glenbrook, Connecticut, at a cost of \$1,900 f.o.b. Glenbrook.

2. One Case NCM 1418 pickup hay baler, for the Department of Animal Husbandry, from Dillavou Bros., Champaign, at a cost of \$1,089.

3. Screenings coal, 1450 tons, for the Physical Plant Department, from the Taylor-English Coal Company, Danville, at a cost of \$4,277.50.

4. One Chrysler New Yorker sedan, 1942 model, equipped with radio, heater, and spare tire, for the Division of Services for Crippled Children, from the McDaniel Motor Company, St. Louis, at a cost of \$2,224.62. OPA authorization was obtained for this purchase, which was made from Federal funds.

5. Franked envelopes, 1,250,000,  $4\frac{1}{8}$ " x  $9\frac{1}{2}$ ", for the Extension Service in Agriculture and Home Economics, from the Bowers Envelope and Lithograph Company, Indianapolis, at a cost of \$2,125.

6. Thirty tons pure wheat bran, for the Department of Animal Husbandry, from the Northwestern Flour and Feed Company, Chicago, at a cost of \$1,305 f.o.b. Champaign.

7. No. 2 oats, 1800 bushels, for the Department of Animal Husbandry, from the Leverett Grain Company, Champaign, at a cost of \$1,386.

On motion of Mr. McKelvey, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### EXECUTIVE SESSION

At this point, the Board went into executive session, and continued its consideration of matters presented by the President of the University.

#### ADDITIONAL APPROPRIATION FOR BOARD OF TRUSTEES EXPENSE

(14) The Secretary of the Board of Trustees requests an additional appropriation for Board of Trustees expense for the remainder of the current year due to the fact that the appropriation for the current year is practically exhausted as of March 31, 1945. This condition arises because of the necessity of printing the biennial report of the Board to the General Assembly and the increased cost of Board meetings due to the larger number of meetings during the current year.

I concur in this recommendation and request a special appropriation of \$3,600 from the General Reserve.

On motion of Mr. Williamson, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Dr. Meyer.

#### PATENTABLE DISCOVERIES

(15) The Faculty Committee on Patents submits the following recommendations relating to patentable discoveries by members of the staff:

1. The release to the United States Government of the following discoveries by Professors Dwight G. Bennett and Clifford M. Andrews, of the Department of Ceramic Engineering:

(a) Ceramic base coats, whose purpose is to promote adherence of the coating to the metal, to protect the metal from high temperature corrosion, and to act as a foundation for subsequent coatings.

(b) Additional coatings applied for the purpose of controlling absorption, reflection, emission, and conduction of radiant energy at high temperatures.

These discoveries result from research work done under a contract with the United States Army Air Forces. It is the judgment of the Faculty Committee on Patents that the University should not undertake to develop these discoveries because it is not in a position to exploit them, and a patent taken by the United States Government would sufficiently protect the public interest.

2. The release to Professor A. E. Badger, of the Department of Ceramic Engineering, and to Professor R. H. Bray, of the Department of Agronomy, of their discovery of a "Rock Phosphate Decomposition Method." This dis-

covery does not offer sufficient possibilities of commercial exploitation to justify the expense of securing a patent.

I concur in these recommendations.

On motion of Mr. Davis, the following action was taken:

1. The discoveries of Professors Bennett and Andrews were referred to the Committee on Patents for discussion with the Executive Committee of the University of Illinois Foundation.
2. The discovery of Professors Badger and Bray was released as recommended.

#### HOME RESEARCH CENTER

(16) In September, 1944, the Board of Trustees established the "Small Homes Council" to coordinate the resources of the several divisions of the University and to focus their research and other services on the small home problem. The Council has been very active and has developed a great many contacts with industries, civic organizations, and other agencies interested in the same problem.

A number of industries are prepared to consider proposals for constructing research homes at the University. Dean Rexford Newcomb, Chairman, and Professor William H. Scheick, Coordinator of the Small Homes Council, recommend that every effort be made to take advantage of these opportunities, and they propose that the University set up a "Home Research Center" for demonstration and experimentation. The following steps have been proposed, which I recommend:

1. Approval by the Board of Trustees of the proposed program.
2. Acquisition of land necessary for the Home Research Center.
3. Giving the Small Homes Council the status of a research agency (similar to the experiment stations and research bureaus) with authorization to investigate and approve proposals for cooperation with building and other industries. This will involve reorganization of the Small Homes Council and other changes, which are largely details of internal administration.

As background information for considering this proposal, I am submitting to the Board the following:

1. Progress report on the work of the Small Homes Council to date.
2. Statement on the proposed Home Research Center.
3. Plot plans of the proposed Home Research Center and map of campus showing the location.
4. Letter of March 12 from the Administrator of the National Housing Agency.

At a later meeting I shall ask the Board to give Dean Newcomb and Professor Scheick an opportunity to present information about this project in more detail and to answer questions.

On motion of Mr. Davis, these recommendations were adopted, and the University of Illinois Foundation was authorized to accept gifts to aid the accomplishment of the purposes of the Home Research Center.

At this point, Dr. Karl Meyer took his place with the Board.

#### MAINTENANCE OF ROSELAWN CEMETERY

(17) The University owns about half of the lots in Roselawn Cemetery, Champaign, purchased in 1930 in anticipation that ultimately all of the lots in this and in adjacent Mount Hope Cemetery would be acquired and the burials removed to provide for future expansion of the campus. In 1936 the Board of Trustees changed this policy and authorized the sale of the University's holdings, the proceeds to be used for the purchase of other property. A number of lots have been sold, but it has not been possible to find a purchaser for the entire holdings.

The Roselawn Cemetery Association has an endowment fund to provide perpetual care. When the University acquired the unsold lots in 1930 it in-

vested in that fund an amount in proportion to the investment by the Association. The Association is, therefore, responsible for the maintenance of the Cemetery, but this has not been done satisfactorily because the endowment fund is so small that the income is not sufficient to provide adequate maintenance. There appears to be no alternative than that the University assume this responsibility if the Cemetery is to be maintained satisfactorily.

The Director of the Physical Plant Department requests authority for the expenditure of approximately \$2,220 for deferred maintenance and improvements. These expenditures he believes are necessary in order to maintain the Cemetery in a standard comparable to other cemeteries and to relieve the University of criticism for present conditions.

The Director and the Comptroller recommend that this item, together with regular maintenance cost for the current year and until such time as the University disposes of its holdings or can transfer this obligation to others, be charged to receipts from the sale of lots.

I concur in this recommendation and recommend the assignment of funds as proposed.

On motion of Mr. Williamson, the Finance Committee was requested to consider and report on the general questions involved in the operation of this cemetery, and the appropriation was made as recommended by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin.

#### ARCHITECTURAL AND ENGINEERING SERVICES FOR POST-WAR BUILDING PROGRAM

(18) If funds are appropriated for the University's building program for the biennium of 1945-1947, it will be necessary to secure the professional services of several architectural and engineering firms to make building studies, prepare plans and specifications, or to assist in the completion of plans already in process. Although it is impossible for the University Architect and his staff to do all this work within the University's organization, it will be advantageous to maintain control of such architectural and engineering work through the Physical Plant Department.

The Director of the Physical Plant Department therefore recommends that the Board authorize negotiation with the following firms, or any others, on the building projects specified in each case, subject to final approval by the Board of contracts to be negotiated:

GRAHAM, ANDERSON, PROBST, AND  
WHITE (Chicago)

Electrical Engineering Building  
Mechanical Engineering Laboratory  
Remodeling and modernizing exist-  
ing buildings

HOLABIRD AND ROOT (Chicago)  
Health and Physical Education  
Building

Hospital Addition, Chicago

SKIDMORE, OWINGS, AND MERRILL  
(Chicago)

Apartment buildings (for married  
students)

SHAW, NAESS, AND MURPHY (Chicago)  
Women's Residence Halls  
Animal Husbandry Laboratories  
Dairy Husbandry Laboratories

SHREVE, LAMB, AND HARMON (New  
York)

Chemical Engineering Building  
Chemical Laboratory

PERRY, SHAW, AND HEPBURN (Boston)  
Fine Arts Building

CHILDS AND SMITH (Chicago)  
Veterinary Building

SARGENT AND LUNDY (Chicago)  
Power Plant Addition

Distribution Systems, Chicago

ALVORD, BURDICK, AND HOWSON  
(Chicago)

Water Station and Sewer Improve-  
ments

The University Architect would assume complete and direct responsibility for the preparation of plans for: Airport Construction; Health Service Station; Band Building (working drawings completed); Library Addition; Betatron Building.

The two firms outside the State were selected because:

1. It is necessary to secure a firm experienced in constructing a Chemical Laboratory Building. Shreve, Lamb, and Harmon, as late as 1942, constructed the Chemical Engineering Building at Cornell University, the outstanding recent building of its type in the country.

2. Perry, Shaw, and Hepburn have recently completed buildings similar to our proposed Fine Arts Building.

It is proposed to negotiate for the services of these firms in accordance with the conditions stipulated in the attached memorandum. Among other considerations these conditions would provide for payment in accordance with standard procedures at an agreed fee, that credit would be allowed for previous preliminary work on plans done by the University, and that the contracts would become operative as to the projects covered only if funds for them are made available to the University. In further support of this proposal, there are also submitted letters from Dean Rexford Newcomb of the College of Fine and Applied Arts, who has been consulted, reviewing some of the work done by these firms. Dean Newcomb and the other deans for whose colleges these buildings would be constructed concur in the selection of these firms.

I recommend approval, and I further recommend that if the services of any of these firms are not available authority be given to negotiate with others to be selected in consultation with Dean Newcomb and the deans whose interests are involved; provided that all contracts shall be subject to final approval by the Board of Trustees.

On motion of Mr. McKelvey, these recommendations were adopted. The Physical Plant Department was requested to give consideration to the employment of graduates of the University of Illinois wherever advisable.

#### **PURCHASE OF HANGAR FOR UNIVERSITY OF ILLINOIS AIRPORT**

(19) Professor James J. Doland, Supervising Engineer for the University of Illinois Airport, reports that the Defense Plant Corporation has a hangar for sale which is now on a flying field near Grady, Arkansas. The hangar is of steel construction, and it can be taken down, shipped, and rebuilt on the University of Illinois Airport. The Defense Plant Corporation also has for sale many items of equipment which the University can use at the Airport. A memorandum by Professor Doland gives further details about the hangar; a list of available equipment is submitted herewith, and a copy is being given to the Secretary of the Board for record.

The Advisory Board on Aeronautics, which has been meeting yesterday and today, recommends, and I concur, the purchase of the hangar and equipment by the University. I further recommend that the Board authorize the placing of bids and that an appropriation be made for the purchase of the hangar, equipment, removal to the Airport, and the necessary construction work of erection and installation.

Professor Doland commented on this matter.

On motion of Dr. Meyer, these recommendations were adopted, and Professor Doland was authorized to bid up to \$20,000 for the purchase of the hangar and equipment, and \$125,000 was appropriated to meet the cost of purchasing, moving, and rebuilding the hangar at the University of Illinois Airport.

#### **APPOINTMENTS TO UNIVERSITY OF ILLINOIS GENERAL ADVISORY COMMITTEE**

(20) At its meeting on March 13, the Board of Trustees approved a recommendation from the Committee on General Policy for an increase in the personnel of the University of Illinois General Advisory Committee. I recommend additional appointments to this Committee as shown in the attached list.

Action on this matter was deferred.

**STATUS OF PROFESSOR H. A. RUEHE**

(21) At the meeting of the Executive Committee of the Board on July 18, 1944 (Minutes, page 18), I presented a request from Professor H. A. Ruehe, Head of the Department of Dairy Husbandry, who has been on leave of absence without pay since February 1, 1943, for service as Secretary of the American Butter Institute, that he be retired from active service effective October 1, 1944, and given the rank of Professor *Emeritus*. The Executive Committee took no action but referred Professor Ruehe's request to a special committee on which the President of the Board appointed Messrs. Davis, Jensen, and Fornof. In the meantime, Professor Ruehe has been continued on leave of absence without pay.

He has now withdrawn his request for retirement and asks that he be continued on leave of absence without pay until September 1, 1945, when he will return to University service. I recommend approval.

This matter was referred to the Committee on Agriculture for consideration and recommendation.

**QUARTERLY REPORT OF THE COMPTROLLER**

(22) The Quarterly Report of the Comptroller to the Board of Trustees as at March 31, 1945.

This report was received for record.

**CONTRACTS FOR REMODELING IN CHICAGO**

(23) On November 30, 1944, the Board made an appropriation of \$150,000 for capital additions, remodeling, and equipment in the Chicago divisions. It has not been possible to carry out the projects called for by this appropriation because necessary priorities have not been approved and, as a result, a number of changes had to be made in the original schedule. A number of urgent projects can still be carried out within the biennial period during which the funds are available, but it is impossible to complete detailed specifications and secure competitive bids. Out of total projects estimated at \$77,150 the sum of \$41,750 can be let on competitive bids or done by the University's own staff.

The Executive Dean and the Physical Plant Department request that authorization be given to make cost-plus contracts for the remaining projects estimated at \$36,400 with responsible contractors with whom the University has had dealings in order to expedite the work and finish it within the time limit.

The Comptroller concurs and I recommend approval.

On motion of Dr. Meyer, this request was approved as an emergency arrangement in view of the circumstances.

**TAXATION OF WRIGHT FARMS**

(24) A communication from Dean Harno.

The University was left some farms in DeKalb County under the will of Harry G. Wright, deceased. In the testator's will he indicated his wish as to how the property should be used, but he nevertheless expressly stated that the use of the property should rest in the sole discretion and judgment of the Board of Trustees. I have made a preliminary examination of the legal factors involved and am of the opinion that the University is in a position to claim exemption from taxation on this property. I have also talked briefly to John H. Armstrong, who is handling some tax exemption matters for us, and while he has not given me an opinion on this particular property, I take it his judgment is in accord with mine.

Mr. Morey has sent me a letter from Professor J. B. Andrews, stating that he has interpreted the decision of the Board of Trustees to be that these farms are to be operated for profit for the purpose of supplying scholarships for worthy students to the College of Agriculture. He states also that he knows that the "attitude of the people in the county (DeKalb) toward the University would be much better for continued cooperation if the University did pay the taxes on these farms."

My judgment is, if these farms are actually tax exempt, it is our duty to claim the exemption. I was in the process of taking steps to secure an exemption, subject to what a further study of the legal factors might disclose. If there is any question on these procedures, then I should appreciate it if I would be informed as soon as possible.

I wish to add that I am fully sensitive to the feelings of local residents on matters of tax exemptions for the University. We have experienced a full measure of this in this County. I believe, nevertheless, that the University can not take any other position than to claim exemptions whenever we are entitled to them.

A. J. HARNÖ

On motion of Mr. Davis, the Legal Counsel was directed to take all necessary steps to secure the exemption of this property from taxation.

#### COMPENSATION OF NONACADEMIC STAFF

(25) A report from the Comptroller of a proposal to amend Senate Bill 321 so as to provide salary increases for all nonacademic employees (other than those whose compensation is based on local prevailing rates) amounting to fifteen per cent on salaries of \$225 a month or less, and ten per cent on salaries greater than \$225 a month, as of April 1, 1945.

The Comptroller commented on this matter.

The report was received for record.

#### TRIBUTE TO HAZEN S. CAPRON

Mrs. Grigsby presented the following and moved its adoption.

The Board of Trustees records with deep sorrow the death on May 4, 1945, of Mr. Hazen S. Capron, former Treasurer of the Board.

For more than 50 years he was one of the leading bankers of Illinois. He was held in high esteem not only by his fellow citizens in Champaign-Urbana but throughout the State for his ability, integrity, and public service.

Be it resolved that this tribute to a former officer of the Board of Trustees and good friend of the University be recorded in the Minutes of the Board and that the Secretary send Mrs. Capron a copy as an expression of the Board's deepest sympathy in her loss.

This resolution was unanimously adopted.

#### REQUEST FROM DEAN BENNER

At this point, President Livingston presented a letter from Dean Thomas E. Benner to the President of the Board requesting that the Board set a date on which Dean Benner might appear before the Board.

This matter was fully discussed. The point was made that this was an internal administrative problem, not yet before the Board according to the Statutes of the University, because (a) no recommendation with respect to the deanship has been made; and (b) the present communication had not come to the Board in the manner prescribed by the University Statutes (Sec. 38).

On motion of Mr. Davis, the Secretary was instructed to notify Dean Benner that the Board had received his letter and had taken the matter under advisement.

#### LEGISLATION CREATING BRANCHES OF THE UNIVERSITY OF ILLINOIS IN CHICAGO

(26) At a meeting of the Board of Trustees on November 30, 1944, the President of the University presented a "Summary of Facts and Statement of Recommendations Regarding a System of Junior Colleges for the State of Illinois."

The above document was referred to a special committee of the Board (Minutes, November 30, 1944, page 296), which, on December 12, 1944, reviewed the report and unanimously adopted it as amended (Minutes, January 20, 1945, page 337). By Board action (Minutes, November 30, 1944, page 323), this document has been published and widely distributed.

The Commission to Survey Higher Educational Facilities in the State of Illinois had also made a study of the junior college problem, and had come to conclusions similar to those reached by the study authorized by the Board of Trustees (Minutes, December 18, 1943, pages 790, 799). As a result of the Commission's study of junior colleges, Senate Bill No. 153 was introduced in the 64th General Assembly on February 27, 1945, by Senator Everett R. Peters. This bill amends certain sections of the School Code so as to provide for the development of public junior colleges under the general supervision of the Superintendent of Public Instruction, to be maintained by an increase in local taxes and by a grant of fifty dollars per unit of average daily attendance from funds appropriated by the General Assembly.

From time to time, the attention of administrative officers of the University of Illinois has been called to discussions of the need for a four-year liberal arts college in the Chicago area. In some cases, it was proposed to create a Chicago City College under the auspices of the Chicago City School Board. In other cases, a branch of the University of Illinois has been proposed.

On January 30, 1945, Representative Elroy C. Sandquist of the 25th Senatorial District, Chicago, introduced House Bill No. 73, for the creation of a four-year city college under the control of the Chicago Board of Education. On April 24, 1945, Senator Richard J. Daley and a number of other senators introduced Senate Bills No. 386, 387, and 388, dealing with the same subject. On April 26, 1945, the same gentlemen introduced Senate Bill No. 414, calling for an appropriation of three million dollars to the Board of Trustees of the University of Illinois in order to carry out the objects set forth in Senate Bills 386, 387, and 388.

Senate Bill 386 states that the University of Illinois is authorized and directed to establish and maintain normal colleges in all cities throughout the State having a population exceeding 500,000 inhabitants.

Senate Bill 387 states that the Trustees of the University of Illinois are authorized and directed to establish and maintain junior colleges in all cities throughout the State having a population exceeding 500,000 inhabitants.

Senate Bill 388 amends the organic act establishing the University of Illinois by authorizing and directing the Board of Trustees to establish branches or departments of the University in all cities throughout the State having a population exceeding 500,000 inhabitants, wherein courses of instruction as shall best serve to provide liberal and practical education customarily offered at the college or university level will be offered; and to offer such other courses of instruction as the University may determine, and confer suitable degrees therefor on students who satisfactorily complete such courses.

At its meeting on April 6, 1945, the Board of Trustees received a report from the Provost of the University regarding these various events, and the Board appropriated \$1,000 to cover the expenses of a suitable study, such study to be for the information of the Board in formulating its policies regarding the bills presented to the General Assembly (Minutes, April 6, 1945, page 428).

On Monday, April 30, the Provost of the University, with the approval of the President, met with the following persons, who had at different times expressed an interest in a four-year college in Chicago, for the purpose of discussing the entire situation in broad terms: Dean R. B. Allen; Senator Richard J. Daley; Mrs. Helen W. Dormitzer, Woman's City Club of Chicago; Alderman George D. Kells, Chicago Council; Mr. Leverett S. Lyon, Chicago Association of Commerce; Mr. James B. McCahey, President of Chicago School Board; Alderman Bertram Moss, Chicago Council; Mr. Frank S. Riegheimer, Attorney to Chicago School Board; Mr. Hans Schenk, City Club of Chicago; Miss Frances E. Schmidt, Chicago Woman's Club; Mr. Harland C. Stockwell, representing Mr. Douglas Sutherland, Civic Federation.

The discussion was not for the purpose of reaching any conclusions. The whole meeting was simply a first step in exploring the present situation and in securing suggestions for further study.

It has become obvious that attempts will be made to secure the approval of the General Assembly for Senate Bills 386, 387, 388, and 414 at the present session of the General Assembly. Senate Bill 387 is in direct opposition to the policies which the Board of Trustees has already adopted regarding junior colleges. If enacted into law, Senate Bill 387 will bring the junior colleges in the City of Chicago under the authority of the Board of Trustees of the University of Illinois, but students attending such junior colleges shall not be required to pay tuition. The University will be placed in the anomalous position of charging tuition at Urbana but not in the junior colleges in Chicago. If, as has been suggested, Senate Bill 387 is amended so as to place all junior colleges under the authority of the Board of Trustees of the University of Illinois, the junior colleges that might be established under Senate Bill 153 would also come under the authority of the Board of Trustees.

Senate Bills 387 and 153 raise a major issue of educational policy. The question at issue is: Are junior colleges integral parts of college or university education, or are they upward extensions of the secondary school?

Practically all educational leaders and all experts in the field of the junior college agree that the junior college is an upward extension of secondary education. In actual fact, of course, many junior colleges have been almost exclusively college preparatory, and they duplicate, therefore, the first two years of regular college work. The trend all over the country at the present time is in the direction of courses and curricula which are terminal at the end of the second year and which provide liberally for vocational and subprofessional as opposed to college preparatory and preprofessional training. In actual operation, instructors at the junior college level also teach in the high school, and superior high school teachers are engaged in the junior college. Some attempts are made to keep the student bodies separate, but in order to utilize facilities to best advantage, the most economical method of creating a junior college is to associate it closely with an existing high-school organization, providing such extra facilities in libraries, laboratories, and other items as the curricula suggest.

The trend all over the country is in this direction, thus keeping the junior college close to local interests and needs and partially dependent on local sources of support. For a university to enter such a situation would lead to confusion and to a clear deviation from the aims and purposes of the junior college.

#### RECOMMENDATIONS

*Senate Bill 387.* The Board of Trustees should reaffirm its previous position with respect to the junior colleges, viz., to recognize them as upward extensions of secondary education, with courses and curricula adjusted to local needs and supported in a generous measure by local taxation.

*Senate Bill 388.* The Board of Trustees has already voted to conduct a study of the need for a four-year liberal arts college in the Chicago area, and in view of the dearth of facts which would indicate how great the need is, where such a unit or units should be established, how many curricula should be offered, and at what standards of teaching and of physical plant maintenance the institution should be conducted, the study proposed by the Board should be completed before action is taken. The Board of Trustees should request deferment of action on Senate Bill 388 until the next session of the General Assembly.

*Senate Bill 386.* Except for the wartime emergency, the indications are that the College of Education at the University of Illinois, in cooperation with the other Urbana colleges and the five teachers colleges in the State, are fully able to maintain an adequate supply of teachers through the secondary level. The new State certification requirements will call for an expansion of facilities for teacher training at the graduate level. In view of these indications, it would be unwise for the University of Illinois to take over the Chicago Teachers College;

rather, it should, in cooperation with the University of Chicago, with Northwestern University, and with other qualified institutions, promote stronger graduate programs.

The Provost presented this matter and commented on it. Dean Allen reported on the status of the Y.M.C.A. College in Chicago. Mr. Frank A. Jensen also commented.

No formal action was taken, but it was the understanding of the Board that the Provost should appear at the hearing in Springfield and state the principles set forth in previous reports and actions of the Board.

On motion of Dr. Meyer, the action of the Comptroller and Secretary in executing these contracts was approved and confirmed.

### SALARIES FOR SUMMER QUARTER SERVICES IN CHICAGO COLLEGES

(28) On April 8, 1944, the Board of Trustees authorized the payment of additional compensation to the faculties in the Chicago Colleges for teaching during the summer quarter of 1944, which service was in addition to that required of them under their contracts. Normally service is required during the two semesters of the academic year beginning in September and ending in June, but the Chicago Colleges are now operating on a four-quarter basis, so that it is necessary to call on some members of the faculty to teach during twelve months of the year.

I recommend that the Board authorize payment of the additional compensation during the summer, on the basis of ten per cent of the annual salary, to be distributed over the months of June, July, and August, 1945, and that an appropriation of \$40,000 be made from the General Reserve Fund for this purpose.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Luken, Mr. McLaughlin, Mr. Nickell.

### UNIVERSITY OF ILLINOIS FOUNDATION

Mr. Fornof reported, for the special committee to study the functions of the University of Illinois Foundation, that the committee had intended to recommend in its report that the Foundation should employ, subject to the approval of the Board of Trustees, a qualified manager. The minutes state (page 373) that the University should employ this manager.

On motion of Mr. Fornof, the report was amended to show that the Foundation should employ its manager, subject to the approval of the Board, and the Secretary was authorized to correct the minutes of the meeting of February 24, 1945, by incorporating this change in the report on page 373.

### PURCHASE OF FRATERNITY HOUSES

Mr. McKelvey, for the Committee on Buildings and Grounds, presented a report of progress in the consideration of a proposal to purchase two fraternity houses.

### SALE OF ROSELAWN CEMETERY LOTS

The Secretary presented the following report of sale of lots in Roselawn Cemetery since the last report of such sales:

<i>Date</i>	<i>Description</i>	<i>Purchaser</i>	<i>Sale Price</i>
April 7, 1945	E $\frac{3}{4}$ Lot 70 Section G	W. E. Swan	\$210
April 16, 1945	NW $\frac{1}{4}$ Lot 157 Section G	Frank H. Reed	105

### COOPERATING TEACHERS

### ADJOURNED SESSION, MAY 26, 1945

An adjourned session of the May meeting of the Board of Trustees of the University of Illinois was held in the Illini Union Building, in Urbana, at 10 a.m. on Saturday, May 26, 1945.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. Coleman R. Griffith, Provost, Mr. J. F. Wright, Director of Public Information, Professor W. M. Wilson, and Mr. Frank A. Jensen.

Dr. George Dinsmore Stoddard, Commissioner of Education of the State of New York and President of the University of the State of New York, was present by special invitation of the Board.

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

##### APPOINTMENTS TO SUMMER SEMESTER TEACHING STAFF

(1) There is submitted for approval a list of proposed appointments to the teaching staff for instructional service in the summer semester of 1945 as recommended by the Director of the Summer Semester.

The list of appointments covers the service needed for the estimated civilian student enrollment and also for the regular government instructional training programs now in operation.

The budget is based on the following methods of calculation:

1. For 16 weeks,  $\frac{1}{3}$  of the annual salary with only such exceptions as are noted below.

2. For 8 weeks,  $\frac{1}{6}$  of the annual salary with only such exceptions as are noted below.

3. For University of Illinois staff members whose regular appointment is for 8 months, the summer semester salary is calculated on the basis of 2 months salary for 8 weeks, and 4 months salary for 16 weeks.

4. The maximum rate for University of Illinois staff members is \$900 for 8 weeks and \$1,800 for 16 weeks (for full time). The minimum salary rate (for full time) for teaching assistants in charge of courses is \$275 for 8 weeks and \$550 for 16 weeks. The minimum rate for others will be \$250 for 8 weeks and \$500 for 16 weeks.

The total of the proposed appointments is \$245,788, which is \$2,954 over the preliminary tentative budget for this period of \$242,834. The Director of the Summer Semester requests an appropriation of \$5,000 for salaries to cover this deficiency and to make other minor adjustments which may be necessary.

The Director of the Summer Semester also requests an additional appropriation of \$1,700 for expense and equipment. This is necessary due to the cost of offering flight instruction to a limited number of high-school instructors who are attending the summer semester.

I recommend that:

1. The following appointments for the summer semester of 1945 be approved.

2. All appointments or contracts for service during the summer semester include a provision permitting reduction in time and salary or cancellation of the contract in the event enrollments in certain courses or sections thereof do not warrant continuation of the appointment on the basis originally recommended.

3. An appropriation of \$6,700 be made from the University General Reserve Fund to the budget of the summer semester.

4. The President of the University be authorized to make such changes and adjustments, including additional appointments and acceptance of resignations, as are necessary in accordance with the needs of the University.

On motion of Mrs. Grigsby, these recommendations were approved and adopted, authority was given as requested, and the appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### APPROPRIATION FOR SHORT COURSE IN OCCUPATIONAL THERAPY

(2) The Board of Trustees, at the request of the Surgeon General of the United States Army, has previously authorized offering a special program of training in occupational therapy.

The first of these programs was offered in the summer of 1944, the second in the fall, and a third course is now in operation.

I recommend that an appropriation of \$2,500 be made from the General Reserve Fund to pay the expenses of this third course. The War Department pays all expenses of the program, but such payments go into the General Reserve Fund, and it is necessary that an assignment be made from that fund to cover the costs and other expenses.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

#### REVISION OF TRUST INVESTMENT STATUTE

(3) On May 17, Governor Green signed House Bill 280, which revises the conditions under which trustees may make investments of trust funds effective July 1, 1945. The old law limits trust investments to specific items listed in the law, unless a donor had relieved the trustee of that restriction. This has meant a considerable handicap to the Finance Committee in making investments of University trust funds. For that reason University officers, on the advice of the Finance Committee, supported House Bill 280. A copy of the new law is attached.

This report was received for record.

#### BEQUEST OF EDWARD C. EARL

(4) The University has recently received a communication from the Deputy Public Administrator, County of New York, that there has been filed in the Surrogate's Court a will of the late Edward C. Earl, which includes the following bequest to the University of Illinois:

"I, Edward C. Earl of Washington, in the District of Columbia, do hereby make publish and declare this as and for my last Will and Testament.

"First. I give devise and bequeath to The University of Illinois, Urbana, Illinois for the sole use of the Architectural Department of the University, the interest from this bequest to be used for small prizes for superior architectural work in the various undergraduate classes of the Architectural Department. Absolutely and in fee simple, all of the Estate of which I may die seized or possessed.

"Second. I nominate constitute and appoint the Professor of Architecture and the Business Agent of the University of Illinois of Urbana Illinois executors of this my will. Dated August 26, 1931."

Mr. Earl is an alumnus of the University of Illinois, having attended the College of Engineering from 1890 to 1893.

The estate consists of the following securities:

- 100 shares Northern Pacific R. R. Co.
- 100 shares Wabash R. R. Co. Class A Preferred
- 150 shares Wabash R. R. Co. Common
- 100 shares New York Central R. R. Co.
- 100 shares Great Northern R. R. Co. Preferred
- 300 shares Pennsylvania R. R. Co.
- \$100 bond Pennsylvania R. R. Co.
- \$500 face value U. S. bonds

The Legal Counsel is taking steps to have this estate probated. Since the proceedings for probate and administration of the estate must be in New York, he requests authority to employ Mr. Arthur L. Barton of Clark, Sickels, and Barton, 51 East 42nd Street, New York, as special counsel for the University in this matter. Mr. Barton is an alumnus of the University and is a lawyer of high standing in New York.

The Legal Counsel also recommends that the Comptroller of the University be authorized to serve as executor of this estate. The Legal Counsel states that the "Professor of Architecture" (i.e., Professor L. H. Provine, Head of the Department) is prepared to renounce his nomination by the testator since it is expedient to have only one University officer serve in such capacity.

I concur in these recommendations.

Mr. Janata presented this matter for the President.

On motion of Mr. Davis, these recommendations were adopted; with the specification that if it be found that the laws of New York forbid the appointment of a nonresident as executor, the services of Mr. Chester R. Dewey, of the Grace National Bank of New York, be secured if possible.

**BEQUEST OF MARTHA BELLE BARRETT**

(5) The following assets have been received as the result of the termination of a trust created under the will of Martha Belle Barrett, originally reported January 26, 1934 (Minutes, page 438).

United States bonds (par value \$4,500) market value.....	\$4 521 26
Principal cash.....	167 18
<i>Total</i> .....	<i>\$4 688 44</i>

The decrease from the amount of \$5,000 specified in the will is due to the payment of the Missouri State Inheritance Tax and the fees of the Trustee.

The endowment thus created is to establish the Martha Barrett Scholarship in American History under rules and conditions to be prescribed by the University. Such rules will be prescribed after the matter has had more study.

Mr. Janata presented this matter for the President.

This report was received for record.

**PURCHASES RECOMMENDED**

(6) The Purchasing Agent has proposed and the Comptroller recommends the following purchases. Unless otherwise specified the purchase in each case is recommended on the basis of lowest bids, ceiling prices, or because the items are noncompetitive. I concur in the recommendations.

1. One RCA-type EMU Universal model electron microscope, for the Executive Dean of the Chicago Colleges, from the Radio Corporation of America, Chicago, at a cost of \$13,000.

2. One specially constructed Harvard scientific treadmill, complete with gears, motors, and platform, for the Department of Medicine, from the Harvard Medical School Machine Shop, Boston, at a cost of \$1,815 f.o.b. factory.

3. Two Edison electric typewriters (dictating machines) and four Miracle Ediphone transcribing machines, for the Office of Nonacademic Personnel, from Edwin C. Barnes and Bros., Chicago, at a total cost of \$790 and \$840 respectively, f.o.b. Urbana.

4. One Ford-Ferguson tractor (complete with plow, disk, cultivator, mower, speeder box, scoop, snow plow, and weeder), for the Departments of Pharmacy and Pharmacognosy, from the Cromer-Motor Co., Naperville, at a cost of \$1,880.50 delivered, tax included.

5. Screenings coal, 1300 tons, for the Physical Plant Department, from the Taylor-English Coal Company, Danville, at a cost of \$3,835.

The Comptroller presented this matter for the President.

On motion of Dr. Meyer, these purchases were authorized as recommended.

**PURCHASES AUTHORIZED**

(7) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are noncompetitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. Eleven items of precious metals for student course outfits to be issued to N.C.T.P. and civilian students, for the Student Supply Store, from the following firms: Thomas J. Dee & Co. (two items), \$269.60; General Refineries (five items), \$2,771.80; Goldsmith Bros. Smelting & Refinery Co. (three items), \$606; I. Stern & Co. (two items), \$1,430;—total, \$5,077.40.

2. Pyrex laboratory glassware, 270 cases, for the General Chemical Stores, as follows: 153 cases from Wilkens-Anderson Co., Chicago, at a cost of \$2,023.40; 117 cases from A. S. Aloe and Co., Chicago, at a cost of \$1,743.50;—total, \$3,766.90.

3. One "Precision" blood plasma shelling and dehydrating machine, complete in steel cabinet with accessories, for the Department of Bacteriology and Public Health, from the Precision Scientific Company, Chicago, at a cost of \$3,500.

4. Twenty-four laboratory microscopes, for the Department of Zoology and Physiology, from A. S. Aloe and Company, St. Louis, at a cost of \$3,033.72 delivered.

5. The following chemicals, for the Department of Chemistry, from Merck and Company, Inc., Rahway, New Jersey, at a cost of \$1,352.52 f.o.b. Rahway: 1,000 grams dl-valine; 2,000 grams dl-leucine; 1,000 grams dl-isoleucine; 1,000 grams l(+)-lysine monohydrochloride.

6. Namelo book paper, 400 reams, 25 x 38, 60-lb., for the Extension Service in Agriculture and Home Economics, from the Dwight Bros. Paper Company, Chicago, at a cost of \$2,150.

7. One GE X-ray apparatus, model D-3, with two tube heads for use with broadbent cephalometer, for the Division of Dental Administration, from the General Electric X-Ray Corporation, Chicago, at a cost of \$1,726.

On motion of Mr. Williamson, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### HOME RESEARCH CENTER

(8) At its meeting on May 12, 1945 (Minutes, page 459), the Board of Trustees authorized the development of a "Home Research Center" as one of the principal enterprises of the Small Homes Council. Dean Rexford Newcomb of the College of Fine and Applied Arts, and Associate Professor William H. Scheick of the Department of Architecture, Chairman and Coordinator respectively of the Small Homes Council, have been asked to appear at the meeting today to present information about this project in detail.

The President of the University introduced Dean Newcomb, who summarized the history of this project and in turn introduced Professor Scheick, who spoke on the immediate and long-term aims and needs of the Center.

On motion of Mr. Williamson, the Board reaffirmed its hearty approval of this project.

#### EXECUTIVE SESSION

The Board went into executive session to consider further recommendations of the President of the University.

#### ADDITIONAL APPROPRIATION FOR McKINLEY HOSPITAL

(9) The Dean of Students requests an additional appropriation of \$4,000 for operating expenses of McKinley Hospital for the current year ending June 30, 1945.

The Hospital is maintained to the extent possible by income for services and from the McKinley endowment. Income for services in 1943-1944 was \$36,066.25 and from endowment, \$431.95. An appropriation from general University funds is made for whatever deficit may accrue. The deficit for 1943-1944 was \$12,084.53 and the appropriation for the current year is \$14,709. However, due in part to a decrease in income and in part to increase in operating costs, the deficit as of April 30 is approximately \$14,150. May and June are always light months, the deficit last year being \$3,559.

The Comptroller concurs in this request, and I recommend an appropriation of \$4,000 from the General Reserve Fund, for McKinley Hospital operating expenses as requested.

The Comptroller presented this matter for the President.

On motion of Mr. Williamson, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Mr. Nickell.

**RECOMMENDATIONS RELATING TO PATENTABLE DISCOVERIES**

(10) The following report and recommendations from the Faculty Committee on Patents relating to discoveries by members of the University staff:

1. A Betatron with a Time-Dependent Field Shape. This is an improvement of the betatron by Professor Gail D. Adams, Research Physicist in the College of Engineering. The discovery is considered by the Department of Physics of much more importance than any of the betatron improvements heretofore discovered. This improved betatron differs fundamentally from that described in Professor Donald W. Kerst's basic patent now held by the General Electric Company. The X-ray output of a betatron equipped with this newly discovered device exceeds by at least 50 per cent that of the original machine.

2. A Porcelain Betatron Vacuum Tube. This discovery was made three years ago by Professor G. M. Almy of the Department of Physics and Professor R. K. Hursh of the Department of Ceramic Engineering. On the basis of a recommendation from the patent attorney representing the University at that time, it was decided not to file application for a patent. Recent conferences with the patent attorney now representing the University suggest the advisability of filing such an application. It has been found impossible to perfect an all-glass vacuum tube. The tube developed by Professors Almy and Hursh is made mainly of porcelain which has the same expansion under heat as glass, making possible the fusion of the porcelain main body with certain necessary glass connections.

The Committee recommends that Professors Almy and Adams be authorized to confer with the University's patent attorney concerning the betatron with a time-dependent field shape and that application for a patent on the same be authorized if in the opinion of counsel that is expedient.

The Committee recommends filing of a patent application on the porcelain betatron vacuum tube.

3. Discoveries in the Field of Synthetic Rubber. Professor C. S. Marvel of the Department of Chemistry has discussed with the Committee a large number of discoveries made in the course of research work in the field of synthetic rubber under a contract with the Rubber Reserve Company, a federal agency. Under the terms of this contract, all discoveries become the property of the Rubber Reserve Company. The latter has announced a policy of permitting patentable discoveries to be taken first by the inventor and second by the University, the Company waiving its rights under the contract, but under the terms of such waiver the Rubber Reserve Company would be entitled to a royalty-free non-exclusive and irrevocable license to use any patents procured and also to the right to grant sub-licenses.

Professor Marvel has advised that the University do not make applications for patents upon these discoveries. In view of the conditions imposed by the Rubber Reserve Company, it is the judgment of the Committee on Patents that these patents would have no substantial value to the University and it, therefore, recommends that no action be taken to secure patents.

I concur in the recommendations of the Committee.

Mr. Janata presented this matter for the President.

On motion of Mr. Davis, these recommendations were adopted.

**PATENTABLE DISCOVERIES**

(11) At the meeting of the Board on May 12, 1945 (Minutes, page 458), there was presented a recommendation from the Faculty Committee on Patents that the University release to the United States Government certain discoveries made by Professors Dwight G. Bennett and Clifford M. Andrews of the Department of Ceramic Engineering in the course of research work done under a contract with the United States Army Air Forces. It was the judgment of the faculty committee that the University should not undertake to develop these discoveries. The Board referred this recommendation to the Committee on Patents for discussion with the Executive Committee of the University of Illinois Foundation. The Secretary reports on behalf of his Executive Committee as follows:

1. Although the discoveries may have some commercial value, the com-

mittee felt that they did not have sufficient commercial value to prompt the Foundation to take over the discoveries.

2. To be used commercially, it is thought that an entirely new formula would be required.

3. It is understood that the University plans to ask the Army Air Corps for \$50,000 more to continue research in this same field.

4. In the past it has been the practice for the University to apply for patents and then assign them to the Foundation.

In view of these facts, I recommend that the Board reconsider its previous action and authorize release of the discoveries to the Government.

Mr. Janata presented this matter for the President.

Mr. Davis, for the Committee on Patents, recommended concurrence.

On motion of Mr. Davis, these discoveries were released as recommended.

#### INCREASES IN SALARIES OF NONACADEMIC PERSONNEL

(12) Senate Bill 321, a bill for an act making appropriations to the University of Illinois for the biennium 1945-1947, was amended in the State Senate to provide that "commencing July 1, 1945, every employee in the service of the University during the month of April 1945, other than those whose compensation is based on local prevailing rates, if he was receiving a salary at a full-time rate of \$225 or less per month in April, 1945, shall receive a salary at a rate of not less than fifteen per cent in excess of such salary, and if he was receiving a salary at a full-time rate in excess of \$225 per month in April, 1945, shall receive a salary at a rate of not less than ten per cent in excess of such salary." The bill with the same amendment was approved by the Committee on Appropriations of the House of Representatives.

In carrying out the provisions of this amendment it will be necessary in some cases to exceed the present maxima of civil service salary ranges. I therefore recommend adoption by the Board of Trustees of the following:

In consideration of the enactment by the 64th General Assembly of legislation which makes mandatory stated increases in nonacademic salaries, the Board of Trustees hereby approves the payment in any classification of an amount sufficiently above the established civil service range to permit compliance with the law.

Another way of dealing with this situation would be to increase the upper levels of all ranges, but it is advisable to defer this until there has been a general survey, analysis, and evaluation of present nonacademic position and salary structure. The Director of Nonacademic Personnel is proposing to make such a survey during the coming year.

On motion of Mr. Fornof, authority was given to make payments of salaries in amounts sufficiently above the present civil service range to permit compliance with the law.

#### LEGISLATION TO CREATE BRANCHES OF THE UNIVERSITY OF ILLINOIS IN CHICAGO

(13) At the meeting of the Board of Trustees on May 12, 1945 (Minutes, page 463), a report was made on legislation to create branches of the University of Illinois in Chicago (Senate Bills 386, 387, 388, 414) with recommendations as to the position which the Board of Trustees might consider taking toward such legislation. The Provost was requested to appear at hearings on these bills and present the principles set forth in actions taken by the Board on the basis of this and previous reports.

These bills (with the exception of Senate Bill 414, which is before the Senate Committee on Appropriations) were considered by the Senate Committee on Education on May 16. The bills were referred to a subcommittee for further study.

The Provost commented on this matter.

This report was received for record.

### EMPLOYMENT OF JAPANESE-AMERICAN STUDENTS

(14) The Board of Trustees on March 14, 1944, approved under certain conditions the admission to the University of Japanese-American students who are citizens of the United States. At that time the approval of the Provost Marshal General of the Army was required for the admission of such students to colleges and universities. Most of these students formerly lived on the west coast and had been removed to war relocation centers as a security measure. On August 31, 1944, the War Department removed all restrictions on where such students might attend, and on December 17, 1944, the War Department announced that persons of Japanese ancestry, not individually excluded, would be free as of January 2, 1945, to return to the west coast.

There are a number of these students at the University of Illinois. One of the conditions specified by the Board of Trustees governing their admission was that "2. The student must present evidence that he or she has sufficient funds to pay all expenses without the need for employment while in attendance." A few of these students have limited resources, and the Dean of Students recommends that this requirement be rescinded. There is such a shortage of student workers that if this restriction is removed the Student Employment Bureau would recommend some of them for jobs.

Mr. Janata presented this matter for the President.

On motion of Dr. Meyer, requirement 2 was rescinded as recommended.

### REQUEST FROM DEAN THOMAS E. BENNER

(15) At the meeting of the Board of Trustees on May 12, 1945 (Minutes, page 463), President Park Livingston read the following letter which he received from Dean Thomas E. Benner of the College of Education:

May 8, 1945

*The Honorable Park Livingston, President  
University of Illinois Board of Trustees  
20 North Wacker Drive  
Chicago 6, Illinois*

DEAR MR. LIVINGSTON:

In as much as it will require some time for me to get ready for the hearing before the Board of Trustees which you stated last summer would be given me, will you be so kind as to ask the Board at its meeting on Saturday, May 12, to set the date for this hearing and to let me know at your earliest convenience when and where it will be held.

Sincerely yours,

THOMAS E. BENNER  
Dean

This matter was fully discussed. The point was made that this was an internal administrative problem, not yet before the Board according to the Statutes of the University, because (a) no recommendation with respect to the deanship has been made; and (b) the present communication had not come to the Board in the manner prescribed by the University Statutes (Sec. 38).

Subsequently I asked Dean Albert J. Harno, Legal Counsel, to advise the Board on Dean Benner's requests, and I submit the following report:

301 Altgeld Hall  
May 16, 1945

*President A. C. Willard  
355 Administration (West)*

DEAR PRESIDENT WILLARD:

The statutes of the State of Illinois (Ill. Rev. Stats. 1943, Ch. 144, Sec. 22) provide that the Board of Trustees of the University shall have power "to make and establish by-laws, and to alter or repeal the same as they shall deem necessary, for the management or government, in all of its various departments and relations. . . ."

Section 28 of the same Chapter provides that the trustees shall have power "to appoint such professors and instructors . . . as may be required to teach . . ."

In a pamphlet bearing the title "University of Illinois Statutes," and the date March 10, 1936, the following introductory note appears, signed by Mr. H. E. Cunningham, Secretary of the Board of Trustees: "The regulations of the Board of Trustees for the guidance of the staff of the University were called *By-Laws* until 1901, when the term *Statutes* was applied."

Section 8 of the University Statutes provides:

"8(a) The dean shall be the chief executive officer of the college, and he shall be responsible to the President for its administration.

"(b) He shall be elected biennially by the Board of Trustees on nomination of the President. On the occasion of each such election, the President shall have the advice of the executive committee of the faculty concerned.

"(c) . . . (9) he shall recommend the appointment, reappointment, or promotion of the officers and members of the teaching staff . . . ; (10) in case recommendations from the colleges are not approved by the President, the dean shall have, with the consent of the Board, the opportunity of presenting the same in person before the Board of Trustees in session."

Section 25 of the University Statutes is on tenure. It is to be observed that sub-section (a) is limited to tenure of individuals who hold academic rank, but sub-sections (b) and (c) may have broader implications. Professors and associate professors, subject to some limitations, are appointed "for an indefinite term." Appointments below the rank of associate professor are for a definite term.

Sub-section (b) of Section 25 defines causes for discharge. The definitions of this sub-section can be interpreted as being restricted to questions arising in relation to the discharge of persons while serving on indefinite tenure. In a broader application they might apply to the discharge of persons on indefinite tenure or the discharge, before the expiration of the terms of their appointment, of all appointees on definite tenure.

The latter view finds some support in the language of sub-section (c) of this Section, which reads:

"No appointee shall be removed before the expiration of his term of service without first having been presented with a written statement detailing the charges against him, together with a summary of the evidence in support of the same. After the presentation of charges he shall have the opportunity of a hearing before the Board of Trustees."

This sub-section, since it uses the words "no appointee" would seem to cover appointments that do not involve academic rank as well as those that do. The broadest application that can be given to the language of Section 25 goes no further than to provide that persons discharged while on definite tenure before the expiration of their terms are entitled, before their discharge, to a written statement of charges against them and an opportunity to be heard by the Board. These privileges are not guaranteed to individuals who hold appointments for definite terms where the issue at stake is a failure to reappoint them on the expiration of their terms of service. An appointee, pending the expiration of a definite term of appointment, is not, under the University Statutes, entitled to a written notice (and for that matter, it would seem he is not entitled to any notice) of charges against him touching the issue of his non-reappointment at the end of his term. Likewise, he is not entitled to a hearing before the Board of Trustees.

In fact, a term appointment can have no other implications. As a matter of contract law, the individual who holds such an appointment is appointed only for a definite term. At the end of the period for which the University has contracted to employ him, it has no further legal obligations to him. His service for that period gives him no vested rights to a new appointment. If the University fails to reappoint him, it is under no obligation to give reasons for its failure to do so. To be sure, individuals who serve on term appointments are commonly reappointed at the end of their terms. But this does not alter the character of these appointments. It is of the essence that they are for definite periods.

From the foregoing analysis it would seem clear that a person serving on an appointment for a definite period is not, on the failure of the University to reappoint him at the end of the period, entitled to a hearing before the Board

of Trustees. Whether or not the University wishes to give him a hearing is a question for the Board to determine. The Board can refuse to give a hearing; or, should it wish to grant a hearing, it can state the conditions under which the hearing would be granted. The individual requesting the hearing is in no position to demand the hearing as a matter of right, nor, should the Board decide to give him a hearing, is he in a position to state the conditions under which he is to be heard.

The Board of Trustees meets in open session and also in executive session. It might decide to grant a hearing in executive session. Further, it can prescribe the circumstances under which the individual making the request can appear. He might ask, for example, that he be permitted to appear before the Board and to bring other people with him to support him. Also, he might ask to bring an attorney with him. The Board can answer, should it so determine, "We will hear you if you want to come, but you will have to come by yourself and state what you want to say to us in executive session." Further, it is quite proper for the Board to state in advance the time it is willing to devote to hearing him.

Sincerely yours,

ALBERT J. HARNO

The President of the University presented also a letter from Judge Johnson on this matter.

This matter was fully discussed. On motion of Mr. Williamson, the Secretary was instructed to notify Dean Benner, by letter, of the present status of this matter as shown in the records of the Board.

#### **SETTLEMENT OF CLAIM FOR TAXES AGAINST ARCADE BUILDING**

(16) By authority of the Board of Trustees of the University of Illinois and the Directors of the University of Illinois Foundation, the University instituted litigation to remove assessments of general property taxes for 1943 assessed and levied against various properties of the Foundation, including the Arcade Building. The original proceedings were objections filed by leave of Court in 1944 and related to titles and assessments as of April 1, 1943, at which time title to these properties was in the University of Illinois Foundation. This litigation eventually went to the Illinois Supreme Court which held the properties exempt from taxation.

The State's Attorney of Champaign County has taken the position that in the appeal to the Supreme Court there was presented the question of the taxation of these properties as one entire entity and that there was no effort in the trial court to segregate the question of portions of the Arcade Building used for commercial purposes so that the Supreme Court could consider that item separately from the entire question. The State's Attorney is prepared to contest the University's objections in so far as they relate to portions of the Arcade Building leased to commercial enterprises and not used for educational purposes.

In the summer of 1944 the Board of Review of Champaign County attempted to make such distinction and assessed the commercially used areas of the Arcade Building at \$4,000. Using that assessment as a basis for calculation, the State's Attorney has indicated willingness to compromise the claim against the University on account of taxes levied and assessed in 1943 to eliminate further litigation. He states he is willing to concede validity of the current obligations subject to a stipulation that the Arcade Building be assessed at \$2,000, which at a tax rate of \$5.35 would result in a total tax of \$107. This compromise would have no effect on future tax questions, for prior to 1944 title to these properties, including the Arcade Building, formerly in the University of Illinois Foundation, was conveyed to the University. The objections which will be filed this year will be based on a claim of exemption under a different provision of law.

Compromise of the claim for taxes assessed in 1943 against the Arcade Building by the payment of \$107 eliminates further litigation and will be less expensive than to go through a hearing and another possible appeal. Under the circumstances, I have authorized settlement of the claim on this basis.

On motion of Mr. Fornof, the action of the President in authorizing this settlement was approved and confirmed.

#### **EFFECT OF UNIVERSAL MILITARY TRAINING LEGISLATION ON THE UNIVERSITY**

(17) I have received communications from the Executive for Reserve and Reserve Officers Training Corps Affairs of the War Department (May 3, 1945), the Professor of Military Science and Tactics (May 10, 1945), and the Legal Counsel (May 17, 1945) concerning the effect of Federal universal military training legislation upon the University of Illinois and its military training obligations under existing State and Federal laws. Copies of these letters are being given to the Secretary of the Board for record.

This report was received for record.

#### **STATUS OF PROFESSOR H. A. RUEHE**

At this point, Dr. Meyer reported, for the Committee on Agriculture, a recommendation that Professor H. A. Ruehe be permitted to return to active service on September 1, 1945, as Professor of Dairy Manufactures, but without responsibility as Head of the Department of Dairy Husbandry, at the same rate of salary as at the time he went on leave. It does not seem safe, in consideration of Professor Ruehe's physical condition, to permit him to undertake a full schedule of teaching and administrative duties.

On motion of Dr. Meyer, this recommendation was adopted.

#### **COMMITTEE ON PRESIDENCY**

Mr. Davis stated that the Committee on the Selection of a President was ready to make a report.

On request of President Livingston, Dr. Stoddard spoke briefly, expressing his appreciation of the courtesies extended to him and Mrs. Stoddard on this visit, and stated that he regarded the future of the University of Illinois as most promising and that he would give favorable consideration to the Presidency if selected. Dr. Stoddard then withdrew.

Professor Wilson said that the Senate Committee was unanimously in favor of the election of Dr. Stoddard to the Presidency, and that the Junior Faculty Committee and the committees representing the Alumni Association and the General Advisory Committee concurred unanimously.

Mr. Davis read the following report.

#### **REPORT OF THE COMMITTEE ON THE SELECTION OF A PRESIDENT**

The Board on April 8, 1944, acting on the suggestion of President Willard, authorized the appointment of a Special Committee on the Selection of a President of the University. President Livingston appointed the following committee: General Chester R. Davis, Chairman, Mr. Fornof, Mr. Jensen, Dr. Luken, Dr. Meyer. On the expiration of Mr. Jensen's term as member of the Board in March, 1945, he was requested to continue as a citizen member, and Mr. Williamson was added as a member of the committee.

H. E. Cunningham acted as secretary of the committee.

The Committee requested the University Senate, the Alumni Association, and the General Advisory Committee to appoint special committees to advise with and assist the Board committee in its work. The personnel of these committees was as follows:

*Faculty:* Wilbur M. Wilson, Chairman, Herbert E. Carter, Horace M. Gray,

Harold N. Hillebrand, Robert R. Hudelson. On the illness of Professor Hillebrand in November, James G. Van Derpool was selected to take his place.

*Alumni Association:* George E. Woods, 1913, Chairman, Robert F. Carr, 1893, Janet Kinley Gregg, 1924, Dr. W. L. Crawford, M.D., 1920, Captain George Catlett, 1939.

*General Advisory Committee:* Major Lenox R. Lohr, Chairman, Otto G. Beich, Chester Collins, Ronald M. Kimball, William D. Knight.

The Chairman of the Board Committee addressed letters to the presidents of leading American universities and to other men prominent in education, business, and public life, and asked for suggestions of names of desirable men. The Chairman of the Alumni Committee requested prominent alumni, including the presidents of Illini Clubs, to make suggestions. The committee from the General Advisory Committee had several meetings, outlined the qualifications necessary and desirable for success in the presidency, and suggested policies to be followed and names. The Faculty Committee held weekly meetings, appointed a subcommittee of younger members of the staff and one for the Chicago Colleges, conducted polls to ascertain the wishes of the faculty and staff, and conducted a wide correspondence with teachers at other institutions. These committees have been altogether helpful.

The Board Committee has held twelve meetings with the chairmen or some member of the advisory committees and other members of the Board in attendance. On February 24, 1945, the Committee made a report of progress to the Board to the effect that more than one hundred candidates had been considered, and inquiries had been made by letter and in person, but that no member of any committee had interviewed any nominee. However, two persons under consideration had unqualified approval and seemed desirable, and should be interviewed by a special committee including President Livingston, Mr. Davis, and Mr. Jensen. At the time arranged for these interviews, President Livingston was unable to make the trip, but Mr. Davis and Mr. Jensen went east and visited these men, and returned with a favorable report and a recommendation that the President of the University be requested to invite Dr. George D. Stoddard, Commissioner of Education and President of the University of the State of New York, and Mrs. Stoddard, to visit the University as the official guests of the University. Dr. and Mrs. Stoddard accepted this invitation. They visited the Chicago campus on Thursday of this week, meeting four members of the Board of Trustees, the three deans of the Chicago colleges, the chairmen of the advisory committees, two members of the Alumni committees, the President of the Board of Directors of the Athletic Association, the President-elect of the Alumni Association, the Secretary of the Board, and prominent members of the teaching staff. All were most favorably impressed.

Yesterday, Dr. Stoddard interviewed (in small groups) the deans and directors and the principal administrative officers of the University, the athletic coaches, and representatives of the press. He had luncheon with the Faculty Committee.

The impression here was also good, and confirmed the opinion that had been growing in the minds of the Committee, after thorough study of the qualifications of so many prominent men, that we have in Dr. Stoddard a most distinguished, capable, and desirable man to be President of the University of Illinois.

We therefore recommend unanimously that Dr. George Dinsmore Stoddard be elected President of the University of Illinois, to serve at the pleasure of the Board, at a salary of \$20,000 a year, effective July 1, 1946, to take office on retirement of Dr. Willard on September 1, 1946, with the use of the President's house and automobile, according to the laws of the State, the By-Laws of the Board, and the Statutes of the University.

On motion of Mr. Davis, this report was adopted, and Dr. Stoddard was unanimously elected President of the University under the conditions recommended.

Dr. Stoddard having been summoned, returned to the meeting. President Livingston notified him of his election, and Dr. Stoddard accepted the office and thanked the Board.

The Board discussed with Dr. Willard and Dr. Stoddard the actual time that Dr. Stoddard should take office, and it was agreed as fair and satisfactory to all interests that Dr. Stoddard should take charge of the affairs of the University on July 1, 1946, and that Dr. Willard should be allowed a vacation with full pay during July and August, 1946, and be retired on September 1, 1946, with the title of Professor of Heating and Ventilation, and President, *Emeritus*.

On motion of Mrs. Grigsby, the Secretary was instructed to express to the chairmen and members of the committees the appreciation of the Board for their substantial and excellent work during the past fourteen months.

The Board adjourned to meet on call of the President of the Board.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**June 30, 1945**

**With Executive Committee Meeting of  
July 3, 1945**

The June meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 10:30 a.m. on Saturday, June 30, 1945.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Professor C. R. Griffith, Provost, Dr. R. B. Allen, Executive Dean of the Chicago Colleges, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and, during part of the day, Mr. J. F. Wright, Director of Public Information, and Mr. D. E. Dickason, Director of Nonacademic Personnel.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of May 12, 1945, and of the adjourned session of May 26, 1945.

On motion of Mr. McKelvey, the minutes were approved as printed on pages 451-496 above.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT**

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified.

Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia, and earned by passing a written examination (Section 5):

FRANCIS MATHIAS BECHERER (Mo.)

HERBERT DAVISON SOPER (Wis.)

GEORGE RAYMOND BEELER (Ind.)

HARRY WILLIAM YOUNGER (Ind.)

JAMES ALLAN COUNCILOR, JR. (D.C.)

I concur.

On motion of Mr. Williamson, these certificates were awarded as recommended.

**LEAVES OF ABSENCE**

(2) A recommendation that the following leaves of absence, without pay, be granted members of the staff for military and other war services for the period indicated in each case:

KURT SPRINGER, Assistant in the Department of Laryngology, Rhinology, and Otology (Rush), February 1 through August 31, 1945. (Army)

LENORE HERMANN, Staff Nurse, Research and Educational Hospitals, May 22 through August 31, 1945. (Army Nurse Corps)

J. L. DEWTON, Cataloger in the Library, leave of absence without pay from August 1 until October 15, 1945, for a special overseas mission for the Air Technical Service Command at Wright Field. This is a technical inspection service to secure certain scientific data specifically requested by the Army. This leave may be terminated earlier if Mr. Dewton returns prior to October 15.

On motion of Mr. Nickell, these leaves were granted as recommended.

**SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(3) The Committee on Special Appropriations and Nonrecurring Expenditures recommends assignments from the General Reserve Fund for the following purposes, these appropriations to be available until January 1, 1946:

1. Practice organ for School of Music.....	\$ 2 500
2. Improvements at Dixon Springs Experiment Station:	
House for Assistant Superintendent.....	\$4 000
Machinery storage and repair center.....	4 500
Bleachers for farmers' meetings.....	500
	9 000
3. Special equipment for departments in the College of Agriculture:	
Animal Husbandry.....	\$1 608
Agronomy.....	1 400
Animal Pathology and Hygiene.....	3 687
	6 695
4. Fencing of Trelease Woods area.....	2 650
5. Addition to Agronomy Greenhouse.....	21 100
6. Garage and Service Building for Department of Animal Husbandry...	1 750
7. Office equipment for Council on Teacher Education.....	1 200
8. Construction of ponds at Vivarium for research and educational programs .....	2 200
9. Building improvements for College of Education:	
Improvements in wainscoting at University High School.....	\$800
Purchase and installation of paint spray booth for Industrial Education.....	800
	1 600
<i>Grand Total</i> .....	<i>\$48 695</i>

On motion of Dr. Meyer, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken.

#### **ADDITIONAL APPROPRIATIONS FOR AGRICULTURAL DEPARTMENTS**

(4) Dean H. F. Rusk requests additional appropriations for various agricultural departments out of income of those departments in excess of budget estimates as follows:

Animal Pathology and Hygiene.....	\$ 300
Dixon Springs Experiment Station.....	2 500
Dairy Husbandry.....	9 000
Horticulture .....	11 000
<i>Total</i> .....	<u>\$22 800</u>

Expenditures of the year in these departments will exceed the budget estimates but income has also exceeded expectation and is more than ample to meet the added appropriation.

The Comptroller concurs in this recommendation and I recommend approval.

On motion of Mr. McLaughlin, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken.

#### **APPROPRIATION TO FACULTY-GRADUATE STUDENT CENTER TRUST FUND**

(5) The agreement with the University Club of Urbana for the purchase of the Club property provides for a trust fund to be applied toward a faculty-graduate student center. The Board agreed to match all money contributed by the Club to this fund during the biennium ending June 30, 1945.

The Board on January 26, 1944, made an appropriation amounting to \$4,451.02, and on June 1, 1944, an additional appropriation was made in the amount of \$1,400. The University now has received additional contributions totaling \$1,250 to be remitted to the Foundation for credit to this fund.

An additional appropriation of \$1,250 from the General Reserve Fund should now be made in accordance with the agreement.

On motion of Mrs. Grigsby, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken.

#### **APPROPRIATION FOR LANDSCAPING OF GROUNDS**

(6) The Department of Horticulture which is responsible for the maintenance of the grounds about the President's House at 711 West Florida Avenue has requested an assignment of \$438.15 for replacement of trees, flowering plants, and other landscaping improvements.

I recommend an assignment of this amount from the General Reserve Fund; this appropriation to be available until January 1, 1946.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken.

#### **INCREASES IN SALARIES OF NONACADEMIC STAFF**

(7) As reported to the Board on May 26, Senate Bill 321, 64th General Assembly, the University of Illinois biennial budget for 1945-1947 carries a provision making mandatory increases in the salaries of the nonacademic staff

other than those whose compensation is based on local prevailing rates. It is necessary to proceed at once to prepare new records, so that payrolls for July may be made up in time to have checks ready for distribution in the middle of the month and at the end of the month. I have, therefore, authorized the Director of Nonacademic Personnel and the Comptroller to proceed accordingly in order to implement the requirements of the law, subject to its final passage and approval. I am also authorizing the Director of Nonacademic Personnel to send out notices of employment and salary changes to all nonacademic personnel before July 1, 1945.

Confirmation of this action is respectfully requested.

On motion of Mr. Nickell, the actions of the President of the University in this matter were approved and confirmed.

#### ESTATE OF WILLIAM T. ROGERS

(8) The Legal Counsel reports the receipt by the University of a petition for probate of the will of the late William T. Rogers of Buffalo, Sangamon County, in which is the following bequest:

"As soon as practicable after the death of my mother, but not more than two years after her death, my executor shall sell, at public or private sale, the real estate above described, or as much thereof as may remain, and after payment of all of my mother's debts and funeral and burial expenses, said proceeds of sale together with such balance of proceeds of sale or mortgage as may be on hand shall be paid to the University of Illinois, Urbana, Illinois, to constitute and to be administered by it as a loan fund for deserving students at said university, who are in need of financial assistance."

The Springfield Marine Bank of Springfield, Illinois, is Executor for the estate. The estate is being administered for the Executor by Mr. Robert J. Saner, Trust Officer for the Bank. Mr. Clifford Blunk, First National Bank Building, Springfield, is attorney for the estate.

The testator has devised real property to his mother. The land involved consists of approximately 380 acres of farm land near Buffalo, Illinois, and a small residence in Buffalo. The Trust Officer for the Executor has written: "While the land has not been appraised, we believe that the cash value of your bequest will be conservatively \$65,000 to \$75,000."

The Legal Counsel is taking whatever steps are necessary in the matter, and this is being submitted to the Board for information and record.

On motion of Mrs. Grigsby, this report was received for record.

#### PURCHASES AUTHORIZED

(9) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

J., at a cost of \$3,945 f.o.b. Rahway.

On motion of Mr. McLaughlin, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### GIFTS AND GRANTS OF FUNDS FOR RESEARCH AND OTHER PURPOSES

(10) A report of the following gifts and grants of funds for research and other purposes received by the University since the last report (January 20, 1945):

##### *Gifts*

1. Sahara Coal Company, Chicago, \$8,100 to provide five graduate and four undergraduate scholarships in Mining Engineering.

2. Frederick Green, Professor of Law, *Emeritus*, two registered bonds of the Illinois Central Railroad Company and the Chicago, St. Louis, and New Orleans Railroad Company, par value \$1,000 each, to be added to the principal of the Lois Shepherd Green Scholarship Fund. The principal of this fund is now \$6,000.

3. Illinois Federation of Women's Clubs, Chicago, \$3,500 to be added to the "Illinois Federation of Women's Clubs Scholarship Fund in Occupational Therapy."

4. Blockson Chemical Company, Joliet, \$1,000 to establish a fellowship in the Department of Chemistry.

5. Aeration Processes, Inc., Columbus, Ohio, \$750 for the continuation of a fellowship in Chemistry.

6. Illinois Congress of Parents and Teachers, Chicago, \$600 for the continuation of scholarships for undergraduate students.

7. Mr. John W. Ruettinger, Class of 1927, Chicago, \$500 for continuation of the John C. Ruettinger Memorial Scholarship for 1945-1946.

8. Mrs. Kittie B. Pierce, LaGrange, Illinois, \$500 for continuation of the Phyllis Pierce Ruettinger Scholarships for women students during 1945-1946.

9. American Foundation for Pharmaceutical Education, New York City, \$400 for undergraduate scholarships in the College of Pharmacy.

10. Mr. Robert A. Croninger, a former student, \$400 in United States Savings Bonds, to be credited to the income of the Morava Scholarship Fund at the maturity of these bonds. As an undergraduate student, Mr. Croninger was the recipient of a Morava Scholarship award, an outright grant. Although under no obligation to do so, Mr. Croninger, now in military service, has chosen to reimburse the Morava Scholarship Fund income with War Bonds which at maturity will be equivalent to or exceed the amount of the scholarship awarded him.

11. Mr. J. H. Shoemaker, President of Kolene Corporation, Detroit, Michigan, a Kolene Molten Bath Electric Cleaning Unit, valued at \$300.

12. Mr. Max H. Glass, \$250; Boyar-Schultz Corporation, Chicago, and A. Schultz, President of said Corporation, \$100 each, to the Special Otolaryngology Fund in the College of Medicine.

13. Mr. J. E. Schaefer, Vice-President of Boeing Airplane Company, Wichita Division, and member of the Advisory Board on Aeronautics, \$350 for aeronautical purposes. The University may use this money as it sees fit in this field.

14. From the War Department, three buildings and equipment (formerly used by the Civilian Conservation Corps) for housing prisoners of war at the Illinois Canning Company, Hoopeston, Illinois, and the Hoopeston Canning Company at Hoopeston, who will be employed in harvesting canning crops under the Emergency Farm Labor Program administered by the Extension Service in Agriculture for the Federal Government. The buildings and equipment have been deeded to the University without restriction, and the University is free to dispose of them by sale, gift, or demolition when they are no longer needed or usable.

15. Mr. L. A. Boice, Recorder, *Emeritus*, a reed parlor organ to the School of Music.

16. The late Miss Mary Abigail Mann, formerly Serial Cataloger in the University Library, a bequest of a collection of books and magazines for the University Library.

17. Professor Harry J. Fuller of the Department of Botany (now on leave for war service with the Rubber Reserve Company, a Federal agency) anthropological specimens to the Museum of Natural History.

18. Mrs. Henry C. Pillsbury, Nashville, Tennessee, a gold-plated sword which belonged to her father, the late General William T. Wood, Professor of Military Science and Tactics, 1880 to 1883.

#### *Grants for Research*

1. Josiah Macy, Jr., Foundation, \$7,000 for research on the process of schizophrenia and allied conditions, and \$4,000 for research on the physiology of fatigue, both projects in the College of Medicine, for the periods ending September 30 and December 31, 1945, respectively.

2. National Committee for Mental Hygiene, New York City (funds supplied by the Scottish Rite Masons), \$1,000 for research on schizophrenia by Dr. Frederic Gibbs. The funds are being transferred from Harvard University where Doctor Gibbs was previously carrying on this work.

3. Monsanto Chemical Company, St. Louis, Missouri, \$4,500 for continuation of research on insecticides in the Agricultural Experiment Station. This is a research project sponsored jointly by the Experiment Station and the State Natural History Survey Division, and this grant was made for a fellowship for one year beginning July 15, 1943; also, \$5,000 for the continuation of this research fellowship for the year beginning July 15, 1944.

4. General Education Board of the Rockefeller Foundation, through Purdue University, \$6,000 for "Farm Work Simplification Studies" by the Department of Agricultural Economics.

5. Upjohn Company, Kalamazoo, Michigan, \$5,000 for research on the production of antibacterial substances, other than penicillin, with special reference to the biological aspects of the fungi concerned, by the Agricultural Experiment Station, for a period of one year from December 1, 1943; Upjohn Company, Kalamazoo, Michigan; Abbott Laboratories, North Chicago, Illinois; Eli Lilly and Company, Indianapolis, Indiana; and Parke Davis and Company, Detroit, Michigan, \$1,500 each for continuation of this research for one year from December 1, 1944.

6. Upjohn Company, Kalamazoo, Michigan; Parke Davis and Company, Detroit, Michigan; Eli Lilly and Company, Indianapolis, Indiana; and Abbott Laboratories, North Chicago, Illinois, \$6,000 for research work on antibiotics for the period August 1, 1944, to August 1, 1945. This is to supplement a grant of \$25,000 a year for three years from August 1, 1943, made by these companies.

7. Abbott Laboratories, North Chicago, Illinois, \$5,000 for a fellowship in Pharmacology, in support of research work under Professor Carl Pfeiffer, Head of the Department of Pharmacology.

8. State Department of Public Health, \$3,000 for the Tumor Clinic at the College of Medicine.

9. Armour and Company, Chicago, \$2,500 for continuation of research in the College of Medicine on treatment of pernicious anemia by liver extracts, for one year from November 1, 1944.

10. The Cutter Laboratories, Berkeley, California, \$1,980 in support of a clinical investigation of the use of amino acids in parenteral administration to surgical patients, under the direction of Professor W. H. Cole of the Department of Surgery, for one year from July 1, 1944; and \$1,850 for the continuation of this research for nine months, or until March 31, 1946.

11. Armour Research Laboratories, \$1,200 for research on protein solutions under the direction of Professor W. H. Welker of the Department of Physiological Chemistry in the College of Medicine.

12. Illinois Farm Supply Company, Chicago, \$1,500 for research in swine, poultry, and dairy husbandry, for one year from October 1, 1945.

13. Lederle Laboratories, Incorporated, Pearl River, New York, \$1,200 for a study by the College of Pharmacy, under the direction of Professor G. L. Webster, of the synthesis of the amidines of the type of holocaine which may possess vaso-constrictor and local anesthetic activity.

14. Canadian Radium and Uranium Corporation, Chicago, \$1,000 for research in the Department of Dermatology on the use of Alphanon radon ointment.

15. Middle West Soil Improvement Committee, Chicago, \$400 for fertilizer investigations by the Department of Agronomy; Producers' Crop Improvement Association, Piper City, Illinois, \$750, and Messrs. H. L. Stiegelmeier, Normal, Illinois, \$300, and L. K. Wyckoff, Valparaiso, Indiana, \$300, for corn breeding work by the Department of Agronomy.

16. Grants for research on allergy antigens (research program of Dr. B. Z. Rappaport, Assistant Professor of Medicine, College of Medicine, and Dr. William H. Welker, Head of the Department of Biological Chemistry, College of Medicine) from: Messrs. Philip S. Bloom, \$1,000, K. H. Kraft, \$500, Alfred D. Hornstein, \$500, William Semco of the Mayo-Reese Company, \$250, Byron C. Sharpe, \$100, and Mrs. B. M. Sharpe, \$100, all in Chicago.

17. The December, 1944, graduating class of the College of Medicine, \$150 to be invested in United States War Savings Bonds and on maturity of the bonds the money to be used in maintaining student and faculty entertainment and recreation facilities in the Chicago Illini Union. The University has purchased "E" U. S. War Bonds with this money, the maturity value of which will be \$200.

18. The Burdick Corporation, Milton, Wisconsin, \$500, Onarga Military School, Onarga, Illinois, \$25, for research on physical fitness by Professor T. K. Cureton of the Department of Physical Education for Men.

#### EXEMPTION FROM FEES FOR UNIVERSITY STAFF MEMBERS AND EMPLOYEES

At this point, Mr. Nickell, for the special committee appointed May 12 to consider the exemption of staff members and employees from the payment of fees (Minutes, May 12, 1945, page 456), reported a recommendation that such employees be exempted as recommended, provided that nonacademic employees shall secure the approval of the head of their department or division.

On motion of Mr. Nickell, this recommendation was adopted.

#### EXECUTIVE SESSION

The Board, in executive session, continued its consideration of matters presented by the President of the University.

#### RETIREMENT OF DEAN MARIA LEONARD

(11) Miss Maria Leonard, Dean of Women, has requested that she be retired from active service on September 1, 1945, under the provision in the law creating the University Retirement System of Illinois which permits retirement "on or after the attainment of age sixty-five (65) in exceptional cases and for substantial cause at the request of the Employee and upon certification of the Employer." Dean Leonard has reached the age of 65 and will have been in the service of the University for twenty-two years.

I recommend that Dean Leonard be retired September 1, 1945, with the rank of Dean of Women, *Emerita*.

On motion of Mr. Fornof, seconded by Mrs. Grigsby, this retirement was approved as recommended, and the Secretary of the Board was directed to send to Dean Leonard an expression of the appreciation of the Board for her long and valued service.

**APPOINTMENT OF MRS. LEAH FULLENWIDER TRELEASE  
AS ACTING DEAN OF WOMEN**

(12) To succeed Miss Maria Leonard, Dean of Women, who is retiring at the end of the current academic year, Dr. Fred H. Turner, Dean of Students, recommends the appointment of Mrs. Leah Fullenwider Trelease as Acting Dean of Women and Assistant Professor of English for one year from September 1, 1945, at a salary of \$5,000. Under this appointment Mrs. Trelease will teach one two-hour course in the Department of English and her salary will be divided proportionately between the Office of the Dean of Students and the Department of English. This appointment is concurred in by Dean M. T. McClure of the College of Liberal Arts and Sciences and Professor Henning Larsen, Acting Head of the Department of English, with the understanding that if at the end of the year Mrs. Trelease desires to be relieved or is not continued in the Office of the Dean of Women, she will be appointed Assistant Professor of English at \$3,300 and Counselor in the Personnel Bureau at \$350 a year, the position originally recommended for her in the budget for the academic year 1945-1946.

I recommend approval.

On motion of Mr. McLaughlin, this appointment was made under the conditions recommended.

**APPROPRIATION TO LIBRARY FOR PURCHASE OF RARE BOOKS**

(13) At the meeting of the Board of Trustees on October 24, 1944 (Minutes, page 271), I presented a recommendation from the Director of the Library that an appropriation of \$75,000 be made for the purchase of rare and unusual books for the Library. The Library had an opportunity to purchase some unusual items of early English works at low prices. In view of other possible demands on the University's General Reserve which could not be predicted at that time, I recommended that an assignment of only \$25,000 be made and that action on the balance be deferred for later consideration.

The Library still has an opportunity to purchase some of these books at low prices, but they will not be available very long, nor is it likely that they can be purchased later on. I therefore recommend that an appropriation of \$40,000 be made from the General Reserve Fund for the purchase of rare books and that the Director of the Library be authorized to make this selection from items still available and within the appropriation; this appropriation to be available until January 1, 1946.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken.

**PATENTABLE DISCOVERIES**

(14) The following recommendations from the Faculty Committee on Patents relating to patentable discoveries by members of the University staff.

1. A ceramic paint which may be applied to metals subjected to high temperatures for the purpose of suppressing glow, by D. G. Bennett, Special Research Professor, and C. M. Andrews, Special Research Associate Professor in the Department of Ceramic Engineering. To some degree this paint may also suppress emission of heat and may retard corrosion. The primary use of this paint is for military purposes, but it may also have definite commercial uses. The Committee recommends that the Board of Trustees authorize application for a patent if in the judgment of patent counsel the discovery has sufficient novelty to be patentable.

2. A new method for preparing acetonitrile, by Sherlock Swann, Research Professor of Chemical Engineering, and R. S. Hammer, a graduate student in Chemistry. In the judgment of experts in the Department of Chemistry the de-

mand for acetonitrile is not sufficiently large to make the process for its production of great commercial value. The Committee, therefore, recommends that the Board of Trustees release the discovery to the discoverers.

3. Professor H. F. Johnstone of the Department of Chemistry reports two inventions, one by four members of the staff and the other by him, resulting from highly confidential research work they are doing under his supervision on a military problem under a contract between the University of Illinois and the United States Government. Under the terms of this contract and the provisions of the espionage act the nature of these discoveries may not be disclosed publicly. The contract gives the University the right to apply for patents on these discoveries but the University must also give the Government the free use of such patents. In the judgment of Professor Johnstone, the value of these inventions is limited to military uses and their commercial possibilities are so slight that the University would not be justified in applying for patents. He, therefore, recommends that the Board of Trustees take formal action not to apply for patents and that applications be made by the Government under terms of the contract covering the research project. This will be sufficient to protect the public interest.

I concur in these recommendations.

On motion of Mr. Davis, the recommendations with respect to items 1 and 2 were approved, and item 3 was referred to the Committee on Patents for consideration and recommendation.

#### PROCEDURES ON PATENTABLE DISCOVERIES

(15) The Faculty Committee on Patents has suggested certain administrative procedures in dealing with patentable discoveries made by members of the faculty. The Committee also has raised questions which involve considerations of policy and should be determined by the Board. I am, therefore, presenting these matters to the Board and have also presented them to the Board Committee on Patents in advance:

1. The Faculty Committee proposes that the following procedure be authorized by the Board of Trustees in dealing with discoveries as they are reported:

(a) The Committee or the discoverer may consult with the University's patent attorneys immediately without prior authorization by the Board of Trustees.

(b) If, in the judgment of counsel, the discovery should be patented, an application for patent shall be filed immediately and the same reported to the Board at the next opportunity.

(c) If, in the judgment of the Committee, the University would not be justified in expending funds for a patent application, a recommendation will be made to the Board for the release of the discovery to the discoverer.

The primary purpose of this proposal (subsections *a* and *b*) is to save time, which may be a most important consideration in some instances. Under the present procedure a month or more may elapse by the time a discovery is reported and a patent application is authorized. Under the procedure proposed, a patent application could always be withdrawn before it had progressed very far, if the Board did not approve of applying for a patent.

2. In most instances it is very difficult for the Faculty Committee on Patents to determine on the evidence presented whether a discovery has commercial value. In fact, the discoverer is often unable to answer that question. A patent must be exploited if a financial gain is to be realized from the discovery. It must be sold (the word "sold" is used both literally and figuratively) to persons or organizations capable of using it. Is the primary purpose of a patent application protection of the public interest, and is financial gain of secondary importance, or are both to be considered of equal importance? If the University desires to profit financially from its patents, there is a defect in the present method of handling such matters. The Board has indicated that it has in mind the general policy of assigning to the University of Illinois Foundation those patents suitable for commercial exploitation. If patents are to be exploited for financial gain it is necessary that the Foundation have on its staff an executive agent qualified to do this. He must be familiar with commercial practices respecting patents and must have the necessary office facilities for conducting

correspondence and investigations incidental to the granting of licenses. The new manager to be appointed by the Foundation may be able to handle such matters.

On motion of Mr. Davis, these proposals were referred to the Committee on Patents to recommend a policy.

#### **POLICY AND RULES GOVERNING NONACADEMIC STAFF**

(16) For a number of months a special administrative committee has been working on a new statement of policy and rules relating to compensation and working conditions of nonacademic employees. The committee has consisted of Director of Nonacademic Personnel Donald E. Dickason, Director of Physical Plant C. S. Havens, Professor Russell N. Sullivan (former chairman of the University Civil Service Committee, and legal adviser in civil service matters), Bursar C. A. Webber (formerly secretary of the Civil Service Committee), and Comptroller Lloyd Morey, Chairman.

The committee secured suggestions from numerous sources, including a draft of suggested policies relating to labor groups submitted by a committee of the Twin City Federation of Labor. The first draft of the proposed policy was submitted to representatives of all organized groups to which various University employees are known to belong, and to representatives of all other nonacademic employees. The proposals have also been reviewed with administrative officers and department heads and with the State Director of Labor, Robert L. Gordon.

The committee has submitted its final draft of the proposed policy and rules, which meets as fully as possible the comments and criticisms received from all sources to the fullest extent that the committee finds it possible to recommend. This draft has been reviewed in detail by the Board Committee on Civil Service and Employees which will be prepared to advise the Board concerning it.

I recommend that the policy and rules as submitted be adopted, effective July 1, 1945, and that the following provisions now contained in the Statutes and Regulations of the University which are modified by this statement as indicated therein be repealed:

(1) University Statutes: Sec. 27 (e) portion dealing with civil service and clerical staff; Sec. 27 (g) as to "clerks and other employees"; Sec. 32; Sec. 33.

(2) Leaves of Absence for Disability of Nonacademic Staff, adopted February 24, 1944 (Minutes, pages 877-878).

The Comptroller and the Director of Nonacademic Employees commented on this matter.

On motion of Mr. Davis, the policy and rules were adopted as printed on pages 584-598, and the conflicting provisions were repealed as recommended.

#### **PURCHASE OF ADDITIONAL PROPERTY IN URBANA**

(17) Following previous actions of the Board authorizing the purchase of properties adjoining the campus for the location of buildings included in the building program, the following additional recommendations are submitted by the Director of the Physical Plant and the Comptroller:

1. Purchase of six additional properties fronting on South Mathews Avenue from Green Street north, to complete the site for the Mechanical Engineering Building.....\$95 500  
Less funds included for this site in building program... 58 000  
*Net additional funds needed*.....\$37 500
2. Purchase of Clark property for veterans' housing project adjacent to the Fay property recently purchased..... 25 000  
*Total appropriation requested*.....\$62 500

I concur in these recommendations and request an appropriation of this amount from the General Reserve; this appropriation to be available until January 1, 1946.

On May 12, 1945 (Minutes, page 459), the Board of Trustees approved recommendations for the development of the Home Research Center for research in small homes, including acquisition of necessary land. Dean Newcomb

and Professor Scheick have now recommended that the properties adjacent to University property in the area in which it is proposed to build the center, located on the south side of Armory Avenue and between First Street and the Illinois Central, be acquired as soon as possible.

As a first step in this program, I recommend the purchase of the following properties in C. S. Dale's subdivision on the south side of Armory Avenue:

Lot 3 (d) 55 W. Armory.....	\$ 6 500
Lot 2 (e) 57 W. Armory.....	7 000
Lot 1 (f) 59 W. Armory.....	7 000
<i>Total</i> .....	<u>\$20 500</u>

I recommend further that an appropriation of \$50,000 be made from the General Reserve Fund, \$20,500 to be allocated for the purchase of these properties and the balance set aside for a reserve for the biennium of 1945-1947 for use either to purchase other properties or to develop the physical services such as drainage, drives, and other improvements required for construction of the first technical research homes.

On motion of Mr. McKelvey, these purchases were authorized and the appropriations made as recommended, by the following vote: Aye, Mr. Davis, Mr. Forno, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken.

#### ARCHITECTURAL AND ENGINEERING SERVICES FOR BUILDINGS

(18) Pursuant to the authorization of the Board of Trustees at its meeting on May 12, 1945 (Minutes, pages 460-461), the Director of the Physical Plant Department has negotiated with architectural and engineering firms for their services in designing and the preparation of complete plans for buildings and other improvements in the University's building program for the biennium 1945-1947. He submits the following report, explaining the basis on which the firms have been selected and making specific recommendations for the employment of nine firms on fourteen of the projects. The terms of employment are indicated in each case.

<i>Firm</i>	<i>Buildings</i>	<i>Project Costs</i>	<i>Base Fee (%)</i>	<i>Credit for Previous Work (%)</i>	<i>Net Fee (%)</i>
Childs and Smith . . .	Veterinary Building	\$750 000	6	1/3	5 2/3
Graham, Anderson, Probst, and White . .	Electrical Engineering Building	875 000	6	..	6
	Chemical Engineering Building	580 000	6	..	6
	Chemistry Laboratory	996 000	6	..	6
	Building modernization	143 000	6	..	6
Holabird and Root . .	Health and Physical Education Building	2 000 000	6	1/2	5 1/2
	Hospital additions	2 000 000	7	1	6
Fugard, Burt, and Wilkinson . . . . .	Mechanical Engi- neering Building	1 102 000	6	..	6
Perry, Shaw, and Hepburn . . . . .	Fine Arts Building	740 000	7	0.7	6.3
Skidmore, Owings, and Merrill . . . . .	Apartment buildings	900 000	6	1/2	5 1/2
Shaw, Naess, and Murphy . . . . .	Women's Residence Hall	600 000	6	..	6
	Animal Husbandry Laboratory	435 000	6	..	6
	Dairy Husbandry Laboratory	275 000	6	..	6
Sargent and Lundy (Engineers) . . . . .	Power Plant and Dis- tribution System	1 871 000	7	..	7

All of the above are Chicago firms except Perry, Shaw, and Hepburn, whose office is in Boston, Massachusetts.

In the few cases where 7% is indicated as the base fee, the higher rate is justified either by the increased complication of a particular type of building, by the eminence of the firm, or by a combination of both situations.

Holabird and Root have submitted alternate proposals for the two projects assigned to them of fixed fees, plus salaries, plus overhead, with a guaranteed total cost *not to exceed* the percentages listed in the schedule above. As the University obviously has an opportunity to gain under such an arrangement, we would recommend the acceptance of this alternate.

I concur in the recommendations.

The bill for an act making appropriations for a State-wide system of public works projects includes the following provision:

"Sec. 14. No contract shall be entered into or obligation incurred for any expenditure from any appropriation herein made until after the purpose and amount of such expenditure has been approved in writing by the Governor."

It will be necessary to determine the procedure the Governor will follow in discharging his responsibilities under this provision and the information he will require before approving expenditures from these appropriations. The Director of the Physical Plant Department recommends that as soon as these appropriations are available:

1. The Governor be requested to release to the University in full the funds for the projects listed in the report from the Physical Plant Department submitted herewith.

2. The Governor be requested to approve contracts with the architectural and engineering firms for their services as recommended in this report.

On motion of Dr. Meyer, these recommendations were approved and adopted, subject to the approval of Governor Green.

#### **DEPOSIT OF FEDERAL FUNDS IN THE STATE TREASURY**

(19) On January 20, 1945 (Minutes, page 330), the Board of Trustees authorized the introduction of legislation which would make it possible for the State Treasurer to receive certain federal funds, heretofore deposited in the general fund of the state and made subject to appropriation by the General Assembly, as trust funds and to disburse them on the order of the University without appropriation. Such a bill was drafted by the Legal Counsel, and the Comptroller secured its approval by the various state offices concerned. The bill has been passed by the General Assembly and was approved by the Governor on June 15, 1945, effective July 1, 1945.

At the time the bill for operating appropriations to the University for the coming biennium was passed, this bill had not been approved. Consequently, the section providing for appropriation of these funds was included in the appropriation bill as in past years. Since such a section is no longer needed, the Governor in acting on the appropriation bill vetoed that section. This action does not affect the availability of these funds to the University since under the new act they will be made available from now on to the University without the necessity of appropriation.

This report was received for record.

#### **ADMISSION OF NONRESIDENT WOMEN STUDENTS**

(20) The increase in the enrollment of women students next fall as indicated by the number of applications for permits to enter the University and requests for information about housing facilities has created a serious situation. Housing facilities for women students available for next year will be considerably less than were available during 1944-1945 because many of the fraternity houses which housed women last year will not be available for their use. The situation is aggravated by the policy of other state universities, particularly in this area, in restricting the enrollment of women students, thus diverting them to those institutions such as the University of Illinois which so far has no such policy.

The officers of the University concerned with this matter have recommended that the Board approve the following policy:

"Because of a housing shortage for women, it is recommended that non-state women who have never previously attended the University shall not be admitted as undergraduates at Urbana for the first semester of the academic year 1945-1946, unless permits to enter have been issued for them by the Registrar's Office prior to July 1, 1945, or unless at least one of their parents is an alumnus of the University."

Unless such a policy is adopted, it will be impossible for many women students who are residents of Illinois to find housing accommodations in Champaign-Urbana. Nonresidents usually make arrangements for admission to the University and secure housing accommodations well in advance of the opening of an academic year; this is especially true this year when they find other institutions are closing their doors to them.

I concur in this recommendation but would add a further provision: "or unless such applicants have been awarded scholarships or fellowships by recognized agencies to aid them in securing a higher education."

On motion of Mr. Davis, this matter was referred to the Executive Committee in conference with President Willard with power to act. It was the opinion of the Board that the way should be open for the admission of superior students from other states and countries.

**APPOINTMENT OF PROFESSOR HAROLD A. LARRABEE AS  
PROFESSOR AND HEAD OF THE DEPARTMENT  
OF PHILOSOPHY**

(21) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Dr. Harold A. Larrabee, now Professor of Philosophy at Union College, as Professor and Head of the Department of Philosophy at a salary of \$6,500 a year. I request authority to make this appointment, if Doctor Larrabee indicates a willingness to accept, effective September 1, 1945, or at a later date if he can not come to the University at the beginning of the next academic year.

On motion of Dr. Meyer, this appointment was authorized.

**SALARY OF DEAN R. B. ALLEN**

(22) Dr. R. B. Allen, Executive Dean of the Chicago Colleges, has received an attractive offer from another institution. I think it is important to keep Dean Allen on our staff, and I recommend that his salary be made \$15,000 a year, and that he be allowed an expense fund of \$1,500 a year, effective September 1, 1945.

On motion of Mr. Williamson, these recommendations were adopted.

**PURCHASE OF GALLIVAN TRACT**

(23) On June 22, 1944 (Minutes, page 1005), the Board of Trustees authorized University officers to endeavor to acquire the so-called Gallivan tract located within the south campus of the University at a total cost not to exceed \$50,000. It also authorized the purchase of outstanding special assessment bonds offered on behalf of a group of bondholders. These and other similar bonds to the extent of \$36,637 par were purchased at 80 per cent of face value at a total cost of \$29,309.

On June 22, 1945, the property, consisting of 12 lots, was offered at public sale by the County Collector. Comptroller Morey, acting with the advice of J. G. Thomas, Champaign, special counsel for the University on this transaction, and C. S. Havens, Director of the Physical Plant, made bids amounting to a total of \$46,800. The property will be subject to four years' taxes before it can be placed on the exempt list: two years which are now a lien and two additional years as a redemption period. These taxes will amount to approximately \$3,000. Costs assessable to the sale under the law are estimated at \$2,436. The University will receive for the bonds which it has purchased the sum of \$30,709, so that the net cost of the property is estimated at \$48,400.

On motion of Mr. Nickell, the action of the Comptroller in this matter was approved and confirmed.

### DISCONTINUANCE OF TWO-YEAR CURRICULUM IN SCHOOL OF JOURNALISM

(24) On June 19, 1943, the Board of Trustees approved a recommendation for the establishment of a two-year emergency program in Journalism for freshman and sophomore students. The School of Journalism is a senior division, and two years of college work are required for admission to the curricula in Journalism leading to degrees. The emergency program was set up to train personnel to fill war-time shortages.

In the judgment of the Director of the School of Journalism and his faculty, the emergency no longer exists and they recommend that the program be discontinued. I concur.

On motion of Mr. Fornof, this curriculum was discontinued as recommended.

### PURCHASES RECOMMENDED

(25) The Purchasing Agent has proposed and the Comptroller recommends the following purchases. Unless otherwise specified the purchase in each case is recommended on the basis of lowest bid, ceiling price, or because the item is noncompetitive. I concur in the recommendations.

1. Motor exchange for 17 Ford cars used by the Agricultural Experiment Station, for the Physical Plant Department, from Dana Hudelson, Champaign, at a cost of \$1,317.84.

2. Wind tunnel drive equipment, consisting of a 50 h.p. motor and 40 kw. motor generator set with necessary controls, for the Department of Aeronautical Engineering, from the General Electric Company, Chicago, at a cost of \$2,700.00 f.o.b. factory, freight allowed.

On motion of Mr. McLaughlin, these purchases were authorized as recommended.

### CONTRACTS EXECUTED BY THE COMPTROLLER MAY 12 TO JUNE 22, 1945

(26) The Comptroller's report of contracts.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>
United States Engineer Office	Restricted contract	\$ 2 000	March 31, 1945
Navy Department, Bureau of Aeronautics	Make and deliver five body temperature indicating suits	6 000	October 4, 1944
United States War Department, Chemical Warfare Service	Secret contract	18 000	March 1, 1945
Speedway Wrecking Company	Wrecking property at 1749-53 W. Polk St.	375	April 2, 1945
The Association of American Railroads	Investigation of railroad roadbed stabilization	2 500	May 18, 1945
Howard R. Will	Concert by Rudolph Ganz, October 25, 1945	250	April 26, 1945
General Mills, Incorporated	Study of protein value in adult human nutrition and in rodent nutrition	21 000	May 3, 1945

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
E. N. DeAtley	Fire escape for Sanitary Engineering Laboratory	\$ 550	May 22, 1945
E. N. DeAtley	Scene storage room in Lincoln Hall	1 197	May 22, 1945
Earl Taynor	Instruction for not more than twenty students in dual control flight	Hourly rates	June 7, 1945
King and Petry	Platform and canopy on east side of Dairy Manufactures Building	1 765	May 3, 1945
Graham, Anderson, Probst, and White	Electrical and mechanical engineering service for Men's Old Gymnasium and Gymnasium Annex rehabilitation	4 200	April 25, 1945

On motion of Dr. Meyer, the action of the Comptroller and the Secretary of the Board in executing these contracts was approved and confirmed.

**REAPPROPRIATION OF BALANCES**

(27) The following unexpended balances in appropriations made by the Board of Trustees from general University funds for services and projects not completed as of June 30, 1945, will lapse as of that date unless reappropriated. The amount represented by them is in the University Income Fund. The Comptroller requests and I recommend the reappropriation of these balances:

Chicago branch study.....	\$ 1 000
Surplus equipment working fund.....	24 978
University Council on Teacher Education.....	660
University history.....	800

<i>Total</i> .....	<u>\$294 177</u>

On motion of Dr. Meyer, these balances were reappropriated as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken.

**INDIRECT COSTS ON RESEARCH CONTRACTS**

(28) On January 24, 1942 (Minutes, pages 759-761), the Board approved a revised set of rules concerning patents resulting from research contracts. The rules also included certain provisions for financial arrangements in these contracts. These arrangements governing indirect costs (overhead), cost of retirement benefits, and workmen's compensation, were based on a classification of contracts made primarily in relation to patents. Experience has indicated that a different classification of contracts is needed for purposes of financial arrangements. It also indicates that more adequate provision for the recovery of indirect costs is needed in many of these contracts, while at the same time giving full recognition to the research and scientific values involved therein.

The Comptroller has given extended study to this problem for over a year and has secured the advice of the Dean of the Graduate School, the Directors of the Agricultural and Engineering Experiment Stations, the Executive Dean

of the Chicago Divisions, and other University officers. He has also discussed the matter with numerous agencies with which the University has research contracts. He now recommends that the financial provisions included in the rules of January 24, 1942, be replaced by a new statement of principles governing financial arrangements for indirect costs on research contracts.

I submit the statement for consideration and suggest that it be referred to the Board Committee on Patents for study and recommendation.

This matter was referred to the Committee on Patents for consideration and recommendation.

#### **STATUS OF DEAN BENNER**

(29) A statement with respect to the request of Dean Thomas E. Benner for a hearing before the Board.

President Livingston read several letters he had received on this matter.

On motion of Mr. Nickell, it was voted unanimously to grant Dean Benner a hearing at a closed meeting of the Board, and the Executive Committee was authorized to secure special counsel for the Board for this hearing.

#### **LABORATORY SCHOOLS BUILDING**

President Livingston presented petitions from representatives of 121 communities in Illinois with respect to the Laboratory School project in the College of Education.

On motion of Mr. Davis, the Secretary was directed to acknowledge the receipt of these petitions.

#### **INCREASE OF BID FOR HANGAR**

Mr. Livingston reported that, on advice from Professor Doland that the bid for a hangar for the University Airport, the purchase of which was authorized for \$20,000 on May 12, 1945 (Minutes, page 461), would have to be increased to secure the structure, the Executive Committee had authorized an increase of \$5,300, and that the increased bid of \$25,300 had been accepted on the ground that the University is a public institution.

On motion of Mr. Williamson, the action of the Executive Committee in authorizing this increase was approved and confirmed.

#### **DATE OF DEDICATION OF AIRPORT**

On motion of Mr. McLaughlin, the dedication of the Airport was scheduled for the day before the Annual Homecoming in October, that is, on Friday, October 26, 1945, and the Executive Committee was authorized to make all necessary arrangements.

#### **REQUEST FOR EXTENSION OF LEASE OF SKATING RINK**

(30) A request from Time, Incorporated, for an extension of the lease of the University Skating Rink.

On motion of Mr. Davis, the extension of this lease was denied, and the Company was requested to vacate at the expiration of the present lease.

#### **TEACHER-TRAINING CURRICULA**

(31) The University Senate recommends approval by the Board of Trustees of the following teacher-training curricula in the various colleges and schools. Some of these are new and others are revisions of existing teacher-training curricula. They are the result of eighteen months of work by the University's Council on Teacher Education, which was appointed by the President of the University August 6, 1943, to coordinate all teacher-training programs, and by the Senate Committee on Educational Policy:

**SUMMARY OF TEACHER-TRAINING CURRICULA**  
(For a complete tabulation of the requirements  
in these curricula, see pages 539-583)

Vocational Agriculture  
Art Education  
Preparatory to the Teaching of Biology  
Preparatory to the Teaching of Chemistry  
Preparatory to Commercial Teaching  
Preparatory to the Teaching of English and Speech  
Preparatory to the Teaching of Geography

Physical Education for Women  
Preparatory to the Teaching of Physics  
Preparatory to Teaching Social Studies

There is also presented a plan for the administration and supervision of the teacher-training curricula which has been approved by the Senate.

I concur in the recommendations of the Senate.

The complete recommendations from the University Senate for each of these curricula are hereby given to the Secretary of the Board for record. Copies of Senate recommendations were sent to members of the Board of Trustees in advance of this meeting.

On motion of Mr. Davis, these curricula were approved as recommended, subject to the concurrence of Dr. Stoddard.<sup>1</sup>

**NEW CURRICULUM IN LIBERAL ARTS AND SCIENCES**

(32) The Survey Report on the University of Illinois made in 1943 by a Commission of the American Council on Education includes a series of recommendations which the Board of Trustees has accepted and has directed the administration of the University to follow. One of these recommendations is:

"3. The Commission recommends that the College of Liberal Arts and Sciences:

- a. Define clearly what the purposes of its educational program are.
- b. Adapt its curricula better to the needs of that group of students who drop out of the college before securing any degree.
- c. Strengthen the General Division by removing its present handicaps in requirements.
- d. Make the General Division an educational service unit for students in the several professional schools enrolling freshmen.
- e. Set up curricula organized on the basis of the needs of the students as individuals and as members of a significantly changing environment."

Pursuant to the above recommendation, in April, 1943, the Dean of the College of Liberal Arts and Sciences appointed a "College Committee on Future Plans" to make a thorough examination of the entire educational program of the College of Liberal Arts and Sciences and to prepare recommendations for action by the faculty.

This Committee made a preliminary report to the College Faculty in August, 1943, indicating in general the objectives the College seeks to attain, the elements of strength and weakness in the present program, and the direction future work should take. Subcommittees were appointed to consider: the programs of the Division of General Studies, the counseling of students, and improve-

<sup>1</sup> Dr. Stoddard notified the President of the University on July 9, 1945, of his concurrence in these recommendations.

ments in examining techniques and methods of teaching. Members of the committees visited other colleges and universities to examine recent developments in liberal education. Reports from educational conferences and advisory groups were studied. In the spring of 1944 the Committee organized and held a state-wide conference on liberal education with speakers invited from institutions which had made significant departures from traditional practices. On June 1, 1944, the Committee on Future Plans sent to members of the faculty of the College of Liberal Arts and Sciences its proposals for future action as a basis for further discussion.

These proposals were considered in four meetings of the general faculty and a large number of smaller group meetings. Conferences were also held with members of the staff whose work is particularly concerned with high schools and high school teaching. Several of the recommendations of the Committee on Future Plans involve no further actions than those of the faculty of the College of Liberal Arts and Sciences. The major task of the Committee on Future Plans was the drafting of a revised liberal arts curriculum. This was submitted to and approved with minor changes by the College Faculty in March, 1945. It was then sent to the University Senate Committee on Educational Policy and finally to the Senate itself, which recommends the adoption of a new liberal arts curriculum to replace the present requirements for graduation in Liberal Arts and Sciences and in the Division of General Studies. This curriculum involves the following changes in the present requirements for the degrees of Bachelor of Arts or Bachelor of Science in the College of Liberal Arts and Sciences:

1. *Basic Knowledge.* Students who enter the Liberal Arts Curriculum as freshmen after September 1, 1946 (or who enter other schools after that date and subsequently transfer to the College) must, in addition to the present requirements in English, Hygiene, and Foreign Language, meet new requirements of three hours in History of the United States and six hours in Mathematics (Algebra, Plane Geometry). The new requirements may be satisfied by courses taken in high school.

2. *General Education.* The present "group requirements" shall be replaced by the requirement of a two-semester course or sequence of courses in each of the following areas, with a minimum of eight hours credit in each: (a) Humanities; (b) Biological Science; (c) Physical Science; (d) Social Science. This requirement shall be satisfied only by courses certified by the College Policy Committee as suitable for that purpose.

3. *Future of the Division of General Studies.* The Division of General Studies shall be continued as a distinct unit within the Liberal Arts and Sciences College offering a two-year program in General Education. This program shall be specifically designed to meet the needs (a) of students who do not expect to complete a four-year program and (b) of students who desire a preliminary orientation before entry into other divisions or colleges. Its courses shall also be open on the same basis as other Liberal Arts and Sciences courses to other students in the College, and in the other Schools and Colleges of the University, who desire to include them in their program of study. The junior-senior program of the Division of General Studies shall be discontinued for all students who enroll in this Division after September 1, 1946. It is understood that this action does not preclude the possibility of later action with respect to the Division's future, in the light of continuing studies of university organization.

4. *Associate in Arts Certificate.* Students in the Division of General Studies who satisfactorily complete the D.G.S. curriculum shall, upon application, be awarded the certificate of Associate in Arts.

For students in the Division of General Studies who are candidates for the Associate in Arts certificate, all college requirements except those in Rhetoric, Hygiene, Military, and Physical Education (which are required for all students in the University) shall be waived.

Students in the Liberal Arts and specialized curricula who have satisfactorily met the "Basic Knowledge" and "General Education" requirements of the Liberal Arts curriculum and the general university requirements in Rhetoric, Hygiene, Military, and Physical Education, and have satisfactorily completed 60 hours of academic work shall, upon application, be awarded the certificate of Associate in Arts.

On motion of Mr. Davis, this curriculum was approved, subject to the concurrence of Dr. Stoddard.<sup>1</sup>

**EDUCATIONAL POLICIES RELATING TO THE ESTABLISHMENT OF A  
UNIT OF THE NAVAL RESERVE OFFICERS' TRAINING CORPS  
AT THE UNIVERSITY OF ILLINOIS**

(34) The University Senate submits the following statement of educational policies involved in the establishment of a unit of the Naval Reserve Officers' Training Corps at the University of Illinois.

The complete statement from the University Senate was previously sent to members of the Board of Trustees, and a copy is hereby given to the Secretary of the Board for record.

I concur in the recommendation of the Senate.

On motion of Mr. Davis, this program was approved in principle, subject to the concurrence of Dr. Stoddard.<sup>1</sup>

**REPORT OF THE SENATE COMMITTEE ON EDUCATIONAL POLICY ON THE  
ESTABLISHMENT OF AN NROTC UNIT AT THE UNIVERSITY**

1. The purpose of the "Expanded NROTC Program," according to the Bureau of Naval Personnel ("Plan for the Transition from the Navy V-12 Program to an Expanded NROTC Program," Navy V-12 Bulletin No. 288, February 15, 1945, page 1), is as follows:

"It has been the established policy of the Navy for many years that a naval officer should have a complete college education or its equivalent. This requirement was met, before the War, by the Naval Academy and the NROTC. It was maintained, as long as possible, in the early V-1 and V-7 Programs.

"Commissioning of officers with less than a complete college education has been permitted in the Navy V-12 Program only because there was no other way to meet the critical demands for large numbers of officers in the early period of the War. This period of rapid expansion of the officer strength of the Navy is now drawing to a close. It will therefore soon be possible to permit officer candidates once more to complete a full eight-term course in college before qualifying for a commission.

"The NROTC, established by Act of Congress in 1925 to supplement the Naval Academy in supplying officers to the Regular Navy, the Marine Corps, and the Naval Reserve, had proved its effectiveness before the present War. Although inadequate to meet the emergency needs for naval officers during the past four years, it has been kept intact, in conjunction with the Navy V-12 Program, in order that at the proper time it might be expanded to meet the continuing war-time needs and the post-war needs of the Navy. Such an expansion has now been authorized by the Congress."

2. The central question of educational policy is whether or not the University of Illinois should authorize a college or school to grant degrees to students who complete the "Expanded NROTC Program." In this revised program, the only strictly Naval courses prescribed are those in Naval Science and Tactics, which, for men just entering the program, total 38 hours in the eight terms. Other required work includes 10 hours of mathematics, 6 of English, 4 of history, 8 of physics, and 4 of engineering drawing and descriptive geometry. It is assumed that, in addition, there will be required hours in physical education. Trainees may thus select other courses in the field of their major interest. As a consequence, degrees might be granted by any one of several colleges, although, for the duration of the war, most of the degrees would be earned in the College of Engineering.

(a) It is an eight-semester program in contrast to the present war-time seven-semester program. ("Regulations for Administration and Training, Naval Reserve Officers' Training Corps, 1944," page 18).

(b) "V-12 students now in their second term (excepting pre-medical students) may, on 1 March 1945, begin studies in any major field in which courses are offered by the College or University in which they are enrolled; provided that the selection of a major field has the approval of the academic authorities and the commanding officer . . ." (Navy V-12 Bulletin No. 288, page 4).

(c) Specific requirements are set forth for the work to be taken by trainees in making the transition from the present program to the expanded program.

<sup>1</sup> Dr. Stoddard notified the President of the University on July 9, 1945, of his concurrence.

3. No question of policy regarding admission to the University will be involved since all trainees eligible for the expanded program will be high school graduates. This is in contrast to the recent war-time practice of selecting NROTC students from V-12 trainees who most successfully completed their first two terms. A few of these had entered the V-12 prior to high school graduation.

4. The present regulations stipulate that the head of the Department of Naval Science and Tactics shall be "the officer ordered as professor of naval science and tactics by the Chief of Naval Personnel. . . . He shall be designated as the professor of naval science and tactics. . . . He will have the academic standing which the institution accords the heads of its other major departments. He will be a member of the university, college, or school faculty, with all rights and privileges of a faculty member, will assume the same responsibilities and obligations as heads of other departments, and will be a member of the council of deans or equivalent body" ("Regulations for Administration and Training, Naval Reserve Officers' Training Corps," page 12). It is assumed that the Expanded Program will contain a similar specification.

The institutions which now have NROTC units follow:

Brown University	University of Colorado
College of the Holy Cross	University of Michigan
Duke University	University of Minnesota
Georgia School of Technology	University of New Mexico
Harvard University	University of North Carolina
Marquette University	University of Notre Dame
Northwestern University	University of Oklahoma
Rensselaer Polytechnic Institute	University of Pennsylvania
The Rice Institute	University of South Carolina
Tufts College	University of Texas
Tulane University of Louisiana	University of Virginia
University of California, Berkeley	University of Washington
University of California, Los Angeles	Yale University

In view of the information presented above, the Committee on Educational Policy recommends that the Senate approve the "Expanded NROTC Program" in principle. This action would be interpreted to mean that the Senate approves the establishment of a unit of the NROTC at the University of Illinois and the granting of degrees by the Colleges concerned, with some understanding that the Senate reserves the privilege of acting on the details of the program when they become available.

#### CHANGE IN REQUIREMENTS FOR ADMISSION TO THE COLLEGE OF LAW APPLICABLE TO WAR VETERANS

(35) The University Senate recommends that veterans of World War II be admitted to the three-year curriculum in law after two years of college work instead of the usual requirement of three years, provided the applicant has had active service in the military or naval forces of the United States, or one of its allies, for a period of at least twelve months and that his scholastic average in prelegal work has been high. The changes proposed give recognition to the fact that experiences in the armed forces have certain values; that for some, these values can be measured concretely in terms of university credit; and that for others who can not translate their experience into actual credit, but who are intellectually mature, a substantial period of active military service has a value equivalent to college work which may be recognized in partial fulfillment of the requirements for admission to professional study. The requirements in detail are as follows:

Veterans of World War II will be admitted as candidates for law degrees:

1. To either the three- or the four-year law curriculum described above, on meeting their respective requirements for admission.

In satisfying the regular admission requirements for either curriculum, veterans may count credit acceptable to the University of Illinois, based on an evaluation of educational experience, general educational development, and correspondence work taken while in the Armed Forces, provided that the total credit offered for admission meets both the qualitative and quantitative requirements

stated respectively for admission to those curricula, and provided further that the applicant for admission has completed at least one year's work in residence in the University of Illinois or in a college approved by the University.

2. To the three-year law curriculum on satisfying the following requirements:

a. Active service since September 16, 1940, in the military or naval forces of the United States or one of its co-belligerents, for a period of at least twelve months and discharge or release therefrom under conditions other than dishonorable;

b. Attendance in residence for a period of two years, equal to at least four semesters, in a college of the University of Illinois or in a college or university of approved standing, and the completion in residence of one-half of the number of hours required for a bachelor's degree by a college of the University or a college approved by the University; and

c. Attainment of a weighted grade average in college work of at least 4.0; or attainment of a weighted grade average in college work of at least 3.5 and passing an examination approved by the faculty of the College of Law.

In meeting the requirements of (a) and (b) above, the period a veteran was assigned for a course of education or training under the Army Specialized Training Program or the Navy College Training Program or, as a cadet or midshipman, in one of the service academies may be counted in satisfaction of either the requirement for resident study in an approved college or university or the requirement of one year's active military or naval service, but not both.

On motion of Mr. Davis, these changes were approved as recommended, subject to the concurrence of Dr. Stoddard.<sup>1</sup>

#### **CHANGES IN REQUIREMENTS FOR ADMISSION TO THE LIBRARY SCHOOL**

(36) The University Senate recommends approval of the following requirements for admission to the Library School:

For admission to the Library School a bachelor's degree in arts or sciences from the University of Illinois or its equivalent is required. Applicants must give evidence of (1) superior scholastic ability, and (2) professional promise for librarianship.

1. In general, only those applicants will be admitted whose undergraduate work averages at least 3.5 or its equivalent as determined by the University for institutions using a different grading system, and whose performance is satisfactory on tests administered by the Student Personnel Bureau. In exceptional cases an applicant whose average approximates 3.5 may be admitted provided he demonstrates superior performance on appropriate Personnel Bureau tests.

2. Evidence of professional promise for librarianship will be secured from letters of reference and other sources. A personal interview with a representative of the school may be required.

On motion of Mr. Davis, these requirements were approved, subject to the concurrence of Dr. Stoddard.<sup>1</sup>

#### **GENERAL UNIVERSITY ORGANIZATIONS**

(37) The Provost has prepared a statement and a recommendation that the University adopt better machinery for dealing with (a) research programs in the areas that fall between the commonly-recognized subject-matter fields; (b) teaching programs that require a synthesis of the basic principles common to several related fields; and (c) professional and semi-professional programs more closely related to new kinds of life callings than to traditional methods of organizing knowledge along departmental lines.

Provost Griffith commented on this matter.

Action was deferred until the next meeting of the Board.

---

<sup>1</sup> Dr. Stoddard notified the President of the University on July 9, 1945, of his concurrence.

**CONTRACT FOR PRINTING JOURNAL AND STUDIES**

(38) The Director of the University Press, the Purchasing Agent, and the Comptroller join in the following recommendation:

We have been obtaining the printing of the Journal of English and Germanic Philology and the Illinois Studies in Language and Literature from the George Banta Publishing Company, Menasha, Wisconsin, for about thirty years. We are at present operating under a contract entered into under date of September 18, 1940, which was approved by the Board of Trustees in December 1940. This contract provides that either party may terminate the contract by 90-days notice to the other party. We have received notice from the George Banta Publishing Company of their intention to terminate this agreement effective 90 days from May 31, 1945.

At the same time they have presented to us a new schedule of prices for this work which, if accepted, will result in approximately fifteen per cent increase over the old schedule. Total expenditures under the contract during the past year were \$4,413.96.

We recommend that their new schedule of prices be accepted and that a new contract be entered into for one year and an indeterminate period thereafter for the following reasons:

1. This Company specializes in this particular type of printing, and they have been supplying us with first-class service and high-grade printing for a great many years and they are thoroughly familiar with our requirements.

2. At the present time conditions are such in the printing industry that we do not feel that it would be advisable to attempt to change to another source through competitive bidding.

3. We have found by comparison and through competition in the past that the prices at which Banta has done this work are low.

On motion of Mr. Williamson, this contract was authorized as recommended.

**GRAND PIANO FOR GREGORY HALL AUDITORIUM**

(39) The Director of the Radio Station has requested an appropriation for the purchase of a grand piano for Gregory Hall Auditorium. This room is used continuously for broadcasting and is also used for many kinds of meetings. At present only an upright piano of rather poor quality is available.

Grand pianos are difficult to secure but several Steinway grand pianos are now available at Lyon & Healy, Chicago. The purchase of such a piano is recommended by Director Stiven.

The Committee on Nonrecurring Expenditures recommends an appropriation of \$1,600 or so much thereof as is necessary for the purchase of a grand piano for Gregory Hall, to be selected on personal inspection by the Music Director of the Radio Station.

On motion of Mr. Nickell, this purchase was authorized, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Forno, Mr. Green, Dr. Luken, Dr. Meyer.

**ASSIGNMENT OF PARR PATENTS TO THE UNIVERSITY**

The Secretary reported for record that he had received from the Urbana Coke Corporation an assignment of all its letters patent (covering the Parr process) to the Board of Trustees of the University of Illinois.

The Urbana Coke Corporation has no funds to meet the expense of keeping the Corporation alive, and is therefore about to terminate its corporate existence.

**DEGREES CONFERRED**

The Secretary presented also for record the following list of degrees conferred at Urbana, June 3, 1945, and in Chicago, June 16, 1945.

## MEETING OF THE EXECUTIVE COMMITTEE

JULY 3, 1945

The Executive Committee of the Board of Trustees of the University of Illinois met at the University Club, 76 East Monroe Street, Chicago, at 12:30 p.m. on Tuesday, July 3, 1945. Present, President Livingston, Chairman, and Mr. Davis, member of the Committee; also President A. C. Willard and Secretary H. E. Cunningham, and Mr. Thomas L. Marshall, of the firm of Bell, Boyd, and Marshall, of Chicago.

**EMPLOYMENT OF BERT INGWERSON AS ASSISTANT COACH**

President Willard presented a recommendation from the Athletic Association that Mr. Bert Ingwerson be appointed Assistant Football Coach for one year, effective as soon as he can be released from service in the Navy, at a salary of \$7,000.

President Willard stated that this matter has been thoroughly discussed with Director D. R. Mills and Chairman Waldo Ames of the Board of Directors of the Athletic Association, who concurred in the recommendation.

The Secretary was instructed to get in touch with Mr. McKelvey and Mr. Williamson of the Committee on Athletic Activities and to ascertain their opinion. He reported that Mr. Williamson approved and that Mr. McKelvey could not be reached by telephone.

On motion of Mr. Davis, this appointment was authorized.

**RETAINER OF MR. THOMAS L. MARSHALL**

After a discussion with Mr. Thomas L. Marshall of the request of Dean Thomas E. Benner for a hearing, and of the rules and practice of the University applicable to the appointment of deans and other administrative officers, on motion of Mr. Davis, Mr. Marshall was retained, on a time basis, as special counsel for the Board of Trustees and the University of Illinois in the hearing granted to Dean Benner on his request as announced June 30, 1945. It was agreed that, after reviewing the evidence in the matter, Mr. Marshall should prescribe the procedure of the hearing and should conduct it on behalf of the University.

The Executive Committee adjourned.

## TEACHER-TRAINING CURRICULA

(Approved by the Board of Trustees June 30, 1945, Minutes, page 512)

**Administration and Supervision.** Subject to the over-all policies approved by the Senate, each curriculum shall be administered and supervised by the respective Area of Specialization Committee appointed by the University Council on Teacher Education upon nomination of the Chairman of the Council following consultation with the Dean of the College or Director of the School concerned. Each Area of Specialization Committee shall include a representative or representatives from the Colleges and Schools in which students in that area may register. The Council shall consist of the Deans and Directors of the Colleges and Schools which offer teacher-education curricula.

Each Area of Specialization Committee shall be responsible for advising students who enter the curriculum concerned and shall, under the general direction of the University Council on Teacher Education, recommend to the Dean of the College in which students are registered any substitutions that may be necessary for designated courses in a teacher-training curriculum. Colleges and Schools concerned shall register the students, offer the curricula, recommend students for degrees, and retain in their budgets the salaries of such of their faculties as participate in the program.

The interpretation of requirements of the Illinois State Examining Board for Teachers' Certificates shall be made by the Office of the Coordinator of Teacher Education.

The above provisions are adopted as a temporary procedure for administering the teacher-training programs. It is recommended that the Council on Teacher Education proceed immediately, as it has proposed, to study and recommend to the Senate a permanent organization to administer teacher-training programs in the University.

**Changes in a Curriculum.** The University Council on Teacher Education may, on recommendation of the Area of Specialization Committee concerned, substitute, delete, or add courses in a curriculum, such changes to be reported to the departments concerned for their information. Major modifications involving questions of educational policy, of admission requirements, or of graduation requirements shall require Senate approval.

**Substitution, Deletion, and Addition of Minors.** The University Council on Teacher Education may, on recommendation of the Area of Specialization Committee concerned, substitute, delete, or add minors to propose to students as desirable teaching combinations, provided that such actions do not affect admission or graduation requirements.

## CURRICULUM IN VOCATIONAL AGRICULTURE

*For the Degree of Bachelor of Science in Vocational Agriculture*

The purpose of this curriculum is to train young men to teach agriculture in high schools having departments of vocational agriculture. In addition to the training outlined in this curriculum, the present Illinois State Plan for Vocational Education in Agriculture calls for a minimum of two years of practical experience on the farm after reaching the age of sixteen.

*Electives.*—Chemistry 33 (Elementary Organic Chemistry) is strongly recommended.

The electives would be increased or decreased according to the student's high school credits in mathematics and foreign languages.

Eight hours or more of the electives of the fourth year should be devoted to geography (physiography and meteorology) if the candidate expects to teach general science in addition to biology.

If the candidate wishes to combine the teaching of physical education and biology, it is recommended that he complete the following courses: Physiology 3a-3b (10 hours), Botany 1a-1b (5 hours), and Zoology 1 (5 hours).

*For the Degree of Master of Science in the Teaching of the Physical Sciences*

A special program leading to the degree of Master of Science in the Physical Sciences is available to meet the needs of students who wish to study in both chemistry and physics rather than to specialize in one department. It is designed primarily for those preparing to teach the physical sciences in high school. Students working toward a degree under the provisions of this program are expected to seek approximately equal proficiency in both physics and chemistry; those whose undergraduate work has emphasized chemistry should balance this by weighting the graduate work in favor of physics, and vice versa. No thesis is required, and all courses in physics and chemistry which normally give graduate credit will carry credit toward the degree. To qualify for the degree, a student must have had, or must include in his program, at least one course in mathematics beyond the calculus, and for which the calculus is prerequisite.

<sup>1</sup> Each student is required to serve, prior to graduation from this curriculum, an approved internship of at least 300 hours in an office or business.

<sup>2</sup> A student may offer Rhetoric 1 and 2 (6 hours) and Speech 1 (3 hours) in lieu of D.G.S. 1a and 1b (8 hours).

<sup>3</sup> Students who have had training in shorthand<sup>2</sup> and typing may take proficiency examinations in these subjects for credit. Shorthand and typing are recommended for commercial teachers, but with the permission of the Dean of the college in which the student is registered other courses in the College of Commerce may be substituted.

<sup>4</sup> Unless the student intends to acquire a teaching minor in mathematics, he should choose Business Computations (B.O.O. 5) in preparation for teaching Business Arithmetic in high school.

### Illinois Certification Requirements

A student who has followed the above program through the first four years will have met the Illinois Certification requirements, as indicated in the following tabulation:

	University Requirements	State Requirements
I. General Education.....	42 hours	35 hours
II. Commerce major (prepares for teaching shorthand, typing, bookkeeping, business law, distribution, and general business training).....	51-54 hours	32 hours
III. Teaching minor (not required for commercial teaching in junior colleges).....	One	One

(Students preparing to teach commercial work in high schools should acquire a minor selected (with approval) from the following list: mathematics; English; non-historical social studies; geography; music; home economics; industrial arts; physical education.)

### Fifth Year

#### *For the Degree of Master of Science in Commercial Teaching*

- I. *Economics*.—A sufficient number of hours in approved advanced undergraduate and graduate courses in Economics must be taken to bring the total credit hours in this subject to not less than 17 for the five years.
- II. *Business Organization and Operation*.—A sufficient number of hours in approved advanced undergraduate and graduate courses in Business Organization and Operation must be taken to bring the total credit hours in this group of subjects to not less than 17 for the five years, including Business Law and excluding B.O.O. 5.
- III. *Accountancy*.—A sufficient number of hours in approved advanced undergraduate and graduate courses in Accountancy must be taken to bring the total credit hours in this subject to not less than 17 for the five years, excluding Accy. S15.
- IV. *Education*.—Ed. 101 or Ed. 30, and Ed. 125.
- V. *Commerce*.—Sufficient work must be taken in the fifth year in courses recognized for graduate credit to bring the total hours in commerce courses to not less than 60 for the five years.
- VI. *Selections*.—Nine hours of approved advanced undergraduate and graduate courses having general educational value, and of courses which bear directly on subjects taught in high schools.
- VII. *Summary*.—The requirements of I-V, above, can be satisfied with a minimum of 23 hours of credit; with the 9 hours of electives (VI), this makes a total of 32 hours in the fifth year, or 162 hours for the five-year program.

The maximum *required* credit hours for selections of the third, fourth, and fifth years in Commerce fields are as follows: Business Organization and Operation (including Business Law), 6 hours; Economics, 9 hours; Accountancy, 5 hours.

- B.O.O. 12a-c. **TYPEWRITING.**—A continuous course for three semesters. Organized primarily for students in the Commercial Teaching field of concentration. To be taken concurrently with shorthand.
- B.O.O. 13a-c. **SHORTHAND.**—A continuous course for three semesters. Organized primarily for students in the Commercial Teaching field of concentration. The Gregg System is used. To be taken concurrently with typewriting.
- Econ. 26. **ECONOMIC RESOURCES.**—A study of each of the more important resources of the world. Emphasis on human geography.
- B.O.O. 45. **OFFICE ORGANIZATION AND MANAGEMENT.**—Principles of office administration, office location, layout, and equipment, methodizing means of communication, control of correspondence and related activities, work of the business departments, training and development of office workers.

### CURRICULA PREPARATORY TO THE TEACHING OF ENGLISH AND SPEECH

The administration of the curricula in English and Speech will be entrusted to a committee, or perhaps two committees, appointed by the University Council on Teacher Education, on the training of teachers in Speech and English. The committee, or committees, shall be responsible for advising students who enter the curricula and shall, under the general direction of the University Council on Teacher Education, recommend to the Dean of the college in which the students are registered adequate substitutions for required courses.

**Summary of Requirements****ENGLISH**

The following courses and electives will constitute the program in the major subject:

Engl. 23—Shakespeare.....	3
Rhet. 3—Exposition.....	3
Engl. 16—Modern English Grammar.....	3
Lib. Sci. 7—Reading Guidance in Adolescent Literature.....	4
Journ. 47—High School Journalism.....	3
American Literature.....	4
English 55a-55b—Survey of English Literature.....	6
Electives.....at least	10 <sup>1</sup>
<i>Total</i> .....	36 <sup>2</sup>

Five hours of speech will be required of all English-teaching majors, except that the requirements here stated will be waived for students who elect Speech as a minor teaching subject. Two of these hours must be in Speech 10 (Oral Interpretation of Literature). The other three must be taken from one of two new courses, designated temporarily as: Speech X (Fundamentals of

<sup>1</sup> Six of these hours must be in courses restricted to advanced undergraduates.

<sup>2</sup> The list of courses given here is purely tentative. It is necessary that an agreement be reached so that the advisers of future teachers in English have a definite understanding of the restrictions under which they must work. The Committee believes that substitutes, perhaps combined courses, may be found to take the place of Library Science 7, Journalism 47, Political Science 1a, American History 3b, and Education 69. The Committee would like to see a new reading course which would give the training now available only through Library Science 7 and Education 69. Political Science 1a and History 3b are being used until special courses are created to take their place. All of these courses give training that administrators and teachers in high school consider essential. At present, these seem to be the only courses through which the prospective teacher may get this training.

Speech, i.e., the recognition of speech defects, panel discussion and debate, assembly and classroom speaking, radio broadcasting), and Speech Y (Theatre Arts, i.e., an introduction to the problems of play production, with practical experience on Theatre Guild crews).

Six hours of natural science are required for state certification. In addition, the student must take Psychology 1 as a prerequisite to Education 25. The English Department recommends that the College of Liberal Arts and Sciences reduce the Science requirements for students in Speech and English teacher-training curricula to ten hours. The training of a high-school teacher is a more complex problem in the field of English than in any other field. For one thing, he has a double subject—literature and composition. For another, there are the duties which he is almost invariably called on to perform in small schools—supervision of the library, of dramatics, of the school annual, of formal speeches—in preparation for which he would like to take something in Journalism, in Library Science, and in Remedial Reading. Furthermore, the requirement of fifteen hours in science (however good in itself) is disproportionate to the six hours in social science (required for certification, but not required at all by the College), especially in view of the fact that the whole six hours may be earned in the required subject of American history and government. We would like to give our teachers as broad an education as possible. The more a curriculum is encumbered with large fixed blocks of subject matter, the more difficult it is to achieve this purpose.

With these preliminaries, the English curriculum may be summarized as follows:

	HOURS
I. Major subject (as above).....	36
II. Speech (10 and X or Y).....	5
III. Natural Science.....	6
Psychology 1.....	4
(The courses in Biological Science and Physical Science in the Division of General Studies are especially recommended)	
IV. Social Science.....	6
(Probably filled by the new course in American history and government; otherwise Political Science 1a and American History 3b <sup>1</sup> )	
V. Professional courses in Education:	
Education 25.....	3
Education 6b.....	3
Education 10b.....	3
Educational Practice II.....	5
Education 69 <sup>1</sup> .....	3
Education 1.....	2
Total.....	19
VI. Teaching Minor.....	16
VII. Requirements for graduation in Liberal Arts and Sciences:	
1. Freshman Rhetoric (Rhet. 1-2 or Verbal Expression).....	6-8
2. Foreign language (if begun in college).....	16
3. A third subject in liberal arts (with English and History).....	3 <sup>2</sup>
4. Hygiene.....	2
5. Physical Education.....	0
Total.....	27-29
VIII. Electives.....	6-8
Total.....	126-130

A minimum of 128 hours of credit, not counting the first two years of work in military science and physical education, is required for graduation.

<sup>1</sup> See footnote 2 on preceding page.

<sup>2</sup> If the student takes both Political Science and History the requirement is automatically met.

The student preparing for certification as an English teacher will present a teaching minor in place of his college minor. Desirable teaching combinations with English include art and music, and double minors in French and Latin; German and Latin; history and music; history and physical education; home economics and physical education; Latin and music; Latin and physical education; Latin and Spanish; music and physical education; speech and history; speech and Latin; speech and music; speech and physical education; journalism and history; journalism and Latin.

#### SPEECH

The Speech curriculum follows the English curriculum, except that (1) 35 hours in Speech are required instead of the 36 hours of English courses, and (2) Education 69 is not required. The required courses in Speech are as follows:

	HOURS
Speech 1—Principles of Effective Speaking.....	3
Speech 3—Argumentation.....	3
Speech 6—Persuasion.....	3
Speech 8—Fundamentals of Acting.....	3
Speech 10—Oral Interpretation of Literature.....	2
Speech 11—Elements of Stagecraft.....	4
Speech 12—Teaching of Speech (an additional hour of credit is being recommended).....	3
Speech 14a—Speech Correction and Clinical Practice.....	5
Speech 16—Play Directing.....	3
Speech 18—Pronunciation.....	3
Speech 19—Speech Science.....	3
<i>Total</i> .....	35

The above program is designed to give the teacher a foundation in three areas of instruction: public speaking, theatre arts, and remedial speech.

#### CURRICULA RECOMMENDED FOR PROSPECTIVE SECONDARY SCHOOL TEACHERS OF FOREIGN LANGUAGES:

##### LATIN, FRENCH, GERMAN, AND SPANISH

The following curricula have two principal objects in view: (1) to define a standard for the amount and kind of work in foreign languages recommended for all prospective teachers of the various languages; (2) to acquaint the prospective teacher with closely related fields of knowledge.

These curricula are planned specifically to satisfy the requirements for the Limited State High School Certificate. At the same time they are designed to meet existing demands for certain combinations of teaching subjects which the beginning teacher is likely to be called upon to offer and for which he would need to be certified. The curricula fulfill present graduation requirements of the University of Illinois.

<sup>1</sup> Recommended electives are other advanced courses in Speech; English 5, 35, 36, 45, 130, 147; Music 28; Greek 17.

The courses outlined above total 131 to 137 hours. A minimum of 120 hours of credit, not counting the first two years of work in military science and physical education, is required for graduation.

<sup>1</sup> Students who complete this curriculum may elect to take the A.B. degree.

<sup>2</sup> The identity of the courses elected in Latin will depend on the student's previous preparation; Latin 6, or 1a, is to be elected by those who have offered two units of high-school Latin for entrance (the normal case).

<sup>3</sup> In lieu of Rhetoric 1 and 2 in the first year, followed by Speech 10 or 1 later, the student may elect D.G.S. 1a-1b (Verbal Expression), for 4 hours of credit each semester of the first year.

<sup>4</sup> Students are required to complete one teaching minor consisting of a minimum of 16 semester hours. In addition, the beginning teacher of Latin may need to be prepared to teach a second minor requiring a minimum of 16 hours. Desirable teaching combinations with Latin include a double minor in history and physical education, a double major in Latin and French with a minor in English or history, a double major in Latin and Spanish with a minor in English, a double major in Latin and German with a minor in English.

### Fifth Year

#### *For the Degree of Master of Arts in the Teaching of Latin*

The work will be planned to meet the needs of the individual student on the basis of his preparation and of the demands of his teaching position. Since all the classes he attends will be small, special attention will always be given his professional needs.

Latin courses to be chosen from the following list. At least 2 of these units must be in courses numbered 100 or over; the other 2 units may be chosen in whole or in part from the following list:

	UNITS
Latin 21—Tacitus and Juvenal; Latin 22—Martial, Suetonius, Apuleius; Latin 23—Livy, Tibullus, Propertius; Latin 24—Seneca's <i>Epistles and Tragedies</i> ; Latin 30a-30b—Honors Course.....	4
Ed. 125—Advanced Educational Psychology.....	1
Ed. 101—Philosophy of Education; or Ed. 30—History of American Education.....	1

It is strongly recommended that students who have completed one year of Greek as undergraduates take Greek 3 (Xenophon,  $\frac{1}{2}$  unit) and 4 (Homer,  $\frac{1}{2}$  unit) in their fifth year, and that those who have had no Greek take Greek 1a ( $\frac{1}{2}$  unit) and 1b ( $\frac{1}{2}$  unit).

### Undergraduate Minor in Latin

Latin 5a and 5b—Composition.....	4
Latin 12a—Plautus, Terence, and Catullus; and Latin 12b—Sallust and Cicero's <i>De Senectute</i> .....	8

Latin 12a and 12b may be omitted when the study of Latin is begun in college.

Latin 3 (3 hours), in addition to Latin 12a and 12b, is required for those entering college with four years of high-school Latin.

The total number of hours in Latin required for a minor will thus vary as follows:

	HOURS
a. When Latin is begun in college.....	20
b. When 2 years high-school Latin have been accepted for entrance.....	20
c. When 3 years high-school Latin have been accepted for entrance.....	16 or 20
d. When 4 years high-school Latin have been accepted for entrance.....	15

#### IV. Minor..... 16

(Students are required to complete one teaching minor consisting of a minimum of 16 semester hours. In addition, the beginning teacher of German may need to be prepared to teach a second minor requiring a minimum of 16 hours. Desirable teaching combinations with German include English, French, history, Latin, or Spanish. A double major in German and Latin with English as a minor is also recommended.)

#### V. Electives..... 18-19

(Additional hours for electives may be gained from basic courses credited from secondary school and by fulfilling part of the General Education requirements by work counted also toward a major or minor. It is recommended that students preparing for teaching take work totaling 130 hours in order to be prepared beyond minimum requirements. Recommended electives: Engl. 54a and b, Hist. 36a and b, Philos. 1, Art 11 and 12, Music 13 and 14, advanced German courses not included in the minimum program, and other language and literature courses.)

AS A MAJOR TEACHING SUBJECT**

It is understood that this curriculum will be administered by a standing committee which shall be responsible for advising students who enter the curriculum and shall, under the general direction of the University Council on Teacher Education, recommend to the Dean of the college in which students are registered adequate substitutions for required courses.

*Entrance Requirements.*—Three years of high school mathematics, including a year of plane geometry, one and a half years of algebra, and solid geometry, are required for entrance. Students who enter without solid geometry must take Mathematics 1 in Year I, Semester II. Students who enter with only one year of algebra must substitute for the required Mathematics 10a-10b (unified freshman course, 9 hours credit) the courses Mathematics 3 (Algebra, 5 hours), Mathematics 4 (Trigonometry, 2 hours), and Mathematics 6a (Analytic Geometry, 4 hours).

Students who offer for entrance two years of a foreign language can satisfy the foreign language requirement for graduation in the College of Liberal Arts and Sciences by taking the course required in the freshman year in that language. If they have had no foreign language in high school, or if they wish to take up a new language, the first eight hours of work must be supplied in some fashion.

*Degree Requirements.*—The required courses for the first four years satisfy the requirements for graduation in the College of Education and in the College

of Liberal Arts and Sciences if 16 hours of electives are used. However, if more than one minor teaching subject is contemplated, doubtless more elective hours must be taken.

The program advised by the committee for the fifth year must be approved by the departments concerned and must be accepted by the Dean of the Graduate School as satisfactory for the Master's degree.

<sup>2</sup> Completion of the second year of a foreign language will satisfy the graduation requirement in Liberal Arts and Sciences if the same foreign language is pursued in the University as is offered for entrance to the College. A student who wishes to minor in a foreign language should have three years of high-school preparation in that language.

<sup>3</sup> Students who enter the curriculum with only one year of high-school algebra must take Math. 3, 4, and 6a (totaling 11 hours) instead of Math. 10a-10b.

<sup>4</sup> Students are required to complete one teaching minor consisting of a minimum of 16 semester hours. Students who wish to minor in general science, and who intend to take Physics 1 and 3 in the third year, should take one semester of chemistry in their second year. Other desirable minors include the commercial subjects, and double minors in any of the following: biological sciences and chemistry; biological sciences and general science; biological sciences and physics; chemistry and general science; chemistry and physics; French and Latin; general science and physical education; general science and physics; German and Latin; industrial arts and physics; Latin and physical education; Latin and Spanish; music and physics; physical education and physics.

## CURRICULUM IN PHYSICAL EDUCATION FOR MEN

### *For the Degree of Bachelor of Science in Physical Education*

The professional curriculum in Physical Education for Men is designed to prepare students for teaching health, safety, and physical education, coaching athletics, and directing recreation. All applicants must be in good health, with no handicapping physical defects, and must be certified by the University Health Service for specialization in physical education, or be approved by the Director of the School of Physical Education.

This curriculum consists of a freshman-sophomore program, which is essentially the same for all students, and a junior-senior program which includes a core-curriculum and also allows each student to elect courses in one of three areas of specialization. The degree of Bachelor of Science in Physical Education is conferred on students who successfully complete a total of 130 semester hours as outlined below.

### Summary of Requirements for Men

### CURRICULUM PREPARATORY TO THE TEACHING OF PHYSICS

*For the Degree of Bachelor of Science in the Teaching of Physics*

For students preparing to teach Physical Science with a major in Physics and with minors in Mathematics and Chemistry. Students entering this curriculum should have 2½ units of high-school mathematics.

<sup>3</sup> Electives should be chosen from courses listed for advanced undergraduates in chemistry and mathematics, additional courses in advanced physics, and courses in electrical engineering.

*For the Degree of Master of Science in the Teaching  
of the Physical Sciences*

A special program leading to the degree of Master of Science in the Teaching of the Physical Sciences is available to meet the needs of students who wish to study in both chemistry and physics rather than to specialize in one department. It is designed primarily for those preparing to teach the physical sciences in high school. Students working toward a degree under the provisions of this program are expected to seek approximately equal proficiency in both physics and chemistry; those whose undergraduate work has emphasized chemistry should balance this by weighting the graduate work in favor of physics, and vice versa. No thesis is required, and all courses in physics and chemistry which normally give graduate credit will carry credit toward the degree. To qualify for the degree, a student must have had, or must include in his program, at least one course in mathematics beyond the calculus, and for which the calculus is prerequisite.

<sup>2</sup> A student who has completed two years of foreign language in high school may register in second-year University classes in that language.

<sup>3</sup> The social studies requirement is 20 hours in history and 21 hours in social studies fields other than history.

In history, students are required to complete one elementary course, both semesters, selected from the following list: History 1a-1b—Continental European History; History 2a-2b—History of England; History 5a-5b—The Ancient World; D.G.S. 2a-2b—History of Civilization. History 3a may be taken to complete the History 3a-3b sequence. Students are also required to complete 12-14 hours in advanced courses in history. In these, at least six hours must be offered in American history and at least six hours in European history (Ancient, Medieval, English, or Modern).

In the social studies fields other than history, the 21 hours of work should include at least one course in each of the following: economics, political science, and sociology. At least eight hours should be taken in each of two social studies fields: economics, political science, sociology, geography.

The courses outlined above total 126 to 141 hours, including credit earned in military science and physical education. A minimum of 120 hours of credit, not counting the first two years of work in military science and physical education, is required for graduation.

<sup>1</sup> The social studies requirement is 20 hours in history and 21 hours in social studies fields other than history.

In history, students are required to complete one elementary course, both semesters, selected from the following list: History 1a-1b—Continental European History; History 2a-2b—History of England; History 5a-5b—The Ancient World; D.G.S. 2a-2b—History of Civilization. At least eight hours should be taken in each of two social studies fields: economics, political science, sociology, geography.

<sup>2</sup> Students who take D.G.S. 1a-1b in their freshman year are not required to take Speech 1 or 10.

<sup>3</sup> Second-year foreign language courses may be used to satisfy this requirement.

<sup>4</sup> Students are required to complete one teaching minor consisting of a minimum of 16 semester hours. Desirable teaching combinations with social studies include art, commercial subjects, English, French, German, home economics, industrial arts, Latin, mathematics, music, physical education, and Spanish.

## Undergraduate Minors in the Social Studies

*Other than History*

For a minor in the social studies, other than history, a student must complete at least 8 hours of work in each of two of the following subjects: economics, geography, political science, sociology. The minimum total required for a minor is 16 hours.

All, or nearly all, students who earn this teaching minor will have earned teaching majors in the commercial subjects, which require 11 hours of economics, 3 of political science, 3 of economic or commercial geography, and 8 of sociology. These courses satisfy the minimum requirement for teaching civics, community civics, economics, sociology, contemporary problems, and economic or commercial geography in the high school.

*Minor in History*

For a minor in history, a student must complete 5-6 hours in advanced courses in American history, 8 hours in general European history, and 2-3 hours in one of the following: English, ancient, medieval, or Latin-American history. The minimum total required for a minor is 16 hours.

<sup>1</sup> Students who have completed a substantial amount of study in American history are advised to elect Education 101.

## **Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees**

**(Effective July 1, 1945)**

(Adopted by the Board of Trustees June 30, 1945, Minutes, page 506)

### **I. GENERAL POLICY**

1. Every University of Illinois employee has a part in the educational and scientific effort of the University which can be best carried out only under a program of harmonious employee-employer relationships. The University strives to have happy, industrious employees who will give courteous, efficient service to all who have contact with it through them. To this end the University endeavors to provide working conditions and compensation comparable to those furnished by other employers in the community, keeping in mind that the University is a State institution receiving a major part of its financial support from taxes.

2. The University recognizes the principle of collective bargaining with respect to all nonacademic employees not in administrative positions as designated in section XV. The University will negotiate with any individual, group of individuals, or organization acting on behalf of any group of employees when such person or agency presents evidence that he or it represents more than fifty per cent (50%) of the employees of the group or classification employed by the University, and that he or it is authorized to represent them. The determination of the appropriate unit for collective bargaining and of the majority representation in that unit shall be made by the Department of Labor of the State of Illinois in case of lack of agreement on these points.

3. Any employee will have the right to discuss with the Director of Nonacademic Personnel the terms of his employment or his working conditions, including his classification under the University Civil Service, but no individual agreement may be made which will violate the terms of an agreement reached by negotiation with the group of which he is a part.

4. No person or organization will be permitted to solicit membership in any organization with a University employee during the employee's working hours.

5. All nonacademic employees of the University are under the University Civil Service as governed by State law, and are entitled to all the rights and subject to all the requirements of that law.

**6.** A permanent and continuous employee is (a) one employed in a position or in work which the University contemplates continuing for the next six months, or is (b) a person who has completed six months of service. For this purpose a month of service shall be no less than twenty work days, excluding approved absences. A person employed regularly but on a part-time basis and fulfilling the above conditions will be considered a permanent and continuous employee.

**7.** The words "prevailing rate" when used herein shall be the cash wages paid generally in the locality in which the work is being performed to employees engaged in work of a similar character.

## **II. NEGOTIATION PROCEDURE**

**1.** All proposals for establishment of, or changes in, rates of compensation, hours, or other subjects dealt with in sections III to V inclusive herein shall be submitted to the Office of Nonacademic Personnel. This office will secure all of the relevant facts, and will negotiate the proposals with employees concerned, or, in case of a collective bargaining unit, their duly constituted representatives, and with the University departments involved.

**2.** Employees appointed or elected to represent any employee groups in negotiations will be allowed full pay, at straight time rates only, for time required to be so spent during their regular working day or shifts. In no case will payment be made in accordance with the above provisions for any time beyond the close of the regular work day or shift. Other than as set forth in this section and in section XIII-6, payment will not be allowed for time spent in meetings or conferences except as these may be called or requested by recognized departmental authorities or as they may be approved by the Director of Nonacademic Personnel. Lists of all employees whose presence is desired at such meetings or conferences shall be submitted in advance to the Director of Nonacademic Personnel who shall be responsible for determining their representative status as above noted and for arrangements with their supervisors for them to be excused from work in their respective departments.

**3.** The Director of Nonacademic Personnel will have the responsibility and authority to reach an understanding on behalf of the University in accordance with the terms of this Policy.

### III. METHODS OF DETERMINING RATES OF COMPENSATION

1. All proposed changes in group rates shall be submitted to the Director of Nonacademic Personnel not later than September 1 preceding the biennium beginning the following July 1, shall be effective not before the beginning of the biennium, and shall not be exceeded during the biennium.

A. Subject to the foregoing limitations, the University will pay prevailing rates to all employees in any group when such a rate has been determined or can be determined by the University for that group under the following conditions: Such rates are to be paid only after they have been put into effect locally; they are effective from the date they have been made effective locally, provided that notice has been given the Director of Nonacademic Personnel before the expiration of a local agreement upon which the local prevailing rate is based; if notice is not given in accordance with the preceding condition, rates will become effective only from the date that notice has been given to the Director of Nonacademic Personnel that the rates are in effect locally; no retroactive pay shall be effective prior to the beginning of a biennium in which the rates are made effective by the University; if the local prevailing rate declines during a biennium, the University will follow such declines but no rates at the University will be reduced below those in effect at the beginning of the biennium. Vacations, disability leave, retirement and death benefits are granted to prevailing rate employees only in accordance with sections VI to XI inclusive irrespective of local prevailing practice in these matters. In some classifications the University will pay rates below the prevailing rates during the probationary period of not to exceed six months. (Schedules are available showing the classifications subject to the prevailing rate rule as of July 1, 1945. Changes in these schedules will be made only with the approval of the Director of Nonacademic Personnel. Employees concerned will be advised whenever such changes are made.)

a. Permanent and continuous employees in prevailing rate groups paid at hourly rates will be paid a monthly rate determined by multiplying the number of hours of the work year, which shall be uniform in all years, by the hourly rate and dividing by 12, as follows:

1. In those positions in which the work week is 40 hours, the monthly rate will be based upon a net of 255 work days, or 2,040 hours per work year (365 days per year less 52 Saturdays, 52 Sundays, and 6 holidays).

2. In those positions in which the regular work week is 44 hours, the monthly rate will be based upon a net of 281 work days, or 2,248 hours per work year (365 days less 52 Sundays, one-half of 52 Saturdays or 26 days, and 6 holidays).

3. In those positions in which the regular work week is 48 hours,

the monthly rate will be based upon a net of 307 days, or 2,456 hours per work year (365 days less 52 Sundays and 6 holidays).

b. Permanent and continuous employees in prevailing rate groups whose compensation is based on a monthly rate will be paid that monthly rate adjusted to provide for any difference in weekly working schedules which may exist between the University and local prevailing practice.

B. The University, through the Director of Nonacademic Personnel, will negotiate with any other group of employees, or their authorized representatives as defined in section I-2 hereof (in case of a collective bargaining unit), for the purpose of establishing rates that are mutually acceptable.

**2.** The University, through the Director of Nonacademic Personnel, will be responsible for the determination of salary and wage ranges and compensation for all nonacademic groups whose wages are not determined in accordance with A and B preceding. For employees in such groups the University will establish a compensation plan based on a job evaluation program in which rates shall be related to rates otherwise established for comparable services and paid for similar services by other employers.

**3.** In every classification where the compensation lies between stated minimum and maximum rates instead of being a single fixed rate and where the maximum rate in April, 1945, was \$235 per month or less, there shall be automatic increases at least once each year until the mid-point of the range in the classification is reached. Each employee shall be fairly and impartially rated at least once each budgetary year, and when additional non-automatic adjustments in compensation are made they shall be in accordance with this rating and the recommendations of supervisors. The plan of rating shall be available to all concerned, and the ratings of each employee shall be available to him.

In classifications in which the maximum of the salary range is more than \$235 per month each employee shall be fairly and impartially rated at least once each budgetary year and when adjustments in compensation are made they shall be in accordance with this rating and the recommendations of supervisors.

#### **IV. HOURS**

**1.** The University recognizes work schedules as set forth in this section. Each employee classification is allocated to an appropriate work schedule as to the work day and the work week. [Schedules for Urbana and Chicago have been supplied to all interested employees and officers of the University.] Changes in these schedules will be

made as to prevailing rate groups when prevailing local practices change and the University is notified accordingly, and as to other groups when approved by the Director of Nonacademic Personnel. Employees in groups concerned will be notified of all such changes.

2. The work day of all groups unless herein specified shall be broken only by a lunch period of not more than one hour.

3. In those positions in which continuous seven-day service is required, Saturdays and Sundays (see section V) shall not be recognized as such, but as though they were regular work days. No employee will be required to work regularly seven consecutive days. Except as otherwise indicated in this section, the work week of all employees shall start on Monday.

### Work Schedules at Urbana

4. The work schedules recognized at *Urbana* are:

A. Eight-hour day, 40-hour week, five days, Monday through Friday.

B. Eight-hour day or four hour half-day shift, 40-hour week, Monday through Friday, or Monday noon through Saturday noon by mutual agreement between employee and department.

C. Eight-hour day, Monday through Friday, and four hours Saturday morning, 44-hour week.

a. Department heads may, with the concurrence of the Director of Nonacademic Personnel, and to the extent departmental budgets permit, grant requests of employees falling under Plan C to be permanently transferred to Plan B. Employees now working under a basic 44-hour week and eligible for a month's vacation who are thus transferred will suffer no reduction in total weekly or monthly compensation as a result of such transfer.

D. Eight-hour day, 44-hour week, beginning Monday and ending Saturday.

E. Eight-hour day, 44-hour week, beginning time rotated to provide seven-day service.

F. Eight-hour day, 48-hour week, beginning time rotated to provide seven-day service.

G. Eight-hour day, mealtime allowed as part of eight-hour shift, 48-hour week, beginning time rotated to provide seven-day service.

H. Twenty-four hour shift, alternating days.

### Work Schedules at Chicago

4. The work schedules recognized at *Chicago* are:

A. Eight-hour day, 40-hour week, Monday through Friday.

B. Seven and one-half hour day, Monday through Friday, 3½ hours Saturday mornings, 41-hour week, Monday through Saturday morning.

C. Eight-hour day, 44-hour week, beginning Monday and ending Saturday.

D. Eight-hour day, 44-hour week, beginning time to be rotated to provide for seven-day service.

E. Eight-hour day, 48-hour week, beginning time rotated to provide seven-day service.

5. All time in excess of the units of hours constituting the work day and the work week is overtime, and will be compensated at time and one-half in cash unless the local prevailing practice for this group varies from this procedure, in which case the local prevailing practice will be followed. By mutual agreement between a department and an employee, an employee may work overtime with equivalent time off at straight time providing that this does not conflict with local prevailing practice. Any time thus allowed must be used in the vacation year as defined in section VII-1-B. In accordance with the provisions of the Illinois Women's Eight Hour law, no woman employee shall work more than nine hours in more than one day of a calendar week, provided that such excess over eight hours in that day shall be deducted from the subsequent regularly scheduled employment time of that calendar week or the next calendar week if such excess occurs on Saturday, and provided further that the total time of employment in no event shall exceed 48 hours in any one calendar week.

*Exceptions:* Graduate nurses, telephone operators, and employees engaged as a result of public emergencies, seasonal canning operations, etc., as defined in the Law.

6. Women employees shall be allowed rest periods of 15 minutes each half day at times to be arranged by supervisors within the work day.

7. Full-time employees may be permitted to enroll in academic classes in the University provided, if such enrollment is within regularly scheduled working hours, it is taken from regularly scheduled working hours and deduction is made from required schedule and from regular pay or time allowed for classes is made up in full or deducted from vacations. All such enrollments and the arrangements relating thereto are to be reported to the Director of Nonacademic Personnel, who shall submit a report of them to the Provost at least annually. Time in attendance on training programs or University classes, when requested by the department, shall not be deducted from employee's required schedules. (Conditions relating to registration and fees are covered in regulations of the Board of Trustees on those matters.)

## V. SUNDAYS

As a general rule, University buildings will be closed and no work will be required on Sundays except as follows:

1. In those positions in which seven-day service is required, *except as otherwise provided* (see section IV-3), Sunday is not recognized as such but as a regular work day, and is offset by a seventh day off. (Schedules are available showing classifications in which such service is required.)

2. In all other cases, work on Sundays is overtime and will be compensated as provided in section IV-5.

## VI. HOLIDAYS

1. Offices, laboratories and shops will be closed and employees excused except in emergency and for necessary operations on the following legal holidays: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas Day.

Permanent and continuous employees not in a prevailing rate group will be excused with full pay.

Employees in prevailing rate groups will be excused from work and will be compensated in accordance with the local prevailing practice, except those whose normal work schedules are such as to require regular holiday work in accordance with local prevailing practice.

(See section III-1-A-a.)

2. In the event that work on any of the above holidays is required:

A. Prevailing rate groups will be compensated in accordance with prevailing practice.

B. Other employees will be compensated at time and a half payable in cash in addition to regular compensation.

3. Suspension of work at other times will be only with the approval of the President of the University.

## VII. VACATIONS

1. Vacations are granted only to permanent and continuous employees who complete not less than eleven consecutive months of service.

A. During the first year of service a proportionate part of the annual vacation will be granted based on the months of service of the employee completed to the date of vacation, subject to completion of not less than eleven consecutive months of service. In each succeeding year the employee will receive the annual vacation as set forth below. In the year in

which the employee leaves the service of the University for any reason, including death, a proportionate part of annual vacation will again be granted.

B. Annual vacations may be taken during a one year period extending from three months prior to the end of a full year of service to nine months after the end of a full year of service. Vacations shall not be cumulative but may be deferred at the request of the department or the employee with the concurrence of the department. Such deferred vacations shall be taken within the next succeeding twelve-month period. Extra pay in lieu of vacation will not be allowed. An employee's preference as to time of vacation will be considered but the University reserves the right to assign vacation periods. Holidays recognized by the University are not counted as part of a vacation.

C. A part-time continuous employee will receive the annual vacation provided for his classification at his usual pay. (For example, a person employed half-time in a position in which two weeks is the annual vacation allowance will be granted two weeks vacation at a salary based upon half-time.)

**2. The University recognizes three vacation plans as follows:**

A. One month vacation in each year of service. Department heads, with the concurrence of the Director of Nonacademic Personnel, and to the extent departmental budgets permit, may grant requests of employees falling under Plan A (excepting administrative employees) to be permanently transferred to Plan C.

B. Progressive vacation schedule: two weeks in each of the first two years of service, three weeks in each of the next two years of service, one month in the fifth and each succeeding year of service.

C. Two weeks vacation in each year of service.

Each employee classification is allocated to an appropriate vacation schedule. [Schedules for Urbana and Chicago have been supplied to all interested employees and officers of the University.] Changes in these schedules will be made when approved by the Director of Nonacademic Personnel. Employees in groups concerned will be notified of all such changes.

## **VIII. DISABILITY BENEFITS**

**1. Disability arising out of and in the course of employment:**

A. Employees who suffer disability arising out of and in the course of their employment will receive compensation as determined by the University Committee on Accident Compensation for Employees in accordance with the provisions of the Workmen's Compensation Act.

B. Such employees may elect to use portions of allowances for disability provided under sub-section B hereof to supplement payments made

under the Workmen's Compensation Act, provided that in no case during a period of disability shall total payments exceed the full compensation paid the individual at the time the disability occurred.

C. An employee entitled to disability benefits under the University Retirement System of Illinois may receive from that System only the difference between the benefits available from the Retirement System and the amount paid in accordance with the Workmen's Compensation Act.

**2. Disability from any cause not arising out of and in the course of employment:**

A. Each full-time, permanent and continuous employee is entitled to a disability leave of two work weeks with pay in each year of service, no part of which shall be cumulative. Any full-time, permanent and continuous employee who is disabled before completing his first year of service will be allowed the same proportionate amount of the two work weeks disability leave as the proportion of the year completed.

B. In addition to the leave provided in the preceding paragraph, each full-time, permanent and continuous employee who has served for one full year is entitled to an extended disability leave of one work week for each year of service, cumulative to a total of ten work weeks, which shall be allowed to reaccumulate to this maximum through additional service after being used in part or in full. No reduction shall be made in accumulations for prior service earned before March 1, 1944.

C. Disability benefits available to employees shall be used in the following order: (a) the two work weeks disability leave, (b) vacation to which entitled *when requested by the employee*, (c) extended disability leave, as provided in the preceding paragraph.

D. An employee when disabled may continue to receive full pay until the two work weeks disability leave and his accumulated extended disability leave are exhausted. If an employee elects to receive disability benefits under the University Retirement System of Illinois before he has exhausted his extended disability leave, he will receive no payments from the University of Illinois during the period that disability benefits are received from said Retirement System.

### **3. Other disability benefits:**

#### **A. Persons under University Retirement System:\***

a. All persons permanently and continuously employed by the University and who are 30 years of age or over must become participants in the University Retirement System of Illinois established by a special act of the General Assembly approved July 21, 1941. Persons thus employed who are under the age of 30 may elect to participate. A deduction of 3½% is made from each payment of salary or wage to every participant in the system. This contribution is placed to the credit of the individual and draws interest

(at 3% at this date) which is added to his contribution. The total accumulations with interest may be withdrawn by the individual on his separation from University employment.

b. Disability benefits from the System are payable to any participant for mental or physical disability arising from any cause as a result of which the individual is unable to perform the duties of his position. Benefits begin 60 days after the beginning of the disability, provided an application has been filed and salary is suspended. Benefits amount to 50% of the earnings at the time disability occurred and continue during disability until the total paid is 50% of the total earnings during service.

B. Other persons:

(See section X-2).

4. The University reserves the right to require acceptable evidence of disability before allowing any disability benefits whatsoever.

## IX. LEAVES OF ABSENCE

1. Leaves of absence *without* pay for reasons other than disability, as covered in section VIII, may be granted by the University through the Director of Nonacademic Personnel when in his judgment the recommendations are reasonable and have the approval of the supervisor of the employee.

2. Leaves of absence *with* pay on account of death or illness of relatives may be granted by the Director of Nonacademic Personnel to the extent considered reasonable and necessary in each case, taking into consideration length of service, condition of work in the department, previous leaves granted the employee, and recommendation of department head.

3. Leaves of absence for jury or witness service and to serve in the State Militia shall be granted when employees are called for such service. Pay for such leaves will be computed as the difference between the amount paid for the service and the regular full-time salary or wage of the person on such leave.

4. Leaves of absence without pay for service in the armed forces of the United States shall be granted when an employee enlists in or is inducted into such service. Such an employee will be restored to his former position, or, at the discretion of the University, to one of similar requirements and compensation, if: his discharge is under conditions other than dishonorable; he requests reemployment within 90 days after his discharge; he is qualified to perform the duties of his position. If, as a result of service in the armed forces, he is not physically or mentally qualified to perform the duties of any such position, the University will offer him employment in a position which

his physical and mental condition permits him to perform, at the rate of compensation provided for that position.

**5.** Leaves of absence for other approved work may be granted on request by the President of the University and extended at his discretion. A person receiving such a leave will have the right to return to his former position at the termination of his leave provided he is in a satisfactory physical and mental condition to resume the duties of the position, and provided the position has been continued during his absence. If the position has been discontinued, the person on leave will be eligible to appointment to any position in his classification which becomes vacant at or subsequent to his return.

## **X. RETIREMENT BENEFITS\***

**1.** Participants in the University Retirement System are retired on September 1 following their 68th birthday unless deferment is approved by the University. Under certain conditions, persons employed prior to September 1, 1941, may request retirement after age 65 and if retired with 25 or more years of service receive the same annuity which would be paid at 68. Participants may elect to retire at any time after age 60 or with the approval of the University and of the Retirement Board between the ages 55 and 60. Retirement in such instances is at a reduced annuity.

*Interrupted employment.* Employees who are participants in the Retirement System and whose employment is irregular maintain their participation in the Retirement System under the following conditions: Death and disability benefits of the Retirement System continue in force during a period of three weeks following the payroll period for which the employee last received salary or wages. At the end of the three weeks, the employment of the individual will be considered terminated and he may withdraw his contributions to the System plus interest; or he may leave his contributions on deposit, in which case, if he is again employed, contributions and benefits will be resumed and accumulated benefits of all kinds restored as of the date employment ceased.

**2.** Persons not participating in the University Retirement System who have been employed for not less than five years and become permanently disabled or otherwise physically unfit for service may be retired. Such persons receive an allowance from the University for a period of years equal to their years of service. The annual rate of this

\* These provisions are summaries of the benefits payable under the University Retirement System Act.

allowance is a percentage, 25% plus  $\frac{1}{2}\%$  for each year of service, of the average annual cash compensation, but not less than \$300 per year.

### **XI. DEATH BENEFITS\***

1. For employees participating in the Retirement System a death benefit approximately equal to one year's salary, not less than \$2,000 or more than \$5,000, is payable by the Retirement System, if the beneficiary is dependent upon the participant. Otherwise the death benefit will be the employee's accumulated contributions. After retirement a death benefit is payable equal to whichever of the following is the greatest:

A. The accumulated employee contributions, including interest, at the time of retirement less the sum of all annuity payments prior to the date of death;

B. Six times the monthly Supplemental Annuity paid for service prior to September 1, 1941;

C. \$500.

2. For persons not in the Retirement System, a death benefit is payable by the University after the first year of service, ranging from 10% of compensation in the second year to 50% in the tenth and succeeding years, but not in excess of \$3,000.

3. In accordance with section VII-1-A, payment will be made for any accumulated unpaid vacation allowances.

### **XII. REPORTS OF ABSENCES AND OVERTIME**

1. Every absence of one hour or more of any nonacademic employee is to be reported by the department to the Office of Nonacademic Personnel on forms provided by it.

2. All overtime to be compensated by time off shall be reported by the department to the Office of Nonacademic Personnel on forms provided by it.

### **XIII. GRIEVANCES**

Grievances shall consist of all matters of dispute affecting the employer-employee relationships excepting those set out in sections III to IX inclusive, other than questions of interpretation of those sections in individual cases and except as stated in paragraph 5 of this section. If any employee has a grievance which he desires to have considered, he shall present it in the following manner:

---

\* These provisions are summaries of the benefits payable under the University Retirement System Act.

**1.** The employee, or, if he is a member of a collective bargaining unit, his authorized representative, shall submit the matter in writing to his immediate supervisor or to his next higher ranking supervisor within two work days. The supervisor shall answer the grievance in writing not later than two work days after it is presented to him. If the grievance is not presented within two work days as provided herein, the right to have it considered is thereby waived. If the supervisor fails to answer the grievance within two work days, it shall be considered settled in favor of the employee.

**2.** If the employee, or in case of a collective bargaining unit his authorized representative, is not satisfied with the decision of his immediate supervisor, the grievance shall then be presented in writing by the employee or his authorized representative to the next ranking supervisor. Such grievances must be presented by the employee or his representative within five work days after the date of the immediate supervisor's answer in the previous step of the grievance procedure unless the next ranking supervisor agrees that more time is needed to obtain necessary information. That supervisor shall answer any grievance in writing within five work days from the date the grievance was presented to him unless the employee agrees that more time is needed to obtain necessary information.

Any decision which is not appealed by the employee or his authorized representative within five work days shall be considered settled and binding on the employee and the University. Failure of the supervisor to answer the grievance within five work days after the appeal is presented to him shall be considered a decision in favor of the employee.

**3.** If the decision of the supervisor under paragraph 2 is not satisfactory to the employee, the grievance, together with the written record of the case, shall be referred by the employee or his authorized representative to the Director of Nonacademic Personnel for decision. Before reaching a decision, the Director of Nonacademic Personnel shall discuss the grievance with the employee or his authorized representative and the administrative head involved.

**4.** If the decision of the Director of Nonacademic Personnel is not accepted by the employee, the case, on request of the employee, shall be referred to a board of arbitration. The board of arbitration shall be composed of two representatives appointed by the University, two appointed by the employee or his authorized representative, and a fifth chosen by those four. A decision approved by any three of the board of arbitration shall be accepted by the employee and the University Board of Trustees as a final settlement of the grievance.

5. Cases of suspension may be appealed by or on behalf of an employee in accordance with paragraphs 1 to 3 of the foregoing procedure. The Director of Nonacademic Personnel is authorized to make final decision in such cases.

6. Time spent by an employee or his representative, if the representative is a University employee, or both in settling grievances shall be paid for in accordance with the provisions of section II-2. If an organized group is involved, it is understood that the term "representative" may include a steward or grievance committee or both from the employee group concerned, but from that group only, in so far as payment for time is concerned. In no case, however, shall any employee leave his post or duty without the knowledge of and permission from his foreman or immediate supervisor, which permission shall normally be given, subject to necessary emergency exceptions.

7. The procedure relating to discharge shall be handled in accordance with the civil service laws which entitle the employee on his request to a hearing by or before the Board of Trustees or by or before some officer or body appointed by the Board of Trustees.

8. The term "work day" as used in this section shall not include days on which the employee or supervisor is absent because of disability, vacation or other authorized leave.

#### XIV. SENIORITY

Employees shall acquire seniority rights retroactive to date of employment after the completion of the probationary period of six months as provided in the University Civil Service Rules. Seniority shall be by classification,\* and seniority rights shall be limited to the locality in which the work is performed, that is, Urbana or Chicago. If an employee is on disability leave or is on leave for service in the armed forces of the United States, the tenure for seniority will continue as though he were continuously employed. If the employee is laid off for lack of work or if a leave, other than a disability leave or for service in the armed forces of the United States, is granted at the request of the employee, seniority will be based on the actual months of service in the classification.

If an employee accepts a position in a different classification, he may be given a leave for one year from his old classification, in order that he may preserve seniority for the months of service in that

---

\* A bill now before the General Assembly would permit an individual who has been promoted within a promotional line fixed by the Board of Trustees, to retain seniority within the promotional line.

classification. After one year's service in the new classification, the employee's continuation in that classification will be deemed a waiver of seniority rights in the old classification.

#### **XV. ADMINISTRATIVE EMPLOYEES**

The Director of Nonacademic Personnel, on the advice of department heads, may designate certain nonacademic classifications as administrative. Classifications covered by the provisions of collective bargaining agreements shall not be considered for such designation. Compensation for employees in administrative classifications shall be determined entirely by the University. They shall not receive additional cash compensation for services in excess of the work week normally required in the position. They shall receive vacations of one month in each year of service. Advancement shall be based solely on merit as recommended by department heads except as general increases are granted to all employees subject to the provisions of section III-2 and 3.

#### **XVI. NOTICES OF EMPLOYMENT**

Notices of employment in all nonacademic classifications shall be issued by the Director of Nonacademic Personnel at the beginning of employment. These notices shall continue in effect until employment is terminated, or conditions of employment are changed, in which case a superseding notice will be issued. Such notices shall state the classification, compensation, effective date, and other conditions affecting the employment.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**July 25 and 26, 1945**

**With Executive Committee Meeting of  
July 30, 1945**

The July meeting of the Board of Trustees of the University of Illinois was held in the Alumni Faculty Lounge of the Illini Union Building, Urbana, beginning at 9 a.m. on Wednesday, July 25, 1945.

The following members were present: President Livingston, Mr. Davis, Mr. Forno, Mrs. Grigsby, Mr. McKelvey, Mr. Nickell, Mr. Williamson. During the early part of the opening session, Mr. McLaughlin took his place with the Board. Dr. Meyer withdrew at 10 p.m. on Wednesday, and was not present on Thursday.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Professor Coleman R. Griffith, Provost, and, during the transaction of general business, Mr. Lloyd Morey, Comptroller, Mr. Thomas L. Marshall, Special Counsel for the University, Mr. Thomas A. Copple, Court Reporter, Dean Thomas E. Benner, Judge Sveinbjorn Johnson and Mr. H. F. Simonson, Counsel for Dean Benner, and, during Wednesday forenoon only, Mrs. Marie Taylor, Public Stenographer.

**HEARING OF DEAN THOMAS E. BENNER**

President Livingston requested Mr. Thomas L. Marshall, Special Counsel for the University, to take charge of the hearing of Dean Thomas E. Benner, granted on Dean Benner's request that he be given opportunity to appear before the Board to present his reasons for asking that he be continued as Dean of the College of Education after the expiration of his present appointment which terminates on August 31, 1945.

Mr. Marshall stated that he had met twice with Dean Benner and Judge Johnson, and that all parties had agreed on the following procedure, subject to the approval of the Board of Trustees:

All witnesses shall be sworn, and the hearing conducted in a judicial manner. Brief opening statements by counsel shall be followed by the examination and cross-examination of witnesses. If objections are taken, the Board will rule on each one.

This procedure, being approved by the Board, was followed throughout the hearing.

Mr. Marshall read Section 8, a and b, of the University Statutes and Dr. Benner's contract as Dean for two years from September 1, 1943, to August 31, 1945, and stated that the issue before the Board did not include Dr. Benner's status as Professor of Education, on indefinite tenure, but only the acceptance or rejection of President Willard's announcement that he will not recommend Dr. Benner's reappointment as Dean of the College of Education.<sup>1</sup>

Judge Johnson read his opening statement to the Board.<sup>1</sup>

Mr. Marshall and Judge Johnson introduced a number of exhibits during the hearing. Since all are identified by serial numbers affixed by Mr. Copple and are on file, with the transcript of the hearing, in the office of the Secretary, they are not enumerated nor summarized here. Nor is the content of the testimony of witnesses given here, because it appears in full in the transcript.

**WITNESSES FOR THE UNIVERSITY**

Mr. Marshall introduced the following witnesses who gave their testimony (and were cross-examined) during the hours indicated:

Dr. Coleman R. Griffith, Professor of Education and Provost: from 10:10 a.m. to 12:55 p.m. and from 2 p.m. to 3:15 p.m.

Dr. Robert D. Carmichael, Professor of Mathematics and Dean of the Graduate School: from 3:15 p.m. to 4:10 p.m.

Dr. Albert J. Harno, Professor of Law, Dean of the College of Law, and Legal Counsel: from 4:20 p.m. to 5:10 p.m.

Dr. Arthur Cutts Willard, President of the University: from 5:10 p.m. to 6:45 p.m. and from 8 p.m. to 8:25 p.m.

<sup>1</sup> The opening statements for the University and for Dean Benner are quoted verbatim from pages 3-21, inclusive, of the stenographic transcript of the hearing prepared by Mr. Copple, as corrected (see appendix, following page 615).

## WITNESSES FOR DEAN BENNER

Judge Johnson introduced the following witnesses:

Dr. Thomas E. Benner, Professor of Education and Dean of the College of Education: from 8:25 p.m. to 11:15 p.m.

Dean Benner's testimony was interrupted for a short time during the evening, to permit the introduction of four representatives of the Association of Advanced Degree Graduate Students in the University of Illinois: John C. Roberts, Kansas, Illinois; Marshall J. Scott, Fisher, Illinois; Jeff T. Kelley, Panama City, Florida; Howard W. Hightower, Effingham, Illinois.

Mr. Roberts acted as spokesman, and testified under oath.

At 11:15 p.m. the Board adjourned, to meet at 9:30 a.m. on the following day.

## ADJOURNED SESSION, JULY 26, 1945

When the hearing of Dean Thomas E. Benner was resumed at 9:30 a.m. on Thursday, July 26, 1945, the same members and officers were present as at the time of adjournment the night before, and all remained throughout the day.

## DEAN BENNER CONTINUES

The testimony and cross-examination of Dean Benner continued until 12:30 p.m. At the conclusion, Dean Benner, in response to direct questions by President Livingston, stated (1) that he had introduced all the witnesses and evidence that he desired, (2) that he felt that he had a full and fair hearing, and (3) that he had said that he was glad the hearing was conducted in executive session. He said that he had made the latter statement in consideration of the opinion of Mr. Ralph E. Himstead of the Association of American University Professors that the hearing should be in closed session.

## PROVOST GRIFFITH RECALLED

Mr. Marshall recalled Provost Coleman R. Griffith to the stand to testify on statements made by Dean Benner while the latter was on the stand.

## CONCLUDING STATEMENTS

It was agreed that all exhibits introduced should be considered part of the record. Mr. Marshall asked for ten minutes, and Judge Johnson for from twenty-five to forty minutes, to make their concluding statements.

Following the arguments, at 3:30 p.m. the Board resolved itself into a Committee of the Whole, all non-members being excused. At 5:30 p.m., the Committee rose, and having recalled all officers and parties to the room, announced in open session that it had taken action on Dean Benner's reappointment. The following record and resolution was read by the Secretary.

**RESOLUTION—DEAN THOMAS E. BENNER**

After full discussion, and on motion of Mr. Fornof, the following resolution was adopted by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer. The Secretary called Dr. Meyer on long distance, read the resolution to him, and received permission to record his vote in the affirmative.

*Whereas*, the Board has heard more than 100,000 words of testimony and seen 103 exhibits presented in the case for and against the retention of Dr. Thomas E. Benner, as Dean of the College of Education, and

*Whereas*, all these conflicting claims seem to the Board to resolve themselves in one single issue;

To wit, is it to the best interests of the University to retain Dr. Benner as Dean of the College of Education and can he hope to function satisfactorily and effectively in the office of Dean in view of the intense and fundamental clashes of personalities extending over so long a period of time between Dean Benner and the Deans and Directors necessarily associated with him in joint University-wide undertakings; and

*Whereas*, from the evidence presented to the Board and the conduct of the hearings, it appears to the Board that these differences are not likely to be resolved but that an atmosphere of conflict and dispute which will not be redound to the interests of the University would be perpetuated by the retention of Dr. Benner as Dean of the College of Education, and

*Whereas*, the Board feels that the best interests of the University are paramount to the interests of one man and that no one man is indispensable in the work of the University, and

*Whereas*, under the statutes of the University the terms of appointment of all Deans and Administrative Officers are for definite periods of time and do not carry the right of renewal; and

*Whereas*, the term of appointment of Dr. Thomas E. Benner, as Dean of the College of Education, ends on August 31, 1945; and

*Whereas*, it has been the rule and policy of the Board for fifty years to make no appointments to the University Staff except on the recommendation of its chief executive agent, the President of the University; and such recommendation in this case is not forthcoming; and

*Whereas*, the Board is desirous in all things to uphold the authority and responsibility of the President of the University, therefore

*Be it resolved*, that the recommendation of President Willard that Dr. Thomas E. Benner be not reappointed as Dean of the College of Education is hereby accepted and confirmed without prejudice to his status as Professor of Education on indefinite tenure. And

*Be it further resolved*, that the testimony and proceedings be written up and together with all its exhibits be filed with the Secretary, and may be examined at any time by any Trustee or by Dr. Benner or his attorney and as the Board, by subsequent resolution, shall direct.

H. E. CUNNINGHAM  
Secretary

**MATTERS PRESENTED BY PRESIDENT WILLARD**

During the recess for luncheon on Wednesday, July 25, the Board considered one matter, and just previous to the recess for luncheon on Thursday, three matters presented by the President of the University. The Comptroller was present during the consideration of these matters.

**REMOVAL OF HANGAR FROM GRADY, ARKANSAS, TO UNIVERSITY OF ILLINOIS AIRPORT**

(1) By authority of the Board of Trustees, the University of Illinois has purchased from the Defense Plant Corporation a hangar at Matthews Field near

Grady, Arkansas. The Board has appropriated the necessary funds for the purchase of this hangar and for dismantling, shipping, and erecting it on the University of Illinois Airport.

Bids have been secured from reliable contractors for dismantling and loading the hangar at Grady, Arkansas, and erecting it on the University of Illinois Airport. The low bidder is the John Felmley Company, Bloomington, Illinois, whose bids are as follows:

Dismantling and loading hangar, f.o.b. cars, Grady, Arkansas (freight charges to be paid by the University of Illinois).....	\$ 9 900
Construction of hangar, including all necessary concrete work, on University of Illinois Airport.....	\$57 500

This bid is subject to a reduction of \$800 by the acceptance of a seven-inch reinforced concrete floor, if wire reinforcing mesh is obtainable by the contractor, instead of a nine-inch concrete floor not reinforced. The University has accepted this alternate. The combined bid is \$66,200-\$67,000.

After consulting the members of the Executive Committee of the Board of Trustees, the President of the University accepted this bid but authorized the contractor to proceed immediately with the job. I recommend approval of this award and also that the officers of the Board be authorized to execute contracts for this job.

The bids are within the engineering estimates of the cost of this work and within the appropriations made by the Board of Trustees for this project.

On motion of Dr. Meyer, this action of the President of the University in authorizing this award was approved and confirmed, and the officers of the Board were authorized to execute the necessary contracts.

#### ADMISSION OF NONRESIDENT WOMEN STUDENTS

(2) At the meeting of the Board of Trustees on June 30 (Minutes, page 508), I recommended that the Board authorize a policy of restricting admission of undergraduate women students by not admitting nonresidents of Illinois, with certain exceptions, after July 1, 1945, because of the shortage of housing facilities. The Board referred this to the Executive Committee for final action.

Since that meeting the housing situation has changed materially and is becoming increasingly more serious. The vacancies in housing facilities for women students still available as of July 1, 1945, have since been taken, and the "deficit" in housing is increasing. That is to say, the Registrar is receiving more applications from women students for admission to the University than the Student Housing Division can find rooms in houses which meet University standards. It may be necessary to adopt even greater restrictions on the admission of women students than originally proposed by the Student Housing Division, but at the present time I recommend only the adoption of the previous recommendation modified to read as follows:

Because of a housing shortage for women, it is recommended that non-State women who have never previously attended the University shall not be admitted as undergraduates at Urbana for the first semester of the academic year 1945-1946, unless: (1) permits to enter have been issued for them by the Registrar's Office prior to July 1, 1945, (2) at least one of their parents is an alumnus of the University, (3) they plan to live with relatives in Urbana-Champaign who do not regularly rent rooms to students, or (4) such applicants have been awarded scholarships or fellowships by recognized agencies to aid them in securing a higher education.

The Provost commented on this matter.

On motion of Mr. Williamson, the recommendation was adopted.

On motion of Mr. McLaughlin, the proper officers of the University were authorized to negotiate for the use of housing facilities, subject to the approval of the Board.

**CURRICULUM IN MEDICAL TECHNOLOGY**

(3) The University Senate recommends the establishment of a curriculum in Medical Technology leading to the degree of Bachelor of Science in Medical Technology, to be offered in the College of Medicine.

The program of instruction will cover twelve full months and will include routine clinical laboratory procedures, hematology, bacteriology, parasitology, serology, basal metabolism, blood and urine chemistry, and tissue technic; classroom and laboratory instruction in biological chemistry, bacteriology, and clinical pathology; and special lectures and conferences.

Requirements for admission to the course will be graduation with a bachelor's degree from a recognized college or university, including eight semester hours of work in biology (of which at least four must be in zoology), at least eight hours of general inorganic chemistry (including four hours of laboratory work), at least four hours of organic chemistry (including laboratory), and three hours of quantitative analysis. Physics and biology are highly recommended as desirable courses. For the present, because of limitations of laboratory facilities, registration is to be restricted to eight students per year, and preference will be given to residents of the State of Illinois.

The curriculum is set up in response to requests from the American Society of Clinical Pathologists and is based on their recommendations. It is designed to regularize the training of laboratory technicians.

The following schedule of fees is recommended by the Executive Dean of the Chicago Colleges:

	<i>First Quarter</i>	<i>Second Quarter</i>	<i>Third Quarter</i>	<i>Fourth Quarter</i>
Matriculation fee (new students).....	\$10 00	.....	.....	.....
Tuition, laboratory, and building service fees (tuition, \$18; laboratory fee, \$10; building service fee, \$12).....	40 00	\$40 00	\$40 00	\$40 00
Union Building service charge.....	3 50	3 50	3 50	3 50
Graduation fee.....	.....	.....	.....	10 00
<i>Total</i> .....	\$53 50	\$43 50	\$43 50	\$53 50

I recommend approval of this program.

On motion of Mr. Fornof, this program was approved, and fees were authorized as recommended.

**CONTRACTS FOR COAL, URBANA DEPARTMENTS, 1945-1946**

(4) Requests for quotations on 30,000 tons of screenings coal on uniform specifications supplied were sent to all mines located in the Danville and central Illinois fields. Classified advertisements were placed in the metropolitan papers, and bids were opened July 16, 1945.

No quotations were received for coal to be supplied according to specifications.

The Earl Green Trucking Company, Wilmington, Illinois, offered to supply coal at a delivered price of \$6.50 a ton.

Taylor-English Coal Company offered 15,000-17,000 tons 1½"-2" screenings, Danville District, at \$2.397 a ton f.o.b. mine; contract to provide for adjustments up or down in accordance with State or Federal regulations and ceiling prices, and an addition of a State tax of 4¢ a ton after September 1, 1945, provided by H.B. 210 which was passed by both houses of the Legislature but has not been acted on by the Governor. Freight is 60¢ a ton, making a delivered price of \$2.997 a ton.

The Purchasing Agent, the Director of the Physical Plant Department, and the Comptroller recommend that the contract be placed with the Taylor-English Coal Company as above described, subject to the approval of the Governor as required by the State Constitution.

I concur and recommend approval.

The Comptroller presented this matter.

On motion of Mr. Nickell, the contract was authorized as recommended.

## GRADUATE SCHOLARS AND FELLOWS

The Secretary presented for record the following list of graduate scholars and fellows appointed by the President of the University on July 19, 1945, each for eight months beginning October 1, 1945.

## MEETING OF THE EXECUTIVE COMMITTEE

JULY 30, 1945

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at noon on Monday, July 30, 1945. Present, Mr. Park Livingston, Chairman, and Mr. Chester R. Davis and Dr. Karl A. Meyer, members of the Committee; also Dr. Arthur Cutts Willard, President of the University, Professor James J. Doland, Supervising Engineer of the University of Illinois Airport, and Mr. H. E. Cunningham, Secretary.

### MATTERS PRESENTED BY PRESIDENT WILLARD

The Executive Committee considered the following matters presented by the President of the University.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(1) The Committee on Special Appropriations and Nonrecurring Expenditures recommends assignments from the General Reserve Fund for the following purposes:

Agricultural Engineering Building improvements.....	\$18 200
Minor building improvements.....	15 000
Electronic equipment for Electrical Engineering Department.....	5 200
<i>Total</i> .....	<i>\$38 400</i>

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Dr. Meyer.

#### CONTRACTS FOR CAPITAL EXPENDITURES IN CHICAGO

(2) Bids were secured by the Physical Plant Department on various remodeling jobs in the Chicago Colleges. Funds to pay for these improvements are available in the appropriation for capital additions made by the Board of Trustees on November 30, 1944. These projects and the bids are as follows:

##### PROJECTS

Partition changes, Office of Nonacademic Personnel  
Changes in Pharmacology Laboratory  
Changes in Animal Hospital  
Changes, 3rd Floor, Union Building  
Heating Animal Rooms  
Changes in Room 451, General Hospital

**BIDS RECEIVED**

Mueller Construction Company.....	\$39 100
Sill Construction Company.....	41 275
Simpson Construction Company.....	32 858

The Department and the Comptroller recommend the award of a contract to the Simpson Construction Company for this work and authority to the Comptroller and Secretary of the Board to execute the necessary contracts.

Another item in this program is architectural studies necessary for improvement and safety of the buildings in the Chicago Departments in accordance with the recommendations by the State and City Fire Marshals. The Physical Plant Department recommended a contract with Holabird and Root, architects, for architectural services at cost-plus percentage, the total not to exceed \$15,000.

I concur in the recommendations for the award of these contracts.

On motion of Mr. Davis, these recommendations were approved and contracts authorized as recommended.

**APPOINTMENT OF HAROLD S. DAWSON AS DIRECTOR OF  
CHICAGO PLACEMENT BUREAU**

(3) The Dean of Students recommends the appointment of Lieutenant Harold S. Dawson, USNR, as Director of the Chicago Office of the University Placement Bureau, established by the Board of Trustees, at a salary of \$7,000 a year. Lieutenant Dawson is Assistant Dean of the College of Liberal Arts and Sciences, on leave of absence for service in the Navy. There is reason to believe that if Lieutenant Dawson is appointed to this position he will be released from the United States Navy.

I concur in this recommendation.

On motion of Dr. Meyer, this recommendation was approved, subject to the approval of the advisory group.

**EMPLOYMENT OF COUNSEL FOR BOND ISSUE FOR  
CONSTRUCTION OF RESIDENCE HALLS**

(4) The 64th General Assembly has passed an act, which has been approved by the Governor, authorizing the Board of Trustees to issue revenue bonds for the construction of residence halls. It is desirable to proceed as promptly as possible in this program of construction and to take the fullest possible advantage of all authority given the Board. There will be a great deal of legal and other work involved in connection with such bond issues and it is essential that all proceedings and documents be in such form that they will be acceptable to investment bankers and their counsel.

This involves highly specialized work in which the firm of Chapman and Cutler of Chicago is most expert. In fact, bonds of this kind issued in this territory can usually be sold only with the approval of that firm. Dean Albert J. Harno, Legal Counsel for the University, recommends the employment of Chapman and Cutler to advise and assist the University in all matters relating to the issuance of bonds for the construction of residence halls.

I concur.

On motion of Mr. Davis, this recommendation was adopted.

**CONSTRUCTION OF RESIDENCE HALL FACILITIES**

(5) The University of Illinois section in the Act of the 64th General Assembly of Illinois making appropriations for a state-wide system of public works includes an item of \$1,500,000 "for construction of students' residence halls and equipment." The General Assembly has also passed an act, which has been approved by the Governor, authorizing the Board of Trustees of the University of Illinois to issue bonds to finance the construction of student residence halls.

The Director of the Physical Plant Department recommends that:

1. Immediate construction be planned for those facilities which can be built within the State appropriation of \$1,500,000. It is estimated that the following can be constructed within this total:

a. A building of 221 apartments for married students, assuming (1) utility distribution system to be provided from other appropriations; (2) all land costs to be paid from other funds; (3) unit cost of buildings not to exceed 88 cents per cubic foot.

b. A residence hall for 201 women students (assuming a building cost not to exceed 85 cents per cubic foot).

2. As soon as these contracts have been let for the building and furnishings, and the costs of such construction are determined, steps be taken to secure such additional funds through borrowing as construction costs and net income available for amortization indicate to be possible.

3. When such additional funds are secured, contracts be let for the additional units which such funds make possible.

I concur in these recommendations.

On motion of Mr. Davis, these recommendations were approved.

#### **EMPLOYMENT OF ALVORD, BURDICK, AND HOWSON FOR ENGINEERING SERVICES ON WATER STATION AND SEWERAGE IMPROVEMENTS PROJECTS**

(6) At its meeting on June 30, 1945 (Minutes, page 507), the Board of Trustees authorized the employment of architectural firms for designing and preparing plans for buildings and other improvements in the University's new building program. At that time the Physical Plant Department did not have a proposal from the firm of Alvord, Burdick, and Howson, Engineers, Chicago, for engineering services on water station and sewerage improvements. The Director of the Department now recommends employment of this firm in the preparation of plans and specifications and the supervision of construction work on the water station and sewerage improvements projects. In accordance with that firm's proposal, dated July 5, 1945, a copy of which is hereby given to the Secretary of the Board for record, the contract with this firm, if approved, will provide for the payment of a fee of six per cent of the cost of the work, as measured by contracts let for its construction, for all services.

I recommend employment of this firm subject to the release of the state appropriations for the water station and sewerage improvements projects.

On motion of Mr. Davis, this contract was authorized as recommended.

#### **RECOMMENDATIONS RELATING TO PATENTABLE DISCOVERIES**

(7) In the course of research work on a military problem under a contract with the Army Air Forces, Professors D. G. Bennett and C. M. Andrews of the Department of Ceramic Engineering have developed a ceramic paint which was reported to the Board on June 30, 1945 (Minutes, page 504). The Board authorized application for a patent if in the judgment of patent counsel for the University this is advisable. Patent counsel is of the opinion that it will be difficult to secure a patent sufficiently broad to have commercial value. In view of this the Department of Ceramic Engineering and the Faculty Committee on Patents are recommending that the discovery be released to the Army Air Forces.

I concur.

On motion of Mr. Davis, this discovery was released as recommended.

#### **APPROPRIATION FOR IMPROVEMENT OF GREEN STREET**

(8) The Committee on Buildings and Grounds has had under consideration the repaving of Green Street between Wright Street and Mathews Avenue. Two plans have been proposed by the Physical Plant Department, viz.:

1. The construction of a four-lane pavement separated by safety islands, designed by Professor C. C. Wiley of the Department of Civil Engineering; estimated cost, \$50,000.

2. Black top surfacing over the present brick pavement, a temporary improvement until funds are available for complete reconstruction of the street; estimated cost, \$7,000.

I have been unwilling to recommend the first plan, involving an expenditure of \$50,000 and the removal of more than 40 trees, and so advised the Committee on Buildings and Grounds.

At the meeting of the Board of Trustees on July 26, Chairman Frank H. McKelvey informed me that he had canvassed this matter with the members of his Committee and they concur in my recommendation. I, therefore, recommend that the Executive Committee authorize the black top resurfacing improvement and that an appropriation of \$7,000 be made from the General Reserve Fund for this purpose.

On motion of Mr. Davis, this improvement was authorized, and the appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Dr. Meyer.

#### CONCRETE APRONS FOR AIRPORT

(9) The Supervising Engineer of the airport, Professor J. J. Doland, requests the assignment of \$20,000 for the construction of additional aprons to connect the hangar to the existing taxiways. Professor Doland recommends that this construction be done as an extension of the contract of John Felmley Company, if it can be arranged at a satisfactory price.

I concur in these recommendations.

On motion of Mr. Davis, these arrangements were authorized; the funds to be taken from the appropriation of \$125,000 already provided for the hangar.

#### LICENSING OF PATENTS

(10) The present standard form of "Agreement for Cooperative Investigation" used for research investigations sponsored by private industries and other agencies includes the following provisions relating to patentable discoveries, which are in accordance with the present policy and regulations of the Board of Trustees governing such matters:

"(7) It is agreed that all results of experimental work, including patentable discoveries, carried on under the direction of the scientific staff of the University, belong to the University and to the public and shall be used and controlled so as to produce the greatest benefits to the public.

"It is agreed that if patentable discoveries grow out of the investigation and such discoveries have commercial value, the Sponsor, upon payment of the entire cost of securing a patent, shall be given free use of the patent as a non-exclusive licensee, it being agreed that other licensees shall pay the University a royalty which in the opinion of the University is fair to the Sponsor and to the public.

"The Sponsor shall notify the University in writing whether it will pay the costs of filing an application and procuring a patent on any discoveries which may be patentable within sixty (60) days from the date when the University gives the Sponsor notice of any such discovery. In case the Sponsor does not wish to assume the expense of securing a patent, the University may, in its discretion, do so, and the Sponsor shall be given a non-exclusive license on substantially similar terms as other licensees."

The Monsanto Chemical Company of St. Louis has been contributing funds to the University for research work on insecticides, a joint project of the Agricultural Experiment Station and the State Natural History Survey Division. These funds have been granted in the past without any other restriction than that they shall be used for research in the field indicated. It is now proposed to formalize this arrangement by an agreement covering an investigation to be described as "General evaluation of chemicals and compositions of matter for insecticidal properties." The Monsanto Chemical Company has requested that the provisions relating to patentable discoveries, quoted above, be in this case modified to read as follows:

"(7) It is agreed that the results, including patentable discoveries, that grow out of the investigation and are made by an employee of the University,

shall belong to the University. The University agrees, as to patentable discoveries, that it will, on the request of the Sponsor and on the Sponsor's paying the cost of securing the patent, grant said Sponsor a royalty-free, exclusive license to the use of these discoveries for a period of five years following the issuance of the patent, and thereafter the license to the Sponsor shall be royalty-free and non-exclusive.

"If the Sponsor shall fail to indicate in writing its readiness to pay the cost of procurement of a patent by the University within sixty (60) days after notice of a discovery has been given to said Sponsor by the University, then said Sponsor shall be entitled only to a non-exclusive license on terms substantially similar to those accorded other licensees to whom licenses may be granted by the University."

I recommend that (1) the Board authorize the execution of an agreement with the Monsanto Chemical Company modified as indicated above; and (2) the Board Committee on Patents be instructed to consider this proposal as a general question, namely, as an alternate provision in all agreements covering research investigations when the sponsor requests the same.

The President of the University was requested to get further information on this matter and to refer it to the Committee on Patents and to the full Board.

#### DEDICATION OF AIRPORT

The Executive Committee discussed with President Willard and Professor Doland the organization for the dedication of the University of Illinois Airport on Friday, October 26, 1945.

President Livingston appointed Mr. Davis as chairman of the General Committee on Arrangements, with Professor J. J. Doland as a member and the Secretary of the Board as Secretary of the Committee, with authority to form a committee and to appoint the necessary subcommittees, the chairmen of which should be members of the General Committee.

The Executive Committee adjourned.

## APPENDIX TO MINUTES OF JULY 25-26, 1945

## OPENING STATEMENTS IN HEARING OF DEAN BENNER

The following opening statements for the University and for Dean Benner are quoted verbatim from pages 3-21, inclusive, of the stenographic transcript of the hearing prepared by Mr. Copple, as corrected.

## OPENING STATEMENT FOR THE UNIVERSITY BY MR. MARSHALL

As attorney in this matter for the University of Illinois, by selection of the Board of Trustees, I wish to state that Judge Johnson, representing Dean Benner, and I have met twice discussing procedure which we would recommend to the Board of Trustees, and subject to your approval we have agreed to recommend that the witnesses all be sworn and that the hearing proceed much as a judicial hearing, with a brief opening statement by me and a brief opening statement by Judge Johnson, if he sees fit here after I have made mine or when he starts his part of the evidence.

In the introduction of witnesses we will endeavor to keep within the legitimate limits of the issue presented to the Board, and if we do not succeed the Board of course will control. We both agree that it would be unwise under all circumstances to attempt to apply strictly the rules of evidence and we both think considerable liberality should be indulged in that respect, and I rather imagine that Judge Johnson and I will be able to agree as between ourselves so that there won't be objections. If there should be objections upon which we don't agree, of course the Board will have to pass upon them, by the President, on such advice as he wishes to take.

Neither one of us is able to give any absolute assurance as to the length of the hearing. We will proceed as expeditiously as we can and we hope the members of the Board will be patient and bear up as well as they can in this heat. It is going to be pretty hard for all of us. We will make an honest effort to finish today, with an evening session. If we can't I would assume that the Board would indulge us by going over a few hours tomorrow morning. We hope that won't be necessary but if it is, in order to enable each of us to present what we think ought to be presented, we hope that the Board will be indulgent in that respect. I have made every effort to facilitate the presentation of evidence here expeditiously.

Now, any of our arrangements as to procedure of course are subject to the control of this Board. The statutes of the University, in Section 8-A provides that:

"The Dean shall be the chief executive officer of the College and he shall be responsible to the President for its administration.

"(b) He shall be elected biennially by the Board of Trustees by nomination of the President. On the occasion of each such election the President shall have the advice of the Executive Committee of the faculty concerned."

I have here and will introduce in evidence at the proper time the contract between the University and Dean Benner, which is in substantially the same form upon each renewal as to the appointment of the Dean. The last one, dated September 1, 1943, reads:

"Dear Sir: The Board of Trustees of the University of Illinois has appointed you to the following position in the University: Professor of Education on indefinite tenure and Dean of the College of Education for two years beginning September 1, 1943, at a salary of \$8,250 a year."

The next to the last paragraph of this printed form of contract reads:

"It is expressly understood and is accepted as a condition to this appointment that no right of continuance is established by the contract or by its fulfillment unless the appointment is of indefinite tenure, either by express statement or under the statutes of the University."

As to the issue before the Board in this case, President Willard in his recommendation to the Board has made no point as to the tenure of Dean Benner as Professor; that is not challenged, so that whatever the outcome of this hearing Dean Benner would remain as Professor.

The issue, as I see it, is presented by the communication by President

Willard, which we will prove, which I will read to you as a preliminary statement. On July 19, 1944, the Secretary wrote to Dean Benner as follows:

"At a meeting of the Board of Trustees of the University of Illinois, in executive session, on July 18th, the President of the University presented the following statement:

"Under the statutes of the University Deans and Directors are appointed for a term of two years, usually coinciding with the biennium. This term appointment in no way affects the tenure of such officers as professors. It limits, however, their tenure as administrators to a period of two years.

"In connection with the submission of the University budget for 1944-1945, I wish to advise the Board that I have informed Dean Thomas E. Benner of the College of Education that he will not be recommended for reappointment as Dean of the College at the expiration of his present two-year term as Dean. This action will not affect his tenure as Professor of Education.

"I am bringing this matter to the attention of the Board of Trustees now, since Dean Benner's name is carried in the budget for the second year of this biennium without any change in his status and in accordance with his present contract, but I shall recommend that his status be changed on September 1, 1945, in accordance with the action proposed above.

"This is submitted as a matter of record in connection with the 1944-1945 budget and for the information of the Board.

"Some of the Trustees who had previously been interrogated by representatives of the press about this matter asked the President to repeat the above statement in an open meeting of the Board in which newspaper reporters were present, and this was done."

That constituted a year's notice by President Willard to Dean Benner that President Willard would not recommend him as Dean of the College of Education after the expiration of his contract, on September 1, 1945.

It also made a formal record upon the minutes of this Board that such recommendation, negative recommendation, was pending before the Board of Trustees. That recommendation still stands and was confirmed a week or ten days ago by President Willard, who wrote to the Board another letter, in which he said that that negative recommendation still stood.

Now, Dean Benner requested a hearing before the Board of Trustees and that hearing was granted by the Board and is now about to start. The issue upon this hearing is whether or not this Board will accept or reject that recommendation by President Willard that Dean Benner be not continued as Dean of the College of Education after the expiration of his present two-year term as Dean. It does not affect his tenure as Professor. The sole issue is whether Dean Benner is to be reappointed Dean of the College of Education, or, rather, whether the recommendation that he be not appointed, be accepted or rejected.

Now, in any hearing upon this issue it is my conception that the Board of Trustees will examine the merits of President Willard's recommendation. After examining the merits of the recommendation I assume that the Board will see fit to determine whether it will be accepted or rejected. If the recommendation should be accepted, then in normal course President Willard, when he makes his recommendations for all Deans for the next biennium, would make a recommendation for a new Dean of the Department of the College of Education or for an acting Dean. If the recommendation is rejected then that would not result.

Now, I assume here that the issue is whether or not that recommendation of President Willard that Dean Benner not be reappointed Dean of the College of Education is arbitrary, without foundation, not in the interests of the University, or whether on the contrary that recommendation does have foundation, is not arbitrary, and is justified in the interests of the University.

I make that statement rather carefully, of what I understand the issue to be and what I will direct my evidence toward, partly for the reason that there has been so much publicity about a letter of June 3, 1944, which was signed by nine Deans, and which reads as follows—it will be introduced in evidence (this was directed)—addressed to the President:

"We wish to bring to your attention an observation which in time has given rise to a firm conviction that the College of Education lacks effective leader-

ship. A want of confidence in Dean Benner as head of that College has been apparent since an early period in his administration and has steadily increased, both on and off the campus, especially in recent years.

"It is our judgment that the College of Education can not develop satisfactory relations with the secondary schools of the State nor effective programs in teaching and research here at the University under his direction. We believe that he should not be continued as Dean of the College beyond the expiration of the present term of his appointment.

"We are making this statement as members of the University staff, each of whom has official obligations with respect to one or more of the important problems now confronting the administration of the College of Education."

That letter, which will be introduced in evidence, bore the signature of nine Deans. Dean Benner and his counsel have referred to this letter as constituting charges against Dean Benner, and there was an early characterization in one of the letters by the President referring to this letter or, rather, accepting Dean Benner's characterization of the letter as charges.

I do not think, myself, that is accurate. A more accurate characterization of the letter would appear to be that it places in writing, and was really expected to be confidential, the deliberations between the President and the principal executive officers of the University, the ones who have the principal contacts with Dean Benner, of their judgment about Dean Benner. The issue does not relate to June 3, 1944, it relates to July 25, 1945. The letter will be introduced in evidence. It has never been before the Board before but it does not seem to me to constitute charges.

Now, inasmuch as these Deans are the ones who were principally in contact with Dean Benner in his administrative duties, a number of them will be presented to you to testify. I will present a few of them, and Judge Johnson has asked that they all be available. For my purposes the calling of a few will suffice.

My reason for introducing evidence here is merely to indicate to the Board and to have before the Board at the outset some of the basic reasons why President Willard saw fit to make the recommendation which is now pending before this Board, that Dean Benner be not continued after the expiration of his contract, on September 1, 1945.

#### OPENING STATEMENT FOR DEAN BENNER BY MR. JOHNSON

MR. JOHNSON: Members of the Board: I think I would like to state our viewpoint on what the real issue here is. I don't know whether Mr. Marshall and I are just engaging in a bit of semantic exercise here, but maybe it is largely a matter of words, I think perhaps it comes down to the same thing, but I would like to state my interpretation of what the issue is before this Board. I think it is a little bit wider and little bit larger than stated by Mr. Marshall, although he states it in essence.

And I want to say at the outset, just in case we get into arguments, as lawyers sometimes do, that it has been a great pleasure to work with Mr. Marshall in making these arrangements in so far as I have been given an opportunity to express my opinion about the arrangements for this hearing. I was not sure that I could trust myself to state the issue without putting it on the record and I think I will therefore, to make sure that I say this the way I want to say it, follow pretty closely a statement that I had here, a copy of which I will hand you, Mr. Marshall, later, and I think I have enough copies to be passed around for each individual member of the Board.

Now, first of all we endeavor on the characterization of the—

PRESIDENT LIVINGSTON: The record might show that another Trustee, Mr. Walter McLaughlin, just entered the meeting.

MR. JOHNSON: I might repeat, so that the member who just arrived may know what I am driving at, that I am undertaking, Mr. McLaughlin, to state our theory of the issue before the Board. Mr. Marshall has just finished stating his conception of it.

First of all, I disagree somewhat with the statement of counsel that there are no charges before the Board and that no charges were made against Dean Benner and that the issue is simply whether a recommendation is to be approved. Now, that may be stating it a little too baldly, but that is approximately what it comes to, I think. I do not intentionally mean to misstate counsel's position but

is that approximately your position, that there are no charges but the question before the Board is the recommendation to the Board that Dean Benner be not approved?

MR. MARSHALL: The way I thought I expressed it, the issue was whether the recommendation of the President was arbitrary and without foundation in the interests of the University of Illinois or whether it is not. I will grant we are talking to some extent semantics on our differences.

MR. JOHNSON: That isn't quite the question I raised. I thought you said you did not regard that any charges had been made.

MR. MARSHALL: That is true.

MR. JOHNSON: That is the point I wanted to get. I do, and I think the record clearly shows—and we expect to establish that to the satisfaction of this Board—that the record shows that charges in writing were made and that upon these charges the recommendation is based, and upon the validity of these charges, among other things, will turn the decision of this Board, whether to approve or to reject the recommendation.

Now I want to call the attention of the Board just in passing to another statute, Section 26 of the University statutes, and after all they are just the rules of the Board anyhow, but I want to call attention to them in view of Mr. Marshall's calling attention to the statute governing the appointment. That statute explains the reason why we are here and why we asked for a hearing.

"Every appointment must be made on the merit basis."

Now, that is stating a very fundamental principle in very few and wholly unmistakable terms. That is why we are here: "Every appointment must be made on the merit principle." Therefore the fundamental question before the Board naturally is, as Mr. Marshall said, this Board may have the power to be arbitrary but it is not supposed to act arbitrarily. So we are confident of the fundamental purpose of this Board to act in all matters involving the University upon the merits and upon the evidence bearing upon the merits; we asked for a hearing and we are here for that purpose.

Now, in this statement I just recite some preliminary matters leading up to the granting of the hearing on the 30th of June, this year. That is one of the reasons for our being here.

The other reason and in my view by far the more important from the standpoint of the University is the method by which the President of the University and his collaborators chose in their joint enterprise to destroy Dean Benner as Dean of the College of Education. This method and this procedure are before you for approval or rejection. From this there seems to me to be no escape. Now, you understand I am presenting our theory on this case: "This method and this procedure are before you for approval upon the facts which we propose to lay before you."

Your action in this case can not hurt Dean Benner professionally, for his professional character is established in this country beyond the power of this University to damage or destroy, even if it were inclined to do so, which of course I do not charge. That we shall establish by competent and unbiased testimony. You can hurt him by forcing him out of his position only because his age is such that normally younger men are sought for important administrative positions.

The real victim, the truly injured party, in our view, should you approve the procedure in this case, and approval would necessarily be implied in Dean Benner's demotion, is the University of Illinois itself, whose welfare you hold in sacred trust, a trust that must come before every consideration of personal feeling or personal opinion, always, in all cases and in all circumstances.

We shall prove, by what we think is convincing testimony, that the methods pursued by President Willard and his collaborators in this case are widely at variance with the University's accepted standard methods of procedure, and if the methods be approved by this Board the result will be that Illinois will become even more than it is now a blighted area, to be avoided by men and women of talent or promise, should you put the stamp of approval upon this attack upon one of your Deans. And I would have stood here and said exactly the same thing, no matter who that Dean might have been. It just happens that it is Dean Benner.

Should you put the stamp of your approval upon this attack on one of your

Deans whose tenure is biennially put at the mercy of an administration which for any reason or no reason thinks it has the power to remove them, incalculable harm will result to the school. No matter what happens in this case, this vicious condition at Illinois should be corrected and your Deans given some semblance of reasonable tenure.

The President of the University, perhaps after he began to realize whither the unusual procedure adopted in this case was leading him and his colleagues, has, through interviews and press statements, steadily tried to ignore, and persuade the public to forget that in July, 1944, he claimed that his action against Dean Benner was based on written charges which he then said were the only charges against the Dean and the only charges which the nine had made against him. With a startling lack of intellectual candor he and others have recently endeavored to have it appear that this is the ordinary case where an instructor or some person on a temporary or term appointment is not recommended for reappointment for another term. He now overlooks the fact that in such cases no charges are made a part of the records of the institution, branding forever the victim and destroying his reputation. The question before this Board now is not whether an ordinary or routine recommendation of the President should be accepted as it ordinarily, of course, would and should be; the ultimate question is whether his recommendation concerning Dean Benner can be approved by this Board without serious injury to the University.

I want to say that again, because I firmly believe that this statement represents the correct position of this Board. The ultimate question is whether his recommendation concerning Dean Benner can be approved by this Board without serious injury to the University. And I pause to interject the statement here that that is the question before this Board ultimately upon every recommendation that the President may make to you for action concerning the University, whether it can be adopted and should be adopted, having in mind the interests of the institution which is in your keeping. This can be answered only by the Board itself, in the circumstances of this case. And for the decision this Board alone will be held responsible by the people of this State and by the men and women in the United States interested in soundness and integrity in educational administration and academic procedures.

To answer this question this Board will have to examine testimony and exhibits with the most conscientious care, with open minds, uncolored by preconceptions of every kind. You sit like a Court to decide whether charges in writing on which the President of the University has repeatedly said he based his action against Dean Benner, and on none others, are true and of sufficient substance to justify a recommendation that a man who has served for fourteen years as Dean should be demoted and incidentally disgraced in the process, because don't let us quibble about anything on this point, you can not demote a man who came here as Dean without disgracing him in the process, even if you leave his tenure as Professor alone, which of course has to be done.

Such is the question before you, for on these charges you granted a request for hearing, and to these charges we propose to address our proof. The burden is not on the man accused to disprove the charges filed against him, the burden is on the men who made them and on your agent, who says that he is acting on them. He has no right to expect you to accept blindly any recommendation, if it be arbitrary and without substantial support in reason. You have no right to act on the opinion of any one unless it be supported by good reasons, for you are the guardians of the public interest. Nevertheless, we propose to offer affirmative proof that these charges are without substance or foundation in fact.

We also propose to prove that approval of the unprecedented procedure here adopted would be nothing less than a crime against the University, which, considering the resources of the State of Illinois, ought to be and can be, under sound and honorable leadership, one of the great universities in the United States.

It is respectfully submitted that the question before the Board can best be and should be stated this way in its ultimate essence: Can the recommendation of the President to demote Dean Benner, when all the circumstances are considered, be approved without grave detriment to the University. Now, we think, members of the Board, that the evidence will show that that can not be done, at least in our view of the evidence.

**August 29, 1945**  
**With Executive Committee Meetings of**  
**August 28 and 29, 1945**

The August meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 9 a.m. on Wednesday, August 29, 1945. When the Board convened, the following members were present: President Livingston, Mrs. Grigsby, Dr. Luken, Mr. McLaughlin, Dr. Meyer.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and Professor C. R. Griffith, Provost.

Since there was no quorum, the Board recessed.

## MEETING OF THE EXECUTIVE COMMITTEE

AUGUST 29, 1945

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the University Club, Chicago, on Wednesday, August 29, 1945, during the recess in the meeting of the Board on the same day. Mr. Park Livingston, Chairman, and Dr. Karl A. Meyer, member of the Committee, were present; also Mrs. Helen M. Grigsby, Dr. Martin G. Luken, and Mr. Walter W. McLaughlin, members of the Board, and President A. C. Willard and the officials named above. The members of the Board and the officials participated in the discussions.

## MATTERS PRESENTED BY PRESIDENT WILLARD

The Executive Committee considered the following matters presented by the President of the University.

## AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded to the following persons who have passed the C.P.A. examination which was given May 16, 17, and 18, 1945:

WILLIAM ROBERT BAKER  
CHAUNCEY MILBURN BEAGLE  
HENRY ALLAN BLAIR  
BART FRED BRIZZOLARA  
FREDERICK ARTHUR CHURCH  
WILLIAM MORRIS ELMER  
HARRY FALKENBERG  
JEROME SHANNON GUSTAFSON  
ARNOLD HANDZEL  
JOHN THOMAS HARVEY  
LEWIS ELLSWORTH HASKINS  
ROBERT IRWIN JONES  
LOUIS LOTTERMAN  
CHARLES EDWARD MASTON

SAM MATANKY  
CLARENCE FRANCIS MCCARTHY  
ELDON STRINGHAM REID  
HOMER ELISHA SAYAD  
JEROME SCHULTZ  
JAMES JOSEPH SCOTT  
JAMES HAL SIMPSON  
DONALD STANLEY SKINGER  
ELBERT MCCLELLAND SMITH  
BRUCE LOCKHART SMYTH  
RICHARD VICTOR SUND  
SHIGEJI TAKEDA  
ERNEST MARTIN WHITTLE

The Committee also recommends that the certificate of Certified Public Accountant be awarded to the following:

1. Candidates who have passed the written examination given by the Special Board of Examiners on June 15, under Section 4 (b) of the Accountancy Act of 1943, and who have met the other qualifications under this section of the Act:

CHARLES MAYER CALLNER  
RAYMOND ALFRED CONWAY  
S. YALE FISCHMAN  
ALFRED THOMAS MACFARLANE

WILLIAM SCHLESINGER  
MILTON TAUBER  
NATHAN E. WALLERSTEIN

2. Candidates who have passed the oral examination given by the Special Board of Examiners and who have met the other requirements specified in Section 4 (b) of the Accountancy Act of 1943:

ORVILLE AHL  
GORDON ROY ESHELMAN

RICHARD FRANCIS KUHN  
JAMES REILLY

3. Candidates recommended for the C.P.A. certificate under Section 5 of the Accountancy Act of 1943. These candidates have presented evidence that they are holders of valid and unrevoked C.P.A. certificates obtained by passing a written examination in some other state, and that they have satisfied the other conditions specified in this Act:

GEORGE SIGARD ANDERSON (Mich.)  
RICHARD SHAW CLAIRE (N. Y.)

MARJORIE VIVIAN GUTHAT (Ohio)  
FRANK HIGGINBOTHAM (Ind.)

FLOYD LEROY HOFFMAN (Ind.)  
ARCHIE B. JONES (Ind. and Wis.)  
PAUL RUSSELL LANGDON (Ohio)  
JOHN E. MAJOR (Ohio)

ALBERT S. MALECKI (Ind.)  
RUDOLPH OTTO SCHLOEMER (Wis.)  
ALEXANDER NORMAN YOUNG (Wis.)

I concur.

On motion of Dr. Meyer, these certificates were awarded as recommended.

#### **APPOINTMENT OF JOHN S. MILLER TO BOARD OF EXAMINERS IN ACCOUNTANCY**

(2) The University Committee on Accountancy recommends the appointment of Mr. John S. Miller, of the firm of Taylor, Miller, Busch, and Boyden, Attorneys, as a member of the Board of Examiners in Accountancy for three years beginning July 1, 1945, to succeed Mr. Andrew J. Dallstream whose term has expired.

I recommend approval.

On motion of Dr. Meyer, this appointment was made as recommended.

#### **LEAVES OF ABSENCE**

(3) A recommendation that the following leaves of absence be granted members of the staff for the reasons and periods and under the conditions indicated in each case, which are in accordance with the regulations of the Board governing such leaves:

W. E. CARROLL, Professor of Swine Husbandry and Head of the Department of Animal Husbandry, leave without pay beginning August 1, 1945, and continuing until August 1, 1946 (provided leave may be terminated earlier if he is released), so that he may serve in establishing and supervising the educational work in Animal Husbandry and Dairying at one of the two United States Army University Study Centers abroad.

MARY C. WHITLOCK, Assistant Professor of Home Economics, leave without pay for one year from September 1, 1945, for government service.

S. H. BIRDZELL, Teacher in the University High School, leave without pay, for military service, for ten months beginning September 1, 1945. (Army)

On motion of Dr. Meyer, these leaves were granted as recommended.

#### **LEAVE OF ABSENCE FOR PROFESSOR ROGER ADAMS**

(4) Since September 17, 1942, Professor Roger Adams has been on leave of absence as Head of the Department of Chemistry, with pay, for services as a member of the National Defense Research Committee and Chairman of one of the Divisions. Members of the Committee receive no compensation from the Federal Government for their services. The leave authorized by the Board of Trustees is "until further notice," but it is advisable to review such cases periodically.

I recommend that Professor Adams be continued on leave as Head of the Department of Chemistry, with pay, for as much of the academic year beginning September 1, 1945, as may be necessary, and have included this provision in the budget for next year. I further recommend that Professor William C. Rose be continued as Acting Head of the Department during that period.

The University has not been without the services of Professor Adams altogether, for he has continued to supervise the training of graduate students in research and has been directing scientific investigations of his own.

On motion of Dr. Meyer, these recommendations were adopted.

#### **LEAVE OF ABSENCE FOR DR. MAURY MASSLER**

(5) The Board of Trustees on January 20, 1945, granted Dr. Isaac Schour, Professor and Head of the Department of Histology in the College of Dentistry, six months' leave with full pay for services to the Italian Medical Nutrition Mission in a Medical Nutrition Survey sponsored by the United Nations Relief

and Rehabilitation Administration. A number of medical and dental schools were asked to contribute the services of members of their staffs on this Mission.

When the Italian Medical Nutrition Mission was set up it was planned to devote a full calendar year to this Survey, but many of the men selected for the Mission were not able to get away from their duties for that length of time, which was so in the case of Doctor Schour. When the personnel was selected it was divided into two parts, one of which was to institute the work and devote about six months to it and then be relieved by the second group. This plan has been authorized by other universities concerned.

Doctor Schour left the University on May 8 and will return to his teaching duties on October 1, 1945. The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy and the Acting Dean of the College of Dentistry recommended that Dr. Maury Massler, Assistant Professor of Histology, be given a leave of absence on full pay from September 1, 1945, to February 1, 1946, to replace Doctor Schour on this Mission.

On motion of Dr. Meyer, this leave was granted as recommended.

#### CLINICAL FACULTY OF THE COLLEGE OF MEDICINE FOR 1945-1946

(6) A recommendation that the following appointments be made to the non-salaried, or clinical, faculty of the College of Medicine for the academic year beginning September 1, 1945; that the President of the University be authorized to make such additional appointments and other changes as are desirable and necessary. (See page 653 for list of appointments.)

All appointments are for one year from September 1, 1945, unless otherwise indicated.

While they are included in the main list, there is submitted separately a list of the new appointees to the clinical faculty for next year.

A summary by departments of the number of appointments and the comparative figures for 1944-1945 is also submitted.

On motion of Dr. Meyer, these appointments were made as recommended.

#### ADVISORY COMMITTEES FOR THE COLLEGE OF COMMERCE

(7) The Acting Dean of the College of Commerce and Business Administration recommends the appointment of the following advisory committees for that College for a period of two years beginning July 1, 1945:

##### *Accountancy*

HIRAM T. SCOVILL, *Faculty Adviser*  
OTTO GRESSENS, Chicago  
H. C. HAWES, Chicago  
C. E. JARCHOW  
HERBERT T. MCANLY, Chicago

##### *Foreign Trade*

SIMON LITMAN, *Faculty Adviser*  
F. L. MARSHALL, Chicago  
HARRY SALINGER, Chicago  
V. D. SEAMAN, Chicago  
C. M. WYNNE, Chicago

##### *Advertising*

FREDERIC A. RUSSELL, *Faculty Adviser*  
J. C. ASPLEY, Chicago  
HOMER J. BUCKLEY, Chicago  
G. D. CRAIN, JR., Chicago  
HOWARD H. MONK, Rockford

##### *Governmental Finance*

MERLIN H. HUNTER, *Faculty Adviser*  
NEWTON C. FARR, Chicago  
GEORGE B. MCKIBBIN, Springfield  
STERLING MORTON, Chicago  
FRANK E. PACKARD, Chicago

##### *Banking*

FREDERIC E. LEE, *Faculty Adviser*  
HARRY A. BRINKMAN, Chicago  
FRANK C. RATHJE, Chicago  
CHARLES R. REARDON, Joliet  
C. S. YOUNG, Chicago

##### *Industrial Management*

ARTHUR G. ANDERSON, *Faculty Adviser*  
T. W. EDWARDS, Chicago  
C. B. HOFFMAN, Chicago  
ARTHUR S. MANN, Kankakee  
H. M. RAILSBACK, Moline

*Insurance*

FRANK G. DICKINSON, *Faculty Adviser*  
 ROLLIN M. CLARK, Chicago  
 WADE FETZER, JR., Chicago  
 GEORGE H. MOLONEY, Chicago  
 ROYCE G. ROWE, Chicago

*Investments*

RUSSELL M. NOLEN, *Faculty Adviser*  
 RALPH CHAPMAN, Chicago  
 A. R. GARDNER, Chicago  
 HARRY GOODSITT, Springfield  
 PAT G. MORRIS, Chicago

*Marketing*

PAUL D. CONVERSE, *Faculty Adviser*  
 E. B. MORAN, Chicago  
 A. C. NIELSEN, Chicago  
 ERNEST PAXTON, Danville  
 JOSEPH C. SPIESS, Elgin

*Personnel Relations*

WILLIAM C. ROBB, *Faculty Adviser*  
 WILLIAM M. EDENS, Chicago  
 HARVEY C. MARMADUKE, Chicago  
 RALPH M. MONK, Peoria  
 M. M. OLANDER, Alton

*Public Utilities*

HORACE M. GRAY, *Faculty Adviser*  
 JOHN B. BIGGS, Springfield  
 KENNETH D. CARPENTER, Chicago  
 N. B. ELLIOTT, Champaign  
 A. E. PATTON, Chicago

*Transportation*

D. PHILIP LOCKLIN, *Faculty Adviser*  
 WAYNE A. JOHNSTON, Chicago  
 WAYNE L. McMILLEN, New York City  
 CHESTER G. MOORE, Chicago  
 LUTHER M. WALTER, Chicago

I concur in his recommendations.

On motion of Dr. Meyer, these committees were appointed as recommended.

**DELEGATION OF SIGNATURES**

(8) On account of the transfer of J. E. Millizen to the Educational and Research Hospital and H. A. Hazleton to the Chicago Business Office, the following authorization for delegation of signatures is necessary:

*Resolved*, that the President of the Board of Trustees of the University of Illinois is authorized to delegate the signing of his name as President to vouchers to be presented to the State Auditor, and to University checks drawn on the First National Bank of Chicago, under the following conditions:

The President of the Board of Trustees is authorized to delegate to C. H. Pratt, to L. M. Dahlenburg, and to W. D. Green in Urbana; and to H. A. Hazleton, to J. F. Knight, and to W. H. Miller in Chicago, authority to sign his name as President of the Board of Trustees to vouchers against the State Auditor; and to C. A. Webber, H. F. Thornes, and R. W. Zimmer in Urbana, authority to sign his name to checks drawn on the account "University of Illinois, I. L. Porter, Treasurer," and to H. A. Hazleton, J. F. Knight, and W. H. Miller in Chicago, authority to sign his name to checks on the account "University of Illinois, Chicago Departments, I. L. Porter, Treasurer," covering vouchers approved in accordance with regulations approved by the Board.

On motion of Dr. Meyer, this resolution was adopted.

**BEQUEST OF MRS. CORA M. BRUNNER**

(9) As previously reported to the Board (April 8, 1944, Minutes, page 920), the late Mrs. Cora M. Brunner of Evanston, Illinois, bequeathed to the University of Illinois 40 per cent of her estate for the benefit of the College of Engineering for research and advancement in engineering education, as a memorial to her husband, John Brunner.

Attorneys for the estate have advised that the Executor is now prepared to make a partial distribution of the University's share, amounting to \$21,200, on adoption of a resolution of acceptance by the Board of Trustees. The Executor will retain a small proportion of the estate until all taxes and administrative expenses have been met, and within 60 or 90 days will make his final accounting. When the bequest was first reported, the value of the entire estate was estimated at approximately \$50,000. A rising securities market increased the value so that at the time of liquidation it exceeded \$65,000.

I recommend adoption of the following resolution prepared by attorneys for the estate:

*Whereas*, Cora M. Brunner, now deceased, by her certain Will duly admitted to probate in the Probate Court of Cook County, Illinois, on the 16th day of June, 1944, among other bequests made the following, namely:

"Forty (40) parts thereof to the COLLEGE OF ENGINEERING UNIVERSITY OF ILLINOIS, Urbana, Illinois, in memory of my husband, John Brunner, for the purposes of research and advancement in engineering education."

*Now, therefore, be it resolved* that the said UNIVERSITY OF ILLINOIS, by its Board of Trustees, does hereby accept the said bequest for the purpose as stated in said Will, and that Lloyd Morey, Comptroller, is authorized to accept and receipt for said bequest in the name of this Board.

I further recommend that this fund be invested and known as the "John Brunner Memorial Endowment for Research and Advancement in Engineering Education" and that the income be used for the purpose indicated.

On motion of Dr. Meyer, these recommendations were adopted.

#### **REGULATIONS GOVERNING OPERATION OF UNIVERSITY MOTOR VEHICLES**

(10) On March 13, 1928, the Board of Trustees adopted a set of regulations governing the operation of automobiles in University service. One of these provides that a person in the employ of the University whose regular work is other than that of a chauffeur may be permitted to drive a University motor vehicle when necessary if authorized to do so and if he has passed examinations in vision, hearing, and nervous reaction given by the University Health Service.

The Director of the Physical Plant Department has been studying reports on examinations by the University Health Service for the past two years and finds that out of 554 individuals examined only one was completely rejected, one was approved as an emergency driver only, twenty were approved on condition that they never drive without glasses, and all the others were approved without any qualifications. In view of these facts, and considering the demands on the University Health Service for other services and its reduced staff, the University would be justified in relaxing the regulations at least for a trial period. The Director of the Physical Plant Department therefore recommends that the regulations of March 13, 1928, be amended to replace Section III, Chauffeurs, paragraph 4, with the following:

"A person in the employ of the University, whose regular work is other than that of a chauffeur, may be permitted to drive a University automobile or truck, when necessary, upon authorization by the Head of the Department and upon presentation of his State Driver's License to the Director of the Physical Plant Department."

This procedure would require a department to authorize an employee to drive a University car, but if the Physical Plant Department is in doubt as to the physical ability of the driver he would be required to undergo an examination. It should be noted that this change applies only to employees who drive occasionally. Those whose principal work is to drive a motor vehicle will be required to undergo examinations as heretofore.

On motion of Dr. Meyer, this recommendation was adopted.

#### **CHANGE IN REGULATION GOVERNING ASSESSMENT OF NONRESIDENT FEE**

(11) The Board of Trustees has adopted regulations defining the residence of students to determine their status as residents or nonresidents of Illinois in the assessment of fees.

There is no provision in these rules governing the classification of women who themselves are not residents of Illinois but who are married to Illinois residents and who are enrolled in the University. For example, such cases are wives of members of the faculty desiring to enroll as students, wives of students, and particularly wives of men in the armed forces. The Registrar recommends that the Board of Trustees approve the addition of the following regulation:

"A wife is classed as a resident for registration purposes if her husband has had a bona fide residence in the State of Illinois for a period of at least twelve months preceding her registration and is a resident of the State at the time of her registration."

The adoption of this regulation will bring the University more closely in agreement with the law of Illinois which provides that the residence of the husband determines the legal residence of his wife.

On motion of Dr. Meyer, this recommendation was adopted.

#### **ADMISSION OF NONRESIDENT WOMEN STUDENTS**

(12) The Board of Trustees on July 26 adopted a policy that after July 1 nonresident undergraduate women students can not be admitted to the University of Illinois because of the shortage of housing facilities. The policy provides for certain exceptions. The question has been raised whether this policy should apply to women students whose legal residence is outside the State of Illinois but whose parents are taxpayers in Illinois. I recommend that the policy be amended to admit to the University undergraduate women students who live outside the State but whose parents are paying taxes in Illinois. Such students will, however, be assessed the regular nonresident tuition fee.

On motion of Dr. Meyer, this recommendation was adopted.

#### **AMENDMENT OF UNIVERSITY CIVIL SERVICE LAW**

(13) As authorized by the Board on January 20, 1945 (Minutes, page 330), a bill was introduced in the last General Assembly providing that persons employed in civil service positions during the war will be employed only on a temporary basis and that any persons formerly employed, upon return from service in the armed forces, should be restored to their former positions if they so request and present incumbents placed on eligible register for future employment (H. B. 681).

As indicated in the Policy for Nonacademic Employees (Minutes of June 30, 1945, page 597), this bill also included a change which permits an individual who has been promoted within a promotional line fixed by the Board of Trustees, to retain seniority within the promotional line, instead of having seniority limited to each separate classification as the law previously provided. This bill with both of these provisions was passed by the General Assembly and has been approved by the Governor.

On the last day of the session, H. B. 811, which included in its original form only amendments to the general State civil service system, was amended without discussion with the University, by adding the following provision to the University section of the civil service law:

"The provisions of the 'Administrative Review Act,' approved May 8, 1945, and all amendments and modifications thereof, and the rules adopted pursuant thereto, shall apply to and govern all proceedings for the judicial review of final administrative decisions of the Board of Trustees hereunder. The term 'administrative decision' is defined as in Section 1 of said 'Administrative Review Act.'"

A similar provision was included in this bill with respect to the State Civil Service Commission. The provision is one which has been added to the laws governing practically all State administrative agencies, including the University Retirement System, to bring them under the provisions of S. B. 117, known as the "Administrative Review Act." This act provides uniform procedure for judicial review of administrative decisions of such agencies when such judicial review is sought by persons affected. It does not change the rights of any persons who would be affected by such a decision. H. B. 811, containing this provision, was passed by the General Assembly and has been approved by the Governor.

This report was received for record.

#### **UNIVERSITY OF ILLINOIS LEGISLATION**

(14) As a matter of official information, I report the passage by the 64th General Assembly and approval by the Governor of the following legislation requested by the University:

**SENATE BILL 238.** An Act in relation to the custody and disbursement of Federal funds by the Governor for use in Illinois, designating the University of Illinois to receive such moneys directly from the State Treasurer without requiring an appropriation of the same.

**SENATE BILL 321.** An Act making appropriations to the University of

Illinois for the biennium of 1945-1947. The sources of funds for this appropriation and the classification of expenditures are as follows:

HOUSE BILL 463. An Act making appropriations for the Division of Services for Crippled Children, \$1,057,080 for the biennium.

HOUSE BILL 678. An Act reappropriating funds for the University of Illinois Airport, estimated at \$470,000.

HOUSE BILL 681. An Act amending the State Civil Service law to permit temporary employment of Civil Service personnel as replacements for employees on leave of absence for military service and providing for retention of seniority in promotional lines.

Certified copies of these Acts are hereby given to the Secretary of the Board for record.

This report was received for record.

#### CHANGES IN CIVIL SERVICE CLASSIFICATIONS

(15) The Director of Nonacademic Personnel recommends the following changes in Civil Service Classifications and rates of pay: (a) establishment of new classifications (a set of the specifications for these new classifications is submitted herewith); (b) deletion of classifications; (c) administrative positions; (d) new salary ranges.

I recommend approval.

On motion of Dr. Meyer, these changes were approved and adopted.

#### PURCHASE OF PROPERTY IN CHICAGO

(16) The Director of the Physical Plant Department recommends the purchase of the following properties in Chicago:

907 South Wood Street.....	\$4 200
1819 West Taylor Street.....	2 650
1847 West Taylor Street.....	2 000
<i>Total</i> .....	<u>\$8 850</u>

The Board of Trustees on May 24, 1943 (Minutes, page 355), authorized the purchase of properties in the area bounded by Polk, Wood, Taylor, and Hermitage Streets, but the two properties on Taylor Street now recommended for purchase are outside this area, being on the south side of Taylor Street, or across from this area.

The purchase is recommended because: (1) The prices are unusually low when related to the other purchases. (2) It is highly desirable for the University to acquire land entirely surrounding its property when it can be bought at a reasonable price. (3) These properties are in the area to be acquired for future expansion and development of the Chicago campus.

In my opinion, the policy of buying property south of Taylor Street at this time is open to question, but in view of the recommendation of the Physical Plant Department I submit the matter to the Board of Trustees for its consideration. It has also been presented to the Committee on Buildings and Grounds.

This matter was referred to the Committee on Buildings and Grounds.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(17) The Committee on Special Appropriations and Nonrecurring Expenditures recommends assignments from the General Reserve Fund for the following purposes, these appropriations to be available until January 1, 1947:

Minor replacements and capital additions in Physical Plant Department..\$50 000  
Purchase of Rowley Fossil Collection for Department of Geology..... 12 400  
For the College of Agriculture:

Expenses of Committee on Food Technology.....	2 000
Farm Accounting.....	1 000
Changes in telephone system.....	550
Furniture and equipment for various offices.....	3 275
Equipment for the College of Education.....	1 500
<i>Total</i> .....	<u>\$70 725</u>

On motion of Dr. Meyer, these appropriations were made as recommended, by the following vote: Aye, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Davis.

#### REAPPROPRIATION OF UNEXPENDED BALANCES

(18) On June 30, 1945, the Board of Trustees reappropriated unexpended balances in appropriations made by the Board from general University funds for services and projects not completed as of June 30, 1945, totaling \$294,177.

The Comptroller requests and I recommend the reappropriation of the following additional balances in accounts in which it was found impossible to complete the expenditures before June 30:

Chicago Colleges—Summer Quarter Salaries.....	\$40 000
Placement Bureau (for equipment).....	2 000
Airport Operation.....	485
Scholarly Publications.....	14 549
Illinois Eye and Ear Infirmary.....	12 539
Morton Arboretum Land.....	90
Land—Chicago.....	2 822
<i>Total</i> .....	<u>\$72 485</u>

These balances are represented by cash in the University Income Fund.

On motion of Dr. Meyer, these balances were reappropriated as recommended, by the following vote: Aye, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Davis.

#### APPROPRIATION FOR INTERCEPTOR SEWERS

(19) On February 24, 1945 (Minutes, pages 381-382), the Board approved participation by the University in the construction of two new interceptor sewers in Champaign and Urbana. The Physical Plant Department reports that the proper proportion of cost for the University to assume is \$39,200. The work is to be completed within the next few months. An appropriation from the General Reserve Fund is needed to cover the University's obligation.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Dr. Meyer; no, none; absent, Mr. Davis.

#### CONTRACT FOR LIBRARY BINDING

(20) Our contract for the past biennium with Ernst Hertzberg and Sons terminated June 30, 1945, but has been extended to cover work sent in July.

The following binderies were invited to submit proposals on our specifications: Ernst Hertzberg and Sons, Chicago; Burgmeier Book Bindery, Inc., Chicago; New Method Book Bindery, Jacksonville.

The only proposal received was from Ernst Hertzberg and Sons, present contractors. The other binderies replied that because of existing conditions, they could not make a proposal. The prices quoted by Hertzberg represent an increase of 12 to 15 per cent over the last contract, which increase appears justified by material and labor conditions. The new prices are about 20 per cent less than the "Guide to Fair Values" for binding, agreed upon by the American Library Association and the Library Binders' Institute.

The Purchasing Agent, the Director of the Library, and the Comptroller, recommend that a contract for the period September 1, 1945, to June 30, 1947, be placed with Ernst Hertzberg and Sons, at the prices scheduled in their proposal and that they be required to furnish a bond for \$10,000.

I concur in this recommendation and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Dr. Meyer, this contract was awarded as recommended.

**REPORT OF AWARD OF PAINTING CONTRACT,  
CHICAGO DEPARTMENTS**

(21) Bids were taken by the Physical Plant Department on June 21 for painting, washing, and cleaning in the Research and Educational Hospitals. A check of the bids was then made to determine what could be done within funds of the outgoing biennium already appropriated for this purpose by the Board and available until September 30, with the following results:

Midwest Painting Service.....	\$11 349
Walter Ingstrup Company.....	12 310
Franz Decorators.....	12 475

Because of the necessity of encumbering funds prior to June 30, the Comptroller approved the award of the contract to the lowest bidders, Midwest Painting Service.

On motion of Dr. Meyer, the action of the Comptroller in awarding this contract was approved and confirmed.

**PURCHASES AUTHORIZED**

(22) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. Paper, 125 reams 22 x 34, 32 lb., rag bond watermarked with the University seal, for the Office Supply Store, from the Graham Paper Company, St. Louis, at a cost of \$1,203.60 f.o.b. Urbana.

Federal North Iowa Grain Company, Champaign.....	2,000	.62	1,240
Raymond Douglas, Urbana.....	2,200	.635	1,397

20. Manual for dairy course, 500 copies, for the Division of University Extension, from Stipes Publishing Company, Champaign, at a cost of \$1,095.

The Executive Committee of the Board of Trustees has also authorized the purchase of 30,000 to 35,000 tons screenings coal for delivery as required during the period from September 1, 1945, to June 30, 1946, for the Urbana-Champaign Power Plant, as follows:

	Tons	F.o.b. Mine	Freight	Delivered
Southern Coal Company, St. Louis	7,500 to 10,000	\$1.89	\$1.18	\$3.07
Lafayette Coal Company, Chicago	7,500 to 10,000	1.84	1.30	3.14

Formal requests and specifications were submitted to a number of sources and advertisements published in Chicago papers. No bids were received on University specifications. Bids were then sought on any basis on which vendors would bid, and quotations were secured from four sources. The purchases were authorized on the basis of low bids, quality of coal being considered. While the delivered costs of coal from the two sources are not the same, there is practically no difference when they are computed on the basis of the number of B.T.U. for one cent.

This report was received for record.

**PURCHASES RECOMMENDED**

(23) The Purchasing Agent has proposed and the Comptroller recommends the following purchase. I concur in the recommendation.

Coal, 8,000 tons screenings, for the Chicago Physical Plant, from Roth-Adam Fuel Company, Chicago, at a cost of \$44,640.

On motion of Dr. Meyer, this purchase was authorized as recommended.

The Executive Committee adjourned.

PARK LIVINGSTON, *Chairman*  
KARL A. MEYER

**SECOND SESSION, AUGUST 29, 1945**

When the Board convened after the recess on August 29, 1945, the same members were present as at the opening session; also Mr. Fornof and Mr. Williamson. President Willard and the other University officers were present as listed on page 617.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**QUARTERLY REPORT OF THE COMPTROLLER**

(2) The Comptroller presents his quarterly report to the Board as of June 30, 1945. Copies of this report have been sent to all members of the Board in advance of this meeting.

This report was referred to the Finance Committee.

**REPORT ON RULING OF ILLINOIS COMMERCE COMMISSION IN  
PROCEEDINGS ON FREIGHT RATES ON COAL**

(3) On March 20, 1943 (Minutes, page 313), the Board of Trustees authorized proceedings before the Illinois Commerce Commission to obtain a reduction in what appeared to be discriminatory freight rates charged by certain carriers for coal hauled to the University from the Danville area.

On April 8, 1944 (Minutes, page 924), on recommendation of Judge Sveinbjorn Johnson, who had been handling this matter for the University, the Board retained the services of Mr. Nuel D. Belnap of Chicago as special counsel experienced in the technical aspects of freight rate litigation. Reports on the status of this case and the progress of proceedings were made to the Board on June 1, 1944, and September 29, 1944 (Minutes, pages 961 and 217).

On July 19, 1945, the Illinois Commerce Commission rendered its decision in this case, finding that the maximum reasonable rate to be assessed in the future should not exceed 70 cents a ton and that this rate should cover not only line-haul service but switching service, as a result of which the University will save at least 10 cents a ton freight on coal received by it from the Bunsenville mines in the Danville district. Mr. Belnap has prepared the following memorandum covering the main points of the decision:

"The freight rates paid on coal received by the University at Champaign from the Bunsenville mine in the Danville group are presently as follows: Via the Wabash and New York Central railroads as delivering line-haul carriers, 70 cents per ton, plus \$5.45 per car for the switching service of the Illinois Central at Champaign. That switching charge is the equivalent of approximately 10 cents per ton so as to make the total rate via the lines just mentioned 80 cents per ton. There is also in effect a line-haul rate of 60 cents per ton via the Illinois Terminal, but the switching charge to be added in that instance is 28 cents per ton, so as to make the total rate 88 cents. The originating line in all three cases is the Chicago & Eastern Illinois Railroad. That line and the delivering line-haul carriers just named are responsible for the line-haul rates; the delivering line-haul carriers are alone responsible for the failure to absorb the Illinois Central switching charge out of the line-haul rates; and the Illinois Central is alone responsible for the measure of the switching charges above mentioned.

"On July 3, 1943, these line-haul carriers proposed increasing all of the line-haul rates to the basis of 80 cents. Upon protest, that proposal was suspended pending hearing in Illinois Commerce Commission Docket 31584. On October 11, 1943, the Board of Trustees filed its complaint with the Illinois Commerce Commission in Docket No. 31721 against all of the rates above described.

"The two cases were consolidated, extensive hearings were had, and on July 11, 1945, the Illinois Commerce Commission handed down its report and order, in which it found that the maximum reasonable rate to be assessed in the future should not exceed 70 cents per ton, and that that rate should cover not only the line-haul service, but also the switching service of the Illinois Central. As a result, the University will save approximately 10 cents per ton in freight charges paid on all coal received by it from the Bunsenville mine. The annual consumption of the University's power plant is in the neighborhood of 37,000 tons.

"The complaint requests reparation on past shipments to the extent that the charges paid thereon exceed those found reasonable. That feature of the complaint is denied on the ground that the record does not establish with any degree of certainty payment and bearing by complainant of rates and charges in excess of those found reasonable."

Dean Harno recommends, and Mr. Belnap concurs, that no further action be taken in this case. It is still possible for the defendant carriers to ask for a review in the courts of the decision of the Illinois Commerce Commission.

There is also submitted a memorandum from the Purchasing Agent analyzing this decision from the point of view of the business interests of the University. A copy of this memorandum is being given to the Secretary of the Board for record.

This report was received for record.

#### INTERNAL BUDGET FOR 1945-1946

(4) The University's internal budget for the fiscal year beginning July 1, 1945, and the academic year beginning September 1, 1945, is submitted herewith (see page 665). I recommend:

1. That this budget covering the allocation of the University's income from all sources be approved.

2. That the President of the University be authorized to (a) make such changes and adjustments as are needed, (b) make such additional appointments as are necessary, and (c) accept resignations as are offered, in accordance with

the needs of the University and the equitable interests involved, within the total income, all such changes to be covered in the Comptroller's quarterly reports.

The Comptroller presented a condensed analysis of the budget.

Mr. Victor Cullin, President, and Mr. W. R. Bennett, Treasurer, of the Alumni Association, were introduced and made a statement on the budget and the activities of the Alumni Association.

On motion of Mr. Williamson this budget was approved and authority was granted as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Dr. Luken, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Mr. McKelvey.

On motion of Mr. McLaughlin, the Board made record of its appreciation of the services of President Willard and his staff in preparing the internal budget.

On motion of Mr. Fornof, the Board made record of its appreciation of the services of President Livingston and the executive and administrative staff in securing the appropriations for the biennium 1945-1947.

On motion of Mr. Williamson, the Board made record of its appreciation of the services and cooperation of Senator Everett Peters and Representatives C. W. Clabaugh, O. D. Dillavou, and Tom M. Garman in securing the passage through the General Assembly of the operating budget of the University for the biennium 1945-1947 and of the University's projects in the building program, and the Secretary was instructed to convey to these gentlemen an expression of the action of the Board.

#### LEGAL COUNSEL

(5) Dean Albert J. Harno of the College of Law and Legal Counsel has submitted his resignation as Legal Counsel effective September 1, 1945. He will continue as Professor of Law and Dean of the College of Law. In asking that he be relieved of the position of Legal Counsel, Dean Harno states:

"I shall soon have a very heavy burden of administrative work and counseling services in relation to returning veterans. I shall not be able to carry these responsibilities satisfactorily and also do justice to the multitudinous duties associated with the position of Legal Counsel."

He is recommending the appointment of Professor William E. Britton of the College of Law, on leave of absence without pay, as Professor of Law and Legal Counsel at an annual salary of \$9,000 effective September 1, 1945.

If the Board approves these changes, I recommend that Dean Harno be continued as Professor of Law and Dean of the College of Law at an annual salary of \$10,000 for the two positions.

On motion of Mrs. Grigsby, these recommendations were adopted.

#### BUDGET FOR DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(6) In 1941, at the request of the Department of Public Welfare, the University assumed general administration of the Division of Services for Crippled Children. This is a state-wide service providing local examining, field nurse service, hospitalization and medical service, and general advice and aid for crippled children throughout the state. It was placed under the general supervision of Dean R. B. Allen, although it is not a part of the Chicago Divisions of the University. Its main offices are located in Springfield, with a branch office in Chicago and other offices at several other points in the state.

At the time the Division was taken over the only funds provided for its support were those from federal sources. In 1943 the General Assembly, without
