request from the University, appropriated the sum of \$225,000 for this activity. For the biennium 1945-1947 the University submitted no request for an increased appropriation. Representatives of the Division, with the backing of the Commission on Handicapped Children, submitted a request for an increased appropriation and the General Assembly made an appropriation totaling \$1,057,080 for the biennium. For the year beginning July 1, 1945, the sum of \$528,540 will be available from this source with a further estimated sum of \$184,520 from federal sources, making total resources of \$713,060 for the year.

The Director of the Division, Mr. Lawrence J. Linck, has submitted a budget for 1945-1946 which has been endorsed by the Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy. It has been reviewed by the Director of Nonacademic Personnel as to all positions under University Civil Service. Statutory increases in these salaries have been applied in all cases, but in many instances the increases exceed these provisions.

In presenting the detailed budget of the Division of Services for Crippled Children, the President wishes to state that he has found himself unable to exercise in this instance the discretion applied to budgets of other divisions of the University. The appropriation made by the General Assembly for the biennium 1945-1947 was not requested by the University and, therefore, the biennial budget was not reviewed or approved by the Board of Trustees. Consequently, there is not a sufficient background of information on the work and requirements of the Division to express considered judgment on the proposed operating budget for 1945-1946, and it is, therefore, presented to the Board of Trustees as received.

While its activities are valuable and important, the Division of Services for Crippled Children should not be under the administration of the University. The President of the University recommends that the Board of Trustees go on record as requesting that future appropriations for this Division be made to the State Department of Public Health instead of to the University. This would be following the practice of other states and would be in accordance with the advice of the United States Public Health Service.

On motion of Mr. Williamson, this budget was approved as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Dr. Luken, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Mr. McKelvey.

The matter of future biennial appropriations was referred to the Committee on General Policy.

#### BUDGET OF ATHLETIC ASSOCIATION

(7) The Director of Intercollegiate Athletics submits on behalf of the Board of Directors of the Athletic Association the proposed budget of the Association for 1945-1946, which is summarized as follows with comparative figures for the preceding year:

	1944-1945 <i>Estimates</i>	1944-1945 <i>Actual</i> (Unaudited)	1945-1946 <i>Proposed</i>
<i>Income:</i>			
Football . . . . .	\$150 250	\$243 981	\$188 000
Coupon books . . . . .	10 000	22 136	28 000
Other sources . . . . .	33 800	48 040	62 500
<i>Total</i> . . . . .	\$194 050	\$314 157	\$278 500
<i>Expenditures:</i>			
Regular operations . . . . .	\$188 359	\$167 928	\$273 988
Special items . . . . .	6 800	3 300	.....
<i>Total</i> . . . . .	\$195 159	\$171 228	\$273 988
<i>Excess of income over expenditures</i> . . . . .	\$-1 109	\$142 929	\$ 4 512

At the beginning of the year the Association had a net operating surplus of \$49,912 and a reserve of \$32,000 for replacements. At the close of the year, after allowing for sundry adjustments and subject to audit, this surplus was \$169,313 with a reserve of \$42,000 for maintenance and replacements.

Operation of the Ice Rink with an estimated income of \$28,000 is included in the new budget. The provision for plant maintenance is increased from \$20,000 to \$35,000.

The budget has been reviewed in detail by the Comptroller. All salaries have been reviewed by the President, and those paid jointly by the Athletic Association and the School of Physical Education are concurred in by Director Staley.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments as are necessary, including new appointments and acceptance of resignations, as are recommended by the Board of Directors of the Athletic Association, within the total estimated income.

On motion of Mr. Fornof, this budget was approved as recommended.

#### ACQUISITION OF PROPERTY IN URBANA

(8) The Board of Trustees on June 30, 1945, authorized the purchase of the property at 1105 West Green Street and the adjoining property at 1110 West Illinois Street. This is improved real estate, and the land is needed as part of a site selected for the construction of residence halls for married students, particularly returning veterans.

The conservator of the estate of the owner of this property has stated that it is producing sufficient income to provide for the owner's needs and that it is not necessary to sell the property for reinvestment purposes. Because of this, it is the judgment of the conservator that he does not have the power under the law to sell the property. Under the circumstances the Legal Counsel for the University recommends proceedings under eminent domain be instituted by the Board of Trustees and has prepared the following resolution for formal action to this effect:

*Be it resolved* by the Board of Trustees of the University of Illinois that the following described real estate, viz.:

The East eighty-five (85) feet of Lot Eleven (11) of W. M. Goodwin's Addition to the City of Urbana in Champaign County, State of Illinois, being in the West One-Half ( $W\frac{1}{2}$ ) of the Northeast Quarter ( $NE\frac{1}{4}$ ) of the Northeast Quarter ( $NE\frac{1}{4}$ ) of Section Eighteen (18) in Township Nineteen (19) North, Range Nine (9) East of the Third Principal Meridian.

is needed by the University of Illinois for educational purposes of said University and to enable it to discharge its duties to the public, and since funds available for the purchase of said real estate have been appropriated by the Legislature of the State of Illinois, and said Board of Trustees is unable to agree with the owner of said lands, or her Conservator, for the purchase thereof and the compensation to be paid therefor, that appropriate proceedings in eminent domain be instituted and prosecuted to final judgment to obtain said lands and real estate by the Board of Trustees of the University of Illinois for educational purposes of said University of Illinois, and that all necessary and appropriate means to that end be adopted, had and taken.

On motion of Dr. Meyer, these recommendations were adopted.

#### LICENSING OF PATENTS

(9) The present standard form of "Agreement for Cooperative Investigation" used for research investigations sponsored by private industries and other agencies includes the following provisions relating to patentable discoveries which are in accordance with the present policy and regulations of the Board of Trustees governing such matters:

"(7) It is agreed that all results of experimental work, including patentable discoveries, carried on under the direction of the scientific staff of the University, belong to the University and to the public and shall be used and controlled so as to produce the greatest benefits to the public.

"It is agreed that if patentable discoveries grow out of the investigation and such discoveries have commercial value, the Sponsor, upon payment of

the entire cost of securing a patent, shall be given free use of the patent as a non-exclusive licensee, it being agreed that other licensees shall pay the University a royalty which in the opinion of the University is fair to the Sponsor and to the public.

"The Sponsor shall notify the University in writing whether it will pay the costs of filing an application and procuring a patent on any discoveries which may be patentable within sixty (60) days from the date when the University gives the Sponsor notice of any such discovery. In case the Sponsor does not wish to assume the expense of securing a patent, the University may, in its discretion, do so, and the Sponsor shall be given a non-exclusive license on substantially similar terms as other licensees."

The Monsanto Chemical Company of St. Louis has been contributing funds to the University for research work on insecticides, a joint project of the Agricultural Experiment Station and the State Natural History Survey Division. These funds have been granted in the past without any other restriction than that they shall be used for research in the field indicated. It is now proposed to formalize this arrangement by an agreement covering an investigation to be described as "General evaluation of chemicals and compositions of matter for insecticidal properties." The Monsanto Chemical Company has requested that the provisions relating to patentable discoveries, quoted above, be in this case modified to read as follows:

"(7) It is agreed that the results, including patentable discoveries, that grow out of the investigation and are made by an employee of the University, shall belong to the University. The University agrees, as to patentable discoveries, that it will, on the request of the Sponsor and on the Sponsor's paying the cost of securing the patent, grant said Sponsor a royalty-free, exclusive license to the use of these discoveries for a period of five years following the issuance of the patent, and thereafter the license to the Sponsor shall be royalty-free and non-exclusive.

"If the Sponsor shall fail to indicate in writing its readiness to pay the cost of procurement of a patent by the University within sixty (60) days after notice of a discovery has been given to said Sponsor by the University, then said Sponsor shall be entitled only to a non-exclusive license on terms substantially similar to those accorded other licensees to whom licenses may be granted by the University."

I recommend that (1) the Board authorize the execution of an agreement with the Monsanto Chemical Company modified as indicated above; and (2) the Board Committee on Patents be instructed to consider this proposal as a general question, namely, as an alternate provision in all agreements covering research investigations when the sponsor requests the same.

On motion of Dr. Meyer, the Board confirmed its general policy with respect to the licensing of patents, but voted in this case to approve the recommendation of the President of the University.

#### ADMISSION OF WAR VETERANS TO COLLEGE OF MEDICINE

(10) The University Senate recommends to the Board of Trustees approval of the following modifications in the requirements for admission to the College of Medicine proposed by the faculty of the College of Medicine.

"The grade point requirement of 3.5 for admission to the College of Medicine shall be waived in selected cases to be determined by the Committee on Admissions as a temporary measure to take care of unusual cases arising out of special circumstances having to do with returned deserving veterans, the number of such applicants to be admitted not to exceed five per cent of the entering class."

I concur.

On motion of Mr. Williamson, this recommendation was amended to increase the number to be admitted to ten per cent, at the discretion of the Admissions Committee of the College of Medicine, and adopted as amended.

**APPOINTMENT OF ACTING DEAN OF THE COLLEGE OF  
COMMERCE AND BUSINESS ADMINISTRATION**

(11) A recommendation that Professor H. T. Scovill, Head of the Department of Business Organization and Operation, be reappointed Acting Dean of the College of Commerce and Business Administration from September 1, 1945, and continuing until further notice, and that he be paid additional compensation at the rate of \$1,000 a year for such service.

On motion of Dr. Meyer, this recommendation was adopted.

**APPOINTMENT OF ACTING DEAN OF THE COLLEGE OF EDUCATION**

(12) The deanship of the College of Education will become vacant on September 1, 1945. Since there will be a new President of the University beginning July 1, 1946, it seems desirable to leave the way open for him to recommend the appointment of the Dean of that College, but in the meantime the appointment of an Acting Dean for the academic year 1945-1946 will be necessary.

I, therefore, recommend the appointment of Dr. Walter S. Monroe, Professor of Education and Director of the Bureau of Educational Research, as Acting Dean of the College of Education for one year from September 1, 1945, in addition to his present position, and that he be paid an additional salary of \$1,000 for this service. In the selection of Professor Monroe for this position, I have been guided by the advice of a special committee consisting of Dean R. D. Carmichael of the Graduate School, Chairman, Associate Dean R. R. Hudelson of the College of Agriculture, Professor E. H. Reeder of the College of Education, Professor A. B. Coble, Head of the Department of Mathematics, and Professor Herbert Woodrow, Head of the Department of Psychology. These men are representative of those colleges of the University with whose educational programs the College of Education is most directly concerned. I have also consulted the Executive Committee of the College of Education pursuant to the University of Illinois Statutes.

On motion of Mr. Williamson, this appointment was made as recommended.

**APPOINTMENT OF HAROLD S. DAWSON AS DIRECTOR OF  
CHICAGO PLACEMENT BUREAU**

(13) At the meeting of the Executive Committee on July 30, I recommended the appointment of Lieutenant Harold S. Dawson, USNR, on leave of absence as Assistant Dean of the College of Liberal Arts and Sciences for service in the Navy, as Director of the Chicago Placement Bureau at a salary of \$7,000 a year. The Committee approved this recommendation subject to the approval of an advisory group (consisting of University alumni and placement officers from other institutions and industries) whom the Dean of Students consulted in regard to filling this position.

The Dean of Students has written to all these individuals, 24 in number, and 20 have replied. All replies are favorable and most of them enthusiastically so.

The effective date of Lieutenant Dawson's appointment depends upon when he can be released from the Navy.

On motion of Mrs. Grigsby, this appointment was made as recommended.

**DIVISION OF SPECIAL SERVICES FOR WAR VETERANS**

(14) Dr. Sidney E. Glenn, Director of the Division of Special Services for War Veterans and Associate Professor of English, has been ill since July 28, and it is uncertain when he can return to active service. I recommend he be given a leave of absence on full pay from that date and continuing for six months, or so much of that period as may be necessary.

To provide for the administration of the Division of Special Services for War Veterans during Director Glenn's absence, I recommend that Professor Arthur W. Clevenger, High School Visitor, be appointed Acting Director. Professor Clevenger has been on leave of absence for military service since May 1,

1943, and is a Lieutenant Colonel in the Operations and Training Branch of the Army Service Forces. He will go on inactive status as an Army officer at the end of this month, is now on terminal leave from the Army, and is back at the University. He will return to his position as High School Visitor effective September 1, 1945.

Professor Clevenger is admirably qualified to serve as Acting Director of the Division of Special Services for War Veterans. His work in the Army during the past two years is an excellent background of experience for this position. He is also a veteran with overseas service of World War I.

Professor Clevenger has been on the University staff since 1928 and was also a member of the staff in 1919 and 1920. He is thoroughly acquainted with all of the high schools in Illinois. This is an additional asset to him in talking with veterans, since most of those coming to the University of Illinois are graduates of Illinois high schools and Professor Clevenger is personally acquainted with their former principals and teachers.

On motion of Mr. Williamson, this recommendation was adopted.

#### **INCREASING CAPACITY OF WOMEN'S RESIDENCE HALLS**

(15) At the meeting of the Board of Trustees on July 26 the Provost of the University made a report on the shortage of housing available to women students and on steps which were under consideration to alleviate this condition. One of the devices suggested was to increase the capacity of the two women's residence halls by installing double-decker beds wherever possible so that two and three women could be housed in one room instead of one and two. This would be a departure from housing standards previously set up by the Board of Trustees, but in view of conditions everything possible should be done to expand present facilities to accommodate the women students who do not now have quarters.

I recommend that the Board of Trustees authorize increasing the capacity of the Mary E. Busey and Laura B. Evans Halls as indicated and that an appropriation of \$7,500 be made from the General Reserve Fund for the necessary remodeling expenses and the equipment. If the Board approves this, it should also authorize the Division of Student Housing to permit similar relaxation of standards in privately operated student homes.

On motion of Mrs. Grigsby, these recommendations were adopted by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Dr. Luken, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Mr. McKelvey.

#### **HOUSING FACILITIES FOR STUDENTS**

(16) The following report from the Director of the Physical Plant Department concerning the shortage of housing facilities for students, with recommendations for the provision of temporary additional facilities. A copy of this report was sent to each member of the Board in advance.

On motion of Mr. McLaughlin, this matter was referred to the Executive Committee and the President of the University to take up with the appropriate authorities in Washington. It was the opinion of the Board that the proposal to establish a trailer camp was unsafe and inadvisable, and did not offer sufficient relief to be worth while.

#### **LEASE OF STUDENT HOUSING FACILITIES**

(17) At its meeting on July 26 the Board of Trustees authorized officers of the University "to negotiate for the use of housing facilities subject to the approval of the Board."

Negotiations are under way for the leasing by the University of a number of fraternity houses, which would otherwise be vacant, for use in housing women

students under University control. It is proposed to sub-lease these houses to managers who will operate them under University regulations and control. It is recommended that the Board of Trustees authorize its officers to execute contracts for leases for the use of these houses.

The Provost and the Comptroller commented on this matter.

On motion of Mr. Williamson, this matter was referred to the Comptroller and the Dean of Students with power to act.

#### CHANGE IN ACADEMIC CALENDAR

(18) The present academic calendar for the colleges and schools at Urbana-Champaign was adopted by the Board of Trustees on November 27, 1942, on recommendation of the University Senate, as a war-time measure and in further acceleration of the University's educational program. The action specified that beginning in June, 1943, and for the duration of the war, the basic operation of the departments of the University at Urbana-Champaign shall be with three equal terms per year, each term to be sixteen weeks in length (including final examinations) and each equivalent in the amount of instruction and credit to the former eighteen-week semester. The action further provided for a summer session of eight weeks to run concurrently with the first half of the summer term.

The University Senate now recommends that this war-time schedule be discontinued and that the University reconvert its academic calendar to the former schedule of two eighteen-week semesters. The Senate has recommended tentatively that the summer session for 1946 be an eight-week session. The question of a possible twelve-week summer session in 1946 was referred to the Committee on Educational Policy for study and later report to the Senate. This is in recognition of a possible request from veterans for a longer summer term in order to comply with the provisions in the "G. I. Bill of Rights Act" relating to subsistence pay during vacation time. The Division of Special Services for War Veterans also has full authority to establish special programs for veterans whose needs are not served by the conventional University program. In order to conclude the present V-12 program, it will be necessary to provide in the summer of 1946 a sixteen-week session for students who are in the final semester of this program and for certain advanced undergraduate civilian engineers.

Aside from other considerations it is highly desirable that the academic calendar provide for synchronizing the civilian and the Navy training programs. At present the University is operating three academic programs on different schedules: (1) the regular University program for civilian students, sixteen-week terms; (2) the Navy V-12 program, sixteen-week terms but not synchronized with the program for civilian students except for upperclassmen in the College of Engineering; (3) the Army Specialized Training Reserves program, twelve-week terms.

On August 13 and 14, 1945, University officials negotiated with representatives of the Bureau of Naval Personnel, United States Navy, for the establishment of a Naval Reserve Officers Training Corps unit. The Navy Department had previously selected the University of Illinois as one of the institutions at which new N.R.O.T.C. units are to be established. The negotiations covered all phases of such a program, including educational policies, instructional facilities, and fiscal relations. It is proposed to establish the N.R.O.T.C. unit at the University of Illinois on November 1, 1945, in conjunction with the Navy V-12 program. The latter will be continued for at least two terms and will gradually change over to the N.R.O.T.C. program. No civilian students will be accepted for this program for the time being.

On motion of Mr. McLaughlin, this matter was referred to the President of the University and the University Senate to work out a twelve-week summer term, open to all students, with a program of class hours equivalent to the number of hours in the sixteen-week session.

### ATTORNEY FOR UNIVERSITY IN REGISTRY AND TRANSFER OF CATTLE

(19) In connection with the registry and transfer of purebred Jersey cattle owned by the University, certain papers must be signed and filed with the American Jersey Cattle Club, 324 West Twenty-third Street, New York 11, New York. For many years Professor W. W. Yapp of the Dairy Husbandry Department, who is in charge of the dairy herds, has signed these papers, but recently the American Jersey Cattle Club raised the question of the legality of his signature as representative of the owner. The Secretary of the Board then undertook to sign such documents, but the Cattle Club is not satisfied with this and asks that a formal power of attorney be executed.

Legal Counsel for the University has recommended that Professor Yapp be designated by the Board of Trustees as "attorney in fact" for the University in this matter and for this limited purpose. An alternative would be to designate the Secretary of the Board of Trustees. In either case the Board should ratify and confirm any and all documents signed by either of these officers.

The American Jersey Cattle Club has submitted a form of Power of Attorney for this purpose which is hereby given to the Secretary of the Board.

On motion of Mr. McLaughlin, Professor W. W. Yapp was designated as "attorney in fact" for this limited purpose, and all his previous actions in signing papers for the registry of dairy cattle for transmittal to the American Jersey Cattle Club were approved and confirmed, and the Secretary was authorized to execute for the Board the power of attorney in the form required.

### FEDERAL BANKHEAD-FLANNAGAN FUNDS

(20) Subsequent to the preparation of the internal budget for 1945-1946, the University was informed by the United States Department of Agriculture that the funds for Emergency War Food Administration (Minutes, page 733) for the period July 1, 1945-June 30, 1946, would not be available, but that with the passage of Federal legislation authorizing Bankhead-Flannagan Funds that it would be satisfactory to transfer the Emergency War Food Administration budget to Bankhead-Flannagan Funds. The following budget is submitted for Bankhead-Flannagan Funds:

Salaries (including appointment of Paul D. Beamer as Emergency War Food Assistant at \$4,000, and provision for other Assistants, Home Advisers, and clerical help, appointments to be approved by the President) .....	\$109 600
General departmental expense.....	600
Travel .....	14 570
<i>Total</i> .....	<u>\$124 770</u>

The foregoing budget has been submitted by Dean and Director H. P. Rusk and has been reviewed by the Comptroller. I recommend its approval, subject to adjustment within the total, and its substitution for the Emergency War Food Administration Budget previously submitted in the internal budget for 1945-1946.

On motion of Mr. Fornof, this budget was approved as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Dr. Luken, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Mr. McKelvey.

### TRIBUTE TO ALLEN FRANCIS MOORE

At this point, Mr. Fornof presented the following tribute.

The Board of Trustees of the University of Illinois records with profound sorrow the passing on August 18, 1945, of Mr. Allen Francis Moore, a former member of the Board.

Mr. Moore was for many years prominently active in the civic, business, and educational life of Monticello, Illinois, his home, as a manufacturer, banker, and philanthropist. He contributed generously to the welfare and advancement of his home community. He served as mayor of his city, as a Trustee of the University of Illinois from 1909 to 1915, and as Congressman from the Nineteenth Congressional District of Illinois from 1920 to 1924. Be it resolved that this tribute to a former colleague be recorded in the minutes of the Board and that copies of this resolution be sent by the Secretary to the surviving members of his family as an expression of the sympathy of the Board in their loss.

On motion of Mr. Fornof, this tribute was unanimously adopted.

#### **SERVICES OF DR. MAUDE L. ETHEREDGE**

On motion of Mrs. Grigsby, the Board made record of its appreciation of the services to the women of the University of Dr. Maude L. Etheredge as Professor of Hygiene and Adviser in charge of the Woman's Division of the Health Service.

#### **EXECUTIVE SESSION**

The Board in executive session continued its consideration of matters presented by the President of the University and by its committees.

#### **PURCHASE OF LAND FOR HOME RESEARCH CENTER**

(21) On June 30, 1945, the Board of Trustees appropriated \$50,000 from the General Reserve Fund for the development of the Home Research Center and allocated \$20,500 for the purchase of three lots on Armory Avenue in Champaign. The total cost of acquiring these properties, including brokerage fees, was \$21,750, and I therefore recommend that the Board authorize an increase of \$1,250 in the allocation of funds for the acquisition of these properties. This is an adjustment within the appropriation of \$50,000 already made and will not require additional funds.

On motion of Mr. Fornof, this transfer was approved.

#### **PATENTABLE DISCOVERIES**

(22) The Faculty Committee on Patents submits the following recommendations:

1. That Professor Donald W. Kerst of the Department of Physics be authorized to confer with Patent Counsel for the University on a development of the betatron which would double the output and reduce the cost thereof, and that the University file application for a patent on the same if in the opinion of Patent Counsel the development possesses sufficient novelty. This device appears to be of considerable importance in connection with the development of the betatron and immediate action is desirable.

2. That the Board of Trustees release to the United States Government four inventions made by Mr. Joseph A. Peck, assigned by the National Defense Research Committee Transition Office to assist in confidential research work on military problems under the supervision of Professor H. F. Johnstone of the Department of Chemistry. Mr. Peck is not employed by the University, but since his work was done under supervision of a member of its staff it is necessary that the University file the records of his inventions. Since these inventions are munitions devices useful only for military purposes, Professor Johnstone and the Committee on Patents recommend their release.

I concur.

On motion of Mr. Fornof, these recommendations were adopted.

#### **APPOINTMENT OF DIRECTOR OF INSTITUTE OF AERONAUTICS**

(23) I recommend that the Board of Trustees authorize the appointment of Commander Allan F. Bonnalie, United States Naval Reserve, as Director of the Institute of Aeronautics on part time at a salary of \$7,000 a year, effective whenever he can report for duty. If Commander Bonnalie accepts the appoint-

ment, the percentage of time will be specified in his contract. As a matter of fact he is prepared to devote practically full time to this appointment but because of his professional standing in the field of aeronautics and air transportation, there are many calls upon him for consulting services. It is, therefore, desirable to give him an appointment which will enable him to do a limited amount of outside consulting work. This appointment is heartily endorsed by the other members of the Advisory Board on Aeronautics.

Commander Bonnalie has been a member of the University of Illinois Advisory Board on Aeronautics since it was organized. Before going into active service in the United States Navy in 1940, he was an executive in the United Airlines.

Commander Bonnalie is one of the pioneers in aviation. He has had practical experience in the educational, research, commercial, and military and naval aspects of aviation and is admirably qualified for the position of Director of the Institute of Aeronautics. He was born in Denver, Colorado, September 29, 1893, and began flying in 1911. During World War I he served as an officer in the United States Army, and also with the Royal Flying Corps of Great Britain. He has served as an officer in the United States Naval Reserve since 1926 and has been in active service during the past five years. His military decorations include the Distinguished Service Cross and the British Distinguished Service Order.

He was in aeronautical design and construction work with aircraft and engineering companies for several years. From 1919 to 1938 he was Director of Technical Instruction at the Boeing School of Aeronautics, Oakland, California. Since 1938 he has been with the United Airlines Transport Corporation as Assistant Superintendent of Flight Operations, Assistant Director of Flight Operations, and Assistant Executive Vice President of Flight Operations. During 1940-1941 he served as Special Lecturer on Air Transportation at Purdue University.

On motion of Mrs. Grigsby, this appointment was authorized as recommended.

#### **APPOINTMENT OF ROBERT P. FISCHER**

(24) The Dean of the College of Liberal Arts and Sciences, the Associate Dean of the College of Liberal Arts and Sciences in charge of the Division of General Studies, and the Head of the Department of Psychology recommend that Dr. Robert P. Fischer, now Examining Psychologist in the Division of General Studies and Assistant Professor of Psychology, be appointed Research Examiner in the Division of General Studies for one year from September 1, 1945, at a salary of \$3,500.

This is to replace the recommendation for Doctor Fischer in the budget for 1945-1946 as submitted to the Board of Trustees at this meeting.

I concur.

On motion of Mr. Fornof, this appointment was made as recommended.

#### **DEPARTMENT OF OTOLARYNGOLOGY**

(25) The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy recommends that the name of the Department of Laryngology, Rhinology, and Otology be changed to the Department of Otolaryngology, which is the accepted nomenclature throughout the country and is much simpler for the records.

I concur.

On motion of Mr. Williamson, this change was made as recommended.

#### **APPOINTMENT OF HUBERT WINSTON SMITH AS PROFESSOR OF LEGAL MEDICINE**

(26) The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy, the Dean of the College of Law, and the Dean of the Graduate School

recommend the appointment of Dr. Hubert Winston Smith, formerly on the faculty of Harvard University Law and Medical Schools, more recently an officer in the United States Naval Reserve, as Professor of Legal Medicine in the Graduate School for two years from September 1, 1945, at an annual salary of \$10,000 payable from the "Distinguished Professorships Fund" of the Graduate School, his time to be divided between the Colleges of Medicine, Law, and the Graduate School. The Dean of the Graduate School proposes that assignments be made from the "Distinguished Professorships Fund" as follows:

Salary of Dr. H. W. Smith.....	\$10 000
Research assistants (one or more).....	2 200
Clerical help.....	1 800
Travel .....	1 000
Incidental office expenses.....	700
<i>Total</i> .....	<u>\$15 700</u>

The professions of law and medicine touch each other at various points, each having valuable contributions to make to the other. Scientific data are used constantly in law administration, but the machinery of law is not adjusted to receive full benefit of these data. Opportunities for research in the field and potential contributions resulting therefrom to society are great.

If appointed to the faculty of the University of Illinois, Dr. Smith will require clerical assistance and a research worker. He will also need funds for travel, since he will be working in Chicago as well as Urbana-Champaign. Provisions for such expenses would be made in the allocation of funds indicated above.

I concur in these recommendations.

On motion of Mr. McLaughlin, these recommendations were adopted.

#### **BUILDING PROGRAM**

President Livingston reported on the building program and commented on the urgency of the situation and the serious consequences of delay.

President Willard also commented, and filed with the Secretary of the Board a copy of a letter to Governor Green, dated August 18, 1945, and a letter from Director C. S. Havens, dated August 28, 1945, pointing out the necessity of immediate release of funds if these buildings are to be available for use during the biennium.

#### **REPORT OF EXECUTIVE COMMITTEE MEETING OF AUGUST 28, 1945**

The Secretary reported for record that a meeting of the Executive Committee in conference with the standing committees of the Board was held at the University Club, Chicago, at 6:30 p.m. on Tuesday, August 28, 1945. Present: Mr. Livingston, Chairman, Dr. Meyer, member of the Executive Committee, and Mr. Forno, Mrs. Grigsby, Mr. McLaughlin, Mr. Nickell, and Mr. Williamson; also President Willard, Mr. Janata, Mr. Cunningham, Mr. Morey, Mr. Griffith, Mr. Havens, and Commander Allan F. Bonnalie.

After a general discussion of the internal budget and of other matters to be presented to the Board at the meeting of August 29, 1945, the Executive Committee adjourned, at 11:15 p.m.

**REPORT OF THE FINANCE COMMITTEE**

Mr. Williamson, for the Finance Committee, presented the following.

The Sixty-Fourth General Assembly of the State of Illinois changed the Trust Investment Statute to permit trustees to invest funds in any sound investment which a prudent man would select for his own personal funds. This permits investment in common and preferred stocks.

The Finance Committee has studied suggestions from our investment counsel, The First National Bank of Chicago, and has given consideration to industrial reconversion problems, the need for diversification of investments and the desire to obtain as good a return as possible with safety of principal a prime consideration.

It is recommended that the following sales and purchases be approved at this time with the understanding that additional recommendations will be made as conditions seem to warrant.

**RESOLUTION REGARDING DISPOSITION OF AMERICAN  
TELEPHONE AND TELEGRAPH COMPANY STOCK**

*Whereas* the Board of Trustees of the University of Illinois is the owner of one share of American Telephone and Telegraph Company Stock and

*Whereas* it is recommended by the Finance Committee of the Board of Trustees that this one share of stock be sold at the prevailing market price;

*Now, therefore*, be it resolved by the Board of Trustees of the University of Illinois

1. That the sale of such stock be made.

2. That Lloyd Morey, Comptroller, and H. E. Cunningham, Secretary, be authorized to execute any and all documents necessary to complete such sale.

On motion of Mr. Williamson, these changes in investments were approved and authorized, and the resolution was adopted as recommended.

**COMMITTEE ON DEDICATION OF AIRPORT**

## THE UNIVERSITY BUDGET FOR 1945-1946

(Approved by the Board of Trustees August 29, 1945, page 631)

## EXPLANATORY NOTES

This budget consists of two volumes: (1) Summaries, Academic and Administrative Salaries, Wages, and Expense and Equipment; (2) Nonacademic Salaries.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1945.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance lapses at that time.

Funds appropriated for positions in the salary budget which are not yet filled may, pending regular appointments, be drawn against by voucher to the Business Office for services of employees temporarily engaged to do the work contemplated by the position. Such temporary charges *may not exceed the amount of time provided* by the position unless indicated herein or otherwise approved by the President.

All balances remaining in the salary budget at the end of the term indicated or at August 31, 1946, lapse on those dates.

Departmental appropriations are made under the captions "Salaries," "Wages," and "Expense and Equipment." No transfers may be made between "Salaries" and other captions except with the approval of the President of the University. *Requests for such changes should be submitted to the Comptroller.* Adjustments may be made between "Wages" and "Expense and Equipment" on written request to the Comptroller.

Appropriations for expense and equipment and for wages are available for one year beginning July 1, 1945, and ending June 30, 1946. All unexpended balances in wages appropriations and *unencumbered* balances in expense and equipment appropriations lapse June 30, 1946.

*Unless otherwise indicated in the budget:*

1. The service required under appointments in this budget to positions on the teaching faculty covers the academic year of the University, not including the Summer Semester. Salaries of such positions of the rank of Associate and above are paid in twelve equal monthly installments; salaries of other ranks, in ten equal monthly installments. Salaries of part-time assistants are paid in eight equal monthly installments.

2. The service required in all positions in experiment stations and bureaus of research, and in research positions in other departments, is for a full year of twelve months, with allowance of one month for vacations, and salaries are paid in twelve equal monthly installments.

3. The service required in all other positions, unless otherwise indicated—administrative, clerical, and service positions—is for a full year of twelve months, with allowance for vacations, and salaries are paid in twelve equal monthly installments.

*Symbols:*

A—Indefinite tenure. F—Eight months from October 1, 1945.  
B—Two years from September 1, 1945. G—Special tenure.  
D—One year from September 1, 1945. H—July 1, 1945, to June 30, 1946.  
E—Ten months from September 1, 1945.

*Part-time:*

When any of the above symbols is combined with a number, the number indicates the fraction of time in per cent covered by the position.

# MEETING OF THE BOARD OF TRUSTEES

OF THE

# UNIVERSITY OF ILLINOIS

---

**October 18, 1945**

**With Executive Committee Meeting of**

**October 18, 1945**

The October meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, at 12 o'clock noon (Chicago daylight-saving time) on Thursday, October 18, 1945.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Professor C. R. Griffith, Provost, Mr. C. S. Havens, Director of the Physical Plant, Mr. J. F. Wright, Director of Public Information, and, during part of the day, Dr. R. B. Allen, Executive Dean of the Chicago Colleges, Professor W. E. Britton, Legal Counsel, and Mr. D. E. Dickason, Director of Nonacademic Personnel.

## MINUTES APPROVED

The Secretary presented the minutes of the meetings of July 25-26 and August 29, 1945; also, for record, the minutes of meetings of the Executive Committee on July 30 and August 28 and 29, 1945.

On motion of Mr. Williamson, the minutes were approved and received for record as printed on pages 599-854 above.

**TELEGRAM FROM DR. GEORGE D. STODDARD**

President Livingston read the following telegram from Dr. George Dinsmore Stoddard, President-Elect of the University of Illinois.

On the occasion of your October Board Meeting I feel that you should have a statement from me concerning the recent controversy as President of the University of Illinois. My fixed policy will be to uphold our democratic institutions in which is imbedded the right to religious freedom. The University of Illinois belongs to the people of Illinois who erected it and who support it. It must be administered in the light of their social ideals and principles. Freedom of religion involves respect for the religious beliefs of the citizens of Illinois. While adhering firmly to my own personal convictions I shall administer the University within the limits of academic freedom, and I shall respect and endeavor to make respected the religious beliefs of all students. In these critical times educators recognize the responsibility of stressing the moral values which religion inculcates and supports. In twenty years of professional life I have had no interest in the private beliefs of any person, and I have not known, save incidentally, the church affiliation of any student, colleague, or associate. I will follow the same policy at the University of Illinois.

GEORGE D. STODDARD

Mr. Davis stated that the Committee on General Policy had met earlier in the day and had recommended that the Board adopt the following statement of policy:

The Board of Trustees is committed to the principle, which it now reiterates and clarifies, that every student of the University of Illinois and each member of its faculty and administrative staff is entitled to freedom of religious belief. Included in that principle must be the practice that no member of the faculty, or any administrator of the University, may do anything by word or act to influence, change, or criticize the faith or religious conviction of any student.

Freedom of opinion and religious faith are fundamental in American life. The employment of any member of the faculty or any administrator has attached to it the condition that untrammelled freedom of faith and opinion will be respected and observed. Any member of the faculty of the institution is entitled to entertain such beliefs, disbeliefs, or opinions as his conscience may dictate.

Dr. George D. Stoddard was employed on the basis of a distinguished record as an educator. He is now the President of the University of the State of New York, and Commissioner of Education of that State, and, as such, the head of the educational system of that State. His educational qualifications are of the highest.

On thorough inquiry, the Board of Trustees of the University of Illinois ascertained that Dr. George D. Stoddard is in complete harmony with and fully committed to our firmly established basic principle ever to maintain this great University and its affiliates free from any and every religious controversy and prejudice. We are assured by Dr. Stoddard that in his twenty years of professional life as an educator he has never made inquiry into the church affiliation or beliefs of any student, colleague, or associate, and that he will demand strict adherence to this policy as President of the University of Illinois.

On motion of Mr. Davis, this statement of policy was unanimously approved and adopted. Dr. Karl A. Meyer, who was present at the committee meeting, instructed the Secretary to record him as voting in the affirmative on this matter.

**REPORT OF EXECUTIVE COMMITTEE MEETING  
OF OCTOBER 18, 1945**

The Secretary presented for record the following report of a meeting of the Executive Committee.

The Executive Committee of the Board of Trustees of the University of Illinois met at the University Club, in Chicago, Illinois, at 11 o'clock a.m. on

Thursday, October 18, 1945. The following members of the Committee were present: Mr. Park Livingston, Chairman, Mr. Chester R. Davis, and Dr. Karl A. Meyer; also, President Arthur C. Willard, and Mr. H. E. Cunningham, Secretary.

The Committee considered the following matters presented to it by the President of the University:

#### Funds for Remodeling Old Power Plant Building

A recommendation that an assignment of \$4,200 be made from the General Reserve Fund for the preparation of plans, specifications, and estimates and for professional services for remodeling the Old Power Plant Building for the use of certain space therein for the Naval Reserve Officers Training Corps.

On motion of Mr. Davis, this appropriation was made by the following vote: Aye, Mr. Livingston, Mr. Davis, Dr. Meyer.

#### Hospital and Medical Fee Insurance

September 28, 1945

<i>Honorable Park Livingston,</i>	} Executive Committee, Board of Trustees
Chairman	
<i>Honorable Chester R. Davis</i>	
<i>Honorable Karl A. Meyer</i>	

#### GENTLEMEN:

On April 29, 1943, the Board of Trustees authorized the adoption of a uniform hospital and medical service plan for students on the Urbana campus, to be effective at the beginning of the fall term of 1943, and the assessment of a fee of \$5.00 per semester, or a prorated amount for terms of different lengths, to be paid by all students. The Board also authorized the carrying of insurance to cover the University's obligations under this plan for a period of two or three years.

It is the judgment of the Comptroller, the Legal Counsel, and the Dean of Students that the University should continue to insure this obligation. Because the hospital fee is established at \$5.00 per semester, instead of asking for premium quotations, thirty-one agents were requested to quote the amount of benefits that the insurance company would supply for a premium of \$4.75, the balance of 25¢ being retained by the University to cover clerical costs.

Quotations were received from fifteen companies or agents. A copy of the Purchasing Agent's "Recommendation for Purchase" of this insurance which includes a list of all quotations received is enclosed. The two offering the greatest benefits are:

<i>Firm</i>	<i>Daily hospital benefit (board and room)</i>	<i>Other hospital charges (per semester)</i>	<i>Physician's fees (per semester)</i>
Northern Illinois Hospital Service, Inc., Rockford, Ill.	\$3.50 for 30 days (total, \$105)	\$20 per admission (limited to three)	\$90 (surgery benefit of \$100 may be substituted)
Employer's Liability Assurance Corp., Ltd.	\$4.50 for 28 days (total, \$125)	\$22.50 per semester	\$56

The Northern Illinois Hospital Service offers greater benefits in the aggregate than the Employer's Liability Assurance Corporation. The former, however, is an incorporated association operated not for profit, and at December 31, 1943, quoting Best's Insurance Report, its surplus amounted to \$74,339. Hospital associations are not given a policy holder's or a financial rating by Best's. Physician's fees will be insured by the Northern Illinois Hospital Service with the Continental Casualty Company, which had a surplus of \$17,627,142 at December 31, 1943 and carries a rating of A+ (policy holders) and AAAAA (financial) by Best's. The Employer's Liability Assurance Corporation as shown

by Best's Report had \$18,575,218 surplus at December 31, 1943, and was rated A+ (policy holders' rating) and AAAAA (financial rating) by Best's.

Considering all factors involved, the Comptroller and Dean of Students recommend that the insurance for 1945-1946 be placed with the Employer's Liability Assurance Corporation with an option for renewal on the same basis for 1946-1947 if it proves satisfactory.

The President of the University concurs in this recommendation. It is important that this insurance be placed before the opening of the first semester of 1945-1946 (the registration days are October 6 for freshmen, and October 8 and 9 for upperclassmen; instruction begins on October 10), and since some time is required to conclude the negotiations, the Comptroller has requested this office to present the matter to the Executive Committee by mail. I am sending this letter in duplicate and am respectfully requesting that each member of the Executive Committee indicate his approval or disapproval on one copy of the recommendation and return it to this office. If all members of the Committee approve, the Business Office will place the insurance as recommended, and this action can be confirmed by the Committee the next time it meets.

I should add that the Comptroller had previously presented this proposal to Mr. Kenney E. Williamson, because he is in the insurance business, for his advice, and Mr. Williamson replied as follows:

"I am returning herewith the hospitalization material, and it looks all right to me. From what I have heard the Employer's Liability Assurance Corporation is perfectly reliable."

Respectfully yours,

A. J. JANATA  
*Assistant to the President*

On motion of Mr. Davis, this recommendation was adopted and the Comptroller was authorized to place the insurance with the Employer's Liability Assurance Corporation, Limited, for one year only, with no automatic provision for renewal on the same basis for 1946-1947 if the policy proves satisfactory. It was the judgment of the Committee that no insurance policy should be renewed without prior authorization by the Board or its Executive Committee.

#### **Expense of Dedication of Airport**

On motion of Mr. Davis, an appropriation of \$8,000 was made from the General Reserve Fund for the expense of the dedication of the airport. The vote was as follows: Aye, Mr. Livingston, Mr. Davis, Dr. Meyer.

The Executive Committee adjourned.

H. E. CUNNINGHAM, *Clerk*

PARK LIVINGSTON, *Chairman*  
CHESTER R. DAVIS  
KARL A. MEYER

#### **MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

#### **APPOINTMENTS TO UNIVERSITY OF ILLINOIS GENERAL ADVISORY COMMITTEE**

(1) On March 13, 1945, the Board approved a recommendation from its General Policy Committee that the personnel of the University of Illinois General Advisory Committee be increased and that all other University, College, and Departmental advisory committees be included with this group as collateral or subcommittees.

On May 12, 1945, I submitted nominations for additional appointments to the General Advisory Committee in line with the previous action of the Board. The Board deferred action with the suggestion that consideration be given to more appointments from downstate Illinois. It was also suggested that members of the Board of Trustees could recommend candidates. I now submit the following nominations for additional appointments to the General Advisory Committee, including individuals recommended by the Board of Trustees.

#### RESIGNATION OF DR. DONALD B. KEYES

(2) Dr. Donald B. Keyes, Professor of Chemical Engineering in the Department of Chemistry and in the Engineering Experiment Station, has resigned his position effective September 1, 1945. He has been on leave of absence without pay since January 16, 1943, for service with the Office of Production Research and Development of the War Production Board. In submitting his resignation Professor Keyes stated that he was offered "an extremely attractive industrial position with a salary far beyond the scale paid at the University," and that although he had been looking forward with pleasure to returning to the University and supervising the design of the new Chemical Engineering Building, he felt that in justice to his family and his own future he could not refuse the offer.

On motion of Mr. Davis, this resignation was accepted with regret.

#### LEAVE OF ABSENCE FOR PROFESSOR ROGER ADAMS

(3) As reported to the Board on August 29, 1945 (Minutes, page 619), Professor Roger Adams has been on leave of absence as Head of the Department of Chemistry, with pay, for services as a member of the National Defense Research Committee and Chairman of one of its divisions. Members of this Committee receive no compensation from the Federal Government for their services.

Professor Adams has been appointed Professor of Organic Chemistry and Head of the Department of Chemistry, on indefinite tenure, beginning September 1, 1945, at a salary of \$12,000 a year (on indefinite leave of absence as Head of the Department, with pay, for approved war work).

He had previously expected to come back to his University work on October 1, and to go to Washington from time to time only when necessary; and he further expected to return to his duties full time by the opening of the second semester. He has now been asked to undertake a six months' mission for the Government which would take him to Germany and would require him to be away until May, 1946. The senior staff members in the Department of Chemistry are reluctant to have him take on any obligations which would keep him away so much longer. After due consideration of all factors, Professor Adams has requested that he be permitted to accept the foreign mission provided he can return to the University on or about March 1, 1946.

On motion of Mr. Davis, this leave was granted, on the ground that the mission was of great national importance.

**SERVICES OF H. M. GRAY ON THE REGIONAL WAR LABOR BOARD**

(4) Professor H. M. Gray, Associate Dean of the Graduate School, was authorized to serve as one of four public representatives on the Regional War Labor Board and to accept a per-diem compensation for such services. This authorization was originally granted by the Board on January 23, 1943, and was extended on October 29, 1943, and again on November 30, 1944. Professor Gray served from February 1943, until August 31, 1945, when he terminated his active service as a Public Member of the Board. This date coincides with the expiration of the period for which he was authorized by the Board of Trustees to serve in that capacity. He reports that the War Labor Board is scheduled for early liquidation and that during this period of transfer of functions, Chairman Edgar L. Warren has asked that Dean Gray allow his name to remain on the roster of Public Members, with the understanding that he will not be called upon for any regular duties but will be available for consultation on questions of policy. I am authorizing him to continue in such a consulting capacity until December 31, 1945, and request confirmation of this action.

On motion of Mr. Williamson, this action was approved and confirmed.

**VETERINARY PATHOLOGY LABORATORY**

(5) The Department of Veterinary Pathology and Hygiene and the College of Veterinary Medicine recommend that the name of the Animal Pathology Laboratory be changed to Veterinary Pathology Laboratory.

I concur.

On motion of Mr. McLaughlin, this change was approved as recommended.

**LEGAL SERVICES**

(6) On February 24, 1945, the Board of Trustees authorized the Legal Counsel to employ other attorneys to assist in carrying on the legal work of the University. Dean Albert J. Harno, then Legal Counsel, submits the following report on the employment of such attorneys, the services rendered, and the fees paid from the time of this authorization to July 1, 1945. Dean Harno's services as Legal Counsel terminated on September 1, 1945.

*John H. Armstrong, Champaign.* Services performed in connection with various objections to taxes and claims for exemptions from taxes by the University, involving the following properties: University Club, the Kimmel Farm, the Skating Rink, the Babcock Trust, the Wright Farms in DeKalb County, and other properties formerly held by the University of Illinois Foundation. Fee paid, \$350.

*Meyer and Franklin, Champaign.* Services in connection with the examination, re-examination, joining in curing objections to title, preparing original and final title opinions prior to closing, and final opinion thereafter, and closing: (a) Raymond S. Pruitt transaction, \$83; (b) Lena R. Green, *et al.*, transaction, \$53.25; (c) Mark D. Brown, *et al.*, transaction, \$68; (d) Fidelity Investment and Building Association transaction, \$88.50; total, \$292.75.

*H. I. Green and Associates, Urbana.* This firm has been retained to assist in connection with condemnation of land proceedings. The services have only recently begun and no fees have been paid.

*Dobbins, Dobbins, and Thomas, Champaign.* Services rendered in connection with tax foreclosure suit in Gallivan Addition, including attendance at hearings before Master-in-Chancery, \$97.50. Services in connection with accident compensation case, \$113.

In addition to the above, the University has employed the following individuals:

*N. D. Belnap, Chicago.* Mr. Belnap represented the University in a controversy before the Illinois Commerce Commission involving freight rates for coal. He was retained by authority of the Board on recommendation of Judge Sveinbjorn Johnson, former University Counsel. A separate report on his services was made to the Board of Trustees on August 29, 1945.

*Chapman and Cutler, Chicago.* This firm represented the University in legal matters relating to the airport, and reports on its services were made to the Board from time to time. This firm gave some services for a short time in relation to an accident compensation case; and it is now rendering services on the issuance of bonds connected with the construction of residence halls.

*Walter F. Dodd, Chicago.* By special authorization of the Board, Mr. Walter F. Dodd was appointed to represent the University in the case of *Sassetti et al. v. University of Illinois et al.*, in which case the constitutionality of the Public Accounting Act of 1943 is under attack.

*Arthur L. Barton, New York.* By special action of the Board, Mr. Barton was appointed to represent the University in probate proceedings in the Edward C. Earl Estate, which is being probated in New York.

#### PATENT COUNSEL

The following firms have been employed as special counsel on patent matters by authorization of the present and previous Boards of Trustees. Since another member of the College of Law faculty, Professor M. I. Schnebly, is the law member of the faculty Committee on Patents, Dean Harno has had nothing to do with the employment of these firms but has included them in order to present a complete picture of outside legal services performed during the past year.

*Brown, Jackson, Boettcher, and Dienner, Chicago.* This firm was formerly retained by the University as Patent Counsel and is continuing to render services on cases previously referred to it which are still pending. No new cases have been referred to this firm.

*Benton Baker, Chicago.* Formerly retained as Patent Counsel for certain cases and still handling some unfinished business.

*Charles J. Merriam* of the firm of Chritton, Wiles, Schroeder, Merriam, and Hofgren, Chicago, which is currently serving as Patent Counsel for the University.

On motion of Mr. Davis, the payment of these fees was authorized, and the Executive Committee was authorized to approve payment of the fee of Mr. Thomas L. Marshall, employed to conduct the hearing of Dr. Thomas E. Benner, when the statement is received.

#### ELECTRICAL INSTALLATIONS AND DRAINAGE FOR HANGAR AT UNIVERSITY AIRPORT

(7) The supervising engineer for the construction of the University of Illinois Airport submitted proposals for installations in connection with the erection of the hangar at the University of Illinois Airport as follows:

*Electrical Work.* I have a proposal from the Wilson Electric Company of Rockford, Illinois, to supply the electrical installations at the hangar. The John Felmley Company employed two electricians from this company to dismantle the electrical equipment at Grady, Arkansas, and these men will be sent to our airport to make the new installation. The price quoted is \$1,948. I have inquired about this price, and feel that it is satisfactory. It would be impractical at this time to get plans and specifications ready to ask for bids on this contract. Since the company is familiar with the installation in great detail, we can avoid the expense of plans. I, therefore, recommend that I be authorized to accept the proposal of the Wilson Electric Company.

*Disposal System.* We have plans drawn for the temporary disposal system to provide for sanitary drainage from the hangar. The Chas. M. Porter Company of Maywood, Illinois, is now engaged in doing the work in connection with the eastern drainage ditch and will have the necessary equipment, materials, and labor to expedite the installation of this temporary system. I do not have their written quotation at this time, but I am assured that it will not be in excess of \$1,800. I have also checked this price, and am convinced that it is not out of line. I, therefore, request authority to accept the proposal of the Chas. M. Porter Company.

The members of the Executive Committee authorized acceptance of these proposals, and confirmation of their action is requested.

On motion of Mrs. Grigsby, these awards were confirmed.

#### NAVAL SCIENCE BUILDING

(8) The United States Navy has approved the establishment of a unit of the Reserve Officers Training Corps at the University of Illinois. Activation of such a unit will begin November 1, 1945. The present Navy V-12 unit will be continued but will gradually be replaced by the N.R.O.T.C.

The program requires a Naval Science Building for the installation of Naval Ordnance and other equipment to provide instructional facilities in Naval Science. While the Navy would prefer a new and separate building, no funds for this are available. It is possible to provide the facilities required by remodeling the old boiler room in the Physical Plant Service Building (formerly the old Power Plant), which will cost less than a new building. Since funds are available for such remodeling in the Act making appropriations for a State-wide System of Public Works Projects, and it is possible to start construction immediately, the Navy Department has agreed to accept such facilities. The funds are available in the appropriation for "Remodeling and Modernization of Existing Buildings, \$143,000" and in "Contingencies to Cover Expenditures for Purposes for Which the Amount Appropriated in Any Item is Insufficient, \$500,000." The Governor has already approved the release of the \$143,000 so that this money is immediately available.

It is estimated that the remodeling of the old boiler room in the Service Building will cost between \$250,000 and \$270,000, not including any office furnishings and equipment, some of which will be furnished by the Navy. The University may recover some of this expense as Federal funds may be available for N.R.O.T.C. buildings. The maximum recovery would be \$75,000. A new building with the same capacity as that available in the Physical Plant Service Building would cost at least \$300,000. In addition to the construction cost, it is estimated that operating and maintaining the remodeled building as a Naval Science Building will cost \$10,500 a year, which would be a recurring expense.

It was necessary to assure the Navy by October 1, 1945, that remodeling of an existing building will cost less than a new building and that funds are available to start such remodeling immediately, and the President of the University authorized the following: (1) preparation of plans and specifications for the remodeling of the old boiler room in the Service Building for use as a Naval Reserve Officers Training Corps Building, (2) the preparation of such plans and specifications for construction by local contractors on a cost-plus-fixed-fee basis, since securing bids would result in a delay of at least 30 days; (3) official notice to the Navy that the above construction program would be started.

As previously indicated, the estimated cost of this remodeling will be a maximum of \$270,000. The Governor has already released the full amount of \$143,000 for remodeling and modernization of existing buildings, and there is a contingencies item of \$500,000 for the entire University building program. I therefore recommend that the Board of Trustees request the Governor to release \$127,000 of this contingency item to supplement the appropriation of \$143,000 for remodeling and modernization of existing buildings. I further recommend that an appropriation of \$10,500 be made from the operating reserve to the Physical Plant Department for operation and maintenance expense on the remodeled building. Since this is an estimated annual operating expense, part of it will lapse, depending on when the remodeling is completed and the quarters are occupied by the Navy.

On motion of Mr. Williamson, these recommendations were adopted, and the Secretary was instructed to make record of the appreciation of the Board for the successful work of all who had part in the establishment of a unit of the N.R.O.T.C. at the University of Illinois. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. Mc-

Laughlin, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### APPROPRIATION FOR COMMITTEE ON PATENTS

(9) The operating budget for 1945-1946 includes an item of \$1,500 for the Faculty Committee on Patents. This is insufficient, and I recommend that a supplementary appropriation of \$2,000 be made from the General Reserve Fund to the Committee on Patents for patent expenses.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

#### REPORT OF COMMITTEE ON PATENTS

At this point, Mr. Davis, for the Committee on Patents, reported the following recommendations.

1. That two discoveries resulting from research of a highly confidential nature be released to the federal government.

2. That the recommendation that contracts for research investigations by private industries and other agencies be amended by the insertion of a provision for royalty-free exclusive licenses to the sponsor be not approved.

3. That the following procedures be adopted for dealing with patentable discoveries made by members of the University staff, as they are reported:

(a) The Faculty Committee on Patents may consult with the University's patent attorneys immediately, without prior authorization by the Board of Trustees.

(b) If, in the judgment of counsel, the discovery should be patented, an application for patent shall be filed immediately and reported to the Board at the next opportunity.

(c) If in the judgment of the Faculty Committee, the University would not be justified in expending funds for a patent application, a recommendation shall be made to the Board for the release of the discovery to the discoverer.

4. That the following revision (recommended by the Comptroller) of the principles governing charges for indirect costs incurred in conducting research financed and sponsored by outside agencies be adopted.

#### POLICY RELATING TO RESEARCH CONTRACTS

(As adopted by the Board of Trustees on January 24, 1942,  
and amended on October 18, 1945)

##### I

Sponsors of special or specific researches to be carried on under the direction and supervision of the University, in general, shall be grouped as follows for the purpose of determining rights in patentable discoveries.

(1) Individuals, natural persons, and corporations interested in patentable discoveries which may grow out of the sponsored research;

(2) Associations of individuals, manufacturers, utilities, and similar groups, interested in any patentable discoveries which may result from the prosecution of the sponsored research;

(3) Public governmental agencies, including the United States Government and its agencies, and any of the states of the Union and their agencies, not interested in or concerned about patentable discoveries;

(4) Technical societies, committees, foundations, and the like which sponsor special or specific researches, but are not interested in or concerned about patentable discoveries which may grow out of the research.

##### II

Sponsors falling within groups (1) and (2) will be expected to enter into contracts containing, among other things, the following clauses and paragraphs:

"It is agreed that all results of experimental work, including patentable discoveries, carried on under the direction of the scientific staff of the University, belong to the University and to the public and shall be used and controlled so as to produce the greatest benefit to the public. It is agreed that if patentable discoveries grow out of the investigation and such discoveries have commercial value, the sponsor, on payment of the entire cost of securing a patent, shall be given free use of the patent as a non-exclusive license, it being agreed that other licensees shall pay the University a royalty which in the opinion of the University is fair to the sponsor and to the public. The sponsor shall notify the University in writing whether it will pay the costs of filing an application and procuring a patent on any discoveries which may be patentable, within sixty days from the date when the University gives the sponsor notice of any such discovery. In case the sponsor does not wish to assume the expense of securing a patent, the University may, in its discretion, do so, and the sponsor shall be given a non-exclusive license on substantially similar terms as other licensees.

"Payments from this fund shall be made only on vouchers approved by (insert here name of department head supervising work) for this work. At the close of the period covered by this agreement, the Comptroller shall render an accounting to the sponsor. All special apparatus for this investigation and not available in the laboratories of the University shall be purchased from, and charged against the funds provided by the sponsor for this purpose. All equipment and materials shall be the exclusive property of the University and no exception to this rule shall be made without the approval of the Board.

"It is agreed by the sponsor that it will not under any circumstances use the name of the University in any advertisement, whether with reference to the cooperative agreement or any other matter, without the prior approval of the University."

### III

Sponsors falling within groups (3) and (4) will be expected to sign a contract in the form the University has been using heretofore, except that it should contain the following, or its substantial equivalent:

"It is agreed by the parties to this contract that all results of experimental work, including patentable discoveries, carried on under the direction of the scientific staff of the University belong to the University and will be used and controlled so as to produce the greatest benefit to the public."

### IV

In all cases of existing special research agreements, executed prior to January 1, 1942, where the sponsor requests an extension, the extension may be agreed to by the University for not to exceed one year, with notice to the sponsor that if further extensions be desired they must be made on terms conforming with the general principles stated in I, II, and III of these proposals, and they shall be informed of the exact terms on which such extensions will be made.

### V

The following procedure is established for dealing with discoveries which may be patentable as they are reported:

(1) The Faculty Committee on Patents may consult with the University's patent attorneys immediately without prior authorization by the Board of Trustees.

(2) If, in the judgment of counsel, the discovery should be patented, an application for patent shall be filed immediately and the same reported to the Board at the next opportunity.

(3) If, in the judgment of the Committee, the University would not be justified in expending funds for a patent application, a recommendation will be made to the Board for the release of the discovery to the discoverer.

### VI

All research contracts are to be classified by the Director of the Experiment Station in the case of Agriculture and Engineering, and in other cases by the Dean of the Graduate School and the University Research Board, after con-

sultation with the dean of the college concerned, in accordance with the scientific benefits resulting to the University and the public, considering the direct value that accrues to the donor from the research project, as follows:

(1) Those mainly for the benefit of outside sponsors with little or no research objectives involved from the standpoint of the University. (Example, U. S. war contracts and contracts covering commercial tests in accordance with Article 46 of the University Statutes which specifies "such tests are justified when the result may be of scientific value, or when the necessary facilities do not exist elsewhere or are not readily accessible.")

(2) Those which are largely for the benefit of sponsors but which fit into the University research objectives.

(3) Those which are supplemental to the University's research program and provide funds for desirable expenditures which the University otherwise would not be able to make or, in some instances, would relieve the University of expenditures that it might otherwise make and thus free University funds for other or additional research expenditures.

Projects in group (1) should be charged with an amount that will compensate the University, as fully as possible, for all indirect costs to which it has been put in carrying out the project.

The rate of reimbursement for indirect costs of group (2) will be determined by the Director of the Experiment Station in the case of Agriculture or Engineering, or by the Dean of the Graduate School and the University Research Board after consultation with the dean of the college concerned. The Business Office will also be consulted when arriving at the rate of reimbursement or amount of indirect costs involved in this group. Such rate or amount will depend on the benefits to result to the University and the public from the project.

No charge for indirect costs will be made to group (3), such costs being considered the contribution of the University to the project.

Employer contributions to the Retirement System for retirement annuities and disability and death benefits, covering the salaries of participants in the System paid from contract funds, are to be considered as direct costs of all research contracts with outside sponsors.

To provide for possible losses under the Workmen's Compensation Act, 1½% of all payments made for personal services, paid from contract funds, will be assessed against such funds. Such charge will not be made if the research contract provides indemnity to the University for any losses incurred under such Act, or if the interests of the University do not appear to require it. Such rate may be reduced if justified by experience, or if in individual projects the probability of loss is small. The sums thus accumulated will be carried in a reserve account from which such claims will be paid.

These provisions will not apply to contracts and commitments now in force, unless agreed to by the sponsoring agency.

On motion of Mr. Davis, these recommendations were approved.

#### **SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(10) The Committee on Special Appropriations and Nonrecurring Expenditures recommends assignments from the General Reserve Fund for the following purposes, these appropriations to be available until January 1, 1947:

Equipment for medical records library of the Research and Educational Hospital.....	\$ 2 500	
Increases in estimates of items previously approved:		
Ventilation of 101 Armory.....	\$1 250	
Alterations, 406 South Goodwin.....	3 100	
Remodeling 101, 114, 114a Natural History Building.....	1 200	5 550
Equipment for the College of Engineering:		
Civil Engineering.....	\$1 050	
Physics .....	2 486	3 536
Equipment for Radio Station.....		5 400

## Equipment for College of Liberal Arts and Sciences:

Department of Bacteriology.....	\$2 191	
Department of Spanish and Italian.....	641	
Department of Botany.....	7 000	
Museum of Natural History.....	<u>3 000</u>	12 832
New truck for Department of Dairy Husbandry.....		2 500
New equipment for Home Economics Cafeteria.....		<u>10 000</u>
Remodeling ground floor of Smith Music Hall (award of contract for the general work to Corkery and Siems, Champaign, the only bidder, in the amount of \$3,411 is also recommended). .....		3 800
<i>Total</i> .....		<u>\$46 118</u>

I concur.

On motion of Mrs. Grigsby, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

**RELEASE OF FUNDS FROM STATE-WIDE PUBLIC  
WORKS PROJECTS APPROPRIATION**

(11) Governor Dwight H. Green has authorized the release of funds from the appropriations, totaling \$16,809,000, made in the "Act making appropriations for a State-wide system of public works projects, including all ordinary and contingent expenses relating thereto," for the following purposes:

*September 27, 1945*

For preparation of plans and specifications for projects as follows:

1. For construction of Students' Residence Halls and equipment....	\$ 64 125
2. For construction of Betatron and Physics Research Laboratory and equipment.....	9 000
3. For construction of Power Plant addition and equipment.....	35 700
4. For construction of additions to Utilities Distribution Systems at Urbana-Champaign .....	41 527
5. For construction of Utilities Distribution System at Chicago....	21 000
For land acquisition at Urbana-Champaign.....	127 000
For land acquisition in Chicago.....	50 000
For remodeling and modernization of existing buildings.....	<u>143 000</u>
<i>Subtotal</i> .....	<u>491 352</u>

*October 10, 1945 (At Urbana-Champaign)*

For health and sanitation improvements (to meet State Department of Public Health standards).....	60 000
For construction of safety improvements (to meet standards of National Safety Code).....	20 000
For construction of sewer extensions.....	<u>40 000</u>
<i>Subtotal</i> .....	<u>120 000</u>
<i>Total</i> .....	<u>\$611 352</u>

An appropriation by the Board of Trustees of this amount for the purposes indicated is requested.

On motion of Mr. Davis, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

The matter of the employment of out-of-state architects was referred to the Committee on General Policy.

**RELEASE AND APPROPRIATION OF ADDITIONAL FUNDS**

At this point, Mr. Livingston reported that he had been assured that the Post-War Planning Commission would recommend to the Governor at its next meeting on October 24 the release of further amounts to the University of \$1,520,622, including \$450,222 for plans for buildings included in the program, \$426,100 for immediate construction of a physics research laboratory and pilot model of the betatron, and \$644,300 for an addition to the Power Plant.

President Willard recommended that, subject to the release of funds for plans and specifications on the building program by the Governor, appropriations be made on each of the projects in order that contracts for architectural services, previously approved by the Board of Trustees at its meeting on June 30, 1945 (and subject to further review by the Committee on General Policy), may be executed without delay.

On motion of Mr. McLaughlin, this recommendation was adopted, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

**FACULTY-GRADUATE STUDENT CENTER INVESTMENTS**

(12) The agreement between the University and the University of Illinois Foundation concerning the investment of funds for the proposed Faculty-Graduate Student Center Building provides that the Board of Trustees should approve such investments.

The Executive Committee of the Foundation requests the approval of the following securities as investments of this fund:

\$11,000 U. S. Treasury Notes 1½% due December 16, 1946<sup>1</sup>

\$10,000 U. S. Treasury Notes 2% due December 15, 1954

On motion of Mr. Davis, these investments were approved as requested.

**SALE OF SECURITIES**

(13) Under date of August 29, 1945, the Board of Trustees approved the sale of two \$1,000 bonds known as Illinois Central Joint 4's of 1963. The First National Bank of Chicago, our investment counsel, has stated that it is impossible to dispose of these bonds without a resolution of the Board of Trustees authorizing the Comptroller and Secretary to execute the necessary documents to complete such a sale. The Comptroller requests and the Finance Committee of the Board has approved the passage of the following resolution:

**RESOLUTION REGARDING DISPOSITION OF TWO \$1,000 BONDS****KNOWN AS ILLINOIS CENTRAL JOINT 4'S OF 1963**

*Whereas* the Board of Trustees of the University of Illinois is the owner of two \$1,000 bonds known as Illinois Central Joint 4's of 1963 and

*Whereas* the Board of Trustees approved the sale of these two bonds in its regularly called meeting on August 29, 1945,

*Now, therefore, be it resolved* by the Board of Trustees of the University of Illinois that Lloyd Morey, Comptroller, and H. E. Cunningham, Secretary, be authorized to execute any and all documents necessary to complete such sale.

I concur and recommend approval.

On motion of Mrs. Grigsby, this resolution was adopted.

**PURCHASES AUTHORIZED**

(14) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified, the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

This report was received for record.

#### **PURCHASES RECOMMENDED**

(15) The Purchasing Agent has proposed and the Comptroller recommends the following purchases. Unless otherwise specified the purchase in each case is recommended on the basis of lowest bid, ceiling price, or because the item is noncompetitive. I concur in the recommendations.

1. Pyrex laboratory glassware, 180 cases, for the General Chemical Stores, from Schaar and Company, at a cost of \$3,000.

2. Construction of one light-scattering apparatus according to special design by Professor P. DeBye, for the Department of Chemistry, at a cost of \$1,800.

On motion of Mr. Fornof, these purchases were authorized as recommended.

#### **ADMINISTRATIVE OFFICER OF COLLEGE OF VETERINARY MEDICINE**

(16) On July 3, 1945, the President of the University appointed a committee to investigate possible candidates for the position of chief administrative officer of the College of Veterinary Medicine and to submit a recommendation.

The report and recommendation of the Committee are submitted herewith.

This matter was referred to the Committee on Agriculture for consideration and report.

#### **DEGREES OF MASTER OF SCIENCE IN CITY PLANNING AND MASTER OF FINE ARTS IN LANDSCAPE ARCHITECTURE**

(17) The University Senate recommends that the Board of Trustees authorize the establishment of the degrees of Master of Science in City Planning and Master of Fine Arts in Landscape Architecture.

I concur in these recommendations.

On motion of Mr. Davis, these degrees were authorized as recommended.

**DEGREES CONFERRED**

(18) The University Senate recommends conferring of degrees in the Urbana and the Chicago departments on those candidates who completed the requirements for their degrees at the close of the summer terms of 1945. The Secretary of the Board of Trustees has been given a list of these candidates (see pages 894-903).

I concur.

On motion of Mr. Williamson, these degrees were awarded as recommended.

**REPORT ON STUDENT HOUSING**

(19) A report from the Dean of Students and the Director of the Physical Plant Department summarizes the University's student housing problem as of the present time, and is submitted herewith for consideration by the Board.

On request of the President of the University, Dean Turner presented this report, containing the following recommendations:

A. Although the present situation is serious, the future seems to be even more critical if enrollment estimates are accurate and, therefore, the permanent housing program submitted to and approved by the Board of Trustees at its meeting on July 30 should be reaffirmed.

B. If funds are available in addition to the specific state appropriation for housing, temporary housing facilities should be constructed. A decision, however, should be reached at once as to the type which will be considered acceptable, in order to make the facilities available for February and September. The following program is recommended if funds are available:

1. Converting the Gymnasium Annex and Engine Annex into a barracks-type housing unit for 300 men students, at a cost of approximately \$35,000 to \$40,000, to be available for use in February, 1946.

2. If the shortage of housing facilities still seems probable for September, 1946, and the students accept the type of housing in 1 above, that the West Great Hall of the Stadium be converted for the same type of housing for 300 students, at a cost of approximately \$40,000 to \$45,000.

3. The Board of Trustees at its meeting on August 29, 1945, rejected a proposal for the installation of trailers for married couples and requested your office to secure a reduction of Chanute Field personnel living in Urbana. If efforts on this alternative are unsuccessful, we recommend the reconsideration of the trailer project at the earliest possible date.

C. We recommend that the Governor again be advised of the University's housing problem with the hope of securing additional funds for the construction of temporary and permanent housing facilities if a special session of the Legislature is called.

D. We recognize the above will fall far short of providing facilities for the future enrollments predicted by the Bureau of Institutional Research, and, therefore, recommend that, in addition, the Board authorize the President to limit enrollment through selective methods to the housing facilities that are available.

During the presentation of this matter, Mr. Davis was in the chair.

President Willard, Director Havens, and Provost Griffith commented on various phases of the housing situation.

On motion of Mrs. Grigsby, the project of converting the gymnasium annex and engine annex into a barracks-type housing unit for men students was approved, and an appropriation of \$40,000 or so much thereof as may be necessary was made for the purpose, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

On motion of Mr. Fornof, the President of the University was authorized to take steps to procure trailers or other temporary housing.

#### NONRECURRING APPROPRIATIONS FOR CHICAGO COLLEGES

(20) The Committee on Special Appropriations and Nonrecurring Expenditures recommends the following special appropriations for the Chicago Colleges:

Office for Professor of Legal Medicine.....	\$2 400
Chicago Office of Public Information.....	700
Student Lockers.....	1 400
<i>Total</i> .....	<i>\$4 500</i>

On motion of Mr. Davis, these appropriations were made as recommended by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

### SCHEDULE OF BIDS FOR CONSTRUCTION AT AIRPORT

(22) The Physical Plant Department has received bids for the following construction at the Airport:

1. Construction of Administration Building.
2. Construction of Electrical Distribution line from the Power Plant to the buildings on the field.
3. Installation of Water Supply System from the well north of Savoy.
4. Installation of Sewer Systems for the Airport, including a Sanitary Sewage Treatment Plant.

A schedule of the bids is submitted herewith.

The Department recommends as follows:

1. That as only the wiring bids for the Administration Building can be considered satisfactory or adequate, all bids for the building be rejected.

2. That in view of the fact that but one bid was received for the Airport Water Supply and Sewer Systems, the current bids be rejected and new bids be taken in the spring.

3. The bids for the Electrical Distribution System for the aerial transmission line between the University Power Plant and the Airport Building appear satisfactory. However, we believe it inadvisable to award any contract at this time until the general program for construction at the Airport is reviewed. Accordingly, we would recommend that we exercise our right to withhold action on this contract up to thirty days after receipt of the bids. It is probable that the program review will justify an award of a contract to Hecker & Co., the lowest bidder for this work on the basis of their bid of \$53,000. Accordingly, we suggest that the President of the Board of Trustees and the Comptroller be authorized to execute a contract with this company on the recommendation of President Willard.

The Dean of the College of Engineering, the Supervising Engineer for the Construction of the Airport, and I concur in these recommendations.

On motion of Mr. McKelvey, these recommendations were approved and adopted.

### PAVING OF APPROACHES TO HANGAR DOORS AND APRON AND CONNECTIONS TO TAXI-WAY OF THE AIRPORT

(23) On May 12, 1945, the Board of Trustees made an appropriation in the amount of \$125,000 for the cost of purchasing, moving, and rebuilding a hangar at the Airport. As a part of that work, Professor J. J. Doland has obtained from the John Felmley Company of Bloomington, Illinois, a proposal for the paving of approaches to hangar doors and the apron and connections to the taxi-way. The amount of this order will be approximately \$19,600. The Comptroller recommends approval of this proposal. I concur in this recommendation.

On motion of Mr. Williamson, the award of this contract was authorized as recommended.

### PROPERTY ACQUISITION IN URBANA

(24) At the meeting of the Board of Trustees on March 13, 1945, authority was granted to negotiate for the purchase of certain properties in the block bounded by Mathews Avenue, California Street, Goodwin Avenue, and Oregon Street at the best possible prices.

The Director of the Physical Plant Department recommends that the Board authorize an offer of \$42,500 for the purchase of the properties at 606 South Mathews Avenue and 1201, 1203, and 1205 West California Street, Urbana, and that the Board adopt the following resolution:

*Be it resolved* by the Board of Trustees of the University of Illinois that Sidney B. Trelease of Urbana, Illinois, be, and he is hereby, authorized to negotiate with the owner or owners for the purchase by and for the Board of Trustees of the University of Illinois, of the following described real estate, viz.:

*1201, 1203, 1205 West California Street*

Lots One (1) and Two (2) and the East Thirteen (13) feet of Lot Three (3), in Block Two (2) of Nina B. Bronson's Subdivision of a part of the East half (E½) of the Southwest Quarter (SW¼) of the Northeast Quarter (NE¼)

of Section Eighteen (18), Township Nineteen (19) North, Range Nine (9) East of the Third Principal Meridian, in the City of Urbana, in the County of Champaign, and the State of Illinois; and

606 South Mathews Avenue

Lot Six (6) in Block Two (2) of Nina B. Bronson's Subdivision of part of the East one-half ( $E\frac{1}{2}$ ) of the Southwest one-quarter ( $SW\frac{1}{4}$ ) of the Northeast one-quarter ( $NE\frac{1}{4}$ ) of Section Eighteen (18), Township Nineteen (19) North, Range Nine (9) East of the Third Principal Meridian in the City of Urbana, Champaign County, State of Illinois,

and to offer as the purchase price to be paid by said Board of Trustees thereof the sum of \$42,500 for conveyance of said real estate, to be made to the purchaser in fee simple, free and clear of all encumbrances; and if said offer is not accepted by the said owner or owners, the said Sidney B. Trelease is authorized to secure from the said owner or owners their best counter offer and lowest price at which they are willing to sell, and to convey to the said Board of Trustees, or its executive committee, any counter offer made by the owner or owners of said real estate.

I concur.

On recommendation of the Finance Committee, and on motion of Mr. Fornof, this resolution was adopted.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**November 23, 1945**  
**With Executive Committee Meetings of**  
**November 23 and 29, 1945**

The November meeting of the Board of Trustees of the University of Illinois was held at 12 o'clock noon on Friday, November 23, 1945, at the University Club, 76 East Monroe Street, Chicago.

The following members were present: President Livingston, Mr. Davis, Dr. Meyer, Mr. Nickell, Mr. Williamson.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Dr. R. B. Allen, Executive Dean of the Chicago Colleges, Professor C. R. Griffith, Provost, Professor W. E. Britton, Legal Counsel, and Mr. C. S. Havens, Director of the Physical Plant.

The Board recessed.

## MEETING OF THE EXECUTIVE COMMITTEE

NOVEMBER 23, 1945

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held on Friday, November 23, 1945, at the University Club, Chicago, during the recess in the meeting of the Board of Trustees on the same day. Present: Mr. Park Livingston, Chairman, Mr. Chester R. Davis, and Dr. Karl A. Meyer, members of the Committee; also Mr. Vernon L. Nickell and Mr. Kenney E. Williamson, members of the Board, who took part in the discussions and concurred in the actions taken; also the University officers enumerated above as in attendance at the meeting of the Board.

## MATTERS PRESENTED BY PRESIDENT WILLARD

The Executive Committee considered the following matters presented by the President of the University.

## PURCHASE OF PROPERTY AT 810 SOUTH SIXTH STREET, CHAMPAIGN

(1) A recommendation that the business property at 810 South Sixth Street, Champaign, be purchased for use by the University Press and the Registrar's Office.

The University Print Shop is in the basement of the Administration Building. The general printing of the University is of such proportions that there is no longer adequate floor space in the present quarters to handle all the work properly. A survey and report on the housing of the University Press (made by a Committee of the Board of Trustees, November 18, 1941) recognized the need for the expansion of this Division, but no provision for it has been made in the present building program.

The acquisition of the property at 810 South Sixth Street will not permanently solve the Print Shop space, but it will give temporary relief. The property is contiguous to other University property and may eventually be a part of a site for a new Press building. The acquisition of the property will require the following appropriations:

1. Capital (nonrecurring):		
Purchase.....	\$14 750	
Remodeling .....	2 500	\$17 250
2. Addition to Physical Plant operating budget for annual operation and maintenance expense.....		1 480
Total .....		\$18 730

On motion of Dr. Meyer, this purchase was authorized<sup>1</sup> and the appropriations were made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Dr. Meyer.

## BILL OF BELL, BOYD, AND MARSHALL

At this point, the Secretary presented a statement from Bell, Boyd, and Marshall, for services and expenses in connection with the hearing of Dean Thomas E. Benner, as follows: professional services \$3,000; cash expenditures \$662.24.

On motion of Mr. Davis, this bill was ordered paid; the appropriation was made by the following vote: Aye, Mr. Livingston, Mr. Davis, Dr. Meyer.

The Executive Committee continued its consideration of matters presented by the President of the University.

<sup>1</sup> Mr. Nickell and Mr. Williamson, who were present, concurred, and Mr. McKelvey and Mr. McLaughlin had previously notified the Secretary of their approval of this purchase.

**PATENT ON BETATRON IMPROVEMENT**

(2) By authority of the Board of Trustees, application has been made for a patent covering an improvement of the betatron by Dr. Gail D. Adams, Jr., Research Physicist in the College of Engineering, described as "Induction Accelerator Apparatus and Method" (United States Patent Office, Serial No. 607,416).

The Faculty Committee on Patents recommends that the Board authorize disclosure of this discovery to the Allis-Chalmers Company for the purpose of enabling that Company to decide whether or not it would be willing to proceed with the manufacture of the betatron under a license agreement with the University in view of the fact that the basic patent is owned by the General Electric Company. The Committee is not recommending at this time what license arrangements should be made with the Allis-Chalmers Company, as this question can best be considered if the Company decides it is prepared to proceed with the manufacture of the betatron with the Adams improvement. It is the judgment of the Committee that in view of the demand for such equipment by the medical profession and industry, the public interest would indicate that liberal licensing arrangements should be made with a manufacturer to facilitate placing this equipment on the market.

On motion of Mr. Davis, this disclosure was authorized.

**APPOINTMENT OF ACTING HEAD OF THE DEPARTMENT  
OF MECHANICAL ENGINEERING**

(3) I recommend that Professor Alonzo P. Kratz be appointed Acting Head of the Department of Mechanical Engineering beginning November 1, 1945, and continuing until further notice; and that he be given additional compensation at the rate of \$500 a year during the period of service as Acting Head. This appointment is necessary because of the retirement of Professor O. A. Leutwiler. It has been impossible to select a permanent Head because so many of the candidates under consideration have been in various types of war service and have not been available.

On motion of Mr. Davis, this appointment was made as recommended.

**APPOINTMENT OF DIRECTOR OF DIVISION OF  
SPECIAL SERVICES FOR WAR VETERANS**

(4) The Board of Trustees on August 29 approved the appointment of Professor Arthur W. Clevenger, High School Visitor (who had just returned from military service as a Lieutenant Colonel in the Operations and Training Branch of the Army Service Forces), as Acting Director of the Division of Special Services for War Veterans during the absence of Dr. Sidney E. Glenn on account of illness. Subsequently it was necessary to relieve Professor Clevenger of his services as Acting Director because the High School Visitor's office had suffered severely through the resignation of one man and the illness of another, so that Professor Clevenger could not divide his time between the two positions without detriment to both. In the meantime, Doctor Glenn has requested that because of his health he be relieved of further responsibilities as Director of the Division of Special Services for War Veterans and that he be restored to his position as Associate Professor of English on a full-time basis. I have approved this change.

Mr. H. W. Hannah, Associate Professor in the Department of Agricultural Economics, has been appointed Director of the Division of Special Services for War Veterans at an annual salary of \$5,000 beginning October 22, 1945, and confirmation of this appointment is requested.

This matter was referred to the Committee on General Policy for consideration and report.

**ENGAGEMENT OF DR. BASIL C. MACLEAN AS HOSPITAL  
CONSULTANT ON THE GENERAL HOSPITAL  
ADDITION IN CHICAGO**

(5) Executive Dean Allen and Director of the Physical Plant Havens request approval of a contract with Basil C. MacLean, Hospital Consultant, Rochester,

New York, in the preparation of plans for the General Hospital Addition in Chicago for which an appropriation is made in the General State Building Appropriation for 1945-1947. The services to be rendered by Doctor MacLean are of a specialized type and he is recommended as being the best person available for such consulting service. The amount to be paid is \$2,000.

I recommend approval.

On motion of Mr. Davis, this arrangement was approved.

#### **RETIREMENT OF PROFESSOR F. W. DEWOLF**

(6) Professor F. W. DeWolf, Head of the Department of Geology, has requested that he be retired from active service effective September 1, 1946, under the provision in the law creating the University Retirement System of Illinois which permits retirement "on or after the attainment of age sixty-five (65) in exceptional cases and for substantial cause at the request of the Employee and upon certification of the Employer." Professor DeWolf will be 65 years old on March 22, 1946, and at the end of the current academic year will have been in the service of the University for fifteen years.

I recommend approval.

On motion of Dr. Meyer, this recommendation was approved.

#### **RETIREMENT OF PROFESSOR WILLIAM E. BURGE**

(7) Dr. William E. Burge, Associate Professor of Physiology, has requested that he be retired from active service effective September 17, 1946, under the provision in the law creating the University Retirement System of Illinois which permits retirement "on or after the attainment of age sixty-five (65) in exceptional cases and for substantial cause at the request of the Employee and upon certification of the Employer." Professor Burge will be 65 years old on September 17, 1946, and at the end of the current academic year will have been in the service of the University for thirty-four years.

I recommend approval.

On motion of Mr. Davis, this request was granted.

#### **AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT**

(8) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States (Section 5):

ISADORE BERMAN (N.Y.)	SAMUEL MOSES MONATT (Pa.)
FRANK CARLTON (Ind.)	STERRETT GRAHAM NELSON (Ohio)
RALPH FLETCHER JACKSON (Mo.)	HOWARD WILLIAM ROBERTSON (Ind.)
MORRIS LESLIE MACHTIGER (N.Y.)	HENRY JOHN ROSSBACH (Ind.)
COLIN EDWARD ST. JAMES MACLENNAN (N.Y.)	HERBERT RUTTENBERG (Ariz.)

I concur.

On motion of Dr. Meyer, these certificates were authorized as recommended.

#### **MEDICAL EXAMINATION AND IMMUNIZATION OF EMPLOYEES**

(9) The University Health Officer and the Director of Nonacademic Personnel recommend adoption of the following requirements for medical examination and immunization of prospective nonacademic employees:

##### **MEDICAL EXAMINATION**

To make it possible to ascertain in what capacity a prospective employee can be used most efficiently without detriment to himself or undue risk to his fellow workers, he must take a preplacement medical examination which shall include a thorough physical examination, a roentgenogram of the chest, a determination of

the blood pressure, a record of the pulse, a serological test for syphilis, a urinalysis, and such other tests as the University Health Officer may require.

#### IMMUNIZATION

No employee shall be considered as having qualified physically for a position at the University of Illinois until he has furnished satisfactory evidence of immunity to smallpox as defined by the Illinois Department of Public Health in its "Manual and Outline of Procedure for Health Officers"; nor shall he handle food, milk or dairy products to be used for human consumption, come in contact with water supplies, or work with sewage unless immunized against typhoid and paratyphoid fevers.

On motion of Mr. Davis, these requirements were adopted.

#### ACADEMIC CALENDAR

(10) At a meeting of the Board of Trustees on August 29, I presented a recommendation from the University Senate that the present academic calendar for the colleges and schools at Urbana-Champaign which was adopted as a war-time measure be discontinued and that the University revert to the former schedule of two eighteen-week semesters. The Senate also recommended tentatively an eight-week summer session for 1946 and referred to its Committee on Educational Policy for consideration and later report a possible twelve-week summer session in 1946 to meet the needs or desires of veterans.

This recommendation was referred to the President of the University and the University Senate "to work out a twelve-week summer term, open to all students, with a program of class hours equivalent to the number of hours in the sixteen-week session."

This matter was referred to the Committee on General Policy for consideration and report to the Board.

#### CONSTRUCTION OF BETATRON BUILDING

(11) The appropriations made to the University for the biennium of 1945-1947 for buildings and other capital improvements include \$1,500,000 for "Betatron and Physics Research Laboratory and equipment." To date the Governor has released \$435,700 of this appropriation, including \$300,000 for the construction of the building.

As is well known, through the invention of the betatron by Professor D. W. Kerst as well as through the work of other members of the Department of Physics staff, the University of Illinois has made very important contributions to the tremendous developments in physics which have taken place during the past ten years. The construction of the new betatron for which the State of Illinois has provided the funds will provide facilities for even more noteworthy research contributions in the fields of radiation and nuclear physics. It is therefore of the utmost importance that the betatron be constructed as soon as possible.

To secure competitive bids would require the preparation of complete plans and specifications and under this procedure construction would not begin before March 1, 1946. The general plans have been drawn and it is proposed that a contract be awarded for the construction of the Betatron Building on a cost plus fixed fee basis. This would make it possible to begin ordering materials very soon, and the construction could be started at an early date. Plans are far enough along so that an estimate of what the work will cost can be made, and bids will be taken on the fixed fee.

Legal Counsel for the University has advised that the University may legally follow such a procedure. It is quite possible that this method will result in a lower total cost than if competitive bids are taken on the entire project and contractors have to include uncertain factors in estimating their bids.

The Executive Committee of the Board of Trustees on November 3 authorized the securing of bids for the construction of the Betatron Laboratory Building on a cost plus fixed fee basis, to be reported to the Executive Committee for final approval.

On motion of Mr. Davis, this action was confirmed.

### RELEASE OF FUNDS FROM STATE-WIDE PUBLIC WORKS PROJECTS APPROPRIATION

(12) On October 31, 1945, Governor Dwight H. Green authorized the release of funds from the appropriation made to the University of Illinois by the 64th General Assembly in the "Act making appropriations for a State-wide system of public works projects, including all ordinary and contingent expenses relating thereto" as follows (projects are at Urbana-Champaign unless otherwise indicated):

<i>Release Number</i>	<i>Project</i>	<i>State Appropriation</i>	<i>Amount Released</i>
86	Chemical Engineering Building and equipment.....	\$ 580 000	\$26 100 <sup>1</sup>
87	Fine Arts Building and equipment.....	740 000	33 300 <sup>1</sup>
88	Electrical Engineering Building and equipment.....	875 000	39 375 <sup>1</sup>
89	Veterinary Building and equipment.....	750 000	31 250 <sup>1</sup>
90	Band Building and equipment.....	220 000	3 900 <sup>1</sup>
91	Library Addition and equipment.....	315 000	11 812 <sup>1</sup>
92	Health and Physical Education Building and equipment.....	2 000 000	80 000 <sup>1</sup>
93	Animal Husbandry Laboratories and equipment....	435 000	19 575 <sup>1</sup>
94	Chemical Laboratories and equipment.....	996 000	44 820 <sup>1</sup>
95	Mechanical Engineering Building and equipment... 1	102 000	49 590 <sup>1</sup>
96	Dairy Husbandry Laboratories and equipment.....	275 000	12 375 <sup>1</sup>
97	General Hospital Addition and equipment (Chicago) 2	000 000	85 000 <sup>1</sup>
98	Building for Atmospheric and Other Research and equipment (Chicago).....	250 000	13 125 <sup>1</sup>
99	Power Plant Addition and equipment.....	680 000	644 300 <sup>2</sup>
100	Betatron and Physics Research Laboratory and equipment.....	1 500 000	426 100 <sup>3</sup>

An appropriation by the Board of these amounts, totaling \$1,520,622, for the purposes indicated is requested.

On motion of Mr. Davis, these appropriations were made as requested, by the following vote: Aye, Mr. Livingston, Mr. Davis, Dr. Meyer.

### TEMPORARY HOUSING FOR STUDENTS

(13) At the meeting of the Board of Trustees on October 18, the President of the University was authorized "to take steps to procure trailers or other temporary housing."

Pursuant to this authorization, application was made to the National Housing Agency through the Chicago Regional Office for an assignment of 275 portable houses now at Charlestown, Indiana. This application has been approved. Subsequently another application for 125 additional houses of the same type was made, and that is still pending. These houses are not trailers but are larger. Each unit has one or two bedrooms, a bathroom, and other built-in utilities. Some are furnished. The NHA has applications for such houses from educational institutions in other states which may affect the number ultimately allocated to the University of Illinois.

To secure these houses the University must execute a lease agreeing to pay a small rental to the Government, to pay the cost of transferring the houses from Charlestown, Indiana, to Urbana-Champaign, connecting them with the utilities, and otherwise setting them up for occupancy, and to rent them exclusively to veterans. The University will be permitted to charge sufficient rent for these houses to cover operating costs and to liquidate a part of the capital expense of acquisition. The University will not be responsible for any of the expense of removing the houses from Urbana-Champaign to another location.

The Physical Plant Department estimates it will cost up to \$2,000 a unit to

<sup>1</sup> To be used for the preparation of plans and specifications.

<sup>2</sup> To be used for the construction and equipment of Power Plant Addition at Urbana-Champaign.

<sup>3</sup> To be used for construction of Physics Research Laboratory, \$300,000; design and engineering work for the Betatron, \$31,100; construction and installation of Betatron, \$60,000; special tools and equipment for handling large vacuum tube development and large parts for Betatron, \$35,000.

transfer these houses from Charlestown, Indiana, and set them up for occupancy. The University has had no previous experience with this type of installations as a basis for figuring local labor and other costs, so that this estimate may be too high or too low. On the basis of \$2,000 a unit the acquisition and installation of 400 portable houses would require a capital investment of \$800,000. There is available the item of \$1,500,000 for students' residence halls and equipment in the "Act making appropriations for a State-wide system of public works projects, including all ordinary and contingent expenses relating thereto." This money can be used only if released by the Governor. If the University uses some of this appropriation for temporary housing there will be less money for permanent residence halls. On the other hand, it will take a year and a half to construct permanent facilities; whereas if portable houses are secured now they can be put in service by the opening of the second semester in February, 1946. This fall approximately 500 former and prospective new students who are married veterans of World War II were unable to enroll in the University because they could not find suitable living quarters. As demobilization of the armed forces accelerates there will be more such prospective students desiring to enroll in the University, so that our problem will become even more serious unless additional housing facilities are available immediately.

I recommend that: (1) the Board of Trustees confirm the action of the President in making application to the National Housing Agency for portable houses; (2) the Board authorize its officers to execute the necessary lease or leases; (3) the Board request the Governor to release \$800,000 from the appropriation for students' residence halls and equipment to cover the expense of installing up to 400 portable houses at Urbana-Champaign; and (4) the money thus released be appropriated for the installation of portable houses and other expenses incidental thereto.

The Gymnasium Annex will be converted into a dormitory for housing 300 unmarried students, and this facility will be available by the opening of the second semester in February, 1946.

The President added that after this recommendation was prepared and sent to members of the Board of Trustees, information was received from the National Housing Agency that only 275 portable houses are available and that the application for the additional 125 units can not be approved.

President Livingston stated that the Governor has released \$500,000 from the appropriation for "students' residence halls and equipment" for the installation of portable houses.

On motion of Mr. Davis, the action of the President of the University in making application for portable houses was approved and confirmed, the officers of the Board were authorized to execute the necessary leases, and the \$500,000 released from the State appropriation for students' residence halls was appropriated for the transportation of the portable houses and their erection on the sites assigned. The appropriation was made by the following vote: Aye, Mr. Livingston, Mr. Davis, Dr. Meyer.

The President of the University also presented a letter dated November 21, 1945, from the Director of the Physical Plant Department discussing sites for the installation of the portable houses. A copy of the letter was given to the Secretary of the Board for record. The President stated that 150 of the portable houses will be located on the so-called Gallivan Tract Addition, extending partly on the land immediately east, and the other 125 in the area south of the Abbott Power Plant and north of Stadium Drive, subject to the approval of municipal authorities with respect to building codes.

This report was received for record.

**APPROPRIATION TO UNIVERSITY PRESS**

(14) The supply of the 1944-1945 edition of the *Annual Register* is nearly exhausted and a reprint will be necessary to take care of the demands of prospective students and schools. The 1945-1946 edition will not be compiled and printed before May or June, 1946.

The Director of the Press requests an appropriation of \$3,000 to reprint 10,000 copies of the 1944-1945 edition, and another additional appropriation of \$3,000 to allow for a similar increase in the size of the 1945-1946 edition.

I recommend that an appropriation of \$6,000 be made from the General Reserve Fund for this purpose.

On motion of Mr. Davis, this appropriation was made, by the following vote: Aye, Mr. Livingston, Mr. Davis, Dr. Meyer.

**SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(15) The Committee on Special Appropriations and Nonrecurring Expenditures recommends assignments from the General Reserve Fund for the following purposes:

1. New vaults for Registrar's Office.....	\$ 2 126	
2. Equipment for Art Department.....	1 050	
3. Acoustical treatment of rooms in Lincoln Hall and Administration Building .....	1 200	
(Bids have been received for this work, and the Committee recommends the award of the contract to the lowest bidder, Hugh J. Baker Company, in the amount of \$1,031; the balance of \$169 is to cover the cost of preparation of plans and supervision of the job.)		
4. High-speed visible recording polarograph for Department of Chemistry .....	1 500	
5. Items for Chicago Colleges:		
a. Remodeling of certain laboratory space in the Department of Pathology.....	\$4 850	
b. Cabinets for Department of Pharmacology.....	2 500	7 350
6. Equipment for College of Engineering.....	80 000	
Total .....	\$93 226	

Reports from the Committee explaining in further detail the reasons for these expenditures are submitted herewith.

I concur, with the understanding that the distribution of the \$80,000 for the College of Engineering will be allocated among the various departments by the Dean. Such allocations will not be prorated on the basis of the total requests as here submitted.

On motion of Mr. Davis, these appropriations were made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, Dr. Meyer.

**4-H CLUB MEMORIAL CAMP**

(16) The Board of Trustees is asked to accept sponsorship by the University of Illinois of a camp as a State memorial "To honor all Illinois 4-H Club boys and girls who served and sacrificed in World War II, and to perpetuate the principles for which they fought and died." The 4-H clubs of Illinois propose to raise \$100,000 during the next two years to acquire a site and to develop a centrally located memorial camp. Funds from other sources will probably be available if needed as soon as definite information concerning sponsorship and character of the project is known. The camp would be used by 4-H and other rural youth groups which are sponsored by the Extension Service in Agriculture and Home Economics. If centrally located and of adequate scale and quality, it could furnish facilities for other University activities, and its use could be extended beyond the normal camping season.

The 4-H club program, as a part of the regular extension program in agriculture and home economics, is supported entirely by federal funds. During the fiscal year ending June 30, 1945, the Extension Service in Agriculture and Home Economics expended slightly over \$40,000 on 4-H and older rural youth work.

While camp activities constitute a relatively small part of the program, it is, in the judgment of the Extension Service, one of the most important and effective educational procedures used.

On motion of Mr. Davis, this matter was referred to the President of the University to consider in relation to other camps, and to report to the Board.

#### **AMENDMENT OF POLICY AND RULES RELATING TO COMPENSATION AND WORKING CONDITIONS OF NONACADEMIC EMPLOYEES**

(17) The Director of Nonacademic Personnel recommends that Section III, "Methods of Determining Rates of Compensation," paragraph 1, of "Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees" be changed from:

"All proposed changes in group rates shall be submitted to the Director of Nonacademic Personnel not later than September 1 preceding the biennium beginning the following July 1, shall be effective not before the beginning of the biennium, and shall not be exceeded during the biennium."

to read as follows:

"All proposed changes in group rates shall be submitted to the Director of Nonacademic Personnel by September 1 preceding the biennium beginning the following July 1; however, proposed changes in wage rates may be submitted as late as March 1 preceding the biennium when the expiration date of collective bargaining agreements makes it impracticable to submit proposed changes as early as September 1. Such changes shall be effective not before the beginning of the biennium and shall not be exceeded during the biennium."

On motion of Mr. Davis, these amendments were adopted.

#### **QUARTERLY REPORT OF THE COMPTROLLER**

(18) The Comptroller presents his quarterly report to the Board as of September 30, 1945. Copies of this report have been sent to all members of the Board in advance of this meeting.

This report was referred to the Finance Committee.

#### **GIFTS AND GRANTS OF FUNDS FOR RESEARCH AND OTHER PURPOSES**

(19) A report of the following gifts and grants of funds for research and other purposes received by the University since the last report (June 30, 1945):

##### *Gifts*

1. Illinois Federation of Women's Clubs, \$700 to be added to the "Occupational Therapy Scholarship Fund."

2. American Foundation for Pharmaceutical Education, New York City, \$400 for the continuation of scholarships in the College of Pharmacy during 1945-1946.

3. Combined Class Fund, \$264.49 to be added to the general scholarship funds and administered by the Committee on Special Undergraduate Scholarships.

4. The Borden Company, \$1,500 for the establishment of five Borden Agricultural Scholarships to be awarded to senior students who have included in their curricula two or more dairy subjects, and \$1,500 for the establishment of five Borden Home Economics Scholarships to be awarded to any student in Home Economics who, on entering her senior year of study, has achieved the highest average grade of all other similarly eligible students in all preceding college work, and who has included in her curriculum two or more courses in food and nutrition.

5. Third Congressional District, Illinois Federation of Women's Clubs, \$300 to establish a scholarship in Occupational Therapy, to be known as the Third Congressional District, Illinois Federation of Women's Clubs Occupational Therapy Scholarship.

6. A fund of \$3,000 to be known as the "James M. White Memorial Fund," the income to be used for awards and prizes to students in the Department of

Architecture. The conditions governing the award shall be determined by the Department of Architecture and the College of Fine and Applied Arts. This fund is in memory of the late Professor James M. White, who was a member of the faculty and Supervising Architect of the University for many years.

7. Mrs. R. G. Lindeborg, Class of 1939, \$195 to be used in aiding a needy student in Art, the candidate to be recommended to the Committee on Special Undergraduate Scholarships by the Committee Administering the Bates Scholarships.

8. Mr. Martin L. Straus, President of Eversharp, Inc., \$100 to the College of Medicine to be used in any way the Dean shall determine.

9. Mrs. Edward Dawson, Dixon, Illinois, \$50 as a memorial to her son, Louis Edward Dawson, to be added to the student loan funds of the University for use in aiding worthy students in Chemistry.

10. Lincoln Electric Company, Cleveland, Ohio, 300 ampere, direct current welder to the College of Engineering.

11. Mrs. Maud Davis, St. Joseph, Illinois, a collection of horns and antlers to the Museum of Natural History.

#### *Grants for Research*

1. The Field Foundation, Inc., New York City, \$23,000 in support of research and the teaching program in the field of allergy for a period of three years from November, 1944, at the College of Medicine.

2. Grants for research in allergy antigens (research program of Dr. B. Z. Rappaport, Assistant Professor of Medicine, College of Medicine, and Dr. William H. Welker, Head of the Department of Biological Chemistry, College of Medicine) from: Asthmatic Children's Aid, \$5,000; the Sheldon-Claire Company, \$200; S and V Liquor Company, \$100; Miss Sara I. Sommer, \$100; Morris L. Bork, \$500; Leo A. Goldstein, \$200; Samuel Rothberg, \$200; M. Spertus of Spertus Processes, Inc., \$100; N. S. Fredman and Edward F. Keefer, Jr., \$50 each;—all in Chicago.

3. Mr. Philip S. Bloom of Chicago, \$800 and \$1,800 to be added to the \$1,000 recently contributed by Mr. Bloom, for the establishment of a fellowship of \$1,800 annually for two years, to be known as "The May and Philip S. Bloom Allergy Fellowship."

4. Mr. O. E. Geppert, \$500 to be used for research at the discretion of Dr. Francis J. Gerty, Head of the Department of Psychiatry of the Illinois Neuropsychiatric Institute.

5. Sharp & Dohme, Inc., \$6,000 for "clinical evaluation of succinyl and phthalyl in infectious diseases of the colon" being conducted by Professor M. H. Streicher of the Department of Medicine, covering a period of two years from March 1, 1944.

6. Illinois Federation of Women's Clubs, Chicago, \$2,000 in support of cancer research under Dr. Danely P. Slaughter of the Tumor Clinic at the College of Medicine.

7. Nutrition Research Laboratories, Chicago, \$6,600, or \$600 a month from August 1, 1944, through June 30, 1945; \$900, or \$150 a month for six months beginning August 1, 1944; \$2,750, or \$250 a month for eleven months beginning October 1, 1944; for continuation of studies of the physiological and therapeutic action of Ertron in certain scientific and clinical investigations on arthritis, by Dr. C. I. Reed of the Department of Physiology of the College of Medicine.

8. War Memorial Committee of the Drama Club of Evanston, Illinois, \$500 to the Department of Orthopaedic Surgery for a fellowship under the direction of Professor F. A. Chandler, Head of the Department.

9. Allied Chemical and Dye Corporation, New York City, \$2,000 for two fellowships of \$1,000 each in chemistry for the academic year 1945-1946.

10. Abbott Laboratories, North Chicago, Illinois, \$750 for the continued support of the fellowship in organic chemistry for the year 1944-1945.

11. Rockefeller Foundation, \$10,000 for research work on the biochemistry of amino acids under the direction of Professor W. C. Rose, for one year beginning September 1, 1944.

12. American Meat Institute, \$1,200 for a fellowship in the Department of Chemistry to investigate the effects of various treatments and reagents on the

structure of collagen (a protein which is the chief component of sausage casings), for one calendar year beginning with the Summer Semester, 1945.

13. The Nutrition Foundation, Inc., New York City, \$15,000 for continuation of studies of "The Amino Acid Requirements of Man" by Professor W. C. Rose of the Department of Chemistry.

14. Eli Lilly Company, Indianapolis, Indiana, \$375 in continued support of a fellowship in the Department of Chemistry for the first semester of 1945-1946.

15. Coca-Cola Company, Wilmington, Delaware, \$500 for continued support of citral research under the direction of Professor C. C. Price of the Department of Chemistry from June 1 through September 30, 1945.

16. The Nutrition Foundation, Inc., New York City, \$2,400 in support of a study of factors which may alter calcium utilization by the adult, by Professors F. R. Steggerda and H. H. Mitchell.

17. Abbott Laboratories, North Chicago, Illinois, \$1,000 in support of research under the direction of Professor F. R. Steggerda of the Department of Zoology and Physiology, during the period of October 1, 1945, through June 30, 1946.

18. Aeration Processes, Incorporated, Columbus, Ohio, \$3,000 for the continuation of a study of the problems of ice cream manufacture, for a period of one year from September 1, 1945.

19. Mrs. William Bross Lloyd, \$5,000 for research and experiment in the clinic of somatoprosthesis under the direction of Dr. S. D. Tylman of the College of Dentistry.

This report was received for record.

#### PURCHASES AUTHORIZED

(20) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. Twenty-nine U-7140 refectory tables, 39 x 120, and 232 U-7142 chairs, for the Residence Halls, from the Universal Equipment Company, Batesville, Indiana, at a cost of \$3,573.67.

2. One industrial tractor, snow plow with hand hydraulic lift, and snow broom, for the Physical Plant Department, from the General Tractor & Equipment Company, Chicago, at a cost of \$1,399.44.

3. Twenty-five tons linseed oil meal and five tons pea size linseed oil meal, for the Department of Animal Husbandry, from the Archer-Daniels-Midland Company, Minneapolis, Minnesota, at a cost of \$1,548.

4. Canon ribbed towels, 400 dozen, #398, 20 x 40, name woven "U of I—PE 46," for the Department of Physical Education for Women, from the Carson, Pirie Scott and Company, Chicago, at a cost of \$2,272.

5. One magnetic yoke for model betatron, for the Physics Department, from the Allis-Chalmers Manufacturing Company, Milwaukee, Wisconsin, at a cost of \$5,420.

6. Combination storage and wardrobe cabinets, 304, 24 x 36 x 78, for the Residence Halls, from the All-Steel-Equipment Company, Champaign, at a cost of \$2,316.78, f.o.b. Aurora, and the Interior Steel Construction Company, Cleveland, Ohio, at a cost of \$7,379 delivered and installed.

7. Fifty-four steers for the Wright Farms, for the Department of Agricultural Economics, from the Chicago Producers Commission Association, at a cost of \$1,642.41.

8. Ninety-seven cattle for the Wright Farms, for the Department of Agricultural Economics, from the Fox Valley Joliet Production Credit Association, Geneva, at a cost of \$3,304.37.

9. One Ford tractor, one 12" plow, one heavy duty mower, and one tere-racing blade, for the Horticulture Department, from the Smith Tractor Sales, Olney, at a cost of \$1,439.

10. Double deck beds, 152, for the Residence Halls, from the Universal Equipment Company, Batesville, Indiana, at a cost of \$6,481.28.

11. Excavation, gravel, and culvert at the Airport, by the General Paving Company, Champaign, at a cost of \$1,876.25.

12. Thirty-two cattle for the Wright Farms, for the Department of Agricultural Economics, from the Kirkland Feeding Yard, Kirkland, at a cost of \$1,750.

On motion of Mr. Davis, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### **PURCHASES RECOMMENDED**

(21) The Purchasing Agent has proposed and the Comptroller recommends the following purchases. Unless otherwise specified the purchase in each case is recommended on the basis of lowest bid, ceiling price, or because the item is non-competitive. I concur in the recommendations.

1. Replacement of Shenango china to match present china in the Illini Union Cafeteria, for the Illini Union Foods Department, from Edward Don & Company, Chicago, at a cost of \$2,349.32.

2. Bond paper, 125 reams 22 x 34, 40 lb. 100% rag, for the Office Supply Store, from the Graham Paper Company, St. Louis, Missouri, at a cost of \$1,504.50.

3. Twenty-two cases white 25% rag bond paper, opaqued, to be watermarked "University of Illinois," for the Office Supply Store, from the Dwight Brothers Paper Company, Chicago, at a cost of \$1,740.48.

4. English finish book paper, 1400 reams 39 lb. 24½ x 37½, for the 1946 *Annual Register*, for the Office Supply Store, from Bradner Smith and Company, Chicago, at a cost of \$4,298.

5. Seventy-four rolls 16-mesh bronze screen wire, for the Physical Plant Department, from the McMaster-Carr Supply Company, Chicago, at a cost of \$1,395.78.

6. Eight oak specimen cases, for storing Rowley fossil collection, for the Geology Department, from Smalley's Planing Mill, Champaign, at a cost of \$2,019.60.

7. Two soil-testing machines, for the Department of Civil Engineering, from Hogentogler and Company, Chevy Chase, Maryland, at a cost of \$1,020.

8. Three No. 39101 Model R Micromax smoke indicating recorders, three No. 6590-A1 smoke samplers, and three standard 3246-128-60 voltage regulators, for the Physical Plant Department, from Leeds and Northrup Company, Chicago, at a cost of \$1,395.

On motion of Mr. Davis, these purchases were authorized.

#### **APPOINTMENT OF DIRECTOR OF INSTITUTE OF AERONAUTICS**

(22) On August 29, 1945, the Board of Trustees authorized the appointment of Allan F. Bonnalie of the United Air Lines, Chicago, Illinois, and former Commander in the United States Navy, as Director of the Institute of Aeronautics on part-time at a salary of \$7,000, effective whenever he can report for duty.

At that time it was not known if Mr. Bonnalie could be secured for this position. Subsequent negotiations with him and with officials of United Air Lines have resulted in securing his services on a half-time basis at the salary authorized, effective as soon as he can report for duty, which may not be for two or three months.

Although no further action may be necessary, I should like to secure confirmation by the Board of these arrangements.

On motion of Mr. Davis, the action of the President of the University in making these arrangements was approved and confirmed.

#### **AWARD OF CONTRACTS FOR RESTORATION OF MEN'S OLD GYMNASIUM**

(23) During the war the Men's Old Gymnasium was converted into a training ship for use by the United States Navy Signal School. The Gymnasium Annex and the Engine Annex were also turned over to the Navy for housing of trainees and for other purposes.

The Board of Trustees on October 18 authorized converting the Gymnasium Annex and Engine Annex into a dormitory for men students. It will be neces-

sary to do certain restoration work throughout the lower two floors of the Men's Old Gymnasium to permit moving present classes in Physical Education for Men from the Gymnasium Annex into the Gymnasium. The incidental construction work is of a type that is difficult to handle on a contract basis. Aside from that, the preparation of detailed specifications and securing of exact bids would delay reconversion of the Gymnasium, so that it would not be available for use at the beginning of the second semester.

Under the circumstances, the Director of the Physical Plant Department and the Comptroller recommend that three contractors who have just completed some of the work in the Men's Old Gymnasium, which was done on a cost plus fixed fee basis, be given contracts to continue with the additional work required on the same basis as follows:

1. General Contract—King and Petry, Champaign. Labor at cost, plus 25½% (10½% for workmen's compensation and public liability insurance, social security payments, etc.; 15% for overhead costs and profits). Materials at cost, plus 15% for overhead costs and profit. Estimated cost.....\$10 360
  2. Plumbing Contract—Champaign Plumbing and Heating Company. Labor at \$2.25 an hour for plumbers and \$1.50 an hour for helpers (includes overhead costs and profit). Materials to be billed at prevailing retail rates. Estimated cost..... 2 214
  3. Electrical Contract—Bean Electric Company. Labor at \$2.35 an hour (includes overhead costs and profit). Materials to be billed at prevailing retail rates. Estimated cost..... 350
  4. Architectural and supervisory expenses (University). Estimated cost.. 2 500
- Total Estimated Cost*.....\$15 424

It is also recommended that the contractors be engaged to do other restoration work that can be done more advantageously now than later.

This involves no appropriation, as there is a balance of \$20,000 remaining in the fund accumulated for restoration purposes from payments made to the University by the United States Government under contract for the use of these buildings for the Navy Signal School.

I recommend that the Board authorize the execution of the contracts in accordance with the above provisions. This covers the minimum amount of work which needs to be done immediately. There will be other improvement work (new ventilating, heating, additional plumbing, and electrical systems) to be done later on which bids will be taken.

On motion of Mr. Davis, the execution of these contracts was authorized as recommended.

#### SABBATICAL LEAVES OF ABSENCE

(24) On April 22, 1942, the Board of Trustees on recommendation of the Committee on General Policy voted that "for the duration of the emergency the granting of sabbatical leaves be suspended, except in cases where the leave is (a) directly related to the war effort, or (b) demonstrably to the benefit of the University."

This action would indicate that with the end of the war the granting of sabbatical leaves of absence in accordance with the University of Illinois Statutes may be resumed, but I recommend that definite action authorizing the same be taken. However, as in the past, all recommendations for sabbatical leaves will be presented to the Board for final action.

On motion of Mr. Davis, this recommendation was adopted.

#### ARCHITECTURAL SERVICES FOR NEW BUILDINGS

(25) At its meeting on October 18 the Board of Trustees directed the Committee on General Policy to review the matter of awarding contracts for architectural and engineering services on various University building projects to the firms approved by the Board for this purpose on June 30, 1945.

The Committee has been giving consideration to this matter and has authorized the award of contracts to the following firms previously approved by

the Board on June 30, 1945, and in accordance with the terms specified in the action of the Board at that meeting.

<i>Project</i>	<i>Firm</i>
Veterinary Building.....	Childs and Smith
Electrical Engineering Building.....	} .....Graham, Anderson, Probst, and White
Chemical Engineering Building.....	
Chemistry Laboratory.....	
Building modernization.....	} .....Holabird and Root
Health and Physical Education Building	
Hospital additions.....	
Mechanical Engineering Building.....	Fugard, Burt, and Wilkinson
Women's Residence Hall.....	} .....Shaw, Naess, and Murphy
Animal Husbandry Laboratory.....	
Dairy Husbandry Laboratory.....	
Power Plant and Distribution System.....	Sargent and Lundy (Engineers)

The Committee is giving further consideration to the employment of architectural firms for the following projects: Apartment buildings for married students; Fine Arts Building.

This report was received for record.

#### **CURRICULUM IN LIBERAL ARTS AND SCIENCES**

(26) On June 30, 1945 (Minutes, page 515), the Board approved a recommendation from the University Senate for a new curriculum in Liberal Arts and Sciences, subject to the concurrence of Dr. George D. Stoddard, President-elect of the University. This was done, and after further consideration of one detail about which he had raised a question, the curriculum was approved by him.

This report was received for record.

#### **REPORTS OF THE FINANCE COMMITTEE**

At this point, Mr. Williamson, for the Finance Committee, presented the following reports.

##### **REPORT OF AUDIT OF UNIVERSITY OF ILLINOIS FOUNDATION**

The Finance Committee reports that it has received the report on the audit of the University of Illinois Foundation for the year ended June 30, 1945, by Arthur Young and Company, auditors. It includes a certification of the balance sheet and statement of income, expenditure, and surplus.

This report was received for record.

##### **REPORT OF AUDIT OF UNIVERSITY ACCOUNTS**

The Finance Committee reports that it has received the report of Arthur Young and Company, auditors of the University, on their examination of the accounts of the University for the year ended June 30, 1945. The report includes a certification of the balance sheet, the statement of current income and expenditures and current funds surplus, and summaries of fund transactions. A copy has been filed with the Secretary of the Board.

This report was received for record.

##### **APPOINTMENT OF UNIVERSITY AUDITORS**

The Finance Committee recommends that Arthur Young and Company, Certified Public Accountants of Chicago, again be engaged as auditors for the year ending June 30, 1946, on the basis of per-diem rates and expenses, with the understanding that the aggregate charge will not exceed the following sums:

General University Audit.....	\$4 300
University of Illinois Foundation.....	500
Athletic Association.....	500

These maximum costs are based on the assumption that if the audit discloses extraordinary needs beyond the scope of the usual examination, further

compensation for such additional work will be allowed after review and approval by the Finance Committee.

On motion of Mr. Davis, the employment of Arthur Young and Company was authorized as recommended.

#### REPORT OF AUDIT OF ATHLETIC ASSOCIATION

At this point, Mr. Davis reported that the Committee on Athletic Activities has received a copy of the report on the examination of the accounts of the Athletic Association of the University of Illinois for the year ended June 30, 1945, by Arthur Young and Company, auditors. The report is supplemented by a report from the University Auditing Division covering the detailed audit of ticket sales for the year. The report of Arthur Young and Company includes a certification of the balance sheet and statement of income, expenses, and operating surplus. The report of the University Auditing Division shows that all matters relating to ticket sales have been satisfactorily handled.

This report was received for record.

The Executive Committee adjourned.

#### SECOND SESSION, NOVEMBER 23, 1945

When the Board convened after the recess taken on November 23, 1945, the same members and officers were present as during the morning session.

#### SALE OF ROSELAWN CEMETERY LOTS

The Secretary presented for record the following report of sale of lots in Roselawn Cemetery since the last report of such sales:

<i>Date</i>	<i>Description</i>	<i>Purchaser</i>	<i>Sale Price</i>
October 13, 1945	SE¼ Lot 147 Section G	C. C. and Helen N. DeLong	\$105

#### APPOINTMENTS MADE BY THE PRESIDENT

The Secretary presented also for record the following list of appointments made by the President of the University.

ABBOTT, MRS. HELEN OLDFATHER, Instructor in Physical Education for Women, on one-third time, for five months beginning September 1, 1945, at a salary at the rate of eighty dollars (\$80) a month. (November 7, 1945)<sup>1</sup>

ALBRIGHT, WILLIAM GRAYDON, Assistant in Electrical Engineering, in the College of Engineering, on one-half time, for eight months beginning November 1, 1945, at a salary of nine hundred dollars (\$900). (October 31, 1945)

AYCOCK, BENJAMIN FRANKLIN, JR., Assistant in Chemistry, on one-half time, for eight months beginning October 1, 1945, at a salary of eight hundred dollars (\$800). (October 19, 1945)

BAILAR, MRS. FLORENCE CATHERWOOD, Assistant in Mathematics, for five months beginning September 1, 1945, at a salary at the rate of one hundred eighty dollars (\$180) a month. (November 1, 1945)

<sup>1</sup> The date in parenthesis is the date on which the appointment was made by the President.

BALDWIN, THOMAS WHITFIELD, Professor of English, for one year beginning September 1, 1945, at a salary of eight thousand dollars (\$8000) (this supersedes his previous appointment). (October 31, 1945)

## MEETING OF THE EXECUTIVE COMMITTEE

NOVEMBER 29, 1945

The Executive Committee of the Board of Trustees of the University of Illinois met (in conference with the Committee on General Policy) at 12:30 p.m. on Thursday, November 29, 1945, at the University Club, 76 East Monroe Street, Chicago.

Present: Mr. Park Livingston, Chairman, and Mr. C. R. Davis, member of the Executive Committee and Chairman of the Committee on General Policy, and Dr. M. G. Luken and Mr. F. H. McKelvey, members of the latter committee; Dr. A. C. Willard, President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and Mr. C. S. Havens, Director of the Physical Plant.

## PROPOSED TEMPORARY HOUSING

Mr. Livingston introduced Mr. George D. Tesch, architect, who stated that he came at the request of Senator Frank Ryan, and submitted plans and elevation sketches of his "Dodecadon" houses, and withdrew.

The Director of the Physical Plant was requested to consider these plans.

## TEMPORARY HOUSING FOR VETERANS

The Executive Committee and the Committee on General Policy considered the following matters connected with providing temporary housing for veterans presented by Director Havens.

BIDS FOR GENERAL WORK AND PLUMBING FOR  
PORTABLE HOUSES

(1) The following bids for general work (including moving from present location and setting up on sites at the University) and plumbing were received on November 28, 1945.

## MOVING AND INSTALLING

<i>Bidder</i>	<i>Fixed Fee</i>		<i>Total Costs</i>		<i>Bid Deposit</i>
	<i>Single Bedroom</i>	<i>Double Bedroom</i>	<i>Single Bedroom</i>	<i>Double Bedroom</i>	
Kuhne-Simmons Co.....	\$ 57	\$ 65	\$1 023	\$1 163	\$9 500
Sheetlock Co.....	265	265	1 530	1 670	No check

## WATER SERVICE AND SANITARY SEWER SYSTEM

<i>Bidder</i>	<i>Lincoln Ave. site Price</i>	<i>Ave. site Fee</i>	<i>Power Plant site Price</i>	<i>Plant site Fee</i>	<i>Bid Deposit</i>
Champaign Plumbing and Heating Co.....	\$27 300	\$7 168	\$18 300	\$4 005	\$1 368 00
Reliable Plumbing and Heating Co.....	22 012	5 503	17 648	4 412	1 487 25

On motion of Mr. Davis, the award of these contracts to the lowest bidders was authorized, subject to the completion of the contract with the Federal Public Housing Authority and permission from Indiana to transport the houses.

## CONTRACT WITH FEDERAL PUBLIC HOUSING AUTHORITY

(2) A contract prepared by the Federal Public Housing Authority for 138 one-bedroom and 137 two-bedroom portable family-dwelling units, together with certain equipment and facilities, at a rental of \$1 a month for each dwelling.

On the recommendation of the President of the University and on motion of Mr. Davis, subject to the securing of permission of the State of Indiana, and subject to the written approval of the Legal Counsel (or, in his absence, of Mr. Amos Watts of the firm of Chapman and Cutler) the following resolution was adopted:

*Whereas*, at a meeting on October 18, 1945, the Board of Trustees of the University of Illinois authorized the President of the University of Illinois "to take steps to procure trailers or other temporary housing" for veteran students at the University of Illinois, and

*Whereas*, at a meeting on November 23, 1945, the Executive Committee of the Board of Trustees of the University of Illinois appropriated Five Hundred Thousand Dollars (\$500,000) from the appropriation for "Student Residence Halls and Equipment" for the installation of portable houses for veteran students of the University of Illinois, and

*Whereas*, the President of the University of Illinois and the Committee on General Policy of the Board of Trustees have recommended to the Executive Committee of the Board of Trustees that it authorize the officers of the Board of Trustees to execute a contract between the Federal Public Housing Authority of the United States of America and the Board of Trustees of the University of Illinois for the acquisition and use of two hundred seventy-five (275) portable houses now located at Charlestown, Indiana.

*Therefore, be it resolved*, that the Comptroller of the University of Illinois and the Secretary of the Board of Trustees of the University of Illinois be and the same are hereby authorized to execute the contract, a draft of which, consisting of four (4) typewritten pages initialed by Mr. H. E. Cunningham, Secretary of the Board of Trustees, and dated November 29, 1945, was submitted to the Executive Committee of the Board of Trustees at the meeting of November 29, 1945, and said officers are hereby authorized to execute said contract with such modifications therein as may be agreed upon by the parties thereto.

#### **ESTIMATED BUDGET OF CAPITAL COSTS FOR PORTABLE HOUSES**

(3) An estimated budget of capital costs for 138 single-bedroom and 137 double-bedroom houses to be obtained from the Federal Public Housing Authority and erected on sites at the University, at a total cost of \$600,000. In discussing this budget, Director Havens stated that if certain items could be eliminated, it might be possible to reduce the cost to \$500,000, the amount available.

The President of the Board, the Chairman of the Committee on General Policy, and the President of the University were requested to confer with authorities in Washington to ascertain what reductions can be made in this contract and to present the matter of securing accommodations for veterans at Chanute Field.

#### **RENTAL RATES FOR PORTABLE HOUSES**

Mr. Davis stated that he had discussed with Governor Green and Mr. McKibbin, and also with the Federal Public Housing Authority, the amounts to be charged for rental of the temporary houses, and the consensus was that the rates should cover the cost of maintenance, but not the cost of installation.

The Comptroller stated that monthly rentals of \$30 for single units and \$35 for double units should be sufficient to provide for maintenance and upkeep.

On recommendation of the Committee on General Policy and on motion of Mr. Davis, these rates were approved.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Executive Committee considered the following matters presented by the President of the University.

**APPROPRIATION TO UNIVERSITY PRESS**

(1) The Director of the University Press requests an appropriation of \$500, or so much thereof as may be necessary, for the cost of printing and distributing the report of the Committee on Future University Programs.

I concur in this recommendation.

On motion of Mr. Davis, this appropriation was made, by the following vote: Aye, Mr. Livingston, Mr. Davis; absent, Dr. Meyer.

**PURCHASES RECOMMENDED**

(2) The Purchasing Agent has proposed and the Comptroller recommends the following purchases. Unless otherwise specified the purchase in each case is recommended on the basis of lowest bid, ceiling price, or because the item is noncompetitive. I concur in the recommendations.

Two R.C.A. type 73B (professional model) recording machines, with one thread suction attachment, for the Radio Station, from the Radio Corporation of America, Chicago, at a cost of \$2,447.50 f.o.b. factory.

On motion of Mr. Davis, this purchase was authorized.

**PURCHASES AUTHORIZED**

(3) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are noncompetitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. Thirty-three 36" x 24" x 78" steel wardrobe cabinets for student rooms in the Busey and Evans Residence Halls, from the Maginn Office Equipment Company, Champaign, at cost of \$1,009.80.

2. Seventy-eight calves for the Wright Farms, for the Department of Agricultural Economics, from the Fox Valley Joliet Production Credit Association, at a cost of \$2,029.71 (University's share).

On motion of Mr. Davis, the action of the Comptroller in authorizing these purchases was approved and confirmed.

**PURCHASE OF TEXTBOOKS AND EQUIPMENT FROM NAVY**

(4) Textbooks and equipment for student use in medical and dental courses purchased for Navy trainees and owned by the Navy have been offered to the University for resale by it. The University has submitted a bid of 50 per cent of the list price and the Navy has indicated that it is ready to accept that bid. The material will be resold at cost to trainee students for their permanent personal use at the conclusion of the current quarter, at which time they will become civilian students.

The Business Manager of the Chicago departments and the Comptroller request authority to conclude this purchase, which will be handled through the revolving fund of the Student Supply Store, at a total cost of \$20,346.31.

I concur and recommend approval.

On motion of Mr. Davis, these recommendations were adopted.

**CONTRACT FOR FREIGHT ELEVATOR IN CHICAGO  
ILLINI UNION BUILDING**

(5) Among the items covered by an appropriation of \$50,000 for Replacements and Capital Additions in the Physical Plant (Minutes, August 29, 1945, page 625) was a freight elevator in the Chicago Illini Union Building, a new addition.

Bids were received on November 20, 1945, for this installation as follows:

	<i>Haughton Elevator Co.</i>	<i>Montgomery Elevator Co.</i>	<i>Otis Elevator Co.</i>	<i>Westinghouse Electric Elevator Co.</i>
Proposal.....	\$5 016	\$4 763	\$4 819	\$5 485
Alternate #1.....	No credit	100	No credit	No credit
Net proposal.....	5 016	4 663	4 819	5 485
Bid deposit.....	500	500	500	500
				(bid bond)
Delivery date.....	14 weeks after dwg. approval	150 days after ap- proval of dwgs.	Indefinite	July, 1947

The Director of the Physical Plant and the Comptroller recommend the award of the contract to the Montgomery Elevator Co., the lowest bidder, for \$4,763.

I concur and recommend approval and that authority be given the Comptroller and the Secretary of the Board to execute the contract.

On motion of Mr. Davis, this purchase and the execution of the contract were authorized.

#### APPOINTMENT OF ASSISTANT TO THE DIRECTOR OF THE INSTITUTE OF AERONAUTICS

(6) A recommendation that Robert T. Erie, 1038 Washington Boulevard, Oak Park, Illinois, former Lieutenant Commander in the United States Naval Reserve and a graduate of the University of Illinois, be appointed Assistant to the Director of the Institute of Aeronautics at the University of Illinois, beginning as soon as he can report for duty, at an annual salary of \$5,000.

On motion of Mr. Davis, this appointment was authorized as recommended.

#### HISTORY OF THE AIRPORT

On motion of Mr. Davis, the Secretary was delegated to compile and edit the history of the University of Illinois Airport, in consultation with the President and members of the Board, the President of the University, and other officials who had part in the matter.

The Executive Committee adjourned.

# MEETING OF THE BOARD OF TRUSTEES

OF THE

# UNIVERSITY OF ILLINOIS

---

**December 11, 1945**

**With Executive Committee Meetings of  
December 11 and 17, 1945**

The December meeting of the Board of Trustees of the University of Illinois was held at the University Club, 76 East Monroe Street, Chicago, on Tuesday, December 11, 1945, according to the following schedule: 10:30 a.m., in executive session in committee of the whole; 2 p.m., in open session.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. McKelvey, Dr. Meyer.

President Willard was present; also Dr. George Dinsmore Stoddard, President-elect, Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Professor C. R. Griffith, Provost, Professor W. E. Britton, Legal Counsel, and, during portions of the day, Professor W. C. Huntington, Head of the Department of Civil Engineering, Mr. Ernest L. Stouffer, Architect, and Mr. James C. Colvin, Secretary of the University of Illinois Foundation.

### MORNING SESSION, DECEMBER 11, 1945

During the morning session, the Board discussed, in conference with President Willard and President-elect Stoddard, the items on the agenda for the afternoon session and the general policies of the University with respect to the calendar, housing, services for veterans, the selection of deans, and other matters.

#### ACTIONS OF THE EXECUTIVE COMMITTEE

With the concurrence of members of the Board who were present, the Executive Committee took action on the following matters.

##### SALARY OF MR. H. E. CUNNINGHAM

On motion of Mr. Davis, the following resolution was adopted:

Due to the many added responsibilities handled by the Secretary of the Board and the Director of the University Press, be it resolved by the Executive Committee that the salary of H. E. Cunningham be \$7,000 a year, effective as of September 1, 1945.

The vote was as follows: Aye, Mr. Livingston, Mr. Davis, Dr. Meyer.

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Executive Committee considered the following matters presented by the President of the University.

##### LEAVE OF ABSENCE FOR PROFESSOR THOMAS E. BENNER

(1) Professor Thomas E. Benner of the College of Education is under consideration for temporary appointment as a Specialist in Higher Education under the Allied Control Council for Austria with headquarters in Vienna. Acceptance of this appointment if it is offered him is contingent on a leave of absence for one year. The Acting Dean of the College of Education is prepared to recommend such leave provided it will not adversely affect Professor Benner's tenure or other acquired rights as a member of the University faculty. The Acting Dean also reports that satisfactory provisions can be made for the instructional work of the College. A new major appointment to the staff has been made which will become effective in February, and another staff member now on military leave will return for service beginning with the second semester. If registrations in Education courses increase beyond what is now anticipated, Professor Benner's salary will be available for the employment of additional staff.

I recommend the authorization of a leave of absence without pay for Professor Benner in accordance with the conditions indicated and that the President of the University be authorized to determine the effective and termination dates of such leave.

On motion of Mr. Davis, this recommendation was adopted.

##### SABBATICAL LEAVE OF ABSENCE FOR PROFESSOR MORITZ GOLDBABER

(2) Professor Moritz Goldhaber, of the Department of Physics, has applied for a sabbatical leave of absence on full pay for the second semester of the current academic year. He proposes to spend this time in research work in nuclear physics at the California Institute of Technology, where he will have the advantage of consultation with Professor J. R. Oppenheimer on theoretical questions. Professor Goldhaber has been doing research work in the field of nuclear physics at the University of Illinois for several years and has made an outstanding discovery which requires that certain nuclear theories be revised. Because the teaching load of the Department of Physics will be much greater in 1946-1947 and subsequent years than it is now, it will be more convenient for

the Department to have Professor Goldhaber away during the current academic year than at a later time.

The Department will also make adequate provision for Professor Goldhaber's teaching duties during the second semester of 1945-1946 without additional expense to the University.

I recommend approval.

On motion of Mr. Davis, this leave was granted as recommended.

#### **APPOINTMENT OF DIRECTOR OF DIVISION OF SPECIAL SERVICES FOR WAR VETERANS**

(3) On November 23, 1945 (Minutes, page 907), a request for the confirmation of the appointment of Mr. H. W. Hannah as Director of the Division of Special Services for War Veterans was referred to the Committee on General Policy for consideration and report.

On motion of Mr. Davis, the appointment of Mr. Hannah was confirmed as an interim appointment, and the President of the University was requested to ask the War Department for the immediate release of Colonel C. R. Frederick from service so that he may return to take charge of this work as Director.<sup>1</sup>

#### **LEASE OF RESIDENCE TO DR. WILLARD**

(4) I request the Board to lease to me as of July 1, 1946, the house on Nevada Street formerly occupied by the late Dr. David Kinley, President *Emeritus*.

On motion of Dr. Meyer, the Committee on Buildings and Grounds was authorized to arrange the details of this lease with Dr. Willard, following the same principles as in the case of the lease to Dr. Kinley.

#### **SABBATICAL LEAVE OF ABSENCE FOR T. W. BALDWIN**

(5) Professor T. W. Baldwin, of the Department of English, was granted a sabbatical leave of absence during either the first semester or the second semester of 1945-1946, depending on the status of the war and conditions abroad, since he planned to spend his time doing research work in England. Conditions in England are such that he could not carry on his research effectively, and I, therefore, recommend that his sabbatical leave of absence be cancelled without prejudice in regard to a sabbatical leave in the future.

On motion of Mr. Davis, this recommendation was adopted.

#### **GIFT FROM MR. AND MRS. MERLE J. TREES**

(6) Mr. and Mrs. Merle J. Trees have presented to the University of Illinois Foundation securities of a current value of \$14,600 to create an endowment, the income of which is to be used for maintenance of the Emily Nichols Trees (Class of 1905) and Merle Jay Trees (Class of 1907) Collection of Paintings that they have been presenting to the University for the past eight years. The University of Illinois Foundation has proposed to turn this fund over to the University.

I recommend its acceptance.

Mr. Trees, who was present, commented on this matter.

On motion of Mr. Davis, the following resolution was adopted.

#### **RESOLUTION**

*Whereas*, Mr. and Mrs. Merle J. Trees heretofore have established, by gift to the University of Illinois, the Trees Collection of Paintings, and

*Whereas*, these Benefactors have expressed their desire that the Collection of Paintings donated by them to the University of Illinois should at all times be maintained in accordance with the best standards of artistic judgment, and

<sup>1</sup> Reconsidered and rescinded, and appointment of Mr. Hannah confirmed, January 5, 1946 (Minutes, page 962).

*Whereas*, these Benefactors have tendered, by way of gift and in the form of a Deed of Trust to the Board of Trustees of the University of Illinois, through the University of Illinois Foundation, certain securities for the purpose of maintaining the Trees Collection of Paintings as more particularly described in their letter of December 11, 1945, a copy of which is attached.

*Now therefore, be it resolved*, that the Board of Trustees of the University of Illinois, in accordance with the terms of the aforementioned letter, hereby accepts such gift, and desires here to record its deep appreciation to these donors for this new generosity and interest in serving, through this University, the youth of this State.

The Executive Committee adjourned.

H. E. CUNNINGHAM  
*Clerk*

PARK LIVINGSTON, *Chairman*  
CHESTER R. DAVIS  
KARL A. MEYER

#### AFTERNOON SESSION, DECEMBER 11, 1945

When the Board convened in open session at 2 p.m. on Tuesday, December 11, 1945, the same members and officers, and Dr. Stoddard, were present as during the morning session.

#### MINUTES APPROVED

The Secretary presented the minutes of the meeting of the Board on October 18, 1945, and, for record, of the Executive Committee on the same day.

On motion of Dr. Meyer, the minutes were approved and received for record as printed on pages 855 to 904 above.

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

#### DEGREES CONFERRED IN CHICAGO

(1) A recommendation that degrees be conferred as of December 22, 1945, on those graduates of the Colleges of Medicine and Dentistry who have completed the requirements and have been certified by the University Senate for the degrees shown. The list of candidates is given below.

On motion of Mr. Fornof, these degrees were conferred as recommended.

**ADVISORY COMMITTEE OF THE COLLEGE OF EDUCATION**

(2) Professor W. S. Monroe, Acting Dean of the College of Education, recommends the appointment of the following members of the Advisory Committee of the College of Education for the academic year beginning September 1, 1945. The College of Education has in previous years had no such committee, although a year ago a group was called together informally to serve in an advisory capacity, and it is now proposed to give it an official status.

I concur in the recommendation.

**REPRESENTATIVES FROM EDUCATIONAL ASSOCIATIONS**

W. R. MCINTOSH, Decatur, Illinois Education Association.

SELMER H. BERG, Rockford, Illinois Association of School Administrators.

CARL W. ALLISON, Champaign, Illinois High School Principals' Association.

ROBERT M. COLE, Springfield, Illinois Association of School Boards (*alternate*).

ERNEST M. HARSHBARGER, Urbana, County Superintendents' Association.

WARREN E. HILL, Chicago, Illinois Vocational Association.

LESTER GRANT, Decatur, Elementary Principals' Association.

**MEMBERS AT LARGE**

SUE CRAIN, Dupo Community High School, Dupo.

P. L. EWING, Alton Public Schools, Alton.

G. E. HAWKINS, Lyons Township High School and Junior College, LaGrange.

J. F. KARBBER, Ridgway Community High School, Ridgway.

E. H. STULLKEN, Montefiore Special School, Chicago.

MRS. EDNA K. WEERS, Roosevelt Junior High School, Peoria.

EUGENE YOUNGERT, Oak Park & River Forest Township High School, Oak Park.

R. B. ZIMMERMAN, Hay-Edwards School, Springfield.

On motion of Mr. Davis, this committee was approved with the addition of Mr. Frank A. Jensen, LaSalle-Peru Township High School and Junior College, as a member at large.

**APPOINTMENT OF DR. BALDWIN M. WOODS AS  
CONSULTANT ON AERONAUTICS**

(3) Dr. Baldwin M. Woods, Professor of Mechanical Engineering at the University of California, has served as Consultant on Aeronautics and Chairman of the Advisory Board on Aeronautics since January 1, 1944. His present appointment expires December 31, 1945. I recommend that it be renewed for one year from January 1, 1946, under the same terms as heretofore, namely, an honorarium of \$2,000 for his services, plus a traveling allowance of \$500, or a total of \$2,500, to be paid in four quarterly installments.

On motion of Mrs. Grigsby, this appointment was made as recommended.

**ASSISTANT TO THE LEGAL COUNSEL FOR THE BUSINESS OFFICE**

(4) Mr. Norval D. Hodges, Administrative Assistant in the Bursar's Division of the Business Office, who has been on leave of absence for service in the United States Navy since January 1, 1944, will soon be released and would like to return to service in the University on or about January 1, 1946. His position is available and provision for his salary is carried in the current operating budget.

Mr. Hodges began his University service September 1, 1937, as Student Loan Assistant in the Business Office, his duties being largely the servicing of student loans. From 1939 to 1943 he also carried the title of Assistant to the University Counsel, because he represented the University in legal proceedings required in the collection of delinquent student loans. He also assisted the University Counsel in other legal matters. Mr. Hodges is a graduate of the College of Law and has been admitted to the Illinois Bar. Since September 1, 1943, his position has been Administrative Assistant in the Bursar's Division of the Business Office.

The Comptroller and the Legal Counsel recommend that on the return of Mr. Hodges to active University service he be appointed "Assistant to the Legal Counsel for the Business Office," at an annual salary of \$3,750, the position to be administratively under the Comptroller but under the functional direction of the Legal Counsel so far as any legal matters are concerned. I concur in this recommendation. The former salary of this position was \$3,200, and the salary of \$3,750 is proposed in recognition of the fact that salaries of other positions of comparable grade and in the same range have been increased during the two years Mr. Hodges has been in the Navy.

On motion of Mr. Davis, this appointment was made as recommended.

**FLIGHT TRAINING AND VOCATIONAL AVIATION PROGRAMS**

(5) The University Senate recommends approval of educational programs in (1) flight training for students, faculty members, and others; (2) aviation technician training on a level between that of the trade or vocational school and that of an engineering curriculum; (3) courses in airplane mechanics for prospective high school teachers of industrial education; and (4) airplane and airport facilities for students in Aeronautical Engineering. These are parts of a larger program of teaching and research based on the possession of an airport by the University.

The programs were developed by a special Committee on Flight Training and Vocational Aviation appointed by the President of the University on April 10, 1945.<sup>1</sup> These programs were referred to the Senate Committee on Educational Policy for study, and in its report to the Senate the Committee presented the following conclusions in which the Senate has concurred:

1. Instruction in ground school courses, in flying, and in aviation mechanics, is essential to a well-rounded program of education which will make full and economical use of the airport facilities which the University possesses or will possess in the near future.

2. Although a part of this program is subprofessional in character, it is justified because with the possession of a fully equipped airport the University will be uniquely fitted for this type of training, and the work is supplementary to research and teaching on the level of higher education.

3. Adoption of subprofessional instructional programs is appropriate in fields for which the University is especially equipped, but their adoption for these fields does not imply the general approval of subprofessional training in other fields.

Only two of the recommended programs involve new policies on the part of the University. These are the instruction in (1) flying, and (2) aviation mechanics for aviation technicians. Provision of facilities for prospective teachers of industrial education and for students enrolled in Aeronautical Engineering call only for extensions of programs already approved by the Senate.

Details of these programs will be developed by the appropriate staffs and presented to the Senate in the same way that other curricula are presented. The Senate believes, however, that sound educational policy requires that flight training be restricted to bona fide students and staff members of the University. To open this service to others will be to start an activity not appropriate to the University, and such an activity once started would be very difficult to contain within reasonable bounds. The Senate also recommends that aviation technician training be limited to students who are high school graduates or who can be admitted under existing requirements for unclassified students.

The form of organization for these programs will be determined later by the Senate Committees on Educational Policy and General University Administrative Organization and will be presented to the Senate for its consideration and recommendation to the Board.

There is submitted with this recommendation an excerpt from the report of the Special Committee on Flight Training in Vocational Aviation outlining suggested programs. These are tentative and have been presented by the Committee as a basis for further consideration. Action on these should not be taken by the Board at this time, but the programs in finished form will be submitted to the Board for final approval later.

On motion of Dr. Meyer, this program was approved as recommended.

#### SCHOLASTIC REQUIREMENT FOR REGISTRATION IN CHEMISTRY COURSES

(6) On December 17, 1938, the Board of Trustees approved the following restrictions on registration of undergraduate chemistry students in chemistry courses as recommended by the University Senate, effective at the beginning of the first semester of 1939-1940:

With the exception of students in the College of Engineering and the College of Agriculture, registration of students in chemistry courses (other than Chemistry 1-8b inclusive) is restricted to those having a grade point average of at least 3.5 in all subjects, exclusive of the basic courses in military training and the required work in physical education and hygiene, and an average of at least 3.5 in chemistry courses. Transfer students to be admitted must have a corresponding record in the institution from which they transfer and must maintain a similar average at the University of Illinois.

<sup>1</sup>The personnel of this Committee is: H. H. Jordan, Associate Dean, College of Engineering, Chairman; R. B. Browne, Director of University Extension; V. A. Hines, Teacher of Mathematics, University High School; H. J. Miles, Associate Professor of Mathematics; C. A. Moyer, Assistant Professor of Accountancy; J. L. Page, Associate Professor of Geography.

The University Senate recommends that additional courses be included among those which may be taken without meeting the established grade average and that determination of minimum grade qualifications be based either on their scholastic records in chemistry courses or on the general grade average earned in all academic courses, exclusive of those in military science and tactics, physical education, and hygiene. The courses to be included among those for which the grade average will not be required are Chemistry 10 (Qualitative Analysis), 22 and 23b (Elementary Quantitative Analysis), 24 (Quantitative Analysis), 32 and 33 (Elementary Organic Chemistry), and 34 (Organic Chemistry). As herein amended the revised statement of the requirements for registration in chemistry courses will be:

*Restrictions.*—With the exception of students in the College of Engineering and the College of Agriculture, registration of students in chemistry courses (other than Chemistry, 1, 2, 3, 4, 5, 6, 7a, 8a, 8b, 10, 22, 23b, 24, 32, 33, 34) is restricted to those having a grade point average of at least 3.5 in all subjects, exclusive of the basic courses in military training and the required work in physical education and hygiene, or an average of at least 3.5 in chemistry courses. Transfer students to be admitted must have a corresponding record in the institution from which they transfer and must maintain a similar average at the University of Illinois. A student in the College of Liberal Arts and Sciences who desires to minor in Chemistry must maintain a 3.5 average in all chemistry courses. Should he fall below that average and his adviser deem certain chemistry courses essential to him, the head of his department may request in writing and secure his admittance, provided space is available.

The University Senate recommends that for students registered in the Graduate School there be substituted a grade point average of 3.75 for the former requirement of 75 per cent A's and B's in undergraduate courses; also that those who have been admitted by transfer to the University of Illinois may have the grade average for their first year graduate work 4.25 instead of the former 4.5. The revised statement of this requirement as herein amended will be:

Students who have fulfilled the undergraduate course requirements as specified in the *Graduate School Bulletin* may enter the Graduate School in Chemistry at the University of Illinois if they have a grade point average of 3.75 in their undergraduate subjects exclusive of hygiene, military, and physical education courses.

Students who have obtained graduate credit in some other university may enter the Chemistry Department of the University of Illinois provided, (1) their undergraduate records meet the above requirements, and (2) their grade point averages in graduate work are at least 4.00. In the event that their undergraduate averages are less than 3.75 they must have received grade point averages of at least 4.25 in a year of graduate work elsewhere before being granted permission to enter the Graduate School in Chemistry at the University of Illinois.

These changes have been recommended by the Department of Chemistry and have been approved by the College of Liberal Arts and Sciences for undergraduate students and by the Graduate School for graduate students.

On motion of Mr. Davis, these changes were approved.

#### ACADEMIC CALENDAR FOR 1946-1947

(7) There are pending before the Board of Trustees recommendations from the University Senate that (1) the University's academic calendar be on a two-semester basis plus an eight-week summer session (as before the war) and (2) in 1946 there be a twelve-week summer session (to run concurrently with the eight-week session) to meet the needs of veterans. This would permit synchronization of curricula for the Naval Reserve Officers' Training Corps program and for civilian students in February, 1946, would permit opening of the fall term in September, 1946, instead of in October, and would provide complete acceleration of educational programs for those students desiring the same, since the twelve-week summer term in 1946 would end on September 14 and the fall term would begin on September 20.

This plan would require an increase in the number of class meetings during the twelve-week summer term for completion of courses designed for a longer

term and to provide the equivalent of a semester of credit. The College of Law will operate a full summer semester of sixteen weeks in 1946.

The University Senate now recommends a calendar for the academic year 1946-1947 of three sixteen-week terms, each equivalent in instructional time and credit to a semester. The first term would begin with freshman registration on September 20, 1946 (instruction to begin September 25), and end January 25, 1947; the second semester would begin February 3 and end May 29, 1947; the third or summer term would begin June 9 and end September 27, 1947.

Mr. Davis reported that the Committee on General Policy recommended the approval of the academic calendar for 1945-1946 and for 1946-1947, with the provision that the matter would be made the subject of continuous study, with report and recommendation to the Board before September 1, 1947.

On motion of Mr. Davis, this recommendation was adopted.

#### APPROPRIATION FOR ADMINISTRATION OF ADMISSION OF WAR VETERANS TO THE UNIVERSITY

(8) The processing of the admission to the University of World War II veterans who are applying for benefits under Public Law 346 (the "G. I. Bill of Rights" Act) and Public Law 16 (Rehabilitation), and to serve these veterans effectively in establishing their eligibility for such benefits in accordance with the procedures specified by the Veterans Administration to carry out the provisions of these laws requires additional administrative and clerical services beyond the facilities and personnel available in existing agencies.

The Veterans Administration requires a detailed account of each veteran's progress and of all changes in his University program and status that would affect his rights under either law. The reports must be accurate and submitted promptly; otherwise the veteran will not receive his benefits promptly and the Veterans Administration will be handicapped in its services. A joint memorandum from the Registrar and the Director of the Division of Special Services for War Veterans explaining these problems in detail is submitted herewith and a copy is being given to the Secretary of the Board for record. They recommend that the following positions and funds be added to the budget of the Division of Special Services for War Veterans to provide the additional administrative facilities necessary:

Assistant Director.....	\$3 000
(To be an employee of the Division of Special Services for War Veterans, assigned to the Registrar's Office)	
Junior Clerk-Stenographer.....	I 440
Junior Clerk-Typist.....	I 320
Total salaries.....	\$5 760
Wages .....	500
Office furniture and equipment.....	350
<i>Total</i> .....	<i>\$6 610</i>

Additions have been made to the budget for instruction of veterans, under the authority given the President of the University to make budgetary adjustments, but because the appropriation now being recommended is for administrative expenses this proposal is being submitted to the Board for final approval.

I concur in the recommendation of the Registrar and the Director of the Division of Special Services for War Veterans.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

#### SPECIAL APPROPRIATION FOR COLLEGE OF PHARMACY

(9) Dean E. R. Serles, of the College of Pharmacy, with the endorsement of Executive Dean R. B. Allen, has submitted a request for a special appropriation of \$9,200 for courses for veterans running through three quarters beginning in

January, 1946, through the close of the summer quarter in September, 1946. The subjects covered will be Pharmacy, Chemistry, Physics, and Pharmacognosy, and will be set up to meet the needs of former students and other eligible persons who have successfully completed one or more years of collegiate credit at the University of Illinois or at other universities and colleges and who have been or may soon be separated from the armed services. In accepting registrations in these courses the faculty will give special examinations to determine the ability of any prospective students to receive advanced standing on the basis of knowledge acquired outside of formal instruction.

Funds are available in the current budget to meet the expense for the winter and spring quarters. Added staff and expense are necessary for the summer quarter, and it is proposed to engage a certain number of the regular staff who are on academic salary to teach full time in the summer quarter of 1946 and to provide extra compensation for them to the extent of one-fourth of their academic salary. For this purpose the sum of \$8,200 is required, and the further sum of \$1,000 is needed for expense and equipment.

I concur in this recommendation and request a special appropriation of \$9,200 to the College of Pharmacy from the General Reserve Fund, this appropriation to be available until October 1, 1946.

On motion of Mr. Fornof, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

#### SPECIAL APPROPRIATIONS OF ATHLETIC ASSOCIATION

(10) The Board of Directors of the Athletic Association request approval of the following special appropriations for 1945-1946:

1. Purchase of awards to be given to lettermen.....	\$1 500 00
2. Purchase of sixteen new turnstiles.....	1 535 20
3. Modernization of the electrical equipment and public address system at the Ice Rink.....	1 200 00
<i>Total</i> .....	<u>\$4 235 20</u>

These items have been reviewed by the Comptroller and he submits them for approval. I recommend approval.

On motion of Mr. Davis, these changes in the budget of the Athletic Association were approved as recommended.

#### SUMMER CAMP FOR SURVEYING INSTRUCTION IN CIVIL ENGINEERING

(11) The Department of Civil Engineering requests authority to lease Camp Rabideau in the Chippewa National Forest near Bemidji in northwestern Minnesota from the United States Forest Service for use as a summer camp for surveying instruction in Civil Engineering. The basic reasons for such a camp are:

1. The areas now available in Illinois for surveying instruction are entirely unsuitable for practice in topographic and route surveying.
2. No bodies of water are available for hydrographic surveying, and no suitable streams are accessible for practice in stream gaging.
3. The periods into which surveying instruction has to be divided to suit student schedules are only long enough for brief exercises in surveying and do not permit real surveys to be made.
4. It is now necessary to divide the students into small squads rather than to organize parties as in actual surveying operations.
5. Stormy weather interferes greatly with the effectiveness of present surveying instruction at Urbana-Champaign. Rain and snow often make it impossible to get into the field for periods of several weeks, solar and other astronomical observations can not be scheduled with any certainty, and students often complete the surveying courses without securing practice in making such observations.

6. While this can not be classed as a reason for the camp, an indirect gain is the effect of such camps on the "esprit de corps" of the students in the department.

The educational program contemplated would consist of surveying instruction covering a period of eight weeks during July and August between the freshman and sophomore years. Attendance at summer camp would be required of all civil engineering students, with provisions for exemptions in cases of students transferring from other institutions when the requirement would result in unreasonable delay in graduation. Other engineering students would be permitted to elect attending the camp. A fee to be established by appropriate University action would be charged for instruction. Charges would be made for board and camp operation on a cost basis and for maintenance of camp area, mess hall, kitchen, and lodging equipment. Students would be responsible for housekeeping and laundry and would furnish bedding except mattresses. The University would furnish cots, mattresses, cooking equipment, and dishes. The cost of instruction would be offset by a reduction in teaching load and costs on the campus. The Department of Civil Engineering is understaffed. Additions for instruction in surveying will have to be made, and if the camp is established the number of such new staff additions can be reduced, thus offsetting the cost of instruction at camp. Summer surveying camps are now operated by 52 universities, and 14 others operate summer surveying schools. Such a facility for University of Illinois students was first proposed 35 years ago, and was considered subsequently from time to time.

The initial cost of adapting Camp Rabideau for this use would be \$10,000. Annual maintenance cost would not exceed \$1,000 a year. The rent to be paid by the University for the camp would be \$100 a year. It is anticipated that the camp would have an enrollment of 60 students the first summer and would increase to 100 in subsequent years. The Department of Civil Engineering estimates that on the basis of 60 students the total cost of salaries of staff members and their expenses would be \$1,600 less than the same amount of instruction would cost on the campus, and on the basis of 100 students the saving would be \$2,600. This is aside from the realization of any fee charged for summer camp tuition.

There is submitted with this a detailed prospectus concerning the summer surveying camp.

On recommendation of the Committee on Buildings and Grounds and on motion of Mr. McKelvey, this program was authorized and approved. The appropriation of \$10,000 was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

#### ASSIGNMENTS OF FUNDS FOR STUDENT HOUSING

(12) The appropriations made by the Sixty-Fourth General Assembly to the University for the biennium 1945-1947 include \$1,500,000 for student residence halls and equipment. The General Assembly also passed legislation authorizing the Board of Trustees to issue bonds to finance the construction of residence halls.

Such projects require about two years for completion after funds become available because the building must be designed, working drawings prepared, and bids secured before any construction contracts can be let. The planning of the University's housing program began more than a year ago, and the hearings on this legislation started in December, 1944, before there were any indications that the war would end in 1945. At that time it appeared that these facilities would not be needed before September, 1947.

On July 30, 1945, the Executive Committee of the Board of Trustees authorized the use of the appropriation for student residence halls for the following construction program: (1) A building of 221 apartments for married students.

(2) A women's residence hall to accommodate 200 students. (3) The construction of additional housing units to be financed through bond issues.

When this action was taken, the war with Japan was not over. While the war in Europe was over, there was no expectation that any large number of those in the armed forces would be returned to civilian life immediately and that the residence halls facilities would be needed to house returned veterans before September of 1947 as originally planned.

With the termination of the war in August, conditions have changed very rapidly. The number of veterans returning to the University of Illinois is much greater than originally anticipated. There is not sufficient private housing available in Champaign-Urbana to meet the demands. The University needs additional student housing immediately. To meet this situation the University has secured from the National Housing Agency an allocation of 275 portable shelter houses now at Charleston, Indiana. The Governor has released \$500,000 from the appropriation of \$1,500,000 "For construction of students' residence halls and equipment" and has authorized the expenditure of this amount (\$500,000) for the installation of portable housing for war veterans and their families.

As further steps in the construction of housing facilities for students, the Director of the Physical Plant Department and the Dean of Students recommend:

1. That the construction of an apartment-type of residence hall be deferred since the funds allocated for this phase of the program will be needed for temporary housing.

2. That the balance in the State appropriation for student residence halls be used for the construction of residence halls for unmarried students. It is proposed that these units will ultimately be women's residence halls but that they be used for housing single veteran students as long as there is need for them. It is further proposed that if the State appropriation is not sufficient it be supplemented through bond issues.

3. That the action of the Board on June 30, 1945, appropriating \$25,000 for the purchase of the T. A. Clark property on Illinois Street as part of a site for the apartment-type of residence hall be rescinded and that these funds be applied to the temporary housing project.

I concur in these recommendations except as to item 3, on which I recommend that the original action of the Board stand and that the University purchase this property for future use.

On motion of Dr. Meyer, the following actions were taken:

1. The construction of apartments for married students was deferred.

2. The use of the remaining funds for the construction of residence halls for unmarried students was authorized.

3. The employment of Shaw, Naess, and Murphy as architects was confirmed.

#### **ADDITIONAL APPROPRIATION FOR OBSERVATION GALLERY FOR UNIVERSITY HIGH SCHOOL**

(13) On May 12, 1945, the Board approved a request for an appropriation of \$1,200 to provide for an observation gallery in the University High School. The Physical Plant Department requested bids from contractors at that time without receiving a single bid. Recently it has again been offered for reconsideration and bids received, the lowest bidder being George Bennett in the amount of \$2,357. Other costs total \$843. An additional appropriation of \$2,000 is now needed to complete this project.

I recommend an additional appropriation of \$2,000 for this purpose and request authorization for the Comptroller and Secretary to approve the award of the contract to the lowest bidder, George Bennett.

The Provost commented on this matter.

On motion of Mrs. Grigsby, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

### ADDITIONAL APPROPRIATION FOR CAPITAL IMPROVEMENTS IN CHICAGO

(14) The College of Medicine has funds from previous Board appropriations totaling \$25,724 for remodeling of animal quarters and installation of additional cages. Construction was recently begun, and it has developed that the work can not be satisfactorily carried out within existing funds. An additional expenditure of \$3,250 is urgently needed (see letter from Dean R. B. Allen dated December 5, 1945).

I recommend an additional special appropriation of \$3,250 for capital additions in Chicago to take care of this situation.

Mr. Stouffer commented on this matter.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

### CLINICAL FACULTY OF THE ILLINOIS EYE AND EAR INFIRMARY

(15) A recommendation that the following additional appointments be made to the non-salaried, or clinical, faculty of the College of Medicine, in the Illinois Eye and Ear Infirmary, for the academic year beginning September 1, 1945; and that the President of the University be authorized to make such additional appointments or other changes as are desirable and necessary.

On August 29, 1945 (Minutes, page 620), the Board of Trustees approved appointments to the clinical faculty of the College of Medicine, but nominations for appointments to the staff of the Illinois Eye and Ear Infirmary were not included because Dr. Harry S. Gradle, Director of the Infirmary, was seriously ill and it was only recently that his recommendations could be submitted.

On motion of Dr. Meyer, these appointments were made as recommended.

#### PURCHASES AUTHORIZED

(16) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. One Ford Ferguson tractor "Moto-Tug," for the University of Illinois Airport, from Dana Hudelson, Champaign, at a cost of \$1,631.96.
2. Installation of two Bowser Serv-A-Plane units and two 5,000-gallon underground storage tanks, for the University of Illinois Airport, from the Texas Company, at a cost of \$3,286.
3. 1.75 lbs. pure, 10 lbs. 85%, and 8 lbs. 30%, 2-methyl-5-vinyl-pyridine, for the War Production Board Rubber Research, from the Reilly Tar and Chemical Corporation, at a cost of \$2,706.

On motion of Mr. Davis, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### CONTRACT FOR ELECTRICAL DISTRIBUTION SYSTEM FOR PORTABLE HOUSES

(17) Following are the bids received December 8 for installation of both the electrical distribution and the ground lighting systems for the temporary housing installations on the Gallivan Tract and on the site west of First Street:

<i>Bidder</i>	<i>Fixed Fee</i>	<i>Guaranteed Maximum Price</i>
E. A. Koeneman Electric Co.....	\$4 563	\$13 163
Hecker and Co.....	2 050	7 575

These bids were taken on a guaranteed maximum price plus fixed fee basis, the same type of contract as was recently approved for general work and for the sewer and water installations.

The Physical Plant Department recommends the award of this contract to Hecker and Company, the lowest bidder, on the basis of their quotation of \$7,575 maximum price plus the fixed fee of \$2,050, or a total maximum cost of \$9,625.

I concur and request that authority be given the Comptroller and the Secretary of the Board to execute the contract.

Mr. Stouffer commented on this matter.

On motion of Mr. Davis, these awards and the execution of the contracts were authorized.

## BIDS ON PHYSICS RESEARCH LABORATORY

(18) The Director of the Physical Plant Department submits the following schedule of bids received December 10 on the general, plumbing, heating and ventilating, and electrical work for the construction of the Physics Research Laboratory Building (betatron). The Board of Trustees has authorized the construction of this building on a cost plus fixed fee basis.

<i>Bidder</i>	GENERAL		<i>Prop. 1 General Work</i>	<i>Bond Premium General Only</i>
	<i>Check</i>			
E. N. DeAtley.....	\$4 800		\$14 643	¾ to 1%
J. P. Cullen & Son.....	4 800		24 000	1%
John Felmley Co.....	4 800		14 700	\$1 600 00
J. L. Simmons Co.....	4 800		11 500	4 800 00
Kuhne-Simmons Co.....	4 800		10 970	1 220 25
King & Petry.....	4 800		9 725	1%

## PLUMBING AND HEATING

<i>Bidder</i>	<i>Check</i>	<i>Prop. 2 Plumbing</i>	<i>Prop. 3 Heating and Vent.</i>	<i>Bond Premium</i>	<i>Combined Bid</i>
A. W. Murray Co.....	\$1 600	\$3 760	\$4 960	1%	\$7 630
Reliable Plumbing and Heating Co.....	1 600	4 230	5 580	{188 P. 248 H.	.....
Carson-Payson Co.....	1 600	3 960	4 990	.....	6 950
Champaign Plumbing and Heating Co.....	1 600	3 758	4 460	{225.58 P. 292.60 H.	.....

## ELECTRICAL WORK

<i>Bidder</i>	<i>Check</i>	<i>Prop. 4 Elect.</i>	<i>Bond Premium Elect. Only</i>
Harker & Co.....	\$1 500	\$12 000	1%
Hoffman Electric Co.....	1 500	9 400	\$490 00
E. A. Koenenman Electric Co.....	1 500	8 000	.....
Anderson Electric Co.....	1 500	5 500	491 00
Bean Electric Co.....	1 500	8 400	736 50

The estimated cost of the actual work, including the fixed fee, is as follows:

General work.....	\$162,700
Plumbing work.....	18,800
Heating and ventilating.....	24,800
Electrical work.....	49,100

The Director of the Physical Plant Department recommends award of contracts to the lowest bidders as follows:

*General Work*—King and Petry, Champaign, \$9,725.

*Electrical Work*—Anderson Electrical Company, Danville, \$5,500.

The Carson-Payson Company, Danville, submitted a combined bid of \$6,950 as fee for the plumbing and heating and ventilating work. This is lower than the sum of the lowest bid submitted separately on plumbing and heating and ventilating. The Director of the Physical Plant Department recommends that award of the plumbing and the heating and ventilating contracts be deferred pending the advice of the Legal Counsel on the interpretation of which may be considered the lowest bid or lowest bids.

On motion of Mr. Fornof, the award of the contracts for general work to King and Petry and for electrical work to the Anderson Electric Company was authorized, and the awarding of the plumbing and heating and ventilating was referred to the Executive Committee.<sup>1</sup>

#### ADMINISTRATIVE REORGANIZATION

Mr. Davis, for the special committee appointed April 6, 1945 (Minutes, page 435) to work with a faculty committee on General University Administrative Organization reported that satisfactory progress has been made and that the Board committee will meet with the faculty committee to draft recommendations in the near future.

On recommendation of the Committee and on motion of Mr. Davis, the following recommendation was adopted:

For the prompt development and operation of teaching, research, and extension programs at the University of Illinois which are horizontal or intercollegiate in their scope, and which, after conferences with heads of departments and deans of colleges concerned, can not be, in the judgment of the President, developed under existing administrative agencies, the President of the University is authorized by the Board of Trustees to recommend the appointment either of individuals or committees as the administrative heads of councils, institutes, divisions, or other such agencies as the educational and research purposes to be served may warrant, such administrative heads to possess executive responsibility for the budgets assigned to them by the Board of Trustees upon recommendation of the President and for such other duties as are commonly assigned to major educational officers of the University, but without any other changes in the statutory powers of existing educational and administrative units than distinctive character and purposes of "horizontally organized" or "intercollegiate" programs may require. Both the appointments that are made and the agencies that are created under this authorization shall be for definite terms.

#### ARCHITECTS FOR FINE ARTS BUILDING

Mr. Davis reported also a recommendation from the Committee on General Policy that the "Associated Architects Groups" of Peoria be employed as architects for the Fine Arts Building, under a contract providing for a base fee of six per cent, with an allowance to the University of \$2,500 for preliminary work already completed by the University architect.

On motion of Mr. Davis, this recommendation was adopted.

#### DEAN OF VETERINARY COLLEGE

Dr. Meyer, for the Committee on Agriculture, presented a recommendation that, according to President Willard's recommendation to the Board on October 18, 1945, the appointment be approved, effective immediately, of Dr. Robert Graham as Dean of the College of Veterinary Medicine, Professor of Veterinary Pathology and Hygiene, Chief of Veterinary Medicine in the Agricultural Experiment Station, and Professor of Veterinary Medicine in the Agricultural Extension Service, at a salary of \$8,250 a year. According to the University Statutes, Dr. Graham's tenure as Dean will extend to September 1, 1947, and his appointment as Professor and Chief will be on indefinite tenure.

On motion of Dr. Meyer, this appointment was made as recommended.

#### DR. STODDARD ADDRESSES THE BOARD

At the request of President Livingston, Dr. Stoddard addressed the Board, touching on the problems of all educational institutions, and particularly those of the University of Illinois. Dr. Stoddard said that he was impressed by the organization to deal with the problems of veterans, the progress of the work of administrative reorganization, and the provision for horizontal agencies. He told also of the work of

the commission of the United Nations Organization, as a member of which he spent several weeks in England recently, to recommend plans to take care of scholars and scientists in the occupied countries.

#### COOPERATING TEACHERS

## MEETING OF THE EXECUTIVE COMMITTEE

DECEMBER 11, 1945

The Executive Committee met at the University Club in Chicago at 4:45 p.m. on Tuesday, December 11, 1945. Present, Mr. Livingston and Mr. Davis, President Willard, Dr. Stoddard, Provost Griffith, Mr. Janata, and Mr. Cunningham.

### REVIEW OF THE EDUCATIONAL BUDGET

The Executive Committee discussed the matter of securing, in conference with the President of the University, a review of the educational features of the budget at a stage in its development when criticisms and suggestions could receive adequate consideration and be made effective before the provisions of the budget had been fixed.

On motion of Mr. Davis, the President of the University was requested to assign to the Provost the duty of reviewing, in consultation with Deans and Directors, all proposals relating to educational programs in connection with the Internal Budget for 1946-1947 and the Biennial Budget for 1947-1949 in all stages of preparation, and report to the President of the University thereon; and the President of the University was requested to submit to President-elect Stoddard and to the Board the results of these studies in advance of the presentation of the completed budgets.

The Executive Committee adjourned.

## MEETING OF THE EXECUTIVE COMMITTEE

DECEMBER 17, 1945

The Executive Committee of the Board of Trustees of the University of Illinois met at noon on Monday, December 17, 1945, at the University Club, 76 East Monroe Street, Chicago.

Present: Mr. Park Livingston, Chairman, and General Chester R. Davis, member of the Committee; also Mr. H. E. Cunningham, Secretary, Mr. Charles S. Havens, Director of the Physical Plant, Mr. George E. Woods, President of the University of Illinois Foundation, and, during part of the day, Mr. Victor Cullen, President of the Alumni Association, Professor W. H. Scheick, Director of the Small Homes Council, Mr. C. D. Wagstaff, Mr. Richard N. Jones, Mr. Robert T. Erie, Assistant to the Director of the Institute of Aeronautics, and Mr. Frank E. Bell, Jr.

### MATTERS PRESENTED FOR PRESIDENT WILLARD

The Executive Committee considered the following matters presented by the Secretary for the President of the University, who could not be present.

#### SMALL HOMES COUNCIL

(1) Proposals from Mr. Richard N. Jones and Mr. C. D. Wagstaff for the construction of houses as part of the program of the Small Homes Council.

Mr. Jones, Mr. Wagstaff, Professor Scheick, and Director Havens commented on this matter.

On motion of Mr. Davis, the proposals were referred to the Committee on Buildings and Grounds to study in conference with Director Havens and Professor Scheick, and to make recommendations to the Board.

#### CONTRACTS FOR THE BETATRON LABORATORY

(2) A recommendation from the Physical Plant Department that the contract for plumbing and for heating and ventilation work for the Betatron Laboratory be awarded to the Carson-Payson Company on the basis of their combined bid of \$6,950. This is the lowest bid, or combination of bids. The Legal Counsel states that this award is legal.

On motion of Mr. Davis, this award was made as recommended.

#### APPROPRIATION FOR CHICAGO BUSINESS OFFICE

(3) A recommendation from the Committee on Special Appropriations and Nonrecurring Expenditures that the following appropriations be made for the Chicago Business Office: (1) New inventory record system for Chicago divisions, \$3,000; (2) Special equipment for Chicago Business Office, \$970.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Livingston, Mr. Davis, and (by telephone) Dr. Meyer.

#### NATIONAL FUNDS FOR MOVING AND RESTORING TEMPORARY HOUSES

(4) Telegrams from Senator Scott W. Lucas and Representative Rolla C. McMillen, and letters from President Willard to these gentlemen:

December 15, 1945

*Honorable Scott W. Lucas  
United States Senate  
Washington, D. C.*

DEAR SENATOR LUCAS:

I thank you for your telegram of December 13, informing me that the application of the University of Illinois for 125 additional housing units has been approved by the National Housing Agency. Subsequently we received a telegram from the Chicago Office of the NHA indicating that similar instructions have been received there.

The National Housing Agency has no more houses of the portable shelter type such as those at Charlestown, Indiana. The houses now available will require dismantling and re-erection, but we are investigating this carefully. Incidentally, we are having difficulty in securing permission to transport the houses at Charlestown, Indiana, over the Indiana highways, but that is something we will have to work out at this end.

Enclosed is a copy of a telegram received from Congressman Rolla C. McMillen concerning SJR 122. Under this bill, if amended as he has proposed and passed, it would be possible for the University of Illinois to secure funds to cover the cost of moving houses made available by federal agencies to Urbana-Champaign and installing them here. So, if the University of Illinois could get such federal funds it could use its State appropriation of \$1,500,000, part of which has been assigned for the temporary housing project, for construction of permanent housing facilities for students. I am also enclosing a copy of the reply I have sent Mr. McMillen. I have not previously been in touch with him about this particular matter.

With best wishes, I am

Very sincerely yours,

A. C. WILLARD  
*President*

*A. C. Willard, President  
University of Illinois  
Urbana, Illinois*

Happy to advise you that application for 125 additional dwelling units for University of Illinois was approved by National Housing Agency today.

SCOTT W. LUCAS, *U.S. Senator*

December 15, 1945

*Honorable Rolla C. McMillen  
House of Representatives  
Washington, D. C.*

DEAR MR. McMILLEN:

Please accept my thanks for your telegram of December 14 concerning action by the Committee on Public Buildings and Grounds of the House of Representatives on SJR 122. I also have your letter of December 12 enclosing a copy of this bill, and have just received your telegram of December 15 concerning the allocation of 125 additional housing units to the University of Illinois by the National Housing Agency. We are investigating this possibility.

The University of Illinois has contracted with the Federal Public Housing Authority for removing 275 portable houses from Charlestown, Indiana, to Urbana-Champaign to be used for housing veteran students. It is estimated that this will cost about \$500,000. The University of Illinois has a State appropriation of \$1,500,000 for student housing, part of which has been assigned for this

temporary housing project, but if federal funds are made available the University can use the State appropriation for the construction of permanent housing facilities for students as originally planned. We hope, therefore, that SJR 122 may be amended to enable us to secure an allotment of funds which will cover the cost of moving houses made available by federal agencies to Urbana-Champaign and installing them here. Projects other than the removal of the 275 houses from Charlestown, Indiana, are under active consideration, for which additional funds may be needed.

Representatives of the University of Illinois will undoubtedly want an early conference with officers of the National Housing Agency. We will advise you later on this point.

With appreciation of your interest, I am

Very sincerely yours,

A. C. WILLARD  
*President*

1945 December 14

*Dr. A. C. Willard, President  
University of Illinois*

I urged, and Public Buildings and Grounds House Committee of which I am a member this morning recommended, the passage by House of Senate Bill passed Wednesday for appropriation of \$160,000,000 to move and restore complete present temporary houses and units for use of municipalities and educational institutions for Veterans, University to furnish land only. Feel sure bill will pass the house Monday. You should immediately contact National Housing Administration setting forth your need and if important enough request me for conference of University Representatives with National Housing Administration in Washington. First come first served may prevail. Advise if University has already paid part of cost of any such units as I will present a retrospective amendment including refund or inclusion of such units.

ROLLA C. McMILLEN

Director Havens presented these communications and reported that he had been unable to secure permission from the State of Indiana to move the 275 houses from Charlestown. After discussion, it seemed advisable for President Livingston, Mr. Davis, and President Willard to discuss this matter in Washington early in January.

**MR. FRANK E. BELL, JR., APPOINTED MANAGER OF FOUNDATION**  
Mr. Woods reported that after interviews with several candidates and discussion of their qualifications with President Willard and Dr. Stoddard, the University of Illinois Foundation had, subject to the approval of the Board of Trustees, appointed Mr. Frank E. Bell, Jr., as manager of the University of Illinois Foundation, at a salary of \$7,500 a year, beginning when he reports for duty and continuing until August 31, 1946.

On motion of Mr. Davis, this appointment was approved. President Livingston secured the concurrence of Dr. Meyer by telephone.

Mr. Woods summoned Mr. Bell to the room, and President Livingston informed him of the action. Mr. Bell accepted, and stated that he could begin work immediately, and the appointment was made effective as of December 17, 1945. Mr. Bell was requested to prepare a budget for his office for the rest of the academic year, in consultation with the President of the University and the Foundation.

**SCHOLARSHIP OFFERED BY MR. ELLIODOR LIBONATI**

President Livingston stated that he had received a letter from Mr. Elliodor M. Libonati offering a scholarship to the University.

On motion of Mr. Davis, this matter was referred to President Willard to study and make a recommendation to the Board.

**EQUIPMENT FOR AIRPORT**

Mr. Robert T. Erie, being introduced, reported briefly on his efforts to secure equipment for the Airport.

The Executive Committee adjourned.

# MEETING OF THE BOARD OF TRUSTEES

OF THE

# UNIVERSITY OF ILLINOIS

---

**January 5 and 31, 1946**

**With Executive Committee Meeting of  
January 31, 1946  
And Adjourned Session of  
February 14, 1946**

A special public meeting of the Board of Trustees of the University of Illinois was held in the Faculty Lounge of the Illini Union Building, Urbana, at 2:30 p.m. on Saturday, January 5, 1946, to consider the directorship of the Division of Special Services for War Veterans.

The following members were present: President Livingston, Mr. Fornof, Mrs. Grigsby, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Professor Coleman R. Griffith, Provost, Professor William E. Britton, Legal Counsel; also Professor H. W. Hannah, Associate Professor of Agricultural Economics, whose appointment as Director of the Division of Special Services for War Veterans was confirmed as a temporary appointment by the Executive Committee on December 11, 1945, and Mr. Creighton Webb, Commander of the Student Branch of the American Legion; also a number of students, war veterans, members of the faculty, citizens, and representatives of the press.

**STATEMENT BY PRESIDENT LIVINGSTON**

President Livingston read the following statement.

We are here to settle the misunderstanding which has arisen in the appointment of a director for the Veterans division.

The Board's first interest was and is to secure the best man to administer the Veterans' problems at the University, and second, to be assured that the nomination was in conformity with the wishes of Dr. Willard and the incoming president, Dr. Stoddard.

At the meeting on December 11 both Dr. Willard and Dr. Stoddard were present.

Dr. Stoddard expressed at the December 11th meeting his preference for Colonel Frederick and reiterated his position in his letter of December 27th to the President of the Board.

Since Dr. Willard offered no objection to the procedure it was assumed by the members of the Board that the nomination of Colonel Frederick met with his approval.

Since the members of the Board misinterpreted Dr. Willard's desires in the matter and since its members have a full desire to fulfill the letter of the statutes, I personally urge that at this time the members of the Board rescind the action taken at the December 11th meeting appointing a Director for the Division of Special Services for War Veterans and, since Dr. Willard has nominated Colonel Hannah for the position, request the Board to approve it.

**ACTION OF DECEMBER 11, 1945, RECONSIDERED AND RESCINDED**

On motion of Dr. Meyer, the action of December 11, 1945 (Minutes, page 937, item 3), on the appointment of a Director of the Division of Special Services for War Veterans was reconsidered and rescinded.

**PROFESSOR H. W. HANNAH APPOINTED DIRECTOR**

On motion of Mr. Nickell, Professor H. W. Hannah was appointed to this position as recommended by the President of the University on November 23, 1945 (Minutes, page 907, item 4).

**STATEMENT BY PROFESSOR HANNAH**

Professor Hannah requested permission to make a statement, and, this being granted, read his statement.

**CORRESPONDENCE ON DIRECTORSHIP**

Dr. Meyer stated that he had no apologies to make; that in more than twelve years as a member of the Board, he had never had a disagreement with the President of the University; that the veterans need have no fear that their welfare would be neglected; that Mr. Davis had been most insistent at all times that the interests of the veterans be given priority, and that if President Willard had spoken his opposition to any other appointment, the appointment of Professor Hannah would have been confirmed on December 11.

On request of Dr. Meyer, the Secretary read the following letter from Mr. Davis; also letters and parts of letters as indicated below.

**I. LETTER FROM MR. CHESTER R. DAVIS TO PRESIDENT PARK LIVINGSTON**

January 2, 1946

*Mr. Park Livingston  
20 North Wacker Drive  
Chicago, Illinois*

DEAR PARK:

I have advised Harry Cunningham, as I had heretofore told you, that because of previous commitments in Chicago on Friday afternoon and evening it will be impossible for me to go to Champaign for a meeting with the Board of

Trustees of the University of Illinois on Saturday, although I shall be happy to attend the meeting if held in Chicago on Saturday morning, January 5.

It is my understanding that the primary purpose of the meeting is to discuss the directorship of the Division of Special Service for War Veterans, and for that reason I address myself to you on that subject, with the request that this letter be read at the meeting and incorporated in the minutes of the meeting by Mr. Cunningham, as Secretary of the Board of Trustees.

Last spring, after Dr. George D. Stoddard had accepted the appointment as President of the University of Illinois tendered him by the Board of Trustees, to take office upon the retirement of Dr. Willard on July 1, 1946, it was recognized by the Board of Trustees, Dr. Stoddard, and President Willard that there would be many matters of policy, appointments to key positions, and changes in administrative procedure necessitated by changing conditions upon which action should be taken even though such action extended beyond the period of President Willard's incumbency, and with the spirit of full understanding and cooperation, in order to avoid confusion, it was agreed that all matters involving appointments, changes in policy, or administrative procedure extending beyond July 1, 1946, should be submitted by President Willard to Dr. Stoddard, and only such matters as had their joint approval would be submitted to the Board of Trustees for action by the Board. Both President Willard and Dr. Stoddard have in the main fully cooperated in that procedure to the best interest of the University.

When President Willard at the November meeting of the Board of Trustees suggested the appointment of Colonel Hannah as Director of the Division of Special Service for War Veterans I inquired as to whether the appointment had been submitted to Dr. Stoddard and had his approval. It appeared that this had not been done, and accordingly I suggested that the matter be referred to Dr. Stoddard and that action on this, as well as several other matters then under consideration which would extend beyond President Willard's incumbency, be deferred until the December meeting of the Board, with the understanding that Dr. Stoddard, who had returned from the special mission to England for the United Nations Organization, come out to Illinois for several days, meeting with Dr. Willard and other University officials on the campus prior to the December meeting of the Board of Trustees and be present at the meeting of the Board in December to give the Board his recommendations on those specific matters.

Pursuant to the action taken at the November meeting of the Board President Willard wrote Dr. Stoddard fully under the date of December 1, submitting the names and qualifications of Colonel Waldo Shumway, Colonel Charles R. Frederick, and Colonel H. W. Hannah, together with a brief summary of the functions of the Director of the Division of Special Service for War Veterans.

Dr. Stoddard did come out to Champaign and spent several days with President Willard on the campus for the purpose of discussing with him and others at the University the several matters upon which he had been requested to make his recommendations to the Board, pursuant to the agreement on policy and procedure referred to above.

At the regular Board meeting on December 11 at the University Club in Chicago, at which both President Willard and Dr. Stoddard were present, in addition to Harry Cunningham, Secretary of the Board, Mr. Lloyd Morey, Comptroller for the University, Dr. Coleman Griffith, Provost, and William E. Britton, Counsel for the Board of Trustees, both Dr. Willard and Dr. Stoddard reported on the several matters of appointments and policy upon which action had been deferred for reasons stated above.

It is my recollection that Dr. Stoddard recommended an interim appointment for Colonel Hannah until such time as the release of Colonel Frederick could be obtained from military service, at which time Colonel Frederick should be appointed Director and Colonel Hannah returned to his position in the College of Agriculture. President Willard voiced no objection to that recommendation, and accordingly I made the motion approving Dr. Stoddard's recommendation that the Board act accordingly.

It now appears that Dr. Willard had previously offered the permanent appointment as Director of the Division of Special Service to Veterans to Colonel Hannah. It is to be regretted that this was done without first submitting the matter to Dr. Stoddard and the Board of Trustees or, having been done, the

point was not made clear to the Board of Trustees and Dr. Stoddard at the December meeting when the Board action was taken.

In as much as the situation does exist, however, and in view of the attitude expressed by Colonel Hannah and the University Post of the American Legion, as well as the position of Dr. Stoddard in his letter addressed to you on December 27, 1945, I feel that the best interest of the University and returning veterans, whom we are attempting to serve, justifies rescinding of the Board action at its December meeting and the approval of the appointment of Colonel Hannah as Director of the Division of Special Service for War Veterans.

It is my sincere hope that all interested parties will keep in mind the situation which exists during this period of transition and continue to extend whole-hearted cooperation in all matters affecting the general good and future welfare of the University.

Very truly yours,  
CHESTER R. DAVIS

2. PART OF LETTER FROM MR. CHESTER R. DAVIS TO PRESIDENT A. C. WILLARD

August 10, 1945

*President A. C. Willard  
University of Illinois  
Urbana, Illinois*

DEAR DR. WILLARD:

Coleman Griffith was in the office yesterday afternoon to discuss with Park Livingston and me a tentative chart of internal organization of the University, as developed by his Committee. Park and I made some suggested changes and requested Dr. Griffith to submit the amended chart to you and Dr. Stoddard for your personal comments and criticism before going further with either the Faculty or Trustees' Committee. We had several specific comments and criticisms.

In the first place, the Veterans' Division was no place shown on the chart; and I believe you agree with my conviction that this is of utmost importance in our educational program.

I have had several visits from veterans attending the University recently, and I am not sure that the program is functioning properly. I have also had some discussions with Mr. Hostettler of the Veterans Bureau on the subject.

In discussing the matter with Coleman Griffith yesterday he advised me that Director Glenn was critically ill, and gave that as a possible reason that the program was not functioning as efficiently as it should be doing.

I am wondering if it would not be possible to secure the release of Colonel Shumway from the Army to assume directorship of the Veterans Division. Not only is he a veteran of World War I and World War II, but he has been in direct charge of the General Staff Section and was formerly Assistant Dean of the College of Liberal Arts at Illinois. I have had a number of contacts with him in connection with the work which I am doing in the American Bankers Association Committee on Service for War Veterans, and am convinced of his knowledge, interest, and ability. He was not, of course, available when we first conceived the idea of a separate Division for Veterans, but I am certain that he could do the job which we want done at Illinois.

[Five paragraphs on other subjects are omitted.]

Sincerely,  
CHESTER R. DAVIS

3. PART OF LETTER FROM PRESIDENT A. C. WILLARD TO MR. CHESTER R. DAVIS

August 22, 1945

*Honorable Chester R. Davis  
69 West Washington Street  
Chicago 2, Illinois*

DEAR MR. DAVIS:

This is in reply to your letter of August 10 concerning the matters discussed by Provost Coleman R. Griffith with you and Park Livingston on August 9:

1. The division of Special Services for War Veterans.

Director Sidney E. Glenn went to the hospital for an examination and treat-

ment which he thought would take a couple of days, but he has been ill now for about five weeks. He is improving and his doctor reports that he may be able to return to his work in a month. During his absence the Assistant Dean of the College of Liberal Arts and Sciences, Gerald E. Moore, looked after the Division Office for a time and recently Lieutenant Colonel Arthur W. Clevenger has been looking after the work at my request. Colonel Clevenger is the High School Visitor, who has been on leave of absence for military service. He is still in the Army but on terminal leave, and will go on inactive status at the end of this month. Colonel Clevenger was in the Operations and Training Branch of the Army Service Forces in Washington and his experience would be right in line with the work of the Division of Special Services for War Veterans. Colonel Clevenger is also a veteran of World War I, and served overseas as an artillery officer.

I expect to review the whole situation soon and decide on the future of the directorship. If Director Glenn is not to continue, I would first consider Colonel C. R. Frederick, now in the Army Air Force, who would be an excellent selection if we can get him. Colonel Frederick is an ROTC graduate of the University, Class of 1930. He has served for several years as Assistant Dean of Men, later as Director of Student Housing, and since 1940 has been in active service in the Army.

[Four paragraphs on other subjects are omitted.]

Sincerely,

A. C. WILLARD  
President

4. LETTER FROM PRESIDENT A. C. WILLARD TO DR. GEORGE D. STODDARD,  
PRESIDENT-ELECT

December 1, 1945

*Dr. George D. Stoddard  
Commissioner of Education of  
the State of New York  
Albany, New York*

DEAR DOCTOR STODDARD:

Two years ago the University of Illinois established a Division of Special Services for War Veterans whose functions, briefly summarized, are:

1. To study the needs of the returning veteran.
2. To inform him of all the various services of the University, and to advise him in matters of educational aims and adjustments.
3. To help him to find among existing curricula the one which will best satisfy his purpose, and to assist in making such adjustments therein as may be desired by him and accepted by the college or department in question.
4. To administer the educational programs of those veterans whose special needs are not satisfied by existing curricula.

The Division has the status of a college or school in being authorized to set up special educational programs for veterans whose needs cannot be served by the conventional University curricula.

In selecting the Director of the Division we needed a man experienced in educational counseling, preferably one familiar with the operations and procedures of this University. It was the judgment of the Board of Trustees that he should also be a war veteran. No such qualified veteran of World War II was available when the Division was established, and the first Director appointed was Associate Professor Sidney E. Glenn of the Department of English, a veteran of World War I. In addition to other educational qualifications, Professor Glenn had had a great deal of experience with the Army Specialized Training Program. In fact, he did much of the work in organizing the ASTP curricula in the College of Liberal Arts and Sciences and its services to the other colleges of the University in which Army trainees were enrolled.

Professor Glenn suffered a serious illness last July and his health made it impossible for him to continue as Director of the Division. For a few weeks Professor A. W. Clevenger, High School Visitor, who returned in August, 1945, from over two years of service in the Army, acted as Director, but his other duties made it impossible for him to function in a dual capacity. So in October

I asked Associate Professor H. W. Hannah of the Department of Agricultural Economics to take the job of Director of the Division of Special Services for War Veterans. He accepted and has been doing a splendid job. When I asked the Board of Trustees (at its meeting on November 23) to confirm this appointment, the Board deferred action until you could be consulted. Hence, I am writing you about this appointment. I am enclosing a copy of the recommendation I presented to the Board, and I call attention to the statement about Professor Hannah's qualifications.

Colonel Charles R. Frederick of the Army Air Forces (who has been on leave of absence from his position as Director of Student Housing at the University of Illinois since November 1, 1940) has been mentioned for the position of Director of the Division of Special Services for War Veterans. In fact, I told the Board of Trustees last August, when Professor Clevenger was appointed Acting Director, that I would consider recommending Colonel Frederick if he were available. At that time Colonel Hannah was also still in the Army being hospitalized for treatment of injuries suffered in the invasion of Europe and we did not know when he would return to University service. I believe Mr. Davis has written you about Colonel Frederick.

Both Frederick and Hannah are very good men. Frederick graduated from the University of Illinois in 1930 with the degree of Bachelor of Science and received the degree of Master of Science in 1933. He joined the University staff as Assistant Dean of Men (in charge of student organizations and activities) serving in this position until 1939 when he was appointed Director of Student Housing. Frederick is 40 years old and Hannah is 35. Hannah served as Assistant to the Dean of the College of Agriculture for four years and, in addition, has had several years of teaching experience. Frederick is still in the Army so that he is not now available although I presume his release can be secured if his services are needed at the University of Illinois. On the other hand, Hannah is now back in University service and has been "indoctrinated" in the job as Director of the Division of Special Services for War Veterans.

Another member of the staff who has also been suggested for the position is Professor Waldo Shumway of the Department of Zoology. Shumway is 54 years old and has been a member of the faculty for 23 years. From 1926 until 1931 he served as Assistant Dean of the College of Liberal Arts and Sciences. He is a veteran of World Wars I and II. He has been on leave of absence for military service since May 19, 1942, and has the rank of Colonel. He is in the Army Service Forces and his work has included major responsibilities in connection with educational and training programs. He is still in the Army but will probably be released before long.

You may wish to defer expressing yourself on this appointment until you come here on December 10, but in the meantime I wanted you to have this information so that you can be thinking about it. I should like to have you talk with Hannah. Unfortunately, a conference with Frederick is not possible at this time. You may have met Shumway in Washington.

Very sincerely yours,

A. C. WILLARD  
President

P.S. If all three men had been available at the same time I would still recommend Hannah as first choice.

A. C. W.

5. LETTER FROM DR. GEORGE D. STODDARD TO PRESIDENT PARK LIVINGSTON

December 27, 1945

Mr. Park Livingston  
20 North Wacker Drive  
Chicago, Illinois

DEAR MR. LIVINGSTON:

I regret that a misunderstanding appears to have arisen with respect to the directorship of the Division of Special Services for War Veterans. Although I knew that Colonel Hannah was on the job, I had not realized that this was other than a temporary assignment to meet an emergency situation.

President Willard wrote to me on December 1st praising the work of Colonel Hannah, but pointing out also that Colonel Charles R. Frederick of the Army Air Forces had been mentioned for the position and adding: "In fact, I told the Board of Trustees last August, when Professor Clevenger was appointed Acting Director, that I would consider recommending Colonel Frederick if he were available." President Willard said further with respect to Colonel Frederick: "I presume his release can be assured if his services are needed at the University of Illinois."

President Willard indicated that Colonel Hannah was his first choice and suggested a conference with him in Urbana, adding "Unfortunately a conference with Frederick is not possible at this time."

I obtained therefore the impression that there was still some room for choice between the two men and that the matter of the directorship had not been finally decided.

At President Willard's home in Urbana I had a pleasant conversation with Colonel Hannah and received a favorable impression. I was moved, as we all should be, by President Willard's account of Colonel Hannah's splendid military career, and I felt that all of us should make sure that Colonel Hannah would be returned to the position of his greatest interest and professional potentiality. I was impressed with his record as an Associate Professor in Agricultural Economics and as Director of the Agricultural Experiment Station and Assistant to the Dean of the College of Agriculture. Here was a promising career to which a distinguished military leader might return after an absence of nearly four years.

It is certainly true that I underestimated the strength of Colonel Hannah's desire to turn from this to a purely administrative position in a new Division. Rightly or wrongly—wrongly, as it turns out—I had assumed that Colonel Hannah was merely willing to take over the new post as a service to the University.

On the other hand, it occurred to me that the work that Colonel Frederick had been doing as Director of Housing was closely related to many of the veterans' problems and that his assignment to the directorship of the Division of Special Services for War Veterans would not interrupt his previous career at the University. In a sense it would give him further opportunities of a similar nature.

I mention all this merely to indicate my state of mind as I listened to the brief discussion of the subject at the meeting on December 11th. It did not occur to me that there was a division of will or intention as between the Board and the President, for clearly any nomination would come from the President of the University. I did not hear any expression of dissent from the Board's action on that occasion, but as a guest I was not of course familiar with the usual way of bringing up and taking action upon such matters.

In any case, this is water over the dam. Colonel Hannah wants the position and President Willard has nominated him for it. I hope very much that the Board will agree that a mistake in procedure has been made, and I should be happy to see Colonel Hannah's nomination confirmed.

You may use this letter in any way that will be helpful to you.

With personal greetings and best wishes, I am

Sincerely yours,

GEORGE D. STODDARD

#### CONFIRMATION OF APPOINTMENTS

Professor W. E. Britton, Legal Counsel, on request of President Livingston for his opinion on the power of the President to make appointments subject to the confirmation of the Board, read parts of Section 2 of the University Statutes and Article VI, Section 5, of the By-Laws of the Board, and stated that under these rules made by the Board appointments made by the President of the University were subject to confirmation by the Board, and that in case of such an appointment the Board could either confirm or reject.

**STATEMENT ON UNIVERSITY STAFF APPOINTMENTS BY THE  
COMMITTEES ON UNIVERSITY ORGANIZATION AND  
EDUCATIONAL POLICY**

Professor R. R. Hudelson, Associate Dean of the College of Agriculture, Chairman of the University Senate Committee on Educational Policy, and a member of the special faculty committee on General University Administrative Organization, read the following statement, which he had been asked by the two committees to present to the Board and which he filed with the Secretary for record.

The action of the Board of Trustees on December 11, 1945, in regard to the Director of the Division of Special Services for War Veterans raises a question of major importance to the University of Illinois and one in which the University Faculty is vitally concerned. In asking that this action be rescinded President Willard is upholding a principle that should prevail throughout the University, and as the spokesman for the Faculty he should be given all possible assurance of support. We, members of the Committees on Educational Policy and Administrative Organization, can speak only for ourselves since we have been authorized only to study organization and to report to the Senate. However, the question at issue is one to which we have given serious attention, and we believe that we take the position that the Senate would take in regard to it.

The appointment by the Board of Trustees of Col. Frederick as Director at a time when President Willard's appointment of Col. Hannah to that position was officially before the Board for confirmation was a clear violation of sound practice and of the rights of the President and the Faculty, irrespective of whatever negotiations led to the introduction of Col. Frederick's name. According to the by-laws of the Board of Trustees, the Board can make appointments only on nomination by the President. According to the action of the Board in establishing the Division of Special Services for War Veterans the President is to appoint a Director. Again according to the University of Illinois Statutes the President may make emergency appointments and ask the Board for confirmation. Thus in appointing Col. Hannah the President was exercising powers specifically delegated to him. In negotiations with Col. Frederick a member of the Board could act only as an agent of the President and as such must be governed by his instructions as agent. Among those instructions is the official request for the confirmation of the appointment of Col. Hannah on November 23 which must be taken to supersede any previous instructions in conflict with it.

In order to conduct the affairs of the University it is necessary that specific duties and responsibilities be assigned to various officers and members of the Faculty. Officers to whom these duties and responsibilities are assigned must be given sufficient authority to enable them to discharge their duties if they are to be held responsible. Once this authority has been delegated it should not be recalled without a new assignment of duties and responsibilities. We consider those provisions in the by-laws of the Board of Trustees and in the University of Illinois Statutes, delegating authority to the President for recommendations to all positions on the University staff, essential to successful performance of the University's functions. This we hold to be true whether the appointments are to the administrative staff or to the teaching faculty. In further support of this view we refer to a comprehensive "Survey of Land-Grant Colleges and Universities" published as Bulletin (1930) No. 9 by the Office of Education of the U. S. Department of the Interior. This study made under the supervision of a "National Advisory Committee" of educators draws the following conclusion (page 66, Vol. 1): "In order to administer properly the affairs of the institution the president should have complete authority over the selection of all officers, members of the staff, and other types of employees. The general practice is for the president to make recommendations of appointments to the board which is vested with the power of election."

**GENERAL DISCUSSION**

On the invitation of President Livingston, a general discussion took place, in which Mr. Creighton C. Webb, Commander of American Legion Post 909 (University of Illinois student post), and other veterans took part.

**STATEMENT BY PRESIDENT WILLARD**

President Willard stated that a mistake had been made, due to a misunderstanding; the Board was conscious of it; the Board had always followed the Statutes up to this time and would do so in the future; the Board was to be congratulated on its action today; the Board had always been most cooperative and was one of the most important factors in promoting the welfare of the University.

On motion of Dr. Meyer, the Board adjourned.

**MEETING OF JANUARY 31, 1946**

The January meeting of the Board of Trustees of the University of Illinois was held at 2 p.m. on Thursday, January 31, 1946, at the University Club, 76 East Monroe Street, Chicago.

The following members were present: President Livingston, Mr. Davis, Mrs. Grigsby, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Irving L. Porter, Treasurer, Mr. Lloyd Morey, Comptroller, Professor C. R. Griffith, Provost, Professor W. E. Britton, Legal Counsel, and Mr. C. S. Havens, Director of the Physical Plant Department.

**MINUTES APPROVED**

The Secretary presented the minutes of the meetings of November 23 and December 11, 1945; also, for record, the minutes of meetings of the Executive Committee on November 23 and 29 and December 11 and 17, 1945.

On motion of Mr. McKelvey, the minutes were approved and received for record, respectively, as printed on pages 905 to 960 above.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**AUTHORITY TO CONFER DEGREES**

(1) A recommendation that the President of the University be authorized to confer degrees at the Commencement Exercises on February 10, 1946, on those candidates who qualify and are recommended for degrees by the University Senate.

On motion of Mrs. Grigsby, authority was granted as recommended.

**AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT**

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. Candidates who have passed the written examination and have satisfied the requirements of the statute for the C.P.A. certificate (Section 4, b):

LEONARD A. BORGESON  
VERNON E. CROSELL  
IVAL W. CROUCH  
JOSEPH W. FRASER  
MYRON GOLDENBERG  
SAMUEL GOLDENSON  
ELLSWORTH H. GREENWOOD  
JACOB C. HIRSCH  
JAMES C. HOLLAND

FRANK J. JANOWIAK  
NATHAN S. KAHN  
MANUEL M. LEVIN  
JOHN F. MANZ  
MONROE L. MENDELSON  
FRANK L. SASSETTI  
JACOB S. SEREB  
JACOB D. SIGEL  
EVERETT C. WOOD

2. Candidates who have passed satisfactorily the oral examination, on November 28, 1945, given by the Special Board of Examiners (Section 4, b):

JOSEPH ALPERT  
ERIC K. ERNEST

ERNEST SHIRLEY RASTALL

3. Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 5):

ARTHUR MILTON BARNES (Pa.)  
E. A. FORD BARNES (Pa.)  
ALVIN JACOB BENNER (Mo.)  
PAUL VIVIAN ENGSTROM (Mich.)

M. GUY HARDIN (Mo.)  
LOUIS JOHN KERBER (Mo.)  
ANDERS STORTROEN (Wis.)

I concur.

On motion of Mr. McLaughlin, these certificates were awarded as recommended.

#### VETERANS HOSPITAL IN THE MEDICAL CENTER DISTRICT

(3) The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy reports that the Veterans Administration has recommended establishing a Veterans Hospital in the Medical Center District of Chicago. The proposal is pending before the Federal Board of Hospitalization which makes recommendations to the President of the United States.

Close cooperation with the University of Illinois and the Medical Center Commission is contemplated by officials of the Veterans Administration. According to present plans the University of Illinois would have the responsibility for recommending appointments to the professional staff and to the resident staff of the hospital. The University would have full responsibility for the hospital service and residency training programs, and also for research projects at the hospital. It is not contemplated that the Veterans Hospital would provide facilities for the undergraduate teaching program of the College of Medicine, but the establishment of a graduate training program at the residency level is contemplated and is highly desirable to both agencies. The University would not assume any financial responsibility for the operation of the hospital or salaries of its personnel.

The intent of the program is to raise the quality of professional medical service to veterans to the same high level of excellence of the best of civilian hospitals. In such a program the influence and help of medical schools is of great importance.

The University of Illinois College of Medicine has given every possible aid and encouragement to the Surgeon General of the Veterans Administration and has cooperated fully with the Northwestern University Medical School in implementing the current program at Hines Hospital.

The proposal for the construction of a Veterans Hospital in the Medical Center District was initiated by the Medical Center Commission with the support of the University of Illinois.

This is being submitted for the information of the Board of Trustees, and no action by the Board at present is indicated.

This report was received for record.

### POLICY GOVERNING ASSIGNMENT OF HOUSING UNITS TO WAR VETERAN STUDENTS

(4) After consultation with the Director of the Division of Special Services for War Veterans, the Dean of Students, the Acting Director of the Division of Student Housing, and the Director of the Physical Plant Department, it is recommended that applications for the occupancy of houses for war veterans be accepted and the houses assigned on the basis of the following criteria:

1. Only those persons on terminal leave or final furlough from the armed forces of the United States or those holding an honorable discharge from some branch of the armed forces are eligible for the assignment of housing units in this project.

2. Only those applicants will be considered who have previously been enrolled as students in the University of Illinois, or who have qualified for admission.

3. Units will not be assigned for the use of applicants who are now occupying housekeeping accommodations in Urbana-Champaign.

4. Residents of the state of Illinois or applicants registered in the University at the time that they were called into the armed forces will be given preference in the assignment of houses. Assignments will be made from geographical areas within the State of Illinois in the same percentages as these areas had students enrolled in the University of Illinois in the normal period before the war.

5. Married applicants will be given preference over those who are unmarried.

6. Because of the local shortage of housing facilities open to families with children, such families will be given preference over those without children.

7. Applicants who have established a satisfactory record in the University of Illinois will be given preference in the assignment of units.

8. Other factors being equal, married veterans with physical disabilities will be preferred over those who are not disabled.

9. Other factors being equal, older applicants will be given preference over those who are younger.

10. Length of military service will be considered in the assignment of houses.

11. Date of application will have no bearing on the selection of tenants for the second semester of the school year 1945-1946. Applications will be received on and after December 15, 1945. Assignments will be made by February 1, 1946.

12. In the final selection, the total qualifications of the applicant will be considered. Eligibility on the basis of any one criterion will not assure the assignment of a housing unit.

13. The University reserves the right to waive any and all qualifications for assignment, other than those listed in Item 1, if applications from qualified persons have not been received by February 1, 1946, in adequate numbers to assure the occupancy of all units.

On motion of Mr. Davis, Section 2 was revised to read as given above, and Section 8 was amended by inserting the words "Other factors being equal" at the beginning, and the statement of policy adopted as amended.

### FEES FOR SHORT COURSES IN COLLEGES OF MEDICINE AND DENTISTRY

(5) The Committee on Fees and Scholarships recommends the following fees for short courses in the Colleges of Medicine and Dentistry:

	<i>Quarter</i>	<i>Academic Year</i>
Residents of Illinois.....	\$ 75	\$225
Non-residents of Illinois.....	150	450

For courses offered for less than one quarter, the fee shall be determined by the fraction of a quarter covered by the course.

This schedule is recommended partly in the interest of simplifying the fee structure in the University and partly as a result of several proposals for new courses for the benefit of returning veterans. No change is being recommended in the schedule for short refresher courses for physicians and dentists previously approved by the Board of Trustees.

On motion of Mrs. Grigsby, these fees were authorized as recommended.

#### FEES FOR 1946 SUMMER SESSIONS

(6) The Faculty Committee on Fees and Scholarships recommends the following schedule of fees for the 1946 summer sessions:

Eight-Week Session	
Tuition:	
Residents of Illinois.....	\$20 00
Non-residents of Illinois.....	40 00
Illini Union Building Service Charge (with exceptions as in 12-week session) .....	2 50

Twelve-Week Session	
Tuition:	
Residents of Illinois.....	30 00
Non-residents of Illinois.....	60 00
Illini Union Building Service Charge.....	3 75
Except graduate students who are members of the University staff and others who are registered for not more than one unit of graduate work or not more than five semester hours of undergraduate work.	
Laboratory, Library, and Supply Fee.....	3 75
Students registered for six hours or less or 1½ units or less pay \$2.50.	
Hospital and Medical Service Fee.....	3 75
Except persons on appointment on the University staff or the staffs of the allied surveys or laboratories, and students taking not more than one unit of graduate work or five hours of undergraduate work.	
Special Fee in Applied Music, for students enrolled in the curricula in music .....	18 75
Students in other curricula pay \$12.50 for each semester hour of credit.	

These are pro-rata fees — one-half of the regular semester fee for the eight-week session and three-fourths of the regular semester fee for the twelve-week session.

On motion of Mr. Davis, these fees were authorized as recommended.

#### SCHOLARSHIP OFFERED BY MR. ELLIODOR M. LIBONATI

(7) At a meeting of the Executive Committee of the Board of Trustees held in Chicago on December 17, the President of the Board of Trustees presented the following letter which he received from Mr. Elliodor M. Libonati, Attorney-at-Law, Chicago, and Chairman of the Americanism Commission, Department of Illinois, The American Legion:

December 1, 1945

Board of Trustees  
University of Illinois  
20 N. Wacker Drive  
Att: Park Livingston  
DEAR SIR:

At the recent American Legion National Convention it was my happy honor to be selected as recipient of the Rosenstiel Award of \$1,000 for "outstanding community service" rendered by a legionnaire in the American Legion membership, each year.

In order that the Department of Illinois may continue to wage further, its warfare on behalf of the cause for which almost 400,000 Americans have fallen in World War I and II, I would like to establish with this \$1,000, a scholarship at the University of Illinois in the name of the Department of Illinois, American Legion, to be given in four installments of \$250 each year for the needy and deserving war orphan, regardless of race, creed or color, who best shows early in life, signs of aptitude and ability to use his education, his zeal and loyal devotion, toward the perpetuation of the principles of Justice, Freedom and Democracy.

The University shall be the sole judge. I trust you will accept this offer.

Sincerely yours,

ELLIODOR M. LIBONATI

This offer was referred to the President of the University for study, and I submit my report herewith.

I have been in correspondence with Mr. Libonati, first, to congratulate him on the Rosenstiel Award and to express appreciation of his generosity in offering the \$1,000 prize to the University to establish a scholarship; and second, to secure clarification of certain questions about the conditions under which the scholarship shall be awarded. Through correspondence he has authorized the following statement of conditions:

1. The scholarship shall be awarded to a needy and deserving war orphan regardless of race, creed, or color, who has demonstrated early in life signs of aptitude and ability to use his education toward perpetuation of the principles of justice, freedom, and democracy.

2. If the original recipient of this scholarship fails to continue his education, or if his scholastic record does not justify his holding the scholarship, the same may be transferred to another war orphan who qualifies under the conditions stipulated herein.

3. The term "war orphan" shall mean one whose father or mother lost his or her life while serving in the armed forces during World War I or World War II. The definition will also include one whose father or mother served in the armed forces during World War I or World War II but whose death occurred after the period of such service had terminated.

4. The scholarship shall be payable in four annual installments of \$250 each.

5. If the scholarship is held by one candidate it shall be paid in annual installments of \$250 each. If there are several qualified and worthy candidates for this scholarship the University may divide it among two or more individuals.

6. The University may require candidates to undergo a formal examination as the final test.

7. The award shall be administered by the standing Committee on Special Undergraduate Scholarships.

I recommend that the Board of Trustees accept Mr. Libonati's generous offer and authorize the award of the scholarship in accordance with the conditions enumerated above. These are acceptable to Mr. Libonati.

On motion of Mrs. Grigsby, this scholarship was accepted and authorized as recommended, and the Secretary was instructed to send Mr. Libonati an expression of the appreciation of the Board of Mr. Libonati's generosity and fine public spirit in making this gift.

#### REVISED BUDGET FOR UNIVERSITY OF ILLINOIS FOUNDATION

(8) In the internal budget for 1945-1946 (adopted August 29, 1945, page 681), a lump sum appropriation of \$14,628 was made to the University of Illinois Foundation with the indication that it would be supplemented by the Foundation's own income to the estimated extent of \$4,500. It was further indicated that the University appropriation might be used for services of a Director and other expenses "to the extent necessary for these purposes."

This action was taken in accordance with principles governing functions of the Foundation approved February 24, 1945 (page 373), "That the University shall assume responsibility for meeting expenditures of the Foundation not capable of payment out of its own available funds, the University to determine its responsibility."

On May 12, 1945 (page 467), the Board authorized the Foundation to employ a manager subject to approval of the Board "whose duty shall be to manage the activities of the Foundation, cooperate with the Alumni Association, and assume other such responsibilities as may be assigned."

On December 17, 1945 (page 958), the Executive Committee, on recommendation of the Executive Committee of the Foundation, approved the employment of Mr. Frank E. Bell, Jr., as Manager of the Foundation. Mr. Bell reported for duty on December 17, 1945. The Committee requested that a revised budget of the Foundation for the remainder of the year be prepared. Such a budget is submitted herewith. The total is the same as approved in the internal budget for 1945-1946.

#### BUDGET OF THE UNIVERSITY OF ILLINOIS FOUNDATION 1945-1946

##### *Salaries and Wages*

1. F. E. Bell, Jr., Manager (special tenure) <sup>1</sup> .....	\$ 7 500
2. J. C. Colvin, Secretary (July 1 to June 30) <sup>2</sup> .....	2 700
(From Alumni Association).....	(1 540)
(From Alumni Records and Relations).....	(1 760)
(Total salary).....	(6 000)

##### *Nonacademic Salaries*

3. Elizabeth Bailie (July 1 to June 30).....	1 728
Total, Salaries.....	(11 928)
4. Wages.....	625
Total, Salaries and Wages.....	(12 553)

##### *Expense and Equipment*

General Department Expense.....	1 975
Travel.....	2 000
Equipment.....	500
Retirement.....	1 600
Audit.....	500
Total, Expense and Equipment.....	(6 575)
Grand Total.....	\$19 128 <sup>3</sup>

Only \$4,062.50 will be required for the salary of the Manager for the current year, and the balance will lapse unused as well as any other part of the University appropriation not required in the fiscal year.

The item of retirement, disability, and death benefits is to cover the premium cost on a policy of insurance which has been arranged by the Executive Committee of the Foundation to provide benefits for members of its staff generally comparable to those provided for members of the University staff under the University Retirement System. The policy is similar to that being carried by the Athletic Association and to one recently authorized by the Board of Directors of the Alumni Association for its staff.

I recommend approval of this budget.

On motion of Mr. Davis, this budget was approved as recommended.

<sup>1</sup> Effective December 17, 1945, at the annual rate indicated.

<sup>2</sup> Paid at annual rate of \$4,950 for period July 1-December 31, 1945. At a meeting on January 15, 1946, the Executive Committee of the Foundation voted to increase the salary of James C. Colvin by \$1,050 to a total of \$6,000, said increase to be retroactive to January 1, 1946, and to be payable from Foundation funds.

### RELEASE OF FUNDS FROM STATE-WIDE PUBLIC WORKS PROJECTS APPROPRIATION

(9) A report that Governor Dwight H. Green has authorized the release of funds from the appropriation made to the University of Illinois by the 64th General Assembly in the "Act making appropriations for a State-wide system of public works projects, including all ordinary and contingent expenses relating thereto," as follows:

#### *Release No. 116*

"For contingencies to cover expenditures for purposes for which the amount appropriated in any item above enumerated is or becomes insufficient...\$500 000"  
Amount released.....\$127 000  
This is to be used to augment a prior release of \$143,000 from the appropriation item "remodeling and modernization of existing buildings," under release No. 4.

An appropriation by the Board of Trustees of this amount for the purpose indicated is requested.

On request of President Livingston, Mr. Havens explained that these funds are to be applied to the work of remodeling the Old Power Plant for use by the Naval R.O.T.C.

On motion of Mr. Davis, this appropriation was made as requested, by the following vote: Aye, Mr. Davis, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Fornof, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

### APPROPRIATION FOR HOUSING FACILITIES FOR WOMEN

(10) On September 20, 1945, the Executive Committee approved the principle of the University's guaranteeing rooming houses against loss for rooms not rented, if such rooms were held for unsuccessful sorority rushees who had been prevented from signing room contracts by University regulations. Thirteen such rooms, reserved under this arrangement, were not finally rented, and under the agreement with the operators a payment of \$100 per room, the estimated profit per semester, must be made to the operators. The Dean of Students requests, and I recommend, an appropriation of \$1,300 from the General Reserve Fund for this purpose.

On motion of Mr. Williamson, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Fornof, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

### APPROPRIATION FOR GRADUATE SCHOLARSHIPS AND FELLOWSHIPS

(11) The Dean of the Graduate School requests an appropriation of \$55,000 for graduate scholarships and fellowships for the academic year 1946-1947.

The current appropriation for these scholarships and fellowships is \$35,000. I am heartily in sympathy with the proposal to bring the base appropriation up to \$55,000 but believe it is not advisable to make such a commitment at this time in view of other budgetary considerations and therefore recommend an appropriation of \$35,000 now without reservation and that a supplementary appropriation of \$20,000 be recommended later.

On motion of Mr. McKelvey, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Fornof, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

**SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(12) The Committee on Special Appropriations and Nonrecurring Expenditures recommends assignments from the General Reserve Fund for the following purposes, these appropriations to be available until January 1, 1947:

1. Development of a Photographic Laboratory in the School of Journalism:
  - (a) Remodeling to be done by the Physical Plant Department.....\$13 000
  - (b) School of Journalism for equipment.....6 000
  - Total* .....\$19 000
2. Equipment for College of Liberal Arts and Sciences:
  - (a) Purchase of station wagon for use by the Department of Zoology ..... 380<sup>1</sup>
  - (b) Animal cages for Department of Zoology..... 738
  - (c) Maps, equipment, and office furniture for Department of Geography ..... 1 000
3. Purchase of collections of books for the Library:
  - (a) Foreign collections to be purchased through the Library of Congress ..... 10 000
  - (b) Purchase of five collections of rare books, including 87 volumes of incunabula (books printed within the first century after the invention of printing)..... 28 000
  - Grand Total*.....\$59 118

On motion of Mr. McKelvey, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Fornof, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

**TRUST FUND FOR FACULTY-GRADUATE STUDENT CENTER**

(13) On October 29, 1943, a special committee of the Board of Trustees submitted a report on the University Club of Urbana with certain recommendations. These included the purchase of the University Club's property by the University, the lease of the Club House to the University Club, and the establishment of a trust fund to aid in financing a future building project to be used as a Faculty-Graduate Student Center.

The Board approved the recommendations of the Committee and authorized an agreement with the Club to carry out these recommendations and for the lease of the Club House. Under the provisions of this agreement the Club undertook to induce its members to contribute toward the trust fund, and the Board of Trustees agreed to match all money contributed to this fund by members of the Club during the biennium ending June 30, 1945.

As a result of University Club contributions and matching contributions by the Board of Trustees, there is now in this trust fund over \$14,000. Officials of the University Club have raised the question whether the Board of Trustees desires to extend the agreement to match contributions of members of the Club during the current biennium.

This matter was referred to the Legal Counsel for an opinion on the power of the Board to make appropriations for this purpose.

**PURCHASES AUTHORIZED**

(14) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific need or because prices quoted were subject to immediate acceptance.

1. Hauling furniture from F.H.A. project at Kingsbury, Ind., to Champaign (West Stadium), for the Physical Plant Department, by Return Loads Bureau, Inc., Chicago, at a cost of \$1.82 cwt. (180,000 lbs.), or a total of \$3,276.

<sup>1</sup> The appropriation for this item should be made to the Physical Plant Department. The car will be made available to the Zoology Department on the same basis as other vehicles purchased for specific uses are so assigned.

2. Lounge furniture for the Old Gymnasium Annex Residence Hall, from Marshall Field and Company, Chicago, at a cost of \$2,150.
3. Tank semi-trailers, 2,000 gallon capacity, for the Institute of Aeronautics and the Airport, from the Reconstruction Finance Corporation, Cincinnati, Ohio, at a cost of \$1,800.
4. Eight sets of four-color process plates, for the Print Shop, from G. R. Grubb & Co., Champaign, at a cost of \$1,233.08.
5. Electric water heaters for portable houses, for the Physical Plant Department, as follows: from A. O. Smith Corp., Milwaukee, 100 at \$47.19, or a total of \$4,719; from A. D. Sackett, Champaign, 87 at \$50.79, or a total of \$4,418.73.
6. Tables for dishwasher, for the Department of Home Economics, from Stearnes Company, Chicago, at a cost of \$1,095 f.o.b. Urbana.
7. Hollywood beds, 230, for temporary housing units, for the Physical Plant Department, from A. D. Sackett, Champaign, at a cost of \$5,750 delivered and installed.
8. Herbarium cases for installation in the Department of Botany, from Jack Sheean, Agent for Interior Steel Equipment Co., Cleveland, at a cost of \$4,985.05.
9. I.E.S. floor lamps, 275, for the Physical Plant Department, from Clark Linen and Equipment Company, Chicago, at a cost of \$2,241.25 f.o.b. Decatur.
10. Pin-up lamps, 962, for the Physical Plant Department, from A. D. Sackett, Champaign, at a cost of \$1,972.10.
11. Book paper, 1400 reams 40 lb. English finish, for the Office Supply Store, from Bradner Smith and Company, Chicago, at a cost of \$4,664.80 f.o.b. Urbana. (This purchase is to replace the purchase of paper for the same purpose authorized by the Board on November 23, 1945, Minutes, page 916.)

On motion of Mr. Williamson, this report was received for record, and the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### PURCHASES RECOMMENDED

(15) The Purchasing Agent has proposed and the Comptroller recommends the following purchases. Unless otherwise specified the purchase in each case is recommended on the basis of lowest bid, ceiling price, or because the item is noncompetitive. I concur in the recommendations.

1. One spectrophotometer and one ultraviolet accessory set, for the Department of Horticulture, from the Central Scientific Company, Chicago, at a cost of \$1,052.
  2. Two No. 6028 "A" label safe cabinets, for the Registrar's Office, from Remington Rand, Inc., Chicago, at a cost of \$1,066 f.o.b. Urbana.
  3. Cable, 1500 feet, for power supply to new Physics Research Laboratory, for the Physical Plant Department, from the Simplex Wire and Cable Company, Chicago, at a cost of \$1,759.50 f.o.b. Cambridge, Mass., freight allowed to Urbana.
  4. The following items for the Department of Electrical Engineering:
    - 2 Model 200D Hewlett-Packard Oscillators
    - 1 Type 205A-G audio signal generator
    - 1 Type 325B noise and distortion analyzer
    - 1 Type 300A harmonic wave analyzer
    - 2 Type 210A square wave generators
    - 2 Type 400A vacuum tube voltmeters
    - 1 Model 100B Hewlett-Packard secondary frequency standard
    - 1 Model 500A Hewlett-Packard electronic frequency meter
- from Alfred Crossley and Associates, Chicago, Agent for the Hewlett-Packard Company, at a cost of \$2,800 f.o.b. Palo Alto, California;
- 1 Type 233 20" demonstration type cathode ray oscillograph
  - 1 Type 248 cathode ray oscillograph
  - 4 Type 185A electronic switches
  - 5 Type 208B 5" cathode ray oscillographs

from Alfred Crossley and Associates, Chicago, Agent for Allen B. Dumont Laboratories, at a cost of \$4,873.50 f.o.b. Passaic, New Jersey;

Electrical measuring instruments (as per detailed list which is hereby given to the Secretary of the Board) from Weston Electrical Instrument Corporation, Chicago, at a cost of \$2,188.20 f.o.b. Newark, New Jersey;

One lot of electrical instruments (as per detailed list which is hereby given to the Secretary of the Board) from the General Radio Company, Cambridge, Massachusetts, at a cost of \$6,109 f.o.b. factory.

On motion of Mr. Williamson, these purchases were authorized as recommended.

### CONTRACTS EXECUTED BY THE COMPTROLLER OCTOBER 11, 1945, TO JANUARY 10, 1946

#### EXEMPTION OF STUDENTS IN EXTRAMURAL COURSES FROM LABORATORY AND OTHER SERVICE FEES

(17) The Board of Trustees on December 15, 1942, authorized the assessment of a uniform laboratory, library, and supply fee of \$5 a semester effective June, 1943, to replace the former system of laboratory and locker fees in the colleges and schools at Urbana.

In certain centers where extramural courses are offered the sponsoring agency of such programs is frequently able to supply all instructional materials and especially library facilities. In other areas development of the extramural program has meant an increase in the amount of instructional materials provided by the University. Consequently there is no justification for requiring all students to pay a uniform fee. The faculty Committee on Fees and Scholarships recommends that the regulations of the Board governing the assessment of such fee as adopted December 15, 1942, be amended to read as follows, this change to become effective February 1, 1946:

"All full-time students shall be assessed a uniform laboratory, library, and supply fee of \$5, effective June, 1943. All students taking eight hours of instruction or less and students enrolled in the eight-week summer session shall be assessed \$2.50; *except* that if, in the judgment of the Director of the University Extension, the University is required to supply no instructional materials for a given extramural class the laboratory, library, and supply fee shall not be assessed.

I concur in the recommendation.

The Comptroller discussed this item.

On motion of Mr. Williamson, these changes in fees were authorized as recommended.

At this point, Mr. Davis raised the question of the presentation of supplementary items, on which the Board had not received information in advance of the meeting in time for the members to give consideration to the matters involved, and suggested that in the future only urgent emergency items be included in the supplementary list, and that recommendations of appointment be not included unless exceptionally urgent.

#### SPECIAL APPROPRIATION FOR NONRECURRING EXPENDITURES

(18) The Committee on Special Appropriations and Nonrecurring Expenditures recommends an assignment of \$950 from the General Reserve Fund for equipment for a six-man football program in the University High School, the appropriation to be available until January 1, 1947.

The Comptroller commented on this item.

On motion of Mr. McLaughlin, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Fornof, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

**HOUSING FROM FEDERAL PUBLIC HOUSING AUTHORITY**

(19) Additional housing of a portable and temporary type for veteran students has been offered to the University by the Federal Public Housing Authority in response to our application. The Authority has submitted a contract to the University containing the following provisions:

1. Temporary dwelling accommodations to be supplied to the University consisting of (a) one dormitory to provide housing facilities for 61 single students; (b) three buildings with facilities for 42 married couples; (c) seven buildings with facilities for 54 married couples.

2. Federal Public Housing Authority will (a) assume responsibility and cost of moving the above units to a site provided by the University; (b) assume cost and responsibility of providing foundations, sidewalks, extension of utilities from trunk lines, finished grading, and such furnishings as are now available to the Federal Public Housing Authority; (c) select and direct work of contractors employed by it.

3. University is to assume cost and responsibility for (a) construction of the necessary streets; (b) extension of trunk lines for all utilities on the area; (c) technical services in the development of layouts, topographical survey grading plans, and "as built drawings"; (d) furnishings and equipment not received from Federal Public Housing Authority.

4. Upon completion of the construction work, title shall be transferred to the University.

5. Management of property shall be the responsibility of the University except (a) occupancy shall be limited to veterans; (b) rentals shall be approved by the Federal Public Housing Authority; (c) net reserve shall be paid annually to the Federal Public Housing Authority; (d) audits shall be made periodically by Federal Public Housing Authority agents.

6. The University shall assume the responsibility of and cost for the disposition and removal of the dwelling units after a specified period.

The Director of the Physical Plant Department and the Comptroller recommend that:

1. The Resolution submitted herewith be adopted, giving authority to the Comptroller and the Secretary of the Board to execute the necessary contracts with the Federal Public Housing Authority.

2. The area east of the Gallivan Tract be approved as the site for the new units.

3. The University's share of the equipment and construction costs be charged to the funds previously released by the Governor for student housing facilities.

The preliminary estimate of this cost is \$75,000.

Bids will be taken on the work for which the University is responsible and submitted to the Board or the Executive Committee for award.

I concur and recommend approval of the proposed plan and adoption of the resolution.

**RESOLUTION**

*Whereas*, at a meeting on October 18, 1945, the Board of Trustees of the University of Illinois authorized the President of the University of Illinois "to take steps to procure trailers or other temporary housing" for veterans who are students at the University of Illinois, and

*Whereas*, the President of the University of Illinois recommends to the Board of Trustees that it authorize the officers of the Board of Trustees to execute a contract between the Federal Public Housing Authority of the United States of America and the Board of Trustees of the University of Illinois for the acquisition and use of one hundred fifty-five (155) dwelling units now located at Wilmington, Illinois, and Seymour, Indiana, designated as Project No. ILL-11254, and further, that it authorize said officers of the Board of Trustees to execute any other contracts with said Federal Public Housing Authority for additional dwelling units to be used for a similar purpose as from time to time the President of the University may direct.

*Therefore, be it resolved*, that the Comptroller of the Board of Trustees of the University of Illinois and the Secretary of the Board of Trustees of the University of Illinois be and the same are hereby authorized to execute a contract with the Federal Public Housing Authority of the United States of

America relating to project Number Illinois-11254 and said Comptroller and Secretary be and the same are hereby authorized to execute future contracts, with the Federal Public Housing Authority, for the acquisition and use of other dwelling units, for the purposes set forth, when so directed by the President of the University of Illinois.

Director Havens presented this matter and commented on it.

On motion of Mr. McLaughlin, the above resolution was adopted by unanimous vote.

On motion of Mrs. Grigsby, the use of the area east of the Gallivan Tract as a site for the new units was authorized.

On motion of Mr. McKelvey, the Legal Counsel and the Comptroller were directed to clarify the status of the use of funds from the \$500,000 released by the Governor for portable housing for veterans in relation to its use for the above project, and if the funds are not available, the President of the University was authorized to request the Governor to release additional funds.<sup>1</sup>

#### REPORT OF THE EXECUTIVE COMMITTEE ON ADDITION TO CONTRACT FOR PORTABLE HOUSES

(20) The Board of Trustees on November 23, 1945, appropriated \$500,000 released by the Governor from the state building appropriation, for moving, erection, and equipment of 275 portable houses secured from the National Housing Agency. It was understood that the contracts for that moving would be submitted to the Executive Committee. The latter was done on November 29 and the Committee approved the following contracts:

Kuhne-Simmons Company (general contract) — maximum.....	\$300 505
Champaign Plumbing and Heating Company (plumbing contract) — maximum .....	56 773

On December 11, 1945, the Board awarded the following contract:

Hecker and Company (electrical contract) — maximum.....	\$ 9 625
---	----------

The Committee also received an itemized budget of capital costs for this project. One of the items in the budget was that of additional exterior general work, interior wiring, and interior plumbing. It was impossible to estimate this work at that time or to inaugurate it before the houses were delivered. A considerable number of the houses are now in place and estimates of all necessary work are being made as rapidly as possible. Contractors now on the job are willing to undertake this work on a unit cost basis with a guaranteed maximum.

The estimated maximum of such work is \$75,000. The estimate of the general work is \$27,410. The Executive Committee has approved an addition of this amount to the Kuhne-Simmons contract. The committee has also authorized the Comptroller to approve additions to other contracts as fast as estimates can be completed, all such additions to be reported to the Board.

On motion of Mr. McKelvey, this report was received for record, and the action of the Executive Committee in authorizing the additions to the general contract, and to other contracts, was approved and confirmed.

#### LIMITATION OF ENROLLMENT IN THE UNDERGRADUATE COLLEGES AND SCHOOLS AT URBANA AND CHAMPAIGN

(21) The visible supply of housing of all kinds as of January 22, 1946, will accommodate an enrollment of 10,400. The rest of the prospective enrollees will have to depend on any additional housing that may be made available in private homes in Urbana and Champaign which do not now and have not before rented quarters to students. An intensive campaign, with appeals to the citizens of the

<sup>1</sup> This question was submitted to the Governor by the President of the University, and the Governor on February 5 replied "I hereby approve the inclusion of the words 'or other temporary' so that the release would then read 'portable or other temporary housing units.'"

community, including a personal appeal from the President of the University to its staff, to make living quarters available to veterans is now under way. The student veterans now in the University are assisting in this campaign and will make a house-to-house canvass, under University supervision, for rooms for other veterans. In this connection, see letters to Illini Veterans and to the University staff. Other publicity methods (the press, radio, display advertising, and the assistance of local civic groups, including veterans organizations) are being employed in this campaign. Splendid cooperation is being given in this campaign by the local community. The members of the Board are already aware of what is being done to secure temporary housing facilities through Federal agencies.

With maximum results, these measures will not produce enough housing facilities to accommodate the potential enrollment indicated by the number of applicants for admission. These figures take into account only prospective registrants; many of them are married veterans who want to bring their wives and children. The Division of Student Housing has applications for living quarters from 1,500 married veterans, 2,000 single veterans, and 500 non-veterans; the latter figure includes mostly applicants (men and women) who are graduating or have recently graduated from high school. Several hundred more applications from all categories of candidates for admission will be received between now and the beginning of the second semester.

Since last fall the University has not been admitting to the undergraduate departments women who are not residents of Illinois and who have not previously been enrolled. This restriction was adopted by the Board in July, 1945, due to a deficiency of housing for women. At that time the war with Japan was not over and there was no serious shortage of men's housing imminent. With the end of the war the situation has changed rapidly and has steadily grown more and more critical. Unless restrictions on enrollment are extended to other categories of applicants than out-of-State women, hundreds of non-veterans will enter the University and utilize such housing as may still be available locally, thus crowding out an equivalent number of veterans. Of the 4,000 applicants for admission in February, about 80 per cent are veterans and about 85 per cent are residents of Illinois.

I recommend that the Board of Trustees approve the following regulations for limiting enrollment:

No permits for admission of new undergraduate students to the Urbana departments of the University for the semester beginning in February, 1946, shall be issued after January 31, 1946 (except to local residents whose homes are in the University community, and to Illinois residents who have secured housing prior to February 1, 1946).

Beginning with the summer sessions of 1946, permits for admission of new undergraduate students to the Urbana departments of the University shall be issued only to the following groups:

1. To veterans who are residents of Illinois.
2. To former students of the University.
3. To non-veterans who are residents of Illinois and who: (a) rank in the upper 50 per cent of their high school graduating class; or who (b) present from acceptable institutions a minimum of 30 semester hours of transfer credits with an average of 3.5 or higher as determined by the Registrar's Office.

The President of the University and the Provost commented on this matter. After discussion, the following actions were taken.

#### **ADMISSION OF NON-RESIDENTS RESTRICTED**

On motion of Mr. Davis, the Registrar was instructed, as of February 1, 1946, to issue no more permits and to accept no more applications for admission of undergraduates to the University from non-residents of Illinois, unless (1) at least one of their parents is an alumnus of the University or is a taxpayer in Illinois, (2) they plan to live with relatives in Urbana or Champaign who do not regularly rent rooms to students, or (3) such applicants have been awarded scholarships by

recognized educational agencies to aid them in securing a higher education.<sup>1</sup>

#### **ADMISSION OF RESIDENTS OF ILLINOIS RESTRICTED**

On motion of Mr. McLaughlin, the Registrar was instructed (effective February 1, 1946) to issue no more permits to enter the University of Illinois as undergraduate students to residents of Illinois, for the second semester of 1945-1946, except to such as may be the holders of legislative scholarships, or to local residents whose homes are in the University community, or who plan to live with relatives who do not regularly rent rooms to students, or who have secured housing in the community prior to February 1, 1946, or who have been awarded scholarships by recognized educational agencies to aid them in securing a higher education.<sup>1</sup>

#### **STUDY OF SELECTIVE METHODS OF ADMISSION**

On motion of Mr. Davis, the President of the University, the President-elect, the Provost, and such other officers as the President may direct, were requested to make a complete study of selective methods of admission to the University of Illinois, in relation to the methods used by other state-supported institutions, and in relation to educational programs of teachers' colleges, junior colleges, extension courses, and other educational programs in the State of Illinois, for the purpose of recommending a selective admissions plan for the University of Illinois, for all classes of undergraduate students, with due consideration for veterans; these recommendations to be completed as soon as possible and in any event before April 1, 1946.

#### **FOUNDATION AUTHORIZED TO ACCEPT GIFTS**

The Legal Counsel stated that, in order to implement the action of the Board on May 12, 1945 (Minutes, page 459), authorizing the University of Illinois Foundation to accept gifts and to function in connection therewith, a resolution should be adopted setting forth the powers of the Foundation.

On motion of Mr. Davis, the following resolution was adopted by unanimous vote.

*Whereas*, the Board of Trustees has designated the University of Illinois Foundation as one of its affiliated agencies empowered to obtain gifts, contributions and assistance from the business, professional, scientific and cultural interests of the country for the purpose of furthering the realization of the purposes of the Small Homes Council, and of such other divisions or agencies which, from time to time, may be established by the Board of Trustees of the University of Illinois.

*Therefore, be it resolved*, that in the furtherance of such purposes, the University of Illinois Foundation is hereby authorized by the Board of Trustees of the University of Illinois to solicit support of any kind, including gifts, technical assistance or otherwise, for the purpose of aiding in the realization of the aims of each of such divisions or agencies and, with the approval of the President of the University and of the administrative head of the division or agency concerned, the duly authorized officers of the University of Illinois Foundation and of the Board of Trustees of the University of Illinois are empowered to enter into contracts, accept gifts, deeds of gift, title to land, in trust or otherwise, to agree with the donor or sponsor upon all the terms thereof, and sign all con-

tracts, trust instruments, or other documents which, from time to time, may be necessary or proper to the execution of any such project.

#### SECRETARY'S REPORT OF CONTRACTS

The Secretary presented for record the following documents signed by the President and the Secretary of the Board, and deposited with the Secretary since the last report.

1. Roth-Adam Fuel Co., contract dated October 1, 1945, for 8,000 tons of coal, @ \$5.58 a ton, f.o.b. University of Illinois Power Plant in Chicago.

2. U. S. Army Air Forces, agreement dated November 24, 1945, for the use of the University of Illinois Airport.

#### SALE OF ROSELAWN CEMETERY LOTS

The Secretary presented also for record the following report of sale of lots in Roselawn Cemetery since the last report of such sales:

<i>Date</i>	<i>Description</i>	<i>Purchaser</i>	<i>Sale Price</i>
July 10, 1945	NE¼ and S½ Lot 157 Section G	Frank H. Reed	\$315

December 26, 1945	NE¼ of Lot 72 Section G	Mrs. Bessie Ball Henderson	105

#### GRADUATE FELLOWS

The Secretary presented also for record the following list of graduate fellows appointed by the President of the University.

GAMBILL, WILLIAM GRAY, Fellow in Botany, for five months beginning February 1, 1946, at a stipendium of three hundred fifty dollars (\$350). (December 13, 1945)<sup>1</sup>

RANDALL, PRYOR NEIL, Fellow in Civil Engineering, for eight months beginning November 1, 1945, at a stipendium of one thousand five hundred dollars (\$1500). (December 6, 1945)

#### APPOINTMENTS MADE BY THE PRESIDENT

The Secretary presented also for record the following list of appointments made by the President of the University.

ADAMS, WALTER SCOTT, Instructor in Economics, for five months beginning February 1, 1946, at a salary at the rate of two hundred dollars (\$200) a month (this supersedes his previous appointment). (January 29, 1946)<sup>1</sup>

ALTAY, M. SAKIP, Assistant in Architecture, on one-half time, for five months beginning February 1, 1946, at a salary at the rate of one hundred dollars (\$100) a month. (January 22, 1946)

ANGELL, CLARENCE, Assistant in English, for five months beginning February 1, 1946, at a salary at the rate of two hundred dollars (\$200) a month. (January 24, 1946)

BAMBER, MRS. LOIS RIFFLE, Serial Cataloger in the Library, on three-fourths time, for seven months beginning February 1, 1946, at a salary at the rate of one hundred twenty dollars (\$120) a month. (January 16, 1946)

BARROW, JOSEPH M., Assistant in Architecture, for five months beginning February 1, 1946, at a salary at the rate of two hundred twenty-five dollars (\$225) a month. (January 22, 1946)

BARTON, ROBERT L., Clinical Instructor in Dermatology, in the College of Medicine, for ten months beginning November 1, 1945, without salary. (December 13, 1945)

BAUER, CHARLES BRUCE, Assistant in Geology, on one-half time, for four months beginning February 1, 1946, at a salary at the rate of one hundred dollars (\$100) a month. (January 7, 1946)

<sup>1</sup> The date in parenthesis is the date on which the appointment was made by the President.

BEELER, ROBERT SIDNEY, Assistant Extension Editor and Instructor in Agricultural Extension, in the Extension Service in Agriculture and Home Economics, for eight months beginning January 1, 1946, at a salary at the rate of two hundred fifty dollars (\$250) a month. (January 7, 1946)

BELINSKEY, MRS. CAROL ROLFE, Special Research Assistant in Chemistry, on one-half time, for four months beginning February 1, 1946, at a salary of four hundred dollars (\$400) (this supersedes her previous appointment). (January 21, 1946)

BENEKE, EVERETT S., Assistant in Botany, on one-fourth time, for four months beginning February 1, 1946, at a salary of two hundred dollars (\$200) for the period. (December 13, 1945)

BENNETT, FREDERICK DEWEY, Assistant Professor of Electrical Engineering, in the College of Engineering, beginning March 15, 1946, and continuing through August 31, 1947, at a salary at the rate of three thousand six hundred dollars (\$3600) a year. (January 30, 1946)

BERESFORD, BRUCE COMSTOCK, Assistant in Vegetable Crops, in the Department of Horticulture, in the College of Agriculture and in the Agricultural Experiment Station, on one-half time, beginning February 15, 1946, and continuing through August 31, 1946, at a salary at the rate of eighty-three dollars thirty-four cents (\$83.34) a month (this supersedes his previous appointment). (January 30, 1946)

BESANCON, ROBERT M., Assistant Professor of Physics, in the College of Pharmacy, for eight months beginning January 1, 1946, at a salary at the rate of two hundred sixty-six dollars sixty-six cents (\$266.66) a month (this supersedes his previous appointment). (January 16, 1946)

BESS, LEON, Research Assistant in Physics, in the College of Engineering, on one-half time, for seven months beginning December 1, 1945, at a salary at the rate of one hundred twelve dollars fifty cents (\$112.50) a month (this supersedes his previous appointment). (January 2, 1946)

BIERSTEDT, ROBERT HENRY, Visiting Assistant Professor of Sociology, for five months beginning February 1, 1946, at a salary at the rate of three hundred sixty dollars (\$360) a month. (January 17, 1946)

BLACK, WINSTON EDWARD, Assistant Professor of Theoretical and Applied Mechanics, in the College of Engineering, beginning February 1, 1946, and continuing through August 31, 1947, at a salary at the rate of three thousand two hundred dollars (\$3200) a year (this supersedes his previous appointment). (January 30, 1946)

BLAUROCK, MELVIN F., Clinical Associate in Psychiatry, in the College of Medicine, for eight months beginning January 1, 1946, without salary (this supersedes his previous appointment). (January 7, 1946)

BLOOM, EDWARD ALAN, Assistant in English, for six months beginning January 1, 1946, at a salary at the rate of one hundred eighty dollars (\$180) a month. (January 21, 1946)

BOEKELHEIDE, VIRGIL CARL, Instructor in Chemistry, for four months beginning March 1, 1946, at a salary at the rate of two hundred forty dollars (\$240) a month. (December 14, 1945)

BRADBURY, THEODORE AMBROSE, Special Research Associate in Chemical Engineering, in the Engineering Experiment Station, beginning January 1, 1946, and continuing until further notice, at a salary at the rate of three thousand five hundred dollars (\$3500) a year (this supersedes his previous appointment). (January 22, 1946)

BRESLOW, LAWRENCE, Clinical Instructor in Pediatrics, in the College of Medicine, beginning January 15, 1946, and continuing through August 31, 1946, without salary (this supersedes his previous appointment). (January 22, 1946)

BROOKHART, JOHN MILLS, Assistant Professor of Physiology, in the College of Medicine, for one year beginning September 1, 1946, at a salary of three thousand five hundred dollars (\$3500). (January 7, 1946)

BURTON, ROBERT LOUIS, Special Research Assistant in Chemistry, on one-half time, for eight months beginning February 1, 1946, at a salary of one thousand two hundred dollars (\$1200) (this supersedes his previous appointment). (January 21, 1946)

BYERS, LAWRENCE WALLACE, Special Research Assistant in Chemistry, on one-fourth time, for six months beginning February 1, 1946, at a salary at the rate of fifty dollars (\$50) a month (this supersedes his previous appointment). (January 24, 1946)

BYRNE, LORETTO A., Assistant in Manufacturing Pharmacy in the Hospital Pharmacy, in the College of Pharmacy, for five months beginning February 1, 1946, at a salary at the rate of two hundred dollars (\$200) a month. (January 7, 1946)

CARTER, ROBERT EMERSON, Research Assistant in Physics, in the College of Engineering, on full time beginning January 21, 1946, and continuing through February 28, 1946, at a salary at the rate of two hundred fifty dollars (\$250) a month, and on one-half time, for four months beginning March 1, 1946, at a salary at the rate of one hundred twelve dollars fifty cents (\$112.50) a month. (January 29, 1946)

CASE, HAROLD CLAYTON M., Professor of Agricultural Economics and Head of the Department, in the College of Agriculture, and Chief in Farm Management, in the Agricultural Experiment Station, on indefinite tenure, beginning January 1, 1946, at a salary at the rate of seven thousand seven hundred fifty dollars (\$7750) a year (this supersedes his previous appointment). (January 11, 1946)

CHAPMAN, CARLETON ABRAMSON, Assistant Professor of Geology, beginning March 1, 1946, and continuing through August 31, 1947, at a salary at the rate of three thousand dollars (\$3000) a year (this supersedes his previous appointment). (January 2, 1946)

CONOVER, ROBERT ARMINE, Assistant in Botany, on one-fourth time, for four months beginning February 1, 1946, at a salary of two hundred dollars (\$200) for the period. (December 13, 1945)

DETAR, DELOS FLETCHER, Special Research Assistant in Chemistry, for eight months beginning January 1, 1946, at a salary at the rate of two hundred dollars (\$200) a month. (December 28, 1945)

DEVORE, LLOYD T., Associate Professor of Electrical Engineering, in the College of Engineering, on indefinite tenure, beginning March 16, 1946, at a salary at the rate of four thousand five hundred dollars (\$4500) a year. (January 7, 1946)

DICKEY, ROBERT I., Assistant Professor of Accountancy, for six months beginning March 1, 1946, at a salary of one thousand seven hundred fifty dollars (\$1750). (January 17, 1946)

DIGGS, ARTHUR E., Clinical Assistant Professor of Surgery (Rush), in the College of Medicine, for eight months beginning January 1, 1946, without salary (this supersedes his previous appointment). (January 2, 1946)

DITTMAR, GEORGE WALTER, JR., Assistant in Prosthetic Dentistry, in the College of Dentistry, on one-half time, for seven months beginning February 1, 1946, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes his previous appointment). (January 24, 1946)

DOBROVOLNY, JERRY STANLEY, Instructor in General Engineering Drawing, in the College of Engineering, on two-thirds time, for five months beginning February 1, 1946, at a salary at the rate of one hundred fifty-six dollars (\$156) a month. (January 16, 1946)

DONALD, DAVID H., Research Associate in History, for ten months beginning September 1, 1946, at a salary of two thousand two hundred dollars (\$2200). (January 26, 1946)

DOYLE, LAWRENCE EDWARD, Assistant Professor of Mechanical Engineering, in the College of Engineering, for eight months beginning January 1, 1946, at a salary at the rate of two hundred ninety-one dollars sixty-six cents (\$291.66) a month. (December 31, 1945)

DRUMMOND, ROBERT, Instructor in Art and in the Division of General Studies, beginning February 10, 1946, and continuing through June 30, 1946, at a salary of one thousand three hundred fifty dollars (\$1350) for the period. (January 22, 1946)

STULL, JOHN WARREN, Assistant in Dairy Manufactures in the Department of Dairy Husbandry, in the Agricultural Experiment Station, on one-half time, beginning January 15, 1946, and continuing through December 31, 1946, at a salary at the rate of one hundred dollars (\$100) a month. (January 10, 1946)

SUTTON, ARLE HERBERT, Professor of Geology, on indefinite tenure, beginning March 1, 1946, at a salary at the rate of four thousand eight hundred dollars (\$4800) a year (this supersedes his previous appointment). (January 2, 1946)

TAYLOR, WARD HASTINGS, Instructor in Mathematics, beginning January 2, 1946, and continuing through March 31, 1946, at a salary at the rate of three hundred dollars (\$300) a month. (January 14, 1946)

TEMMER, HAROLD E., Assistant Director of the Division of Special Services for War Veterans, assigned to the Registrar's Office, for eight months beginning January 1, 1946, at a salary at the rate of two hundred fifty dollars (\$250) a month. (December 22, 1945)

TERRILL, STANLEY W., Assistant in Animal Husbandry, in the College of Agriculture and in the Agricultural Experiment Station, on one-half time, beginning January 15, 1946, and continuing through August 31, 1946, at a salary at the rate of eighty-three dollars thirty-four cents (\$83.34) a month (this supersedes his previous appointment). (January 2, 1946)

THARPE, JOSEPHINE M., Reference Assistant in the Library, with the rank of Instructor, for seven months beginning February 1, 1946, at a salary at the rate of two hundred dollars (\$200) a month. (January 21, 1946)

THEIS, FRANK V., Clinical Assistant Professor of Surgery (Rush), in the College of Medicine, beginning January 5, 1946, and continuing through August 31, 1946, without salary (this supersedes his previous appointment). (January 11, 1946)

TINSLEY, MILTON, Instructor in Neurology and Neurological Surgery, in the College of Medicine, on one-half time, beginning November 15, 1945, and continuing through August 31, 1946, at a salary at the rate of one hundred fifty dollars (\$150) a month. (December 14, 1945)

TRACY, TRUMAN G., Assistant in Economics, on one-third time, for four months beginning February 1, 1946, at a salary of three hundred dollars (\$300). (January 29, 1946)

TUCKEY, STEWART LAWRENCE, Associate Professor of Dairy Manufactures, in the Department of Dairy Husbandry, in the College of Agriculture, and Associate Chief in Dairy Manufactures, in the Agricultural Experiment Station, on indefinite tenure, beginning December 15, 1945, at a salary at the rate of four thousand dollars (\$4000) a year (this supersedes his previous appointment). (December 14, 1945)

TURNER, SAMUEL JULIUS, Clinical Instructor in Obstetrics and Gynecology (Rush), in the College of Medicine, beginning December 15, 1945, and continuing through August 31, 1946, without salary (this supersedes his previous appointment). (January 2, 1946)

VICTOR, SAMUEL A., Clinical Assistant in Psychiatry, in the College of Medicine, for eight months beginning January 1, 1946, without salary. (January 7, 1946)

WALLACE, DAVID J., Assistant in Chemistry, on one-half time, for four months beginning February 1, 1946, at a salary of four hundred dollars (\$400). (January 30, 1946)

WALSH, LAWRENCE RICHARD, Assistant in Physics, in the College of Engineering, on three-fourths time, for six months beginning January 1, 1946, at a salary at the rate of one hundred ninety-six dollars eighty-seven cents (\$196.87) a month (this supersedes his previous appointment). (January 16, 1946)

WARD, EDWARD JOHN, Special Research Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station, on full time, beginning January 15, 1946, and continuing through February 28, 1946, at a salary at the rate of two hundred dollars (\$200) a month, and on one-half time for four months beginning March 1, 1946, at a salary at the rate of one hundred dollars (\$100) a month. (January 22, 1946)

WASCHER, MRS. CORINNE JACKSON, Circulation Assistant in the Library, on one-half time, for eight months beginning January 1, 1946, at a salary at the rate of seventy-five dollars (\$75) a month (this supersedes her previous appointment). (January 10, 1946)

WELCH, HAROLD ADELBERT, Special Research Assistant in Civil Engineering, in the Engineering Experiment Station, on one-half time, for seven months beginning December 1, 1945, at a salary at the rate of one hundred seventy-five dollars (\$175) a month. (December 14, 1945)

WILLIAMS, ALEXANDER C., JR., Assistant Professor of Psychology, beginning January 1, 1946, and continuing through August 31, 1947, at a salary at the rate of three thousand five hundred dollars (\$3500) a year. (December 20, 1945)

YELLEN, HARRY J., Clinical Assistant in Medicine, for nine months beginning December 1, 1945, without salary. (December 13, 1945)

ZEITLIN, HOWARD, Associate in Neurology, in the Department of Neurology and Neurological Surgery, in the College of Medicine, for eight months beginning January 1, 1946, without salary (this supersedes his previous appointment). (January 7, 1946)

#### CANCELLATIONS, RESIGNATIONS, AND DECLINATIONS

The Secretary presented also for record the following list of cancellations, resignations, and declinations.

ARPER, MRS. BETTY P., Chemistry Librarian, with the rank of Instructor, and Research Assistant in Chemistry—resignation effective February 14, 1946.

BAILEY, DOROTHY D., Assistant in English—resignation effective January 7, 1946.

BAXTER, ROBERT K., Associate in Operative Dentistry, in the College of Dentistry—declination effective September 1, 1945.

BROMBERG, MRS. RUTH, Instructor and Clinical Psychologist in the Department of Psychiatry, in the College of Medicine—resignation effective January 1, 1946.

CRAIG, JESSIE M., Assistant in Chemistry—resignation effective February 1, 1946.

- DAVID, HUGO, Instructor in Speech—declination effective September 1, 1945.
- DAVIS, JOHN W., Instructor in Architecture—resignation effective January 1, 1946.
- DEHR, ARLIN M., Research Assistant in Bacteriology—resignation effective February 1, 1946.
- ELLIOTT, J. KENNETH, Cooperating Teacher in the College of Education—cancellation effective October 10, 1945.
- HOLLY, MRS. CARLENE T., Circulation Assistant in the Library—resignation effective February 1, 1946.
- KEIZER, CLIFFORD RICHARD, Instructor in Chemistry—resignation effective February 10, 1946.
- MARTIN, WILLIAM A., Assistant in Mathematics—resignation effective January 1, 1946.
- MINER, JEAN, Assistant in French—resignation effective February 1, 1946.
- MOON, A. C., Cooperating Teacher in the College of Education—cancellation effective October 10, 1945.
- MORGAN, JULIAN D., Instructor in Economics—resignation effective February 15, 1946.
- MORRISON, SHERMAN W., Associate in Pharmacy and Registered Pharmacist in Hospital Pharmacy, in the College of Pharmacy—resignation effective February 1, 1946.
- PEARSE, THOMAS G., JR., First Assistant in Soil Physics and Soil Survey, in the Department of Agronomy, in the Agricultural Experiment Station—resignation effective February 1, 1946.
- REED, RUSSELL HARLAN, Assistant Professor of Agricultural Engineering, in the College of Agriculture, and Assistant Chief in Agricultural Engineering, in the Agricultural Experiment Station—declination effective September 1, 1945.
- SCHWEICKART, RUTH L., Serial Cataloger in the Library—resignation effective February 1, 1946.
- SENN, WILLIAM FRANKLIN, Instructor in Physical Education for Men—resignation effective December 10, 1945.
- SERBER, ROBERT, Professor of Physics, in the College of Engineering—declination effective September 1, 1945.
- SEVERENS, JAMES MADISON, Assistant Professor of Bacteriology—resignation effective March 1, 1946.
- SIEGMUND, OTTO H., Assistant in Veterinary Physiology and Pharmacology—resignation effective at the close of business on December 31, 1945.
- SMITH, WARREN H., Research Assistant in Physics, in the College of Engineering—resignation effective January 1, 1946.
- WALLIS, FRANCES, Assistant in English—resignation effective January 1, 1946.
- WEIHE, RUDOLPH GEORGE, Assistant in Prosthetic Dentistry, in the College of Dentistry—resignation effective at the close of business on January 31, 1946.
- YAKOVLEJEVITCH, NIKIFOR Y., Special Research Graduate Assistant in Civil Engineering, in the Department of Theoretical and Applied Mechanics, in the Engineering Experiment Station—termination effective February 1, 1946.

## MEETING OF THE EXECUTIVE COMMITTEE

JANUARY 31, 1946

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the University Club, in Chicago, on the afternoon of Thursday, January 31, 1946, immediately following the adjournment of the meeting of the Board of Trustees on the same day.

Mr. Livingston, Chairman, and Mr. Davis, a member of the Executive Committee, were present; also Mr. McKelvey, Mr. McLaughlin, and Mr. Williamson, members of the Board; also President Willard and the officers enumerated on page 969 above as in attendance on the meeting of the Board.

## MATTERS PRESENTED BY PRESIDENT WILLARD

The Executive Committee considered the following matters presented by the President of the University.

REQUEST OF INSTITUTE OF MEAT PACKING FOR SERVICES  
OF PROFESSOR E. J. WORKING

(1) The Institute of Meat Packing, School of Business, University of Chicago, has requested the services of Professor E. J. Working of the Department of Agricultural Economics at the University of Illinois for a study of the demand for meat. He is professionally highly qualified to make this study.

The original request would have involved granting Professor Working a leave of absence without pay for one year. This proposal was not acceptable to the University of Illinois or to Professor Working, since he is eligible and has made application for a sabbatical leave of absence for the second semester of 1946-1947 for the purpose of research and writing on the relation of industrial wage rates to agriculture.

The Institute of Meat Packing has agreed to the following modified counter proposal from the University of Illinois:

The University of Illinois would arrange for Professor Working, while remaining on its staff and paid by this University, to devote approximately one-half of his time during the remainder of the current academic year, 1945-1946, to the study sponsored by the Institute of Meat Packing. In addition, he would be permitted to use the services of his assistant for statistical work, and the University would supply the necessary stenographic service while he is working on the project here. Since he will have finished his obligations to the University of Illinois for the academic year 1945-1946 by June, 1946, he would be free to accept employment by the University of Chicago from that date until the end of February, 1947.

In return for the large contribution which the University of Illinois would be making to this project, it would expect appropriate credit. In particular, the cover and title pages of any publications resulting from the study should state that these are the results of a joint study by the University of Chicago and the University of Illinois. Furthermore, full credit should be given to Professor Working with a statement as to the joint arrangement under which he was made available for conducting the study for the American Meat Institute and the University of Chicago.

It should also be understood by all concerned that this arrangement would not operate to prejudice in any way the application of Professor Working for a sabbatical leave of absence on full pay for the second semester of 1946-1947. Furthermore, it should be definitely understood that if he is granted such sabbatical leave he would *not* be employed by the University of Chicago during the period of the leave.

I recommend that:

1. Professor E. J. Working be authorized to make a study of the demand for meat for the Institute of Meat Packing, School of Business, University of

Chicago, beginning February 1, 1946, and to devote approximately one-half of his time to the project. His salary will be paid by the University of Illinois, and his services will be a contribution from the University to the project.

2. Professor Working be given a leave of absence without pay from September 1, 1946, to March 1, 1947, and a sabbatical leave of absence on full pay for the second semester of 1946-1947, or from March 1 to September 1, 1947, for the purpose of research and writing on relation of industrial wage rates to agriculture.

On motion of Mr. Davis, these recommendations were adopted.

#### OFFER OF TEXAS GULF SULPHUR COMPANY

(2) The Texas Gulf Sulphur Company, 75 East Forty-Fifth Street, New York 17, has offered the University \$3,000 for research in chemistry. It is proposed that this fund be used for a three-year assistantship in chemistry, the appointee to devote his time to the study of the mechanism of the combustion of sulphur.

The Texas Gulf Sulphur Company has asked that the provision relating to patentable discoveries in the regulations of the Board of Trustees governing research financed by private donors be modified in the case of this project. The Company is interested in developing new uses for sulphur for which it supplies the raw product. The Company would not expect to derive profit directly from any new patentable discovery resulting from this research but would profit only insofar as new uses of or improvements in sulphur are thereby developed. It is, therefore, interested in insuring as low a royalty fee as possible for licensees, to encourage the use of any new processes or improvements in processes which are discovered. The Company has proposed that the present policy relating to patentable discoveries, which reads as follows:

"It is agreed that if patentable discoveries grow out of the investigation and such discoveries have commercial value, the sponsor, upon payment of the entire cost of securing a patent, shall be given free use of the patent as a non-exclusive licensee, it being agreed that other licensees shall pay the University a royalty which in the opinion of the University is fair to the Sponsor and to the public."

be changed to read:

"If the Sponsor pays the cost of securing a patent, the Sponsor shall have a royalty free, non-exclusive license, with the privilege of granting non-exclusive licenses, and the University shall retain the title to the patent with the privilege of granting non-exclusive licenses."

University officials who have been negotiating with the company have offered the following counter proposal:

"The University agrees to grant to any person nominated by the Sponsor, a non-exclusive license for the use of such patent. The University reserves the right to grant licenses to any other persons selected by it.

"The amount of royalties to be paid by all licensees, with the exception of the Sponsor, shall be fixed by agreement between the Sponsor and the University."

This matter is still under negotiation, and the Legal Counsel expects to confer with representatives of the Texas Gulf Sulphur Company in the near future. He requests instructions from the Board of Trustees concerning the limits within which a negotiated agreement can be worked out with the Texas Gulf Sulphur Company.

On motion of Mr. Davis, the Legal Counsel was directed to adhere to the established rules and statutes of the University in drawing this contract.

#### CONTRACT FOR SANITARY SEWER FOR PORTABLE HOUSES

(3) The installation of portable houses on the Gallivan Tract will place an impossible load on the Urbana sanitary sewer system. Because of this, officials of Urbana were reluctant to have these houses connected with the present sewer system. The solution of this problem is the construction by the University of a new sewer line which will connect these houses with a twelve-inch sewer at the intersection of Goodwin and Nevada Streets. This new sewer will serve other

University buildings to be constructed in the future, specifically the College of Veterinary Medicine building and College of Agriculture buildings.

Bids were taken on January 21, but they were so much higher than the estimates that they were rejected.

New bids were called for and received on January 25, and a tabulation thereof is submitted.

Director Havens and Comptroller Morey recommend the award of the contract to the lowest bidder, Whetzel Brothers, at a guaranteed maximum price of \$16,940, the contract to be on a cost basis, plus a fixed fee, total cost not to exceed the guaranteed maximum, the savings after allowing for the fixed fee to be divided 50-50 between the contractor and the University.

I concur and recommend approval.

On motion of Mr. Davis, this contract was awarded as recommended.

#### COMMERCIAL SPONSORSHIP OF BROADCASTS

Mr. Livingston presented a letter from Mr. Leslie C. Johnson, Director, Ninth District, National Association of Broadcasters, with reference to granting permission to commercial broadcasting stations in Illinois to do their own broadcasting of noteworthy sports and special events from University grounds and buildings.

On motion of Mr. Davis, this matter was referred to a special committee of the Board to confer with Director J. F. Wright and make a recommendation to the Board.

Mr. Livingston appointed the following committee: Mr. Fornof, Chairman, Mr. Williamson, Mr. McKelvey (see report, page 1007).

#### BETATRON PATENTS AND IMPROVEMENTS

The President of the University was requested to investigate and report on the status of patents on the betatron and improvements thereto, with special reference to the powers and interest of the University in constructing or licensing the construction of these instruments.

#### LOCATION OF HEALTH AND PHYSICAL EDUCATION BUILDING

Mr. Williamson presented a letter with respect to the location of the building for Health and Physical Education.

This matter was referred to the Committee on Buildings and Grounds.

The Executive Committee adjourned.

**ADJOURNED SESSION, FEBRUARY 14, 1946**

An adjourned session of the January meeting of the Board of Trustees of the University of Illinois was held on Thursday, February 14, 1946, at the University Club, 76 East Monroe Street, Chicago, according to the following schedule: 11 a.m., in executive session as if in committee of the whole; 1 p.m., in open session.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. McKelvey, Dr. Meyer.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. I. L. Porter, Treasurer, Mr. Lloyd Morey, Comptroller, Professor C. R. Griffith, Provost, Professor W. E. Britton, Legal Counsel, and Mr. Charles S. Havens, Director of the Physical Plant.

**MORNING SESSION, FEBRUARY 14, 1946**

During the morning session, the Board discussed and took action on recommendations of the President of the University and of committees and officers of the Board.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**RELEASE OF PATENTABLE DISCOVERY TO THE UNITED STATES GOVERNMENT**

(1) Dr. H. F. Johnstone, Professor of Chemical Engineering, reports an invention resulting from confidential research work on a military problem performed at the University of Illinois under a contract with the Office of Scientific Research and Development (OSRD Contract OEMsr-102). Under the terms of the contract the University has the right to decide whether or not it will file a patent application.

Since the device is a weapon which is only of military importance and can not be exploited commercially for any other purpose, he recommends that the University elect not to file an application.

I concur in his recommendation.

On motion of Mr. Davis, this recommendation was adopted.

**HEADSHIP OF THE DEPARTMENT OF GERMAN**

(2) The recent death of Professor Albert W. Aron has created a vacancy in the headship of the Department of German. The following committee of the faculty was appointed to study the qualifications of available candidates:

Professor S. F. WILL of the Department of French, *Chairman*

Professor C. A. WILLIAMS of the Department of German

Professor W. H. RODEBUSH of the Department of Chemistry

Professor HENNING LARSEN, Acting Head of the Department of English

The Committee has recommended the appointment of Dr. Helmut Rehder, now on the faculty of the University of Wisconsin, for appointment as Head of the Department of German at the University of Illinois beginning September 1, 1946, at an annual salary of \$7,000. Doctor Rehder spent a day here last week and met several members of the faculty. I had a conference with him and was favorably impressed. A statement of some of the most important details of Professor Rehder's career and a partial list of his publications are submitted herewith.

Doctor Rehder came to the United States in August, 1931, and became a naturalized citizen in 1937. Since this is a major appointment which will become effective during the administration of Dr. George D. Stoddard as President of the University, I have presented the recommendation to him for his consideration. I request authorization to make this appointment if it is agreeable to Doctor Stoddard.

On motion of Mr. Davis, this appointment was authorized as recommended.

#### **HOUSING FOR VETERANS AT CHANUTE FIELD**

(3) A report that the Secretary of War had released dormitory units (with furnishings) at Chanutte Field to house 2,000 veterans during the next semester.

Director Havens commented on this matter and raised the question of the advisability of trying to operate these dormitories if the number of applicants was much smaller than now expected.

Mr. Wayne Johnston, President of the Illinois Central Railroad, who was present, stated that the railroad would cooperate in every way in the transportation of veteran students between Rantoul and the University. He stated that the service would be expensive if used by a comparatively small number.

Mr. Morey stated that he was negotiating for the use of buses for the transportation of veterans, and commented on the details of cost, food service, additional instructors, and the charge to be made to veterans for housing and transportation.

#### **PURCHASE OF PROPERTY AT 1923 WEST POLK STREET, CHICAGO**

Mr. McKelvey presented a recommendation of the Committee on Buildings and Grounds that the policy of acquiring property in Chicago (Minutes, July 28, 1943, page 450) be enlarged in this one instance to permit the purchase of property at 1923 West Polk Street, Chicago, and that the purchase of this property be authorized, at a price of approximately \$10,000, to be paid from the state appropriation for the purchase of land in Chicago.

On motion of Dr. Meyer, this purchase was authorized as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

#### **PURCHASE OF PROPERTY AT 402 SOUTH MATHEWS AVENUE, URBANA**

Mr. McKelvey presented also a recommendation of the Committee on Buildings and Grounds that the property at 402 South Mathews Avenue, Urbana, be purchased at a cost of \$11,500.

On motion of Dr. Meyer, this purchase was authorized as recommended, and the appropriation was made from the General Reserve Fund, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

At this point, a recess was taken, for luncheon.

### AFTERNOON SESSION, FEBRUARY 14, 1946

When the Board convened in open session at 1 p.m. on Thursday, February 14, 1946, the same members and officers were present as during the morning session.

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

##### ADMISSION OF NEW STUDENTS

(1) A statement on the housing situation and the admission of new students for the coming semester.

On motion of Dr. Meyer, the following action was taken:

1. The action of January 31, 1946 (Minutes, pages 982-983), on the admission of students for the coming semester was reconsidered and rescinded.

2. The Registrar was authorized to issue permits to enter the University in the departments at Urbana and Champaign for the coming semester to all applicants who present satisfactory evidence showing that they have secured housing for the semester.

3. The administrative officers of the University, including the deans and directors of the several colleges and schools, were requested to study the present rules of probation and dropping students with the purpose of raising the level of scholastic achievement required of students to remain in the University.

4. Effective September 1, 1946, a selective system of admissions shall be in effect, as provided by the Board in the action of January 31, 1946.

##### LIMITATION ON ENROLLMENT AT THE UNIVERSITY

(2) The University Senate at a meeting on February 4, 1946, adopted the following statement of educational policy to apply if limitation on enrollment at the University be necessary:

"It is the consensus of the Senate of the University of Illinois that, in the interest of sound educational policy, any necessary limitation on enrollment due to lack of housing or of other facilities should be designed to select those students with the greatest capacity for making use of the educational facilities of the University. With the exception of veterans who were unable to enter the University when these admission restrictions were not necessary, and who may properly be admitted on a special selective basis suited to their greater maturity and experience, it is recommended that students be admitted only on evidence of scholarship and aptitude.

"The Committee understands that a study of plans of admission to higher institutions has been started. The results of this study, together with a proposed revision of admission requirements to the University, will be presented to the Senate at a later date."

This report was received for record.

##### BUDGET OF DIVISION OF STUDENT HOUSING

(3) Due to the unexpected and unprecedented demands on the Division of Student Housing, funds budgeted for its operation for the current year are exhausted.

The Director of the Division, with the approval of the Dean of Students, requests an additional nonrecurring appropriation for the following purposes, during the balance of this fiscal year:

Wages.....	\$2 000
Expense .....	1 425
<i>Total</i> .....	<u>\$3 425</u>

The Comptroller concurs in this request.

I recommend approval.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

#### PHYSICS RESEARCH LABORATORY ELEVATOR

(4) Bids were opened February 5, 1946, for elevator installation in the Physics Research Laboratory as follows:

Warner Elevator Company, \$8,694, plus \$375 for automatic door operation.

Otis Elevator Company, \$6,522.

The bid from the Warner Elevator Company contained no certified check, and the Otis Elevator Company bid was qualified to indicate that the bid covered a standard design, which varied somewhat from specifications. The variations are acceptable to the University, and the Director of the Physical Plant recommends, with the concurrence of the Comptroller, that the Otis Elevator Company bid be accepted at the price indicated, which is within the preliminary estimate of cost.

I recommend approval.

On motion of Mr. Fornof, this contract was awarded as recommended.

#### FEDERAL EMERGENCY FARM LABOR BUDGET

(5) Federal funds again have been made available for the Emergency Farm Labor Program for the calendar year 1946 to be expended through the University Division of Agricultural Extension. The maximum amount which will be available for the year is \$235,000, and the following budget is submitted covering estimated expenditures from January 1 to December 31, 1946:

Salaries (including Supervisors, Assistant Supervisors, and clerical help in the central office; appointments to be approved by the President).....	\$175 470
Wages (assistants and clerical help for County Farm Advisers and miscellaneous services).....	7 730
Travel.....	26 700
Housing and transportation of workers.....	2 400
Other expense.....	22 700
<i>Total</i> .....	<u>\$235 000</u>

The foregoing budget has been submitted by H. P. Rusk, Dean of the College of Agriculture and Director of the Extension Service in Agriculture and Home Economics, and has been reviewed by the Comptroller. I recommend its approval subject to adjustment within the total.

On motion of Mr. McKelvey, this budget was approved and the funds appropriated as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

#### PHYSICS DEPARTMENT EQUIPMENT

(6) In February, 1943, the University entered into a secret contract with the War Department leasing certain equipment from the Physics Department. The University of California, as a sub-contractor of the War Department, has been using this equipment and now wishes to acquire such property by purchase. The original contract with the War Department has been terminated. It is to the advantage of the University to sell this property at a price of \$22,000 and acquire more modern equipment of the same general type.

The Dean of the College of Engineering requests the approval of this sale and the appropriation of the proceeds to the Department of Physics for the acquisition of similar equipment.

The Comptroller concurs in this request.

I recommend approval.

On motion of Mrs. Grigsby, this sale was authorized and the proceeds appropriated as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

#### SURVEY OF GUIDANCE FACILITIES IN ILLINOIS SCHOOLS

(7) The Committee on Special Appropriations and Nonrecurring Expenditures recommends an appropriation of \$1,140 to the College of Education for a survey of the guidance facilities in Illinois schools with special reference to provisions for the needs of handicapped children.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

#### RESIGNATION OF ALLAN F. BONNALIE

(8) Commander Allan F. Bonnalie, whose appointment as Director of the Institute of Aeronautics was authorized by the Board of Trustees, effective as soon as he could report for duty, has submitted his resignation.

In August, 1945, Commander Bonnalie was sent by United Air Lines to Mexico City to investigate the operations of Lineas Aereas Mexicanas, S. A. (Mexican Air Lines), which is owned by United Air Lines. After completing the investigation he was asked to take over the management of LAMSA for a period of sixty days with the understanding that a permanent President and General Manager would be selected for this company before the end of December. So when he was appointed Director of the Institute of Aeronautics it was anticipated that he could begin his University work on or shortly after January 1, 1946.

He accepted the directorship in the light of the situation as it was late in October. That situation has changed and he has been advised by officials of United Air Lines that they can not relieve him of his responsibilities as the managing officer of LAMSA. He has written:

"Accordingly, I must resign from the appointment at the University. I do this most reluctantly for I looked forward with great anticipation towards the interesting opportunity that appointment offered. However, I do not feel that it is fair under the circumstances to perpetuate a situation that shows no signs of any change that will allow me to take up work at the University."

Under the circumstances I recommend acceptance of his resignation with deep regret. I am asking Commander Bonnalie to continue serving as a member of the Advisory Board on Aeronautics.

On motion of Mr. Davis, this resignation was accepted, and the Secretary was instructed to send to Commander Bonnalie an expression of the regret of the Board that he can not act as Director of the Institute of Aeronautics.

**PURCHASES AUTHORIZED**

(9) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are noncompetitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. Pyrex laboratory glassware, 110 cases, for the General Chemical Stores, from A. Daigger and Company, at a cost of approximately \$1,417.50.

2. Coated book paper, 25 tons 25 x 38, 70 lb., and 2½ tons 25 x 28½, 52 lb., for the Office Supply Store, from Dwight Bros. Paper Company, at a cost of approximately \$6,060.

3. Mattress pads, 118 54" and 518 39", for the Physical Plant Department, from the Clark Linen and Equipment Company, Chicago, at a cost of \$1,388.44.

4. Sewer tile, 1850 feet 10" and 850 feet 8", for the Physical Plant Department, from Somers-Barr Company, Inc., Urbana, at a cost of \$1,294.13.

5. Diagnostic sets, 120, for the Student Supply Store (Chicago), from V. Mueller & Company, at a cost of \$3,121.20.

6. Bath towels, 500 dozen, 20 x 40, name woven, ribbed, for the Department of Physical Education for Men, from Carson, Pirie, Scott, and Company, Chicago, at a cost of \$2,876.40.

7. Four GS-4 Geiger counter scaling units (scale of 64), and one ratemeter, Model RM3, for the Department of Physics, from Technical Associates, Glendale, California, at a cost of \$2,445 f.o.b. Glendale.

On motion of Dr. Meyer, the action of the Comptroller in authorizing these purchases was approved and confirmed.

**PURCHASES RECOMMENDED**

(10) The Purchasing Agent has proposed and the Comptroller recommends the following purchases. Unless otherwise specified the purchase in each case is recommended on the basis of lowest bid, ceiling price, or because the item is noncompetitive. I concur in the recommendations.

1. Four 250-lb., one 500-lb., three 750-lb., five 1500-lb., one 3000-lb., and one 6000-lb. condensation meters, for the Physical Plant Department, from General Meters & Controls Company, Agent for the American District Steam Company, Chicago, at a cost of \$1,094.

2. One combined Charpy-Izod tension impact testing head machine, complete with change-o-matic head, for the Department of Theoretical and Applied Mechanics, from the Tinius Olsen Testing Machine Co., Philadelphia, at a cost of \$1,110 f.o.b. Urbana. Two bids were received, the other being from the Riehle Testing Machine Division of American Machine and Metals, Inc., East Moline, Illinois, at a bid of \$1,046 f.o.b. Urbana. While the Olsen testing machine costs \$64 more than the Riehle machine, the former is desired because it can be obtained in four or five weeks compared with twelve weeks delivery for the Riehle machine, and it is needed for the second semester's work. The time required to change fixtures is considerably less on the Olsen machine and it also has a greater capacity, both of which are a considerable advantage.

On motion of Dr. Meyer, these purchases were authorized as recommended.

**QUARTERLY REPORT OF THE COMPTROLLER**

(11) The Comptroller presents his quarterly report to the Board as of December 31, 1945. Copies of this report have been sent to all members of the Board in advance of this meeting.

This report was received for record.

**OPERATION OF PUBLIC SERVICES AT UNIVERSITY  
OF ILLINOIS AIRPORT**

(12) In order to provide for prompt increase in activities at the University of Illinois Airport, it is proposed that certain areas be leased to private operators

on which they would be permitted to erect buildings and that contracts be made with them for operation of services for the convenience of the public. During the time required to erect such buildings, space in the University hangar could be leased for offices, display, and storage, with the understanding that the lease would be terminated when the University needs the space.

Such temporary leases should provide for the following:

1. Display and sales for aircraft, parts, and accessories.
  2. Office space.
  3. Rental of such storage space for aircraft as may be available.
  4. Permission to offer charter service, airplane rides, and to give flight instruction to other than those enrolled in the University flight and training programs.
  5. Fuel and oil requirements of the operator to be purchased from the University.
  6. Repair service at the airport by the operators to be limited to emergencies and minor maintenance. Operators shall supply major overhaul, maintenance, and repair facilities at their present locations, until they have provided suitable ships and hangar spaces at the airport.
  7. The University will service, maintain, and repair its own aircraft.
  8. Term of lease.
  9. Amount to be paid to University of Illinois.
- I request authority to discuss the terms and conditions under which such temporary leases might be entered into with private operators and report to the Board at an early date.

On motion of Mr. Davis, this authority was granted as requested.

#### OPENING OF SPRING SEMESTER POSTPONED

(13) An emergency has been created by the delay in securing temporary housing for veterans, making it impossible to prepare the facilities for use by February 23. I recommend, therefore, that the date of opening the coming semester be deferred for one week. It is planned to schedule the final examinations during the last week of class-exercises, so that the semester will not be shortened and the date of opening of the summer semester will not be deferred.

On motion of Dr. Meyer, this recommendation was adopted.

#### HOUSING OF VETERANS AT CHANUTE FIELD

(14) A statement on the housing of veterans at Chanute Field.

At the request of the President of the University, the Comptroller presented the following report:

At the meeting of the Board of Trustees on January 31 there was informal discussion of the possibility of securing additional housing for veteran students at Chanute Field. Subsequently, the President of the Board, the President of the University, and the Director of the Physical Plant Department conferred with the Secretary of War, Senator Scott W. Lucas, and others in Washington. As a result of the request of University representatives, the Secretary of War has indicated that he would assign *conditionally* to the University barracks at Chanute Field having a housing capacity for approximately 2,000 persons to be used only for veterans. The conditions prescribed by the Secretary of War are indicated by the following extracts from a letter from him to Senator Scott W. Lucas dated February 7:

"Our best estimate is therefore that there might be a surplus capacity for at least 2,000 individuals at this station until the middle of the summer. . . . I am reasonably certain that 2,000 can be accommodated until midsummer, but to insure that the Field be prepared to house its full quota of Air Force technicians if they should become available, I must propose a reservation by which occupancy by University of Illinois students may be terminated on 30 days notice."

It is expected that these quarters will be made available to the University without charge for rental, but the University would be required to assume all

operating costs. A preliminary study indicated that the expense of operation and maintenance for one semester (approximately four months), if the quarters are used to an approximate capacity of 2,000, would amount to about \$57,000.

Students occupying these facilities would require transportation to and from Chanute Field each day. It appears that transportation by common carriers will be available, the rates probably being between 40¢ and 44¢ a day per person round-trip, or \$12.00 to \$13.20 a month for 30 days. Probably some students would have private transportation. Common carriers will require guarantees, which it now appears would amount to at least \$15,000 a month.

It now appears unlikely that food service can be made available at Chanute Field. Consequently, it may be necessary to provide such service on the campus. This would necessitate extending food service in the Union Building to seven days a week, which up to this time has been impossible except as to Army trainees because of unavailability of help.

Added enrollment of 2,000 persons would require additions to the teaching staff of a full-time equivalent of 100 persons at an estimated cost of between \$100,000 and \$150,000 for the semester.

The added enrollment would result in increased income which should equal at least \$150,000 for the semester, after allowing for persons who might claim state scholarships.

It is obvious that there are many problems and difficulties connected with the arrangement, but none seems to be insurmountable. The standards of accommodation would be materially below any facilities available on the campus. Food service and study requirements would result in long hours and much inconvenience. The distance from the campus would involve heavy expense and loss of time in transportation. The University had hoped to secure both food service and study rooms at the field but these now appear improbable.

No certain estimate can be made of the number of veterans who would accept the offer of housing at the Field. The only way this could be determined is to make a definite proposal, indicating the conditions that will be imposed, and see how many will accept that proposal.

It is not believed that students should be asked to expend more for these accommodations than for more or less similar accommodations at the campus. The rate for barracks quarters in the Gym Annex is \$8.50, and these quarters are more pleasant and decidedly more convenient than the Chanute Field accommodations.

It is therefore recommended that the University offer barracks accommodations at Chanute Field to veterans who desire to enroll in the University at a charge of \$8.00 a month per man, the University to provide transportation to and from the campus once each day for all who wish it. It is furthermore requested that an appropriation of \$117,000 or as much thereof as may be required be made to cover this program if the number of elections by veterans make it feasible to proceed, the appropriation to cover the estimated operating expense and the minimum guarantee for transportation.

On motion of Mr. Fornof, a fee of \$8 a month for each student was authorized; the University to assume the expense of transportation to and from the University.

On motion of Mr. McKelvey, an appropriation of \$117,000, or so much thereof as may be necessary, was made to cover the cost of transportation and other expense caused by the use of housing facilities at Chanute Field. The vote was as follows: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Nickell, Mr. Williamson.

On motion of Mr. Fornof, the Executive Committee was author-

ized to make such changes in the program as may be recommended by the President of the University.

On motion of Mrs. Grigsby, the following resolution was adopted.

*Whereas*, the Secretary of War has offered to assign certain barracks and equipment at Chanute Field to the University of Illinois for the housing of veteran students; and

*Whereas*, at a meeting on February 14, 1946, the Board of Trustees of the University of Illinois voted to authorize the President of the University to accept the offer of the Secretary of War;

*Therefore, be it resolved* that the Comptroller and the Secretary of the Board of Trustees be and the same are hereby authorized to execute a contract with the War Department or other appropriate Federal agency covering the use of such barracks and equipment at Chanute Field or on the campus of the University of Illinois.

On motion of Dr. Meyer, the Secretary was instructed to send to Governor Dwight H. Green and Senator Scott W. Lucas an expression of the deep gratitude of the Board for their cooperation and assistance in securing additional housing for veterans.

#### COMMERCIAL SPONSORSHIP OF BROADCASTS

Mr. Fornof presented a recommendation of the special committee appointed January 31, 1946 (Minutes, page 998), to consider the request of radio stations to be permitted to broadcast athletic events at the University, that the following resolution be adopted.

*Be it resolved* that the Board of Trustees authorize the Athletic Association to permit the broadcast on a commercial basis of any athletic event held at the University and that it be permitted to extend the same privilege on a similar basis to organizations using its facilities.

This is with the understanding that the University will be responsible for both the type of sponsor and his message.

On motion of Mr. Fornof, this resolution was adopted. It was the sense of the Board that the President of the University should be responsible for all matters pertaining to broadcasts of events.

#### DEGREES CONFERRED FEBRUARY 2, 1946

The Secretary presented for record the following list of degrees conferred February 2, 1946, in Chicago.

##### COLLEGE OF MEDICINE

##### Degree of Bachelor of Science

##### *In Occupational Therapy*

SHIRLEY JEAN BUNCH  
MARGARET ANNA EARLENBAUGH  
ANGELINE ALIVA HOWARD  
PATRICIA JEAN HUTTON

DOROTHEA PEARL MOORSHEAD  
PHYLLIS BUSHNELL MUGGE  
PATRICIA ANN SHEPPARD

##### GRADUATE FELLOWS

The Secretary presented also for record the following appointment of a graduate fellow by the President of the University.

OPPEGARD, ALFRED L., Standard Oil Company Fellow in Chemistry, for seven months beginning February 1, 1946, at a stipendium of eight hundred seventy-five dollars (\$875) for the period. (February 13, 1946)<sup>1</sup>

<sup>1</sup> The date in parenthesis is the date on which the appointment was made by the President.

**APPOINTMENTS MADE BY THE PRESIDENT**

The Secretary presented also for record the following list of appointments made by the President of the University.

ADAMS, WALTER SCOTT, Instructor in Economics, for five months beginning February 1, 1946, at a salary at the rate of two hundred eleven dollars eleven cents (\$211.11) a month (this supersedes his previous appointment). (February 4, 1946)<sup>1</sup>

ANDERSON, ARTHUR G., JR., Special Research Assistant in Chemistry, for six months beginning March 1, 1946, at a salary of one thousand one hundred dollars (\$1100). (February 5, 1946)

AUDRIETH, LUDWIG FREDERICK, Associate Professor of Chemistry, on indefinite tenure, beginning March 1, 1946, at a salary at the rate of four thousand four hundred dollars (\$4400) a year (this supersedes his previous appointment). (February 5, 1946)

BAKER, JAMES GERARD, Cataloger in the Library, with the rank of Instructor, beginning February 18, 1946, and continuing through August 31, 1946, at a salary at the rate of two hundred dollars (\$200) a month (this supersedes his previous appointment). (February 11, 1946)

BATES, GRACE E., Assistant in Mathematics, on one-third time, for one month beginning February 27, 1946, at a salary of eighty dollars (\$80). (February 11, 1946)

BECKER, ELMER L., Hornstein Research Assistant in the Allergy Unit, in the Department of Biological Chemistry, in the College of Medicine, for one year beginning January 7, 1946, at a salary of one thousand eight hundred dollars (\$1800). (February 4, 1946)

BRIGHTON, GERALD DAVID, Assistant in Accountancy, on one-half time, for four months beginning February 1, 1946, at a salary of four hundred fifty dollars (\$450). (February 4, 1946)

BROWN, C. DAVID, Clinical Instructor in Surgery, in the College of Medicine, for seven months beginning February 1, 1946, without salary (this supersedes his previous appointment). (February 11, 1946)

BROWN, WALTER NICHOLAS, JR., Instructor in Electrical Engineering, in the College of Engineering, for five months beginning March 1, 1946, and for ten months beginning September 1, 1946, at a salary at the rate of two hundred ninety dollars (\$290) a month. (January 30, 1946)

CAMPBELL, JAMES DOW, Instructor in Mathematics, for one month beginning February 27, 1946, at a salary of three hundred dollars (\$300). (February 11, 1946)

CARRUTH, PHILIP WILKINSON, Instructor in Mathematics, beginning February 26, 1946, and continuing through June 25, 1946, at a salary at the rate of three hundred dollars (\$300) a month. (February 13, 1946)

DAWSON, HAROLD S., Director of the University of Illinois Placement Bureau, beginning January 24, 1946, and continuing through August 31, 1946, at a salary at the rate of seven thousand dollars (\$7000) a year (this supersedes his previous appointment). (February 4, 1946)

DAY, MAHLON MARSH, Assistant Professor of Mathematics, beginning March 1, 1946, and continuing through August 31, 1947, at a salary at the rate of three thousand four hundred dollars (\$3400) a year (this supersedes his previous appointment). (February 4, 1946)

DOOB, JOSEPH LEO, Professor of Mathematics, on indefinite tenure, beginning March 1, 1946, at a salary at the rate of four thousand seven hundred fifty dollars (\$4750) a year (this supersedes his previous appointment). (February 4, 1946)

EADS, DAVID KIRK, Assistant in Chemistry, on one-half time, for four months beginning February 1, 1946, at a salary of four hundred dollars (\$400). (February 4, 1946)

EASTON, NELSON ROY, Assistant in Chemistry, on one-half time, for three months beginning March 1, 1946, at a salary of three hundred dollars (\$300). (February 11, 1946)

<sup>1</sup> The date in parenthesis is the date on which the appointment was made by the President.

EVANS, EDWARD G., Assistant in Obstetrics and Gynecology, in the College of Medicine, for seven months beginning February 1, 1946, without salary (this supersedes his previous appointment). (February 11, 1946)

FERGUSON, WILLIAM ALLEN, Assistant in Mathematics, on two-fifths time, for four months beginning February 1, 1946, at a salary at the rate of ninety dollars (\$90) a month. (February 11, 1946)

FITZGIBBONS, JAMES P., Instructor in Obstetrics and Gynecology, in the College of Medicine, for seven months beginning February 1, 1946, without salary. (February 11, 1946)

GAILUS, WALTER JOSEPH, Research Graduate Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station, on one-half time, for seven months beginning February 1, 1946, at a salary at the rate of one hundred dollars (\$100) a month. (February 4, 1946)

GERLACH, JOSEPH SHERMAN, Instructor in Physical Education for Men, for five months beginning February 1, 1946, at a salary of one thousand three hundred dollars (\$1300). (February 11, 1946)

GREENBERG, HAROLD ARMAND, Clinical Instructor in Criminology, in the College of Medicine, for seven months beginning February 1, 1946, without salary. (February 11, 1946)

HAILS, GEORGE FORREST, Assistant in Physical Education for Men, on one-seventh time, for four months beginning February 1, 1946, at a salary of one hundred forty-two dollars eighty cents (\$142.80). (February 11, 1946)

HARRELL, THOMAS WILLARD, Associate Professor of Psychology, on indefinite tenure, beginning March 1, 1946, at a salary at the rate of four thousand two hundred dollars (\$4200) a year (this supersedes his previous appointment). (February 5, 1946)

HOBART, CLYDE MONROE, Associate in Mathematics, for four months beginning March 1, 1946, at a salary at the rate of three hundred dollars (\$300) a month. (February 11, 1946)

HOFRICHTER, FRANK C., Clinical Instructor in Surgery, in the College of Medicine, for seven months beginning February 1, 1946, without salary (this supersedes his previous appointment). (February 4, 1946)

HRUBECKY, HENRY FRANCIS, Assistant in Mathematics, on two-thirds time, for four months beginning February 1, 1946, at a salary at the rate of one hundred seventy-five dollars (\$175) a month. (February 11, 1946)

HULT, RICHARD EMANUEL, Instructor in Art, beginning March 15, 1946, and continuing through June 30, 1946, at a salary at the rate of two hundred ninety dollars (\$290) a month. (February 11, 1946)

HURTADO, EDWARD, Health Officer of the Chicago Departments, for seven months beginning February 1, 1946, at a salary at the rate of six thousand dollars (\$6000) a year. (February 4, 1946)

JOHNSTON, ELWOOD RUSSELL, JR., Research Graduate Assistant in Civil Engineering, in the Engineering Experiment Station, on one-half time, for seven months beginning February 1, 1946, at a salary at the rate of one hundred dollars (\$100) a month. (February 4, 1946)

KANTHAK, FRANK F., Clinical Assistant Professor of Surgery, in the College of Medicine, for seven months beginning February 1, 1946, without salary (this is in addition to his appointment with salary). (February 4, 1946)

KEARNS, JERRY J., Clinical Assistant Professor of Pathology, in the College of Medicine, beginning January 21, 1946, and continuing through August 31, 1946, without salary (this supersedes his previous appointment). (February 4, 1946)

KENNEY, LOUIS AUGUSTINE, Engineering Library Assistant, beginning February 14, 1946, and continuing through August 31, 1946, at a salary at the rate of one hundred fifty-five dollars (\$155) a month (this supersedes his previous appointment). (February 11, 1946)

KIMPEL, ROBERT FREDERICK, Special Research Assistant in Ceramic Engineering, in the Engineering Experiment Station, beginning January 14, 1946, and continuing until further notice, at a salary at the rate of two hundred eight dollars thirty-three cents (\$208.33) a month. (February 4, 1946)

KRAMER, MAX, Instructor in Mathematics, for five months beginning February 1, 1946, at a salary at the rate of two hundred eighty-eight dollars (\$288) a month. (February 11, 1946)

KUBITZ, OSKAR ALFRED, Assistant Dean of the College of Liberal Arts and Sciences, and Assistant Professor of Philosophy, for seven months beginning February 1, 1946, at a salary at the rate of four thousand five hundred dollars (\$4500) a year (this supersedes his previous appointment). (February 11, 1946)

LAMPSON, MRS. ELAINE SNYDER, Chemistry Librarian, with the rank of Instructor, beginning February 14, 1946, and continuing through August 31, 1946, at a salary at the rate of one hundred seventy-five dollars (\$175) a month (this supersedes her previous appointment). (February 11, 1946)

LEONARD, NELSON JORDAN, Associate in Chemistry, for six months beginning March 1, 1946, at a salary of one thousand three hundred fifty dollars (\$1350). (February 4, 1946)

LINK, ROGER PAUL, Assistant Professor of Veterinary Physiology and Pharmacology, in the College of Veterinary Medicine, and Assistant Chief in Veterinary Physiology and Pharmacology, in the Agricultural Experiment Station, beginning February 1, 1946, and continuing through August 31, 1947, at a salary at the rate of four thousand five hundred dollars (\$4500) a year. (February 13, 1946)

LITTLE, MRS. MADGE LINKE, Home Adviser at Large and Instructor in Home Economics Extension, in the Extension Service in Agriculture and Home Economics, for three months beginning January 1, 1946, at a salary at the rate of two hundred twenty-nine dollars sixteen cents (\$229.16) a month (this supersedes her previous appointment). (February 9, 1946)

MASON, CURTIS LIONEL, Special Research Assistant in the State Natural History Survey, and in the Agricultural Experiment Station, on one-half time, for February, March, April, May, October, November, and December, 1946, at a salary at the rate of one hundred dollars (\$100) a month, and on full time, for June, July, August, and September, 1946, at a salary at the rate of two hundred dollars (\$200) a month. (February 5, 1946)

MATHEWS, CHARLES WILLARD, Assistant in Mathematics, on one-third time, for four months beginning February 1, 1946, at a salary at the rate of seventy-five dollars (\$75) a month. (February 11, 1946)

MATHIS, ARCHIE EUGENE, Assistant in Physical Education for Men, for five months beginning February 1, 1946, at a salary of one thousand two hundred dollars (\$1200). (February 11, 1946)

McCLOW, JOHN HENRY, Research Graduate Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station, on one-half time, for seven months beginning February 1, 1946, at a salary at the rate of one hundred dollars (\$100) a month. (February 4, 1946)

MCMILLAN, FOSTER L., Clinical Assistant Professor of Surgery, in the College of Medicine, for seven months beginning February 1, 1946, without salary (this supersedes his previous appointment). (February 11, 1946)

MEAGHER, RALPH ERNEST, Research Assistant in Physics, in the College of Engineering, on one-fourth time, for ten months beginning November 1, 1945, at a salary of five hundred sixty-two dollars fifty cents (\$562.50) (this supersedes his previous appointment). (February 11, 1946)

MILLER, DAVID HAROLD, Assistant in Physical Education for Men, for five months beginning February 1, 1946, at a salary of one thousand dollars (\$1000). (February 11, 1946)

MITCHELL, WARREN IRVIN, Instructor in Theoretical and Applied Mechanics, in the College of Engineering, beginning February 24, 1946, and continuing through June 30, 1946, at a salary at the rate of two hundred forty dollars (\$240) a month. (February 4, 1946)

PAAPE, CHARLES WILLIAM, Assistant in History, for five months beginning February 1, 1946, at a salary at the rate of one hundred eighty dollars (\$180) a month. (February 11, 1946)

PARRY, ROBERT WALTER, Assistant in Chemistry, on one-half time, for four months beginning February 1, 1946, at a salary of four hundred dollars (\$400). (February 4, 1946)

PEACOCK, MRS. MARTHA LOU SANFORD, Cataloger in the Library, beginning February 4, 1946, and continuing through August 31, 1946, at a salary at the rate of one hundred eighty-five dollars (\$185) a month. (February 11, 1946)

PEARCE, MERLE WINSTON, Assistant in Physical Education for Men, on one-half time, for four months beginning February 1, 1946, at a salary of five hundred dollars (\$500). (February 11, 1946)

PENNINGTON, LEON ALFRED, Associate Professor of Psychology, on indefinite tenure, beginning March 1, 1946, at a salary at the rate of four thousand two hundred dollars (\$4200) a year (this supersedes his previous appointment). (February 5, 1946)

PROFES, ERNEST ALLEN, Instructor in Mathematics, on one-third time, for four months beginning February 1, 1946, at a salary at the rate of one hundred dollars (\$100) a month. (February 11, 1946)

PUSEY, WILLIAM SHREWSBURY, Assistant in Art, beginning February 1, 1946, and continuing through March 14, 1946, at a salary at the rate of one hundred eighty dollars (\$180) a month. (February 11, 1946)

ROWLAND, M. ELOISE, Histological Technician in Zoology and Physiology, for five months beginning February 1, 1946, at a salary at the rate of one hundred eighty dollars (\$180) a month. (February 4, 1946)

ST. CLAIR, LORENZ EDWARD, Professor of Veterinary Anatomy, in the College of Veterinary Medicine, and Chief in Veterinary Anatomy, in the Agricultural Experiment Station, and Head of the Department of Veterinary Anatomy and Histology, in the College of Veterinary Medicine, on indefinite tenure, beginning July 1, 1946, at a salary at the rate of six thousand dollars (\$6000) a year. (February 13, 1946)

SAMTER, MAX, Bloom Research Assistant in the Allergy Unit, in the Department of Biological Chemistry, in the College of Medicine, for one year beginning January 15, 1946, at a salary of one thousand eight hundred dollars (\$1800). (February 4, 1946)

SQUIRE, FAY HUFFMAN, Clinical Associate Professor of Radiology (Rush), in the College of Medicine, on indefinite tenure, and Acting Head of the Department beginning February 1, 1946, and continuing until a Head is appointed, but not later than August 31, 1946, on one-third time, at a salary at the rate of two thousand three hundred dollars (\$2300) a year (this supersedes his previous appointment). (February 11, 1946)

SWANSON, HAROLD ARTHUR, Assistant in Physical Education for Men, on six-sevenths time, for two months beginning February 1, 1946, at a salary of four hundred twenty-eight dollars sixty cents (\$428.60). (February 11, 1946)

VANABEELE, FREDERICK RICHARD, Special Research Assistant in Chemistry, on one-half time, for six months beginning February 1, 1946, at a salary of six hundred dollars (\$600). (February 4, 1946)

WEBER, ALAN ELMER ROY, Instructor in Mechanical Engineering, in the College of Engineering, for seven months beginning February 1, 1946, at a salary at the rate of one hundred eighty-three dollars thirty-three cents (\$183.33) a month. (February 13, 1946)

WILSON, KEITH LEROY, Instructor in Music, on three-fourths time, and Instructor in Military Bands, on one-fourth time, for five months beginning February 1, 1946, at a salary at the rate of three hundred dollars (\$300) a month (this supersedes his previous appointment). (February 13, 1946)

WOLF, VIRGINIA L., Illini Union Browsing Room Assistant, on one-fourth time, beginning February 18, 1946, and continuing through August 31, 1946, at a salary at the rate of thirty-seven dollars fifty cents (\$37.50) a month. (February 11, 1946)

WORSLEY, S. SUE, Illini Union Browsing Room Librarian, on one-half time, beginning February 18, 1946, and continuing through August 31, 1946, at a salary at the rate of eighty-four dollars fifty cents (\$84.50) a month (this supersedes her previous appointment). (February 11, 1946)

WOYSKI, MARK M., Assistant in Chemistry, on one-half time, for four months beginning February 1, 1946, at a salary of four hundred dollars (\$400). (February 11, 1946)

**RESIGNATIONS AND DECLINATIONS**

The Secretary presented also for record the following list of resignations and declinations.

ALP, HERBERT HOWARD, Professor of Poultry Extension, in the Department of Animal Husbandry, in the Extension Service in Agriculture and Home Economics—resignation effective March 16, 1946.

ARNHOLD, RUTH, Cataloger in the Dentistry, Medicine, and Pharmacy Library, with the rank of Instructor—resignation effective February 15, 1946.

BROWN, WALTER NICHOLAS, JR., Instructor in Electrical Engineering, in the College of Engineering—declination effective March 1, 1946.

COWLES, JOHN TODD, Assistant Professor of Psychology—resignation effective March 1, 1946.

KRAFT, ROBERT EUGENE, Special Research Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station—resignation effective February 16, 1946.

MARRIOTT, LAWRENCE FREDERICK, First Assistant in Soil Experiment Fields, in the Department of Agronomy, in the Agricultural Experiment Station—resignation effective at the close of business on February 28, 1946.

OLMSTED, RANDOLPH F., Clinical Assistant Professor of Surgery (Rush), in the College of Medicine—resignation effective February 1, 1946.

WINGERT, JOHN B., Assistant Professor of Floriculture, in the Department of Horticulture, in the College of Agriculture, and Assistant Chief in Floriculture, in the Agricultural Experiment Station—resignation effective January 4, 1946.

# MEETING OF THE BOARD OF TRUSTEES

OF THE

# UNIVERSITY OF ILLINOIS

---

**March 9, 1946**

A special meeting of the Board of Trustees of the University of Illinois was held at the University Club, in Chicago, on Saturday, March 9, 1946, pursuant to the following notice which was sent out by the Secretary on March 2, 1946.

On call of President Park Livingston, a special meeting of the Board of Trustees of the University of Illinois will be held at 10 a.m. on Saturday, March 9, 1946, at the University Club, 76 East Monroe Street, Chicago, to consider a change in date of the annual meeting of the Board, and such other matters as may be presented by the President of the University and the officers and committees of the Board.

When the Board convened, the following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson. Superintendent Nickell took his place with the Board during the morning.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Irvin L. Porter, Treasurer, Mr. Lloyd Morey, Comptroller, Professor C. R. Griffith, Provost, and Professor W. E. Britton, Legal Counsel.

**MINUTES APPROVED**

The Secretary presented the minutes of the meetings of January 5 and 31, and the adjourned session of February 14, 1946, and (for record) the minutes of a meeting of the Executive Committee of January 31, 1946.

On motion of Mr. Williamson, the minutes were approved and received for record, respectively, as printed on pages 961-1012 above.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT**

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following on the basis of having fulfilled all of the requirements and having passed the C.P.A. examination which was given in November, 1945:

The Committee also recommends that Mr. Harold Ignatius Finnegan be awarded the certificate of Certified Public Accountant on the basis of his successful passing of the oral examination under Section 4 (b) of the Accountancy Act of 1943.

On motion of Mr. Davis, these certificates were awarded as recommended.

#### ADVISORY COMMITTEES, COLLEGE OF AGRICULTURE

(2) The Dean of the College of Agriculture and Director of the Agricultural Experiment Station recommends the following appointments to Advisory Committees of the College of Agriculture for the year 1945-1946. There is a committee for each department of the College, and a general committee. The total number of appointments is thirty-seven, of whom seven are new (indicated by an asterisk) and the others are reappointments.

I concur in the Dean's recommendation.

##### *Agricultural Economics*

JOHN P. HANNA, Geneseo  
FRED E. HERNDON, Macomb  
E. D. LAWRENCE, Danvers  
\*H. H. McLAUGHLIN, Salem  
HENRY H. PARKE, Genoa

##### *Agricultural Engineering*

FRANK W. ANDREW, Palmyra  
R. B. ENDICOTT, Villa Ridge  
ROYAL OAKES, Bluffs  
\*T. J. SHAMBAUGH, JR., Oakley  
CARL E. SWENSON, Rockford

##### *Agronomy (Farm Crops)*

LAWRENCE L. LOWE, Aroma Park  
C. B. SHUMAN, Sullivan

##### *Agronomy (Soils)*

W. E. RIEGEL, Agronomy  
L. E. MATHERS, Animal Husbandry  
CHARLES H. SNOW, Dairy Husbandry  
JAMES SYKORA, Floriculture  
L. A. ABBOTT, Forestry

The members of these committees will also be included in the membership of the General Advisory Committee.

On motion of Dr. Meyer, these committees were appointed as recommended.

**ADVISORY COMMITTEE, COLLEGE OF VETERINARY MEDICINE**

(3) The Dean of the College of Veterinary Medicine recommends the following appointments to the Advisory Committee of the College of Veterinary Medicine for the year 1945-1946.

I concur in the Dean's recommendation.

JAMES ATTEBERRY, Albion

W. A. BEARD, Greenview

C. R. COLLINS, Dixon

C. E. DILLE, Cairo

L. A. DYKSTRA, Aurora

C. E. FIDLER, Lewistown

C. C. HASTINGS, Williamsville

E. A. JENKINS, Shelbyville

G. W. JENSEN, Antioch

OSCAR LINN, Canton

R. V. MCKEE, Varna

P. J. MEGINNIS, Cicero

W. A. WALKER, Golconda

The members of this Committee will also be included in the membership of the General Advisory Committee.

On motion of Mr. Williamson, this committee was appointed as recommended.

**APPOINTMENT OF PROFESSOR HELMUT REHDER**

(4) The Board of Trustees at its meeting on February 14 authorized the appointment of Dr. Helmut Rehder, now on the faculty of the University of Wisconsin, as Professor and Head of the Department of German. The salary specified in the action of the Board was a figure used in preliminary negotiations. I recommend that Doctor Rehder be appointed at an annual salary of \$7,200 and that his appointment become effective July 16, 1946.

On motion of Mr. Fornof, this appointment was made as recommended.

**RESIGNATION OF DEAN RAYMOND B. ALLEN**

(5) Dr. Raymond B. Allen, Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy and Dean of the College of Medicine, has been elected President of the University of Washington at Seattle and has resigned his positions at the University of Illinois effective not later than September 1, 1946.

On motion of Mr. Davis, this resignation was accepted, and the Secretary was requested to send to Dr. Allen an expression of the appreciation of the Board for his services, and its deep regret that he is leaving the University of Illinois, and of its congratulations and good wishes for his future.

**KELLOGG FOUNDATION GRANT OF FUNDS**

(6) The faculty of the College of Dentistry has developed a plan for offering postgraduate and refresher courses in various fields of dental practice particularly for the benefit of returning war veterans. I recommend that the Board authorize acceptance of a grant of \$50,000 from the Kellogg Foundation, Battle Creek, Michigan, to inaugurate this program and support it for a period of three years, with the understanding that the University will commit itself to continue a program of postgraduate dental education on a permanent basis and support it from regular University budgets thereafter. The grant would be used for salaries of additional teaching personnel, \$25,000 for the first year, \$15,000 for the second year, and \$10,000 for the third year.

Tuition fees will be charged all practitioners enrolling in these postgraduate courses. I recommend that 80 per cent of the income from such fees be set aside for the future development of the program so that it can be continued on a self-supported basis.

The Board of Trustees has previously authorized the acceptance of a grant of \$90,000 from the Kellogg Foundation under a similar arrangement and commitment for postgraduate and refresher courses for medical practitioners.

On motion of Mr. Fornof, the President of the University was authorized to accept this grant as recommended.

**BEQUEST OF MRS. LOUISE M. LEOPOLD**

(7) The University has been informed by counsel for the executors of the estate of the late Mrs. Louise M. Leopold of Chicago, who passed away February 20, 1946, that her will includes the following provision:

"In memory of Linsley F. Ter Bush, I give and bequeath unto University of Illinois, located at Urbana, Illinois, the sum of FIVE THOUSAND DOLLARS (\$5,000.00); and it is my hope that this gift may be added to other moneys or funds in order to form a scholarship fund, and the income therefrom be used for the education, care, and maintenance of students in University of Illinois to be selected from time to time by the authorities of the University."

Mr. Bernard W. Flinn of Rockford and The Northern Trust Company of Chicago are named co-executors of the will. Mr. Karl C. Williams, News Tower, Rockford, Illinois, is their attorney.

This report was received for record.

**CONTRACTS FOR INSTALLATION OF TEMPORARY HOUSING**

(8) The Federal Public Housing Authority has allocated to the University of Illinois additional temporary housing facilities to provide for 94 married couples and 61 single students. This is in addition to the 275 portable shelter-type houses already installed on the campus. The FPHA has engaged a contractor to move these temporary and family buildings to the campus, but the University is required to install them. These houses will be installed in the area east of the Gallivan Tract at Florida and Lincoln Avenues, Urbana, and in the area at Stadium Drive and First Street, Champaign. The Physical Plant Department submits the attached bids on the general, mechanical, and electrical installations required for these houses.

The Director of the Department and the Comptroller recommend that the contracts be awarded to the lowest bidders:

Frank A. Somers Co., Inc. — General work.....	\$14 312
Reliable Plumbing and Heating Co.—	
Water and sewer installations.....	17 530
Hecker and Company — Electrical work.....	2 832

The President of the University approves these awards. All of the above are guaranteed maximum costs and include the fixed fee; the contractors will assume the costs exceeding the figures listed and will divide with the University any savings that result.

On motion of Mr. McKelvey, these contracts were awarded as recommended.

**APPROPRIATION FOR PRINTING OF ANNUAL REGISTER**

(9) The Director of the University Press requests authority to print 50,000 copies of the Annual Register for 1945-1946. This is 10,000 more copies than were published in former editions and will require an additional appropriation of \$5,000 to meet the increased cost of the larger edition over estimates previously budgeted.

I concur.

On motion of Mr. Williamson, this increase was authorized. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Luken, Mr. Nickell.

**AUTOMOBILE FLEET INSURANCE**

(10) In response to specifications sent to all interested agencies and to classified advertisements, proposals for automobile fleet insurance covering bodily injury, property damage, and comprehensive fire and theft were received from 12

companies. The lowest bids in companies meeting the minimum requirements as to financial status are:

<i>Bodily injury and property damage:</i>	<i>Premium</i>
Continental Casualty Company, Chicago (Monier and Morrissey, Champaign, agents).....	\$1 265 00
<i>Comprehensive fire and theft:</i>	
Connecticut Fire and Insurance Company, Hartford (Cooper, Kanaley & Co., Chicago, agents).....	372 92
<i>Total</i> .....	\$1 637 92

The insurance is for one year beginning April 5, 1946. The premium is chargeable to the budget appropriation of the Physical Plant Department.

The Purchasing Agent and the Comptroller recommend approval of this insurance.

I concur and so recommend.

On motion of Dr. Meyer, the award of this insurance was authorized as recommended.

#### PURCHASES AUTHORIZED

(11) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. Two betatron pole pieces, punched according to specifications, for the Department of Physics, from Allis-Chalmers Manufacturing Company, Milwaukee, Wisconsin, at a cost of \$3,500.

2. Textbooks and nonexpendable equipment, for the Student Supply Store, Chicago, from the United States Army, at a cost of \$15,758.57.

3. One lot of radio and electrical supplies to build up a stock to be used in connection with the new betatron, for the Department of Physics, as follows: from Allied Radio Corporation, \$1,688.89; Concord Radio Corporation, \$489.04; Newark Electric Company, \$374.43; — or a total cost of \$2,552.36.

4. Three hundred Sprague 4000 V. D.C. W. 3 mfd oil-filled condensers, and one RA38 15 KV, 500 M.A. power supply, for the Department of Physics, from Hallicrafters Radio Company, Chicago, at a cost of \$1,740.

5. Eighty-seven electric water heaters, for the Physical Plant Department, from A. O. Smith Corporation, Milwaukee, Wisconsin, at a cost of \$4,222.98. (This is a change in the purchase of electric water heaters reported to the Board January 31, 1946. That report stated that orders were placed with the A. O. Smith Corporation, Milwaukee, Wisconsin, for 100 heaters, and with A. D. Sackett, Champaign, for 87 heaters. The latter dealer was unable to deliver, and consequently the entire order was given to the A. O. Smith Corporation.)

6. Repairing and refinishing furniture for use in portable houses, for the Physical Plant Department, by A. D. Sackett, Champaign, at a cost of \$1,621.

7. Cleaning and renovating approximately 250 mattresses received from Kingsbury Heights, Indiana, for use in portable houses, for the Physical Plant Department, by the Champaign Mattress Company, at a cost of approximately \$1,100.

On motion of Dr. Meyer, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### PURCHASES RECOMMENDED

(12) The Purchasing Agent has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid, ceiling price, or because the item is non-competitive. I concur in the recommendations.

1. Tin lined log casing for insulation of steam pipe, 188 feet, 16½" bore, 4" shell, for the Physical Plant Department, from General Meters & Controls Company, Chicago, at a cost of \$1,072.74 f.o.b. Urbana.

2. All-purpose soft paste white lead, 150 100-lb. kegs, for the Physical Plant Department, from the Sherwin-Williams Company, Champaign, at a cost of \$1,574.37.

3. One special gasoline test engine and one special Diesel test engine, for the Department of Mechanical Engineering, from the Waukesha Motor Company, Waukesha, Wisconsin, at a cost of \$15,558.80.

4. Preparation of drawings, development work, and field labor involved in changing excitron tanks on Purchase Order No. 45036 to Allis-Chalmers Manufacturing Company, authorized February 15, 1946, for the Department of Physics, by the Allis-Chalmers Manufacturing Company, at a cost of not more than \$5,000.

5. One TLC 2442—40/30 HP, 1000/3000 r.p.m. dynamometer with beam scale and fixed trunnion bearings, for the Department of Mechanical Engineering, from the General Electric Company, Springfield, at a cost of \$2,703.

On motion of Dr. Meyer, these purchases were authorized as recommended.

#### CONTRACTS EXECUTED BY THE COMPTROLLER JANUARY 11 TO FEBRUARY 10, 1946

(13) The Comptroller's report of contracts executed.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be received by the University</i>	<i>Date</i>

This report was received for record.

**ADJUSTED COMPENSATION FOR INSTRUCTIONAL STAFF**

(14) To provide instruction for the increase in enrollment, it is necessary to secure additional staff. It is unlikely that enough new instructors can be secured to meet the demand for the second semester of 1945-1946. It will therefore be necessary, in many departments, to increase teaching loads of present staff members over the normal service required of them under their existing contracts.

This problem was discussed by the University Council of Deans and Directors, and a committee was appointed to study the need for, and the conditions of, such additional instructional service and to recommend equitable rates of pay. On recommendation of the University Council, the report is being submitted to the Board of Trustees for its consideration with the recommendation that additional compensation be authorized according to the terms and conditions specified in the report.

February 22, 1946

*President A. C. Willard*  
*355 Administration (W)*

DEAR PRESIDENT WILLARD:

The Committee you appointed at the request of the University Council to consider the need for, and the conditions of, overtime loads and overtime pay during the period of the emergency ahead of us submits the following report.

*1. The principle of overtime pay*

The Committee finds that for various reasons the University of Illinois is already committed to the principles of overtime work and overtime pay. Because of contract conditions it was necessary to follow these principles in the Army and Navy Specialized Training Programs and in the ESMWT. More recently it has been adopted as a more permanent feature of our operations in the case of nonacademic personnel by the Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees, regardless of whether such employees are included under collective bargaining agreements. It has also been provisionally adopted by the Director of Extension in order to secure the necessary staff for extension courses.

The Committee sees no other alternative than to continue the use of the principle, at least during the period of excessive loads created by veterans.

*2. Method of calculation of overloads*

a. The Committee believes that, in order to protect defensible standards of teaching load, and in order to avoid precedents that make it difficult to return to these standards after the present emergency is over, it is advisable to establish a basic pattern for teaching loads in each of the divisions of the University.

b. The President of the University shall direct the Director of the Bureau of Institutional Research to transmit to the Deans and Directors, for transmittal to the Heads of the Departments, a statement of average or typical departmental teaching loads, based on the following points:

i. The average or typical teaching loads shall be those which prevailed during the five-year period from 1937-1938 to 1941-1942.

ii. Both the average or typical clock-hour and credit-hour loads shall be shown.

iii. The average or typical clock-hour and credit-hour loads shall be shown according to rank.

c. These average or typical teaching loads shall be the basis for the calculation of overtime loads.

d. Exceptions from the average or typical loads can be certified to the Bureau of Institutional Research in individual cases on the recommendation of the Heads of Departments with the approval of the Dean concerned, and on the basis of facts sufficient to support the departure.

e. Staff members whose teaching loads on a full-time equivalent basis are below the average or typical loads as determined above shall not be eligible for overtime payments until they have met the determined averages.

f. As a general practice the average or typical clock-hour load shall be the base for the computation of overloads, but this base shall be subject to modification by consultation between the Director of the Bureau of Institutional

Research and the Head of the Department concerned, and with the concurrence of the Dean or Director when the semester-hour load indicates that the clock-hour load does not provide a reasonable base for the calculation of overtime.

g. As a general practice, the overtime load shall not exceed the average or typical load by more than one-fourth to one-third of the average or typical load.

### 3. *Method of calculating additional compensation*

a. Overtime pay shall amount to that fraction of the regular annual salary, or in the case of overtime in the summer, of the regular additional compensation for summer teaching, by which the teaching load has been increased over the average or typical load as above determined. (*For example, a \$3,600 man with a 12-hour average or typical teaching load would, if assigned a 14-hour load, receive one-sixth of \$3,600, or \$600 a year as extra compensation.*)

b. Irrespective of the annual salary, no person shall receive less than \$4 per overtime hour nor more than \$12 per overtime hour for overload. It is understood that this extra compensation is compensation not only for actual classroom instruction, but for all of the additional hours of preparation, conferences with students, marking papers, and all other duties that accompany University instruction.

*Note:* The rate of \$4 per overtime hour is slightly more than the average hourly rate for low-salaried staff members. The Committee believes that a somewhat higher rate is justified on account of increased costs of living.

The \$12 rate, on the other hand, is somewhat less than the hourly rate of high-salaried staff members. For example, a \$5,000 man with a 10-hour average or typical teaching load, if assigned a 12-hour load might receive one-fifth of \$5,000 or \$1,000 a year as extra compensation. When converted into rate per hour, however, this amount exceeds the maximum of \$12 per hour as stated above. On the basis of 32 weeks of service for an annual salary of \$5,000, a 10-hour load would require 320 hours of service during the year. A salary of \$5,000 divided by 320 equals a little more than \$15 per hour. The Committee believes that a maximum of \$12 per hour is justified by the fact that a major part of the excess load to be carried by the Departments will be in the more elementary forms of instruction.

c. All commitments for overtime pay shall be for one semester only, and they shall be represented by appointment papers originating with the Head of the Department, approved by the Dean or Director, and submitted to the President in accordance with usual practice.

### 4. *Avoidance of overload*

Every effort shall be made to avoid overtime loads by:

a. The distribution of the total load carried by a given department over all teaching members of the Department.

b. The employment wherever possible of additional staff members.

c. A request to the President to close further registration in any given division of the University when it can be shown that all available staff, equipment, and laboratory or classroom space have been exhausted.

Very sincerely yours,

LLOYD MOREY

R. B. BROWNE

A. B. COBLE

G. W. GOBLE

C. R. GRIFFITH, *Chairman*

COMMITTEE ON ADJUSTED COMPENSATION FOR INSTRUCTIONAL STAFF

On motion of Mr. McLaughlin, additional compensation was authorized according to the conditions specified.

### BOARD OF DIRECTORS OF THE ATHLETIC ASSOCIATION

(15) The by-laws of the University of Illinois Athletic Association provide for the appointment of its Board of Directors by the Board of Trustees of the University of Illinois at its annual meeting in March of each year. Nominations are made to the Board of Trustees by the President of the University. There

are seven members, three selected from the membership of the Alumni Association and four from the faculty of the University.

In 1940 when the Board of Directors of the Athletic Association was increased from five to seven members it was decided that periodical changes in the membership of the Board should be made. This policy has not been followed during the past three years because the problems created by the war and the uncertainty of the future made it inadvisable to make changes in the Board of Directors. Now that the war is over I believe it would be wise to resume the policy of making changes from time to time.

I submit the following nominations for reappointments and appointments to the Board of Directors:

#### *Faculty*

ROBERT B. BROWNE, Associate Professor of Education, Director of University Extension, and Director of the Summer Semester

LESLIE E. CARD, Professor of Poultry Husbandry

GEORGE B. WEISIGER, Professor of Law

FRANK H. BEACH, Associate Professor of Business Organization and Operation

#### *Alumni*

WALDO B. AMES, Class of 1917, Insurance Broker, 175 West Jackson Boulevard, Chicago

LOWELL A. SPURGEON, Class of 1938, c/o J. L. Clark Manufacturing Company, Rockford

C. E. LOVEJOY, JR., Class of 1920, Vice-President of *Sales Management*, 333 North Michigan Avenue, Chicago

On motion of Mr. Davis, these directors were appointed as recommended.

At this point, Mr. Nickell took his place with the Board.

#### **ASSIGNMENT OF FUNDS FOR PERMANENT IMPROVEMENTS AT THE UNIVERSITY OF ILLINOIS AIRPORT**

(16) At the meeting of the Board of Trustees on October 18, 1945, bids were submitted for construction of an Administration Building at the University of Illinois Airport. With the exception of the bids on wiring for the Administration Building, all other bids were unsatisfactory, in excess of engineering estimates, and were rejected. It is obviously impossible to construct an Administration Building and install water supply and sewer systems, both of which are absolutely necessary for service in such a building, with the funds available. The Advisory Board on Aeronautics at a meeting held on February 6 and 7, 1946, recommended that construction of an Administration Building be deferred and that the available funds be used for utilities, improvements, and equipment necessary to inaugurate the educational, research, and service activities at the Airport. There is a balance of \$306,000 in the State appropriation for permanent improvements and equipment at the Airport. The following allocation of this balance, subject to adjustments within the total, is recommended by the Advisory Board on Aeronautics:

Interior road, parking areas, and walks.....	\$ 19 000
Water supply.....	45 000
Sanitary sewers, sewage disposal, and storm drainage...	60 000
Improvements in hangar for classrooms and laboratories.....	20 000
Addition for airplane engine testing.....	20 000
Addition for heating plant and equipment.....	60 000
Remodeling and equipping front rooms of hangar for airline terminal.....	5 000
Additional apron for north door of hangar.....	19 000
Airplanes for flight instruction.....	25 000
Technical and field equipment.....	30 000
Landscaping.....	3 000
<i>Total</i> .....	<u>\$306 000</u>

On motion of Mr. Davis, these funds were allocated as recommended, on condition that changes in the allotments shall be approved by the Committee on Buildings and Grounds. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Luken.

#### **LEASE OF FACILITIES AT AIRPORT FOR COMMERCIAL OPERATIONS**

(17) At the meeting of the Board of Trustees on February 14 the President of the University was authorized to negotiate with private parties for the use of facilities at the University of Illinois Airport to carry on flight operations.

Conferences have been held with and formal proposals have been received from several operators including two local parties. As a result of these conferences it is quite apparent that a basis of comparison must be found for making a selection between the applicants.

This matter of selection has been referred to Legal Counsel and he advises under date of February 15 as follows:

"In the arrangement of leases to private aviation companies for the care of private airplanes and the giving of flying instruction to persons other than students of the University, one question is what aviation companies the University is bound to consider or negotiate with.

"In entering into construction contracts, the practice of the University, normally, is to ask for bids and to let contracts to the lowest and best bidder, but the statutes of the University do not require this in all cases, when there is good reason for not inviting public bids. In leasing property for the operation of private business, as for example, the lease to Katsinas in the Arcade Building, no general invitation for bids was made to the public.

"This would seem to be a case, therefore, where the University was under no obligation to ask for the submission of proposals by aviation companies generally. If several aviation companies, whether located in this community or elsewhere, do in fact propose to negotiate with the University for obtaining facilities for private aviation at the airport, all of such proposals should be given consideration by the University. That is to say, no such proposal should be rejected for the reason that it comes from a company not located in the University community."

In pursuance of the procedure recommended in the last paragraph of the Legal Counsel's opinion he further advises, and I concur, that the University should procure detailed data from each applicant as to resources, experience, and ability to perform under a lease agreement, as a basis for selection of any prospective lessee or lessees.

The terms of such a lease as is now contemplated must cover both a temporary period during which the lessee will of necessity occupy and use certain University buildings and facilities and also a longer period when the lessee will occupy a building and use facilities constructed by the lessee in accordance with the lease agreement.

In order that there be no further delay in providing public service at the Airport by one or two private operators, I recommend that the President of the University and the Comptroller be authorized to enter into a temporary arrangement on a monthly basis with no right of continuance with (1) The Champaign Airport, and (2) The Illini Airport, to use the runways and such facilities as may be specified by the University under terms of use and payment mutually agreed upon and confirmed by the Executive Committee of the Board of Trustees.

This temporary arrangement gives these two local companies no preference over other applicants as to final selection as lessees, under whatever method of selection and form of lease agreement may be finally approved by the Board of Trustees.

Professor Britton presented this matter and commented on it.

On motion of Mr. McKelvey, authority was granted as recommended.

**DATE OF ANNUAL MEETING CHANGED TO MARCH 9, 1946**

On motion of Mr. McKelvey, the following resolution was unanimously adopted.

*Whereas*, the By-laws of the Board of Trustees of the University of Illinois provide that the Board "shall hold an annual meeting on the second Tuesday of March, unless the date of such meeting be changed by the Board," and

*Whereas*, the Board is in session in a regularly-called special meeting on this day, Saturday, March 9, 1946, a quorum being present, and

*Whereas*, it seems desirable to proceed at this time with the business of the annual meeting, including the election of officers, and thus avoid the necessity of calling the Board together for another meeting so soon as Tuesday next, and

*Whereas*, all the members of the Board of Trustees have been notified in advance that a resolution to change the date of the 1946 annual meeting would be presented at this special meeting, therefore

*Be it resolved*, that the date of the 1946 annual meeting of the Board of Trustees of the University of Illinois be changed from the second Tuesday in March to the second Saturday in March, and that, immediately on the adjournment of this special meeting, the Board shall convene in regular session for its annual meeting for the year 1946.

On motion of Mr. Williamson, the special meeting was adjourned.

H. E. CUNNINGHAM

*Secretary*

PARK LIVINGSTON

*President*

**ANNUAL MEETING, MARCH 9, 1946**

When the Board convened for the annual meeting at 11:30 a.m. on Saturday, March 9, 1946, the same members and officers were present as during the special meeting of the Board held earlier in the day (see page 1013).

**ELECTION OF OFFICERS**

On motion of Mr. McKelvey, Dr. Meyer was made Chairman of the meeting, for the election of officers. Dr. Meyer took the chair and presided during the morning session.

**MR. PARK LIVINGSTON ELECTED PRESIDENT**

Mr. Fornof nominated Mr. Park Livingston, of Chicago, to be President of the Board for the ensuing year.

On motion of Mr. McKelvey, the nominations were closed, and the Secretary was instructed to cast the unanimous vote of the meeting for Mr. Livingston as President. The ballot was cast, and Mr. Livingston was declared elected President of the Board.

**MR. HARRISON E. CUNNINGHAM ELECTED SECRETARY**

On motion of Mr. Davis, Mr. Harrison E. Cunningham, of Urbana, was elected Secretary of the Board for one year.

**MR. LLOYD MOREY ELECTED COMPTROLLER**

On motion of Mr. Williamson, Mr. Lloyd Morey, of Urbana, was elected Comptroller for one year.

**EXECUTIVE COMMITTEE ELECTED**

Mr. Livingston nominated General Chester R. Davis, and General Davis nominated Dr. Karl A. Meyer, to serve, with the President of the Board as Chairman, as members of the Executive Committee for the ensuing year.

On motion of Mr. Fornof, the nominations were closed, and the Secretary was instructed to cast the unanimous vote of the meeting for General Davis and Doctor Meyer as members of the Executive Committee. The ballot was cast, and General Davis and Doctor Meyer were declared elected.

#### AUTHORITY TO RECEIVE MONEYS

On motion of Mr. Williamson, the following resolution was adopted.

*Resolved*, that the Treasurer of the Board of Trustees of the University of Illinois be, and he hereby is, authorized to receive and receipt for all moneys, and to endorse all orders, drafts, and checks due and payable to the Board of Trustees or to the University of Illinois, and especially all drafts drawn by the Treasurer of the United States payable to the Board of Trustees or the University of Illinois.

#### DELEGATION OF SIGNATURES

On motion of Mr. Williamson, the following resolution was adopted.

*Resolved*, that the President and the Secretary of the Board of Trustees of the University of Illinois are authorized to delegate the signing of their names as President and Secretary, respectively, to vouchers to be presented to the State Auditor, and to warrants drawn on the Treasurer of the University, under the following conditions.

The President of the Board of Trustees is authorized to delegate to C. H. Pratt, to L. M. Dahlenburg, and to W. D. Green in Urbana; and to H. A. Hazleton, to J. F. Knight, and to W. H. Miller in Chicago, authority to sign his name as President of the Board of Trustees to vouchers against the State Auditor; and to C. A. Webber, H. F. Thornes, and R. W. Zimmer in Urbana, authority to sign his name to checks drawn on the account: University of Illinois, I. L. Porter, Treasurer; and to H. A. Hazleton, J. F. Knight, and W. H. Miller in Chicago, authority to sign his name to checks on the account: University of Illinois, Chicago Departments, I. L. Porter, Treasurer, covering vouchers approved in accordance with regulations approved by the Board.

The Secretary of the Board of Trustees is authorized to delegate to Anna L. Neuber, to Maude Archdeacon, and to Helen L. Smith, all in Urbana, and to G. R. Moon, to Ethel Engeljohn, to Helen Wyle, and to Velma M. Davis, in Chicago, authority to sign his name as Secretary of the Board of Trustees to vouchers against the State Auditor and to warrants on the University Treasurer, covering vouchers approved in accordance with regulations of the Board. And be it further

*Resolved*, that the First National Bank of Chicago as a designated depository of Irvin L. Porter, Treasurer of this Corporation, be and it (including its correspondent banks) is hereby requested, authorized, and directed to honor checks, drafts, or other orders for the payment of money drawn in this corporation's name, including those drawn to the individual order of any person or persons whose name or names appear thereon as signer or signers thereof, when bearing or purporting to bear the facsimile signatures of the two following: Park Livingston, President, and H. E. Cunningham, Secretary; and the First National Bank of Chicago (including its correspondent banks) shall be entitled to honor and to charge this corporation for all such checks, drafts, or other orders, regardless of by whom or by what means the facsimile signature or signatures thereon may have been affixed thereto, if such facsimile signature or signatures resemble the facsimile specimens duly certified to or filed with the First National Bank of Chicago by the Secretary or other officer of this corporation. And be it further

*Resolved*, that the Auditor of Public Accounts is hereby authorized and directed to honor vouchers bearing facsimile signatures of the President and Secretary of the Board of Trustees of the University of Illinois if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the Auditor of Public Accounts by the Secretary.

At this point, on motion of Mr. Livingston, the Board recessed for luncheon.

**AFTERNOON SESSION, MARCH 9, 1946**

When the Board convened following the recess in the annual meeting, the same members (except Mr. Nickell, who had withdrawn) and officers were present as during the morning session.

**HONORARY MEMBERSHIPS IN THE ALUMNI ASSOCIATION**

At this point, the following representatives of the Alumni Association were introduced: Mr. Victor Cullin, President, Mr. Charles E. Bowen, Executive Director, Judge John A. Armstrong, member of the Board of Directors, Mr. Deneen A. Watson, past President, and Mr. James C. Colvin, Editor of the *Illinois Alumni News*.

Mr. Cullin made the following statement, and presented the citations and tokens of membership to the members and officers of the Board and to President Willard.

The Alumni Association of the University of Illinois is in the process of becoming a potent force in the welfare of the University. As an association it is now larger and more representative than it ever has been in its history. The Board of Directors and the various committees are thoroughly conscious that much of our success has been due to the fine cooperation and help we have received from others—some who are alumni and many who are not. The Association has therefore decided that it is most fitting and proper to publicly recognize those persons who have rendered extraordinary service to the University. A committee on honors and awards was created under the chairmanship of Deneen A. Watson, a past President of the Alumni Association. On the recommendation of this committee and by the direction of the Board of Directors it becomes my very pleasant duty to award the first honorary memberships in the Alumni Association to those who deserve it most—the members of the Board of Trustees and its officers, including the President of the University.

Had it not been for the support which has been given the Alumni Association by this group over the past several years it could never have continued to exist. Now that conditions have changed and the Association is showing signs of strength, we hope that it will not be long before we can reciprocate in a way that will show our gratitude to a far greater degree than these simple tokens of our esteem we are giving you today.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**ADJUSTMENTS IN BIENNIAL BUDGET FOR 1945-1947**

(1) A statement concerning the need for an additional appropriation for the biennium of 1945-1947:

**I. The Budget Situation**

The University of Illinois budgetary estimates for the biennium of 1945-1947 were prepared in the summer of 1944 on the assumption that if the war would not be over by the summer of 1945 there would be at least a major recession of hostilities in Europe by July 1, 1945, and a substantial change toward peacetime conditions shortly thereafter. These estimates were also based on a predicted enrollment of 10,000 students during 1945-1946 and of 13,300 students during 1946-1947 in the colleges and schools at Urbana-Champaign. The actual enrollment in the colleges and schools at Urbana-Champaign during the first semester of 1945-1946 was 9,500. During the second semester it will be at least 11,500 and may reach 13,500. In their estimates the Deans, Directors, and other educational administrative officers requested \$2,102,904 for new staff. The Board of Trustees approved a provision of \$1,282,339.

Hearings on the biennial budget began before the Illinois Budgetary Commission on December 27, 1944. At that time military operations in the war in Europe were not encouraging and the Budgetary Commission disagreed with the assumptions on which the University's budgetary estimates were prepared. On the theory that the enrollment would not exceed 8,000 students during the bien-

nium of 1945-1947, the Commission recommended elimination of the entire amount of \$1,282,339 for new staff. This reduction subsequently prevailed. Other reductions and legislative actions restrict the University to such minor additions to the staff, salary adjustments, and additional funds for supplies as can be financed by increased income from student fees. A complete schedule of the reductions made in the University's biennial budget after it was approved by the Board of Trustees, and other changes affecting the same are as follows:

A. The entire amount for additions to the staff.....	\$1 282 339
B. Increases for supplies and equipment and for replacement.....	433 166
<i>Subtotal of Reductions Directly Relating to Enrollment.....</i>	<i>(1 715 505)</i>

Other actions taken by the General Assembly and conditions which have arisen since the budget was approved and which affect the amount available for the purposes for which funds were intended:

C. Reductions in provisions for expansion of present and development of new programs (reducing the amount for these purposes from \$1,906,326 to \$1,455,000).....	451 000
This was done after the Board of Trustees had deducted \$1,225,270 from the provision of \$3,131,596 for expansion of present and development of new programs before submitting the biennial budget to the Department of Finance.	
D. Diversion of funds from strictly educational programs to meet the legislative directive that salaries of nonacademic personnel be increased 10 to 15 per cent. ....	445 000
The University had budgeted \$230,000 for selective merit increases. The legislation directing general increases in all nonacademic salaries did not include an appropriation to meet such increases, thus making it necessary for the University to use \$445,000 of funds in the operating budget originally allocated for other purposes, to supplement the provision of \$230,000 for increases in salaries of nonacademic staff.	
E. To offset reductions in the appropriation from State revenue it was necessary to increase the estimate of income from student fees and other sources by \$200,000. This made it necessary to reach an enrollment of 10,000 before increased income from student fees could be depended upon for additions to the staff. ....	200 000
F. Essential increases in academic salaries. ....	192 352
It has been necessary to increase certain faculty salaries in excess of the amounts originally recommended and estimated by the Deans and Directors (amount originally requested was \$929,920 for the biennium, or \$464,960 per year; actual increase for 1945-1946 was \$561,136). Otherwise the University would lose many of its faculty to other universities.	
G. Increased cost, beyond original estimates, of all forms of supplies and equipment for instructional and physical plant departments (No estimate)	
These actions and conditions have had the effect of reducing the amount available for added staff and strengthening of educational programs by.....	
	\$3 003 857

## II. *Impending Demands on the Budget*

### A. New Staff:

Additional staff, second semester, 1945-1946.....	\$ 150 000
Additional staff, including administrative, 1946-1947 (including continuation of additions in second semester, 1945-1946).....	625 000
Additional staff for summer term, 1946.....	100 000
<i>Subtotal, New Staff.....</i>	<i>(875 000)</i>

### B. Salary Adjustments for the Academic Staff:

The salary situation for the academic staff has changed more rapidly than could have been expected at the time the biennial budget was prepared. As noted above, adjustments amounting to \$96,176 per year above the requests of the Deans and Directors had to be made after the Governor finally approved the University

appropriation bill. Recent adjustments in industrial wages have aggravated the situation. Previous salary adjustments have not been sufficient to overcome these discrepancies. Added appropriation needed for salary adjustments for 1946-1947 (one year), academic staff, on total present salaries of \$5,055,731.....		500 000
C. Salary Adjustments for Nonacademic Staff:		
Wage-rate changes in industry have accentuated the salary situation of unorganized and low-wage service groups in relation to the increases already granted to organized prevailing rate groups. Added appropriation needed for salary and wage adjustments, nonacademic personnel, for 1946-1947 (one year) on total present salaries of \$3,235,418.....		300 000
D. Improvement and Expansion of Educational Programs:		
The severe reductions in the original requests for educational programs have made it impossible adequately to develop essential work, and the demands of veterans and the new occupational outlets for students make the restoration of one-half the original amount that was taken from new programs (\$451,000) highly important, viz., \$226,000. Additional funds are also urgently needed to implement the report of the Committee on Future University Programs and adjust the existing programs of the University to the changing character and needs of the student body in ways not contemplated when the biennial budget was prepared. For these purposes there is needed an additional sum for 1946-1947 (one year) of \$100,000.		
<i>Total for Educational Programs</i> .....		326 000
E. Expense and Equipment:		
Additional expense and equipment, second semester, 1945-1946....		50 000
Additional expense and equipment, 1946-1947.....		150 000
Additional funds for the Library, 1946-1947.....		50 000
<i>Subtotal, Expense and Equipment</i> .....		(250 000)
F. Physical Plant Operation and Maintenance:		
It is essential to add to Physical Plant maintenance and operation, for the year 1946-1947, the sum of.....		150 000
<i>Total, Impending Demands on the Budget, 1945-1947</i> .....		\$2 201 000
III. <i>Resources</i>		
To meet the foregoing additions to the budget for the remainder of the biennium, the following resources are proposed.		
A. Estimated balances to remain unused in assignments already made for various programs.....		\$ 200 000
B. Estimated increased income from student fees because of increased enrollment, which must be deposited in the University Income Fund in the State Treasury and requires a legislative appropriation to make it available for use by the University.....		800 000
C. Balance from State General Revenue Fund.....		1 401 000
<i>Total</i> .....		\$2 401 000

There are submitted herewith the following financial schedules: Comparative Statement of Increases Requested for Operation; Summary of Additional Funds Needed and Resources; Summary of Budget Deficiencies.

These problems have been discussed with the University Council of Deans, Directors, and representatives of the Senate, which is advisory to the President of the University on budgetary problems. I concur in the recommendations of the University Council, and I further recommend that the Board of Trustees request an additional appropriation of \$2,201,000 for the biennium of 1945-1947 of which \$800,000 would be from the University income fund and \$1,401,000 would be from general revenues.

On motion of Mr. Davis, the President of the Board and the President of the University, with such others as may be necessary, were authorized and directed to take this matter up with the State officers and members of the General Assembly, to secure such relief as may be had.

## BUILDING PROGRAM

(2) In the appropriations for a State-wide System of Public Works projects for the biennium of 1945-1947 there are appropriations totaling \$16,809,000 for buildings and other capital improvements at the University of Illinois.

The estimates of the costs of the projects included in the program were based upon actual costs of certain present University buildings adjusted to post-war costs. The 1940 Engineering-New Record Building Cost Index, which is considered the most authoritative index available, was 200. In estimating the costs of the projects in the University's building program for 1945-1947 the Physical Plant Department used an index of 275, or 37½ per cent higher than the 1940 index. Current bids being received correspond to an index of about 323 or more than 60 per cent above the building costs of 1940.

It is obvious from these indications that most of the projects in the University's program can not be constructed without either supplementary appropriations or a material reduction in floor areas. Major capital appropriations will have to be made in the near future if the University is to meet adequately the educational needs of the State. In view of the excessive increases in building costs and unpredictable changes in educational and research demands to meet future needs which make present appropriations for buildings now being planned inadequate, the University Building Program Committee has recommended that immediate conferences be held with representatives of the Illinois Post-War Planning Commission, the Governor, and the Illinois Budgetary Commission with a view to adopting policies and plans which will enable the University to proceed with a continuous building program adequate to meet needs now apparent. It is highly desirable that policy commitments be made even though additional funds are not actually available.

On motion of Mr. McKelvey, these conferences were authorized.

## INSTITUTE OF LABOR RELATIONS

(3) The Board of Trustees of the University of Illinois has authorized establishing an Institute of Labor Relations to offer curricula and other educational

<sup>1</sup> Not including an addition of \$100,000 for the Institute of Labor Relations.

programs, both on campus and through extension service, in all phases of industrial and labor relations, and to promote research in those fields. The appropriations made to the University by the 64th General Assembly for the biennium of 1945-1947 include provisions for these programs.

From time to time the Board of Trustees has received reports on this proposed program. I now submit the following "Statement of Policy and Program" and a "Statement of Administrative Organization" for the Institute of Labor Relations with the recommendation that the Board approve the same.

Members of the Board of Trustees have received previous reports from the President of the University concerning the development of this program, including an advance copy of the statements of policy and administrative organization now being recommended which were sent to the members of the Board on February 19.

On motion of Mr. McLaughlin, this policy and program was approved.

#### STATEMENT OF POLICY AND PROGRAM OF INSTITUTE OF LABOR RELATIONS

The University of Illinois is in process of establishing a unit for research, for public service, through extension programs, and for on-campus teaching, to be known as the Institute of Labor Relations. This unit will be under the immediate guidance of a Director, who will be responsible for the budget assigned to him by the Board of Trustees on recommendation of the President, for the selection of a qualified staff, for the development of research studies, for on- and off-campus information service, and for the organization of courses of study leading to a suitable degree. It is proposed to create an Advisory Committee for the Institute, whose members shall be chosen from recognized leaders in public life, with equal representation from labor, management, and the public interest.

The Committee appointed by the President to survey the field of possible candidates has felt that it must find a person who possesses, to an unusual degree, a suitable combination of academic training and of practical experience, especially in the area of trade unionism and collective bargaining. In addition to being an able administrator, he should be on his way toward national distinction in labor relations; he should be a man who has won and can clearly retain the full respect of both labor and management; he should be able to enlist the co-operation and support of his academic colleagues; and he should keep his attention focused on the unique contribution which the University of Illinois can make to a controversial subject, viz., the contribution of serving the public interest as well as the special interests that naturally center in an Institute of Labor Relations. Since it is owned by all the people, a state university must attempt to serve the best interests of all the people through each of the ways in which public problems are presented to it.

##### 1. *Research*

One of the most important activities of the Institute will be a comprehensive program of research. The Director and his staff should be able to inquire faithfully, honestly, and impartially into labor-management problems of all types, and secure facts which will lay the foundations for future progress in the whole field of labor relations. There should be an ample library containing, among other items, a complete collection of collective bargaining agreements, wage agreements, and materials dealing with social security plans, the history of the labor movement, and the like. A well thought out program of research dealing with collective bargaining, conciliation, mediation and arbitration, labor insurance, labor-management cooperation, and special studies of industries such as iron and steel, mining, transportation, housing, and labor union problems and policies, shall be conducted within the Institute or in the related social science departments that may be coordinated with the Institute. Consideration should also be given to closely related but less technical problems, such as those that normally would arise in the fields of law, history, sociology, social welfare administration, political science, human relations, and industrial psychology. An important phase of activity in the Institute will be the training of research workers in the field of labor relations.

### 2. *Public Service and Extension*

The Institute of Labor Relations should develop a broad program of extension courses, short courses, and conferences, to be offered through the Division of University Extension. Provisions should be made for regular extension courses in which students may enroll either for or without academic credit. Areas to be covered should include courses in economics, accounting, collective bargaining, history of the labor movement, labor law, and related topics. Due consideration will be given to a branch of the Institute in the Chicago area.

Short courses or regional conferences should be held throughout the State dealing with specific problems, such as trends in collective bargaining, annual wage schemes, social insurance, unemployment insurance, and kindred matters. These shall be under the constant guidance of the faculty of the Institute.

Apart from the extension courses, the Institute of Labor Relations should be a center for information services which will be prepared to supply statistical and other kinds of factual data on any of the major problems related to specific industries, production techniques, wage payment plans, incentive wages, collective bargaining, and similar topics. This information service might profitably be organized along the lines which have already proved so successful in Agricultural Extension, in the Bureau of Economic and Business Research, and in the Bureau of Educational Research.

### 3. *Campus Teaching*

The University of Illinois already offers a substantial number of courses which will form the core of an on-campus curriculum in labor relations designed to produce qualified personnel for positions of leadership in the area of labor relations. Existing courses in the Economics of Social Security, the Law and Labor, Introduction to Labor Problems, Trade Unionism, Personnel Administration, Social and Economic Forces in the United States, Social History of the United States, Industrial Relations, and Industrial Psychology should be modified to suit the purposes of the curriculum in labor relations; and under the guidance of the Director of the Institute, new courses should be developed in order to secure a complete program of instruction at both the undergraduate and graduate levels. Existing staff, when available, will be used for the Institute's teaching program, but the plan calls for the appointment of distinguished persons to the staff from outside the University.

## STATEMENT OF ADMINISTRATIVE ORGANIZATION OF INSTITUTE OF LABOR RELATIONS

The Institute of Labor Relations shall be an administrative agency of the University responsible for fostering, establishing, and correlating resident instruction, research, and extension work on labor relations. It shall have a director and a council.

The Director shall be appointed by the Board of Trustees on recommendation of the President.

The Council shall be appointed by the President, after consultation with the Director, and shall be composed of members selected from the various colleges, schools, and departments of the University having a part in the program of instruction, research, or extension on labor relations. The Director of the Institute shall be *ex officio* a member and chairman of the Council.

The faculty of the Institute shall consist of all individuals who hold research, teaching, or administrative appointments in the Institute, and of those members of the University faculty on appointment in other divisions of the University who (after consultation with the department concerned) are approved for membership by the Director, acting on the advice of the Council.

In fostering, establishing, and correlating the instructional, research, and extension work of the University, the Director of the Institute shall have the responsibility of calling faculty meetings. The Director shall preside at these meetings.

The three main phases of the Institute's program shall involve research, instruction by extension, and instruction on the campus. It is contemplated that the Institute after its organization will first develop and enlarge programs of research and extension, and secondly promote new courses and curricula of instruction at the University.

The Institute shall have a research staff, the members of which shall hold their appointments in the Institute. These individuals may be assigned academic rank in the Institute. Members of the faculty of the Institute may also hold appointments and have academic rank in other divisions of the University. It is assumed, in accordance with general University policy, that the freedom of any faculty member to conduct research in this field will in no way be limited by the establishment of the Institute.

Members of the University faculty who hold appointments in other divisions of the University may, on the request of the Director of the Institute and subject to the consent of the individual and the division concerned and the approval of the President, be assigned for full- or part-time duty to the Institute. When such assignments are made, the individual transferred may receive his salary in whole or in part from the budget of the Institute.

The primary responsibility for progress toward an integrated and balanced program of undergraduate instruction in the field of labor relations at the University shall rest with the Director of the Institute, acting on the advice of the Council. The establishment of any program of instruction leading to a degree and the requirements for a degree in labor relations shall be subject, however, to approval by the faculty of the Institute and the University Senate, and proposal for programs of instruction or changes in them may be initiated by the faculty of the Institute.

It is contemplated that students enrolled in courses and curricula in labor relations will register in one of the several colleges and schools. On the establishment of a program of instruction by the faculty of the Institute, it shall be administered by, and the students registered in it shall take their degrees from, the colleges or schools in which they are registered. If it should become necessary, in satisfying the needs of students, the Director of the Institute, acting on the advice of the Council, may, however, register undergraduate students in and administer their programs through the Institute.

Recommendations relating to graduate courses in labor relations shall be made to the Dean of the Graduate School in accordance with existing procedures.

In the development of programs of extension work, the Director of the Institute and the Director of University Extension shall consult with each other and these programs when established shall be administered by the Extension Division.

The Institute shall have an advisory committee composed of representatives in equal number of labor, employers, and the public (taking care to include both urban and rural interests), the first appointments within each group to be for terms of one, two, and three years respectively, and appointments thereafter for terms of three years. Appointments to the advisory committee shall be made by the President after consultation with the Director. This committee shall be solely advisory. The members shall serve without pay, but shall receive reimbursement for expenses incurred in attending meetings called by the Director. The Director shall preside at the meetings of the committee.

The Director shall prepare the budget of the Institute. This budget, beyond carrying the usual items for expense, equipment, and clerical and office help, shall make appropriate provisions for the salaries and expenses of all staff members who are on appointment in or assigned to the Institute.

#### DEMOLITION OF OLD BUILDINGS IN CHICAGO

(4) On a number of the properties acquired in recent years for the expansion of the Chicago Campus there are old apartment buildings. These buildings are in very dilapidated condition, and it has become impossible to retain tenants in them, or use them for any other purpose without a considerable outlay for repairs. A number of them are vacant and have been subject to considerable pillaging. They are not wanted for any future University use, as the property was acquired for use of the land for new University buildings in the future.

The Director of the Physical Plant Department recommends that these buildings be demolished. They include the buildings at 1743 West Polk Street and 829, 831, 833, 837, 839, 901, 905, 907, 911, 921, and 925 South Wood Street. Bids were taken on January 8. The Director recommends and the Comptroller concurs that the contract be awarded to the Starr Wrecking Company as the

lowest responsible bidder, whose bid conformed with specifications, for the sum of \$2,230 to be paid to the contractor. It is further requested that a special appropriation of \$2,230 be made for this purpose.

I concur and recommend approval.

On motion of Mr. Williamson, this contract was awarded as recommended, and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Luken, Mr. Nickell.

#### COMPENSATION FOR UNIVERSITY SERVICE TO VETERANS

(5) On October 24, 1944 (page 272), the Board voted that in any instance of a student who is a veteran receiving benefits under the G. I. Benefit Law, where the total costs for fees, books, and other materials exceeds \$500, the excess will be borne by the University. This condition exists in certain years in certain of the Chicago Colleges. The action was taken because under the Law as it then stood only \$500 could be collected from the Government for each ordinary school year, and all amounts charged to the student were to constitute a reduction of any adjusted compensation (bonus) that might be awarded to veterans by the Federal government in the future.

Recent amendments of the G. I. Law provide (a) that an individual student may authorize a charge in excess of \$500 an academic year, such excess to be charged to his allowances of future years and (b) that no part of the benefits paid will be charged against any adjusted compensation which may later be granted. In view of these facts there no longer seems to be any reason for the University assuming the expense of any individual student in excess of \$500 a year.

Accordingly the Business Manager of the Chicago Colleges recommends, and the Executive Dean and Comptroller concur, that the Board action of October 24, 1944, as above described be rescinded, and that beginning with the current second quarter of 1945-1946, each student whose total charge for tuition, books, and supplies is in excess of \$500 for the academic year (three quarters, or two semesters) be asked to authorize the charging of such excess to his allowances for future years; and that if he declines to do this he be called upon to pay the excess above \$500 himself.

I concur and recommend approval.

On motion of Mr. Davis, these recommendations were approved.

#### REPORT OF COMMITTEE ON GENERAL POLICY

Mr. Davis presented the following report.

##### NAMING OF BUILDING FOR DR. DAVID KINLEY

At a meeting of the Board of Trustees on February 24, 1945, the Board approved a recommendation from the Committee on General Policy that the University of Illinois Library be named "The David Kinley Memorial Library." The Committee's recommendation was based on requests from alumni who were interested in having an appropriate memorial to the late President David Kinley on the University campus.

At the meeting of the Board on April 6, the Board received the following resolution from the Executive Committee of the College of Commerce and Business Administration:

*Whereas* Dr. David Kinley, recently deceased, initiated the courses in Training for Business at the University of Illinois; and

*Whereas* during the period 1902-1915 he was the Director of Courses and was largely responsible for their expansion and development, and for the founding of the College of Commerce and Business Administration in 1915, and

*Whereas* he was Professor of Economics throughout his long career at the University of Illinois; and

*Whereas* the present Commerce Building was constructed during the incumbency of Dr. Kinley as President of the University;

*Now, therefore, be it resolved:*

1. That it appears a fitting and proper recognition of his active and friendly interest in the College that the name of the building it occupies be changed from Commerce Building to Kinley Hall; and

2. That a request for such change of name be forwarded to the President of the University for transmittal to its Board of Trustees.

Communications were also received from the University of Illinois Library Alumni Association, the Librarians' Association, and a committee representing the Library and Library School staff, concerning the naming of the Library. The Board referred the resolution and these communications to the Committee on General Policy with the request that further consideration be given to the naming of the two buildings.

Your Committee has considered this matter on several occasions and has consulted a number of interested parties, including the family of the late Dr. David Kinley. A member of the family has stated that they are happy to acquiesce in whatever decision the University finally makes, that they are proud the University is planning to name one of its buildings for Doctor Kinley, and that they are particularly pleased by the desire of the faculty of the College of Commerce and Business Administration to have the Commerce Building named "Kinley Hall." As a result of its deliberations your Committee submits the following recommendations:

1. The Commerce Building shall be named "Kinley Hall." The Physical Plant Department is hereby directed to have this name cut in stone and placed over the main entrance. The Department is further directed to have a suitably inscribed memorial plaque placed in an appropriate location inside of the building.

2. That the University Library shall not be named for any individual. In the judgment of your Committee since a number of University personalities have contributed to the development of the Library over a period of many years, it does not seem appropriate to name the building for any one of them.

DR. MARTIN G. LUKE  
FRANK H. McKELVEY  
KENNEY E. WILLIAMSON  
CHESTER R. DAVIS, *Chairman*

On motion of Mr. Davis, these recommendations were adopted.

#### **INSURANCE ON BUILDINGS AT DIXON SPRINGS AGRICULTURAL EXPERIMENT STATION**

Mr. Williamson presented the following report:

The Comptroller has submitted to the Finance Committee a report on insurance on buildings at Dixon Springs Agricultural Experiment Station.

The Committee recommends that fire insurance be increased from \$44,000 as at present to \$66,350, and windstorm insurance from \$53,000 to \$66,350; and that it be placed in five-year staggered policies through C. A. Atwood of Champaign, the lowest bidder, in First National Insurance Company of Seattle, reinsured in General Insurance Company of Seattle. Premium cost for first year \$1,758.29, and \$586 a year thereafter.

K. E. WILLIAMSON, *Chairman*  
C. R. DAVIS  
F. H. McKELVEY

On motion of Mr. Williamson, this insurance was awarded as recommended.

#### **EXPRESSION OF SYMPATHY FOR DR. LUKE**

At this point, on motion of Mr. Fornof, the Secretary was instructed to send to Dr. Luke an expression of the Board's appreciation of his fine work as a member of the Board, and of the Board's sympathy and good wishes in his illness.

#### **DATE OF APRIL MEETING**

On motion of Mr. Williamson, the President of the Board was authorized to set the date for the next meeting of the Board.

**EXECUTIVE SESSION**

The Board, in executive session, continued its consideration of matters presented by the President of the University.

**APPOINTMENT OF DIRECTOR OF INSTITUTE OF AERONAUTICS**

(6) A request for authorization to appoint Dr. Leslie A. Bryan, Franklin Professor of Transportation at Syracuse University, as Director of the Institute of Aeronautics and Professor of Transportation in the College of Commerce, at a salary of \$8,500, effective as soon as he can report for duty. This authorization is being requested because it is advisable to consult the Advisory Board on Aeronautics before the position is offered to Doctor Bryan.

On motion of Mr. McLaughlin, this authority was granted.

**RECOMMENDATION FROM FACULTY COMMITTEE ON PATENTS**

(7) Dr. H. R. Snyder, Professor of Chemistry, reports that during the course of research carried on by him between the University and the Rubber Reserve Company, he and Dr. John M. Stewart, a colleague, have made a discovery which is described as "relating to the preparation and stabilization of olefin sulfides, to reactions of olefin sulfides with amines, alcohols, and mercaptans, giving substituted mercaptans which may be of use as modifiers in rubber manufacturing, to catalysts for use in such reactions, and to the production of various new sulfides and substituted mercaptans by application of the new processes mentioned."

The contract with the Rubber Reserve Company provides that if any patents are secured covering processes and inventions developed in the research project covered in the contract a royalty-free license must be assigned to the Rubber Reserve Company permitting the use of such processes and inventions in the manufacture of synthetic rubber.

The faculty Committee on Patents has considered this discovery and is of the opinion that there is little chance the University would benefit by patenting the discovery. The Committee, therefore, recommends that it be released to the discoverers.

On motion of Mr. Williamson, this discovery was released as recommended.

**TERMINATION OF LEAVE OF ABSENCE FOR  
PROFESSOR ROGER ADAMS**

(8) Professor Roger Adams has been on leave of absence as Head of the Department of Chemistry with pay for service as a member of the National Defense Research Committee and Chairman of one of its divisions since September 17, 1942. He had expected to return to his University work on or about October 1, 1945, but last fall he was asked by the Government to go on a scientific mission to Germany, and the Board authorized a special leave of absence with pay for a period of six months. Professor Adams has returned to his University duties as of March 6, 1946.

This report was received for record.

**CONTRACTS FOR POWER PLANT ADDITION EQUIPMENT**

(9) Bids have been secured on a steam generating unit, turbine generator, and condensing equipment for the Power Plant addition. The report of the bids was not received by the President's Office in time to be sent to members of the Board of Trustees for their consideration in advance of this meeting. Since it is desirable that the contracts be awarded as soon as possible, recommendations will be submitted to the Executive Committee.

Bids on the boiler and turbine generator contain price adjustment clauses providing for escalation of bids resulting from increases in labor rates or material costs. It is the opinion of Sargent and Lundy, consulting engineers to the University on the Power Plant addition, that these increases may amount to \$7,600 on the turbine generator and approximately \$33,000 on the boiler. They recommend that the contracts be awarded on the assumption that funds will be provided for the maximum cost, including cost of erection, estimated as follows:

<b>A. Steam Generating Unit (Boiler)</b>			
Base bid.....	\$126 236 <sup>1</sup>		
Maximum escalation.....	33 000		
Estimated erection cost.....	<u>38 187</u>	\$197 423	
<b>B. Turbine Generator (3,000 KW)</b>			
Base bid, including erection cost.....	86 565		
Maximum escalation.....	<u>7 600</u>	94 165	
<b>C. Condensing Equipment</b>			
Finite bid, including erection cost.....	21 100	<u>21 100</u>	
<i>Total</i> .....		\$312 688	

The Director of the Physical Plant Department recommends award of the contracts as follows:

A. *Steam Generating Unit*—Babcock & Wilcox Company at \$126,236 f.o.b. site. This is the lowest bid.

B. *Turbine Generator Unit*—General Electric Company at \$86,565 delivered and erected. This is the lowest bid.

C. *Condensing Equipment*—Worthington Pump & Machinery Corporation at \$21,100 delivered and erected. The lowest bid on this equipment was from Allis-Chalmers Manufacturing Company, but their bid is subject to escalation resulting from advances in labor and material costs, whereas the Worthington Pump & Machinery Corporation bid, although \$400 higher than Allis-Chalmers' proposal, is a finite bid.

It should be noted that the bids on equipment A and B are subject to escalation resulting from increases in labor and material costs. The amount of escalation indicated above is that estimated by Sargent and Lundy.

The Director of the Physical Plant Department also recommends that the Board of Trustees request the Governor to release \$122,050 from the State appropriation of \$500,000 for contingencies to supplement the appropriation for the Power Plant addition. The Governor has already released \$123,000 from this item to supplement the appropriation for remodeling and modernization of existing buildings.

On motion of Mr. Williamson, these contracts were awarded as recommended, and the President of the University was authorized to request the release of funds as requested.

#### AMENDMENT TO POLICY AND RULES RELATING TO NONACADEMIC STAFF

Mr. McLaughlin presented the following report of the Committee on Civil Service and Employees.

The Advisory Committee for the Office of Nonacademic Personnel recommends the addition of the following paragraph to the present "Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees":

##### "XVII. RESPONSIBILITY FOR ADMINISTRATION

The responsibility for the administration of the policies and rules as set forth herein is vested in the Director of Nonacademic Personnel under the executive authority of the President of the University."

The Committee further recommends that this be submitted to the Board of Trustees for approval at the earliest opportunity together with the following revision of Section III, Paragraph 3:

"3. The starting salary in every classification where the compensation lies between stated minimum and maximum rates, instead of being a single fixed rate, shall be determined by the Director of Nonacademic Personnel. In all these classifications where the maximum rate in April, 1945, was \$235 a month or less, there shall be automatic increases at least once each year until the mid-point of the range in the classification is reached.

Each employee in a classification where the compensation lies between stated minimum and maximum rates shall be fairly and impartially rated at least once

<sup>1</sup> F.o.b. cars, Abbott Power Plant. The base bid, \$127,772, less allowance for substitution of Sturtevant fan for Green Fuel Economizer fan, making the net contract \$126,236 f.o.b. site.

each budgetary year. The plan of rating shall be available to all concerned and the ratings of each employee shall be available to him.

Nonautomatic merit adjustments shall be determined by the Director of Nonacademic Personnel after full consideration of the employee's ratings, recommendations of supervisors, and the overall University personnel policy."

The Committee further proposes that all future problems that arise relating to nonacademic employees be settled on the administrative level in accordance with the policy and rules previously adopted by this board and hereby revised.

It is the opinion of this Committee that with this revision of the policy and rules that future problems can and will be settled at the administrative level and will not be referred to the Board of Trustees or to any committee of the Board.

In regard to the Kirby case, since it was referred to the Committee on Civil Service and Employees, and since we did have a hearing on the case, we propose that this case be referred back to the President of the University with the recommendation that he settle this case in accordance with the recommendations of the Nonacademic Advisory Committee.

On motion of Mr. McLaughlin, these recommendations were adopted.

# MEETING OF THE BOARD OF TRUSTEES

OF THE

# UNIVERSITY OF ILLINOIS

---

April 18, 1946

The April meeting of the Board of Trustees of the University of Illinois was held at 10 o'clock a.m. (in executive session, with open session following at 12:30 p.m.) on Thursday, April 18, 1946, at the University Club, 76 East Monroe Street, Chicago.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Dr. R. B. Allen, Executive Dean of the Chicago Colleges, Professor C. R. Griffith, Provost, Professor W. E. Britton, Legal Counsel, Mr. C. S. Havens, Director of the Physical Plant, and Mr. E. L. Stouffer, Architect.

### EXECUTIVE SESSION

The Board, in executive session, as if in Committee of the Whole, spent the forenoon in an informal discussion of the items on the agenda for the April meeting, and took action on the following matters.

#### DRAINAGE OF THE UNIVERSITY AIRPORT

Mr. McKelvey, for the Committee on Buildings and Grounds, presented a request from Miss Hazel Craig that the Board examine the legal aspects of the diversion of storm water from the University of Illinois Airport into the Okaw Drainage District, via the Two Mile Slough.

On motion of Dr. Meyer, this matter was referred to the Committee on Buildings and Grounds for consideration and with power to act (in conference with the Legal Counsel) as may be found necessary to protect the interests of the University.

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

#### AUTHORIZATION OF CONTRACT WITH CHARLES T. DAVIS FOR ROYALTIES

(1) A recommendation that the duly authorized officers of the University enter into a contract with Mr. Charles T. Davis embodying the terms of the memorandum of agreement signed by Dean R. B. Allen, Legal Counsel William E. Britton, and Charles T. Davis, dated April 12, 1946, with respect to the latter's application for a patent filed August 17, 1945, Serial No. 611,255, for "Improvement in Synthetic Fiber."

Professor Britton presented this matter.

On motion of Mr. Nickell, this contract was authorized as recommended.

#### CONDEMNATION OF PROPERTY IN URBANA

(2) A recommendation that the duly authorized officers of the University be directed to institute condemnation proceedings for the acquisition of the following described properties:

*1201, 1203, 1205 West California Street*

Lots One (1) and Two (2) and the East Thirteen (13) feet of Lot Three (3) in Block Two (2) of Nina B. Bronson's Subdivision of a part of the East Half ( $E\frac{1}{2}$ ) of the Southwest Quarter ( $SW\frac{1}{4}$ ) of the Northeast Quarter ( $NE\frac{1}{4}$ ) of Section Eighteen (18), Township Nineteen (19) North, Range Nine (9) East of the Third Principal Meridian, in the City of Urbana, in the County of Champaign, and the State of Illinois; and

*606 South Mathews Avenue*

Lot Six (6) in Block Two (2) of Nina B. Bronson's Subdivision of part of the East One-half ( $E\frac{1}{2}$ ) of the Southwest One-quarter ( $SW\frac{1}{4}$ ) of the Northeast One-quarter ( $NE\frac{1}{4}$ ) of Section Eighteen (18), Township Nineteen (19) North, Range Nine (9) East of the Third Principal Meridian in the City of Urbana, Champaign County, State of Illinois,

in the event that such officers decide that said properties can not be bought at a price deemed reasonable by them. The Legal Counsel of the University is directed to prepare and file with the Secretary of the Board of Trustees a formal Resolution in substitution for this Resolution, subject to the prior approval thereof by the Executive Committee of the Board of Trustees of the University of Illinois, and upon such approval, the substituted Resolution shall stand as the action of the Board of Trustees.

Professor Britton presented this matter.

On motion of Mr. Davis, this recommendation was approved, and

the resolution was adopted, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. McLaughlin, Mr. Williamson.

#### USE OF UNIVERSITY AIRPORT

(3) A recommendation that the proper officers of the University be authorized and directed to file a petition for leave to intervene at a hearing at Indianapolis, Indiana, and to file briefs in opposition to a brief of Public Counsel against the extension of air line service to the University of Illinois Airport.

Professor Britton presented this matter and filed a memorandum with the Secretary.

On motion of Mr. Fornof, this recommendation was adopted, and the employment of such special counsel as may be deemed necessary was authorized.

#### APPOINTMENT OF LESLIE A. BRYAN AS DIRECTOR OF THE INSTITUTE OF AERONAUTICS

(4) A recommendation that Dr. Leslie A. Bryan, Franklin Professor of Transportation at Syracuse University, be appointed Director of the Institute of Aeronautics and Professor of Business Organization and Operation at an annual salary of \$9500 beginning May 1, 1946. The tenure as Director will be through August 31, 1947, coinciding with the current fiscal biennium and conforming with the tenure of deans and directors who are appointed biennially. The tenure as professor is indefinite.

On motion of Dr. Meyer, this appointment was made as recommended.

#### APPROPRIATION FOR DEDICATION OF AIRPORT

(5) On October 18, 1945 (Minutes, page 858), the Executive Committee of the Board of Trustees made an appropriation of \$8,000 for expenditures on account of the dedication of the University of Illinois Airport. This appropriation was based on a tentative estimate. The actual expenditures total \$9,026 and a supplementary appropriation of \$1,026 is requested.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. McLaughlin, Mr. Williamson.

#### PAYMENT FOR LEGAL SERVICES

(6) On February 24, 1945 (Minutes, page 365), the Board authorized the employment of Mr. Walter F. Dodd, Attorney, Chicago, as special counsel for the University of Illinois in injunction proceedings filed in the Circuit Court of Cook County attacking the constitutionality of the Accountancy Act of 1943. The defendants in this action were the University of Illinois, members of the Board of Trustees (each member having been named individually), and the Director of the Department of Registration and Education of the State of Illinois.

Professor W. E. Britton who was then with the law firm of Wilson and McIlvaine filed his appearance in this case and worked with Mr. Dodd. The case was prepared for trial, was continued several times, and on January 29, 1946, was dismissed by stipulation of counsel on motion of the plaintiffs.

Mr. Dodd has submitted a statement of \$1500 for his services in this case. Professor Britton who is familiar with the work done approves the amount.

It is recommended that the Board authorize payment of this bill from the Accountancy Fund.

On motion of Mr. Davis, this payment was authorized as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs.

Grigsby, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. McLaughlin, Mr. Williamson.

#### **RELEASE OF PATENTABLE DISCOVERIES**

(7) Dr. H. F. Johnstone, Professor of Chemical Engineering, reports seven inventions by members of the Department of Chemistry who have been employed to do confidential research work on military problems for the Office of Scientific Research and Development under his supervision. For purposes of identification the contract covering these problems is OEMsr-102. Dr. E. W. Comings, Associate Professor of Chemical Engineering, who is in charge of research projects, reports an invention by two men working under his supervision on Contract No. W-18-035-CWS-1232 for the Chemical Warfare Service. Both of these contracts include the provision that the University has the right to choose whether it will or will not file patent applications on inventions resulting from work under said contracts. The University has agreed that if any patents are granted it will give the government a royalty-free license.

The eight inventions reported are all munitions devices. They have been considered by the Faculty Committee on Patents, which recommends that since they are of military importance only the University do not file patent applications but release these inventions.

Records of the inventions have the security classification of "confidential" or "secret" and therefore the details may not be disclosed except to persons who have been approved by the Government to receive classified information.

On motion of Dr. Luken, these discoveries were released as recommended.

#### **REMARKS BY PROFESSOR ROGER ADAMS**

At this point, President Livingston introduced Professor Roger Adams, who had been invited on behalf of the Board to be present. Professor Adams discussed some scientific and industrial phases of the work of the commission on the organization of research and industry in Germany, on which he served during the winter.

#### **OPEN SESSION, APRIL 18, 1946**

At this point, the Board convened in open session. The same members and officers were present as during the morning session (see page 1057).

#### **MINUTES APPROVED**

The Secretary presented the minutes of the special meeting of March 9, 1946, and of the annual meeting held on the same day.

On motion of Dr. Meyer, the minutes were approved as printed on pages 1013 to 1056 above.

#### **MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

#### **AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT**

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified:

1. STEWART YARWOOD McMULLEN, who holds the certificate of Public Accountant (1971) in Illinois and who also holds an unrevoked C.P.A. certificate from New York (6141) (Section 4a-1). The above application is being recommended at this time due to the fact that Mr. McMullen has been serving in the

armed forces and is entitled to one year from the date of his discharge (1945) within which to make application under this Section of the Act.

2. GEORGE EDWARD MORGENROTH, who holds the certificate of Public Accountant (2112) in Illinois received on the basis of having passed the regular semi-annual routine examination given by the Board of Examiners of the Department of Registration and Education (Section 4a-2). The above application is being approved at this time on the basis of evidence that Mr. Morgenroth was in the military service from 1941 to December, 1945, and is entitled to one year from the date of his discharge (1945) within which to make his application for the Certificate, under this Section of the Act.

3. Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 5):

HAROLD LESTER AMBER (N.J., N.Y.)	CHARLES HERMAN MARTIN (N.J.)
WALTER EDWARD BRAECKEL (Mo.)	JAMES HENRY RICHARDSON (Ind.)
JOSEPH H. DEEKEN (Mo.)	IRVING ROBERTS (N.Y.)
HAROLD SYDNEY GENEEN (N.Y.)	COSMAS ROGER SHEA (Mo.)
JOHN EDWARD HARRINGTON (Mich.)	WILLIAM TERRY SUNLEY (Mich.)
GORDON JONES (Mo.)	HARRY SHULTS TRESSEL (Ind.)
ALBERT EDWARD KELLER (Colo.)	KURT AUGUST WELGEHAUSEN (Tex.)
LEO KLEIN (N.Y.)	GEORGE THOMAS ZACK (Ohio)
DORWIN C. LOWE (Mich.)	KARL RUDOLPH ZIMMERMANN
JAMES ANTHONY MCBRIDE, JR. (Pa.)	(N.Y., N.J.)

I concur.

On motion of Mr. Nickell, these certificates were authorized as recommended.

#### APPOINTMENT OF DR. ROGER A. HARVEY AS PROFESSOR AND HEAD OF THE DEPARTMENT OF RADIOLOGY

(2) A report of the appointment of Dr. Roger A. Harvey of Strong Memorial Hospital, Rochester, New York, as Professor and Head of the Department of Radiology on indefinite tenure effective September 1, 1946, at an annual salary of \$11,000. Doctor Harvey has also been appointed for the month of August, 1946, at a salary of \$875.

This appointment is to fill the vacancy created by the death of Dr. Adolph Hartung. It was necessary to make this appointment immediately in order to secure the services of Doctor Harvey who is one of the outstanding radiologists in the country, and I request confirmation of this action.

On motion of Dr. Meyer, the action of the President of the University in making this appointment was approved and confirmed.

#### RETIREMENT OF PROFESSOR A. P. KRATZ

(3) Professor Alonzo P. Kratz, Research Professor of Mechanical Engineering and Acting Head of the Department, has requested that he be retired from active service effective September 1, 1946.

Professor Kratz is 61 years of age and will have completed thirty-eight years of continuous service at the University of Illinois at the end of the current academic year. Under the law establishing the University Retirement System of Illinois, a participant who has attained at least the age of 60 and who has been certified by both the employer (in this case the University) and the Retirement Board as being entitled to a retirement annuity, shall on application therefor receive the same.

I recommend approval of Professor Kratz's request and that he be given the title of Research Professor of Mechanical Engineering, *Emeritus*.

On motion of Mr. McKelvey, this recommendation was approved.

#### FEDERAL PUBLIC HOUSING AUTHORITY CONTRACTS

(4) On January 31, 1946, the Board of Trustees adopted a resolution authorizing the Comptroller and the Secretary of the Board of Trustees to execute contracts with the Federal Public Housing Authority for the acquisition and use of dwelling units, when so directed by the President of the University.

In accordance with this action these officers have executed contracts as follows: Contract ILL-V-11277 for 108 family dwelling units; Contract ILL-V-11287 for 108 family dwelling units.

The Federal Public Housing Authority will move these units to the campus and pay part of the installation and furnishing costs. The University must provide engineering services, grade the grounds, construct streets, extend utilities to the buildings, and supply furniture not provided by the F.P.H.A. The estimated cost of the work to be done by the University is \$50,000 for each of the above contracts. These costs will be paid from the \$500,000 State appropriation for student residence halls.

Approval of this program and ratification of the action of the Comptroller and the Secretary of the Board in executing the necessary contracts is requested.

On motion of Mrs. Grigsby, this program was approved and the action of the Comptroller and the Secretary confirmed as recommended.

#### TERMINATION OF CHANUTE FIELD HOUSING PROJECT

(5) On February 14, 1946, the Board was informed that the War Department had authorized the use of buildings and equipment at Chanute Field to provide living quarters for war veterans at the University of Illinois. The Board authorized execution of contracts with appropriate Federal agencies covering the use of such buildings and equipment, and appropriated funds for operating this housing project.

These facilities were made available to the University only from March 1 until mid-summer 1946, and the War Department reserved the right to terminate the project on thirty days' notice as a protection to the Army Air Forces training program. Provisions were made to accommodate 2,000 student veterans. The University supplied the necessary local transportation and otherwise subsidized the project so that it cost student veterans only \$8.00 a month to live at Chanute Field, or slightly less than the charge for quarters in the Gymnasium Annex which was converted into a barracks type of dormitory. The Chanute Field project was made as attractive as possible and widely publicized, but only about 200 veterans applied for quarters, and when the second semester of 1945-1946 opened only 94 took these quarters. The other veterans who a few weeks ago were seeking housing accommodations either found living quarters elsewhere within a commuting radius or decided not to enroll at the University at the present time. The fact remains, however, that the War Department and the University made it possible for war veterans to attend the University and live at Chanute Field for a very low cost. No veteran who could meet the admission requirements and really wanted to attend the University was barred from coming unless it was because he could not get just the kind of housing he wanted.

While the results of so much effort are meager and disappointing, the University was justified in undertaking the enterprise. Had it not done so the University and the War Department would have been severely criticized for not doing everything possible to provide housing for student veterans. The problem had serious public implications.

In view of the conditions under which the War Department made these facilities available, viz., that the project may be terminated on thirty days' notice and in any case may not be continued beyond next summer, and since so few students were living there, they have been rehoused in Newman Hall, a privately operated dormitory adjoining the campus. Newman Hall was leased by the University for housing Army trainees. With the termination of the Specialized Army Training Reserve Program on April 1, sufficient space was released to accommodate all veterans living at Chanute.

The proposal to terminate the Chanute Field housing program and to rehouse the veterans in Newman Hall was presented to the Board of Trustees in writing by letter dated March 28, a copy of which is hereby given to the Secretary of the Board for record, and the members of the Board were asked to give their judgment on the following recommendations:

1. That the Comptroller and the Director of the Physical Plant Department be authorized to terminate the housing project at Chanute Field.
2. That the veterans now living at Chanute Field be rehoused in Newman Hall without additional charge.

On the basis of the returns the Comptroller and the Director of the Physical

Plant Department were authorized to terminate the Chanute Field project and to rehouse the veterans living at Chanute Field in Newman Hall.

On motion of Mr. Fornof, this report was received for record, and the actions of the President of the University in terminating the project at Chanute Field and in housing the veterans in Newman Hall was approved and confirmed.

#### **GRADUATE DEGREES IN CHEMICAL ENGINEERING**

(6) The Graduate School has proposed that hereafter degrees in Chemical Engineering be described as Master of Science in Chemical Engineering and Doctor of Philosophy in Chemical Engineering. Heretofore these degrees have been in Chemistry.

This involves no change in requirements but only in the description of degrees and has been approved by the University Senate.

On motion of Mr. Nickell, this change in terminology was authorized as recommended.

#### **GRADUATE CURRICULUM IN JOURNALISM**

(7) The Executive Faculty of the Graduate School and the University Senate recommend the establishment of a graduate teaching program in the School of Journalism leading to the degree of Master of Science in Journalism as follows:

1. *Admission.*—Adherence to the general admission requirements of the Graduate School and a minimum of 20 hours of undergraduate work in Journalism.

2. *Degree Requirements.*—In addition to the general requirements of the Graduate School for a master's degree, a candidate must complete satisfactorily the following:

(a) A major consisting of four units in Journalism or three units in Journalism and one additional unit approved by the graduate adviser and the Dean of the Graduate School.

(b) At least two units in a subject other than journalism. The following are recommended: For editorial students—history, political science, sociology, English, economics, psychology, and philosophy; for advertising and publication management students—economics, home economics, and business organization and operation. Other fields to be added on recommendation of the graduate faculty of the School of Journalism and approved by the Dean of the Graduate School.

(c) A minimum of eight units.

I recommend approval.

On motion of Mrs. Grigsby, this program was established as recommended.

#### **CHANGE IN REQUIREMENTS FOR ADMISSION TO THE COLLEGE OF LAW**

(8) The University Senate recommends the following requirements for admission to the three-year curriculum in Law effective for the fall term of 1947:

1. Graduation from an approved college or university, or the attainment of senior standing in such institution.

2. Attainment of a weighted grade average of at least 3.25. This is based on the grading system: A, B, C, D, and E, with A the highest grade, D the lowest passing grade, and E indicating failure. In computing scholastic averages these grades are assigned numerical equivalents—A, 5; B, 4; C, 3; D, 2; E, 1. The Senate's recommendation would be a change from the requirement of a weighted average of 3.0 (equal to C) to a weighted average of 3.25.

On motion of Mr. Davis, these requirements were approved as recommended.

#### **ADMISSION TO COLLEGE OF PHARMACY**

(9) The following statement and recommendation of a policy governing admissions to the College of Pharmacy has been submitted by the Executive Committee of that College and is concurred in by the Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy:

The problems of the individual citizen, with respect to his personal welfare, occasioned by our partial return to peacetime endeavor, are exceedingly complicated. Likewise, the problems which confront the institutions of higher learning are multiplied in their complexity by the number of individuals which they are called upon to serve.

The College of Pharmacy of the University of Illinois is no exception. As an integral part of the University, it might be expected that its facilities should be available to every citizen of the State whose minimum qualifications indicate his ability to receive training therein. However, the College of Pharmacy is limited in its ability to serve this need in direct proportion to the physical facilities which the State of Illinois has provided. These limitations are governed by the size and number of the classrooms and laboratories, and the teaching personnel which the present appropriation affords.

The Executive Committee of the College of Pharmacy has carefully considered these factors, and respectfully recommends that the number of new students admitted to freshman standing for the college year 1946-1947, which begins September 30, 1946, shall not exceed 125. The Committee further recommends that only applicants who have established legal residence in the State of Illinois shall be eligible for consideration by the Admissions Committee. In addition to the value of the aptitude tests score of each applicant, honorably discharged veterans will receive preferential consideration by the Admissions Committee.

The Senate Committee on Educational Policy has considered the changes in admission procedure recommended which include four points:

1. Limitation of the enrollment to fit the facilities available.
2. Limitation of registration to residents of Illinois.
3. Admission by a selective process based on grades, individual tests, and interviews.
4. Preferential treatment of veterans.

The Senate Committee is of the opinion that points 1 and 2 while not good educational policy are dictated by administrative necessity; that points 3 and 4 are sound and acceptable policy; it recommends approval without further reference to the Senate since the changes are essentially in administrative procedure and do not modify existing educational requirements for admission.

I recommend approval.

On motion of Dr. Meyer, these procedures were authorized as recommended.

#### CHANGE IN TELEPHONE SERVICE

(10) For a number of years the University has owned and operated an internal telephone system at Urbana-Champaign now numbering 1,236 instruments. For outside service it has been necessary to maintain individual Bell telephone lines, there being 510 such instruments at present and five private branch exchange switchboards. From time to time the possibility of unifying these systems has been considered. When it was last discussed (1935-1936), it was not possible to work out a plan of consolidation that would be financially practicable, and a new automatic telephone system was purchased and installed (Minutes, January 24, 1936, page 511).

Recently the discussion has been renewed with the Illinois Bell Telephone Company by the Director of the Physical Plant Department. A detailed report is submitted showing that heavy expenditures will be needed in the near future to cover replacements in the present University-owned system, additions to the system necessary for expanded service, and additional cables for extension of the Illinois Bell Telephone Company service. The numerous advantages of centralization of the service are outlined. The Illinois Bell Telephone Company has made a proposal which, in the judgment of the Director, is advantageous both financially and mechanically. The ultimate annual operating cost is estimated to be \$19,643 greater than the present cost of the two systems but converting over entirely to the Bell system would eliminate the inevitable increased operation, maintenance, and replacement costs of the present University service. The increase for the current biennium, however, can be taken care of by the amount for which the present exchange and cable plant can be sold. The Illinois

Bell Telephone Company offers the sum of \$18,000 for this equipment, representing an original cost of about \$50,000. When the change is made all telephone services will be consolidated, and the Illinois Bell Telephone Company will assume the responsibility of supplying all equipment and cable lines, the University to provide only for switchboard operators. Internal service will be automatic. Total annual costs estimated at \$40,593 as against \$25,750 at present, but without the necessity of further capital outlay.

The Comptroller, who has participated in these discussions and studies, joins in the following recommendations:

1. That the Comptroller and Secretary of the Board be authorized to execute a contract with the Illinois Bell Telephone Company for (a) the installation of an Illinois Bell Telephone Company PBX exchange to centralize all University telephone service on the Urbana campus, and (b) the sale of the present University-owned intercommunicating exchange and cable plant for the sum of \$18,000.

2. That the Governor be requested to release \$38,000 in the current State appropriation for telephone service extensions to cover (a) remodeling a room for the relocation of the exchange, and (b) labor for additions to and replacements of a cable plant for the new system.

I concur in these recommendations and request approval.

On motion of Mr. McKelvey, these recommendations were adopted.

#### **MUTUAL AID AGREEMENT FOR FIRE PROTECTION**

(11) For a number of years there has existed an unwritten understanding between the cities of Champaign and Urbana on the one hand and the University on the other hand, with respect to the scope of responsibility of each as to fire protection, including an understanding as to mutual aid. Recently the subject has been discussed at length by representatives of the Fire Departments of the two cities and representatives of the University. The Director of the Physical Plant Department now submits a proposed Mutual Aid Agreement for Fire Protection, which he believes will be satisfactory to both cities and which he requests have the approval of the University. The agreement has been submitted to the National Board of Fire Underwriters for its comments, and the suggestions received have been incorporated in the proposed agreement. A copy of the agreement is submitted herewith. It is supplemented by a map of the area covered by this protection in which responsibilities of the different fire departments are indicated.

I recommend approval and authorization to the Comptroller and the Secretary of the Board to execute it on behalf of the University.

On motion of Mr. McKelvey, this recommendation was adopted and the contract was authorized.

#### **CONDEMNATION OF PROPERTY IN CHICAGO FOR UNIVERSITY BY MEDICAL CENTER COMMISSION**

(12) The Director of the Physical Plant Department, the Legal Counsel, and the Comptroller have been discussing with the Medical Center Commission the service that the latter might render to the University in the acquisition of property in the neighborhood of the Chicago campus. The Commission operates under a special legislative act which gives it certain powers and advantages not possessed by the Board of Trustees when condemnation becomes necessary. The University would be called upon to reimburse the Commission for the purchase cost of any property acquired by the latter and turned over to the University for its uses.

The officers mentioned, after consideration and discussion, recommend that the responsibility for negotiation for the purchase of property needed by the University be carried on by it and through its agents. If and when such negotiations reach a point where the property can not be secured at a reasonable price, the University should request the Medical Center Commission to condemn the property. The Commission is willing to proceed in this manner.

The Director of the Physical Plant Department reports that it has been impossible to secure a reasonable price from the owner of the vacant property

at the southeast corner of Polk and Wood Streets, Chicago, which is in the area of expansion approved by the Board of Trustees and is an important property in this area. He recommends that the Board authorize a request to the Medical Commission that proceedings under its right of eminent domain be started, to acquire this property for the use of the University.

I concur and recommend approval and request the adoption of the resolution which follows.

*Whereas*, under the Act of the General Assembly, approved June 4, 1941, establishing a Medical Center District in the City of Chicago, and

*Whereas*, the Medical Center District is located in the general vicinity of the Chicago Colleges and Hospitals of the University of Illinois, and

*Whereas*, under said Act the Medical Center Commission is the administrative agency established by the Act for the carrying out of its purposes, and

*Whereas*, the Medical Center Commission, under the Act, possesses the power to acquire land for the purposes of the Act within the District, by purchase, gift, lease, or by condemnation proceedings under the provisions of "An Act to provide for the exercise of the right of Eminent Domain," and

*Whereas*, the Medical Center Commission has power under the Act to "sell or lease any parcel of real estate to any medical or allied educational institution . . ." to be used "subject to the restrictions of the Act," and

*Whereas*, the Medical Center Commission has offered to acquire by condemnation proceedings, lands in the District desired by the University for its purposes which are within the scope of said Act, and

*Whereas*, certain advantages will accrue to the University if it accepts the offer of the Medical Center Commission to acquire the lot located at the Southeast corner of Polk and Wood Streets, Chicago:

*Therefore, be it resolved*, that the President of the University be and he is hereby authorized and directed to empower the Medical Center Commission to institute eminent domain proceedings for the purpose of acquiring title to said lot of land, under such terms and conditions as the President may decide on in the interests of the University, provided that the sum to be paid by the University to the Medical Center Commission as the price of the property shall not be in excess of the award in the condemnation proceedings, with costs of acquisition.

On motion of Mr. Fornof, this procedure was approved as recommended, and the resolution was adopted, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Dr. Luken, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Mr. McLaughlin, Mr. Williamson.

#### PURCHASE OF NAVY EQUIPMENT

(13) Under the contracts with the United States Navy for training programs at the University, all equipment, including fixed equipment and building alterations, are the property of the Navy when paid for by it. Under the contracts the University is given the first opportunity to purchase such items. Discussions have been carried on recently between Navy representatives and the Comptroller and other University officers with respect to the settlement of these contracts. As a result an agreement has been reached under which the University will purchase all items available to it in accordance with the following schedule:

	Cost	Purchase Price
Movable equipment . . . . .	\$21 570 64	\$ 5 166 80
Fixed equipment and building altera- tions . . . . .	46 141 83	1 000 00
Books and supplies . . . . .	15 247 00*	5 750 00
<i>Total</i> . . . . .	<i>\$82 959 47</i>	<i>\$11 916 80</i>

\* Navy valuation October 1, 1945 (depreciated value rather than cost).

The first two items are for the use of various departments, particularly the Illini Union and the Residence Halls, and funds are available in these depart-

ments for the purchases. The last item is a purchase for the Illini Union Bookstore for resale.

Confirmation of these purchases is requested.

On motion of Mr. Nickell, these purchases were confirmed.

#### **RELEASE OF PORTION OF MYERS COLLECTION**

(14) On July 14, 1939, the Board of Trustees accepted certain objects of art as a gift from the late Lewis E. Myers. Mrs. Ruth K. Friedlich of New York City now presents evidence that there was included among these gifts the following items which were her property: one painted French clock; one set of sever pewter measures; one pair of scales, French Empire period.

The evidence has been reviewed by the Legal Counsel and the Comptroller and these officers have concluded that it has been satisfactorily established that this probably was at the time of the gift the property of Mrs. Friedlich and that Mr. Myers was in error in giving it to the University as his property.

The total value of the property is estimated by Dean Rexford Newcomb at about \$75.

The Comptroller recommends that authority be granted to return these articles to Mrs. Friedlich and I concur.

On motion of Mr. Davis, authority to return these articles was given as recommended.

#### **ASSIGNMENT OF INSTITUTE OF LABOR RELATIONS FUNDS**

(15) The Board of Trustees has authorized establishing an Institute of Labor Relations and funds have been provided in the biennial budget for 1945-1947 for this program. The current year's internal operating budget includes \$75,000 of which approximately \$60,000 is unassigned or unexpended.

The program will require acquisition of books, periodicals, and other materials and the development of the University Library's resources for teaching and research in the field of labor relations. I recommend that an assignment of \$30,000 be made to the Library, \$25,000 for the purchase of books, pamphlets, reports, and other library materials on labor relations subjects, and \$5,000 for employment of additional staff in the Acquisition and Catalog Departments in order that the materials may be purchased and made available for use. I further recommend that this assignment be made from the Institute of Labor Relations budget.

The materials to be acquired will be carefully selected by trained librarians. It is important that this collection be started as soon as possible because some of the best materials, particularly government reports, will not long be available.

On motion of Dr. Meyer, these funds were assigned as recommended.

On motion of Mr. Davis, the matter of the name of the Institute of Labor Relations was referred to the Special Committee on Organization, to study and make a recommendation to the Board, with the recommendation that the name be The Institute of Labor and Industrial Relations.

#### **SPECIAL APPROPRIATION FOR DEPARTMENTS OF PHARMACOLOGY AND OTOLARYNGOLOGY**

(16) On recommendation of the Executive Dean of the Chicago Colleges, concurred in by the Business Manager of the Chicago Colleges and the Comptroller, I recommend that special appropriations be made from the General Reserve Fund of \$2,000 each to the Departments of Pharmacology and Otolaryngology to supplement budgetary appropriations for the current year.

On motion of Dr. Meyer, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Williamson.

#### APPROPRIATION FOR COLLEGE OF VETERINARY MEDICINE

(17) Appropriations for wages and expense and equipment of the College of Veterinary Medicine for the current year of 1945-1946 are practically exhausted (original budget \$19,487). The sum of \$2,291 in excess of unappropriated receipts remains to the credit of the Department of Animal Pathology and Hygiene, which on July 1 was transferred from the College of Agriculture to the College of Veterinary Medicine. Dean Rusk has indicated that this credit should be transferred to the new College, and Dean Graham requests that the sum be appropriated for the following purposes:

General Departmental Expense.....	\$1 691 52
Wages.....	300 00
Equipment.....	300 00
<i>Total</i> .....	<i>\$2 291 52</i>

The Comptroller endorses this recommendation. I concur and request approval.

On motion of Mr. McKelvey, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Williamson.

#### APPROPRIATION TO COLLEGE OF ENGINEERING

(18) A recommendation that a special appropriation of \$1,500 be made to the College of Engineering for the publication of 5,000 copies of the Announcement, or catalog, of the College. This publication contains information on the requirements for admission to the College of Engineering and the courses and curricula offered.

On motion of Mr. Davis, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Williamson.

#### INCREASED APPROPRIATION FOR REGISTRAR'S OFFICE

(19) Following the opening of the first semester in October, 1945, the demands on the Registrar's Office for services became very heavy. For several weeks that office was receiving an average of about 700 inquiries a day from applicants for admission, mostly veterans. Because of increased enrollment and special services to veterans, particularly in connection with certifying their eligibility for Federal benefits, the office expense and wages appropriation for that office for the current fiscal year has been exhausted.

An increase in the appropriation to the Registrar's Office of \$12,000, on a continuing basis (that is, \$12,000 for this year, with a similar increase to be requested in the budget for next year), is therefore requested by the Registrar and concurred in by the Comptroller.

I recommend approval.

On motion of Mrs. Grigsby, this appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Williamson.

#### ADDITIONAL APPROPRIATION FOR GRADUATE SCHOLARSHIPS AND FELLOWSHIPS FOR 1946-1947

(20) The Board of Trustees on January 31, 1946, assigned \$35,000 for graduate scholarships and fellowships for the academic year 1946-1947. When this assignment was requested by the Dean of the Graduate School he indicated that \$55,000 could be used to good advantage, but I recommended to the Board an assignment of \$35,000, the same amount as for the current year, with the expectation of giving further consideration to a supplementary assignment.

Subsequent developments verify the Dean's original request. The increase in Graduate School enrollment this semester indicates that next year's enrollment will exceed any previous maximum. There are pending applications for scholarships and fellowships from a considerable number of prospective graduate students of fine qualifications.

Scholars and scientists are trained in the graduate schools of universities. A university must, in addition to other functions, provide such training to supply some of its own research workers and to contribute to the total of men and women trained as replacements for college and university faculties. There are no other sources of supply of such instructional and research personnel. During the past four years the requirements of the armed services and essential war industries took so many men who would otherwise have been in graduate schools that there is now a serious deficiency of instructors. Every college and university is having difficulties filling vacancies resulting from deaths and retirements. It is clearly the obligation of all universities offering graduate work to help make up this deficiency.

Appointments to graduate scholarships and fellowships at the University of Illinois for 1946-1947 will include a service feature which means that the University may call on such appointees for a *limited* amount of service incidental to instructional and research programs without payment of additional compensation. This is an advantageous provision in view of the shortage of staff and the increasing enrollment.

I am therefore recommending an additional assignment of \$20,000 for graduate scholarships and fellowships for 1946-1947 as a nonrecurring appropriation. The question of increasing the graduate scholarship and fellowship appropriation on a permanent basis will be considered in the preparation of future budgets.

On motion of Mr. Fornof, this appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Williamson.

#### **SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(21) The Committee on Special Appropriations and Nonrecurring Expenditures recommends assignments from the General Reserve Fund for the following purposes, these appropriations to be available until January 1, 1947:

1. Replacement of Chicago Laundry equipment.....	\$ 8 160
2. New transformers for Machine Tool Laboratory.....	5 000
3. Additional grand piano for Music Building.....	1 500
4. Rearrangement of Mailing and Shipping Rooms of Alumni Association and University Extension...	950
5. Study of water supply for laboratories.....	750
6. Honors Day Bronze Tablets and Panel.....	565
7. Department of Home Economics—for display and storage cabinet for a valuable collection of cover- lets which has been presented to the University..	700
<i>Total</i> .....	\$17 625

On motion of Mr. Davis, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Williamson.

#### **PURCHASES AUTHORIZED**

(22) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. One de-airing pug mill (clay-forming machine), for the Department of Ceramic Engineering, from the International Clay Machinery Company, at a cost of \$2,050 f.o.b. Dayton, Ohio.

2. One 12" x 30" Monarch lathe, one RD-1175-5 Walker-Turner radial drill press, one #2 Brown & Sharpe milling machine, one #2MH Cincinnati milling machine, one 50-ton capacity Arbor press, one RD-1170 Walker-Turner radial drill press, one Model ML DoAll contour saw, and two #15 Buffalo drill presses, for the Department of Physics, from the War Assets Corporation, St. Louis, at a cost of \$5,554.31.

3. Twenty to twenty-five cars of 1¼" coal screenings (approximately 1,200 tons), for the Physical Plant Department, from the Consolidated Coal Company, St. Louis, at a cost of \$3,840.

4. Eighty-five good two-year-old steers, for the Department of Animal Husbandry, to be selected by a representative of the department, at an estimated cost of \$9,500.

5. Ten Aeronca Champion airplanes, for the Institute of Aeronautics, from Currey Flying Service, Galesburg, at a cost of \$19,897.65.

6. One Kearney-Trecker milling machine, for the Department of Electrical Engineering, from the War Assets Corporation, St. Louis, at a cost of \$1,883.29.

7. Pipe casing and filler pitch for use in extension of service lines to Beta-tron and Physics Research Laboratory, for the Physical Plant Department, from the General Meters & Controls Company, Chicago, at a cost of \$3,324.08.

8. Approximately seventy cars of coal for use in the Abbott Power Plant, for the Physical Plant Department, as follows: from the Taylor-English Coal Company, \$2,010; from the Globe Coal Company, Chicago, \$1,550; from C. V. Beck & Company, Inc., St. Louis, \$3,450; from the Haddaway Coal Company, St. Louis, \$3,175;—or a total cost of \$10,185.

9. One Worthington "Grass Blitzer," for use at the Airport, for the Institute of Aeronautics, from the Worthington Mower Company, Chicago, at a cost of \$1,872.20.

10. Fire insurance on the William Albert Noyes Laboratory of Chemistry—\$59,648 on the building and \$37,727 on the contents—for the Physical Plant Department, from the Century Insurance Company, George B. Franks, Agent, at a cost of \$1,092.02 for a five-year premium. (All quotations received were at the same rates published by the Illinois Inspection Bureau. This is to replace a policy previously carried with the Northwestern Mutual Insurance Company, which has expired. The new policy is being placed in a stock company to keep the proper 75-25% stock and mutual relationship ratio.)

11. Trees for temporary housing sites, for the Physical Plant Department, from Henry Kohankie & Son, Painesville, Ohio, at a cost of \$1,039.

12. One weapons carrier, 1941 Dodge, one-half ton; one ambulance, 1941 Dodge, one-half ton; one cargo truck, 1942 Chevrolet, 1½ ton; for the Institute of Aeronautics, from the War Assets Administration, at a cost of \$1,443.73.

On motion of Dr. Meyer, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### PURCHASES RECOMMENDED

(23) The Purchasing Agent has proposed and the Comptroller recommends the following purchases. Unless otherwise specified the purchase in each case is recommended on the basis of lowest bid, ceiling price, or because the item is non-competitive. I concur in the recommendations.

1. Two box-type electric furnaces, 10 KW, 230 volt, 60 cycle, 2,000° F. maximum working temperature, with Leeds & Northrup indicating pyrometers, for the Department of Mining and Metallurgical Engineering, from the Hevi Duty Electric Company, Milwaukee, at a cost of \$1,602.

2. One toolroom, box-type tempering furnace, complete with controls, recording instruments, and accessories—12" x 16" x 18"—1,250° F. maximum operating temperature, for the Department of Mining and Metallurgical Engineering, from the Lindberg Engineering Company, Chicago, at a cost of \$1,404.55.

3. Fifty new dental instrument cases, for the Student Supply Store, Chicago, from H. Gerstner & Sons, Dayton, Ohio, at a cost of \$1,050.

4. One heavy-duty, oil-immersed, high-tension transformer, complete with auxiliary cameras, for the Department of Chemistry, from Hayes Scientific Appliances, Urbana, at a cost of \$2,186.

5. One Hevi Duty box-type electric furnace, for the Department of Theoretical and Applied Mechanics, from the Hevi Duty Electric Company, at a cost of \$1,592.50.

On motion of Dr. Meyer, these purchases were authorized.

#### CONTRACTS EXECUTED BY THE COMPTROLLER FEBRUARY 11 TO MARCH 10, 1946

(24) The Comptroller's report of contracts executed for the period from February 11 to March 10, 1946.

<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid to the University</i>	<i>Date</i>
State of Illinois Department of Public Works and Buildings	Research on highway problems	\$ 7 500 (estimate)	January 1, 1946
California Packing Corporation	Study of the physiology and biochemistry of the ripening process in tomatoes	20 000	February 12, 1946
State Department of Registration and Education	Investigation in hydraulic engineering	To be determined	February 18, 1946
<i>With Whom</i>	<i>Purpose</i>	<i>Amount to be paid by the University</i>	<i>Date</i>
E. Todd Wheeler	Associate Architect in Chicago Physical Plant Department	\$ 3 600	August 8, 1945
E. N. DeAtley	Remodeling room 13 Gregory Hall	12 050	February 8, 1946
Hecker and Company, Incorporated	Dismantle outside electrical distribution system from trailer camp at Charlestown	2 255	January 8, 1946
Graham, Anderson, Probst, and White	Mechanical engineering services for the design and erection of a Library addition	1 600	January 28, 1946
Illinois Power Company	Furnish electricity to student housing projects	.....	December 17, 1945

Leases executed under general regulations of the Board of Trustees:

<i>With Whom</i>	<i>Property</i>	<i>Amount to be paid to the University</i>	<i>Date</i>
Robert Jochim	202 1/2 South Mathews, from March 1, 1946, to June 30, 1946	\$200	March 1, 1946

This report was received for record.

#### PARKING REGULATIONS

(25) Several years ago the Board of Trustees authorized the following regulation which was subsequently incorporated in the University of Illinois Statutes:

"No parking of automobiles is permitted on University property on any day between 8 a.m. and 3:50 p.m. within the limits bounded by Green Street on the north, Mathews Avenue extended on the east, the road south of the New Agriculture Building on the south, and Wright Street extended on the west, except in areas specifically provided for parking."

The parking of automobiles in the vicinity of certain buildings outside the above designated area has become so congested that additional parking space must be provided as soon as possible. In the meantime, and as one step in the solution of the problem, the Director of the Physical Plant Department recommends that the present regulations be rescinded and the following be adopted:

"No parking of automobiles is permitted on University property except in areas specifically provided for parking."

I concur in this recommendation.

On motion of Mr. McKelvey, this change was approved and adopted.

#### SELECTIVE ADMISSION OF UNDERGRADUATE STUDENTS

(26) On January 31, 1946, the Board of Trustees took the following action regarding selective methods of admission:

"On motion of Mr. Davis, the President of the University, the President-elect, the Provost, and such other officers as the President may direct, were

requested to make a complete study of selective methods of admission to the University of Illinois, in relation to the methods used by other state-supported institutions, and in relation to educational programs of teachers' colleges, junior colleges, extension courses, and other educational programs in the State of Illinois, for all classes of undergraduate students, with due consideration for veterans; these recommendations to be completed as soon as possible and in any event before April 1, 1946."

The day following the Board meeting, the President of the University called into a conference several University officers who would be concerned with this problem, and informed them of the action of the Board and instructed them to make a preliminary study. Subsequently the President of the University instructed the Provost to proceed with the study and to call upon other University officers for such advice and help as he might require.

The University Senate on February 4, 1946, adopted the following statement of educational policy on recommendation of its Committee on Educational Policy to apply if limitation on enrollment at the University be necessary:

"It is the consensus of the Senate of the University of Illinois that, in the interest of sound educational policy, any necessary limitation on enrollment due to lack of housing or of other facilities should be designed to select those students with the greatest capacity for making use of the educational facilities of the University. With the exception of veterans who were unable to enter the University when these admission restrictions were not necessary, and who may properly be admitted on a special selective basis suited to their greater maturity and experience, it is recommended that students be admitted only on evidence of scholarship and aptitude.

"The Committee understands that a study of plans of admission to higher institutions has been started. The results of this study, together with a proposed revision of admission requirements to the University, will be presented to the Senate at a later date."

The action of the Senate was reported to the Board of Trustees on February 14, 1946.

On March 30, I transmitted to the Board of Trustees a plan of selective admissions of students with certain recommendations which are in line with the policy adopted by the University Senate. The plan was prepared by Provost Coleman R. Griffith in consultation with Registrar G. P. Tuttle, Dean R. R. Hudelson, Chairman of the Senate Committee on Educational Policy, Director R. B. Browne of the Division of University Extension, Acting Dean W. S. Monroe of the College of Education, Dr. Fred H. Turner, Dean of Students, Dr. J. T. Hastings, Technical Director of the High School Testing Bureau, Director H. W. Bailey of the Student Personnel Bureau, and Professor A. W. Clevenger, High School Visitor.

I now present this plan and recommendations formally to the Board of Trustees. Attention is called to the sixth recommendation which restricts the admission of all out-of-state students to those who are in the upper twenty per cent of their high-school graduating classes, and provides for no exceptions. This item should, no doubt, receive further study as it involves matters of public policy. The same situation exists to a different degree in the case of in-state students who fail to pass the qualifying examinations, in case they are not in the upper third of their high-school graduating classes.

The University Senate on April 1 adopted a plan of selective admission of undergraduate students for transmission to the Board of Trustees, which is also presented herewith. The Senate's recommendations conform with the previous statement of educational policy adopted by the Senate to the effect that in the interest of sound educational policy any necessary limitation of enrollment due to lack of housing or other facilities should be designed to affect those students with the greatest capacity for making use of the educational facilities of the University.

The chief differences in the two plans are as follows:

The Senate plan would restrict admissions of nonresidents of Illinois to those who have graduated from approved secondary schools and who rank in the upper 10 per cent of their graduating classes.

The administration plan would admit nonresidents of Illinois who are in the upper 20 per cent of their high-school graduating classes.

The Senate plan would restrict the admission of students transferring from

other colleges and universities to residents of Illinois who have a grade average of 3.5 and to nonresidents of Illinois who have a grade average of 4.0.

The administration plan would permit the admission of students transferring from other colleges and universities who have a grade average of 3.5 regardless of the residence status.

The Senate plan would permit students who have taken college credit courses under the Division of University Extension to transfer to residence study in the University only provided they have a minimum of 15 semester hours and a grade average of 3.5 if residents or 4.0 if nonresidents.

The administration plan would admit students registered in extension courses in accordance with existing requirements.

The Senate plan is recommended for not more than one year from September, 1946, but with provision for its extension.

The administration plan includes no provision for its termination.

On motion of Dr. Meyer, the President of the University and the President of the Board were authorized to present these proposals to a conference to include the Committees on Education of the House and Senate, the Illinois Education Association, the Junior Colleges and Teachers Colleges, the Veterans Administration, and representatives of all other interested organizations in the State.

#### **APPOINTMENT OF DR. KALMAN GYARFAS TO THE FACULTY OF THE COLLEGE OF MEDICINE**

(27) The Executive Dean of the Colleges of Medicine, Dentistry, and Pharmacy requests authority to offer a position as Assistant Professor in the Department of Psychiatry, College of Medicine, to Dr. Kalman Gyarfas who is now Assistant Professor of Psychiatry at the Medical School of the Royal Hungarian Peter Pazmany University in Budapest, Hungary. Special authorization by the Board of Trustees is necessary because of the policy of not appointing aliens to the faculty of the University of Illinois unless they have declared their intention of becoming naturalized and have taken the necessary steps to become a citizen. It is Doctor Gyarfas's intention to become a citizen of the United States, but he can not take the necessary steps until he has come to this country. His appointment to the University faculty would make it possible for him to secure a Non-Quota Immigration Visa for entry into the United States. The Executive Dean states that it is not possible to fill the position for which Doctor Gyarfas is being recommended with an American physician of professional attainments even approaching those of Doctor Gyarfas.

On motion of Dr. Meyer, this appointment was authorized as recommended.

#### **RESIGNATION OF CHARLES R. FREDERICK**

(28) Colonel Charles R. Frederick, Director of Student Housing, has been on leave of absence for military service since November 16, 1940. On February 6, 1946, I wrote asking him when he would be released from the Army and available for return to University service. The communication was long delayed in reaching him because of changes in Army assignments and the travel incidental thereto. He replied under date of March 27, 1946:

"Thus far I have not been separated from the military service. However, when I am separated, I propose to enter private business and do not contemplate returning to the University staff."

His present leave of absence from the University will expire September 1, 1946. In view of his decision, I recommend that he be continued in "on leave status" for the balance of the current academic year and that his resignation be accepted effective September 1, 1946.

On motion of Mr. Fornof, these recommendations were adopted.

#### **PROGRAM OF PHYSICAL EDUCATION FOR MEN**

(29) On November 27, 1942, the Board of Trustees adopted as a wartime measure a requirement of four years of Physical Education for Men. The University Senate now recommends a revision in the program of Physical Educa-

tion for Men effective September 1, 1946, returning to the prewar requirement of two years with certain other modifications. The complete program recommended by the University Senate is as follows:

#### POST-WAR PROGRAM IN PHYSICAL EDUCATION FOR MEN

1. All students, except as hereinafter indicated, are required to secure four semesters of credit in physical education. All General Courses in Physical Education for Men will meet 3 times (for 1 hour) a week or 2 times (for 2 hours) a week. All General Courses in Physical Education for Men will carry one hour of credit.

2. All entering students are required to take a health examination given by the Department of Health Service before registration. The Department of Health Service, acting on the findings of this examination, is authorized to (a) permanently excuse students from physical education; (b) temporarily excuse students from physical education; (c) prohibit students from registering in specified courses; (d) assign students to registration in specified courses. The Department of Health Service is also authorized to examine any students at any time after the original health examination and change the student's status as findings indicate.

3. All men entering as students, excepting those who are permanently or temporarily excused from physical education or assigned to the course "Prescribed Exercise," are required to take a Motor Fitness Test before registration. These tests are to be given by the Department of Physical Education for Men. Students who fail to pass the Motor Fitness Test are required to take the course "Basic Physical Fitness." Students who pass the Motor Fitness Test will register in other General Courses in Physical Education.

4. All students, excepting those enrolled in "Prescribed Exercise" and "Basic Physical Fitness" will be permitted to take proficiency examinations in physical education courses. Students who pass proficiency examinations with a grade of "C" or better will be given course credit. Credit received in passing proficiency examinations will count toward meeting the physical education graduation requirement. Proficiency examinations will be offered each semester in all General Physical Education courses, excepting "Prescribed Exercise," "Basic Physical Fitness," and "Beginning Swimming."

5. Students who pass the course "Basic Physical Fitness" will register in other General Courses. Students who fail to pass the course "Prescribed Exercise" will re-register in the same course. Students who fail to pass the course "Basic Physical Fitness" or the Motor Fitness Test will re-register in "Basic Physical Fitness." Students who fail to pass one of the General Courses may repeat the course or take some other course.

6. Toward the end of each semester each instructor will confer with each student in his classes regarding the student's next course. The student's needs will constitute the primary basis of selection. Some consideration will also be given to providing each student with diversified courses.

7. Students who enter the University with less than 56 semester hours of credit will be required to secure four semesters of credit in physical education, including the amount transferred. Students who enter with 56 or more semester hours of credit are exempt from the physical education requirements.

On motion of Dr. Meyer, the program of Physical Education for men was approved as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer; no, Mr. Davis, Mr. Nickell; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Williamson.

#### SABBATICAL LEAVES OF ABSENCE

(30) A recommendation that the following members of the faculty be given sabbatical leaves of absence in accordance with the provisions of the University Statutes and on the terms and for the period indicated in each case:

#### LEAVES OF ABSENCE ON ONE-HALF PAY, 1946-1947

THOMAS W. BALDWIN, Professor of English, one year from September 1, 1946. It is proposed that Professor Baldwin also be given a half-time appoint-

ment on one-half pay for the year 1946-1947 as a Research Professor in the Graduate School, so that altogether he will be given full pay. The Board of Trustees on February 24, 1945, authorized a leave of absence for Professor Baldwin under these same terms and conditions for the academic year 1945-1946, but because of war conditions in Europe this leave had to be cancelled.

MILDRED R. CHAPIN, Assistant Professor of Home Economics, one year from September 1, 1946.

MILES C. HARTLEY, Assistant Professor of Education and Head of the Department of Mathematics in University High School, second semester, 1946-1947.

FLORENCE M. KING, Assistant Professor of Home Economics, one year from September 1, 1946.

MRS. JEANNE S. MOEHN, Hancock County Home Adviser, one year from September 1, 1946.

REVILO P. OLIVER, Assistant Professor of Spanish, Italian, and Classics, one year from September 1, 1946.

ARTHUR G. VESTAL, Professor of Botany, one year from September 1, 1946.

HERMAN L. WASCHER, Assistant Chief in Soil Survey, Department of Agronomy, one year from September 1, 1946.

#### LEAVES OF ABSENCE ON FULL PAY

##### 1945-1946

MORITZ GOLDBABER, Professor of Physics, second semester, 1945-1946. This leave has already been authorized by the Board of Trustees (Minutes, December 11, 1945, pages 936-937).

##### 1946-1947

BENJAMIN KOEHLER, Professor and Chief in Crop Pathology, second semester, 1946-1947.

DONALD R. TAFT, Professor of Sociology, first semester, 1946-1947.

HARLEY J. VAN CLEAVE, Professor of Zoology, second semester, 1946-1947.

ELMER J. WORKING, Professor and Chief in Agricultural Economics, second semester, 1946-1947. This leave has already been authorized by the Board of Trustees (Minutes, January 31, 1946, pages 996-997).

##### 1947-1948 or 1946-1947

JOHN T. BUCHHOLZ, Professor of Botany, first semester, 1947-1948. Approval of this request is being recommended a year ahead of the customary time because the program of research contemplated involves travel to and living in New Caledonia, and Professor Buchholz needs to make plans for this well in advance. It is further recommended that if he can make arrangements to make this trip in 1946-1947, leave be granted for the first semester.

On motion of Mr. Nickell, these leaves were granted as recommended.

#### RELEASE OF FUNDS FROM STATE-WIDE PUBLIC WORKS PROJECTS APPROPRIATION

(31) A report that Governor Dwight H. Green has authorized the release of funds from the appropriation made to the University of Illinois by the 64th General Assembly in the "Act making appropriations for a State-wide system of public works projects, including all ordinary and contingent expenses relating thereto," as follows:

*Release No. 159.*—"For construction of Electrical Engineering Building and Equipment, \$875,000." Amount released, \$125,000. This is to be used "for the purchase of equipment in connection with the construction of the Electrical Engineering Building at Urbana-Champaign."

On motion of Mr. Davis, this fund was appropriated for the purchase of equipment as proposed, by the following vote: Aye, Mr. Davis, Mr. Forno, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Williamson.

**CONVERSION OF UNIVERSITY BUILDINGS INTO HOUSING**

(32) I recommend that the Board of Trustees authorize the conversion of the Ice Skating Rink and the West Hall in the Stadium into dormitories for men students.

I present herewith letters from Director S. C. Staley of the School of Physical Education, Professor Louise Freer, Head of the Department of Physical Education for Women, and Professor Douglas R. Mills, Director of Intercollegiate Athletics, concerning the effects on the programs of physical education, recreational sports, and intercollegiate athletics of converting gymnasia facilities into dormitories.

On motion of Mr. McKelvey, the President of the University was authorized to request the Governor to release \$120,000 from the appropriation for residence halls for this purpose.

On motion of Dr. Meyer, this recommendation was approved, and \$120,000, or so much thereof as may be necessary, was appropriated, if and when released, to meet the expense of conversion, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Williamson.

**APPROPRIATION FOR ALUMNI ASSOCIATION**

At this point, the President of the Board presented a request from the Alumni Association for an additional appropriation of \$5,000.

On motion of Mr. Davis, this request was referred to the Committee on Alumni for consideration (see below, page 1077).

**APPROPRIATION FOR TEACHER TRAINING AND RESEARCH  
IN EDUCATION OF FARMER VETERANS**

(33) Under the provisions of Public Law 346 (the "G. I. Bill of Rights" Act of Congress) veterans may receive Federal subsistence pay while enrolled in a training program known as "on-the-job training." The program includes training in farming. The Governor of Illinois has designated the Superintendent of Public Instruction as the State official responsible for approving facilities and programs of this type in Illinois, and the Illinois State Board for Vocational Education has been designated by the Veterans Administration as the agency for training farmer veterans under the provisions of P. L. 346.

The program places a large responsibility on the public schools of the State. Thus far more than 250 high schools have been approved for participation. Most of the Illinois high schools in rural areas will have to participate in the program because of the demand for such training from veterans.

The State Supervisor of Agricultural Education estimates that 200 special teachers will be required in addition to the 340 regular teachers of vocational agriculture to provide training in the first year of the program. If a high school does not have a teacher of agriculture, it will be necessary to employ a special teacher for the veterans' classes. These teachers, both regular and special, will need the services of the University's staff in Agricultural Education. The services which can be rendered are as follows:

1. The preparation of printed and mimeographed materials on the purposes of veterans' education in agriculture, the organization and management of classes, teaching procedures, evaluation of the veterans' progress, and other aids.
2. Assisting in conferences and short courses for teachers of veterans.
3. Keeping closely in touch with the program as it develops, making available to teachers generally the suitable new practices which individual teachers originate, and otherwise providing a "clearing house" for ideas on the education of farmer veterans.
4. Studying systematically the program as it develops, so that research reports may be made during its progress and at its close.

The staff of the State Board for Vocational Education will be fully occupied with the administrative and regular details of the program, so that most of the

direction of the education of veterans will have to come from the University. The largest single item of expense to the University will be for travel. It is imperative that members of the staff working on the program have ample field contacts, so that the University's publications and recommendations will be practical and so that groups of teachers can be assisted by direct personal conferences.

The following budget for this program is recommended to cover the period of April 1, 1946, to June 30, 1947:

Printing two 16-page bulletins (1,000 copies each).....	\$ 350
Mailing 1,000 copies of each printed bulletin.....	30
8 mimeographed releases of 10 pages (1,000 copies).....	200
Mailing mimeographed releases.....	240
Single copies of printed and mimeographed materials, prepared elsewhere for distribution to teachers of veterans .....	100
Wages of clerical helpers.....	50
Office supplies.....	300
Travel expenses.....	800
<i>Total</i> .....	<u>\$2 070</u>

I recommend that an appropriation of \$2,070 be made for this program and that the funds be available until June 30, 1947.

On motion of Mr. Nickell, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Williamson.

#### APPROPRIATION FOR ALUMNI ASSOCIATION

At this point, Mr. Fornof reported a recommendation of the Committee on Alumni that an appropriation of \$5,000 be made for the work of the Alumni Association for the current year.

On motion of Mr. Fornof, this appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Dr. Meyer, Mr. Nickell; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Mr. Williamson.

#### INTERNAL BUDGET FOR 1946-1947

(34) At a meeting of the Executive Committee of the Board of Trustees on December 11, 1945, "the President of the University was requested to assign to the Provost the duty of reviewing, in consultation with Deans and Directors, all proposals relating to educational programs in connection with the Internal Budget for 1946-1947 and the Biennial Budget for 1947-1949 in all stages of preparation, and report to the President of the University thereon; and the President of the University was requested to submit to President-elect Stoddard and to the Board the results of these studies in advance of the presentation of the completed budgets."

In accordance with these instructions there is presented herewith a preliminary report on the internal budget for 1946-1947 with the recommendation that the Board approve the schedules of estimated income and allotments of increases. The preliminary report is also being submitted to Dr. George D. Stoddard, President-elect of the University.<sup>1</sup>

At its meeting on March 9, 1946, the Board of Trustees gave long and careful consideration to the need for an additional appropriation for the biennium of 1945-1947. These problems had been discussed with the University Council of Deans and Directors, and representatives of the Senate, which is advisory to the President of the University on budgetary problems. On the basis of the Council's recommendations I recommended that the Board of Trustees request an additional appropriation of \$2,201,000 for the biennium of 1945-1947

<sup>1</sup> On April 22, 1946, the President of the University reported to all members of the Board of Trustees that the President-elect had approved the budget report.

for operating expenses, of which \$800,000 would be from University income and \$1,401,000 from State revenues. At the conclusion of its deliberations the Board voted that "the President of the Board and the President of the University, with such others as may be necessary, were authorized and directed to take this matter up with the State officers and members of the General Assembly, to secure such relief as may be had."

There is no assurance that the University will receive any supplementary appropriation from State tax revenues for the biennium of 1945-1947. Since it is necessary to begin the preparation of the University's operating budget for 1946-1947 immediately, that budget will have to be prepared on the assumption that the only additional funds available for the current biennium will be those resulting from increased income from student fees and miscellaneous sources. This increase is now estimated at \$1,311,157, including a balance of \$200,000 of increased income over estimates realized during the current fiscal year ending June 30, 1946. In the report submitted to the Board on March 9 the estimated increase in University income for next year was given as \$1,000,000. That estimate was on the basis of an enrollment in the colleges and schools at Urbana-Champaign of 14,000, whereas the present estimate is on the basis of an enrollment of 15,000. The present estimate also includes an increase in allowances made by the Federal Government for veterans' education.

Legislation, either at a special session or in the next regular session in January, 1947, appropriating this additional income will be required since such income is deposited in the State Treasury and is available only upon appropriation by the General Assembly.

The colleges, schools, and other divisions of the University have submitted their preliminary budget estimates for the year 1946-1947. These estimates have been studied by the Provost and the Comptroller. Additional funds requested for 1946-1947 total \$2,028,007, or \$716,850 more than the additional income on which the University can depend with any degree of certainty. Therefore it has been necessary to reduce the budget increases requested to bring the total within the anticipated income and to provide a reserve. Tentative allotments have been made to the various divisions of the University. The total amount of increase in these allotments for staff additions, salary adjustments, expense and equipment, as indicated in the schedules in the preliminary report submitted herewith, is \$1,223,804.

A copy of the preliminary report is being given to the Secretary of the Board for record.

This matter was discussed. The Provost and the Comptroller commented, and the point was emphasized that the income of the University will exceed the amount estimated (and appropriated by the General Assembly) by more than \$1,300,000. This must be appropriated by the General Assembly to be available, but it does not represent an increase in appropriations from tax funds.

On motion of Dr. Meyer, the preliminary summaries were approved as presented as the tentative basis of the internal budget for 1946-1947, and the President of the Board was requested to confer with the Governor and to inform him of the necessities of the University.

#### STAFF HOUSING

The Comptroller presented a report on the need of facilities to house new members of the staff, and stated that about 600 additional units must be found. It may be possible to assign approximately 200 graduate assistants who are veterans to the units for veterans. It is recommended that the University undertake a staff-housing program on a limited scale, constructing fifty units at an estimated cost of \$300,000, one-half of which may be borrowed and paid from income over a ten-year period.

The Legal Counsel stated that the Board could legally borrow these funds and pledge the income.

On motion of Dr. Meyer, this project was approved in principle, and the proper officers were authorized to negotiate for the purchase of land for sites and for the purchase of prefabricated houses.

#### **RELEASE OF FUNDS IN APPROPRIATION FOR STUDENTS' RESIDENCE HALLS**

The Comptroller presented the following item for the President of the University.

The State appropriations to the University for the biennium of 1945-1947 for buildings and other capital improvements include \$1,500,000 for "Students' residence halls and equipment." The Board of Trustees is also authorized by law to issue bonds not to exceed \$1,500,000 to finance the purchase or construction of students' residence halls. The original plans were to use this appropriation and borrowing power to erect the following buildings:

1. Residence hall for approximately 450 women; estimated cost \$1,500,000. The sum of \$27,000 has been assigned for architectural work on this project.
2. Apartment building for married students, approximately 200 units of two and three rooms; estimated cost \$1,000,000. The sum of \$37,125 has been assigned for architectural work on this building.

Immediately after this legislation was enacted and approved, steps were taken by the University to prepare plans and specifications for these buildings. Plans for the women's residence hall will be ready to submit to contractors for bids on or before June 1, 1946.

With the sudden termination of World War II in August, 1945, and the ensuing demobilization of the armed forces, large numbers of veterans began returning to the University of Illinois in the fall of 1945. Immediately steps were necessary to find facilities for these veterans. As a part of its housing program the University secured from the Federal Public Housing Authority 275 portable houses which were assigned to married veterans enrolling in the University and placed in service at the beginning of the second semester 1945-1946. The Federal Public Housing Authority has allocated 371 additional units (310 for married students and 61 for single students) which are now being installed. On recommendation of the Board, the Governor approved an allocation of \$500,000 from the \$1,500,000 State appropriation for students' residence halls and equipment to pay the University's share of the cost of these temporary housing projects. The Federal Government will pay a part of the cost, and it is estimated that the cost to the University of the houses already in service and now being installed will not exceed \$400,000, leaving \$100,000 for other uses.

The University has also converted the Gymnasium Annex into a barracks-type of dormitory housing 300 men. A separate recommendation is being submitted to the Board of Trustees to authorize converting the Ice Skating Rink and the West Hall of the Memorial Stadium into similar dormitories which will provide housing for 700 men. The estimated cost of this conversion is \$120,000.

The University is also confronted with a problem of housing for its staff. The increase in enrollment requires additions to the faculty, and housing is not available in Urbana-Champaign for new staff members. A recent survey indicates that as of September, 1946, there will be a deficiency of an estimated 685 housing units for faculty and other employees.

Completion of the apartment building for married students will contribute to the relief of this situation, since graduate students who are part-time instructors could also be housed in such a building. Because of the necessity of proceeding as rapidly as possible with all projects that can be financed by the State appropriation and through bond issues, it is recommended that the Board request the Governor to release the balance of \$935,875 in the appropriation for students' residence halls and equipment and that this fund be allocated as shown below, with authority to make transfers between allocations within the total. (The previous releases by the Governor total \$564,125, of which \$500,000 was

assigned for temporary housing and \$64,125 for architectural work on permanent residence halls projects.)

1. For remodeling and equipment of the Ice Skating Rink and the West Hall of the Stadium into dormitories for men students (the equipment for these projects can later be used in permanent residence halls).....\$120 000
2. For construction and equipment of women's residence halls, to be supplemented by additional funds secured through bond issues..... 773 000
3. For residence hall for married students, to be supplemented by funds from bond issues (insofar as possible the funds for this will come from the unused balance of \$500,000 already assigned for temporary housing; it is estimated this balance will be \$100,000)..... 142 875

On motion of Mr. Fornof, the President of the University was requested to ask the Governor to release the rest of the State appropriation for residence halls.

#### TREASURER'S REPORT

#### APPOINTMENTS MADE BY THE PRESIDENT

The Secretary presented also for record the following list of appointments made by the President of the University.

ADAMS, ROGER, Professor of Organic Chemistry and Head of the Department of Chemistry, on indefinite tenure, beginning March 7, 1946, at a salary at the rate of twelve thousand dollars (\$12,000) a year (this supersedes his previous appointment). (March 13, 1946)<sup>1</sup>

ANDERSON, ROBERT TODD, Assistant in Physics, in the College of Engineering, on one-fourth time, for four months beginning March 1, 1946, at a salary at the rate of fifty-six dollars twenty-five cents (\$56.25) a month. (March 25, 1946)

ATKINS, D. FERREL, Assistant in Mathematics, on 19/30 time, for four months beginning February 1, 1946, at a salary at the rate of one hundred forty-two dollars fifty cents (\$142.50) a month (this supersedes his previous appointment). (April 1, 1946)

AZBELL, WILLIAM, Assistant in Physics, in the College of Engineering, on three-fourths time, for three months beginning April 1, 1946, at a salary of five hundred ninety dollars sixty-one cents (\$590.61). (April 11, 1946)

BAILAR, MRS. FLORENCE CATHERWOOD, Assistant in Mathematics, for four months beginning March 1, 1946, at a salary at the rate of two hundred twenty-five dollars (\$225) a month. (April 2, 1946)

BAILEY, ALBERT DAVID, Instructor in Electrical Engineering, in the College of Engineering, for three months beginning April 1, 1946, at a salary at the rate of two hundred eighty dollars (\$280) a month (this supersedes his previous appointment). (April 2, 1946)

BAILEY, MRS. MARIAN K., Assistant in Mathematics, on two-fifths time, for three months beginning March 1, 1946, at a salary of three hundred sixty dollars (\$360). (April 2, 1946)

BARON, THOMAS, Assistant in Chemistry, on one-half time, for four months beginning March 1, 1946, at a salary of four hundred dollars (\$400). (March 18, 1946)

BATES, GRACE E., Assistant in Mathematics, on 5/24 time, for three months beginning April 1, 1946, at a salary of one hundred twenty dollars (\$120). (April 5, 1946)

BAUMGARTNER, FREDERICK NEIL, Assistant in Chemistry, on one-fourth time, for four months beginning March 1, 1946, at a salary of two hundred dollars (\$200). (March 18, 1946)

BERDAHL, MRS. EVELYN, Assistant in English, for five months beginning February 1, 1946, at a salary of one thousand dollars (\$1000). (March 25, 1946)

BLOOM, EARL PHIPPS, Assistant in English, on two-thirds time, for four months beginning March 1, 1946, at a salary of six hundred dollars (\$600). (March 25, 1946)

BONDY, ROCHELLE H., Research Assistant in the Allergy Unit, in the Department of Biological Chemistry, in the College of Medicine, for five months beginning April 1, 1946, at a salary at the rate of one hundred fifty dollars (\$150) a month. (April 11, 1946)

<sup>1</sup> The date in parenthesis is the date on which the appointment was made by the President.

BOURGIN, MRS. ROSE C., Assistant in Zoology, on one-half time, for three months beginning March 1, 1946, at a salary of four hundred dollars (\$400). (March 25, 1946)

BRADBURY, DOROTHY LEOTA, Assistant in Mathematics, for four months beginning March 1, 1946, at a salary at the rate of two hundred fifty dollars (\$250) a month. (April 2, 1946)

BRADLEY, MRS. RUTH CAMPBELL, Assistant in Sociology, on one-half time, for four months beginning March 1, 1946, at a salary at the rate of one hundred twenty-five dollars (\$125) a month. (April 1, 1946)

BREWSTER, JAMES HENRY, Assistant in Chemistry, on one-fourth time, for four months beginning March 1, 1946, at a salary of two hundred dollars (\$200). (March 21, 1946)

BRIGGS, CARLETON WILLIAM, Assistant in Art, for four months beginning March 1, 1946, at a salary at the rate of two hundred fifty dollars (\$250) a month. (March 11, 1946)

BRISTOW, MRS. EVELYN M., Assistant in Spanish, for five months beginning February 1, 1946, at a salary of nine hundred dollars (\$900) (this supersedes her previous appointment). (March 29, 1946)

BRYAN, LESLIE AULLS, Professor of Business Organization and Operation, on indefinite tenure, and Director of the Institute of Aeronautics, beginning May 1, 1946, and continuing through August 31, 1947, at a salary at the rate of nine thousand five hundred dollars (\$9500) a year. (April 4, 1946)

BUCKLEY, THOMAS FRANCIS, Assistant in Physical Education for Men, on one-half time, for four months beginning March 1, 1946, at a salary at the rate of eighty dollars (\$80) a month. (March 25, 1946)

BUCKLEY, THOMAS FRANCIS, Assistant in Physical Education for Men, on one-half time, beginning April 4, 1946, and continuing through June 30, 1946, at a salary at the rate of one hundred dollars (\$100) a month (this supersedes his previous appointment). (April 11, 1946)

BUTLER, GIBBON, Special Counselor in the College of Liberal Arts and Sciences, on one-fourth time, for four months beginning March 1, 1946, at a salary of two hundred thirty-nine dollars fifty cents (\$239.50) (this is in addition to his appointment as Assistant in English). (March 18, 1946)

CAGLE, FREDRIC WILLIAM, JR., Assistant in Chemistry, on one-half time, for four months beginning March 1, 1946, at a salary of four hundred dollars (\$400). (March 29, 1946)

CALDWELL, MRS. LOUISE MEHLER, Assistant in English, on two-thirds time, for four months beginning March 1, 1946, at a salary of six hundred dollars (\$600). (March 25, 1946)

CAMPBELL, JAMES DOW, JR., Instructor in Mathematics, on eleven-fourteenths time, for two months beginning April 1, 1946, at a salary at the rate of three hundred twenty-two dollars fifty cents (\$322.50) a month. (April 1, 1946)

CARRITHERS, JAMES MARKHAM, Assistant Professor of Accountancy, for six months beginning March 1, 1946, at a salary of one thousand five hundred dollars (\$1500). (April 3, 1946)

CARROLL, JOHN PATRICK, Assistant in Forestry Extension, in the Department of Forestry, in the Extension Service in Agriculture and Home Economics, for three months beginning April 1, 1946, at a salary at the rate of two hundred eight dollars thirty-four cents (\$208.34) a month (this supersedes his previous appointment). (April 3, 1946)

CHESTER, MRS. CAROL M., Assistant in English, on two-thirds time, for four months beginning February 1, 1946, at a salary of six hundred dollars (\$600). (April 1, 1946)

CLARK, GEORGE BROMLEY, Assistant Professor of Mining and Metallurgical Engineering, in the College of Engineering, for one year beginning September 1, 1946, at a salary of three thousand three hundred dollars (\$3300). (April 1, 1946)

CLARKE, CHARLES BERNARD, Special Research Graduate Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station, on one-half time, for four months beginning March 1, 1946, at a salary of four hundred dollars (\$400). (March 13, 1946)

CLEARY, EDWARD WAITE, Professor of Law, on indefinite tenure, beginning September 1, 1946, at a salary of seven thousand dollars (\$7000) a year. (March 20, 1946)

WORLEY, WILL JUNIOR, Instructor in Theoretical and Applied Mechanics, for three months beginning April 1, 1946, at a salary at the rate of two hundred forty dollars (\$240) a month. (March 11, 1946)

#### RESIGNATIONS, DECLINATIONS, AND CANCELLATIONS

The Secretary presented also for record the following list of cancellations, resignations, and declinations.

BELLOWS, JOHN G., Clinical Assistant Professor of Ophthalmology, in the College of Medicine—resignation effective March 19, 1946.

BENNE, KENNETH DEAN, Associate Professor of Education, in the College of Education, and in the Division of University Extension—resignation effective March 6, 1946.

BENNETT, MRS. JESSIE CASSIDY, Assistant Editor, with the rank of Instructor, in the Agricultural Experiment Station and in the Extension Service in Agriculture and Home Economics—resignation effective May 17, 1946.

CAHALAN, THOMAS HAROLD, Newspaper Librarian, with the rank of Instructor—resignation effective June 1, 1946.

CHAPMAN, MAX J., Instructor in Physical Education for Men—resignation effective April 18, 1946.

CLAAR, NANCY, Research Assistant in Medicine—resignation effective March 18, 1946.

COFFEE, ROBERT D., Scholar in Chemistry—declination effective October 1, 1946.

COLVIN, JOHN R., Scholar in Chemistry—declination effective October 1, 1946.

COOKE, PAULINE M., Research Assistant in Psychiatry, in the College of Medicine (assigned to the University of Illinois)—resignation effective April 1, 1946.

CRAIG, HERBERT WALKER, Assistant Professor of Physical Education for Men—resignation effective April 4, 1946.

CURTIS, ROBERT DANE, Associate in Prosthetic Dentistry, in the College of Dentistry—resignation effective at the close of business on April 11, 1946.

DIMICELI, SALVATORE A., Clinical Assistant in Medicine—cancellation effective September 1, 1945.

DREYER, IRVING P., Clinical Associate in Medicine—cancellation effective September 1, 1945.

ENGLE, DAVID EDWIN, Clinical Instructor in Medicine—resignation effective February 1, 1946.

FELDMAN, DAVID, Fellow in Physics—declination effective October 1, 1946.

FLEMING, PHYLLIS J., Scholar in Physics—declination effective October 1, 1946.

FORD, IRENE CARROLL, Cataloger in the Library—resignation effective April 5, 1946.

GAILUS, WALTER JOSEPH, Research Graduate Assistant in Theoretical and Applied Mechanics, in the Engineering Experiment Station—declination effective February 1, 1946.

GARDNER, DOROTHY, Research Assistant in Medicine—cancellation effective September 1, 1945.

GOGLIA, MARIO JOSEPH, Assistant Professor of Mechanical Engineering, in the College of Engineering—resignation effective May 21, 1946.

GOLDYNE, ALFRED JOSEF, Clinical Assistant in Medicine—cancellation effective September 1, 1945.

HARTMAN, DAVID K., Scholar in Physics—declination effective October 1, 1946.

HERRMANN, CAROL W., Scholar in Chemistry—declination effective October 1, 1946.

HOLLOWELL, MRS. MARY A., Assistant in Business English—resignation effective March 28, 1946.

JOHNSON, MRS. OMA UTLEY, Journalism Librarian—resignation effective April 7, 1946.

JUDAH, LEOPOLD N., Assistant Professor of Hygiene and Medical Adviser for Men—resignation effective March 15, 1946.

KEIRLE, MRS. MARY A. MUELLER, Assistant in Mathematics—resignation effective April 1, 1946.

KLEIMAN, DAVID, Clinical Assistant in Medicine—cancellation effective September 1, 1945.

LEIDEL, FREDERICK OTTO, Instructor in General Engineering Drawing, in the College of Engineering—resignation effective April 1, 1946.

LESLIE, ELEANOR I., Clinical Associate Professor of Pediatrics (Rush), in the College of Medicine—resignation effective February 12, 1946.

LLOYD, STUART PHINNEY, Assistant in Physics, in the College of Engineering—resignation effective March 1, 1946.

LOWRY, LUTHER LEO, Technical Assistant in Physics—resignation effective March 31, 1946.

LUDEKING, SUZANNE, Scholar in Geology—declination effective October 1, 1946.

MCCLAIN, HAZEL D., Instructor in Occupational Therapy and Supervisor of Neuro-Psychiatric Unit, in the College of Medicine and in the Research and Educational Hospitals—resignation effective April 25, 1946.

MEHLMAN, JEROME SAUL, Clinical Instructor in Medicine—cancellation effective September 1, 1945.

MURRAY, HELEN, Engineering Library Assistant—resignation effective March 1, 1946.

ORMANOWSKI, DANIEL R., Scholar in Chemistry—declination effective October 1, 1946.

SCHUMAKER, JOHN A., Scholar in Mathematics—declination effective October 1, 1946.

SCHWEITZER, HARVEY J., JR., Scholar in Botany—declination effective October 1, 1946.

SOUTHWICK, HARRY W., Clinical Assistant in Surgery (Rush), in the College of Medicine—resignation effective March 31, 1946.

STARKEY, WALTER L., Scholar in Physics—declination effective October 1, 1946.

VAN DERPOOL, JAMES GROTE, Professor of the History of Art and Head of the Department of Art—resignation effective September 1, 1946.

WALL, EMMETT DANIEL, Clinical Instructor in Medicine—cancellation effective September 1, 1945.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**May 29, 1946**

The May meeting of the Board of Trustees of the University of Illinois was held at 9 o'clock a.m. on Wednesday, May 29, 1946, at the Abraham Lincoln Hotel, in Springfield.

When the Board convened, the following members were present: President Livingston, Mr. Fornof, Mrs. Grigsby, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson. Mr. Davis took his place with the Board later in the day.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. W. E. Britton, Legal Counsel, Professor C. R. Griffith, Provost, Mr. C. S. Havens, Director of the Physical Plant Department, Mr. J. F. Wright, Director of Public Information, and, during part of the day, Mr. F. H. Turner, Dean of Students.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of April 18, 1946.

On motion of Mr. Nickell, the minutes were approved as printed on pages 1057 to 1096 above.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**AUTHORITY TO CONFER DEGREES**

(1) A recommendation that the President be authorized to confer degrees at the Commencement exercises of the Colleges and Schools at Urbana-Champaign on June 16, 1946; on candidates in the Colleges of Medicine, Dentistry, and Pharmacy in Chicago on June 21; and on the candidates who complete the requirements for graduation at the end of the 1946 Summer Session in August and in September, who qualify, and are recommended for their respective degrees by the University Senate.

On motion of Mrs. Grigsby, the President of the University was authorized to confer degrees as recommended.

**AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT**

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under the Accountancy Act of 1943 and who have presented evidence to the Committee that they are properly qualified.

Candidates holding unrevoked C.P.A. certificates issued by other states or territories of the United States or the District of Columbia (Section 5):

JOHN J. DEERING (N.Y.)

OLIN C. TYLER (Kans.)

OSCAR LEE HAYES (Ind.)

THEODORE C. WEINBERG (N.Y.)

HORACE JESS LANDRY (N.Y.)

HAROLD M. WILCOX, JR. (N.Y.)

THOMAS LEROY MARTIN (Wash.)

WILLIAM E. WILKENLOH (N.Y.)

ROBERT GRAY MURDOCH (D.C.)

I concur.

On motion of Mr. Williamson, these certificates were awarded as recommended.

**RESIGNATION OF MEMBER OF SPECIAL BOARD  
OF EXAMINERS IN ACCOUNTANCY**

(3) Mr. John W. Queenan, who was appointed on December 18, 1943, as a C.P.A. member of the Special Board of Examiners in Accountancy established by the Illinois Accountancy Act of 1943, has resigned because he is going to New York in the near future and will be unable to continue serving. He has asked that his resignation be effective July 1, 1946.

Under the law appointments to this Special Board are made by the Board of Trustees with the concurrence of the Director of Registration and Education. I have asked the Committee on Accountancy of the University to submit the names of candidates for consideration by the Director of Registration and Education and the Board of Trustees. In the meantime, I recommend the acceptance of Mr. Queenan's resignation.

On motion of Mr. Fornof, this resignation was accepted as recommended.

**SCHOLASTIC REQUIREMENTS IN ENGINEERING-  
PHYSICS CURRICULUM**

(4) The University Senate recommends the following requirement for registration in the Engineering-Physics Curriculum:

"Students in the Engineering-Physics Curriculum, when registering for advanced undergraduate courses in Physics at any stage in that curriculum, must have a grade average of at least 3.5 in all subjects, exclusive of the basic courses in military training and physical education, and a combined grade average of at least 3.5 in all subjects in Mathematics and Physics taken prior to such registration. Transfer students must have a corresponding record in the institution from which they transfer and must maintain such status at the University of Illinois."

This recommendation is based on the judgment of the Committee on Educational Policy, concurred in by the Senate, that only students with excellent records can be successfully placed in the professional field for which the Engineering-Physics Curriculum is the appropriate preparation.

I concur in this recommendation.

On motion of Mr. McKelvey, this recommendation was adopted.

#### **CURRICULUM IN RESTAURANT MANAGEMENT**

(5) The Illinois State Restaurant Association and a number of students have requested the University to establish a curriculum for training in restaurant management.

This request was presented in conferences between officials of the Illinois State Restaurant Association and of the University. The request was considered in the first instance by the Provost, the Director of University Extension, the Head of the Department of Home Economics, the Associate Dean of the College of Agriculture, and the President of the University. The Provost made a study of such programs at other universities and surveyed all courses offered at the University of Illinois to select those which could be included in a restaurant management curriculum, and prepared a proposal as a basis for further study. This was then presented to the Senate Committee on Educational Policy for study and report to the Senate.

While the Committee did not reach a final judgment on the exact composition of a curriculum, it recommended that the Senate authorize acceptance of responsibility for training in restaurant management by the University.

The University Senate recommends to the Board of Trustees that training in restaurant management be offered and that a curriculum composed largely of existing courses, following the design of a curriculum proposed by the Senate Committee on Educational Policy, be established. The recommendation of the Senate does not authorize a curriculum in final form but recommends that the college to which the curriculum is allocated initiate a curriculum of its own and submit it to the Senate and Board of Trustees for final approval.

On motion of Mr. Fornof, this recommendation was adopted.

#### **SCHOLARSHIPS FOR FOREIGN STUDENTS**

(6) The University of Illinois awards annually ten undergraduate scholarships each covering a period of four years to students from foreign countries. They were originally established by the Board at the request of the Department of State to encourage students from Central and South America to come to the United States as a part of the Department's good neighbor policy. During World War II there were not enough applicants from those countries to use up all of these scholarships and the Board authorized awarding the scholarships to students from any countries friendly to the United States.

There is a great demand for scholarship aid to foreign students in all areas and at all levels. The Faculty Committee on Fees and Scholarships has recommended that the Board of Trustees increase the number of scholarships to foreign students to 25 in 1946 and to 50 in 1947. Consideration was given by the Committee to the public reaction to offering inducements in the form of scholarships to foreign students to attend the University of Illinois while at the same time the University faces the problem of restricting enrollment because of the housing deficiency and other limiting factors. The Committee feels that the reception of as many foreign students as possible is justified and is a genuine contribution to international relations.

Dr. George D. Stoddard, President-elect of the University, was consulted about this problem. It is his judgment that it would not be good to have too many foreign students on the campus even from friendly countries if public reaction was too strong. He suggests that the increase in scholarships for foreign students be deferred until 1947 and that recommendations for 1948 be submitted later.

On motion of Mr. Williamson, action on this matter was deferred until 1947.

**ADJUSTMENTS IN TUITION AND SPECIAL FEES**

(7) The Faculty Committee on Fees and Scholarships has been giving further study to simplifying and equalizing the fee structure of the University. Most of the course fees were eliminated and replaced by a general laboratory and supply fee by authority of the Board of Trustees on December 15, 1942.

This action left several inequities in the fee structure and the Committee now recommends the following additional changes:

(a) That the special fee for unclassified students of \$7.50 a term be discontinued.

(b) That the nonresident fee for graduate students be raised to \$80, thus making the fee the same as for nonresident undergraduate students.

(c) That the resident and nonresident fees for law students be made \$40 and \$80, respectively, (rather than \$50 and \$100 respectively), thus placing all students in the University on the same fee basis.

(d) That the special law fee for students outside the College registering in law courses (\$1 per credit hour) be eliminated.

(e) That the special music fee of \$25 a term be eliminated.

It is recommended that these changes become effective September 1, 1946. The effect of these recommendations will be a reduction of approximately \$15,000 a year in income from student fees. The Committee points out that these changes will remove inequities and sources of discrimination between different classes of students and the changes will conform with the general policy of the Committee on Fees and Scholarships and of the Board of Trustees in recent years. They will also simplify methods in assessing fees in the Registrar's Office.

On motion of Mrs. Grigsby, these changes were authorized as recommended.

**FEES FOR INSTITUTE OF AERONAUTICS FLIGHT TRAINING COURSES**

(8) In conformity with the administrative plan established for the Institute of Aeronautics, the Committee on Fees and Scholarships recommends (1) a fee of \$222 a term for Institute of Aeronautics 5, Flight Instructor Course; (2) a fee of \$345 a term for Institute of Aeronautics 1, Private Pilot Course.

These fees are based on a rate of \$6 an hour for solo flight instruction and \$9 an hour for dual flight instruction.

The Committee on Fees and Scholarships requests authorization to establish fees on a similar base for the following courses: Institute of Aeronautics 2, Secondary Flight Training; Institute of Aeronautics 3, Intermediate Flight Training; Institute of Aeronautics 4, Advanced Flight Training.

The Committee further recommends that, if a student completes dual flight instruction in a minimum of nine hours (instead of the 12 hours scheduled in the course) he shall be entitled to a refund of \$9 an hour for three hours, or fraction thereof; likewise if he completes solo flight instruction in the minimum of 16 hours (instead of the 19 hours scheduled in the course) he shall be entitled to a refund of \$6 an hour for three hours. Both refunds will be made on certification by the Director of the Institute of Aeronautics.

The Committee reports that these established fees will place the cost of instruction on a substantially self-sustaining basis. These fees, however, are an exception to the general policy on which the University has been working for several years of eliminating special course fees, but in the present instance and because of the exceptional character of the instruction, the Committee believes that separate course fees are justified.

I concur in this recommendation.

On motion of Mr. McLaughlin, these recommendations were adopted.

**FEES FOR SUMMER CAMP FOR SURVEYING INSTRUCTION IN CIVIL ENGINEERING**

(9) With the establishment of the Summer Camp for Surveying Instruction at Camp Rabideau in northern Minnesota, the following schedule of tuition and other fees, as recommended by the Department of Civil Engineering, is submitted for approval of the Board:

1. A fee of \$20 for residents of Illinois and \$40 for nonresidents is recommended. The sum of \$10 of such fees will be withheld and credited to the Surveying Camp Revolving Account and will be used to provide for the operating costs of the camp other than salaries of University staff members of the camp and food service. The balance of such fees collected will be credited as general student fees. Any balance in the Revolving Account will be reappropriated at the close of each fiscal year. The cost of food service will be paid by the students enrolled. The assessment for this purpose will be on a cost basis, as agreed on between the Department of Civil Engineering and the Comptroller.

2. Registration for this camp will be in the spring semester of each year.

This proposal has been reviewed and concurred in by the Committee on Fees and Scholarships.

I recommend approval.

On motion of Mr. Williamson, these fees were approved as recommended.

#### APPROPRIATION OF AGRICULTURAL RECEIPTS

(10) The Dean of the College of Agriculture requests that excess receipts of the College of Agriculture be appropriated for the purposes indicated:

Horticulture — equipment.....	\$3 312 76
Animal Husbandry — purchase of Angus bull.....	1 000 00
Agronomy — equipment.....	4 210 87
Agronomy — printing of bulletin.....	506 40
Dixon Springs Experiment Station:	
Equipment.....	3 125 00
Operations.....	1 875 00

The Comptroller concurs in this request, and I recommend that these funds be appropriated.

On motion of Mrs. Grigsby, these receipts were appropriated as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Dr. Luken, Dr. Meyer.

#### ADDITIONAL APPROPRIATION FOR MEDICAL DEPARTMENTS

(11) On the request of Executive Dean Allen and with the endorsement of the Comptroller, I recommend an additional appropriation of \$19,000 from the General Reserve Fund for expense, equipment, and wage requirements of various departments in the College of Medicine for the current fiscal year ending June 30, 1946, in excess of original budget provisions.

On motion of Mr. Nickell, this appropriation was made as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Dr. Luken, Dr. Meyer.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(12) The Committee on Special Appropriations and Nonrecurring Expenditures recommends assignments from the General Reserve Fund for the following purposes, these appropriations to be available until January 1, 1947:

1. Foreign publications for University Library, \$10,000.
2. Equipment for Bacteriology Department, \$1,150.

On motion of Mr. McLaughlin, these appropriations were made as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Dr. Luken, Dr. Meyer.

### RELEASE OF FUNDS FROM STATE-WIDE PUBLIC WORKS PROJECTS APPROPRIATION

(13) A report that Governor Dwight H. Green has authorized the release of funds from the appropriation made to the University of Illinois by the 64th General Assembly in the "Act making appropriations for a State-wide system of public works projects, including all ordinary and contingent expenses relating thereto," as follows:

#### *Release No. 184*

"At Urbana-Champaign:

For construction of Mechanical Engineering Building and equipment. ....	\$1 102 000"
Amount released.....	95 000

#### *Release No. 187*

"At Urbana-Champaign:

For construction of water station improvements.....	120 000"
Amount released.....	120 000

I recommend that these funds be appropriated for the purposes indicated.

On motion of Mr. Williamson, these funds were appropriated as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Dr. Luken, Dr. Meyer.

### DATE OF JUNE MEETING

At this point, the question of the architecture of new buildings was discussed. The Board voted to meet at the University, in Urbana, at 2 p.m. on Saturday, June 15, 1946, in order to have opportunity to view the plans for new buildings.

### HONORARY DEGREES FOR PRESIDENT A. C. WILLARD AND DEAN R. B. ALLEN

On motion of Mr. Williamson, the Board authorized the honorary degree of Doctor of Laws to be conferred at the coming commencement on President Arthur Cutts Willard and Dean Raymond Bernard Allen.

President Willard expressed his appreciation.

### HEARINGS BEFORE GENERAL ASSEMBLY

At this point, President Willard withdrew, to appear before the House of Representatives and the Senate and present the needs of the University.

### MATTERS PRESENTED BY MR. JANATA

The Board considered the following items presented by Mr. A. J. Janata, Assistant to the President.

### PORTRAIT OF PRESIDENT A. C. WILLARD

The Classes of 1945 and 1946 in the Colleges and Schools at Urbana-Champaign wish to present to the University a portrait of President Arthur Cutts Willard painted by Professor C. E. Bradbury of the Department of Art. It is desired to make the formal presentation during the President's Reception to the Senior Class on the evening of June 15, 1946.

A portrait of President Willard, painted by Robert Philipp while he was a Carnegie Visiting Professor of Art during the academic year 1940-1941, was presented to the University and accepted by the Board of Trustees on January 22, 1941. Since two senior classes are now presenting another portrait of the President of the University, it is respectfully suggested that the Board of Trustees present the Robert Philipp portrait to President Willard.

On motion of Mr. McLaughlin, this portrait was accepted, and the gift of the portrait by Robert Philipp was authorized as suggested.

**PORTRAIT OF DEAN REXFORD NEWCOMB**

The faculty of the College of Fine and Applied Arts wishes to present to the University a portrait of Dean Rexford Newcomb of that College painted by Professor C. E. Bradbury of the Department of Art.

On motion of Mr. McKelvey, this gift was accepted.

**MATTERS PRESENTED FOR PRESIDENT WILLARD**

The Board continued its consideration of matters on the agenda, presented by the Provost for the President of the University.

**JUNIOR COLLEGE LEGISLATION**

(14) The Council on Higher Education of the Six State-Supported Institutions at a meeting held at the University of Illinois on May 6 expressed itself in favor of legislation to facilitate expansion of the junior college system on a basis of reasonable support from public funds, such a system to be essentially terminal and vocational (subprofessional) in its curricula, with a limited number of junior colleges, based on studies of educational demand and financial resources.

It was also the sense of the Council that it would be desirable to have a joint meeting of the Board of Trustees of the University of Illinois and the State Teachers College Board for the purpose of considering junior college plans and policies in order that they may be compatible with the best interests of the institutions in the Council.

On motion of Mr. Nickell, this joint meeting was authorized.

On motion of Mr. Fornof, the President of the University was authorized to introduce other subjects for consideration at this meeting.

**CONTRACTS WITH OFFICE OF RESEARCH AND INVENTIONS  
OF THE NAVY DEPARTMENT**

(15) The Office of Research and Inventions, established by order of the Secretary of the Navy on May 19, 1945, supports research in universities and is negotiating basic research contracts with educational institutions. These contracts are intended to bridge the period between the dissolution of the National Defense Research Committee in the Office of Scientific Research and Development and the possible establishment of a National Research Foundation or some other federal civilian agency.

The President of the University has authorized negotiations for a basic contract with the Navy Department in the Office of Research and Inventions. Subsequently the President approved the number of "tasks" to be carried on under this basic contract with various departments. The tasks negotiated and in process of negotiation are as follows:

<i>College of Engineering</i>	
Aeronautical Engineering.....	\$ 16 888
A mathematical analysis of a jet propulsion principle which will provide combustible mixtures of air and fuel at compression ratios greater than one without the use of air compressors or ram.	
Chemical Engineering.....	30 000
Information on the mixing of fluid streams (for jet propulsion).	
Civil Engineering.....	70 600
An investigation of fundamental criteria for selecting structural metals.....	
Numerical and approximate methods of analysis of structural and machine elements.....	
Electrical Engineering.....	
A study of arc stability of welding electrodes under conditions encountered in practice and the determination of factors which govern arc stability.	
	20 000

*College of Engineering*—continued

Physics (Task Order No. 1).....	269	335
1. The study of the interaction of heavy nuclear particles with heavy nuclei and with each other.		
2. The study of the interaction of light atomic particles with matter.		
3. The study of the production of penetrating radiations and their characteristics and interactions with materials.		
Theoretical and Applied Mechanics (2 tasks).....	62	400
1. Behavior of materials under repeated stress.....	\$44	400
2. Study of the elastic behavior of thin shell members....	18	000

*College of Liberal Arts and Sciences*

Chemistry.....	21	500
To re-evaluate existing methods of separating the rare earth elements and thorium and especially to devise new methods based on isotope separation procedures such as thermal diffusion in solution, ion-exchange, and liquid-liquid extraction, as well as chemical methods for certain specific separations.		

*College of Medicine*

Research on study of changes in brain.....	\$14	950
Study of functional organizations of the human cerebral cortex .....	16	000
Convalescence project (under Dr. Keeton of Department of Medicine).....	70	000
Unidentified task (estimated).....	10	000
<i>Total</i> .....		\$601,673

The University will be reimbursed in full for all expenditures on these research tasks.

I request confirmation of my action.

On motion of Mrs. Grigsby, the action of the President of the University in authorizing these projects was approved and confirmed.

**LEASE WITH MID-CONTINENT PETROLEUM CORPORATION**

(16) The Finance Committee presents the following report:

On April 18, 1936 (Minutes, page 626), the Board approved, on recommendation of the Finance Committee, a lease with the Mid-Continent Petroleum Corporation for the property on the southwest corner of University Avenue and Wright Street, Champaign, opposite the northwest entrance to the baseball field. The lease was for five years with option of two five-year extensions at a minimum annual rental of \$420 and a maximum of \$840, the company to make all improvements and pay all taxes thereon. For a number of years the University has been receiving the maximum rental each year.

The first two periods of the lease and extension are passed, with an option of five years yet remaining. The company desires to make a new lease from June 1, 1946, for five years with two additional five-year renewal options, which in effect extends the lease ten years beyond the present expiration. It has also agreed to increase the maximum rental to \$1200 a year. The property in question was received as a gift of the Babcock Endowment Fund and belongs to that fund.

The Comptroller has recommended this lease to the Finance Committee, and the Committee recommends its approval.

CHESTER R. DAVIS  
FRANK H. MCKELVEY  
KENNEY E. WILLIAMSON, *Chairman*

On motion of Mr. Williamson, the execution of this lease was authorized.

**EXECUTION OF CONTRACTS**

(17) In the conduct of negotiations and the execution of contracts for the installation and construction of emergency housing units and equipment for the same, for both students and members of the staff, it is necessary to proceed with minimum delay in order to secure material and services and assure com-

pletion of the projects by the time required. For these reasons it is desirable that the Board authorize the appropriate officers of the University to conclude such contracts and otherwise make commitments between meetings of the Board of Trustees.

It is therefore recommended that the Board authorize the Comptroller and Secretary of the Board of Trustees to execute contracts and purchase orders for emergency housing and equipment on the basis of competitive bids or quotations when such can be obtained or at the best terms available, on recommendation of the Purchasing Agent (in case of purchases) and the Director of the Physical Plant, when approved by the President of the University. Such transactions will be reported to the Board at the meeting next following their conclusion.

On motion of Mr. McKelvey, authority was given as recommended.

#### PURCHASES AUTHORIZED

(18) The following purchases were recommended by the Purchasing Agent and were authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are noncompetitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. S.M. ducts for four oil heaters at the Airport, for the Institute of Aeronautics, from the R. H. Bishop Company, Champaign, at a cost of \$1,788.00.

2. Ten thousand reams of white mimeograph bond, for the Office Supply Store, from the Blunden-Lyon Company, Chicago, at a cost of \$4,460.

3. One Model FB Tukon tester, two diamond indenters, one microton mechanical stage, one Bausch & Lomb microscope, and one support unit for microscope, for the Department of Mining and Metallurgical Engineering, from the Wilson Mechanical Instrument Company, Inc., at a cost of \$1,548 f.o.b. New York City.

4. Ten tons of 2" x 4" x 8" lead blocks for the Department of Physics, from the Division Lead Company, Chicago, at a cost of \$2,126.

5. One thousand gms. dl-threonine, 500 gms. dl-tryptophane, 1000 gms. dl-methionine, 1000 gms. dl-valine, 500 gms. dl-aspartic acid, 1000 gms. l(-)-lysine monohydrochloride, 1 lb. l(-)-histidine monohydrochloride, for the Department of Chemistry, from Merck and Company, Inc., at a cost of \$2,245.75 f.o.b. Rahway, New Jersey.

6. Forty-eight study desks, 72 chairs, and 24 chests, for the Residence Halls, from Marshall Field and Company, Chicago, at a cost of \$3,765.60 f.o.b. Urbana.

7. Furnishing of pressure distributor of approved highway type capable of spreading approximately 10,000 gallons of road tar on campus roads, and of necessary labor to unload and spread approximately 450 tons of limestone chips, for the Physical Plant Department, by Illiana Distributors, Inc., Champaign, at a cost of approximately \$1,147.50.

8. Coal for use in housing units on Abbott and Gallivan Projects, from the Alpha Coal and Material Company, Champaign, at a cost of \$2,000.

9. Aircraft and hangar keepers' insurance, for the Institute of Aeronautics, from the Liberty Mutual Insurance Company, Chicago, at a net cost of \$2,196.

10. Liability insurance, for the Institute of Aeronautics, from the Associated Aviation Underwriters, Breese Bros., Champaign, Agent, at a cost of \$1,159.

11. Accident insurance, for the Institute of Aeronautics, from the Associated Aviation Underwriters, Breese Bros., Champaign, Agent, at a cost of ten cents a flying hour.

12. One hundred ten rolls of Johns-Manville #45 base felt, 330 rolls of Johns-Manville #1516 perforated asbestos felt, five tons of Johns-Manville bonded roofing asphalt, and 110 gallons Regal roof coating, for the Physical Plant Department, from the Twin City Roofing Company, Champaign, at a cost of \$1,713.90.

13. Four hundred forty steel wardrobe cabinets for Skating Rink housing and 324 steel wardrobe cabinets for Stadium housing, from Jack Shecan, Bloomington, at a cost of \$22,692.28 f.o.b. delivered and installed.

14. Ten thousand reams  $8\frac{3}{8}$ " x  $10\frac{7}{8}$ " 16 lb. No. 4 white mimeograph bond; and  $8\frac{1}{2}$ " x 11" 16 lb. No. 4 mimeograph bond in colors as follows: 500 reams green, 800 reams blue, 250 reams pink, 800 reams canary, 150 reams goldenrod, 250 reams buff; for the Extension Service in Agriculture and Home Economics, from the Dwight Bros. Paper Company, Chicago, at a cost of approximately \$5,618 f.o.b. Urbana.

15. Twenty-one watt-hour meters, and 28 current transformers, for the Physical Plant Department, from the Westinghouse Electric Corporation, Springfield, at a cost of \$1,599.05.

16. One hundred thirty-eight cases of Pyrex laboratory glassware, for the General Chemical Stores, from Arthur S. LaPine and Company, Chicago, at a cost of approximately \$2,309.97.

17. One Springfield lathe with attachments, 71 holesaws of assorted sizes, 32 taper shank twist drills, and 205 straight shank twist drills, for the Department of Physics, from the War Assets Corporation, Louisville, Kentucky, at a cost of \$2,441.34.

18. Ten Frigidaire Model No. PR610 water coolers, to be installed in various buildings, for the Physical Plant Department, from McMullen-Shane, Inc., Danville, at a cost of \$1,971.40.

19. Two Monroe calculating machines, for the Department of Physics, from the Monroe Calculating Machine Company, at a cost of \$1,213.80.

20. Two Marchant calculating machines, for the Department of Physics, from the Marchant Calculating Machine Company, at a cost of \$1,020.

21. Seven hundred sixty-two 36" x 75" 32 lb. cotton felt mattresses, for the Residence Halls, from A. D. Sackett, Champaign, at a cost of \$9,144.

22. Labor, materials, and equipment to complete concrete sidewalk and curb replacements described in drawing #900-17-1, for the Physical Plant Department, by the Wold Concrete & Construction Co., Chicago, at a cost of \$1,400.

23. Thirty-two special circuit-breaker lighting panels, for the Physical Plant Department, from the Wm. Wurdack Electric Manufacturing Company, at a cost of \$3,050 f.o.b. St. Louis.

24. Six hundred plastic 10-oz. cups with handle, 600 plastic 12-oz. cereal or soup bowls, 600 plastic compartment trays,  $15\frac{3}{4}$ " x  $11\frac{3}{4}$ ", for the Illini Union, from Devine Foods, Inc., at a cost of \$2,287.32 f.o.b. Chicago.

25. Four rebuilt generators (20 K.W.,  $\frac{1}{2}$  K.W., 50 K.W., 1 K.W.), for the Department of Physics, from the Inland Industrial Electric Service Company, at a cost of \$2,753 f.o.b. Chicago.

26. Twelve R.O.T.C. advanced course uniforms, for the Military Department, from Merlo's Military Store, Champaign, at a cost of \$1,044.84.

27. Six sofas and 22 chairs for the lounge, for the Residence Halls, from Marshall Field and Company, Chicago, at a cost of \$2,280.

28. Two hundred nineteen double-deck beds for the Skating Rink, and 161 double-deck beds for the Stadium, from the Universal Equipment Company, Batesville, Indiana, at a cost of \$18,753.

29. One thousand grams each of l(-)-leucine, dl-phenylalanine, dl-threonine, for the Department of Chemistry, from Merck and Company, Inc., at a cost of \$1,053 f.o.b. Rahway, New Jersey.

On motion of Mr. Fornof, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### PURCHASES RECOMMENDED

(19) The Purchasing Agent has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid, ceiling price, or because the item is noncompetitive. I concur in the recommendations.

1. Rental of caps and gowns for June, 1946, Commencement, from the Collegiate Cap and Gown Company, Champaign, at a cost of \$1,260.

2. Two hundred eighty-eight anatomy dissecting sets, for the Student Supply Store, Chicago, from the Graf-Apsco Co., Chicago, at a cost of \$1,710.80.

3. One Sonntag universal fatigue machine, for the Department of Theoretical and Applied Mechanics, from the Baldwin Southwark Division of Baldwin Locomotive Works, Philadelphia, at a cost of \$1,000.

4. One power supply, with adjustable and stabilized output, for the Department of Chemistry, from the R. L. Drake Company, at a cost of \$1,200 f.o.b. Dayton, Ohio.

5. Fifty drawing tables, built to our specifications, for the Department of General Engineering Drawing, from E. H. Sheldon and Company, Chicago, at a cost of \$4,735.

6. Jacks, plugs, and handles to be used in building switchboards, for the Department of Electrical Engineering, from the Standard Electric Time Company, Chicago, at a cost of \$11,686.50 f.o.b. Springfield, Massachusetts.

7. Furnishings and equipment for the Department of Home Economics as follows: two-compartment sink, stainless steel; three-compartment sink, stainless steel; baker's table, maple top; cook's table, stainless steel; pastry table, maple top; salad table, stainless steel; vegetable table, stainless steel; portable utensil rack; pie rack; two-section Magic Chef Range; Blodgett bake oven;—from Stearnes & Company, at a cost of \$5,426.65 delivered.

8. One used Hendey lathe with 6-foot bed and 14-inch swing, Serial No. C LA. 13632, complete with motor drive, large and small face plates, three jaw and four independent jaw chucks and tailstock chuck and center, miscellaneous tools, and homemade tool post grinder, for the Department of Psychiatry, from W. S. McCulloch, Chicago, at a cost of \$1,170 f.o.b. delivered.

9. Eight GL-880 transmitting tubes, and four U.T. 4001 water jackets, for the Department of Physics, from the General Electric Company, Springfield, at a cost of \$3,262.40.

10. One Papec field hay and silage harvester and blower, for the Department of Animal Husbandry, from Dillavou Brothers, Champaign, at a cost of \$2,172.20.

On motion of Mr. Fornof, these purchases were authorized as recommended.

#### CONTRACTS EXECUTED BY THE COMPTROLLER MARCH 11 TO MAY 10, 1946

(20) The Comptroller's report of contracts executed for the period from March 11 to May 10, 1946.

Elmer Spencer	Small house on Percival farm, from February 1 to August 31, 1946	105	March 18, 1946

This report was received for record.

#### QUARTERLY REPORT OF THE COMPTROLLER

(21) The Comptroller presents his quarterly report to the Board as of March 31, 1946. Copies of this report were sent to all members of the Board in advance of this meeting.

This report was received for record.

#### GIFT OF ANTIQUE COVERLETS FROM B. F. HUNTER

(22) The University of Illinois has received from Mr. B. F. Hunter, Lebanon, Indiana, a collection of antique handmade bed coverlets and other cloth items which he has presented as a memorial to Evangeline Gillispie Hunter, who graduated from the University in 1918. The collection includes the following items: one weaver's sample coverlet; twenty-five single woven coverlets; one single woven historical coverlet; ten double woven historical coverlets; eleven double woven coverlets; one Japanese kimono; seven linen towels with fringe; four quilts; one tablecloth; three Paisley shawls.

The collection has been turned over to the Department of Home Economics where it will be permanently housed in a display and storage cabinet. This is an unusual collection of antique items, with cultural and museum value, which will be useful to have in educational work. I have authorized acceptance of this collection.

On motion of Mrs. Grigsby, the action of the President in accepting this gift was approved and confirmed.

#### REQUEST FROM FACULTY GROUPS CONCERNING SALARIES

(23) The President of the University has received letters from five faculty groups, each letter bearing the signatures of several members of the faculty, requesting that increases in salaries of the academic staff be at least comparable to wage increases granted the nonacademic staff. The text of each letter is as follows:

"The faculty of the [here is given the name of the College or division] of the University, as evidenced by the following signatures, desires assurance from the University Administration that increases in salaries of the academic staff be at least comparable to wage increases granted non-academic employees of the University.

"Recent salary adjustments of non-academic employees, and of staff members engaged primarily in administrative work, together with proposals which it is understood are now being considered, have created a serious and demoralizing situation, especially for the lower ranks of the academic personnel. Hence it is desired that wage and salary increases reflect the primary importance of the teaching function in the University."

These letters have been received from the following divisions:

	<i>Signatures</i>
College of Commerce and Business Administration.....	63
Library.....	74
Library School.....	9
College of Engineering.....	43
College of Liberal Arts and Sciences.....	<u>26</u>
<i>Total.....</i>	<i>215</i>

Since the letters are addressed to the President and the Board of Trustees, I am bringing them to the attention of the Board.

At my request, the Comptroller has prepared the following schedule of indices of average full-time salaries of various academic grades and nonaca-

demic groups for the years 1935-1936 to 1945-1946 inclusive. The period 1935-1939 is used as a base period. The figures given in the schedule are on the basis of \$100. The schedule gives a comprehensive picture of what has happened to nonacademic salaries as related to academic salaries during the past ten years.

Examples: The average for the period 1935-1939 was 100. Subtracting this from the indices for the year beginning July 1, 1945, will show the average percentage of increase in salaries of the various groups since the base period, viz.: Deans and Directors, 12%; Professors, 16%; Associate Professors, 17%; Assistant Professors, 15%; Instructors, 27%; Assistants, 27%; clerical staff, 35%; agricultural farm laborers, 108%; trades (except janitors), 62%; janitors, 81%.

INDICES OF AVERAGE FULL-TIME SALARIES, 1935-1946  
(Base Period 1935-1939)

Year beginning July 1	Academic Groups						Certain Nonacademic Groups			
	Deans and Directors	Professors	Associate Professors	Assistant Professors	Instructors	Assistants	Clerical staff	Agricul- tural farm laborers	Trades (except janitors)	Janitors
1935.....	99	96	97	97	101	102	99	96	98	97
1936.....	95	97	97	97	99	102	98	96	98	97
1937.....	103	102	102	102	100	96	98	102	108	106
1938.....	101	102	102	101	98	98	99	102	110	106
1939.....	102	103	103	102	101	101	106	102	110	117
1940.....	105	104	103	102	101	103	105	102	110	117
1941.....	109	104	105	103	103	104	110	111	121	124
1942.....	109	104	105	104	106	106	111	127	128	133
1943.....	109	105	107	100	118	117	118	157	130	139
1944.....	106	106	109	108	124	124	125	157	138	141
1945.....	112	116	117	115	127	127	135	208	162	181

This matter was referred to the President of the University for study in relation to the cost of living, for report to the Board in connection with the annual budget or earlier.

#### ACTIONS OF THE EXECUTIVE COMMITTEE

At this point, President Livingston reported actions of the Executive Committee in approving the award of contracts for painting temporary houses for veterans, equipment for the Abbott Power Plant, and the improvement of the road to the University of Illinois Airport.

On motion of Mrs. Grigsby, these reports were received for record.

#### Painting Temporary Houses

The Executive Committee received the following bids for exterior painting of the 275 temporary houses secured from the Federal Public Housing Authority and now occupied by student veterans:

	<i>Kuhne- Simmons</i>	<i>Keith Gordon</i>	<i>Charles Williams</i>
Base bid, 17 houses, two coats.....	\$ 1 245 00	\$ 1 360 00	\$ 1 207 00
Alternate A, additional 258 houses, one coat.....	+12 392 00	+10 337 00	+11 149 00
Alternate B, painting of coal boxes....	+177 00	+355 00	+209 00
Alternate C, use of four colors.....	+250 00	+200 00	+303 00
Bid deposit.....	750 00	622 06	650 00

The base bid includes two coats for seventeen houses that had originally received a priming coat of paint only. Alternate A includes one coat of paint for the remaining 258 houses that had originally received two coats of paint. Alternate B covers the painting of the coal boxes. Included in the specifications was Alternate C which provided for a variety of colors so that all of the houses would not be alike, but it is not believed that this is worth the additional cost.

This is an item of work for which we would expect to be reimbursed by the government or out of income from rent.

The Committee authorized the award of the contract to Keith Gordon, the lowest bidder, accepting Alternates A and B, and not accepting Alternate C, at a total price of \$12,052.

#### Equipment for Addition to Abbott Power Plant

The Executive Committee received bids on equipment for the Abbott Power Plant addition and has authorized awards of contracts as follows:

1. Boiler feed pump, from the Pennsylvania Pump and Compressor Company, at \$2,640, f.o.b. site. This is the lowest bid.
2. Deaerating heater, from the Worthington Pump & Machinery Corporation, at \$8,723, f.o.b. site. This is the lowest bid.
3. Closed feedwater heater, from the American Locomotive Company, at \$4,029, f.o.b. site. This is the lowest bid.
4. Two automatic coal scales, from the Richardson Scale Company, at \$2,232, f.o.b. site. This is the lowest bid.
5. Air compressor and receiver, from the Pennsylvania Pump & Compressor Company, at \$4,476, f.o.b. site. This is the lowest bid based on specifications. The bid on the air compressor from Ingersoll-Rand Company was low on this item. However, their bid was not based on a cross compound unit with intercooler as specified on the bid documents, and, therefore, should be rejected.
6. Auxiliary power transformer, from the Allis-Chalmers Manufacturing Company, at \$5,181.90, f.o.b. site. This is the lowest bid.
7. Indoor 4160 volt metal-clad switchgear, from the Allis-Chalmers Manufacturing Company, at base bid of \$57,750 plus spare parts included in specifications at \$429.60; total, \$58,179.60. This is the only bid received for this item of equipment. Bid documents were also submitted to the General Electric Company and the Westinghouse Electric and Manufacturing Company. The bid from the Allis-Chalmers Manufacturing Company is based on equipment that is identical to that installed in the Abbott Power Plant.

The above bids recommended for approval aggregate \$85,461.50. All bids included price adjustment clauses providing for escalation of bids as a result of increases in labor and material costs.

These expenditures are payable from the assignment of \$122,050 from the item for contingencies in the State appropriation for buildings for 1945-1947.

#### Improvement of Airport Road

The road connecting United States Highway 45 with the University of Illinois Airport is a township road which must be improved and surfaced to provide ready access to the Airport in all kinds of weather. At present it is a dirt and gravel road which is unsatisfactory at best and in rainy weather it becomes almost impassable for motor vehicles. Since the road is of no service to other landowners than the University, Tolono Township would not be justified in spending funds on improving it.

The Advisory Board on Aeronautics at a recent meeting recommended that the University improve this connecting road immediately. Bids have been secured on the following improvement:

Beginning at United States Highway 45 and extending to the Airport, a distance of 4,465 lineal feet, grading of surface, shoulders, and ditches to lines and grades, as specified by the Supervising Engineer for Construction of the University of Illinois Airport, installation of three catch basins and 88 feet of reinforced tile; construction of a six-inch compacted crushed stone road 20 feet wide with an asphalt and chipped stone surface.

Bids on this construction were secured as follows:

Champaign Asphalt Company	
Grading and crushed stone construction.....	\$9 600
Asphalt and chipped stone.....	<u>1 500</u>
<i>Total</i> .....	<u>\$11 100</u>

General Paving Company, Champaign

Grading and construction of crushed stone road.....\$10 500

No bid submitted on asphalt surfacing.

There was no advertising for bids; the above were secured on the invitation of the Supervising Engineer for the Construction of the University Airport. To advertise for bids will take at least two weeks and will delay improvement of the road at a time when it is badly needed. Any such delay will inevitably result in higher bids. A limited supply of crushed rock is available at a quarry in Kankakee from where it can be transported by the Illinois Central Railroad to the Airport at less cost than transportation from other quarries; the present coal strike may so affect quarrying operations and transportation of crushed rock that materials necessary for the improvement of the road may not be available in a few days. It should be noted that the University recently advertised for bids for the paving of Green Street through the campus and only one bid was received. There is also submitted a letter from the Dean of the College of Engineering, a copy of which is given to the Secretary of the Board of Trustees for record, relating to the award of this contract.

Under the circumstances I recommend that the Executive Committee award the contract to the Champaign Asphalt Company on the basis of its bid of \$11,100.

The Executive Committee authorized the award of this contract, as recommended.

#### MATTERS PRESENTED FOR PRESIDENT WILLARD

The Board resumed consideration of matters presented by the Provost for the President of the University.

#### RELEASE OF PATENTS ON STREPTIDINE AND STREPTAMINE

(24) Dr. H. E. Carter, Professor of Chemistry, has reported the discovery of certain processes relating to the "degradation of streptomycin and the structure of streptidine and streptamine" as a result of research on antibiotic substances sponsored by the Abbott Laboratories, Eli Lilly and Company, Parke Davis and Company, and the Upjohn Company. These pharmaceutical houses were originally sponsors of research on penicillin, but when the United States Government took over all such research work the sponsors proposed changing from research on penicillin to research on other antibiotic substances. For the past eighteen months Professor Carter and his associates have devoted all their attention to streptomycin.

A completely cooperative program has been developed. The four pharmaceutical manufacturers concentrated on production and assay methods. Professor Carter and his associates worked on isolation and purification methods. On the average of once a month all groups met for an exchange of information, and in this way maximum progress was made.

In September, Professor Carter and his associates published a paper on the isolation and purification of streptomycin. This is a contribution from the group at the University of Illinois alone. About the same time Parke Davis and Company's research chemists began work on the degradation of streptomycin paralleling the work at the University of Illinois. In both laboratories a guanidobase, designated as streptidine by Merck and Company's research chemists who have been carrying on similar studies, was isolated independently. In the laboratories at the University of Illinois streptidine was degraded further to another base which the University chemists have named streptamine. Somewhat later Parke Davis and Company's research chemists also isolated streptamine but by a different procedure. The two groups published a joint paper on this work in the January 11, 1946, issue of *Science*.

Parke Davis and Company has raised the question about patenting streptidine and streptamine. Streptidine would be a key compound in the synthesis of streptomycin but the extreme complexity of the latter makes it improbable that a commercially feasible synthesis will be developed. Furthermore it is probable that several firms, including Merck and Company and Squibb, will also file patent applications. The Parke Davis and Company group desires to have streptidine and streptamine patented by the University, or if the University is not interested then they will file applications.

It is the judgment of Professor Carter, concurred in by Professor Roger Adams, Head of the Department of Chemistry, that while it is desirable to

patent these compounds just in case some kind of synthesis might be prepared in the future which would be useful in medical science, it is unlikely that a commercially feasible synthesis will be developed and therefore they do not believe the University should secure patents. The Faculty Committee on Patents has considered this matter and recommends to the Board of Trustees that the University do not file patent applications but that Parke Davis and Company do so.

Professor Britton commented on this matter.

On motion of Mr. Nickell, the release of patent-rights on these discoveries was authorized as recommended.

#### INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS

(25) A recommendation that the name of the Institute of Labor Relations be officially changed to the Institute of Labor and Industrial Relations, and that an advisory committee for this Institute be set up, composed of fifteen members, five representing organized labor, five representing management, and five representing the general public.

After discussion, and on motion of Mr. Williamson, the name of the Institute was changed as recommended, and action on the composition of the advisory committee was deferred.

#### STATEMENT ON STUDENT HOUSING

(26) The Federal Public Housing Authority has offered the University 975 additional housing units, each capable of holding either one family or two single students. Not all of these units are required to provide facilities for enrollment of 15,000 if the Ice Skating Rink (capacity 432) and the Stadium (capacity 306) are used as authorized by the Board at the April meeting.

Applications for admission and readmission are exceeding previous estimates, but having fixed our enrollment for Urbana at a maximum of 15,000, I am unwilling to increase this maximum because of the impossibility of securing staff and staff housing even for 15,000. It appears that the summer session enrollment may exceed 9,000, most of whom will want to re-enter in the fall. In view of these facts, it does not seem wise to change the plan of using University buildings for housing, since it is only in University-owned buildings that we can provide any more housing for nonveterans.

The cost of the entire temporary housing program, including units already in use or previously assigned and under construction, and all additional units as above described after allowing for estimated expenditures to be assumed by the Federal government, is approximately \$1,336,650. The only source of funds for this expenditure is the \$1,500,000 appropriation for students' residence halls and equipment. The Governor has already assigned \$500,000 from this fund for temporary housing and \$64,125 for plans for permanent students' residence halls. To carry out the temporary housing program above described, a further assignment of \$836,650 will be necessary.

This leaves us in a serious position with respect to the permanent student housing program, since only \$99,225 would remain in the \$1,500,000 appropriation that could be used for this purpose. The only other money in sight at this time for such a program is the unassigned balance of the Contingent Fund, \$250,950, which would make a total of only \$414,300 available for permanent construction, including \$64,125 for plans and specifications. The cost of the Women's Residence Hall (which is the No. 1 item on this program and for which plans are practically ready) is estimated at \$1,515,000, but no one knows what the bids may be. It will be difficult, if not impossible, to finance even this item with only \$414,300. The apartment project (which is Item No. 2), estimated to cost \$1,000,000, seems completely out of the question if the Women's Residence Hall is undertaken. There is a very remote possibility of securing Federal aid for one or the other of these items if bills now before Congress are passed.

However, in order to protect our total assignment of 975 units (or 1950 single) and provide funds for the same in case the Board should decide to revise its action of April 18, I have in the interim between Board meetings, sub-

mitted a tentative request for modification of that action to the Governor and to the Post-War Planning Commission, dated May 23.

I am opposed to this plan of May 23 because:

1. It will mean our entire permanent housing plan will be indefinitely postponed.
2. It will completely contradict our position on housing as approved by the Board of Trustees and set forth in our request to the Governor of April 30.
3. It will appear to all students (both veterans and nonveterans) as a repudiation of our many assurances to use the *present appropriation* for permanent housing.
4. It will encumber the campus with many hundreds of cheap and unsightly cabins and barracks, with no evidence of any relief from permanent housing construction to replace them.

I therefore recommend that the Board reconsider both the President's requests of April 30 and May 23, and formulate a new request based on the following stipulations:

1. Fix Urbana enrollment for September, 1946, at not more than 15,000 students.
2. Provide for Stadium and Skating Rink housing for men students....\$120 000
3. Take only as many of the 975 F.P.H.A. housing units recently assigned as will bring our September housing capacity of all kinds to 15,000. Present capacity of all kinds of housing, including Federal units previously accepted, is 13,862. Additional units to house 150 married students and 988 single students would bring the housing capacity to 15,000, with costs as follows:

Total cost.....	\$572 600	
Less balance available in former release of \$500,000.....	113 000	459 600

*Total additional release requested for temporary housing.....\$579 600*

(This brings the total releases for *temporary* housing paid from the State Residence Halls appropriation to \$1,079,600. The Board has also appropriated \$40,000 for Gymnasium Annex temporary housing from the General Reserve Fund.)

4. Ask for release of balance of \$1,500,000 (the Governor has previously released \$500,000 for temporary housing and \$64,125 for plans for permanent housing.).....\$356 275
5. Ask for release of balance of Contingent Fund to supplement Item 4.. 250 950

*Total additional release requested for permanent housing.....\$607 225*

(This brings the total releases for *permanent* housing to \$671,350.)

This matter was discussed at length. President Livingston called attention to the objection of the President of the University to the acquisition of any more temporary housing units at the expense of the appropriation for permanent housing.

President Livingston also read a letter from a "Citizens' Committee" opposing the use of the Skating Rink for housing.

Dean Turner, Director Havens, the Provost, and the Comptroller commented on the matter.

Action was deferred until the return of President Willard (see page III16).

#### STAFF HOUSING PROJECT

(27) On April 18 the Board approved in principle a proposed staff housing project at Urbana-Champaign to aid in meeting the deficiency in available residential housing which is seriously impeding the needed additions to the staff. This project has now been approved by Federal authorities, with the provision that the units are at present to be rented only to veterans, and that the University will for a time retain control over them. It has been found that the best medium for borrowing the necessary funds is through the University of Illinois Foundation. The Board of Directors of the Foundation has indicated its willing-

ness to cooperate in the project. The program as developed in detail by the Director of the Physical Plant and the Comptroller is as follows:

*Scope*

50 units, including 30 National Homes three-bedroom and basement houses, and 20 Willisway two-bedroom houses, which have been tentatively reserved for the University.

*Sites*

In various residential areas in Urbana and Champaign, on lots on which options have been secured.

*Cost*

Estimated \$351,750 (\$6,800 each for National houses and \$4,500 each for Willisway estimated) including houses, utility connections, walks and grading, \$294,000; land, \$57,750.

*Estimated Annual Income*

At rentals of \$60 and \$50 monthly, allowing for 5% vacancy, \$31,920.

*Estimated Annual Net Income*

Available for debt service, after maintenance, insurance, and taxes: \$17,874, sufficient to amortize half the cost in 12 years.

*Plan of Financing:*

(a) Appropriation from General Reserve Fund, \$176,000.

(b) Mortgage loan to be secured by University of Illinois Foundation from First National Bank of Chicago, at 3% interest for 10 years, no financing charge, quarterly payments, and full prepayment privilege, \$176,000.

*Plan of Procedure:*

(a) University to purchase lots, contract for houses, and complete same to extent of its appropriation.

(b) University to convey all properties to Foundation with provision that, when all indebtedness and expenses incurred by Foundation are paid, they shall be reconveyed to the University.

(c) Foundation to complete loan above-described and apply proceeds thereof to the completion of the project.

(d) Foundation to lease properties back to University at an annual rental sufficient to cover debt service.

(e) University to control rent and supervise properties; whenever sales can be made, proceeds are to be divided between loan and University.

I recommend approval of this program, an appropriation of \$176,000 from the General Reserve Fund and the adoption of the following resolution to authorize the Comptroller and Secretary of the Board to execute all necessary contracts.

*Whereas*, at a meeting on April 18th, 1946, the Board of Trustees of the University of Illinois approved in principle the proposed program that the University undertake a Staff Housing Program by constructing fifty (50) residence units, borrowing one-half of the required amount and liquidating the loan from income over a ten-year period, and

*Whereas*, information since received indicates that a total expenditure of \$352,000 will be involved in constructing such units, one-half of which may be borrowed from The First National Bank of Chicago, payable over a period of ten (10) years and bearing an interest rate of three per cent (3%), and

*Whereas*, The First National Bank of Chicago prefers that the Board of Trustees of the University of Illinois convey the sites for such units with as many units located thereon as may be constructed at a total cost of \$176,000, including the purchase price of the sites, to the University of Illinois Foundation, and that the loan be made by The First National Bank of Chicago to the University of Illinois Foundation, and not directly to the Board of Trustees of the University of Illinois, such loan to be secured by a mortgage, and

*Whereas*, the University of Illinois has obtained options or reached oral understandings whereby fifty (50) sites for such units are available at a total cost of \$57,750, and

*Whereas*, the application by the University for a priority rating which will permit immediate construction of the units has been given approval on the conditions that the units be occupied only by veterans and their families and that control be retained by the University, and

*Whereas*, the Board of Directors of the University of Illinois Foundation has expressed a willingness to cooperate with the Board of Trustees of the University of Illinois by accepting title to the sites and the units to be constructed thereon at the University's expense, and to borrow the necessary funds to complete the proposed project from The First National Bank of Chicago by mortgaging the units and to lease the units to the Board of Trustees of the University of Illinois in order that they may be made available for members of the University staff;

*Therefore, be it resolved*, that the Comptroller of the University of Illinois and the Secretary of the Board of Trustees of the University of Illinois be and the same are hereby authorized to execute all agreements and documents necessary, to acquire sites for fifty (50) units to be constructed and used for faculty housing; to construct thereon such units within the limitation of \$176,000 expenditure; to convey such sites and units to the University of Illinois Foundation under an agreement that they will be reconveyed to the Board of Trustees when all indebtedness against them has been paid, and to enter into a lease agreement with the University of Illinois Foundation whereby the Board of Trustees as Lessee is given the right to operate and manage such units.

The Comptroller presented this item.

On motion of Mr. McLaughlin, these recommendations were approved, and the resolution was adopted, by the following vote: Aye, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Dr. Luken, Dr. Meyer.

#### APPOINTMENTS TO THE 1946 SUMMER SESSION

(28) There is submitted for approval recommendations from the Director of the Summer Session for appointments to the teaching staff for the 1946 Summer Session (see page 1132). The budget is based on the following methods of calculation:

1. For 12-month appointees it is proposed that a base amount of  $\frac{1}{48}$  of the annual salary be paid for each week of teaching.
2. For appointees of less than 12 months a base monthly salary is proposed equal to that paid during the regular session.
3. A maximum salary of \$1350 for 12 weeks of teaching and \$900 for 8 weeks of teaching is proposed.
4. It is proposed that overtime be paid in accordance with the principles approved by the Board on March 9, 1946 (Minutes, page 1020). Such overtime, insofar as it can be determined, has been included in the appointments.

The total of the proposed appointments is \$434,596. This exceeds the amount provided in the internal budget by \$187,762. An enrollment is indicated of perhaps three times that of last summer, and certainly the largest summer enrollment in the history of the University. The Director of the Summer Session requests an appropriation of \$190,000 to cover the deficiency and to make other minor adjustments which may be necessary.

I recommend that:

1. The appointments for the Summer Session be approved as printed on pages 1132-1147.

2. All appointments or contracts for service during the Summer Session include a provision permitting reduction in time and salary or cancellation of the contract in the event that enrollment in certain courses or sections thereof does not warrant continuation of the appointment on the basis originally recommended.

3. An appropriation of \$190,000 be made from the University General Reserve Fund to the budget of the Summer Session.

4. The President of the University be authorized to make such changes and adjustments, including additional appointments and acceptance of resignations, as are necessary in accordance with the needs of the University.

On motion of Mr. Williamson, these recommendations were adopted and the appropriation was made, by the following vote: Aye,

Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Dr. Meyer.

The Comptroller presented the next three items.

#### PAINTING AT UNIVERSITY AIRPORT

(29) Inside and outside painting is needed for the hangar at the University Airport. An attempt by Field Engineer R. C. Maxwell to secure proposals for this work has resulted in only one bid, from Fred C. Mills of Champaign, Illinois. The work is to be done by spraying, which is permissible at this location. He is able to start it on June 4 and the work is necessary from a maintenance standpoint. The bid of Fred C. Mills for labor and supervision (the University to furnish all paint) is as follows:

Outside painting and sanding and caulking (two coats).....	\$2 431 60
Painting inside of main room of hangar (two coats) ..	3 420 00
<i>Total, Labor and Supervision.....</i>	<i>\$5 851 60</i>
Estimated cost of paint.....	\$1 250 00
<i>Total Estimated Cost.....</i>	<i>\$7 100 60</i>

Funds are available for this expenditure in the State appropriation for Airport improvements.

Dr. Leslie A. Bryan, Director of the Institute of Aeronautics, and the Comptroller request that this contract be awarded as described, and I concur.

On motion of Mr. McKelvey, this contract was authorized as recommended.

#### CONTRACTS FOR POWER PLANT ADDITION EQUIPMENT

(30) The Comptroller presents the following items submitted by the Physical Plant Department:

1. Recommendation that the contract with Babcock and Wilcox Company, awarded on March 9, 1946, for a steam generator, be extended to cover furnishing and erection of refractory and installation, and substitution of a Sturtevant over-fire air fan at a net increased cost of \$11,542.

2. Contract for erection of cooling tower, to Foster Wheeler Corporation, the lowest bidder, on the required specifications, at a cost of \$20,270.

I recommend approval.

On motion of Mr. Williamson, these recommendations were approved.

#### ADDITIONAL APPROPRIATION FOR ATHLETIC ASSOCIATION

(31) The Board of Directors of the Athletic Association requests approval of a special appropriation of \$1,025 for replacement of the roof of the northeast tower of the Stadium. The roof was damaged by windstorm this spring, and a quotation from the Twin City Roofing Company for replacement is \$1,425, of which \$400 will be recovered under an insurance policy. I recommend approval.

On motion of Mrs. Grigsby, this change in the budget of the Athletic Association was authorized.

#### ACTION ON STUDENT HOUSING

At this point, President Willard returned to the meeting, and, after hearing a summary of the discussion on student housing, urged the Board to follow the recommendations contained in his memorandum (see page 1113, above).

On motion of Mr. Fornof, the recommendations of the President

of the University were approved, by the following vote<sup>1</sup>: Aye, Mr. Fornof, Mr. Livingston, Dr. Luken, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer; not voting, Mr. Davis; no, Mrs. Grigsby, Mr. Nickell, Mr. Williamson; absent, Mr. Green.

#### CONFERENCE ON EDUCATIONAL FACILITIES AND ADMISSION OF STUDENTS

(32) The conference on the selective admission of students authorized by the Board of Trustees on April 18, 1946 (Minutes, page 1073), will be held in the auditorium of the Centennial Building at 2:30 p.m. today. State officials, members of the General Assembly, and various interests and organizations in Illinois have been invited to attend or be represented, as follows:

#### OFFICIALS INVITED TO PARTICIPATE AND AGENCIES REQUESTED TO SEND REPRESENTATIVES

The Governor of Illinois  
The Lieutenant Governor of Illinois and President of the  
State Senate  
The Speaker of the House of Representatives  
The Senate Committee on Education of the 64th General  
Assembly  
The House Committee on Education of the 64th General  
Assembly  
The Members of the General Assembly Representing the 24th  
Senatorial District  
The Superintendent of Public Instruction

University of Illinois Officials

<sup>1</sup> By instruction of the President of the Board, the Secretary called Dr. Luken and Dr. Meyer on long distance, summarized the discussion, and asked each of them if he would vote on the motion. Both Dr. Luken and Dr. Meyer instructed the Secretary to record their votes in the affirmative. The Secretary reported this to the Board at the afternoon session.

The following statement will be presented to the conference.

THE EMERGENCY EDUCATIONAL PROGRAM OF THE UNIVERSITY

There are now about 13,000 students on the Urbana campus of the University of Illinois. This is the largest enrollment in the history of the institution. The present student body is somewhat larger than was predicted by the officers of the University for the first year of this biennium, but it is 5,000 students larger than the prediction made by members of the General Assembly when the University was asking a year ago for its biennial appropriations. About 2,500 students will drop out by graduation or for other reasons at the close of the present term. More than 3,000 new students will seek admission in the summer term. In addition to these 3,000 students, about 8,000 students will seek admission in September. In other words, by September, 1946, about 23,000 students, both old and new, will be planning to come to the Urbana campus of the University. There are now nearly 6,000 veterans on the campus. In September, over half of the students seeking admission will be veterans.

These facts describe the most serious situation which has ever been faced by the University of Illinois. All the large colleges and universities in the nation share the same problem. Over a million veterans have been qualified for college and university training under Public Laws 346 and 16. There is a backlog of about 700,000 recent high-school graduates who will also seek admission. The prewar enrollment in colleges and universities was about 1,400,000. The present demand for higher education is not a temporary problem; it is a permanent problem. After the last war the demand for higher education was increased by more than 40 per cent. A further increase came after the great depression. All the facts show that postwar enrollments in colleges and universities will reach the figure of 2,500,000. The enrollment at the University of Illinois may reach a postwar figure of around 20,000.

This is both an emergency and a permanent problem of supreme importance. The veterans are in a hurry. They have given their time and energy to the nation for the purposes of war, and now they are anxious for the education which will enable them to live a gainful life in a world of peace. They are good students. Most of them will complete a full program of training. They are not dropping out after a few months of aimless effort. Provision must be made for them, and for recent high-school graduates who also have a claim to continue their education. The entire economy of the nation demands and is in urgent need of trained personnel. Publicly supported institutions in this time of crisis have a special duty and privilege. Their duty is to provide the facilities for training; their privilege is to render the service which the nation so desperately needs. Both the duty and the privilege rest on the states. If 23,000 young people wish to enroll in the University of Illinois, the State of Illinois must give them the opportunity.

The Board of Trustees of the University of Illinois, the administrative officers, and the faculty are fully aware of this situation and have given the matter their most serious and careful consideration. The facts, briefly stated, are as follows. There are not enough houses for students, all colleges are scraping the bottom of the barrel for staff members, there are no places where staff members may live even if they could be found, and classrooms and laboratories are being crowded to the doors. By straining every facility in our possession, we hope to be able to take care of 15,000 students on the Urbana campus. We are hampered at every step, and not the least of our difficulties is the fact that our budget for the present biennium was, at the insistence of the General Assembly, based on an enrollment of 8,000 students—just a little over half the enrollment we shall attempt to provide for. But even if we provide for 15,000 students on the Urbana campus, there will be 8,000 students, at least half of whom will be veterans, for whom new facilities must be found. There is little or no room for them in other colleges and universities in the State. We feel that it is to the best interests of our young people, of our national economy, and of the public welfare to meet the critical situation in some other manner. We are proposing, therefore, a four-point program of emergency planning in order to provide every possible facility in the State for higher education.

We will strain every resource at our command in order to provide for 15,000 students on the Urbana campus in September. This is the first point in the program. Constant appeals to the Federal Public Housing Authority, to the residents of the Twin Cities, to the General Assembly, to the Governor, and to the people of the State are being made and will continue to be made until our facilities on the Urbana campus can provide for 15,000 students. We can not leave the remaining 8,000 in idleness. Since most of them are already housed in their own communities, we propose to take the University of Illinois to their doorsteps.

The second point in our program, therefore, is to urge the immediate passage of further legislation favorable to an expanded system of junior colleges. It was partly in anticipation of the present emergency that the Board of Trustees on December 12, 1944, adopted a policy favoring a substantial increase in the number of junior colleges. We have been talking with high-school principals and superintendents for the purpose of persuading them to establish junior-college units in terms of the existing law. They need, however, further support from tax funds. Senate Bill 153, the Junior College Bill, which provided \$50 a student a year to junior colleges, barely failed of passage in the Sixty-Fourth General Assembly. We urge further consideration of that Bill at the earliest possible moment. If the Bill had been passed by the last General Assembly, it might now be possible, and we hope it will yet be possible, to provide for some 1,500 to 2,000 students, over half of whom will be veterans. The University of Illinois believes in the junior college because it can provide most economically and most easily the kinds of courses in the technical and subprofessional fields which a large number of students can use to best advantage. The State Teachers Colleges have voted to support an expanded system of junior colleges.

The third point in the program proposed by the University of Illinois calls for a major expansion of postgraduate work in the high schools, so that students may earn advanced standing at the University of Illinois or at any other college or university. Over one hundred principals and superintendents of the larger high schools in the State of Illinois have unanimously endorsed this program. We propose to accredit courses and teachers in the fields of English, modern language, history, physics, chemistry, general engineering drawing, economics, accounting, and similar subjects, the courses to be taught in the local high schools under the supervision of the University of Illinois, and in accordance with the standards that should be applied to the first and second years of college work. By this means we hope to provide facilities for another 1,500 to 2,000 students, over half of whom will be veterans. These students will remain in their own communities where they can secure the same type of work they would secure in the University of Illinois, and then be able to transfer to the University, or to some other institution, after one or two years.

The fourth point in the program is based on the following facts. About half the population of the State of Illinois resides in the Chicago area; about half the students desiring higher education in September live in that area. The facilities in the City of Chicago are not adequate to meet the demand. There will be at least 4,000 students in the Chicago area, over half of whom will be veterans, who can not continue their education unless new facilities are found by September. This is a more urgent situation than exists in any other community in the State. It is a situation which can not be met by junior colleges or by postgraduate work for advanced standing. The University therefore proposes to establish in the City of Chicago a branch of the University of Illinois in order to take care of from 3,000 to 4,000 students.

This four-point program, which provides for 15,000 students on the Urbana campus, at least 1,500 in junior colleges, at least 1,500 in postgraduate courses, and at least 3,000 in a branch of the University, will, we believe, break the back of the critical situation next September. But in the attempt to convert this program into action, the University faces an extremely critical problem in public and in educational policy. If there are 23,000 students who will seek admission to the University, and if the Urbana campus can accommodate only 15,000, which 15,000 out of the total of 23,000 shall reside on the Urbana campus? Here is a concrete example of the urgency of this question. By exceeding all previous records of capacity and ability to teach students, the College of Engineering

might possibly provide for 2,500 students at Urbana. Nearly three times this number of students will seek admission to the College. We known from previous records that if we follow the principle of "first come, first served," nearly half of the students who get into the College of Engineering will drop out inside of two or three semesters. We feel that it would be wise public policy, a friendly service to the students themselves, and a marked economy to the State if preference could be given to those students who, because of their abilities and interests, would be most likely to complete a full four-year program.

The record of a student in high school is not a guarantee that he will succeed in Engineering. Likewise, the record of a student in high school is not a guarantee that he will succeed in any other college in which he may choose to register. For the majority, further information is desired, and this information can be secured by special tests of ability and interest. Those students who are most apt to succeed in Engineering ought to be encouraged to go into Engineering rather than into Law or Commerce or Agriculture or some other field. Those students most apt to succeed in Commerce and Business Administration ought to be encouraged to enter the College of Commerce; they ought to be advised not to try the College of Engineering or some other college. This is nothing more than good sense and economy and to the best interests of all the people.

It has been falsely reported that the University of Illinois had decided to allow entrance only to those students who are in the upper third of their high-school graduating classes. No such proposal has ever been made. What was proposed is this. The higher the rank of a student in his high-school graduating class the more certain it is that he is likely to succeed in college if he enrolls in the proper field. But even at best, rank in high school does not tell what a student is best qualified to do. It was proposed, therefore, to secure further information about students who wanted to enter the University of Illinois. In order to serve them and simplify the procedure in getting this additional information, we thought we would be quite safe, in the majority of cases, if we exempted students in the upper third of their graduating classes from further tests. We have been told by the high-school principals and superintendents that this exemption would be unwise, and we are quite willing, therefore, to follow our first plan, which is to secure additional information about all students.

It has never been proposed by the University of Illinois that any person or group of persons connected with the institution should decide what a student can or can not do with respect to his education. He must be the final judge. All that we proposed was to secure for him the additional information that he might need in order that we might help him reach the best possible decision in his case. Instead of speaking, therefore, of a selective admissions program, which would act as a screen which arbitrarily excluded a considerable number of the citizens of the State, we should speak of a system of guidance admissions. Such a system would enable the officers of the University of Illinois to assist students in making one of the most vital decisions of their lives.

It can not be stated too clearly or too emphatically that a system of guidance admissions for a publicly supported institution does not make sense if it is separated from the four-point program proposed by the University. As a matter of fact, a plan of guidance admissions is the fifth point in a five-point program. We are merely suggesting that if the junior colleges, both old and new, can take care of at least 1,500 new students, if the high schools can take care of another 1,500 new students in postgraduate courses, and if a branch of the institution can take care of from 3,000 to 4,000 students, and if we could provide for 15,000 students on the Urbana campus, we ought to be able to encourage those students most likely to profit from what we can do best to come to the Urbana campus, and to encourage those students who can profit best from what can be done elsewhere to stay where they are until the people as represented in the General Assembly can provide for their needs.

Each one of the points in the emergency plan for the education of the youth of this State is so full of difficulties that it will take almost superhuman efforts to reach the goal. The housing situation for students and for staff is desperate. If there are to be any new junior colleges, school boards must be consulted, referendums called, taxes levied, programs developed, and teachers found. If there are to be any postgraduate high-school courses, the whole summer must

be spent in conferences all over the State. Prodigious difficulties beset any plan for a branch of the University in Chicago. Central to the whole situation, however, is the budgetary situation of the University. A major part of the current building appropriation for permanent student housing has gone into temporary housing. There are now no more funds for either temporary or permanent housing for either students or faculty. The budget for 1946-1947 has been made out in such a way as to use all available income in sight up to June 30, 1947, before the first semester has been completed. The University is limited, so far as any increase in its operating budget is concerned, to the additional income from student fees which must be appropriated to the University by the General Assembly either now or early in January. Dozens of staff members are leaving the institution because funds are so limited that we can not compete with the offers they have received elsewhere. Only the most urgent adjustments in our programs for veterans have been made. Proposals for refresher work and new types of subprofessional training have been left dangling in midair because we have not the funds to support them. The almost complete abolition of graduate work during the war has stopped the flow of trained young people, and the salaries now offered in industry to older and more experienced people are so high that University teaching and research are no longer attractive.

This report was received for record.

#### CHICAGO BRANCH OF THE UNIVERSITY OF ILLINOIS

(33) On April 22, 1946, I sent you a report of the Committee on Branches of the University of Illinois. This report was presented in very general terms, but it set forth the policy and main features of a plan for a Chicago branch of the University. Subsequent to that time, the Provost of the University has held a conference with Mr. James B. McCahey, President of the Chicago Board of Education. President McCahey offered the full support of the Chicago Public School System. Mr. Charles Havens, Director of the Physical Plant, and Dr. E. F. Potthoff, Director of the Bureau of Institutional Research, have recently examined the facilities on the Municipal (or Navy) Pier in Chicago. They find these facilities to be the best available, so far as is known at present, for the development of a two-year branch of the University of Illinois.

I recommend:

1. That the Board of Trustees authorize the President of the University to negotiate and execute contracts with the City of Chicago and the Navy for the use of the above-described facilities at the Municipal Pier for the period of one year, with option to renew the lease.
2. That the Board of Trustees authorize the President of the University to negotiate and execute contracts with the Navy for the purchase of Navy-owned facilities and equipment at Municipal Pier.
3. That the Board of Trustees authorize the President of the University to employ the necessary personnel and purchase additional supplies and equipment that may be necessary to provide instruction for 4,000 students beginning September, 1946, and to provide for the operation and maintenance of the facilities leased.

The Provost commented on this matter.

On motion of Mr. McLaughlin, these recommendations were adopted.

#### INVESTMENT RECOMMENDATIONS

The Finance Committee, on advice of the First National Bank of Chicago, investment counsel, approved on January 23, 1946, the purchase of \$12,500 of United States Series G 2½% Bonds of 1958 and 150 shares Insurance Company of North America at 106 as investments of endowment funds. This action is reported for record.

This report was received for record.

#### RECESS FOR LUNCHEON AND CONFERENCE

The Board recessed for luncheon, and for the conference on admission of students, to meet in the office of Superintendent Nickell following the conference.

### AFTERNOON SESSION, MAY 29, 1946

When the Board convened in the office of the Superintendent of Public Instruction at 4:45 p.m. on Wednesday, May 29, 1946, the following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. McKelvey, Mr. Nickell, Mr. Williamson.

President Willard was present; also the officers of the Board and of the University who were in attendance at the morning session.

#### VOTE ON STUDENT HOUSING

On request of President Livingston, the Secretary reported that during the recess, on request of the President of the Board, he had called Dr. Luken and Dr. Meyer by telephone, informed them of the discussion, the motion, and the vote on President Willard's recommendation on student housing (see above, page 1113), and had been instructed by each of them to record his vote in the affirmative.

The Secretary was instructed to record the votes of Dr. Luken and Dr. Meyer as requested by them.

#### ACTION ON EMERGENCY EDUCATIONAL PROGRAM

On motion of Mr. Williamson, and in consideration of the confirming action of the Conference held during the afternoon, the Board approved the following program:

1. Make provision for 15,000 students on the Urbana campus in September.
2. Urge the immediate passage of further legislation for an expanded system of junior colleges.
3. Provide for an expansion of postgraduate work in the high schools.
4. Establish a branch of the University in Chicago to enroll from 3,000 to 4,000 students (this was approved at the morning session, see page 1121).

#### TENTATIVE STATEMENT OF ADDITIONAL FUNDS NEEDED FOR THE CURRENT BIENNIUM

At this point, Mr. Nickell requested the Comptroller to make an estimate of the funds needed, above the present amounts appropriated and available, to carry out the program of the University for the next fiscal year, including the cost of operating the Chicago branch.

Mr. Morey gave the following estimate:

##### *University Income*

Increased income from present operations.....	\$1 500 000
Estimate by Provost of income from Chicago branch.....	750 000

<i>Total appropriation of University income.....</i>	<i>\$2 250 000</i>
--	--------------------

##### *Tax Funds*

Increased appropriation of tax funds as presented to and approved by the Board, March 9, 1946.....	\$1 401 000
Preliminary estimate by Provost of cost of Chicago branch in excess of estimated income.....	500 000

<i>Total appropriation needed from tax funds.....</i>	<i>\$1 901 000</i>
---	--------------------

It was agreed that the University should ask for a tax appropriation of at least \$2,000,000. This would bring the total additional appropriations to be requested of the General Assembly to \$4,250,000.

## EXECUTIVE SESSION

The Board in executive session considered the following matters presented for the President of the University.

## LEAVE OF ABSENCE FOR PROFESSOR C. L. METCALF

(1) I recommend that Dr. C. L. Metcalf be relieved of his duties and responsibilities as Professor and Head of the Department of Entomology from the end of the second semester, June 15, to the end of the academic year on August 31, 1946, and that he be given full pay for that period since he will have completed the work of the academic year. I further recommend that Professor Metcalf be given a leave of absence on full pay for six months from September 1, 1946, or so much thereof as may be necessary.

These leaves are recommended because of Professor Metcalf's health.

Mr. Janata presented this matter.

On motion of Mr. Williamson, these recommendations were adopted.

## SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(2) The Committee on Special Appropriations and Nonrecurring Expenditures recommends assignments from the General Reserve Fund for the following purposes:

Equipment for the College of Veterinary Medicine.....\$ 5 000  
Remodeling and equipment in the Chicago Colleges..... 20 000

Mr. Morey presented this matter.

On motion of Mr. Fornof, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Grigsby, Mr. Livingston, Mr. McKelvey, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken, Mr. McLaughlin, Dr. Meyer.

## SALE OF ROSELAWN CEMETERY LOTS

The Secretary presented for record the following report of sale of lots in Roselawn Cemetery since the last report of such sales:

### APPOINTMENTS MADE BY THE PRESIDENT

The Secretary presented also for record the following list of appointments made by the President of the University.

AARONSON, ABE LOUIS, Clinical Associate in Medicine, beginning February 15, 1946, and continuing through August 31, 1946, without salary (this supersedes his previous appointment). (May 4, 1946)<sup>1</sup>

BARTON, EVAN MANSFIELD, Clinical Associate in Medicine, beginning February 15, 1946, and continuing through August 31, 1946, without salary (this supersedes his previous appointment). (May 4, 1946)

BEDINGER, PAUL LINCOLN, Clinical Instructor in Medicine, beginning March 10, 1946, and continuing through August 31, 1946, without salary (this supersedes his previous appointment). (May 4, 1946)

BEINAR, PETER JOSEPH, Clinical Assistant in Medicine, beginning May 6, 1946, and continuing through August 31, 1946, without salary. (May 9, 1946)

BERG, MAX, Clinical Associate in Medicine, beginning March 6, 1946, and continuing through August 31, 1946, without salary (this supersedes his previous appointment). (May 4, 1946)

BLOOM, EARL PHIPPS, Assistant in English, for three months beginning April 1, 1946, at a salary at the rate of two hundred ten dollars (\$210) a month (this supersedes his previous appointment). (April 30, 1946)

BYERS, LAWRENCE WALLACE, Special Research Assistant in Chemistry, on one-half time, for two months beginning June 1, 1946, at a salary of two hundred dollars (\$200) (this supersedes his previous appointment). (May 24, 1946)

CARRITHERS, JAMES MARKHAM, Assistant Professor of Accountancy, for four months beginning May 1, 1946, at a salary of six hundred dollars (\$600) (this supersedes his previous appointment). (May 16, 1946)

CONNOLLY, WALTER CURTIS, Assistant in Physics, in the College of Engineering, on three-fourths time, for one month beginning June 1, 1946, at a salary of one hundred ninety-six dollars eighty-seven cents (\$196.87). (April 30, 1946)

CROSBY, JANET LOIS, Special Research Assistant in Chemistry, on one-half time, for three months beginning June 1, 1946, at a salary of three hundred dollars (\$300). (May 24, 1946)

DONNELLY, WILLIAM ALLEN, Clinical Assistant in Otolaryngology, in the College of Medicine, beginning April 15, 1946, and continuing through August 31, 1946, without salary. (May 9, 1946)

DRYDEN, WILMA, Assistant in English, on one-third time, for two months beginning April 1, 1946, at a salary of one hundred eighty dollars (\$180). (April 23, 1946)

DUBA, WALTER B., Cooperating Teacher in the College of Education, for the second semester of the academic year 1945-1946, at a compensation to be paid at the rate of five dollars (\$5) for each semester hour of practice teacher registration but not to exceed a total compensation of sixty dollars (\$60) (this supersedes his previous appointment). (May 18, 1946)

ELLIOTT, ROBERT S., Jansky and Bailey Scholar in Electrical Engineering, for four months beginning March 1, 1946, at a stipendium of three hundred fifty dollars (\$350). (April 26, 1946)

ELLIOTT, ROBERT S., Jansky and Bailey Scholar in Electrical Engineering, for four months beginning October 1, 1946, at a stipendium of three hundred fifty dollars (\$350). (April 26, 1946)

EMERSON, ROBERT, Research Professor of Botany, for one year beginning September 1, 1946, at a salary of six thousand dollars (\$6000). (May 20, 1946)

ENTIN, SAMSON D., Clinical Assistant in Medicine, for seven months beginning February 1, 1946, without salary. (May 4, 1946)

FEINHANDLER, EMANUEL, Clinical Instructor in Medicine, for ten months beginning November 1, 1945, without salary (this supersedes his previous appointment). (May 4, 1946)

FORD, WILLIAM KENNETH, Clinical Assistant Professor of Dermatology, in the College of Medicine, on 13/100 time, for five months beginning April 1, 1946, at a salary at the rate of three hundred dollars (\$300) a year (this supersedes his previous appointment). (April 30, 1946)

<sup>1</sup> The date in parenthesis is the date on which the appointment was made by the President.

FRY, WILLIAM J., Research Associate in Electrical Engineering, in the Engineering Experiment Station, beginning May 1, 1946, and continuing through August 31, 1947, at a salary at the rate of two thousand one hundred dollars (\$2100) a year. (April 23, 1946)

GERSH, ISIDORE, Associate Professor of Pathology, in the College of Medicine, for two months beginning July 1, 1946, at a salary at the rate of five thousand six hundred dollars (\$5600) a year. (May 28, 1946)

GIESECKE, GUSTAVE ERNST, Supervisor of Counseling in the Residence Halls, and Associate in German, for two months beginning May 1, 1946, at a salary at the rate of three thousand six hundred dollars (\$3600) a year (for his convenience he will also be provided housing valued at one hundred twenty dollars (\$120) a year). (May 22, 1946)

GIFFORD, MRS. CORNELIA ROGERS, Assistant in English, on two-thirds time, for two months beginning April 1, 1946, at a salary of three hundred dollars (\$300). (April 23, 1946)

GONDEK, FRANK RICHARD, Clinical Assistant in Medicine, for four months beginning May 1, 1946, without salary (this is in addition to his services in the Research and Educational Hospital with salary). (May 9, 1946)

**MEETING OF THE BOARD OF TRUSTEES**

**OF THE**

**UNIVERSITY OF ILLINOIS**

---

**June 15, 1946**

**With Adjourned Session of**

**June 27, 1946**

The June meeting of the Board of Trustees of the University of Illinois was held at 2 o'clock p.m. on Saturday, June 15, 1946, at the Illini Union Building in Urbana.

The following members were present: President Livingston, Mr. Davis, Mr. Fornof, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. W. E. Britton, Legal Counsel, Professor C. R. Griffith, Provost, Mr. C. S. Havens, Director of the Physical Plant Department, Mr. J. F. Wright, Director of Public Information, and, during part of the day, Mr. E. L. Stouffer, Architect, Dean Rexford Newcomb, and Professor Roger Adams.

**MATTERS PRESENTED BY PRESIDENT WILLARD**

The Board considered the following matters presented by the President of the University.

**NAVAL RESERVE OFFICERS' TRAINING CORPS PROGRAM**

(1) The University Senate Committee on Educational Policy was asked to study and to report to the Senate the requirements of the United States Navy for students in the N.R.O.T.C. and the requirements of the several colleges and schools of the University. The Senate submits the following recommendations concerning the N.R.O.T.C. program:

1. With the exception of those in Engineering and Architecture, N.R.O.T.C. students shall meet the requirements for regularly established degrees of the Colleges in which they register. This is generally feasible since the Naval Science requirements were reduced to 24 semester hours.

2. In Engineering and Architecture, the Committee recommends that authorization be granted to award the degree, Bachelor of Naval Science, at the end of the fourth year to N.R.O.T.C. students who have met the Naval requirements. I recommend approval.

On motion of Mr. Davis, these recommendations were approved.

**GRADUATE PROGRAM IN SOCIAL ADMINISTRATION AND  
DEGREE OF MASTER OF SOCIAL WORK**

(2) The Board of Trustees has established in the College of Liberal Arts and Sciences a program of Social Administration. The Executive Faculty of the Graduate School, through its Committee on Staff and Courses, has considered proposals for a two-year graduate professional program in Social Welfare Administration. As a result of these studies by the Graduate School and subsequently by the Senate Committee on Educational Policy, the University Senate recommends that a two-year graduate professional program in Social Welfare Administration be established and that the degree of "Master of Social Work" be conferred on those who complete satisfactorily all the requirements of this program as determined by the Executive Faculty of the Graduate School. This is the standard professional degree offered at other leading institutions.

On motion of Mr. Nickell, this program and degree were approved and authorized.

**LEAVE OF ABSENCE FOR ASSISTANT CHIEF  
HERMAN L. WASCHER**

(3) The sabbatical leaves of absence during the year 1946-1947 authorized by the Board of Trustees at its meeting on April 18, 1946, included a leave of absence for Assistant Chief Herman L. Wascher of the Department of Agronomy for the full year beginning September 1, 1946, on one-half pay.

On recommendation of the University Research Board, Mr. Wascher has requested that the conditions of his leave be changed to a leave of absence on full pay for six months from October 1, 1946, instead of for one year on one-half pay from September 1, 1946. I have approved this change and request confirmation.

Mr. Wascher will devote the time to a study of the morphology of soils as related to loess distribution in Southern Illinois, Western Kentucky, Tennessee, and Mississippi. The soils of Illinois are, for the most part, derived from loess. The identification of the loess sheets and the relationship of the various loess sheets and their thickness to soil character are matters of basic importance in studies of soils in Illinois. It is believed that a study of the loess south from southern Illinois along the Mississippi River will aid materially in solving these problems in Illinois.

On motion of Mr. McLaughlin, this change was authorized.

Mr. McLaughlin called attention to the desirability of increasing the staff in order to expedite the completion of the project to make soil-maps of the entire state.

**RECOMMENDATION FROM FACULTY COMMITTEE ON PATENTS**

(4) Dr. George C. Decker, Entomologist in the Agricultural Experiment Station and the State Natural History Survey, reports that during the course of research on a fellowship sponsored by the Monsanto Chemical Company, Dr. C. J. Weinman, Special Research Assistant on the project, and Dr. Henry L. Morrill of the Monsanto Chemical Company have collaborated and pooled their information and ideas relative to certain individual chemical compounds and series of compounds which might prove effective in controlling mites. In their work one compound, chlorinated orthonitrobiphenyl, was found to have good miticide properties and although perhaps not outstanding in this respect, the Monsanto Chemical Company has deemed it advisable to apply for a patent covering its use as a miticide.

Since Doctors Morrill and Weinman jointly conceived the idea, based on previous knowledge of other compounds, that this material might have miticidal properties, in fairness to all the two men should be considered as joint discoverers. In consideration of the merits of this discovery it appears that although chlorinated orthonitrobiphenyl has miticidal properties and formulations of the material may be patentable, the discovery is not phenomenal, and in view of the large amount of work now being done in an attempt to discover new and better miticides, it is very doubtful if this compound will ever have any great commercial value.

The Faculty Committee on Patents has considered this discovery and is of the opinion that there is little chance the University would benefit by patenting the discovery. The Committee, therefore, recommends that the right to make the application for the patent be released to the two discoverers.

On motion of Mr. Williamson, this release was authorized as recommended.

**COMMITMENTS AGAINST ANTICIPATED APPROPRIATIONS**

(5) The Board of Trustees has already been advised that the internal budget for 1946-1947 is being compiled on the basis of the use of an estimated additional \$1,500,000 of income from student fees and government compensation for instruction to veterans, in excess of the biennial budget estimate and of the amount of legislative appropriations. Since these receipts must go into the State Treasury in the University Income Fund, they must be appropriated before they can be expended.

The Board has also been advised that the establishment of a branch of the University in Chicago would involve an additional expenditure estimated at \$1,250,000, of which \$750,000 would come from student fees and government sources, and the remainder would be needed from state tax revenues. The Board on May 29 indicated its intent to ask the General Assembly for these additional appropriations.

The Legal Counsel has advised that, in view of constitutional and statutory limitations, the Board of Trustees is without authority to create any liability or indebtedness in excess of funds actually appropriated or on hand in the treasury of the University. He recommends that a clause be attached to each term appointment and to each order or contract which might involve an expenditure in excess of the funds already appropriated, the clause to read substantially as follows:

"You are advised that the University anticipates additional appropriations from the General Assembly in order to meet this appointment (order) and its payment may be contingent on such additional appropriation."

He advises that failure to do this might result in members of the Board and University officers signing such contracts being held personally liable thereon.

I recommend that the inclusion of such a statement in appointments, orders, and contracts made under the 1946-1947 budget and in connection with the proposed branch of the University in Chicago be authorized.

On motion of Mr. Fornof, this recommendation was adopted.

**RESOLUTION RELATING TO INCREASED FUNDS**

On motion of Mr. Williamson, the following resolution was adopted.

*Whereas*, the internal budget of the University of Illinois for 1946-1947 involves increased funds necessary to maintain essential activities and especially to render instruction to veteran students in the University, and

*Whereas*, the Board has received a report on the proposed branch of the University to be established at the Navy Pier in Chicago, primarily to accommodate veteran students desiring to enroll in the University but who can not be taken care of at Urbana-Champaign, and

*Whereas*, these programs involve expenditure of funds not appropriated to the Board of Trustees, and the Board, in view of constitutional and statutory limitations, is without authority to create liability or indebtedness in excess of appropriations actually made, and

*Whereas*, the Board has given its approval in principle to the financial plan contemplated in the internal budget for 1946-1947 now in preparation and the proposed program at the Navy Pier in Chicago, which expenditures the Board considers essential to the proper functioning of the University and providing of service to veterans desiring to enroll in the University, now therefore

*Be it resolved*, that the President of the Board and the President of the University be and they hereby are authorized and directed to submit these facts to the Governor and the appropriate committees of the General Assembly with an urgent request for immediate consideration in a special session of the General Assembly of the additional appropriations needed to carry out these programs.

**ATHLETIC ASSOCIATION CONTRACTS**

(6) The Board of Directors of the Athletic Association requests approval of assignment of funds and award of contracts for the following items:

1. *Canvas cover for football field.* A new cover is needed to replace one purchased a number of years ago and no longer suitable for use. On investigation it has been found that the C. J. Hoigard Co. of Minneapolis, Minnesota, is in a position to furnish a cover of the type and quality used by other institutions at a price of \$5,500.

2. *Architectural services.* Because of evidence of deterioration of the concrete work on the Stadium, ticket booths, and east approach to the Stadium and the need for a new south entrance, an arrangement is proposed with Holabird and Root of Chicago for architectural drawings and specifications on the basis of direct cost, with a limitation of 10% of the cost of any construction undertaken, plus supervision if required. The preliminary estimate of the cost of this service is \$5,000.

3. *Repair of concrete work at Stadium.* Holabird and Root of Chicago recommended that all bad concrete should be removed and built back to proper grade and contour, treads repaired to give proper pitch for drainage, and portals and railings patched, repaired, and painted. The use of gunite is recommended. The John D. Bolton Company of Kansas City is prepared to do this work and to guarantee its early completion. Architects estimate the cost at \$20,000, and this concern made a firm bid of \$18,850 on the specifications submitted.

The Comptroller recommends the assignment of these funds and approval of these contracts, and I concur.

On motion of Mr. Davis, these changes in the Athletic Association budget were approved, and the award of contracts was authorized as recommended.

**SPECIAL APPROPRIATIONS OF ATHLETIC ASSOCIATION  
APPROVED TO MARCH 31, 1946**

(7) In approving the Athletic Association budget for the current year (Minutes, August 29, 1945, page 633), the Board authorized the President to make changes and adjustments as recommended by the Association's Board of Directors within the total estimated income.

Following is a statement of the adjustments thus made to March 31, 1946, not previously reported:

*Special Appropriations*

Erection of ticket office counter.....	\$ 261 14
Purchase of eleven new tackling dummies.....	198 00
Purchase of electric welding machine.....	300 00
Purchase of Worthington tractor.....	1 069 29
Purchase of mat covers.....	239 90
<i>Total</i> .....	\$2 068 33

*Additions to 1945-1946 Operating Budget*

Increase in travel budget for golf.....	\$ 310 00
Increase in travel budget for tennis.....	450 00
Additional expense for cross-country.....	200 00
Additional trainer.....	500 00
Additional assistance for football.....	300 00
Salary adjustments.....	2 931 75
<i>Total</i> .....	\$4 691 75

On motion of Mr. Williamson, the action of the President of the University in authorizing these changes was approved and confirmed.

**PURCHASES AUTHORIZED**

(8) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. Student study tables, 1,456, for use in veterans' housing, from Jack Sheean, Bloomington, at a cost of \$19,364.80.

2. Easy chairs, 728, for veterans' housing units, from the Newton & Hoit Furniture Company, Chicago, at a cost of \$20,049.12 f.o.b. factory.

3. Study chairs, 1,820, for veterans' housing units, from Marshall Field & Company, Chicago, at a cost of \$12,903.80 f.o.b. Urbana.

4. One completely equipped aircoop, for the Institute of Aeronautics, from Syracuse Aircraft Service, Syracuse, New York, at a cost of \$3,150.

5. Paper, 100% rag bond, watermarked with the University of Illinois seal, as follows: 125 reams, 22" x 34" 40 lb.; 40 reams, 22" x 34" 26 lb.; for the Office Supply Store, from the Dwight Brothers Paper Company, Chicago, at a cost of \$2,047.16.

6. One induction heater, slightly used, for the Department of Electrical Engineering, from the Allis-Chalmers Manufacturing Company, Milwaukee, Wisconsin, at a cost of \$4,200.

7. One thousand Faries I.E.S. table lamps, for the Residence Halls, from the General Electric Supply Corporation, Chicago, at a cost of \$4,750.

8. One 42" x 84" two-pocket unloading washer, 208-220 volt electric motors, 3-phase pneumatic-operated valves complete with automatic unloading feature, for the Physical Plant Department, from the U. S. Hoffman Machinery Corp., Chicago, at a cost not to exceed \$6,878.15.

9. Fifty-five 39" x 120" refectory tables, thirteen 39" x 96" refectory tables, fifteen 39" x 39" tables, 576 chairs, for the Residence Halls, from the Universal Equipment Company, Batesville, Indiana, at a cost of \$8,989.69.

10. Six sofas and twenty-two chairs, for the Residence Halls lounge, from Marshall Field & Company, Chicago, at a cost of approximately \$3,017.34.

11. Steel double-deck beds, 728, for the Residence Halls, from A. D. Sackett, Champaign, at a cost of \$7,280.

12. Handling and packing charges on 23 machine tools donated to the University through the preinduction training program, for the Department of Mechanical Engineering, from the Victory Machinery Movers, Victory Ordnance Plant, Decatur, at a cost of \$1,600.

13. Mattresses, 1,456, 36" x 75" 32 lb., for the Residence Halls, as follows: 456 at \$12 each, or a total cost of \$5,472, from A. D. Sackett; 600 at \$14.65 each, or a total cost of \$8,790, from Marshall Field & Company; 400 at \$14.85 each, from the Springfield Mattress Company, or a total cost of \$5,940.

14. Eight Switlik quick attachable seat-pack parachutes, for the Institute of Aeronautics, from the Illini Airport, at a cost of \$1,024.

15. Two model 120A Cessna airplanes and one model 140 Cessna airplane, for the Institute of Aeronautics, from Taynor-Harris, at a cost of \$8,738.50.

16. Six suites (including dresser and mirror, chest of drawers, beds, and night tables) of mahogany furniture, for rooms on the fourth floor of the Illini Union, from Marshall Field & Company, Chicago, at a cost of \$1,498.58 f.o.b. Mount Airy, North Carolina.

17. Coal, 6" mine-run, 1,500 tons, for the Physical Plant Department, from the Taylor-English Coal Company, Danville, at a cost of \$5,025.

18. One thousand 18" x 18" x 66" steel storage cabinets, for use in temporary housing units in lieu of dressers or chests, which are not obtainable, from Jack Sheean, Agent for the Interior Steel Equipment Company, Bloomington, at a cost of \$13,950.

19. One air compressor with unloader, air filter and silencer, with 25 H.P. motor, automatic starter, and air receiver, for the Department of Ceramic Engineering, from the Chicago Pneumatic Tool Company, at a cost of \$1,171.80.

On motion of Dr. Meyer, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### **PURCHASES RECOMMENDED**

(9) The Purchasing Agent has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid, ceiling price, or because the item is noncompetitive. I concur in the recommendations.

1. One "Norelco" Geiger counter X-ray spectrometer, for the Department of Chemistry, from the North American Philips Company, Inc., New York City, at a cost of \$5,058 f.o.b. Mt. Vernon, New York.

2. Twenty-seven wooden grain bins, including foundations located at the University of Illinois South Farm, Urbana, for the College of Agriculture, from the Commodity Credit Corporation, Chicago, at a cost of \$2,176.

3. One glassworking lathe, for use in building betatron tubes and research apparatus, for the Department of Physics, from the Litton Engineering Laboratories, at a cost of \$4,873 f.o.b. Redwood City, California.

4. Eight thousand tons of coal screenings for the Chicago Physical Plant Department, from the Consumers Company, Chicago, at a cost of \$44,000.

5. Approximately five tons of 25 per cent rag bond paper with the University of Illinois watermark, for the Office Supply Store, from the Dwight Brothers Paper Company, Chicago, at a cost of approximately \$2,100.

On motion of Dr. Meyer, these purchases were authorized as recommended.

#### **GIFTS AND GRANTS OF FUNDS FOR RESEARCH AND OTHER PURPOSES**

(10) A report of the following gifts and grants of funds for research and other purposes received by the University since the last report (November 23, 1945):

##### *Gifts*

1. Illinois Federation of Women's Clubs, \$2,900 additional for scholarships in Occupational Therapy. The total amount of gifts to date from this Federation is \$8,400.

2. Third Congressional District, Illinois Federation of Women's Clubs, \$600 for the Scholarship Fund in Occupational Therapy of the Third Congressional District.

3. Mrs. Margaret Anderson, Morris, Illinois, \$2,500 to endow a scholarship fund for students in the School of Music to be known as the "William Anderson Scholarship in Music" in memory of her late husband. Since the endowment will not produce sufficient income to provide for a scholarship until the fund has been invested for at least one year, Mrs. Anderson has given the University \$170 to cover the scholarship for 1945-1946.

4. Illinois Congress of Parents and Teachers, Chicago, \$600 for the continuation of undergraduate scholarships.

5. Mrs. Kittie B. Pierce, LaGrange, Illinois, \$500 for the continuation of the Phyllis Pierce Ruettinger Scholarship.
6. Mr. John W. Ruettinger, Chicago, \$500 for the renewal of the John C. Ruettinger Memorial Scholarship for 1946-1947.
7. Commander Carl J. Scheve, 90th U. S. Naval Construction Battalion, \$350 for scholarships, preference to be given to students in architecture, agriculture, and engineering.
8. Curtiss Candy Company, \$500 toward the equipment and support of the Northern Illinois Experimental Field; also, \$5,000 from the DeKalb County Farm Bureau and \$200 from the Illinois Northern Utilities Company for the same purpose.
9. Mrs. Kate S. Hecht, \$1,000 for the establishment of a Dr. Rudolph Hecht Reprint Library in the Department of Biological Chemistry, College of Medicine.
10. Mr. Martin L. Straus, President of Eversharp, Inc., New York City, \$500 additional to be added to the emergency loan fund for deserving and needy students in the College of Medicine.
11. Mr. C. O. Jackson, \$150 as a memorial to two members of the Tau Delta Tau Fraternity—the late John Donald Danielson (Class of 1927), and the late Joel Hubbard Rossiter (Class of 1932), to be added to the emergency loan funds for aid to students on the Urbana campus.
12. Lieutenant Harry F. Seanor, \$120 as a memorial to the late Lieutenant Thomas L. Seanor (Class of 1934), to be added to the emergency loan funds for students at Urbana-Champaign.
13. Dr. Wilton Krogman, Chicago, a used dental chair, valued at \$75, to the College of Dentistry.
14. Woman's Auxiliary of the Chicago Colleges, \$45 to the Occupational Therapy Department for additional comforts or service for the children in our hospital.
15. Miss Virginia Ryan, Chicago, a collection of books from her father's library for the library of the College of Veterinary Medicine.

#### *Grants for Research*

1. Mr. William Bross Lloyd, Chicago, \$9,000 in support of research on somatoprostheses under the direction of Dr. S. D. Tylman of the College of Dentistry.
2. Council on Dental Therapeutics of the American Dental Association, \$400 in support of a study of desensitizing agents for sensitive necks of teeth.
3. From two donors who desire that their names be not published in the announcement of this gift, \$7,500 for the establishment of two fellowships in support of the allergy research program in the College of Medicine. One of these fellowships will be for a physician for a period of two years and the other will be for an immunologist or an immunochemist for a period of one year. In accepting this grant the University has agreed that it will consider for appointments to these fellowships candidates recommended by the Government of France but will reserve the right to determine whether such nominations are acceptable.
4. Mr. Alfred D. Hornstein, \$900 to be used in establishing either a Medical Research Fellowship or a Research Technical Assistantship or Fellowship, the fund to be known as the Hornstein Allergy Research Fund.
5. Grants for research in allergy antigens (research program of Dr. B. Z. Rappaport, Assistant Professor of Medicine, and Dr. William H. Welker, Head of the Department of Biological Chemistry) from: Mrs. Frieda R. Pick, \$100; Mr. Maxwell Hahn of The Field Foundation, Inc., \$500; Miss Ann Frankel, \$100; Mr. Stanton M. Meyer, \$100; Harry L. Oppenheimer Foundation, \$500; Asthmatic Children's Aid, \$2,000; Williams-Meyer Co., Chicago, \$500; Louis Popper, Chicago, \$150; J. Goldberg, \$150; K. H. Kraft of Highland Park, \$250; George J. Steine, and Sam Cassel Company, \$100 each; Carl S. Goodman, \$150.
6. Sterilite Division of Shellmar, \$500 in support of research on silver-asboloxane by Dr. F. H. Falls of the Department of Obstetrics and Gynecology.
7. Parke, Davis, and Company, Detroit, Michigan, \$5,700 in support of the research study of Doctor Loew of the Department of Pharmacology, Materia Medica, and Therapeutics.

8. Anonymous donor, \$4,000 to be added to the trust fund known as a Special Research Fund for Orthopaedic Surgery and to be used for special purposes in developing research activities in that department.

9. Mr. G. E. Geppert, Wilmette, \$500 to the Department of Psychiatry to be used at the discretion of Dr. Francis J. Gerty, Head of the Department, for any special research and teaching projects which have his approval.

10. Harvard University, \$500 in support of research by Dr. and Mrs. Frederic A. Gibbs of the Department of Psychiatry, on the measurements of cerebral circulation.

11. Standard Oil Company, Indiana, \$2,530 for the establishment of two graduate research fellowships in Chemistry and in Chemical Engineering.

12. Eli Lilly and Company, Indianapolis, Indiana, \$2,000 for the continuation of the \$750 fellowship in the Department of Chemistry under the direction of Professor C. C. Price for the period of two years beginning with the second semester of 1945-1946. The former stipend of \$750 is being increased to \$1,000.

13. The Ohio Oil Company, Robinson, Illinois, \$1,200 for the establishment of a one-year graduate assistantship in the Department of Chemistry under the direction of Professor G. L. Clark.

14. Monsanto Chemical Company, St. Louis, Missouri, \$1,000 for the renewal of a fellowship in organic chemistry (previous to World War II) under the direction of Professor C. S. Marvel, for the year 1946-1947.

15. Eastman Kodak Company, Rochester, New York, \$1,000 for the establishment of a fellowship in organic chemistry beginning with the second semester of 1945-1946.

16. General Aniline and Film Corporation, Easton, Pennsylvania, \$875 in support of a half-time research assistantship in Chemistry for research work on metal derivatives of azo dyes.

17. E. I. du Pont de Nemours & Company, Wilmington, Delaware, \$750 for the renewal of a postgraduate fellowship in Chemistry for the period June, 1944, to June, 1945.

18. Viobin Corporation, Monticello, Illinois, \$1,200 in support of a research project carried on by Professor F. B. Adamstone of the Department of Zoology and Physiology in cooperation with Professors W. E. Carroll and B. W. Fairbanks of the Department of Animal Husbandry, during the year 1944-1945.

19. Dr. B. J. Brent, Scientific Director of Roche-Organon, three grams of the hormone "desoxycortico-sterose acetate" for use in researches to be carried on by Professor F. B. Adamstone of the Department of Zoology and Physiology and Professor A. V. Nalbandov of the Department of Animal Husbandry.

20. United Engineering Trustees, Inc., \$710 to be added to the trust fund, United Engineering Trustees — Electrical Welding.

21. Jansky and Bailey, Consulting Radio Engineers, Washington, D.C., \$700 for the establishment of the Jansky and Bailey Fellowship in Radio Engineering beginning with the second semester of 1945-1946.

22. George Davis Bivin Foundation, \$125 to provide a fellowship for Miss Alice G. Koehler in Mental Hygiene of Childhood, to be paid in five equal monthly installments beginning January 1, 1946.

This report was received for record.

#### MEMORANDUM ON CHICAGO BRANCH

(11) On June 9, 1946, at the request of President A. C. Willard, Dr. Coleman R. Griffith, Provost of the University of Illinois, applied to Mayor Edward J. Kelly orally for considerable space on the City's Municipal Pier in which to establish and operate a branch or section of the University of Illinois. The U. S. Navy has had a lease for several years on the City's Municipal Pier and it has been renewed for one year beginning July 1, 1946. It was represented to the Mayor by Captain C. C. Caveny, Executive Officer of the Pier project, that the Navy will complete its educational program on the Pier about July 1 next. It was estimated that it would take three months to decommission the Pier, or until about October 1.

The Navy plans to move its school equipment from various parts of the Pier to particular exits in order to make transfer, probably to Great Lakes, when space for it becomes available.

It was further represented to the Mayor that the Navy would cooperate with the University of Illinois in establishing this proposed branch on Navy Pier.

On June 12, in the Office of the Commissioner of Public Works, there was a conference on this same subject matter. Those in attendance were:

COLEMAN R. GRIFFITH, Provost, University of Illinois  
 C. S. HAVENS, Director of Physical Plant Department, University of Illinois  
 HOWARD A. HAZLETON, Business Manager of Chicago Colleges, University of Illinois  
 C. C. CAVENY, Captain, U. S. Navy  
 JOHN RICHARD, Chief of Staff, City of Chicago Committee on Finance  
 JOSEPH F. PEACOCK, Real Estate Agent, City of Chicago  
 W. HOFF, Assistant Real Estate Agent, City of Chicago  
 M. W. OETTERSHAGEN, Harbor Engineer, City of Chicago  
 DELL RHEA, Editor of Chicago Convention Bureaus  
 OTTO EITEL, Bismarck Hotel, Chicago  
 FRANK BEHRING, Sherman Hotel, Chicago  
 OSCAR E. HEWITT, Commissioner of Public Works, City of Chicago

At this meeting, Provost Griffith and Mr. Havens agreed to recommend to the President of the University of Illinois, and Oscar E. Hewitt agreed to recommend to Mayor Kelly, to the City Council, and to the City Comptroller, an agreement between the University and the City of Chicago which will provide that the City will grant a lease and the University of Illinois will accept a lease of which the principal terms are included in a memorandum filed with the Secretary for record.

On motion of Dr. Meyer, the Secretary was instructed to record in the minutes the Board's commendation of the Provost and its approval of his methods of approach in this matter.

On motion of Mr. Davis, the Secretary was instructed to record in the minutes and send to Mayor Kelly an expression of the Board's appreciation of the cordial cooperation of the Mayor and his associates.

For action on the specific terms of the proposed lease, see page 1161.

#### RELEASES OF FUNDS FROM STATE-WIDE PUBLIC WORKS PROJECTS APPROPRIATION

(12) A report that Governor Dwight H. Green has authorized the release of funds from the appropriation made to the University of Illinois by the 64th General Assembly in the "Act making appropriations for a State-wide system of public works projects, including all ordinary and contingent expenses relating thereto," as follows:

##### *Release No. 195*

"For construction of fire protection facilities and equipment (to meet National Board of Fire Underwriters recommendations, partial)...\$120 000"  
 Amount released..... 21 500

##### *Release No. 196*

"For construction of phone service extensions.....\$ 38 000"  
 Amount released..... 38 000

##### *Release No. 201*

"For contingencies to cover expenditures for purposes for which the amount appropriated in any item above enumerated is or becomes insufficient.....\$500 000"  
 Amount released ..... 122 050

This is to be used to augment Releases No. 2 and No. 99, totaling \$680,000, from the appropriation item "construction of Power Plant addition and equipment."

*Release No. 203*

"For construction of additions to Utilities Distribution Systems.....\$791 000"  
 Amount released..... 749 473

This is to be used to complete the project as designated in the title for this item, the funds for plans and specifications having been released from this item under date of September 25, 1945, covered by release No. 3.

Appropriations by the Board of Trustees of the amounts listed above for the purposes indicated are requested.

On motion of Mr. Nickell, this report was received for record, and the funds released were appropriated as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Luken, Mr. McKelvey.

#### CONSTRUCTION OF CONCRETE BENCHES FOR FLORICULTURE GREENHOUSE

(13) The Department of Horticulture requests the transfer of \$1,100 from Unappropriated Agricultural Income to cover the cost of construction of concrete benches and tanks for experimental work in Floriculture, the construction to be done by the Physical Plant Department. The Department has found that the cement type of construction which was installed formerly is the best that can be obtained. The Department has over \$8,000 of unappropriated excess receipts. The Comptroller recommends approval of this request, in which I concur.

On motion of Mr. Nickell, this appropriation was made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Luken, Mr. McKelvey.

#### CHANGES IN BUSINESS OFFICE STAFF

(14) C. A. Webber, who for the past 25 years has been connected with the University Business Office and for the past nine years has been Bursar, has resigned as of June 30, 1946, to become President of the newly organized Champaign County Bank and Trust Company.

On the recommendation of the Comptroller, I have approved the following changes effective July 1, 1946:

1. Charles Clifton DeLong, now Assistant Comptroller, to become Bursar at a salary of \$5,100.
2. Herbert O. Farber, now Assistant Auditor, to become Assistant to the Comptroller at a salary of \$3,996.

On motion of Mr. Nickell, these changes were authorized, subject to the approval of Dr. Stoddard.<sup>1</sup>

#### CONTRACT FOR RENTAL OF TABULATING MACHINES

(15) The Comptroller requests authorization for the rental of tabulating machines at a cost of \$11,803.20, for the use of the Business Office Tabulating Division, from the International Business Machines Corporation, for the year July 1, 1946, to June 30, 1947.

Competitive bids were not asked, as the tabulating systems are built up around International Business Machines equipment and no other machines can be used. These machines are available on a rental basis only. This is the total cost for the year on the equipment now in our possession, and will be subject to change as equipment is changed during the year. This is merely a continuation of present arrangements. This service is operated as a revolving account and is charged to departments at cost:

<sup>1</sup> Dr. Stoddard notified the President of the University on June 19, 1946, of his approval of these changes.

1 Duplicating key punch.....	\$ 14 40
4 Printing punches, at \$28.....	112 00
1 Duplicating printing punch.....	40 00
1 Mechanical verifier.....	5 20
2 Sorters, at \$32.....	64 00
2 Alphabetical electrical accounting machines, at \$292	584 00
1 Automatic reproducer.....	80 00
1 Transfer posting machine.....	20 00
1 Collator .....	64 00
<i>Total per month.....</i>	<i>\$ 983 60</i>
<i>Total per year.....</i>	<i>\$11 803 20</i>

The Comptroller and Secretary request authority of the Board to execute such a contract. I recommend approval.

On motion of Mr. Fornof, the execution of this contract was authorized as recommended.

**RESOLUTION FROM AMERICAN ASSOCIATION OF UNIVERSITY  
PROFESSORS REQUESTING SALARY INCREASES TO  
MEET INCREASED LIVING COSTS**

(16) The University of Illinois Chapter of the American Association of University Professors has sent me the following letter and resolutions.

June 13, 1946

TO THE PRESIDENT OF THE UNIVERSITY:

On June 4th a meeting of the local chapter of the American Association of University Professors was held, at which the enclosed resolution was unanimously adopted. This petition has been circulated throughout the University for the signatures of the academic staff. A committee, consisting of the officers of the association, was directed to present this resolution to you for transmittal to the University Council and to the Board of Trustees at their next meeting.

The A.A.U.P., in sponsoring this resolution, has acted as an organizing agent for the faculty as a whole at the request of many members of the faculty who are not affiliated with the A.A.U.P.

It is our hope that you will present this resolution to the University Council at an early date and to the Board of Trustees at the next meeting which we understand will take place on June 15th.

According to instructions contained in the last paragraph of this resolution, the committee has sent copies of the resolution to Deans and Directors of Colleges and Schools and to Heads and Chairmen of Departments.

The resolution has been signed by 764 members of the University Staff up to date, but further signatures are expected as soon as contacts can be made.

COMMITTEE OF THE A.A.U.P.

June 4, 1946

**RESOLUTION:** Relative to Salaries at the University of Illinois. Adopted and sponsored by the University of Illinois Chapter of the American Association of University Professors.

*Whereas:* Official estimates place the rise in the cost-of-living at not less than 33 per cent since January 1st, 1941, and

*Whereas:* Changes in wages and salaries of the academic staff at the University of Illinois since 1941 have been mainly confined to merit increases

and reclassification, although official government wage stabilization policy has recognized an adjustment of 33 per cent of basic wage and salary rates over January 1st, 1941, as a minimum cost-of-living adjustment and such adjustments have been generally made in industry and government, in addition to merit and reclassification increases, and

*Whereas:* The Board of Trustees of the University and the State Legislature have recognized and granted specific cost-of-living adjustments for the non-academic staff since January 1st, 1941, amounting to approximately 25 per cent, and

*Whereas:* The increased demands on the University for the education of veterans and preparation of citizens for the critical years ahead, impose on the University of Illinois the obligation to retain and recruit an adequate and highly qualified professional staff, and

*Whereas:* These ends can be accomplished only if necessary wage and salary adjustments for the academic staff are made promptly, be it, therefore,

*Resolved:* That the Board of Trustees be requested to take immediate action to provide the necessary funds for the 30 per cent salary adjustment needed to maintain present staff and to recruit additional personnel necessary to provide the quality of training to which the veterans and other students at the University are entitled, and also,

*Resolved:* That the President of the University of Illinois Chapter of the American Association of University Professors appoint a Committee to (1) circulate this resolution among the Faculty for signature, (2) present this resolution to the President of the University for transmittal to the Board of Trustees, The University Council, Deans, Directors, Heads and Chairmen of departments, and (3) cooperate with the President of the University and the Board of Trustees in the attainment of these objectives.

On motion of Mr. Davis, this matter was referred to Dr. Stoddard for study and report at an early date, as soon as studies now in process are completed.

#### ARCHITECTURAL PLANS FOR NEW BUILDINGS

At this point, the President of the University introduced Mr. E. L. Stouffer, Architect, who showed campus plans and architectural sketches of proposed buildings on the Urbana Campus and in Chicago, and commented on the detail of the plans, particularly in relation to the style of buildings already erected.

President Willard also introduced Dean Rexford Newcomb, Chairman of the Campus Planning Advisory Committee, who commented on the work of his committee.

President Livingston and President Willard thanked Mr. Stouffer and Dean Newcomb for their presentation, and they withdrew.

#### EXECUTIVE SESSION

The Board continued, in executive session, the consideration of matters presented by the President of the University.

#### LEAVE OF ABSENCE FOR DEAN H. P. RUSK

(17) A recommendation that Dean H. P. Rusk of the College of Agriculture, Director of the Agricultural Experiment Station, and Director of the Extension Service in Agriculture and Home Economics, be given a leave of absence on full pay on account of illness for a period of six months from June 1, 1946. Dean Rusk has submitted to a major operation and his physician has advised that he be given a leave of absence for the period indicated.

His administrative responsibilities have been assigned as follows:

Associate Dean R. R. Hudelson will act as Dean of the College of Agriculture.

Professor W. E. Carroll, Head of the Department of Animal Husbandry, will act as Director of the Agricultural Experiment Station. He will also serve as Acting Chairman of the Executive Committee of the College of Agriculture, the Agricultural Experiment Station, and the Extension Service in Agriculture and Home Economics. Department Heads constitute the Executive Committee.

Associate Director J. C. Spittler will act as Director of the Extension Service in Agriculture and Home Economics.

On motion of Mr. Davis, this leave was granted as recommended, and the assignment of administrative responsibilities was approved and confirmed.

#### HOUSING SITUATION

(18) The housing situation at the University of Illinois has been and will remain extremely critical for months to come. In addition to the serious shortage of facilities, the campus has undergone several major shifts in the character of its student body during the last four years. Prior to the war, men and women students on the campus were in the ratio of three to one, and all plans for housing were based on this ratio. During the war, with decreased enrollments, the ratio was three women to one man. At the present time, two-thirds of the students are men and one-third women, and yet, for the last three semesters, the total number of women has been about fifteen hundred greater than at any time in the history of the institution. Also, the University will attempt to provide for nearly 2,500 more students than have ever resided on the local campus. Several thousand veterans are considerably older and more mature than their fellow students.

These facts create social and other problems of great difficulty. The rapid shifts in the character of the student body have created serious displacements in places of residence as between men and women, as between members of different racial and religious groups, and as between older and younger students. These displacements, in their turn, could easily give rise to misinterpretations, tensions, and misunderstandings. The Board of Trustees, the President, and the faculty of the University of Illinois fully recognize the urgency of these problems and the personal and social distress caused by the rapid changes in the character of the student population. Every effort is being made to resolve these difficulties as promptly and as democratically as possible.

The Provost read this statement and commented on it.

#### CHICAGO BRANCH

Discussion of the Chicago branch was resumed, and additional statements were made by Professor Griffith, Mr. Morey, and Director Havens.

On motion of Dr. Meyer, the Board approved, in principle, the main terms of the proposed agreement with the City of Chicago for the rental of space on the Municipal Pier for educational and related purposes, and authorized the President through officers to be designated by him, to seek clarification of certain items, including the proposed insurance responsibility, the responsibility for the restoration of the Pier, the ownership of property released by the Navy, the question of parking and noise level, and such other matters as might need further study and negotiation, the whole proposal then to be given the form of a lease for the final consideration of the Board.

#### NEW BUILDINGS FOR CHEMISTRY AND CHEMICAL ENGINEERING

(19) The Board has taken action looking to the acquisition of property east of Mathews Avenue in Urbana as a site for buildings for Chemistry and Chemical Engineering. The owner has refused all offers below his original price of \$100,000.

Professor Roger Adams, who was introduced, commented on the

situation and urged that action be taken to enable the department and the architects to start the first two units and proceed with orderly planning.

Director Havens and Mr. Morey also commented.

The President of the University and the President of the Board were requested to take the matter up with the Governor.

#### EXCHANGE OF PROPERTY IN CHICAGO

At this point, Dr. Meyer stated that the widening of Congress Street in Chicago would take away property now used for the postgraduate work in Medicine at Cook County Hospital, and requested approval of an exchange of a University lot on Wood Street, to be used for the postgraduate work, for a lot in the medical district now owned by Cook County.

On motion of Mr. Davis, this exchange was authorized, and the Legal Counsel was instructed to prepare the necessary documents.

The Board adjourned, to meet on call of the President of the Board.

PARK LIVINGSTON  
*President*

#### ADJOURNED SESSION, JUNE 27, 1946

When the Board met at 9:30 a.m. on Thursday, June 27, 1946, at the University Club in Chicago, the following members were present: President Livingston, Mr. Fornof, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson. General Davis and Superintendent Nickell took their places with the Board later in the day.

President Willard was present; also Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Mr. C. R. Griffith, Provost, Mr. W. E. Britton, Legal Counsel, Mr. C. C. DeLong, Assistant Comptroller, and, during part of the day, Dean R. B. Allen, Dr. Eric Oldberg, Dean A. J. Harno, Director C. S. Havens, and Director J. F. Wright.

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered, in Executive Session, the following matters presented by the President of the University.

#### CHEMICAL ENGINEERING AND CHEMICAL LABORATORIES BUILDING

(1) At its meeting on June 15 the Board of Trustees received communications from Professor Roger Adams, Head of the Department of Chemistry, and Director C. S. Havens, of the Physical Plant Department, concerning the construction of the Chemical Engineering Building and equipment and the Chemical Laboratories and equipment. Professor Adams also discussed two plans for the construction of these buildings. Since a quorum of the Board was not present

when this presentation was completed, it was not possible to take formal action on the question of public policy involved. It is, therefore, requested that the Board give the matter further consideration.

Letters from Professor Roger Adams and Director C. S. Havens are attached to this memorandum. Professor Adams urges that the Board decide immediately on one of two proposals:

1. To purchase the land needed for the price asked; to complete the architectural drawings for the present and future buildings of chemistry and chemical engineering; to condemn the balance of the properties in the block; to build now as much as possible with the funds available.

2. To design and build a chemical engineering unit on the property now owned by the University at the corner of Mathews and California with the two top floors constructed for chemical laboratories; to condemn all the properties in the block not now owned by the University.

On motion of Dr. Meyer, proposal No. 2 was approved and adopted, and the proper officers of the University were authorized and instructed to proceed with the necessary steps to acquire by eminent domain the property not now owned by the University in the block bounded by Mathews, California, Goodwin, and Oregon, in Urbana. The authority to exercise the right of eminent domain was granted by the following vote: Aye, Mr. Fornof, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Mrs. Grigsby, Dr. Luken, Mr. Nickell.

#### PURCHASE OF LAND FOR AIRPORT

(2) The Director of the Institute of Aeronautics recommends that the University purchase from Mr. Hartwell C. Howard an area of land approximately 400 feet wide and 2,603 feet long north of the present access road to the University of Illinois Airport. The purchase of this property is desirable to provide for a future double lane road and as protection against encroachment.

Mr. Howard has indicated interest in purchasing from the University the Kimmel farm, adjoining but not now a part of the Airport. In the opinion of the Director this land is not needed for future development.

The Director also recommends the purchase from the estate of Mr. C. E. Ross a strip of land 920 feet by 400 feet adjoining United States Highway 45.

It is possible to consummate a part of the transactions through an exchange of property with Mr. Howard whereby the University would receive a cash balance which could be applied toward the purchase of the Ross property.

I recommend that this be referred to the Committee on Buildings and Grounds with authority to conduct the necessary negotiations if the Committee is prepared to recommend the purchase and sale of the properties as recommended by the Director, all transactions to be subject to final approval by the Board.

On motion of Mr. Fornof, this recommendation was adopted.

#### X-RAY SERVICE BY STATE DEPARTMENT OF PUBLIC HEALTH

At this point, President Livingston presented a letter from Dr. Roland R. Cross, Director of Public Health.

June 20, 1946

*Mr. Park Livingston*  
*President of the Board of Trustees*  
*University of Illinois*

DEAR MR. LIVINGSTON:

The problem of tuberculosis in Illinois is one which can and should be effectively solved. One of the most valued approaches to a solution of this problem is the use of mass x-ray surveys by which early cases of this disease may be discovered. It is during the early stages of tuberculosis when few symptoms are present that treatment is most effective. It is also during this stage that prevention of spread can be accomplished best.

Recognizing these facts, the State Department of Public Health has purchased and now has in operation mobile x-ray laboratories which are capable of x-raying 200 to 300 individuals a day. Many communities and colleges have already taken advantage of these facilities and the effectiveness of the case-finding program has been demonstrated to the satisfaction of all. The experience among approximately 20,000,000 men and women examined for military service also clearly demonstrated the soundness of mass x-ray surveys.

The University of Illinois is a community of thousands of young students who would benefit greatly from such a survey. In the age groups of 15 to 19 and 20 to 24, the records show that the tuberculosis death rates begin to rise significantly. Inasmuch as a large proportion of the students falls within these age limits, the importance of tuberculosis case-finding efforts among them is obvious. The discovery of early tuberculosis will enable the infected student to recognize the need for treatment long before the disease reaches the hopeless stage.

With these thoughts in mind, I should like to make known to every member of the Board of Trustees that the Department of Public Health stands ready with its facilities and personnel to assist the University in carrying out an x-ray survey of the student population and members of the University staff at any time mutually agreeable.

Very truly yours,

ROLAND R. CROSS, M.D.  
*Director of Public Health*

On motion of Dr. Meyer, this program was approved, and the President of the University was authorized to work out the details with the Department of Public Health and put the plan into effect.

#### VICE-PRESIDENT OF THE CHICAGO COLLEGES

(3) Pursuant to the unanimous recommendation of the Faculty Committee on the selection of the successor to the present Executive Dean, and with the concurrence of Deans Serles, Brodie, and Allen, and with the recommendation of President Willard and President-elect Stoddard, Doctor Andrew Conway Ivy is nominated for the position of Vice-President of the University of Illinois in charge of the Chicago Professional Colleges at an annual salary of \$18,000, effective September 1, 1946.

With the concurrence of the Graduate School, it is recommended further that Doctor Ivy be appointed Distinguished Professor of Physiology in the Graduate School of the University of Illinois without salary on indefinite tenure.

Dr. Oldberg, being introduced, presented the report.

On motion of Dr. Meyer, this appointment was made as recommended.

#### APPOINTMENT OF DR. M. I. GROSSMAN

(4) The Executive Dean of the Chicago Colleges recommends the appointment of Doctor Morton Irvin Grossman as Assistant Professor of Physiology for one year beginning September 1, 1946, at a salary of \$3,750.

On motion of Dr. Meyer, this recommendation was adopted.

#### APPROPRIATION FOR PHYSIOLOGY

(5) Dean Allen requests an appropriation of \$33,500 for the Department of Physiology in the College of Medicine: \$25,000 for remodeling and equipment, and \$8,500 for animal cages.

I concur.

On motion of Dr. Meyer, this appropriation was made, by the following vote: Aye, Mr. Fornof, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Mrs. Grigsby, Dr. Luken, Mr. Nickell.

#### OFFER OF ROBERT ALLERTON

(6) Mr. Robert Allerton of Monticello wishes to deed to the University his estate known as "The Farms" near Monticello for use in educational and re-

search work (in forestry, wild life, and other biological sciences) and for use as a public park to be known as "The Robert Allerton Park." This estate consists of approximately 1,685 acres of forest and garden land. The main house is an English-Georgian mansion and there are other buildings on the area. A part of the area would be deeded separately to the University to be used as a site for a 4-H Club camp and for other 4-H Club activities. The 4-H Clubs of the State are planning to raise funds to build a summer camp as a memorial to 4-H Club members who lost their lives in World War II. Such a camp would be used in the summer months by 4-H Clubs throughout the State. It is desirable that the camp be located near the University campus so that 4-H Club members can be taken to the campus on educational tours.

Mr. Allerton also proposes to provide an endowment for the maintenance and operation of this park by deeding to the University 4,500 acres of farm land in Piatt County, the income from which will be used for that purpose. Such income may not, however, be used for the operation or maintenance of the house. The University will be left free to use the house for any desirable University activities or it may raze it. The University may also sell the farm lands and invest the proceeds in securities for the endowment of the park.

In the event the University fails to use the park for the purpose specified in the deed of gift, all the property, including the endowment lands or endowment securities, shall go to the Chicago Art Institute.

This proposal was presented to the Board of Trustees on September 29, 1944, and the Board approved the plan. It has subsequently been modified in certain details but not in principle. Mr. Allerton is preparing to leave the country in the near future and desires to close this matter as soon as possible. He has asked for a formal acceptance of his offer by the Board of Trustees.

I recommend acceptance.

Dean Harno presented this matter, and commented on the legal features.

Mr. Davis took his place with the Board during the presentation of this matter.

On motion of Mr. McLaughlin, this gift was accepted under the conditions stated.

On motion of Mr. Davis, the Secretary was instructed to send Mr. Allerton an expression of the appreciation of the Board for his most generous gift.

#### LEASE OF NAVY PIER FOR CHICAGO BRANCH

(7) A report of progress in the negotiations for a lease of the Navy Pier for the proposed Chicago Branch of the University.

Professor Griffith presented this report, and stated that the negotiations were proceeding rapidly and that an acceptable conclusion was in sight.

This report was received for record.

At this point, the Board recessed.

#### AFTERNOON SESSION, JUNE 27, 1946

When the Board convened in open session after luncheon, the same members and officers were present as during the morning session.

#### MATTERS PRESENTED BY PRESIDENT WILLARD

The Board considered the following matters presented by the President of the University.

### NAMING OF BUILDINGS

(1) The Executive Committee of the College of Agriculture recommends the renaming of the following buildings:

Old Agriculture Building to be named "Davenport Hall," as a memorial to the late Eugene Davenport, who was Dean of the College of Agriculture, Director of the Agricultural Experiment Station, and Director of the Extension Service in Agriculture and Home Economics. Dean Davenport was a member of the University faculty from 1895 until he retired in 1922. He also served as Vice-President of the University from 1920 to 1922.

New Agriculture Building to be named "Mumford Hall," as a memorial to the late Herbert Windsor Mumford, who was Dean of the College of Agriculture, Director of the Agricultural Experiment Station, and Director of Extension Service in Agriculture and Home Economics. Dean Mumford succeeded Dean Davenport as Dean and Director and served from 1922 until his death in 1938. He previously served as Professor and Head of the Department of Animal Husbandry and was a member of the faculty from 1901 until 1938.

Woman's Building to be named "Bevier Hall," as a memorial to the late Isabel Bevier, who was Professor and Head of the Department of Home Economics. Miss Bevier was a member of the faculty from 1901 to 1921, and from 1928 until she retired in 1930. She was a pioneer in the development of home economics, and one of the distinguished University professors in that field.

Some of these proposals have been submitted to the Board of Trustees previously and have been considered by the Committee on General Policy. Therefore, it seems appropriate to forward this most recent request to the Committee for its study and report to the Board.

On motion of Mr. Davis, these buildings were renamed as recommended.

### USE OF AIRPORT BY CIVIL AIR PATROL

(2) The Illinois Wing of the Civil Air Patrol requests permission to use the University of Illinois Airport on Friday, September 20, to conduct a state-wide aviation show sponsored by the Army Air Forces for the benefit of the Illinois Wing of the Civil Air Patrol. This show will also be given in the Chicago area on Sunday, September 22. All funds obtained from these two shows will be used for the promotion of the Civil Air Patrol and its educational program in Illinois.

Since the proposal involves charging admission to the show, the proceeds of which will be retained by the Civil Air Patrol for its use, I feel it should be brought to the attention of the Board. I recommend approval of the request and authorization to charge admission.

On motion of Mr. Williamson, this request was granted as recommended.

### DELEGATION OF SIGNATURES

(3) Because of the resignation of C. A. Webber, Bursar, and assumption of his duties as of July 1 by C. C. DeLong, certain changes are needed in resolutions delegating the signature of the President of the Board on University checks and approving a deputy for the Comptroller in authorizing withdrawal of securities from safekeeping in the First National Bank of Chicago.

Drafts of such resolutions are attached and adoption is recommended. In each instance the signature of or on behalf of the Secretary of the Board is required, delegations for whom remain unchanged from the original action.

On motion of Mr. Nickell, the following resolutions were adopted.

### DELEGATION OF SIGNATURES — CHECKS

*Resolved*, that the President of the Board of Trustees of the University of Illinois is authorized to delegate the signing of his name as President to vouchers to be presented to the State Auditor, and to warrants drawn on the Treasurer of the University, under the following conditions:

The President of the Board of Trustees is authorized to delegate to C. H. Pratt, to L. M. Dahlenburg, and to W. D. Green in Urbana; and to H. A. Hazleton, to J. F. Knight, and to W. H. Miller in Chicago, authority to sign

his name as President of the Board of Trustees to vouchers against the State Auditor; and to C. C. DeLong, H. F. Thornes, and R. W. Zimmer in Urbana, authority to sign his name to checks drawn on the account: University of Illinois, I. L. Porter, Treasurer; and to H. A. Hazleton, J. F. Knight, and W. H. Miller in Chicago, authority to sign his name to checks on the account: University of Illinois, Chicago Departments, I. L. Porter, Treasurer, covering vouchers approved in accordance with regulations approved by the Board.

This action supersedes the action of March 9, 1946, page 1025, with respect to the delegation of the signature of the President of the Board only.

#### DELEGATION OF SIGNATURES — SECURITIES

*Resolved*, that Lloyd Morey, Comptroller, is authorized to delegate to C. C. DeLong and C. H. Pratt authority to sign his name to orders for the purchase and sale of securities as approved by this Board or by its Committee acting under due authority.

This action supersedes the action of May 12, 1945, page 457, with respect to delegation of the signature of the Comptroller only.

#### PURCHASES AUTHORIZED

(4) The following purchases were recommended by the Purchasing Agent and authorized by the Comptroller. Unless otherwise specified the purchases were made on the basis of lowest bids, ceiling prices, or because the items are non-competitive. Emergency action was necessary to secure delivery in time to meet specific needs or because prices quoted were subject to immediate acceptance.

1. One Hayes type, BA-43 muffled electric, annealing, brazing, and sintering furnace, with transformers and recording controller, for the Department of Electrical Engineering, from C. I. Hayes, Inc., Providence, Rhode Island, at a cost of \$3,332.50.

2. Three hundred seventy-six feet ADSCO Red Diamond brand tin-lined casing, 64 ADSCO alignment guides for above, and 320 lbs. filler pitch for above, for the Physical Plant Department, from the General Meters and Controls Company, Chicago, at a cost of \$2,367.50.

3. One SNJ airplane, one UC-78 airplane, and two steerman's airplanes, for the Institute of Aeronautics, from the U. S. Government, Washington, D.C., at a cost of \$4,940.

4. One automatic milling machine, one Shelton Arbor press, one surface grinder, one electric hoist, one two-spindel delta drill, one carbide tool grinder, one air vise, and one flow bench, for the Institute of Aeronautics, from the War Assets Corporation, Chicago, at a cost of \$1,837.76.

5. Three serological water baths, 30 Kolmer racks for tubes, and 66 Kahn racks, for the Department of Bacteriology, from Arthur S. LaPine and Company, Chicago, at a cost of \$1,011.02.

6. One Acme super-capacity cabinet, 5,000 Acme pocket cards, and 100 Acme transparent signals, for the Department of Veterinary Pathology and Hygiene, from the Acme Visible Records, Inc., Chicago, at a cost of \$1,110.68.

On motion of Mr. Fornof, the action of the Comptroller in authorizing these purchases was approved and confirmed.

#### PURCHASE RECOMMENDED

(5) The Purchasing Agent has proposed and the Comptroller recommends the following purchase.

Two 51" garment presses, air driven, for the Physical Plant Department, Chicago, from the American Laundry Machinery Co., Chicago, at a cost of \$1,170.

I concur in the recommendation.

On motion of Mr. Fornof, this purchase was authorized.

#### INTERNAL BUDGET FOR 1946-1947

(7) The University's internal budget for the fiscal year beginning July 1, 1946, and the academic year beginning September 1, 1946, is submitted herewith (see page 1204). I recommend:

1. That this budget covering the allocation of the University's income from all sources be approved.

2. That the President of the University be authorized to (a) make such changes and adjustments as are needed, (b) make such additional appointments as are necessary, and (c) accept resignations as are offered, in accordance with the needs of the University and the equitable interests involved, within the total income, all such changes to be covered in the Comptroller's quarterly reports.

The Comptroller presented a condensed analysis of the internal budget.

On motion of Mr. Nickell, the internal budget was approved, and authority was granted to the President of the University as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Luken.

#### BUDGET OF PROPOSED CHICAGO BRANCH

(8) A preliminary budget for the proposed Chicago branch on Navy Pier.

##### *Estimated Expenditures*

The Comptroller presented this budget, and commented on it; the Provost also commented on the proposal, and introduced Captain C. C. Caveny, U.S.N., who has been in charge of the educational activities of the Navy on the Navy Pier. Captain Caveny addressed the Board on his work.

On motion of Mr. Davis, the proposed budget was approved, as a working basis, subject to presentation later of a more detailed and exact budget.

#### RESOLUTIONS OF BUDGETARY COMMISSION

President Livingston presented the following resolution passed unanimously by the Illinois Budgetary Commission at a meeting on Wednesday, June 26, 1946.

*Motion made by Representative Williston, seconded by Senator Ryan.*

"Due to the emergency now existing at the University of Illinois, the Illinois Budgetary Commission recommends that the Governor include in any call for a special session, the Supplementary State Appropriations needed by the University of Illinois for the Biennium of 1945-47."

*Motion made by Representative Bruer, seconded by Representative Sullivan.*

"On June 26, the Budgetary Commission, with all Members present except Governor Green and Senator Downing, met with Dr. Willard, President, Dr. Coleman Griffith, Mr. Lloyd Morey, Mr. A. J. Janata, and Mr. Park Livingston. After a full explanation of the request for supplementary state appropriations needed by the University of Illinois for the biennium of 1945-47 the Budgetary Commission agreed unanimously that it is in accord with the University's request."

President Willard commented on these resolutions.

#### SUMMARY OF AGREEMENT ON NAVY PIER

(9) A summary of the proposed agreement with the City of Chicago for the use of the Navy Pier, presented in the form of a preamble and resolution:

*Whereas*, at its meeting in Urbana on June 15, 1946, the Board of Trustees approved in principle the main terms of a proposed lease between the City of Chicago and the Board of Trustees of the University of Illinois for the rental of space by the University, on the Navy Pier, for educational and related purposes, and authorized the President, through officers to be designated by him, to seek verification of certain items and to continue the negotiation with representatives of the City of Chicago, and

*Whereas*, on June 19th, 20th, and 21st, negotiations were continued with representatives of the City of Chicago by University officers designated by the President, and

*Whereas*, the representatives of the University of Illinois and the City of Chicago have agreed tentatively on the main terms of such proposed lease,

*Therefore, be it resolved* by the Board of Trustees of the University of Illinois, that the Comptroller of the University and the Secretary of the Board of Trustees, as duly authorized officers of the Board of Trustees, are hereby authorized, following the approval of the lease by the Executive Committee, to execute a lease of premises on the Navy Pier approximately as follows, and which lease shall embody substantially the following terms:

A. That portion of the North Transit Shed extending from the east wall of the North Head House (Frame 0 to Frame 108, less City shops at Frame 0 to Frame 2), comprising an area 213,340 square feet.

B. Lean-to space 15' x 200' on second level over north edge of space described in "A", comprising 3,000 square feet.

C. The frame building known as the new Mess Hall, located on the second level and along the center line of Navy Pier, extending from Frame 95 to Frame 115, comprising an area of 32,000 square feet.

D. Office space 16' x 31' in roadway side of ground floor of North Head House, comprising 496 square feet.

E. Office space 31' x 135' on third floor of South Head House, comprising 4,185 square feet.

F. Office space 18' x 33' on fourth floor of South Head House, comprising 594 square feet.

for the term of one year expiring on the 30th day of June, 1947, with the privilege of lessee to renew for successive biennial periods up to June 30, 1951, and annually thereafter until June 30, 1954; subject to termination by lessee on six (6) months notice to the City and subject to termination by either party on six (6) months notice to the other party in the event said lease is in effect four (4) years after the making thereof; at an annual rental of thirty-five cents (35¢) a square foot, payable in equal monthly installments in advance; said premises to be used by the lessee for educational purposes; said lease to be on such other terms and conditions and in such form as shall meet the approval of the Corporation Counsel, the Commissioner of Public Works, and the City Comptroller. The Comptroller is also authorized to rent automobile parking space to the lessee on the Navy Pier property of 20,000 square feet at an annual rental of Five Thousand Dollars (\$5,000.00).

Professor Britton presented this resolution.

On motion of Mr. Nickell, this resolution was adopted, and the Comptroller and the Secretary were authorized to execute the lease following approval of its terms by the Executive Committee.

#### BUDGET FOR DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(10) The budget of the Division of Services for Crippled Children for the fiscal year beginning July 1, 1946, is submitted herewith. It is summarized as follows:

	<i>Salaries and Wages</i>	<i>Expense and Equipment</i>	<i>Total</i>

<i>Total</i> .....	<i>\$199 245</i>	<i>\$513 815</i>	<i>\$713 060</i>

In submitting this budget, it should be stated that, although the Division is placed under the general supervision of the University and appropriations for it are made to the University, sufficient information is not available concerning the work and requirements of the Division to review it with the same thoroughness as is done for the University budget, and it is so presented to the Board of Trustees.

It is recommended:

1. That this budget, covering the allocation of the Division's income from appropriations of the State of Illinois and the United States Government, be approved.

2. That the President of the University be authorized to (a) make such changes and adjustments as are necessary, (b) make such additional appointments as are necessary, and (c) accept resignations as offered in accordance with the needs of the Division within the total income.

The Comptroller presented this budget.

On motion of Mr. Williamson, this budget was approved as presented, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Luken.

#### . NONRECURRING APPROPRIATIONS

(11) The following appropriations for 1946-1947 are recommended as nonrecurring items from the General Reserve Fund to supplement the regular internal budget for that period:

On motion of Mr. Fornof, these balances were appropriated as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Mrs. Grigsby, Dr. Luken.

## BUDGET OF ATHLETIC ASSOCIATION

(13) The Director of Intercollegiate Athletics submits on behalf of the Board of Directors of the Athletic Association the proposed budget of the Association for 1946-1947, which is summarized as follows:

*Income:*

Football.....	\$305 000
Basketball.....	10 000
Coupon books.....	25 000
Other sources.....	26 850

\$366 850

*Expenditures.....* 362 580

*Excess of income over expenditures.....* \$ 4 270

On July 1, 1945, the Association had a net operating surplus of \$126,642, a reserve of \$42,000 for maintenance and replacement of plant, and a reserve of \$55,330 for equipment replacement. It is estimated that on June 30, 1946, the operating surplus will be \$208,667, the reserve for plant maintenance and replacement will be \$52,000, and the reserve for equipment replacement will be \$48,520.

The budget has been examined by the Comptroller, and all salaries have been reviewed by the President, and those paid jointly by the Athletic Association and the School of Physical Education are concurred in by the Director of the School of Physical Education.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments as are necessary, including new appointments and acceptance of resignations as are recommended by the Board of Directors of the Athletic Association within the total estimated income.

On motion of Mr. Davis, this budget was approved, and authority was granted, as recommended.

## LETTER FROM ALUMNI ASSOCIATION

President Livingston presented a letter from Mr. C. E. Bowen, Executive Director of the Alumni Association, with attached resolutions.

This matter was referred to the Committee on Alumni for consideration and report.

June 19, 1946

*Mr. Park Livingston  
c/o Dean Milk Company  
20 North Wacker Drive  
Chicago, Illinois*

DEAR MR. LIVINGSTON:

At the last meeting of the Board of Directors of the University of Illinois Alumni Association, the Board took action on certain things which should be referred to the Board of Trustees. I am taking the liberty, as Secretary of the Board of Directors, to pass these along to you for their consideration and final disposal. They are numerated below:

1. That the Board of Trustees make an appropriation for the purpose of securing chest X-rays on all students, particularly veterans, at least once annually for the purpose of detecting tuberculosis.

2. That the Trustees and administration speed their plans for a comprehensive nursery school and pre-school program.

3. That the Trustees instigate a reorganization of the Health Service for more thorough and effective work.

4. That the Trustees appropriate sufficient funds for the employment of a full-time Public Health nurse for the veterans' villages.

You are probably aware of the fact that we have a committee that is working with the returned veterans in an effort to help them solve their problems. Much of the action in regard to returned veterans has been obtained from close contact and from meetings with campus veterans who have been selected in an impartial and unbiased manner.

The Board of Directors also adopted a resolution providing for the screening of out of state students. A copy of that resolution is attached to this letter and I believe it is self-explanatory.

In addition to the above the following action should be reported to the Board of Trustees: (from the Minutes of the Board of Directors meeting on June 1, 1946).

"Mrs. Carlson brought up the subject of adverse publicity about the University that is appearing in newspapers throughout the country. A short discussion followed but no action was taken.

"Mr. Watson moved that the Board give its approval to the action of the University and the Trustees in promoting better housing facilities for the students and that we urge them to take every reasonable step to increase the facilities, including a consideration of a University supervised trailer camp for students. The motion was seconded by Mr. Marsteller and carried.

"Mr. Watson then moved that the Board of Directors favor the calling of a special session of the General Assembly to immediately provide additional housing facilities at the University. The motion was seconded and carried.

"Mr. Watson moved that the Board oppose the taking away of the recreational and physical training facilities of the students and we favor increasing those facilities as much as possible, including the erection of the all-purpose health and recreation building. We have in mind especially the retention of the ice rink. The motion was seconded and carried.

"Mr. Pierson moved that the Board approve the four-point program as proposed by the University at the meeting in Springfield on May 29, 1946. The motion was seconded and carried."

I hope that as the occasion demands you and the Board of Trustees will solicit the support of the alumni Board for those things beneficial to the University.

Very truly yours,

C. E. BOWEN '22

*Executive Director*

### RESOLUTION

*Whereas*, the University of Illinois is extremely liberal in its requirements for admission of students who are not residents of the State of Illinois; and

*Whereas*, due to that fact the University has had many non-resident students who had no reason for entering the University other than their inability to qualify for entrance at other universities; and

*Whereas*, under present conditions there will undoubtedly be many more non-resident applicants seeking admission solely for the reason above stated which is very likely to result in many undesirable applicants being accepted under the present admission requirements; and

*Whereas*, the laws of the State of Illinois permit the establishment of requirements for admission for non-residents of the State of Illinois different from the minimum requirements for residents of the State; and

*Whereas*, it is believed that this is a very opportune and propitious time to suggest the establishment of a permanent policy regulating the admission of non-resident students.

*It is hereby resolved:*

1. That the Board of Directors of the University of Illinois Alumni Association recommend to the President of the University, the Board of Trustees of the University and the Senate of the University that immediate steps be taken to establish a plan for selection of non-residents of the State of Illinois who seek admission to the University.

2. That a plan for such selection be adopted whereby the establishment of a Committee for Admissions of Non-Residents be authorized, and such committee appointed, with full power and authority to pass upon the qualifications for admission of non-resident applicants subject only to limitations as follows:

a. That the requirements for admission of any child of an alumnus of the University shall be the same as those from time to time established for residents of the State of Illinois.

b. That the qualification shall not be dependent upon high school grades.

c. That it designate, wherever possible, alumni of the University to person-

ally interview each applicant and report fully thereon as requested by the Committee together with such alumnus' recommendation as to the desirability of such applicant.

d. That primary importance be attached by said Committee to the aforesaid recommendation of such alumnus.

e. That such requirements be at all times elastic enough to eliminate the possibility of admission being denied to an applicant who is unusually qualified in any respect.

3. That, if possible, there be included in the membership of such Committee the Executive Director of the Alumni Association.

#### LETTER FROM ILLINOIS FIREMEN'S ASSOCIATION

President Livingston presented also a letter from the Illinois Firemen's Association, Incorporated.

This letter was referred to the President of the University.

June 20, 1946

*Honorable Park Livingston  
20 North Wacker Drive  
Chicago 6, Illinois*

DEAR MR. LIVINGSTON:

The Fire College Committee of the Illinois Firemen's Association has decided to introduce a bill in the General Assembly at the first opportunity in either a regular or special session, requesting an ample appropriation for the construction of a Model Fire Station at the Wright Street location on the Champaign-Urbana Campus of the University of Illinois, in accordance with plans approved by the National Board of Fire Underwriters.

Having come to the above decision, we wish to withdraw our objections to the expenditure of all funds referred to in a letter addressed to you by President Willard of the University of Illinois under the date of June 12, 1946, except Item E referring to the remodeling of its present fire station. This amount is listed at \$16,225.00. To this we continue our objections because of the hazards involved and to the inaccessible location of the present station.

It is believed that if the University of Illinois authorities will cooperate in supporting the proposed bill for a new station, it will be approved, and we believe that the proposed facilities can be built in ample time to house the new equipment to be acquired.

Respectfully submitted for the Committee by

WILLIAM R. STONEHAM, *President*  
R. W. ALSIP, *Secretary*

#### ARTHUR CUTTS WILLARD

Mr. Nickell presented the following tribute to President Willard. On motion of Mr. Nickell, this tribute was unanimously adopted, by rising vote.

Dr. Arthur Cutts Willard, an eminent engineer, teacher, author, and conductor and director of research, became the ninth President of the University of Illinois on July 1, 1934. At that time, the nation was in the midst of a worldwide economic depression. The resources for the operation of the University were decreased, and nothing seemed available for expansion. Nevertheless, Dr. Willard, by initiating and securing the passage of legislation to implement the construction of buildings by Federal grants, loans, and by the use of income, carried out a substantial building program without State appropriations. During his presidency, the enrollment of students in the University has reached the highest peak in history, and the General Assembly made the largest appropriations ever given for operation and for buildings.

On the outbreak of World War II, President Willard was prompt to place all the facilities of the University at the disposal of the Nation. Thousands of soldiers and sailors were housed and trained here. Important research was conducted in many fields. More than twenty thousand students and six hundred

members of the staff entered the service, of whom more than seven hundred fifty made the supreme sacrifice.

The thousands of pages of the records of the meetings of this Board since July 1, 1934, give abundant evidence of the progress of the University as an educational institution and of the wisdom and skill of Dr. Willard in conducting its affairs.

As Dr. Willard reaches the end of his term of active service, the Board of Trustees acknowledges with great appreciation the substantial contribution he has made to the development of the University of Illinois, and directs its Secretary to make this statement a part of its permanent record, and to send a copy to Dr. Willard.

For Dr. Willard and his gracious wife, the Board wishes many years of good health and happiness.

President Willard expressed his appreciation, and acknowledged the cooperation during his term as President, of the Board, the General Assembly and State officers, the public, the Alumni, and the members of the faculty and staff.

#### DEGREES CONFERRED

The Secretary presented for record the list of degrees conferred at Urbana, June 16, 1946, and in Chicago, March 30 and June 21, 1946 (see pages 1183-1203).

#### APPOINTMENTS MADE BY THE PRESIDENT

The Secretary presented also for record the following list of appointments made by the President of the University.

ANTHONY, MRS. CAROL HORTON, Binding Assistant in the Library, beginning June 24, 1946, and continuing through August 31, 1946, at a salary at the rate of one thousand nine hundred twenty dollars (\$1920) a year. (June 18, 1946)<sup>1</sup>

BAUMAN, EDWARD ROBERT, Research Graduate Assistant in Civil Engineering, in the Engineering Experiment Station, on one-half time, beginning June 24, 1946, and continuing through August 31, 1946, at a salary at the rate of one hundred dollars (\$100) a month. (June 24, 1946)

## THE UNIVERSITY BUDGET FOR 1946-1947

(Approved by the Board of Trustees June 27, 1946, page 1168)

## EXPLANATORY NOTES

This budget consists of two volumes: (1) Summaries, Academic and Administrative Salaries, Wages, and Expense and Equipment; (2) Nonacademic Salaries.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1946.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance lapses at that time.

Funds appropriated for positions in the salary budget which are not yet filled may, pending regular appointments, be drawn against by voucher to the Business Office for services of employees temporarily engaged to do the work contemplated by the position. Such temporary charges *may not exceed the amount of time provided* by the position unless indicated herein or otherwise approved by the President.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered.

Departmental appropriations are made under the captions "Salaries," "Wages," and "Expense and Equipment." No transfers may be made between "Salaries" and other captions except with the approval of the President of the University. *Requests for such changes should be submitted to the Comptroller.* Adjustments may be made between "Wages" and "Expense and Equipment" upon written request to the Comptroller.

Appropriations for Expense and Equipment and for Wages are available for one year beginning July 1, 1946, and ending June 30, 1947. All unexpended balances in Wages appropriations lapse June 30, 1947, and *unencumbered* balances in Expense and Equipment appropriations lapse on that date. Allowable encumbrances for which funds will be carried forward on June 30, 1947, are only those for the purchase of equipment and other capital items.

All new positions classified as permanent and continuous should be included in the salary budget and must not be charged to any wages appropriation except in those departments submitting supplemental budgets detailing such wage appropriations.

*Unless otherwise indicated in the budget:*

1. The service required under appointments in this budget to positions on the teaching faculty covers the academic year of the University, not including the Summer Semester. Salaries of such positions of the rank of Associate and above are paid in twelve equal monthly installments; salaries of other ranks, in ten equal monthly installments.

2. The service required in all positions in experiment stations and bureaus of research, and in research positions in other departments, is for a full year of twelve months, with allowance of one month for vacations, and salaries are paid in twelve equal monthly installments. In these positions the letter "Y" follows the tenure symbol.

3. The service required in all other positions, unless otherwise indicated—administrative, clerical, and service positions—is for a full year of twelve months, with allowance for vacations, and salaries are paid in twelve equal monthly installments. All such positions in the academic budget are indicated by the letter "Y" following the tenure symbol.

*Symbols:*

A — Indefinite tenure.

B — Two years from September 1, 1945.

D — One year from September 1, 1946.

E — Ten months from September 1, 1946.

G — Special tenure.

H — July 1, 1946, to June 30, 1947.

Y — Indicates that services are required throughout the year, except for allowable vacation, without additional compensation.

*Part-time:*

When any of the above symbols is combined with a number, the number indicates the fraction of time in per cent covered by the position.
