shall be redeemable as a whole prior to their maturity on any interest payment date at the option of said Board of Trustees of the University of Illinois on or after October 1, 1949, and up to and including April 1, 1953, at par and accrued interest and a premium of two per cent of the principal amount thereof.

Bonds numbered 286 to 425, inclusive, maturing on October 1 of each year, beginning with October 1, 1954, up to and including October 1, 1957, shall be redeemable prior to maturity on any interest payment date at the option of the Board of Trustees of the University of Illinois as a whole or in part through operation of the sinking fund on or after October 1, 1953 and until maturity at par and accrued interest and a premium of one per cent of the principal amount thereof; provided, however, that if bonds numbered 286 to 425, inclusive, are called in part through the operation of the sinking fund, they shall be called and redeemed in the inverse order of their maturities. That is to say, bonds maturing on October 1, 1957 shall be called and paid before any bonds maturing October 1, 1956 and so on. If sinking fund moneys are on hand sufficient to redeem some, but not all of said bonds of any maturity at any time when such bonds become redeemable pursuant to the terms of this ordinance, the said bonds to be redeemed shall be designated by lot in any usual manner by the depository hereinafter mentioned.

Notice of redemption of any or all of said bonds shall be given by publication at least once not less than thirty days prior to the date of redemption, such publication to be made once in one newspaper published and of general circulation in the City of Chicago, Illinois, and such notice of redemption shall, with substantial accuracy (a) designate the date and place of redemption, such place to be at the office of the Depository hereinafter mentioned in the City of Chicago and State of Illinois; and (b) designate the numbers and the aggregate principal amount of such bonds; and (c) state that on the designated date of redemption said bonds will be redeemed by payment of principal thereof and the accrued interest thereon to date of redemption, plus the applicable redemption premium, and that from and after the designated redemption date interest in respect of all bonds so called for redemption shall cease.

Any of said bonds may be registered as to principal at any time prior to maturity in the name of the holder on the books of registration of said University to be kept in the office of the Depository hereinafter mentioned, such registration to be noted on the reverse side of the bonds by the said Depository as registrar. After such registration no transfer of such bonds shall be valid unless made on the said books by the registered owner in person or by his duly authorized attorney and similarly noted on such bonds. Upon presentation of any of such bonds registered as to principal, accompanied by a written instrument of transfer satisfactory to the Depository hereinafter mentioned, executed by the registered owner, or by a duly authorized attorney, such bond shall be transferred upon such books. The registered owner of any such bond registered as to principal shall also have the right to cause the same to be discharged from registration by transfer to bearer, in which case transferability by delivery shall be restored, and thereafter the principal of such bond when due shall be payable to the person presenting such bond. Any such bond registered as payable to bearer may be registered again in the name of the owner with the same effect as the first registration thereof. Successive registrations and transfers as aforesaid may be made from time to time as desired. Registration of any of such bonds shall not affect the negotiability of the coupons thereto attached, but such coupons shall be transferable by delivery merely and payable to the bearer thereof.

Said bonds shall be signed by the President and two members of the Board of Trustees of the University of Illinois, sealed with the corporate seal of said University, attested by the Secretary of said Board, and the interest coupons attached to said bonds shall be authenticated by the facsimile signature of the Treasurer of the University of Illinois.

Both principal and interest of this bond are hereby made payable in lawful money of the United States of America at The Northern Trust Company, in the City of Chicago and State of Illinois.

This bond is one of an authorized issue of Four Hundred Twenty-five Thousand Dollars (\$425,000), all of like date, tenor and effect, except as to rate of interest, maturity and redemption privilege, and is issued under authority of an Act of the Legislature of the State of Illinois, entitled "An Act to authorize the Board of Trustees of the University of Illinois to provide for the payment and termination of any trust created by and between the Board of Trustees and any person or corporation pursuant to any law involving any building used by said University for student social activities or educational purposes, or for the acquiring or reacquiring of property or interest in property used by said University for student social activities or educational purposes and conveyed in connection with the creation of such trust by said Board of Trustees pursuant to any existing law, levy and collect service charges, rates or rentals for the use thereof, to complete the construction of or equip any such buildings, defining the duties of said Board with respect to operation and maintenance and construction thereof, and providing for and authorizing the issue of bonds to defray the cost thereof payable solely from the revenues derived from the operation of any such building or buildings and for the refunding of any such bonds," approved May 17, 1941, as amended, and a resolution duly adopted by the Board of Trustees of the University of Illinois, for the purpose of defraying the cost of terminating an existing trust and reacquiring the interest in the Illini Union Building located on the campus of the University of Illinois, in the City of Urbana, Illinois, conveyed pursuant to said existing trust entered into between the Board of Trustees of the University of Illinois and the University of Illinois Foundation, a non-profit corporation duly organized under the Laws of the State of Illinois, and is payable solely from the net revenue to be derived from the operation of said building, and not otherwise, and this bond and the series of which it forms a part do not constitute an indebtedness of said University or of the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University or the State of Illinois is pledged to the payment of this bond or the interest thereon.

Under said Act of the Legislature of the State of Illinois and the said resolution adopted pursuant thereto, the net revenue derived from the operation of said building shall be deposited with The Northern Trust Company, in the City of Chicago, Illinois, under a Deposit Agreement entered into between the Board of Trustees of the University of Illinois and the said Bank, and used only for the purpose of paying the fees and expenses of such Depositary, principal of, premium if any and interest on the bonds of said University that are issued under authority of said Act of the Legislature of the State of Illinois and the resolution of the

Board of Trustees, hereinabove referred to, and which are payable by their terms only from the net revenue of said Illini Union Building located on the campus of said University, in the City of Urbana, Illinois.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to and in the issuance of this bond by the Constitution and Statutes of the State of Illinois, and the applicable resolutions of said Board of Trustees of the University of Illinois, have been done and have happened and have been performed in regular and due form and time as required by law and that provision has been made for depositing the net revenue derived from the operation of said building with the said The Northern Trust Company, to be applied in the manner as hereinabove set forth.

Bonds numbered 101 to 425, inclusive, of this authorized issue are redeemable as a whole prior to maturity at the option of the Board of Trustees of the University of Illinois on any interest payment date on or after October 1, 1949, and up to and including April 1, 1953, at par and accrued interest and a premium of two per cent of the principal amount thereof. Bonds numbered 286 to 425, inclusive, are redeemable as a whole at the option of the Board of Trustees of the University of Illinois or in part through operation of the sinking fund in the inverse order of their maturity, on and after October 1, 1953 and prior to maturity thereof, at par and accrued interest and a premium of one per cent of the principal amount thereof. If sinking fund moneys are on hand sufficient to redeem some but not all of any maturity of said bonds numbered 286 to 425, inclusive, at any time when such bonds become redeemable, the said bonds to be redeemed shall be designated by lot in any usual manner by the Depositary hereinabove referred to.

Notice of redemption shall be published once not less than thirty days prior to the date of redemption; such publication to be made in one newspaper published and of general circulation in the City of Chicago, Illinois, and when this bond shall have been called for redemption, interest thereon shall cease from and after the specified redemption date.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Depositary hereinabove mentioned, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer thereof.

This bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, howsoever such possession may have been acquired, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and the said University and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered and the bearer of any interest coupon appertaining hereto as the absolute owner thereof for all purposes.

Said University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the resolution adopted by the Board of Trustees of said University of Illinois, authorizing the issue of this bond and the series of which it forms a part and as provided in the Deposit Agreement hereinabove referred to, and hereby irrevocably obligates itself to deposit the net revenue derived from the operation of said building with the said Depositary, to administer the said net revenue as provided for in and by said Deposit Agreement, and to establish from time to time charges and fees for the use of said building and to maintain and collect charges and fees sufficient to pay the cost of maintenance and operation of said building, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues until all of such bonds have been paid in full, both as to principal and interest.

IN WITNESS WHEREOF, said University of Illinois, by its Board of Trustees, has caused this bond to be signed by the President of the Board of Trustees and two members thereof, its corporate seal to be hereto affixed, attested by the Secretary of said Board, and the coupons hereto attached to be authenticated by the facsimile signature of the Treasurer of said University, and this bond to be dated the first day of October, 1947.

SECTION 1. The University covenants that proper books of record and account will be kept, in which full, true and correct entries will be made of all income, expenses and financial transactions of and in relation to the said building, and that it will furnish to the Depositary, on or before September 1, 1948, for that period from October 1, 1947 to June 30, 1948 and on or before September 1 in each year thereafter so long as any bonds remain outstanding, a statement certified as correct by the Comptroller and Treasurer of the University, showing the gross operating revenues, the operating expenses and the net revenues of the building for the twelve months period ended on the next preceding June 30. The Depositary shall have no duty to request any such information nor any duty relative to the statements from time to time furnished by the University, except to preserve the same for the inspection of the holders of the bonds during usual business hours.

SECTION 2. The University has covenanted with the holders of the bonds hereinabove referred to that all of the revenues, income, receipts, profits, charges, fees, rents and returns derived from the said building and the operation thereof shall be collected by the University and, after setting aside therefrom the reasonable cost of operating, maintaining, insuring and repairing the said building, shall be paid over to the Depositary semi-annually not later than September 15th for the previous six months period ending June 30th each year and March 15th each year for the previous six months period ending December 31 of each year, provided,

however, there shall be deposited on March 15, 1948 the net revenues for the period from October 1, 1947 to December 31, 1947, which amount shall not be less than the interest requirements due on said bonds April 1, 1948, plus Depositary's fees, and the University hereby covenants and agrees so to do. All funds received by the Depositary under the terms of this agreement, after deducting fees and expenses of such Depositary, shall be held by the Depositary in a special trust account to be known as the sinking fund and shall be disbursed or applied by the Depositary as hereinafter provided.

At least five (5) days before each semi-annual interest payment date the Depositary shall, if the sinking fund moneys then on deposit are sufficient for that purpose, set aside an amount equal to the interest becoming due on the next ensuing interest payment date on all of the said bonds then outstanding, and such funds shall be and they are hereby appropriated irrevocably to the payment of such interest, and the Depositary, as paying agent, is hereby authorized and directed to apply the same to the payment of such interest on the next ensuing interest payment date upon surrender of the interest coupons becoming due on the said interest date and appertaining to the outstanding bonds.

At least five (5) days before the express date of maturity of any of the bonds, the Depositary shall set aside from the moneys in the sinking fund, if such moneys then on deposit are sufficient for that purpose after making provision for payment of the interest becoming due on all the outstanding bonds on such maturity date, an amount equal to the principal of the bonds then maturing, and such funds shall be and they are hereby appropriated irrevocably to the payment of the principal of the said maturing bonds, and the Depositary, as paying agent, is hereby authorized and directed to apply the same to the payment of the principal of the said bonds upon surrender of the said bonds.

If, upon the forty-fifth (45th) day before any interest payment date on or after October 1, 1953, the Depositary has cash in the sinking fund after setting aside an amount sufficient to pay interest becoming due on all outstanding bonds on the next two ensuing interest payment dates and to pay the principal of any bonds theretofore called for redemption and not yet redeemed and the principal of all bonds theretofore due and unpaid and payment not provided for and becoming due on the next succeeding principal payment date, such cash shall be applied by the Depositary to the redemption on the next ensuing interest payment date of outstanding bonds, which by their terms are redeemable, in an amount sufficient to exhaust as nearly as may be such cash, after deducting therefrom and paying all costs and expenses of such redemption.

The said bonds are each in the denomination of One Thousand Dollars (\$1,000) and are numbered from 1 to 425, inclusive. All paid bonds, including bonds redeemed through the operation of the sinking fund, together with the appertaining interest coupons, shall be canceled by the Depositary and delivered to the Treasurer of the University. The Depositary shall keep a record of the numbers of all bonds so redeemed.

Notice of redemption through the operation of the sinking fund shall be published by the Depositary, either in the name of the University or in the name of the Depositary, as the Depositary may determine, once not less than thirty (30) days prior to the date of redemption. Such publication to be made in one newspaper published and of general circulation in the City of Chicago, Illinois. Such notice shall with substantial accuracy:

(a) Designate the date and place of redemption, such place to be the office of the Depositary, in the City of Chicago and State of Illinois;

(c) State that on the designated date of redemption said bonds will be redeemed by payment of the principal thereof and the accrued interest thereon, plus the applicable redemption premium, and that from and after the designated redemption date interest in respect of the bonds so called for redemption will cease.

Upon publication of notice of redemption of any bonds through the operation of the sinking fund, the Depositary shall set aside from the moneys in the sinking fund an amount sufficient to pay and redeem the said bonds as hereinabove pro-

vided, and the Depositary, as paying agent, is hereby irrevocably authorized and directed to apply such funds to the payment and redemption of the said bonds on or after the specified redemption date upon surrender of the said bonds, together with all unmatured interest coupons thereto appertaining.

SECTION 3. The University has covenanted with the holders of the bonds, hereinabove referred to, that it will, so long as any of the said bonds shall remain outstanding and unpaid, keep in the office of the Depositary, in the City of Chicago and State of Illinois, books for the registration and transfer as to principal of bonds of the said issue, and the said Depositary is hereby appointed the agent of the University, with the title of Registrar, for the purpose of registering and transferring the said bonds as to principal only.

As to each bond registered, as to principal only, the person or entity in whose name the same is for the time being registered shall be deemed and regarded as the absolute owner thereof for all purposes, except for the purpose of receiving payment of the outstanding coupons, if any, appertaining thereto, and so long as the same shall be so registered payment of or on account of the principal thereof shall be made by the Depositary, as paying agent, only to the registered owner thereof. The bearer of any of the said bonds which shall not be registered as to principal and the bearer of any coupon appertaining to any such bond, whether or not such bond shall be registered as to principal, shall for all purposes be deemed and regarded as the absolute owner of such bond or coupon as the case may be for the purpose of receiving payment thereof and for all other purposes, and the Depositary, as paying agent, shall be fully protected in making payment of any such bond or coupon to the bearer thereof.

SECTION 4. The Depositary has executed this agreement and agrees to carry out the terms and provisions hereof on its part, but only upon and subject to the following express terms and conditions:

(a) The Depositary shall not be responsible for any recitals herein or in the said bonds or for the validity of this agreement or of the said bonds, nor for the performance of any of the agreements herein contained on the part of the University.

(b) The Depositary shall not be accountable for any of the proceeds of the bonds or of the revenues of the said building nor for any other funds of the University, except such funds as may be deposited hereunder. The Depositary shall not be required to allow interest on any funds at any time deposited hereunder. The Depositary may become the owner of bonds of the said issue with the same rights which it would have if not Depositary.

(c) The Depositary shall not be liable for any action taken or omitted to be taken by it in good faith and in the exercise of reasonable care and believed by it to be within the discretion or power conferred upon it by this agreement, nor shall the Depositary be responsible for the consequences of any error of judgment, and the Depositary shall not be answerable except for its own acts, neglect and default, nor for any loss unless the same shall happen through the negligence or want of good faith of the Depositary.

(d) The Depositary shall be entitled to advice of counsel concerning all matters arising under this agreement and its duties hereunder, and may in all cases pay such reasonable compensation as it shall deem proper to such counsel and all such outlays and expenditures shall be repaid to the Depositary out of the sinking fund money.

(e) The Depositary shall not be required to give any bond or surety in respect of the exercise of the duties and powers conferred hereby or otherwise in respect of the premises.

(f) The Depositary shall have a first lien hereunder upon the sinking fund moneys for reasonable compensation, expenses, advances and counsel fees incurred in and about the exercise and performance of its powers and duties hereunder, and the cost and expense of defending against any liability in the premises of any character whatsoever. The compensation of the Depositary shall not be limited to or by any provision of law in regard to the compensation of a trustee of an express trust.

(g) The Depositary at the time acting hereunder may at any time resign by giving not less than sixty (60) days' written notice to the University specifying the date when such resignation takes effect.

SECTION 5. The University covenants that in case the Depositary at the time acting hereunder shall resign or be dissolved or shall be in the course of dissolution or liquidation or otherwise become incapable of acting hereunder, the University will forthwith appoint a successor Depositary which shall be a trust company or bank in good standing located in the State of Illinois and having a capital and surplus of not less than Five Million Dollars (\$5,000,000), if there be such a trust company or bank willing, qualified and able to accept the appointment upon reasonable or customary terms.

Every successor Depositary appointed hereunder shall execute, acknowledge and deliver to its predecessor and also to the University an instrument in writing accepting such appointment hereunder, and thereupon such successor Depositary, without any further act, deed or conveyance, shall become fully vested with all of the estates, rights, powers, duties and obligations of its predecessor, and every predecessor Depositary shall deliver all moneys and securities, together with a record of the amount and the numbers of the outstanding bonds, to its successor; provided, however, that before such delivery is required or made, all fees, advances and expenses of the retiring Depositary shall be paid in full.

Any corporation into which the Depositary or any successor to it may be merged or converted or with which it or any successor to it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Depositary or any successor to it shall be a party, shall be the successor Depositary under this agreement without the execution or filing of any paper on the part of either of the parties hereto.

SECTION 6. If there remain any funds in the hands of the Depositary after payment of all principal and all interest due on said bonds and the payment and discharge of said fees, charges and disbursements of the Depositary, said Depositary shall pay over any such surplus funds to the University of Illinois upon presentation to the Depositary of all bonds and coupons secured hereby marked or stamped "Paid" or "Cancelled", or upon presentation to the Depositary of other evidence satisfactory to the Depositary showing that all of such bonds and coupons have been paid or otherwise discharged.

SECTION 7. Nothing in this agreement expressed or implied is intended or shall be construed to confer upon any person, form or corporation, other than the parties hereto and the holders of the said bonds and the coupons thereto appertaining, any right, remedy or claim, legal or equitable, under or by reason of this agreement or any covenant, condition or stipulation hereof.

IN WITNESS WHEREOF, said University of Illinois, acting by and through its Board of Trustees, has caused this agreement to be signed in its name by the President of the Board of Trustees and the Treasurer thereof and its corporate seal to be hereunto affixed and attested by the Secretary thereof, and said The Northern Trust Company has caused this agreement to be signed in its corporate name by one of its Vice Presidents and its corporate seal to be hereunto affixed and attested by one of its Assistant Secretaries, all as of the day and year first above written.

(2) A recommendation that appointments be made (as printed in the Appendix, page 864) to the nonsalaried, or clinical, faculty of the College of Medicine for the academic year beginning September 1, 1947; and that the President of the University be authorized to make such additional appointments and other changes as are desirable and necessary.

APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY

(4) The faculty Committee on Accountancy recommends the appointment of Mr. Cyril Talbot, 1 North LaSalle Street, Chicago, as a member of the Board for three years from July 1, 1947, succeeding Mr. Henry C. Hawes. Mr. Talbot is a partner in the firm of Barrow, Wade, Guthrie, and Company and manager of the Chicago office.

I concur in this recommendation.

On motion of Mr. Fornof, this appointment was made as recommended.

ADDITIONAL APPROPRIATION AND AWARD OF CONTRACTS FOR SIX RESEARCH HOUSES

(5) On April 24, 1947 (Minutes, page 341), the Board approved a program for additional staff housing to be paid from the special State appropriation of \$250,000. The estimated distribution of this appropriation was:

25 additional prefabricated houses.....	\$154 300
6 research homes.....	27 950
FPHA housing units.....	67 750

The estimated cost of the six research homes was \$60,150, to be financed in part by the allocation of \$27,950, and the remaining funds were to be obtained through borrowing and through a grant for research work from the United States Department of Commerce. It is now estimated that the total cost of the research homes will exceed the original estimate by \$6,000.

The total amount of \$67,750 to be applied toward the cost of obtaining FPHA housing units will not be needed for that purpose. Therefore, it is recommended that the \$6,000 required for the completion of the six research homes be transferred from that portion of the State appropriation set aside for FPHA housing units to the appropriation for the six research homes.

On June 23, 1947 (Minutes, page 388), the Board approved the award of the contract for the general work on these six research houses. The Coordinator of the Small Homes Council recommends and the Comptroller concurs that contracts for the following work be awarded to the contractor indicated. In each case the contractor is the lowest bidder.

Plumbing.—Reliable Plumbing and Heating Company, Champaign, Illinois, on the basis of cost, plus a fee of $33\frac{1}{3}$ per cent. Estimated cost, including fee, \$7,110.

Heating.—F. R. Inskip & Company, Champaign, Illinois, on the basis of cost plus a 40 per cent fee on materials and a 60 per cent fee on labor. Total estimated cost, \$2,940.

Wiring.—R. A. Bland Electric Company, Champaign, Illinois, on the basis of cost plus a fee of 50 per cent. Estimated cost, \$2,655.

I concur in the recommendations and request approval of the reallocation of the funds as indicated and request authority for the Comptroller and the Secretary of the Board of Trustees to execute these contracts.

On motion of Mr. McLaughlin, these recommendations were approved and adopted, by the following vote: Aye, Mr. Fornof, Mrs.

Holt, Mr. Livingston, Dr. Luken, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Dr. Meyer, Mr. Nickell.

**ADDITION TO THE CONTRACT FOR ELECTRIC CABLE SERVICE IN
THE WOMEN'S RESIDENCE HALLS AND THE ELECTRICAL
ENGINEERING BUILDING**

(6) The Physical Plant Department has requested an increase of \$5,699 in the contract with the A. S. Schulman Electric Company for electric cable service to the Electrical Engineering Building and the Women's Residence Halls. The original contract (approved by the Board on January 25, 1947) did not provide for such service, since the requirements were not known at that time. They have now been determined and the requested increase provides for them. Funds are available for this increase.

The Comptroller recommends approval of this increase and I concur.

On motion of Mr. McKelvey, this recommendation was adopted.

**AWARD OF CONTRACT FOR PLUMBING AND HEATING IN
THE TEMPORARY CAFETERIA**

(7) The Reliable Plumbing and Heating Company has submitted an estimate of \$4,789.93 to cover the University's portion of the plumbing and heating work required in connection with the construction of the temporary cafeteria. It is not possible to obtain competitive bids on this project because the Reliable Plumbing and Heating Company was the lowest bidder for the Federal Works Agency and is now actively at work on the site. The Physical Plant Department has analyzed the proposal and reports that it is reasonable.

The Director of the Physical Plant Department and the Comptroller recommend that a contract be executed with the Reliable Plumbing and Heating Company for this work in an amount of \$4,789.93. I concur and request that the Comptroller and the Secretary of the Board of Trustees be authorized to execute this contract.

On motion of Mr. McLaughlin, these recommendations were approved.

REAPPROPRIATION OF UNEXPENDED BALANCES AT JUNE 30, 1947

(8) The Comptroller submits the following list of balances at June 30, 1947, on which expenditures could not be completed as of that date and for which reappropriation is requested for the year 1947-1948. All of these items are for special, nonrecurring purposes. The sum involved is represented by a balance in the University Income Fund in the State Treasury or in funds accumulated from government contracts in the University treasury. All appropriations from State tax funds for the biennium 1945-1947 were expended or fully encumbered on June 30 and will be fully expended by September 30, 1947.

I recommend the reappropriation of these balances for the fiscal year July 1, 1947, to June 30, 1948.

Whereas the Board of Trustees of the University of Illinois is the owner of 100 shares of Burlington Mills Preferred Stock and 67 shares of Walgreen Common Stock, and

Whereas the Board of Trustees has approved the sale of such stock in its meeting of September 26, 1947,

Now, therefore, be it resolved by the Board of Trustees of the University of Illinois that Lloyd Morey, Comptroller, and H. E. Cunningham, Secretary, be authorized to execute any and all documents necessary to complete such sale.

On motion of Mr. Williamson, authority was granted and the resolution was adopted as recommended.

FINAL REPORT ON BEQUEST OF EDWARD C. EARL

(10) On May 26, 1945 (Minutes, page 485), the Board of Trustees authorized Comptroller Lloyd Morey to serve as Executor, and Mr. Arthur L. Barton, of New York City, to act as Counsel for the University in the matter of the Estate of Edward C. Earl. On February 27 and August 5, 1947, reports of partial distribution of the Estate were made to the Board. The Executor now submits a final report of his administration of the Estate:

Below appears a condensed report of receipts and disbursements of the Executor and a statement of assets of the fund as finally received by the University, which includes assets distributed in kind and real estate, title to which was vested immediately in the Board of Trustees on the Testator's death. All disbursements indicated have been made with the exception of the fee due Mr. Barton as the attorney for the Estate and Executor, amounting to \$3,000, and final cash distribution to the University of \$747.61. These payments will be made on acceptance and approval of this report by the Board. No assets of the Estate other than the cash balance are held by the Executor except 100 shares of Wabash Railway Company Class A Preferred Stock and 150 shares of Wabash Railway Company Common Stock. The First National Bank of Chicago, in letter of February 7, 1946, advised that the Wabash Railway Company was reorganized in 1941 and that as a result of such reorganization the stock became worthless. Accordingly this stock was not transferred to the First National Bank of Chicago with other securities as authorized February 27, 1947.

CONTINUED USE OF SKATING RINK FOR MEN'S HOUSING

(11) At its meeting on April 18, 1946 (Minutes, page 1076), the Board approved the conversion of the Skating Rink into a barracks-type housing unit for men during the academic year 1946-1947. University officials agreed with representatives of the Athletic Association that this area would be used for housing during the year 1947-1948 only after all other spaces had been filled. Accordingly, this space was held as the last University operated unit to be assigned. As of September 5, 1947, all University housing space had been assigned and 850 unfilled applications from single men were on file. In view of the increasing pressure from applicants for housing facilities and the fact that the Skating Rink could be used as a housing unit without delay and without further cost to the University, the Director of the Physical Plant Department and the Dean of Students recommended that the Skating Rink be continued as a housing unit during the coming year, and the recommendation was approved by the President on September 5.

The President of the University and the Provost commented on this matter.

On motion of Mrs. Holt, the action of the President of the University in assigning the Skating Rink for men's housing was approved and confirmed.

PURCHASES

(12) There are submitted herewith (Appendix, page 876): A. Recommendations for purchases for approval by the Board; B. Purchases authorized by the Executive Committee of the Board; C. Purchases authorized by the President of the University.

On motion of Mr. Williamson, the purchases recommended were authorized, the report of the Executive Committee was received for record, and the action of the President of the University in authorizing emergency purchases was approved and confirmed.

**COMPTROLLER'S REPORT OF CONTRACTS
JULY 11 TO SEPTEMBER 10, 1947**

(13) The Comptroller's report of contracts executed, July 11 to September 10, 1947 (see Appendix, page 880).

On motion of Mr. McLaughlin, this report was received for record.

**AWARD OF CONTRACT FOR RESURFACING OF THE SERVICE DRIVE
BETWEEN THE PHYSICS BUILDING AND ENGINEERING HALL**

(14) Bids were taken on the resurfacing of the service drive which extends northward between the Physics Building and the Engineering Hall. Only one firm, the Champaign Asphalt Company, submitted a bid, in the amount of \$2,800. Funds are available for this project within the Physical Plant operation and maintenance appropriation.

The Director of the Physical Plant and the Comptroller recommend the award of this contract to the Champaign Asphalt Company.

I concur and request authority to the Comptroller and the Secretary of the Board to execute this contract.

On motion of Mr. Williamson, this recommendation was approved and authority was granted as recommended.

**ADDITIONS TO CONTRACTS FOR ELECTRICAL
ENGINEERING BUILDING**

(15) The Director of the Physical Plant Department recommends the following contract additions:

1. An addition of \$2,281.25 to the contract with the Leverenz Electric Company for electrical work on the Electrical Engineering Building. This addition will provide for a lightning protection system which was not included in the original contract approved by the Board of Trustees on January 25, 1947 (Minutes, page 229).

2. An addition of \$2,000 to the contract with the John Felmley Company for general work on the Electrical Engineering Building. The original contract was approved by the Board of Trustees on January 25, 1947 (Minutes, page 229). This addition will provide for the acceptance of an alternate bid providing for the installation of weather strips submitted at the time of the original contract, but which was not accepted at that time.

The Comptroller recommends approval of the above additions and I concur.

On motion of Mr. McKelvey, these additions to contracts were approved as recommended.

APPROPRIATION FOR LIGHT HORSE PROGRAM

(16) The Dean of the College of Agriculture requests an addition of \$5,250 to the budget of the Department of Animal Science to provide for a program of education and research in the breeding, feeding, and care of light horses. The Department has a well-established program of education and research in the breeding, feeding, and care of draft horses. In recent years there has developed public interest in work by the University in the breeding and use of riding and other light horses.

There is also submitted separately a recommendation for a nonrecurring appropriation for the purchase of brood mares and stallions for this program.

I concur in this recommendation.

On motion of Mr. Fornof, this appropriation was made as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Holt, Mr. Livingston, Dr. Luken, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Dr. Meyer, Mr. Nickell.

**REPORT OF THE LEASE FOR THE MAYO GENERAL
HOSPITAL AT GALESBURG**

(18) On September 24, 1946 (Minutes, page 38), the Board authorized the President and the Comptroller of the Board of Trustees to execute the documents necessary to complete the transfer to the University of the land, buildings, equipment, and supplies constituting the Mayo General Hospital at Galesburg.

The University took possession of the Mayo General Hospital on September 20, 1946, under an interim permit. A permanent lease has been drafted and is ready for execution. For the information of the Board, the following major provisions of this lease are reported:

1. For the consideration of one dollar, the University is entitled to exclusive possession of the property and agrees to operate and maintain it at its own cost and agrees on the termination of the lease to yield up and surrender the premises to the Government in as good order, condition, and repair as when received, ordinary wear and tear excepted. The University is liable to make repairs arising out of fire, windstorm, and such other hazards as may be covered by insurance. (See paragraph 2)

2. The University shall procure and maintain at its own cost for the entire term of the lease, insurance, such insurance to be payable to the Treasurer of the United States, on the leased premises for fire, windstorm, and extended coverage protection. This insurance coverage shall be secured in companies and in such amounts as shall be required by and be satisfactory to the Government. In the event of loss the proceeds of the insurance will be made available to the University. If it is determined that the cost of such repairs will exceed the amount of insurance proceeds, the Government will not require such repairs at a cost greater than the insurance proceeds.

3. The University will not allow the premises to be used for any other purposes than those specified in the lease, nor allow the premises to be occupied

in whole or in part by any other persons and will not sublet the same without the written consent of the Government.

4. The University unconditionally indemnifies the Government against any and all claims of whatever type or nature and all costs or expenses that the Government may be caused to suffer due to any injuries to persons or property resulting from the use and occupation of the premises by the University.

5. The lease runs for three years from September 20, 1946. The University has the right to renew the lease for an additional period of two years on the same terms and conditions as set forth in the original lease. The Government and the University shall each have the right to cancel the lease by giving written notice to the other party of its intention to cancel the lease six months prior to the effective date of cancellation or termination, and such effective date of cancellation shall either be June 30 or February 1 of any year after the date of the original lease.

This report was received for record.

CHANGES IN "POLICY AND RULES RELATING TO COMPENSATION AND WORKING CONDITIONS OF NONACADEMIC EMPLOYEES"

Mr. McLaughlin, for the Committee on Civil Service and Employees, presented the following report.

The Director of Nonacademic Personnel, with the support of the Nonacademic Personnel Advisory Committee, recommends two changes in the "Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees," to bring the wording and policy in line with the original intent:

Section IV, Paragraph 5 now reads: "All time in excess of the units of hours constituting the work day and the work week is overtime and will be compensated at time and one-half in cash unless the local prevailing practice for this group varies from this procedure, in which case the local prevailing practice will be followed. By mutual agreement between a department. . . ."

This paragraph should read: "All time in excess of the units of hours constituting the work day and the work week is overtime, and will be compensated at time and one-half in cash unless *under* local prevailing practice a *higher rate is paid* in which case the local prevailing practice will be followed. By mutual agreement between a department and an employee, an employee may work overtime with equivalent time off at straight time. . . ."

Section VIII, Paragraph 2-B now reads: "In addition to the leave provided in the preceding paragraph, each full time, permanent and continuous employee who has served for one full year is entitled to an extended disability leave of one work week for each year of service, cumulative to a total of ten work weeks, which shall be allowed to reaccumulate to this maximum through additional service after being used in part or in full. No reduction shall be made in accumulations for prior service earned before March 1, 1944."

This paragraph should read the same as present paragraph, with the following addition: "Each permanent and continuous employee employed regularly on a part-time basis is entitled to such fraction of one work week with pay as is represented by the relationship between this part-time employment and the full time schedules in his classification."

Director Dickason commented on these recommendations.

On motion of Mr. McLaughlin, these changes were approved and adopted.

EXECUTIVE SESSION

Following a recess for luncheon, the Board considered the following matters presented by and for the President of the University.

PURCHASE OF PROPERTY AT 1116 WEST ILLINOIS STREET, URBANA

(1) The property at 1116 West Illinois Street, Urbana, is available for purchase. It is in the area of anticipated future University expansion. It consists of a frame building containing two five-room apartments and a four-car garage building, on a lot 54 by 130.

The property can be used to advantage for staff housing, in which there continues to be an urgent need. It is offered for sale at the appraisal price of the

Champaign County Real Estate Board, namely, \$23,800, providing the purchase is made by September 30, 1947.

I recommend that authority be given for the purchase of this property and that a special appropriation be made from the General Reserve Fund of \$24,000, or so much thereof as may be required, for the purchase and completion of the transaction.

On motion of Mr. Fornof, this purchase was authorized and the appropriation made as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Holt, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

PURCHASE OF PRINTING EQUIPMENT

(2) On March 27, 1947 (Minutes, page 312), the Board authorized the purchase of a new press to be installed in Gregory Hall for joint use by the Illini Publishing Company, the University Press, and the School of Journalism to replace the press now owned and operated by the Illini Publishing Company in Illini Hall. An appropriation of \$25,000 was made to apply toward the cost of the press, the balance of cost of the press to be paid by the Illini Publishing Company.

Specifications were prepared by a committee representing the three interested parties, inviting bids on either a unit-type tubular or semi-cylindrical plate newspaper press of 12-page capacity. Bids were invited from all manufacturers able to furnish satisfactory equipment of either of these types. The only bid received was that of the Goss Printing Company of Chicago at a price of \$59,710 for the press and complete equipment as specified, with an escalator clause providing for an increase in price to cover any increase in costs of manufacture subsequent to this date and before delivery. The Company agrees that, if the readjusted price is not satisfactory, the contract may be cancelled by the buyer without penalty.

Date of delivery is estimated at 18 months. The bidder insists on an advance payment of 10 per cent to establish the order on its production schedule in accordance with standard practice. He also asks for payments approximately in accordance with the following schedule: 25 per cent on notification of completion of manufacture; 15 per cent on shipment; balance of 50 per cent on installation and acceptance. Responsibility for installation will be assumed by the Company, the University to prepare the space for the installation, for which a separate additional appropriation will be necessary when costs are determined.

These conditions are somewhat unusual in University contracts and purchases, but the Company will not accept an order under any other terms. Demand for such equipment is so great that it is necessary that the University comply with these terms in order to have assurance of the equipment within any reasonable time. To postpone the purchase until more favorable conditions and prices can be secured may mean a delay of several years.

The Director of Purchases, the Director of the School of Journalism, the Director of the University Press, the Chairman of the Illini Publishing Company, and the Comptroller make the following recommendations:

1. The preparation of a joint contract of purchase on the foregoing terms between the Board of Trustees of the University of Illinois and the Illini Publishing Company, and the Goss Printing Press Company for the purchase of a 12-page unit-type tubular plate press with motor and necessary accessories, the University to pay \$25,000 toward the cost of the equipment and the Illini Publishing Company to assume the balance of the cost.

2. The preparation of a declaration of trust between the Illini Publishing Company and the Board of Trustees placing the title of the property in trust in the University with the responsibility for operation and maintenance of the press in the Illini Publishing Company and making other necessary provisions incident to operation.

I concur in these recommendations and recommend approval and request authority for the Comptroller and the Secretary of the Board to execute the necessary contracts subject to approval by the Legal Counsel of the University.

On motion of Mr. Fornof, these recommendations were approved and authority granted as recommended.

REVISION OF COMPENSATION PLAN AND CLASS SPECIFICATIONS FOR NONACADEMIC EMPLOYEES

(3) The Director of Nonacademic Personnel has submitted a complete revision of the "University of Illinois Civil Service Compensation Plan and Index to Class Specifications for Nonacademic Employees, September, 1947." Practically all of the changes have been approved by the Board of Trustees from time to time, but the complete schedule should be presented to the Board for formal approval as a whole. In addition to the changes already approved by the Board, the following additional changes are recommended:

<i>Classification</i>	<i>As Submitted in June</i>	<i>As Included in the Revised Book</i>
Mechanical Engineer	\$350-500	\$400-550
Structural Engineer	300-450	350-500
Supervisor Chicago Illini Center	140-200	175-250
Teacher Handicapped Children	175-250	Prevailing

With the exception of these changes, the list in the front of the new book is exactly as previously approved by the Board.

The following changes of title have been made:

<i>Old Title</i>	<i>New Title</i>
Assistant Purchasing Agent	Assistant Director of Purchases
Director of Outpatient Nurses	Supervisor of Clinic Nurses
Assistant Director of Outpatient Nurses	Assistant Supervisor of Clinic Nurses

The following new classifications have been added since any previous list of new classifications was submitted to the Board:

Assistant to the Business Manager — Chicago	\$300-450
Assistant to the Director of Housing	275-400
Assistant Business Manager — Chicago	350-500
Executive Clerk, President's Office	265-350
Foreman, Garage (Galesburg)	200-280
Foreman, Janitor (Chicago)	225-315
Hanger	Prevailing
Housekeeper	120-160
Interviewer, Intake	175-250
Assistant Manager of Temporary Family Housing	250-325
Purchasing Agent (Branch or Division)	350-500
Supervisor, Intake	225-315
Supervisor of Sewing and Surgical Dressings	150-225
Supervisor of Linen Service	150-225
Supervisor of Urology Clinic	200-280

These new classifications are included in the list of salary ranges and in the printed class specifications.

The first edition of this compensation plan and class specifications was published in January, 1945. The new edition represents a complete revision and brings the class specifications situation up to date, placing it on a current useful basis. Future revisions will, of course, be necessary as conditions in the University and outside employment change.

I recommend that this be referred to the Committee on Civil Service and Employees.

Mr. Dickason commented on this matter.

Mr. McLaughlin, for the Committee on Civil Service and Employees, recommended that the revision of the Compensation Plan and Index be approved as presented.

On motion of Mr. McLaughlin, this recommendation was adopted.

WAGES OF OPERATING ENGINEERS IN CHICAGO

(4) A statement by Mr. D. E. Dickason, Director of Nonacademic Personnel, on the status of negotiations between the University and Local No. 399, International Union of Operating Engineers, in the Chicago departments.

This matter was presented by Director Dickason. After discussion, no action was taken.

The Comptroller presented the following items for the President of the University.

SALE OF HOUSES PURCHASED FOR STAFF

(5) On May 29, 1946 (Minutes, page 1115), the Board approved a resolution authorizing the Comptroller and the Secretary of the Board to execute all documents relating to the staff housing project for the purchase of 50 prefabricated houses. This resolution authorized the conveyance of the properties to the Foundation for the purpose of borrowing additional funds and requires the return of the properties to the University when all indebtedness has been paid. Under this program 44 houses, the maximum possible within the available funds, have been erected.

The University now has the opportunity to sell one of these houses at a price equal to the total cost of the house to a staff member who would otherwise be eligible to rent such a unit. By selling the house, funds will be released which will enable the University to purchase an additional unit. To complete this sale, it is necessary that the Board of Trustees approve the following revised resolution which will enable the University of Illinois Foundation to complete such sales and to hold the funds for direction by the Board of Trustees of the University of Illinois.

I recommend adoption of this resolution, the sale of the property, and reinvestment of the funds realized from the sale in an additional unit.

Whereas, the Board of Trustees of the University of Illinois, at its meeting on May 29, 1946 (Minutes, pages 1113-1115), adopted a Resolution pertaining to the Staff Housing Project which read as follows:

"Therefore, be it resolved, that the Comptroller of the University of Illinois and the Secretary of the Board of Trustees of the University of Illinois be and the same are hereby authorized to execute all agreements and documents necessary, to acquire sites for fifty (50) units to be constructed and used for faculty housing; to construct thereon such units within the limitation of \$176,000 expenditure; to convey such sites and units to the University of Illinois Foundation under an agreement that they will be reconveyed to the Board of Trustees when all indebtedness against them has been paid and to enter into a lease agreement with the University of Illinois Foundation whereby the Board of Trustees as Lessee is given the right to operate and manage such units."

and

Whereas, the sale of individual houses and lots which form a part of said project will be facilitated by a restatement of this Resolution;

Therefore, be it resolved that the Resolution above quoted be and the same is hereby amended to read as follows:

Therefore, be it resolved, that the Comptroller of the University of Illinois and the Secretary of the Board of Trustees of the University of Illinois be and the same are hereby authorized to execute all agreements and documents necessary, to acquire sites for fifty (50) units to be constructed and used for faculty housing; to construct thereon such units within the limitation of \$176,000 expenditure; to convey such sites and units to the University of Illinois Foundation under an agreement whereby the University of Illinois Foundation will lease all of said properties to the Board of Trustees of the University of Illinois with full right to operate and manage such sites and units; that the University of Illinois Foundation may sell and convey in fee simple, free and clear of encumbrance and lease, by appropriate instruments of conveyance any or all of said sites and units to purchasers at prices per site or unit not less than the amount required to liquidate a pro rata share of the total indebtedness outstanding at the date of the sale of said sites and units, the proceeds of such sale to be held or disposed of as the Board of Trustees of the University of Illinois shall direct; the purchasers of said sites or units shall be under no duty to see to the application of the purchase money; that any sites or units not so sold and conveyed shall be reconveyed by the University of Illinois Foundation to the Board of Trustees of the University of

Illinois or to its nominee when all indebtedness against the respective sites and units has been paid.

On motion of Mr. Williamson, the resolution was adopted and the sale of the property and reinvestment of funds realized was authorized as recommended, by the following vote: Aye, Mr. Fornof, Mrs. Holt, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

FINANCING SUPPLEMENTARY STAFF HOUSING

(6) On April 24, 1947 (Minutes, page 341), the Board of Trustees approved a supplementary staff housing program which provided for the construction of 25 prefabricated houses and six conventional type houses. Funds for this project were to be provided in part by borrowing. As in the original staff housing project, the best medium for borrowing the necessary funds is through the University of Illinois Foundation. The Board of Directors of the Foundation has indicated its willingness to cooperate in this project, and the adoption of the attached resolution is necessary to complete the transfer to the Foundation.

I recommend adoption of the following resolution.

Whereas, at a meeting on April 24, 1947, the Board of Trustees of the University of Illinois approved in principle the proposed program that the University of Illinois undertake a Staff Housing Program by constructing thirty-one (31) residence units, borrowing \$83,700.00 of the required amount and liquidating the loan from income over a ten (10) year period, and

Whereas, information since received indicates that a total expenditure of \$285,150.00 will be involved in constructing such units, \$83,700.00 of which may be borrowed from The First National Bank of Chicago, payable over a period of ten (10) years and bearing an interest rate of three per cent (3%), and

Whereas, The First National Bank of Chicago prefers that the Board of Trustees of the University of Illinois convey the sites for such units to the University of Illinois Foundation and that the loan be made by The First National Bank of Chicago to the University of Illinois Foundation and not directly to the Board of Trustees of the University of Illinois, such loan to be secured by a mortgage, and

Whereas, the University of Illinois has obtained thirty-one (31) sites for such units, and

Whereas, The Board of Directors of the University of Illinois Foundation has expressed a willingness to cooperate with the Board of Trustees of the University of Illinois by accepting title to the sites and the units to be constructed thereon at the expense of the University of Illinois, and to borrow the necessary funds to complete the proposed project from The First National Bank of Chicago by mortgaging the units and to lease the units to the Board of Trustees of the University of Illinois in order that they may be made available for members of the staff of the University of Illinois;

Therefore, be it resolved, that the Comptroller of the University of Illinois and the Secretary of the Board of Trustees of the University of Illinois be and the same are hereby authorized to execute all agreements and documents necessary to construct upon the sites already acquired within the limitation of \$201,450 expenditure, including the cost of such sites, to convey such sites and units to the University of Illinois Foundation under an agreement whereby the University of Illinois Foundation will lease all of said properties to the Board of Trustees of the University of Illinois with full right to operate and manage such sites and units; that the University of Illinois Foundation may sell and convey in fee simple, free and clear of encumbrance and lease, by appropriate instruments of conveyance any or all of said sites and units to purchasers at reasonable prices per site or unit, but not less, in any event, than the amount required to liquidate a pro rata share of the total indebtedness outstanding at the date of the sale of said sites and units, the proceeds of such sale to be held or disposed of as the Board of Trustees of the University of Illinois shall direct; the purchasers of said sites or units shall

be under no duty to see to the application of the purchase money; that any sites or units not so sold and conveyed shall be reconveyed by the University of Illinois Foundation to the Board of Trustees of the University of Illinois or to its nominee when all indebtedness against the respective sites and units has been paid.

On motion of Mr. Williamson, this resolution was adopted, by the following vote: Aye, Mr. Fornof, Mrs. Holt, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Mr. Williamson; no, none; absent, Mr. Davis, Mr. Green, Dr. Luken, Dr. Meyer, Mr. Nickell.

ADDITIONAL CONSTRUCTION ON POWER PLANT ADDITION

(7) Sargent and Lundy, Chicago, engineers and designers for the addition to the Power Plant at Urbana-Champaign, have tried to obtain bids for gallery and miscellaneous steel required for the construction of this project. Bids were first requested for opening on June 30. No bids were received. Recently, however, a bid has been received from the Anderson Iron Works, 5836 South Loomis Boulevard, Chicago, in the amount of \$16,955, f.o.b. trucks at the building site, Urbana, Illinois.

Sargent and Lundy report that they have exhausted the possibilities of obtaining other bids. Accordingly, the Physical Plant Department recommends award of a contract to the Anderson Iron Works on the bid of \$16,955.

This bid includes furnishing of material only. It is proposed to ask the Kuhne-Simmons Company, contractor for construction of the building, for an estimate of all installation costs to handle this by a change order in their contract. The estimated total installed cost of this phase of the project is from \$20,000 to \$22,000. Funds are available for this.

Approval of these proposals is recommended.

On motion of Mr. McLaughlin, these proposals were approved as recommended.

REPORT OF THE FINANCE COMMITTEE ON PRINCIPLES GOVERNING RESEARCH CONTRACTS

(8) At the meeting of the Board on August 5, 1947 (Minutes, page 512), the President of the University presented recommendations for changes in the regulations and policy of the Board governing research contracts. These changes would affect only the provisions relating to direct and indirect costs and the distribution of funds resulting from indirect cost charges.

The Board referred these recommendations to the President of the University and the Finance Committee. The Committee has given careful consideration to these proposed changes. They have also been studied by the Directors of the Engineering and Agricultural Experiment Stations, the former and present deans of the Graduate School, the Vice-President in charge of the Chicago Professional Colleges, the Coordinator of the Small Homes Council, and the Bursar. These officers, who are representative of all University agencies concerned with research contracts, and the President of the University, have recommended approval of the changes.

The Finance Committee concurs and recommends that the proposals as submitted to the Board of Trustees on August 5 be approved.

On motion of Mr. Williamson, these proposals were approved as recommended.

APPOINTMENT OF MISS MIRIAM A. SHELDEN AS DEAN OF WOMEN

(9) The Executive Committee of the Board on August 29, 1947, appointed Miss Miriam A. Sheldon of Millbrook, New York, and Washington, D. C., as Dean of Women at an annual salary of \$6,500, effective September 15, 1947. Miss Sheldon began her duties on September 15 and will be on the campus for at least 30 days, after which time she will report to the Bureau of Naval Personnel for as much time as may be necessary to train a successor in her assignment in the Navy. She will return to the University not later than January 1, 1948.

This report was received for record.

LEASE OF JOHN KATSINAS IN ARCADE BUILDING

(10) A report of a meeting of the Committee on Buildings and Grounds.

MINUTES OF THE BUILDINGS AND GROUNDS COMMITTEE MEETING HELD

AUGUST 23, AT 1:30 P.M. IN THE ILLINI UNION BUILDING, URBANA

Those present were: Mrs. Doris S. Holt, Mr. John R. Fornof, and Mr. Frank H. McKelvey, Chairman. Also attending were Mr. Norval Hodges, Mr. C. C. De Long, Mr. S. E. Thompson, Mr. C. S. Havens, Mr. C. E. Tate, and Mr. John Katsinas.

This meeting was called as a result of Mr. Tate's letter to Mr. Britton, under date of July 29, in which he asked permission to appear personally before the Board of Trustees to present the request of Mr. Katsinas for an extension of his lease of space in the Illini Arcade.

Mr. Tate outlined the history of this case and the wishes of his client which were stated in his letter to Mr. Britton under date of June 19 and are as follows:

1. He is willing to assign his present lease to a prospective purchaser who has stated that he is willing to eliminate the clause in the present lease under which the Lessee agrees he will not, during the term of the lease, knowingly permit students of the University of Illinois or other persons to use intoxicating beverages, other than beer, on the premises and such purchaser has stated that he would not demand an extension of the present lease for more than six (6) years from its expiration, or in other words, ten (10) years from the present date. This purchaser has offered a purchase price in excess of those shown below, but because of other matters considered by Mr. Katsinas he would rather consider the University of Illinois as a purchaser.

2. He is willing to sell to the University of Illinois for the sum of \$35,000.00, all of his right, title and interest in said premises, surrender his lease, and turn over possession immediately of the place of business, furniture, fixtures, and equipment, including air conditioning equipment, ice cream freezer, the juke box and two scales (the juke box and scales being leased equipment), and stock of merchandise and monogrammed dishes, or

3. He is willing to sell to the University of Illinois all of his right, title and interest in and to said place of business for the sum of \$30,000.00, excepting the equipment, stock of merchandise and monogrammed dishes, which he agrees to remove from said premises within a reasonable time after the consummation of said sale for the sum of \$30,000.00.

Although the University has a real need for the leased space in order to provide facilities for general University functions, such as office space for academic staff members, it was agreed that the demand for food service was equally acute at the present time and that the University should therefore encourage Mr. Katsinas to continue with the food service operations during the balance of his contract. The Committee accordingly recommends the following:

1. That the University should proceed as rapidly as possible to remodel the building to comply with the minimum requirements of the State Department of Public Health assuming that the area will continue to be used for the service of food.

2. That the Lessee be notified that the University will proceed with the remodeling of the kitchen and toilet areas but will not extend the lease at the present time nor commit itself to the extension of the lease in the future.

3. That after completing the remodeling program in this building the University will expect the Lessee to operate food service facilities in accordance with the terms of the lease and the local health standards.

FRANK H. MCKELVEY

Chairman

The Legal Counsel discussed this matter.

On motion of Mr. McKelvey, the recommendations of the Committee on Buildings and Grounds were adopted.

AWARD OF CONTRACTS FOR REMODELING IN THE ARCADE BUILDING

(11) At its meeting on August 22, 1947, the Buildings and Grounds Committee of the Board recommended that the University proceed as rapidly as possible to remodel that part of the Arcade Building occupied by the Katsinas Confectionery,

in order to comply with the minimum requirements of the State Department of Public Health (assuming that the area will continue to be used for the service of food). This report has been sent to the Executive Committee of the Board for approval.

In order that the University may proceed with the alterations as soon as the Executive Committee has acted on the recommendations of the Buildings and Grounds Committee, the Director of the Physical Plant Department recommends that contracts for this work be let to the following firms, in accordance with their proposals received on September 4, 1947, for minor alterations on a cost-plus basis:

General work — Kuhne-Simmons Co., Champaign and Rantoul.

Electrical work — Square Deal Electrical Co., La Porte, Indiana.

Plumbing and heating work — Champaign Plumbing & Heating Co., Champaign.

Ventilating and sheet metal work — Schroeder's, Champaign.

Cost of this remodeling is estimated by the contractors as approximately \$30,000. Funds are available for this program of alterations in the reserves accumulated from the past operations of the Arcade Building.

The Provost, acting for the President, recommends that authority be granted to the Comptroller and Secretary of the Board to execute such contracts, payable from the funds as indicated, if the Board of Trustees approves the report of the Committee on Buildings and Grounds.

On motion of Mr. McKelvey, these recommendations were adopted, subject to the acceptance by Mr. Katsinas of the action on the lease (see item 10).

CONTRACTS FOR MINOR ALTERATIONS

(12) On March 27, 1947 (Minutes, page 317), the Board approved a procedure and contracts for minor alterations and remodeling in the Urbana-Champaign division. These contracts were effective until June 30, 1947, and were on a cost-plus-fee basis. The work under the contracts was initiated on individual order from the Physical Plant Department, approved by the Comptroller within Board appropriations for jobs which were so small or of such a character as to make competitive bidding impractical. This procedure has proved advantageous to all parties concerned. To continue the policy, bids were received on a similar basis for the year 1947-1948.

A general analysis of the bids indicates that, if the awards are made to the contractors noted below, the lowest total costs to the University will result:

General work — Kuhne-Simmons Co., Champaign and Rantoul.

Electrical work — Anderson Electric Co., Danville, and Square Deal

Electrical Co., La Porte, Indiana.

Plumbing and heating work — Champaign Plumbing & Heating Co., Champaign.

Ventilating and sheet metal work — Schroeder's, Champaign.

In the case of the electrical work it would be difficult to anticipate the low bidder for all contracts in advance, and two contractors are recommended.

The Director of the Physical Plant Department and the Comptroller recommend the continuation of the procedure and the award of standing contracts until June 30, 1948, to the companies indicated above. I concur and recommend that authority be granted to the Comptroller and the Secretary of the Board to execute such contracts.

On motion of Mr. McKelvey, these recommendations were adopted.

ADDITION TO CONTRACT WITH E. H. MARHOEFER COMPANY FOR GENERAL CONSTRUCTION WORK ON PHYSICAL ENVIRONMENT ADDITION

(13) On June 23, 1947 (Minutes, page 406), the Board of Trustees approved the award of a contract for the general construction work on the Physical Environment Addition with the E. H. Marhoefer Company. In connection with the construction of this addition, temporary power service must be installed as the present electrical distribution system crosses the site of the new building. The exact cost of rerouting this service can not be accurately computed in advance, and it is proposed that this work be undertaken on a cost-plus contract with a guaranteed maximum.

The E. H. Marhoefer Company has agreed to accept this additional work on the basis of reimbursement for time and materials at cost plus 15% for overhead and 5% for profit. The Company further guarantees a maximum cost to the University not to exceed \$18,060. This proposal has been checked and approved by the Architects, Holabird and Root.

Funds are available for this work in the special state appropriation for this project.

The Director of the Physical Plant and the Comptroller recommend that the Board approve this addition to the original contract with E. H. Marhoefer Company.

On motion of Mr. Fornof, these recommendations were adopted.

ACTIONS OF THE EXECUTIVE COMMITTEE

The Secretary presented for record the following report of actions by the Executive Committee on recommendations submitted by the President of the University:

August 20, 1947

1. The retirement of Professor Edna E. Walls of the Department of Home Economics, effective September 1, 1947.

2. The award of a contract in the amount of \$129,000 to the Kuhne-Simmons Company, Incorporated, the lowest bidder, for the construction of the superstructure of the Power Plant Addition.

3. Award of a contract to the W. A. Pope Company, Chicago, in the amount of \$17,358, subject to a maximum of 18% escalation, for the installation of a high pressure steam line between the University Library Building and the Auditorium. This is in addition to the contract with the W. A. Pope Company for the Utilities Distribution project.

4. Award of a contract to the Otis Elevator Company in the amount of \$16,612 for the installation of an elevator and a dumb waiter in the Electrical Engineering Building.

5. Amendment of the contract with the A. S. Schulman Company for electrical work in the Utilities Distribution System to provide service connections to the Mechanical Engineering Building at a cost of \$2,274.

6. A special appropriation of \$2,500 for interior improvements in several engineering buildings to provide additional classroom space.

7. Purchases amounting to \$1,000 and over (see Appendix, page 877).

8. Award of contract to the John Felmley Company, the lowest bidder, to move the houses on the site of the Chemistry Building to new foundations and connect utilities at a cost of approximately \$26,500. It was estimated that an additional \$1,000 was necessary to cover expenses incurred by the Physical Plant Department on this job.

The Executive Committee therefore made a nonrecurring appropriation in the amount of \$27,500 for the necessary capital expenditures and a recurring appropriation of \$7,000 for annual operation and maintenance expense.

September 8, 1947

1. Additions to contracts awarded by the Board of Trustees on January 25, 1947, for the construction of the Utilities Distribution System at Urbana-Champaign:

Warner Construction Company (construction of tunnels and conduits).....	\$442 210
W. A. Pope Company (piping in steam distribution tunnels)	135 951
A. S. Schulman (electric distribution system).....	26 141
The Asbestos and Magnesia Materials Company (insulation for piping in tunnels).....	55 970

The original contracts were based on bids received for all construction to be done but were limited in amount to funds then available (i.e., the appropriation made for the biennium of 1945-1947). The State appropriation made by the 65th General Assembly of Illinois to the University for 1947-1949 includes additional funds for the Utilities Distribution System, which will permit the original contracts to provide for all work contemplated.

2. The appropriation of the following funds released by the Governor from the State Appropriation made for the biennium of 1947-1949:

"For Equipment:

For buildings constructed at Urbana-Champaign and Chicago as enumerated in this section.....\$438 000" and the allocation of these funds as follows:

Chemistry Building.....	\$ 40 000
Electrical Engineering Building.....	60 000
Mechanical Engineering Building.....	30 000
Temporary Residence Halls.....	83 500
Permanent Residence Halls.....	140 000
Fire Protection Facilities.....	34 500
Physical Environment Addition.....	50 000
	<u>\$438 000</u>

3. Purchases amounting to \$1,000 and over (see Appendix, page 877).

The Secretary presented the following lists for record, as printed in the Appendix.

1. Appointments made by the President of the University (page 838).
