MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

October 21, 1948

The October meeting of the Board of Trustees of the University of Illinois was held at 9:30 a.m. on Thursday, October 21, 1948, at the Illini Center, in the LaSalle Hotel, in Chicago, according to the following schedule:

9:30 a.m. — Executive session as in Committee of the Whole.

4:30 p.m. — Open session. The following members were present: President Fornof, General Davis, Mrs. Holt, Mr. Livingston, Dr. Luken, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson.

President Stoddard was present; also Vice-President A. C. Ivy, Provost C. R. Griffith, Assistant to the President A. J. Janata, Secretary H. E. Cunningham, Treasurer I. L. Porter, Comptroller Lloyd Morey, Legal Counsel W. E. Britton; and, during part of the day, Mr. Newton C. Farr and Professor W. C. Huntington, Chairman of the Building Program Committee.

EXECUTIVE SESSION

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered the following matters presented by the President of the University.

CHICAGO HOUSING PROJECTS

(1) I have asked Dr. Ivy and Mr. Farr to be present to discuss the status of housing projects in the medical district.

Dr. Ivy stated that it was important that the Board act on these matters as soon as possible. Mr. Farr outlined the four projects for student and staff housing in the area. He stated that the plan for the Urbana staff housing project had been chosen instead of the plans used by the Illinois Institute of Technology. Mr. Farr recommended, in view of the requirements to obtain a loan for construction, that a lease of any part of the land on which the housing project was to be built was not acceptable, and that the land should be purchased from the Medical Center Commission. Mr. Farr recommended also that a contract for architectural services be made with Skidmore, Owings, and Merrill (for action, see page 145).

On motion of Mr. Nickell, the following resolution was adopted.

Whereas, the University of Illinois and the University of Illinois Foundation are now contemplating the acquisition of land from the Medical Center Commission for the purpose of erecting thereon an apartment building in the Medical Center District for the use of students and staff of the University of Illinois; and

Whereas, the Medical Center Commission has proposed that its conveyance of land to the University or to the Foundation take the form of a long-term lease by the Medical Center Commission to the University of Illinois or to the University of Illinois Foundation instead of a conveyance in fee simple; and

Whereas, it is deemed objectionable by the University that any building intended for its use, whether the title to the land and building is to be held by the University directly or indirectly through the University of Illinois Foundation, be erected on land leased to the University or to the Foundation, *Therefore, Be It Resolved*, that it is hereby declared as a matter of general

Therefore, Be It Resolved, that it is hereby declared as a matter of general policy, and with particular reference to the proposal of the Medical Center Commission to lease land for building purposes to the University or to the University of Illinois Foundation, that land to be so acquired by the University or by the University of Illinois Foundation for University building purposes from the Medical Center Commission or other persons shall be acquired in fee simple only, subject only, in the case of the Medical Center Commission, to statutory limitations.

REPORT OF THE EXECUTIVE COMMITTEE

Employment of William H. Butterfield as Manager of the University of Illinois Foundation

(2) Several months ago Mr. Frank E. Bell submitted his resignation as Manager of the University of Illinois Foundation effective July 1, 1948, in order to accept a position at Williams College.

After interviewing a number of candidates for this position, officers of the Foundation and the President of the University selected Mr. William H. Butterfield, Vice-President of DePauw University. By authority of the Directors of the Foundation and with the approval of the President of the University, he has been appointed Manager effective October 15, 1948.

appointed Manager effective October 15, 1948. In discussing the terms of his employment it was agreed by the officers of the Foundation and the President of the University that Mr. Butterfield should receive a salary of \$12,000 a year, the Foundation paying \$7,500, and the University paying \$4,500 for special services to be assigned him by the President of the University.

The Executive Committee of the Board of Trustees has authorized this appointment, so far as the University is concerned, and recommends that the Board assign \$4,500 a year from the budget reserve for this position.

This report was received for record.

EMPLOYMENT OF SPECIAL COUNSEL

(3) The Legal Counsel has requested authority to employ outside counsel to assist him in the preparation for and trial of cases now pending and to help in work on the appeal of these cases to the Supreme Court, if necessary, and to handle negotiations in an effort to settle out of court the controversy with the Warner Construction Company.

There are four cases pending in Cook County. Another one is soon to be started. One case is pending in De Kalb County, one in Piatt County, and one in Champaign County. One case from Champaign County has reached the Supreme Court, briefs are to be written, one case is in the Court of Claims and one is before the Illinois Commerce Commission.

The bulk of the work of the Legal Counsel's office concerns the review and approval of contracts, the handling of claims for compensation under the Work-men's Compensation Law, the writing of legal opinions, and conferences on the legal aspects of various kinds of transactions.

I recommend that the Legal Counsel be authorized to employ outside counsel. in these and similar cases, as they arise, subject to the approval of the Board of Trustees.

On motion of Mr. Davis, this recommendation was adopted.

EMPLOYMENT OF REAL ESTATE NEGOTIATOR

(4) At the meeting of the Board of Trustees on September 23, 1948, a question was raised about the broker employed in the purchase of real estate properties.

The Board of Trustees on March 13, 1945 (Minutes, page 413), authorized the employment of Mr. Sidney B. Trelease as a negotiator in the acquisition of properties. Champaign-Urbana real estate brokerage fees are 5 per cent of the first \$10,000 and 2 per cent of the balance. Mr. Trelease offered to serve as negotiator at a flat rate of \$250 a parcel of property.

During the past two years the University has purchased a number of residence properties for faculty housing. The negotiations for the acquisition of these properties were carried on as follows:

I. Properties negotiated by Mr. Sidney B. Trelease:

ACADEMY FOR UNITED STATES AIR FORCE

(5) United States Air Force authorities are preparing plans and enabling legislation for the establishment of an Air Force Academy similar to the service academies at West Point and Annapolis. It is anticipated that an interim academy will be established to operate on a small scale with approximately 200 to 300 cadets before completion of the Air Force Academy at its permanent site. I have invited the authorities of the Air University at Maxwell Field, Ala-

I have invited the authorities of the Air University at Maxwell Field, Alabama, who are preparing the plans for the Air Force Academy, to establish the interim academy at the University of Illinois. I request that the Board confirm my action and also authorize officials of the University to carry on the negotiations with United States Air Force officials if the latter will consider the offer.

On motion of Mr. Davis, the action of the President of the University was confirmed and he was authorized to do everything possible to secure the establishment of this academy at the University of Illinois.

REQUEST FROM PRESIDENT OF THE UNIVERSITY FOR A LEAVE OF ABSENCE

(6) The Third Session of the General Conference of the United Nations Educational, Scientific and Cultural Organization will meet in Beirut, Lebanon, from November 17 to December 11. I have been appointed one of the United States delegates to this session. I am also the American member of the Executive Board of UNESCO which will meet in Istanbul November 11 and 12 through the Beirut sessions.

I request a leave of absence with adjusted salary from November 6 to December 14, 1948.

On motion of Mr. Williamson, this leave was granted, on the terms requested.

BIENNIAL BUDGET FOR 1949-1951

(7) I present my recommendations for the biennial operating budget of the University of Illinois for the two years beginning July 1, 1949, covering all funds for which appropriations are made by the General Assembly. This estimate is submitted as the proposed basis for the budget to be filed with the Department of Finance by November 1, 1948, as required by law.

Several months ago, deans, directors, and general administrative officers were requested to submit estimates of needs for the coming biennium. These estimates were assembled and carefully studied in the offices of the Provost and the Comptroller. They were then submitted to the University Council for discussion.

After a review of these estimates and consideration of the problems of the next biennium as set forth below, I recommend a total operating budget for 1949-1951 of \$72,271,742. Of this amount, the sum of \$56,271,742 would come from tax funds of the State and the sum of \$16,000,000 from the University's own income.

For the 1947-1949 biennium, the total was \$60,083,818, with \$17,000,000 derived from the University's own income deposited in the State Treasury. The reduction of this item is related to the decrease in the number of veterans. From State tax funds, the present appropriation is \$43,083,818.

The increase of \$12,187,924 is needed for the following purposes:

	-		Biennial

President Stoddard, Provost Griffith, and Comptroller Morey discussed the proposed budget presenting detailed explanations of all increases recommended. A formal document explaining in detail the increases was sent to the Board of Trustees in advance of the meeting and a copy is on file with the Secretary of the Board.

During the discussion of this budget, Dr. Meyer took his place with the Board.

On motion of Mr. Livingston, the biennial operating budget was unanimously approved as presented, to be filed as a tentative biennial budget under the State Finance Act, and the President of the University and the President of the Board were requested to take charge of the matter from now on.

STATEMENT BY REPRESENTATIVE JOHN K. MORRIS

At this point, the Honorable John K. Morris, Representative from the Twelfth District, was introduced. Mr. Morris urged that provision be made for housing the College of Veterinary Medicine and the Department of Home Economics as soon as possible.

The Board continued its consideration of matters presented by the President of the University.

CAPITAL EXPENDITURES BUDGET FOR 1949-1951

(8) I am recommending a capital expenditures appropriation for the 1949-1951 biennium for the Urbana campus of \$36,855,000 and for the Chicago Professional Colleges of \$26,210,000, a biennial total of \$63,065,000 (Schedule A).

As an example of the need for long-range planning, a total of \$38,370,000 (Schedule B) of capital expenditures for both Urbana and Chicago is required immediately after the proposed 1949-1951 program. The recommendations also show further needs for later biennia (Schedule C). Professor W. C. Huntington, Chairman of the Building Program Committee,

Professor W. C. Huntington, Chairman of the Building Program Committee, reviewed the work of the Committee in preparing the request and discussed the proposals in detail. The complete report of the Building Program Committee was sent to the Board of Trustees in advance of the meeting and a copy is on file with the Secretary of the Board.

This group includes many urgently needed projects which could not be included in the 1949-1951 Biennium of AA priorities. It also includes projects which are less urgent at present but which are quite certain to become urgent. Also, because of establishing new programs, or for other reasons which are not now apparent, projects which are not included on this list may become urgent. This is especially true if the enrollment is not limited to 20,000. On motion of Mr. Davis, the biennial capital expense budget was unanimously approved as presented, to be filed as a tentative biennial budget under the State Finance Act, and the President of the University and the President of the Board were requested to take charge of the matter from now on.

President Fornof expressed the appreciation of the Board for the careful work of Professor Huntington and his committee.

REPORT OF THE COMMITTEE ON CHICAGO DEPARTMENTS Dr. Meyer presented the following report.

A meeting of the Committee on Chicago Departments of the Board of Trustees of the University of Illinois was held at 12 o'clock noon on October 11, 1948, at the Chicago Athletic Club. Dr. Karl A. Meyer, Chairman, Dr. Martin G. Luken, General Chester R. Davis, and Mr. Park Livingston were present; also Mr. H. A. Hazleton, Clerk.

Hazleton, Clerk. The Committee considered a recommendation from the Physical Plant Department that the firm of Skidmore, Owings, and Merrill be employed as architects for the proposed staff apartment building at the Medical Center Campus at a fee of 5½ per cent of the total cost of plans for the staff apartment building on the Urbana campus to the building at Medical Center. Skidmore, Owings, and Merrill are the architects employed for the faculty apartment building at Urbana.

After discussion of the recommendation the Committee decided that further information was needed before action could be taken on the proposal to employ Skidmore, Owings, and Merrill at a fee of $5\frac{1}{2}$ per cent. The meeting adjourned until such time as further information could be

The meeting adjourned until such time as further information could be secured. Since that adjournment, the Chairman of the Committee secured from the Physical Plant Department further detailed information on the work necessary by Skidmore, Owings, and Merrill to adapt the Urbana building plans to the Chicago building.

The Chairman of the Committee also consulted with other architects concerning the proposal and after telephone discussion by the Chairman with Mr. Davis and Dr. Luken, the Committee recommends that Skidmore, Owings, and Merrill be employed as architects for the faculty apartment building on the Medical Center Campus at a fee of 5½ per cent of the cost of the building but that no contract be entered into with Skidmore, Owings, and Merrill until funds are assured for the completion of the building.

(9) The Director of the Division of Services for Crippled Children and the Vice-President in charge of the Chicago Professional Colleges recommend the following budget for the biennium of 1949-1951 from State funds: *Probased*

	Appropriation Increase 1947-1949 Requested	Budget 1949-1951 Biennium
Hospital and Medical Care	\$1 025 000 \$465 000	\$1 490 000
Braces and Appliances	57 000 33 000	000 OO
Salaries and Wages	253 342 175 772	429 114
Office Supplies and Expenses	7 580 1 420	<u>ģ</u> 000
Office Equipment	7 500 500	Ś 000
Contractual Services	12 000 12 000	24 000
Travel	14 000	14 000
Total	\$1 362 422 \$701 692	\$2 064 114

The increase requested for salaries and wages is requested to compensate employees of the Division adequately for the services rendered and to meet the competition for professionally trained staff members. In order to obtain competent personnel in several professional groups, it is necessary to increase the present salary ranges. The nonprofessional staff members must also be more adequately compensated for their services within the Division.

Hospitalization costs during the past biennium have gone up materially. The maximum that the Division has been paying for hospitalization during the present biennium is \$11 a day for Chicago and St. Louis hospitals and \$8 in hospitals

elsewhere in the State. Increasing costs indicate that costs may run as high as \$20 a day in the next biennium, and in the down-state hospitals costs at present are over \$12 a day. The anticipated increase in the cost of hospital care is reflected in the increase requested for the next biennium.

Staff additions of one medical social worker, two nursing consultants, a speech and hearing consultant, and eleven nonprofessional workers are requested for the district offices and the central office staffs in order that the normal growth of this program can be met.

The increase for contractual services results largely from the increased rentals the Division must pay for office space in various localities.

The new item of travel is requested since prior to this time all travel items have been paid for out of federal funds, but due to the decrease in the funds available from the federal government, it is necessary to request an appropriation for this travel from the State of Illinois.

On motion of Mr. McLaughlin, this biennial budget was approved as presented, to be filed as a tentative budget under the State Finance Act.

OPEN SESSION

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered in open session the following matters presented by the President of the University.

BUDGET FOR THE INSTITUTION FOR TUBERCULOSIS RESEARCH

(1) The Sixty-fifth General Assembly of the State of Illinois appropriated to the University of Illinois the sum of 32,000 for the operation and maintenance expense of the Institution for Tuberculosis Research. The General Assembly also provided that the management of the Institution be vested in a five-man board, two to be appointed by the Board of Trustees of the University, two by the Board of the Municipal Tuberculosis Sanitarium, and the fifth member to be elected by the other four.

The Board of Directors of the Institution has submitted the following budget for the expenditure of this biennium's appropriation during the period of November I, 1948, to June 30, 1949. The continuation of the program is dependent on the approval by the Legislature of additional appropriations.

1. S. R. Rosenthal, Director	G501 \$	3 333
2,, Assistant Director		3 333
3. Nonacademic Salaries:		
Frederick Prepenbrock, Senior Medical Technolo-		
pist (G1	2 200

Belton Skinner, Animal Caretaker	Gı	1 733
Total Salaries	\$1	2 332
Expense and Equipment	I	9 668
Total	\$3	2 000

I recommend that this budget be approved and that the President of the University be authorized to make such changes as are necessary within the total funds available, including making new appointments and the acceptance of resignations, in accordance with the provisions of the University Statutes.

On motion of Mr. Livingston, this budget was approved, and authority was given as requested, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Holt, Mr. Livingston, Mr. McKelvey, Mr. Mc-Laughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken.

APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY

(2) Mr. William F. G. Ross, Chairman of the Board of Examiners in Accountancy, has submitted his resignation from the Board because of ill health. He will be hospitalized for several months. The Committee on Accountancy recommends that Mr. Ross's resignation be accepted. The Committee makes this recommendation with much regret. Mr. Ross has given excellent service on the Board during his two years as a member. His full term would have expired June 30, 1949.

The Committee recommends that Mr. Charles Robert Miller of Arthur Young and Company, Chicago, be appointed to the Board of Examiners in Accountancy to fill the vacancy caused by Mr. Ross's resignation, that is until June 30, 1949.

Mr. Miller is forty-three years of age. He is a graduate of the University of Illinois, having received the Bachelor of Science degree in accountancy in June, 1928, with high honors. He obtained the Illinois C.P.A. certificate by examination in November, 1928. He has been with the firm of Arthur Young and Company for many years and is now a resident partner. He is recognized by the profession as an outstanding accountant.

Mr. Miller has indicated his willingness to serve.

On motion of Mr. Nickell, Mr. Ross's resignation was accepted, and Mr. Miller was appointed as recommended.

ADMINISTRATION OF DEPARTMENT OF BOTANY

(3) The members of the professorial staff of the Department of Botany have requested a change in the organization of the Department from one administered by a department head to a department organized with a chairman. Such a change of organization is permitted under University of Illinois Statutes on recommendation of the President to the Board of Trustees. I recommend approval of this request, and that Dr. Oswald Tippo, Associate Professor of Botany and now Acting Head of the Department, be appointed Chairman of the Department for two years from September I, 1948, at an academic salary rate of \$5,500.

On motion of Mr. McKelvey, these recommendations were adopted.

UNIVERSITY'S SHARE OF DRAINAGE IMPROVEMENT COSTS

(4) The Union Drainage District No. I of the towns of Afton and Milan in De Kalb County has requested the University to assume its share of the cost of the cleaning of the drainage ditch which serves in part Wright Farm No. 7.¹ This ditch runs for approximately 160 rods through the entire length of the northeastern eighty acres of Wright Farm No. 7 and provides the drainage outlet for the whole farm. The ditch was dug about thirty-one years ago and has not been maintained adequately and has needed cleaning for some time. The University's share of this expense is \$1,523.99, one-half of which is due in September, 1948, and the balance in November, 1948. The drainage district is also considering an annual maintenance program after the ditch has been cleaned.

This is similar in principle to payments by the University of part of the operating costs of the sewage disposal through the Urbana-Champaign Sanitary District, for construction of an addition to the local sanitary sewer system to serve the temporary housing area on South First Street, and for part of the cost of improving West Springfield Avenue in Urbana.

Professor J. B. Andrews, Dean H. P. Rusk, and Comptroller Lloyd Morey recommend payment of this initial expenditure and of a pro rata share of the subsequent annual maintenance charges.

Funds are available from the operation of Wright Farm No. 7.

I concur.

On motion of Mr. Davis, this recommendation was adopted. The appropriation was made by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Holt, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken.

¹ This farm is a part of the endowment of the Harry G. and Harriette Wright Scholarships.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

I concur.

On motion of Mr. Williamson, these appropriations were made as recommended, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Holt, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken.

PURCHASE OF ILLINOIS TERMINAL RIGHT-OF-WAY

(6) The Illinois Terminal Railroad Company formerly had a spur track extending through the business and residential part of Urbana and through the University service area to Sixth Street in Champaign. When this spur was abandoned, the University acquired various portions of the property through the following actions of the Board of Trustees:

October 17, 1942 (Minutes, page 110), the Board authorized the purchase of that portion lying between Wright and Sixth Streets at a price of\$1 500

The purchase of the first parcel has been completed and the title transferred to the University of Illinois. The purchase of the last three parcels has not been completed pending the successful negotiation of some questions concerning the title. It is anticipated that these difficulties will be worked out in the near future.

There is also available the east one-half block between Harvey and Gregory (approximately $40' \times 198'$). The Illinois Terminal Railroad Company has a buyer for this property at a price of \$750, which represents a unit cost of $9.5 \notin$ a square foot. They have offered this property to the University at the same price, and the Director of the Physical Plant Department, the Security Officer, and the Comptroller recommend that the University purchase the property to be used as a parking area and for Physical Plant Service purposes.

I recommend the authorization of the purchase of this land and a special appropriation of \$750 for this purpose.

On motion of Mr. McKelvey, this purchase was authorized and the appropriation was made, by the following vote: Aye, Mr. Davis, Mr. Fornof, Mrs. Holt, Mr. Livingston, Mr. McKelvey, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mr. Williamson; no, none; absent, Mr. Green, Dr. Luken.

OIL AND GAS LEASES ON OLNEY EXPERIMENTAL FARM

(7) The Board of Trustees on September 23, 1948 (Minutes, page 84), authorized leasing to the Sun Oil Company for oil and gas development an experimental fruit farm tract of $19\frac{1}{3}$ acres near Olney, Illinois. The Sun Oil Company also wishes to lease the seventy-five acre experimental farm tract which lies to the north of the $19\frac{1}{3}$ acre tract described as follows:

"The South 34 of West half of Southwest quarter of Section 36 and beginning at a point 12 chains South of the Northwest corner of the East half of the Southwest quarter of Section 36, thence South 28.19 chains, thence East 4.26 chains, thence North 28.19 chains, thence West 4.26 chains to place of beginning, 12 acres, more or less in Section 36; also, beginning at the Southwest corner of the West half of Southwest quarter of Section 36, running thence North along the section line 120 rods, thence West 4 rods, thence South 120 rods, thence East 4 rods to the place of beginning, containing 3 acres in Southeast quarter of Section 35, Township 4 North, Range 10 East, containing 75 acres, more or less."

This will give the University the same protection in the event oil or gas production in commercial quantities is developed within a statutory offset location.

The Head of the Department of Horticulture and the Director of the Agricultural Experiment Station recommend that this lease be authorized under the same terms as the other lease. The company will pay a rental of \$5.00 a year an acre. If oil or gas is produced from wells on the University's land the University will receive one-eighth of the proceeds; if oil or gas is produced within 330 feet of University land the University will share in the royalties.

I concur.

On motion of Mrs. Holt, this lease was authorized as recommended.

APPOINTMENT OF JOSEPH A. RUSSELL AS PROFESSOR AND HEAD OF THE DEPARTMENT OF GEOGRAPHY

(8) I recommend the appointment of Dr. Joseph A. Russell of Syracuse University as Professor and Head of the Department of Geography on indefinite tenure at a salary of \$8,000 an academic year beginning February 1, 1949.

On motion of Mr. McLaughlin, this appointment was approved as recommended.

SALE OF STANDARD OIL OF NEW JERSEY STOCK

(9) The Finance Committee of the Board recommends that two shares of Standard Oil Company of New Jersey stock received as a dividend on Standard Oil of Indiana stock be sold, since this dividend has been ruled as a distribution from income.

Authorization for this sale and approval of the following resolution is requested:

RESOLUTION REGARDING SALE OF STOCK

Whereas, the Board of Trustees of the University of Illinois is the owner of two shares of capital stock of the Standard Oil Company of New Jersey, and Whereas, the Board of Trustees has approved the sale of such stock in its meeting of October 21, 1948,

Now, therefore, be it resolved by the Board of Trustees of the University of Illinois that Lloyd Morey, Comptroller, and H. E. Cunningham, Secretary, be authorized to execute any and all documents to complete such sale.

On motion of Mr. Livingston, this sale was authorized and the resolution was adopted as requested.

ADDITION TO CONTRACT FOR GENERAL WORK ON STADIUM RESTORATION

(10) The West Hall of the Stadium was used for student housing from 1946 to 1948, and was returned to use for instruction in physical education and student recreational programs at the beginning of the academic year, 1948-1949.

Lewis S. Colbert, General Contractor, Champaign, was engaged to do the necessary remodeling at an estimated cost of \$4,791.

At the time the remodeling was planned, it was anticipated that some work would be required on the floor in the north half of the West Hall. It was impossible to determine the extent and nature of the work until partitions and wood flooring had been removed to permit examination of the concrete base. The cost of the additional work necessary will be \$4,000.

There is other general work to be done to improve the West Hall, estimated to cost \$1,363, for which the Athletic Association will supply funds.

The Director of the Physical Plant Department and the Comptroller recommend that this additional work for restoration and remodeling be done under the terms of the contract with Lewis S. Colbert for minor alterations authorized by the Board of Trustees on July 22, 1948.

Funds are available for the improvements to be paid for by the Athletic Association in an assignment already approved by the Board of Trustees, and funds are available for the restoration expenditures to be paid by the University in reserves accumulated from operation of the West Hall as a dormitory.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute an addition of \$5,363 in this contract.

On motion of Mr. Davis, authority was given as recommended.

ADDITION TO HEATING CONTRACT FOR CHEMISTRY BUILDING

(11) The Director of the Physical Plant Department and the Comptroller recommend an addition in the amount of \$5,404.17 to the contract with the Carson-Payson Company, Danville, for the heating work in the construction of the Chemistry and Chemical Engineering Building, for underground steam lines which will connect the houses at 1205 West California and 606 South Mathews front and rear with the University steam heating system.

Funds are available.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute this contract addition.

On motion of Mrs. Holt, authority was given as recommended.

ADDITION TO GENERAL CONTRACT FOR MECHANICAL ENGINEERING BUILDING

(12) The Director of the Physical Plant Department and the Comptroller recommend an addition of \$7,892 to the contract with the James McHugh Sons, Inc., for the general work on the Mechanical Engineering Building to provide for spray painting of exposed haydite block and concrete surfaces in all painted rooms except basement corridors.

Funds are available in the State appropriation for the Mechanical Engineering Building.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract change.

On motion of Mr. Nickell, authority was given as recommended.

ADDITION TO GENERAL CONTRACT FOR ELECTRICAL ENGINEERING BUILDING

(13) The Director of the Physical Plant Department and the Comptroller recommend an increase of \$10,535.37 in the contract with the John Felmley Company for the general work on the Electrical Engineering Building. This increase is to provide for the following:

Funds are available in the State appropriation for this building. I concur and request that the Comptroller and the Secretary of the Board be authorized to execute the above additions to this contract.

On motion of Mr. McLaughlin, authority was given as recommended.

ADDITION TO THE GENERAL CONTRACT FOR CHEMISTRY BUILDING (14) The Director of the Physical Plant Department and the Comptroller recommend an addition of \$2,812.73 to the contract with the John Felmley Company for the general work on the Chemistry and Chemical Engineering Building to provide for:

1. Substitution of Acoustone and Acousti-Celetox in

Funds are available for these additions in the State appropriation for this building.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute the above additions to the contract.

On motion of Mr. Livingston, authority was given as recommended.

AWARD OF CONTRACTS FOR ALTERATIONS IN THE MEN'S OLD GYMNASIUM

(15) On January 8, 1948 (Minutes, page 960), the Board of Trustees appropri-ated \$26,000 for alterations and lockers in the Men's Old Gymnasium. This project was not considered to be of top priority, and the work was postponed. Now that higher priority projects are under way, this one may go ahead. Since this is a remodeling job, it is not feasible to secure competitive bids. The Director of the Physical Plant Department and the Comptroller recommend

that the work be done by the following contractors under the terms of their standing contracts on a cost plus a fee basis for minor remodeling as approved by the Board of Trustees on July 22, 1948 (Minutes, page 18):

Estimated Cost

General Work—Lewis S. Colbert......\$15 798 97 Plumbing—Reliable Plumbing and Heating Co...... 5 500 00

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Nickell, authority was given as recommended.

PURCHASES

(16) There are submitted recommendations for purchases for approval by the Board and a report of purchases authorized by the President of the University (see Appendix, page 163).

On motion of Mr. McKelvey, purchases were authorized as recommended, and the action of the President of the University in authorizing emergency purchases was approved and confirmed.

GIFTS AND GRANTS OF FUNDS FOR RESEARCH AND OTHER PURPOSES

(17) A report of gifts and grants of funds for research and other purposes received by the University since the last report on July 22, 1948 (see Appendix, page 165).

This report was received for record.

CANCELLATION OF SABBATICAL LEAVE OF ABSENCE GIVEN PROFESSOR RAYMOND P. STEARNS

⁽¹⁸⁾ Associate Professor Raymond P. Stearns of the Department of History was given a sabbatical leave of absence for the second semester of 1948-1949 by the Board of Trustees on March 9, 1948.

BOARD OF TRUSTEES

Professor Stearns has requested that his leave be deferred for the convenience of the University because the Department of History has recently suffered major losses in the death of Professor Theodore C. Pease, former Head of the Department, and in the resignation of Professor Charles E. Odegaard.

I recommend cancellation of this leave without prejudice as to future reinstatement.

On motion of Mr. Davis, this recommendation was adopted.

LEAVE OF ABSENCE FOR PROFESSOR STANLEY D. TYLMAN

(19) Dr. Stanley D. Tylman, Professor and Head of the Department of Crowns and Fixed Partial Dentures, College of Dentistry, has been invited to give a series of clinics and conferences for the dental faculties of the Universities of Buenos Aires and Cordoba in Argentina. The United States Department of State has asked that this teaching mission be undertaken.

The Dean of the College of Dentistry and the Vice-President in charge of the Chicago Professional Colleges recommend that he be given a leave of absence with full pay during the months of November and December, 1948. His duties will be taken over by other members of the faculty so that there will be no additional expense to the University.

I have authorized this leave of absence and request confirmation of my action.

On motion of Mr. Williamson, this leave was granted as recommended.

INCREASE IN CONTRACT FOR FLOORING IN STADIUM

(20) On September 23, 1948 (Minutes, page 83), the Board of Trustees awarded a contract for asphalt tile flooring to W. Lewis and Company in the amount of \$6,107.77 as a part of the program of restoration and improvement of the West Great Hall of the Stadium. After the bids had been received for this flooring, the Athletic Association requested the addition of asphalt tile markings for the basketball courts. The asphalt tile markings are preferred to the painted markings because they are more permanent and economical over a long period of usage. The Director of the Physical Plant Department and the Comptroller recom-

The Director of the Physical Plant Department and the Comptroller recommend an increase of \$1,020 in the contract with W. Lewis and Company to provide for this additional installation to be paid for by the Athletic Association.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute this addition to the above contract.

On motion of Mr. Williamson, authority was given as recommended.

SECRETARY'S REPORTS

The Secretary presented the following lists for record, as printed in the Appendix.

1. Appointments made by the President of the University (page 153).

2. Graduate scholars and fellows (page 155).

3. Resignations, declinations, and cancellations (page 156).

4. Degrees conferred at Urbana, October 15, 1948 (page 157).

The Board adjourned.
