

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**December 17, 1951**

The December meeting of the Board of Trustees of the University of Illinois was held in the First National Bank of Chicago, on Monday, December 17, 1951, beginning at 11:30 a.m.

The following members of the Board were present: President Livingston, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, and Mrs. Watkins.

Also present were President George D. Stoddard, Provost Coleman R. Griffith, Vice-President A. C. Ivy, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Information, Mr. Lloyd Morey, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of October 23, 1951, press proof copies of which had been sent to all members of the Board in advance.

On motion of Mr. Johnston, the minutes were approved as printed on pages 1253 to 1287, inclusive.

**BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The Board considered the following reports and recommendations from the President of the University.

**APPOINTMENTS TO THE FACULTY**

(1) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. GILBERTO BERNARDINI, Research Professor of Physics, beginning November 1, 1951, at an annual salary of \$9,000 (D).

2. FRANCIS WILLIAM LOGAN, Assistant Professor of Hygiene and Medical Adviser for Men, beginning February 1, 1952, at an annual salary of \$8,000 (DY).

3. MARIE WAITE, Assistant Professor, School of Social Work, Chicago Professional Colleges, beginning January 1, 1952, at an annual salary of \$4,904 (DY).

The Director of Nonacademic Personnel reports the following appointment to a supervisory position of upper level responsibility:

1. LYNN A. COLLINS, Supervising Accountant in the Chicago Business Office, beginning October 29, 1951, at an annual salary of \$4,920.

On motion of Mrs. Watkins, these appointments were confirmed.

**LEAVE OF ABSENCE FOR DR. DAVID E. LINDSTROM**

(2) Dr. David E. Lindstrom, Professor of Rural Sociology, has been invited to accept a temporary appointment on the staff of the International Christian University in Japan.

I recommend that he be given a leave of absence without pay for a period of three years from January 1, 1953, so that he may accept this assignment. This will be an important service to a new University now being developed in Japan under the presidency of Dr. Hachiro Yuasa, a graduate of the University of Illinois.

On motion of Mr. Nickell, this leave was granted.

**LEAVE OF ABSENCE FOR DR. A. C. IVY**

(3) On his request, I have granted Dr. A. C. Ivy a leave of absence from his administrative position as Vice-President in Charge of the Chicago Professional Colleges for two months beginning January 1, 1952, with the understanding that he will continue his work as Distinguished Professor of Physiology and as Head of the Department of Clinical Science in which capacities he will be free to work intensively on his research programs. No change of salary is proposed.

I recommend that Dean E. R. Serles, as the senior dean of the Chicago Professional Colleges, be designated as the over-all administrative officer for these Colleges during the two-month period, without change in salary or title.

On motion of Mrs. Holt, the President's action was confirmed and his recommendation for the designation of Dean Serles as the administrative officer for the Chicago Professional Colleges for two months beginning January 1, 1952, was approved.

**HEARING COMMITTEE ON DISCHARGE OF ROBERT TAYLOR**

(4) It is recommended that the Committee appointed by the Board of Trustees on November 23, 1951, to hear the charge against Robert Taylor, kitchen laborer in the Housing Division, be discharged. Mr. Taylor has reconsidered his request for this hearing and has resigned effective at the close of business October 31, 1951, his last day of service. This action eliminates the necessity for a hearing.

On motion of Mr. Megran, the Committee was discharged from its assignment.

**CHANGE IN GENERAL EDUCATION REQUIREMENTS  
FOR BACHELOR OF ARTS DEGREE**

(5) In partial fulfillment of the requirements for the Bachelor of Arts degree students in the general curriculum in Liberal Arts and Sciences are now required to complete at least an eight-semester-hour sequence of courses in each of these areas: (a) humanities, (b) biological science, (c) physical science, and (d) social science.

The Faculty of the College and the University Senate recommend a modification of these general education requirements so that instead of any one of the eight-semester-hour sequences required in the areas specified, one approved six- or seven-hour sequence will be accepted, but not earlier than the sophomore year. This slight relaxation will offer students a wider selection of suitable sequences of two three-hour upper-class courses in fulfillment of the general education requirements. It will not affect the requirements relating to major and minor fields of study nor will it reduce the total number of hours required for graduation.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

#### **CHANGE IN REQUIREMENTS FOR ADMISSION TO COLLEGE OF DENTISTRY**

(6) The present requirements for admission to the College of Dentistry include twelve semester hours of chemistry of which four shall be organic chemistry. The Faculty of the College and the University Senate recommend that effective in September, 1953, the preprofessional chemistry requirements for admission to the first-year class in dentistry shall include a course in quantitative analysis carrying at least three semester hours of credit, in addition to the four semester hours of organic chemistry. The intent of this change is not to increase the minimum of twelve semester hours of chemistry required but only to specify that quantitative analysis shall be included in the preprofessional preparation in chemistry.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

#### **SCHOLASTIC REQUIREMENTS FOR THE DEGREE OF BACHELOR OF SCIENCE IN DENTISTRY**

(7) The requirements for the degree of Bachelor of Science in Dentistry include a provision that a candidate must "have grades of C or better in at least three-fourths of the total hours taken in the College and counted toward the degree."

The Faculty of the College and the University Senate recommend that this requirement be changed to provide that "the candidate must have an average of C or better in the total number of hours completed in the College of Dentistry," effective in September, 1953. This requirement is already in effect for candidates for the degree of Doctor of Dental Surgery.

I concur.

On motion of Mr. Fornof, this recommendation was approved.

#### **POSTGRADUATE CURRICULA IN DENTISTRY**

(8) The faculty of the College of Dentistry and the University Senate recommend authorization of three postgraduate curricula as follows:

##### *Postgraduate Curriculum in Orthodontia*

Selected students desiring to pursue an organized curriculum in orthodontia will be accepted on a postgraduate status for a period of three quarters beginning with the fall quarter. These three quarters embrace all technical instruction and a significant amount of clinical work. In addition, the student is required to register in Advanced Oral Histology and Advanced Anatomy as well as in certain minor courses which must be placed early in his professional training.

At the end of the third quarter of residence each student desiring to work toward a graduate degree will apply for admission to the Graduate College according to established procedure, and if accepted will follow the approved curriculum leading to a Master of Science degree in orthodontia. The usual requirements for the Master of Science degree prevail. Three units of credit toward the master's degree will be allowed for the work described above.

Those students who do not elect or who are not found qualified by the staff to pursue graduate work may continue to register for an additional three quarters as postgraduate students, the first quarter of which must be on a full-time basis. Such students are required to prepare and submit an essay on some aspect of orthodontia or an associated field in order to qualify for the certificate of the department. Both graduate and postgraduate students continue clinical work during the last three quarters.

*Course and Program Requirements:*

Orthodontic technics, two quarters; orthodontic seminar, three quarters; diagnosis and analysis of malocclusion, six quarters; advanced oral histology, three quarters; orthodontic clinic, five quarters; gross anatomy, one quarter; individual library research, two quarters; thesis, one quarter.

Essay Requirement: A critical paper on some phase of orthodontia or related subject.

Time Requirements: Six quarters of the organized postgraduate program.

Recognition: A certificate will be awarded upon completion of all requirements.

*Postgraduate Curriculum in Pedodontics*

Selected students desiring to pursue an organized curriculum in pedodontics will be accepted on a postgraduate status for a period of three quarters. These three quarters embrace all technical instruction, a significant amount of clinical work, and certain major and minor courses, which must be placed early in the professional training.

At the end of the third quarter of residence each student desiring to work toward a graduate degree will apply for admission to the Graduate College according to established procedure, and if accepted will follow the approved curriculum leading to a Master of Science degree in pedodontia. Three units of credit toward the master's degree will be granted for the work described above. Those students who do not elect or who are not found qualified to pursue graduate work may continue to register for an additional quarter as postgraduate students. Such registration must be on a full-time basis. The program in such a case consists of additional clinical work and the pursuit of certain minor courses at the postgraduate level. Students in this category will be eligible for the certificate of the department upon completion of the four quarters of work.

*Course and Program Requirements:*

Pedodontics technics, three quarters; pedodontics seminar, three quarters; pedodontics clinic, three quarters; applied anatomy and growth of head, three quarters; dental pediatrics, three quarters; oral histology, one quarter; oral pathology, two quarters; pedodontics research, one quarter; pedodontics seminar, one quarter.

Time Requirements: Four quarters of the organized postgraduate program.

Recognition: A certificate of the department will be awarded.

*Postgraduate Curriculum in Oral Surgery*

Selected students desiring to pursue an organized curriculum in oral surgery will be accepted on a postgraduate status for a period of three quarters beginning with the fall quarter.

At the end of the third quarter of residence each student will be granted a certificate and those desiring to work toward a graduate degree will apply for admission to the Graduate College according to established procedure and if accepted will follow the curriculum leading to a Master of Science degree in oral surgery. Three units of credit toward the master's degree will be granted for the work described above. Students not accepted will not be allowed to register for further postgraduate work.

*Course and Program Requirements:*

Oral surgery clinic, three quarters; oral surgery seminar, three quarters; applied pathology, two quarters; general histology, two quarters; osteology, one quarter; oral histology seminar, two quarters; tumor clinic, one quarter; oral pathology, one quarter; advanced oral histology, one quarter; gross anatomy (head and neck), one quarter.

Time Requirements: Three quarters of the organized postgraduate curriculum.

Recognition: A certificate of the department will be awarded for three quarters of work.

The complete details of this program are being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

**ADMISSION OF NONRESIDENTS OF ILLINOIS**

(g) On April 24, 1947 (Minutes, page 349), the Board of Trustees authorized a "Progressive Admissions Plan" to utilize the University's capacities effectively during the postwar influx of students. The plan restricted the admission of non-residents of Illinois to new freshmen who ranked in the upper 25 per cent of their high school graduating class and of transfer students to those with not less than a 4.0 (B) average in previous college work in terms of the grading system of the University of Illinois.

On February 17, 1949 (Minutes, page 244), the Board of Trustees substantially rescinded the "Progressive Admissions Plan" because it was possible to admit all residents of Illinois who qualified under the former system.

With respect to nonresidents of Illinois the admission of new freshmen is now restricted to students who rank in the upper 50 per cent of their high school graduating class and to transfer students who have a scholastic average of at least 3.5 (halfway between B and C) in previous college work. These actions were administrative measures related to emergency conditions.

The University Senate Committees on Admissions from Secondary Schools and Admissions from Higher Institutions have recently studied the requirements governing the admission of nonresidents of Illinois. On the joint recommendation of these Committees the University Senate recommends to the Board of Trustees that effective with the first semester after official action is taken:

(1) A nonresident of Illinois seeking admission as a freshman must rank in the upper 75 per cent of his high school graduating class.

(2) A nonresident of Illinois seeking transfer to any undergraduate curriculum must present a scholarship average of at least 3.0 in terms of the grading system of the University of Illinois.

I concur and recommend that these changes become effective beginning the second semester of 1951-1952.

On motion of Mr. Johnston, this recommendation was approved.

**CHANGE IN REQUIREMENTS IN PHYSICAL EDUCATION FOR MEN**

(10) The Department of Physical Education for Men has been experimenting with the use of the Illinois Motor Fitness Test as a motivating device instead of using it to classify students in the general service program of physical education (as distinguished from the professional curriculum in physical education), which was the original purpose of the requirement. Now all men students registered in freshman and sophomore physical education service classes take the Motor Fitness Test as part of the exercise program of each course. Those failing to achieve satisfactory scores are assigned to a course in developmental activities, unless they have already received credit for such training. This method of using the Motor Fitness Test has proved to be better than the former method used because the test serves as a constant motivation for maintenance of physical fitness.

The Physical Education for Men staff meets all freshmen students in small groups (twenty-five to thirty) during Freshman Week preceding registration for an orientation and guidance session which helps students in understanding the physical education requirements. It also helps them to appreciate the opportunities available in the physical education program and guides them in selection of activities.

The Director of the School of Physical Education recommends that the present requirement that all undergraduate men students, with certain exceptions, be required to take a motor fitness test before registering in the University, which requirement was adopted by the Board of Trustees on April 18, 1946, at the request of the School of Physical Education and the Department of Physical Education for Men, be rescinded.

I concur.

On motion of Mr. Hickman, this recommendation was approved.

**PETTY CASH FUND FOR CIVIL ENGINEERING SURVEYING CAMP**

(11) The University of Illinois maintains a Civil Engineering Surveying Camp near Blackduck, Minnesota. The camp is operated during the summer to provide field experience for civil engineering students.

Financial operations of the camp can be expedited if a petty cash account is established in a bank at Blackduck, Minnesota. The Comptroller recommends an appropriation of \$400 as the working capital for such an account and the approval of the Blackduck State Bank as the depository. The Treasurer of the Board of Trustees concurs in the recommendation of this bank as the depository. I concur.

On motion of Mr. Hickman, the Blackduck, Minnesota State Bank was approved as the depository for the Civil Engineering Surveying Camp petty cash fund, and an appropriation of \$400 was made from the General Reserve Fund to provide the working capital for this account. This action was taken by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

#### **SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(12) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

##### *Chicago Professional Colleges and Chicago Undergraduate Division*

1. Equipment for the Department of Neurology and Neurological Surgery.....\$ 2 500
2. Remodeling in the Department of Anatomy..... 3 300
3. Cages for the Animal Hospital..... 1 800
4. Crating and shipping of research equipment for the Department of Physical Medicine..... 2 000
5. Remodeling at the Chicago Undergraduate Division to provide quarters for Air Force R.O.T.C..... 6 425
6. Equipment for the Chicago Professional Colleges..... 22 700
  - College of Dentistry.....\$ 4 500
  - College of Medicine..... 7 000
  - College of Pharmacy..... 11 200

##### *Urbana-Champaign Campus*

7. Remodeling in Horticulture Field Laboratory for the Department of Food Technology ..... 6 200
8. Equipment (rolling mill) for the Department of Mining and Metallurgical Engineering ..... 9 000
- Total* .....\$53 925

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

#### **CONTRACT FOR DEMOLITION OF BUILDINGS TO CLEAR SITE OF EAST DENTISTRY-MEDICINE-PHARMACY BUILDING, CHICAGO**

(13) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$2,567 to the McKay Contractors, Chicago, the lowest bidder, for demolition of buildings at 818, 830, and 910 South Hermitage Avenue to complete clearance of the site for the East Dentistry-Medicine-Pharmacy Building. The Board of Trustees on November 23, 1951, approved a contract for the demolition of seventeen other buildings in this area.

Funds are available in the state appropriation for the construction of the East Dentistry-Medicine-Pharmacy Building and have been released by the Governor.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Nickell, this contract was authorized.

**CONTRACT FOR REPLACEMENT OF EXTERIOR DOORS IN BUILDINGS  
ON CHICAGO PROFESSIONAL COLLEGES CAMPUS**

(14) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$6,978 to the Mueller Construction Company, Chicago, the lowest bidder, for replacement of metal doors in buildings on the Chicago Professional Colleges campus. A number of the exterior metal doors have deteriorated to such an extent that it is more economical to replace them than to remove, repair, and refinish them.

Funds are available in the Physical Plant Department budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was authorized.

**PURCHASE OF 1103 WEST GREEN AND  
1108 WEST ILLINOIS, URBANA**

(15) The University has an opportunity to purchase the property at 1103 West Green Street, Urbana, immediately east of the Student and Staff Apartments, and at 1108 West Illinois Street (contiguous properties), the latter adjoining University property at 1110 West Illinois. The price is \$72,875, payable \$20,000 on conclusion of a contract, and the balance on or before June 30, 1953, with interest at 4 per cent on the unpaid balance.

This property is in the probable zone of University expansion on the east side of the campus. It has 74.75 feet frontage on each street and is 461.6 feet deep. It is improved with two frame houses in reasonably good condition. The property has been appraised at \$66,000 but the owners will not accept less than \$72,875. This price is reasonable in comparison with other property purchases made by the University. The land will ultimately be needed for additional parking space for the Student and Staff Apartments, particularly when the parking area on the north side of Green Street is required for building construction. The two houses can be used as cooperative houses.

Funds for the initial payment required for this purchase are available in funds received by the University of Illinois Foundation from the sale of prefabricated houses and held by the Foundation for the University. The balance would have to be met from nonrecurring funds later in the current biennium, 1951-1953. This purchase is recommended by the Chairman of the University Building Program Committee (faculty committee), the Provost, the Director of the Physical Plant, and the Comptroller.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to conclude the necessary contract and that funds required for the initial payment be assigned from moneys held by the University of Illinois Foundation for the University.

On motion of Mr. Johnston, the purchase of these properties was authorized by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stevenson.

**RELEASE OF PATENTABLE DISCOVERY**

(16) Associate Professor George B. Clark of the Department of Mining and Metallurgical Engineering reports the invention of a new type of manometer designed to measure average velocities of air in closed ducts.

In the judgment of other experts, although this design is most ingenious, the potential market for such a device is very limited. In a period of two or three years, probably not more than fifty units would be purchased.

Under the circumstances, the University Patent Committee and the Chairman of the University Research Board do not believe that the University would be justified in expending the money to secure the patent and they, therefore, recommend release of the patent rights to Professor Clark.

I concur.

On motion of Mr. Hickman, this recommendation was approved.

### USE OF UNIVERSITY PREMISES FOR ADDRESSES BY CANDIDATES FOR PUBLIC OFFICE

(17) On December 3, 1951, the University Senate approved for transmission to the Board of Trustees the following resolution concerning political speakers:

"Resolved: That the Senate of the University of Illinois favors the use of university buildings, grounds, and facilities by or on behalf of candidates for nomination or election to state or national offices, subject to the following regulations:

"1. The speaker shall be a member of a political party having legal status in the State of Illinois.

"2. The speaker shall be sponsored by a recognized student organization, a faculty group, or a University Department."

This resolution was discussed fully at the meeting of the University Senate and was passed by an overwhelming majority. This matter has come before the Board previously, at the request of the Student Senate, representative of all undergraduate students at Urbana-Champaign, in essentially the same form.<sup>1</sup>

It is clear from these actions of the student and faculty bodies that it is not the intention to use University buildings for political purposes, but for the enlightenment of students and staff members with respect to state and national issues. I know the attitude of the faculty well enough to state that it is solidly opposed to any form of political interference with policy-making or administration in the University of Illinois.

I concur in the recommendation of the University Senate.

If the Board approves, I shall seek the advice of the Institute of Government and Public Affairs on the occasion of each such address, but final approval would rest in the office of the President of the University.

On motion of Mr. Hickman, this recommendation was disapproved. Mrs. Watkins voted "no" on this motion. Messrs. Livingston and Megran asked to be recorded as not voting.

### PURCHASES

#### *Purchase Authorized*

(18) The following purchase was authorized by the President's Office on the recommendations of the Director of Purchases and the Comptroller.

Item	Department	Vendor	Cost
Two each 511AD Tektronix Company oscilloscopes	Physics	Everett Associates, Chicago	\$3 975 00 f.o.b. Portland, Oregon
Two each 511A Tektronix Company oscilloscopes			

On motion of Mr. Hickman, this purchase was approved.

#### *Purchases Recommended*

The Director of Purchases has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

I concur.

Item	Department	Vendor	Cost
One vibrating Reed electrometer with accuracy limits 0.2 to 1 per cent	Radiocarbon Laboratory	Applied Physics Corp., Pasadena, Calif.	\$2 800 00 f.o.b. Pasadena, Calif.
One multiple range recorder adapted for use with electrometer			
One turret switch

**AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES**

(20) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded to the following candidates who passed the standard examination given in November, 1951, and who have fulfilled all other legal requirements under Section 2 of the Illinois Accountancy Act of 1943:

TED TOZER ALLSUP (Bloomington)	PAUL ELBA CLEER (Chicago)
PHILLIP IRVING ALPERN (Chicago)	CHARLES FRANK CLEMINS (East St. Louis)
ROY E. ANDERSON (Chicago)	MELVIN COHEN (Chicago)
THEODORE WILLIAM ANDERSON (Chicago)	MORRIS DAVID COHEN (Chicago)

GEORGE LOUIS	Chicago, Illinois	District of Columbia
HERBERT ARNOLD MAIER	Chicago, Illinois	District of Columbia
CHARLES ALEXANDER McWATERS	Whittier, California	California
HARRY DAVID SELTZER	Los Angeles, California	California

I concur.

On motion of Mrs. Holt, these certificates were awarded.

**GIFT FROM CHEVROLET DIVISION OF THE  
GENERAL MOTORS CORPORATION**

(21) The University has received a contribution of \$45,000 from the Chevrolet Division of the General Motors Corporation to pay the expenses of sending the University of Illinois Band to Pasadena, California, for participation in the ceremonies at the Stanford-Illinois game on January 1, 1952, and in other public functions on the West Coast. I have accepted this contribution and now report it for official public record. An official expression of appreciation on behalf of the Board of Trustees is being sent to the executives of the General Motors Corporation.

On motion of Mr. Fornof, the President's action was confirmed and the contribution was accepted.

**REPORT OF GENERAL POLICY COMMITTEE ON TAX STATUS OF  
STUDENT AND STAFF APARTMENTS IN URBANA**

Mr. Johnston, for the Committee on General Policy, presented the following report.

On October 23, 1951, the President of the Board referred to the General Policy Committee a letter from Harley H. Harmon, a member of the Urbana Board of Education, dated October 15, 1951, requesting that the Board of Trustees make "payments in lieu of taxes" on the Student and Staff Apartments at Green and Goodwin, Urbana. The Committee referred this matter to the Comptroller for discussion with the Legal Counsel and the Director of the Physical Plant.

The first requisite to consideration of payment for services is that the property be exempt from taxation. The Student and Staff Apartments have been now assessed for taxes for 1951 and the Board of Review has confirmed this assessment over the University's objection, reversing its action on the same question a year ago on the first unit, title to which is held in trust by the University of Illinois Foundation. The second unit, title to which is held by the University, is assessed for the first time this year. If this ruling stands, the University will have to pay taxes on the property and can not make other payments for services. It is the opinion of the Legal Counsel that the property is tax exempt and it is highly important that this status be firmly established.

In consideration of the foregoing, the General Policy Committee recommends:

1. That the Board of Trustees direct the University Legal Counsel to take any and all steps that he considers necessary or desirable to establish and maintain the tax exempt status of the Student and Staff Apartments.
2. That University officers then continue their study to ascertain what services are rendered to the University by local taxing bodies and what would constitute proper compensation for such services, and make recommendations thereon to the President of the University.

On motion of Mr. Johnston, the report of the Committee was adopted and the recommendations were approved.

**DEATH OF MR. ORVILLE M. KARRAKER**

The Secretary reported that word had been received of the death on December 16, 1951, at Dixon, of Mr. Orville M. Karraker, a former member of the Board.

On motion of Mr. Nickell, the Secretary was directed to prepare a memorial resolution for adoption by the Board at its next meeting.

**MEMBERS OF GENERAL ASSEMBLY TO BE GUESTS  
OF THE BOARD OF TRUSTEES**

On motion of Mrs. Watkins, the Secretary was instructed to invite State Senator Everett R. Peters, Representatives Charles W. Clabaugh, Ora D. Dillavou, and Paul Stone of the Twenty-fourth Senatorial District of Illinois to be the guests of the Board of Trustees at luncheon at its next meeting.

**JANUARY MEETING**

On motion of Mr. Herrick, the Board voted to hold the January meeting on Monday, January 21, 1952, at the Chicago Undergraduate Division, Chicago, Illinois, the hour to be determined by the President and Secretary of the Board.

**APPRECIATION TO THE OFFICERS OF THE  
FIRST NATIONAL BANK OF CHICAGO**

On motion of Mr. Johnston, the Secretary was instructed to write to the President of the First National Bank of Chicago expressing the appreciation of the Board for the hospitality of the officers of the Bank.

**LETTERS FROM LABOR ORGANIZATIONS**

President Livingston announced that he had received letters from the Second Vice-President of the International Union of Operating Engineers concerning the status of a former employee at the Chicago Undergraduate Division, and from the Representative of the University of Illinois Employees Union 698, American Federation of State, County, and Municipal Employees on the subject of merit increases for the nonacademic staff. Mr. Livingston stated that these letters were being referred to the Committee on Nonacademic Personnel.

**EXECUTIVE SESSION**

At the request of Mr. Fornof, the Board considered the following matters of business in Executive Session.

**REPORT OF THE FINANCE COMMITTEE ON  
REQUEST OF MRS. SARAH GRIMM**

Mr. Fornof, for the Finance Committee, presented the following report.

At the meeting of the Board of Trustees on September 19, 1951, Mr. Herrick reported that Mr. Marshall Miller, Attorney, Champaign, representing Mrs. Sarah Grimm, sister of the late Professor George A. Miller, had called on him to ask that the Board of Trustees make some financial provision for Mrs. Grimm from the funds it will receive under his will. This request was referred to the Finance Committee for consideration.

The Committee has had two meetings. On October 18, 1951, the Committee heard Mr. Miller who appeared with an associate to present the request personally. On December 17, 1951, the Committee met again to discuss this matter.

The Committee recommends to the Board that the request be denied.

On motion of Mr. Fornof, this report was adopted and the recommendation of the Committee was approved.

**GIFT OF MR. AND MRS. HARLAN H. HORNER**

The President presented the following recommendation.

Harlan H. Horner and Henrietta Calhoun Horner of Albany, New York, both alumni of the University, Class of 1901, offer the Board of Trustees of the University of Illinois and the University of Illinois Foundation a valuable and important collection of books, manuscripts, portraits, photographs, busts, and other materials pertaining to Abraham Lincoln and his times for the purpose of establishing a "Lincoln Collection" at the University of Illinois. In return they ask the University to arrange for the transfer of the collection from Albany to the University and to provide adequate quarters for the housing of this collection in the University Library in a room to be known as the "Lincoln Room." The donors plan to encourage their classmates of the University of Illinois Class of 1901 to contribute materials to this collection through the University of Illinois Foundation, and also to a permanent fund to be raised and established by the Foundation for maintaining and expanding the collection. In this way, the collection will also be a Class of 1901 memorial.

Mr. and Mrs. Horner request the Board of Trustees of the University of

Illinois and the Board of Directors of the University of Illinois Foundation to enter into an agreement with them relative to the acceptance of their offer which is presented in a formal deed of gift.

I recommend that this offer be accepted and that the Comptroller and the Secretary of the Board be authorized to execute the agreement on behalf of the University. It has already been executed by Mr. and Mrs. Horner and by officers of the Foundation.

On motion of Mr. Johnston, this offer was accepted, and authority was granted as recommended.
