

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

September 23, 1953

The September meeting of the Board of Trustees of the University of Illinois was held in the LaSalle Hotel, Chicago, Illinois, on Wednesday, September 23, 1953, beginning at 10:30 a.m. (C.D.S.T.).

The following members were present: Mr. Cushman B. Bissell, Mr. Harold E. Grange, Mr. Wirt Herrick, Mr. Robert Z. Hickman, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Vernon L. Nickell, and Mrs. Frances B. Watkins. Governor William G. Stratton was absent.

Also present were: Dr. Lloyd Morey, Acting President, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Relations, and the officers of the Board, Messrs. H. O. Farber, Acting Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary of the Board.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of the Board of Trustees on June 22, 1953, press proof copies of which have been sent to all members of the Board in advance.

On motion of Mr. Grange, the minutes were approved as printed on pages 665 to 732, inclusive.

REPORT OF THE EXECUTIVE COMMITTEE

The Executive Committee of the Board of Trustees submits the following report of its actions.

RESIGNATION OF LLOYD MOREY AS COMPTROLLER

In view of his election as Acting President of the University effective September 1, 1953, Dr. Lloyd Morey has submitted his resignation as Comptroller of the Board of Trustees and of the University effective the same date.

The Committee has accepted this resignation.

APPOINTMENT OF HERBERT O. FARBER AS ACTING COMPTROLLER

Mr. Herbert O. Farber, now Assistant Comptroller (salary \$9,500), has been appointed Acting Comptroller of the Board of Trustees and of the University, beginning September 1, 1953, and continuing until the next annual meeting of the Board of Trustees in March, 1954, at a salary rate of \$11,000 a year for so long as he serves as Acting Comptroller. (The Comptroller of the Board of Trustees is elected for one year at the annual meeting of the Board and this appointment is to fill the unexpired term of Dr. Morey.)

ADMINISTRATIVE COMMITTEE FOR THE CHICAGO PROFESSIONAL COLLEGES

On recommendation of the Acting President of the University, the Administrative Committee, authorized by the Board of Trustees on December 22, 1952, as an interim plan for the administration of the Chicago Professional Colleges, has been reconstituted as follows: Dean Earl R. Serles, Chairman, Dean Allan G. Brodie, Acting Dean Roger A. Harvey, Business Manager Howard A. Hazleton, and Superintendent Harry W. Pearce.

The functions of this Administrative Committee are to deal with matters of policy and with important transactions, particularly those affecting all of the Chicago Professional Colleges. The Committee will not deal with administrative routine. The Chairman of the Committee will have the responsibility of implementing its actions, which will be those required of the chief executive officer of the Chicago Professional Colleges. He will receive additional compensation at the rate of \$1,250 a year for services as Chairman of the Administrative Committee beginning September 1, 1953, and continuing as long as he serves in that capacity, but not later than August 31, 1954. The Committee will call on heads of other divisions not specifically represented on the Committee when matters relating to their responsibilities are under consideration.

The Committee will function until August 31, 1954, or until such prior time as a Vice-President has been appointed and takes office at which time the Committee will be discharged.

ACTING DEAN OF THE COLLEGE OF MEDICINE

On recommendation of the Acting President, Dr. Roger A. Harvey has been re-appointed Acting Dean of the College of Medicine and Acting Director of the Research and Educational Hospitals, beginning September 1, 1953, and continuing until August 31, 1954, or until such prior time as permanent appointments to these positions have been made and the appointees have taken office, with additional compensation for such services at the rate of \$2,000 a year.

The Division of Services for Crippled Children has been placed under the general supervision of the Acting Dean of the College of Medicine.

The Acting Medical Director of the Research and Educational Hospitals will have over-all responsibility for all phases of hospital operations and of the Illinois Eye and Ear Infirmary.

ADJUSTMENTS IN SALARIES

Upon recommendation of the Acting President, the Executive Committee has authorized adjustments in the salaries of the following:

- Earl R. Serles, Professor of Pharmacy and Dean of the College of Pharmacy, increase from \$15,050 to \$15,750 effective September 1, 1953. (In addition he will also receive compensation at the rate of \$1,250 a year for services as Chairman of the Administrative Committee beginning September 1, 1953, and continuing as long as he serves in that capacity but not later than August 31, 1954.)
- Robert B. Browne, Professor of Education and Dean of the Division of University Extension and of the Summer Session, increase from \$11,500 to \$12,500 effective September 1, 1953.
- Robert Graham, Professor of Veterinary Pathology and Hygiene and Head of the Department, Professor of Veterinary Research and Head of the Department, and Dean of the College of Veterinary Medicine, increase from \$11,850 to \$12,500 effective September 1, 1953.

PURCHASES AUTHORIZED

The following purchases were authorized by the Executive Committee on recommendation of the Director of Purchases and the Acting Comptroller, and with the concurrence of the Acting President of the University.

<i>Item</i>	<i>Department</i>	<i>Vendor</i>	<i>Cost</i>
One PA 22 Piper Tri-Pacer super custom airplane less trade-in allowance for a 1950 model Piper Pacer airplane	Institute of Aviation	Elliott Flying Service, Davenport, Iowa	\$4 955 00 f.o.b. University Airport

These particular purchases were presented to the Executive Committee because the Director of Purchases had advised the President's Office that the prices quoted might not stand until the meeting of the Board of Trustees on September 23 and that they might go up.

ASSIGNMENT OF FUNDS

Upon recommendation of the Acting President, the Executive Committee approved a nonrecurring assignment of \$2,200 from the General Reserve Fund to the Physical Plant Department's truck and cars budget for the purchase of one five-passenger Studebaker Land Cruiser four-door sedan from C. L. Cochrun and Son, Champaign.

SERVICES OF LEGAL COUNSEL AT KREBIOZEN INVESTIGATING COMMISSION HEARINGS

On recommendation of the Acting President, Mr. Ralph F. Lesemann, Legal Counsel, has been authorized to continue representing the interests of the University and of its officers in the hearings which have been resumed by the newly created Krebiozen Investigating Commission.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the Acting President of the University.

APPOINTMENT OF DEAN HENNING LARSEN AS PROVOST OF THE UNIVERSITY

(1) I recommend the appointment of Dr. Henning Larsen, now Dean of the College of Liberal Arts and Sciences and Professor of English, as Provost of the University on full time, beginning October 1, 1953, and continuing through August 31, 1955, and as Professor of English on indefinite tenure, at a total salary of \$17,200 on a twelve-month service basis.

Pending the appointment of a new Dean, the Executive Committee of the College of Liberal Arts and Sciences will administer its affairs.

On motion of Mr. Bissell, this appointment was approved, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Stratton.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

CHARLES ADDISON STEWART	Malverne, New York	New York
ARTHUR BENJAMIN TOAN, JR.	Leonia, New Jersey	New York
RALPH VERNON WILLIAMS	Paducah, Kentucky	Kentucky

I concur.

On motion of Mr. Megran, these certificates were awarded.

APPOINTMENTS TO THE FACULTY

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. HERBERT K. ABRAMS, Clinical Assistant Professor in the Department of Public Health, College of Medicine, beginning September 1, 1953, without salary (DY).
2. JOSEPH SHERIDAN BEGANDO, Associate Professor of Pharmacy Administration and Assistant Dean, College of Pharmacy, at an annual salary of \$9,000 (DY).
3. ROBERT OTTO HARVEY, Assistant Professor of Economics, beginning September 1, 1953, at an annual salary of \$6,000 (DY).
4. HANS J. MUELLER, Assistant Professor in the Division of Physical Sciences, Chicago Undergraduate Division, beginning September 1, 1953, at an annual salary of \$5,400 (B).
5. JOSEPH RICHARD SUCHMAN, Assistant Professor of Child Development, Department of Home Economics, beginning September 1, 1953, at an annual salary of \$4,500 (D).
6. PHILIP ADRIAN WADSWORTH, Professor of French, beginning February 1, 1954, at an annual salary of \$7,500 (A).
7. JOHN MILTON WARD, Assistant Professor of Music, beginning September 1, 1953, at an annual salary of \$6,000 (B).
8. EUGENE H. WEISSENBERG, Clinical Assistant Professor of Physical Medicine and Rehabilitation, College of Medicine, beginning September 1, 1953, without salary (DY).
9. HYMAN J. ZIMMERMAN, Clinical Associate Professor in the Department of Medicine, beginning July 1, 1953, without salary (AY).

On motion of Mrs. Watkins, these appointments were confirmed.

HEADSHIP OF THE DEPARTMENT OF MINING AND METALLURGICAL ENGINEERING

(4) Professor Harold L. Walker, Head of the Department of Mining and Metallurgical Engineering, has resigned effective September 1, 1953, to become a partner in an engineering company in Taunton, Massachusetts. He served on the faculty of the University of Illinois since 1938 and since 1942 was Professor of Metallurgical Engineering and Head of the Department of Mining and Metallurgical Engineering. In addition to his University work he has rendered special services to the state of Illinois as Acting Director of the Department of Mines and Minerals in 1947 and in 1949 at the request of two Governors, and in 1950-1951, again at the request of the Governor, he codified, revised, and rewrote the Illinois coal mining laws for the state which was the basis for the new mining code enacted by the Sixty-Eighth General Assembly of Illinois. In 1945 he served as scientific consultant for the Foreign Economic Administration for Scientific Investigations of German metallurgical practices developed during World War II. In recognition of these special services and the fact that he has never had a sabbatical leave of absence, he has been given terminal leave with full pay from September 1 through December 31, 1953.

On recommendation of the Dean of the College of Engineering, I have approved the appointment of Dr. William R. Chedsey, Professor of Mining Engineering, as Acting Head of the Department of Mining and Metallurgical Engineering, for the academic year beginning September 1, 1953, at an additional salary of \$1,000 a year for this administrative service. The appointment as Acting Head will be terminated if a permanent head is appointed before the end of the year.

Confirmation of these actions is requested.

On motion of Mr. Nickell, the President's actions were confirmed.

CHANGES IN STAFF APPOINTMENTS AND RESPONSIBILITIES IN THE DEPARTMENT OF CHEMISTRY AND CHEMICAL ENGINEERING

(5) The Department of Chemistry and Chemical Engineering at Urbana-Champaign is informally organized into six divisions: Analytical Chemistry, Biochemistry, Chemical Engineering, Inorganic Chemistry, Organic Chemistry, and Physical Chemistry. Four members of the Department have served with distinction in teaching, research, and in senior administrative capacities for more than twenty-five years. Professor Roger Adams, Head of the Department, believes that administration of the Department should now be turned over to younger men. Accordingly, he has recommended that the following members be relieved of their administrative duties and be appointed Research Professors on indefinite tenure as of September 1, 1953, without change in their teaching loads: Professor G. L. Clark, Analytical Chemistry; Professor W. C. Rose, Biochemistry; Professor C. S. Marvel, Organic Chemistry; and Professor W. H. Rodebush, Physical Chemistry. Professor Adams also recommends that the administrative duties of these men be reassigned by the Head of the Department as follows: Analytical Chemistry, Professor H. A. Laitinen; Biochemistry, Professor H. E. Carter; Organic Chemistry, Professor N. J. Leonard; and Physical Chemistry, Professor F. T. Wall. Professors H. F. Johnstone and J. C. Bailar will continue in charge of Chemical Engineering and Inorganic Chemistry respectively.

The Dean of the College of Liberal Arts and Sciences and the Dean of the Graduate College concur in these recommendations. The changes were agreed upon in principle by all administrative officers concerned several months ago but were not included in the budget for 1953-1954. They involve no additions to the budget or staff of the Department.

I have approved these changes effective September 1, 1953, and report my action for confirmation.

I also recommend with the concurrence of the Dean of the College of Liberal Arts and Sciences that Professor Roger Adams be given a new appointment as Research Professor on indefinite tenure at his present salary effective September 1, 1953, and that he continue his administrative duties as Head of the Department of Chemistry and Chemical Engineering.

On motion of Mr. Grange, the President's actions were confirmed and his recommendation was approved.

COLLEGE ADVISORY COMMITTEES IN AGRICULTURE

(6) The Dean of the College of Agriculture recommends the following new appointments to advisory committees for the College of Agriculture and the Agricultural Experiment Station effective September 1, 1953, for the terms indicated.

C. LESLIE JAMES, Mansfield (3 years)
OLIVER SPITZE, Route 4, Edwardsville (1 year)

*Forestry**Agronomy*

ROBERT D. ARMSTRONG, Monmouth (3 years)
LYLE TRISLER, Fairmount (3 years)

ARTHUR C. HART, Arenzville (3 years)

*Horticulture (Vegetables, Fruits, Ornamentals)**Animal Science*

JOHN W. LEHMAN, Pleasant Plains (3 years)
I concur.

JOHN TURES, 1500 Lee Street, Des Plaines (3 years)
GEORGE DEVREES, 3900 West 39th Street, Evergreen Park (3 years)

On motion of Mrs. Holt, these appointments were approved.

COLLEGE OF PHARMACY ADVISORY COMMITTEE

(7) The Dean of the College of Pharmacy recommends the appointment of Mr. Harold Pratt, Director of Professional Services at Walgreen Drug Company, Des Plaines, Illinois, to the Advisory Committee of that College. Mr. Pratt's appointment is for five years (July 1, 1953, through June 30, 1958). He is being appointed to succeed Mr. Otto J. Pelikan whose term has expired.

I concur.

On motion of Mr. Megran, this appointment was approved.

**AUTHORIZATION OF ACTING COMPTROLLER TO PERFORM DUTIES
OF COMPTROLLER AND EXECUTE DOCUMENTS AND OF
DELEGATION OF SIGNATURES ON ORDERS
FOR CHANGES IN SECURITIES**

(8) In connection with the appointment of Herbert O. Farber as Acting Comptroller, it is desirable that the Board of Trustees authorize him to perform all acts, execute all documents, and exercise all other authority which this Board of Trustees has heretofore authorized the Comptroller to perform, execute, and exercise for it. Therefore, I recommend that the following resolution, drafted by the Legal Counsel, be adopted.

Be it resolved by the Board of Trustees of the University of Illinois, that Herbert O. Farber, as its Acting Comptroller, shall be, and he is hereby granted and vested with full authority to perform all duties, to execute all documents, instruments, and papers, and to exercise all the other powers and authority which this Board of Trustees has heretofore conferred upon the Comptroller of this Board and of said University, and to take such action as may be incidental thereto or necessary in connection therewith, in the same manner and to the same extent as this Board has heretofore designated or authorized said Comptroller, as such officer, to perform such duties, execute such documents and papers, exercise such powers and authority, or take such action in its behalf or that of the University.

In addition to the foregoing, it is also necessary for the Board of Trustees to adopt a new resolution in connection with orders for changes in securities. The resolution adopted by the Board on March 25, 1953, after reciting that orders directed to the First National Bank of Chicago for changes in securities authorized by the Board or its Finance Committee are signed by the Comptroller and the Secretary of the Board, authorized those officers, by name, to delegate authority to sign their names to orders directed to said Bank for the purchase and sale of securities. A new

resolution should be adopted authorizing Herbert O. Farber, as Acting Comptroller, to delegate authority to sign his name to such orders to the same persons Lloyd Morey, as Comptroller, was authorized to delegate authority to sign his name thereto in the resolution of March 25, 1953. Therefore, I recommend that the following resolution be adopted.

WHEREAS, under the rules of, and authority heretofore granted by this Board of Trustees, orders for the purchase and sale of securities addressed to the First National Bank of Chicago, as safekeeping agent and investment counsel for this Board of Trustees, are signed by the Acting Comptroller and the Secretary of this Board in its behalf; and

WHEREAS, it is desirable that these officers be authorized to delegate authority to others to act for and sign their names in connection with such orders;

Therefore, be it resolved by this Board of Trustees that A. J. Janata, as Secretary of this Board of Trustees, be and he is hereby authorized to delegate to Everett G. Smith, Executive Clerk in the Office of the President of the University, to Maude Archdeacon, Chief Clerk in the Office of this Board of Trustees, and to G. R. Moon, Examiner and Recorder for the Chicago Professional Colleges of the University, authority to sign his name to orders for such purchases and sales of securities as have been or are approved by this Board or by its committees acting under due authority; and that Herbert O. Farber, Acting Comptroller, be and he is hereby authorized to delegate to C. C. DeLong, University Bursar, and H. A. Hazleton, Business Manager at the University's Chicago Colleges and Divisions, authority to sign his name to such orders when given pursuant to such approval.

On motion of Mr. Johnston, this resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Stratton.

REAPPROPRIATION OF UNEXPENDED BALANCES AT JUNE 30, 1953

(9) The Acting Comptroller recommends that the following balances in appropriations for services and projects not completed on June 30, 1953, be reappropriated for the fiscal year beginning July 1, 1953.

In addition to the appropriations listed below, unexpended balances on June 30, 1953, in departmental appropriations, up to 5 per cent of the original appropriation, were carried forward and will be available in 1953-1954 to the various departments concerned.

On motion of Mr. Herrick, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Stratton.

APPROPRIATION FOR SCHOOL OF MUSIC

(10) For several years provision has been made in the School of Music budget, but on a nonrecurring basis, for the purpose of bringing eminent musicians to the University for recitals and consultation with students. Since the necessary contractual agreements must be made in advance, Director Duane Branigan of the School of Music, with the approval of the former President and the former Provost, had made commitments to bring André Marchal, an outstanding French organist, and Ernest Ansermet, eminent Swiss musician and conductor, to the campus for special musical programs during the academic year 1953-1954. André Marchal has been engaged to present six historical recitals and to work with students during the fall. Ernest Ansermet has been engaged to teach, lecture, conduct various instrumental and choral groups, and to be a guest conductor at one or two concerts during March, 1954.

Previously Leopold Stokowski, Conductor of the Philadelphia Symphony Orchestra, and Igor Stravinsky have appeared under similar arrangements.

Provision for these programs was recommended by the School of Music in its budget for 1953-1954 but was deleted in making budget reductions, so that a special nonrecurring appropriation is needed to carry out previous commitments. Director Branigan and Dean Newcomb of the College of Fine and Applied Arts request an appropriation of \$4,000.

I recommend that this appropriation be made.

On motion of Mr. Grange, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Stratton.

LEASE FOR SPRINGFIELD OFFICES OF THE DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(11) The Director of the Division of Services for Crippled Children and the Business Manager of the Chicago Professional Colleges recommend that the University enter into a lease for the quarters occupied by the Division of Services for Crippled Children in Springfield, Illinois.

The offices are located at 1105 South Sixth Street, Springfield, in property owned by Mr. and Mrs. Jacob E. Reisch. The proposed lease, identical with the lease which has been in effect during the past biennium, is for office space in that building at a total rental of \$12,000, or \$500 monthly for the period from July 1, 1953, through June 30, 1955.

The Division of Services for Crippled Children has funds for the payment of the rental in the biennial appropriation made by the General Assembly of Illinois.

I concur and request that the Acting Comptroller and the Secretary of the Board be authorized to execute this lease.

On motion of Mrs. Holt, authority was given as requested.

COOPERATIVE AGREEMENTS FOR THE DEVELOPMENT OF AGRICULTURAL RESOURCES OF INDIA

(12) In March, 1952, the University entered into an agreement with the Technical Cooperation Administration of the United States Department of State, whereby staff members of the University would be temporarily assigned to the Allahabad Agricultural Institute in India, as required by a program of collaboration then established. The project, under the "Point Four" program, was to assist in the development of the agricultural resources of India, to which the government of India is also a party. The total cost of this project, estimated at \$200,000, is to be paid by the United States government. Four staff members of the College of Agriculture have been assigned to the Allahabad Agricultural Institute and are presently there. In August, 1952, the original contract was amended to provide for the training of Allahabad staff members at the University of Illinois and \$20,000 additional was made available for this purpose.

Early in the summer of 1953 TCA requested the University to send a survey team to India to examine the program at Allahabad Institute and also to confer with staff members at the Indian Institute of Technology, Kharagpur, West Bengal, India, to determine the needs of this Institute and to study the feasibility of a somewhat similar arrangement with that institution. Two senior members of the staff of the College of Agriculture went to India, at TCA expense, and made the study and have reported favorably. At the same time, the University of Illinois executed a "Letter of Intent," signifying that the University would be willing to proceed with the cooperative program at the Indian Institute of Technology. Under the terms of the proposed program, the staff members of the University who are specialists in soil and water conservation, exploratory work in geophysics, structural engineering and machine design would go to the Indian Institute in the fall of 1953. Somewhat later the University would stand ready to provide specialists in agricultural engineering shop work, machinery construction, repairs and farm work foremanship, line communications, wireless communications, and industrial organization and business methods, together with such additional personnel as might be required by the Institute and approved by the TCA administration and the University. The University would also agree to provide training for members of the Institute staff at the University of Illinois or at such other institutions as might be agreed upon by the University and the Indian Institute. The estimated cost of the program with the Indian Institute is \$450,000. This amount will cover all direct costs of the University, plus a 10 per cent allowance for indirect costs.

The College of Agriculture with its research and extension program holds that its first responsibility is to the people of Illinois and particularly to the producers and consumers of agricultural products. The College and most of its staff believe that there are also larger areas which can be served without detracting in any way from the service to the citizens of the state. In fact, all research and much of the educational program extends to the nation and to the world. In a more definite way, the College has for some time been rendering service to visitors from other lands, particularly those who are here to study the outstanding results of research and development in agriculture.

The dominant motive in accepting this proposal is one of service in the interest of international peace and cooperation. However, there are also advantages in having members of the college staff gain the experience of living and working in the Far East.

I request approval of the proposed new project and authority for the Acting Comptroller and the Secretary of the Board to conclude a contract with the approval of the Dean of the College of Agriculture and the Legal Counsel.

On motion of Mr. Herrick, this agreement was authorized.

OPERATION OF CONTROL SYSTEMS LABORATORY

(13) Early in 1951 the Department of Defense asked the University to undertake certain important confidential researches in the field of the physical sciences. As a result the University organized the Control Systems Laboratory of which the Head of the Physics Department is Director. In the past he has reported to the Provost but in the future he will report to the Director of the Engineering Experiment Station. Contracts with three branches of the armed services for the support of this project will have totalled \$2,707,984 through November 30, 1953. This sum covers all direct and indirect costs to the University. From these contracts the University has received, or will receive in the near future, reimbursement for all costs incurred.

The University also expended \$513,520 of capital and general funds in remodeling the Engineering Research Laboratory for the use of this project, but these improvements are of a permanent nature and will be available to the University after its conclusion.

The present contract terminates November 30, 1953, and it has been recommended by the Laboratory that a new contract be executed with the Signal Corps, to run for one year from December 1, 1953, at a basic rate of \$100,000 a month, the current rate of expenditure. It is possible that this may be augmented for certain special studies requested by the armed services which may involve additional allocations to the University of perhaps \$200,000 during such period.

The operation of this Laboratory has been classified as "urgent" by the Department of Defense, with the result that special attention has been given to it by the University. The actual research being conducted is highly "classified" and its nature can not be disclosed. The classification of "urgent" allows a salary increment to be paid to University personnel assigned to the project up to a maximum of \$150 a month above budgeted salaries. Payments are made for services rendered during the three summer months at these augmented monthly rates. The permanent staff of the University assigned to this project has been granted this maximum in substantially all cases, except those on a part-time basis, who were granted the proportionate increment. Service is required for five and one-half full days per week with only two weeks vacation.

While this program results in some sacrifice in teaching and University research, it is felt by all concerned that in view of its military importance and the confidence indicated by the government's desire for its continuation the program should be continued.

The Director of the Laboratory and the Director of the Engineering Experiment Station recommend the continuation of this project for one year, as described above, and the negotiation of a new contract. I concur in this recommendation and request approval and authority for the Acting Comptroller and the Secretary of the Board to execute this contract.

On motion of Mr. Megran, this recommendation was approved and authority was given as requested.

CONTRACT FOR REMODELING IN THE RESEARCH AND EDUCATIONAL HOSPITALS

(14) The Director of the Physical Plant and the Acting Comptroller recommend award of a contract for \$3,450 to the Mueller Construction Company, Chicago, the lowest bidder, for remodeling rooms 425 and 427 in the general hospital of the Research and Educational Hospitals.

The work will consist of removing partitions, installing a new doorway, boxing in duct work at ceiling, plaster patching, painting, and installing mineral acoustical tile over the entire ceiling area.

Funds are available in an appropriation made by the Board of Trustees on March 25, 1953.

I concur and recommend that the Acting Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Grange, this contract was authorized and the Acting Comptroller and the Secretary of the Board were authorized to execute the same.

CONTRACT WITH CONSULTING ENGINEERING SERVICES

(15) Due to a vacancy on its staff, the Physical Plant Department needs to employ consulting engineers on various types of engineering work, including the completion of plans for the new Law Building.

The Director of the Physical Plant and the Acting Comptroller recommend the award of a contract to E. C. Manthei, operating under the firm name of Consulting Engineering Services, Champaign, Illinois, for such engineering work, and particularly electrical work, as may be required, on these terms: actual salaries of personnel employed plus 90 per cent for overhead and profit, with a maximum payment of \$5,000 for services on the Law Building, and a maximum of \$2,500 on any other job. The overhead will cover the cost of copies of blueprints and specifications.

Funds are available in the state appropriation for the construction of the Law Building.

I concur and recommend that the Acting Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Holt, this contract was authorized and the Acting Comptroller and the Secretary of the Board were authorized to execute the same.

CONTRACT FOR TILE FLOORING IN THE ILLINI UNION BUILDING

(16) Part of the cork tile flooring (in the east and west stair floor lobbies) will need to be replaced because of the difficulty in keeping the tile in these areas cemented to the concrete subfloor. A small test area in the east lobby has been refloored, and this has proved successful. Bids were then invited for replacing the remainder of the cork tile in these two lobbies, an area of approximately 2,750 square feet.

Only one bid was received—from the Acoustical and Floor Tile Company of Champaign, Illinois, which proposed to remove the old tile and all the original underlayment, and to install new tile for a price of \$3,314. The Physical Plant Department considers this a reasonable estimate.

Funds are available in the Illini Union maintenance reserve fund.

The Director of the Physical Plant and the Acting Comptroller recommend award of a contract for \$3,314 to the Acoustical and Floor Tile Company.

I concur and recommend that the Acting Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was authorized and the Acting Comptroller and the Secretary of the Board were authorized to execute the same.

CONTRACTS FOR ADDITIONAL CORNCRIBS ON ALLERTON FARMS

(17) The corncribs on Allerton Farms No. 5, 6, and 7 have a capacity of 22,000 bushels. In 1952 production was 13,923 bushels in excess of this capacity and the 1953 crop will exceed it 15,500 bushels. Inadequate storage facilities force sale of corn as picked at a price sacrifice.

The Dean of the College of Agriculture recommends the construction of five semipermanent pole and snow-fence cribs on the various farms as follows:

<i>Farm No.</i>	<i>Number of Cribs</i>	<i>Length</i>	<i>Each Crib Capacity (bushels)</i>	<i>Total Capacity</i>
5	2	70	3,000	6,000
6	1	60	2,500	2,500
7	2	60	2,500	5,000
			<i>Total</i>	13,500

Bids have been received as follows:

<i>Contractor</i>	<i>Seventy-foot Crib</i>	<i>Sixty-foot Crib</i>
Hammerschmidt Brothers	\$1 470 00	\$1 260 00
Joseph S. Davis and Sons	1 489 60	1 276 81
Wilkinson Lumber Company		1 373 08

To expedite construction, the Dean of the College of Agriculture and the Acting Comptroller recommend award of contracts for three cribs to the lowest bidder and for two cribs to the second lowest bidder as follows:

Hammerschmidt Brothers, two 70-foot cribs on Farm No. 5, \$1,470 each, and one 60-foot crib on Farm No. 6, \$1,260; total contract price for three cribs, \$4,200.

Joseph S. Davis and Sons, two 60-foot cribs on Farm No. 7, \$1,276.81 each; total contract price for two cribs, \$2,553.62.

These contractors are equipped to do prompt and efficient jobs, and promise completion in October.

I concur and recommend that the Acting Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Bissell, these contracts were authorized and the Acting Comptroller and the Secretary of the Board were authorized to execute the same.

EXPANSION OF RESIDENCE HALLS FACILITIES

(18) The Board of Trustees in 1951 authorized the expansion of the residence halls facilities at Urbana-Champaign at a total cost of \$2,100,000.

The program consisted of the construction of Flagg House (\$1,164,000) and Noble House (\$648,000), the remodeling of the former food service area in Clark House into dormitory facilities (\$30,000), modernization of Busey and Evans Halls (\$25,000), and retirement of remaining indebtedness on the original Men's Residence Halls (\$233,000).

Funds were provided by the issuance of revenue bonds, \$1,750,000; from accumulated income of housing operations, \$60,000; and from general University funds, \$292,000. Interest and amortization of the bond issue will be paid from operating revenues of all men's residence units and Busey and Evans Halls.

Flagg House will provide food service for approximately 1,100 men students and housing for 106 men students. The food service facilities formerly located in Clark House (one of the three original men's halls) have been transferred to Flagg House which will now serve as the central food service for all of the Men's Residence Halls. Noble House was opened in the fall of 1952 and houses 288 men.

The main kitchens for food service are located on the ground floor of Flagg House. The dining area consists of four rooms, two on the first floor and two on the second floor, each seating approximately 200. There are two serving counters, arranged back to back, with one serving line for each room. Food prepared in the main kitchen is transferred to the two dining floors by means of dumb waiters and elevators. Heated food carts will insure the maintenance of temperatures during transportation from kitchen to serving area. Considerable flexibility is gained by the use of portable equipment in certain operations. In each dining room, there is an enclosed dish-scraping area from which the used dishes, trays, and silverware are transported to the main dishwashing area on the ground floor.

Housing facilities in Flagg House are on the third and fourth floors. There are 48 double rooms, two single rooms, and two for quadruple occupancy. Each floor has a lounge, toilet, and bath facilities.

The area in Clark House formerly used for food service has been remodeled into dormitory type housing with a capacity for 78 men.

With the completion of Flagg House, the University will have housing and food service in permanent buildings for 898 men. In addition, food service in Flagg House will be available to approximately 200 men living in the temporary Parade Ground Units.

Changes in Noble House consist of construction of corridor partitions and division of dormitory areas into smaller units. Acoustical ceiling tile has been installed in the study rooms and corridors and asphalt tile on all floor areas. All rooms have been painted.

The modernization of Busey and Evans Halls has included installation of stairwell partitions and doors in accordance with fire and safety program. Most of the room furniture has been replaced, floors have been completely covered with asphalt tile, and new wallpaper has been hung in corridor areas.

This report is submitted for the information of the Board and requires no action. I should like to close it with a note of appreciation to the Board of Trustees. Although the University of Illinois is still far behind other comparable universities in residence halls facilities for undergraduate students, this expansion program authorized by the Board of Trustees has markedly improved housing conditions for men. It should be noted that the expanded facilities have increased housing accommodations for men from approximately 500 to approximately 900. In addition, the expanded food service facilities will accommodate 1,100, so that 200 men living outside of the halls can secure their meals there which will be a service to those housed in the temporary buildings in the residence halls area.

This report was received for record.

PROGRESS REPORT ON THE CHICAGO UNDERGRADUATE DIVISION

(19) At the July 25, 1953, meeting of the Board, a special committee on the Chicago Undergraduate Division made a report and recommendations. Following objections to this report by the Faculty Council of the Division and others, and discussion by the Board, action on the report was deferred. The Board requested that the Committee supply the Faculty Council with data which had been available to the Board Committee.

The Committee then asked that the President's Office make further inquiries with a view to arriving at some proposal that would be both feasible and acceptable to those concerned.

I then initiated discussions with the administrative heads in Chicago and, through Director E. F. Potthoff of the Bureau of Institutional Research, with the Faculty Council. Out of these discussions developed a revised proposal from the Division, concurred in by all parties at the Division, providing in substance for the following:

1. Pronouncement by the Board of a long-range policy of development of a four-year program whenever additional resources and new facilities can be provided;
2. Authority to the Division to add from time to time such junior and senior courses as may be possible with existing staff and facilities, or such additional resources as can be provided, at moderate additional cost;
3. Authorization of revisions in organization which would make possible executive committees in each of the several divisions, a general faculty organization with a duly elected faculty council, and other committees.

Discussions with the heads of the various colleges in Urbana-Champaign which cover the areas in which the Chicago Undergraduate Division operates brought to light the fact that there exists a decided lack of coordination and understanding between the Urbana-Champaign colleges and the Chicago Division. Since the former are responsible for giving degrees which include work in Chicago, it is essential that these conditions be improved and proper coordination established before any new policies for broader developments are adopted.

To that end, I have established a "task force" consisting of the Assistant to the Provost C. M. Louttit as Chairman and Coordinator, and Dr. Potthoff as Technical Adviser, representing the President's Office; representatives of each of the colleges in Urbana-Champaign to which students transfer from Chicago; and administrative and, if desired, faculty representation from Chicago.

I have also authorized the administration in Chicago to proceed with the general faculty organization through which representative committees can be duly elected.

In view of these developments, I suggested that further action and consideration by the Board be deferred until a more complete report of the results of these discussions can be compiled and presented.

On motion of Mr. Johnston, further consideration of proposals relating to a four-year university in Chicago was postponed pending further reports from the Acting President and his advisers.

QUARTERLY REPORT OF THE COMPTROLLER

(22) The Comptroller presents his quarterly report to the Board of Trustees as of June 30, 1953.

This report was received for record and a copy was filed with the Secretary of the Board.

**APPOINTMENT OF DR. HEYWORTH N. SANFORD AS PROFESSOR
AND HEAD OF THE DEPARTMENT OF PEDIATRICS**

(23) On recommendation of the Acting Dean of the College of Medicine, endorsed by the Chairman of the Administrative Committee of the Chicago Professional Colleges, I nominate Dr. Heyworth N. Sanford for the position of Professor and Head of the Department of Pediatrics, on eighty-five per cent time, on indefinite tenure, beginning September 1, 1953, at a salary of \$12,750 a year on "Y" basis.

This appointment is to replace that of Dr. Harry G. Poncher who resigned last year to go into private practice. Dr. Sanford has been on the faculty of the College of Medicine for the past twelve years and has been serving as Acting Head of the Department of Pediatrics on two-thirds time since September 1, 1952. Because of his commitments in his private practice it is not feasible for Dr. Sanford to accept a full-time appointment at this time but he is agreeable to doing so as of September 1, 1954, and his status will be changed accordingly.

On motion of Mr. Megran, this appointment was approved.

¹ Deduct.

SELECTION OF A PRESIDENT OF THE UNIVERSITY

At this point the Board took up consideration of plans for selection of a President of the University. President Livingston outlined the procedure followed by the Board on previous occasions which included the appointment of a special committee of the Board of Trustees and requesting the university faculty, the Alumni Association, and the Citizens Committee of the University of Illinois to appoint committees to assist the Board of Trustees in this task.

The following were nominated to serve as the Committee of the Board of Trustees: Mr. Herbert B. Megran, Chairman, Mr. Cushman B. Bissell, Mr. Wirt Herrick, Mr. Wayne A. Johnston, and Mrs. Frances B. Watkins.

On motion of Mr. Grange, the appointment of this Committee consisting of the above named Trustees was approved.

On motion of Mr. Nickell, the Chairman was authorized to organize the Committee and to determine the procedure to be followed in its work.

Mr. Megran expressed appreciation of his appointment as Chairman and stated that the Committee will meet on the days of Board meetings and at such other times as its work may require; the Secretary of the Board of Trustees will serve as Secretary of the Committee; and the Chairman will promptly call upon the University Senate, representing the general faculty, the Alumni Association, and the Citizens Committee to appoint committees to assist in the selection of a President.

Mr. Bissell offered a statement regarding the general qualifications for the position of President of the University.

No action was taken but the Secretary of the Board was requested to send copies of the statement to all members of the Board for consideration at the next meeting.

MOVING OF HEALTH CENTER TO MCKINLEY HOSPITAL

Mrs. Holt for the Committee on Student Welfare and Activities reported on the proposal to move the Health Center to the McKinley Hospital. She stated that in view of the appointment by the Acting President of the University of an Advisory Committee on the Health Service which will study the various recommendations of the Director of Health Services, including the relocation of the Health Center, action by her Committee is being deferred.

COMMUNICATION FROM KREBIOZEN INVESTIGATING COMMISSION

The Secretary presented the following resolution received from the Krebiozen Investigating Commission, a copy of which had previously been sent to each member of the Board:

SEPTEMBER 10, 1953

RESOLUTION

RE: KREBIOZEN COMMISSION ACTIVITIES

WHEREAS, the Commission created pursuant to House Bill #823 enacted by the 68th General Assembly of the State of Illinois to inquire into the controversy heretofore or presently existing affecting the University of Illinois as such controversy relates to Krebiozen research, did organize September 10, 1953, at Chicago, Illinois, and

WHEREAS, said Commission did elect the Honorable William E. Pollack its

Chairman, the Honorable Roland V. Libonati its Vice-Chairman, and the Honorable Rollo Robbitts its Secretary, and

WHEREAS, the Commission has unanimously adopted a motion to conduct hearings expeditiously and to adopt the proceedings of the committee created pursuant to House Joint Resolution #10 of the 68th General Assembly and to endeavor to complete its investigation and prepare its report by December 24, 1953, and

WHEREAS, Dr. Andrew C. Ivy, Distinguished Professor of Physiology and Director of the Department of Clinical Research of the University of Illinois, figures prominently in this investigation, and

WHEREAS, it has been reported in the daily press that the Trustees of the University contemplate holding a meeting in the near future and that it is likewise reported that at such meeting some action is contemplated by one of the Trustees in reference to the status of said Dr. Ivy at the University of Illinois, and

WHEREAS, this Commission considers that its findings may be useful to the Trustees of the University in its deliberation,

Now Therefore Be It Resolved that this Commission deems it advisable that no action be taken by the Trustees of the University in reference to Dr. Andrew C. Ivy or to the Office of Vice-President of the University of Illinois predicated upon his activities in reference to Krebiozen prior to the completion of the work of this Commission not later than December 24, 1953.

Be It Further Resolved that a copy of this resolution be forwarded to each member (both elected and ex-officio) of the Board of Trustees of the University of Illinois. Adopted at Chicago, Illinois, September 10, 1953.

KREBIOZEN INVESTIGATING COMMISSION

VICE-PRESIDENT IN CHARGE OF THE CHICAGO PROFESSIONAL COLLEGES

President Livingston read from the minutes of the meeting of the Board of Trustees held on July 25, 1953, the action taken at that meeting regarding the status of Dr. A. C. Ivy whereby he was appointed Distinguished Professor of Physiology and Head of the Department of Clinical Science in the College of Medicine, on indefinite tenure, beginning September 1, 1953, at a salary of \$18,500 a year. Dr. Ivy has accepted this appointment.

President Morey reported on his plan for setting up a committee of the faculty, on which there will also be representatives of the medical profession and of the Citizens Committee of the University of Illinois, to assist in the selection of a candidate for the position of a Vice-President in Charge of the Chicago Professional Colleges.

COMMUNICATION FROM FORMER TRUSTEES RELATING TO THE PRESIDENCY OF THE UNIVERSITY

The Secretary presented the following communication received from fifteen former members of the Board of Trustees. Copies of this had previously been sent to all members of the Board.

CHICAGO, ILLINOIS
AUGUST 27, 1953

*Board of Trustees
University of Illinois
Urbana, Illinois*

We, the undersigned citizens of this State, all of whom were formerly members of the Board of Trustees of the University of Illinois, wish to record our protest against the unprecedented action of the present Board of Trustees in forcing Dr. George D. Stoddard to resign as President of the University. Dr. Stoddard has long been considered one of the outstanding educators in the United States. Common decency required an orderly procedure and a fair hearing for him. Instead, those who initiated the midnight action against Dr. Stoddard, did not even inform him or their fellow-trustees that any such subject was to be brought up for consideration.

We commend Trustees Herrick, Megran, Hickman, and Johnston for opposing these Star Chamber proceedings. They were faithful to their trust and to American standards of fair play.

For many years, the University of Illinois was kept out of politics. Recently, attempts to use the University of Illinois for political ends have become all too common and now have culminated in action which can not fail to do great harm. It is an interesting coincidence that two of the trustees who participated in these disgraceful proceedings were substituted for candidates whom the University of Illinois Alumni Association had recommended.

The University of Illinois is not the property of its faculty or its alumni or of any group of politicians. It belongs to the people of this State. We feel confident that when our fellow citizens understand what has happened, they will express their indignation in ways that will be understood.

Much as we deplore the precipitate action that was taken in Dr. Stoddard's case, we realize that it can not now be undone. Our present objective is to see that a properly qualified person shall be selected as the new president. We hope the Board of Trustees will consider attentively the recommendations of authorized representatives of the faculty, the alumni, and the Citizens Committee of the University of Illinois, and will find a worthy successor to Dr. Stoddard. In the meantime, we think it is most important that the major positions now open in the University be filled on a temporary basis only, so that the new president will have an opportunity to participate in the selection of permanent occupants of these positions. His hands should not be tied in advance by appointments which it will be difficult to rescind.

Finally, we urge every citizen of the State of Illinois to make it clear to the Trustees of the University that the citizens expect them to administer the affairs of the University as a sacred trust, entirely above and apart from considerations of personal advantage or partisan politics.

MEETING OF THE EXECUTIVE COMMITTEE

On call of the Chairman, a meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the LaSalle Hotel, Chicago, Illinois, on Wednesday, September 23, 1953, beginning at 12:00 Noon (C.D.S.T.).

President Park Livingston, Chairman, Mr. Herbert B. Megran, and Mrs. Frances B. Watkins were present. Also present were: Messrs. Wirt Herrick, Robert Z. Hickman, and Vernon L. Nickell, and Mrs. Doris S. Holt of the Board of Trustees; Dr. Lloyd Morey, Acting President; Mr. Ralph F. Lesemann, Legal Counsel; and the officers of the Board, Messrs. H. O. Farber, Acting Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.

The Committee considered the following items of business presented by the Acting President of the University.

FINAL PAYMENTS ON CONTRACTS FOR CONSTRUCTION OF ADDITION TO RESEARCH AND EDUCATIONAL HOSPITALS

It is the standard practice of the University to defer making final payments on construction contracts until the architects in charge have certified that the work has been completed and the contractor has complied with all contractual requirements such as returning drawings, submitting guarantees, and submitting waivers of lien.

The Bloomer Heating and Ventilating Company of Chicago, contractor for the heating and ventilating installations in the construction of the addition to the Research and Educational Hospitals, has submitted to the University a claim for \$29,852 for damages alleged to have been sustained by it because of delays during the

extended period of construction. This amount purports to primarily reflect the increase in wage rates between July 1, 1951, and June 30, 1953, plus the increase in the cost of fabricating steel and the increased cost of supervision. The contractor refuses to release this claim as a condition to the requested payment of the balance of the contract price (which is not included in the claim), but is willing to enter into an agreement that the payment may be made without prejudice to the University's rights to contest the claim and to any claims the University may assert against it. The contractor has complied with all contractual requirements.

The claims asserted by the Patrick Warren Construction Company are based upon alleged delays or actions of this contractor to only a very slight extent. These alleged delays were due chiefly to governmental restrictions on the use and delivery of stainless steel and appear to have been beyond Bloomer's control. Under the terms of the contract, this contractor probably can not be held responsible for delays so caused.

The provisions of the contract provide for final payment upon completion of construction, exclusive of damages, if any. The legal right of the University, under the contract, to withhold final payment for the work done merely because the contractor has submitted the above mentioned claim for damages is decidedly doubtful and it would be inequitable to attempt to claim or exercise it, even if it could be established.

The Director of the Physical Plant Department, the Acting Comptroller, and the Legal Counsel recommend:

- a. That payment of the unpaid balance of the contract price under this contract be authorized upon full compliance by said contractor with all requirements of the contract and upon execution of an agreement approved by the Legal Counsel, protecting the rights of each party to assert claims against the other and to deny and contest any such claims.
 - b. That such final payments on other contracts pertaining to the Hospital Addition be authorized also, if, in the opinion of the University (i.e., that of its above mentioned officers) the contractors therein have fully completed their work, have not contributed to the delay in the completion of the building, and have fully complied with the provisions of the contracts, and if they also enter into similar agreements with the University, relative to its and their other claims, if any.
- I concur.

On motion of Mr. Megran, these recommendations were approved.

OFFER OF LAND TO THE UNIVERSITY

A prospective donor of a large area of valuable land has asked University officials to consult the Board of Trustees regarding the acceptability of this land for University and public use. He is considering these options: an outright deed of the land to the University under an agreement whereby the University will pay him the net income either for a specified period or until his death, or including in his will a bequest of this land to the University. In either case, the University would be expected to agree to use this land for the purposes specified.

The Acting President and the Legal Counsel discussed this offer and the conditions. A memorandum outlining the offer and the conditions more specifically was filed with the Secretary of the Board for record.

On recommendation of the Acting President, the Executive Committee, with the concurrence of the other members of the Board present, authorized the Acting President and other University officials to inform the prospective donor that the Trustees appreciate his generous offer and that they are interested in accepting it under conditions which will protect University and public interests and at the same time carry out as fully as possible his wishes.

The Executive Committee adjourned.
