

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

June 21, 1954

The June meeting of the Board of Trustees of the University of Illinois was held in the Blackstone Hotel, Chicago, Illinois, on Monday, June 21, 1954, beginning at 10:00 a.m., Central Daylight Saving Time.

The following members were present: Mr. Cushman B. Bissell, Mr. Wirt Herrick, Mr. Robert Z. Hickman, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Vernon L. Nickell, and Mrs. Frances B. Watkins. Mr. Harold E. Grange and Governor William G. Stratton were absent.

Also present were President Lloyd Morey, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Relations; and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.

MEETING OF THE COMMITTEE OF THE WHOLE

When the Board convened, it resolved itself into a Committee of the Whole to study the recommendations of the President of the University relating to the operating budget for 1954-1955. President Morey explained the procedure followed in preparing the budget and discussed the various recommendations. He also presented the following statement summarizing his discussion of the budget:

**MEMORANDUM TO THE BOARD OF TRUSTEES
CONCERNING BUDGET FOR 1954-1955**

The internal budget for 1954-1955 follows the pattern of previous budgets as to form and method of preparation, as indicated in the Condensed Analysis. The Provost and the Comptroller have assumed the major responsibility for budget preparation. Throughout they have all worked intensively to check the budget for points at which savings could be accomplished and thus find ways to take care of urgent cases, prevent losses of key members of the staff, recognize special situations of increased production and responsibility, and meet contractual obligations to the nonacademic staff.

Essentially, the budget for the coming year is the same as for 1953-1954. The net addition of about \$250,000, mainly from tuition fees of the estimated 1,150 additional students, is applied about one-fourth to increased staff for this increased enrollment and three-fourths to salary increases.

I believe the net result, while perhaps not perfect (I doubt if any budget as complex as ours is ever perfect), is as satisfactory as we can make it. It does leave us with a reserve which, while not large (\$32,671), is somewhat larger than we had at the beginning of the current year. We are thus in a somewhat better position to meet emergencies that may arise.

In any operations similar to those of the University it will be found that activities are initiated and established which become of reduced significance as time passes. Also some appointments are made which, for one reason or another, do not prove to be entirely satisfactory. On the other hand, changes in such situations can not be made immediately. Time must be allowed for readjustments and revisions.

The instructional program also includes a wide diversity of activities, programs, and courses. The high degree of specialization existing in our academic staff leads to offering many courses in which there is small registration. Some of these are clearly essential for a well-rounded program in the particular field. Others are open to question. Also in courses where multiple sections are offered, it has been found that some sections are smaller than is reasonably necessary. Every effort is being made to consolidate such sections and raise them to a minimum size. We find this one of the difficult problems on which to secure adequate consideration.

There is also the question of the amount of time allowed for noninstructional activities, primarily research. There is no question but that the research program of the University is one of great importance and productivity. It also brings about over-all improvement in instruction, although in some instances where inexperienced graduate students are assigned such instruction, the results perhaps are not the best. However, excessive research activity increases the tendency toward light teaching loads which may not always be accompanied by high research or scholarly productivity.

Judging the size of our appropriations by those of more or less comparable institutions in other states and in comparison with the size of our student body, our appropriations are comparatively liberal. This is not due to a higher salary scale since our scale is about at the level of most other comparable state institutions and not as good as the best. Hence, the larger appropriations must be due to (a) lighter teaching loads, (b) broader instructional programs, and (c) more extensive noninstructional activities. Probably all of these can be justified from the standpoint of each department concerned. On the other hand, these facts do raise questions as to whether our policies are too liberal or our activities too extensive.

These comments do not reflect a lack of confidence in or appreciation for the staff as a whole. The overwhelming majority are putting forth every effort to

make their assignments productive and their zeal and industry for their work are most inspiring.

On the face of it, our administrative organization seems excessive. There are about thirty officers reporting independently to the President. According to my observation, administrative officers and the persons connected with such offices work, in many instances, harder than they should. Even so, we do not have sufficient administrative organization to do all that is needed. Some consolidation is desirable, but it is difficult to accomplish without adding to executive personnel. For example, we could well have a University Director of Research and a Director of Academic Personnel. We need more service in a number of our administrative offices, yet all of this costs additional money and increases an already large administrative outlay.

For the biennium 1955-1957 I have laid careful plans for as complete a study as is feasible. We have set up a special budget committee to review all requests, consisting of the Provost, Chairman, the Comptroller, the Director of the Bureau of Institutional Research, the Chairman of the Senate Committee on Budget, and two additional members of the University Council. In addition, the Building Program Committee is combing every item of requests for capital outlay. It is hoped by these means to produce a biennial budget which will be thoroughly solid in every detail. In initiating these studies, I made the following statement to administrative officers and heads of departments:

"In considering the budget for the next biennium, it should be recognized that the task of securing an increase in present income is becoming more and more difficult for both the University and the state. It can not be assumed that new expenditures, however justified from our point of view, can be matched by *additional* state appropriations. Hence, it is essential that concurrently with the consideration of such items there be an intensive review by each division of its present projects and programs and an earnest search for ways in which adjustments can be made and more economical operation effected to offset urgent new items, or restore any reductions that were made in the 1953-1954 budget that have resulted in severe handicap to effective operation.

"This is not to say that we are committing ourselves to simply stand where we are financially. We shall be ready as always to wage the battle for increased support, after every item of present expenditure has established its full right to continuation and the case for each addition has been made sufficiently strong to satisfy not only ourselves but the public, the State administration, and the General Assembly, whose money we are expending."

This still represents the best statement I can make of what I believe should be the budget policy of the University of Illinois for the next biennium.

Action on the budget was deferred until the open meeting of the Board.

Mr. Bissell expressed the opinion that the General Assembly of Illinois should be informed of the potential demands upon the University in the years to come, and suggested that in presenting the biennial budget for 1955-1957 next year an attempt be made to project the operating and capital expenditures and the enrollment for the next twenty years.

Mr. Nickell pointed out that in any future planning University officials should bear in mind the interest and responsibilities of the privately supported colleges and universities in Illinois.

DEPARTMENT OF MEDICAL SOCIAL WORK

Mrs. Watkins requested that a report on the program and activities of this Department be made to the Board at a future meeting. The President of the University stated that he would ask the Provost to make a study and submit a report.

COMMENCEMENT EXERCISES

Mr. Nickell reported a suggestion concerning the devotional features of the commencement exercises made to him by the parents of a stu-

dent receiving a degree at the exercises held in Urbana-Champaign on June 20, 1954.

The Secretary was requested to convey to the parties an expression of the Board's appreciation of this suggestion.

MEETING OF THE BOARD OF TRUSTEES

At 12:00 o'clock noon the Committee of the Whole rose and the Board convened in open session. The same members of the Board, officers of the University, and officers of the Board as recorded at the beginning of these minutes were present.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

PATENTABLE DISCOVERIES

(1) The University Patent Committee submits the following recommendations relating to potentially patentable discoveries.

1. Howard V. Malmstadt, Instructor in Chemistry, and E. R. Fett, Assistant in Chemistry, have discovered a simple and inexpensive automatic differential potentiometric device for determining the strength of a solution or the concentration of a substance in solution. Although it appears that this invention would be patentable and would have a certain limited use, the Department of Chemistry and Chemical Engineering believes that the sale of such a device, if patented and developed, would not warrant the cost of securing a patent. Accordingly, the University Patent Committee recommends that the invention be released to the inventors.

2. Richard E. Norberg, Research Assistant Professor of Physics, and Myer Bloom, Research Assistant in Physics, have developed quadrupole echo and decay signals, a scientific phenomenon described as spin echo and induction decay signals which appear in the course of pulsed experiments on pure quadrupole spectra. This invention is a result of research under a contract with the United States Navy. This phenomenon is similar to that of spin echo which was released to Dr. Erwin L. Hahn, formerly a member of the Department of Physics, at a meeting of the Board of Trustees on July 18, 1952. It is the judgment of the inventors and the Head of the Department of Physics that the device is not important enough to justify the expense of securing a patent and the latter recommends that the invention be released to the United States Navy. The University Patent Committee concurs in this recommendation.

3. At its meeting of February 23, 1953, the Board of Trustees authorized the negotiation of a compromise settlement between Brown, Boveri, and Cie, the Atomic Energy Commission, and the University relative to the Kerst betatron improvement. The negotiations continued, and the interferences with the patent application were decided in favor of the University. Under the agreement the patent would be issued to Dr. D. W. Kerst, Professor of Physics, as assignee, and Brown, Boveri, and Cie and the United States government would each receive licenses. The patent attorney points out that a few additional claims can be secured if substantial additional work on the application is authorized. However, the claims allowed—particularly the ones involved in the interferences—provide adequate scope and very nearly all of the protection which it is believed is essential. The Physics Department recommends, and Dr. Kerst concurs, that the patent be secured on presently allowed claims and that no additional work be done. The University Patent Committee concurs in this recommendation.

The American Chemical Society has announced that requests may be made for grants-in-aid for financing special projects from the Petroleum Research fund of that Society. One of the conditions of the grant is "Every patent, United States or foreign, that shall be taken out by or on behalf of the recipient or by or on behalf of any individual or institution acting at the direction of or on behalf of the recipient in carrying out such research shall be immediately dedicated to the public, royalty free." The Department of Chemistry and Chemical Engineering has recommended that the University waive the usual requirements relative to University control of all inventions and permit filing of applications for such grants under the conditions stated above. It should be noted that the staff member can receive no personal benefit from these grants and, accordingly, may be more inclined to engage in work of a more fundamental nature than if he might personally benefit financially by receiving a portion of any income resulting from a patentable invention. The terms of the grant are even more restrictive than the usual policy of the University by requiring that all inventions be dedicated to the public interest. The University Patent Committee recommends that the usual University policy be waived and that the grants from the American Chemical Society be accepted.

I concur in these recommendations.

On motion of Mr. Hickman, these recommendations were approved.

INTERNAL OPERATING BUDGET FOR 1954-1955

(2) I present the University's internal operating budget for all divisions and funds for the fiscal year beginning July 1, 1954, and for the academic and administrative appointments beginning September 1, 1954. This budget has been prepared by the Provost and the Comptroller in accordance with procedures approved by the President and in conferences with deans, directors, and other administrative officers.

I recommend that this budget, covering the allocation of the estimated operating income from all sources for the year beginning July 1, 1954, be approved; and that the President of the University be authorized, in accordance with the needs of the University and the equitable interests involved and within total income, (a) to accept resignations, (b) to make such additional appointments as are necessary, subject to the provisions of the University Statutes and the Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees, and (c) to make such changes and adjustments in items included in the budget as are needed; all such changes to be covered in the Comptroller's quarterly financial report, or in reports to the Board by its Secretary, provided that assignments for new projects or programs and for nonrecurring expenditures in excess of \$2,500 shall be presented to the Board for prior approval.

On motion of Mr. Bissell, the President of the University was authorized to take the actions specified above, the budget was approved, and the appropriations were made as recommended by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

The complete budget is included as an appendix to these minutes on pages 1440 to 1712.

**INTERNAL BUDGET OF THE ATHLETIC ASSOCIATION
FOR 1954-1955**

(3) The Director of Intercollegiate Athletics submits, on behalf of the Board of Directors of the Athletic Association, the budget for the Association for 1954-1955 which is summarized as follows with comparative figures for the preceding year:

	<i>1953-1954 Budget</i>	<i>1953-1954 Revised Estimate</i>	<i>1954-1955 Proposed Budget</i>
Income.....	\$864 425	\$869 264	\$953 700
Expenditures			
Budget Appropriations.....	847 642	856 692	912 338
Special Appropriations.....	10 000	10 000	29 200
<i>Total Expenditures</i>	<i>\$857 642</i>	<i>\$866 692</i>	<i>\$941 538</i>
Excess of income over expenditures.....	\$ 6 783	\$ 2 572	\$ 12 162

The budget has been examined and approved by the Provost and the Comptroller. Salaries paid jointly by the Athletic Association and the School of Physical Education have been approved by the Director of the School.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments, including approval of new appointments and acceptances of resignations, as are necessary and recommended by the Board of Directors of the Athletic Association within the total income realized.

On motion of Mr. Herrick, this budget was approved and authority was given as recommended.

COMMITTEE ON ACCOUNTANCY

(4) The regulations adopted by the Board of Trustees for the administration of the Illinois accountancy law provide that the University's administrative functions shall be performed by a Committee on Accountancy appointed by and responsible to the President of the University. The Committee consists of the Director of Admissions and Records and two other members of the University faculty.

The present personnel of the Committee is Professor W. E. Britton of the College of Law, Chairman; Professor H. M. Gray of the Department of Economics; and Director G. P. Tuttle of the Office of Admissions and Records, Secretary. Professor Britton is retiring from University service at the end of the current academic year, and I am reconstituting the Committee as follows effective September 1, 1954: Professor H. M. Gray, Chairman (until August 31, 1957); Associate Professor Charles H. Bowman of the College of Law (until August 31, 1960); and Director G. P. Tuttle, Secretary (ex officio).

The present members of the Committee have served for many years, and it seems to me that periodical changes in its personnel would be desirable in accordance with our usual practice in other University committees. Accordingly, I have set up a plan for such rotation which will ultimately provide for the appointment of the Director of Admissions and Records as an ex officio member and the other two members for six-year terms.

Appointments to this Committee do not require the approval of the Board of Trustees, but I am reporting my action simply for the record. I also wish to take this occasion to record the fullest appreciation of Professor Britton's splendid service as a member and Chairman of the Committee on Accountancy since 1924.

This report was received for record.

On motion of Mr. Herrick, the Secretary was requested to express to Professor Britton the Board's appreciation of his services as member and Chairman of the Committee on Accountancy.

APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY

(5) On nomination of the Committee on Accountancy, I recommend the appointment of Mr. Kenneth McCracken of the legal firm of Bell, Boyd, Marshall, and Lloyd, 135 South LaSalle Street, Chicago, Illinois, to the Board of Examiners in Accountancy for a period of three years beginning July 1, 1954, to replace Mr. James A. Velde, the present law member of the Board whose term will expire.

On motion of Mr. Bissell, this appointment was approved.

APPOINTMENT TO GEORGE A. MILLER VISITING PROFESSORSHIP

(6) On nomination of the Head of the Department of Mathematics, the Dean of the College of Liberal Arts and Sciences, and the Dean of the Graduate College, I recommend the appointment of Dr. Roger Jean Henry Godement, now Professor at the University of Nancy, Nancy, France, as the first George A. Miller Visiting Professor of Mathematics for one year from September 1, 1954, at a salary of \$10,000 (D basis).

On motion of Mr. Johnston, this appointment was approved.

HEADSHIP OF ILLUSTRATION STUDIOS IN THE CHICAGO PROFESSIONAL COLLEGES

(7) Professor Tom S. Jones, Head of the Illustration Studios in the Chicago Professional Colleges, will retire September 1, 1954. On nomination of the Dean of the College of Medicine and with the concurrence of the Chairman of the Administrative Committee for the Chicago Professional Colleges, the Provost, and the Dean of the Graduate College, I recommend the appointment of A. Hooker Goodwin, now Professor of Medical Illustration at the Bowman Gray School of Medicine, Wake Forest College, Winston-Salem, North Carolina, as Professor of Medical and Dental Illustration and Head of the Illustration Studios in the Chicago Professional Colleges on indefinite tenure beginning September 1, 1954, at a salary of \$9,000 (AY basis). (This is the salary of the position at present.)

Professor Hooker was formerly (1948-1950) on the staff of the Illustration Studios of the University of Illinois.

In the past this activity has been budgeted under the College of Medicine although it serves all Chicago Professional divisions. There is general agreement that it should be placed under the Office of the Vice-President. As soon as practicable it is the intention that this be done. Its functions of service to the College of Medicine, as well as to all other divisions, will not be changed.

On motion of Mrs. Watkins, this appointment was approved.

HEADSHIP OF THE DEPARTMENT OF MINING AND METALLURGICAL ENGINEERING

(8) On recommendation of the Dean of the College of Engineering and with the concurrence of the Provost and the Dean of the Graduate College, I recommend the appointment of Thomas A. Read, presently Associate Professor of Metallurgy at Columbia University, as Professor of Metallurgy and Head of the Department of Mining and Metallurgical Engineering on indefinite tenure beginning August 1, 1954, at an annual salary of \$11,000 (A basis).

The headship of this Department has been vacant since the resignation last year of Professor Harold L. Walker. In the meantime, Professor W. R. Chedsey has been serving as Acting Head.

On motion of Mr. Herrick, this appointment was approved.

APPOINTMENTS TO THE FACULTY

(9) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. HAROLD H. DRAPER, Assistant Professor of Animal Nutrition in the Department of Animal Science (C&S), beginning September 1, 1954, at an annual salary of \$6,000 (DY).

2. WALTER C. JACOB, Professor of Agronomy (C&S), beginning September 1, 1954, at an annual salary of \$9,000 (DY).

3. VICTOR H. RUMSEY, Professor of Electrical Engineering, beginning September 1, 1954, at an annual salary of \$8,100 (A).

4. JACK WOOD, Associate Professor of City and Regional Planning, in the Department of City Planning and Landscape Architecture, beginning September 1, 1954, at an annual salary of \$6,600 (A).

On motion of Mr. Nickell, these appointments were confirmed.

CURRICULUM IN NURSING

(11) The faculty of the School of Nursing and the University Senate recommend the establishment of a four-year collegiate program in nursing leading to the degree of Bachelor of Science in Nursing according to the following plan.

Students will be admitted to the professional part of the program in September, 1954. The entire program, preprofessional and professional, will also go into effect at that time. (Several students currently enrolled in the prenursing curriculum of the Affiliation Program in Nursing have completed the proposed preprofessional program in preparation for admission to the School of Nursing in September, 1954.)

Admission to the Preprofessional Curriculum. An applicant for admission to this curriculum (a) must meet the general requirements for admission to the College of Liberal Arts and Sciences, and (b) must rank in the upper 50 per cent of her high school graduating class, or have completed a minimum of fifteen semester hours of acceptable college work with an average of not less than 3.0.

Admission to the Professional Curriculum. The number of students admitted to the professional curriculum is limited by the facilities of the School of Nursing. Selections for admission to this curriculum are made by the Committee on Admissions after a careful study of scholastic record, aptitude, and health examinations, and such evidence of personal characteristics essential for nursing as is required by the Committee. An interview with representatives of the faculty of the School of Nursing is required.

A University scholarship average of 3.0 is a minimum requirement. Candidates must have received a grade of at least "C" in prerequisite courses (chemistry and biology or zoology).

Admission to transfer students is governed by the same regulations applicable to other students in the curriculum. Transfer students in all but exceptional cases must complete all eleven quarters of the professional phase of the curriculum in the School of Nursing.

General Description. The curriculum consists of a minimum of two semesters in the College of Liberal Arts and Sciences and eleven quarters in the School of Nursing in Chicago. The work is divided into two levels. The two semesters in the College of Liberal Arts and Sciences constitute the preprofessional curriculum. The eleven quarters in the School of Nursing constitute the professional phase of the curriculum and include related academic (nonprofessional) courses. Provision is made for one summer session in the College of Liberal Arts and Sciences during the third year in order that students may have an opportunity to take selected electives on a more mature level than would be possible in the freshman (preprofessional) period.

Specific Graduation Requirements. A candidate for the degree of Bachelor of Science in Nursing must meet the following general requirements: pay all indebtedness to the University, obtain passing grades in all required courses in the curriculum, and have completed the four-year curriculum with an over-all average of "C" for the total number of 216 quarter hours required for the degree. In all but exceptional cases, at least eleven quarters of professional education and experience must be taken in residence in the School of Nursing, and in all cases, a minimum of at least one year (forty-five quarter hours of senior level professional courses) must be taken in residence in the School of Nursing.

The curriculum here proposed is wholly new, a baccalaureate degree program in nursing of the "integrated" or "correlated" type. It is meant to replace the so-called Affiliation Program entered into by the University in 1949, and which is to be discontinued with the expiration of commitments made in current published material.

This type of program differs from the conventional and traditional hospital-school nursing program in that students do not work their way through by giving hospital service, and in that the faculty and quality of instruction and instructional facilities are of collegiate grade. It aims, in addition to preparing the student nurse to render skilled physical care to patients, to give the grounding in science and in medicine needed to prepare her for the increasing responsibilities of modern nursing, to instruct her as to the place of nursing in the health services of the community, to prepare her to take responsibilities in administration, teaching, and in the advancement of the profession.

The University of Illinois began studies aimed at setting up a collegiate program of nursing in 1945, then deviated from this purpose with the Affiliation Program of 1949. With the present curriculum it returns to its original aim, and has profited by the substantial literature on collegiate nursing program appearing in the last few years. With this curriculum, and our own staff and facilities, the University will have a program that should take its place among the best in America.

The complete outline of specific course requirements in the preprofessional and professional areas of this curriculum has been filed with the Secretary of the Board for record and has been supplied to the University officers concerned. I concur.

On motion of Mrs. Holt, this recommendation was approved.

REQUIREMENTS FOR DEGREE OF BACHELOR OF MUSIC

(12) The University Senate recommends the following changes in the requirements for the degree of Bachelor of Music: addition of a required new course, Basic Music Literature, two hours; dropping of two courses in Analysis of Musical Form; and increasing the total number of semester hours in the curriculum from 130 to 132 semester hours.

The purpose of these changes is to improve the offerings in the history of music and is in line with the curricula of other schools of music.

I concur.

On motion of Mr. Hickman, this recommendation was approved.

PROFESSIONAL CURRICULUM FOR DEGREE OF MASTER OF BUSINESS ADMINISTRATION

(13) On July 16, 1952, the President of the University recommended and the Board approved the establishment of a Graduate School of Business Administration "as an integral part of the College" (College of Commerce and Business Administration). It was stated in the presentation that the new curriculum required for the program would call for consideration by the University Senate and later action by the Board. Temporary approval of the admission of students in the fall of 1952 was given by the President pending the approval of the curriculum.

This proposal had not been reviewed by all University administrative and academic parties concerned. The Executive Faculty of the Graduate College, in November, 1952, passed and transmitted to the President a resolution voicing objection to the establishment of such a graduate program "distinct from the Graduate College of the University" and leading to a graduate degree. It requested reconsideration of the subject so that "the jurisdiction for this program be placed in the Graduate College."

On taking office in September, 1953, I found this question still unresolved and no formal action taken on a curriculum. Temporary approval for admission of students in the fall of 1953 was continued in anticipation of the approval of a curriculum. (The curriculum had been submitted in July, 1953, but had not yet been acted upon.) Discussions were immediately initiated with the Dean of the College of Commerce and Business Administration, the Dean of the Graduate College, and the Chairman of the Senate Committee on Educational Policy

to seek an agreement, if possible, among all concerned as to (a) the title of the program and (b) its relation to the Graduate College.

The Senate Committee gave long consideration to the subject, and on April 5, 1954, presented to the Senate recommendations that the curriculum be approved, that the program be left within the College of Commerce and Business Administration but without the use of the term "graduate." The Senate by a vote of two to one disapproved these recommendations of its Committee on Educational Policy and took the following actions relating to the Graduate School of Business Administration:

1. That the Senate is in sympathy with the aims of the professional program in Business Administration leading to the Master of Business Administration degree.
2. That the term "graduate" should not be employed in connection with programs which are not within the Graduate College.
3. That 400 numbers should not be used for courses outside the Graduate College.
4. It is the opinion of the Senate that all programs leading to a master's degree or to a Doctor of Philosophy or Doctor of Education degree belong within the Graduate College.
5. It is the judgment of the Senate that the proposed professional program in Business Administration should be within the Graduate College if a master's degree, or other degree resembling those granted by the Graduate College, is granted and the term "graduate" is used.
6. That all proposals of programs which require a bachelor's degree for admission be submitted to the Executive Faculty of the Graduate College in order that the Executive Faculty may have the opportunity to make recommendations as to whether the program properly falls within the general program of the Graduate College.
7. That the Senate request the Executive Faculty of the Graduate College to examine the records of the three students, now scheduled to complete in June, 1954, the requirements for the Master of Business Administration degree in the proposed program, and that further the Executive Faculty be asked to present at the next regular meeting of the Senate its recommendations with respect to granting degrees to these students.
8. That the proposed curriculum leading to the degree of Master of Business Administration be referred to the Executive Faculty of the Graduate College for study and that this body make its recommendations to the Senate Committee on Educational Policy within one month so that the Policy Committee may present its report to the next regular meeting of the Senate.

This last action would make it possible for the College of Commerce and Business Administration to offer the M.B.A. program within the administrative framework of the Graduate College. The Dean of the College of Commerce and Business Administration was requested by the Dean of the Graduate College and by the President of the University to submit the proposed curriculum to the Graduate College. Eventually, a copy of the curriculum was supplied to the President's Office and was referred to the Graduate College, but the course proposal outlines essential to the examination and the evaluation of the curriculum were not provided. Hence, the Executive Faculty of the Graduate College was unable to carry out the instructions of the Senate. (The Executive Faculty has authority over all Graduate College curricula, and its approval is required before such curricula can be acted upon by the University Senate.)

The present status of this matter then is that the College of Commerce and Business Administration has not submitted a curriculum for the new M.B.A. program to be offered in the Graduate College, and the University Senate has not approved a curriculum for the M.B.A. program to be offered by a graduate school of business administration.

On June 7, 1954, the University Senate voted to request the Board of Trustees to rescind its action of July 16, 1952, establishing the Graduate School of Business Administration outside of the Graduate College. In this connection, attention is called to the following provisions in the University of Illinois Statutes which had not been followed by University administrative officials prior to the submission to

the Board of Trustees on July 16, 1952, of the proposal for establishing the Graduate School of Business Administration:

No new line of work involving questions of general educational policy shall be established *except on recommendation of the Senate*.

The transfer of any line of work, or any part thereof to or from a college, from or to some other administrative group shall be made *on recommendation of the Senate* and approval of the Board of Trustees.

It should be noted that in presenting the proposal to establish the Graduate School of Business Administration to the Board of Trustees for approval without the recommendation of the Senate, the President of the University stated:

It is understood that the approval of the new curriculum itself, extending the period of advanced study for the existing degree, Master of Business Administration, from one year to two years and substantially revising its component parts, will call for faculty approval through the standard channels of the Senate Committee on Educational Policy and the Senate. There may be other points, too, that are regarded as essentially academic rather than administrative which the Senate will want to pass upon.

Thus the President recognized the jurisdiction of the Senate although the essential step of securing approval had not yet been taken. In view of this situation, a fresh start is indicated.

In the meantime, the University Senate, upon certification of the College of Commerce and Business Administration and the Graduate College, has recommended that the three students who were admitted to the curriculum in 1952 pending its approval be given the degree of Master of Business Administration upon satisfactory completion of the requirements set up for that degree. The degree will have been conferred upon two of the students at the Commencement exercises on June 20, 1954, and the third will receive the same degree in October, 1954, if he completes the required courses with satisfactory grades.

The Senate has taken this unusual action of recommending students for degrees in a curriculum not approved by the Senate in recognition of the fact that they entered upon the program in good faith and that their interests must be protected, but with the understanding that the action should not be considered as establishing a precedent.

I concur in the request of the Senate that the Board rescind its action of July 16, 1952, establishing the Graduate School of Business Administration. When this is done the way will be open for the College of Commerce and Business Administration, if it desires, to resubmit the curriculum as a revised program for the M.B.A. degree in the Graduate College for consideration through regular channels.

On motion of Mrs. Watkins, the action of the Board of Trustees of July 16, 1952, as recorded on page 5 of the minutes of that meeting, was rescinded since that action was not completely consistent with University Statutes and procedures.

The Board expressed its deep interest in seeing a program of this kind established and requested the President of the University to call upon the College of Commerce and Business Administration to resubmit a program in a manner and through channels conforming with University Statutes and procedures for consideration by the Board at an early date.

On motion of Mr. Livingston, these appropriations were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton. Mr. Hickman asked to be recorded as voting "no" on the assignment of funds for the purchase of equipment for a photo-bearing I.D. Card System but "aye" on all of the other items.

RENEWAL OF LEASES WITH THE CITY OF CHICAGO FOR NAVY PIER AND DRILL HALL

(15) The present leases with the city of Chicago for space on Navy Pier and in the adjacent Drill Hall occupied by the Chicago Undergraduate Division expire on June 30, 1954; negotiations have resulted in an agreement for renewal at a rental of \$181,000.08 a year. These leases were authorized by the Board on July 25, 1953.

Renewal documents were prepared in accordance with this authorization and presented to the city of Chicago. Through the Commissioner of Public Works the city has indicated approval subject to certain changes because of the following items which the city had not raised in earlier negotiations.

The city wants the space now occupied by the Office of Nonacademic Personnel but which is not included in the Drill Hall lease. The Commissioner indicated that the city would permit the University to continue occupying this space if it will pay rental for it, although the city would prefer to have the space.

Another question relates to the University's practice of permitting the staff to park cars inside the Pier on the north side of the runway, an area adjacent to the space leased by the University. This area is not a part of the space for which the University now pays rent, but the present lease provides that the city shall maintain it as a "No Parking" area. The purpose of this provision was to avoid noise interference with classes. Subsequently, it was found that cars could be parked there without interfering with classroom activities, and the faculty has been using this area for parking. The city holds that if the University wishes to use this space for faculty parking, it should pay rent for it.

The University has agreed to relocate the Nonacademic Personnel Office in the small building northeast of the Drill Hall now occupied by the *Pier Illini* (the student newspaper). The city proposes that this space and the parking area be included in the new leases, and requests an additional rental of \$6,000 a year. This rate is determined by a charge for parking spaces for 120 cars of approximately \$4 per car per month, which amounts to a total of \$5,760 a year, and by inclusion in the Drill Hall lease of the new area for the Office of Nonacademic Personnel at an additional annual rental of \$240, or a total of \$6,000 a year.

The Dean of the Undergraduate Division recommends that the parking area be retained for the use of the staff since parking at the Pier is a serious problem.

Funds for the increased rental will be made available within the Physical Plant budget.

The Dean of the Undergraduate Division, the Comptroller, and the Director of the Physical Plant recommend that the leases be renewed as indicated above at an annual rate of \$187,000.08. I concur and recommend that the Comptroller and the Secretary of the Board be authorized to conclude and execute the necessary contracts upon their approval by the Legal Counsel.

On motion of Mrs. Watkins, the renewal of the leases was approved and the Comptroller and Secretary of the Board were authorized to execute the necessary documents. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

**APPROPRIATION FOR CONTRACTS FOR CONSTRUCTION OF
ADDITION TO ARTHUR NEWELL TALBOT LABORATORY**

(16) The Department of Civil Engineering has a structural research laboratory which is an integral part of the research and graduate instructional program of the Department. The magnitude of the work done in this laboratory is indicated by its budget which presently amounts to nearly \$366,000 including University funds of \$60,000, the balance coming from outside sources in support of research.

The laboratory space available for structural research is much too small in comparison with the research and educational activities being carried on in this field. While the laboratory has made notable contributions in the field of structural engineering and has maintained its leadership in structural research, it no longer has an advantage in equipment and facilities and the Department is unable to undertake attractive research projects. To continue programs on which the basic work has been done during the past few years the Department of Civil Engineering needs an addition to the Arthur Newell Talbot Laboratory. The Department recommends the construction of an addition providing approximately 1800 square feet of floor space. The total cost of the addition is estimated at \$58,000. The construction has been approved by the Building Program Committee and the Committee on Nonrecurring Appropriations recommends an assignment of \$52,000 from the General Reserve Fund with the understanding that \$6,000 will be made available from the Department's share of indirect cost funds received from contract research.

I recommend approval of this general program including an assignment of \$52,000 from general University funds, an assignment of \$6,000 from indirect cost funds accruing to the Department of Civil Engineering, and the award of contracts to the following lowest bidders for the construction of this addition with authorization to the Comptroller and the Secretary of the Board to execute these contracts:

General — Pathman Construction Co., Chicago.....	\$37 570 00
Electrical — Fedco Electrical Contractors, Inc., Danville.....	3 896 00
Plumbing and Heating — Champaign Plumbing and Heating Co., Champaign.....	3 558 00
Ventilating — Schroeder's, Champaign	1 722 00
Crane — Abell-Howe Company, Chicago.....	5 202 00
<i>Total</i>	\$51 948 00

On motion of Mr. Livingston, the assignments of funds were approved, the contracts were awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

AWARD OF CONTRACT FOR PLASTERING AND ACOUSTICAL WORK

(17) The Director of the Physical Plant and the Comptroller recommend award of a contract to Harry F. Fisher, Urbana, the lowest bidder, for plastering, maintenance and minor acoustical improvement work to be done as needed during the fiscal year beginning July 1, 1954, on a cost-plus percentage basis as follows:

Unit price per hour for trucking.....	\$2.75
Total cost of trucking for any one project not to exceed the cost of labor and materials charged to the job by.....	10%

"Contractor's Fee" when project costs exceed \$25 to be added to total of all job costs..... 17%
 "Contractor's Fee" when acoustical or other work is furnished by direct lump sum subcontract..... 17%

Charges for less than \$25 will be billed on a lump sum basis.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

STORM WATER DRAINAGE HUFF GYMNASIUM

(18) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$8,825 to the Illiana Construction Company, Inc., Urbana, the lowest bidder, for the construction of a storm sewer along the east side of Huff Gymnasium to serve as an outlet for the draining of the swimming pool, down-spout and footing drains. This sewer will divert the storm water drainage south to discharge into the new sewer being provided for the Law Building.

Funds are available in a special appropriation made by the Board of Trustees for this project.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Bissell, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

CONTRACT FOR EXTENSION OF PNEUMATIC TUBE SYSTEM IN RESEARCH AND EDUCATIONAL HOSPITALS

(19) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$3,666 to the Lamson Corporation, Syracuse, New York, for an extension of the pneumatic tube system from the addition to the Research and Educational Hospitals to the Neuropsychiatric Institute. The work will consist of relocating the system from areas where it is no longer required to connect other areas in the Hospital addition and the Neuropsychiatric Institute.

Funds are available in an appropriation made for remodeling by the Board of Trustees on November 20, 1953.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

CONTRACT FOR DESIGN OF AIR CONDITIONING INSTALLATIONS IN RESEARCH AND EDUCATIONAL HOSPITALS

(20) The Director of the Physical Plant and the Comptroller recommend award of a contract to Nelson and Nettin, Inc., 343 South Dearborn Street, Chicago, for engineering services in designing air-conditioning installations in the milk formula preparation area, the bacteriology and serology laboratories, and the clinic and admission areas in the addition to the Research and Educational Hospitals.

This firm has made a proposal to do the work at a fee of 10 per cent of the cost of the completed installation. This is estimated to cost \$92,000, so that the fee for the engineering design would be \$9,200. It will be stipulated in the contract that the cost of the work to be done by Nelson and Nettin, Inc., shall not exceed \$9,200 without prior authorization from the University to proceed with work which shall call for payments in excess of this figure. This firm has done several engineering jobs for the University, both in Chicago and Urbana-Champaign.

Funds are available in assignments made by the Board of Trustees on May 15, 1954, for remodeling at the Chicago Professional Colleges.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract with Nelson and Nettin, Inc., for services in accordance with the terms and restrictions recommended.

On motion of Mrs. Holt, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR INSTALLATION OF NEW AIR-CONDITIONING SYSTEM
IN TWO ROOMS OF THE NEUROPSYCHIATRIC INSTITUTE**

(21) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$3,997 to Narowetz Heating and Ventilating Co., Chicago, the lowest bidder, for the installation of an air-conditioning system in Rooms 704 and 705 of the Neuropsychiatric Institute Building, which are used by the Department of Psychiatry for taking pictures of patients. Artificial cooling is necessary because of high intensity of illumination required causes excessive heat which can not be otherwise dissipated.

Funds are available in a special appropriation approved by the Board of Trustees on December 16, 1953.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR THE INSTALLATION OF ACOUSTICAL TREATMENT
IN STAFF APARTMENT BUILDING AT THE
CHICAGO PROFESSIONAL COLLEGES**

(22) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$3,736 to Fisher-Busse Co., Chicago, the lowest bidder, for an acoustical treatment of the corridors and elevator lobbies in the Staff Apartment Building at the Chicago Professional Colleges.

Funds are available in the 1951 revenue bond construction account.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR LABORATORY FURNITURE FOR
CHICAGO PROFESSIONAL COLLEGES**

(23) The Business Manager of the Chicago Professional Colleges, the Director of the Physical Plant, and the Comptroller recommend award of a contract for \$43,547.45 to the Kewaunee Manufacturing Company, Adrian, Michigan, the lowest bidder, for the manufacture and installation of 135 pieces of laboratory furniture consisting of sinks, benches, drying racks, and other equipment in areas being remodeled for the Departments of Anatomy, Bacteriology, and Pathology in the College of Medicine and for Dental Clinics and Dental Radiology in the College of Dentistry.

Funds are available in the special appropriation made by the Board of Trustees on May 15, 1954, for remodeling in these areas and also in the revenue bond construction account.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR ALTERATIONS IN DENTISTRY-
MEDICINE-PHARMACY BUILDING**

(24) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$32,990 to the Mutual Contracting Company, Chicago, the lowest

bidder, for remodeling of space occupied by the Department of Anatomy in the College of Medicine. The work will consist of rearrangement of partitions, improvements in lighting, and installation of new laboratory equipment, and is part of the program of remodeling to improve and to increase the capacity of existing facilities.

Funds are available in the reserve assigned for remodeling at the Chicago Professional Colleges by the Board of Trustees on May 15, 1954.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Livingston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

CONTRACT FOR OXYGEN FOR RESEARCH AND EDUCATIONAL HOSPITALS

(25) On July 25, 1953, the Board of Trustees authorized the purchase of bulk oxygen for the Research and Educational Hospitals from the Linde Air Products Company, Chicago, at the rate of \$0.55 per 100 cu. ft. from a bulk supply (outdoor installation) with the understanding that this arrangement was to continue for one year, at a total estimated annual expenditure of \$9,900.

Due to difficulties beyond the University's and Linde's control, the start of this service has been delayed. The first oxygen was used on May 14, 1954.

The firm anticipated at least one full year's withdrawals from their expensive storage installation which they have placed on University premises, but the total expenditures during 1953-1954 will not exceed \$500. In view of the difficulties surrounding the inauguration of this service and of the high degree of cooperation that the University has received from representatives of Linde, some consideration regarding the dating of this arrangement is due the firm.

The Business Manager of the Chicago Professional Colleges and the Comptroller recommend that the arrangement for service be extended until June 30, 1955.

I concur.

On motion of Mr. Nickell, extension of this contract for one year from July 1, 1954, was authorized.

CONTRACT FOR CONSTRUCTION OF GRAIN STORAGE TANKS AT ALLERTON FARMS

(26) The Dean of the College of Agriculture and the Comptroller recommend award of a contract to George W. Quick and Sons, Tiskilwa, Illinois, for the erection of two concrete grain storage tanks at the Amenia elevator for use by the Robert Allerton Farms at a cost of \$14,738. The storage tanks will be located on Illinois Central Railroad property.

The University now owns the elevator at Amenia, also located on Illinois Central Railroad property. This and other present storage facilities on the Robert Allerton Farms are inadequate for the normal production of beans, wheat, and oats. The probable 1954 production is 64,000 bushels while the storage facilities on the farms provide for only 26,000 bushels, leaving a deficiency of 38,000 bushels. Central storage at the elevator will be more advantageous from the standpoint of the University. The tenants also prefer central storage to farm storage even though they pay rental for central storage. The Amenia elevator is now rented to the Monticello Grain Company, which pays to the University one-half of the gross storage income plus one cent a bushel for all grain loaded out. The additional tanks would be rented on the same basis. The estimated additional income is \$1,500 a year.

Funds are available from income of the farms for this purchase. If additional storage facilities are not provided, the University will be required to sell much of its soybean crop at harvest. During the past few years, the price differential from holding the crop rather than selling it at harvest has been great enough to recover the cost of the storage facilities within a relatively short period of time.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract with George W. Quick and Sons, modify the rental agreement with the Monticello Grain Company to cover the additional storage tanks, and execute the necessary documents with the Illinois Central Railroad subject to approval of the Legal Counsel.

On motion of Mrs. Holt, this contract was awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

The opinion of the Continental Illinois National Bank and Trust Company, depositary of the Miller Endowment Fund, was requested as to the value of these securities. That bank has now advised that it has checked each item carefully and considers the securities worthless. However, it recommends that, rather than destroy the certificates, they be kept in a section of the bank's vaults used for this purpose.

The Comptroller reports that the above-listed securities, which have been held by the Bursar pending decision as to their disposition, will be transferred to the Continental Illinois National Bank and Trust Company for safekeeping, a receipt will be obtained for them and no further record of said securities will be maintained by the University.

This report was received for record.

GIFT FOR SCHOLARSHIPS FOR COLOMBIAN STUDENTS¹

(28) Mr. Henry Lee Shattuck of Boston, Massachusetts, has offered the University of Illinois \$100,000 for scholarships for students who are citizens of Colombia. This will provide approximately fifty scholarships of \$1,850 each and is sufficient to cover tuition, books, other educational costs, and living expenses.

The students receiving the scholarships will be nominated by the University of the Andes, Bogota, Colombia, on the basis of scholastic attainment and financial need. The nominees must meet the standard entrance requirements of the University of Illinois. They will also be interviewed and screened by the Dean of Foreign Students.

The \$100,000 grant will be received and administered as a gift to the University for the purpose of aid to these students. The Dean of Students and the Comptroller recommend the acceptance of this fund.

I concur.

This report was received for record.

¹ This offer was subsequently withdrawn and the grant will not be made. — Secretary's Note.

BENJAMIN FRANKLIN MAGAZINE AWARDS

(32) It will be recalled that at its meeting on March 25, 1953, the Board of Trustees accepted a fund of \$52,500 to establish the Benjamin Franklin Magazine Awards of annual cash prizes and medal awards to magazines and magazine writers, and approved a plan for administering these awards. The fund is to be used during a five-year period to get this project established. The donors of the original funds wish to remain anonymous. The final selections are made by a group of anonymous judges appointed by the University but from outside of its staff.

The first annual Benjamin Franklin Magazine Awards given during the year 1953 were presented to the recipients at a dinner in New York City on May 25, 1954. About 375 guests attended the dinner. The awards were as follows:

1. The first award, a gold medal and scroll, given to an American magazine of general circulation, for the most distinguished and meritorious public service during the year went to the *Ladies Home Journal*. It was given as a result of a series of ten articles appearing during the year dealing with people voluntarily engaged in community activities, produced by the magazine's Public Affairs Department of which Miss Margaret Hickey is the editor.

Honorable Mentions in this classification went to *Argosy*, for "Court of Last Resort"; *Look* for "The Role of Religion in American Life"; *U. S. News and World Report* for a series of interviews; and *The Saturday Evening Post* for "The Ten Most Wanted Men."

2. The award for the most distinguished magazine writing involving original reporting in which serious obstacles had to be overcome—a scroll and the sum of \$1,000 to John Bartlow Martin of Highland Park, Illinois, for "Why Did It Happen: The Riot at Jackson Prison," which appeared in *The Saturday Evening Post*.

Honorable Mention: George McMillan of Aiken, South Carolina, for "Big Botch at Savannah River," which appeared in *Harper's*.

3. The best article or series of articles depicting life, culture, or institutions in the United States—a scroll and the sum of \$500 to William H. Whyte, New York, for "The Transients," which appeared in *Fortune*.

Honorable Mention: Bernard DeVoto, Cambridge, Massachusetts, for "Our Great West—Boom or Bust?" which appeared in *Collier's*.

4. For the best interpretation of the foreign scene or of our foreign relations—a scroll and \$500 to Adlai Stevenson, Libertyville, Illinois, for an eight-article series on world conditions, *Look*. Honorable Mention: Santha Rama Rau, New York, for "India," which appeared in *Holiday*.

5. For the article best depicting a person—a scroll and \$500 to Robert Coughlan, New York, for "The Private World of William Faulkner," in *Life*. Honorable Mentions: J. H. Powell, Philadelphia, for "General Washington and the Jack Ass," *The South Atlantic Quarterly*; and Richard Donovan, Los Angeles, for "The Fabulous Satchel Paige," *Collier's*.

6. On recommendation of the judges, no award was given this year for the best piece of magazine humor.

7. For the best short story—a scroll and \$500 to Ray Bradbury, New York, for "Sun and Shadow," in *The Reporter*. Honorable Mention: Jeff Brown, New York, for "Talk to Home," *Collier's*.

¹ Deduct.

8. For an outstanding meritorious presentation in any category not specifically covered by the other awards — a scroll and \$500 to Lincoln Barnett, the editors and staff of *Life* magazine, for "The World We Live In" series. Honorable Mentions: Roger Angell, Palisades, New York, for "Youth and the World," *Holiday*; and to Charles J. V. Murphy and Eric Hodgins, New York, whose articles appeared under the general title "Nuclear Power and Its Impact and Meaning for America," *Fortune*.

CHANGE IN ORGANIZATION OF THE DEPARTMENT OF ART

(34) The headship of the Department of Art will become vacant on September 1 when Professor Allen S. Weller, the present Head of the Department, becomes Dean of the College of Fine and Applied Arts.

The faculty of the Department has voted to recommend a change in departmental organization from a headship to a chairmanship for the academic year 1954-1955. This is permissive under the University Statutes if concurred in by the Dean of the College and the President of the University. The Dean and I concur.

After consulting with the Executive Committee of the Department, the Dean recommends the appointment of Professor C. V. Donovan as Acting Chairman of the Department for one year from September 1, 1954, or until such a prior time as a permanent Head is appointed.

I concur in this recommendation.

On motion of Mr. Nickell, this recommendation was approved.

CONTRACT FOR RESIDENCE HALLS FURNITURE

(35) During World War II, the Gymnasium Annex was converted into a barracks for Navy trainees and the Ice Skating Rink as a barracks for Army trainees. For a few years following the war the Gymnasium Annex was operated as a low-cost dormitory for men. In view of the successful experience with this operation and the need for low-cost housing for men, a unit (Noble House) of the Men's Residence Halls was constructed to provide a dormitory-barracks type of accommodations with a capacity of 288 men. This unit was opened in the first semester of 1952-1953 with an average occupancy of 269. In the second semester, the occupancy dropped to 70. In the first semester of 1953-1954, the average

occupancy was 268 and in the second semester, 98. In the fall of 1953-1954, the food service, dining rooms, and kitchen areas in Clark House were converted into dormitory-barracks type of housing with a capacity of 78 students. During the first semester of that year the average occupancy was 70, but during the second semester the area was unoccupied.

While this type of housing was in demand for a few years following World War II, it is apparent from recent experience that accommodations of this type are not attractive to men students now attending the University and that they are acceptable only as a last resort. In anticipation of this possibility, Noble House was so constructed that the dormitory areas in it could readily be converted into rooms.

The Director of Housing recommends that the dormitory areas in Noble House and Clark House be converted into room units accommodating three men each. This will result in a capacity of 226 residents plus four counselors in Noble House and 60 residents in Clark House. The conversion will be accomplished by installing built-in cabinets and other furniture which will serve the dual purpose of dividing the areas into rooms and providing part of the furniture. The Board of Trustees in March authorized the purchase of twelve units of such furniture for experimentation and these have been proved satisfactory. The estimated cost of this conversion is \$206,130. Funds are available in the net income from past operations of University housing facilities, mainly from temporary housing.

The Director of Purchases, the Director of the Physical Plant, and the Comptroller recommend award of a contract for \$80,316.02 to Mandel Brothers, Chicago, the lowest bidder, for the purchase of 274 units of built-in furniture for this remodeling program.

I recommend that the program as outlined be approved, the use of Housing Division funds for this remodeling be authorized, the contract be awarded to Mandel Brothers, and the Comptroller and the Secretary of the Board be authorized to execute the same.

On motion of Mr. Johnston, the assignment of funds for this program was authorized, the contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

TRANSFER OF RESPONSIBILITY FOR AIR FORCE PROPERTY

(36) The United States Air Force has approved the transfer of responsibility for government property used by the Air Force Reserve Officers' Training Corps from the University to the Air Force. This transfer of accountability is being made on an experimental basis for two years, effective July 1, 1954, at selected universities with the expectation that it may be made permanent at all institutions thereafter.

The proposed change will be highly advantageous to the University. The Military Property Custodian will be relieved of all responsibility for Air Force property. The University will no longer need to furnish bond for him in relation to Air Force property, nor will the University be required to reimburse the government for any lost or damaged property. The University will continue to furnish storage space.

I recommend that the Comptroller be authorized to execute the necessary agreement with the Air Force to effect this transfer.

On motion of Mr. Livingston, the Comptroller was authorized to execute this agreement.

APPENDIX

THE UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1954-1955

(Approved by the Board of Trustees June 21, 1954, page 1370)

EXPLANATORY NOTES

This budget consists of three volumes:

- I. Summaries of all divisions; Urbana-Champaign divisions and General University. Administration—Academic and Administrative Salaries, Wages, Expense and Equipment.
- II. Chicago Professional Colleges, Division of Services for Crippled Children, and Chicago Undergraduate Division—Academic and Administrative Salaries, Wages, Expense and Equipment.
- III. Nonacademic Salaries, all divisions.

Appropriations for Salaries are available for the term indicated in each case but not for more than one year from September 1, 1954.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position. Student employees may not be charged directly against salaries.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries," "Wages," and "Expense and Equipment." No transfers may be made between "Salaries" and "Expense and Equipment" except with the approval of the President of the University. Requests for such changes should be submitted through the Comptroller. Adjustments may be requested between "Salaries" and "Wages" upon notice to the Comptroller, stating the reason for such transfer.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1954, and ending June 30, 1955. Balances up to 5 per cent, or total encumbrances, whichever is larger, will automatically be carried forward to 1955-1956.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds and budgets indicated as "from receipts" are on an estimated basis. Unless otherwise indicated, appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

The services required for members of the academic and administrative staff are in accordance with "Terms of Employment" adopted by the Board of Trustees on January 8, 1948.

1. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

2. For positions or portion of positions not indicated as "Y," services are required only during the academic year of two semesters (three terms in Chicago Professional Colleges). Summer Session teaching, if required, will be covered by an additional appointment with salary.

Services of the nonacademic staff are for twelve months, less vacation, in accordance with civil service regulations.
