EXECUTIVE SESSION

When the Board convened, an executive session was requested and ordered for consideration of the following items of business.

INQUIRY FROM STATE SENATOR DAVID DAVIS OF THE GOVERNOR'S COMMISSION ON HIGHER EDUCATION

President Megran presented the following letter:

BLOOMINGTON, ILLINOIS
July 18, 1955

PRESIDENT, BOARD OF TRUSTEES
University of Illinois
Urbana, Illinois

DEAR SIR:

I am Chairman of a sub-committee of the Higher Education Commission which is currently studying the problem of whether there should be some reorganization of the control of the publicly supported colleges and universities of this state. We would like to have information on the following items and would appreciate either any official expression of opinion which you or your Board of Trustees might wish to make, or any personal suggestions which you or your Board of Trustees might wish to make, or any personal suggestions which you or any member of the Board might wish to make.

The items to be covered include the following:

1. In your opinion, is it desirable to reorganize the control of the public colleges and universities of Illinois, and your reason, or reasons, for such opinion?
2. If your answer was "yes," then what form of control, or controls, would you deem best suited for the management and control of the institutions of the state, taking into consideration not only the welfare of the students and faculty, but also the desirability of maximum efficiency and economy in operation and any other factors which are pertinent?

Your comment upon the above, with any related comment you might care to make, will be greatly appreciated.

Sincerely yours,
DAVID DAVIS
Senator, 26th District

The consensus of the Board was that the answer to question 1 should be in the negative. President Morey suggested that there be added some explanation of the difficulties and problems in the present system of the organization of the control of institutions of higher education in Illinois. The President of the Board stated that he would submit a draft of the proposed reply to all of the Trustees for their approval before sending it.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(1) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. "Save-time cage" — August Kosowski, Senior Laboratory Mechanic in the Department of Zoology, inventor. This is a cage for housing laboratory animals and is superior to any known existing cage for this purpose. The Committee requested the University of Illinois Foundation to investigate this development and the Foundation's patent attorney has reported that in his opinion the commercial possibilities are so limited that the University would not be justified in spending

money on developing a patent. The Patent Committee concurs and recommends that the University's right be released to the inventor.

2. Plane micrometer—C. E. Smith, Jr., former Research Assistant in the Department of Physiology, inventor. This is a device for the visual measurement of distance between two points on film or paper records. It is the opinion of the Department of Physiology that there is little commercial value in this invention. The Patent Committee concurs and recommends that the University's rights be released to the inventor.

3. V-plate antenna design—Douglas E. Royal, Research Associate in Electrical Engineering, inventor. This is a new type of antenna which has the possibility of being useful as a television receiving antenna. At its meeting on February 18, 1954, the Board of Trustees deferred action on a recommendation from the Patent Committee that the rights to this invention be released to the inventor and requested that the Committee give it further consideration. On May 15, 1954, the Board approved the Committee's recommendation that the invention be referred to the University of Illinois Foundation with the request that patent attorneys and representatives of industry study the invention to ascertain its commercial possibilities. The conclusions reached in this study are illustrated in the following excerpts from a letter of March 31, 1955, from Mr. R. M. Soria, Director of Engineering of the American Phenolic Corporation:

"It is our conclusion that the subject antenna exhibits gain characteristics that are inferior to commercially available UHF antennas. . . . In addition, the subject antenna is only usable at UHF television frequencies, whereas the Stacked 'V' Antenna services both the VHF and television bands. From a cost standpoint, it is felt that the subject antenna will be more expensive to build, although the design may have some novel attraction. In view of our findings, detailed in the report and summarized above, we feel the antenna does not lend itself to commercial applications."

These conclusions were supported by a detailed report. Accordingly, the Patent Committee renews its recommendation that this invention be released to the inventor.

4. A selective transistor amplifier circuit—Thomas A. Murrell, Associate Professor of Electrical Engineering, and Oleg Golubjatnikov, former Research Assistant in the Department of Electrical Engineering, inventors. The purpose of this device is to provide amplification of a narrow band of frequencies. The band width of the amplifier may be adjusted. The circuit is particularly useful for radio frequencies where high selectivity is usually desired. The Patent Committee referred this invention to the University of Illinois Foundation for investigation as to its commercial possibilities. The Foundation has been unable to find any corporation which is interested in the invention. A number of corporations have referred it to their attorneys who have expressed doubt that the invention is novel. Under the circumstances, the Patent Committee recommends the release of this development to the inventors.

5. Rate reader—Allan G. Friederich, Assistant Professor of General Engineering, inventor. This is a mechanical device for plotting a specific point on a curve, employing the geometrical principles of the pantograph—a quadrilateral with opposite sides parallel and, therefore, equal. The Patent Committee requested the University of Illinois Foundation to investigate this invention and the Foundation reports it found no interest in commercial development of the device. The firm of Keuffel and Esser is developing a similar instrument and both that Company and the Foundation's patent attorneys feel that the Friederich device is more complicated than the one developed by Keuffel and Esser and, therefore, would not be competitive commercially. Accordingly, the Patent Committee recommends that the University's rights be released to the inventor.

I concur in these recommendations.

On motion of Mr. Bissell, these recommendations were approved.

WITHDRAWAL OF BID OF GALLAHER AND SPECK, INC., ON HEATING AND REFRIGERATION INSTALLATIONS IN HOME ECONOMICS BUILDING

(2) Gallaher and Speck, Inc., Chicago, submitted the lowest bid of \$172,531 on the heating and refrigeration installations in the construction of the Home Economics Building and with it a certified check for \$5,176, drawn on the Continental

Illinois National Bank and Trust Company, Chicago, in accordance with bidding requirements. The bid proposal included a statement that the deposit would become the property of the University and constitute the measure of its liquidated damages "if, for any reason" Gallaher and Speck, Inc., withdrew its bid "after the opening of bids and prior to the time a formal written Agreement evidencing the Contract" had been signed and delivered, and a satisfactory performance bond furnished.

Subsequent to opening of bids on September 21, 1954, Gallaher and Speck, Inc., reported that a substantial error had been made in estimating the work and for that reason was withdrawing the bid. The contract was awarded by the Board of Trustees on September 29, 1954, to the second lowest bidder, Robert Gordon, Inc., Chicago, for \$197,792.

A University representative requested an explanation of the error in the computation of Gallaher and Speck's bid and called at the contractor's office, without advance notice, to examine the working papers which might have substantiated the claim of error. The computation sheet which Gallaher and Speck alleged existed but had been inadvertently forgotten or overlooked when totals of the work sheets were added in preparing the bid could not be located. Subsequently, Gallaher and Speck sent the University what purport to be copies of each of the work sheets, including the one which could not be located when the University representative called at their office. Comparison of these sheets by the architects and the Physical Plant Department with specifications has raised a doubt about the validity of Gallaher and Speck's claim that a substantial and inadvertent mistake was made in preparing the bid. The contractor was informed that the Physical Plant Department would recommend that the University retain the deposit. Subsequently, a letter was received from the Continental Illinois National Bank and Trust Company that upon instructions of Gallaher and Speck, Inc., the Bank was stopping payment on the certified check.

The Legal Counsel has made a careful study of the law relating to stopping payment on certified checks and has consulted the Bank's attorney. There appears to be little judicial authority on this particular question. The University's Counsel and the Bank's attorney have been unable to find any reported Illinois court decision which deals with the question.

The Bank has taken the position that it can not risk paying the check without permission of the drawer because of the lack of Illinois authority and because of some decisions outside of Illinois and the views of legal writers on this point. The drawer has agreed to indemnify the Bank for any loss it may sustain by withholding payment of the check. However, the Bank has assured the University's Legal Counsel that it will not allow any action the University takes to recover the funds represented by the check to affect its relations with the University.

The Director of the Physical Plant, the Comptroller, and the Legal Counsel recommend that:

1. The Board of Trustees declare the Gallaher and Speck, Inc., bid deposit forfeited and authorize the Comptroller to deposit the check and attempt to secure payment.
2. If payment on the check is refused, the Board of Trustees authorize legal proceedings against the Continental Illinois National Bank and Trust Company to secure payment.
3. The Board of Trustees authorize employment of special counsel to assist in these proceedings.

In view of the public relations involved in this situation, I am submitting this report and these recommendations for consideration by the Board as a Committee of the Whole.

On motion of Mr. Bissell, recommendations 1, 2, and 3 were approved. Mr. Johnston asked to be recorded as voting "no."

On motion of Mrs. Watkins, the employment of Chapman and Cutler, Chicago, as special counsel to institute the necessary legal proceedings to secure payment of the bid deposit made by Gallaher and Speck, Inc., was authorized and the Executive Committee was authorized to act on any future decisions required of the Board in this matter.

especially in determining the extent to which attempts to recover payment should be carried in the light of the costs involved.

COMMUNICATION FROM JOHN A. APPLEMAN

President Megran presented correspondence with Mr. John A. Appleman, Attorney, Urbana, concerning his complaint that the University is not removing and destroying diseased trees in the Brownfield Woods and University Woods north and east of Urbana. Mr. Appleman lives in this vicinity, and he alleges that trees in the University's woods are the probable source of infestation of trees on his property which have been afflicted with the prevalent Dutch elm disease.

The Brownfield and University Woods were purchased by the University many years ago as natural, virgin or near virgin woodland preserves for the educational and research programs of the biological departments. To serve the scientific purposes for which they were acquired, it is necessary to leave these areas in their natural state. Removal of the diseased trees would destroy the value to the University of these areas and the cost of such a removal program would be prohibitive. There are grave doubts in the minds of the University's biologists that the diseased trees in the University's woodland areas could be the source of infestation of Mr. Appleman's trees because of the distance of his property from these areas.

Mr. Appleman also suggested that he may have a claim against the University for alleged damages to his trees.

No action was taken on Mr. Appleman's complaint but it was the consensus of the Board that such further correspondence as is required should be carried on by the Secretary of the Board and the Legal Counsel.

REVIEW OF THE UNIVERSITY BUDGET FOR 1955-56

The President and the Provost presented a review of the University's operating budget for 1955-56.

Action on the budget was deferred until the open meeting of the Board.

At this point the Board recessed.

OPEN SESSION

At 12:00 noon the Board convened in open session.

The same members of the Board, officers of the University, and officers of the Board as recorded at the beginning of these minutes were present.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
JAMES PERSHING CASEY	East Chicago, Indiana	Indiana
HAROLD NORMAN GEISER	Chicago	District of Columbia
RICHARD ARTHUR HOEFS	Chicago	Wisconsin
EDWARD KAHN	Chicago	District of Columbia
ERNEST LEE WEHNER	Houston, Texas	Texas

On motion of Mr. Bissell, these certificates were awarded.

CERTIFIED PUBLIC ACCOUNTANT CERTIFICATE REVOCATION

(11) The University's Committee on Accountancy recommends that Illinois Certified Public Accountant Certificate No. 2066, issued by the Board of Trustees of the University of Illinois on September 30, 1943, under Section 4(a) (2) of the Illinois Accountancy Act, to Spencer Dixon Lorton, formerly of Cowden, Illinois, be revoked on the ground that he has been convicted of falsifying income tax returns for clients. He was fined and sentenced by the United States District Court to three years imprisonment. He appealed, but his appeal was dismissed by the United States Court of Appeals. His bondsman has failed to produce him for commitment, and his bond has been forfeited.

Section 20 of the Illinois Accountancy Law provides that the Department of Registration and Education may suspend or cancel the registration as a Public Accountant for any one of various reasons including conviction of any crime, an essential element of which is dishonesty or fraud.

Section 22 of this law provides that "After the completion of proceedings which result in the nonregistration of an applicant or the revocation, suspension or cancellation of the registration of a person for cause or causes listed in Section 20, the Department shall notify the University. Thereupon, without further proceedings, the University shall revoke the certificate as a certified public accountant, if any has been issued by it, to said applicant or person."

The University has received official notice from the Director of the Department of Registration and Education that Public Accountant Certificate No. 1941, issued to Spencer Dixon Lorton, was revoked as of May 26, 1955.

Accordingly, I recommend that the Illinois C.P.A. Certificate issued be revoked and that the Secretary of the Board be instructed to send official notice of this revocation to Spencer Dixon Lorton at the last known address.

On motion of Mr. Johnston, this certificate was revoked and the Secretary of the Board was authorized to send official notices to all parties concerned.

REVISION OF AGREEMENT WITH FARM AND HOME BUREAUS

(12) Since 1914 the University has been receiving funds under federal acts for support of cooperative extension work in agriculture and home economics. The provisions of these acts require that an amount at least equal to the federal grants be supplied from sources within the state. For the year 1954-55 the work in Illinois is being financed approximately as follows: (a) funds from federal sources, \$1,175,000; (b) funds from state sources (University of Illinois appropriations), \$886,000; (c) funds from county governments, \$20,000; (d) funds from farm and home bureaus, \$1,250,000.

The relationships between the University's Extension Service in Agriculture and Home Economics and organizations in Illinois is on a county basis and is covered by a "Memorandum of Understanding." This is not prescribed by law but is entered into voluntarily on a yearly basis.

On November 24, 1954, the Secretary of Agriculture issued United States Department of Agriculture Memorandum 1368 which restricts the extent of cooperative relationship with farm bureaus previously in force under the University's existing memorandum of understanding. During the intervening months there has been much discussion of possible ways and means to meet the requirements of the Secretary's memorandum and still preserve both the federal and state relationships that have produced such good results in the past. A plan for at least temporarily meeting the situation is proposed by Dean and Director Louis B. Howard and Associate Director of Extension William G. Kammle in the form of a revised "Memorandum of Understanding." The new provisions of the memo-

random have to do primarily with (a) payment to the University of salary funds for farm advisers previously paid directly by farm bureaus to these employees and (b) new provisions relating to funds for facilities, materials, and transportation provided by the farm bureaus.

The Department of Agriculture has indicated it would accept such a plan as an interim arrangement until such time as a more permanent one can be effected. It may be impossible to meet fully the conditions of the U.S.D.A. without increasing the state appropriations for agricultural extension work which, of course, can not be done before the 1957-59 biennium and should be considered in relation to the budget for that biennium.

The proposed new "Memorandum of Understanding" is on an individual basis with each county farm and home bureau. It is not certain that all will accept, but it appears likely that many, if not all, will do so. Approval of the memorandum is requested so that negotiations with the farm bureaus can proceed, to be effective as of September 1, 1955, and thus provide funds which can be used for a portion of the farm advisers' salaries in a manner which will meet the requirements of the U.S.D.A.

The form has been approved by the Legal Counsel and the Comptroller. Since it is uniform for all counties, except as to amount, it is proposed that the Director of the Extension Service be given authority to execute individual contracts for the Board.

I concur in these recommendations and request approval and authority to proceed accordingly.

On motion of Mr. Herrick, these recommendations were approved and the Director of the Extension Service in Agriculture and Home Economics was authorized to execute individual contracts in the name of the Board of Trustees. A copy of the revised "Memorandum of Understanding" has been filed with the Secretary of the Board for record.

PURCHASE OF PROPERTY AT 503 SOUTH WRIGHT STREET, CHAMPAIGN

(13) The Director of the Physical Plant and the Comptroller recommend the purchase of the property at 503 South Wright Street, Champaign, which is the only remaining property not now owned by the University in the block bounded by Springfield Avenue on the north, Wright Street on the east, Healey Street on the south, and Sixth Street on the west. The entire block will be needed for future expansion of the campus. Permanent buildings now in this area are the Vivarium, Water Resources Building, and the Firemen's Training Tower.

The property at 503 South Wright Street consists of a lot 66 feet by 99 feet and a two-story frame house with attached garage. There are six apartments in the house—one in the basement, two on the first floor, and three on the second floor.

It is proposed to use this house for additional office space for the research staff of the Department of Civil Engineering. The Department now has office space in the adjoining house at 501 South Wright Street, but this is not adequate for good working conditions. If the property at 503 South Wright Street is purchased, the house should be repaired and completely rewired. It will then be usable for several years to come as plans for the construction of buildings in this block do not contemplate immediate need for this particular lot.

The property can be purchased for \$25,300 or \$3.87 per square foot. This is higher than the appraised price of \$22,500, but the property is presently producing a gross income of \$300 a month, and the owner is unwilling to sell for less. His previous asking price was \$26,000.

The cost of repairs and rewiring is estimated at \$6,000 so that the total cost of acquiring this property and making it usable for University purposes is \$31,300.

I recommend that this property be acquired, that an appropriation of \$31,300 be made from the General Reserve Fund for its purchase and repairs, and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Bissell, the purchase of this property at the price recommended was authorized and an appropriation of \$31,300 was

made from the General Reserve Fund by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**PURCHASE OF PROPERTY AT 710 SOUTH SIXTH STREET,
CHAMPAIGN**

(14) The unimproved property at 710 South Sixth Street, Champaign, at the rear of the University's Arcade Building, has been offered to the University at a price of \$10,250. This is an area 67 feet wide, 64.25 feet deep, a total of 4,310 square feet, which makes the price a unit cost of \$2.38 per square foot.

The University's Arcade Building adjoins this land on the north and east. While the asking price is somewhat high for the rear end of a property, as measured by usual standards, the property is well worth \$2.38 per square foot, in view of University needs. The owner has agreed to grant a suitable easement from his driveway to provide access to this area from the west. Eventually, the land will be needed for expansion of the Arcade Building, when it is reconstructed, and in the meantime will provide parking spaces for fourteen cars in an area where additional parking facilities are greatly needed.

The Director of the Physical Plant and the Comptroller recommend purchase of this property at a price of \$10,250 on condition that the broker's commission will be paid by the seller and that there be the usual proration of taxes and incidental expenses.

I concur and recommend that an appropriation of \$10,250 be made from the General Reserve Fund for this purchase.

On motion of Mr. Johnston, the purchase of this property at the price and under the conditions recommended was authorized, and an appropriation of \$10,250 was made from the General Reserve Fund by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**APPROPRIATIONS FOR BUILDINGS AND OTHER
PERMANENT IMPROVEMENTS**

(15) The Sixty-ninth General Assembly of Illinois has appropriated funds for the following buildings and permanent improvements:

In Senate Bill 527

"For construction of a Biology Building and related field laboratories, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work.....	\$3 600 000
"For addition to the heating plant, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work.....	1 680 000
"For construction of a Band Building, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work.....	787 000
"For remodeling of an addition to Altgeld Hall, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work.....	368 000
"For an addition to the East Dentistry-Medicine-Pharmacy Building, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work.....	985 000
"For rehabilitation and remodeling of and minor additions to existing buildings at Urbana-Champaign and at the Chicago Professional Colleges, with fixed equipment installed, including plans and speci-	

fications, and all other necessary costs and charges incident to the completion of the work.....	\$ 680 000
"For equipment at Urbana-Champaign and Chicago.....	275 000
"For contingencies to cover expenditures for purposes for which the amount specified in any of the above items enumerated is, or becomes, insufficient	440 000"
<i>Total</i>	\$8 815 000

This Act also reappropriates \$3,610,000, or so much thereof as may be unexpended in balances in appropriations made for the biennium 1953-55, for construction of buildings and other permanent improvements which will not be completed before the original appropriations would otherwise lapse.

In House Bill 884

"For studies and preliminary plans for a Plant Sciences Building.....\$ 40 000"

I recommend that these funds be appropriated for the purposes indicated. Recommendations for awards of contracts and for other expenditures from these appropriations will be submitted to the Board in accordance with the usual procedure.

On motion of Mr. Livingston, these funds were appropriated, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**APPROPRIATION FOR CHICAGO HOUSING REVENUE
BOND ISSUE DEBT SERVICE**

(16) The University of Illinois has constructed at the Chicago Professional Colleges a student residence hall, a staff apartment building, and has remodeled certain other housing facilities and the second unit of the Dentistry-Medicine-Pharmacy Building at a total cost of \$4,600,000. The entire program was financed through the issuance of revenue bonds to be retired by the net operating income of the housing projects plus a laboratory fee charged students at the Chicago Professional Colleges.

These sources of funds were inadequate to meet the debt service requirements in 1954-55 by \$51,000 and it is estimated that the income in 1955-56 will be deficient by \$36,000. The deficiency is due mainly to (a) inability to fill the residence halls to capacity and (b) inability to realize the additional fee income which was anticipated from the increase in enrollment. It is anticipated that the residence halls will be filled in 1955-56, but the fee income will still be less than the amount required for the debt service.

The Board of Trustees covenanted that it would charge a fee adequate to pay the costs of operation and maintenance and debt service. Since the rental charges are as high as, or higher than, any rates now in effect or likely to be in effect during the next year at other Chicago institutions, it is not practical to seek additional funds from this source.

By the year 1959-60 enrollment increases will have materialized so that the operation will be on a self-supporting basis. Until that time, funds to meet deficiencies should be appropriated by the Board.

It is therefore recommended that the Board appropriate from general funds an amount to offset the deficiency in the income from student fees for the years 1954-55 and 1955-56. The remainder of the deficit in 1954-55 can be met from accumulated funds in the housing operation. The appropriation required for this purpose for the years 1954-55 and 1955-56 is \$77,000.

I recommend that this appropriation be made from the General Reserve Fund.

Mrs. Watkins, Chairman of the Committee on the Chicago Departments, reported that her Committee supports this recommendation and moved its adoption. The recommendation was approved and an appropriation of \$77,000 was made from the General Reserve Fund by the

following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**APPROPRIATION FOR REMODELING OF QUARTERS FOR
DEPARTMENT OF BACTERIOLOGY**

(17) The Department of Bacteriology needs space for research in virus tissue culture. The Department of Chemistry and Chemical Engineering has agreed to release a room in Noyes Laboratory, presently used only for storage because of lack of ventilation, and to exchange another room. The Department of Bacteriology requests an appropriation of \$3,100 for the necessary remodeling and installations.

The request has been reviewed by the Committee on Nonrecurring Appropriations which recommends approval.

I recommend that this appropriation be made from the General Reserve Fund.

On motion of Mr. Livingston, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**LEASES OF SPRINGFIELD AND PEORIA OFFICES OF THE
DIVISION OF SERVICES FOR CRIPPLED CHILDREN**

(18) The Director of the Division of Services for Crippled Children and the Comptroller recommend renewal of leases for office quarters occupied by the Division as follows:

Springfield—Offices at 1105 South Sixth Street, Mr. and Mrs. Jacob E. Reisch, owners, at a rental of \$500 a month (total, \$12,000) for two years from July 1, 1955.

Peoria—Offices in the Central National Bank Building, Central National Bank and Trust Company, owner, at a rental of \$270 a month (total, \$6,480) for two years from July 1, 1955.

The terms of the new leases are the same as those in effect during the past biennium. The Division has funds in its budget for payment of the rentals.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute these leases.

On motion of Mr. Swain, these recommendations were approved, and the Comptroller and the Secretary of the Board were authorized to execute the leases.

**CONTRACT WITH OZARK AIR LINES FOR USE OF
UNIVERSITY OF ILLINOIS AIRPORT**

(19) The Director of the Institute of Aviation and the Comptroller recommend the extension of the contract with Ozark Air Lines for the use of the University Airport for two years beginning July 1, 1955. It is recommended that the contract be extended on the present basis except that the charge for line service be increased from \$295 to \$335 a month due to an increase in labor costs to become effective July 1, 1955. Ozark has agreed to this change.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract on this basis.

On motion of Mr. Livingston, the Comptroller and the Secretary of the Board were authorized to execute an extension of the contract as recommended above.

**CONTRACT FOR INSTALLATION OF FUMEHOODS IN
DENTISTRY-MEDICINE-PHARMACY BUILDING**

(20) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$21,990 to Reliable Sheet Metal Works, Inc., Chicago, the lowest bidder, for the installation of fumehoods in all of the laboratories of the first and second units of the Dentistry-Medicine-Pharmacy Building. The work will consist of installing new fumehoods, ducts, plus the necessary mechanical

and electrical services, and is part of the general remodeling program related to the activation of the Research and Educational Hospitals Addition and the East Dentistry-Medicine-Pharmacy Building.

Funds are available in a special appropriation made by the Board of Trustees on May 15, 1954, and in the 1951 Revenue Bond Construction Account for this remodeling program.

I concur.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

CONTRACTS FOR CONSTRUCTION OF ADDITION TO ENGINEERING RESEARCH LABORATORY

(21) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for the construction of an addition on the roof of the Engineering Research Laboratory to provide additional facilities required by the Control Systems Laboratory in its research work for the United States government. This will consist of a penthouse with an area of approximately 1,500 square feet to house radar equipment and two towers to support a bridge on which will be mounted an antenna:

General — E. N. DeAtley, Champaign

Penthouse.....	\$34 665	
Tower.....	<u>3 500</u>	\$38 165 00
Electric — Brunkow Electric Company, Champaign.....		6 188 60
Plumbing and Heating — Schroeder and Sons, Champaign.....		2 854 00

The entire cost will be paid from federal funds to be provided under a supplement to the contract with the United States government for research in the Control Systems Laboratory, but the construction does not extend the University's commitment on this research work and the Laboratory beyond the period (November 30, 1957) previously agreed to by the University.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Bissell, these contracts were awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

CONTRACTS FOR COAL PURCHASES

(22) The Director of Purchases, the Comptroller, and the Director of the Physical Plant recommend award of the following contracts for 43,100 tons of coal screenings to be delivered to the Abbott Power Plant between the period September 1, 1955, through May 31, 1956:

	<i>f.o.b. Mine</i>	<i>Freight</i>	<i>Total Cost</i>
United Electric Coal Co., Chicago			
4,500 tons @ \$3.75.....	\$ 16 875	\$ 5 265	\$ 22 140
Bell & Zoller Coal Co., Terre Haute, Indiana			
10,000 tons @ \$4.00.....	40 000	11 088	51 088
Republic Coal & Coke Co., Peoria			
28,600 tons @ \$4.00.....	114 400	31 711	146 111

Sealed bids on uniform specifications were opened on June 10, 1955. Invitations were sent to twenty-two producers and sales agencies and advertisements were published in three daily papers.

The bids are evaluated in the terms of the number of British Thermal Units purchased for one cent based on guaranteed analysis. A continuous check is maintained to insure compliance with specifications. United Electric Coal Companies, Bell & Zoller Coal Company, and Republic Coal & Coke Company are the lowest bidders, the United Electric Coal Companies being slightly lower. The latter company bid only on 4,500 tons and Bell & Zoller Coal Company bid on only 10,000 tons, hence the order is being divided. It is also advantageous to have contracts with three sources of supply to be assured of delivery of coal at all times.

The prices quoted are based on present wage scales and are subject to increase or decrease in event that wage contracts now in effect are changed. Any such change will affect the price to the extent that production costs are increased or decreased by the new contracts. The University may cancel the purchase contract if it believes that any price adjustment is not justified.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute contracts as recommended, subject to the approval by the Governor as required by the state constitution.

On motion of Mr. Livingston, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the contracts.

HOSPITAL-MEDICAL-SURGICAL INSURANCE FOR STUDENTS AND STAFF

(23) Bids have been received for the student and staff hospital and medical insurance program for 1955-56 with the right reserved by the University to renew such insurance annually thereafter upon mutual agreement between the University and the insurance company.

The student program provides essentially the same benefits as in the second semester of 1954-55 except that the daily hospital room and board allowance is increased from \$10.00 to \$11.00, medical expense benefits are increased from \$3.00 to \$4.00 per visit with maximum of \$120.00, and physician's charges will be included for payment with hospital charges (combined maximum \$25.00) where emergency treatment is rendered within twenty-four hours of an accident. Staff benefits are expanded by increasing the daily hospital room and board allowance from \$7.50 to \$10.00, incidental hospital expense allowance from \$75.00 to \$100.00 per hospital admission, maternity allowance from \$65.00 to \$85.00, miscellaneous outpatient expense from \$10.00 to \$25.00 with physician's charges also payable, and adding a catastrophe provision paying up to \$5,000 on an 80 per cent basis of total claim above 150 per cent of base plan payment. All changes were made to adjust the present program to needs as indicated by experience and staff insurance changes are recommended by the Advisory Committee on Staff Insurance.

Bids were also received as an alternate on the present benefits under the student plan, but they are not recommended for consideration because increased benefits outlined above can be obtained at a lower premium cost. Alternate bids were also received on the staff plan outlined above except that the catastrophe coverage was not included, but they are not recommended by the Advisory Committee on Staff Insurance.

I concur in the recommendation for the award of this contract.

Bids received are summarized as follows:

Agent	Company	Estimated Annual Premiums				
		Student	Staff	Total		
1. G. B. Franks, Champaign	Continental Casualty Co.	\$250 319 90	\$122 990 00	\$373 309 90		
2. Wheeler & Hackett, Chicago	Bankers Life & Casualty Co.	251 487 80	138 516 09	390 003 89		
3. C. A. Atwood, Urbana	American Casualty Co., Reading, Pa.	249 541 30	278 710 49	528 251 79		
4. E. J. Michna, Chicago	Bankers Life & Casualty Co.	383 849 80	236 797 83	620 647 63 ¹		
5. C. A. Atwood, Urbana	Occidental Life of California	537 623 30	371 127 65	908 750 95		

The foregoing estimated annual premiums are based upon present student and staff participation (involving 100 per cent of the students and approximately 40 per cent of the faculty-staff) and the following rate quotations by the companies in the order as listed above.

¹ This combined bid is on the basis of the Company retaining 15 per cent of the total premium paid and returning 85 per cent to the insured in the form of claim payments and bonus. It was indicated in the bid that primary consideration would be given to the lowest gross bid, since loss experience is unpredictable.

<i>Student</i>	<i>Present</i>	<i>Rate Bids in Order of Agents Above</i>

Family.....	60 14	64 50	74 92	152 23	137 56	210 60

The lowest overall cost to the University would result from awarding of a contract to the Continental Casualty Company represented by George B. Franks of Champaign, present carrier and agent respectively of the two plans, rather than awarding separate contracts for the student and staff plans since Continental Casualty Company will not accept a contract for the staff insurance alone.

It is apparent that most companies are in a better position to bid on the total program rather than on the two plans separately and that accepting the company offering the lowest total cost for the two plans represents the best buy for the University.

It is recommended that a contract for both the student and staff coverage be awarded to Continental Casualty Company represented by George B. Franks, Champaign, lowest bidder for both programs at \$373,309.90, as per Board policy C, 3 on insurance, and that charges to students and staff for this insurance be for the following amounts (present rates are shown in parenthesis):

<i>Students</i>	<i>Per Semester</i>		<i>Per Year</i>	
Student only.....	\$7 00	(\$ 7 00)	\$21 00	(\$21 00)
Student and family.....	19 00	(19 00)	57 00	(57 00)
<i>Faculty-Staff</i>

Employee and two or more dependents.....	5 75	16 75	33 25	66 25 (62 00)

On the basis of these rates, the plans will operate on a self-sustaining basis. The excess over the cost of the coverage would be used by the University to defray the administrative costs of the two programs.

On motion of Mr. Livingston, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the contract.

PURCHASES

(24) The Director of Purchases has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

I concur.

APPLICATION TO FORD FOUNDATION FOR GRANT OF FUNDS FOR RESEARCH PROJECT OF DEPARTMENT OF SOCIOLOGY AND ANTHROPOLOGY

(25) The Department of Sociology and Anthropology has submitted an application to the Ford Foundation for a grant of \$225,000 for "A Project for Research on Cross-Cultural Regularities of Change among Native Populations" covering a three-year period.

The objective is to determine the comparative effects of "westernization" on different groups of peoples in underdeveloped areas. The research would involve field trips to Mexico, Peru, West Africa, British East Africa, Uganda, Tanganyika, and Java or Sumatra. Most of the personnel for the field research would be recruited from outside the University. For some time, the Department has been doing research on "cross-cultural regularities" which has produced the necessary background information, a research design, and a set of experimental models for a larger project. These findings serve as a basis for an application to the Ford Foundation. The research has produced highly significant theoretical and methodological developments which are valuable in themselves, but should be tested and verified by actual field investigation. Outside financial support is needed in view of the costs involved. Included in the \$225,000 proposal to the Ford Foundation would be a provision for an allowance for indirect costs comparable to provisions of this kind in other grants.

The University would assume no commitments other than a continuation of support of the Department's research in this field for which funds have already been budgeted and to provide space for the analytical phase of the project. The proposal has been submitted to the Ford Foundation after receiving approval of the Dean of the College of Liberal Arts and Sciences, the Chairman of the University Research Board, and the Dean of the Graduate College.

Authorization is requested to accept this grant if the Ford Foundation acts favorably upon this proposal.

On motion of Mrs. Holt, acceptance of this grant was authorized.

STATE LEGISLATION AFFECTING THE UNIVERSITY OF ILLINOIS

(30) There is presented for the information of the Board a list of all Acts of the Sixty-ninth General Assembly of Illinois in its regular session of 1955 directly affecting the University, including the appropriations to the University, and a copy is hereby given to the Secretary of the Board for record.

This report was received for record.

AFFIDAVIT REQUIRED OF UNIVERSITY STAFF BY STATE LAW

(31) An Act of the Sixty-ninth General Assembly of Illinois, approved by the Governor on July 18, 1955, amends the State Finance Act to include the following requirement which is applicable to the University of Illinois and to all members of its staff, including faculty, nonacademic personnel, and student employees:

"Section 30b. No employee of the State of Illinois, or any political subdivision, agency or instrumentality thereof, but excluding cities, villages, incorporated towns, townships and counties, shall receive compensation or expenses from any appropriation which has been heretofore made, or which shall hereafter be made until such person has on file with his or her employing authority the following affidavit signed under oath:

"United States of America } ss.
State of Illinois }

"I, _____, do swear (or affirm) that I am not a member of nor affiliated with the communist party and that I am not knowingly a member of nor knowingly affiliated with any organization which advocates the overthrow or destruction of the Constitutional form of government of the United States or of the State of Illinois, by force, violence or other unlawful means.

(Signed) _____

(Seal)

Notary Public"

Since 1941, by authority and direction of the Board of Trustees, the University has required all members of its staff and other employees to execute the following affirmative oath of allegiance:

AFFIDAVIT

I, _____, do solemnly swear (or affirm) that I believe in and pledge my allegiance to the Constitution of the United States and the system of free representative government founded thereon; that I do not nor will I advocate the overthrow of the Government of the United States by force or violence; and that I am not a member of nor will I join any political party or organization that advocates the overthrow of the Government of the United States by force or violence.

(Signature of employee)

Subscribed and sworn to before me this _____ day of _____, A.D., 19____, at _____,

(City or place) (State)

(Notarial)
(Seal)

Notary Public

Obviously the affidavit required by law takes precedence over that required by the University, and I recommend that the Board adopt the former as a general University requirement and as a replacement for the present University affidavit. By law this is effective July 18, 1955, as to all employees paid from state appropriations, and it is recommended that it become effective as to all other employees for services rendered after September 1, 1955.

On motion of Mrs. Holt, this recommendation was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

LOCATION OF UNIVERSITY HEALTH CENTER

Mrs. Holt, for the Committee on Student Welfare and Activities, submitted the following report from the President of the University.

Honorable Doris Holt

Honorable Wayne A. Johnston

Honorable Frances B. Watkins

July 15, 1955

Committee on
Student Welfare and Activities

LOCATION OF UNIVERSITY HEALTH CENTER

On July 25, 1953, President Stoddard submitted to the Board of Trustees, with his endorsement, a proposal from Director of Health Services L. M. Dyke to move the University Health Center from its present location in Davenport House on South Wright Street (opposite the Administration Building) to McKinley Hospital. The reasons for this proposal are rather well set forth in a summary of "Advantages and Disadvantages" prepared by Dr. Dyke at my later request and enclosed (Enclosure A).

Considerable objection was aroused by this proposal when it was presented, and with the concurrence of the President the matter was referred by the Board to your Committee and I later undertook to carry out further studies in order to arrive at a firm recommendation which would be of assistance to the Committee.

Progress toward reaching a definite conclusion on the matter has been much slower than I had anticipated or desired. The reorganization of the Health Service, which resulted in the appointment of Director Dyke, was based upon an intensive study by a special committee headed by Professor N. A. Parker and including Dean F. H. Turner, Assistant Provost C. M. Louttit, and Professors R. E. Johnson and H. S. Hoyman, whose report was submitted December 15, 1950. The report emphasized the inadequacy of the facilities of the present Health Center and recommended a new building for it (without suggesting location). It recommended that McKinley Hospital be brought under the administration of the Director of the Health Services (instead of being, as before, responsible to the Dean of Students) which has been done. The committee also recommended the gradual development of McKinley Hospital into a general hospital.

This committee also recommended a standing advisory committee on the Health Service. Early in the fall of 1953, I established such a committee with Dean F. H. Turner as Chairman. One of the questions assigned to it was the proposal to move the Health Center to McKinley Hospital. This committee was unable to function satisfactorily in relation to the problems placed before it, and in April, 1954, I found it necessary to terminate the committee and establish a new one, with Professor R. E. Johnson as Chairman. That committee made a report to me in February, 1955, copy of which I enclose (Enclosure B). The committee reported favorably on the proposed change, provided, however, that for student convenience a branch infirmary be retained at or near the present location. It also advised against expansion of McKinley Hospital into a general hospital until it could be enlarged and major improvements made. The proposed location of the Health Center in McKinley Hospital would be considered temporary since the committee recommended as a long-range need a new addition or adjacent building for the Health Center.

Among the people who are especially interested in the work of the Health Center and McKinley Hospital are the practicing physicians in Urbana-Champaign. The Champaign County Medical Society has a standing Committee on University of Illinois Relations. Consequently, I referred the report of the advisory committee to that committee for review and comment. I enclose a copy of the report dated April 14, 1955 (Enclosure C). It expressed concurrence with the idea of bringing the Health Center and McKinley Hospital together but raised questions on the grounds of (a) student convenience, (b) need of hospital space, and (c) policy of care of patients and access to hospital by local physicians.

Because of the great interest of the student body in this matter, I also (somewhat belatedly) referred the question to the Student Senate for comment and advice. This body, based on a study by a special committee, reported ad-

versely to the proposal on the grounds of (a) less convenient location for service to students and (b) removal of hospital space from availability when the University is growing and local hospitals are crowded (extract enclosed) (Enclosure D).

The problem has also been studied by the *Daily Illini* which editorially expressed favor with the move subject to certain conditions (copy attached) (Enclosure E).

The Dean of Students and his associates have been strongly opposed to the change although admitting that the move would provide better physical facilities for the Health Service. The principal reasons are (a) greater inconvenience for students and (b) reduction of total amount of hospital facilities.

I also referred the advisory committee report to the chairman of the former committee, Professor N. A. Parker. I enclose a copy of his comments which are favorable to the change and which he summarizes as follows:

"a) I concur in the four recommendations except that I am not convinced that we need to set up dispensaries.

"b) I believe that the off-center location of McKinley Hospital is no great disadvantage and may even be an advantage." (Enclosure F)

I also referred the problem to the Building Program Committee for consideration from the standpoint of the best use of space and the greatest advantage to the University as a whole. This committee has not yet reported.

The Physical Plant Department was asked to estimate the cost of the move. The total cost is estimated at \$33,100, which includes:

- | | |
|--------------------------------------|---------|
| (a) A new drive and parking lot..... | \$9 800 |
| (b) A new system of air supply..... | 4 500 |

thus leaving the actual cost of relocating the Health Center at \$18,800. This is for fundamental needs only, having in mind that the arrangement is intended to be temporary. It makes no allowance for adaptation of present quarters to new uses. The drive and parking space could be eliminated or reduced, and the improvement of the air supply is needed chiefly because of the resulting removal of a research laboratory from the third floor to the basement and only indirectly results from moving the Health Center.

A composite of these various opinions may be stated about as follows:

- (1) All concerned recognize the operational advantage of bringing the two activities adjacent to each other since they are under the same administration (which was not true in former years) and complement each other to a considerable degree.
- (2) Such a move would result in use of space now standing idle most of the time and would release space which could promptly be put to many other good uses.

The objections to the move are primarily:

- (1) Less convenience to a majority (though not all) of the student body in the accessibility of the Health Center
- (2) Removal of hospital facilities from availability in case of need, especially that which might result from an epidemic
- (3) Are the advantages sufficient to offset the cost involved?

The advisory committee had coupled its recommendation with the proposal that a branch infirmary be retained at or near the present location. That is not looked upon with favor by Dr. Dyke, and I do not consider it a practical arrangement. To do this would defeat one of the principal objectives of the change, the unification of the services. It would also prevent use of space for other purposes.

On the matter of convenience, students are the only ones who would be affected since staff members would probably find the new location even more convenient than the present one. Students must now go to McKinley at times other than between 8 and 5 on week days and 8 and 12 on Saturdays. It appears likely that students could adjust themselves rather rapidly to the change. I held a conference with the student committee, and the student leaders agreed to give the matter further consideration in an effort to develop a better conception on the part of the student body of the problems involved and the reasons for the change.

The question of taking hospital facilities out of use is one to give cause for concern. However, over a period of several years the average occupancy of the hospital has been only about 20 per cent of the number of beds which would be available if the change were made. (The entire capacity is 153 beds, but during the past three years one complete floor has stood unused at all times, thus giving a working capacity of 106, which would be the same for the future. This maximum was reached only once in four years for a short period in 1952-53.) As to reserve for an epidemic, an additional 50 beds would be of little avail under such circumstances, and emergency facilities of large scope would have to be commandeered, and we would be in a position to do that promptly.

The question as to availability of funds in relation to other needs of the University would still have to be considered by the Committee on Nonrecurring Appropriations and evaluated accordingly. However, the cost appears moderate in relation to the gain.

I do not give high credence to the anxiety of the Medical Society Committee over the policy of the Health Service relating to the local doctors. Our concern must first be the welfare and service of students, but I believe the policy of the Health Service has been liberal toward local practitioners and there is nothing to indicate that such a policy will not continue or that it will be unduly jeopardized or handicapped by bringing these two services together.

It is my own judgment that the advantages of this move definitely outweigh the disadvantages and that the objections raised are only partially valid. Nevertheless, in view of the questions raised, particularly those by the student representatives, I favor giving more time to the consideration of the problem since I believe such a move should be made only after all factors are cleared and as near as possible full concurrence secured by all who are affected. Therefore, while expressing to you my opinion that the proposed move is justified and desirable I favor postponement of final action for further study and clarification of some of the problems still unresolved.

Cordially yours,

LLOYD MOREY
President

On motion of Mrs. Holt, this report was accepted for record, and action on the proposed relocation of the University Health Service was postponed.

PRESIDENT'S REPORT

THE UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1955-56

(Approved by the Board of Trustees July 20, 1955, page 442)

EXPLANATORY NOTES

This budget consists of three volumes:

- I. Summaries of all divisions; Urbana-Champaign divisions and General University Administration—Academic and Administrative Salaries, Wages, Expense and Equipment.
- II. Chicago Professional Colleges, Division of Services for Crippled Children, and Chicago Undergraduate Division—Academic and Administrative Salaries, Wages, Expense and Equipment.
- III. Nonacademic Salaries, all divisions.

Appropriations for Salaries are available for the term indicated in each case but not for more than one year from September 1, 1955.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position. Student employees may not be charged directly against salaries.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries," "Wages," and "Expense and Equipment." No transfers may be made between "Salaries" and "Expense and Equipment" except with the approval of the President of the University. Requests for such changes should be submitted through the Comptroller. Adjustments may be requested between "Salaries" and "Wages" upon notice to the Comptroller, stating the reason for such transfer. Nonrecurring unassigned items may be assigned to departments for equipment or minor remodeling projects, upon notice to the Accounting Division, except that any assignment of more than \$1,000 must first be approved by the Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1955. Balances up to 5 per cent, or total encumbrances, whichever is larger, will automatically be carried forward to 1956-57.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds and budgets indicated as "from receipts" are on an estimated basis. Unless otherwise indicated, appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

The services required for members of the academic and administrative staff are in accordance with "Terms of Employment" adopted by the Board of Trustees on January 8, 1948.

1. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

2. For positions or portion of positions not indicated as "Y," services are required only during the academic year of two semesters (three terms in Chicago Professional Colleges). Summer Session teaching, if required, will be covered by an additional appointment with salary.

Services of the nonacademic staff are for twelve months, less vacation, in accordance with civil service regulations.
