On motion of Mr. Johnston, these appointments were approved, and the President of the University was authorized to make such changes as are necessary and desirable.

#### COLLEGE ADVISORY COMMITTEE IN VETERINARY MEDICINE

(4) The Dean of the College of Veterinary Medicine recommends the appointment of Dr. Andrew Grant Misener, 6448 North Clark Street, Chicago, as a member of the College of Veterinary Medicine Advisory Committee for the period of three years beginning September 1, 1955.

I concur.

On motion of Mr. Williamson, this appointment was approved.

#### FELLOWSHIP STIPENDS

(5) University fellowships awarded to graduate students carry stipends of \$900 for first-year students, \$1,000 for second-year students, and \$1,100 for third-year students. These stipends are low in comparison with fellowship stipends paid at other universities with which the University of Illinois must compete to attract the best talent. For example, 40 per cent of the fellowships awarded for 1955-56 in the first selection were not accepted, and these fellowships were then offered to applicants on the alternate list.

The Executive Faculty of the Graduate College and the Provost recommend that stipends of University fellowships be increased to \$1,200 irrespective of the year of study. A \$1,200 fellowship would be much more competitive than one at \$900. It is not necessary to provide higher stipends for second-year and third-year graduate students than for the first-year students since the important thing is attracting first-rate graduate students, as those who begin their graduate study at Illinois are likely to continue.

Since a fixed amount has already been budgeted for University-sponsored fellowships, the effect of an increase in stipend will be to reduce the number of fellowship awards from approximately 132 to 111, but it is believed that this sacrifice should be made until such time as the amount of funds for fellowships

<sup>1</sup> Also Resident at Research and Educational Hospitals.

<sup>2</sup> Also Resident at Presbyterian Hospital.

can be increased. (It should be noted that the total fellowship fund budgeted for University-sponsored fellowships has been increased by only \$7,000 since 1947.)

I concur in the recommendation that the University fellowship stipend be fixed at \$1,200 irrespective of the year of study, this change to become effective September 1, 1956.

On motion of Mr. Swain, this recommendation was approved.

#### **BABCOCK FELLOWSHIPS**

(6) In 1931 the Board of Trustees accepted a trust fund offered by Dean Kendrick C. Babcock of the College of Liberal Arts and Sciences, the income of which is to be used for research fellowships and publications in history and political science. The terms of this gift provide that "The Board will, in so far as practicable, establish group fellowships of approximately \$1,000 each, to be awarded to candidates who are beyond their second year of graduate work."

The stipulated amount "approximately \$1,000 each" is no longer in line with stipends of other graduate fellowships, and the Departments of History and Political Science have recommended that the amount be increased to \$1,500. The Legal Counsel is of the opinion that under the terms of the will the Board of Trustees possesses the right and power to make this change, and accordingly, it is recommended that the stipends of the Babcock fellowships be increased to \$1,500 a year effective September 1, 1955, or as soon thereafter as income from the endowment permits.

I concur.

On motion of Mrs. Holt, this recommendation was approved.

#### **COLLEGE HOUSING LOAN PROGRAM**

(7) The next steps in the University's program for the construction of additional, much needed student housing are an addition to Lincoln Avenue Residence to house 638 women and two new residence halls for men to house 450. The General Assembly of Illinois has broadened the University's borrowing power by authorizing the Board of Trustees to supplement the net income of residence halls with income from student fees to the extent necessary for amortization of bond issues.

Possibilities of securing private financing of the construction of these residence halls have been investigated. The Congress has recently amended the Federal College Housing Loan Program making certain changes, the most important to the University of Illinois being that the interest rate on any loans approved under the federal program is  $2\frac{3}{4}$  per cent per year.

However, under these provisions of this program it is impossible to finance purchase of movable equipment to be used in student housing, and it is impossible to refinance existing obligations. These provisions are a disadvantage to the University of Illinois which has been planning to refinance the present indebtedness of approximately \$500,000 on the Lincoln Avenue Residence. Nevertheless, the interest rate of  $2\frac{3}{4}$  per cent per year is substantially less than could probably be obtained from private sources. While it is impossible to predict exactly the interest rate that could be obtained through competitive bidding, the Comptroller's information indicates that it is likely to be not less than 3 per cent and may be as high as  $3\frac{1}{2}$  per cent.

The total loan needed for the construction of the additional facilities planned as the next stage of the student housing program without the refinancing of the Lincoln Avenue Residence is \$4,400,000. The Director of the Physical Plant and the Comptroller recommend that an application for such a loan be submitted and attempts made to qualify it under the federal program. If such a loan qualifies it must first be offered to private investors, and if there are no offers of  $2\frac{3}{4}$  per cent interest or less, then the federal government will loan the money.

I recommend that the Comptroller be authorized to submit the necessary application and to take such other steps as are appropriate for its favorable consideration.

On motion of Mr. Bissell, this recommendation was approved and authority was given as requested.

#### **LINCOLN AVENUE RESIDENCE ADDITION**

(8) The Physical Plant Department has completed, with the aid of Naess and Murphy, Architects-Engineers, Chicago, a revised design for the proposed addition to the Lincoln Avenue Residence halls for undergraduate women students. The design has been recommended for approval by the Building Program Committee. On the basis of this recommendation and after examination of the design, President Lloyd Morey gave it his approval and authorized the architects to proceed with the preparation of working drawings and specifications, subject to any question that might be raised by the Committee on Buildings and Grounds of the Board of Trustees. (The drawings of the addition with a photograph of the model were sent to each member of the Committee.)

This addition to the Lincoln Avenue Residence was contemplated when the original section fronting on Lincoln Avenue was constructed. Space is provided in the present building for the food service for the second unit. The general design of the addition is similar to that of the present building, and no new problems are involved.

The Lincoln Avenue Residence was designed by Naess and Murphy, and the Board has previously authorized the employment of this firm to design the addition. It will be erected immediately west of the existing building and be connected thereto.

The addition will be financed by the net operating income of the residence halls plus general University funds in the state appropriations made to the University for 1955-57 which will be available for this purpose pursuant to legislation enacted by the Sixty-ninth General Assembly.

I recommend that the action authorizing the completion of the drawings and specifications according to this design be confirmed.

On motion of Mr. Williamson, the action of the President of the University was confirmed.

#### **BIOLOGY BUILDING**

(9) The Physical Plant Department has completed, with the aid of Holabird & Root & Burgee and Associates, Architects-Engineers-Consultants, Chicago, the site plan and design of the first unit of the new Biology Building, and these have been recommended for approval by the Building Program Committee. On the basis of this recommendation and after examination of the site and floor plans and elevations, President Lloyd Morey gave his approval and authorized the architects to proceed with the preparation of working drawings and specifications, subject to any question that might be raised by the Committee on Buildings and Grounds of the Board of Trustees. (Copies of the preliminary study and first floor plan and a photograph of the model were sent to each member of the Committee.) The design is similar to that of the nearby Mechanical Engineering and Electrical Engineering Buildings and represents the greatest possible economy in design consistent with general good appearance.

The Sixty-ninth General Assembly appropriated \$4,000,000 for 1955-57 for the construction and equipment of this building.

I request confirmation of the action taken.

On motion of Mr. Livingston, the action of the President of the University was confirmed.

#### **FUNDS FOR WATER SURVEY BUILDING**

(10) The University has been serving as fiscal agent for the State Geological, Natural History, and Water Surveys in contractual arrangements with the United States Government and other sponsoring agencies which support research by the Surveys on specific projects. The fiscal operations of the Surveys are administered by the State Department of Registration and Education and the Department of Finance. It is not feasible for the Surveys to contract directly with sponsoring agencies and to carry on the business operations incidental to sponsored research. Under this agency arrangement, after all costs of research benefits have been paid, funds received for indirect costs are divided equally between the University and the Surveys.

The Chief of the State Water Survey has requested an allocation of \$15,000 from the funds to be received for indirect costs for contracts with the

United States Government during the fiscal year ending June 30, 1956, for construction of an addition to the Meteorologic Laboratory Building at the University of Illinois Airport to provide additional facilities needed for the research work being done in this building. This will include the University's share of contract funds received for indirect costs and is an appropriate use of such funds as they are paid for use of University facilities and to provide additional new facilities. The building will belong to the University and upon termination of the Water Survey research projects will be available to the Institute of Aviation.

I recommend approval.

On motion of Mr. Swain, this allocation of funds was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mr. Williamson; no, none; absent, Mr. Stratton, Mrs. Watkins.

#### REAPPROPRIATION OF UNEXPENDED BALANCES AS AT JUNE 30, 1955

(11) The Comptroller recommends that the following balances in appropriations for special services and projects not completed on June 30, 1955, be reappropriated for the fiscal year beginning July 1, 1955, in accordance with usual policy.

In addition to the appropriations listed below, unexpended balances on June 30, 1955, in departmental appropriations, up to 5 per cent of the original appropriation, or the amounts encumbered in the Business Office, whichever were larger, were carried forward and will be available in 1955-56 to the various departments concerned.

I concur.

On motion of Mr. Johnston, these reappropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mr. Williamson; no, none; absent, Mr. Stratton, Mrs. Watkins.

### CONSTRUCTION OF BARN AT DIXON SPRINGS EXPERIMENT STATION

(12) The Director of the Agricultural Experiment Station and the Comptroller recommend that the University enter into an agreement with the Egyptian Livestock Association, Vienna, Illinois, a not-for-profit corporation, for the construction of a sales barn at the Dixon Springs Experiment Station in Pope County. The Association proposes to pay the University \$3,000 for construction of the barn, which will become the property of the University. In return, the Association will have the privilege of using the building for at least two days each year for the Association's annual feeder calf sale, and the University will have use of the building at other times.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute the agreement with the Egyptian Livestock Association.

On motion of Mrs. Holt, the Comptroller and the Secretary of the Board were authorized to execute the agreement recommended.

### CONTRACTS FOR ALTGELD HALL ADDITION

(13) The construction of an addition to Altgeld Hall can be divided into three phases: (1) relocating utilities now in the ground under the addition site; (2) reconstructing the utility centers within the present building and incidental internal construction revisions necessary to serve the addition; and (3) construction of the addition itself.

The Director of the Physical Plant and the Comptroller recommend award of contracts on the first two phases to the lowest bidders as follows:

General — C. A. Petry & Sons, Champaign.....	\$28 290
Electrical — Neal Morton Electrical Contractors, Champaign.....	31 275
Heating — Schroeder & Sons, Champaign.....	25 116

Schroeder & Sons, Champaign, was the only bidder on plumbing. It is recommended that this bid be rejected as being too high, and new bids taken. The contractor agrees that because of an error this bid was higher than it should have been.

Funds in the amount of \$368,000 are available in the state appropriation for 1955-56 "For remodeling of an addition to Altgeld Hall, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work."

Working drawings and specifications are being prepared for the final phase of this project, and it is anticipated that bids will be secured in time for presentation of recommendations for award of contracts at the November meeting of the Board. Preliminary estimates by contractors of the probable cost of the third phase indicate that some omissions and other adjustments may be necessary to keep the total cost of the addition within available funds.

The contractors recommended for the first two phases of the work have been consulted, and it is feasible to make reductions totaling approximately \$13,500 if necessary. The bid instructions for the third stage will include a number of alternates which would permit deferring certain work if necessary.

I concur in the above recommendations and request that the Comptroller and the Secretary of the Board be authorized to execute the contracts, subject to the release of funds by the Governor.

On motion of Mr. Williamson, the bid on the plumbing work was rejected, and the other contracts were awarded as recommended and the Comptroller and the Secretary of the Board were authorized to execute the same.

### CONTRACTS FOR ADDITION TO POWER PLANT

(14) The Director of the Physical Plant and the Comptroller recommend award of contracts for the addition to the heating facilities at the Abbott Power Plant as follows:

Steam generating unit with auxiliary equipment — Babcock & Wilcox Company, Chicago .....	\$412 697
High pressure closed feed water heater — Alco Products, Inc., Chicago .....	9 160
Boiler feed pumps — Ingersoll-Rand Co., Chicago.....	36 616

Alco Products, Inc., and Ingersoll-Rand Co. are the lowest bidders. Erie City Iron Works, Chicago, submitted the lowest bid of \$406,350 on the generating unit, but the details of the design of their boiler would require a larger addition to the Power Plant and would result in an additional capital cost of approximately \$9,000. In the opinion of our experts, their type of boiler would increase operation and maintenance costs by at least \$20,000 during the life of the boiler. Lasker Boiler & Engineering Corporation submitted the second lowest bid of \$410,841, but its bid was not based on the specifications, and it is therefore recommended that it be rejected. The bid of Babcock & Wilcox represents the lowest ultimate cost.

Funds in the amount of \$1,680,000 are available in the state appropriation for 1955-56 "For addition to the heating plant, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work."

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

President Megran presented a letter he received from the Lasker Boiler and Engineering Corporation requesting that its bid, the second lowest bid, be accepted and stating:

"We are able to design, fabricate, finance and erect the boiler and all auxiliary equipment. We are now completing two boilers and auxiliary equipment for the Indiana University at Bloomington, Indiana which is quite comparable to University of Illinois Power Plant.

"While we are not the lowest bidder, we believe the business should be kept in the State of Illinois. Seventy per cent of the contract price represents labor and we believe the Trustees should favor the labor in our State."

The request of Lasker Boiler and Engineering Corporation was duly considered in the light of its representations and the advice received from the University's engineering consultants who have assisted in the design of the Abbott Power Plant addition and equipment.

On motion of Mr. Bissell, the bids of the Erie City Iron Works, Chicago, and of the Lasker Boiler and Engineering Corporation, Chicago, were rejected for the reasons stated in the recommendations of University officers; and

On motion of Mr. Bissell, the contracts were awarded as recommended by University officers, and the Comptroller and Secretary of the Board were authorized to execute these contracts.

#### CHANGES IN CONTRACTS ON THE HOME ECONOMICS BUILDING

(15) The Director of the Physical Plant and the Comptroller recommend increases of \$14,320.86 in the contract with F. R. Inskip & Co., Champaign, for ventilating work and of \$8,249.16 in the contract with R. Hays Co., Inc., Champaign, for plumbing work for the construction of the Home Economics Building.

The principal changes are for increasing the ventilating system in third floor laboratories to withdraw acid-laden and other contaminating fumes to insure an adequate supply of fresh air. The changes also provide for the ventilation of three basement rooms inadvertently omitted in the original plans. The increase in the plumbing contract is to substitute Duriron silicon pipe and fittings in lieu of cast iron in the waste lines serving the nutritional research laboratories to withstand the corrosive acids used there.

The proposals have been examined by the architects, Naess and Murphy, and by a mechanical engineer and architects in the Physical Plant Department, and the costs are reasonable.

Funds are available in the state appropriation for construction of the Home Economics Building.

I concur and recommend that the Comptroller be authorized to execute the contract changes.

On motion of Mrs. Holt, the Comptroller and the Secretary of the Board were authorized to execute these changes in the contracts.

**ACQUISITION OF PROPERTY AT 1208 WEST ILLINOIS STREET,  
URBANA, ILLINOIS**

(16) At its May, 1955, meeting, the Board of Trustees authorized the institution of suit to acquire title, through the exercise of the University's right of eminent domain, to the property at 1208 West Illinois Street, Urbana, owned by Mrs. Anna Marie Swinford and needed by the University as a portion of the site for the first unit of the contemplated Biology Building. It also authorized the employment of special counsel to assist the Legal Counsel in instituting and prosecuting the condemnation suit.

Shortly thereafter special counsel were employed and a condemnation suit was instituted in the Circuit Court of Champaign County. After that Court, by denying a motion of the defendants to dismiss the University's petition, had upheld the right of the University to condemn the property and the sufficiency of its petition, the case was set for trial by jury upon the issue of the value of the property.

A few days before the date set for the trial negotiations were resumed which resulted in a settlement accepted by University officers after all of the members of the Board of Trustees who could be consulted by telephone had individually approved that action. Under the settlement the University is paying Mrs. Swinford and her husband \$34,000 (less their pro rata share of the 1955 taxes) for the property and has agreed (a) to permit them to continue to occupy and use the property until February 4, 1956, to enable them to rent rooms to students during the first semester of the 1955-56 academic year and to afford them such assistance as it can in obtaining student roomers for that semester, (b) to afford space in University housing, if desired, at the prevailing University rates during the second semester for the students who room in the Swinford house during the first semester, and (c) to move the personal property of the Swinfords, without expense to them, when they surrender possession of the property to any place in Champaign County designated by them. The settlement agreement further provides that neither the University nor the Swinfords shall be under any obligation to insure the buildings on the property or their contents, or to make any repairs thereto or replacements thereof, subsequent to September 1, 1955, the date of the deed conveying the property from the Swinfords to the University. In accordance with the settlement agreement the Swinfords have executed a special warranty deed conveying the property to the University which has been placed in escrow pending payment of the amount to be paid by the University for the property which must be paid on or before October 1, 1955, and both the University and the Swinfords are proceeding to carry out the other provisions of the agreement.

The total cost to the University of the property under the settlement reached is very substantially less than what the owner demanded, and does not greatly exceed the amount which the University had offered to pay for the property before the suit was instituted, and is within the range of appraisals obtained by the University from competent appraisers who would have testified as to the value of the property if the condemnation suit had gone to trial. It is the judgment of special counsel, the Legal Counsel, the Director of the Physical Plant Department, and the Comptroller that the University was and is amply justified in entering into the settlement and in incurring the cost for the property occasioned by it.

While funds have been previously appropriated by the Board for the acquisition of the property and the closing of Illinois Street, an additional appropriation of \$4,200 from the General Reserve Fund will be needed in view of the settlement reached and for expenses incurred, including legal costs.

The Comptroller, the Director of the Physical Plant Department, and the Legal Counsel recommend that the above mentioned settlement and the purchase of the property upon the above mentioned terms pursuant to it be ratified and approved and that an additional appropriation of \$4,200 be made from the University's General Reserve for this property acquisition under the terms and provisions of the settlement.

I concur.

On motion of Mr. Herrick, the purchase of this property, in accordance with the terms of the settlement recommended, was authorized and the additional appropriation of \$4,200 required was made from the

General Reserve Fund. These actions were taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mr. Williamson; no, none; absent, Mr. Stratton, Mrs. Watkins.

#### EASEMENT ACROSS HACKETT FARMS

(17) The Panhandle Eastern Pipe Line Company, a Delaware corporation, of Kansas City, Missouri, has requested that the University grant it an easement to construct and maintain a six-inch pipe line parallel to and within thirty feet of an existing pipe line located on the following described property on the Hackett farms in Douglas County which were bequeathed to the University several years ago as an endowment of scholarships:

Twenty-four and one-half ( $24\frac{1}{2}$ ) acres off of the South side of the West Half of the Southeast Quarter of Section Six (6), Township Fifteen (15) North, Range Seven (7) East of the Third Principal Meridian;

Also, Twenty-four and one-half ( $24\frac{1}{2}$ ) acres off of the South side of Lot One (1) of the Southwest Quarter of Section Six (6), Township Fifteen (15) North, Range Seven (7) East of the Third Principal Meridian;

Also, Thirty-nine and two-thirds acres ( $39\frac{2}{3}$ ) off of the South side of Lot 2 of the Southwest Quarter (SW  $\frac{1}{4}$ ) of Section Six (6), Township Fifteen (15) North, Range Seven (7) East of the Third Principal Meridian, and that property commencing 48.72 rods North of the Southwest Corner of said Section Six (6), Township Fifteen (15) North, Range Seven (7) East of the Range line, thence East 288 rods parallel with section line to the West line of the East Half of the Southeast Quarter (SE  $\frac{1}{4}$ ) of said Section Six (6), thence North in said line 48 rods and 25 links, thence West 288 rods to range line, thence South 48 rods and 25 links to place of beginning.

The Company will pay the University \$1.00 per linear rod, which will amount to approximately \$100. In addition, the Company will pay for all damages to crops, fences, or property caused by the installation of the line or by making future repairs. The University shall have the right to purchase gas through one tap for domestic purposes in one residence.

The Dean of the College of Agriculture and the Comptroller recommend that the easement be granted. I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute such documents as they may deem necessary or desirable in order to grant such an easement.

On motion of Mr. Livingston, action on this was deferred and the Executive Committee empowered to act if necessary. University officials were instructed to inform the Company that the Board regards the compensation offered as too small in terms of the amount of work required of University personnel and the overhead costs incidental to the granting of this easement.

#### CLASSIFIED GOVERNMENT RESEARCH SECURITY CLEARANCES FOR TRUSTEES

(18) The Board of Trustees has declared, and has made this a matter of record, that its Executive Committee shall act for the Board on any contracts, and business incidental thereto, dealing with classified material relating to government research, so that only the members of the Executive Committee will be required to have security clearances and to avoid the necessity of securing such clearances for all the members of the Board.

In order to make this certification acceptable to governmental authorities, it is necessary to adopt the following supplementary declaration:

The Board of Trustees further declares that only Trustees Herbert B. Megran, U. S. Citizen, Park Livingston, U. S. Citizen, and Frances B.

Watkins, U. S. Citizen, who are the present members of the Executive Committee, will have access to classified security information, and that Trustees William G. Stratton, U. S. Citizen, Vernon L. Nickell, U. S. Citizen, Wayne A. Johnston, U. S. Citizen, Timothy W. Swain, U. S. Citizen, Cushman B. Bissell, U. S. Citizen, Doris S. Holt, U. S. Citizen, Wirt Herrick, U. S. Citizen, and Kenney E. Williamson, U. S. Citizen, will not have access to classified security information.

The Secretary of the Board requests this supplementary declaration and that he be authorized to send certified copies to the government agencies concerned.

**QUARTERLY REPORT OF THE COMPTROLLER**

(21) The Comptroller presents his quarterly report to the Board of Trustees as of June 30, 1955.

This report was received for record and a copy has been filed with the Secretary of the Board.

**HEADSHIP OF THE DEPARTMENT OF CIVIL ENGINEERING**

(22) The Dean of the College of Engineering recommends the appointment of Dr. Nathan M. Newmark, presently Research Professor of Structural Engineering and Chairman of the Digital Computer Laboratory, as Professor and Head of the Department of Civil Engineering on indefinite tenure beginning September 1, 1956, at an annual salary of \$16,000 on "A" basis.

This appointment is to replace Professor Whitney C. Huntington who will retire at the end of the current academic year. Professor Newmark was unanimously recommended for this appointment by a special advisory committee of the faculty, and the nomination was made by the Dean after consultation with all members of the Department of professorial rank and with the heads of all other departments in the College. The appointment is endorsed by the Dean of the Graduate College and the Provost.

I am pleased to recommend this appointment.

On motion of Mr. Williamson, this appointment was approved.

**CONTRACT FOR ARCHITECTURAL SERVICES AT THE  
CHICAGO PROFESSIONAL COLLEGES**

(23) The Director of the Physical Plant and the Comptroller recommend the award of a contract with Pace Associates, Chicago, for architectural services consisting of the preparation of working drawings and specifications on remodeling of space in the Research and Educational Hospitals and in the Dentistry-Medicine-Pharmacy Building which is being vacated as a result of the relocation of departments and functions in the addition to the hospitals. The Building Committee at the Chicago Professional Colleges has approved a number of remodeling projects which could be completed during the current biennium at a total cost of approximately \$1,450,000, of which \$820,000 would be work to be contracted, if funds were available. Pace Associates prepared the preliminary drawings required to estimate the cost of these projects. The details of the proposal and contract are:

a. Cost of services for the preparation of working drawings and specifications based on actual time devoted to a project at the following rates:

Architectural Planner .....	\$6.00 per hour
Senior Architectural Draftsman.....	\$3.00 to \$4.00 per hour
Structural Engineer or Mechanical Engineer or Electrical Engineering Designer.....	\$3.50 to \$4.00 per hour

<sup>1</sup> Deduct.

Chief Mechanical Engineer.....\$5.00 to \$6.00 per hour  
 Senior Engineering Draftsman.....\$3.00 to \$3.50 per hour

- b. Plus 100 per cent of the cost charged to a project as reflected in (a) for architect's fees, office expense, local transportation, materials, etc., normally classified as overhead.  
 c. Actual cost of blueprinting.

Funds in the amount of \$225,000 are available in the state appropriation for 1955-57 "For rehabilitation and remodeling of and minor additions to existing buildings at Urbana-Champaign and at the Chicago Professional Colleges, with fixed equipment installed, including plans and specifications, and all other necessary costs and charges incident to the completion of the work." It is not known how much additional money will be available for remodeling, but a contract with Pace Associates under the terms recommended would be flexible and their services would be utilized to the extent needed, and as determined by availability of funds. It is estimated that if sufficient funds were available for all of these remodeling projects the total cost of architectural services would not exceed \$48,800, or approximately 6 per cent of the estimated cost of the remodeling work to be contracted.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract with Pace Associates in accordance with the terms specified, with the further provision that no work shall be done under such a contract except upon written authorization by the University.

On motion of Mr. Nickell, this contract was authorized as recommended and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### APPROPRIATION BY ATHLETIC ASSOCIATION

(24) The Executive Committee of the Board of Directors of the Athletic Association has made an appropriation of \$8,775 to send the football band to East Lansing for the Michigan State game on October 22.

Approval of the Board of Trustees is required and I so recommend.

On motion of Mr. Johnston, the action of the Board of Directors was confirmed.

#### ACTING HEADSHIP OF THE DEPARTMENT OF DAIRY SCIENCE

(25) Professor G. W. Salisbury, Head of the Department of Dairy Science, will be on sabbatical leave of absence during the academic year 1955-56. The Dean of the College of Agriculture recommends the appointment of Karl E. Gardner, Professor of Dairy Production in the Department of Dairy Science, as Acting Head of the Department to serve during Professor Salisbury's absence. The Provost and the Dean of the Graduate College concur.

I recommend approval.

On motion of Mr. Livingston, this appointment was approved.

#### ADVISORY COMMITTEE FOR INSTITUTE FOR RESEARCH ON EXCEPTIONAL CHILDREN

(26) The Director of the Institute for Research on Exceptional Children recommends the following appointments and reappointments to the Advisory Committee of the Institute for Research on Exceptional Children for the terms specified beginning September 1, 1955:

##### *Representatives of the University*

Professor JAMES EDWARD HULETT, Department of Sociology and Anthropology (three years)

Professor J. MCVICKER HUNT, Department of Psychology (two years)

Professor P. VAN MILLER, College of Education (one year)

##### *Representatives of the Department of Public Instruction*

Mr. RAY GRAHAM, Director of the Division of Education for Exceptional Children, Springfield (two years)

Dr. OSCAR CHUTE, Superintendent of Evanston Public Schools, District No. 65, Evanston (one year)

*Representatives of the Department of Public Welfare*

Dr. WILLIAM W. FOX, Superintendent, Lincoln State School, Lincoln (two years)  
Mr. HARRY MCCLINTOCK, Assistant Director, Springfield (three years)

The plan for the organization of the Institute provides for an Advisory Committee consisting of three representatives from the University, two from the Department of Public Welfare, and two from the Department of Public Instruction, each for a term of three years. To provide for rotation of members, the Advisory Committee has recommended that upon the completion of the three-year terms of Committee members appointed in 1952, new appointments be made as follows: (a) from the University, one for one year, one for two years, and one for three years; (b) from the Department of Public Instruction, one for one year and one for two years; (c) from the Department of Public Welfare, one for two years and one for three years.

The Dean of the College of Education and the Provost concur.

I recommend approval.

On motion of Mr. Swain, these appointments were approved.

**ESTATE OF DAN S. CREGO, DECEASED**

(27) There has been received the sum of \$5,000 from the Executor of the Estate of Dan S. Crego of DeKalb, Illinois. This was received in accordance with the terms of the will of Mr. Crego, which reads in part as follows:

"In the event that my wife, Ethel K. Crego, shall predecease me, I direct my said trustees to pay in addition to the amounts above set forth to the legatees above specified the following amounts set opposite the names of the following legatees:

To the University of Illinois, to be used only for medical research, the sum of \$5,000."

The total amount which the University may receive from this estate may possibly exceed this sum, since the total of the estate exceeds the legacies provided for and, accordingly, there may be a further distribution.

This report was received for record.

**INVESTMENTS**

Mr. Livingston, for the Finance Committee, reported the following changes in investments:

### REPORT OF THE EXECUTIVE COMMITTEE

The Executive Committee of the Board of Trustees submits the following report of business transacted by it since the meeting of the Board on July 20, 1955.

#### Sale of Securities

The following resolution authorizing sale of securities representing investment of trust funds was adopted on recommendation of the First National Bank of Chicago and with the approval of the Finance Committee of the Board of Trustees. In view of the large amount of DuMont Laboratories stock involved and the fact that any material decrease in the market value of this stock, which is already below book value, would result in a considerable loss to the University, it was desirable that this sale go forward promptly.

#### Resolution

WHEREAS, the Board of Trustees of the University of Illinois is the owner of the following described securities: 600 shares Allen B. DuMont Laboratories 5 per cent Preferred Stock, 287 shares Houston Lighting and Power Company Common Stock, three shares Standard Oil Company of New Jersey Common Stock, and

WHEREAS, Article IV, Section 3 of the By-Laws of the Board of Trustees of the University of Illinois specifies as follows concerning the Executive Committee of the Board of Trustees:

"Section 3. Said Committee shall possess all the powers of the Board when in session, provided that it shall not overrule, revise, or change the previous acts of the Board, or take from regular or special committees any business referred to them by the Board.

"It shall not have power to lease, sell, or purchase real estate unless previously authorized by the Board in session or a majority of the members individually in writing," and

WHEREAS, the Executive Committee of the Board of Trustees has determined that it is advantageous to dispose of the above listed securities,

*Now, Therefore, Be It Resolved* by the Executive Committee of the Board of Trustees that said securities be sold and that H. O. Farber, Comptroller, and A. J. Janata, Secretary, be authorized to execute all documents necessary to complete such sale.

#### Appointment of Fredrick S. Siebert as Acting Director of the Institute of Communications Research

The Executive Committee confirmed the appointment by the President of the University of Fredrick S. Siebert, Professor of Journalism and Communications and Director of the School of Journalism and Communications, as Acting Director of the Institute of Communications Research for one year from September 1, 1955, at an additional salary of \$500 for this service, to fill the vacancy created by the resignation of Director Wilbur Schramm.

The Institute of Communications Research, established in 1947, is now a unit of the Graduate College. Its function is to study basic problems of communications and mass media of communications of all kinds.

#### Appropriation for College of Commerce and Business Administration

On March 30, 1955, the Board authorized the purchase of a residence property at 1007 West Nevada Street, Urbana. Subsequently, this property was assigned to the College of Commerce and Business Administration. Funds in the amount of \$4,000 are needed to convert the property into office space. The remodeling will consist primarily of removal of kitchen equipment, installation of an additional toilet, and rewiring. Members of the staff have been assigned office space in this building for the coming academic year so that it is desirable that the work be completed by September 10.

Funds in the amount of \$320 are needed for remodeling the Fine Arts-Commerce Annex occupied by the College of Commerce and Business Administration, to adapt the southeast section of the east wing of this structure for faculty office

space. The work will consist of replacement of one partition, extension of another, and some electrical rearrangement.

Upon recommendation of the Director of the Physical Plant, the Provost, and the Comptroller, and with the concurrence of the President of the University, the Executive Committee approved a nonrecurring appropriation of \$4,320 for this remodeling.

#### **Release of Copyright**

Professor Henry J. Quastler, Associate Professor of Physiology in the Control Systems Laboratory, has prepared for publication a book entitled *Information Theory in Psychology*. The research which preceded the preparation of this book was supported by a contract with the United States Army. Under the terms of the contract, the University is required to submit 150 copies of a report covering this research. Professor Quastler feels that it may be possible for him to interest a publisher in issuing this book for wider distribution.

This is an extremely technical report and there will not be a widespread demand nor the possibility of a profit resulting from publication.

Upon recommendation of the Director of the Control Systems Laboratory, the Chairman of the University Research Board, and the Comptroller, and with the concurrence of the President of the University, the Executive Committee authorized the waiver of the University's rights to any copyright in this instance.

#### **Contract With Office of Naval Research**

The University has had a contract with the Office of Naval Research since March 1, 1946, for research in nuclear physics. The current contract will expire December 31, 1956.

During this ten-year period a total of \$4,080,636 has been supplied by the Department of the Navy for the research projects covered by the contract. The University is reimbursed for all direct expenditures plus an allowance for all indirect costs. The Office of Naval Research wishes to extend the contract for an additional year to December 31, 1957, and to provide additional funds of \$477,650 for the continuation of the research projects.

Upon the recommendation of the Dean of the College of Engineering, the Chairman of the University Research Board, and with the concurrence of the President of the University, the Executive Committee authorized the Comptroller and the Secretary of the Board to execute this extension of the contract.

#### **Contract With State of Illinois Department of Public Welfare**

During the past year, Professor S. A. Kirk, Director of the Institute for Research on Exceptional Children, has conducted research programs at the Lincoln State School, Lincoln, Illinois, and at the Dixon State School, Dixon, Illinois. These programs have been financed by the State Department of Public Welfare, through assignments of funds to the Lincoln State School and to the University of Illinois.

The Department of Public Welfare wishes to continue this research for an additional two-year period beginning July 1, 1955, and proposes to provide additional funds of \$240,200, including an allowance of 8 per cent for indirect costs, to reimburse the University for research on (a) the effects of a mentally defective child on family integration, (b) trainability of brain-injured children, and (c) trainability of Mongoloid children.

On recommendation of the Dean of the College of Education, the Chairman of the University Research Board, and the Comptroller, and with the concurrence of the President of the University, the Executive Committee approved the extension of this agreement and authorized the Comptroller and the Secretary of the Board to execute the contract.

#### **Contract for Insulation of Ceilings of Mechanical Equipment Rooms in Research and Educational Hospitals Addition**

Upon recommendation of the Director of the Physical Plant and the Comptroller, and with the concurrence of the President of the University, the Executive Committee awarded a contract for \$2,695 to the Consumers Roofing and Insulation Works, Chicago, the lowest bidder, for insulation of ceilings in two mechanical equipment rooms in the basement of the addition to the Research and Educational

Hospitals to reduce the transmission of heat from these areas to the floors above and authorized the Comptroller and the Secretary of the Board to execute this contract. This is part of the general remodeling program related to the activation of the Research and Educational Hospitals Addition and the East Dentistry-Medicine-Pharmacy Building.

Funds are available in a special appropriation made by the Board of Trustees on May 15, 1954, for this remodeling program.

#### **Contract for Installation of Acoustical Ceiling in Dentistry-Medicine-Pharmacy Building**

Upon the recommendation of the Director of the Physical Plant and the Comptroller, and with the concurrence of the President of the University, the Executive Committee awarded a contract for \$2,530 to N. H. McLennan, Inc., Chicago, the lowest bidder, for installation of acoustical tile in the ceilings of the Physiology and Pharmacology Laboratory in the Dentistry-Medicine-Pharmacy Building and authorized the Comptroller and the Secretary of the Board to execute this contract. This work is part of the general remodeling program related to the activation of the Research and Educational Hospitals Addition and the East Dentistry-Medicine-Pharmacy Building.

Funds are available in a special appropriation made by the Board of Trustees on May 15, 1954, for this remodeling program.

#### **Contract for Engineering Services for Biology Building Sanitary Sewer**

Upon recommendation of the Director of the Physical Plant and the Comptroller, and with the concurrence of the President of the University, the Executive Committee authorized the Comptroller and the Secretary of the Board to execute a contract with Wilson and Anderson, Consulting Engineers, Champaign, for engineering services in designing the sanitary sewer on Mathews Avenue from Illinois Street to the main twin city interceptor located south of Springfield Avenue, on the following basis:

- a. To make a general survey investigation and report for one-half per cent of the estimated construction costs of such sewers recommended for study.
- b. To furnish design services, including preparation of drawings and specifications and bidding documents, for  $4\frac{1}{2}$  per cent of the estimated construction cost up to \$25,000 and 4 per cent of the construction costs above \$25,000.  
Any payment under Item (a) would be credited toward payments under Item (b), in proportion to the amount of work under Item (a) covered by Item (b).
- c. To furnish general engineering supervision of construction, including assistance in taking bids, for 4 per cent of the actual cost of construction up to \$25,000 and  $3\frac{1}{2}$  per cent of the cost of construction above \$25,000.
- d. To furnish an inspector for the work if requested, at net cost of wages plus 25 per cent.

The estimated cost of the sewer project is \$46,000 and the estimated fee for Wilson and Anderson is \$3,700.

Funds are available in the state appropriation for construction of the Biology Building and have been released by the Governor.

The firm of Wilson and Anderson has handled much of the sewer work in the twin cities and for the University.

#### **Change in Contract for Home Economics Building**

Upon recommendation of the Director of the Physical Plant and the Comptroller, and with the concurrence of the President of the University, the Executive Committee authorized an increase of \$3,641.85 in the contract with the Felmley-Dickerson Co., Urbana, for the general work on the Home Economics Building to include a display area across the entire entrance lobby to the auditorium lecture room. This item was included in the original plans but was inadvertently omitted from the bid specifications. The estimate has been checked by the Physical Plant Department and found to be a reasonable charge for the materials and labor required.

Funds are available in the state appropriation for construction of the Home Economics Building.

#### MINUTES APPROVED

The Secretary presented the minutes of the meeting of the Board on June 16, 1955, press proof copies of which had previously been sent to all members of the Board.

On motion of Mr. Swain, these minutes were approved as printed on pages 369 to 435, inclusive.

#### EXECUTIVE SESSION

At this point an executive session was requested and ordered for the consideration of the following matters of business presented by the President of the University.

#### CONTROL SYSTEMS LABORATORY

(28) The Control Systems Laboratory, established at the University of Illinois on February 1, 1951, for research on specific projects for the armed forces of the United States, has from its inception been supported by various federal agencies. This research has been of a highly classified nature, and the Laboratory has been designated as "Urgent Defense."

Since December 1, 1953, the Laboratory has operated on funds received under a contract with the Department of the Army Signal Corps. On request of the latter, the Director of the Control Systems Laboratory has prepared a proposal for continuation of this contract and financial support to the extent of \$1,300,000 covering the period of December 1, 1955, through November 30, 1956. This will reimburse the University for all direct and indirect costs.

On the advice of the Dean of the College of Engineering, the Chairman of the University Research Board, and the Comptroller, I recommend continuation of the Control Systems Laboratory and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Herrick, authority was given as requested.

#### EQUIPMENT FOR CONTROL SYSTEMS LABORATORY

(29) The Board has authorized a contract with the Office of Naval Research for a special purpose computer for use on certain of the classified research being carried on for the armed forces by the Control Systems Laboratory, and a subcontract with a vendor for the acquisition of the computer. This subcontract was

entered into in July, 1954, with Ferranti Electric, Incorporated, Toronto, Canada, the vendor approved by the Office of Naval Research. The initial estimated cost of this equipment was \$290,000, the funds to be provided by the Office of Naval Research.

Certain modifications in the original specifications, resulting in an estimated additional cost of \$41,850, are desired. The additional funds will be provided by the Office of Naval Research under a supplemental contract with the University. It will also be necessary to modify the subcontract with Ferranti Electric, Incorporated. These changes have been recommended by the Director of the Control Systems Laboratory, the Dean of the College of Engineering, and the Dean of the Graduate College and Chairman of the University Research Board, and are concurred in by the Provost.

Approval of this proposed modification and authorization of the Comptroller and the Secretary to execute the necessary contract amendments are requested.

On motion of Mr. Johnston, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents.

#### SALE OF UNIVERSITY HOUSE

(30) Pursuant to the plan authorized by the Board of Trustees for the sale of University-owned residence properties in Urbana-Champaign which are outside the area of future campus expansion, the Director of the Physical Plant and the Comptroller recommend the sale of the residence at 400 Hessel Boulevard, Champaign, to William H. and Johanna M. Johnson, at a price of \$10,000. The amount of the University's investment in this property is \$9,734.88.

This is a "National Homes" building constructed in 1946. The University investment includes the original cost plus subsequent improvements. The sale price was determined by an independent appraisal by a real estate expert.

I concur and recommend adoption of the following resolution:

#### *Resolution*

WHEREAS, William H. Johnson and Johanna M. Johnson, his wife, of Champaign, Illinois, hereinafter termed "Purchasers," have offered to purchase the hereinafter described property known as 400 Hessel Boulevard, Champaign, Illinois, upon the terms and conditions hereinafter set forth:

*Now, Therefore, Be It Resolved* by the Board of Trustees of the University of Illinois, a public corporation of the state of Illinois, that the Comptroller and Secretary of this Corporation be, and they hereby are, authorized and directed, in the name, and in behalf of this Corporation to enter into an agreement with said Purchasers providing for the sale and conveyance to them of the hereinafter described property upon the following terms and conditions:

- (A) At a sale price of \$10,000.00 with customary adjustments to be made therein for taxes, insurance, and abstracting costs;
- (B) This Corporation to furnish Purchasers a merchantable abstract of title and pay for the required Federal Revenue Stamps;
- (C) Possession to be retained by Purchasers under the terms of the presently existing lease of said premises until final closing or termination of the contract of sale.
- (D) Purchase price to be paid in full at the time of delivery of the deed and not later than six months after the date the contract is executed.
- (E) In the event said property should not qualify upon government appraisal for a Government Insured Loan (either G.I. or F.H.A. at Purchaser's option) and written notice thereof is given to this Corporation by Purchasers within six months from the date the contract is executed, the contract shall become ineffective, null and void.
- (F) The title to be conveyed to be subject to special assessments becoming a lien after the date hereof, building restrictions and easements of record.
- (G) Such other terms and conditions as said Comptroller and Secretary may deem necessary or desirable.

*Be It Further Resolved* that upon compliance with the terms of said agreement by Purchasers, and in accordance with the terms thereof, said Comptroller and

Secretary be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name and in behalf of, this Corporation, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Purchasers, not in tenancy in common, but in joint tenancy, title to the following described property, viz:

Lot ten (10) in Lewis S. Colbert's Replat of Lots 119, 120, 121 and part of Lots 115 and 118, in Highland Place Addition to the City of Champaign, situated in the City of Champaign, in the County of Champaign, in the State of Illinois.

On motion of Mrs. Holt, the sale of this property at the price recommended was authorized and the foregoing resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mr. Williamson; no, none; absent, Mr. Stratton, Mrs. Watkins.

**PURCHASE OF PROPERTIES AT 1203-05-07 WEST  
OREGON STREET, URBANA**

(31) The University has been offered the opportunity of purchasing the properties at 1203-05-07 West Oregon Street, Urbana.

The properties consist of a three-story brick apartment building and two three-story frame houses which have been remodeled into apartment buildings. There are twenty-eight apartments in the three properties which under present leases produce an annual gross income of \$23,580. All leases are on the month-to-month basis; twelve of the present tenants are members of the University staff. The three properties, including the furnishings and equipment of the owner, are offered at a price of \$190,000, if accepted by October 15, 1955. The appraised value of the properties, exclusive of furnishings and equipment, is \$180,000. An estimate indicates that the value of the equipment exceeds the difference between the appraisal and the offer.

The land is within the area of the University's long-range campus expansion. No specific use of the properties by the University is now proposed, but the buildings can be used for staff housing, student housing, or for offices and laboratories. Ultimately, the land will provide a site for a major building.

Funds for the acquisition of these properties can be secured from the following sources:

- a. The balance in the funds received from the sale of University properties which has been held in reserve for improvements and maintenance of staff housing which might be retained by the University. The current balance is \$184,229 of which approximately \$20,000 should be retained for improvements and maintenance of the "National Homes" houses still owned by the University. Therefore, \$160,000 is available in this reserve.
- b. The balance in funds received for indirect costs on research projects allocated for general University use, \$30,000.

The purchase of these properties has been recommended by the Building Program Committee, the Director of the Physical Plant, the Comptroller, and the Provost.

In accordance with these recommendations, I request that the purchase of these properties be authorized at the quoted sale price of \$190,000 and that the Board of Trustees assign funds for this purpose from the balances in the sources indicated above.

On motion of Mr. Bissell, the purchase of these properties and the assignment of funds were authorized as recommended. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mr. Williamson; no, none; absent, Mr. Stratton, Mrs. Watkins.

**RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE**

(32) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Casting of single metal phosphides and preparation of polymetal phosphides — Shun Sheng Hsu, Research Associate in Chemical Engineering, Sherlock Swann, Jr., Research Professor of Chemical Engineering, and J. C. Bailar, Jr., Professor of Inorganic Chemistry, inventors. This invention, developed in connection with research under a contract with the United States Navy, is concerned with the process of casting single metal phosphides and with the process of preparing phosphides of two or more metals in a homogeneous single phase. It is the opinion of the division of chemical research of the Department of Chemistry and Chemical Engineering and the inventors that, although the invention has some commercial possibilities, the commercial value would not warrant the expenditure of University funds for developing and securing a patent. The Patent Committee concurs and recommends that the University's rights to the invention be released to the Office of Naval Research.

2. Millimicrosecond pulsed light — John H. Malmberg, Research Assistant in Physics, inventor. This is a device which produces light pulses of a very short duration, at a time determined by an externally applied trigger. It is for use in research in nuclear physics. The Department of Physics reports that the use of this development is limited to research laboratories which have extreme requirements for the performance of scintillation counters. In the opinion of the Department the commercial possibilities are so limited that the University would not be justified in expending funds for a patent application. The Patent Committee concurs and recommends that the invention be released to the inventor for publication or for a patent application in his own name.

3. Combustion system for regenerative gas turbine — John C. Miles, Professor of Mechanical Engineering, and Norman A. Parker, Professor and Head of the Department of Mechanical Engineering, inventors. This invention concerns a method of burning oil or gasoline in a gas turbine operating on the regenerative cycle, by employing a combustion method whereby the fuel is supplied to the combustor at a point in the air stream ahead of the regenerative matrix. This invention was disclosed to the University Patent Committee on August 12, 1955, and that Committee immediately referred it to the University of Illinois Foundation for investigation and report. On September 15 the Foundation reported that there was a great deal of interest in this invention by the motor car industry. In order to protect the interests of the University and the inventors, the Foundation's patent attorney urged that an immediate application for a patent be filed. Accordingly, the Patent Committee authorized the University of Illinois Foundation to make immediate application for a patent. The Committee recommends that the rights and interests of the University in this invention be transferred to the University of Illinois Foundation for patent application and development.

I concur in these recommendations.

On motion of Mr. Bissell, these recommendations were approved.

#### VACATION OF PORTION OF ILLINOIS STREET IN URBANA, ILLINOIS

(33) The Ordinance of the city of Urbana, Illinois, for the vacation of Illinois Street between Mathews and Goodwin Avenues provides that the vacation shall become effective when owners of all the property abutting upon that portion of the street shall have paid compensation aggregating \$51,613, plus interest, to the city for the benefits which will accrue to them by reason of the vacation and when the University files with the City Clerk a written undertaking, under its seal, "to forever indemnify the city of Urbana, Illinois, and hold it harmless against any and all claims which may be asserted against it by any of the public utility companies now maintaining public service facilities in said portion of said street on account of this vacation thereof and also against any and all claims for damages which may be asserted by any and all other persons, firms, and corporations against the city of Urbana on account, or as a result, of this vacation of said portion of said street."

When this Ordinance was adopted the University owned a substantial portion of the property abutting upon that block of Illinois Street on each side thereof. Through acquisition of title to the properties abutting upon that portion of the street then owned by the Wesley Foundation and Mrs. Anna Marie Swinford, the University is now the owner of all of the property abutting upon that block of Illinois Street on each side thereof, although it is possible, but not

certain, that its ownership of a small portion of the property abutting on the south side of the street may be subject to an easement of ingress and egress claimed by certain owners of other property in the block lying immediately south of the portion of the street to be vacated. The University hopes to make arrangements with these property owners whereby they will release any possible easement over University property for ingress to or egress from their properties to Illinois Street by substituting a driveway giving them ingress and egress thereto from Goodwin Avenue for the passageway which some of them are now using. If such an arrangement can not be worked out with all of the property owners it may be necessary for the University to institute suit to ascertain whether their claim to an easement is valid and, if it is upheld by the courts, to then institute a proceeding to condemn it.

Pursuant to action taken by the Board of Trustees, the University has heretofore paid to the city that portion of the amount specified in the Ordinance, plus interest thereon, allocable to all of the property abutting upon the street in the block with the exception of that at 1208 and 1210 West Illinois Street. Because of an error made in calculating the value of the land in the street at the sum of \$2.00 per square foot, the amount specified in the Ordinance is incorrect and should have been \$52,243, and the payment heretofore made to the city was calculated upon the last mentioned and correct basis. The balance to be paid the city under the Ordinance is \$6,444.07, plus interest from September 11, 1952.

Representatives of the University's Physical Plant Department have discussed the vacation of the street with representatives of the interested public utility companies and have received verbal assurances that if any rerouting of utility lines in the area affected by the vacation made necessary by the University's use of the street as a portion of the site for the Biology Building is done at University expense, which is customary in situations of this nature, it is unlikely that any claims will be asserted against the city or the University as the result of the vacation of this block of Illinois Street by any of the public utility companies. Hence, it is not anticipated that the vacation will result in the assertion of claims for damages against the city or the University and, if any such claims are asserted, it is believed that suits upon them can be successfully defended. At any rate, it is necessary to file with the City Clerk the indemnity agreement specified in the Ordinance to render the vacation of the street effective so that the street can be used as a building site.

The Director of the Physical Plant Department, the Legal Counsel, and the Comptroller recommend adoption of the following resolution:

#### *Resolution*

*It is hereby resolved* by this Board of Trustees of the University of Illinois that the Comptroller of the University be, and he is hereby authorized, to pay to the city of Urbana, Illinois, out of funds available therefor, the balance in the sum of \$6,444.07 plus interest thereon from September 11, 1952, to the date of the payment thereof now remaining unpaid of the sum of \$52,243.00, plus interest thereon provided in and by the Ordinance of said city, duly adopted by its City Council and approved by its Mayor on November 3, 1952, to be paid said city by the Board of Trustees of the University of Illinois as the present owner of all of the property abutting upon the block of Illinois Street between Mathews and Goodwin Avenues in said city on each side of said street in said block as compensation to said city equal to the benefits which will accrue to the Board of Trustees of the University of Illinois as the owner of said abutting property by reason of said vacation of said portion of said Illinois Street in accordance with the provisions of said Ordinance.

*It is further hereby resolved* by this Board of Trustees that the Comptroller and Secretary of this Board be, and they are hereby, authorized and directed to execute, on behalf of the Board of Trustees of the University of Illinois, the latter's written undertaking, under its seal, covenanting, agreeing, and undertaking to forever indemnify the city of Urbana, Illinois, and hold it harmless against any and all claims which may be asserted against it by any of the public utility companies now maintaining public service facilities in the portion of Illinois Street in said city lying between Mathews and Goodwin Avenues therein on account of the vacation provided for in said Ordinance of said portion of

Illinois Street and also to forever indemnify the city of Urbana, Illinois, and hold it harmless against any and all claims for damages which may be asserted by any and all other persons, firms, and corporations against said city on account, or as a result, of said vacation of said portion of said Illinois Street, and to file said written undertaking with the City Clerk of said city in accordance with the provisions of said Ordinance when said written undertaking has been approved by the University's Legal Counsel and has been so executed.

I concur.

On motion of Mr. Livingston, the foregoing resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mr. Williamson; no, none; absent, Mr. Stratton, Mrs. Watkins.

#### CHANGE IN SABBATICAL LEAVE OF ABSENCE

- EDELMAN, MURRAY, Associate Professor of Political Science and of Labor and Industrial Relations, was granted sabbatical leave of absence, on one-half pay, for the academic year 1955-56, contingent upon receipt of a Fulbright grant. Subsequently, on his request, this leave was cancelled, without prejudice, but he has reconsidered his decision and now requests a sabbatical

leave of absence, with one-half pay, for the second semester of 1955-56 only. His request has been concurred in by all administrative officers concerned. Since this would be a restoration, in part, of leave previously authorized by the Board, President Lloyd Morey approved it and his action is reported for record.

Dr. Reynolds has visited the Chicago Professional Colleges twice and has met all the members of the staff in the Department of Anatomy as well as several other

members of the faculty. The appointment is also approved by the Dean of the Graduate College and the Provost.

I am pleased to recommend this appointment.

On motion of Mrs. Watkins, this appointment was approved.

#### INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS ADVISORY COMMITTEE

(3) The Director of the Institute of Labor and Industrial Relations recommends the following appointments to the Institute's Advisory Committee for a term of three years beginning as of September 1, 1955:

DONALD H. TILSON, Works Manager, Aluminum Company of America, East St. Louis, Illinois.

I concur.

On motion of Mr. Livingston, these appointments were approved.

#### SALE OF UNIVERSITY HOUSE

(4) Pursuant to the plan authorized by the Board of Trustees for the sale of University-owned residence properties in Urbana-Champaign which are outside the area of future campus expansion, the Director of the Physical Plant and the Comptroller recommend the sale of the residence property at 412 Hessel Boulevard, Champaign, to Delford R. and Dorothy J. Cantrell, at a price of \$13,500. The University investment in this property is \$15,613.22.

This is a Small Homes Council unit constructed in 1947. The University investment includes the original cost plus subsequent improvements. The sale price was determined by an independent appraisal by a real estate expert.

I concur and recommend adoption of the following resolution:

#### *Resolution*

WHEREAS, Delford R. Cantrell and Dorothy J. Cantrell, his wife, of Champaign, Illinois, hereinafter termed "Purchasers," have offered to purchase the hereinafter described property known as 412 Hessel Boulevard, Champaign, Illinois, upon the terms and conditions hereinafter set forth:

*Now, Therefore, Be It Resolved* by the Board of Trustees of the University of Illinois, a public corporation of the state of Illinois, that the Comptroller and Secretary of this Corporation be, and they hereby are, authorized and directed, in the name, and in behalf of this Corporation to enter into an agreement with said Purchasers providing for the sale and conveyance to them of the hereinafter described property upon the following terms and conditions:

- (A) At a sale price of \$13,500.00 with customary adjustments to be made therein for taxes, insurance, and abstracting costs;
- (B) This Corporation to furnish Purchasers a merchantable abstract of title and pay for the required Federal Revenue stamps;
- (C) Possession to be retained by Purchasers under the terms of the presently existing lease of said premises until final closing or termination of the contract of sale.

- (D) Purchase price to be paid in full at the time of delivery of the deed and not later than six months after the date the contract is executed.
- (E) In the event said property should not qualify upon government appraisal for a Government Insured Loan (either G.I. or F.H.A. at Purchaser's option) and written notice thereof is given to this Corporation by Purchasers within six months from the date the contract is executed, the contract shall become ineffective, null and void.
- (F) The title to be conveyed to be subject to special assessments becoming a lien after the date hereof, building restrictions and easements of record.
- (G) Such other terms and conditions as said Comptroller and Secretary may deem necessary or desirable.

*Be It Further Resolved* that upon compliance with the terms of said agreement by Purchasers, and in accordance with the terms thereof, said Comptroller and Secretary be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name and in behalf of, this Corporation, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Purchasers, not in tenancy in common, but in joint tenancy, title to the following described property, viz:

Lot Four (4) in Lewis S. Colbert's Replat of Lots 119, 120, 121, and part of Lots 115 and 118, in Highland Place Addition to the City of Champaign, situated in the City of Champaign, in the County of Champaign, in the State of Illinois.

On motion of Mr. Bissell, the sale of this house was authorized and the foregoing resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### ADJUSTMENTS IN THE BUDGET

(6) Although action of the Board in approving the University's operating budget for the academic and fiscal year 1955-56 authorizes the President of the University to make such adjustments as are necessary, I, nevertheless, desire to report the following major changes which I have approved since September 1:

Office of Admissions and Records, an increase of \$6,900. To provide for the salaries of two nonacademic positions in the Office at Urbana-Champaign and one at the Chicago Undergraduate Division which are required because of the increased volume of business these offices must handle. This is a permanent increase in the budget.

Chicago Undergraduate Division, an increase of \$20,000. This is an assignment from the General Reserve Fund to the College of Liberal Arts and Sciences (\$11,000) and to the College of Engineering (\$9,000) to provide for increased enrollments for the current year 1955-56. It is not necessarily a permanent increase in the budget.

On motion of Mr. Herrick, these actions of the President were confirmed.

#### CONTRACTS FOR ADDITION TO POWER PLANT

(7) The Director of the Physical Plant and the Comptroller recommend award of contracts for the addition to the Abbott Power Plant as follows:

Pressure reducing equipment—Republic Flow Meters Company, Chicago  
(lowest bidder) .....\$ 3 699  
Ash handling equipment—United Conveyor Corporation, Chicago..... 28 894

While the Chicago Fire Brick Company submitted a lower bid of \$28,173.50 for the ash handling equipment, Sargent & Lundy, Chicago, mechanical engineers for this project, recommend and the Director of the Physical Plant concurs that this bid be rejected because (a) considerably less steam is required for the vacuum producing exhauster in the United Conveyor Corporation's equipment so that the annual operating cost is approximately \$600 a year less than would be the cost of using Chicago Fire Brick Company's equipment, and (b) the ash handling equipment now installed in the Abbott Power Plant was furnished by United Conveyor Corporation and has given satisfactory service. Spare parts on hand are suitable for use with the equipment included in the proposal of United Conveyor Corporation, whereas additional parts would have to be purchased for the Chicago Fire Brick Company's equipment.

Funds are available in the state appropriations to the University for 1955-57 for buildings and other capital improvements.

I concur in the above recommendation and request that the Comptroller and the Secretary of the Board be authorized to execute the contracts to be awarded, subject to release of funds by the Governor.

On motion of Mr. Livingston, the bid of the Chicago Fire Brick Company was rejected for the reasons stated in the recommendations of University officers; and

On motion of Mr. Livingston, the contracts were awarded as recommended by University officers, and the Comptroller and Secretary of the Board were authorized to execute these contracts.

#### CONTRACT FOR ALTGELD HALL ADDITION

(8) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$13,851 to Bellis & Miller, Champaign, the lowest bidder, for plumbing installations in the relocation and reconstruction of utilities for the addition to Altgeld Hall.

Funds are available in the state appropriations for 1955-57 for buildings and other capital improvements.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Swain, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

**AGREEMENT BETWEEN THE MEDICAL CENTER STEAM COMPANY  
AND THE CHICAGO LIGHTHOUSE FOR THE BLIND  
FOR STEAM SERVICE**

(g) The Vice-President in charge of the Chicago Professional Colleges, the Comptroller, and the Director of the Physical Plant recommend authorization of an agreement between the University and the Chicago Lighthouse for the Blind, hereinafter referred to as the Lighthouse, for steam service to be supplied by the Medical Center Steam Company to a building being constructed by the Lighthouse in the Medical Center District. The agreement will include the following provisions:

- (a) The University will furnish steam to the Lighthouse with a maximum demand not exceeding four thousand pounds per hour at any hour.
- (b) The Lighthouse will pay the University \$19,180, the calculated cost of the portion of capital facilities needed to produce steam to be furnished. This amount will be immediately paid by the University to the Medical Center Steam Company as a special amortization payment, thus reducing the outstanding indebtedness on the steam plant and interest costs.
- (c) The Lighthouse will be billed for steam furnished at a rate which will cover all wages and other expenses of the Steam Company applicable to the production of steam for the Lighthouse, plus a ten per cent charge of such costs to cover the University's overhead expenses. The Lighthouse will accept billings at the end of each month and pay them in full within twenty days.
- (d) The Lighthouse will purchase and install in its building steam flow and condensate meters of the type and size approved by the University. Title to the meters will be conveyed by the Lighthouse to the Medical Center Steam Company.
- (e) The Lighthouse will construct and pay for the steam distribution and condensate return system necessary to carry steam to its building in accordance with plans and specifications approved by the University. The system will connect with the facilities of the Medical Center Steam Company and shall be considered as extending to and including the first valve on the steam and condensate lines inside the Lighthouse building. The Lighthouse will convey without charge to the Medical Center Steam Company, through the University, title to the steam distribution and condensate return system not later than thirty days after completion of installation and testing of the system, and will provide an easement to the Company and the University granting access to the area under which the system is installed.
- (f) The University will be released from liability for any loss, damage, or injury caused by leakage escape or presence of steam vapor or water on the premises of the Lighthouse.
- (g) The agreement will terminate on June 30 following its effective date, and will be renewable on a year-to-year basis at the end of each period unless written notice of intended termination is given by either party prior to January 1 of any annual period.
- (h) The agreement may not be assigned by the Lighthouse without written consent of the University.

It is estimated that the Lighthouse will use approximately five million pounds of steam per year. The present cost of production of steam at the Medical Center Steam Company is \$1.03 per thousand pounds, so that the estimated annual billings to the Lighthouse will be approximately \$6,000 a year. At the present time, the steam plant has the capacity to furnish this amount of steam without additions to its facilities, and the sale of steam to the Lighthouse will probably result in a lowering of operating costs and a subsequent saving to all users of the plant. The estimated saving to the University as a result of this increased production of steam is approximately \$1,500 a year.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute this agreement.

On motion of Mrs. Watkins, the Comptroller and Secretary of the Board were authorized to execute this agreement as recommended.

**REVISION OF UNIVERSITY OF ILLINOIS STATUTES**

(12) As the Board has previously been informed, a Committee of the University Senate and an Administrative Committee appointed by President Lloyd Morey have been working jointly on a revision of the University of Illinois Statutes. The first section which includes all statutory provisions dealing with matters of educational policy and organization in which the University Senate has a natural concern has been completed and is now under consideration by the Senate.

At the Board meeting on April 27 the President of the Board was authorized to appoint a special committee to consider the statutory revisions to be recommended by the Senate and the President of the University. This authorization was to replace a committee appointed in 1953 which needed to be reconstituted because of changes in the personnel of the Board.

The Senate Committee and the Administrative Committee are ready to discuss with the Board Committee the substance of the proposed Statutes. The Senate Committee will then report to the Senate the results of these discussions. All members of the Board have received a draft of part one of the Statutes with the corresponding sections in the present Statutes shown for purpose of comparison.

Much of what has been done here is editorial revision and codification of organizational patterns and procedures already authorized. There are a few substantive changes, and it is with particular reference to these that the Senate Committee and the Administrative Committee desire a conference with the Board of Trustees for the purpose of explanation.

This report was received for record.

**POLICE TRAINING INSTITUTE**

(13) The Sixty-ninth General Assembly of Illinois enacted a law (Senate Bill No. 649) for the establishment and operation of a Police Training Institute by the University of Illinois.

The bill provides that the training offered by the Institute shall be under the direction of the Division of University Extension and that there shall be three representatives of the University designated by the Board of Trustees to serve on a policy committee for the selection of the curriculum. Accordingly, I am nominating the following as the University's representatives: Director Royden Dangerfield, Institute of Government and Public Affairs; Professor Charles H. Bowman, College of Law; and Mr. Joseph E. Ewers, Security Officer.

On motion of Mr. Livingston, these appointments were approved.

**EASEMENT ACROSS HACKETT FARMS**

(14) The Board of Trustees at its meeting on September 23 considered a request from the Panhandle Eastern Pipe Line Company of Kansas City, Missouri, for an easement to construct and maintain a six-inch pipe line parallel to and within thirty feet of an existing pipe line on the Hackett Farms in Douglas County, owned by the University and held in trust as an endowment of scholarships. The Company offered \$1.00 per linear rod and to pay for all damages to crops, fences, or property resulting from the installation and operation of the pipe line.

Action on this was deferred and University officials were instructed to inform the Company that the Board regards the compensation offered as too small in terms of the amount of work required of University personnel and the overhead costs incidental to the granting of this easement.

The Company now offers \$2.00 per linear rod, plus reimbursement for actual damages, and the University will have the right to purchase gas through one tap for domestic purposes in one residence. This is a reasonable figure which does not penalize the Company and maintains the price which other landowners in the vicinity are willing to accept for such easements.

The Executive Committee of the Board was empowered to act and has authorized the easement on the basis of the new terms.

On motion of Mr. Bissell, the action of the Executive Committee was confirmed.

**ADDRESS BY DEAN FRED H. TURNER**

President Henry presented Dr. Fred H. Turner, Dean of Students, who addressed the Board on student housing problems at Urbana-Champaign.

**NOVEMBER MEETING**

On motion of Mr. Bissell, the Board voted to hold its next regular meeting in Chicago, Illinois, on Wednesday, November 23, 1955, the time and place to be determined by the President and Secretary of the Board, with the understanding that the President may exercise the authority given him in the By-Laws of the Board to change the date to a later one if it appears that the amount and nature of the business to be presented would not justify a meeting on November 23.

## EXECUTIVE SESSION

At this point an executive session was requested and was ordered for discussion of a matter of policy on which the President of the University desired the advice of the Board.

President Henry discussed with the Board the proposed state scholarship program for private and public institutions and the position which the University of Illinois should take with respect to such a program.

## RECESS

The Board recessed to be guests of Major Lenox R. Lohr, President of the Museum of Science and Industry, at luncheon.

Following luncheon, Major Lohr addressed the Board and with particular reference to the University of Illinois exhibits in the Museum. President Megran expressed for the members of the Board and other guests appreciation of the hospitality of Major Lohr and his staff.

On motion of Mrs. Watkins, the Board adjourned.

I concur.

On motion of Mrs. Watkins, this appointment was approved.

### GROUP LIFE INSURANCE FOR AGRICULTURE AND HOME ECONOMICS EXTENSION STAFF

(4) Several years ago, after extensive negotiation and study, it was ruled that employees in the Extension Service in Agriculture and Home Economics in the College of Agriculture whose salaries are paid in full or in part from federal funds and who have cooperative appointments from the United States Department of Agriculture shall be considered as federal employees for the purpose of retirement benefits and should participate in the Federal Retirement System and not the University Retirement System of Illinois. This change has been made and practically all such employees are now under the Federal Retirement System.

In 1954, a program of group life insurance was made available to federal employees, but Extension Service employees were excluded. Recently, the Federal Civil Service Commission amended the regulations governing this program to make Extension Service employees holding cooperative appointments in the Department of Agriculture eligible to participate.

The program provides that each participant shall receive \$1,000 of life insurance for each \$1,000, or fractional part thereof, of his annual salary from all sources plus an equal amount of group accidental death and dismemberment insurance. After age sixty-five, the amount of insurance is gradually reduced to 25 per cent of the salary at age sixty-five. The premium paid by the employee is fifty-four cents a month per \$1,000 regardless of age, and the contribution required of the employer, in this case the University, is one-half the amount of the employee's premiums. The employer contribution is payable entirely from federal funds received by the University so that there is no problem of using state funds. If the University of Illinois participates in this program, the Business Office would be required to withhold employee premiums from salaries and remit the same to the United States government.

The question of authorizing the Extension workers to participate in the federal group life insurance program has been considered by the Advisory Committee to the Board of Trustees of the University Retirement System of Illinois and by the University Committee on Insurance. Both have recommended participation in this program. The Dean of the College of Agriculture and the Comptroller recommended authorization of University participation in this program for cooperative Extension Service employees who are members of the Federal Retirement System and who are not participants in the University Retirement System, effective January 1, 1956.

I concur.

On motion of Mrs. Holt, this recommendation was approved.

### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(5) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. College of Pharmacy, equipment for the physics laboratory.....	\$22 900
2. Division of Biological Sciences, Chicago Undergraduate Division, modification and purchase of microscopes.....	9 744

### PRESIDENT'S OFFICE BUDGET

(6) I request authorization of an increase of \$4,500 in the annual operating budget of the President's Office to provide for the salary and incidental office expenses

of a Research Associate for special assignments related to the University's work. For the present this would provide for one-half time service of the Research Associate and part-time or intermittent services of auxiliary clerical personnel, reserving for future consideration the possibility of expansion of such services if that is indicated.

On motion of Mr. Johnston, this assignment of funds was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

#### **APPROPRIATION FOR BUSES FOR TRANSPORTATION OF DISABLED STUDENTS**

(7) The University has accepted a gift from the Greyhound Corporation of two busses for use in the transportation of disabled students enrolled at Urbana-Champaign. The busses were remodeled by the Blitz Auto Body Company of Chicago (on a cost basis) for this special use. The busses are an outright gift, arranged through the efforts of two fathers of disabled students who have also undertaken to raise the funds to cover the cost of remodeling the vehicles.

Solicitation of contributions for this is now underway but in the meantime a bill of \$10,973.58 for the remodeling of the busses must be paid. The Comptroller and the Provost recommend an appropriation of this amount for payment to the Blitz Auto Body Company with the understanding that this will be considered as an advance to the extent that funds are received from parents of disabled students to defray the cost.

I recommend that this appropriation be made from the General Reserve Fund.

On motion of Mr. Livingston, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

#### **ARCHITECTURAL PLANS AND WORKING DRAWINGS FOR CONSTRUCTION OF THE BAND BUILDING**

(8) The Building Program Committee has recommended that architectural studies prepared by the Physical Plant Department for the construction of the Band Building be approved so that the Department may proceed with the preparation of working drawings and that the Department be authorized to employ such consultants as may be needed, particularly for advice on acoustics.

I have approved the above recommendations and have authorized the University architects to proceed with working drawings and specifications, subject to any questions that might be raised by the Committee on Buildings and Grounds of the Board of Trustees. The working drawings will include installation of air conditioning on which alternate bids will be taken so that air conditioning may be included or omitted, depending upon availability of funds.

Confirmation of this action is requested.

On motion of Mr. Livingston, the President's action was confirmed, subject to some changes in the design of the Band Building recommended by the Committee on Buildings and Grounds for consideration by the architects.

#### **CONTRACT FOR ALTERATIONS OF SPACE IN THE DENTISTRY-MEDICINE-PHARMACY BUILDING**

(9) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$37,300 to the Mutual Contracting Company, Chicago, the lowest bidder, for alterations in the Dentistry-Medicine-Pharmacy Building. The work will consist of the rearrangement of partitions, improvements in lighting and ventilation, and the installation of new laboratory equipment in space formerly occupied by the Department of Pathology and now used by the Department of Oral Surgery. This part of the program of remodeling in the Dentistry-Medicine-Pharmacy Building is to rehabilitate existing facilities and increase their capacities.

Funds are available in the 1951 Revenue Bond Construction Account.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded, and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **CONTRACT FOR REROOFING NATURAL HISTORY BUILDING**

(10) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$12,453 to Harlan E. Moore and Company, Champaign, the lowest bidder, for reroofing flat deck areas of the Natural History Building, removing and replacing gutters at the edges of flat roof areas, and providing sheet metal flashing work as is required.

Funds are available in the Physical Plant operating budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded, and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **CONTRACT FOR STRUCTURAL STEEL AND COAL BUNKER FOR ADDITION TO HEATING PLANT**

(11) The Executive Committee reports that on recommendation of the Director of the Physical Plant and the Comptroller, and with the concurrence of the President of the University, it has authorized the award of a contract for \$66,518 to Vierling Steel Works, Chicago, for furnishing, fabricating, and delivering all structural steel needed for the steel coal bunker for the addition to the Abbott Power Plant.

In order to expedite the work, bids were taken on the unit price per pound of steel because in this way bids could be received in advance of the completion of detailed plans and specifications. Control over the total cost of the contract can be maintained in that the amount of steel delivered will be based upon actual needs as specified in the plans. A low bid of \$64,647.50 was submitted by Allied Structural Steel Companies, Chicago, but because of prior engineering and shop commitments this bidder could not assure delivery of steel in accordance with the schedule set forth in the specifications. Unless the delivery dates specified are met, construction of the addition to the plant could be delayed from four to seven months into winter weather conditions, which could easily result in a greater cost than the difference between the lowest bid and that of the Vierling Steel Works, and might even prevent completion of the power plant addition within the current biennium for which the appropriation is available. Because of favorable allotments from steel mills, the Vierling Steel Works can make delivery in accordance with specifications, or about four months sooner than the delivery date which Allied Structural Steel Companies could guarantee, but to meet this schedule, Vierling Steel Works had to receive the contract prior to November 11, 1955, so that it could enter its order with the rolling mill and schedule fabrication in their shops ahead of other commitments.

The bid of the Vierling Steel Works is within the University's estimates of the cost of this phase of the job and funds are available in the state appropriation "For addition to the heating plant, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work," and have been released by the Governor.

In view of the obvious advantage to the University, the Executive Committee authorized acceptance of the second lowest bid and awarded the contract to the Vierling Steel Works.

On motion of Mr. Livingston, the action of the Executive Committee was confirmed, and the Comptroller and the Secretary of the Board were authorized to execute the contract awarded by the Executive Committee.

**CONTRACTS FOR ADDITION TO ABBOTT POWER PLANT**

(12) The Director of the Physical Plant and the Comptroller recommend awards of contracts as follows for the addition to the Abbott Power Plant:

Coal handling equipment—Stephens-Adamson, Inc., Chicago.....\$134 408  
Electrical equipment:

4160V switchgear with air current breakers—General Electric Co., Chicago.....	20 855
Extension to existing 4160V switchgear with oil circuit breakers—Allis-Chalmers Manufacturing Co., Chicago.....	19 839
4160V three-phase series reactor—General Electric Co., Chicago....	5 282
440V switchgear—I-T-E Circuit Breaker Co., Chicago.....	12 021
Sixty-cell lead acid storage battery and racks—I-T-E Circuit Breaker Co., Chicago .....	3 410

All of the above awards are to the lowest bidders on the basis of specifications.

Funds are available in the state appropriation "For addition to the heating plant, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges to the completion of the work," and have been released by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

**NAMING OF BUILDINGS**

(13) On recommendation of the Dean of the College of Veterinary Medicine, the new building on Maryland Drive south of Pennsylvania Avenue has been named the Veterinary Medicine Large Animal Clinic.

On recommendation of the Director of the School of Music and the Dean of the College of Fine and Applied Arts, the School of Music annex building at 1204 West Nevada Street, Urbana, has been named Hill Annex for the late Professor William G. Hill, who was a member of the School of Music faculty until his death in 1953. This is especially appropriate since the building is being used as a musicological staff-student center which was Professor Hill's professional interest.

The names of these buildings are being reported for the official record.

On motion of Mr. Bissell, the College of Veterinary Medicine was requested to consider abbreviating the name of the Large Animal Clinic.<sup>1</sup>

**QUARTERLY REPORT OF THE COMPTROLLER**

(16) The Comptroller presents his quarterly report to the Board of Trustees as of September 30, 1955.

This report was received for record and a copy has been filed with the Secretary of the Board.

**CONTRACTS FOR ALTGELD HALL ADDITION**

(17) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for the construction of the Altgeld Hall addition:

General — C. A. Petry & Sons, Champaign

On the basis of lowest bid of.....\$241 000

Less two alternates for omission of work to reduce the cost and keep the total within available funds:

Changing method of laying up Haydite block partitions and wall facings from a "stacked" bond to a "running" bond ..... 3 200

Omitting all painting of Haydite block or concrete surfaces ..... 5 200 \$232 600

Electrical — Potter Electric Service, Urbana..... 15 862

Plumbing — Bellis & Miller, Inc., Champaign..... 14 958

Heating and ventilating — Schroeder & Sons, Champaign..... 76 895

All the above awards are to the lowest bidders, and the bids are based on construction that will permit future installation of air conditioning. Alternate bids taken indicate an additional cost of \$29,943 if air conditioning is included in the construction, but acceptance of these alternates is not recommended since provision for air conditioning was not included in the estimates on which the appropriation request was based, and funds are therefore not available for this phase of the work.

The Board has previously authorized awards of contracts totaling \$98,532 for relocating utilities now in the ground under the addition site and reconstructing the utility centers within the present building and incidental internal construction revisions necessary to serve the addition.

The total budget for this project is \$494,064.62 and the sources of funds are:

From state appropriations for 1955-57:

"For remodeling of an addition to Altgeld Hall, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work" .....\$368 000 00

"For contingencies to cover expenditures for purposes for which the amount in any of the above items is insufficient" ..... 120 000 00

"For equipment at Urbana-Champaign and at Chicago" ..... 2 000 00

University funds assigned for Architectural Studies for Future Buildings ..... 4 064 62

I concur in the above recommendations and request that the Comptroller and the Secretary of the Board be authorized to execute these contracts subject to release of funds by the Governor.

On motion of Mr. Livingston, these contracts were awarded as recommended and the Comptroller and the Secretary of the Board were authorized to execute the same.

**TELEVISION TRANSMITTER MEMORIAL**

(18) The television transmitter recently installed in the University's Television Station is a gift from the General Electric Company, acceptance of which was authorized by the Board of Trustees in 1951. Officials of General Electric have asked that this transmitter be designated as a memorial to the late William A. Knight, Class of 1934. With the exception of three years in the Navy during World War II, Mr. Knight was in the employ of the General Electric Company from the time of his graduation until his death in November, 1953, and was sales manager of the Peoria office. He was the son of Professor *Emeritus* Abner R. Knight of the Department of Electrical Engineering and Mrs. Knight.

The designation of this memorial has been authorized and I am reporting it for record.

This report was received for record.

**RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE**

(19) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Synthesis of Hypoxanthine—Ekkehard Richter, former Research Associate in the Department of Chemistry and Chemical Engineering, and E. C. Taylor, Jr., former Assistant Professor of Chemistry, inventors. This is a new procedure for the preparation of Hypoxanthine developed by Doctors Richter and Taylor under the sponsorship of a United States Public Health grant to the University. It is the opinion of the Department of Chemistry and Chemical Engineering that this development has little commercial significance. This development has been reported to the United States Department of Health, Education, and Welfare and that agency has advised that it does not wish to obtain a patent on it but recommends that it be published. The Patent Committee concurs and recommends that this development be released to the inventors for publication.

2. Process and composition for chemical thinning of fruit—Victor W. Kelley, Associate Professor of Pomology, inventor. This is a formulation of a chemical dust to be applied to fruit trees when the fruit is quite small to thin out a substantial portion of the green fruit and eliminate the cost of hand thinning. This was developed in part under a grant from the Niagara Chemical Division of the Food Machinery and Chemical Corporation. The Department of Horticulture is of the opinion that there is some possibility of commercial value and, accordingly, the Patent Committee has requested the University of Illinois Foundation to investigate the possibilities of a patent and report back to the Committee.

3. Vacuum concentrator—R. G. Hansen, Associate Professor of Dairy Biological Chemistry, and Arthur F. Robbins, Senior Glass Blower, inventors. This is a device for highly efficient drying of biological materials. The Agricultural Experiment Station is of the opinion that this device has little or no commercial value and recommends that it be released to the inventors. The Patent Committee concurs in this recommendation.

4. Drag indicator for aircraft cockpits—Malcolm L. Ritchie, Research Associate in Psychology, inventor. This device is an indicator for determining the drag of elements which project into the airstream—wheels, flaps, chute, etc.—and enhances safe operation. This was developed under an Air Force contract, and the Air Force has recommended that the University or the inventor obtain a patent on the device. The Patent Committee has requested the University of Illinois Foundation to investigate the commercial possibilities of this development and report back to the Committee.

5. Process of a durable coating for magnetic drum—Raymond R. Nelson, an employee of the Raytheon Manufacturing Company, inventor. This was developed under a subcontract which the University holds with the Raytheon Manufacturing Company, under the prime contract for the Control Systems Laboratory. It is a technique of drumcoating process whereby certain dispersions are sprayed on an article. The Raytheon Manufacturing Company has a right to a patent with nonexclusive license to the University and the United States government. The Raytheon Patent Committee has decided not to file a patent application, thus releasing the rights to the invention to the University. The Control Systems Laboratory is of the opinion that the value of the invention does not warrant the Uni-

versity going to the expense of securing a patent. The Patent Committee concurs in this opinion and recommends that the rights which the University holds to this invention be transferred to the Department of the Army, the sponsoring agency.

6. A VHF and UHF wide band balun, differential or phase inverter transformer — Thomas R. O'Meara, Research Associate in Electrical Engineering, and Richard L. Sydnor, Research Assistant in Electrical Engineering, inventors. This is a wide band balun transformer which is suitable for use in the VHF and UHF bands to improve impedance conditions as applicable to electronic test equipment and possibly by television receivers. The Patent Committee submitted this development to the University of Illinois Foundation in December, 1954, for investigation and report. It was also resubmitted to the Department of Electrical Engineering in July, 1955, for further study. However, the Foundation and the Department of Electrical Engineering have reached the conclusion that, while this idea is a good one, in order to develop it a considerable investment of funds would be necessary. An industrial engineer who was consulted was of the opinion that this would not develop into an item of great commercial value. The inventors have indicated that they do not wish to advance sufficient funds to secure a patent and, accordingly, the Patent Committee recommends that this invention be released to the Office of Naval Research, the sponsoring agency.

7. Hydraulic friction device — Norman A. Parker, Professor and Head of the Department of Mechanical Engineering, and William L. Hull, Professor of Mechanical Engineering, inventors. At its meeting on January 24, 1955, the Board of Trustees approved the recommendation that the rights of the University to this invention be transferred to the University of Illinois Foundation so that agency might proceed with a patent application. The Foundation has now advised that, as a result of the search in order to prepare the patent application, it became the opinion of the patent attorney and of the inventors that there was prior art in the invention. Accordingly, the Executive Committee of the Foundation has voted to drop the application for a patent. It is the opinion of the Patent Committee that no further work should be done on this by either the University or the Foundation. If the Chicago Ordnance District of the Department of the Army requests a release of the rights of the University in this development, it is recommended that this be done. Under the terms of the contract this release must be given if the University does not choose to apply for a patent.

I concur in these recommendations.

On motion of Mr. Bissell, these recommendations were approved.

#### DECEMBER MEETING

By unanimous consent the date of the next meeting of the Board of Trustees was set for Tuesday, December 20, 1955, beginning at 11:00 a.m. The Board accepted an invitation from Mr. C. W. Weldon, Treasurer of the University and Vice-President of the First National Bank of Chicago, to hold this meeting in the Directors' Room of the Bank.

#### DIVISION OF SERVICES FOR CRIPPLED CHILDREN

At this point, President Henry introduced Dr. Herbert R. Kobes, Director of the Division of Services for Crippled Children, who presented a sound film illustrating and relating some of the activities of the Division.

At the conclusion of this presentation, Dr. Kobes answered questions. Dr. Herbert E. Longenecker, Vice-President in Charge of the Chicago Professional Colleges, was also present during this presentation, and participated in the question and answer period.

The regular business of this meeting having been concluded, the Board recessed for luncheon.

#### MEETINGS OF BOARD OF TRUSTEES COMMITTEES

Following the luncheon recess, at the request of President Megran, the members of the Board of Trustees met as a Committee of the Whole for consultation with the President of the University. The Executive Committee also held a brief meeting.

#### EXECUTIVE COMMITTEE

The Executive Committee considered a recommendation for the purchase of equipment required for research on a project under a contract with the United States Atomic Energy Commission. The action of the Committee is recorded under the item of "Purchases" in the minutes of today's Board meeting.

#### COMMITTEE OF THE WHOLE

During the meeting of the Committee of the Whole, President Henry discussed with the Trustees a number of matters relating to University and public policy which do not require action by the Board but on which he desired advice. A memorandum of the subjects discussed has been filed with the Secretary of the Board and with the President of the University.

#### MARY L. BENTLEY SUIT AND COMPLAINTS

At the conclusion of these discussions, and at the request of President Henry, the following report was presented by the Legal Counsel concerning a complaint received by the University from Mrs. Mary L. Bentley, until recently employed as a nurse in the Research and Educational Hospitals, and legal proceedings instituted by her and her husband, Lemuel E. Bentley.

The Legal Counsel informed the Board that Mrs. Mary L. Bentley and her husband, Lemuel E. Bentley, had recently instituted a suit for damages against Dr. Donald J. Caseley, Medical Director of the Research and Educational Hospitals, and Mr. Paul A. Hartley, Associate Director of Nonacademic Personnel for the Chicago Professional Colleges, alleging in the complaint filed by them in the suit that Dr. Caseley and Mr. Hartley had unlawfully conspired against Mrs.

Bentley, solely because she is a member of the Negro race, to injure her reputation and to cause her to lose her position as a Staff Nurse at the Research and Educational Hospitals and had unlawfully suspended her and libeled her pursuant to that alleged conspiracy. Counsel also reported that charges similar to those made in the complaint filed in the suit against Dr. Caseley and Mr. Hartley had been sent by Mrs. Bentley or her husband to the Governor of Illinois, the United States Department of Justice, and others. He stated that, as the result of an investigation he and other University officers have made with respect to these charges, they are convinced that they are unjustified and without foundation. He further reported that, with the concurrence of the President of the University, he had obtained authority from the Executive Committee of the Board of Trustees to employ Mr. Albert E. Jenner, Jr. of Chicago to assist him in defending Dr. Caseley and Mr. Hartley in the suit, that they have successfully opposed two applications for an injunction made by Mrs. Bentley in the suit, and that he has sent a letter to the Department of Justice replying to the letter sent it by Mrs. Bentley.

Counsel informed the Board that Mrs. Bentley's suit and charges arise out of disciplinary action taken against her by Dr. Caseley and Mr. Hartley in suspending her from her University position and reviewed the events which had led up to her suspension.

He further reported that Mrs. Bentley had recently sent a complaint addressed to the President and Board of Trustees of the University charging Dr. Caseley with an alleged violation of Section 128K of Chapter 38, Illinois Revised Statutes, and requesting that an investigation of this charge be made under Section 128L of that chapter. He explained that Section 128K prohibits any officer or employee of the University from denying to any person, on account of race, color, or religion, the full and equal enjoyment of the "accommodations, advantages, facilities or privileges of his office or services or of any property under his care" and that this complaint of Mrs. Bentley's was obviously predicated upon the theory that an alleged conspiracy to cause her to resign or be discharged from her University employment, and any suspension imposed pursuant to that conspiracy would constitute a violation of this statute. He advised the President and the Board that, in his opinion and that of Mr. Jenner, employment at or by the University does not come within the purview of said statute and that Mr. Jenner and he are of the opinion, therefore, that the charges made in Mrs. Bentley's complaint to the President and the Board, even if taken and considered to be true, would not establish a violation of Section 128K and that an investigation of the charges under Section 128L is not required or warranted for that reason. Accordingly, he recommended that the Secretary of the Board be authorized to inform Mrs. Bentley that her complaint is not based upon grounds coming within the purview of Section 128K and no investigation of her charges will be made under Section 128L for that reason.

It was the consensus of the members of the Board that this recommendation was proper and should be adopted, and the Secretary of the Board was authorized to follow it.

On motion of Mr. Swain, the Board adjourned.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**December 20, 1955**

The December meeting of the Board of Trustees of the University of Illinois was held in the Directors' Room of the First National Bank of Chicago, Chicago, Illinois, on Tuesday, December 20, 1955, beginning at 11:00 a.m.

The following members were present: Mr. Cushman B. Bissell, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Vernon L. Nickell, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, and Mr. Kenney E. Williamson. Mr. Wirt Herrick and Governor William G. Stratton were absent.

Also present were President David D. Henry, Provost Henning Larsen, Mr. C. S. Havens, Director of the Physical Plant Department, Mr. J. F. Wright, Director of Public Relations; and Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary of the Board.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of the Board of Trustees on July 20, 1955, press proof copies of which had been sent to all members of the Board in advance.

On motion of Mr. Williamson, the minutes were approved as printed on pages 437 to 763, inclusive.

**EXECUTIVE SESSION**

At the request of the President of the University, a brief executive session was ordered for the consideration of the contracts for the construction of additions to the Men's Residence Halls. Director Havens presented a report and discussed questions of public policy involved in the awarding of these contracts. Action on them was deferred until the regular meeting.

**BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The executive session having been concluded, the Board considered the following reports and recommendations from the President of the University.

**APPOINTMENTS TO THE FACULTY**

(1) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. MILTON C. BAUMANN, Clinical Assistant Professor of Psychiatry, beginning November 1, 1955, without salary (DY).
2. ELMER W. CAVINS, Medical Adviser and Assistant Professor of Hygiene, in the Health Service, beginning July 1, 1956, at an annual salary of \$9,000 (BY).
3. EDWARD J. WALASZEK, Assistant Professor of Neurophysiology, in the Department of Psychiatry, beginning October 1, 1955, at an annual salary of \$5,750 (DY).

**Appointments to Nonacademic Staff**

The Director of Nonacademic Personnel reports the following appointments to supervisory positions of upper level responsibility.

1. JOHN J. DESMOND, Business Manager, Control Systems Laboratory, beginning October 1, 1955, at an annual salary of \$8,040.
2. DOROTHY V. DUNNE, Chief Medical Record Librarian at the Research and Educational Hospitals, Chicago Professional Colleges, beginning November 1, 1955, at an annual salary of \$5,400.
3. ROBERT B. LITTLE, Associate Architect, Physical Plant Department, Architectural Division, beginning November 14, 1955, at an annual salary of \$9,000.
4. ELBERT L. McDANIEL, Architectural Superintendent, Physical Plant Department, Architectural Division, beginning November 1, 1955, at an annual salary of \$6,960.
5. GEORGIA L. WALKER, Food Production Manager, Residence Halls, beginning November 16, 1955, at an annual salary of \$4,800 plus \$168 per year perquisite.

On motion of Mr. Johnston, these appointments were confirmed.

**DEGREE OF MASTER OF ARCHITECTURE**

(2) The Department of Architecture now offers two master's degrees, Master of Science in Architectural Engineering for students specializing in structural theory and design, and Master of Science in Architecture for those specializing in other areas in this field, such as architectural history or architectural design.

The Faculty of the College of Fine and Applied Arts, the Executive Faculty of the Graduate College, the University Senate, and the Provost recommend that the latter degree be changed to Master of Architecture. This will call for some revision of course offerings, but no change in degree requirements.

I concur.

On motion of Mr. Nickell, this recommendation was approved.

**CURRICULUM IN PHYSICS**

(3) The University Senate recommends a new curriculum in the College of Liberal Arts and Sciences leading to the degree of Bachelor of Science in physics for students who plan to enter graduate study in physics or who wish to prepare themselves for government or industrial laboratory research positions. The curriculum specifies the courses essential to a strong foundation in physics and permits concentration in the first two years on basic courses which are prerequisite to advanced courses in physics and mathematics.

In addition to meeting the standard requirements for admission, a student must rank in the upper half of his high school class. To register in advanced physics and mathematics courses in this curriculum, a student must have a grade average of at least 3.5<sup>1</sup> in all subjects, exclusive of the basic courses in military science and physical education, and a combined grade average of at least 3.5 in all courses completed in physics and mathematics. A transfer student must have a corresponding record in the institution previously attended.

The curriculum is designed for students who have had four years of high school mathematics, including trigonometry, and a year of chemistry. A student who can satisfy the college language requirement on entering has the advantage of being permitted to add sixteen hours of electives to his program, and a student who has had a year of high school biology will also have more freedom in the choice of electives.

The complete outline of the curriculum is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Swain, this recommendation was approved.

**PREMEDICAL CURRICULUM**

(4) The University Senate recommends that the statement of the requirements in the premedical curriculum in the College of Liberal Arts and Sciences, as previously approved by the Board of Trustees, be amended by substituting the following paragraphs for the corresponding paragraphs in the present statement:

Paragraph 3 to read: "At the end of each semester the scholastic averages of all students enrolled in the premedical curriculum are computed. Students who fail to maintain the required 3.5 minimum average are transferred to the general curriculum until such time as they may have brought their averages up to the minimum."

Paragraph 5 to read: "Students transferring to the premedical curriculum in this college with advanced standing must have at least a 3.5 average computed in terms of the University's grading system."

This change alters the present 3.75 scholastic average required for continuation in the premedical curriculum to 3.5 which is the minimum scholastic average required for admission to the College of Medicine.

The present statement of requirements and the statement as amended by this action of the Senate are filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Nickell, this recommendation was approved.

**CHANGE IN RHETORIC REQUIREMENT**

(5) All students entering the University as freshmen directly from secondary schools are required to take a placement test in rhetoric. Those who fail to pass this test must make up the deficiency by tutoring, correspondence study, or by passing Freshman Remedial Rhetoric and Composition (Rhetoric 100), a non-credit course which meets three hours each week. A student who fails to pass the placement test or Rhetoric 100 by the beginning of his third semester must withdraw from the University until he does pass the test.

The University Senate has recommended that beginning with the fall semester of 1960-61 Rhetoric 100 be discontinued. This will not affect the requirement of one year of rhetoric for graduation and all new freshmen will go directly into the regular first-semester, three-hour credit course, Rhetoric 101, unless they are excused from this course under the exemption program by passing the placement

<sup>1</sup> This is the numerical equivalent of an average between B and C under the University's grading system, whereby A = 5, B = 4, C = 3, D = 2, and E = 1.

test with high grades in which case they receive credit for Rhetoric 101 and go directly into the second-semester course, Rhetoric 102.

The proposal originated in the Department of English, was approved by the College of Liberal Arts and Sciences and by the Provost before being passed by the University Senate. There is hereby filed with the Secretary of the Board for record a letter from the Chairman of Freshman Rhetoric, Professor Charles W. Roberts, and the Head of the Department of English, Professor Gordon N. Ray, explaining the reasons for this proposal.

I concur.

On motion of Mrs. Holt, this recommendation was approved.

#### GEORGE A. MILLER ENDOWMENT

(6) The George A. Miller Endowment Committee has recommended that funds from the endowment income be allocated to support a Journal of Mathematics to be published at the University of Illinois with some aid from the American Mathematical Society. This will be an annual journal of approximately six hundred pages to be issued quarterly in March, June, September, and December, the first number to appear in March, 1957. An editorial board set up by the Department of Mathematics, with the approval of the University Press Board, will determine editorial policy, but the over-all control will be with the University Press Board. It is contemplated that some of the editors may be from other institutions.

The initial allocations will be \$5,200 for the year 1956-57 and \$7,750 for 1957-58. Once the journal is established and is producing an income from subscriptions, the annual contributions from the Miller fund will be reduced, but the Committee is ready to continue support of a successful journal.

This appeals to me as an effective means of supporting the University's leadership in this field.

The Committee also recommends that \$3,400 be allocated from the endowment income to establish two graduate fellowships for the year 1956-57, with stipends of \$1,700 each, but without exemption from tuition fees, to be known as the "George A. Miller Fellowships" and to be awarded on recommendation of the Graduate College under the same conditions as other graduate fellowships. There will be no limit on the field of study.

I concur in the above recommendations.

On motion of Mr. Bissell, these recommendations were approved.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(7) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. College of Agriculture, purchase of one and one-half ton truck for Department of Dairy Science.....	\$ 3 000
2. Department of Chemistry and Chemical Engineering, remodeling in Noyes Laboratory, Chemistry Annex, and the East Chemistry Building.....	50 000
3. College of Fine and Applied Arts, to improve the ventilating and temperature control of the Smith Music Hall practice rooms.....	20 000
4. School of Journalism and Communications, for equipment, and office and laboratory expense for instructional programs in broadcasting-television-motion pictures.....	18 000
5. Physical Plant Department, remodeling in Altgeld Hall in connection with moving the Mathematics Library into the former Law Library....	3 720
6. College of Veterinary Medicine, equipment for the Departments of Veterinary Pathology and Hygiene and Veterinary Physiology and Pharmacology.....	3 100
7. Chicago Undergraduate Division, remodeling and equipment for departments in engineering sciences.....	12 500
<b>Total.....</b>	<b>\$110 320</b>

I concur.

On motion of Mr. Livingston, these appropriations were made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

## ADJUSTMENTS IN THE BUDGET

(8) On request of the Dean of the College of Fine and Applied Arts and concurred in by the Provost, I recommend that an assignment of \$4,000 be made from the General Reserve Fund to the Department of City Planning and Landscape Architecture to supplement its budget for the current fiscal year 1955-56. This is a temporary adjustment necessary to take care of the teaching load due to the increase in enrollment, and consideration will be given to a permanent increase when the budget for 1956-57 is prepared.

It has been necessary to assign \$20,000 to the Chicago Undergraduate Division to provide for the increase in enrollment during the first semester of 1955-56. The Dean of the Division now presents a case for continuation of the service during the second semester, plus a need for another \$10,000. This need for additional funds has been carefully studied by the Provost, who concurs in the request and recommends that the budget of the Chicago Undergraduate Division be increased by \$40,000 on a permanent basis annually, and that an additional \$10,000 be allocated to the Division for the second semester of 1955-56 only.

I recommend that these appropriations be made; \$40,000 would be from the unappropriated budget reserve and \$10,000 from the General Reserve Fund.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

CONTRACTS FOR CONSTRUCTION OF ADDITIONS TO  
MEN'S RESIDENCE HALLS

(9) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for the construction of two units (Additions Nos. 3 and 4) of the Men's Residence Halls and a connecting lounge south of the present units on Fourth Street. The two additions will house 450 students.

<i>General</i> —Snyder Construction Company, Inc., Vincennes, Indiana, base bid.....			\$748 919
Credit for changing marble toilet and shower partitions to metal partitions—deduct .....			12 263
			<u>736 656</u>
Installation of locks on all closet doors—add.....			7 100
			<u>\$743 756</u>
<i>Plumbing</i> —Edward M. Brumit, doing business as B & E Plumbing & Heating Company, Champaign.....			80 243
<i>Heating, Temperature Control, and Ventilating</i> —Ideal Heating Company, Chicago .....			61 780
<i>Electrical</i> —R. A. Bland, doing business as R. A. Bland Electric Company, Champaign .....			68 332
<i>Total</i> .....			<u>\$954 111</u>

The award in each case would be to the lowest bidder.

Funds for this construction will be available through a bond issue under the Federal College Housing Loan Program. The total budget for this project, based on bids received, is less than estimated and thus will reduce the total financing requirements.

Bids were also taken on the installation of an elevator in one of the two buildings for the use of wheel chair students, and while it would serve five floor levels it would actually be used by students on one of the lower levels. Consideration is being given to eliminating this elevator and installing ramps to make the lower floor of the building available to wheel chair students who would be assigned rooms on that floor. The University is permitted to hold any bids for sixty days from the date, November 29, 1955, they were opened.

Since financing this project has not been completed, it is not legally possible to award these contracts effective immediately. Therefore, I recommend that the Board authorize its Comptroller and Secretary to award and execute these contracts if and when definite assurances have been secured for the financing of the project and for the availability of funds to meet contract payments as required

by their provisions; provided that the award of the contracts shall not become effective until such assurances have been received and the contracts have been signed, with the approval of the Legal Counsel, by the Comptroller and Secretary of the Board.

I further recommend that the law firm of Chapman and Cutler, Chicago, be employed as attorneys for the bond issue and loan agreement with the United States Government.

Mrs. Watkins moved that the foregoing recommendations be approved, and that the Comptroller and Secretary of the Board of Trustees be authorized by the Board of Trustees to award said contracts to said contractors and to execute the contracts accordingly if and when definite assurances have been secured for the financing of the project and for the availability of funds to meet contract payments as required by their provisions, the award of the contracts not to be effective, however, until such assurances have been received and the contracts have been signed after the assurances and the contracts have been approved by the University's Legal Counsel, the President of the University, and by the Comptroller and Secretary of the Board of Trustees.

This motion was adopted by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

#### **PURCHASE OF PROPERTIES AT 108 NORTH ROMINE STREET AND 1307 WEST STOUGHTON STREET**

(10) The University has an opportunity to purchase the properties at 108 North Romine Street and 1307 West Stoughton Street, Urbana. These properties are now being rented to unmarried students, the majority of whom are foreign students. The owner asserts that an income of approximately \$600 a month is realized from renting the facilities as "apartments" at \$70 to \$75 a month, with six to eight students in each apartment. Because of their present standard of maintenance, however, it would not be feasible for the University to re-use them. The sale price on these properties is \$27,450, or \$2.08 per square foot.

The University does not own any property in this block. However, it does own all of the property surrounding this block except on the north. The block is within the area of the University's long-range program of campus expansion and could be used for buildings for the College of Education, the College of Engineering, for residence halls, or for parking facilities. This block is not so well improved as other blocks surrounding the campus, so that its acquisition should be possible at a lower cost than some other areas adjacent to the campus.

The acquisition of these properties has been approved by the Building Program Committee, the Provost, and by the Committee on Nonrecurring Appropriations which recommends an appropriation for this purpose.

I recommend that (a) these properties be acquired, (b) an appropriation of \$27,450 be made from the General Reserve Fund for this purpose, and (c) that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents to complete the acquisition.

On motion of Mr. Johnston, the purchase of these properties was authorized, the appropriation was made, and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents. This motion was adopted by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

#### **CANCELLATION OF SALE OF UNIVERSITY HOUSE**

(11) The Board of Trustees has authorized the sale of the residence property at 412 Hessel Boulevard, Champaign, to Mr. and Mrs. Delford R. Cantrell. This is

a Small Homes Council house constructed in 1947 as a research project financed in part by University funds and in part by a grant from the United States Department of Commerce. The University's investment is \$15,613.22. The sale price authorized by the Board, based upon appraisals, was \$13,500.

A contract for sale was executed by the University and by Mr. and Mrs. Cantrell. They now request that they be released from the contract for several reasons which, however, are immaterial, since cancellation is of mutual interest to both parties. The University administration is no longer interested in the sale of University-owned residence properties in view of the renewed need, which is bound to increase, for faculty housing. The sale of the house to Mr. and Mrs. Cantrell was authorized by the Board because a commitment had been made to them prior to the decision to discontinue disposing of residence properties.

Under the circumstances, the Director of the Physical Plant and the Comptroller recommend cancellation of this contract, and I concur.

On motion of Mr. Williamson, cancellation of this contract was authorized by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

#### REPORT OF GIFTS AND GRANTS RECEIVED BY THE UNIVERSITY

(13) The following gifts and grants of funds received by the University have been accepted by the President and are now being reported for official record. The previous report of such gifts was made to the Board on February 10, 1955. (In many cases a period of several months may elapse between the time an offer is accepted and the final payments have been received. Hence, to avoid complications in audits of University accounts, monetary gifts are usually reported after the funds have been deposited with the University. In each case due acknowledgment of these gifts and grants has been made by appropriate University officials, including an expression of appreciation on behalf of the Board of Trustees.)

### ASSIGNMENT OF FUNDS BY THE ATHLETIC ASSOCIATION

(16) The Board of Directors of the Athletic Association has approved an appropriation of \$3,000 for miscellaneous services by the Alumni Association for the year ended June 30, 1955. This appropriation is submitted for confirmation.

### REPORT OF FINANCE COMMITTEE ON SALE OF HALLIBURTON OIL WELL CEMENTING COMPANY COMMON STOCK

The Gulf Research and Development Company of Pittsburgh, Pennsylvania, recently offered to sponsor a graduate fellowship in the Department of Physics. This offer was accepted by the University. When the remittance was received from the sponsoring corporation, it was in the form of forty-three shares of Halliburton Oil Well Cementing Company Common Stock, rather than in cash, as had been expected. Since these funds are needed to make the payments required under the fellowship, it is recommended that this stock be sold and the proceeds used for the purpose of the fellowship.

Mr. Livingston reported that the Finance Committee of the Board of Trustees approves this sale and recommends the adoption of the following resolution:

WHEREAS, the Board of Trustees of the University of Illinois is the owner of forty-three shares of Halliburton Oil Well Cementing Company Common Stock, and

WHEREAS, it is the decision of such Board that this stock be sold,

Now, *Therefore, Be It Resolved* that this sale be completed and that H. O. Farber, Comptroller, and A. J. Janata, Secretary, be authorized to execute documents necessary to complete such sale.

This resolution was adopted.

**EXECUTIVE SESSION**

**REPORT OF COMMITTEE ON BUILDINGS AND GROUNDS  
ON ACQUISITION OF LAND IN CHAMPAIGN**

The University has the opportunity to purchase two parcels of property near the campus, one at 1003 South Sixth Street and the other at 507 East Chalmers Street, Champaign, Illinois. Both properties are in a block in which the University already owns land. These are desirable acquisitions as part of the University's long-range development program.

The property at 1003 South Sixth Street is a lot 74¼ feet by 198 feet (14,702 square feet) and has on it a one and one-half story frame house with detached frame garage. It is offered at a price of \$36,755. The present owner anticipates construction of substantial permanent improvements on this site, if he does not sell.

The property at 507 East Chalmers Street is a lot 60 feet by 74¼ feet (4,455 square feet) and has on it a two and one-half story stucco and frame house with a detached frame garage. It is offered at a price of \$28,275. The house on this property is now used as a student rooming house and provides housing for twenty students in addition to living quarters for the owner. It is in a good state of repair.

The Director of the Physical Plant and the Comptroller recommend the acquisition of these properties, and the President of the University concurs.

The Committee on Buildings and Grounds recommends that these properties be purchased and that an appropriation of \$65,500 be made from the General Reserve Fund for the acquisition of the properties and miscellaneous expenses incurred in the negotiations and closing of the sale.

On motion of Mr. Johnston, the purchase of these properties at the prices indicated was authorized, and an appropriation of \$65,500 was made from the General Reserve Fund for this purpose. The Comptroller and Secretary of the Board were authorized to execute the necessary documents. These actions were taken by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Livingston, Mr. Stratton.

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. SIDNEY R. ELSDEN, Visiting Professor of Bacteriology, in the College of Liberal Arts and Sciences, for six months from February 16, 1956, at a salary of \$6,500 (G).
2. DOROTHY ESHBAUGH, Assistant Professor of Pathology, in the College of Medicine, beginning January 15, 1956, at an annual salary of \$4,200 (DY50).
3. VINCENT V. GLAVIANO, Assistant Professor of Physiology, in the College of Medicine, beginning September 1, 1956, at an annual salary of \$6,500 (D).
4. JOHN I. ZERBE, Research Assistant Professor, Small Homes Council, beginning February 1, 1956, at an annual salary of \$6,000 (DY).

#### Appointment to Nonacademic Staff

The Director of Nonacademic Personnel reports the following appointment to a supervisory position of upper level responsibility.

1. GRACE F. BACON, Assistant to Manager of Illini Union at the Chicago Professional Colleges, beginning January 3, 1956, at an annual salary of \$3,930.

On motion of Mr. Swain, these appointments were confirmed.

#### GRADUATE PROGRAMS

- (3) The University Senate has recommended the following graduate programs:

*Physico-Chemical Biology.* A curriculum leading to the degree of Doctor of Philosophy in Physico-Chemical Biology. The curriculum provides that the standard requirements for the Doctor of Philosophy degree shall be maintained, the research to be in biology with minors in chemistry and physics, and the program to be administered by a committee appointed by the Dean of the Graduate College.

*Marketing and Management.* Instead of the Master of Science degree in Business Organization and Operation, the degrees of Master of Science in Marketing or Master of Science in Management shall be awarded to students completing requirements for the master's degree in these fields. This recommendation is consistent with the separation at the undergraduate level of the former Department of Business Organization and Operation into the Departments of Accountancy, Business Law, Management, and Marketing.

I concur in these recommendations.

On motion of Mr. Williamson, these recommendations were approved.

**SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(4) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

*Urbana-Champaign*

1. Department of Entomology, equipment for research.....	\$ 2 400
2. College of Agriculture, equipment and alterations in the Dairy Manufactures Building.....	15 000
3. Graduate College, fifty graduate fellowships for the 1956 Summer Session.....	12 500
4. College of Liberal Arts and Sciences, remodeling in Altgeld Hall.....	41 550
5. Library, packing, transporting, and organizing the Carl Sandburg library, purchased for the University by the University of Illinois Foundation.....	10 000
6. Physical Plant Department, construction of parking facilities.....	11 400
7. College of Veterinary Medicine, construction of two inoculation booths.....	1 900

*Chicago Professional Colleges*

8. School of Nursing, equipment for the nursing arts and nutrition laboratory.....	6 704
9. Department of Radiology, equipment changes, new equipment, and minor building changes.....	8 200
10. Research and Educational Hospitals, painting and wall washing.....	22 000
<i>Total</i> .....	\$131 654
I concur.	

On motion of Mrs. Holt, these appropriations were made by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Livingston, Mr. Stratton.

**APPROPRIATION FOR ACCIDENT COMPENSATION**

(5) For the past several years the budgetary provision for payment of awards authorized by the Committee on Accident Compensation in cases of injuries to University employees has been inadequate to meet the claims, and supplementary assignments have been required from time to time. There has been no significant variation during the past fifteen years in the total claims paid in relation to the payroll, but changes in the Workmen's Compensation and Occupational Disease Acts have increased the benefits payable. The budget for the current fiscal year provides \$18,000 for these payments and the funds are almost exhausted. The Chairman of the Committee on Accident Compensation and the Comptroller recommend an assignment of \$10,000 to supplement this budgetary provision.

I concur and recommend an assignment of \$10,000 from the operating budget reserve for this purpose.

On motion of Mr. Herrick, this appropriation was made by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Livingston, Mr. Stratton.

**APPROPRIATION FOR GRADUATE FELLOWSHIPS FOR 1956-57**

(6) On request of the Dean of the Graduate College and with the concurrence of the Provost, I recommend that an appropriation of \$150,000 be made for graduate fellowships for 1956-57, \$132,000 to be assigned for fellowships for graduate study at Urbana-Champaign and \$18,000 for fellowships at the Chicago Professional Colleges. This is the regular assignment for fellowships and funds are available in the operating budget for the current biennium.

The Board of Trustees has authorized an increase from \$900 to \$1,200 in the stipends of fellowships. The Committee on Nonrecurring Appropriations will recommend an allocation of \$24,000 for graduate fellowships to maintain the

same total number of awards for 1956-57 as heretofore. (For the past several years the number of awards has been approximately 130 a year at Urbana.)

On motion of Mr. Johnston, the recommended appropriation was made by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Livingston, Mr. Stratton.

#### APPROPRIATION FOR REMODELING THE CYCLOTRON

(7) The cyclotron at Urbana-Champaign, constructed some twelve years ago, has been a very useful facility for important research work in nuclear physics and radiation. Parts of the machine are worn out and some are now obsolete. A complete reconditioning is required so that the University can continue to carry on important research work by members of the staff and graduate students.

The proposed reconditioning program of the cyclotron will include constructing an addition to the Nuclear Radiation Laboratory in which it is housed to provide seven new research rooms, remodeling two present rooms into a machine shop, and installing additional power facilities and additional shielding.

This project has been considered by the Building Program Committee, the Committee on Nonrecurring Appropriations, and the University Research Board. All of them join with the Dean of the College of Engineering and the Provost in recommending it. The estimated cost is \$175,000 of which \$65,000 is required for the building addition and \$110,000 for the rehabilitation of the cyclotron equipment. These committees and officers recommend that the construction be financed as follows:

From the state appropriation for 1955-57 for building remodeling and minor additions .....	\$32 500
An assignment from the General Reserve Fund of the University.....	32 500
From an allocation of funds budgeted for assignment by the University Research Board .....	50 000
From funds assigned to the College of Engineering from indirect costs on research contracts .....	60 000

I concur and recommend the allocation of funds as indicated above, including an appropriation of \$32,500 from the General Reserve.

On motion of Mr. Swain, these allocations of funds were approved, and the recommended appropriation of \$32,500 was made by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Livingston, Mr. Stratton.

#### CONTRACT FOR CONSTRUCTION OF HOUSE ON ALLERTON FARM

(8) The Dean of the College of Agriculture and the Comptroller recommend award of a contract for \$15,647.40 to M. L. Osmond, Monticello, the lowest bidder, for construction of a tenant house (six rooms and full basement) on Allerton Farm No. 5 to replace an old substandard farmhouse. This house is not worth remodeling and will be torn down.

The cost of the construction will be paid from accumulated net farm income.

I concur and recommend that the Comptroller and the Secretary of the Board of Trustees be authorized to execute this contract.

On motion of Mrs. Holt, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Livingston, Mr. Stratton.

#### CONTRACT FOR AIR CONDITIONING IN SMITH MEMORIAL MUSIC HALL

(9) Early in 1955 bids were taken on the installation of an air conditioning or ventilating system for the third floor practice rooms of Smith Memorial Music Hall. Separate bids were taken for an installation to serve all of the rooms and

an installation to serve only the rooms on the south half of the building. Two bids were received for the entire project, from Schroeder's, Champaign, \$27,396, and from R. H. Bishop Company, Champaign, \$44,000; their respective bids for the south half only were \$13,640 and \$22,000. A contract was awarded to Schroeder's, the lower bidder, for \$13,640 for the south half of the third floor only, due to lack of funds at the time.

An appropriation for the completion of this project was approved by the Board of Trustees on December 20, 1955. Schroeder's is willing to complete the work for \$13,756, the difference between the original lower bid on the total project and the contract awarded them, plus \$1,609.52 for increases in cost of labor and materials which have occurred since the contract was first awarded on March 30, 1955.

In view of the wide difference in the bids previously received and the probability that no lower bids would be received if new ones were taken now, the Director of the Physical Plant and the Comptroller recommend an increase of \$15,365.52 in the contract with Schroeder's and authorization to that contractor to proceed with the complete project; namely, the installation of an air conditioning or ventilating system for the practice rooms on the north side of Smith Memorial Music Hall.

I concur and recommend that the Comptroller be authorized to execute this contract change.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **CONTRACT FOR AIR CONDITIONING OF NURSERY IN RESEARCH AND EDUCATIONAL HOSPITALS**

(10) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$25,984 to Reliable Sheet Metal Works, Inc., Chicago, the lowest bidder, for air conditioning the nursery in the Research and Educational Hospitals. The work will consist of installation of air conditioning in five rooms, formerly used as wards, which are being converted into a nursery for new-born infants and is necessary to meet the standards of the Board of Health of Chicago. The project has a high priority to be completed in the current biennium.

Funds are available in the state appropriation for 1955-57 "For rehabilitation and remodeling of minor additions to existing buildings at Urbana-Champaign and at the Chicago Professional Colleges," subject to release by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract, subject to release of funds by the Governor.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **REGULATIONS GOVERNING PARKING OF STUDENT AUTOMOBILES AT URBANA-CHAMPAIGN**

(11) Members of the Board of Trustees have already received, separately, a report to the President of the University from the University's Traffic and Parking Board on the parking situation surrounding the main University campus at Urbana-Champaign together with remedial measures recommended. The report speaks for itself and a copy is hereby filed with the Secretary of the Board for record.

The report and recommendations of the Traffic and Parking Board have also been considered by the University Council<sup>1</sup> which supports the recommendations. In accordance with this advice, I recommend adoption of the following regulations applicable to students enrolled in the University at Urbana-Champaign, effective April 4, 1956:

1. Between the hours of 1:00 a.m. and 8:00 a.m. Monday through Friday, no

<sup>1</sup>The University Council consists of the President, the Provost, and other general administrative officers; the deans of the colleges and the directors of the schools; and three members elected from and by the membership of the University Senate which is the general faculty. The Council acts in the capacity of adviser to the President and meets on his call.

student shall park a motor vehicle on city streets within the area bounded by the Illinois Central Railroad on the west, east curb of Lincoln Avenue on the east, north curb of Springfield Avenue on the north, and south curb of Pennsylvania Avenue on the south.

- a. In cases of demonstrated need, students may, upon application to and approval of the Motor Vehicle Division of the Security Office, obtain permission to park on public streets in the area defined between the hours of 1:00 a.m. and 8:00 a.m. Monday through Friday. Examples of demonstrated need are physical disability and commuting students.
- b. Students will be permitted to store their cars during restricted hours in the following locations:

<i>Location</i>	<i>Capacity</i>
Parking lot at southeast corner of Pennsylvania Avenue and Fourth Street .....	150
Florida Avenue, Fourth Street to Lincoln Avenue.....	190 (one side only)
Fourth Street, Pennsylvania Avenue to St. Mary's Road.....	180 (both sides)
First Street, Pennsylvania Avenue extended to St. Mary's Road .....	120 (partially restricted)
Road adjacent to and east of University Golf Course.....	60 (one side only)
Lincoln Avenue, Florida Avenue to St. Mary's Road.....	60 (one side only)
Total .....	760 cars

Additional space will be provided if experience indicates there is need for more such parking areas.

2. Between the hours of 1:00 a.m. and 5:00 p.m. Monday through Friday, no student shall park a motor vehicle on any University street, drive, or parking area.
  - a. Areas owned by the University within the defined zone and set aside for residence purposes shall be excepted where space has been provided for parking of residents' vehicles on University property within the area.
  - b. In cases of physical disability, students may, upon application to and approval of the Motor Vehicle Division of the Security Office, obtain consent to park on University streets, drives, and lots between the hours of 1:00 a.m. and 5:00 p.m. Monday through Friday.

These regulations shall apply to all undergraduate, professional, and graduate students but not to graduate students who are employed one-half time or more on the University staff.

**Penalties.** The provisions of the Motor Vehicle Code (Chapter 9, Code on Student Affairs) pertaining to registration, identification, parking, and penalties for violations of these provisions shall apply to graduate and undergraduate students as defined above.

The Traffic and Parking Board also recommends, and I concur, that no vehicle displaying the University parking permit may be parked or stored in a University parking lot between the hours of 2:00 a.m. and 6:00 a.m. except for vehicles belonging to staff members on duty during such hours and vehicles stored in lots reserved for residents.

If, after reasonable time, further restrictive measures on the use of student automobiles are deemed necessary, additional recommendations will be submitted.

To implement these regulations the following funds will be required:

From the General Reserve Fund, for erection of signs and other nonrecurring expenditures .....	\$ 1 775
From the budget reserve, a recurring appropriation for employment of additional personnel, issuance of student and staff identification stickers, and other operating expense.....	14 100

President Megrn presented a letter, dated January 27, 1956, which he received just before the meeting convened from Mr. Dale Houston, Chairman of the All-Student Traffic and Parking Commission, on this subject. The letter requests that the Board of Trustees postpone for at least one month any final decision on the proposed regulations or, if this request can not be granted, that the Board consider changing the

boundaries of the areas proposed within which parking of student automobiles would be restricted by the proposed regulations.

President Henry introduced Professor Charles H. Bowman, Chairman of the University Traffic and Parking Board, who discussed the recommendations of his Board and commented on the proposal of the All-Student Traffic and Parking Commission, explaining how the boundaries were fixed and pointing out that if experience reveals any of them should be changed, the University Traffic and Parking Board will so recommend. A summary of Professor Bowman's presentation has been filed with the Secretary of the Board for record.

Following these presentations, there was a general discussion of the recommendations of the President of the University and the request of the All-Student Commission. It was the consensus of the Board that more rigid restrictions on permitting students to operate automobiles while in attendance at the University should be considered.

On motion of Mr. Herrick, the Secretary was instructed to reply on behalf of the Board to Mr. Houston's letter advising him of the need for immediate action and that University officials will be glad to consider any further suggestions the Student Commission has to offer.

At the conclusion of the discussion of this matter of business, Mr. Johnston moved that the recommendations of the President be approved and that the funds required be appropriated. This motion was adopted by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Livingston, Mr. Stratton.

**CARL SANDBURG LIBRARY**

(14) The University of Illinois Foundation has purchased for the University the personal library of Carl Sandburg including his collection of books and manuscripts for the sum of \$30,000, to be paid for in annual installments of \$6,000 from unrestricted gifts to the Illini Achievement Fund. The negotiations with Mr. Sandburg were conducted, on behalf of the University and the Foundation, by Dr. Bruce Weirick, Associate Professor of English, *Emeritus*, and a close personal friend of the distinguished poet and author, and Dr. Leslie W. Dunlap, Professor of Library Science and Associate Director of the Library.

The Sandburg collection consists of manuscripts and first editions of Sandburg's own work, plus handsomely bound first editions of others; his correspondence with contemporaries; his collection *Lincolniana*; and volumes of his poetical works.

It will be housed in the University Library.

On motion of Mrs. Watkins, acceptance of this gift from the University of Illinois Foundation was authorized, and the Secretary of the Board was requested to send to officials of the Foundation a formal expression of the Board's appreciation.

#### CHANGES IN STUDENT FEES

(15) The Committee on Fees and Scholarships has submitted the following recommendations:

*Service Charge for Identification Card.* A service charge of fifty cents be authorized at the Chicago Undergraduate Division for a duplicate identification card. There is no charge for the original identification cards and students have been requesting duplicate cards often without good reasons. This would conform to the practice at Urbana-Champaign.

*Changes in Registration.* Beginning with the academic year 1956-57, the practice of allowing a period of five days after the close of registration for changes in a student's program of courses without charging a fee be discontinued provided that in cases of conflict or errors in registration the fee will be waived at the discretion of the college office.

*Exemption of Staff Members from Fees.* Persons on appointment for a first and second semester or a second semester who are exempt from payment of fees for courses in which they are registered during the period of their appointment be exempt also from payment of fees for courses in which they enroll in the summer session immediately following termination of their appointments regardless of whether or not they are teaching in that summer session.

On motion of Mr. Swain, these recommendations were approved.

#### REJECTION OF BID ON ELEVATOR INSTALLATION IN MEN'S RESIDENCE HALLS ADDITIONS

(16) In the awards of contracts for the construction of Additions Nos. 3 and 4 to the Men's Residence Halls, action on the contract for the elevator installation was deferred pending further study of its need.

It has been concluded that this installation is unnecessary and the Director of the Physical Plant recommends that all elevator bids on this project be rejected. I concur.

On motion of Mr. Swain, this recommendation was approved.

#### PHYSICAL EXAMINATION OF STUDENTS

(17) Since 1918 the University has required all new students to undergo a physical examination prior to their registration. These examinations are given by the University Health Services at Urbana-Champaign, at the Chicago Professional Colleges, and at the Chicago Undergraduate Division.

The Director of Health Services recommends that implementation of this requirement be modified to authorize delegation of the performance of the pre-entrance examination, in whole or in part, to other doctors of medicine in Illinois and elsewhere, so that the examination may be performed either by the staffs of the Health Services or elsewhere at the option of the student and at his expense. This will reduce the costs of operation of the Health Services and expedite compliance with the requirements. The Health Services Advisory Committee concurs in the change. Accordingly, I recommend that the University's requirement of the pre-entrance physical examinations of students be changed to read:

All new students proposing to enroll in the University of Illinois, or in the University High School at Urbana-Champaign, are required, before completion of their registration, to present adequate evidence of satisfactory physical and mental health, as determined by the Director of Health Services, or by the Directors of Health Services at the Chicago Professional Colleges and the Chicago Undergraduate Division, subject to the approval of the President of the University.

The Directors of the Health Services of the University are authorized to prescribe, under the conditions stated above, the form, extent, and scope of the required pre-entrance examinations. The Directors are further authorized to dele-

gate all or part of this physical examination to other properly qualified doctors of medicine in Illinois or in other states, territories, and possessions of the United States, the cost of such examinations to be borne by the students who elect to take their examinations elsewhere than at the University. Physical examinations performed by physicians other than those on the University's Health Services staffs shall be subject to final evaluation and approval by the Directors of the Health Services who may require additional examinations if deemed necessary by them.

Former and continuing students in the University of Illinois, and in the University High School, may also be required to present adequate evidence of satisfactory physical and mental health prior to readmission or continuation of enrollment in the University.

On motion of Mr. Johnston, this modification of the requirement of the pre-entrance physical examination of students was approved, as recommended above, but applicable only to students enrolled at Urbana-Champaign, for a trial period of one year from the time it is feasible to put the revised plan into effect; provided that its continuance beyond that period is subject to approval by the Board of Trustees and will be considered in the light of an appraisal report of the University's experience.

Mr. Williamson suggested that such a report be submitted to the Board in December, 1956, and that information also be secured about the experiences of other universities before that time.

#### A PROGRAM FOR HOUSING STUDENTS

(18) The President of the University presented a program for the construction and financing of student and staff housing at Urbana-Champaign during the period 1957-63, including the construction already authorized by the Board during the current biennium, 1955-57.

This plan is the result of studies made by the University's Building Program Committee, Housing Division, Physical Plant Department, and the Comptroller's Office, followed by extensive discussions and conferences of University officials with Board of Trustees committees and individual members of the Board, and is the product of the thinking and the work of all of these groups.

The following is the text of the President's presentation of this plan to the Board of Trustees:

##### *To Members of the Board of Trustees:*

The key to future growth of the University of Illinois at Champaign-Urbana is student housing. Unless a sustained housing program is begun at once, thousands of students will soon be turned away from Illinois simply because there is no place for them to live.

For many years the University has depended on the communities of Champaign-Urbana to provide a large portion of student housing. They do so at the present time and they will continue to do so in the future. But the recent rapid growth in enrollment and the prospects for still larger enrollments in the days ahead are beyond the absorptive capacity of the private rooming houses. Even in the current year, hundreds of students applied for admission but could not enroll because of the shortage of housing—and there is nothing in sight to remedy this situation. Illinois now ranks last percentagewise among the "Big Ten" universities in providing housing for students.

Prompt action by the University is the only solution that will meet student housing needs. I therefore submit the accompanying program designed to provide the necessary housing for the increased enrollments during the next seven years. The year 1963 is chosen as terminal because the need for action for that period is now upon us and enrollment forecasts to that year can be made with accuracy. Planning is in process for the years after 1963, but these later needs will have to be related to the adequacy with which we meet the problems immediately ahead.

Following is a summary of the key points relating to the program recommended:

1. By 1962 there will be a need for new housing units for 9,109 students: 5,434 for increased enrollment (from present enrollment of 18,075 to predict enrollment of 23,509 in 1962-63); 1,475 to replace temporary barracks units; and 2,200 to replace other housing facilities not approved by the University as to physical standards.
2. The program proposed will house 8,662 students—447 less than the estimated need.
3. The estimated cost of construction for this program is \$36,800,000. The total financial requirement—construction and interest over a twenty-five year period—is estimated at \$51,981,750, which will be financed from rental income of \$29,707,250 and the use of receipts from tuition for the balance of \$22,274,500.
4. The cost to the University (aside from rental income) will average less than a million dollars a year during the twenty-five year period of repayment. When indebtedness is paid off the University will have title to residence halls valued at \$36,800,000, based on construction costs, for an investment of just a little more than half this amount—\$22,274,500.
5. Under the schedules proposed, no tuition will be pledged to finance a particular residence hall until that unit is actually put into operation. Before the building is occupied, interest on borrowed money will be charged to construction funds. Therefore, the General Assembly will not need to appropriate tax funds to offset tuition pledged until each unit is in operation and producing rental income. (The General Assembly in its 1955 session passed enabling legislation to permit the allocation of receipts from tuition to help underwrite construction of buildings as here proposed. A further aid in financing the construction of such facilities is the program of the federal government which provides funds at low interest rates for part of the loans.)
6. This construction program will not replace approved private housing now in use. At any time that the community's supply of student housing is altered, the University's program will be adjusted accordingly.
7. The increase in enrollment will create increased demands for faculty housing. Since it is anticipated that the community will meet these needs, the program makes no provision for such housing.

The plan here presented has been recommended by the Residence Halls Planning Committee and approved by the University Building Program Committee, and is based upon conservative estimates of population and enrollment trends. Illinois, like other universities across the land, must get ready for the upsurge in student enrollments occasioned by the increases in population.

In planning for the future, it is assumed that the people of Illinois will expect their State University to admit eligible students and will want them to live in quarters that meet the minimum standards of safety, health, and study conditions. Campus living is a part of the educational experience of the student, and the University has a direct obligation to establish standards and maintain them. That more than three thousand students are living in quarters not meeting University standards, that hundreds of women students are turned away because of lack of living quarters, and that untold numbers are discouraged from even trying to attend the University because of reports of inadequate housing is a situation to be deplored. Its remedy should have a first priority upon our attention.

DAVID D. HENRY  
*President*

The complete program, as presented, has been printed as a brochure for public distribution. Copies of it were submitted in advance of the meeting to the Board of Trustees and a copy is hereby filed with the Secretary of the Board for record. Copies have been distributed to all University officers concerned and a number are being deposited in the University Library.

Following discussion of this plan, in which all of the Trustees present participated, Mr. Herrick moved approval of this program as a basis for planning, and this motion was adopted.

#### LEASE OF HOUSING FOR UNDERGRADUATE WOMEN

(19) The call for bids on a site and construction of student-staff residences included an invitation to bidders to submit proposals to construct for the University housing for unmarried undergraduate women students to be available for occu-

pancy in September, 1956. Northwood, Inc., Champaign, submitted (along with the bid of the Dean Evans Company on the student-staff residences project) the following offer under a lease arrangement:

1. Northwood, Inc., proposes to construct, and to finance this construction, seven apartment buildings on the north side of Gregory Drive in Champaign (across the street from the Parade Ground Units), five buildings to be located between Third and Arbor Streets and two buildings between First and Second Streets. The buildings will be three stories high, of brick and frame construction with four apartments on each floor, twelve apartments in each building. Each apartment will consist of a living room, bedroom, bathroom, and kitchenette.
2. The apartments will be adaptable for use as residences for unmarried women students by conversion of the kitchen unit into a closet and each apartment will accommodate six students. One apartment in each building will be used for lounge, recreation, and laundry facilities and one apartment will be occupied by the house mother. Thus ten apartments in each building will be available for student occupancy, providing housing for sixty students or a total of 420 in the seven buildings.
3. The proposal does not include furnishings which would be purchased by and remain the property of the University.
4. It is proposed that these buildings be constructed on land covering which Northwood, Inc., has arranged to obtain a sixty-nine year lease from the owner. The proposal contemplates the leasing of the buildings, when completed in accordance with certain specifications approved by the University, by the then lessee under the sixty-nine year lease, as lessor, to the University of Illinois Foundation, as lessee, for a period of ten years at an annual rental of \$8,400.34 per building of which \$7,528.92 is for rental of the building and \$871.42 for the rental of the ground upon which it is located; and it is contemplated that the Foundation will then sublet the buildings to the University for the remainder of the current biennium with the right to renew the sublease for successive periods of not more than two years each, but not exceeding a total of ten years. In addition to said rentals, the University, while holding a sublease to the properties, will pay, through the Foundation, an amount equal to the taxes thereon and will also pay all operating and maintenance expenses, including the cost of utilities, maintenance, and repairs.

The sixty-nine year lease Northwood, Inc., has arranged to secure from the owner will contain provisions rendering the rental payable to the owner thereunder subject to being increased or decreased in accordance with a national index. The rental to be paid by the Foundation under the ten-year lease, and that to be paid by the University under the sublease, will also be subject to corresponding increases or decreases.

As a result of the location of Gregory Drive the University has title to a small strip of land between the lots on which the buildings are to be erected and the street. The proposal contemplates that the University lease this strip to the builder or its assignee at an annual rental of \$1.00 during the period during which the lease between the builder or its assignee and the Foundation will be in effect, and at the same rental per square foot as is paid by the builder or its assignee to the owner under the lease between them for the land covered by that lease during the remainder of the sixty nine-year period covered by the latter unless that lease is sooner terminated.

This proposal has been carefully considered by the Housing Division, the Dean of Students' Office, and the Business Office. The proposal is advantageous because of its location near existing University food service facilities (in the Men's Residence Halls). It will eliminate the necessity of converting temporary buildings in Illini Village into dormitories for single undergraduate women, and the project will require no investment of University funds other than the initial expenditure for furnishings which can be recovered from rental income. The rental would be sufficient to meet also the obligations under the lease.

The housing to be thus leased will offer considerable flexibility in the University's housing program during the period of construction of permanent housing. These buildings can be used for housing unmarried undergraduate men or unmarried graduate students, and can be converted at any time into apartments for

married students or staff at moderate additional cost. The facilities will be more attractive to undergraduate women than the remodeled temporary buildings would be.

This should be regarded as interim housing for unmarried students. While the standards will be better than those required by the University for approval of private housing, the space per student is less than the University's standard in permanent residence halls. However, the use of this apartment project is justified on the basis of urgent need so that prospective women students will not be denied the opportunity to attend the University during the next few years because of lack of housing.

The Director of the Physical Plant Department, the Comptroller, and the President of the University recommend acceptance of this proposal. The Committee on Buildings and Grounds concurs and recommends that:

1. Subject to the above terms and conditions negotiations be continued so that this housing may be constructed promptly and when completed in September, 1956, leased to the University of Illinois Foundation for a period of ten years.
2. The Comptroller and the Secretary of the Board be authorized to execute a sublease with the University of Illinois Foundation for the remainder of the present biennium and with the right of the University to renew said sublease for successive periods of not more than two years each and not exceeding a total of ten years.
3. The assignment of \$90,000 of accumulated income from the rental of temporary housing units for the purchase of furnishings.

On motion of Mr. Nickell, the above recommendations were approved and the authority requested was granted by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Livingston, Mr. Stratton.

#### CONTRACT FOR WATER HEATERS IN HORTICULTURE FIELD LABORATORY

(20) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$3,320 to Schroeder and Sons, Champaign, the lowest bidder, for the installation of new water heaters and connections in the Horticulture Field Laboratory to replace worn-out heaters which were installed many years ago.

Funds have been budgeted for this improvement.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Swain, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**MINUTES APPROVED**

The Secretary presented the minutes of the meeting of the Board of Trustees of December 20, 1955, press proof copies of which have previously been sent to the members of the Board.

On motion of Mr. Livingston, these minutes were approved as printed on pages 885 to 912, inclusive.

**REPORT OF COMMITTEE ON BUILDINGS AND GROUNDS  
ON STUDENT-STAFF RESIDENCES**

The Committee on Buildings and Grounds has given consideration to a proposal for the construction of sixty student-staff residences on an off-campus site on which bids were taken by the University and reported to the Committee on January 24, but no recommendation has yet been presented to the Board of Trustees on this project. It will be recalled that this project was to provide additional student-staff housing to replace family housing in some of the temporary buildings in Illini Village which were to be converted into dormitories for unmarried women students. This seemed at the time to be the only way of providing additional housing for unmarried women students by September, 1956.

The call for bids on the acquisition of a site and the construction of student-staff residences included an invitation to bidders to submit alternate proposals for the construction of housing for unmarried undergraduate women students to be available for occupancy in September, 1956. Northwood, Inc., of Champaign, submitted (along with the bid of the Dean Evans Company, Champaign, on the student-staff residences) a proposal to construct, and to finance this construction, seven apartment buildings on the north side of Gregory Drive in Champaign (across the street from the Parade Ground Units) which can be converted into small residence halls for unmarried women students, and to lease these buildings to the University. This proposal was accepted by the Board of Trustees on January 28, and it is now unnecessary to convert any of the temporary family housing in Illini Village into dormitories.

The bids received on the student-staff residences indicate a cost which would require a rental of \$83.50 per month for a two-bedroom house and \$91 for a three-bedroom house, utilities to be paid for by the tenants, and it would also be necessary to supplement the net income from rentals with the net income from the temporary family housing to pay off the loan in ten years. Student and staff reactions indicate an unwillingness to pay such rents for housing located at a considerable distance from the campus.

Most of the additions to the staff which will be required in September, 1956, will be in the lower salary brackets and it is doubtful that they would be in the market for such residences. The long-range housing program approved by the Board on January 28, 1956, contemplates the construction of 250 units of student-staff housing in 1957.

It has, therefore, been concluded by the University administrative officers concerned that the sixty residences project should not be under-

taken and they recommend that the bids received be rejected. The University reserved the right to do so in calling for bids.

The Committee concurs in these recommendations.

On motion of Mr. Livingston, these recommendations were approved.

#### **BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The Board took up consideration of the following reports and recommendations from the President of the University.

#### **AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES**

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State From Which They Obtained Certificates</i>

I concur.

On motion of Mr. Herrick, these certificates were awarded.

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. CHARLES R. ELLIOTT, Assistant Professor of Clinical Speech Pathology in the Department of Otolaryngology, without salary, and Speech Pathologist to the Cleft Palate Center in the Division of Services for Crippled Children, beginning February 1, 1956, at an annual salary of \$4,000 (DY55).

#### **Appointment to Nonacademic Staff**

The Director of Nonacademic Personnel reports the following appointment to a supervisory position of upper level responsibility.

1. DANIEL F. ASTRAHAN, Assistant Manager of Public Relations, Chicago Professional Colleges, beginning January 3, 1956, at an annual salary of \$3,900.

On motion of Mr. Williamson, these appointments were confirmed.

### CURRICULUM IN HISTORY OF MUSIC

(3) The University Senate recommends authorization of a new undergraduate curriculum in the history of music leading to the degree of Bachelor of Music. This curriculum, covering four years, will require 132 semester hours for graduation, including the required courses in physical education, hygiene, and, in the case of men, military training.

A complete outline of the curriculum is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

### CHANGE IN GEOMETRY REQUIREMENT FOR ADMISSION TO THE COLLEGE OF ENGINEERING

(4) The University Senate recommends that solid geometry no longer be required for admission to the College of Engineering but retained as a recommended subject. The mathematics requirement will therefore be two years of high school algebra, one year of plane geometry, and one-half year of trigonometry.

I concur.

On motion of Mr. Bissell, this recommendation was approved.

### PROFESSIONAL ENGINEERING DEGREES

(5) For many years the University has been conferring professional engineering degrees of Civil Engineer (C.E.), Mechanical Engineer (M.E.), Electrical Engineer (E.E.), and similar degrees in other fields of engineering. These degrees have been awarded on the basis of professional experience plus a thesis or a report on a major engineering project. No academic work in residence is required, but the candidate must be present at the commencement exercises at which the degree is conferred.

The use of this degree has been gradually disappearing in colleges of engineering. Much of the function it served has been taken over by the universal adoption in all of the states and the District of Columbia of professional licensing. The requirements with respect to professional practice are similar in the two cases. The degree has also had a variety of meanings. The Executive Committee of the College of Engineering, the Executive Faculty of the Graduate College, and the University Senate recommend that awarding of these degrees be discontinued after July 1, 1958.

I concur.

On motion of Mr. Williamson, this recommendation was approved.

### APPROPRIATION BY ATHLETIC ASSOCIATION

(6) The Board of Directors of the Athletic Association has made an appropriation of \$3,400 from its reserve funds to supplement provisions in the operating budget for athletic clothing and furnishings.

This is being reported for confirmation by the Board of Trustees.

On motion of Mr. Williamson, the action of the Board of Directors was confirmed.

### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(7) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. College of Law, additional expenses in connection with dedication of the new Law Building.....\$2 700
2. Chicago Undergraduate Division, Division of Liberal Arts and Sciences, equipment ..... 1 878

I concur.

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mrs. Holt, Mr. Megran, Mr. Nickell, Mr. Stratton.

**PURCHASE OF PROPERTY AT 605 SOUTH  
GOODWIN AVENUE, URBANA**

(8) The property at 605 South Goodwin Avenue, Urbana, has been offered to the University at a price of \$18,000, the University to pay all real estate taxes not yet due. This property is in the area of the University's long-range land acquisition program, and is one of four remaining properties in the block bounded by Goodwin, California, and Mathews Avenues and Oregon Street not owned by the University.

The property is a lot, 50 by 60 feet, and a house which is in good condition and which would make available ten rooms, two bathrooms, and attic storage space for University use.

The Building Program Committee, the Director of the Physical Plant, and the Comptroller recommend the purchase of this property at \$18,000, plus taxes.

I concur and recommend that an appropriation of \$18,500 be made from the General Reserve Fund to cover the purchase price, plus taxes and other expenses of closing.

On motion of Mr. Bissell, the purchase of this property at the price and under the conditions stated was authorized, and the recommended appropriation of \$18,500 was made from the General Reserve Fund by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mrs. Holt, Mr. Megran, Mr. Nickell, Mr. Stratton.

**NONDEVELOPMENT OIL AND GAS LEASE COVERING AGRICULTURAL  
EXPERIMENT FIELD IN SALINE COUNTY**

(9) The University owns a fifteen-acre tract in Saline County, near Raleigh, Illinois (the legal description is: The South 15 acres of the NE  $\frac{1}{4}$ , NW  $\frac{1}{4}$ , Sec. 22, T 8 S, R 6 E, Saline County, Illinois), which is being used for agricultural experiment purposes. It has been subdivided into a series of small plots, each receiving different treatment in connection with the experiments being conducted, and records have been maintained since these operations began in 1910.

Mr. Amos S. Wood of the Delwood Oil Company and the latter now hold oil and gas leases covering considerable acreage in this area, including a lease covering a twenty-five-acre tract situated immediately north of the University's tract and leases to tracts situated adjacent to the University's to the east, south, and southwest, but not immediately to the west thereof. He desires to drill wells for oil and gas on the land covered by those leases and to begin such operations through the drilling of a test well on a forty-acre tract lying near the University's land in the immediate future, but hesitates to do this, of course, unless he can obtain an oil and gas lease from the University to its fifteen-acre tract, which he desires to obtain upon terms and conditions similar to those pertaining to the other leases. Because of the damaging effect which operations for the drilling of wells and the production of oil and gas upon the University's land would have upon the experiments which the Agricultural Experiment Station has been and is conducting thereon, and which it is believed will prove valuable and important, the Director of the Station objects to the giving at this time of a lease to the tract which will enable such operations to be conducted on it. However, it is agreeable to the Director that the University enter into a nondevelopment lease or agreement with Mr. Wood under which the University will agree that, for a period of two years, it will not drill or permit the drilling of any oil or gas well upon the University's tract except under and pursuant to an oil and gas lease given by it to him if the results of drilling operations conducted on adjacent land prompt the University to recede from its present unwillingness to permit any drilling operations upon its land.

Since, in order to enable Mr. Wood or his assignees to meet certain drilling commitments with respect to adjacent land which he now has under lease, it will probably be necessary to enter into the nondevelopment lease or agreement with him before the March meeting of the Board of Trustees, the Director of the Agricultural Experiment Station and the Comptroller recommend that the Executive Committee of the Board be authorized to approve the entry by the University into such a nondevelopment lease or agreement with Mr. Wood as may be nego-

tiated by University officers, and upon such terms and conditions as may be recommended to that Committee by the Director of the Agricultural Experiment Station, the Comptroller, and the President of the University, if approved by the Executive Committee, and to authorize the Comptroller and the Secretary to execute and deliver, on behalf of the University, any such nondevelopment lease or agreement covering said land which is so recommended and approved.

I concur.

On motion of Mr. Herrick, the Executive Committee was authorized to act for the Board of Trustees in this matter, as recommended above, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mrs. Holt, Mr. Megran, Mr. Nickell, Mr. Stratton.

**EMPLOYMENT OF SPECIAL COUNSEL IN CIRCUIT COURT  
PROCEEDING INSTITUTED BY FORMER CIVIL  
SERVICE EMPLOYEE**

(10) On August 17, 1955, a discharge proceeding was instituted against Casimir J. Palacz, a clerk in the Department of Administration of the Research and Educational Hospitals. The principal grounds for discharging him are an alleged refusal upon his part to work as scheduled and alleged insolence upon his part towards his supervisors and others upon several occasions. After employing counsel, he duly requested a hearing upon the charges, and a hearing was held before a hearing board, appointed by the Merit Board of the University Civil Service System of Illinois, on September 29. The members of the hearing board were Dr. Percival Bailey and Dr. Isaac Schour. After the hearing, the hearing board made findings of fact sustaining most of the charges against Mr. Palacz and recommended that he be discharged from the employ of the University. The findings and recommendations of the hearing board were subsequently reviewed and approved by the Merit Board.

Pursuant to the provisions of the "Administrative Review Act" Mr. Palacz has taken steps to have the decision of the hearing board and the Merit Board reviewed in and by the Circuit Court of Cook County, Illinois. Summons in the proceeding instituted by him in that court to obtain that judicial review has been served upon the Merit Board and its Director.

In a court proceeding of this nature the Merit Board merely files the record in the discharge proceeding with the court and leaves it wholly to the employer to defend the Merit Board's action and decision. Consequently, it will be necessary for the Legal Counsel to appear in the court proceeding on behalf of the University and to seek to uphold the decision of the hearing board and of the Merit Board. The Legal Counsel, through one of his assistants, has appeared for and represented the University in this entire proceeding to date. However, since it is now pending in the Cook County Circuit Court, and past experience has demonstrated that, because of the procedures followed in the courts of Cook County, it is extremely difficult for the Legal Counsel to properly represent the University in suits or other proceedings in those courts without the assistance of counsel practising in Chicago, it is highly desirable, if not necessary, that special counsel be employed to assist the Legal Counsel in representing the University in this proceeding.

In view of their familiarity with University procedures pertaining to discharge of its employees and the legal questions involved therein and the excellent service rendered by them to the University and the Legal Counsel in other matters, the Legal Counsel recommends that he be authorized to employ Mr. Albert E. Jenner, Jr. and Mr. Prentice H. Marshall of the law firm of Johnston, Thompson, Raymond, Mayer, and Jenner of Chicago to assist him in representing the University in this proceeding upon the basis of their usual and customary charges for their services which he regards as reasonable and proper.

I concur.

On motion of Mr. Swain, employment of special counsel in this proceeding, as recommended above, was authorized.

Mr. Livingston suggested that consideration be given to the employment of a full time member of the Legal Counsel's staff for University services in Chicago. On motion of Mr. Livingston, this was referred to the President of the University and to the Committee on General Policy for consideration.

#### **ARCHITECTURAL SERVICES ON MEN'S RESIDENCE HALLS**

(11) The Director of the Physical Plant and the Comptroller request authorization of a contract with the firm of Berger-Kelley & Associates, Champaign, as architects for the next residence hall units for unmarried undergraduate men to be constructed immediately west of the original unit of the Men's Residence Halls at the northeast corner of the former drill field. This is one of the projects scheduled for 1957-58 in the University's program for housing students as approved by the Board of Trustees on January 28, 1956, and will consist of four buildings: three duplicate buildings, housing 444 students each, at an estimated cost of \$1,250,000 each, and one food service building, to serve 1,332, at an estimated cost of \$500,000. The first unit, to house 444 students, is scheduled for completion in September, 1957, and the others in September, 1958. The dining room in the present adjacent building will serve temporarily until the new food service building is completed.

The design studies were prepared by Professor Ambrose M. Richardson of the Department of Architecture and will be used by Berger-Kelley & Associates who have offered to provide the remaining architectural services required under the usual arrangement of a percentage of the total cost of construction. In this case credit given for Professor Richardson's work will reduce the usual rate of 6 per cent of the cost of construction to 5.25 per cent for all professional services on the two original buildings (first housing unit and food service building) for which drawings and specifications are prepared by Berger-Kelley & Associates and to 3.08 per cent of the construction cost of the two repeated buildings, including complete supervisory services for all four. (For the whole project the over-all fee, with total supervisory services, is estimated to be 3.57 per cent.) In view of the present and anticipated loads on the University Architect's Office, the Director of the Physical Plant recommends that Berger-Kelley & Associates be employed for the complete architectural services, including supervision of construction.

The estimated cost of the total project is \$4,250,000 of which approximately three-quarters will be for construction and the remainder for furnishings and other expenses. Based on this estimate, the total fee to be paid Berger-Kelley & Associates under the proposed contract would be approximately \$114,000, but would be determined by the actual cost of construction. Any payments required under the contract prior to the availability of funds through a bond issue would be advanced from reserves available to the Housing Division, and authorization of such advances is recommended.

This firm has been in business for more than forty years and has designed many school buildings, as well as other types of construction. It consists of the senior Messrs. Berger and Kelley and a son of each, all of whom are graduates of the University of Illinois Department of Architecture, plus an adequate staff of designers and draftsmen.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

#### **ARCHITECTURAL SERVICES ON RESIDENCE HALL FOR GRADUATE MEN STUDENTS**

(12) The Director of the Physical Plant and the Comptroller request authorization of a contract with Lundeen and Hilfinger, Bloomington, Illinois, for architectural and engineering services for a residence hall for unmarried men graduate and law students to be constructed adjacent to and west of the new Law Building.

This is one of the projects scheduled for 1957 in the University's program for housing students as approved by the Board of Trustees on January 28, 1956, and the first unit will house and provide food service for a minimum of 250 graduate and law students.

The preliminary design work on this building has been done by Professor Ambrose M. Richardson of the Department of Architecture for which Lundeen and Hilfinger offer a credit of three-fourths of 1 per cent of the construction cost. They also offer a credit of one-half of 1 per cent of that cost for partial supervision of construction by the University. The Director of the Physical Plant recommends that the contract be drawn to permit the University to take this credit if feasible. This would make the fee 4.75 per cent instead of the customary 6 per cent. The total fee would be determined by the actual cost of construction and is estimated to be \$35,625.

Funds for these services will come from the bond issue for this project, and until they are available, it is recommended that payments required under the proposed contract with Lundeen and Hilfinger be advanced from Housing Division reserves accumulated from housing operations.

The principals in the firm of Lundeen and Hilfinger are graduates of the Department of Architecture of the University of Illinois. They have been operating in Bloomington for more than twenty-five years and have done work for Illinois Wesleyan University, Illinois State Normal University, and other institutions of higher education.

I concur in the above recommendations and request that the Comptroller and the Secretary of the Board be authorized to execute a contract based on 4.75 per cent of the construction price with the option of increasing this to 5.25 per cent, if the University does not elect to perform any of the supervisory services.

On motion of Mr. Livingston, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

#### **ADDITION TO CONTRACT WITH CONSULTING ENGINEERING SERVICE**

(13) The University has a contract with E. C. Manthei, operating under the firm name of Consulting Engineering Service, Champaign, for engineering work as may be required in designing and preparing working drawings, blueprints, and specifications for various construction and remodeling projects. This is a stand-by contract for supplementing the services of the University Architect's Office.

The services of this firm are needed for planning improvements in the attic of the Ceramics Building to convert this space into quarters for the Department of Mining and Metallurgical Engineering. The estimated cost of these services is \$3,000 which will include some architectural work to be done under a subcontract subject to the University's approval.

The Director of the Physical Plant and the Comptroller recommend, and I concur, that an addition to the contract with Consulting Engineering Service be authorized, the same to be executed by the Comptroller.

On motion of Mr. Williamson, the Comptroller was authorized to execute this change in the contract.

#### **CONTRACT FOR ENGINEERING SERVICES ON DAVENPORT HALL REMODELING AND ALTGELD HALL REMODELING**

(14) The Director of the Physical Plant and the Comptroller request authorization of a contract with James G. Clark, Consulting Engineer, Urbana, for engineering services on the remodeling of the central wing of Davenport Hall and remodeling in Altgeld Hall. The services will include inspections, measurements, and drawings; preliminary studies and estimates; design calculations; and construction plans and specifications. A fee of 5 per cent of the construction cost, or approximately \$13,000, is proposed.

Funds are available for the Altgeld Hall project in a special appropriation made by the Board of Trustees on January 28 and for the work on Davenport Hall in the state appropriations for 1955-57 for buildings and other permanent improvements.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Swain, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

#### CONTRACT FOR AIR CONDITIONING OF ILLINI UNION BOOKSTORE

(15) The Director of the Illini Union, the Director of the Physical Plant, and the Comptroller recommend award of a contract for \$10,850 to F. R. Inskip & Co., Champaign, the lowest bidder, for the installation of air conditioning in the Illini Union Bookstore.

The total budget for this project, including insurance, architectural engineering services, and contingencies, is \$13,000. Funds are available in the net income of the Bookstore.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

#### CONTRACT FOR NEW GUTTER WORK ON ARCHITECTURE BUILDING

(16) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$6,950 to Petry Roofing & Sheet Metal Company, Champaign, the lowest bidder, for replacing the gutters, plus the necessary auxiliary work, on the Architecture Building.

Funds are available in the Physical Plant Department's budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

#### QUARTERLY REPORT OF THE COMPTROLLER

(19) The Comptroller presents his quarterly report to the Board of Trustees as of December 31, 1955.

This report was received for record and a copy has been filed with the Secretary of the Board.

#### LEASE OF HOUSING FOR UNDERGRADUATE WOMEN

(20) The Board of Trustees has authorized the leasing, through a sublease from the University of Illinois Foundation, the principal lessee, of seven apartment buildings from Northwood, Inc., Champaign. The plan as approved by the Board provides for the construction by Northwood, Inc., of two of these buildings between First and Second Streets and five between Third and Arbor Streets, all on Gregory Drive in Champaign.

Northwood, Inc. requests a revision of the plan so that six buildings will be located between Arbor and Third Streets on Gregory Drive and one building on the northeast corner of Gregory Drive and Second Street. The University's Housing Division approves this change as the buildings will be located closer to food service facilities.

The Director of the Physical Plant and the Comptroller recommend the acceptance of the revision. Except for the change in site, the plan as approved by the Board on January 28, 1956, is the same.

I concur.

On motion of Mr. Swain, this revision was approved.

#### EXECUTIVE SESSION

President Henry stated that he had recommendations to present relating to land acquisitions and the conferring of honorary degrees.

On motion of Mr. Livingston, an executive session was ordered for the consideration of these matters of business.

#### CONFERRING OF HONORARY DEGREES

(21) The University Senate recommends that the honorary degree of Doctor of Laws (LL.D.) be conferred on the Honorable Earl Warren, Chief Justice of the United States Supreme Court, and the Honorable Walter Charles Lindley, Judge of the United States Court of Appeals, on April 14, 1956, at one of the ceremonies dedicating the new College of Law Building at the University of Illinois.

I concur in these recommendations.

On motion of Mr. Swain, these recommendations were approved and the conferring of the degrees was authorized.

### PURCHASE OF FARM LANDS

(22) A farm in two tracts immediately south of University farm lands in Champaign County, one hundred sixty acres (N.E. Quarter, Section 31, T. 19 N., R. 9 E.) and eighty acres (west half of the S.E. Quarter, Section 30, T. 19 N., R. 9 E.), owned by the George Grein estate, will soon be sold at a public sale to settle the estate. Neither tract is contiguous to University land. The eighty-acre tract is separated from University land to the north by a forty-acre tract (S.W. Quarter of the N.E. Quarter of Section 30, T. 19 N., R. 9 E.) and to the east by an eighty-acre tract (E. half of the S.E. Quarter, Section 30, T. 19 N., R. 9 E.), both owned by Mr. Henry Grein.

As the University campus expands, it will be necessary to take over for other purposes some of the present Agricultural Experiment Station farm lands south of the campus, and these will have to be replaced by other farm land acquisitions. It would be an advantage to acquire the Grein farm now for this long-range program. The possibility of a trade of farm lands with Mr. Henry Grein in this acquisition program should also be considered since his farm adjoins present University holdings. These possibilities and ways and means of financing this land acquisition program are being carefully studied.

In the meantime, since the public sale may be held before the next meeting of the Board of Trustees, I recommend that the Board authorize its Executive Committee, acting on recommendations from the Committee on Agriculture, to acquire through negotiation or public sale either the land now owned by the George Grein estate or the land owned by Henry Grein, or both, or any part or parts of either or both.

Mr. Swain moved that the Executive Committee be given the authority recommended. This motion was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mrs. Holt, Mr. Megran, Mr. Nickell, Mr. Stratton.

### FEDERAL AID TO MEDICAL EDUCATION

President Henry discussed with the Board briefly some aspects of legislation to be introduced in the Congress of the United States to provide federal aid to medical education.

### MIDWEST UNIVERSITIES RESEARCH ASSOCIATION

President Henry reported on the offer made by the University of Illinois to the Midwest Universities Research Association to construct its proposed high energy exhilarator laboratory in the vicinity of the University at Urbana-Champaign.

#### EMPLOYMENT OF UNIVERSITY AUDITORS

The Finance Committee recommends that the Board employ the firm of Haskins & Sells, Chicago, to audit the University's accounts for the year ending June 30, 1956.

The fee for these services is based on per diem rates and expenses, with the understanding that the aggregate charges will not exceed the following amounts:

University of Illinois (all divisions).....	\$15 000
University of Illinois Foundation (including its Retirement System).....	900
University of Illinois Athletic Association (including its Retirement System) .....	1 000

The report of Haskins & Sells will be issued jointly to the Board of Trustees and to the Auditor of Public Accounts in accordance with the procedure agreed to last year which proved satisfactory to the Auditor as well as to the Board of Trustees.

On motion of Mr. Livingston, this recommendation was approved.

**SALE OF DORMITORY REVENUE BONDS**

Mr. Livingston, for the Finance Committee, reported that pursuant to public notice issued by the Comptroller, bids were received on March 22, 1956, in the Illini Center, LaSalle Hotel, Chicago, Illinois, for the sale of \$1,300,000 of Dormitory Revenue Bonds of 1956 by the Board of Trustees of the University of Illinois, the proceeds of said bonds to be used for the construction of additions 3 and 4 to the Men's Residence Halls.

The Finance Committee recommends that \$135,000 of "A" bonds be sold to White, Weld, & Company, Chicago, Illinois, for \$116,248.50, an average of \$86.11 of the individual price bid on each maturity with an interest rate of one per cent representing an effective interest rate of 3.1369 per cent which bid will result in the lowest interest cost to the University.

In accordance with a prior agreement, the United States Housing and Home Finance Agency submitted a bid to purchase the "B" bonds in the amount of \$1,165,000 at par and an interest rate of 2.75 per cent. No other bids were received for the purchase of the "B" bonds. The Finance Committee recommends that (a) these "B" bonds be sold to the United States Government, (b) the actions of the Comptroller and the Secretary of the Board in executing a copy of the Loan Agreement with the Housing and Home Finance Agency be confirmed, and (c) that the Comptroller and Secretary be authorized to execute all other documents necessary to complete the sale. The Loan Agreement is submitted herewith for examination and a copy will be filed with the Secretary of the Board for record.

On motion of Mr. Livingston, these recommendations were approved by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Johnston, Mr. Stratton.

Interest accruing on this bond on and prior to the maturity date hereof shall be payable upon presentation and surrender of the interest coupons hereto attached as they subsequently become due, but no interest shall accrue on this bond after the maturity hereof unless this bond be presented for payment at maturity and be not then paid.

Both principal hereof and interest hereon are hereby made payable in lawful money of the United States of America at the First National Bank of Chicago,

in the City of Chicago, Illinois, or at the option of the holder, at the Chase Manhattan Bank, in the City of New York, New York.

This bond is one of an authorized issue of One Million Three Hundred Thousand Dollars (\$1,300,000), all of like date and of the denomination of \$1,000 each, numbered from 1 through 1300, and bonds numbered 1021 through 1300 are subject to redemption as a whole or in part, prior to their maturity, in inverse numerical order, on any interest payment date at par and accrued interest; bonds numbered 226 through 1020 are subject to redemption prior to maturity, in the inverse order in which they are numbered, on any interest payment date on or after April 1, 1966, as a whole or in part, at par and accrued interest, and a premium of two and one-half per cent ( $2\frac{1}{2}\%$ ) of the principal amount thereof if redeemed on April 1, 1966, or on any interest payment date thereafter up to and including October 1, 1970; as a whole or in part, at par and accrued interest, and a premium of two per cent (2%) of the principal amount thereof if redeemed on April 1, 1971, or on any interest payment date thereafter up to and including October 1, 1975; as a whole or in part, at par and accrued interest, and a premium of one and one-half per cent ( $1\frac{1}{2}\%$ ) of the principal amount thereof if redeemed on April 1, 1976, or on any interest payment date thereafter up to and including October 1, 1980; as a whole or in part, at par and accrued interest, and a premium of one per cent (1%) of the principal amount thereof if redeemed on April 1, 1981, or on any interest payment date thereafter prior to maturity. Priority as to redemption shall extend to bonds numbered 1021 through 1300 inclusive.

Notice of redemption of any or all of said bonds shall be published once not less than thirty days prior to the date of redemption, such publication to be made in one newspaper published and of general circulation in the City of Chicago and also in a financial journal published in the English language in the City and State of New York, and when this bond or any of the bonds of such authorized issue shall have been called for redemption, interest thereon shall cease from and after the specified redemption date.

This bond and the series of which it forms a part is issued under authority of an Act of the General Assembly of the State of Illinois, entitled "An Act to authorize the Board of Trustees of the University of Illinois to acquire by purchase or otherwise, construct, equip, complete, operate, control and manage student residence halls, staff housing facilities, dormitories, health and physical education buildings, or other revenue producing building or buildings, defining the duties of such Board with respect to operation and maintenance thereof, charge fees or rates for the use thereof, and providing for and authorizing the issue of bonds for the purpose of defraying the cost of construction, acquisition or equipment of any such building or buildings payable only from the revenues derived from the operation thereof, or, when authorized by the Board of Trustees, payable from such revenues as supplemented by University income authorized by law to be retained in the University treasury and applied to such purpose and for the refunding of any such bonds," approved June 30, 1945, L. 1945, p. 1753; title as amended by Act approved July 21, 1947, L. 1947, p. 1738, and by Act approved June 30, 1955, L. 1955, p. 796, and all other laws supplementary thereto, and a resolution duly adopted by The Board of Trustees of the University of Illinois for the purpose of defraying the cost of constructing and equipping certain revenue producing buildings of said University in the City of Champaign, Illinois, consisting of two additional units to the Men's Residence Halls, located at Fourth and Peabody Drive in the City of Champaign, Illinois.

This bond is payable, both as to principal and interest, only from the revenues derived from the operation of said revenue producing buildings constructed, completed, and equipped with the proceeds of this bond issue, and student fees and tuition authorized by law to be retained in the University treasury, but not in excess of \$56,250 annually, and this bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois. The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or of the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the

Chicago office of the Comptroller of said University, located at 1853 West Polk Street, Chicago, Illinois, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer hereof.

This bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, howsoever such possession may have been acquired, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and The Board of Trustees of the University of Illinois and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered, and the bearer of any interest coupons appertaining hereto as the absolute owner thereof for all purposes.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said buildings, as provided for in and by said resolution, and to establish from time to time parietal rules, rents and charges for the use of said buildings and to maintain and collect rents and charges and to withhold student fees and tuition sufficient to pay the reasonable cost of operating, maintaining, insuring, and repairing of said buildings, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said buildings to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be signed by its President and two members thereof, the corporate seal of the University of Illinois to be hereto affixed, and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, which said officials by the execution of this bond do adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons, and this bond to be dated as of the first day of April, 1956.

SECTION 5. That upon the issuance of the said revenue bonds herein provided for, there be and there is hereby established a fiscal year for the operation of said buildings, and such fiscal year shall commence the first day of July of each year and end the last day of the next succeeding June, and all of the revenues derived from the operation of said buildings shall be set aside as collected in a separate account and fund, apart from all other funds of said University, which is hereby created and designated as "Dormitory Revenue Bond Fund of 1956," and the University covenants that all revenues, income, receipts, profits, rates, rents, charges, fees, and returns derived from the operation of said buildings shall be deposited in such fund and shall be used only in paying the reasonable cost of operating and maintaining said buildings, including, without thereby limiting the generality of the foregoing, salaries, wages, cost of materials, supplies, insurance, and the reasonable repair necessary to maintain said buildings properly, for the creation and maintenance of a sinking fund, as hereinafter provided for the payment of the principal and interest of the revenue bonds herein provided for, which by their terms are payable solely from the revenues derived from the operation of said buildings and from student fees and tuition, all as hereinafter provided in Section 6 of this resolution. The word "repair" as used in this resolution shall be construed to refer only to such repairs as are necessary to keep the buildings in proper condition for use and occupancy or are so certified to be necessary to remedy some physical condition which would otherwise impair or endanger the use and occupancy thereof and the security of the bonds hereby authorized, and all other bonds that may hereafter be authorized, which by their terms are payable from the revenues derived from the operation of said buildings.

SECTION 6. That there be and there are hereby created the following special accounts in the "Dormitory Revenue Bond Fund of 1956," to wit: "Operation and Maintenance Account" and "Bond and Interest Sinking Fund Account," to be maintained with a bank or banks which are members of the Federal Deposit Insurance Corporation, into which there shall be credited, in the manner and in the order hereinafter mentioned, all moneys held in the Dormitory Revenue Bond Fund of 1956, in accordance with the following provisions:

a. There shall be credited to the Operation and Maintenance Account on the first business day of each month an amount sufficient to pay the reasonable expenses of operation and maintenance and repair of said Men's Residence Halls for the next succeeding month, including, without limiting the generality of the foregoing, salaries, wages, cost of materials, supplies, insurance, light, heat, and power.

b. There shall be credited to the Bond and Interest Sinking Fund Account on the first days of February and July, beginning in the year 1957, not less than the sum of \$37,000 until such time as such funds and the income and profits realized from any investments thereof are at least equal to the current year's and the next two succeeding years' debt service on the outstanding bonds and thereafter, such sums on the first days of February and July of each year as may be necessary to meet the then current year's debt service and to maintain a reserve of two years' accumulated debt service on bonds then outstanding.

Funds of this account in excess of the principal and interest requirements for the next succeeding twelve months may be invested from time to time by the Comptroller in United States Government securities, maturing not more than five years from date of purchase.

c. All funds remaining in said Dormitory Revenue Bond Fund of 1956 in any fiscal year after the full debt reserve prescribed in subsection (b) of this section has been provided for and after all amounts required to be credited to the accounts provided for in subsections (a) and (b) of this section, and all deficiencies have been made up, shall be used for the purpose of calling and redeeming the revenue bonds of this issue, which by their terms are redeemable prior to maturity; provided, whenever the said full debt reserve has been provided for there is sufficient money in said Dormitory Revenue Bond Fund of 1956, at any time after crediting all amounts required to be credited to accounts (a) and (b) of this section, and after setting aside an amount sufficient to pay interest due, principal of and premium on any bonds theretofore called for redemption and not yet redeemed, and the purchase price of any bonds theretofore purchased and not paid for, sufficient to purchase one or more bonds, the Comptroller shall as soon as reasonably practicable apply such available moneys to the purchase in the open market of bonds of this issue, with all unmatured interest coupons thereto attached (to the extent such bonds are available for purchase) at the lowest prices reasonably attainable, but not exceeding the amount at which such bonds at the time are redeemable; provided, however, that if on the sixtieth (60th) day before any interest payment date on which any of said bonds are redeemable there be moneys available in said Dormitory Revenue Bond Fund of 1956, after the said full debt reserve has been provided for and after crediting all amounts required to be credited to accounts (a) and (b) available to purchase ten or more bonds and not so expended, such moneys shall be applied to the redemption of bonds then redeemable. The funds in said Dormitory Revenue Bond Fund of 1956, until applied as herein provided, may be invested from time to time in United States Government securities. Any interest earned or profits realized from the moneys so invested shall be credited to the Bond and Interest Sinking Fund Account.

SECTION 7. That it is hereby determined by The Board of Trustees of the University of Illinois, and it is hereby covenanted that it is necessary to supplement revenues derived from the said Men's Residence Halls, referred to in this resolution, by the use of funds obtained from student fees and tuition, but not, however, to exceed the sum of \$56,250 annually, and it is hereby further covenanted that in accordance with the pledge hereby made if on the first days of February and July of each year beginning in the year 1957 there is a deficiency in the Dormitory Revenue Bond Fund of 1956 to provide for crediting the respective accounts provided for in Section 6 of this resolution with the required amounts,

The Board of Trustees of the University of Illinois shall on the first days of February and July in each year credit to the said Dormitory Revenue Bond Fund of 1956 out of the pledged student fees and tuition which said University is authorized to retain in its treasury, a sum sufficient to make up such deficiency in order to meet the annual debt service required on the bonds, the annual cost of maintenance and operation of the buildings, and provide for all the accounts and covenants provided for by this Bond Resolution, but such amount shall not, however, exceed \$56,250 in any fiscal year.

SECTION 8. That The Board of Trustees of the University of Illinois hereby covenants as follows:

a. That as long as the bonds herein authorized to be issued shall remain outstanding it will continuously operate and maintain said buildings constructed and equipped with the proceeds derived from the issue of said bonds, that it will adopt such parietal rules and regulations and fix and maintain such rates, rents, fees, and charges for the use of said buildings, when supplemented with student fees and tuition as hereinafter pledged, as will assure maximum occupancy of the buildings that will provide revenue sufficient to pay the reasonable cost of operating and maintaining said buildings, and to provide and maintain the aforesaid Bond and Interest Sinking Fund Account and the required reserves therefor, and that it will collect and account for and apply the aforesaid income and revenues in accordance with and as provided by this resolution.

b. That it will set aside from student fees and tuition authorized by law to be retained in the University treasury an amount which when added to the revenues to be derived from the operation of said buildings will be sufficient to meet the annual costs of maintenance and operation of the buildings and to meet the semi-annual Bond and Interest Sinking Fund Account requirements as hereinbefore provided, but in no event shall the amount of student fees and tuition so retained for this bond issue exceed \$56,250 a year.

c. That it will not voluntarily create or cause to be created any debt or lien, charge or encumbrance on any of the revenues to be derived from the operation of such buildings having a priority to or parity with the pledge of the bonds issued under this resolution, and that it will not sell, mortgage, lease, or otherwise dispose of or encumber said buildings or any part thereof during the time when the bonds issued hereunder shall remain outstanding and unpaid, except as provided for in Section 10 hereof.

d. That as long as any of the bonds issued hereunder remain outstanding and unpaid, either as to principal or interest, or both, it will at all times exercise all of its lawful powers to preserve and protect the security of the bonds and the rights of the bondholders under this resolution.

e. That it shall cause to be kept proper books of records and accounts separate and apart from all other records and accounts in which complete and correct entries shall be made of all transactions relating to the cost of constructing and equipping the aforesaid buildings, the expenditures for maintaining, operating, and repairing the said buildings, and all revenues collected therefrom, which said record shall be kept and shall be available for the information of all bondholders; and that there shall be furnished to the original purchaser of said bonds and to any holder of any of said bonds, on the written request therefor, prior to October 1 of each year, complete operating and income statements of said buildings, in reasonable detail, for said preceding fiscal year.

f. That it will faithfully and punctually perform or cause to be performed all of the duties and obligations with reference to the said buildings as are required by the provisions of this resolution and the statutes under which the said bonds are issued, including the completion of the aforesaid buildings and the operation and maintenance of said buildings as herein provided, the making and collecting of sufficient rates, fees, and charges for the use thereof, the segregation of the income and revenues therefrom to the respective accounts created under the provisions of this resolution, and the proper application of said funds.

g. That as long as any of said bonds authorized to be issued hereunder shall remain outstanding and unpaid, either as to principal or interest, or both, it will maintain insurance on said buildings, including all equipment thereof, against loss

or damage by fire and windstorm and all other risks included in extended coverage insurance in an amount not less than the full insurable value of said properties or the principal amount of outstanding bonds, plus accrued interest and applicable premium to the next succeeding redemption date, whichever is less. Such insurance policy or policies shall be payable to The Board of Trustees of the University of Illinois, and all moneys collected on account of loss or damage covered by any such policy or policies of insurance shall be held in trust and shall be used only for restoration of the property so damaged. In the event said funds are insufficient to restore said properties to their former condition, then said funds shall be paid into the Bond and Interest Sinking Fund Account and held for the benefit of the bondholders as their interest may appear.

h. That as long as the funds and investments of the Bond and Interest Sinking Fund Account are inadequate to meet the then current year's and the next succeeding two years' debt service on the bonds, it shall procure and maintain use and occupancy insurance on each building, the revenues of which are pledged to the payment of the bonds, in an amount sufficient to enable it to deposit in the Bond and Interest Sinking Fund Account, out of the proceeds of such insurance, an amount equal to the sum that would normally have been available for deposit in such Account from the revenues of the damaged building during the time the damaged building is non-revenue producing as a result of loss of use caused by hazards covered by fire and extended coverage insurance.

SECTION 9. That the bonds authorized to be issued hereunder and from time to time outstanding shall not be entitled to priority one over the other in the application of the income and revenues derived from the collection of rents, rates, fees, and charges for the use of the aforesaid buildings, or with respect to the pledge of the revenue to be derived from the operation of said buildings.

SECTION 10. That it is hereby further covenanted and agreed that after the issue and delivery of the bonds herein authorized and provided for to the purchaser thereof, additional bonds to share ratably and equally with the bonds hereby authorized shall only be issued in the event that funds are necessary to pay the cost of completing the project herein provided for in accordance with the plans and specifications now on file in the office of the Physical Plant Department, Administration Building, Urbana, Illinois, and in the event additional funds are necessary to pay the cost of completing the project herein provided for, said bonds shall not be issued until such time as the architects employed by the University for the construction of said buildings have submitted a certificate to The Board of Trustees of the University of Illinois setting forth an itemized statement of the work completed to date, the cost thereof, and an itemized statement of the work yet to be completed and the estimated cost of the work to be completed, and such certificate and estimate shall be presented to and approved by said Board of Trustees preceding the adoption of any resolution authorizing the issuance of additional bonds to share ratably and equally in the revenues of said buildings. Any additional bonds issued for the purpose of completing the project herein provided for, in accordance with this section, shall be payable serially with principal and interest amortized over a period not shorter than the remaining life of any of the then outstanding bonds, with principal payments beginning not more than three years from date of the additional bonds, in such manner as to make the total amount of principal of and interest on the additional bonds due in each year approximately the same in each year in which there is a maturity of principal.

In addition to the foregoing, if prior to the payment of the bonds hereby authorized it shall be found desirable to refund all or a part of the bonds hereby authorized, said bonds may be refunded notwithstanding the restrictions as to the issuance of additional bonds set forth in this section (with the consent of the holders thereof if any bonds are to be refunded prior to maturity or prior to date of call and redemption) and any refunding bonds so issued shall share ratably and equally with the portion of the bonds hereby authorized which are not refunded in the revenues of said buildings and the pledge thereof under this resolution; provided, however, that if only a portion of said outstanding bonds are to be refunded at any time, such refunding obligations shall not mature at a date earlier than the final maturity of such bonds not refunded.

SECTION 11. That from the proceeds derived from the sale of said bonds all accrued interest and premium, if any, derived from the sale of the bonds shall be credited to the Bond and Interest Sinking Fund Account created by Section 6 of this resolution, and the balance of the proceeds derived from the sale of said bonds shall be set aside in a separate account which is hereby created and designated as the "Construction Fund Account" and all of the funds of such Construction Fund Account shall be deposited in the First National Bank of Chicago, which bank be and is hereby designated as the Depositary therefor. The proceeds of said Construction Fund Account shall be withdrawn from such account by the Comptroller of such University from time to time as funds are needed for the construction of the buildings herein provided for.

For the purpose of this resolution the cost of the construction of said project to be paid from said Construction Fund Account shall be deemed to include the following:

a. The purchase price and cost of acquisition of real estate, easements, rights of way and other property necessary for the construction of such buildings, including the cost of abstracts of title, title examination, and title insurance.

The approval of said Architect shall not, however, be required with respect to payment of audits and field supervision by representatives of the federal government. All orders withdrawing funds and the certificates when required shall be held by said Comptroller and made available for inspection by any bondholder or any duly authorized agent of such bondholder.

Funds of this account may be invested by the Comptroller from time to time in United States Treasury Bills. Any interest earned or profits realized from the moneys so invested shall be credited to the Construction Fund Account.

**REPORT OF THE EXECUTIVE COMMITTEE ON  
PURCHASE OF FARM LANDS**

Pursuant to authorization of the Executive Committee of the Board of Trustees, the University entered into an agreement with the University of Illinois Foundation under which the Foundation entered bids for purchase of the following described property which was sold on March 21, 1956, at public auction in a partition proceeding involving a portion of the estate of George Grein, deceased:

Tract No. 1, 80 acres, described as the west half of the S.E. Quarter, Section 30, T. 19 N., R. 9 E. of 3rd P.M., Champaign County, Illinois.

Tract No. 2, 160 acres, described as the N.E. Quarter, Section 31, T. 19 N., R. 9 E., said county.

The Foundation purchased these properties at a price of \$670 an acre for Tract No. 1, or a total price of \$53,600, and at \$688 an acre for Tract No. 2, or a total of \$110,080. The total purchase price of the 240 acres is \$163,680.

The University of Illinois Foundation will borrow from the First National Bank of Chicago the sum of \$82,000. Under the agreement with the Foundation, the University is to pay to the Foundation the balance of the purchase price of the land. In return, the Foundation will execute a contract wherein the Foundation will agree to convey this land to the University upon payment by the University of the amount of the loan from the bank to the Foundation together with all interest thereon.

The amount which the University must, therefore, pay to the Foundation at this time is \$81,680. In addition, there are certain expenses of closing, including the payment of the 1955 taxes due in 1956, which the purchaser must assume under the terms of the sale. These are estimated at \$2,700. It is, therefore, recommended that an appropriation of \$84,380 be made to apply on this purchase, \$72,000 from the General Reserve Fund and \$12,380 from the accumulation of surplus receipts of the Agricultural Experiment Station; and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents to complete this transaction.

On motion of Mr. Livingston, these appropriations were made and authority was given as recommended. This action was taken by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Johnston, Mr. Stratton.

**DESIGN OF BAND BUILDING**

Mr. Livingston, for the Committee on Buildings and Grounds, reported that the Committee on Buildings and Grounds has examined the revised design of the new Band Building and has approved the same. The architects are proceeding with the working drawings and specifications in accordance with the previous authorization by the President of the University, which was confirmed by the Board on November 23, 1955.

**BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The Board took up consideration of the following reports and recommendations from the President of the University.

**DEANSHIP OF THE COLLEGE OF VETERINARY MEDICINE**

(1) Dean Robert Graham of the College of Veterinary Medicine will retire from active service at the end of the current academic year. To fill this position I recommend the appointment of Dr. Carl Alfred Brandly, presently Professor of Veterinary Science and Bacteriology at the University of Wisconsin, as Professor of Veterinary Microbiology and Public Health on indefinite tenure and Dean of the College of Veterinary Medicine for one year at a salary of \$17,000 a year on a twelve months' service basis (AY). I further recommend that the appointment as Professor be effective August 1 and as Dean, September 1, 1956.

A special committee appointed to search for available and qualified candidates for this position has unanimously nominated Dr. Brandly. The Executive Committee of the College, the Provost, and the Dean of the Graduate College have also been consulted and concur in this recommendation.

I recommend approval.

On motion of Mr. Nickell, this appointment was approved.

**HEADSHIP OF THE DEPARTMENT OF ART**

(2) The Dean and the Executive Committee of the College of Fine and Applied Arts recommend the appointment of Professor James R. Shipley of the Department of Art as Head of the Department on indefinite tenure effective immediately. This nomination is made after consultation with the members of the Department of professorial rank and is concurred in by the Provost and the Dean of the Graduate College.

On June 21, 1954, the Board of Trustees approved a change in the departmental organization from a headship to a chairmanship for the academic year 1954-55. Professor Shipley was appointed Acting Chairman of the Department beginning September 1, 1955, and the chairmanship organization was continued for another year. Since this was a temporary change in organization, no action is necessary, but it should be noted for the record that the Department of Art requests that it revert to the headship organization.

The salary of this position will be determined when the budget for 1956-57 is presented to the Board, but I recommend approval of the appointment as Head of the Department to become effective as of today.

On motion of Mr. Herrick, this appointment was approved.

**CHANGE IN ORGANIZATION OF DEPARTMENT OF HISTORY**

(3) Professor F. C. Dietz, Head of the Department of History, will retire from active service at the end of the current academic year.

The faculty of the Department has voted to recommend a change in departmental organization from a headship to a chairmanship as of September 1, 1956. This is permissive under the University Statutes and is concurred in by the Dean of the College of Liberal Arts and Sciences.

The Dean also recommends the appointment of Professor Joseph W. Swain as Chairman of the Department for one year from September 1, 1956. This recommendation has been made after consultation with the Executive Committee of the College. The salary of the position will be determined when the budget for 1956-57 is presented to the Board of Trustees.

I concur in these recommendations.

On motion of Mr. Swain, these recommendations were approved.

**CHANGE IN TITLE OF ADMINISTRATIVE HEAD  
OF THE SCHOOL OF NURSING**

(4) The Vice-President in Charge of the Chicago Professional Colleges recommends that the title of the administrative head of the School of Nursing be changed from Director to Dean, and that Miss Emily C. Cardew, presently Assistant Professor and Acting Director of the School of Nursing, be appointed Asso-

ciate Professor of Nursing on indefinite tenure, effective March 1, 1956, and Dean of the School of Nursing from March 1, 1956, to August 31, 1957, at a salary of \$11,500 a year on a twelve months' service basis.

The Provost and the Dean of the Graduate College concur in these recommendations.

I recommend approval.

On motion of Mrs. Watkins, these recommendations were approved.

#### **APPOINTMENT OF ADMINISTRATOR OF THE RESEARCH AND EDUCATIONAL HOSPITALS**

(5) The Medical Director of the Research and Educational Hospitals and the Vice-President in Charge of the Chicago Professional Colleges recommend the appointment of Mr. Harry G. **APPOINTMENTS TO THE BOARD OF DIRECTORS  
OF THE ATHLETIC ASSOCIATION**

(8) Following the established practice, and pursuant to the provisions in the articles of incorporation of the University of Illinois Athletic Association, I submit herewith nominations for appointments to its Board of Directors to become effective as of today and to continue until the next annual meeting of the Board of Trustees of the University of Illinois in 1957 or until the successors of these directors have been appointed. There are two new appointments and five of the present directors are being reappointed, as indicated in each case.

*Faculty*

CECIL A. MOYER, Professor and Head of the Department of Accountancy (reappointment; has served since 1953)  
 ALVIN L. LANG, Professor of Soil Fertility (reappointment; has served since 1954)  
 ROBERT B. BROWNE, Professor of Education, Dean of the Division of University Extension, and Dean of the Summer Session (reappointment; has served since 1955)  
 KENNETH J. TRIGGER, Professor of Mechanical Engineering (new appointment)

*Alumni Association*

RALPH CHAPMAN, Class of 1915, Farwell, Chapman and Company, 208 South LaSalle Street, Chicago, Illinois (reappointment; has served since 1953)  
 WILLIAM F. HAHNE, Class of 1922, Managing Director of Hotel Kaskaskia, LaSalle, Illinois (reappointment; has served since 1955)

JOHN A. HOBART, Class of 1938, Vice-President, C. J. Duffey Paper Company, Rock Island, Illinois; residence, 2320 13th Street, Moline, Illinois (new appointment)

Professor Trigger will replace Professor Dilman W. Gotshalk, Chairman of the Department of Philosophy, and Mr. Hobart will replace Mr. Robert Reitsch, Class of 1928, Rockford, both of whom have served on the Board since March, 1952. The other nominations are for reappointments.

Professor Trigger has been a member of the University faculty since 1938 and is a member of the University Senate. He has served effectively on numerous committees and other special assignments. He is an alumnus of Michigan State University and served on the faculties of that University, at Swarthmore College, and at Lehigh University before coming to the University of Illinois.

Mr. Hobart is a graduate of the College of Commerce and Business Administration. While an undergraduate student he was on the University golf team for three years and captain in his senior year. He has served as a member of the Board of Directors of the Alumni Association and has for many years taken an active interest in alumni affairs in the Moline and Rock Island area.

Mr. Trigger and Mr. Hobart have been highly recommended by all University officers consulted. In my judgment, they will be excellent members of the Board of Directors.

On motion of Mr. Williamson, these appointments and reappointments were approved.

#### HOUSING CONSTRUCTION AND FINANCING PROGRAM FOR 1957

(9) The following student housing projects are scheduled for completion and at least partial occupancy by September, 1957, in accordance with the housing program approved by the Board of Trustees on January 28, 1956:

Addition to Lincoln Avenue Residence, a unit for 636 unmarried undergraduate women

Men's Residence Halls, three additional units, each for 444 unmarried undergraduate men

Residence hall for unmarried graduate and law students, first unit for a minimum of 250

Residence apartments for 250 married students

Contracts for architectural services on all but the apartments for married students have been awarded.

The Director of the Physical Plant and the Comptroller recommend authorization of

1. An application to the Housing and Home Finance Agency for a loan under the Federal College Housing Loan Program.
2. Advertisements for the bids for the construction of these projects.
3. Employment of the law firm of Chapman and Cutler, Chicago, as counsel for the bond issues.
4. Execution by the Comptroller and the Secretary of the Board of a preliminary loan agreement upon approval of any application by the Housing and Home Finance Agency.
5. Advertisements for bids on bond issues.

Authorization of all these steps is required by the federal government and the bond counsel before final approval of loans. A complete report on each project will be submitted to the Board along with recommendations for the awards of construction contracts. Adoption of a formal resolution by the Board of Trustees authorizing each bond issue will also be required, and such resolutions will be submitted to the Board in connection with the sales of the bonds.

I concur in these recommendations.

On motion of Mr. Livingston, authority was given as recommended.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(10) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. Department of Biological Chemistry, Chicago Professional Colleges, equipment.....	\$ 3 402
2. Department of Mechanical Engineering, to ventilate a section of the main steam tunnel in the basement of the Mechanical Engineering Laboratory.....	3 600
3. School of Journalism and Communications, equipment for the typography laboratory.....	3 234
4. College of Fine and Applied Arts, to alter and equip the center wing of the Sixth Street Building.....	11 900
<i>Total</i> .....	<u>\$22 136</u>
I concur.	

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Johnston, Mr. Stratton.

#### APPROPRIATION FOR REPAIRING DRILL HALL AT THE CHICAGO UNDERGRADUATE DIVISION

(11) The Drill Hall at Navy Pier in Chicago, which is leased by the University as part of the quarters used by the Chicago Undergraduate Division, is in need of extensive structural repairs. It is used as a gymnasium for physical education classes and extramural sports and also for a variety of extracurricular activities requiring large areas. In August, 1955, structural failures in the laminated wood arches, which support the walls and roof of the building, were discovered. The bottoms of most of the arches had moved due to rotting, causing the arches to settle, and some have separated at the top. Thirty-five of the sixty heels are on the exterior of the building and need to be repaired. Temporary shoring has been installed pending permanent repairs.

The University Legal Counsel has examined the lease between the University and the city of Chicago and it is his opinion that the city is under no legal obligation to make the necessary repairs at its expense. On the other hand, because the need of the repairs stems from structural defects in the construction of the building, he doubts whether the University is under the legal obligation to make them notwithstanding provisions in the lease requiring the University to keep the premises in good repair. The repairs have to be made, however, if the Drill Hall is to continue to be occupied and used by the University, and since the University must occupy and use the Drill Hall now and for some period in the immediate future, it follows that the University will have to assume whatever portion of the cost of the necessary repairs which the city is unwilling to pay. Negotiations have been conducted with representatives of the city, and they have indicated that the city is willing to assume one-third of the cost of the repairs if the University is willing to pay the remaining two-thirds of the same.

It is therefore recommended that the repairs be authorized and that an assignment of \$20,000 be made from the General Reserve fund for this purpose.

On motion of Mr. Herrick, this appropriation was made by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Johnston, Mr. Stratton.

#### APPROPRIATION FOR EXPENSES IN CIVIL SERVICE PROCEEDINGS

(12) Mrs. Mary L. Bentley, formerly employed as a nurse in the Research and Educational Hospitals, was suspended and later discharged for cause, subject to her right of a hearing under the state law creating the University Civil Service System of Illinois. The Statute provides, with reference to discharge procedure which is the responsibility of the Merit Board, that "The hearing board shall make and render findings of facts on the charges and transmit to the Merit Board a transcript of the evidence along with its findings of fact. The findings of the hearing board when approved by the Merit Board shall be certified to the employee."

The discharge proceedings in this case required protracted hearings before a panel appointed by the Merit Board of the University Civil Service System of Illinois. The services of a court reporter were engaged for this hearing because a complete and accurate record is necessary in view of the probability of an appeal by Mrs. Bentley to the courts. The hearings were so extensive that the bill for the record is \$3,556.25. Special counsel for the University in this case has also required the services of a court reporter in the taking of depositions and has incurred other out-of-the-pocket expenses, payments for which are now due. It should be noted that these do not include legal fees.

The Director of the University Civil Service System has agreed to contribute \$500 from the budget of the System toward the cost of the record. A preliminary assignment of \$1,000 from nonrecurring funds was authorized by the Provost at the beginning of the hearings before it was known how extensive they would be. It appears that the cost of this record, plus other expenses but not including legal fees, will be approximately \$5,500 of which the University's share will be \$5,000.

I recommend that payment for these services and other expenses be authorized and that an appropriation of \$5,000 be made from the General Reserve Fund (including the \$1,000 assignment previously authorized by the Provost) for the University's share of the costs.

On motion of Mr. Swain, this appropriation was made by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Johnston, Mr. Stratton.

#### CONTRACT FOR ABBOTT POWER PLANT ADDITION

(13) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$88,492 to Chism & Miller, Inc., Springfield, the lowest bidder, for the substructure work (building and boiler foundation, ash tank foundation, storm sewer system, electric duct runs, rerouting of cables, and rerouting of piping and sewers) on the addition to the Abbott Power Plant.

Funds are available in the state appropriations to the University for 1955-57 for buildings and other permanent improvements, subject to release by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract subject to the release of funds.

On motion of Mrs. Watkins, this contract was awarded as recommended, and the Comptroller and Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Johnston, Mr. Stratton.

#### CONTRACTS FOR CONSTRUCTION OF ADDITION TO EAST DENTISTRY-MEDICINE-PHARMACY BUILDING

(14) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for the construction of an addition to the East Dentistry-Medicine-Pharmacy Building.

General — Walsh Bros., Inc., Chicago.....	\$332 958
Plumbing and Drainage — M. J. Corboy Corporation, Chicago.....	26 534
Heating, Process Piping, and Refrigeration — Gallaher & Speck, Inc., Chicago.....	53 930
Ventilating — H. G. Prizant and Company, Chicago.....	88 785
Pipe Covering and Insulation — W. J. Donahoe Co., Chicago.....	4 570
Electric Wiring — Divane Bros. Electric Co., Chicago.....	61 370
<i>Total</i> .....	<u>\$568 147</u>

The award in each case would be to the lowest bidder.

Funds are available in the state appropriations to the University for 1955-57 for buildings and other permanent improvements subject to release by the Governor.

I recommend that these contracts be awarded subject to the release of funds and that the Comptroller and the Secretary of the Board be authorized to execute the same.

On motion of Mrs. Watkins, these contracts were awarded as recommended, and the Comptroller and Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mr. Johnston, Mr. Stratton.

**CONTRACT FOR SURFACING COAL BUNKERS  
IN MEDICAL CENTER STEAM PLANT**

(15) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$8,400 to the Bolton Gunite Contractors, Inc., Chicago, the lowest bidder, for coating the coal bunkers and hoppers in the Medical Center Steam Plant at the Chicago Professional Colleges. The work will consist of applying "Gunite" to the metal parts to prevent deterioration from corrosion.

The University operates the plant for the Medical Center Steam Company, but the latter does not have the engineering staff to supervise the work and has requested the University to serve as its agent for this contract. The University will be reimbursed by the Company.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract upon its approval by the Legal Counsel.

On motion of Mrs. Holt, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

**AIR CONDITIONING INSTALLATION IN WATER RESOURCES BUILDING**

(16) The Director of the Physical Plant and the Comptroller recommend award of a contract to Schroeder & Sons, Champaign, for \$14,854, plus an additive bid of \$1,920 for substituting air cooled condensers instead of water cooled condensers and circulating pumps, as provided for in the bidding instructions, in the Water Resources Building on Springfield Avenue, Champaign.

Funds are available in the budget of the State Water Survey which occupies this building, which is serviced by the University, so that no University funds are involved.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

**CONTRACT FOR REPLACEMENT OF SIDEWALK LIFTS AT  
ADMINISTRATION BUILDING AND AT MUMFORD HALL**

(17) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$12,132 to the Long Elevator & Machine Co., Springfield, the lowest bidder, for the replacement of sidewalk lifts (freight elevators) at the Administration Building and at Mumford Hall. The lifts now in these buildings are past repairing and should be replaced.

Funds are available in the Physical Plant budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Livingston, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

**CONTRACT FOR SERVICES OF FOOD SERVICE CONSULTANT**

(18) The Director of the Physical Plant and the Comptroller request authority to employ Arthur William Dana, a food service consultant in New York City, to assist in planning the construction of a central food service building for the Men's Residence Halls. For a fee of \$3,000, plus traveling expenses, he will prepare layouts of the food preparation and serving area and complete specifications for the equipment to be installed.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract for these services.

On motion of Mr. Swain, authority was given as recommended.

**ESTATE OF FRED S. BAILEY**

(19) The late Fred S. Bailey, President of the Champaign National Bank, a long-time and prominent citizen of Champaign, Illinois, who died on April 27, 1955, left a will which, in addition to certain specific bequests, provided that the remainder of his estate be held in perpetual trust with the income payable as follows:

Two-thirds to the University of Illinois Y.M.C.A. for providing scholarships at the University of Illinois for "worthy moral students."

One-third to the University of Illinois to be used for establishing the Bailey Memorial Chair of Money, Banking, and Finance and employing distinguished teachers in the field of money, banking, or finance.

The will was filed in the Champaign County Court by Wallace M. Mulliken of the law firm of Thomas, Mulliken, and Mamer, along with a petition for probate by the Harris Trust and Savings Bank of Chicago. The petition listed the estate as "in excess of one million dollars."

The Harris Trust and Savings Bank has informed the University that a bill has been filed in the Champaign County Circuit Court contesting the will. The Harris Trust and Savings Bank has also informed the University that the Bank and its counsel will make every effort to uphold Mr. Bailey's will and protect the interests of the beneficiaries named therein.

The University's Legal Counsel will also appear in these proceedings in behalf of the University.

This report was received for record.

**ILLINOIS CITIZENSHIP CLEARING HOUSE**

(20) The University has been awarded a grant of \$1,960 by the Citizenship Clearing House of New York University for the establishment of the Illinois Citizenship Clearing House as an affiliate and as a part of the national program to promote the interest of college students and graduates in participation in the activities of the political parties of their choice.

The Illinois center will serve as a clearing house for the state and will assist other colleges and universities in undertaking activities designed to accomplish the purposes of the program.

I have accepted this grant on behalf of the University and have appointed an Executive Committee to set up the organization of the program. Professor Royden Dangerfield, Director of the Institute of Government and Public Affairs, has been named Chairman of the Executive Committee and Director of the Illinois Citizenship Clearing House. Later a state-wide advisory council, consisting of political and civic leaders, students, and other faculty members, will be appointed.

Activities of the state and regional citizenship clearing houses will include state-wide student conferences, informal meetings of political leaders and party officials with college students and recent alumni, the holding of Republican and Democratic Party Days during which officials in the parties, in cooperation with political scientists, present to college men and women information on how they may become active in party activities, and the establishment of internships with the political parties thus affording opportunity for mature students to work closely with the committees of the parties.

On motion of Mrs. Watkins, acceptance of this grant was confirmed.

**SALE OF PORTION OF JESSIE V. CRAIG TRUST ESTATE LAND**

(23) In and by her will, Jessie V. Craig, deceased, late of Coles County, Illinois, devised certain land to the National Bank of Mattoon, Illinois, in trust with directions to pay the annual net income therefrom to her son, Donald D. McFall, and to turn over the trust property to his children, if any, surviving him after his death. The will further provides that, if he dies without children surviving him, the trust estate is to be turned over to the University when he dies. Consequently, the University has a contingent interest in the land comprising a portion of the trust estate, although, since Donald D. McFall is now living and married, is only thirty-six years of age, and has two living children, it appears unlikely that the University will ever receive any portion of the trust estate.

The trust estate now includes 260 acres of farm land situated east of Mattoon, Illinois, and the trustee has succeeded in negotiating a sale of 14½ acres thereof at a price of \$1,500 an acre to a purchaser who desires the same as the site for a factory. The 14½ acre tract is separated from the remainder of the land by a railroad, and farming it creates certain difficulties for that reason.

The trustee has filed a petition in the Circuit Court of Coles County for authority to sell that tract at said price and its attorneys have requested that the University enter its appearance in that proceeding and consent to the granting of that petition. They have informed the Legal Counsel that, in their judgment and that of the trustee, the sale of the 14½ acre tract at that price will be an advantageous one, that it is in the best interests of the trust estate and all interested in it that the sale be made, and that Donald D. McFall is of the same opinion and has consented to the sale. A portion of the net proceeds of the sale will be used in paying off some indebtedness and securing the release of a mortgage upon the land which will then remain in the trust estate, and the balance of the net proceeds of the sale will be invested by the trustee for the benefit of the trust estate.

The Legal Counsel and the Comptroller recommend that authority be given the Legal Counsel to enter the University's appearance in the above mentioned proceeding and to consent, on behalf of the University, to the granting of the trustee's petition for authority to make the sale.

I concur.

On motion of Mr. Swain, authority was granted as recommended.

**EXECUTIVE SESSION**

At this point, an executive session was requested and ordered for the consideration of a recommendation from the President of the University relating to patents and a recommendation from the Committee on the Chicago Departments relating to land acquisitions in the Medical Center District.

**RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE**

(24) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Regenerative heat exchanger—John C. Miles, Professor of Mechanical Engineering, and Norman A. Parker, Professor and Head of the Department of Mechanical Engineering, inventors. This equipment comprises a heat exchanger suitable for the exchange of heat energy from one gas stream to another. It is applicable to such equipment as gas turbines where heat energy could be recovered from the hot exhaust gases and delivered to the compressed air stream ahead of the combustor, thereby reducing the quantity of fuel oil required. The invention was referred to the University of Illinois Foundation (as authorized by the Board of Trustees on April 27, 1955) for investigation and report. The University Patent Committee now recommends that this invention be released to the Foundation for the purpose of applying for a patent and proceeding with possible commercial development.

(At its meeting on September 23, 1955, the Board approved a recommendation that a related invention described as combustion system for regenerative gas turbine developed by Professors Miles and Parker be released to the Foundation for patent application and development.)

2. A bistable element using cross coupling of two grounded base transistor amplifiers—Wolfgang Poppelbaum, Visiting Research Professor, Digital Computer Laboratory, inventor. This is a new circuit for a bistable element which, with the use of transistor amplifiers, gives promise for improved operation of electronic computers. The discovery which is in the highly competitive and rapidly developing field of electronics appears to have definite commercial possibilities. The Patent Committee requested the University of Illinois Foundation to investigate these possibilities. As a result of this investigation, the Patent Committee authorized the Foundation to file an application for a patent, the title of which, if issued, would be held by either the University or the Foundation. This application has been filed. The Committee recommends the release of the rights of the University in this invention to the University of Illinois Foundation for commercial development.

3. Drag indicator for aircraft cockpits—Malcolm L. Ritchie, Research Associate in Psychology, inventor. This device, developed under a contract with the Air Force, is an indicator for determining the drag of elements which project into the airstream—wheels, flaps, chute, etc.—and enhances safe operation. At its meeting on November 23, 1955, the Board approved the recommendation of the Patent Committee that this invention be referred to the University of Illinois Foundation for investigation and report. The Foundation has reported that this interesting development may improve the operation of airplanes—with its greatest use in military aircraft, chiefly those of single pilot operation—but that its commercial possibilities will not warrant the financial outlay required to secure a patent. The Patent Committee concurs and recommends that the rights of the University to this invention be released to the inventor, recognizing the contractual obligations of the University to the government, or, if the inventor does not wish to apply for a patent that the invention be released to the United States Air Force, the sponsoring agency.

4. Adapter G-R banana jack to RF connectors—James O. Austin, Jr., Research Associate in the Control Systems Laboratory, inventor. This device, developed in the Control Systems Laboratory, provides for a rapid method for attaching certain electronic elements. It is the opinion of the Director of the Laboratory that this invention has little commercial value. He recommends, and the Patent Committee concurs, that the University's rights in this invention be released to the inventor, recognizing the contractual obligations of the University to the federal government which supports the Control Systems Laboratory, or,

if the inventor does not wish to apply for a patent, that the invention be released to the government.

I concur in these recommendations.

On motion of Mr. Nickell, these recommendations were approved.

#### LAND ACQUISITION FOR CHICAGO PROFESSIONAL COLLEGES

Mrs. Watkins for the Committee on the Chicago Departments presented the following report.

At its meeting on June 16, 1955, the Board of Trustees received a recommendation from the Building Program Committee and the Administrative Committee for the Chicago Professional Colleges that the Medical Center Commission be requested to reserve certain areas in the Medical Center District for the future development of the Chicago Professional Colleges campus. This was referred to the Committee on the Chicago Departments.

Following conferences with the President of the University and the Vice-President in Charge of the Chicago Professional Colleges, the recommendation has been revised to eliminate the functional designations of the areas by University needs, and to ask instead that the Commission be requested to transfer to the University, or to reserve for its use, all of the area bounded by Ashland Avenue, Polk Street, Taylor Street, and Damen Avenue.

On motion of Mrs. Watkins, this recommendation was approved and authority was given to University officials to proceed accordingly in negotiations with the Medical Center Commission.

Janata, Secretary of the Board.

**INSTALLATION OF THE PRESIDENT**

Mr. Megran presented the following:

The Committee of the Faculty, appointed to make recommendations concerning the installation of the President of the University and to execute plans as approved by the Board, has submitted a preliminary report. The Committee has been guided by the President's wishes "that the total program be kept as simple as possible within the boundary of dignity and good taste; that expense be held to a minimum consistent with effective planning; and that the mission and work of the University be the focus of the program rather than the personalities who happen to be involved."

The Committee recommends that:

1. The installation ceremonies be held on Monday, September 24, 1956, and be confined to one day;
2. Formal invitations be extended to presidents of colleges and universities within the state of Illinois, presidents of the universities in the Council of Ten, state officials, members of the Citizens Committee, officers and directors of University-affiliated organizations, and presidents and officials of certain state-wide organizations; and that informal invitations be extended to members of the University staff and to students in all areas;
3. Classes be dismissed for the day;
4. The program consist essentially of:
  - a. An investiture ceremony in the forenoon (this will be the formal installation);
  - b. A luncheon in the Illini Union Building for out-of-town visitors and participants;
  - c. A symposium in the afternoon to be held in the Auditorium (the general theme, "Illinois Faces the Future," with a panel of distinguished speakers);
  - d. A reception for President and Mrs. Henry following the symposium.

I request that the Board (1) confirm the appointment of the Faculty Committee<sup>1</sup> and authorize it to develop plans for the installation; (2) authorize its Executive Committee and its General Policy Committee to act for the Board on any decisions which may need to be made between Board meetings; and (3) approve the general plans as outlined above.

On motion of Mr. Livingston, these recommendations were approved.

**BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The Board took up consideration of the following reports and recommendations from the President of the University.

**APPOINTMENT OF HEAD OF THE DEPARTMENT OF ENTOMOLOGY**

(1) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Dr. Leigh E. Chadwick, presently Chief of the Entomology Branch of the Chemical Corps Medical Research Directorate, as Professor and Head of the Department of Entomology on indefinite tenure beginning July 1, 1956, at an annual salary of \$11,500 on "A" basis.

An *ad hoc* committee was appointed to recommend candidates for this position, which became vacant upon the retirement from active service of Professor William P. Hayes on September 1, 1955. In the meantime, Professor Vern G. Milum has been serving as Acting Head of the Department. The nomination of Dr. Chadwick has been made after consultation with all members of the department of professorial rank. It is supported by the Executive Committee of the College, the Dean of the Graduate College, and the Provost.

I recommend approval.

On motion of Mrs. Watkins, this appointment was approved.

**APPOINTMENT OF HEAD OF THE DEPARTMENT OF ORTHOPAEDIC SURGERY**

(2) The Dean of the College of Medicine recommends the appointment of Dr. Robert Durant Ray, presently Associate Professor of Surgery and Head of the

<sup>1</sup> A list of the Faculty Committee was presented to the Board and has been filed with the Secretary for record.

Division of Orthopaedic Surgery at the University of Washington College of Medicine (in Seattle), as Professor and Head of the Department of Orthopaedic Surgery in the College of Medicine, on indefinite tenure, beginning September 1, 1956, at an annual salary of \$9,500 on "AY50" basis.

This appointment is to fill the vacancy created by the death of Dr. Fremont Chandler in December, 1954. In the meantime, Dr. Claude N. Lambert has been serving as Acting Head of the Department. The nomination has been made after a careful study by a search committee appointed by the Dean of the College of Medicine of candidates for the headship. The Vice-President, the Dean of the Graduate College, and the Provost recommend approval.

I concur.

On motion of Mr. Bissell, this appointment was approved.

8. VERNON K. ZIMMERMAN, Assistant Professor of Accountancy, beginning September 1, 1956, at an annual salary of \$6,000 (D).

#### Appointment to Nonacademic Staff

The Director of Nonacademic Personnel reports the following appointment to a supervisory position of upper level responsibility.

1. CARL T. HEINZE, Assistant Administrator of the Research and Educational Hospitals, beginning March 5, 1956, at an annual salary of \$7,800.

On motion of Mr. Swain, these appointments were confirmed.

#### APPOINTMENTS TO THE 1956 SUMMER SESSION STAFF

(4) I submit recommendations for appointments to the faculty for the 1956 Summer Session. Appointments in the Summer Session budget provide for an eight-week term at Urbana-Champaign, June 18 through August 11, and at the Chicago Undergraduate Division, June 22 through August 18; and two six-week terms, June 25 through August 4 and August 6 through September 14, in the College of Pharmacy.

The salaries of members of the University faculty recommended for appointments to the Summer Session staff are computed on the basis of the authorized formula of two-ninths of the salary of the academic year for two months of summer service.

The budget totals \$560,448 for Urbana-Champaign, \$105,000 for the Chicago Undergraduate Division, and \$7,569 for the Chicago Professional Colleges.

Funds for the Urbana-Champaign and the Chicago Undergraduate Division Summer Sessions will be included in the 1956-1957 internal budget. Funds for the summer program in the College of Pharmacy will be provided from unused salary balances in the College of Pharmacy.

The budget of the Chicago Undergraduate Division includes a reserve of \$6,745. No reserve is provided in the Urbana-Champaign budget. If enrollment at Urbana-Champaign should exceed the estimate, I recommend an assignment of such sums as are necessary, but not to exceed \$20,000, from the General Reserve to provide for additional summer appointments.

I recommend that the appointments to the Summer Session staff be approved as submitted, and the President of the University be authorized to accept resignations and make such changes, adjustments, and additional appointments as are necessary in accordance with the needs of the University within the estimated income.

On motion of Mr. Bissell, this budget and these appointments were approved and authority was given as requested. This action was taken by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

I concur.

On motion of Mr. Swain, these certificates were awarded.

## LEAVES OF ABSENCE FOR MILITARY DUTY

(6) It is the policy of the University of Illinois to grant members of its staff who are officers or enlisted men in the Illinois National Guard, the Illinois Naval Militia, or in the Army, Navy, or Air Force reserves leaves of absence on full pay for limited periods of field training, cruises, and similar obligations for active service. This is consistent with the policy established by the Governor for personnel in the state administrative departments.

This policy applies equally to all categories of employment in both the academic and nonacademic staffs. However, the Director of Nonacademic Personnel has requested that it be formalized so far as his office is concerned by adding to the present paragraph 3, Section IX, Leaves of Absence, in the current issue of "Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees" the following:

"Leaves of absence with full pay will be granted to members of the staff who are officers or enlisted men in the Illinois National Guard, the Illinois Naval Militia, or the reserve components of the Armed Forces for limited service in field training, cruises, and kindred recurring obligations. The length of such leave shall not exceed the standards established by federal and state agencies for

training activities needed to qualify for regular standing in the above branches of the Armed Forces. Such leave will normally be limited to a maximum of fifteen calendar days in each year."

I concur.

On motion of Mrs. Holt, this recommendation was approved.

#### **CHANGES IN REQUIREMENTS FOR THE DEGREE OF BACHELOR OF LAWS**

(7) The University Senate recommends that the requirements for graduation with the degree of Bachelor of Laws be modified to read:

All students who enroll in the College of Law as candidates for the degree of Bachelor of Laws (LL.B.) shall, as conditions to receiving that degree, have studied in residence for a minimum period equal to six semesters and shall have earned ninety semester hours of law credit with an average grade of at least "C" (3.0). During this period, as further conditions to receiving the degree, the candidate must have pursued the courses of the first year of the law curriculum and have enrolled in and completed one seminar course in advanced work.

This reduces the total number of semester hours required for the degree from ninety-two to ninety, and the requirement of time of study in residence at the University from six semesters and an eight-week summer session to six semesters.

It is further recommended that the new requirements become effective on September 1, 1956, and that they be applicable to all students who are enrolled in the College as candidates for degrees after that date.

I concur.

On motion of Mr. Swain, this recommendation was approved.

#### **INCREASE IN FEES FOR DENTAL CLINICAL SERVICES**

(8) The Dean and Executive Committee of the College of Dentistry and the Vice-President in Charge of the Chicago Professional Colleges recommended an increase in fees for dental clinical services according to the schedule submitted herewith and for the reasons given in the accompanying supporting statement from the Vice-President. Copies of these documents are hereby filed with the Secretary of the Board for record.

It should be noted that there has been no increase in the clinical fees since 1939. In the meantime, costs of materials have greatly increased. Fees charged by other state universities in this area exceed the present schedule of University of Illinois fees.

All recommending officers concur in the proposed schedule of charges.

I recommend that the new schedule be approved, effective July 1, 1956, and that the Vice-President in Charge of the Chicago Professional Colleges be authorized to make adjustments in these fees in the future on recommendation of the Dean and with the approval of the Comptroller.

On motion of Mrs. Watkins, this recommendation was approved.

#### **PURCHASE OF EQUIPMENT FOR TECHNICAL COOPERATION PROGRAMS IN INDIA**

(9) On January 24, 1955, the Board authorized a contract with the Foreign Operations Administration, now the International Cooperation Administration, whereby the University was to purchase approximately \$600,000 of equipment and ship it to India for use in the institutions involved in the contracts for technical cooperation which the University had previously entered into. Equipment lists received from the Indian Institute are screened by competent University personnel, including the Coordinator of the Program, as to propriety for teaching and research purposes, specifications written, and orders placed.

Due to difficulty in securing specifications from India and necessary clearances involving the Indian and United States Governments, considerable delay has been encountered in getting this program under way. The International Cooperation Administration is urging all parties to the undertaking to do everything possible to expedite the program. A few items of equipment have been purchased and are on their way, and it appears now that the University's re-

sponsibilities can be fully met under this contract within the next few months. One of the factors contributing to the delay is the University's policy requiring that the Board of Trustees approve all purchase of items of equipment costing more than \$2,500. In order to expedite the program, it is recommended that this rule be waived as to equipment purchased under this contract and paid for entirely from funds furnished by the United States Government, and that the President, or the Provost acting for the President, be authorized to give final approval to such purchases. The items to be purchased have been requested by the Indian Institute of Technology and approved by the Indian Government and the U. S. Technical Mission in India, and are charged to federal funds. No University funds are involved.

The Committee on International Cooperation Administration Programs and the Comptroller recommend this waiver of University policy as to purchases of equipment to be sent to India under the federal program. All such purchases will be reported to the Board.

On motion of Mr. Livingston, this recommendation was approved.

#### **FEDERAL FUNDS FOR DIVISION OF SERVICES FOR CRIPPLED CHILDREN**

(10) The Division of Services for Crippled Children has been notified that it will receive an additional allocation of approximately \$100,000 from the United States Children's Bureau to be used largely for hospital and medical care, although \$6,800 will be assigned to the Cleft Palate Training Program.

The Vice-President in Charge of the Chicago Professional Colleges and the Comptroller recommend that the additional funds received be appropriated to the Division to be used in accordance with federal regulations governing these funds.

I concur.

On motion of Mrs. Watkins, these funds were appropriated by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### **SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(11) The committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. Chicago Undergraduate Division, remodeling at Navy Pier for expansion of facilities to provide for additional enrollment anticipated in the next three years.....	\$ 19 200
2. Department of Bacteriology, books and equipment.....	4 710
3. Department of Botany, replacement of air cooling equipment for the photosynthesis laboratory rooms.....	2 500
4. University High School, installation of ventilation system in locker rooms, remodeling, and equipment.....	3 500
5. Division of Industrial Education, equipment.....	13 000
6. Institute of Labor and Industrial Relations, installation of an air cooling unit in the library.....	3 500
7. Minor projects for assignment by the Provost.....	15 000
<i>Total</i> .....	<u>\$ 61 410</u>

I concur.

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### **APPROPRIATION FOR REPAIRS IN NOYES LABORATORY**

(12) The Comptroller requests an appropriation of \$14,000 for repairs in the Noyes Laboratory and replacement of equipment damaged by a fire which occurred on March 19, 1956.

I recommend that this appropriation be made from the General Reserve Fund.

On motion of Mrs. Holt, this appropriation was made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megrn, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### ADJUSTMENT IN THE BUDGET OF THE DEPARTMENT OF CHEMISTRY AND CHEMICAL ENGINEERING

(13) In the past years, it has been necessary to reduce drastically provision for operating expense and equipment in the budget of the Department of Chemistry and Chemical Engineering. With enrollment increasing and prices rising, the Department is facing a deficit for the year 1955-56 and has drawn extensively on its indirect cost fund. The balance of this fund is necessary for major additions to departmental equipment.

In order that the Department may end the fiscal year without overdrawing its accounts, the Provost and the Comptroller recommend a nonrecurring addition of \$20,000 to the operating budget of the Department, this appropriation to be from the University's General Reserve Fund.

I concur.

On motion of Mr. Livingston, this appropriation was made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megrn, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### CONTRACTS FOR CONSTRUCTION OF ADDITION TO THE LINCOLN AVENUE RESIDENCE

(14) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for the construction of an addition to the Lincoln Avenue Residence to house 636 women students, the award in each case being to the lowest bidder.

General—Felmley-Dickerson Company, Champaign . . .	\$1 807 000

		136 649
Plumbing—Robert E. Murphy Company, Chicago . . . . .		149 425
Heating—Ideal Heating Company, Chicago . . . . .		69 777

		32 409
Electric dumbwaiter installation—A.B.C. Elevator Manufacturing Company, Chicago . . . . .		2 991

Temperature control—Johnson Service Company,		
Milwaukee, Wisconsin . . . . .	8 084	
Less alternate bid allowing for pneumatic controls in lieu of electric controls, deduct . . . . .	673	
		7 411
Kitchen and cafeteria equipment installations—Swain and Myers Sales Company, Decatur . . . . .		101 359
<i>Total</i> . . . . .		\$2 329 911

Subsequent to the receipt of bids, the Physical Plant Department negotiated with the lowest bidders for the general work and for the kitchen and cafeteria equipment installations on proposed changes in the general construction and equipment installations to reduce the cost of the building. The contractors' quotations of credits for these changes are still subject to checking by the architects. Hence, the Physical Plant Department recommends, the Comptroller concurring therein, that the contracts be awarded in accordance with the base bids and alternate bids received, as presented above, but with the understanding that change orders will be issued to reduce the cost by approximately \$100,000.

The budget for this project is now \$2,890,000 of which \$320,000 is for equipment and the balance is for construction. To finance this project a revenue bond issue in the amount of \$3,100,000 is recommended. This will provide a surplus of \$210,000, and if it is not needed bonds of this amount will be retired when construction is completed. The Federal Housing and Home Finance Agency has tentatively approved a loan for the building construction. The equipment bonds will be sold through investment bankers.

It is possible to finance this total cost by extending the amortization period of the loan to forty years, assuming that the bonds which finance the cost of construction (\$2,780,000) can be sold to the federal government under the College Housing Loan Program at an interest rate of  $2\frac{3}{4}$  per cent. Experience with the federal agency in securing final approval for the sale of bonds to finance the additions to the Men's Residence Halls indicates that it will not be possible to secure early final approval of the sale of bonds to finance the addition to the Women's Residence Halls. The original application for a loan for this addition was submitted September 9, 1955. Preliminary approval was given by the federal government on December 9, 1955, and the final application was submitted by the University on February 7, 1956. On April 20 this application was still in the regional office, but it was reported that it would be forwarded to the central office in Washington very shortly.

The construction bids expire on May 19, and final action must be taken by the Board of Trustees prior to that date. In a conversation, the Director of the College Housing Loan Program in Washington indicated that final approval can probably be given by the Washington office prior to this date. However, even if such approval is so received, it is doubtful that the details of printing the bonds, reaching agreement on the resolution to be adopted by the Board, and other details can be completed and money received from the sale of the bonds prior to the time that first payments will be due to contractors.

In order to complete the first half of the project by September 1, 1957, it is important that the contracts for construction be awarded as early as possible.

There is available in reserves of auxiliary enterprises approximately \$500,000 which is unpledged and can be used temporarily to finance a portion of the construction of the addition to Lincoln Avenue Residence.

To enable contractors to proceed promptly with construction, it is recommended that:

1. The Board of Trustees authorize the issuance by the Comptroller and the Secretary of letters of intent to those contractors who are recommended for the award of a contract, such letters of intent to authorize the contractors to proceed with their work with the understanding that the total liability to be incurred under this authorization will not exceed \$500,000, and to be approved by the Legal Counsel before they are issued.
2. Payments to contractors be made from auxiliary enterprises reserve funds prior to the receipt of proceeds of the bond sale with the understanding that such funds will be returned to the auxiliary enterprises reserve from those proceeds when received.
3. Contracts be awarded, as above recommended, when a loan agreement has been executed with the federal government.

In view of the need for initiating construction on this project, the Director of the Physical Plant and the Comptroller recommend this procedure.

I concur.

Mr. Livingston moved that the foregoing recommendations be approved and that the Comptroller and Secretary of the Board be author-

ized to execute the necessary documents, including the contracts to be awarded, under the conditions specified.

This motion was adopted by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### CONTRACTS FOR ABBOTT POWER PLANT ADDITION

(15) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for the construction of an addition to the Abbott Power Plant, the award in each case being to the lowest bidder.

Piping system—Gallaher and Speck, Inc., Chicago.....\$295 988

Electrical equipment—The Northern States Company, Inc., Chicago.... 114 749

Coal handling and transporting unit—It is recommended that all bids taken on this phase of the work be rejected. While the bids are within engineering estimates, bids received on other phases of the project indicate that its total scope must be reduced to keep it within funds available. The coal handling and transporting unit equipment is essential to the efficient operation of the plant but can be deferred if necessary until the 1957-1959 biennium.

They also recommend that Sargent and Lundy, Chicago, consulting engineers on this project, be authorized to negotiate with the contractors for the deletion or deferral of certain phases of the installations, totaling approximately \$58,500 on the piping contract and \$10,000 on the electrical equipment contract, with the right of reinstatement on or about July 1, 1956, at the option of the University. The extent of the work to be deferred or deleted can not be determined until bids on all remaining phases of the construction have been received. As part of bidding requirements the proposals submitted include a breakdown of cost for major items of work so that it is feasible to award the above contracts according to the base bids and accomplish the reductions through contract change orders.

Funds are available in the state appropriations to the University for 1955-1957 for buildings and other permanent improvements, subject to release by the governor.

I concur in the above recommendations and recommend further that the Comptroller and the Secretary of the Board be authorized to execute these contracts, subject to the release of funds.

On motion of Mr. Livingston, these contracts were awarded as recommended, by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### CONTRACT FOR TELEPHONE SERVICE IN RESIDENCE HALLS

(16) The studies of the expansion of the University's student housing program over the next six years have included a survey of the present telephone system in the residence halls. Continuation of the present system will require a substantial investment in equipment in each new hall to be constructed, so that a decision should be made now as to the type of telephone service that will best serve present and future needs of occupants of the residence halls.

The present system consists of a manually operated switchboard in each hall with a limited number of extensions in the corridors on each floor. Each hall is also equipped with an annunciator system operated from the switchboard to each room.

After considering several plans, the conclusion has been reached that a system providing a central switchboard for all residence halls with a telephone extension to each room will best serve the needs of the occupants and at only a slight increase in the annual operating cost over the present system. The capital cost will be materially less than if the present type of service is installed in each new hall. Accordingly, the Director of Housing, the Director of the Physical

Plant, and the Comptroller recommend a contract with the Illinois Bell Telephone Company which will provide for:

1. The purchase by the Company of the existing University-owned annunciator systems.
  2. Lease of these annunciator systems to the University on a rental basis until a new system is installed in July, 1956.
  3. Installation by the Company and rental to the University of additional underground cable, central office trunks, switchboard and room telephones.
- To place this system in operation will require an immediate capital expenditure for existing facilities of \$12,500, and it is recommended that this amount be assigned from the residence halls operations.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary contracts.

On motion of Mr. Swain, funds were assigned, as recommended, for this contract and the Comptroller and Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### CONTRACT FOR ENGINEERING SERVICES ON UTILITIES DISTRIBUTION SYSTEMS

(17) The Director of the Physical Plant and the Comptroller recommend employment of Sargent and Lundy, Consulting Engineers, Chicago, for engineering services (designing, preparation of working drawings, and writing of specifications) on the extension of utilities to the residence halls to be constructed in the Parade Grounds area and in the area west of the new Law Building. Such systems must be expanded well in advance of the construction of housing and other building projects which they are to serve. Terms of the proposed contract are:

1. Current Expense Charges: Engineering and drafting, at actual salary and wages plus 50 per cent; stenographic and clerical expense, travel expense, and miscellaneous expense at actual cost to Sargent and Lundy.
2. Fixed Fee Charge: One and one-half per cent of the mutually agreed upon estimate of the cost of the project to completion (exclusive of Sargent and Lundy's charges under (1) above, and the University's engineering, supervisory, and overhead costs); 10 per cent of this fee is to be paid when services are ordered; 80 per cent in equal monthly installments thereafter, the number of installments to be in accordance with the estimate of the number of months required to complete the project; 10 per cent upon completion of the project.
3. Resident Field Engineer: Services of a resident field engineer would be on the basis of actual salary, plus 15 per cent, plus travel and field expense, and will be billed and paid monthly as incurred.

The terms are the same as those authorized by the Board of Trustees for the services of Sargent and Lundy on the addition to the Abbott Power Plant except that the fixed fee is 1.5 per cent instead of 2 per cent.

The cost of the extension of utilities, including the services of Sargent and Lundy, will be paid from the proceeds of bond issues for these projects. Payments, estimated at \$15,200, due prior to bond issuance will be advanced from balances from surplus funds in the income of the Housing Division.

I concur and recommend (1) that the Comptroller and the Secretary of the Board be authorized to execute a contract with Sargent and Lundy in accordance with the above terms, (2) that the Physical Plant Department be authorized to take bids on the extension of utilities in the areas described, and (3) that the Comptroller be authorized to advance funds from balances available in Housing Division operations to meet payments due under this contract before funds from proceeds from bond issues are available.

On motion of Mr. Livingston, these recommendations were approved and the Comptroller and Secretary of the Board were authorized to execute the contract.

**CONTRACT WITH UNITED STATES BUREAU OF PUBLIC ROADS FOR RESEARCH ON PROBLEMS OF HIGHWAY CONSTRUCTION**

(18) In accepting grants and entering into contracts for sponsored research, the University reserves the right of publication of the results. This is a desirable reservation, particularly in the case of research projects in which graduate students are engaged so that they may use the results obtained as material for theses.

For more than twenty years the University, through its Engineering Experiment Station, has been carrying on research investigations on problems of highway construction under cooperative agreements with the State of Illinois Division of Highways and with the United States Bureau of Public Roads. The Bureau has taken the position that a publication which results from research supported in whole or in part by it might imply that the United States Government endorses the findings and recommendations listed in the publication, so that the Bureau has a legitimate concern with the information published. Accordingly, the Bureau requires, on its part, that all contracts for research sponsored by it shall include the following provision:

"Each party shall have the right to publish the results of the investigation, but any publication of the results by one party shall be subject to the approval of the other party. . . . However, the work of this program can serve as the basis for M.S. and Ph.D. theses at the University, with the usual acknowledgments."

The Dean of the College of Engineering and the Director of the Engineering Experiment Station, the Chairman of the University Research Board, and the Comptroller recommend that the Board of Trustees authorize exceptions to the standard University policy in government contracts for research to the extent indicated in the Bureau's request. Aside from the importance of these research programs as a public service, they are of value to the University in the training of graduate students employed on them as research assistants, so that the exception is justified on educational grounds.

I concur in this recommendation.

On motion of Mrs. Watkins, this recommendation was approved.

**CONTRACT FOR TRAINING OF AGRICULTURAL EXTENSION WORKERS IN COMMUNICATIONS**

(19) The National Project in Agricultural Communications, supported by the Kellogg Foundation, is a training program in communications for workers in agricultural extension. The program has been endorsed by the American Association of Land-Grant Colleges and State Universities and other national educational organizations.

A program has been planned for a training session of three weeks for representatives of educational institutions. In addition to the training to be received by the representatives, the institution will receive a kit of training aids including motion pictures, film strips, other visual materials, a Master Trainer's Guide, and basic materials suitable for adaptation and reproduction in each state.

The Dean of the College of Agriculture and the Associate Director of the Extension Service in Agriculture and Home Economics recommend that the University send two representatives. The cost to the University, including the training materials to be received, will be \$5,500, and can be paid from federal funds available to the Extension Service.

I recommend that the Board authorize participation in this program and the execution of such contract or other documents as may be required for this purpose.

On motion of Mrs. Holt, this recommendation was approved.

**CONTRACT FOR INTERIOR DECORATING OF NORTHWOOD APARTMENTS**

(20) The Director of the Physical Plant and the Comptroller recommend that Mr. W. S. Pusey, Urbana, interior decorator and color consultant, be employed as interior decorator for the seven apartment units being constructed by North-

wood, Inc., Champaign, which will be leased to the University through the University of Illinois Foundation, for housing undergraduate women.

Services will include analysis and planning of space use in the apartment units, the recreation areas, and quarters for the housemothers; design and assignment of space for built-in wall cabinets, desks, wall-hung bolsters, fixed lighting, and similar installations; selection of furniture, floor coverings, fabrics, draperies, pictures, lamps, bedspreads, sofa pillows, and other necessary items; inspection and supervision of placement of all furnishings and equipment. The furnishings and equipment will be selected and designed for maximum utilization if and when residence units are converted into apartments. The proposed fee is \$4,500, or approximately 5 per cent of the cost of the furnishings.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract.

On motion of Mr. Bissell, this contract was awarded and the Comptroller and Secretary of the Board were authorized to execute the same.

#### ARCHITECTS FOR PLANT SCIENCES BUILDING

(21) The University has a state appropriation of \$40,000 for studies and preliminary plans for a plant sciences building. The Director of the Physical Plant and the Comptroller recommend that the firm of Naess and Murphy of Chicago be employed as architects for this building. This firm will furnish complete architectural services at the same rate charged for other University buildings, namely, 6 per cent of the contract costs. For the initial preliminary study phase only, the firm will charge actual costs plus 100 per cent for overhead and commission but not to exceed \$35,000. If the General Assembly appropriates funds for the construction of this building and the project proceeds to completion, Naess and Murphy will allow credit for payments made for the preliminary work in the total fee.

I submit a report from the Physical Plant Department in support of its recommendation, a copy of which is hereby filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Livingston, the employment of Naess and Murphy, as recommended, was authorized.

A copy of this report is filed with the Secretary of the Board.

This report was received for record.

**DISTRIBUTION OF NORVAL H. PIERCE TRUST**

(25) As reported to the Board of Trustees on February 21, 1948, Dr. Norval H. Pierce, for many years Professor of Otolaryngology in the College of Medicine, established a trust, with the Northern Trust Company of Chicago as Trustee, for the benefit of his former wife, Drusilla W. Pierce, during the remainder of her life. The trust indenture stated that the trust should terminate upon her death and that the Trustee should then distribute the assets of the trust among certain beneficiaries, including the University of Illinois which is to receive a four-ninths share, the principal of which is to be maintained and the income used for research in the College of Medicine. In accordance with an agreement in 1948 between Johns Hopkins University and the beneficiaries of the trust, which agreement was authorized by the Board of Trustees on February 21, 1948, upon the termination of the trust a payment of \$25,000 is to be made to that University, in return for which it waived certain claims which it was then seeking to establish against the trust.

<sup>1</sup> Deduct.

Mrs. Pierce died on March 3, 1956. The Northern Trust Company has notified the beneficiaries that it is ready to make distribution of the assets of the trust remaining after payment of the \$25,000 to Johns Hopkins University and certain fees and expenses of the Trustee. The Trustee has indicated that, if the beneficiaries approve, it will insofar as possible make distribution of the assets in kind. A list of the stocks and bonds comprising the trust estate has been submitted to the First National Bank of Chicago which has recommended that the University's share of the assets thus held be accepted in kind, insofar as possible, with only a small balancing payment in cash. This recommendation has been approved by the Finance Committee and the Northern Trust Company has been so advised.

The Company requires from the Board of Trustees a resolution accepting the University's share of the trust estate upon the terms set forth in the trust indenture and authorizing the Comptroller and the Secretary to execute and deliver to the Trustee a receipt for the University's share of the trust estate and its release and discharge of the Trustee from any further obligation to the University. It appears advisable to include in the same resolution the designation of the officers of the University who are to determine the nature and manner of the research to be financed by the income of the trust. Accordingly, the Legal Counsel and the Comptroller recommend the adoption of the following resolution, and I concur:

#### *Resolution*

WHEREAS, under the terms and conditions of a trust indenture entered into between Dr. Norval H. Pierce, since deceased, and the Northern Trust Company, of Chicago, Illinois, as trustee, bearing date of March 5, 1929, the University of Illinois is now entitled to receive, for the use of its College of Medicine, four-ninths (4/9) of the assets of the "Norval H. Pierce Trust" presently held by the Northern Trust Company as trustee after the payment from all of said assets of the sum of \$25,000.00 to Johns Hopkins University and the termination and distribution fee of said trustee, which said share of the assets of said estate remaining after the making of said payments therefrom is presently valued at the sum of approximately \$142,000.00; and

WHEREAS, under the terms of said trust indenture, the Northern Trust Company may, in its discretion, distribute and transfer to the University of Illinois the latter's said share of said assets in kind or in cash, or partly in kind and partly in cash, and said trustee is willing and desires, and it is in the best interests of the University, that the University's share of said assets be distributed and transferred to it in kind, or partly in kind and partly in cash; and

WHEREAS, under the provisions of said trust indenture, the principal of the University's share of said trust estate is required to be kept intact, and safely and securely invested and reinvested by the proper officers of the University and the income therefrom is required to be devoted to research in and by the College of Medicine of the University "in such practice of Medicine and generally in such manner as the Settlor may in his lifetime, at any time and from time to time, designate in writing, and in default of such designation, for such research as the Trustees or other proper officers of the University of Illinois may in their discretion deem best," and the Settlor did not at any time make any such designation:

Therefore, it is hereby resolved by this Board of Trustees of the University of Illinois that it accept, for the use of the College of Medicine of the University, said four-ninths share of the assets of said Norval H. Pierce remaining in the hands of said trustee after the making of said hereinabove mentioned payments from all of said assets upon the terms, conditions, and for the purpose set forth in said trust indenture; that the Comptroller of the University be, and he is hereby authorized, to accept and receive distribution, transfer, and payment to the University of Illinois of its said share of the assets of said trust from the Northern Trust Company either in kind or partly in kind and partly in cash; that, upon receipt by the University of its said share of the assets of said trust estate, either in kind or partly in kind and partly in cash, from said trustee, the Comptroller and the Secretary of this Board be, and they are hereby, authorized to execute and deliver, on behalf of the University of

Illinois, a receipt to said Northern Trust Company therefor and a release and discharge of said Northern Trust Company from all further obligation to the University of Illinois arising under said trust indenture; and that said Comptroller be, and he is hereby further authorized to direct and authorize the Northern Trust Company to deliver to the First National Bank of Chicago, as a depository of and for the University of Illinois, such portion of said University's said share of the assets of said trust estate as may be distributed and transferred to it in kind by said Northern Trust Company, the delivery thereof to said First National Bank of Chicago, as such depository, pursuant to the instructions of said Comptroller, by said trustee to constitute delivery thereof to the University of Illinois.

It is further hereby resolved that, upon receipt by the University of Illinois of its said share of the assets of said trust estate in accordance with the foregoing, the same shall be kept safely and securely invested and reinvested by the Comptroller of the University of Illinois and that the income derived therefrom from time to time shall be used and applied to research in and by the College of Medicine of the University in such manner and in connection with such projects as may be determined from time to time by the then Dean of the College of Medicine subject to the approval of the Vice-President in Charge of the Professional Colleges of the University of Illinois, or such other officers of the University of Illinois as this Board of Trustees may hereafter designate.

On motion of Mr. Livingston, this resolution was adopted.

#### EXCHANGE OF FARM LANDS

(26) On March 23, 1956, a report was made to the Board of the purchase of the following described property constituting a part of the estate of George Grein:

Tract No. 1, 80 acres, described as the West half of the S.E. Quarter, Section 30, T. 19 N., R. 9 E. of the 3rd P.M., Champaign County, Illinois.

Tract No. 2, 160 acres, described as the N.E. Quarter, Section 31, T. 19 N., R. 9 E., said county.

The purchase was made at a Master in Chancery's sale by the University of Illinois Foundation under an agreement whereby the University is to pay to the Foundation now a part of the cost, and upon payment of the remainder, the title will be conveyed to the University.

It has been previously reported to the Board that since Tract No. 2 is across a road from land owned by the University, it would be desirable, if possible, to exchange this tract for 120 acres owned by Mrs. Emma Grein and her son, Henry Grein, which is contiguous to land owned by the University. The 120 acres is described as follows:

Tract No. 3, the East half of the S.E. Quarter of Section 30, and the S.W. Quarter of the N.E. Quarter of Section 30, T. 19 N., R. 9 E., of the 3rd P.M., Champaign County, Illinois.

Mrs. Emma Grein owns an undivided one-half interest in this property and a life estate in the other one-half interest, and her son, Henry Grein, owns the remainder. They have indicated their willingness to exchange their 120 acres for the 160 acres purchased at the Master's sale if the University is willing to pay them an additional \$7,500 therefor. Each party would pay the 1955 taxes on the property they will convey and assume the liability for 1956 taxes on the property they will thus acquire.

It is desirable, from the University's standpoint, that this exchange be made in order to round out University land holdings in this area. The 120-acre tract is in better condition than the 160-acre one, and the improvements on the former have been better maintained.

The Dean of the College of Agriculture and the Comptroller recommend that this exchange of property be made. Title to Tract 1 and Tract 3 will then be held by the Foundation subject to the agreement hereinabove mentioned.

I concur and recommend that (1) the Board authorize the Comptroller and the Secretary of the Board of Trustees to execute the necessary documents and (2) an appropriation of \$7,500 from the General Reserve of the University be authorized for the payment required in completing this exchange.

On motion of Mr. Swain, this exchange of properties was approved, the Comptroller and Secretary of the Board were authorized to execute the necessary documents, and an appropriation of \$7,500 was made from the General Reserve Fund for this land acquisition program. This action was taken by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; Absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### FINAL DESIGN OF RESIDENCE HALLS

The Director of the Physical Plant and the Building Program Committee submit for approval of the Board the final design of the residence halls units for unmarried undergraduate men to be constructed on the former Parade Ground immediately west of the original Men's Residence Halls. These are projects scheduled for 1957-58 in the University's program for housing students as approved by the Board of Trustees on January 28, 1956.

The design studies were by Professor Ambrose M. Richardson of the Department of Architecture and will be used by Berger-Kelley and Associates, Champaign, in developing the complete plans for this construction. The Board has already awarded this firm a contract for these architectural services.

Professor Ambrose M. Richardson of the Department of Architecture explained the general planning and design of these units and exhibited models of them.

On motion of Mrs. Watkins, this design was approved.

#### ADMINISTRATIVE PROCEDURE FOR DEALING WITH CASES OF STAFF MEMBERS CLAIMING CONSTITUTIONAL PRIVILEGES IN DECLINING TO TESTIFY BEFORE LEGISLATIVE COMMITTEES

Mr. Bissell presented the following report.

At the meeting of the Board of Trustees on April 27, 1955, the President of the University, Dr. Lloyd Morey, presented a procedure adopted by the University Senate on April 4, 1955, to be followed in the case of staff members claiming constitutional privileges in declining to testify before legislative committees concerning alleged communist affiliation or activity. This procedure is printed on pages 330 and 331 of the Minutes of April 27 and includes the following provision:

"If the individual refuses to appear and cooperate in Hearings before the Committee or Board of Trustees, his service to the University may be discontinued."

Although the entire statement of general principles and procedure relating to such matters was adopted by the University Senate as an internal administrative policy, and was submitted to the Board for information and record, the President was asked to request the University Senate to change the word "may" in the above quoted provision to "shall." At the meeting of the Board on June 16, 1955 (Minutes, page 376), the President reported that the Senate Committee on Academic Freedom, which had previously recommended the procedure to the Senate, advised against this change and the Senate took no steps to concur in any change in this provision. The matter was then referred to a Special Committee of the Board appointed by the President thereof.

As Chairman of this Special Committee, I call attention to a recent decision of the United States Supreme Court in a New York case overruling state courts and holding that a college teacher who declined to say whether or not he had once been a Communist and who therefore was dismissed under local law was

illegally discharged, which case renders moot the question before the Special Committee of the Board. I therefore move that the Special Committee be discharged.

The motion was seconded by Mr. Swain and was adopted.

#### **NONDEVELOPMENT OIL AND GAS LEASE COVERING AGRICULTURAL EXPERIMENT FIELD IN SALINE COUNTY**

The Board of Trustees authorized its Executive Committee to execute a nondevelopment oil and gas lease for the University's agricultural experiment field in Saline County. Prior to completion of negotiations, Mr. Amos S. Wood, the applicant for the lease, informed the University that he had no further interest in securing the same.

MEETING OF THE EXECUTIVE COMMITTEE OF  
APRIL 25, 1956

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the administrative offices of the Chicago Undergraduate Division at Navy Pier, Chicago, Illinois, on Wednesday, April 25, 1956, beginning at 12:30 p.m.

The following members were present: Mr. Park Livingston, Mrs. Frances B. Watkins, and Mr. H. B. Megrn, Chairman.

Also present were President David D. Henry, Mr. H. O. Farber, Comptroller, and Mr. A. J. Janata, Secretary of the Board.

The Executive Committee considered the following matters of business.

**ENTRY OF UNIVERSITY'S APPEARANCE IN LEGAL PROCEEDINGS  
CONTESTING THE WILL OF FRED S. BAILEY, DECEASED**

The provisions in the will of Fred S. Bailey, recently deceased, benefiting the University and in which it is interested, and the fact that a suit has been filed in the Circuit Court of Champaign County, Illinois, by the conservator of an incompetent cousin of Mr. Bailey, who constitutes Mr. Bailey's sole heir, to contest the validity of the will, were reported to the Board of Trustees at its March, 1956, meeting.

Although, the Champaign law firm of Thomas, Mulliken & Mamer ordinarily acts as counsel for Harris Trust and Savings Bank of Chicago as executor of and trustee under the will, that firm can not appear as counsel of record for any of the defendants in the suit since Mr. Thomas and Mr. Mulliken will probably have to testify as witnesses for the defendants when it is tried. Consequently, the executor has employed Mr. John L. Franklin, of Champaign, to appear for and represent it in the suit and he is also authorized to appear for and represent the other defendants therein with the exception of the University which will be represented by its Legal Counsel.

Although the suit was filed late in February and summonses were issued against the defendants when it was filed, no service of summons has been had upon the University or any of the other defendants because counsel for the plaintiff has instructed the Sheriff not to serve the summonses until requested by him to serve them. None of the defendants are required to appear and file pleadings in the case until service of summons has been had upon them and, since the case can not proceed to trial until the defendants appear and plead therein, it is surmised that counsel for the plaintiff has withheld service of summons for the purpose of preventing the case from being reached for trial before next fall.

For certain reasons connected with the administration and closing of the estate, and also because the executor will not make distribution among the beneficiaries of the will until the validity of that instrument has been determined in the suit, it would appear to be in the best interests of the University and the other beneficiaries under the will to secure an early trial in the suit, if possible. The defendants, including the University, can probably secure an early trial if they waive service of summons upon them and enter their respective appearances and file their respective pleadings in the suit.

For the foregoing and other reasons Mr. Franklin intends to waive service of summons upon, enter the appearances of, and file an answer for the defendants he represents in the suit and he and Mr. Mulliken have requested the Legal Counsel to do the same with respect to the University. Unless the Legal Counsel accedes to this request or counsel for the plaintiff has summons served upon the University which he apparently does not intend to do in the near future, the case can not be tried before fall. If the University and all of the other defendants waive service of summons and enter their appearances in the suit, it is hoped that it will be possible to secure a trial of it in May or June. Mr. Franklin has assured the Legal Counsel that he can adequately prepare for the trial if held in May or June and the Legal Counsel can complete that portion of the preparation of the case for trial which has been assigned to him by that time.

The Legal Counsel recommends that he be authorized to waive service of summons upon the University, and to enter its appearance and file an answer for it in the suit in order to cooperate with counsel for the other defendants in his efforts to secure an early trial of the case.

President Henry concurred in this recommendation.

On motion of Mrs. Watkins, authority was granted as recommended.

#### **APPROPRIATION FOR VISIT OF GENERAL ASSEMBLY**

Mrs. Watkins, Chairman of the Committee on the Chicago Departments, reported that members of the General Assembly will be invited to make an official visit to the University's Chicago Professional Colleges and to the Chicago Undergraduate Division on June 19, 1956, for the purpose of inspection and conferences with University officials. The Committee recommends that an assignment of \$1,000 be made to the Public Functions Fund of the President's Office to cover the expense of this visitation.

On motion of Mr. Livingston, this appropriation was made from the General Reserve Fund by the following vote: Aye, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, none.

#### **APPROPRIATION FOR INSTALLATION OF THE PRESIDENT**

The Secretary of the Board presented a request from the Faculty Committee on the Installation of the President for an appropriation for the expenses of the installation.

On motion of Mr. Livingston, an appropriation of \$7,500 was made from the General Reserve Fund by the following vote: Aye, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, none.

The Committee adjourned.

**REQUEST FROM STUDENT SENATE**

President Megrn read a letter received by the Secretary of the Board from the President of the Student Senate requesting the Board of Trustees to reexamine its stand on the present policy of not permitting use of University buildings and grounds for political purposes and specifically for meetings in connection with political addresses. Copies of this letter had previously been supplied to all members of the Board and a copy is filed with the Secretary for record. President Megrn asked Mr. Johnston, as Chairman of the Committee on General Policy, to comment on this request.

Mr. Johnston reviewed the previous consideration given to three similar requests within the past six years. On each occasion the Board decided that the present policy be continued, with the exception that last year, on recommendation of the Committee on General Policy, the existing policy was modified to the extent of permitting candidates for the office of President and/or Vice-President of the United States to use University premises to appear in person to make political addresses.

It was the consensus of the Board that the present modified policy should stand until some experience has been had with it. The Secretary was instructed to inform the President of the Student Senate that the Committee on General Policy will continue to study the matter and that the Student Senate may submit anything it wishes in writing to that Committee.

**BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

I concur.

On motion of Mr. Herrick, these certificates were awarded.

On motion of Mr. Johnston, these appointments were confirmed.

**APPOINTMENT OF DEAN OF ADMISSIONS**

(3) I recommend the appointment of Dr. C. W. Sanford, now Professor of Education, Associate Dean of the College of Education, and Coordinator of Teacher Education, as Professor of Education on indefinite tenure and Dean of Admissions for one year beginning September 1, 1956, at a salary of \$16,000 a year on "AY" basis.

This appointment is to fill the vacancy which will be created by the retirement on September 1, 1956, of Mr. George P. Tuttle as Director of Admissions and Records after forty-five years of service on the University staff.

The designation of this position as "Dean of Admissions" is new at the University of Illinois, but is to be found in a number of other universities. All of the functions and services of the present Office of Admissions and Records will be included under this new position, but it also envisages a broad scope of services to the state in the area of secondary and higher education. Dr. Sanford is eminently qualified for this phase of the service of the position of Dean of Admissions because of his professional experience as Coordinator of Teacher Education and his contacts with the secondary schools of Illinois.

The change in status of the position of Director of Admissions and Records will require amendment of the present statutes. The appropriate change can be made as part of the general revision of the University Statutes on which commit-

tees of the Board and of the Senate and an administrative committee are now working, and has already been brought to their attention.

The appointment of Dr. Sanford is recommended by a special *ad hoc* committee consisting of Dean Joseph R. Smiley of the College of Liberal Arts and Sciences, Associate Director T. S. Hamilton of the Agricultural Experiment Station, Associate Director Ross J. Martin of the Engineering Experiment Station, and Professor J. A. Russell, Head of the Department of Geography, and is concurred in by the Provost and the Dean of the Graduate College.

On motion of Mr. Bissell, this appointment was approved.

#### FELLOWSHIP STIPENDS AT THE CHICAGO PROFESSIONAL COLLEGES

(4) Fellowships awarded to graduate students at the Chicago Professional Colleges carry stipends of \$1,200 for a student with a bachelor's degree, \$1,500 for a student with a master's degree, and \$1,800 for a student with the degree of Doctor of Medicine or Doctor of Dental Surgery.

At its meeting on September 23, 1955, the Board of Trustees authorized an increase in University fellowship stipends at Urbana-Champaign to \$1,200 irrespective of the year of study. This increase will become effective September 1, 1956. Since it is necessary to provide higher stipends at the Chicago Professional Colleges than at Urbana, and in view of fellowship stipends paid by other universities, the Executive Committee of the Graduate College Division in Chicago, the Dean of the Graduate College, and the Provost recommend that stipends of University fellowships at the Chicago Professional Colleges be increased beginning with the academic year 1956-57 to \$1,500 for a student with a bachelor's degree, \$1,800 for a student with a master's degree, and \$2,000 for a student with the degree of Doctor of Medicine or Doctor of Dental Surgery. This increase will not require additional funds at this time.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

#### BEVIER HALL AND ENGLISH BUILDING

(5) The Department of Home Economics and the Dean of the College of Agriculture have recommended that the new home economics buildings be named "Bevier Hall—Home Economics" (Goodwin Avenue Building) and "Home Economics Child Development" (Nevada Street Building). These names will identify the new buildings with the major areas of work which they will house. I have approved these recommendations and request confirmation by the Board.

It will be necessary to rename the present Bevier Hall, formerly known as the "Woman's Building." The Department of English, presently housed in Lincoln Hall, will be moved into that building when it is vacated by the Department of Home Economics, and I recommend that for the present the building be renamed "English Building."

On motion of Mrs. Holt, these names were approved.

#### LEASE OF HOUSING FOR UNDERGRADUATE WOMEN

(6) The Board of Trustees has authorized the leasing to Northwood, Inc., Champaign, of a small strip of land owned by the University as part of the site for the construction by Northwood, Inc., of seven apartment buildings which will be leased by the University of Illinois Foundation for the University for the housing of undergraduate women students. To comply with zoning restrictions, a change in site planning was required, and this change was approved by the Board. The Legal Counsel desires the record to show that this change in site requires that a portion of two of the buildings will be located on University-owned land which is being leased by the University to Northwood, Inc.

The Director of the Physical Plant and the Comptroller recommend that the University-owned land be leased to the developers in accordance with the terms previously reported and approved, but with the further understanding that buildings may be constructed on this land as approved by the University.

I concur.

On motion of Mr. Livingston, this recommendation was approved.

**SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(7) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

*Urbana-Champaign*

| 3. Library, book acquisitions.....                                 | 28 450   |

*Chicago Professional Colleges*

<i>Total</i> .....	\$63 435
--------------------	----------

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Herrick, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

**APPROPRIATIONS BY THE ATHLETIC ASSOCIATION**

(8) The Board of Directors of the Athletic Association has approved assignments from its reserve fund of \$2,500 for the Spring Football Coaches Clinic and \$15,000 for the purchase of a canvas cover for the playing field in the Memorial Stadium.

Confirmation of this is recommended.

On motion of Mrs. Watkins, the action of the Board of Directors was confirmed.

**CONTRACT FOR ALTGELD HALL REMODELING**

(9) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$37,980 to E. N. DeAtley, Champaign, the lowest bidder, for remodeling of Rooms 103 and 204 of Altgeld Hall to convert areas formerly used by the College of Law for use by the Department of Mathematics. Subsequent to the opening of bids, the Physical Plant negotiated with the lowest bidder on certain changes in this remodeling for the purpose of reducing the cost by approximately \$2,800 through the issuance of change orders to secure the necessary credits.

Funds are available in an assignment from the General Reserve appropriated by the Board of Trustees on January 28, 1956.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract, subject to the release of funds.

On motion of Mrs. Watkins, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

**CONTRACT FOR ALTERATIONS IN DENTISTRY-MEDICINE-PHARMACY BUILDING**

(10) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$35,203 to the Mutual Contracting Company, Chicago, the lowest bidder, for alterations in the second unit of the Dentistry-Medicine-Pharmacy Building in Chicago. The work will consist of rearrangement of partitions, improvements in lighting and ventilation, installation of new dental chairs and cabinets and of new laboratory equipment on the eighth floor in quarters formerly occupied by the Department of Oral and Maxillofacial Surgery to convert this area into quarters for a dental clinic. The improvement is part of the program of remodeling of the Dentistry-Medicine-Pharmacy Building to rehabilitate existing facilities and to increase their capacities.

Funds are available in the 1951 Revenue Bond Fund Construction Account.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

#### **OWENS-ILLINOIS SCHOLARSHIPS**

(11) The Owens-Illinois Glass Company has offered to establish Owens-Illinois scholarships at the University of Illinois beginning with the academic year 1956-57.

Under this plan, Owens-Illinois will provide four scholarships to nonresidents of Illinois (one each year for four years) or eight scholarships to residents of Illinois (two each year for four years). The first Owens-Illinois scholarship (or scholarships) will be allocated to the College of Engineering. Because changing circumstances may make it desirable from year to year to shift emphasis on the type of courses in which Owens-Illinois scholars are enrolled, Owens-Illinois may allocate future Owens-Illinois scholarships to other colleges within the University.

Each scholarship grant will cover the cost of tuition, other basic University fees, and will provide a stipend to cover the cost of textbooks and other classroom and laboratory supplies. As a part of this scholarship plan, Owens-Illinois will make an unrestricted grant to the University to match the amount paid in tuition in behalf of each Owens-Illinois scholar. This is in partial payment of the cost to the University of his education.

Eligibility for the scholarships, selection of recipients, and renewals of scholarships will be subject to the University's established procedure and requirements governing awards of all other undergraduate scholarships under its control.

I have accepted this offer and request confirmation of my action.

On motion of Mr. Swain, the action of the President was confirmed.

#### **GRANTS FROM FORD FOUNDATION**

(12) The Ford Foundation has made the following grants to the University of Illinois.

1. To support released time of members of the faculty whose services will be used for educational television programs, \$37,500. The conditions of the grant are:

a. The University of Illinois agrees to release the time of faculty for educational television programing to a total, in terms of salaries involved, of at least \$20,000 a year for the three-year period of this grant. The television programs for which talent is thus supported may be formal or informal, but must be programs for which the University is not otherwise reimbursed through fees, the sale of course guides, and so forth. They shall not include television programs given over commercial television stations.

b. All programs thus supported are to be produced under such conditions as to ensure clearances for other educational television stations, if such clearances are potentially to be requested.

I have accepted this offer and request confirmation of my action.

2. For a study of regularities of socio-economic change in economically developing societies, \$225,000. The Board of Trustees on July 20, 1955, authorized an application for and acceptance of a grant for a "Project for Research on Cross-Cultural Regularities of Change Among Native Population." This study will be for a three-year period, and its objective is to determine the comparative effects of "westernization" on different groups of people in underdeveloped areas. The study will involve field trips to Mexico, Peru, West Africa, British East Africa, Uganda, Tanganyika, and Java or Sumatra. The personnel for the field research will be recruited from outside the University.

This is reported for record.

On motion of Mr. Williamson, the action of the President was confirmed.

**QUARTERLY REPORT OF THE COMPTROLLER**

(15) The Comptroller presents his quarterly report to the Board as of March 31, 1956.

This report was received for record and a copy has been filed with the Secretary of the Board.

**ACQUISITION OF LAND IN CHAMPAIGN**

(16) Pursuant to authorization by the Board of Trustees, negotiations have been completed for the purchase of the properties at 1003 South Sixth Street and 507 East Chalmers Street, Champaign, Illinois, both being desirable acquisitions as part of the University's long-range campus plan development as they are in a block in which the University already owns some land.

The property at 1003 South Sixth Street has on it a one and one-half story frame house and detached frame garage. The property at 507 East Chalmers Street has on it a two and one-half story stucco and frame house and a detached frame garage. This house is now used as a student rooming house and provides housing for twenty students in addition to living quarters for the owner. The prices being paid are \$36,755 for the Sixth Street property and \$28,275 for the one on Chalmers Street, a total of \$65,030.

The Director of the Physical Plant and the Comptroller also recommend the acquisition of the property at 509 East Chalmers Street, Champaign, which adjoins both of the other properties. This property has on it a two and one-half story stucco frame, fifteen-room plus attic dormitory, house. It is operated by the owner, Mrs. Ina Evans, as a student rooming and boarding house. She prefers not to sell her property as she wants to continue in this business in order to maintain an income, but has agreed either to sell the property for \$45,000 or to be relocated in another property with approximately the same capacity and standard of maintenance. University representatives have been unable to find a suitable property of this kind on the market but have proposed an exchange of the University's property at 1008 South Lincoln Avenue, Urbana. This was purchased by the University for \$30,000 in 1948 as a residence for McKinley Hospital nurses but is no longer being used for that purpose. It is now operated as a residence for women students. Mrs. Evans is willing to exchange her property for the University's property plus a payment by the University of \$6,000. This cash consideration is justified on the basis of appraisals of the two properties and their income producing potentials. The property at 509 East Chalmers Street has been appraised at \$44,800 by a realtor representing the owner and at \$40,000 by a realtor representing the University. The house will accommodate twenty-one students for board and room service and the gross income for this property is in excess of \$14,000 a year for nine months of operation. The property at 1008 South Lincoln Avenue has been appraised at \$32,000 by a realtor representing the University. That house will presently accommodate only thirteen students, and to increase its capacity in order to produce as much income as the property at 509 East Chalmers Street will require extensive remodeling which is another factor in the negotiations.

I recommend that the Board authorize

1. The acquisition of the property at 509 East Chalmers Street, Champaign, through an exchange for the property at 1008 South Lincoln Avenue, Urbana, plus payment by the University of \$6,000, \$5,000 at the time titles are exchanged and \$1,000 to be paid when the University acquires possession;
2. An assignment of \$6,000 from the General Reserve Fund;

3. The execution of the necessary documents by the Comptroller and the Secretary of the Board upon approval of the same by the Legal Counsel.

In the negotiations with Mrs. Ina Evans, she has agreed to give possession of her property to the University not later than August 15, 1956, free and clear of any rights of tenants or others and free and clear of any mechanics' liens, encumbrances, or claims of any kind. The University on its part has agreed to give her possession of the property at 1008 South Lincoln Avenue at the time of closing and exchange of titles, which should be not later than June 15, 1956, so that the property will be available to her for remodeling during the summer. Further details of these negotiations are set forth in the attached letter dated May 17, 1956, written to Mrs. Evans by the Director of the Physical Plant Department, a copy of which is hereby filed with the Secretary of the Board for record.

The acquisition of these three properties will provide a suitable site for a new faculty club. Until such time as this project can be financed and construction started, I recommend that the properties at 507 and 509 East Chalmers Street be leased to private operators of student housing. The property on Sixth Street is not suitable for this purpose without extensive remodeling and repairs which would hardly be justified in view of contemplated future use. The value of this property is largely in the land.

On motion of Mr. Johnston, the recommendations of the President were approved, an assignment of \$6,000 was made from the General Reserve Fund, and authority was given as requested. These actions were taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

The purchases of the properties at 1003 South Sixth Street and at 507 East Chalmers Street, Champaign, had previously been authorized and the necessary funds for these acquisitions were appropriated by the Board on January 28, 1956, Minutes page 914.

#### SETTLEMENT IN CASIMIR J. PALACZ DISCHARGE PROCEEDING

(17) At its February, 1956, meeting the Board of Trustees was informed that Casimir J. Palacz, formerly a clerk in the Department of Administration of the Research and Educational Hospitals, had instituted suit in the Circuit Court of Cook County to obtain a judicial review of the action of the Merit Board of the University Civil Service System of Illinois in finding him guilty of charges of insolence and refusing to work when scheduled and authorizing his discharge from the employ of the University.

As the result of certain developments in that suit and of negotiations conducted with the attorney for Palacz since then, an offer of settlement has been received from him which contemplates his unconditional resignation from the University's employ, the giving by him of a full release of all claims against the University and the Merit Board and their respective officers and employees, and the dismissal of his suit in return for expunging the discharge proceeding from his employment records and the payment to him of \$750 plus one-half of the court costs to date in his suit. (It is estimated that one-half the court costs will not exceed \$25.) The \$750 would constitute approximately one-half of the wages he would have earned in the University's employ from the date of his suspension for discharge to the date of settlement.

The evidence with respect to the charges upon which Palacz was found guilty by the hearing board and the Merit Board is ambiguous and conflicting in several important respects. Further litigating the proceeding in the Circuit Court would incur expense which will probably exceed the amount which Palacz has offered to accept in settlement of the suit. Substantial additional expense would be incurred as the result of an appeal taken by either party from whatever decision may be rendered by the trial court in the case. While the Legal Counsel and special counsel employed to assist him in representing the University in the suit are of the opinion that the University has a fair chance to sustain the action taken by the hearing board and the Merit Board, they can not be certain that Palacz will not prevail in his resort to the courts to have that action set aside and regard the

outcome of the suit as being doubtful. They and the other University and University Civil Service System officers concerned are of the opinion, therefore, that it is in the best interests of the University to accept this offer of settlement and finally dispose of this matter accordingly.

Accordingly, the Director of Nonacademic Personnel, the Legal Counsel, and the Comptroller recommend that the proposed settlement be approved and authorized by the Board of Trustees and that the Comptroller and Legal Counsel be authorized to execute, on behalf of the University, any and all papers necessary to effect the settlement and to secure the dismissal of the suit in accordance with it.

I concur.

On motion of Mr. Swain, this recommendation was approved.

## EXECUTIVE SESSION

At this point, on request of Mr. Livingston, an executive session was ordered.

## SITE FOR THE CHICAGO UNDERGRADUATE DIVISION

Mr. Johnston, Chairman of the Committee on General Policy and of the Special Committee on the Chicago Undergraduate Division, and President Henry reported on the consideration which has been given by these committees to the selection of a site for the Chicago Undergraduate Division. Early action on this is necessary so that the University's planning studies may go forward and the necessary estimates of capital costs be included in the biennial budget for 1957-59. Maintenance of public interest and of the morale of the Chicago Undergraduate Division faculty also require an early decision.

Mr. Johnston also reported on informal conferences he has had with key public officials of the city of Chicago and Cook County. Formal conferences are now in order with such public officials, specifically with the Governor, the Mayor of Chicago, the President of the Board of Commissioners of Cook County and of the Forest Preserve District of Cook County. It was the consensus of the Board that members of the special committee should conduct these conferences.

At this point, on motion of Mr. Livingston, the Board recessed to meet as a Committee of the Whole.

## MEETING OF THE COMMITTEE OF THE WHOLE

All members of the Board, as recorded at the beginning of these minutes, were present at the meeting of the Committee of the Whole. President Megran called the meeting to order.

Mr. Williamson moved that members of the Committee of the Whole agree that (a) when the Board of Trustees takes formal action on the selection of a site for the Chicago Undergraduate Division the members of this Committee will support the selection of the "Miller Meadows" site; and that (b) all official statements on this matter shall be made only by the Chairman of the Special Committee on the Chicago Undergraduate Division and the President of the University.

This motion was unanimously adopted.

The Committee rose and the Board reconvened.

On motion of Mrs. Watkins, the Board adjourned.

J. Janata, Secretary of the Board.

**BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The Board took up consideration of the following reports and recommendations from the President of the University.

**PERMANENT SITE FOR CHICAGO UNDERGRADUATE DIVISION**

(1) Submitted herewith, with my approval, is a formal report from the University Committee on the selection of a permanent site for the relocation of the Chicago Undergraduate Division. The findings and recommendations have been endorsed by the Committee on General Policy of the Board of Trustees, serving as a special committee.

The report recommends the acquisition of the G. A. Miller Meadow, consisting of three hundred acres of farm land owned by the Forest Preserve District of Cook County. Miller Meadow is in the near west suburbs, eleven miles west of the downtown area of Chicago, and is bounded by the Des Plaines River on the east, Roosevelt Road on the north, Cermak Road on the south, and First Avenue on the west.

It is desirable to acquire this site in the fiscal biennium of 1957-59 so that facilities there may be ready for the eight thousand students expected in the two-year division by the fall of 1963. This may seem a long way off, but six years to finance and acquire a site, and plan and construct buildings is not a long period. Any delay means the enrollment surge will be upon us before we are ready. The fall enrollment was 4,300; the facilities at Navy Pier will accommodate about 4,500.

A great number of possible sites has been reviewed. After consideration of them all, thirty-nine were studied carefully by the University and Board committees during a two-year period, and with the aid of the Real Estate Research Corporation of Chicago sixteen criteria were established, five of which had to be met for an area to be considered as acceptable.

After considering all factors, the Miller site was recommended because of the following eleven points:

1. It should permit the lowest acquisition cost of any of the sites meeting the University's criteria.
2. It has transportation convenience. (This site will permit approximately 55.4 per cent of the potential student population to reach this site within one hour's travel time by public transportation.)
3. It assures the availability of adequate land for buildings, for parking facilities for students and staff, and for construction of "low rise" structures which cost less to build.
4. It is in the direction of population growth for the Chicago area.
5. It will enable the University to complete construction of permanent facilities for the Division by September, 1963, without the costly and slow work of slum clearance and the relocation of families.
6. It offers good opportunities for faculty housing in the near-by suburbs.
7. There will be no tax loss to the city of Chicago or any of its suburbs.
8. It provides for reduced operating and construction costs since existing railway facilities cross a small part of the site, and two other lines are near.
9. It will not increase the peak load on the city's transportation facilities as the students will be traveling in the reverse direction at such times. Four-lane highways are nearby, including the new Congress Expressway.
10. It is protected against encroachment from undesirable developments.
11. It is now almost entirely vacant, its predominant use being agriculture.

Another factor seriously considered in selecting the site was that of student employment. A recent study based on a survey of 1,900 students at Navy Pier showed that while 60 per cent worked at outside jobs during the school year, fewer than 20 per cent were employed in the Loop area.

Acquisition of the Miller Meadow by the University would result in a desirable public use of this particular area, now used as farm land. The Chairman of the Board's Policy Committee has pointed out that the policy of the Forest Preserve District of Cook County not to release any of its land for other purposes is in general a commendable one, but in past years the District has made a number of exceptions to this policy by not interposing objections to acquisition of certain of its lands by other government agencies. The University

acquisition would be consistent with previous exceptions; use of this farm land as a campus for the University of Illinois Chicago Undergraduate Division will be a desirable public use, while purchase of this land by the University will enable the District to acquire other lands more suitable for recreational purposes.

Selection of a suburban site was endorsed in February, 1955, by a committee of the University of Illinois Alumni Association which had also been studying the matter. At approximately the same time a suburban site was endorsed, in principle, by the Executive Committee of the Chicago Plan Commission.

The formal report of the Committee follows and I concur in the recommendation that steps be taken for the acquisition of the G. A. Miller Meadow as the permanent site for the Chicago Undergraduate Division.

### **Report on the Selection of a Permanent Site for the Relocation of the Chicago Undergraduate Division**

#### ***I. Introduction***

The Board of Trustees has approved for planning purposes the development of a permanent site for the Chicago Undergraduate Division as one means by which the University could take care of its share of the anticipated doubled enrollment. This increase, predicted for the nation as a whole, is projected on statistics for children already born. The Trustees' action was based on the studies and the recommendations of a University Committee and concurred in by the University Council (composed of deans, directors, and other administrative officers).

The University Committee, in arriving at these conclusions, recognized that:

- A. Approximately 53 per cent of the population of the state of Illinois resides in Cook County.
- B. For a number of years, approximately one-half of the students registered in the University of Illinois have listed Cook County as their residence.
- C. Educational facilities for commuting students will eliminate the need for constructing student housing facilities which would be required at Urbana-Champaign.
- D. There is now a two-year undergraduate division of over 4,000 students at Navy Pier in Chicago. The city wishes these facilities returned for its own imperative needs. They can not well care for more than 4,500 students. It seems necessary, therefore, that permanent facilities be provided promptly.

Two other independent studies also reached the same general conclusions, namely, those submitted by a Commission created by the Sixty-eighth General Assembly and a Committee of the Alumni Association.

Based on the anticipated increase in student enrollment and the planned capacity on the Urbana-Champaign campus, permanent facilities for 8,000 students will be needed by 1963 in a two-year program at the Chicago Undergraduate Division. Studies were, therefore, undertaken for the establishment of criteria on the selection of a permanent site.

#### ***II. Site Selection***

- A. Although an unlimited number of sites can be evaluated, in practice the number is limited. The first step necessary for the selection of a site was the determination of the type of building to be constructed: low rise (not more than four stories and basement), medium rise (five to nine stories), and high rise (ten or more stories). The University Committee has evaluated the three types of buildings on three broad bases: educational and functional principles, construction costs, and maintenance and operation costs.

In each case, the Committee found the low rise building to be the preferred type and recommends that the Chicago Undergraduate Division campus of the University of Illinois be developed predominantly with low rise buildings except where functional requirements may dictate otherwise.

- B. The University Committee, after a two-year study with the aid of the Real Estate Research Corporation of Chicago, established sixteen criteria, five of which had to be met in order for an area to be considered as an acceptable site for the relocation and development of the Chicago Undergraduate Division.

A great number of sites were inventoried; thirty-nine met the five minimum criteria. The latter were studied with great care and, as a result, the

University Committee strongly recommended the selection of the G. A. Miller Meadow as the permanent site for the Chicago Undergraduate Division. This site (approximately three hundred acres) is bounded on the north by Roosevelt Road, on the south by Cermak Road, on the west by First Avenue, and on the east by the Des Plaines River. The land is owned by the Forest Preserve District of Cook County.

The President of the University, the Board of Trustees, and several University administrators have inspected many of the sites and also selected the G. A. Miller Meadow as the most desirable permanent site for the Chicago Undergraduate Division.

This site is recommended because it:

1. Should permit the lowest acquisition cost of any of the sites meeting the University's criteria.
2. Meets the criteria for transportation convenience. (Approximately 55.4 per cent of the potential student population can reach this site within one hour's travel time by public transportation.)
3. Will assure the availability of adequate land.
4. Will be in the direction of population growth for the Chicago area.
5. Will make possible the University's completing the construction of the permanent facilities for the Chicago Undergraduate Division by September, 1963.
6. Will provide good opportunities for faculty housing in the nearby suburbs.
7. Will not result in a tax loss to the city of Chicago or any of its suburbs.
8. Will offer an opportunity for reduced operating and construction costs since the existing railway facilities cross a small part of the site.
9. Will not increase the peak load on the city's transportation facilities as the students will be traveling in the reverse direction at such times.
10. Will be protected against encroachment from undesirable developments.
11. Is now almost entirely vacant, its predominant use being agriculture.

The selection of a suburban site of this type was concurred in by the Executive Committee of the Chicago Plan Commission as evidenced by their following statements:

1. "We believe it highly preferable that a site be selected from among those areas not currently producing tax revenues or potentially capable of important private development.
2. "We believe that sites requiring demolition of any substantial number of dwellings, or expenditure of local slum clearance funds should be avoided. Selection of a slum site involving extensive relocation of families or spending of local slum clearance funds would, in our opinion, seriously hamper the City's program of slum clearance for private, industrial, commercial, and residential development. By further complicating the relocation problem, it could, additionally, threaten any plans for accelerating the state-county-city program of expressway construction.
3. "We believe that areas within reasonable proximity to the West (Congress Street) Expressway or its terminals offer the most advantageous locations from the point of view of serving the future population of the entire Chicago Metropolitan Area. This is based upon our conception both of suburban expansion and of the ultimate rebuilding of the urban areas of Chicago."

### *III. Conclusion*

The G. A. Miller Meadow is strongly recommended as the permanent site for the Chicago Undergraduate Division of the University of Illinois. It is further recommended that this site be acquired during the 1957-59 biennium.

#### COMMITTEE ON FUTURE DEVELOPMENT OF THE CHICAGO UNDERGRADUATE DIVISION

ROBERT G. BONE

Assistant Provost and Professor of History

ROBERT P. HACKETT

Associate Dean of Commerce and Business Administration and Professor of Accountancy, Chicago Undergraduate Division

missions of the School of Nursing. (This requirement is added to bring the Continuation Program in substantial agreement with the regular four-year program in nurse's training.)

6. The completion of a program of courses in the University of Illinois School of Nursing totaling thirty-nine and one-third semester hours (fifty-nine quarter hours). These are all advanced courses including institutional nursing and public health nursing experience as well as courses in management and supervision. (This requirement is intended to assure that all of the students in the Continuation Program will have a thorough training in the essential fields of nursing. It will also meet the residence requirement for the degree.)
7. That the examination based on the Graduate Nurse Test Battery of the National League for Nursing be continued with provision that the applicant must attain a score of not less than one and one-half standard deviation below the mean of collegiate norms for the total score and for each of the sub-scores. (The student, by passing this test, will establish satisfactory evidence of the soundness of her training in basic nurse's training and will receive forty semester hours credit in clinical nursing.)
8. The applicant must acquire credit as follows by passing achievement tests set by the National League for Nursing or by credit for such courses taken in an accredited college or university: anatomy and physiology, five semester hours; microbiology, three semester hours. (This represents a reduction of one semester hour in microbiology.)

#### *Summary*

Candidates in the Continuation Program in Nursing as proposed will complete the following credits for the Bachelor of Science degree:

#### *Semester Hours*

Liberal Arts courses in prescribed pre-nursing subjects.....	30
Advanced Liberal Arts courses in Humanities and Social Sciences.....	8
Clinical Nursing credit based on a standardized examination set by the National League for Nursing for graduate nurses.....	40
Anatomy and Physiology.....	5
Microbiology.....	3
Courses which must be completed in residence in the School of Nursing at the Chicago Medical Center..... (59 quarter hours)	39½
<i>Total</i> .....	125½

This program should not be confused with the regular four-year course in nurse's training, which was approved in 1954 and which required one year of pre-nursing, taken in the University's College of Liberal Arts and Sciences or elsewhere, followed by three years (or eleven quarter terms) in the School of Nursing in Chicago and which is considered the standard program of nurse's training. The Continuation Program is designed to give college training to nurses who have already graduated from a hospital training school and desire to take the pre-nursing academic work and receive a degree. While this is in reverse order, it is nevertheless a desirable program because the need for supervisory personnel in nursing is very great, and the only way this need can be met is to offer a program of college work to nurses who have already completed the practical courses of instruction. Hence, the changes proposed will bring the Continuation Program more closely in harmony with the four-year program and will make the former available to nurses who have received their training in accredited hospitals and training schools in foreign countries. The graduate nurse's examination, to be required of all candidates, will assure that the previous professional training has been of acceptable quality.

I concur in these recommendations.

On motion of Mr. Herrick, these recommendations were approved.

#### **HONORS IN THE COLLEGE OF LIBERAL ARTS AND SCIENCES**

(11) The University Senate recommends adoption of the following plan for awarding honors in the College of Liberal Arts and Sciences to replace the present honors program in that College.

income, (a) to accept resignations, (b) to make such additional appointments as are necessary, subject to the provisions of the University Statutes and the Policy and Rules Relating to Compensation and Working Conditions of Non-academic Employees, and (c) to make such changes and adjustments in items included in the budget as are needed, all such changes to be covered in the Comptroller's quarterly financial report or in reports to the Board by its Secretary, provided that assignments for new projects or programs and for non-recurring expenditures in excess of \$2,500 shall be presented to the Board for prior approval.

Mr. Livingston, Chairman of the Finance Committee, reported that at a meeting held on June 20, 1956, the Finance Committee reviewed the budget in detail in consultation with the President, Provost, and Comptroller of the University, and that his Committee supports the budgetary recommendations.

Following full discussion, in which all of the Trustees present participated, on motion of Mr. Livingston, the budget was adopted, the President of the University was authorized to take the actions specified above, and the appropriations were made as recommended.

This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

The complete budget is included as an appendix to these minutes on pages 1157 to 1455.

#### INTERNAL BUDGET OF THE ATHLETIC ASSOCIATION FOR 1956-57

(3) The Director of Intercollegiate Athletics submits, on behalf of the Board of Directors of the Athletic Association, the budget for the Association for 1956-57 which is summarized as follows with comparative figures for the preceding year:

	1955-56 <i>Revised Estimate</i>	1956-57 <i>Proposed Budget</i>
Income.....	\$1 031 828	\$1 083 650
Appropriations.....	992 342	1 064 691
Excess of income over appropriations.....	\$ 39 486	\$ 18 959

The budget has been examined and approved by the Provost and the Comptroller.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments, including approval of new appointments and acceptance of resignations, as are necessary and recommended by the Board of Directors of the Athletic Association within the total income realized.

On motion of Mr. Bissell, this budget was approved and authority was given as recommended.

#### AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(4) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>

I concur.

On motion of Mr. Williamson, these certificates were awarded.

(5) On nomination of the Committee on Accountancy, I recommend the appointment of Mr. Ralph S. Johns, 141 West Jackson Boulevard, Chicago 4, Illinois, Resident Partner in Chicago of the firm of Haskins and Sells, to the Board of Examiners in Accountancy for a period of three years beginning July 1, 1956, to replace Mr. C. D. McDaniel, whose term will expire June 30, 1956.

On motion of Mr. Johnston, this appointment was approved.

#### APPOINTMENTS TO THE FACULTY

(6) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

On motion of Mrs. Holt, these appointments were confirmed.

**CHANGE IN STATUS OF JOSEF F. WRIGHT**

(7) Mr. Josef F. Wright has asked to be relieved of his duties as Director of Public Relations effective September 1, 1956, and that he be given personal leave of absence without pay beginning March 1, 1957, until September 1, 1957, when he plans to retire. He will continue in University service on special assignments by the President from September 1, 1956, until March 1, 1957.

I have approved this change in status and request confirmation of my action.

On motion of Mr. Livingston, the President's action was confirmed and the Board recorded its deep appreciation of Mr. Wright's services over many years. The Secretary was requested to send Mr. Wright a formal and more extended expression on behalf of the Board.

**CHANGES IN CURRICULUM IN RECREATION**

(8) The University Senate recommends the following changes in the curriculum leading to the degree of Bachelor of Science in Recreation:

**New General Courses Added to the Required Curriculum:***Semester Hours*

Economics 108—Elements of Economics.....	3
History 152—History of the United States.....	3
Journalism 309—Public Relations.....	2
Psychology—Statistical Methods in Psychology.....	3
Rhetoric 133—Expository Writing.....	3

**New Professional Courses Added to the Required Curriculum:**

Recreation 166—Activities Leadership.....2  
This is a substitute for the course, "Games For Children," two semester hours, offered by the Departments of Physical Education for Men and Physical Education for Women. It involves a change in prefix, title, and course content more suitable to the recreation curriculum needs.

Recreation 208-209—Field Experience.....0  
This is not a new undertaking inasmuch as it has been offered on an informal and experimental basis for two years and should now be placed in the curriculum officially.

Recreation 210—Inspection Trip.....0  
This is a substitute for the inspection trip course presently offered by the departments of Physical Education for Men and Physical Education for Women. It involves a change in prefix, title, and course content only to the extent that recreation majors will make an inspection trip more suitable to their needs.

**General Courses Dropped from the Required Curriculum:**

Education 211—Educational Psychology.....	3
Sociology 385—Methods of Sociological Research.....	3

**Professional Courses Dropped from the Required Curriculum:**

P.E.M.-P.E.W. 166—Games for Children.....	2
P.E.M.-P.E.W. 210—Inspection Trip.....	2
Recreation 272—Organization of Aquatic Programs.....	2
Recreation 273—Recreation in Rural Areas.....	2

**Change in Course Number:**

It is recommended that Recreation 275, Organization of Recreation Programs, be changed to Recreation 375 and credit for the same be changed from three hours to three hours or one-half unit for graduate credit. This change is justified on the basis of its level of difficulty and requirements, its appropriateness for limited graduate credit, and the number of graduate students who take the course each semester.

I concur in this recommendation.

On motion of Mr. Johnson, this recommendation was approved.

**CURRICULUM IN HORTICULTURAL FOOD CROPS**

(9) The University Senate recommends authorization of a new undergraduate curriculum in the College of Agriculture leading to the degree of Bachelor of Science in Horticultural Food Crops. This program is designed to prepare the

student for a wide variety of positions in the horticultural food industry. The number of requirements has been kept at a minimum to give flexibility and allow the student to progress in the field of his particular interest under the guidance of his adviser. A minimum of 136 semester hours of credit is required for graduation. Two options are offered:

- Option 1, requiring eight semester hours of chemistry, emphasizes crop production but includes enough on processing to give the student an insight into the interdependence of these phases and enhance his chances for advancement into positions requiring a knowledge of both. Graduates should be qualified for work in crop production or some phases of raw products research in the processing industry. Students interested in the production or handling of fresh fruits or vegetables will find this a suitable core curriculum.
- Option 2 requires eighteen to twenty semester hours of chemistry and Food Technology 204 and 301 and trains the student for a position in quality control in the manufacture of horticultural food products. The increased chemistry requirement necessitates a modification in the sequence of required courses.

Sample programs of this curriculum are hereby filed with the Secretary of the Board. All of the courses listed are presently available in the College of Agriculture, but it is not possible to take them in the combination proposed because they do not fit within the framework of any existing curriculum. Hence, this program was developed by the Departments of Horticulture and Food Technology to meet the needs of students who wish to go into the horticultural food industry. The program will enable a student interested in this aspect of horticulture work to elect a planned curriculum at the beginning of his studies.

I concur in this recommendation.

On motion of Mrs. Holt, this recommendation was approved.

#### CHANGES IN CONTINUATION PROGRAM IN NURSING

(10) The faculty of the School of Nursing and the University Senate recommend the following changes in the Continuation Program in Nursing first adopted in June, 1952, and modified in June, 1953.

1. That the Continuation Program in Nursing be extended to qualified graduates of a school of nursing accredited by the licensing body of the state or country in which it is located indicating an over-all average of 3.5 in the academic courses taken in that school of nursing. (The present requirement provides for the admission of graduates of schools of nursing accredited by the licensing body of the state or territory in which it is located. This proposal extends the program to graduates of accredited nursing schools in foreign countries.)
2. That the candidates in the Continuation Program in Nursing be required to meet the entrance requirements for the pre-nursing curriculum and complete the same program in pre-nursing required of students in the four-year program, except for zoology. This is as follows:

	<i>Semester Hours</i>
Rhetoric 101-102 .....	6
Humanities (literature, philosophy, music, or art appreciation) .....	6
Social Sciences (history, political science, economics) .....	6
Chemistry 102-132 .....	6
Electives .....	6
<i>Total</i> .....	30

This is a substitute for the present two-year program in liberal arts subjects now required in the Continuation Program.

3. That the present requirement of an examination in rhetoric as a part of the admission requirement be discontinued.
4. That the candidates in the Continuation Program in Nursing be required to complete advanced courses in liberal arts (not open to freshmen and sophomores) chosen from the fields of humanities and social sciences, eight semester hours.
5. The requirement of evidence of personal characteristics essential for nursing and achievement in nursing practice satisfactory to the Committee on Ad-

missions of the School of Nursing. (This requirement is added to bring the Continuation Program in substantial agreement with the regular four-year program in nurse's training.)

6. The completion of a program of courses in the University of Illinois School of Nursing totaling thirty-nine and one-third semester hours (fifty-nine quarter hours). These are all advanced courses including institutional nursing and public health nursing experience as well as courses in management and supervision. (This requirement is intended to assure that all of the students in the Continuation Program will have a thorough training in the essential fields of nursing. It will also meet the residence requirement for the degree.)
7. That the examination based on the Graduate Nurse Test Battery of the National League for Nursing be continued with provision that the applicant must attain a score of not less than one and one-half standard deviation below the mean of collegiate norms for the total score and for each of the sub-scores. (The student, by passing this test, will establish satisfactory evidence of the soundness of her training in basic nurse's training and will receive forty semester hours credit in clinical nursing.)
8. The applicant must acquire credit as follows by passing achievement tests set by the National League for Nursing or by credit for such courses taken in an accredited college or university: anatomy and physiology, five semester hours; microbiology, three semester hours. (This represents a reduction of one semester hour in microbiology.)

I concur in these recommendations.

On motion of Mr. Herrick, these recommendations were approved.

#### **HONORS IN THE COLLEGE OF LIBERAL ARTS AND SCIENCES**

(11) The University Senate recommends adoption of the following plan for awarding honors in the College of Liberal Arts and Sciences to replace the present honors program in that College.

Honors are awarded at graduation to students in recognition of the superior quality of their work. The College offers two types of recognition: General College Honors and Departmental Distinction, described below. To be eligible for either type of honors a student must meet the following general conditions:

1. He must meet University residence requirements.
2. He must meet the College requirements for graduation.
3. Normally he must have carried at least twelve semester hours of academic work (exclusive of military and physical education) each semester.
4. He must have attained at least a 4.0 average in all courses counted toward graduation from his college. A transfer student must attain at least a 4.0 average in all courses done at the University of Illinois which are counted toward graduation from his college.

#### *General College Honors*

College Honors are recommended by the Dean of the College on the basis of scholastic average, without regard to the major field. Such honors are subject to approval of the Dean of the College.

For College Honors, the notation on the diploma will read: Honors in Liberal Arts and Sciences.

#### *Departmental Distinction*

A student who is eligible for College Honors may be recommended for Departmental Distinction if he has shown superior achievement in his major field of study. A student enrolled in an interdepartmental curriculum may be recommended for distinction by those responsible for the administration of that curriculum in general conformity with the conditions for departmental distinction. A student enrolled in a teacher-training curriculum should consult requirements described under the separate heading below.

In addition to meeting the scholastic requirements and the minimum requirements for his major, a student graduating with Departmental Distinction must, at the discretion of the major department, comply with at least one of the following requirements: (1) present an acceptable thesis; (2) pass a comprehensive examination prepared by the major department or other competent body; (3) pursue a special course of study, of at least four semester hours, approved by the major department. This special course of study is over and above the minimum number of hours required for the major. The student interested in graduating with Distinction should consult with his major adviser concerning which of these alternatives is desirable.

The degree with Distinction, High Distinction, or Highest Distinction will be recommended by the major department on the basis of the quality of the work done. For High or Highest Distinction, the thesis, comprehensive examination, or special course of study must give evidence of exceptional ability. Students may obtain information on requirements from departmental and curriculum advisers.

For Departmental Distinction, the notation on the diploma will read: Honors in Liberal Arts and Sciences with Distinction (High Distinction or Highest Distinction) in . . . #### *Distinction in Teacher Training Curricula*

A student who is eligible for College Honors and who has completed a curriculum in Teacher Training may be recommended for Distinction in the teaching of his area of specialization (e.g., Social Studies), if he has shown superior ability in that area.

The degree with Distinction, High Distinction, or Highest Distinction will be awarded on the basis of the general scholastic average and of the average of those courses in his area of specialization, on the recommendation of the Area of Specialization Committee, and on any additional requirements imposed by that Committee. For High and Highest Distinction, the candidate should give evidence of exceptional ability in his course in Practice Teaching. Information on requirements may be obtained from the adviser in the area of specialization.

For Distinction in Teacher Training, the notation on the diploma will read: Honors in Liberal Arts and Sciences with Distinction (High Distinction or Highest Distinction) in the curriculum. Such citations are recommended by the Chairman of the Area of Specialization Committee and are subject to the approval of the Dean of the College.

I concur in this recommendation.

On motion of Mr. Bissell, this recommendation was approved.

#### HONORS IN THE SCHOOL OF NURSING

(12) The University Senate recommends adoption of the following plan for awarding honors in the School of Nursing.

A student who complies with the requirements for graduation, and who attains in all work for the degree the average grade specified below, may be recommended by the University Senate for the honors stated: (1) for an average grade of not less than 4.35, graduation with honors, and (2) for an average grade of not less than 4.75, graduation with high honors.

I concur in this recommendation.

On motion of Mrs. Herrick, this recommendation was approved.

#### HYGIENE REQUIREMENT

(13) The University Senate recommends that the present University requirement that all undergraduate students be required to take hygiene be terminated for incoming students as of September 1, 1957, and that any requirement of hygiene courses be established by the undergraduate colleges and schools.

The Senate Committee on Educational Policy, in recommending this change, calls attention to the fact that most comparable universities do not have such a general university requirement. The Committee is not advocating conformity for the sake of conformity, but this does show a national trend. The Committee further observed that while the subject matter of hygiene is important there is no reason to believe that this basic knowledge can be obtained only through a college course. The home, the grade and high schools, the personal physician, etc. all offer help in this regard. It is significant that only those students entering the University with less than thirty semester hours of credit need take the present course. Moreover, there are encouraging signs that better teaching materials are being made available for use in the primary and secondary schools and that the student will have an enhanced opportunity for good hygiene instruction at these levels.

A statement from the Chairman of the Senate Committee on Educational Policy giving further information in support of this recommendation is hereby filed with the Secretary of the Board.

I concur in this recommendation.

On motion of Mrs. Holt, this recommendation was approved.

#### OIL AND GAS LEASE ON HACKETT FARM

(14) The late Mrs. Jessie Ellars Hackett of Tuscola bequeathed to the University 416 acres of farm land in Douglas and Moultrie Counties to endow the "Jessie Ellars Hackett Scholarship Fund," the income from which is to be used for scientific research in the College of Agriculture, or in any other college in the University of Illinois at Urbana where such research will especially benefit agriculture, and for scholarships to be granted to unmarried students of either sex on the basis of high scholastic standing with preference to be given those in need of aid and to students from Douglas County if any are eligible. Except for these general specifications the University may determine the eligibility of all applicants for scholarships. The University received the farm land in 1950 and it is being managed by the College of Agriculture.

The University has an offer from Mr. C. R. Cochonour of Cumberland County, a former farmer and land owner who is prospecting for oil and gas and who is reported to have presently about one hundred producing oil wells, to enter into a lease with the University for drilling for oil and gas on the Hackett Farm. Oil is being produced in the general area, although there are no producing wells of record within about four miles of the Hackett Farm. The present tenant on the farm has signed a release. Examination of Mrs. Hackett's will indicates that development of an oil and gas lease would not violate any provisions of the trust.

The Dean of the College of Agriculture and Director of the Agricultural Experiment Station and the Comptroller recommend authorization of a lease for \$1.00 an acre under the standard oil and gas lease provisions. The proposed lease has been drawn to conform with all state laws and court decisions. It has the approval of all recommending officers and of the Legal Counsel.

I recommend that the Board authorize its Comptroller and its Secretary to execute such lease or leases. The initial lease will be for a period of six months.

On motion of Mrs. Holt, the Comptroller and Secretary of the Board were authorized to execute these leases. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

#### **EMPLOYMENT OF ASSISTANCE TO LEGAL COUNSEL IN CHICAGO**

(15) In view of the amount of litigation in the courts of Cook County involving the University, and other legal problems the University has at the Chicago Professional Colleges and at the Chicago Undergraduate Division, consideration has been given to the advisability of employing a full-time assistant to the Legal Counsel in Chicago to reduce the necessity of engaging special counsel to represent the University. On checking the fees paid to special counsel for services in Chicago during the past five years, the Legal Counsel has concluded that employment of a full-time assistant would not be justified but that the needs of his office would be served by employment of part-time assistance.

The Legal Counsel has recommended that the University retain Mr. Prentice H. Marshall of the law firm, but not a partner, of Johnson, Thompson, Raymond, Mayer, and Jenner, Chicago, on a retainer basis of \$400 a month for a trial period of one year from July 1, 1956. For this retainer, Mr. Marshall will render all legal services the Legal Counsel will require of him during that period, including representing the University in minor litigation and advising University officials in Chicago, as directed by the Legal Counsel. While Mr. Marshall will do a major portion of the work required, this arrangement will not eliminate entirely the necessity of employing special counsel in matters requiring the services of specialists, as, for example, on bond issues and trial lawyers in major cases.

I recommend approval and an assignment of \$4,800 (nonrecurring) from the General Reserve Fund for this purpose.

On motion of Mr. Livingston, this recommendation was approved and the requested appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

#### **RENEWAL OF LEASE OF QUARTERS IN BUILDING AT 704 SOUTH SIXTH STREET, CHAMPAIGN**

(16) The Director of the Physical Plant and the Comptroller recommend renewal of the University's lease of space in the building at 704 South Sixth Street, Champaign, for five years from September 1, 1956, at a rental of \$708.33 a month on the same terms as the existing lease previously authorized by the Board of Trustees, which will expire September 1.

The University is presently leasing space on the first floor of this building for housing the National Council of Teachers of English and on the second floor for the Institute of Labor and Industrial Relations. As the new lease will extend beyond a fiscal biennium, the lease will be executed by the University of Illinois Foundation, which will then sublease to the University. The University will enter into an agreement with the National Council of Teachers of English whereby the latter will pay one-half of the rental for the first-floor area (\$150 a month) and will assume full cost and all responsibility for cleaning and utilities, including heat, for the area it occupies. This agreement will be for a limited period, but with a renewal option.

I concur and recommend that the Comptroller and Secretary of the Board be authorized to execute all necessary documents.

On motion of Mr. Johnston, this recommendation was approved and authority was given as requested. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

**LEASE OF REAL ESTATE FOR RESEARCH PROJECT  
BEING SPONSORED BY THE U. S. NAVY**

(17) On June 16, 1955, the Board of Trustees authorized a contract with the Bureau of Ships, Department of the Navy, providing for classified research in electrical engineering. The leasing of a suitable site on which to construct a small laboratory and other equipment is specified in the contract, now in force, and a site meeting the technical requirements has been located that is available under a lease purchase arrangement worked out by the parties involved. The site to be leased is described as follows:

The Northeast quarter (NE $\frac{1}{4}$ ) of the Southwest quarter (SW $\frac{1}{4}$ ) of Section seventeen (17) and the North one-half (N $\frac{1}{2}$ ) acre of the Northwest quarter (NW $\frac{1}{4}$ ) of the Southwest quarter (SW $\frac{1}{4}$ ) of said Section seventeen (17), all in Township eighteen (18) North, Range eight (8) East of the Third Principal Meridian in Champaign County, Illinois, consisting of 40 $\frac{1}{2}$  acres more or less.

The land is owned by Elizabeth T. Dunkel. Since she does not wish to enter into a lease arrangement, a third party, the Twin City Development Company of Champaign, Illinois, has agreed to purchase the land and lease it to the University, with an option to purchase. All costs of the lease to the University will be reimbursed under the Navy contract now in effect. The pertinent terms of this lease are:

1. Term—fifteen years from July 1, 1956; rental payments of \$2,025 a year in advance.
2. Privilege of cancellation by the lessee on any July 1, upon ninety days' notice.
3. Payment to the lessor of liquidated damages of \$14,400; \$7,200 to be paid upon the signing of the lease, \$7,200 on July 1, 1957. The liquidated damages paid shall be applied to the purchase price, if the University or the Navy elects to purchase at any time during the period of the lease.
4. Right to purchase the land by lessee for \$34,425 until July 1, 1961, and at a negotiated price after that date, but not to exceed \$32,400.
5. The lease shall be assignable to the U. S. Government at any time, upon the request of the Department of the Navy.

These lease arrangements have been cleared with the Legal Counsel of the University, subject to acceptable title in the lessor, and with the understanding that no state funds will be advanced for lease payments.

The Dean of the College of Engineering and the Comptroller recommend approval of these arrangements.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

The Building Program Committee of the Board has reviewed this proposal and joins in the recommendation.

On motion of Mr. Williamson, this recommendation was approved and authority was given as requested. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

**POLICY GOVERNING WITHDRAWALS OF BIDS ON UNIVERSITY WORK  
Return of Bid Deposit of Gallaher and Speck, Inc., on Heating and  
Refrigeration Installations in Home Economics Building**

(18) The withdrawal by Gallaher and Speck, Inc., of their lowest bid on the heating and refrigeration installations in the construction of the Home Economics

Building on the ground that a substantial error had been made in estimating the work, and the stopping of payment of its certified check for \$5,176 as its bid deposit, were reported to the Board of Trustees on July 20, 1955, at which time the Board authorized the institution of legal proceedings to recover the amount of this bid deposit. This situation has raised two questions, namely: What should be the future policy concerning the withholding of bid deposits on University construction projects? Should the University retain the bid deposit of Gallaher and Speck, Inc., submitted on the heating and refrigeration work on the Home Economics Building?

The following information has been secured on policies followed by other state agencies and some other universities:

Department of Public Works and Buildings, Division of Architecture and Engineering, State of Illinois: "When such a situation arises, we ask for a complete written report by the contractor outlining his reasons for wanting to withdraw his bid. This report is carefully analyzed and if it is felt that the contractor's error was an honest one and if there is nothing in the files indicating previous bidding irregularities, he is permitted to withdraw his bid and his bid check is returned. The foregoing practice has been in effect in this Division for a number of years."

The University of Minnesota and Michigan State University permit the withdrawal of the bid and the bid deposit. Ohio State University requires the submission of a bid bond which is not completed into a permanent performance bond if the contractor can show proof "that an error was made in his tabulation papers." The other Midwest universities report that they have not had experiences of this type, but the University of Michigan and Indiana University indicated that in the event the contractor withdraws his bid, the bid deposit would probably be forfeited. The University of Wisconsin is the only institution which reports that bid deposits have been forfeited when bids have been withdrawn.

The Legal Counsel reports the following concerning applicable court decisions on this problem:

"Research has demonstrated the question is a very controversial one upon which the decisions in Illinois are divergent and not wholly consistent and with respect to which conflicting conclusions have been reached by the courts of other jurisdictions. While the Illinois courts have not expressly so held, the net result seems to be that the courts of most states will afford equitable relief to a contractor who seeks to avoid a contract, or the forfeiture of a bid deposit, when he can show

- (a) that his bid was due to an innocent and unintentional mistake in consequence of which being compelled to perform the contract or having his bid deposit forfeited would work a real hardship upon him; and
- (b) the mistake is discovered, and the public body or other party to which the bid was submitted is notified of it, in sufficient time to permit the mistake to be corrected, the bid withdrawn, or the contract avoided before that body or owner has sustained any loss or damage of any consequence, or will sustain any such loss or damage in consequence of the withdrawal of the bid or the avoidance of the contract.

"While the Illinois courts have not as yet gone quite so far, it is difficult for me to escape the conclusion that they will adopt and apply this doctrine when they are actually faced with and compelled to decide the question, although it is possible that they may conclude that the wording of the bid proposal relative to forfeiture of the bid deposit may preclude them from doing it."

Since the above is the general attitude of the courts with respect to this problem, it is questionable whether the University should try to include provisions in its contractual documents in opposition to this philosophy, especially since it is followed by other state agencies as above indicated. Furthermore, it should not be the objective of the University to forfeit and retain a bid deposit merely to reduce the project costs.

It appears only fair and equitable to relieve a bidder from the consequences of his innocent and unintentional mistake in computing the amount of his bid if it has occasioned no expense, loss, or damage to the University or if the University is reimbursed for any such expense, loss, or damage out of the bid deposit before the balance of the deposit is refunded to the bidder.

In view of these considerations, the Director of the Physical Plant, the Comptroller, and the Legal Counsel recommend that the following policy be established:

When a bid has been withdrawn for justifiable reasons, the bid deposit, or a portion of it, may be refunded if requested by the bidder if it is established to the University's satisfaction that the amount of his bid was due wholly to an innocent and unintentional mistake, and the mistake is discovered and the University is notified of it in sufficient time to permit the bid to be withdrawn, and the contract avoided, before the University has sustained, or will sustain, any loss or damage of any consequence because of the withdrawal of the bid.

The University shall retain out of the bid deposit the amount of the expense incurred by it in checking and investigating, following the request of the contractor to withdraw his bid, his claim that it was based upon such a mistake and in satisfying itself as to the truth of that claim, and that only the excess of the bid deposit over that expense shall be refunded.

With reference to the case of Gallaher and Speck, Inc., this firm has now withdrawn its stop payment order on the certified check, and has left it to the University's judgment whether the bid deposit should be forfeited.

Although some of the earlier Illinois court decisions have enforced similar provisions and denied relief to the bidder, some of their more recent decisions and the decided trend of the modern decisions in other jurisdictions render it likely that the Illinois courts would try to afford equitable relief to this bidder under the circumstances here presented. However, it is believed that the courts would recognize the University's rights to reimbursement for the expenses it has incurred in investigating Gallaher and Speck's claim of mistake in submitting its bid and allow the University to reimburse itself therefor out of the bid deposit.

In view of the general philosophy adopted by the courts, the practice followed by other state agencies, and the proposed policy with respect to forfeiting and retaining bid deposits on future construction projects, it is recommended that the bid deposit of Gallaher and Speck, Inc., in the amount of \$5,176 be refunded except for \$1,000, which is the estimated expense incurred by the University and the architects in investigating and satisfying themselves as to this bidder's claim of mistake in the computation and submission of its bid.

I concur in the recommendation with respect to the policy to be established and its application to the bid deposit of Gallaher and Speck, Inc. The Buildings and Grounds Committee of the Board has also considered this matter and joins in the recommendation.

On motion of Mr. Williamson, these recommendations were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

#### APPROPRIATION FOR MICROSCOPES FOR THE CHICAGO PROFESSIONAL COLLEGES

(20) It is necessary to add thirty microscopes to the microscope rental pool at the Chicago Professional Colleges to take care of increased enrollment in the fall of 1956. The College of Medicine will admit 190 in the first-year class, an increase of twenty-four students, and the first class of the College of Dentistry will go into the second year with ten more students than the preceding second-year class.

Microscopes are rented from the pool to first- and second-year students in the College of Medicine and to first-, second-, and third-year students in the College of Dentistry.

The Vice-President in Charge of the Chicago Professional Colleges, the Provost, and the Comptroller recommend a special appropriation of \$9,330 to cover the cost of the addition of thirty instruments to the rental pool.

I concur and recommend that this appropriation be made from the General Reserve Fund.

On motion of Mr. Johnston, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

#### CONTRACTS FOR CONSTRUCTION OF BAND BUILDING

(21) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for the construction of the new Band Building, the award in each case being to the lowest bidder.

General — Kuhne-Simmons Co., Inc., Champaign.....	\$412 544 00
Electrical — Fedco Electric Contractors, Inc., Danville.....	62 620 00
Plumbing and Heating — B & E Plumbing and Heating, Champaign...	126 018 22

Elevator Installations — Long Elevator and Machine Company, Springfield.....	8 633 00
<i>Total of Contracts.....</i>	<i>\$656 117 22</i>

Recommendations for the purchase of fixed equipment for this building will be submitted later.

Funds are available in the state appropriations to the University for the biennium 1955-57 for buildings and other permanent improvements. The item for the Band Building is \$787,000, of which \$40,000 has already been released by the Governor.

I recommend that these contracts be awarded and that the Comptroller and the Secretary of the Board be authorized to execute the same, subject to the release of funds by the Governor.

On motion of Mr. Herrick, these contracts were awarded, as recommended, and the Comptroller and Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

#### CONTRACT FOR PROFESSIONAL SERVICES ON DESIGNING RESIDENCE HALLS FOOD STORAGE BUILDING AND APPROPRIATION

(22) The program for the construction of new student housing, as approved by the Board of Trustees, provides for the construction of a central food storage building to service the dining facilities in the new residence halls for men and women. It is essential that this service building be available for use by the fall of 1958 when the addition to the Lincoln Avenue Residence and the second group

of Men's Residence Halls are scheduled for completion. The proposed location for this building is east of the Illinois Central Railroad and north of Florida Avenue. Before the design of this building can be fully developed, preliminary designing is necessary on other projects, specifically a future Physical Plant Service Building and a future Receiving and Warehousing Building for the Purchasing Division of the Business Office which will be constructed in the same area.

The food storage building will be a specialized warehouse and food service building requiring large refrigerators for storage of frozen foods and cold areas for processing foods.

The Director of the Physical Plant and the Comptroller recommend award of a contract to A. Epstein, Inc., Engineers, Chicago, for complete architectural and engineering services on this building. The proposed fee for this service is 6 per cent of the cost of the construction contract. Until such time as the project is ready for construction, payments will be limited to a fee of 1.5 per cent of the estimated cost to cover design work and drawings. For additional supplementary studies necessary to develop the plans so that the location of the food storage building will not interfere with the development of the other service building project referred to, A. Epstein, Inc., will charge a fee based on actual costs as determined by time-card reports, plus 110 per cent for overhead and commission.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract for these services according to the terms specified and that an appropriation of \$12,000 be made from the General Reserve Fund as an advance to pay for said services, which will be a part of the construction cost of the Food Storage Building, with the understanding that this fund will be reimbursed from the proceeds of the bond issue to finance construction when such funds become available.

The Buildings and Grounds Committee of the Board has also considered this proposal and joins in the recommendation.

On motion of Mr. Livingston, the Comptroller and Secretary of the Board were authorized to execute the recommended contract, and the advance of funds requested was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

#### CONTRACT AND APPROPRIATION FOR IMPROVEMENTS IN CERAMICS BUILDING

(23) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for improvements in the attic of the Ceramics Building to convert that area into usable space for the Department of Mining and Metallurgical Engineering, the award in each case being to the lowest bidder.

General—E. N. DeAtley, Champaign.....	\$24 000
Plumbing, Heating, and Air Conditioning—F. R. Inskip, Champaign, doing business as F. R. Inskip and Co.....	28 440
Electrical—William H. Brunkow, Champaign, doing business as Brunkow Electric Co.....	7 509
<i>Total of Contracts.....</i>	<i>\$59 949</i>

This is for the minimum improvements necessary. Additional remodeling and improvements in this area will be recommended later when funds are available. A special appropriation of \$80,000 will be required for the above contracts and other expenditures, including purchases of equipment.

I recommend that a special appropriation of \$80,000 be made from the General Reserve Fund for this project, and that the Comptroller and the Secretary of the Board be authorized to execute the above contracts.

On motion of Mr. Livingston, these contracts were awarded, and the Comptroller and Secretary of the Board were authorized to execute the same, and the appropriation of funds recommended was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr.

Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

#### CHANGES IN CONTRACTS AND ADDITIONAL APPROPRIATION FOR ALTGELD HALL REMODELING

(24) The Director of the Physical Plant and the Comptroller recommend the following additions to contracts for the remodeling of Altgeld Hall:

General —

Elevator work — C. A. Petry and Sons, Champaign.....	\$ 4 325 95
Remodeling of Library and Locker Room — C. A. Petry and Sons, Champaign.....	8 495 00
Plumbing, heating, and ventilating — Schroeder and Sons, Champaign..	3 663 00
Electrical — Potter Electric Service, Urbana.....	2 389 00

This additional work is for (a) converting space formerly occupied by the Mathematics Library and the locker room into classroom and office space, \$16,000, and (b) changing access facilities to the elevator to make it accessible to students using wheel chairs and to other handicapped students, \$5,900, and will be done by contractors now constructing the addition to the building and remodeling the interior. The Committee on Nonrecurring Appropriations has recommended \$21,900 for these additional improvements.

I recommend that this appropriation be made and that the Comptroller be authorized to execute the contract changes.

On motion of Mr. Williamson, this appropriation was made, and the Comptroller was authorized to execute the contract changes. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

#### CONTRACT FOR PARKING LOT ADJOINING EAST DENTISTRY-MEDICINE-PHARMACY BUILDING

(25) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$38,051 to the Swanson Asphalt Company, Inc., Chicago, the lowest bidder, for the construction of a parking lot adjoining the East Dentistry-Medicine-Pharmacy Building at the south end of the block bounded by Hermitage Avenue on the east, Taylor Street on the south, and Wood Street on the west.

The work will consist of excavating and surfacing the area, installation of protective lighting, bumpers, a fence and control gate, and landscaping. This lot is part of the addition to the East Dentistry-Medicine-Pharmacy Building project and is needed to relieve congestion in this area.

Funds are available in the state appropriations to the University for buildings and other permanent improvements for the biennium 1955-57.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Bissell, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

#### CONTRACTS FOR CONSTRUCTION OF ADDITION TO POWER PLANT

(26) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$13,803 to Sprinkmann Sons Corporation of Illinois, Peoria, Illinois, for thermal insulation in the construction of an addition to the Abbott Power Plant, and authorization of an agreement with the Illinois Central Railroad Company for the relocation and extension of the coal track siding in the power plant yard at an estimated cost of \$9,260, but based on actual costs to the Company.

Funds are available in the state appropriations to the University for 1955-57 for buildings and other permanent improvements, subject to release by the Governor.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

Bids were also called for on June 12 for the superstructure on the power plant addition, but only one bid was received, a bid of \$450,000 from Chism & Miller, Inc., Springfield. After the bid opening, a telegraphic revision of this bid was received, increasing it by \$19,342. This bid is so far in excess of the estimate that the Director of the Physical Plant and the Comptroller recommend that it be rejected and that new bids be taken.

On motion of Mr. Livingston, (a) the contract for thermal installation was awarded as recommended and the Comptroller and Secretary of the Board were authorized to execute the same; (b) these officers were also authorized to execute the proposed agreement with the Illinois Central Railroad Company; and (c) the bid on the superstructure was rejected.

#### CONTRACT FOR LABORATORY FURNITURE FOR THE CHICAGO PROFESSIONAL COLLEGES

(27) The Business Manager of the Chicago Professional Colleges, the Comptroller, and the Director of the Physical Plant recommend award of a contract for \$42,150 to the Kewaunee Manufacturing Company, Adrian, Michigan, the lowest bidder, for the manufacture and installation of laboratory furniture at the Chicago Professional Colleges. The work will include fabricating and installing sixty-seven pieces of laboratory furniture consisting of sinks, benches, storage cases, wall counters, and other fixtures in areas being remodeled for use by several departments including Bacteriology, Pathology, Hospital Laboratories, Dental Clinic, Pharmacology, and Hematology and Electrocardiograph Laboratories.

Funds are available in state appropriation for remodeling made to the University for the biennium of 1955-57 and in the Revenue Bond Construction Fund Account.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

#### CONTRACT FOR FURNACE MAINTENANCE AND REPAIRS IN HOUSING UNITS

(28) The Director of Housing, the Director of the Physical Plant, and the Comptroller recommend award of a contract to J. R. Boers Heating Company, Champaign, the lowest bidder, for furnace maintenance and repair work in the housing units operated by the University at Urbana-Champaign for the fiscal year beginning July 1, 1956, to provide for services as required and payments to be made at the following rates:

		<i>Straight Time</i>	<i>Overtime</i>	<i>Sundays and Holidays</i>

Mechanic's Helper.....		1 40	2 20	2 20
<b>Contractor's Fee</b>				
For labor.....	30 per cent			
For materials.....	30 per cent			

Labor rates are subject to adjustment for changes in rates paid generally by the contractor to his workmen for similar work with right of cancellation of the contract reserved by the University if such changes do not meet with its approval.

Funds are available in the income of the Housing Division.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

**CONTRACT FOR PLASTERING AND ACOUSTICAL WORK**

(29) The Director of the Physical Plant and the Comptroller recommend award of a standing contract to Harry F. Fisher, Urbana, for maintenance, plastering, patching repairs, and acoustical installations, work to be done as needed, for the fiscal year beginning July 1, 1956, on the basis of the following terms: (1) \$2.50 an hour for trucking of equipment and materials for actual time used solely for transportation, provided that not over 10 per cent of one job will be charged to trucking costs unless the total costs are \$25 or less; and (2) contractor's fee of 19 per cent of all job costs.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

**AGREEMENT WITH EDUCATIONAL TELEVISION AND RADIO CENTER**

(30) The Director of University Broadcasting and the Comptroller recommend authorization of an agreement with the Educational Television and Radio Center, a non-profit corporation for the advancement of educational television and radio at Ann Arbor, Michigan, to furnish television program materials. The fee will be \$4,800 for a period of twelve months from July 1, 1956. The University will not be under any obligation to use or broadcast any material furnished by the Center which the University may deem unsuitable for its use.

Funds are available in the budget of Television-Motion Pictures of University Broadcasting.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this agreement for the period indicated.

On motion of Mr. Johnston, the Comptroller and Secretary of the Board were authorized to execute this agreement.

### EXPANSION OF ILLINI UNION BUILDING EMPLOYMENT OF ARCHITECTS

(33) When the Illini Union Building was constructed, there were some 10,000 to 12,000 students enrolled in Urbana-Champaign. Within a few years the enrollment will be almost double that for which the Illini Union facilities were planned. For more than fifteen years the Illini Union has served many student needs. It has provided daily services, not only for thousands of students but for members of the faculty, other employees, alumni, and the general public. In sponsoring, as it does, numerous worthwhile extracurricular student activities, it has supplemented the University's educational program. It has done much for the social life of the student-faculty community. In the future, the Illini Union can maintain and increase its contribution by developing and enlarging its facilities for all of these services.

The Board of Trustees Committee on Buildings and Grounds has considered a program for the expansion of the Illini Union to provide additional space for meetings and social functions, educational and recreational facilities, food services, and general services. A more detailed statement of this proposal is hereby filed with the Secretary of the Board for record. The program recommended to the Committee contemplates an increase in the Illini Union service charge which would provide the additional income needed to finance this expansion. The present service charge is \$7.00 each semester and it is proposed to increase this to approximately \$10.50 when the additional facilities are completed. This will still be less than fees charged at some other colleges and universities in the Midwest; in ten universities, all in the Big Ten group, this fee runs from \$12.00 to \$35.00 an academic year as compared with \$14.00 an academic year now charged at Illinois and the \$21.00 proposed.

The first step in this program will be the preparation of architectural studies to determine the feasibility of expanding the Illini Union facilities by construction of an addition to the present building. If this is feasible, plans will be developed with the expectation that construction may start in the fall of 1957 and the addition be completed in the fall of 1959.

The Committee on Buildings and Grounds has also considered the employment of architects for this project.

I now recommend authorization of this expansion program and the employment of the firm of Eggers and Higgins, New York, New York, as architects to furnish complete design services for the addition of the Illini Union Building, including consultation, preliminary drawings, complete design studies, outline space, review of materials and interior treatments. This firm has proposed a fee of 1.3 per cent of the actual cost of construction work involving its services. Later a recommendation will be submitted for the employment of an Illinois firm of architects for the completion of architectural and engineering services on this project at a fee not to exceed 4.7 per cent of the cost of construction contracts. On this basis, the total combined architectural and engineering fees to be paid will not exceed 6 per cent.

Funds are available in the operating reserves of auxiliary enterprises, including the Illini Union, and with the approval of the Board may be advanced to pay for these services with the understanding that the advances will be repaid from the proceeds of the bond issue to finance construction when such funds become available as the project moves forward.

The Committee on Buildings and Grounds is prepared to support both recommendations.

On motion of Mr. Livingston, these recommendations were approved.

### GRANT FROM CARNEGIE CORPORATION OF NEW YORK

(34) The Carnegie Corporation of New York has made a grant of \$277,000 to the University of Illinois to develop a new high school mathematics curriculum.

This program was initiated four years ago by representatives of the College of Engineering, the Department of Mathematics, and the College of Education and the University High School. Its goal is a revision of the high school mathe-

matics curriculum by including topics from modern mathematics and by presenting the subject as an integrated body rather than as a group of isolated courses. The University has underwritten the project in its present status and will continue to contribute to it, but the grant provides for further development beyond University resources, and the program will be extended and tested in many high schools throughout Illinois. Schools now participating include Barrington High School, Blue Island Community High School, Pekin Community High School, the University High School at Urbana, and the Principia Upper School in St. Louis, Missouri.

The Carnegie grant will be used by a University committee to continue the work of developing mathematics courses for each of the four secondary school years, preparing classroom text materials and teachers' manuals, and conducting training courses in the new teaching techniques to be developed.

The project is directed by a committee of representatives of the Colleges of Education, Engineering, and Liberal Arts and Sciences.

I have accepted this grant on behalf of the Board of Trustees.

This report was received for record.

#### IMPROVEMENTS ON WEBER FARMS

(35) The Dean of the College of Agriculture and the Comptroller recommend award of a contract for \$6,086.95 to James Bickerman, Magnolia, Illinois, the lowest bidder, for construction of a horizontal silo and a cattle shed, with paved feeding lot, on the Laura M. Weber farm No. 4 in LaSalle County.

This and farm No. 2 are being converted from grain to livestock farms on recommendation of the College of Agriculture and the improvements are necessary for such a program. Funds will be available from the income of the farms.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

#### ANIMAL DISEASE RESEARCH LABORATORY

(36) The Congress is considering an appropriation for construction of an Animal Disease Research Laboratory for the United States Department of Agriculture. It is planned to locate this laboratory at or near a land-grant college having a veterinary school or a strong animal disease research program. The site is to be selected in consultation with representatives of the livestock industry, veterinary profession, state departments of agriculture, and land-grant colleges.

The University of Illinois has been invited to send representatives to a hearing before a site committee in St. Louis today, June 27. With the approval of the Board of Trustees Committees on Buildings and Grounds and General Policy, I have asked Dean L. B. Howard of the College of Agriculture and Director of the Agricultural Experiment Station, and others, to represent the University at this hearing to propose that the U.S.D.A. laboratory be constructed on or near the campus of the University of Illinois at Urbana-Champaign.

According to information received from the United States Department of Agriculture, it is seeking an appropriation of approximately \$19,000,000 for the construction of these facilities for animal disease research and control programs. The special requirements for location include: 200 to 400 acres of land; sewage facilities that will require outlets for 150,000 to 200,000 gallons per day of sterile and treated effluent; 250,000 to 300,000 gallons of water per day; electric current of 4,000 to 4,500 k.w. per hour; proximity to major railroad and air line connections and adjacent to hard-surfaced roads; availability per year of 1,000 each cattle, swine, sheep, locally produced; it must be near a community that can readily absorb 100 to 200 new families and fill 100 to 200 nonscientific positions; and it must not be close to an industrial, metropolitan strategic area.

On motion of Mr. Herrick, the Board approved all of the steps being taken.

**JULY AND SEPTEMBER MEETINGS**

President Megran reminded the Board that it had previously voted to hold its July meeting on Wednesday, July 25, 1956, in Harvard, Illinois. This meeting will be held in the residence of Mr. and Mrs. Megran, 301 Church Street, Harvard, Illinois. The Secretary will send members of the Board information concerning the plans for the day along with the official notice of the meeting.

It was the consensus of the Board that no regular meeting be held in August.

By unanimous consent the September meeting was scheduled for Tuesday, September 18, 1956, to be held in Chicago, beginning at 2:00 p.m., at a place to be selected by the President and the Secretary of the Board.

**EXECUTIVE SESSION**

At this point, an executive session was requested and ordered for consideration of the following items of business.

**RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE**

(37) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Preparation of fatty acid esters of sugar phosphates—F. A. Kummerow, Associate Professor of Food Technology, and Shrinath S. Kalbag, a former graduate student in the Department of Food Technology, inventors. This is a chemical reaction involving fatty esters of polyol phosphates which may be of interest to the food industry. Armour and Company has supported, in part, the work which has made this invention possible and has indicated that it would be willing to support further development work and pay for all costs of obtaining a patent if in return it is granted an exclusive license, with the right to sub-license, to any patent issued as a result of this invention. Title to such a patent would be held by the University or the University of Illinois Foundation. The University's Patent Committee has considered this arrangement and feels that it would be advantageous to all parties concerned. Accordingly, the Committee recommends that the rights of the University to this invention be transferred to the University of Illinois Foundation and that the Foundation be authorized to negotiate with Armour and Company whereby that Company will pay all costs of securing a patent. If a patent is issued, title to the patent will be held by the Foundation. The Foundation would then agree to grant an exclusive license to Armour and Company with right to sub-license.

2. Improvement in the process of preparing pentaerythritol—M. S. Peters, Assistant Professor of Chemical Engineering, inventor. This is an improved method of producing pentaerythritol by the condensation of formaldehyde. At the request of the Patent Committee, a member of the Department of Chemistry and Chemical Engineering made a study and report on this invention. In his opinion, it is doubtful, because of the probability of prior art, that any substantial return can be obtained from a patent if secured. Accordingly, the Patent Committee recommends that this invention be released to the inventor.

3. Illinois mosquito egg separator—William R. Horsfall, Professor of Entomology, and Alexander S. Wilson, Senior Laboratory Mechanic in the College of Liberal Arts and Sciences, inventors. This is a device for the separation of mosquito eggs for use by mosquito abatement districts. It is the opinion of the Department of Entomology that the invention has little commercial value. Accordingly, the Patent Committee recommends that the rights of the University in the invention be released to the United States Public Health Service, the sponsoring agency, if that agency agrees to make an application for a patent. If the United States Public Health agency does not agree to make an application for a patent, the Committee recommends that all rights in the invention be released to the inventors.

4. Transistorized bistable multivibrator—Joseph M. Wier, Research Associate, Digital Computer Laboratory, inventor. This device is used to provide information storage in digital control and data handling systems. The Patent Committee has asked the University of Illinois Foundation to investigate the possibilities of obtaining a patent on this device, its commercial value, and report its findings to the Committee.

I concur in these recommendations.

On motion of Mr. Johnston, these recommendations were approved.

**UNIVERSITY'S SHARE OF SETTLEMENT OF CLAIM OF  
ORVILLE RAY WOODS**

(38) Orville Ray Woods of Jacksonville, Illinois, then seven years of age, was severely burned in consequence of an accident occurring in Springfield on October 10, 1953. Since neither he nor his parents were financially able to pay for the medical, surgical, and hospital services he required, the same have been provided for him by the Division of Services for Crippled Children at an expenditure of its funds aggregating approximately \$4,050 to date. The accident occurred under such circumstances that the injured boy and his father have asserted a claim against the city of Springfield to recover for the boy's injuries, etc., and have sued that city on that claim.

A jury trial in that suit resulted in a verdict in favor of the city. That verdict has been set aside by the trial judge and a motion for a new trial has been granted. The attorneys representing the Woods boy and his father in the suit have informed the University's Legal Counsel that they believe they can obtain \$14,000 from the city in settlement of all claims against it arising out of the accident, and have proposed that, if this amount can be obtained in settlement, the University accept \$3,104.86 as its share of the proceeds of the settlement by way of partial reimbursement for its expenditures. They have also informed the Legal Counsel that they have no evidence which they can submit at a second trial of the suit in addition to that presented at the first trial and have strongly recommended to the University and their clients that the proposed settlement be made if it can be effected. Upon the recommendation of the Director of the Division of Services for Crippled Children, a committee of University officers comprising the Assistant to the President, the Comptroller, and the Legal Counsel have informed the attorneys for the Woods family that, if a settlement in the sum of \$14,000 can be obtained from the city of Springfield, the University will accept \$3,104.86 as its share of the settlement. They recommend that this action upon their part be approved and ratified by the Board of Trustees.

I concur.

On motion of Mr. Bissell, the action of the committee was approved and the acceptance of \$3,104.86 by the University as its share of the contemplated settlement was authorized.

#### REPORTS OF THE EXECUTIVE COMMITTEE

The Executive Committee submitted the following reports of its actions.

##### MEETING OF THE EXECUTIVE COMMITTEE JUNE 14, 1956

On call of the Chairman, a meeting of the Executive Committee was held on Thursday, June 14, 1956, at 5:00 p.m., in the Illini Center, LaSalle Hotel, Chicago, Illinois.

Mr. H. B. Megran, Chairman, Mr. Park Livingston, and Mrs. Frances B. Watkins, constituting all members of the Executive Committee, were present; also present were President David D. Henry, Mr. H. O. Farber, Comptroller, and Mr. A. J. Janata, Secretary of the Board.

The Executive Committee considered the following recommendations from the President of the University.

##### Increase in Funds for the Control Systems Laboratory

The Air Force, the Office of Naval Research, and the Signal Corps of the United States Army, which support the Control Systems Laboratory, have requested that the University increase the rate of effort in the operation of that facility, to the extent of approximately \$492,300 to be added to present contract funds. These funds will be expended and reimbursed to the University approximately in the amounts of \$162,750 for the acquisition of capital equipment, including one airplane, \$234,750 for increased operating costs, and \$94,800 for subcontracts to be entered into by the University with outside contractors. The nature of the additional research to be conducted is classified.

The Dean of the College of Engineering, the Chairman of the University Research Board, and the Comptroller recommend, and I concur, that the rate of effort of the Control Systems Laboratory be increased by the acceptance of the funds indicated, and that the Comptroller and the Secretary be authorized to execute necessary contracts with the U. S. Government.

On motion of Mr. Livingston, this recommendation was approved and authority was given as requested.

##### Purchases

The Secretary of the Board had previously submitted to the Committee the following recommendations for purchases of equipment and services:

Aero Commander Model 680 airplane, and engineering and flying service to evaluate flight characteristics

Airplane.....\$76 885 00

Service: preliminary studies to investigate and evaluate flight characteristics of this aircraft with special equipment installed as specified..... 6 866 93 \$83 751 93  
Engineering and modifications of

Aero Commander Model 680 airplane..... 29 877 75

This is an estimated figure based on hourly rates: engineering, \$7.50; shop hours, \$4.75; experimental flight hours, \$25.00; and indirect costs, 26 per cent of all direct costs.

Fixed fee for above services..... 2 987 78

This airplane is needed for one of the research programs of the Control Systems Laboratory. It will be delivered to the University for test flights for about three months and will then be transferred to the United States Army Signal Corps under its contract with the University for the research project. It is recommended that the aircraft and services be purchased from Aero Design and Engineering Company, Bethany, Oklahoma.

Auto pilot and installation kit..... 16 756 00

To be used in conjunction with the above aircraft. It is recommended that this be purchased from Lear, Inc., Grand Rapids, Michigan. The auto pilot manufactured by this company is the only one which will meet the requirements of the scientists. The only other equipment which would meet requirements is almost twice as heavy and is more expensive.

The cost of this equipment will be paid from funds received by the University under its contract with the United States Government covering the research project for which the equipment will be used.

On motion of Mr. Livingston, these purchases were authorized.

On motion of Mrs. Watkins, the Committee adjourned.

#### MEETING OF THE EXECUTIVE COMMITTEE JUNE 27, 1956

On call of the Chairman, a meeting of the Executive Committee was held in the Sheraton-Blackstone Hotel, Chicago, Illinois, on Wednesday, June 27, 1956, at 12:00 noon.

Mr. H. B. Megran, Chairman, and Mr. Park Livingston were present; Mrs. Frances B. Watkins was absent.

Also present were Mrs. Doris S. Holt, Messrs. Cushman B. Bissell, Wirt Herrick, Wayne A. Johnston, and Kenney E. Williamson, members of the Board; President David D. Henry, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel; and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary of the Board.

#### Purchase of Automobile

Mr. Megran stated that with the concurrence of the Committee on Buildings and Grounds he had asked the Comptroller to secure quotations on a new automobile for the University's fleet of passenger cars to replace Vehicle No. 600, a 1952 Chrysler, eight-passenger sedan, which would soon require extensive and costly repairs to maintain it in satisfactory service.

The Comptroller reported that twelve dealers in east central Illinois had been invited to submit quotations and that eight were received. The lowest quotation is from Parkhill Motor Sales, Champaign, on a 1956 eight-passenger Cadillac sedan, completely equipped according to University specifications, at a price of \$7,088.35, with an allowance of \$1,738.45 for the Chrysler, or a net price of \$5,349.90.

On motion of Mr. Livingston, the Committee authorized the purchase of this automobile.

On motion of Mr. Livingston, the Committee adjourned.

## APPENDIX

## THE UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1956-57

(Approved by the Board of Trustees June 27, 1956, page 1075)

## EXPLANATORY NOTES

This budget consists of three volumes:

- I. Summaries of all divisions; Urbana-Champaign divisions and general University administration—academic and administrative salaries, wages, expense, and equipment.
- II. Chicago Professional Colleges, Division of Services for Crippled Children, and Chicago Undergraduate Division—academic and administrative salaries, wages, expense, and equipment.
- III. Nonacademic salaries, all divisions.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1956.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position. Student employees may not be charged directly against salaries.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries" and "Wages, Expense, and Equipment." Transfers may be made between "Salaries" and "Wages, Expense, and Equipment" upon approval of the Provost, except that transfers between salaries and wages may be made by the Comptroller to the extent of the full-time equivalence of the salary positions. All requests for transfers should be submitted through the Comptroller, with the reason for the transfer. Nonrecurring unassigned items may be assigned to departments for equipment or minor remodeling projects, upon notice to the Accounting Division, except that any assignment of more than \$1,000 must first be approved by the Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1956. Balances up to 5 per cent, or total encumbrances, whichever is larger, will automatically be carried forward to 1957-58.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds, and restricted budgets are on an estimated basis. Unless otherwise indicated, appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

The services required for members of the academic and administrative staff are in accordance with "Terms of Employment" adopted by the Board of Trustees on January 8, 1948.

1. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

2. For positions or portion of positions not indicated as "Y," services are required only during the academic year of two semesters (three terms in Chicago Professional Colleges). Summer session teaching, if required, will be covered by an additional appointment with salary.

Services of the nonacademic staff are in accordance with Civil Service regulations.

*Tenure Symbols* (a number following indicates percentage of time)

A — Indefinite tenure, payable in twelve monthly installments.

B — Two years from September, 1955, payable in twelve installments (with any changes effective September, 1956).

- D — One year, payable in twelve installments from September 1, 1956.  
 E — The academic year 1956-57, payable during nine months from September 16.  
 F — One year from effective date indicated (other than September 1).  
 G — For the period indicated (less than one year and not on "Y" status).  
 N — In accordance with Civil Service regulations, effective July 1, 1956, with payments on a monthly basis.  
 NS — Same as N, except work week is five and one-half days.  
 H — In accordance with Civil Service regulations on an hourly basis.  
 P — At prevailing rates. Amount indicated is estimated annual salary based on normal number of hours.  
 Y — Indicates that services are required throughout the year, except for allowable vacation, without additional compensation.  
 Z — Indicates person's name appears in two or more budgets.  
 R — On retirement annuity from University Retirement System.  
 RA — Receiving retiring allowance from the University (old system).

#### Perquisite Designation

Perquisites University — Perquisites for the convenience of the University.

Perquisites Employee — Perquisites for the convenience of the employee.

In Chicago nonacademic budgets, "M's" are used to designate meals and "R" room for convenience of the employee; "X" is used for meals for convenience of the University. Dollar amounts do not include any perquisites for the convenience of the University.

In the College of Agriculture, additional symbols are used to designate fund, as explained in the Agriculture Summary.
