## EXECUTIVE SESSION

When the Board convened, an executive session was requested for consideration of the following matters of business presented by the President of the University.

## SALE OF UNIVERSITY HOUSES

(1) Pursuant to the plan authorized by the Board of Trustees for the sale of University-owned residence properties in Urbana-Champaign which are outside the zone of future campus expansion, the Comptroller and the Director of the Physical Plant recommend the following sales:

1. 920 West Charles Street, Champaign. University purchase price, \$16,631.69; date of purchase, September, 1950; appraisal valuation, \$16,000; sale price, \$16,000; purchaser, Jack P. and Edith Ruina.
2. 302 Hessel Boulevard, Champaign. University purchase price, \$14,561.65; date of purchase, February, 1948; appraisal valuation, \$12,000-\$12,500; sale price, \$12,000; purchaser, William E. and Eleanor C. Schaede.

I concur in these recommendations. If the Board approves these sales, the following resolutions should be adopted.

*Resolution*

WHEREAS, Jack P. Ruina and Edith Ruina, his wife, of Urbana, Illinois, hereinafter termed "Purchasers," have offered to purchase the hereinafter described property known as 920 West Charles Street, Champaign, Illinois, upon the terms and conditions hereinafter set forth;

*Now, therefore, be it resolved* by the Board of Trustees of the University of Illinois, a public corporation of the state of Illinois, that the Comptroller and Secretary of this Corporation be, and they hereby are, authorized and directed, in the name and in behalf of, this Corporation, to enter into an agreement with said Purchasers providing for the sale and conveyance to them of the hereinafter described property upon the following terms and conditions:

- (F) The Title to be conveyed to be subject to special assessments, building restrictions, and easements of record;
- (G) Such other terms and conditions as said Comptroller and Secretary may deem necessary or desirable.

*Be it further resolved* that upon compliance with the terms of said agreement by Purchasers, and in accordance with the terms thereof, said Comptroller and Secretary be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name and in behalf of, this Corporation, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Purchasers, not in tenancy in common, but in joint tenancy, title to the following described property, viz:

On motion of Mr. Herrick, the sale of these properties was authorized and the foregoing resolutions were adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

**BIENNIAL BUDGET**

(2) The President of the University reported on the studies made of the biennial budget for 1955-57 and discussed the major problems involved, including maintenance of the present scale of operations, provisions for academic and nonacademic salary increases, and provisions for reasonable growth and development. He stated that intensive studies will be made of educational and research programs, other services and administrative overhead to determine wherein economies can be effected. A preliminary review of building needs was also given.

Consideration is also being given to tuition fees to determine if the present rates are adequate (a) in relation to costs of instruction and (b) in comparison with fees charged at other institutions. A report of the faculty Committee on Fees and Scholarships on the latter phase of this question has been made and copies of it have been sent to all members of the Board of Trustees. The President stated that he would defer making a recommendation until further studies have been made, including a report from a subcommittee of the Citizens Committee which has been appointed to advise him on the matter.

A formal recommendation relating to the biennial budget and building program for 1955-57 will be presented to the Board of Trustees at its October meeting.

#### **PAYMENTS DUE CONTRACTORS FOR CONSTRUCTION OF ADDITION TO RESEARCH AND EDUCATIONAL HOSPITALS ADDITION**

(3) Before making a final payment on a construction contract, the University requires the contractor to furnish it with a release of all claims, waiver of all liens, and an affidavit acknowledging that payment of balance due will satisfy all claims against the University. Several contractors on the construction of the addition to the Research and Educational Hospitals are unwilling to comply with this requirement because they assert, in addition to claims for balances due under their contracts, substantial claims for damages for delays in the construction of the building for which they contend the University is legally responsible. Because of this the Executive Committee of the Board of Trustees on September 23, 1953, authorized the waiver, upon certain conditions, of the customary requirements with respect to those contractors who in the judgment of University officials have not contributed to the delay in the completion of this building. Under this authorization the University has made payments to some contractors but under an agreement that such payments are made without prejudice to their claims for damages against the University and the University's rights to contest those claims.

The M. J. C. Company, Chicago, heating and refrigerating contractor, and the Wadeford Electric Company, Chicago, electrical contractor, have completed their work and request payment of the balances due under their contracts but also assert claims for damages. In the opinion of University officials these contractors have contributed to the delay in the completion of the building but, nevertheless, they feel these contractors should be paid the balances due them upon compliance with the same conditions applied to final payments in other similar cases, leaving their claims for damages against the University and its claims against them to be disposed of later through settlement or negotiations. Final payment of balances due may assist University officials in reaching a satisfactory settlement with these contractors in respect to their other claims.

The Legal Counsel, the Comptroller, and the Director of the Physical Plant recommend that payment to the M. J. C. Company and Wadeford Electric Company of balances due them under their contracts be authorized upon compliance by them with the conditions specified by the Executive Committee of the Board and which have applied to final payments of other contracts.

I concur.

On motion of Mr. Hickman, authorization was granted as requested.

#### **JOINT MEETING OF ADMINISTRATIVE BOARDS OF STATE-SUPPORTED INSTITUTIONS OF HIGHER EDUCATION IN ILLINOIS**

(4) The President of the University presented a suggestion which has come from one of the officers of the Teachers College Board that the Board of Trustees of the University of Illinois invite the members of the Teachers College Board and members of the Board of Trustees of the Southern Illinois University to be their guests at Urbana-Champaign at an informal meeting during the weekend of September 24-26, 1954.

No formal action was taken on this suggestion, but it was the sense of the Board that the President of the University be authorized to set up such an informal meeting if it appears feasible to do so.

#### **APPROPRIATION FOR BOARD OF TRUSTEES**

(5) The expenses of operating the Board of Trustees Office during the fiscal year 1953-54 were \$1,052.88 over the budgetary provisions. A large part of this cost is due to printing, including the work on the biennial report (the transactions of the Board of Trustees) for the period of July 1, 1952, to June 30, 1954.

The Secretary requests a supplementary appropriation of this amount to eliminate the over-draft.

On motion of Mr. Livingston, an appropriation of \$1,052.88 was made from the General Reserve Fund to the Board of Trustees Office by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

#### OPEN SESSION

At 12:00 noon, the Board convened in open session. The same members of the Board, officers of the University, and officers of the Board were present as recorded at the beginning of these minutes.

#### MINUTES APPROVED

The Secretary presented the minutes of the meetings of the Board of Trustees of April 21 and May 15, 1954, press proof copies of which have previously been sent to the members of the Board.

On motion of Mrs. Watkins, these minutes were approved as printed on pages 1303 to 1364, inclusive.

#### REPORT OF COMMITTEE ON THE SELECTION OF A PRESIDENT OF THE UNIVERSITY

President Megran, as Chairman of the special Committee on the Selection of a President of the University, reported on the work done by that Committee since its appointment in September, 1953, and stated that a joint meeting of this Committee with the other members of the Board and with representatives of auxiliary committees of the University Senate, the Alumni Association, and the Citizens Committee will be held at 2:00 p.m. today. At this meeting the committees will have an opportunity of presenting their latest report and recommendations to the full Board so that the latter may then determine future course of action.

#### DR. LLOYD MOREY RE-ELECTED PRESIDENT OF THE UNIVERSITY

On motion of Mr. Herrick, Dr. Lloyd Morey was unanimously re-elected President of the University for one year from September 1, 1954, at a salary of \$25,000, with the usual perquisites of office, including, as heretofore, use of the President's House and automobile.

President Morey responded to this action of the Board with a brief statement including an expression of appreciation on behalf of Mrs. Morey and himself.

#### REPORT OF SPECIAL COMMITTEE TO STUDY PROPOSAL FOR A FOUR-YEAR UNIVERSITY OF ILLINOIS IN CHICAGO

Mr. Johnston presented the following report.

On May 23, 1953, the Board of Trustees appointed a special committee of the Board to study a petition and proposal from the former Council of the Faculty of the Chicago Undergraduate Division for the establishment of a four-year university in Chicago. The Committee submitted a report to the Board of Trustees on July 25, 1953, with a number of recommendations.

Action on this report was deferred. However, consistent with one of the recommendations of the Board Committee, President Lloyd Morey appointed a Committee on the Future Development of the Chicago Undergraduate Division of the faculty to study this matter intensively with a view to (a) reaching more definite conclusions and (b) complying with the request of the State Commission for information concerning the possible four-year development and

its cost. The staff committee completed its work and made a report to the President on July 1, 1954, which was submitted to your Committee. Copies of this report have also been sent to all of the other members of the Board of Trustees.

The special Board Committee met in Chicago on July 15, 1954, to consider the report of the staff committee in consultation with the President of the University and the University officers directly concerned. Present at this meeting were Messrs. Cushman B. Bissell, Herbert B. Megran, and Wayne A. Johnston of the Board Committee; President Lloyd Morey, Provost Henning Larsen, Professor C. M. Louttit, Assistant to the Provost and Chairman of the Committee on the Future Development of the Chicago Undergraduate Division, Dean C. C. Caveny of the Chicago Undergraduate Division, and Mr. A. J. Janata, Secretary of the Board.

The Chairman briefly reviewed the previous activities of the special Board Committee which led to the preparation of the report of the Committee on the Future Development of the Chicago Undergraduate Division. He also reported on a conference which he and the President of the University had with Mayor Martin H. Kennelly of Chicago and a telephone conference with President William N. Erickson of the State Commission of Cook County to acquaint them with the matter. A summary of the staff committee's report was left with each of these officials (with the Mayor, personally, and with President Erickson's secretary) and attention was called to the University's need for the cooperation of city and county officials, and of other public agencies concerned, on a permanent location for the Chicago Undergraduate Division. Mayor Kennelly gave assurance that the University would have the cooperation requested.

President Morey informed the Committee of the machinery set up for the studies which resulted in the report and then discussed the report, calling upon Professor Louttit and Dean Caveny to supplement his presentation.

The special Committee of the Board of Trustees has carefully considered the report of the Committee on Future Development of the Chicago Undergraduate Division and recommends:

1. That the report and conclusions be accepted by the Board of Trustees as representing the official policy of the University regarding a possible four-year university in Chicago, and that the report be made a matter of public record in the minutes of today's meeting.
2. That the report and conclusions be brought to the attention of the Governor, the State Commission created by the Sixty-eighth General Assembly of Illinois (and any other public commissions which may hereafter be appointed to deal with the problems of higher educational facilities in Illinois), and the Sixty-ninth General Assembly. It is important that the General Assembly be well informed regarding the future development of the Chicago Undergraduate Division since this depends on the availability of funds.
3. That an appropriation of \$25,000 be made from the General Reserve Fund for such future studies of this development as University officers deem are necessary or are called upon to make in the public interest.

Respectfully submitted,

CUSHMAN B. BISSELL

ROBERT Z. HICKMAN

PARK LIVINGSTON

HERBERT B. MEGRAN

VERNON L. NICKELL

WAYNE A. JOHNSTON, *Chairman*

On motion of Mr. Herrick, these recommendations were approved and an appropriation of \$25,000 was made from the General Reserve Fund for studies of the future development of the Chicago Undergraduate Division. These actions were taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no,

none; absent, Mr. Grange, Mr. Stratton. The report of the Committee on the Future Development of the Chicago Undergraduate Division is printed as an appendix to these minutes on pages 30 to 44.

#### REPORT OF COMMITTEE ON STUDENT WELFARE

At the request of Mrs. Holt, Chairman of the Committee on Student Welfare and Activities, the President of the University reported on the proposal, previously referred to her Committee, that the Health Center at Urbana-Champaign be relocated in the McKinley Hospital. The Board Committee is not ready to make a recommendation and is awaiting a report from the Advisory Committee on Health Services appointed by the President to study all of the factors involved in the proposed relocation of the Health Center and related matters.

The Board considered the following reports and recommendations from the President of the University.

**COMMITTEE ON ADMISSIONS FOR SCHOOL OF NURSING**

(10) Each of the Chicago Professional Colleges has a Committee on Admissions which passes upon the qualifications of applicants taking into consideration such factors as their scholastic record, letters of recommendation from former instructors, health record, and results of aptitude tests or such other special examinations as may be deemed advisable.

The Acting Director of the School of Nursing and the Chairman of the Administrative Committee for the Chicago Professional Colleges recommend authorization of a Committee on Admissions to the School of Nursing to be appointed by the President of the University. The functions of this Committee will be to develop and periodically evaluate selective techniques for selection of candidates to the School of Nursing, and to select, from candidates who meet the general admission requirements of the University and of the School of Nursing, those applicants with the academic and personal qualifications desirable for professional nursing.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

**FEE FOR PUBLICATION OF DOCTORAL THESES**

(11) A candidate for the doctorate is charged a fee of \$30 to cover the costs of microfilming the thesis and printing an abstract in *Dissertation Abstracts*. This fee was formerly \$35 and was reduced to \$30 last year. Experience during the past year indicates that a fee of \$25 is sufficient, and the Dean of the Graduate College recommends a further reduction to \$25.

I concur in this recommendation.

On motion of Mrs. Holt, this change in fee was approved.

**SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(12) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. Physical Plant, for consolidation of Physical Plant and Agriculture car pools and garage service.....	\$46 575
2. Department of Speech, for equipment for use in testing and fitting hearing aids .....	2 950
Total.....	\$49 525

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Livingston, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

#### **APPROPRIATION FOR BUILDING STUDIES**

(13) The Director of the Physical Plant and the Comptroller recommend that an appropriation of \$10,000 be made from the General Reserve Fund to be added to a balance in an existing appropriation for building studies, the same to be made available for preliminary architectural studies and plans for remodeling of existing building areas, with allocations to be made to various projects by the Comptroller on recommendation of the Director of the Physical Plant. This will permit the completion of preliminary plans for buildings highest in the list of priorities for future construction including the Life Sciences Building, the Architecture Building, and the Band Building.

I concur in this recommendation.

On motion of Mr. Nickell, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

#### **APPROPRIATION FOR EXPERIMENTAL PROGRAM FOR IMPROVEMENT OF SECONDARY SCHOOL MATHEMATICS**

(14) The University of Illinois Committee on Secondary School Mathematics was organized in December, 1951, to examine the problem of secondary school mathematics in its entirety. After careful study, the Committee proposed an integrated sequence in mathematics departing radically from the conventional plan of the high schools. Extensive materials for the first year have been developed, and tentative schedules for the second year are established.

Three schools—University High School, Barrington High School, and Blue Island High School—have carried experimental classes through the first year, and these schools wish to continue the program into the second year. More schools should be brought into the program.

To date the program has been financed on an improvised basis by assigning staff from the Department of Mathematics and the College of Education. It is hoped in the future to secure adequate funds from outside grants or by assignment in the next biennial budget. In the meantime, the College of Education requests a nonrecurring assignment of \$8,700 to provide for work of the Committee during the year 1954-55.

This program attempts to solve highly significant problems in basic training in mathematics which is of prime importance both for the adequate training of engineers and for the program in general education. It is strongly endorsed by the College of Engineering, the Department of Mathematics, and the Provost.

I concur and recommend that a nonrecurring appropriation of \$8,700 be made from the General Reserve Fund for this project.

On motion of Mr. Nickell, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

#### **APPROPRIATION FOR COOPERATIVE RESEARCH WITH SOUTHERN ILLINOIS UNIVERSITY**

(15) The Dean of the College of Agriculture recommends the establishment of an Agronomy Research Center at Carbondale to be operated jointly by the Department of Agronomy of the University of Illinois and the Department of Agriculture of Southern Illinois University for research and demonstrations on soils and agronomic crops. The Superintendent of the Research Center shall be selected by the two universities and shall work under the direction of the Department of Agronomy of the University of Illinois and the Department of Agriculture of Southern Illinois University. Each institution shall provide one-

half of the Superintendent's salary and shall also contribute equally to the salary of a nonacademic employee and to an operating fund for labor, seed, fertilizer, and other necessary expenditures. Southern Illinois University is to provide a minimum of forty acres of land near its campus and the necessary office and laboratory facilities and storage buildings. The University of Illinois agrees to provide the machinery and equipment needed for the operation of the Center.

The Dean of the College of Agriculture and the Provost recommend approval of this agreement and a special appropriation of \$6,000 for the University's share of the cost during the year 1954-55. Costs in future years will be met out of the aggregate allotment to the College of Agriculture if the project is continued.

I concur.

On motion of Mrs. Holt, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

#### APPROPRIATION FOR ARTERY BANK

(16) On request of the Administrative Committee of the Chicago Professional Colleges and with the concurrence of the Provost and the Comptroller, I recommend an appropriation of \$4,000 from the General Reserve Fund for establishing an artery bank in the Research and Educational Hospitals. This bank is of importance to research activities in the Department of Surgery and in the care of patients who need highly technical and modern therapy treatment of certain vascular diseases. Operating costs for continuation of the program will have to come from such funds as are available to the Chicago Professional Colleges during the next biennium.

On motion of Mrs. Watkins, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

#### RELATIONSHIP WITH PROFESSIONAL ALUMNI ASSOCIATIONS

(17) On January 19, 1954, the Board of Trustees received a communication from the Medical Alumni Association requesting consideration of closer relationships between that organization and the University. The matter was referred to the Board of Trustees Committee on Alumni which discussed it with representatives of the Medical Alumni Association and referred the matter to the President of the University to endeavor to develop a closer integration of the University of Illinois Alumni Association, the professional associations, and the University.

Conferences have been held which included all interested groups, and an agreement has been reached on the following program for a trial period of two years:

1. An office assistant to handle alumni affairs will be added to the Public Relations Office at the Chicago Professional Colleges.
2. That office in cooperation with the general Alumni Association will handle all solicitation of memberships of graduates of the Professional Colleges and maintain a local mailing file. (Detailed information will be kept in the Alumni Association file at Urbana-Champaign. Membership dues will be \$5.00 a year, \$3.00 of which will go to the Alumni Association and \$2.00 will be retained by the respective professional alumni associations.)
3. The present *Faculty Newsletter* of the Chicago Professional Colleges will be changed to *Faculty-Alumni Newsletter* and will be the official organ of all the professional associations although they may, from time to time, send special mailings to their own members at their own expense. At least three times a year this Newsletter will go to the entire alumni list of all Chicago Professional Colleges and an occasional issue of the *Illinois Alumni News* also will be sent.
4. All professional associations also will retain their own organizations and

their own officers as at present, but all persons taking memberships will become members both of the University of Illinois Alumni Association and the respective professional associations.

5. The estimated budget for these services is as follows:

Office secretary .....	\$3 600
Three issues of Newsletter.....	3 000
Office expense and miscellaneous.....	900
Total budget per year.....	\$7 500

It is proposed to finance this program for the year 1954-55 as follows:

From the Alumni Association (amount now assigned by it to the individual professional associations).....	\$1 200
From the present Public Relations budget for preparation of <i>Faculty Newsletter</i> .....	1 300
Additional University appropriation.....	5 000

The Alumni Association agrees that any additional income accruing to it as the result of this new plan over and above present income and up to \$1,800 will be appropriated by it toward this budget to reduce the University appropriation.

I recommend that this plan be approved on a trial basis and that a non-recurring appropriation of \$5,000, or so much thereof as may be required, be made to finance the program for the year 1954-55.

On motion of Mr. Bissell, this plan was approved and an appropriation of \$5,000 was made from the General Reserve Fund by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

#### CONTRACTS FOR CONSTRUCTION OF CATTLE SHEDS ON ALLERTON FARMS

(18) The College of Agriculture and the Comptroller recommend award of contracts to the Rupel and Moore Grain Company, Charleston, the lowest bidder, for the construction of a cattle shed on Allerton Farm No. 2 at a cost of \$2,811 and a cattle shed on Allerton Farm No. 3 at a cost of \$2,995.

Funds for these improvements are available in income from the operation of the farms.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contracts.

On motion of Mr. Livingston, these contracts were awarded, as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

#### CONTRACT FOR INSTALLATION OF POWER PLANT EQUIPMENT

(19) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$11,515 to Shea-Matson Trucking Company, Milwaukee, Wisconsin, the lowest bidder, for the erection and installation of equipment at the Abbott Power Plant addition. This will include erection of a turbine generator, installation of condensing equipment and accessory installations, which equipment has been purchased under other contracts.

Funds are available in the state appropriation for the addition to the Power Plant, subject to release by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded, and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACTS FOR COAL PURCHASES**

(20) The Director of Purchases, the Comptroller, and the Director of the Physical Plant recommend award of the following contracts for 41,000 tons of coal screenings to be delivered to the Abbott Power Plant during the period from September 1, 1954, through May 31, 1955:

	<i>f.o.b. Mine</i>	<i>Freight</i>	<i>Total Cost</i>
Bell and Zoller, Terre Haute, Indiana Mines at Danville, Illinois 10,000 tons @ \$3.80.....	\$ 38 000	\$ 11 088	\$ 49 088
Republic Coal and Coke Company, Peoria Mines at Danville, Illinois 31,000 tons @ \$4.00.....	\$124 000	\$ 34 372	\$158 372

Sealed bids on uniform specifications were opened on June 28, 1954. Invitations were sent to twenty-one producers and sales agencies and advertisements were published in three daily papers.

The bids are evaluated in the terms of the number of British Thermal Units purchased for one cent based on guaranteed analysis. A continuous check is maintained to insure compliance with specifications. Bell and Zoller and Republic Coal and Coke Company are the lowest bidders, the former being very slightly lower. Bell and Zoller bid only on 10,000 tons, hence the order is being divided. It is also advantageous to have more than one source of supply to be assured of delivery of coal at all times.

The prices quoted are based on present wage scales and are subject to increase or decrease in event that wage contracts now in effect are changed. Any such change will affect the price to the extent that production costs are increased or decreased by the new contracts. The University may cancel the purchase contract if it believes that any price adjustment is not justified.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute contracts as recommended, subject to the approval by the Governor as required by the state constitution.

On motion of Mrs. Holt, these contracts were awarded, as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

The work will consist of preparing and paving (black top) the area and installing curbing, lighting, fencing, and drainage.

Funds are available in the state appropriation for the construction of the East Dentistry-Medicine-Pharmacy Building.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded and the Comptroller and the Secretary were authorized to execute the same.

(26) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$39,938 to Russell Mansfield, Chicago, the lowest bidder, for remodeling quarters in the Dentistry-Medicine-Pharmacy Building at the Chicago Professional Colleges. The work will consist of rearrangement of partitions, improvements in lighting and ventilating, and installation of new laboratory equipment to modernize the Departments of Radiology and Crowns and Fixed Partial Dentures in the College of Dentistry. This is part of the remodeling program related to the activation of the Research and Educational Hospitals Addition and the construction of the East Dentistry-Medicine-Pharmacy Building.

Funds are available in the 1951 Revenue Bonds Construction account.

#### INCREASE IN HOSPITAL AND MEDICAL SERVICE FEE

(30) All students enrolled in the University at Urbana-Champaign, with certain exceptions,<sup>1</sup> are charged a fee of \$5 each semester for insurance for hospital and medical services. The income from this fee is used to purchase insurance providing certain specified benefits to students including hospitalization, additional hospital services (such as laboratory tests, anesthesia, and drugs), physician's fees while in hospital, and surgical fees. The extent and value of these benefits obviously depend upon the insurance which can be purchased. The fee has remained the same since 1943, while hospital costs have gone up so that it has been impossible to secure increased allowances under the insurance program. The Advisory Committee to the Health Services recommends an increase in the hospital medical service fee from \$5 to not over \$8 a semester to provide the following improvements in benefits:

1. Increased allowance for hospitalization from \$7.50 a day to \$10 a day up to twenty-one days each semester.
2. Increased allowance for additional hospital services such as laboratory tests, drugs, etc. from \$37.50 (not including x-rays) to \$100 (including x-rays) a semester.
3. Increased allowance for physician's and surgeon's fees.

The Advisory Committee recommends that this program be put into effect beginning with the first semester of 1954-55. The proposal was received too late for consultation with the University Committee on Fees and Scholarships regarding the increase in fees and too late to secure competitive bids from insurance companies on increased schedule of benefits. In view of this situation I recommend that (a) the program be approved in principle, and (b) the Comptroller be authorized to negotiate with the Continental Casualty Company, the present carrier of this risk, all subject to review and final approval by the Executive Committee of the Board of Trustees.

On motion of Mr. Livingston, this recommendation was approved.

#### EDUCATIONAL PROGRAM FOR UNITED STATES BUREAU OF INTERNAL REVENUE EMPLOYEES

(31) The United States Commissioner of Internal Revenue desires to contract with a university to provide advanced training in accounting, management, and business for employees of the Bureau. He has invited all educational institutions which have accredited colleges, schools, or departments of commerce or business to submit proposals for participation in this training program for a contract with the United States government. The Bureau proposes to inaugurate a program for 1954 with one hundred of its employees to be assigned to the institution selected. A second group of one hundred employees would be enrolled for the second semester of 1954-55. The number of students will increase materially if the program is successful.

On recommendation of the Dean of the College of Commerce and Business Administration and the Comptroller I have authorized the submission of a proposal from the University of Illinois to the Bureau of Internal Revenue that the University will accept an initial group of one hundred students with the understanding that they will take courses regularly offered and that the Bureau will pay the out-of-state tuition fee for each trainee. Confirmation of this action and authorization of the Comptroller and the Secretary of the Board to execute any necessary contracts is requested.

On motion of Mr. Johnston, this action was confirmed and authority was given as requested.

<sup>1</sup> Except students enrolled for not more than one unit of graduate work or five hours of undergraduate work in a semester or a corresponding schedule in the summer session. A student who presents evidence of being in another insurance system providing substantially the same benefits as the University insurance may have the fee refunded.

#### INVITATION FROM THE PRESIDENT OF THE MUSEUM OF SCIENCE AND INDUSTRY

Major Lenox R. Lohr, President of the Museum of Sciences and Industry and Chairman of the University of Illinois Citizens Committee, has invited the Board of Trustees to hold one of its meetings at the Museum some time during the coming academic year.

The President and Secretary of the Board were authorized to arrange for such a meeting at some convenient time and the Secretary was instructed to express to Major Lohr the Board's appreciation of his invitation.

The Board recessed.

At 2:00 p.m., the Board reconvened for a joint session with its Committee on the Selection of a President of the University and with representatives of auxiliary committees of the University Senate, the Alumni Association, and the Citizens Committee.

The same members of the Board were present as recorded at the beginning of these minutes.

Also present were Professors Tom S. Hamilton, Chairman, Charles M. Kneier, and Charles A. Knudson, representing the University Senate Committee; Messrs. Amos H. Watts, Chairman, Joseph B. Campbell, and Mr. James M. Cleary, representing the Alumni Association Committee; Mr. Ronald M. Kimball, representing the Citizens Committee; and the Secretary of the Board.

President Megran reviewed the work of the Board of Trustees Committee and then called upon representatives of the auxiliary committees for reports. At the conclusion of these presentations, and following discussions of candidates for the Presidency of the University, representatives of the auxiliary committees withdrew. The Board then continued discussion of the recommendations of the several committees and at the conclusion of this discussion, President Megran announced that he was discharging the special Committee of the Board of Trustees, stating that henceforth any further recommendations considering candidates for the Presidency of the University, and matters relating thereto, would be brought before the full Board as a Committee of the Whole.

## APPENDIX

PROPOSALS FOR THE FUTURE DEVELOPMENT OF THE CHICAGO  
UNDERGRADUATE DIVISION OF THE UNIVERSITY OF ILLINOIS

A Report to President Lloyd Morey by the  
Committee on Future Development of the  
Chicago Undergraduate Division<sup>1</sup>

June, 1954

## Preface

The Committee on Future Development of the Chicago Undergraduate Division was appointed by the President on November 4, 1953. The broad task assigned to the Committee is best stated in a quotation from the appointment letter:

"I ask this Committee to study all problems involved in the development of a four-year undergraduate program in the Chicago area. Of first importance is to endeavor to determine whether such a development appears necessary to reasonably carry out the obligation of the State and the University of Illinois to the youth and citizens of the State. If the answer to that question is in the affirmative, then the Committee should prepare recommendations on policy, and on specific plans concerning the curricular, physical facility, and financial problems involved."

In this letter, the President also called attention to the fact that the General Assembly, in May 1953, had created a commission "to act for liaison purposes between the General Assembly and the University of Illinois in dealing with problems relative to the establishment of a four-year undergraduate college of the University of Illinois in the Chicago area."

The President asked for an interim report by the end of March and for a final report by the end of June. An interim report was made on March 31, 1954. Some of that report is incorporated into this final report.

## I. Introduction

A. *Basic Questions*

The President's charge involves a number of questions to which the Committee has sought answers. While there are many details, the three basic questions are:

1. Will the predicted increases in population over the next twenty-year period require that the State and the University of Illinois act to provide for increases in college enrollments?
2. If additional facilities for increased enrollments are required, should a four-year undergraduate division in the Chicago area be established, or should another possibly more desirable plan be selected?
3. If a four-year undergraduate division is to be established in the Chicago area, what should be the size, what will be the approximate cost, and what should be the schedule of development?

In order to answer the first question, it has been necessary to study statistics and trends concerning births and population in the State of Illinois during the next two decades.

B. *Population Trends in Illinois*

According to actual births to 1953 and based on an assumption that a comparable per cent of students will attend college in the State of Illinois as do now, the public and private institutions of higher learning in the State must be prepared to enroll approximately 156,000 students in 1963 compared to 114,000 in 1953; the University of Illinois must be prepared to enroll 27,000 compared to 19,600 at the present. *In 1972, the State institutions of higher learning must be prepared to take care of approximately 223,000 and this University 38,000.*

<sup>1</sup> Committee on Future Development: C. M. Louttit, Chairman, R. G. Bone, R. P. Hackett, C. S. Havens, N. A. Parker.

This estimate is based on the assumption that all public and private institutions will take their proportionate share of the increase in enrollment.

To show this in more detail, Table 1 presents data supplied by the Bureau of Institutional Research of the University of Illinois showing the estimates of the size of population of youth of college age in the State of Illinois for alternate years from 1953-54 to 1971-72. These numbers are based on actual births occurring through August 1953, with births for the remainder of that calendar year being estimated. In succeeding columns of this Table, the proportion of the college age group which can be expected to attend institutions of higher learning and which can be expected to attend the University of Illinois is shown. In simplest statement, the data indicate that in the next twenty-year period it is anticipated that the number of young people seeking admission to institutions of higher education, including the University of Illinois, will be approximately doubled. The Committee considers these data basic in any consideration of planning for future expansion of the University.

(<sup>a</sup>) Estimates are based on actual occurrence births through August 1953, and projection for the balance of this calendar year.

(<sup>b</sup>) Assumes continuation of a two-year division of the University at Navy Pier.

(<sup>c</sup>) The approximate percentage distribution of this 1953-54 enrollment by class of institution is: Six major private institutions in Chicago, 33; all other private institutions in the State, 28; public State colleges (including Chicago Teachers College), 11; junior colleges, 9; University of Illinois, 19.

(<sup>d</sup>) Actual enrollment.

NOTE: Data for the University of Illinois are the number of persons who can be expected to seek enrollment in the University if (1) the proportion of college age youth going to college conforms to the trend of the past several decades, (2) there are no major changes in the requirements for admission to the University, and (3) a similar proportion of the estimated number of youth of college age seeks admission to the University at the two campuses as at the present time.

Although the Committee's primary concern is with the University of Illinois, it feels that it is necessary to call attention to the significance of these data for all higher educational institutions in the State. While no one can know events which may occur, it would appear that the safest expectancy is that both public and private institutions will be faced during the next twenty years with a continual increase in the number of students seeking admission. Not only will the number of youth of high school and college age double, but also it is the hope of many public-spirited citizens that something can be done to provide financial aid to superior high school graduates, so that they may all have the opportunity of attending college. Numerous studies, made during the past decade, show that two-fifths of the top quartile students who graduate from

high school do not enter college. A large proportion of this group cannot attend college because of personal financial limitations. In the thinking of many, this sort of limitation results in an economic and social loss because of inadequate use of potentially trainable manpower. The results of educational benefits under the G.I. Bill show what can be done for this sizeable group of able students. This problem is one in which citizens and public officials must join with public and private educational institutions in planning for the future.

#### *C. Proposals for Meeting Increasing Enrollments*

Assuming that the pattern of college attendance will not be modified by material changes in social and economic conditions, there should be public planning now for the higher education of high school graduates who will almost double by 1971. One assumption which should be made is that all institutions of higher learning, private and public, will meet their share of the doubled enrollment. Our Committee believes that our study of the assignment forces us to call to the attention of interested and responsible authorities the gigantic problem of planning necessary on a State rather than on an institutional level. *Our Committee feels that State-wide studies of educational philosophies, policies, and facilities must be made now if the State is to plan wisely for the future education of its youth.*

Although the Committee is cognizant that there are many possible solutions to this problem, it would like to refer to seven proposals worthy of consideration, singly or in combination, in connection with public institutions. The order of the listing of these has no priority significance.

1. The first proposal is the restriction of enrollment in degree-granting public institutions on the basis of ability demonstrated by high school achievement and/or admission examinations. Statistics show that less than 40 per cent of those who matriculate in college ultimately graduate. Perhaps an appreciable portion of enrollment in post-high school education should be channeled into junior colleges and technical and vocational institutes. Any such action would be a change from the long-established public policy of the State of Illinois, which has provided the major portion of high school graduates with the opportunity of entering State colleges and universities. This policy could well be re-examined, but this must be done on a State rather than in institutional level.

It should be pointed out that this Committee is neither advocating the adoption of admission restrictions nor condemning such an adoption but is pointing out that such a problem should be thoroughly studied.

2. The State might establish entirely new institutions in different parts of the State.
3. The State might plan for increased capital investment for the enlargement of, and increased budgets for the operation of, Southern Illinois University and the four State teachers colleges to bring about a disproportionately greater increase in their size as compared with the University of Illinois.
4. The State might provide direct financial support to community junior colleges which could absorb a substantial proportion of the freshman-sophomore enrollment.

The Committee has considered, but not studied, Proposals 2, 3, and 4 because they, like Proposal 1, should be dealt with on a State-wide basis.

The following three proposals are actions which could be taken by the University of Illinois with State support.

5. The University might develop its Chicago Undergraduate Division to four years.
6. The University might increase its plant and facilities to take care of an unlimited increase in size on the Champaign-Urbana campus.
7. The University might establish, or cooperatively support, junior colleges throughout the State.

The last three proposals have been considered by the Committee. Proposal 5, concerning the four-year undergraduate division in the Chicago area, will take up the main part of this report. Proposal 6, concerning the possibility of

preparing for a doubling of enrollment on the Champaign-Urbana campus, was referred by President Morey to the University Building Program Committee and the Senate Committee on Educational Policy for their study and recommendations.

Proposal 7, concerning a system of junior colleges under the direction of the University of Illinois, was referred to a subcommittee under the chairmanship of Dean B. L. Dodds of the College of Education. The following three statements from the conclusions of the subcommittee's report are pertinent here:

1. The potentialities of development of junior colleges to an extent which would have a significant effect upon the predicted enrollments in the institutions of higher education are sufficiently promising to warrant this alternative being recommended for serious consideration by the proposed State commission.
2. The subcommittee seriously questions the desirability of the University's attempting to establish, support, and operate junior colleges throughout the State (except perhaps as an emergency measure or under very special conditions) for both practical reasons and reasons of policy.
3. The subcommittee is of the opinion that the University should cooperate closely in any State study of the development of junior colleges but should not undertake any comprehensive study on unilateral basis.

In discussing proposals for meeting increasing enrollments, it would be remiss on the part of our Committee not to warn those interested in future educational planning of the present lack of teachers. Colleges today are not turning out enough teachers for elementary and secondary schools to meet the present demands. Yet, it will be necessary during the next two decades to increase greatly the number of teachers from kindergarten through college. Seeking ways and means to increase the number of students in teacher-trainee curricula and, at the same time, keeping the quality on a high level are vital questions which also should be studied by a State-wide group.

*D. Recommendations Made in an Interim Report, Dated March 31, 1954*

The main problem facing the State is: "Can the post-high school students be taken care of by 1970?" Whether it is by junior colleges, technical and vocational institutes, or other methods, there still will need to be increased physical facilities. While it is recognized that private and public institutions of higher learning can satisfactorily accommodate a good many more students than they do now, their present facilities probably will fall short of those needed for the anticipated increase. In any case, the State institutions will need to prepare for their proportionate share.

To study these proposals or possibilities, this Committee, on Page 9 of its interim report, recommended that:

1. The University of Illinois should recommend that the Governor appoint immediately a special commission to:
  - a. Study the long-range problems of meeting the higher educational needs for an increased population by additional facilities or other measures.
  - b. Work cooperatively in such a study with representatives of existing institutions of higher education in the State.
  - c. Recommend a program for financing such additional construction as may be needed.
  - d. Submit a report by March 1, 1955.

Our Committee, feeling that the University must concurrently plan for its part in the future, further recommended that:

2. The University should give immediate consideration to construction on the Champaign-Urbana campus to correct existing crowded conditions.
3. The University should plan for permanent plant capacity increases which will be required for the maximum enrollment to be established for the Champaign-Urbana campus.

Our Committee believes that the above studies and planning are essential and should be carried on concurrently with any study made concerning a four-year division of the University of Illinois in the Chicago area. *While we*

recognize that there are many arguments for and against the development of a four-year undergraduate division in the Chicago area, we believe that this is one of the practical solutions in planning for the University of Illinois' share of an anticipated doubling of its enrollment. Consequently, the remainder of this report will discuss a four-year division under the headings of (1) Reasons for a Four-year Undergraduate Division in the Chicago Area, (2) The 1971 Enrollment of a Chicago Undergraduate Division, (3) The Educational Program for a Chicago Undergraduate Division, and (4) Facilities and Costs.

## II. Reasons for a Four-Year Undergraduate Division in the Chicago Area

### A. Socio-economic Reasons

The most frequently presented arguments for the establishment of a four-year undergraduate division in Chicago or for the increase of work offered at Navy Pier to include the junior and senior years are based on human values. While there are a number of variations in these arguments, they can be grouped into two major categories. First, it is held that a large proportion of present students attending the University at Navy Pier come from poor families, and if it were not for the Chicago Undergraduate Division, they would be unable to attend college. Secondly, it is claimed that work beyond the sophomore year should be introduced because, with only the freshman and sophomore years being offered, many students are unable to continue their education because of limited financial resources. With the cooperation of other agencies, this Committee has made studies of these factors.

*Economic Status of Students.* At the request of the Committee, Dean Caveny appointed a group at Navy Pier under the chairmanship of Dean Warren Brown to investigate questions of costs to students in attendance there. A report from this group provided data on the student's estimates of family income which are shown in the second column of Table 2. In the first column, a similar distribution of family income reported in "A Study of Expenses of Undergraduate Students at the University of Illinois for the Year 1952-53," issued by the office of the Dean of Men at Champaign-Urbana, is presented. The median family incomes shown in Table 2, computed in each case from the distributions, suggest that, as a group, students at Navy Pier are from an economic level only slightly below that at Champaign-Urbana. However, at Navy Pier, there are a considerably greater proportion from the "under \$5,000" group and fewer from the "\$20,000 or more" than on the main campus.

A further source of information concerning the economic status of students at Navy Pier is available in the "First Report on Site Selection Criteria for University of Illinois," prepared by the Real Estate Research Corporation. In Table 3 adapted from that report, the 74 (Loop area excluded) community areas in the City of Chicago are divided into five groups, each having approximately the same population of youth of college age. Indicated in the Table are the number of community areas in each group, the range of median family income, the number of students registered from these areas at Navy Pier, and the percentage of enrollment from each area of those students having addresses within the City of Chicago. It is evident from these data that over half of the students have resident addresses in community areas where the median family incomes are approximately \$5,000 or more.

The evidence from these two studies would appear to support a statement that, while there is a somewhat greater proportion of students at Navy Pier from lower income families, the economic status of the student body, as a whole, on the two campuses of the University is nearly the same. *At any rate, the Committee believes that the difference in economic status as shown by family income is not sufficiently great in itself to warrant its being used as a major reason for the development of a four-year undergraduate division in Chicago.*

*Academic History of Students.* In order to discover the academic history of students who register at Navy Pier, the Bureau of Institutional Research had instituted a study before the establishment of this Committee, and the Bureau's data was made available to the Committee. Table 4 presents a summary of the data as of the second semester of 1953-54 for the 1,236 new freshmen who enrolled at Navy Pier in the fall of 1950. Of this total group, 839 students left before completing two years of work, and 464 transferred to another university or to the main University campus either before or after completing their sophomore year at Navy Pier. From the total group, there were only 60 students who completed two years and did not continue in college. Reasons for not continuing in college are not available, but if we assume that all of them failed to do so because of financial circumstances and add thereto the 30 who gave finances as the reason for withdrawing within the first two years, we find only 90 students, or only 7.3 per cent, who were forced to stop their education because of limited finances.

Further evidence concerning plans of students after they complete two years at Navy Pier is available in the report from Dean Brown's committee earlier referred to. In this study, the students were asked to indicate answers to the question: "What do you plan to do when you leave the Pier?" Seventy-six per cent of the respondents gave their plans as continuing attendance at college; 46.5 per cent mentioned the Champaign-Urbana campus only.

*The data presented in the preceding paragraphs give little support to arguments that the student body at Navy Pier comes from a lower socio-economic group than does that at Champaign-Urbana, or that there is a very large number of students prohibited from continuing in college because junior and senior work is not offered.* It is true, as shown in data from Dean Brown's committee, that the average cost reported by students for the first semester 1943-54 was only \$259, or \$518 when extended for a full year. On the Champaign-Urbana campus, a report from the Dean of Men's office earlier referred to indicates that the average cost for students living in cooperative housing in Champaign-Urbana is approximately \$875 per year. For students living in fraternities or dormitories, the cost at Champaign-Urbana was from \$200 to \$300 greater per year. From information available to the Committee, it also appears that many students at Navy Pier work to make part of their expenses, and they earn more on the average than do students at Urbana. *These data can be interpreted that students at the Chicago Undergraduate Division are able to attend the University of Illinois at a lower net cost than students from essentially the same socio-economic groups attending the University at Champaign-Urbana. Although the opportunity to attend the University at a low net cost is understandably desired by Navy Pier students and their parents, the Committee does not believe that this is an urgent reason for immediate introduction of junior*

and senior work. Especially this is true when a very small proportion of qualified students fail to continue advanced college work elsewhere.

#### B. Population Reasons

The main reason for developing a four-year undergraduate division in the Chicago area is that approximately 53 per cent of the 8,000,000 inhabitants of the State of Illinois reside in Cook County. Paralleling these figures is the residence distribution of the students at the University of Illinois. Approximately one-half of all students enrolled on the three campuses of the University reside in Cook County; on the Champaign-Urbana campus alone, the registrants from Cook County have been in the neighborhood of one-third for some years.

With the concentration of population in Cook County, the question might well be asked: "Can the present colleges in Cook County take care of the expected increase?" The 1953-54 undergraduate enrollment in the six major colleges in the Chicago area was 15,295, divided as shown in Table 5. On April

5, 1954, the presidents of these institutions addressed a letter to President Morey in which they proposed the figures in the last column of Table 5 as the possible future enrollments which they would be prepared to care for. Attention should be called to the fact that the first two institutions—Chicago and Northwestern—draw their student body from the nation, as a whole, rather than from the Chicago area alone. These data indicate that the six institutions in Chicago believe that they can care for 1,910 students more than twice their present enrollment. This excess is not great enough to affect in any serious way anticipated need for facilities for the University of Illinois in 1970. *In the light of these data, the Committee believes that the development of a four-year undergraduate division from the present two-year undergraduate division in Chicago will not adversely affect the six private institutions.*

To date, the highest enrollment in the two-year undergraduate division at Navy Pier was 4,547 in 1947. It is felt that there is a possibility, with more exact scheduling, of accommodating up to 5,000 students at Navy Pier; this would mean crowding. Certainly the facilities could not adequately serve a greater number of students. The enrollment at Navy Pier in the fall of 1953-54 was 3,824; the most conservative prediction for 1954-55 is about 4,000. Enrollments of freshmen and sophomores only will, within a few years, increase to fill the available capacity. If junior and senior work were introduced at Navy Pier, the maximum capacity would be reached within a year or two, and as a result, there would have to be a limitation on admission of freshmen or the advanced work would have to be stopped. Inasmuch as a program for the first two years serves more students than would advanced work, it appears unwise to curtail service to the greater number by hurriedly introducing limited work in the junior and senior years.

### C. Summary

*Until University-owned facilities are available, the present two-year program in Chicago should be continued. To develop advanced work in the present facilities on Navy Pier will certainly mean that freshman admission will have to be limited within a very few years. The Committee considers it unwise to provide junior and senior courses for a small number of advanced students at the expense of service to a larger number of freshmen and sophomores.*

*The evidence on economic status, costs, and academic history of students now attending the Chicago Undergraduate Division at Navy Pier does not in itself indicate an urgent need for expansion to a four-year program within the next few years. However, the impending increase in demand for admission to the University and the fact that half of the students and half of the population of the State live in the Chicago area are the strongest arguments that the undergraduate division should be developed into a four-year program.*

### III. The 1971 Enrollment of a Chicago Undergraduate Division

The prediction of an exact enrollment for a Chicago undergraduate division at any date in the future is impossible although the prediction for the combined enrollments at Champaign-Urbana and at the Chicago Undergraduate Division for 1971-72 of about 38,000 is justified by the data in Table 1.

The introduction of a full four-year program in Chicago would necessarily change the proportion of students attending the University on the two campuses. There are many ways in which the total number of students could be divided,

but two seem to be most reasonable. The first assumes that the enrollment on the Champaign-Urbana campus would be limited to perhaps the figure of 20,000, which has been used for several years for campus planning. In this case, the remaining 18,000 students could be expected to attend the Chicago campus. This alternative might require certain restrictions on enrollment based on the students' home residences.

The second alternative is to predict enrollments on the basis of the present enrollments on the two campuses, with adjustments for additional work in Chicago. On the Champaign-Urbana campus, 55 per cent of undergraduate students are in the freshman and sophomore years, with 45 per cent being in the two upper-class years. If we assume that the same proportions would hold in a four-year Chicago undergraduate division, we can calculate an expected enrollment in 1971-72. For a two-year program, the estimated enrollment at this end date is approximately 7,500 which, in terms of the above proportions, would mean a total enrollment of 13,600. In 1953-54, more than a third of the undergraduate students in the University were from Cook County. Assuming the same proportion to hold in 1971-72, there would be about 13,000-14,000 such students, which is a close approximation to the immediately preceding estimate. This number in Chicago would require that the balance of the 38,000, i.e., 24,000-25,000, would enroll at Champaign-Urbana unless they were taken care of somewhere else.

*As a conservative estimate between these alternatives, the Committee is agreed that a figure of 15,000 regular daytime students in the Chicago Undergraduate Division in 1971-72 is justified at this time for planning purposes.*

*It must be made clear that an enrollment of 15,000 is for a date nearly twenty years in the future. This would be reached by a continuing increase during the intervening years, so that the development of an undergraduate division should be progressive and the planning provide for facilities to meet the enrollment increases as they arise.*

#### IV. The Educational Program for a Chicago Undergraduate Division

An ultimate enrollment of 15,000 students for a Chicago undergraduate division as discussed in the preceding section represents an institution comparable in size to that now on the Champaign-Urbana campus. While it is fully recognized that over a twenty-year period different areas of interest in an educational institution may wax and wane, it seems most reasonable to assume for planning purposes that the major areas of undergraduate work now existing at Champaign-Urbana should be represented in Chicago. This Committee, with the cooperation of the deans of the several colleges, has made analyses of course offerings and has reached a decision that our purposes are best served by proposing an educational program in broad outline rather than in minute detail.

*The basic decision concerning the educational program is that there should be offered introductory and basic prerequisite courses plus a sufficient variety of advanced courses to enable a student to secure a sound major in fulfilling requirements for a bachelor's degree.* This Committee makes no recommendation for specific courses to be included because the program at Champaign-Urbana affords ample courses from which to select those basically necessary, and future developments must be fashioned from the interests and specialties of the faculty and students who will attend a Chicago undergraduate division.

For planning purposes at this time, the Committee has proposed to the University Senate Committee on Educational Policy, from which it has received no adverse comment, that work in the following colleges, departments, or areas of study now existing at Champaign-Urbana should be offered in Chicago:

##### *College of Liberal Arts and Sciences*

Bacteriology (certain elementary courses may be given but probably not a program for an undergraduate major); Botany; Chemistry and Chemical Engineering; Classics; English and Rhetoric; French and Russian; General Studies; Geography; Geology; German; History; Home Economics (probably limited to a nonprofessional major in L.A.S.); Mathematics; Philosophy; Political Science; Psychology; Sociology (elementary courses in Anthropology might be included but probably not

advanced work for a major); Spanish, Italian, Portuguese; Speech; Zoology (elementary work in Physiology might be given in the Zoology Department).

*College of Engineering*

Aeronautical, Civil, Electrical, General, Industrial, Mechanical, Metallurgical, and Sanitary Engineering; Mechanics; Physics.

*College of Commerce and Business Administration*

Accountancy; Business Education; Business Law; Economics; Management; Marketing.

*College of Fine and Applied Arts*

Art (probably limited to nonprofessional courses); Architecture; Music (probably limited to nonprofessional courses).

*College of Education*

Elementary Education; Special Education; All programs for teacher training now administered by the Council on Teacher Education.

Professional work of the School of Physical Education and the School of Journalism may well be considered at a future date. The service courses in Physical Education, required courses given by the Department of Hygiene, and required courses in Military Science would, of course, be offered.

There are four major colleges omitted from the above list. These omissions were made for the following reasons:

1. The Graduate College is omitted because, by definition, we are planning only for an undergraduate division. The Committee is aware that, at some future date as an undergraduate division grows in size, there will be increasing pressure for starting graduate work. It feels that this pressure should be met at that time rather than to undertake planning for it at the present.
2. The College of Agriculture and the College of Veterinary Medicine have been omitted because it does not appear reasonable to introduce work in these areas in a metropolitan university.
3. The College of Law is omitted because planned development on the Champaign-Urbana campus will provide adequate capacity for a considerable increase in enrollment, and at the same time, there are a number of reputable schools of law now in the Chicago area.

The preceding proposals are made in terms of a full development planned for the early 1970's. The Committee is well aware of the interests of the staff of the present Chicago Undergraduate Division in increasing their present programs, viz., Liberal Arts and Sciences, Engineering, Commerce and Business Administration, Architecture, and Physical Education to a full four years. We believe that the development of these programs might well be the first step in the expansion to a full four-year campus. At the same time, we do not believe that such expansion should be started until permanent facilities owned by the University are available because, as we have earlier indicated, the presently leased facilities on Navy Pier are not adequate to meet both the anticipated increase in lower class enrollments and also the introduction of advanced work.

## V. Facilities and Costs

### A. Site Selection

In order to estimate land acquisition and building construction costs for the educational program recommended above and for approximately 15,000 students, it is first necessary to decide what type of site is to be used.

Land acreage, acquisition, and site development costs will vary materially from one site to another. For example, sufficient vacant land or "made land" at a relatively low cost per square foot would permit construction of lower buildings. Such a site should provide a minimum of 140 acres for the program considered for planning purposes in this report. Additional land, bringing the total to approximately 200 acres, should be available for expansion.

In contrast to this type of institution would be one resulting from the selection of a site in the business area. Such a site would necessitate a much

smaller area, perhaps as little as 50 acres. Such an area would require the construction of high rise buildings.

A third type of site, such as that adjacent to the Congress Street Expressway and north of the Medical Center District, would provide at least 80 acres of land which would require the construction of intermediate height buildings. The unit land cost in this site would probably be greater than the first but less than the second above.

In considering a site for an institution to serve a large metropolitan area, three questions are of primary importance. Two of these concern the availability of the site to the anticipated student body. First, from what parts of the Chicago area will most of the students be drawn? Second, how much time will students be willing to spend traveling to and from school? The third question asks: Is sufficient land available, how soon can it be made available, and what will it cost?

Answers to the first two of these questions were sought by studying the trends of geographic shifts in the Chicago area population and by surveying the travel problems of students now enrolled at the Navy Pier campus.

The first of these studies analyzed the population trends in the Chicago area and projected the geographical distribution of population for the period 1963-70. The data indicate that:

1. For this period, approximately nine out of 10 students who might attend the University in the Chicago area would have a home address in Cook County; six out of nine would live inside the present Chicago city limits.
2. No site which can be selected will be convenient for this entire student potential. If a site is selected which is convenient for users of CTA transportation, Chicago residents will probably represent more than 60 per cent of the total student body; if a site more convenient for DuPage County residents is selected, their percentage of actual enrollment will be higher and that of Chicago students lower.

The second study, a survey conducted among students currently attending the Chicago Undergraduate Division, was to determine travel time, travel expense, and mode of transportation used between residence and Navy Pier. This survey indicates that:

1. The actual one-way travel time reported by students who came by means other than private automobiles varied from less than 10 minutes to almost two hours. Among the group who lived in Chicago, over 80 per cent reported travel time as 60 minutes or less; this figure dropped to about 30 per cent for suburban residents using other than private automobiles.
2. Over 70 per cent of the students depend at least partially on some mode of transportation other than private automobiles.
3. With respect to travel expense, 95 per cent of Chicago residents using other than private automobiles had an expense for a one-way fare of 25 cents or less; most of these were CTA riders whose costs were uniformly 20 cents. Among the suburban residents using public transportation, 35 cents represented the median cost for a one-way trip; this median jumped to 50 cents for the same group when those who use CTA facilities at a cost of 20 cents per trip were excluded.

An answer to the third question, which concerns the availability and cost of land, depends upon a number of factors, such as the nature of the educational program, the size of the student body, availability of the site to students, problems of land clearance, acceptance by the community, and so on. As guides to site evaluation, 16 criteria were formulated with the assistance of the Real Estate Research Corporation and the Chicago Plan Commission. Five criteria were considered minimal standards which any site would have to meet in order to permit the proposed Chicago Undergraduate Division to perform its function satisfactorily. In brief, these five criteria are:

1. Site to be within 10 miles of at least 40 per cent of the total estimated student potential in Cook, Lake, and DuPage Counties. Superior public transportation required.
2. Adequate land for construction available.
3. Adequate land for expansion available.

4. Site at least 50 per cent buildable by July 1959.
5. Acquisition should not distort seriously the "priority program" of the Chicago Plan Commission.

The 11 additional criteria as briefly listed below were used to differentiate the value of sites which met the five basic criteria:

1. Availability of existing facilities, such as auditorium, stadium, and employment opportunities for students.
2. Environmental factors.
3. Impressive and functional development possible.
4. Relative plant operating costs.
5. Acquisition cost.
6. Site development costs.
7. Public relations factors.
8. Effect on economic and tax base of Chicago.
9. Major public expenditures required.
10. Use of redevelopment funds required.
11. Effect on other programs for the improvement of the Chicago area.

While in the Chicago area, there is an unlimited number of sites which could be evaluated against these criteria, practically the number is limited. In the first paragraphs of this section, it was pointed out that the location of a site would determine the type of construction among low, medium, and high rise buildings. This Committee, working with the Real Estate Research Corporation and the Chicago Plan Commission, has studied and examined five sites which are examples of the three types. In the following paragraphs are given brief descriptions of these sites. While the Committee feels that each of these sites deserves consideration, it wishes to point out that similar areas may be available and worthy of further investigation.

1. Low Building Density Sites
  - a. Outlying

As an example of this type of site, a tract in River Forest was studied. This is a 300-acre area almost all of which is the Thatcher Woods owned by the Cook County Forest Preserve. This area is bounded by North Avenue, Thatcher Road, Lake Street, and First Avenue. Except for a few small commercial enterprises, the area is unimproved, and, therefore, construction could be started with a minimum of delay. It is estimated that approximately 44 per cent of the student potential will live within a 10-mile radius of this site, and 50 per cent of that student potential will live within one hour's travel time on public transportation. This site provides ample ground for Physical Education, R.O.T.C., parking, and other functions requiring land as well as that necessary for expansion. The cost of the land, if available, should not exceed 50 cents per square foot, but its availability will be governed by the willingness of the Cook County Forest Preserve District to release the land. No loss of city or county revenue would result from the selection of this site.

- b. "Made Land" Sites

An example of this type of site is the reclaiming of land from the lake front south and east of the Adler Planetarium and roughly at the foot of Roosevelt Road extended. Such a site could be in the form of an island, a peninsula, or merely an extension or expansion of the present lake front. For the purpose of this study, an area of 200 acres is tentatively assumed. Approximately 51 per cent of the future student potential will live within a 10-mile radius of such a site, and approximately 61 per cent of that student potential will live within one hour's travel time on public transportation. Land construction costs should not exceed \$3.50 per square foot and may be as low as \$1.75 per square foot. It is estimated that the required land can be constructed within two or three years. Selection of such a site will not result in any loss in the city's tax revenue.

## 2. Medium Building Density Sites

As an example of this type of site, the area along the north side of the Congress Street Expressway and opposite the Medical Center District was chosen for the purpose of this study. This site of 203 acres, including existing streets and alleys, is bounded by Madison Street, Ashland Boulevard, Ogden Avenue, the Expressway, and Western Avenue. It is, to a large extent, a blighted residential area. Selection of this site will require the relocation of some 18,000 persons now living in the area. Based on experience of other agencies in Chicago, the relocation of approximately 4,500 persons per year would be the maximum rate that could reasonably be expected. Approximately 59 per cent of the student potential will live within a 10-mile radius of this site, and 63 per cent of that student potential will live within one hour's travel time on public transportation. The fact that the area is close to the campus of the Chicago Professional Colleges may be of some advantage. The acquisition cost is estimated at \$3.50 per square foot, but if acquired as a redevelopment project, the net cost to the University would probably be between \$1.80 and \$2.50 per square foot, excluding streets and alleys. Selection of this site will result in a loss of approximately \$100,000 per year tax revenue to the city.

## 3. High Building Density Sites

Two examples of this type of site were studied, the first of which includes 60 acres of heavily developed loft buildings located in an irregular area with major boundaries: north, Van Buren Street; east, Wabash Avenue; south, Polk Street; west, LaSalle Street. This boundary excludes two major structures, the Transportation Building and the Y.M.C.A. Hotel. Although there is almost no residential rehousing necessary, the area includes a large number of commercial organizations that would have to be relocated. Land acquisition cost is estimated at about \$20 per square foot, but it acquires as a redevelopment project, the net cost to the University would probably range between \$10 and \$11 per square foot. Approximately 54 per cent of the future student potential will live within a 10-mile radius of the site, and 65 per cent of that student potential will live within one hour's travel time on public transportation. Because of the character, size, and present use of the existing buildings, the time required for acquisition and clearance of the site will probably not permit starting construction until after 1959. Selection of this site will result in a loss of tax revenue to the city of approximately \$1,000,000 per year.

Consideration was also given to another example of the high density type of site, namely, the Ft. Dearborn Project. This site has many of the characteristics of the State-Congress Streets site although the sponsors of the project have presently planned only 33 acres for use by the University. This site is in an area immediately north of the Merchandise Mart. Approximately 54 per cent of the future student potential will live within a 10-mile radius of the site, and approximately 64 per cent will live within one hour's travel time by public transportation. The land acquisition cost is estimated at approximately \$8.50 per square foot. Loss in city tax revenue from the selection of this site is estimated at approximately \$250,000 per year.

The Committee has reached the following conclusions concerning site selection:

1. Any of the five sites studied could be used for the purpose of constructing an undergraduate division.
2. Although the above five sites are considered representative of three different types, detailed studies may prove alternate, but similar, sites to be more practical. For example, only one of many lake front sites has been considered in this report. Further studies of similar sites on the lake front, including the remodeling and expansion of Navy Pier, may indicate that a site other than that selected for this study is more practical.
3. A more comprehensive study will be required for selection of a specific site. This report does provide a basis for establishing a range of site

costs. It also should help to limit the number of sites to be studied in further detail.

#### B. Floor and Land Areas

Although estimates of floor and land areas have been developed as accurately as practicable at this time, such estimates should remain elastic pending selection of a specific site and development of campus and individual building plans. In making such studies, it is recommended that consideration be given to the possibility of graduate work being introduced at some date in the future.

The facilities, based on the proposed educational program, the anticipated enrollment of 15,000 students, and the planning standards and assumptions, are estimated to require a floor area of approximately 2,500,000 gross square feet and a land area of 50 to 140 acres. This estimate of land area permits the selection of any one of the three types of sites but is based on only the program as previously described. Therefore, additional land for new programs, such as graduate work, or for increased enrollment should also be acquired or its availability assured for some future date.

#### C. Construction and Operating Costs

*In this report, the Committee has outlined the nature and size of an educational program and the facilities needed to carry it on. The Committee considers this program to be necessary if the University is to operate a four-year undergraduate division in Chicago.* This program will necessitate the acquisition of land and the construction of buildings over a twenty-year period in order to meet the planned needs in the early 1970's. The estimated capital costs for such a development are divided into land acquisition and building costs.

In a preceding section, five sites have been described. The estimated market values of sufficient land on these sites range from \$3,000,000 to \$45,000,000. The cost of land to the University of certain sites, such as that on the West Side, will be less than the market value if the site is acquired as a federal aid redevelopment project.

Building costs have been estimated on the unit construction costs of present University buildings, adjusted for changes to current price levels. Such costs have not been adjusted for the future and are not based on drawings or specifications for either site improvement or building construction. The estimates of construction costs give a range of approximately \$75,000,000 to \$85,000,000. *Thus the Committee believes that the total capital costs required over the years to 1970 will fall in a range of \$78,000,000 to \$130,000,000 for the planned program.*

The total annual operating budget for the proposed educational program and facilities planned for 1971-72 is estimated at approximately \$13,500,000 and the income from student fees at approximately \$1,800,000. These estimates are based on 1953-54 budgets adjusted to the planned program. The current two-year program in the Chicago Undergraduate Division costs approximately \$2,700,000 per year, of which \$465,000 is provided from student fees. Therefore, the establishment of a four-year program as planned for 15,000 students will require ultimately an annual increase of tax funds in the neighborhood of \$9,000,000 at present cost levels, exclusive of University Retirement System costs.

#### D. Time Schedule

Although the above estimates are based on a program for the complete facilities required through 1971-72, the Committee does not believe that the entire plant should be constructed at one time.

The Committee suggests that the first phase of the construction program include sufficient floor area to permit vacating the space now leased at Navy Pier and to provide additional space required to start third and fourth year work in one or two colleges, such as Liberal Arts and Sciences and/or Commerce and Business Administration. In subsequent biennial periods, additional space can be constructed for expansion of the programs and for increased enrollment.

The date on which the building of new facilities can be completed will depend primarily upon when the site can be made available to start construction.

If a low building density site is selected and available, it will offer an opportunity to start construction earlier than on a medium density or high density site. *On low density sites, approximately two or three years will be*

*required for architectural and engineering work and approximately two or three additional years for construction of facilities for the first phase of the program.*

The selection of a medium or high density site would delay completion of construction due to the relocation problem. For example, on the West Side site, approximately 18,000 individuals will have to be relocated. In the light of recent experiences in Chicago, the relocation of families at a rate of 4,500 persons per year is the maximum that can be reasonably anticipated. Considerable time would, likewise, be required to relocate a larger number of commercial organizations on the other sites. *Therefore, on high density sites, completion of construction would probably be delayed by approximately two more years.*

As soon as a four-year Chicago undergraduate division is approved in principle, funds should be appropriated for continued site studies and selection including the development of campus plans. Funds should be appropriated in 1955-57 for detailed architectural and engineering planning and the start of land acquisition.

## VI. Summary of Conclusions

1. National and State population statistics show that enrollments in post-high school education will approximately double in the next twenty years and that additional educational facilities will be required.
2. The Committee reaffirms the substance of its recommendations made in its interim report of March 31, 1954, that:
  - a. All phases of the long-range problems of meeting the State-wide higher educational needs for an increased population should be studied by a commission appointed by the Governor.
  - b. The University should construct facilities immediately on the Champaign-Urbana campus to correct existing crowded conditions and should construct additional facilities over a period of years to meet future enrollment needs.
3. While we recognize that there are many arguments for and against the development of a four-year undergraduate division in the Chicago area, we believe that one of the practical solutions in planning for the University of Illinois' share of an anticipated doubling of its enrollment is to establish such a campus in the Chicago area.
4. The evidence on economic status, costs, and academic history of students now attending the Chicago Undergraduate Division at Navy Pier does not in itself indicate an urgent need for expansion to a four-year program within the next few years. Until facilities owned by the University are available, the present two-year program in Chicago should be continued.
5. If a four-year Chicago undergraduate division is approved in principle, then:
  - a. The enrollment as of 1971-72 should be planned at 15,000 regular daytime students.
  - b. The educational program should be planned to include most of the undergraduate work of colleges now on the Champaign-Urbana campus with the exception of the colleges of Agriculture, Veterinary Medicine, and Law.
  - c. The facilities required will approximate 2,500,000 square feet of gross floor area and from 50 to 140 acres of land.
  - d. The facilities should be constructed in stages, the first of which would provide a permanent location for at least the two-year undergraduate division. The completion of the first phase of construction would take from four to eight years after funds have been made available.
6. The Committee has described five sites on which a permanent undergraduate division could be developed. No priority for these sites is proposed because final decision for selection must rest on a more detailed study.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**September 29, 1954**

The September meeting of the Board of Trustees of the University of Illinois was held in the Blackstone Hotel, Chicago, Illinois, on Wednesday, September 29, 1954, beginning at 11:00 a.m.

The following members were present: Mr. Cushman B. Bissell, Mr. Harold E. Grange, Mr. Wirt Herrick, Mr. Robert Z. Hickman, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. H. B. Megrn, and Mrs. Frances B. Watkins. Governor William G. Stratton and Mr. Vernon L. Nickell were absent.

Also present were President Lloyd Morey, Provost Henning Larsen, and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.

### EXECUTIVE SESSION

When the Board convened an executive session was requested for consideration of the following matters of business presented by the President of the University.

#### SETTLEMENT OF SUITS OF JOHN THOMAS WHITMAN AND HAROLD C. WHITMAN

On November 30, 1949, John Thomas Whitman, then aged nineteen and a sophomore in the University, was injured when he fell while trying to do a "back flip" through jumping on a trapeolet in the Men's Gymnasium, while attending a class in physical education. His injuries were serious and included a fractured vertebra and spinal cord injury, and he was completely paralyzed for some time following the accident. While his recovery from his injuries has been substantial, he will be permanently crippled and disabled to an appreciable extent. To date his father, Harold C. Whitman, has paid medical, hospital, nursing, and similar bills aggregating approximately \$3,700 incurred for his son's treatment and hospitalization, owes an unpaid hospital bill of \$352 at McKinley Hospital, and has also incurred additional expenses of approximately \$3,600 (a substantial portion of which is probably not recoverable at law) in providing his son with an automobile for use at the University and in securing treatment.

In November, 1951, both father and son instituted suit against the University in the Illinois Court of Claims to recover damages for the son's injuries and reimbursement for the expenses incurred by the father. The progress of the suits was materially delayed by the death of the attorney who filed these claims for John T. and Harold C. Whitman.

As a result of negotiations conducted with the Whitmans and their counsel by the President of the University and the Legal Counsel, the Whitmans have finally offered to accept \$5,000 and the cancellation of the unpaid bill of McKinley Hospital in full compromise settlement of their claims and for the dismissal, with prejudice, of their suits.

While the Legal Counsel is of the opinion that the suits can probably be successfully defended and that a trial of the suits should result in judgments in favor of the University, he is also of the opinion that, in view of the uncertainty as to the outcome of a trial, the amounts which the Whitmans will recover if the issues are decided in their favor, and the substantial expense which the University would incur in trying the suits, acceptance of this compromise settlement offer is justified, and he recommends that the offer be accepted and the suits settled in accordance with it.

I concur and recommend a special appropriation of \$5,352 for this purpose from the General Reserve Fund.

On motion of Mr. Bissell, this settlement was authorized, as recommended, and an appropriation of \$5,352 was made from the General Reserve Fund for payment of the claim and the McKinley Hospital bill. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Nickell, Mr. Stratton.

#### BIENNIAL BUDGET AND BUILDING PROGRAM FOR 1955-57

President Megran stated that following a recommendation from President Morey, he requests the Board to authorize the appointment of a special committee to study the University's biennial budget and building program for 1955-57 in detail, working with the President and other University administrators, so that final recommendations can be prepared for consideration by the Board at its next meeting when the Board should take final action on the estimates to be submitted to the State Department of Finance prior to November 1, 1954, as required by law.

On motion of Mr. Bissell, the appointment of such a special committee was authorized. President Megran appointed Messrs. Park Livingston, Chairman, Wirt Herrick, Wayne A. Johnston, Mrs. Frances B. Watkins, and H. B. Megran (*ex officio*).

#### OPEN SESSION

At 11:00 a.m. the Board convened in open session. The same members of the Board, officers of the University, and officers of the Board as referred to at the beginning of these minutes were present. Mr. J. F. Wright, Director of Public Relations, was also present at this session.

#### REPORT OF THE EXECUTIVE COMMITTEE

The Secretary presented the following report, constituting the minutes of a meeting of the Executive Committee held on August 31, 1954.

On call of the Chairman, a meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, Chicago, Illinois, on Tuesday, August 31, 1954, beginning at 2:00 p.m.

President H. B. Megran, Chairman, Mr. Park Livingston, and Mrs. Frances B. Watkins were present. Also present were Messrs. Wirt Herrick, Robert Z. Hickman, and Mrs. Doris S. Holt.

The Committee considered the following items of business presented by the President of the University.

Funds are available in the state appropriation for the Power Plant addition, subject to release by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mrs. Watkins, these contracts were awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

### Reorganization of Administrative Committee of Chicago Professional Colleges

(3) As of September 1, 1953, an Administrative Committee was named to assume the functions of the Office of Vice-President of the Chicago Professional Colleges until an appointment could be made to that position, but not later than August 31, 1954. The members are Dean E. R. Serles, Chairman, Dean G. A. Bennett, Dean A. G. Brodie, Business Manager H. A. Hazleton, and Building Superintendent H. W. Pearce. During the recent illness of Dean Serles, Dean Bennett has been serving as Acting Chairman. Dean Serles asks that he be relieved of the chairmanship in view of his health and of duties relating to the occupancy of the new Dentistry-Medicine-Pharmacy Building.

As it has not been possible to fill the position of Vice-President, it is necessary to continue the Administrative Committee. Dean Bennett is willing to continue serving as Chairman, but should be given definite assistance by the appointment of a regular Secretary of the Committee.

Accordingly, I recommend that the present members of the Committee be reappointed as of September 1, 1954, until such time as a new Vice-President is appointed but not later than August 31, 1955; that Dean G. A. Bennett be named Chairman, with a temporary additional compensation of \$100 a month; and that H. A. Hazleton be named Secretary with a temporary additional compensation of \$75 a month.

On motion of Mrs. Watkins, the reorganization of the Administrative Committee of the Chicago Professional Colleges, and the appointment of Dean G. A. Bennett as Chairman and H. A. Hazleton as Secretary of the Committee, were approved.

### Report of the Finance Committee on Investments

**BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The Board considered the following reports and recommendations from the President of the University.

**SALE OF UNIVERSITY HOUSE**

(1) Pursuant to the plan authorized by the Board of Trustees for the sale of University-owned residence properties in Urbana-Champaign which are outside the area of future campus expansion, the Comptroller and the Director of the Physical Plant recommend the sale of the house at 410 Hessel Boulevard, Champaign, to Professor Charles B. and Marjorie Eleanor Looker at a price of \$10,000. This house, which was constructed in February, 1948, cost \$9,752.07, and has been appraised at \$10,000.

I concur in this recommendation. If the Board approves this sale, the following resolution should be adopted:

*Resolution*

WHEREAS, Charles Burdick Looker, Jr., and Marjorie Eleanor Looker, his wife, of Champaign, Illinois, hereinafter termed "Purchasers," have offered to purchase the hereinafter described property known as 410 Hessel Boulevard, Champaign, Illinois, upon the terms and conditions hereinafter set forth;

Now, Therefore, Be It Resolved by the Board of Trustees of the University of Illinois, a public corporation of the state of Illinois, that the Comptroller and the Secretary of this Corporation be, and they hereby are, authorized and directed, in the name and in behalf of, this Corporation, to enter into an agreement with said Purchasers providing for the sale and conveyance to them of the hereinafter described property upon the following terms and conditions:

- (A) At a sale price of \$10,000, with customary adjustments to be made therein for taxes, insurance, and abstracting costs;
- (B) This Corporation to furnish Purchasers a merchantable abstract of title and pay for the required Federal Revenue stamps;
- (C) Possession to be delivered to Purchasers at the time final payment is made;
- (D) A deposit of \$500 to be made by the Purchasers at the time the Contract of Sale is executed and the balance of the purchase price to be paid at the time of delivery of the deed and not later than six months after the date the contract is executed;
- (E) The Title to be conveyed to be subject to special assessments, building restrictions and easements of record.
- (F) Such other terms and conditions as said Comptroller and Secretary may deem necessary or desirable.

Be It Further Resolved that upon compliance with the terms of said agreement by Purchasers, and in accordance with the terms thereof, said Comptroller and Secretary be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name and in behalf of, this Corporation, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Purchasers, not in tenancy in common, but in joint tenancy, title to the following described property viz:

Lot Five (5) in Lewis S. Colbert's Replat of lots 119, 120, 121 and part of Lots 115 and 118, in Highland Place Addition to the City of Champaign, situated in the city of Champaign, in the County of Champaign, in the State of Illinois.

On motion of Mr. Johnston, the sale of this property was authorized and the foregoing resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Nickell, Mr. Stratton.

#### SALE OF PROPERTY TO ALPHA TAU OMEGA FRATERNITY

(2) Gamma Zeta Chapter of the Alpha Tau Omega Fraternity is interested in purchasing from the University a tract of land (50 feet by 186 feet) lying immediately south of its property on Pennsylvania Avenue adjoining the site of the Veterinary Clinic Building in order to expand its housing capacity. This will include a parking lot for the Veterinary Clinic from which the University can release an area 42½ feet by 186 feet without interference with the construction of the Clinic Building.

The Building Program Committee believes that, in view of the increased enrollment and the need for increased student housing facilities, the area should be released to the Fraternity if it is planning to go forward with the construction at an early date.

It is difficult to establish a price for land in this area since little use can be made of this property for other than development by the University. However, the Director of the Physical Plant and the Comptroller believe a price of \$5,000 would be reasonable. (This is slightly less than 65 cents per square foot, approximately the price which was requested for a vacant lot in the housing area immediately east of Lincoln Avenue, close to the property now proposed for sale to the Fraternity.)

A representative of a committee of the Fraternity, after considering the area which can be made available and the proposed price, has agreed to present the proposal to its Board at a meeting in November if the University Board of Trustees authorizes the sale.

The Director of the Physical Plant and the Comptroller recommend the sale of this area at a price of \$5,000.

I concur and recommend that the Director of the Physical Plant and the Comptroller be authorized to continue negotiations on this basis. A resolution authorizing the sale will be submitted to the Board at a later date.

On motion of Mr. Hickman, negotiations for the sale of this property, as recommended, were authorized by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Nickell, Mr. Stratton.

#### PURCHASE OF PROPERTY AT 1204 WEST NEVADA STREET, URBANA

(3) The Director of the Physical Plant, the Comptroller, and the Chairman of the Building Program Committee recommend purchase of the property at 1204 West Nevada Street, Urbana, for \$32,000. This is a lot 50 by 137 feet and a two-story brick building containing two five-room apartments, each with enclosed porch, and a small attic apartment.

The Director of the School of Music requests that the building be assigned to the School to relieve Smith Music Hall which is now overcrowded.

I concur in these recommendations, and recommend that appropriations be made from the General Reserve Fund as follows:

To the Physical Plant for	
Purchase and remodeling of property.....	\$35 000
Operation and maintenance.....	2 200
To the School of Music, for equipment.....	4 100
Total.....	\$41 300

This property is within the area of future campus expansion. Its appraised value is \$38,000, this appraisal having been made for the owner by a local realtor,

but the owner is willing to sell for less. Hence, it is decidedly to the advantage of the University to purchase it at this time.

On motion of Mr. Grange, the purchase of this property was authorized and the recommendations for the necessary appropriations, and for the assignment of the building to the School of Music, were approved by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Nickell, Mr. Stratton.

**APPOINTMENT OF ACTING DIRECTOR OF  
NONACADEMIC PERSONNEL**

(6) Donald E. Dickason, Director of Nonacademic Personnel, has been granted leave of absence from all of his duties on account of illness from September 1, 1954, and continuing until further notice. On his recommendation, Robert E. Hartz, Assistant Director of Nonacademic Personnel, has been appointed Acting Director for the period of Mr. Dickason's leave.

Confirmation of these actions is requested.

On motion of Mrs. Holt, the actions of the President were confirmed.

**APPOINTMENTS OF ASSISTANT PROVOST AND OF HEAD  
OF DIVISION OF GENERAL STUDIES**

(7) The Provost has recommended the appointment of Dr. Robert G. Bone, presently Professor of History and Director of the Division of General Studies in the College of Liberal Arts and Sciences, as Assistant Provost for one year and as Professor of History on indefinite tenure beginning September 1, 1954, at a total salary of \$10,500 a year. His services and salary will be divided as follows: Assistant Provost, three-fifths time on a twelve-month basis, \$7,150; Professor of History, two-fifths time on academic year basis, \$3,350.

<sup>1</sup> Also Resident at Research and Educational Hospitals.

<sup>2</sup> Also Resident at Presbyterian Hospital.

To replace Professor Bone in the Division of General Studies, the Dean of the College of Liberal Arts and Sciences recommends the appointment of Dr. James M. McCrimmon, presently Associate Professor of Humanities, as Head of the Division of General Studies and Associate Professor of Humanities on indefinite tenure beginning September 1, 1954, at a salary of \$7,300. This recommendation includes a change in the title from "Director" to "Head" of the Division of General Studies since in all practical aspects the Division functions like any other department in the College.

I have approved these appointments subject to Board concurrence and am presenting them for confirmation.

On motion of Mr. Herrick, these appointments were confirmed.

#### **CHANGE IN ADMINISTRATIVE STATUS OF THE HEALTH SERVICE AT THE CHICAGO PROFESSIONAL COLLEGES AND APPOINTMENT OF DIRECTOR**

(8) In 1943, on recommendation of the University Senate, the Board of Trustees created the office of Dean of Students, a general University officer responsible directly to the President of the University, and placed under his administration certain services and functions, including among others, the University Health Service (but excluding the Health Service at the Chicago Professional Colleges which was left under the administration of the Executive Dean) and the McKinley Hospital. In July, 1952, with the appointment of a new Director of Health Services, the health services on all campuses and the McKinley Hospital were placed under the administration of the Director, this change being an administrative action of the President of the University.

The action of 1943, however, has never been formally modified by the Board. Accordingly I recommend that this now be done by confirming the transfer of the functions of the Health Service (except as hereinafter indicated) and the McKinley Hospital to the Director of Health Services, this officer to be directly responsible to the President of the University.

The Administrative Committee for the Chicago Professional Colleges recommends, and the Director of Health Services concurs, that the Health Service at the Chicago Professional Colleges again be placed under the administration of the office of the Vice-President of the Chicago Professional Colleges. Pending the appointment of a Vice-President, the supervision of the Health Service will be exercised by the Administrative Committee or its Chairman. The Administrative Committee further recommends that (a) the Health Service at the Chicago Professional Colleges be an administrative unit of those colleges to be integrated in its teaching, research, and service functions with the Division of Preventive Medicine in the Department of Medicine, and (b) the Health Service be established as a combined out-patient and in-patient function in the Research and Educational Hospitals with an appropriate number of beds to be assigned temporarily from the Department of Medicine's allocation of beds, provided that subsequently space be allocated within the general hospital, preferably adjacent to the Health Service, when it is feasible to remodel quarters to provide a separate hospital facility for it.

I concur in these recommendations and request approval, with the further recommendation that the Director of Health Services continue to supervise all forms and procedures for physical examinations for employment, for the University Retirement System, and for the Committee on Accident Compensation.

The Chairman of the Administrative Committee for the Chicago Professional Colleges, with the concurrence of the Head of the Department of Medicine and the Health Service Advisory Committee, recommends the appointment of Dr. Buford Hall, formerly chief resident and instructor in medicine and presently in private practice in Lexington, Kentucky, to the position of Director of the Health Service for the Chicago Professional Colleges and Assistant Professor of Medicine and Preventive Medicine beginning October 18, 1954, at an annual salary rate of \$12,000. His total salary will be paid for services as Director and he will be carried as Assistant Professor on the nonsalaried staff.

I have approved this appointment, subject to the concurrence of the Board of Trustees.

On motion of Mrs. Watkins, the administrative changes recommended by the President of the University and the appointment of Dr. Hall were approved.

### RECOMMENDATION FROM THE JOINT COUNCIL ON HIGHER EDUCATION FOR SALARY ADJUSTMENTS

(g) The Joint Council on Higher Education, representing the six state-supported institutions of higher education in Illinois, has requested that member institutions present to their respective governing board the following recommendation:

"The Joint Council on Higher Education, being fully aware of the financial situation confronting the State of Illinois, and desiring to make no requests that are not completely defensible, nevertheless, unanimously recognizes the urgent need for salary adjustments lest the quality of instruction and research in the institutions suffer materially.

"This urgent need for salary adjustments has grown out of the following factors:

- A. Salaries in Illinois colleges and universities have fallen behind those of comparable institutions in other states.
- B. Our colleges are falling behind competitively in the recruitment and retention of qualified staff.
- C. The status of the teacher has suffered in comparison with other professions.
- D. Salary levels have not kept pace with increases in the cost of living.

"The Council agrees that funds for salary adjustments should be applied with consideration for blanket increases but primarily on the merit principle."

The Provost and Comptroller participated with me in the consideration of the above proposal, and I voted in favor of it. It is presented for the information of the Board. Recommendations as to the specific policy of the University of Illinois will be presented in connection with the 1955-57 biennial budget.

This report was received for record.

### RECOMMENDATION FOR SALARY INCREASES FOR 1955-57 BIENNIUM

(10) I have previously advised the Board of the importance of securing funds for upward adjustments in staff salaries during the biennium 1955-57. To establish a basis for preparation of the biennial budget, and after consultation with various groups concerned, I submit the following recommendations:

That the sum of \$3,200,000 per year be sought to provide for (a) salary increases approximating 10 per cent to be applied "across the board" to raise salary standards at the beginning of the biennium except that persons with two years or less service at the University will not automatically receive such increase, and (b) additional funds for increases on a merit basis to remove inequities.

That the sum of \$2,100,000 per year be sought and, if available, be allocated for (a) continuation of the prevailing wage rates of employee groups under this policy; (b) providing increases for negotiated and related groups, such as nurses, where increases are warranted; and (c) providing increases for all other employees approximating 10 per cent "across the board" plus adjustments required to meet competition and to remove inequities.

A statement supporting these recommendations is also presented and a copy is hereby given to the Secretary for record.

On motion of Mrs. Watkins, these recommendations were approved.

#### APPROPRIATION BY ATHLETIC ASSOCIATION

(13) The Executive Committee of the Board of Directors of the Athletic Association has made an appropriation of \$10,700 to send the football band to Minneapolis, for the Minnesota-Illinois game on October 16.

Approval of the Board of Trustees is required and I so recommend.

On motion of Mrs. Holt, the action of the Board of Directors was approved.

#### CONTRACT FOR ARCHITECTURAL SERVICES AT THE CHICAGO PROFESSIONAL COLLEGES

(14) The Director of the Physical Plant and the Comptroller recommend award of a contract to Pace Associates, Chicago, for architectural services and the preparation of working drawings for remodeling in the Research and Educational Hospitals and in the Dentistry-Medicine-Pharmacy Building.

Charges for services under this contract will be based on actual time payments to the staff of Pace Associates at the following rates:

Architect-Planner.....	\$6.00 an hour
Senior Architectural Draftsman.....	3.00 to 3.50 an hour
Structural Engineering Designer	} ..... 3.50 to 4.50 an hour
Mechanical Engineering Designer	
Electrical Engineering Designer	
Chief Mechanical Engineer.....	5.00 an hour
Senior Engineering Draftsman.....	2.50 to 3.50 an hour

To these charges will be added 100 per cent for overhead costs and the contract will stipulate that the charges for the work may not exceed \$27,000 without approval from the University.

Funds are available in the revenue bond construction account of the student residence halls, the staff apartments, and the remodeling of the second unit of the Dentistry-Medicine-Pharmacy Building. The original resolution of the Board of Trustees authorizing this project requires the expenditure of at least \$100,000 for remodeling of the second unit of the Dentistry-Medicine-Pharmacy Building. Additional funds to be expended for remodeling will come from savings in the construction of other projects. The Building Program Committee and the Administrative Committee for the Chicago Professional Colleges recommend additional remodeling for which it is proposed to employ Pace Associates to prepare working drawings. The Board has previously authorized contracts with this organization on the same terms.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract with the Pace Associates for these additional services provided that total charges shall not exceed \$27,000 without prior approval by the University.

On motion of Mrs. Watkins, this contract was awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### ARCHITECTURAL SERVICES FOR RESIDENCE HALLS

(15) The University needs additional student residence halls, and with the enrollment increasing such housing projects should have a high priority. Early completion of building studies of future residence halls is desirable so that the University can proceed promptly with construction whenever funds are available.

The Director of the Physical Plant and the Comptroller recommend the employment of Schaeffer, Hooton and Wilson, architects, Bloomington, Illinois, for architectural services including completed working drawings and general supervision on the basis of a fee of four and one-half per cent for the work. Such supervision will consist only of a visit to the job approximately twice a month. The fee is based on one and one-half per cent for completed building studies and three

per cent for completed working drawings. Detailed supervision of construction will be performed by personnel in the University architectural division. The cost of such services, approximately \$7,500 for building studies and \$15,000 for completed working drawings, will be paid from surplus funds now available in the Housing Division.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Bissell, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the contract.

#### **CONTRACT FOR LABORATORY FURNITURE, CHICAGO PROFESSIONAL COLLEGES**

(16) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$69,362.27 to the Walrus Manufacturing Company, Decatur, the lowest bidder, for the manufacture and installation of laboratory furniture at the Chicago Professional Colleges. The work will consist of fabricating and installing 164 pieces of laboratory furniture including laboratory sinks, benches, drying racks, and other equipment in areas being remodeled for us by the Departments of Physiology, Pharmacology, and Oral Pathology, and by the School of Nursing.

Funds are available in the Revenue Bond Construction Funds and within the sum of \$940,000 made available by the Board of Trustees for remodeling these areas at its meeting on May 15, 1954.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Grange, this contract was awarded as recommended, and the Comptroller and Secretary of the Board were authorized to execute the same.

#### **CONTRACT FOR REMODELING IN DENTISTRY-MEDICINE- PHARMACY BUILDING**

(17) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$28,689 to Frank Stowell & Sons, Inc., Chicago, the lowest bidder, for remodeling of quarters for the Department of Physiology in the Dentistry-Medicine-Pharmacy Building.

Funds are available in a special appropriation made by the Board of Trustees on May 15, 1954, for remodeling.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **CONTRACT FOR LANDSCAPING EAST DENTISTRY- MEDICINE-PHARMACY BUILDING AREA**

(18) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$7,472.50 to Clauss Bros., Chicago, the lowest bidder, for landscaping the area surrounding the East Dentistry-Medicine-Pharmacy Building. The work will consist of installation of top fill, planting trees and shrubbery, and seeding the area surrounding the East Dentistry-Medicine-Pharmacy Building.

Funds are available in the construction budget for the East Dentistry-Medicine-Pharmacy Building to cover the cost of this work.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Grange, this contract was awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **CONTRACT FOR POWER PLANT ADDITION**

(19) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$5,649 to the Asbestos and Magnesia Material Company, Chicago,

the lowest bidder, for the thermo-insulation work on the Power Plant addition.

Funds are available in the state appropriation "For addition to Power and Heating Plant, including plans and specifications and fixed equipment," subject to release by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract.

On motion of Mr. Johnston, this contract was awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### CONTRACT FOR STORAGE BUILDING ON UNIVERSITY FARM

(20) The Dean of the College of Agriculture and the Comptroller recommend award of a contract for \$6,057.96 to Harshbarger Building and Supply Company, Urbana, the lowest bidder, for construction of a 28 by 60 foot steel, utility-type, machinery and equipment storage barn for the Department of Agronomy.

Funds are available in a special appropriation made to the College of Agriculture by the Board on March 20, 1954.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract.

On motion of Mrs. Holt, this contract was awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### CONTRACT FOR FURNACE MAINTENANCE

(21) The Director of the Physical Plant and the Comptroller recommend award of a contract for the year 1954-55 to J. R. Boers Heating Company, Champaign, the lowest bidder, for maintenance work on furnaces in the individual housing units operated by the University, according to the following terms:

	<i>Regular Time</i>	<i>Overtime</i>	<i>Sundays and Holidays</i>
Furnace Mechanic.....	\$2.00	\$3.00	\$3.00
Mechanics Helper.....	1.40	2.20	2.20
Overhead—30 per cent of labor and materials cost			

Funds are available in the operating income from these units.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### ELECTRICAL SERVICE FOR TELEVISION STUDIO

(22) The proximity of the Betatron to the Television Studio in Memorial Stadium causes interference with the transmission of television pictures when electricity from the University Power Plant is used. It is, therefore, necessary to purchase electrical service from the Illinois Power Company.

The Power Company will extend its lines to the Stadium without charge to the University provided the University agrees to use the service for at least three years. The rates charged will be the Company's standard service classification 21, for customers using less than 5,000 kva. The minimum monthly charge is \$120 and the estimated cost of electricity to be used is about \$5,000 a year. The agreement may be terminated at the end of three years or any year thereafter on ninety days' notice by either party. The Comptroller and the Director of the Physical Plant recommend that this agreement be made with the Illinois Power Company.

Funds are available in the Television-Motion Picture operating budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the agreement.

On motion of Mr. Hickman, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the necessary agreement.

**INCREASE IN PAYMENTS FOR USE OF URBANA CITY DUMP**

(23) The Director of the Physical Plant and the Comptroller recommend that the action of the Board on May 15, 1954, authorizing continuation of the present agreement with the city of Urbana, relating to the operation of the city dump whereby the University will pay its proportionate share of land acquisition costs, be amended to authorize payments as follows:

		<i>Instead of</i>
1954-55.....	\$4 650 00	\$4 950 00
1955-56.....	2 145 00	1 800 00
1956-57.....	2 047 50	1 800 00
	<u>\$8 842 50</u>	<u>\$8 550 00</u>

The city has acquired a larger tract of land, approximately eighty acres instead of thirty, than originally contemplated which increases the University's obligations under this agreement.

I concur in this recommendation.

On motion of Mr. Hickman, the previous action of the Board was amended as recommended above, this action being taken by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Nickell, Mr. Stratton.

**INCREASE IN CONTRACT OF CONSULTING ENGINEERING SERVICES**

(24) The Board of Trustees has authorized a contract with Consulting Engineering Services, Champaign, for various types of engineering work in planning the construction of new buildings. The contract provides for payment of actual salaries of personnel, plus 90 per cent for overhead and commission, with a maximum of \$5,000 on the Law Building and \$2,500 on any other job.

The consulting engineering services required in designing the Veterinary Clinic Building will cost more than the \$2,500 limitation. The Director of the Physical Plant and the Comptroller recommend an increase in the contract to a maximum of \$3,500 for this particular job.

I concur and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Hickman, this recommendation was approved and the Comptroller was authorized to execute the necessary change in the contract.

**REJECTION OF BIDS ON VETERINARY CLINIC BUILDING**

(25) The bids received on the construction of the Veterinary Clinic Building total \$712,248, whereas the state appropriation for this building is only \$586,000. The Dean of the College of Veterinary Medicine and the University Architect are revising the plans for this building to provide for its construction within the funds available.

The Director of the Physical Plant and the Comptroller recommend that all bids except the bids for laboratory equipment be rejected and that new bids be taken on the remaining work.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

**EXTENSION OF CONTRACT FOR OPERATION OF CONTROL SYSTEMS LABORATORY**

(26) Since early 1951, the University has been carrying on certain import confidential research for the Department of Defense in the physical sciences. To carry on these studies, the University organized within the Engineering Experiment Station the Control Systems Laboratory of which the Head of the Physics Department is the Director. Contracts with three branches of the armed services for the support of this project will have totaled \$4,346,984 through November 30, 1954. This covers all direct and indirect costs to the University. (A review of the project and the special procedures followed in it were presented to the Board September 23, 1953, and a copy of that report is attached.)

The program and policies which have been in effect in the Laboratory have been reviewed by the University Research Board during the past year. As a result of this study, it was concluded that the work is important and that the procedures in force in the Laboratory should be continued without change as long as the contract is classified as an "urgent" defense contract because it was believed that the policies could not be discontinued without jeopardy to the program. The program is regarded with high favor by government agencies.

On February 18, 1954, the Board approved a contract with the Department of the Navy wherein the University was to acquire a certain purpose equipment for use in the Laboratory. In approving this contract it was recognized that the University was committed to the continuation for several years of certain of the programs of the Control Systems Laboratory.

The present contract expires November 30, 1954. The Director requests and the Dean of the College of Engineering recommends the continuation of this project for one year at the present level of \$1,200,000 a year and the negotiation of a new contract.

I concur in this recommendation and request approval and authority for the Comptroller and the Secretary of the Board to execute the contract.

On motion of Mr. Bissell, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute a new contract.

#### EXTENSION OF AIR FORCE CONTRACTS

(27) On September 15, 1952, the University entered into Contract AF 19(604)-524 with the Cambridge Research Center of the United States Air Force for research by the Department of Electrical Engineering on the production of very high frequency oscillations for which \$52,000 was to be provided. Subsequently, the contract price was increased by \$210,666. It is now proposed that the contract be extended to September 14, 1955, and that an additional \$125,000 be made available. The University will receive reimbursement for both direct and indirect costs incurred. This extension has been recommended by the Dean of the College of Engineering, the Chairman of the University Research Board, and the Comptroller.

At the same time, the University entered into a classified contract with the Wright Air Development Center for research by the Department of Electrical Engineering covering the period of November 15, 1952, through November 15, 1953, for which \$34,931 was to be provided. On June 1, 1953, the contract was extended to September 1, 1954, and an additional \$72,147 was provided for the work; on September 1, 1953, \$125,000 was added to the contract price, and again, on March 19, 1954, it was increased by \$25,000, with no extension of time specified. The total provided through September 1, 1954, is \$257,078. It is now proposed to extend the contract for an additional year, or to September 1, 1955, with another increase of \$150,000 in the contract price. The Dean of the College of Engineering, the Chairman of the University Research Board, and the Comptroller recommend approval of this extension.

I concur in the recommendations for the respective contracts and request that the officers of the Board be authorized to execute the necessary documents.

On motion of Mr. Herrick, these recommendations were approved and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents.

#### CONTRACT FOR RESEARCH IN NUCLEAR PHYSICS

(28) The University has had a contract with the Department of the Navy, Office of Naval Research, since March 1, 1946, for research in nuclear physics. This contract, N6ORI-071(01), supporting the major portion of nuclear physics research at the University of Illinois and including the betatron and cyclotron work, is now in effect until December 31, 1955.

During the period March 1, 1946, through December 31, 1955, \$3,661,636 has been provided under the contract. Its work specifications are very broad, enabling University scientists to do research in any area of nuclear physics. The contract provides for full reimbursement to the University for all direct and indirect costs.

It is now proposed to extend the contract an additional year, through December 31, 1956, which will provide \$400,000 of additional funds for the program.

The Dean of the College of Engineering, the Chairman of the University Research Board, and the Comptroller recommend continuation of this contract.

I concur.

On motion of Mr. Hickman, extension of this contract as recommended was authorized.

**QUARTERLY REPORT OF THE COMPTROLLER**

(31) The Comptroller presents his quarterly report to the Board of Trustees as of June 30, 1954.

This report was received for record and a copy has been filed with the Secretary of the Board.

**REPORT ON TAXPAYER'S SUIT ON UNIVERSITY  
TELEVISION OPERATIONS**

(32) On September 10, 1954, Stephen Turkovich, who alleges that he operates a restaurant in Evanston, Illinois, and pays taxes under the Retailers Occupation Tax Act in connection therewith, filed a petition in the Circuit Court of Sangamon County, Illinois, for leave to file a suit to enjoin the University, the State Auditor of Public Accounts, and the State Treasurer from expending for the purposes of constructing, equipping, and operating a television broadcasting station any state funds appropriated to the University by the General Assembly at the latter's last session.

From the copy of the complaint he sought leave to file, it appears that he contends that any expenditure of such funds for such purposes would be illegal on the ground that no appropriation of such funds therefore was made in that appropriation act. In this connection it is alleged in the complaint that the General Assembly has never passed an act authorizing the University to construct and operate a television broadcasting station, and that the current appropriation act appropriating state funds for "the ordinary and contingent expenses" of the University during the current biennium contains no provision specifically or expressly appropriating any funds to the University for that purpose. It is further alleged in the complaint that if, notwithstanding these considerations, the appropriation act is to be construed as appropriating funds to the University for such purposes, any appropriation therefore contained in the act is void as being in conflict with a provision of the Illinois Constitution requiring that appropriations of public funds specify the objects and purposes for which they are made and appropriate the several amounts appropriated therefore "in distinct items and sections," and also as constituting an unlawful delegation of legislative powers to the University.

Except as to three specific items, the appropriation act appropriated funds to the University under headings constituting the classification of objects and purposes specified and defined in the State Finance Act. (Accordingly, it appropriated a large amount "For Personal Services," another "For Contractual Services," another "For Equipment," etc., without specifying or detailing the personal or contractual services, equipment, etc., which are to be paid therefrom.) This has been the plan followed in and the form of all of the appropriation acts appropriating state funds for the operation of the University, as distinguished from acts making appropriations for the construction of capital improvements (such as the Law Building, Home Economics Building, etc.) beginning with that enacted in 1943 and has been approved by the Director of the State Department of Finance, the State Auditor of Public Accounts, and other interested state officers. The acts enacted at the last session of the General Assembly appropriating state funds for the expenses of Southern Illinois University, the State Teachers Colleges, and several of the departments of the state government, are quite similar to that appropriating funds for the expenses of the University. Obviously, if any of the foregoing contentions made in the complaint are upheld by the courts, the logical result would be that any expenditure of funds so appropriated to the University for any of its activities would be illegal upon the same grounds, with the exception, of course, of the three small appropriations made for purposes specified in the act. The same result would follow with respect to the appropriation acts for the other state educational institutions and for a number of the state's executive departments.

For this reason, and also because it is possible that it may be contended that the University is limited in its activities to those specifically authorized in the statutes creating the University and defining its powers, the potential issues in this case would appear to render it the most important one in which the University has been or is involved. Although only the right of the University to construct and operate a television broadcasting station, the question of whether any appropriation has been made to the University for that purpose, and the question of

whether any appropriation for that purpose which the act may be construed to contain is valid constitute the only questions which will be directly presented to the courts for determination in the suit, the principles upon which they will have to be decided are of far-reaching and vital importance.

According to news articles appearing in the public press since the petition was filed, Mr. Turkovich has stated that he has no connection with radio or television broadcasting and stated that he filed the petition at the instance of the Illinois Broadcasters Association and that the latter is to pay the legal expenses which will be incurred by the litigation. This appears to have been confirmed by a statement made by the Chairman of the Television Committee of that Association. It is obvious, therefore, that the suit is due to the opposition of that Association or some of its influential members to the construction and operation of the University's contemplated educational television broadcasting station.

An Illinois statute requires a taxpayer desiring to institute and prosecute such a suit to first obtain leave of court to file it. It further provides that such leave shall be granted if the court finds "that there is reasonable ground" for filing it. Sometimes applications for leave to file such suits are successfully opposed on the ground that they are wholly lacking in merit, but, more frequently, the courts permit them to be filed and decide the cases on their merits after all of the material facts have been presented to them.

Many of the facts which the Legal Counsel and his colleagues who are advising and assisting him in the case consider very important and believe should be before and taken into consideration by the courts in deciding the important issues in this case do not appear in the complaint. Consequently, they concluded that, in order that the University will have an opportunity to properly bring those facts before the courts in connection with the suit, it was advisable to not oppose the petition for leave to file it, but to permit it to be filed in order to present the material and important facts in the pleadings subsequently to be filed by the University in the proceeding. Accordingly, the Legal Counsel so informed Circuit Judge DeWitt S. Crow when the petition was heard on September 16, with the result that the petition was granted and the complaint was filed. The University and the defendant state officers, who are represented in the suit by the Attorney General, were given until October 18 to plead to the complaint. The Legal Counsel made it plain to Judge Crow, and the latter stated that he understood, that, in not opposing the filing of the complaint, the defendants were *not* conceding that it states a good cause of action, that any of the contentions made in it are valid, or that the plaintiff is entitled to the injunctive relief which he seeks. The course thus followed to date in the proceeding by the Legal Counsel was approved by the President of the University, the Comptroller, and other interested University officers with whom it was discussed before it was adopted and followed.

Because of the important and vital issues involved in the suit, and the possible serious consequences to the University, not necessarily confined to the construction and operation of its contemplated educational television broadcasting station, which might ensue if the plaintiff's contentions prevail, the suit should be and will be contested with the utmost vigor by the Legal Counsel, with the assistance of other members of the University's staff and the Attorney General. Every effort will be made to uphold and sustain the University's right, power, and authority to engage in educational and research activities not specifically authorized by the statute creating it which the University feels exist, by implication, from the powers expressly granted it and the purposes for which it was created and founded, and to sustain the validity of the act appropriating state funds to the University for the current biennium.

The Legal Counsel does not regard it necessary to employ special counsel to assist him now, but recommends authority to employ such counsel, with the approval of the President of the University, in the event developments render it necessary or advisable to do so. For the time being, Professors Russell N. Sullivan and Rubin G. Cohn of the College of Law are assisting him.

I concur in this recommendation.

On motion of Mr. Livingston, this recommendation was approved, with the provision that the selection of any special counsel to be employed be subject to prior approval of the Board or its Executive Committee.

**MANDAMUS SUIT OF PATRICIA BLUETT**

(33) Miss Patricia Bluett of Chicago, Illinois, a former student in the College of Medicine, was dismissed from the University by the Committee on Policy and Discipline of the Chicago Professional Colleges on charges of cheating, or attempting to cheat, in certain examinations. She has now instituted a mandamus suit in the Circuit Court of Cook County, Illinois, against the University, the elected members and ex officio members of its Board of Trustees, and officials of the Chicago Professional Colleges, seeking a court order reinstating her as a student in the College of Medicine. A summons was issued in that suit on September 3, 1954, returnable on September 13 for those who had been served at least five days prior to the latter date.

The Legal Counsel has been authorized to defend the suit and, because he will need assistance in handling the litigation, he has also been authorized to engage the services of Mr. Albert E. Jenner, Jr., of the firm of Johnston, Thompson, Raymond and Mayer, Chicago, as special counsel in this case. Mr. Jenner is an alumnus of the University and a former President of the Illinois State Bar Association.

Since action had to be taken in the suit by September 13, and services of special counsel were needed in advance of that date, time did not permit securing authorization from the Board in advance.

Confirmation of these actions is requested.

On motion of Mr. Johnston, the actions of the President of the University were confirmed.

**HARLEY J. VAN CLEAVE MEMORIAL LOAN FUND**

(34) Former students of the late Professor Harley J. Van Cleave of the Department of Zoology are raising money to establish a student loan fund to be turned over to the University for the benefit of worthy doctorate candidates in zoology who are in need of financial aid. The formal offer to the University has been made on behalf of the students by Professor Marvin C. Meyer of the Department of Zoology of the University of Maine.

I have informed Professor Meyer that the University will accept these funds under the conditions expressed in the copy of the proposal.

On motion of Mrs. Watkins, the action of the President of the University was confirmed.

**CONTRACTS FOR CONSTRUCTION OF HOME ECONOMICS BUILDING**

(35) The Director of the Physical Plant and the Comptroller recommend award of contracts to the following for the construction of the Home Economics Building:

General—Felmley-Dickerson Co., Urbana.....	\$1 593 000
Electrical—Brunkow Electric Co., Champaign.....	222 000
Plumbing—R. Hayes Co., Inc., Champaign.....	130 500
Heating and Refrigeration—Robert Gordon, Inc., Chicago.....	197 792
Ventilating—F. R. Inskip & Co., Champaign.....	212 000
Pipe Covering—W. J. Donahoe Co., Chicago.....	45 790
Temperature Controls—Johnson Service Co., Chicago.....	66 220
Walk-In Refrigerator—United Cork Co., Chicago.....	29 972
	<b>\$2 497 274</b>

With the exception of the heating and refrigeration, the recommendation is for the award to the lowest bidder in each case. The lowest bid, \$172,531, for heating and refrigeration was submitted by Gallaher and Speck, Inc., Chicago. This company has reported that they made a substantial error in their bid, and have requested its withdrawal knowing that this may result in forfeiture of their bid deposit of \$5,176.

Contractors were invited to bid separately on plumbing and on heating and refrigeration or to submit combined bids on these two divisions of work. Separate contracts are being recommended since the sum of the bids in these two divisions is less than the lowest combined bid.

The conditions of bidding require a bid deposit of three per cent of the base bid plus all alternates. On the electrical work, six alternates were taken for

work to be omitted and one alternate for work to be added. The Physical Plant, however, is not now recommending acceptance of any of the alternates. The bid deposit submitted by the Brunkow Electric Co., the lowest bidder on the electrical work, is exactly three per cent of the base bids. One of the other bidders raised the question whether the bid deposit submitted by Brunkow is sufficient to comply with bidding requirements. In the invitation to bid, the University reserved the right to waive any informalities in the bidding and to accept the bid which is deemed most favorable to the interests of the University. Award of the contract for the electrical work to the Brunkow Electric Co. is being recommended with the understanding that the Board of Trustees is willing to waive such informalities, if any, that may be present in connection with the bid deposit submitted by that company and to accept its bid as being most favorable to the interests of the University. As a matter of fact, the net effect of the alternates (six deductions and one addition), if taken, would be to reduce the base bid plus alternates, so that Brunkow's bid deposit is in excess of requirements. (The second lowest bidder in this division is \$1,332 higher.)

Only one bid, \$399,466.30 was received on the laboratory equipment. In view of this and the size of the contract, the Director of the Physical Plant and the Comptroller recommend it be rejected and new bids be taken. They also recommend that action be deferred on the award of contracts for kitchen equipment and elevators for not to exceed sixty days from September 21, 1954, the date bids were opened. Since the lowest bidder for kitchen equipment is unknown to the architects, the Physical Plant, and the staff of the Department of Home Economics, a delay is required pending investigation. For the contract for elevators, more time is required to permit careful analysis of the bids submitted.

The conditions of bidding include provision for rejection of bids and for the holding of bids for sixty days from the date of opening. The nature of the work in these three divisions is such that a two-month delay in award of contracts will not affect completion of the project as a whole.

The proposal of the Felmley-Dickerson Co., the lowest bidder on the general work, states that they will substantially complete the building in 640 days from the date of receipt of notice of award of the contract and they will fully complete the project in 670 days. These are general estimates of time and an official of the company has stated they will vigorously prosecute the execution of the work and expect to finish the building in a shorter period.

Part of the Home Economics Building project is a Child Development Laboratory which will be a separate building. It will be necessary to have the appropriation act amended to permit construction of two buildings. This has been discussed with the Director of Finance and the Chairman of the Budgetary Commission. Drawings and specifications are being prepared for the Child Development Laboratory Building with bids scheduled to be received so that contracts can be awarded to and construction started immediately after the amendment of the appropriation act by the Sixty-ninth General Assembly.

Funds are available in state appropriations made to the University for this building and equipment, subject to release of funds by the Governor.

I concur in these recommendations and request that the Comptroller and the Secretary of the Board be authorized to execute the contracts.

On motion of Mrs. Holt, these recommendations were approved, and the Comptroller and the Secretary of the Board were authorized to execute the contracts awarded. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Nickell, Mr. Stratton.

#### RESOLUTION FROM THE UNIVERSITY OF THE ANDES

During the summer of 1954, Dean W. L. Everitt of the College of Engineering, while on a brief trip to Venezuela and Colombia, South America, visited the University of the Andes in Bogotá. This is a new institution of higher education which has been sending a number of its students to the University of Illinois for advanced studies. At a reception for him, Dean Everitt was presented with two resolutions, one a personal salute of welcome and appreciation, and the other for the President of the University of Illinois and its Board of Trustees expressing gratitude for the services of the University of Illinois to the University of the Andes. The Secretary of the Board presented a translation of this resolution, the original of which is in his files.

On motion of Mrs. Watkins, the Secretary was requested to send an appropriate acknowledgment to the officials of the University of the Andes.

#### MEMORIAL TO MERLE JAY TREES

President Megran offered the following:

The Board of Trustees of the University of Illinois records with deep sorrow the passing on August 7, 1954, of Merle Jay Trees, a former member and one time President of this Board.

Mr. Trees was born near Mayview, Illinois, on June 14, 1883. He graduated from the University of Illinois in 1907 and received the professional degree of Civil Engineer in 1911. His long and successful business career was even more distinguished by generous contributions of time and energy to numerous worthy activities and causes. He was one of the University's great and loyal friends, devoting years of service to his Alma Mater. He was President of the Alumni Association in 1921 to 1922. He served as a member of the Board of Trustees for twelve years from 1923 to 1935 and was President of the Board from 1926 to 1928. During his two terms on the Board of Trustees he devoted much of his time and talent to shaping up the University's investment policy. His service on the Board extended through the years of the south campus development of the University, including the construction of the Library, David Kinley Hall, the Architecture Building, George Huff Gymnasium, and the Memorial Stadium. He was a generous contributor to the Memorial Stadium fund and to other Illini projects for which his aid was sought. He served on the Stadium Executive Committee which had the responsibility of financing the construction of the Stadium and was one of its financial guarantors.

One of the finest gifts the University has received was announced in January, 1938—the "Emily Nichols Trees (Class of 1905) and the Merle Jay Trees (Class of 1907) Collection" of paintings. Mr. and Mrs. Trees have been adding to this collection of masterpieces of art each year and established an endowment fund for its maintenance. It is an artistic and educational resource of inestimable value.

In 1908, Mr. Trees joined the Chicago Bridge and Iron Company, and rapidly rose through various responsible positions to those of a member of the Board of Directors in 1913, Vice-President in 1918 and Executive Vice-President in 1942. In 1945 he became Chairman of the Board, which position he held when he died. He had also served on the boards of a number of other industrial corporations, financial institutions, civic, cultural, and charitable organizations.

In 1909, he married Emily Lavinia Nichols, an alumna of the University of Illinois of the Class of 1905. They have two children, Mrs. Katherine Trees Livezey and Mr. George Spencer Trees, the latter also being an alumnus of the University.

The Board of Trustees directs that this tribute be incorporated in the minutes of today's meeting to become a part of the official public record and that copies be sent to the members of Mr. Trees' immediate family as a message of sympathy in the loss they have suffered and as a formal expression of the Board's appreciation of the services of a distinguished former member.

On motion of Mrs. Watkins, this memorial was adopted.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**October 27, 1954**

The October meeting of the Board of Trustees of the University of Illinois was held in the Illini Union Building, Urbana-Champaign, Illinois, on Wednesday, October 27, 1954, beginning at 10:30 a.m.

The following members were present: Mr. Cushman B. Bissell, Mr. Harold E. Grange, Mr. Wirt Herrick, Mr. Robert Z. Hickman, Mrs. Doris S. Holt, Mr. Park Livingston, Mr. Herbert B. Megran, and Mrs. Frances B. Watkins. Mr. Wayne A. Johnston, Mr. Vernon L. Nickell, and Governor William G. Stratton were absent.

Also present were President Lloyd Morey, Provost Henning Larsen, and Messrs. H. O. Farber, Comptroller, and A. J. Janata, Secretary of the Board.

## EXECUTIVE SESSION

The Board convened as a Committee of the Whole for consideration of recommendations from the President of the University relating to the biennial budget and building program for 1955-57. The Board also received a report from a special committee of its members appointed to study the budget and building program in detail in consultation with the President and other University administrators. Official action was deferred until the open meeting of the Board held later in the day.

## OPEN SESSION

At 2:00 p.m., the Board convened in open session. The same members of the Board, officers of the University, and officers of the Board were present as recorded at the beginning of these minutes. Mr. J. F. Wright, Director of Public Relations, was also present.

## SELECTION OF A PRESIDENT OF THE UNIVERSITY

President Megran reviewed briefly the work which has been done on the selection of a new President of the University, and particularly what has taken place since his report to the Board at the September meeting. He asked that no action be taken at today's meeting because (a) the Board needs to devote a great deal of time to the biennial operating budget and building program for the biennium of 1955-57, which is one of the most important budgets ever to come before the Board, and (b) he desires unanimity and full participation on the part of all members of the Board which is not feasible today since three of the Board of Trustees are not present. He stated that he would call a meeting of the Board within thirty days for this purpose.

On motion of Mrs. Holt, the Board voted to postpone consideration of this matter, and the President of the Board was authorized to call a meeting within thirty days, giving five days' notice thereof, for the specific purpose of consideration of the selection of the new President of the University.

## BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

## SALE OF UNIVERSITY HOUSES

(1) Pursuant to the plan authorized by the Board of Trustees for the sale of University-owned residence properties in Urbana-Champaign which are outside the area of future campus expansion, the Director of the Physical Plant and the Comptroller recommend the sale of the following residence properties owned by the University:

<i>Street Address</i>			
<i>All are on</i>			
<i>Hessel Boulevard,</i>			
<i>Champaign, Illinois</i>			
	<i>Purchaser</i>	<i>Sale Price</i>	<i>University Investment</i>
207	Fred and Judith Fiedler	\$ 9 195	\$10 244
202	Royall and Mary Brandis	9 445	10 235
203	Andrew and Anne Swago	9 195	10 244
311	Edward and Phyllis Mast	10 800	13 789
411	Isidore and Phyllis Hodes	11 200	13 461
403	John and Norma Jane Templin	12 000	14 843
		(\$61 835)	(\$72 816)

The first three listed are National Homes units and the last three were constructed by the Small Homes Council with some outside grants of funds as research and demonstration projects.

The sale price in each case is based upon an independent appraisal by a real estate expert. The prospective purchasers are staff members presently leasing these houses from the University.

Of the thirty-one houses which were constructed on Hessel Boulevard, eight houses have been sold to date. In these sales, the University investment in the properties exceeded the sale price by \$3,794. Including the above proposed sales, the excess of investment over selling price will be \$14,775. During the time the University has owned and rented these properties, however, a net income of \$54,000 has been realized, the major portion of which was applied to the payment of principal on the funds borrowed to finance this project.

I recommend that the Board authorize the sale of these properties and the adoption of the following resolutions:

#### *Resolution*

WHEREAS, Fred E. Fiedler and Judith M. Fiedler, his wife, of Champaign, Illinois, hereinafter termed "Purchasers," have offered to purchase the hereinafter described property known as 207 Hessel Boulevard, Champaign, Illinois, upon the terms and conditions hereinafter set forth;

#### PURCHASE OF PROPERTY AT 1201 WEST NEVADA STREET, URBANA

- (2) The property at 1201 West Nevada Street, Urbana, which is within the area of the University's long-range land acquisition program, has recently become

available for purchase. It is at the southwest corner of Nevada Street and Goodwin Avenue, immediately west of the Residence Halls on Nevada Street and adjoins the site of the new Home Economics Building. The lot is 72 feet wide, 147 $\frac{3}{4}$  feet deep, and is improved with a three-story brick and stucco residence which is in a very good state of repair.

The property is offered the University at a price of \$50,000, which represents a cost of \$4.71 per square foot of land. The house has 4,538 square feet (gross) of floor area. At the selling price this would be a cost of approximately \$11.00 per square foot of floor area, which is half the cost of constructing an equivalent amount of new space. The house is needed by the Department of Home Economics for conversion into practice apartments for students and will be satisfactory for long-term use for this purpose.

The Director of the Physical Plant and the Comptroller recommend the purchase of this property at the price indicated. It will not be available to the University until next spring and, therefore, if purchased by the University the contract will include the usual provision for pro rata division between the University and the owner of payments of taxes, insurance premiums, and other costs.

I recommend the purchase of property and that an appropriation of \$50,000 be made from the General Reserve Fund. I also request that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents for the acquisition of the property.

On motion of Mr. Grange, the purchase of this property and the execution of the necessary documents were authorized, and an appropriation of \$50,000 was made from the General Reserve Fund for this purchase by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Johnston, Mr. Nickell, Mr. Stratton.

#### PATENTABLE DISCOVERIES

(3) The University Patent Committee submits the following recommendations relating to potentially patentable discoveries:

1. An acoustic probe—William J. Fry, Research Associate in Electrical Engineering, and his wife, Ruth B. Fry, inventors. This invention was reported to the Board of Trustees on June 19, 1952, and was turned over to the University of Illinois Foundation for development, with the proviso that if the Foundation did not find it commercially feasible to pursue a patent application all rights would be released to the United States Air Force since the acoustic probe was developed in research under a contract with the Air Force. Foundation officials have concluded that the invention does not have commercial possibilities, and the inventors have requested that it be released to them. The Air Force has agreed to such release provided that the United States government is given full patent protection, namely, a royalty-free, nonexclusive license for the use of any patents allowed. The inventors have agreed to this condition.

The Patent Committee now recommends that the invention be released to the inventors under the condition stipulated by the Air Force.

2. Non-sticking rings for close-fitting plugs—Lawrence E. Doyle, Associate Professor of Mechanical Engineering, inventor. This invention may have widespread usage as the device will make it easier and quicker to insert a straight plug or rod into a close-fitting hole. The invention is of such a nature that it may be applied to tools constructed in various locations and usually as part of a larger machine or tool, with identification very difficult. If a patent could be secured, it would be very difficult, if not impossible, to administer and enforce and, therefore, commercial possibilities are remote. In other words, the development can be easily and widely copied and used, with little chance of enforcing any property rights that might be vested as a result of a patent issuance.

For these reasons, the inventor plans to dedicate his invention to the public by publication, and the head of the Department of Mechanical Engineering and the Patent Committee recommend that the invention be released to the inventor.

3. Patentable discoveries arising from research in the health sciences sponsored by nonprofit organizations. On June 22, 1950, the Board of Trustees authorized the waiver of the University's patent policy with respect to grants received from the American Cancer Society. Generally, nonprofit organizations

in the health sciences require as a condition to making grants for research that patentable inventions or developments be administered solely in the public interest. Some organizations require assignment of such discoveries to them; others stipulate that they be allowed to approve the disposition of the developments; and a third group merely requires that discoveries be dedicated to the public through publication. This is not entirely in accord with University policy, which provides that the University shall control these developments for the benefit of the public and the University, and considerable difficulty is experienced in negotiations for grants from such organizations in support of research.

Accordingly, the Patent Committee recommends that the waiver of University patent policy given to the American Cancer Society in 1950, whereby the patent policy of the granting organization shall apply, rather than customary University patent policy, be extended to the following organizations in those cases where such waiver is required by them and the policy of the organization requires dedication of the invention or development to the public:

- American Foundation for Tropical Medicine
- American Heart Association
- Arthritis and Rheumatism Foundation
- Asthmatic Children's Aid
- Canadian Cancer Society
- Chicago Heart Association
- Damon Runyan Cancer Fund
- Leukemia Research Association
- Life Insurance Medical Research Fund
- Muscular Dystrophy Association
- National Foundation for Infantile Paralysis
- National Foundation for Prevention of Blindness
- National Multiple Sclerosis Society
- National Tuberculosis Association
- National Vitamin Foundation
- United Cerebral Palsy Association

I concur in these recommendations.

On motion of Mr. Grange, these recommendations were approved.

#### **BIENNIAL OPERATING BUDGET 1955-57**

(4) The state law requires that the University file with the Department of Finance, on or before November 1, of each even-numbered year, a budget of requests for appropriations for the biennium beginning the following July 1.

I submit herewith the following recommendations: (1) proposed operating budget of salaries, expense, and equipment, and (2) proposed budget of capital additions.

The operating budget is the result of an intensive review by a special budget committee headed by the Provost. The capital budget is based upon the recommendations of the Building Program Committee and the Committee on Future Development of the Chicago Undergraduate Division. The budgets have also been reviewed broadly with the University Council. In each instance substantial reductions have been made in the requests from the various departments and colleges, and the resulting proposals include the sums which in the judgment of the University administration represent the amounts needed to carry on and develop the activities of the University in an adequate and comprehensive manner during the coming biennium.

By direction of the Board these budgets were submitted in advance to a special committee of the Board and were intensively reviewed by it. The recommendations of this committee are submitted with this report.

I concur in the recommendations and request that the budgets be approved as a basis for filing with the Department of Finance and further discussion with the state administration and the Budgetary Commission.

#### **Report of the Special Committee on the 1955-57 Biennial Budget**

The Committee appointed to review the biennial budget of the University for 1955-57 met in the Illini Center, Chicago, on October 18, 1954. All members of the Committee were present; the President of the University, the Provost, the Comptroller, and the Assistant to the Comptroller were also present.

The President submitted and analyzed the requests of the University. The Committee, after detailed study and questioning, agreed in principle on increases to fill the following needs:

#### *I. Operating Budget*

1. To maintain present level of operation.
2. To activate new areas.
3. To provide for salary increases for both the academic and nonacademic staff.
4. To provide for additional enrollment.
5. To meet increased costs of operations for present programs.
6. To strengthen and develop the educational program.

The Committee recognized that University officers and the Budget Committee had made a thorough study of all requests and had screened them carefully to include only significant items. After full discussion, it was agreed that the total budgetary request—\$91,730,000—could be justified for presentation to the General Assembly.

The Committee also considered an increase in student fees to offset in part the increased cost of operation. Fees now charged at the University of Illinois are below the average charged at comparable institutions. In view of the increased cost indicated by the proposed budget, the Committee recommends an increase in fees of \$15.00 a semester for all students—both resident and nonresident. Such an increase would put the University of Illinois in the upper half of Big Ten institutions but not at the top.

#### *II. Capital Budget*

The Committee reviewed the capital askings proposed by the University Building Program Committee. To these was added an item of \$6,750,000 for a permanent site for the Chicago Undergraduate Division and for making studies for its development. Total capital askings of \$37,185,000 are recommended for presentation to the Budgetary Commission.

#### *III. Summary*

Detailed statements of the proposed operating and capital budgets and comparisons with present budgets are attached.

In making recommendations, the Committee believes it is the responsibility of the Board of Trustees to submit to the General Assembly a comprehensive statement of what in its best judgment is needed to operate and maintain the University, to meet its changing requirements, and to provide for its development.

Accordingly, the Committee recommends:

1. That a proposed operating budget of \$91,730,000 (of which \$81,900,000 would be from General Revenue Funds) and a proposed capital budget of \$37,185,000 be approved for filing with the Department of Finance;
2. That the President of the Board of Trustees and the President of the University be authorized to present these needs to the state administration and the Illinois Budgetary Commission.

The President of the University also read a supplementary statement concerning the budget for 1955-57. A copy of this statement and the complete text of his discussion of all proposed increases which he presented in support of his recommendations have been filed with the Secretary of the Board for record.

Following extended discussion, on motion of Mr. Livingston the following budget for operations and building program for 1955-57 was approved, and the President of the Board and the President of the University were authorized to present these estimates to the Governor, the Illinois Budgetary Commission, and other state officials as representing the needs of the University for funds for operation and for buildings and other permanent improvements for the biennium of

1955-57. The motion was adopted by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Johnston, Mr. Nickell, Mr. Stratton.

**TUITION FEES**

Mr. Livingston, referring to one of the recommendations in the report of the special Board committee on the 1955-57 biennial budget, moved that student tuition fees be increased \$15.00 per semester in all departments of the University effective September 1, 1955.

This motion was adopted by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Johnston, Mr. Nickell, Mr. Stratton.

**DIVISION OF SERVICES FOR CRIPPLED CHILDREN  
BIENNIAL OPERATING BUDGET FOR 1955-57**

(5) The Director of the Division of Services for Crippled Children recommends a budget for the biennium 1955-57 which is \$103,200 more than the appropriations received for the biennium 1953-55.

In summary, a comparison of the proposed budget with the appropriations for 1953-55 is as follows:

	<i>Appropriations 1953-55</i>	<i>Proposed 1955-57</i>	<i>Proposed Increase</i>
From Tax Funds.....	\$3 000 000	\$3 000 000	.....
From Income of Division.....	.....	125 000	\$125 000
<i>Subtotal</i> .....	<i>(\$3 000 000)</i>	<i>(\$3 125 000)</i>	<i>(\$125 000)</i>
From Federal Funds.....	780 200	758 400	-21 800
<i>Total</i> .....	<i>\$3 780 200</i>	<i>\$3 883 400</i>	<i>\$103 200</i>

The funds available for appropriation from the income of the Division are receipts of the Division for the period prior to July 1, 1953, received mainly from local organizations as reimbursement for expenditures made by the Division. The Sixty-eighth General Assembly enacted legislation which enables the University to hold in its treasury such receipts, but receipts prior to July 1, 1953, were deposited in the University Income Fund and are held subject to appropriation to the Division by the Sixty-ninth General Assembly.

No increase is requested in appropriations from tax funds, but the additional funds described above will enable the Division to follow the same salary increase policy as that recommended for the University.

I recommend that the proposal be approved for filing with the Department of Finance and that the Director of the Division be authorized to present this request to the Budgetary Commission.

On motion of Mr. Grange, this budget was adopted and authority was given as requested by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Johnston, Mr. Nickell, Mr. Stratton.

**INSTITUTION FOR TUBERCULOSIS RESEARCH  
BIENNIAL OPERATING BUDGET FOR 1955-57**

(6) The Institution for Tuberculosis Research was created by the General Assembly for the "production, distribution and application of the bacillus Calmett-Guerin (BCG) and other methods and materials for the prevention of tuberculosis and for conducting research in tuberculosis." The responsibility for the professional operation and all other management and control of the Institution is vested in the University.

The Director of the Institution and the Administrative Committee for the Chicago Professional Colleges recommend a budget for 1955-57 amounting to \$56,126 for each year, or \$112,252 for the biennium. This represents an increase of \$22,342 for the biennium over the present appropriation.

The increase is requested for the following purposes:

Salary increases in accordance with the policy adopted by the University...	\$15 542
Employer contributions to the Retirement System.....	1 800
To reimburse the University for costs incurred on behalf of the Institution	5 000
Biennial Increase Proposed.....	\$22 342

I recommend that this budget be approved for filing with the Department of Finance and presentation to the Illinois Budgetary Commission.

On motion of Mr. Herrick, this budget was approved by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. Megrn, Mrs. Watkins; no, none; absent, Mr. Johnston, Mr. Nickell, Mr. Stratton.

#### APPOINTMENTS TO THE FACULTY

(7) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. RICHARD EDWARD BROWN, Assistant Professor of Dairy Production, in the Department of Dairy Science (C and S), beginning September 15, 1954, at an annual salary of \$6,000 (GY, 10 months).
2. PAUL M. DAUTEN, JR., Professor of Management, beginning September 1, 1954, at an annual salary of \$8,000 (D).
3. EDMUND W. J. DE MAAR, Lecturer with rank of Assistant Professor, in the Department of Pharmacology, in the College of Medicine, beginning September 1, 1954, without salary (DY).
4. ALFRED FLARSHEIM, Clinical Assistant Professor of Psychiatry, beginning September 1, 1954, without salary (DY).
5. DAVID A. HAMBURG, Clinical Assistant Professor of Psychiatry, beginning October 1, 1954, without salary (DY).
6. WILLIAM H. MURRAY, Clinical Assistant Professor of Psychiatry, beginning October 1, 1954, without salary (DY).
7. FRANK E. TROBAUGH, Assistant Professor of Medicine (Rush), beginning October 1, 1954, without salary (DY).
8. FREDERICK D. WRIGHT, Associate Professor of Mining Engineering, in the Department of Mining and Metallurgical Engineering, beginning October 1, 1954, at an annual salary of \$7,000 (A).

On motion of Mrs. Holt, these appointments were confirmed.

#### INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS ADVISORY COMMITTEE

(8) The Director of the Institute of Labor and Industrial Relations recommends the following appointments to the Institute's Advisory Committee for a term of three years beginning as of September 1, 1954:

CLYDE THOMPSON, State Legislative Representative of the Brotherhood of Railroad Trainmen, 176 West Adams Street, Chicago 3, Illinois.

Mr. Thompson's appointment is recommended as replacement for Mr. Clinton Bush, State Legislative Chairman, Brotherhood of Locomotive Firemen and Enginemen, Chicago, as one of the representatives of labor.

L. J. SCHMIDT, Director of Industrial Relations, Greenlee Bros. and Company, Rockford, Illinois.

Mr. Schmidt's appointment is recommended as replacement for Mr. G. W. Hoelscher, General Manager, East Side Manufacturers Association, Granite City, Illinois, as a representative of management.

JOHN DAY LARKIN, Dean, Liberal Arts School, Illinois Institute of Technology, Chicago, Illinois.

Dean Larkin's appointment is recommended as replacement for John E. Cassidy, Attorney, Peoria, Illinois, as one of the representatives of the public. Dean Larkin has had extensive experience in labor relations and is a well-known arbitrator, recognized by both labor and management as an expert student and nonpartisan practitioner in labor relations.

The organization of the Institute as approved by the Board of Trustees

when it was established in 1946 includes within its administrative framework a Faculty Council drawn from the University faculty at large but outside of the Institute's staff. The purpose of the Council was to give the newly established Institute the benefit of the advice and guidance of experienced members of the faculty, and the Council has been very useful in this respect. The Institute is now an established division. Its on-campus program operates within the framework of the Graduate College and since most members of the Institute's academic staff are also members of other teaching departments, there is a continuing liaison with related University areas of instruction and research and also with the Division of University Extension. There is now little or nothing for the Faculty Council to do and its members join with the Director of the Institute in recommending the Council be discontinued.

I concur in these recommendations.

On motion of Mr. Livingston, these recommendations were approved.

#### **SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(9) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

12. Departments of Physiology and Pharmacology, purchase of laboratory equipment .....	27 800
<b>Total.....</b>	<b>\$159 977</b>

I concur.

On motion of Mr. Hickman, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Johnston, Mr. Nickell, Mr. Stratton.

#### **PROFESSIONAL SERVICES ON SELECTION OF SITE FOR CHICAGO UNDERGRADUATE DIVISION**

(10) At its meeting on July 26, 1954, the Board of Trustees accepted the report and conclusions of the Committee on Future Development of the Chicago Undergraduate Division as representing the official policy of the University of Illinois with respect to a four-year program for this division of the University in Chicago and appropriated \$25,000 for future studies. A special committee has continued studies of this development with these objectives: (1) to submit recommendations on the selection of a specific site, and (2) to submit estimates of the funds required during the biennium of 1955-57.

Preliminary studies of site selection were made by the Real Estate Research Corporation pursuant to authorization by the Board at its meeting on March 20, 1954. The services of this corporation have been very satisfactory, and it is proposed that its services be continued to include:

1. Cataloging of all sites that may reasonably be considered as logical examples of low and medium building density sites, and the application to these sites of the criteria developed in the previous study.
2. Obtaining factual information from local government units as to future development programs to the extent that such programs may affect site selection.
3. Recommending the desirable site.
4. Engaging, orientating, and supervising such other professional services as may be necessary to complete the study.
5. Engaging, orientating, and supervising architectural and engineering services for preparation of a preliminary campus plan.

It is proposed that the University be billed monthly by the Real Estate Research Corporation on a time and expense basis at its regular hourly charges with the guarantee that such charges will not exceed \$20,000, excluding (5) above. This item is being excluded at this time because it has been impossible to anticipate the extent of the architectural and engineering investigations until the studies of the Real Estate Research Corporation have been well advanced. A separate recommendation will be submitted to the Board regarding the architectural and engineering services to be required.

I recommend that the Board authorize the execution of a contract with the Real Estate Research Corporation for the services and under the terms outlined above.

On motion of Mr. Livingston, this recommendation was approved.

#### CONTRACTS FOR CONSTRUCTION OF VETERINARY CLINIC BUILDING

(11) The Director of the Physical Plant and the Comptroller recommend award of contracts as follows for the construction of the Veterinary Clinic Building:

General—Kuhne-Simmons Co., Inc., Champaign.....	\$292 090
The base bid is \$299,890 and provides for a credit of \$7,800 for changing the construction of stall partitions from reinforced masonry with metal lath and cement plaster to reinforced concrete. The University is taking this alternate.	
Electric—Leverenz Electric Co., Danville.....	49 409
Plumbing—Reliable Plumbing and Heating Co., Champaign.....	43 975
Heating—Hosler and Pearson, Inc., Fort Wayne, Indiana.....	25 636
Ventilating—Robt. H. Bishop, Champaign.....	15 485
Laboratory Equipment—Robert M. Green and Sons, Inc., Nesquehoning, Pennsylvania .....	5 821
	<u>\$432 416</u>

In each case the recommendation is for the award to the lowest bidder.

The construction budget based on the first bids received and opened on August 20, 1954, totalled \$712,248, whereas the state appropriation for this building is \$586,000. On September 29, the Board authorized the rejection of all bids, except those for laboratory equipment, and the call for new bids based on revised plans. The new bids were opened on October 12, 1954. In this second bidding only one bid was received on the general work. Three other contractors who bid originally were requested to submit new bids but did not do so. The Physical Plant Department advises that on the basis of the four previous bids, the new bid on the general work in the rebidding is sound and acceptable and that the University could not expect to obtain a lower bid if a third bidding were taken. Another consideration is that construction of this project would be delayed at least one month, and perhaps longer, if a third set of bids were taken on the general work. Kuhne-Simmons Co., Inc., indicated in their bid that they can substantially complete their contract within 300 days after receipt of notice of award, or prior to September 1, 1955.

A budget based on the lowest bids received indicates that the building can be constructed within the state appropriation of \$586,000.

I concur in the recommendations for the awards of these contracts and re-

quest that the Comptroller and the Secretary of the Board be authorized to execute them.

On motion of Mr. Herrick, these contracts were awarded and the Comptroller and Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Johnston, Mr. Nickell, Mr. Stratton.

#### **CONTRACT FOR REFRIGERATION INSTALLATION IN THE CONSTRUCTION OF THE LAW BUILDING**

(12) Contracts previously awarded by the Board of Trustees for the construction of the Law Building do not include refrigeration installation planned in the original design to provide for summer cooling throughout the building. A decision on this phase of the work was deferred until it could be certain that sufficient funds would be available. It is now clear that this can be included.

The Director of the Physical Plant and the Comptroller recommend award of a contract for \$67,767 to F. R. Inskip and Company, Champaign, the lowest bidder, for the refrigeration work. This installation will involve additional work by other contractors, and the Physical Plant Department has obtained the following estimates of the added costs for their particular phases of the construction program:

Electric — Square Deal Electrical Contracting, Inc., Urbana.....	\$15 377 00
Heating — Gallaher and Speck, Chicago.....	9 140 00
Ventilating — Robt. H. Bishop, Champaign.....	1 927 33

Since these contractors are already on the job, it is not feasible to take competitive bids, and it is unlikely that other contractors coming into the construction program could do the work for less.

Funds are available in the state appropriation for the construction of the Law Building, subject to release by the Governor.

I concur in the recommendation for the award of this contract, subject to release of funds by the Governor, and request that the Comptroller and the Secretary of the Board be authorized to execute it. I also request that the Board authorize changes in the electric, heating, and ventilating contracts in the amounts indicated above to cover the additional work required in connection with the refrigeration installation. This phase of the work will be integrated with the work of other contractors and will not affect the completion date of the building.

On motion of Mr. Herrick, the recommended contract was awarded to F. R. Inskip and Company, and the Comptroller and Secretary of the Board were authorized to execute the same; and the recommended changes in the other contracts were authorized — all subject to the release of funds by the Governor. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Johnston, Mr. Nickell, Mr. Stratton.

#### **CONTRACT FOR REMODELING IN DENTISTRY-MEDICINE- PHARMACY BUILDING**

(13) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$44,082 to the Simpson Construction Company, Chicago, the lowest bidder, for remodeling in the Dentistry-Medicine-Pharmacy Building to provide more adequate quarters for the School of Nursing and the Department of Physiology.

Funds are available in a special appropriation made by the Board of Trustees on May 15, 1954, for remodeling.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**ADDITION TO CONTRACT FOR UTILITIES EXTENSION INSTALLATION**

(14) The Director of the Physical Plant and the Comptroller recommend that the contract with the George S. Walker Plumbing and Heating Company, Decatur, for installation of utility extensions to service the Home Economics, Veterinary Clinic, and Law Buildings be increased by \$3,419. At the time this contract was executed plans for the Veterinary Clinic Building, particularly with respect to the location of the mechanical equipment room, were not complete, and a tentative location was specified. As plans for the building were developed the best location of the room was found to be fifty feet south of the tentative location specified, which will require additional work by the contractor.

I concur and request that the Comptroller be authorized to execute this change in the contract.

On motion of Mrs. Holt, this increase in the contract was authorized.

**PURCHASES****Purchases Recommended**

(15) The Director of Purchases has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

I concur.

**November 29, 1954**

On call of the President, a special meeting of the Board of Trustees of the University of Illinois was held in the Blackstone Hotel, Chicago, Illinois, on Monday, November 29, 1954, beginning at 10:00 a.m.

The following members were present: Mr. Cushman B. Bissell, Mr. Harold E. Grange, Mr. Wirt Herrick, Mr. Robert Z. Hickman, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. H. B. Megran, Mr. Vernon L. Nickell, Mrs. Frances B. Watkins.

Also present were Mr. A. J. Janata, Secretary of the Board, and the following representatives of committees which have been assisting the Board of Trustees in the selection of a President of the University: Professor Tom S. Hamilton, Chairman, Professor W. C. Huntington, Professor C. M. Kneier, and Professor Charles A. Knudson of the University Senate Committee; Messrs. Amos H. Watts, Chairman, and Joseph B. Campbell of the Alumni Association Committee; Mr. Ronald M. Kimball of the Citizens Committee.

## EXECUTIVE SESSION

The Board convened in executive session for consideration of the special order of business for which this meeting was called — the matter of the selection of a new President of the University.

## PRESIDENCY OF THE UNIVERSITY

In an introductory statement, President Megran reviewed the developments in recent weeks in the selection of a President of the University.

It was made clear in the reports and recommendations received by the Board of Trustees in Chicago on September 28, 1954, at a joint conference with representatives of the Committees of the University Senate (Faculty), the Alumni Association, and the Citizens Committee, which have been assisting the Board of Trustees in the selection of a President of the University, that these Committees are in agreement that Dr. David Dodds Henry, Executive Vice-Chancellor of New York University, should be offered the position. Previous to this conference, several members of the Board had an opportunity to meet Dr. and Mrs. Henry at a luncheon in Chicago on August 31, 1954.<sup>1</sup> Mr. Megran had arranged this meeting when he learned late in the summer that Dr. and Mrs. Henry were vacationing in Michigan and were available for such a conference. Subsequently, on November 23, 1954, Mr. Megran notified the Trustees and the Chairmen of the Committees which have been aiding the Board that he had been requested by Dr. Henry to remove his name from further consideration for the Presidency of the University of Illinois.

Mr. Megran stated that the Board of Trustees must reach a definite conclusion today and determine further procedure. He asked, "Does the Board want to accept Dr. Henry's decision as final?" and then called for a discussion. Following this discussion in which all the Trustees participated, Mr. Megran asked the Committee representatives to express themselves. All of them did so and with particular reference to his question. Their reports follow.

*The University Senate Committee*, having reviewed its previous findings and having made further inquiries, still recommends Dr. Henry as its first choice and further recommends that the Board urge him to reconsider his announced decision.

*The Alumni Association Committee* reported that it had made independent inquiry into Dr. Henry's qualifications and is prepared to support the recommendations of the University Senate Committee. If Dr. Henry is not available, the Alumni Committee recommends that an attempt be made to secure agreement on some present member of the faculty.

*The Citizens Committee* representative expressed the opinion that the Faculty Committee has done excellent work and that its recommendations should be supported.

Following these presentations, the Committee representatives withdrew and the Trustees resumed their discussion of the question. Mr. Megran called on each member of the Board to express himself fully, and specifically on the question of an offer of the Presidency to Dr. Henry.

<sup>1</sup> The following were present at the meeting with Dr. and Mrs. Henry on August 31: Mrs. Holt, Mrs. Watkins, Messrs. Herrick, Hickman, Livingston, and Megran.

At the conclusion of this discussion, Mr. Bissell moved that the Board of Trustees tender Dr. David Dodds Henry, Executive Vice-Chancellor of New York University, appointment as President of the University of Illinois, effective September 1, 1955, at an annual salary of \$30,000. On this motion the vote was: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, and Mrs. Watkins; no, none; absent, Governor Stratton.

On motion of Mr. Bissell, Mr. Herrick was requested to present this motion in somewhat revised form, without reference to salary since that is still a matter for negotiation with Dr. Henry if he is inclined to accept, at the regular November meeting to be held immediately following the special meeting.

On motion of Mrs. Watkins, the special meeting adjourned.

#### MEETING OF THE BOARD OF TRUSTEES

The November meeting of the Board of Trustees of the University of Illinois was held in the Blackstone Hotel, Chicago, Illinois, on Monday, November 29, 1954, beginning at 12:00 noon.

The following members were present: Mr. Cushman B. Bissell, Mr. Harold E. Grange, Mr. Wirt Herrick, Mr. Robert Z. Hickman, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. H. B. Megran, Mr. Vernon L. Nickell, Mrs. Frances B. Watkins. Governor William G. Stratton was absent.

Also present were President Lloyd Morey, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Relations, Mr. Ralph S. Johns, Resident Partner in Chicago of Haskins & Sells, Certified Public Accountants and auditors of the University accounts, and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.

#### PRESIDENCY OF THE UNIVERSITY

President Megran reviewed the work of committees of the Board, of the University Senate (Faculty), of the Alumni Association, and of the Citizens Committee on the Selection of a President of the University and asked if the Board was prepared to take any official action.

Mr. Herrick moved that the Board of Trustees extend to Dr. David Dodds Henry, Executive Vice-Chancellor of New York University, an enthusiastic and unanimous invitation to become President of the University of Illinois effective September 1, 1955. Mr. Grange seconded this motion.

Following discussion, the question was called and the Secretary was instructed to call the roll. The vote on this motion was: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, and Mrs. Watkins; no, none; absent, Mr. Stratton.

On motion of Mr. Johnston, the President of the Board was requested to communicate this action by telephone to Dr. Henry as soon as feasible.

**REPORT OF THE EXECUTIVE COMMITTEE**

The Secretary presented the following report of actions taken by the Executive Committee:

**Acoustical Improvements in Illini Union Building**

The Executive Committee reports that on recommendation of the President of the University an assignment of \$5,000 has been made from the General Reserve Fund for much needed improvements in the acoustics in the ballroom of the Illini Union Building. The Comptroller and the Secretary of the Board have been authorized to execute a contract for \$2,853 with the James L. Lyon Company, Peoria, the lowest bidder, for the application of acoustical material to the ceiling and west wall of this room. All other necessary work will be performed by Physical Plant personnel.

The assignment of funds and the authorization of the contract were made by the following vote: Aye, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none.

**Contract with Alfred Benesch and Associates**

The Executive Committee has also authorized the execution of a contract with Alfred Benesch and Associates, Consulting Engineers, 30 East Adams Street, Chicago 3, Illinois, for engineering services (preparation of construction drawings, necessary design computations and inspection of fabrications of structural steel) in the construction of test buildings to be used in research. This is a subcontract under a Prime Contract No. AF 33(616)-170 TEAPOT between the University of Illinois and the United States Air Force for research on the blast resistance of buildings. The laboratory work is being done at the University, and the field testing will be done on proving grounds elsewhere. Since some of the work can be done more effectively by a subcontractor, Alfred Benesch and Associates have been engaged for a part of the work.

Dean Tippo has accepted a position as Professor of Botany and Chairman of the Department at an eastern university. In accordance with his request, Dr. Tippo's resignation will become effective August 1, 1955.

On motion of Mr. Herrick, this resignation was accepted. The Secretary was instructed to express to Dean Tippo the regrets of the Trustees that he is leaving the University, and their best wishes for his continued success in his future work.

The Executive Committee advises the President of the University on matters specifically referred to it and it also functions for the general committee between meetings.

The death of Mr. Merle J. Trees has created a vacancy on the Executive Committee and another member, Mr. William B. Hamel, Mattoon, has asked to be relieved of service on this Committee.

Accordingly, I submit the following nominations to fill these vacancies: Mr. Verle V. Kramer, Publisher, *The Gibson City Courier*, 1111 North Sangamon Avenue, Gibson City, and Mr. Oscar G. Mayer, President, Oscar Mayer and Company, 1241 Sedgwick Street, Chicago 10.

#### TUITION FEES

(5) The Board of Trustees on October 27, 1954, voted to increase tuition fees \$15 per semester in all departments of the University, effective September 1, 1955. While the Board did not take specific action as to fees charged for the Summer Session and for partial programs of work it is assumed that the increase shall be applied uniformly and shall be reflected in other tuition rates which heretofore have been based on the amount charged per semester for full programs. In the Chicago Professional Colleges, the academic year (September to June) is divided into three terms, each being equivalent to a quarter, instead of two semesters, with an optional fourth term in the summer.

In order to have an official record of the changes in all other tuition fees implicit in the increase of \$15 per semester, it is recommended that the following schedule be authorized:

#### *Summer Session Tuition—Urbana and Chicago Undergraduate Division* (Effective beginning with the 1956 Summer Session)

	<i>Present</i>	<i>Proposed</i>
Residents.....	\$25 00	\$32 50
Nonresidents.....	80 00	87 50

#### *Partial Programs, Graduate College—Urbana and Chicago Professional Colleges* (Effective September, 1955, for two units or less)

Residents.....	16 00 per unit	20 00 per unit
Nonresidents.....	44 00 per unit	48 00 per unit

#### *Partial Programs, Undergraduate Colleges—Urbana and Chicago Undergraduate Division*

(Effective September, 1955, eight credit hours or less)

Residents.....	4 00 per credit hour	5 00 per credit hour

#### *Agriculture Short Course (Six Weeks)*

(Effective September, 1955)

Residents.....	20 00	25 00
Nonresidents.....	75 00	66 00

The announcement for the Agriculture Short Course to be given November 29, 1954, to January 20, 1955, states that the nonresident fee is \$75.00. There is no authorization for this. The nonresident fee should have been announced as \$60.00. It is rare for a nonresident to be registered for this course.

#### *Chicago Professional Colleges*

The Board action of October 27 as applied to the Chicago Professional Colleges increases tuition for each of the professional colleges \$10.00 per term or \$30.00 per academic year.

#### *Partial Fee Programs*

(Effective September 1, 1955)

The present Building and Service fees and Union Building service charge assessed students registered for partial programs remain unchanged.

#### *College of Pharmacy, School of Nursing, Occupational Therapy*

(For twelve credit hours or less)

On motion of Mr. Johnston, this schedule of fees was authorized.

On motion of Mrs. Holt, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Stratton.

For services rendered the Athletic Association by the Alumni Association for the year 1953-54.....	\$3 000
For the replacement of 62 steel and wood rocker hurdles.....	1 116

These appropriations are submitted to the Board of Trustees for confirmation.

On motion of Mrs. Watkins, the action of the Board of Directors was approved.

**CONTRACTS FOR LABORATORY FURNITURE AT THE  
CHICAGO PROFESSIONAL COLLEGES**

(8) The Business Manager of the Chicago Professional Colleges and the Comptroller recommend award of contracts to the Kewaunee Manufacturing Company, Adrian, Michigan, the lowest bidder, for the manufacture and installation of laboratory furniture in buildings at the Chicago Professional Colleges as follows:

For the Departments of Pharmacology and Physiology — 28 pieces of metal laboratory furniture.....	\$17 534 80
For the Departments of Hospital Admissions, Bacteriology, Oral Surgery, and Dental Clinics — 22 pieces of wood laboratory furniture.	12 828 00

The work will consist of fabricating and installing sinks, drying racks, benches, and accessories.

Funds are available in the Revenue Bond Construction Funds and in a special appropriation made by the Board of Trustees on May 15, 1954, for remodeling of areas occupied by these departments.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Grange, these contracts were awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**ADDITION TO CONTRACT FOR ELECTRICAL WORK ON  
POWER PLANT ADDITION**

(9) The Director of the Physical Plant and the Comptroller recommend an increase of \$5,516.63 in the contract with Hecker and Co., Inc., Chicago, for installation of electrical equipment in the Power Plant addition now under construction. This change is to provide for additional cable not included in the original specifications but required to place the turbine generator in service and to change the electrical service to a cooling tower fan motor so that in case of failure the entire output of the tower will not be lost.

I concur and recommend that the Comptroller be authorized to execute the necessary change in the contract.

On motion of Mr. Johnston, the Comptroller was authorized to execute this change in the contract.

**CONTRACT WITH ARMOUR RESEARCH FOUNDATION**

(10) The Department of Medicine is doing research work on neutron activation analysis of human tissue for which a grant has been received from the United States Public Health Service. Some of the work can best be done by the Armour Research Foundation of the Illinois Institute of Technology because its laboratory facilities and equipment are particularly fitted for that work. The Department requests authorization of a contract with the Foundation at an estimated cost of \$3,300 for these services.

The Dean of the College of Medicine, the Chairman of the Administrative Committee and the Business Manager of the Chicago Professional Colleges, and the Comptroller concur in this recommendation. The Legal Counsel has approved the contract.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Livingston, this contract was approved and the Comptroller and the Secretary of the Board were authorized to execute the same.

**MEDICAL VISUAL EDUCATION FUND**

(11) During the period 1944-46 the University received from a practicing physician a total of \$54,000 for the support of studies in the general field of medical science visual education. Of this total \$30,000 has been held as a temporary endowment and \$24,000 has been made available for current expenditures. All of the funds now being held for current expenditures will not be needed for that purpose and may be transferred to the endowment.

Since these gifts were received, the donor has died, but the proposed transfer has the approval of his widow provided that the invested funds may, if needed for the purpose of a gift, be converted into cash and transferred to the expendable fund. The Business Manager of the Chicago Professional Colleges and the Comptroller request authorization to transfer the amount of \$17,006 from the expendable funds to the invested funds.

I concur.

On motion of Mr. Nickell, this transfer of funds was authorized.

**GIFT OF PHOTOGRAPHS OF ABRAHAM LINCOLN AND  
ULYSSES S. GRANT**

(12) Colonel Walter F. Siegmund, U.S.A., Retired, of San Antonio, Texas, has presented to the University of Illinois two large photographs, one of Abraham Lincoln and the other of Ulysses S. Grant. It is believed that the photograph of President Lincoln was taken by a Mr. Gardner in his Washington studio. It is believed that the photograph of General Grant was taken on the day he was appointed Commander of the Union Army. The two photographs were presented to the late General Jonathan M. Wainwright as National Commander of the Disabled American Veterans by the Hall-Hagler Chapter 15, Disabled American Veterans, Springfield, Illinois. When General Wainwright died, he left the photographs to his friend, Colonel Siegmund.

The presentation was made on November 13 in a ceremony in the Lincoln Room of the Library where the photographs will be permanently displayed. Colonel Siegmund desired to place these photographs where they can be perma-

nently housed and displayed. Because of his friendship with Mr. H. B. Megran, President of the Board of Trustees, and because of the historical significance of Lincoln and Grant to the state of Illinois, Colonel Siegmund chose the University of Illinois as the recipient of these photographs.

This gift is being reported for record. It has been duly acknowledged by the President of the University and the Secretary of the Board.

#### AUDIT OF UNIVERSITY ACCOUNTS

(13) Haskins & Sells, Certified Public Accountants, Chicago, have submitted the report of their audit of the accounts of the University of Illinois for the fiscal year ended June 30, 1954, and a copy of the audit report has been sent by the Secretary of the Board of Trustees to each member of the Board. The report will also be presented personally to the Board of Trustees by Mr. Ralph S. Johns, Resident Partner of Haskins & Sells, at today's meeting.

Mr. Johns presented the report, outlining the scope of the audit, commented on the results of the examination of the University's financial operations, and answered questions. Following is the certificate of Haskins & Sells:

*To the Board of Trustees of the University of Illinois:*

We have examined the balance sheet of the University of Illinois as of June 30, 1954, the related summaries of current income and expenditures and changes in unappropriated current surplus, and the related summaries of changes in funds balances for the year then ended (Exhibits A to H, inclusive). Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

We have also examined the financial statements of the Athletic Association of the University of Illinois, the University of Illinois Alumni Association, and the University of Illinois Foundation, and have rendered separate reports thereon.

In our opinion, the accompanying balance sheet, the related summaries of current income and expenditures and changes in unappropriated current surplus, and the related summaries of changes in funds balances present fairly the financial position of the University of Illinois at June 30, 1954, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

October 14, 1954

HASKINS & SELLS

On motion of Mr. Johnston, this report was accepted.

#### AFFILIATION OF ST. LUKE'S HOSPITAL WITH THE UNIVERSITY

At the request of President Morey, an executive session was ordered to consider this matter of business.

The President reported that the governing board and officials of St. Luke's Hospital in Chicago are planning to construct a new hospital in the Medical Center District and desire an affiliation with the University of Illinois Chicago Professional Colleges, similar to the present affiliation the University has with the Presbyterian Hospital of Chicago. The President stated that he has authorized Dr. Granville A. Bennett, Dean of the College of Medicine and Chairman of the Administrative Committee for the Chicago Professional Colleges, and other University officials to carry on negotiations with representatives of St. Luke's Hospital to work out a plan of affiliation which will be submitted to the Board of Trustees for final approval.

On motion of Mr. Johnston, the President's action was confirmed.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**December 20, 1954**

The December meeting of the Board of Trustees of the University of Illinois was held in the Directors' Room of the First National Bank of Chicago, on Monday, December 20, 1954, beginning at 10:30 a.m.

The following members were present: Mr. Cushman B. Bissell, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. H. B. Megran, Mr. Vernon L. Nickell, Mrs. Frances B. Watkins. Messrs. Harold E. Grange, Wirt Herrick, Robert Z. Hickman, and Governor William G. Stratton were absent.

Also present were President Lloyd Morey, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Relations, and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.

**EXECUTIVE SESSION**

When the Board convened, an executive session was requested for consideration of the following matters of business presented by the President of the University.

**CLOSING ILLINOIS STREET**

To complete the acquisition of land for the site for the proposed Biology Building on the Urbana campus, the University must (1) acquire the property at 1208 West Illinois Street, (2) reroute the alley now extending from Illinois Street to California Avenue in the block between Mathews and Goodwin Avenues, and extinguish any possible easement which any private property owners may possess in the alley, and (3) make payments to the city of Urbana required for vacation of Illinois Street between Mathews and Goodwin Avenues.

The University has attempted to negotiate the purchase of 1208 West Illinois Street and to extinguish the possible easement of private property owners in the alley. Difficulties have been encountered in both negotiations, which may necessitate condemnation proceedings.

The city of Urbana desires that the University make some of the payments it has agreed to make, which would be an advantage to the University in reduction of interest cost. A partial payment is also desirable as it may prevent repealing or amending the ordinance vacating Illinois Street previously passed by the City Council.

If payments are made to the city of Urbana, and the University fails in its negotiations to acquire 1208 West Illinois Street and to extinguish the easement, the University may find it necessary to enter into condemnation proceedings to acquire the property and to ascertain through litigation if an easement exists, to protect its situation resulting from such payments.

This fact is reported to the Board to make certain that there is no objection to the anticipated condemnation proceedings.

On motion of Mr. Bissell, the Board gave its assent to this program, as outlined above, for the acquisition of the land needed for a new Biology Building.

**ELECTION OF DR. DAVID DODDS HENRY AS  
PRESIDENT OF THE UNIVERSITY**

Pursuant to the action of the Board of Trustees at its meeting on November 29, 1954, extending to Dr. David Dodds Henry, Executive Vice-Chancellor of New York University, an invitation to become President of the University of Illinois, and following Dr. Henry's announcement of acceptance, the Secretary of the Board sent him the following formal notice of his election:

#### **SERVICES OF AUXILIARY COMMITTEES ON THE SELECTION OF A PRESIDENT OF THE UNIVERSITY**

On motion of Mr. Johnston, the Secretary of the Board was instructed to express to the Committees of the University Senate, the Alumni Association, and representatives of the Citizens Committee appointed to assist the Board of Trustees in the selection of a President of the University the appreciation of the Board for their excellent services.

#### **APPROPRIATION TO BOARD OF TRUSTEES OFFICE**

Assignments of funds have been made to the Board of Trustees Office (\$2,000 in 1953 and \$2,500 in 1954) for the expenses of the Committee on the Selection of a President of the University. These funds have been used largely for the travel expenses of members of this Committee and of auxiliary committees of the University Senate and the Alumni Association who have been assisting the Board of Trustees. The funds were exhausted some time ago and it has been necessary to charge all expenses for this purpose to the general office account.

The Secretary requests a supplementary assignment of \$2,000 to the Board of Trustees Office to make up for these charges and to pay for charges still outstanding.

On motion of Mrs. Holt, this assignment of funds was made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Herrick, Mr. Hickman, Mr. Stratton.

#### **OPEN SESSION**

At 11:00 a.m. the Board convened in open session. The same members of the Board, officers of the University, and officers of the Board as recorded at the beginning of these minutes were present.

#### **BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The Board considered the following reports and recommendations from the President of the University.

**APPOINTMENTS TO THE FACULTY**

(1) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. HARRY A. BLISS, Assistant Professor of Medicine, beginning January 16, 1955, at an annual salary of \$9,000 (DY).
2. ELLIS BONNELL, Clinical Assistant Professor of Psychiatry, College of Medicine, beginning November 1, 1954, without salary (DY).
3. TERRELL C. MYERS, Assistant Professor of Biological Chemistry, College of Medicine, beginning December 1, 1954, at an annual salary of \$6000 (BY).
4. GEORGE H. SCHERR, Assistant Professor of Bacteriology, College of Medicine, beginning December 1, 1954, at an annual salary of \$5,500 (D).

**COLLEGE OF PHARMACY ADVISORY COMMITTEE**

(2) The Dean of the College of Pharmacy recommends the appointment of Ceburne D. Smith, Manager of the Chicago Branch of Parke, Davis and Company of Detroit, Michigan (residence address, Evanston, Illinois), as a member of the College of Pharmacy Advisory Committee for a period of five years (July 1, 1954-June 30, 1959) to succeed David Stiles of the Abbott Laboratories, North Chicago, whose term has expired.

I concur.

On motion of Mrs. Watkins, this appointment was approved.

**APPOINTMENT OF FREDERICK T. WALL AS DEAN  
OF THE GRADUATE COLLEGE**

(3) I recommend the appointment of Dr. Frederick T. Wall, Professor of Physical Chemistry, as Dean of the Graduate College for the period beginning September 1, 1955 (or possibly August 1, if feasible), and ending August 31, 1957, on "Y" basis at a salary of not less than \$17,000 per year with the understanding that this will be increased to whatever figure it is possible to raise salaries of other comparable deanships at the beginning of the next biennium. His combined positions will be Dean of the Graduate College (BY) and Professor of Physical Chemistry (AY).

This appointment has been recommended by a special committee of the Executive Faculty of the Graduate College after a canvass of the entire graduate faculty and is unanimously endorsed by the College Executive Faculty of eighteen members representing all divisions offering graduate work.

On motion of Mr. Livingston, this appointment was approved. Mr. Livingston expressed his pleasure that Dr. Wall is willing to accept this appointment, and asked to have this recorded.

**CHAIRMANSHIP OF THE DEPARTMENT OF GERMAN**

(4) In February, 1954, Professor Helmut Rehder, Head of the Department of German, accepted a position at the University of Texas and submitted his resignation from the faculty of the University of Illinois to take effect at the end of the first semester of the current academic year. Since then, a search has been underway for a successor.

As a result of this impending change and following statutory procedure, the faculty of the Department of German has voted to request a change in the administrative organization of the Department from one organized with a head to a department organized with a chairman. The Dean of the College of Liberal Arts and Sciences and the Executive Committee of the College recommend approval.

The Dean and the Executive Committee also recommend the appointment of Dr. Frank G. Banta, presently Assistant Professor of German, as Chairman of the Department effective February 1, 1955, at an annual salary of \$5,500 on an academic year basis. This appointment will be for the balance of the current academic year, but a subsequent reappointment will be for two years as provided in the Statutes.

I concur in these recommendations.

On motion of Mr. Nickell, the change in organization of the Department of German and the appointment of Dr. Banta as Chairman of the Department were approved.

#### HEADSHIP OF DEPARTMENT OF DERMATOLOGY

(5) Dr. Francis E. Senear, Professor and Head of the Department of Dermatology, has requested that he be retired from active service as of January 1, 1955. He has been on the faculty since 1916 and has reached the age of optional retirement. I have approved his request and change in his status to Professor, *Emeritus*.

To fill the vacancy the Dean of the College of Medicine recommends the appointment of Dr. Marcus R. Caro, presently Clinical Professor of Dermatology without salary, as Professor and Head of the Department of Dermatology on one-half time on indefinite tenure beginning January 1, 1955, at an annual salary of \$7,500 (AY50).

I concur in this recommendation.

On motion of Mrs. Watkins, the change in status of Dr. Senear and the appointment of Dr. Caro were approved.

#### GEORGE A. MILLER UNDERGRADUATE SCHOLARSHIPS

(6) The special faculty committee appointed to study what use should be made of the income from the George A. Miller Endowment recommends that \$6,000 a year be assigned for undergraduate scholarships to be known as "The George A. Miller Scholarships."

The Committee recommends that these awards be administered by the Committee on Undergraduate Scholarships and that the scholarships be available in all undergraduate areas of the University. In general, awards shall be made for one year in an amount not to exceed \$600. An original award may be renewed from year to year until the holder has received the bachelor's degree. The faculty committee recommends that \$3,000 be made available for scholarships for the second semester of the current academic year should worthy candidates present themselves.

A statement of the conditions governing awards of these scholarships is submitted herewith and will be used as the official announcement of the scholarships. I concur.

On motion of Mrs. Holt, this recommendation was approved and the statement of conditions referred to has been filed with the Secretary of the Board for record.

#### UNDERGRADUATE CURRICULUM IN URBAN LAND ECONOMICS

(7) The College of Commerce and Business Administration and the University Senate recommend the establishment of a new curriculum in urban land economics. This program will deal with the development and administration of urban land resources with a view to improving the effectiveness of land utilization in capital formation and allocation. It will provide a needed counterpart in economic and business analysis to the present curricula in architecture, landscape architecture, city planning, sociology, and geography.

There is hereby filed with the Secretary of the Board the report and recommendations of the Senate Committee on Educational Policy to the University Senate giving the complete details of this program, including the requirements for admission and graduation.

I recommend approval provided that implementation of this program will be undertaken only when this can be done within funds allocated to the departments concerned.

On motion of Mr. Bissell, this recommendation was approved.

#### DOCTOR OF PHILOSOPHY IN AERONAUTICAL ENGINEERING

(8) The Graduate College and the University Senate recommend the establishment of a graduate program leading to the Doctor of Philosophy degree with a major in aeronautical engineering. It is feasible to offer well balanced programs of graduate study with emphasis on one of the three principal divisions of

aeronautical engineering — aerodynamics, propulsion, or structures — from courses now being given by the Department of Aeronautical Engineering and other departments of the University.

There is hereby filed with the Secretary of the Board the report and recommendations of the Senate Committee on Educational Policy to the University Senate giving the complete details of this program, including requirements for admission and graduation and courses of study.

I recommend approval provided that implementation of this program will be undertaken only when this can be done within funds allocated to the departments concerned.

On motion of Mr. Livingston, this recommendation was approved.

#### DEGREE OF DOCTOR OF MUSICAL ARTS

(9) The Graduate College and the University Senate recommend the establishment of a graduate curriculum leading to the degree of Doctor of Musical Arts for advanced professional training in composition or applied music.

There is hereby filed with the Secretary of the Board the report and recommendations of the Senate Committee on Educational Policy to the University Senate relating to this program, including a discussion of the need for this graduate program, requirements for admission, the complete details of the program, and the requirements for the degree.

I recommend approval provided that implementation of this program will be undertaken only when this can be done within funds allocated to the departments concerned.

On motion of Mrs. Holt, this recommendation was approved.

#### APPROPRIATION FOR GRADUATE FELLOWSHIPS FOR 1955-56

(10) It is necessary that the funds the University has available for graduate fellowships for 1955-56 be committed at this time so that fellowship awards can be made and announced by April 1, 1955. Accordingly on request of the Dean of the Graduate College, I recommend that an appropriation of \$150,000 be made at this time for such fellowships, \$132,000 to be assigned for fellowships for graduate study at Urbana-Champaign and \$18,000 for fellowships at the Chicago Professional Colleges. This constitutes a lien on the University's income for the biennium 1955-57.

On motion of Mr. Johnston, this assignment of funds was made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Herrick, Mr. Hickman, Mr. Stratton.

#### SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(11) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. Department of Agronomy, remodeling in Davenport Hall and purchase of laboratory furniture.....	\$ 9 000
2. College of Commerce and Business Administration and College of Fine and Applied Arts, remodeling in the Commerce and Fine Arts Annex (former veterans recreation area and nursery school building).....	3 925
3. Library, special book acquisition.....	10 000
4. School of Physical Education	
Construction of classroom in basement of Huff Gymnasium.....	1 695
Construction of dark room in Huff Gymnasium.....	4 000
5. Statistical Service Unit, installation of air conditioning system in the Arcade Building.....	15 000
<i>Total</i> .....	\$43 620
I concur.	

On motion of Mr. Nickell, these appropriations were made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Herrick, Mr. Hickman, Mr. Stratton.

**CONTRACTS FOR EQUIPMENT AND ELEVATORS  
FOR HOME ECONOMICS BUILDING**

(12) The Director of the Physical Plant and the Comptroller recommend awards of the following contracts for installations in the Home Economics Building now under construction:

Walrus Manufacturing Company, Decatur		
Wood kitchen equipment for laboratories.....	\$53 430 27	
Special wood cabinets and other laboratory fixtures	67 565 46	\$120 995 73
Alex Janows and Company, Chicago—equipment to be installed in cafeteria and public dining room kitchens.....		78 887 00
George S. Grimmer and Company, Springfield—metal kitchen equipment.....		33 193 62
Laboratory Equipment Company, Mineola, New York—metal laboratory equipment.....		125 307 00
Long Elevator and Machine Company, Springfield		
Passenger elevator.....	24 063 00	
Freight elevator.....	13 736 00	37 799 00

The Walrus Manufacturing Company, the Laboratory Equipment Company, and the Long Elevator and Machine Company are the lowest bidders on their respective installations.

In the case of the equipment for kitchens for the cafeteria and dining rooms, the second lowest bid is recommended (the difference between this and the lowest bid is \$4,434) because University representatives who inspected the plants and a number of installations of the two lowest bidders were not assured that their product would be acceptable for installation in an institution where training in use and knowledge of the best equipment available is essential to good teaching. However, Alex Janows and Company, the second lowest bidder, has recently undergone a major reorganization and work recently executed by it was found to be of the highest quality. The Company has given written assurance that if the contract is awarded to it, the work will equal recent examples of its high quality production.

The award of the contract for metal kitchen equipment to George S. Grimmer and Company, the second lowest bidder (the difference between the lowest and second lowest bids is \$304.14), is recommended because the bid is on equipment made by the St. Charles Manufacturing Company, St. Charles, Illinois, a manufacturer of metal domestic kitchen cabinets of the highest quality available. Its product was used by the architects as the standard in preparing drawings and specifications for this installation. An exemplary kitchen equipment installation is essential to good teaching. The lowest bidder, the Walrus Manufacturing Company, an old recognized manufacturer of wood cabinet and case work, has only recently been making metal equipment and did not show listings of installations of custom grade domestic kitchen equipment of the type contemplated in the drawings and specifications for this division of the work. (However, this manufacturer is being recommended for award of the contract for the wood kitchen equipment.)

When the construction contracts for the Home Economics Building were recommended to the Board on September 24 only one bid, \$399,466.30, had been received on the laboratory equipment including the equipment for laboratory kitchens but excluding the equipment for the cafeteria and dining room kitchens. This bid was rejected because of the amount and lack of competition, and new bids were taken. The amount of the recommended awards for the same installations, but divided into four divisions of work, is \$279,496, or \$119,970 less than the original single bid.

I concur in the recommendations for the awards of these contracts and request that the Comptroller and the Secretary of the Board be authorized to execute them.

On motion of Mrs. Holt, these contracts were awarded as recommended, and the Comptroller and the Secretary were authorized to execute the same.

**CONTRACT FOR REMODELING IN DENTISTRY-MEDICINE-PHARMACY BUILDING**

(13) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$58,587 to the Mueller Construction Company, Chicago, the lowest bidder, for remodeling of quarters for the Department of Pharmacology in the Dentistry-Medicine-Pharmacy Building at 1853 West Polk Street, Chicago. The work will consist of rearrangement of partitions, improvements in lighting and ventilating, and installation of new laboratory equipment to rehabilitate and modernize these quarters and is a part of the remodeling program related to the activation of the Research and Educational Hospitals Addition and the construction of the East Dentistry-Medicine-Pharmacy Building.

Funds are available in a special appropriation made by the Board of Trustees on May 15, 1954, for this remodeling program.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR REMODELING IN RESEARCH AND EDUCATIONAL HOSPITALS**

(14) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$49,388 to the Mueller Construction Company, Chicago, the lowest bidder, for remodeling and alterations in the Research and Educational Hospitals, 840 South Wood Street, Chicago. The work will consist of rearrangement and replacement of partitions, improvements in lighting and ventilating, and installation of new laboratory equipment to rehabilitate and modernize these quarters and is a part of the remodeling program related to the activation of the Research and Educational Hospitals Addition.

Funds are available in the special appropriation made by the Board of Trustees on May 15, 1954, for this remodeling program.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**ADDITION TO CONTRACT FOR POWER PLANT CONSTRUCTION**

(15) The Director of the Physical Plant and the Comptroller recommend an increase of \$5,060.78 in a current contract with E. N. DeAtley, Champaign, for the superstructure work in the construction of an addition to the Abbott Power Plant. The plans on which the contract is based provide for a temporary wall to permit future additions to the building on the north. Studies of anticipated future building construction indicate that the capacity of future boiler units approximate 150,000 pounds of steam per hour instead of 80,000 pounds which is the design capacity of existing boilers. The increase in size of these boiler units and the location of the cooling towers make it advisable to construct a future addition south of the present plant instead of north. Hence, it is not feasible to carry through the plans for a temporary wall as now provided in the contract documents, and a permanent wall should be constructed.

Funds are available in a state appropriation for 1953-55 for "addition to Power and Heating Plant, including plans and specifications and fixed equipment."

I concur and recommend that the Comptroller be authorized to execute the change in this contract.

On motion of Mr. Bissell, this increase in the contract was authorized.

**ADDITION TO CONTRACT FOR ENGINEERING SERVICES FOR POWER PLANT ADDITION**

(16) The Director of the Physical Plant and the Comptroller recommend an increase of \$5,000 in a current contract with Sargent and Lundy, Consulting Engineers, Chicago, for services on an addition to the Abbott Power Plant for

a study in preliminary layout drawings of the construction of an addition immediately south of the present plant. It is essential that this be started now so that there will be no delay in the construction of another boiler unit which is needed before any new buildings are added to the present steam distribution facilities.

Funds are available in a state appropriation for 1953-55 for "addition to Power and Heating Plant, including plans and specifications and fixed equipment."

I concur and recommend that the Comptroller be authorized to execute the change in this contract.

On motion of Mr. Bissell, this increase in the contract was authorized.

#### **TRANSFER OF PROPERTY AT 35-37 EAST ARMORY AVENUE, CHAMPAIGN, FROM U. S. GOVERNMENT TO THE UNIVERSITY**

(17) Under a contract with the United States Housing and Home Finance Agency, which was in effect from June 30, 1950, to August 31, 1953, the University's Small Homes Council engaged in a study to increase efficiency in use of living and storage space in small modern homes through various types of interior design.

One phase of this work required construction of a one-story frame dwelling with movable interior partitions and completely furnished for family living. This house was constructed on a University-owned basement foundation at 35-37 East Armory Avenue, Champaign. Construction and furnishings were paid for from contract funds. The dwelling has an appraised market value of \$6,450; household furnishings cost \$4,351.09.

On termination of the contract, the University began negotiations with the United States agencies concerned for the transfer of this property, including furnishings, to the University on a no-cost basis for continued use in educational and public health research. The government, through the Department of Health, Educational, and Welfare, offers the University a quitclaim deed under the following conditions:

(a) That, for a period of ten years from the date of this deed, the above described property to be conveyed shall be utilized continuously for educational purposes, in accordance with the proposed program and plan in the application of the University, dated March 4, 1954, and for no other purpose.

(b) That, during the aforesaid period of ten years, the University will not resell, lease, mortgage, or encumber, or otherwise dispose of, the above described property, or any part thereof or interest therein, without the authorization in writing of the Department of Health, Education, and Welfare, or its successor in function, in accordance with its existing regulations.

(c) That one year from the date of this deed, and annually thereafter for the aforesaid period of ten years, unless the Department of Health, Education, and Welfare, or its successor in functions otherwise directs, the University will file with the Department of Health, Education, and Welfare, or its successor in function, reports on the operation and maintenance of the above described property and will furnish, as requested, such other pertinent data evidencing continuous use of the property for the purposes specified in the University's application.

I recommend that the Comptroller be authorized to execute the necessary acceptance of the deed transferring and assigning this property, both real and personal, to the University, under the conditions specified.

On motion of Mr. Bissell, acquisition of this property under the conditions stipulated was authorized by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Herrick, Mr. Hickman, Mr. Stratton.

#### **CONTRACT WITH FOREIGN OPERATIONS ADMINISTRATION**

(18) The Foreign Operations Administration has requested the University of Illinois to cooperate on a FOA project to aid in the economic development of Colombia. The specific areas of this study will include economic and community

development, building problems (engineering), community and city planning, building construction quality control and methods, and rural economic problems. It will be necessary for at least one or more University staff members to spend varying amounts of time in Colombia. No definite assignments have been agreed upon, but personnel considering this work are in the Department of City Planning and Landscape Architecture and in the Small Homes Council, and some in other areas would be recruited from outside the University.

FOA has proposed a two-year contract under which the University will receive \$225,000 for all direct and indirect costs of the project. Professor J. T. Lendrum, Director of the Small Homes Council, has agreed to direct the work, and the project has the approval of the Small Homes Council Executive Committee, the Dean of the College of Fine and Applied Arts, and the Comptroller.

I recommend approval and that the Comptroller and the Secretary of the Board be authorized to execute such a contract.

On motion of Mr. Johnston, this contract was approved and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### REPORT OF UNIVERSITY AUDIT BY STATE AUDITOR

(22) The Auditor of Public Accounts employed the firm of F. M. Mersinger and Company, Springfield, Illinois, to examine the financial records of the University for the year ended June 30, 1953. Their report on this examination has now been received and is submitted herewith. The financial operations of the University for the year 1952-53 had previously been audited and certified by the University's auditors, Haskins & Sells.

The Mersinger auditors, like the University's auditors, do not question any transactions or the completeness and accuracy of the University's records. The report does not claim that a single dollar was misspent nor that the internal records of the University are either inaccurate or incomplete. It questions the appropriateness of certain procedures and, while stating that there is not sufficient information in the State Auditor's Office, contains nothing that would indicate that such information is not available in the University's accounts. (Comments on specific points in the report are made in a supplementary memorandum.)

The main concern of the report seems to be that there is not available in the Office of the State Auditor the information needed for the audit responsibilities of that office. The University's accounting system is developed on a much broader and more complete basis than that of the State Auditor. The University handles accounts for a large number of government and private trust funds and deals with many auxiliary activities, such as the Athletic Asso-

ciation, which handle their own funds under University supervision. This situation increases the complexity of the accounts and reports, and the University's system is designed to recognize this condition.

The report recommends that steps be taken to improve the coordination between the records of the University and those of the State Auditor's Office. Auditor Hodge has suggested a joint study of this problem, and we will be glad to cooperate in such a study. A study for desired improvements should use the University's records as a basis for more frequent reports and information to the Auditor and not to build up an elaborate duplicate accounting system in the Auditor's Office.

No action was taken, or required, on these reports. They are included in the minutes of today's meeting as a matter of public record.

### **Report of Examination and Survey**

**July 1, 1952, to June 30, 1953**

HONORABLE ORVILLE E. HODGE  
Auditor of Public Accounts  
State of Illinois  
Springfield, Illinois

DEAR SIR:

In accordance with your instructions, we have conducted an examination and survey of certain records of expenditures and income of the University of Illinois and we herewith submit a report of the examination and survey.

A regular audit of the University is performed annually by a firm of certified public accountants appointed by the University's Board of Trustees. An audit report was completed by Haskins and Sells for the year ending June 30, 1953. We wish to state that our examination and survey was not directed toward duplicating the work of Haskins and Sells.

Our primary object during the course of this examination and survey was to assemble a report which would account in detail for receipts and disbursements of State, Federal government and other monies in selected departments and activities of the University. A principle followed in the presentation of data in the accompanying exhibits and schedules differs from the accounting principles adopted by the University.

Some receipts or disbursements transferred from one fund or account to another fund or account are stated as receipts or disbursements in both funds or accounts in exhibits and schedules in this report. In the University's records and reports such transactions may be accounted for as a deduction from receipts of the fund or account from which transferred and a receipt of the fund or account to which transferred; transfers of disbursements may be treated correspondingly in the University's accounts.

The principle herein adopted results in an over-statement of total receipts and disbursements; however, we are concerned with stating the flow of dollars and cents through particular accounts. We deem this manner of presenting the accounting data on the activity in funds and accounts to be the most intelligible to readers, untrained in accounting and unfamiliar with the complex accounting system of the University.

We now wish to call attention briefly to the vast difference in accounting methods employed by the University and by the State of Illinois in accounting for cash receipts and disbursements. Some of the following comments are repeated in a following part of this report where we have made recommendations and suggestions for improving coordination of accounting records in the University and the State of Illinois.

#### *Records of Receipts and Disbursements*

Cash receipts, when recorded by the University, are itemized in detail as shown by Schedule A-1, but when the same cash is forwarded to the State for deposit into the University Income Fund, only a letter of transmittal as shown in Schedule A-2 is forwarded. Cash disbursements are shown on the University's records in detail and distributed to the various departments, etc., being charged, while in the State's records the disbursements are deducted from appropriation accounts, i.e., contractual services, commodities, equipment, etc.

In regard to disbursements, we wish to point out the problems that arise when a voucher is forwarded to the State Auditor's office for payment. The correct appropriation to be charged is indicated by the University. The Auditor's office receives no information except to charge the voucher against a particular appropriation account. The University may, for instance, charge that expenditure to an office supply revolving and at that time it will be considered inventory of that revolving fund. The revolving fund may in turn sell parts of that merchandise to various departments of the college, to a housing facility which might be a bond revenue enterprise, to an auxiliary enterprise, or to a United States Government Trust fund. To even further complicate the distribution, a part of the original expenditure may be transferred to another revolving fund which might make other distribution. From this it may be seen that it is impossible for the State Auditor's office to preaudit such vouchers of the University's with the information now being received. The Auditor's office is not furnished information to distribute merchandise purchases to departments and activities of the University which are the end consumers.

The use of a revolving fund is claimed to afford the University the opportunity of buying in large quantities to receive better prices. The University charges the various educational departments, auxiliary enterprises, etc., using the merchandise and thus transfers the cost to them. In a following section of this report we present suggestions to harmonize the accounting methods used by the State and the University and to enable the State to readily trace transfers from revolving funds.

The Illinois General Assembly some time ago established a \$300,000.00 working cash fund which was taken out of the University Income Fund and established at the University. The primary reason, we believe, was that it would enable the University to take advantage of opportunities to obtain discounts and in that way save the State money.

The \$300,000.00 working cash fund is used by the University to pay vouchers for general expenses, advances on travel, salaries and many other such items. We made a test-check of bills paid out of the fund for one month and found that the discounts taken were negligible. When a group of bills has been accumulated, they are forwarded to the State Auditor's office and one check payable to the University working cash fund is drawn to reimburse the fund.

We believe that this practice contravenes the check on State appropriation expenditures vested in the State Auditor by article 4, section 17 of the Illinois Constitution.

In the majority of State agencies receiving State appropriations, monies for travel can be paid only after the travel has been performed; money for travel is advanced by the State employee himself. We are not questioning the desirability of the University's advance of travel expense, but we suggest that the practice should be uniform in all State agencies.

#### *Indirect Costs Recovered*

On the books of the University is an account called, "Current restricted trust funds—indirect costs recovered." This fund had a balance of \$765,539.08 in Urbana-Champaign accounts and \$143,032.10 in Chicago accounts, or a total of \$908,562.18 on July 1, 1952. The control over the use of this trust fund and accounting for its operations are vested solely in the University.

This fund receives its money in the following manner. The United States Government and private enterprises award to the University sums of money for the carrying on of certain experiments. In some instances the University makes a charge, called "indirect cost," against experiments or projects for the use of buildings, classrooms, utilities, etc. As soon as the charge can be determined, the amount is deducted and withdrawn from the original project award and is placed in the current restricted trust funds, indirect costs recovered accounts. Such charges amounted to approximately \$925,000.00 for the year under survey. After being placed in the indirect cost recovered trust funds under an account called "unapplied indirect cost," transfers may be made to a specific project.

We discussed the practice of transferring the indirect charges into a trust fund maintained at the University rather than transferring and depositing the amounts in the University Income Fund to convert them into a part of the State monies. We were advised by University personnel that the legal staff of the University is of the opinion that the University is within its rights in retain-

ing the money. It is a fact that in practically all instances the buildings being used for the projects and the equipment being used in the projects have been bought from State appropriated money. We believe this should be given considerable consideration and the status of such monies should be clarified.

At the beginning of this particular subject, we noted that this fund had a beginning balance of \$908,562.18. As of June 30, 1953, a year later, the ending balance had grown to a total of \$999,952.31. The details in Exhibits L and M reveal the volume of receipts and disbursements of this particular fund.

#### *Illini Union Building Transactions*

We stated that this is a report on an examination and survey. Since it would be a physical impracticability to examine in detail every transaction of the University, we concentrated our attention on selected activities of interest.

The following comments on one activity of the University reveal the complexity of the University's transactions. One of many self-liquidating enterprises, the Illini Union Building, had done business with a subsidiary (the Illini Union Bookstore) and subsidiaries of this subsidiary (the Coffee House and dispensing machines). It may be pointed out that the receipts of these activities are deposited in a University general account. Checks are made and drawn on this account by the University and no control or accounting of receipts and disbursements are maintained except at the University.

The Illini Union Building functions as a social center and offers services to students, faculty members and the University. The Illini Union Building is a bond revenue, self-liquidating enterprise which depends upon its profits to operate and pay off its bonded indebtedness. During the year under review, the Illini Union Building collected from the University, in cash, the amount of \$102,250.00. This is the same \$102,250.00 which appears as an expenditure in the physical plant budget set up by the University. This constitutes a transfer of \$102,250.00 of State appropriated money to a self-liquidating, bond revenue account without a State warrant being drawn. A charge of \$17.50 is made for the use by each faculty member of the available services at the Illini Union Building. In addition to this, the usual semester charge of \$7.50 per student is paid on behalf of certain classes of students by the University from the physical plant account.

We wish to make this observation. If the Illini Union Building had not received this \$102,250.00 in cash, and an increase of \$1,919.50 in accounts receivable, it would have operated at a net loss of \$94,200.35 as detailed below:

Net profit as per Illini Union books.....	\$ 9 969 15
Less previously mentioned transfer from Physical Plant for faculty and student charges.....	104 169 50
Net loss .....	\$ 94 200 35

The Illini Union Bookstore operates as a subsidiary of the Illini Union Building. At July 1, 1952, the Illini Union Bookstore was owed \$100,000.00 by a subsidiary called the "Coffee House." During the year under review, it was decided to close the Coffee House and after the building was sold at book value to Stadium Terrace, an auxiliary enterprise, there existed a net loss of \$39,173.79 on the books of the Coffee House. Only \$60,826.21 of the original loan of \$100,000.00 was paid to the Illini Union Bookstore.

The Illini Union Bookstore also advanced \$7,500.00 to another subsidiary which operated dispensing machines. During the year, machine sales commissions of \$6,730.06 resulted in a profit of \$4,352.88.

#### *McKinley Hospital Operations*

Analysis of the statement of receipts and disbursements of McKinley Hospital reveals that a cash deficit of \$20,540.34 on July 1, 1952, increased \$32,368.52 to a cash deficit of \$52,908.86 at the end of the year. Receipts of \$122,942.45 include a transfer of \$41,000.00 from the University administrative and general budget appropriation. Payrolls amounted to \$110,013.96. A net operating loss, stated on the accrual basis of \$74,471.68 was sustained in the year.

While at the hospital, we made a detailed study and determined that the hospital could accommodate 115 patients per day, a potential of 41,975 patient-days per year. From the records at the hospital, it was determined that of the maximum 41,975 patient-days, there were only 7,837 patient-days charged. The hospital occupancy averaged 21 of a possible 115 patients per day.

We discussed the situation with University personnel and were informed that a plan was being worked on to put the Hospital on at least a break-even basis.

#### *Withholding Tax Monies*

During our survey and examination, it was noticed that the University is acting as its own withholding tax agent. We made a survey in Springfield and discovered that the University is the only State agency receiving State appropriated monies for salaries for which the State Auditor does not act as the withholding tax agent. We were informed that the University became its own withholding tax agent several years ago. We could not find an Attorney General's opinion supporting this practice.

The State Auditor writes all salary checks paid from State appropriations. The amount of withholding tax deductions is totalled and a covering check is written by the State Auditor for this amount which is deposited in a State Treasurer's account. In the case of the University, a check for total withholding tax is forwarded to the University, which in turn at some later date directs it to the Collector of Internal Revenue. We believe the legality of this practice should be studied as it could become a serious problem. For instance, if a withholding tax check amounting to several hundred thousand dollars should be forwarded to the University and deposited in its Treasurer's general bank account, after which the bank should suffer a financial loss and be closed, from whom would the Collector of Internal Revenue legally demand payment of the withholding tax?

The Internal Revenue code clearly states, "every employer making payment of wages shall deduct and withhold upon such wages a tax." The point in question is whether the State of Illinois is the employer or the University of Illinois, a body politic and corporate, is the employer. In the absence of a legal opinion, as of record, on this procedure both the State Auditor and the University may be subjected to criticism.

#### *University Property Control*

Under the State Property Control Act, the President of the University of Illinois is responsible for "the supervision, control and inventory" of more State-owned real and personal property than any other officer of the State government. To discharge this responsibility effectively, a University central inventory unit is maintained in the business office in Urbana, operating with the use of punch cards and serving the various divisions of the University with periodic recapitulations of property holdings.

The State Property Control Act requires the Auditor of Public Accounts, as property control administrator, and each major agency of the State to maintain matching sets of property records. This duplication is necessary in the case of the ordinary State agency, particularly where the agencies do not have access to business machines which process punch cards, but because of the magnitude of the University's property holdings the wisdom of this duplication becomes questionable. The Auditor's property control division carries on its records University property valued at an aggregate of \$82,342,380.13, accounted for at 445 different locations and sub-locations, and comprising 238,776 items.

It is recommended that the Auditor of Public Accounts and the University explore the possibility of eliminating this duplication by agreeing to joint custody and operation of the central records unit in Urbana, maintaining only summary lists of University property in Springfield. Co-operation in this area should reduce property control costs for both agencies and result in improved methods of control.

#### *Exhibits and Schedules*

Exhibit A. This is a summary of the receipts deposited to the University Income Fund as shown on the books of the State Auditor which we commented on earlier in our discussion and will comment on later in our suggestions.

Schedule A-1. This shows in detail the many income accounts of the University. The total of \$5,314,688.18 does not include the income from the Chicago colleges.

Exhibit B. This exhibit was taken from the books and records of the State Auditor. We have grouped line item accounts from the various appropriations

made to the University, showing total expenditures of \$90,621,061.38 from the 67th biennial appropriations.

Exhibit C. This was taken from the books and records of the State Auditor and shows in detail appropriation accounts of the 67th biennium.

Exhibit D summarizes the University's budget appropriations authorized by the Board of Trustees and subsequent transfers. We also attempted to follow the expenditures applicable to each account. We believe this will give the reader some understanding of the complexity and detail of the University's internal budget and accounting practices.

Schedules D-1 to D-13 state in summary form the source and application of funds. Schedules D-1A to D-13A present analysis of accounts within the departments listed in Exhibit D.

Exhibit E, Schedules E-1 to E-14 and E-1A to E-14A present in a similar manner the accounts in the Chicago Professional Colleges and Administrative Division.

Exhibit F, Schedules F-1 to F-13 and F-1A to F-13A present in a similar manner the accounts in the Chicago Undergraduate Division.

Exhibit G summarizes transactions in an account called current restricted trust funds—gifts and grants from private sources, fellowships and scholarships—Urbana-Champaign. The previously mentioned effect of stating receipts and disbursements arising from inter-account transfers is illustrated in the accounts "Abbott Fellowship in Chemistry" and "Eli Lilly & Co. Fellowship in Chemistry," wherein two receipts and one disbursement of \$12,000.00 are shown.

Exhibit H summarizes transactions in the account called current restricted trust funds—gifts, grants from private sources—Urbana-Champaign.

Exhibit I is a summary of operations of current restricted trust funds—gifts and grants from private sources—Chicago.

Exhibit J is a summary of operations of current restricted trust funds—United States Government contracts—Urbana-Champaign. Details of "other" receipts and disbursements are listed in Schedules J-1 and J-2.

Exhibit K is a summary of operations of current restricted trust funds—United States Government contracts—Chicago.

Exhibit L is a summary of operations of current restricted trust funds—indirect costs recovered—Urbana-Champaign.

Exhibit M is a summary of operations of current restricted trust funds—indirect costs recovered—Chicago.

Exhibit N is a summary statement of housing receipts and disbursements—Urbana-Champaign, summarizing schedules N-1 to N-27. The schedules were prepared from the records maintained at the University which show in detail receipts and disbursements of various housing units in auxiliary enterprises and bond revenue funds.

Exhibits O to R are statements of receipts and disbursements of various farm operations conducted by the University. In Exhibit O, transfers totalling \$60,000.00 to Allerton Park and Allerton House are shown in disbursements. In the University's records these transfers are shown as reductions of cash receipts of Allerton Farms.

The preceding statements of receipts and disbursements of some activities in the University are included that the reader may estimate the variety and size of activities conducted by the University.

Exhibits S to W show in detail receipts and disbursements of the previously mentioned Illini Union, Illini Union Book Store, Coffee House, dispensing machines and of McKinley Hospital.

Exhibit X presents a statement of telephone revolving fund receipts and disbursements. We have included it in our report to show again that each revolving fund, and there are many of them at the University, is set up and operated as a separate business entity and to give the reader of this report a cross-section view of some of the activities of the University.

Exhibit Y presents a summary of operating expenses and charges for service of the physical plant department—Urbana-Champaign. Services include repair and maintenance of buildings and equipment, grounds care, architectural services, utilities and others. Services are performed for departments and activities of the University and for activities allied to the University such as the Athletic Association, Illini Union, etc.

*Responsibilities to Audit*

The responsibilities of the Auditor of Public Accounts to conduct an audit of all expenditures from State appropriations are set forth in the State constitution and various Supreme Court decisions.

Those responsibilities are further set forth in Section 142D, Illinois revised statutes as amended June 8, 1953, which designates certain funds to be paid into the State treasury and certain funds to be retained by the University in its own treasury and further provides that "The Auditor of Public Accounts shall audit or cause to be audited the above items of income and all other income and expenditures of such institution."

We wish to call your attention to the existence of those responsibilities and to point out a difficulty of correctly discharging them when certain payments of obligations of the University are made by the Auditor's office.

For example, the University submits numerous vouchers to the Auditor's office for payment for purchases of material which will be placed in inventory in revolving funds. The vouchers indicate only an appropriation fund and account to be charged.

In reality the material purchased for revolving funds is "sold" by revolving funds to using departments and activities in the University. These may include educational departments or activities financed with monies retained at the University such as auxiliary enterprises, bond revenue fund enterprises, trust fund accounts and other activities allied to the University.

In conformity with sound accounting principles the using departments and activities are charged for their purchases, on the records at the University. Such charges reflecting distribution from revolving funds are not now accounted for in the State Auditor's office, nor are the transactions examined there.

We question the assumption that an audit of vouchers for purchases destined to be placed in revolving funds and afterward distributed has been performed with examination of documents relating to the original purchase. In our opinion an audit of such transactions should extend to an examination of documents and records relating to the end result of the transactions.

We have submitted a separate report containing recommendations for accounting procedures which we believe would contribute to the removal of deficiencies now existing in the manner audit responsibilities are discharged.

It is our recommendation that a joint committee, composed of representatives of the University's accounting staff and representatives of the Auditor's office be appointed to study the recommended plan with the view of its adoption or the development of a plan which would better serve the purpose. We believe that such a cooperative effort of a committee would be productive of highly beneficial results.

In this report we have discussed some of the problems existing as consequences of the physical size of the University of Illinois, the breadth of its activities, the separation by literal distance of the administrative and accounting offices of the University and of the State and the absence of joint efforts to establish common methods in areas of mutual interest. We believe the problems can best be solved by free exchanges of ideas and frequent discussions of points of view. In that belief, we repeat a suggestion that a committee of personnel from the University and from the State Auditor's office should be formed to make a common effort to solve common problems.

We wish to thank sincerely all personnel of the University who assisted us during our survey and examination. Their time and aid were freely given. We particularly wish to thank President Morey and Messrs. Farber, Pratt, Dahlenburg, and Green.

**Comments on Specific Points in Report of Examination by F. M. Mersinger  
and Company of University of Illinois Accounts for 1952-53**

*Working Cash Fund of \$300,000*

The working cash fund was established by an Act of the General Assembly in 1933 and is essential in a large operation such as the University. Much has

already been done to reduce the volume of transactions through that fund and to send more to the State Auditor for direct payment. No question has been raised about the propriety or correctness of the transactions themselves or as to the legality of the University's procedures under existing legislation. The question is raised whether the legislation creating this fund is compatible with the responsibilities imposed on the State Auditor by the State constitution.

#### *Travel Advances to University Employees*

The University advances funds to staff members required to travel on University business. These advances are returned by the staff member in the form of detailed expense vouchers properly approved. No question is raised by the auditors as to the desirability of the University's procedure or as to the completeness of the records. The auditors do point out that in the majority of agencies receiving State appropriations this practice is not followed and it is suggested that the practice be uniform.

#### *Central Stores System*

One of the subjects dealt with in the report is the operation of the central stores system. Such an operation is advantageous from the standpoint of economy and availability of supplies, resulting from quantity purchases. No question is raised as to the completeness of the records or the handling of material. The only question is as to the coordination of this portion of the University's financial operations with the records of the Auditor of Public Accounts.

#### *Indirect Costs Recovered*

On funds received from the Federal Government and from other sources for contract research the University collects reimbursement for the indirect costs related to the work performed under the contract. By action of the Board of Trustees these funds are allocated 30 per cent to the department conducting the research, 30 per cent to the University Research Board for other research, and 40 per cent for general University purposes including financing the contract research program.

Of the total accumulations on June 30, 1953 (the correct figure is \$1,003,086 rather than \$999,952 as recorded in the report since the latter did not include the Chicago Undergraduate Division), \$302,499 had been assigned to departments, \$362,260 had been assigned to the Research Board, and \$338,327 held as working capital for indirect costs available for general University purposes.

Prior to June 30, 1953, the University's Legal Counsel rendered an opinion that the University had legal authority to retain such funds in its treasury. To clarify this authority, the State Finance Act was amended in 1953 to provide that the University could retain in its own treasury "... funds received in connection with contracts with governmental, public, or private agencies or persons, for research or services including funds which are paid as reimbursement to the University. . . ." Although there appears to be no question as to the present procedures, the University can deposit such income in the University Income Fund in the State Treasury and seek additional appropriations from the General Assembly.

#### *Illini Union Building Transactions*

Prior to 1954-55, State funds were made available to the Illini Union for services rendered by the Illini Union to others than students. The amount of this charge was computed on the basis of the number of staff members. The payment was justified since the expenses resulting from such services should not be borne by the students.

However, in 1953-54, because of the "status quo" budget, reductions had to be made in some existing budgets to provide funds for needed adjustments. By prepaying the Illini Union indebtedness, thereby saving the annual debt service charge, it was possible to eliminate the payment which had previously been made to the Union.

The "Coffee House" was constructed after World War II to provide food service to those veterans housed in temporary quarters on the South Campus. The cost of establishing these facilities was paid from accumulated net earnings in the Illini Union Bookstore and it was hoped that a portion of these capital

costs could be amortized from net income. This did not prove possible. The facility was operated until the summer of 1952. At that time, it was converted to office space and classrooms. The original capital cost was paid from accumulated earnings of housing operations and the operating loss assumed by the Illini Union.

#### *McKinley Hospital Operations*

The University has a special committee studying the operations of the McKinley Hospital. Some improvements have been made. Operating economies have been effected. Beginning this year the charge for rooms has been increased. (An increase in the hospital and medical service fee, which will provide increased benefits, covers this.) Studies are also underway for more effectively utilizing space in the McKinley Hospital.

#### *Withholding Tax Money*

When the Internal Revenue Code was first changed to provide for withholding of income tax, the State Auditor's Office acted as the withholding agent on University salary payments made from State funds. Considerable difficulty was experienced in this procedure and an opinion was obtained from the Bureau of Internal Revenue "that the University is considered an agency of the State and as such is required to withhold the tax on the employees as provided in. . . ." There have been no difficulties with the University acting as the withholding agent. The point is now made that some question might result if the bank in which the withholding funds are temporarily deposited failed. The present method is highly advantageous since the University makes salary payments from other funds and the coordination of withholding in one agent eliminates duplication of records and confusion.

#### *University Property Control*

The University has recognized the duplication existing in present procedures and has urged modification of the law establishing this control in the State Auditor's Office to permit less duplication. Because detailed records are essential at the agency, the Auditor's Office should maintain control through control accounts supplemented by "spot" checks to the extent the Auditor believes necessary.

LLOYD MOREY  
*President*

#### **GIFT OF BUSES FOR DISABLED STUDENTS**

(23) The Greyhound Corporation has presented two busses to the University of Illinois to be used for transportation of disabled students enrolled on the Urbana-Champaign campus. Hydraulic lifts have been installed in the busses so that wheelchairs can be rolled in the door and brought to floor level. Some of the seats have been removed from the former 29-passenger busses so that ten wheelchairs can roll into place along the sides of each vehicle. Seventeen seats have been retained in each for passengers using crutches or otherwise not confined to wheelchairs.

This gift was arranged through the efforts of two fathers of wheelchair students—Messrs. James L. McManus of Chicago and Hugh H. Calkins of Barrington. Rebuilding of the busses was done at cost by the Blitz Auto Body Company of Chicago and the tires for the busses were furnished by the Firestone Tire and Rubber Company. The parents of disabled students at the University of Illinois have contributed to the cost of equipping the vehicles. Provision has been made in the University's budget for 1954-55 for the operation of the busses.

The busses were formally turned over to the University at a brief public ceremony on Michigan Boulevard, Chicago, and I have accepted them.

On motion of Mrs. Watkins, the President's action was confirmed and the Secretary was requested to send the donors a letter expressing the Board's appreciation.

#### **DEATH OF DR. DAVID J. DAVIS**

(24) The President of the University reported the death on December 19 of Dr. David J. Davis, Dean of the College of Medicine and Professor of Pathology.

*Emeritus.* Dr. Davis was on the faculty of the University from 1913 until he retired from active service in 1943.

On motion of Mrs. Watkins, the Secretary was instructed to send to the family of Dr. Davis a message of sympathy on behalf of the Board and an expression of appreciation for his many years of distinguished service on the University faculty.

#### JANUARY, FEBRUARY, AND MARCH MEETINGS

President Megran asked if the Board desires to fix the dates and places of the next three meetings, pointing out that, under the By-Laws of

the Board, the annual meeting will be held on March 8, 1955, unless the date of said meeting be changed by the Board.

On motion of Mr. Livingston, the Board voted to hold the next two meetings on January 24, 1955, and February 10, 1955, in Chicago, Illinois, the time and places to be determined by the President and the Secretary of the Board.

On motion of Mr. Bissell, the date of the 1955 annual meeting was changed from March 8, 1955, to March 30, 1955, to be held in Chicago, Illinois. This action was taken by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Herrick, Mr. Hickman, Mr. Stratton.

#### MINUTES APPROVED

The Secretary presented the minutes of the meeting of the Board of Trustees on September 29 and on October 27, 1954, press proof copies of which have previously been sent to the members of the Board.

On motion of Mr. Livingston, these minutes were approved as printed on pages 45 to 157, inclusive.

On motion of Mr. Livingston, the Board adjourned.

#### MEETING OF THE EXECUTIVE COMMITTEE

On call of the Chairman, a meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held at the First National Bank of Chicago on Monday, December 20, 1954, beginning at 2:00 p.m. for consideration of unfinished matters of business left over from the Board of Trustees meeting held earlier in the day.

The following members were present: Mr. H. B. Megrn, Chairman, Mr. Park Livingston, and Mrs. Frances B. Watkins. Mr. A. J. Janata, Secretary of the Board, was also present.

The Committee considered the following matters of business presented by the Secretary of the Board on behalf of the President of the University.

#### CONTRACT WITH ALFRED BENESCH AND ASSOCIATES

The University has a contract (No. DA-49-129-eng-324) with the Corps of Engineers, Department of the Army, for research by the Department of Civil Engineering on the protective construction of buildings. A part of the work is being carried on at proving grounds, away from the University, and some of this can be done more effectively under subcontract. It is recommended that the Executive Committee authorize the execution of a contract with Alfred Benesch and Associates, Chicago, for such services.

On motion of Mrs. Watkins, this subcontract was authorized and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### PURCHASES

The President of the University recommends that the following purchases be authorized, these being supplementary to the list of purchases recommended to the Board earlier at today's meeting of the Board:

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**January 24, 1955**

The January meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, Chicago, Illinois, on Monday, January 24, 1955, beginning at 10:00 a.m.

The following members were present: Mr. Cushman B. Bissell, Mr. Wirt Herrick, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. H. B. Megran, Mr. Vernon L. Nickell, Mr. Timothy W. Swain, and Mrs. Frances B. Watkins. Mr. Robert Z. Hickman and Governor William G. Stratton were absent. Mr. Kenney E. Williamson, Trustee-elect, attended the meeting as a guest.

Also present were President Lloyd Morey, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Relations, and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.

## EXECUTIVE SESSION

When the Board convened, an executive session was requested for consideration of the following matters of business presented by the President of the University.

## PATENTABLE DISCOVERIES

(1) The University Patent Committee submits the following recommendations relating to potentially patentable discoveries:

1. A vector multiplier and squarer circuit—Thomas R. O'Meara, Research Associate in Electrical Engineering, and Richard L. Sydnor, Research Assistant in Electrical Engineering, inventors. This is a component of an electronic analogue computer and was developed in connection with research under a contract with the United States Navy. In the opinion of the inventors and the Head of the Department of Electrical Engineering the invention has little or no commercial value, and it is therefore recommended that it be released to the Navy.

2. Use of pyridoxine and its derivatives as a means of improving the nutritional value of heated fats—F. A. Kummerow, Associate Professor of Food Chemistry, and Taketami Sakuragi, Assistant in Food Technology, Agricultural Experiment Station, inventors. This is a method of using pyridoxine (Vitamin B6) and its derivatives to improve nutritional value of heated fats. The natural value of fats used in food fryers (such as for potato chips and doughnuts) decreases when the fats are heated for long periods of time. By use of pyridoxine and its fat soluble derivatives it appears possible to restore the natural value of used fats. Dr. Sakuragi, the co-inventor, had an appointment as a half-time research assistant under a United States Public Health grant when this discovery was made. In view of the fact that the United States Public Health Service presently holds a patent in this same area and since the invention appears to have little or no commercial value, it is recommended that it be released to the United States Public Health Service if this agency decides to apply for a patent and to the inventors if it does not.

3. Hydraulic friction device—Norman A. Parker, Professor and Head of the Department of Mechanical Engineering, and William L. Hull, Professor of Mechanical Engineering, inventors. A full hydraulic clutch is a device for transmitting power from one shaft to another without using any friction surfaces, or for disengaging entirely so that no power is transmitted. This invention by Messrs. Parker and Hull would be useful on drives that are engaged and disengaged frequently, such as steering clutches used on some types of track-laying vehicles and the drive clutches of punch presses, mine hoists, and other equipment. While more complicated than the usual friction clutch, this device has the advantage of always giving smooth shock-free engagement with minimum wear. The discovery was reported to the Board of Trustees on May 23, 1953, and the University of Illinois Foundation was authorized to apply for a patent if, on investigation, this appeared desirable. The Foundation has decided to apply for a patent. Since this will involve the release of the inventors' rights to the Foundation the question of distribution of possible royalty income must be decided. All of the work was done by the inventors on University time and using University facilities. In view of this, it is recommended that 12½ per cent of any net royalties derived from the invention be paid to the inventors according to whatever distribution of this amount is agreed to by them. It is the policy of the University Patent Committee to recommend that the inventor or inventors receive from 10 to 15 per cent of any net royalties on a discovery toward which the University's contribution has been significant.

I concur in these recommendations.

On motion of Mr. Johnston, these recommendations were approved. Mr. Herrick asked to be recorded as voting "no" on the recommendation for the release of the discovery reported by Messrs. Kummerow and Sakuragi.

**PURCHASES**

(2) The Director of Purchases has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

I concur.

On motion of Mr. Nickell, these purchases were authorized.

**AGREEMENT WITH SOUTHERN ILLINOIS UNIVERSITY**

President Morey discussed with the Board a proposed agreement he had under consideration to enter into with President Deleyte W. Morris of Southern Illinois University for a mutual recognition of the responsibilities of the University of Illinois and of Southern Illinois University in providing educational, research, and extension programs.

No action was taken but it was the consensus of the Board that it would not be advisable to enter into any formal agreement of this kind.

**LEGAL COUNSEL'S REPORT**

At the request of President Morey, Mr. Lesemann reported informally on the status of the litigation in which the University is involved in the cases of Patricia Bluett v. University of Illinois *et al.* and of Stephen Turkovich v. University of Illinois *et al.*, the latter proceeding representing the efforts of certain interests to stop the University from operating a television station for the telecasting of educational and other programs of public interest. He also reported on the progress made in attempts to settle the claims of the Patrick H. Warren Company and of other contractors engaged in the construction of the addition to the Research and Educational Hospitals.

**RESIGNATION OF DEAN ALLAN G. BRODIE**

President Morey reported that Dr. Allan G. Brodie, Professor and Head of the Department of Orthodontics and Dean of the College of Dentistry, has requested to be relieved of the duties of Dean at the end of the current academic year so that he may devote all of his University time to teaching and research. A committee has been appointed to search for candidates for the deanship.

**OPEN SESSION**

At 11:00 a.m. the Board convened in open session. The same members of the Board, officers of the University, and officers of the Board as recorded at the beginning of these minutes were present.

**MR. TIMOTHY W. SWAIN**

The Secretary reported that Governor William G. Stratton has accepted the resignation of Mr. Harold E. Grange as a member of the Board of Trustees of the University of Illinois and has appointed Mr. Timothy W. Swain to fill the vacancy, effective January 17, 1955.

President Megran introduced Mr. Swain who took his place with the Board.

With the concurrence of the Board, President Megran appointed Mr. Swain as Chairman of the standing committee on Nonacademic Personnel and as a representative of the Board of Trustees on the Merit Board of the University Civil Service System of Illinois to fill the vacancies created by Mr. Grange's resignation.

#### SERVICES OF MR. GRANGE

Mrs. Watkins moved that the Board enter in the minutes of today's meeting, as a matter of public record, an expression of regret that Mr. Harold E. Grange is leaving the Board and appreciation of his services as a Trustee of the University during the period of March, 1951, to December, 1954. Several members of the Board expressed their individual appreciation of Mr. Grange's services.

This motion was unanimously adopted and the Secretary of the Board was instructed to send an appropriate message to Mr. Grange on behalf of the Board.

The Board considered the following reports and recommendations from the President of the University.

#### APPOINTMENTS TO THE FACULTY

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. WEN-LUNG CHOW, Research Assistant Professor of Mechanical Engineering (S), beginning February 1, 1955, at an annual salary of \$5,500 (G).
2. FRANCIS TALMAGE COLE, Research Assistant Professor of Physics, beginning February 1, 1955, at an annual salary of \$7,260 (GY).
3. WILLIAM LEONARD McLANE, Medical Adviser and Assistant Professor of Hygiene in the Health Service, beginning January 17, 1955, at an annual salary of \$8,000 (DY).
4. WILLIAM ARTHUR TOMLINSON, Associate Director of Division of Services for Crippled Children and Clinical Assistant Professor of Pediatrics, beginning January 1, 1955, at an annual salary of \$9,000 (DY).

#### Appointments to Nonacademic Staff

The Director of Nonacademic Personnel reports the following appointments to supervisory positions of upper level responsibility.

1. JOHN R. GRIFFIN, Housing Visitor, Dean of Students' Office, beginning October 11, 1954, at an annual salary of \$3,000.
2. JOHN L. HAYES, Senior Accountant-Statistician, Bureau of Educational Research, beginning September 13, 1954, at an annual salary of \$4,800.

On motion of Mr. Herrick, these appointments were confirmed.

#### HEADSHIP OF DEPARTMENT OF AGRICULTURAL ECONOMICS

(3) Professor H. C. M. Case, Head of the Department of Agricultural Economics, has asked to be relieved of the headship of the Department and to be put on one-half time service basis as Professor so that he may also serve as General Secretary-Treasurer of the International Conference of Agricultural Economists. The University has received a grant of \$75,000 from the Kellogg Foundation to underwrite the operating costs of this Conference and one-half of Professor Case's salary will be paid from that trust fund. I have approved this change in his status effective February 1, 1955.

The Dean of the College of Agriculture and Director of the Agricultural Experiment Station recommends the appointment of Dr. Laurence J. Norton, now Professor of Agricultural Economics, as Professor and Head of the Department of Agricultural Economics in the College and Station (half-time in each) on indefinite tenure beginning February 1, 1955, at an annual salary of \$12,000 on Y basis.

I concur in this recommendation.

On motion of Mr. Nickell, the change in status of Professor Case and the appointment of Professor Norton were approved.

#### HEADSHIP OF DEPARTMENT OF OBSTETRICS AND GYNECOLOGY

(4) The Dean of the College of Medicine and Chairman of the Administrative Committee for the Chicago Professional Colleges recommends the appointment of Dr. William F. Mengert, now Professor and Chairman of the Department of Obstetrics and Gynecology at Southwestern Medical School, University of Texas, as Professor and Head of the Department of Obstetrics and Gynecology on indefinite tenure beginning July 1, 1955, at an annual salary of \$18,000 on Y basis. This will be a full-time appointment and will fill the vacancy created by the retirement of Dr. Frederick H. Falls last year. In the meantime Dr. Vincent C. Freda, Clinical Assistant Professor of Obstetrics and Gynecology, has been serving as Acting Head of the Department.

Dr. Mengert has been nominated for this position by a special search committee headed by Dr. Warren H. Cole, Head of the Department of Surgery. It will be noted from Dr. Mengert's biographical sketch that he is a highly qualified specialist as well as teacher and investigator in the field of obstetrics and gynecology and that he has a distinguished record in that field. He is the author or co-author of eighty-five scientific articles.

I concur in this recommendation.

In order to attract Dr. Mengert, it was necessary to make certain commitments for gradually strengthening the Department, specifically to provide for some full-time positions, including the headship of the Department. (Dr. Falls was on 75 per cent time at \$10,500.) Dr. Mengert wishes to develop a full-time department and as a first step it will be necessary to create two new full-time positions at the assistant professor level and to increase somewhat the expense and equipment budget of the Department. Later, several of the present part-time salaried staff will be transferred to the nonsalaried staff. Provision for these changes has been included as a high priority item in the biennial budget estimates for 1955-57.

On motion of Mrs. Watkins, this appointment was approved.

#### HEADSHIP OF DEPARTMENT OF ORTHOPAEDIC SURGERY

(5) I regret to report the sudden and untimely death on December 24 of Dr. Fremont A. Chandler, Professor and Head of the Department of Orthopaedic Surgery. He had been a member of the University faculty since 1943.

On recommendation of the Dean of the College of Medicine and Chairman of the Administrative Committee for the Chicago Professional Colleges, I have approved the appointment of Dr. C. N. Lambert, Clinical Associate Professor of

Orthopaedic Surgery, as Acting Head of the Department of Orthopaedic Surgery on one-fourth time from January 1 through August 31, 1955, at an annual salary rate of \$3,080 on a Y basis.

Confirmation of this action is requested.

On motion of Mrs. Watkins, this appointment was approved.

#### HEADSHIP OF DEPARTMENT OF PATHOLOGY

(6) The Dean of the College of Medicine and Chairman of the Administrative Committee for the Chicago Professional Colleges recommends the appointment of Dr. Cecil A. Krakower, Professor of Pathology and a member of the faculty since September, 1944, as Professor and Head of the Department of Pathology and Pathologist-in-Chief of the Research and Educational Hospitals on indefinite tenure beginning February 1, 1955, at a salary of \$15,000 a year on a Y basis.

A special search committee under the chairmanship of Dr. Roger A. Harvey, Head of the Department of Radiology, appointed last summer, has unanimously recommended Dr. Krakower's appointment as Head and Pathologist-in-Chief after careful scrutiny of the qualifications of many candidates. The recommendation is enthusiastically supported by members of the Department of Pathology and has been approved by the Executive Committee of the College of Medicine. Dr. Krakower will succeed Dr. Granville A. Bennett who has asked to be relieved of the headship of the Department, in view of his appointment as Dean of the College of Medicine.

I concur in this recommendation.

On motion of Mr. Bissell, this appointment was approved.

#### TECHNICAL COOPERATION PROGRAMS IN INDIA

(7) The University has two contracts with the Foreign Operations Administration for technical cooperation, i.e., educational services, in India: one for \$220,000 for agricultural assistance to the Allahabad University and another for \$450,000 for engineering assistance to the Indian Institute of Technology at Kharagpur. FOA has requested the University to enter into a contract under which the University will purchase equipment and ship it to India for use by these institutions in their educational and research programs. The contract will call for the purchase of approximately \$600,000 of equipment and will provide additional funds to cover all costs, direct and indirect, in this acquisition program.

The Deans of the Colleges of Agriculture and Engineering and the Comptroller recommend, and I concur, that such a contract be authorized.

On motion of Mr. Johnston, this contract was authorized and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### PROFESSIONAL SERVICES FOR CHICAGO UNDERGRADUATE DIVISION SITE STUDY

(8) The Board of Trustees has authorized continuation of a contract with Real Estate Research Corporation of Chicago for further study of a site for a permanent University-owned location of the present Chicago Undergraduate Division. This contract does not include engineering services and campus planning, because it was not previously possible to estimate how much architectural and engineering work would be required. Studies now made by Real Estate Research Corporation indicate that the additional services required for this phase of the work will cost approximately \$5,000. The work now needed will cover location of utility and drainage facilities and necessary additions, as well as other site development problems, but no studies of actual building needs will be made under this contract.

Funds are available in an appropriation previously made by the Board for this contract.

I recommend that the Board authorize an increase in the contract with Real Estate Research Corporation to provide for these additional services.

On motion of Mrs. Watkins, this increase in the contract was authorized.

**SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(9) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. College of Agriculture, equipment and remodeling:	
Agronomy, microscopes .....	\$ 3 011
Agronomy, controlled environment chamber for agronomic research .....	6 500

5. Institute for Research on Exceptional Children, office equipment and remodeling .....	9 500
<b>Total</b> .....	<u>\$102 076</u>

I concur.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Stratton.

**IMPROVEMENT OF LINCOLN AVENUE AND NEVADA STREET**

(10) The city of Urbana's street improvement program includes the widening and resurfacing of Lincoln Avenue and Nevada Street. The University's policy is to pay its proportionate share of costs of all public improvements adjoining its properties. The University's share of the estimated cost of the Lincoln Avenue and Nevada Street improvement is from \$110,000 to \$120,000, and provision for this has been included in the appropriations to be requested for 1955-57.

Officials of the city of Urbana are anxious to proceed with the preparation of plans for this improvement so that the assessments may be spread. Completion of plans now will expedite the improvement when the funds become available.

The Director of the Physical Plant and the Comptroller recommend that an appropriation of \$2,000 be made now for the University's share of the costs for engineering services including preparation of plans and specifications. This will be a part of the University's total contribution to the project.

I recommend that this appropriation be made from the General Reserve Fund and that the Comptroller and the Secretary of the Board be authorized to execute the necessary agreement with the city of Urbana.

On motion of Mr. Livingston, this payment was authorized and the appropriation recommended was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Stratton.

**ADDITION TO CONTRACT FOR ELECTRICAL WORK  
IN CONSTRUCTION OF LAW BUILDING**

(11) The Director of the Physical Plant and the Comptroller recommend an increase of \$16,432.64 in the contract with Square Deal Electrical Contracting, Inc., Urbana, for the electrical work in the construction of the Law Building to provide for the installation of fluorescent lighting in the basement. Originally, this space had been planned for storage, but as a result of further studies, it will be used for bookstacks in the library.

The estimate of cost of this extra work has been carefully checked by the Physical Plant Department and has been found to be consistent with its own estimates and is a reasonable figure. Funds are available in the state appropriation for the construction of the Law Building and have already been released by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this change in the contract.

On motion of Mr. Herrick, this increase in the contract was authorized.

**CONTRACT FOR LAW BUILDING BOOKSTACKS**

(12) The Director of Purchases and the Comptroller recommend award of a contract for \$144,493 to Globe-Wernicke Company, Norwood, Ohio, the lowest bidder, for the installation of bookstacks in the library of the new Law Building. Funds are available in the state appropriations for the construction of and the equipment for the Law Building.

I concur in this recommendation.

On motion of Mr. Herrick, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Stratton.

**LABORATORY EQUIPMENT FOR VETERINARY CLINIC BUILDING**

(13) On October 27, 1954, the Board of Trustees authorized the award of a contract for \$5,821 to Robert M. Green and Sons, Inc., Nesquehoning, Pennsylvania, the lowest bidder, for laboratory equipment to be installed in the Veterinary Clinic Building now under construction. Two days later the contract was sent to the Company for execution. The contract has not been returned, no replies to follow-up inquiries have been received, and subsequent information indicates that the firm is bankrupt. The Company having failed to perform, its bid deposit of \$174.63 will be retained by the University.

The Director of the Physical Plant and the Comptroller recommend the award of a contract for \$6,042 to the Laboratory Furniture Co., Inc., Mineola, New York, the next lowest bidder, for this equipment. The latter has indicated that it will accept the contract at its bid price. The difference between the lowest and second lowest bid is \$221 so that retainment of the bid deposit of Robert M. Green and Sons, Inc., will result in a net increase of \$46.37.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract and that the contract previously awarded to Robert M. Green and Sons, Inc., be revoked.

On motion of Mr. Nickell, the contract previously awarded to Robert M. Green and Sons, Inc., was revoked and the contract was awarded to the Laboratory Furniture Co., Inc., and the Comptroller and the Secretary of the Board were authorized to execute the same. These actions were taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Stratton.

### CONTRACT FOR REMODELING IN DENTISTRY-MEDICINE-PHARMACY BUILDING

(14) The Director of the Physical Plant and the Comptroller recommend the award of a contract for \$29,945 to Mueller Construction Company, Chicago, the lowest bidder, for the enclosure and protection of stairways in the first unit of the Dentistry-Medicine-Pharmacy Building at 1853 West Polk Street. The work will consist of installation of partitions enclosing the stairwells to comply as nearly as possible with recommendations of the Chicago Fire Department and to comply with the Chicago City Building Code, and is part of the general remodeling program related to the activation of the Research and Educational Hospitals Addition and the East Dentistry-Medicine-Pharmacy Building.

Funds are available in a special appropriation made by the Board of Trustees on May 15, 1954, for this remodeling program.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

### APPROPRIATION AND CONTRACT FOR CONVERSION OF ELEVATORS IN ILLINOIS NEUROPSYCHIATRIC INSTITUTE

(15) The Director of the Physical Plant and the Comptroller recommend the award of a contract for \$32,764 to Houghton Elevator Company, Chicago, the lowest bidder, for converting the elevators in the Illinois Neuropsychiatric Institute from manual to automatic operation. The work will consist of rewiring controls and operating machinery to change from the manual type to the two-car duplex selective collective type of operation. This will reduce the need for operators during hours of light traffic and the cost of the conversion will be paid for in a period of from one to two years by savings in labor costs.

The Committee on Nonrecurring Appropriations recommends an assignment of \$38,000 for this improvement which will include other costs, such as engineering work and other Physical Plant Department services, in addition to the above contract.

I concur in these recommendations and request that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Holt, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same, and the appropriation recommended was made. These actions were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Hickman, Mr. Stratton.

**CONTRACT FOR AIR CONDITIONING IN RESEARCH AND  
EDUCATIONAL HOSPITALS ADDITION**

(18) The Director of the Physical Plant and the Comptroller recommend the award of a contract for \$108,634 to the Reliable Sheet Metal Works, Inc., Chicago, the only bidder, for air conditioning installations in the addition to the Research and Educational Hospitals. The work will consist of installations in the surgery and medical clinics and the milk formula area on the first floor, and in the bacteriological and serological laboratories on the second floor. It is a part of the remodeling program related to the activation of the Research and Educational Hospitals Addition, and is necessary to improve conditions in certain critical areas where the work being done requires cooling and filtration of air.

Funds are available in a special appropriation made by the Board of Trustees on May 15, 1954, for this remodeling program.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**FEES FOR FLIGHT TRAINING COURSES**

(19) The Committee on Fees and Scholarships, the Provost, and the Comptroller recommend an increase in the fees for flight training courses offered by the Institute of Aviation from \$250 to \$275 for each course beginning with the summer of 1955. There has been no increase in the fees for flight courses since 1946, although the costs of instruction have gone up and the increase recommended is necessary to keep this program on a self-supporting basis.

I concur.

On motion of Mr. Livingston, this change in fees was approved.

The February meeting of the Board of Trustees of the University of Illinois was held at the Sheraton-Blackstone Hotel, Chicago, Illinois, on Thursday, February 10, 1955, beginning at 10:00 a.m.

The following members were present: Mr. Wirt Herrick, Mr. Robert Z. Hickman, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. H. B. Megran, Mr. Vernon L. Nickell, Mr. Timothy W. Swain, and Mrs. Frances B. Watkins. Mr. Cushman B. Bissell and Governor William G. Stratton were absent. Mr. Kenney E. Williamson, Trustee-elect, was present.

Also present were President Lloyd Morey, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Relations, and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.

**EXECUTIVE SESSION**

When the Board convened, an executive session was requested for consideration of the following matters of business presented by the President of the University.

**ILLINOIS BUDGETARY COMMISSION HEARING**

President Morey reported on a conference which he and Messrs. Megran and Livingston had with the Governor on February 2, 1955, concerning the biennial budget and building program for 1955-57. The President also reported on the presentation of the budget and building program to the Illinois Budgetary Commission at a hearing held in Springfield, February 7, 1955.

President Megran and Mr. Livingston supplemented President Morey's presentation. Further consideration of the report on the budget was deferred until the regular business meeting.

**SETTLEMENT OF CONTRACTS FOR CONSTRUCTION OF ADDITION TO THE RESEARCH AND EDUCATIONAL HOSPITALS**

Mr. Lesemann reported that there are prospects of reaching agreements for settlements of the claims of some of the contractors and subcontractors engaged in the construction of the addition to the Research and Educational Hospitals and that it may be necessary to secure authorization of such settlements prior to the next meeting of the Board of Trustees.

On motion of Mr. Hickman, the Executive Committee was authorized to act in this matter.

**VICE-PRESIDENT IN CHARGE OF THE CHICAGO PROFESSIONAL COLLEGES**

President Morey reported that he may be ready to make a recommendation for an appointment to the position of Vice-President in Charge of the Chicago Professional Colleges in the near future, and that it may be necessary to secure action on such recommendation before the next meeting of the Board of Trustees on March 30.

The President of the Board requested that the Executive Committee be authorized to act in this matter and unanimous consent was given.

**OPEN SESSION**

At 11:00 a.m. the Board convened in open session. The same members of the Board, officers of the University, and officers of the Board as recorded at the beginning of these minutes were present.

**DELEGATION FROM CHICAGO UNDERGRADUATE DIVISION**

A delegation of students, and Mr. William Vihon, 7518 North Claremont Avenue, Chicago 45, Illinois, representing the Parents' Association of the Chicago Undergraduate Division, appeared before the Board and asked to be heard on the matter of a state appropriation for the acquisition of a site for a permanent location for the Chicago Undergraduate Division. Mr. Vihon was spokesman for the delegation. He expressed disappointment that University officials have eliminated from the proposed building program for 1955-57 the original provision for the acquisition of a site for a new location for the Chicago Under-

graduate Division, and urged that further consideration be given to capital appropriations for this development. Two students also spoke in support of Mr. Vihon's presentation.

President Morey replied in connection with the presentation of a report on the biennial budget and building program for 1955-57 which appears below.

Mr. Nickell spoke of the over-all problem of the state of providing sufficient funds for all educational purposes, pointing out that even with additional revenues resulting from a possible increase in the sales tax the income of the state will not be sufficient to meet all of its needs.

Mr. Livingston reviewed the emergency steps which were taken by the Board of Trustees and the administration of the University in 1946 to establish the Chicago Undergraduate Division indicating that University officials are aware of the higher educational needs in the Chicago area and that every effort has been and will continue to be made to provide for them, consistent with the University's other obligations and the resources of the state.

President Megran expressed his appreciation to Mr. Vihon and the student delegation for their presentation, and the delegation withdrew.

#### BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

#### REPORT ON BIENNIAL OPERATING BUDGET AND BUILDING PROGRAM FOR 1955-57

(1) On February 7 representatives of the Board of Trustees and of the University administration appeared before the Illinois State Budgetary Commission. The operating and capital budgets, as approved by the Board on October 27, 1954, were presented. We also presented the "Statement Concerning University of Illinois Biennial Budget Request for State Appropriations, 1955-57" and the bulletin which has been prepared for general circulation, *Your University of Illinois*. Copies of these documents have previously been sent to the Trustees, and copies of the same are being filed with the Secretary of the Board as a part of the record of today's meeting.

In recent weeks problems have arisen with respect to the capital budget that indicated the need of some revision, as follows:

1. By a change of standards with respect to *residence hall* facilities, it is now possible to reduce the construction cost about 20 per cent under the budget estimate. This would necessitate an appropriation of \$2,000,000 (for 900 students) instead of \$2,900,000 as originally estimated, to be supplemented by a loan of \$1,600,000. (It is possible to spread out even this \$2,000,000 over a 25-year period by providing an additional \$125,000 per year in the general University operating budget.)

2. In the *Chicago Professional Colleges* it has not been possible to make necessary studies and reach basic decisions with respect to the Animal Hospital, the Library, or the Experiment Station. It is also felt that the full program of remodeling can not be carried out in one biennium. As a result, a total of \$7,150,000 may be deferred to the succeeding biennium and in its place \$100,000 provided for studies during the coming biennium.

3. In the *Chicago Undergraduate Division* several conditions have developed to justify a delay in appropriation of funds for a site and to seek only funds for further educational and engineering studies. (A special statement relating to this item is attached.)

The net result of these changes is indicated in the revised building program which totals \$22,955,000 instead of \$37,185,000 as originally filed, a total of \$13,650,000 to be deferred to the succeeding biennium.

With the concurrence of the President of the Board and the Chairman of the Finance Committee, the President of the University presented this revised budget to the Budgetary Commission, indicating that it would be acceptable to the University.

**Statement to the Illinois Budgetary Commission Concerning Funds to Provide a Permanent Site for the Chicago Undergraduate Division**

1. The University included a preliminary estimate of land cost for a permanent site for the Chicago Undergraduate Division in its budget filed November 1, 1954, because:
  - a. The University was requested by the Legislative Commission on the Chicago Undergraduate Division to provide this and related information.
  - b. The University feels that its present two-year program has achieved a permanent status, and therefore, permanent University-owned facilities should be provided as soon as feasible.
  - c. The inclusion of such an item was necessary if the University expected consideration of an appropriation in this biennium.
  - d. At that time it seemed that funds had to be appropriated by the General Assembly in this session in order to permit the University to prepare for and be ready to take its share of the increased enrollment.
2. Since submitting the budget:
  - a. The University has not been able to conclude its studies of sites or complete the necessary negotiations to a point where it is certain of the appropriation required.
  - b. The University has found that, if it is necessary or desirable for the state to do so, the appropriation for site acquisition can be deferred until the 1957-59 biennium.  
(Also the Commission on Higher Education has been appointed by the Governor to survey the entire problem of future growth and the question of possible expansion to a four-year basis.)
3. The University has not changed its opinion as to the need to provide permanent facilities and site for the two-year program of the Chicago Undergraduate Division as promptly as feasible. However, in view of the above described conditions and of the many needs of the University of greater urgency for which funds should be provided in the 1955-57 biennium, the University will not press for appropriation of funds in 1955-57 to acquire land for this purpose, but only moderate funds for studies of future development.

LLOYD MOREY

**APPOINTMENTS TO THE FACULTY**

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. ALBERT CAROZZI, Visiting Assistant Professor of Geology, for a period of ten months from September 1, 1955, at a salary of \$5,500 (G).
2. ALFRED L. ROWSE, George A. Miller Visiting Professor of History, for a period of four months from September 1, 1955, at a salary of \$5,600 (G).
3. LUCIA TOWER, Lecturer with rank of Associate Professor in the Department of Psychiatry, College of Medicine, beginning January 1, 1955, at an annual salary of \$3,120 (DY25).

On motion of Mr. Johnston, these appointments were confirmed.

**LEAVE OF ABSENCE FOR DIRECTOR ROBERT B. DOWNS**

(3) Director Robert B. Downs of the Library and Library School has been asked by the Ford Foundation and the Government of Turkey to serve as library adviser to the latter and has requested a six months' leave of absence from March 1, 1955, for this purpose.

I have approved this leave, the first month to be with pay as the standard vacation allowance and five months from April 1 to be without pay.

I have also approved recommendations from Director Downs that Professor Leslie W. Dunlap, Associate Director of the Library for Public Service Departments, be appointed Acting Director of the Library and that Professor Harold Lancour, Associate Director of the Library School, be appointed Acting Director of the Library School, these appointments to be for six months from March 1, 1955, with additional compensation at the rate of \$100 a month in each case.

Confirmation of these actions is requested.

On motion of Mrs. Holt, the actions of the President of the University were confirmed.

**CHANGE IN ORGANIZATION OF THE UNIVERSITY OF ILLINOIS CITIZENS COMMITTEE**

(4) The organization of the University of Illinois Citizens Committee now provides that officers of the following organizations shall be ex officio members: Alumni Associations, including the alumni organizations of the Chicago Professional Colleges, the Dads Association, and the Mothers Association. The officers of these associations are usually elected for one year, and they change at various

times. For example, the Dads Association has its annual meeting in the fall, the Mothers Association in the spring, and the officers of the several alumni associations are changed at various times of the year. This results in frequent changes in the membership of the Citizens Committee of these ex officio members, which has proven undesirable as it does not enable some of the people to serve very long. Hence, it is recommended that the ex officio members be discontinued and that the statement of organization of the Citizens Committee be amended to read as follows:

New language is in italics and language to be deleted is in parentheses.

The first purpose of the Citizens Committee is one of interpretation of the University of Illinois to the people of Illinois, and its aim is the further development of the University through the people and for the people of the state.

The Committee is made up of about two hundred members, nominated by the President and appointed by the Board of Trustees to serve for three years. Its general membership includes an important cross section of public-spirited citizens of Illinois who are interested in the University but not professionally connected with it. From the general membership an Executive Committee of nine is appointed by the Board of Trustees on recommendation of the President.

*In his nominations for membership on the Committee the President of the University will include representatives of the University of Illinois Alumni Association, the Dads Association, and the Mothers Association. The present and past members of the Board of Trustees shall be ex officio members of the Committee.* (The ex officio membership of the Citizens Committee as a whole is composed of present and past members of the Board of Trustees and officers of the Alumni Associations, the Dads Association, and the Mothers Association.)

Meetings of the Citizens Committee and of its Executive Committee are held on call of the President of the University. The Secretary of the Board of Trustees of the University of Illinois is ex officio Secretary of the Committee.

On motion of Mr. Livingston, these changes were approved.

#### ADJUSTMENTS IN THE BUDGET

(5) The Provost and the Comptroller recommend the following increases in the operating budget for 1954-55, which are presented with my concurrence to the Board for approval:

##### Office of the Dean of Students

Recurring.....	\$2 000
Nonrecurring .....	2 500

In the preparation of the budget the cost of administering the identification card program and of the motor vehicle regulation was underestimated, and a deficiency appropriation is needed.

##### Research and Educational Hospitals

For the addition of two clerical positions in the medical records section of the Hospital Clinics.....	5 640
--	-------

These positions are needed so that the Medical Records Department can function efficiently and serve the clinics adequately.

##### Department of Art

For services of live models, nonrecurring.....	2 500
--	-------

The additional funds are required because of the increase in enrollment. The Department also wishes to make greater use of professional models and to decrease the use of student models for reasons of educational efficiency.

Funds are available for these additions.

On motion of Mr. Johnston, these assignments were made by the following vote: Aye, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Stratton.

**APPROPRIATION FOR INSTITUTE OF AVIATION**

(6) In the general reductions required to prepare a balanced budget for 1953-54, the appropriations for the Institute of Aviation were decreased by approximately \$33,000, and the Institute has had to absorb approximately \$2,000 in prevailing wage rate increases for which additional funds were not made available to it.

In 1953-54 the Institute was able to transfer expenditures of approximately \$7,000 to prior earnings of the Airport thus enabling it to operate within the available appropriations.

In 1954-55 there will be a deficit of approximately \$4,500 if the Institute maintains its present level of operations. The deficiency will be corrected in 1955-56 by increased income resulting from the higher flight instruction fee approved by the Board and the Institute's share of the additional state appropriations being requested for 1955-57 for increased prevailing wage rates.

There remains, however, a need for a nonrecurring appropriation of \$4,500 for the remainder of the year 1954-55. The Committee on Nonrecurring Appropriations has reviewed the recommendation of the Director of the Institute of Aviation for this assignment of funds and recommends it be made.

I concur.

On motion of Mr. Livingston, this assignment was made by the following vote: Aye, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Stratton.

**SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(7) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. Department of Chemistry and Chemical Engineering, remodeling in the East Chemistry Building.....	\$29 450
2. College of Commerce and Business Administration, remodeling and purchase of equipment for David Kinley Hall.....	4 910
<i>Total</i> .....	\$34 360

I concur.

On motion of Mr. Nickell, these appropriations were made by the following vote: Aye, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Stratton.

**CONTRACTS FOR CONSTRUCTION OF CHILD DEVELOPMENT LABORATORY**

(8) The Director of the Physical Plant and the Comptroller recommend award of contracts as follows for the construction of the Child Development Laboratory as a part of the Home Economics Building project:

General—Felmley-Dickerson Company, Urbana.....	\$367 650
This is the net amount of the general contract after deducting alterations, totaling \$10,350, which the University has elected to take, from the base bid of \$378,000.	
Electric—Brunkow Electric Company, Champaign.....	36 820
Plumbing—Wm. Adams Engineers, Inc., Chicago.....	33 622
Heating—Gallaher and Speck, Inc., Chicago.....	25 502
Ventilating—Robert H. Bishop, Champaign.....	18 868
Dumb-waiter Installation—Fairhall Elevator and Machine Company, Danville .....	3 064
Pipe Covering—Sprinkmann Sons Corporation of Illinois, Peoria.....	2 768
Temperature Controls—Minneapolis Honeywell Regulator Company, Peoria .....	8 847
<i>Total</i> .....	\$497 141

In each case the recommendation is for the award to the lowest bidder.

Funds are available in the state appropriations for buildings and other capital improvements made to the University for 1953-55. The Sixty-ninth General Assembly of Illinois has recently amended the appropriation act to permit use of the funds for the construction of the Child Development Laboratory as a

separate building from the Home Economics Building although the two are one project. The funds are subject to release by the Governor.

It is proposed to draw upon the following specific appropriations for the above contracts:

"For construction of a Child Development Laboratory, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to completion of the work".....\$370 000

From the item in the general appropriation act for buildings and other permanent improvements, as amended, which now provides "For contingencies to cover expenditures for purposes, including the Child Development Laboratory authorized by this amendatory act, for which the amount in any of the above items enumerated is, or becomes, insufficient" ..... 143 000

The bids are based on the assumption that the contractors will not be required to complete their work within a specified period of time. The general contractor has indicated that he can complete the building by December 31, 1955. This will necessitate reappropriation of part of the funds for this project for the biennium of 1955-57.

Alternate bids were also taken on the increased costs estimated by contractors if required to complete the building by August 31, 1955. The general contractor has indicated that this would increase his contract by \$35,000, which with other added costs would result in an increase of \$37,000 if August 31 is specified as the completion date. While the lowest bidder can doubtless organize the work for such a construction schedule, factors beyond his control, such as strikes either at the site or affecting the deliveries of fabricated materials, could thwart his best efforts. The Director of the Physical Plant and the Comptroller recommend that this calculated risk be not taken.

It should be noted that the above contracts do not include equipment, landscaping, and other costs. The total estimated cost of this project is \$590,000, for which funds are available in the existing state appropriations if released by the Governor and if unexpended balances at the end of the current biennium are reappropriated for 1955-57.

I concur in the recommendation for the awards of these contracts, subject to release of funds by the Governor, and recommend that the Comptroller and the Secretary of the Board be authorized to execute them.

On motion of Mr. Nickell, these contracts were awarded as recommended by the following vote and the Comptroller and the Secretary of the Board were authorized to execute the same: Aye, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Stratton.

#### CONTRACT FOR LANDSCAPING OF THE LAW BUILDING AREA

(9) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$15,600 to Ralph Synnestvedt Associates, Glenview, Illinois, the lowest bidder, for landscaping the new Law Building area.

Funds are available in the state appropriation for construction of this building, and the lowest bid is well within the construction budget estimates.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded by the following vote and the Comptroller and the Secretary of the Board were authorized to execute the same: Aye, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Stratton.

#### ADDITION TO BUILDING CONTRACT FOR CONSTRUCTION OF LAW BUILDING BOOKSTACKS

(10) The Director of the Physical Plant and the Comptroller recommend an increase of \$4,588.10 in the contract with E. N. DeAtley for general work in the

construction of the Law Building to provide for asphalt tile floor covering and painting in the southwest area of the basement which will be used as bookstack space for the Law library instead of storage space. Funds are available in the state appropriation for the construction of the Law Building.

I concur and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Swain, the Comptroller was authorized to execute this change in the contract.

#### REPORT OF SCHOLARSHIP FUNDS

(11) Alumni of the College of Commerce and Business Administration have raised a fund of \$20,000 with the prospect of \$5,000 of additional contributions to establish a scholarship fund in honor of Professor *Emeritus* Hiram T. Scovill of the College of Commerce and Business Administration. Announcement of the fund and of the willingness of the University to accept it was made during the ceremonies commemorating the fiftieth anniversary of the teaching of business subjects at the University of Illinois and upon the occasion of Professor Scovill's retirement in 1953. The University of Illinois Foundation has been receiving and holding contributions to this fund temporarily. A formal deed of gift will be prepared and presented to the University.

The fund will be an endowment for undergraduate scholarships, but the income may also be used for graduate fellowships, prizes, and payment for publication of writings by the staff or graduate students in the College of Commerce and Business Administration. The fund must be held as an endowment until June 30, 1980, and, thereafter, the principal may be spent with the approval of the Board of Trustees.

The Harvey H. Jordan Scholarship Fund was raised as a tribute to Professor *Emeritus* Harvey H. Jordan of the College of Engineering for his many years of service to that College. A fund of \$4,638.11 has been contributed by alumni of the College of Engineering and other friends of Professor Jordan, and it is expected that additional funds will be received.

The University of Illinois Foundation has received these contributions and has invested them as an endowment fund. The income will provide annual scholarship awards to one or more outstanding engineers at the beginning of their final semester.

These gifts are reported for record.

On motion of Mr. Johnston, acceptance of these funds was authorized and the Secretary of the Board was requested to express the Board's appreciation to the appropriate parties.

(15) The following gifts and grants of funds received by the University have been accepted by the President and are now being reported for official record. The previous report of such gifts was made to the Board on February 18, 1954. (In many cases a period of several months may elapse between the time an offer is accepted and the final payments have been received. Hence, to avoid complications in audits of University accounts, monetary gifts are usually reported after the funds have been deposited with the University. In each case due acknowledgment of these gifts and grants has been made by appropriate University officials, including an expression of appreciation on behalf of the Board of Trustees.)

#### **SALE OF TRUST FUND SECURITIES**

Mr. Livingston, for the Finance Committee, submitted the following report:

The Finance Committee has approved the sale of certain securities purchased in 1939 as an investment of funds received from the late Dr. A. F. Kaeser of Highland, Illinois, for student loans and in certain contingencies, student scholarships. At that time, the demand for student loans was not sufficient to use all of the funds then available for such purposes and some of those funds, including a part of the funds received from Dr. Kaeser, were invested. Due to the present demand for student loans, it is advisable to convert these assets into cash. The securities were purchased for \$4,829.70 and approximately \$13,000 will be realized from their sale.

Adoption of the following resolution is required to complete the sale:

WHEREAS, the Board of Trustees of the University of Illinois is the owner of 54 shares of Caterpillar Tractor Company common stock, 50 shares of General Motors Corporation common stock, and 60 shares of Inland Steel Company common stock, and

WHEREAS, it is the decision of said Board of Trustees that it is desirable to dispose of such securities,

*Now, therefore, be it resolved* by the Board of Trustees of the University of Illinois, in a duly constituted meeting on February 10, 1955, that these securities be sold at the best price obtainable, and that H. O. Farber, Comptroller, and A. J. Janata, Secretary, be authorized to execute any and all documents required to complete such sale.

The Finance Committee has approved the sale of 300 shares of American Tobacco Company common stock held as an investment of the Miller Endowment Fund and recommends the adoption of the following resolution:

WHEREAS, the Board of Trustees of the University of Illinois is the owner of 300 shares of American Tobacco Company common stock, and

WHEREAS, it is considered by said Board to be desirable to dispose of such stock,

*Now, therefore, be it resolved* that such stock be sold, and that H. O. Farber, Comptroller, and A. J. Janata, Secretary, be and they are hereby authorized to execute any and all documents necessary to complete such sale.

On motion of Mr. Livingston, these resolutions were adopted.

(1) Pursuant to the plan authorized by the Board of Trustees for the sale of University-owned residence properties in Urbana-Champaign which are outside the area of future campus expansion, the Director of the Physical Plant and the Comptroller recommend the sale of the following residence properties owned by the University:

<i>Location</i>	<i>Purchaser</i>	<i>Sale Price</i>	<i>University Investment</i>
702 East Washington Street, Urbana	Perry L. and Thelma P. Huie	\$10 750 00	\$8 552 00
504 South Chicago, Champaign	George R. Beam	10 750 00	8 692 00
608 South Chicago, Champaign	Noah E. and Marie A. Bacon	10 500 00	8 761 09
606 South Coler Street, Urbana	Charles E. and Dolores S. Wertz	10 000 00	None; part of George A. Miller Estate bequeathed to the University

The first three listed are National Homes buildings constructed in 1946. The University investment includes the original cost plus subsequent improvements. The sale price in each case was determined by an independent appraisal by a real estate expert. The fourth property was acquired in October, 1954, as a part of the George A. Miller Estate. The Executor's inventory of the estate listed the value of this property as \$11,000, but the sale price has been determined by an independent appraisal by a real estate expert.

*Be It Further Resolved* that upon compliance with the terms of said agreement by Purchasers, and in accordance with the terms thereof, said Comptroller and Secretary be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name, and in behalf of, this Corporation, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Purchasers, not in tenancy in common, but in joint tenancy, title to the following described property, viz:

North 42 feet of South  $\frac{1}{2}$  of Lot 24 of Campbell and Kelly's Addition to the City of Urbana, Champaign County, Illinois.

On motion of Mr. Williamson, the sales of these properties at the prices recommended were authorized, and each of the four foregoing resolutions was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Stratton.

#### **PURCHASE OF PROPERTY AT 1007 WEST NEVADA STREET, URBANA**

(2) The Director of the Physical Plant and the Comptroller recommend the purchase of the property at 1007 West Nevada Street, Urbana, at a price of \$28,600. This is a lot 65 feet x 147.3 feet or 9,574.5 square feet, and a seven-room frame house, the latter being in excellent state of maintenance and can be used either for staff housing or for University offices until the land is needed for buildings or other campus development. It is the only remaining privately-owned property in that particular area of the University's future land acquisition program.

I recommend that this purchase be authorized and that an appropriation of \$28,600 be made for this purpose from the General Reserve Fund.

On motion of Mr. Bissell, the purchase of this property at the price recommended was authorized, an appropriation of \$28,600 was made from the General Reserve Fund for this purchase, and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents for the acquisition of the property. These actions were taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Stratton.

**PATENTABLE INVENTIONS**

(3) The President of the University presented a series of recommendations relating to potentially patentable inventions.

On motion of Mr. Swain, this matter was referred to the Executive Committee with power to act.

**GIFT OF MISS LAURA M. WEBER OF FARM LAND  
IN LA SALLE COUNTY**

(4) Miss Laura M. Weber of LaGrange Park, Illinois, has offered the University 640 acres of farm land in La Salle County, described as follows:

The Northwest Quarter (NW $\frac{1}{4}$ ) of Section Fifteen (15), Township Thirty-One (31) North, Range One (1) East of the Third Principal Meridian, in the County of La Salle and State of Illinois situated in the Town of Hope in the County of La Salle and State of Illinois.

The Northwest Quarter (NW $\frac{1}{4}$ ) of Section Twenty-Seven (27), Township Thirty-Four (34) North, Range Two (2) East of the Third Principal Meridian, in the County of La Salle, in the State of Illinois.

The North Half (N $\frac{1}{2}$ ) of the Northwest Quarter (NW $\frac{1}{4}$ ) of Section Eight (8), Township Thirty-One (31) North, Range Two (2) East of the Third Principal Meridian, containing Eighty acres, more or less situated in the Township of Richland in the County of La Salle and State of Illinois.

The Southwest Quarter (SW $\frac{1}{4}$ ) of Section Fifteen (15) and the North Half (N $\frac{1}{2}$ ) of the Southeast Quarter (SE $\frac{1}{4}$ ) of Section Sixteen (16), all in Township Thirty-One (31) North, Range One (1) East of the Third Principal Meridian, Hope Township, containing 240 acres, more or less situated in the County of La Salle and State of Illinois.

She made this offer in a letter to the Dean of the College of Agriculture dated September 1, 1954, at which time she stated that she had made provision for such a gift in her will. Her attorney has now informed the University that his client is prepared to deed this land to the University immediately. He has in his possession all of the title documents needed to effectuate the transfer.

University officials are deeply appreciative of Miss Weber's generous and public-spirited motives and that she has selected the University of Illinois as the recipient of her benefaction. I had the opportunity of expressing this to her several weeks ago during the correspondence between her and University officers preliminary to her final decision.

I recommend the acceptance of this offer and that the farm land be operated by the College of Agriculture and that the net income be held in reserve for the benefit of the College of Agriculture. I also recommend adoption of the following resolution:

*Resolution*

WHEREAS, Miss Laura M. Weber of LaGrange Park, Illinois, has expressed her intention and desire to make a very generous gift to the University of Illinois by giving and conveying to it 640 acres of farm land, together with the improvements thereon, now owned by her and situated in La Salle County, Illinois; and

WHEREAS, in tendering this gift to the University, she has expressed her wish and desire that the immediate control and supervision of the management and operation of said lands, after her conveyance thereof to the University, be vested in and exercised by the College of Agriculture of the University, subject, however, to the general control of the University's Board of Trustees, and that the University, through its College of Agriculture, manage and operate said farms in such manner as to constitute them model farms and their operation examples of the proper and best manner of conducting farming and other agricultural activities upon and with such land, having due regard to the preservation and maintenance of the fertility of the soil, and an incentive to others to so use and operate similar farm lands, her further hope and desire that the University retain title to and ownership of said lands and, through its College of Agriculture, conduct such operations upon and so use the same for a substantial period of years and until, in the judgment of said Board of Trustees, concurred in by the then Dean of said

College of Agriculture, it is no longer feasible or practicable, or in the best interests of the University, for the University to continue to so use and operate said lands or to continue to possess the same or hold title thereto, and that it is her further wish and desire that, in the event in the judgment of said Board of Trustees, concurred in by the then Dean of said College of Agriculture, it becomes necessary or desirable in the best interests of the University and of said college that said land be sold, that the net proceeds of the sale thereof be used by the University in such manner as will benefit its College of Agriculture or be helpful to the activities then being conducted by the latter, but without thereby limiting or restricting, or intending to limit or restrict the use, management, or operation of said lands, or any portion thereof, or the sale or other disposition thereof, by the University in such manner as its Board of Trustees, with the concurrence of the then Dean of its College of Agriculture, may at any time or times determine to be in the best interests of the University; and

WHEREAS, this Board of Trustees regards the acceptance of this generous gift as being in the best interests of the University and considers it feasible and practicable, and consistent with the best interests of the University, that the lands so given the University by Miss Weber be operated and managed under the supervision of its College of Agriculture and be used in accordance with her said wishes and desires for a substantial period of time following the conveyance of said lands by her to the University, and to so devote the net proceeds of any sale thereof which the University may make if and when, in the judgment of the then Board of Trustees of the University concurred in by the then Dean of its College of Agriculture, it is no longer feasible or practicable, or in the best interests of the University, for the University to continue to own and so use and manage said lands:

*Therefore, it is hereby resolved* by this Board of Trustees of the University of Illinois that Miss Weber's generous offer to give and convey said lands to the University be, and the same is hereby accepted, and that, upon the conveyance of said lands by her to the University accordingly, the University use said lands for farming and agricultural purposes, and that the management and operation thereof be under the immediate supervision and direction of the College of Agriculture of the University, until such time or times as the then Board of Trustees of the University with the concurrence of the then Dean of its College of Agriculture may find and determine that it is no longer feasible or practicable, or is no longer in the best interests of the University, that such use of said lands, or any portion thereof, or its possession and ownership of said lands, or any portion thereof, be continued, and that, in the event that, as a result of any such future finding or determination, said lands, or any portion thereof, are sold by the University, the net proceeds of the sale thereof be used by the University in such manner as will benefit its College of Agriculture or be helpful to the activities then being conducted by that College.

*It is further hereby resolved* that this Board of Trustees, on behalf of the University, hereby expresses its and the University's grateful and deep appreciation of and most sincere thanks for Miss Weber's consideration for the University and its College of Agriculture, and for the interests of agriculture and those engaged in agricultural pursuits, in making this generous and valuable gift to the University.

On motion of Mrs. Holt, this resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Stratton.

#### APPOINTMENT OF VICE-PRESIDENT IN CHARGE OF THE CHICAGO PROFESSIONAL COLLEGES

(5) The special committee appointed in September, 1953, to make a nomination for the vacant position of Vice-President in Charge of the Chicago Professional Colleges recommended the appointment of Dr. Herbert E. Longenecker, Dean of the Graduate School at the University of Pittsburgh. With the approval of the Executive Committee of the Board of Trustees, this position was offered Dr. Longenecker, and he has accepted. The other members of the Board of Trustees were concurrently informed of these proceedings and some of them have met Dr.

Longenecker. The President-elect of the University was also informed of and concurred in the appointment.

I now request formal confirmation of Dr. Longenecker's appointment as Vice-President in Charge of the Chicago Professional Colleges at the University of Illinois beginning August 1, 1955, and continuing through August 31, 1957, at a salary of \$23,000 a year on "Y" basis. He will be general administrative head of the Colleges of Dentistry, Medicine, and Pharmacy, the School of Nursing, the Research and Educational Hospitals, clinics, institutions, and other health service units at the Chicago Professional Colleges. The term of this appointment is consistent with the policy of appointing deans and directors biennially.

I should like to have the record include the following statement from the report of the Committee which nominated Dr. Longenecker:

"The recommendation of the Committee was determined by several considerations which were believed to be highly important in arriving at a decision. Dean Longenecker has had eleven years of experience beginning in 1944 in University administrative offices at the University of Pittsburgh. As a member of boards and committees of the National Research Council and as a member of other boards important in the national defense, he has had excellent experience in important public relations. He has also served as President of the Pittsburgh Housing Association, an experience which should be of value in connection with some of the work of the Vice-President of the Professional Colleges. His experience in teaching and membership in professional and honor societies, as well as his academic education and degrees, have been sufficiently set forth in his curriculum vitae. We found him to be of good presence, friendly, open minded, and able to express himself positively and clearly. He has a good background of experience in matters of the kind which seem to us to be important in the conduct of affairs on this campus through the Vice-President's office. His judgment impresses us as being good. As he is now forty-two years of age and in good health, it is our expectation that he could give many years of strong, progressive leadership to the Professional Colleges. He has one other important advantage in that he is not a member of any one of the professions for which the Colleges on this campus prepare candidates while he has, at the same time, an excellent understanding of the aims, importance, and interrelationships of these colleges."

I share this appraisal of Dr. Longenecker and regard his appointment as a happy conclusion of an intensive search, extending over a period of a year and a half, for the most competent administrator available for this important office. The appointment will provide the University with the capable executive leadership required at the Chicago Professional Colleges and will lighten the administrative load on the President's Office.

On motion of Mrs. Watkins, this appointment was confirmed.

#### APPOINTMENT OF DEAN OF THE COLLEGE OF DENTISTRY

(6) On the recommendation of a special committee, and with the concurrence of the Administrative Committee for the Chicago Professional Colleges and the Executive Committee of the College of Dentistry, I recommend the appointment of Dr. Isaac Schour, presently Professor and Head of the Department of Histology and Associate Dean in Charge of Postgraduate Studies in the College of Dentistry, as Professor and Head of the Department of Histology on indefinite tenure and Dean of the College of Dentistry for two years beginning September 1, 1955, at a total salary of \$17,000 a year on "Y" basis, which will be on full time. The appointment as Dean is to replace Dr. Allan G. Brodie who has asked to be relieved of the deanship so that he may devote all of his University time to teaching and research as Professor and Head of the Department of Orthodontics.

Mrs. Watkins spoke of the work of Dean Brodie and asked to have the record show that the Board appreciates the distinction he has brought to the College of Dentistry through his services for many years as Professor and Head of the Department of Orthodontics and as Dean of the College. The Secretary was requested to send Dean Brodie a message expressing the Board's appreciation.

On motion of Mr. Swain, this appointment was approved.

**APPOINTMENT OF CHAIRMAN OF DEPARTMENT OF BOTANY**

(7) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Dr. John R. This appointment has been recommended after consultation with the Executive Committee of the Department of Botany and the Executive Committee of the College, which unanimously concur, and is to replace Professor Oswald Tippo who is leaving the University at the end of the current academic year.

I concur.

On motion of Mr. Livingston, this appointment was approved.

On motion of Mr. Nickell, these appointments were confirmed.

**SABBATICAL LEAVES OF ABSENCE, 1955-56**

(9) I recommend that the following members of the staff be given sabbatical leaves of absence during the academic year 1955-56 in accordance with the provisions of the University of Illinois Statutes and on the terms and for the periods indicated.

The programs of research, study, and travel for which these leaves are requested have been examined by the University Research Board which advises the President in such matters. The Research Board's report to the President includes an evaluation of the program in terms of benefits to the University and to the individual and constitutes a part of the record of each case.

<sup>1</sup> Professor Linsky subsequently took the option of leave on full pay for the second semester, 1955-56. *Secretary's note.*

On motion of Mr. Swain, these certificates were awarded.

#### **CERTIFIED PUBLIC ACCOUNTANT LITIGATION**

(11) The Supreme Court of Illinois has affirmed a decree of the Circuit Court of Cook County holding Section 4(b) of the Public Accounting Act of 1943, as amended in 1951, constitutional and valid and dismissing the suit attacking the validity of this act which had been instituted by certain public accountants who have never passed the Certified Public Accountant examination provided for in that section. The University was the defendant in this suit. The Illinois Society of Certified Public Accountants and the Illinois Public Accountants Association intervened in the suit on the side of the University.

This decision will dispose of all likely attacks upon the validity of Section 4(b) of the Public Accounting Act and will validate the 137 C.P.A. certificates which the University has issued since the 1951 amendment was enacted to those public accountants who have taken and passed the special examination provided for in that section.

This report was received for record.

#### **GEORGE A. MILLER VISITING PROFESSORSHIPS**

(12) The Board of Trustees has approved the establishment of a "George A. Miller Visiting Professorship" under the George A. Miller Endowment to be filled annually from any field in which advanced work is given at the University of Illinois. The great interest shown by various departments in such a professorship has led the special faculty committee appointed to make recommendations for the use of the George A. Miller Endowment income to recommend the extension of the plan to provide for several professorships or lectureships when, as, and if funds are available and suitable candidates are nominated.

I concur in this recommendation.

On motion of Mr. Herrick, this recommendation was approved.

#### **CHANGES IN REQUIREMENTS FOR THE BACHELOR OF SCIENCE DEGREE IN JOURNALISM**

(13) To qualify for the degree of Bachelor of Science in Journalism, a candidate must have completed not fewer than thirty nor more than forty semester hours in courses in journalism out of the 124 semester hours required for graduation. The University Senate recommends that this be changed to not fewer than thirty nor more than thirty-six semester hours of courses in journalism.

To qualify for the degree of Bachelor of Science in Journalism in the editorial curriculum, a candidate must select one of these four courses during the second year: Journalism 227, Magazine Article Writing; Journalism 328, Indus-

trial Publications; Journalism 320, Editorial Studies and Writing; Journalism 365, Radio News. The University Senate recommends that the course Journalism 328 be eliminated from the list of subjects, the purpose of this change being to guarantee that students in the editorial curriculum will take at least one writing course each semester. Journalism 328 is not primarily a writing course and should not be included in the list of subjects.

I concur.

On motion of Mr. Bissell, this recommendation was approved.

#### **CHANGE IN CURRICULUM IN CITY PLANNING**

(14) The University Senate recommends that the requirements for the degree of Bachelor of Science in City Planning be changed by the substitution of Mathematics 104, Elements of Algebra and Trigonometry, a three-semester hour course, for Mathematics 117, Combined Freshman Mathematics, a five-semester hour course.

The former course satisfies all of the essential basic mathematical needs in all three curricula offered by the Department of City Planning and Landscape Architecture, and the change recommended has the further advantage of making the courses given during the first semester of the first year the same for all students in the Department.

This substitution makes it necessary to change the entrance requirements, and it is recommended that students applying for admission to the curricula in City Planning, Landscape Architecture, and Landscape Operation be required to present one unit of high school algebra instead of one and one-half units.

These changes will apply to all students enrolling for the first time in September, 1955, and thereafter.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

#### **EXEMPTIONS FROM HOSPITAL AND MEDICAL SERVICE FEE**

(15) All students at Urbana-Champaign and at the Chicago Undergraduate Division are required to pay a hospital and medical service fee which provides them with insurance coverage for specified hospital, surgical, and medical services. A student who presents evidence of participation in any other group insurance system providing the same benefits as those covered by the University fee may have his fee refunded. Recent changes in the University plan, including an increase in the fee from \$5.00 to \$7.00 each semester with resulting increases in benefits provided by the insurance coverage, and which went into effect in February, 1955, would by strict interpretation eliminate practically all exemptions since few applicants could present plans with the "same" benefits.

This has created a problem especially in the case of married students who carry insurance programs for themselves and their families and who heretofore were eligible for refunds of the University fee. Some of these programs are actually better for their particular family needs than the University's single student plan, and especially since they have validated maternity benefits through extended time participation. A study of a number of policies indicates it would be advisable to permit exemption of such students from the University hospital fee. Accordingly, it is recommended that the Dean of Students be authorized to approve refunds of the University fee to students whose benefits under their insurance programs are reasonably comparable on basic items with the University plan. Records will be maintained of the numbers and types of policies on which exemptions are authorized and this practice will be reviewed each semester.

I concur.

On motion of Mrs. Holt, this recommendation was approved.

#### **APPROPRIATION BY ATHLETIC ASSOCIATION**

(16) The Board of Directors of the Athletic Association has made an assignment of \$2,618.50 from the Athletic Association Surplus Funds for the purchase of an eight-passenger station wagon to be used for transportation of athletic teams. Their present vehicle (a Chrysler Windsor Suburban) is inadequate for many of

the trips. The additional station wagon will meet these needs and will also be used by Association staff members traveling on official business.

Confirmation of this is recommended.

On motion of Mrs. Watkins, the action of the Board of Directors was confirmed.

#### **SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(17) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. Department of Mechanical Engineering Foundry Laboratory, addition and improvements.....	\$ 53 500 00
2. Department of Geology, modernization of micropaleontology laboratory .....	3 031 50
3. School of Music, ventilating and acoustical improvements in Smith Memorial Music Hall.....	16 500 00
4. Admissions and Records, Urbana and Chicago Undergraduate Division, purchase of office equipment.....	2 587 00
5. Library, Chicago Undergraduate Division, purchase of books.....	3 500 00
6. Chicago Professional Colleges, purchase of equipment for: Departments of Biological Chemistry and Pharmacology, assignment to be made from the unassigned reserve for nonrecurring equipment at the Chicago Professional Colleges.....	7 500 00
College of Dentistry, assignment to be made from the remodeling reserve at the Chicago Professional Colleges.....	19 086 00
<i>Total</i> .....	<i>\$105 704 50</i>

I recommend that these appropriations be made from the General Reserve Fund, except as indicated in the last item.

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Stratton.

#### **APPROPRIATION FOR REMODELING THE LIBRARY AT THE CHICAGO PROFESSIONAL COLLEGES**

(18) The Board of Trustees has made an appropriation of \$940,000 for remodeling at the Chicago Professional Colleges, itemized for specific projects (Minutes of May 15, 1954, page 1353). Balances have accumulated in some of these allocations because final costs were less than original estimates and because of reduction in the amount of work done in some cases.

The Administrative Committee for the Chicago Professional Colleges recommends a new item of \$35,500 for remodeling and installing additional bookstacks be included in the list of projects covered by the appropriation of \$940,000. This will not require additional funds but will simply be a reallocation.

I concur.

On motion of Mr. Williamson, this reassignment of funds was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Stratton.

#### **APPROPRIATION FOR ALUMNI ASSOCIATION**

(19) The appropriation by the University to the Alumni Association in 1952-53 was increased to compensate the Alumni Association for the services rendered the University in liaison work with the General Assembly. In setting up the budget for 1953-54, the University was obliged to make very substantial reductions in non-teaching departments. The Alumni Association, among others, was required to assume a larger than average proportion of this reduction. As a result the appropriation to the Alumni Association was reduced to the point where the addition made in the previous year was eliminated.

This has caused the Alumni Association financial difficulties and a supplementary appropriation is needed to reimburse the Alumni Association for its special services to the University for the entire biennium 1953-55. The appropriation is recommended on a nonrecurring basis, and the question will be reviewed when the budget for 1955-56 is prepared.

I recommend an appropriation of \$9,000 from the General Reserve Fund of the University.

On motion of Mr. Herrick, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Stratton.

#### **APPROPRIATION FOR RADIO STATION**

(20) The Director of University Broadcasting requests a supplementary appropriation of \$7,000 for the Radio Station during the current year, 1954-55. Additional funds are needed because of unusual expenditures, amounting to approximately \$11,000, which normally would not occur, due to the cost of setting up FM transmitter operations at Robert Allerton Park and repairing lightning damage to equipment at that site. Unless supplemental funds are provided, operations will have to be discontinued at the end of April. The Committee on Non-recurring Appropriations has recommended approval of the request that additional funds be assigned.

I concur and recommend that an appropriation of \$7,000 be made to the Radio Station from the General Reserve Fund. This is for the current year only and does not imply a permanent increase in the amount of the Radio Station budget.

On motion of Mr. Bissell, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Stratton.

#### **CONTRACT FOR ERECTION OF TELEVISION ANTENNA**

(21) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$14,350 to Alpha Erection Corp., Iowa City, Iowa, the lowest bidder, for erection, including electrical work, of a television antenna on the northwest tower of Memorial Stadium.

Funds are available in the Television-Motion Pictures Unit and in the unexpended balance of a special appropriation made by the Board in 1951 for equipment. Not all of this money was expended and the balance was reappropriated to put the transmitter into operation.

I recommend that this contract be awarded, that the unexpended balance in the special appropriation be reassigned for the antenna construction, and that the Comptroller and the Secretary of the Board be authorized to execute the contract with Alpha Erection Corp.

On motion of Mr. Nickell, the award of this contract and the reassignment of funds requested were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Stratton.

#### **CONTRACT FOR REMODELING IN FIRST UNIT OF DENTISTRY-MEDICINE-PHARMACY BUILDING**

(22) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$23,974 to Frank H. Stowell and Sons, Inc., Chicago, the lowest bidder, for remodeling in the first unit of the Dentistry-Medicine-Pharmacy Building at 1853 West Polk Street, Chicago. The work will consist of rearrangement of partitions, improvements in lighting, and installation of new laboratory equipment in Rooms 425 through 440 for the Department of Pathology of the College of Medicine, and is part of the remodeling program related to the activa-

tion of the East Dentistry-Medicine-Pharmacy Building and the addition to the Research and Educational Hospitals. The remodeling will rehabilitate and increase the usefulness of this area.

Funds are available in the special appropriation made by the Board of Trustees on May 15, 1954, for this remodeling program.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **CONTRACT FOR REMODELING IN SECOND UNIT OF DENTISTRY-MEDICINE-PHARMACY BUILDING**

(23) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$26,495 to the Mutual Contracting Company, Chicago, the lowest bidder, for remodeling in the second unit of the Dentistry-Medicine-Pharmacy Building at 808 South Wood Street, Chicago. The work will consist of rearrangement of partitions, improvements in lighting, changes in the ventilating system, and installation of new laboratory equipment in Rooms 380 through 388 for the Department of Oral Pathology of the College of Dentistry, and is part of the remodeling program related to the activation of the East Dentistry-Medicine-Pharmacy Building and the addition to the Research and Educational Hospitals.

Funds are available in the 1951 Revenue Bond Construction Account.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **CONTRACT FOR REMODELING RESEARCH AND EDUCATIONAL HOSPITALS AMBULANCE DRIVE**

(24) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$15,769 to Mueller Construction Company, Chicago, the lowest bidder, for remodeling the ambulance drive to serve the addition to the Research and Educational Hospitals at 840 South Wood Street, Chicago. The work will consist of installation of partitions and extension of the present area so that the Watch Service Station can be located there thus reducing the coverage required of the Station at the emergency ambulance entrance.

Funds are available in a special appropriation made by the Board of Trustees on May 15, 1954, for remodeling at the Chicago Professional Colleges.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **CONTRACT FOR REMODELING PHYSICAL SCIENCES LABORATORY AT CHICAGO UNDERGRADUATE DIVISION**

(25) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$3,324 to Garfield Plumbing and Heating Company, Chicago, the lowest bidder, for remodeling in the Physical Sciences Laboratory at the Chicago Undergraduate Division. The work will consist of installation of utilities required to service the new laboratory furniture which is being installed to provide needed additional teaching facilities.

Funds are available in a special appropriation made by the Board of Trustees on November 29, 1954, for this remodeling program.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Nickell, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR TUCKPOINTING ILLINOIS NEUROPSYCHIATRIC INSTITUTE BUILDING**

(26) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$7,865 to Felsen Building Service, Chicago, the lowest bidder, for tuckpointing the Illinois Neuropsychiatric Institute Building at the Chicago Professional Colleges. The work will consist of tuckpointing, caulking, and cleaning all exterior masonry above the seventh floor and the caulking of windows and resetting of stone where required.

Funds are available in the Physical Plant budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Nickell, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR VENTILATING AND AIR CONDITIONING INSTALLATIONS IN SMITH MEMORIAL MUSIC HALL**

(27) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$13,640 to Schroeder's, Champaign, the lowest bidder, for air conditioning and ventilating installations in the third floor practice rooms of Smith Memorial Music Hall.

The Committee on Nonrecurring Appropriations has separately recommended an assignment of funds for this and other work in Smith Memorial Music Hall.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Holt, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACTS FOR BUILDING IMPROVEMENTS ON ALLERTON FARMS**

(28) The Dean of the College of Agriculture and the Comptroller recommend awards of contracts for building improvements on the Allerton Farms as follows:

Hammerschmidt Brothers, Monticello, the lowest bidder, remodeling the house on Farm No. 8, estimated cost \$6,800. The work will include installation of a central heating system and a bathroom, modernization of the kitchen, insulation of the house, additional electrical wiring, foundation repairs, a new roof, and incidental improvements.

M. L. Osmond, Monticello, the lowest bidder, construction of a new tenant house on Farm No. 3, \$7,683.50. Permission was received from Mr. Robert Allerton to construct a house on the site of the Shady Nook schoolhouse which was located on land now owned by the University.

Funds are available from the income from Allerton Farms operations.

The College of Agriculture which manages the University's endowment farms has a systematic program of modernizing buildings and making other improvements on these farms as funds become available.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Swain, these contracts were awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR CORN STORAGE BUILDING FOR WRIGHT FARMS**

(29) The Dean of the College of Agriculture and the Comptroller recommend award of a contract for \$5,916 to the A. O. Smith Corporation, Beloit, Wisconsin, for the purchase and installation of a "Harvestore" corn storage building 17 feet x 40 feet on Wright Farm No. 3.

Funds are available from the operating income of the Wright Farms for this purchase.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract.

On motion of Mr. Williamson, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### CONTRACTS FOR FOUNDRY ADDITION AND ALTERATIONS

(30) The Director of the Physical Plant and the Comptroller recommend award of contracts for alterations and improvements in the Mechanical Engineering Foundry Laboratory to the following lowest bidders:

General — C. A. Petry and Sons, Champaign.....\$31 050  
Elevator (for hoisting, castings, and equipment) — Fairhall Elevator and Machine Company, Danville..... 8 500

The Committee on Nonrecurring Appropriations has separately recommended an assignment of funds for this improvement program. In addition to these contracts now recommended, there will be other work including the purchase and installation of a crane on which a separate recommendation will be submitted.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Livingston, these contracts were awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### CONTRACT FOR SUMMER GEOLOGY CAMP

(31) For several years the University has had a summer geology field trip camp near Fort Collins, Colorado. Because vegetation in the area used has grown to such size as to hinder field work and because housing and field arrangements can not be continued, a new area is required.

The Dean of the Summer Session, the Provost, and the Comptroller recommend that the University enter into an agreement with the Northern Wyoming Community College at Sheridan, Wyoming, for facilities for the Summer Geology Camp. The University will pay \$500 for the first twenty students, plus \$25 for each additional student. The College will also contract for room and board directly with the students and staff members.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Holt, authority was given as requested.

#### CONTRACT FOR LANDSCAPING VETERINARY CLINIC BUILDING AREA

(32) The Director of the Physical Plant and the Comptroller recommend an increase of \$2,600 in a contract with Ralph Synnestvedt and Associates, Glenview, Illinois, for landscaping the new Law Building area to include landscaping of the Veterinary Clinic Building area. Because the latter is a small job it is not feasible to secure competitive bids. The Synnestvedt quotation is \$500 less than the amount estimated and budgeted for landscaping the Veterinary Clinic Building area.

Funds are available in the state appropriation for construction of the Veterinary Clinic Building.

I concur and recommend that the Comptroller be authorized to execute the contract change.

On motion of Mr. Swain, authority was given as requested.

#### ADDITIONS TO CONTRACTS FOR CONSTRUCTION OF THE LAW BUILDING

(33) The Director of the Physical Plant and the Comptroller recommend the following increases in contracts for construction of the Law Building:

E. N. DeAtley — general work.....\$31 472 10  
Reliable Plumbing and Heating Company — plumbing..... 4 896 10  
Square Deal Electrical Company, Inc. — electrical..... 5 536 29

The increase in the general contract is to provide for finish grading adjustments, concrete curb and gutter construction on drives, dry wall terrace construction and steps at walks on the north side of the building, blue stone terrace

construction in the court of the building, parking walks and sidewalks, changes in the loading docks and service drive construction to permit truck bed level loading and unloading, and construction of a bicycle parking area. The increase in the plumbing contract is for the drainage work in connection with changes in the general contract. The increase in the electrical contract is for installation of street lighting along Sixth Street, Pennsylvania Avenue, and Peabody Drive.

When the contracts were awarded, landscaping and site development plans had not been completed. Consequently, the work covered by the increases now recommended was omitted. The estimates have been checked by the Physical Plant Department and are considered reasonable. Funds are available in the appropriation for construction of the Law Building, and the funds have been released by the Governor.

I concur and recommend that the Comptroller be authorized to execute the contract change orders.

On motion of Mr. Herrick, authority was given as requested.

#### **CONTRACT WITH FOREIGN OPERATIONS ADMINISTRATION**

(34) The U. S. Foreign Operations Administration has asked the University of Illinois, through its College of Agriculture, to participate in an Indo-American Inter-Institutional Program to study the functions, organization, and operations of Indian institutions and to recommend methods of coordinating and improving their research, teaching, and extension work in the fields of general agriculture, animal husbandry, veterinary medicine, and home economics. Present plans contemplate that five American universities will work with Indian institutions on a regional basis:

Region 1. North-Central India	University of Illinois
Region 2. Northwestern India	Ohio State University
Region 3. Northeastern India	Pennsylvania State University
Region 4. Central India	Kansas State College
Region 5. Southern India	University of Tennessee

FOA has allocated \$2,000,000 for a three-year period, \$600,000 earmarked for the University of Illinois, for all direct and indirect costs of this program. Each participating institution has been asked to send a survey team of two members to India during March and April, 1955, all expenses to be paid by the United States Government, to develop a work plan and budget to be incorporated into their separate contracts. There will also be an informal understanding between the five participating American institutions covering the cooperative arrangements involved.

The Dean of the College of Agriculture, the Committee on Foreign Operations Administration Programs at the University of Illinois, and the Provost recommend that the University enter into this program.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Herrick, authority was given as requested.

#### **USE OF UNIVERSITY PREMISES BY CANDIDATES FOR PUBLIC OFFICE**

(35) The President presented a resolution from the Student Senate, the undergraduate student government organization at Urbana-Champaign, together with his own recommendations, requesting a change in the present policy prohibiting political meetings in University buildings.

On motion of Mr. Swain, consideration of this matter was postponed until the next meeting.

#### **REPORT OF GRANTS TO THE UNIVERSITY**

##### **General Motors Corporation Scholarships**

(36) The General Motors Corporation has recently announced a program in support of higher education which includes two scholarship plans:

1. Under the "College Plan," 250 four-year scholarships will be awarded by 107 private and 39 public institutions in 38 states. A maximum of five scholarships a year will be available to any one institution. The University of Illinois will

receive five scholarships each year to be awarded by it to qualified undergraduate students. Thus when the plan is in full operation, there will be 20 scholarships in effect each year. These scholarships are not restricted geographically or otherwise, the only condition being that recipients shall be selected on the basis of merit and financial need in accordance with the standards of selection used by the University in awarding other scholarships.

2. The "National Plan" will provide 100 four-year scholarships to be awarded annually to high school seniors who have distinguished themselves in secondary school careers and who are winners in a competitive examination to be conducted by the Educational Testing Service of Princeton, New Jersey.

Under both plans, scholarship awards will range from \$200 to \$2,000 a year, depending upon demonstrated need.

The University of Illinois has accepted the offer of the scholarships which have been made available to it under the College Plan.

#### Grant from Rockefeller Foundation

The Rockefeller Foundation has made a grant of \$10,000 to the University of Illinois for general support of the International Conference of Agricultural Economists, to be held at Helsinki, Finland, in August, 1955.

The chief objectives of the International Conference of Agricultural Economists are (1) to foster development of the science of agricultural economics in different countries and (2) to further the application of the results of economic investigation of agricultural processes and agricultural organization in the improvement of economics and social conditions relating to agriculture and rural life.

Professor H. C. M. Case of the Department of Agricultural Economics is General Secretary-Treasurer of the Conference.

#### Grant from Ford Foundation

The Ford Foundation has made a grant of \$146,327 to the University of Illinois and for the Ministry of Education of the Republic of Turkey for the benefit of secondary school education in that country.

The first project with the Ford Foundation and the Turkish government was undertaken in 1953 when a group of ten Turkish teachers were assigned to the University of Illinois for a period of approximately nine months. Dr. Thomas E. Benner, Professor of Education, directed the program of study for this group of teachers while they were here. Funds amounting to \$26,500 were received for this first project.

The plans for the continuation of this project include:

- (a) Assignment of fifteen Turkish teachers to the University of Illinois for a study for the approximate period of January 15, 1955, to August 15, 1955, and the assignment of ten Turkish teachers for a like period in 1956.
- (b) The expense of transportation from Turkey to Champaign, Illinois, and return of both of the groups mentioned in (a).
- (c) The expense of making available the services of Dr. Thomas E. Benner as educational consultant in Turkey from February 1, 1955, through June 16, 1956. He has been given leave of absence for this purpose.
- (d) Travel expenses for four persons holding specific administrative positions in Turkey who might be assigned for travel and study in this country for three months.

The University has accepted these offers from the Rockefeller Foundation and the Ford Foundation for the purposes indicated, and this action is reported for record.

This report was received for record.

#### BIENNIAL BUDGET 1955-57

(39) President Morey presented the following report on the Governor's budget recommendations for the University of Illinois:

##### *Operating*

The Governor has recommended to the General Assembly an appropriation to the University for operations for 1955-57 totaling \$82,607,600. Of this amount \$72,777,600 is from the General Revenue Fund of the state and \$9,830,000 is from the University's own income. (See Schedule A.)

This represents an increase of \$9,630,000, but is a reduction of \$9,122,400 in the amount requested by the University. (See Schedule B.)

The amount allowed, while only a little over half of the requested increase, is nevertheless a substantial addition and will materially improve the University's financial position. Money necessary to maintain the present level of operation and to activate new areas is provided in full and substantial funds are included to aid in meeting increased enrollment.

The amount recommended for salary and wage increases is but half of the sum considered urgently necessary. While it will enable the University to improve its position, salary scales will still be below those of some other leading universities. It will handicap the University in meeting competition from other institutions and from industry, and in preventing the loss of valuable personnel who will be offered materially larger increases elsewhere.

While the exact distribution of funds is left to the Board, it will be extremely difficult to find places where reductions of any substantial amount can be made without major changes in programs or reduction of activities. At the beginning of the current biennium it was necessary to find funds for increased operating costs to take care of a considerable increase in enrollment and to make moderate but necessary increases in salaries and wages. To accomplish this, cuts totaling \$1,575,000 per year were made at various points in the internal budget so that, while the amount available in the current biennium was more dollarwise, the effective total was less than for the preceding biennium.

There will be further increases in enrollment next biennium for the estimated cost of which only three-fourths of the needed increase was allowed. No new funds for strengthening and developing the educational program are provided.

<sup>1</sup> Deduct.

The remaining increase in appropriations is already committed to fixed items. Hence readjustment to find added funds for salary increases will be very difficult.

It will be necessary, through the Administrative Budget Committee and the University Council, to review the entire budget in the light of the total recommended.

#### *Capital*

The University's revised request for capital appropriations totalled \$22,955,000. The Governor has recommended appropriations of \$8,815,000. (See Schedule C.)

The items allowed in the capital budget are all important and urgent and will help materially in meeting problems of space and obsolescence. The sum allowed for a Biology Building will enable us to make a substantial start on this important project and improve our serious situation in this area. The Band Building is long overdue and very welcome, and the allowance for the addition to the heating plant will not only take care of immediate needs but will give us some reserve for future loads.

Every item included in the capital requests is urgently needed at this time. The most serious omission is the addition to the Architecture Building. Failure to secure it will place us in a critical situation in the departments which this addition would serve. These departments are already seriously overcrowded, and it is not unlikely that the University may have to curtail enrollment in these areas to avoid further increases which could not be accommodated in existing space.

Failure to secure any appropriation for residence halls is also a serious handicap. Legislation which may make it possible to finance these halls completely on a long-time basis is under consideration. It is too early to say whether it can be successful.

No funds are allowed for studies of Future Development. The University requested an amount for each of its three locations: Urbana-Champaign, Chicago Professional Colleges, and Chicago Undergraduate Division. Absence of such provision will be a great handicap in advance planning necessary to look ahead intelligently and to be ready to proceed promptly with construction when capital appropriations are made.

#### *Summary*

The budget submitted by the Governor represents a recommendation to the General Assembly. The recommendations are subject to review by the Appropriations Committees of both houses and by the full bodies of both houses. Bills passed by the two houses are then subject to final review by the Governor. It is still possible to request the General Assembly to reinstate the original requests of the University in part or in full. In fairness to the staff and to the departments, this possibility should be fully considered.

Finally, I quote from my statement to the Board on October 27 when the biennial budget was presented for its action:

"We shall, of course, bear in mind that the State also has major obligations to other essential agencies and activities. What can be finally allotted to us is a matter for the State administration and General Assembly to determine. We will cooperate in their effort to make the most equitable application of available resources. When that is done, we shall proceed to do the best job we can with the amount finally appropriated to us."

**Resolution of the University of Illinois Chapter of the  
American Association of University Professors**

At the request of the University of Illinois Chapter of the American Association of University Professors, President Morey presented the following resolution adopted at a meeting of the Association held in Urbana-Champaign March 29, 1955:

WHEREAS, the Governor, in his budget message of March 28, 1955, has proposed for University of Illinois salary increases an amount equal to only half the sum requested by the University administration and the Board of Trustees, and

WHEREAS, this action fails by a wide margin to correct the serious inequity in University salaries which has developed in recent years, and

WHEREAS, as a result of this inequity, staff members are finding it increasingly difficult to maintain a decent standard of living and staff morale is being adversely affected, and

WHEREAS, a substantial number of staff members have left, and many others are considering leaving the University, for positions in industry and in other universities because of this salary situation, thereby impairing the high teaching and research standards expected of a great university,

*It is hereby resolved:*

1. That the Association officially expresses its grave concern as to the salary situation and the dangers it contains for the current and future welfare of the faculty and the University, and for the educational needs of the people of Illinois;

2. That the officers of the Association express this concern in writing and by personal representation to the members of the legislature;

3. That a committee of the Association be sent to Springfield to testify at the forthcoming legislative hearings on the budget in support of the original request of the University;

4. That this committee also confer directly with the Governor in order to present a full picture of the implications of his recent proposal;

5. That the members of the Association and all academic and nonacademic members of the University staff be urged to exercise their rights as citizens to enlist all possible public support and to call upon the Governor and the members of the state legislature to support the salary request by the University; and

6. That a copy of this resolution be sent to the Board of Trustees, urging them to continue to support and press for the salary request originally made by them.

This resolution was received for record.

It was unanimously agreed to leave the matter of the biennial budget and building program to the President of the University, the President of the Board, and the Chairman of the Finance Committee of the Board for further consideration and discussion with the Governor and other state officials.

**PROGRESS REPORT ON SELECTION OF A PERMANENT SITE  
FOR THE CHICAGO UNDERGRADUATE DIVISION  
OF THE UNIVERSITY OF ILLINOIS**

(40) I have received from the Committee on Future Development of the Chicago Undergraduate Division a summary of studies relating to a permanent site made to date by the Committee, with the assistance of the Real Estate Research Corporation of Chicago. This report has been sent to the special committee of the Board of Trustees (Mr. Wayne A. Johnston, Chairman) for review prior to presentation to the Board of Trustees. Mr. Johnston has been out of the state, and it has not been possible as yet for the Committee to consider the report. Hence, discussion by the Board is deferred to a later time.

The appropriations recommended for the University for the 1955-57 biennium include no provision for the purchase of such a site. Nevertheless, the University considers that it must secure and develop a University-owned site and hence is continuing its consideration with a view to selecting the best possible location so that advance plans can be made for its acquisition and development. Several types of sites in different parts of the area are under consideration. As rapidly as feasible members of the Board and University officers are making inspection of various possible sites.

This report was received for record.

**ROBERT ZACHARIAH HICKMAN**

Mr. Herrick presented the following statement:

The Board of Trustees of the University of Illinois hereby records its appreciation of the services of Mr. Robert Z. Hickman of Danville, Illinois, as a member of this Board from March 8, 1949, to March 8, 1955.

Mr. Hickman is an alumnus of the University of Illinois, having received the degree of Bachelor of Arts with honors in 1929. He won a Rhodes Scholarship awarded in this area of the country for three years of study at Oxford University in England and graduated from that University in 1932 with the degrees of Bachelor of Arts and Bachelor of Civil Law. His undergraduate record at Illinois was distinguished not only by excellence in scholarship but by a fine contribution to student life through participation in various worth-while extracurricular activities. In his senior year he was Student Colonel in the University Reserve Officers' Training Corps, the highest student office in the Brigade, and he was also on the varsity football squad which won the Western Intercollegiate Conference Championship in 1928.

Since his graduation from Oxford, he has practiced law in Chicago and more recently in Danville with the exception of a tour of military service during World War II. In 1941, he served as a member of the Board of Directors of the University's Athletic Association.

The Board directs its Secretary to incorporate this tribute to Mr. Hickman in the minutes of today's meeting and to send him a suitable copy as a formal expression of the Board's appreciation.

This resolution was adopted.

#### APRIL MEETING

It was unanimously agreed that the next meeting of the Board of Trustees be held in Urbana-Champaign on Wednesday, April 27, 1955, at an hour and place to be determined by the President and Secretary of the Board, this to be subject to change on five days notice in writing.

On motion of Mrs. Watkins, the Board adjourned.

#### MEETING OF THE EXECUTIVE COMMITTEE

On call of the Chairman, a meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the LaSalle Hotel, Chicago, Illinois, on Wednesday, March 30, 1955, immediately following the annual meeting of the Board. The following, constituting all members of the Executive Committee, were present: Mr. H. B. Megran, Chairman, Mr. Park Livingston, and Mrs. Frances B. Watkins. Mr. A. J. Janata, Secretary of the Board, was also present.

The Committee considered the following recommendations presented by the Secretary of the Board on behalf of the President of the University.

**PATENTABLE DISCOVERIES**

The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to potentially patentable discoveries.

1. Use of Biuret as a nonprotein source of nitrogen ration in feed for ruminant livestock—Upson S. Garrigus, Associate Professor of Animal Science, E. Everett Hatfield, Instructor in Animal Science, and William Gaither, Assistant in Animal Science, inventors.

Biuret is a synthetic product, and its use as a component of livestock ration was developed by the above named University staff members while working on a research project financed by the Grace Chemical Company. The contract covering this investigation includes the standard University provision that if the sponsor assumes all costs of applying for a patent on any discovery resulting from an investigation, the University will grant him a free nonexclusive license. The Grace Chemical Company has exercised its option to pay all costs of securing such a patent and to assign all rights therein to the University.

In the patent application, Dr. David M. Clark of the Company's staff has been named as a coinventor, because the original idea regarding the use of Biuret as a ration was suggested by him and he collaborated with the University in the research. The Company will carry on the necessary proceedings, including patent search, filing and prosecuting the patent application. This is being reported as a matter of record and no action is required.

2. Vacuum quenching of porcelain enamel and ceramic coating frits—Dwight G. Bennett, Research Professor of Ceramic Engineering, and W. J. Plankenhorn, formerly Research Associate Professor of Ceramic Engineering, inventors.

This is an apparatus and method of heating well-mixed porcelain enamel or ceramic coating frit ingredients, fusing them into a liquid state and quenching them in a vacuum chamber wherein the molten frit is expanded and cooled, instead of quenching in water. The invention was referred to the University of Illinois Foundation (as authorized by the Board of Trustees on April 21, 1954, minutes pages 1304-1305) for investigation and report. As a result of this investigation, the Foundation has filed an application for a patent. Approval of this application and release of the University's interest in the invention to the University of Illinois Foundation for the development of commercial possibilities which any patent issued may have is recommended.

3. Control Systems Laboratory discoveries. The following discoveries and inventions by members of the Control Systems Laboratory staff are reported:

An isosceles triangle generator—Paul E. Harris, Research Associate, inventor.

Method of employing the doppler B scope as an airborne moving target indicator—Ira Weissman, Research Associate, B. D. Kirkwood, Research Associate, and E. M. Lyman, Professor, inventors.

An electronic circuit for developing a voltage function proportional to radial displacement of the beam of a cathode ray tube, storage tube, and/or similar devices—Ira Weissman and E. M. Lyman, inventors.

Doppler simulator—Willis O. Unruh, Research Associate, and E. M. Lyman, inventors.

Storage tube spectrum analyzer—George S. Newell, Assistant Professor, Willis O. Unruh, and Ira Weissman, inventors.

A diode switching circuit for applying the necessary potentials to the back plate of a barrier grid storage tube—Paul E. Harris, inventor.

Gated triangle generator—John K. Robe, Research Associate, and Paul E. Harris, inventors.

Gated free running automatic shut-off flip-flop circuit—John K. Robe, inventor.

A method of producing a range versus velocity display for MTI—John K. Robe, inventor.

A stable drive circuit for the constant incremental gain limiter amplifier—B. D. Kirkwood, Research Associate, inventor.

Vacuum tube circuit for connection and disconnection of sensitive amplifier from collector-repeller electrode of storage tube—Willis O. Unruh, inventor.

A method of operation to reduce erasure time in beam current transmission modulated storage tubes—Willis O. Unruh, inventor.

Asynchronous boxcar generator — H. W. Knoebel, Research Associate, inventor.  
 Ranger delay generator using diode gating of Miller rundown — H. W. Knoebel, inventor.

Constant incremental gain video limiter — H. W. Knoebel, inventor.

Projection plotter, E. E. Miller, Consultant to the Laboratory, inventor.

New type of electric delay line — Leo S. Lavatelli, Research Assistant Professor, inventor.

Inventions classified as secret — Andrew Longacre, Research Professor, and H. W. Knoebel, inventors.

Inventions classified as confidential — C. W. Sherwin, Professor, E. M. Lyman, Ira Weissman, B. D. Kirkwood, Jay Gooch, Research Associate, Willis O. Unruh, and Paul E. Harris, inventors.

All of these are the results of research work, much of it classified as secret, carried on by the University for the United States Government. In the opinion of the Director of the Control Systems Laboratory, these inventions are of primary interest to the Armed Forces and have little or no commercial value. It is recommended that all of these inventions be released to the United States Government. I concur in these recommendations.

On motion of Mrs. Watkins, these recommendations were approved.

#### APPROPRIATION FOR PRESIDENT'S OFFICE PUBLIC FUNCTIONS

A special appropriation of \$2,500 from the General Reserve Fund for the President's Office public functions account is requested, partly for the expenses of the biennial visit of the General Assembly of Illinois for the purpose of inspection of the University which will take place on May 12 and 13, 1955, and partly for other expenditures on official functions. Since the visit of the General Assembly is not an annual expenditure, provision for it was not included in the regular budget of the President's Office for 1954-55.

On motion of Mr. Livingston, this appropriation was made by the following vote: Aye, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, none.

#### APPROPRIATION FOR BOARD OF TRUSTEES

The appropriation made for the operation of the Board of Trustees Office for the current year will not be adequate to cover expenses.

The items of expense include (a) printing of the Board minutes and publication of the Transactions of the Board of Trustees or Biennial Report; (b) annual audits of University accounts by outside certified accountants employed by the Board; (c) expenses of holding Board of Trustees meetings; (d) travel expense of Trustees; (e) fees paid investment counsel and for servicing University securities representing investments of trust funds; (f) fidelity insurance premiums; and (g) the business operations of the Secretary's office.

The Secretary requests an addition of \$5,000 to the budget for the current fiscal year ending June 30, 1955, for general expenses.

On motion of Mr. Livingston, this appropriation was made by the following vote: Aye, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, none.

The Executive Committee adjourned.

**April 27, 1955**

The April meeting of the Board of Trustees of the University of Illinois was held in the Illini Union Building, Urbana, Illinois, on Wednesday, April 27, 1955, beginning at 2:00 p.m. Central Daylight Saving Time.

The following members were present: Mr. Cushman B. Bissell, Mr. Wirt Herrick, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Vernon L. Nickell, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson. Governor William G. Stratton was absent.

Also present were President Lloyd Morey, Provost Henning Larsen, Mr. Josef F. Wright, Director of Public Relations, and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.

**BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The Board considered the following reports and recommendations from the President of the University.

**RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE**

(1) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Regenerative heat exchanger—John C. Miles, Professor of Mechanical Engineering, and Norman A. Parker, Professor and Head of Department of Mechanical Engineering, inventors. This equipment comprises a heat exchanger suitable for the exchange of heat energy from one gas stream to another. It is applicable to such equipment as gas turbines where heat energy could be recovered from the hot exhaust gases and delivered to the compressed air stream ahead of the combustor, thereby reducing the quantity of fuel oil required.

The Committee has requested the University of Illinois Foundation to investigate this development and report back to the Committee.

2. Bioacoustics Laboratory developments—William J. Fry, Associate Professor of Engineering, and others, inventors.

Sonic thermocouple probe

Ultrasonic microscope

Multibeam focusing irradiator

Thermoelectric sonic transducer

Electronic sequential control instrument

Pressure chamber for precision ultrasonic studies

Calibration tank

Coupler for use in conducting sound from transducer to tissue of animal

Coordinate positioning device for accurately moving transducers or probes

Positioning and supporting structure for stereotaxic machine

Ultrasonic irradiation system

Ultrasonic calibration system

System for sonic irradiation and electrical stimulation and observation of electrical response of biological preparations

Pressure chamber system for precision ultrasonic irradiation of test preparations under precisely controlled conditions of pressure, temperature, and ultrasonic dosage

Professor Fry has described these developments as follows:

"The Bioacoustic Laboratory of the University of Illinois has developed a new and powerful method of brain surgery. This method uses intense inaudible sound waves focused in a selected part of the brain.

"Most brain surgery up to the present time has involved either direct cutting of brain tissue or its coagulation by electrically heated wires which are inserted into the tissue to be destroyed. In either case intervening brain tissue is destroyed by the penetrating knife or wire. Bleeding following the breaking of blood vessels in the region destroyed often causes trouble.

"Both of these difficulties are eliminated by this new procedure which employs ultrasound waves. The only surgery necessary is the removal of a portion of the skull bone. The converging sound waves can then pass through the brain tissue without disturbing it, except at the point where the waves focus. The focal spot of the sound beams can be accurately placed anywhere in the brain, and the amount of tissue destroyed can be precisely controlled. Even when all nerve tissue in a region is destroyed, blood vessels are not broken.

"Extensive studies on animals have been accomplished and this new and extremely powerful tool is now ready for neurosurgeons to use on human patients. It is anticipated that many conditions, heretofore inoperable, can now be treated. The method is of tremendous value in experimental animal studies to determine how the brain functions.

"The apparatus necessary to obtain the required accuracy for this delicate type of work is quite elaborate and exhibits the most recent scientific advances in high intensity ultrasound. The machine at the University of Illinois, which cost \$50,000 to build, is the only one of its kind.

"The fundamental research of the Bioacoustics Laboratory has been restricted so far to the effects of intense ultrasound on brain tissue. It is expected that future fundamental studies into the effects of ultrasound on other tissues will lead to other surgical applications."

In the opinion of the Patent Committee, these developments should be patented for the protection of the public, although there is no probability of any great financial return. Accordingly, the Committee recommends release of these inventions and developments to the University of Illinois Foundation for the purpose of seeking patent coverage thereon. If upon investigation the Foundation finds that it is unable to finance, in whole or in part, the procurement of such patents, the Committee recommends that the Board of Trustees commit itself to provide funds for this purpose. It is estimated that these costs will not exceed \$5,000.

3. A urino-fecal separator adapted to the laboratory rat — Harold H. Draper, Assistant Professor of Animal Nutrition, and Arthur F. Robbins, Senior Glass Blower, inventors. This is a new and unique feature using a pyrex separation tube, incorporated into a rat cage, to increase the efficiency by which biological research can be conducted.

Because commercial possibilities do not justify the expenditure of funds to secure a patent, the Department of Animal Science recommends, and the Patent Committee concurs, that the University's rights be released to the inventors.

4. Profile duplicator for use on a milling machine — Thomas M. O'Connor, Senior Laboratory Mechanic, Department of Aeronautical Engineering, inventor. This is a device which causes a milling cutter to reproduce the single curvature of a template. The mechanism as a whole is the invention, since each component has been used in other applications.

Because the invention has doubtful commercial value, the Department of Aeronautical Engineering recommends, and the Patent Committee concurs, that the University's rights be released to the inventor.

I concur in these recommendations.

On motion of Mr. Bissell, these recommendations were approved.

#### APPOINTMENT OF HEAD OF THE DEPARTMENT OF PHARMACOLOGY

(4) On the unanimous recommendation of a special search committee and with the concurrence of Dr. Granville A. Bennett, Dean of the College of Medicine, I recommend the appointment of Dr. Klaus R. W. Unna, presently Professor and Acting Head of the Department of Pharmacology, as Professor and Head of the Department of Pharmacology on indefinite tenure beginning May 1, 1955, at a total annual salary of \$12,750 on "AY" basis.

This recommendation has been made after consultation with the members of the Department of Pharmacology of professorial rank and with the Executive Committee of the College of Medicine.

On motion of Mr. Williamson, this appointment was approved.

#### APPOINTMENTS TO THE 1955 SUMMER SESSION STAFF

(5) I submit recommendations for appointments to the faculty for the 1955 summer session. The appointments and the budget provide for an eight-week session at Urbana-Champaign and at the Chicago Undergraduate Division, beginning June 20 and continuing through August 13.

Salaries of members of the University faculty recommended for appointments to the summer session staff are computed on the basis of the authorized formula of two-ninths of the salary of the academic year for two months of summer service.

The budget totals \$480,000 for Urbana-Champaign, including a reserve of \$14,283 to be assigned on recommendation of the Dean of the Summer Session in terms of enrollment demands, and \$93,000 for Chicago, including a reserve of \$6,783 to be assigned on recommendation of the Dean of the Undergraduate Division.

The proposed 1955 summer session budget is \$20,155 more than the 1954 budget. Funds to provide for this increase must be taken from the sum allocated in the proposed 1955-57 biennial budget for increased enrollment.

I recommend that the appointments to the summer session staff and the reserve for unassigned salaries be approved as submitted and that the President of the University be authorized to accept resignations and to make such changes, adjustments, and additional appointments as are necessary in accordance with the needs of the University and within estimated income.

On motion of Mr. Herrick, these appointments were approved and authority was given as requested. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**APPOINTMENTS TO THE BOARD OF DIRECTORS OF THE ATHLETIC ASSOCIATION**

(6) I submit the following nominations for reappointments and two new appointments to the Board of Directors of the University of Illinois Athletic Association to become effective April 27, 1955, and to continue until the next annual meeting of the Board of Trustees of the University of Illinois in 1956 or until their successors have been appointed.

*Faculty*

DILMAN W. GOTSHALK, Professor and Chairman of the Department of Philosophy (reappointment; has served since 1952)

CECIL A. MOYER, Professor and Head of the Department of Accountancy (reappointment; has served since 1953)

ALVIN L. LANG, Professor of Soil Fertility (reappointment; has served since 1954)

ROBERT B. BROWNE, Professor of Education, Dean of the Division of University Extension, and Dean of the Summer Session (new appointment)

#### *Alumni Association*

ROBERT REITSCH, Class of 1928, Reitsch Bros. Lumber Company, 1015 West State Street, Rockford (reappointment; has served since 1952)

RALPH CHAPMAN, Class of 1915, Farwell, Chapman and Company, 208 South LaSalle Street, Chicago (reappointment; has served since 1953)

WILLIAM F. HAHNE, Class of 1922, Managing Director of Hotel Kaskaskia, LaSalle, Illinois.

Dean Browne will replace Professor Charles H. Bowman and Mr. Hahne will replace Mr. Robert W. Riegel, Class of 1937, Tolono, both of whom have served on the Board since March, 1951. The other nominations are for reappointments.

Dean Browne has been a member of the University faculty since 1929. He is currently Chairman of the University Senate Committee on Athletics (elected by the Senate) and has been the faculty representative of the University of Illinois in the Western Intercollegiate Conference since March, 1950, and last year was reappointed until 1958. (The latter appointment is made by the President of the University.)

Mr. Hahne is a successful businessman who is interested in all sports as well as in other University matters. He is a graduate of the College of Commerce and Business Administration, with honors. While an undergraduate student he was junior assistant football manager and in his senior year he was basketball manager. He is highly recommended by all who have been consulted regarding this matter and in my judgment will make an excellent member of the Board of Directors.

On motion of Mr. Nickell, these nominations were approved.

#### DEPARTMENT OF PLANT PATHOLOGY

(7) The faculty of the College of Agriculture has recommended the establishment of a Department of Plant Pathology in that College, to which will be transferred the educational and research programs in plant pathology, together with the faculty engaged therein, now being carried on in the Departments of Agronomy and Horticulture.

This proposes the creation of an administrative unit only since the courses of instruction at both the undergraduate and graduate levels are already being offered and a graduate program leading to the Ph.D. degree in plant pathology under the supervision of the Graduate College has been previously authorized.

The Dean of the Graduate College and the Dean of the College of Liberal Arts and Sciences concur in this proposal. Since it involves the transfer of work from one college to another, the proposal has also been submitted to and approved by the University Senate.

I concur in these recommendations. If the Board approves, the budget will be set up in this manner for 1955-56, and transfers of personnel will be made accordingly.

On motion of Mr. Livingston, this recommendation was approved.

#### DEPARTMENT OF PREVENTIVE MEDICINE

(8) In 1952, when the headship of the Department of Preventive Medicine was vacant, the department was merged with the Department of Medicine. There are advantages in separate administration of the program in preventive medicine and the Dean of the College of Medicine, with the concurrence of the Executive Committee of the College, recommends that the Department of Preventive Medicine be re-established as an independent department effective September 1, 1955. This change will require no new space or funds not presently available to the Department of Medicine. It would not entail any new line of work involving questions of general educational policy, or the transfer of work from one college to another which would call for concurrence by the University Senate.

The Dean also recommends, with the concurrence of the appropriate University officers concerned, that Dr. Mark H. Lepper, presently Associate Professor in the Department of Medicine and in charge of the program in preventive medicine, be appointed Professor and Head of the Department of Preventive Medicine on indefinite tenure beginning September 1, 1955, at a salary of \$10,500 on "AY" basis.

I concur in these recommendations.

On motion of Mr. Swain, these recommendations were approved.

#### **CHANGES IN CURRICULA RECOMMENDED BY UNIVERSITY SENATE**

(9) The following changes in curricula are recommended:

##### **Master of Arts in Public Administration**

The University Senate recommends that there be established a curriculum leading to the degree of Master of Arts in Public Administration to provide advanced training for students interested in government service at local, state, and national levels. Existing courses will be used in this program and no new courses are needed to supplement those now available, but the admissions requirements and the program of study for this curriculum will differ from those required for the degree of Master of Arts in Political Science. The Senate recommends that a grade-point average of 3.75 be required for admission and that students on "limited status" not be admitted.

Since the core of the work of most students will be in political science, it is recommended that administration of the program be vested in the Department of Political Science and in the Graduate College.

The details of the admission requirements, the program of study, and its administration are contained in the accompanying report of the Senate Committee on Educational Policy, a copy of which is hereby filed with the Secretary of the Board for record.

##### **New Options in Industrial Education**

The undergraduate curriculum in industrial education now offered by the University is for the preparation of teachers of industrial arts—shop work, drafting, and similar subjects taught in public schools for their general educational values rather than for vocational training. The University Senate recommends that the present curriculum (Option I) be continued and that two additional undergraduate curricula with the same admission requirements be established: Option II, for preparation of vocational-industrial instructors, and Option III, for preparation of personnel for training departments in industry.

The details of these two programs are given in the accompanying report of the Senate Committee on Educational Policy, a copy of which is hereby filed with the Secretary of the Board. No additional costs beyond existing budgets are involved in either case.

I concur in these recommendations.

On motion of Mr. Bissell, these recommendations were approved.

#### **APPROPRIATION BY THE ATHLETIC ASSOCIATION**

(10) The Board of Directors of the Athletic Association, at its February 15, 1955, meeting, made an assignment of \$2,800 from the Athletic Association Surplus Funds for the annual spring baseball trip.

Confirmation of this is recommended.

On motion of Mrs. Watkins, the action by the Board of Directors was confirmed.

#### **FIELD HOUSE (HEALTH AND PHYSICAL EDUCATION BUILDING)**

(11) At this point Mr. Bissell brought up for discussion ways and means of securing funds for the construction of a field house, and suggested that consideration be given to financing it through a revenue bond issue. President Morey reviewed the history of this project which has been under consideration by the University's Building Program Committee and by previous Boards of Trustees during the past twelve years. Messrs. Livingston and Nickell also discussed the status of the field house, or "Health and Physical Education Building" as it has

been officially designated in the University's building program, in relation to other building projects, both at Urbana-Champaign and at the Chicago Professional Colleges. The Board of Trustees has not been able to justify asking for a state appropriation for a field house in view of the need of funds for classroom, laboratory, and other buildings which have a higher priority. President Morey also stated that studies had previously been made of the financing of a field house as a self-liquidating project.

At the conclusion of this discussion, President Megran referred Mr. Bissell's suggestion to the Committees on Buildings and Grounds and Athletic Activities to consider jointly and report back to the Board.

#### **SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(12) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. College of Agriculture, construction of barracks-type housing facilities at the Dixon Springs Experiment Station.....	\$ 3 000
2. College of Education, purchase of equipment and acoustical treatment of a room in University High School.....	1 414
3. College of Liberal Arts and Sciences, publishing and distributing a brochure on the standards of achievement required in rhetoric and English composition at the University of Illinois.....	2 500
4. College of Liberal Arts and Sciences, remodeling in Lincoln Hall.....	3 600
5. Department of Art, purchase of equipment.....	5 000
6. School of Physical Education, installation of acoustical ceiling in Huff Gymnasium swimming pool.....	9 500
7. Administration Building, remodeling:	
Student Counseling Bureau.....	\$3 800
Legal Counsel's Office.....	600
<i>Total</i> .....	<u>4 400</u>
	\$29 414
I concur.	

On motion of Mr. Williamson, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### **RESOLUTION AUTHORIZING SALE OF PROPERTY TO ALPHA TAU OMEGA FRATERNITY**

(13) Pursuant to authorization of the Board, negotiations have been concluded for the sale to the Gamma Zeta Chapter of the Alpha Tau Omega Fraternity of a tract of University land immediately south of and adjoining the fraternity's property on Pennsylvania Avenue. The fraternity has accepted the University's offer, and I recommend adoption of the following resolution:

##### *Resolution*

WHEREAS, The Thomas Arkle Clark Chapter House Memorial, Inc., a not for profit corporation organized and existing under the laws of the state of Illinois, hereinafter termed "Purchaser," has offered to purchase the hereinafter described property upon the terms and conditions hereinafter set forth:

*Now, Therefore, Be It Resolved* by the Board of Trustees of the University of Illinois, a public corporation of the state of Illinois, that the Comptroller and Secretary of this Corporation be, and they hereby are, authorized and directed, in the name and in behalf of this Corporation, to enter into an agreement with said Purchaser providing for the sale and conveyance to it of the hereinafter described property upon the following terms and conditions:

- (A) At a sale price of \$5,000.00 with customary adjustments to be made therein for abstracting costs;
- (B) This Corporation to furnish Purchaser a merchantable abstract of title and pay for the required Federal Revenue stamps;
- (C) Possession to be delivered to Purchaser at the time final payment is made but not prior to August 15, 1955.

- (D) A deposit of \$2,000.00 to be made by Purchaser at the time the Contract of Sale is executed and the balance of the purchase price to be paid at the time of delivery of the warranty deed and not later than six months after the date the contract is executed.
- (E) The title to be conveyed to be subject to special assessments becoming a lien after the date of the deed, building restrictions and easements of record.
- (F) Such other terms and conditions as said Comptroller and Secretary may deem necessary or desirable.

*Be It Further Resolved* that upon compliance with the terms of said agreement by Purchaser, and in accordance with the terms thereof, said Comptroller and Secretary be, and they hereby are, authorized and directed to execute, acknowledge, and deliver, in the name and in behalf of this Corporation, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable to convey to Purchaser title to the following described property, viz:

The North Forty-Two and One-Half (42½) feet of Lot Five (5) in Gallivan's Addition to the City of Urbana, Illinois, situated in the City of Urbana, in the County of Champaign, in the State of Illinois.

On motion of Mr. Swain, the sale of this property was authorized and the foregoing resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### UNITED STATES AIR FORCE RESEARCH PROJECT

(14) The Department of Psychology has been requested by the United States Air Force to undertake a research project on techniques of evaluating aircraft instrument displays and the development of cockpits for fighter-bomber aircraft and to submit a proposal for the same.

The Dean of the College of Liberal Arts and Sciences, the Chairman of the University Research Board, and the Comptroller recommend that the Board authorize a contract for this project covering a period of approximately seventeen months and providing for reimbursement to the University for all direct and indirect costs incurred. The estimated amount of the contract is \$149,373.25.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a suitable contract covering this research project.

On motion of Mr. Livingston, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the contract.

#### CONTRACT FOR PURCHASE OF COAL FOR MEDICAL CENTER STEAM PLANT AT THE CHICAGO PROFESSIONAL COLLEGES

(15) The Director of the Physical Plant, the Business Manager of the Chicago Colleges, and the Comptroller recommend an increase in the contract with the Hoskins Coal and Dock Corporation, Chicago, for screenings coal for the Medical Center Steam Company from 16,000 to 20,000 tons at the same net price of \$6.56 per ton and under identical conditions specified in this contract. This will increase the amount of the contract to \$131,200.

The contract was drawn to cover coal requirements of the Medical Center Steam Company plant, which supplies heat for the Chicago Professional Colleges and sells heat to other institutions in the Medical Center District, for the fiscal year beginning July 1, 1954. The Medical Center Steam Company uses both coal and gas for generating steam. It has been the practice to use coal during the winter months when the University can not secure enough gas due to other demands, and to switch to gas in April, since it has been more economical to use gas during the spring and summer months. Because of a recent increase in gas rates in the Chicago area, it will now be more economical to burn coal during the entire year, but it will be necessary to purchase an additional 4,000 tons. The Hoskins Coal and Dock Corporation has agreed to supply the additional coal required under the terms of its present contract.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Nickell, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents.

#### CONTRACT FOR IMPROVEMENT OF MEDICAL CENTER STEAM PLANT COAL HANDLING EQUIPMENT

(16) The Director of the Physical Plant and the Comptroller recommend a contract for \$8,105 with the Link-Belt Company, Chicago, for additions to and improvements in the coal handling equipment in the Medical Center Steam Plant in Chicago. The work will consist of installation of equipment at coal transfer points to reclaim spilled coal, and a change in design will reduce by one employee the amount of labor required when coal is being hoisted. The original equipment was installed by the Link-Belt Company so that it is not feasible to secure competitive bids on the proposed changes.

Since the Medical Center Steam Company does not have the technical staff to supervise the installation, it has requested the University to handle this contract. The University will be acting as an agent for the Medical Center Steam Company and will be reimbursed for all payments made under the contract.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Holt, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### PURCHASES

(17) The Director of Purchases has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

I concur.

#### ADMINISTRATIVE PROCEDURE FOR DEALING WITH CASES OF STAFF MEMBERS CLAIMING CONSTITUTIONAL PRIVILEGES IN DECLINING TO TESTIFY BEFORE LEGISLATIVE COMMITTEES

(18) Your University administration has been concerned over the happenings in other institutions where staff members have claimed exemption under the First or Fifth Amendments to the Constitution of the United States from answering questions when called before legislative investigational bodies.

Difficulties have seemed to result from the lack of a policy and program of the institution for dealing with such matters and the necessity of handling them on an emergency or *ad hoc* basis rather than through established channels and procedures.

The University of Illinois has been free of any situation of this kind, and we hope it may remain so. However, we should be prepared to meet such a situation if it arises and both the staff and the administration should understand how the University intends to proceed if faced with this problem.

The administration has at heart the interests and protection of both the individual staff member and the University itself. It wants to see the interests of both fairly and adequately safeguarded. With these considerations and objectives in mind, I have consulted with the Senate Committee on Academic Freedom and with the Executive Committee of the University Council, and a procedure was drawn to be followed in such cases.

This procedure was presented to and adopted by the University Senate on April 4, 1955. The Senate also authorized its Committee on Academic Freedom to function as the hearing agency provided in the statement and the procedure was placed in effect at that time. The statement is being submitted to the Board for its information and record.

#### Procedure to be Followed in the Case of Staff Members Claiming Constitutional Privileges in Declining to Testify Before Legislative Committees Concerning Alleged Communist Affiliation or Activity

##### I. General Principles

- A. Refusal to testify before a commission or legislative committee, duly constituted to investigate Communist activity, on grounds of (1) rights under the First or Fifth Amendment to the Constitution of the United States or (2) under the Bill of Rights of the Illinois Constitution, does not, in and of itself, prove that the individual is a Communist or a Communist sympathizer. However,
- B. The University has a continuing obligation to assure itself that no member of its staff is a member of the Communist Party, is engaged in subversive activities, or is misusing the privileges of his position for Communist proselyting. Therefore,

- C. If a member of the University staff should refuse to testify under conditions described above, he will be asked to appear before a responsible and duly authorized University body for a Hearing, and to explain and justify his refusal.

## II. Procedure

- A. The Hearing referred to under I-C above shall be conducted by the Committee on Academic Freedom of the University Senate.
- B. The Committee should conduct such Hearing in private, hear the individual, receive evidence presented by him, call witnesses as needed and collect evidence on its own responsibility, if necessary, to establish a firm factual basis for its findings.
- C. Pending the outcome of the Hearing the President of the University may be justified in placing a staff member on probation (with pay but without duties).
- D. The Committee shall prepare a recommendation for transmission to the President of the University and to the staff member.
- E. The President of the University shall transmit the Committee report and recommendations, together with his own recommendations, to the Board of Trustees. A copy of the President's recommendations shall also be transmitted to the staff member and the Committee.
- F. If the President should propose under II-E that the service of the individual be terminated within his term of appointment, or if the individual refuses to present his case to the Committee, he has the further right of Hearing before the Board of Trustees in accordance with the provisions of the University Statutes, if he so requests.
- G. If the individual refuses to appear and cooperate in Hearings before the Committee or Board of Trustees, his service to the University may be discontinued.

This report was received for record. The President of the University was asked to request the University Senate to consider changing the word "may" in provision G of the procedure to "shall."

## USE OF UNIVERSITY PREMISES BY CANDIDATES FOR PUBLIC OFFICE

(19) During the current academic year, representatives of the Student Senate, the undergraduate student government organization at Urbana-Champaign, have approached me again on the proposal that the University modify its existing rule prohibiting political meetings in University buildings. It will be recalled that such a change was proposed by the Student Senate in 1950 and by the University Senate, which is the general faculty, in 1951. On both occasions the President of the University presented the proposal with his concurrence to the Board of Trustees, but the Board did not approve.

I have reviewed this question carefully and have consulted the Executive Committee of the University Council. The decided majority of this group favors modification of the University's policy along the lines of the previous recommendation from the University Senate. I now have the following resolution from the University of Illinois Student Senate, favoring the use of University buildings, grounds, and facilities by or on behalf of candidates for nomination or election to state or national offices.

WHEREAS: The University of Illinois Board of Trustees passes a resolution on December 9, 1890, "That hereafter the University buildings and grounds be not used for political purposes." and

WHEREAS: A large number of students are now of voting age; and

WHEREAS: The University buildings are the best equipped and largest in the Champaign-Urbana area; and

WHEREAS: A majority of Big 10 universities permit candidates for elected offices to speak on their camp; and

WHEREAS: The present ruling of the Board of Trustees prohibits the University from fulfilling its primary goal of thorough and broadminded educational policy based upon academic freedom and complete discussion; and

WHEREAS: The students are capable of evaluating and integrating the information and points of view of political speakers:

*Be it resolved:* That the University of Illinois Student Senate favor the use of University buildings, grounds, and facilities by or on behalf of candidates for nomination or election to state or national offices; and

*Be it further resolved:* That the University of Illinois Student Senate urges the President of the University of Illinois to present for acceptance the above principle and the following plan to the Board of Trustees:

1. An appropriate University committee with Student members be authorized to administer the political speaker policy of the University.
2. The speaker shall meet the following conditions:
  - a. The speaker shall be a member of a recognized political party having legal status in the State of Illinois.
  - b. The speaker shall be sponsored by a student, faculty, or administration group. However, in the event the aforementioned groups do not choose to do so, the opportunity for sponsoring shall remain open to the official state party organization of the proposed speaker.
  - c. Campaigning speakers shall be seeking state or national office.
  - d. Equal opportunities must be available to all political parties using University facilities.

Senate Bill 1304 was passed.

I recommend that the Board of Trustees rescind the present policy, established in 1890, "that hereafter the University buildings and grounds be not used for political purposes," and adopt in lieu thereof the following policy:

The use of University buildings, grounds, and facilities by or on behalf of candidates for nomination or election to state or national offices is authorized, subject to the following regulations:

1. The speaker shall be a member of a political party having legal status in the state of Illinois.
2. The speaker shall be sponsored by a recognized student organization, a faculty group, a department of the University, or by the official organization of his political party.
3. The President of the University is authorized to promulgate such regulations as he deems necessary for the administration of this policy including assignment of responsibilities for the same to committees or agencies of the University. He may appoint a general, representative all-University committee to administer this policy in acting upon requests from other than student organizations. Requests from student organizations shall first be subject to approval by the Senate Committee on Student Affairs consistent with the present responsibilities of that Committee in supervising the use of University facilities for events sponsored by student organizations.
4. Any organization sponsoring such addresses shall be charged rental for use of buildings and premises sufficient to cover the cost of such use.
5. For the guidance of University officials administering these regulations, state office is defined to include: the Governor, Lieutenant Governor, Attorney General, Auditor of Public Accounts, Secretary of State, State Treasurer, Superintendent of Public Instruction, Justices and Clerk of the Supreme Court, and members of the Board of Trustees of the University. National office shall include the President and Vice-President of the United States and both houses of Congress.

Mr. Stanford Glass, President, and other representatives of the Student Senate appeared before the Board and presented the case for the Student Senate's resolution, Mr. Glass serving as spokesman for the group. President Megrant responded for the Board stating that its decision must be based upon considerations of what is for the best interests of the University and that it must maintain political immunity. He expressed the hope for unanimity in whatever decision is reached by the Trustees and the opinion that at present the Board is not prepared to reach a decision.

President Morey reviewed the study he has given this matter. He first secured the advice of the Executive Committee of the University Council and later the independent judgment of members of the faculties of the College of Law and the

Department of Political Science and other advisers he has consulted. The County Chairmen of the University of Illinois Dad's Association at a meeting held on April 16, 1955, endorsed the change proposed by the Student Senate and President Morey's recommendations.

Mr. Livingston suggested that it may be feasible to adopt the proposal of the Student Senate and the President of the University on a trial basis.

At the conclusion of the discussion, on motion of Mr. Johnston, this matter was referred to the Committee on General Policy for further study. Mr. Livingston suggested that other Trustees pass on to the Committee their views.

#### BIENNIAL BUDGET 1955-57

(20) Subsequent to the March 30 meeting of the Board of Trustees, the President of the Board, the Chairman of the Finance Committee, and the President of the University conferred with the Governor on upward adjustments of certain items above those recommended in his state budget. The following, in particular, were reviewed:

1. The need of more funds for salary increases to enable the University to improve its salary scale to a greater extent than the increase recommended by the Governor (which was half of the amount requested by the University) would permit and thus aid in preventing losses of faculty.
2. Inclusion of the Addition to the Architecture Building in the list of capital items.
3. Changing the capital item for "Altgeld Hall Remodeling" to "Altgeld Hall Addition and Remodeling." The original request included items for both remodeling and an addition to the building, but only the former item is included in the Governor's budget. Some expansion of the building is urgently needed in connection with the remodeling.
4. Changing the item for "Remodeling Old Hospital and Dentistry-Medicine-Pharmacy Building" to "Remodeling and Minor Additions at Urbana-Champaign and at the Chicago Professional Colleges."
5. Inclusion of funds for architectural and engineering plans for future projects.

The conference with the Governor was friendly and cordial. The Governor was sympathetic and agreed to give our problems further consideration. Subsequently, he approved an addition of \$1,500,000 to be used for selective merit salary increases in special cases over and above amounts the original allotment would permit. However, he stated that the state resources will not at this time permit an appropriation for the Architecture Building Addition.

The Governor agreed to the changes in the provisions for Altgeld Hall Remodeling and Remodeling in the Chicago Professional Colleges (Items 3 and 4 above). He plans to include in the budget of the Department of Public Works and Buildings a fund for planning in all divisions and institutions of the state and requested that the Board of Trustees look to that Department for such services.

If approved by the General Assembly, the result of the addition of \$1,500,000 to the operating budget will be an increase in the biennial operating budget of \$11,130,142, of which \$9,550,951 will come from state tax revenues and the remainder from increased University income. The capital budget will be \$8,815,000.

While the amounts recommended for both capital and operating are substantially less than the University requested, they nevertheless represent material additions to our resources for both current expense and development. Hence, they will enable the University to move forward substantially, especially with respect to improvement in salary scales and prevention of losses of personnel due to inadequate scales. While a number of capital items have to be deferred, we have laid a groundwork of information which should be helpful in securing funds for them when the state's revenues permit.

**LEAVE OF ABSENCE FOR PROFESSOR HUGH G. WALES**

(24) I recommend that Professor Hugh G. Wales of the Department of Marketing be given sabbatical leave of absence on full pay during the second semester, 1955-56. He made application for this leave in December, but inadvertently it was not transmitted to the President's Office for consideration at the time other applications for sabbatical leaves during 1955-56 were submitted. Professor Wales has been in the service of the University for eight years and is in all respects eligible for leave. His program of study and travel has the endorsement of the University Research Board which advises the President on the applications for sabbatical leaves.

On motion of Mr. Bissell, this leave was granted.

**APPROPRIATION FOR UNDERGRADUATE CATALOG**

(25) The Director of Admissions and Records and the Director of the University Press request an appropriation of \$4,400 for an additional printing of approximately 8,000 copies of the current (1954-55) undergraduate catalog. The original supply of 35,000 copies has been exhausted and the 1955-56 edition will not be ready for several months.

I concur.

On motion of Mr. Nickell, this appropriation was made and the purchase of the required additional printing of the catalog authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**ARCHITECTURAL SERVICES FOR ADDITION TO RESIDENCE HALLS**

(26) Although no state appropriation for the construction of additional student residence halls during the biennium of 1955-57 is in prospect, it may be feasible to finance some construction through a bond issue and a plan of amortization which would include annual operating subsidies from general University funds. Hence, it is desirable to proceed with preparation of plans and specifications for housing which would include an addition to the Lincoln Avenue Residence, to accommodate 552 women, and an addition to the Men's Residence Halls, to accommodate 402 men.

The University has a contract with Schaeffer, Hooton, and Wilson, Bloomington, for architectural services for an addition to the Men's Residence Halls at a total estimated fee of \$36,000 of which \$8,000 has been advanced from Housing Division funds for preliminary work. An additional \$28,000 will be needed for complete architectural services up to execution of contracts.

Naess and Murphy, Chicago, architects for the Lincoln Avenue Residence, have done some preliminary work on an addition to it. This firm is willing to furnish complete architectural services for a fee of six per cent of the contract cost, the same as their charge for services on other University buildings, including the Lincoln Avenue Residence. This fee will cover complete services, including working drawings, and supervision. Assuming a construction cost of approximately \$1,500,000 for the addition to the Lincoln Avenue Residence, the architect's fee would be approximately \$90,000 of which \$70,000 would be required for service up to execution of contracts.

The total funds required for complete architectural services on these projects, excluding supervision of construction, is \$98,000. This amount could be advanced from the proceeds of the sale of "National Homes," which funds have been set aside as a reserve for improvements of staff housing, and the improvement account reimbursed when financing of the additions to the residence halls has been achieved. In the meantime work on plans and specifications for the residence halls could proceed without delay.

The Director of the Physical Plant and the Comptroller recommend that Naess and Murphy be employed as architects for the addition to Lincoln Avenue Residence at a fee of six per cent of construction cost, and that an advance of \$98,000 be made from the sale of "National Homes" to finance temporarily the architectural services on additions to residence halls facilities.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract.

On motion of Mrs. Holt, these recommendations were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr.

Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### MIDWESTERN UNIVERSITIES RESEARCH ASSOCIATION AND UNIVERSITY PATENT POLICY

(27) By authority of the Board of Trustees, the University of Illinois has entered into an agreement with other universities to organize a nonprofit corporation which will promote high energy nuclear research. The Universities of Illinois, Indiana, Iowa, Michigan, Minnesota, and Wisconsin, Purdue University, and Iowa State College have formed the Midwestern Universities Research Association which is now sponsoring research at various institutions through grants which it has received through the National Science Foundation. The work being done at the several institutions under these grants is so closely related that it will be difficult to determine where rights to any patentable inventions which may result would lie. Hence, it has been proposed that institutions be required to agree, in accepting grants from MURA, to release to the latter all rights to inventions which may arise from studies financed in whole or in part by MURA grants. The inventions will then be controlled by MURA for the benefit of all participating institutions.

The University of Illinois Patent Committee has considered this proposal and recommends that the Board of Trustees authorize the University to waive its rights to patentable inventions in accepting grants from the Midwestern Universities Research Association for research in high energy nuclear physics.

I concur.

On motion of Mr. Livingston, this recommendation was approved.

#### EMPLOYMENT OF UNIVERSITY AUDITORS

The Finance Committee recommends that the Board continue its practice of employing a firm of public accountants to conduct an annual audit of the University's accounts.

Discussions between representatives of the University and the Office of the Auditor of Public Accounts have resulted in the following mutually acceptable procedure for the audit of the University records for the year ended June 30, 1955.

1. The firm employed by the Board of Trustees shall make the audit.
2. The working papers of this firm shall be made available to the firm of Peat, Marwick, Mitchell and Company, Chicago, who will act as consultants for the Auditor of Public Accounts on the University audit.
3. Any special studies over and beyond the usual audit requested by the State Auditor shall be paid from funds available to the State Auditor.
4. The report of the audit shall be issued jointly to the Board of Trustees and the Auditor of Public Accounts.

The Finance Committee recommends that the Board approve this arrangement.

The Committee also recommends the engagement of the firm of Haskins & Sells of Chicago for this audit.

The fee is based on per diem rates and expenses, with the understanding that the aggregate charges will not exceed the following amounts:

University of Illinois (all divisions) .....	\$14 500
University of Illinois Foundation (including its Retirement System) .....	725
University of Illinois Athletic Association (including its Retirement System) .....	900

On motion of Mr. Livingston, these recommendations were approved.

#### TREASURER'S BOND

Mr. Livingston, for the Finance Committee, reported that Mr. C. W. Weldon, Treasurer, has presented a satisfactory bond in the amount of \$5,000,000 as required by the Board.

This report was received for record.

**MEMORIAL TO HARRY WOODBURN CHASE**

Mr. Swain offered the following:

The Board of Trustees of the University of Illinois records with deep sorrow the death on April 20, 1955, of Dr. Harry Woodburn Chase, a former President of this University.

He was born in Groveland, Massachusetts, on April 11, 1883. Following graduation from Dartmouth College in 1904, and from Clark University where he was on the staff and received the degree of Doctor of Philosophy in 1910, he served on the faculty of the University of North Carolina in various professorial and administrative posts from 1910 to 1930, and from 1919 to 1930 as President of that University. He became President of the University of Illinois on July 1, 1930, resigning on July 10, 1933, to become Chancellor of New York University, in which post he served for twenty-one years until his retirement in 1951.

Doctor Chase came to Illinois with a constructive program of educational development, rationally progressive and entirely feasible in its essentials. He approached the problems of the University with sympathetic insight, clear understanding, and educational statesmanship. He caused the faculty to turn its attention to self-appraisal of educational organization and to think in terms of its responsibility in formulating educational policies and of the University's processes in relation to its rôle as a great state university.

It is unfortunate that his administration was so short and that he was not at the University long enough to implement in his own way policies he initiated. He came to Illinois at the beginning of the great economic depression of the nineteen thirties and within a year the University was faced with the necessity of drastic retrenchment due to the financial condition of the state. Yet during President Chase's administration the College of Fine and Applied Arts and the School of Physical Education were established and other programs were initiated which were developed in later years.

In accepting his resignation as President of the University in 1933 the Board of Trustees coupled its avowal of regret with an expression of appreciation of the fine service rendered the Board, the University, and the people of Illinois, noting that he had demonstrated in character and conduct a capacity for cooperation with individuals and groups truly indicative of the highest executive ability and that he had given the men and women of Illinois the type of leadership associated with a great university.

The Board directs that this memorial to Harry Woodburn Chase be spread upon the minutes of today's meeting and that the Secretary send copies to the surviving members of Doctor Chase's family.

This memorial was adopted.

#### SPECIAL COMMITTEE ON THE REVISION OF THE UNIVERSITY STATUTES

President Megrn reported that the University Senate is now engaged in the revision of the University of Illinois Statutes to be recommended to the Board of Trustees. He suggested the advisability of appointing a special committee of the Board to consider the recommendations of the Senate and of the President of the University when they are ready for presentation, to replace a committee appointed two years ago

which now needs to be reconstituted because of changes in the personnel of the Board.

On motion of Mr. Nickell, the President of the Board was authorized to appoint such a committee.

#### **MAY AND JUNE MEETINGS OF THE BOARD**

On motion of Mrs. Watkins, the Board voted to hold its next meeting on Thursday, May 19, 1955, beginning at 2:00 p.m. Central Daylight Saving Time, in Urbana-Champaign, Illinois. The Secretary reported that arrangements would be made to hold this meeting in the Faculty Lounge of the Illini Union Building.

On motion of Mr. Johnston, the Board voted to hold its June meeting on Thursday afternoon, June 16, 1955, in Chicago, Illinois.

#### **ADDRESSES BY DIRECTOR DOUGLAS R. MILLS AND DEAN FRED H. TURNER**

At this point President Morey presented Messrs. Douglas R. Mills and Dean Fred H. Turner to address the Board on their respective divisions and areas of work.

#### **EXECUTIVE SESSION**

On request of the President of the University, an executive session was ordered to consider the following item of business.

#### **CHICAGO UNDERGRADUATE DIVISION**

President Morey reported that two bills have been introduced in the General Assembly of Illinois making appropriations for the acquisition of a site for the University's Chicago Undergraduate Division. He stated that University officials will undoubtedly be asked to testify at hearings on these bills and that policy decisions of the Board are necessary for the guidance of the officials who appear at the hearings.

All of the Trustees except the Governor and President Megran have inspected the several sites which have been recommended for consideration by the Board. The relative merits of these sites were discussed. At the conclusion of this discussion, Mr. Livingston suggested that the special Committee appointed two years ago to study proposals for the development of the Chicago Undergraduate Division meet as soon as feasible to consider the policy questions on which decisions must be made in the near future. Mr. Johnston, Chairman of the Committee, announced that he would call such a meeting for Saturday, May 7, 1955, to be held in Chicago.

On motion of Mrs. Watkins, the Board adjourned.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**May 19, 1955**

The May meeting of the Board of Trustees of the University of Illinois was held in the Illini Union Building, Urbana-Champaign, Illinois, on Thursday, May 19, 1955, beginning at 2:00 p.m., Central Daylight Saving Time.

The following members were present: Mr. Cushman B. Bissell, Mr. Wirt Herrick, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Vernon L. Nickell, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, and Mr. Kenney E. Williamson. Governor William G. Stratton was absent.

Also present were President Lloyd Morey, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel, Mr. Josef F. Wright, Director of Public Relations, and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary. Major Lenox R. Lohr, Chairman of the University of Illinois Citizens Committee, attended the meeting as a guest.

**BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The Board considered the following reports and recommendations from the President of the University.

**APPOINTMENTS TO THE FACULTY**

(1) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. EARL G. PLANTY, Professor of Management, beginning September 1, 1955, at an annual salary of \$9,000 (D).
2. KENNETH W. PORTER, Visiting Professor of History, beginning September 1, 1955, at an annual salary of \$8,000 (D).

**Appointments to Nonacademic Staff**

The Director of Nonacademic Personnel reports the following appointments to supervisory positions of upper level responsibility at the Chicago Professional Colleges.

1. ANSELMA E. CABRERA-CARDUS, Dietitian, Research and Educational Hospitals, beginning March 1, 1955, at an annual salary of \$3,600.
2. EDWARD C. HEIL, Custodial Supervisor, Physical Plant Department, beginning April 4, 1955, at an hourly salary of \$2.213.
3. DOROTHY D. MOORE, Supervising Housekeeper, Physical Plant Department, beginning April 6, 1955, at an hourly salary of \$2.00.
4. WILLIAM MOSS, Superintendent of Operations, Physical Plant Department, beginning April 4, 1955, at an annual salary of \$7,500.
5. ANNA MARIE RANSFORD, Dietitian, Research and Educational Hospitals, beginning April 11, 1955, at an annual salary of \$3,720.

On motion of Mr. Nickell, these appointments were confirmed.

**ADVISORY BOARD FOR INSTITUTION  
FOR TUBERCULOSIS RESEARCH**

(2) The professional operation and all other management and control of the Institution for Tuberculosis Research are vested by law in the University of Illinois. The law also provides for an advisory board consisting of five medical directors, two of whom shall be doctors appointed by the Municipal Tuberculosis Sanitarium of Chicago, two doctors appointed by the University, and one elected by the other four.

On April 19, 1950, the Board of Trustees appointed to this advisory board Dr. A. C. Ivy, then Vice-President in Charge of the Chicago Professional Colleges, and Dr. Stanley W. Olson, then Dean of the College of Medicine. Neither of these appointees is now in the position he occupied at the time of appointment. New appointments begin on July 1 of the year of appointment. The law does not specify the term except that all members serve until their successors are appointed.

It is desirable to reconstitute this advisory board, and on recommendation of the Chairman of the Administrative Committee for the Chicago Professional Colleges, I nominate Dr. Harry F. Dowling, Professor and Head of the Department of Medicine, and Dr. Howard J. Shaughnessy, Professor and Head of the Department of Public Health.

The other members appointed by the Municipal Tuberculosis Sanitarium of Chicago are Dr. Herman N. Bundesen, President of the Chicago Board of Health, and Dr. Ernest E. Irons, Consulting Physician, Presbyterian Hospital. Dr. Walter H. Theobald, Clinical Professor of Otolaryngology, Emeritus, in the College of Medicine, on the staff of the Municipal Tuberculosis Sanitarium and a member of the Medical Center Commission, was elected by the other four.

The Institution is administratively under the Office of the Vice-President in Charge of the Chicago Professional Colleges, and the advisory board has no managerial functions.

On motion of Mr. Herrick, these appointments were approved.

**CHANGE IN STATUS OF SMALL HOMES COUNCIL**

(3) The Small Homes Council, established by authority of the Board of Trustees to carry on research in all phases of home building, has done notable work, and

its findings and publications have received wide attention and commendation. The Council is under the administration of a Director who has been reporting to the President of the University, because the Council has represented the coordination of services of several University departments in more than one college. There is an Executive Committee of representatives of the departments concerned, with the Dean of the College of Fine and Applied Arts serving as Chairman.

The status of the Council was recently reviewed and the Executive Committee, with the concurrence of the Director, has unanimously recommended that the Council be placed under the administration of the College of Fine and Applied Arts. The Executive Committee of the University Council also concurs. This will not hinder the operations of the Council, since the President has relied upon the Dean of the College of Fine and Applied Arts, as Chairman of the Executive Committee, to exercise general administrative supervision.

I recommend approval of this change, effective at once.

On motion of Mr. Williamson, this recommendation was approved.

#### STAFF HOSPITAL AND MEDICAL INSURANCE

(4) Since October 1, 1949, the University has contracted with insurance companies for a group hospital and medical insurance program available to members of the staff at Urbana-Champaign and at the Chicago Undergraduate Division on a voluntary basis. The schedule of benefits to be provided by this insurance program has been recommended by a representative staff committee in each instance and the insurance obtained on the basis of competitive bids. The present contract is with the Continental Casualty Company and expires October 1, 1955.

I appointed an all-University committee this year to review the schedule of benefits and to recommend desirable changes. Representatives of the Chicago Undergraduate Division reported that surveys there indicate a decided preference for the Blue Cross-Blue Shield plan which meets their needs better than the University program although the latter is adequate for the staff at Urbana-Champaign.

The University Committee has reviewed this matter and has interviewed representatives of Blue Cross and Continental Casualty Insurance Company. The Committee recommends that the Blue Cross-Blue Shield insurance program be adopted for the staff at the Chicago Undergraduate Division effective October 1, 1955. Since it is desirable that this be authorized in time to permit the insurance company to canvass the staff before the end of the academic year, this recommendation is submitted in advance of the recommendation as to the program for Urbana-Champaign which is still under study by the Committee.

I concur in this recommendation.

On motion of Mr. Livingston, this matter was referred to the Finance Committee, with Mr. Williamson added to the Committee for this purpose, and to the Executive Committee with power to act.

#### RENTAL OF SPACE TO THE WESLEY FOUNDATION

(5) The Board of Trinity Church in Urbana-Champaign has requested the use of some University rooms for classes of the Church School on Sunday mornings between 9:30 and 11:00 as a temporary arrangement pending the erection of a new building. The rooms will be needed beginning in September, 1955, for a period of twenty to twenty-four months. Approval of this request involves a departure from the established policy governing use of University premises by outside organizations. The Board has previously authorized exceptions in similar cases.

In 1932, the University Place Church of Christ was permitted the use of a University building following the destruction of its Church by fire. In 1950, the McKinley Memorial Presbyterian Church was permitted to use the Auditorium on Sundays while its Church building was being remodeled. In both cases the University was reimbursed for direct costs.

The request has been reviewed by the Director of the Physical Plant and Professor Norman Parker, Head of the Department of Mechanical Engineering. They are willing to permit use of certain areas on the first floor of the Mechanical Engineering Building. The costs resulting from such use, assuming four classrooms for fifty-two Sundays each year, have been estimated at approximately \$465 a year.

The Director of the Physical Plant and the Comptroller recommend that Wesley Foundation be permitted to use four to six classrooms in the Mechanical Engineering Building during the period of construction of the new Church with the understanding that the Foundation will reimburse the University for the additional costs that will result from such use.

I concur.

On motion of Mr. Johnston, this recommendation was approved. Mr. Herrick and Mrs. Holt asked to be recorded as voting "no."

#### APPROPRIATION FOR IBM EQUIPMENT

(6) The Provost and the Comptroller recommend an appropriation of \$10,000 for improvements in the IBM tabulating equipment at Urbana-Champaign. The present equipment was acquired in 1949, and a large number of procedures have been converted from manual to mechanized operations with resulting increases in efficiency and economy. Equipment is now being used to its capacity for administrative work, and a night shift has been added to provide service for research projects. Replacement of some of the equipment with new machines will permit increasing the work load by one-third within the same space available because of the increased speed and other improvements in new machines.

Funds for the increased rental of the machines will be included in the 1955-56 budget but to convert to new equipment a nonrecurring appropriation of \$10,000 is required for the purchase of control panels, cabinets, and for installation costs.

I recommend that this appropriation be made and that the Comptroller be authorized to purchase additional panels from the International Business Machines Corporation, Springfield, at an estimated cost of \$19,540. The University will receive an allowance of \$8,202, the original cost of the old panels, when they are removed. The difference between the purchase price and the appropriation will be provided from the regular budget of the Statistical Service Unit.

On motion of Mr. Williamson, this appropriation was made and the recommended purchase was authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### APPROPRIATION FOR URBANA CITY DUMP

(7) The Director of the Physical Plant and the Comptroller request an appropriation of \$4,200 for two final payments due for the University's proportionate share of the cost of additional land purchased for expansion of the city dump which the University has been using under the contract with the city of Urbana for the disposal of University garbage.

I recommend that this appropriation be made from the General Reserve Fund for 1955-56.

On motion of Mr. Nickell, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### IMPROVEMENT OF LINCOLN AVENUE AND NEVADA STREET

(8) The University of Illinois is committed to paying its proportionate share of the costs of the widening and resurfacing of Lincoln Avenue and Nevada Street, and the Board has already authorized the payment of \$2,000 as part of the cost of preparation of plans. Urbana city officials are anxious to complete this project during the summer of 1955 and have proposed the following plan of payments by the University:

August 1, 1955.....	\$ 25 000
January 3, 1956.....	21 907
January 2, 1957.....	23 255
January 2, 1958.....	22 244
January 2, 1959.....	21 232
<i>Total</i> .....	<i>\$113 638</i>

The Director of the Physical Plant and the Comptroller recommend approval of this program with the understanding that the balance due may be prepaid at any time, and they request an appropriation of \$47,000 for the payments to be made during 1955-56.

I concur and recommend that \$47,000 be appropriated from funds to be provided in the budget for 1955-56 and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents, provided that all commitments made by the University under this program shall be subject to the availability of funds from which to make payments when the same become due.

On motion of Mrs. Holt, this assignment of funds was approved and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### **CONTRACT FOR ADDITIONS TO THE ELECTRICAL DISTRIBUTION SYSTEM IN THE MEDICAL CENTER STEAM PLANT**

(9) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$3,495 to J. Hamilton Electric Company, Inc., Chicago, the lowest bidder, for additions to the electrical distribution system in the Medical Center Steam Plant. This is auxiliary to the contract with the Link-Belt Company of Chicago, authorized by the Board of Trustees on April 27, 1955, for improvements in the coal handling equipment. Since the equipment is operated electrically, a change in the electrical facilities is required. The University will act as agent for the Medical Center Steam Company and will be reimbursed for all payments made under this contract.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Swain, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **CONTRACT FOR CONSTRUCTION OF MILK HOUSES**

(10) The Dean of the College of Agriculture and the Comptroller recommend the award of a contract for \$22,954 to the Hartman Construction Company, Champaign, the lowest bidder, for construction of two milk houses at the Lincoln Avenue Dairy Barns.

Funds are available in an appropriation made by the Board of Trustees on June 21, 1954.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract.

On motion of Mr. Livingston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **CONTRACT FOR IMPROVEMENT OF HUFF GYMNASIUM SWIMMING POOL**

(11) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$5,433 to Harlan E. Moore and Company, Champaign, the lowest bidder, for acoustical treatment of the walls and ceiling in the Huff Gymnasium. Funds have been appropriated by the Board for this improvement.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### CHANGE IN CONTRACT FOR CONSTRUCTION OF LAW BUILDING

(12) The Director of the Physical Plant and the Comptroller recommend an increase of \$4,007.63 in the contract with E. N. DeAtley, Champaign, for the construction of the Law Building to include widening of the existing pavement along the south curb of Peabody Drive, changing curbs and gutters along Pennsylvania Avenue to provide for future widening of that street, and relocating a street lamp at Fourth Street and Peabody Drive.

Funds are available in the state appropriation for the construction of the Law Building.

I concur and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Herrick, the Comptroller was authorized to execute this change in the contract.

#### CHANGES IN GENERAL CONTRACT FOR CONSTRUCTION OF VETERINARY CLINIC BUILDING

(13) The Director of the Physical Plant and the Comptroller recommend increases in the contract with Kuhne-Simmons Company, Inc., Champaign, for the construction of the Veterinary Clinic Building to provide for the following additional work:

Surfacing of drives and service courts, construction of curbs and dry wall, construction of a screen fence along the east boundary of Mt.

Hope Cemetery, and other finishing of the premises.....\$10 033

Construction of additional hay and feed storage space in the second story 13 985

Bids originally received for the construction of this building exceeded the funds available, and new bids were taken on revised plans and specifications. In these revisions some construction was eliminated and, in awarding contracts on the basis of new bids, certain deductible alternates were taken as a precaution to make sure that a usable building could be constructed for the funds available. As work on the building has proceeded, it has become evident that funds will be available to reinstate some of the construction which has been eliminated.

I concur and recommend that the Comptroller be authorized to execute these changes in the contract.

On motion of Mr. Swain, the Comptroller was authorized to execute these changes in the contract.

#### CONTRACT FOR TECHNICAL ASSISTANCE TO THE UNIVERSITY OF ROORKEE

(14) The U. S. Foreign Operations Administration requests the University of Illinois to enter into a contract to render technical assistance to the University of Roorkee in India. This will involve supplying specialists in five fields of engineering to conduct programs of teaching and research and develop courses of study designed to improve, strengthen, and expand that institution's program. The University of Roorkee is located in Region One of India, the area for which the University of Illinois will assume educational leadership under the Indo-American Inter-Institutional Program authorized by the Board of Trustees on March 30, 1955.

The University of Illinois is presently unable to supply the necessary teaching and research personnel from its own staff, but four specialists are available at Rensselaer Polytechnic Institute, Troy, New York, and Rensselaer desires to participate in this program. FOA requests the University of Illinois to retain general administrative and educational direction over all technical aid programs in agriculture and engineering in Region One and proposes that the University subcontract with Rensselaer, and possibly other educational institutions, to secure the necessary personnel. The estimated cost of this program, which would be paid entirely from funds made available by FOA, is approximately \$225,000 for a two-year period.

I recommend approval and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Bissell, this recommendation was approved and authority to execute the necessary documents was granted.

#### **CONTRACT FOR EXTENSION OF PNEUMATIC TUBE SYSTEM IN RESEARCH AND EDUCATIONAL HOSPITALS**

(20) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$5,130 to the Lamson Corporation of Syracuse, New York, for extension of the pneumatic tube system in the Research and Educational Hospitals. The work will consist of installation of supply and return ducts for the transmission of tubes, installation of a tube station in the Admissions Department, adjustments in the central station, and new equipment to produce the necessary air suction for operation of an additional station.

Funds are available in an appropriation made for remodeling by the Board of Trustees on November 20, 1953.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Livingston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **RUBBER RESEARCH CONTRACT**

(21) Since December 1, 1942, the University has had a contract, originally with the United States Rubber Reserve Corporation, for research on synthetic rubber. This contract, which terminates June 30, 1955, provides for payment to the University for a total of \$1,565,000 to cover all direct costs of the research plus an allowance for indirect costs.

During the current contract the Reconstruction Finance Corporation took over the Rubber Reserve Corporation and has now been replaced by the Federal Facilities Corporation which will soon terminate its activities. The National Science Foundation, another federal agency, is willing to support the synthetic rubber research program at the University of Illinois following termination of the present contract and will provide \$135,000 to cover all direct and indirect costs for a period of one year.

The Dean of the College of Liberal Arts and Sciences, the Chairman of the University of Illinois Research Board, and the Comptroller recommend authorization of a contract for the continuation of this work for one year from July 1, 1955.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Swain, this recommendation was approved and execution of the necessary documents was authorized.

#### **MANDAMUS SUIT OF PATRICIA BLUETT**

(22) The Circuit Court of Cook County dismissed the mandamus proceedings instituted against the University by Miss Patricia Bluett seeking reinstatement as a student in the College of Medicine from which she was dismissed on charges of cheating, or attempting to cheat, in certain examinations. Her counsel has now filed notice of appeal to the Supreme Court of Illinois.

Mr. Albert E. Jenner, Jr., of the firm of Johnston, Thompson, Raymond, and Mayer, Chicago, was engaged as special counsel in this case, and I recommend that the Board authorize retaining him as special counsel to assist the Legal Counsel in connection with the appeal. I also recommend that an appropriation of \$2,600 be made from the General Reserve Fund to pay Mr. Jenner's law firm for services in this matter up to and including May 12, 1955. This charge is considerably less than would ordinarily be made by his firm upon a time basis for the same services, but he has reduced it because of his interest in the University.

On motion of Mr. Swain, this recommendation was approved and the appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONDEMNATION OF PROPERTY AT 1208 WEST  
ILLINOIS STREET, URBANA, ILLINOIS**

(23) The University now owns all of the property situated in the block bounded by Mathews and Goodwin Avenues and Green and Illinois Streets in the city of Urbana, Illinois, needed for the site of the contemplated Biology Building with the exception of that known as 1208 West Illinois Street. This property is owned by Anna M. (Mrs. Lloyd) Swinford and must be acquired before construction of the Biology Building can begin. Negotiations conducted by University officers with the owner, her husband, and their attorney have established that the owner and the University can not agree upon the amount of the compensation to be paid the owner for this property and she is unwilling to sell it to the University except at a price which University officers deem decidedly excessive and exorbitant.

Therefore, it is obvious that it is necessary for the University to resort to its right of eminent domain in order to acquire title to this property at a fair and reasonable price.

Accordingly, the Comptroller, the Director of the Physical Plant, and the Legal Counsel recommend the adoption of the following resolution:

*Resolution*

*It is hereby resolved, found, and declared* by The Board of Trustees of the University of Illinois that the following described real estate, situated in the City of Urbana, County of Champaign, and the State of Illinois, viz:

The East Fifty-five (55) feet of the North Eighty-one (81) feet of Lot Twenty (20), and the East Fifty-five (55) feet of the South Thirty-eight and One-third ( $38\frac{1}{3}$ ) feet of Lot Seventeen (17), of Joseph Nelson's Addition to the City of Urbana, Champaign County, Illinois,

is needed by the University of Illinois, an educational institution established and supported by the State of Illinois, as the site of a building needed and to be constructed by said University for educational purposes and to enable said University to discharge its duties to the people of said state and for public use; that funds available for the purchase of said land have been appropriated to The Board of Trustees of the University of Illinois by the General Assembly of the state of Illinois; that this Board of Trustees has negotiated with Anna M. Swinford, the owner of said land and with her duly authorized representatives for the purchase of said land at a price which this Board of Trustees considers fair and reasonable and which it finds constitutes the present market value of said land, but she has refused to sell and convey the land to The Board of Trustees of the University of Illinois for such price and continues to refuse to sell and convey the same to it except for a consideration and price which this Board of Trustees deems excessive and exorbitant and is unwilling, and has refused to pay therefor; and

*It is further hereby resolved, found, and declared* by said The Board of Trustees of the University of Illinois that the compensation to be paid by it for said land can not be agreed upon between this Board of Trustees and said Anna M. Swinford and she and it are unable to agree upon the purchase price to be paid her for the sale and conveyance by her thereof to said The Board of Trustees of the University of Illinois; and

*It is further hereby resolved, found, and declared* by this Board of Trustees of the University of Illinois that, because of said need of said University for said land for said purposes and because the compensation to be paid said Anna M. Swinford as the owner thereof therefor can not be agreed upon between her and this Board of Trustees, it is necessary for The Board of Trustees of the University of Illinois to take said land and acquire title thereto through the exercise by it of the right of eminent domain conferred upon it by law and to have the

compensation to be paid by it to said Anna M. Swinford and any and all other persons who may have any right, title, or interest in and to said land therefor determined in the manner provided by law for the exercise of said right of eminent domain; and

*It is further hereby resolved* by this Board of Trustees that the necessary and appropriate action be taken for the acquisition of title to said property by said The Board of Trustees of the University of Illinois and to have the compensation to be paid therefor determined by the institution and prosecution to completion of a proceeding in eminent domain in a court of competent jurisdiction, and that the Legal Counsel of said University be, and he is hereby authorized to proceed accordingly, to institute and prosecute an eminent domain proceeding in the name of the The Board of Trustees of the University of Illinois for the acquisition of said land and the determination of the compensation to be paid by it therefor, and to employ such special legal counsel and others as he may deem necessary or desirable to assist him in the institution and prosecution of said proceeding.

I concur.

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### **REPORT OF COMMITTEE ON GENERAL POLICY ON USE OF UNIVERSITY PREMISES BY CANDIDATES FOR PUBLIC OFFICE**

The General Policy Committee recommends to the Board of Trustees that for the period May 19, 1955, to December 31, 1956, the existing policy at the University of Illinois, which restricts the use of University premises for meetings in connection with political addresses, be modified to the extent of permitting candidates for the office of President and/or Vice-President of the United States to use University premises to appear in person to make political addresses.

On motion of Mr. Johnston, this recommendation was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Johnston, Mr. Livingston, Mr. Megran, Mrs. Watkins, Mr. Williamson; no, Mrs. Holt, Mr. Nickell, Mr. Swain; absent, Mr. Stratton.

#### **COMMITTEE ON REVISION OF STATUTES**

President Megran reported that he has appointed the following special Committee on the Revision of the University of Illinois Statutes to receive and consider recommendations of the Senate and of the President of the University when they are ready for presentation to the Board: Mrs. Frances B. Watkins, Mr. Cushman B. Bissell, Mr. Wayne A. Johnston, Mr. Park Livingston, and Mr. Kenney E. Williamson.

#### **JUNE MEETING**

The Board voted to hold the June meeting on Thursday, June 16, in Chicago. President Megran announced that it will be held in the conference room of the East Dentistry-Medicine-Pharmacy Building of the University's Chicago Professional Colleges, beginning at 2:00 p.m., Central Daylight Saving Time.

**ADDRESSES BY DIRECTORS L. B. HOWARD AND L. M. DYKE**

At the conclusion of the business meeting, President Morey presented Dr. L. B. Howard, Dean of the College of Agriculture, Director of the Agricultural Experiment Station, and Director of the Extension Service in Agriculture and Home Economics, and Dr. L. M. Dyke, Director of the Health Services, who addressed the Board on the state of their respective divisions.

**EXECUTIVE SESSION**

At this point an executive session was requested for consideration of the following item of business presented by the President of the University and the Legal Counsel.

**SPECIAL COUNSEL FOR CONDEMNATION PROCEEDINGS  
TO ACQUIRE PROPERTY AT 1208 WEST  
ILLINOIS STREET, URBANA**

Due to the large volume of work in the Legal Counsel's Office, it will not be feasible for him and his staff to devote all of the time required to the condemnation proceeding, authorized by the Board of Trustees, to acquire the property at 1208 West Illinois Street, Urbana, as part of the site needed for the construction of a new Biology Building. Accordingly, it is recommended that the Legal Counsel be authorized to employ the firm of Thomas, Mulliken, and Mamer, Champaign, to institute and prosecute the proceeding for the acquisition by the University of this property, subject to the supervision of the Legal Counsel and with such assistance as he may be able to give. It is also recommended that the Director of the Physical Plant and the Legal Counsel be authorized to employ appraisers and other real estate experts as may in their judgment be necessary or desirable in connection with the institution and trial of this proceeding.

On motion of Mr. Livingston, this authority was granted.

On motion of Mr. Bissell, the Board adjourned.

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**June 16, 1955**

The June meeting of the Board of Trustees of the University of Illinois was held at the Chicago Professional Colleges, in the conference room of the East Dentistry-Medicine-Pharmacy Building, 833 South Wood Street, Chicago, on Thursday, June 16, 1955, beginning at 2:00 p.m., Central Daylight Saving Time.

The following members were present: Mr. Cushman B. Bissell, Mr. Wirt Herrick, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson. Governor William G. Stratton was absent. Superintendent Vernon L. Nickell was absent when the meeting convened but joined it later.

Also present were President Lloyd Morey, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel, Mr. Josef F. Wright, Director of Public Relations, and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.

**STAFF HOSPITAL AND MEDICAL INSURANCE**

At its meeting on May 19 the Board referred to the Finance Committee, with Mr. Williamson added to the Committee for this purpose, and to the Executive Committee, with power to act, a recommendation from the President of the University that the Blue Cross-Blue Shield insurance program be adopted for the Chicago Undergraduate Division staff.

This recommendation has now been concurred in by the Finance Committee, and the Executive Committee reports it has approved the same.

**PURCHASE OF OWNER'S PROTECTIVE (CONTINGENT) LIABILITY INSURANCE**

Mr. Livingston, for the Finance Committee, presented the following recommendation:

The University's insurance practices do not include the purchase of liability insurance to protect the University against potential claims that might arise through the activities of contractors and their employees working on University construction projects. It has been stipulated in the contracts that the contractors shall maintain liability insurance satisfactory to the University.

This has placed an administrative burden on the offices of the Physical Plant Department and the Comptroller because of the necessity of carefully checking each insurance policy to determine whether it adequately protects the University. It is therefore recommended by the Finance Committee that the insurance practices of the University include authorization for the purchase of a blanket owner's protective (contingent) liability insurance policy. The premiums on such a policy would be based on the amount of work done during the policy period.

While the University construction contracts will still require the contractors to carry adequate workmen's compensation and employer's liability insurance, they will not require the contractors to carry comprehensive public liability or automobile liability insurance. Most contractors will carry such insurance for their own protection, and the contracts will require them to file with the University certificates as to the nature and amount of such insurance being carried by them so that this information will be available to the University and to anyone having a legitimate interest in obtaining it from the University.

On motion of Mr. Johnston, this recommendation was approved.

from the President of the University.

**SALE OF UNIVERSITY HOUSES**

(1) Pursuant to the plan authorized by the Board of Trustees for the sale of  
University-owned residence properties in Urbana-Champaign which are outside the  
area of future campus expansion, the Director of the Physical Plant and the  
Comptroller recommend the sale of the following residence properties owned by  
the University:

These are National Homes buildings constructed in 1946. The University  
investment includes the original cost plus subsequent improvements. The sale price  
in each case was determined by an independent appraisal by a real estate expert.

#### **CLASSIFIED RESEARCH IN ELECTRICAL ENGINEERING**

(2) The United States Navy has requested the University to undertake a program of classified research in electrical engineering which involves the acquisition, either by lease or purchase by the Navy or the University, of land on which certain equipment will be erected. Construction will require eighteen months to two years and a like period will be required for evaluation. Since the research is in a field of basic interest to the Department of Electrical Engineering, the Department will undoubtedly carry on research and training in this field for a considerable number of years after the Navy research project has been completed.

The United States Navy proposes an allocation of \$226,500 for site preparation and construction, \$11,504 for equipment and facilities, and an annual operating budget of \$64,250. The initial allocation to the University will be \$165,000. All costs of this project, direct and indirect, including acquisition of site, installation of facilities, and the operation thereof for approximately three years will be paid by the Navy.

The Dean of the College of Engineering and the Chairman of the Research Board have approved this program. A contract has been received from the Bureau of Ships covering the project. There will be certain requirements relative to the acquisition of a site which will be difficult to fulfill, and it is not certain that a suitable area can be found and made available. Accordingly, it is recommended that the contract be accepted by the University subject to the acquisition of a satisfactory site.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Livingston, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents.

#### **HEADSHIP OF THE DEPARTMENT OF CITY PLANNING AND LANDSCAPE ARCHITECTURE**

(3) The Dean of the College of Fine and Applied Arts recommends the appointment of Mr. Louis B. Wetmore, presently Visiting Professor of Planning at Massachusetts Institute of Technology, as Professor of City and Regional Planning, Head of the Department of City Planning and Landscape Architecture, and Director of the Bureau of Community Planning on indefinite tenure beginning September 1, 1955, at an annual salary of \$11,000 on "A" basis.

This appointment is unanimously recommended by the Department and the Bureau and unanimously approved by the Executive Committee of the College to replace Professor Karl B. Lohmann who retires at the end of the current academic year.

Mr. Wetmore is one of the outstanding men in his field and has an exceptionally broad background which fits him well for the varied responsibilities—instructional, research, and state-wide service—in this Department at the University of Illinois, which now also includes the Bureau of Community Planning.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

#### **APPOINTMENTS TO THE FACULTY**

(4) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

8. TAIRA SUZUKI, Research Assistant Professor of Physics, beginning September 1, 1955, at an annual salary of \$6,000 (DY).

On motion of Mr. Swain, these appointments were confirmed.

#### APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY

(5) On nomination of the Committee on Accountancy, I recommend the appointment of Mr. Donald R. Jennings, C.P.A., Senior Partner, Price-Waterhouse and Company, Chicago, to the Board of Examiners in Accountancy for a period of three years beginning July 1, 1955, replacing Mr. Louis M. Kessler whose three-year term will expire June 30, 1955.

On motion of Mr. Johnston, this appointment was approved.

#### AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(6) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State From Which They Obtained Certificates</i>
JESS WILLARD BOWERS	Terre Haute, Indiana	Indiana

THEODORE LAZARATON	Chicago	District of Columbia
ALOYSIUS PITTERLE	Highland Park	Wisconsin

I concur.

On motion of Mr. Williamson, these certificates were awarded.

#### ENGLISH REQUIREMENT FOR FOREIGN STUDENTS

(7) The University's policy requiring proficiency in English of foreign students was adopted by the Board of Trustees on recommendation of the University Senate in 1946. The judgment of this proficiency was placed under the jurisdiction of the Senate Committee on Student English and has been exercised in conjunction with the college in which the student is registered.

The University Senate recommends that jurisdiction over foreign students' English instruction now be vested in the Department of English.

The Committee, however, will retain jurisdiction over the English Qualifying Examination for foreign students, since it has the responsibility for administering the Qualifying Examination for all other students.

I concur.

On motion of Mrs. Holt, this recommendation was approved.

#### MASTER OF ARTS DEGREE IN ANTHROPOLOGY

(8) The University Senate recommends the establishment of a graduate program leading to the degree of Master of Arts in Anthropology. There is hereby filed with the Secretary of the Board for record the report and recommendation of the Senate Committee on Educational Policy to the University Senate giving the

details of this program, including the requirements for admission and for graduation.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

#### **MASTER OF SCIENCE DEGREE IN ORAL PATHOLOGY**

(9) The University Senate recommends the establishment of a graduate program leading to a degree of Master of Science in Oral Pathology to provide training for teachers and investigators in this field. For admission to this program a candidate must meet the general requirements for admission to the Graduate College, must have the Doctor of Dental Surgery degree, and must have a knowledge of the entire field of dental pathology. Nonprofessional students will not be accepted.

There is hereby filed with the Secretary of the Board for record the report and recommendation of the Senate Committee on Educational Policy to the University Senate giving the details of this program, including the requirements for admission and for graduation.

I concur.

On motion of Mr. Williamson, this recommendation was approved.

#### **PROFESSIONAL DEGREE OF MASTER OF TELEVISION**

(10) The University Senate recommends the establishment of a curriculum leading to the professional degree of Master of Television, to be offered by the School of Journalism and Communications, to provide advanced professional training in the nonengineering areas of television.

For admission to this program, a candidate must have a bachelor's degree from an accredited institution, must meet the minimum requirements for admission to the Graduate College, and must have majored in radio, television, theater arts, journalism, or some other area related to his television specialty. Applicants for admission will be selected by an entrance committee.

This program will require an additional one-half time instructor, and funds for this have been included in the budget estimates for 1955-57.

There is hereby filed with the Secretary of the Board for record the report and recommendation of the Senate Committee on Educational Policy to the University Senate giving the details of this program, including the requirements for admission and for graduation.

I concur.

On motion of Mr. Swain, this recommendation was approved.

#### **CHANGE IN REQUIREMENTS FOR ADMISSION TO THE COLLEGE OF MEDICINE**

(11) The University Senate recommends the following changes in the requirements for admission to the College of Medicine to become effective at once, provided that applicants for admission in September, 1955, and September, 1956, may qualify under either the present or new requirements but that in September, 1957, and thereafter all applicants must meet the new requirements:

The foreign language requirement may be waived if the student has completed four years of one language in high school or completes the last course of a two-year college language in sequence. When the language requirement is waived, nonscience courses must replace the six-hour language requirement.

The social science requirement is increased from fourteen to sixteen semester hours and expanded to include humanities. The following areas of study are approved for this requirement, and the student must offer at least three semester hours in each area selected: anthropology, economics, geography, history, political science, psychology, sociology, humanities including literature (American, English, foreign), advanced composition, philosophy, and the fine arts.

In biology the choice of subjects is expanded to include comparative anatomy but with no change in the ten semester hour requirement.

The chemistry requirement is increased from thirteen to fourteen semester hours.

Elective subjects are decreased from thirty-one to twenty-eight semester hours, including four hours of nonscience electives and twenty-four hours of free electives.

The purpose of these changes is to broaden the field of preparation and to work toward a pattern of study rather than a random collection of hours in required subjects.

*There is hereby filed with the Secretary of the Board for record the report and recommendation of the Senate Committee on Educational Policy to the University Senate giving the complete details of these changes in admission requirements.*

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

**PROCEDURE TO BE FOLLOWED IN THE CASE OF STAFF MEMBERS  
CLAIMING CONSTITUTIONAL PRIVILEGES IN DECLINING TO TESTIFY  
BEFORE LEGISLATIVE COMMITTEES CONCERNING ALLEGED  
COMMUNISTIC AFFILIATION OR ACTIVITY**

(12) At its meeting on April 27, 1955 (Minutes, page 330), I submitted to the Board for information and record a statement of the above procedure adopted by the University Senate. The only question raised by the Board was as to the use of the word "may" in the last paragraph. The President was requested to ask the University Senate to consider changing the word to "shall."

I submitted the question to the Senate Committee on Academic Freedom, which had previously recommended the procedure to the Senate. The Committee advised against this change and that advice was reported to the Senate. The Senate took no steps to concur in any change in this section. Hence, the action stands as originally reported.

I believe there are good reasons for this conclusion. The way is still open for the administration or the Board of Trustees to act in any individual case where circumstances may so justify.

On motion of Mr. Swain, this matter was referred to a special committee to be appointed by the President of the Board. (The President appointed the following as members of this Committee: Messrs. Bissell, Chairman, Johnston, Livingston, Megrn, and Williamson.—Secretary's note.)

**PRINCIPLES GOVERNING PERMISSION TO OUTSIDERS  
TO SPEAK ON UNIVERSITY PREMISES**

(13) Recently in connection with a request from a student organization to present an outside speaker in a University building under its auspices, the complaint was made that no principles exist which constitute a guide to an organization in such a situation. In response to that complaint, and after consultation with other University officers concerned, I issued the following statement which is reported for the information and record of the Board:

Permission to anyone from outside the University to speak on University property or at a University function can not be demanded or compelled as a matter of legal right. With the exception that the University is forbidden by statute to extend the use of any of its facilities to "any subversive, seditious, and un-American organization, or to its representatives, for the purpose of carrying on, advertising, or publicizing the activities of such organization," such permission constitutes a privilege which the University, in the exercise of a sound discretion, may grant or withhold.

In determining whether this privilege should be accorded to any outside speaker by or for whom it is requested, those University officers who are vested with the authority and under the duty to act upon the request may and should accord due consideration to the question of whether it would be detrimental to the best interests of the University to grant it. If they, not acting arbitrarily but in good faith and upon reasonable grounds, conclude that it would clearly appear to be in the best interests of the University to deny the request, it is both their right and duty to deny it. When they have taken that action, they are not compelled to disclose the grounds upon which they so reached that conclusion or the source or sources of any reliable and confidential information which they have taken into consideration in reaching it.

It should be noted that this applies to all outside speakers and not necessarily to the use of University buildings and premises for addresses by candidates for public office or for political meetings which is governed by another statement of policy.

Unless the Board instructs otherwise, these principles will be followed in the future, and University officers and departments will be so informed.

On motion of Mr. Williamson, this statement was approved.

#### AMENDMENT OF POLICY AND RULES RELATING TO COMPENSATION AND WORKING CONDITIONS OF NONACADEMIC EMPLOYEES

(14) Section III-4-A of the Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees provides that: "The starting salary in every classification where the compensation lies between stated minimum and maximum rates instead of being a single fixed rate shall be determined by the Director of Nonacademic Personnel. In all those classifications where the maximum rate is \$250 per month or less, there shall be automatic increases at least once a year until the midpoint of the range of the classification is reached."

With the unanimous concurrence of the Nonacademic Personnel Advisory Committee, the Director of Nonacademic Personnel recommends this be amended to read: "Where the maximum rate is \$300 per month or less" instead of the present \$250 figure. This has been in effect since 1949 and some upward adjustment is in order to keep even with the original intention of this provision.

The Committee also makes a recommendation with reference to holidays occurring on week ends. Because the holiday provisions are the same for all operating units and agencies within the University Civil Service System, the recommendation on this was first submitted to the Merit Board, and this Board has recommended to all agencies in the System the amendment of the first paragraph of Section VI-1 of the Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees to read as follows (new language is in italics). "Offices, laboratories, and shops will be closed and all employees excused, except in emergency and for necessary operation, on the following holidays: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas Day. *When a holiday falls on the sixth work day of the work week, the day preceding it shall be recognized as a holiday, and when a holiday falls on the seventh work day of the work week, the day following it shall be recognized as a holiday.*" (The rest of section is unchanged.)

The practice proposed has become general in outside business and employment and would place the University more nearly in line with prevailing practices elsewhere.

I concur.

On motion of Mr. Swain, these amendments were approved.

#### EASEMENT ON MANN FOREST PLANTATION

(15) Illinois Valley Electric Co-operative, Inc., an Illinois corporation not for pecuniary profit, whose principal office is in the city of Princeton, county of Bureau, and state of Illinois, has requested that the University grant it an easement along the existing fence line on the west side of the following described property of the University for the purpose of constructing, operating, and maintaining an electrical transmission line:

The Southwest Quarter (SW¼) of the Northeast Quarter (NE¼) and the Northwest Quarter (NW¼) of the Southeast Quarter (SE¼) of Section Seventeen (17), Township Seventeen North (T 17 N), Range Six East (R 6 E) of the Fourth Principal Meridian (4th P.M.) situated in the County of Bureau in the State of Illinois and commonly known as the Mann Forest Plantation.

The transmission line will be constructed in the area east of the public road which forms the western boundary of the Mann Forest Plantation and will not extend more than four feet east of the existing fence line at any point.

Such an easement will not interfere with the present or contemplated use of this property by the University, and in the public interest the Dean of the College of Agriculture and the Comptroller recommend that the easement be granted.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute such documents as they may deem necessary or desirable in order to grant such an easement.

On motion of Mr. Johnston, this easement was granted and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### **ACQUISITION OF LAND FOR FUTURE DEVELOPMENT OF THE CHICAGO PROFESSIONAL COLLEGES**

(16) On the advice of the Building Program Committee, concurred in by the Administrative Committee for the Chicago Professional Colleges, I recommend that the Board of Trustees request the Medical Center Commission to reserve areas in the Medical Center District for the development of the Chicago Professional Colleges campus and buildings which the University hopes will be constructed in the future as follows:

On motion of Mr. Livingston, this was referred to the Committee on the Chicago Departments for consideration and advice to the Board.

#### UNIVERSITY CLUB OF URBANA-CHAMPAIGN

(17) The University Club of Urbana-Champaign (University Men's Club) occupies the property at 1206 West Illinois Street, Urbana, which was acquired by the University from the Club in 1943. Since then, it has been leased to the Club. The clubhouse must be vacated and razed to permit construction of the new Biology Building.

I submit a proposal that the University participate with the University Club of Urbana-Champaign and the University of Illinois Women's Club in a program to enable these organizations to acquire a new clubhouse. Both Clubs have agreed to a program of this kind. I regard it as highly desirable in principle and recommend that the Board give it favorable consideration.

On motion of Mr. Livingston, this was referred to the Committee on General Policy for its consideration and advice to the Board.

#### UNIVERSITY OF ILLINOIS LEASE OF ILLINI CENTER

(18) Since 1947 the University has been leasing quarters in the LaSalle Hotel, Chicago, for the Illini Center which houses the University Placement Bureau in Chicago, the Chicago office of the Division of University Extension, and the Chicago office of the Alumni Association. The Center also provides facilities for alumni groups and for other conferences in which University staff members participate.

The rents paid for this space have been: 1947-49, \$4,500 a year; 1949-50, \$5,400; 1950-51, \$6,000; and since 1951, \$6,900 a year. The lessor has requested that the lease be negotiated for the biennium of 1955-57 on the basis of an annual rental of \$7,800, or a square foot rental of \$2.66 a year. This rate appears reasonable in comparison with other leases of space of this kind in Chicago.

I recommend that the Comptroller be authorized to extend this lease for two years ending June 30, 1957, at a rental of \$7,800 a year.

On motion of Mr. Williamson, this recommendation was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

At this point Mr. Nickell joined the meeting.

#### CHANGES IN COMMITMENTS OF MEDICAL CENTER STEAM COMPANY

(19) The State Department of Public Welfare will construct a Psychiatric Hospital and Training Center in the Medical Center District with the expectation of purchasing steam required for servicing this new building from the Medical Center

Steam Company which was organized to construct and operate a central steam plant to service the University and other institutions in the Medical Center District. The University operates the plant and now supplies steam to the State Tuberculosis Hospital and the Veterans Administration Regional Hospital under agreements with the State Department of Public Health and the United States Veterans Administration, respectively, at rates fixed to cover the cost of producing the steam sold and the capital costs, amortized over a period of years, of distribution lines and facilities needed in the plant to produce and deliver additional steam required by these institutions. The addition of the steam load required by the new Psychiatric Hospital would require expansion of the steam plant at an estimated cost of \$750,000 if the University were to stand committed to meet the presently fixed maximum steam demands of the Department of Public Health and the Veterans Administration, but an examination of their requirements has revealed that these maximum demands are in excess of potential needs. Hence it will be feasible to supply steam to the new Psychiatric Hospital and Training Center by reducing present commitments to the Department of Public Health and the Veterans Administration with respect to their maximum demands.

Accordingly, the Business Manager of the Chicago Colleges, the Director of the Physical Plant, and the Comptroller recommend authorization of the following: Amendment of agreements with the State Department of Public Health and the United States Veterans Administration to provide for:

Reductions in commitments by the University and the Medical Center Steam Company to furnish steam from 30,000 pounds per hour to 24,000 pounds per hour in the case of the State Tuberculosis Hospital and from 53,000 pounds per hour to 33,000 pounds in the case of the Veterans Administration Hospital. This will result in a credit of \$95,904.74 to the Veterans Administration for capital charges over the remaining twenty-seven and one-half years of the amortization period.

An agreement with the Department of Public Welfare whereby the University will contract to furnish steam to the Psychiatric Hospital as required up to a maximum demand of 26,000 pounds per hour and the Department will agree to pay the University for the cost of such steam plus \$95,904.74 for capital costs.

The reductions in the commitments will offset the new load.

A special amortization payment of \$95,904.74 to the Medical Center Steam Company, the amount to be received by the University from the Department of Public Welfare.

The University has the right to make such a special payment. This will result in a reduction in total interest costs and a consequent reduction in the cost of producing steam to all consumers of the plant.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Swain, these recommendations were approved and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents.

#### CONTRACT FOR ENGINEERING SERVICES ON ADDITION TO ABBOTT POWER PLANT

(22) The Director of the Physical Plant and the Comptroller recommend the employment of Sargent and Lundy, Consulting Engineers, Chicago, for engineering services on installation of an additional boiler and auxiliary equipment to the Abbott Power Plant. Funds will be available in the state appropriations for 1955-57 for buildings and other improvements. Terms of the proposed contract are:

- a. Current Expense Charges: Engineering and drafting, at actual salary and wages plus 50 per cent. Stenographic and clerical services, traveling expenses, and miscellaneous expenses at actual cost.
- b. Fixed Fee Charge: Two per cent of the mutually-agreed-upon estimate of the cost of the project to completion, exclusive of Sargent and Lundy's charges under (a) and (b), and the University's engineering, supervisory, and overhead costs. Ten per cent will be paid when services are requested, 80 per cent in equal monthly installments thereafter (the number of installments to be in accordance with the estimate of the number of months required to complete the project) and 10 per cent on the completion of the project.
- c. Resident Field Engineer: Services of a resident field engineer to be on the basis of actual salary, plus 15 per cent, plus traveling and field expenses, to be paid monthly. (The estimated total cost under this contract is \$163,500.)

I concur and recommend that Sargent and Lundy be authorized to proceed with the preparation of plans and specifications and secure bids for the equipment and that the Comptroller and the Secretary of the Board be authorized to execute the contract when funds are released by the Governor.

On motion of Mr. Livingston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### REMODELING IN MEN'S RESIDENCE HALLS

(23) The Director of Housing, the Director of the Physical Plant, and the Comptroller recommend the award of contracts for remodeling in the Men's Residence Halls as follows:

General — E. N. DeAtley, Champaign.....	\$40 300
Plumbing and heating — Schroeder and Sons, Champaign.....	4 221

The award in each case is to the lowest bidder.

The work will consist of remodeling the ground floors of Barton and Lundgren Houses and some minor remodeling of three rooms in Noble House to provide housing for sixty-six more occupants. The total estimated cost of this project, including the above contracts, work to be done by the Physical Plant Department, and the furnishings, is \$84,500. This estimate indicates a cost of approximately \$1,280 per occupant. Funds are available in the income of the Housing Division.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Swain, these contracts were awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### CONTRACT FOR FURNACE MAINTENANCE AND REPAIRS IN HOUSING UNITS

(24) The Director of the Physical Plant and the Comptroller recommend award of a contract to J. R. Boers Heating Company, Champaign, the lowest bidder, for furnace maintenance and repair work in the housing units operated by the University at Urbana-Champaign for the fiscal year beginning July 1, 1955, to provide for services as required and payments to be made at the following rates:

Labor Rates	<i>Straight Time</i>	<i>Over- time</i>	<i>Sundays and Holidays</i>
Furnace Mechanic.....	\$2 00	\$3 00	\$3 00
Mechanic's Helper.....	\$1 40	\$2 20	\$2 20

Labor rates are subject to adjustment for changes in rates paid generally by the contractor to his workmen for similar work with right of cancellation of the contract reserved by the University if such changes do not meet with its approval.

#### Contractor's Fee

Contractor's fee of 19 per cent of all job contracts.....	

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Livingston, this contract was awarded as recommended and the Comptroller and the Secretary of the Board were authorized to execute the same.

### CONTRACT FOR ARCHITECTURAL SERVICES ON ADDITION TO EAST DENTISTRY-MEDICINE-PHARMACY BUILDING

(26) The Director of the Physical Plant and the Comptroller recommend that Pace Associates, Planners, Architects, and Consulting Engineers, 53 West Jackson Boulevard, Chicago, be engaged for architectural work in designing and supervising the construction of a one story and basement wing addition to the East Dentistry-Medicine-Pharmacy Building when and if funds for this become available. Pace Associates did the architectural work on the present Dentistry-Medicine-Pharmacy Building, including the original drawings for the addition contemplated. Revisions in these drawings will be necessary since the building is being constructed in sections instead of a complete unit as originally designed.

The proposed contract with Pace Associates would be based on:

Charges for work on revisions for drawings and specifications are based on actual time payments to staff at the following rates:

Architect-Planner .....	\$6.00 per hour
Senior Architectural Draftsman .....	\$3.00 to \$4.00 per hour
Structural Engineer or Mechanical Engineer or Electrical Engineering Designer }	\$3.50 to \$4.50 per hour
Chief Mechanical Engineer .....	\$5.00 per hour
Senior Engineering Draftsman .....	\$3.00 to \$3.50 per hour
Plus 100 per cent for overhead costs, an estimated total of \$12,000.	

Actual cost of blueprinting is estimated at \$2,000.

Superintendent services for one year at \$1,500 per month, beginning with the excavations and ending when all construction contractors have completed their work, are estimated at a cost of \$18,000. Should the building be completed in a shorter period, the cost of superintendence will be reduced by \$1,500 per month for all time less than the estimated twelve months. Should construction be suspended due to strikes or other unforeseen contingencies for a period of time when supervision is not required, the payment of \$1,500 per month would be suspended during the period the job is closed.

The estimated cost of these services will be \$32,000. The contract will include a provision that charges for all services will not exceed \$32,000 without prior approval of the University.

It is anticipated that funds for this will be available in state appropriations to the University for the biennium of 1955-57.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract in accordance with the terms set forth above when and if funds become available.

On motion of Mr. Swain, this contract was awarded as recommended and the Comptroller and the Secretary of the Board were authorized to execute the same.

### CONTRACT FOR INSTALLATION OF CENTRAL PUBLIC ADDRESS SYSTEM IN STUDENT RESIDENCE HALL IN CHICAGO

(27) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$2,684 to Rich Sound Engineers, River Forest, Illinois, the lowest bidder, for installation of a central sound system in the Student Residence Hall at the Chicago Professional Colleges for the pick-up, amplification, and reproduction of voice and music. This is primarily to provide public address facilities for the purpose of locating residents for incoming telephone calls and to provide sound facilities for the student social programs.

Funds are available in the 1951 Revenue Bond Construction Account.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**PURCHASE OF COAL FOR CHICAGO DEPARTMENTS**

(28) The Director of the Physical Plant, the Business Manager of the Chicago Colleges, and the Comptroller recommend award of a contract to Crerar Clinch Coal Company, 28 East Jackson Boulevard, Chicago, the lowest bidder, for 25,000 tons of screenings coal to be delivered to the Medical Center Steam Plant, which is operated by the University, as required during the period July 1, 1955, to June 30, 1956, at a per ton cost of \$3.65, plus transportation of \$1.28, plus \$.48 for handling, storage, and delivery, or a total estimated cost of \$135,250. This price is based on the present wage scale and is subject to increase or decrease in the event that wage contracts now in effect are changed, and any such change will affect the price to the extent that the production costs are increased or decreased by the new wage contracts. The University has the right of approval of any such increase in price.

The lowest bid is determined by the number of British thermal units per one cent of cost based on guaranteed analysis. A continuous check is provided at the Steam Company Plant to insure compliance with the specifications.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract subject to approval by the Governor as required by the State Constitution.

On motion of Mr. Johnston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same, subject to the Governor's approval.

**EXECUTIVE SESSION**

When the Board convened, an executive session was requested and ordered for consideration of the following items of business.

**INQUIRY FROM STATE SENATOR DAVID DAVIS OF THE GOVERNOR'S COMMISSION ON HIGHER EDUCATION**

President Megran presented the following letter:

BLOOMINGTON, ILLINOIS  
July 18, 1955

PRESIDENT, BOARD OF TRUSTEES  
University of Illinois  
Urbana, Illinois

DEAR SIR:

I am Chairman of a sub-committee of the Higher Education Commission which is currently studying the problem of whether there should be some reorganization of the control of the publicly supported colleges and universities of this state. We would like to have information on the following items and would appreciate either any official expression of opinion which you or your Board of Trustees might wish to make, or any personal suggestions which you or your Board of Trustees might wish to make, or any personal suggestions which you or any member of the Board might wish to make.

The items to be covered include the following:

1. In your opinion, is it desirable to reorganize the control of the public colleges and universities of Illinois, and your reason, or reasons, for such opinion?
2. If your answer was "yes," then what form of control, or controls, would you deem best suited for the management and control of the institutions of the state, taking into consideration not only the welfare of the students and faculty, but also the desirability of maximum efficiency and economy in operation and any other factors which are pertinent?

Your comment upon the above, with any related comment you might care to make, will be greatly appreciated.

Sincerely yours,  
DAVID DAVIS  
*Senator, 26th District*

The consensus of the Board was that the answer to question 1 should be in the negative. President Morey suggested that there be added some explanation of the difficulties and problems in the present system of the organization of the control of institutions of higher education in Illinois. The President of the Board stated that he would submit a draft of the proposed reply to all of the Trustees for their approval before sending it.

**BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The Board considered the following reports and recommendations from the President of the University.

**RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE**

(1) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. "Save-time cage" — August Kosowski, Senior Laboratory Mechanic in the Department of Zoology, inventor. This is a cage for housing laboratory animals and is superior to any known existing cage for this purpose. The Committee requested the University of Illinois Foundation to investigate this development and the Foundation's patent attorney has reported that in his opinion the commercial possibilities are so limited that the University would not be justified in spending

money on developing a patent. The Patent Committee concurs and recommends that the University's right be released to the inventor.

2. Plane micrometer—C. E. Smith, Jr., former Research Assistant in the Department of Physiology, inventor. This is a device for the visual measurement of distance between two points on film or paper records. It is the opinion of the Department of Physiology that there is little commercial value in this invention. The Patent Committee concurs and recommends that the University's rights be released to the inventor.

3. V-plate antenna design—Douglas E. Royal, Research Associate in Electrical Engineering, inventor. This is a new type of antenna which has the possibility of being useful as a television receiving antenna. At its meeting on February 18, 1954, the Board of Trustees deferred action on a recommendation from the Patent Committee that the rights to this invention be released to the inventor and requested that the Committee give it further consideration. On May 15, 1954, the Board approved the Committee's recommendation that the invention be referred to the University of Illinois Foundation with the request that patent attorneys and representatives of industry study the invention to ascertain its commercial possibilities. The conclusions reached in this study are illustrated in the following excerpts from a letter of March 31, 1955, from Mr. R. M. Soria, Director of Engineering of the American Phenolic Corporation:

"It is our conclusion that the subject antenna exhibits gain characteristics that are inferior to commercially available UHF antennas. . . . In addition, the subject antenna is only usable at UHF television frequencies, whereas the Stacked 'V' Antenna services both the VHF and television bands. From a cost standpoint, it is felt that the subject antenna will be more expensive to build, although the design may have some novel attraction. In view of our findings, detailed in the report and summarized above, we feel the antenna does not lend itself to commercial applications."

These conclusions were supported by a detailed report. Accordingly, the Patent Committee renews its recommendation that this invention be released to the inventor.

4. A selective transistor amplifier circuit—Thomas A. Murrell, Associate Professor of Electrical Engineering, and Oleg Golubjatnikov, former Research Assistant in the Department of Electrical Engineering, inventors. The purpose of this device is to provide amplification of a narrow band of frequencies. The band width of the amplifier may be adjusted. The circuit is particularly useful for radio frequencies where high selectivity is usually desired. The Patent Committee referred this invention to the University of Illinois Foundation for investigation as to its commercial possibilities. The Foundation has been unable to find any corporation which is interested in the invention. A number of corporations have referred it to their attorneys who have expressed doubt that the invention is novel. Under the circumstances, the Patent Committee recommends the release of this development to the inventors.

5. Rate reader—Allan G. Friederich, Assistant Professor of General Engineering, inventor. This is a mechanical device for plotting a specific point on a curve, employing the geometrical principles of the pantograph—a quadrilateral with opposite sides parallel and, therefore, equal. The Patent Committee requested the University of Illinois Foundation to investigate this invention and the Foundation reports it found no interest in commercial development of the device. The firm of Keuffel and Esser is developing a similar instrument and both that Company and the Foundation's patent attorneys feel that the Friederich device is more complicated than the one developed by Keuffel and Esser and, therefore, would not be competitive commercially. Accordingly, the Patent Committee recommends that the University's rights be released to the inventor.

I concur in these recommendations.

On motion of Mr. Bissell, these recommendations were approved.

#### WITHDRAWAL OF BID OF GALLAHER AND SPECK, INC., ON HEATING AND REFRIGERATION INSTALLATIONS IN HOME ECONOMICS BUILDING

(2) Gallaher and Speck, Inc., Chicago, submitted the lowest bid of \$172,531 on the heating and refrigeration installations in the construction of the Home Economics Building and with it a certified check for \$5,176, drawn on the Continental

Illinois National Bank and Trust Company, Chicago, in accordance with bidding requirements. The bid proposal included a statement that the deposit would become the property of the University and constitute the measure of its liquidated damages "if, for any reason" Gallaher and Speck, Inc., withdrew its bid "after the opening of bids and prior to the time a formal written Agreement evidencing the Contract" had been signed and delivered, and a satisfactory performance bond furnished.

Subsequent to opening of bids on September 21, 1954, Gallaher and Speck, Inc., reported that a substantial error had been made in estimating the work and for that reason was withdrawing the bid. The contract was awarded by the Board of Trustees on September 29, 1954, to the second lowest bidder, Robert Gordon, Inc., Chicago, for \$197,792.

A University representative requested an explanation of the error in the computation of Gallaher and Speck's bid and called at the contractor's office, without advance notice, to examine the working papers which might have substantiated the claim of error. The computation sheet which Gallaher and Speck alleged existed but had been inadvertently forgotten or overlooked when totals of the work sheets were added in preparing the bid could not be located. Subsequently, Gallaher and Speck sent the University what purport to be copies of each of the work sheets, including the one which could not be located when the University representative called at their office. Comparison of these sheets by the architects and the Physical Plant Department with specifications has raised a doubt about the validity of Gallaher and Speck's claim that a substantial and inadvertent mistake was made in preparing the bid. The contractor was informed that the Physical Plant Department would recommend that the University retain the deposit. Subsequently, a letter was received from the Continental Illinois National Bank and Trust Company that upon instructions of Gallaher and Speck, Inc., the Bank was stopping payment on the certified check.

The Legal Counsel has made a careful study of the law relating to stopping payment on certified checks and has consulted the Bank's attorney. There appears to be little judicial authority on this particular question. The University's Counsel and the Bank's attorney have been unable to find any reported Illinois court decision which deals with the question.

The Bank has taken the position that it can not risk paying the check without permission of the drawer because of the lack of Illinois authority and because of some decisions outside of Illinois and the views of legal writers on this point. The drawer has agreed to indemnify the Bank for any loss it may sustain by withholding payment of the check. However, the Bank has assured the University's Legal Counsel that it will not allow any action the University takes to recover the funds represented by the check to affect its relations with the University.

The Director of the Physical Plant, the Comptroller, and the Legal Counsel recommend that:

1. The Board of Trustees declare the Gallaher and Speck, Inc., bid deposit forfeited and authorize the Comptroller to deposit the check and attempt to secure payment.
2. If payment on the check is refused, the Board of Trustees authorize legal proceedings against the Continental Illinois National Bank and Trust Company to secure payment.
3. The Board of Trustees authorize employment of special counsel to assist in these proceedings.

In view of the public relations involved in this situation, I am submitting this report and these recommendations for consideration by the Board as a Committee of the Whole.

On motion of Mr. Bissell, recommendations 1, 2, and 3 were approved. Mr. Johnston asked to be recorded as voting "no."

On motion of Mrs. Watkins, the employment of Chapman and Cutler, Chicago, as special counsel to institute the necessary legal proceedings to secure payment of the bid deposit made by Gallaher and Speck, Inc., was authorized and the Executive Committee was authorized to act on any future decisions required of the Board in this matter.

especially in determining the extent to which attempts to recover payment should be carried in the light of the costs involved.

#### COMMUNICATION FROM JOHN A. APPLEMAN

President Megran presented correspondence with Mr. John A. Appleman, Attorney, Urbana, concerning his complaint that the University is not removing and destroying diseased trees in the Brownfield Woods and University Woods north and east of Urbana. Mr. Appleman lives in this vicinity, and he alleges that trees in the University's woods are the probable source of infestation of trees on his property which have been afflicted with the prevalent Dutch elm disease.

The Brownfield and University Woods were purchased by the University many years ago as natural, virgin or near virgin woodland preserves for the educational and research programs of the biological departments. To serve the scientific purposes for which they were acquired, it is necessary to leave these areas in their natural state. Removal of the diseased trees would destroy the value to the University of these areas and the cost of such a removal program would be prohibitive. There are grave doubts in the minds of the University's biologists that the diseased trees in the University's woodland areas could be the source of infestation of Mr. Appleman's trees because of the distance of his property from these areas.

Mr. Appleman also suggested that he may have a claim against the University for alleged damages to his trees.

No action was taken on Mr. Appleman's complaint but it was the consensus of the Board that such further correspondence as is required should be carried on by the Secretary of the Board and the Legal Counsel.

This is a prefabricated house constructed in 1946. The University investment includes the original cost plus subsequent improvements. The sale price was determined by an independent appraisal by a real estate expert.

#### **CERTIFIED PUBLIC ACCOUNTANT CERTIFICATE REVOCATION**

(11) The University's Committee on Accountancy recommends that Illinois Certified Public Accountant Certificate No. 2066, issued by the Board of Trustees of the University of Illinois on September 30, 1943, under Section 4(a) (2) of the Illinois Accountancy Act, to Spencer Dixon Lorton, formerly of Cowden, Illinois, be revoked on the ground that he has been convicted of falsifying income tax returns for clients. He was fined and sentenced by the United States District Court to three years imprisonment. He appealed, but his appeal was dismissed by the United States Court of Appeals. His bondsman has failed to produce him for commitment, and his bond has been forfeited.

Section 20 of the Illinois Accountancy Law provides that the Department of Registration and Education may suspend or cancel the registration as a Public Accountant for any one of various reasons including conviction of any crime, an essential element of which is dishonesty or fraud.

Section 22 of this law provides that "After the completion of proceedings which result in the nonregistration of an applicant or the revocation, suspension or cancellation of the registration of a person for cause or causes listed in Section 20, the Department shall notify the University. Thereupon, without further proceedings, the University shall revoke the certificate as a certified public accountant, if any has been issued by it, to said applicant or person."

The University has received official notice from the Director of the Department of Registration and Education that Public Accountant Certificate No. 1941, issued to Spencer Dixon Lorton, was revoked as of May 26, 1955.

Accordingly, I recommend that the Illinois C.P.A. Certificate issued be revoked and that the Secretary of the Board be instructed to send official notice of this revocation to Spencer Dixon Lorton at the last known address.

On motion of Mr. Johnston, this certificate was revoked and the Secretary of the Board was authorized to send official notices to all parties concerned.

#### **REVISION OF AGREEMENT WITH FARM AND HOME BUREAUS**

(12) Since 1914 the University has been receiving funds under federal acts for support of cooperative extension work in agriculture and home economics. The provisions of these acts require that an amount at least equal to the federal grants be supplied from sources within the state. For the year 1954-55 the work in Illinois is being financed approximately as follows: (a) funds from federal sources, \$1,175,000; (b) funds from state sources (University of Illinois appropriations), \$886,000; (c) funds from county governments, \$20,000; (d) funds from farm and home bureaus, \$1,250,000.

The relationships between the University's Extension Service in Agriculture and Home Economics and organizations in Illinois is on a county basis and is covered by a "Memorandum of Understanding." This is not prescribed by law but is entered into voluntarily on a yearly basis.

On November 24, 1954, the Secretary of Agriculture issued United States Department of Agriculture Memorandum 1368 which restricts the extent of cooperative relationship with farm bureaus previously in force under the University's existing memorandum of understanding. During the intervening months there has been much discussion of possible ways and means to meet the requirements of the Secretary's memorandum and still preserve both the federal and state relationships that have produced such good results in the past. A plan for at least temporarily meeting the situation is proposed by Dean and Director Louis B. Howard and Associate Director of Extension William G. Kammlade in the form of a revised "Memorandum of Understanding." The new provisions of the memo-

random have to do primarily with (a) payment to the University of salary funds for farm advisers previously paid directly by farm bureaus to these employees and (b) new provisions relating to funds for facilities, materials, and transportation provided by the farm bureaus.

The Department of Agriculture has indicated it would accept such a plan as an interim arrangement until such time as a more permanent one can be effected. It may be impossible to meet fully the conditions of the U.S.D.A. without increasing the state appropriations for agricultural extension work which, of course, can not be done before the 1957-59 biennium and should be considered in relation to the budget for that biennium.

The proposed new "Memorandum of Understanding" is on an individual basis with each county farm and home bureau. It is not certain that all will accept, but it appears likely that many, if not all, will do so. Approval of the memorandum is requested so that negotiations with the farm bureaus can proceed, to be effective as of September 1, 1955, and thus provide funds which can be used for a portion of the farm advisers' salaries in a manner which will meet the requirements of the U.S.D.A.

The form has been approved by the Legal Counsel and the Comptroller. Since it is uniform for all counties, except as to amount, it is proposed that the Director of the Extension Service be given authority to execute individual contracts for the Board.

I concur in these recommendations and request approval and authority to proceed accordingly.

On motion of Mr. Herrick, these recommendations were approved and the Director of the Extension Service in Agriculture and Home Economics was authorized to execute individual contracts in the name of the Board of Trustees. A copy of the revised "Memorandum of Understanding" has been filed with the Secretary of the Board for record.

#### **PURCHASE OF PROPERTY AT 503 SOUTH WRIGHT STREET, CHAMPAIGN**

(13) The Director of the Physical Plant and the Comptroller recommend the purchase of the property at 503 South Wright Street, Champaign, which is the only remaining property not now owned by the University in the block bounded by Springfield Avenue on the north, Wright Street on the east, Healey Street on the south, and Sixth Street on the west. The entire block will be needed for future expansion of the campus. Permanent buildings now in this area are the Vivarium, Water Resources Building, and the Firemen's Training Tower.

The property at 503 South Wright Street consists of a lot 66 feet by 99 feet and a two-story frame house with attached garage. There are six apartments in the house—one in the basement, two on the first floor, and three on the second floor.

It is proposed to use this house for additional office space for the research staff of the Department of Civil Engineering. The Department now has office space in the adjoining house at 501 South Wright Street, but this is not adequate for good working conditions. If the property at 503 South Wright Street is purchased, the house should be repaired and completely rewired. It will then be usable for several years to come as plans for the construction of buildings in this block do not contemplate immediate need for this particular lot.

The property can be purchased for \$25,300 or \$3.87 per square foot. This is higher than the appraised price of \$22,500, but the property is presently producing a gross income of \$300 a month, and the owner is unwilling to sell for less. His previous asking price was \$26,000.

The cost of repairs and rewiring is estimated at \$6,000 so that the total cost of acquiring this property and making it usable for University purposes is \$31,300.

I recommend that this property be acquired, that an appropriation of \$31,300 be made from the General Reserve Fund for its purchase and repairs, and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Bissell, the purchase of this property at the price recommended was authorized and an appropriation of \$31,300 was

made from the General Reserve Fund by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**PURCHASE OF PROPERTY AT 710 SOUTH SIXTH STREET,  
CHAMPAIGN**

(14) The unimproved property at 710 South Sixth Street, Champaign, at the rear of the University's Arcade Building, has been offered to the University at a price of \$10,250. This is an area 67 feet wide, 64.25 feet deep, a total of 4,310 square feet, which makes the price a unit cost of \$2.38 per square foot.

The University's Arcade Building adjoins this land on the north and east. While the asking price is somewhat high for the rear end of a property, as measured by usual standards, the property is well worth \$2.38 per square foot, in view of University needs. The owner has agreed to grant a suitable easement from his driveway to provide access to this area from the west. Eventually, the land will be needed for expansion of the Arcade Building, when it is reconstructed, and in the meantime will provide parking spaces for fourteen cars in an area where additional parking facilities are greatly needed.

The Director of the Physical Plant and the Comptroller recommend purchase of this property at a price of \$10,250 on condition that the broker's commission will be paid by the seller and that there be the usual proration of taxes and incidental expenses.

I concur and recommend that an appropriation of \$10,250 be made from the General Reserve Fund for this purchase.

On motion of Mr. Johnston, the purchase of this property at the price and under the conditions recommended was authorized, and an appropriation of \$10,250 was made from the General Reserve Fund by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**APPROPRIATIONS FOR BUILDINGS AND OTHER  
PERMANENT IMPROVEMENTS**

(15) The Sixty-ninth General Assembly of Illinois has appropriated funds for the following buildings and permanent improvements:

*In Senate Bill 527*

"For construction of a Biology Building and related field laboratories, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work.....	\$3 600 000
"For addition to the heating plant, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work.....	1 680 000
"For construction of a Band Building, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work.....	787 000
"For remodeling of an addition to Altgeld Hall, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work.....	368 000
"For an addition to the East Dentistry-Medicine-Pharmacy Building, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work.....	985 000
"For rehabilitation and remodeling of and minor additions to existing buildings at Urbana-Champaign and at the Chicago Professional Colleges, with fixed equipment installed, including plans and speci-	

fications, and all other necessary costs and charges incident to the completion of the work.....	\$ 680 000
"For equipment at Urbana-Champaign and Chicago.....	275 000
"For contingencies to cover expenditures for purposes for which the amount specified in any of the above items enumerated is, or becomes, insufficient .....	440 000"
<i>Total</i> .....	\$8 815 000

This Act also reappropriates \$3,610,000, or so much thereof as may be unexpended in balances in appropriations made for the biennium 1953-55, for construction of buildings and other permanent improvements which will not be completed before the original appropriations would otherwise lapse.

*In House Bill 884*

"For studies and preliminary plans for a Plant Sciences Building.....\$ 40 000"

I recommend that these funds be appropriated for the purposes indicated. Recommendations for awards of contracts and for other expenditures from these appropriations will be submitted to the Board in accordance with the usual procedure.

On motion of Mr. Livingston, these funds were appropriated, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**APPROPRIATION FOR CHICAGO HOUSING REVENUE  
BOND ISSUE DEBT SERVICE**

(16) The University of Illinois has constructed at the Chicago Professional Colleges a student residence hall, a staff apartment building, and has remodeled certain other housing facilities and the second unit of the Dentistry-Medicine-Pharmacy Building at a total cost of \$4,600,000. The entire program was financed through the issuance of revenue bonds to be retired by the net operating income of the housing projects plus a laboratory fee charged students at the Chicago Professional Colleges.

These sources of funds were inadequate to meet the debt service requirements in 1954-55 by \$51,000 and it is estimated that the income in 1955-56 will be deficient by \$36,000. The deficiency is due mainly to (a) inability to fill the residence halls to capacity and (b) inability to realize the additional fee income which was anticipated from the increase in enrollment. It is anticipated that the residence halls will be filled in 1955-56, but the fee income will still be less than the amount required for the debt service.

The Board of Trustees covenanted that it would charge a fee adequate to pay the costs of operation and maintenance and debt service. Since the rental charges are as high as, or higher than, any rates now in effect or likely to be in effect during the next year at other Chicago institutions, it is not practical to seek additional funds from this source.

By the year 1959-60 enrollment increases will have materialized so that the operation will be on a self-supporting basis. Until that time, funds to meet deficiencies should be appropriated by the Board.

It is therefore recommended that the Board appropriate from general funds an amount to offset the deficiency in the income from student fees for the years 1954-55 and 1955-56. The remainder of the deficit in 1954-55 can be met from accumulated funds in the housing operation. The appropriation required for this purpose for the years 1954-55 and 1955-56 is \$77,000.

I recommend that this appropriation be made from the General Reserve Fund.

Mrs. Watkins, Chairman of the Committee on the Chicago Departments, reported that her Committee supports this recommendation and moved its adoption. The recommendation was approved and an appropriation of \$77,000 was made from the General Reserve Fund by the

following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**APPROPRIATION FOR REMODELING OF QUARTERS FOR  
DEPARTMENT OF BACTERIOLOGY**

(17) The Department of Bacteriology needs space for research in virus tissue culture. The Department of Chemistry and Chemical Engineering has agreed to release a room in Noyes Laboratory, presently used only for storage because of lack of ventilation, and to exchange another room. The Department of Bacteriology requests an appropriation of \$3,100 for the necessary remodeling and installations.

The request has been reviewed by the Committee on Nonrecurring Appropriations which recommends approval.

I recommend that this appropriation be made from the General Reserve Fund.

On motion of Mr. Livingston, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**LEASES OF SPRINGFIELD AND PEORIA OFFICES OF THE  
DIVISION OF SERVICES FOR CRIPPLED CHILDREN**

(18) The Director of the Division of Services for Crippled Children and the Comptroller recommend renewal of leases for office quarters occupied by the Division as follows:

Springfield—Offices at 1105 South Sixth Street, Mr. and Mrs. Jacob E. Reisch, owners, at a rental of \$500 a month (total, \$12,000) for two years from July 1, 1955.

Peoria—Offices in the Central National Bank Building, Central National Bank and Trust Company, owner, at a rental of \$270 a month (total, \$6,480) for two years from July 1, 1955.

The terms of the new leases are the same as those in effect during the past biennium. The Division has funds in its budget for payment of the rentals.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute these leases.

On motion of Mr. Swain, these recommendations were approved, and the Comptroller and the Secretary of the Board were authorized to execute the leases.

**CONTRACT WITH OZARK AIR LINES FOR USE OF  
UNIVERSITY OF ILLINOIS AIRPORT**

(19) The Director of the Institute of Aviation and the Comptroller recommend the extension of the contract with Ozark Air Lines for the use of the University Airport for two years beginning July 1, 1955. It is recommended that the contract be extended on the present basis except that the charge for line service be increased from \$295 to \$335 a month due to an increase in labor costs to become effective July 1, 1955. Ozark has agreed to this change.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract on this basis.

On motion of Mr. Livingston, the Comptroller and the Secretary of the Board were authorized to execute an extension of the contract as recommended above.

**CONTRACT FOR INSTALLATION OF FUMEHOODS IN  
DENTISTRY-MEDICINE-PHARMACY BUILDING**

(20) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$21,990 to Reliable Sheet Metal Works, Inc., Chicago, the lowest bidder, for the installation of fumehoods in all of the laboratories of the first and second units of the Dentistry-Medicine-Pharmacy Building. The work will consist of installing new fumehoods, ducts, plus the necessary mechanical

and electrical services, and is part of the general remodeling program related to the activation of the Research and Educational Hospitals Addition and the East Dentistry-Medicine-Pharmacy Building.

Funds are available in a special appropriation made by the Board of Trustees on May 15, 1954, and in the 1951 Revenue Bond Construction Account for this remodeling program.

I concur.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### CONTRACTS FOR CONSTRUCTION OF ADDITION TO ENGINEERING RESEARCH LABORATORY

(21) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for the construction of an addition on the roof of the Engineering Research Laboratory to provide additional facilities required by the Control Systems Laboratory in its research work for the United States government. This will consist of a penthouse with an area of approximately 1,500 square feet to house radar equipment and two towers to support a bridge on which will be mounted an antenna:

General — E. N. DeAtley, Champaign

Penthouse.....	\$34 665	
Tower.....	<u>3 500</u>	\$38 165 00
Electric — Brunkow Electric Company, Champaign.....		6 188 60
Plumbing and Heating — Schroeder and Sons, Champaign.....		2 854 00

The entire cost will be paid from federal funds to be provided under a supplement to the contract with the United States government for research in the Control Systems Laboratory, but the construction does not extend the University's commitment on this research work and the Laboratory beyond the period (November 30, 1957) previously agreed to by the University.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Bissell, these contracts were awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

#### CONTRACTS FOR COAL PURCHASES

(22) The Director of Purchases, the Comptroller, and the Director of the Physical Plant recommend award of the following contracts for 43,100 tons of coal screenings to be delivered to the Abbott Power Plant between the period September 1, 1955, through May 31, 1956:

	<i>f.o.b. Mine</i>	<i>Freight</i>	<i>Total Cost</i>
United Electric Coal Co., Chicago			
4,500 tons @ \$3.75.....	\$ 16 875	\$ 5 265	\$ 22 140
Bell & Zoller Coal Co., Terre Haute, Indiana			
10,000 tons @ \$4.00.....	40 000	11 088	51 088
Republic Coal & Coke Co., Peoria			
28,600 tons @ \$4.00.....	114 400	31 711	146 111

Sealed bids on uniform specifications were opened on June 10, 1955. Invitations were sent to twenty-two producers and sales agencies and advertisements were published in three daily papers.

The bids are evaluated in the terms of the number of British Thermal Units purchased for one cent based on guaranteed analysis. A continuous check is maintained to insure compliance with specifications. United Electric Coal Companies, Bell & Zoller Coal Company, and Republic Coal & Coke Company are the lowest bidders, the United Electric Coal Companies being slightly lower. The latter company bid only on 4,500 tons and Bell & Zoller Coal Company bid on only 10,000 tons, hence the order is being divided. It is also advantageous to have contracts with three sources of supply to be assured of delivery of coal at all times.

The prices quoted are based on present wage scales and are subject to increase or decrease in event that wage contracts now in effect are changed. Any such change will affect the price to the extent that production costs are increased or decreased by the new contracts. The University may cancel the purchase contract if it believes that any price adjustment is not justified.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute contracts as recommended, subject to the approval by the Governor as required by the state constitution.

On motion of Mr. Livingston, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the contracts.

#### HOSPITAL-MEDICAL-SURGICAL INSURANCE FOR STUDENTS AND STAFF

(23) Bids have been received for the student and staff hospital and medical insurance program for 1955-56 with the right reserved by the University to renew such insurance annually thereafter upon mutual agreement between the University and the insurance company.

The student program provides essentially the same benefits as in the second semester of 1954-55 except that the daily hospital room and board allowance is increased from \$10.00 to \$11.00, medical expense benefits are increased from \$3.00 to \$4.00 per visit with maximum of \$120.00, and physician's charges will be included for payment with hospital charges (combined maximum \$25.00) where emergency treatment is rendered within twenty-four hours of an accident. Staff benefits are expanded by increasing the daily hospital room and board allowance from \$7.50 to \$10.00, incidental hospital expense allowance from \$75.00 to \$100.00 per hospital admission, maternity allowance from \$65.00 to \$85.00, miscellaneous outpatient expense from \$10.00 to \$25.00 with physician's charges also payable, and adding a catastrophe provision paying up to \$5,000 on an 80 per cent basis of total claim above 150 per cent of base plan payment. All changes were made to adjust the present program to needs as indicated by experience and staff insurance changes are recommended by the Advisory Committee on Staff Insurance.

Bids were also received as an alternate on the present benefits under the student plan, but they are not recommended for consideration because increased benefits outlined above can be obtained at a lower premium cost. Alternate bids were also received on the staff plan outlined above except that the catastrophe coverage was not included, but they are not recommended by the Advisory Committee on Staff Insurance.

I concur in the recommendation for the award of this contract.

Bids received are summarized as follows:

<i>Agent</i>	<i>Company</i>	<i>Estimated Annual Premiums</i>				
		<i>Student</i>	<i>Staff</i>		<i>Total</i>	
1. G. B. Franks, Champaign	Continental Casualty Co.	\$250 319 90	\$122 990 00		\$373 309 90	
2. Wheeler & Hackett, Chicago	Bankers Life & Casualty Co.	251 487 80	138 516 09		390 003 89	
3. C. A. Atwood, Urbana	American Casualty Co., Reading, Pa.	249 541 30	278 710 49		528 251 79	
4. E. J. Michna, Chicago	Bankers Life & Casualty Co.	383 849 80	236 797 83		620 647 63 <sup>1</sup>	
5. C. A. Atwood, Urbana	Occidental Life of California	537 623 30	371 127 65		908 750 95	

The foregoing estimated annual premiums are based upon present student and staff participation (involving 100 per cent of the students and approximately 40 per cent of the faculty-staff) and the following rate quotations by the companies in the order as listed above.

<sup>1</sup> This combined bid is on the basis of the Company retaining 15 per cent of the total premium paid and returning 85 per cent to the insured in the form of claim payments and bonus. It was indicated in the bid that primary consideration would be given to the lowest gross bid, since loss experience is unpredictable.

<i>Student</i>	<i>Present</i>	<i>Rate Bids in Order of Agents Above</i>				
	<i>Rate</i>	<i>1</i>	<i>2</i>	<i>3</i>	<i>4</i>	<i>5</i>

Family.....	60 14	64 50	74 92	152 23	137 56	210 60

The lowest overall cost to the University would result from awarding of a contract to the Continental Casualty Company represented by George B. Franks of Champaign, present carrier and agent respectively of the two plans, rather than awarding separate contracts for the student and staff plans since Continental Casualty Company will not accept a contract for the staff insurance alone.

It is apparent that most companies are in a better position to bid on the total program rather than on the two plans separately and that accepting the company offering the lowest total cost for the two plans represents the best buy for the University.

It is recommended that a contract for both the student and staff coverage be awarded to Continental Casualty Company represented by George B. Franks, Champaign, lowest bidder for both programs at \$373,309.90, as per Board policy C, 3 on insurance, and that charges to students and staff for this insurance be for the following amounts (present rates are shown in parenthesis):

<i>Students</i>	<i>Per Semester</i>		<i>Per Year</i>	
Student only.....	\$7 00	(\$ 7 00)	\$21 00	(\$21 00)
Student and family.....	19 00	( 19 00)	57 00	( 57 00)
<i>Faculty-Staff</i>				
	<i>Monthly</i>	<i>Quarterly</i>	<i>Semi-Annual</i>	<i>Annual</i>
Employee only.....	\$2 75	\$ 7 75	\$15 25	\$30 25 (\$25 00)
Employee and one dependent...	5 00	14 50	28 75	57 25 ( 50 00)
Employee and two or more dependents.....	5 75	16 75	33 25	66 25 ( 62 00)

On the basis of these rates, the plans will operate on a self-sustaining basis. The excess over the cost of the coverage would be used by the University to defray the administrative costs of the two programs.

On motion of Mr. Livingston, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the contract.

#### APPLICATION TO FORD FOUNDATION FOR GRANT OF FUNDS FOR RESEARCH PROJECT OF DEPARTMENT OF SOCIOLOGY AND ANTHROPOLOGY

(25) The Department of Sociology and Anthropology has submitted an application to the Ford Foundation for a grant of \$225,000 for "A Project for Research on Cross-Cultural Regularities of Change among Native Populations" covering a three-year period.

The objective is to determine the comparative effects of "westernization" on different groups of peoples in underdeveloped areas. The research would involve field trips to Mexico, Peru, West Africa, British East Africa, Uganda, Tanganyika, and Java or Sumatra. Most of the personnel for the field research would be recruited from outside the University. For some time, the Department has been doing research on "cross-cultural regularities" which has produced the necessary background information, a research design, and a set of experimental models for a larger project. These findings serve as a basis for an application to the Ford Foundation. The research has produced highly significant theoretical and methodological developments which are valuable in themselves, but should be tested and verified by actual field investigation. Outside financial support is needed in view of the costs involved. Included in the \$225,000 proposal to the Ford Foundation would be a provision for an allowance for indirect costs comparable to provisions of this kind in other grants.

The University would assume no commitments other than a continuation of support of the Department's research in this field for which funds have already been budgeted and to provide space for the analytical phase of the project. The proposal has been submitted to the Ford Foundation after receiving approval of the Dean of the College of Liberal Arts and Sciences, the Chairman of the University Research Board, and the Dean of the Graduate College.

Authorization is requested to accept this grant if the Ford Foundation acts favorably upon this proposal.

On motion of Mrs. Holt, acceptance of this grant was authorized.

Dr. Yale is a member of the faculty but has been on leave of absence without pay for active service in the United States Navy. It is further recommended that he be continued on leave of absence without pay from September 1, 1955, to January 31, 1956, but that his appointment as Head become effective at the beginning of the next academic year. The Headship of the Department of Radiology in the College of Dentistry is now vacant.

This nomination is made after consultation with the members of the Department of professorial rank and the Executive Committee of the College and is concurred in by the Provost. The appointment is to replace Professor William P. Hayes who will retire from active service at the end of the current academic year.

I recommend approval.

On motion of Mr. Herrick, this appointment was approved.

**STATE LEGISLATION AFFECTING THE UNIVERSITY OF ILLINOIS**

(30) There is presented for the information of the Board a list of all Acts of the Sixty-ninth General Assembly of Illinois in its regular session of 1955 directly affecting the University, including the appropriations to the University, and a copy is hereby given to the Secretary of the Board for record.

This report was received for record.

**AFFIDAVIT REQUIRED OF UNIVERSITY STAFF BY STATE LAW**

(31) An Act of the Sixty-ninth General Assembly of Illinois, approved by the Governor on July 18, 1955, amends the State Finance Act to include the following requirement which is applicable to the University of Illinois and to all members of its staff, including faculty, nonacademic personnel, and student employees:

"Section 30b. No employee of the State of Illinois, or any political subdivision, agency or instrumentality thereof, but excluding cities, villages, incorporated towns, townships and counties, shall receive compensation or expenses from any appropriation which has been heretofore made, or which shall hereafter be made until such person has on file with his or her employing authority the following affidavit signed under oath:

"United States of America } ss.  
State of Illinois }

"I, \_\_\_\_\_, do swear (or affirm) that I am not a member of nor affiliated with the communist party and that I am not knowingly a member of nor knowingly affiliated with any organization which advocates the overthrow or destruction of the Constitutional form of government of the United States or of the State of Illinois, by force, violence or other unlawful means.

(Signed) \_\_\_\_\_

(Seal)

Notary Public"

Since 1941, by authority and direction of the Board of Trustees, the University has required all members of its staff and other employees to execute the following affirmative oath of allegiance:

**AFFIDAVIT**

I, \_\_\_\_\_, do solemnly swear (or affirm) that I believe in and pledge my allegiance to the Constitution of the United States and the system of free representative government founded thereon; that I do not nor will I advocate the overthrow of the Government of the United States by force or violence; and that I am not a member of nor will I join any political party or organization that advocates the overthrow of the Government of the United States by force or violence.

(Signature of employee)

Subscribed and sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, A.D., 19\_\_\_\_, at \_\_\_\_\_,

(City or place) (State)

(Notarial)  
( Seal )

Notary Public

Obviously the affidavit required by law takes precedence over that required by the University, and I recommend that the Board adopt the former as a general University requirement and as a replacement for the present University affidavit. By law this is effective July 18, 1955, as to all employees paid from state appropriations, and it is recommended that it become effective as to all other employees for services rendered after September 1, 1955.

On motion of Mrs. Holt, this recommendation was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

## LOCATION OF UNIVERSITY HEALTH CENTER

Mrs. Holt, for the Committee on Student Welfare and Activities, submitted the following report from the President of the University.

Honorable Doris Holt	} July 15, 1955
Honorable Wayne A. Johnston	
Honorable Frances B. Watkins	

Committee on  
Student Welfare and Activities

## LOCATION OF UNIVERSITY HEALTH CENTER

On July 25, 1953, President Stoddard submitted to the Board of Trustees, with his endorsement, a proposal from Director of Health Services L. M. Dyke to move the University Health Center from its present location in Davenport House on South Wright Street (opposite the Administration Building) to McKinley Hospital. The reasons for this proposal are rather well set forth in a summary of "Advantages and Disadvantages" prepared by Dr. Dyke at my later request and enclosed (Enclosure A).

Considerable objection was aroused by this proposal when it was presented, and with the concurrence of the President the matter was referred by the Board to your Committee and I later undertook to carry out further studies in order to arrive at a firm recommendation which would be of assistance to the Committee.

Progress toward reaching a definite conclusion on the matter has been much slower than I had anticipated or desired. The reorganization of the Health Service, which resulted in the appointment of Director Dyke, was based upon an intensive study by a special committee headed by Professor N. A. Parker and including Dean F. H. Turner, Assistant Provost C. M. Louttit, and Professors R. E. Johnson and H. S. Hoyman, whose report was submitted December 15, 1950. The report emphasized the inadequacy of the facilities of the present Health Center and recommended a new building for it (without suggesting location). It recommended that McKinley Hospital be brought under the administration of the Director of the Health Services (instead of being, as before, responsible to the Dean of Students) which has been done. The committee also recommended the gradual development of McKinley Hospital into a general hospital.

This committee also recommended a standing advisory committee on the Health Service. Early in the fall of 1953, I established such a committee with Dean F. H. Turner as Chairman. One of the questions assigned to it was the proposal to move the Health Center to McKinley Hospital. This committee was unable to function satisfactorily in relation to the problems placed before it, and in April, 1954, I found it necessary to terminate the committee and establish a new one, with Professor R. E. Johnson as Chairman. That committee made a report to me in February, 1955, copy of which I enclose (Enclosure B). The committee reported favorably on the proposed change, provided, however, that for student convenience a branch infirmary be retained at or near the present location. It also advised against expansion of McKinley Hospital into a general hospital until it could be enlarged and major improvements made. The proposed location of the Health Center in McKinley Hospital would be considered temporary since the committee recommended as a long-range need a new addition or adjacent building for the Health Center.

Among the people who are especially interested in the work of the Health Center and McKinley Hospital are the practicing physicians in Urbana-Champaign. The Champaign County Medical Society has a standing Committee on University of Illinois Relations. Consequently, I referred the report of the advisory committee to that committee for review and comment. I enclose a copy of the report dated April 14, 1955 (Enclosure C). It expressed concurrence with the idea of bringing the Health Center and McKinley Hospital together but raised questions on the grounds of (a) student convenience, (b) need of hospital space, and (c) policy of care of patients and access to hospital by local physicians.

Because of the great interest of the student body in this matter, I also (somewhat belatedly) referred the question to the Student Senate for comment and advice. This body, based on a study by a special committee, reported ad-

versely to the proposal on the grounds of (a) less convenient location for service to students and (b) removal of hospital space from availability when the University is growing and local hospitals are crowded (extract enclosed) (Enclosure D).

The problem has also been studied by the *Daily Illini* which editorially expressed favor with the move subject to certain conditions (copy attached) (Enclosure E).

The Dean of Students and his associates have been strongly opposed to the change although admitting that the move would provide better physical facilities for the Health Service. The principal reasons are (a) greater inconvenience for students and (b) reduction of total amount of hospital facilities.

I also referred the advisory committee report to the chairman of the former committee, Professor N. A. Parker. I enclose a copy of his comments which are favorable to the change and which he summarizes as follows:

"a) I concur in the four recommendations except that I am not convinced that we need to set up dispensaries.

"b) I believe that the off-center location of McKinley Hospital is no great disadvantage and may even be an advantage." (Enclosure F)

I also referred the problem to the Building Program Committee for consideration from the standpoint of the best use of space and the greatest advantage to the University as a whole. This committee has not yet reported.

The Physical Plant Department was asked to estimate the cost of the move. The total cost is estimated at \$33,100, which includes:

- |                                      |         |
|--------------------------------------|---------|
| (a) A new drive and parking lot..... | \$9 800 |
| (b) A new system of air supply.....  | 4 500   |

thus leaving the actual cost of relocating the Health Center at \$18,800. This is for fundamental needs only, having in mind that the arrangement is intended to be temporary. It makes no allowance for adaptation of present quarters to new uses. The drive and parking space could be eliminated or reduced, and the improvement of the air supply is needed chiefly because of the resulting removal of a research laboratory from the third floor to the basement and only indirectly results from moving the Health Center.

A composite of these various opinions may be stated about as follows:

- (1) All concerned recognize the operational advantage of bringing the two activities adjacent to each other since they are under the same administration (which was not true in former years) and complement each other to a considerable degree.
- (2) Such a move would result in use of space now standing idle most of the time and would release space which could promptly be put to many other good uses.

The objections to the move are primarily:

- (1) Less convenience to a majority (though not all) of the student body in the accessibility of the Health Center
- (2) Removal of hospital facilities from availability in case of need, especially that which might result from an epidemic
- (3) Are the advantages sufficient to offset the cost involved?

The advisory committee had coupled its recommendation with the proposal that a branch infirmary be retained at or near the present location. That is not looked upon with favor by Dr. Dyke, and I do not consider it a practical arrangement. To do this would defeat one of the principal objectives of the change, the unification of the services. It would also prevent use of space for other purposes.

On the matter of convenience, students are the only ones who would be affected since staff members would probably find the new location even more convenient than the present one. Students must now go to McKinley at times other than between 8 and 5 on week days and 8 and 12 on Saturdays. It appears likely that students could adjust themselves rather rapidly to the change. I held a conference with the student committee, and the student leaders agreed to give the matter further consideration in an effort to develop a better conception on the part of the student body of the problems involved and the reasons for the change.

The question of taking hospital facilities out of use is one to give cause for concern. However, over a period of several years the average occupancy of the hospital has been only about 20 per cent of the number of beds which would be available if the change were made. (The entire capacity is 153 beds, but during the past three years one complete floor has stood unused at all times, thus giving a working capacity of 106, which would be the same for the future. This maximum was reached only once in four years for a short period in 1952-53.) As to reserve for an epidemic, an additional 50 beds would be of little avail under such circumstances, and emergency facilities of large scope would have to be commandeered, and we would be in a position to do that promptly.

The question as to availability of funds in relation to other needs of the University would still have to be considered by the Committee on Nonrecurring Appropriations and evaluated accordingly. However, the cost appears moderate in relation to the gain.

I do not give high credence to the anxiety of the Medical Society Committee over the policy of the Health Service relating to the local doctors. Our concern must first be the welfare and service of students, but I believe the policy of the Health Service has been liberal toward local practitioners and there is nothing to indicate that such a policy will not continue or that it will be unduly jeopardized or handicapped by bringing these two services together.

It is my own judgment that the advantages of this move definitely outweigh the disadvantages and that the objections raised are only partially valid. Nevertheless, in view of the questions raised, particularly those by the student representatives, I favor giving more time to the consideration of the problem since I believe such a move should be made only after all factors are cleared and as near as possible full concurrence secured by all who are affected. Therefore, while expressing to you my opinion that the proposed move is justified and desirable I favor postponement of final action for further study and clarification of some of the problems still unresolved.

Cordially yours,

LLOYD MOREY  
*President*

On motion of Mrs. Holt, this report was accepted for record, and action on the proposed relocation of the University Health Service was postponed.

## APPENDIX

## THE UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1955-56

(Approved by the Board of Trustees July 20, 1955, page 442)

## EXPLANATORY NOTES

This budget consists of three volumes:

- I. Summaries of all divisions; Urbana-Champaign divisions and General University Administration—Academic and Administrative Salaries, Wages, Expense and Equipment.
- II. Chicago Professional Colleges, Division of Services for Crippled Children, and Chicago Undergraduate Division—Academic and Administrative Salaries, Wages, Expense and Equipment.
- III. Nonacademic Salaries, all divisions.

Appropriations for Salaries are available for the term indicated in each case but not for more than one year from September 1, 1955.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position. Student employees may not be charged directly against salaries.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries," "Wages," and "Expense and Equipment." No transfers may be made between "Salaries" and "Expense and Equipment" except with the approval of the President of the University. Requests for such changes should be submitted through the Comptroller. Adjustments may be requested between "Salaries" and "Wages" upon notice to the Comptroller, stating the reason for such transfer. Nonrecurring unassigned items may be assigned to departments for equipment or minor remodeling projects, upon notice to the Accounting Division, except that any assignment of more than \$1,000 must first be approved by the Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1955. Balances up to 5 per cent, or total encumbrances, whichever is larger, will automatically be carried forward to 1956-57.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds and budgets indicated as "from receipts" are on an estimated basis. Unless otherwise indicated, appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

The services required for members of the academic and administrative staff are in accordance with "Terms of Employment" adopted by the Board of Trustees on January 8, 1948.

1. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

2. For positions or portion of positions not indicated as "Y," services are required only during the academic year of two semesters (three terms in Chicago Professional Colleges). Summer Session teaching, if required, will be covered by an additional appointment with salary.

Services of the nonacademic staff are for twelve months, less vacation, in accordance with civil service regulations.
