

**MEETING OF THE BOARD OF TRUSTEES**  
**OF THE**  
**UNIVERSITY OF ILLINOIS**

---

**April 25, 1956**

The April meeting of the Board of Trustees of the University of Illinois was held in the administrative offices of the Chicago Undergraduate Division at Navy Pier, Chicago, Illinois, on Wednesday, April 25, 1956, beginning at 11:00 a.m.

The following members were present: Mr. Cushman B. Bissell, Mrs. Doris S. Holt, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Wirt Herrick, Mr. Wayne A. Johnston, Mr. Vernon L. Nickell, Governor William G. Stratton, and Mr. Kenney E. Williamson were absent.

Also present were President David D. Henry, Provost Henning Larsen, Dr. Herbert E. Longenecker, Vice-President in Charge of the Chicago Professional Colleges, Dean C. C. Caveny of the Chicago Undergraduate Division, Mr. C. S. Havens, Director of the Physical Plant Department, Mr. Vernon L. Kretschmer, Director of the Illini Union and of Housing, Mr. J. F. Wright, Director of Public Relations, Professor Ambrose M. Richardson of the Department of Architecture; and Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary of the Board.

**INSTALLATION OF THE PRESIDENT**

Mr. Megran presented the following:

The Committee of the Faculty, appointed to make recommendations concerning the installation of the President of the University and to execute plans as approved by the Board, has submitted a preliminary report. The Committee has been guided by the President's wishes "that the total program be kept as simple as possible within the boundary of dignity and good taste; that expense be held to a minimum consistent with effective planning; and that the mission and work of the University be the focus of the program rather than the personalities who happen to be involved."

The Committee recommends that:

1. The installation ceremonies be held on Monday, September 24, 1956, and be confined to one day;
2. Formal invitations be extended to presidents of colleges and universities within the state of Illinois, presidents of the universities in the Council of Ten, state officials, members of the Citizens Committee, officers and directors of University-affiliated organizations, and presidents and officials of certain state-wide organizations; and that informal invitations be extended to members of the University staff and to students in all areas;
3. Classes be dismissed for the day;
4. The program consist essentially of:
  - a. An investiture ceremony in the forenoon (this will be the formal installation);
  - b. A luncheon in the Illini Union Building for out-of-town visitors and participants;
  - c. A symposium in the afternoon to be held in the Auditorium (the general theme, "Illinois Faces the Future," with a panel of distinguished speakers);
  - d. A reception for President and Mrs. Henry following the symposium.

I request that the Board (1) confirm the appointment of the Faculty Committee<sup>1</sup> and authorize it to develop plans for the installation; (2) authorize its Executive Committee and its General Policy Committee to act for the Board on any decisions which may need to be made between Board meetings; and (3) approve the general plans as outlined above.

On motion of Mr. Livingston, these recommendations were approved.

**BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY**

The Board took up consideration of the following reports and recommendations from the President of the University.

**APPOINTMENT OF HEAD OF THE DEPARTMENT OF ENTOMOLOGY**

(1) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Dr. Leigh E. Chadwick, presently Chief of the Entomology Branch of the Chemical Corps Medical Research Directorate, as Professor and Head of the Department of Entomology on indefinite tenure beginning July 1, 1956, at an annual salary of \$11,500 on "A" basis.

An *ad hoc* committee was appointed to recommend candidates for this position, which became vacant upon the retirement from active service of Professor William P. Hayes on September 1, 1955. In the meantime, Professor Vern G. Milum has been serving as Acting Head of the Department. The nomination of Dr. Chadwick has been made after consultation with all members of the department of professorial rank. It is supported by the Executive Committee of the College, the Dean of the Graduate College, and the Provost.

I recommend approval.

On motion of Mrs. Watkins, this appointment was approved.

**APPOINTMENT OF HEAD OF THE DEPARTMENT OF ORTHOPAEDIC SURGERY**

(2) The Dean of the College of Medicine recommends the appointment of Dr. Robert Durant Ray, presently Associate Professor of Surgery and Head of the

<sup>1</sup> A list of the Faculty Committee was presented to the Board and has been filed with the Secretary for record.

Division of Orthopaedic Surgery at the University of Washington College of Medicine (in Seattle), as Professor and Head of the Department of Orthopaedic Surgery in the College of Medicine, on indefinite tenure, beginning September 1, 1956, at an annual salary of \$9,500 on "AY50" basis.

This appointment is to fill the vacancy created by the death of Dr. Fremont Chandler in December, 1954. In the meantime, Dr. Claude N. Lambert has been serving as Acting Head of the Department. The nomination has been made after a careful study by a search committee appointed by the Dean of the College of Medicine of candidates for the headship. The Vice-President, the Dean of the Graduate College, and the Provost recommend approval.

1 concur.

On motion of Mr. Bissell, this appointment was approved.

#### APPOINTMENTS TO THE FACULTY

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. SAMUEL R. ALDRICH, Professor of Agronomy, in the Extension Service in Agriculture and Home Economics, on three-fourths time, beginning March 1, 1956, at an annual salary of \$6,800 (GY75).
2. K. C. DUNHAM, George A. Miller Visiting Professor of Geology, for five months from September 1, 1956, at a salary of \$7,000 (G).
3. DONALD B. GILLIES, Research Assistant Professor of Applied Mathematics in the Digital Computer Laboratory, beginning April 1, 1956, at an annual salary of \$7,000 (DY).
4. EDWARD E. GORDON, Clinical Associate Professor of Physical Medicine and Rehabilitation, beginning April 1, 1956, without salary (AY).
5. JAMES HERBERT McCLURE, Assistant Professor of Obstetrics and Gynecology, beginning April 1, 1956, at an annual salary of \$11,500 (DY).
6. EUGENE F. SCOLES, Professor of Law, beginning September 1, 1956, at an annual salary of \$11,000 (A).
7. LLOYD D. WITTER, Assistant Professor of Food Microbiology, in the Department of Food Technology, beginning May 1, 1956, at an annual salary of \$6,500 (BY).
8. VERNON K. ZIMMERMAN, Assistant Professor of Accountancy, beginning September 1, 1956, at an annual salary of \$6,000 (D).

#### Appointment to Nonacademic Staff

The Director of Nonacademic Personnel reports the following appointment to a supervisory position of upper level responsibility.

1. CARL T. HEINZE, Assistant Administrator of the Research and Educational Hospitals, beginning March 5, 1956, at an annual salary of \$7,800.

On motion of Mr. Swain, these appointments were confirmed.

#### APPOINTMENTS TO THE 1956 SUMMER SESSION STAFF

(4) I submit recommendations for appointments to the faculty for the 1956 Summer Session. Appointments in the Summer Session budget provide for an eight-week term at Urbana-Champaign, June 18 through August 11, and at the Chicago Undergraduate Division, June 22 through August 18; and two six-week terms, June 25 through August 4 and August 6 through September 14, in the College of Pharmacy.

The salaries of members of the University faculty recommended for appointments to the Summer Session staff are computed on the basis of the authorized formula of two-ninths of the salary of the academic year for two months of summer service.

The budget totals \$560,448 for Urbana-Champaign, \$105,000 for the Chicago Undergraduate Division, and \$7,569 for the Chicago Professional Colleges.

Funds for the Urbana-Champaign and the Chicago Undergraduate Division Summer Sessions will be included in the 1956-1957 internal budget. Funds for the summer program in the College of Pharmacy will be provided from unused salary balances in the College of Pharmacy.

The budget of the Chicago Undergraduate Division includes a reserve of \$6,745. No reserve is provided in the Urbana-Champaign budget. If enrollment at Urbana-Champaign should exceed the estimate, I recommend an assignment of such sums as are necessary, but not to exceed \$20,000, from the General Reserve to provide for additional summer appointments.

I recommend that the appointments to the Summer Session staff be approved as submitted, and the President of the University be authorized to accept resignations and make such changes, adjustments, and additional appointments as are necessary in accordance with the needs of the University within the estimated income.

On motion of Mr. Bissell, this budget and these appointments were approved and authority was given as requested. This action was taken by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

**AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES**

(5) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State From Which They Obtained Certificates</i>
HARRY DANIEL COHN	Oak Park	Pennsylvania
ROBERT EMMET CREIGHTON	Blue Island	District of Columbia
STANLEY EUGENE GILBERTSON	Arlington Heights	Wisconsin
JOHN ANDREW GREENE, JR.	Glen Ellyn	New York
ARTHUR WILLIAM GUNTLY	St. Louis, Missouri	Missouri
RAYMOND RICHARD HRUBY	Chicago	Nebraska
WARREN LOUIS JOHNSON	Chicago	Wisconsin
RICHARD KARL KLINK	Park Forest	Iowa
JOHN DONALD MAINS	Belleville	District of Columbia
JOSEPH ERNEST McCANN	Rockford	Maryland
WAYNE ERNEST O'QUINN	Houston, Texas	Texas
ROBERT GEORGE PEPPER	Whitewater, Wisconsin	Montana
RICHARD CORNELIUS SARSET	Kirkwood, Missouri	Kansas
KENNETH EDWARD THORNE	Chicago	Tennessee

I concur.

On motion of Mr. Swain, these certificates were awarded.

**LEAVES OF ABSENCE FOR MILITARY DUTY**

(6) It is the policy of the University of Illinois to grant members of its staff who are officers or enlisted men in the Illinois National Guard, the Illinois Naval Militia, or in the Army, Navy, or Air Force reserves leaves of absence on full pay for limited periods of field training, cruises, and similar obligations for active service. This is consistent with the policy established by the Governor for personnel in the state administrative departments.

This policy applies equally to all categories of employment in both the academic and nonacademic staffs. However, the Director of Nonacademic Personnel has requested that it be formalized so far as his office is concerned by adding to the present paragraph 3, Section IX, Leaves of Absence, in the current issue of "Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees" the following:

"Leaves of absence with full pay will be granted to members of the staff who are officers or enlisted men in the Illinois National Guard, the Illinois Naval Militia, or the reserve components of the Armed Forces for limited service in field training, cruises, and kindred recurring obligations. The length of such leave shall not exceed the standards established by federal and state agencies for

training activities needed to qualify for regular standing in the above branches of the Armed Forces. Such leave will normally be limited to a maximum of fifteen calendar days in each year."

I concur.

On motion of Mrs. Holt, this recommendation was approved.

#### **CHANGES IN REQUIREMENTS FOR THE DEGREE OF BACHELOR OF LAWS**

(7) The University Senate recommends that the requirements for graduation with the degree of Bachelor of Laws be modified to read:

All students who enroll in the College of Law as candidates for the degree of Bachelor of Laws (LL.B.) shall, as conditions to receiving that degree, have studied in residence for a minimum period equal to six semesters and shall have earned ninety semester hours of law credit with an average grade of at least "C" (3.0). During this period, as further conditions to receiving the degree, the candidate must have pursued the courses of the first year of the law curriculum and have enrolled in and completed one seminar course in advanced work.

This reduces the total number of semester hours required for the degree from ninety-two to ninety, and the requirement of time of study in residence at the University from six semesters and an eight-week summer session to six semesters.

It is further recommended that the new requirements become effective on September 1, 1956, and that they be applicable to all students who are enrolled in the College as candidates for degrees after that date.

I concur.

On motion of Mr. Swain, this recommendation was approved.

#### **INCREASE IN FEES FOR DENTAL CLINICAL SERVICES**

(8) The Dean and Executive Committee of the College of Dentistry and the Vice-President in Charge of the Chicago Professional Colleges recommended an increase in fees for dental clinical services according to the schedule submitted herewith and for the reasons given in the accompanying supporting statement from the Vice-President. Copies of these documents are hereby filed with the Secretary of the Board for record.

It should be noted that there has been no increase in the clinical fees since 1939. In the meantime, costs of materials have greatly increased. Fees charged by other state universities in this area exceed the present schedule of University of Illinois fees.

All recommending officers concur in the proposed schedule of charges.

I recommend that the new schedule be approved, effective July 1, 1956, and that the Vice-President in Charge of the Chicago Professional Colleges be authorized to make adjustments in these fees in the future on recommendation of the Dean and with the approval of the Comptroller.

On motion of Mrs. Watkins, this recommendation was approved.

#### **PURCHASE OF EQUIPMENT FOR TECHNICAL COOPERATION PROGRAMS IN INDIA**

(9) On January 24, 1955, the Board authorized a contract with the Foreign Operations Administration, now the International Cooperation Administration, whereby the University was to purchase approximately \$600,000 of equipment and ship it to India for use in the institutions involved in the contracts for technical cooperation which the University had previously entered into. Equipment lists received from the Indian Institute are screened by competent University personnel, including the Coordinator of the Program, as to propriety for teaching and research purposes, specifications written, and orders placed.

Due to difficulty in securing specifications from India and necessary clearances involving the Indian and United States Governments, considerable delay has been encountered in getting this program under way. The International Cooperation Administration is urging all parties to the undertaking to do everything possible to expedite the program. A few items of equipment have been purchased and are on their way, and it appears now that the University's re-

sponsibilities can be fully met under this contract within the next few months. One of the factors contributing to the delay is the University's policy requiring that the Board of Trustees approve all purchase of items of equipment costing more than \$2,500. In order to expedite the program, it is recommended that this rule be waived as to equipment purchased under this contract and paid for entirely from funds furnished by the United States Government, and that the President, or the Provost acting for the President, be authorized to give final approval to such purchases. The items to be purchased have been requested by the Indian Institute of Technology and approved by the Indian Government and the U. S. Technical Mission in India, and are charged to federal funds. No University funds are involved.

The Committee on International Cooperation Administration Programs and the Comptroller recommend this waiver of University policy as to purchases of equipment to be sent to India under the federal program. All such purchases will be reported to the Board.

On motion of Mr. Livingston, this recommendation was approved.

**FEDERAL FUNDS FOR DIVISION OF SERVICES  
FOR CRIPPLED CHILDREN**

(10) The Division of Services for Crippled Children has been notified that it will receive an additional allocation of approximately \$100,000 from the United States Children's Bureau to be used largely for hospital and medical care, although \$6,800 will be assigned to the Cleft Palate Training Program.

The Vice-President in Charge of the Chicago Professional Colleges and the Comptroller recommend that the additional funds received be appropriated to the Division to be used in accordance with federal regulations governing these funds.

I concur.

On motion of Mrs. Watkins, these funds were appropriated by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

**SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(11) The committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. Chicago Undergraduate Division, remodeling at Navy Pier for expansion of facilities to provide for additional enrollment anticipated in the next three years.....	\$ 19 200
2. Department of Bacteriology, books and equipment.....	4 710
3. Department of Botany, replacement of air cooling equipment for the photosynthesis laboratory rooms.....	2 500
4. University High School, installation of ventilation system in locker rooms, remodeling, and equipment.....	3 500
5. Division of Industrial Education, equipment.....	13 000
6. Institute of Labor and Industrial Relations, installation of an air cooling unit in the library.....	3 500
7. Minor projects for assignment by the Provost.....	15 000
<i>Total</i> .....	<u>\$ 61 410</u>

I concur.

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

**APPROPRIATION FOR REPAIRS IN NOYES LABORATORY**

(12) The Comptroller requests an appropriation of \$14,000 for repairs in the Noyes Laboratory and replacement of equipment damaged by a fire which occurred on March 19, 1956.

I recommend that this appropriation be made from the General Reserve Fund.

On motion of Mrs. Holt, this appropriation was made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### ADJUSTMENT IN THE BUDGET OF THE DEPARTMENT OF CHEMISTRY AND CHEMICAL ENGINEERING

(13) In the past years, it has been necessary to reduce drastically provision for operating expense and equipment in the budget of the Department of Chemistry and Chemical Engineering. With enrollment increasing and prices rising, the Department is facing a deficit for the year 1955-56 and has drawn extensively on its indirect cost fund. The balance of this fund is necessary for major additions to departmental equipment.

In order that the Department may end the fiscal year without overdrawing its accounts, the Provost and the Comptroller recommend a nonrecurring addition of \$20,000 to the operating budget of the Department, this appropriation to be from the University's General Reserve Fund.

I concur.

On motion of Mr. Livingston, this appropriation was made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### CONTRACTS FOR CONSTRUCTION OF ADDITION TO THE LINCOLN AVENUE RESIDENCE

(14) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for the construction of an addition to the Lincoln Avenue Residence to house 636 women students, the award in each case being to the lowest bidder.

General—Felmley-Dickerson Company, Champaign . . .	\$1 807 000	
Less alternate bid for use of galvanized bonderized steel in lieu of copper for roofing, deduct . . . . .	25 000	\$1 782 000
Electrical—Aschinger Electric Company, Streator . . . . .	148 773	
Plus alternate bids:		
For lightning protection system if galvanized roofing is used instead of copper, add . . . . .	1 054	
For pneumatic temperature control, add . . . . .	110	
Less alternate bid for omitting room call system, deduct . . . . .	13 288	
		136 649
Plumbing—Robert E. Murphy Company, Chicago . . . . .		149 425
Heating—Ideal Heating Company, Chicago . . . . .		69 777
Ventilating—R. H. Bishop, Champaign . . . . .		31 000
Elevator installations—Long Elevator and Machine Company, Springfield:		
Electric elevator . . . . .	20 993	
Oilraulic elevator . . . . .	11 416	
		32 409
Electric dumbwaiter installation—A.B.C. Elevator Manufacturing Company, Chicago . . . . .		2 991
Pipe covering—Chicago Pipe and Boiler Covering Company, Chicago . . . . .		16 890
Temperature control—Johnson Service Company, Milwaukee, Wisconsin . . . . .	8 084	
Less alternate bid allowing for pneumatic controls in lieu of electric controls, deduct . . . . .	673	
		7 411
Kitchen and cafeteria equipment installations—Swain and Myers Sales Company, Decatur . . . . .		101 359
<i>Total</i> . . . . .		<u>\$2 329 911</u>

Subsequent to the receipt of bids, the Physical Plant Department negotiated with the lowest bidders for the general work and for the kitchen and cafeteria equipment installations on proposed changes in the general construction and equipment installations to reduce the cost of the building. The contractors' quotations of credits for these changes are still subject to checking by the architects. Hence, the Physical Plant Department recommends, the Comptroller concurring therein, that the contracts be awarded in accordance with the base bids and alternate bids received, as presented above, but with the understanding that change orders will be issued to reduce the cost by approximately \$100,000.

The budget for this project is now \$2,800,000 of which \$320,000 is for equipment and the balance is for construction. To finance this project a revenue bond issue in the amount of \$3,100,000 is recommended. This will provide a surplus of \$210,000, and if it is not needed bonds of this amount will be retired when construction is completed. The Federal Housing and Home Finance Agency has tentatively approved a loan for the building construction. The equipment bonds will be sold through investment bankers.

It is possible to finance this total cost by extending the amortization period of the loan to forty years, assuming that the bonds which finance the cost of construction (\$2,780,000) can be sold to the federal government under the College Housing Loan Program at an interest rate of  $2\frac{3}{4}$  per cent. Experience with the federal agency in securing final approval for the sale of bonds to finance the additions to the Men's Residence Halls indicates that it will not be possible to secure early final approval of the sale of bonds to finance the addition to the Women's Residence Halls. The original application for a loan for this addition was submitted September 9, 1955. Preliminary approval was given by the federal government on December 9, 1955, and the final application was submitted by the University on February 7, 1956. On April 20 this application was still in the regional office, but it was reported that it would be forwarded to the central office in Washington very shortly.

The construction bids expire on May 19, and final action must be taken by the Board of Trustees prior to that date. In a conversation, the Director of the College Housing Loan Program in Washington indicated that final approval can probably be given by the Washington office prior to this date. However, even if such approval is so received, it is doubtful that the details of printing the bonds, reaching agreement on the resolution to be adopted by the Board, and other details can be completed and money received from the sale of the bonds prior to the time that first payments will be due to contractors.

In order to complete the first half of the project by September 1, 1957, it is important that the contracts for construction be awarded as early as possible.

There is available in reserves of auxiliary enterprises approximately \$500,000 which is unpledged and can be used temporarily to finance a portion of the construction of the addition to Lincoln Avenue Residence.

To enable contractors to proceed promptly with construction, it is recommended that:

1. The Board of Trustees authorize the issuance by the Comptroller and the Secretary of letters of intent to those contractors who are recommended for the award of a contract, such letters of intent to authorize the contractors to proceed with their work with the understanding that the total liability to be incurred under this authorization will not exceed \$500,000, and to be approved by the Legal Counsel before they are issued.
2. Payments to contractors be made from auxiliary enterprises reserve funds prior to the receipt of proceeds of the bond sale with the understanding that such funds will be returned to the auxiliary enterprises reserve from those proceeds when received.
3. Contracts be awarded, as above recommended, when a loan agreement has been executed with the federal government.

In view of the need for initiating construction on this project, the Director of the Physical Plant and the Comptroller recommend this procedure.

I concur.

Mr. Livingston moved that the foregoing recommendations be approved and that the Comptroller and Secretary of the Board be author-

ized to execute the necessary documents, including the contracts to be awarded, under the conditions specified.

This motion was adopted by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### CONTRACTS FOR ABBOTT POWER PLANT ADDITION

(15) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for the construction of an addition to the Abbott Power Plant, the award in each case being to the lowest bidder.

Piping system—Gallaher and Speck, Inc., Chicago.....\$295 988

Electrical equipment—The Northern States Company, Inc., Chicago.... 114 749

Coal handling and transporting unit—It is recommended that all bids taken on this phase of the work be rejected. While the bids are within engineering estimates, bids received on other phases of the project indicate that its total scope must be reduced to keep it within funds available. The coal handling and transporting unit equipment is essential to the efficient operation of the plant but can be deferred if necessary until the 1957-1959 biennium.

They also recommend that Sargent and Lundy, Chicago, consulting engineers on this project, be authorized to negotiate with the contractors for the deletion or deferral of certain phases of the installations, totaling approximately \$58,500 on the piping contract and \$10,000 on the electrical equipment contract, with the right of reinstatement on or about July 1, 1956, at the option of the University. The extent of the work to be deferred or deleted can not be determined until bids on all remaining phases of the construction have been received. As part of bidding requirements the proposals submitted include a breakdown of cost for major items of work so that it is feasible to award the above contracts according to the base bids and accomplish the reductions through contract change orders.

Funds are available in the state appropriations to the University for 1955-1957 for buildings and other permanent improvements, subject to release by the governor.

I concur in the above recommendations and recommend further that the Comptroller and the Secretary of the Board be authorized to execute these contracts, subject to the release of funds.

On motion of Mr. Livingston, these contracts were awarded as recommended, by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### CONTRACT FOR TELEPHONE SERVICE IN RESIDENCE HALLS

(16) The studies of the expansion of the University's student housing program over the next six years have included a survey of the present telephone system in the residence halls. Continuation of the present system will require a substantial investment in equipment in each new hall to be constructed, so that a decision should be made now as to the type of telephone service that will best serve present and future needs of occupants of the residence halls.

The present system consists of a manually operated switchboard in each hall with a limited number of extensions in the corridors on each floor. Each hall is also equipped with an annunciator system operated from the switchboard to each room.

After considering several plans, the conclusion has been reached that a system providing a central switchboard for all residence halls with a telephone extension to each room will best serve the needs of the occupants and at only a slight increase in the annual operating cost over the present system. The capital cost will be materially less than if the present type of service is installed in each new hall. Accordingly, the Director of Housing, the Director of the Physical

Plant, and the Comptroller recommend a contract with the Illinois Bell Telephone Company which will provide for:

1. The purchase by the Company of the existing University-owned annunciator systems.
  2. Lease of these annunciator systems to the University on a rental basis until a new system is installed in July, 1956.
  3. Installation by the Company and rental to the University of additional underground cable, central office trunks, switchboard and room telephones.
- To place this system in operation will require an immediate capital expenditure for existing facilities of \$12,500, and it is recommended that this amount be assigned from the residence halls operations.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary contracts.

On motion of Mr. Swain, funds were assigned, as recommended, for this contract and the Comptroller and Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### CONTRACT FOR ENGINEERING SERVICES ON UTILITIES DISTRIBUTION SYSTEMS

(17) The Director of the Physical Plant and the Comptroller recommend employment of Sargent and Lundy, Consulting Engineers, Chicago, for engineering services (designing, preparation of working drawings, and writing of specifications) on the extension of utilities to the residence halls to be constructed in the Parade Grounds area and in the area west of the new Law Building. Such systems must be expanded well in advance of the construction of housing and other building projects which they are to serve. Terms of the proposed contract are:

1. Current Expense Charges: Engineering and drafting, at actual salary and wages plus 50 per cent; stenographic and clerical expense, travel expense, and miscellaneous expense at actual cost to Sargent and Lundy.
2. Fixed Fee Charge: One and one-half per cent of the mutually agreed upon estimate of the cost of the project to completion (exclusive of Sargent and Lundy's charges under (1) above, and the University's engineering, supervisory, and overhead costs); 10 per cent of this fee is to be paid when services are ordered; 80 per cent in equal monthly installments thereafter, the number of installments to be in accordance with the estimate of the number of months required to complete the project; 10 per cent upon completion of the project.
3. Resident Field Engineer: Services of a resident field engineer would be on the basis of actual salary, plus 15 per cent, plus travel and field expense, and will be billed and paid monthly as incurred.

The terms are the same as those authorized by the Board of Trustees for the services of Sargent and Lundy on the addition to the Abbott Power Plant except that the fixed fee is 1.5 per cent instead of 2 per cent.

The cost of the extension of utilities, including the services of Sargent and Lundy, will be paid from the proceeds of bond issues for these projects. Payments, estimated at \$15,200, due prior to bond issuance will be advanced from balances from surplus funds in the income of the Housing Division.

I concur and recommend (1) that the Comptroller and the Secretary of the Board be authorized to execute a contract with Sargent and Lundy in accordance with the above terms, (2) that the Physical Plant Department be authorized to take bids on the extension of utilities in the areas described, and (3) that the Comptroller be authorized to advance funds from balances available in Housing Division operations to meet payments due under this contract before funds from proceeds from bond issues are available.

On motion of Mr. Livingston, these recommendations were approved and the Comptroller and Secretary of the Board were authorized to execute the contract.

**CONTRACT WITH UNITED STATES BUREAU OF PUBLIC ROADS FOR  
RESEARCH ON PROBLEMS OF HIGHWAY CONSTRUCTION**

(18) In accepting grants and entering into contracts for sponsored research, the University reserves the right of publication of the results. This is a desirable reservation, particularly in the case of research projects in which graduate students are engaged so that they may use the results obtained as material for theses.

For more than twenty years the University, through its Engineering Experiment Station, has been carrying on research investigations on problems of highway construction under cooperative agreements with the State of Illinois Division of Highways and with the United States Bureau of Public Roads. The Bureau has taken the position that a publication which results from research supported in whole or in part by it might imply that the United States Government endorses the findings and recommendations listed in the publication, so that the Bureau has a legitimate concern with the information published. Accordingly, the Bureau requires, on its part, that all contracts for research sponsored by it shall include the following provision:

"Each party shall have the right to publish the results of the investigation, but any publication of the results by one party shall be subject to the approval of the other party. . . . However, the work of this program can serve as the basis for M.S. and Ph.D. theses at the University, with the usual acknowledgments."

The Dean of the College of Engineering and the Director of the Engineering Experiment Station, the Chairman of the University Research Board, and the Comptroller recommend that the Board of Trustees authorize exceptions to the standard University policy in government contracts for research to the extent indicated in the Bureau's request. Aside from the importance of these research programs as a public service, they are of value to the University in the training of graduate students employed on them as research assistants, so that the exception is justified on educational grounds.

I concur in this recommendation.

On motion of Mrs. Watkins, this recommendation was approved.

**CONTRACT FOR TRAINING OF AGRICULTURAL EXTENSION  
WORKERS IN COMMUNICATIONS**

(19) The National Project in Agricultural Communications, supported by the Kellogg Foundation, is a training program in communications for workers in agricultural extension. The program has been endorsed by the American Association of Land-Grant Colleges and State Universities and other national educational organizations.

A program has been planned for a training session of three weeks for representatives of educational institutions. In addition to the training to be received by the representatives, the institution will receive a kit of training aids including motion pictures, film strips, other visual materials, a Master Trainer's Guide, and basic materials suitable for adaptation and reproduction in each state.

The Dean of the College of Agriculture and the Associate Director of the Extension Service in Agriculture and Home Economics recommend that the University send two representatives. The cost to the University, including the training materials to be received, will be \$5,500, and can be paid from federal funds available to the Extension Service.

I recommend that the Board authorize participation in this program and the execution of such contract or other documents as may be required for this purpose.

On motion of Mrs. Holt, this recommendation was approved.

**CONTRACT FOR INTERIOR DECORATING OF  
NORTHWOOD APARTMENTS**

(20) The Director of the Physical Plant and the Comptroller recommend that Mr. W. S. Pusey, Urbana, interior decorator and color consultant, be employed as interior decorator for the seven apartment units being constructed by North-

wood, Inc., Champaign, which will be leased to the University through the University of Illinois Foundation, for housing undergraduate women.

Services will include analysis and planning of space use in the apartment units, the recreation areas, and quarters for the housemothers; design and assignment of space for built-in wall cabinets, desks, wall-hung bolsters, fixed lighting, and similar installations; selection of furniture, floor coverings, fabrics, draperies, pictures, lamps, bedspreads, sofa pillows, and other necessary items; inspection and supervision of placement of all furnishings and equipment. The furnishings and equipment will be selected and designed for maximum utilization if and when residence units are converted into apartments. The proposed fee is \$4,500, or approximately 5 per cent of the cost of the furnishings.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract.

On motion of Mr. Bissell, this contract was awarded and the Comptroller and Secretary of the Board were authorized to execute the same.

#### ARCHITECTS FOR PLANT SCIENCES BUILDING

(21) The University has a state appropriation of \$40,000 for studies and preliminary plans for a plant sciences building. The Director of the Physical Plant and the Comptroller recommend that the firm of Naess and Murphy of Chicago be employed as architects for this building. This firm will furnish complete architectural services at the same rate charged for other University buildings, namely, 6 per cent of the contract costs. For the initial preliminary study phase only, the firm will charge actual costs plus 100 per cent for overhead and commission but not to exceed \$35,000. If the General Assembly appropriates funds for the construction of this building and the project proceeds to completion, Naess and Murphy will allow credit for payments made for the preliminary work in the total fee.

I submit a report from the Physical Plant Department in support of its recommendation, a copy of which is hereby filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Livingston, the employment of Naess and Murphy, as recommended, was authorized.

**ANNUAL REPORT OF THE TREASURER**

(24) In accordance with Article VI, Section 4, of the By-Laws of the Board of Trustees, the Treasurer of the University has submitted a report of receipts and disbursements of University funds for the period March 1, 1955, through February 29, 1956, certified by the Comptroller. A copy of this report is filed with the Secretary of the Board.

This report was received for record.

**DISTRIBUTION OF NORVAL H. PIERCE TRUST**

(25) As reported to the Board of Trustees on February 21, 1948, Dr. Norval H. Pierce, for many years Professor of Otolaryngology in the College of Medicine, established a trust, with the Northern Trust Company of Chicago as Trustee, for the benefit of his former wife, Drusilla W. Pierce, during the remainder of her life. The trust indenture stated that the trust should terminate upon her death and that the Trustee should then distribute the assets of the trust among certain beneficiaries, including the University of Illinois which is to receive a four-ninths share, the principal of which is to be maintained and the income used for research in the College of Medicine. In accordance with an agreement in 1948 between Johns Hopkins University and the beneficiaries of the trust, which agreement was authorized by the Board of Trustees on February 21, 1948, upon the termination of the trust a payment of \$25,000 is to be made to that University, in return for which it waived certain claims which it was then seeking to establish against the trust.

<sup>1</sup> Deduct.

Mrs. Pierce died on March 3, 1956. The Northern Trust Company has notified the beneficiaries that it is ready to make distribution of the assets of the trust remaining after payment of the \$25,000 to Johns Hopkins University and certain fees and expenses of the Trustee. The Trustee has indicated that, if the beneficiaries approve, it will insofar as possible make distribution of the assets in kind. A list of the stocks and bonds comprising the trust estate has been submitted to the First National Bank of Chicago which has recommended that the University's share of the assets thus held be accepted in kind, insofar as possible, with only a small balancing payment in cash. This recommendation has been approved by the Finance Committee and the Northern Trust Company has been so advised.

The Company requires from the Board of Trustees a resolution accepting the University's share of the trust estate upon the terms set forth in the trust indenture and authorizing the Comptroller and the Secretary to execute and deliver to the Trustee a receipt for the University's share of the trust estate and its release and discharge of the Trustee from any further obligation to the University. It appears advisable to include in the same resolution the designation of the officers of the University who are to determine the nature and manner of the research to be financed by the income of the trust. Accordingly, the Legal Counsel and the Comptroller recommend the adoption of the following resolution, and I concur:

*Resolution*

WHEREAS, under the terms and conditions of a trust indenture entered into between Dr. Norval H. Pierce, since deceased, and the Northern Trust Company, of Chicago, Illinois, as trustee, bearing date of March 5, 1929, the University of Illinois is now entitled to receive, for the use of its College of Medicine, four-ninths (4/9) of the assets of the "Norval H. Pierce Trust" presently held by the Northern Trust Company as trustee after the payment from all of said assets of the sum of \$25,000.00 to Johns Hopkins University and the termination and distribution fee of said trustee, which said share of the assets of said estate remaining after the making of said payments therefrom is presently valued at the sum of approximately \$142,000.00; and

WHEREAS, under the terms of said trust indenture, the Northern Trust Company may, in its discretion, distribute and transfer to the University of Illinois the latter's said share of said assets in kind or in cash, or partly in kind and partly in cash, and said trustee is willing and desires, and it is in the best interests of the University, that the University's share of said assets be distributed and transferred to it in kind, or partly in kind and partly in cash; and

WHEREAS, under the provisions of said trust indenture, the principal of the University's share of said trust estate is required to be kept intact, and safely and securely invested and reinvested by the proper officers of the University and the income therefrom is required to be devoted to research in and by the College of Medicine of the University "in such practice of Medicine and generally in such manner as the Settlor may in his lifetime, at any time and from time to time, designate in writing, and in default of such designation, for such research as the Trustees or other proper officers of the University of Illinois may in their discretion deem best," and the Settlor did not at any time make any such designation:

*Therefore*, it is hereby resolved by this Board of Trustees of the University of Illinois that it accept, for the use of the College of Medicine of the University, said four-ninths share of the assets of said Norval H. Pierce remaining in the hands of said trustee after the making of said hereinabove mentioned payments from all of said assets upon the terms, conditions, and for the purpose set forth in said trust indenture; that the Comptroller of the University be, and he is hereby authorized, to accept and receive distribution, transfer, and payment to the University of Illinois of its said share of the assets of said trust from the Northern Trust Company either in kind or partly in kind and partly in cash; that, upon receipt by the University of its said share of the assets of said trust estate, either in kind or partly in kind and partly in cash, from said trustee, the Comptroller and the Secretary of this Board be, and they are hereby, authorized to execute and deliver, on behalf of the University of

Illinois, a receipt to said Northern Trust Company therefor and a release and discharge of said Northern Trust Company from all further obligation to the University of Illinois arising under said trust indenture; and that said Comptroller be, and he is hereby further authorized to direct and authorize the Northern Trust Company to deliver to the First National Bank of Chicago, as a depository of and for the University of Illinois, such portion of said University's said share of the assets of said trust estate as may be distributed and transferred to it in kind by said Northern Trust Company, the delivery thereof to said First National Bank of Chicago, as such depository, pursuant to the instructions of said Comptroller, by said trustee to constitute delivery thereof to the University of Illinois.

It is further hereby resolved that, upon receipt by the University of Illinois of its said share of the assets of said trust estate in accordance with the foregoing, the same shall be kept safely and securely invested and reinvested by the Comptroller of the University of Illinois and that the income derived therefrom from time to time shall be used and applied to research in and by the College of Medicine of the University in such manner and in connection with such projects as may be determined from time to time by the then Dean of the College of Medicine subject to the approval of the Vice-President in Charge of the Professional Colleges of the University of Illinois, or such other officers of the University of Illinois as this Board of Trustees may hereafter designate.

On motion of Mr. Livingston, this resolution was adopted.

#### EXCHANGE OF FARM LANDS

(26) On March 23, 1956, a report was made to the Board of the purchase of the following described property constituting a part of the estate of George Grein:

Tract No. 1, 80 acres, described as the West half of the S.E. Quarter, Section 30, T. 19 N., R. 9 E. of the 3rd P.M., Champaign County, Illinois.

Tract No. 2, 160 acres, described as the N.E. Quarter, Section 31, T. 19 N., R. 9 E., said county.

The purchase was made at a Master in Chancery's sale by the University of Illinois Foundation under an agreement whereby the University is to pay to the Foundation now a part of the cost, and upon payment of the remainder, the title will be conveyed to the University.

It has been previously reported to the Board that since Tract No. 2 is across a road from land owned by the University, it would be desirable, if possible, to exchange this tract for 120 acres owned by Mrs. Emma Grein and her son, Henry Grein, which is contiguous to land owned by the University. The 120 acres is described as follows:

Tract No. 3, the East half of the S.E. Quarter of Section 30, and the S.W. Quarter of the N.E. Quarter of Section 30, T. 19 N., R. 9 E., of the 3rd P.M., Champaign County, Illinois.

Mrs. Emma Grein owns an undivided one-half interest in this property and a life estate in the other one-half interest, and her son, Henry Grein, owns the remainder. They have indicated their willingness to exchange their 120 acres for the 160 acres purchased at the Master's sale if the University is willing to pay them an additional \$7,500 therefor. Each party would pay the 1955 taxes on the property they will convey and assume the liability for 1956 taxes on the property they will thus acquire.

It is desirable, from the University's standpoint, that this exchange be made in order to round out University land holdings in this area. The 120-acre tract is in better condition than the 160-acre one, and the improvements on the former have been better maintained.

The Dean of the College of Agriculture and the Comptroller recommend that this exchange of property be made. Title to Tract 1 and Tract 3 will then be held by the Foundation subject to the agreement hereinabove mentioned.

I concur and recommend that (1) the Board authorize the Comptroller and the Secretary of the Board of Trustees to execute the necessary documents and (2) an appropriation of \$7,500 from the General Reserve of the University be authorized for the payment required in completing this exchange.

On motion of Mr. Swain, this exchange of properties was approved, the Comptroller and Secretary of the Board were authorized to execute the necessary documents, and an appropriation of \$7,500 was made from the General Reserve Fund for this land acquisition program. This action was taken by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins; no, none; Absent, Mr. Herrick, Mr. Johnston, Mr. Nickell, Mr. Stratton, Mr. Williamson.

#### FINAL DESIGN OF RESIDENCE HALLS

The Director of the Physical Plant and the Building Program Committee submit for approval of the Board the final design of the residence halls units for unmarried undergraduate men to be constructed on the former Parade Ground immediately west of the original Men's Residence Halls. These are projects scheduled for 1957-58 in the University's program for housing students as approved by the Board of Trustees on January 28, 1956.

The design studies were by Professor Ambrose M. Richardson of the Department of Architecture and will be used by Berger-Kelley and Associates, Champaign, in developing the complete plans for this construction. The Board has already awarded this firm a contract for these architectural services.

Professor Ambrose M. Richardson of the Department of Architecture explained the general planning and design of these units and exhibited models of them.

On motion of Mrs. Watkins, this design was approved.

#### ADMINISTRATIVE PROCEDURE FOR DEALING WITH CASES OF STAFF MEMBERS CLAIMING CONSTITUTIONAL PRIVILEGES IN DECLINING TO TESTIFY BEFORE LEGISLATIVE COMMITTEES

Mr. Bissell presented the following report.

At the meeting of the Board of Trustees on April 27, 1955, the President of the University, Dr. Lloyd Morey, presented a procedure adopted by the University Senate on April 4, 1955, to be followed in the case of staff members claiming constitutional privileges in declining to testify before legislative committees concerning alleged communist affiliation or activity. This procedure is printed on pages 330 and 331 of the Minutes of April 27 and includes the following provision:

"If the individual refuses to appear and cooperate in Hearings before the Committee or Board of Trustees, his service to the University may be discontinued."

Although the entire statement of general principles and procedure relating to such matters was adopted by the University Senate as an internal administrative policy, and was submitted to the Board for information and record, the President was asked to request the University Senate to change the word "may" in the above quoted provision to "shall." At the meeting of the Board on June 16, 1955 (Minutes, page 376), the President reported that the Senate Committee on Academic Freedom, which had previously recommended the procedure to the Senate, advised against this change and the Senate took no steps to concur in any change in this provision. The matter was then referred to a Special Committee of the Board appointed by the President thereof.

As Chairman of this Special Committee, I call attention to a recent decision of the United States Supreme Court in a New York case overruling state courts and holding that a college teacher who declined to say whether or not he had once been a Communist and who therefore was dismissed under local law was

illegally discharged, which case renders moot the question before the Special Committee of the Board. I therefore move that the Special Committee be discharged.

The motion was seconded by Mr. Swain and was adopted.

#### NONDEVELOPMENT OIL AND GAS LEASE COVERING AGRICULTURAL EXPERIMENT FIELD IN SALINE COUNTY

The Board of Trustees authorized its Executive Committee to execute a nondevelopment oil and gas lease for the University's agricultural experiment field in Saline County. Prior to completion of negotiations, Mr. Amos S. Wood, the applicant for the lease, informed the University that he had no further interest in securing the same.

#### SECRETARY'S REPORTS

The Secretary presented for record the following lists: (1) appointments made by the President; (2) graduate fellows; (3) resignations and declinations; (4) leaves of absence.

#### APPOINTMENTS MADE BY THE PRESIDENT

(The date in parentheses is the date on which the appointment was made by the President of the University. C = College; S = Station; E = Extension.)

BARNOUW, VICTOR, Research Associate in Anthropology (Graduate College), five months from April 1, 1956, \$375 a month (3-22-56).

BENN, OMER, Instructor in the Institute of Aviation, June 11-August 31, 1956, \$516.66 a month (3-28-56).

BOURGIN, DAVID G., Professor of Mathematics (Graduate College), two months from July 1, 1956, \$1166.67 a month (3-14-56).

BRESEE, JOHN J., Consultant in the Institute of Government and Public Affairs, two months from March 1, 1956, \$250 a month (3-13-56).

BROOKES, VICTOR J., Research Associate in Entomology (Graduate College), full time, March 1-September 15, 1956, \$4800 a year, supersedes (3-29-56).

BYFIELD, GEORGE V., Assistant Professor of Medicine (Medicine),  $\frac{2}{3}$  time, ten months from September 1, 1955, \$6600 a year, supersedes (4-9-56).

CARLSON, DON M., Research Assistant in Dairy Science (S), March 22-September 15, 1956, \$305 a month (4-5-56).

CHOW, MAY-I, Research Assistant in Chemistry (Graduate College), full time, seven months from January 20, 1956, \$340 a month (3-14-56).

COUGHANOWR, DONALD R., Research Associate in Chemical Engineering (S), full time, five months from April 1, 1956, \$466.67 a month, supersedes (4-5-56).

#### LEAVES OF ABSENCE

- BAER, REINHOLD, Professor of Mathematics—leave of absence without pay during the academic year 1956-57, so that he may accept an appointment as Professor of Mathematics at University of Frankfurt in Germany.  
 BARBER, HOLLIS W., Professor of Social Sciences (Chicago Undergraduate Division)—leave of absence without pay beginning September 1, 1956, and continuing through August 31, 1957, so that he may accept the research position with the Council on Foreign Relations to edit one or two of their annual surveys on American foreign relations.  
 BARKSON, JOSEPH A., Assistant Professor of Electrical Engineering (C)—extension of leave of absence, without pay, for the academic year 1956-57, in order that he may complete his thesis work.  
 BESTOR, ARTHUR E., JR., Professor of History—one year leave of absence beginning September 1, 1956, without pay, in order that he may accept the election as Harmsworth Professor of American History at Oxford University.  
 BREEN, H. EDWARD, Assistant Professor of Accountancy—leave of absence without pay effective September 1, 1956, and continuing through August 31, 1957, so that he may accept a special assignment with the General Accounting Office of the United States Government.  
 HAWLEY, NEWTON S., Assistant Professor of Mathematics—leave of absence, without pay, during 1956-57, so that he may accept an invitation from the Department of Mathematics at Stanford University to spend the academic year 1956-57 as Visiting Associate Professor.  
 KRUGER, P. GERALD, Research Professor in the Control Systems Laboratory and Professor of Physics, in the College of Engineering—leave of absence, without pay, beginning March 16, 1956, and continuing through August 31, 1956, so that he may serve as Acting General Manager of Midwestern Universities Research Association.  
 PROSSER, C. LADD, Professor of Physiology—leave of absence, without pay, beginning March 1, 1957, and continuing through August 31, 1957, so that he may serve as Carnegie Visiting Professor of Zoology at the University of Hawaii; this is in addition to his sabbatical leave of absence for the first semester of 1956-57, on full pay.

#### MAY MEETING

Mr. Swain reminded the Board that the May meeting will be held on Tuesday, May 22, 1956 at the Country Club of Peoria.

President Megran announced that the meeting will begin with luncheon at 12:00 noon, Central Daylight Saving Time.

#### ADDRESSES BY ROBERT G. BONE AND CHARLES C. CAVENY

The Board recessed for luncheon, following which Dr. Robert G. Bone, Assistant Provost, and Dean Charles C. Caveny addressed the Board on the state of the Chicago Undergraduate Division.

On motion of Mr. Livingston, the Board adjourned.

MEETING OF THE EXECUTIVE COMMITTEE OF  
APRIL 25, 1956

A meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the administrative offices of the Chicago Undergraduate Division at Navy Pier, Chicago, Illinois, on Wednesday, April 25, 1956, beginning at 12:30 p.m.

The following members were present: Mr. Park Livingston, Mrs. Frances B. Watkins, and Mr. H. B. Megrn, Chairman.

Also present were President David D. Henry, Mr. H. O. Farber, Comptroller, and Mr. A. J. Janata, Secretary of the Board.

The Executive Committee considered the following matters of business.

**ENTRY OF UNIVERSITY'S APPEARANCE IN LEGAL PROCEEDINGS  
CONTESTING THE WILL OF FRED S. BAILEY, DECEASED**

The provisions in the will of Fred S. Bailey, recently deceased, benefiting the University and in which it is interested, and the fact that a suit has been filed in the Circuit Court of Champaign County, Illinois, by the conservator of an incompetent cousin of Mr. Bailey, who constitutes Mr. Bailey's sole heir, to contest the validity of the will, were reported to the Board of Trustees at its March, 1956, meeting.

Although, the Champaign law firm of Thomas, Mulliken & Mamer ordinarily acts as counsel for Harris Trust and Savings Bank of Chicago as executor of and trustee under the will, that firm can not appear as counsel of record for any of the defendants in the suit since Mr. Thomas and Mr. Mulliken will probably have to testify as witnesses for the defendants when it is tried. Consequently, the executor has employed Mr. John L. Franklin, of Champaign, to appear for and represent it in the suit and he is also authorized to appear for and represent the other defendants therein with the exception of the University which will be represented by its Legal Counsel.

Although the suit was filed late in February and summonses were issued against the defendants when it was filed, no service of summons has been had upon the University or any of the other defendants because counsel for the plaintiff has instructed the Sheriff not to serve the summonses until requested by him to serve them. None of the defendants are required to appear and file pleadings in the case until service of summons has been had upon them and, since the case can not proceed to trial until the defendants appear and plead therein, it is surmised that counsel for the plaintiff has withheld service of summons for the purpose of preventing the case from being reached for trial before next fall.

For certain reasons connected with the administration and closing of the estate, and also because the executor will not make distribution among the beneficiaries of the will until the validity of that instrument has been determined in the suit, it would appear to be in the best interests of the University and the other beneficiaries under the will to secure an early trial in the suit, if possible. The defendants, including the University, can probably secure an early trial if they waive service of summons upon them and enter their respective appearances and file their respective pleadings in the suit.

For the foregoing and other reasons Mr. Franklin intends to waive service of summons upon, enter the appearances of, and file an answer for the defendants he represents in the suit and he and Mr. Mulliken have requested the Legal Counsel to do the same with respect to the University. Unless the Legal Counsel accedes to this request or counsel for the plaintiff has summons served upon the University which he apparently does not intend to do in the near future, the case can not be tried before fall. If the University and all of the other defendants waive service of summons and enter their appearances in the suit, it is hoped that it will be possible to secure a trial of it in May or June. Mr. Franklin has assured the Legal Counsel that he can adequately prepare for the trial if held in May or June and the Legal Counsel can complete that portion of the preparation of the case for trial which has been assigned to him by that time.

The Legal Counsel recommends that he be authorized to waive service of summons upon the University, and to enter its appearance and file an answer for it in the suit in order to cooperate with counsel for the other defendants in his efforts to secure an early trial of the case.

President Henry concurred in this recommendation.

On motion of Mrs. Watkins, authority was granted as recommended.

#### APPROPRIATION FOR VISIT OF GENERAL ASSEMBLY

Mrs. Watkins, Chairman of the Committee on the Chicago Departments, reported that members of the General Assembly will be invited to make an official visit to the University's Chicago Professional Colleges and to the Chicago Undergraduate Division on June 19, 1956, for the purpose of inspection and conferences with University officials. The Committee recommends that an assignment of \$1,000 be made to the Public Functions Fund of the President's Office to cover the expense of this visitation.

On motion of Mr. Livingston, this appropriation was made from the General Reserve Fund by the following vote: Aye, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, none.

#### APPROPRIATION FOR INSTALLATION OF THE PRESIDENT

The Secretary of the Board presented a request from the Faculty Committee on the Installation of the President for an appropriation for the expenses of the installation.

On motion of Mr. Livingston, an appropriation of \$7,500 was made from the General Reserve Fund by the following vote: Aye, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, none.

The Committee adjourned.
