

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

June 27, 1956

The June meeting of the Board of Trustees of the University of Illinois was held in the Sheraton-Blackstone Hotel, Chicago, Illinois, on Wednesday, June 27, 1956, beginning at 10:30 a.m., Central Daylight Saving Time.

The following members were present: Mr. Cushman B. Bissell, Mr. Wirt Herrick, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. H. B. Megran, Mr. Kenney E. Williamson. Superintendent Vernon L. Nickell, Governor William G. Stratton, Mr. Timothy W. Swain, and Mrs. Frances B. Watkins were absent.

Also present were President David D. Henry, Provost Henning Larsen, Dean C. C. Caveny of the Chicago Undergraduate Division, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Relations, Mr. Perry L. Smithers, Manager of Public Relations at the Chicago Undergraduate Division; and Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary of the Board.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

PERMANENT SITE FOR CHICAGO UNDERGRADUATE DIVISION

(1) Submitted herewith, with my approval, is a formal report from the University Committee on the selection of a permanent site for the relocation of the Chicago Undergraduate Division. The findings and recommendations have been endorsed by the Committee on General Policy of the Board of Trustees, serving as a special committee.

The report recommends the acquisition of the G. A. Miller Meadow, consisting of three hundred acres of farm land owned by the Forest Preserve District of Cook County. Miller Meadow is in the near west suburbs, eleven miles west of the downtown area of Chicago, and is bounded by the Des Plaines River on the east, Roosevelt Road on the north, Cermak Road on the south, and First Avenue on the west.

It is desirable to acquire this site in the fiscal biennium of 1957-59 so that facilities there may be ready for the eight thousand students expected in the two-year division by the fall of 1963. This may seem a long way off, but six years to finance and acquire a site, and plan and construct buildings is not a long period. Any delay means the enrollment surge will be upon us before we are ready. The fall enrollment was 4,300; the facilities at Navy Pier will accommodate about 4,500.

A great number of possible sites has been reviewed. After consideration of them all, thirty-nine were studied carefully by the University and Board committees during a two-year period, and with the aid of the Real Estate Research Corporation of Chicago sixteen criteria were established, five of which had to be met for an area to be considered as acceptable.

After considering all factors, the Miller site was recommended because of the following eleven points:

1. It should permit the lowest acquisition cost of any of the sites meeting the University's criteria.
2. It has transportation convenience. (This site will permit approximately 55.4 per cent of the potential student population to reach this site within one hour's travel time by public transportation.)
3. It assures the availability of adequate land for buildings, for parking facilities for students and staff, and for construction of "low rise" structures which cost less to build.
4. It is in the direction of population growth for the Chicago area.
5. It will enable the University to complete construction of permanent facilities for the Division by September, 1963, without the costly and slow work of slum clearance and the relocation of families.
6. It offers good opportunities for faculty housing in the near-by suburbs.
7. There will be no tax loss to the city of Chicago or any of its suburbs.
8. It provides for reduced operating and construction costs since existing railway facilities cross a small part of the site, and two other lines are near.
9. It will not increase the peak load on the city's transportation facilities as the students will be traveling in the reverse direction at such times. Four-lane highways are nearby, including the new Congress Expressway.
10. It is protected against encroachment from undesirable developments.
11. It is now almost entirely vacant, its predominant use being agriculture.

Another factor seriously considered in selecting the site was that of student employment. A recent study based on a survey of 1,900 students at Navy Pier showed that while 60 per cent worked at outside jobs during the school year, fewer than 20 per cent were employed in the Loop area.

Acquisition of the Miller Meadow by the University would result in a desirable public use of this particular area, now used as farm land. The Chairman of the Board's Policy Committee has pointed out that the policy of the Forest Preserve District of Cook County not to release any of its land for other purposes is in general a commendable one, but in past years the District has made a number of exceptions to this policy by not interposing objections to acquisition of certain of its lands by other government agencies. The University

acquisition would be consistent with previous exceptions; use of this farm land as a campus for the University of Illinois Chicago Undergraduate Division will be a desirable public use, while purchase of this land by the University will enable the District to acquire other lands more suitable for recreational purposes.

Selection of a suburban site was endorsed in February, 1955, by a committee of the University of Illinois Alumni Association which had also been studying the matter. At approximately the same time a suburban site was endorsed, in principle, by the Executive Committee of the Chicago Plan Commission.

The formal report of the Committee follows and I concur in the recommendation that steps be taken for the acquisition of the G. A. Miller Meadow as the permanent site for the Chicago Undergraduate Division.

Report on the Selection of a Permanent Site for the Relocation of the Chicago Undergraduate Division

I. Introduction

The Board of Trustees has approved for planning purposes the development of a permanent site for the Chicago Undergraduate Division as one means by which the University could take care of its share of the anticipated doubled enrollment. This increase, predicted for the nation as a whole, is projected on statistics for children already born. The Trustees' action was based on the studies and the recommendations of a University Committee and concurred in by the University Council (composed of deans, directors, and other administrative officers).

The University Committee, in arriving at these conclusions, recognized that:

- A. Approximately 53 per cent of the population of the state of Illinois resides in Cook County.
- B. For a number of years, approximately one-half of the students registered in the University of Illinois have listed Cook County as their residence.
- C. Educational facilities for commuting students will eliminate the need for constructing student housing facilities which would be required at Urbana-Champaign.
- D. There is now a two-year undergraduate division of over 4,000 students at Navy Pier in Chicago. The city wishes these facilities returned for its own imperative needs. They can not well care for more than 4,500 students. It seems necessary, therefore, that permanent facilities be provided promptly.

Two other independent studies also reached the same general conclusions, namely, those submitted by a Commission created by the Sixty-eighth General Assembly and a Committee of the Alumni Association.

Based on the anticipated increase in student enrollment and the planned capacity on the Urbana-Champaign campus, permanent facilities for 8,000 students will be needed by 1963 in a two-year program at the Chicago Undergraduate Division. Studies were, therefore, undertaken for the establishment of criteria on the selection of a permanent site.

II. Site Selection

- A. Although an unlimited number of sites can be evaluated, in practice the number is limited. The first step necessary for the selection of a site was the determination of the type of building to be constructed: low rise (not more than four stories and basement), medium rise (five to nine stories), and high rise (ten or more stories). The University Committee has evaluated the three types of buildings on three broad bases: educational and functional principles, construction costs, and maintenance and operation costs.

In each case, the Committee found the low rise building to be the preferred type and recommends that the Chicago Undergraduate Division campus of the University of Illinois be developed predominantly with low rise buildings except where functional requirements may dictate otherwise.

- B. The University Committee, after a two-year study with the aid of the Real Estate Research Corporation of Chicago, established sixteen criteria, five of which had to be met in order for an area to be considered as an acceptable site for the relocation and development of the Chicago Undergraduate Division.

A great number of sites were inventoried; thirty-nine met the five minimum criteria. The latter were studied with great care and, as a result, the

University Committee strongly recommended the selection of the G. A. Miller Meadow as the permanent site for the Chicago Undergraduate Division. This site (approximately three hundred acres) is bounded on the north by Roosevelt Road, on the south by Cermak Road, on the west by First Avenue, and on the east by the Des Plaines River. The land is owned by the Forest Preserve District of Cook County.

The President of the University, the Board of Trustees, and several University administrators have inspected many of the sites and also selected the G. A. Miller Meadow as the most desirable permanent site for the Chicago Undergraduate Division.

This site is recommended because it:

1. Should permit the lowest acquisition cost of any of the sites meeting the University's criteria.
2. Meets the criteria for transportation convenience. (Approximately 55.4 per cent of the potential student population can reach this site within one hour's travel time by public transportation.)
3. Will assure the availability of adequate land.
4. Will be in the direction of population growth for the Chicago area.
5. Will make possible the University's completing the construction of the permanent facilities for the Chicago Undergraduate Division by September, 1963.
6. Will provide good opportunities for faculty housing in the nearby suburbs.
7. Will not result in a tax loss to the city of Chicago or any of its suburbs.
8. Will offer an opportunity for reduced operating and construction costs since the existing railway facilities cross a small part of the site.
9. Will not increase the peak load on the city's transportation facilities as the students will be traveling in the reverse direction at such times.
10. Will be protected against encroachment from undesirable developments.
11. Is now almost entirely vacant, its predominant use being agriculture.

The selection of a suburban site of this type was concurred in by the Executive Committee of the Chicago Plan Commission as evidenced by their following statements:

1. "We believe it highly preferable that a site be selected from among those areas not currently producing tax revenues or potentially capable of important private development.
2. "We believe that sites requiring demolition of any substantial number of dwellings, or expenditure of local slum clearance funds should be avoided. Selection of a slum site involving extensive relocation of families or spending of local slum clearance funds would, in our opinion, seriously hamper the City's program of slum clearance for private, industrial, commercial, and residential development. By further complicating the relocation problem, it could, additionally, threaten any plans for accelerating the state-county-city program of expressway construction.
3. "We believe that areas within reasonable proximity to the West (Congress Street) Expressway or its terminals offer the most advantageous locations from the point of view of serving the future population of the entire Chicago Metropolitan Area. This is based upon our conception both of suburban expansion and of the ultimate rebuilding of the urban areas of Chicago."

III. Conclusion

The G. A. Miller Meadow is strongly recommended as the permanent site for the Chicago Undergraduate Division of the University of Illinois. It is further recommended that this site be acquired during the 1957-59 biennium.

COMMITTEE ON FUTURE DEVELOPMENT OF THE CHICAGO UNDERGRADUATE DIVISION

ROBERT G. BONE

Assistant Provost and Professor of History

ROBERT P. HACKETT

Associate Dean of Commerce and Business Administration and Professor of Accountancy, Chicago Undergraduate Division

missions of the School of Nursing. (This requirement is added to bring the Continuation Program in substantial agreement with the regular four-year program in nurse's training.)

6. The completion of a program of courses in the University of Illinois School of Nursing totaling thirty-nine and one-third semester hours (fifty-nine quarter hours). These are all advanced courses including institutional nursing and public health nursing experience as well as courses in management and supervision. (This requirement is intended to assure that all of the students in the Continuation Program will have a thorough training in the essential fields of nursing. It will also meet the residence requirement for the degree.)
7. That the examination based on the Graduate Nurse Test Battery of the National League for Nursing be continued with provision that the applicant must attain a score of not less than one and one-half standard deviation below the mean of collegiate norms for the total score and for each of the sub-scores. (The student, by passing this test, will establish satisfactory evidence of the soundness of her training in basic nurse's training and will receive forty semester hours credit in clinical nursing.)
8. The applicant must acquire credit as follows by passing achievement tests set by the National League for Nursing or by credit for such courses taken in an accredited college or university: anatomy and physiology, five semester hours; microbiology, three semester hours. (This represents a reduction of one semester hour in microbiology.)

Summary

Candidates in the Continuation Program in Nursing as proposed will complete the following credits for the Bachelor of Science degree:

Semester Hours

Liberal Arts courses in prescribed pre-nursing subjects.....	30
Advanced Liberal Arts courses in Humanities and Social Sciences.....	8
Clinical Nursing credit based on a standardized examination set by the National League for Nursing for graduate nurses.....	40
Anatomy and Physiology.....	5
Microbiology.....	3
Courses which must be completed in residence in the School of Nursing at the Chicago Medical Center..... (59 quarter hours)	39½
<i>Total</i>	125½

This program should not be confused with the regular four-year course in nurse's training, which was approved in 1954 and which required one year of pre-nursing, taken in the University's College of Liberal Arts and Sciences or elsewhere, followed by three years (or eleven quarter terms) in the School of Nursing in Chicago and which is considered the standard program of nurse's training. The Continuation Program is designed to give college training to nurses who have already graduated from a hospital training school and desire to take the pre-nursing academic work and receive a degree. While this is in reverse order, it is nevertheless a desirable program because the need for supervisory personnel in nursing is very great, and the only way this need can be met is to offer a program of college work to nurses who have already completed the practical courses of instruction. Hence, the changes proposed will bring the Continuation Program more closely in harmony with the four-year program and will make the former available to nurses who have received their training in accredited hospitals and training schools in foreign countries. The graduate nurse's examination, to be required of all candidates, will assure that the previous professional training has been of acceptable quality.

I concur in these recommendations.

On motion of Mr. Herrick, these recommendations were approved.

HONORS IN THE COLLEGE OF LIBERAL ARTS AND SCIENCES

(11) The University Senate recommends adoption of the following plan for awarding honors in the College of Liberal Arts and Sciences to replace the present honors program in that College.

income, (a) to accept resignations, (b) to make such additional appointments as are necessary, subject to the provisions of the University Statutes and the Policy and Rules Relating to Compensation and Working Conditions of Non-academic Employees, and (c) to make such changes and adjustments in items included in the budget as are needed, all such changes to be covered in the Comptroller's quarterly financial report or in reports to the Board by its Secretary, provided that assignments for new projects or programs and for non-recurring expenditures in excess of \$2,500 shall be presented to the Board for prior approval.

Mr. Livingston, Chairman of the Finance Committee, reported that at a meeting held on June 20, 1956, the Finance Committee reviewed the budget in detail in consultation with the President, Provost, and Comptroller of the University, and that his Committee supports the budgetary recommendations.

Following full discussion, in which all of the Trustees present participated, on motion of Mr. Livingston, the budget was adopted, the President of the University was authorized to take the actions specified above, and the appropriations were made as recommended.

This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

The complete budget is included as an appendix to these minutes on pages 1157 to 1455.

INTERNAL BUDGET OF THE ATHLETIC ASSOCIATION FOR 1956-57

(3) The Director of Intercollegiate Athletics submits, on behalf of the Board of Directors of the Athletic Association, the budget for the Association for 1956-57 which is summarized as follows with comparative figures for the preceding year:

	1955-56 <i>Revised Estimate</i>	1956-57 <i>Proposed Budget</i>
Income.....	\$1 031 828	\$1 083 650
Appropriations.....	992 342	1 064 691
Excess of income over appropriations.....	\$ 39 486	\$ 18 959

The budget has been examined and approved by the Provost and the Comptroller.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments, including approval of new appointments and acceptance of resignations, as are necessary and recommended by the Board of Directors of the Athletic Association within the total income realized.

On motion of Mr. Bissell, this budget was approved and authority was given as recommended.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(4) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>

I concur.

On motion of Mr. Williamson, these certificates were awarded.

On motion of Mrs. Holt, these appointments were confirmed.

CHANGE IN STATUS OF JOSEF F. WRIGHT

(7) Mr. Josef F. Wright has asked to be relieved of his duties as Director of Public Relations effective September 1, 1956, and that he be given personal leave of absence without pay beginning March 1, 1957, until September 1, 1957, when he plans to retire. He will continue in University service on special assignments by the President from September 1, 1956, until March 1, 1957.

I have approved this change in status and request confirmation of my action.

On motion of Mr. Livingston, the President's action was confirmed and the Board recorded its deep appreciation of Mr. Wright's services over many years. The Secretary was requested to send Mr. Wright a formal and more extended expression on behalf of the Board.

CHANGES IN CURRICULUM IN RECREATION

(8) The University Senate recommends the following changes in the curriculum leading to the degree of Bachelor of Science in Recreation:

New General Courses Added to the Required Curriculum:*Semester Hours*

Economics 108—Elements of Economics.....	3
History 152—History of the United States.....	3
Journalism 309—Public Relations.....	2
Psychology—Statistical Methods in Psychology.....	3
Rhetoric 133—Expository Writing.....	3

New Professional Courses Added to the Required Curriculum:

Recreation 166—Activities Leadership.....2
This is a substitute for the course, "Games For Children," two semester hours, offered by the Departments of Physical Education for Men and Physical Education for Women. It involves a change in prefix, title, and course content more suitable to the recreation curriculum needs.

Recreation 208-209—Field Experience.....0
This is not a new undertaking inasmuch as it has been offered on an informal and experimental basis for two years and should now be placed in the curriculum officially.

Recreation 210—Inspection Trip.....0
This is a substitute for the inspection trip course presently offered by the departments of Physical Education for Men and Physical Education for Women. It involves a change in prefix, title, and course content only to the extent that recreation majors will make an inspection trip more suitable to their needs.

General Courses Dropped from the Required Curriculum:

Education 211—Educational Psychology.....	3
Sociology 385—Methods of Sociological Research.....	3

Professional Courses Dropped from the Required Curriculum:

P.E.M.-P.E.W. 166—Games for Children.....	2
P.E.M.-P.E.W. 210—Inspection Trip.....	2
Recreation 272—Organization of Aquatic Programs.....	2
Recreation 273—Recreation in Rural Areas.....	2

Change in Course Number:

It is recommended that Recreation 275, Organization of Recreation Programs, be changed to Recreation 375 and credit for the same be changed from three hours to three hours or one-half unit for graduate credit. This change is justified on the basis of its level of difficulty and requirements, its appropriateness for limited graduate credit, and the number of graduate students who take the course each semester.

I concur in this recommendation.

On motion of Mr. Johnson, this recommendation was approved.

CURRICULUM IN HORTICULTURAL FOOD CROPS

(9) The University Senate recommends authorization of a new undergraduate curriculum in the College of Agriculture leading to the degree of Bachelor of Science in Horticultural Food Crops. This program is designed to prepare the

student for a wide variety of positions in the horticultural food industry. The number of requirements has been kept at a minimum to give flexibility and allow the student to progress in the field of his particular interest under the guidance of his adviser. A minimum of 136 semester hours of credit is required for graduation. Two options are offered:

- Option 1, requiring eight semester hours of chemistry, emphasizes crop production but includes enough on processing to give the student an insight into the interdependence of these phases and enhance his chances for advancement into positions requiring a knowledge of both. Graduates should be qualified for work in crop production or some phases of raw products research in the processing industry. Students interested in the production or handling of fresh fruits or vegetables will find this a suitable core curriculum.
- Option 2 requires eighteen to twenty semester hours of chemistry and Food Technology 204 and 301 and trains the student for a position in quality control in the manufacture of horticultural food products. The increased chemistry requirement necessitates a modification in the sequence of required courses.

Sample programs of this curriculum are hereby filed with the Secretary of the Board. All of the courses listed are presently available in the College of Agriculture, but it is not possible to take them in the combination proposed because they do not fit within the framework of any existing curriculum. Hence, this program was developed by the Departments of Horticulture and Food Technology to meet the needs of students who wish to go into the horticultural food industry. The program will enable a student interested in this aspect of horticulture work to elect a planned curriculum at the beginning of his studies.

I concur in this recommendation.

On motion of Mrs. Holt, this recommendation was approved.

CHANGES IN CONTINUATION PROGRAM IN NURSING

(10) The faculty of the School of Nursing and the University Senate recommend the following changes in the Continuation Program in Nursing first adopted in June, 1952, and modified in June, 1953.

1. That the Continuation Program in Nursing be extended to qualified graduates of a school of nursing accredited by the licensing body of the state or country in which it is located indicating an over-all average of 3.5 in the academic courses taken in that school of nursing. (The present requirement provides for the admission of graduates of schools of nursing accredited by the licensing body of the state or territory in which it is located. This proposal extends the program to graduates of accredited nursing schools in foreign countries.)
2. That the candidates in the Continuation Program in Nursing be required to meet the entrance requirements for the pre-nursing curriculum and complete the same program in pre-nursing required of students in the four-year program, except for zoology. This is as follows:

	<i>Semester Hours</i>
Rhetoric 101-102	6
Humanities (literature, philosophy, music, or art appreciation)	6
Social Sciences (history, political science, economics)	6
Chemistry 102-132	6
Electives	6
<i>Total</i>	30

This is a substitute for the present two-year program in liberal arts subjects now required in the Continuation Program.

3. That the present requirement of an examination in rhetoric as a part of the admission requirement be discontinued.
4. That the candidates in the Continuation Program in Nursing be required to complete advanced courses in liberal arts (not open to freshmen and sophomores) chosen from the fields of humanities and social sciences, eight semester hours.
5. The requirement of evidence of personal characteristics essential for nursing and achievement in nursing practice satisfactory to the Committee on Ad-

missions of the School of Nursing. (This requirement is added to bring the Continuation Program in substantial agreement with the regular four-year program in nurse's training.)

6. The completion of a program of courses in the University of Illinois School of Nursing totaling thirty-nine and one-third semester hours (fifty-nine quarter hours). These are all advanced courses including institutional nursing and public health nursing experience as well as courses in management and supervision. (This requirement is intended to assure that all of the students in the Continuation Program will have a thorough training in the essential fields of nursing. It will also meet the residence requirement for the degree.)
7. That the examination based on the Graduate Nurse Test Battery of the National League for Nursing be continued with provision that the applicant must attain a score of not less than one and one-half standard deviation below the mean of collegiate norms for the total score and for each of the sub-scores. (The student, by passing this test, will establish satisfactory evidence of the soundness of her training in basic nurse's training and will receive forty semester hours credit in clinical nursing.)
8. The applicant must acquire credit as follows by passing achievement tests set by the National League for Nursing or by credit for such courses taken in an accredited college or university: anatomy and physiology, five semester hours; microbiology, three semester hours. (This represents a reduction of one semester hour in microbiology.)

Summary

Candidates in the Continuation Program in Nursing as proposed will complete the following credits for the Bachelor of Science degree:

Semester Hours

Liberal Arts courses in prescribed pre-nursing subjects.....	30
Advanced Liberal Arts courses in Humanities and Social Sciences.....	8
Clinical Nursing credit based on a standardized examination set by the National League for Nursing for graduate nurses.....	40
Anatomy and Physiology.....	5
Microbiology.....	3
Courses which must be completed in residence in the School of Nursing at the Chicago Medical Center..... (59 quarter hours)	39½
<i>Total</i>	125½

This program should not be confused with the regular four-year course in nurse's training, which was approved in 1954 and which required one year of pre-nursing, taken in the University's College of Liberal Arts and Sciences or elsewhere, followed by three years (or eleven quarter terms) in the School of Nursing in Chicago and which is considered the standard program of nurse's training. The graduate nurse's examination, to be required of all candidates, will assure that the previous professional training has been of acceptable quality.

I concur in these recommendations.

On motion of Mr. Herrick, these recommendations were approved.

HONORS IN THE COLLEGE OF LIBERAL ARTS AND SCIENCES

(11) The University Senate recommends adoption of the following plan for awarding honors in the College of Liberal Arts and Sciences to replace the present honors program in that College.

Honors are awarded at graduation to students in recognition of the superior quality of their work. The College offers two types of recognition: General College Honors and Departmental Distinction, described below. To be eligible for either type of honors a student must meet the following general conditions:

1. He must meet University residence requirements.
2. He must meet the College requirements for graduation.
3. Normally he must have carried at least twelve semester hours of academic work (exclusive of military and physical education) each semester.
4. He must have attained at least a 4.0 average in all courses counted toward graduation from his college. A transfer student must attain at least a 4.0 average in all courses done at the University of Illinois which are counted toward graduation from his college.

General College Honors

College Honors are recommended by the Dean of the College on the basis of scholastic average, without regard to the major field. Such honors are subject to approval of the Dean of the College.

For College Honors, the notation on the diploma will read: Honors in Liberal Arts and Sciences.

Departmental Distinction

A student who is eligible for College Honors may be recommended for Departmental Distinction if he has shown superior achievement in his major field of study. A student enrolled in an interdepartmental curriculum may be recommended for distinction by those responsible for the administration of that curriculum in general conformity with the conditions for departmental distinction. A student enrolled in a teacher-training curriculum should consult requirements described under the separate heading below.

In addition to meeting the scholastic requirements and the minimum requirements for his major, a student graduating with Departmental Distinction must, at the discretion of the major department, comply with at least one of the following requirements: (1) present an acceptable thesis; (2) pass a comprehensive examination prepared by the major department or other competent body; (3) pursue a special course of study, of at least four semester hours, approved by the major department. This special course of study is over and above the minimum number of hours required for the major. The student interested in graduating with Distinction should consult with his major adviser concerning which of these alternatives is desirable.

The degree with Distinction, High Distinction, or Highest Distinction will be recommended by the major department on the basis of the quality of the work done. For High or Highest Distinction, the thesis, comprehensive examination, or special course of study must give evidence of exceptional ability. Students may obtain information on requirements from departmental and curriculum advisers.

For Departmental Distinction, the notation on the diploma will read: Honors in Liberal Arts and Sciences with Distinction (High Distinction or Highest Distinction) in . . . Distinction in Teacher Training Curricula

A student who is eligible for College Honors and who has completed a curriculum in Teacher Training may be recommended for Distinction in the teaching of his area of specialization (e.g., Social Studies), if he has shown superior ability in that area.

The degree with Distinction, High Distinction, or Highest Distinction will be awarded on the basis of the general scholastic average and of the average of those courses in his area of specialization, on the recommendation of the Area of Specialization Committee, and on any additional requirements imposed by that Committee. For High and Highest Distinction, the candidate should give evidence of exceptional ability in his course in Practice Teaching. Information on requirements may be obtained from the adviser in the area of specialization.

For Distinction in Teacher Training, the notation on the diploma will read: Honors in Liberal Arts and Sciences with Distinction (High Distinction or Highest Distinction) in the curriculum. Such citations are recommended by the Chairman of the Area of Specialization Committee and are subject to the approval of the Dean of the College.

I concur in this recommendation.

On motion of Mr. Bissell, this recommendation was approved.

HONORS IN THE SCHOOL OF NURSING

(12) The University Senate recommends adoption of the following plan for awarding honors in the School of Nursing.

A student who complies with the requirements for graduation, and who attains in all work for the degree the average grade specified below, may be recommended by the University Senate for the honors stated: (1) for an average grade of not less than 4.35, graduation with honors, and (2) for an average grade of not less than 4.75, graduation with high honors.

I concur in this recommendation.

On motion of Mrs. Herrick, this recommendation was approved.

HYGIENE REQUIREMENT

(13) The University Senate recommends that the present University requirement that all undergraduate students be required to take hygiene be terminated for incoming students as of September 1, 1957, and that any requirement of hygiene courses be established by the undergraduate colleges and schools.

The Senate Committee on Educational Policy, in recommending this change, calls attention to the fact that most comparable universities do not have such a general university requirement. The Committee is not advocating conformity for the sake of conformity, but this does show a national trend. The Committee further observed that while the subject matter of hygiene is important there is no reason to believe that this basic knowledge can be obtained only through a college course. The home, the grade and high schools, the personal physician, etc. all offer help in this regard. It is significant that only those students entering the University with less than thirty semester hours of credit need take the present course. Moreover, there are encouraging signs that better teaching materials are being made available for use in the primary and secondary schools and that the student will have an enhanced opportunity for good hygiene instruction at these levels.

A statement from the Chairman of the Senate Committee on Educational Policy giving further information in support of this recommendation is hereby filed with the Secretary of the Board.

I concur in this recommendation.

On motion of Mrs. Holt, this recommendation was approved.

OIL AND GAS LEASE ON HACKETT FARM

(14) The late Mrs. Jessie Ellars Hackett of Tuscola bequeathed to the University 416 acres of farm land in Douglas and Moultrie Counties to endow the "Jessie Ellars Hackett Scholarship Fund," the income from which is to be used for scientific research in the College of Agriculture, or in any other college in the University of Illinois at Urbana where such research will especially benefit agriculture, and for scholarships to be granted to unmarried students of either sex on the basis of high scholastic standing with preference to be given those in need of aid and to students from Douglas County if any are eligible. Except for these general specifications the University may determine the eligibility of all applicants for scholarships. The University received the farm land in 1950 and it is being managed by the College of Agriculture.

The University has an offer from Mr. C. R. Cochonour of Cumberland County, a former farmer and land owner who is prospecting for oil and gas and who is reported to have presently about one hundred producing oil wells, to enter into a lease with the University for drilling for oil and gas on the Hackett Farm. Oil is being produced in the general area, although there are no producing wells of record within about four miles of the Hackett Farm. The present tenant on the farm has signed a release. Examination of Mrs. Hackett's will indicates that development of an oil and gas lease would not violate any provisions of the trust.

The Dean of the College of Agriculture and Director of the Agricultural Experiment Station and the Comptroller recommend authorization of a lease for \$1.00 an acre under the standard oil and gas lease provisions. The proposed lease has been drawn to conform with all state laws and court decisions. It has the approval of all recommending officers and of the Legal Counsel.

I recommend that the Board authorize its Comptroller and its Secretary to execute such lease or leases. The initial lease will be for a period of six months.

On motion of Mrs. Holt, the Comptroller and Secretary of the Board were authorized to execute these leases. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

EMPLOYMENT OF ASSISTANCE TO LEGAL COUNSEL IN CHICAGO

(15) In view of the amount of litigation in the courts of Cook County involving the University, and other legal problems the University has at the Chicago Professional Colleges and at the Chicago Undergraduate Division, consideration has been given to the advisability of employing a full-time assistant to the Legal Counsel in Chicago to reduce the necessity of engaging special counsel to represent the University. On checking the fees paid to special counsel for services in Chicago during the past five years, the Legal Counsel has concluded that employment of a full-time assistant would not be justified but that the needs of his office would be served by employment of part-time assistance.

The Legal Counsel has recommended that the University retain Mr. Prentice H. Marshall of the law firm, but not a partner, of Johnson, Thompson, Raymond, Mayer, and Jenner, Chicago, on a retainer basis of \$400 a month for a trial period of one year from July 1, 1956. For this retainer, Mr. Marshall will render all legal services the Legal Counsel will require of him during that period, including representing the University in minor litigation and advising University officials in Chicago, as directed by the Legal Counsel. While Mr. Marshall will do a major portion of the work required, this arrangement will not eliminate entirely the necessity of employing special counsel in matters requiring the services of specialists, as, for example, on bond issues and trial lawyers in major cases.

I recommend approval and an assignment of \$4,800 (nonrecurring) from the General Reserve Fund for this purpose.

On motion of Mr. Livingston, this recommendation was approved and the requested appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

RENEWAL OF LEASE OF QUARTERS IN BUILDING AT 704 SOUTH SIXTH STREET, CHAMPAIGN

(16) The Director of the Physical Plant and the Comptroller recommend renewal of the University's lease of space in the building at 704 South Sixth Street, Champaign, for five years from September 1, 1956, at a rental of \$708.33 a month on the same terms as the existing lease previously authorized by the Board of Trustees, which will expire September 1.

The University is presently leasing space on the first floor of this building for housing the National Council of Teachers of English and on the second floor for the Institute of Labor and Industrial Relations. As the new lease will extend beyond a fiscal biennium, the lease will be executed by the University of Illinois Foundation, which will then sublease to the University. The University will enter into an agreement with the National Council of Teachers of English whereby the latter will pay one-half of the rental for the first-floor area (\$150 a month) and will assume full cost and all responsibility for cleaning and utilities, including heat, for the area it occupies. This agreement will be for a limited period, but with a renewal option.

I concur and recommend that the Comptroller and Secretary of the Board be authorized to execute all necessary documents.

On motion of Mr. Johnston, this recommendation was approved and authority was given as requested. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

**LEASE OF REAL ESTATE FOR RESEARCH PROJECT
BEING SPONSORED BY THE U. S. NAVY**

(17) On June 16, 1955, the Board of Trustees authorized a contract with the Bureau of Ships, Department of the Navy, providing for classified research in electrical engineering. The leasing of a suitable site on which to construct a small laboratory and other equipment is specified in the contract, now in force, and a site meeting the technical requirements has been located that is available under a lease purchase arrangement worked out by the parties involved. The site to be leased is described as follows:

The Northeast quarter (NE $\frac{1}{4}$) of the Southwest quarter (SW $\frac{1}{4}$) of Section seventeen (17) and the North one-half (N $\frac{1}{2}$) acre of the Northwest quarter (NW $\frac{1}{4}$) of the Southwest quarter (SW $\frac{1}{4}$) of said Section seventeen (17), all in Township eighteen (18) North, Range eight (8) East of the Third Principal Meridian in Champaign County, Illinois, consisting of 40 $\frac{1}{2}$ acres more or less.

The land is owned by Elizabeth T. Dunkel. Since she does not wish to enter into a lease arrangement, a third party, the Twin City Development Company of Champaign, Illinois, has agreed to purchase the land and lease it to the University, with an option to purchase. All costs of the lease to the University will be reimbursed under the Navy contract now in effect. The pertinent terms of this lease are:

1. Term—fifteen years from July 1, 1956; rental payments of \$2,025 a year in advance.
2. Privilege of cancellation by the lessee on any July 1, upon ninety days' notice.
3. Payment to the lessor of liquidated damages of \$14,400; \$7,200 to be paid upon the signing of the lease, \$7,200 on July 1, 1957. The liquidated damages paid shall be applied to the purchase price, if the University or the Navy elects to purchase at any time during the period of the lease.
4. Right to purchase the land by lessee for \$34,425 until July 1, 1961, and at a negotiated price after that date, but not to exceed \$32,400.
5. The lease shall be assignable to the U. S. Government at any time, upon the request of the Department of the Navy.

These lease arrangements have been cleared with the Legal Counsel of the University, subject to acceptable title in the lessor, and with the understanding that no state funds will be advanced for lease payments.

The Dean of the College of Engineering and the Comptroller recommend approval of these arrangements.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

The Building Program Committee of the Board has reviewed this proposal and joins in the recommendation.

On motion of Mr. Williamson, this recommendation was approved and authority was given as requested. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

**POLICY GOVERNING WITHDRAWALS OF BIDS ON UNIVERSITY WORK
Return of Bid Deposit of Gallaher and Speck, Inc., on Heating and
Refrigeration Installations in Home Economics Building**

(18) The withdrawal by Gallaher and Speck, Inc., of their lowest bid on the heating and refrigeration installations in the construction of the Home Economics

Building on the ground that a substantial error had been made in estimating the work, and the stopping of payment of its certified check for \$5,176 as its bid deposit, were reported to the Board of Trustees on July 20, 1955, at which time the Board authorized the institution of legal proceedings to recover the amount of this bid deposit. This situation has raised two questions, namely: What should be the future policy concerning the withholding of bid deposits on University construction projects? Should the University retain the bid deposit of Gallaher and Speck, Inc., submitted on the heating and refrigeration work on the Home Economics Building?

The following information has been secured on policies followed by other state agencies and some other universities:

Department of Public Works and Buildings, Division of Architecture and Engineering, State of Illinois: "When such a situation arises, we ask for a complete written report by the contractor outlining his reasons for wanting to withdraw his bid. This report is carefully analyzed and if it is felt that the contractor's error was an honest one and if there is nothing in the files indicating previous bidding irregularities, he is permitted to withdraw his bid and his bid check is returned. The foregoing practice has been in effect in this Division for a number of years."

The University of Minnesota and Michigan State University permit the withdrawal of the bid and the bid deposit. Ohio State University requires the submission of a bid bond which is not completed into a permanent performance bond if the contractor can show proof "that an error was made in his tabulation papers." The other Midwest universities report that they have not had experiences of this type, but the University of Michigan and Indiana University indicated that in the event the contractor withdraws his bid, the bid deposit would probably be forfeited. The University of Wisconsin is the only institution which reports that bid deposits have been forfeited when bids have been withdrawn.

The Legal Counsel reports the following concerning applicable court decisions on this problem:

"Research has demonstrated the question is a very controversial one upon which the decisions in Illinois are divergent and not wholly consistent and with respect to which conflicting conclusions have been reached by the courts of other jurisdictions. While the Illinois courts have not expressly so held, the net result seems to be that the courts of most states will afford equitable relief to a contractor who seeks to avoid a contract, or the forfeiture of a bid deposit, when he can show

- (a) that his bid was due to an innocent and unintentional mistake in consequence of which being compelled to perform the contract or having his bid deposit forfeited would work a real hardship upon him; and
- (b) the mistake is discovered, and the public body or other party to which the bid was submitted is notified of it, in sufficient time to permit the mistake to be corrected, the bid withdrawn, or the contract avoided before that body or owner has sustained any loss or damage of any consequence, or will sustain any such loss or damage in consequence of the withdrawal of the bid or the avoidance of the contract.

"While the Illinois courts have not as yet gone quite so far, it is difficult for me to escape the conclusion that they will adopt and apply this doctrine when they are actually faced with and compelled to decide the question, although it is possible that they may conclude that the wording of the bid proposal relative to forfeiture of the bid deposit may preclude them from doing it."

Since the above is the general attitude of the courts with respect to this problem, it is questionable whether the University should try to include provisions in its contractual documents in opposition to this philosophy, especially since it is followed by other state agencies as above indicated. Furthermore, it should not be the objective of the University to forfeit and retain a bid deposit merely to reduce the project costs.

It appears only fair and equitable to relieve a bidder from the consequences of his innocent and unintentional mistake in computing the amount of his bid if it has occasioned no expense, loss, or damage to the University or if the University is reimbursed for any such expense, loss, or damage out of the bid deposit before the balance of the deposit is refunded to the bidder.

In view of these considerations, the Director of the Physical Plant, the Comptroller, and the Legal Counsel recommend that the following policy be established:

When a bid has been withdrawn for justifiable reasons, the bid deposit, or a portion of it, may be refunded if requested by the bidder if it is established to the University's satisfaction that the amount of his bid was due wholly to an innocent and unintentional mistake, and the mistake is discovered and the University is notified of it in sufficient time to permit the bid to be withdrawn, and the contract avoided, before the University has sustained, or will sustain, any loss or damage of any consequence because of the withdrawal of the bid.

The University shall retain out of the bid deposit the amount of the expense incurred by it in checking and investigating, following the request of the contractor to withdraw his bid, his claim that it was based upon such a mistake and in satisfying itself as to the truth of that claim, and that only the excess of the bid deposit over that expense shall be refunded.

With reference to the case of Gallaher and Speck, Inc., this firm has now withdrawn its stop payment order on the certified check, and has left it to the University's judgment whether the bid deposit should be forfeited.

Although some of the earlier Illinois court decisions have enforced similar provisions and denied relief to the bidder, some of their more recent decisions and the decided trend of the modern decisions in other jurisdictions render it likely that the Illinois courts would try to afford equitable relief to this bidder under the circumstances here presented. However, it is believed that the courts would recognize the University's rights to reimbursement for the expenses it has incurred in investigating Gallaher and Speck's claim of mistake in submitting its bid and allow the University to reimburse itself therefor out of the bid deposit.

In view of the general philosophy adopted by the courts, the practice followed by other state agencies, and the proposed policy with respect to forfeiting and retaining bid deposits on future construction projects, it is recommended that the bid deposit of Gallaher and Speck, Inc., in the amount of \$5,176 be refunded except for \$1,000, which is the estimated expense incurred by the University and the architects in investigating and satisfying themselves as to this bidder's claim of mistake in the computation and submission of its bid.

I concur in the recommendation with respect to the policy to be established and its application to the bid deposit of Gallaher and Speck, Inc. The Buildings and Grounds Committee of the Board has also considered this matter and joins in the recommendation.

On motion of Mr. Williamson, these recommendations were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

APPROPRIATION FOR MICROSCOPES FOR THE CHICAGO PROFESSIONAL COLLEGES

(20) It is necessary to add thirty microscopes to the microscope rental pool at the Chicago Professional Colleges to take care of increased enrollment in the fall of 1956. The College of Medicine will admit 190 in the first-year class, an increase of twenty-four students, and the first class of the College of Dentistry will go into the second year with ten more students than the preceding second-year class.

Microscopes are rented from the pool to first- and second-year students in the College of Medicine and to first-, second-, and third-year students in the College of Dentistry.

The Vice-President in Charge of the Chicago Professional Colleges, the Provost, and the Comptroller recommend a special appropriation of \$9,330 to cover the cost of the addition of thirty instruments to the rental pool.

I concur and recommend that this appropriation be made from the General Reserve Fund.

On motion of Mr. Johnston, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

CONTRACTS FOR CONSTRUCTION OF BAND BUILDING

(21) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for the construction of the new Band Building, the award in each case being to the lowest bidder.

General — Kuhne-Simmons Co., Inc., Champaign.....	\$412 544 00
Electrical — Fedco Electric Contractors, Inc., Danville.....	62 620 00

<i>Total of Contracts.....</i>	<i>\$656 117 22</i>

Recommendations for the purchase of fixed equipment for this building will be submitted later.

Funds are available in the state appropriations to the University for the biennium 1955-57 for buildings and other permanent improvements. The item for the Band Building is \$787,000, of which \$40,000 has already been released by the Governor.

I recommend that these contracts be awarded and that the Comptroller and the Secretary of the Board be authorized to execute the same, subject to the release of funds by the Governor.

On motion of Mr. Herrick, these contracts were awarded, as recommended, and the Comptroller and Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

CONTRACT FOR PROFESSIONAL SERVICES ON DESIGNING RESIDENCE HALLS FOOD STORAGE BUILDING AND APPROPRIATION

(22) The program for the construction of new student housing, as approved by the Board of Trustees, provides for the construction of a central food storage building to service the dining facilities in the new residence halls for men and women. It is essential that this service building be available for use by the fall of 1958 when the addition to the Lincoln Avenue Residence and the second group

of Men's Residence Halls are scheduled for completion. The proposed location for this building is east of the Illinois Central Railroad and north of Florida Avenue. Before the design of this building can be fully developed, preliminary designing is necessary on other projects, specifically a future Physical Plant Service Building and a future Receiving and Warehousing Building for the Purchasing Division of the Business Office which will be constructed in the same area.

The food storage building will be a specialized warehouse and food service building requiring large refrigerators for storage of frozen foods and cold areas for processing foods.

The Director of the Physical Plant and the Comptroller recommend award of a contract to A. Epstein, Inc., Engineers, Chicago, for complete architectural and engineering services on this building. The proposed fee for this service is 6 per cent of the cost of the construction contract. Until such time as the project is ready for construction, payments will be limited to a fee of 1.5 per cent of the estimated cost to cover design work and drawings. For additional supplementary studies necessary to develop the plans so that the location of the food storage building will not interfere with the development of the other service building project referred to, A. Epstein, Inc., will charge a fee based on actual costs as determined by time-card reports, plus 110 per cent for overhead and commission.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract for these services according to the terms specified and that an appropriation of \$12,000 be made from the General Reserve Fund as an advance to pay for said services, which will be a part of the construction cost of the Food Storage Building, with the understanding that this fund will be reimbursed from the proceeds of the bond issue to finance construction when such funds become available.

The Buildings and Grounds Committee of the Board has also considered this proposal and joins in the recommendation.

On motion of Mr. Livingston, the Comptroller and Secretary of the Board were authorized to execute the recommended contract, and the advance of funds requested was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megrn, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

CONTRACT AND APPROPRIATION FOR IMPROVEMENTS IN CERAMICS BUILDING

(23) The Director of the Physical Plant and the Comptroller recommend award of the following contracts for improvements in the attic of the Ceramics Building to convert that area into usable space for the Department of Mining and Metallurgical Engineering, the award in each case being to the lowest bidder.

General—E. N. DeAtley, Champaign.....	\$24 000
Plumbing, Heating, and Air Conditioning—F. R. Inskip, Champaign, doing business as F. R. Inskip and Co.....	28 440
Electrical—William H. Brunkow, Champaign, doing business as Brunkow Electric Co.....	7 509
<i>Total of Contracts.....</i>	<i>\$59 949</i>

This is for the minimum improvements necessary. Additional remodeling and improvements in this area will be recommended later when funds are available. A special appropriation of \$80,000 will be required for the above contracts and other expenditures, including purchases of equipment.

I recommend that a special appropriation of \$80,000 be made from the General Reserve Fund for this project, and that the Comptroller and the Secretary of the Board be authorized to execute the above contracts.

On motion of Mr. Livingston, these contracts were awarded, and the Comptroller and Secretary of the Board were authorized to execute the same, and the appropriation of funds recommended was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr.

Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

CHANGES IN CONTRACTS AND ADDITIONAL APPROPRIATION FOR ALTGELD HALL REMODELING

(24) The Director of the Physical Plant and the Comptroller recommend the following additions to contracts for the remodeling of Altgeld Hall:

General —

Elevator work — C. A. Petry and Sons, Champaign.....	\$ 4 325 95
Remodeling of Library and Locker Room — C. A. Petry and Sons, Champaign.....	8 495 00
Plumbing, heating, and ventilating — Schroeder and Sons, Champaign..	3 663 00
Electrical — Potter Electric Service, Urbana.....	2 389 00

This additional work is for (a) converting space formerly occupied by the Mathematics Library and the locker room into classroom and office space, \$16,000, and (b) changing access facilities to the elevator to make it accessible to students using wheel chairs and to other handicapped students, \$5,900, and will be done by contractors now constructing the addition to the building and remodeling the interior. The Committee on Nonrecurring Appropriations has recommended \$21,900 for these additional improvements.

I recommend that this appropriation be made and that the Comptroller be authorized to execute the contract changes.

On motion of Mr. Williamson, this appropriation was made, and the Comptroller was authorized to execute the contract changes. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton, Mr. Swain, Mrs. Watkins.

CONTRACT FOR PARKING LOT ADJOINING EAST DENTISTRY-MEDICINE-PHARMACY BUILDING

(25) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$38,051 to the Swanson Asphalt Company, Inc., Chicago, the lowest bidder, for the construction of a parking lot adjoining the East Dentistry-Medicine-Pharmacy Building at the south end of the block bounded by Hermitage Avenue on the east, Taylor Street on the south, and Wood Street on the west.

The work will consist of excavating and surfacing the area, installation of protective lighting, bumpers, a fence and control gate, and landscaping. This lot is part of the addition to the East Dentistry-Medicine-Pharmacy Building project and is needed to relieve congestion in this area.

Funds are available in the state appropriations to the University for buildings and other permanent improvements for the biennium 1955-57.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Bissell, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

CONTRACTS FOR CONSTRUCTION OF ADDITION TO POWER PLANT

(26) The Director of the Physical Plant and the Comptroller recommend award of a contract for \$13,803 to Sprinkmann Sons Corporation of Illinois, Peoria, Illinois, for thermal insulation in the construction of an addition to the Abbott Power Plant, and authorization of an agreement with the Illinois Central Railroad Company for the relocation and extension of the coal track siding in the power plant yard at an estimated cost of \$9,260, but based on actual costs to the Company.

Funds are available in the state appropriations to the University for 1955-57 for buildings and other permanent improvements, subject to release by the Governor.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

Bids were also called for on June 12 for the superstructure on the power plant addition, but only one bid was received, a bid of \$450,000 from Chism & Miller, Inc., Springfield. After the bid opening, a telegraphic revision of this bid was received, increasing it by \$19,342. This bid is so far in excess of the estimate that the Director of the Physical Plant and the Comptroller recommend that it be rejected and that new bids be taken.

On motion of Mr. Livingston, (a) the contract for thermal installation was awarded as recommended and the Comptroller and Secretary of the Board were authorized to execute the same; (b) these officers were also authorized to execute the proposed agreement with the Illinois Central Railroad Company; and (c) the bid on the superstructure was rejected.

CONTRACT FOR LABORATORY FURNITURE FOR THE CHICAGO PROFESSIONAL COLLEGES

(27) The Business Manager of the Chicago Professional Colleges, the Comptroller, and the Director of the Physical Plant recommend award of a contract for \$42,150 to the Kewaunee Manufacturing Company, Adrian, Michigan, the lowest bidder, for the manufacture and installation of laboratory furniture at the Chicago Professional Colleges. The work will include fabricating and installing sixty-seven pieces of laboratory furniture consisting of sinks, benches, storage cases, wall counters, and other fixtures in areas being remodeled for use by several departments including Bacteriology, Pathology, Hospital Laboratories, Dental Clinic, Pharmacology, and Hematology and Electrocardiograph Laboratories.

Funds are available in state appropriation for remodeling made to the University for the biennium of 1955-57 and in the Revenue Bond Construction Fund Account.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

CONTRACT FOR FURNACE MAINTENANCE AND REPAIRS IN HOUSING UNITS

(28) The Director of Housing, the Director of the Physical Plant, and the Comptroller recommend award of a contract to J. R. Boers Heating Company, Champaign, the lowest bidder, for furnace maintenance and repair work in the housing units operated by the University at Urbana-Champaign for the fiscal year beginning July 1, 1956, to provide for services as required and payments to be made at the following rates:

		<i>Straight Time</i>	<i>Overtime</i>	<i>Sundays and Holidays</i>

Mechanic's Helper.....		1 40	2 20	2 20
Contractor's Fee				
For labor.....	30 per cent			
For materials.....	30 per cent			

Labor rates are subject to adjustment for changes in rates paid generally by the contractor to his workmen for similar work with right of cancellation of the contract reserved by the University if such changes do not meet with its approval.

Funds are available in the income of the Housing Division.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

CONTRACT FOR PLASTERING AND ACOUSTICAL WORK

(29) The Director of the Physical Plant and the Comptroller recommend award of a standing contract to Harry F. Fisher, Urbana, for maintenance, plastering, patching repairs, and acoustical installations, work to be done as needed, for the fiscal year beginning July 1, 1956, on the basis of the following terms: (1) \$2.50 an hour for trucking of equipment and materials for actual time used solely for transportation, provided that not over 10 per cent of one job will be charged to trucking costs unless the total costs are \$25 or less; and (2) contractor's fee of 19 per cent of all job costs.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

AGREEMENT WITH EDUCATIONAL TELEVISION AND RADIO CENTER

(30) The Director of University Broadcasting and the Comptroller recommend authorization of an agreement with the Educational Television and Radio Center, a non-profit corporation for the advancement of educational television and radio at Ann Arbor, Michigan, to furnish television program materials. The fee will be \$4,800 for a period of twelve months from July 1, 1956. The University will not be under any obligation to use or broadcast any material furnished by the Center which the University may deem unsuitable for its use.

EXPANSION OF ILLINI UNION BUILDING EMPLOYMENT OF ARCHITECTS

(33) When the Illini Union Building was constructed, there were some 10,000 to 12,000 students enrolled in Urbana-Champaign. Within a few years the enrollment will be almost double that for which the Illini Union facilities were planned. For more than fifteen years the Illini Union has served many student needs. It has provided daily services, not only for thousands of students but for members of the faculty, other employees, alumni, and the general public. In sponsoring, as it does, numerous worthwhile extracurricular student activities, it has supplemented the University's educational program. It has done much for the social life of the student-faculty community. In the future, the Illini Union can maintain and increase its contribution by developing and enlarging its facilities for all of these services.

The Board of Trustees Committee on Buildings and Grounds has considered a program for the expansion of the Illini Union to provide additional space for meetings and social functions, educational and recreational facilities, food services, and general services. A more detailed statement of this proposal is hereby filed with the Secretary of the Board for record. The program recommended to the Committee contemplates an increase in the Illini Union service charge which would provide the additional income needed to finance this expansion. The present service charge is \$7.00 each semester and it is proposed to increase this to approximately \$10.50 when the additional facilities are completed. This will still be less than fees charged at some other colleges and universities in the Midwest; in ten universities, all in the Big Ten group, this fee runs from \$12.00 to \$35.00 an academic year as compared with \$14.00 an academic year now charged at Illinois and the \$21.00 proposed.

The first step in this program will be the preparation of architectural studies to determine the feasibility of expanding the Illini Union facilities by construction of an addition to the present building. If this is feasible, plans will be developed with the expectation that construction may start in the fall of 1957 and the addition be completed in the fall of 1959.

The Committee on Buildings and Grounds has also considered the employment of architects for this project.

I now recommend authorization of this expansion program and the employment of the firm of Eggers and Higgins, New York, New York, as architects to furnish complete design services for the addition of the Illini Union Building, including consultation, preliminary drawings, complete design studies, outline space, review of materials and interior treatments. This firm has proposed a fee of 1.3 per cent of the actual cost of construction work involving its services. Later a recommendation will be submitted for the employment of an Illinois firm of architects for the completion of architectural and engineering services on this project at a fee not to exceed 4.7 per cent of the cost of construction contracts. On this basis, the total combined architectural and engineering fees to be paid will not exceed 6 per cent.

Funds are available in the operating reserves of auxiliary enterprises, including the Illini Union, and with the approval of the Board may be advanced to pay for these services with the understanding that the advances will be repaid from the proceeds of the bond issue to finance construction when such funds become available as the project moves forward.

The Committee on Buildings and Grounds is prepared to support both recommendations.

On motion of Mr. Livingston, these recommendations were approved.

GRANT FROM CARNEGIE CORPORATION OF NEW YORK

(34) The Carnegie Corporation of New York has made a grant of \$277,000 to the University of Illinois to develop a new high school mathematics curriculum.

This program was initiated four years ago by representatives of the College of Engineering, the Department of Mathematics, and the College of Education and the University High School. Its goal is a revision of the high school mathe-

matics curriculum by including topics from modern mathematics and by presenting the subject as an integrated body rather than as a group of isolated courses. The University has underwritten the project in its present status and will continue to contribute to it, but the grant provides for further development beyond University resources, and the program will be extended and tested in many high schools throughout Illinois. Schools now participating include Barrington High School, Blue Island Community High School, Pekin Community High School, the University High School at Urbana, and the Principia Upper School in St. Louis, Missouri.

The Carnegie grant will be used by a University committee to continue the work of developing mathematics courses for each of the four secondary school years, preparing classroom text materials and teachers' manuals, and conducting training courses in the new teaching techniques to be developed.

The project is directed by a committee of representatives of the Colleges of Education, Engineering, and Liberal Arts and Sciences.

I have accepted this grant on behalf of the Board of Trustees.

IMPROVEMENTS ON WEBER FARMS

(35) The Dean of the College of Agriculture and the Comptroller recommend award of a contract for \$6,086.95 to James Bickerman, Magnolia, Illinois, the lowest bidder, for construction of a horizontal silo and a cattle shed, with paved feeding lot, on the Laura M. Weber farm No. 4 in LaSalle County.

This and farm No. 2 are being converted from grain to livestock farms on recommendation of the College of Agriculture and the improvements are necessary for such a program. Funds will be available from the income of the farms.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same.

ANIMAL DISEASE RESEARCH LABORATORY

(36) The Congress is considering an appropriation for construction of an Animal Disease Research Laboratory for the United States Department of Agriculture. It is planned to locate this laboratory at or near a land-grant college having a veterinary school or a strong animal disease research program. The site is to be selected in consultation with representatives of the livestock industry, veterinary profession, state departments of agriculture, and land-grant colleges.

The University of Illinois has been invited to send representatives to a hearing before a site committee in St. Louis today, June 27. With the approval of the Board of Trustees Committees on Buildings and Grounds and General Policy, I have asked Dean L. B. Howard of the College of Agriculture and Director of the Agricultural Experiment Station, and others, to represent the University at this hearing to propose that the U.S.D.A. laboratory be constructed on or near the campus of the University of Illinois at Urbana-Champaign.

According to information received from the United States Department of Agriculture, it is seeking an appropriation of approximately \$19,000,000 for the construction of these facilities for animal disease research and control programs. The special requirements for location include: 200 to 400 acres of land; sewage facilities that will require outlets for 150,000 to 200,000 gallons per day of sterile and treated effluent; 250,000 to 300,000 gallons of water per day; electric current of 4,000 to 4,500 k.w. per hour; proximity to major railroad and air line connections and adjacent to hard-surfaced roads; availability per year of 1,000 each cattle, swine, sheep, locally produced; it must be near a community that can readily absorb 100 to 200 new families and fill 100 to 200 nonscientific positions; and it must not be close to an industrial, metropolitan strategic area.

On motion of Mr. Herrick, the Board approved all of the steps being taken.

JULY AND SEPTEMBER MEETINGS

President Megran reminded the Board that it had previously voted to hold its July meeting on Wednesday, July 25, 1956, in Harvard, Illinois. This meeting will be held in the residence of Mr. and Mrs. Megran, 301 Church Street, Harvard, Illinois. The Secretary will send members of the Board information concerning the plans for the day along with the official notice of the meeting.

It was the consensus of the Board that no regular meeting be held in August.

By unanimous consent the September meeting was scheduled for Tuesday, September 18, 1956, to be held in Chicago, beginning at 2:00 p.m., at a place to be selected by the President and the Secretary of the Board.

EXECUTIVE SESSION

At this point, an executive session was requested and ordered for consideration of the following items of business.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(37) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Preparation of fatty acid esters of sugar phosphates—F. A. Kummerow, Associate Professor of Food Technology, and Shrinath S. Kalbag, a former graduate student in the Department of Food Technology, inventors. This is a chemical reaction involving fatty esters of polyol phosphates which may be of interest to the food industry. Armour and Company has supported, in part, the work which has made this invention possible and has indicated that it would be willing to support further development work and pay for all costs of obtaining a patent if in return it is granted an exclusive license, with the right to sub-license, to any patent issued as a result of this invention. Title to such a patent would be held by the University or the University of Illinois Foundation. The University's Patent Committee has considered this arrangement and feels that it would be advantageous to all parties concerned. Accordingly, the Committee recommends that the rights of the University to this invention be transferred to the University of Illinois Foundation and that the Foundation be authorized to negotiate with Armour and Company whereby that Company will pay all costs of securing a patent. If a patent is issued, title to the patent will be held by the Foundation. The Foundation would then agree to grant an exclusive license to Armour and Company with right to sub-license.

2. Improvement in the process of preparing pentaerythritol—M. S. Peters, Assistant Professor of Chemical Engineering, inventor. This is an improved method of producing pentaerythritol by the condensation of formaldehyde. At the request of the Patent Committee, a member of the Department of Chemistry and Chemical Engineering made a study and report on this invention. In his opinion, it is doubtful, because of the probability of prior art, that any substantial return can be obtained from a patent if secured. Accordingly, the Patent Committee recommends that this invention be released to the inventor.

3. Illinois mosquito egg separator—William R. Horsfall, Professor of Entomology, and Alexander S. Wilson, Senior Laboratory Mechanic in the College of Liberal Arts and Sciences, inventors. This is a device for the separation of mosquito eggs for use by mosquito abatement districts. It is the opinion of the Department of Entomology that the invention has little commercial value. Accordingly, the Patent Committee recommends that the rights of the University in the invention be released to the United States Public Health Service, the sponsoring agency, if that agency agrees to make an application for a patent. If the United States Public Health agency does not agree to make an application for a patent, the Committee recommends that all rights in the invention be released to the inventors.

4. Transistorized bistable multivibrator—Joseph M. Wier, Research Associate, Digital Computer Laboratory, inventor. This device is used to provide information storage in digital control and data handling systems. The Patent Committee has asked the University of Illinois Foundation to investigate the possibilities of obtaining a patent on this device, its commercial value, and report its findings to the Committee.

I concur in these recommendations.

On motion of Mr. Johnston, these recommendations were approved.

**UNIVERSITY'S SHARE OF SETTLEMENT OF CLAIM OF
ORVILLE RAY WOODS**

(38) Orville Ray Woods of Jacksonville, Illinois, then seven years of age, was severely burned in consequence of an accident occurring in Springfield on October 10, 1953. Since neither he nor his parents were financially able to pay for the medical, surgical, and hospital services he required, the same have been provided for him by the Division of Services for Crippled Children at an expenditure of its funds aggregating approximately \$4,050 to date. The accident occurred under such circumstances that the injured boy and his father have asserted a claim against the city of Springfield to recover for the boy's injuries, etc., and have sued that city on that claim.

A jury trial in that suit resulted in a verdict in favor of the city. That verdict has been set aside by the trial judge and a motion for a new trial has been granted. The attorneys representing the Woods boy and his father in the suit have informed the University's Legal Counsel that they believe they can obtain \$14,000 from the city in settlement of all claims against it arising out of the accident, and have proposed that, if this amount can be obtained in settlement, the University accept \$3,104.86 as its share of the proceeds of the settlement by way of partial reimbursement for its expenditures. They have also informed the Legal Counsel that they have no evidence which they can submit at a second trial of the suit in addition to that presented at the first trial and have strongly recommended to the University and their clients that the proposed settlement be made if it can be effected. Upon the recommendation of the Director of the Division of Services for Crippled Children, a committee of University officers comprising the Assistant to the President, the Comptroller, and the Legal Counsel have informed the attorneys for the Woods family that, if a settlement in the sum of \$14,000 can be obtained from the city of Springfield, the University will accept \$3,104.86 as its share of the settlement. They recommend that this action upon their part be approved and ratified by the Board of Trustees.

I concur.

On motion of Mr. Bissell, the action of the committee was approved and the acceptance of \$3,104.86 by the University as its share of the contemplated settlement was authorized.

REPORTS OF THE EXECUTIVE COMMITTEE

The Executive Committee submitted the following reports of its actions.

MEETING OF THE EXECUTIVE COMMITTEE JUNE 14, 1956

On call of the Chairman, a meeting of the Executive Committee was held on Thursday, June 14, 1956, at 5:00 p.m., in the Illini Center, LaSalle Hotel, Chicago, Illinois.

Mr. H. B. Megran, Chairman, Mr. Park Livingston, and Mrs. Frances B. Watkins, constituting all members of the Executive Committee, were present; also present were President David D. Henry, Mr. H. O. Farber, Comptroller, and Mr. A. J. Janata, Secretary of the Board.

The Executive Committee considered the following recommendations from the President of the University.

Increase in Funds for the Control Systems Laboratory

The Air Force, the Office of Naval Research, and the Signal Corps of the United States Army, which support the Control Systems Laboratory, have requested that the University increase the rate of effort in the operation of that facility, to the extent of approximately \$492,300 to be added to present contract funds. These funds will be expended and reimbursed to the University approximately in the amounts of \$162,750 for the acquisition of capital equipment, including one airplane, \$234,750 for increased operating costs, and \$94,800 for subcontracts to be entered into by the University with outside contractors. The nature of the additional research to be conducted is classified.

The Dean of the College of Engineering, the Chairman of the University Research Board, and the Comptroller recommend, and I concur, that the rate of effort of the Control Systems Laboratory be increased by the acceptance of the funds indicated, and that the Comptroller and the Secretary be authorized to execute necessary contracts with the U. S. Government.

On motion of Mr. Livingston, this recommendation was approved and authority was given as requested.

Purchases

The Secretary of the Board had previously submitted to the Committee the following recommendations for purchases of equipment and services:

Aero Commander Model 680 airplane, and engineering and flying service to evaluate flight characteristics

Airplane.....\$76 885 00

- Service: preliminary studies to investigate and evaluate flight characteristics of this aircraft with special equipment installed as specified..... 6 866 93 \$83 751 93
- Engineering and modifications of
Aero Commander Model 680 airplane..... 29 877 75
- This is an estimated figure based on hourly rates: engineering, \$7.50; shop hours, \$4.75; experimental flight hours, \$25.00; and indirect costs, 26 per cent of all direct costs.
- Fixed fee for above services..... 2 987 78
- This airplane is needed for one of the research programs of the Control Systems Laboratory. It will be delivered to the University for test flights for about three months and will then be transferred to the United States Army Signal Corps under its contract with the University for the research project. It is recommended that the aircraft and services be purchased from Aero Design and Engineering Company, Bethany, Oklahoma.
- Auto pilot and installation kit..... 16 756 00
- To be used in conjunction with the above aircraft. It is recommended that this be purchased from Lear, Inc., Grand Rapids, Michigan. The auto pilot manufactured by this company is the only one which will meet the requirements of the scientists. The only other equipment which would meet requirements is almost twice as heavy and is more expensive.

The cost of this equipment will be paid from funds received by the University under its contract with the United States Government covering the research project for which the equipment will be used.

On motion of Mr. Livingston, these purchases were authorized.

On motion of Mrs. Watkins, the Committee adjourned.

MEETING OF THE EXECUTIVE COMMITTEE JUNE 27, 1956

On call of the Chairman, a meeting of the Executive Committee was held in the Sheraton-Blackstone Hotel, Chicago, Illinois, on Wednesday, June 27, 1956, at 12:00 noon.

Mr. H. B. Megran, Chairman, and Mr. Park Livingston were present; Mrs. Frances B. Watkins was absent.

Also present were Mrs. Doris S. Holt, Messrs. Cushman B. Bissell, Wirt Herrick, Wayne A. Johnston, and Kenney E. Williamson, members of the Board; President David D. Henry, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel; and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary of the Board.

Purchase of Automobile

Mr. Megran stated that with the concurrence of the Committee on Buildings and Grounds he had asked the Comptroller to secure quotations on a new automobile for the University's fleet of passenger cars to replace Vehicle No. 600, a 1952 Chrysler, eight-passenger sedan, which would soon require extensive and costly repairs to maintain it in satisfactory service.

The Comptroller reported that twelve dealers in east central Illinois had been invited to submit quotations and that eight were received. The lowest quotation is from Parkhill Motor Sales, Champaign, on a 1956 eight-passenger Cadillac sedan, completely equipped according to University specifications, at a price of \$7,088.35, with an allowance of \$1,738.45 for the Chrysler, or a net price of \$5,349.90.

On motion of Mr. Livingston, the Committee authorized the purchase of this automobile.

On motion of Mr. Livingston, the Committee adjourned.

THE UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1956-57

(Approved by the Board of Trustees June 27, 1956, page 1075)

EXPLANATORY NOTES

This budget consists of three volumes:

- I. Summaries of all divisions; Urbana-Champaign divisions and general University administration—academic and administrative salaries, wages, expense, and equipment.
- II. Chicago Professional Colleges, Division of Services for Crippled Children, and Chicago Undergraduate Division—academic and administrative salaries, wages, expense, and equipment.
- III. Nonacademic salaries, all divisions.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1956.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position. Student employees may not be charged directly against salaries.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries" and "Wages, Expense, and Equipment." Transfers may be made between "Salaries" and "Wages, Expense, and Equipment" upon approval of the Provost, except that transfers between salaries and wages may be made by the Comptroller to the extent of the full-time equivalence of the salary positions. All requests for transfers should be submitted through the Comptroller, with the reason for the transfer. Nonrecurring unassigned items may be assigned to departments for equipment or minor remodeling projects, upon notice to the Accounting Division, except that any assignment of more than \$1,000 must first be approved by the Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1956. Balances up to 5 per cent, or total encumbrances, whichever is larger, will automatically be carried forward to 1957-58.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds, and restricted budgets are on an estimated basis. Unless otherwise indicated, appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

The services required for members of the academic and administrative staff are in accordance with "Terms of Employment" adopted by the Board of Trustees on January 8, 1948.

1. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

2. For positions or portion of positions not indicated as "Y," services are required only during the academic year of two semesters (three terms in Chicago Professional Colleges). Summer session teaching, if required, will be covered by an additional appointment with salary.

Services of the nonacademic staff are in accordance with Civil Service regulations.

Tenure Symbols (a number following indicates percentage of time)

A — Indefinite tenure, payable in twelve monthly installments.

B — Two years from September, 1955, payable in twelve installments (with any changes effective September, 1956).

- D — One year, payable in twelve installments from September 1, 1956.
 E — The academic year 1956-57, payable during nine months from September 16.
 F — One year from effective date indicated (other than September 1).
 G — For the period indicated (less than one year and not on "Y" status).
 N — In accordance with Civil Service regulations, effective July 1, 1956, with payments on a monthly basis.
 NS — Same as N, except work week is five and one-half days.
 H — In accordance with Civil Service regulations on an hourly basis.
 P — At prevailing rates. Amount indicated is estimated annual salary based on normal number of hours.
 Y — Indicates that services are required throughout the year, except for allowable vacation, without additional compensation.
 Z — Indicates person's name appears in two or more budgets.
 R — On retirement annuity from University Retirement System.
 RA — Receiving retiring allowance from the University (old system).

Perquisite Designation

Perquisites University — Perquisites for the convenience of the University.

Perquisites Employee — Perquisites for the convenience of the employee.

In Chicago nonacademic budgets, "M's" are used to designate meals and "R" room for convenience of the employee; "X" is used for meals for convenience of the University. Dollar amounts do not include any perquisites for the convenience of the University.

In the College of Agriculture, additional symbols are used to designate fund, as explained in the Agriculture Summary.
