

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

May 28, 1957

The May meeting of the Board of Trustees of the University of Illinois was held in the State Office Building, Springfield, Illinois, on Tuesday, May 28, 1957, beginning at 1:15 p.m. By vote of the Board, the meeting was originally scheduled to be held on May 28 in Urbana, Illinois, but pursuant to the authority vested in him in the By-Laws of the Board of Trustees, the President of the Board ordered a change in the place of the meeting from Urbana to Springfield because a hearing on the University's appropriations bills for 1957-59 by the House of Representatives Committee on Appropriations, Seventieth General Assembly of Illinois, had been scheduled for the same afternoon and both the hearing and the Board meeting required participation of several of the same University officials, including some of the Trustees.

The following members of the Board were present: Mr. Wirt Herick, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Cushman B. Bissell, Mr. Earl M. Hughes, Mr. Vernon L. Nickell, Governor William G. Stratton, and Mr. Kenney E. Williamson were absent.

Also present were President David D. Henry, Vice-President and Provost Henning Larsen, Dr. H. E. Longenecker, Vice-President in charge of the Chicago Professional Colleges, Director C. S. Havens of the Physical Plant Department, Mr. Ralph F. Lesemann, Legal Counsel, Mr. C. E. Flynn, Director of Public Information; and the officers of the Board, Mr. H. O. Farber, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of February 14 and March 12, 1957, press proof copies of which had been sent to all members of the Board in advance.

On motion of Mr. Johnston, the minutes were approved as printed on pages 247 to 338, inclusive.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

(1) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

On motion of Mrs. Watkins, these appointments were confirmed.

HEADSHIP OF THE DEPARTMENT OF ENGLISH

(2) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Robert W. Rogers, now Professor of English and Executive Secretary of the Department of English, as Professor of English on indefinite tenure and Head of the Department beginning September 1, 1957. The salary of this position will be determined later when the budget for 1957-58 is prepared and submitted to the Board for approval. The appointment is to replace Professor Gordon N. Ray, presently Head of the Department, who will become Vice-President and Provost on September 1.

All members of the Department of English of professorial rank have been consulted in accordance with the provision in the University of Illinois Statutes governing the appointment of a head of a department. The Vice-President and Provost, the Dean of the Graduate College, and the Executive Committee of the College concur.

I recommend approval.

On motion of Mr. Herrick, this appointment was approved.

HEADSHIP OF DIGITAL COMPUTER LABORATORY

(3) Professor N. M. Newmark, Head of the Department of Civil Engineering, has also been serving as Chairman of the Digital Computer Laboratory. He has asked to be relieved of this assignment, effective September 1, 1957. Administratively, the Laboratory is under the Graduate College. The Dean recommends that the Laboratory be given the status of a department and that it be governed in its organization and administration by the provision in the University Statutes relating to a department. He also recommends that Dr. Ralph E. Meagher, Research Professor of Physics and Chief Engineer of the Digital Computer, be appointed Head

of the Laboratory effective September 1, 1957. The salary of this position will be determined when the budget for 1957-58 is submitted to the Board of Trustees for approval.

I recommend approval of these changes.

On motion of Mr. Swain, these recommendations and the appointment were approved.

CHAIRMANSHIP OF DEPARTMENT OF POLITICAL SCIENCE

(4) The term of Professor Francis G. Wilson as Chairman of the Department of Political Science will expire at the end of the current academic year and he has expressed a desire to withdraw from the chairmanship in order to devote his whole energies to teaching and research. After consultation with all members of the Department of professorial rank, the Dean of the College of Liberal Arts and Sciences recommends the appointment of Clyde Frank Snider as Chairman for two years beginning September 1, 1957, in addition to his appointment as Professor of Political Science on indefinite tenure.

The salary of this position will be determined later when the budget for 1957-58 is prepared and submitted to the Board for approval.

The Vice-President and Provost, the Dean of the Graduate College, and the Executive Committee of the College concur.

I recommend approval.

On motion of Mr. Johnston, this appointment was approved.

RESIGNATION OF FREDRICK S. SIEBERT

(5) It is with great regret that I report the resignation of Fredrick S. Siebert, Director of the School of Journalism and Communications, who has accepted a position at Michigan State University. His resignation will become effective at the end of the current academic year, but he has agreed to continue in service at the University of Illinois through the month of September, 1957, if necessary, in order to facilitate the change in administration of the School.

I request that the President of the University be authorized to accept this resignation and to determine the effective date.

On motion of Mrs. Watkins, this request was granted.

SABBATICAL LEAVE OF ABSENCE FOR GOTTFRIED S. FRAENKEL

(6) I recommend that Professor Gottfried S. Fraenkel be given sabbatical leave of absence on one-half pay for the second semester of the academic year 1957-58 (March 1 through August 31, 1958).

He plans to spend that period in research on silk worms at the University of Tokyo under a fellowship grant he has received from the National Science Foundation.

Professor Fraenkel was granted a sabbatical leave of absence on one-half pay for the second semester of the current academic year but at his request this leave was cancelled without prejudice. Hence, the present proposal is reinstatement of leave previously authorized.

On motion of Mr. Swain, this leave was granted.

PURCHASE OF PROPERTIES AT URBANA, ILLINOIS 204 South Goodwin Avenue

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 204 South Goodwin Avenue, Urbana, owned by Mrs. Leola Graham. The property consists of a lot approximately sixty feet wide and one hundred ten feet deep, and a three-story frame house used as a student rooming house.

The land is needed as a part of the site for a new Physics Building, and the Board of Trustees on April 18, 1957, authorized the acquisition of the property through condemnation proceedings since at that time the owner was unwilling to sell except at a price which University officials could not recommend. The owner has now agreed to enter into a contract on these terms: a selling price of \$31,500 of which \$20,000 shall be payable on or before July 21, 1957, and the balance on the date of possession by the University; the seller to retain possession, rent free, until February 15, 1958; taxes to be prorated as of date of possession; and all repairs and maintenance prior to that date to be made by the seller.

Funds will be available in the state appropriation for 1957-59 for land acquisitions.

I recommend that the property be purchased at the price and on the terms indicated, and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Swain, this recommendation was approved by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Hughes, Mr. Nickell, Mr. Stratton, Mr. Williamson.

1012 West Green Street

The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of property at 1012 West Green Street, Urbana, owned by Miss Margaret Nelson. The property consists of a lot seventy-six feet wide and two hundred sixty-four feet deep and a two-story frame building with asphalt shingle roof and a two-stall garage in the rear. The rooms are set up to provide several apartments.

The land is needed as part of a site for a student residence hall, and the Board of Trustees on April 18, 1957, authorized the acquisition of the property through condemnation proceedings, since at that time the owner was unwilling to sell except at a price which University officials could not recommend. The owner has now agreed to enter into a contract on these terms: a selling price of \$33,360, of which \$10,000 shall be paid on July 2, 1957, and the balance of \$23,360 without interest on January 2, 1958; and taxes to be prorated as of the date of possession, which shall be not later than December 31, 1957.

Funds will be available in the state appropriation for 1957-59 for land acquisitions.

I recommend that the property be purchased at the price and on the terms indicated and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Herrick, this recommendation was approved by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Hughes, Mr. Nickell, Mr. Stratton, Mr. Williamson.

1106 West Illinois Street

The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of property at 1106 West Illinois Street, Urbana, owned by John B. and Jeanne R. Mizelle. The property consists of a lot approximately seventy-five feet wide and one hundred sixty-eight feet deep and a two and one-half-story frame building with brick veneer exterior on the first story and wood shingle siding above the brick and an asphalt roof. For several years it was used as a student rooming house but has now been converted into single apartments.

The land is needed as part of a site for student residence halls, and the Board of Trustees on April 18, 1957, authorized the acquisition of the property through condemnation proceedings since at that time the owners were unwilling to sell except at a price which University officials could not recommend. The owners have now agreed to enter into a contract on these terms: a selling price of \$31,500, payment to be made upon approval of merchantable title; the sellers to retain possession, rent free, until September 1, 1958; and the sellers to pay all taxes, prorated to September 1, 1958, and all costs of repairs, maintenance, insurance, and expense of removing any tenants on or before September 1, 1958.

Funds will be available in the state appropriation for 1957-59 for land acquisitions.

I recommend that the property be purchased at the price and on the terms indicated and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Swain, this recommendation was approved by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Hughes, Mr. Nickell, Mr. Stratton, Mr. Williamson.

1102 West Green Street

The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 1102 West Green Street, Urbana, owned by Miss Florence Asman and Mrs. Ruby Hardesty. The property consists of a lot seventy-six feet wide and two hundred sixty-four feet deep and a three-story frame building, recently remodeled, plus a barn in the rear. The house is presently used as a student rooming house.

The land is needed as part of a site for a residence hall for graduate students, and the Board of Trustees on April 18, 1957, authorized the acquisition of the property through condemnation proceedings since at that time the owners were not willing to sell except at a price which University officials could not recommend. The owners have now agreed to enter into a contract on these terms: a selling price of \$39,000 to be paid to the owners on or before July 20, 1957, upon delivery to the Board of Trustees of the University of Illinois of a general warranty deed of conveyance assuring the University of a fee simple title to the real estate; the 1956 general taxes due and payable in 1957 to be paid in full by the owners, and the 1957 taxes payable in 1958 to be prorated as of the date of delivery of deed; any special assessments against the property as of date of delivery to be paid by owners; the owners to have the right to remove from the premises certain stipulated contents of the house.

Funds will be available in the state appropriation for 1957-59 for land acquisitions.

I recommend that the property be purchased at the price and on the terms indicated, and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mrs. Holt, this recommendation was approved by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Hughes, Mr. Nickell, Mr. Stratton, Mr. Williamson.

EASEMENT TO ILLINOIS POWER COMPANY

(14) The Illinois Power Company is purchasing approximately sixteen acres of land immediately south of St. Mary's Cemetery between First Street extended and the Illinois Central Railroad south of Champaign for the relocation of its border station and installation of a propane blending plant and tank field. There is no access by roadway from this area to St. Mary's Road or to First Street except a cindered farm lane on the west side of the University property extending southward from St. Mary's Road for a quarter of a mile which is used for access to the Physical Plant nursery located adjacent thereto. The Illinois Power Company has requested an easement for the joint use of this lane, in consideration for which the Company will construct and maintain an all-weather roadway.

The Director of the Physical Plant, the Dean of the College of Agriculture, and the Vice-President and Comptroller recommend granting of an easement, and I concur. The following resolution is presented to authorize an instrument of conveyance.

Be it, and it is hereby, resolved by the Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and the Secretary of the Board of Trustees be, and they hereby are, upon the approval of the Legal Counsel, authorized to execute, acknowledge, and deliver in the name and on behalf of this corporation, such instrument of conveyance, contract, or other document or documents, as to them may seem necessary or desirable, in order to effectuate a conveyance to Illinois Power Company of a right of way easement over and upon, and with the right to construct and maintain a roadway thereon, traverse, travel upon, cross, and use for usual road purposes, a strip of land not more than 12 feet wide, with an overall width of 18 feet to provide for drainage, extending from St. Mary's road south approximately $\frac{1}{4}$ mile along a line between the SW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 24 and the SE $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Section 24, all in T 19 N, R 8 E of the 3rd P.M., Champaign County, Illinois, on the site of the existing cindered farm lane, the exact location to be set forth in the instrument of conveyance herein authorized to be entered into, said right of way easement to be non-exclusive, and said Illinois Power Company to agree to construct and maintain thereon, in a manner acceptable to duly authorized representatives of this public corporation, an all-weather roadway 12 feet wide, with an overall width of 18 feet to provide for drainage, at the sole expense of said Illinois Power Company, and to agree to indemnify this public corporation against any loss or damages arising out of liability for personal injury, including death, or property damage, to any persons whomsoever, caused by or attributable to the construction, maintenance and/or use of said roadway by said Illinois Power Company. The easement grant shall provide for a right of way easement for an original term of ten years and shall contain a provision authorizing renewal for an additional term of ten years providing that the University determines at the end of the first ten year term or within ninety calendar days prior thereto that such use for a second term of ten years will not interfere with University plans for development and use of University property.

I concur.

On motion of Mr. Herrick, the foregoing resolution was adopted by the following vote: Aye, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Hughes, Mr. Nickell, Mr. Stratton, Mr. Williamson.

ADDITION TO CONTRACT FOR ELECTRICAL WORK ON THE ABBOTT POWER PLANT ADDITION

(15) On April 25, 1956, the Board of Trustees awarded a contract for \$114,749 to the Northern States Company, Inc., for electrical equipment for the Abbott Power Plant Addition. The extension of conduit, fittings and cable for lighting control and for power purposes on the coal handling conveyor system was inaccurately shown on the bid drawings, and time did not permit a thorough check of them

prior to receipt of bids. The contractor has filed a claim for payment for additional work amounting to \$4,175.99. Sargent and Lundy, Consulting Engineers, and the Physical Plant have examined the claim and, on the basis of unit cost submitted, found that the contract should be increased \$3,517.34 for the additional work required. The Director of the Physical Plant and the Vice-President and Comptroller recommend an addition of \$3,517.34 to the contract.

I concur and recommend that the Comptroller be authorized to execute the contract change order.

On motion of Mrs. Watkins, the Comptroller was authorized to execute this addition to the contract.

ADDITIONS TO CONTRACTS FOR CONSTRUCTION OF NEW BUILDINGS

(16) The Executive Committee reports that upon recommendation of the Director of the Physical Plant Department, the Vice-President and Comptroller, and the President of the University, it has authorized the following changes in contracts for construction of new buildings:

Men's Residence Halls — General contract, Felmley-Dickerson Company, Urbana.

An increase of \$5,873.80 for changing from ordinary foundation footings to pile footings. This change is recommended by the architects after experience with the excavation work indicated the need for such foundation construction. The original soil test borings did not reveal the conditions encountered. The alternative would be to lower the footings at a greatly increased cost.

Biology Building — Plumbing contract, Bellis & Miller, Inc., Champaign. An increase of \$12,000 to provide for additional drainage required by ground water conditions.

Confirmation of this action is requested.

On motion of Mr. Swain, the action of the Executive Committee was confirmed.

HOUSING SURVEY

(17) Questions have been raised by apartment owners in Urbana-Champaign concerning the University's program for the construction of housing for married students and the need for same. The University has previously announced that it will reappraise its housing program from time to time, and that as the local situation changes the University will adjust its program for the construction of housing facilities accordingly. In view of these questions and their public discussion, it is desirable that a survey be made to determine whether the University's program for the construction of family housing for married students should be revised. The University's data and those of private apartment owners are not in agreement and hence it is desirable to have a survey made by an outside agency.

A recommendation for such a survey by the Real Estate Research Corporation of Chicago, at an estimated cost of between \$4,500 and \$5,200, was submitted to the Executive Committee of the Board of Trustees. Funds are available in the Housing Division reserves to pay the cost of this survey.

The Executive Committee authorized the survey and reports its action for record.

On motion of Mrs. Holt, the action of the Executive Committee was confirmed.

JUNE MEETING

The Secretary requested instructions from the Board regarding the time and place of the June Board meeting, previously scheduled to be held in Chicago on June 20, 1957.

On motion of Mrs. Watkins, the Board voted to hold its next meeting in the LaSalle Hotel, Chicago, Illinois, on Thursday, June 20, 1957, beginning at 3:00 p.m. (Central Daylight Saving Time).

MEETINGS OF BOARD COMMITTEES

Mr. Livingston stated that it would be desirable to have meetings of the Committees on Buildings and Grounds, General Policy, and possibly other Board committees some time in June, and asked if a date could be agreed upon for these meetings. It was the consensus of the Board that to conserve the time of all concerned, these meetings should be held on Thursday, June 20, 1957, in Chicago, since the Board will be meeting there on the same day, and the Secretary was instructed to arrange for these meetings beginning at 12:30 p.m. on that day.

EXECUTIVE SESSION

At this point an executive session was requested and ordered for the consideration of the following item of business relating to claims of

contractors arising out of work done by them in the construction of an addition to the Research and Educational Hospitals in Chicago.

Mr. Park Livingston, as Chairman of a Special Committee of the Board appointed to consider claims of contractors arising out of work done by them in the construction of an addition to the Research and Educational Hospitals in Chicago, reported that the Committee met in the Illini Center of the LaSalle Hotel, Chicago, Illinois, on Saturday, May 25, 1957, to hear representatives of the Crouch-Walker Company, Chicago, Illinois, a subcontractor of the Patrick Warren Construction Company, the general contractor for this building. A court reporter's record of the proceedings of this hearing will be filed with the Secretary for record.

At Mr. Livingston's request, Mr. Ralph F. Lesemann, Legal Counsel, presented a review of the proceedings, during which it developed that a representative of the Crouch-Walker Company had made certain charges and accusations against University officials, including a member of the Board of Trustees.

Messrs. Livingston, Farber, Havens, and Rice also reported on conversations they had at various times with this representative.

At the conclusion of this presentation, Mr. Johnston stated that it is the obligation of the Board of Trustees to investigate these charges and accusations thoroughly, and to request the appearance of parties who have made these accusations, as well as others who can testify concerning them, for the purpose of interrogation. It was the consensus of the Board that the Special Committee of which Mr. Livingston has been serving as Chairman since its original appointment on October 24, 1952, be given the assignment of investigating the charges. The members of the original committee, appointed October 24, 1952, were: Messrs. Park Livingston, Chairman, Wirt Herrick, Robert Z. Hickman, Wayne A. Johnston, H. B. Megrn. On October 22, 1956, Mr. Megrn, then President of the Board, reconstituted the Committee and appointed the following: Messrs. Park Livingston, Chairman, Cushman B. Bissell, Wirt Herrick, Wayne A. Johnston, and Kenney E. Williamson.

Mr. Livingston requested that he be relieved of service on this Committee, since he will wish to appear before it to give testimony, and this request was granted. Mr. Swain was appointed to replace Mr. Livingston as a member of the Committee, and Mr. Johnston was designated as Chairman. He stated that he would call a meeting of the Committee at an early date to begin the investigation.

Mr. Lesemann was designated as Counsel for the Committee, and on his request he was authorized to employ Mr. Albert E. Jenner, Jr. of the firm of Thompson, Raymond, Mayer, Jenner, and Bloomstein, Chicago, as Special Counsel in this matter.

On motion of Mrs. Watkins, the Board adjourned.
