NORMAN EUGENE TUCKER	Mt. Prospect, Illinois	Washington, D.C.

I concur.

On motion of Mr. Nickell, these certificates were awarded.

#### DIRECTORSHIP OF INSTITUTE OF GOVERNMENT AND PUBLIC AFFAIRS

(4) I recommend the appointment of Dr. Gilbert Y. Steiner, Research Associate Professor in the Institute of Government and Public Affairs and Assistant Dean of the Graduate College, as Research Associate Professor on indefinite tenure, and Director of the Institute of Government and Public Affairs for the period June 1, 1958, to September 1, 1959, at an annual salary of \$13,000 on "Y" basis.

This appointment has been recommended by a search committee appointed for this purpose. The Executive Committee of the Institute, the Vice-President and Provost, and the Dean of the Graduate College join in this recommendation.

I concur.

On motion of Mr. Bissell, this appointment was approved.

#### HEADSHIP OF THE DEPARTMENT OF ANIMAL SCIENCE

(5) The Dean of the College of Agriculture recommends the appointment of Dr. O. Burr Ross as Professor of Animal Science on indefinite tenure, and as Head of the Department of Animal Science in the College of Agriculture, in the Agricultural Experiment Station, and in the Extension Service in Agriculture and Home Economics, beginning July 1, 1958, at an annual salary of \$16,350 on "Y" basis.

Professor L. E. Card, who has been Head of the Department since 1945 and a member of the faculty since 1922, now on special assignment for two years as Professor of Animal Science and Group Leader for Agricultural Research and Development in the International Cooperation Administration Program in India, has asked to be relieved of the headship of the department upon his return to the University.

A special search committee to study the qualifications of available candidates has recommended this appointment, and all members of the Department of Animal Science of professorial rank have been consulted. The Vice-President and Provost and the Dean of the Graduate College join in the recommendation.

I concur.

On motion of Mr. Swain, this appointment was approved.

#### APPOINTMENT OF DIRECTOR OF PURCHASES

(6) The Vice-President and Comptroller recommends the appointment of James E. Osborn, now Assistant Director of Purchases, as Director of Purchases beginning September 1, 1958, to succeed Mr. H. M. Edwards who will retire after forty years of service in this position. The salary will be determined when the budget for 1958-59 is submitted to the Board of Trustees for approval.

I concur.

On motion of Mr. Johnston, this appointment was approved, and the Board recorded its appreciation of Mr. Edwards' many years of faithful and dedicated service. The Secretary was requested to send him a letter on behalf of the Trustees expressing their appreciation.

#### HONORARY DEGREE FOR AGNES CHASE

(7) The Urbana Senate has recommended that the honorary degree of Doctor of Science (D.Sc.) be conferred on Mrs. Agnes Chase, Research Associate of the National Herbarium of the Smithsonian Institution, Washington, D.C., at a time to be determined by the Board of Trustees. Mrs. Chase, a native of Illinois, is considered one of the most distinguished of all American botanists. She retired from her post as Senior Botanist at the Smithsonian Institution in 1939 when she reached the age limit of active service but has continued her life-long studies of the Gramineae, the large and complex family of the grasses, as Research Associate at the Smithsonian, an honorary title bestowed on her.

A copy of the report of the Senate Committee on Honorary Degrees recommending this award is submitted herewith and a copy is being filed with the Secretary of the Board for record.

I concur in this recommendation.

On motion of Mrs. Holt, this recommendation was approved. The President stated that Mrs. Chase will attend the Commencement Exercises at Urbana-Champaign on June 14, 1958, at which time the degree will be conferred upon her, and this was approved by the Board.

#### CONTRACTUAL AGREEMENT FOR EXTRAMURAL CLASSES

(8) For some time the Division of University Extension has been conducting extramural classes for industrial and business concerns, government agencies, labor organizations, and other associations or institutions. The classes are open only to employees and other individuals selected by the sponsoring agency. They include both non-credit and University-credit courses. The sponsor pays an amount which is at least equal to the direct costs of conducting the course. This always is a larger amount than would be collected if the usual fees were assessed.

Since the Board of Trustees has established a schedule of fees for extramural courses, it is desirable to have formal approval of these arrangements. The Dean of the Division of University Extension and the Vice-President and Comptroller recommend that the Dean be authorized to enter into contractual arrangements with organizations to conduct extramural classes which are open

only to members, employees, or other individuals designated by the sponsoring organizations, provided that the latter reimburse the University for at least the full, direct costs of conducting the classes. It is further recommended that all students enrolled in such courses shall be exempt from payment of the regular tuition and fees, and that the income from such contracts be retained in a revolving fund to cover the expenses of the courses.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

#### **SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(9) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve for the following purposes:

1. Department of Art, purchase and repair of equipment.....	\$ 2 000
2. University Library, acquisition of books and periodicals.....	20 000
3. School of Music, purchase of musical instruments.....	4 000
4. University High School, purchase of equipment.....	1 655
5. Department of Physics, Chicago Undergraduate Division, remodeling of laboratory .....	5 000
	<u>\$32 655</u>

The Committee further recommends that assignments be made from the 1957-58 General Reserve to the extent funds are available and the balance from the 1958-59 General Reserve.

I concur.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### **SUPPLEMENTAL APPROPRIATIONS**

(10) Supplemental appropriations are needed for wages, expense, and equipment for the following departments:

Library, Urbana .....	\$ 6 300
Physiology, Urbana .....	2 500
Admissions and Records, Urbana.....	16 600
Admissions and Records, Chicago Undergraduate Division.....	9 300

The Vice-President and Provost and the Vice-President and Comptroller have reviewed the requests for these additional funds, and recommend that they be appropriated from the University General Reserve.

I concur.

On motion of Mr. Bissell, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### **WORKING CAPITAL FOR STORES AND SERVICES FUND**

(11) An Act of the General Assembly of Illinois has transferred the Stores and Services Fund from the State Treasury to the University Treasury. When this fund was established in the State Treasury, \$1,500,000 was transferred from the University Income Fund to provide working capital. The present law provides for only \$1,000,000 from this fund for working capital, but the University is authorized to supplement this with other funds in the University Treasury.

I recommend that the Vice-President and Comptroller be authorized to advance \$500,000 of the funds in the University Treasury to provide working capital for the Stores and Services Fund, such amounts to be advanced at such times as they are needed.

On motion of Mr. Hughes, this assignment of funds was authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr.

Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### APPROPRIATION FOR NUCLEAR REACTOR

(12) The Atomic Energy Commission provides financial aid to engineering colleges for nuclear engineering educational facilities. Grants are limited to \$350,000 for any one institution and are made on the merits of nuclear engineering educational programs.

The College of Engineering has requested and received an allocation of \$113,800 for facilities in certain areas. A request was also submitted for \$235,000, including \$210,000 for an Argonaut-type training reactor. The Atomic Energy Commission has stated it can provide only \$150,000 at this time, and while the University can refuse this offer and continue its request for the full \$210,000, there is no indication that it will secure a grant in excess of the \$150,000 in the future. In the meantime, the College of Engineering needs the reactor to fulfill its obligations to staff and students in nuclear engineering.

It is proposed, therefore, to assign \$90,000 from indirect cost funds to supplement the grant of \$150,000 for the acquisition of the reactor at an estimated cost of \$210,000 and for the construction of a temporary building (at an estimated cost of \$30,000) in the area designated for future College of Engineering buildings.

The Dean of the Graduate College, the Vice-President and Provost, and the Vice-President and Comptroller recommend an assignment of \$90,000 from indirect costs funds for this purpose.

I concur.

On motion of Mr. Swain, these assignments of funds were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### IMPROVEMENTS AT THE AIRPORT

(13) The Federal Civil Aeronautics Administration has tentatively allocated \$80,000 as one-half of the cost of enlarging the apron and providing roads, walks, parking, and fencing at the University Airport. The State Department of Aeronautics has agreed to provide the remaining \$80,000 in matching funds from funds appropriated to it by the Seventieth General Assembly.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend that the Board authorize the filing of an application for the federal funds and the execution of an Agency and Participation Agreement with the Department of Aeronautics which will set forth the respective responsibilities of the University and the Department and which is necessary to comply with the state and federal laws to secure allocations of funds. The University will award the contracts and supervise the construction. The Director of Aeronautics will provide the \$80,000 of state funds, will disburse the federal funds, and will have the responsibility for compliance with state and federal requirements and for general policy supervision.

The engineering services will be performed by the regular staff of the Institute of Aviation. These costs will either be reimbursed by the Department of Aeronautics from the total project funds, or, if it becomes desirable to increase the total amount of the project, these funds will serve as matching funds for an additional federal grant in excess of \$80,000.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend that the Secretary and the Comptroller of the Board be authorized to execute a project application to the Federal Civil Aeronautics Administration, an Agency and Participation Agreement with the Department of Aeronautics of the state of Illinois and, if necessary, an agreement with the Department of Aeronautics for the architectural services.

I concur.

On motion of Mrs. Watkins, this recommendation was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr.

Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT FOR CONSTRUCTION OF THE FINE AND APPLIED ARTS BUILDING AND THE KRANNERT ART MUSEUM**

(14) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend the award of a contract for \$1,986,776 to Kuhne-Simmons Company, Incorporated, Champaign, Illinois, of which \$1,480,096 is for the construction of the new Fine and Applied Arts Building and \$506,680 for the Krannert Art Museum.

Funds are available for the Fine and Applied Arts Building in the state capital appropriation for 1957-59 "For construction of an Art and Architecture Building, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work." The University of Illinois Foundation has guaranteed \$500,000 for the Art Museum. Most of this sum has been received from gifts or pledges, the principal donors being the Krannert Foundation and Mr. and Mrs. Herman C. Krannert of Indianapolis, Indiana.

The total project budget for the Art Museum is \$585,000. The Director of the Physical Plant Department, the Dean of the College of Fine and Applied Arts, and the Vice-President and Comptroller recommend an appropriation of \$85,000 from the University General Reserve in order to complete the project.

The Board of Trustees, on July 16 and October 29, 1957, approved appropriations of \$290,000 for remodeling and minor additions to existing buildings. The Director of the Physical Plant Department and the Vice-President and Comptroller recommend that \$85,000 of these appropriations be lapsed and that the Governor be requested to transfer \$85,000 from the state appropriation for contingencies in the 1957-59 capital appropriations to the item for remodeling existing buildings, and to release this sum for remodeling in the Administration Building and in the basement of the Law Building. The effect of this will be to restore to the General Reserve a sufficient amount to provide the additional funds needed to complete the financing of the Art Museum.

Submitted herewith is a report from the Physical Plant Department on the bids received and the alternates being recommended. A copy of this report is being filed with the Secretary of the Board for record.

I concur in the above recommendations, subject to release of funds by the Governor.

On motion of Mr. Herrick, these recommendations were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT FOR CONSTRUCTION OF MEDICAL RESEARCH LABORATORY**

(15) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract for \$1,647,835 to the George Sollitt Construction Company, Chicago, the lowest bidder, for the construction of a Medical Research Laboratory Building at the northeast corner of Wolcott Avenue and Taylor Street in Chicago.

Funds are available in the state capital appropriations to the University of Illinois for 1957-59 and a Health Research Facilities grant from the federal government. The state appropriation is \$1,235,000 and the federal grant will provide up to \$750,000.

In support of this recommendation, there is submitted herewith a report from the Physical Plant Department, including the building budget and a schedule of all bids received, and a copy is being filed with the Secretary of the Board for record.

I concur in the above recommendation, subject to release of funds by the Governor.

On motion of Mrs. Watkins, this contract was awarded, as recom-

mended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### CONTRACTS FOR ADDITION TO ABBOTT POWER PLANT

(16) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of contracts as follows for the construction of the Abbott Power Plant Addition, Unit No. 6. The award in each case is to the lowest bidder.

Erection of mechanical equipment (Division "7L") — The Oberle-Jorde Company, Inc., 612 Tri-State Building, Cincinnati 2, Ohio.....\$23 980 00  
Furnishing and application of thermal insulation for piping system (Division "7M") — Midwest Insulation Company, P.O. Box 64, Metropolis, Illinois ..... 11 531 49

Attached is a report from the Physical Plant Department listing all bids received, and a copy is being filed with the Secretary of the Board for record.

Funds are available in the state appropriations to the University for capital improvements for the biennium 1957-59.

I concur.

On motion of Mr. Nickell, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### CONTRACT FOR AIR CONDITIONING INSTALLATION IN DENTISTRY-MEDICINE-PHARMACY BUILDING

(17) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract for \$8,747 to the Air Comfort Corporation, Chicago, the lowest bidder, for air conditioning the administrative suite in the first unit of the Dentistry-Medicine-Pharmacy Building.

The contract provides for furnishing and installing an air-conditioning system in the new administrative offices of the College of Medicine, including the necessary cutting and patching of floors, walls, and ceilings, as part of the program of air conditioning portions of the Dentistry-Medicine-Pharmacy Building.

Funds are available in the state capital appropriations to the University for 1957-59.

I concur.

On motion of Mr. Swain, this contract was awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### CONTRACT FOR REPLACING EAST DENTISTRY-MEDICINE-PHARMACY BUILDING DRIVEWAY

(18) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend the award of a contract for \$2,993 to the Banner Construction Company, 384 North Harding, Chicago, the lowest bidder, for the replacement of the south driveway slab at the East Dentistry-Medicine-Pharmacy Building.

This drive was part of the contract for the addition to this building. It has settled twelve to fourteen inches at the end near the loading dock, thus making it impossible for trucks to unload at the dock. The cause of the settling can not be determined until the slab is removed. If it is becomes evident that the contractor who constructed the slab is at fault (he has refused to make the correction), he will be held responsible for the cost of making the driveway usable.

An appropriation of \$4,000 will be required for this work, in the event the contractor is not responsible, for the contract plus engineering supervision and incidental costs.

I concur and recommend that the contract be awarded to the Banner Con-

struction Company and that an appropriation of \$4,000 be made from the General Reserve.

On motion of Mr. Williamson, this contract was awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### LEASE OF SPACE FOR AUDIO-VISUAL AIDS SERVICE AND TELEVISION-MOTION PICTURE UNIT

(19) The Executive Committee has authorized negotiations for the lease of space for the Audio-Visual Aids Service on the second floor of the building at the southeast corner of Green and Sixth Streets and for the Television-Motion Picture Unit on the second floor of the building at 606½ East Green Street, Champaign, through the agency of the University of Illinois Foundation. The Board of Directors of the Foundation has approved execution of leases with the owners of these properties.

The Director of the Physical Plant Department and the Vice-President and Comptroller recommend approval of subleases from the University of Illinois Foundation beginning September 1, 1958, or at such earlier date as possession can be obtained, and continuing through June 30, 1959, at an annual rental of \$10,236 for the property at the southeast corner of Green and Sixth Streets and an annual rental of \$2,696 for the property at 606½ East Green Street. In each case the sublease shall be automatically renewed for two-year periods until the termination of the Foundation's lease on September 1, 1963, unless at least sixty days' notice to the contrary is given by either party to the other prior to renewal dates. Funds will be available in the 1958-59 Physical Plant budget for rental, operation, and maintenance costs.

Some remodeling will be required in both of these properties. Estimated cost in the area at the southeast corner of Sixth and Green Streets for Audio-Visual Aids Service is \$34,000. Funds are available in the appropriation made by the Board of Trustees for general remodeling. An appropriation of \$9,200 is required for remodeling in the building at 606½ East Green Street for the Television-Motion Picture Unit.

I recommend that subleasing in the name and on behalf of the Board of Trustees of the University of Illinois of these properties from the University of Illinois Foundation be authorized, and that an appropriation of \$9,200 be made from the General Reserve Fund for remodeling for the Television-Motion Picture Unit.

On motion of Mr. Johnston, these subleases were authorized, and the recommended appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### CONVEYANCE OF LAND TO SPARTA TOWNSHIP HIGH SCHOOL DISTRICT

(20) On July 1, 1915, Thomas G. Dean and Mary Dean, his wife, of Sparta, Illinois, conveyed to the University a twenty-acre tract of land in Randolph County, Illinois, for "agricultural experimentation and demonstration." The deed, for which no consideration was paid by the University, recited that it was given "with the agreement and understanding . . . that if the University of Illinois discontinues using" the land for said purposes "for a period of more than two consecutive years" the University "shall, when requested, convey by proper deed to the Sparta Township High School, the east half" of said land.

Following the conveyance of the tract to the University, the Department of Agronomy conducted experimental work on it for many years with the result that much data on the benefits and reactions of various soil management practices were collected and many valuable lessons learned. In order to devote to new studies and experimental work at a new location the funds which were being used in connection with the Sparta Soil Experiment Field, it became necessary and

desirable to discontinue the use of the latter by the University. The University has not made any use of the tract conveyed to it by Thomas G. and Mary Dean since December 31, 1954, and, in view of the University's discontinuance of the use of the tract for the purposes specified in the deed for a period of more than two consecutive years, the Board of Education of the Sparta Township High School District has adopted a resolution requesting the University to convey the east half of the tract to the County Board of School Trustees of Randolph County, Illinois, and to their successors in office, for the use of the Sparta Township High School District No. 111, Randolph County, Illinois. The attorney for the Board of Education of the Sparta Township High School District and the Legal Counsel of the University are in agreement that the east half of the tract can be properly so conveyed by quit claim deed in accordance with the provisions of the deed given the University by the Deans.

Accordingly, the Dean of the College of Agriculture and the Vice-President and Comptroller of the University recommend that the action of the College of Agriculture in discontinuing the use by the University of said land for a period of more than two consecutive years immediately preceding the receipt of said request from said Board of Education be confirmed and ratified, that said request be granted by the making, execution, and delivery of a quit claim deed so conveying the University's interest in the east half of said tract of land, and that the Comptroller and the Secretary of the Board be authorized to make, execute, and deliver such deed on behalf of the University and its Board of Trustees.

I concur and also recommend the adoption of the following resolution prepared by the Legal Counsel, viz.:

#### Resolution

WHEREAS, by deed bearing date of July 1, 1915, one Thomas G. Dean and Mary Dean, his wife, of Randolph County, Illinois, conveyed to the Board of Trustees of the University of Illinois and their successors in office a tract of land, situated in said county, containing twenty acres more or less and described as follows:

Beginning at a stone at the northwest corner of the S.E. Quarter of the S.E. Quarter of Section 36, T 4 S, R 6 W, Randolph County, Illinois, thence running east along the north line of said S.E. Quarter of the S.E. Quarter of said Section 36 for a distance of 1177.5 feet, thence running south parallel to and 147.5 feet west of the east line of said Section 36 for a distance of 727.5 feet, thence running west parallel to and 592.5 feet north of the south line of said Section 36 for a distance of 1181 feet to the west line of said S.E. Quarter of the S.E. Quarter of said Section 36, thence running north along said west line of the S.E. Quarter of the S.E. Quarter of said Section 36 for a distance of 727.5 feet more or less to the point of beginning;

which deed is recorded in Book 78 at Page 63 of the records of the Recorder's Office of Randolph County, Illinois; and

WHEREAS, said deed provided that the grantee therein was to use the tract conveyed to it thereby for the purposes of agricultural experimentation and demonstration and further provided that if the grantee should discontinue using said land for said purposes for a period of more than two consecutive years it shall, when requested, convey by proper deed to the Sparta Township High School the east half of said above described tract of land; and

WHEREAS, the grantee in said deed has now discontinued the use by it of said land for said purposes for a period of more than two consecutive years and this Board of Trustees of the University of Illinois has been requested by the Board of Education of the Sparta Township High School District to convey the east half of said hereinabove described land as hereinafter resolved, authorized, and provided for the purpose of complying with and carrying out the provisions of said hereinabove mentioned deed:

#### **PURCHASE OF HOLLANDER LIBRARY IN ECONOMICS**

(21) The Director of the Library, the Dean of the Graduate College, and the Vice-President and Provost recommend the purchase of the Hollander Library in Economics, consisting of 4,470 items, mostly books and some papers and a number of other items including portraits and personalia, at a price of \$44,000. Funds for the purchase are available in an assignment of \$18,000 made by the University Research Board, \$12,000 in funds appropriated to the University Library for acquisitions, and a grant of \$14,000 from the University of Illinois Foundation. The purchase would be through Mr. William Gannon, New York City, New York, and Mr. Robert Barry, New Haven, Connecticut, dealers.

This collection was the private library of Jacob Hollander (1871-1940), a distinguished scholar, public servant, and Professor of Political Economy at Johns Hopkins University, 1900-35. In the course of his lifetime he assembled a famous collection of books and manuscripts on economics which ranks among the first four or five private collections of books and materials in the field of economics to be found in the world.

Acquisition of this collection will make the University economics research library one of the best. The Hollander Library will be an extremely valuable asset to future and present scholars.

In support of this recommendation, I submit a memorandum from Professor J. F. Bell, Chairman of the Department of Economics, which gives further details about the Hollander collection. A copy of this memorandum is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Swain, this purchase was authorized.

#### **ESTATES OF GRETCHEN JOHANNA SCHILLING AND PAUL CHARLES SCHILLING**

(22) By the wills of the late Gretchen Johanna Schilling and her late brother, Paul Charles Schilling, the University has received the residual assets of their estates, the funds to be used to assist worthy and needy students provided no more than \$500 is given to a student in any one year. The Continental Illinois National Bank and Trust Company of Chicago, as Trustee for the two estates, has given the University the option of receiving farm property in Richland County, consisting of 306 acres, and stocks and bonds of the Gretchen Johanna Schilling estate either in cash or in kind. Certain of the stocks and all of the bonds of her estate would be valuable additions to the University's investment portfolio. Three stock issues are small in amount, not complementing present holdings, and should not be retained. Upon recommendations of the Vice-President and Comptroller and the First National Bank of Chicago, the Finance Committee of the Board has instructed the Trustee to deliver the University's distributive share of the following stocks and bonds in kind:

\$10,000 General Motors Acceptance Corporation 3½ per cent debentures due March 15, 1972  
\$10,000 Phillips Petroleum 4¼ per cent convertible debentures due February 15, 1987  
\$10,000 Union Electric Company of Missouri 3¾ per cent first collateral bonds due May 1, 1971

\$10,000 U.S.A. Savings Bond Series K due March 1, 1968

30 shares DuPont de Nemours common stock

80 shares General Electric Company common stock

95 shares Texas Company capital stock

100 shares U. S. Gypsum common stock

and to sell the following securities and make distribution in cash:

60 shares Crown Zellerbach common stock

100 shares Firemans Fund Insurance Company capital stock

80 shares Minnesota Mining and Manufacturing Company capital stock

An examination of the farm lands in Richland County by representatives of the College of Agriculture reveals that the soil has poor fertility and would require a large expenditure to increase its productivity to make farming operations profitable. The College of Agriculture is not interested in the land for experimental purposes and does not recommend that it be operated as an endowment farm. In addition, the oil wells on the land, based on oil production data, are showing a steady decline in output and are now estimated to have a residual life of approximately two to three years. The farm lands, including mineral rights, have an estimated value of from \$20,000 to \$25,000. This has been corroborated by independent appraisals made for the Trustee and the University. Accordingly, it is recommended that the Trustee be instructed that the University desires to receive its distributive share of the farm lands in cash.

The Dean of Admissions and Records, the Chairman of the Committee on Undergraduate Scholarships, and the Dean of Students recommend that one half of the proceeds of these estates be held as an endowment fund, the income to be used for scholarships, and the other half be used as a student loan fund, the principal to be loaned to students and any interest received from such student loans to be available for additional scholarships.

I concur.

On motion of Mr. Johnston, these recommendations were approved.

#### NAMING OF MEN'S RESIDENCE HALLS

(28) The Director of Housing and the Dean of Students recommend that the following Men's Residence Halls buildings be named by names such as indicated in recognition of the contributions of each of these men to the University of Illinois.

Men's Residence Halls, Addition 3 — Carl Van Doren (1885-1950). A graduate of the University, Class of 1907. Critic, editor, teacher, writer, biographer, and Pulitzer Prize winner for his biography of Franklin. He was literary editor of *The Nation*, Editor in Chief of the Literary Guild of America, and held editorial posts on the *Century Magazine* and the *Saturday Review of Literature*.

Men's Residence Halls, Addition 4 — Lorado Taft (1860-1936). A graduate of the University, Class of 1879. Sculptor, writer, lecturer, teacher, winner of world honor for his artistic achievements. Creator of the University of Illinois Alma Mater statue group and various other works of sculpture on the campus. He received an honorary degree (LL.D.) from the University in 1929.

The Men's Residence Halls Additions 3 and 4 were completed in the spring of 1957 and have been occupied for one year. The residents have been consulted through the Men's Residence Halls Council and approve the names. Of the faculty, the Executive Committee of the University Council concurs.

Rather than using the full name of the person for whom the building is named, it is the general practice to use the last name with the designation "House." For example, the hall named for Carl Van Doren will in general use be known as "Van Doren House."

This recommendation was previously presented to the Committee on Buildings and Grounds.

On motion of Mr. Williamson, these names were authorized.

#### JUNE AND JULY BOARD MEETINGS

The Board had previously voted to hold its June meeting in Chicago on June 19, 1958. President Livingston announced that this meeting will be held at the Sheraton-Blackstone Hotel in Chicago, beginning at 3:00 p.m., central daylight saving time, with meetings of Board committees preceding it.

It was the consensus of the Board that no meeting be scheduled in August.

#### EXECUTIVE SESSION

At this point an executive session was requested and ordered for consideration of the following items of business.

#### PURCHASE OF PROPERTY AT 1002 WEST ILLINOIS STREET, URBANA

(29) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend the purchase of the property at 1002 West Illinois Street, Urbana at a price of \$33,000. The land is needed as part of the site for the construction of Men's Residence Halls units.

The property consists of a lot 60 feet wide, 249 feet deep, and a three-story and basement frame residence used as a rooming house for men students. The first floor has an apartment occupied by the owners, Mr. and Mrs. Ivan Stearns, and two rooms for men students; there are ten rooms on the second and third floors accommodating fifteen students. The heating system is gas-fired, circulating hot water.

The price is within University appraisals of the property. Funds are available in the state capital appropriations for 1957-59, subject to release by the Governor.

I recommend the purchase of the property at the price indicated, subject to approval of the terms of payment by the Director of the Physical Plant Department and the Vice-President and Comptroller, and to the approval of title by the Legal Counsel, and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents, subject to the release of funds.

On motion of Mr. Johnston, the purchase of this property at a price of \$33,000 was authorized, and the other recommendations were approved. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton. (Mr. Nickell was absent from the meeting when this matter was considered and the vote was taken.)

#### PURCHASE OF PROPERTY AT 1010 WEST ILLINOIS STREET, URBANA

(30) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend the purchase of the property at 1010 West Illinois Street, Urbana, at a price of \$25,700. The land is needed as part of a site for the construction of Men's Residence Halls units. The University now owns the east

adjoining property and is negotiating for the acquisition of the adjoining property on the west.

The property consists of a lot 62.66 feet wide, 199.64 feet deep, and a frame residence, the first floor occupied by the owner, Mrs. Elizabeth I. Keener, and also used as a student rooming house.

The price is within University appraisals of the property. Funds are available in the state capital appropriations for 1957-59, subject to release by the Governor.

The Board of Trustees on February 18, 1958, authorized the institution of proceedings in eminent domain for the acquisition of this property because the owner was then unwilling to sell except at a price University officials deemed excessive and could not recommend. Subsequent negotiations resulted in the acceptance by the owner of an offer of \$25,700 which is within University appraisals.

I recommend the purchase of this property at the price indicated, subject to approval of the terms of payment by the Director of the Physical Plant Department, the Vice-President and Comptroller, and the Legal Counsel; and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents, subject to the release of funds.

On motion of Mr. Williamson, the purchase of the above mentioned property at the above stated price was approved and authorized and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents if the purchase can be effected through the usual procedure of entering into a contract and securing a deed, but, in the event it develops that this customary procedure can not be followed and it becomes necessary to proceed with the condemnation suit now pending in order to acquire the property, the Legal Counsel was authorized to then take the necessary steps to secure the entry of an agreed verdict and award in the sum of \$25,700 for the property in that suit and the payment of such award was authorized, all subject to the release of funds. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton. (Mr. Nickell was absent from the meeting when this matter was considered and the vote was taken.)

#### **ACQUISITION BY CONDEMNATION OF PROPERTY AT 614 EAST JOHN STREET, CHAMPAIGN**

(31) At its November, 1957, meeting, the Board of Trustees was informed that the property at 614 East John Street, Champaign, Illinois, owned by Cyrus W. Vaughn, Jr. and Maxine M. Vaughn, his wife, and leased by them to Edward Nadarski, is needed by the University as a portion of the site for the contemplated Student Services Building; that, as the result of negotiations which had been conducted by University officers with the Vaughns and Mr. Nadarski, it was evident that this property could not be purchased, by agreement, at a price which University officers deemed reasonable or felt justified in paying; and that it was necessary, therefore, to acquire the property by resort to the University's right of eminent domain. Accordingly, at that meeting, the Board authorized the institution of a suit to condemn the property, which was instituted shortly thereafter.

The suit was tried by jury in March, 1958, and the trial resulted in the return of a verdict fixing the value of the interest of the Vaughns at \$45,000 and the value of the interest of Nadarski at \$4,700. While these awards are well within the range of the testimony and between the valuations placed upon those interests by the witnesses who testified for the University and those who testified for the defendants, counsel for the University felt that they were higher than they should have been and were at least partly attributable to errors upon the part of the trial judge in refusing certain instructions and a form of verdict tendered by the University, in giving other instructions and a form of verdict tendered by the defendants, and in certain rulings with respect to the admission and exclusion of evidence. In view of the probable effect of these rulings in other pending and in

future condemnation suits in which leasehold interests were and might be involved, it was deemed important to challenge these rulings, and attempt to secure the adoption of the University's contentions with respect to them, by filing a post-trial motion. Accordingly, a motion for new trial, predicated primarily upon said rulings, was filed and argued.

The motion for new trial was denied by the trial judge on May 8, 1958, and the University should either take an appeal to the Supreme Court of Illinois in the suit or should pay the amounts awarded by the jury to the defendants and thus acquire title to the property. The trial judge has informed counsel for the University, unofficially and off the record, that he is now of the opinion that he probably erred in making some of the rulings challenged by the University's motion, but that he denied the motion because he feels that the awards made by the jury in its verdict are amply justified by the evidence and it is unlikely that a new trial would result in a substantially different verdict. Counsel for the University believe that, if an appeal would be taken from the verdict of the jury and the judgment entered thereon, the Supreme Court will hold that the above mentioned rulings of the trial judge during the trial were erroneous and will probably grant a new trial to the University because of them. However, the cost of prosecuting an appeal to the Supreme Court and of again trying the case if the present judgment would be reversed and the case would be remanded to the trial court for a new trial, would probably be at least \$4,500, and it is unlikely, therefore, that any substantial saving to the University would result from following this procedure. Counsel for the University believe that, in the event it becomes necessary to try another condemnation suit instituted by the University in which substantially the same issues and questions will be involved and presented, the erroneous rulings made at the trial of the instant suit will not be considered to constitute precedents and will probably not be followed. Consequently, they do not regard it necessary to take an appeal to the Supreme Court in this case in order to prevent the rulings made at the trial which they believe erroneous from constituting precedents in the trial of future cases involving the same questions.

For the foregoing reasons, the Legal Counsel, the Director of the Physical Plant Department, and the Vice-President and Comptroller recommend that the University abide by the judgment entered upon the verdict in this suit and that the property be acquired by the payment to the defendants of the amounts awarded them by the jury in its verdict for their respective interests in the property.

I concur.

On motion of Mr. Johnston, this recommendation was approved and the purchase of the property at the price fixed by the verdict was authorized. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

#### **PURCHASE OF PROPERTY AT 1102 WEST ILLINOIS STREET, URBANA**

(32) The Board of Trustees has authorized the institution of proceedings in eminent domain for the acquisition of the property at 1102 West Illinois Street, needed as part of the site for the construction of Men's Residence Halls. The action of the Board was based on (a) the reluctance of the owner, Miss Ruth Linton, to sell the property because it is part of her late father's estate and she is entitled, under the provisions of his will, to occupy the residence on it rent free for the rest of her life; and (b) the unwillingness of Havana National Bank, as Trustee of the estate, to approve the sale of this property except at a price which University officials deemed excessive and could not recommend.

Recently the Trustee has secured an appraisal which is in line with University appraisals and has agreed to recommend to the court the sale of the property. It also appears that the owner is now willing to sell. Although negotiations have not been completed, the Director of the Physical Plant Department and the Vice-President and Comptroller recommend the purchase of this property at a price not to exceed \$32,000, which is within University appraisals of the property.

Funds are available in the state capital appropriations for 1957-59, subject to release by the Governor.

I recommend the purchase of this property at the price indicated, subject to approval of the terms of payment by the Director of the Physical Plant Department, the Vice-President and Comptroller, and the Legal Counsel, and subject to approval of the title by the Legal Counsel; and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Johnston, the purchase of this property at a price not to exceed \$32,000 was authorized, in accordance with the terms and conditions recommended, provided that court approval of the sale of the property is secured. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

On motion of Mr. Johnston, the Board adjourned.

#### INSPECTION OF DIXON SPRINGS EXPERIMENT STATION

Following adjournment, the members of the Board and other University officials went to the Dixon Springs Experiment Station at Robbs, Illinois, for an inspection tour of the Station and its operations. They were met there by representatives of the Station staff and of the College of Agriculture, the Agricultural Experiment Station, and the Extension Service in Agriculture and Home Economics.
