AMENDMENTS OF MINUTES

The Secretary requests authority to amend the minutes of the meetings of the Board of Trustees:

June 21, 1961. By striking from a recommendation of the Committee on Fees for revision of the schedule of tuition and fees for all three campuses the sentence which would exclude fourth-year medical students who do the work of the alternative quarter off-campus from eligibility for the hospital-medical-surgical insurance coverage, this being a change in the original recommendation of the Committee.

Submitted herewith are memoranda giving the details of these changes, and the Secretary is filing copies with the records of the two meetings.

On motion of Mrs. Watkins, these amendments were approved without dissent.

**BUSINESS PRESENTED BY THE VICE-PRESIDENT
AND PROVOST OF THE UNIVERSITY**

The Committee considered the following reports and recommendations presented by the Vice-President and Provost, acting for the President of the University.

CONTRACTS FOR REMODELING AT NAVY PIER FOR CHICAGO UNDERGRADUATE DIVISION

(1) The Board of Trustees has authorized the lease of additional space at Navy Pier to provide for relocation and expansion of the Student Lounge as the first step in the initiation of a program of "Student Union" activities at the Chicago Undergraduate Division, and to provide for expansion of the reading room area of the Library at the Pier. A Student Union fee of \$5.00 per semester has been established by the Board, at the request of students, to provide income for the Student Union operations. The Board also appropriated funds for the rental and for the necessary remodeling.

The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for this remodeling, the award in each case being to the lowest bidder:

General—Mueller Construction Company, Chicago.....\$30 979
Electrical—B-H Electric Company, Chicago..... 8 921

The lowest bids cover replacement of the wood block flooring with concrete floor at a cost of \$11,500; and the electrical work incidental to the removal of the flooring at a cost of \$102. The total of \$11,602 will be paid from interest on funds held in escrow for rehabilitating Navy Pier when it is vacated by the University.

I concur.

On motion of Mr. Johnston, these contracts were awarded by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACT FOR INSTALLATION OF ELEVATORS IN STUDENT SERVICES BUILDING

(2) The Board of Trustees on May 17, 1961, awarded contracts for the construction of the Student Services Building. Recommendation for award of a contract for the installation of elevators was deferred until certain questions concerning the then apparently lowest bid could be answered. The Director of the Physical Plant and the Vice-President and Comptroller now recommend award of a contract for \$54,781 to Otis Elevator Company, Chicago, for the installation of elevators.

Funds are available from the proceeds of the Student Services Building Revenue Bonds issue.

I concur.

On motion of Mrs. Watkins, this contract was awarded by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACT FOR CONSTRUCTION OF THE SOUTHWEST CAMPUS STORM SEWER

(3) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract to Clancy Construction Company, Urbana, the lowest bidder, for the construction of the southwest campus storm sewer at a contract price of \$522,448.50, if funds are available within sixty days following the taking of bids on June 29, 1961, that is, no later than August 28, 1961, or at a contract price of \$582,448.50 if the funds are not available until after sixty days but within one hundred and twenty days or not later than October 27, 1961. This storm sewer will be constructed from a manhole station at Fourth Street and Florida Avenue running west on the south side of Florida Avenue past Oak Street, thence southwest and south to the outlet at the Embarrass River and will include laterals north on Oak Street to the Central Foods Stores Building and to another manhole station on the north side of Florida Avenue.

Contractors were instructed to include in their bidding any additions to their bids if the contracts can not be awarded within sixty days but are awarded in one hundred and twenty days. It was deemed necessary to take bids in this way because the funds for this construction will come from the proceeds of the Universities Bond Issue and it can not be determined how soon the funds will be available and will be released.

Submitted herewith is a report from the Physical Plant Department on this project, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur in these recommendations for the awards of contract, subject to the availability of funds.

On motion of Mr. Johnston, this contract was authorized, subject to availability of funds, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACT FOR CONSTRUCTION OF VOLATILE STORAGE BUILDING

(4) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for the construction of a Volatile Storage Building northwest of the Central Food Stores Building, immediately east of the Illinois Central Railroad tracks:

| | |
|--|-------------|
| General — L. E. DeVore Company, Decatur..... | \$28 021 00 |
| Base Bid | \$27 643 00 |
| Additive Alternate: for cost of providing a permanent crossing for the railroad siding to connect with the driveway and parking area to this building..... | 986 00 |
| Less credit for omission of a trough and grating around four sides of the interior of the building and construction thereto | —608 00 |
| Electrical — Brunkow Electric Company, Champaign..... | 2 949 00 |
| Plumbing — Thomas Plumbing and Heating Company, Urbana..... | 470 00 |
| Heating — George S. Walker Plumbing and Heating, Inc., Decatur..... | 3 800 00 |
| Ventilating — F. R. Inskip and Company, Champaign..... | 2 552 00 |
| Total Contracts | \$37 792 00 |

An assignment of \$54,000 from Chemical Stores reserve funds is also recommended for the construction of this building. The difference between this amount and the total of the contracts is for preparation of plans, extension of utilities, and other work to be done in connection with the construction of the building.

Submitted herewith is a supporting memorandum from the Physical Plant Department, including a schedule of all bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, and the requested assignment of funds was approved by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACTS FOR EXTENSION OF UTILITIES DISTRIBUTION SYSTEM

(5) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts, subject to availability of funds, for construction of extensions of the utilities distribution system as described below, the award in each case being to the lowest bidder.

Tunnel, Concrete Ductruns, Manholes, and Load Centers Construction to Women's Residence Halls. From the existing utilities tunnel at the northwest corner of the Veterinary Medicine Building, east along Peabody Drive, thence south across Pennsylvania Avenue to the Women's Residence Halls now under construction at Lincoln and Pennsylvania Avenues with alternates for extension of tunnel structure beyond the site improvements for the new residence halls.

Tunnel, Concrete Ductruns, and Manhole Construction to Assembly Hall. From the existing utilities tunnel on South Oak Street north of the Central Food Stores Building, south across Florida Avenue, thence east on the south side of Florida Avenue to the approximate mid-point between First Street and Fourth Street, where it will connect with the piping system to the Assembly Hall.

Conduit Construction. From the tunnel at the north of the Administration Building to John Street, thence west on the north side of John Street to the Student Services Building.

The following contracts are recommended for the construction of some of these extensions.

| | |
|---|-----------|
| Underground Steam Tunnel, Concrete Ductruns, Manholes, and Load Centers Construction to Women's Residence Halls (Division "AA") — Superior Construction Company, Inc., Gary, Indiana..... | \$347 206 |
| Base Bid | \$279 186 |
| Additive Alternate: for extension of underground steam tunnel structure, concrete ductruns, and manholes beyond the site improvements for service to future housing projects and other developments in this area..... | 68 020 |
| Underground Steam Tunnel, Concrete Ductruns, and Manholes Construction to Assembly Hall (Division "FF") — Kuhne-Simmons Company, Inc., Champaign..... | 399 934 |
| Piping System in Underground Steam Tunnel to Assembly Hall (Division "GG") — Burdick Plumbing and Heating Company, Inc., Decatur | 167 996 |

It should be noted that these bids, received on June 8, 1961, are contingent on awards of contracts within ninety days. All of the contractors were requested to specify the amounts to be added to their bids if contracts are not awarded within ninety days, but are awarded within one hundred and eighty days. It was necessary to take bids on this basis because the construction funds for these contracts will come from state capital appropriations from the proceeds of the Universities Bond Issue and it is not known how soon such funds will be available and will be released. Accordingly, it is recommended that the Executive Committee authorize awards of these contracts subject to availability of funds within ninety days, which means not later than September 6, 1961. If funds are not available so that contracts can be awarded within ninety days or by September 6, 1961, but are made available within ninety days thereafter or by December 6, 1961, it is recommended that the authorization for the award of the above contracts be revised as follows:

| | |
|---|-----------|
| Underground Steam Tunnel, Concrete Ductruns, Manholes, and Load Centers Construction to Women's Residence Halls (Division "AA") — Superior Construction Company, Inc., Gary, Indiana..... | \$357 206 |
| Base Bid | \$279 186 |
| Additive Alternates | 68 020 |
| Extension of Award Date..... | 10 000 |
| Piping System in Underground Steam Tunnel to Assembly Hall (Division "GG") — George S. Walker Plumbing and Heating, Inc., Decatur.... | 177 820 |
| Base Bid | \$177 820 |
| Extension of Award Date..... | No change |

The increase specified in the bid of Kuhne-Simmons Company, Inc., Champaign, for the contract for the construction of underground steam tunnel, concrete ductruns, and manholes to Assembly Hall (Division "FF"), and other bids for that contract, if funds are not available to award that contract within the ninety-day period from June 8, 1961, are such that it is recommended that bids based on delay in the award of that contract beyond that ninety-day period be rejected and new bids be taken for that contract, if awarded during the ninety-day period following September 6, 1961.

The following contracts are recommended for the construction of the remainder of the above mentioned extensions.

| | |
|--|----------|
| Plumbing in Underground Steam Tunnel to Women's Residence Halls (Division "BB") — Nu-Way Plumbing Service, Inc., Chicago..... | \$ 4 213 |
| Plumbing in Underground Steam Tunnel to Assembly Hall (Division "JJ") — George S. Walker Plumbing and Heating, Inc., Decatur.... | 15 000 |
| Piping in Underground Steam Tunnel to Women's Residence Halls (Division "CC") — George S. Walker Plumbing and Heating, Inc., Decatur | 95 340 |
| Base Bid | \$78 640 |
| Additive Alternate: for furnishing and installation of an eight-inch medium pressure steam line in new steam tunnel, in addition to that required..... | 16 700 |

| | |
|--|----------|
| Thermal Insulation on Steam Piping in Tunnel to Women's Residence Halls (Division "DD") — Brand Insulations, Inc., Chicago..... | 16 250 |
| Base Bid | \$11 950 |
| Additive Alternate: for insulation on eight-inch medium pressure steam line..... | 4 300 |
| Thermal Insulation on Piping in Steam Tunnel to Assembly Hall (Division "HH") — A & K Midwest Insulation Company, Inc., Metropolis | 41 000 |
| Piping System for Extension of Steam Service to Student Services Building (Division "PP") — George S. Walker Plumbing and Heating, Inc., Decatur | 34 000 |

Since none of the lowest bidders for the six contracts last mentioned above have included any increase in their bids for those contracts if they are not awarded within ninety days from June 8, 1961, but are awarded within one hundred and eighty days from that date, it is recommended that the Executive Committee authorize awards of those contracts subject to the availability of funds within one hundred and eighty days after June 8, 1961, or by December 6, 1961.

A supporting memorandum from the Physical Plant Department on these projects, including a schedule of the bids received, is submitted herewith, and a copy is being filed with the Secretary of the Board of Trustees for record.

I concur in the foregoing recommendations, subject to availability of funds.

On motion of Mrs. Watkins, these contracts were authorized, as recommended, subject to the availability of funds, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACTS FOR EXTENSIONS OF UTILITIES DISTRIBUTION SYSTEM

(6) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts as follows, subject to availability of funds, for additions to underground facilities: water main extension to Student Services Building; and water mains, storm sewers, and sanitary sewers to serve the Women's Residence Halls under construction at Lincoln and Pennsylvania Avenues, Urbana:

| | |
|--|--------------------|
| Construction of Storm Sewers and Water Mains to serve Women's Residence Halls (SW-2) and Student Services Building — Elton A. Wagner Company, Danville..... | \$64 127 15 |
| Construction of Storm Sewer to serve Women's Residence Halls (SW-2)..... | \$36 666 94 |
| Additive Alternate: for extension of storm sewer beyond the present site improvements to serve future buildings to be constructed on Florida Avenue..... | 6 449 03 |
| | <u>\$43 115 97</u> |
| Construction of Water Mains to serve Student Services Building | \$ 4 988 20 |
| Construction of Water Mains to serve Women's Residence Halls (SW-2) from the north source of supply | 4 116 83 |
| Additive Alternate: construction of Water Mains to serve Women's Residence Halls (SW-2) from the South to provide a second source of water supply and additional fire protection, and a source of supply and fire protection for future buildings to be constructed on Florida Avenue..... | 11 906 15 |
| | <u>\$16 022 98</u> |

| | |
|---|-----------|
| Construction of Sanitary Sewers to serve Women's Residence Halls (SW-2) — Nu-Way Plumbing Service, Inc., Chicago..... | 14 197 00 |
|---|-----------|

The bids were opened on July 13, 1961, and are firm for one hundred and twenty days. Contractors were instructed to include in their bids any adjustments in price they would require if the award of contracts was deferred beyond the usual sixty-day period up to a total of one hundred and twenty days after the date of bid opening. This provision is necessary because the funds for the contracts will come from the state capital appropriations from the proceeds of the Universities Bond Issue and it is not known how soon such funds will be available and released. All the contractors bidding indicated there would be no change in their prices if awards of contracts are deferred an additional sixty days. The bidding document

also required bidders to include in their base bids and alternates allowances for sales and use tax anticipated to be paid by the contractors on materials purchased in Illinois for this work, with the provision that if the University is exempt from paying or collecting such taxes it will receive credit for the amounts included for such taxes in the bidding.

Submitted herewith is a supporting memorandum from the Physical Plant Department, including a schedule of all bids received and the breakdown of the same, a copy of which is being filed with the Secretary of the Board for record.

I concur in the recommendations for the awards of these contracts, subject to availability of funds.

On motion of Mr. Johnston, these contracts were authorized, as recommended, subject to availability of funds, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

**CONTRACTS FOR EXTENSION OF ELECTRICAL SERVICES
TO STUDENT SERVICES BUILDING, ASSEMBLY HALL,
AND WOMEN'S RESIDENCE HALLS AT PENNSYLVANIA
AND LINCOLN AVENUES**

(7) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for construction of extensions of utilities to the Student Services Building, the Assembly Hall, and the Women's Residence Halls at Pennsylvania and Lincoln Avenues, the award in each case being to the lowest bidder:

| | |
|---|-----------|
| Extension of Electrical Service to Student Services Building (Division "DD") — Harrison F. Blades, Inc., Decatur..... | \$ 37 398 |
| Furnishing and Installation of Electrical Equipment and Cables for Electrical Distribution Systems Additions for the Women's Residence Halls at Pennsylvania and Lincoln Avenues and for other buildings in that area (Division "EE") — Square Deal Electrical Contracting, Inc., LaPorte, Indiana..... | 214 228 |
| Base Bid | \$173 856 |
| Additive Alternates | 40 372 |
| Electrical Work for Extension of Steam and Electric Service to New Assembly Hall (Division "II") — Harrison F. Blades, Inc., Decatur.. | 37 995 |

The bids on which the contracts are being recommended were taken on June 1, 1961, and are firm bids if contracts can be awarded within ninety days, i.e., no later than August 29, 1961. Contractors were instructed to include in their bidding any adjustments they would require if the contracts can not be awarded within ninety days but are awarded within one hundred and eighty days. This was necessary because the construction will be financed from the proceeds of the Universities Bond Issue and it can not be determined how soon funds will be available and will be released. Bids were taken at the same time on a single contract covering all three divisions of work.

If funds are not available so that contracts can be awarded within ninety days but are available for awards within one hundred and eighty days, it is recommended that a single contract covering all three divisions of work be awarded to Square Deal Electrical Contracting, Inc., on its lowest bid of \$290,716, including the additive alternates recommended under Division "EE."

Submitted herewith is a supporting memorandum from the Physical Plant Department including a list of all bids received, a description of the additive alternates to be included in the contract for the furnishing and installation of electrical equipment and cables for the Electrical Distribution System (Division "EE"), and a copy is being filed with the Secretary for record.

I concur.

On motion of Mrs. Watkins, these contracts were authorized, as recommended, subject to availability of funds, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACT FOR ADDITION TO ABBOTT POWER PLANT

(8) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$30,891 to the Oberle-Jordre Company, Inc.,

Cincinnati, Ohio, the lowest bidder, for erection of mechanical equipment (Division "8-P") on the addition (Boiler No. 6, Unit No. 7) to the Abbott Power Plant now under construction.

Funds are available in the state capital reappropriations to the University for 1961-63 and are subject to release by the Governor.

Submitted herewith is a report from the Physical Plant Department on this project, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Johnston, this contract was awarded, subject to availability and release of funds, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACTS FOR REMODELING IN BEVIER HALL FOR ELECTRON MICROSCOPE CENTER

(9) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for remodeling of the north basement of Bevier Hall for quarters for an Electron Microscope Center, the award in each case being to the lowest bidder:

| | |
|--|---------------------|
| General—Dean Evans Company, Champaign..... | \$ 29 379 00 |
| Electrical—Potter Electric Service, Inc., Urbana..... | 17 462 00 |
| Plumbing—George S. Walker Plumbing and Heating, Inc., Decatur.. | 21 757 00 |
| Heating and Refrigeration—F. R. Inskip and Company, Champaign.. | 16 290 00 |
| Ventilating—F. R. Inskip and Company, Champaign..... | 18 383 00 |
| Laboratory Equipment—Sheldon Equipment Company, Muskegon, Michigan..... | 12 676 95 |
| Total Contracts | \$115 947 95 |

It is recommended that a single contract for \$34,673 be awarded to F. R. Inskip and Company, the lowest bidder on both heating and refrigeration and on ventilating.

Funds are available from the following sources:

| | |
|--|---------------------|
| National Science Foundation Grant..... | \$ 86 600 00 |
| University Research Board..... | 39 200 00 |
| Nonrecurring Appropriation from the General Reserve (assignment previously made by the Board for this project)..... | 59 100 00 |
| Total | \$184 900 00 |

Submitted herewith is a report from the Physical Plant Department on this project, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

ADDITION TO CONTRACT FOR CONSTRUCTION OF GRADUATE STUDENT RESIDENCE HALL

(10) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$7,693.02 in the contract with Johnson, Drake, and Piper, Inc., for construction of the Graduate Student Residence Hall (SG-2) to prepare the site for walk and terrace paving and landscaping. Separate bids will be taken later for the walks and landscaping but it is desirable, and more economical, that preparation of the site be done in connection with the rough grading which the general contractor is required to do. The change orders will cover additional grading and underground electrical and drainage work which the general contractor is well equipped to do in conjunction with his completion operations.

The other contracts for the construction of this building have been assigned to the general contractor and payments will be made to:

| | |
|--|------------|
| Johnson, Drake, and Piper, Inc..... | \$4 722 75 |
| Knight Electric Company, Inc., for additional electrical work..... | 2 503 27 |

George S. Walker Plumbing and Heating, Inc., for additional drainage work 467 00

Funds are available in the construction account for the Graduate Student Residence Halls which is being financed by a revenue bond issue.

I concur.

On motion of Mr. Johnston, the recommended change orders were authorized without dissent. The four other members of the Board present concurred in this action of the Executive Committee.

CONTRACT FOR MINOR BUILDING ALTERATIONS AND REPAIRS

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a standing cost-plus contract to M. E. Hollett, Champaign, the lowest bidder, for painting work on minor building alterations, repairs, and construction work for the period July 1, 1961, through March 31, 1962. This contract supplements the awards of cost-plus contracts for general work, electrical, plumbing, heating, piping, and refrigeration, and automatic temperature control systems for conditioned air which were authorized by the Board of Trustees on June 21, 1961. Such contracts are for work which would not justify the cost of preparing separate drawings and specifications and of separate bidding procedures on each project.

The terms of the contract with M. E. Hollett will be on the basis of actual costs, plus 10 per cent of cost of materials, 31 per cent of labor costs, and \$3.00 per hour for trucking, these percentages representing the contractor's fee. The work will be done as ordered by the Physical Plant Department and will be paid for on the basis of actual cost of each job plus the percentage fees. No assignment of funds is requested; each job will be covered by a contract change order charged against funds allocated for the project.

A supporting memorandum from the Physical Plant Department including a schedule of bids received is submitted herewith and a copy is filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, this contract was authorized by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACT FOR INSURANCE

(12) The Finance Committee of the Board has approved a proposal submitted to it by the Vice-President and Comptroller for consolidation of the insurance on all properties currently covered at the Urbana-Champaign campus, the Chicago campuses, farm properties, builders' risk and business interruptions insurance in one policy instead of separate policies and to secure bids on such a master policy. All properties acquired in the future which should be insured would be covered by endorsement of the master policy for the remainder of its term.

On January 13, 1949 (minutes, page 200), the Board of Trustees adopted a "Report of Finance Committee on Insurance Practices," Section C II of which provides that fire and extended coverage on University risks shall be placed with stock and mutual companies at a ratio, as nearly as practicable, of 75-25 per cent respectively, except that individual risks which are under \$50,000 may be placed completely with either stock or mutual companies. It is recommended that this Report be amended by deletion of Section C II to permit the purchase of a master policy. This provision should be rescinded in any case because it is not consistent with the "Regulations Governing Procurement and Bidding at the University of Illinois," adopted by the Board in 1958, which require that purchases shall be made at the lowest cost, and stock and mutual companies are seldom equally low. If the Executive Committee approves this recommendation, its action will require confirmation by the Board of Trustees at a subsequent meeting since a previous action of the Board is being amended.

Bids were taken on June 29, 1961, on a single fire insurance and extended coverage policy. The Vice-President and Comptroller recommends that a policy be purchased from the American Casualty Company of Reading, Pennsylvania, the lowest bidder, through the H. R. Bresee Agency, Champaign. The policy is for a

term of five years, effective as of July 1, 1961, for a pre-paid premium of \$133,208.33. A binder has been placed on the coverage from July 1. Funds are available in the various operating accounts of the properties to be covered.

The Vice-President and Comptroller further recommends that insurance be carried on the Kramert Art Museum as a matter of good trusteeship since funds for the construction of this building came from private donors. The premium quoted includes the cost, \$1,131.30, of insuring this building for five years.

The coverage recommended will provide for the same protection as the current policies, is not subject to any deductions or restrictive clauses, and will be written as follows:

Buildings and contents at Urbana and Champaign and Chicago will be insured on a blanket basis at 90 per cent of the depreciated insurable value. Properties will be covered for perils of fire and extended coverage; coverage of the Chicago properties will include peril of vandalism and malicious mischief.

Farms and rural properties will be insured on a scheduled basis for 80 per cent of the depreciated insurable value.

Business interruption insurance will be written on a scheduled basis at 80 per cent of the gross earnings of the operations covered.

The policy will include an agreed amount clause which removes the coinsurance requirements.

The annual appraisal services now performed by an outside professional firm will be discontinued. The Company will provide the services of its engineering department to assist in determining insurable value.

Since the policy is written on an agreed amount basis, dangers of becoming a coinsurer are removed. The only concern is that the amount of insurance is satisfactory to the University and the carrier.

The lowest bid of \$133,208.33 is on \$53,756,027 of insurance coverage and is \$113,191.26 less than the current premiums.

A schedule of the bids received is submitted herewith, and a copy is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, the purchase of a master policy was authorized, as recommended, by the following vote: Aye, Mr. Johnston. Mrs. Watkins, Mr. Williamson; no, none; absent, none.

PURCHASES

(13) The Director of Purchases has proposed and the Vice-President and Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest acceptable bid.

I concur.

EXECUTIVE SESSION

At this point an Executive Session was requested, and was ordered by the Chairman of the Committee, for consideration of personnel matters.

REQUEST OF DR. ANDREW C. IVY

The Vice-President and Provost and the Vice-President in charge of the Chicago Professional Colleges reported that Dr. Andrew C. Ivy, Distinguished Professor of Physiology and Head of the Department of Clinical Science, who has reached the statutory age of retirement, has requested that:

The Department of Clinical Science be continued for one year from September 1, 1961, with a budget of \$21,600, exclusive of Dr. Ivy's salary. The Executive Committee of the College of Medicine had previously recommended, the Chicago Professional Colleges Senate concurring therein, that the Department of Clinical Science be discontinued with the retirement of Dr. Ivy.

He be continued in active service for one year from September 1, 1961, at his present salary of \$18,500; or that if he is retired, he be permitted to continue as Head of the Department of Clinical Science for one year from September 1, 1961, and that laboratory facilities and funds for his research program, including salaries of some of his present staff, be provided.

Following discussion of these reports, it was the consensus of the Executive Committee and of the other Trustees present that action on Dr. Ivy's request be deferred pending actions by the Dean and the Executive Committee of the College of Medicine and by the President of the University.

APPOINTMENT OF LEGAL COUNSEL

The Secretary presented a brief report concerning a recommendation which will be made by the President of the University to the Board of Trustees on August 10, 1961, concerning the appointment to this position. The Trustees have previously been informed that Mr. James J. Costello of the law firm of Clark and Costello, 135 South LaSalle Street, Chicago, will be recommended for this appointment, and that he has agreed to accept. The Trustees have informally indicated their approval of the appointment.

COMPLAINT OF ALVIN W. CROWLEY

Chairman Williamson informed the Committee that he has received a request from Mr. Alvin W. Crowley, a former nonacademic employee, for a hearing by the Board of Trustees regarding termination of his employment.

Mr. Crowley was employed in the Department of Physics at Urbana-Champaign with the civil service classification of Instrument Maker on May 18, 1959. His employment was terminated before expiration of the standard six-month probationary period. He had instituted legal proceedings in the Circuit Court of Champaign County for an injunction to prevent his dismissal, alleging that it was illegal, but the petition was denied by the Court.

It was the consensus of the Executive Committee and of the other Trustees present that Mr. Crowley should not be given a hearing by the Board of Trustees since his proper recourse is to the Merit Board of the University Civil Service System of Illinois.

On motion of Mrs. Frances B. Watkins, the Committee adjourned.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board took up consideration of the following reports and recommendations from the President of the University.

INTERNAL OPERATING BUDGET 1961-62

(1) The University's internal operating budget for all divisions and funds for the fiscal year beginning July 1, 1961, for academic and administrative appointments beginning September 1, 1961, and for nonacademic personnel appointments beginning July 1, 1961, is submitted herewith. This budget has been prepared by the Vice-President and Provost and the Vice-President and Comptroller in accordance with policies recommended by the University Budget Committee and procedures approved by the President. It is based upon recommendations of deans, directors, and other administrative officers and has been reviewed by the President.

I recommend that this budget, covering the allocation of the estimated operating income from all sources for the year beginning July 1, 1961, be approved; and that the President of the University be authorized, in accordance with the needs of the University and the equitable interests involved and within total income, (a) to accept resignations, (b) to make such additional appointments as are necessary, subject to the provisions of the University Statutes and the Policy and Rules Relating to Compensation and Working Conditions of Non-academic Employees, and (c) to make such changes and adjustments in items included in the budget as are needed, all such changes to be covered in the Vice-President and Comptroller's quarterly financial report, or in reports to the Board by its Secretary.

The complete budget for all divisions of work with a condensed analysis and summaries was sent to the Trustees in advance of today's meeting.

Mr. Swain, Chairman of the Finance Committee, reported that the Committee held a called meeting in Urbana, Illinois, on Wednesday, August 9, 1961, for the purpose of reviewing the budget in detail, in consultation with the President and other University officials. All members of the Committee were present at this meeting, and also Trustees Howard W. Clement, Irving Dilliard, Richard A. Harewood, Earl M. Hughes, Harold Pogue, George T. Wilkins, and Kenney E. Williamson, all of whom participated with the Committee in the study of the budget. At the conclusion of the meeting, the Committee voted to recommend approval of the budget as now submitted.

Following the Committee's report, the President and the Vice-President and Provost discussed the budget as presented in the Condensed Analysis and Summaries, a copy of which was filed with the Secretary for record. At the conclusion of the President's presentation, and following further discussion in which all members of the Board present participated, Mr. Swain moved that the budget be adopted, and that the President of the University be authorized to take the actions presented in his recommendations; and that the necessary appropriations be made as recommended in the detailed budget.

This motion was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Governor Kerner.

The detailed budget appears as an appendix to these minutes on page 697.

The budget has been examined and approved by the Vice-President and Provost and the Vice-President and Comptroller.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments, including approval of new appointments and acceptances of resignations, as are necessary and recommended by the Board of Directors of the Athletic Association within the total income realized.

On motion of Mr. Harewood, this budget was approved.

APPOINTMENT OF DR. MARIETTA STEVENSON

(3) Professor Marietta Stevenson, Director of the Jane Addams Graduate School of Social Work, had previously elected to retire on September 1, 1961, and her request was approved. In view of the fact that her successor can not take over until February 1, 1962, she has agreed to continue in active service and I therefore recommend renewal of her appointment as Professor of Social Work and Director of the Jane Addams Graduate School of Social Work for the period September 1, 1961, through January 31, 1962, at a total salary of \$7,294 for this period.

On motion of Mr. Dilliard, this appointment was approved.

APPOINTMENT OF LEGAL COUNSEL

(5) I recommend the appointment of Mr. James J. Costello, presently a member of the firm of Clark and Costello, 135 South LaSalle Street, Chicago, Illinois, as Legal Counsel for two years from September 1, 1961, at an annual salary of \$20,000 on a twelve-month service basis.

The nomination for this appointment was initiated by a special search committee² and is concurred in by all recommending officers concerned. The appointment is to fill the vacancy created by the change in status of Mr. Ralph F. Lesemann, who has been Legal Counsel for the University since July, 1951, and who has asked to be relieved of this administrative assignment for reasons of health. The Board on March 14, 1961, approved a change in his status to Special Counsel on 45 per cent time for such assignments of legal work as can be carried on by him under this arrangement.

On motion of Mr. Swain, this appointment was approved.

This appointment is to fill the vacancy which will be created by the retirement of Dean Seward C. Staley from active service on September 1, 1961.

The appointment of Dr. McCristal is recommended upon nomination by a special search committee¹ appointed to canvass the field of potential candidates, examine their qualifications and make recommendations, and after consultation with the Executive Committee of the College of Physical Education. The Vice-President and Provost and the Dean of the Graduate College also have been consulted and concur.

On motion of Mr. Wilkins, this appointment was approved.

(7) The Dean of the College of Pharmacy and the Vice-President in charge of the Chicago Professional Colleges recommend the appointment of Dr. Martin I. The Headship of the Department is presently vacant. The recommendation for this appointment was initiated by a special search committee² after more than a year of study of qualifications of available candidates, and Dr. Blake is the unanimous choice of the Committee. The Vice-President and Provost and the Dean of the Graduate College have been consulted and concur.

SABBATICAL LEAVES OF ABSENCE, 1961-62

(11) I recommend that the following members of the staff be given sabbatical leaves of absence during the academic year 1961-62 in accordance with the provisions of the University of Illinois Statutes and on the terms and for the periods

indicated. This is supplementary to the lists of applications recommended to the Board of Trustees on March 14 and April 19, 1961.

HERBERT GOLDSTEIN, Associate Professor of Education in the College of Education and in the Institute for Research on Exceptional Children, second semester (March 1 through August 31, 1962), one-half pay; to engage in curriculum research in the area of mental retardation, work to be done in the University of Oslo, Norway.

ROBERT L. CARMIN, Associate Professor of Geography, second semester (March 1 through August 31, 1962), one-half pay; to conduct geographic research on urban-rural relationships in the Coimbra region of Portugal.

On motion of Mr. Hughes, these leaves were granted, as recommended.

SCHOLARSHIPS FOR FOREIGN DISPLACED STUDENTS

(12) In February, 1957, the Board of Trustees, on recommendation of the University Committee on Undergraduate Scholarships, authorized fifteen tuition and fee scholarships for displaced foreign students or refugees who meet admission requirements. This authorization renewed and increased from ten to fifteen the number of scholarships for displaced foreign students previously authorized by the Board.

The scholarships authorized in 1957 were for four years and will expire on August 31, 1961. The Committee on Undergraduate Scholarships recommends an extension of this scholarship program for a four-year period beginning in September, 1961.

I concur.

On motion of Mrs. Watkins, the extension of this scholarship program was authorized.

CHANGES IN CURRICULA IN CHEMISTRY AND CHEMICAL ENGINEERING

(13) The Urbana-Champaign Senate has recommended certain changes in the curricula leading to Bachelor of Science degrees in Chemistry and Chemical Engineering, effective September 1, 1961, these changes having previously been approved by the faculty of the College of Liberal Arts and Sciences.

Significant changes in the curriculum in chemistry include:

Eighty-one hours of specifically required courses instead of ninety-two.

Change in language requirement from two years of foreign language (French, German, or Russian) to either two years of German or one year of German and one year of Russian.

Addition of the following specific requirements with regard to electives: eight semester hours from upper-level courses in chemistry in addition to those specifically required; twelve additional semester hours from advanced courses in chemistry, physics, mathematics and/or biological sciences; and ten semester hours selected from non-science areas.

Significant changes in the curriculum in chemical engineering include:

Deletion of the bioengineering option (this option was offered for chemical engineers particularly interested in the fermentation, pharmaceutical, and food industries).

Removal of Chemistry 124, Quantitative Analysis, from first semester of sophomore year, replaced by Chemistry 321, Chemical and Instrumental Analysis, a new course, in the senior year.

Removal of Chemical Engineering 377, Chemical Engineering Technology, as a requirement in the engineering option, replaced by a required advanced technical elective in chemical engineering (the engineering option is for chemical engineers who intend to enter industry at the completion of the Bachelor of Science degree).

Addition of Mathematics 343, Advanced Calculus, or Mathematics 345, Differential Equations and Orthogonal Functions, as a requirement in the engineering option.

Addition of a required advanced chemical engineering elective, two or three hours in the physical science option (the physical science option is primarily for

chemical engineers who expect to engage in advanced study and research beyond a Bachelor of Science degree).

The Senate Coordinating Council has advised that these revisions have been discussed with appropriate officials at the Chicago Undergraduate Division and require no further Senate action. The details are submitted in the attached supplement, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Clement, this recommendation was approved.

HIGHWAY TRAFFIC SAFETY CENTER

(14) The Sixty-Ninth General Assembly in 1955 enacted Senate Bill 777 providing for the establishment of the Illinois Division of Traffic Safety within the Department of Public Safety. One section of this law provides that the University of Illinois "may serve as the training and research center for the Coordinator of the Division of Traffic Safety and for the Traffic Safety Committee and may develop and conduct training programs, special studies, surveys, and other services in the field of public safety and traffic accident prevention."

In the fall of 1958, the President appointed a Committee on Utilization of University Resources for Traffic Safety to conduct a survey of University resources for teaching, research, and special service in the field of traffic safety, and to make recommendations concerning the use of these resources.

The Committee submitted a comprehensive report on June 30, 1960, including a survey of activities within the University related to traffic safety and a review of organizational arrangements in other state universities for the study of problems in this area. The establishment of a traffic safety center at the University of Illinois was recommended, with an initial budget of \$40,000 a year.

Because funds were not available, this proposal could not be implemented during 1960-61. It was decided, however, that the Vice-President and Provost would study the possibility of initiating the Center in 1961-62, either through the addition of funds to the regular budget or through the use of temporary savings on a nonrecurring basis. Because of budget cuts, no such addition to the budget for 1961-62 has been possible. The Vice-President and Provost recommends, therefore, that a more limited program than originally proposed be initiated during 1961-62 through coordination of existing research and training activities, and through a nonrecurring appropriation from the General Reserve.

With the concurrence of the Committee and the Dean of the College of Engineering, the Vice-President and Provost recommends that the Highway Traffic Safety Center be established within the College of Engineering, under the general supervision of the Dean of that College. Professor John E. Baerwald, of the Department of Civil Engineering, would serve on a half-time basis as Director of the Center and a half-time secretary would be provided. Funds for travel, materials, and supplies would account for the remainder of the budget. A nonrecurring appropriation of \$12,500 from the General Reserve is recommended to meet these costs.

I concur.

On motion of Mr. Hughes, this recommendation was approved, and the requested assignment of funds was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CLINICAL RESEARCH CENTER FOR THE RESEARCH AND EDUCATIONAL HOSPITALS

(15) The Department of Medicine in the College of Medicine has prepared a proposal to the National Institutes of Health, United States Department of Health, Education, and Welfare, for the establishment of a Clinical Research Center on the eighth floor of the Research and Educational Hospitals. The proposal includes an application for funds amounting to \$511,820.35 for the first year (January 1, 1962, to December 31, 1962), \$214,571 for the second year, \$219,559 for the third year, \$224,733 for the fourth year, \$230,146 for the fifth year, \$235,-

888 for the sixth year, and \$241,826 for the seventh year, a total of \$1,878,543.35 for the seven years.

The budget for the first year includes \$350,030.35 for remodeling and equipment, \$46,231 for operating expenses, and \$115,559 for basic hospitalization expenses for patients admitted to the Center for study.

Submission of a similar proposal was authorized by the Board of Trustees on May 17, 1960, but that application was not approved by the National Institutes of Health. In order to meet a deadline of July 1, 1961, for the consideration of this new application, it was submitted late in June with the approval of the Vice-President in charge of the Chicago Professional Colleges.

I recommend authorization of this new application and acceptance of funds for the initiation of this project if approval is received from the National Institutes of Health.

On motion of Mrs. Watkins, this recommendation was approved.

AMENDMENT OF BICYCLE REGULATIONS

(16) A code of regulations for the registration and operation of bicycles on the campus was approved by the President of the University and reported to the Board of Trustees on July 26, 1960. A copy of the regulations was filed with the Secretary of the Board for record.

The Vice-President and Provost has now approved an amendment of these regulations, a revised copy of which is submitted herewith, and a copy is being filed with the Secretary of the Board.

This administrative action is reported for record.

On motion of Mr. Johnston, this action was confirmed.

AUTOMOBILE PARKING REGULATIONS AND FACILITIES AT CHICAGO PROFESSIONAL COLLEGES

(17) Submitted herewith is a recommendation from the Vice-President in charge of the Chicago Professional Colleges, based on the report of a Committee on Parking and Traffic appointed by him, for a plan of paid parking facilities for faculty, staff, and students at the Chicago Professional Colleges. A copy of the complete report is being filed with the Secretary of the Board for record.

In brief, the plan provides for control of parking in existing improved parking lots, funds for expansion and improvement of parking facilities, and parking fees to be assessed in accordance with the following schedule:

| | |
|---|--------------|
| Reserved spaces for daytime use only, Mondays through Fridays: | |
| Faculty and Staff..... | \$42 00 |
| Students..... | 30 00 |
| Controlled-access lots | |
| Faculty and Staff..... | 24 00 |
| Students..... | 18 00 |
| Gate-controlled lots for occasional use by part-time faculty and visitors | |
| | 0.20 per day |

I recommend approval of the plan as submitted, including authorization of appropriate regulations for its implementation and of the parking fees, the income therefrom to be used for the extension and improvement of parking facilities.

On motion of Mr. Swain, this recommendation was approved, and authority was given as requested.

CONTRACT FOR CAMPUS BUS SERVICE

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a contract with the Champaign-Urbana City Lines, Inc., for a campus bus service for students and staff along the lines of the bus service operated under a University contract last year — named "Illi Bus" by the student leaders who assisted in setting it up — but expanded to include transportation service for the Orchard Downs area and extended to include evening hours and Saturdays and Sundays. The specific recommendations are that:

Authority be granted to continue the Illi Bus operation during the 1961-62 academic year, starting September 11, 1961, with:

Service providing approximately ten-minute headway between 7:20 a.m. and 5:20 p.m., Monday through Friday, except during peak periods when the service will be scheduled as may be required to meet the demand.

Service provided during the evenings at approximately one-half-hour intervals, Monday through Thursday to 11:20 p.m. and Friday to 1:20 a.m.

Service provided on Saturday from 7:20 a.m. to 12:20 p.m. at approximately ten-minute intervals and from 12:20 p.m. to 1:20 a.m. at approximately one-half-hour intervals.

Service provided on Sunday at approximately one-half-hour intervals from 9:20 a.m. to 11:20 p.m.

The five-cent fee per ride be retained except that students living in Orchard Downs will be issued passes to ride free from the Downs to any point on the route; however, the passes will be honored only for a return trip to the Downs from the corner of Nevada Street and Goodwin Avenue.

The University be authorized to enter into an agreement with the Champaign-Urbana City Lines, Inc., for the 1961-62 academic year based on a rate of five dollars per hour per bus. (This includes the equipment and necessary personnel to provide this service, and sufficient insurance to protect both the Company and University against liability for personal injuries or property damages arising out of operating this service.) The cost of operating this service will be financed as follows: fares collected from students and staff, \$30,000 from Housing Division funds, and \$1,200 from balance of 1960-61 appropriation for Illi Bus operation.

Further experimentation be authorized to improve service to all parts of the campus and to determine the extent to which the Illi Bus can assist in solving the campus parking problems.

A report on the trial operation of Illi Bus during 1960-61 is submitted in support of the proposed continuation of the service, together with extracts from minutes of the meetings of the Board of Trustees on November 16 and December 21, 1960, of the actions taken authorizing this service last year.

I concur in the recommendations including the requested assignments of funds.

On motion of Mr. Hughes, the foregoing recommendations and the requested assignments of funds were approved; authority was also given University officials to make such changes in the fare and in the program as may be necessary in the interest of the University and the transportation service.

This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

LEASE OF SPACE AT 704 SOUTH SIXTH STREET, CHAMPAIGN

(19) The University has been leasing the second floor of a two-story business building at 704 South Sixth Street, Champaign, continuously since 1948 and the first floor since 1954. The second floor has an area of approximately 5,500 square feet and is occupied by the Institute of Labor and Industrial Relations. The rental is \$408.33 per month or 89 cents per square foot per year. The leased space on the first floor is an area of approximately 2,200 square feet and has been occupied by the National Council of Teachers of English and the University Planning Office of the Physical Plant Department. The first floor rental is \$300 per month or \$1.64 per square foot per year. Both leases will expire August 31, 1961.

The Director of the Physical Plant and the Vice-President and Comptroller recommend renewal of these leases according to the following terms:

Lease of the entire second floor and the south one-half of the first floor for an additional two-year period beginning September 1, 1961, at the same rental rate, terms, and conditions as in the present lease.

Renewal of the lease of the entire second floor for an additional eight-year period beginning September 1, 1963, at a rental rate of \$1.00 per square foot per year but otherwise on the same terms and conditions as in the present lease.

Renewal of the lease of the south one-half of the first floor for an additional eight-year period beginning September 1, 1963, at the same rental rate of \$1.64 per square foot per year and on the same terms and conditions as in the present lease.

When the Institute moves into its new building, a portion of the space on the second floor will be used for the relocation of that part of the Architectural Division of the Physical Plant Department which is presently housed in a frame residence property at 1003 West Green Street and the remaining space will be used by the Audio-Visual Aids Service of the Division of University Extension. The house at 1003 West Green Street will eventually be removed to clear the land for construction of residence halls scheduled for occupancy in September, 1964.

Since the University can not enter into contracts extending beyond the current fiscal biennium, it will be necessary to make the lease arrangements through the University of Illinois Foundation. Rentals to be paid by the University to the Foundation have been included in the operating budget of the Physical Plant Department and the additional funds required for the increased rental commencing September 1, 1963, will be included in the future biennial budget estimates.

I recommend that the Board of Directors of the University of Illinois Foundation be asked to enter into the leases for the ten-year period indicated and to sublease the quarters to the University for the period ending June 30, 1963, with an option to renew.

On motion of Mr. Pogue, this recommendation was approved, and the lease was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

LEASE OF SPACE AT 601, 603, AND 605 EAST GREEN STREET, CHAMPAIGN

(20) The University has been leasing the entire second floors of the business buildings at 601, 603, 605, 607, 609, 611, and 613 East Green Street for the Audio-Visual Aids Service of the Division of University Extension. A fire on February 21, 1961, destroyed all the University leasehold improvements except for those at 611 and 613 East Green Street. Property owners at 607 and 609 East Green Street are not restoring the second floor space and therefore the leases of these properties have been terminated.

The properties at 601, 603, and 605 East Green Street are being restored and the owners are willing again to lease the second floor to the University. Restoration of this space without that formerly leased at 607 and 609 East Green Street will not be adequate for the Audio-Visual Aids Service and other provisions are being made to relocate its operations contiguous to 611 and 613 East Green Street.

Rental of the second floor at 601, 603, and 605 East Green Street will provide space for the relocation of those operations of the Architectural Division of the Physical Plant Department now housed on the second floor of the Administration Building (West) which in turn will release space needed in that building for offices. This move will also ultimately provide for consolidation of the Architectural Division's operations when the second floor at 704 South Sixth Street is vacated by the Institute of Labor and Industrial Relations and is made available to the Physical Plant Department.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of the lease of the property at 601, 603, and 605 East Green Street at a rental of \$600 per month, or \$1.70 per square foot per year,¹ for approximately 4,200 square feet, for a ten-year period. The cost of heating will be paid by the owners. A nonrecurring appropriation of \$6,100 is also requested to provide for construction of a bridge connection at the second floor

¹ In comparing the rate of \$1.70 per square foot per year with rentals paid by the University on other properties leased in the Urbana-Champaign area these factors should be considered: An expenditure of \$31,000 for remodeling the quarters to meet the University's requirements amortization of which over a ten-year period is equivalent to 73 cents per square foot; the owners will pay for heating which is equivalent to an annual cost of approximately 15 cents per square foot. Deducting these factors the net rent to the owner is approximately 82 cents per square foot per year. The remodeling will be in addition to the repairs and restoration necessary as a result of the fire damage.

level with the space leased by the University at 704 South Sixth Street, and for the purchase and installation of lighting fixtures required by the University beyond those provided by the owners.

Since the University can not enter into contracts extending beyond the current fiscal biennium, it will be necessary to make the lease arrangements through the University of Illinois Foundation. Funds required for the annual rental and maintenance have been included in the operating budget of the Physical Plant Department.

I recommend that the Board of Directors of the University of Illinois Foundation be asked to enter into a lease for a ten-year period of the property of the second floor space at 601, 603, and 605 East Green Street for a period of ten years from September 1, 1961, at the rental indicated, and to sublease quarters to the University for the period ending June 30, 1963, with option to renew; and that an assignment of \$6,100 be made from the General Reserve Fund for the improvements required by the University.

On motion of Mrs. Watkins, this recommendation was approved, and the requested assignment of funds and the lease were authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner; not voting, Mr. Harewood.

EXCHANGE OF LAND AT CHICAGO PROFESSIONAL COLLEGES

(21) The site allocated by the Medical Center Commission for the new buildings of the Illinois Eye and Ear Infirmary is on the south side of West Taylor Street between Wood Street and Wolcott Avenue, and includes some land owned by the University (identified as Tract No. 388) which, however, is outside of the area now designated for University buildings. The Commission desires to acquire this parcel of land from the University and has offered to exchange for it land at the southwest corner of Winchester Avenue and West Polk Street which the Commission is acquiring. The University at present has all of the remaining properties on Polk Street from Damen Avenue east to this area. The parcel of land offered in exchange is slightly larger than the University tract which the Commission wishes to acquire.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of this exchange.

On motion of Mr. Hughes, this exchange was authorized, subject to further approval of the Board by adoption of a formal resolution to implement the transfers of the properties. This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACT FOR CONSULTING ARCHITECTURAL SERVICES

(26) The present contract authorized by the Board of Trustees with the architectural firm of Richardson, Severns, Scheeler, and Associates, Champaign, for consulting and architectural services, expired July 31, 1961. The Director of the Physical Plant and the Vice-President and Comptroller recommend continuation of the employment of this firm on a cost-plus basis for one year from August 1, 1961, on the following assignments as directed by the Physical Plant Department:

Campus Planning at Urbana-Champaign

1. Continuation of studies on the general campus development plan, including the development of detailed programs for the individual colleges.
2. Preliminary studies for further development in the area south of Florida Avenue.
3. Continuation of planning studies for development beyond 1961.
4. Continuation of studies on zoning.
5. Site selection studies for new building projects.
6. Participation in weekly planning meetings.

Estimated cost of services, \$35,000.

Planning at Chicago Professional Colleges

1. Continuation of studies on the campus development plan.
2. Further development of programs and studies on reassignment of space to the various colleges and departments.
3. Studies on projects to be financed from gifts or grants.

Estimated total cost, \$47,000.

The terms of employment will be the same as those under the present contract, on the basis of itemized payrolls plus 100 per cent for the firm's overhead costs and fees. The costs of these services will be charged against the appropriation for plans and specifications.

I concur.

On motion of Mr. Johnston, this contract was authorized.

BURSAR'S FUND AT THE FIRST NATIONAL BANK IN CHAMPAIGN

(27) For local banking services in Urbana-Champaign, an account is maintained in the First National Bank in Champaign for the Bursar to obtain currency and coin, to deposit local checks, and to make available financial services to University departments -- such as temporary petty cash funds, travel advances, and emergency payroll payments.

This account has gradually increased over the years to meet the growing needs of the University. In July, 1948, the Board authorized an increase in the fund from \$60,000 to \$100,000. The latter amount is now insufficient to meet current requirements and still maintain a balance in the bank account.

Accordingly, the Vice-President and Comptroller recommends that \$50,000 of the working cash fund, now held by the University Treasurer, be transferred to the Bursar's Fund on deposit in the First National Bank in Champaign, raising that fund to a total of \$150,000. The University is authorized by state law to retain in its treasury receipts to create the working cash fund.

I concur in this recommendation.

On motion of Mr. Swain, this recommendation was approved.

CHANGE IN POLICY GOVERNING UNIVERSITY INSURANCE

(28) The Vice-President and Comptroller recommends that the policy of the Board of Trustees governing the placement of University insurance adopted on January 13, 1949 (Minutes, page 200), on recommendation of the Finance Committee be amended by deletion of Section C II which reads:

"Fire and extended coverage on University risks shall be placed with stock and mutual companies at a ratio, as nearly as practicable, of 75-25 per cent respectively, except that individual risks which are under \$50,000 may be placed completely with either stock or mutual companies."

This provision is not consistent with the "Regulations Governing Procurement and Bidding at the University of Illinois," adopted by the Board in 1958, which require that purchases shall be made at the lowest possible cost, and stock and mutual companies are seldom equally low in bidding on University insurance.

The Executive Committee of the Board at a meeting held on July 25, 1961, approved this change but since it modifies a previous action of the Board, approval by the Board is also necessary.

On motion of Mr. Johnston, this amendment of the policy was unanimously approved.

JOHN WALLACE DALLENBACH FELLOWSHIP IN PSYCHOLOGY

(29) Dr. Karl M. Dallenbach of the Class of 1910, and Mrs. Dallenbach, of the Class of 1911, have established a fellowship fund in psychology at the University in memory of their son, John Wallace Dallenbach, who died in the service of his country on June 11, 1944. They propose to endow this fellowship with a capital fund of \$50,000; the first installment of \$10,000 was received in June, 1960, at the time the establishment of the fellowship was reported to the Board of Trustees.

They have now decided that they wish to make the gift to the University of Illinois Foundation, and in order to keep the fund as a unit, Dr. Dallenbach has requested that the \$10,000 installment given to the University be transferred to the Foundation to which the subsequent installments will be given. This transfer of funds will not affect the original purpose of the endowment.

Authorization to transfer the \$10,000 received in 1960, plus the interest earned on it to the date of transfer, is requested.

On motion of Mr. Hughes, the transfer of these funds to the Foundation was authorized.

SEPTEMBER MEETING

On motion of Mr. Johnston, the Board unanimously voted to hold the regular September meeting at the Chicago Undergraduate Division, Navy Pier, Chicago, Illinois, on Thursday, September 21, 1961, according to a schedule to be determined by the President and Secretary of the Board.

NEW CHICAGO CAMPUS PLANS

President Henry announced that there will be a public presentation of the plans for the University's new campus in Chicago, on Thursday, September 14, 1961. Mr. C. E. Flynn, Assistant to the President and Director of Public Information, reported briefly on the plans for this presentation, stating that it will be a luncheon program in the Bal Tabarin of the Hotel Sherman. The University of Illinois Foundation is providing the funds for the luncheon and certain other costs of this presentation.

STATUS OF DR. ANDREW C. IVY

(32) Dr. Andrew C. Ivy, Distinguished Professor of Physiology and Head of the Department of Clinical Science in the College of Medicine, having reached the statutory age of retirement this year, has formally requested that he be continued in active service for one year from September 1, 1961, as Head of the Department, at his present salary; or that if he is retired, he be permitted to continue as Head of the Department of Clinical Science for one year from September 1, 1961, and that laboratory facilities and funds for his research programs, including salaries of some of the present staff of the Department, be provided. The College of Medicine Executive Committee has previously recommended, the Chicago Profes-

sional Colleges Senate concurring, that the Department of Clinical Science be discontinued upon Dr. Ivy's retirement so that the space it has been occupying and the other facilities it has been using can be assigned to other departments of the College. This recommendation is reflected in the College budget for 1961-62 in that no provision for the Department is included and its staff is assigned to other departments. Dr. Ivy's request has now received due consideration by the Executive Committee of the College of Medicine and the appropriate University officials having administrative responsibility for the decision in such matters.

At this point, Dr. George W. Crane and Dr. John F. Pick appeared before the Board, having previously requested and having been granted this opportunity, and presented statements in support of Dr. Ivy's request.

President Henry presented a formal statement which he prepared for the information of the Trustees concerning Dr. Ivy's request and in anticipation that it would be brought to the attention of the Board in this public fashion. The President's statement follows:

**Memorandum for the Information of Members of the Board of Trustees
of the University of Illinois**

At a meeting of the Executive Committee of the Board of Trustees held on July 25, 1961, in an executive session on personnel matters, the Vice-President and Provost reported upon developments relative to the scheduled retirement of Dr. Andrew C. Ivy, Head of the Department of Clinical Science in the College of Medicine. Since Dr. Ivy had reached age sixty-eight, under the provisions of the University Retirement System of Illinois his retirement would be mandatory on August 31, 1961, unless an exception were to be granted in accordance with provisions of the Act governing the University Retirement System of Illinois.¹ The College of Medicine had expected that Dr. Ivy would retire and had prepared its budget requests for 1961-62 accordingly. Under these recommendations, Dr. Ivy would become Distinguished Professor of Physiology, *Emeritus*, in the Department of Physiology, and the Department of Clinical Science would be discontinued, such functions as remain being transferred to other departments of the College.

In a letter addressed to Vice-President Begando of the Chicago Professional Colleges on July 18, 1961, Dr. Ivy presented the following requests: (a) "That the Department of Clinical Science be continued for one year from September 1, 1961, through August 31, 1962, and that the 'necessary facilities now had and needed' be provided"; (b) that a budget for the Department of Clinical Science be provided in the amount either of \$21,601 (including \$1.00 for Dr. Ivy's salary plus his retirement annuity) or of \$40,101 (including Dr. Ivy's full salary of \$18,500). After some discussion, it was agreed by the Executive Committee of the Board that Dr. Ivy's letter should be referred to the Executive Committee of the College of Medicine for consideration, and that the latter Committee's recommendations concerning Dr. Ivy's requests should be reviewed by the appropriate administrative officers in relation to the budget requests submitted by the College of Medicine.

Vice-President Begando referred Dr. Ivy's letter to Associate Dean D. J. Caseley of the College of Medicine (acting in Dean Granville A. Bennett's absence), with the request that it be considered by the Executive Committee of that College and that recommendations be made concerning Dr. Ivy's requests. At a meeting held on July 28, 1961, the Executive Committee of the College of Medicine voted unanimously to reaffirm its earlier recommendation of April 14, 1961, that the Department of Clinical Science be discontinued as of August 31, 1961. (It should be noted that the Executive Committee's action of April 14, 1961, had been approved by the Senate of the Chicago Professional Colleges on June 7, 1961.)

The action of the Executive Committee of the College of Medicine was reported to me in a letter dated August 1, 1961, from Vice-President Begando, who concurred in the recommendation. The Vice-President and Provost of the

¹ "Any Participating Employee shall be retired no later than the first day of September immediately following his 68th birthday; provided, that upon the written request of the Employee and upon certification of the Employer, in exceptional cases and for substantial cause, retirement shall be deferred for a period not to exceed 1 year at any one time."

University then reviewed the requests of Dr. Ivy together with the recommendation concerning them made by the Executive Committee of the College of Medicine. After careful consideration, the Vice-President and Provost recommended approval of the budget as originally submitted by the College of Medicine for 1961-62, including the discontinuation of the Department of Clinical Science and the reallocation to other departments of the funds and space formerly allotted to that Department. He concurred also in the recommendation that Dr. Ivy be appointed Distinguished Professor of Physiology, *Emeritus*, in the Department of Physiology of the College of Medicine, effective September 1, 1961.

I concur in these recommendations, and they are reflected in the budgets submitted to the Board of Trustees for adoption at its meeting on August 10, 1961.

In considering these recommendations concerning Dr. Ivy, I have taken into account the policy of the University of Illinois to meet as fully as resources permit the needs of professors *emeriti* for facilities and funds with which to continue their scholarly work although retired from active service. The acute shortage of space—especially research laboratory space—makes it virtually impossible to provide professors *emeriti* all of the facilities used before retirement. Similar limitations apply to other forms of support. Nevertheless, the University makes a strong effort to assist retiring faculty members to continue significant research projects, consistent with its obligations to students and to members of the faculty in active status.

By way of further comment upon the foregoing recommendations concerning Dr. Ivy, I call to the attention of the Board of Trustees the action taken by the Seventy-second General Assembly of Illinois in adopting House Joint Resolution No. 53. In part this resolution recommended: "... that the proponent of Krebiozen, Dr. Andrew C. Ivy, Distinguished Professor of Physiology and Head of the Clinical Science Department, College of Medicine, University of Illinois, shall continue to be Head of the Clinical Science Department and to be further provided with the necessary facilities now had and needed to further the research and testing of the drug Krebiozen in the management and control of cancer in the patient."

This resolution and other communications received on behalf of Dr. Ivy's continuance in active service assume that the University of Illinois has provided continuing support for Dr. Ivy's investigations of the substance Krebiozen as a treatment for cancer, and that his anticipated retirement on August 31, 1961, will cause this support to be terminated. This assumption is in error, since the use of the resources of the University of Illinois for research or clinical use of Krebiozen has been prohibited since November 28, 1952. (See the Minutes of the meeting of the Board of Trustees of the University of Illinois, November 28, 1952, pages 478-480.) The then President of the University announced to the Board of Trustees on November 28, 1952, that in the light of the failure of Dr. Ivy to meet specified conditions stipulated by the Board of Trustees on September 24, 1952, "That there is to be no allowance of time, funds, space, equipment, patients or printing in behalf of any staff member of the University of Illinois for the clinical utilization of Krebiozen and that Krebiozen henceforth is to be dissociated from research or service programs." (At its meeting on September 24, 1952, the Board of Trustees had approved the recommendations of the Research Validation Committee and of the President of the University concerning the conditions to be met if further University resources were to be used in the study of the effects of Krebiozen as a treatment for cancer.)

Dr. Ivy did not meet the conditions established for the continuation or resumption of the investigation of Krebiozen at the University of Illinois, and he has not requested further support from the University for such studies. So far as the administrative officers of the University are aware, no further studies of Krebiozen involving the use of University facilities, have been conducted by Dr. Ivy in his capacity as a member of the faculty of the College of Medicine and as Head of the Department of Clinical Science in that College. Hence Dr. Ivy's retirement as Head of the Department of Clinical Science would not disrupt any research on Krebiozen insofar as the University of Illinois is concerned. Presumably, Dr. Ivy requested the deferment of his retirement in order that he might continue his investigations on other subjects, and insofar as resources permit and in accord with its general policy in such matters, the University will assist him in

the continuation of such work. The Vice-President in charge of the Professional Colleges will so inform Dr. Ivy.

This report was received for record, no formal action being required.

EXECUTIVE SESSION

On motion of Mr. Dilliard, an executive session was ordered, to be held after luncheon, for consideration of matters relating to property acquisitions and personnel.

The Board recessed for luncheon.

The Board reconvened at 2:00 p.m. All members of the Board, and officers of the University as recorded at the beginning of these minutes, were present, with the exception of Mr. Swain who asked to be excused.

The Board considered the following reports and recommendations from the President of the University.

ACQUISITION OF PROPERTY AT 106 NORTH ROMINE STREET, URBANA

(1) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 106 North Romine Street, Urbana, at a price of \$32,500, the appraised value, as a site to provide for the expansion of the Digital Computer Laboratory.

The property consists of a lot 72½ feet by 100 feet and a two-story and basement frame residence which has been used as a student rooming house. The building is in such a poor state of repair that renovation of it for University use would not be justified. It is proposed to remove the building and use the land as a parking lot until it needs to be taken over for the expansion of the Digital Computer Laboratory.

The University has been trying to acquire this property since 1955 but until now the asking price was \$45,000, which was considered excessive. The owner has recently expressed an interest in selling at a price based on an appraised value. Submitted herewith is a copy of the letter written to the owner specifying the terms of the purchase and a copy is being filed with the Secretary of the Board for record.

I concur in the recommendation for the purchase of this property on the terms indicated, subject to the availability of funds.

The proposal was presented to the Committee on Buildings and Grounds on June 21 and the Committee is prepared to support this recommendation.

On motion of Mr. Johnston, the purchase of this property on the terms recommended was authorized, subject to availability of funds. This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner. Mr. Swain.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(2) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Holding device for aseptic dissection of small animals ("Aseptigrip")—Dean H. Ferris, Associate Professor of Veterinary Pathology and Hygiene and of Veterinary Research, and Leslie Ivan Elder, Sr., Herdsman in the Dairy Science Department, inventors. This device consists of a metal platform with holes around the periphery to hold clips attached with springs or rubber tubing. The clips hold the animal's limbs and also fur, skin, and tissue layers out of the way to allow aseptic dissection. The anesthetized animal can be held in position and the body cavity opened without danger of contamination by hair or muscle layers.

Based upon the opinion of the Dean of the College of Veterinary Medicine

that there are doubtful commercial possibilities, the Committee recommends that this invention be released to the inventors.

2. "Aquatic macrolarvae collector"—Deam H. Ferris, Associate Professor of Veterinary Pathology and Hygiene and of Veterinary Research, inventor. This device consists of a funnel made of noncorrosive wire mesh, with noncorrosive metal supports, attached to a small receptacle which can be removed and attached by means of a threaded connection. The "aquatic macrolarvae collector" concentrates the larval forms, yet keeps them adequately covered with water.

Based upon the opinion of the Dean of the College of Veterinary Medicine that there are doubtful commercial possibilities, the Committee recommends that this invention be released to the inventor.

I concur in these recommendations.

On motion of Mr. Clement, these recommendations were approved.

ADMINISTRATIVE SALARIES

At the request of Mr. Johnston, the President of the Board ordered the room cleared of all except Trustees, for consideration of certain administrative salaries. At the conclusion of this session, action was deferred on the matter until a later meeting of the Board.

COMPLAINT OF ALVIN W. CROWLEY

President Williamson informed the Board that Mr. Alvin W. Crowley, a former nonacademic employee, has requested a hearing by the Board of Trustees regarding termination of his employment. This request had previously been presented by Mr. Crowley to the Executive Committee at its meeting on July 25, 1961. It was the consensus of the Committee that a hearing of Mr. Crowley's complaint by the Board is not in order, but that it is a matter for the Merit Board of the University Civil Service System.

The Board concurred in the judgment of the Executive Committee.

On motion of Mr. Johnston, the Board adjourned.

APPENDIX

UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1961-62

(Approved by the Board of Trustees, August 10, 1961, page 646)

EXPLANATORY NOTES

This budget consists of three volumes:

- I. Summaries of all divisions; Urbana-Champaign divisions and general University administration—academic and administrative salaries, wages, expense, and equipment.
- II. Chicago Professional Colleges (including Division of Services for Crippled Children), and Chicago Undergraduate Division—academic and administrative salaries, wages, expense, and equipment.
- III. Nonacademic salaries, all divisions.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1961.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar, Chicago Business Office, or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries" and "Wages, Expense, and Equipment." Transfers may be made between "Salaries" and "Wages, Expense, and Equipment" upon approval of the Vice-President and Provost, except that transfers between salaries and wages may be made by the Vice-President and Comptroller to the extent of the full-time equivalence of the salary positions. All requests for transfers should be submitted through the Vice-President and Comptroller, with the reason for the transfer. Nonrecurring unassigned items may be assigned to departments for equipment or minor remodeling projects, merely upon notice to the Accounting Division, except that any assignment of more than \$1,000 must first be approved by the Vice-President and Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1961. All balances and overdrafts in regular appropriations will be carried forward to 1962-63 unless otherwise notified by the Business Office.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds, and restricted budgets are on an estimated basis. Appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

Explanatory Notes on the Salary Budget

1. The services required for members of the academic and administrative staff are in accordance with Section 37 of the University of Illinois Statutes and Section 26 of the General Rules Concerning University Organization and Procedure.

a. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

b. For positions or portion of positions in the academic budget not indicated as "Y," services are required only during the academic year of two semesters (three terms in the Chicago Professional Colleges). Summer session teaching, if required, will be covered by an additional appointment with salary.

2. Services of the nonacademic staff are in accordance with Civil Service regulations. All positions are for twelve months' service, less vacation, unless otherwise indicated.
