Also present were President David D. Henry, Vice-President and Provost Lyle H. Lanier, Dr. Joseph S. Begando, Assistant to the President and Acting Vice-President in charge of the Chicago Professional Colleges, Executive Dean C. C. Caveny of the Chicago Undergraduate Division, Mr. Ralph F. MINUTES APPROVED

The Secretary presented the minutes of the meetings of the Board of Trustees on February 24, March 16, and April 20, 1960, press proof copies of which had previously been sent to the Board.

On motion of Mr. Johnston, the minutes were approved as printed on pages 1161 to 1274, inclusive.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

APPOINTMENT OF DEAN OF THE COLLEGE OF EDUCATION

(1) Following the death last year of Dean B. L. Dodds of the College of Education, a search committee was appointed to make recommendations for the deanship of the College. In the meantime, Professor Charles M. Allen, Coordinator of the Council on Teacher Education and Associate Dean of the College, has been serving as Acting Dean.

The Committee is not prepared to recommend a continuing appointment at this time and prefers to suggest for a two-year term a nationally known and experienced administrator who is near retirement. This arrangement will make possible the handling of the immediate business of the College with dispatch and confidence and the initiation of preliminary steps in long-range planning, pending the renewal of the search for a long-term appointee.

Accordingly, on recommendation of the search committee and after consultation with the Executive Committee of the College, the Vice-President and Provost, and the Dean of the Graduate College, I recommend the appointment of Dr. Alonzo G. Grace, presently Associate Dean of the School of Education of New York University, as Dean of the College of Education for two years from September 1, 1960, at a salary of \$22,000 a year (of which \$2,000 represents additional compensation to be paid in lieu of his participation in the University Retirement System of Illinois) on "Y" basis.

Dr. Grace was scheduled to retire from New York University in August, 1961, at age sixty-five. The appointment here will prolong his professional service in a position of leadership and importance to higher education as well as to the University of Illinois.

On motion of Mr. Johnston, this appointment was approved.

ACTING VICE-PRESIDENT IN CHARGE OF THE CHICAGO PROFESSIONAL COLLEGES

(2) Pending a permanent appointment to the position of Vice-President in charge of the Chicago Professional Colleges, Joseph S. Begando, Assistant to the President, has been designated to serve as Acting Vice-President in Chicago effective as of June 20, 1960, and continuing until further notice.

Official confirmation is requested.

On motion of Mrs. Watkins, this appointment was confirmed.

HEADSHIP OF DEPARTMENT OF PHYSIOLOGY

(3) Professor Robert E. Johnson, Head of the Department of Physiology in the College of Liberal Arts and Sciences, has asked to be relieved of the headship of the Department in order that he may devote more time to his work as Director of the University Honors Program. It is recommended that his request be granted.

A search committee on the headship of the Department and the Dean of the College of Liberal Arts and Sciences recommend the appointment of Professor C. Ladd Prosser, a member of the Department faculty for many years, as Head of the Department of Physiology beginning September 1, 1960, at an annual salary of \$15,000.

This recommendation has been made after consultation with all members of the Department of professorial rank, the Executive Committee of the School of Life Sciences, and the Executive Committee of the College, all groups en-

thusiastically concurring in the nomination. The Vice-President and Provost and the Dean of the Graduate College also concur.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

HEADSHIP OF DEPARTMENT OF MICROBIOLOGY

(4) The Director of the School of Life Sciences and the Dean of the College of Liberal Arts and Sciences recommend the appointment of Kimball Chase Atwood, presently Associate Professor of Medical Genetics at the University of Chicago, as Professor of Microbiology on indefinite tenure and Head of the Department of Microbiology beginning August 1, 1960, at an annual salary of \$18,000 on "A" basis. This appointment is to fill the vacancy created by the appointment of Professor H. O. Halvorson, former Head of the Department, as Director of the School of Life Sciences.

The members of the Department of professorial rank and the Executive Committee of the School have been consulted. The Vice-President and Provost and the Dean of the Graduate College concur.

I recommend approval.

On motion of Mr. Harewood, this appointment was approved.

APPOINTMENT OF ASSISTANT TO DEAN OF ADMISSIONS AND RECORDS

(5) On recommendation of the Dean of Admissions and Records, I have approved the appointment of Frank A. Bridgewater, presently Director of the Division of Special Services for War Veterans, as Assistant to the Dean of Admissions and Records for one year from September 1, 1960, at a salary of \$11,000 on "Y" basis.

On motion of Mr. Swain this appointment was confirmed.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(10) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
AARON DOLNICK	Chicago	District of Columbia
RONALD ZADOC DOMSKY	Skokie	Wisconsin
ANTHONY ALBERT DRZYMALA DREW	Chicago	District of Columbia
RICHARD DEAN EVANS	Davenport, Iowa	Nebraska
DAVID ABRAHAM FELDMAN	Milwaukee, Wisconsin	Wisconsin
RALPH WESLEY LACEY	Chicago	District of Columbia
SEYMOUR MANDLER	Chicago	District of Columbia
RONALD BASIL STANG	Evanston	Kansas
JULIUS GEORGE SZUMYLO	Chicago	District of Columbia

I concur.

On motion of Mr. Johnston, these certificates were awarded.

**DISCONTINUATION OF DIVISION OF SPECIAL SERVICES
FOR WAR VETERANS**

(11) As authorized by the Board of Trustees, the Division of Special Services for War Veterans will be discontinued as of September 1, 1960. The University will, of course, carry out its obligations to nineteen students still enrolled in the Division who have not yet graduated.

Mr. Frank A. Bridgewater, who has been serving as Director of the Division since 1951 (prior thereto he was Assistant Director), has been appointed Assistant to the Dean of Admissions and Records effective September 1, 1960, and in this new position he will continue to administer the programs of the students remaining in the Division until they have completed requirements for degrees.

This is being reported for record and confirmation.

On motion of Mr. Harewood, this action was confirmed.

On motion of Mrs. Watkins, the Secretary was requested to express to Mr. Bridgewater the Board's appreciation of his services as Director of the Division.

DEPARTMENT OF SPEECH AND THEATRE

(12) On request of the Department of Speech, concurred in by the Executive Committee and the Dean of the College of Liberal Arts and Sciences, I have approved a change in the name of the Department to "Department of Speech and Theatre," effective September 1, 1960.

This implies no change in administration but only that the titles of some of the staff will be changed.

On motion of Mr. Swain, this change was approved.

CHANGES IN NAMES OF DEPARTMENTS IN COLLEGE OF DENTISTRY

(13) The Dean of the College of Dentistry, with the concurrence of the Acting Vice-President in charge of the Chicago Professional Colleges, recommends changes in departmental names, effective September 1, 1960, as follows: Department of Crowns and Fixed Partial Dentures to Department of Fixed Partial Prosthodontics; Department of Full and Removable Partial Dentures to Department of Prosthodontics; Admitting Clinic to Patient Admissions; and Department of Postgraduate Studies to Department of Postgraduate Education.

These changes are consistent with current nomenclature recommended by the American Dental Association and in use in a majority of dental colleges in the United States and Canada. Conformity makes communication with the various universities more effective and precludes the need of explanations.

I concur.

On motion of Mrs. Watkins, these changes were approved.

EXTENSION OF COUNTY SCHOLARSHIPS

(14) The Board of Trustees has previously authorized additional University tuition scholarships, supplementing County Scholarships in the larger counties, to be awarded on the basis of one scholarship for each 50,000 population or fraction thereof, based on the 1950 census. The 1960 census shows a number of counties with increased populations so that an increase in the number of these scholarships is in order.

Accordingly, on recommendation of the Committee on Undergraduate Scholarships, I have authorized an increase in the number of University scholarships supplementing County Scholarships as follows: Cook County, from 90 to 109; DeKalb County, from 1 to 2; DuPage County, from 4 to 7; Kane County, from 4 to 7; Lake County, from 4 to 6; Macon County, from 2 to 3; Madison County, from 4 to 5; St. Clair County, from 5 to 6; Whiteside County, from 1 to 2; Will County, from 3 to 4; Winnebago County, from 4 to 5.

This is consistent with the formula adopted by the Board and I report it for record, requesting confirmation of my action.

On motion of Mr. Wilkins, the President's action was confirmed.

TUITION AND FEE WAIVERS IN THE GRADUATE COLLEGE

(15) The Board of Trustees has previously authorized 450 tuition and fee waivers a year to be awarded to graduate students.

The Dean of the Graduate College originally requested 500 but this allotment was reduced to 450. It is clear now that the allocation of 500 originally requested is required to meet all of the legitimate needs of the Graduate College. However, this will not result in an increased cost to the University, because the additional tuition and fee waivers will be offset by a reduction in the number of staff members eligible for exemption from tuition fees under the new rules adopted by the Board at the time the tuition and fee waivers were authorized.

I recommend authorization of the additional fifty tuition and fee waivers for graduate students.

On motion of Mr. Hughes, this recommendation was approved.

FLIGHT-TRAINING FEE

(16) The Director of the Institute of Aviation and the Committee on Fees recommend an increase in the flight-training fee from \$300 to \$325 each semester. The flight-training program was set up as self-supporting, and the increase is necessary to cover the increased costs of instructional operations.

I concur.

On motion of Mr. Johnston, this change in fee was authorized.

ADMISSION OF UNDERGRADUATE STUDENTS ENTERING DIRECTLY FROM HIGH SCHOOL

(17) The University Senates recommend that the present requirements for admission of undergraduate students entering the University from high school, and who are residents of Illinois, be amended to read:

Residents of Illinois. A graduate of an accredited high school who is a resident of Illinois, whose rank in scholarship is in the lowest quarter of his graduating class (applicable to those seeking admission in the fall of 1961 or thereafter), or in the lower half (applicable to those seeking admission in the fall of 1963 or thereafter), and who is otherwise qualified for admission, will be admitted to the University upon presentation of either of the following evidences of ability to do satisfactory work at the University:

Obtaining a passing score on a test, or tests, as prescribed by the All-University Committee on Admissions. The Committee may set separate passing scores for students in the third quarter and in the fourth quarter of their high school classes, and shall set passing scores such that a student admitted to the University by this means will have approximately one out of four chances, or better, of being on clear status at the end of the first semester of his college work.

Presenting evidence of having attempted twelve or more semester hours of work at another college or university of recognized standing, and meeting the regular University requirements for admission as a transfer student.

Or by applying for admission to a session which begins at least twelve months after the applicant's graduation from high school, provided that (a) in this twelve-month period he has not attempted as much as twelve semester hours of work at another college or university of recognized standing, and (b) that he meets all other University requirements for admission that are applicable to him, except that he shall not be required to take the test, or tests, prescribed above.

The student's rank is to be based on work completed in grades nine, ten, eleven, and the first half of twelve in the case of four-year high schools, and on work completed in grades ten, eleven, and the first half of twelve in the case of three-year senior high schools.

I concur.

Mr. Wilkins suggested that the term "recognized high school" be substituted for the term "accredited high school" in the text (first sentence).

On motion of Mr. Harewood, the revision of the requirements as proposed by the Senates, with the change suggested by Mr. Wilkins, was approved.

PROGRESSIVE ADMISSION OF UNDERGRADUATE STUDENTS

(18) Because available facilities are inadequate to provide for all qualified applicants for admission to the undergraduate colleges and institutes at the University of Illinois, and in order to utilize the University's capacities most effectively, the University Senates recommend that the Dean of Admissions and Records be authorized to issue permits to enter the undergraduate colleges and institutes at Urbana and at the Chicago Undergraduate Division in accordance with the procedures outlined below, effective beginning with applicants for admission in September, 1961.

Priorities for Action on Applications for Admissions to the Fall Semester Period I, through March 31

1. New freshmen who are residents of Illinois and who rank in the highest 25 per cent of their high school class.
2. New freshmen who are nonresidents of Illinois and who rank in the highest 15 per cent of their high school class.
3. Transfer students who are residents of Illinois with not less than a 3.75 average in their college work in terms of the grading system of the University of Illinois.

4. Transfer students who are nonresidents of Illinois with not less than a 4.0 average in their college work in terms of the grading system of the University of Illinois.

Period II, from April 1 through April 30

1. New freshmen who are residents of Illinois and who rank in the highest 50 per cent of their high school class.
2. New freshmen who are nonresidents of Illinois and who rank in the highest 25 per cent of their high school class.
3. Transfer students who are residents of Illinois with not less than a 3.5 average in their college work in terms of the grading system of the University of Illinois.
4. Transfer students who are nonresidents of Illinois with not less than a 3.75 average in their college work in terms of the grading system of the University of Illinois.

Period III, after April 30

All applicants, new freshmen and transfers, who meet all requirements for admission to the University.

Use of Test Scores in Lieu of Rank in Class

Wherever rank in high school class is referred to above as a basis for establishing priority of admissions, an applicant may offer evidence of scholastic ability in the form of test scores in lieu of rank in class. The All-University Committee on Admissions is authorized to designate a test, or tests, and scores equivalent to different ranks in high school classes, that are acceptable for this purpose.

Offering of test scores as evidence in lieu of rank in class will be optional with the student applying for September, 1961. The University will require an admission test for all students applying for September, 1962, and thereafter.

Priorities within Periods I, II, and III

Within each of the three periods, the Office of Admissions and Records is authorized to give priority, so far as administratively feasible, to the best qualified applicants as indicated by (a) rank in high school class, (b) scores on a scholastic aptitude test, or tests, and (c) any other available information.

A similar system of priorities may be established for the spring semester.
I concur.

On motion of Mr. Wilkins, these recommendations were approved.

COLLEGE OF ENGINEERING HONORS AT GRADUATION

(19) The faculty of the College of Engineering has recommended, and the Urbana Senate has approved, modifications in the Honors at Graduation program of the College. Submitted herewith is a statement giving the details of these changes as approved by the Urbana Senate; a copy is being filed with the Secretary of the Board for record.

I recommend approval.

On motion of Mr. Swain, this recommendation was approved.

GRADUATE PROGRAM IN MARKETING

(20) The Urbana-Champaign Senate recommends authorization of a graduate program leading to the degree of Doctor of Philosophy in Marketing. This program has been approved by the Executive Committee of the Graduate College. Its objectives are to meet the need for trained teachers in the field of marketing in this country and abroad, and to provide scientifically trained personnel for market research departments and agencies.

Requirements for admission and for the degree are as follows:

Admission Requirements. The applicant must have a grade-point average of 3.75 for the last sixty hours of work. It is understood that applicants with averages between 3.5 and 3.74 may be admitted on recommendation of the department. The applicant also must have at least twenty hours of undergraduate work in business subjects with a minimum of six hours of marketing.

Degree Requirements. Candidates for degree must fulfill all the general requirements of the Graduate College, including residence, languages, the pre-

liminary examination, the dissertation, and the final examination. The work in minor fields will consist of not less than four units. The preliminary examination must demonstrate a comprehensive knowledge of marketing, an understanding of economic theory and its relationship to marketing, and an acquaintance with the subject matter and bibliography of the various areas of marketing.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I recommend approval.

On motion of Mr. Johnston, this recommendation was approved.

GRADUATE DEGREE IN ANIMAL NUTRITION

(21) Two graduate programs leading to the degrees of Doctor of Philosophy in Animal Science and Doctor of Philosophy in Animal Nutrition are now offered by the Department of Animal Science. To eliminate the confusion which exists relative to the two degrees, the Department, the Graduate College, and the Urbana-Champaign Senate recommend that the degree of Doctor of Philosophy in Animal Nutrition be discontinued. This is a change in nomenclature and implies no change in course content or degree requirements. Students interested in animal nutrition will continue to take the same courses as before and to do research in this area but will receive the degree of Doctor of Philosophy in Animal Science. This change will not affect students currently enrolled in the program but will apply to all new students enrolling after September 1, 1960.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Hughes, this change was approved.

MAJOR IN AGRICULTURAL COMMUNICATIONS

(22) The Urbana-Champaign Senate recommends authorization of a new major in agricultural communications in the existing curriculum in General Agriculture.

The major, approved by the faculty of the College of Agriculture and developed in cooperation with the College of Journalism and Communications, will provide training for students interested in the farm newspaper or magazine field, farm radio and television, advertising, agricultural public relations, agricultural college and United States Department of Agriculture editorial work, and other positions requiring education in both agriculture and communications.

The major follows the same basic pattern as other majors in the General Agriculture curriculum with a basic core program being followed during the freshman and sophomore years. As in other majors, the student must complete a minimum of fifty hours of agriculture and twelve hours of humanities and social science (in addition to Economics 108 and Speech 101). He must also complete twenty hours in one of the journalism and communications options as provided.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Hughes, this program was authorized.

CHANGES IN CURRICULUM IN PHYSICAL EDUCATION FOR MEN

(23) The Urbana-Champaign Senate recommends revisions in the curriculum in Physical Education for Men, the major changes being:

Elimination of a specified minor in favor of a minor determined through advisement.

Providing for a minor in health education, and certification in safety and driver education, by careful use of elective hours.

Rearrangement of several courses.

Requiring Physical Education for Men 271, Organization of Sports Programs, in the senior year.

Changing Physical Education for Men 209, History of Sports, from a two-hour to a three-hour course and requiring it in the sophomore year as a substitute for Recreation 174, Camp Counseling.

Adding a new requirement, Physiology 350, Physiology of Human Activity, in the senior year, to be developed and taught by the Department of Physiology.

Increasing the total number hours required for graduation from 130 to 132.

Submitted herewith are the details of this new curriculum, a copy of which is being filed with the Secretary of the Board for record.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Swain, these changes in the curriculum were approved.

MATERIALS RESEARCH CENTER

(24) In 1956 a proposal was made to the Atomic Energy Commission for the construction at the University of a laboratory for materials research. This proposal, providing for the construction of a building at an estimated cost of \$3,600,000 and equipment estimated to cost \$2,000,000, was included in a bill passed by the United States Congress. Under consideration is an appropriation of \$1,500,000 for the preparation of plans and specifications for such buildings at the University of Illinois and at the University of Notre Dame. While there is no division of the amount between the two, on the basis of the estimated cost, approximately \$1,000,000 would be made available to the University of Illinois for plans and specifications. No appropriation has been made, however, for the building.

Under such a program, the Atomic Energy Commission would lease from the University the land on which the building is to be built, and would contract with the University for the preparation of plans and construction of the building. The lease of the land would be for an estimated period of time but would be in excess of sixty years. The University would be consulted in the preparation of plans and in the construction of the building but final responsibility would be with the United States Government. Upon completion of the building the government would contract with the University for its use and occupancy.

I recommend that the Vice-President and Comptroller be authorized to negotiate with the United States Government on this project provided that final contractual arrangements will be presented to the Board of Trustees for approval before execution of any documents.

On motion of Mrs. Watkins, this recommendation was approved, and authority was given as requested.

APPLICATION TO HOUSING AND HOME FINANCE AGENCY FOR LOAN TO FINANCE CONSTRUCTION OF WOMEN'S RESIDENCE HALLS

(25) A preliminary application was filed under date of June 30, 1960, with the Housing and Home Finance Agency for a loan of \$5,000,000 to assist in the financing of women's residence halls to be constructed at Lincoln and Pennsylvania Avenues south of the Illini Grove. These halls will provide housing for 1,044 undergraduate women. The total project cost is estimated at \$5,750,000. The preliminary design of the buildings has been approved by the Committee on Buildings and Grounds of the Board of Trustees.

It is recommended that the Board authorize the following:

The submission of a complete application to the Housing and Home Finance Agency if federal funds become available;

The employment of Chapman and Cutler as counsel for the bond issue;

The taking of bids for the construction of the buildings and for the sale of the bonds at such times as are determined most appropriate by the Vice-President and Comptroller;

The Comptroller and the Secretary of the Board execute a loan agreement with the Housing and Home Finance Agency;

Any and all other necessary steps and formalities in connection with the bond issue and the sale of the bonds.

I concur.

On motion of Mr. Swain, this recommendation was approved, and authority was given as requested.

**DESIGNATION OF CONTINENTAL ILLINOIS NATIONAL BANK
AND TRUST COMPANY AS DEPOSITARY OF PROCEEDS
OF HOUSING REVENUE BONDS OF 1960**

(26) On June 14, 1960, the Board authorized the deposit of the proceeds of the Housing Revenue Bonds of 1960 in a construction account in the Continental Illinois National Bank and Trust Company of Chicago. The Bank has requested that a formal resolution be adopted as follows:

Resolution

Be It Resolved, That the Continental Illinois National Bank and Trust Company of Chicago be and hereby is designated a depositary in which construction funds of this corporation may be deposited by its officers, agents, and employees and that the Comptroller, or any other officer of this corporation, be and hereby is authorized to open and maintain an account or accounts with said Bank and to endorse and deposit with said Bank negotiable instruments and orders for the payment of money which endorsements may be made in writing or by a stamp and without designation of the person so endorsing, and it being understood and agreed that on all such items deposited, all prior endorsements are guaranteed by this corporation whether or not an express guaranty is incorporated in such endorsements.

And Be It Further Resolved, That the Continental Illinois National Bank and Trust Company of Chicago as a designated depositary of this corporation be and it is hereby requested, authorized, and directed to honor checks, drafts, or other orders for the payment of money drawn in this corporation's name, including those drawn to the individual order of any person or persons whose name or names appear thereon as signer or signers thereof, when bearing or purporting to bear the facsimile signature(s) of the President and Secretary, and Continental Illinois National Bank and Trust Company of Chicago shall be entitled to honor and to charge this corporation for all such checks, drafts, or other orders, regardless of by whom or by what means the facsimile signatures thereon may have been affixed thereto, if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the Continental Illinois National Bank and Trust Company of Chicago by the Secretary or other officer of this corporation.

The Vice-President and Comptroller recommends adoption of this resolution. I concur.

On motion of Mr. Swain, the foregoing resolution was adopted.

BICYCLE REGULATIONS AND APPROPRIATION FOR PARKING LOTS

(27) A faculty Committee on Bicycle Control and Pedestrian Traffic, appointed by Vice-President and Provost Gordon N. Ray in January, 1960, has completed a study of the problems created by the increasing number of bicycles on the campus and has made recommendations with respect to these and related problems.

The Committee recommends adoption of a code of regulations for the registration, operation, and parking of bicycles on the campus for the safety of pedestrians and operators. I have approved these regulations, a copy of which is being filed with the Secretary of the Board for record.

No registration fee will be required but the regulations provide for fines for violations, similar to fines for violations of other campus regulations. Fines collected will be turned over to the Student Senate for its operating expenses and for scholarships.

I recommend that an appropriation of \$14,000 be made from the General Reserve Fund for the construction of five new bicycle parking areas and an addition of \$1,250 to the operating budget of the Security Office for the cost of registration and enforcement.

On motion of Mr. Johnston, the report of the President's action was received for record, and the appropriations requested were made by the following vote: Aye, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Herrick, Mr. Stratton.

(33) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$82,940 to Divane Brothers Electric Company, 3826 West Van Buren Street, Chicago, Illinois, the lowest bidder, for improvements in the present inadequate electrical distribution system in the first unit of the Dentistry-Medicine-Pharmacy Building.

This is part of the first phase of the installation of a new 12,000-volt service for the Dentistry-Medicine-Pharmacy Buildings and some areas of the Research and Educational Hospitals. The installation will replace the present overloaded and unreliable 4,000-volt service and the first phase of the work will provide additional electrical capacity in an area seriously deficient now and will establish the primary 12,000-volt service and transformer vault for the ultimate project.

Bids were taken on a base bid and eight additive alternates in order to have as much of the work done as funds would permit. The contract here recommended will provide for equipping the 12,000-volt vault and supplying adequate electrical service to the basement, first, second, and third floors of the first unit of the Dentistry-Medicine-Pharmacy Building.

CHANGE IN CONTRACT FOR INSTALLATION OF SEATING IN ASSEMBLY HALL

(35) The Board of Trustees has authorized a contract with the American Seating Company of New York, the lowest bidder, for the installation of permanent seating in the Assembly Hall on the basis of \$253,300 for 17,000 stadium-type seats with the University having the option of increasing or decreasing the number on the basis of unit cost, and with alternates providing for the addition of arms and upholstered seats and backs in the theater quadrant.

On the advice of the architect for the building, the Director of the Physical Plant and the Vice-President and Comptroller recommend a change in the contract to provide for a 20½ inch minimum space per seat in the theater quadrant and the installation of upholstered seats with backs and arms in this area; and 19½ inch minimum space per seat in the balance of the area. This will provide a good standard of comfort but will reduce the permanent seating from 16,800 to 15,902 (4,142 in the theater quadrant and 11,760 in the rest of the area). The additional cost will be \$21,575.

A supporting statement from the Physical Plant Department is submitted herewith and a copy is being filed with the Secretary of the Board for record.

UNIVERSITY FUNDS REQUIRED FOR IMPROVEMENT OF GREEN STREET IN URBANA

(36) The Board of Trustees has authorized an agreement with the city of Urbana providing for the payment by the University of its share of the cost of the widening and repaving of Green Street from Wright Street to Lincoln Avenue.

Engineers have now completed a field check and have reviewed plans and specifications, and the factors used in the preliminary estimates of the cost of the project. The revised estimate now is \$471,285 of which the University's share will be \$336,028, as compared with preliminary estimates of \$418,800 and \$298,293, respectively.

Under the terms of the agreement the payment required by the University during the present biennium is \$141,500. Funds are available in the state capital appropriations to the University for 1959-61, subject to release by the Governor.

This report was received for record.

NATIONAL SCIENCE FOUNDATION GRANTS

(37) The National Science Foundation has made the following grants to the University for capital improvements:

Construction of research buildings at the Betatron Laboratory.....	\$27 300
Remodeling program for Physical Chemistry.....	50 000
Modernization and expansion of graduate research laboratories in Civil Engineering.....	17 800
Remodeling biochemistry and anatomy research laboratories at the Chicago Professional Colleges	17 300

In each case the grant has been made with the express understanding that the funds will be matched by the University from nonfederal sources, to the extent of at least 50 per cent of the direct costs. Matching funds to be supplied by the University are available for these projects.

This report was received for record.

GRANT FROM AMERICAN CHEMICAL SOCIETY

(38) Professor Harry G. Drickamer of the Department of Chemistry and Chemical Engineering has been selected by the American Chemical Society to receive the Petroleum Research Fund Award for 1960 in the form of an unrestricted grant of \$50,000 to the University for his research work in the field of petroleum. This grant has been accepted with an expression of appreciation on behalf of the Board of Trustees. It is reported now instead of being held for inclusion in the next annual report of gifts and grants because of the special distinction attached to the award.

This report was received for record.

CONTRIBUTIONS FOR ELECTRICAL ENGINEERING BUILDING

(39) Building needs in the College of Engineering are particularly acute and, except for the completion of the Physics Building, the addition to the Electrical Engineering Building is the College's greatest need. The portion of the Electrical Engineering Building which was completed eleven years ago provides only one-third the space requested in 1945 when there was a staff of 20 and an undergraduate student body of some 400. The Department now has 91 full-time faculty, 1,146 undergraduate students, 222 graduate students, and 79 nonacademic staff members. To include the addition to the Electrical Engineering Building in the top priority group in the 1961-63 biennium, funds must be provided now for planning and working drawings in order that the building can be completed within the biennium for which funds are received. The Dean of the College of Engineering has been authorized to seek contributions from a limited number of leading engineering alumni in order that the working drawings, estimated to cost \$63,000, can be completed during the next year.

This report was received for record.

STATUS OF OPERATING FUNDS FOR THE DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(42) The Division of Services for Crippled Children, since its establishment as the official medical care agency for crippled children in Illinois, has recognized polio patients as an eligible category for specialized services under its program. This responsibility is recorded in the official state plan which documents the organization and operation of the Division and which is filed with the Children's Bureau in accordance with regulations of the Department of Health, Education, and Welfare, relating to federal matching grants.

During the early years of the Division, polio patients formed a major group receiving attention and represented a substantial portion of its expenditures. With the increasing success of the fund drives of the National Foundation for Infantile Paralysis (now officially known as the National Foundation), the burden of providing financial support for most polio patients was shifted, beginning in the late 1940's, to the National Foundation. It was the Foundation's declared policy to meet the needs of polio patients through the funds raised in the annual "March of Dimes" campaign and thereby supplant tax funds for the same purpose, wherever possible.

In the state of Illinois the National Foundation's county chapters accepted this obligation and continued to provide the major financial support for treatment of polio patients throughout the 1950's. During this period, the Division of Services for Crippled Children expenditures for polio patients decreased from approximately \$200,000 in 1952 to approximately \$10,000 in 1959. Medical care planning for over one thousand polio patients annually was carried on through statewide clinics maintained by this Division with financial support provided by the National Foundation chapters. The Division of Services for Crippled Children funds were used only when a given chapter could not provide further support, usually due to exhaustion of its locally collected funds.

Subsequent to the development of the Salk vaccine, the National Foundation experienced some changes. Its annual drives for funds became less successful, and have produced considerably below their expectations each year. This decline in fund raising on the part of the National Foundation reflects a public image of poliomyelitis as a disease that has been conquered. In part, perhaps, the declining fiscal support may be related to the change in the name of the Foundation and its changed purpose announced approximately two years ago, its current name being "National Foundation," eliminating "for Infantile Paralysis."

In addition to concern for poliomyelitis, the organization has extended its interest to include other crippling diseases, particularly at the outset, birth defects and rheumatoid arthritis, and with specific attention to professional education and research and somewhat less emphasis on patient care services, which had so strongly characterized the program of the National Foundation for Infantile Paralysis in its previous operations.

Another fundamental change in the National Foundation's new program was the transfer of responsibility for patient aid to other sources of funds than the National Foundation itself. This change was first announced in May of 1959, and reaffirmed in March of 1960. It emphasized that the National Foundation's resources were not unlimited to deal with all patient-aid problems; consequently, chapter aid was being limited to patients in certain priority groups who were not eligible for adequate care from any other source.

The changes in the National Foundation policy were originally undertaken without reference to official state agencies or to the effects such a change would have on their operations in terms of previously determined plans. The Division of Services for Crippled Children had no forewarning of this impending situation, nor was there any knowledge of the impending shortage of funds in the local county chapters of the National Foundation at the time the budget for the 1959-61 biennium was established. At present, approximately one-half of the state's chapters are without significant funds or are in a deficit status.

The result of these changes has meant that the Division has received an increasing volume of requests from physicians, hospitals, parents, and other agencies throughout the state for financial support and services to polio patients beyond the extent of the obligations undertaken by the Division under the long-standing arrangement with the National Foundation. While the Division of Services for Crippled Children did not anticipate during the current biennium the necessity for incurring costs for services to most of these children, authorization for their care has been given since they are eligible under the state plan for such care. The result of these unanticipated needs is difficult to assess at this time. A conservative estimate indicates that, if the Division of Services for Crippled Children continues to accept those cases which are qualified for its program, the need for expenditures may exceed current appropriations by as much as \$200,000. If, for any reason, the need for patient care is accelerated during the coming year and it is shown that the individual county chapters of the National Foundation are financially unable to meet the need, the excess of needed expenditures over current appropriations could amount to as much as \$400,000.

While it is too early to make a precise estimate of the need for additional funds during this biennium, if present trends continue and if the University, through the Division of Services for Crippled Children, continues to accept those cases which are in need of its services and entitled to them, an emergency supplementary appropriation of from \$200,000 to \$400,000 may have to be requested at the next session of the General Assembly.

President Henry presented Dr. Edward F. Lis, Director of the Division of Services for Crippled Children, who discussed the foregoing report and answered questions.

This report was received for record.

At this point Mr. Hughes left the meeting.

REPORT OF A STUDY OF THE POSSIBILITY OF FULL-SCALE OPERATION OF THE UNIVERSITY DURING TWELVE MONTHS OF THE YEAR

(43) In view of public interest in the subject, and inquiries received from some members of the Board of Trustees, a study was undertaken at the request of the President and the Vice-President and Provost of the University of the possibilities of increasing utilization of the present facilities of the University to the following extent and the problems therein.

The University would maintain as full an enrollment as possible, a complete staff, and full operation of all buildings during twelve months of the year.

The University plant would operate for instructional purposes from 8:00 a.m. until 9:00 p.m. Monday through Friday and from 8:00 a.m. to 1:00 p.m. on Saturday.

This study was directed by Associate Dean Gibbon Butler of the College of Liberal Arts and Sciences, and a report was submitted, copies of which were sent to all members of the Board of Trustees. In the study and in the preparation of the report, Dean Butler had the advice of the deans of the colleges, the directors of the schools and institutes, and other University officers with major administrative responsibilities.

President Henry presented Dean Butler who discussed the report and answered questions.

A copy of the report was filed with the Secretary of the Board for record. At the request of Mrs. Watkins, the Secretary was directed to send copies of the report to all members of the Illinois Commission of Higher Education and to delegates to the Commission.

BUILDING PROGRAM FOR 1961-63

(44) Submitted herewith is the proposed building program for the biennium of 1961-63. It is based upon the recommendations of the University Building Program Committee and consultation with the University Council.

I recommend that the Board of Trustees approve this building program for 1961-63 for presentation to the Department of Finance, the Illinois Budgetary Commission, and other state officers and committees of the Seventy-second General Assembly of Illinois; and I further recommend that the President of the Board, the Chairmen of the Board Committees on Buildings and Grounds, General Policy, and Finance, and the President of the University be authorized to represent the Board of Trustees in such conferences as may be required in discussing the program with state officials.

State law requires that the University file with the Department of Finance no later than November 1 estimates of income and expenses from state appropriations for the biennium beginning the following July. The operating budget to be recommended from state appropriations for the biennium of 1961-63 will be presented to the Board of Trustees at a later meeting.

The report of the University Building Program had been submitted to members of the Board of Trustees for study in advance of today's meeting. Professor Norman A. Parker, Chairman of the Committee, had previously made preliminary reports to the Committee on Buildings and Grounds at meetings in May and June, and he now formally presented the report with the recommendations of his Committee and the concurrence of the President of the University.

Following this presentation and discussion, on motion of Mr. Swain, the recommendations were approved and authority was given as requested. This action was taken by the following vote: Aye, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Herrick, Mr. Stratton; Mr. Hughes was present during most of the meeting but was absent when this matter was considered and the vote taken.

The report appears as an appendix to these minutes on pages 73 to 88.

NONSALARIED FACULTY OF THE COLLEGE OF MEDICINE, 1960-61

(45) I present the following list of appointments to the nonsalaried faculty of the College of Medicine for the academic year beginning September 1, 1960, unless otherwise indicated, and request that the President of the University be authorized to make such additional appointments and other changes, and to accept resignations, as are desirable and necessary.

Appointments of Professors and Associate Professors are on indefinite tenure; all others are for one year from September 1, 1960, unless otherwise stated. New appointments are so indicated.

COMMUNICATION FROM MEMBERS OF THE FACULTY

President Williamson stated that an open letter dated July 15, 1960, to the Board of Trustees from a number of the members of the University faculty concerning the University's action in the case of Assistant Professor Leo F. Koch was released by some of its signers for publication on July 17, 1960.

The signers of the open letter did not follow University statutory procedure for faculty deliberation and communication. Nevertheless, on recommendation of the President of the University that the Board of Trustees take note of the communication and give it consideration, the Chair suggested that the letter be referred to the Committee on General Policy for study and report.

By unanimous consent the letter was so referred with the request that the Committee report on the matter at the September meeting of the Board.

A copy of the open letter has been filed with the Secretary of the Board for record.

ANNUAL MEETING OF ASSOCIATION OF GOVERNING BOARDS

President Williamson announced that Mrs. Frances B. Watkins has been named a Regional Director of the Association of Governing Boards of State Universities and Allied Institutions and will attend a meeting of the Regional Directors in Minneapolis July 30. The annual meeting of the Association will be held in Seattle, Washington, October 19-22 and Mrs. Watkins will represent the Board at this meeting.

FUTURE BOARD MEETINGS

On motion of Mr. Harewood, the Board voted not to hold a regular meeting in August.

The regular September meeting will be held in Urbana on Wednesday, September 21, 1960, at an hour and place to be designated by the President and Secretary of the Board.

MEETINGS OF BOARD COMMITTEES

Meetings of the Committees on General Policy and Buildings and Grounds were held today beginning at 1:30 p.m.

EXECUTIVE SESSION

At this point, an Executive Session was requested and ordered for the consideration of the following matters of business.

PURCHASE OF PROPERTY ON GREEN STREET

(1) Construction of the second unit of the residence hall for graduate students on Green Street in Urbana requires acquisition of additional land adjoining the site to provide an area for parking and a service drive from Gregory Place, a side street. This land is part of a large area at the northwest corner of Green Street and Gregory Place on which there is a service station.

The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of approximately 5,090 square feet of land in this area from Mr. C. C. Brown of Urbana, owner of the land and operator of the station.

at a price of \$6,800, or \$1.34 per square foot. This is a negotiated price based on appraisals and is in line with the price policy authorized by the Committee on Buildings and Grounds in negotiations for land acquisition.

Funds will be available in either the state capital appropriations to the University for 1959-61 or in the construction account for the residence hall for graduate students.

I concur.

On motion of Mr. Harewood, the purchase of this property was authorized, as recommended, by the following vote: Aye, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Herrick, Mr. Stratton; Mr. Hughes was present during most of the meeting but was absent when this matter was considered and the vote taken.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(2) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Modification of Rainville test of bone-conduction hearing—Charles Lightfoot, Associate Professor of Otolaryngology, inventor. This invention is a procedure for the testing of bone-conduction hearing. The test consists of determining the lowest level of bone-conduction noise which interferes with the hearing by the ear under test of an air conducted signal and comparing that level with the level of bone-conduction noise which has the same interfering effect on a normal ear.

The invention was referred to the University of Illinois Foundation for investigation and the Foundation has reported that there is little likelihood of commercial possibilities. Accordingly, the Committee on Patents recommends release to the inventor.

2. Cage for solitary housing of large numbers of mice—Dr. Walter S. Moos, Associate Professor of Radiology; Dr. J. B. Fuller, Associate Professor of Pathology; and Dr. J. C. Plagge, Professor of Anatomy, all of the College of Medicine, inventors. Most biological experiments and studies involving mice require observations on large numbers of these animals. Some of these experiments are made difficult due to many mice being in one cage, and the inventors have designed and tested the subject cage.

It is the best judgment of the heads of the department and all other University officials concerned that this equipment will have such highly specialized and such limited use that it would have no commercial possibilities. Accordingly, the Patent Committee has recommended release of the invention to the inventors.

Distribution of Net Income of Patentable Inventions

The University of Illinois Foundation reports that its work on the following inventions by University staff members turned over to it has developed to the point that patent applications are pending and in some cases patents have been issued. The Foundation will proceed to negotiate with prospective licensees as patents are issued, but before doing so the Foundation requests instructions on distribution of the royalties. The Committee on Patents recommends that 15 per cent of the net proceeds of any royalties received on these inventions be paid to the inventors, and that in those cases where there are two or more inventors it be left to them how they will divide the 15 per cent:

- Planar logarithmically periodic antenna structures—R. H. DuHammel, inventor
- Non-planar logarithmically periodic antenna structures—D. E. Isbell, inventor
- Unidirectional equiangular spiral antenna—J. D. Dyson, inventor
- Log periodic dipole arrays—D. E. Isbell, inventor
- New circularly polarized omnidirectional antenna—P. E. Mayes and J. D. Dyson, inventors
- Log-periodic resonant-V arrays—P. E. Mayes and R. L. Carrel, inventors
- All-channel TV and FM receiving antenna—R. L. Carrel and P. E. Mayes, inventors
- Semen diluent and processing method—N. L. VanDemark, A. D. Sharma, and G. W. Salisbury, inventors

Device for abridging sound — Grant Fairbanks, W. L. Everitt, and Robert Jaeger,
inventors

I concur in these recommendations.

On motion of Mr. Johnston, these recommendations were approved.

On motion of Mr. Swain, the Board adjourned.

APPENDIX

RECOMMENDATIONS OF THE UNIVERSITY BUILDING PROGRAM
COMMITTEE FOR THE 1961-63 BIENNIUM

(Approved by the Board of Trustees July 26, 1960, page 26)

INTRODUCTION

The basic planning philosophy of the University is simple and comprehensive. It rests upon the premise that the University of Illinois is an agency of the people of the state and that it is devoted to a threefold purpose: (1) the education and training of youth; (2) the research designed to add to the store of knowledge in all the fundamental fields of learning; and (3) to render those services for which it is particularly suited to various segments of the state's life such as agriculture, industry, health sciences, commerce, and government; all this to the ultimate end that the University shall contribute to the civic health and economic prosperity and to the enrichment of the lives of its citizens.

THE TEN-YEAR DEVELOPMENT PLAN OF THE UNIVERSITY

Early in 1958, the University was asked for a summary of the building needs for the next ten years in preparation for the proposed 1958 Bond Issue which was voted upon November of that year. In fulfilling this request, a procedure was used which involved the staff throughout the University as well as consultants.

The ten-year plan, explained in the recommendations of the Building Program Committee for the 1959-61 biennium, is not inflexible. It was developed with the knowledge that with changing circumstances, revisions would be required in the future. The changes which have come about in the last two years have indicated that the ten-year development plan is a necessity in the growth of the University if it is to continue to meet its obligations.

Certain assumptions were made in arriving at the figures which were used in the Ten-Year Building Program.

For example, the amount recommended for the Chicago Undergraduate Division provides only for the continuation of the present program on a permanent site. The nature and the time table for expansion to a four-year program have not yet been determined. In fact, a four-year program is yet to be approved by the State. Other changes in programs or shifts in enrollments to courses requiring laboratory facilities would also increase these estimates of cost.

It is further assumed that the people of Illinois will want the University to continue its research and extension work and to find new ways to improve agriculture, to build better roads and bridges, to improve business practices, to build better and more economical homes, and to make this knowledge available through publications, lectures, conferences, and short courses both on and off the campus.

The resulting ten-year development plan, spread over the five biennia 1959-69 at Urbana-Champaign and the Chicago Professional Colleges and for the two biennia 1959-63 for the Chicago Undergraduate Division, called for total expenditures as follows:

Chicago Professional Colleges.....	\$ 32 500 000
Chicago Undergraduate Division (to provide permanent quarters for the present program with capacity for expansion of enrollment to 5,000).....	50 000 000
Urbana-Champaign.....	116 000 000
Total.....	\$198 500 000 ¹

The original ten-year development plan (based on the backlog of building needs and anticipated enrollment increases) called for the expenditure of funds as illustrated in Table I. The University has received but a small portion of the \$14,190,000 appropriated in 1959. While some additional funds will be released, it is obvious that the amounts will be insufficient to make substantial progress in completing the projects provided for by the limited appropriation for this biennium. Consequently, the University has been impaired in terms of its ability to take enrollment increases, as planned, to continue and expand research functions and to render services to the people for which it is particularly suited.

All of this means that if the University is to take the enrollment increases

¹ This does not include residence halls which are self-liquidating over their useful life nor other projects to be financed outside of State appropriations.

and if it is to continue and expand research functions and provide services throughout the State, the figures presented were realistic measures of the need. They represented the best estimate of cost that could be given for the kind of program that the people of Illinois have shown they want and expect from their University.

Anticipated Enrollment Increases

That an unprecedented number of students will want to enroll in our colleges and universities within the next ten to fifteen years hardly needs demonstration at this date. The accelerated building of public schools (lower grades) to take care of our present school age population is everyday evidence of what is to come at the University level. The report of the President's Committee on Education Beyond the High School finds that enrollments will double. The Illinois Commission of Higher Education made a detailed study of the outlook for Illinois and arrived at the same conclusion.

The present highest enrollment in all time at the University of Illinois is indicative of the trend of greater enrollments all over the State and the nation. This is further emphasized by the fact that this record enrollment comes from the numerically lowest college-age group in the past twenty-five years. The enrolled students represent children born during the period when marriages and birth rates reached their lowest point.

The reason for the current record level of college enrollments in spite of the small total number from which the students are drawn is that the proportion of college-age youths who go to college has been climbing rapidly. When this increased ratio of actual to potential enrollments is applied to the college-age population for the decade 1960-70, it is very plain that we must plan for approximately twice as many college students in 1970 as in 1958.

However, it is imperative that construction and planning proceed as rapidly as possible, inasmuch as studies based on increased marriages, births, school grades in the public schools of Illinois, and students going to higher educational institutions indicate that the expected increase of students between 1959-60 will be the largest addition ever made in Urbana in one year. For subsequent years through 1962, two additional increases are expected although not as substantial as the 1959-60 increase.

In 1963 or 1964, the best estimate available to date indicates another substantial increase somewhat comparable to and possibly exceeding the record level expected in 1960. It is during this period that we may expect the results of the large jump in the births for the State that happened between 1945 and 1946.

This trend of greater and greater enrollments, in the face of approaching limits of utilization of space and the ability to take more students, again points out the need to provide funds immediately for the construction and planning of new buildings.

Building Needs of the University

Although the University of Illinois has a large and imposing campus, it now has serious space deficiencies.

The University, with its ever increasing numbers of students and expanding staff to teach these students, has been accumulating a building backlog over the

¹ Additional funds will be required when the enrollment exceeds 6,000 students, some of whom may be juniors and seniors.

last twenty-five years; first, during the depression when there just weren't any funds available no matter how great the need; then, during World War II when no construction could be undertaken because of material and manpower priorities; and finally, in the post-war period when the State began a valiant attempt to make up past deficiencies, but the higher enrollments of veterans and the higher proportion of college-minded youth than ever before increased the demands.

Evidences of this increasing need appear repeatedly in the biennial summaries and requests of the University's building committee as submitted to successive sessions of the legislature. In these reports are studies of building usage, building costs, relations of areas to students, to staff, to kinds of courses, and to all the other factors that enter into the problem of how much space is needed for a given number of students engaged in a given educational program.

There would be little point in reproducing here the details of these reports, but a summary of the building requests and amounts actually received over a period of years is enlightening. From 1951 to the present, these are the results:

In 1951 the University requested \$39,580,000; it received \$6,875,000
 In 1953 the University requested \$35,979,000; it received \$8,096,000
 In 1955 the University requested \$37,185,000; it received \$8,855,000
 In 1957 the University requested \$35,674,000; it received \$14,275,000
 In 1959 the University requested \$54,879,000; it received \$14,190,000¹

The story was much the same during the war years and the depression. The last comprehensive building program took place at the University more than a quarter of a century ago. In the 1920's the University of Illinois did get its building supply into adequate relationship to its then current enrollment.

The recommended 1961-63 capital budget follows with the planning assumptions upon which the program for each of the campuses has been developed.

It should be noted that the recommendations of Table III are based on the assumption that the funds listed in Table II, which were appropriated in 1959, will be received. For example, remodeling funds listed on Items 4 and 7 of Table III are in addition to remodeling Item 8 of Table II.

Minor Structures

Drug and Horticultural Station, construction of facilities

Schedule C — 1961-63 Biennium

Utility Distribution and Power Plant — Urbana-Champaign and Chicago Professional Colleges

Appropriation request \$4,930,000.

Steam demands from existing facilities on the campus are now in excess of the firm capacity of the plant. In the event of severe weather conditions, it will probably be necessary to reduce temperatures in buildings and perhaps to curtail the use of steam in certain areas entirely. The electric demands from existing facilities and buildings now under construction will also exceed the firm capacity of the power plant by about January, 1961. Although funds were provided in the 1959-61 biennium to offset this difficulty, they have not yet been released and the University is making plans for the purchase of power until additional generating equipment can be installed. The additional buildings recommended for construction during 1961-63 will require additional capacity of the power plant and major extensions of the utility distribution system.

At the Chicago Professional Colleges, increased electrical capacity must be provided for the old Dentistry-Medicine-Pharmacy Building. Also included is the replacement of telephone cables which cost will be amortized in approximately three and one-half years.

The appropriation requested will provide for:

1. Power Plant Addition	
a. Boiler plant — 300,000 lbs/hr.....	\$ 4 000 000
b. Electrical plant — 7500 KW.....	2 100 000
2. Extension of the utilities distribution system.....	4 930 000
3. Extension of electrical distribution system and replacement of telephone cable (Chicago Professional Colleges).....	300 000
Total.....	\$11 330 000
Less funds to be included in 1959-61 appropriation schedule to be reappropriated.....	6 400 000
Total Requested 1961-63 Biennium.....	\$ 4 930 000

Schedule D — 1961-63 Biennium

Land Acquisition — Urbana-Champaign

Appropriation request \$2,930,000.

The construction of a major building requires approximately two years to complete. However, it is necessary to acquire the land which will serve as a site prior to the biennium in which the construction is to be started. Additional land is required for buildings, both academic and housing, for parking, and to replace land to be released by the College of Agriculture when it is required by Campus expansion.

In addition to the need to provide funds for the purchase of land for sites of buildings to be constructed in 1963-65, some funds should also be available when certain parcels of land are offered for sale. Purchases made at such times result in lower acquisition costs and make possible interim use by the University.

Land Acquisition—Chicago Professional Colleges

To be financed by the Medical Center Commission (\$865,000).

In planning for the enlargement of the University's facilities for the conduct of its educational and patient care programs in recognition of the increasing number of students and the enlarged programs of research being conducted in the Professional Colleges, the University has worked closely with the Medical Center Commission to determine that land which the University will need in 1961-63.

Schedule E—1961-63 Biennium*Campus Planning and Building Studies—Urbana-Champaign and Chicago Professional Colleges*

Appropriation request \$2,460,000.

The University has recognized the value of allowing adequate time for a thorough study and analysis of departmental requests for space and for the preparation of building studies and designs. As mentioned earlier in this report, the buildings recommended for construction during this biennium are limited to those for which the University has the ability to prepare plans and specifications, take bids, and complete the construction of the building in one biennium. This points out the extreme necessity to have funds appropriated for building studies and plans and specifications in the biennium prior to that in which construction is to be started (i.e. funds appropriated in 1961-63 for building studies would be expended on building projects to be constructed in 1963-65). This procedure will eliminate the need for reappropriating funds and allow more effective planning and designing of future University buildings.

The appropriation requested will provide planning funds for the twenty-five projects listed below:

<i>Planning for</i>	<i>Urbana</i>	<i>Chicago Professional Colleges</i>	<i>Total</i>
(Listed Alphabetically)			
1. Aeronautical Engineering Building — First Stage.....	\$ 125 000	\$125 000

3. Biology Building — Second Stage.....	180 000	180 000

PLANNING ASSUMPTIONS

Applicable to All Campuses

1. It is recognized that all priorities proposed by the Building Program Committee are established on the assumption that most of the requested funds will be obtained, and that if there is a major reduction, such as occurred in 1959, priority ratings must be reconsidered by the University Administration during its negotiations with the Governor and members of the Legislature on the basis of money likely to be available.

2. A project should be completed in one biennium in order that it will not be necessary to request reappropriations from the State Legislature. Thus, buildings recommended for construction in 1961-63 are limited to those projects for which

plans and specifications can be prepared in time to permit completion of construction before September 30, 1963.

3. In general, each building project cost will be limited to a maximum expenditure of \$4,000,000 in any one biennium.

4. Funds requested for planning and specifications will vary with the status of the Bond Issue. If the Bond Issue passes, presumably the disadvantages of reappropriation of funds would not develop so that larger building projects which require more than one biennium for planning and construction could be recommended.

5. Planning funds will be listed alphabetically and without priority so that commitments for the subsequent building program are not made.

6. Planning funds requested in the 1961-63 biennium will not exceed \$180,000 (which is $1\frac{1}{2}$ per cent of \$4,000,000) for any project. This limits any project to be constructed in the 1963-65 biennium to approximately \$4,000,000 and implies that staged construction will be required for projects estimated to cost more.

7. It is assumed that planning funds will be available during 1959-61 for the following:

- a. Education Building
- b. Commerce Building
- c. Medical Sciences Addition
- d. Electrical Engineering Addition

Plans for the construction of these buildings, based upon the space programs requested in 1959, will be ready to go out for bids by July 1, 1961.

8. The space to be constructed in 1961-63 is based on the priority and space program of 1959 and will not exceed the space allocated in the original program for any project.

Urbana-Champaign Campus

1. The housing program will continue to be financed through income. However, it is assumed that capital appropriations will include funds to provide land and utility extensions.

2. The recommended program is based on the University standards for space.

3. Planned utilization of space will be higher than at present.

4. Construction costs are estimated at the 1961 level.

5. Generally speaking, land acquisition and building planning must be completed the biennium preceding the two years used for construction.

Chicago Professional Colleges

1. Land acquisition will continue to be financed from appropriations to the Medical Center Commission.

2. In general, the need for a proposed program results from:

a. Changes in operational needs and patient care concepts in hospitals.

b. Changes in the basic concepts of medical education.

c. Growth and enrollment intensification of research and improvement in service.

d. Obsolete condition of some buildings. The original structures were obtained in a transfer to the University from the State Department of Public Welfare. The buildings were originally constructed for welfare use and were ill-suited for modern, medical and dental college use. Subsequent remodeling has improved materially the facilities, but much remains to be done. The plans proposed represent a thoughtful study of what is needed to improve the facilities for a first-rate group of colleges of medicine, dentistry, pharmacy and nursing.

3. The space estimates are based on the same standards of allocation and utilization as proposed at Urbana-Champaign where applicable.

4. Clinical facilities in the Medical Center District will be available to the University of Illinois supplementing those of the Research and Educational Hospitals.

To achieve the best results in education for the health professions and in-patient care, a high degree of utilization of many functions is necessary. In terms of the existing facilities of the Chicago Professional Colleges and its educational programs now in progress, a high concentration of building has been found to be advantageous. This has been the experience in other like institutions. Such concentration promotes cohesion between basic scientists and the clinicians, between teaching research and patient care and among all the disciplines involved in the health sciences.

The building and remodeling program is believed to be sound in principle and logical in sequence. The analysis of needs for these colleges has been based on the revised University standards for offices, laboratories, and classrooms. The program has also been based on the changing character of the faculties of the colleges of medicine and dentistry where the trend has been toward full-time teachers being added to the staffs. Maintenance of such a staff is only possible through the provision of adequate office, research, and patient care facilities.

Chicago Undergraduate Division

The Legislature and the University are committed to the policy of providing permanent facilities for the relocation of the Chicago Undergraduate Division. The first stage of this program will provide permanent space for six thousand students in a two-year program. Planning is being pushed forward as rapidly as possible to allow for the relocation of the Chicago Undergraduate Division from the Navy Pier site to a permanent site as rapidly as possible.

The following request represents the results of intensive academic and physical planning and programing for the relocation of the Chicago Undergraduate Division which must be completed by 1963.

ANALYSIS OF BUILDING PROJECTS RECOMMENDED FOR THE 1961-63 BIENNIAL

(Refer to Table III)

Project — College of Education Building

Appropriation request \$3,455,000; Gross Square Feet 95,000.

Gross space shortages, inadequacy of present facilities, extreme dispersion of staff, and high percentage of temporary space, combine to make the College of Education's need an urgent one. Based on the 1956 standards of the Building Program Committee, the College had a deficit of approximately 23,304 square feet. Since that time, the academic staff has increased 40 per cent and the number of students has increased 36 per cent, but the College's space has only gone up 11 per cent. The average office space per staff member is approximately 70 net square feet with many members in offices of no more than 60 square feet. Over two-thirds of existing space assigned to the College is in temporary type facilities. These facilities are in twenty-four buildings dispersed from Main Street to Pennsylvania Avenue and from Lincoln Avenue to Sixth Street.

Project — College of Commerce Building

Appropriation request \$3,200,000; Gross Square Feet 88,000.

The activities of the College of Commerce and Business Administration have been located in David Kinley Hall since 1925. The traditional programs leading to a Bachelor of Science degree, to masters' degrees in these fields, and to the Doctor of Philosophy degrees in several fields have been offered. The work in these areas has expanded rapidly since the College has occupied the building, which has for many years been grossly inadequate to house the staff, the classes, and the activities of the College.

There have been increasingly close relationships between executives of the business world and colleges of commerce and business administration. This has been evidenced at the University of Illinois College by the establishment of the Bureau of Business Management, the Bureau of Economic and Business Research, and the Bureau of Commerce Placement. The present building is not suitable for present programs and is particularly lacking in office space, conference rooms, graduate-type classrooms, the laboratories necessary for modern instructional methods, and other facilities.

The College of Commerce and Business Administration staff offices are presently located at six different locations, four of which are temporary-type buildings. There are very few single-station staff offices and in many instances, graduate teaching assistants must share desks with one another.

¹ Subject to revision upon final selection of the site.

Project — Completion of the Second Stage of the Physics Building

Appropriation request \$3,140,000; Gross Square Feet 98,200.

Plans and working drawings for the total new Physics Building of 105,000 net square feet were completed in 1955-57. However, construction was scheduled to allow the building to be built in two stages. The first stage was completed sufficiently for occupancy in 1959; however, this stage contains service facilities, offices, and research laboratories only. The second stage will contain teaching laboratories, classrooms, and lecture rooms sufficient to accommodate a peak load of 1,100 students at one time and more offices and research laboratories. Present teaching facilities in the old building are crowded to the limit of capacity. Rising enrollment in general physics is overloading the lecture rooms and requiring evening laboratory sections. Even if the entering freshman class is limited to its present number, improved retention through selective admission may increase the teaching load by as much as 50 per cent.

The completion of the second stage of the Physics Building will allow the reassignment of the old building and eliminate the necessity for construction during the ten-year period of an addition to the Transportation Building for the Department of General Engineering, space for the Department of Mining and Metallurgical Engineering, and give indirect relief to the Departments of Mechanical and Industrial Engineering and Aeronautical Engineering.

Project — Library, Seventh Addition — Urbana-Champaign

Appropriation request \$1,435,000; Gross Square Feet 38,800.

Library space needs are of four kinds: accommodations for readers, book storage, work room for library staff, and space for instruction. The proposed wing would provide urgently needed reading rooms, faculty studies, space for technical activities (acquisitions, bookbinding, cataloging, and photographic reproduction), and Library School classrooms.

The rapid growth, quantitatively and qualitatively, of the University of Illinois Library is a remarkable phenomenon. Here is the third largest university library in America, and probably in the world. The Library is one of the strongest bonds, holding an outstanding faculty to the University, and is an important influence in attracting top-notch graduate and professional students. No university can be truly great without a great library, and Illinois' reputation is based in no small degree upon the possession of such a library. Furthermore, a library is never finished, for a library that has stopped growing is dead, and soon loses much of its interest and value for the scholar. Under today's conditions it is inconceivable that scholars could be developed and trained and carry on their work without access to libraries. Even those subject fields which depend primarily on laboratories must support strong libraries in order to avoid repetition of effort and to serve as points of departure for new scientific advances. It may be fairly stated that an adequate library is not only the basis of all teaching and study, but also is an essential condition for research, without which additions are unlikely to be made to the sum of human knowledge.

To assure that the University of Illinois Library will continue to hold its outstanding position of leadership among the world's university libraries and make its maximum contribution to the University community, the Building Program Committee recommends a high priority for the proposed addition.

Project — Medical Sciences Addition — Chicago Professional Colleges

Appropriation request \$3,640,000; Gross Square Feet 68,000.

Architectural studies indicate that provision of the required additions to the physical facilities of the College of Medicine can be acquired only through the construction of a new building in close proximity to the facilities now used by the basic science departments. Several possibilities have been considered, but the integration of the needs of the College of Medicine with those of other colleges, especially the College of Dentistry, will be served best by relocating the teaching laboratories which are now used jointly by the Departments of Microbiology and Pathology and the offices and research laboratories of the Department of Microbiology and the Aeromedical Laboratory in the building to be constructed. It has been proposed further that the Medical Sciences Addition be constructed south and adjacent to the west wing of the current Dentistry-Medicine-Pharmacy Building. If this is done, the obsolete teaching laboratories for Pathology and Micro-

biology and the entire space now occupied by the Department of Microbiology can be made available for the needed future expansion of the College of Dentistry. This proposed location of the new Medical Sciences Addition first phase will also provide appropriate expansion of the Departments of Biological Chemistry, Pathology, and Microbiology. In order to provide for future campus development, a portion of the first floor will be designed for clinics in accordance with the campus development program.

Enrollment estimates for 1969 anticipate a 27 per cent increase in enrollment in the Colleges of Dentistry, Pharmacy, Nursing, paramedical curricula, and graduate student programs, with a corresponding expansion of the existing instructional programs, the establishment of new instructional programs where needed, and a proportionate expansion of research in basic science fields. It should be emphasized that two hundred freshman students are now enrolled annually in the College of Medicine. This enrollment represents a 20 per cent increase in the freshman enrollment in the College of Medicine since 1955. Since there was no corresponding expansion of the physical facilities to accommodate these enlarged classes, the departments of the basic medical sciences have been confronted with increasing difficulties in the procurement and the holding of an adequate teaching faculty to properly carry out the educational responsibilities the College of Medicine has already undertaken. In view of the fact that these same departmental faculties will have the responsibility for increasing numbers of students in other colleges, as noted above, it would appear logical to assign the first priority of new construction needs for the Chicago Professional Colleges campus to the proposed Medical Sciences Addition.

Project — Physical Plant Service Building, First Stage

Appropriation request \$2,120,000; Gross Square Feet 133,000.

The Physical Plant Department, upon completion of the proposed building, will vacate approximately 89,000 gross square feet of building space for reassignment to others and to provide land areas required for sites for construction by the College of Engineering.

Physical Plant service facilities of new and modern construction are urgently needed to replace the present inadequate, widely scattered, and poorly located areas now in use. The replacement of these facilities is urgently needed to reduce operation and maintenance costs, to provide adequate working space to meet service requirements of present and proposed building, to eliminate present potential fire and physical hazards to life and property, and to enable the University to maintain a standard equal to that required of private industry by state law.

Service facilities are now inadequately housed in sixteen buildings, or portions thereof, in congested and widely-separated areas. There are seven shops located in five different buildings which, by reason of their potential fire, safety, and health hazards, poorly arranged and limited work area, physical obsolescence, and lack of proper storage, locker, toilet, and washroom facilities, should be removed to a new location at the earliest possible time. Four of these shops are located in buildings not suitable for shop use. The remaining shops and stores and the administrative offices occupy space that can be converted for other uses.

The decentralization of present facilities results in delays and increased cost of all Physical Plant services. This results in nonproductive time of all employees for travel to and from shops and offices; the duplication of equipment, records, and, in some instances, personnel; the rehandling of materials and supplies; and makes close supervision extremely difficult and costly. The absence of safe and secure storage and yard space results in damage to and loss and theft of materials and supplies, and in the rapid deterioration of expensive equipment through exposure to the elements. The present facilities can not be expanded to meet the requirements and work load resulting from the construction of new buildings and the general expansion of the University programs.

It is estimated that the anticipated economies in operation and maintenance expenditures, resulting from the provision of new facilities, will produce an annual saving of \$75,000 to \$100,000 or perhaps more.

Project — Electrical Engineering Building Addition

Appropriation request \$1,300,000; Gross Square Feet 34,500.

The needs for building space in Electrical Engineering, accruing over the past ten years, have become even more critical during the past three years. Since 1957

the staff in the Department of Electrical Engineering has grown from 222 to 279 members. To house these additional staff members, it has been necessary to establish make-shift office areas in laboratories and to squeeze additional people into existing offices. At present, 110 academic staff are housed in 6,820 square feet of the Electrical Engineering Building for an average of slightly over 60 square feet per staff member.

Since 1957 graduate enrollment in the department has almost doubled from 120 to 225. This growth has created the following specific needs in the graduate area which must be satisfied immediately:

1. Graduate student research facilities. The need here is emphasized by the fact that in the electronics area existing facilities provide for only two doctoral work spaces.

2. A general graduate laboratory for training at the master's degree level. No facilities exist at present for this activity.

3. Two or three small conference rooms are needed for graduate student seminars and oral examinations.

The site is available and most of the foundations for the addition now exist (constructed as part of the first unit built in 1949) in the present Electrical Engineering Building. The need for building space in the Department of Electrical Engineering, based on enrollments, teaching units, number of staff, research needs, and all other criteria shows it to be critical.

Project — Plant Sciences — Agronomy, First Unit

Appropriation request \$3,700,000; Gross Square Feet 82,000.

Except for some minor adjustments, the Department of Agronomy is occupying the same quarters that it did in 1923 despite a three-fold increase in staff since that time. It is proposed to build a Plant Sciences Building which will ultimately house the Departments of Agronomy, Horticulture, Forestry, and Plant Pathology. This will allow vacation of Davenport Hall by the Departments of Agronomy and Plant Pathology, the Vegetable Crops Building, the Floriculture Building, and will release some space in Mumford Hall for expansion of other College of Agriculture activities.

Space occupied by the Departments of Agronomy and Plant Pathology in the center part of the campus is urgently needed for expansion of the College of Liberal Arts and Sciences. It is proposed that the recommended appropriations for the first unit of the Agronomy stage of the Plant Sciences Building will allow the relocation of those functions not requiring a central location.

Project — Additions for Offices and Instructional Space

Appropriation request \$2,775,000; Gross Square Feet 85,000.

The College of Liberal Arts and Sciences which teaches more than 50 per cent of the total instructional load of the Urbana campus, requires additional space to provide offices for faculty to be added during the coming two years. In the past, the College generally has acquired office space by a release from other colleges due to new construction. This will probably continue in the future due to the central location required by the College in servicing all areas of the University and the existing built-up condition of the central area. In addition, the College has staff located in temporary quarters, many of which are on sites for new buildings. As provision must be made for housing new staff as the enrollment grows, provision must also be made for relocating staff from buildings which must be torn down.

The administrative offices of the University are also seriously overcrowded at present and will require additional space as the enrollment of the University increases.

The Office of Admissions and Records is seriously overcrowded, even though remodeling in 1958 temporarily alleviated conditions. The Office has estimated that an additional fourteen people will be needed prior to the end of 1961-63 biennium, with further mechanization and automation wherever possible. It is necessary to have additional space contiguous to their present location due to the many records handled by the Office. The space must be adequate for receiving and conferring with the thousands of citizens of the state of Illinois who come to the Office of Admissions and Records.

The Statistical Service Unit presently located in the Arcade Building has

urgent need for space near the Business Office and the Office of Admissions and Records. Approximately 70 per cent of the total work load of the Statistical Service Unit is performed for these two functions.

The proposed appropriation will provide space for the above-mentioned functions. This space may be constructed most quickly as a south and/or north addition to the Administration Building because preliminary drawings were made several years ago and these could be completed soon. Just as this construction would provide an interim solution to the space problems of both the Administrative offices and the College of Liberal Arts and Sciences, it would also fit into the long-range solution to the problems of the College.

Other alternate solutions, one of which may be more feasible as studies are completed, are:

1. The construction of a new Administration Building and the reassignment of the present Administration Building to the College of Liberal Arts and Sciences. Such a proposal would relocate administrative offices several years earlier than formerly anticipated but it would release urgently required space for reassignment to the College of Liberal Arts and Sciences at once.

2. Construction of an office-classroom building. This proposal would provide the same amount of space as would two additions to the Administration Building but it would separate the administrative offices into two groups.

3. Construction of one wing to the Administration Building and an addition to an existing central campus building. This proposal has the advantage of consolidating administrative offices, and the College of Liberal Arts and Sciences instructional space in two separate areas. However, it would probably result in an extended time-lag before the administrative offices are relocated from the Administration Building and the vacated space assigned to the College of Liberal Arts and Sciences.

The College of Liberal Arts and Sciences has placed a high priority on the reassignment of the Administration Building to it because of its pressing needs for office and classroom space.

Project — University Press Addition

Appropriation request \$655,000; Gross Square Feet 35,400.

The University Press is located in the basement of the Administration Building which also houses the administrative offices of the President, Provost, Admissions and Records, Business Office, etc. This space is urgently required by other activities which need proximity to these offices. In addition, the noise of the press type casters, press vibrations, fumes from solutions and melting lead, and traffic of incoming and outgoing shipments of tons of paper and publications is a serious distraction to the other offices in the building.

The press was located in the Administration Building at its inception (1918) with the inmechanical divisions in the basement and the editorial and administrative offices on the upper floors. In 1958, the first unit of the University Press Building was completed and the editorial, art, and sales divisions were moved to this building. Present space occupied in the basement of the Administration Building by the Press is far too small for present printing needs of the University. Stauding type must be stored in a public hallway and is subject to damage and misplacement. The bindery space is so inadequate that skids of printed sheets must be moved in and out constantly to provide working room for folders, stitchers, and trimmers and there is no space for general storage of paper for printing jobs or for stacking printed sheets or for publications on runs of more than a few thousand copies. In addition, the lack of space prevents the Print Shop from taking advantage of newer and more efficient processes, particularly larger offset presses and plate-making equipment.

Upon completion of the University Press Addition and relocation of the Print Shop from the Administration Building basement, it is proposed that the basement be reassigned to the Statistical Service Unit whose primary duties are closely related to the administrative offices.

Project — Central Receiving Station

Appropriation request \$775,000; Gross Square Feet 43,000.

The Central Receiving Station has been operating since November, 1949. Prior to that time all purchases were delivered directly to departments. The need

for a central point through which to clear shipments became so urgent that it was decided to inaugurate the service in low-cost buildings, with the understanding that the arrangement would be *temporary*. A temporary steel building (Quonset Hut) was erected, which was insulated and provided with heat. Another steel warehouse has been added but this addition is not insulated or heated. They are located on the extreme east end of the Physical Plant storage area east of Goodwin Avenue. Also prior to the establishment of Central Receiving, a steel building was erected in the same area for warehousing for Office Supply Storeroom.

The operation has been surprisingly successful in meeting the requirements in view of the difficulties imposed by inadequate space and poor location. With the anticipated increase of activities, the time is fast approaching when it will no longer be possible to handle the load with existing facilities. The present temporary buildings do not provide suitable places for men to work. Only one of them, the Central Receiving Station, is insulated and kept reasonably warm. The others are not insulated and as they require daily use the men must spend considerable time in them without regard to weather.

The proposed building will provide ample space for the Central Receiving Station and warehousing and storage to house the Office Supply and General Chemical Storerooms. In addition, it will allow for the vacation of land required for expansion of the College of Engineering.

It is important that the departments of the University receive needed materials and equipment promptly and in good condition. To accomplish this, the Purchasing Division and storerooms must have proper facilities for storage and delivery.

Project—Relocation of South Garage and Car Pool

Appropriation request \$600,000 (about half of the cost is for paving, fencing, lighting, site improvements, and equipment); Gross Square Feet 15,960.

The present south garage and car pool is located east of the Agricultural Engineering Building and north of Peabody Drive and occupies approximately one and three-quarters acres of land. Current planning indicates that this space will be needed for the expansion of academic buildings in the period prior to 1969. Although the land is not immediately required, the best estimate to date indicates that at the present rate of increase in travel demands, the physical capacity of the present site will be exceeded by 1963. At that time, a new and larger site for the car pool and garage should be ready for operation.

It is proposed to relocate the south garage and motor pool to an area south of Florida Avenue and adjacent to the Illinois Central Railroad tracks in association with other Physical Plant Service Buildings. Approximately three and one-half acres will be required to provide a garage building, service area, and paved storage lot for University vehicles and a customer parking area for those people desiring to use the University vehicles.

APPOINTMENT OF ASSOCIATE DIRECTOR OF THE EXTENSION SERVICE IN AGRICULTURE AND HOME ECONOMICS

(3) On recommendation of the Dean of the College of Agriculture and Director of the Extension Service in Agriculture and Home Economics, and with the concurrence of the Vice-President and Provost and the President of the University, the Executive Committee of the Board approved the appointment of Dr. John B. Claar, formerly Farm Representative for the Administrator of the Federal Extension Service in the United States Department of Agriculture, as Associate Director of the Extension Service in Agriculture and Home Economics, with the rank of Professor, for one year beginning September 1, 1960, at a salary of \$16,000 (on "Y" basis). Reappointment will be on the standard biennial tenure for administrative officers. This appointment is to replace Professor William G. It was not feasible to secure all clearances and commitments necessary to present the recommendation to the Board of Trustees at its July meeting. Since it was important to fill the position beginning September 1, the recommendation was submitted to the Executive Committee for approval, and was simultaneously reported to the other members of the Board.

On motion of Mr. Hughes, this appointment was confirmed.

NAMING OF RESIDENCE HALLS

(5) The President of the University has recommended to the Committee on Buildings and Grounds the following names for the three units of the new Peabody Drive Residence Halls and the Committee concurs.

Scott House—for Franklin William Scott. An alumnus of the University of Illinois, Class of 1901, Mr. Scott also received the degrees of Master of Arts in 1903 and Doctor of Philosophy in 1912, from the University of Illinois. As an undergraduate he was in numerous extracurricular activities, especially student publications. With the exception of a year spent in graduate study at Harvard University, he was a member of the faculty of the University of Illinois as Instructor in Rhetoric and Assistant Professor and Professor of English, continuously from 1901 to 1925 when he resigned to become editor-in-chief of D. C. Heath and Co. He was Secretary of the Department of English for many years and at various times served as Chairman. He organized the first courses in journalism which were then taught in the Department of English and directed these courses from 1905 to 1918 and from 1921 to 1925. He organized and was Chairman of the Board of the Illini Publishing Company for many years.

Snyder House—for Edward Snyder. Professor Snyder was a member of the faculty from the time the University opened in 1868 until he retired in 1896. His continuing position on the faculty was Professor of German and Literature, but at various times he also served as Professor of Modern Languages, as Dean of the College of Literature, as Secretary of the Board of Trustees, and as Business Agent for the University. He was the first Commandant of the Military Department, having been commissioned as a Colonel in the Illinois National Guard, from 1870 to 1880. (He also served for three years with a New York regiment in the War Between the States.) Following his retirement, he gave the University \$12,000 to establish the first student loan fund, which, of course, is still in operation.

Weston House—for Nathan Austin Weston. Dr. Weston graduated from the University of Illinois in 1889 and was a member of the faculty for many years. He served as Instructor in the University Academy for four years, while doing graduate work at Illinois and at Cornell University. He was on the faculty as Instructor, Assistant Professor, and Professor of Economics from 1900 until his death in 1933. He was the first Dean (Acting Dean) of the College of Commerce and Business Administration, serving in this capacity from 1915 to 1919.

On motion of Mr. Pogue, these names were approved.

POLICY ON THE USE OF TELEVISION FOR INSTRUCTION

(6) Television facilities increase the capacity of the University of Illinois to serve both its resident students and the citizens of the state. In order that the use of this medium may conform to sound educational practice, the following standards have been recommended by the Urbana-Champaign Senate, with the concurrence of the other two Senates:

When the sole question is one of employing television techniques in a resident course for regularly enrolled students, the college in which the course is offered shall retain a full measure of autonomy, including control over the question of attendance.

When television is used for other than resident students, and credit is being given:

- a. The course must be one which is offered in residence.
- b. The course must be prepared and presented by the appropriate resident department.
- c. Credits earned in such courses can not be counted as resident credits. Candidates for certain degrees may, however, in accordance with the present practice respecting extramural courses, apply up to sixty undergraduate semester hours toward the baccalaureate degree or four units toward the master's degree for credits earned in the television and other extramural programs, provided all other University requirements have been met and necessary approval is secured for courses pursued from the college or school in which the degree is to be taken.
- d. Admission and registration will be in accordance with appropriate University regulations.

When television is used for other than resident students, and credit is not being given, admission and registration will be in accordance with appropriate University regulations, such as those of the Division of University Extension for extramural classes.

This policy is to be effective September 1, 1960, but shall be reviewed annually by the Educational Policy Committee of the Urbana-Champaign Senate.

I recommend approval of this policy.

On motion of Mr. Herrick, this recommendation was approved.

DISCONTINUANCE OF MOUNT MORRIS EXPERIMENT FIELD

(7) The Dean of the College of Agriculture and Director of the Agricultural Experiment Station recommends that the Mount Morris Experiment Field be discontinued. This field of approximately twenty acres has been in use since 1910, and the Department of Agronomy feels that it has secured all the information it can from the field. The soil is similar to a nearby field in Lee County, which will be continued. Also, a new 160-acre research center has been established in the northern part of the state at the former Joliet Arsenal, which was obtained as surplus property from the federal government, and the time, effort, and money now expended at Mount Morris can more profitably be used at the new research center.

The legal description of the field is as follows:

Part of the North $\frac{1}{2}$ of the Northwest $\frac{1}{4}$ of Section 35, in Township 24 North, Range 9 East of the 4th P.M., described as follows: Commencing at a point on the North line of said Section, $12\frac{1}{2}$ chains West of the Northeast corner of the Northwest $\frac{1}{4}$ of said Section and running thence West on the Section line 15 chains, thence South $13\frac{1}{3}$ chains, thence East parallel to the Section line 15 chains, thence North $13\frac{1}{3}$ chains to the place of beginning, containing 20 acres, more or less in Ogle County, Illinois.

The land was given to the University and the deed conveying the property contains the following statement:

It is hereby agreed and understood that this land is deeded to the University to be used as a state experimental station. And it is further understood and agreed if the use of this tract of land for the purpose stated should be discontinued for the term of two years the University of Illinois shall deed the North half of said land to the Village of Mount Morris, Illinois, and the South half of said tract to Mount Morris College Co. This deed is accepted upon these conditions and terms.

The village of Mount Morris, Illinois, has requested that the University deed the north half of the field to it and has indicated that it will accept a quit claim deed to the property.

Mount Morris College is no longer in existence, and the Legal Counsel has not yet been able to determine whether "Mt. Morris College Co." or any successor to it has any rights in the property. A recommendation concerning the disposition of the south half of the field will be submitted at a later date.

The Vice-President and Comptroller and the Legal Counsel join in these recommendations and in the adoption of the following resolution, and I concur.

Resolution

Be it, and it hereby is, resolved by this Board of Trustees of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, with its principal office in the City of Urbana, County of Champaign, and State of Illinois, that the Comptroller and Secretary of this Board of Trustees be, and they hereby are, authorized and directed to execute, acknowledge, and deliver in the name of and in behalf of this Corporation and under its Corporate Seal a Quit-Claim Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey and quit claim to Village of Mount Morris, a municipal corporation of the County of Ogle in the State of Illinois, title to the North one-half of the following-described real estate:

A part of the North Half of the Northwest Quarter (NW ¼) of Section Thirty-five (35) in Township Twenty-four (24) North, Range Nine (9) East of the Fourth Principal Meridian, described as follows: Commencing at a point on the North line of said Section, twelve and one-half (12½) chains West of the Northeast corner of the Northwest Quarter (NW ¼) of said Section and running thence West on the Section line fifteen (15) chains, thence South thirteen and one-third (13⅓) chains, thence East parallel to the Section line fifteen (15) chains, thence North thirteen and one-third (13⅓) chains to place of beginning, situated in the County of Ogle, in the State of Illinois.

On motion of Mr. Hughes, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

REPORT BY DEAN C. W. SANFORD

(8) At this point President Henry presented Dr. C. W. Sanford, Dean of Admissions and Records, who reported on the enrollments for the first semester of 1960-61 compared with the enrollments at the beginning of the first semester of 1959-60. Copies of his report were distributed at the meeting, and a copy was filed with the Secretary for record.

EMPLOYMENT OF ARCHITECTURAL AND ENGINEERING FIRMS

(9) The Director of the Physical Plant and the Vice-President and Comptroller recommend employment of the following architectural and engineering firms on new building projects for which state appropriations are being requested for 1961-63 and subsequent biennia for the services and at the fees stated:

College of Commerce and Business Administration Building—Jameson and Harrison, Peoria

Complete architectural services at a fee of 6 per cent of the construction contracts.

Electrical Engineering Building addition—Graham, Anderson, Probst, and White, Inc., Chicago

Complete architectural services at a fee of 6 per cent of the construction contracts.

Medical Sciences Building addition—

Shaw, Metz, and Associates, Chicago

Richardson, Severns, Scheeler, and Associates, Champaign, Associate Architects

The development phase, preliminary work and definitive drawings, will be the responsibility of Richardson, Severns, Scheeler, and Associates, who will coordinate their work with that of Shaw, Metz, and Associates. The production and construction phases, working drawings, and supervision will be the responsibility of Shaw, Metz, and Associates. Total fees will be on the basis of 6 per cent of construction contracts.

Research and Educational Hospitals addition—Fugard, Burt, Wilkinson, and Orth, Chicago

Complete services at a fee of 6 per cent of the construction contracts.

This will be a fourteen-story addition to the Research and Educational Hos-

pitals connected with the present Hospitals addition and with the proposed Medical Sciences addition. The project will include remodeling and rehabilitation of areas in the present Research and Educational Hospitals. Since this second addition is not in the 1961-63 building program, the architectural work during the balance of the 1959-60 biennium will be limited to certain minor studies necessary to permit work on the adjoining Medical Sciences addition to house the basic science departments of the College of Medicine with its hospital oriented departments.

Residence Halls for Graduate Students (Third Phase, SG-3)

Mielke and Smith, Chicago

Richardson, Severns, Scheeler, and Associates, Champaign, Associate Architects

At a fee not to exceed 6 per cent of the construction contracts less payments made to date to Richardson, Severns, Scheeler, and Associates for preliminary work.

Residence Halls for Graduate Men (Fourth Phase, SM-4) — Mittelbush and Tourtelot, Chicago

For continuing architectural services beyond the design stage; this firm to be employed under a contract with Richardson, Severns, Scheeler, and Associates at a total fee not to exceed 6 per cent of the cost of construction contracts less payments made to date for preliminary work.

Physical Plant Department Service Building — A. Epstein & Sons, Chicago

Complete services at a fee of 6 per cent of the construction contracts.

In each case the standard professional fees are subject to adjustment downward for such factors as payments made for any preliminary work or for duplication of buildings as in the case of residence halls.

The foregoing recommendations are presented with my concurrence and that of the Committee on Buildings and Grounds which has also considered them.

On motion of Mrs. Watkins, these recommendations were approved; Mr. Herrick voted "no."

APPROPRIATION FOR EXTENSION OF STEAM TUNNEL

(10) The Director of the Physical Plant and the Vice-President and Comptroller recommend an assignment of \$40,000 from General Indirect Costs funds to construct an extension of the Goodwin Avenue steam tunnel from the south side to the north side of Green Street. This steam tunnel will have to be extended further to the proposed site of the Materials Research Laboratory north of the "Bone-yard" and east of Goodwin Avenue. The first part of the construction should be done before Green Street is repaved next spring; otherwise, it would be necessary to tear up new pavement.

This work will also require an increase, estimated at \$3,100, in a contract with Sargent and Lundy for engineering services in designing utilities extensions authorized by the Board, February 19, 1959.

I concur and recommend that the Comptroller be authorized to execute this change in the contract with Sargent and Lundy.

On motion of Mr. Swain, this appropriation was made, and the change in the contract recommended was authorized, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

FEDERAL GRANT AND MATCHING FUNDS FOR BIOACOUSTICS LABORATORY

(11) On April 17, 1958, the Board approved acceptance of a federal grant of \$139,173 from the National Institutes of Health for the construction of a bioacoustics laboratory and appropriated from the General Reserve the matching funds required by law. The University has now received a supplemental grant of \$74,425 to complete this project.

The Vice-President and Provost and the Vice-President and Comptroller recommend that this supplemental grant be accepted and that an appropriation of \$74,425 be made from the General Reserve for the required matching funds.

I concur.

On motion of Mr. Johnston, this appropriation was made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

REAPPROPRIATION OF UNEXPENDED BALANCES

(12) The Vice-President and Comptroller recommends that the following balances and overdrafts in budget appropriations and balances in appropriations for special services and projects not completed on June 30, 1960, be reappropriated for the fiscal year beginning July 1, 1960, in accordance with usual policy.

I concur.

On motion of Mr. Swain, these reappropriations were made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

APPROPRIATION FOR MICROSCOPES

(13) The Vice-President and Provost and the Vice-President and Comptroller recommend an appropriation of \$5,900 for the purchase of thirty microscopes to be added to the microscope rental pool of the Chicago Professional Colleges.

I concur.

On motion of Mr. Herrick, this appropriation was made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

LEASE OF BUILDING FROM CHICAGO BOARD OF EDUCATION

(14) Representatives of the University have been negotiating for the acquisition by the University of an eight-story warehouse at 815-41 South Damen Avenue in

¹ Deduct.

the Medical Center District owned by the Board of Education of the city of Chicago. The Board of Education is interested in disposing of this building, and the University could use it as a Physical Plant Department service building. Agreement on a price has not been reached; and moreover neither the University nor the Medical Center Commission has funds at present for the purchase.

The Board of Education is willing to lease the warehouse to the University at a rental of \$6,000 a year with provision in the lease that the rental paid shall apply on the purchase price of the property if it is eventually purchased by the University or the Medical Center Commission. In the meantime, while negotiations as to the purchase price and terms are being conducted, and until funds for the purchase are available, it would be an advantage to the University to have the use of the building for general storage and certain Physical Plant shop operations.

Funds are available in the Physical Plant operating budget for payment of the rental.

The Director of the Physical Plant, the Acting Vice-President in charge of the Chicago Professional Colleges, and the Vice-President and Comptroller recommend, and I concur, that the Board authorize negotiation and execution of a lease with the Board of Education for this warehouse at an annual rental of \$6,000 with the provision in the lease that the rentals paid shall apply on the purchase price of the property.

On motion of Mrs. Watkins, this lease, as recommended, was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR INSTALLATION OF ELECTROSTATIC AIR FILTERS FOR LAUNDRY BUILDING, CHICAGO PROFESSIONAL COLLEGES

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$8,745 to the Moto Ventilating Company, Chicago, the lowest bidder, for installation of electrostatic air filters in the new Chicago Professional Colleges Laundry Building at 925 South Damen Avenue, Chicago.

These filters will increase the cleanliness of the air, will reduce the labor of cleaning surfaces, and will improve the quality of the work processed. The Laundry was designed to include this installation, but bids on the filters were not taken until it could be determined that sufficient funds are available in the construction budget for the Laundry Building.

I concur.

On motion of Mr. Clement, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACTS FOR LABORATORY EQUIPMENT AT CHICAGO PROFESSIONAL COLLEGES

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for furnishing and installing laboratory furniture and equipment, the award in each case being to the lowest bidder:

Walrus Manufacturing Company, Decatur.....	\$2 712 55
For manufacture and installation of laboratory furniture for a new laboratory in room 409 of the first unit of the Dentistry-Medicine-Pharmacy Building.	
J. J. Lane Equipment Company, Chicago.....	4 279 15
Furnishing and installing laboratory furniture in nine rooms of the Research and Educational Hospitals which are being remodeled for the Ophthalmology Clinic.	
J. J. Lane Equipment Company, Chicago.....	3 331 30
Furnishing and installing laboratory furniture in four rooms in the second unit of the Dentistry-Medicine-Pharmacy Building which are being remodeled for the Dental Clinics.	

Funds are available for all these contracts.

I concur.

On motion of Mr. Harewood, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR ROOF REPAIR AT CHICAGO PROFESSIONAL COLLEGES

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$3,125 to the Pine Building Maintenance Company, Chicago, Illinois, for repair of the Betatron roof at the Chicago Professional Colleges. The work will consist of furnishing and installing a water-proof membrane and traffic course on the concrete slab covering the Betatron area. There has been difficulty with water seepage through this concrete slab, and all conventional means of repair have been unsuccessful. The repair process is recommended by the Tremco Manufacturing Company, manufacturer of the products to be used, and the installation will be under its supervision.

Funds for this work are available in the Physical Plant Department budget.

I concur.

On motion of Mr. Hughes, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

On motion of Mr. Herrick, the action of the Executive Committee was confirmed by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR CONSTRUCTION OF COOLING TOWER FOR POWER PLANT ADDITION

(19) On recommendation of the Director of the Physical Plant and the Vice-President and Comptroller, and with the concurrence of the Vice-President and

Provost acting for the President, the Executive Committee of the Board approved the award of a contract for \$41,444 to the Ideal Heating Company, Chicago, the lowest bidder, for piping and miscellaneous work in the construction of a cooling tower for an addition to the Abbott Power Plant. Funds are available in the state capital appropriations for 1959-61.

Confirmation of this action is requested.

On motion of Mrs. Watkins, the action of the Executive Committee was confirmed by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACTS FOR DIVERSION AND EXTENSION OF UTILITIES TO SERVICE ILLINI UNION BUILDING ADDITION

(20) On recommendation of the Director of the Physical Plant and the Vice-President and Comptroller, and with the concurrence of the President of the University, the Executive Committee has authorized awards of contracts for the diversion and extension of steam lines, electrical lines, sanitary sewers, and water mains to service the Illini Union Building addition, and other buildings, as follows, the award in each case being to the lowest bidder:

Construction of Underground Steam Tunnel (Division "JJ") — Parro Construction Corporation, Urbana		
Base bid	\$129 500	
Additive alternate	39 500	\$169 000
Plumbing for Underground Steam Tunnel (Division "KK") — Bellis and Miller, Inc., Champaign		
Base bid	\$ 14 994	
Additive alternate	2 583	17 577

Electrical Work for Construction of Underground Steam Tunnel and Extension of Electric Conduits, including cable (Division "CC") — Harrison F. Blades, Inc., Decatur		
Base bid	\$ 50 357	
Additive alternate	1 398	51 755
The additive alternate in each case provides for the extension of the underground steam tunnel from the Administration Building junction west to Wright Street for future connection to the Wright Street tunnel.		
Construction of Sanitary Sewers — Cross Construction Company, Urbana		
Base bid	\$ 45 900	
Deductive alternate	500	45 400
The deductive alternate is for the omission of a drop manhole.		
Construction of Water Mains — Cross Construction Company, Urbana		
Base bid	14 490	
Total	\$398 320	

Attached is a report from the Physical Plant Department on this project including schedules of all bids received.

The cost of this construction is within the presently estimated total cost of \$480,000 for this project, of which \$80,000 will be provided from state capital appropriations. The balance of \$400,000 will be temporarily financed from Illini Union reserves and housing operation surpluses and ultimately will be charged to the cost of construction of the Illini Union addition, and the advances of funds will be repaid from the proceeds of the bond issue to finance the Illini Union addition.

Completion of construction of the utilities diversion and extension will control the start of the Illini Union addition, and to save time during the period of good construction weather, it was desirable to have these contracts authorized as soon as possible.

Confirmation of this action is requested, and I also recommend that the Board authorize the assignments of funds indicated above.

On motion of Mr. Swain, the action of the Committee awarding the contracts was confirmed, and the assignments of funds recommended was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

"EXCESS FACILITIES" AGREEMENT WITH COMMONWEALTH EDISON COMPANY

(21) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of an "excess facilities" agreement with the Commonwealth Edison Company, Chicago, at a cost of \$18,316, for electrical work being done at the Chicago Professional Colleges.

Contractors have started construction on a vault for 12,000-volt electrical service for the Dentistry-Medicine-Pharmacy Buildings and a portion of the Research and Educational Hospitals to replace the present overloaded and obsolete 4,000-volt vault now serving these buildings. A part of the work involved in this project is the bringing in of 12,000-volt electrical service from Edison Company's Hermitage Avenue substation. In addition, the Commonwealth Edison Company will furnish and set their transformers in the University vault and will do all bus and cable work in the Edison side of the vault. The Company will also be responsible for the installation of the 12,000-volt cables and conduit on University property in connection with providing the 12,000-volt service to the new vault.

The work to be done by the Edison Company is termed "excess facilities," and allows for reduction in the monthly billing for electrical services. This method of installation of Edison services for the Chicago Professional Colleges is in accordance with the "Report on Electrical Distribution System, Chicago Professional Campus" dated May 3, 1950, and follows the plan authorized by the Board of Trustees on July 25, 1950.

Provision for this work has been included in the construction budget for the 12,000-volt vault.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

AMENDMENT OF CONTRACT FOR STEAM SERVICE TO CHICAGO FOUNDLINGS HOME

(22) The Medical Center Steam Company supplies steam to the Chicago Foundlings Home in the Medical Center District under a contract approved by the Board of Trustees on July 29, 1959.

The contract now calls for the maximum steam demand of 4,000 pounds an hour. Experience during the 1959-60 heating season indicates that the maximum amount of steam required by the Foundlings Home is not likely to exceed 2,000 pounds an hour and the latter has requested that the contract be amended accordingly. It is to the University's advantage to have steam contracts such as this based on a realistic maximum demand, and is also advantageous to the consumer, since payments made are based upon calculations involving the maximum demand.

The Director of the Physical Plant, the Vice-President and Comptroller, and the Acting Vice-President in charge of the Chicago Professional Colleges recommend amendment of the contract to reduce the maximum steam demand from 4,000 pounds an hour to 2,000 pounds an hour.

I concur.

On motion of Mrs. Watkins, this amendment of the contract was authorized.

FORD FOUNDATION GRANT FOR DEVELOPMENT OF A TRAINING PROGRAM FOR SERVICE TO ILLINOIS COMMUNITIES

(23) The Ford Foundation has approved a grant of \$125,000 to the University of Illinois for a project to help define the University's role in meeting urban problems and to develop a training program for service to Illinois' rapidly urbanizing communities. Under the project, three specific activities will be undertaken: (1) examination of new ways in which the University might serve the state's urban areas; (2) training of a small corps of "urban generalists" competent in a variety of fields that touch on urban life; and (3) direct University assistance to several selected Illinois communities, each of which will have a staff member assigned to the study of its problems. The staff for this project will be chosen from a variety of disciplines and will represent the University's principal research institutes and divisions.

The grant has been accepted with an appropriate expression of appreciation on behalf of the Board of Trustees and other University officials and is being reported for official record.

There has been established in the Office of the Provost the Office of Community Development to administer the program of urban development to be financed by this grant. Professor L. B. Wetmore, Head of the Department of City Planning and Landscape Architecture, will serve as Acting Director of the Office of Community Development for the academic year 1960-61.¹ The principal task of this office during the year will be the selection of a permanent director, planning the program to be conducted during the biennium of 1961-63, and developing recommendations for the organizational relationships between the Office of Community Development and other University agencies.

On motion of Mr. Swain, this report was received for record, and the action taken was confirmed.

(24) Adoption of the following resolution authorizing the sale of securities representing investments of University trust funds is requested with the concurrence of the Finance Committee:

On motion of Mr. Swain, the foregoing resolution was adopted.

(25) The following purchases were authorized by the President's Office on the recommendation of the Director of Purchases and the Vice-President and Comptroller. Unless otherwise specified, the purchase was recommended on the basis of the lowest acceptable bid.

¹ Other members of the Executive Committee for the Office will be: Associate Director J. B. Claar of the Extension Service in Agriculture and Home Economics; Dean Stanley C. Robinson of the Division of University Extension; Director R. G. Seymour of the Executive Development Center; and Director G. Y. Steiner of the Institute of Government and Public Affairs.

Be It, And It Hereby Is Resolved, by this Board of Trustees of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this Board of Trustees be, and they hereby are, authorized and directed to execute, acknowledge, and deliver in the name and in behalf of this corporation, and under its corporate seal, a grant, in the form approved by the Legal Counsel of this corporation, to the County of Logan in the State of Illinois, of an easement of right-of-way for public highway purposes in a tract of land situated in said county, title to which is held by this public corporation, described as follows, viz:

A part of the South half of the Southwest quarter of the Southwest quarter of Section 22, Township 21 North, Range 3 West of the Third Principal Meridian, described as follows, to-wit: Beginning at a stone marking the Southwest corner of said Section 22, running thence North along the West line of said Section 22 for a distance of 50.0 feet, thence East 31.6 feet to the East Right of Way line of an Orvil Road District Road, commonly known as the "Experiment Station Road," thence South 45° East 21.2 feet, thence East 1,283.3 feet, thence South 35.0 feet, thence West 1,329.9 feet along the South line of said Section 22 to the Point of Beginning. Excepting that portion already in use for highway purposes, said tract containing 0.19 acres, more or less.

The grant of an easement of right-of-way for public highway purposes in said tract of land hereby authorized shall provide that in the event said tract of land ceases to be used for public highway purposes the easement granted the County of Logan therein and thereby shall cease and determine and said tract or strip of land shall revert to this public corporation free and clear of said easement, and shall also be made upon, and contain, the following terms and conditions:

1. The County of Logan shall pay to this public corporation for said grant the sum of \$60.00 simultaneously with the delivery of said grant to said County.

2. The County of Logan shall, at its own sole expense, remove the presently existing fence marking the present boundary of the roadway now situated adverse to said strip of land which will be widened as a result of this grant and will replace and restore said fence at a new location heretofore agreed upon in as good condition as is said presently existing fence.

3. The entrance to property retained by this public corporation and situated adjacent to said hereinabove described tract shall be moved, by the County of Logan and at its expense, from its present location to a point about one hundred twenty-five feet east thereof and in line with the existing driveway which leads to the existing barn located on said retained property of this public corporation.

COMMUNICATION FROM MEMBERS OF THE FACULTY

(29) At its meeting on July 26, 1960, the Board took note of a communication, in the form of an open letter, dated July 15, 1960, to the Board of Trustees from a number of members of the University faculty concerning the University's action in the case of Dr. Leo F. Koch which was sent to members of the Board of Trustees and was released by some of its signers for publication on July 17. The Board referred this communication to the Committee on General Policy for study and report.

Mr. Johnston, for the Committee on General Policy, submitted a report of his Committee on this matter and moved its adoption.

The report was adopted and filed with the Secretary for record.

Mr. Johnston also submitted the following summary of the report for inclusion in today's minutes and as the reply of the Board of Trustees to the open letter.

Summary of Report of General Policy Committee to Board of Trustees of the University of Illinois Concerning Open Letter to the Board from Certain Members of the University Faculty Pertaining to Action Taken in Leo F. Koch Matter

Prior to the July 26, 1960, meeting of the Board of Trustees, an open letter from certain members of the University's faculty to the Board was mailed to each Board member and President Henry, and was released to the press by some of its signers. Although those who did this failed to comply with the procedure established and prescribed by the University Statutes governing the transmission of communications from University staff members to the Board, the latter, at President Henry's request, decided to give due consideration to the letter and referred it to the General Policy Committee for its study, report, and recommendations.

Since then the Committee has carefully studied the letter and has reviewed the procedures followed, the report of the University Senate Committee on Academic Freedom, the resolution adopted on June 6 by the Urbana-Champaign University Senate, and the *Findings and Conclusions* reached by the Board at the conclusion of the hearing given Professor Leo F. Koch. The conclusions of the Committee, which it recommends be adopted by the Board, are fully set forth and documented in the Committee's report of which the following constitutes a brief summary:

1. In its deliberations and actions in the Koch case, as well as in all other matters, the Board of Trustees has been, and will continue to be guided by what, in its considered judgment, will promote the progress and welfare of the University in all its relationships and is in the best interests of its faculty, its students, and the public which it serves.

2. In its *Findings and Conclusions* in the Koch case the Board repeatedly and clearly stated that its action in approving President Henry's recommendation that Professor Koch's contract with the University be terminated was based upon Professor Koch's breach of his academic and professional responsibility inherent in his University employment and recognized and declared in the University Statutes and in the Joint Statement of Principles on Academic Freedom and Tenure adopted by the Association of American Colleges and the American Association of University Professors. The Board's unanimous finding that Professor Koch's actions constituted a breach of that responsibility was in accord with the unanimous finding of the Executive Committee of the faculty of the College of Liberal Arts and Sciences and that of the Committee on Academic Freedom of the Urbana-Champaign University Senate.

3. President Henry had no authority to and did not terminate Professor Koch's University contract. He suspended and preferred charges against Professor Koch and recommended the termination of the latter's contract to the Board as he is authorized and obligated by the provisions of the University Statutes to do when, in his judgment, such action is necessary and justified. His action was taken upon the recommendation of the Executive Committee of the faculty, including the Dean of the College of Liberal Arts and Sciences.

4. The public release, prior to the hearing before the Board, of the charges and President Henry's intention to recommend to the Board that Professor Koch's contract be terminated was proper in this instance because of the publicity which Professor Koch's letter to the Editor of *The Daily Illini* had received and the resulting advisability that the disapproval by the University administration of Professor Koch's actions be made known to the public. It did not operate to deprive Professor Koch of a fair hearing before and conscientious consideration of his case by the Board.

5. The members of the Board of Trustees were fully conscious of the vital

interest of the faculty of the University, as well as that of the University's students and the citizens of Illinois, in proper consideration being given and appropriate action being taken by the Board in the proceeding involving Professor Koch. The resolution adopted by the Urbana-Champaign University Senate and the report and recommendations of its Committee on Academic Freedom to the President were accorded careful consideration and due weight by the Board in reaching its decision. The members of the Board were under the duty and responsibility to all concerned to and did take the action which, in their own considered judgment, was proper and in the best interests of the University.

6. The procedures followed in the Koch case were substantially in accord with the provisions of the present University Statutes which were adopted by this Board in 1957 after they were drafted by a Committee composed largely of faculty members and had been approved by the University Senate. If these provisions are now not considered to be proper and adequate, the Board of Trustees is willing to consider suggested changes in them. The University Statutes specify the channels to be used and procedures to be followed in submitting suggested revisions to the Board for its consideration.

7. The members of the Board subscribe fully to the commonly accepted principles of academic freedom and desire and intend to maintain them unimpaired at the University. They recognize the right of *responsible* expression of their views by faculty members even though the views expressed are unpopular or even untenable. In determining whether a public expression of such views is a *responsible* one, they have been and will be guided by the criteria appearing in the University Statutes and the above mentioned 1940 Joint Statement of Principles on Academic Freedom and Tenure. In the opinion of the Board, Professor Koch's expression of his views, judged by those criteria, was not a responsible one.

8. The Board believes that the action taken in the Koch case was proper and in the best interests of the University and that the cause of academic freedom is strengthened by insisting upon exercise of the academic responsibility which necessarily accompanies it.

On motion of Mr. Johnston, the foregoing summary of the Committee's report was also adopted; and the Secretary was instructed to send copies of this summary and of the full report to all the signers of the open letter, with an appropriate letter of transmittal informing them that these constitute the Board's reply to the open letter.

COURT DECISION ON GARFIELD PARK LAND ACQUISITION

(30) Mr. Johnston, for the Committee on General Policy, called attention to the recent decision in the Circuit Court of Cook County, in the case of The People of the State of Illinois, Plaintiff, vs. Chicago Park District, a body corporate and politic, and The Board of Trustees of the University of Illinois, a public corporation, Defendants, No. 60C 5203, with respect to the acquisition by the University of land in Garfield Park for the Chicago Undergraduate Division. This decision holds that the Act of the General Assembly of Illinois approved July 22, 1959, authorizing the Chicago Park District to convey park lands to the University is unlawful, invalid, and unconstitutional.

The Committee on General Policy has considered this decision and recommends that it be appealed without prejudice to any alternate sites which may be proposed by the city of Chicago and its City Planning Department. A conference of the Board with Mayor Richard J. Daley on this matter is scheduled for September 27, 1960.

On motion of Mr. Johnston, this recommendation was approved.

HEARING OF REPRESENTATIVES OF GARFIELD PARK COMMUNITY

At this point, Mr. Edward Rosewell, President of the Garfield Park Improvement Association, Mr. Gordon L. Mattson, Chairman of United Property Group, and Mrs. Ruth Lesei, representing the Bradley-Honore Association, who had requested a hearing by the Board of Trustees, appeared before the Board. Mr. Mattson spoke for the group and the organizations they represent and also for a number of other

organizations, churches, private enterprises on the west side of Chicago, including the Garfield Park Chamber of Commerce, the East Garfield Park Improvement Association, and Home Owners Enterprises. He urged the Board to reaffirm its decision in the selection of Garfield Park as a site for the Chicago Undergraduate Division and offered the support of the organizations and individual citizens in the Garfield Park community. A copy of his presentation has been filed with the Secretary of the Board for record.

At the conclusion of the hearing, Mr. Mattson and his associates presented petitions signed by approximately 18,000 citizens of Chicago in support of the selection of Garfield Park for the relocation of the Chicago Undergraduate Division, urging that the Board appeal the recent adverse court decision and offering their support should a referendum become necessary to make Garfield Park available to the University for educational purposes. These petitions were turned over to the Secretary of the Board and a copy has been filed by him as a part of the record of today's meeting.

MEMORIAL TO ARTHUR CUTTS WILLARD

Mr. Pogue offered the following:

The Board of Trustees of the University of Illinois records with deep sorrow the death on September 11, 1960, of Dr. Arthur Cutts Willard, President *Emeritus* of the University.

Dr. Willard was born in Washington, D.C., on August 12, 1878, and received his undergraduate and professional education at the National College of Pharmacy and the Massachusetts Institute of Technology. With the exception of a few years of teaching at the California School of Mechanical Arts in San Francisco and at George Washington University, and service as an engineer on the staff of the War Department just before coming to the University of Illinois, his life's work was at this University. He was married to Sarah Lamborn of Washington, D.C., November 26, 1907, who survives.

Dr. Willard came to the University of Illinois as Assistant Professor of Mechanical Engineering in 1913, progressing rapidly to full professorial rank in 1917. He was Head of the Department of Mechanical Engineering from 1920 to 1934, and Acting Dean of the College of Engineering and Director of the Engineering Experiment Station from 1933 to 1934, when he became the University's ninth President. He retired September 1, 1946, after thirty-three years of continuous service at the University of Illinois.

He had otherwise served the University on numerous important faculty committees dealing with educational and administrative problems. So when he was elected President of the University of Illinois, the Board of Trustees could proudly announce that in the election of Professor Arthur Cutts Willard, the Board had chosen from the faculty a man who through twenty-one years of loyal and distinguished service to the University as a teacher, scientist, and administrator had the respect of students, alumni, colleagues on the faculty and elsewhere in his profession, and of the industries of the State and the Nation.

Many Illini will remember him with gratitude as a great teacher and for his high professional standards which have influenced their careers. He also will be remembered by countless others for his contributions as a scientist to the engineering profession and for his services to industry and government. Outstanding among his achievements was the research he directed at the University of Illinois which produced the basic data for engineering the ventilating system of the Holland Tunnel connecting New York and New Jersey, a system subsequently also used elsewhere in the United States and abroad.

He came into the Presidency of the University at one of the most difficult periods in its history when institutional financial resources were greatly reduced and the immediate task was one of rebuilding and restoring confidence in the future. He brought the University from those years of the economic depression through a period of increasing prosperity and growth, and through the trying years of World War II, into a new era.

A complete listing of his achievements is unnecessary but significant examples should be noted. During his administration, the Chicago Professional Colleges were reorganized under the administration of an Executive Dean, now a Vice-President. The College of Veterinary Medicine, the Division of Special Services for War Veterans, the Small Homes Council, the Student Counseling Bureau, the Council on Teacher Education, and the Institute of Aviation were established. The University of Illinois Foundation was organized during his Presidency and he established the original Citizens Committee. The University's physical plant and campus development during his administration include such major projects as: the Illini Union Building, the first group of the Men's Residence Halls, Gregory Hall which replaced the old University Hall, the Abbott Power Plant without which expansion of the campus to its present state would have been impossible, additions to the Library, McKinley Hospital; and in Chicago the second unit of the Dentistry-Medicine-Pharmacy Building, the first of the University's buildings to be financed through a bond issue, and remodeling of the College of Pharmacy Building into the present Chicago Illini Union. Much of the planning which led to the establishment of the Chicago Undergraduate Division was done during the last year of his administration as President.

Dr. Willard gave the University distinguished leadership for twelve years, a leadership which had an impact on its growth and achievements following his retirement. The spirit of his administration was a reflection of his personal character: integrity, a fine sense of duty to students and staff, loyalty to the institution, industry, and courage. He was exemplary in his personal habits, modest, friendly, but withal had a wholesome dignity which inspired respect and affection.

With this tribute the Board also records its deep appreciation of Dr. Willard's life and of his many years of devoted service to the University of Illinois, and expresses its sympathy to the members of his family.

On motion of Mr. Pogue, this memorial was adopted by a rising vote, was ordered printed in the minutes of today's meeting, and the Secretary was directed to send suitable copies to members of Dr. Willard's family.

OCTOBER MEETING

Under the By-Laws of the Board of Trustees, its next meeting is scheduled for Wednesday, October 19, 1960.

On motion of Mr. Hughes, the Board voted to hold this meeting and meetings of Board Committees in Chicago according to a schedule and at a place to be determined by the President and Secretary of the Board.

EXECUTIVE SESSION

At this point, on motion of Mr. Pogue, an executive session was ordered for consideration of the following matters of business.

PURCHASE OF LAND

(1) The Director of the Physical Plant and Vice-President and Comptroller recommend the acquisition, through purchase by the University of Illinois Foundation, of the East Half of the Northeast Quarter of Section Thirty, Township Nineteen, Champaign County, containing eighty acres, presently owned by Mrs. Ruth Newton, Urbana. Mrs. Newton proposes to exchange the land with Mr. Boyd Harper, Champaign, for other land which she desires to acquire, and Mr. Harper will sell the eighty-acre tract to the University of Illinois Foundation at a price of \$1,750 an acre, or \$140,000.

This land is completely surrounded by University property, and the University has been attempting to acquire it for a number of years for the College of Agriculture and the Agricultural Experiment Station.

The First National Bank of Chicago has agreed to loan the money to the Foundation for the acquisition of this property under the same conditions as other recent purchases.

I concur and recommend that the University of Illinois Foundation be requested to purchase this property and to lease it to the University at a rental of \$3,310 a year, subject to adjustment in accordance with any change in the interest rate charged by the Bank on the loan to the Foundation, until such time as funds become available for the purchase of the property by the University.

On motion of Mr. Pogue, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

POLICY GOVERNING MEETINGS OF THE BOARD AND OF ITS COMMITTEES

Mr. Clement asked for a discussion of the current practice and policy with respect to meetings of the Board and of its Committees. He suggested that more of the work before Board Committees be transacted at meetings of the Board.

This matter was discussed but no action was requested or taken.

On motion of Mr. Harewood, the Board adjourned.

On motion of Mr. Swain, these appointments were confirmed.

**ADVISORY COMMITTEE FOR INSTITUTE FOR RESEARCH
ON EXCEPTIONAL CHILDREN**

(2) The Director of the Institute for Research on Exceptional Children recommends the following appointments to the Advisory Committee of the Institute for Research on Exceptional Children for three years beginning September 1, 1960.

Representatives of the University

PROFESSOR LLOYD G. HUMPHREYS, Department of Psychology

Professor Walter J. Moore, College of Education, and Professor James E. Hulett, Department of Sociology, are the other representatives of the University. Their terms expire in 1962 and 1961 respectively.

Representatives of the Department of Public Instruction

MR. RAY GRAHAM, Director of the Division of Special Education, Springfield (reappointment)

Dr. Oscar Chute, Superintendent of Evanston Public Schools, District No. 65, Evanston, is the other representative of the Department of Public Instruction. His term expires in 1962.

Representatives of the Department of Public Welfare

DR. JOSEPH ALBAUM, Superintendent, Lincoln State School, Lincoln, Illinois (reappointment)

Mr. Harry McClintock, Assistant Director of the Department of Public Welfare, is the other representative of the Department of Public Welfare. His term expires in 1961.

The Board of Trustees on July 16, 1952, approved the plan for the organization of the Institute which includes an advisory committee consisting of three representatives from the University, two from the Department of Public Welfare, and two from the Department of Public Instruction, each appointed for a three-year term.

The Dean of the College of Education and the Vice-President and Provost endorse these nominations.

I recommend approval.

On motion of Mr. Herrick, these appointments were approved.

MINOR CHANGES IN CURRICULAR REQUIREMENTS

(3) The Urbana Senate has approved recommendations from the faculties of the Colleges of Engineering and Commerce and Business Administration for the following minor changes in curricular requirements:

Department of Aeronautical Engineering. A change in the present provision for substitution of advanced military credit for nontechnical electives: a reduction from six to three semester hours. This does not affect the basic military training requirement and the total number of hours required for graduation is not changed.

College of Commerce and Business Administration. Hygiene 104, The Science of Personal Health, a one-semester course, is dropped as a requirement for graduation for students entering after September 1, 1961. This is consistent with a previous recommendation of the Urbana Senate, approved by the Board, discontinuing hygiene as a general University requirement for graduation.

This is reported for record.

**ACQUISITION OF PROPERTY AT NORTHEAST CORNER
OF GOODWIN AVENUE AND MAIN STREET, URBANA**

(4) With the approval of the Committee on Buildings and Grounds of the Board of Trustees, the University of Illinois Foundation has purchased for the University the property of the Purity Baking Company at 1112 West Main Street, Urbana. The Foundation will hold the property and will lease it to the University until the University has funds for its purchase. The First National Bank of Chicago has financed this property acquisition.

The property is at the northeast corner of Main Street and Goodwin Avenue and consists of a lot approximately 66 feet by 131 feet with a one-story and basement brick building which practically covers the entire lot. The land is needed for future campus expansion and the building can be remodeled for various uses.

Recommendations on this will be submitted to the Board later when studies of the remodeling necessary have been completed and estimates have been made of the cost of the same to make the building available for various uses. Additional funds will be required for remodeling and for operation and maintenance.

In the meantime, the Director of the Physical Plant and the Vice-President and Comptroller recommend that the University lease this property from the Foundation at a rental of \$700 a year, subject to adjustment for any changes in the interest rate on the loan from the First National Bank of Chicago, and with the option of purchasing the property from the Foundation upon payment of the indebtedness to the Bank. The Foundation purchased the property for \$30,000 which would represent a cost of \$3.44 per square foot of the land area. This is substantially below independent appraisals of the property secured by the University and by the owner.

I recommend that the Board approve the action of the Foundation and authorize the lease of the property by the University under the terms stated.

On motion of Mr. Johnston, this recommendation was approved by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

EXCHANGE OF PROPERTIES WITH UNIVERSITY CLUB

(5) The Committee on Buildings and Grounds of the Board of Trustees authorized negotiations with the University Club of the University of Illinois for the purchase of its property at 1201 West Oregon Street, Urbana, and for the conveyance of land to the Club as a site for a new Club House. The Board Committee has approved the following proposal, which has now been approved by the membership of the Club:

The University will purchase the present property of the University Club of the University of Illinois at 1201 West Oregon Street, Urbana, at a price of \$90,000;

The University will convey the property at 1108 and 1110 West Illinois Street, Urbana, to the University Club as a site for a new Club House; and

The appropriation of \$10,000 a year to the University Club for services rendered the University will be discontinued when the new Club House is completed.

The purchase of the Club property is, of course, subject to the availability of funds and the conveyance of the property at 1108 and 1110 West Illinois Street will require adoption by the Board of Trustees of a formal resolution which will be submitted for consideration later. In the meantime, I recommend that the Board approve this proposal and that the Comptroller and the Secretary of the Board be authorized to execute such interim documents as may be necessary to implement the plan of property exchanges.

On motion of Mr. Harewood, this recommendation was approved by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

APPROPRIATION FOR MODERNIZATION OF ALUMNI RECORDS

(6) The increasing numbers of alumni added to the rolls each year and the demands upon the Alumni Records Office for information concerning alumni make it necessary to expand and improve the system of keeping alumni records. The Vice-President and Comptroller recommends that they be put on electronic data processing equipment, but before this can be done the records must be brought up to date and there will be additional cost involved in putting them on magnetic tape. The conversion will cost approximately \$52,000. The Alumni Association has agreed to provide \$20,000 and the University of Illinois Foundation \$12,000, if the University will supply the additional \$20,000 needed.

The Vice-President and Comptroller recommends, and I concur, that an assignment of \$20,000 be made from the General Reserve Fund for the modernization of the alumni records.

On motion of Mr. Pogue, this appropriation was made by the fol-

lowing vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

APPROPRIATION AND GRANT FOR CONSTRUCTION OF ELECTRON MICROSCOPE LABORATORY

(7) The National Science Foundation has made a grant of \$86,600 to the University for construction of an Electron Microscope Laboratory upon condition that the funds be matched from non-federal sources to the extent of at least 50 per cent of the direct costs of the project.

This grant has been accepted on behalf of the Board of Trustees and confirmation of this action is requested. I also recommend an appropriation of \$86,600 of matching funds for this project, \$27,500 to be provided from funds budgeted for the Graduate College and \$59,100 from the General Reserve.

On motion of Mr. Hughes, this appropriation was made by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(8) The Committee on Nonrecurring Appropriations recommends the following appropriations be made to the College of Agriculture from the General Reserve:

1. Department of Agronomy, repair and replacement of chemistry hoods in Davenport Hall.....	\$ 4 000 00
2. Department of Animal Science, repair of fences and weighing facilities at the Beef Cattle Barn.....	2 500 00
3. Department of Dairy Science, remodeling in Round Dairy Barn for physiology laboratory.....	26 600 00
<i>Total</i>	\$33 100 00

I concur.

On motion of Mr. Swain, this appropriation was made by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

CONTRACTS AND ADDITIONAL APPROPRIATION FOR ADDITIONS TO PHYSICS RESEARCH LABORATORY

(9) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for the construction of an addition to the Hydrogen Liquefier Building, a separate building recently constructed in the area south of the Physics Research Laboratory, and an addition to the Physics Research Laboratory itself to extend the twenty-two million electron volt laboratory operations on the main floor of the building. The two are being treated as one project and the awards are to the lowest, qualified bidders:

General—A. F. Krall Construction Company, Inc., Decatur.....	\$55 984
Electrical—Knight Electric Company, Inc., Evansville, Indiana.....	6 670
Plumbing—Champaign Plumbing and Heating Company, Champaign..	2 080
Heating—Champaign Plumbing and Heating Company, Champaign....	6 295
Ventilating—Industrial Roofing Company, Mattoon.....	2 961

The total cost of the project is \$81,650, of which \$27,300 is available in a National Science Foundation grant and \$28,200 was appropriated by the Board on May 17. An additional \$12,650 can be provided by the Department of Physics. The Vice-President and Comptroller and the Vice-President and Provost recommend that an appropriation of \$13,500 be made from the General Reserve for the balance of the cost.

Attached is a report from the Physical Plant Department on this project, including a schedule of bids received, and a copy is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, and the requested appropriation of \$13,500 was made from the General Reserve Fund. These actions were taken by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

CONTRACT FOR CONSTRUCTION OF BUILDINGS FOR DEPARTMENT OF ANIMAL SCIENCE

(10) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$20,786.76 to Harshbarger Building and Supply Company, Urbana, the lowest bidder, for the construction of two more research buildings for the Agricultural Experiment Station animal breeding and physiological research program.

Funds are available in a grant of \$200,000 received by the University from the Moorman Manufacturing Company, Quincy, for a project in animal breeding. I concur.

On motion of Mr. Hughes, this contract was awarded, as recommended, by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

CONTRACT FOR AIR CONDITIONING IN KRANNERT ART MUSEUM AND FINE AND APPLIED ARTS BUILDING

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$151,815 to Reliable Plumbing and Heating Company, Champaign, for installation of refrigeration and temperature controls in the Krannert Art Museum and the new Fine and Applied Arts Building to complete the air-conditioning installations in these buildings.

Funds are available in the state capital appropriations to the University for 1959-61, subject to release by the Governor.

I recommend award of this contract subject to availability of funds.

On motion of Mr. Swain, this contract was awarded, as recommended, by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

CONTRACT FOR ADDITION TO ABBOTT POWER PLANT

(12) On July 21, 1959, the Board of Trustees authorized awards of a series of contracts for the construction of an addition to the Abbott Power Plant and for extension of the utilities distribution system, including a contract for \$590,922 with Babcock and Wilcox Company, Chicago, for a steam generating unit and auxiliaries. The base bid was \$537,202, with a maximum escalation of 10 per cent to cover price increases during the period of construction, and this is being reported for record.

The contract was not executed until July 21, 1960, due to delay in the release of funds. In the meantime, manufacturers have made improvements in certain auxiliaries which are advantageous to the University. Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend a change in this contract to provide for:

1. Omission of feed water regulating valve and the positioning-type combustion air regulator. These items are no longer required because it was necessary to purchase a new type of regulating valve designed to reduce excessive wear, and the positioning-type regulator is being replaced by a new type of regulator recommended in (2);
2. Addition of a steam flow-air flow type combustion regulator which will automatically compensate for variations in the moisture content of the coal and its BTU or heating value;

3. Changing the four reciprocating coal feeders on the stoker to a conveyor-type coal feeder which has certain advantages over the former type.

These changes will require a net increase of \$3,726 in the contract.

I concur.

On motion of Mr. Swain, this change in contract was authorized.

CONTRACT FOR STRUCTURAL STEEL FOR ADDITION TO ABBOTT POWER PLANT

- (13) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract to Clonick Steel Company, Chicago, the lowest bidder, for structural steel members and accessory steel materials for the addition to the Abbott Power Plant (Boiler No. 6, Unit No. 7). The contract will be based on the following prices per pound and estimated quantities:

<i>Structural Members</i>	<i>Coal Bunker</i>	<i>Secondary Structural Members</i>	<i>Column Anchor Bolts</i>
<i>135 Tons</i>	<i>35 Tons</i>	<i>30 Tons</i>	<i>0.3 Tons</i>
<u>\$0.1132</u>	<u>\$0.1582</u>	<u>\$0.1414</u>	<u>\$0.1616</u>

The quantities of the various classifications of structural steel indicated above are based on preliminary estimates of that required, and the total tonnage may vary from that stated by 15 to 20 per cent when detailed drawings are developed.

Submitted herewith is a report from the Physical Plant Department, including a list of all bids received, in support of this proposal, and a copy is being filed with the Secretary of the Board for record.

Funds are available in the state capital appropriations to the University for 1959-61, subject to release of funds by the Governor.

I concur in the recommendation for the award of the contract subject to the release of funds.

On motion of Mr. Hughes, this contract was awarded, as recommended, by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

CONTRACT FOR ROOFING DECK AREAS OF ILLINOIS NEUROPSYCHIATRIC INSTITUTE

- (14) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$8,800 to the Melville Corporation, Chicago, the lowest bidder, for installing a traffic deck roof covering on four permanent deck areas of the Illinois Neuropsychiatric Institute building to rehabilitate deteriorated deck areas.

Funds are available in the Physical Plant budget.

I concur.

On motion of Mr. Swain, this contract was awarded, as recommended, by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

CONTRACT FOR KITCHEN EQUIPMENT FOR RESEARCH AND EDUCATIONAL HOSPITALS

- (15) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$2,888 to the Stearnes Company, Chicago, the lowest bidder, for the installation of kitchen cabinets, counters, and other equipment in the Research and Educational Hospitals.

Funds have been budgeted in the appropriation for "Research and Educational Dietary Department."

I concur.

On motion of Mrs. Watkins, this contract was awarded, as recommended, by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

**CONTRACT FOR STEEL LABORATORY EQUIPMENT
FOR CHICAGO PROFESSIONAL COLLEGES**

(16) The Business Manager of the Chicago Professional Colleges, the Director of the Physical Plant, and the Vice-President and Comptroller recommend award of a contract for \$6,754 to the Metalab Equipment Company (Division of Norbute Corporation), Hicksville, New York, the lowest bidder, for the manufacture and installation of steel laboratory equipment in the Research Laboratory and Library Unit of the Dentistry-Medicine-Pharmacy Building.

The work will consist of fabrication and installation of twenty-two items of steel laboratory equipment including wall cabinets, center tables, wall tables, and fume hood sashes.

Funds have been budgeted in the appropriation for "Remodeling, College of Medicine, Research Laboratory."

I concur.

On motion of Mr. Swain, this contract was awarded, as recommended, by the following vote: Aye, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Clement, Mr. Stratton.

**AMENDMENT OF FEDERAL INTERNAL REVENUE CODE TO SECURE
EQUAL TREATMENT FOR STATE UNIVERSITIES AND LAND-GRANT
COLLEGES IN ADMINISTERING FUNDS CONTRIBUTED THROUGH
INTERMEDIARY FOUNDATIONS**

(17) The Internal Revenue Code of 1954 allows a deduction for contribution of up to 30 per cent of a taxpayer's adjusted gross income if the "extra 10 per cent" comprises gifts to educational institutions. This additional deduction allowance applies only to gifts made directly to educational institutions. Thirty or more state universities and land-grant colleges are now blocked, either wholly or in part, from the benefits in the Code because these institutions either must, or prefer to, receive and administer gifts through separately incorporated foundations.

The University of Illinois has not lost any gifts as a result of this regulation, since it may receive gifts either directly or through the University of Illinois Foundation. In a few cases, however, this provision has caused some difficulties, because a donor who customarily makes contributions to the Foundation and would like to continue doing so might be forced in any particular year, if he wished to enlarge his gift and take advantage of the additional 10 per cent deduction, to make the contribution directly to the University.

In order to remove the difficulties which the University of Illinois has encountered, and to preserve the original intent of the law granting the extra 10 per cent deduction to those institutions which must or prefer to receive gifts through separate foundations or corporations, the University of Illinois has agreed to support an effort by the American Alumni Council to secure an amendment of the Internal Revenue Code which will extend the additional 10 per cent allowance to foundations which receive and administer gifts for public colleges and universities.

This is being reported for the information of the Board.

GIFT OF MR. AND MRS. MAXWELL R. HOTT

(18) Mr. and Mrs. Maxwell R. Hott of Monticello have offered the University their residence property in that city for use as an off-campus facility. The property consists of an entire city block of land and a three-story brick residence with an attached two-story garage and storage area, in Colonial Georgian architecture, and is valued at \$320,000. Their gift will include certain items of furniture and furnishings in the house which will be given outright to the University. Other furnishings and objects of art will be left there on a loan basis. The gift

will be made over a period of years, and the University of Illinois Foundation has agreed to serve as Trustee for the University in the conveyance and operation of the property.

The gift is designated as the "Hott Memorial Center for Continuing Education," and the residence will be used for off-campus conferences, workshops, and other meetings, in the same way as Robert Allerton House.

With the approval of the Committee on Buildings and Grounds of the Board of Trustees, I have accepted this gift and request confirmation of my action. I also recommend that the Comptroller and the Secretary of the Board be authorized to execute such documents as may be necessary in implementing the conveyance of the property to the University.

On motion of Mrs. Watkins, the action of the President was confirmed and authority was given as requested.

On motion of Mr. Herrick, the Secretary was instructed to send a message to Mr. and Mrs. Hott expressing the appreciation of the Board of Trustees for their splendid gift.

REPORT OF FINANCE COMMITTEE ON BIENNIAL OPERATING BUDGET FOR 1961-63

The Finance Committee began its studies of the University operating budget for the biennium of 1961-63 in consultation with University

officials and other members of the Board of Trustees at a meeting of the Committee held earlier today. The final recommendations of the University administration and of the Finance Committee will be presented to the Board of Trustees at its meeting on November 16, 1960, for approval by the Board of the budget estimates to be submitted to the State Department of Finance and other State officials.

President Henry requested, and was granted, authority to make public announcement of his budgetary recommendations a few days in advance of the Board meeting.

Mr. Swain announced that he will call a meeting of the Finance Committee of the Board to be held in Urbana, Illinois, on Tuesday, November 10, 1960, for further studies of the budget in consultation with University officials, for the preparation of the Committee's recommendation to the Board, and for a press conference. All members of the Board of Trustees are being invited to participate.

Mr. Swain then presented the following progress report of the Finance Committee.

The unexpected increase in enrollment in the fall of 1960 delayed final recommendations on the operating budget for 1961-63 until the increase could be analyzed to determine its effect on long-range enrollment predictions and on budgetary requirements. The Seventy-first General Assembly changed the date on which budget requests must be filed with the Department of Finance to November 15, so it will be possible for the Board of Trustees to consider the recommendations at its regular November meeting. The Finance Committee will be prepared to submit detailed recommendations at that time.

Increased operating funds will be required to maintain the level of operations reached. This is true for the increased costs of the Retirement System because of new retirements in 1960-61. In addition, the Seventy-first General Assembly appropriated some funds for only the second year of the current biennium, recognizing that additional funds would have to be appropriated in the 1961-63 biennium.

While considerable progress was made in increasing academic salaries in the current biennium, further increases will be required if the University is to maintain its competitive position in meeting increases made nationally to improve the economic status of the teaching profession.

Projections of enrollment indicate further increases, which in turn will require substantial additions to staff, expense, and equipment budgets to provide instruction for the additional students.

Further budget additions are needed to meet the increased cost of operations resulting from the operation of new buildings, from accumulated deficiencies in expense and equipment budgets caused by rising prices, as well as by inadequate provisions of the past, and from the unanticipated enrollment in the current biennium.

Finally, there is a need for improvement and expansion of extension and additions to the educational programs. Some funds were appropriated in the current biennium for this purpose, and continuation of this kind of development is essential if the University is to maintain the high standing it has achieved among the great universities of this country.

The details of each area of need, with the amounts recommended by the President of the University and the Finance Committee will be sent to the Board of Trustees in advance of the November meeting.

On motion of Mr. Pogue, this report was adopted, and the procedure for public announcement of the budget recommendation was authorized with the understanding that these recommendations will be subject to approval by the Board of Trustees on November 16, 1960.

**REPORT OF COMMITTEE ON GENERAL POLICY ON CONFERENCE
WITH CITY OF CHICAGO OFFICIALS ON CHICAGO
UNDERGRADUATE DIVISION SITE**

Mr. Johnston, for the Committee on General Policy, submitted the following report:

On invitation of Mayor Richard J. Daley, members of the Board of Trustees and other University officials met with him in his office at 3:00 p.m., September 27, 1960, for a presentation by the Department of City Planning of an alternate site proposal for the University's Chicago Undergraduate Division.

The presentation, illustrated by charts and a model, was made by the Mayor and by Mr. Ira Bach, Commissioner of City Planning, and Mr. Clifford Campbell, Deputy Commissioner of City Planning. An outline of the presentation was presented to the participants and a copy of it is being filed with the Secretary of the Board for record. The purpose of the conference was to present to the Board of Trustees for their consideration alternate sites and specifically the Harrison-Halsted Street site. No action was requested or taken but the University representatives agreed to study the proposal.

In recommending the Harrison-Halsted Street area, the Department of City Planning presented an outline of the conditions for its development under a two-stage program. After the presentation of the model and discussion of the site proposal, the following comments were made orally; and it is assumed that they are to be considered as additional proposals by the City and included by the University in its development of campus plan studies for the Harrison-Halsted Street site:

1. The proposed site will be cleared of all structures before it is transferred to the University.
2. Only the following streets are to remain open and will cross the proposed site: Harrison Street, Taylor Street, and Roosevelt Road.
3. The land to be available in the first stage (south of the Congress Expressway, west of the South Expressway and Halsted Street rerouted, north of Taylor Street, and east of Morgan Street) will be cleared and transferred to the University by July, 1961. The balance of the site will be cleared and transferred not later than July, 1963.
4. The Chicago Land Clearance Commission has, or will have, adequate funds and staff to complete the land acquisition and clearance of the site within the time schedule in "3" above.
5. The plan for the Near West Side Urban Renewal Project will be amended to provide for the construction of high-rise apartment buildings between Harrison Street and the Congress Expressway.
6. The Near West Side Urban Renewal Project is expected to be completed within four to five years.

The University, with the assistance of the Real Estate Research Corporation of Chicago and the firm of Skidmore, Owings, and Merrill, has undertaken the development of preliminary campus plan studies on the Harrison-Halsted Street site. These studies are without prejudice to other sites still under consideration by the Board of Trustees.

On motion of Mr. Harewood, this report was adopted.

DELEGATE TO ILLINOIS COMMISSION OF HIGHER EDUCATION

Mrs. Watkins stated that she will be unable to attend the next meeting of the Illinois Commission of Higher Education, to which she is a delegate of the Board of Trustees, to be held in Chicago, on October 20, 1960.

President Williamson appointed Mr. Hughes as delegate to this meeting, and this was confirmed by unanimous consent.

NOVEMBER AND DECEMBER MEETINGS

On motion of Mr. Swain, the Board voted to hold its November meeting on Wednesday, November 16, 1960, in Chicago, Illinois, the hour

and place to be designated by the President and the Secretary of the Board.

On motion of Mr. Harewood, the Board voted to hold its December meeting on Wednesday, December 21, 1960, in the offices of the First National Bank of Chicago, at an hour to be designated by the President of the Board.

ADDRESSES BY MR. JOHN B. CLAAR AND DEAN ALONZO G. GRACE
President Henry presented Associate Director John B. Claar of the Extension Service in Agriculture and Home Economics who addressed the Board on the work of extension services in these areas in general and with specific reference to such services in Illinois.

Following adjournment of the business session of the Board and the luncheon recess, President Henry presented Dean Alonzo G. Grace of the College of Education who addressed the Board on the state of the College and some plans for its future development.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

November 16, 1960

The November meeting of the Board of Trustees of the University of Illinois was held at the Chicago Professional Colleges, 833 South Wood Street, Chicago, Illinois, on Wednesday, November 16, 1960, beginning at 1:30 p.m.

The following members of the Board were present: Mr. Howard W. Clement, Mr. Richard A. Harewood, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Harold Pogue, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson. Mr. Wirt Herrick, Governor William G. Stratton, and Mr. George T. Wilkins were absent.

Also present were President David D. Henry, Vice-President and Provost Lyle H. Lanier, Dr. Joseph S. Begando, Assistant to the President and Acting Vice-President in charge of the Chicago Professional Colleges, Executive Dean C. C. Caveny of the Chicago Undergraduate Division, Mr. Ralph F. Leemann, Legal Counsel, Mr. C. S. Havens, Director of the Physical Plant, Mr. C. E. Flynn, Director of Public Information, Mr. Vernon L. Kretschmer, Director of Auxiliary Services; and the officers of the Board, Mr. H. O. Farber, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary.

MEETINGS OF COMMITTEES

Meetings of the Board's Committees on General Policy and Buildings and Grounds were held on Wednesday, November 16, 1960, beginning at 10:00 a.m.

ADDRESS BY MR. PARK LIVINGSTON

President Williamson announced that he had invited Mr. Park Livingston, a former member of the Board of Trustees for eighteen years (1941-59) and President of the Board for twelve of those years, and Chairman of the State Citizens Committee for the Universities Bond Issue, to today's meeting as a guest and to report on the work of the Committee.

Mr. Livingston was introduced and he addressed the Board briefly on the activities of the Committee. He cited examples of noteworthy services performed by a number of individuals, business and professional organizations, and other groups in presenting to the people of Illinois the facts about the Universities Bond Issue. He also reported on results known to date of the balloting on the bond issue in the 1960 election.

At the conclusion of his address, Mr. Wayne A. Johnston offered the following resolution, and moved its adoption:

In the summer of 1960, the Governor appointed a state "Citizens Committee for the Universities Bond Issue." This is a non-partisan committee. Its members include some 140 civic-minded men and women from all walks of life and all areas of the state. Working in cooperation with Committees on bond issue interpretation representing the constituencies of the state universities and with local county organizations, the state Committee devoted itself to informing the people of Illinois of the crisis in higher education they will face in the next ten years and the alternatives.

The Board of Trustees takes this occasion to express publicly its appreciation of the services of the state Committee and particularly of its Chairman, Mr. Park Livingston of Chicago, who did so much of the work. He gave the task at hand distinguished leadership, directed the state-wide activities effectively, and made numerous personal appearances at much sacrifice of time from his own affairs.

It is impossible to identify all of the other individuals who in one way or another worked on the interpretation of the bond issue, so that in this public recognition of the Committee's and Mr. Livingston's services, the Board would have it known it is also recording its appreciation of the services of all who worked with the Committee at all levels. In a public issue of this kind every effort counts.

This resolution was adopted by a standing vote.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board took up consideration of the following reports and recommendations from the President of the University.

ILLINI UNION AND HEALTH CENTER REVENUE BONDS

(1) The Vice-President and Comptroller submits the following recommendations relating to the issue of "The Board of Trustees of the University of Illinois Illini Union and Health Center Bonds, Series A and B of 1960."

The Comptroller and Secretary of the Board be authorized to execute a Loan Agreement with the Housing and Home Finance Agency upon terms satisfactory to the Comptroller and consistent with a resolution to be presented to the Board for adoption at a subsequent meeting;

The Series A bonds in the amount of \$5,200,000 be sold to Halsey, Stuart, and Company, Inc., and Associates at a price of \$5,151,670 and at an effective interest rate of 3.89162 per cent, which represents the lowest interest cost to the University;

The Series B bonds in the amount of \$2,750,000 be sold to the Housing and Home Finance Agency at an interest cost of $3\frac{1}{4}$ per cent in accordance with and pursuant to the above mentioned Loan Agreement;

The firm of Chapman and Cutler be retained as bond counsel for this issue;

The Board ratify and confirm all actions taken or to be taken by the officers and members of the Board in connection with the sale and delivery of the bonds.

I concur.

On motion of Mr. Swain, the foregoing recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton, Mr. Wilkins.

BIENNIAL OPERATING BUDGET

(2) The Board of Trustees at its meeting on July 26, 1960, approved recommendations for state capital appropriations for 1961-63. I now submit the operating budget estimates for the two-year period beginning July 1, 1961.

This budget has been in preparation for several months by the University's Budget Committee¹ under the chairmanship of the Vice-President and Provost, and in consultation by him with the deans, directors, and other administrative officers. The estimates prepared by the colleges, schools, institutes, and other departments have been carefully reviewed, revised, and in a number of cases substantially reduced. The University Council has likewise been consulted and has approved the estimates as now submitted.

This budget has also been carefully studied by the Finance Committee of the Board in two special work sessions in which other Trustees have participated.

I recommend that these budget estimates be approved as a basis for filing with the State Department of Finance and presentation to the state administration and to the Illinois Budgetary Commission.

The President of the University presented the recommendations in detail and invited discussion of them. His recommendations, together with the budget estimates and supporting materials, had been sent to all members of the Board for study several weeks in advance of today's meeting.

Mr. Swain, Chairman of the Finance Committee, reported that the budget recommendations had previously been considered by the Committee in consultation with the President of the University, other University officials, and other Trustees in two work sessions held on October 19 and November 10. Representatives of the press were invited to the Finance Committee meeting on November 10 to hear the discussion of the budget and for a press conference.

Following the presentation of these reports and recommendations, on motion of Mr. Swain, the following budget was approved, and the President of the University was authorized to file this budget with the Department of Finance; and the President of the Board, the Chairman of the Finance Committee, and the President of the University were authorized to represent the Board in conferences with state officials

¹ Lyle H. Lanier, Vice-President and Provost, Chairman; H. O. Farber, Vice-President and Comptroller; Joseph S. Begando, Acting Vice-President in charge of the Chicago Professional Colleges; F. T. Wall, Dean of the Graduate College; C. A. Knudson, Professor and Head of the Department of French; O. Burr Ross, Professor and Head of the Department of Animal Science; H. S. concerning the budget. This action was taken by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton, Mr. Wilkins.

UNIVERSITY OF ILLINOIS BIENNIAL BUDGET FOR OPERATIONS, 1961-63

Present Budget

The biennial budget of the University of Illinois consists only of those funds which require appropriation by the General Assembly. It does not include funds provided by non-state agencies or by auxiliary enterprises conducted by the University, which provide for approximately 30 per cent of the University's gross annual expenditures. The biennial budget for operations in 1959-61 totals \$55,905,000 a year, or, for the biennium, \$111,810,000 from tax funds and \$13,100,000 from University income, making a total of \$124,910,000. This budget was approved in 1959 with the understanding that \$4,000,000 would be reserved for salary adjustments and for the staff necessary to provide for the increased enrollment in the second year of the biennium. Therefore the funds in the budget were distributed so as to provide \$60,455,000 for 1959-60 and \$64,455,000 for 1960-61.

The biennial budget encompasses not only instruction on the University's three campuses, but also research activities, extension teaching, and other services to the people of the state.

Many University activities receive financial support from federal grants and contracts, and from private gifts. In addition, the University operates auxiliary enterprises such as residence halls, union building, and bookstores. Receipts from all these sources are estimated to total \$29,503,565 for 1960-61, and do not require appropriation by the General Assembly. They are included, however, in the annual budget for operations, which totals \$93,958,565 for 1960-61.

Procedures for Preparing Biennial Budget Requests for 1961-63

The biennial budget requested for 1961-63 is based upon recommendations made by a Budget Committee appointed by the President. This Committee consists of the Vice-President and Provost as chairman, the Vice-President and Comptroller, the Vice-President in charge of the Chicago Professional Colleges, the Dean of the Graduate College, and six faculty members from the three campuses, including representatives of the budget committees of the three Senates.

Preparation of the biennial budget for operations began the spring of 1960, with the submission of requests by the deans and directors for budget increases under Sections V, VI, VII, and VIII of the classification shown in Schedule A. Salary adjustments and the plan for staff health insurance (Sections III and IV) were considered separately by the Budget Committee on a University-wide basis. The asking under Section I was established by law, while that under II represents a funding of commitments made in the biennial budget for 1959-61.

The Budget Committee held a series of meetings during which it conferred with deans and directors concerning their requests. Analyses were made of previous biennial budget requests and of the uses made of funds allocated throughout the period 1953-60. The Committee also gave careful attention to the various proposals for salary increases, and made detailed comparisons of salaries at the University of Illinois with those of other comparable institutions. Estimates of enrollment were prepared for the Committee by the Bureau of Institutional Research, based upon studies of high school enrollments and trends in the proportions of high school graduates applying for admission to college. A parallel study of the office and laboratory space available to instructional units was made, in order to judge their capabilities for accommodating the new staff needed for the predicted increases in enrollment. On the basis of these several studies—including evaluations of urgent requests for increases to meet rising costs of operations and to provide for essential improvements—the Budget Committee recommended the increases shown in Schedule A.

Budget Summary

The requests for additional funds submitted by the deans and directors—plus the increases determined on a University-wide basis—totaled \$41,088,325 for

the biennium. After careful analysis of these requests, considering especially urgency of immediate action, the Budget Committee has reduced this figure and recommends an increase of \$31,360,000 over the appropriations for 1959-61 (an average of \$15,680,000 a year), or approximately 25 per cent of the current appropriations. The total requested budget of \$156,270,000 includes \$142,270,000 from tax revenues of the state and \$14,000,000 from University income. It is divided so as to provide \$75,610,000 for the first year of the biennium and \$80,660,000 for the second year. The higher amount in the second year will be needed primarily for salary adjustments, but also because of larger enrollment in that year. This means an added \$5,050,000 will be required in 1963-65 to maintain the level to be established during the second year of the coming biennium.

Schedule A is a summary statement of the funds requested under the several budget categories. The two columns show comparable figures for (a) increases originally requested by the deans and directors, and (b) amounts recommended by the Budget Committee.

Explanation of Increases Requested

I. Contributions to University Retirement System..... \$ 884 100

The University Retirement System provides disability and retirement benefits to all permanent staff members and employees of the University, of all other state institutions of higher education, and of related organizations. The University of Illinois' share of the cost of the System is included regularly in its appropriations. An increase of \$884,100 for the biennium is required to continue the benefits provided under the law, mainly because of the larger number of persons who will be on retirement.

II. To Continue for a Full Biennium Funds Required for One Year

Only in the 1959-61 Biennium..... \$4 000 000

As reported to the Seventy-first General Assembly, \$4,000,000 was included for additional enrollment, operation of new buildings, and salary adjustments for 1960-61 only. In approving the budget, the General Assembly was informed that additional appropriations equal to this amount would be required in 1961-63 to continue for two years the level established in the 1959-61 biennial budget for only one year.

The 1959-60 budget was \$60,455,000 and the 1960-61 budget is \$64,455,000, or a total of \$124,910,000 for the biennium. Twice the 1960-61 budget is \$128,910,000, indicating that \$4,000,000 more is needed in 1961-63 to continue the present level of expenditures than was appropriated by the Seventy-first General Assembly for 1959-61.

III. Salary Adjustments for All Staff

1961-62..... \$10 400 000

1962-63..... 4 200 000

A. Academic Staff

The most serious problem facing higher education in the next decade is that of recruiting sufficient personnel to staff classes for nearly twice the present enrollment. Universities can ill afford to lose staff to other professions, and concerted efforts must be made to attract more persons into the teaching profession. Faculty salaries have lagged behind those of all other groups. This led the President's Committee on Education Beyond the High School to recommend that faculty salaries be increased to twice the 1956 level within five to ten years.

Prior to 1955, increases in salaries of the academic staff at the University of Illinois since the years immediately preceding World War II were less than the rise in the cost of living, while other groups in this country made significant gains in purchasing power. During the biennium 1955-57, salaries were increased to the level to which the cost of living had risen, but they were still far short of the gains made by United States employees in general.

Since 1957, the cost of living has risen more slowly than in previous years, and the funds provided by the General Assembly in 1957 and again in 1959 have enabled the University to make substantial improvements in the status of its academic staff. However, faculty salary improvements comparable to those of the past four years must be made in several future biennial periods before faculty salaries will reach those of comparable professions.

To illustrate the magnitude of the salary gap that remains to be closed, University of Illinois professors' salaries are now only 14 per cent above the 1940 average in terms of real earnings, while average annual earnings of all full-time employees in the United States in 1959 were 78 per cent above the 1940 level. All medical, legal, and engineering employees had advanced 77 per cent, while federal civilian workers were up 49 per cent and manufacturing employees 90 per cent. The average net professional income of physicians in independent practice had risen 106 per cent in 1957, the latest year for which data are available. Thus, even though education has contributed much to the economic development of the country, the educational profession in general—including the academic staff at the University of Illinois—has not shared equitably in the growth of the national economy.

As a result the average salary of lawyers in general is higher than the average salary of the full professor (representing the top 25 per cent of the faculty) at the University of Illinois. Physicians in private practice earn on the average more than one and one-half times the average professorial salary.

At a time when the number of faculty members must be rapidly expanded each year, there is an increasing shortage of well-qualified graduate students who enter the teaching profession. Technical advances in business and industry have so increased the demand for graduates with the Ph.D. degree that few universities can compete salary-wise with opportunities in these fields. Since the educational effectiveness of a university depends upon the quality of its faculty, and since the welfare of the state and the nation requires an increased output of better-trained students, it is essential that those already in the teaching profession not be easily enticed into other fields and that an increasing number of the ablest college graduates be encouraged to choose careers in university teaching and research. Many men and women are temperamentally attracted to the academic life, but an absolute essential to holding even these is a generous increase in the salary level.

While the universities must compete with industry and government for academic talent, the primary competition is with other universities. Occasionally, the University can attract distinguished persons to the faculty for salaries lower than those paid by industry or government, but it can almost never obtain a highly talented teacher or research person at a salary substantially below that of another comparable university. The improvement in salaries at the University of Illinois in the past four years has been matched by similar improvements at other major universities, so that little if any gain in the University's competitive position has been made.

In order to compare salaries at the University of Illinois with those at other similar institutions, salary data were requested from the thirty schools in the United States awarding the largest number of Ph.D. degrees. This group included all of the "Big 10" universities, several other state universities, and the leading eastern private schools. Among the twenty-seven from which data were obtained in 1959-60, the University of Illinois ranked eleventh for professors, thirteenth for associate professors, tenth for assistant professors, and eighth for instructors.

Because the lag in faculty salaries is nationwide, every college and university is striving to improve its salary scale. Substantial increases are necessary to "catch up" and "keep up." From such information as we have been able to obtain, the other large Midwestern universities are requesting funds for salary adjustments approximately comparable to those included in this request. Thus, with the salary increase appropriation requested here we should be able to maintain our present competitive position in relation to other schools, even though we may not make significant gains.

Depending upon the total finally provided for salary increases, appropriate adjustments will be made in minimum salaries for the academic ranks in the internal budget for 1961-62. Otherwise, all increases will be made on the basis of individual merit, in keeping with the established University practice.

B. Nonacademic Staff

The University is committed to a policy of paying prevailing rates where they have been established by collective bargaining within the community. To maintain equitable relationships, comparable consideration must be given to closely related classifications, to supervisory groups, and to positions of comparable or higher responsibility, training, and experience.

The University has met its commitments to the prevailing wage groups, and to a considerable degree has been able to maintain a reasonable relationship between these rates and other nonacademic salary ranges. The rapidly increasing scarcity of personnel with experience and training in professional, scientific, and management jobs has resulted in pressure on salary scales outside the University. This is true in nearly all the professional classifications related to medicine on the Chicago campus and in skilled and clerical positions at both Urbana and Chicago.

The sum requested will permit the University to meet the anticipated increases in prevailing rates, and to improve its position in those areas where adjustments are needed to bring rates into line with comparable positions in other employment.

IV. University's Contribution to the Health Insurance Program.....\$600 000

The University has provided, on a voluntary basis, hospital, medical, and surgical insurance for members of the staff and their dependents—with the pay-

ment of premiums by the employee. Two years ago a staff committee, including representation from the six state-supported institutions of higher education, made an exhaustive study and recommended a comprehensive plan whereby the universities would pay the full cost of the insurance for staff members and 50 per cent of the premium for dependents. This proposal was not approved by the General Assembly because of questions relating to comparable provision for other state agencies. Since that time the federal government has approved a program for federal employees, and the trend of providing such benefits by industry has continued.

Representatives of the six state-supported schools have again considered such a program, and all are recommending that funds to provide benefits similar to those proposed two years ago be included in the biennial appropriations for 1961-63. Under the present proposal, however, the state would pay only the cost of the insurance policy for the employee himself. The plan proposed would cover the first \$250 of all hospital expenses, and 80 per cent of additional costs. It would also cover 80 per cent of medical expenditures in excess of \$50 while hospitalized. Each person would be insured for a maximum benefit of \$15,000. The premiums for employees paid from other than state appropriations would be charged to the respective funds from which the employees are paid.

V. To Provide for Increased Enrollment in 1961-62

A. Teaching Staff.....\$1 420 000

Enrollment at the University of Illinois in 1960-61 exceeded by about 500 students the estimates on which the present biennial budgets were based. The excess has been absorbed partly through increases in teaching load beyond those anticipated in the provision made for increased enrollment, and partly by means of staff additions provided temporarily from budget savings. An estimated increase of approximately 1,000 additional students is expected in the regular session of 1961-62. It is estimated that 84 additional staff members at an average salary of approximately \$7,500 for the academic year would be needed for this increase (\$1,260,000 for the biennium). Some 50 staff members at an average salary of \$1,600 for the regular summer session will be needed to provide for the additional enrollment (\$80,000 per year or \$160,000 for the biennium). The total of \$1,420,000 for the biennium represents a reduction of almost 30 per cent from the figure of \$2,011,812 for the biennium requested by the deans and directors.

B. Nonteaching Staff, Expense, and Equipment.....\$1 100 000

It takes more than just teachers to provide university education for a student. As the enrollment increases, therefore, more counseling staff, laboratory assistants, technicians, and clerks are needed in the instructional departments. Library staff and book purchases must also be increased in proportion to the rise in enrollment. Although the relationship is not so direct, administrative services such as purchasing and collection of funds require modest increases in personnel. The work load of the Admissions and Records Office expands even more rapidly than the increase in enrollment, because students increasingly apply to several universities before deciding which one they will attend. Growth in enrollment has necessitated the conversion of the present tabulating equipment to IBM 1401 Electronic Data Processing equipment, which will involve a substantial increase in rental but will permit more rapid processing of business data and student records.

Deans and directors requested the sum of \$967,956 a year or \$1,935,912 for the biennium for nonteaching staff, expense, and equipment. The Budget Committee reduced these requests by more than 40 per cent to a total of \$1,100,000.

VI. To Provide for Increased Enrollment in 1962-63 over the 1961-62 Level

A. Teaching Staff.....\$550 000

The enrollment in the second year of the biennium is not estimated to increase as much as in the first year; however, approximately 800 additional students are expected. It is estimated that 67 additional staff members will be needed during the academic year 1962-63 and 32 additional staff members during the summer session of 1963. The amount recommended is slightly greater than that requested by the deans and directors, mainly due to shifts to the second year of the biennium of positions requested by deans and directors for the first year of the biennium.

B. Nonteaching Staff, Expense, and Equipment.....\$300 000

For the reasons stated above, additional funds are needed for nonteaching staff and supplies in connection with increased enrollment. The total of \$300,000 recommended represents a reduction of about 22 per cent from the total requested by deans and directors.

VII. To Meet Increased Costs of Operation

A. Operating Costs of New Buildings.....\$255 900

Although no new major buildings were provided from the state capital appropriations by the Seventieth General Assembly, funds were provided to supplement private gifts and grants from the federal government so that several small buildings are under construction during the present biennium: a laboratory building for research on insect-borne diseases, a zoonoses research building for the College of Veterinary Medicine, a building for the Institute of Labor and Industrial Relations, and some minor agricultural structures. These buildings will be put into use during the forthcoming biennium. Additional properties have been leased, and these will also require operating funds. Details of this item appear in Schedule B.

B. Increases to Maintain Present Level of Services

1. Increases in Expense and Equipment to Meet Accumulated

Deficiencies.....\$2 700 000

For the 1959-60 biennium, \$4,000,000 was requested to meet essential increases in expense and equipment budgets. The sum of \$2,750,000 which was provided by the General Assembly met the most urgent needs but still left a deficiency of \$1,250,000. In the meantime, prices of commodities and equipment have continued to rise, so that the total of \$4,277,264 requested by deans and directors for 1961-63 probably is well justified. Reluctantly, however, the Budget Committee recommended that this figure be lowered to \$2,700,000 in order to reduce the over-all biennial request.

A particularly acute problem exists in the Division of Services for Crippled Children, which is confronted with steadily increasing costs of hospital care, but has also had to assume the cost of treatment of poliomyelitis patients. Previously the local chapters of the National Foundation have been able to provide hospital care and therapy for children afflicted with polio; but as a result of reduction in contributions, the Foundation has not been able to provide for all the children needing care, and an increasing number of them have become the responsibility of the Division of Services for Crippled Children. The sum of \$200,000 is included in this item for hospital and medical care for polio patients.

2. Increases to Meet Accumulated Deficiencies in Auxiliary

Staff for Present Programs.....\$2 000 000

The deans and directors requested a biennial total of \$3,600,962 for supporting staff considered necessary to maintain satisfactory levels of teaching, research, and service conducted under existing programs. These requests consisted of several hundred items, each of them a relatively small amount but regarded as very important for the work of the individual department, teacher, or investigator. Frequently, it was stated that the request represented a deficiency of long standing, and many of the items had appeared repeatedly in earlier departmental budget requests.

The requests covered a wide range of technical and clerical personnel, as well as a substantial number of graduate assistantships. Administrative, counseling, and supervisory personnel were listed in the askings of several general administrative offices.

The Budget Committee recommends an appropriation of \$1,000,000 per year, or \$2,000,000 for the biennium. This is a sharp reduction from the total requested by the deans and directors, but it should meet the most urgent needs.

C. Requests to Continue on a Permanent Basis Expenditures Financed Temporarily from Savings and from Other Sources of Temporary Support.....\$600 000

An unexpected increase in enrollment made it necessary in September, 1960, to employ a substantial number of extra teachers on a temporary basis. These positions were financed from budget savings, mainly in the form of salary funds

for temporarily vacant positions. Section 1 in Schedule C shows that a total of \$188,250 would be required to establish the positions in question on a permanent basis.

Various other essential positions and services have been supported by University funds available for temporary or nonrecurring allocation. A selected list of such positions is presented in Section 2 of Schedule C, with the recommendation that the sum of \$33,850 be provided to establish these positions on a recurring basis.

Section 3 of Schedule C presents a similar list of positions now supported from contract or grant funds. The nine positions in this list are highly essential, and support for them should be provided in the regular budget. The total of the nine salary items is \$77,900.

VIII. *Other Improvements in the Academic Program*

A. Reduction of Teaching Overloads.....\$400 000

Certain departments are now carrying excessive teaching loads, partly because they have been unable to add staff so as to keep pace with enrollment increases. In certain cases, such as mathematics and modern languages, the load for teaching assistants has been chronically high. As a result, these departments now find it difficult to compete with other major universities, some of which offer both higher stipends and lighter teaching loads than the University of Illinois. The College of Dentistry also has a particularly unfavorable situation as regards the work load upon its instructional staff—a condition which has grown increasingly worse in recent years.

The Budget Committee strongly recommends an appropriation of some \$200,000 per year—\$400,000 for the biennium—to alleviate the more serious cases of excessive overload. This is about one third of the total requested by the deans and directors.

B. Improvements in the Educational Program.....\$1 000 000

The deans and directors requested a total of \$4,493,380 for many types of improvement in existing programs. Many of these requests represent long-standing needs; they were repeated here because relatively small amounts have been appropriated for this general purpose during the past ten years. The Budget Committee has reviewed these requests and recommends an appropriation of \$500,000 per year, or \$1,000,000 for the biennium. Although only about 20 per cent of the total requested by the deans and directors, this amount would meet some of the more urgent needs for expansion and improvement—especially in graduate programs, where enrollment increases and pressures to expand have been increasingly heavy in recent years.

C. New Programs\$500 000

A total of \$1,213,500 was requested for new programs by the deans and directors. Most of these projects would make highly desirable additions to the over-all educational program of the University. An example is the proposed establishment of a program in meteorology, beginning with appointments in the field of high-altitude physics. A professorship in applied mathematics is another highly important need. Beginning courses in Arabic would be instituted under another proposal, in support of an eventual program of Near Eastern studies. A position in support of a new curriculum in agricultural business and marketing in the College of Agriculture is another example.

A total of \$250,000 per year—or \$500,000 for the biennium—is requested for new programs—considerably less than half of the amount requested by the deans and directors.

D. A Special Twelve-Week Summer Session.....\$500 000

The Illinois Commission of Higher Education has asked the six state-supported universities to consider the feasibility of offering a full-scale educational program during the summer, in order to utilize classrooms and residential facilities more fully on a year-round basis. Proposals to accomplish this have been carefully studied, and a decision has been reached to organize an experimental summer session of twelve weeks during each of the next two summers if funds can be made available. Initially this program would be planned primarily for freshmen

and sophomores, although students in other classes would be admitted if the courses offered were suitable. This session would be independent of and in addition to the regular summer session of eight weeks, which will have to be continued in order to accommodate teachers in the public schools. (Many of the latter could not attend a twelve-week summer session because of the late closing date of their schools in June.)

It is difficult to estimate the probable attendance at the proposed summer session, but a tentative enrollment of 1,000 students will be assumed. On this basis it is estimated that the program could be conducted for a total of \$250,000 per summer or \$500,000 for the two summers of the biennium (1962 and 1963). The average cost per student represented by this figure is naturally much lower than the actual pro rata cost; but most of the indirect cost would be absorbed within the regular budget. Certain general administrative costs, including those for students' services and the Library, would not be increased proportionately insofar as these activities are budgeted on an annual basis.

E. Transfer Police Training Institute to a Separate Appropriation. —\$50 000

The Illinois Association of Police Chiefs has recommended an expansion of the existing Police Training Institute to a level of \$50,000 per year or \$100,000 for the biennium. The University has been asked to request funds for this project in a separate appropriation, and this will be done. As a result, the regular biennial budget for 1961-63 would be reduced in the amount of \$50,000. This is shown as a minus value in Schedule A.

Object Classifications

The State Finance Act requires that appropriation requests be submitted in terms of certain designated object classifications. These are shown in Schedule D.

A word should be added about the classification, "Contingencies." This does not represent funds for which the University has no known need. The present appropriations have been allocated to departments in a line-item internal budget in which all salaried positions are listed. All increases for the coming biennium are based upon specific requests from deans and directors, with adjustments by the University Budget Committee, as described above.

It is not always possible to expend a budget exactly as planned, particularly when requests must be made as much as three years in advance of some of the actual expenditures. Candidates can not always be found immediately to fill vacancies. Also a department might decide that it is more desirable to construct a piece of equipment than to purchase it. While the end result would be the same, "Personal Services" and "Commodities" would replace "Equipment" so far as the object classification of expenditures is concerned. Therefore, in order to provide reasonable flexibility, the Department of Finance permits setting up 5 per cent of the appropriation under "Contingencies," and this amount is later allocated to the other object classifications as the exact distribution becomes known.

INSTITUTION FOR TUBERCULOSIS RESEARCH BIENNIAL
OPERATING BUDGET FOR 1961-63

(3) The Institution for Tuberculosis Research was created by the General Assembly for the "production, distribution, and application of the bacillus Calmett-Guerin (BCG), and other methods and materials for the prevention of tuberculosis and for conducting research in tuberculosis." The responsibility for the professional operation and all other management and control of the Institution is vested in the University.

The Director of the Institution and the Acting Vice-President in charge of the Chicago Professional Colleges recommend a budget amounting to \$173,000 for the 1961-63 biennium, an increase of \$30,700 for the biennium over the present appropriations.

The increase is requested for the following purposes:

Salary Adjustments Consistent with the Policy Adopted by the University..\$13 200
Increases in Expense and Equipment..... 8 000

To Improve the Educational Program (Staff for Research in Enzyme Systems and Viability).....	10 000
Reduction in Retirement System Contribution.....	-500
<i>Total</i>	<i>\$30 700</i>

I recommend that this budget be approved for filing with the Department of Finance and presentation to the Illinois Budgetary Commission.

On motion of Mr. Johnston, this budget was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton, Mr. Wilkins.

BIENNIAL BUDGET FOR POLICE TRAINING INSTITUTE

(4) The Police Training Institute was established in 1955 as a result of a special biennial appropriation of \$30,000 made by the General Assembly. In 1957-59 and in 1959-61, the activities of this Institute have been included in the regular University appropriation, and at the present time approximately \$50,000 for the biennium is included in the University's budget.

The Illinois Association of Chiefs of Police has requested that the activities of the Police Training Institute be expanded in order to improve the basic standards and qualifications of police officers. In order to accomplish this expansion, the Association wishes to introduce a separate appropriation bill, which it will support before the Budgetary Commission and the General Assembly.

A biennial appropriation of \$100,000 is recommended as follows:

Personal Services	\$ 79 500
Contractual Services	3 500
Commodities.....	1 500
Travel.....	9 000
Equipment.....	1 500
Contingencies.....	5 000
<i>Total</i>	<i>\$100 000</i>

I have met with the Chairman of the Association of Chiefs of Police, who is also the Director of the Department of Public Safety, and I endorse their program of expansion and recommend concurrence in the proposal for a separate appropriation.

On motion of Mr. Harewood, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton, Mr. Wilkins.

CONTRACT FOR CAMPUS BUS SERVICE

(11) In the development of long-range campus plans for the Urbana-Champaign campus, it has become evident that a system of public transportation service will be essential if the projected campus population for 1969, an enrollment of over 30,000 students, is to be handled satisfactorily.

Recently, representatives (students) of the Men's Residence Halls called on officials of the Champaign-Urbana City Lines, Inc., to inquire about the possibility of inaugurating a campus bus service, and the company expressed an interest in establishing a special campus route.

In view of student interest, the unexpected increase in student enrollment this fall, and the eventual need of a public transportation service, discussions were initiated by University officials with the Champaign-Urbana City Lines, Inc., to determine the basis on which a campus bus service could be established. The company offered to provide the service for an experimental period on a contract basis with the University.

On recommendation of the Director of Housing, the Director of the Physical Plant, and the Vice-President and Comptroller, and with the concurrence of the President of the University, the Executive Committee of the Board has author-

ized a contract with Champaign-Urbana City Lines, Inc. for a trial period of one month with service to students and staff provided as follows:

Along a route with one starting point on Gregory Drive adjacent to the Men's Residence Halls area on Peabody and Gregory Drives, east on Gregory Drive to Sixth Street, north on Sixth Street to Armory Avenue, east on Armory Avenue to Wright Street, north on Wright Street to Green Street, east on Green Street through the campus to Goodwin Avenue, south on Goodwin Avenue to Nevada Street, and thence through the campus to Pennsylvania Avenue, east on Pennsylvania Avenue to Lincoln Avenue, north on Lincoln Avenue to Nevada Street, west on Nevada Street to Goodwin Avenue, north on Goodwin Avenue to Green Street, and return to the starting point; buses on this route to run both ways; the route subject to change to accommodate traffic demands.

Travel time from one end to the other to be approximately ten minutes.

Service to be between the hours of 7:15 a.m. and 5:15 p.m. Monday through Friday.

A maximum waiting period between buses of seven to eight minutes.

Clearly identified stops at intervals of about one block.

Buses will be specifically assigned for this service and will be so designated.

Fare to be five cents per ride; however, this will not include transfer privileges between the special bus service and the regular intercity bus service.

The estimated cost of this service for one month is \$6,500. Response from students indicates that revenue will equal the cost but the University must make up any deficiency to the extent of \$5,750.

It was the judgment of the Executive Committee that the University should accept the responsibility of any deficiency in operations for service to students and staff during the trial period.

The Executive Committee reports its action for record.

On motion of Mr. Harewood, the action of the Executive Committee was confirmed.

CONTRACT FOR ENGINEERING SERVICES FOR ELECTRICAL ENGINEERING ANNEX

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of engineering services for the preparation of drawings and specifications for heating, air conditioning, plumbing, and electrical work in the remodeling of the north end of the Electrical Engineering Annex, under a standing contract with Brown, Manthei, Davis, and Mullins, Consulting Engineers, Champaign, approved by the Board of Trustees on June 23, 1959. The estimated cost of this work is \$6,000.

I concur.

On motion of Mr. Hughes, this recommendation was approved.

CONTRACT FOR RELOCATION OF TELEPHONE CABLE FACILITIES

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of an agreement with the Illinois Bell Telephone Company to trench, remove, and restore the underground telephone cable facilities located on the site of the Illini Union Building addition. This cable is owned by the Company, but the University must pay the usual charges which in this case are estimated at \$4,500.

I concur.

On motion of Mr. Clement, this agreement was authorized.

SALE OF SECURITIES FROM TRUST FUNDS INVESTMENTS

Mr. Swain, for the Finance Committee, offered the following resolution:

WHEREAS, The Board of Trustees of the University of Illinois is the owner of the following shares of stock: 125 National Aviation, 400 Investors Mutual, and

WHEREAS, the Finance Committee of said Board has determined that it is advantageous to sell the above listed securities,

Now, Therefore, Be It Resolved by The Board of Trustees of the University of Illinois that these securities be sold and that H. O. Farber, Comptroller, and A. J. Janata, Secretary, be authorized to execute all documents necessary to complete such sale.

This resolution was adopted.

(14) The Director of Purchases has proposed and the Vice-President and Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest acceptable bid.

I concur.

QUARTERLY REPORT OF THE COMPTROLLER

(16) The Comptroller presented his quarterly report to the Board as of September 30, 1960.

This report was received for record and a copy has been filed with the Secretary of the Board.

CHANGE IN CONTRACT FOR POWER PLANT EQUIPMENT

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$12,860 in a contract with the General Electric Company for the turbine generator unit and exciter and electrical equipment for the addition to the Abbott Power Plant (Boiler No. 6, Unit No. 7). This change will omit one of three 4160 volt motor starters and will add two 13.8 kv. switchgear units for the auxiliary transformers and also one swinging panel for synchronizing equipment. The change is recommended by Sargent and Lundy, Chicago, consulting engineers for the Power Plant addition, and by the Physical Plant to insure greater reliability, flexibility, and centralized metering of the generator electric load.

I concur.

On motion of Mrs. Watkins, this change in the contract was authorized.

PURCHASE OF PROPERTY ON HEALEY STREET IN CHAMPAIGN

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of two vacant lots at 607 and 609 East Healey Street, Champaign, as a site for a building for the Department of Electrical Engineering gaseous electronics research program, at a price of \$4 per square foot with a minimum price of \$40,000, based on an estimate of approximately 10,000 square feet. The lots are irregular in shape and the exact amount of land to be conveyed can be determined only after the property has been surveyed.¹ The area is zoned for business and the price is reasonable compared with other purchases by the University in business-zoned areas, and is consistent with appraisals secured by the University.

I recommend authorization of this purchase, subject to the release of funds from the state capital appropriation for 1959-61 for land acquisitions.

On motion of Mr. Swain, the purchase of this property, subject to availability of funds, was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Stratton, Mr. Wilkins.

**APPOINTMENT OF VICE-PRESIDENT IN CHARGE
OF THE CHICAGO UNDERGRADUATE DIVISION**

(2) In the planning of the development of the Chicago Undergraduate Division, it has long been contemplated that at some appropriate point there should be brought into the direction of this work and to the continuing administration of this important University program an administrator with broad educational as well as administrative experience, expertness in physical planning, and distinction in past educational service who could appropriately fill the post of Vice-President for the Chicago Undergraduate Division, paralleling the office of Vice-President in charge of the Chicago Professional Colleges. Indeed, such an officer has been needed for the past year or more and without him unusually heavy responsibilities for the planning of the future of the Chicago Undergraduate Division, with its implications for over-all University planning, have had to be assumed informally by other University officers. The appointment of a Vice-President for the Chicago Undergraduate Division would in no way affect the responsibilities of the present office of Executive Dean. In fact, the Office of Executive Dean would have increasingly greater responsibilities for the day-to-day operations of the Chicago Undergraduate Division, especially when it is relocated and its enrollment and faculty inevitably increase.

With the approval of the Universities Bond Issue and this assurance that funds will be available for a new campus and buildings for the Chicago Undergraduate Division, it is now possible to invite to the proposed post of Vice-President a man who is willing to make a career out of the task ahead and who

will bring strength to the total organization. Until assurance of the financial resources for the future development of the Chicago Undergraduate Division, it would have been exceedingly difficult to persuade a qualified person to take the task.

After appraisal of persons outside and within the University of Illinois who might qualify for consideration and who would be available, I have received the opinion from all sides, which I am happy to share, that the best possible choice for this position is Professor Norman A. Parker, presently Head of the Department of Mechanical and Industrial Engineering and Chairman of the University Building Program Committee.

Professor Parker has been a member of the University faculty since 1946 when he was appointed Professor and Head of the Department of Mechanical Engineering. He has served faithfully and effectively on numerous faculty and administrative committees which have been concerned with the study and planning of educational programs in all areas of the University. He is currently serving as Chairman of the University Building Program Committee which is responsible for studies of all phases of the University's physical plant development. As Chairman of the Interim Committee on planning of the Chicago Undergraduate Division, he has been indirectly involved in the programs and policies of the Division. He has had opportunities to work with the faculty and administrative staffs from both campuses. As Head of the Department of Mechanical and Industrial Engineering he has achieved national recognition in his field of education. In short, he is admirably qualified in every way to give distinguished academic leadership to the Division and I am happy to report that he is available.

Accordingly, I now submit the following specific recommendations:

1. There shall be established a Vice-President for the Chicago Undergraduate Division who, under the direction of the President, shall be the chief executive officer of the Division, to be appointed biennially by the Board of Trustees on nomination of the President.
2. The appointment of Professor Norman A. Parker as Vice-President for the Chicago Undergraduate Division beginning January 1, 1961, at an annual salary of \$25,500 on a twelve-month service basis.

The initial appointment shall be for the period of January 1 through August 31, 1961; subsequent reappointments will be on the standard biennial tenure for administrative officers of this rank.

Professor Parker will retain his Professorship of Mechanical and Industrial Engineering on indefinite tenure and will continue to serve as Head of the Department until an Acting Head is appointed.

The appointment of Professor Parker is recommended after consultation with the Executive Dean's Advisory Council at the Chicago Undergraduate Division which includes elected representatives of its Senate, and with the concurrence of the Vice-President and Provost and the Dean of the Graduate College.

On motion of Mr. Johnston, these recommendations were approved.

APPOINTMENT OF BUSINESS MANAGER OF THE CHICAGO COLLEGES AND DIVISIONS

- (3) The Vice-President and Comptroller recommends the appointment of Mr. James E. Osborn, now Director of Purchases in the Business Office, as Business Manager of the Chicago Colleges and Divisions effective January 1, 1961, at an annual salary rate of \$15,000.

This appointment is to fill the vacancy created by the untimely and sudden death a few weeks ago of Mr. Howard A. SIGNATURE AUTHORIZATION

(7) The recent death of Mr. Howard A. Hazleton, Business Manager of the Chicago Colleges and Divisions, who had been authorized to sign applications for permits to purchase alcohol, free of federal tax, for use by the University, makes it necessary to change the language of a previous resolution authorizing such signatures adopted by the Board.

I recommend that the following resolution be adopted:

Be It and It Is Hereby Resolved, by this Board of Trustees of the Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Business Manager, the Purchasing Agent, and the Assistant Purchasing Agent of the Chicago Colleges and Divisions of this public corporation be, and they hereby are, authorized to sign any and all documents, forms, applications, and other materials necessary to secure from the United States Treasury Department Internal Revenue Service the right to procure and use alcohol, free of tax, for instruction, experimentation, the making of extracts, ether or chloroform, reagents and pharmaceutical preparations, for sterilization of instruments and external applications, and for any and all other allied purposes for and in behalf of the Chicago Colleges and Divisions of this public corporation, and that the affixing of said officers of their signatures as said officers to any such documents, forms, applications, and other materials necessary, shall be and is the act of this public corporation, and that the authority herein granted shall inure to the successors in office of the said Business Manager, Purchasing Agent, and Assistant Purchasing Agent of the Chicago Colleges and Divisions of this public corporation.

On motion of Mr. Johnston, this resolution was adopted.

TWELVE-WEEK SUMMER TERM

(8) The biennial budget estimates for 1961-63, as approved by the Board of Trustees, include a provision for the cost of a twelve-week summer term, in addition to the traditional eight-week summer session.

The Vice-President and Provost's Office is preparing plans for a twelve-week summer term to be offered in the summer of 1961 to assess the potential demands for expanded summer programs. The proposed twelve-week summer term offering in 1961 will include mainly freshman and sophomore courses which, however, will also be open to any upperclassmen who wish to enroll in them.

The regular eight-week summer session, traditionally a program to serve teachers and administrators in the elementary and secondary schools of Illinois, with its normal complement of undergraduate and graduate courses, will also be offered, according to the usual schedule beginning with the third or fourth week in June and ending with the second week in August.

In approving the budget estimates for 1961-63, the Board in principle authorized the twelve-week summer term but for the purpose of the record I recommend specific authorization at this time of the offering of such a program. The budget and faculty appointments for the two summer terms will be recommended to the Board later.

On motion of Mr. Wilkins, this recommendation was approved.

LOAN AGREEMENT FOR ILLINI UNION ADDITION AND HEALTH CENTER

(9) The Vice-President and Comptroller presents the Loan Agreement with the Housing and Home Finance Agency (Project Ill. 11-CH-80 (S)), wherein the federal government agrees to purchase \$2,750,000 of the Illini Union and Health Center Bonds of 1960, Series B, and recommends that it be approved and that the authorization previously given to the Comptroller and the Secretary to execute the Loan Agreement be ratified and confirmed.

On motion of Mr. Johnston, the Loan Agreement was approved, and the Comptroller and the Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

All redemptions shall be made in the manner, upon the notice and with the effect provided in Article Three of the Resolution.]

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois, and also in a financial newspaper printed in the English language and published and of general circulation in the Borough of Manhattan, City and State of New York, and when this bond or any of the bonds of such authorized issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption monies are available for the payment of all bonds called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1959, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Illini Union and Health Center Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the present Illini Union Building, (2) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this

bond issue and additional bonds which may hereafter be issued pursuant to the Resolution, (3) the operation of any other revenue producing facilities which may subsequently be pledged pursuant to any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution and (4) student service charges (as defined in the Resolution) for the use of the facilities. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Registration Agent in the City of Chicago, Illinois, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer thereof.

Subject to the provisions for registration and transfer, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and The Board of Trustees of the University of Illinois, any paying agent, the Registration Agent and any other person may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered, and the bearer of any interest coupons appertaining hereto as the absolute owner hereof for all purposes and shall not be affected by any notice to the contrary whether this bond or any coupon appertaining thereto be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the office of the Registration Agent in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent ($66\frac{2}{3}\%$) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums at the time and place and at the rate and in the currency provided therein of any bond without the expressed consent of the holder or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time rules, rents, student service charges and other charges for the use of said facilities and to maintain and collect rents and student service charges and other charges sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signatures of its President and two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated as of the 1st day of October, 1960.

In case any person who shall have signed, sealed or attested any Bond issuable under this Resolution as an officer or member of the Board of Trustees, shall have ceased to be such officer or member before the Bond so signed, sealed or attested shall have been actually delivered, such Bond nevertheless may be delivered and issued as though the person who signed, sealed or attested such Bond had not ceased to be such officer or member of the Board of Trustees.

Any Bond issuable hereunder may be signed, sealed or attested on behalf of the Board of Trustees by any person who at the actual date of execution of such Bond is the proper person, although at the date of such Bond such person shall not have been an officer or member of the Board of Trustees.

SECTION 2.08. *Registration and Transfer of Bonds.* The University shall keep at the office of the Registration Agent in Chicago, Illinois, books for the registration and transfer of Bonds issued hereunder, which, at all reasonable times, shall be open for inspection by the holder of any Bond issued hereunder, and upon presentation for the purpose at such office, the University will register or transfer or cause to be registered or transferred herein, as hereinafter provided, and under such reasonable regulations as it may prescribe, any Bonds issued under this Resolution and entitled to be so registered or transferred.

The holder of any coupon Bond issued hereunder may have the ownership of the principal thereof registered on said books of the University at the office of the Registration Agent in Chicago, Illinois, and such registration shall be noted on the Bond. After such registration no transfer shall be valid unless made on the said books by the registered owner in person, or by his duly authorized attorney, and similarly noted on the Bond; but the same may be discharged from registration by being in like manner transferred to bearer, and thereupon transferability by delivery shall be restored; and such Bond may again, from time to time, be registered or transferred to bearer as before. Such registration, however, shall not affect the transferability of the coupons, but every such coupon shall continue to be transferable by delivery merely, and shall remain payable to bearer. The University shall make no charge for such registrations and discharges from registration.

Any registered Bond without coupons may be transferred at the office of the Registration Agent in the City of Chicago, Illinois, by surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer in form approved by the Comptroller, duly executed by the registered owner of such Bond or his duly authorized attorney, and thereupon the University shall issue in the name of the transferee or transferees a new registered Bond or Bonds of like form and maturity and for a like aggregate principal sum.

A registered Bond without coupons, upon request of the registered owner, may be exchanged at said office of the Registration Agent for several such Bonds, of like form and maturity but of lesser authorized denominations, in the same name and for a like aggregate principal sum, and several registered Bonds without

coupons, in the same name, may, upon request of the registered owner, be exchanged at such office or agency for one registered Bond without coupons or several such Bonds, of like form and maturity, but of greater authorized denominations and for the same aggregate principal sum.

Whenever any coupon Bonds in aggregate principal amount equal to one or more registered Bonds without coupons of authorized denominations, with all unmatured coupons thereto attached, shall be surrendered at such office for exchange for a registered Bond or Bonds without coupons, the University shall issue, and, in exchange for such coupon Bonds, shall deliver registered Bonds, or one registered Bond, of authorized denominations without coupons, of the same maturity and for a like aggregate principal sum.

Whenever any registered Bond without coupons shall be surrendered for cancellation, accompanied by delivery of a written instrument of transfer in a form approved by the Comptroller, duly executed by the registered owner of such Bond or his duly authorized attorney, at the office of the Registration Agent in the City of Chicago, Illinois, for exchange for coupon Bonds, the University shall issue, and, in exchange for such registered Bond, shall deliver coupon Bonds for a like aggregate principal sum and like maturity, with coupons thereto attached representing interest from the interest payment date on which interest was last paid on such registered Bond without coupons.

As to all registered Bonds without coupons and all coupon Bonds registered as to principal, the person in whose name the same shall be registered shall be deemed and regarded as the owner thereof, for all purposes, and thereafter payment of or on account of the principal of such Bond, if it be a registered coupon Bond, and of the principal and interest, if it be a registered Bond without coupons, shall be made only to such registered owner thereof but such registration may be changed as above provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bonds to the extent of the sum or sums so paid. The University may deem and treat the bearer of any coupon Bond which shall not at the time be registered as to principal, and the bearer of any coupon for interest on such Bond, whether such Bond shall be registered or not, as the absolute owner of such Bond or coupon for the purpose of receiving payment thereof, and for all other purposes whatsoever, and the University shall not be affected by any notice to the contrary whether the Bond or coupon be overdue or not.

In every case of exchange or transfer of Bonds under this Section, the surrendered Bond or Bonds shall be presented to the University for cancellation.

Upon every such exchange of coupon Bonds for registered Bonds, without coupons, or of registered Bonds without coupons for coupon Bonds or for other registered Bonds without coupons, and upon any transfer of registered Bonds without coupons, the University, except as otherwise provided in any agreement between the University and any original purchaser of Bonds, may require the payment of such charge therefor as it may deem proper, not exceeding Two Dollars (\$2.00) plus actual expenses, including printing costs of new bonds, incurred in connection therewith for each Bond issued upon such exchange, payment of which, together with any taxes or other governmental charges required to be paid with respect to such exchange or transfer, shall be made by the party requesting such exchange or transfer as a condition precedent thereto.

The University shall not be required to make exchanges or transfers of bonds as provided in this Section 2.08 during a period of ten (10) days next preceding any interest payment date, or for the period of ten (10) days next preceding the first publication of notice of redemption of any Bond or at any time of any Bonds which have theretofore been duly called for redemption.

SECTION 2.09. *Lost, Stolen, Destroyed or Mutilated Bonds.* Upon the receipt by the University of evidence satisfactory to it of the loss, theft, destruction or mutilation of any outstanding Bond hereby secured, and of indemnity satisfactory to it, and upon surrender and cancellation of such Bond if mutilated, the University may execute and deliver, upon the lapse of such period of time as they may deem advisable, a new Bond of like tenor and maturity bearing the same or a different serial number, to be issued in lieu of such lost, stolen, destroyed or mutilated Bond. Such new Bond may bear such endorsement as may be prescribed by the University and which at the time is necessary to conform to the requirements of any securities exchange or of any governmental body

having jurisdiction. The University may require the payment of a sum not exceeding Two Dollars (\$2.00) for each new Bond issued under this Section 2.09, plus expenses, including printing costs of new bonds, which may be incurred by the University in the premises.

SECTION 2.10. *Registration Agent.* The depository in the City of Chicago, Illinois, is hereby appointed as the Registration Agent for the purpose of registering, transferring and exchanging the Bonds as in this Resolution provided and the University agrees to take all legal action necessary or proper to constitute said depository as the Registration Agent hereunder.

ARTICLE THREE REDEMPTION OF BONDS

SECTION 3.01. *Publication of Notice.* Whenever the University shall determine to exercise its right to redeem any Bonds issued hereunder and by their terms subject to redemption, notice of such redemption shall be published by the University in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois and in a financial newspaper printed in the English language and published and of general circulation in the Borough of Manhattan, in the City and State of New York not less than 30 days prior to such redemption date. Such notice shall (a) designate the time and place of such redemption; (b) if the Bonds to be redeemed are less than all of the Bonds of any series or maturity, designate the numbers, the maturity date or dates and the aggregate principal amount of such Bonds; and (c) state that on the designated date of redemption such Bonds will be redeemed by payment of the principal amount thereof (or for the portion thereof to be redeemed) and all unpaid interest accrued thereon to the date of redemption plus the applicable premium, if any, and that from and after such designated redemption date interest in respect of the Bonds (or portions thereof) so called for redemption shall cease. A copy of said notice shall be mailed by the University, postage prepaid, at least 30 days prior to the redemption date to all registered owners of Bonds so to be redeemed at their last addresses appearing on the registration books of the University, but such mailing shall not be a condition precedent to the validity of the redemption of any Bond.

In case any fully registered Bonds are to be redeemed in part only, said notice shall specify the respective portions of the principal amounts thereof to be redeemed (which shall be \$1,000 or any multiple thereof) and shall state that payment of the redemption price shall, except as hereinafter specifically provided, be made only upon presentation of such fully registered Bonds for surrender in exchange for a coupon Bond or Bonds or a fully registered Bond or Bonds of the same series and maturity, of authorized denominations in aggregate principal amount equal to the unredeemed portion of the principal amount thereof; and in such case, if coupon Bonds or fully registered Bonds are so to be delivered in exchange, the University shall execute and deliver to or upon the written order of the registered owner of any fully registered Bonds, a portion only of which is to be redeemed, and at the expense of the University, a new Bond or Bonds of the same series and maturity for the principal amount of the surrendered fully registered Bond less the principal amount thereof paid on surrender.

In the event of the payment of a portion of the principal amount of any fully registered Bond registered in the name of any initial purchaser in whose name Bonds of that series were first registered and named in a written order of an Authorized Officer filed with the depository and stating that the provisions of this paragraph shall be applicable thereto, or registered in the name of any subsequent holder for the benefit of whom University shall elect that the provisions of this paragraph shall be applicable thereto (which election shall be subject to the condition that such subsequent holder shall first agree not to make any sale or transfer of any Bond or Bonds registered in its name without presentation of such Bond or Bonds for transfer and exchange), then in such event the University shall make payment to such Bond holder without requiring presentation of such Bond and, in lieu of delivering a new Bond or Bonds of an aggregate principal amount equal to the unredeemed portion of the principal amount of such Bond, the University shall, in its letter transmitting payment to such Bond holder, instruct such holder to endorse such payment on such Bond and a written representation from

such holder to the University that such payment has been so endorsed shall be conclusive evidence of such endorsement and payment.

SECTION 3.02. *Pro Rata Redemption Among Series.* In any case of the redemption at the option of the University of less than all of the outstanding Bonds then subject to redemption, no Bonds of any series may be redeemed unless Bonds of each other series then subject to redemption are redeemed at the same time in proportion to the amount of each such Series originally issued; provided, however, that in any case of the redemption of all of the outstanding Bonds of any one or more series, as a result of or in anticipation of the refunding or refinancing of one or more such series by the application of funds derived from other borrowings or the issuance of additional Bonds hereunder, no Bonds of any other series need be redeemed unless so required in the resolution supplemental hereto, creating or authorizing any additional series of Bonds. Nothing in this section shall be deemed to restrict the redemption by the University of a portion of the Bonds of any Series out of surplus funds remaining in a Construction Fund Account held for the account of Bonds of such series in any case where the University is required or permitted to redeem such Bonds out of such surplus funds.

SECTION 3.03. *Selection of Bonds for Redemption.* In case the University shall have elected to redeem less than all of the outstanding Bonds of a single series and maturity, the Bonds to be redeemed shall be selected by lot except as herein otherwise expressly provided. In each such instance the University shall, at least five days before the date upon which the first publication of the notice of redemption hereinbefore mentioned is required to be made (or the mailing of such notice in case no publication is required as hereinafter specified), draw by lot, from the outstanding Bonds of such series and maturity, in any manner deemed by it proper, the identifying numbers of the Bonds to be redeemed. In any such selection by lot each Bond of a denomination in excess of \$1,000 shall be given a separate number for each \$1,000 of the principal amount thereof.

SECTION 3.04. *Deposit of Funds for Redemption.* Said notice having been given, as above provided, the Bonds designated for redemption shall, on the date specified in such notice, become due and payable, at the then applicable redemption price, and on or before the day preceding the date fixed for redemption the University shall deposit with the Continental Illinois National Bank and Trust Company of Chicago, or its successor in the City of Chicago, Illinois, as depository, the redemption price of the Bonds called for redemption and accrued interest thereon to the date fixed for redemption. Upon such deposit having been made and on presentation, if required, of such Bonds in accordance with such notice at the place at which the same are expressed in such notice to be redeemable, with all appertaining coupons, if any, maturing after said redemption date, such Bonds shall forthwith after the making of such deposit be paid by the depository, on behalf of the University, at such redemption price. Such payment of the redemption price shall be made to the bearer of any such Bonds, unless it shall then be registered, in which case such payment shall be made to the registered owner. All unpaid interest installments represented by coupons which shall have matured on or prior to the date of redemption specified in such notice, shall continue to be payable to the bearers, severally and respectively, and the redemption price payable to the holders of Bonds presented for redemption shall not include such unpaid installments of interest unless coupons representing such installments shall be attached to the Bonds presented for redemption.

SECTION 3.05. *Effect of Redemption.* If the amount necessary to redeem all of the Bonds called for redemption as aforesaid shall have been deposited with the paying agent, for the account of the holder or holders of such Bonds on or before the day preceding the date specified for such redemption, and the notice hereinbefore mentioned shall have been duly given, and all charges and expenses of the paying agent in connection with such redemption, or otherwise hereunder, shall have been fully paid or provided for, the University shall be privileged to consider such Bonds redeemed from the holder or holders thereof, and interest on such Bonds shall cease on the date specified for such redemption, and the University shall thereupon (subject to the provisions of Article Ten hereof) be discharged from and after the redemption date specified in such notice from further liability in respect of the Bonds so called for redemption, and thereafter such Bonds shall not be entitled to any benefit of or from this Resolution. In case

any question shall arise as to whether any such notice shall have been sufficiently given, or such redemption effected, such question shall be decided by the paying agent, and the decision of the paying agent shall be final and binding upon all parties in interest. No holder of any Bond shall be entitled to any interest on money deposited for the redemption of Bonds.

SECTION 3.06. *Cancellation of Bonds.* All Bonds redeemed and paid, as provided in this Article Three, shall, together with all coupons appertaining thereto, if any, be cancelled by the University and no Bonds or coupons so redeemed shall be reissued, nor shall any Bonds or coupons be issued in lieu thereof.

ARTICLE FOUR

SECTION 4.01. *Issuance of 1960 Series A and B Bonds.* Series A Bonds in the principal amount of Five Million Two Hundred Thousand Dollars (\$5,200,000) and Series B Bonds in the amount of Two Million Seven Hundred Fifty Thousand Dollars (\$2,750,000) shall be executed on behalf of the Board of Trustees and delivered to or upon the written order of the Comptroller.

SECTION 4.02. *Issuance of Additional Bonds.* Subject to the conditions and limitations hereinafter set forth and provided the University shall not at the time be in default under any of the terms, covenants or provisions of this Resolution, additional Bonds of equal rank with the 1960 Series A and B Bonds may be issued from time to time under the terms of this Resolution having such maturities, providing for the payment of such rates of interest and having such other characteristics as shall be determined by the Board of Trustees and set forth in a resolution to be supplemental hereto; *provided* such additional Bonds shall be issued only for one or more of the following purposes:

A. To provide funds necessary to pay the cost of completing the Project herein provided for in accordance with the plans and specifications now on file in the office of the Physical Plant Department, Administration Building, Urbana, Illinois, or

B. Paying the cost of equipping, enlarging or improving the Project and/or the existing Illini Union Building, provided that no Bonds may be issued for paying the cost of enlargements or improvements which would increase the size of the Project and the existing Illini Union Building combined (as measured in gross square feet of floor space) by more than twenty-five per cent (25%);

provided further that the following conditions precedent are complied with at or prior to the time of issuance of such additional Bonds:

(i) In the event additional Bonds are issued for the purposes indicated in clause A above to provide additional funds necessary to pay the cost of completing the Project, the Architects employed by the University for the construction of said Project have submitted a certificate to the Board of Trustees setting forth an itemized statement of the work completed to the date of said certificate, the cost thereof and an itemized statement of the work yet to be completed and the estimated cost of the work to be completed and such certificate of estimate shall be presented to and approved by said Board of Trustees preceding the adoption of any resolution authorizing the issuance of additional Bonds for such purpose, and

(ii) In the event additional Bonds are issued for the purpose of paying the cost of equipping, enlarging or improving the Project and/or the existing Illini Union Building as provided in clause B above, the Net Income Available for Debt Service shall be equal to or greater than one and thirty-five hundredths (1.35) times the maximum amount to become due in any succeeding fiscal year for the payment of principal and interest on the Bonds then outstanding hereunder and the Bonds then to be issued.

All such additional Bonds shall be issued pursuant to a resolution supplemental hereto, duly adopted by the Board of Trustees, setting forth the form of such additional Bonds and the terms and conditions applicable thereto. The final maturity of any additional Bonds issued in accordance with this Section shall not be earlier than the final maturity of any bonds then outstanding. For the purpose of this Section any computation of Net Income Available for Debt Service pre-

pared and certified by the Comptroller, setting forth in detail the computation thereof and demonstrating that it is equal to or greater than the amount required above shall be binding and conclusive upon the Board of Trustees and the holders of all Bonds then outstanding hereunder and then to be issued.

ARTICLE FIVE

PROVISIONS RELATING TO INCOME AND APPLICATION THEREOF

SECTION 5.01. *Illini Union and Health Center Bond Fund.* All revenues derived from the following sources are hereby pledged and shall be held in trust for the benefit of the Bond holders for the purpose of making the payments or deposits required to be made under subsections (a), (b) and (c) of Section 5.02 of this Resolution:

- (1) the operation of the present Illini Union Building in Urbana, Illinois,
- (2) the operation of the Project,
- (3) the operation of any other revenue producing facilities for the account of which additional Bonds may hereafter be issued; and
- (4) student service charges;

and such revenues shall be deposited as collected in a general banking account of the University to the credit of a special fund which is hereby created and designated as the "Illini Union and Health Center Bond Fund" said account to be maintained in a bank which is a member of the Federal Deposit Insurance Corporation and the Board of Trustees covenants that all revenues, income, receipts, profits, rates, rents or charges derived from the operation of such facilities shall be so credited within three working days after receipt in the Illini Union and Health Center Bond Fund and shall be used as provided in Section 5.02 hereof.

SECTION 5.02. *Disposition of Illini Union and Health Center Bond Fund.* The funds in the Illini Union and Health Center Bond Fund shall be used in the manner and in the order hereinafter mentioned:

(a) Funds in the Illini Union and Health Center Bond Fund representing revenues derived from student service charges shall first be used for the purpose of making the next succeeding deposit in the Bond and Interest Sinking Fund Account required to be made pursuant to subsection (b) below. All funds representing revenues derived from sources other than student service charges together with student service charges, if any, remaining after making the deposit in the Bond and Interest Sinking Fund of all amounts required to meet the next succeeding deposit required to be made by subsection (b) below, shall first be used to pay all current operating expenses and thereafter for the purposes specified in subsections (b), (c) and (d) below.

(b) There is hereby created an account to be designated the Illini Union and Health Center Bond and Interest Sinking Fund Account (herein sometimes called the "Bond and Interest Sinking Fund Account"), which shall be maintained with the Continental Illinois National Bank and Trust Company of Chicago or its successor in the City of Chicago, Illinois, which bank is hereby designated as the depository for said account. The University shall deposit in said Bond and Interest Sinking Fund Account on or before March 1 and September 1 of each year a sum equal to one hundred thirty-five per cent (135%) of the interest becoming due on the next semiannual interest payment date plus sixty-seven and one half per cent (67½%) of the principal payments becoming due on the next October 1, to be paid from the Illini Union and Health Center Bond Fund, until such time as such funds and investments (valued at the lower of cost or market), and the income and profits realized from any investments thereof are at least equal to the debt service requirements on all then outstanding Bonds for the then current fiscal year plus a debt service reserve in an amount equal to two hundred per cent (200%) of the annual amount to become due in the succeeding fiscal year for the payment of principal of and interest on all Bonds then outstanding and thereafter in a like manner such sums semiannually as may be necessary to meet the then current fiscal year's debt service and to maintain the aforesaid debt service reserve. Said funds shall be held and used for the payment of principal, interest and premium, if any, on the Bonds. For the purpose of this paragraph interest and principal accruing prior to the estimated completion date of the Project and deposited into the Bond and Interest Sinking Fund Account out

of the proceeds of the Bonds or from a Construction Fund Account shall not be deemed to be interest or principal to become due on the Bonds.

After setting aside funds for the payment of Bonds which have matured and for past due interest or interest coupons and for principal, accrued interest and premium, if any, on Bonds called for redemption but not paid, funds of the Bond and Interest Sinking Fund Account in excess of the principal and interest requirements for the next succeeding twelve (12) months may be invested by the depository from time to time by written order of the Comptroller in United States Government securities maturing not more than five (5) years from date of purchase. Funds held for interest and principal payments during the next succeeding twelve (12) months (excluding funds held for the payment of Bonds which have matured and for past due interest or interest coupons and for principal, accrued interest and premium, if any, on Bonds called for redemption but not paid) may be invested by the depository from time to time by written order of the Comptroller in United States Government securities maturing not later than ten (10) days prior to the next interest payment date.

(c) After setting aside all funds at the time required for the purposes specified in paragraph (a) above and all funds required to meet the next succeeding deposit required to be made by paragraph (b) above, into said Bond and Interest Sinking Fund Account, the University shall establish on its books an Improvement and Replacement Reserve to which there shall be credited in each fiscal year commencing with the fiscal year beginning July 1, 1962, the sum of not less than \$25,000 a year. Said Improvement and Replacement Reserve shall be used by the University for the purpose of paying the cost of unusual or extraordinary maintenance or repairs, renewals, replacements, and improvements, and the renovating, purchase or replacements, of furniture and equipment not paid as part of the ordinary and normal operating expenses of the facilities. Funds standing to the credit of said Improvement and Replacement Reserve may be invested by the Comptroller in United States Government securities until such time as funds are needed. In the event that there is any deficiency in the funds required to be deposited semiannually into the Bond and Interest Sinking Fund Account or there is a deficiency in the debt service reserve, as provided in paragraph (b) above, sufficient funds shall be transferred from the Improvement and Replacement Reserve and deposited in the Bond and Interest Sinking Fund Account to eliminate such deficiency.

(d) All funds remaining in said Illini Union and Health Center Bond Fund in any fiscal year after the full debt service reserve prescribed in subsection (b) of this Section has been provided for and after all provisions in subsections (a), (b) and (c) of this section have been met and all deficiencies have been made up, shall be deemed surplus moneys and shall be used for any of the following purposes: (1) for calling and redeeming the outstanding Bonds, which by their terms are redeemable prior to maturity; (2) for purchasing Bonds in the open market, with all unmatured interest coupons thereto attached at the lowest prices reasonably attainable, but not exceeding the amount at which such Bonds at the time are redeemable; (3) for investment by the Comptroller in United States Government securities until such time as funds are needed for other purposes; (4) for unusual or extraordinary repairs, replacements or improvements to the facilities, for which no funds can be properly provided in subsection (a) above or which are in excess of the amount available therefor in the Improvement and Replacement Reserve; and (5) for any lawful purpose as the Board of Trustees may direct.

ARTICLE SIX

SECTION 6.01. *Custody and Application of Bond Proceeds.* The proceeds from the sale of Bonds to be issued from time to time hereunder shall be applied only toward the cost of acquiring, constructing, equipping, enlarging, or improving facilities, all as hereinbefore provided. When received, the part of the purchase price of Bonds representing the interest accrued on Bonds to the date of payment of such purchase price, together with such portion of the proceeds of the Bonds as is determined by the Board of Trustees to be necessary to be so set apart

representing interest and principal, if any, to become due on such Bonds prior to the time the facilities for the account of which such Bonds have been issued become revenue producing and funds become available therefrom, shall be deposited in the Bond and Interest Sinking Fund Account. The remaining part of such purchase price shall be retained by the University and accounted for as a separate fund or funds to be known as a "Construction Fund Account" and such monies shall be deposited in a bank or banks which are members of the Federal Deposit Insurance Corporation. The monies in each Construction Fund Account shall be applied only toward the cost of construction in the manner and subject to the terms provided in any contract or agreement between the Board of Trustees and any purchaser of Bonds or as may be provided by a resolution supplemental hereto and relating to each separate series of Bonds to be issued hereunder, but in such a manner as to assure completion of the project or improvement for the account of which such Bonds were issued free and clear of mechanic's liens and substantially in accordance with the plans and specifications therefor.

SECTION 6.02. *Investment of Construction Fund.* Pending disbursement for the purpose aforesaid the Comptroller may from time to time invest all or any part of the moneys in the Construction Fund Account not to be needed within the next succeeding thirty (30) days for the purposes hereinabove set forth in bonds, or other direct and general obligations of the United States of America having a maturity date or becoming due at the option of the holder not more than eighteen (18) months subsequent to the date of investment therein. Interest accruing as a result of any such investments when received shall be credited to the Construction Fund Account.

SECTION 6.03. *Disposition of Surplus Funds.* After completion of each construction or improvement project, the Comptroller of the University shall execute a certificate to the effect that said project has been fully completed according to the plans and specifications and the same filed in the office of the Secretary of the Board of Trustees. Subject to the terms and provisions of any contract or agreement between the Board of Trustees and any original purchaser of Bonds and relating to any separate series of Bonds to be issued hereunder, if there be funds remaining in a Construction Fund Account at the time of the filing of such certificate with the Secretary, said funds shall be withdrawn by the Comptroller and deposited in the Bond and Interest Sinking Fund Account. Any contract or agreement between the Board of Trustees and any original purchaser of Bonds may provide that any funds remaining in a Construction Fund Account established for the account of any series of Bonds being acquired by such purchaser be applied to the redemption of such Bonds or other Bonds then subject to redemption or to the purchase of Bonds on the open market.

There will also be included with each audit report a written opinion of the accountant that in making the examination necessary to said audit no knowledge of any default by the University in the fulfillment of any of the terms, covenants, provisions and conditions of this Resolution was obtained, or, if such accountant shall have obtained knowledge of such default a statement of the default or defaults thus discovered and the nature thereof.

SECTION 7.10. *Fire and Extended Coverage Insurance.* That as long as any of said Bonds authorized to be issued hereunder shall remain outstanding and unpaid, either as to principal or interest, or both, it will maintain insurance on said facilities, including all equipment thereof, against loss or damage by fire and windstorm and all other risks included in extended coverage insurance in amounts sufficient to provide for not less than full recovery of the insurable value whenever the loss from causes covered by such insurance does not exceed eighty per cent (80%) of the full insurable value of said buildings. Such insurance policy or policies shall be payable to The Board of Trustees of the University of Illinois, and all moneys collected on account of loss or damage covered by any such policy or policies of insurance shall be held in trust by the Board of Trustees and shall be used only for restoration of the property so damaged or, at the election of the Board of Trustees, deposited for credit to the Bond and Interest Sinking Fund Account.

SECTION 7.11. That as long as the funds and investments of the Bond and Interest Sinking Fund Account are less than the maximum debt service reserve required to be maintained under Section 5.02 (b) of this Resolution, it will procure and maintain Business Interruption Insurance on the Illini Union Building in an amount not less than two years' debt service requirements. Such insurance policy or policies shall be payable to The Board of Trustees of the University of Illinois and all moneys collected on account of loss covered by any such insurance shall be held in trust by the Board of Trustees and credited to the Illini Union and Health Center Bond Fund.

ARTICLE EIGHT

EVENTS OF DEFAULT

SECTION 8.01. *Events of Default.* The University shall be in default herein if one or more of the following events (herein called "events of default") shall happen, to-wit:

(a) Failure to make due and punctual payment of the principal of or any redemption premium on any Bond when and as the same shall become due and payable;

(b) Failure to make due and punctual payment of any installment of interest on any Bond when and as such interest installment shall become due and payable, and such default shall have continued for a period of thirty (30) days;

(c) Failure to make due and punctual payment or satisfaction of any payment into the Bond and Interest Sinking Fund Account when and as such payments shall become due and payable as in this Resolution or any resolution supplemental hereto expressed and such default shall have continued for a period of one hundred eighty (180) days;

(d) If the University shall default in the observance of any other covenants, agreements or conditions on its part in this Resolution or any resolution supplemental hereto or in the Bonds contained, and such default shall have continued for a period of ninety (90) days after notice thereof

given to the University by the holder of any Bond setting forth the nature of such default.

If an event of default shall happen and be continuing, then and in each and every such case the holders of not less than a majority in aggregate principal amount of the Bonds at the time outstanding shall be entitled, upon notice in writing to the University, to declare the principal of all of the Bonds then outstanding hereunder and the interest accrued thereon to be due and payable immediately, and upon any such declaration the same shall become and shall be immediately due and payable, anything in this Resolution or in the Bonds contained to the contrary notwithstanding.

All of the revenues of the facilities including all sums in the Illini Union and Health Center Bond Fund upon the date of the happening of any event of default and all revenues of the facilities thereafter received by the University, shall be applied by the University in the order following upon presentation of the several Bonds and coupons, and the stamping thereon of the payment if only partially paid, or upon the surrender thereof if fully paid:

First, to the payment of the costs and expenses of the holders of the Bonds in declaring such event of default, including reasonable compensation to their agents, attorneys and counsel;

Second, in case the principal of the Bonds shall not have become due and shall not then be due and payable, to the payment of the interest in default in the order of the maturity of the installments of such interest, with interest on the overdue installments at the rate now or hereafter provided by law, such payments to be made ratably to the persons entitled thereto without preference or priority;

Third, in case the principal of the Bonds shall have become due and shall be then due and payable, to the payment of the whole amount then owing and unpaid upon the Bonds for principal and interest, with interest on the overdue principal at the rate or rates of interest specified in the Bonds and on installments of interest at the rate now or hereafter provided by law, and in case such moneys shall be insufficient to pay in full the whole amount so owing and unpaid upon the Bonds, then to the payment of such principal and interest without preference or priority of principal over interest, or of interest over principal, or of any installment of interest over any other installment of interest, ratably to the aggregate of such principal and interest.

SECTION 802. Rights of Holders of Bonds Upon Default. Subject to any contractual limitations binding upon the holders of any of the Bonds (including any other limitations herein upon the exercise of any remedy to holders holding a specific proportion or percentage of the Bonds), any holder of Bonds shall have the right, for the equal benefit and protection of all holders of Bonds similarly situated:

(a) By suit at law or proceedings in equity to compel observance by the University or by any of its officers, agents, and employees of any contract or covenant made by the University with the holders of bonds and coupons as provided in this Resolution, and to compel the University and any of its officers, agents and employees, to perform any duties required to be performed for the benefit of the holders of the Bonds or coupons as provided by this Resolution, and to enjoin the University and any of its officers, agents or employees from taking any action in conflict with any contract or covenant with the holders of the Bonds and coupons as provided by this Resolution;

(b) By action or suit in equity to require the University to account as if it were the trustee of an express trust; or

(c) By action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the holders of Bonds.

No remedy conferred hereby upon any holder of Bonds is intended to be exclusive of any other remedy, but each such remedy is cumulative and in addition to every other remedy and may be exercised without exhausting and without regard to any other remedy conferred hereby. No waiver of any default or breach of duty or contract by the holder of any Bond shall extend to or shall affect any subsequent defaults or breach of duty or contract or shall impair any

rights or remedies thereon. No delay or omission of the holder of any Bond to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein. Every substantive right and every remedy conferred upon the holders of Bonds may be enforced and exercised from time to time and as often as may be deemed expedient. In case any suit, action or proceeding to enforce any right or exercise any remedy shall be brought or taken and then discontinued or abandoned, or shall be determined adversely to the holders of Bonds, then, and in every such case, the University and the holders of Bonds shall be restored to their former positions and rights and remedies as if no such suit, action or proceeding had been brought or taken.

ARTICLE NINE

MODIFICATION AND AMENDMENT OF THE RESOLUTION

SECTION 9.01. Amendment by Consent of Bond Holders. This Resolution and the rights and obligations of the University and of the holders of the Bonds and coupons may be modified or amended at any time by resolution supplemental hereto adopted by the Board of Trustees pursuant to the affirmative vote of the holders of sixty-six and two-thirds per cent ($66\frac{2}{3}\%$) in principal amount of all of the Bonds then outstanding at a meeting of Bond holders held in accordance with this Article, or with the written consent without a meeting, given as provided in Section 9.04, of the holders of sixty-six and two-thirds per cent ($66\frac{2}{3}\%$) in principal amount of all of the Bonds then outstanding; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on, or otherwise alter or impair the obligation of the University to pay the principal or interest or redemption premiums at the time and place and at the rate and in the currency provided therein of any Bond without the express consent of the holder of such Bond, or (ii) permit the creation by the University of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held hereunder, except as permitted by this Resolution, other than the lien and pledge created by this Resolution, or (iii) permit the creation of a preference or priority of any Bond or Bonds over any other Bond or Bonds or coupon or coupons, or (iv) reduce the percentages of Bonds required for the affirmative vote or written consent to an amendment or modification, without the written consent of holders of all Bonds.

SECTION 9.02. Bond Holders Meetings. The University may at any time call a meeting of the holders of Bonds. Every such meeting shall be held at such place in the City of Chicago, State of Illinois, as may be specified in the notice calling such meeting. Written notice of such meeting, stating the place and time of the meeting and in general terms the business to be submitted, shall be given by the University to the holders of all Bonds outstanding hereunder by registered or certified mail, postage prepaid, not less than thirty (30) nor more than sixty (60) days before such meeting, to each registered owner of Bonds then outstanding, at his address, appearing upon the books of registration, and in the event there shall then be outstanding any coupon Bonds which shall not be registered as to principal such notice shall also be published by the University at least once a week for two (2) successive weeks in a daily newspaper published in the English language and having a general circulation in the City of Chicago, State of Illinois, and also by similar publication in a financial newspaper published in the Borough of Manhattan in the City and State of New York, the first publication to be not less than thirty (30) nor more than sixty (60) days prior to the meeting; provided, however, that in any case where publication shall be required as herein before set forth the mailing of such notice shall in no case be a condition precedent to the validity of any action taken at any such meeting.

SECTION 9.03. Attendance in Person or by Proxy. Attendance and voting by Bond holders at such meeting may be in person or by proxy. Owners of Registered Bonds may, by an instrument in writing under their hands, appoint any person as their proxy to vote at any meeting for them.

In order that holders of Bonds payable to bearer or their proxies may attend and vote without producing their Bonds, the University may make and from time to time vary such regulations as it shall think proper for the deposit

of Bonds with, or exhibit of Bonds to, any banks or trust companies wherever situated, and for the issue by them, to the persons depositing or exhibiting such Bonds, of certificates in form approved by the University which shall constitute proof of ownership entitling the holders thereof to be present and vote at any such meeting and to appoint proxies to represent them and vote for them at any such meeting in the same way as if the persons so present and voting, either personally or by proxy, were the actual bearers of the Bonds in respect of which such certificates shall have been issued, and any regulations so made shall be binding and effective. Copies of such regulations shall be kept on file in the offices of the paying agent in Chicago, Illinois, and the Secretary of the University.

Any registered owner of Bonds or any holder of a certificate provided for in this Section 9.03 shall be entitled in person or by proxy to attend and vote at such meeting as holder of the Bonds registered or certified in his name, without producing such Bonds. All others seeking to attend or vote at such meeting in person or by proxy must produce the Bonds claimed to be owned or represented at such meeting, and all persons seeking to attend or vote at such meeting in person or by proxy shall, if required, produce such further proof of Bond ownership or personal identity as shall be satisfactory to the University. All proxies presented at any meeting shall be delivered to the inspectors of votes and filed with the University.

SECTION 9.04. Amendments by Written Consent of Bond Holders. The University may at any time adopt a valid resolution amending the provisions of the Bonds or of this Resolution or of any resolution supplemental hereto, to the extent that such an amendment is permitted by the provisions of Section 9.01, to take effect when and as provided in this Section. A copy of such resolution, together with a request of the University to Bond holders for their consent thereto, shall be mailed by the University to each registered owner of Bonds and notice of the adoption thereof shall be published in the manner provided in Section 9.02 for the mailing and publication referred to in that Section (but failure to mail copies of such resolution and request shall not affect the validity of the resolution when assented to as in this Section provided). Such resolution shall not be effective unless and until there shall have been filed with the University the written consents of the percentage of holders of outstanding Bonds specified in Section 9.01. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 9.03. Any such consent shall be binding upon the holder of the Bonds giving such consent and on any subsequent holder of such Bonds (whether or not such subsequent holder has notice thereof).

SECTION 9.05. Supplemental Resolutions or Amendments Without Consent of Bond Holders. The Board of Trustees may from time to time and at any time, subject to the conditions and restrictions in this Resolution contained, but without requiring the consent of the holders of any of the Bonds, adopt a resolution or resolutions supplemental hereto, which shall thereafter form a part hereof for any one or more or all of the following purposes:

(a) To add to the covenants and agreements of the University in this Resolution contained, other covenants and agreements thereafter to be observed and/or to surrender any right or power herein reserved to or conferred upon the Board of Trustees;

(b) To clarify any ambiguity or to clarify, correct or supplement, any defect or inconsistent provision contained in this Resolution or any resolution supplemental hereto; and

(c) To provide for the issuance of additional Bonds hereunder upon the terms and conditions in this Resolution specified.

SECTION 9.06. Endorsement of Bonds. Bonds delivered after the effective date of any action taken as provided in this Article Nine may bear a notation by endorsement or otherwise in form approved by the University as to such action, and in that case upon demand of the holder of any Bond outstanding at such effective date and presentation of his Bond for the purpose at the office of the Comptroller of the University a suitable notation shall be made on such Bond by the University as to any such action. If the University shall so deter-

mine, new Bonds so modified as to conform to such action shall be prepared and delivered, and upon demand of the holder of any Bond then outstanding shall be exchanged at the office of the Comptroller of the University, without cost to any Bond holder, for Bonds then outstanding, upon surrender of such Bonds with all unmatured coupons, if any, appertaining thereto.

SECTION 9.07. *Exclusion of Bonds.* Bonds owned or held by or for the account of the University shall not be deemed outstanding for the purpose of any vote or consent or other action or any calculation of outstanding Bonds in this Article provided for, and shall not be entitled to vote or consent or take any other action in this Article provided for.

ARTICLE TEN

MISCELLANEOUS

SECTION 10.01. *Benefits of Bond Holders Limited to Parties.* Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person, firm or corporation other than the University and the holders of the Bonds and of the coupons outstanding, any right, remedy or claim under or by reason of this Resolution, and any covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the University shall be for the sole and exclusive benefit of the University and of the holders of Bonds and of the coupons outstanding.

SECTION 10.02. *Successor Is Deemed Included in All References to Predecessor.* Whenever in this Resolution or any resolution supplemental hereto either the University or the paying agent is named or referred to, such reference shall be deemed to include the successors or assigns thereof, and all the covenants and agreements in this Resolution contained by or on behalf of the University shall bind and inure to the benefit of the respective successors and assigns thereof whether so expressed or not.

SECTION 10.03. *Discharge of Resolution.* If all of the outstanding Bonds shall have matured, or shall have been duly called for redemption and the redemption date thereof shall have arrived, and if the University shall have deposited with the depository in trust, funds pursuant to this Resolution sufficient to pay and available for the payment of all amounts due on all Bonds then outstanding, including all principal, interest and redemption premiums, if any, and provision shall also be made for paying all other sums payable hereunder by the University, then, notwithstanding that any Bonds or interest coupons shall not have been surrendered for payment, the pledge of the income provided for in this Resolution and all other obligations of the University under this Resolution shall cease and terminate except as hereinafter in the next succeeding paragraph provided.

Any such funds held by the depository which have not been disbursed in the payment of Bonds and interest as aforesaid during the period of ten (10) years after the deposit referred to in the foregoing paragraph, shall be repaid to the University by the paying agent on written request of the University together with the schedule of the Bonds not paid or redeemed and thereupon the holder of any of the Bonds or coupons entitled to receive such payments, shall thereafter look only to the University for the payment thereof; provided, however, that the depository before being required to make such repayment, shall at the expense of the University, effect publication once a week for two successive weeks in a daily newspaper published in the English language, and having a general circulation in the City of Chicago, State of Illinois, and also by a similar publication in the Borough of Manhattan in the City and State of New York, a notice to the effect that said moneys have not been so applied and that after a date named in said notice, any unclaimed balance of said moneys then remaining will be refunded to the University.

Except as otherwise herein expressly provided, the fact and date of the execution by any Bond holder or his attorney-in-fact of such request, declaration or other instrument or writing appointing such attorney-in-fact may be proved by the certificate of any notary public or other officer authorized to take acknowledgments of deeds to be recorded in the State in which he purports to act, that the person signing such request, declaration or other instrument or writing acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer.

Except as otherwise herein expressly provided in this Resolution, the amount of Bonds transferable by delivery held by any person executing such request, declaration or other instrument or writing as a Bond holder, and the numbers thereof, and the date of his holding such Bonds, may be proved by a certificate, which need not be acknowledged or verified, satisfactory to the University, executed by a trust company, bank, investment banker, dealer, broker or other depository wherever situated, showing that at the date therein mentioned such person exhibited to or had on deposit with such depository the Bonds described in such certificate. Continued ownership after the date of deposit stated in such certificate may be proved by the presentation of such certificate if the certificate contains a statement by the depository that the Bonds therein referred to are in fact held on deposit by such depository and will not be surrendered without the surrender of the certificate to the depository. The University may nevertheless in its discretion require further or other proof in cases where it deems the same desirable. The ownership of registered Bonds and the amount, maturity, number and date of holding the same shall be proved by the registry books.

Any request, declaration or other instrument or writing of the owner of any Bond shall bind all future owners of such Bond in respect of anything done or suffered to be done by the University hereunder in good faith and in accordance therewith.

SECTION 10.05. *Waiver of Personal Liability.* No officer, agent or employee of the University shall be individually or personally liable for the payment of the principal of or interest on the Bonds; but nothing herein contained shall relieve any such officer, agent or employee from the performance of any official duty provided by law.

SECTION 10.07. *Partial Invalidity.* If any one or more of the covenants or agreements, or portions thereof, provided in this Resolution should be contrary to law, then such covenant or covenants, such agreement or agreements or such portions thereof, shall be null and void and shall be deemed separable from the remaining covenants and agreements or portions thereof and shall in no way affect the validity of this Resolution or of the Bonds.

SECTION 10.08. *Headings and Index.* Any headings preceding the texts of the several articles hereof and any table of contents appended to copies hereof shall be solely for convenience of reference and shall not constitute a part of this Resolution, nor shall they affect its meaning, construction or effect.

SECTION 10.09. *Covenants Not to Be Deemed Covenants of Any Present or Future Officer, Agent or Employee of University.* All covenants, stipulations, obligations and agreements of the University contained in this Resolution shall be deemed to be covenants, stipulations, obligations and agreements of the University to the full extent authorized by law and permitted by the Constitution of the State of Illinois, and no covenants, stipulations, obligations or agreements contained herein shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future officer, agent or employee of the University in his individual capacity, and no officer executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by

reason of the issue thereof. No officer, agent or employee of the University shall incur any personal liability in acting or proceeding or in not acting or not proceeding in good faith, reasonably and in accordance with the terms of this Resolution and applicable law.

Resolution

WHEREAS, Section 7.07 of the Resolution of this Board of Trustees authorizing and providing for the issuance of \$7,950,000 Illini Union and Health Center Bonds, Series A and B of 1960, duly adopted December 21, 1960, provides that the Board of Trustees will adopt such rules and regulations and fix and maintain such student service charges (as defined in said Resolution), rates, rentals, fees, and charges for the use of the facilities referred to therein as will assure maximum use of said facilities and provide revenue sufficient to provide and maintain the Bond and Interest Sinking Fund Account and the required reserves therefor and to pay the reasonable cost of operating and maintaining facilities and to provide and maintain the Improvement and Replacement Reserve; and

WHEREAS, The Board of Trustees of the University of Illinois desires to comply with the above cited provisions and to adopt certain rules and to provide for certain charges applicable to the operation of the facilities;

RULE 2. Subject to further action of the Board of Trustees the initial student service charge for the use of the facilities shall be \$10.00 per regular school semester and shall be charged to each student enrolled for credit and in attendance on the Urbana Campus of the University (exclusive of students holding staff appointments and those carrying one unit or five hours or less of work) for use of the facilities. Appropriate adjustments of said student service charge may be made for part time students and for the summer session and further adjustment shall be made in said student service charge for the use of said facilities beginning with the fall semester of 1962 when it is estimated that the addition to the Illini Union and the Health Center will be ready for occupancy.

No student shall be admitted to enrollment in any department of the University at the Urbana Campus unless such student service charge shall be first or simultaneously paid or appropriate provision made for such payment.

Insofar as rentals, rates, fees, and other charges are consistent with the maximum use of the facilities, including the cafeteria dining facilities located and to be located in the Illini Union building, such rates and charges to be made in connection therewith shall be from time to time established and maintained as shall result in net income sufficient, together with the student service charges, as will provide revenue sufficient to provide and maintain the Bond and Interest Sinking Fund Account and the required reserves therefor and to pay the reasonable cost of operating and maintaining facilities and to provide and maintain the Improvement and Replacement Reserve.

**AMENDMENT OF CONTRACT FOR STEAM SERVICE
TO PRESBYTERIAN-ST. LUKE'S HOSPITAL**

(18) The University supplies steam service from the Medical Center Steam Company to Presbyterian-St. Luke's Hospital under a contract with the latter which provides for delivery of steam at one point adjacent to the Presbyterian Nurses' Home on the west side of Hermitage Avenue south of Harrison Street. Steam meters are located in a junction vault at this point from which underground piping delivers the steam to the various hospital buildings. The University and the Steam Company have no responsibility for operation and maintenance of the system beyond the junction vault.

Presbyterian-St. Luke's Hospital is constructing a student apartment building east of Hermitage Avenue and north of Flournoy Street. The location of this building will make it uneconomical to supply steam to it from the junction vault and Presbyterian-St. Luke's Hospital proposes that the steam supply for this new building be taken from a tunnel along Hermitage Avenue south of the junction vault which will require a separate set of meters.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of an amendment of the contract with Presbyterian-St. Luke's Hospital for these changes.

I concur.

On motion of Mr. Johnston, this amendment of the contract was authorized.

**ADDITION TO CONTRACT FOR ORCHARD DOWNS SITE
WORK AND UTILITIES**

(19) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$18,352.07 in the contract with Kuhne-Simmons Company, Inc., Champaign, assigned to Shapland Construction Company, Champaign, for supervision, for the site work and utilities construction for the Orchard Downs Housing project to increase the size of the water mains in the area, to add a second connection from the supply main, and to add a second meter pit. The National Board of Fire Underwriters has advised that the original plans are not adequate for fire protection, and recommends the changes.

I concur.

On motion of Mr. Herrick, this increase in the contract was authorized.

REPORT OF GIFTS AND FUNDS RECEIVED FROM OUTSIDE SOURCES

(24) Following is a report of gifts, grants, and contract funds received by the University from outside sources during the fiscal year July 1, 1959, through June 30, 1960. This report includes funds from private donors and funds received from governmental agencies and covers all payments received during the fiscal year. In many cases a period of several months elapses between the time an offer is received and accepted and final payment is made.

In a number of cases, grants and gifts were previously reported to the Board when the offers were received, and likewise the Comptroller's monthly reports include numerous research contracts for which funds had not been received at the time of reporting. These are being included here in order to present a complete report of all funds received from outside sources during the fiscal period.

The contracts have all been properly executed by the Secretary and the Comptroller of the Board. All gifts and grants reported here have been accepted and duly acknowledged by the President or other appropriate University officer with an expression of appreciation on behalf of the University and the Board of Trustees.

CHICAGO UNDERGRADUATE DIVISION SITE

Mr. Clement inquired about the status of the studies of the Harrison-Halsted Street area site and the status of the Garfield Park litigation.

Mr. Havens reported on the progress of the studies being made by the firm of Skidmore, Owings, and Merrill and his office, in cooperation with the Department of City Planning of the city of Chicago. One of the engineering problems being encountered is that of rerouting utilities — electric power lines, underground sewers, water mains, gas lines — in the area. The cost and the time required to accomplish this are major factors in the consideration of the site. He suggested that another conference with city officials, possibly before the Board meeting in January, would be desirable and is arranging for this.

Mr. Lesemann reported on the Garfield Park litigation. The Supreme Court of Illinois has heard the arguments in the appeal of the decision of the Circuit Court of Cook County holding unconstitutional the Act of the General Assembly authorizing the Chicago Park District to sell and convey park lands to the University. Mr. Lesemann expressed the hope that the Supreme Court will render its decision in January.

The Secretary reported that he has received additional petitions signed by residents of the Garfield Park community in support of the University's attempts to secure Garfield Park as a site for the Chicago Undergraduate Division, and that the petitions now on hand carry the signatures of some 43,000 residents of the area.

President Henry stated that in view of the possibility of a Supreme Court decision in January, the Board may wish to hold a special meet-

ing, or possibly an adjourned session of the January 18 meeting, to take such actions as may be indicated by developments.

Mr. Clement suggested that a study be made of the desirability of protecting the area surrounding the new campus when a site has been secured, and particularly the area between it and the Chicago Professional Colleges if they are in close proximity, by legislation creating a district, somewhat like the Medical Center District, to include sufficient land area to provide for future expansion.

JANUARY AND FEBRUARY MEETINGS

President Williamson reminded the Board that its next two meetings will be on January 18, 1961, in Chicago, and on February 15, 1961, in Urbana, at places and hours to be determined by the President and the Secretary of the Board.

RECESS AND EXECUTIVE SESSION

The Board recessed. Mr. Herrick and Mr. Johnston asked to be excused from the rest of the meeting.

When the Board reconvened, an executive session was requested and ordered for consideration of the following items of business relating to property acquisitions.

PURCHASE OF PROPERTIES AT 1101 AND 1302 WEST SPRINGFIELD AVENUE, URBANA

(1) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase by the University of Illinois Foundation for the University of two properties owned by the Twin City Bible Church at 1101 West Springfield Avenue and 1302 West Springfield Avenue in Urbana at the price and on the terms indicated below.

1302 West Springfield Avenue. This property is a lot 66 feet by 100 feet or a land area of 6,600 square feet and a brick and stone church building (originally the Trinity Methodist Church of Urbana). The building was condemned because of structural conditions and was razed at a cost to the Twin City Bible Church of \$8,000. Bids were taken on the razing job and were reviewed by University representatives before the contract was awarded. The property, including the original church building, was appraised at \$20,000. If purchased by the University on the basis of this appraisal, the total cost to the University would be \$28,000, including the cost of razing the building. Representatives of the Twin City Bible Church were informed at the time they contracted for demolition of the building that this expenditure would be taken into consideration by the University if and when it decided to purchase the properties.

1101 West Springfield Avenue. This consists of a lot 66 feet by 132 feet, or a total land area of 8,712 square feet, with a building used as a parsonage by the Church. Acquisition of this property by the University offers the opportunity of securing the closing of Harvey Street, south of Springfield Avenue, which would result in the acquisition of an additional land area of 60 feet by 132 feet or 7,920 square feet. Harvey Street runs north and south and the property at 1101 West Springfield is at the southwest corner of Springfield and Harvey. The property, including the parsonage, is appraised at \$18,750.

These land areas will eventually be needed for future campus expansion and as building sites. Until needed for construction of major buildings, the land could be used as sites for construction of surge space.

The Twin City Bible Church officials have agreed to accept a negotiated price of \$55,000 for the two properties, provided that payment is made not later than January 31, 1961. The University will obtain possession of the property at 1302 West Springfield Avenue not later than that date and possession of the property at 1101 West Springfield Avenue not later than July 1, 1961.

The Board of Directors of the University of Illinois Foundation has authorized the purchase of these properties, to be held by the Foundation for the

University until it has funds to purchase them, at which time title will pass to the University.

I recommend that the Board approve these property acquisitions and that it authorize the execution of a lease by the University of the properties from the Foundation at an annual rental which would be sufficient to pay the interest and other costs involved in the financing of this project.

This property acquisition has previously been submitted to the Committee on Buildings and Grounds which has recommended approval.

On motion of Mr. Pogue, these property acquisitions and the execution of the lease were authorized, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Stratton.

PURCHASE OF PROPERTY AT 907 SOUTH SIXTH STREET, CHAMPAIGN

(2) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 907 South Sixth Street, Champaign, by the University of Illinois Foundation for the University, at a price of \$45,000, under the terms and conditions stated below:

The property consists of a lot 57 feet by 132.6 feet with a three-story and basement frame building presently used as a rooming house accommodating thirty-one undergraduate students. The area is zoned for multiple family use. The land will be needed for future campus expansion and has long been included in the University's plan of land acquisitions. The site will eventually be used for construction of housing for single graduate students. The property is well located for interim use as general office space.

The original asking price was \$60,000 and the negotiated sale price of \$45,000 is consistent with independent appraisals.

An initial payment of \$12,000 not later than December 31, 1960, is one of the conditions of the negotiations. The balance of the purchase price will be paid between January 1, 1961, and July 1, 1961, at which time the University will secure possession.

The Board of Directors of the University of Illinois Foundation has approved this property purchase by the Foundation to be held for the University until it has funds to purchase it, at which time title will pass to the University.

I recommend approval of this property acquisition and authorization of its lease by the University from the Foundation at a rental sufficient to pay the interest and other costs of financing this purchase. I further recommend that an appropriation of \$13,500 be made from the General Reserve Fund for remodeling to convert this property into office space and an addition of \$5,200 to the operating budget of the Physical Plant Department for the annual operation and maintenance costs of this building. Office space is the University's most critical need at present and no such additional space will possibly become available from new building construction before the fall of 1963 and perhaps somewhat later.

The Committee on Buildings and Grounds has previously reviewed this property acquisition and recommends its approval.

On motion of Mr. Pogue, this property acquisition and the execution of the lease were authorized, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Stratton.

SETTLEMENT OF CONDEMNATION SUIT FOR ACQUISITION OF LAND ADJOINING UNIVERSITY PROPERTY

(3) At its meeting on October 21, 1959, the Board of Trustees authorized the institution of a condemnation suit to acquire approximately sixty acres of land located between First Street and the Illinois Central Railroad immediately south of other University property and about a half mile south of St. Mary's Road in

Champaign. This land is needed by the University for a number of educational purposes, including particularly the Firemen's Training School, the relocation of the Small Homes Council-Building Research Council offices and research facilities, and a drainage outlet for other University lands. Fred V. Percival is the owner of record of title to the land, but has entered into an unrecorded contract to sell the same to Mrs. Marie E. Mooney. Negotiations conducted with their representatives by University officers prior to the taking of said action by the Board had developed that the owners would not sell the land to the University at a price considered reasonable by it.

Since then further negotiations were conducted with the same result and, after securing assurances from the Governor that he would release sufficient funds from the state appropriation to the University for land acquisitions to enable it to pay the compensation awarded in a condemnation proceeding for the land if acceptable to this Board, suit was instituted on September 1, 1960.

After motions to dismiss that suit had been denied and the University's right to acquire the land through the suit had been thus upheld by the court, and the case had been set for trial, further negotiations resulted in reaching a settlement, subject to approval by the Board of Trustees, upon the following basis:

1. A judgment will be entered, by agreement, in the suit condemning approximately the west fifty-one acres of the land involved in the proceeding and fixing the compensation to be paid by the University therefor in the sum of \$127,500. Upon paying that sum to the County Treasurer for distribution among the defendants as the Court may direct, the University will acquire title to and possession of the fifty-one acre tract subject to the rights of Panhandle Eastern Pipeline Company under a pipeline easement granted it several years prior to the institution of the suit and to the rights, if any, of Illinois Power Company under an easement claimed by it if its claim thereto is upheld by the Court.

2. Upon payment by the University of said sum to the County Treasurer, Mr. and Mrs. Percival and Mr. and Mrs. Mooney will deliver to the University quit claim or warranty deeds conveying the fifty-one acre tract to the University, subject to said easements, in confirmation of the title acquired by the University in paying the condemnation award.

3. In the event the University brings into the land thus acquired by it, for its own uses and purposes, water, sanitary sewer, and/or gas mains connecting with those maintained by public utility companies or the Urbana and Champaign Sanitary District, the University will permit the then owners of the remainder of the land involved in the suit and which the University will not acquire under the settlement and judgment, to connect, without charge, to and use the water, gas, and sanitary sewer lines installed by the University in the land it acquires under the settlement and judgment. However, the owners of the other land will be obligated to bear the expense of making and maintaining such connections, to pay for the water and/or gas used by them, and to annex their land to said Sanitary District, and will have to install the connecting mains in such a manner and at such locations as will not interfere with the University's improvements upon or intended use of the land acquired by it.

4. The University will pay one-third of five-sevenths of the 1960 taxes assessed and levied upon the land involved in the condemnation suit, and the owners of the land not taken will pay the remainder of those taxes and also the 1960 taxes upon the improvements on the land retained by them (there are no buildings upon the land the University will acquire); and the present owners will not be liable for any assessments made by the Upper Embarrass River Basin Drainage District for benefits to the land acquired by the University for work done by that District.

5. Without expense to the University, the defendant owners will secure, and will furnish the University with, a release of a mortgage now encumbering the land the University will acquire, and will waive all rights to recover from the University, in consequence of the dismissal by it of the suit as to the land described in the petition therein which the University will not acquire, attorney fees and other expenses incurred by them in defending the suit. The University will pay the court costs in the suit which will not include any such attorney fees or expenses.

One of the principal purposes for which the University needs the land it is

thus to acquire is an outlet which will enable it to drain water from the southwest portion of its Urbana-Champaign campus into the Upper Embarrass River. The estimated cost to the University of rerouting that outlet through other land and of the extension of a water main which will not be needed if this land is acquired by it is \$110,000 so that a saving in approximately that sum will be effected through acquiring this land. Effecting this saving, in addition to acquiring the land for other purposes for which it is needed by the University, clearly justifies paying \$127,500 for it. Also, in view of this saving, it is proper to consider, and it should be considered, from the University's standpoint that not more than \$100,000 of the \$127,500 is attributable to, and is being paid for, the land itself, and the balance is attributable to, and is being paid for, the drainage outlet needed to effect said savings.

Therefore, special counsel for the University in the condemnation suit, the Legal Counsel, the Director of the Physical Plant, and the Vice-President and Comptroller recommend that the above outlined settlement be approved and authorized by the Board of Trustees, and that said special counsel and the Legal Counsel be authorized to enter into and file in the condemnation suit, on behalf of the University, any stipulation or stipulations, and the Comptroller and the Secretary of the Board be authorized to execute, on behalf of the University, any contract and other papers, approved by the Legal Counsel, which will be necessary or desirable in order to effect and carry out the recommended settlement, and the acquisition by the University of the land it will acquire thereunder.

I concur.

On motion of Mr. Swain, this settlement was authorized, and the other recommendations as presented above were approved, this action being taken by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Johnston, Mr. Stratton.

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

(4) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. New switchable beam antenna with applications in radio direction finding — John D. Dyson, Associate Professor of Electrical Engineering, inventor, and new direction finding system using frequency independent antennas — Albert D. Bailey, Professor of Electrical Engineering and John D. Dyson, inventors. The first invention is a system using one antenna with switchable radiation modes, thus eliminating the two basic limitations of the two-antenna system. The second invention has advantages over present systems of extreme bandwidths possible by the use of equiangular spiral antennas, capability of providing azimuthal information through a hemisphere, i.e., both low and high angle coverage, and simplicity. The Head of the Department of Electrical Engineering advised that he felt there is a possibility of commercial development for these inventions. They are additions to the complex of inventions from the antenna group for which patent applications have been made.

The Committee recommends release of the rights of the University in the inventions to the University of Illinois Foundation for filing of patent applications, with the condition that the Foundation fully recognize the contractual rights of the sponsoring agency, the United States Army Signal Corps.

2. Formation permeability measurement by supersonic energy — V. S. Tuman, Associate Professor of Mining and Metallurgical Engineering, inventor. This discovery is concerned with a method of measuring the permeability of rock formations at various distances from the bore of an oil well. The Head of the Department of Mining and Metallurgical Engineering reported that this idea probably has substantial potential commercial value; therefore, the Patent Committee, after study and due to the necessity for prompt action, authorized the University of Illinois Foundation to file a patent application.

The Committee requests confirmation of this action and recommends release of the rights of the University in this invention to the University of Illinois Foundation and further recommends the distribution of 15 per cent of any net income resulting from a patent to the inventor.

3. Music typewriter — Lejaren A. Hiller, Jr., Assistant Professor of Music, and Cecil Effinger, Department of Music, University of Colorado, inventors. This invention is an electrified music typewriter linked to a five-channel punched paper tape punch and reading unit or, alternatively, a unit for punched cards or coded magnetic tape. It was referred to the University of Illinois Foundation for study and report back to the Committee as to possible commercial value. A report has been received that there is little likelihood of any commercial value and that this is only a part of a larger number of components developed elsewhere.

The Committee recommends release of the rights of the University in this invention to the inventors.

4. Dynamic crossed-field electron multiplier — D. F. Holshouser, Research Associate Professor of Electrical Engineering, inventor. This invention is a device that multiplies the intensity of a primary electron beam by means of secondary emission. It has been reported that there are possibilities of commercial development of this invention.

The Committee recommends release of the rights of the University in it to the University of Illinois Foundation for filing a patent application, with recognition of the rights of the sponsoring agency, the United States Air Force.

I concur in these recommendations.

On motion of Mr. Clement, these recommendations were approved.

On motion of Mr. Clement, the Board adjourned.

LEAVE OF ABSENCE FOR WILLIAM H. RICE

(2) On request of Governor William G. Stratton, William H. Rice, Administrative Assistant (Legislative Relations) in the President's Office, was granted leave of absence without pay for one year from January 1, 1960, to serve as Administrative Assistant on the Governor's staff.

Governor Otto Kerner has asked Mr. Rice to continue in this position on his staff and I have authorized an extension of Mr. Rice's leave without pay from January 1, 1961, until further notice.

Confirmation of this action is requested.

On motion of Mr. Swain, this action was confirmed.

**APPOINTMENT OF VICE-PRESIDENT IN CHARGE
OF THE CHICAGO PROFESSIONAL COLLEGES**

(3) A special committee appointed to search for and study the qualifications of available candidates for the position of Vice-President in charge of the Chicago Professional Colleges, to succeed Dr. Herbert E. Longenecker, who resigned as of July 1, 1960, to become President of Tulane University of Louisiana, has nominated Dr. Joseph S. Begando, who has been serving as Acting Vice-President since Dr. Longenecker left, to this position.

This nomination has the endorsement of the Vice-President and Provost.

The Vice-President for the Chicago Professional Colleges has, under the Vice-President and Provost and the President, the administrative responsibility for the operations of the campus and its component parts. He is expected also to be responsible for the interpretation of the work of the campus to the general public. He is expected to coordinate the work of the campus with the other campuses of the University and to establish liaison among the departments concerned. He is in charge of budget preparation and supervises all expenditures. The duties of this position are specified in detail in Section 25 of the University of Illinois Statutes.

I recommend that Dr. Joseph S. Begando be appointed Vice-President in charge of the Chicago Professional Colleges beginning February 1, 1961, and continuing through August 31, 1961, at a salary of \$21,000 a year on a twelve months service basis.

On motion of Mrs. Watkins, this appointment was approved.

HEADSHIP OF THE DEPARTMENT OF PSYCHIATRY

(4) The Dean of the College of Medicine recommends the appointment of Dr. Melvin Sabshin, presently Associate Director of the Institute for Psychosomatic and Psychiatric Research and Training at Michael Reese Hospital, Chicago, as

Professor of Psychiatry on indefinite tenure and Head of the Department beginning September 1, 1961, at an annual salary of \$23,000 on full time, twelve months service basis.

The nomination for this appointment was made by a search committee and is concurred in by the Acting Vice-President in charge of the Chicago Professional Colleges, the Dean of the Graduate College, and the Vice-President and Provost. Dr. Sabshin will succeed Dr. Francis J. Gerty, who has served as Professor and Head of the Department of Psychiatry for twenty years, and who resigned his position effective January 1, 1961, and is retiring from University service to become Director of the Department of Public Welfare of Illinois.

As an interim appointment, the Dean of the College of Medicine has recommended, the other recommending officers in the central administration concurring therein, the appointment of Dr. Paul E. Nielson, presently Associate Professor of Psychiatry, as Acting Head of the Department from January 1 through August 31, 1961, at a salary of \$150 a month during this period, in addition to his salary of \$14,000 a year as Associate Professor.

I recommend approval of these appointments.

On motion of Mr. Clement, these appointments were approved.

REQUIREMENTS FOR BACHELOR OF MUSIC DEGREE

(5) The Urbana-Champaign Senate recommends the following revision of the requirements for the degree of Bachelor of Music:

Degree requirements are increased from 124 to a total of 130 semester hours plus the general University requirements in physical education and military training.

In the instrumental and vocal curricula, *two* instead of *three* years of an applied minor will be required.

In all options fourth-year music theory (except in the composition major and music history courses) will become elective instead of required.

Music 101, Rudiments of Theory, is changed from *four* to *three* semester hours of credit.

Music 111 and 112, Music in Western Civilization, will be dropped, to be replaced by Music 213 and 214, The History and Appreciation of Music, which will be required of all School of Music students except History of Music majors; and credit for the latter courses will be increased from *two* to *three* semester hours.

Music 300 and 301, Advanced Counterpoint, are changed in title and content, and from *two* to *three* semester hours of credit.

Total electives up to thirty-five semester hours may be taken of which at least sixteen hours must be in the humanities in addition to the prescribed non-music courses.

The Chairman and the Secretary of the Senate Coordinating Council indicate that no other Senate jurisdiction is involved.

I concur.

On motion of Mrs. Watkins, these revisions were approved.

CURRICULUM IN THE TEACHING OF RUSSIAN

(6) The Urbana-Champaign Senate recommends authorization of a curriculum leading to the degree of Bachelor of Arts in the Teaching of Russian with a fifth year leading to the degree of Master of Arts.

The undergraduate curriculum was designed by the University Council on Teacher Education and has been approved by the College of Liberal Arts and Sciences. The five-year program leading to the master's degree has also been approved by the Graduate College.

These curricula conform to the standard requirements for degrees in the teaching areas. A minimum of 123 semester hours, exclusive of the general University requirements in military training and physical education, is required for the bachelor's degree, and eight units of graduate work are required for the master's degree.

The Chairman and the Secretary of the Senate Coordinating Council indicate that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Wilkins, this curriculum was authorized.

GRADUATE PROGRAM IN LINGUISTICS

(7) The Urbana-Champaign Senate recommends authorization of a graduate program leading to the degrees of Master of Arts and Doctor of Philosophy in Linguistics.

The program will be administered by an interdepartmental committee within the Division of Social Sciences appointed by the Dean of the College of Liberal Arts and Sciences with the approval of the Dean of the Graduate College and the President.

The general requirements governing admission of all graduate students will apply: a grade-point average of at least 3.5 in the last sixty hours of undergraduate studies completed; a broad background in the liberal arts and sciences.

Requirements for the master's degree are: at least eight units, six of which must be in linguistics, two chosen from 400-level courses and including Linguistics 402, Field Methods; the candidate must pass a comprehensive examination; the master's thesis is not required.

Requirements for the doctor's degree are: sixteen units beyond the master's degree must be completed, eight of which must be in Linguistics 499, Research; an introductory course in statistics is required, in addition to the standard language requirements of the Graduate College; a candidate must select either one minor of at least four units, or two minors of at least two units each, the minors being related to the candidate's field of concentration; candidates must pass oral and written preliminary examination, and a final oral examination upon completion of a doctoral thesis; students are encouraged to attend at least one summer session of the Linguistics Institute of the Linguistics Society of America, for which four units of credit granted by the host university may be transferred.

The Chairman and the Secretary of the Senate Coordinating Council indicate that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Hughes, this graduate program was authorized.

GRADUATE PROGRAM IN NUCLEAR ENGINEERING

(8) The Board of Trustees has previously authorized a graduate program in nuclear engineering leading to the degree of Master of Science. The Urbana-Champaign Senate recommends the extension of this graduate curriculum to the degree of Doctor of Philosophy in Nuclear Engineering, according to the following conditions and requirements.

The program will be administered by an interdepartmental committee within the College of Engineering appointed by the Dean of the College with the approval of the Dean of the Graduate College and the President.

For admission to this program, the general regulations governing admission of all graduate students will apply: a bachelor's degree in engineering or in one of the physical sciences; a scholastic grade-point average of at least 3.75 in the last sixty semester hours of undergraduate studies; and three hours or one unit credit in advanced calculus, differential equations, atomic physics and nuclear physics, or their equivalents.

Requirements for the doctor's degree are: a minimum of six units of graduate courses in nuclear engineering, excluding the thesis units; fulfillment of all general Graduate College requirements with respect to residence, credits, language proficiencies, and preliminary and final examinations; completion of an integrated program of advanced courses, as approved by the members of the graduate teaching faculty in nuclear engineering; and an acceptable thesis.

The Chairman and the Secretary of the Senate Coordinating Council indicate that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Johnston, this graduate program was authorized.

At this point, Mr. Wirt Herrick and Mr. Richard A. Harewood joined the meeting.

DEPOSIT REQUIREMENT FOR ADMISSION TO THE UNIVERSITY

(9) The Board of Trustees has approved a progressive admissions plan for undergraduate students to become effective for applicants for admission in September,

1961. Such a plan is necessary because available facilities are inadequate to meet expected increases in enrollment in all undergraduate programs.

To administer the plan effectively, including assignment of housing to applicants, it is necessary to know as accurately as possible at each stage of the admissions program how many applicants are firmly committed to enrolling. Experience of other universities which have a requirement of a non-refundable deposit indicates that this device is the most effective means of assuring a serious commitment.

The Dean of Admissions and Records and the all-University Committee on Admissions of which he is Chairman, recommend the collection of a non-refundable deposit of \$30 from all new undergraduate students, except foreign students who at the time of application are living outside the United States, seeking admission to the University for a fall semester, effective for September, 1961. The requirement will not apply to the second semester or the summer session unless needed. This recommendation is endorsed by the various administrative officers concerned with admissions, housing, and registration of new students.

Accordingly I have approved the following administrative procedure and request confirmation of this action:

1. Each new applicant for admission will be required to pay a deposit of \$30 before the issuance of a Permit to Enter the University, except foreign students who at the time of application are living outside the United States. The deposit will be required within definite deadline periods and will be credited towards the payment of tuition and fees if the student registers.
2. The deposit will normally be non-refundable, although exceptions may be made in unusual cases.
3. The receipt of the deposit and the issuance of a Permit to Enter will be required before the Housing Division enters into negotiations of housing contracts with applicants.
4. Failure to make the deposit of \$30 when notified to do so will not disqualify the applicant for admission later, unless the limit of new enrollment in the designated college or curriculum has been reached. The Permit to Enter will be issued to such a qualified applicant whenever he chooses to make the deposit, unless the quota in question has been filled.
5. The Office of Admissions and Records is authorized, in cooperation with the Business Office and other offices concerned, to implement all aspects of this deposit plan.

On motion of Mrs. Watkins, the President's action was confirmed.

WAIVER OF TUITION AND FEES FOR ASSISTANTS

(10) In the amendment of the General Rules Concerning University Organization and Procedure relating to the registration of staff members in the Graduate College, as approved by the Board January 20, 1960, provision was made that graduate students who are academic employees of the University, or of allied surveys and laboratories located at Urbana-Champaign, may register in University courses without payment of the tuition and fees provided their official appointments call for not more than 62.5 per cent of full-time services for a minimum of four months during the semester in which exemption is desired. Experience has shown that a more realistic figure would be two-thirds of a full-time load and it is therefore recommended that a change in this figure to 67 per cent be authorized.

On motion of Mr. Johnston, this change was authorized.

SALARIES OF ASSISTANTS

(11) The biennial budget estimates for 1961-63, as approved by the Board of Trustees, include a provision for increasing the salaries of full-time assistants to \$4,000 a year. This was discussed with the Finance Committee and with the Board when the budget was under consideration and while approval was implied in the action of the Board on the total budget, it is recommended that specific authorization of the minimum be made a matter of record.

On motion of Mr. Swain, this salary rate was approved.

EXPANDED EDUCATIONAL PROGRAM FOR THE CHICAGO UNDERGRADUATE DIVISION

(12) The Board of Trustees in July, 1954, approved a staff committee's recommendation that the Chicago Undergraduate Division be expanded eventually into a degree-granting branch of the University. The committee suggested, however, that priority be given to providing improved facilities for the existing two-year program, since the enrollment pressures justifying expansion to four years seemed to lie several years in the future. Unfortunately, the lack of capital appropriations delayed this initial stage of development.

In September, 1957, a "University Committee on a Four-Year Plan for the Chicago Undergraduate Division" was appointed, since it was then clear that by the time a new campus could be occupied, the four-year program would be needed in the Chicago metropolitan area. The new committee, under the chairmanship of Associate Provost Dangerfield, submitted a report in December, 1958, in which degree programs were recommended in several proposed colleges. The report was widely distributed within and outside the University—the latter group of recipients including the presidents of universities and colleges in the Chicago area, presidents of other state-supported universities, and members of the Commission of Higher Education.

In the light of that report and of the reactions to it—especially those from committees, department heads, and individual faculty members of the Chicago Undergraduate Division—Professor Norman A. Parker, Chairman of the University Building Program Committee, and Mr. James V. Edsall, Coordinator of University Planning, developed a detailed series of building-space estimates based upon an assumed educational program and enrollment projections through 1969. The principal purpose was to establish planning standards and to arrive at estimates of the numbers and kinds of personnel and facilities needed. They issued a preliminary report in August, 1959, and a revised version in February, 1960. The latter was circulated widely within the University for review and comment, and copies were sent to members of the Board of Trustees.

The next step in the planning process was the appointment of an "Interim Committee to Advise Concerning Physical Planning for the Chicago Undergraduate Division" consisting of Professor Parker, Chairman, Associate Provost Dangerfield, and Associate Deans Pickett and Hackett representing the Chicago Undergraduate Division. This Committee and the Director of the Physical Plant, Mr. Charles S. Havens, as Consultant to the Committee, have worked with the architects and engineers to develop a general campus plan which would provide the buildings required for the assumed educational program of the Parker-Edsall report, as revised in the light of recommendations made by the faculty of the Chicago Undergraduate Division. (For planning purposes Garfield Park has been used as a demonstration site.)

Recently the Interim Committee submitted a report which included: (a) a series of recommendations concerning the number and relative locations of buildings in the first phase of the construction program; (b) general specifications for space units; and (c) recommended changes in the assumed educational program. Physical planning will proceed in accordance with the recommendations of this report, copies of which will soon be made available. These conclusions, together with the prompt selection of a site, permit the planning and construction of buildings to be completed in time to allow the Chicago Undergraduate Division to move to the new campus by September, 1964.

Organization and Educational Policies and Plans

The Vice-President and Provost, as chief academic officer of the University, has made a careful study of the Interim Committee's report and of the background materials which have guided its deliberations and conclusions. Particular attention has been given to the various reports and other communications from the Chicago Undergraduate Division. He has also met with the Senate of the Chicago Undergraduate Division to discuss the recommendations made in the accompanying statement on Organization and Educational Policies and Plans. In the light of this study and consultation, and with the concurrence of the Vice-President for the Chicago Undergraduate Division, the Vice-President and Provost recommends that the Board of Trustees adopt the following statement of policies and plans concerning the educational objectives, the organizational status, and the educational

program for the initial stage of development of the Chicago Undergraduate Division on its new campus.

Recommended Policies and Plans Concerning the Proposed Expansion of the Chicago Undergraduate Division

The recent appointment of the Vice-President for the Chicago Undergraduate Division and the expected choice of a site in the immediate future make it appropriate now to outline the broad educational objectives of the expanded institution, to clarify its prospective organizational status within the University of Illinois, and to describe the general nature of the educational program to be offered. It is expected that the planning and construction of buildings will proceed on a schedule that will allow the Chicago Undergraduate Division to open the fall session of 1964-65 on the new campus.

I. Objectives

The fundamental purpose of the University in establishing a center of higher education in Chicago has been to bring to a metropolitan area with more than half the population of the state a broad range of educational benefits which an established state university of high quality can best provide promptly and effectively. Within this broad purpose are the following specific aims:

1. To help meet the acute demand for undergraduate education in the Chicago area created by population increases and by the rising proportion of high school graduates seeking admission to college. Even with the announced increases in the enrollments of existing institutions, including junior colleges, by 1965 there will be a serious shortage of opportunities for higher education available to Chicago's youth.
2. To give to Chicago a publicly supported institution offering degree programs in varied fields to qualified young people who can not afford the cost of attending local private colleges or public colleges away from home, or who for other reasons choose to enroll in a state university in Chicago. Aside from the enrollment emergency, too many able students would never graduate from college unless afforded opportunities in an urban university like that proposed for the new campus of the Chicago Undergraduate Division.
3. To develop an institution of higher education uniquely designed to meet the special needs of a rapidly changing metropolitan community, particularly as regards the training of specialized personnel for a wide range of occupational fields, and the provision of research service and educational leadership.
4. To encourage the utilization of the rich resources of the metropolitan area for cultural, social, economic, and scientific-technical education.

II. Organizational Status

It is recommended that the Chicago Undergraduate Division be given the kind of administrative autonomy that now prevails at the Chicago Professional Colleges. The date of this administrative change would coincide with that of the formal organization of the new colleges and divisions to be established. A time table and procedures for planning the new organizational arrangements during the interim period will be established by the President sometime within the current academic year.

Appropriate codification of the University's *Statutes* will be made to reflect the change in organizational status, the establishment of the office of Vice-President for the Chicago Undergraduate Division, and such other alterations as may be adopted.

III. The Initial Educational Program

The following colleges and divisions are recommended as the major administrative units for the new campus during the initial phase of development. It is expected that during the academic year 1964-65 students will be accepted for the third year of undergraduate study, in addition to the continuation of the two-year program now in effect at Navy Pier. The fourth year would be added in 1965-66. These developments would be subject to the availability of facilities and operating funds.

1. College of Liberal Arts and Sciences. Undergraduate degree programs will be offered in the physical sciences and mathematics, the biological sciences, the humanities, and the social sciences. The departments to be established within these four areas will be designated in the near future.

2. College of Engineering. Undergraduate degree programs will be offered which prepare professional engineers for employment in government and industry, and which provide the type of undergraduate education in engineering that is suitable for students preparing for graduate school. The departmental organization and the initial degree programs will be determined in the near future.
3. College of Commerce and Business Administration. Undergraduate degree programs will be offered in the departments of accountancy, economics, finance, marketing, and management.
4. College of Fine and Applied Arts. Undergraduate degree programs will be offered in architecture, art education, art history and painting, and industrial design. Service courses will be offered in the history of music, music education, chorus, band, and orchestra.
5. Division of Education. Courses in education sufficient to meet the requirements for teacher certification will be offered, but initially no degree programs in education as such are planned. Degree programs in teacher education will be offered in the departments of the several colleges which administer the subject-matter fields taught in the secondary schools. The director of the Division of Education would be the coordinator of teacher-education programs in the several colleges and would supervise the courses in education offered by the Division of Education. Degree programs in education will be introduced if and when it is established that the facilities of existing teacher education institutions in Chicago are inadequate to meet the need.
6. Division of Physical Education. Programs in physical education and recreational activities will be established in the first phase of development to the extent that physical facilities permit.

IV. Future Developments

The program just described should enable the University of Illinois to meet the most pressing needs suggested above in the statement of objectives—namely those related to the undergraduate enrollment demand created by population increases and by the rising proportion of high school graduates seeking admission to college. This will be the primary mission of the expanded Chicago Undergraduate Division, and this purpose will have priority over all other claims upon the space and operating funds available to the Division.

At the same time, future developments on the new campus should not be limited arbitrarily to these initial programs. The educational needs of the Chicago metropolitan area, the degree to which they can be met satisfactorily by existing institutions and programs, and the availability of resources should be the controlling considerations. The University of Illinois will keep the problem of further educational development at the Chicago Undergraduate Division under continuing study, and will propose such changes as seem justified by the total educational situation in the Chicago metropolitan area. Expansion into new fields—such as graduate study, adult education, and organized community services—would be undertaken only after appropriate discussion with representatives of other state and local institutions concerned.

These policies and plans are submitted to the Board with the recommendation that they be adopted after study and review.

This report was received for record and study. (This report was adopted and the recommendations approved by the Board on February 15, 1961. — Secretary's Note.)

FIXED-BASE OPERATIONS AT UNIVERSITY OF ILLINOIS AIRPORT

(13) The Institute of Aviation is the University's administrative agency responsible for the promotion and correlation of educational, research, and public service programs relating to aviation in all departments of the University. Its teaching programs include University credit courses in aircraft maintenance and professional pilot or flight training. In its cooperative relationships with other departments of the University, the Institute provides a variety of research facilities at the University of Illinois Airport. Its public service functions include flight service for faculty and staff traveling in connection with University business; and aircraft storage, mechanical repair and fueling, these latter services also being available to the general public. Under agreements with the Federal Aviation Agency and the state of Illinois, such services are legal and proper in all respects, so that in effect the University has been its own "fixed-base operator."

Other functions of a fixed-base operation which the University does not offer are the sale of aircraft, public aircraft charter service, and public flight instruction, since these services have been adequately provided by other airports in the community.

The Institute has been asked to permit a fixed-base operation on the Airport by a private operator or operators. The Federal Aviation Agency has advised that under the University's agreement with it, the University must permit any qualified person who applies for the same to become a fixed-base operator at the Airport under general and reasonable rules adopted by the University. The Legal Counsel has advised that he is of the opinion that the University may and should follow the present opinion of the Federal Aviation Agency as to what fixed-base operations the University may and should permit and what operations it may legally reserve to itself.

Accordingly, the Director of the Institute has proposed the following statement of policy to be adopted by the Board to govern such future private operations at the Airport:

1. Any future expansion of airline service by common carrier by air to the community shall be permitted upon the same general terms as now exist or may exist in the future between the University and Ozark Air Lines.
2. It is the policy of the Board to abide by the obligations assumed by the University under its Sponsor's Agreements with the Federal Aviation Agency, including the provision for qualified fixed-base operators to base upon and operate from the University of Illinois Airport upon payment to the University of reasonable charges and rentals for the privileges granted and the land or facilities provided by it to each such operator. Such operations shall be in accordance with the terms of the University's assurances under the Federal Airport Act, the regulations of the Federal Aviation Agency, and any other pertinent legal rules, but with exclusive reservation to the University of all rights for the sale of aviation gasoline and oil, University staff air transport service, flight instruction for University staff and students for which University credit is given, and repair and storage of aircraft and aircraft accessories, except those aircraft and aircraft accessories owned and operated by a fixed-base operator.
3. The basic qualifications which must be possessed by an applicant to be considered for a lease as a fixed-base operator to operate upon and from the University of Illinois Airport are set forth in Appendix A and are declared to be a part of this statement of policy.
4. Any construction of buildings on the Airport needed by a fixed-base operator, and which the University does not erect, shall be in accord with the master plan of the Airport and in accord with the plans and specifications approved by the University. All buildings or improvements must be aesthetically compatible with other buildings on the Airport and be reasonably suitable for the aeronautical purposes for which the tenant proposes to use the premises.
5. No leases at the Airport shall exceed the unexpired portion of the twenty-year period existing under the latest grant from the Federal Aviation Agency.
6. Negotiations with applicants for fixed-base operating rights shall be handled by the Director of the Institute of Aviation who shall have full authority to represent the University, to prepare contracts in accordance with the University Statutes and the Rules of Organization and Procedure, and to submit them to the Board for action.

Adoption of the above would put the University on record with the general public and the Federal Aviation Agency as to the University's general Airport policy. Any future construction contracts or leases would follow the usual business procedures and would be subject to approval by the Board of Trustees.

I concur.

Appendix A. General Qualifications for Fixed-Base Operators

Every person or firm applying for status as, or desiring to become, a fixed-base operator at the University of Illinois Airport will be required to meet the following general qualifications:

1. The applicant must present evidence satisfactory to the Board of Trustees of the University of Illinois of his financial capability to perform the contemplated operation. This shall include a credit rating without anything derogatory

- appearing thereon, present financial solvency as shown by a satisfactory financial statement, and available funds for the necessary investment to establish and carry out the Fixed-Base operation proposed, together with such additional information as may be appropriate in particular cases.
2. Every individual applicant, and all the officers of any corporate applicant, and all partners in any partnership applicant, shall be of good moral character. References will be required. Each applicant shall agree to require these same qualifications of each of his employees.
 3. Every applicant will be required to provide a satisfactory bond conditioned on his continuation in the business of the Fixed-Base operation applied for, for at least two years, in an amount commensurate with the type of Fixed-Base operation applied for.
 4. Every applicant will be required to show that he either owns and possesses or has definite commitments for satisfactory plant, equipment, tools, and other materials necessary to carry out the purpose of the proposed Fixed-Base operation, including all franchises and other contracts or approvals which are reasonably necessary for the type of Fixed-Base operation proposed.
 5. Every applicant will be required to show that he has in his employ, or has commitments for the employment of, qualified personnel for all phases of the performance of the contemplated Fixed-Base operation. In positions where such is necessary, the applicant shall show that he has commitments from personnel having current all the necessary aeronautical certificates and ratings.
 6. Every applicant will be required to indemnify the Board of Trustees of the University of Illinois against any loss arising out of his Fixed-Base operation, the form of such indemnity agreement to be approved by the Legal Counsel. To further insure the performance of such indemnity agreement, each such applicant will be required to furnish insurance commensurate with the particular type of operation applied for, and a performance bond guaranteeing the performance of all conditions of his agreement with the Board of Trustees of the University of Illinois, including the aforementioned indemnity agreement, and shall be executed by a corporate surety having a policyholder's rating not lower than "A" and a financial rating not lower than "AA" in the current issue of Best's Insurance Guide. Where practicable, this bond may be combined with the bond required in paragraph 3 hereof, provided that no less protection shall be afforded by such combined bond than would be provided by separate bonds under this paragraph and paragraph 3.
 7. Every applicant will be required to present evidence satisfactory to the Board of Trustees of the University of Illinois of his experience either in the type of fixed-base operation applied for or in other types of businesses where problems similar to those involved in such a fixed-base operation would have been encountered.
 8. Every applicant must present evidence that he is fully qualified to contract with the Board of Trustees of the University of Illinois, and not prohibited from so doing by any provision of the Illinois Constitution or any applicable Illinois statute, or any rule or regulation thereunder, or under the statutes of the Board of Trustees of the University of Illinois.
 9. Every applicant shall, when submitting his application, enclose therewith a concrete proposal covering in detail all facets of his proposed fixed-base operation.
 10. Every applicant applying for a fixed-base operation which will entail the construction by the applicant of any building on the Airport premises shall, with his application, submit plans for such building drawn by a competent and reputable architect. Such plans must conform to paragraph 4 of the Statement of Policy.
 11. Every applicant must agree to abide by and comply with all applicable provisions of the most recent Agreement between the Board of Trustees of the University of Illinois and the United States of America, including, but not limited to, the following:
 - a. To furnish good, prompt, and efficient service adequate to meet all the demands for its service at the Airport;
 - b. To furnish said service on a fair, equal, and nondiscriminatory basis to all users thereof;
 - c. To charge fair, reasonable, and nondiscriminatory prices for each unit of sale or service: provided, that the contractor may be allowed to make

reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers; and

- d. To observe, abide by, and comply with all applicable federal and state laws, rules, and regulations.

On motion of Mr. Swain, the foregoing statement of policy and the specifications of qualifications for fixed-base operations were adopted.

APPROPRIATION FOR GRADUATE FELLOWSHIPS FOR 1961-62

(14) The Dean of the Graduate College recommends that funds for graduate fellowships for 1961-62 be committed at this time so that fellowship awards can be made and announced by April 1, 1961. Accordingly, I recommend that an assignment of \$282,500 be authorized to support fellowships, \$262,500 for graduate study at Urbana-Champaign and \$20,000 for fellowships at the Chicago Professional Colleges. This represents, at the current stipend level, the same number of fellowships awarded in the past several years and the assignment will constitute a lien on the University's operating budget for 1961-63.

On motion of Mr. Clement, the appropriation was made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(15) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. College of Agriculture

Department of Food Technology, office space.....	\$ 4 445 00
(To divide Room 106 into a lecture room and laboratory and to convert Room 107, present seminar room, into three offices)	
Department of Food Technology, remodeling Dairy Manufactures Building.....	5 000 00
(To complete the remodeling program in the Dairy Manufactures Building started in 1955. This will provide air conditioning and a center bench and sink for research by graduate students in the microbiology of dairy products.)	
Agricultural Engineering Building, rewiring.....	4 740 00
(To replace individual circuits running from the service panels previously installed)	
2. College of Physical Education, Huff Gymnasium pool improvements
(To improve the ventilating and heating system to reduce dampness and humidity, a source of danger to the health of swimmers and spectators) 3 360 00
3. College of Veterinary Medicine, remodeling of Small Animal Clinic
(To repair and remodel the east wing of the Small Animal Clinic to provide an additional ward and one examination room) 3 820 00
4. Statistical Service Unit, remodeling..... 6 780 00
(This is a supplementary assignment to complete the remodeling of the Statistical Service Unit; a previous assignment of \$68,000 was made for this remodeling, based on an estimate which was too low)

Total..... \$28 145 00

I concur.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

ANNEXATION OF LAND TO CITY OF URBANA

(16) The city of Urbana has requested that forty acres of land west of Race Street, between Montclair Road extended and George Huff Drive extended, be annexed to the city. The Orchard Downs apartments are located on this site.

I concur in this and recommend adoption of the following resolution:

Resolution

Be It, And It Is Hereby, Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that this public corporation authorize, endorse and approve the annexation to the City of Urbana of the following described property owned by this public corporation, to wit:

The Southeast Quarter (SE $\frac{1}{4}$) of the Northwest Quarter (NW $\frac{1}{4}$) of Section Twenty (20), Township Nineteen North (T 19 N), Range Nine East (R 9 E), of the Third Principal Meridian (3rd P.M.), containing 40 acres, more or less;

all situated in the County of Champaign and State of Illinois.

Be It, And It Is Hereby, Further Resolved by said Board of Trustees of said public corporation that the Comptroller and Secretary of said public corporation be, and they are hereby, authorized and empowered, for and on behalf of said public corporation, to make, execute, acknowledge, and deliver any and all legal writings, agreements, papers, and documents reasonably necessary to perform, accomplish, and effectuate such annexation of said property.

On motion of Mr. Pogue, the foregoing resolution was adopted.

URBANA STORM DRAINAGE IMPROVEMENTS

(17) The Board of Trustees has approved the payment of the University's proportionate share of the cost of two storm drainage improvements:

The University Downs-Southeast Campus Storm Sewer, starting at a point west of Race Street and north of George Huff Drive, thence southwest to the junction with the Embarrass River at the southwest corner of Section 30, a distance of approximately 9,300 feet; and the

Urbana Storm Drainage Improvements-Northwest Drainage Basin which extends north of Springfield Avenue.

The first of these will serve University land areas south of Florida Avenue and west of Race Street; and the second will serve University properties on either side of Goodwin Avenue north of Springfield Avenue.

The University's contributions are determined by an independent engineering appraisal and evaluation of the benefits to the city and to the University. Such an evaluation has been made by Wilson and Anderson, Consulting Engineers, Champaign, who have determined that the University will receive benefits from 56 per cent of the cost of the southwest storm sewer from the point of origin to the junction of the Embarrass River. On the basis of construction bids received, the University's share of the cost will be \$181,487.33, subject to adjustment for change orders approved by the University.

In order that the city could award the construction contracts and begin work promptly the Comptroller and the Secretary of the Board have executed an agreement with the city on this basis, providing for the payment of \$62,300 in thirty days after completion of the work and the remainder in two successive biennial periods, subject to availability of funds for this purpose. Funds for the current biennium are available in the state capital appropriations to the University for 1959-61.

Confirmation of this action and assignment of \$62,300 from the state capital appropriations for this purpose is requested.

The city of Urbana has agreed to accept a payment of \$20,000 for the University's share of the cost of the north Urbana project which is within the estimates made by Wilson and Anderson. In addition, the University must pay for relocating its utilities crossing Goodwin Avenue, estimated to cost \$16,500.

The Director of the Physical Plant and the Vice-President and Comptroller recommend acceptance of the city's proposal and that an appropriation of \$36,500 be made from the General Reserve for this improvement.

I concur.

On motion of Mr. Johnston, these recommendations were approved and funds were assigned as requested; this action was taken by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr.

Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACTS FOR CONSTRUCTION OF ENTOMOLOGY BUILDING

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts for the construction of the Entomology Laboratory Building as follows, the award in each case being to the lowest bidder:

Less deductive alternate for omission of air conditioning..	1 235

Funds are available from the following sources:

National Institutes of Health grant.....	\$ 693 015
State capital appropriation for 1959-61 for Health Research Facilities	932 500
Assignment of University funds from Indirect Costs (from research contracts).....	170 000
Total.....	\$1 795 515

Submitted herewith is a report from the Physical Plant Department on this project including a list of all bids received, a copy of which is being filed with the Secretary of the Board for record. As indicated in this report, alternate bids were taken to secure a breakdown of the bidding so that contracts could be awarded in terms of available funds. Two Alternates (A and B), totaling \$81,645, provide for a second group of fixed equipment and a final group of fixed equipment, respectively. A third (Alternate C) provides for omission of the air conditioning system, totaling \$88,835. The contractors who are being recommended have agreed that the work covered by these alternates may be restored to the project at any time prior to July 31, 1961, since a decision on them is not essential until that date. It is therefore recommended that authority be given at this time to restore the omitted items to the project if an additional \$170,000 is made available from federal funds or other sources prior to July 31, 1961. Negotiations are now under way for an additional federal grant to match the \$170,000 University appropriation.

I concur in these recommendations.

On motion of Mr. Swain, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACT FOR MASONRY REPAIRS ON CHICAGO PROFESSIONAL COLLEGES BUILDINGS

(19) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$10,500 to W. L. Kercher Company, Chicago, the lowest bidder, for tuckpointing and masonry repairs on Chicago Professional Colleges buildings.

The work will consist of repairs to brick and stone copings and side walls, where weathering of mortar has caused deterioration, on the first and second units

of the Dentistry-Medicine-Pharmacy Building, the Research and Educational Hospitals original building, and the Illinois Surgical Institute Building. This tuckpointing program is of a continuing nature to insure proper maintenance of buildings.

Funds are available in the Physical Plant Department budget.

I concur.

On motion of Mr. Harewood, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACT FOR REMODELING IN FIRST UNIT OF THE DENTISTRY-MEDICINE-PHARMACY BUILDING

(20) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$4,184 to the Gardner Construction Company, Oak Park, Illinois, the lowest bidder, for remodeling in the first unit of the Dentistry-Medicine-Pharmacy Building.

This will consist of general contract work, including wrecking, plaster patching, new floor covering, painting, decorating, and connection of laboratory furniture, in remodeling a room for the Department of Biological Chemistry for use in graduate teaching and research.

This will be paid for partly from University funds and partly from matching funds received from the National Science Foundation.

I concur.

On motion of Mr. Hughes, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACT FOR INSTALLATIONS OF AIR CONDITIONING IN NEW PHYSICS BUILDING

(21) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$176,320 to F. R. Inskip and Company, Champaign, the lowest bidder, for air-conditioning installations and incidental work in the new Physics Building.

The Physics Building is being constructed in stages, the first stage having been substantially completed and has been in service since October, 1959. The contract for air conditioning now recommended is on a base bid of \$133,220 for installations in the present building with an alternate bid of \$43,100 for the provision of a second compressor in the basement mechanical equipment room which will be required for air conditioning the second stage of construction of the building. Installation of the second is desirable at this time because it is necessary to provide a major opening in the basement wall and major excavation adjacent thereto in order to install either one or two compressors. Installing both now will result in a saving of money and avoid reconstruction of the lawn and landscaping in front of the building.

Funds are available in the state capital appropriations to the University for 1959-61.

Attached is a report from the Physical Plant Department on this project including a schedule of all bids received.

I concur.

On motion of Mr. Herrick, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACT FOR SCULPTURAL WORK FOR EXTERIOR OF KRANNERT ART MUSEUM

(22) Mr. Herman C. Krannert, principal donor of the Krannert Art Museum, has authorized the University to commission a sculptural work for the exterior of the

Museum for which he will contribute the funds directly to the University. This will be a bronze casting and the Director of the Krannert Art Museum has negotiated with Mr. Mirko Basaldella, of Rome, Italy, a sculptor, presently a Visiting Professor at Harvard University, to do the work according to the following terms.

One third of the sculptor's fee will be paid on completion and approval of the model.

One third will be paid at time of casting and finishing the bronze.

One third will be paid at time of delivery to the Krannert Art Museum.

The sculptor will make adequate provision for run off of water to prevent discoloration of marble facing.

Installation of work will be paid for by the University of Illinois.

Travel in the United States and incidental expenses incurred by Mirko Basaldella will be paid by the University of Illinois.

I recommend acceptance of the offer and authorization of a contract with the artist according to the general terms outlined and within the funds to be made available for this sculpture; and said contract to include such other provisions as may be deemed necessary.

The Secretary reported that Mr. Krannert has offered to contribute \$24,000 for this sculpture.

On motion of Mr. Swain, this offer was accepted and a contract was authorized as recommended, according to the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

EXCHANGE WITH SMITHSONIAN INSTITUTION OF ARCHIE F. WILSON WOOD SPECIMENS COLLECTION FOR OTHER BOTANICAL SPECIMENS

(23) In 1952 Mr. Archie F. Wilson of Flossmoor executed a deed of gift of his wood specimens collection and library materials to the University, but retained possession of it during his lifetime. Prior to his death in the summer of 1960, Mr. Wilson informed the University that he desired the Smithsonian Institution to have his collection.

An agreement has been reached whereby the Smithsonian Institution will give the University herbarium specimens of equivalent value in exchange for the Wilson collection. The Chairman of the Department of Botany, the Vice-President and Comptroller, and the Legal Counsel recommend authorization of this exchange as the specimens to be received will be of greater value to the present research and teaching program of the Department than the Wilson collection.

I concur.

On motion of Mr. Johnston, this exchange was authorized.

FORD FOUNDATION GRANT FOR ENGINEERING FACULTY RECRUITMENT AND DEVELOPMENT PROGRAM

(24) The Ford Foundation has made a grant of \$75,000 to the University to be used over a period of one to two years for the experimental Engineering Faculty Recruitment and Development Program. I have accepted the grant on behalf of the University with a suitable expression of appreciation on behalf of the Trustees and other University officials concerned and I report my action for official record.

This supplements a previous grant of \$275,000 to the University, as reported to the Board on October 21, 1959, for experimental projects for strengthening engineering faculties.

This report was received for record.

REPORT ON LAND ACQUISITIONS

(25) The Director of the Physical Plant and the Vice-President and Comptroller submit the following report of property purchases authorized by the Board since the last report (Board meeting, January 20, 1960) and now completed. Those indicated by asterisks were purchased directly by the University. The others have

been acquired for the University by the University of Illinois Foundation which is financing the purchases until funds are available for acquisition by the University.

BUILDING PROGRAM FOR 1961-63

(29) The University's Building Program Committee has recommended some changes in the building program for 1961-63 since its adoption by the Board of Trustees on July 26, 1960. At the request of President Henry, Director C. S. Havens presented the Committee's recommendations.

The University Building Program Committee reports that since its recommendations were submitted to and approved by the Board of Trustees on July 26, 1960, the following developments will require increasing the recommendations of the Committee if these programs are to be undertaken:

1. Construction of a Materials Research Project by the Atomic Energy Commission. Although the building will be constructed by the Commission, the University will have to assume the following increased costs:

a. Increase in the utilities distribution system and power plant—\$483,000. The University will be required to divert the existing utilities around the site, plus the extension of utility services (steam, electrical, storm sewer,

sanitary sewer, water, telephone, and fire alarm) to within five feet of the building, including an extension of the steam tunnel from the south side of Green Street, north along the east side of Goodwin Avenue to the site.

The above expenditures will be required for any construction undertaken on this site. The Materials Research Project merely advances the time when such expenditures become necessary.

- b. Increase the funds for the construction of the Physical Plant Service Building—\$152,000.

These funds are required to vacate the Physical Plant facilities (in addition to those that would be vacated in the appropriation recommended by the Committee) now on the site.

2. Expansion of the land acquisition program, Urbana-Champaign—\$600,000. This increase is recommended in order to:

- a. Provide additional staff office space. This is the most critical need of the University until construction is completed on new building projects.

- b. Make payments on properties purchased by the Foundation during the current biennium in excess of provisions made in the recommendations of the University Building Program Committee (the purchases developed following the submission of the Committee's report).

3. Increase in funds for public improvements—\$226,503. This increase will be required to meet the University's proportionate share of public improvements sponsored by the Upper Embarrass River District, the city of Urbana, the Urbana and Champaign Sanitary District, and the city of Champaign.

In general, this increase results from the receipt of firm cost estimates which were only tentative at the time the University Building Program Committee report was submitted. Only one new project, a proposal by the city of Champaign, has been added.

The Committee recommends amending the building program for 1961-63 to include funds, totaling \$1,461,503, for the additional improvements and land acquisitions described above.

President Henry stated that he concurs in these recommendations.

On motion of Mr. Swain, the building program for 1961-63 was amended in accordance with the changes recommended above; this action was taken by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

SUPREME COURT DECISION ON GARFIELD PARK LAND ACQUISITION

(30) As previously reported to the Board of Trustees, two actions were instituted in the Circuit Court of Cook County challenging the right of the Chicago Park District to convey certain lands in Garfield Park to the University of Illinois for use as the permanent site of a Chicago campus of the University. The plaintiffs in one action are three taxpayers who own land across the street from or in the immediate vicinity of the Garfield Park site. The plaintiffs in the other action are the People of the State of Illinois and two taxpayer intervenors who own land located in the downtown Chicago business district.

The Circuit Court in these proceedings held that the Act of the General Assembly of Illinois, approved July 22, 1959, authorizing the Chicago Park District to convey park lands to the University, is unconstitutional and the Court enjoined the Chicago Park District from taking any steps to convey, and the University from taking any steps to acquire, any interest in Garfield Park.

The Board of Trustees on September 21, 1960, voted to appeal this decision without prejudice to any alternate sites which may be proposed by the city of Chicago and its City Planning Department, and the appeal was taken.

On January 17, 1961, the Supreme Court of Illinois in an opinion identified as Docket Nos. 36171-36172 Cons.—Agenda 38—November 1960.

The People of the State of Illinois, Appellee, v. Chicago Park District *et al.*, Appellants.—Mangialardi *et al.*, Appellees, v. Chicago Park District *et al.*, Appellants.

reversed the decrees of the Circuit Court of Cook County and the causes were remanded to that Court for the entry of decrees in accordance with the views

expressed in the Supreme Court opinion. A copy of the Opinion has been filed with the Secretary of the Board for record.

The Legal Counsel discussed this Opinion and explained the implications of a possible request for a rehearing by the Appellees or an appeal by them to the Supreme Court of the United States. He subsequently submitted in writing a report of his presentation, a copy of which is also filed with the Secretary for record.

CHICAGO UNDERGRADUATE DIVISION — HARRISON-HALSTED STREETS SITE STUDIES

(31) Director C. S. Havens of the Physical Plant presented this report, illustrated with maps of the area.

Since the previous meeting of the Board of Trustees, architectural and engineering studies of existing utilities which would be affected in the redevelopment of the area, traffic, and parking facilities have been completed. Director Havens described the land use in the area surrounding the site. The city of Chicago has offered to reroute its utilities in the major portion of the area which would be needed for immediate construction of buildings for the University's Chicago Undergraduate Division. It is estimated that rerouting the Commonwealth Edison Company's utilities and distribution system in the area would cost from \$15,000,000 to \$25,000,000, and three to five years would be required to accomplish this. The cost of relocating the Vernon Park sub-station in the area would be in excess of one million or one and one-half million dollars. Construction over the utilities is possible if certain clearances are observed. It is obvious that the cost of relocating the Commonwealth Edison Company's installations is prohibitive, and relocation of other utility installations would not be justified except for minor sections as the site planning may require. However, the Vernon Park sub-station would probably prove to be a major restriction in site planning.

A traffic transportation and parking analysis made by Barton-Aschman Associates, Inc., as a part of the study of the Harrison-Halsted Streets site, indicates that:

Parking spaces for 5,600-6,600 automobiles would be needed to serve an enrollment of 23,000 students and the staff to teach them; 80 to 90 per cent of the campus traffic would approach the site along, or through, the north and east boundaries of the site by way of expressway routes and street system;

Assuming that future scheduled highway improvements are completed which would relieve non-University traffic pressure on the adjacent expressway ramps and interchanges, existing ramps and bridge are adequate for access to, and exit from, the expressways;

The added University traffic will require possible street widening (including Halsted Street), intersection improvements, realignments and rush-hour parking restrictions;

Relocation of Halsted Street does not seem feasible; and

The Harrison-Halsted Streets area is highly accessible by public transportation.

Site planning studies for building relocation are being developed and should be completed within two weeks. Following the completion of the site planning studies, the next step is to evaluate the Harrison-Halsted Streets site in comparison with the Garfield Park site. This procedure will require the receipt of information from the city of Chicago and from the Chicago Park District concerning such questions as the relocation and closing of streets, the phasing on the land to be purchased and the cost of such land. The time required to complete the evaluation studies is dependent on when this additional information is received.

This report was received for record.

HEARING OF STUDENT REPRESENTATIVES FROM THE CHICAGO UNDERGRADUATE DIVISION

Mr. Robert Snape and Mr. Dennis Sherman, students at the Chicago Undergraduate Division, appeared at the meeting requesting to be heard on behalf of a larger delegation of students.

On motion of Mr. Swain, the request was granted.

Mr. Snape addressed the Board briefly, urging that an early decision be made in the selection of a site for the Chicago Undergraduate Division, and that plans proceed as rapidly as possible in the development of four-year programs leading to degrees.

SALE OF SECURITIES

Mr. Swain, for the Finance Committee, offered the following resolution:

WHEREAS, The Board of Trustees of the University of Illinois is the owner of, to wit, 700 shares of Wisconsin Power and Light common stock, and

WHEREAS, the Finance Committee of said Board has determined that it is advantageous to sell the above listed securities,

Now, Therefore, Be It Resolved by the Board of Trustees of the University of Illinois that these securities be sold and that H. O. Farber, Comptroller, and A. J. Janata, Secretary, be authorized to execute all documents necessary to complete such sale.

This resolution was adopted.

CLAIM OF R. V. MONAHAN CONSTRUCTION COMPANY

(32) As reported to the Committee on Buildings and Grounds and other Trustees, this Company has made certain claims under its contract with the University for the construction of an addition to the Abbott Power Plant which have not been resolved through negotiations, the Company having rejected offers made by the University, and the Company has requested a hearing by the Board of Trustees.

This request was referred to the Committee on Buildings and Grounds.

RECESS AND EXECUTIVE SESSION

On motion of Mr. Swain, an executive session was ordered for consideration of reports and recommendations relating to a property acquisition and the employment of personnel, to be held following a recess for luncheon which was taken at this point.

When the Board reconvened, the same members and officers of the Board and of the University were present as recorded at the beginning of these minutes.

PURCHASE OF PROPERTY AT 507 EAST DANIEL STREET, CHAMPAIGN

(1) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 507 East Daniel Street, Champaign, at a price of \$65,000 in accordance with the terms and conditions stated below. This is a negotiated price and is consistent with independent appraisals secured by the University.

This property, described as Lot 2 in Block 2 of A. T. Hall's addition to the city of Champaign, is a lot 99.3 feet by 173.25 feet, a land area of approximately 17,200 square feet, and a three-story and basement frame building, formerly a large residence but now remodeled into an apartment house with eight units. The area is zoned for multiple family use.

The property is within the area of the University's land acquisition program and is included in plans for campus expansion. It is well located for interim use as housing for women or to provide temporary space for staff offices. There is a critical shortage of housing for single undergraduate women and no additional space in University housing will be available until construction of the next residence hall for women.

The building will accommodate eighteen undergraduate women and a Head Resident. The apartments would justify the same rental rate as is charged in the Arbor Suites, or \$460 per occupant per academic year. This rental would cover all maintenance and operating expenses and net approximately \$3,780 a year.

The original asking price was \$75,000 but as the result of negotiations the

owners have agreed to accept \$65,000, and to give possession no later than July 31, 1961, payment in full to be made at that time. Conveyance of the property would be subject to the rights of tenants whose leases will expire not later than September 1, 1961. The sellers would pay the real estate taxes for the year 1960, due in 1961; and taxes for the year 1961 payable in 1962 would be pro-rated between them and the University as of the date of possession on the basis of the calendar year and the 1960 taxes.

Funds are available in the Housing Division surplus and reserves for the purchase of the property.

I recommend: (a) approval of this property purchase at the price indicated; (b) that the Comptroller and the Secretary of the Board be authorized to execute a contract for the same, subject to its approval by the Legal Counsel; and (c) that funds be assigned from Housing Division surplus and reserves for the acquisition of this property, provided that funds so advanced will be repaid from the income of the property if used for housing, and provided further that in the event the house is converted to general University use at some future time, other University funds be transferred to the Housing Division for the liquidation of the balance of the funds advanced.

On motion of Mr. Pogue, the purchase of this property at a price of \$65,000 was authorized in accordance with the terms indicated, and the other foregoing recommendations were approved; this action was taken by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

SPECIAL COUNSEL FOR GARFIELD PARK LITIGATION

(2) Mr. Albert E. Jenner, Jr., of the law firm of Thompson, Raymond, Mayer, Jenner, and Bloomstein, Chicago, has been serving as special counsel in the appeal to the Supreme Court of Illinois of the decision of the Circuit Court of Cook County in the Garfield Park case. The Legal Counsel requested instructions concerning further employment of Mr. Jenner and his firm in the event the Appellees seek a rehearing by the Supreme Court of Illinois or appeal is taken to the Supreme Court of the United States.

On motion of Mr. Swain, the Board authorized the continued employment of Mr. Jenner and his firm to such an extent as in the judgment of the President of the University and of the Legal Counsel is deemed advisable.

APPOINTMENT OF CHARLES E. FLYNN AS ASSISTANT TO THE PRESIDENT

(4) The appointment of Dr. Joseph S. Begando as Vice-President in charge of the Chicago Professional Colleges has created a vacancy in the position of Assistant to the President for institutional relations and development activities which Dr. Begando has held since September 1, 1958.

To fill this vacancy I recommend the appointment of Mr. Charles E. Flynn, now Director of Public Information, effective March 1, 1961. In this position, Mr. Flynn will represent the President in coordinating relationships with the University of Illinois Foundation, the University of Illinois Alumni Association, and in alumni affairs in general. He will serve as Chairman of the University Committee on Institutional Gifts and Development. He will assist the President in relationships with advisory committees, civic groups, and constituencies with which continuing liaison must be maintained. He will have specific assignments in the general area of institutional relations and development. He will work closely with faculty and administrative officers in these assignments.

Mr. Flynn will retain administrative responsibility for the Office of Public Information.

The salary adjustment in this appointment will be made when the budget for 1961-62 is recommended to the Board.

On motion of Mrs. Watkins, this appointment was approved.

Now, Therefore, Be It and It Hereby Is Resolved by The Board of Trustees of the University of Illinois, as follows:

SECTION 1. That said Original Resolution be amended by adding the following sentence at the end of and to Sub-Section (b) of Section 6 of said Original Resolution:

WHEREAS, The Board of Trustees of the University of Illinois on September 18, 1956, did duly adopt a resolution authorizing the issue of Women's Residence Halls Revenue Bonds of 1956 of The Board of Trustees of the University of Illinois in the principal amount of \$3,100,000 for the purpose of providing funds necessary to construct, complete, and equip an addition to the Lincoln Avenue Residence in the City of Urbana, Illinois, fixing the date, maturities, form, and other details of said Bonds, and making covenants and provisions for the payment of said Bonds and the interest thereon, which resolution is hereinafter called "Original Resolution"; and

ADJUSTMENT OF BIENNIAL OPERATING BUDGET

(6) The National Defense Student Loan Program requires that each institution provide funds equal to one-ninth the contribution by the federal government. To date the University has been able to provide matching funds from uncommitted gifts for student aid. However, it appears that before the end of the next biennium such funds remaining will be inadequate to meet the matching requirements of the federal government.

The Vice-President and Comptroller and the Vice-President and Provost recommend that the biennial budget requests from the University Income Fund be increased by \$56,000 for the biennium for this purpose.

I concur.

On motion of Mr. Johnston, this adjustment in the budget was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Kerner.

EXPANDED EDUCATIONAL PROGRAM FOR THE CHICAGO UNDERGRADUATE DIVISION

(7) At the meeting of the Board of Trustees on January 18, 1961, the Board received recommendations relating to educational policies and plans for the organization of educational programs involved in the expansion of the Chicago Undergraduate Division into a degree-granting branch of the University, with the request that action on these be deferred pending study and review by the Board of Trustees. I now recommend that they be adopted.

On motion of Mr. Johnston, the recommendations of the President as printed on pages 310 and 311 of the minutes of January 18, 1961, were approved.

ARCHITECTS FOR NEW BUILDINGS

(8) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of contracts for architectural and engineering services for the following building projects:

College of Education Building

Lundeen and Hilfinger, Bloomington, for complete architectural services at a fee of 6 per cent of construction costs. This firm will give the University credit for payments made to Professor A. Richard Williams, who did the preliminary design work on this building.

Research Laboratory for Department of Food Technology

Glenn G. Frazier and Associates, Urbana, at a fee of 6 per cent of the construction costs, provided that the initial assignment will be limited to preliminary studies at a cost of approximately \$10,500. Working drawings and

completion of architectural services will require an additional \$28,000. Construction of the building is subject to the availability of funds from federal and other grants; funds are presently available for the preliminary studies.

Remodeling of Interior of Armory

Clark, Daily, and Dietz, Urbana, to design the interior remodeling and construction at a fee of 6 per cent of construction costs. The interior construction is to provide new quarters, including classrooms, offices, workshops, and laboratory facilities, for some of the services of the Department of Speech and Theatre and the Colleges of Fine and Applied Arts and Commerce and Business Administration now housed in the Sixth Street Building and which will need to be rehoused when that building is removed to provide a site for the new College of Commerce and Business Administration building.

The estimated cost of the engineering services is \$15,000 for which an appropriation is requested.

I recommend award of these contracts and an appropriation of \$15,000 from the General Reserve Fund for the services on the Armory project.

On motion of Mr. Pogue, these contracts were awarded as recommended; and the requested appropriation of \$15,000 was made. This action was taken by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Kerner.

APPROPRIATION FOR JOINT COUNCIL ON HIGHER EDUCATION

(9) The Illinois Joint Council on Higher Education, established informally some twenty years ago as the "General Council of the Six State Supported Institutions of Higher Education in Illinois," consisting of the presidents and other representatives of the state universities,¹ meets regularly four times a year for consideration of educational programs, policies, and other subjects of mutual interest and for joint planning. In recent years, it has conducted inter-institutional studies as background for action by the member institutions. The original fund set up to finance these studies through payments by the universities has now been entirely used, and additional funds are needed for further studies and planning. It is contemplated that a qualified professional appointment will be made for this purpose. The University of Illinois share of this undertaking for one year is computed at \$14,000.

I recommend an assignment of this amount from the University's General Reserve to the agency account of the Joint Council.

On motion of Mrs. Watkins, this appropriation was made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Kerner.

AGREEMENT WITH CITY OF URBANA FOR CONSTRUCTION OF TRAFFIC SIGNALS AND IMPROVEMENT OF ORCHARD STREET EXTENDED

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of an agreement with the city of Urbana for the installation of traffic signals at Florida Avenue and Orchard Street in accordance with the provisions stated below. Florida Avenue is now a through street, and signals are needed to reduce hazards at this intersection which is the traffic access to and from the Orchard Place Apartments.

The city will assume the cost of engineering for the installation, including award of contracts and field supervision; the University will pay the city for the actual cost of the installation, estimated at \$8,500.

The University will also construct approximately 155 lineal feet of pavement, 34 feet wide on Orchard Street extended, south of the intersection, at an estimated cost of \$7,500.

Funds are available in the construction budget for the Orchard Place Apartments.

I concur.

On motion of Mrs. Watkins, this agreement was authorized.

CONTRACT FOR EXTENSION OF UTILITIES TO ENTOMOLOGY LABORATORY

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following contracts to the lowest bidders on the extension of steam and electrical service to the Entomology Laboratory which is being constructed as an annex to Burrill Hall:

Submitted herewith is a report from the Physical Plant Department on this project, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Swain, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Kerner.

QUARTERLY REPORT OF THE COMPTROLLER

(15) The Comptroller presented his quarterly report to the Board as of December 31, 1960.

This report was received for record, and a copy has been filed with the Secretary of the Board.

GENERAL ASSEMBLY RESOLUTION ON BOARD OF TRUSTEES MEETING

(16) State Representative Paul Simon of Troy, and of the Fifty-third Representative District in the Seventy-second General Assembly of Illinois, has introduced in the House of Representatives a resolution that it "go on record as urging the Board of Trustees of the University of Illinois to hold meetings of the Board of Trustees open to the public. . . ." He sent a copy of the resolution to the President of the University with a letter stating that "If there is a change in

procedure to conform with the spirit and letter of the law, no effort will be made to secure passage of the Resolution."

Since the resolution has to do with the procedures of the Board of Trustees the President transmitted it, together with Mr. Simon's letter and his reply, to the Board for its consideration. In replying to Representative Simon's letter, the President of the University pointed out that the regular meetings of the Board of Trustees have been open to the public for nearly twenty years and that the only items of business conducted in executive session are personnel matters, property acquisitions or sales, patentable inventions, and classified contracts with the United States Government. There has been some public discussion as to whether committees of the Board of Trustees should be required to have public meetings. Mr. Simon has been informed that these committees are advisory and are organized for study purposes. They do not have power to act for the Board and any recommendations for action are presented to public meetings of the Board. The University's Legal Counsel has advised the Board that under state law these committees are not required to have public sessions even though some of the committees have in fact held such sessions.

Copies of the resolution and correspondence with Representative Simon are being filed with the Secretary of the Board for record.

Mr. Clement called attention to the opinion of the University's Legal Counsel, dated April 11, 1960, and suggested that it be made available to the public.

Following discussion of the resolution in which all of the Trustees participated, on motion of Mr. Clement, the Board voted approval of the reply made by the President of the University to Representative Simon as representing the views of the members of the Board of Trustees, and public release of the Legal Counsel's opinion was authorized.

The opinion and copies of the correspondence with Mr. Simon were released to representatives of the press at the meeting.

CONTRACT FOR REMODELING IN DENTISTRY-MEDICINE-PHARMACY BUILDING

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$2,868 to the Simpson Construction Company, Chicago, for remodeling of quarters for the Department of Anatomy in the Dentistry-Medicine-Pharmacy Building in Chicago.

The work will consist of connection of utilities to laboratory furniture which is being furnished under another contract, the installation of new floor tile and base, and new lighting. This improvement is to develop a senior research laboratory for the Department of Anatomy under a matching funds program for which a grant has been received from the National Science Foundation.

Although bids were invited under the standard procedure of advertising, and four contractors indicated interest in the bidding, the Simpson Construction Company is the only bidder.

I concur in the recommendation.

On motion of Mrs. Watkins, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Kerner.

CHANGE IN CONTRACT WITH PATRICK WARREN CONSTRUCTION COMPANY FOR CONSTRUCTION OF ADDITION TO RESEARCH AND EDUCATIONAL HOSPITALS

(18) Submitted herewith is a report prepared by the Legal Counsel on behalf of himself and the Director of the Physical Plant and the Vice-President and Comptroller which explains the now existing situation with respect to the assertion of certain claims arising out of the construction of the addition to the

University's Research and Educational Hospitals and the settlement which has been reached between the partnership known as Crouch-Walker Company and Patrick Warren Construction Company, subject to the University doing what that settlement contemplates be done by it in connection with that settlement, of one of those claims. A copy of this report is being filed with the Secretary of the Board for record.

For the reasons set forth in the joint report, the Director of the Physical Plant, the Legal Counsel, and the Vice-President and Comptroller recommend that authority be granted for increasing the amount of the University's contract with Warren by \$5,052.34 on account of the extras included in Crouch-Walker's claim for the balance due it under its contract with Warren, and for the payment by the University to Crouch-Walker of the sum of \$41,209.39 in return for a credit allowed the University by Warren in that amount upon the contract between the University and Warren, subject, however, to release by the Governor of sufficient funds from the appropriation to enable the University to so pay that sum to Crouch-Walker, and all in accordance with the terms and conditions set forth in the attached report.

I concur.

On motion of Mr. Johnston, this change in the contract was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Kerner.

RESOLUTION OF TRIBUTE TO MR. WIRT HERRICK

Mr. Johnston offered the following resolution:

To Wirt Herrick

The Board of Trustees of the University of Illinois expresses and records its grateful appreciation of your services during the past twelve years as a member of this Board.

In your quiet, effective way, you have served at various times, and for long periods, on numerous Board Committees: the Committee on Agriculture for ten years, six of them as Chairman; the Committee on Athletic Activities for twelve years, eight as Chairman; the Committee on Buildings and Grounds for ten years; the Committee on General Policy for two years; the Committee on Patents, four years; the Committee on Nonacademic Personnel, six years. Your assignments have also included representation of the Board of Trustees of the University of Illinois on the Board of Trustees of the University Retirement System of Illinois and the Merit Board of the University Civil Service System. You have been generous in giving of your time and talents to these assignments.

The President and other administrative officers of the University desire to join the Trustees in commemorating this occasion which marks the close of your active service as a Trustee of the University of Illinois and in extending to you and Mrs. Herrick best wishes for the years that lie ahead.

The Board of Trustees directs that this resolution be incorporated in the minutes of today's meeting to become a part of the official public record, and that a suitable copy be given you as a permanent reminder of the esteem and affection in which you are held.

Urbana, Illinois

On the fifteenth day of February, one thousand nine hundred and sixty-one, and in the ninety-fourth year of the University.

Mr. Hughes asked to be recorded as seconding this resolution, and it was unanimously adopted.

CHICAGO UNDERGRADUATE DIVISION SITE SELECTION

Mr. Johnston, for the Committee on General Policy, presented the following report:

Members of the General Policy Committee met in Chicago, Friday, February 10, to receive information from the firm of Skidmore, Owings, and Merrill and later conferred with Mayor Richard J. Daley in regard to the city of Chicago's proposal to relocate the Chicago Undergraduate Division on a newly modified Harrison-Halsted Street site at the intersection of the Congress and South Expressways.

Following these meetings, and receipt of all available information regarding this site, the Committee reached the conclusion that the Harrison-Halsted proposal meets all major criteria originally established by the Board of Trustees in consideration of a site in Chicago.

Members of the Committee have now concluded that litigation on the Garfield Park site imposes too great a delay and that the Board should give no further consideration to this site. This is the same reasoning that was applied to the Rail Terminal site, which also met some of the criteria established by the Board.

The General Policy Committee fully realizes that if construction of new facilities is to be completed for occupancy by the fall of 1964, it is completely unrealistic that there be any further delay in the selection of a site.

Not only does the University desire to vacate leased facilities on Navy Pier by the fall of 1964, it also desires to meet, insofar as possible, the educational demands of the youth of Chicago, which will exceed the absolute capacity of Pier facilities prior to that date.

It is the Committee's conclusion that the Harrison-Halsted Street site not only meets all criteria, but that it has the important plus factors of availability, accessibility, and offers an opportunity to contribute to a civic development in Chicago of major importance.

The Committee therefore recommends the Harrison-Halsted Street site for relocation of the Chicago Undergraduate Division as offered by the city of Chicago. The Committee further recommends that the President of the University be authorized to develop a memorandum of understanding between the University of Illinois, the city of Chicago, and the Chicago Land Clearance Commission. Such memorandum shall be submitted to the Board of Trustees for approval at a subsequent meeting.

On motion of Mr. Johnston, this report and recommendation were adopted by the following vote: Aye, Mr. Clement, Mr. Harewood.

Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none, absent, Mr. Herrick, Mr. Kerner.

STATEMENT CONCERNING HULL HOUSE

During the discussion of the report of the Committee on General Policy on the offer of the city of Chicago of the Harrison-Halsted Street site for the Chicago Undergraduate Division, and prior to official action by the Board accepting said offer, Mr. Clement raised a question about the future of Hull House. He stated that a decision on this should be made very carefully and that he personally would like assurance that there will be preserved perhaps some part of the Hull House installation.

President Henry replied that it was the understanding with the city that the University would have a cleared site so that University buildings could be arranged to best advantage and that in accepting the offer of the Harrison-Halsted site the Board of Trustees was informed that the city would do everything possible to cooperate in providing for continuation of the work of Hull House regardless of its location, and that the architects have been instructed to consider ways and means of suitably memorializing Hull House, its work, and the great tradition it represents.

Mr. Irving Dilliard, Trustee-elect, stated during this discussion that he would like to make a few remarks about Hull House but would withhold them until after the voting. He now addressed the Board briefly on the work of Jane Addams, the history of Hull House and its significance as a social welfare institution which was responsible for much constructive legislation. He urged in particular that the Hull Mansion, the original building of the Hull House group, be preserved. A transcript of his statement has been filed with the Secretary of the Board.

On motion of Mr. Swain, the Board voted that no steps be taken to remove Hull House until the Board has a chance to investigate further.

The Secretary presented for record the following lists: (1) appointments made by the President; (2) graduate fellows; (3) resignations and cancellations; (4) leaves of absence; (5) cancellation of sabbatical leave of absence; (6) retirements.

RECESS IN EXECUTIVE SESSION

On motion of Mr. Hughes, an executive session was ordered, to be held after a recess, for consideration of reports and recommendations relating to property acquisitions.

At this point the Board recessed for an inspection of the new Central Food Stores Building and the new building of the National Council of Teachers of English.

The Board reconvened, in executive session, at 2:30 p.m.

The same members of the Board, officers of the Board, and officers of the University were present as recorded at the beginning of these minutes, with the exception of Mr. Timothy W. Swain and Mr. Joseph S. Begando, who asked to be excused.

The Board resumed consideration of reports and recommendations from the President of the University.

PROPERTY ACQUISITIONS

At the request of the President, Director C. S. Havens presented the following recommendations.

PURCHASE OF PROPERTY AT 512 EAST CHALMERS STREET. CHAMPAIGN

The University has recently been offered the property at 512 East Chalmers Street, Champaign, at a price of \$19,950.

The property is a lot, 35 feet by 59 feet with a two-story, plus basement and attic, brick house. It is in the area of long-range campus expansion as part of a

site for a residence hall for graduate students. The property is well located for use for faculty offices, one of the most critical of the University's space problems, and would serve this or other University purposes until the ground needs to be cleared for construction.

The asking price is consistent with independent appraisals secured by the University; while the price per square foot is relatively high, this is due to the fact that the house covers most of the lot.

The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at the price of \$19,950. A supporting memorandum from the Physical Plant Department is being filed with the Secretary of the Board for record.

The President of the University concurs in the recommendation.

On motion of Mr. Pogue, the purchase of this property at the price indicated was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Kerner, Mr. Swain.

PURCHASE OF PROPERTY AT 605 EAST DANIEL STREET, CHAMPAIGN

The University's long-range campus development plan includes the acquisition of the property at 605 East Daniel Street, Champaign, and adjacent areas of land.

The property consists of a lot 54 feet by 174 feet with a large two-story, plus attic and basement, frame house presently owned and occupied by the Cosmopolitan Club, a University of Illinois student organization. On December 16, 1959, the Board of Trustees on recommendation of its Committee on Buildings and Grounds authorized the Director of the Physical Plant and the Vice-President and Comptroller to secure an option for a consideration of \$1,000 on the purchase of this property at a price not to exceed \$48,000, said option to run to July 1, 1961, with the provision that the option payment would become a part of the purchase price if the option is exercised. Negotiations for the option were undertaken but the Cosmopolitan Club declined to grant the option. In the meantime another prospective buyer has been negotiating with the Club for the purchase of the property.

Aside from the need of the land for future campus development, acquisition of this property by the University is highly desirable to prevent further commercial development in an area so close to the campus. Attempts to negotiate directly with the officers of the Cosmopolitan Club have been unsuccessful but discussions have been held with the attorney for the Club who has suggested a sale price of \$56,000 to \$60,000, and the following alternatives:

1. Outright sale to the University with possession on July 1, 1961;
2. Sale to the University with the provision that the Club would be allowed to occupy the building until July 1, 1962, rent free, but the rent to be applied against the sale price;
3. The University to provide housing facilities elsewhere for the members of the Cosmopolitan Club for a two-year period rent free, such rental to be applied against the sale price;
4. The University to provide quarters in its residence halls for the members of the Club for a two-year period rent free, said rental to be applied against the sale price.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that:

1. Representatives of the University be authorized to negotiate with the Club or its duly authorized representatives for the purchase of the property by the University within the appraised evaluations of the property; and that
2. If the University can not purchase the property through negotiations by July 1, 1961, the Club be notified that condemnation proceedings will be instituted for its acquisition by the University.

A supporting memorandum from the Physical Plant Department is being filed with the Secretary of the Board for record.

The President of the University concurs.

On motion of Mr. Johnston, these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Kerner, Mr. Swain.

EXCHANGE OF UNIVERSITY PROPERTY AT 609 EAST UNIVERSITY AVENUE, CHAMPAIGN, FOR PROPERTY AT 901 WEST GREEN STREET, URBANA

Mr. Paul Tangora has offered to exchange a property he owns at 901 West Green Street, Urbana (southwest corner of Green Street and Lincoln Avenue) for the property owned by the University at 609 East University Avenue, Champaign, as an outright exchange with no cash consideration involved but with the provision that he would be allowed to retain whatever payment will be made by the city of Urbana for a part of the land area of the property at 901 West Green Street which it will acquire for a right-of-way in connection with the widening and resurfacing of Green Street. The city has agreed to pay \$7,300 for this strip of land.

The property at 609 East University Avenue was acquired by the University some thirty years ago through a bequest by the late Dean Kendric C. Babcock of the College of Liberal Arts and Sciences establishing an endowment fund for the support of research, fellowships, and publications in the general field of history and political science. One of the assets of his estate was a mortgage on the property at the southwest corner of University Avenue and Wright Street, a corner lot with a frame house, which the University acquired at a public sale at a cost of \$4,458.52, this amount representing the principal due on the mortgage, accrued interest, accrued taxes, and expenses of the sale. Subsequently the property was leased to the DX Sun Ray Oil Company which cleared the land and constructed a gasoline service station on the site. The income from this property has been turned over to the Babcock Endowment Fund. In the past five years the income has ranged from a low of \$430 to a high of \$2,000.

Three independent appraisals of the University property run from \$19,500 to \$22,500 (\$2.24 to \$2.58 per square foot); appraisals of the property at 901 West Green Street, Urbana, run from \$24,500 to \$29,050 (\$4.45 to \$5.28 per square foot). The net rental income on this property is between \$185 and \$190 per month which would be sufficient to replace the income for the endowment fund now received from the University's property. The University Avenue property is not included in long-range campus development plans but it is anticipated that expansion in Urbana will eventually require ownership of the property on Green Street and Lincoln Avenue. Moreover, control of that corner property will prevent commercial development in the immediate area.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that:

1. The exchange of properties according to the conditions stated be authorized in principle, subject to an approving opinion of the Legal Counsel as to the University's right to exchange this asset of the Babcock Endowment.
2. A valuation of \$21,000 be established for the properties so exchanged.

A supporting memorandum from the Physical Plant Department is being filed with the Secretary of the Board for record.

The President of the University concurs.

On motion of Mr. Johnston, the recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Kerner, Mr. Swain.

REQUEST OF STATE'S ATTORNEY OF CHAMPAIGN COUNTY

At this point Mr. Lesemann, Legal Counsel, informed the President of the University and the Board of Trustees that the State's Attorney of Champaign County, Mr. Robert McDonald, had appeared at the meeting requesting a conference with the Trustees to discuss an extension of the University's policy of making payments on certain properties for services rendered by local government taxing bodies. The request was granted, and Mr. Lesemann introduced Mr. McDonald.

Mr. McDonald reviewed the practice of the University during the past twelve years of making payments "in lieu of taxes" on certain of its income-producing properties, as authorized by state law. In 1949, the General Assembly of Illinois amended Section 7 of the Act providing for the organization and maintenance of the University by including a provision that the Board of Trustees shall have power to agree with the State's Attorney of the county in which any properties of the Board are located to pay for services rendered by the various taxing districts such sums as may be determined by the Board upon properties used solely for income-producing purposes, the title to which is held by the University, and upon properties leased to members of the staff of the University, title to which is held in trust by the Board of Trustees. This legislation is permissive, not mandatory, and the Board may determine on which properties it shall make payments to local government taxing bodies and the sums to be paid. In general, the payments agreed upon and made to date on each parcel of property have been in the amount of the taxes which would have been levied thereon if the property had not been tax exempt. Mr. McDonald asked that the Board consider extending this practice to include payments on three properties: the Illini Union Bookstore, parking lots leased to members of the University staff, and the University of Illinois golf courses on the campus and at Savoy.

Following this presentation and answers to questions asked of Mr. McDonald, he withdrew.

President Henry stated that the operations of the Illini Union Bookstore are an educational service to students and should not be considered in the same category as income-producing properties such as residences and apartments leased to members of the staff.

Mr. Lesemann pointed out that the parking lots leased to staff members are maintained by the University, and receive no important services from local taxing bodies to speak of and, of course, there are no residents living upon the properties requiring public school services.

Mr. Farber called attention to the fact that in the operation of the University High School the University provides educational services to a significant number of children in the local community and thus relieves the school systems of the cost of educating them.

The University golf courses are a recreational facility for students and staff and use of them by the public is only incidental to their chief purpose. The alternative would be to close the courses to the public.

Mr. Wilkins stated that the properties on which the University is making payments are not on the tax rolls and consequently the local school districts receive greater allocations from the State School Fund than they would if these properties were included in the rolls.

Following further discussion of the State's Attorney's request, on motion of Mr. Pogue, the Board voted that no payments be made by the University "in lieu of taxes" on the properties which Mr. McDonald asked to be included among the properties as to which such payments are now being made.

MEETING OF COMMITTEE ON BUILDINGS AND GROUNDS

A brief meeting of the Committee on Buildings and Grounds was held immediately after the adjournment of the Board.

On motion of Mr. Harewood, the Board adjourned.

He will, of course, remain in the Department as Professor of Architecture on full time.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

BUDGETS FOR 1961 SUMMER SESSIONS AND FACULTY APPOINTMENTS

(3) Submitted herewith are the budgets and appointments to the faculty for the 1961 summer sessions. This year there will be two summer sessions and two budgets. The Board of Trustees has authorized the offering of a twelve-week term, to assess the potential demands for extended summer programs, in addition to the traditional eight-week summer session.

The eight-week summer session at Urbana-Champaign will begin June 19 and end August 12; at the Chicago Undergraduate Division this session will begin June 23 and conclude August 18. The twelve-week summer term at Urbana-Champaign will extend from June 24 to September 9, and at the Chicago Undergraduate Division from June 23 to September 8. In the College of Pharmacy, there will be two six-week terms, June 19 to July 29, and July 31 to September 9.

The eight-week summer session budget totals \$858,776 plus a reserve of \$60,173 for Urbana-Champaign; \$11,357 for the Chicago Professional Colleges; and \$100,899 plus a reserve of \$14,101 for the Chicago Undergraduate Division. The twelve-week summer term budget totals \$112,222 plus a reserve of \$22,778 for the Urbana-Champaign campus; and \$40,711 plus a reserve of \$4,289 for the Chicago Undergraduate Division.

Salaries of members of the University faculty recommended for summer session appointments are computed on the basis of the standard formulae: two-ninths of the salary of the academic year for eight weeks of service, and three-ninths of the salary of the academic year for twelve weeks of service, with proportionate amounts for shorter periods or for part-time service. The appointments being recommended include a number of visiting lecturers from other colleges and universities at the salaries indicated.

I recommend that the appointments to the summer session staff be approved as submitted, and that the President of the University be authorized to accept resignations and make such changes and adjustments and additional appointments as are necessary in accordance with the needs of the University within the allocations of funds indicated.

On motion of Mr. Hughes, these appointments and the summer session budget were approved, and the President was given authority as recommended. This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Kerner, Mr. Wilkins.

AMENDMENT OF UNIVERSITY REGULATIONS FOR ADMINISTRATION OF ACCOUNTANCY LAW

(6) Under the Illinois Accountancy Law regulating the practice of public accounting, the University has the responsibility of determining by examination and otherwise the qualifications of applicants for the certificate of Certified Public Accountant, and of issuing such certificates. The University is empowered to adopt regulations for the administration of the examinations, said regulations being subject to approval by the Board of Trustees.

The Committee on Accountancy¹ recommends that the provision in Section 16 which relates to "The Study of Accounting and Related Subjects" and proof of preliminary education required for admission to the Illinois Certified Public Accountant examinations be amended to read:

Official credentials indicating the successful completion of the required number of semester hours of residence or correspondence study in the subjects specified in the Act in institutions acceptable to the University. Credentials for study in residence or correspondence schools which specialize in business training are acceptable up to thirty semester hours in the subjects of accounting, auditing, economics, business law, and finance, provided satisfactory proof is presented that at least 50 per cent of their courses in accounting are taught by certified public accountants. Credit for study in accounting, auditing, economics, business law, and finance in excess of thirty semester hours and credit for study in other or additional subjects will be allowed: (1) if such study has been completed at regularly accredited institutions of higher learning, or (2) if such study has been completed in residence or correspondence schools which specialize in business training provided satisfactory proof is presented that at least 50 per cent of their courses in accounting are taught by certified public accountants and, provided further, that the semester hours of study in these subjects is equivalent to comparable courses offered by accredited institutions of higher learning. Accredited institutions of higher learning are those approved by a recognized regional accrediting agency such as the North Central Association or by an accrediting agency affiliated with the National Commission on Accrediting.

(The present portion of Section 16 which is being amended reads:

"Official credentials indicating the successful completion of the required number of semester hours of residence or correspondence study in the specified subjects in institutions acceptable to the University. Credentials of schools which specialize in business training are acceptable provided

¹The University's responsibilities, under the law, are administered by a Committee on Accountancy, appointed by the Board of Trustees on recommendation of the President of the University, and a Board of Examiners in Accountancy, three in number, which gives the examinations. The present members of the Committee are Professor Horace M. Gray, Chairman, Dean Charles W. Sanford, Mr. Edward J. Smith, and Professor J. Nelson Young. The members of the Board of Examiners are Mr. Allen C. Howard, Mr. William Deeming, and Mr. William Emery.

satisfactory proof is presented that at least 50 per cent of their courses in accounting are taught by certified public accountants.")

I concur and recommend that this change become effective for all candidates for the Certified Public Accountant examinations in November, 1961, and thereafter.

On motion of Mr. Clement, the recommended change in the regulations was approved.

CHANGE IN OFFICE OF LEGAL COUNSEL

(13) Mr. Ralph F. Lesemann, who has been Legal Counsel for the University of Illinois since July, 1951, has asked to be relieved of this administrative assignment because of his health. He is also Professor of Law on indefinite tenure but has no teaching assignments. He plans to leave the community to make his home again in Belleville, Illinois, where he lived while practicing law in East St. Louis, prior to joining the University staff. He is willing, however, to serve the University in a part-time capacity.

The University administration must, of course, respect the decision on grounds of health. At the same time we should like to take advantage of Mr. Lesemann's willingness to continue his services to the University. Accordingly, I recommend a change in Mr. Lesemann's status from that of Legal Counsel on full time to Special Counsel on 45 per cent time for such assignments of legal work as can be carried on by him at his headquarters in Belleville. In general, these assignments will consist of continuation of his services as counsel in existing, unfinished litigation, additional legal services in future court proceedings upon assignment, and special research problems which will draw upon his background and experience. Under this arrangement, assignments of work to Mr. Lesemann will be made by his successor as head of the Legal Counsel's Office and will be subject to appraisal by the head of that office. I also recommend an allowance of \$1,800 for the year for part-time secretarial services.

This arrangement is recommended for the year beginning September 1, 1961, and its continuation would be subject to mutual agreement and upon recommendation of the University Council.

I have appointed a special search committee¹ to make recommendations con-

¹ Dean Russell N. Sullivan of the College of Law, Mr. H. O. Farber, Vice-President and Comptroller, and Mr. A. J. Janata, Secretary of the Board of Trustees, Chairman.

cerning Mr. Lesemann's successor as Legal Counsel and such reorganization of his office as this change in its administration may involve.

On motion of Mr. Harewood, these recommendations were approved.

Mr. Johnston moved that the Board record its appreciation of Mr. Lesemann's services during the past ten years. Following other tributes expressed by several of the Trustees, particularly Mr. Dilliard and Mr. Hughes, this motion was adopted.

Mr. Lesemann responded briefly, thanking the Board.

EMPLOYMENT OF SPECIAL COUNSEL

(14) Suit has been filed in the Superior Court of Cook County by Leo F. Koch seeking judgment against the University in the sum of \$5,900, representing the salary which he would have received during the academic year 1960-61, plus interest and court costs, and also seeking a Writ of Certiorari and also asking the Court to set aside the action of the Board of Trustees of the University of Illinois in terminating his appointment at the University on August 31, 1960. It is recommended that the Board authorize the employment of Mr. Albert E. Jenner, Jr., as special counsel for the University to assist in the defense of this suit.

On motion of Mr. Swain, this recommendation was approved.

CHICAGO UNDERGRADUATE DIVISION SITE

(15) The action of the Board of Trustees at its meeting on February 16, 1961, accepting the offer of the Harrison-Halsted Streets site for the new Chicago Undergraduate Division campus authorized the President of the University to develop a memorandum of understanding between the University of Illinois, the city of Chicago, and the Chicago Land Clearance Commission, such memorandum to be presented to the Board for approval at a subsequent meeting.

President Henry stated that since the last meeting of the Board of Trustees, discussions have been held with representatives of the city of Chicago and the Chicago Land Clearance Commission concerning various phases of planning such as the priority for the delivery of various land parcels within the site, traffic questions, and the procedures to be followed in developing a contract for acquisition of the land by the University.

Ultimately, a contract will be executed by the Board of Trustees, but such contract will not be ready for Board action for several months. However, this does not mean that planning by the University will stop in the interim. In fact, the continuation of the University's studies on site planning is essential in order that sufficient information may be available to provide a firm basis for the contract terms with the city of Chicago and the Chicago Land Clearance Commission.

This report was received for record.

PRELIMINARY STUDIES OF MEDICAL SCIENCES ADDITION

Director C. S. Havens and Mr. Ambrose Richardson, Consulting Architect, reported on preliminary studies of an addition to the Medical Sciences Building, illustrating their presentation with drawings and building models.

This was presented for the information of the Board, and no action was requested or taken.

STUDY OF STUDENT ECONOMICS

(16) During the second semester of 1959-60, a study of student economics was conducted under the direction of a committee appointed by the Vice-President and Provost. A sample of 933 undergraduate students out of the total enrollment participated. The sample included students in all four undergraduate classes, in the professional colleges, and in the Graduate College, with categories for each grouping for married men, single men, and single women. The purposes of the

study were (a) to determine the cost to students of attendance at the University, including expenditures for all items; (b) to determine the income and sources of funds of such students, including the sources and value of the assets; and (c) to determine the debts of students, including the amounts and the purposes for which the debts were incurred.

The data compiled have provided the University with facts upon which to base policy decision regarding the effects of increases in tuition charges, the need for increased student financial aid, the need for part-time employment for students, and related measures.

Professor William A. Neiswanger of the Department of Economics, a member of the Committee, and Mr. Earl E. Ryder, Jr. and Mr. Jerry H. Currnutt, graduate students who worked with him on the project, were present at today's meeting and made a preliminary report of the study, the results of which will be published.

At the conclusion of this presentation, Professor Neiswanger answered questions.

On motion of Mr. Dilliard, the Board recorded its appreciation of the services of the members of the staff and students who participated in this study.

ILLINOIS BUDGETARY COMMISSION HEARINGS

(17) President Henry reported that the Illinois Budgetary Commission held hearings in Springfield, on Monday, March 13, 1961, on the University of Illinois operating budget for 1961-63, and also on the capital budgets and building programs of all six state universities.¹

The Commission endorsed a proposal for emergency legislation to allocate funds from the proceeds of the University's Bond Issue for construction at the state universities, with particular reference to providing funds for buildings and other capital improvements for which appropriations had been made for the biennium of 1959-61 but which have not been released.

This report was received for record.

CONFERENCE ON HIGHER EDUCATION

Mrs. Watkins reported on the annual Conference on Higher Education sponsored by the National Education Association, held in Chicago last week, which she attended as one of the representatives of the University of Illinois.

LEO F. KOCH CASE

Mr. Dilliard informed the Board that he has received a number of letters from various parts of the country regarding the action of the University in terminating the appointment of former Assistant Professor Leo F. Koch. Mr. Dilliard stated that in replying to these letters he informed the writers he was not in the position to discuss the case because he was not a member of the Board of Trustees when the action was taken.

ASSIGNMENT OF FUNDS FOR CONSTRUCTION OF ENTOMOLOGY BUILDING

At its meeting on January 18, 1961, the Board authorized contracts for the construction of the Entomology Building. It was reported that negotiations were under way to secure an additional federal grant of

¹The University of Illinois representatives at this hearing were: Mr. Kenney E. Williamson, President of the Board, Mr. Harold Pogue, Chairman of the Committee on Buildings and Grounds of the Board of Trustees, President David D. Henry, Vice-President and Comptroller, H. O. Farber, Vice-President Norman A. Parker, Vice-President Joseph S. Begando, Mr. C. S. Havens, Director of the Physical Plant, Mr. C. E. Flynn, Assistant to the President and Director of Public Information, and Mr. Morris S. Kessler, Assistant to the Comptroller.

\$170,000 to match University funds of a like amount, which additional funds are necessary to underwrite the contracts for the construction of the building.

The recommendation to the Board did not state the specific source of University funds for the matching grant, and the Secretary requests authority to amend the minutes of the January 18 meeting to show that this assignment will be made from indirect costs available and accumulated from government research contracts.

On motion of Mr. Swain, this amendment was authorized.

APRIL MEETING

On motion of Mr. Johnston, the Board voted to hold its April meeting in Chicago on Wednesday, April 19, 1961, at an hour and place to be determined by the President and Secretary of the Board.

MR. WIRT HERRICK

At this point, Mr. Wirt Herrick, whose term as Trustee has expired and who was a guest at today's meeting, requested the privilege of the floor.

He stated that because of ill health he was unable to attend the Board meeting on February 15, 1961, his last as a Trustee, and he desired to take this occasion to express his appreciation of the privilege of having served as a Trustee of the University of Illinois during the past twelve years, and to thank the Board for the resolution it adopted at the February meeting.

RECESS

On motion of Mr. Johnston, an executive session was ordered, to be held after a recess, for consideration of reports and recommendations relating to property acquisitions, patentable inventions, and personnel matters.

On motion of Mr. Harewood, the Board recessed for luncheon and for an inspection of the new Fine and Applied Arts Building and the Krannert Art Museum.

EXECUTIVE SESSION

The Board reconvened in executive session at 2:15 p.m. The same members of the Board, officers of the Board, and officers of the University were present as recorded at the beginning of these minutes.

The Board resumed consideration of reports and recommendations from the President of the University.

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

(1) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board and the President of the University, a recommendation relating to an invention described as: polymers with fused ring recurring units—Carl S. Marvel, Research Professor of Organic Chemistry, and Robert Z. Greenley, Research Assistant in Chemistry, inventors. It has been discovered that cyclic dienes may be polymerized by a reaction involving trans-annular polymerization to yield polymers which contain fused ring recurring units.

This is a new kind of high molecular weight material which has never been polymerized before and has applicability for use in development of plastics, rubber, and synthetic fibers.

The Committee recommends that the invention be released to the University of Illinois Foundation for development with the stipulation that the rights of the United States Air Force, sponsoring agency of the research which led to this invention, be recognized.

On motion of Mr. Clement, this recommendation was approved.

**MEMORANDUM OF UNDERSTANDING OR INTENT CONCERNING
A SITE FOR THE CHICAGO BRANCH OF
THE UNIVERSITY OF ILLINOIS**

(2) At the request of President David D. Henry, Director C. S. Havens reported on the present status of negotiations with the city of Chicago and the Chicago Land Clearance Commission for the acquisition of the Harrison-Halsted Street area for the Chicago Undergraduate Division. He presented preliminary drafts of a proposed letter to the Executive Director of the Chicago Land Clearance Commission, and Memorandum of Understanding or Intent Concerning a Site for the Chicago Branch of the University of Illinois which is being developed as an interim document preliminary to the drafting of a contract. He stated that it is necessary to advise the city of Chicago of the University's (i.e., the Board of Trustees of the University of Illinois) views on the terms under negotiation so that the city on its part may proceed with certain necessary steps including the passage of an ordinance which is scheduled for consideration by the City Council on March 22, 1961.

Legal Counsel Lesemann supplemented the report by Mr. Havens by discussing the legal aspects of the interim document and the contract to be developed in the light of continuing negotiations.

On motion of Mr. Johnston, the Board approved the preliminary drafts of the documents as presented, and authorized the appropriate University officials to prepare final drafts and to submit them to the Mayor of Chicago and to the Chicago Land Clearance Commission.

**TEMPORARY FOOD SERVICE FACILITIES
FOR ORCHARD DOWNS HOUSING**

A meeting of the Committee on Buildings and Grounds had been scheduled for today for consultation on temporary food service facilities for the Orchard Downs housing. Since time did not permit a Committee meeting, the President requested the Board to receive a report on this matter from Mr. Vernon L. Kretschmer, Director of Auxiliary Services.

Mr. Kretschmer presented a proposal for the construction of a temporary food service facility in the area of the Orchard Downs Apartments to provide food service for unmarried students who will be housed in these apartments until additional residence halls can be constructed to accommodate them. Funds will be advanced from Housing Division surplus and reserve accounts to finance this facility and will be repaid from the net revenue of food service operations.

When the food service building is no longer needed for this purpose, it can be converted into a Housing Division maintenance shop and equipment warehouse. A written report of Mr. Kretschmer's presentation was filed with the Secretary of the Board for record.

On motion of Mr. Swain, the Housing Division was authorized to proceed with the development of plans as outlined.

On motion of Mr. Johnston, the Board adjourned.

The salary of the combined position will be determined when the budget for 1961-62 is submitted to the Board of Trustees for approval.

This appointment is to replace Dr. J. Austin Ranney, Professor of Political Science and presently Associate Dean of the Graduate College, who will be on leave of absence next year and has asked to be relieved of this administrative assignment so that he may return to full-time teaching.

I concur.

On motion of Mr. Hughes, this appointment was approved.

APPOINTMENTS OF NONCITIZENS

(5) It has long been the policy of the University¹ not to appoint to its faculty or to employ in other capacities persons who are not citizens of the United States, or who have not declared their intention of becoming citizens, with the exception of temporary appointments of visiting professors and lecturers and of graduate students employed part time while working for advanced degrees. Faculty appointments of noncitizens have therefore been on annual or limited tenure basis, although a few indefinite tenure appointments have been approved in individual cases by specific Board action.

A review of this policy in the light of existing conditions and of practices of other colleges and universities indicates the need for revision. Accordingly, I recommend that the Board authorize the appointments of noncitizens to the faculty on indefinite tenure according to the following plan:

Prior to the appointment of a foreign national to the rank of Associate Professor or Professor with indefinite tenure, in addition to established regular procedures, approval must be obtained from a committee consisting of the Vice-President and Provost, the Dean of the Graduate College, and the dean of the college to which the prospective appointee will be assigned. This committee is to consider, among other things:

1. Whether the candidate has a sufficient command of the English language so that he may discharge with full effectiveness his instructional responsibilities;
2. Whether the candidate meets satisfactorily the standards for scholarly competence and promise which should prevail for appointees with indefinite tenure;
3. Whether the candidate has a satisfactory understanding and appreciation of the American environment, and a commitment to the purposes and program of a state university;
4. Whether the candidate, if not in the legal, at least in the fundamental and moral sense, will be a responsible citizen of the University, state, and national communities.

If the committee is in agreement that all four classes of criteria are satisfied, the candidate will be recommended for appointment with indefinite tenure. Otherwise, the committee will recommend either that the candidate not be appointed or that he be appointed for a fixed number of years.

All such appointments will be submitted to the Board for confirmation and the present practice of reporting other appointments to the faculty of the rank of Assistant Professor and above to the Board will be continued.

On motion of Mr. Clement, this recommendation was approved.

APPOINTMENTS TO THE FACULTY

(6) The following new appointments to the faculty of the rank of Assistant Pro-

- (7) I recommend that the following members of the staff be given sabbatical leaves of absence during the academic year 1961-62 in accordance with the pro-

visions of the University of Illinois Statutes and on the terms and for the periods indicated. This is supplementary to the list of applications recommended to the Board of Trustees on March 14, 1961.

JANE ADDAMS GRADUATE SCHOOL OF SOCIAL WORK

(8) On recommendation of the Executive Committee of the School of Social Work and with the concurrence of the University administrative officers concerned, and of the Executive Committee of the University Council, I recommend that the name of the School be changed to the Jane Addams Graduate School of Social Work. The School will continue to have its headquarters at Urbana-Champaign but its Chicago activities, now housed at the Chicago Professional Colleges, will be rehoused in appropriate quarters on the new campus of the Chicago Undergraduate Division.

On motion of Mrs. Watkins, this recommendation was approved.

LANGUAGE REQUIREMENTS FOR ADMISSION

(9) The Urbana-Champaign and the Chicago Undergraduate Division Senates recommend that the language requirements for admission to all curricula in liberal arts and sciences and to the curricula in art and music in the College of Fine and Applied Arts be revised to read:

The foreign language requirement for admission is fulfilled by two units in any one foreign language taken in an accredited high school. Alternatively, the language requirement for admission may be fulfilled by passing an entrance examination in any foreign language which is regularly taught in the University. Less than one unit in a foreign language is not acceptable for admission.

This change will become effective immediately.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

ADMISSION TO THE CURRICULA IN ARCHITECTURE

(10) The Urbana-Champaign and the Chicago Undergraduate Division Senates recommend that the requirements for admission to the curricula in architecture be revised to read as follows, effective September 1, 1963.

High School Subject	Number of Units	
	Required	Recommended Additional
English	3	1
Algebra	2	..
Plane Geometry	1	..
Trigonometry	$\frac{1}{2}$..
College Preparatory Mathematics....	..	More
Science	2	1
Social Studies	2	1
Foreign Language	2	More
Freehand Drawing	1
	12.5	4 plus more mathematics and foreign language

Students in architecture who have only one unit of algebra and one unit of plane geometry may be admitted on condition that the deficiency is removed in the first year. No credit toward graduation will be allowed for mathematics courses taken to remove a deficiency in entrance requirements.

Required science must include at least one unit from two of the following subjects: physics and chemistry. A physical or biological science may be substituted for either physics or chemistry. General science may not be used as a required subject.

The foreign language requirement for admission is fulfilled by two units in any one foreign language taken in an accredited high school. Alternatively, the language requirement for admission may be fulfilled by passing an entrance examination in any foreign language which is regularly taught in the University. Less than one unit in a foreign language is not acceptable for admission.

A student entering the curricula in architecture as a freshman must have a scholastic rank in the upper half of his high school graduating class if he is a resident of Illinois, and a scholastic rank in the upper third of his high school graduating class if he is a nonresident of Illinois.

A student with twelve semester hours or more of university credit who transfers from another collegiate institution or from a department in the University of Illinois to the curricula in architecture must have a scholastic average in his collegiate work of not less than 3.25 in terms of the grading system of the University of Illinois.

I concur.

On motion of Mr. Swain, these changes were approved.

EXAMINATIONS IN HIGH SCHOOL AND COLLEGE SUBJECTS

(11) The University, through the Office of Admissions and Records, gives three types of examinations in high school and college subjects:

1. Entrance examinations to applicants for admission to the University who are not graduates of accredited high schools or are deficient in some high school subjects;
2. High school examinations for persons who seek to qualify for admission to the study of law; and
3. Examinations in college subjects (prelegal) also for applicants who wish to qualify for the study of law.

The entrance examinations were established by the Board of Trustees in the first year of the University primarily as a means of qualifying for admission to the University and these examinations have been offered since that time.

A supplementary high school examination program was approved in the academic year 1917-18 by the Board of Trustees to assist applicants for admission to the examinations for the certificate of Certified Public Accountant to meet educational requirements, and later to provide a method students might use to make up high school deficiencies prior to studying law. The standards of the two sets of high school examinations are the same; credit earned in either may be

used for admission purposes or qualification for the preliminary requirements for prelegal studies.

In the fall of 1917, as a result of an agreement with the State Board of Bar Examiners, the University began offering periodic high school examinations in Chicago to enable prelegal candidates to comply with a rule of the Supreme Court of Illinois that a prelegal student either must have graduated from high school or present evidence that he had the equivalent of a high school education by passing examinations in standard high school subjects.

The number of enrollees for the high school and college subject prelegal examinations has been steadily decreasing and in view of this the All-University Committee on Admissions and the Dean of Admissions and Records recommend that:

1. Effective February 1, 1962, the University discontinue giving high school and prelegal examinations to persons who are not using them for admission purposes.
2. Effective February 1, 1962, the University limit the number of entrance examinations offered to the following subjects: English composition and rhetoric, one or two years (ordinarily offered in the eleventh or twelfth grades of secondary schools); elementary algebra, one year; plane geometry, one year; Spanish, one or two years; French, one or two years; German, one or two years; Latin, one or two years; modern European history, one year; and other subjects approved by the Office of Admissions and Records. Students who wish to take entrance examinations will be given tests selected by the Office of Admissions and Records, or prepared under the supervision of the Office of Admissions and Records.

The above are administrative recommendations involving no considerations of University educational policy and therefore do not require approval by the University Senates. However, as indicated, they have been considered and approved by an All-Senate Committee. The first recommendation requires Board approval since it rescinds a previous Board action, and I concur. The second has been approved as an administrative procedure and is being reported for record.

On motion of Mr. Hughes, these recommendations were approved.

HOUSING REVENUE BONDS

(12) The Vice-President and Comptroller presents and recommends authorization of a Loan Agreement with the Federal Housing and Home Finance Agency for a loan of \$5,000,000 to finance construction of the Pennsylvania Avenue Women's Residence Halls. The total estimated cost is \$5,750,000, of which \$750,000 will be provided from Series C Bonds sold on the market, and \$5,000,000 from Series B Bonds which the Housing and Home Finance Agency would purchase. He further recommends authorization to advertise for the sale of the bonds and retention of the firm of Chapman and Cutler, Chicago, as Counsel for the bond issue.

I concur, and recommend that the Comptroller and the Secretary of the Board be authorized to execute the Loan Agreement and other necessary documents, and to take all other steps required to implement the bond issue.

On motion of Mr. Swain, these recommendations were approved, and authority was given as requested. This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

SUPPLEMENTARY AND NONRECURRING APPROPRIATIONS

(13) The Vice-President and Provost and the Vice-President and Comptroller recommend assignments from the General Reserve, except as otherwise indicated, to supplement the current budgets of the following departments which need additional funds because operating expenses are in excess of budget estimates for 1960-61:

Admissions and Records.....	\$10 123
Art.....	3 500
Botany.....	9 000
Chemistry and Chemical Engineering.....	60 000

Library, Urbana	12 500
Microbiology	4 300
Physiology	5 500
Psychology	6 000
Radiation Hazards (from Workmen's Compensation Reserve)	4 500
Visual Aids Service (for partial replacement of equipment in the Audio-Visual Aids Service which was lost by fire on February 21; an additional appropriation will be required at a later date)	\$25 000
Zoology	2 500
Chicago Professional Colleges	
Estimating and Alterations	5 000
Business Office	6 000

An appropriation of \$2,670 is also recommended for remodeling in the second floor of the Large Animal Clinic, replacing an appropriation of \$3,820 previously made for the Small Animal Clinic.

I concur.

On motion of Mr. Hughes, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

APPROPRIATION AND CONTRACTS FOR CONSTRUCTION OF BUILDING AT 1011 WEST SPRINGFIELD AVENUE, URBANA

(14) The Director of the Physical Plant and the Vice-President and Controller recommend awards of contracts, as listed below, to the lowest bidders for the construction of a building at the southeast corner of Springfield Avenue and Harvey Street for general University use. The building will be assigned initially for use by the Department of Zoology and by the Bureau of Institutional Research—one-fourth of the space to Zoology and the rest to the Bureau. It will be necessary to relocate the Bureau at an early date because the small frame house in which it is now located must be removed to provide part of the site for the construction of the second unit of the Physics Building.

General—Casserly Construction Company, Champaign, formerly known as the Building Specialists Company	\$28 143
Electrical—Neal Morton Electric, Champaign	5 764
Plumbing—Thomas Plumbing and Heating Company, Urbana	4 900
Heating, Piping, Refrigeration, and Automatic Temperature Control Systems—Reliable Plumbing and Heating Company, Champaign	3 290
Ventilating and Distribution System for Conditioned Air—Reliable Plumbing and Heating Company, Champaign	4 389

This building will be one of the new buildings proposed by the Physical Plant Department to provide much needed additional space which can be readily converted from one use to another. These buildings will be located in fringe areas so that in construction and design they need not be consistent with the architectural features of buildings on the main campus and will be constructed on land not required in the near future for permanent buildings.

Submitted herewith is a supporting memorandum from the Physical Plant Department on this project, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

The total construction cost is \$56,500. An appropriation of \$11,000 was previously made by the Board of Trustees for a Zoology Experimental Building and is available for part of the cost; an additional appropriation of \$45,500 from the General Reserve Fund is requested for the balance.

I concur.

On motion of Mr. Johnston, the contracts were awarded, as recommended, and the requested assignment of funds was made by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

CONTRACTS FOR ADDITION TO ABBOTT POWER PLANT

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts to the following lowest bidders for the construction of an addition (Unit No. 7, Boiler No. 6) to the Abbott Power Plant:

General — Snyder Construction Company, Inc., Vincennes, Indiana..... \$436 140
Plumbing — Bellis and Miller, Inc., Champaign..... 23 687

Submitted herewith is a supporting memorandum from the Physical Plant Department, including lists of the bids taken, and a copy is being filed with the Secretary of the Board for record.

Funds are available in the state capital appropriations to the University for 1959-61 and have been released.

I concur.

On motion of Mr. Swain, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

CONTRACTS FOR REMODELING OF ELECTRICAL ENGINEERING ANNEX

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts as follows, the award in each case being to the lowest bidder, for remodeling of the Electrical Engineering Annex:

General — C. H. Langman and Son, Rock Island..... \$58 862
Electrical — Neal Morton Electric, Champaign..... 18 914
Plumbing — Thomas Plumbing and Heating Company, Urbana..... 7 214
Heating and Refrigeration — F. R. Inskip and Company, Champaign..... 11 121
Ventilating — R. H. Bishop Company, Champaign..... 29 840

To reduce the costs of this remodeling, adjustments have been negotiated with the lowest bidders to reduce their contract prices by the following amounts:

General..... \$ 2 333
Electrical..... 687
Plumbing..... 428
Heating and Refrigeration..... 557
Ventilating..... 1 586
Total..... \$ 5 591

It is recommended that the contracts be awarded on the base bids, the adjustments to be effected through deductive change orders.

Funds are available in an appropriation of \$74,425 from the General Reserve made by the Board of Trustees on September 21, 1960; a matching federal grant of \$74,425 from the National Institutes of Health under the Health Research Facilities Act; assignments to the Department of Electrical Engineering from Indirect Costs recovered under research contracts, \$2,019; and the College of Engineering contingency fund, \$2,100.

Submitted herewith is a report from the Physical Plant Department on this project, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

CONTRACT FOR CAMPUS DEVELOPMENT CONSULTING SERVICES

(17) The firm of Sasaki, Walker, and Associates, Watertown, Massachusetts, has been employed by authority of the Board of Trustees for consulting services in the area of long-range campus and landscape development. The services have been extremely valuable in planning coordination of various improvement projects and, in view of the future building program, there is continuing need for such professional consulting services.

The Director of the Physical Plant and the Vice-President and Comptroller recommend renewal of the contract with this firm for another year for the following assignments, subject to the availability and release of funds:

Consulting services on projects currently under construction, for which funds are available in various project budgets, estimated cost, \$9,000.

Consulting services on projects currently under study and scheduled for construction for which planning funds have been included in the 1961-62 building program, estimated cost, \$4,000.

Payments will be for services as rendered in accordance with the standard professional rates established in the existing contract.

I concur.

On motion of Mr. Hughes, renewal of this contract, on the terms recommended, was authorized.

EMPLOYMENT OF CONSULTANT ON FOOD SERVICE FACILITIES FOR ORCHARD DOWNS APARTMENTS

(18) The Director of Auxiliary Services, the Director of the Physical Plant, and the Vice-President and Comptroller recommend authorization of a contract for the employment of Arthur W. Dana, Food Service Consultant, New York City, to plan the layout of the equipment and to prepare detailed specifications for the food service facilities for the Orchard Downs Apartments at a fee based on standard per diem rates for such services, but not to exceed \$3,600.

Funds are available in the construction budget for the Orchard Downs Apartments project.

Submitted herewith is a supporting statement from the Director of Auxiliary Services specifying the services of the consultant and the terms of the contract, and a copy is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, this contract was authorized.

CONTRACT FOR MECHANICAL AND ELECTRICAL ENGINEERING SERVICES

(19) By authority of the Board of Trustees, the consulting engineering firm of Brown, Manthei, Davis, and Mullins, Champaign, has been employed by the University for incidental mechanical and electrical engineering services to the Physical Plant Department in the planning of new construction and remodeling work. This employment has been on a standing contract through which change orders have been issued for specific assignments, mostly small jobs best handled by a local firm.

This firm has been an excellent source of consulting services for such work for a number of years. The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a new contract with Brown, Manthei, Davis, and Mullins for consulting services for a period of two years beginning July 1, 1961, on the same terms and conditions as previous contracts, viz.: a rate of \$7.50 per hour for the time of the four partners, services of other personnel to be billed at actual hourly standard rates paid by the firm plus 100 per cent for overhead costs and commission.

The cost of these consulting services will be charged against the construction budgets of the projects for which the firm is employed.

I concur.

On motion of Mrs. Watkins, renewal of this contract, on the terms recommended, was authorized.

At this point Mr. Harewood joined the meeting.

ACQUISITION OF PROPERTY AT 605 EAST DANIEL STREET, CHAMPAIGN

(23) The property of the Cosmopolitan Club of the University of Illinois, a student organization, at 605 East Daniel Street, Champaign, is on the market. The University's long-range campus development plan includes acquisition of this property. The Board of Trustees authorized negotiations with official representatives of the Club for the purchase of its property within appraised valuations, and with the understanding that if it can not be purchased through negotiations, the Club be notified that condemnation proceedings will be instituted by the University for the acquisition of the property.

Subsequently negotiations have been carried on with the Cosmopolitan Club of the University of Illinois, but the Club is unwilling to sell to the University at a reasonable price.

Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend adoption of the following resolution authorizing condemnation proceedings.

Resolution

Be It, and It Is Hereby Resolved, Found, and Declared by this Board of Trustees of The Board of Trustees of the University of Illinois, a body corporate and politic and a public corporation of the State of Illinois, that the following-described real estate situated in the County of Champaign, in the State of Illinois, to-wit:

Lot Four (4) of William Williamson's Replat of Lots One (1), Two (2) and Three (3), Block One (1) of A. T. Hall's Addition to Champaign, situated in the City of Champaign, County of Champaign, and State of Illinois;

is needed by the University of Illinois, an educational institution established and supported by the State of Illinois, for a vehicular parking area for staff members of the University of Illinois in the conduct of the educational functions of the University of Illinois and for other educational purposes conducted and to be conducted, and for the further expansion of the educational facilities of said University of Illinois, and to enable said University of Illinois to discharge its duty to the people of said State and for public use; that this Board of Trustees has negotiated with the owners of said land through their duly authorized representatives for the purchase of said land at a price which this Board of Trustees considers fair and reasonable and which it finds constitutes the present market value of said land, but that said owners have refused to sell and convey said land to said The Board of Trustees of the University of Illinois for such price and continue to refuse to sell and convey the same to it except for a consideration and price which this Board of Trustees deems unreasonable and excessive and is, therefore, unwilling and has refused to pay; and

Be It, and It Is Hereby Further Resolved, Found, and Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that the compensation to be paid by it for said land cannot be agreed upon between this Board of Trustees and the owners of said land and they and it are unable to agree upon the purchase price to be paid to said owners for the sale and conveyance of said land by said owners thereof to said The Board of Trustees of the University of Illinois; and

Therefore, Be It, and It Is Hereby Further Resolved, Found, and Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that because of said need of the University of Illinois for said land for the purposes hereinabove set forth and because the compensation to be paid to the owners thereof for such land cannot be agreed upon between them and this Board of Trustees, it is necessary for The Board of Trustees of the University of Illinois to take said land and acquire title thereto through the exercise by it of the right of eminent domain conferred upon it by law and to have the compensation to be paid by it to the owners thereof and any and all other persons who may have any right, title or interest in and to said land determined in the manner provided by law for the exercise of said right and power of eminent domain; and

Be It, and It Is Hereby Further Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois that the necessary and appropriate action be taken for the acquisition of title to said property by said The Board of Trustees of the University of Illinois and to have the compensation to be paid therefor determined by the institution and prosecution to completion of a proceeding in eminent domain in a court of competent jurisdiction and that the Legal Counsel of the University be, and he is hereby, authorized to proceed accordingly, to institute and prosecute an eminent domain proceeding in the name and on behalf of The Board of Trustees of the University of Illinois for the acquisition of said land and the determination of the compensation to be paid by it therefor, and to employ such special legal counsel, appraisers, and others as he may deem necessary or desirable to assist him in the institution and prosecution of said proceeding.

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harwood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

APPOINTMENT OF AUDITORS

Mr. Swain, for the Finance Committee, presented the following report:

The Board of Trustees retained the firm of Ernst and Ernst, Certified Public Accountants, for the audit of the University of Illinois accounts for the fiscal year ended June 30, 1958, with the understanding that the firm would be employed for three years, subject to annual review. The employment was continued in 1959 and 1960, and the firm has completed this three-year period.

The Finance Committee requested the firm of Lybrand, Ross Brothers, and Montgomery to submit a proposal for the audit of the University for the year ended June 30, 1961, with the intention of retaining this firm for a three-year period, subject to annual review. The proposal submitted by the firm is on the basis of completing the audit at the prevailing yearly rate for college and university audits, plus cash expenses, plus expenses for travel and subsistence of the staff assigned to the audit, with the understanding that the aggregate charges would not exceed the following amounts:

The University of Illinois.....	
The University of Illinois Residence Halls and Student-Staff Apartments, including bond funds.....	\$ 22 200
The University of Illinois Assembly Hall Revenue Bond Fund.....	
The University Retirement System of Illinois.....	2 200
The University of Illinois Alumni Association.....	600
The Athletic Association of the University of Illinois, including the Retirement System	1 000
The University of Illinois Foundation.....	1 300

Under present state law, the Auditor General of Illinois is responsible for auditing or causing to be audited the records of the University. The Auditor General, Mr. Frank H. Whitney, has followed the practice of earlier years in which the Auditor General is consulted concerning the employment of the auditing firm, and the firm employed by the University submits copies of its report directly to him, as well as to the Board of Trustees. Any additional work which the Auditor General may require is at the expense of his office. The firm of Lybrand, Ross Brothers, and Montgomery is acceptable to the Auditor General.

The Finance Committee recommends the employment of Lybrand, Ross Brothers, and Montgomery for the audit of the University accounts for the fiscal year ending June 30, 1961.

On motion of Mr. Swain, the employment of Lybrand, Ross Brothers, and Montgomery was authorized as recommended.

FESTIVAL OF CONTEMPORARY ARTS

Mrs. Watkins asked that the Board take note of the 1961 Festival of Contemporary Arts recently concluded on the Urbana-Champaign campus, and record its appreciation of the services of those in charge for the work they have done. The Secretary was instructed to send an appropriate message to them on behalf of the Trustees.

EXECUTIVE SESSION

At this point, on motion of Mr. Hughes, an executive session was requested and ordered for consideration of the following items of business.

APPROPRIATION FOR ARCHITECTURAL SERVICES

(1) In order that work may proceed on plans and specifications for buildings to be financed from the Universities Bond Issue, the Director of the Physical Plant and the Vice-President and Comptroller recommend that an appropriation of \$491,000, or as much thereof as may be necessary, be made from Indirect Costs to cover services performed prior to July 1, 1961. When the proceeds of the Bond Issue become available, subsequent payments will be charged to the state appropriations for the building projects involved, and the unexpended balance in the assignment from Indirect Costs will lapse.

On motion of Mr. Swain, this appropriation was made by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

**SALE OF PROPERTY AT 609 EAST UNIVERSITY AVENUE.
CHAMPAIGN, AND PURCHASE OF PROPERTY AT
901 WEST GREEN STREET, URBANA**

(2) The Board of Trustees on February 15, 1961, authorized the exchange of property owned by the University at 609 East University Avenue, Champaign, for a property at 901 West Green Street, Urbana, which will be needed by the University in its long-range campus development. The Champaign property is an endowment fund investment¹ and the exchange arrangement was subject to an approving opinion of the Legal Counsel as to the University's right to exchange the asset of a trust fund. This property will not be required for campus expansion in the foreseeable future.

The Legal Counsel has advised that this trust fund must be invested in securities and that the property at 901 West Green Street will not qualify as an investment even though it may be owned by the University and the net income is used for the purposes of the endowment. The Champaign property is a qualified investment of the endowment only because it was acquired to protect a mortgage note on the property received as part of the original endowment bequest.

The Vice-President and Comptroller recommends that the University acquire the property at 901 West Green Street, Urbana, through the University of Illinois Foundation, at the previously negotiated price of \$21,000. The Board of Directors of the Foundation has approved this purchase and the First National Bank of Chicago has agreed to finance it. The University will purchase the property from the Foundation when state capital appropriations are available and released for land acquisitions. In the meantime the income from the property will be sufficient for interest and principal payments on the loan.

The Vice-President and Comptroller also recommends that the property at 609 East University Avenue, Champaign, be sold for \$21,000 and the proceeds invested in securities for the endowment fund. A formal resolution authorizing this transaction is submitted herewith.

I concur in these recommendations.

¹ This property represents part of the investment of a bequest made to the University by the late Dean Kendrick C. Babcock of the College of Liberal Arts and Sciences establishing an endowment fund for support of research, fellowships, and publications in history and political science.

On motion of Mr. Johnston, the foregoing recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

Resolution

WHEREAS, Paul A. Tangora and Arlene M. Tangora, his wife, of Champaign, Illinois, hereinafter termed "Purchasers," have offered to purchase the hereinafter-described property, upon the terms and conditions hereinafter set forth:

Now, Therefore, Be It and It Hereby Is Resolved, by this Board of Trustees of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this Corporation be, and they hereby are, authorized and directed, in the name, and in behalf of, this Corporation to enter into an agreement with Purchasers providing for the sale and conveyance to Purchasers of the hereinafter-described property upon the following terms and conditions:

At a sale price of \$21,000, with customary adjustments to be made therein for abstracting and closing costs;

This Corporation to furnish Purchasers a merchantable Abstract of Title and to pay for the required Federal Documentary Tax Stamps;

Possession to be delivered to Purchasers at the time final payment is made, which shall be not later than July 1, 1961, but subject to the rights of the DX Sunray Oil Company under the lease entered into between it and this Corporation under date of January 1, 1961, which lease expires January 1, 1966;

Purchase price to be paid in full at the time of delivery of the deed and possession;

Title to be conveyed to be subject to the lease entered into with DX Sunray Oil Company under date of January 1, 1961, and which said lease shall be assigned by this Corporation to Purchasers at the time title is conveyed;

Such other terms and conditions as said Comptroller and Secretary may deem necessary or desirable.

It Hereby Is Further Resolved that upon compliance with the terms of said agreement by Purchasers, and in accordance with the terms thereof, said Comptroller and Secretary be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name, and in behalf of, this Corporation, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Purchasers, not in tenancy in common, but in joint tenancy, title to the following-described property, viz:

Lot One Hundred Four (104) of a Subdivision of the South part of Lot One (1) of the Southwest Quarter of Section Seven (7), Township Nineteen (19) North, Range Nine (9) East of the Third Principal Meridian, in the City of Champaign, in the County of Champaign, and State of Illinois.

On motion of Mr. Johnston, this resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

OPEN MEETING

A telephone call was received from Mrs. Florence Scala, 1030 West Taylor Street, Chicago, and Miss Jessie Binford, a resident of Hull House, representing a "Harrison-Halsted Group," requesting a hearing by the Board of Trustees.

On motion of Mr. Swain, this request was granted, and the Board reconvened in open meeting.

On motion of Mr. Clement, a five-minute recess was taken until Mrs. Scala and Miss Binford could appear.

Mrs. Scala and Miss Binford made presentations requesting the Board to reconsider its selection of the Harrison-Halsted Street site for the new Chicago campus of the University of Illinois and to choose another site, preferably Garfield Park. Mrs. Scala stated that the group she represents wants the new University campus within the City but in an area other than the Harrison-Halsted Street site.

Mr. Havens reviewed the site selection work of the Real Estate Research Corporation and the studies made by Skidmore, Owings, and Merrill, Architects and Engineers, which resulted in the selection of four sites: Meigs Field, Garfield Park, Riverside, and the Rail Terminal areas. He explained why the Trustees were obliged to eliminate Meigs Field and the Rail Terminal sites, Meigs Field because of legal restrictions which would prevent conveyance of title to the University, and the Rail Terminal because of the long time which would be involved in acquisition and clearance. He stated that the University made an all-out effort to secure Garfield Park, but title restrictions on key areas, the certainty of prolonged litigation over attempts on the part of the University to purchase and the Chicago Park District to sell, excessive replacement costs, and the reluctance of the Chicago Park District to make any definite commitments eliminated Garfield Park from further consideration. In the meantime, on September 27, 1961, the city of Chicago requested the University to include the Harrison-Halsted Street area as an alternate site with other sites which were then under consideration. Public announcements of this proposal was made at the time. The University proceeded to study this new site while attempts were still being made to acquire Garfield Park. When it became clear that the latter is not feasible, the Board on February 15, 1961, voted to select the Harrison-Halsted Street site and to accept the offer of the same by the city of Chicago.

Miss Binford asked if the Harrison-Halsted Street area was included in the sites studied by the Real Estate Research Corporation of Chicago. Mr. Havens replied that it was not included in the original studies, or in the public report of Real Estate Research Corporation presented to the Board of Trustees in October, 1958, but that the Harrison-Halsted Street area was subsequently studied by the Corporation after it had been proposed by the city of Chicago.

Mr. Dilliard asked if any others present wished to be heard.

A representative of the Garfield Park community, who did not identify himself, made a statement in behalf of the Garfield Park site.

At the conclusion of these presentations, on motion of Mr. Johnston, the Board adjourned.

On motion of Mr. Hughes, these degrees were authorized, as recommended.

INVITATION TO PRESIDENT TO VISIT BRITISH UNIVERSITIES

(5) I request the Board of Trustees to authorize my acceptance of an invitation to attend meetings of vice-chancellors of British universities in early July at Cambridge University, England, and to visit British universities during a three-week period following the Cambridge meeting.

The invitation has been presented through the Association of American Universities, and the presidents of ten member institutions of that Association will constitute the delegation.

The members of the delegation will have unusual opportunity to study British higher education and to bring back to their own institutions comparative information and insights from the experience.

The travel expense will be underwritten by the Carnegie Foundation of New York.

On motion of Mr. Harewood, the President's request was approved.

SUMMER SPEECH CLINIC WORK BY DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(6) The Division of Services for Crippled Children has been supporting summer speech clinics in cooperation with higher educational institutions in several areas of the state. The patients are children who can not be given the necessary care in their communities and those selected represent some of the most complex speech rehabilitation problems and are cases afflicted with cerebral palsy, cleft

palate, and severe hearing loss. They are eligible for treatment under the program of the Division and are in need of speech treatment as an integral part of the complete medical care program. Cooperating institutions contribute their facilities and staff.

It is recommended that during the summer of 1961, speech clinics be authorized in the following institutions on a reimbursable cost basis, estimated as follows:

Augustana College, Rock Island.....	\$ 9 722 00
Northern Illinois University, DeKalb.....	10 246 55
Southern Illinois University, Carbondale.....	8 820 00
Illinois State Normal University, Normal.....	12 233 33
	\$41 021 88

A similar clinic will be conducted at the University of

Illinois at Urbana at an estimated cost of..... 15 148 75

Funds are available in the budget of the Division of Services for Crippled Children.

The Director of the Division of Services for Crippled Children, the Vice-President in charge of the Chicago Professional Colleges, and the Vice-President and Comptroller join in this recommendation.

I concur.

On motion of Mr. Swain, this recommendation was approved.

FEDERAL GRANT FOR REHABILITATION CENTER BUILDING

(7) The Vice-President and Provost and the Vice-President and Comptroller recommend that an application be submitted to the federal government for a grant of \$300,000 under the Hill-Burton Act, to provide for one-third of the cost of a new building for the Rehabilitation Center, and that the University of Illinois Foundation be requested to solicit gifts of \$300,000 to assist in financing the project. The remaining one-third would be provided from the capital appropriations to the University for the 1961-63 biennium.

I concur and recommend the adoption of the following resolution, which is necessary in connection with submitting the application:

Resolution

Resolved that H. O. Farber, Comptroller, and A. J. Janata, Secretary of the Board of Trustees of the University of Illinois, be and hereby are authorized to sign applications for grants-in-aid under the Illinois Hospital Construction program and Public Law 725 (The Hill-Burton Act) in connection with a grant for the building of a rehabilitation facility at the University of Illinois in Urbana-Champaign.

On motion of Mr. Hughes, this resolution was adopted.

GRANTS FOR CONSTRUCTION OF LABORATORY FOR DEPARTMENT OF FOOD TECHNOLOGY

(8) The University has received official notice from the Health Research Facilities Branch of the National Institutes of Health, United States Public Health Service, of approval of an application for a grant of \$400,000 to be used for the construction of the Burnside Research Laboratory at Urbana to be used for fundamental research programs related to lipid metabolism and nutrition in degenerative diseases. The grant is made on condition that it will be matched by an equal amount by the University to provide a total of \$800,000 for construction and equipment of the laboratory.

One-half of the University's contribution will be available in state appropriations from the proceeds of the Universities Bond Issue. The other half will be a private gift to the University for this project from Miss Ethel Burnside of Paris. Miss Burnside's attorney, Mr. Raymond I. Massey of the firm of Massey, Anderson, and Gibson, Paris, and an alumnus of the University of Illinois, has handled the legal arrangements for Miss Burnside's gift.

Operational programs aimed at the control and eradication of degenerative diseases have been hampered by earlier neglect in the area of basic research in lipid metabolism. In recognition of this need, the National Institutes of Health have supported research, and more recently training grants, in this general area. A training program in lipid metabolism and nutrition is presently active at the

University of Illinois under the direction of Dr. Fred A. Kummerow, Professor of Food Chemistry in the Department of Food Technology. The Illinois State Heart Association and the Edgar County Heart Unit have been interested in this field of research and were of great assistance to the University in obtaining the private grant.

The building will be approximately 20,000 square feet in size and will be constructed on Pennsylvania Avenue in the area assigned to the College of Agriculture.

President Henry introduced Professor Fred A. Kummerow of the Department of Food Technology who discussed the research program in which he and his colleagues are engaged and which will be housed in the Burnside Research Laboratory.

On motion of Mr. Swain, acceptance of these grants was authorized, and the Board recorded its deep appreciation of the generous gift of Miss Ethel Burnside.

ARCHITECTURAL SERVICES FOR RESEARCH LABORATORY FOR DEPARTMENT OF FOOD TECHNOLOGY

(9) On February 15, 1961, the Board of Trustees authorized the employment of Glenn G. Frazier and Associates, Architects, Urbana, at a fee of 6 per cent of construction costs for architectural and engineering services for a research laboratory for the Department of Food Technology. Because funds for the construction of the building are subject to availability of federal and other grants, the architectural services authorized were limited to preliminary studies until construction funds became available.

The preliminary studies have been completed and funds have now been assured to finance completion of the plans and specifications.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that Glenn G. Frazier and Associates be authorized to complete plans and specifications.

I concur.

On motion of Mr. Hughes, these services were authorized.

<i>Total Cost</i>		<u>\$1 075 640 00</u>

Sealed bids on uniform specifications were opened on April 18, 1961. Invitations to bid were sent to twenty-three producers, in addition to solicitation by newspaper advertisements.

The bids are evaluated in the terms of the number of British Thermal Units purchased for one cent based on guaranteed analysis. A continuous check is maintained to insure compliance with specifications.

It is advantageous to have contracts with three sources of supply to be assured of delivery of coal at all times.

The prices quoted are based on present wage scales and are subject to increase or decrease in event that wage contracts now in effect are changed. Any such change will affect the price to the extent that production costs are increased or decreased by new contracts. The University may cancel the balance of the purchase contract if it believes that any price adjustment is not justified.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute contracts as recommended, subject to the approval by the Governor as required by the State Constitution.

On motion of Mr. Hughes, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Kerner, Mr. Wilkins.

CONTRACTS FOR FUEL FOR MEDICAL CENTER STEAM PLANT AND FOR CHICAGO UNDERGRADUATE DIVISION

Coal for Medical Center Steam Plant

(18) The Director of the Physical Plant, the Business Manager of the Chicago Colleges and Divisions, and the Vice-President and Comptroller recommend award of a contract to the Crerar Clinch Coal Company, 3552 West Division Street, Chicago 51, Illinois, the lowest bidder, for an amount not to exceed 42,000 tons of screenings coal per year, to be delivered to the Medical Center Steam Company plant, operated by the University, as required during the period July 1, 1961, to June 30, 1963, at a per-ton cost of \$6.05, plus transportation of \$0.89, plus \$0.80 for handling, storage, and delivery, or a total expenditure not to exceed \$650,160 for the two-year period. This price is based on present wage scales and is subject to increase or decrease in the event wage contracts or freight rates now in effect are changed, and any such change affects the price. The University has the right of approval of any such increase in price.

The lowest bid is determined by the number of British Thermal Units per one cent of cost, based on guaranteed analysis. A continuous check is provided to insure compliance with the specifications.

Fuel Oil for Medical Center Steam Plant

The aforesaid officers also recommend the purchase of a minimum of 8,000 gallons of No. 5 fuel oil with the option of purchasing as much more as may be required for emergency use, but not to exceed 450,000 gallons, for the 1961-62 heating season, from the Suburban Oil Company, 7340 West Fifteenth Street, Forest Park, Illinois, the lowest bidder, at a current price of \$0.079 per gallon subject to adjustment in accordance with the posted price variations published in the "Oil Daily." The total cost of 8,000 gallons would not exceed \$632, and of 450,000 gallons, \$35,550.

The Medical Center Steam Company plant is equipped to burn either coal, gas, or oil. Winter operation has been with coal, and summer with gas. The

fuel oil is for stand-by service. If used for emergency operation instead of gas or coal, there will be a corresponding reduction in expenditure for these two fuels.

Fuel Oil for Undergraduate Division

The aforesaid officers also recommend the purchase of No. 5 fuel oil, not to exceed 291,500 gallons, for the 1961-62 heating season, from the Great American Oil Company, 855 West Evergreen Avenue, Chicago 22, Illinois, the lowest bidder, at a firm price of \$0.07465 per gallon. On the basis of price quoted, the total expenditure for 291,500 gallons is \$21,760.48.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contracts, subject to approval by the Governor as required by the State Constitution.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Kerner, Mr. Wilkins.

STEAM SERVICE TO DEPARTMENT OF PUBLIC WELFARE LAUNDRY

(19) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a contract with the Illinois Department of Public Welfare for steam service from the Medical Center Steam Company plant to a new laundry to be constructed in the Medical Center District between Paulina Street and Hermitage Avenue, immediately north of Roosevelt Road, this contract to be on the same basis as the University's contracts with other consumers of steam in the Medical Center District supplied by the Company. The requirements of the laundry will not exceed 14,000 pounds per hour maximum demand, which is within the capacity of the present plant.

I recommend approval.

On motion of Mrs. Watkins, this contract was authorized.

CONTRACT FOR INSTALLATION OF LABORATORY EQUIPMENT AT CHICAGO PROFESSIONAL COLLEGES

(20) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$2,947.31 to the Kewaunee Manufacturing Company, Evanston, the lowest bidder, for installation of laboratory equipment in the first unit of the Dentistry-Medicine-Pharmacy Building.

The work will consist of furnishing and installing laboratory equipment in a room remodeled for use as a research laboratory for the Department of Anatomy.

Funds are available from the United States Public Health Service.

I concur.

On motion of Mr. Swain, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Kerner, Mr. Wilkins.

USE OF UNIVERSITY FACILITIES BY TWIN CITY BIBLE CHURCH

(21) The officers of the Twin City Bible Church, whose properties at 1101 West Springfield Avenue (the parsonage) and 1302 West Springfield (the site of the church building which has been razed), Urbana, have been purchased by the University, have requested the use of University facilities while their new church is being constructed. Specifically they have requested the use of twelve rooms and the auditorium in Gregory Hall at certain scheduled hours on Sundays when such rooms would not ordinarily be in use by the University.

The request can not be authorized administratively under Board of Trustees rules governing the use of University buildings by outside organizations so that authorization of an exception to this by the Board of Trustees would be required. However, there are precedents for such exceptions for the use of University premises by church organizations, such exceptions having been authorized by the

Board on condition that the University would be reimbursed for actual direct costs involved.

The Director of the Physical Plant recommends and I concur that the Twin City Bible Church be permitted to use rooms in Gregory Hall, or elsewhere if conditions require changes to other buildings from time to time, every Sunday for a period of fifteen months at a rental of \$23 per day for each day that the facilities are used.

On motion of Mrs. Watkins, this request was approved, as recommended.

QUARTERLY REPORT OF THE COMPTROLLER

(24) The Comptroller presented his quarterly report to the Board as of March 31, 1961.

This report was received for record, and a copy has been filed with the Secretary of the Board.

REVISION OF CURRICULUM IN ENGINEERING PHYSICS

(25) The Urbana-Champaign Senate has recommended the following revision in the curriculum in engineering physics, approved by the faculty of the College of Engineering. The major changes are an increase in the amount of time spent on modern physics and a reduction in the number of hours required for graduation from 136 to 130 hours plus the general University requirements in military training and physical education.

The details of the specific course changes are filed with the Secretary of the Board for record.

It is further recommended that the new graduation requirements under this curriculum become effective for students entering as freshmen in 1960 and for transfer students who enter in June, 1961, or thereafter, and that other students now enrolled in the curriculum be given the option of graduating under the new requirements.

The Senate Coordinating Council has advised that these revisions have been discussed with the Chicago Undergraduate Division department concerned and are considered within the sphere of the authority of the degree-granting college and Senate (i.e., the Urbana-Champaign Senate).

I concur.

On motion of Mr. Harewood, this recommendation was approved.

REVISION OF MAJOR AND MINOR REQUIREMENTS IN POLITICAL SCIENCE

(26) The Urbana-Champaign Senate recommends the following revision of the requirements for a major in political science and in the list of minors for political science majors:

Major: Twenty hours from courses offered by the Department of Political Science. A major may include three semester hours from the following courses: Economics 170, 171, Economics 214, History 345, 346, 369, 370, Mathematics 161, Psychology 135, and Sociology 185. No student entering the University after September 1, 1961, may offer more than eight hours of 100-level courses as part of a political science major.

(Formerly: Twenty hours from courses offered by the Department of Political Science. A major may include three hours of constitutional history, History 345, 346, 369, or 370.)

Minors: Twenty hours in one or two of the following subjects, with at least eight hours in each if two are chosen: anthropology, economics, education, finance, geography, history, law, library science, mathematics, philosophy, psychology, social work, and sociology. One of the curricula in Latin-American studies, Russian language and area studies, or medieval civilization is also accepted as a sole minor.

(Formerly: Twenty hours in one or two of the following subjects, with at least eight hours in each if two are chosen: anthropology, economics, education, finance, geography, history, law, library science, philosophy, social work, and sociology. The curriculum in Latin-American studies, Russian language and area studies, or medieval civilization is also accepted as a minor.)

The Senate Coordinating Council has advised that no other Senate jurisdiction is involved. This revision will become effective for students starting their major programs in political science in September, 1961, and thereafter.

I concur.

On motion of Mr. Swain, this recommendation was approved.

REVISION OF MAJOR AND MINOR REQUIREMENTS IN RUSSIAN

(27) The Urbana-Champaign Senate recommends the following revision of the requirements for a major in Russian, and revision in the requirements for a minor with a Russian major:

Major: Twenty hours of Russian excluding Russian 101 and 102, and including at least five hours from the group for advanced undergraduates and graduates; a minimum of three hours in Russian 321, 322, 323, 324, and 332; and a minimum of two and a maximum of six hours in Russian 309, 310, 312, 331. (Formerly: Twenty hours of Russian excluding Russian 101 and 102.)

Minors: Twenty hours in one or two of the following subjects, with at least eight hours in each if two are chosen: English (excluding Rhetoric 101 and 102), French, German, Greek, history, Italian, Latin, library science, political science, Portuguese, Spanish. The first semester of any foreign language (French 101, German 101, Greek 101, Italian 101, Latin 101, Portuguese 101, Spanish 101) may not be counted toward a minor in that subject.

(Formerly: Twenty hours in one or two of the following subjects, with at least eight hours in each if two are chosen: English (excluding Rhetoric 101 and 102), French, German, Greek, history, Italian, Latin, library science, political science, Portuguese, Spanish. The following courses are strongly recommended: History 219, 220, 327, 328, Political Science 335.)

The Senate Coordinating Council has advised that no other Senate jurisdiction is involved. This change will become effective for students beginning their major programs in Russian in September, 1961, and thereafter.

I concur.

On motion of Mr. Harewood, this recommendation was approved.

DISCONTINUANCE OF CREDIT ALLOWED FOR RHETORIC 200 AND 201

(28) The Urbana-Champaign Senate recommends that the University discontinue credit for Rhetoric 200 and 201 which are required courses following failure on the junior-year qualifying examination in English.

The Senate Coordinating Council has advised that no other Senate jurisdiction is involved. This change will become effective in September, 1961.

I concur.

On motion of Mr. Dilliard, this recommendation was approved.

CERTIFICATE IN RUSSIAN LANGUAGE AND AREA STUDIES

(29) The Urbana-Champaign Senate recommends authorization of a proposal from the College of Liberal Arts and Sciences, approved by the Executive Committee of the Graduate College, to grant a Certificate in Russian Language and Area Studies to students who have completed certain specified requirements.

The certificate, to be signed by the Director of the Center for Russian Language and Area Studies and the Dean of the Graduate College, is not the equivalent of a degree since the program of study may include work submitted in partial fulfillment of a master's degree or a doctor's degree, and may in some cases require less than one year of additional work. The certificate will state that the candidate, while enrolled in advanced studies in a major field, has satisfied requirements of an additional program and has been awarded the Certificate of Graduate Specialization in Russian Language and Area Studies.

The requirements are:

1. A good command of written and spoken Russian, as determined by special examinations.
2. At least six graduate units relating to Russia, distributed among at least three of the departments represented in the program (Anthropology, Economics, Geography, History, Political Science, Russian, and Sociology), in addition to the student's own major department.
3. A special essay based largely on Russian sources and to be, at the minimum, of the standard normally required in a master's thesis. (The student may submit, in fulfillment of this requirement, a copy of his master's thesis or doctoral dissertation.)

The Senate Coordinating Council had advised that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Harewood, this recommendation was approved.

MENTAL HEALTH CLINIC

(30) For many years the University has needed a clinical facility in the mental health field which would make it possible for a number of the departments at the Urbana campus to advance their research and teaching programs. Having such a facility available not only would strengthen the University's work but through it would advance the welfare of the people of the state. Research in the methods of treatment and re-education, as well as in the basic causes of mental disturbance, is a frontier in which the University is vitally concerned. Further, shortages of personnel in these fields can be met only with improved programs and facilities.

Over the years, because of the limitations upon resources, the University has not had the advantage of adequate facilities in this community for the work here described. A number of other universities have managed to procure direct appropriations or gifts for this kind of agency or clinical outlet. Urban institutions, of course, have access to their institutional neighbors.

The only possibility in the foreseeable future for the University to gain the kind of research and teaching outlet as would be provided by the facility described here would be in the program recently announced by Dr. Frances J. Gerty, Director of the State Department of Public Welfare.

The following departments are involved: Institute for Research on Exceptional Children (College of Education); graduate-training program in vocational rehabilitation (College of Education); Department of Psychology, especially its staff and graduate-training program in clinical psychology; training programs in speech and hearing disorders (Department of Speech and Theatre); Jane Addams Graduate School of Social Work, with its specialization in psychiatric social work; the University Health Services (Mental Health Division); Department of Sociology (interest in family and community conditions related to psychological disturbances and social disorganization); Department of Recreation (College of Physical Education), with a training program in recreational therapy.

As an indication of the importance and scope of graduate education in these fields at the University of Illinois, the United States Public Health Service currently provides training grants to several of these departments totaling more than \$200,000 a year. These grants support fellowships for graduate students, salaries for professional staff, and funds for other operating costs. In addition, grants from this agency for research in mental health total more than \$100,000 a year, and its representatives have already indicated interest in expanding such support very substantially if the new facility can be located here. The expansion would result immediately in improved service in the state clinic and should lead

to long-range improvement in methods of treatment that could be used throughout the state. Unless such improvement can be secured through research and through better-trained personnel, the staggering costs of mental disturbances will continue to mount, in Illinois as elsewhere.

I recommend that the Board of Trustees authorize the administrative officers of the University to negotiate with the Department of Public Welfare for the establishment on the Urbana-Champaign campus of a mental health clinic facility including authorization of an offer of a site in relation to the educational and research opportunities which would become formally a part of the University's program.

On motion of Mr. Swain, authority was granted, as requested.

HOUSING REVENUE BONDS

(31) The Vice-President and Comptroller submits the following recommendation relating to the issue of the Board of Trustees of the University of Illinois Housing Revenue Bonds of 1960, Series B and C:

That Series B bonds in the amount of \$4,680,000 maturing in the years 1971 through 2000 be sold to the Housing and Home Finance Agency at an interest cost of 3½ per cent in accordance with and pursuant to the Loan Agreement approved April 19, 1961, and that Series B bonds in the amount of \$320,000 maturing in the years 1963 through 1970 be sold to White, Weld, and Company at a price of \$320,854.45 and at an effective interest rate of 3.457 per cent;

That Series C bonds in the amount of \$750,000 be sold to John Nuveen and Company and Associates at a price of \$750,201 and at an effective interest rate of 3.6226 per cent, which represents the lowest interest cost to the University;

That the bonds be executed by facsimile signatures of Frances B. Watkins and Timothy W. Swain, members of the Board, by the facsimile signature of Kenney E. Williamson, President of the Board, and by the signature of A. J. Janata, Secretary of the Board;

That the Board ratify and confirm all actions taken or to be taken by the officers and members of the Board in connection with the sale and delivery of the bonds; and

That the resolution submitted herewith be adopted.

I concur.

On motion of Mr. Swain, the Board adopted the following resolution by a record vote. Those voting aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; those voting no, none; absent, Mr. Johnston, Mr. Kerner, Mr. Wilkins.

Both principal hereof and interest hereon are hereby made payable in any coin or currency which, on the respective dates of payment of such principal and interest, is legal tender for the payment of debts due the United States of America, at The First National Bank of Chicago (hereinafter called "Trustee"), or its successor in trust under the Resolution hereinafter referred to, in the City of Chicago, Illinois, or at the option of the holder, at The Chase Manhattan Bank, in the Borough of Manhattan and City and State of New York.

This bond is one of an authorized series of Dollars (\$.....) principal amount of Housing Revenue Bonds of 1960, Series which, with the 1960 Series Bonds constitute an issue of Five Million Seven Hundred Fifty Thousand Dollars (\$5,750,000), issued or to be issued pursuant to a Bond Resolution of The Board of Trustees of the University of Illinois duly adopted December 17, 1958, as supplemented by First, Second, Third and Fourth Supplemental Resolutions thereto duly adopted June 23, 1959, October 21, 1959, June 14, 1960, and May 17, 1961, respectively (said Bond Resolution as so supplemented being herein referred to as the "Resolution"), for the purpose of providing funds for paying the cost of constructing and equipping student and staff housing and related facilities. Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois, and also in a financial newspaper printed in the English language and published and of general circulation in the Borough of Manhattan, City and State of New York, and when this bond or any of the bonds of such authorized issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption monies are available for the payment of all bonds called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1959, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Housing Revenue Bond Fund as provided in the Resolution, which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue, bonds heretofore issued pursuant to the Resolution and additional bonds which may hereafter be issued pursuant to the Resolution, (2) student tuitions authorized by law to be retained in the University treasury, but not in excess of \$810,000 annually plus such additional sums as may be specified in any supplemental Resolution creating or authorizing additional bonds to be issued pursuant to the Resolution as so supplemented, and (3) certain existing revenue producing buildings of the University after the prior payment of other indebtedness to the extent set forth in the Resolution. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Trustee in Chicago, Illinois, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer hereof.

Subject to the provisions for registration and transfer, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and The Board of Trustees of the University of Illinois, the Trustee, and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered, and the bearer of any interest coupons appertaining hereto as the absolute owner hereof for all purposes and shall not be affected by any notice to the contrary whether this bond or any coupon appertaining thereto be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66 $\frac{2}{3}$ %) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums, if any, at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder, or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons, or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signatures of its President and two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated as of the 1st day of October, 1960.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, a body corporate, created and existing under the laws of the State of Illinois, for value received promises to pay to bearer, but only out of the Student Services Building Bond Fund, as hereinafter provided for, and not otherwise, the principal sum of ONE THOUSAND DOLLARS (\$1,000), on October 1, 19....., and to pay interest on said sum from the date hereof until paid at the rate of per cent (.....%) per annum, payable October 1, 1961, and semiannually thereafter on the first days of April and October in each year until the principal amount hereof has been fully paid. Interest accruing on this bond on and prior to the maturity date hereof shall be payable on presentation and surrender of the interest coupons hereto attached as they subsequently become due, but no interest shall accrue on this bond after the maturity hereof whether by lapse of time, call for redemption, or otherwise unless this bond shall be presented for payment and be not then paid.

Both principal hereof and interest hereon are hereby made payable in any coin or currency which, on the respective dates of payment of such principal and interest, is legal tender for the payment of debts due the United States of America, at the American National Bank and Trust Company of Chicago, in the City of Chicago, Illinois.

This bond is one of an initial authorized issue of One Million Three Hundred Fifty Thousand Dollars (\$1,350,000) principal amount of Student Services Building Bonds issued and to be issued pursuant to a Bond Resolution (herein called

"Resolution") of The Board of Trustees of the University of Illinois duly adopted May 17, 1961, for the purpose of providing funds for paying the cost of constructing and equipping a Student Services Building (herein sometimes called the "Project") as set forth in the Resolution. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto only in the event that additional funds are necessary to pay the cost of completing the Project in the manner and upon the terms and conditions more fully set forth therein.

The bonds of this issue are redeemable prior to their maturity at the option of the Board of Trustees, either in whole or in part, on any interest payment date on and after, but not prior to April 1, 1971, in the inverse order in which they mature, at the principal amount thereof, together with the interest accrued thereon to the date fixed for redemption plus a premium of the following percentages of such principal amount if redeemed during the following periods respectively:

<i>Period of Redemption</i>	<i>Applicable Premium</i>
April 1, 1971 through October 1, 1975.....	3%
April 1, 1976 through October 1, 1980.....	2%
April 1, 1981 through October 1, 1985.....	1%

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois, and when this bond or any of the bonds of this issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption monies are available for the payment of all bonds called for redemption.

This bond and the issue of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1959, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Student Services Building Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue and (2) student service charges (as defined in the Resolution) for the use of the facilities. This bond and the issue of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, or said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the American National Bank and Trust Company of Chicago, or its successor, as Registration Agent in the City of Chicago, Illinois, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer thereof.

Subject to the provisions for registration and transfer, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without

notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and The Board of Trustees of the University of Illinois, any paying agent, the Registration Agent and any other person may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered, and the bearer of any interest coupons appertaining hereto as the absolute owner hereof for all purposes and shall not be affected by any notice to the contrary whether this bond or any coupon appertaining thereto be overdue or not.

The bonds of this issue are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the office of the Registration Agent in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66 $\frac{2}{3}$ %) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums at the time and place and at the rate and in the currency provided therein of any bond without the expressed consent of the holder or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the issue of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time rules, rents, student service charges and other charges for the use of said facilities and to maintain and collect rents and student service charges and other charges sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signatures of its President and two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated as of the 1st day of April, 1961.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Student Services Building Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed and equipped with the proceeds of this bond issue and (2) student service charges (as defined in the Resolution) for the use of the facilities. This bond and the issue of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, or said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

Subject to the provisions for registration and transfer contained herein and in the Resolution, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and shall be transferable by the registered owner at the office of the American National Bank and Trust Company of Chicago, or its successor, as Registration Agent in the City of Chicago, Illinois, upon surrender and cancellation of this bond and thereupon coupon bonds or a new registered bond without coupons of the same principal amount, interest rate and maturity will be issued to the transferee as provided in the Resolution. The Board of Trustees of the University of Illinois, any paying agent, the Registration Agent and any other person may treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment and for all other purposes and shall not be affected by any notice to the contrary whether this bond be overdue or not.

The bonds of this issue are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder of

registered owner at the office of the Registration Agent in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66 $\frac{2}{3}$ %) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons or (iv) reduce the percentage of principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the issue of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time rules, rents, student service charges and other charges for the use of said facilities and to maintain and collect rents and student service charges and other charges sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signature of its President and two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and this bond to be dated as of the 1st day of _____, 19_____.

SECTION 2.06. Execution of Bonds. All of the Bonds shall be executed by the facsimile signatures of the President and any two members of the Board of Trustees and shall have the seal of the University affixed thereto (or a facsimile thereof to be reproduced thereon) and shall be attested by the Secretary of the Board of Trustees, and the coupons to be attached to the Bonds shall bear the facsimile signatures of the President and Secretary of the Board of Trustees.

In case any person who shall have signed, sealed or attested any Bond issuable under this Resolution as an officer or member of The Board of Trustees shall have ceased to be such officer or member before the Bond so signed, sealed or attested shall have been actually delivered, such Bond nevertheless may be delivered and issued as though the person who signed, sealed or attested such Bond had not ceased to be such officer or member of the Board of Trustees.

Any Bond issuable hereunder may be signed, sealed or attested on behalf of the Board of Trustees by any person who at the actual date of execution of such Bond is the proper person, although at the date of such Bond such person shall not have been an officer or member of the Board of Trustees.

SECTION 2.07. Registration and Transfer of Bonds. The University shall keep at the office of the Registration Agent in Chicago, Illinois, books for the registration and transfer of Bonds issued hereunder, which, at all reasonable times, shall be open for inspection by the holder of any Bond issued hereunder, and upon presentation for the purpose at such office, the University will register or transfer or cause to be registered or transferred herein, as hereinafter provided, and under such reasonable regulations as it may prescribe, any Bonds issued under this Resolution and entitled to be so registered or transferred.

The holder of any coupon Bond issued hereunder may have the ownership of the principal thereof registered on said books of the University at the office of the Registration Agent in Chicago, Illinois, and such registration shall be noted on the Bond. After such registration no transfer shall be valid unless made on the said books by the registered owner in person, or by his duly authorized attorney, and similarly noted on the Bond; but the same may be discharged from registration by being in like manner transferred to bearer, and thereupon transferability by delivery shall be restored; and such Bond may again, from time to time, be registered or transferred to bearer as before. Such registration, however, shall not affect the transferability of the coupons, but every such coupon shall continue to be transferable by delivery merely, and shall remain payable to bearer. The University shall make no charge for such registrations and discharges from registration.

Any registered Bond without coupons may be transferred at the office of the Registration Agent in the City of Chicago, Illinois, by surrender of such Bond for cancellation, accompanied by delivery of a written instrument of transfer in form approved by the Comptroller, duly executed by the registered owner of such Bond or his duly authorized attorney, and thereupon the University shall issue in the name of the transferee or transferees a new registered Bond or Bonds of like form and maturity and for a like aggregate principal sum.

A registered Bond without coupons, upon request of the registered owner, may be exchanged at said office of the Registration Agent for several such Bonds, of like form and maturity but of lesser authorized denominations, in the same name and for a like aggregate principal sum, and several registered Bonds without coupons, in the same name, may, upon request of the registered owner, be exchanged at such office or agency for one registered Bond without coupons or several such Bonds, of like form and maturity, but of greater authorized denominations and for the same aggregate principal sum.

Whenever any coupon Bonds in aggregate principal amount equal to one of

more registered Bonds without coupons of authorized denominations, with all unmatured coupons thereto attached, shall be surrendered at such office for exchange for a registered Bond or Bonds without coupons, the University shall issue, and, in exchange for such coupon Bonds, shall deliver registered Bonds, or one registered Bond, of authorized denominations without coupons, of the same maturity and for a like aggregate principal sum.

Whenever any registered Bond without coupons shall be surrendered for cancellation, accompanied by delivery of a written instrument of transfer in a form approved by the Comptroller, duly executed by the registered owner of such Bond or his duly authorized attorney, at the office of the Registration Agent in the City of Chicago, Illinois, for exchange for coupon Bonds, the University shall issue, and, in exchange for such registered Bond, shall deliver coupon Bonds for a like aggregate principal sum and like maturity, with coupons thereto attached representing interest from the interest payment date on which interest was last paid on such registered Bond without coupons.

As to all registered Bonds without coupons and all coupon Bonds registered as to principal, the person in whose name the same shall be registered shall be deemed and regarded as the owner thereof, for all purposes, and thereafter payment of or on account of the principal of such Bond, if it be a registered coupon Bond, and of the principal and interest, if it be a registered Bond without coupons, shall be made only to such registered owner thereof but such registration may be changed as above provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bonds to the extent of the sum or sums so paid. The University may deem and treat the bearer of any coupon Bond which shall not at the time be registered as to principal, and the bearer of any coupon for interest on such Bond, whether such Bond shall be registered or not, as the absolute owner of such Bond or coupon for the purpose of receiving payment thereof, and for all other purposes whatsoever, and the University shall not be affected by any notice to the contrary whether the Bond or coupon be overdue or not.

In every case of exchange or transfer of Bonds under this Section, the surrendered Bond or Bonds shall be presented to the University for cancellation.

Upon every such exchange of coupon Bonds for registered Bonds, without coupons, or of registered Bonds without coupons for coupon Bonds or for other registered Bonds without coupons, and upon any transfer of registered Bonds without coupons, the University, except as otherwise provided in any agreement between the University and any original purchaser of Bonds, may require the payment of such charge therefor as it may deem proper, not exceeding Two Dollars (\$2.00) plus actual expenses, including printing costs of new bonds and fees of the Registration Agent incurred in connection therewith for each Bond issued upon such exchange, payment of which, together with any taxes or other governmental charges required to be paid with respect to such exchange or transfer, shall be made by the party requesting such exchange or transfer as a condition precedent thereto.

The University shall not be required to make exchanges or transfers of bonds as provided in this Section 2.07 during a period of ten (10) days next preceding any interest payment date, or for the period of ten (10) days next preceding the first publication of notice of redemption of any Bond or at any time of any Bonds which have theretofore been duly called for redemption.

SECTION 2.08. *Lost, Stolen, Destroyed or Mutilated Bonds.* Upon the receipt by the University of evidence satisfactory to it of the loss, theft, destruction or mutilation of any outstanding Bond hereby secured, and of indemnity satisfactory to it, and upon surrender and cancellation of such Bond if mutilated, the University may execute and deliver, upon the lapse of such period of time as they may deem advisable, a new Bond of like tenor and maturity bearing the same or a different serial number, to be issued in lieu of such lost, stolen, destroyed or mutilated Bond. Such new Bond may bear such endorsement as may be prescribed by the University and which at the time is necessary to conform to the requirements of any securities exchange or of any governmental body having jurisdiction. The University may require the payment of a sum not exceeding Two Dollars (\$2.00) for each new Bond issued under this Section 2.08, plus expenses, including printing costs of new bonds, which may be incurred by the University in the premises.

SECTION 2.09. Registration Agent. The American National Bank and Trust Company of Chicago, or its successor, in the City of Chicago, Illinois, is hereby appointed as the Registration Agent for the purpose of registering, transferring and exchanging the Bonds as in this Resolution provided and the University agrees to take all legal action necessary or proper to constitute said bank as the Registration Agent hereunder.

ARTICLE THREE

REDEMPTION OF BONDS

SECTION 3.01. Publication of Notice. Whenever the University shall determine to exercise its right to redeem any Bonds issued hereunder and by their terms subject to redemption, notice of such redemption shall be published by the University in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois not less than 30 days prior to such redemption date. Such notice shall (a) designate the time and place of such redemption; (b) if the Bonds to be redeemed are less than all of the Bonds of any maturity, designate the numbers, the maturity date or dates and the aggregate principal amount of such Bonds; and (c) state that on the designated date of redemption such Bonds will be redeemed by payment of the principal amount thereof (or for the portion thereof to be redeemed) and all unpaid interest accrued thereon to the date of redemption plus the applicable premium, if any, and that from and after such designated redemption date interest in respect of the Bonds (or portions thereof) so called for redemption shall cease. A copy of said notice shall be mailed by the University, postage prepaid, at least 30 days prior to the redemption date to all registered owners of Bonds so to be redeemed at their last addresses appearing on the registration books of the University, but such mailing shall not be a condition precedent to the validity of the redemption of any Bond.

In case any fully registered Bonds are to be redeemed in part only, said notice shall specify the respective portions of the principal amounts thereof to be redeemed (which shall be \$1,000 or any multiple thereof) and shall state that payment of the redemption price shall, except as hereinafter specifically provided, be made only upon presentation of such fully registered Bonds for surrender in exchange for a coupon Bond or Bonds or a fully registered Bond or Bonds of the same maturity, of authorized denominations in aggregate principal amount equal to the unredeemed portion of the principal amount thereof; and in such case, if coupon Bonds or fully registered Bonds are so to be delivered in exchange, the University shall execute and deliver to or upon the written order of the registered owner of any fully registered Bonds, a portion only of which is to be redeemed, and at the expense of the University, a new Bond or Bonds of the same maturity for the principal amount of the surrendered fully registered Bond less the principal amount thereof paid on surrender.

In the event of the payment of a portion of the principal amount of any fully registered Bond registered in the name of any holder for the benefit of whom University shall elect that the provisions of this paragraph shall be applicable thereto (which election shall be subject to the condition that such holder shall first agree not to make any sale or transfer of any Bond or Bonds registered in its name without presentation of such Bond or Bonds for transfer and exchange), then in such event the University shall make payment to such Bond holder without requiring presentation of such Bond and, in lieu of delivering a new Bond or Bonds of an aggregate principal amount equal to the unredeemed portion of the principal amount of such Bond, the University shall, in its letter transmitting payment to such Bond holder, instruct such holder to endorse such payment on such Bond and a written representation from such holder to the University that such payment has been so endorsed shall be conclusive evidence of such endorsement and payment.

SECTION 3.02. Selection of Bonds for Redemption. In case the University shall have elected to redeem less than all of the outstanding Bonds of a single maturity, the Bonds to be redeemed shall be selected by lot except as herein otherwise expressly provided. In each such instance the University shall, at least five days before the date upon which the first publication of the notice of redemption hereinbefore mentioned is required to be made, draw by lot, from the outstanding Bonds of such maturity, in any manner deemed by it proper, the identi-

lying numbers of the Bonds to be redeemed. In any such selection by lot each Bond of a denomination in excess of \$1,000 shall be given a separate number for each \$1,000 of the principal amount thereof.

SECTION 3.03. *Deposit of Funds for Redemption.* Said notice having been given, as above provided, the Bonds designated for redemption shall, on the date specified in such notice, become due and payable, at the then applicable redemption price, and on or before the day preceding the date fixed for redemption the University shall deposit with the American National Bank and Trust Company of Chicago as depository, the redemption price of the Bonds called for redemption and accrued interest thereon to the date fixed for redemption. Upon such deposit having been made and on presentation, if required, of such Bonds in accordance with such notice at the place at which the same are expressed in such notice to be redeemable, with all appertaining coupons, if any, maturing after said redemption date, such Bonds shall forthwith after the making of such deposit be paid by the depository, on behalf of the University, at such redemption price. Such payment of the redemption price shall be made to the bearer of any such Bonds, unless it shall then be registered, in which case such payment shall be made to the registered owner. All unpaid interest installments represented by coupons which shall have matured on or prior to the date of redemption specified in such notice, shall continue to be payable to the bearers, severally and respectively, and the redemption price payable to the holders of Bonds presented for redemption shall not include such unpaid installments of interest unless coupons representing such installments shall be attached to the Bonds presented for redemption.

SECTION 3.04. *Effect of Redemption.* If the amount necessary to redeem all of the Bonds called for redemption as aforesaid shall have been deposited with the paying agent, for the account of the holder or holders of such Bonds on or before the day preceding the date specified for such redemption, and the notice hereinbefore mentioned shall have been duly given, and all charges and expenses of the paying agent in connection with such redemption, or otherwise hereunder, shall have been fully paid or provided for, the University shall be privileged to consider such Bonds redeemed from the holder or holders thereof, and interest on such Bonds shall cease on the date specified for such redemption, and the University shall thereupon (subject to the provisions of Article Ten hereof) be discharged from and after the redemption date specified in such notice from further liability in respect of the Bonds so called for redemption, and thereafter such Bonds shall not be entitled to any benefit of or from this Resolution. In case any question shall arise as to whether any such notice shall have been sufficiently given, or such redemption effected, such question shall be decided by the paying agent, and the decision of the paying agent shall be final and binding upon all parties in interest. No holder of any Bond shall be entitled to any interest on money deposited for the redemption of Bonds.

SECTION 3.05. *Cancellation of Bonds.* All Bonds redeemed and paid, as provided in this Article Three, shall, together with all coupons appertaining thereto, if any, be cancelled by the University and no Bonds or coupons so redeemed shall be reissued, nor shall any Bonds or coupons be issued in lieu thereof.

SECTION 4.02. *Issuance of Additional Bonds.* After the issue and delivery of the Bonds herein authorized and provided for to the purchaser thereof, additional Bonds to share ratably and equally with the Bonds hereby authorized shall only be issued in the event that additional funds are necessary to pay the cost of completing the Project herein provided for in accordance with the plans and specifications now on file in the office of the Physical Plant Department, Administration Building, Urbana, Illinois, and in the event additional funds are necessary to pay the cost of completing the Project herein provided for, said Bonds shall not be issued until such time as the architects employed by the University for

Any additional Bonds issued for the purpose of completing the Project herein provided for, in accordance with this Section, shall be payable serially with principal and interest amortized over a period not shorter than the remaining life of any of the then outstanding Bonds.

ARTICLE FIVE

EVENTS OF DEFAULT

SECTION 8.01. Events of Default. The University shall be in default herein if one or more of the following events (herein called "events of default") shall happen, to-wit:

(a) Failure to make due and punctual payment of the principal of or any redemption premium on any Bond when and as the same shall become due and payable;

(b) Failure to make due and punctual payment of any installment of interest on any Bond when and as such interest installment shall become due and payable, and such default shall have continued for a period of thirty (30) days;

(c) Failure to make due and punctual payment or satisfaction of any payment into the Bond and Interest Sinking Fund Account when and as such payments shall become due and payable as in this Resolution or any resolution supplemental hereto expressed and such default shall have continued for a period of one hundred eighty (180) days;

(d) If the University shall default in the observance of any other covenants, agreements or conditions on its part in this Resolution or any resolution supplemental hereto or in the Bonds contained, and such default shall have continued for a period of ninety (90) days after notice thereof given to the University by the holder of any Bond setting forth the nature of such default.

If an event of default shall happen and be continuing, then and in each and every such case the holders of not less than a majority in aggregate principal amount of the Bonds at the time outstanding shall be entitled, upon notice in writing to the University, to declare the principal of all of the Bonds then outstanding hereunder and the interest accrued thereon to be due and payable immediately, and upon any such declaration the same shall become and shall be immediately due and payable, anything in this Resolution or in the Bonds contained to the contrary notwithstanding.

All of the revenues of the facilities including all sums in the Student Services Building Bond Fund upon the date of the happening of any event of default and all revenues of the facilities thereafter received by the University, shall be applied by the University in the order following upon presentation of the several Bonds and coupons, and the stamping thereon of the payment if only partially paid, or upon the surrender thereof if fully paid:

First, to the payment of the costs and expenses of the holders of the Bonds in declaring such event of default, including reasonable compensation to their agents, attorneys and counsel;

Second, in case the principal of the Bonds shall not have become due and shall not then be due and payable, to the payment of the interest in default in the order of the maturity of the installments of such interest, with interest on the overdue installments at the rate now or hereafter provided by law, such payments to be made ratably to the persons entitled thereto without preference or priority;

Third, in case the principal of the Bonds shall have become due and shall be then due and payable, to the payment of the whole amount then owing and unpaid upon the Bonds for principal and interest, with interest on the overdue principal at the rate or rates of interest specified in the Bonds and on installments of interest at the rate now or hereafter provided by law, and in case such moneys shall be insufficient to pay in full the whole amount so owing and unpaid upon the Bonds, then to the payment of such principal and interest without preference or priority of principal over interest, or of interest over principal, or of any installment of interest over any other installment of interest, ratably to the aggregate of such principal and interest.

SECTION 8.02. Rights of Holders of Bonds Upon Default. Subject to any contractual limitations binding upon the holders of any of the Bonds (including any other limitations herein upon the exercise of any remedy to holders holding a specific proportion or percentage of the Bonds), any holder of Bonds shall have the right, for the equal benefit and protection of all holders of Bonds similarly situated:

(a) By suit at law or proceedings in equity to compel observance by the University or by any of its officers, agents, and employees of any contract or covenant made by the University with the holders of bonds and coupons as provided in this Resolution, and to compel the University and any of its officers, agents and employees, to perform any duties required to be performed for the benefit of the holders of the Bonds or coupons as provided by this Resolution, and to enjoin the University and any of its officers, agents or employees from taking any action in conflict with any contract or covenant with the holders of the Bonds and coupons as provided by this Resolution;

(b) By action or suit in equity to require the University to account as if it were the trustee of an express trust; or

(c) By action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the holders of Bonds.

No remedy conferred hereby upon any holder of Bonds is intended to be exclusive of any other remedy, but each such remedy is cumulative and in addition to every other remedy and may be exercised without exhausting and without regard to any other remedy conferred hereby. No waiver of any default or breach of duty or contract by the holder of any Bond shall extend to or shall affect any subsequent defaults or breach of duty or contract or shall impair any rights or remedies thereon. No delay or omission of the holder of any Bond to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein. Every substantive right and every remedy conferred upon the holders of Bonds may be enforced and exercised from time to time and as often as may be deemed expedient. In case any suit, action or proceeding to enforce any right or exercise any remedy shall be brought or taken and then discontinued or abandoned, or shall be determined adversely to the holders of Bonds, then, and in every such case, the University and the holders of Bonds shall be restored to their former positions and rights and remedies as if no such suit, action or proceeding had been brought or taken.

ARTICLE NINE

MODIFICATION AND AMENDMENT OF THE RESOLUTION

SECTION 9.01. *Amendment by Consent of Bond Holders.* This Resolution and the rights and obligations of the University and of the holders of the Bonds and coupons may be modified or amended at any time by resolution supplemental hereto adopted by the Board of Trustees pursuant to the affirmative vote of the holders of sixty-six and two-thirds per cent ($66\frac{2}{3}\%$) in principal amount of all of the Bonds then outstanding at a meeting of Bond holders held in accordance with this Article, or with the written consent without a meeting, given as provided in Section 9.04, of the holders of sixty-six and two-thirds per cent ($66\frac{2}{3}\%$) in principal amount of all of the Bonds then outstanding; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on, or otherwise alter or impair the obligation of the University to pay the principal or interest or redemption premiums at the time and place and at the rate and in the currency provided therein of any Bond without the express consent of the holder of such Bond, or (ii) permit the creation by the University of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held hereunder, except as permitted by this Resolution, other than the lien and pledge created by this Resolution, or (iii) permit the creation of a preference or priority of any Bond or Bonds over any other Bond or Bonds or coupon or coupons, or (iv) reduce the percentages of Bonds required for the affirmative vote or written consent to an amendment or modification, without the written consent of holders of all Bonds.

SECTION 9.02. *Bond Holders' Meetings.* The University may at any time call a meeting of the holders of Bonds. Every such meeting shall be held at such place in the City of Chicago, State of Illinois, as may be specified in the notice calling such meeting. Written notice of such meeting, stating the place and time of the meeting and in general terms the business to be submitted, shall be given by the University to the holders of all Bonds outstanding hereunder by registered or certified mail, postage prepaid, not less than thirty (30) nor more than sixty (60) days before such meeting, to each registered owner of Bonds then outstanding, at his address, appearing upon the books of registration, and in the event there shall then be outstanding any coupon Bonds which shall not be registered as to principal such notice shall also be published by the University at least once a week for two (2) successive weeks in a daily newspaper published in the English language and having a general circulation in the City of Chicago, State of Illinois, the first publication to be not less than thirty (30) nor more than sixty (60) days prior to the meeting; provided, however, that in any case where publication shall be required as hereinbefore set forth the mailing of such notice shall in no case be a condition precedent to the validity of any action taken at any such meeting.

SECTION 9.03. Attendance in Person or by Proxy. Attendance and voting by Bond holders at such meeting may be in person or by proxy. Owners of registered Bonds may, by an instrument in writing under their hands, appoint any person as their proxy to vote at any meeting for them.

In order that holders of Bonds payable to bearer or their proxies may attend and vote without producing their Bonds, the University may make and from time to time vary such regulations as it shall think proper for the deposit of Bonds with, or exhibit of Bonds to, any banks or trust companies wherever situated, and for the issue by them, to the persons depositing or exhibiting such Bonds, of certificates in form approved by the University which shall constitute proof of ownership entitling the holders thereof to be present and vote at any such meeting and to appoint proxies to represent them and vote for them at any such meeting in the same way as if the persons so present and voting, either personally or by proxy, were the actual bearers of the Bonds in respect of which such certificates shall have been issued, and any regulations so made shall be binding and effective. Copies of such regulations shall be kept on file in the offices of the paying agent in Chicago, Illinois, and the Secretary of the University.

Any registered owner of Bonds or any holder of a certificate provided for in this Section 9.03 shall be entitled in person or by proxy to attend and vote at such meeting as holder of the Bonds registered or certified in his name, without producing such Bonds. All others seeking to attend or vote at such meeting in person or by proxy must produce the Bonds claimed to be owned or represented at such meeting, and all persons seeking to attend or vote at such meeting in person or by proxy shall, if required, produce such further proof of Bond ownership or personal identity as shall be satisfactory to the University. All proxies presented at any meeting shall be delivered to the inspectors of votes and filed with the University.

SECTION 9.04. Amendments by Written Consent of Bond Holders. The University may at any time adopt a valid resolution amending the provisions of the Bonds or of this Resolution or of any resolution supplemental hereto, to the extent that such an amendment is permitted by the provisions of Section 9.01, to take effect when and as provided in this Section. A copy of such resolution, together with a request of the University to Bond holders for their consent thereto, shall be mailed by the University to each registered owner of Bonds and notice of the adoption thereof shall be published in the manner provided in Section 9.02 for the mailing and publication referred to in that Section (but failure to mail copies of such resolution and request shall not affect the validity of the resolution when assented to as in this Section provided). Such resolution shall not be effective unless and until there shall have been filed with the University the written consents of the percentage of holders of outstanding Bonds specified in Section 9.01. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 9.03. Any such consent shall be binding upon the holder of the Bonds giving such consent and on any subsequent holder of such Bonds (whether or not such subsequent holder has notice thereof).

SECTION 9.05. Supplemental Resolutions or Amendments Without Consent of Bond Holders. The Board of Trustees may from time to time and at any time, subject to the conditions and restrictions in this Resolution contained, but without requiring the consent of the holders of any of the Bonds, adopt a resolution or resolutions supplemental hereto, which shall thereafter form a part hereof for any one or more or all of the following purposes:

(a) To add to the covenants and agreements of the University in this Resolution contained, other covenants and agreements thereafter to be observed and/or to surrender any right or power herein reserved to or conferred upon the Board of Trustees; and

(b) To clarify any ambiguity or to clarify, correct or supplement, any defect or inconsistent provision contained in this Resolution; and

(c) To provide for the issuance of additional Bonds for the completion of the Student Services Building, but only upon the terms and conditions specified in Section 4.02 hereof.

SECTION 9.06. Endorsement of Bonds. Bonds delivered after the effective date of any action taken as provided in this Article Nine may bear a notation

by endorsement or otherwise in form approved by the University as to such action, and in that case upon demand of the holder of any Bond outstanding at such effective date and presentation of his Bond for the purpose at the office of the Comptroller of the University a suitable notation shall be made on such Bond by the University as to any such action. If the University shall so determine, new Bonds so modified as to conform to such action shall be prepared and delivered, and upon demand of the holder of any Bond then outstanding shall be exchanged at the office of the Comptroller of the University, without cost to any Bond holder, for Bonds then outstanding, upon surrender of such Bonds with all unmatured coupons, if any, appertaining thereto.

SECTION 9.07. *Exclusion of Bonds.* Bonds owned or held by or for the account of the University shall not be deemed outstanding for the purpose of any vote or consent or other action or any calculation of outstanding Bonds in this Article provided for, and shall not be entitled to vote or consent or take any other action in this Article provided for.

ARTICLE TEN

MISCELLANEOUS

SECTION 10.01. *Benefits of Bond Holders Limited to Parties.* Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person, firm or corporation other than the University and the holders of the Bonds and of the coupons outstanding, any right, remedy or claim under or by reason of this Resolution, and any covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the University shall be for the sole and exclusive benefit of the University and of the holders of Bonds and of the coupons outstanding.

SECTION 10.02. *Successor Is Deemed Included in All References to Predecessor.* Whenever in this Resolution or any resolution supplemental hereto either the University or the paying agent is named or referred to, such reference shall be deemed to include the successors or assigns thereof, and all the covenants and agreements in this Resolution contained by or on behalf of the University shall bind and inure to the benefit of the respective successors and assigns thereof whether so expressed or not.

SECTION 10.03. *Discharge of Resolution.* If all of the outstanding Bonds shall have matured, or shall have been duly called for redemption and the redemption date thereof shall have arrived, and if the University shall have deposited with the depository in trust, funds pursuant to this Resolution sufficient to pay and available for the payment of all amounts due on all Bonds then outstanding, including all principal, interest and redemption premiums, if any, and provision shall also be made for paying all other sums payable hereunder by the University, then, notwithstanding that any Bonds or interest coupons shall not have been surrendered for payment, the pledge of the income provided for in this Resolution and all other obligations of the University under this Resolution shall cease and terminate except as hereinafter in the next succeeding paragraph provided.

Any such funds held by the depository which have not been disbursed in the payment of Bonds and interest as aforesaid during the period of ten (10) years after the deposit referred to in the foregoing paragraph, shall be repaid to the University by the paying agent on written request of the University together with the schedule of the Bonds not paid or redeemed and thereupon the holder of any of the Bonds or coupons entitled to receive such payments, shall thereafter look only to the University for the payment thereof; provided, however, that the depository before being required to make such repayment, shall at the expense of the University, effect publication once a week for two successive weeks in a daily newspaper published in the English language, and having a general circulation in the City of Chicago, State of Illinois, a notice to the effect that said moneys have not been so applied and that after a date named in said notice, any unclaimed balance of said moneys then remaining will be refunded to the University.

No Bond or appurtenant coupon shall, after maturity thereof either according to its terms or through call of such Bond for earlier redemption, be deemed to be outstanding provided that moneys in the requisite amount for the payment

thereof shall have been deposited with the depository, as trust funds, and are available for payments of such Bond or coupon upon demand.

SECTION 10.04. Execution of Documents by Bond Holders. Any request, declaration or other instrument which this Resolution may require or permit to be signed and executed by Bond holders may be in one or more instruments of similar tenor, and shall be signed or executed by Bond holders in person or by their attorneys-in-fact appointed in writing.

Except as otherwise herein expressly provided, the fact and date of the execution by any Bond holder or his attorney-in-fact of such request, declaration or other instrument or writing appointing such attorney-in-fact may be proved by the certificate of any notary public or other officer authorized to take acknowledgments of deeds to be recorded in the State in which he purports to act, that the person signing such request, declaration or other instrument or writing acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such notary public or other officer.

Except as otherwise herein expressly provided in this Resolution, the amount of Bonds transferable by delivery held by any person executing such request, declaration or other instrument or writing as a Bond holder, and the numbers thereof, and the date of his holding such Bonds, may be proved by a certificate, which need not be acknowledged or verified, satisfactory to the University, executed by a trust company, bank, investment banker, dealer, broker or other depository wherever situated, showing that at the date therein mentioned such person exhibited to or had on deposit with such depository the Bonds described in such certificate. Continued ownership after the date of deposit stated in such certificate may be proved by the presentation of such certificate if the certificate contains a statement by the depository that the Bonds therein referred to are in fact held on deposit by such depository and will not be surrendered without the surrender of the certificate to the depository. The University may nevertheless in its discretion require further or other proof in cases where it deems the same desirable. The ownership of registered Bonds and the amount, maturity, number and date of holding the same shall be proved by the registry books.

Any request, declaration or other instrument or writing of the owner of any Bond shall bind all future owners of such Bond in respect of anything done or suffered to be done by the University hereunder in good faith and in accordance therewith.

SECTION 10.05. Waiver of Personal Liability. No officer, agent or employee of the University shall be individually or personally liable for the payment of the principal of or interest on the Bonds; but nothing herein contained shall relieve any such officer, agent or employee from the performance of any official duty provided by law.

SECTION 10.06. Official Publication. Any publication to be made under the provisions of this Resolution in successive weeks may be made in each instance upon any business day of the week and need not be made on the same day of any succeeding week nor in the same newspaper for any or all of the successive publications, but may be made in different newspapers.

SECTION 10.07. Partial Invalidity. If any one or more of the covenants or agreements, or portions thereof, provided in this Resolution should be contrary to law, then such covenant or covenants, such agreement or agreements or such portions thereof, shall be null and void and shall be deemed separable from the remaining covenants and agreements or portions thereof and shall in no way affect the validity of this Resolution or of the Bonds.

SECTION 10.08. Headings and Index. Any headings preceding the texts of the several articles hereof and any table of contents appended to copies hereof shall be solely for convenience of reference and shall not constitute a part of this Resolution, nor shall they affect its meaning, construction or effect.

SECTION 10.09. Covenants Not to Be Deemed Covenants of Any Present or Future Officer, Agent or Employee of University. All covenants, stipulations, obligations and agreements of the University contained in this Resolution shall be deemed to be covenants, stipulations, obligations and agreements of the University to the full extent authorized by law and permitted by the Constitution of the State of Illinois, and no covenants, stipulations, obligations or agreements

contained herein shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future officer, agent or employee of the University in his individual capacity, and no officer executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issue thereof. No officer, agent or employee of the University shall incur any personal liability in acting or proceeding or in not acting or not proceeding in good faith, reasonably and in accordance with the terms of this Resolution and applicable law.

SECTION 10.10. Resolution Effective on Passage. This Resolution shall become effective upon its passage.

DESIGNS OF NEW BUILDINGS

At this point, the President of the University requested the Board to examine the designs of the new buildings for the Colleges of Education and Commerce and Business Administration. The designs, including floor plans and scale models, were presented by Mr. C. S. Havens, Director of the Physical Plant, Mr. E. L. Stouffer, University Architect, and Mr. A. Richard Williams of the firm of Lundeen and Hilfinger, architects for these buildings.

Following these presentations and discussion, on motion of Mrs. Watkins, the Board approved the designs.

JUNE MEETING

Under the By-Laws of the Board, the next meeting of the Board is scheduled to be held on Wednesday, June 21, 1961. It was the consensus of the Board that this meeting be held in Urbana, at an hour

and place to be determined by the President and Secretary of the Board.

EXECUTIVE SESSION AND RECESS

On motion of Mrs. Watkins, an executive session was ordered, to be held in the afternoon, for consideration of recommendations relating to land acquisitions, patentable inventions, and appointments of personnel.

On motion of Mr. Swain, the Board recessed.

When the Board reconvened in executive session, the same members of the Board and officers of the University were present as recorded at the beginning of these minutes. The Board considered the following reports and recommendations:

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(1) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Logarithmically periodic zig-zag antenna — Paul E. Mayes, Associate Professor of Electrical Engineering, inventor. This antenna is a simple structure composed of elements made from conductors bent in a logarithmically periodic manner. The operation of the antenna is virtually independent of frequency.

Because of possible commercial value, it is recommended that this invention be released to the University of Illinois Foundation with due recognition of the contractual rights of the United States Air Force, the sponsoring agent.

2. Preparation of phosphonitrilic isothiocyanates and their derivatives — Ludwig F. Audrieth, Professor of Chemistry, and Rigobert J. A. Otto, formerly Research Assistant in Chemistry and Chemical Engineering, inventors. This is a novel procedure leading to new compositions of matter with possible usefulness as biologically active materials.

Because of possible commercial value, it is recommended that the rights of the invention be released to the University of Illinois Foundation with due recognition of the contractual rights of the United States Air Force, the sponsoring agent.

3. Counting layer — Lars E. Lofgren, Visiting Research Assistant Professor of Electrical Engineering, inventor. The purpose of the invention is to meet with the requirements of constructing a device that counts the number of disconnected objects, may it be bacterial cultures, blood cells or aircraft formations, and so forth, being projected on the sensory layer of the device, such that the desired number is generated instantaneously.

The University of Illinois Foundation reported that there is little likelihood of commercial value in this invention, and therefore, it is recommended that the rights be released to the inventor with due recognition of the contractual obligations of the University to the United States Navy, the sponsoring agent, and that, if the inventor does not wish to apply for a patent, all rights of the University be released to the United States Navy.

4. Pulse amplifier with variable controlled facilitation or gain — Murray L. Babcock, Assistant Professor of Electrical Engineering, inventor. This is an amplifier whose gain is dependent upon the total number of pulses which have been active at its inputs; that is, the gain of the amplifier is dependent upon the history of its pulse inputs.

The University of Illinois Foundation reported that there is little likelihood of commercial value in this invention; and therefore, it is recommended that the rights be released to the inventor with due recognition of the contractual obligations of the University to the United States Navy, the sponsoring agent, and that, if the inventor does not wish to apply for a patent, all rights of the University be released to the United States Navy.

I concur in these recommendations.

On motion of Mr. Clement, these recommendations were approved.

APPOINTMENT OF DIRECTOR OF NONACADEMIC PERSONNEL

(2) A search committee charged with the responsibility of recommending a successor to Mr. Donald E. Dickason as Director of Nonacademic Personnel at the University of Illinois, and as Director of the University Civil Service System of Illinois, who will retire from active service on September 1, 1961, has submitted its report. The committee recommends the appointment of Dr. Arlyn C. Marks, presently Director of University Personnel Services at the State University of Iowa, to this dual position at a salary of \$15,000 of which \$11,250 will be paid by the University of Illinois and \$3,750 by the University Civil Service System of Illinois.

President Henry stated that he concurs in the appointment of Dr. Marks as Director of Nonacademic Personnel at the University effective September 1, 1961, at the salary indicated, subject to approval of his appointment by the Merit Board of the University Civil Service System of Illinois.

On motion of Mr. Swain, this appointment was approved and authorization was given to joint announcement of the appointment when the Merit Board has acted.

On motion of Mr. Hughes, the Board adjourned.

OFFICE OF EXECUTIVE VICE-PRESIDENT AND PROVOST

- (3) In order more clearly to reflect the expanded duties and responsibilities of the office, I recommend that the title "Vice-President and Provost" be changed to "Executive Vice-President and Provost," effective September 1, 1961.

The duties and authority of the Provost are defined in the Statutes and no change is contemplated. The Executive Vice-President acts for the President as requested by the President. In general, the Executive Vice-President will have general administrative supervision in all internal affairs and will be deputy to the

President in other assignments. The vice-presidents, deans, and directors report to the President and have the same formal relationships as before, but they are expected to work closely with the Executive Vice-President in administration and in the presentation of reports and recommendations.

On motion of Mr. Hughes, this recommendation was approved.

APPOINTMENT OF ASSISTANT TO THE PRESIDENT

(4) I recommend the appointment of Earl W. Porter, former Assistant to the President of Duke University, as Assistant to the President—Reports and Special Projects, beginning July 1, 1961, at an annual salary of \$11,000 on a twelve-month service basis.

Mr. Porter will serve as secretary to the University delegation to the Joint Council on Higher Education; coordinate institutional reporting to the Joint Council and to other state and national agencies; prepare on assignment special reports for the President and other University officers which are necessary as background analysis preliminary to University legislative and administrative decision; and assist the President's Office in other special studies, reports, and presentations as required.

On motion of Mr. Johnston, this appointment was approved.

OFFICE OF INSTRUCTIONAL RESEARCH

(5) More than a year ago, former Vice-President and Provost Gordon Ray appointed a special committee to review the status of instructional research at the University, and to consider steps that might be taken to improve the effectiveness of the instructional program through systematic "self-study." The committee reported that although important studies of this type were under way in several colleges, there was need for a central agency to improve the coordination among these efforts, to provide technical assistance to departments and faculty members interested in instructional research, and to conduct continuing research on neglected problems of University-wide significance.

Accordingly, the committee recommended that an Office of Instructional Research be established within the Office of the Provost. This agency would have broad responsibility for encouraging and for conducting research on the factors influencing choice of curriculum, academic achievement, drop-out rate, and choice of vocation. Broadly speaking, these factors would include the characteristics of the student population (geographic, socio-economic, educational, psychological), the characteristics of the instructional program, and the characteristics of the extracurricular environment—as these factors might bear upon the outcome of the student's college experience. With specific reference to instruction, the studies would include such factors as teaching methods, teaching devices (teaching machines, television, etc.), class size, and independent study.

The Vice-President and Provost now recommends the establishment of an Office of Instructional Research, which would be an all-University agency under his general administrative supervision. A budget item for instructional research was included in the 1960-61 budget, and this will provide most of the funds immediately needed. The budget for the Office will be submitted when the operating budget for 1961-62 is presented to the Board of Trustees in July.

A recommendation for the appointment of a Director of the Office of Instructional Research will be submitted separately.

I concur.

On motion of Mr. Swain, this recommendation was approved.

REVISION IN TUITION AND FEES

(6) The following changes in tuition and fees are recommended, to be effective September 1, 1961:

An increase in tuition of \$10.00 per semester, with prorata adjustments for shorter instructional terms, is necessary for full programs of studies on all three campuses to provide sufficient income for the state appropriation being requested from the University Income Fund.

Students at the Chicago Undergraduate Division have requested an increase in the Activities Service Fee of \$8.00 to \$10.00 a semester. The *Pier Illini* and other student activities have had insufficient funds to meet their operating costs.

This increase has the approval of the administrative staff of the Chicago Undergraduate Division.

An Illini Union Fee of \$5.00 a semester is also proposed for the Chicago Undergraduate Division. A separate recommendation is being submitted concerning space and remodeling costs for this facility.

In order to meet the increased premium for the Hospital-Medical-Surgical Insurance Fee at Urbana (on which a separate recommendation is being submitted), an increase in this fee from \$8.00 to \$10.00 per semester is recommended, to be offset by a decrease in the Laboratory, Library, and Supply Fee at Urbana from \$12.00 to \$10.00 a semester.

Upon recommendation of the Director of the Institute of Aviation and the Committee on Fees the Flight-Training Fee will be increased from \$325 to \$350 per course. The flight-training program offered by the Institute was set up to be self-supporting so that the fees charged should be sufficient to cover the cost of instructional operations. Last year the Director of the Institute and the Committee on Fees recommended that the flight course fee be increased from \$300 to \$325 effective in September, 1960, and from \$325 to \$350 effective September, 1961. These increases are necessary to keep the program self-supporting.

In order to simplify the fee structure, the Committee on Fees recommends that in lieu of charges based on the number of credit hours or units for registration of less than a full schedule of courses, two separate fixed schedules of fees be established. One schedule will be for students in the range from one-half to four semester hours or an equivalent amount of graduate units, and the second for students carrying four and one-half to eight semester hours or an equivalent amount of graduate units.

A simplification of the Building and Laboratory Service Fee at the Chicago Professional Colleges is recommended as shown in the schedules which follow. There will be no significant change in the amount of income under the revised schedule.

Medical students in the fourth year, who are registered for the "alternative" quarter and who do their work at places entirely removed from the University campus, will be assessed the same tuition, resident or nonresident, as for campus registration. They shall be exempt from the Building and Laboratory Service Fee and the Union Building Service Charge. Such students shall not be eligible for University Hospital-Medical-Surgical Insurance coverage.

Fees for the Summer Session and for terms of less than a full semester will be on a prorated basis, with all fractional amounts rounded to the next highest dollar.

Schedules showing all revised fees as recommended appear below.

I concur.

On motion of Mr. Johnston, the foregoing recommendations were approved, and the following revised schedules of fees were authorized.

STUDENT UNION AND LIBRARY FACILITIES AT CHICAGO UNDERGRADUATE DIVISION

(7) City of Chicago officials are willing to lease to the University the City Shop area at Navy Pier. Approximately 12,000 square feet would thus be made available for an enlarged student lounge and for the initiation of a program of Student Union activities at the Chicago Undergraduate Division. First, such a program would serve to facilitate planning, construction, and finally occupancy of a Student Union Building on the new campus. Second, it would provide expanded and improved lounge facilities at Navy Pier during the next three years for the increased enrollment. Third, the relocation of the student lounge now adjacent to the Library would permit badly needed expansion of the reading-room area of the Library. All three of these purposes would be served at relatively modest costs, considering (a) the large number of students who would be benefited during the three-year period, and (b) the value of having on the staff a Student Union Director who would help plan the permanent facility for the new campus. (One half of the Director's salary would be paid from capital funds.)

In the light of these considerations, the Vice-President for the Chicago Undergraduate Division, the Director of the Physical Plant, and the Vice-President and Comptroller recommend that:

1. The Vice-President and Comptroller, or his representative, be authorized to enter into a lease with the city of Chicago for the City Shop area at a rate consistent with that presently being charged for space at the Pier (approximately \$4,200 a year).
2. Interest from the escrow funds for restoring the Pier property be used for demolition of existing partitions and removal of wood block flooring and replacement with concrete floor, at a cost not to exceed \$14,000.
3. Appropriations of \$61,600 for remodeling of the City Shop area for the Student Union facility, and \$19,500 for expansion of Library facilities, be made from the General Reserve, effective July 1.
4. A Union fee of \$5.00 a semester be established at the Chicago Undergraduate Division.

I concur.

On motion of Mrs. Watkins, the foregoing recommendations were approved and the requested assignments of funds were authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

HOSPITAL-MEDICAL-SURGICAL INSURANCE FOR STUDENTS AND STAFF

(8) Bids have been taken on the hospital-medical-surgical insurance for students and staff for the two-year period beginning September 1, 1961, with the condition that the University reserves the right to renew such insurance annually thereafter upon mutual agreement between the insurance carrier and the University.

The Vice-President and Comptroller recommends that contracts providing the same benefits as present for the student plan on all three campuses and for the optional staff plans at Urbana-Champaign and at the Chicago Professional Colleges be awarded to Federal Life Insurance Company, Chicago, the lowest bidder, on the aggregate premium at the following rates:

<i>Student Programs</i>	<i>Urbana</i>	<i>Chicago Professional Colleges</i>	<i>Chicago Undergraduate Division</i>
Student.....	\$ 8 00 per semester	\$5 05 per quarter	\$6 60 per semester
Spouse.....	11 85 per semester	7 30 per quarter	9 75 per semester
Children.....	8 45 per semester	5 20 per quarter	6 95 per semester

Staff Programs

	<i>Urbana</i>	<i>Chicago Professional Colleges</i>	<i>Chicago Undergraduate Division</i>
Employee.....	\$ 41 00 per year	\$ 41 00 per year	The staff has elected not to participate in this program.
Employee and Dependents...	113 00 per year	113 00 per year	

To finance the Urbana-Champaign student plan, the Vice-President and Comptroller recommends that the Hospital-Medical-Surgical Insurance Fee be increased from \$8.00 to \$10.00 per semester, as indicated in a separate recommendation on revision of fees which is being submitted at today's meeting. The \$2.00 increase in the fee will provide for the increase in the premium, the cost of administration of the program, and will supplement the daily room and board allowance at McKinley Hospital. The current insurance contract provides \$14.00 per day room and board allowance in any hospitals except McKinley Hospital where the allowance is \$11.00 per day. The Administrator of McKinley Hospital and the Director of Health Services recommend that the room and board charge at McKinley Hospital be increased to \$14.00 a day. An alternate bid was taken to provide an insurance allowance of this amount, which however would require a premium increase of approximately \$18,000 per semester. The number of patient days in one semester is less than 2,900, and the additional coverage would result in a return in benefits of less than \$9,000 per semester. Accordingly, the Vice-President and Comptroller recommends that the minimum charge for room and board at McKinley Hospital be increased to \$14.00, but that \$3.00 of the charge be paid from the Hospital-Medical-Surgical Fee collections, if the patient concerned has paid the fee.

The recommended charges to students and staff for this insurance protection would reflect the following premiums and fees:

Student Programs

	<i>Urbana</i>	<i>Chicago Professional Colleges</i>	<i>Chicago Undergraduate Division</i>
Student.....	\$10 00 per semester	\$ 6 00 per quarter	\$ 8 00 per semester
Spouse.....	12 00 per semester	9 00 per quarter	12 00 per semester
Children.....	9 00 per semester	6 00 per quarter	8 00 per semester

Staff Programs — Urbana and Chicago Professional Colleges

	<i>Quarterly</i>	<i>Semi-Annually</i>	<i>Annually</i>
Employee.....	\$11 50	\$22 50	\$ 44 00
Employee and Dependents.....	29 50	58 50	116 00

On the basis of these rates, the plans should operate on a self-sustaining basis. The excess over the cost of the coverage will be used by the University to defray the administrative costs of the three programs and the cost of operating McKinley Hospital in excess of the amounts provided in the insurance policy.

Submitted herewith is a schedule of bids received and a copy is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Johnston, these contracts were authorized as recommended.

STUDENT SERVICES BUILDING BONDS

(9) Bond Counsel has requested that a resolution be adopted to establish rates for the Student Services Building. The Vice-President and Comptroller recommends adoption of the following resolution.

I concur.

Resolution

WHEREAS, Section 7.07 of the Resolution of this Board of Trustees authorizing and providing for the issuance of \$1,350,000 Student Services Building Bonds, duly adopted May 17, 1961, provides that the Board of Trustees will adopt

such rules and regulations and fix and maintain such student service charges (as defined in said Resolution), rates, rentals, fees, and use of said facilities and provide revenue sufficient to provide and maintain the Bond and Interest Sinking Fund Account and the required reserves therefor and to pay the reasonable cost of operating and maintaining facilities; and

WHEREAS, The Board of Trustees of the University of Illinois desires to comply with the above cited provisions and to adopt certain rules and to provide for certain charges applicable to the operation of the facilities;

Now, Therefore, Be It and It Is Hereby Resolved by The Board of Trustees of the University of Illinois that the officers and management of the University be and they are hereby authorized and directed in the operation of the Student Services Building to carry out the following rules:

- RULE 1. The properties of the Student Services Building in the preambles hereof referred to as the "facilities" shall be continuously operated at all times when the University is in session.
- RULE 2. Subject to further action of the Board of Trustees the initial student service charge for the use of the facilities shall be \$3.00 per regular school semester, beginning with the fall semester of 1962, and shall be charged to each student enrolled for credit and in attendance on the Urbana Campus of the University for use of the facilities, subject to such adjustments of and exemption from said student service charge as may be made by the Board of Trustees for the summer terms and for part-time students, fellows, and persons on staff appointment. No student shall be admitted to enrollment in any department of the University at the Urbana Campus unless such student service charge shall be first or simultaneously paid or appropriate provision made for such payment.
- RULE 3. Insofar as rentals, rates, fees, and other charges are consistent with the maximum use of the facilities, such rates and charges to be made in connection therewith shall be from time to time established and maintained as shall result in net income sufficient, together with the student service charges, as will provide revenue sufficient to provide and maintain the Bond and Interest Sinking Fund Account and the required reserves therefor and to pay the reasonable cost of operating and maintaining facilities.

On motion of Mr. Swain, this resolution was adopted.

DESIGNATION OF AMERICAN NATIONAL BANK AND TRUST COMPANY AS CONSTRUCTION FUND DEPOSITARY

(10) On May 17, 1961, the Board sold the Student Services Building Bonds and the Housing Revenue Bonds of 1960, Series C, to John Nuveen and Company, Chicago. Under the terms of the sale, the purchasers of the bonds are given the privilege of designating a depository of the construction funds for these bonds. John Nuveen and Company request that the American National Bank and Trust Company of Chicago be so designated. Since the University does not have a checking account in this bank, the Vice-President and Comptroller recommend adoption of the following resolution:

Resolution

Be It Resolved, that the American National Bank and Trust Company of Chicago be and hereby is designated a depository in which construction funds of The Board of Trustees of the University of Illinois may be deposited by its officers, agents, and employees and that the Comptroller, or any other officer of this corporation, be and hereby is authorized to open and maintain an account or accounts with said Bank and to endorse and deposit with said Bank negotiable instruments and orders for the payment of money which endorsements may be made in writing or by a stamp and without designation of the person so endorsing, and it being understood and agreed that on all such items deposited, all prior endorsements are guaranteed by this corporation whether or not an express guaranty is incorporated in such endorsements.

And Be It Further Resolved, that the American National Bank and Trust Company of Chicago as a designated depository of The Board of Trustees of the University of Illinois be and it is hereby requested, authorized, and directed to

honor checks, drafts, or other orders for the payment of money drawn in this corporation's name, including those drawn to the individual order of any person or persons whose name or names appear thereon as signer or signers thereof, when bearing or purporting to bear the facsimile signature(s) of the President and Secretary, and American National Bank and Trust Company of Chicago shall be entitled to honor and to charge this corporation for all such checks, drafts, or other orders, regardless of by whom or by what means the facsimile signatures thereon may have been affixed thereto, if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the American National Bank and Trust Company of Chicago by the Secretary or other officer of this corporation.

On motion of Mr. Hughes, this resolution was adopted.

FEDERAL GRANT FOR MEDICAL SCIENCES ADDITION BUILDING

(11) The Vice-President in charge of the Chicago Professional Colleges and the Vice-President and Comptroller recommend authorization of an application to the Illinois Department of Public Health Bureau of Hospitals, for a construction grant of \$280,000 under Federal Public Laws 725 and 482 (The Hill-Burton Act) for approximately one-third of the cost of that portion (one entire floor) of a new building which will provide for the expansion of the outpatient clinics of the Research and Educational Hospitals. The remaining two-thirds (approximately) would be provided from the state capital appropriations to the University for the 1961-63 biennium.

I concur and recommend the adoption of the following resolution, which is required in submitting such an application:

Resolution

Resolved that H. O. Farber, Comptroller, and A. J. Janata, Secretary of the Board of Trustees of the University of Illinois, be and they hereby are authorized to sign applications for grants-in-aid under the Illinois Hospital Construction Program and Public Laws 725 and 482 (The Hill-Burton Act) in connection with a grant for the building of the Medical Sciences Addition Building at the University of Illinois Chicago Professional Colleges.

On motion of Mr. Swain, this resolution was adopted.

LEASES OF PROPERTIES

(12) Because of constitutional limitations, all leases of property by the University expire on June 30, 1961. Many of these are with the University of Illinois Foundation for properties acquired by the Foundation or leased under a long-term basis at the request of the University.

I recommend that the Comptroller be authorized to renew all existing leases under the same terms as at present. If any changes in terms or rates are proposed, a separate recommendation will be submitted to the Board. A report of all leases renewed will be submitted to the Board when the renewals have been executed.

On motion of Mrs. Watkins, authority was given as requested.

LEASE OF WAREHAM-HUDSON DAIRY BUILDING

(13) The University has an opportunity to lease the Wareham-Hudson Dairy Building at 129 North Race Street, Urbana, which will provide additional and much needed space. It is proposed to move some of the research facilities and activities of the Department of Psychology presently housed in Gregory Hall to the Wareham-Hudson Dairy Building, thus serving a twofold purpose: providing more adequate quarters for the Department of Psychology for work which can be carried on off-campus and releasing premium space on the campus for undergraduate instruction.

The Wareham-Hudson Dairy Building has two floors and a basement. The basement and first floor have a total area of approximately 7,540 square feet which will be remodeled by the owner to meet the requirements of the Department of Psychology. The second floor, which has an area of approximately 1,380 square feet, will not be remodeled for the present. The owner will lease the building at a rental of \$650 a month.

The owner desires a five-year lease and since the University can not enter into a contract for a period beyond a fiscal biennium the Board of Directors of the University of Illinois Foundation has authorized a lease for five years, with an option to renew for an additional five-year period, and sublease of the building to the University on an annual basis at a rental of \$650 a month.

I recommend authorization of this sublease from the Foundation on the terms indicated. Funds to pay the rental, \$7,800 a year, and for operation and maintenance, \$6,800 a year, will be included in the budget of the Physical Plant Department.

On motion of Mr. Hughes, the lease of this property from the University of Illinois Foundation, on the terms indicated, was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

**CONTRACT FOR PLASTERING, PLASTER PATCHING
AND REPAIRING, AND ACOUSTICAL WORK**

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a cost-plus contract to Edmond T. Drewitch, Urbana, the lowest bidder, for plastering, plaster patching and repairing, and acoustical work during the fiscal year beginning July 1, 1961, on the basis of the following terms: a contractor's fee of 14 per cent of all actual job costs, as determined by itemized billing, and \$2.00 an hour for trucking of equipment and materials for actual time used solely for transportation; provided that not more than 8 per cent of the total cost of any job will be charged to trucking costs.

I concur.

On motion of Mr. Hughes, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

CONTRACT FOR PAVING OF ORCHARD STREET EXTENDED

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$27,580 to the Parro Construction Corporation, Urbana, for construction of a new asphalt paved street, Orchard Street extended from Florida Avenue south to the Orchard Downs housing, to serve that area.

Funds are available in the revenue bond issue to finance the Orchard Downs project.

I concur.

On motion of Mr. Johnston, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

CONTRACT FOR ADDITION TO ABBOTT POWER PLANT

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$94,562 to Square Deal Electrical Contracting, Inc., LaPorte, Indiana, the lowest bidder, for the electrical work (Division "8-M") on the addition (Boiler No. 6, Unit No. 7) to the Abbott Power Plant, now under construction.

Funds are available in the state capital appropriations to the University for 1959-61 and have been released.

I concur.

On motion of Mrs. Watkins, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

**CONTRACT FOR EXTENSION OF STEAM SERVICE
TO UNIVERSITY HIGH SCHOOL**

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$53,548 to Reliable Plumbing and Heating Company, Champaign, the lowest bidder, for extension of steam service to the University High School. This installation is to replace an existing steam line which has been in service for forty years, has been repaired three times, and is now beyond repair.

This project will be financed from funds in the operating budget of the Physical Plant Department.

A supporting memorandum from the Physical Plant Department, including a list of bids received, is submitted herewith and a copy is being filed with the Secretary for record.

I concur.

On motion of Mr. Hughes, this contract was awarded as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

ENGINEERING SERVICES ON DESIGN OF ADDITION TO ABBOTT POWER PLANT

(19) The Director of the Physical Plant and the Vice-President and Comptroller recommend employment of the firm of Sargent and Lundy, Consulting Engineers, Chicago, to furnish the complete engineering services, including design, working drawings, and specifications for the construction of an addition (Boiler No. 7) to the Abbott Power Plant. The building program for 1961-63 includes an item of \$2,055,000 for the addition, including engineering services, construction, fabrication, and installation of equipment. The estimated cost of these engineering services is \$150,000, including \$15,000 for the services of a resident engineer during the construction.

The terms of the employment of Sargent and Lundy on this project are the same as those of other University work:

Current Expense Charges. Engineering, drafting, actual cost of salaries and wages plus 50 per cent for overhead and cost. Stenographic and clerical services; travel and miscellaneous expenses to be at actual cost to the firm.

Fixed Fee Charge. A fixed fee charge of 2 per cent of the mutually agreed estimate of the cost of construction and installation of equipment (but exclusive of Sargent and Lundy's charges for current expenses and exclusive of any University expenditures).

Field Supervision. If requested by the University, the services of a resident engineer will be provided at a cost of the actual salary plus 15 per cent, plus travel and field expenses.

The estimated cost of engineering services exclusive of a resident engineer is approximately \$135,000; estimated cost of services of resident engineer is approximately \$15,000.

The estimated cost of work to be done by Sargent and Lundy on principal items of equipment for which contracts should be awarded early in August, 1961, is \$10,000. Funds are available in the state capital appropriations to the University for 1959-61 for this amount of work. Sargent and Lundy will accept the assignment with the understanding that their employment may be terminated in the event additional funds will not become available in which case their charges will not exceed \$10,000 for such preliminary work.

The employment of Sargent and Lundy has been recommended by the Advisory Committee on the Selection of Architects and Engineers.

I concur.

On motion of Mr. Swain, this recommendation was approved.

EASEMENTS ON PERCIVAL TRACT

(20) The University has purchased, through settlement of condemnation proceedings one time instituted for the acquisition, approximately fifty-one acres of the land known as the Percival Farm, or tract, south of the campus and adjoining University farm areas east of First Street and approximately three quarters of a mile south of St. Mary's Road. When condemnation proceedings were instituted, the Illinois Power Company and the Panhandle Eastern Pipeline Company entered appearances to protect easements they have on this land. The University agreed that new easements, or amendments thereof, would be prepared to state and describe correctly the interests of all parties. The easement to the Panhandle Company covered the entire tract, and the University wishes to restrict it to a sixty-foot strip of land along the length of the pipeline. The easement to the Illinois Power Company was of questionable validity having been granted by a life tenant rather than by the holder of title to the land. A new easement is requested simply to validate the Company's right to maintain the power line where it is presently located.

Neither easement will interfere with the University's use of the land. Each

of the easement agreements provides for termination of the easement when the company ceases to use its line for rendition of service and thereupon full and complete title to the easement area is vested in the University.

The Vice-President and Comptroller, the Director of the Physical Plant, and the Legal Counsel recommend adoption of the following resolutions to clarify these situations:

Resolution

Be It, and It Hereby Is Resolved by this Board of Trustees of THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, a public corporation of the State of Illinois, that the Comptroller and the Secretary of this Board of Trustees be, and they hereby are, authorized to execute, acknowledge, and deliver in the name and on behalf of this Corporation such instruments of conveyance, contract, or other document or documents as to them may seem necessary or desirable in order to grant to ILLINOIS POWER COMPANY, an Illinois corporation, hereinafter referred to as "Grantee," its successors and assigns, the right and easement to reconstruct, operate, repair, and maintain its poles, wires, and fixtures, for the purpose of an electric transmission or distribution line or system, upon and over the land hereinafter described and the right of ingress to and egress therefrom. Grantee shall agree to repair any damage to property of this Corporation and to pay for any damages which may be caused to properties of this Corporation by the reconstruction, operation, repair, or maintenance of said electric transmission or distribution line or system. The right-of-way easement shall terminate when Grantee ceases to use said electric transmission or distribution line or system for rendition of service. The right-of-way easement shall be over the following-described property:

The South 20 feet of all that part of the South Half of the Southeast Quarter of Section 24, Township 19 North, Range 8 East of the Third Principal Meridian, in Champaign County, Illinois, which lies East of the East line of the present Illinois Central Railroad right-of-way, excepting, however, from said parcel of land the East 363 feet thereof.

Resolution

WHEREAS, The Board of Trustees of the University of Illinois, a public corporation, is the present owner of the following-described tract of land, hereinafter referred to as "Tract A," in the County of Champaign in the State of Illinois, to-wit:

GRANT FOR RUSSIAN LANGUAGE AND AREA STUDIES

(21) The University of Illinois has received from Miss Doris Duke a gift of \$150,000 for a five-year period for the University's Center for Russian Language and Area Studies.

I have accepted this grant on behalf of the University and have expressed to Miss Duke the sincere appreciation of the Board of Trustees for her magnificent gift. The program for which Miss Duke's gift has been received promises to be one of the most distinguished and effective of its kind in the country. Its influence will be through the personnel trained and the research work to be done by the staff. The results will be felt in the national service as well as in commercial and cultural communities.

A memorandum prepared by the Center for Russian Language and Area Studies on the planned use of Miss Duke's gift during the five-year period 1961-66 is submitted herewith and a copy is being filed with the Secretary of the Board for record.

This report was received for record.

This appointment is to fill the vacancy created by the retirement of Dr. Heyworth N. Sanford.

The nomination for this appointment was made by a special search committee¹ appointed to canvass the field for available and qualified candidates. The office at Rockford is to be relocated on July 1, 1961. The space previously rented was not adequate, and since some additional staff are to be added, it was necessary to find new quarters. Annual cost per square foot on the new lease will be \$4.08 compared with \$3.47 on the old lease.

REFUND OF PORTION OF FAUCETT-UMPHREY CORPORATION BID DEPOSIT

(28) The Faucett-Umphrey Corporation, Bloomfield, Indiana, which last year was awarded a contract for residence halls furniture, failed to furnish the bond required. The Board of Trustees rescinded the award of the contract to that Corporation, awarded the contract to the next lowest bidder, and authorized the retention by the University of Faucett-Umphrey's bid deposit of \$7,500 as liquidated damages for failure to comply with the contract requirements. Subsequently, the Board denied a request from Faucett-Umphrey Corporation that the Board reconsider its action relative to the retention of the bid deposit.

Faucett-Umphrey Corporation employed attorneys to institute suit against the University to recover the amount of the bid deposit. As a result of negotiations, Faucett-Umphrey has agreed to limit its demand for the return of the bid deposit to that portion which exceeds damages actually sustained by the University in consequence of Faucett-Umphrey's failure to furnish the bond and perform. Those damages consist in the difference, \$6,046.64, between Faucett-Umphrey's bid and that of the next lowest bidder, and various items of expense, totaling approximately \$450 incurred by the University in connection with attempting to aid Faucett-Umphrey in securing the required bond and in connection with the action taken when Faucett-Umphrey was unable to furnish it. Accordingly, the bid deposit of \$7,500 exceeded by approximately the sum of \$1,000 the damages and expenses which the University has sustained in consequence of Faucett-Umphrey's inability to furnish the bond and to carry out the contract.

At the time the Board of Trustees took the actions referred to, it was not possible to determine the full amount of the damages which would actually be sustained by the University since there was a possibility that the next lowest bidder might not be able, because of the delay in awarding the contract, to complete performance of the contract by the time the University would need the furniture and the University might thereby sustain additional damages. Fortunately, this did not develop, and \$6,500 is sufficient to reimburse the University for all of the damages it actually sustained and expenses it incurred as a result of Faucett-Umphrey's failure to furnish bond.

Faucett-Umphrey's attorneys have now notified the Legal Counsel that their client will accept \$1,000 in full settlement of the claim for return of the bid deposit; settlement of the claim upon this basis is equitable and just for the reasons stated. Accordingly, the Director of Purchases, the Vice-President and Comptroller, and the Legal Counsel recommend that upon receipt by the University of a full and complete release from Faucett-Umphrey Corporation the sum of \$1,000, constituting a portion of Faucett-Umphrey Corporation's bid deposit, be refunded.

I concur.

On motion of Mr. Johnston, this recommendation was approved, and authority was given as requested.

CONTRACT FOR MINOR BUILDING ALTERATIONS AND REPAIRS

(29) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of the following cost-plus contracts for minor building alterations and repairs and construction work for the period July 1, 1961, through March 31, 1962. These contracts are for work which would not justify the cost of preparing separate drawings and specifications and of separate bidding procedures on each project. This is a practice which the University has followed for a number of years. In essence, the several contractors bid on percentages to be added to actual material, labor, and subcontract costs, depending in many cases

on the size of the particular division of work within specified limits of four ranges:

General—Clarence H. Siems Company, Urbana

Electrical—Potter Electric Service, Inc., Urbana

Plumbing—Thomas Plumbing and Heating Company, Urbana

Heating, Piping, Refrigeration, and Automatic Temperature Control Systems—

David W. Reichard Plumbing and Heating, Urbana

Ventilating and Distribution Systems for Conditioned Air—F. R. Inskip and Company, Champaign.

The work will be done as ordered by the Physical Plant Department and will be paid for on the basis of the actual cost of each job plus contractors fees. A schedule of bids taken showing the percentages to be added for work to be executed under these cost-plus contracts is submitted herewith and a copy of the schedule is being filed with the Secretary of the Board for record as the basis for the contract awards recommended. No assignment of funds is requested at this time and each job will be covered by a contract change order charged against funds allocated for the project.

It is further recommended that the Comptroller be authorized to approve orders under these contracts up to \$25,000 on each project provided that any orders exceeding this amount shall be submitted to the Board of Trustees for approval in advance, in accordance with previous practice and authorization.

I concur.

On motion of Mr. Swain, these contracts were authorized, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Harewood, Mr. Kerner.

GRANT TO COORDINATED SCIENCE LABORATORY

(30) The University has received official notice that the Advanced Research Projects Agency (ARPA) of the Department of Defense has made available to the United States Army Signal Corps \$990,000 as a grant to the University of Illinois for the purpose of strengthening high-speed computing facilities at the Coordinated Science Laboratory. This grant was made from a special \$4,500,000 fund being allocated to ten university laboratories supported by the Department of Defense and engaged in interdisciplinary research.

The grant will be principally used to acquire a large digital computing system to be installed at the Coordinated Science Laboratory in the near future. This system will consist of a bank of high-speed magnetic tape storage units and an all transistorized central computer having 32,768 words of magnetic core memory and operating at rates up to 100,000 computations per second.

Also partially supported by this award is an experimental short word length computer now under construction at the Coordinated Science Laboratory. This experimental computer is designed primarily for nonarithmetical operations and will be used in experiments in real-time logical data processing.

This grant will materially strengthen the facilities of the University for high-speed computing. Current research programs at the Coordinated Science Laboratory benefiting by this award involve adaptive control systems, research studies in the physics of surfaces, plasma physics, applications of digital computers in real-time games, and automatic teaching machine studies.

I have acknowledged the grant with an appropriate expression of appreciation on behalf of the Board of Trustees and other University officials, and report it for record.

This report was received for record.

At this point, the President of the Board ordered a five-minute recess prior to taking up consideration of the following item of business.

INCORPORATION OF HULL HOUSE IN UNIVERSITY OF ILLINOIS CAMPUS IN CHICAGO

(31) Before presenting this report and his recommendations, President Henry made an introductory statement reviewing the considerations given by the officials

of the city of Chicago and of the University to the question of preserving some part of the buildings which comprise the Hull House group, in accordance with the vote of the Board of Trustees on February 15, 1961, that no steps be taken to remove Hull House until the Board has a chance to investigate further. The President's report and recommendations follow.

In accepting the offer of the city of Chicago of the Harrison-Halsted Street site for the new University of Illinois campus in Chicago on February 15, 1961, the Board of Trustees instructed the architects to consider ways and means of suitably memorializing Hull House—its work and the great tradition it represents.

Reports from the University's planning staff and Skidmore, Owings, and Merrill, Architects and Engineers, who have been doing the site planning for the new campus, indicate that it is architecturally practicable to retain the original unit of Hull House on its present location, i.e., the Hull Mansion in which Jane Addams began her work. The restored building will be suitable for small group meetings and conferences and a memorial center for Jane Addams' mementoes.

Accordingly, I recommend that the Board of Trustees approve a plan offered by the architects to incorporate the original Hull House as part of the new University of Illinois campus in Chicago. It is not recommended that any of the extensions of Hull House, which now occupy almost a full city block, be preserved, because of the University's need for heavy utilization of the land area whose use is already restricted by the necessity of retaining existing utilities. To remove these utilities, which take about twelve acres of otherwise buildable land out of such use, would cost upwards of \$25,000,000.

In the plan offered by the architects, the original Hull House and the Jane Addams garden would be restored and incorporated into the new campus layout. Since public funds available for the development of the campus must be used entirely for the facilities programmed to meet the educational needs of the anticipated enrollments, special financing will be needed for the reconstruction, for continuing maintenance of the structure, and for its use in a way that will be a fitting memorial to Jane Addams. Consequently, in making this recommendation that the architects be authorized to proceed with plans to keep the original unit of Hull House and to restore the Jane Addams garden, I also request authority to seek a gift or gifts from private donors to underwrite the financial requirements for the restoration and additional funds for maintenance of the center. From the public interest expressed in an appropriate memorial to Miss Addams, it is believed that many people throughout the country will respond to a request for financial aid in meeting the objective here outlined.

The restored building and garden will not only be a significant landmark for the new campus and for Chicago; its identity with Jane Addams and the tradition associated with her will be a continuing inspiration for students and others who may have occasion to use or to visit the center.

Following the presentation by President Henry of the foregoing statement and recommendations, the President of the Board announced that representatives of Hull House and of "Save Hull House Committee" were at the Board meeting having previously requested the opportunity of being heard and having been granted that privilege. He called on the two delegations.

Mrs. Florence Scala, 1030 West Taylor Street, Chicago, representing the "Harrison-Halsted Group," Miss Jessie Binford, a Resident of Hull House, and Mr. Russell Ballard, Executive Director of Hull House, made statements asking that all of the buildings in the area from Halsted Street west to the alley be preserved.

Mr. Len Bishop, Mrs. Mary Vincent, and Mr. John Vincent of "Save Hull House Committee" also made statements in support of the preservation of some of the buildings, in addition to the original Hull Mansion.

The hearing of the two delegations having been concluded, on motion of Mr. Clement, the Board recessed for luncheon.

When the Board reconvened, it resumed consideration of President Henry's recommendations relating to Hull House, and the President of the Board called for a discussion of them.

At the conclusion of the discussion, on motion of Mr. Swain, the President's recommendations were approved and authority was given as requested.

On this motion, Mr. Pogue voted "No." Mr. Dilliard and Mr. Johnston asked to be recorded as "Present but not voting."

JULY AND AUGUST MEETINGS

Under the By-Laws of the Board, the next meeting would be held on July 19 unless the date is changed by the Board, or by order of the President thereof. President Williamson announced that due to the late decisions in Springfield on the University's state appropriations for 1961-63, the University's internal operating budget for 1961-62 can not be prepared for consideration by the Board in July, and that a meeting for this purpose in August will be necessary. It was the consensus of the Trustees that the July meeting should be omitted and that the Board hold a meeting in August. Accordingly, the President stated that he would order the July meeting omitted and would call a meeting in August.
