APPOINTMENT OF ASSISTANT TO THE VICE-PRESIDENT OF THE CHICAGO UNDERGRADUATE DIVISION

- (4) The Vice-President for the Chicago Undergraduate Division recommends the appointment of Ora L. Railsback, presently Professor and Head of the Division of Physics at the Chicago Undergraduate Division, as Professor and Head of the Division of Physics on one-third time, and Assistant to the Vice-President on two-thirds time, beginning March 1, 1962, at an annual salary of \$13,000 (A33, D67).

I concur.

On motion of Mr. Dilliard, this appointment was approved.

APPOINTMENT OF DIRECTOR OF THE EXECUTIVE DEVELOPMENT CENTER

- (5) The Dean of the College of Commerce and Business Administration has recommended, and I have approved, the appointment of Professor Robert O. Harvey of the Department of Finance as Director of the Executive Development Center, effective December 1, 1961, and continuing through August 31, 1962, at his present salary of \$12,300 per year, plus a two months' summer appointment at the same rate to provide for the standard adjustment of salary from nine months to full year service.

This appointment is to fill the vacancy created by the resignation of Professor R. G. Seymour.

On motion of Mr. Clement, this appointment was approved.

APPOINTMENT OF DIRECTOR OF UNION AT CONGRESS CIRCLE CAMPUS

- (6) The Vice-President for the Chicago Undergraduate Division, upon the nomination of the Director of the Physical Plant, recommends the appointment of James J. Overlock, Seattle, Washington, presently Assistant Director of the Associated Students of the University of Washington and of the Union Building at the University of Washington, as Director of the Union at Congress Circle Campus beginning April 1, 1962, at an annual salary rate of \$13,000. The present appointment is for the balance of the current academic year and reappointment will be on an annual basis.

It is desirable that Mr. Overlock be brought into this position soon so that he can assist with the planning of the new building. He will also be Director of the student union activities in the recently remodeled quarters at Navy Pier and will be responsible for the operation of these facilities, including the development of student programs which will eventually be housed in the new building at Congress Circle.

I concur.

On motion of Mr. Johnston, this appointment was approved.

DEANSHIP OF THE COLLEGE OF NURSING

- (7) Dean Emily C. Cardew of the College of Nursing has asked to be relieved of her administrative duties as Dean as soon as a suitable replacement can be made. She will, however, continue serving on the faculty as Associate Professor, teaching in both a baccalaureate program and developing a graduate program leading to the master's degree, for which there is a pressing need.

I have approved Dean Cardew's request and report this action for record.

A search committee has been appointed to consider available candidates for this position and to make recommendations.

This report was received for record.

BANK ACCOUNTS FOR EXTENSION COUNCILS

(8) Agricultural and home economics extension work in the counties of the state of Illinois is supported by federal appropriations, state appropriations to the University of Illinois, and contributions from local sources. Under the present system, local funds are paid to the University and become one of the financial resources for payments by the University of salaries, travel, rent, and other expenses incidental to operating the county offices. To expedite the payment of local operating costs of the offices and to increase participation and responsibilities of local citizens, it is proposed that the expenditures for local operations—other than salaries, travel, and rent—be made at the county level from the contributed funds. The kinds of expenditures are: office supplies, telephone, utilities, and the service activities mentioned below.

In 1955 Councils in Agriculture Extension and in Home Economics Extension were established in each county. Members are appointed by the Director of the Cooperative Extension Service under authority granted by the Board of Trustees. These Councils assist the University in carrying out its Cooperative Extension Service programs. It is a present responsibility of the Extension Councils to develop detailed budgets for the extension work in the respective counties with the assistance of the County Advisers and to obtain local contributions in support of such budgets, which are submitted to the Cooperative Extension Service for approval.

The Councils forward to the University the grants obtained from local sources to support these programs. It is now proposed that funds received—except those for salaries, travel, and rent—be deposited in a bank within the county in the name of the University of Illinois. Local operating costs, other than those indicated, will be paid from this account. Into this account will also be deposited receipts from local service activities, such as 4-H premiums and prizes and camping activities, and from which equivalent disbursements for these purposes will be made. All checks drawn will be signed by the Council Treasurer and co-signed by the County Farm or Home Adviser. Audits of the accounts will be regularly performed by a University auditor, and financial reports will be periodically submitted to the Cooperative Extension Service.

It is recommended by the Director of the Cooperative Extension Service and by the Vice-President and Comptroller that the Board authorize establishing accounts in banks in (selected) counties for the funds for local operations, as outlined above, for each of the Councils in Agriculture and in Home Economics. For the present, this procedure will be initiated in only a few selected counties to test its operational effectiveness. If such a procedure proves successful, it may be extended to all of the counties of the state desiring such a service. A report of the accounts thus established will be made to the Board.

On motion of Mr. Swain, this recommendation was approved, and authority was given as requested.

ANTI-TRUST LITIGATION

(9) On February 5, 1962, suit was filed on behalf of the University in the Federal District Court for the Northern District of Illinois (Case 62 C 362) against eighteen electrical manufacturers who were involved in the electrical equipment price-fixing conspiracy which was the subject of federal anti-trust action in 1960 and 1961. The complaint seeks recovery of treble damages under the Sherman and Clayton Anti-Trust Laws, for overcharges on purchases of electrical equipment by and for the University during the period of the conspiracy.

The Legal Counsel states that the institution of the suit on the date indicated was necessary to preserve the University's rights in the matter. He requests confirmation and ratification by the Board of the filing of the suit, the employment of Attorney Lee A. Freeman, Chicago, as special counsel to represent the University in connection therewith, and authority to proceed with the litigation and to employ such other special consultants as may be appropriate.

I concur.

On motion of Mr. Clement, the actions taken in this matter were confirmed and ratified, and authority was given as requested.

Mr. Johnston asked to be recorded as not voting on grounds of conflict of interest, being a member of the Board of Directors of one of the defendant corporations.

CHANGES IN STUDENT FEES

(10) In October, 1956, the Board of Trustees approved, in principle, the assessment of building fees of \$20.00 per semester to make possible the construction of student service facilities—the Illini Union Addition, Student Services Buildings (including a Health Service Building), and the Assembly Hall—on a self-liquidating basis. This has been a firm commitment to the state of Illinois in connection with the biennial budgets since the biennium of 1957-59, but the fees have not been put into effect pending completion of the buildings to which they are related.

The Committee on Fees now recommends that the fees for students on the Urbana-Champaign campus be increased by \$20.00 a semester, effective September, 1962, in order to provide for operation and debt service on the service buildings. It also recommends, for simplicity in assessment and accounting, that a single service fee be assessed, to be distributed to the various activities as shown in the internal budget each year. Thus, at Urbana-Champaign and the Medical Center there will be only three fees: tuition, service fee, and hospital-medical-surgical insurance fee. At the Chicago Undergraduate Division, there will be, in addition to the above three, an activities fee. The revised schedules of fees as recommended by the Committee appear below as Exhibit A.

The Committee also recommends that the number of credit hours included in the three ranges of fees be adjusted so that one-third of the normal load of fifteen hours be included in each successive range. Some revisions in the amount of fees for part-time students are made and the hospital-medical-surgical fee is charged all students who do not have equivalent coverage.

The Committee also recommends that a late registration fine of \$15.00 be assessed all students who register for work in residence after the close of the regular registration, in addition to the tuition and fees presented in the schedule. The fine may be waived on petition in emergencies, such as illness or death in the immediate family.

The Committee also recommends that the charge for deferment of payment of fees be uniformly set at \$2.00 and that it be nonrefundable. The charge is not applicable when arrangements have been made to bill the fees to an agency.

The Committee also recommends that the visitor's fee be increased from \$10.00 to \$15.00 for each course on campus. Persons paying full fees (Range I) and those who are exempt from tuition are not assessed the fee.

The laboratory, library, and supply fee is discontinued, and applied to the total service fee, which will be distributed in 1962-63 as follows:

Urbana-Champaign: Illini Union and Health Center, 46¼ per cent; Assembly Hall, 46¼ per cent; Student Services Building, 7½ per cent.

Medical Center: Union Building, 15 per cent; Dentistry-Medicine-Pharmacy Revenue Bond Fund, 85 per cent.

Chicago Undergraduate Division: Union Building, 30 per cent; Union Building Replacement, 70 per cent.

The Director of Auxiliary Services and the Vice-President and Comptroller recommend that the housing deposit be increased from \$30.00 to \$40.00. This will eliminate confusion with the tuition deposit of \$30.00 required for new students. (The housing deposit is applied to the rental, but is forfeited if the student does not withdraw his application before a specified date.)

The Committee further recommends some revisions in the regulations governing assessment of and exemptions from fees, submitted herewith as Exhibit B.

I concur in these recommendations.

On motion of Mr. Johnston, the revisions in fees and in the regulations governing the assessment of and exemptions from fees were

approved as recommended herein; and the schedules of fees as they appear below were authorized.

Summer fees in Dentistry, Medicine, Pharmacy, Occupational Therapy, and Nursing are the same as for a regular quarter except one-half tuition and the service fee are charged for students taking a six-week program or one-third tuition and the service fee for students taking a four-week program when such is scheduled, rounded to the next higher dollar amount.

Exhibit B Assessment and Exemptions

Tuition and fees are assessed all students, as applicable. The nonresident tuition fee is assessed against those students who are defined as nonresidents of Illinois under the *Regulations Governing Assessment of Resident or Nonresident Student Fees*.

For fee assessment purposes, a staff appointment must require service for not less than three-fourths of the term. (This is interpreted as a minimum of three and one-half months in a semester, nine weeks in a quarter, and six weeks in an

¹ Persons on the academic, administrative, or permanent nonacademic staff of the University, or on the staffs of the allied agencies, and persons registered in absentia or off-campus will be exempt from the service fee.

² Students presenting evidence of equivalent coverage may receive a waiver of the hospital-medical-surgical insurance fee upon approval of a petition submitted to the University Insurance Office not later than the final day established for full refund of fees. eight-week summer session.) *Staff tuition and fee privileges do not apply to students employed on an hourly basis in either an academic or a nonacademic capacity nor to persons on leave without pay.*

Waiver of one or more of these charges may be provided as follows:

1. Persons on the academic, administrative, or permanent nonacademic staff of the University, or on the staffs of the allied agencies, persons having graduate tuition and fee waivers described under 4d below, and persons registered in absentia or off-campus will be exempted from the service fee.
2. Students presenting evidence of equivalent coverage may receive a waiver of the hospital-medical-surgical insurance fee upon approval of a petition submitted to the University Insurance Office. Persons registered for thesis research in absentia will not be assessed the hospital-medical-surgical insurance fee.
3. The nonresident portion of the tuition and fees is waived for all staff members, and for others as specified below:
 - a. All staff members and the spouses and dependent children of staff members of the University, of allied agencies, or of the faculties of state-supported institutions of higher education in Illinois, and teachers in the private and public elementary and secondary schools in Illinois shall, if subject to the payment of tuition and fees, be assessed at the resident rate during the term in which the staff member, faculty member, or teacher holds such an appointment. This privilege also extends to the summer session immediately following the term for which such appointment was effective.
 - b. Any nonresident student who qualifies for resident tuition and fees by reason of an appointment described under 3a above shall become subject to non-resident tuition and fees if the appointment qualifying him for the resident benefit is vacated by resignation or otherwise prior to completion of three-fourths of the term in question.
 - c. Persons who are actively serving in one of the Armed Forces of the United States and who are stationed and present in the state of Illinois in connection with that service, and the spouses and dependent children of such persons, are permitted to attend the University upon paying the same tuition and fees assessed against resident students as long as such first-mentioned person remains stationed and present in this state and the spouse or dependent child attending the University is also living in this state.
4. Tuition waivers are provided under the following conditions:¹
 - a. For holders of tuition waiver scholarships established by the General Assembly for use at the University of Illinois, and for all holders of tuition waiver scholarships established by the Board of Trustees.
 - b. For all academic employees of the University or of allied agencies whose official appointments call for not more than 67 per cent of full-time services in the term for which waiver is granted.
 - c. For all permanent nonacademic employees under appointment with the University or allied agencies who register in University courses in Range II or III. (Nonacademic employees may register in University courses only upon recommendation of the head of the department in which the individual is employed and upon approval by the Director of Nonacademic Personnel, and the usual schedule limits apply.)
 - d. For holders of tuition and fee waivers authorized by the Board of Trustees, to be awarded to University fellows and others at the discretion of the Dean of the Graduate College. These persons are also exempt from the service fee.
 - e. For students attending University courses under grants or contracts with outside sponsors which provide payments to cover the total costs of instruction. The service fee and the hospital-medical-surgical insurance fee are also waived if such fees are charged to the contract or grant funds.
 - f. For cooperating teachers and administrators who receive assignment of practice teachers. Such persons who register in University courses are exempted from both tuition and the service fee for one semester or summer session for each semester during the calendar year, September to September, in which service is rendered.
 - g. Any graduate student not subject to tuition and fees by reason of his appointment who resigns from his position before rendering service for at least

three-fourths of that term provided he completes clearance for graduation and terminates active study within one week following the date of resignation. He need not cancel his registration.

- h. Any student who resigns his staff appointment before rendering service for at least three-fourths of the term becomes subject to the full amount of the appropriate tuition and fees for that term unless he withdraws from his University classes at the same time.
- i. Students holding appointments during the final term of an academic year either as employees or fellows, and for whom tuition and/or fees have been provided through waiver or cash payment by an outside agency, are entitled to a waiver of the same kinds of tuition and fees for the summer session immediately following, provided they hold no appointments during that summer session.

ASSEMBLY HALL REVENUE BONDS, SERIES OF 1962

(11) The University's enrollment has increased at a higher rate than the enrollment projections on which the original financing plans for the Assembly Hall were based and the income from student fees presently authorized will be sufficient to provide for repayment of additional bonds.

It is now planned to recommend additional expenditures for facilities and features, most of which were in the original planning but were deferred when final plans were submitted for bids and contracts were awarded. The architects and engineers now recommend that these and certain additional improvements be included, if possible, to add to the usefulness of the new multi-purpose structure and to improve opportunities for operating revenue.

Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a supplemental issue of \$600,000 of revenue bonds for financing additional construction in connection with the Assembly Hall.

A supporting memorandum describing these facilities and improvements in detail is submitted herewith, and a copy is being filed with the Secretary of the Board for record. Specific recommendations for each of these projects will be submitted to the Board of Trustees for approval at subsequent meetings.

¹ The nonrefundable charge includes the hospital-medical-surgical insurance fee, if originally paid, and the student who withdraws from the University continues to be covered by the insurance until the close of the term. The remainder of the retained amount is allocated to the service fee.

White, Weld, and Company, who handled the original bond sale, received consent from the present holders for the issuance of the additional bonds. Two of the original purchasers have agreed to purchase the supplemental issue at an effective interest rate of 3.90 per cent. This compares with a rate of 4.32 per cent on the original issue and is in line with changes in the market since 1959. The bonds will become due through the operation of the sinking fund after the original bonds have been retired.

I concur in the foregoing recommendation.

The Finance Committee has also been consulted and concurs in recommendations that the bonds be sold at an effective interest rate of 3.90 per cent, and that bonds totalling \$400,000 be sold to Allstate Insurance Company and \$200,000 to State Farm Mutual Automobile Insurance Company; that White, Weld, and Company be paid a fee of \$2.00 per \$1,000 for its services in connection with the sale; and that Chapman and Cutler be employed as counsel for the bond issue.

A formal resolution will be presented to the Board for adoption at a subsequent meeting.

On motion of Mr. Swain, the supplemental issue of revenue bonds was authorized, and the recommendations relating to the same were approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner, Mr. Wilkins.

Employment of Chapman and Cutler, Chicago, as counsel for the bond issue;

Advertisements for bids on the construction of the Halls and for the sale of bonds at times deemed most appropriate by the Vice-President and Comptroller.

I concur in these recommendations.

On motion of Mrs. Watkins, these recommendations were approved, and authority was given, as requested, this action being taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner, Mr. Wilkins.

HOUSING AND HOME FINANCE AGENCY LOAN FOR CONSTRUCTION OF CONGRESS CIRCLE UNION BUILDING

(13) The Vice-President and Comptroller and the Director of the Physical Plant recommend authorization of:

An issue of \$5,000,000 of revenue bonds to be sold publicly to finance part of the construction cost, and to be amortized from student fee income;

Employment of Chapman and Cutler, Chicago, as counsel for the bond issue;

Advertisements for bids on the construction of the Union Building and for the sale of bonds at times deemed most appropriate by the Vice-President and Comptroller.

An assignment from the state capital appropriations from the Universities Building Fund will also be recommended for the construction of this building since

it will include certain physical education and recreation facilities which are a proper charge against state funds.

I concur in these recommendations.

On motion of Mr. Harewood, these recommendations were approved, and authority was given, as requested, this action being taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner, Mr. Wilkins.

CONTRACT FOR SOIL TEST BORINGS AND SOIL ANALYSIS ON CONGRESS CIRCLE CAMPUS

(25) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a contract with Soil Testing Services, Inc., Chicago, for soil test borings and soil analysis in the areas of the Congress Circle Campus on which buildings will be constructed.

This work, including analysis of soil and ground water conditions, is fundamental to structural design of the buildings. Fifty-five borings will be required, of which eight will go to bedrock. A firm quotation on the total cost of the work is not feasible since soil conditions to be encountered cannot be anticipated. Accordingly, it is proposed that the agreement with Soil Testing Services, Inc. be upon the following unit costs:

Advancing the bore hole and split spoon sampling:

Under 60 blows.....	\$ 3.00 per foot
Sixty blows and over.....	5.00 per foot
Shelby tube sampling 2 in. diameter.....	3.00 per foot
Rock coring
Unconfined compression test.....	4.00 per test
Calibrated penetrometer tests.....	1.00 per test
Atterberg limits	7.50 per test
Triaxial tests	75.00 per test
	(3 circles)

In addition to the above, the proposal provides for the following charges:

Moving personnel and equipment on and off the site,	
preparation of logs, drawings.....	\$ 25 00
Engineering report, including the following.....	3 000 00
Description of boring procedures on laboratory tests.	
Description of soil and ground water conditions.	
Analysis and recommendations of the type of foundation to be used, allowable bearing values, basement excavation methods and bracing, method of relieving hydrostatic pressure, and special conditions which may affect the design and construction of the structure.	

Soil Testing Services, Inc. is recommended because it has a large experienced staff on soil testing analysis and is equipped to do the entire program promptly. It has had experience in soil analysis work on high-rise buildings, having done such work on a number of major projects in Chicago.

It is anticipated that the total cost of the work for the fifteen buildings to be constructed will be approximately \$30,000.

Funds are available in the state capital appropriations from the Universities Building Fund.

Submitted herewith is a supporting memorandum from the Physical Plant Department on this project, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Swain, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner, Mr. Wilkins.

**CONTRACT FOR ENGINEERING SERVICES ON STORM
AND SANITARY SEWERS AND WATER MAINS**

(26) The Director of the Physical Plant and the Vice-President and Comptroller recommend employment of Wilson and Anderson, Consulting Engineers, Champaign, for the engineering services to design the construction of, and to write the specifications for, sanitary and storm sewers and water mains to service the new buildings for the College of Commerce and Business Administration and the College of Education, and the Illinois Street Residence Halls.

Payments for these services will be on the basis of Schedule A of Minimum Fees of the Illinois Society of Professional Engineers, exclusive of the services of a resident engineer for field inspection:

<i>Cost of Construction</i>	<i>Basic Fee</i>
First \$ 50 000	12.00 per cent
Next 100 000	9.00 per cent
Next 150 000	7.50 per cent
Next 200 000	6.50 per cent
Next 500 000	6.00 per cent
Next 1 000 000	5.50 per cent
All over 2 000 000	5.00 per cent

The total estimated cost will be approximately \$10,000 for the engineering services on storm and sanitary sewers and water mains for the Commerce and Education Buildings and \$10,000 for the engineering services on the same utilities for the residence halls.

Funds are available in the state capital appropriations from the Universities Building Fund.

Submitted herewith are supporting memoranda from the Physical Plant Department, copies of which are being filed with the Secretary of the Board for record. The Committee on Buildings and Grounds has been consulted and supports the recommendation.

I concur.

On motion of Mr. Johnston, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner, Mr. Wilkins.

**CONTRACT FOR ENGINEERING SERVICES FOR CORRECTION
OF ELECTRICAL DEFICIENCIES AT URBANA-CHAMPAIGN**

(27) The Director of the Physical Plant and the Vice-President and Comptroller recommend employment of the firm of Carroll-Henneman and Associates, Consulting Engineers, Urbana, for engineering services in designing and writing specifications for correction of electrical deficiencies, including transformer vault improvements in thirteen buildings on the Urbana-Champaign campus. The total construction and installation cost of correction of electrical deficiencies in these buildings is estimated to be \$245,000. The firm recommended will do the work on the basis of Schedule B of Minimum Fees Adopted by the Illinois Society of Professional Engineers, which, exclusive of the services of a resident engineer for field inspection, is:

<i>Cost of Construction</i>	<i>Basic Fee</i>
First \$ 20 000	10.00 per cent
Next 30 000	9.00 per cent
Next 50 000	7.00 per cent
Next 200 000	6.00 per cent
Next 200 000	5.50 per cent
Next 500 000	5.00 per cent
Next 1 000 000	4.75 per cent
All over 2 000 000	4.50 per cent

Based on estimates of construction costs, the total estimated cost of the engineering services, exclusive of those of a resident engineer and/or inspectors for supervision of the work, is approximately \$20,000. The Physical Plant Department will provide the supervision from its own personnel.

Funds are available in the state capital appropriations from the Universities Building Fund.

Submitted herewith is a supporting memorandum from the Physical Plant Department, a copy of which is being filed with the Secretary of the Board for record. The Committee on Buildings and Grounds has been consulted and supports the recommendation.

I concur.

On motion of Mr. Swain, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner, Mr. Wilkins.

IMPROVEMENT OF FOURTH STREET IN CHAMPAIGN

(28) The city of Champaign is planning to widen and resurface South Fourth Street from its present width to forty-four feet from curb to curb from Springfield Avenue south to Armory Avenue; with the University's participation, the City will extend the improvement south to Florida Avenue.

The University owns one-half the street frontage in the block between Armory Avenue and Gregory Drive, and all the frontage from Gregory Drive south to Florida Avenue, except for the Roselawn Cemetery frontage of about 625 feet north of Florida Avenue and on the east side of Fourth Street. The improvement from Armory south to Florida Avenue would include widening and resurfacing the street from the present width of approximately thirty-five feet to forty-four feet between curbs, a mercury vapor lighting system, a new eight-foot wide sidewalk on both sides of the street between Armory Avenue and Gregory Drive, traffic signals at the intersection of Gregory Drive, drainage and incidental construction related to these improvements.

The City has requested the University to share in the estimated cost of the improvement on the following basis:

For that portion of the project from the center line of Armory Avenue to the south property line of Gregory Drive including the traffic signals at the latter intersection on the ratio of University property frontage to the total property frontage, or 50 per cent of said portion of the subject cost.....	\$ 22 135 18
For that portion of the project from the south property line of Gregory Drive to the north curb line of Florida Avenue.....	95 100 92
100 per cent of cost for University-owned property frontage	\$87 200 92
50 per cent of cost for Roselawn Cemetery frontage	7 900 00
<i>Total</i>	<i>\$117 236 10</i>

The Roselawn Cemetery is not within the Champaign city limits and can not be assessed for this improvement. The Roselawn Cemetery Association has advised it has no funds to participate on a voluntary basis. The proposal here submitted provides that the University and the City will share equally in the cost of the improvement along this frontage, estimated at approximately \$15,800, or approximately \$7,900 to be paid by each party. The University's share of the cost will be based on the actual cost of construction, plus engineering, legal, and miscellaneous expenses where applicable, and will be due and payable in one lump sum within thirty days after completion of the project.

Funds are available in the state capital appropriations to the University for 1961-63 from the Universities Building Fund.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute an agreement with the city of Champaign for the University's participation in this improvement on the basis of the above estimates and that funds be assigned for this purpose.

On motion of Mr. Swain, this recommendation was approved, and

authority was given as requested, this action being taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner, Mr. Wilkins.

IMPROVEMENTS OF PUBLIC AND UNIVERSITY ROADS ON URBANA-CHAMPAIGN CAMPUS

(29) The Board of Trustees has authorized employment of Clark, Daily, and Dietz, Consulting Engineers, Urbana, to provide complete engineering services in designing the following described improvements of University roads and public streets on the Urbana-Champaign campus, these improvements being scheduled for the summer of 1962.

First Street

Concrete pavement, forty-five feet wide, back to back of curb, extending from Florida Avenue south to a point approximately 650 feet south of St. Mary's Road, including necessary drainage.

Concrete sidewalk, eight feet wide, five inches thick, on east side of First Street from Florida Avenue to St. Mary's Road, to include provision for future widening to a twelve foot walk if found necessary.

Concrete sidewalk, eight feet wide, five inches thick, on south side of Florida Avenue from Fourth Street to First Street and on north side of Florida Avenue from First Street to the Illinois Central Railroad underpass, to include provision for future widening to 12 feet if found necessary.

Street lighting from Florida Avenue to and including St. Mary's Road.

Traffic signals at intersection of Florida Avenue and First Street.

Fourth Street

Concrete pavement, forty-five feet wide, back to back of curb, extending from Florida Avenue south to St. Mary's Road, including necessary drainage.

Concrete sidewalk, eight feet wide, five inches thick, on west side of Fourth Street from Florida Avenue to St. Mary's Road, to include provision for future widening to twelve feet if found necessary.

Concrete sidewalk, eight feet wide, five inches thick, on west side of Fourth Street from Florida Avenue to Peabody Drive, to include provision for future widening to twelve feet if found necessary.

Street lighting from Florida Avenue to and including intersection at St. Mary's Road.

Traffic signals at intersection of Fourth Street and Florida Avenue.

St. Mary's Road

Concrete pavement, forty-five feet wide, back to back of curb, extending from the Illinois Central underpass east to and including the intersection of Fourth Street, including necessary drainage.

Sixth Street

Bituminous concrete surface on concrete sub-base pavement with concrete curb and gutters, forty-five feet wide, back to back of curb, extending from Gregory Drive to Pennsylvania Avenue.

Concrete sidewalk, eight feet wide, five inches thick, on west side of Sixth Street from Gregory Drive to Peabody Drive and on east side of Sixth Street from Peabody Drive to Pennsylvania Avenue.

Street lighting from Gregory Drive to and including the intersection of Pennsylvania Avenue.

Street lighting from Armory Avenue to Gregory Drive.

First Street and Fourth Street from Florida Avenue to a point approximately 264 feet north of the center line of St. Mary's Road are within the corporate limits of the city of Champaign and the proposed improvements will require its approval.

Fourth Street south of the corporate limits of the city of Champaign, referred to above, and St. Mary's Road from First to Fourth Street are in Urbana Township. A portion of First Street south of said corporate limits is in Urbana Township and the balance in Champaign Township. St. Mary's Road from First Street west to the Illinois Central right-of-way is in Champaign Township. Therefore, the improvements proposed will require the approval of both Urbana and Champaign Townships.

This improvement program has been reviewed with the Champaign City Manager and City Council, who have reported that it meets with their approval and that the City Attorney has been designated to work with the University in developing a mutually satisfactory agreement. The program has also been reviewed with the highway commissioners and supervisors of both Urbana and Champaign Townships, who have indicated that the improvements are highly desirable and have suggested that the Townships will be willing to dedicate any interest they may have in rights-of-way of streets and roads to the University, subject to review and approval by their legal advisers.

Funds are available in the University's state capital appropriations from the Universities Building Fund, subject to release by the Governor.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees authorize its Comptroller and Secretary to execute agreements with the city of Champaign and with Urbana and Champaign Townships for the improvements outlined. Construction contracts and assignments of funds for the same will, of course, be subject to approval by the Board of Trustees.

I concur.

On motion of Mr. Johnston, this recommendation was approved, and authority was given as requested.

IMPROVEMENTS AT HOTT MEMORIAL CENTER

(30) Mr. and Mrs. Maxwell R. Hott have given the University their home in Monticello, the gift being designated as the Hott Memorial Center for Continuing Education. The property is being given to the University over a period of years. The University now has an undivided one-fourth interest in the title and Mr. and Mrs. Hott have leased their remaining interest in the property to the University of Illinois Foundation for twenty years. They plan to give additional fractional interests to the University until the complete title is transferred.

To make the residence more useful as an extension center will require remodeling and additions in order to increase the number of guest rooms required for such use. The estimated cost of the improvements, which would include air conditioning the entire first floor, is \$137,500. The First National Bank of Chicago has agreed to loan this amount to the Foundation at one-half the prime interest rate, plus one-fourth per cent (presently a total of two and one-half per cent), with retirement of the principal at the rate of \$12,000 per year. Should the Bank incur tax liability on the income from the loan, the Foundation will pay the prime interest rate plus one-fourth per cent.

The Dean of the Division of University Extension and the Vice-President and Comptroller recommend that the Foundation be requested to make these improvements to be financed by the Bank loan. To assist in accomplishing this, they recommend that the University transfer title to its interest to the Foundation and that the University lease the property from the Foundation until June 30, 1963, at a rental sufficient to cover interest and principal payments on the loan, with option in the lease for renewal for successive biennial periods. During the early years of the operation of the Hott Memorial Center for Continuing Education, income may not be adequate to pay the debt service and funds will be included in the operating budget of the Division of University Extension to cover the difference; however, in a few years the Center should be completely self-supporting.

I concur and recommend adoption of the necessary resolution to implement this transaction.

On motion of Mr. Swain, this recommendation was approved.

Resolution

Be It, and It Is Hereby, Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized for and in the name of, and on behalf of, this public corporation (1) to sign, execute, and deliver an agreement with and to University of Illinois Foundation, a not for profit corporation of the State of Illinois, hereinafter referred to as "Foundation," which agreement shall provide that this

(3) to sign, execute, and deliver a lease with and from Foundation of said premises, including said improvements, and including Foundation's leasehold interest in and to the other three-fourths undivided interest in said premises, under which lease this public corporation will agree to pay a rental sufficient to meet all payments required of Foundation on its indebtedness incurred in connection with the remodeling and improvement of said property, said lease to run from the date of the closing of Foundation's loan for the purpose of making said improvements and remodeling to June 30 of the first subsequent odd-numbered year, with the right in this public corporation to renew said lease for successive two-year periods from July 1 of each odd-numbered year to June 30 of the next succeeding odd-numbered year by giving written notice to Foundation between the 1st and 15th of July in each year when such renewal is to be made, until said lease is finally terminated by the payment and liquidation of the above mentioned indebtedness; (4) to commit this public corporation to act as agent for Foundation in the carrying out of said remodeling and in the administration and service of such indebtedness and the payments and disbursements from and of funds made available by the creditor of Foundation for the purpose of said remodeling; (5) to accept reconveyance of said property, including all improvements thereon, from Foundation when Foundation's indebtedness has been retired as provided above; and (6) to sign, execute, acknowledge, and deliver any and all other documents and instruments deemed necessary or desirable by said Comptroller and said Secretary to accomplish the purposes herein set forth.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner, Mr. Wilkins.

BEQUEST OF CHARLES P. HOWARD

(31) The will of the late Dr. Charles P. Howard of Champaign, who died July 21, 1943, set up a trust with the First National Bank of Chicago for the benefit of his brother, Hartwell C. Howard of Champaign, who received the income from the trust during his lifetime. The will and the trust provide that upon the death of Hartwell C. Howard, one-half of the trust estate shall be paid to the Young Men's Christian Association of Champaign and one-half to the Board of Trustees of the University of Illinois to establish the Dr. Hartwell C. Howard Memorial Fund in memory of the testator's father. The University's share is approximately \$194,000. This shall be an endowment fund, the income therefrom to be used to aid premedical and pre dental students at the University of Illinois in any way that the Board of Trustees deems proper. In the event the purposes of this trust become obsolete or undesirable, the Board of Trustees may use the income for any purpose it sees fit. The Board is not limited by any statute or law regarding investments of this fund.

Mr. Hartwell C. Howard died January 2, 1962.

The First National Bank of Chicago has submitted to the University and to the Young Men's Christian Association of Champaign a proposed distribution of the trust assets which would divide the common stocks and bonds equally, except for the sale of one block of bonds and a distribution of cash to make the total distribution equal between the two beneficiaries.

The proposed plan of distribution has been approved by the Finance Committee and it has also approved the merging of these assets with the general endowment pool of the University held by the First National Bank of Chicago. The Bank has recommended the sale of certain of the stocks and bonds and reinvestments of the other securities. The Finance Committee has approved these changes.

The Bank has requested adoption of a resolution by the Board of Trustees accepting this request under the conditions cited with the usual agreements to protect the trustee against loss. Submitted herewith is a resolution prepared by the University's Legal Counsel and approved by the Bank.

Resolution

Be It, and It Is Hereby, Resolved by the Board of Trustees of the University of Illinois that the bequest in favor of this public corporation contained in the Will of Dr. Charles P. Howard, who died on July 21, 1943, of a remainder interest in the trust created of his residuary estate, be, and the same is hereby, accepted by said public corporation for the uses and purposes set forth in said Will and said bequest; and

Be It, and It Is Hereby, Further Resolved that the Vice-President and Comptroller of this public corporation be, and he is hereby, authorized to accept payment and delivery of said bequest on behalf of this public corporation, and to execute and deliver to the First National Bank of Chicago, as survivor Trustee of the testamentary trust created by the Last Will and Testament of said Charles P. Howard, deceased, the receipt of this public corporation in satisfaction thereof.

On motion of Mr. Clement, the foregoing resolution was adopted.

PROCUREMENT OF LARGE-SCALE COMPUTING SYSTEM FOR ALL-UNIVERSITY USE

(32) The Executive Vice-President and Provost and the Vice-President and Comptroller recommend the acquisition from the International Business Machines Corporation on a rental basis, with an option to purchase, of an IBM 7090-1401 high-speed computer system, on the following terms which represent 40 per cent of commercial rates:

Annual rental including maintenance for the 7090-1401 system plus peripheral gear for ILLIAC II: \$350,016.

Rental of the 7090-1401 system with option to buy plus peripheral gear for ILLIAC II: rental price of \$350,016, of which 62 per cent is applicable to the purchase price; option to buy, \$12,580.18, all of it applicable to the purchase price of \$1,363,104 (the commercial price would be \$3,407,700).

The term "peripheral gear for ILLIAC II" refers to input-output equipment needed for the new computer now under construction in the Digital Computer Laboratory. For use with this computer, the International Business Machines Corporation would lend to the laboratory, without additional charge, equipment worth \$529,488 at the educational discount price (commercial price \$1,323,720). In return, the University agrees: (a) to use the equipment for its educational and research purposes only, and solely in connection with ILLIAC II; (b) to provide "a non-exclusive royalty-free license to IBM relative to developments resulting from the University's work in adaptation of the input-output units to ILLIAC."

No state tax funds would be used either for the rental or for the ultimate purchase of this equipment. Contract research funds are available for the annual rental, and the purchase option will be exercised if sufficient funds from outside sources can be provided by the delivery date.

The bid proposal was dated January 16, 1962, and was submitted to the firms listed below, and was also advertised publicly in the official state newspaper in accordance with the Illinois Purchasing Act.

International Business Machines Corporation, Springfield
Control Data Corporation, Minneapolis, Minnesota

Burroughs Corporation, Detroit, Michigan
 Remington Rand Univac, Detroit, Michigan
 Bendix Aviation — Computer Division, Chicago
 RCA — Electronic Data Processing Division, Chicago

The only bid received was from the International Business Machines Corporation.

A supporting statement by the Executive Vice-President and Provost reviews the development of high-speed computer programs at the University of Illinois, discusses the need for a large-scale system to replace present equipment, and explains the procedure followed in securing quotations. The statement is submitted herewith, and a copy is filed with the Secretary of the Board for record. The conditions of this transaction as stated above and as set forth in greater detail in the supporting statement will be incorporated in the contract with the International Business Machines Corporation.

I recommend that the Board authorize a contract with International Business Machines Corporation for the acquisition of this equipment on the terms stated in these documents.

On motion of Mr. Pogue, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner, Mr. Wilkins.

**ADDITIONS TO CONTRACTS FOR CONSTRUCTION OF ILLINI UNION
ADDITION, STUDENT SERVICES BUILDING, ASSEMBLY HALL,
AND LABOR AND INDUSTRIAL RELATIONS BUILDING**

(34) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of the following changes in construction contracts:

Illini Union Addition: An increase in the contract with Felmley-Dickerson Company of.....\$28 065 03

To furnish the necessary material and labor to revise the steam distribution system serving cafeteria cooking equipment. These changes result from recommendations of the University's Safety Coordinator, the Superintendent of Utilities, and the operating staff of the Illini Union.

- Student Services Building: An increase in the contract with Cunningham Electric Company, Anna, Illinois of..... 6 352 11
 For electrical work to add a buzzer light system for the second floor. This installation was in the original planning but was excluded from the electrical contract when it was awarded because of the uncertainty of adequate funds being available. Since sufficient funds are now available, the installation is being reinstated.
- Assembly Hall: An increase in the contract with Felmley-Dickerson Company of 39 853 80
 For air conditioning of three areas of the Assembly Hall, one of which will include the reception, lounge, dining, kitchen, and office spaces; another the dressing rooms and backstage operational quarters, and the third, the television studio. These installations were included in the original plans and specifications but were deferred to keep the total contract commitments within the available funds. The additional financing proposed will provide the necessary funds for this improvement.
- Labor and Industrial Relations Building: Increases in the contract with English Brothers Company of..... 12 665 88
 To reinstate items which were omitted when the contract was let because of the uncertainty that sufficient funds would be available, including painting of concrete ceilings and masonry walls, installation of resilient flooring and rubber base in twenty-eight rooms, and installation of venetian blinds for north and south walls and in three rooms.

I concur.

On motion of Mrs. Watkins, these changes in contracts were authorized, as recommended.

ADDITION TO CONTRACT FOR ARCHITECTURAL SERVICES ON UNION BUILDING AT CONGRESS CIRCLE

(35) The Director of the Physical Plant and the Vice-President and Comptroller request approval of a change in the contract with C. F. Murphy Associates (formerly Naess and Murphy) for architectural services for the Union Building at Congress Circle to include authorization to employ the firm of Fred Schmid Associates, Chicago, as consultants on food service facilities to be included in this building. I concur.

On motion of Mr. Johnston, this change in the contract was authorized.

Penney Company common stock and reinvestment of the proceeds in approximately 1,500 shares of Tennessee Gas Transmission common. The Finance Committee of the Board has approved this recommendation.

The University received 175 shares of Avnet Electronics Corporation common stock from the Shaw Process Development Company as a gift to support research in foundry work in the Department of Mechanical and Industrial Engineering.

On motion of Mr. Swain, this report was received for record.

At this point, Mr. Hughes joined the meeting.

**FINAL SETTLEMENT OF CONTRACT WITH WALSH BROS. INC.
FOR CONSTRUCTION OF EAST DENTISTRY-MEDICINE-
PHARMACY BUILDING**

(41) Walsh Bros. Inc., Chicago, was the general contractor for the construction of an addition to the East Dentistry-Medicine-Pharmacy Building completed in 1957 at a total cost of \$985,000; the amount of the general contract plus additions authorized during construction was \$335,867.01.

Disputes arose concerning final settlement of the contract with Walsh Bros. Inc. when the work was completed and the balance due under the contract was \$52,852.71. Walsh Bros. Inc. claimed an additional payment of \$23,504.03 for damages due to alleged delays incurred in the construction; the University had counterclaims amounting to \$4,162.71.

Since completion of the building, these claims have been under negotiation. The firm of Walsh Bros. Inc. has now agreed to accept the \$52,852.71 due under the contract, plus \$162.22 for additional labor required as a result of roof damage.

The Director of the Physical Plant and the Vice-President and Comptroller recommended approval of this settlement and that an appropriation of \$53,014.93 be made from the General Reserve for this payment.

I concur.

On motion of Mr. Johnston, this settlement was approved, as recommended, and an appropriation of \$53,014.93 was made from the General Reserve for this purpose. This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Kerner, Mr. Wilkins.

**POLICIES GOVERNING STUDENT HOUSING AND MEMBERSHIPS
IN STUDENT ORGANIZATIONS**

(42) Two proposals have come to me from the Urbana-Champaign Senate Committee on Student Affairs and both deal with the general subject of discrimination. Although the full text of both follows (Appendix A), the major action called for can be stated as follows: that deadlines be established within which (1) operators of non-University operated rooming houses will endorse a nondiscriminatory policy as to race; and (2) fraternities and sororities will affirm that membership selection is based on criteria other than race.

In each case compliance would be a condition for University approval or recognition. The deadlines suggested by the Committee are September, 1963, for Item 1; and September, 1965, for Item 2.

You will find in Appendix B a brief narrative of actions and policies of the University of Illinois concerning discrimination in recent years. Noted there is the record of the Board of Trustees in support of the elimination of discrimination, the University's traditional commitment to nondiscriminatory procedures, and the statement of the Board of Trustees in 1946 which directed the officers of the University to continue to "favor and strengthen those attitudes and social philosophies which are necessary to create a community atmosphere in which race prejudice can not thrive."¹ It is evident that during the past few years the University has attempted to procure, on a voluntary basis, full compliance with its own objectives, procedures, and policies with reference to nondiscriminatory treatment of students.²

In considering the two recommendations from the Committee on Student Affairs, it is clear that, even though both relate to discrimination, in reality they

² Attached as Appendix C is a resolution from the Urbana Chapter of the American Association of University Professors with correspondence pertaining thereto. (Copies of the resolution and related correspondence were filed with the Secretary for record. — Secretary's Note)

are different proposals and require separate analysis. For example, on the one hand, the University requires undergraduate students to live in approved housing. Housing regulations have developed naturally from that requirement and the University's obligation to provide equal opportunity can be clearly defined. On the other hand, we do not require students to affiliate with student organizations. We have definite responsibilities here too, but the best means of fulfilling them is not necessarily the same or as readily determined.

It should also be noted that both proposals involve racial discrimination only. Yet, the University is opposed, in philosophy and practice, to other forms of discrimination as well, including those based on creed or religion and national origin.

Of the two proposals, I believe that clear action with respect to commercial housing can be taken at this time and I offer comment and a recommendation in the section immediately following. The proposal as to fraternities and sororities is more complex and by implication involves all student organizations and other bases of social discrimination than race. I should like to deal with that subject in a later section. In each case the conclusions offered take into account a careful study of both questions and my consultation with appropriate officers of the University.

Commercially-Operated Rooming Houses

The housing of students for many years has been viewed as a matter in which the University has a responsibility. For example, as early as 1940, standards were established to insure that facilities met University standards as to "health, safety, comfort, moral surroundings, study conditions, social facilities, and reasonableness of charge."

Under present regulations all single undergraduate students must live in housing approved by the University as being in accord with its standards.

As revised March 16, 1960, Section IX of the Code of Fair Educational Practice reads as follows:

The University administration encourages nondiscriminatory practices in commercially-operated rooming houses. However, health, safety, and moral standards are recognized as the basic criteria for approved housing.

The University administration encourages those who serve the general student body to treat all students alike, regardless of race, creed, or national origin.

The University will approve no new privately-operated student rooming house unless the owner agrees to make its facilities available to all students without discrimination with respect to race or religion. When ownership of presently approved housing changes, University approval will be continued only if the new owner agrees to make its facilities available to all students without discrimination with respect to race or religion. These provisions do not apply to a house which is the private home of the owner and in which no more than three rooms are rented.

The first two paragraphs quoted above represent the version of September 15, 1958. The third paragraph was added on March 16, 1960. The 1960 action was approved as a practical step toward attaining greater compliance with the University's stated objective, without applying a new standard retroactively to house owners who entered the housing business before that standard was stated as a condition of University approval. The move was also thought to be an additional encouragement to voluntary compliance.

The Urbana-Champaign Senate Committee on Student Affairs now proposes that "University approval be denied to all non-University operated rooming houses which have not endorsed a nondiscriminatory policy (as to race) by September of 1963." The Committee also proposes that in the meantime the University make further efforts to encourage voluntary conformity to the policy of nondiscrimination.

The Office of Off-Campus Housing has supplied data which reflect the changes in voluntary compliance during the most recent rental periods. In terms of housing units, in March, 1960, 8 per cent (a total of twenty) stated that they were non-discriminatory, while 25 per cent (sixty-four houses) had submitted such statements by January 30, 1962.

¹ Meeting of February 16, 1940, *Transactions of the Board of Trustees*, pages 753-754.

The picture in terms of the total numbers of student living spaces is more significant. Whereas only 26 per cent of the total spaces was available on a non-discriminatory basis in March, 1960 (848 spaces), the percentage has increased to 49 per cent at the present time (1,862 spaces). Percentagewise, the greatest gain was made in houses for women, although the total number of spaces available for women is relatively small as compared with the total for men.

The gains reflected in these comparative figures lend some support to the University's position that encouragement of voluntary compliance will reduce discrimination (combined with the policy of nonapproval of new houses or houses that change ownership if discrimination is practiced). However, a total of 194 housing units with some 1,932 student spaces (the latter representing 51 per cent of such spaces available for undergraduates) is still operated on a presumed discriminatory basis. While continuing progress toward compliance with University policy may be anticipated, it is now obvious that many years would elapse before nondiscrimination would voluntarily be accepted completely as the practice.

Thus, I believe that the time has arrived when the University should specify a date within which owners or operators of commercially-operated rooming houses will be expected to meet the standards which the University applies to its own housing and I recommend that the Code of Fair Educational Practice be amended so that University approval will be denied to such houses which have not, by September 1, 1965, indicated that their facilities are available to all students, without regard to race, creed, or national origin.

You will note that the recommendation is broader than that offered by the Committee on Student Affairs, applying as it does not only to race but to creed and national origin as well. The broader scope is in accord with our general University philosophy and responsibility and is consistent with past actions and positions on this subject (cf. Appendix B).

The exception to the requirement recommended should be, I believe, the one applied in March, 1960, to houses which are the private homes of the owners and in which no more than three rooms are rented. This exception would not result in a material loss of student living spaces. There are sixty-three such homes with a total capacity of 157 student spaces, a capacity which represents 4 per cent of the total spaces. We will, of course, continue to seek voluntary compliance with University policies from among these owners.

Although the Senate Committee proposed September, 1963, as an effective date for the application of the new standard, I believe that September, 1965, is a fair deadline. It allows three years for rooming house operators or owners to adjust or make other arrangements for their property. It also allows the University time to build additional housing units if needed to offset any withdrawal of housing as a result of the action here described.

I suggest that your action on the recommendation before you be the adoption of the following statement of policy, which may then be implemented through appropriate amendments to the regulations governing approval of housing for students:

Statement of Policy

The Board of Trustees of the University of Illinois reaffirms its position that discriminatory practices based on considerations of race, creed, or national origin affect the general welfare of its students and are detrimental to a proper educational environment. So far as may be practicable and consistent with its paramount obligation to provide appropriate facilities for higher education of qualified students, the Board will discourage, limit, or seek to eliminate student involvement in such discriminatory practices. The Board now deems it appropriate to particularize this policy further as it relates to the housing of students at the Urbana-Champaign campus. It is therefore determined that:

From and after September 1, 1965, single undergraduate students will not be permitted to reside in commercially-operated rooming houses in which the occupants are selected on the basis of race, creed, or national origin. There may be excepted from the foregoing a residence in any facility which is the private home of the landlord and in which no more than three rooms are rented.

On motion of Mr. Dilliard, the statement was amended by the addition of the following sentence: "It is to be hoped that full compliance will be achieved on a voluntary basis long before the 1965 date."

On motion of Mr. Johnston, this statement of policy, as amended, was adopted; and the recommendation of the President with respect to further consideration of policies affecting student organizations, as presented below, was approved.

Student Organizations

The Code of Fair Educational Practice, a codification issued in 1958, reads as follows:

The problem of restrictive clauses in the constitution and by-laws of student social organizations is primarily a student problem and therefore should be solved by the students concerned. However, the University encourages student organizations to eliminate qualifications based on race, creed, or national origin.

The University may make the information which it gathers in connection with the registration of students available to authorized representatives of student organizations. It does not supply information concerning the race, creed, or national origin of students for the specific purpose of membership selection by student social organizations.

Later, the Interfraternity Council and Panhellenic groups voted not to admit any new organizations with discriminatory restrictions, and the Code on Student Affairs (as distinguished from the Code on Fair Educational Practice) was amended on October 1, 1959, to include the following statement:

No new student organization which has a clause restricting membership on the basis of race, religion, or national origin, shall be granted University recognition.

In the meantime, fraternities and sororities were advised that the University would expect periodic reports on their progress in eliminating discriminatory clauses or policies and were alerted to the depth of the University's concern about the matter.

At the time of the adoption of the Code of Fair Educational Practice in 1958, there were four fraternal organizations on the Urbana campus governed by restrictive clauses or acknowledged policies in national constitutions with regard to race. Three of the four have since changed their constitutions at national conventions either to eliminate the discriminatory clause or to provide waivers of the application of the clause where conditions warrant such waivers for individual chapters. Hence, at present there is but one organization about which we are in doubt in this matter. This is indicative of substantial accomplishment and it would seem unfortunate now to invoke a terminal ultimatum for one organization; indeed, I feel that we can expect full compliance without waiting overly long.

However, the proposal of the Senate Committee on Student Affairs would require a statement of affirmation from each fraternity and sorority that membership selection is based on criteria other than that of race. This is a proposal which would not reflect consistency or fairness in University policies: the restriction is limited to fraternal organizations, making no mention of the numerous other student associations; and the restriction is limited to race.

As noted earlier, the Code on Student Affairs now precludes recognition of any *new* organization which restricts membership on the basis of race, religion, or national origin. The question, then, is essentially — shall *existing* student organizations be required to eliminate all similar qualifications for membership?

A brief review of existing student organizations will suggest the dimensions of the problem: There are at the University a variety of established religious associations for students which require a specific church affiliation for membership. There are student houses, halls, and cooperatives with religious ties. There are student groups created by various nationality groups which require a specific national origin for full membership privileges. Finally, fraternities and sororities may require religious commitment in their rituals; occasionally religious symbols and other affirmations are involved in fraternal activity.

This organizational pattern represents the development of groups with mutual interests over many years. Where there are requirements of the type I have mentioned, many have been stated with no intent to discriminate unfairly but in

the natural manner of a group with common interests stating its membership qualifications in terms of the cultural and educational purposes and interests of the organization, be they Lutheran, Catholic, African, Jewish, Indian, etc.

While I believe fully in the general intent of the Senate Committee to work against discriminatory practice wherever it is found, and have approved administratively the implementation of the educational steps suggested to gain voluntary compliance with University objectives by all student organizations, the present proposal is inadequate and unsound.

I believe, however, the University has the duty to make a comprehensive effort to clarify the purposes of existing student organizations as distinguished from membership requirements. The provisions of the Student Code insure that we shall not compound the problem by establishing new organizations without study of their charters on this point at the time of establishment. To some extent, then, a study of purposes has been going on by this means. We have found that organizations frequently are able and willing to hold to their basic purposes, yet welcome association with students who are interested in those purposes but who are not members of the specific religion or national group involved.

What is needed now is a period of study of voluntary association to develop a University-wide pattern and a guidance program, fair to all and consistent with the spirit of the University's philosophy of nondiscrimination.

Therefore, because I am unwilling to deal with the question of racial discrimination alone; and because I do not have before me a plan capable of applying a consistent and equitable enforcement of regulations pertaining to race, creed, or national origin in all student organizations—I am asking the Senate Committee on Student Affairs to give further consideration to this subject.

DAVID D. HENRY

Appendix A. Recommendations of the Committee on Student Affairs' Sub-Committee on Housing Discrimination

As a result of its study on racial discrimination, the Committee on Student Affairs recommends that:

SECTION I. OFF-CAMPUS HOUSING

1. A letter be sent to operators and/or owners of non-University owned residence halls and rooming houses to encourage their voluntary operation on a policy of nondiscrimination toward race. This letter would:
 - a. List by name the houses which have signed the nondiscriminatory pledge;
 - b. Include a statement that racial integration has met with student approval and has not affected the successful operation of these houses;
 - c. Commend those house operators following a nondiscriminatory policy;
 - d. Encourage house operators who have held back in fear of financial loss to integrate their houses.
2. Students be encouraged to take the responsibility of educating the house directors, owners, and students so that voluntary action will follow.
3. University approval be denied to all non-University-operated rooming houses which have not endorsed a nondiscriminatory policy by September of 1963.

SECTION II. THE GREEK SYSTEM

4. The Greek system be encouraged to:
 - a. Discuss fraternity and sorority responsibilities regarding the discrimination problem;
 - b. Work to create an atmosphere conducive to inter-group relations;
 - c. Observe criteria for selection of members solely on the basis of individual worth and without regard to racial distinction.
5. The University:
 - a. Issue a definite statement declaring its opposition to all national and local policies of discrimination based on race;
 - b. Notify all local, national, and alumni groups of this statement.
6. The Committee recommends that all the above measures be adopted regarding race by September 1, 1965; and that the University withdraw recognition from any chapter that has not endorsed a policy of nondiscrimination. This would be interpreted as a statement duly signed in good faith by local chapter members affirming membership selection based on criteria other than racial distinction.

Appendix B. The University of Illinois and Discrimination: Actions and Policies

Over a period of years the University has sought to sustain its abiding commitment to nondiscriminatory practices which involve its students.

This commitment was reaffirmed in 1946 when the Board of Trustees confirmed the University's obligation "to provide facilities for higher education for all qualified young people who may choose these facilities rather than the facilities of other colleges and universities." At the same time, the Trustees stated, the University "will expect to expand the use of its present facilities and of any new facilities it may secure by the addition of University-owned and operated housing to which its own standards of health and of social and moral conduct can be applied." Further, in the statement of 1946 the Trustees directed the officers of the University to "continue a policy of long standing which will favor and strengthen those attitudes and social philosophies which are necessary to create a community atmosphere in which race prejudice cannot thrive."¹

Implementation of the commitment noted has been carried out in a number of ways.

Commercially-Operated Rooming Houses

For a long time the University has depended upon a large measure of commercially-operated housing for students. In 1939 an Office of Housing was established and in 1940 the Board of Trustees adopted policies and procedures by which facilities might be inspected and approved and set up standards which approved housing would be required to meet. The standards covered such areas of concern as "health, safety, comfort, moral surroundings, study conditions, social facilities, and reasonableness of charge."² In recent years all single undergraduate students have been required to live in approved housing.

In August, 1955, the director of housing, in a letter to the operators of rooming houses, reiterated the University's policy of encouraging all who serve students in the Champaign-Urbana community to do so without discrimination. He also wrote: "In the University residence halls and temporary housing units, assignments (of rooms) are made without regard to race, religion, or nationality. We urge that you follow the same policy in assigning your facilities."

On October 6 of the same year, the President of the University reviewed the situation and expressed regret that the policy of approving housing had been interpreted by some persons as an endorsement of the discriminatory policies of some of the operators. He reaffirmed the University's intention to make clear that it "deplores any discrimination on the part of operators . . . and will encourage landlords and businesses to follow University standards and practices. . . ."

As noted earlier, on September 15, 1958, the University issued a Code of Fair Educational Practice which represented in general a codification of existing practice. The Code guaranteed the traditional freedom from discrimination at the University, stipulating its application in admissions, student aid, classroom and curricula, college employment, campus housing and boarding, health facilities, physical education and recreation. The Code also served to identify areas in which the extension of the University position on discrimination was affected by the attitudes of those outside the institution, for example: in the employment of University graduates; clauses in the constitutions of social organizations (as noted above); and in the availability of off-campus housing. In each of these areas the Code contained a statement in which the agencies and individuals concerned were urged to comply with the University's policy of nondiscrimination.

In succeeding years the encouragement of nondiscrimination in off-campus housing was continued by University housing officials and approved and reviewed by the Provost. In December, 1958, the new Code was interpreted for the operators, and each was asked to sign a pledge not to discriminate as to "race, color, religious preference, or national origin." Each was informed that the University lists of housing facilities would carry notations as to which operators

¹ Meeting of September 24, 1946, *Transactions of the Board of Trustees*, page 54.

² Meeting of February 16, 1940, *Transactions of the Board of Trustees*, pages 753-754.

As an example of University action concerning faculty housing, on June 28, 1961, the University Council approved a procedure of raising the two-year ceiling generally imposed on the rental of University housing by members of the faculty. This was done to accommodate faculty members who experienced difficulty in securing housing in the community because of racial attitudes.

had agreed to sign. By the spring of 1959 approximately 20 per cent of the off-campus housing spaces were pledged to be available on a nondiscriminatory basis.

Late in 1959 further study of the Code was undertaken, with a view to its possible revision to insure more general compliance with University practices. Proposed revisions were submitted to and approved by the Legal Counsel who pointed out that if the proposed regulations resulted in the dissipation of off-campus housing to the extent that qualified students could not find housing, the University's obligation to admit and educate students would take precedence over its commitment to nondiscrimination.

Accordingly, on March 18, 1960, a revision of the Code was approved by which newly established commercial rooming houses would not receive University approval unless their owners agreed not to discriminate. When ownership of presently approved housing changed, the new owners would be required to accept a nondiscriminatory policy or face nonapproval. Excepted from these regulations were houses which were the dwellings of their owners and which provided no more than three rooms for rent.

Since the spring of 1960 the University has continued to seek compliance. As of January 30, 1962, an over-all percentage of 49 per cent of off-campus space was available on a nondiscriminatory basis (71 per cent of the space for women; 44 per cent for men). Further, student groups have been interested in working with student leaders in the houses to seek additional pledges of nondiscrimination by means of persuasion and education.

Student Organizations

The existence of racially restrictive membership clauses in the organic laws or avowed policies of student organizations, social organizations in particular, has been the subject of national debate for many years. At the University of Illinois, in the Code of Fair Educational Practice issued in 1958, the problem was seen as "primarily a student problem" which therefore "should be solved by the students themselves." However, the Code noted, "the University encourages student organizations to eliminate qualifications based on race, creed, or national origin." The Code also stipulated that, although the University would supply information gathered at student registration to student organizations, it would not supply "information concerning the race, creed, or national origin of students for the specific purpose of membership selection by student social organizations." Moreover, representatives of such organizations were informed that periodic reports on their progress in the elimination of discriminatory clauses or policies would be expected by the University.

On October 1, 1959, following discussion and approval by the Student Senate, the Urbana-Champaign Senate Committee on Student Affairs, and fraternity and sorority groups, the Dean of Students issued a supplement to the Code of Undergraduate Student Affairs. The supplement stated, "No new student organization which has a clause restricting membership on the basis of race, religion, or national origin, shall be granted University recognition." The supplementary provision was applied during the 1959-60 academic year to the establishment of two new organizations of foreign students, organized on the basis of national origin.

LITIGATION TO CONSTRUE PROVISIONS OF ILLINOIS PURCHASING ACT

(43) At the request of the President, Mr. James J. Costello, Legal Counsel, submitted a report, on behalf of Mr. Ralph F. Lesemann, Special Counsel, on the case instituted in the Circuit Court of Champaign County by a number of heating and plumbing contractors, doing business in Champaign County, against the University for the purpose of securing a declaratory judgment construing the provisions of the Illinois Purchasing Act of 1957.

Prior to enactment of this law, the state of Illinois and its agencies, including the University, had an option to let construction, remodeling, renovation, repair, and other work upon their buildings out on contract or to purchase the equipment and materials needed for the work and have the latter performed by their own employees. Also, the State, the University, and other state agencies, if they saw fit to let such work out to contractors, were not required by law to award contracts upon a competitive bidding basis; nevertheless the University, as a matter

of institutional policy, awarded contracts on a competitive basis, when the cost of any job exceeded \$2,500.

The suit instituted challenged the right of the University to undertake any construction or remodeling, repair or other work using its own staff involving any expenditures of state funds which exceeds the cost estimate of \$1,500. The Illinois Purchasing Act provides that any *purchase* of any commodity or article, the cost of which exceeds \$1,500, shall be on the basis of competitive bids.

Judge Charles E. Keller of the Circuit Court of Champaign County, in a decision announced on February 19, 1962, ruled that it is not the intention and purpose of the General Assembly in enacting the Illinois Purchasing Act to deprive the University or any other state agency of the right and privilege it had prior to the enactment of that legislation to perform construction, renovation, repair, remodeling, etc. work with its own employees if it has funds appropriated to it in an appropriation "For personal services" which will enable it to do this. He further ruled that the Act should be construed in other respects in accordance with the University's contentions and contrary to those of the plaintiffs. In short, the decision announced by him on February 19 upheld all the University's contentions and rejected all those advanced by the plaintiffs which we did not concede.

A formal judgment order has been entered. If the case is appealed, the University's Legal Counsel and Special Counsel will vigorously oppose it.

A more detailed report has been filed with the Secretary of the Board.

This report was received for record.

EXECUTIVE SESSION

On motion of Mr. Clement, an Executive Session was ordered for consideration of a property acquisition.

**ACQUISITION OF PROPERTY AT 1009 WEST GREEN STREET,
URBANA**

(1) The Board of Trustees on November 28, 1961, approved the design of the Illinois Street Residence Halls for single students, to be constructed in the area between Green Street and Illinois Street, Urbana, east of the present Student Staff Apartments. Construction is scheduled to start in the fall of 1962 with occupancy in the fall of 1964.

In order to assure that the site is available to meet the time schedule, representatives of the University have been negotiating for the purchase of the property at 1009 West Green Street, Urbana, which is the only remaining parcel not owned by the University in the area required for construction of the halls, with the understanding that this property must be made available by not later than July 1, 1962.

The property consists of a lot 90 feet by 267 feet, with a three-story and basement frame house, formerly a fraternity house and subsequently converted into an apartment house with eight apartments. There is also a garage on the premises. Appraisals range from \$66,380 to \$75,000.

The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of this property at a price of \$68,000 and have made the owner a tentative offer to buy subject to approval of the Board of Trustees. They further recommend that if the University's offer is not accepted by March 2, 1962, the Board authorize the institution of condemnation proceedings for the acquisition of the property.

On motion of Mr. Pogue, the purchase of this property, at the price recommended, was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Hr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Kerner, Mr. Wilkins.

Resolution

Be It, and It Is Hereby Resolved, Found, and Declared by this Board of Trustees of The Board of Trustees of the University of Illinois, a body corporate and politic and a public corporation of the State of Illinois, that the following-described real estate situated in the County of Champaign, in the State of Illinois, to-wit:

The West Half (W $\frac{1}{2}$) of the West Three-fifths (W $\frac{3}{5}$) of Lot Two (2) in Block Three (3) in Burpee, Curtiss and Somers' Addition of Out Lots to the City of Urbana, except the West Five (5) feet thereof and except the South One Hundred Ninety-nine and Sixty-four Hundredths (199.64) feet thereof, situated in the City of Urbana, County of Champaign, and State of Illinois:

is needed by the University of Illinois, an educational institution established and supported by the State of Illinois, for a site for residence halls buildings for single undergraduate students and for related educational purposes conducted and to be conducted by said University of Illinois and for the further expansion of the educational facilities of said University of Illinois and to enable said University of Illinois to discharge its duty to the people of said State and for public use; that funds have been appropriated by the General Assembly of the State of Illinois for the purchase of said land for said educational purposes; that this Board of Trustees has negotiated with the owner of said land through her duly authorized representatives for the purchase of said land at a price which this Board of Trustees considers fair and reasonable and which it finds constitutes the present market value of said land, but that said owner has refused to sell and convey said land, or any portion thereof, to said The Board of Trustees of the University of Illinois for such price and continues to refuse to sell and convey the same to it except for a consideration and price which this Board of Trustees deems unreasonable and excessive and is, therefore, unwilling and has refused to pay; and

Be It, and It Is Hereby Further Resolved, Found, and Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that the compensation to be paid by it for said land cannot be agreed upon between this Board of Trustees and the owner of said property and she and it are unable to agree upon the purchase price to be paid to said owner for the sale and conveyance of said land by said owner thereof to said The Board of Trustees of the University of Illinois; and

Therefore, Be It, and It Is Hereby Further Resolved, Found, and Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that because of said need of the University of Illinois for said land for the purposes hereinabove set forth and because the compensation to be paid to the owner thereof for such land cannot be agreed upon between her and this Board of Trustees, it is necessary for The Board of Trustees of the University of Illinois to take said land and acquire title thereto through the exercise by it of the right of eminent domain conferred upon it by law and to have the compensation to be paid by it to the owner thereof and any and all other persons who may have any

right, title or interest in and to said land determined in the manner provided by law for the exercise of said right and power of eminent domain; and

Be It, and It Is Hereby Further Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois that the necessary and appropriate action be taken for the acquisition of title to said property by said The Board of Trustees of the University of Illinois and to have the compensation to be paid therefor determined by the institution and prosecution to completion of a proceeding in eminent domain in a court of competent jurisdiction and that the Legal Counsel of the University be, and he is hereby, authorized to proceed accordingly, to institute and prosecute an eminent domain proceeding in the name and on behalf of The Board of Trustees of the University of Illinois for the acquisition of said land and the determination of the compensation to be paid by it therefore, and to employ such special legal counsel, appraisers, and others as he may deem necessary or desirable to assist him in the institution and prosecution of said proceeding.

On motion of Mr. Pogue, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Kerner, Mr. Wilkins.

On motion of Mr. Clement, the Board adjourned.

AMENDMENT OF UNIVERSITY OF ILLINOIS STATUTES

(6) On recommendation of the Senate Coordinating Council, the three Senates have approved an amendment of Section 7 of the University of Illinois Statutes by adding to paragraph (a) thereof the following:

If a quorum can not be obtained, the elected representatives of a Senate, by majority approval, may designate not more than one alternate from their own Senate for that meeting only.

I concur.

On motion of Mrs. Watkins, this amendment was adopted.

NAME OF PLANT SCIENCES BUILDING

(7) I recommend that the new Plant Sciences Building be named Jonathan Baldwin Turner Hall in memory of the man who conceived the idea of a state university for Illinois and who helped to set a pattern for the organization of public higher education in the United States.

A native of Massachusetts and graduate of Yale University, Turner came to Illinois in 1833 to join the faculty of Illinois College at Jacksonville where he taught English and classical subjects. Although a classical scholar, he urged a "distinctly American system of education" that would provide higher education for the children of the working classes.

Turner was also a pioneer horticulturist and experimented with many varieties of fruit trees, shade trees, shrubs, and flowers. His contributions included experimenting with and promoting the use of Osage orange as a fence for prairie farms.

It is especially fitting that a major building at the University of Illinois memorialize Jonathan Baldwin Turner who had such a vital part in the development of the Land-Grant college system and that the action be taken in this centennial year of the Land-Grant Act.

This recommendation is submitted with the support of the College of Agriculture and the Executive Committee of the University Council. The Committee on Buildings and Grounds has also been consulted and concurs.

On motion of Mr. Hughes, this recommendation was approved.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(8) The Committee on Nonrecurring Appropriations recommends the following appropriations and assignments of funds:

From the General Reserve

Department of Chemistry and Chemical Engineering, equipment.....	\$ 18 441
Department of Physics, equipment for new building.....	25 000
General University Publications, to provide funds for printing of 1962-63 University catalogs which will be issued during the current fiscal year—a change in publication time schedule; and to meet current deficit in general publications.....	49 600
Research and Educational Hospitals, equipment.....	35 000
Vice-President at the Medical Center, minor remodeling and equipment projects to be assigned by the Vice-President for the University of Illinois at the Medical Center.....	10 000
<i>Total, General Reserve.....</i>	<i>\$138 041</i>

From State Capital Appropriations

Physical Plant

Remodeling in Noyes Laboratory for Chemistry.....	\$ 17 195
Remodeling in Natural History Building.....	4 184
<i>Total, State Capital Appropriations.....</i>	<i>\$ 21 379</i>
<i>Grand Total</i>	<i>\$159 420</i>

I concur.

On motion of Mr. Swain, these appropriations were made, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

TELEPHONE SERVICE ON MEDICAL CENTER CAMPUS AND ASSIGNMENT OF FUNDS

(9) The Illinois Bell Telephone Company has recommended a Centrex system (direct-in-dialing) which would serve not only the University of Illinois at the Medical Center but also at Congress Circle. The Centrex system would function so that each campus would have its own service which would, however, permit the two campuses to dial each other directly. Consideration at this time is necessary because otherwise further installation of additional instruments at the Medical Center will have to be curtailed by September, 1962, due to the lack of switching equipment and it is not practical to expand the present Private Branch Exchange which would require more space than is now available. The Centrex system uses fewer operators than the present PBX system, resulting in a saving when the number of instruments in service approximates 1,400. At present there are approximately 1,200 instruments at the Medical Center; the number will probably approach 1,400 by the fall of 1963, and certainly in 1964 when the Medical Sciences Addition is occupied.

The Centrex system requires approximately one-half of the space required for PBX equipment and no additional space would be required for the Congress Circle campus. Whereas PBX service for the two campuses would require approximately 3,340 gross square feet of floor space, Centrex will require only 835 gross square feet, thus resulting in a savings in capital costs of approximately \$75,000. There would be further savings at Congress Circle since Centrex does not require a cabling cost between buildings which for a PBX would be approximately \$75,000, or a total capital savings of about \$150,000. Moreover, Centrex service is estimated to reduce costs per telephone instrument each month by more than forty cents when the Congress Circle campus is in operation.

The Director of the Physical Plant and the Vice-President and Comptroller

recommend authorization of the installation on the Medical Center campus of a Centrex service, designed also to serve the Congress Circle campus, at a cost not to exceed \$14,000. Approval of this recommendation will commit the University to subsidizing the telephone service on the Medical Center campus for approximately one and one-half years, or until the number of telephone instruments in use totals 1,400, at an annual cost estimated not to exceed \$8,000. This temporary increased operating cost should be compared with the ultimate capital savings of \$150,000 resulting from the installation of the new system.

Funds are available in the University's General Reserve.

The Vice-Presidents for the two Chicago campuses join in this recommendation.

I concur.

On motion of Mr. Hughes, this agreement was authorized, and an assignment of \$14,000 was made from the General Reserve for the installation costs; this action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACTS FOR CONSTRUCTION OF PHYSICAL PLANT SERVICE BUILDING

(10) The Board of Trustees has awarded contracts for the construction of the Physical Plant Service Building with the exception of contracts for plumbing and for heating and air conditioning. The Healy Plumbing and Heating Company, St. Paul, Minnesota, lowest bidder on both phases of the work, had reported an error in its bid on the plumbing work, and on February 20 formally asked permission to withdraw its bid. This information was reported to the Board of Trustees at its meeting on February 21, 1962, before the contracts were to be awarded, and on recommendation of the Director of the Physical Plant action on both the plumbing and the heating and air-conditioning contracts was deferred.

The Company's request has been duly considered, and the original estimating sheets and plans used by the firm in preparing its bid proposal have been examined by the Legal Counsel's Office. That office has advised that the error was the result of misinterpretation of the bid documents and that the circumstances justify permitting withdrawal of the bid in return of the bid deposit, subject to reimbursement of the University for the expense of investigating the claim. The Director of the Physical Plant and the Vice-President and Comptroller recommend that the bid deposit be refunded less the expenses incurred by the University, amounting to \$225.60. The Company has agreed to this payment; and has indicated that it will accept the contract for the heating and air conditioning work on the basis of its lowest bid, which was not involved in the other claim.

The Director of the Physical Plant and the Vice-President and Comptroller now recommend awards of the following contracts:

Plumbing—Reliable Plumbing and Heating Company, Champaign.....	\$137 780
Base Bid	\$128 750
Additive Alternates	9 030
Heating and Air Conditioning—Healy Plumbing and Heating Company, St. Paul, Minnesota.....	\$119 218
Base Bid	\$116 650
Additive Alternate	2 568

The Board of Trustees, on February 21, 1962, authorized the assignment to the general contractor of the contracts for all the other divisions of the work, except for the contract for plumbing work and the contract for heating and air-conditioning work. It now is further recommended that an assignment agreement be entered into with Kuhne-Simmons Company, Inc., the general contractor, providing for the assignment of the contract for plumbing work and the contract for heating and air-conditioning work to that firm and that the amount of Alternate 1A in the sum of \$15,000, which was the amount bid by that firm for a service charge for supervision of other contractors assigned to the general contractor, be increased \$1,160 to cover the additional supervisory charge for the increased contract sum for the plumbing work and for alternate bids which

were accepted for electrical and mechanical work. The original amount of Alternate 1A (\$15,000) plus the increase (\$1,160) will cover the general contractor's supervisory charge for assignment of the contracts for all divisions of the work.

Submitted herewith are schedules of all bids received, a copy of which has been filed with the Secretary of the Board for Record.

Funds are available in the state capital appropriations for 1961-63 from the Universities Building Fund.

I concur in these recommendations.

On motion of Mr. Johnston, these contracts were authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACT FOR INSTALLATION OF ELEVATORS IN BURNSIDES RESEARCH LABORATORY

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$21,400 to the Fairhall Elevator and Machine Company, Danville, the lowest bidder, for the installation of elevators in the Burnsides Research Laboratory.

At the time other contracts for the construction of the Burnsides Research Laboratory were awarded, only one bid on the elevator installation had been received and it was rejected and new bids have been taken.

Funds are available in the construction budget for the project.

I concur.

On motion of Mr. Hughes, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACTS FOR ADDITIONS TO THE ABBOTT POWER PLANT

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of the following contracts for work related to the construction of the addition to the Abbott Power Plant:

Relocation of existing 250 KW Diesel generator (Division "9-E") —	
Superior Construction Company, Inc., Gary, Indiana.....	\$26 398
Electrical work for relocation of 250 KW Diesel generator (Division	
"9-F") — Square Deal Electrical Contracting, Inc., Urbana.....	4 155

Funds are available in the state capital appropriations for 1961-63 from the Universities Building Fund.

I concur.

On motion of Mr. Swain, these contracts were authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACTS FOR REMODELING AND IMPROVEMENTS AT MEDICAL CENTER CAMPUS

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of the following contracts, the award in each case being to the lowest bidder:

Dentistry-Medicine-Pharmacy Building, First Unit, Remodeling Room 521	
— Simpson Construction Company, Chicago.....	\$3 713
This space, vacated by the Animal Hospital when it was moved into the Medical Research Laboratory, is being remodeled to provide laboratory facilities for the Department of Anatomy. The work will consist of installation of laboratory furniture and utilities. Funds are available in United States Public Health Service Grant RG 4728 C5.	

Medical Research Laboratory, Replacement of Floor Covering in Four Rooms — Redlin, Inc., Schiller Park, Illinois..... 2 538
 Radioactive materials are used in these rooms and it is necessary to replace the present floor covering to prevent radioactive contamination of the concrete floor beneath which would make these areas unusable after a period of exposure. Funds are available in the Physical Plant Department budget.

I concur.

On motion of Mrs. Watkins, these contracts were authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

EMPLOYMENT OF ARCHITECTS AND ENGINEERS

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of employment of architects and engineers for the following assignments and on the terms indicated:

Rehabilitation Center — Ganster and Hennighausen, Waukegan, on the basis of a fee of $5\frac{1}{4}$ per cent of the construction contract costs, this firm to assume the costs and responsibility for office supervision and the Physical Plant Department to assume responsibility for supervision of construction.

Veterinary Medicine Research Annex Alterations and Addition — Brown, Manthei, Davis, and Mullins, Champaign, Consulting Engineers, for complete mechanical and electrical engineering services in the design of the alterations and addition to this building, on the cost-plus contract basis: \$7.50 per hour rate for services of members of the firm for time actually spent by them on the project, plus salaries and wages of other engineering and office personnel at the regular hourly wage rates paid by the firm for their work on the basis of time actually put into the work; plus an allowance of 100 per cent to be added to the cost of the foregoing services for overhead expenses of the firm and its commission.

Orchard Downs Housing Addition — Lundeen and Hilfinger, Bloomington, on the basis of:

For site work (excluding buildings) — $5\frac{1}{4}$ per cent of the construction costs

For the buildings (including the necessary changes on the units to be duplicated) — $2\frac{3}{4}$ per cent of the construction costs.

Office supervision of the project will be the responsibility of Lundeen and Hilfinger and construction supervision will be by the Physical Plant Department. The project will be financed through a revenue bond issue; pending sale of bonds, the funds will be advanced from Housing Division funds for the architectural fees.

Acoustic Consulting Services for Congress Circle Campus — Bolt, Beranek, and Newman, Inc., Downers Grove, on an hourly basis according to the following schedule or rate: Senior Consultants, \$25.00 or \$35.00; Consultants, \$16.00 or \$20.00; Staff Assistants, \$9.00 or \$12.50.

Direct expenses such as travel, long distance calls, electrical equipment use charges, and printing charges will be billed in addition to the above charge.

These firms have been recommended for the specific assignments by the Advisory Committee on Selection of Architects and Engineers. The Committee on Buildings and Grounds has also been consulted and has recommended approval.

I concur in these recommendations.

On motion of Mr. Hughes, these recommendations were approved.

CONTRACTS FOR MINOR BUILDING ALTERATIONS AND REPAIRS

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of cost-plus contracts with the following contractors for minor building alterations, repairs, and construction work for the period April 1, 1962, through June 30, 1963:

General — C. A. Petry and Sons, Inc., Champaign

Painting — C. A. Petry and Sons, Inc., Champaign

Electrical—Potter Electric Service, Inc., Urbana
Plumbing—Thomas Plumbing and Heating Company, Urbana
Heating, Piping, Refrigeration, and Automatic Temperature Control Systems
Work—David W. Reichard Plumbing and Heating Company, Urbana
Ventilating and Distribution Systems for Conditioned Air Work—Reliable
Plumbing and Heating Company, Champaign

These contracts are for work which does not justify the cost of preparing separate drawings and specifications and of separate bidding procedures on each project. The several contractors bid on percentages to be added to actual material, labor, and subcontract costs, depending in many cases on the size of the particular division of work with specified limits of four ranges, plus hourly rates for trucking.

Work will be done as ordered by the Physical Plant Department and will be paid for on the basis of the actual cost of each job plus contractors' fees. A schedule of bids taken showing the percentages to be added for work to be executed under these cost-plus contracts is submitted herewith, and a copy of the schedule is being filed with the Secretary of the Board for record as the basis for the contract awards recommended. No assignment of funds is requested and each job will be covered by a contract change order charged against funds allocated for the project.

It is further recommended that the Vice-President and Comptroller be authorized to approve orders under these contracts up to \$25,000 on each project provided that any orders exceeding this amount shall be submitted to the Board of Trustees for approval in advance, in accordance with previous practice and authorization.

I concur.

On motion of Mr. Johnston, these contracts were authorized, as recommended.

Application for this grant had previously been authorized by the Board.

On motion of Mrs. Watkins, acceptance of this grant was authorized.

Mr. Dilliard moved that the Board of Trustees send a letter to the Chairman of the appropriate Congressional Committee urging that the percentage of indirect costs now paid for grants received from the Department of Health, Education, and Welfare be increased; and that copies of this letter be sent to the Illinois delegation in Congress. This motion was unanimously adopted.

The Vice-President and Comptroller recommends the contract be awarded to H. R. Bresee and Company, Champaign, as agent for the American Casualty Company, Reading, Pennsylvania, the lowest bidder, at the following monthly rates for the four optional amounts of insurance.

ACQUISITION OF PROPERTY AT 1305 WEST STOUGHTON STREET, URBANA

(21) The property at 1305 West Stoughton Street, Urbana, is in the University's long-range development plan announced in 1958, and acquisition of this property is included in the University's program for 1961-63 to provide a site for the construction of an addition to the Digital Computer Laboratory. Funds are now available for the building construction and architectural studies have been started.

The property was purchased in September, 1961, by Mr. Samuel H. Young, Chicago. The Buildings and Grounds Committee authorized negotiations with the owner to purchase the property within appraised values, with the understanding that if the property can not be purchased through negotiations, condemnation proceedings be instituted for its acquisition.

Negotiations have been continued with the owner of the property, but he is unwilling to sell for a price within the appraised values. Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend adoption of the following resolution authorizing condemnation proceedings.

Resolution

Be It, and It Is Hereby Resolved, Found, and Declared by this Board of Trustees of The Board of Trustees of the University of Illinois, a body corporate and politic and a public corporation of the State of Illinois, that the following-described real estate situated in the County of Champaign, in the State of Illinois, to-wit:

Therefore, Be It, and It Is Hereby Further Resolved, Found, and Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that because of said need of the University of Illinois for said land for the purposes hereinabove set forth and because the compensation to be paid to the owner thereof for such land can not be agreed upon between him and this Board of Trustees, it is necessary for The Board of Trustees of the University of Illinois to take said land and acquire title thereto through the exercise by it of the right of eminent domain conferred upon it by law and to have the compensation to be paid by it to the owner thereof and any and all other persons who may have any right, title, or interest in and to said land determined in the manner provided by law for the exercise of said right and power of eminent domain; and

Be It, and It Is Hereby Further Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois that the necessary and appropriate action be taken for the acquisition of title to said property by said The Board of Trustees of the University of Illinois and to have the compensation to be paid therefor determined by the institution and prosecution to completion of a proceeding in eminent domain in a court of competent jurisdiction and that the Legal Counsel of the University be, and he is hereby, authorized to proceed accordingly, to institute and prosecute an eminent domain proceeding in the name and on behalf of The Board of Trustees of the University of Illinois for the acquisition of said land and the determination of the compensation to be paid by it therefor, and to employ such special legal counsel, appraisers, and others as he may deem necessary or desirable to assist him in the institution and prosecution of said proceeding.

On motion of Mr. Pogue, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

HEADSHIP OF DEPARTMENT OF MECHANICAL AND INDUSTRIAL ENGINEERING

(23) The Dean of the College of Engineering recommends the appointment of Dr. Helmut H. Korst as Professor of Mechanical Engineering on indefinite tenure and Head of the Department of Mechanical and Industrial Engineering beginning September 1, 1962, at an annual salary of \$18,000 on "A" basis.

The appointment is recommended by a search committee¹ and has the concurrence of the Executive Vice-President and Provost and the Dean of the Graduate College, and is to fill the vacancy created by the appointment of Professor Norman A. Parker as Vice-President for the Chicago Undergraduate Division. In submitting the recommendation, the Dean has made the following supporting statement: "Professor Korst is a scholar of international eminence. In my travels both in the United States and abroad, his name is frequently mentioned as one of our most able faculty members. Not only is he an outstanding scholar, but he also has proven himself to be an able teacher, interested in the students in the department as individuals, and a counselor who is highly respected by his fellow faculty members."

The Dean also recommends the appointment of Professor S. Konzo as Professor of Mechanical Engineering on indefinite tenure and as Associate Head of the Department of Mechanical and Industrial Engineering beginning September 1, 1962, the salary of this position to be determined when the budget for 1962-63 is submitted for approval. Professor Konzo has been serving as Acting Head of the Department since January 1, 1961.

The Chairman, and the other four members of the search committee, excluding Professor Konzo, strongly support the latter's appointment as Associate Head, stating that in their opinion he and Professor Korst will be an effective team.

I concur in these recommendations.

On motion of Mrs. Watkins, these appointments were approved.

 REVENUE BOND
 SERIES 1962

No. \$.....

The Board of Trustees of the University of Illinois, a body corporate, created and existing under the laws of the State of Illinois, for value received promises to pay (but only out of the Assembly Hall Revenue Bond Fund as hereinafter provided for, and not otherwise) to, or registered assigns, on October 1, 1985, the principal sum of Dollars (\$.....) and to pay interest thereon (which shall be paid by check or draft mailed to the registered owner at his address as it appears on the bond registration books of the University), at the rate of four per cent (4%) per annum on the unpaid balance thereof, said interest being payable October 1, 1962, and semi-annually thereafter on the first days of April and October in each year from the date hereof until the principal amount hereof has been fully paid.

Both principal hereof and interest hereon are made payable in any coin or currency which on the respective dates of payment of such principal and interest is legal tender for the payment of debts due the United States of America, at the Sears Bank and Trust Company, or its successor, in the City of Chicago, Illinois.

This bond is one of an initial authorized issue of Six Hundred Thousand Dollars (\$600,000) principal amount of Assembly Hall Revenue Bonds, Series

1962, issued and to be issued pursuant to a Bond Resolution of The Board of Trustees of the University of Illinois duly adopted June 23, 1959 as supplemented by a First Supplemental Resolution duly adopted March 17, 1962 (said Bond Resolution as so supplemented being herein referred to as the "Resolution"), for the purpose of providing funds for paying the cost of constructing and equipping an Assembly Hall and making certain improvements, additions, and modifications thereto as set forth in the Resolution. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto in the manner and upon the terms and conditions more fully set forth therein.

The bonds of this series are redeemable prior to their maturity at the option of The Board of Trustees, either in whole or in part, on any interest payment date on and after, but not prior to October 1, 1971, at the principal amount thereof, together with the interest accrued thereon to the date fixed for redemption plus a premium of the following percentages of such principal amount if redeemed during the following periods respectively:

<i>Period of Redemption</i>	<i>Applicable Premium</i>
October 1, 1971 through October 1, 1974.....	4%
April 1, 1975 through October 1, 1977.....	3%
April 1, 1978 through October 1, 1980.....	2%
April 1, 1981 through October 1, 1983.....	1%
April 1, 1984 and thereafter without premium.	

The bonds of this series are also redeemable prior to their maturity on any interest payment date on and after, but not prior to October 1, 1966 or the date of redemption of all of the Series 1959 Bonds heretofore issued under the Resolution, whichever shall last occur, through the operation of the Bond Retirement Account, together with interest accrued thereon to the date fixed for redemption but without premium.

The bonds shall also be redeemable through the operation of the Fixed Sinking Fund provided for in Article Two of the First Supplemental Resolution, in which case such redemption shall be upon payment of the principal amount of the bonds to be redeemed or portion of such principal amount to be redeemed and accrued interest thereon to the date fixed for redemption and without premium. All redemptions shall be made in the manner, upon the notice, and with the effect provided in the Resolution.

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper published and of general circulation in the City of Chicago, Illinois, unless all bonds at the time outstanding shall be in fully registered form in which case such notice may be given only by registered or certified mail, and when this bond or any of the bonds of such authorized issue (or any portion thereof) shall have been duly called for redemption, interest thereon (or on such portion called for redemption) shall cease from and after the specified redemption date if redemption moneys are available for payment of all bonds (or the portions thereof) called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1961, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Assembly Hall Revenue Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue, bonds heretofore issued pursuant to the Resolution and additional bonds which may hereafter be issued pursuant to the Resolution, (2) the operation of any other revenue producing facilities which may subsequently be pledged pursuant to any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution and (3) University income authorized by law to be retained in the University treasury (in addition to the student service charges made for the use of the facilities), but not in excess of \$200,000 annually

plus such additional sums as may be specified in any resolution supplemental to the Resolution creating or authorizing the issuance of additional bonds. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

Subject to the provisions for registration and transfer contained herein and in the Resolution, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and shall be transferable by the registered owner at the principal office of the Comptroller of the University, upon surrender and cancellation of this bond and thereupon a new registered bond without coupons of the same principal amount, interest rate, and maturity will be issued to the transferee as provided in the Resolution and upon payment of charges and otherwise as therein prescribed. The Board of Trustees of the University of Illinois, the Trustee and any other person may treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment and for all other purposes and shall not be affected by any notice to the contrary whether this bond be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. The coupon bonds and the registered bonds without coupons are interchangeable on certain conditions only for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the office of the Comptroller of the University and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66 $\frac{2}{3}$ %) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest, or redemption premiums at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder, or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons, or (iv) reduce the percentage of principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time rules, rents, charges, and student fees for the use of said facilities and to maintain and collect rents and charges and to withhold student fees, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in

due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signatures of its President and two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and this bond to be dated as of the 1st day of, 19.....

ARTICLE TWO

FIXED SINKING FUND FOR SERIES 1962 BONDS

SECTION 2.1. The University covenants that so long as any of the Series 1962 Bonds shall remain outstanding it will pay or cause to be paid out of funds in the Fixed Sinking Fund Account as and for a sinking fund to be used for the retirement of the Series 1962 Bonds, the sum of \$200,000 in cash on October 1 of each of the years 1983 and 1984 (October 1 of each of said years being hereinafter referred to as "sinking fund payment dates").

SECTION 2.2. All amounts so paid as and for the sinking fund shall be applied

to the redemption of outstanding Series 1962 Bonds in the manner and upon the terms and conditions specified in Article Three of the Original Resolution at a redemption price equal to the principal amount of the Series 1962 Bonds so redeemed, plus accrued interest thereon to the date of redemption and without premium. The University covenants that it will publish and/or mail notices as required by said Article Three not less than thirty (30) days prior to each sinking fund payment date so that the Series 1962 Bonds to be redeemed through the operation of said sinking fund will be redeemed on each of said sinking fund payment dates.

SECTION 2.3. It is the intention hereof that the sinking fund payments made under Section 2.1 shall be applied to the redemption of the Series 1962 Bonds in principal amount equal to such payments and that no part of such payment shall be used for the payment of interest or any expenses of such redemption. Accordingly the University covenants to pay from the Interest Account or the Interest Reserve Account simultaneously with or prior to each sinking fund payment a further sum equal to the unpaid interest to the designated redemption date on the Series 1962 Bonds to be redeemed and all expenses of redemption of the Bonds through the sinking fund shall be paid by the University from the Assembly Hall Revenue Bond Fund and shall not be charged against the moneys in the Fixed Sinking Fund Account.

ARTICLE THREE

MISCELLANEOUS

SECTION 3.1. *Application of Funds in the Bond Retirement Account.* Anything in the Original Resolution to the contrary notwithstanding, so long as any Series 1959 Bonds shall be outstanding, no funds on deposit in the Bond Retirement Fund shall be applied to the redemption of outstanding Series 1962 Bonds. However, from and after the redemption of all Series 1959 Bonds the University shall apply all funds on deposit in the Bond Retirement Fund to the redemption of outstanding Series 1962 Bonds and all Bonds of any other series then outstanding pursuant to the Resolution in the manner and upon the terms and conditions specified in Article Three of the Original Resolution at a redemption price equal to the principal amount of the Bonds so redeemed plus accrued interest thereon to the date of redemption but, in the case of the Series 1962 Bonds, without premium.

SECTION 3.2. *Interpretation and Construction.* This First Supplemental Resolution is supplemental to and is adopted in accordance with Sections 2.06, 4.02, and 11.05 of the Original Resolution and the holders of all of the outstanding Series 1959 Bonds have, pursuant to Section 11.04 of the Original Resolution, executed consents to the issuance of the Series 1962 Bonds without compliance with the provisions of Section 4.02 B (ii) of the Original Resolution. In all respects not inconsistent with this First Supplemental Resolution, the Original Resolution is hereby ratified, approved, and confirmed, and all of the definitions, terms, covenants, and restrictions of the Original Resolution shall be applicable to the additional Bonds authorized by this First Supplemental Resolution and the proceeds thereof except as otherwise expressly provided. All of the terms and provisions of this First Supplemental Resolution shall be deemed to be a part of the terms and provisions of the Original Resolution, and the Original Resolution and this First Supplemental Resolution shall be read, taken, and construed as one and the same instrument. In executing any Bond authorized by this First Supplemental Resolution each officer, agent, or employee of the University shall be entitled to all of the privileges and immunities afforded to them under the terms of the Original Resolution.

RESOLUTION ON ASSEMBLY HALL BONDS PURCHASE AGREEMENTS

Mr. Swain offered the following resolution and moved its adoption:

Resolved by The Board of Trustees of the University of Illinois (hereinafter called the "University") as follows:

WHEREAS, the University has heretofore determined that it is necessary to borrow money and issue and sell its revenue bonds in order to produce the funds necessary to make certain improvements, additions, and modifications in the construction and equipping of the Assembly Hall, and the officers of the University have negotiated separate Bond Purchase Agreements (hereinafter sometimes called "Purchase Agreements") with Allstate Insurance Company and State Farm Mutual Automobile Insurance Company (said Insurance Companies being hereinafter sometimes referred to as "Purchasers"), providing for the sale to said Purchasers of \$600,000 aggregate principal amount of Assembly Hall Revenue Bonds, Series 1962 (hereinafter called "Bonds") of the University to be issued under and entitled to the benefit of the provisions and having the characteristics specified in the First Supplemental Bond Resolution applicable thereto, heretofore adopted by this Board of Trustees this date, and

WHEREAS, there are before this meeting copies of the form of Purchase Agreement to be entered into between the University and each of said Purchasers relative to the issue and sale by the University and the purchase by said Purchasers of the \$600,000 aggregate principal amount of said Bonds, and

WHEREAS, it appears to this Board of Trustees and the several members thereof that it would be desirable and for the best interests of the University to execute and deliver Purchase Agreements with said Purchasers substantially in the form now before this meeting and hereby approved, and to issue and sell the said Bonds in the aggregate principal amount of \$600,000;

Now, Therefore, Be It and It Is Hereby Resolved that the Comptroller of the University be and he is hereby authorized, empowered, and directed for and in the name on behalf of the University to execute and deliver separate Agreements with said Purchasers substantially in the form of the Purchase Agreements now before this meeting, with such changes therein as shall be approved by said Comptroller at the time of executing the same, providing for the issuance and sale to said Purchasers of \$600,000 aggregate principal amount of the Bonds at a price of 101.425687 per cent of the principal amount thereof, plus accrued interest thereon from the date of said Bonds to the date of delivery thereof, or such other price as shall be determined on the date of delivery of said Bonds to provide a yield of 3.90 per cent in accordance with standard financial practice, and the execution and delivery of such Purchase Agreements by the Comptroller of the University shall constitute conclusive evidence of his approval of any departure therein from the form of Purchase Agreement now before this meeting and hereby approved.

Resolved Further, that the proper officers of the University shall be and they are hereby authorized and directed to cause to be prepared an issue of \$600,000 principal amount of the said Bonds having the characteristics, including sinking fund and redemption provisions, specified therefor in the Bond Resolution applicable thereto, heretofore adopted, and forthwith upon the execution and

delivery of the said Purchase Agreements the proper officers of the University shall be and they are hereby authorized, empowered, and directed, for and in the name and under the corporate seal of the University to execute the said Bonds in the aggregate principal amount of \$600,000, and in such denominations as may be requested by the Purchasers thereof, and thereafter to sell and deliver the said \$600,000 aggregate principal amount of the Bonds to the Purchasers at a price of 101.425687 per cent of the principal amount thereof plus accrued interest thereon from the date of the said Bonds to the date of delivery thereof, or such other price as shall be determined on the date of delivery of said Bonds to provide a yield of 3.90 per cent in accordance with standard financial practice, and otherwise in accordance with the terms and provisions of the said Purchase Agreements to be entered into between the University and the Purchasers.

Resolved Further, that the proper officers of the University shall be and they are hereby authorized, empowered, and directed to do all such acts and things and to execute and deliver all such documents as may be necessary or by them deemed desirable in order to carry out the purpose and intent of these resolutions, and all of the acts and doings of the officers of the University which are consistent with the purpose and intent of these resolutions shall be and the same are hereby in all respects ratified, approved, and confirmed.

The foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

ADDITION TO CONTRACT FOR CONSTRUCTION OF ASSEMBLY HALL

(24) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$96,115.84 in the contract with Felmley-Dickerson Company for construction of the Assembly Hall to provide for improved access to the service entrance.

I concur.

On motion of Mr. Johnston, this change in contract was authorized.

REPORT OF COMMITTEE ON GENERAL POLICY AND FINANCE COMMITTEE ON REQUEST OF URBANA COMMUNITY SCHOOLS

Mr. Johnston and Mr. Swain submitted the following report:

Since 1950, the University has been making payments to local governments in Champaign County and elsewhere in the state of Illinois for municipal and other governmental services, sometimes referred to as payments "in lieu of taxes," on certain University housing properties rented to members of the faculty and to others (excluding, however, residence halls occupied by students), and on other properties which are operated solely on a revenue-producing basis and are not used as facilities for University educational and research programs. Such payments are authorized by state law enacted in 1949 and are wholly permissive, not mandatory. The law provides that the University may enter into an agreement with the State's Attorney of any county in which such properties are located for payments by the University to local governments on properties not used for educational purposes or for student housing, these payments in effect amounting to the taxes which would be levied if the properties were on the tax rolls.

The Board of Education of the Urbana Community Schools has requested that the Board of Trustees of the University of Illinois consider increasing the rate of payment being made on such University properties not on local property tax rolls to reflect any increase that may have been experienced in property values generally. The request was referred by the Board to its Committees on Finance and General Policy. The Committees have studied the request and now submit the following joint report. It deals solely with University properties in the city of Urbana.

Under the general practice described, the University has made payments "in lieu of taxes" for the years 1950 to 1960. For all properties other than the Student-Staff Apartments, the payments have been based upon the assessed valuation as determined by the local assessor in accordance with local practices,

and the University has made payment for services rendered in the same amounts as would have been payable as taxes if these properties were not exempt from taxation. The assessed valuations have been changed from time to time.

The assessed valuation for the first unit of the Student-Staff Apartments and the second unit of the Student-Staff Apartments has remained constant at \$425,000 and \$287,500, respectively. This is in accordance with an agreement with the State's Attorney's office and the local tax officials. In 1954 and later years the assessed valuation reflects only that portion of the valuation of the building which represents occupancy by full-time members of the staff. This, too, is in accordance with an agreement with the State's Attorney's office and reflects the University's policy of not paying "in lieu of taxes" on properties used for housing students.

The Finance Committee and the Committee on General Policy submit this report for adoption by the Board as a reply to the request from the Board of Education of the Urbana Community Schools. Any request for modification of this agreement should originate in the State's Attorney's office and the University would certainly be willing to reconsider the agreement as to the assessed valuation of the property, if a case can be made for modification. It should be pointed out, however, that modification of the appraised value will not have a substantial effect on total payments "in lieu of taxes," since the University paid only 14.15 per cent of the assessed valuation of the Student-Staff Apartment Building, First Unit, and 13.684 per cent of the assessed valuation of the Student-Staff Apartment Building, Second Unit, based on the occupancy by full-time staff members as of January 1, 1960; and it may be anticipated that this percentage would decrease in the future.

It should also be noted that the school district is entitled to receive from the Superintendent of Public Instruction the tuition costs for all students originating in facilities owned by the University or any other state agency, upon which payments "in lieu of taxes" are not otherwise made. Until recently, there was an insufficient number of students in this category to justify the Urbana school district billing the Superintendent of Public Instruction. To the extent that children are coming from housing facilities owned and operated by the University, and on which payments in lieu of taxes are not made, the local school district is entitled to receive funds over and above those amounts paid by the University in lieu of taxes.

The Board of Trustees of the
University of Illinois

On motion of Mr. Swain, this report was adopted and the Secretary was instructed to send a copy to the President of the Board of Education of the Urbana Community Schools as the formal reply of the Board of Trustees to the School Board's request.

TRUSTEE EMERITUS AWARD

Mrs. Watkins submitted the following recommendation and moved its adoption:

In accordance with the general idea which I have informally discussed with the Trustees, I recommend that the Board of Trustees of the University of Illinois establish a "Trustee Emeritus Award" according to the following plan:

The award shall be conferred upon any Trustee who has retired from the Board after having served a full term, and who wishes to accept such a designation. With the approval of the Board of Trustees in individual cases, this award may also be conferred upon a former Trustee who has not served a full term.

Each Trustee Emeritus will receive a certificate which will state the period of his service on the Board.

Each retiring Trustee shall also be presented with a suitable identification card stating that he is entitled to all privileges and courtesies customarily

extended to active Trustees of the University. (This will include admissions to University functions upon due notice and application for the same.)

The Trustee Emeritus Award will be presented at occasions which will be determined to suit the convenience of the recipients and the active members of the Board.

It is recommended that the foregoing plan be adopted for the future. With respect to the Trustee Emeritus Award to all former Trustees, a special recognition event would be desirable. Former Trustees living in the state of Illinois are ex-officio members of the University of Illinois Citizens Committee. The next biennial meeting of the Committee will be held at Urbana on May 23. President Henry has stated that the program for this meeting will feature recognition of the Centennial of the Land-Grant Act of 1862 and a discussion of the role of a Trustee in a State University. Thus this year's meeting of the Citizens Committee will provide a suitable occasion for giving appropriate recognition to former Trustees and the conferring of the Trustee Emeritus Award on those who wish to accept it.

The Trustees Emeritus Award plan, as recommended, was adopted without dissent.

On motion of Mrs. Watkins, the proposal to confer the award to the Trustees on May 23 was also approved.

- FRITZ, THOMAS E., Instructor in Veterinary Pathology and Hygiene (College of Veterinary Medicine) and in Veterinary Research (Agricultural Experiment Station) — leave of absence, without pay, from February 1 through July 31, 1962, for services to the State Department of Agriculture, in its Diagnostic Laboratory.
- HUFFNAGLE, MRS. MADELINE A., Research Assistant in Zoology — leave of absence, without pay, from January 29 through April 30, 1962.
- PLANTY, EARL G., Professor of Management — leave of absence, without pay, during the second semester of 1962-63, so that he may serve as a Distinguished Visiting Professor at the University of Southern California during the period.
- SWAGO, ANDREW W., Associate Professor of Electrical Engineering — extension of leave of absence, without pay, for one year from September 1, 1962, so that he may continue as Assistant Program Director for Engineering Sciences for the National Science Foundation.

CANCELLATION OF SABBATICAL LEAVE OF ABSENCE

- BOURGIN, DAVID G., Professor of Mathematics — cancellation of sabbatical leave of absence, on one-half pay, for the second semester of the current academic year.

I concur.

On motion of Mr. Johnston, this appointment was approved.

BUREAU OF COMMUNITY PLANNING

(6) The Bureau of Community Planning was established as a department within the College of Fine and Applied Arts in 1934 and operated as a separate department until 1954 when it was placed under the administration of the Department of City Planning and Landscape Architecture. The Dean of the College of Fine and Applied Arts recommends that the Bureau again be made a separate administrative unit, or department, of the College.

The Dean also recommends that Professor Joseph Heikoff of the Department of City Planning and Landscape Architecture and presently Assistant Director of the Bureau of Community Planning within the Department of City Planning and Landscape Architecture, be appointed Director of the Bureau. The salary of this position will be determined when the budget for 1962-63 is submitted to the Board for approval.

I concur in these recommendations, to become effective September 1, 1962.

On motion of Mr. Swain, these recommendations were approved.

On motion of Mr. Harewood, the President's action was confirmed.

**ADMISSION OF STUDENTS TO THE CURRICULUM
IN TEACHER EDUCATION**

(8) The Chicago Undergraduate Division Senate has approved a recommendation from its Committee on Educational Policy that a student with sixty or more semester hours who wishes to enter a teacher education curriculum must have a minimum all-University grade-point average of 3.5. Students whose averages are below 3.5, but not less than 3.3, may be admitted on probation upon approval of a petition addressed to the dean of the appropriate college, Chicago Undergraduate Division, if the student is petitioning for admission to a teacher education curriculum on the Chicago campus.

The Senate Coordinating Council indicates that these requirements have been cleared with the faculty officers concerned at Urbana-Champaign. Formal action by the Board is not required, but this is being reported for official record.

This report was received for record.

CURRICULUM IN MINING ENGINEERING

(9) The Urbana-Champaign Senate has approved a recommendation from the College of Engineering for revisions in the curriculum in mining engineering. Submitted herewith is a supporting memorandum, giving the details of this pro-

gram, and a copy is being filed with the Secretary of the Board for record. The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I concur. This is not a new program, involves no new units of instruction, and therefore is not subject to approval by the Board of Higher Education.

On motion of Mrs. Watkins, this recommendation was approved.

CURRICULUM IN AVIATION ELECTRONICS

(10) The Urbana-Champaign Senate has approved a proposal from the Institute of Aviation for an aviation electronics curriculum designed for technical education and training leading to a certificate of completion in electronic technology and an advanced FCC Radio-Telephone license. A supporting memorandum giving the details of this program is submitted herewith and a copy is being filed with the Secretary of the Board for record. The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I recommend approval, subject to further action by the Board of Higher Education.

On motion of Mr. Swain, this recommendation was approved.

CURRICULUM IN GENETICS

(11) The Urbana-Champaign Senate recommends adoption of a new graduate program in genetics, proposed by the School of Life Sciences and the Graduate College, leading to the degree of Doctor of Philosophy. A supporting memorandum giving the details of this program, including the requirements for admission and for the degree, is submitted herewith and a copy is being filed with the Secretary of the Board for record. The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I recommend approval, subject to further action by the Board of Higher Education.

On motion of Mr. Hughes, this recommendation was approved.

DEGREE PROGRAMS IN COMPARATIVE LITERATURE

(12) The Urbana-Champaign Senate has approved proposals from the College of Liberal Arts and Sciences and the Graduate College for degree programs in comparative literature leading to the degrees of Master of Arts and Doctor of Philosophy, designed to make possible a systematic study of subjects and problems common to several literatures, and to enable students who have greater than average linguistic competence and preparation to explore the interrelations of several modern literatures; the main currents, periods, and movements in modern European literary history; and the theory of literature and criticism.

A supporting memorandum giving the details of this program, including the requirements for admission and for the degree, is submitted herewith and a copy is being filed with the Secretary of the Board for record. The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I concur, subject to further action by the Board of Higher Education.

On motion of Mr. Harewood, these recommendations were approved.

DISCONTINUANCE OF ASSOCIATE IN ARTS CERTIFICATE

(13) The Urbana-Champaign Senate has approved a recommendation from the College of Liberal Arts and Sciences and its Division of General Studies that the certificate of Associate in Arts now available, upon application, to students who have successfully completed sixty hours of academic work be discontinued because of lack of interest.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved. I recommend approval.

On motion of Mr. Swain, this recommendation was approved.

ORGANIZATION OF CENTER FOR ZOONOSIS RESEARCH

(14) The Dean of the College of Veterinary Medicine recommends amendment of the plan of organization for the Center for Zoonoses Research, approved by the Board (meeting of April 20, 1960, minutes, p. 1259), as follows:

Add to (c): "The senior staff members shall constitute the Council of the Center for Zoonoses Research. The Council shall meet at least once annually, and at such other times as is deemed desirable for the consideration of matters related to the program of the Center."

Change (d) to read: "The Executive Committee of the Center shall be composed of the Director, the Associate Director, and three senior staff members. The three senior staff members shall be elected at the annual meeting of the Council and shall, in so far as possible, represent the different disciplines involved. Following the first such election, terms of one, two, and three years shall be determined by lot, and thereafter one member shall be elected annually for a three-year term. The Director shall serve as Chairman of the Executive Committee. The Executive Committee shall advise the Director on the administration of his office, including the formulation of plans and the preparation of the budget."

Eliminate the following sentence from the second paragraph following (d): "These will then constitute the Executive Committee."

Add this new provision at the end: "Changes in internal organization and functioning of the Center for Zoonoses Research may be made in the same manner as by-laws are altered or adopted, and such changes need not hereafter be presented to the Board of Trustees for its approval."

The purpose of these changes is (a) to create a Council, and (b) to make the Executive Committee of the Center a more wieldy organization.

I concur.

On motion of Mr. Hughes, these amendments were approved.

CONTRACT FOR PUBLICATION OF HIGH SCHOOL TEXTBOOKS IN MATHEMATICS

(15) Under the auspices of the University of Illinois Committee on School Mathematics, Professors Max Beberman of the College of Education and Herbert E. Vaughan of the Department of Mathematics have developed a new curriculum and a series of experimental textbooks in high school mathematics that have been widely acclaimed. This program was initiated in 1951 in University High School. Since 1956 it has been supported mainly by generous grants from the Carnegie Corporation of New York, which have made it possible for the University to publish the books and have them used experimentally in selected high schools in many parts of the country.

These textbooks have been published and distributed by the University Press in various forms. In accordance with the regulations of the Board of Trustees, they have been copyrighted by the University of Illinois. There are eleven units in the series, comprising four courses corresponding to the four high school years. A special teachers' edition for each course has also been prepared, copyrighted, and distributed.

In the light of the experience gained from the use of the trial version of the books, Professors Beberman and Vaughan wish to revise them substantially and to have them published by a commercial publisher. Such an edition is desirable for several reasons: (a) substantial improvements in the organization and presentation of material is indicated; (b) the present edition is both bulky and lacking in durability; (c) the facilities of the commercial publisher are much better suited than those of the University Press to the production and distribution of this type of publication in commercial quantities.

Professors Beberman and Vaughan have proposed that a contract be negotiated with D. C. Heath and Company for the publication of the textbooks, under the following main conditions:

1. Professors Beberman and Vaughan would accomplish the thorough revision of the textbooks that would be necessary entirely on their own time and without additional compensation from or cost to the University of Illinois. They would be assisted in their task by a full-time editor to be provided by D. C. Heath and Company.
2. The authors would be granted the right to revise the present experimental textbooks for which the University holds the copyright, and they would hold the copyright on the revised edition. Prior to the actual publication of the new edition, however, the University Press would be allowed to continue to stock and distribute copies of the experimental edition to the extent that con-

tinuing demand exists. Upon publication of the first of the four courses, D. C. Heath would purchase all copies of the experimental edition on hand from the University at cost and thereafter the University Press would cease its distribution.

3. D. C. Heath and Company would pay a royalty of 15 per cent on gross sales of the new textbooks, to be distributed as follows: *5 per cent each* to the University of Illinois, to Professor Beberman, and to Professor Vaughan. The University would share in the royalties from the sale of the revised textbooks during the life of the first edition or for a period of five years from the first publication, whichever may be the longer period; thereafter the author's royalty would be reduced to 10 per cent and divided equally between Professors Beberman and Vaughan. The University and Professors Beberman and Vaughan would also share equally in royalties from any plate rental and licensing agreements.
4. Professors Beberman and Vaughan would continue their curricular studies at the University under a new program which would involve a comprehensive series of textbooks beginning with the seventh grade and extending through the twelfth grade. Their work on this new program for the University would not be affected by the contract with D. C. Heath and Company, except that the material incorporated into the proposed new experimental textbooks would not violate the copyright on the revised version of the present program. If new experimental textbooks or other teaching materials were produced under the new program, D. C. Heath and Company would not have publication rights in them.

The Executive Vice-President and Provost and the Vice-President and Comptroller have reviewed the proposed contract with D. C. Heath and Company and recommend that the Trustees authorize formal negotiations along the general outlines just stated. The proposed contract has also been reviewed by the Legal Counsel.

I concur, with the understanding that the legal aspects of the final version of the contract would be subject to the approval of the Legal Counsel.

On motion of Mr. Williamson, this recommendation was approved, and authority was given as requested.

MATERIALS RESEARCH LABORATORY

(16) A Materials Research Laboratory at the University of Illinois to be financed by agencies of the federal government has been under consideration. Negotiations now in progress, if fully approved, would make available to the University funds to finance the construction of such a building and its research programs.

Proposed Budget for Building, Operating, and Equipping A Materials Research Laboratory at the University of Illinois With Funds to Be Provided by the Agencies Indicated

	Advanced Research Projects Agency		Atomic Energy Commission	
	<i>Operating Costs (including building equipment)</i>		<i>Operating Costs (including building equipment)</i>	
	<i>Building</i>		<i>Building</i>	
First Year.....	\$	142 392	\$1 300 000	
Second Year.....		563 133	1 500 000	
Third Year.....	1 332 062		1 600 000	
Fourth Year.....	1 412 948	\$400 000	1 800 000	\$100 000
Anticipated Annual Payments to the University for Nine Additional Years.....	1 512 780	400 000	1 550 930	100 000

These figures, particularly for operations, are necessarily only estimates at this time and will be subject to change as the programs develop.

The agencies involved have indicated their intent to contract over a ten-year period to meet the costs of the building construction, with the result that the University would receive a total of \$5,000,000 for this purpose. It is intended to negotiate contracts providing operating funds and moveable equipment to be housed in facilities presently available for three years during the period of construction and thereafter in the new building. Although it is not legally possible for the agencies involved to enter into binding contracts for the entire ten-year period, they have indicated their intent to provide all the required funds and to contract as far in advance as possible so that by the seventh year after completion of the building, the required sum will be fully committed. Accordingly, the University plans to borrow or to acquire otherwise funds to construct and equip the building, and will repay the loan from the amounts under the contracts or from other funds available to it if the contracts are discontinued. The University will furnish the site and utility connections. Interest on outstanding indebtedness will be paid by the University from funds available to it from other sources, chiefly contract operations, than state appropriations. It is intended that the University will receive outright title to the building upon the completion of the debt repayment program.

The science of materials is basic for large areas of engineering technology. Progress in electrical, chemical, metallurgical, and ceramics industries is dependent to a great degree upon the basic research that leads to the improvement of materials essential to these industries. Certain aspects of research in materials in the University can be combined with the systematic education of graduate students to carry on the advancement and dissemination of knowledge in this field. The University of Illinois is one of the principal academic centers in the United States devoted to research and education in the science of materials. A feature of the proposed new program will be its interdisciplinary nature drawing initially from five departments: Ceramic Engineering; Chemistry and Chemical Engineering; Electrical Engineering; Mining, Metallurgy, and Petroleum Engineering; and Physics. The University has distinguished faculties in these departments and the proposed laboratory will enable them to collaborate their work on problems in a manner that is not feasible at present. The additional space provided by this facility will permit an approximate doubling of research on the basic properties of materials at the University and of the numbers of scientists that it can train through graduate education in this field. The results of the research and the men trained to carry on research will be available to the industrial and government laboratories of Illinois and of the nation, thus advancing industrial progress and promoting national welfare.

Authorization is hereby requested from the Board of Higher Education of Illinois to contract with the Advanced Research Projects Agency and the Atomic Energy Commission, or with other agencies of the United States Government, according to the plan substantially described herein, for the construction and operation of this facility.

The Committee on Buildings and Grounds concurs in the recommendation for approval of the proposed plan for the construction of the building and its use for contract research sponsored by the federal government, and the submission of this plan to the Board of Higher Education for approval.

On motion of Mr. Pogue, this project was approved, as recommended, and negotiations were authorized, subject to final approval by the Illinois Board of Higher Education. This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

The Housing and Home Finance Agency has funds available which can be advanced for planning public works such as the Materials Research Laboratory. The advance bears no interest and is repayable out of the construction funds for a given project. If the project does not go forward, there is no obligation to repay the planning money. It is therefore further recommended that application be made to the Housing and Home Finance Agency for planning money for the Materials Research Laboratory and that the following resolution be adopted.

Resolution

Authorizing filing of application with the United States of America for an advance to provide for the planning of public works under the terms of Public Law 560, Eighty-third Congress of the United States, as amended.

WHEREAS, The Board of Trustees of the University of Illinois (herein called the "Applicant") after thorough consideration of the various aspects of the problem and study of available data has hereby determined that the construction of certain public works, generally described as a Materials Research Laboratory, is desirable and in the public interest and to that end it is necessary that action preliminary to the construction of said works be taken immediately; and

WHEREAS, under the terms of Public Law 560, Eighty-third Congress, as amended, the United States of America has authorized the making of advances to public bodies to aid in financing the cost of engineering and architectural surveys, designs, plans, working drawings, specifications or other action preliminary to and in preparation for the construction of public works; and

WHEREAS, the applicant has examined and duly considered such act and the applicant considers it to be in the public interest and to its benefit to file an application under said act and to authorize other action in connection therewith;

Now, Therefore, Be It Resolved by The Board of Trustees of the University of Illinois, the governing body of said applicant, as follows:

1. That the construction of said public works is essential to and is to the best interests of the applicant, and to the end that such public works may be provided as promptly as practicable it is desirable that action preliminary to the construction thereof be undertaken immediately;
2. That H. O. Farber be hereby authorized to file in behalf of the applicant an application (in form required by the United States and in conformity with said act) for an advance to be made by the United States to the applicant to aid in defraying the cost of plan preparation for the above described public works, which shall consist generally of preliminary studies, including site surveys and test borings, and final working drawings and specifications for construction of the Materials Research Laboratory, including utility extensions and site development work;
3. That if such advance be made, the applicant shall provide or make necessary arrangements to provide such funds, in addition to the advance, as may be required to defray the cost of the plan preparation of such public works;
4. The said H. O. Farber is hereby authorized to furnish such information and take such action as may be necessary to enable the applicant to qualify for the advance;
5. That the officer designated in the preceding paragraph is hereby designated as the authorized representative of the applicant for the purpose of furnishing to the United States such information, data, and documents pertaining to the application for an advance as may be required; and otherwise to act as the authorized representative of the applicant in connection with this application.
6. That certified copies of this resolution be included as part of the application for an advance to be submitted to the United States.

On motion of Mr. Pogue, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACT WITH AGENCY FOR INTERNATIONAL DEVELOPMENT FOR UNIVERSITY OF ILLINOIS — FACULTY OF MEDICINE, CHIENGMAI HOSPITAL PROJECT

(17) The College of Medicine has been requested to consider ways and means of lending assistance to and cooperation with a newly established medical school in Chiengmai, Thailand. This medical school, a part of the University of Medical Sciences of Thailand, is the Faculty of Medicine, Chiengmai Hospital.

A survey team consisting of Dean Granville A. Bennett and Professors James C. Plagge and Norman B. Roberg visited the medical schools of Thailand during the summer of 1961 under a contract between the University of Illinois

and the State Department, International Cooperation Administration (now the Agency for International Development).

On the basis of the survey team's findings the faculty of the College of Medicine recommended that negotiations be undertaken to develop a long-term contract to implement a program under which the contractor (the University of Illinois) "will provide assistance to the University of Medical Sciences, which is a part of the Office of the Prime Minister, in the establishment and development of the Faculty of Medicine, Chiangmai Hospital, located in Chiangmai, Northern Thailand."

To assist in the development of the Faculty of Medicine, Chiangmai Hospital, the contractor will be expected to provide a field staff composed of specialists in medical education and related fields and administrative support as may be required.

It is contemplated that the home campus staff for the project will consist of a Coordinator, 60 per cent time, an Assistant Coordinator, 20 per cent time, and a Secretary (Stenographic). The overseas staff for the first year should consist of eight persons, of whom three would form the administrative personnel. It would be expected that the field staff for the second contract year would be increased to thirteen and that this level of staffing would continue into the third year of the program.

Preliminary negotiations indicate that the total funds to be provided by the Agency for International Development would amount approximately to \$852,000 for a two-year period, with approximately \$330,000 committed to the first contract year.

An advisory committee¹ has been appointed. Doctor James C. Plagge has been appointed Acting Coordinator.

The Dean of the College of Medicine and the Vice-President at the Medical Center request approval to proceed with the development of the specifications of the contract.

I concur, and recommend further that authorization of this service and execution of the contract be requested of the Board of Higher Education.

On motion of Mr. Swain, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

MENTAL HEALTH CLINIC SITE

(18) University officials have been negotiating with the Department of Mental Health regarding a site for a Mental Health Clinic on the Urbana-Champaign campus. The Clinic will provide for treatment, training, and research on the mental health problems of children who are mentally retarded and/or emotionally disturbed. It will consist of facilities for both residential and day-care children. The site will also provide for University activities of clinical research and training in this field for certain University departments such as Psychology and Speech.

Following studies of alternate sites, the University now proposes, and the Department of Mental Health concurs, that a site owned by the University and located north of the proposed Shapland Road and west of First Street extended, consisting of approximately thirty-five acres, be assigned for the development of a Mental Health Clinic. The proposed site consists of approximately five acres of land fronting on First Street, now used as a part of the Agricultural Experiment Station Swine Farm, and the east thirty acres of the fifty-one acres of land purchased in December, 1960, from Fred V. Percival. The site will not include privately-owned land at the northwest corner of the proposed Shapland Road and First Street intersection, extending approximately 1,320 feet north of the proposed Shapland Road and 420 feet west of First Street.

Lepper, Professor of Preventive Medicine and Head of the Department; Dr. Richard J. Winzler, Professor of Biological Chemistry and Head of the Department; Dr. J. S. Begando, Vice-President for the University of Illinois at the Medical Center, ex officio; and Mr. James E. Osborn, Business Manager, Chicago Colleges, ex officio.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of an agreement with the Department of Mental Health of Illinois for improvement of the above-mentioned site as a Mental Health Clinic, which agreement may provide that, to the extent permitted by law, the University will convey to the state of Illinois such part or all of said site as is necessary for its proper development as such Clinic.

A formal resolution will be presented at a subsequent meeting in the event a transfer of University property is required.

I concur.

On motion of Mr. Pogue, this recommendation was approved.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(19) The Committee on Nonrecurring Appropriations recommends the following appropriations and assignments of funds from the General Reserve:

Architecture:	
Equipment.....	18 104
Remodeling student lounge.....	2 805
<i>Total</i>	<u>\$73 111</u>

I concur.

On motion of Mr. Hughes, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CLOSED-CIRCUIT TELEVISION DISTRIBUTION SYSTEM AT URBANA-CHAMPAIGN

(20) Funds totaling \$289,500 have been assigned by the Board and contracts have been awarded for remodeling of the building at 1112 West Main Street, Urbana, purchased by the University to provide television studios and equipment for Station WILL-TV which will be moved from the present quarters in the West Hall of the Memorial Stadium. Included in the assignment of funds is approximately \$33,500 for coaxial cable for a closed-circuit television distribution system.

Studies indicate that for the first several years it will be more economical to rent the closed-circuit distribution system. Rental will also provide flexibility for changes in future desired service and changes in technology, an arrangement which may be contracted for on a one-year, renewable basis.

The total annual rental charge for two distribution channels to serve four buildings, one collection channel to serve two buildings, including the technician's line and a studio transmitter link, is \$5,748.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of the necessary agreements with the Illinois Bell Telephone Company for closed-circuit television facilities.

Funds for the rental payments will be provided in the 1962-63 budget, and \$33,500 of the appropriation made in January, 1962, will lapse.

I concur.

On motion of Mr. Swain, this recommendation was approved, and authority was given as requested. This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner; Mr. Hughes asked to be recorded as not voting.

WIDE AREA TELEPHONE SERVICE

(21) Illinois Bell Telephone Company has offered, in connection with the transfer to the Centrex System, to provide wide area telephone service permitting an unlimited number of telephone calls to any city within the state of Illinois from any unrestricted administrative telephone at a monthly rate of \$600 for each wide area line required. The number of lines can be increased or decreased each month, depending upon the traffic load.

An analysis of the number of toll calls within Illinois indicates that a savings will be possible through the use of the wide area lines at Urbana-Champaign and in Chicago.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a contract with the Illinois Bell Telephone Company for wide area telephone service.

On motion of Mr. Johnston, this offer was accepted, and authority was given as requested. This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner; Mr. Hughes asked to be recorded as not voting.

EXTENSION OF WATER SERVICE TO PELL FARM

(22) The Pell Farm southeast of Urbana, purchased in February, 1960, has been assigned to the Department of Horticulture for teaching and research, replacing the horticulture tracts taken over for the Florida Avenue, Orchard Place, and Orchard Downs Housing projects. In order to provide for the continuation of the research and teaching programs of the Department of Horticulture, and to initiate plantings on the Pell Farm this year, it is necessary to provide water service to the site for irrigation purposes.

The Northern Illinois Water Corporation has proposed construction of a twelve-inch water main on the west side of Anderson Street, Urbana, extended to the south side of Myra Road, a distance of approximately 2,030 feet, and on the south side of Myra Road east approximately 2,470 feet to the northeast corner of the Pell Farm, to provide the needed water service.

The Director of the Physical Plant and the Vice-President and Comptroller recommend, and I concur, that the Board of Trustees authorize a "Main Extension Agreement" with the Northern Illinois Water Corporation for the extension of a twelve-inch water main along Anderson Street extended and Myra Road to provide water service at the Pell Farm, at a cost to the University not to exceed \$14,911, which will be reduced downward proportionately to the actual cost if said actual cost is less than estimated.

It is also recommended that funds not to exceed \$14,911, available in the construction budget for the Orchard Downs Apartments, be assigned for this water service since relocation of the field work of the Department of Horticulture was necessary to release the land it formerly had for housing construction.

On motion of Mr. Hughes, the foregoing recommendations, including the requested assignment of funds, were approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

It is further recommended that the following resolution be adopted authorizing an easement to the Northern Illinois Water Corporation for installation of a twelve-inch water main across the north thirty-three feet of the Pell Farm:

Resolution

Be It, and It Hereby Is Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and the Secretary of this Board of Trustees be, and they hereby are, authorized to execute, acknowledge, and deliver in the name and on behalf of this Corporation such instruments of conveyance, contract, or

other document or documents as to them may seem necessary or desirable in order to grant to Northern Illinois Water Corporation, an Illinois corporation, hereinafter referred to as "Grantee," its successors and assigns, the right and easement to construct, reconstruct, operate, maintain, repair, alter, replace, move and remove a twelve-inch (12") water line and other equipment appurtenant thereto, under, through and across the land hereinafter described and the right of ingress to and egress therefrom. Grantee shall agree to repair any damage to property of this Corporation by the construction, reconstruction, operation, maintenance, repairing, alteration, moving and removing of said water line. The right-of-way easement shall remain in full force and effect from the date granted and for so long thereafter as said water transportation line is continued in service and has not been abandoned and discontinued. Upon termination of the easement Grantee shall peaceably surrender possession of said premises to this Corporation and full and complete title then shall remain in this Corporation free and clear of said easement. The right-of-way easement shall be over the following-described property:

Situated in the State of Illinois, the County of Champaign, and consisting of the North Thirty-three (33) feet of the Northwest Quarter (NW ¼) of Section Twenty-eight (28), Township Nineteen (19) North, Range Nine (9) East of the Third Principal Meridian.

On motion of Mr. Hughes, the foregoing resolution was adopted without dissent.

CONTRACT WITH CHICAGO LAND CLEARANCE COMMISSION FOR CONGRESS CIRCLE CAMPUS SITE

(24) Based on the campus planning approved by the Board of Trustees on September 21, 1961, negotiations have continued with the Chicago Land Clearance Commission for the acquisition of the Congress Circle site. A draft of the site acquisition contract has been developed, the terms of which may be summarized as follows:

The Commission will:

Complete the acquisition of the site and transfer the parcels to the University at various times within the University's time schedule. The first transfer of land to the University is to be made on June 30, 1962. The conveyances will be subject to necessary underground utility easements which must cross the site and which have been mutually agreed upon;

Demolish and remove all existing buildings (except a portion of the Hull House complex), and grade the site;

Remove all paving, street lighting fixtures, sidewalks, and utility lines within the site except for those which may remain, by mutual agreement;

Secure the vacation of streets, alleys, and other public rights which are to be eliminated and replat the area;

Assume the cost and responsibility for paving and improving the adjacent streets, including street lighting, in order to provide for the projected increased traffic load; and

Cause the abandonment, removal, installation, and relocation of such utilities as may be mutually agreed upon.

The University will:

Pay the Commission at the rate of \$1.008 per square foot for land conveyed to it. Develop the property as a campus in accordance with the approved redevelopment plan; and

Diligently prosecute the construction of the improvements.

The Director of the Physical Plant, the Legal Counsel, and the Vice-President and Comptroller recommend that execution of the contract by the University be authorized.

REPORTS ON CONFERENCE OF HIGHER EDUCATION AND ON MEETING OF ASSOCIATION OF GOVERNING BOARDS

Mrs. Frances B. Watkins presented reports on:

The annual national Conference on Higher Education, Chicago, Illinois, March 4-7, 1962, which she attended as a representative of the Board of Trustees of the University of Illinois and of the Association of Governing Boards of State Universities and Allied Institutions of which she is a Regional Director; and The annual spring meeting of the Association of Governing Boards of State Universities and Allied Institutions, in San Francisco, California, March 19-21, 1962, which she attended as a representative of the Board of Trustees of the University of Illinois.

Copies of her reports have been filed with the Secretary for record.

MAY AND JUNE MEETINGS

The President of the Board called attention to the next two meetings to be held on May 24, 1962, and June 20, 1962, both at Urbana.

EXECUTIVE SESSION

President Clement announced that an Executive Session was requested for consideration of property acquisition and was being so ordered to be held after recess for luncheon.

On motion of Mrs. Watkins, the Board recessed.

When the Board reconvened in Executive Session, the same members, officers of the Board, and officers of the University as recorded at the beginning of these minutes were present. The Board took up consideration of the following items of business presented by the President of the University.

**PURCHASE OF PROPERTIES AT 905-905½
AND 907 SOUTH FIFTH STREET, CHAMPAIGN**

(1) The Director of the Physical Plant and the Vice-President and Comptroller recommend purchase of the following properties at the prices indicated:

905-905½ South Fifth Street, Champaign.....	\$31 000
This property is a lot with 61 feet frontage, a depth of 70.5 feet, with a seventeen-room, two and one-half story and basement, duplex frame residence.	
907 South Fifth Street, Champaign.....	27 000
The property is a lot with 57 feet frontage, a depth of 140 feet, with a two-story, frame residence.	

Both residences are presently being used as student rooming houses.

The properties are adjoining and the land is needed for the construction of a residence hall for single graduate students. The prices are within the range of appraisals and negotiations for the purchase of the properties were authorized by the Committee on Buildings and Grounds. Possession will be given the University no later than July 1, 1962, and taxes will be prorated.

Funds are available in the state capital appropriations to the University for 1961-63 for land acquisitions from the Universities Building Fund and have been released.

I concur.

On motion of Mr. Swain, the purchase of these properties, at the prices indicated, was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

LEASE WITH LA SALLE HOTEL FOR ILLINI CENTER

(2) Some remodeling is needed in the Illini Center for more efficient use of space and to provide additional office quarters. Remodeling proposed will include central airconditioning of the general public area and the new offices; present offices are airconditioned by window units.

An additional office can be provided by partitioning the present conference room with access to adjacent offices for use by representatives of the University and the University of Illinois Foundation. The remodeling will also provide additional storage space in the area near the elevators.

Estimated cost is approximately \$14,000. The LaSalle Hotel has offered to do the work according to University requirements, but requests an increase in rent from the present \$650 to \$900 a month, which would be a unit rate of approximately \$4.00 a square foot, a reasonable rate for this type of space in Chicago.

The Vice-President and Comptroller recommends authorization of a new lease for the remodeled area at a monthly rental of \$900, to become effective upon completion of the work.

I concur.

On motion of Mr. Williamson, a new lease, on the terms indicated, was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

Consideration of this matter was in Executive Session at the request of the lessor on the grounds that this is in the category of a property acquisition.

On motion of Mr. Swain, the Board adjourned.

DIRECTOR OF INTERNATIONAL PROGRAMS

(2) The interests and responsibilities of the University in the international aspects of higher education have expanded steadily during the past decade—partly in response to the nation's growing concern with world affairs. These expanded activities have included: new courses and programs, at both undergraduate and graduate levels; increased research on the social, economic, and political institutions of underdeveloped countries; marked growth in the enrollment of foreign students and a great increase in the number of foreign visitors; participation in special overseas projects designed to improve the institutions of higher education in other countries.

These diverse operations have developed with a considerable degree of mutual independence, in accordance with the special interests of various individuals, departments, and colleges. Except for a Committee on Overseas Projects—organized to exercise general supervision over the several programs sponsored by the International Cooperation Administration—there has been no central administrative organization concerned with international programs. The latter have now grown to such proportions, however, that a central administrative assignment is needed to maintain effective coordination among them and to provide cohesive direction to future developments. To meet these growing needs, I recommend authorization of appointments on the staff of the Executive Vice-President and Provost of such personnel as may be necessary; for the present, it is proposed that these include a Director of International Programs and an Assistant Director; and that Associate Provost and Dean of Administration Royden Dangerfield be given the additional

title of Director of International Programs and assigned the administrative responsibility for the same.

On motion of Mr. Williamson, these recommendations were approved.

On motion of Mr. Pogue, these degrees were authorized as recommended.

NAMING OF RESIDENCE HALLS

(5) Upon recommendation of the Director of Auxiliary Services, the Housing Division, and the Dean of Students, and after consultation with the Executive Committee of the University Council, I recommend the following names for the new Pennsylvania Avenue Residence Halls, now under construction.

Babcock Hall. Named in honor of Kendric Charles Babcock (1867-1932) who was Dean of the College of Liberal Arts and Sciences from 1913 to 1931 and Provost of the University from 1925 to 1931. Prior to coming to the University of Illinois, he was Specialist in Higher Education in the United States Office of Education. He bequeathed to the University an endowment of \$50,000 for support of fellowships, research, and publications in the general fields of history and political science.

Carr Hall. Named in honor of Robert Franklin Carr (1871-1945), an alumnus of the University of Illinois, Class of 1893. At the time of his death, Mr. Carr was Chairman of the Board of the Dearborn Chemical Company, Chicago. He was a member of the Board of Trustees from 1915 to 1921, and served as President of the Board for one year. He also served as President of the University of Illinois Alumni Association and the University of Illinois Foundation. He was Chairman of the Memorial Stadium Committee which directed the fund raising campaign for the Stadium and arranged to finance its construction. He was also the largest individual contributor to the Stadium Fund.

Blaisdell Hall. Named in honor of Daisy Luana Blaisdell (1866-1952) who was a member of the faculty of the Department of German from 1900 to 1920 and from 1926 until 1931. During the years 1920 to 1926 she served as Social Director of the first of the University's residence halls for women, now Busey Hall. She then returned to teaching in the Department of German until she retired in 1931.

In 1938, she became a full professor and Chairman of the Division of Business English, in which field she was one of the pioneer teachers and achieved a national reputation. She served on numerous faculty committees whose services were directly related to student life and welfare. She also was one of the Vice-Presidents and a Director of the University of Illinois Alumni Association for a number of years.

The Committee on Buildings and Grounds has also been consulted and supports this recommendation.

On motion of Mr. Pogue, this recommendation was approved.

DEGREE OF MASTER OF EXTENSION EDUCATION

(6) The Urbana-Champaign Senate recommends authorization of a graduate program designed to meet the professional needs of men and women in the Cooperative Extension Service or related fields of education, leading to the degree of Master of Extension Education. The program was developed by the College of Agriculture and has the approval of the Graduate College and the College of Education.

The Senate Coordinating Council indicates no other Senate jurisdiction is involved.

I concur, subject to further action by the Board of Higher Education of Illinois. Submitted herewith are a supporting memorandum giving the details of this program, and a formal outline of the proposal which I recommend be approved for submission to the Board of Higher Education. Copies of both documents are being filed with the Secretary of the Board for record.

On motion of Mr. Wilkins, this recommendation was approved.

REVISIONS IN THE CURRICULUM PREPARATORY TO THE TEACHING OF BIOLOGY

(7) The Urbana-Champaign Senate has recommended certain revisions in the curriculum leading to the degree of Bachelor of Science in the Teaching of the Biological Sciences and General Science, effective for students enrolling in the curriculum in September, 1962, and thereafter. The revisions include a recommendation that the minimum number of hours required for graduation be 120 hours, not counting the first two years of work in military science and physical education, instead of 123 hours presently required. The changes also include new courses and rearrangement of certain present courses. A complete outline of the revised curriculum showing the changes in the present program is submitted herewith, and a copy is being filed with the Secretary of the Board for record.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I recommend approval.

On joint motion of Mr. Williamson and Mr. Wilkins, this recommendation was approved.

REVISIONS IN GENERAL ENGINEERING CURRICULUM

(8) The Urbana-Champaign Senate recommends that the present requirement of twelve semester hours of social science-humanities electives in the curriculum in general engineering, be increased to eighteen hours, the change to become effective the first semester of the 1962-63 academic year. The additional six hours required will be provided for in the curriculum as follows:

Second Semester, Sophomore Year: Drop Civil Engineering 200, General Surveying, or Mechanical Engineering 182, Manufacturing Processes, 3 hours; and add social science-humanities elective, 3 hours.

Second Semester Senior Year: Drop engineering science elective, 3 hours, and add social science-humanities elective, 3 hours.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I recommend approval.

On motion of Mrs. Watkins, this recommendation was approved.

DEPARTMENT OF AERONAUTICAL AND ASTRONAUTICAL ENGINEERING

(9) On recommendation of the College of Engineering, the name of the Department of Aeronautical Engineering has been changed to Department of Aeronautical and Astronautical Engineering to identify more accurately its educational and research programs.

On recommendation of the Executive Committee of the College of Engineering and the Executive Committee of the Graduate College, and with the concurrence of the Urbana-Champaign Senate, the designation of the degrees of Bachelor of Science, Master of Science, and Doctor of Philosophy offered by the Department have also been changed to reflect the change in name of the Department.

These changes are being reported for record.

On motion of Mr. Harewood, these actions were confirmed.

CHANGES IN MAJORS AND MINORS IN THE COLLEGE OF LIBERAL ARTS AND SCIENCES

(10) The Urbana-Champaign Senate has approved for submission to the Board of Trustees a recommendation from the College of Liberal Arts and Sciences and the Council on Teacher Education for changes in majors and minors in the College of Liberal Arts and Sciences in botany, Latin-American studies, honors program in mathematics, music, rhetoric, speech and theatre, and physiology.

A supporting memorandum giving the details of these changes, most of which are minor revisions, is submitted herewith and a copy is being filed with the Secretary of the Board for record.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

These changes are effective for students enrolling in September, 1962, and thereafter. Although Board approval is not required, they are nevertheless being reported for official record.

On motion of Mrs. Watkins, the actions taken were confirmed.

CHANGES IN LIBERAL ARTS AND SCIENCES CURRICULA

(11) The Urbana-Champaign Senate has approved a recommendation from the College of Liberal Arts and Sciences that a six-hour sequence in one foreign literature at the junior or senior level—but not language courses—be accepted as satisfying the general education requirement in the humanities curriculum.

The Urbana-Champaign Senate also has approved a recommendation from the College of Liberal Arts and Sciences that the name of the general curriculum in the College be changed to the sciences and letters curriculum beginning with the academic year 1963-64. This new name is a more accurate description of the nature of the curriculum and should minimize the confusion which exists in the mind of a new student who has difficulty distinguishing between the general curriculum and the Division of General Studies.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved in the above matters. Formal action by the Board is not required, but these changes are being reported for official record.

On motion of Mr. Williamson, these actions were confirmed.

CURRICULUM PREPARATORY TO THE TEACHING OF MATHEMATICS AND PHYSICAL SCIENCES

(12) On recommendation of the Urbana-Champaign Senate, the curriculum preparatory to the teaching of mathematics and physical sciences in the College of Liberal Arts and Sciences has been discontinued due to the lack of student interest in this curriculum.

This action is being reported for record.

This report was received for record.

Payments for these services will be on the basis of the schedule of minimum fees adopted by the Illinois Society of Professional Engineers, exclusive of the services of a resident engineer for field inspection and the cost of soil boring if required. The total estimated cost of engineering services, excluding the services of a resident engineer and inspectors for field inspection, is approximately \$4,000.

East Chemistry Building Addition — Holabird and Root, Chicago, on the basis of a fee of 6 per cent of the total costs of construction contracts, including fixed equipment on new work and 8 per cent for alterations and revisions in the existing building. The firm's professional services are to include preliminary studies, working drawings and specifications, preparation of contract documents, and supervision of construction.

These firms have been recommended for the specific assignments by the Advisory Committee on Selection of Architects and Engineers. The Committee on Buildings and Grounds has also been consulted and has recommended approval.

I concur in these recommendations.

On motion of Mr. Pogue, these recommendations were approved.

SPECIAL COUNSEL FOR CONGRESS CIRCLE CAMPUS LITIGATION

(28) On April 20, 1962, a suit was filed in the Federal District Court for the Northern District of Illinois, case No. 62 C 861, against the University, the Chicago Land Clearance Commission, the Federal Housing and Home Finance Agency and its Administrator, and the city of Chicago and certain of its agencies, seeking an injunction against the redevelopment of the Congress Circle site as a campus for the University. The Legal Counsel states that it was necessary to employ special counsel to assist his office in resisting the suit for injunction and to preserve the University's rights in the matter. He requests confirmation and ratification by the Board of the employment of Mr. Albert E. Jenner, Jr. and Mr. Keith F. Bode of the firm of Thompson, Raymond, Mayer, and Jenner, Chicago, as special counsel to represent the University in connection with said

suit, and authority to proceed with the litigation and employ such other special counsel as he may deem appropriate.

I concur.

On motion of Mr. Williamson, this recommendation was approved.

Mr. Harewood asked to be recorded as voting "no"; Mr. Dilliard asked to be recorded as "not voting."

BEQUEST OF LIZZIE GILMAN

(29) Mrs. Lizzie Gilman of Dana, Illinois, who died November 13, 1959, left to her daughter, Bertha Ann Gilman Cullen, a life interest in all her real estate outside the corporate limits of the village of Dana. Upon the death of her daughter, the public administrator is to sell all this property and distribute it as provided in her will as follows:

"When said real estate has been fully liquidated the proceeds of said sales shall be added to such amounts as shall have been received as rentals from the real estate and said sum shall be divided into three equal parts and distributed as follows:

"A one-third part shall be paid unto the Illinois Division, American Cancer Society, Inc., whose offices are now located at 132 North Clark Street, Chicago, Illinois;

"A one-third part shall be paid unto the School of Medicine of the University of Illinois, which said sum shall be paid over unto said School of Medicine to establish a fund for the purpose of study and research in the field of Mental Illness.

"A one-third part shall be paid unto the School of Medicine of Northwestern University located at Chicago, Illinois, which said sum shall be paid over unto said School of Medicine for the purpose of establishing a fund for the study and research in the field of Mental Illness.

"I further provide that if for any reason that should any of the above funds which is hereby directed to be distributed shall be refused, or for some other reason fail and can not be carried out then I provide that such funds shall be distributed among such of the other funds named hereunder in equal parts."

However, the personal property was insufficient to pay all the debts and taxes upon the estate, and the executor applied to the courts for and received permission to sell one tract of the real estate to pay these obligations which was done in 1961. The Northern Illinois Gas Company now desires to purchase two of the eight remaining properties, and, conditioned upon approval of the Illinois Commerce Commission which is believed will be readily obtained, has offered \$400 an acre, or the total of \$135,884 for the remainder interest, one-third of which, or \$45,294.67, would be paid to the University of Illinois, upon completion of the sale.

The Vice-President and Comptroller recommends that the offer of Northern Illinois Gas Company be accepted by the University. The price offered exceeds the estimated value of the land as appraised by the College of Agriculture, after giving consideration to the value of the life estate. The American Cancer Society and Northwestern University have already approved the sale at the price indicated.

The Vice-President for the Medical Center and the Dean of the College of Medicine recommend that the University's share of the proceeds be set up as an endowment fund, with the income to be used for the purpose specified in the will.

I concur in these recommendations; the following resolution is offered for adoption.

On motion of Mr. Williamson, these recommendations were approved.

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, a body corporate, created and existing under the laws of the State of Illinois, for value received promises to pay to bearer, but only out of the Housing Revenue Bond Fund, as hereinafter provided for, and not otherwise, the principal sum of ONE THOUSAND DOLLARS (\$1,000), on October 1, 19....., and to

pay interest on said sum from the date hereof until paid at the rate of per cent (.....%) per annum, payable October 1, 1962, and semiannually thereafter on the first days of April and October in each year until the principal amount hereof has been fully paid. Interest accruing on this bond on and prior to the maturity date hereof shall be payable on presentation and surrender of the interest coupons hereto attached as they subsequently become due, but no interest shall accrue on this bond after the maturity hereof unless this bond shall be presented for payment and be not then paid.

Both principal hereof and interest hereon are hereby made payable in any coin or currency which, on the respective dates of payment of such principal and interest, is legal tender for the payment of debts due the United States of America, at The First National Bank of Chicago (hereinafter called "Trustee"), or its successor in trust under the Resolution hereinafter referred to, in the City of Chicago, Illinois, or at the option of the holder, at The Chase Manhattan Bank, in the Borough of Manhattan and City and State of New York.

This bond is one of an authorized series of Two Million One Hundred Thousand Dollars (\$2,100,000) principal amount of Housing Revenue Bonds of 1962, Series A, issued or to be issued pursuant to a Bond Resolution of The Board of Trustees of the University of Illinois duly adopted December 17, 1958, as supplemented by First, Second, Third, Fourth and Fifth Supplemental Resolutions thereto duly adopted June 23, 1959, October 21, 1959, June 14, 1960, May 17, 1961, and May 24, 1962, respectively (said Bond Resolution as so supplemented being herein referred to as the "Resolution"), for the purpose of providing funds for paying the cost of constructing and equipping student and staff housing and related facilities. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto in the manner and upon the terms and conditions more fully set forth therein.

The bonds of this Series are redeemable prior to maturity as a whole or in part on April 1, 1972, or on any interest payment date thereafter in the inverse order in which they mature at the option of The Board of Trustees of the University of Illinois at par and accrued interest to the date of redemption and a premium as follows: three per cent (3%) of the principal amount thereof if redeemed April 1, 1972 through October 1, 1976; two per cent (2%) of the principal amount thereof if redeemed April 1, 1977 through October 1, 1981; one and one-half per cent (1½%) of the principal amount thereof if redeemed April 1, 1982 through October 1, 1986; one per cent (1%) of the principal amount thereof if redeemed April 1, 1987 through October 1, 1991; and without premium if redeemed April 1, 1992 or thereafter.

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois, and also in a financial newspaper printed in the English language and published and of general circulation in the Borough of Manhattan, City and State of New York, and when this bond or any of the bonds of such authorized issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption monies are available for the payment of all bonds called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1961, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Housing Revenue Bond Fund as provided in the Resolution, which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue, bonds heretofore issued pursuant to the Resolution and additional bonds which may hereafter be issued pursuant to the Resolution, (2) student tuitions authorized by law to be retained in the University treasury, but not in excess of \$860,000 annually plus such additional sums as may be specified in any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution as so supplemented, and (3) certain existing

revenue producing buildings of the University after the prior payment of other indebtedness to the extent set forth in the Resolution. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees or of the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Trustee in Chicago, Illinois, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer hereof.

Subject to the provisions for registration and transfer, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and The Board of Trustees of the University of Illinois, the Trustee, and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered, and the bearer of any interest coupons appertaining hereto as the absolute owner hereof for all purposes and shall not be affected by any notice to the contrary whether this bond or any coupon appertaining thereto be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66⅔%) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums, if any, at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder, or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons, or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and

agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signatures of its President and two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated as of the 1st day of April, 1962.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Housing Revenue Bond Fund as provided in the Resolution, which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue, bonds heretofore issued pursuant to the Resolution and additional bonds which may hereafter be issued pursuant to the Resolution, (2) student tuitions authorized by law to be retained in the University treasury, but not in excess of \$860,000 annually plus such additional sums as may be specified in any supplemental resolution creating or authorizing additional

bonds to be issued pursuant to the Resolution as so supplemented, and (3) certain existing revenue producing buildings of the University after the prior payment of other indebtedness to the extent set forth in the Resolution. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or of the State of Illinois is pledged to the payment of this bond or the interest thereon.

Subject to the provisions for registration and transfer contained herein and in the Resolution, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and shall be transferable by the registered owner at the principal office of the Trustee in the City of Chicago, Illinois, upon surrender and cancellation of this bond and thereupon a new registered bond without coupons of the same principal amount, interest rate and maturity will be issued to the transferee as provided in the Resolution, upon payment of the transfer charges therein prescribed. The Board of Trustees of the University of Illinois, the Trustee and any other person may treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment and for all other purposes and shall not be affected by any notice to the contrary whether this bond be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of \$1,000 and as registered bonds without coupons in the denomination of \$1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent ($66\frac{2}{3}\%$) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums, if any, at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder, or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons, or (iv) reduce the percentage of principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the

issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signatures of its President and two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and this bond to be dated as of the 1st day of _____, 19.....

JUNE AND JULY MEETINGS

President Clement announced that the next two meetings of the Board are scheduled to be held on June 20, 1962, and July 18, 1962; and that the Board has already voted to hold the June meeting in Urbana.

On motion of Mrs. Watkins, the Board voted to hold the July meeting in Chicago, Illinois, on Wednesday, July 18, 1962, at an hour and place to be determined by the President and Secretary of the Board.

GUESTS OF THE BOARD

President Clement introduced Trustee Emeritus Wirt Herrick and President Emeritus Lloyd Morey, who are special guests at today's meeting.

EXECUTIVE SESSION

President Clement stated that an Executive Session has been requested

for consideration of recommendations relating to patentable inventions and property acquisitions, and was being ordered.

On motion of Mr. Williamson, the Board recessed.

When the Board reconvened, in executive session, following recess, the same members of the Board and officers of the University were present as recorded at the beginning of these minutes, with the exception of Mr. Swain and Mr. Wilkins. Mr. Swain joined the meeting later.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(1) The University Patent Committee and the Chairman of the University Research Board recommend release to the University of Illinois Foundation of the following described inventions by members of the staff.

1. Serologic test for diagnosis of hog cholera—Diego Segre, Professor of Veterinary Microbiology and Public Health and of Veterinary Research, inventor. The serologic test makes it possible to visualize the reaction between the antigen of the virus of hog cholera and its specific antibody. Using a serum known to contain hog cholera antibody as a standard of reference, it makes it possible to detect, identify, and quantitate the virus of hog cholera in the blood and tissues of swine suspected of being affected with this disease. The invention consists of two parts—the preparation of the specific reagent and the performance of the test.

2. Deposited thin film transfluxor—James Divilbiss, Research Associate in the Coordinated Science Laboratory, inventor. The disclosure describes three methods of fabricating transfluxors (multi-aperture magnetic devices) and associated wiring by vacuum deposition of successive layers of magnetic material, conductors, and insulation. Production of transfluxors by this technique has two objectives. First, very large arrays of transfluxors would be produced automatically, thus reducing the cost per element. Second, selection of magnetic material of high coercivity would allow device operation at higher speeds than can be obtained presently with ferrite transfluxors. This invention deals also with the circuit restrictions necessary to make the thin film transfluxor logically equivalent to the ferrite transfluxor.

I concur in these recommendations.

On motion of Mr. Williamson, these recommendations were approved.

SETTLEMENT OF PATENT CLAIM OF DR. GEORGE H. SCHERR

(2) In June, 1959, Dr. George H. Scherr, then a member of the Department of Microbiology, College of Medicine, after first publishing some of the results of his research in late 1958, submitted to the University reports of that research with the view of the possible patentability of certain compounds considered therein. It was necessary to file a patent application in October, 1959, before complete investigation as to the commercial possibilities had been completed, because of Dr. Scherr's publication in 1958. (See Board Minutes, October 21, 1959.) While the patent application was pending, investigation continued into the commercial possibilities of Dr. Scherr's compounds. In late 1960, Dr. Scherr was notified verbally that the University would not seek foreign patent rights on his discoveries, and that he was free to seek those himself.

On December 1, 1960, the attorneys for Dr. Scherr claimed damages on the ground the University failed to release to Dr. Scherr the foreign rights in sufficient time for him to file applications to protect these.

In March, 1961, the United States Patent Office Examiner rejected the original application for a patent, and in April, 1961, took the same action with regard to an amended application which had been filed in October, 1960. A further amendment was filed in October, 1961, and in February, 1962, the claims of this application were also rejected as nonpatentable. It is possible to take an appeal of the latest rejection to the Board of Appeals in the Patent Office, within six months from February 23, 1962. In late 1961, Dr. Scherr, although no longer a member of the University faculty, submitted additional compounds for inclusion in the patent application then pending. These are compounds of the same nature and directly related to those in the original applications.

The investigation into the commercial possibilities of Dr. Scherr's compounds, which relate to the strengthening of certain antibiotics by the addition to them of certain other materials, produced a mild degree of interest but no response as to assistance in obtaining patents, further development, or marketing the compounds. Merriam, Smith, and Marshall, Patent Attorneys for the University of Illinois Foundation, who have handled this matter, recommend that in view of this lack of interest, and in view of the fact that it appears necessary that an extensive research program be undertaken before any patentable formulae might be obtained, no appeal should be taken, and the University's patent applications should be abandoned. The Patent Committee concurs in this recommendation and has further recommended a release to Dr. Scherr of all rights in his discoveries, subject to a release by him of all his claims against the University.

In view of this recommendation and Dr. Scherr's claim, the Legal Counsel's Office, with the approval of the Patent Committee, has negotiated with Dr. Scherr's attorneys for a release to him of all the University's rights in his compounds, in return for which he would release the University from any possible claims of damages. In addition Dr. Scherr would agree, out of any monetary returns from his discoveries and after he has reimbursed himself for expenses incurred by him in the prosecution of the patent applications and marketing his compounds, to reimburse the University for the expenses it and the Foundation incurred in connection with the prosecution of the patent application and the investigation. Such a settlement has now been agreed to by Dr. Scherr, subject to the approval of the Board of Trustees.

The Vice-President and Comptroller and the Legal Counsel recommend that this settlement be approved, that the Legal Counsel be authorized to prepare the documents necessary to effectuate this settlement, and that the Comptroller and the Secretary be authorized and empowered to sign any necessary documents for the University.

I concur.

On motion of Mr. Harewood, this settlement was authorized, as recommended.

**PURCHASE OF PROPERTY AT 1103 WEST ILLINOIS STREET,
URBANA, AND LEASE OF PROPERTY AT 905-905 1/2
SOUTH FIFTH STREET, CHAMPAIGN**

(3) The Director of the Physical Plant and the Vice-President and Comptroller recommend purchase of the property at 1103 West Illinois Street, Urbana, at a price of \$35,000. The property consists of a lot 65 feet wide and 150 feet deep, with a three-story and basement frame residence. This building will eventually be moved or demolished and the land will be part of an area to be developed for parking facilities replacing those lost when construction is started on the Illinois Street Residence Halls.

The price is within appraisals and the Committee on Buildings and Grounds has previously authorized negotiations for the acquisition of the property.

Possession will be delivered not later than September 1, 1962, and taxes will be prorated.

Funds are available in the state capital appropriations to the University for 1961-63 from the Universities Building Fund and have been released.

The Delta Alumni of Sigma Phi Delta, Inc., owners of the property at 1103 West Illinois Street, have been negotiating for the purchase of a new fraternity house but the earliest it will be available to them is June, 1963. It is therefore recommended that upon possession of the property at 1103 West Illinois Street, Urbana, by the University, the property at 905-905 1/2 South Fifth Street, Champaign, recently purchased by the University, be leased to the Delta Alumni of Sigma Phi Delta, Inc. for ten months from September 1, 1962, at a rental of \$5,500 for the period. The University has no immediate need for the building or the land which was purchased as a site for a graduate student residence hall.

I concur in these recommendations.

On motion of Mr. Williamson, the purchase of the property at 1103 West Illinois Street, Urbana, and the lease of the property at 905-905 1/2

South Fifth Street, Champaign, were authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Johnston, Mr. Kerner, Mr. Wilkins.

MEETINGS OF BOARD COMMITTEES

Following adjournment of the Board, the Committees on General Policy and on Buildings and Grounds met in work sessions in consultation with the President of the University and other University officials.

On motion of Mr. Pogue, the Board adjourned.

During the presentation of the annual operating budget for 1962-63, Mr. Clement joined the meeting and took the chair.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board took up consideration of the following reports and recommendations from the President of the University.

PRESIDENT'S REPORT ON SELECTED TOPICS

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

ANNUAL OPERATING BUDGET FOR 1962-63

(1) The complete, itemized, operating budget for 1962-63 covering all divisions of University work, together with a condensed analysis and summaries, was sent to the members of the Board of Trustees in advance of today's meeting and is now submitted for official action.

The budget is for the fiscal year beginning July 1, 1962, for academic and administrative appointments beginning September 1, 1962, and for nonacademic personnel appointments beginning July 1, 1962. The budget has been prepared by the Executive Vice-President and Provost and the Vice-President and Comptroller in accordance with procedures approved by the President. It is based upon recommendations of the deans, directors, and other administrative officers, and has been reviewed by the President and the University Council.

I recommend that this budget, covering the allocation of the estimated operating income from all sources for the year beginning July 1, 1962, be approved; and that the President of the University be authorized, in accordance with the needs of the University and the equitable interests involved and within total income, (a) to accept resignations, (b) to make such additional appointments as are necessary, subject to the provisions of the University Statutes and the Policy and Rules Relating to Compensation and Working Conditions of Non-academic Employees, and (c) to make such changes and adjustments in items included in the budget as are needed, all such changes to be covered in the Vice-President and Comptroller's quarterly financial reports, or in reports to the Board by its Secretary, provided that assignments for new projects or programs and for nonrecurring capital expenditures in excess of \$2,500 shall be presented to the Board for approval.

Mr. Williamson, Chairman of the Finance Committee, reported that the Committee had met, in consultation with the President of the University and with other University officials, on Tuesday evening, June 19, 1962, in a work session for a review of the budget in detail. All members of the Committee were present at the meeting; also present were Trustees Richard A. Harewood, Earl M. Hughes, Wayne A. Johnston, Harold Pogue, George T. Wilkins; and the officers of the Board: Mr. C. W. Weldon, Treasurer, Mr. H. O. Farber, Comptroller, and Mr. A. J. Janata, Secretary.

Mr. Williamson made an informal report for the Committee stating that it has approved the budget.

The President of the University, the Executive Vice-President and Provost, and the Vice-President and Comptroller discussed the budget as presented in the Condensed Analysis and Summaries, a copy of which has been filed with the Secretary of the Board for record.

Following this presentation and discussion by members of the Board, on motion of Mr. Swain, the budget was approved, the President of the University was authorized to take the actions requested in his recommendations, and the necessary appropriations required in the budget were made, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner.

The details of the budget appear as an appendix to these minutes on page 1595.

BUDGET OF THE ATHLETIC ASSOCIATION FOR 1962-63

On motion of Mr. Pogue, this budget was approved.

DEANSHIP OF COLLEGE OF NURSING

(5) The Vice-President for the University of Illinois at the Medical Center, Chicago, recommends the appointment of Dr. (Mrs.) Mary Kelly Mullane, presently Dean of the College of Nursing at the State University of Iowa, as Professor of Nursing on indefinite tenure and Dean of the College of Nursing from October 1, 1962, through August 31, 1963, at an annual salary of \$18,500 on a twelve-month service basis.

The appointment is to replace Dean Emily C. Cardew who has asked to be relieved of her administrative duties as Dean, although she will continue on the faculty as Associate Professor of Nursing.

The recommendation for this appointment was initiated by a Search Committee,¹ has been reviewed by the Executive Committee of the College of Nursing, and is endorsed by the Dean of the Graduate College and by the Executive Vice-President and Provost.

I concur.

On motion of Mrs. Watkins, this appointment was approved.

On motion of Mr. Williamson, the Board recorded its appreciation of the services of Dean Cardew.

APPOINTMENT OF DIRECTOR OF INTRAMURAL ACTIVITIES

(6) A year ago I sent the members of the Board of Trustees, for their information, a report of the Urbana-Champaign Senate Committee on Athletics which was received by the Senate and the President was asked to send the information contained therein to appropriate officials. The report includes a section discussing intramural sports and recreation in which the Committee noted that while the University has made reasonably adequate provision for students participating in intercollegiate athletics, there is not adequate provision for the much larger group of students not so participating, and attention was called to the need for development of intramural sports program. Subsequently, a special committee was appointed to study the program of intramural activities at the University of Illinois and to make recommendations.

The Committee submitted a comprehensive report with a number of recommendations, one of them being that the supervision and development of intramural activities, heretofore the responsibility of the Athletic Association, be placed in the College of Physical Education as a separate Division of Intramural Activities, with a full-time director in charge, responsible to the Dean of the College.

I have implemented this recommendation administratively and the operating budget for 1962-63 includes provision for this program, effective September 1, 1962.

The Dean of the College of Physical Education recommends the appointment of Dr. David O. Matthews, presently Associate Professor of Health and Physical Education and Director of Intramural Athletics for Men at Bowling Green State University, as Associate Professor of Physical Education for Men on indefinite tenure, and Director of Intramural Activities at the University of Illinois for one year from September 1, 1962, at an annual salary of \$12,500, on twelve-month service basis.

The Dean of the Graduate College and the Executive Vice-President and Provost endorse this recommendation.

I concur.

On motion of Mr. Pogue, this appointment was approved.

On motion of Mr. Williamson, the Board recorded its appreciation of the services of Mr. Allen B. Klingel as Supervisor of Intramural and Recreational Sports for the Athletic Association.

Any two years of the same foreign language offered in an accredited high school are acceptable. A student may be admitted without a foreign language, but such a deficiency must be made up by passing an entrance examination in a foreign language or by satisfactory completion of the equivalent of one year of a foreign language, without credit for college graduation. A deficiency must be removed during the first two years.

A student may be admitted with one year of algebra and one year of geometry, but he is required to make up the deficiency in algebra during the first year in the College without credit for college graduation.

General science may not be offered as a required science.

A student transferring from another college will not be excused from the above entrance requirements unless he has demonstrated proficiency in the areas in which he may be deficient.

A supporting statement from the College of Commerce and Business Administration is submitted herewith, and a copy is being filed with the Secretary of the Board for record.

The Senate Coordinating Council has advised that the changes have also been approved by the All-University Committee on Admissions.

I recommend approval.

On motion of Mr. Johnston, this recommendation was approved.

ADMISSION TO THE COLLEGE OF LIBERAL ARTS AND SCIENCES

(8) The Urbana-Champaign and the Chicago Undergraduate Division Senates recommend that the minimum requirements for admission to the College of Liberal Arts and Sciences be revised to include the following subjects, applicable to all students entering in June, 1964, and thereafter:

<i>Subject</i>	<i>Required Units</i>
English.....	3 units
Science (exclusive of general science).....	2 units
Mathematics.....	2 units
Foreign Language.....	2 units
History.....	2 units
One additional unit of any of the above except English, and including Social Studies.....	1 unit

The two units of mathematics must be one unit each of algebra and plane geometry or the equivalent as determined by the Department of Mathematics.

Two units of a foreign language must be in the same language.

Social studies are not acceptable as history.

If the additional unit is in a foreign language it must be the third sequential unit in the same language.

These recommendations represent minimum requirements for admission to the College and will apply uniformly to all curricula provided that additional high school or preparatory school credits beyond the minimum indicated, now required for admission to certain curricula, e.g., chemistry and chemical engineering, will continue to be required as heretofore.

The Senate Coordinating Council has advised that no other Senate jurisdiction is involved.

I recommend approval.

On motion of Mr. Swain, this recommendation was approved.

**GRADUATE PROGRAM LEADING TO DEGREE OF
MASTER OF SCIENCE IN FORESTRY**

(9) The Urbana-Champaign Senate recommends authorization of a new graduate program leading to the degree of Master of Science in Forestry. The program was initiated by the College of Agriculture and has been approved by the Graduate College.

The program is designed to meet the needs of students with the Bachelor of Science degree in Forestry for additional work in the sciences underlying a particular phase of forestry in which such students desire to specialize. Since the inauguration of an undergraduate degree program several years ago, the College of Agriculture has had many inquiries concerning graduate work in forestry desired by its own graduates as well as from students holding a bachelor's degree in forestry from other colleges and universities. There is a need for foresters with advanced training not only to work with existing forested areas, but because of the nature of national agricultural programs attempting to meet the surplus production problem by conversion of farm lands into forested areas.

Requirements: A candidate for the master's degree in forestry must have a bachelor's degree and training in forestry essentially equivalent in scope and standards to the program leading to the degree of Bachelor of Science in Forestry at the University of Illinois with a scholastic average for all undergraduate work of at least 3.5 in terms of the University's grading system. The student will be required to plan a program in consultation with his adviser which will meet the general requirements of the Graduate College and will serve his particular interests. A candidate must earn eight units of graduate credit and must pass an oral examination covering the general field of forestry and the area of his specialty.

Submitted herewith are supporting documents from the College of Agriculture including an outline of a schedule of the courses now available and appropriate for the Master of Science degree in Forestry and a suggested curriculum.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

I recommend approval, subject to further action by the Board of Higher Education of Illinois.

On motion of Mr. Hughes, this program was approved.

**GRADUATE PROGRAM LEADING TO DEGREE OF
DOCTOR OF PHILOSOPHY IN PHARMACY**

(10) The Medical Center Senate has approved a proposal from the College of Pharmacy endorsed by the Dean of the Graduate College for a graduate program leading to the degree of Doctor of Philosophy in Pharmacy.

For a number of years the College of Pharmacy has offered a graduate program leading to the degree of Master of Science in Pharmacy so that the new program proposed will be an extension of an existing graduate program. Graduate students who have been awarded the degree of Master of Science in Pharmacy have continued graduate studies leading to the doctorate in other disciplines, but a number of these students have indicated a desire for a Doctor of Philosophy in Pharmacy program if it were available. Hence the present graduate program in pharmacy has been handicapped by limiting graduate instruction to the master's degree level.

I recommend approval, subject to further action by the Board of Higher Education of Illinois.

On motion of Mrs. Watkins, this program was approved.

**DEPARTMENT OF RECREATION AND
MUNICIPAL PARK ADMINISTRATION**

(11) On request of the Department of Recreation in the College of Physical Education and with the concurrence of all other departments of the University concerned, the name of the Department has been changed to the Department of Recreation and Municipal Park Administration to reflect its curricular offerings.

This change was received for record.

RELOCATION OF ALMA MATER STATUARY

(12) Some time ago the officers of the University of Illinois Alumni Association requested the Physical Plant Department to consider the relocation of Lorado Taft's Alma Mater statuary group from its present location south of the University Auditorium to another campus area. Several sites were studied, among them the area in front of Altgeld Hall and the Illini Union facing the intersection of Wright and Green Streets. The Board of Directors of the Alumni Association has agreed to provide funds for the moving of the Alma Mater statuary and the construction of a suitable base on the new site.

On motion of Mr. Swain, this proposal was referred to the Committee on Buildings and Grounds for study and report.

RESERVE OFFICERS' TRAINING CORPS PROGRAM

(13) In the spring of 1960, a University Committee¹ was appointed to study the Reserve Officers' Training Corps program of the University of Illinois and to make recommendations concerning its continuing place in the academic program. One reason for the study was the conflicting views of the Department of Defense and the Departments of the Army, Navy, and Air Force concerning the organization of R.O.T.C. programs at colleges and universities. An even more compelling reason was the shortage of space for expanded enrollments, the failure of the federal government to provide training facilities, and the apparent inability of the Department of Defense to provide adequate officer personnel to staff expanded programs. Hence the study of the R.O.T.C. at the University of Illinois was made with the view to recommending improvements in the program as a continuing phase in the educational work of the University and to enable the University to maintain its contributions of trained officer personnel for the Armed Forces Reserves.

The report of the Study Committee was released publicly in December, 1960, and was brought to the attention of the appropriate faculty agencies including the Committee on Military Affairs and the Board of Trustees.

The Study Committee submitted a number of recommendations which have been the basis of continuing review of the R.O.T.C. program. One recommendation is still unresolved, namely, that the basic R.O.T.C. program be placed on a voluntary basis, at least for a trial period.

Among the reasons given for the Committee's recommendation for voluntary R.O.T.C. are the following points:

1. The Department of Defense has indicated that a military requirement does not exist for a compulsory basic R.O.T.C. program and the Department of Defense has no basis for favoring such a program.
2. In institutions maintaining voluntary R.O.T.C., satisfactory enrollments have been maintained.
3. Space and personnel requirements for increasing enrollments under the compulsory program can not be met within the foreseeable future from resources ordinarily available to the University, and the federal government has given no indication that it intends to supply such facilities and personnel.

Action to implement the recommendation on compulsory R.O.T.C. was not taken pending discussions with the Department of Defense as to reported new programs which would alter the relationship of the basic R.O.T.C. program to Officer Procurement and Training.

During the current academic year, the military departments have announced plans for anticipated new programs.

The Department of the Air Force has recommended a program which would provide for two years of air science (preceded and followed by summer camps) without the preliminary requirement of R.O.T.C. This program would permit the recruitment of students who complete two years of work at junior colleges and other transfer students. The University has been requested to concur in this program and to make it effective in the fall of 1963.

¹ Harold W. Hannah, Professor of Agricultural Law and of Veterinary Medical Law, Chairman; Wylie H. Davis, Professor of Law; Herbert M. Hamlin, Professor of Agricultural Education; Stewart Y. McMullen, Professor of Management; Stanley H. Pierce, Professor of General Engineering and Associate Dean of the College of Engineering; and Paul R. Shaffer, Professor of Geology.

The Department of the Army has approved a comparable two-year training program to take the place of the present combined basic and advanced program. This program would permit the recruitment of students who complete two years of work at junior colleges and other transfer students. The University has been requested to concur in this program and to make it effective in the fall of 1963.

The Department of the Army has approved a comparable two-year training program to take the place of the present combined basic and advanced program. This program would require a summer camp of one month prior to enrollment in the advanced R.O.T.C. and a summer camp following the senior year.

The R.O.T.C. programs of the Department of the Navy for some time have not been related to the required basic program.

The Department of Defense has referred the Air Force and Army programs to the Bureau of the Budget, and it appears that legislation will soon be introduced to authorize these two programs.

Whether or not the new programs are adopted, it is the University's impression that the military departments wish to reduce the number of enrollments in freshman and sophomore R.O.T.C.

In view of the pending changes as discussed by the Department of Defense and in view of the limitation upon the University of Illinois in meeting the staff and space requirements for an increasing enrollment, it is clear that the University should have the authority to adapt its programs to the proposals of the Department of Defense and to its own available resources.

The Illinois Statute applying to the University of Illinois has the following provision (Illinois Revised Statutes, 1959, Chapter 144, Universities, etc., Section 46):

All pupils attending the said University shall be taught, and shall study, such branches of learning as are related to agriculture and the mechanic arts, and as are adapted to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life, without excluding other scientific and classical studies, and including, for all male students, military tactics.

It is the opinion of the Committee on Military Affairs and of the Legal Counsel that clarifying legislation should be sought from the General Assembly which will give the Board of Trustees authority to deal with the R.O.T.C. as a part of the educational program in the same manner as it has authority to deal with other educational activities.

Accordingly, the authority from the Board of Trustees is requested to present proposals for legislation which will leave with the University Board of Trustees discretion as to the scope and extent of R.O.T.C. instruction and whether or not it should be compulsory or voluntary.

On motion of Mrs. Watkins, authority was given as requested.

Funds are available in the proceeds from the sale of the Board of Trustees of the University of Illinois, Revenue Bond Series A.

Submitted herewith is a supporting memorandum from the Physical Plant Department, including a schedule of all bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Swain, these recommendations were approved and the contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Kerner.

CONTRACTS FOR SWITCHGEAR AND ELECTRICAL EQUIPMENT FOR THE HEATING PLANT AT CONGRESS CIRCLE

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following contracts for the furnishing and installation of switchgear and electrical equipment for the heating plant at Congress Circle campus:

Congress Circle campus:

Item 1. 15 KV Switchgear — Allis-Chalmers Manufacturing Company..	\$ 38 200
Item 2. 5 KV Switchgear — Allis-Chalmers Manufacturing Company...	44 800

<i>Total</i>	<i>\$136 851</i>

Funds are available in the state capital appropriations to the University for 1961-63 from the Universities Building Fund subject to release by the Governor. The University has reserved the right to terminate this contract prior to September 15, 1962, for any reason without cost to the University by giving the contractor written notice of such termination.

The above recommendations propose the award of contracts to the lowest

bidders, on each item except Nos. 6 and 7. All companies conditioned acceptance of the bids on items 6 and 7 on the inclusion of items 1 and 2 in their contracts. Hence any recommendation other than award to Allis-Chalmers Manufacturing Company would result in a higher total cost to the University as comparison of the bids will show.

Submitted herewith is a supporting statement listing bids received and recommendations of Sargent and Lundy, Engineers, Chicago, employed by the University for the engineering designs of the equipment and its installation.

I concur.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; Mr. Johnston was recorded as not voting; no, none; absent, Mr. Dilliard, Mr. Kerner.

On motion of Mr. Swain, the Executive Committee of the Board was authorized to act for the Board in any negotiations with the contractors which may be required in exercising the University's right to terminate the contracts or to extend the period within which they may be terminated.

CONTRACT FOR ELECTRICAL IMPROVEMENTS

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$90,785 to William H. Brunkow, an individual doing business as Brunkow Electric Company, 508 North Hickory, Champaign, the lowest bidder, for electrical work including transformer vaults and switchboard revisions in Lincoln Hall, David Kinley Hall, Horticulture Field Laboratory, and Civil Engineering Hall to provide for expansion and improvement of electric power service in these buildings.

(19) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$610,376.25 to General Paving Company, Inc., 30 East John Street, Champaign, Illinois, the lowest bidder, for the improvement of First Street, Fourth Street, St. Mary's Road, and Wright Street, including paving work complete with drainage improvements and appurtenant construction, sidewalks, street lights, and traffic signals.

I concur.

**CONTRACTS FOR FUEL OIL FOR MEDICAL CENTER STEAM PLANT
AND FOR CHICAGO UNDERGRADUATE DIVISION**

Fuel Oil for Medical Center Steam Plant

(20) The Director of the Physical Plant, the Business Manager for the University of Illinois at the Medical Center, and the Vice-President and Comptroller recommend the purchase of a minimum of 8,000 gallons of No. 5 fuel oil, with the option of purchasing as much more as may be required but not to exceed 450,000 gallons, for the 1962-63 heating season, from the Apex Motor Fuel Company, 1401 West North Avenue, Chicago, Illinois, the lowest bidder. The net price per gallon will fluctuate with the current posted prices listed in the *Oil Daily* (a recognized publication of daily petroleum market quotations) less a discount of \$.0089, with the stipulation that the net price will not exceed \$.0861. The current net price per gallon is \$.0861 after a discount of \$.0089 from the current posted price of \$.095. Based on current market prices the total cost of the minimum quantity (8,000 gallons) will not exceed \$688.80 and the total cost of the maximum quantity (450,000 gallons) will not exceed \$38,745.

The Medical Center Steam Company plant is equipped to burn either coal, gas, or oil. Winter operation has been with coal, and summer with gas. The fuel oil is for stand-by service. If used for emergency operation instead of gas or coal, there will be a corresponding reduction in expenditures for these two fuels.

Fuel Oil for Undergraduate Division

The aforesaid officers also recommend the purchase of No. 5 fuel oil, as required, not to exceed 280,500 gallons, for the 1962-63 heating season at Navy Pier from the Apex Motor Fuel Company, 1401 West North Avenue, Chicago, Illinois, the lowest bidder. The net price per gallon will fluctuate with the current posted prices listed in the *Oil Daily* less a discount of \$.0089 with the stipulation that the net price will not exceed \$.0861. The current net price per gallon is \$.0861 after a discount of \$.0089 from the current posted price of \$.095. Based on current market prices the total cost for 280,500 gallons will not exceed \$24,151.05.

The Undergraduate Division power plant at Navy Pier is equipped to burn either gas or oil.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contracts.

On motion of Mr. Swain, these purchases were authorized, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Kerner.

**INCREASE IN LEASE WITH THE UNIVERSITY OF ILLINOIS
FOUNDATION FOR THE PROPERTY AT 129
NORTH RACE STREET, URBANA**

(21) The University is sub-leasing from the University of Illinois Foundation, at a rental rate of \$650 per month, the property at 129 North Race Street, Urbana, for use by the Department of Psychology.

The basement and first floor were remodeled by the owner to meet the requirements of the Department of Psychology and the second floor (unremodeled) is used for storage space.

Additional space is now required for office and laboratory purposes by the Department of Psychology which can be obtained by improving the present second floor storage area. The owner of the building has submitted a proposal to remodel the area and to amortize the cost of the remodeling by increasing the rent. It would be to the University's advantage in terms of rental rate to spread the amortization cost over a nine-year period. However, this will require the University of Illinois Foundation which leased the building for five years and has sub-leased to the University to exercise the lease option for an additional five-year lease.

The additional rental rate is \$201 per month and the University would assume the additional costs of utilities, interior maintenance, and janitor service.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that:

The Foundation be requested to revise the lease as indicated above and exercise the option to renew for an additional five-year period;

The sublease from the Foundation to the University be increased by \$201 per month as of September 1, 1962; and that

Funds be assigned from indirect costs as follows:

Addition to the Physical Plant Department operating budget for the annual rental	\$2 412
Annual operation and maintenance costs.....	1 100
<i>Total</i>	\$3 512

I concur.

On motion of Mr. Johnston, this recommendation was approved, and the requested assignment of funds was made, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Kerner.

REPAIR OF SMOKE STACK AT ABBOTT POWER PLANT

(22) As a result of a recent inspection of the No. 2 smoke stack at the Abbott Power Plant, which has been in continuous service since its construction in 1952 by Custodis Construction Company, Inc., Chicago, the Physical Plant Department recommended authorization of certain necessary repairs after the inspection report had been reviewed with Sargent and Lundy, Chicago, consulting engineers for the University on power plant installations who concurred in the recommendation. Emergency action was necessary to avoid overloading stack No. 1 when the air-conditioning season started, as overload would have reduced the capacity of the boilers and required curtailment of the use of electricity.

The Director of the Physical Plant and the Vice-President and Comptroller request confirmation of the employment of the Custodis Construction Company, Inc., to make the repairs on the basis of the actual cost of labor and materials plus cost of insurance, plus 15 per cent for the firm's overhead and 15 per cent for its commission. The total project was estimated to require three weeks and cost approximately \$10,000.

Funds are available in the Physical Plant operating budget for the fiscal year 1961-62.

I concur.

On motion of Mr. Pogue, the employment of the Custodis Construction Company, Inc. was confirmed.

ADDITION TO CONTRACT FOR CONSTRUCTION OF ASSEMBLY HALL

(23) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$24,164.70 in the contract with Felmley-Dickerson Company, Urbana, for the construction of the Assembly Hall to install and operate well points and pumping equipment on the inside perimeter of the Assembly Hall prior to and during excavation of the existing cone of earth in the center portion of the building.

Funds are available from the proceeds of the revenue bonds issued to finance construction of the Assembly Hall.

I concur.

On motion of Mr. Swain, this change in contract was authorized.

ADDITION TO CONTRACT FOR CONSTRUCTION OF THE ILLINI UNION ADDITION

(24) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$5,606 in the contract with Felmley-Dickerson Company, Urbana, for construction of the Illini Union addition to provide modifica-

tions for weatherproofing and construction of the interior court surfaces, the south court and the west court above interior spaces, and modifications in the construction of planter boxes on the interior court terrace.

Funds are available from proceeds of the revenue bonds issued to finance construction of the Illini Union Addition.

I concur.

On motion of Mr. Williamson, this change in contract was authorized.

ADDITION TO THE CONTRACT FOR PENNSYLVANIA AVENUE RESIDENCE HALL

(25) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$2,810 in the contract with Kuhne-Simmons Company, Inc., for the construction of the Pennsylvania Avenue Residence Hall to include installation of four trophy cases.

Funds are available from the sale of revenue bonds for the construction of the Pennsylvania Avenue Residence Hall.

I concur.

On motion of Mr. Johnston, this change in contract was authorized.

ADDITION TO CONTRACT FOR ENGINEERING SERVICES FOR STUDENT RESIDENCE HALL

(26) The Director of the Physical Plant and the Vice-President and Comptroller recommend a change in the contract with Stanley Howell Associates, Chicago, for engineering services on remodeling various areas in the Dentistry-Medicine-Pharmacy Buildings to include designing installations for air conditioning public areas of the Student Residence Hall. The fee for the additional services will be in accordance with the provisions of the contract: actual cost plus 115 per cent for overhead expenses of the firm and commission; estimated total for this additional service is \$10,000.

Funds are available in the operation maintenance budget of the Student Residence Halls.

I concur.

On motion of Mr. Hughes, this change in contract was authorized.

ADDITION TO CONTRACT FOR PROFESSIONAL SERVICES FOR THE UNION BUILDING AT CONGRESS CIRCLE CAMPUS

(27) The Director of the Physical Plant and the Vice-President and Comptroller recommend an addition to the contract with C. F. Murphy Associates, Inc., to include professional services on design of the interior finish and furnishings of the Union Building at Congress Circle (referred to as the "Union Complex" in the contract) on the basis of a fee of 5½ per cent of the cost of furnishings and equipment included in the specifications to be prepared by this firm.

The cost of such services will be financed from the project budget for the construction of the Union Building at Congress Circle.

I concur.

On motion of Mr. Swain, this change in contract was authorized.

EMPLOYMENT OF ARCHITECTS FOR THE MATERIALS RESEARCH LABORATORY

(28) The Director of the Physical Plant and the Vice-President and Comptroller recommend the employment of the architectural firm of Shaw, Metz, and Associates, Chicago, as architects for the Materials Research Laboratory at a fee of 6 per cent of the construction contract costs to cover the services, said services to include the preliminary plans, working drawings, specifications, and supervision of construction.

I concur. The Committee on Buildings and Grounds has been consulted and also approves.

On motion of Mrs. Watkins, this recommendation was approved.

USE OF UNIVERSITY FACILITIES BY TWIN CITY BIBLE CHURCH

(29) The Board of Trustees has authorized the use of University facilities by the Twin City Bible Church of Urbana while the new church is being constructed. The old church was razed when the University purchased the site. The present authorization expires August 17, 1962, and officials of the church have requested permission to use University space through May, 1963. The University is reimbursed for any expense involved in this arrangement.

I recommend that this extension be approved and that the Physical Plant Department be authorized to make such assignments of space as may be available and at times when not needed by the University.

On motion of Mr. Swain, this recommendation was approved.

REVISION OF SECTION 25 OF THE GENERAL RULES CONCERNING UNIVERSITY ORGANIZATION AND PROCEDURE

(30) At the request of the Committee on Buildings and Grounds, the President of the University and the Secretary of the Board have submitted the following proposed revision of Section 25 of the General Rules Concerning University Organization and Procedure:

Naming of Buildings, Streets, and Drives

Sec. 25 (a) Buildings given to the University may be named for the donors of funds for the same, or for donors whose individual contributions have been crucial in the financing of such buildings.

(b) Buildings should be named in such a way as to denote their general use as a matter of convenience to students as well as to visitors, except as provided for in (d), below.

(c) Residence halls may be named for donors of funds for such halls; for distinguished former members of the Board of Trustees; and for distinguished members of the University faculty, especially those who were identified with some phases of student life outside the classroom.

(d) Buildings and other campus facilities may be named for former members of the University faculty, or for others in the public life of the state or nation.

(e) Except as provided for in (a) or (c) above, buildings and other campus facilities shall not be named for living persons.

(f) Plaques or tablets may be installed in buildings as memorials to or in recognition of distinguished members of the University staff whose services were identified with the functions of said buildings.

(g) The designation of names of buildings, streets, and drives shall be exclusively within the authority of the Board of Trustees.

On motion of Mr. Pogue, the revisions recommended were adopted.

POLICY FOR INVESTMENT OF FUNDS AND INVESTMENT PROCEDURES

Policy

(33) The Finance Committee recommends the following procedure for the investment of funds, which is consistent with present practice but broadens the authority to invest current University funds in commercial paper, in certificates of deposit and interest-bearing accounts of certain banks, and in short-term government securities.

Investment of Current Funds

At the present time current funds are invested entirely in short-term government securities. It is possible to obtain a higher yield from other types of investment while at the same time maintaining the degree of safety of principal required. The Finance Committee recommends that the Board authorize the investment of current funds in:

1. United States government securities maturing not more than eighteen months from the date of purchase.
2. Certificates of deposit and special interest-bearing accounts maintained by certain banks. It is proposed that such investments be limited for the present to accounts or certificates of the Continental Illinois National Bank and Trust Company of Chicago, the First National Bank of Chicago, and the Harris Trust and Savings Bank.
3. Commercial paper in one of the following companies as recommended by investment counsel, maturing not more than one year after date of purchase, and with a limitation of \$500,000 in the paper of any one company: General Motors Acceptance Corporation, C.I.T. Financial Corporation, Commercial Credit Company, Sears Roebuck Acceptance Corporation, Beneficial Finance Corpora-

tion, Household Finance Corporation, General Electric Credit Corporation, International Harvester Credit Corporation, Ford Motor Credit Company, Montgomery Ward Credit Corporation.

Investment in certificates of deposit, special interest-bearing accounts, or commercial paper will be made when the yield is in excess of the yield on United States government securities for the period involved. The Vice-President and Comptroller recommends the approval of this broadened program.

Authorization for Sale of Capital Stocks

All capital stock owned by the Board is in its name. The present procedure for sale or transfer requires an approval by the Finance Committee of the Board followed by a resolution from the Board authorizing such. This is awkward and time consuming and may result in a loss, since several weeks may elapse from the time the recommendation is received from the investment counsel and approved by the Finance Committee until it is possible to secure the resolution and make the sale. Accordingly, the Finance Committee recommends that the following resolution be adopted by the Board, which will eliminate the necessity of submitting each transaction to the Board for specific approval and will enable the Treasurer of the Board of Trustees of the University to execute documents necessary to sell capital stock..

Resolution

Resolved, that the Treasurer of The Board of Trustees of the University of Illinois, a public corporation, is authorized in his discretion to sell, assign, or transfer to any assignee or transferee for or on behalf of this corporation and in its name any and all shares of capital stock or any voting trust certificates representing the right to receive shares of stock or any registered bonds or other securities of any other corporation owned by this corporation and for the purpose of effecting any such sale or transfer, C. W. Weldon, the Treasurer of this corporation, be and he hereby is authorized to execute in the name of this corporation and on its behalf all assignments which may be necessary and that A. J. Janata, Secretary of this corporation, be and he hereby is authorized to attest to the authority of C. W. Weldon, Treasurer, to execute the aforesaid documents.

The Treasurer will exercise the authority granted by such resolution only after being notified by the Comptroller of the approval of the Finance Committee for the sale as provided in the following procedure. The Secretary of the Board will attest to the validity of the resolution and to the authority of the Treasurer to sign the documents.

Procedures

Endowment and Loan Funds

The "prudent man" concept, as authorized by statute of the state of Illinois providing for investment by a Trustee, shall be followed in the investment of endowment funds. Such investments may be made in various types of securities, including but not limited to bonds and common and preferred stocks. These are the types of investment media utilized by the Board at the present time. Real estate is often received as a gift to create an endowment fund and may be retained. However, all purchases of real estate or real estate mortgages shall be presented to the Board for special approval. Cash in student loan funds, if temporarily not needed for loans, may be invested in United States government securities.

A bank will continue to be engaged to act as investment counsel and safe-keeping agent for all investments of these funds, and will submit recommendations to the Comptroller for the purchase and sale of securities. Such advice, together with the comments of the Comptroller, shall be submitted to the Finance Committee of the Board of Trustees for approval.¹ The decision of the Finance Committee will be returned to the Comptroller, if favorable orders shall be placed with the bank for the purchase or sale of securities. Such orders shall be signed by the Comptroller and the Secretary, or their designates, acting for the Board of Trustees. After execution of the order, if a purchase, the Comptroller shall make payment, and if a sale, he will notify, if required, the Treasurer of the University who has been authorized by the Board to execute any required documents. Common and preferred stock will be registered in the name of the

¹ The 1939 Board policy provides for such approval by the full Board except when emergency action is required.

Board of Trustees and other securities may be so registered if in the opinion of the Safekeeping Agent this is desirable. The Comptroller may act in the following situations without reference to the Finance Committee or the Board: (1) To exchange maturing obligations of the United States government when offered by the United States Treasury for new securities and (2) the sale or other disposition of stock rights or fractional shares acquired to common stocks held when the amounts involved are nominal. The purchase, sale, and exchange of all securities shall be reported to the Board of Trustees at least quarterly.

Current Funds

The Comptroller may invest cash in current funds in short-term securities of the United States government, in special interest-bearing accounts or certificates of deposits of specified banks or in high quality short-term corporate obligations. Investment counsel's advice shall be obtained by the Comptroller before proceeding with these investment transactions; and all purchases, sales, and exchanges of securities shall be reported to the Board of Trustees quarterly. All securities thus acquired shall be purchased, held, and disposed of by the Safekeeping Agent designated by the Board of Trustees, as provided herein.

Construction and Sinking Funds

The fiduciary designated by the bond indenture and authorized by resolution of the Board of Trustees shall act as investment counsel and safekeeping agent for securities acquired. Investments shall be made by the Comptroller in United States government securities in accordance with provisions of the indenture. All sales, purchases, and exchanges of securities shall be reported to the Board of Trustees quarterly.

General

The maturity or call for redemption of bonds and other obligations used as investment media need not be reported to the Board of Trustees.

On motion of Mr. Swain, the recommended policy for investments of funds was adopted, and the investment procedures were approved.

JULY AND AUGUST MEETINGS

President Clement announced that the next meeting of the Board of Trustees will be held in the LaSalle Hotel, Chicago, on July 18, 1962. He asked if the Board desires to make a decision at this time regarding a meeting in August. The Secretary stated that some contracts will need to be awarded and purchases authorized in August, and that the Executive Committee can act for the Board in transacting these items of business.

On motion of Mr. Johnston, the Board voted to omit the August meeting.

President Clement announced that the September meeting is presently scheduled for Wednesday, September 19, 1962.

President Clement stated that an executive session has been requested, and was being ordered, for consideration of property acquisitions, patentable inventions, and classified research contracts, and that this session will be held immediately after luncheon.

On motion of Mr. Williamson, the Board recessed.

ADDRESS BY PROFESSOR C. J. McINTYRE

During the luncheon recess, Professor C. J. McIntyre, Coordinator of Instructional Television, addressed the Board on the University's involvement in the airborne television program.

The sale prices are within appraisals secured by the University with the exception of the Stoughton Street property. The asking price of that property, slightly above the appraisal, was reported to and agreed upon by the Committee on Buildings and Grounds at its meeting on May 24. The Committee at that meeting also voted to recommend approval of the purchases of the other properties listed above.

Funds are available in the state capital appropriations to the University for 1961-63 from the Universities Building Fund and have been released.

I concur.

On motion of Mr. Pogue, purchase of the six properties listed above, at the prices and on the terms indicated, was authorized, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Kerner.

PURCHASE OF PROPERTIES AT 1305 WEST STOUGHTON STREET AND 1304 WEST SPRINGFIELD AVENUE, URBANA

(2) The Director of the Physical Plant and the Vice-President and Comptroller recommend purchase of the properties at 1305 West Stoughton Street and 1304 West Springfield Avenue, Urbana, at a total price of \$38,000.

The property at 1305 West Stoughton Street, Urbana, is a lot 66 feet wide and 100 feet deep, with a one-story frame residence. The property at 1304 West Springfield Avenue, Urbana, is a lot 66 feet wide and 100 feet deep, with a two-story frame residence. These buildings will eventually be removed and the land used for expansion of the Digital Computer Laboratory Building. The Board of Trustees on March 17, 1962, authorized condemnation proceedings for the acquisition of the property at 1305 West Stoughton Street, Urbana, which must be removed prior to the start of construction of the Digital Computer Laboratory Addition in the fall of 1962. The other property will be required at a later date.

The sale price (allocated in the amount of \$16,000 for the Stoughton Street property and \$22,000 for the Springfield Avenue property) is within the total of the appraised values for these properties. The owner of the properties has accepted this sale price, provided that:

Possession of the property at 1305 West Stoughton, Urbana, will be delivered to the University on or before July 15, 1962, and taxes will be prorated.

Possession of the property at 1304 West Springfield Avenue, Urbana, will be delivered to the University on or before October 15, 1962.

A lease will be offered the owner for the premises at 1304 West Springfield Avenue, Urbana, until and including June 30, 1963, at no rental charge but he will assume all expenses such as utilities, taxes, insurance, and will maintain the property in its existing condition.

Funds are available in the state capital appropriations to the University for 1961-63 from the Universities Building Fund and have been released.

I concur.

On motion of Mr. Pogue, purchase of these properties, at the prices and on the terms indicated, was authorized, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Kerner.

CLASSIFIED GOVERNMENT RESEARCH SECURITY CLEARANCES FOR TRUSTEES

(3) The Board of Trustees has declared, and has made this a matter of record, that its Executive Committee shall act for the Board on any contracts, and business incidental thereto, dealing with classified material relating to government research, so that only the members of the Executive Committee will be required to have security clearances and to avoid the necessity of securing such clearances for all the members of the Board.

In order to make this certification acceptable to governmental authorities, it is necessary to adopt the following supplementary declaration:

The Board of Trustees further declares that only Trustees Wayne A. Johnston, U.S. Citizen, Mrs. Frances B. Watkins, U.S. Citizen, and Howard W. Clement, U.S. Citizen, who are the present members of the Executive Committee, will have access to classified security information, and that Trustees Otto Kerner, U.S. Citizen, George T. Wilkins, U.S. Citizen, Earl M. Hughes, U.S. Citizen, Timothy W. Swain, U.S. Citizen, Richard A. Harewood, U.S. Citizen, Harold Pogue, U.S. Citizen, Irving Dilliard, U.S. Citizen, and Kenney E. Williamson, U.S. Citizen, will not have access to classified security information.

The Secretary of the Board requests adoption of this supplementary declaration and that he be authorized to send certified copies to the government agencies concerned.

On motion of Mr. Swain, the foregoing resolution was adopted.

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

(4) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendation relating to an invention by members of the staff.

Coprophygy-preventing animal cage—B. Connor Johnson, Professor of Animal Biochemistry, Louis Nash, Junior Laboratory Attendant in the Department of Animal Science, and Ryland E. Webb, Graduate Student, inventors. The invention consists of an animal cage having the form of a continuous tunnel which permits the animal to move forward without obstruction, but does not permit movement in a vertical or horizontal direction. It is so constructed that at least the floor of the cage is perforated or slotted to permit fecal material to fall out of reach of the animal.

The University Patent Committee has voted to recommend the release of the rights to this invention to the inventors if they indicate an interest in obtaining a patent and the release of the rights to the sponsoring agency, the United States Office of the Surgeon General, if it is the decision of the inventors not to file for a patent.

I concur in this recommendation.

On motion of Mr. Swain, this recommendation was approved.

MEETINGS OF BOARD COMMITTEES

Meetings of the Committee on General Policy and Committee on Buildings and Grounds were held in the afternoon following adjournment of the Board.

On motion of Mr. Williamson, the Board adjourned.

APPENDIX

UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1962-63

(Approved by the Board of Trustees June 20, 1962, page 1500)

EXPLANATORY NOTES

This budget consists of three volumes:

- I. Summaries of all divisions; Urbana-Champaign divisions and general University administration — academic and administrative salaries, wages, expense, and equipment.
- II. Chicago Medical Center (including Division of Services for Crippled Children), and Chicago Undergraduate Division — academic and administrative salaries, wages, expense, and equipment.
- III. Nonacademic salaries, all divisions.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1962.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar, Chicago Business Office, or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries" and "Wages, Expense, and Equipment." Transfers may be made between "Salaries" and "Wages, Expense, and Equipment" upon approval of the Executive Vice-President and Provost, except that transfers between salaries and wages may be made by the Vice-President and Comptroller to the extent of the full-time equivalence of the salary positions. All requests for transfers should be submitted through the Vice-President and Comptroller, with the reason for the transfer. Nonrecurring unassigned items may be assigned to departments for equipment or minor remodeling projects, merely upon notice to the Accounting Division, except that any assignment of more than \$1,000 must first be approved by the Executive Vice-President and Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1962. All balances and overdrafts in regular appropriations will be carried forward to 1963-64 unless otherwise notified by the Business Office.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds and restricted budgets are on an estimated basis. Appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be canceled if the funds for cooperative investigations are withdrawn.

Explanatory Notes on the Salary Budget

1. The services required for members of the academic and administrative staff are in accordance with Section 37 of the University of Illinois Statutes and Section 26 of the General Rules Concerning University Organization and Procedure.

a. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

b. For positions or portion of positions in the academic budget not indicated as "Y," services are required only during the academic year of two semesters (three terms at the Medical Center). Summer session teaching, if required, will be covered by an additional appointment with salary.

2. Services of the nonacademic staff are in accordance with Civil Service regulations. All positions are for twelve months' service, less vacation, unless otherwise indicated.
