EXECUTIVE SESSION

On motion of Mr. Swain, an Executive Session was ordered for the consideration of personnel matters.

APPOINTMENTS TO NONACADEMIC POSITIONS FOR 1961-62

(1) The Vice-President and Comptroller reported that due to unavoidable delays in the preparation of the University's internal operating budget for 1961-62, the budget will not be ready for consideration by the Board until after the first of August but it must be approved by the opening of the academic year on September 1, 1961, when the great majority of appointments and reappointments to the academic staff become effective. However, appointments to and changes in salaries and wages of the nonacademic staff become effective July 1. In order to prepare the July payroll, authorization of payment of the salaries and wages proposed for nonacademic employees for 1961-62 is needed at this time. Accordingly, with the concurrence of the President and the Vice-President and Provost, the Vice-President and Comptroller requested authorization to put into effect, as of July 1, the nonacademic salaries and wages recommended by the colleges and departments of the University. These salaries and wages scales will be subject to final approval by the Board when the budget is submitted in August.

On motion of Mr. Johnston, authority was given as requested.

MEETINGS OF BOARD COMMITTEES

Meetings of the Committees on General Policy, Buildings and Grounds, and Finance were held later in the day.

President Henry discussed informally with the Committee on General Policy candidates under consideration for appointments to major administrative positions including those of Director of the Jane Addams Graduate School of Social Work and of Legal Counsel.

On motion of Mr. Swain, the Board adjourned.

**BUSINESS PRESENTED BY THE VICE-PRESIDENT
AND PROVOST OF THE UNIVERSITY**

The Committee considered the following reports and recommendations presented by the Vice-President and Provost, acting for the President of the University.

CONTRACTS FOR REMODELING AT NAVY PIER FOR CHICAGO UNDERGRADUATE DIVISION

(1) The Board of Trustees has authorized the lease of additional space at Navy Pier to provide for relocation and expansion of the Student Lounge as the first step in the initiation of a program of "Student Union" activities at the Chicago Undergraduate Division, and to provide for expansion of the reading room area of the Library at the Pier. A Student Union fee of \$5.00 per semester has been established by the Board, at the request of students, to provide income for the Student Union operations. The Board also appropriated funds for the rental and for the necessary remodeling.

The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for this remodeling, the award in each case being to the lowest bidder:

General—Mueller Construction Company, Chicago.....\$30 979
Electrical—B-H Electric Company, Chicago..... 8 921

The lowest bids cover replacement of the wood block flooring with concrete floor at a cost of \$11,500; and the electrical work incidental to the removal of the flooring at a cost of \$102. The total of \$11,602 will be paid from interest on funds held in escrow for rehabilitating Navy Pier when it is vacated by the University.

I concur.

On motion of Mr. Johnston, these contracts were awarded by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACT FOR INSTALLATION OF ELEVATORS IN STUDENT SERVICES BUILDING

(2) The Board of Trustees on May 17, 1961, awarded contracts for the construction of the Student Services Building. Recommendation for award of a contract for the installation of elevators was deferred until certain questions concerning the then apparently lowest bid could be answered. The Director of the Physical Plant and the Vice-President and Comptroller now recommend award of a contract for \$54,781 to Otis Elevator Company, Chicago, for the installation of elevators.

Funds are available from the proceeds of the Student Services Building Revenue Bonds issue.

I concur.

On motion of Mrs. Watkins, this contract was awarded by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACT FOR CONSTRUCTION OF THE SOUTHWEST CAMPUS STORM SEWER

(3) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract to Clancy Construction Company, Urbana, the lowest bidder, for the construction of the southwest campus storm sewer at a contract price of \$522,448.50, if funds are available within sixty days following the taking of bids on June 29, 1961, that is, no later than August 28, 1961, or at a contract price of \$582,448.50 if the funds are not available until after sixty days but within one hundred and twenty days or not later than October 27, 1961. This storm sewer will be constructed from a manhole station at Fourth Street and Florida Avenue running west on the south side of Florida Avenue past Oak Street, thence southwest and south to the outlet at the Embarrass River and will include laterals north on Oak Street to the Central Foods Stores Building and to another manhole station on the north side of Florida Avenue.

Contractors were instructed to include in their bidding any additions to their bids if the contracts can not be awarded within sixty days but are awarded in one hundred and twenty days. It was deemed necessary to take bids in this way because the funds for this construction will come from the proceeds of the Universities Bond Issue and it can not be determined how soon the funds will be available and will be released.

Submitted herewith is a report from the Physical Plant Department on this project, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur in these recommendations for the awards of contract, subject to the availability of funds.

On motion of Mr. Johnston, this contract was authorized, subject to availability of funds, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACT FOR CONSTRUCTION OF VOLATILE STORAGE BUILDING

(4) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for the construction of a Volatile Storage Building northwest of the Central Food Stores Building, immediately east of the Illinois Central Railroad tracks:

General — L. E. DeVore Company, Decatur.....	\$28 021 00
Base Bid	\$27 643 00
Additive Alternate: for cost of providing a permanent crossing for the railroad siding to connect with the driveway and parking area to this building.....	986 00

Heating — George S. Walker Plumbing and Heating, Inc., Decatur.....	3 800 00
Ventilating — F. R. Inskip and Company, Champaign.....	2 552 00
Total Contracts	\$37 792 00

An assignment of \$54,000 from Chemical Stores reserve funds is also recommended for the construction of this building. The difference between this amount and the total of the contracts is for preparation of plans, extension of utilities, and other work to be done in connection with the construction of the building.

Submitted herewith is a supporting memorandum from the Physical Plant Department, including a schedule of all bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, and the requested assignment of funds was approved by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACTS FOR EXTENSION OF UTILITIES DISTRIBUTION SYSTEM

(5) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts, subject to availability of funds, for construction of extensions of the utilities distribution system as described below, the award in each case being to the lowest bidder.

Tunnel, Concrete Ductruns, Manholes, and Load Centers Construction to Women's Residence Halls. From the existing utilities tunnel at the northwest corner of the Veterinary Medicine Building, east along Peabody Drive, thence south across Pennsylvania Avenue to the Women's Residence Halls now under construction at Lincoln and Pennsylvania Avenues with alternates for extension of tunnel structure beyond the site improvements for the new residence halls.

Tunnel, Concrete Ductruns, and Manhole Construction to Assembly Hall. From the existing utilities tunnel on South Oak Street north of the Central Food Stores Building, south across Florida Avenue, thence east on the south side of Florida Avenue to the approximate mid-point between First Street and Fourth Street, where it will connect with the piping system to the Assembly Hall.

Conduit Construction. From the tunnel at the north of the Administration Building to John Street, thence west on the north side of John Street to the Student Services Building.

The following contracts are recommended for the construction of some of these extensions.

Underground Steam Tunnel, Concrete Ductruns, Manholes, and Load Centers Construction to Women's Residence Halls (Division "AA") — Superior Construction Company, Inc., Gary, Indiana.....	\$347 206
Base Bid	\$279 186
Additive Alternate: for extension of underground steam tunnel structure, concrete ductruns, and manholes beyond the site improvements for service to future housing projects and other developments in this area.....	68 020
Underground Steam Tunnel, Concrete Ductruns, and Manholes Construction to Assembly Hall (Division "FF") — Kuhne-Simmons Company, Inc., Champaign.....	399 934
Piping System in Underground Steam Tunnel to Assembly Hall (Division "GG") — Burdick Plumbing and Heating Company, Inc., Decatur	167 996

It should be noted that these bids, received on June 8, 1961, are contingent on awards of contracts within ninety days. All of the contractors were requested to specify the amounts to be added to their bids if contracts are not awarded within ninety days, but are awarded within one hundred and eighty days. It was necessary to take bids on this basis because the construction funds for these contracts will come from state capital appropriations from the proceeds of the Universities Bond Issue and it is not known how soon such funds will be available and will be released. Accordingly, it is recommended that the Executive Committee authorize awards of these contracts subject to availability of funds within ninety days, which means not later than September 6, 1961. If funds are not available so that contracts can be awarded within ninety days or by September 6, 1961, but are made available within ninety days thereafter or by December 6, 1961, it is recommended that the authorization for the award of the above contracts be revised as follows:

Underground Steam Tunnel, Concrete Ductruns, Manholes, and Load Centers Construction to Women's Residence Halls (Division "AA") — Superior Construction Company, Inc., Gary, Indiana.....	\$357 206
Base Bid	\$279 186
Additive Alternates	68 020
Extension of Award Date.....	10 000
Piping System in Underground Steam Tunnel to Assembly Hall (Division "GG") — George S. Walker Plumbing and Heating, Inc., Decatur....	177 820
Base Bid	\$177 820
Extension of Award Date.....	No change

The increase specified in the bid of Kuhne-Simmons Company, Inc., Champaign, for the contract for the construction of underground steam tunnel, concrete ductruns, and manholes to Assembly Hall (Division "FF"), and other bids for that contract, if funds are not available to award that contract within the ninety-day period from June 8, 1961, are such that it is recommended that bids based on delay in the award of that contract beyond that ninety-day period be rejected and new bids be taken for that contract, if awarded during the ninety-day period following September 6, 1961.

The following contracts are recommended for the construction of the remainder of the above mentioned extensions.

Plumbing in Underground Steam Tunnel to Women's Residence Halls (Division "BB") — Nu-Way Plumbing Service, Inc., Chicago.....	\$ 4 213
Plumbing in Underground Steam Tunnel to Assembly Hall (Division "JJ") — George S. Walker Plumbing and Heating, Inc., Decatur....	15 000
Piping in Underground Steam Tunnel to Women's Residence Halls (Division "CC") — George S. Walker Plumbing and Heating, Inc., Decatur	95 340
Base Bid	\$78 640
Additive Alternate: for furnishing and installation of an eight-inch medium pressure steam line in new steam tunnel, in addition to that required.....	16 700

Thermal Insulation on Steam Piping in Tunnel to Women's Residence Halls (Division "DD") — Brand Insulations, Inc., Chicago.....	16 250
Base Bid	\$11 950
Additive Alternate: for insulation on eight-inch medium pressure steam line.....	4 300
Thermal Insulation on Piping in Steam Tunnel to Assembly Hall (Division "HH") — A & K Midwest Insulation Company, Inc., Metropolis	41 000
Piping System for Extension of Steam Service to Student Services Building (Division "PP") — George S. Walker Plumbing and Heating, Inc., Decatur	34 000

Since none of the lowest bidders for the six contracts last mentioned above have included any increase in their bids for those contracts if they are not awarded within ninety days from June 8, 1961, but are awarded within one hundred and eighty days from that date, it is recommended that the Executive Committee authorize awards of those contracts subject to the availability of funds within one hundred and eighty days after June 8, 1961, or by December 6, 1961.

A supporting memorandum from the Physical Plant Department on these projects, including a schedule of the bids received, is submitted herewith, and a copy is being filed with the Secretary of the Board of Trustees for record.

I concur in the foregoing recommendations, subject to availability of funds.

On motion of Mrs. Watkins, these contracts were authorized, as recommended, subject to the availability of funds, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACTS FOR EXTENSIONS OF UTILITIES DISTRIBUTION SYSTEM

(6) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts as follows, subject to availability of funds, for additions to underground facilities: water main extension to Student Services Building; and water mains, storm sewers, and sanitary sewers to serve the Women's Residence Halls under construction at Lincoln and Pennsylvania Avenues, Urbana:

Construction of Storm Sewers and Water Mains to serve Women's Residence Halls (SW-2) and Student Services Building — Elton A. Wagner Company, Danville.....	\$64 127 15
Construction of Storm Sewer to serve Women's Residence Halls (SW-2).....	\$36 666 94
Additive Alternate: for extension of storm sewer beyond the present site improvements to serve future buildings to be constructed on Florida Avenue.....	6 449 03
	<u>\$43 115 97</u>
Construction of Water Mains to serve Student Services Building	\$ 4 988 20
Construction of Water Mains to serve Women's Residence Halls (SW-2) from the north source of supply	4 116 83
Additive Alternate: construction of Water Mains to serve Women's Residence Halls (SW-2) from the South to provide a second source of water supply and additional fire protection, and a source of supply and fire protection for future buildings to be constructed on Florida Avenue.....	11 906 15
	<u>\$16 022 98</u>

Construction of Sanitary Sewers to serve Women's Residence Halls (SW-2) — Nu-Way Plumbing Service, Inc., Chicago.....	14 197 00
---	-----------

The bids were opened on July 13, 1961, and are firm for one hundred and twenty days. Contractors were instructed to include in their bids any adjustments in price they would require if the award of contracts was deferred beyond the usual sixty-day period up to a total of one hundred and twenty days after the date of bid opening. This provision is necessary because the funds for the contracts will come from the state capital appropriations from the proceeds of the Universities Bond Issue and it is not known how soon such funds will be available and released. All the contractors bidding indicated there would be no change in their prices if awards of contracts are deferred an additional sixty days. The bidding document

also required bidders to include in their base bids and alternates allowances for sales and use tax anticipated to be paid by the contractors on materials purchased in Illinois for this work, with the provision that if the University is exempt from paying or collecting such taxes it will receive credit for the amounts included for such taxes in the bidding.

Submitted herewith is a supporting memorandum from the Physical Plant Department, including a schedule of all bids received and the breakdown of the same, a copy of which is being filed with the Secretary of the Board for record.

I concur in the recommendations for the awards of these contracts, subject to availability of funds.

On motion of Mr. Johnston, these contracts were authorized, as recommended, subject to availability of funds, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

**CONTRACTS FOR EXTENSION OF ELECTRICAL SERVICES
TO STUDENT SERVICES BUILDING, ASSEMBLY HALL,
AND WOMEN'S RESIDENCE HALLS AT PENNSYLVANIA
AND LINCOLN AVENUES**

(7) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for construction of extensions of utilities to the Student Services Building, the Assembly Hall, and the Women's Residence Halls at Pennsylvania and Lincoln Avenues, the award in each case being to the lowest bidder:

Extension of Electrical Service to Student Services Building (Division "DD") — Harrison F. Blades, Inc., Decatur.....	\$ 37 398
Furnishing and Installation of Electrical Equipment and Cables for Electrical Distribution Systems Additions for the Women's Residence Halls at Pennsylvania and Lincoln Avenues and for other buildings in that area (Division "EE") — Square Deal Electrical Contracting, Inc., LaPorte, Indiana.....	214 228
Base Bid	\$173 856
Additive Alternates	40 372
Electrical Work for Extension of Steam and Electric Service to New Assembly Hall (Division "II") — Harrison F. Blades, Inc., Decatur..	37 995

The bids on which the contracts are being recommended were taken on June 1, 1961, and are firm bids if contracts can be awarded within ninety days, i.e., no later than August 29, 1961. Contractors were instructed to include in their bidding any adjustments they would require if the contracts can not be awarded within ninety days but are awarded within one hundred and eighty days. This was necessary because the construction will be financed from the proceeds of the Universities Bond Issue and it can not be determined how soon funds will be available and will be released. Bids were taken at the same time on a single contract covering all three divisions of work.

If funds are not available so that contracts can be awarded within ninety days but are available for awards within one hundred and eighty days, it is recommended that a single contract covering all three divisions of work be awarded to Square Deal Electrical Contracting, Inc., on its lowest bid of \$290,716, including the additive alternates recommended under Division "EE."

Submitted herewith is a supporting memorandum from the Physical Plant Department including a list of all bids received, a description of the additive alternates to be included in the contract for the furnishing and installation of electrical equipment and cables for the Electrical Distribution System (Division "EE"), and a copy is being filed with the Secretary for record.

I concur.

On motion of Mrs. Watkins, these contracts were authorized, as recommended, subject to availability of funds, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACT FOR ADDITION TO ABBOTT POWER PLANT

(8) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$30,891 to the Oberle-Jordre Company, Inc.,

Cincinnati, Ohio, the lowest bidder, for erection of mechanical equipment (Division "8-P") on the addition (Boiler No. 6, Unit No. 7) to the Abbott Power Plant now under construction.

Funds are available in the state capital reappropriations to the University for 1961-63 and are subject to release by the Governor.

Submitted herewith is a report from the Physical Plant Department on this project, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Johnston, this contract was awarded, subject to availability and release of funds, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACTS FOR REMODELING IN BEVIER HALL FOR ELECTRON MICROSCOPE CENTER

(9) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for remodeling of the north basement of Bevier Hall for quarters for an Electron Microscope Center, the award in each case being to the lowest bidder:

General—Dean Evans Company, Champaign.....	\$ 29 379 00
Electrical—Potter Electric Service, Inc., Urbana.....	17 462 00
Plumbing—George S. Walker Plumbing and Heating, Inc., Decatur..	21 757 00
Heating and Refrigeration—F. R. Inskip and Company, Champaign..	16 290 00
Ventilating—F. R. Inskip and Company, Champaign.....	18 383 00
Laboratory Equipment—Sheldon Equipment Company, Muskegon, Michigan.....	12 676 95
Total Contracts	\$115 947 95

It is recommended that a single contract for \$34,673 be awarded to F. R. Inskip and Company, the lowest bidder on both heating and refrigeration and on ventilating.

Funds are available from the following sources:

National Science Foundation Grant.....	\$ 86 600 00
University Research Board.....	39 200 00
Nonrecurring Appropriation from the General Reserve (assignment previously made by the Board for this project).....	59 100 00
Total	\$184 900 00

Submitted herewith is a report from the Physical Plant Department on this project, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

ADDITION TO CONTRACT FOR CONSTRUCTION OF GRADUATE STUDENT RESIDENCE HALL

(10) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$7,693.02 in the contract with Johnson, Drake, and Piper, Inc., for construction of the Graduate Student Residence Hall (SG-2) to prepare the site for walk and terrace paving and landscaping. Separate bids will be taken later for the walks and landscaping but it is desirable, and more economical, that preparation of the site be done in connection with the rough grading which the general contractor is required to do. The change orders will cover additional grading and underground electrical and drainage work which the general contractor is well equipped to do in conjunction with his completion operations.

The other contracts for the construction of this building have been assigned to the general contractor and payments will be made to:

Johnson, Drake, and Piper, Inc.....	\$4 722 75
Knight Electric Company, Inc., for additional electrical work.....	2 503 27

George S. Walker Plumbing and Heating, Inc., for additional drainage work 467 00

Funds are available in the construction account for the Graduate Student Residence Halls which is being financed by a revenue bond issue.

I concur.

On motion of Mr. Johnston, the recommended change orders were authorized without dissent. The four other members of the Board present concurred in this action of the Executive Committee.

CONTRACT FOR MINOR BUILDING ALTERATIONS AND REPAIRS

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a standing cost-plus contract to M. E. Hollett, Champaign, the lowest bidder, for painting work on minor building alterations, repairs, and construction work for the period July 1, 1961, through March 31, 1962. This contract supplements the awards of cost-plus contracts for general work, electrical, plumbing, heating, piping, and refrigeration, and automatic temperature control systems for conditioned air which were authorized by the Board of Trustees on June 21, 1961. Such contracts are for work which would not justify the cost of preparing separate drawings and specifications and of separate bidding procedures on each project.

The terms of the contract with M. E. Hollett will be on the basis of actual costs, plus 10 per cent of cost of materials, 31 per cent of labor costs, and \$3.00 per hour for trucking, these percentages representing the contractor's fee. The work will be done as ordered by the Physical Plant Department and will be paid for on the basis of actual cost of each job plus the percentage fees. No assignment of funds is requested; each job will be covered by a contract change order charged against funds allocated for the project.

A supporting memorandum from the Physical Plant Department including a schedule of bids received is submitted herewith and a copy is filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, this contract was authorized by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

CONTRACT FOR INSURANCE

(12) The Finance Committee of the Board has approved a proposal submitted to it by the Vice-President and Comptroller for consolidation of the insurance on all properties currently covered at the Urbana-Champaign campus, the Chicago campuses, farm properties, builders' risk and business interruptions insurance in one policy instead of separate policies and to secure bids on such a master policy. All properties acquired in the future which should be insured would be covered by endorsement of the master policy for the remainder of its term.

On January 13, 1949 (minutes, page 200), the Board of Trustees adopted a "Report of Finance Committee on Insurance Practices," Section C II of which provides that fire and extended coverage on University risks shall be placed with stock and mutual companies at a ratio, as nearly as practicable, of 75-25 per cent respectively, except that individual risks which are under \$50,000 may be placed completely with either stock or mutual companies. It is recommended that this Report be amended by deletion of Section C II to permit the purchase of a master policy. This provision should be rescinded in any case because it is not consistent with the "Regulations Governing Procurement and Bidding at the University of Illinois," adopted by the Board in 1958, which require that purchases shall be made at the lowest cost, and stock and mutual companies are seldom equally low. If the Executive Committee approves this recommendation, its action will require confirmation by the Board of Trustees at a subsequent meeting since a previous action of the Board is being amended.

Bids were taken on June 29, 1961, on a single fire insurance and extended coverage policy. The Vice-President and Comptroller recommends that a policy be purchased from the American Casualty Company of Reading, Pennsylvania, the lowest bidder, through the H. R. Bresee Agency, Champaign. The policy is for a

term of five years, effective as of July 1, 1961, for a pre-paid premium of \$133,208.33. A binder has been placed on the coverage from July 1. Funds are available in the various operating accounts of the properties to be covered.

The Vice-President and Comptroller further recommends that insurance be carried on the Kramert Art Museum as a matter of good trusteeship since funds for the construction of this building came from private donors. The premium quoted includes the cost, \$1,131.30, of insuring this building for five years.

The coverage recommended will provide for the same protection as the current policies, is not subject to any deductions or restrictive clauses, and will be written as follows:

Buildings and contents at Urbana and Champaign and Chicago will be insured on a blanket basis at 90 per cent of the depreciated insurable value. Properties will be covered for perils of fire and extended coverage; coverage of the Chicago properties will include peril of vandalism and malicious mischief.

Farms and rural properties will be insured on a scheduled basis for 80 per cent of the depreciated insurable value.

Business interruption insurance will be written on a scheduled basis at 80 per cent of the gross earnings of the operations covered.

The policy will include an agreed amount clause which removes the coinsurance requirements.

The annual appraisal services now performed by an outside professional firm will be discontinued. The Company will provide the services of its engineering department to assist in determining insurable value.

Since the policy is written on an agreed amount basis, dangers of becoming a coinsurer are removed. The only concern is that the amount of insurance is satisfactory to the University and the carrier.

The lowest bid of \$133,208.33 is on \$53,756,027 of insurance coverage and is \$113,191.26 less than the current premiums.

A schedule of the bids received is submitted herewith, and a copy is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, the purchase of a master policy was authorized, as recommended, by the following vote: Aye, Mr. Johnston. Mrs. Watkins, Mr. Williamson; no, none; absent, none.

EXECUTIVE SESSION

At this point an Executive Session was requested, and was ordered by the Chairman of the Committee, for consideration of personnel matters.

REQUEST OF DR. ANDREW C. IVY

The Vice-President and Provost and the Vice-President in charge of the Chicago Professional Colleges reported that Dr. Andrew C. Ivy, Distinguished Professor of Physiology and Head of the Department of Clinical Science, who has reached the statutory age of retirement, has requested that:

The Department of Clinical Science be continued for one year from September 1, 1961, with a budget of \$21,600, exclusive of Dr. Ivy's salary. The Executive Committee of the College of Medicine had previously recommended, the Chicago Professional Colleges Senate concurring therein, that the Department of Clinical Science be discontinued with the retirement of Dr. Ivy.

He be continued in active service for one year from September 1, 1961, at his present salary of \$18,500; or that if he is retired, he be permitted to continue as Head of the Department of Clinical Science for one year from September 1, 1961, and that laboratory facilities and funds for his research program, including salaries of some of his present staff, be provided.

Following discussion of these reports, it was the consensus of the Executive Committee and of the other Trustees present that action on Dr. Ivy's request be deferred pending actions by the Dean and the Executive Committee of the College of Medicine and by the President of the University.

APPOINTMENT OF LEGAL COUNSEL

The Secretary presented a brief report concerning a recommendation which will be made by the President of the University to the Board of Trustees on August 10, 1961, concerning the appointment to this position. The Trustees have previously been informed that Mr. James J. Costello of the law firm of Clark and Costello, 135 South LaSalle Street, Chicago, will be recommended for this appointment, and that he has agreed to accept. The Trustees have informally indicated their approval of the appointment.

COMPLAINT OF ALVIN W. CROWLEY

Chairman Williamson informed the Committee that he has received a request from Mr. Alvin W. Crowley, a former nonacademic employee, for a hearing by the Board of Trustees regarding termination of his employment.

Mr. Crowley was employed in the Department of Physics at Urbana-Champaign with the civil service classification of Instrument Maker on May 18, 1959. His employment was terminated before expiration of the standard six-month probationary period. He had instituted legal proceedings in the Circuit Court of Champaign County for an injunction to prevent his dismissal, alleging that it was illegal, but the petition was denied by the Court.

It was the consensus of the Executive Committee and of the other Trustees present that Mr. Crowley should not be given a hearing by the Board of Trustees since his proper recourse is to the Merit Board of the University Civil Service System of Illinois.

On motion of Mrs. Frances B. Watkins, the Committee adjourned.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board took up consideration of the following reports and recommendations from the President of the University.

INTERNAL OPERATING BUDGET 1961-62

(1) The University's internal operating budget for all divisions and funds for the fiscal year beginning July 1, 1961, for academic and administrative appointments beginning September 1, 1961, and for nonacademic personnel appointments beginning July 1, 1961, is submitted herewith. This budget has been prepared by the Vice-President and Provost and the Vice-President and Comptroller in accordance with policies recommended by the University Budget Committee and procedures approved by the President. It is based upon recommendations of deans, directors, and other administrative officers and has been reviewed by the President.

I recommend that this budget, covering the allocation of the estimated operating income from all sources for the year beginning July 1, 1961, be approved; and that the President of the University be authorized, in accordance with the needs of the University and the equitable interests involved and within total income, (a) to accept resignations, (b) to make such additional appointments as are necessary, subject to the provisions of the University Statutes and the Policy and Rules Relating to Compensation and Working Conditions of Non-academic Employees, and (c) to make such changes and adjustments in items included in the budget as are needed, all such changes to be covered in the Vice-President and Comptroller's quarterly financial report, or in reports to the Board by its Secretary.

The complete budget for all divisions of work with a condensed analysis and summaries was sent to the Trustees in advance of today's meeting.

Mr. Swain, Chairman of the Finance Committee, reported that the Committee held a called meeting in Urbana, Illinois, on Wednesday, August 9, 1961, for the purpose of reviewing the budget in detail, in consultation with the President and other University officials. All members of the Committee were present at this meeting, and also Trustees Howard W. Clement, Irving Dilliard, Richard A. Harewood, Earl M. Hughes, Harold Pogue, George T. Wilkins, and Kenney E. Williamson, all of whom participated with the Committee in the study of the budget. At the conclusion of the meeting, the Committee voted to recommend approval of the budget as now submitted.

Following the Committee's report, the President and the Vice-President and Provost discussed the budget as presented in the Condensed Analysis and Summaries, a copy of which was filed with the Secretary for record. At the conclusion of the President's presentation, and following further discussion in which all members of the Board present participated, Mr. Swain moved that the budget be adopted, and that the President of the University be authorized to take the actions presented in his recommendations; and that the necessary appropriations be made as recommended in the detailed budget.

This motion was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Governor Kerner.

The detailed budget appears as an appendix to these minutes on page 697.

Excess of Income over Appropriations.....	4 330	4 083

The budget has been examined and approved by the Vice-President and Provost and the Vice-President and Comptroller.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments, including approval of new appointments and acceptances of resignations, as are necessary and recommended by the Board of Directors of the Athletic Association within the total income realized.

On motion of Mr. Harewood, this budget was approved.

APPOINTMENT OF DR. MARIETTA STEVENSON

(3) Professor Marietta Stevenson, Director of the Jane Addams Graduate School of Social Work, had previously elected to retire on September 1, 1961, and her request was approved. In view of the fact that her successor can not take over until February 1, 1962, she has agreed to continue in active service and I therefore recommend renewal of her appointment as Professor of Social Work and Director of the Jane Addams Graduate School of Social Work for the period September 1, 1961, through January 31, 1962, at a total salary of \$7,294 for this period.

On motion of Mr. Dilliard, this appointment was approved.

The nomination for this appointment was initiated by a special search committee¹ appointed to canvass the field of available and qualified candidates and to make recommendations. The Executive Committee of the School has been consulted as have been the Vice-President and Provost and the Dean of the Graduate College. This appointment will fill the vacancy created by the retirement of Director Marietta Stevenson from active service.

The nomination for this appointment was initiated by a special search committee² and is concurred in by all recommending officers concerned. The appointment is to fill the vacancy created by the change in status of Mr. Ralph F. Lesemann, who has been Legal Counsel for the University since July, 1951, and who has asked to be relieved of this administrative assignment for reasons of health. The Board on March 14, 1961, approved a change in his status to Special Counsel on 45 per cent time for such assignments of legal work as can be carried on by him under this arrangement.

On motion of Mr. Swain, this appointment was approved.

This appointment is to fill the vacancy which will be created by the retirement of Dean Seward C. Staley from active service on September 1, 1961.

The appointment of Dr. McCristal is recommended upon nomination by a special search committee¹ appointed to canvass the field of potential candidates, examine their qualifications and make recommendations, and after consultation with the Executive Committee of the College of Physical Education. The Vice-President and Provost and the Dean of the Graduate College also have been consulted and concur.

On motion of Mr. Wilkins, this appointment was approved.

HEADSHIP OF DEPARTMENT OF PHARMACY

(7) The Dean of the College of Pharmacy and the Vice-President in charge of the Chicago Professional Colleges recommend the appointment of Dr. Martin I. Blake, presently Associate Professor of Pharmacy, as Professor of Pharmacy on indefinite tenure, and Head of the Department of Pharmacy beginning September 1, 1961, at an annual salary of \$15,000 on a twelve-month service basis.

The Headship of the Department is presently vacant. The recommendation for this appointment was initiated by a special search committee² after more than a year of study of qualifications of available candidates, and Dr. Blake is the unanimous choice of the Committee. The Vice-President and Provost and the Dean of the Graduate College have been consulted and concur.

SABBATICAL LEAVES OF ABSENCE, 1961-62

(11) I recommend that the following members of the staff be given sabbatical leaves of absence during the academic year 1961-62 in accordance with the provisions of the University of Illinois Statutes and on the terms and for the periods

indicated. This is supplementary to the lists of applications recommended to the Board of Trustees on March 14 and April 19, 1961.

HERBERT GOLDSTEIN, Associate Professor of Education in the College of Education and in the Institute for Research on Exceptional Children, second semester (March 1 through August 31, 1962), one-half pay; to engage in curriculum research in the area of mental retardation, work to be done in the University of Oslo, Norway.

SCHOLARSHIPS FOR FOREIGN DISPLACED STUDENTS

(12) In February, 1957, the Board of Trustees, on recommendation of the University Committee on Undergraduate Scholarships, authorized fifteen tuition and fee scholarships for displaced foreign students or refugees who meet admission requirements. This authorization renewed and increased from ten to fifteen the number of scholarships for displaced foreign students previously authorized by the Board.

The scholarships authorized in 1957 were for four years and will expire on August 31, 1961. The Committee on Undergraduate Scholarships recommends an extension of this scholarship program for a four-year period beginning in September, 1961.

I concur.

On motion of Mrs. Watkins, the extension of this scholarship program was authorized.

CHANGES IN CURRICULA IN CHEMISTRY AND CHEMICAL ENGINEERING

(13) The Urbana-Champaign Senate has recommended certain changes in the curricula leading to Bachelor of Science degrees in Chemistry and Chemical Engineering, effective September 1, 1961, these changes having previously been approved by the faculty of the College of Liberal Arts and Sciences.

Significant changes in the curriculum in chemistry include:

Eighty-one hours of specifically required courses instead of ninety-two.

Change in language requirement from two years of foreign language (French, German, or Russian) to either two years of German or one year of German and one year of Russian.

Addition of the following specific requirements with regard to electives: eight semester hours from upper-level courses in chemistry in addition to those specifically required; twelve additional semester hours from advanced courses in chemistry, physics, mathematics and/or biological sciences; and ten semester hours selected from non-science areas.

Significant changes in the curriculum in chemical engineering include:

Deletion of the bioengineering option (this option was offered for chemical engineers particularly interested in the fermentation, pharmaceutical, and food industries).

Removal of Chemistry 124, Quantitative Analysis, from first semester of sophomore year, replaced by Chemistry 321, Chemical and Instrumental Analysis, a new course, in the senior year.

Removal of Chemical Engineering 377, Chemical Engineering Technology, as a requirement in the engineering option, replaced by a required advanced technical elective in chemical engineering (the engineering option is for chemical engineers who intend to enter industry at the completion of the Bachelor of Science degree).

Addition of Mathematics 343, Advanced Calculus, or Mathematics 345, Differential Equations and Orthogonal Functions, as a requirement in the engineering option.

Addition of a required advanced chemical engineering elective, two or three hours in the physical science option (the physical science option is primarily for

chemical engineers who expect to engage in advanced study and research beyond a Bachelor of Science degree).

The Senate Coordinating Council has advised that these revisions have been discussed with appropriate officials at the Chicago Undergraduate Division and require no further Senate action. The details are submitted in the attached supplement, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Clement, this recommendation was approved.

HIGHWAY TRAFFIC SAFETY CENTER

(14) The Sixty-Ninth General Assembly in 1955 enacted Senate Bill 777 providing for the establishment of the Illinois Division of Traffic Safety within the Department of Public Safety. One section of this law provides that the University of Illinois "may serve as the training and research center for the Coordinator of the Division of Traffic Safety and for the Traffic Safety Committee and may develop and conduct training programs, special studies, surveys, and other services in the field of public safety and traffic accident prevention."

In the fall of 1958, the President appointed a Committee on Utilization of University Resources for Traffic Safety to conduct a survey of University resources for teaching, research, and special service in the field of traffic safety, and to make recommendations concerning the use of these resources.

The Committee submitted a comprehensive report on June 30, 1960, including a survey of activities within the University related to traffic safety and a review of organizational arrangements in other state universities for the study of problems in this area. The establishment of a traffic safety center at the University of Illinois was recommended, with an initial budget of \$40,000 a year.

Because funds were not available, this proposal could not be implemented during 1960-61. It was decided, however, that the Vice-President and Provost would study the possibility of initiating the Center in 1961-62, either through the addition of funds to the regular budget or through the use of temporary savings on a nonrecurring basis. Because of budget cuts, no such addition to the budget for 1961-62 has been possible. The Vice-President and Provost recommends, therefore, that a more limited program than originally proposed be initiated during 1961-62 through coordination of existing research and training activities, and through a nonrecurring appropriation from the General Reserve.

With the concurrence of the Committee and the Dean of the College of Engineering, the Vice-President and Provost recommends that the Highway Traffic Safety Center be established within the College of Engineering, under the general supervision of the Dean of that College. Professor John E. Baerwald, of the Department of Civil Engineering, would serve on a half-time basis as Director of the Center and a half-time secretary would be provided. Funds for travel, materials, and supplies would account for the remainder of the budget. A nonrecurring appropriation of \$12,500 from the General Reserve is recommended to meet these costs.

I concur.

On motion of Mr. Hughes, this recommendation was approved, and the requested assignment of funds was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CLINICAL RESEARCH CENTER FOR THE RESEARCH AND EDUCATIONAL HOSPITALS

(15) The Department of Medicine in the College of Medicine has prepared a proposal to the National Institutes of Health, United States Department of Health, Education, and Welfare, for the establishment of a Clinical Research Center on the eighth floor of the Research and Educational Hospitals. The proposal includes an application for funds amounting to \$511,820.35 for the first year (January 1, 1962, to December 31, 1962), \$214,571 for the second year, \$219,559 for the third year, \$224,733 for the fourth year, \$230,146 for the fifth year, \$235,-

888 for the sixth year, and \$241,826 for the seventh year, a total of \$1,878,543.35 for the seven years.

The budget for the first year includes \$350,030.35 for remodeling and equipment, \$46,231 for operating expenses, and \$115,559 for basic hospitalization expenses for patients admitted to the Center for study.

Submission of a similar proposal was authorized by the Board of Trustees on May 17, 1960, but that application was not approved by the National Institutes of Health. In order to meet a deadline of July 1, 1961, for the consideration of this new application, it was submitted late in June with the approval of the Vice-President in charge of the Chicago Professional Colleges.

I recommend authorization of this new application and acceptance of funds for the initiation of this project if approval is received from the National Institutes of Health.

On motion of Mrs. Watkins, this recommendation was approved.

AMENDMENT OF BICYCLE REGULATIONS

(16) A code of regulations for the registration and operation of bicycles on the campus was approved by the President of the University and reported to the Board of Trustees on July 26, 1960. A copy of the regulations was filed with the Secretary of the Board for record.

The Vice-President and Provost has now approved an amendment of these regulations, a revised copy of which is submitted herewith, and a copy is being filed with the Secretary of the Board.

This administrative action is reported for record.

On motion of Mr. Johnston, this action was confirmed.

AUTOMOBILE PARKING REGULATIONS AND FACILITIES AT CHICAGO PROFESSIONAL COLLEGES

(17) Submitted herewith is a recommendation from the Vice-President in charge of the Chicago Professional Colleges, based on the report of a Committee on Parking and Traffic appointed by him, for a plan of paid parking facilities for faculty, staff, and students at the Chicago Professional Colleges. A copy of the complete report is being filed with the Secretary of the Board for record.

In brief, the plan provides for control of parking in existing improved parking lots, funds for expansion and improvement of parking facilities, and parking fees to be assessed in accordance with the following schedule:

Reserved spaces for daytime use only, Mondays through Fridays:	
Faculty and Staff.....	\$42 00
Students.....	30 00
Controlled-access lots	
Faculty and Staff.....	24 00
Students.....	18 00
Gate-controlled lots for occasional use by part-time faculty and visitors	
	0.20 per day

I recommend approval of the plan as submitted, including authorization of appropriate regulations for its implementation and of the parking fees, the income therefrom to be used for the extension and improvement of parking facilities.

On motion of Mr. Swain, this recommendation was approved, and authority was given as requested.

CONTRACT FOR CAMPUS BUS SERVICE

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a contract with the Champaign-Urbana City Lines, Inc., for a campus bus service for students and staff along the lines of the bus service operated under a University contract last year — named "Illi Bus" by the student leaders who assisted in setting it up — but expanded to include transportation service for the Orchard Downs area and extended to include evening hours and Saturdays and Sundays. The specific recommendations are that:

Authority be granted to continue the Illi Bus operation during the 1961-62 academic year, starting September 11, 1961, with:

Service providing approximately ten-minute headway between 7:20 a.m. and 5:20 p.m., Monday through Friday, except during peak periods when the service will be scheduled as may be required to meet the demand.

Service provided during the evenings at approximately one-half-hour intervals, Monday through Thursday to 11:20 p.m. and Friday to 1:20 a.m.

Service provided on Saturday from 7:20 a.m. to 12:20 p.m. at approximately ten-minute intervals and from 12:20 p.m. to 1:20 a.m. at approximately one-half-hour intervals.

Service provided on Sunday at approximately one-half-hour intervals from 9:20 a.m. to 11:20 p.m.

The five-cent fee per ride be retained except that students living in Orchard Downs will be issued passes to ride free from the Downs to any point on the route; however, the passes will be honored only for a return trip to the Downs from the corner of Nevada Street and Goodwin Avenue.

The University be authorized to enter into an agreement with the Champaign-Urbana City Lines, Inc., for the 1961-62 academic year based on a rate of five dollars per hour per bus. (This includes the equipment and necessary personnel to provide this service, and sufficient insurance to protect both the Company and University against liability for personal injuries or property damages arising out of operating this service.) The cost of operating this service will be financed as follows: fares collected from students and staff, \$30,000 from Housing Division funds, and \$1,200 from balance of 1960-61 appropriation for Illi Bus operation.

Further experimentation be authorized to improve service to all parts of the campus and to determine the extent to which the Illi Bus can assist in solving the campus parking problems.

A report on the trial operation of Illi Bus during 1960-61 is submitted in support of the proposed continuation of the service, together with extracts from minutes of the meetings of the Board of Trustees on November 16 and December 21, 1960, of the actions taken authorizing this service last year.

I concur in the recommendations including the requested assignments of funds.

On motion of Mr. Hughes, the foregoing recommendations and the requested assignments of funds were approved; authority was also given University officials to make such changes in the fare and in the program as may be necessary in the interest of the University and the transportation service.

This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

LEASE OF SPACE AT 704 SOUTH SIXTH STREET, CHAMPAIGN

(19) The University has been leasing the second floor of a two-story business building at 704 South Sixth Street, Champaign, continuously since 1948 and the first floor since 1954. The second floor has an area of approximately 5,500 square feet and is occupied by the Institute of Labor and Industrial Relations. The rental is \$408.33 per month or 89 cents per square foot per year. The leased space on the first floor is an area of approximately 2,200 square feet and has been occupied by the National Council of Teachers of English and the University Planning Office of the Physical Plant Department. The first floor rental is \$300 per month or \$1.64 per square foot per year. Both leases will expire August 31, 1961.

The Director of the Physical Plant and the Vice-President and Comptroller recommend renewal of these leases according to the following terms:

Lease of the entire second floor and the south one-half of the first floor for an additional two-year period beginning September 1, 1961, at the same rental rate, terms, and conditions as in the present lease.

Renewal of the lease of the entire second floor for an additional eight-year period beginning September 1, 1963, at a rental rate of \$1.00 per square foot per year but otherwise on the same terms and conditions as in the present lease.

Renewal of the lease of the south one-half of the first floor for an additional eight-year period beginning September 1, 1963, at the same rental rate of \$1.64 per square foot per year and on the same terms and conditions as in the present lease.

When the Institute moves into its new building, a portion of the space on the second floor will be used for the relocation of that part of the Architectural Division of the Physical Plant Department which is presently housed in a frame residence property at 1003 West Green Street and the remaining space will be used by the Audio-Visual Aids Service of the Division of University Extension. The house at 1003 West Green Street will eventually be removed to clear the land for construction of residence halls scheduled for occupancy in September, 1964.

Since the University can not enter into contracts extending beyond the current fiscal biennium, it will be necessary to make the lease arrangements through the University of Illinois Foundation. Rentals to be paid by the University to the Foundation have been included in the operating budget of the Physical Plant Department and the additional funds required for the increased rental commencing September 1, 1963, will be included in the future biennial budget estimates.

I recommend that the Board of Directors of the University of Illinois Foundation be asked to enter into the leases for the ten-year period indicated and to sublease the quarters to the University for the period ending June 30, 1963, with an option to renew.

On motion of Mr. Pogue, this recommendation was approved, and the lease was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

LEASE OF SPACE AT 601, 603, AND 605 EAST GREEN STREET, CHAMPAIGN

(20) The University has been leasing the entire second floors of the business buildings at 601, 603, 605, 607, 609, 611, and 613 East Green Street for the Audio-Visual Aids Service of the Division of University Extension. A fire on February 21, 1961, destroyed all the University leasehold improvements except for those at 611 and 613 East Green Street. Property owners at 607 and 609 East Green Street are not restoring the second floor space and therefore the leases of these properties have been terminated.

The properties at 601, 603, and 605 East Green Street are being restored and the owners are willing again to lease the second floor to the University. Restoration of this space without that formerly leased at 607 and 609 East Green Street will not be adequate for the Audio-Visual Aids Service and other provisions are being made to relocate its operations contiguous to 611 and 613 East Green Street.

Rental of the second floor at 601, 603, and 605 East Green Street will provide space for the relocation of those operations of the Architectural Division of the Physical Plant Department now housed on the second floor of the Administration Building (West) which in turn will release space needed in that building for offices. This move will also ultimately provide for consolidation of the Architectural Division's operations when the second floor at 704 South Sixth Street is vacated by the Institute of Labor and Industrial Relations and is made available to the Physical Plant Department.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of the lease of the property at 601, 603, and 605 East Green Street at a rental of \$600 per month, or \$1.70 per square foot per year,¹ for approximately 4,200 square feet, for a ten-year period. The cost of heating will be paid by the owners. A nonrecurring appropriation of \$6,100 is also requested to provide for construction of a bridge connection at the second floor

¹ In comparing the rate of \$1.70 per square foot per year with rentals paid by the University on other properties leased in the Urbana-Champaign area these factors should be considered: An expenditure of \$31,000 for remodeling the quarters to meet the University's requirements amortization of which over a ten-year period is equivalent to 73 cents per square foot; the owners will pay for heating which is equivalent to an annual cost of approximately 15 cents per square foot. Deducting these factors the net rent to the owner is approximately 82 cents per square foot per year. The remodeling will be in addition to the repairs and restoration necessary as a result of the fire damage.

level with the space leased by the University at 704 South Sixth Street, and for the purchase and installation of lighting fixtures required by the University beyond those provided by the owners.

Since the University can not enter into contracts extending beyond the current fiscal biennium, it will be necessary to make the lease arrangements through the University of Illinois Foundation. Funds required for the annual rental and maintenance have been included in the operating budget of the Physical Plant Department.

I recommend that the Board of Directors of the University of Illinois Foundation be asked to enter into a lease for a ten-year period of the property of the second floor space at 601, 603, and 605 East Green Street for a period of ten years from September 1, 1961, at the rental indicated, and to sublease quarters to the University for the period ending June 30, 1963, with option to renew; and that an assignment of \$6,100 be made from the General Reserve Fund for the improvements required by the University.

On motion of Mrs. Watkins, this recommendation was approved, and the requested assignment of funds and the lease were authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner; not voting, Mr. Harewood.

EXCHANGE OF LAND AT CHICAGO PROFESSIONAL COLLEGES

(21) The site allocated by the Medical Center Commission for the new buildings of the Illinois Eye and Ear Infirmary is on the south side of West Taylor Street between Wood Street and Wolcott Avenue, and includes some land owned by the University (identified as Tract No. 388) which, however, is outside of the area now designated for University buildings. The Commission desires to acquire this parcel of land from the University and has offered to exchange for it land at the southwest corner of Winchester Avenue and West Polk Street which the Commission is acquiring. The University at present has all of the remaining properties on Polk Street from Damen Avenue east to this area. The parcel of land offered in exchange is slightly larger than the University tract which the Commission wishes to acquire.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of this exchange.

On motion of Mr. Hughes, this exchange was authorized, subject to further approval of the Board by adoption of a formal resolution to implement the transfers of the properties. This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACT FOR CONSULTING ARCHITECTURAL SERVICES

(26) The present contract authorized by the Board of Trustees with the architectural firm of Richardson, Severns, Scheeler, and Associates, Champaign, for consulting and architectural services, expired July 31, 1961. The Director of the Physical Plant and the Vice-President and Comptroller recommend continuation of the employment of this firm on a cost-plus basis for one year from August 1, 1961, on the following assignments as directed by the Physical Plant Department:

Campus Planning at Urbana-Champaign

1. Continuation of studies on the general campus development plan, including the development of detailed programs for the individual colleges.
2. Preliminary studies for further development in the area south of Florida Avenue.
3. Continuation of planning studies for development beyond 1961.
4. Continuation of studies on zoning.
5. Site selection studies for new building projects.
6. Participation in weekly planning meetings.

Estimated cost of services, \$35,000.

Planning at Chicago Professional Colleges

1. Continuation of studies on the campus development plan.
2. Further development of programs and studies on reassignment of space to the various colleges and departments.
3. Studies on projects to be financed from gifts or grants.

Estimated cost of services, \$12,000.

Estimated total cost, \$47,000.

The terms of employment will be the same as those under the present contract, on the basis of itemized payrolls plus 100 per cent for the firm's overhead costs and fees. The costs of these services will be charged against the appropriation for plans and specifications.

I concur.

On motion of Mr. Johnston, this contract was authorized.

BURSAR'S FUND AT THE FIRST NATIONAL BANK IN CHAMPAIGN

(27) For local banking services in Urbana-Champaign, an account is maintained in the First National Bank in Champaign for the Bursar to obtain currency and coin, to deposit local checks, and to make available financial services to University departments -- such as temporary petty cash funds, travel advances, and emergency payroll payments.

This account has gradually increased over the years to meet the growing needs of the University. In July, 1948, the Board authorized an increase in the fund from \$60,000 to \$100,000. The latter amount is now insufficient to meet current requirements and still maintain a balance in the bank account.

Accordingly, the Vice-President and Comptroller recommends that \$50,000 of the working cash fund, now held by the University Treasurer, be transferred to the Bursar's Fund on deposit in the First National Bank in Champaign, raising that fund to a total of \$150,000. The University is authorized by state law to retain in its treasury receipts to create the working cash fund.

I concur in this recommendation.

On motion of Mr. Swain, this recommendation was approved.

CHANGE IN POLICY GOVERNING UNIVERSITY INSURANCE

(28) The Vice-President and Comptroller recommends that the policy of the Board of Trustees governing the placement of University insurance adopted on January 13, 1949 (Minutes, page 200), on recommendation of the Finance Committee be amended by deletion of Section C II which reads:

"Fire and extended coverage on University risks shall be placed with stock and mutual companies at a ratio, as nearly as practicable, of 75-25 per cent respectively, except that individual risks which are under \$50,000 may be placed completely with either stock or mutual companies."

This provision is not consistent with the "Regulations Governing Procurement and Bidding at the University of Illinois," adopted by the Board in 1958, which require that purchases shall be made at the lowest possible cost, and stock and mutual companies are seldom equally low in bidding on University insurance.

The Executive Committee of the Board at a meeting held on July 25, 1961, approved this change but since it modifies a previous action of the Board, approval by the Board is also necessary.

On motion of Mr. Johnston, this amendment of the policy was unanimously approved.

JOHN WALLACE DALLENBACH FELLOWSHIP IN PSYCHOLOGY

(29) Dr. Karl M. Dallenbach of the Class of 1910, and Mrs. Dallenbach, of the Class of 1911, have established a fellowship fund in psychology at the University in memory of their son, John Wallace Dallenbach, who died in the service of his country on June 11, 1944. They propose to endow this fellowship with a capital fund of \$50,000; the first installment of \$10,000 was received in June, 1960, at the time the establishment of the fellowship was reported to the Board of Trustees.

They have now decided that they wish to make the gift to the University of Illinois Foundation, and in order to keep the fund as a unit, Dr. Dallenbach has requested that the \$10,000 installment given to the University be transferred to the Foundation to which the subsequent installments will be given. This transfer of funds will not affect the original purpose of the endowment.

Authorization to transfer the \$10,000 received in 1960, plus the interest earned on it to the date of transfer, is requested.

On motion of Mr. Hughes, the transfer of these funds to the Foundation was authorized.

SEPTEMBER MEETING

On motion of Mr. Johnston, the Board unanimously voted to hold the regular September meeting at the Chicago Undergraduate Division, Navy Pier, Chicago, Illinois, on Thursday, September 21, 1961, according to a schedule to be determined by the President and Secretary of the Board.

NEW CHICAGO CAMPUS PLANS

President Henry announced that there will be a public presentation of the plans for the University's new campus in Chicago, on Thursday, September 14, 1961. Mr. C. E. Flynn, Assistant to the President and Director of Public Information, reported briefly on the plans for this presentation, stating that it will be a luncheon program in the Bal Tabarin of the Hotel Sherman. The University of Illinois Foundation is providing the funds for the luncheon and certain other costs of this presentation.

STATUS OF DR. ANDREW C. IVY

(32) Dr. Andrew C. Ivy, Distinguished Professor of Physiology and Head of the Department of Clinical Science in the College of Medicine, having reached the statutory age of retirement this year, has formally requested that he be continued in active service for one year from September 1, 1961, as Head of the Department, at his present salary; or that if he is retired, he be permitted to continue as Head of the Department of Clinical Science for one year from September 1, 1961, and that laboratory facilities and funds for his research programs, including salaries of some of the present staff of the Department, be provided. The College of Medicine Executive Committee has previously recommended, the Chicago Profes-

sional Colleges Senate concurring, that the Department of Clinical Science be discontinued upon Dr. Ivy's retirement so that the space it has been occupying and the other facilities it has been using can be assigned to other departments of the College. This recommendation is reflected in the College budget for 1961-62 in that no provision for the Department is included and its staff is assigned to other departments. Dr. Ivy's request has now received due consideration by the Executive Committee of the College of Medicine and the appropriate University officials having administrative responsibility for the decision in such matters.

At this point, Dr. George W. Crane and Dr. John F. Pick appeared before the Board, having previously requested and having been granted this opportunity, and presented statements in support of Dr. Ivy's request.

President Henry presented a formal statement which he prepared for the information of the Trustees concerning Dr. Ivy's request and in anticipation that it would be brought to the attention of the Board in this public fashion. The President's statement follows:

**Memorandum for the Information of Members of the Board of Trustees
of the University of Illinois**

At a meeting of the Executive Committee of the Board of Trustees held on July 25, 1961, in an executive session on personnel matters, the Vice-President and Provost reported upon developments relative to the scheduled retirement of Dr. Andrew C. Ivy, Head of the Department of Clinical Science in the College of Medicine. Since Dr. Ivy had reached age sixty-eight, under the provisions of the University Retirement System of Illinois his retirement would be mandatory on August 31, 1961, unless an exception were to be granted in accordance with provisions of the Act governing the University Retirement System of Illinois.¹ The College of Medicine had expected that Dr. Ivy would retire and had prepared its budget requests for 1961-62 accordingly. Under these recommendations, Dr. Ivy would become Distinguished Professor of Physiology, *Emeritus*, in the Department of Physiology, and the Department of Clinical Science would be discontinued, such functions as remain being transferred to other departments of the College.

In a letter addressed to Vice-President Begando of the Chicago Professional Colleges on July 18, 1961, Dr. Ivy presented the following requests: (a) "That the Department of Clinical Science be continued for one year from September 1, 1961, through August 31, 1962, and that the 'necessary facilities now had and needed' be provided"; (b) that a budget for the Department of Clinical Science be provided in the amount either of \$21,601 (including \$1.00 for Dr. Ivy's salary plus his retirement annuity) or of \$40,101 (including Dr. Ivy's full salary of \$18,500). After some discussion, it was agreed by the Executive Committee of the Board that Dr. Ivy's letter should be referred to the Executive Committee of the College of Medicine for consideration, and that the latter Committee's recommendations concerning Dr. Ivy's requests should be reviewed by the appropriate administrative officers in relation to the budget requests submitted by the College of Medicine.

Vice-President Begando referred Dr. Ivy's letter to Associate Dean D. J. Caseley of the College of Medicine (acting in Dean Granville A. Bennett's absence), with the request that it be considered by the Executive Committee of that College and that recommendations be made concerning Dr. Ivy's requests. At a meeting held on July 28, 1961, the Executive Committee of the College of Medicine voted unanimously to reaffirm its earlier recommendation of April 14, 1961, that the Department of Clinical Science be discontinued as of August 31, 1961. (It should be noted that the Executive Committee's action of April 14, 1961, had been approved by the Senate of the Chicago Professional Colleges on June 7, 1961.)

The action of the Executive Committee of the College of Medicine was reported to me in a letter dated August 1, 1961, from Vice-President Begando, who concurred in the recommendation. The Vice-President and Provost of the

¹ "Any Participating Employee shall be retired no later than the first day of September immediately following his 68th birthday; provided, that upon the written request of the Employee and upon certification of the Employer, in exceptional cases and for substantial cause, retirement shall be deferred for a period not to exceed 1 year at any one time."

University then reviewed the requests of Dr. Ivy together with the recommendation concerning them made by the Executive Committee of the College of Medicine. After careful consideration, the Vice-President and Provost recommended approval of the budget as originally submitted by the College of Medicine for 1961-62, including the discontinuation of the Department of Clinical Science and the reallocation to other departments of the funds and space formerly allotted to that Department. He concurred also in the recommendation that Dr. Ivy be appointed Distinguished Professor of Physiology, *Emeritus*, in the Department of Physiology of the College of Medicine, effective September 1, 1961.

I concur in these recommendations, and they are reflected in the budgets submitted to the Board of Trustees for adoption at its meeting on August 10, 1961.

In considering these recommendations concerning Dr. Ivy, I have taken into account the policy of the University of Illinois to meet as fully as resources permit the needs of professors *emeriti* for facilities and funds with which to continue their scholarly work although retired from active service. The acute shortage of space—especially research laboratory space—makes it virtually impossible to provide professors *emeriti* all of the facilities used before retirement. Similar limitations apply to other forms of support. Nevertheless, the University makes a strong effort to assist retiring faculty members to continue significant research projects, consistent with its obligations to students and to members of the faculty in active status.

By way of further comment upon the foregoing recommendations concerning Dr. Ivy, I call to the attention of the Board of Trustees the action taken by the Seventy-second General Assembly of Illinois in adopting House Joint Resolution No. 53. In part this resolution recommended: "... that the proponent of Krebiozen, Dr. Andrew C. Ivy, Distinguished Professor of Physiology and Head of the Clinical Science Department, College of Medicine, University of Illinois, shall continue to be Head of the Clinical Science Department and to be further provided with the necessary facilities now had and needed to further the research and testing of the drug Krebiozen in the management and control of cancer in the patient."

This resolution and other communications received on behalf of Dr. Ivy's continuance in active service assume that the University of Illinois has provided continuing support for Dr. Ivy's investigations of the substance Krebiozen as a treatment for cancer, and that his anticipated retirement on August 31, 1961, will cause this support to be terminated. This assumption is in error, since the use of the resources of the University of Illinois for research or clinical use of Krebiozen has been prohibited since November 28, 1952. (See the Minutes of the meeting of the Board of Trustees of the University of Illinois, November 28, 1952, pages 478-480.) The then President of the University announced to the Board of Trustees on November 28, 1952, that in the light of the failure of Dr. Ivy to meet specified conditions stipulated by the Board of Trustees on September 24, 1952, "That there is to be no allowance of time, funds, space, equipment, patients or printing in behalf of any staff member of the University of Illinois for the clinical utilization of Krebiozen and that Krebiozen henceforth is to be dissociated from research or service programs." (At its meeting on September 24, 1952, the Board of Trustees had approved the recommendations of the Research Validation Committee and of the President of the University concerning the conditions to be met if further University resources were to be used in the study of the effects of Krebiozen as a treatment for cancer.)

Dr. Ivy did not meet the conditions established for the continuation or resumption of the investigation of Krebiozen at the University of Illinois, and he has not requested further support from the University for such studies. So far as the administrative officers of the University are aware, no further studies of Krebiozen involving the use of University facilities, have been conducted by Dr. Ivy in his capacity as a member of the faculty of the College of Medicine and as Head of the Department of Clinical Science in that College. Hence Dr. Ivy's retirement as Head of the Department of Clinical Science would not disrupt any research on Krebiozen insofar as the University of Illinois is concerned. Presumably, Dr. Ivy requested the deferment of his retirement in order that he might continue his investigations on other subjects, and insofar as resources permit and in accord with its general policy in such matters, the University will assist him in

the continuation of such work. The Vice-President in charge of the Professional Colleges will so inform Dr. Ivy.

This report was received for record, no formal action being required.

EXECUTIVE SESSION

On motion of Mr. Dilliard, an executive session was ordered, to be held after luncheon, for consideration of matters relating to property acquisitions and personnel.

The Board recessed for luncheon.

The Board reconvened at 2:00 p.m. All members of the Board, and officers of the University as recorded at the beginning of these minutes, were present, with the exception of Mr. Swain who asked to be excused.

The Board considered the following reports and recommendations from the President of the University.

ACQUISITION OF PROPERTY AT 106 NORTH ROMINE STREET, URBANA

(1) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 106 North Romine Street, Urbana, at a price of \$32,500, the appraised value, as a site to provide for the expansion of the Digital Computer Laboratory.

The property consists of a lot 72½ feet by 100 feet and a two-story and basement frame residence which has been used as a student rooming house. The building is in such a poor state of repair that renovation of it for University use would not be justified. It is proposed to remove the building and use the land as a parking lot until it needs to be taken over for the expansion of the Digital Computer Laboratory.

The University has been trying to acquire this property since 1955 but until now the asking price was \$45,000, which was considered excessive. The owner has recently expressed an interest in selling at a price based on an appraised value. Submitted herewith is a copy of the letter written to the owner specifying the terms of the purchase and a copy is being filed with the Secretary of the Board for record.

I concur in the recommendation for the purchase of this property on the terms indicated, subject to the availability of funds.

The proposal was presented to the Committee on Buildings and Grounds on June 21 and the Committee is prepared to support this recommendation.

On motion of Mr. Johnston, the purchase of this property on the terms recommended was authorized, subject to availability of funds. This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner. Mr. Swain.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(2) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Holding device for aseptic dissection of small animals ("Aseptigrip")—Dean H. Ferris, Associate Professor of Veterinary Pathology and Hygiene and of Veterinary Research, and Leslie Ivan Elder, Sr., Herdsman in the Dairy Science Department, inventors. This device consists of a metal platform with holes around the periphery to hold clips attached with springs or rubber tubing. The clips hold the animal's limbs and also fur, skin, and tissue layers out of the way to allow aseptic dissection. The anesthetized animal can be held in position and the body cavity opened without danger of contamination by hair or muscle layers.

Based upon the opinion of the Dean of the College of Veterinary Medicine

that there are doubtful commercial possibilities, the Committee recommends that this invention be released to the inventors.

2. "Aquatic macrolarvae collector"—Deam H. Ferris, Associate Professor of Veterinary Pathology and Hygiene and of Veterinary Research, inventor. This device consists of a funnel made of noncorrosive wire mesh, with noncorrosive metal supports, attached to a small receptacle which can be removed and attached by means of a threaded connection. The "aquatic macrolarvae collector" concentrates the larval forms, yet keeps them adequately covered with water.

Based upon the opinion of the Dean of the College of Veterinary Medicine that there are doubtful commercial possibilities, the Committee recommends that this invention be released to the inventor.

I concur in these recommendations.

On motion of Mr. Clement, these recommendations were approved.

ADMINISTRATIVE SALARIES

At the request of Mr. Johnston, the President of the Board ordered the room cleared of all except Trustees, for consideration of certain administrative salaries. At the conclusion of this session, action was deferred on the matter until a later meeting of the Board.

COMPLAINT OF ALVIN W. CROWLEY

President Williamson informed the Board that Mr. Alvin W. Crowley, a former nonacademic employee, has requested a hearing by the Board of Trustees regarding termination of his employment. This request had previously been presented by Mr. Crowley to the Executive Committee at its meeting on July 25, 1961. It was the consensus of the Committee that a hearing of Mr. Crowley's complaint by the Board is not in order, but that it is a matter for the Merit Board of the University Civil Service System.

The Board concurred in the judgment of the Executive Committee.

On motion of Mr. Johnston, the Board adjourned.

APPENDIX

UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1961-62

(Approved by the Board of Trustees, August 10, 1961, page 646)

EXPLANATORY NOTES

This budget consists of three volumes:

- I. Summaries of all divisions; Urbana-Champaign divisions and general University administration—academic and administrative salaries, wages, expense, and equipment.
- II. Chicago Professional Colleges (including Division of Services for Crippled Children), and Chicago Undergraduate Division—academic and administrative salaries, wages, expense, and equipment.
- III. Nonacademic salaries, all divisions.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1961.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar, Chicago Business Office, or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries" and "Wages, Expense, and Equipment." Transfers may be made between "Salaries" and "Wages, Expense, and Equipment" upon approval of the Vice-President and Provost, except that transfers between salaries and wages may be made by the Vice-President and Comptroller to the extent of the full-time equivalence of the salary positions. All requests for transfers should be submitted through the Vice-President and Comptroller, with the reason for the transfer. Nonrecurring unassigned items may be assigned to departments for equipment or minor remodeling projects, merely upon notice to the Accounting Division, except that any assignment of more than \$1,000 must first be approved by the Vice-President and Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1961. All balances and overdrafts in regular appropriations will be carried forward to 1962-63 unless otherwise notified by the Business Office.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds, and restricted budgets are on an estimated basis. Appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

Explanatory Notes on the Salary Budget

1. The services required for members of the academic and administrative staff are in accordance with Section 37 of the University of Illinois Statutes and Section 26 of the General Rules Concerning University Organization and Procedure.

a. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

b. For positions or portion of positions in the academic budget not indicated as "Y," services are required only during the academic year of two semesters (three terms in the Chicago Professional Colleges). Summer session teaching, if required, will be covered by an additional appointment with salary.

2. Services of the nonacademic staff are in accordance with Civil Service regulations. All positions are for twelve months' service, less vacation, unless otherwise indicated.

 P—Same as H, but at prevailing rates.
 Z—Indicates person's name appears in two or more budgets.
 R—On retirement annuity from University Retirement System.

MAJORS AND MINORS

The following changes have been made in majors and minors.

Economics Major: Economics 109 is dropped from the requirements for a major in economics.

Mathematics Major: The following courses have been added to the list of courses of which two are required for all mathematics majors: 332, 333, 353, 354.

One year of physics and one year of chemistry are required of all zoology majors. The courses taken in physics and chemistry may be applied toward a minor in either of these fields.

Zoology Minors: Twenty hours in one or two of the following subjects, with at least eight hours in each if two are chosen: animal science (to be selected from Animal Science 100, 110, 230, 305, or 330), anthropology, botany, chemistry, education, entomology, geography, geology, mathematics, microbiology, physics, physiology, psychology.

ELECTIVES

Law: The applicant for the degree should petition the dean of the College of Liberal Arts and Sciences, who may approve the granting of the bachelor's degree if all the college and University requirements have been met and the student is in good standing in the law school from which the credit is being transferred.

Curriculum in General Studies

Substitute "foreign language" for "electives" in the four-semester outline, changing the stipulated hours to sixteen for each semester. The foreign language requirement for students in the Division of General Studies curriculum is the same as that for students in the general Liberal Arts and Sciences curriculum.

Upon completion of the requirement, suitable electives may be substituted for foreign language in the four-semester outline.

Curriculum in Latin-American Studies, Division of Social Studies

Linguistics has been added to the list of minors acceptable for majors in the curriculum in Latin-American Studies.

Curriculum in Russian Language and Area Studies

Students who elect Russian Language and Area Studies as a major must:

1. Complete the prescribed and general education sequences required in the general curriculum.
2. Complete at least twenty semester hours of Russian language courses, in addition to Russian 101-102, or demonstrate equivalent proficiency.
3. Complete a major consisting of at least twenty semester hours distributed among at least four departments and chosen from the following list: Anthropology 381, 382; Economics 312; Geography 353; History 219, 220, 327, 328; Political Science 335; Russian 309, 310, 321, 322, 323, 324. Courses used for major or minor credit outside the program of Russian Language and Area Studies may not count as part of this twenty hours.
4. Complete a minor of twenty hours, excluding courses open to freshmen, in one or two departments. If two are chosen, at least eight hours must be taken in each. Courses in the Russian language may, with the approval of the Program Director, constitute all or part of this minor.

A minor in Russian Language and Area Studies, designed to accompany a major in any department, requires at least twenty semester hours distributed among at least three departments and chosen from the following list: Anthropology 381, 382; Economics 312; Geography 353; History 219, 220, 327, 328; Political Science 335; Russian 309, 310, 321, 322, 323, 324. It also requires a knowledge of Russian equivalent at least to that normally attained after Russian 101-102.

Students in other colleges and schools of the University who desire a knowledge of the Russian area are invited to consult, either directly or through their advisers, with the Program Director for Russian Language and Area Studies in order to develop programs suited to their individual needs.

Premedical Curriculum

Change description of the curriculum by deleting the following paragraph: Other factors being equal, students who have completed the second and third years of the premedical curriculum in the University of Illinois with an average of 4.3 or better are given preferential consideration by the College of Medicine's Committee on Admissions.

Changes in accepted courses and the majors to which they apply:

Biochemistry 301, 302, and 303, consisting of 66 hours in lecture and 88 hours in laboratory, to be applied to a chemistry major or for elective credit at the upper division level for a total of six semester hours.

Physiology 301, 302, and 303, consisting of 90 hours in lecture and 149 hours in laboratory and conference, to be applied to a physiology or zoology major or for elective credit at the upper division level for a total of ten semester hours.

Curriculum Preparatory to the Teaching of Mathematics

Change in the total numbers of semester hours given in the curriculum from 125-135 to 127-136 hours, but no change in the minimum hours (120) of credit required for graduation.

Addition of the following acceptable teaching minors: physical science, accountancy, and economics education. Addition of Russian as an acceptable foreign language teaching minor.

Changes in required mathematics courses to conform to the present offerings of the University and to strengthen the subject-matter preparation of prospective teachers in mathematics.

Curriculum Preparatory to the Teaching of Spanish

Number of required hours for a teaching minor increased from sixteen to

twenty semester hours in order to meet the new state teacher certification requirement.

Addition of subject-matter fields which would be considered as desirable teaching minor combinations with Spanish as major teaching subject.

College of Physical Education

Curriculum in Health Education

Two courses, Health Education 283, Physical and Health Inspection, and Health Education 287, Field Work in Community Health, have been dropped and are replaced by Health Education 283, Man and His Diseases, and Health Education 287, Concepts of Health, Aging, and Longevity.

Revisions have been made in the teacher education minor in health education (a report of the details of these revisions is filed with the Secretary of the Board for record).

On motion of Mr. Swain, these reports were received for record, and the actions were confirmed.

APPROPRIATION FOR CONSTRUCTION OF LOCUST STREET SANITARY SEWER AND LIFT STATION

(9) The Urbana and Champaign Sanitary District has requested the University of Illinois to share in the cost of construction of a new Locust Street (Champaign) sanitary sewer, including a lift station. This sewer will replace the present sewer extending from an existing manhole on the south side of Armory Avenue north to a new manhole approximately 45 feet north of Green Street. The lift station will be constructed on the south side of Armory Avenue to lift the sewage at that point to the new sewer.

The total cost of the project is estimated to be \$112,100 and the University is asked to contribute 16.97746 per cent of the cost, or approximately \$19,031.73. The University has been contributing its proportionate share of the cost of plant improvements made by the Urbana and Champaign Sanitary District and has annually paid its proportionate share of the cost of operating the local sewage disposal plant. The amount requested for the construction of the new Locust Street sewer is based on the 1960-61 factor applied in calculating the University's share of operation and maintenance cost of the District's plant.

The Locust Street sanitary sewer serves all University property south of Armory Avenue and west of Fourth Street, including the new Fine and Applied Arts Building and the Law Building, and an adequate and reliable sanitary sewer outlet for this portion of the campus is of importance to the University.

Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of an agreement with the District providing for the University's share of the cost.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute such an agreement with the Urbana and Champaign Sanitary District, and that an appropriation of \$19,032 be made from the General Reserve for this purpose.

On motion of Mr. Johnston, this agreement was authorized, and the requested appropriation was made by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(10) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve for the following:

- | | |

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

REAPPROPRIATION OF UNEXPENDED BALANCES

(11) The Vice-President and Comptroller recommends that the following balances and overdrafts in budget appropriations and appropriations for special projects not completed on June 30, 1961, be carried forward for the fiscal year beginning July 1, 1961, in accordance with usual policy.

I concur.

On motion of Mrs. Watkins, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CONTRACT FOR ADDITION TO ABBOTT POWER PLANT

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$26,202 to Sprinkmann Sons Corporation of Illinois, Peoria, the lowest bidder, for thermal insulation (Division "8-Q") in the construction of an addition to the Abbott Power Plant.

Funds for this are provided in the state capital appropriations to the University for 1961-63 to be available in the proceeds of the Universities Building Fund and are subject to release by the Governor.

I recommend authorization of this contract, subject to availability of funds.

On motion of Mr. Johnston, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

ADDITION TO CONTRACT FOR CONSTRUCTION OF ASSEMBLY HALL

(13) The Vice-President and Comptroller and the Director of the Physical Plant

¹ Deduct.

recommend an increase of \$12,635.41 in the contract with Felmley-Dickerson Company for construction of the Assembly Hall to provide for enlargement and improvement of the projection booth, on the basis of further study of most effective use of the facilities.

I concur.

On motion of Mr. Swain, this change in the contract was authorized.

AGREEMENT WITH STATE OF ILLINOIS DIVISION OF HIGHWAYS

(14) On July 25, 1961, the Executive Committee of the Board of Trustees authorized award of a contract, subject to release of funds, for the construction of the southwest campus storm sewer. The State of Illinois Department of Public Works and Buildings, Division of Highways, has requested permission to use this sewer for drainage of its Florida Avenue subway under the Illinois Central Railroad. The southwest campus storm sewer is designed to carry this added load. It will be advantageous to the University to permit the Department of Public Works and Buildings to make this connection as the major portion, if not all, of the open ditch from the pumping station to the culvert under the Illinois Central Railroad right-of-way can be eliminated and filled in; and the site of the pumping station conveyed to the state of Illinois by the University under a "Grant of Right-of-Way Easement" dated December 1, 1958, will be abandoned for highway purposes and revert to the University under the terms of the easement.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of an agreement with the Illinois Department of Public Works and Buildings according to the following conditions:

The University will provide a 24-inch stub connection in the manhole structure on the southwest campus storm sewer adjacent to the pumping station site.

The state will prepare plans and specifications and shall assume all cost for construction, cleaning and maintenance of a 24-inch storm sewer from the inlet manhole at the Florida Avenue subway to the manhole structure referred to above.

The University grants to the state during the terms of the agreement the right and easement to construct, clean, and maintain said 24-inch storm sewer upon a strip of University property ten feet in width centered upon the line of said storm sewer between the inlet manhole at Florida Avenue subway and the manhole structure.

Upon completion of construction of the Southwest Campus Storm Sewer and the 24-inch outlet connection from the Florida Avenue subway, the state will remove its pumping equipment from the pumping station and notify the University that it no longer uses that portion of the premises for a public roadway and, as a consequence, under the terms of the grant, the land, including the building, will revert to the University.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute an agreement with the State of Illinois Department of Public Works, Division of Highways, as stipulated above.

On motion of Mr. Clement, this agreement was authorized without a dissenting vote.

RELEASE FOR EASEMENT FOR AIRPORT DRAINAGE

(15) The University has an easement which was granted by Samuel R. Somers on property located one and one-half miles west of the center of the Airport, for maintenance of a tile which is necessary for drainage at the Airport. A portion of this tile is on land which will be used for the construction of Interstate Route 57. In order for the State Division of Highways to obtain clear title to the land, the University's rights under this easement must be subordinated to the extent necessary to give the Division of Highways control of the surface. In consideration of this release, the State Division of Highways will agree to maintain the tile on its new right-of-way. This is advantageous to the University since it will relieve the University of any possible maintenance costs in this area.

The Director of the Institute of Aviation, the Vice-President and Comptroller, and the Legal Counsel recommend and I concur that the following resolution be adopted:

Resolution

Be It, and It Is Hereby Resolved, by this Board of Trustees of The Board of Trustees of the University of Illinois, a public corporation, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized, empowered and directed, for and on behalf of, and in the name of, this public corporation to prepare, execute, acknowledge and deliver to the State of Illinois, and its Department of Public Works and Buildings, Division of Highways such agreement, grant, and other documents as they, after consultation with and approval by the Legal Counsel, deem necessary and desirable to release to the State of Illinois and its Department of Public Works and Buildings, Division of Highways, its right, title, and interest acquired in, through or by that Grant of Easement dated August 3, 1944, from Samuel R. Somers, Grantor, to the University of Illinois, Grantee, which said easement is recorded in Book 266, page 402, in the Recorder's Office of Champaign County, Illinois, (and which said easement entitles this public corporation to certain rights of drainage and to maintain a tile across the South One Half (S $\frac{1}{2}$) of the South-East One-Quarter (SE $\frac{1}{4}$) of Section 4, Township 18 North, Range 8 East of the third P.M. in Champaign County, Illinois) to the extent necessary to subordinate this public corporation's rights under said easement to the rights hereunder to be granted to the people of the State of Illinois to construct, reconstruct, operate and maintain a highway designated as Federal Aid Interstate Route 57 across said property at the following location:

That part of the S $\frac{1}{2}$ of the SE $\frac{1}{4}$ of Section 4, T. 18 N., R. 8 E., of the 3rd P.M., Champaign County, Illinois, that lies between a line parallel to and 125 feet Westerly of, and a line parallel to and 135 feet Easterly of, the surveyed centerline of proposed Federal Aid Interstate Route 57 as recorded in Book M, page 131 of the records in the Recorder's Office in Champaign County, Illinois, extending from the South line of the above described property at Station 189+75.52 Northerly along said centerline to the North line of the above described property at Station 203+20.46.

All distances between parallel lines are measured normal to the said centerline. The said tract of land contains 8.03 Acres, more or less, situated in Champaign County, Illinois;

to insure adequate and sufficient lateral and vertical support thereof, and to enable the State to control access thereto; on condition that the State of Illinois, through its Department of Public Works and Buildings, and Division of Highways will maintain and keep in good repair said public corporation's tile drainage system within the limits of that area wherein the State of Illinois, through its Department of Public Works and Buildings, and Division of Highways acquires rights hereunder to the control of the surface.

On motion of Mr. Johnston, the foregoing resolution was adopted without a dissenting vote.

ENROLLMENTS

Executive Vice-President and Provost Lanier reported on the enrollments in the University for the first semester of 1961-62.

OCTOBER, NOVEMBER, AND DECEMBER MEETINGS

President Williamson asked the Board if it desired a change in dates of any of the next three meetings.

It was the consensus that the October meeting should be held on the third Wednesday, October 18, 1961, as provided in the By-Laws of the Board. President Williamson stated that the meeting will be held at the Chicago Professional Colleges.

On motion of Mr. Wilkins, the Board voted to hold the November meeting on Tuesday, November 28, 1961, in Urbana, and the December meeting on Tuesday, December 19, 1961, in Chicago, at hours and places to be determined by the President and Secretary of the Board.

EXECUTIVE SESSION

President Williamson announced that an Executive Session had been requested, and was being ordered, to be held immediately after luncheon for consideration of property purchases and personnel matters.

The Board recessed for luncheon.

When the Board reconvened after luncheon, the same members and officers of the University were present as recorded at the beginning of these minutes.

ACQUISITION OF LAND FOR ILLINI UNION PARKING

(1) The Buildings and Grounds Committee has approved in principle a program for expanding the parking facilities for the Illini Union and the University of Illinois Foundation has been requested to acquire the properties at 601, 603, and 605 East Healey Street, Champaign. These properties will provide approximately eighty parking spaces to replace sixty reserved spaces on Burrill Avenue, the remaining spaces will be metered. Parking meters will be installed on 147 spaces on Burrill Avenue to accommodate Illini Union guests.

In addition, the Director of the Physical Plant recommends construction of twenty-two parking spaces between the Illini Union and the Natural History Building from Illini Union funds at an estimated cost of \$26,000. These spaces would be used primarily by occupants of Illini Union guest rooms.

The cost of the three properties on Healey Street is \$97,500 and the parking lot construction is estimated to cost \$48,500. The entire cost of the land and improvements can be repaid by extending the Foundation's present parking lot loan from the First National Bank of Chicago by eighteen months, or to October 15, 1965.

The properties to be purchased by the Foundation are:

- 601 East Healey Street—a lot 111 feet by 58.1 feet and a one-story frame building with three apartments and a small business building; owners, Oscar D. and Minnie Marie Wilson; price, \$36,000.
- 603 East Healey Street—a lot 58.1 feet by 177 feet and a two-story frame dwelling with three apartments; owner, Mrs. Florence Blakeslee; price, \$31,500.
- 605 East Healey Street—a lot 58.1 feet by 177 feet and a two-story frame dwelling consisting of an apartment and five student rooms; owners, Gilbert and Gladys Mae Lorenz; price, \$30,000.

The terms of each purchase are \$5,000 at the time of signing the contract and the balance when possession is delivered, not later than October 31, 1961. Taxes will be prorated. All properties are zoned commercially and the prices are in line with appraisals.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that this program be approved and that the University be authorized to lease the additional lots from the University of Illinois Foundation at a rental sufficient to pay the debt service payments on the loan from the First National Bank of Chicago. The lease will provide that the properties will be conveyed to the University when all indebtedness on the parking lots has been paid.

I concur.

On motion of Mr. Pogue, the purchases of these properties on the terms recommended were authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

**ACQUISITION OF PROPERTY AT 202 NORTH
ROMINE STREET, URBANA**

(2) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 202 North Romine Street, Urbana, at a price of \$18,862.21 to provide additional space urgently needed to accommodate the increased staff of the Coordinated Science Laboratory.

The property consists of a lot 80 feet by 82 feet and a two-story and basement frame residence, used as a student rooming house, and garage.

The property was on the market at a price of \$22,500. Subsequently, it was purchased by two staff members of the University for speculative purposes at a sales price of \$18,500. Negotiations were undertaken with the new owners and, as a result, they have agreed to sell the property to the University at their purchase price plus a reimbursement of cost incidental to acquisition of \$362.21. These additional costs have been verified by the University. The appraisal made for the University indicates a market value of \$21,463. Possession will be delivered not later than September 30, 1961. Taxes will be prorated. Funds for this acquisition will be provided from Coordinated Science Laboratory indirect costs.

I concur.

On motion of Mr. Hughes, the purchase of this property on the terms recommended was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

**ACQUISITION OF PROPERTY AT 907 WEST
GREEN STREET, URBANA**

(3) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 907 West Green Street, Urbana.

This property consists of a lot 75 feet wide by 220 feet deep and a two-story and basement frame residence presently used as a student rooming house.

The property is in the area of future campus expansion and will be needed as part of a site for student residence halls. It is now on the market and should be acquired promptly rather than risk its possible acquisition by others for commercial development with the consequent difficulties, as well as an increase in price, which may be encountered if the purchase is deferred.

The asking price is \$42,000¹ which is within the range of appraisals authorized by the Committee on Buildings and Grounds. If purchase is authorized now, possession will be delivered not later than January 15, 1962, and taxes will be prorated.

Funds are available in the state capital appropriations to the University for 1961-63 from the Universities Building Fund.

I concur.

On motion of Mr. Pogue, the purchase of this property at a price not to exceed \$42,000 was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

COMPLAINT OF JOHN C. HIRSCHFELD

The Board took up consideration of the complaint which its members had received, some directly and others through the Secretary of the Board, from Mr. John C. Hirschfeld of Joliet against a member of the University faculty, who is on part-time appointment, making certain allegations of unprofessional conduct by him in his private professional practice off-campus. This complaint was turned over to the dean of the college concerned for investigation.

The complaint was carefully examined by the dean, who submitted a report to the Secretary of the Board, copies of which were sent to all members of the Board in advance of today's meeting.

After due consideration of the complaint and of the report of the dean, it was the unanimous judgment of the ten members of the Board of Trustees present that no action be taken upon this complaint. The complaint, the dean's report, and copies of all correspondence and other documents relating thereto have been filed with the Secretary of the Board.

On motion of Mr. Johnston, the Secretary was instructed to record that the Board has received the complaint and the report and sees no reason for taking any action.

SELECTION OF A MEMBER OF THE BOARD OF HIGHER EDUCATION

The Board of Trustees has previously been informed of the passage by the Seventy-second General Assembly of Illinois of "An Act creating a Board of Higher Education, defining its powers and duties,

¹ A purchase price of \$41,000 for the property, and \$1,000 for the furniture and other equipment, was subsequently negotiated. — Secretary's Note.

making an appropriation therefor, and repealing an Act herein named." The bill was approved by the Governor on August 22, 1961. Following are abstracts from this law relating to the composition of this Board:

Section 2. There is created a Board of Higher Education to consist of fifteen members as follows: Eight members appointed by the Governor, by and with the advice and consent of the Senate; the respective chairmen of the Board of Trustees of the University of Illinois, the Board of Trustees of Southern Illinois University, and the Teachers' College Board; one member of each of the three foregoing Boards selected by the members thereof; and the Superintendent of Public Instruction . . .

Section 3. — (b) The members of the Board appointed respectively by the Board of Trustees of the University of Illinois, the Board of Trustees of Southern Illinois University, and the Teachers' College Board shall each hold office for two-year terms expiring on January 31 of odd numbered years.

— (c) The members of the Board shall continue to serve after the expiration of their terms until their successors have been appointed . . .

Section 5. The members of the Board shall serve without compensation, but they shall be reimbursed for their actual and necessary traveling and other expenses while engaged in the performance of their duties.

President Williamson stated that undoubtedly the Trustees have been giving careful consideration to this matter during the past several weeks and asked if the Board was ready to select one of its members to serve on the Board of Higher Education.

Mr. Harewood nominated Mr. Johnston.

Mrs. Watkins moved that the nominations be closed and that the Secretary be directed to cast the unanimous ballot of the Board for the selection of Mr. Johnston.

The ballot was so cast, Mr. Johnston being recorded as not voting.

Accordingly, Mr. Johnston was declared the member of The Board of Trustees of the University of Illinois to serve with President Williamson on the State Board of Higher Education.

COMPENSATION OF THE PRESIDENT OF THE UNIVERSITY

At this point, the President of the Board requested all present except the Trustees, the officers of the Board, and the Legal Counsel to leave the room for consideration of the following item of business.

Mr. Johnston called attention to consideration by the Trustees at its August 10, 1961, meeting of the compensation received by the President of the University. The Comptroller submitted information on salaries and other compensation paid to a number of university presidents, and also data on the retirement and other benefits which will be available to President Henry under the provisions of the Act creating the University Retirement System of Illinois.

Following discussion of this matter and of President Henry's contributions to the work of the University, on motion of Mr. Johnston, the Board voted unanimously to authorize the Comptroller to arrange for the purchase, through annual premium payments of \$6,000 from indirect cost funds, of a supplemental annuity for President Henry as additional compensation, the effective date of such annuity contract to be determined by the President of the Board in consultation with the Comptroller and the Legal Counsel, but in no event to be later than November 1, 1961.

EASEMENT TO ILLINOIS POWER COMPANY

(9) The Illinois Power Company has requested an easement beginning at a point approximately at the Illinois Central right-of-way and St. Mary's Road, east to Fourth Street extended, thence north to White Street in Champaign, for a fourteen-inch natural gas supply line. The easement requested is to be ten feet wide (i.e., five feet on either side of the proposed line), and the Company is willing to pay approximately \$1.00 per rod for such easement. The route of the pipeline will be entirely within present or proposed rights-of-way of roads and streets. Parts of this easement will be on University property, i.e., beginning at the Illinois Central right-of-way to the intersection of Fourth Street and Armory Avenue.

The University will benefit from the improved gas supply and there appears no reason why these requests should not be granted. The Committee on Buildings and Grounds has been consulted about this and concurs.

I recommend approval and that the Comptroller and the Secretary of the Board be authorized to execute an easement grant for construction, maintenance, and operation of the pipeline on the route indicated and under terms and conditions and in a form approved by the Legal Counsel, including a provision for its termination when it is no longer serving the purpose for which it is granted.

NAMING OF UNIVERSITY OF ILLINOIS AIRPORT

(13) A Committee which has been raising money for a "Lectureship and Student Grant Fund" in memory of the late Dr. Arthur Cutts Willard, engineer, teacher, scientist, administrator, and President of the University of Illinois from 1934 to 1946, has recommended that the University of Illinois Airport be named for him. President Willard took the administrative initiative in the establishment of the Airport and also the Institute of Aeronautics, now the Institute of Aviation. A number of the members of the faculty and alumni have supported this request.

After consultation with the Executive Committee of the University Council, this recommendation was submitted with my concurrence to the Committee on Buildings and Grounds of the Board of Trustees. The Committee is prepared to support the recommendation.

Accordingly, I recommend that the Airport be named: University of Illinois — Willard Airport.

This name is consistent with the requirements of the Federal Aviation Agency in the naming of airports which have been constructed in total or in part with the aid of federal funds. A fitting bronze marker will also be installed in the Terminal Building dedicating the functions of the Airport as "The Arthur Cutts Willard Memorial Air Field."

On motion of Mr. Swain, this recommendation was approved.

MATERIALS SCIENCE LABORATORY AT THE UNIVERSITY OF ILLINOIS

(14) At the request of the President of the University, the Vice-President and Comptroller presented the following report:

A Materials Science Laboratory at the University of Illinois has been under consideration for some time. There is need for improvement of materials used in the national space and weapons programs, and consequently the Department of Defense and the Atomic Energy Commission are interested in the establishment of several laboratories throughout the United States for research in the field. The science of materials is basic for large areas of engineering technology. Progress in the electrical, chemical, metallurgical, and ceramic industries is dependent to a great degree upon the basic research that leads to improvement in the materials essential to these industries. Research on materials in the University can be combined with the systematic education of graduate students to carry on the advancement and dissemination of knowledge in this field.

The University of Illinois is one of the principal academic centers in the United States devoted to research and education in the science of materials. A feature of the proposed new program will be its interdisciplinary nature, drawing initially from five departments: Ceramics, Chemistry and Chemical Engineering, Electrical Engineering, Metallurgical Engineering, and Physics. The University has distinguished faculties in these departments and the proposed laboratory will enable them to collaborate in work on problems in a manner that is not feasible at present.

The additional space provided by this facility will permit an approximate doubling of research on the basic properties of materials at the University, and of the numbers of scientists which it can train through graduate education in this field. The results of the research and the men trained to carry on research will be available to the industrial and government laboratories of Illinois and of the nation, thus advancing industrial progress and promoting national welfare.

A Materials Science Laboratory at the University of Illinois was authorized by Congress in 1960, but appropriations were not made. A bill appropriating \$5,600,000, the estimated cost for the construction and equipment of the laboratory, was introduced in the recent session of Congress, and it was anticipated that the bill would pass, since the Congressional Joint Committee on Atomic Energy had strongly endorsed it. However, the bill failed on September 25, 1961, presumably because some members of the Congressional Committee were of the opinion that the construction of such facilities should be financed through annual rental payments to the University instead of by appropriations.

It is anticipated that plans and contracts can be developed within the next twelve months with federal agencies for the proposed laboratory and its programs. Negotiations are underway to determine the feasibility of financing the building through borrowing and repayment over a period of time.

On motion of Mr. Swain, this report was received for record, and was referred to the Committee on Buildings and Grounds for consideration of ways and means of financing the construction of a Materials Science Laboratory. The Board also recorded its appreciation of the work of Congressman Melvin Price and others who have been involved in the efforts to secure federal legislation authorizing a Materials Science Laboratory at the University of Illinois.

REPORT ON DEVELOPMENTS IN MEDICAL CENTER DISTRICT

(15) Vice-President Joseph S. Begando of the Chicago Professional Colleges reported on recent developments in the Medical Center District, the present status of the University's land acquisition program in the District, and relations with the Medical Center Commission.

Members of the Commission had been invited to the meeting and were guests of the Board at luncheon later in the day. Dr. Walter H. Theobald, President, and Mr. Thomas J. Downs, Treasurer of the Commission, and Mr. George McLester, Executive Director of the Medical Center Commission, were present.

At this point, Mr. Harewood joined the meeting.

MEETING OF ASSOCIATION OF GOVERNING BOARDS

(16) Mrs. Frances B. Watkins reported on two meetings she attended as an official delegate of the Board of Trustees of the University of Illinois: the 1961 Annual Meeting of the Association of Governing Boards of State Universities and Allied Institutions held at the University of Nebraska, October 10-14; and a Midwest Regional Conference held at Michigan State University sponsored by the Association's Committee on Regent Responsibility for University Participation in Education Abroad. Professor H. W. Hannah of the Colleges of Agriculture and Veterinary Medicine also attended this meeting as a representative of the President's Office.

Mrs. Watkins stated that the Association has accepted an invitation which she tendered to hold its annual meeting in 1964 at the University of Illinois.

REQUEST OF MR. RAYMOND TIMPONE

(17) Mr. Raymond Timpone of Urbana and Champaign requested, and was granted, an opportunity to present a statement to the Board. He was accompanied by Mr. Robert Regal, a student at the University, who also made a statement.

Mr. Timpone requested the Board to discontinue the proceedings in eminent domain it has instituted to acquire the property of the Cosmopolitan Club at 605 East Daniel Street, Champaign, which he has purchased, and to cease its efforts to acquire the same on the grounds that he needs this property for the expansion of his business in the area which adjoins it.

Mr. Regal stated that he was circulating petitions among students in support of Mr. Timpone's request and that these would be delivered to the Board of Trustees at its November meeting.

President Williamson stated that this request would be referred to the appropriate Committee of the Board.

On motion of Mr. Swain, this matter was referred to the Committee on Buildings and Grounds, with power to act.

RECESS AND EXECUTIVE SESSION

On motion of Mrs. Watkins, an Executive Session was requested, and was so ordered by the President of the Board, to be held after luncheon recess, for consideration of recommendations relating to property acquisition and personnel matters.

On motion of Mr. Swain, the Board recessed.

Following recess, the Board convened in Executive Session for consideration of the following matters of business. The same members of the Board of Trustees, officers of the Board, and officers of the University were present as recorded at the beginning of these minutes. Mr. Harewood, who was absent at the beginning of the meeting, was present at the Executive Session.

ACQUISITION OF PROPERTY

(1) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property at 1013 South Oak Street (at the northwest corner of Armory Avenue and Oak Street), Champaign, at a price of \$8,000.

The property is a vacant corner lot, 73.5 feet by 100 feet. Ultimately the land, which adjoins University property, will be part of the site for expansion of the Abbott Power Plant facilities and for construction of buildings which require a railroad siding. With the acquisition of this corner lot, the University will own all of the property on both sides of Armory Avenue from Oak Street west to the Illinois Central right-of-way so that it can consolidate its holdings and make it possible to secure the vacation of this strip of Armory Avenue.

The price is within appraisals; possession will be delivered not later than January 31, 1962; and taxes will be prorated.

Funds are available in the state appropriations from the Universities Building Fund, and have been released by the Governor.

The Committee on Buildings and Grounds has previously considered this property acquisition and recommends approval.

I concur.

On motion of Mr. Johnston, the purchase of this property was authorized, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner; Mr. Dilliard was not in the room when the vote was taken and is not recorded.

ACQUISITION OF PROPERTIES

(2) At the request of the Board of Trustees, the University of Illinois Foundation has acquired a number of properties which the University needs, but for which funds were not available at the time the properties were on the market or were needed. The acquisition of these properties was financed by loans made by the First National Bank of Chicago to the Foundation. The properties have been leased to the University and it has the option to purchase them from the Foundation.

The University now has state appropriations in the Universities Building Fund for land acquisitions and the Governor has authorized the release of the funds when the money is available from the proceeds of sale of bonds. The Vice-President and Comptroller recommends that the following properties be purchased by the University when the money is available:

Property at 805 West Pennsylvania Avenue, Urbana.....	\$ 85 000
Land for the Airport West of Savoy — Troutman Tract.....	135 000
Farm Land for Agricultural Experiment Station — Pell Tract.....	113 000
Farm Land for College of Agriculture —	
Maxwell Farm South of Champaign.....	131 000

A. R. Temple Farm in Champaign County.....	\$ 152 000
Klassen Farm in Champaign County (known as the O'Neill Tract)...	307 000

<i>Total</i>	\$1 284 000

I concur and recommend that the Comptroller and Secretary of the Board be authorized to execute the necessary documents to accomplish the transfers of title.

On motion of Mr. Swain, these purchases were authorized, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner; Mr. Dilliard was not in the room when the vote was taken and is not recorded.

TERMINATION OF APPOINTMENT OF LUCIANO C. RAYMUNDO

(3) The College of Medicine has recommended that the contract of appointment of Dr. Luciano C. Raymundo, as Research Assistant in Medicine for one year from July 1, 1961, be terminated for cause on the basis of specific charges made by the Acting Head of the Department of Medicine, the Hematologist on the staff of the Department, the Medical Director of the Research and Educational Hospitals, the Dean of the College, and concurred in by the Vice-President in charge of the Chicago Professional Colleges.

Dr. Raymundo, a physician with a temporary Illinois license to practice medicine in this state, was appointed Research Assistant in Medicine for one year from July 1, 1961, with research and patient care assignments in hematology in the Research and Educational Hospitals. He was relieved of his duties on September 18, 1961.

In accordance with the recommendation received, and pursuant to Section 38 of the University of Illinois Statutes, written charges were preferred and filed against Dr. Raymundo by the President of the University for conduct believed to be clearly and seriously prejudicial to the best interests of the University. These charges were filed with the Secretary of the Board of Trustees on September 29 and were served on Dr. Raymundo in person on October 2, at which time he was also notified that he was being suspended by the President of the University pending final decision of the Board of Trustees upon the charges referred to above. He was likewise notified of the provisions in the University of Illinois Statutes with respect to procedure to be followed if he wished to request a hearing before the Board of Trustees or before the Committee on Academic Freedom of the Chicago Professional Colleges Senate.

He has requested no hearing, and the time for filing such request having expired, I recommend that Dr. Raymundo be removed and discharged for cause, and that his contract of appointment as Research Assistant in Medicine be terminated effective today on the basis of charges heretofore submitted and filed with the Secretary of the Board.

On motion of Mr. Swain, this recommendation was approved; Mr. Dilliard voted "no"; Mr. Harewood did not vote and asked to be so recorded; all of the other Trustees voted "aye."

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

1. ROBERT P. BENTZ, Assistant Professor of Poultry Marketing, Department of Agricultural Economics, beginning December 1, 1961, at an annual salary of \$9,500 (DY).

8. PAUL M. NOVAK, Visiting Associate Professor of Landscape Architecture, Department of City Planning and Landscape Architecture, first semester of 1961-62, on one-third time, at a salary of \$2,000 (G33).

On motion of Mr. Pogue, these appointments were confirmed.

COLLEGE OF PHARMACY ADVISORY COMMITTEE

(3) The Dean of the College of Pharmacy recommends the appointment of Milton S. Prizant, Sales Manager, Gazzolo Drug and Chemical Company, Chicago, to the College of Pharmacy Advisory Committee for a term ending June 30, 1966. Mr. Prizant will replace Mr. Fred B. Kienzle, Midwest District Vice-President, McKesson and Robbins, Inc., Chicago, whose term has expired.

I concur.

On motion of Mrs. Watkins, this appointment was approved.

**APPOINTMENT OF ASSISTANT TO THE PRESIDENT
IN CHARGE OF CHICAGO OFFICE**

(4) The public services of the University of Illinois require an office in Chicago as a headquarters for its general operations there, quite apart from the activities at the Medical Center and at Navy Pier. Office space has been available in the Illini Center, LaSalle Hotel, for many years, but the President's Office presently has no continuing staff at this location. I now request that the Board of Trustees authorize a new position, Assistant to the President in charge of the Chicago Office of the President, the duties to include the following assignments:

1. To represent the President at conferences and meetings in Chicago.
2. To supervise and manage the operations of the office, which will include providing services to University officers using the President's Office, to schedule conferences, to conduct interviews for the President, and to supply general information about the University.
3. To facilitate liaison among the several operations of the University of Illinois in the Chicago area.

I also recommend the appointment of Charles C. Caveny, presently Executive Dean of the Chicago Undergraduate Division, to this position, effective January 1, 1962. His knowledge of the Chicago area and his background of experience in the community, as well as his knowledge of the University as a whole, will make it possible for him to render effective and important service in this new assignment.

On motion of Mr. Swain, this appointment was approved.

PROGRESSIVE ADMISSION OF UNDERGRADUATE STUDENTS

(5) The Board of Trustees has authorized a plan of progressive admission of undergraduate students which establishes priorities for action on applications for admission according to a specified schedule. The All-University Committee on Admissions¹ recommends that the dates for the priority periods be modified as follows.

Period I—through April 14, 1962 (rather than through March 31)

Period II—from April 15 through May 31, 1962 (rather than April 1 through April 30)

Period III—after May 31, 1962 (rather than April 30)

Experience has shown that Periods I and II were of insufficient duration to permit the processing of all the applications received for those periods. Most of the applications for a given priority period are available prior to the beginning date indicated for that period. Applications received following the period during which they would normally be processed would be handled so that priority is given, so far as administratively feasible, to the best qualified applicants.

The Committee also recommends that the Dean of Admissions and Records be authorized to make adjustments in dates for priority periods as necessary from year to year.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

**REVISIONS IN CURRICULA IN THE COLLEGE
OF PHYSICAL EDUCATION**

(6) The Urbana-Champaign Senate recommends the following revisions and new curricula in the College of Physical Education:

¹ The progressive admission of undergraduate students plan as approved by the Board of Trustees was recommended by the University Senates. Since the change here proposed is only in the schedule of priorities, approval by the University Senates is not deemed necessary.

Municipal Park Administration. Authorization of a new municipal park administration option in the Department of Recreation to meet the urgent need for competent personnel in the rapidly growing park systems throughout the state of Illinois and the nation. There is no institution of higher learning in Illinois where preparation and training for this work is available.

Submitted herewith are the details of this new option, a copy of which is being filed with the Secretary of the Board for record.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

Dance. Authorization of a new curriculum in dance leading to the degree of Bachelor of Arts in Dance, in the Department of Physical Education for Women. The new curriculum will contribute to the program of the College and will offer basic preparation for dance performers, choreographers, and producers. It includes general education courses in humanities, social sciences, and biological sciences, and courses in the related arts of theatre, music, and art. The proposed curriculum is related directly to the degree of Master of Arts in Dance now offered, and is in addition to the option in teacher education curriculum in dance which fulfills the present requirements of a Bachelor of Science in Physical Education for women preparing to teach in public schools.

Submitted herewith are the details of the new curriculum, a copy of which is being filed with the Secretary of the Board for record.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I recommend approval of the above proposals, subject to further action by the new State Board of Higher Education.

On motion of Mr. Swain, the foregoing recommendations were approved.

Physical Education for Men. The Urbana-Champaign Senate Committee on Educational Policy recommends, and the Executive Vice-President and Provost concurs, that a new course, Physical Education for Men 225, Supervised Experience in Physical Education, a noncredit course, be required of all students in the professional curriculum in physical education for men. Students in this professional training curriculum will be required to enroll in the new course for one semester during their junior year.

Although the Educational Policy Committee and the Office of the Executive Vice-President and Provost have advised that no further Senate or other actions are required, this being a minor change in requirements for graduation, it is nevertheless reported to the Board for record and confirmation.

On motion of Mr. Swain, this action was confirmed.

DOCTOR OF PHILOSOPHY IN RUSSIAN

(7) The Urbana-Champaign Senate recommends extension of the existing graduate program in Russian to include the Doctor of Philosophy degree. The formation and expansion of the Department of Russian, the rapid increase of interest in the field, and the number of candidates who wish to pursue studies beyond the recently established master's program indicate a definite need for this graduate program.

Admission Requirements. Applicants must meet the scholastic standards established by the Graduate College, and should have the equivalent of at least four years of Russian, including practical work in the use of the language and an advanced course in literature.

Degree Requirements. The candidate must meet the general requirements specified by the Graduate College with respect to credit, residence, minors, language proficiencies, thesis research, and the preliminary and final examinations. He may major in literature or in linguistics, but he must offer one minor in another language or literature, or in linguistics.

In addition to fulfilling all general requirements of the Graduate College, a candidate for the degree of Doctor of Philosophy in Russian will be required to have a reading knowledge of French and German and a knowledge of the development of the Russian language, including Church Slavonic (Russian 405). The candidate will be required to take at least six units in 400 courses (i.e., graduate courses) beyond the master's degree. The candidate may major either

in Russian literature or in Russian linguistics, but must offer a minor in another language or literature, or in linguistics.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I recommend approval, subject to further action by the State Board of Higher Education.

On motion of Mr. Clement, this recommendation was approved.

CONTRACT FOR POWER SUPPLY FOR BETATRON BUILDING

(9) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$13,879 to the Hyre Electric Company, Chicago, the lowest bidder, for installation of a new power supply to the Betatron Building at the Chicago Professional Colleges.

This improvement is in connection with changing the electrical supply to the Medical Center Campus from 4000 volts to 12,000 volts and will include installing new duct work and cables to the Betatron. Long-range plans contemplated this improvement to the electrical distribution system.

Funds are available in the state capital appropriations from the Universities Building Fund.

I concur.

On motion of Mr. Clement, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner.

CONTRACT FOR CONSTRUCTION OF BURNSIDES RESEARCH LABORATORY

(10) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for the construction of the Burnside Research Laboratory on Pennsylvania Avenue in the area east of the Dairy Manufacturers Building for the Department of Food Technology, the award in each case being to the lowest bidder:

¹ The National Science Foundation has made a grant of \$15,600 for the extension of the Natural History Building to provide research facilities for the Departments of Zoology and Botany, on the condition that this grant will be matched by the University from nonfederal funds to the extent of at least 50 per cent of the direct costs of the project. The grant and matching funds will provide for construction of an office-laboratory facility for graduate students, in the north courtyard of the Natural History Building.

General — A. F. Krall Construction Company, Inc., Decatur.....	\$299 150 00
Electrical — Henry Newgard and Company Chicago.....	53 784 00
Base Bid	\$56 884
Less Deductive Alternate for substitution of a different make of lighting fixtures but equal to those listed in the base bid.....	—3 100
Plumbing — Nu-Way Plumbing Service, Inc., Chicago.....	99 913 00
Heating and Refrigeration — F. R. Inskip and Company, Champaign..	119 819 00
Ventilating — Reliable Plumbing and Heating Company, Champaign..	58 315 00
<i>Total Contracts</i>	\$630 981 00

Elevator — Only one bid was received, and it is recommended that the bid be rejected and new bids taken. This action will not delay construction of the building since the elevator installation will not be required until the building is well under way.

Funds are available in a grant of \$400,000 from the National Institutes of Health, a gift of \$200,000 from Miss Ethel Burnside of Paris, Illinois, and \$200,000 from the state capital appropriations to the University from the Universities Building Fund, subject to release by the Governor. Miss Burnside has offered an additional gift of \$50,000 on condition that it be matched by an equal amount. Such additional funds are necessary because the total cost of the building will be in excess of the estimates on which the original financing was based. There will be other costs, including moveable equipment, in addition to the contracts recommended above, and grants may be available for some of the equipment. In the meantime, sufficient funds are available and have been assigned for the award of the contracts and I recommend that they be authorized, and that the Governor be requested to release \$250,000 or as much thereof as may be needed for the project.

Miss Burnside's gift will be made over a period of years. The Vice-President and Comptroller recommends, and I concur, that \$175,000 be advanced from the Indirect Costs Fund Reserve, to be repaid as gifts are received from Miss Burnside in 1963 and subsequent years, and that the President of the University be authorized to accept the offer of Miss Burnside of an additional gift of \$50,000 upon the conditions prescribed by her in her letter of November 16, 1961, a copy of which letter is on file with the Secretary of the Board of Trustees. (Fifty thousand dollars has already been received from Miss Burnside and an additional \$25,000 will be received before construction is completed.)

Submitted herewith is a report from the Physical Plant Department on this project, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

On motion of Mr. Swain, acceptance of the offer was authorized; the contracts were awarded, as recommended; and the only bid on the elevator contract was rejected. These actions were taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner.

CONTRACT FOR CONSTRUCTION OF THE SECOND STAGE OF THE PHYSICS BUILDING

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for the construction of the second stage of the Physics Building, the award in each case being to the lowest bidder:

General — Johnson, Drake, and Piper, Inc., Terre Haute.....	\$1 165 300
Base Bid	\$1 107 000
Plus Additive Alternates	
Service charge for accepting assignment of mechanical contracts for supervision by general contractor	19 500

NAMES OF UNIVERSITY'S CHICAGO CAMPUSES

(14) Some time ago the administrative officers at the Chicago Undergraduate Division and at the Chicago Professional Colleges were requested to suggest

names for the two Chicago campuses. After consultation, they presented recommendations, which in turn were reviewed by the Executive Committee of the University Council. Consistent with the reactions which I have received, I propose that the following names be officially adopted: the University of Illinois at Congress Circle, Chicago, and the University of Illinois at the Medical Center, Chicago.

The Committee on Buildings and Grounds has previously considered these names and concurs in the recommendation for their adoption.

On motion of Mr. Pogue, these names were approved.

DESIGNS OF NEW BUILDINGS

(15) The Director of the Physical Plant submits for approval by the Board of Trustees designs for the Illinois Street Residence Halls for Single Students, to be constructed in the area between Green Street and Illinois Street, east of the present student-staff apartments, and for the Central Receiving Station.

Director C. S. Havens and Mr. Ambrose Richardson, Consulting Architect, discussed these designs and the Trustees inspected the models.

On motion of Mr. Swain, the Board approved these designs.

QUARTERLY REPORT OF THE COMPTROLLER

(20) The Comptroller presented his quarterly report to the Board as of September 30, 1961.

This report was received for record and a copy has been filed with the Secretary of the Board.

SETTLEMENT WITH PATRICK WARREN CONSTRUCTION COMPANY

(21) In December, 1949, the University entered into a contract with Patrick Warren Construction Company (hereinafter termed "Warren") for the performance by the latter of the general work in connection with the construction of the addition to the Research and Educational Hospitals at Chicago. The provisions of the contract contemplated the completion of the building in May, 1951; but, in consequence of numerous delays which developed from time to time, some of the work remained undone in July, 1953, with the result that the University, in order to expedite the completion of the building, assumed the then unfinished portion of Warren's work in return for a credit allowed the University by Warren.

At that time Warren had not paid the balances due a considerable number of its subcontractors for the work done and materials furnished by them. Since then, the University, with Warren's consent, has paid, out of funds it was withholding from payment to Warren, the balances owed those subcontractors by Warren in return for credits allowed the University by Warren.

As the result of the last such payment, which was made to the partnership known as Crouch-Walker Company about three months ago, the unpaid balance under the contract between Warren and the University is now \$49,330.34. In addition to its claim for the payment to it of that balance, Warren, upon the theory that the University is legally responsible for the above-mentioned delays, asserts substantial claims against the University for increased costs and damages Warren claims it has sustained, and may in future sustain, in consequence of them. On the other hand, the University asserts it is entitled to certain credits, which Warren has refused to allow, upon the contract and also asserts claims against Warren for damages for the delays for which the University claims Warren was both actually and legally responsible. The University denies liability to Warren upon the latter's last-mentioned claims, and Warren denies liability to the University upon its claims against Warren. The details of these claims are more fully stated in a letter from Mr. Lesemann to President Henry of which a copy is being filed with the Secretary for record.

As the result of negotiations recently conducted between counsel for Warren and counsel for the University, Warren has now agreed to accept the sum of \$81,042.07 and a release by the University of all of the latter's claims against Warren in full payment and satisfaction of all of Warren's claims against the University and to deliver to the University a full and complete release of all claims, and release and waiver of all liens, which Warren may have or assert against the University.

Litigation of the claims asserted by Warren against the University, and those asserted by the latter against Warren, which appears inevitable if claims are not settled and disposed of on the foregoing basis, would be protracted and complicated and would result in serious inconvenience and very substantial expense to the University. For these reasons, the Vice-President and Comptroller, the Director of the Physical Plant, the Legal Counsel, and Special Counsel (Albert E. Jenner, Jr., and Ralph F. Lesemann), who have been handling these matters for the University, recommend that a final settlement between the University and Warren on the above-mentioned basis be authorized and made, and

that the Comptroller and the Secretary be authorized to execute and deliver upon behalf of the University the necessary release of the University's claims against Warren, all subject to release by the Governor out of funds appropriated to the University for the construction of the Hospital Addition of the sum of \$81,042.07 for payment to Warren.

I concur.

On motion of Mr. Johnston, this settlement was authorized, as recommended.

EASEMENT TO ILLINOIS BELL TELEPHONE COMPANY

(22) The Illinois Bell Telephone Company has requested an easement for an underground telephone cable installation across University properties at 502 and 508 East John Street, Champaign. All University officers concerned recommend that this request be granted and I concur.

To implement this easement, the following resolution should be adopted:

Resolution

Be It, and It Hereby Is Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and the Secretary of this Board of Trustees be, and they hereby are, authorized to execute, acknowledge, and deliver in the name and on behalf of this Corporation such instruments of conveyance, contract, or other document or documents as to them may seem necessary or desirable in order to grant to Illinois Bell Telephone Company, an Illinois corporation, hereinafter referred to as "Grantee," its successors and assigns, the right and easement to lay, operate, and maintain a communications cable for the transmission of telephonic signals under and through the land hereinafter described and the right of ingress to and egress therefrom. Grantee shall agree to repair any damage to property of this Corporation by the laying, construction, reconstruction, operation, maintenance, renewal, or removal of said cable, and Grantee shall further agree to relocate said cable at its expense if and when said cable would interfere with any construction undertaken by this Corporation during the term of the right-of-way easement to be hereunder granted. The right-of-way easement shall terminate ninety (90) days after Grantee ceases to use said transmission line for rendition of service. The right-of-way easement shall be over the following-described property:

The North Three (3) feet of Lot Ten (10) in Block Eleven (11) in Assessor's Subdivision of Blocks Ten (10), Eleven (11) and Fourteen (14) of J. S. Wright's Addition to Champaign, in Champaign County, Illinois; and

The North Three (3) feet of Lot Seven (7) of J. I. Groves' Replat of Lots Seven (7) and Eight (8) in Block Eleven (11) in the Assessor's Subdivision of Blocks Ten (10), Eleven (11), and Fourteen (14) of J. S. Wright's Addition to Champaign, situated in the County of Champaign, and State of Illinois.

On motion of Mr. Swain, the foregoing resolution was adopted.

PRESIDENT'S REPORT ON SELECTED TOPICS OF CURRENT INTEREST

(23) President Henry stated that for some time he has felt the need to bring to members of the Board of Trustees, with some regularity, a brief report of significant current events and other items of interest so that the members have this additional means to an overview of campus happenings and educational achievements.

Each subject will be in capsule form. Should any particular subject be of special interest to anyone, a more complete dossier of information can be made available.

He presented a report on the following topics: University fifth in total degrees, future teachers in professional semester, Professor George White honored, distinguished graduate returns, mathematics program continued.

Copies of the complete report were distributed at the meeting to the members of the Board of Trustees and to representatives of the press, and a copy was filed with the Secretary for record.

DECEMBER AND JANUARY MEETINGS

The Board has previously voted to hold its December, 1961, meeting in Chicago on Tuesday, December 19, and has accepted an invitation

from Mr. C. W. Weldon, Treasurer, to meet in the executive offices of the First National Bank of Chicago.

President Williamson asked the Board if it desires to change the date of the January, 1962, meeting.

On motion of Mrs. Watkins, the Board voted to hold its January, 1962, meeting on Thursday, January 11, in Urbana.

RESOLUTION ON FOOTBALL TEAM

Mr. Clement offered a resolution of tribute and appreciation to the 1961 Varsity Football Team and to its coaching staff.

This resolution was adopted and a copy filed with the Secretary.

STATE OF ILLINOIS FLAG

Mr. Dilliard asked that consideration be given by University officers to flying the state of Illinois flag daily, along with the national colors, in appropriate campus areas.

EXECUTIVE SESSION AND RECESS

President Williamson announced that an Executive Session had been requested, and was being ordered, to be held after luncheon, for consideration of property transactions and patentable inventions which involve federal agencies.

He also stated that today's meeting offers an unusually good opportunity for the Board of Trustees to inspect the Assembly Hall, due to its present stage of construction and because its architect, Mr. Max Abramovitz, is here. The inspection was held after luncheon.

On motion of Mrs. Watkins, the Board recessed.

GUESTS OF THE BOARD AT LUNCHEON

The officers (Executive Committee) of the Student Senate at Urbana-Champaign were guests of the Board at luncheon and were introduced.

Dean King J. McCristal of the College of Physical Education was also a guest, was introduced, and addressed the Board briefly on the state of the College.

Mr. Thomas P. Parkinson, Director of the Assembly Hall, was also a guest and was introduced.

When the Board convened after luncheon the same members, officers of the Board, and officers of the University were present as recorded at the beginning of these minutes.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(1) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Avalanche transistor circuit — William Michael Henebry, Electronics Engineer, Department of Physics, inventor. This device is a transistor circuit that permits the use of an avalanche transistor under high duty-cycle conditions.

The Associate Head of the Department of Physics, in which this was developed, has considerable doubt that the device is patentable and, therefore, recommends that the rights of the University be released to the sponsoring agency, the United States Navy. The Patent Committee concurs.

2. Signal amplitude limiting and phase quantization in antenna systems — Donald Lester Bitzer, Research Assistant Professor in the Coordinated Science Laboratory, inventor. The novel aspects of this scheme are quantizing of the signal phase to a discrete phase level, application of this scheme to coherent radar

in synthesizing long antennas, and incorporation of electronic steering of the beam pattern using quantized phase level.

The Director of the Coordinated Science Laboratory is of the opinion that this invention offers little possibility of commercial development but has good probabilities of definite military application; therefore, he recommends that the rights be released to the sponsoring agency, the United States Army Signal Corps. The Patent Committee concurs.

3. Dynamic cross-field electron multiplier — Don F. Holshouser, Associate Professor in Electrical Engineering, inventor. On December 21, 1960, the Board of Trustees approved release of this invention to the University of Illinois Foundation for further development and patent application; application for a patent has now been made. It is recommended that 15 per cent of any income from a patent, if issued, after deducting the expenses of the Foundation, be paid to the inventor.

4. Mulch planting method and device — Roger R. Yoerger, Professor of Agricultural Engineering, and Loren Boppert, student, inventors. This invention consists of a planter that is mounted as an integral unit on the mulch-laying machine with a rotating wheel that follows on the mulch and automatically pierces the mulch, drops the seed into the soil, and covers the seed by firming the soil around it.

Study has indicated that it is desirable to apply for a patent, and it is recommended that the rights of the University in this invention be transferred to the University of Illinois Foundation for further development and possible patent application.

5. Polymers containing recurring thiazole units — Carl S. Marvel, formerly Research Professor of Organic Chemistry, and James E. Mulvaney, formerly Research Associate in Chemistry, inventors. This invention is a synthesis, which can be cast into films, involving condensation of bis-thiolamides and bis-bromomethyl ketones.

Study has indicated that it is desirable to apply for a patent; therefore, it is recommended that the rights of the University in this invention be transferred to the University of Illinois Foundation for further development and possible patent application, with due recognition of the contractual rights of the sponsoring agency, the United States Air Force.

6. Remotely controlled spray head for varying spray swath width — Beverly Jack Butler, Assistant Professor of Agricultural Engineering, inventor. The remotely controlled spray head varies the width of swath by the covering and uncovering of individual passages to separate commercial nozzles, each of which sprays a specific portion of the total width of swath. The nozzle spray angle, position, and output are selected to give even distribution.

It is recommended that the rights of the University in this invention be released to the University of Illinois Foundation for further development and possible patent application.

7. Polyborimadazolines — Carl S. Marvel, formerly Research Professor of Organic Chemistry, and James E. Mulvaney, formerly Research Associate in Chemistry, inventors. A new thermally stable polymer prepared by the melt condensation of 3,3'-diaminobenzidine and tetra-*n*-butyl benzene-1,4-diboronate.

It is recommended that the rights of the University in this invention be released to the University of Illinois Foundation for possible patent application, with due recognition of the contractual rights of the sponsoring agency, the United States Air Force.

8. Edible carbohydrate coating for foods — Lyle Allen, Assistant in Food Technology, and Alvin I. Nelson, Professor of Food Processing, inventors. This invention relates to the development of an edible, pliable, tough, and protective coating for various food products. The coating is composed of sodium alginate and corn starch; microbial inhibitors, antioxidants, and flavors can be added to the coating. It reduces or practically eliminates moisture loss and in many instances preserves the quality of the food product.

This development was referred to the University of Illinois Foundation and its patent attorney for study. The Foundation consulted with the Corn Industries Research Foundation, the sponsoring agency; and it was the consensus that this invention probably is not patentable. The Patent Committee concurs; and accordingly, it is recommended that the rights of the University in this invention be released to the inventors.

9. Electrostatically operated switch — Paul Ernest Weston, Research Assistant in Electrical Engineering, inventor. This invention is an electrostatically operated switch suitable to replace many functions of the common electromagnetic relay, but requiring very much less control power, and for this reason is adaptable to many useful situations in which existing electrically controlled switches fail due to lack of power sensitivity.

It is recommended that the rights of the University in this invention be released to the University of Illinois Foundation for patent application, with due recognition of the contractual rights of the sponsoring agency, the United States Navy.

10. Size-indicating, object-enumerating logic network — Paul Ernest Weston, Research Assistant in Electrical Engineering, inventor. This device counts the number of dark objects in a transparent field. It is thought that it has novelty in being a repetitive network performing this counting function, with invariances.

It is recommended that the rights of the University in this invention be released to the University of Illinois Foundation for development and patent application, with due recognition of the contractual rights of the sponsoring agency, the United States Navy.

I concur.

On motion of Mr. Clement, the foregoing recommendations were approved.

ACQUISITION OF PROPERTY FROM MR. AND MRS. CHARLES J. MERRIAM

(2) Mr. and Mrs. Charles J. Merriam are considering a gift to the University of one-half of the stock in their Wisconsin corporation, Pine Tree Farms, Inc., such gift to be made over a period of approximately five years. The other one-half of the stock in the corporation will be given to the Chicago Council of the Boy Scouts of America over the same period of time. The corporation owns real estate in Waushara, Marquette, and Adams Counties in Wisconsin, and certain tangible personal property located thereon. Some of these properties will be transferred by the corporation in advance of the gifts of the stock.

The Merriams are willing to make such gifts only if the donees will currently assume the responsibility of management, maintenance, and care of the properties, the annual cost of which is presently estimated at \$5,000. The Chicago Council of Boy Scouts is willing to undertake such obligations during the period in which the gifts are to be made, provided that the University or the Foundation will agree to pay one-half the net losses, if any, which the Council may incur by reason thereof. When all the stock has been given to the University and the Chicago Council of Boy Scouts, it is contemplated that Pine Tree Farms, Inc., will be dissolved and its property distributed in liquidation to the University and the Scouts. Agreement has been reached as to the property to be distributed to each. The University will then sell the real estate it receives.

The Foundation is willing to assist the University in procuring this gift by contracting to pay the Boy Scouts one-half of the net losses, if any, of the Scouts under the management contract during the gift period, provided the University will agree to reimburse the Foundation therefor out of the dollar proceeds which the University receives on the disposition of the property obtained through the Merriam gift. Such an arrangement between the University and the Foundation would not involve the expenditure of any state-appropriated funds.

The Vice-President and Comptroller recommends that the Board authorize an arrangement with the Foundation whereby the University will agree to reimburse the Foundation for expenses which it may incur in so procuring the gift from the Merriams, such reimbursement to be made only as, if, and when the Merriams' stock gift is converted to money, and such reimbursement to be payable only out of, and not in excess of, the money so obtained. The Legal Counsel has approved the recommendation.

I concur.

On motion of Mr. Swain, acceptance of this offer, in accordance with the terms and conditions recommended, was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr

Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner.

BEQUEST OF MARY C. McLELLAN

(3) In her will (as recorded in the minutes of January 27, 1940), the late Mary C. McLellan, Class of 1888, left the remainder of her estate to the University of Illinois for the purchase of art objects and/or the establishment of a traveling scholarship in art. There was also a provision in her will in which her residence property at 706 West Park Avenue, Champaign, was left to Birdie M. Nash for life, and upon the death of the life tenant the remainder interest in the property was given to Mrs. Nash's daughter, now Mrs. Lois Nash Dickson. The will contained a provision that if Mrs. Dickson were not living at the time of the death of her mother, the real estate should be sold and the proceeds given to the University.

Mrs. Nash is now seventy-eight years old, has moved from the nine-room house into an apartment, and does not wish to live in the McLellan house again. She would have the right to rent the house, but since no improvements have been made for a number of years, considerable expense would be involved, and she does not wish to assume the management responsibilities. Both Mrs. Nash and her daughter feel that it would be to the best interests of all concerned if the property could be sold. An offer of \$14,000 has been received from Thomas R. and Suzanne Bryant Skaggs. The price is in line with the appraised value and is acceptable to Mrs. Nash and Mrs. Dickson. The Vice-President and Comptroller and the Legal Counsel recommend that the Board of Trustees consent to the sale of the property for \$14,000 on the following conditions: that Mrs. Nash, Mrs. Dickson, and the University enter into an agreement to place the proceeds of the sale in trust in a local bank, the income from the trust to be paid to Mrs. Nash during her lifetime; that if Mrs. Dickson survives Mrs. Nash, the principal of the trust fund so created will be paid by the Trustee to Mrs. Dickson; and that in the event Mrs. Dickson predeceases her mother the principal of the trust fund will be turned over to the University upon the death of Mrs. Nash.

I concur, and recommend adoption of the following resolution:

Resolution

WHEREAS, under the provisions of the Will of Mary C. McLellan, Deceased, the hereinafter-described property located at 706 West Park Street, Champaign, Illinois, was devised to Mrs. Birdie M. Nash to have, hold, use, and enjoy the same so long as she shall live; and upon the death of the said Mrs. Birdie M. Nash said property was devised to her daughter, Mrs. Lois Nash Dickson, if then living; provided that if Mrs. Lois Nash Dickson should die prior to the date of the death of her mother, said property should be converted into cash and the funds derived therefrom devoted by The Board of Trustees of the University of Illinois to the purchase of objects of art for the Art Department of the University of Illinois and/or the establishment of a traveling scholarship in said Art Department to be known as the "Mary C. McLellan Scholarship"; and

WHEREAS, said Mrs. Birdie M. Nash and Mrs. Lois Nash Dickson desire to sell said property and it is deemed to be in the best interest of all concerned that said property be sold at this time and the proceeds derived therefrom placed in trust with the First National Bank in Champaign, a national banking association, organized and existing under and by virtue of the laws of the United States of America and doing business and having its principal office at 30 Main Street, in the City of Champaign, County of Champaign, and State of Illinois, or other local corporate trustee and the income derived from said trust fund be paid to said Mrs. Birdie M. Nash during her lifetime and upon her death the proceeds of said trust fund be paid to said Mrs. Lois Nash Dickson, if she be then living, and if she should not be then living, be paid to The Board of Trustees of the University of Illinois to be devoted by it to the purposes set forth in said Will; and

WHEREAS, Dr. Thomas R. Skaggs and Mrs. Suzanne Bryant Skaggs, husband and wife, have offered to purchase said property for the sum of Fourteen Thousand Dollars (\$14,000);

Now, Therefore, Be It And It Hereby Is Resolved, by this Board of Trustees

of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this Corporation be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver in the name of, and in behalf of, this Corporation, and under its Corporate Seal, a Quit-Claim Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Dr. Thomas R. Skaggs and Mrs. Suzanne Bryant Skaggs, husband and wife, all right, title, and interest this Corporation may have in or to the following-described property, viz.:

Beginning at a point Twelve (12) rods West of the Southwest corner of Lot Six (6) in Block One (1) of McLaurie, Leal and Cloke's Addition to the City of Champaign, Illinois, thence North One Hundred Twenty-four (124) feet, more or less, to an alley, thence West Sixty-seven (67) feet, thence South to the North line of Park Avenue, thence East on the North line of Park Avenue to the place of beginning, situated in the County of Champaign and State of Illinois.

Be It And It Hereby Is Further Resolved that said Comptroller and Secretary of this Corporation be, and they hereby are, authorized and directed to enter into a trust agreement in the name, and in behalf of, this Corporation and to execute such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to place the proceeds from the sale, after deduction for the costs of a title policy, appraisal, federal documentary tax stamps, attorney's fees, abstracting and recording costs, and other expenses usually incident to a sale, in trust with the First National Bank in Champaign, a national banking association, organized and existing under and by virtue of the laws of the United States of America and doing business and having its principal office at 30 Main Street, in the City of Champaign, County of Champaign, and State of Illinois, or other local corporate trustee, under an agreement whereby the income of the corpus of the trust shall be paid to Mrs. Birdie M. Nash during her lifetime, and upon her death the corpus of the trust shall be distributed to Mrs. Lois Nash Dickson, if she then be living, and if she should not then be living, to this Corporation in accordance with the provisions of the Will of Mary C. McLellan, Deceased.

On motion of Mr. Clement, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner.

ANNUAL MEETING

Some of the Trustees stated that they would be unable to attend the next annual meeting if held on the second Tuesday of March as provided in the Bylaws.

On motion of Mrs. Watkins, the Board voted to change the date of the 1962 annual meeting from Tuesday, March 13, to Thursday, March 15, to be held in Urbana. There were no dissenting votes.

It was the consensus of the Board that no changes be made in the dates of the other meetings following March and during the first half of the calendar year 1962. Accordingly, these meetings will be held on the third Wednesdays as provided in the Bylaws: February 21 and April 18 (in Chicago), May 16 and June 20 (in Urbana).

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

On motion of Mr. Swain, these appointments were confirmed.

TUITION WAIVERS

(3) The Executive Vice-President and Provost recommends the authorization of up to thirty-five tuition waivers each semester to be assigned to new or continuing undergraduate students who satisfy the Dean of Admissions and Records that they are now qualified, and will, at the end of the current semester or current school year, be candidates for regular scholarships or grants-in-aid. The waivers are to be awarded by the Dean of Admissions and Records to avoid injustice or inequity, or in hardship situations, to students who might be forced to remain out of the University if this assistance should not be provided. Such waivers would be for one semester or one year and no student would be eligible for more than two semesters waiver of tuition.

I concur.

On motion of Mr. Pogue, this recommendation was approved.

STUDENT LOAN FUNDS

(4) For a number of years applications for student loans at both the Urbana campus and the Chicago campuses of the University have exceeded funds avail-

able for this purpose, and it has been necessary to reduce most applications and in some cases to fail to make the loan because of insufficient funds. This is in spite of \$250,000 which has been received each year from the federal government under the National Defense Education Act. Attempts have been made to find new sources of funds to be used for this purpose.

At the Urbana and Chicago campuses, student organization funds are combined into single accounts for proper administration. The Code on Undergraduate Student Affairs and Regulations Governing the Chicago Organizations Fund allow the Executive Boards of these funds to invest cash balances of the funds over and above the working balances required. At the present time \$105,000 is so invested in Urbana and \$68,000 in Chicago. It has been found that a substantial portion of these investments are semipermanent in character since student organization funds balances remain large at all times.

The Dean of Students at the Urbana campus and the Business Manager at the Chicago Professional Colleges have suggested that a portion of the funds thus invested be made available for loans to students. In order to accomplish this, the Code on Student Affairs at the Urbana campus has been revised to permit the investment of such unused balances in student loans. This change has been approved in meetings of the individual organizations participating in the funds and by the Executive Board of the fund. It has also been approved by the Committee on Student Affairs. Meetings soon will be held at the Chicago campus for the purpose of obtaining approval of a change in the Regulations identical to the change in the Code on Student Affairs permitting investment in student loans.

Under the proposal approved balances available would be transferred to the University, which would act as the agent of the Student Organizations Fund and the Chicago Organizations Fund and loaned to students under the same policies as our other loan funds of the University. Interest received on such loans would be turned back to the Student Organizations Fund and the Chicago Organizations Fund, and, if at any time the Executive Board of either body requests that the principal amounts be returned, this would be done as notes are liquidated or otherwise converted into cash by the University.

Inasmuch as such an arrangement would result in some loss of income to the Student Organizations Fund and the Chicago Organizations Fund because interest does not commence to accrue on loans until after the student leaves school, it is being recommended that the charge ordinarily made by the University against the funds for bookkeeping services be discontinued with the result that the Organizations Funds should suffer little or no loss on account of this change. If there are losses by failure to collect loans thus made, the Organizations Funds will accept them, since the University is acting only as the agent of the funds in making these loans. It should be pointed out that under the General Rules Concerning University Organization and Procedure, Section 11(i), student organizations funds must be kept apart from University funds, and no liability may be created on the part of the Board of Trustees.

Approval of the acceptance and administration of these funds for loan purposes to be administered in accordance with the established policies of the University and discontinuance of the charge for bookkeeping services heretofore assessed against the Student Organizations Fund at the Urbana campus is recommended by the Vice-President and Comptroller and by the Dean of Students. Appropriate documents setting forth the arrangements between the Student Organizations Fund and the University will be prepared and executed. These arrangements have been approved by the Legal Counsel.

Inasmuch as meetings on the Chicago campus have not as yet been held, approval in principle is also requested for identical arrangements between the Chicago Organizations Fund and the University.

I concur.

On motion of Mrs. Watkins, this recommendation was approved, and authority was given as requested.

USE OF UNIVERSITY FACILITIES BY CANDIDATES FOR PUBLIC OFFICE

(5) Two years ago the Board of Trustees approved the following resolution which had been passed by the Urbana-Champaign Senate and recommended by the President of the University:

That the Urbana-Champaign Senate of the University of Illinois favors the use, on a trial basis, of University buildings, grounds, and facilities by candidates for nomination or election to statewide or national offices for the academic years 1959-60 and 1960-61 subject, at the end of this period, to review, revision, or repeal by the Board of Trustees.

This authorization is applicable to another campus of the University only with the concurrence of its Senate.

The Board of Trustees also authorized the President to promulgate appropriate rules and regulations consistent with those governing the appearance of other speakers on the campus and consistent with the educational objectives of the University.

This practice has worked out satisfactorily and I recommend that it be continued.

On motion of Mr. Hughes, this recommendation was approved, but by a divided vote, a show of hands indicating a vote of seven for and two opposed.

EMPLOYMENT OF ARCHITECTS

(6) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of contracts for outside architectural services for the following assignments and on the terms indicated:

Addition to the Administration Building — John Sweetnam, associated with the firm of Spangler, Beall, Salogga, and Bradley, Decatur, on the basis of a fee of $5\frac{1}{4}$ per cent of construction contracts, less an allowance of \$1,000 for previously completed studies.

Remodeling in Armory — Clark, Daily, and Dietz, Urbana, at a fee of 6 per cent of construction costs.

Funds are available in the state capital appropriations from the Universities Building Fund for the first three projects and in an assignment from Indirect Costs for the Digital Computer Laboratory Addition.

The Committee on Buildings and Grounds has previously considered these recommendations and supports them.

I concur.

On motion of Mr. Johnston, these recommendations were approved, and authority was given to execute the contracts on the terms indicated.

REPORT OF GIFTS AND FUNDS RECEIVED FROM OUTSIDE SOURCES

(17) Following is a report of gifts, grants, and contract funds received by the University from outside sources during the fiscal year July 1, 1960, through June 30, 1961. This report includes funds from private donors and funds received from governmental agencies and covers all payments received during the fiscal year. In many cases a period of several months elapses between the time an offer is received and accepted and final payment is made.

In a number of cases, grants and gifts were previously reported to the Board when the offers were received, and likewise the Comptroller's monthly reports include numerous research contracts for which funds had not been received at

the time of reporting. These are being included here in order to present a complete report of all funds received from outside sources during the fiscal period.

The contracts have all been properly executed by the Secretary and the Comptroller of the Board. All gifts and grants reported here have been accepted and duly acknowledged by the President or other appropriate University officer with an expression of appreciation on behalf of the University and the Board of Trustees.

FACULTY CONFERENCE ON THE ROLE OF THE UNIVERSITY IN INTERNATIONAL EDUCATION

(20) On December 2, 1961, the President of the University convened a special faculty conference in which one hundred members of the faculty representing all three campuses of the University participated in an all day and evening discussion of the role of the University in international affairs to assess the University's present activities in this area, and to consider means of meeting its future responsibilities.

The conference was planned and organized by a Steering Committee: Richard Butwell, Associate Professor of Political Science, Chairman; J. B. Casagrande, Professor and Head of the Department of Anthropology; H. G. Halcrow, Professor and Head of the Department of Agricultural Economics; P. P. Klassen, Professor of Sociology, Chicago Undergraduate Division; J. W. Peltason, Professor of Political Science and Dean of the College of Liberal Arts and Sciences; and Jack Stillinger, Associate Professor of English. The following topics were discussed: (1) Area Study Programs; (2) Non-Western Courses in the Undergraduate Curriculum; (3) Overseas Programs; (4) Training for Overseas Service.

Study materials were supplied to all of the participants in advance. In the evening, the conference was addressed by Professor George E. Taylor, Director of the Russian and Far Eastern Institute, University of Washington (Seattle). At the conclusion of the conference, the following report and recommendations were adopted:

Report of President's Special Faculty Conference, December 2, 1961

The President's Special Faculty Conference on International Affairs examined a wide range of institutional and individual responsibilities inherent in the role of a great university in the second half of the twentieth century. A major assumption underlying much of the discussion was the belief that consideration and appropriate use of a comparative cross-cultural approach is essential to professional competence in most areas of teaching, research, and service.

The Conference participants adopted recommendations dealing with some ways of implementing the University's responsibilities in the light of the basic assumption noted above. These recommendations can convey neither the feeling of need and urgency nor the sense of opportunity and challenge revealed in the discussion. A persistent undercurrent of feeling voiced at the Conference was that such recommendations are not peripheral to the life of the University, but rather represent a shift in the center of gravity of the total intellectual perspective.

The recommendations should be interpreted in the context of the basic assumption, and in the light of the following needs and expectations:

(a) The need to find efficient and economic ways of closing gaps which still exist in the University's programs and activities relevant to major world areas and problems.

(b) The necessity of strengthening programs and practices basic to cross-cultural orientation, teaching, and research in all disciplines.

(c) The expectation that increasing confrontation with other major cultures will lead to improved understanding of Western culture and provide opportunities to re-examine traditional concepts.

Recommendations

1. Current University activities in international affairs should be greatly expanded.

2. The University should introduce instruction in non-Western languages.

3. The Conference notes with approval the development of the Center for Russian Language and Area Studies and the Center for Latin American Studies and recommends further strengthening of their programs of teaching and research.

4. The development of both area studies and international studies concerned with problems of global significance should be encouraged. In both cases the approach should be comparative and interdisciplinary.

5. The President is urged to clarify administrative responsibility for the development and coordination of additional area study programs, including both teaching and research, and for the recommendation of priorities.

6. The University of Illinois should develop minimal programs for important areas but should not attempt to develop programs in depth for all areas. Consideration should be given to the possibility of the Committee on Institutional Cooperation's recommending that particular universities assume responsibility for different areas.

7. Deans and executive officers of departments are urged to initiate review of the interests and requirements of their disciplines for courses with an international or foreign area emphasis, to assess faculty resources and needs, and to initiate action through normal channels to meet recognized needs.

8. It is highly desirable to introduce more non-Western subject matter whether by revision of current courses or by the addition of new courses. Additional faculty may be required for the latter.

9. The University should consider methods of improving staff competence in the international aspects of the various disciplines, including leaves with pay.

10. The University should encourage and seek financial support for a program of international faculty and student exchange.

[While the above report was approved by the participants at the President's Special Faculty Conference on International Affairs, it should not be assumed that any particular recommendation was approved by all participants.]

BEQUEST OF ELLA GRACE BROWN BURDICK

(21) The will of Ella Grace Brown Burdick, a resident of Highland Park, Illinois, who died on November 17, 1960, includes a bequest:

"To University of Illinois, an Illinois corporation, the sum of Twenty Thousand Dollars (\$20,000.00), to be invested and the income therefrom to be used for the support, maintenance, and upkeep of the Dr. Alfred S. Burdick Memorial Room in the Y.M.C.A. Building and for Y.M.C.A. activities in said building."

The University Y.M.C.A. Building in Champaign has a room so designated, but is owned and operated by the Young Men's Christian Association of the University of Illinois, a corporation separate from the University. It appears that the intention of the Testatrix can best be carried out by the University renouncing this bequest and permitting its distribution to the Board of Trustees of the Young Men's Christian Association of the University of Illinois. A petition for approval of such distribution has been filed by the Northern Trust Company and Theodore Sheldon, Executors of the estate of Ella Grace Brown Burdick, deceased, in the Probate Court of Lake County.

The Vice-President and Comptroller and the Legal Counsel recommend that the Board of Trustees renounce this bequest to the University of Illinois, and authorize the Legal Counsel to execute on its behalf such papers, documents, and pleadings as may be necessary to accomplish this purpose and to permit this bequest to be distributed to the Board of Trustees of the Young Men's Christian Association of the University of Illinois, or to such other person or corporation as the Court may designate.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

SETTLEMENT WITH CONTINENTAL BUILDERS, INC.

(22) In March, 1949, Continental Builders, Inc., an Illinois corporation, having submitted the lowest bid for the general work in connection with the construction of the Florida Avenue-Race Street Faculty Housing Project, was awarded the contract for that work.

Under the provisions of that contract, Continental Builders, Inc. was required to furnish a performance bond, in an amount and with sureties satisfactory to the University, within thirty days after the opening of the sealed bids. When that bond was not promptly furnished and it became evident that Continental Builders, Inc. was experiencing difficulty in securing and furnishing it, the Board of Trustees, at its April, 1949, meeting, took action directing that, if the bond would not be furnished before the expiration of the thirty-day period, the award of the contract to Continental Builders, Inc. would be set aside and new bids would be taken for the contract for the general work upon the project.

On the last day for furnishing the bond, the University was notified that United Pacific Insurance Company had agreed to execute it as surety. However, that company did not then have the rating required by the University in the last publication of Bests Guide. For this reason, the University notified Continental Builders that it would not accept a bond executed by that surety company as surety and, when no other performance bond was tendered the following day, the award of the contract to Continental Builders, Inc. was set aside and its bid deposit in the sum of \$10,792.95 was forfeited and retained by the University.

Claiming that the University's above mentioned actions were unreasonable, wrongful, and unlawful, and that it is entitled to a refund of its bid deposit plus interest thereon and to recover from the University other damages it alleges it sustained by reason of the foregoing, Continental Builders, Inc. instituted suit against the University in the Superior Court of Cook County, Illinois, in April, 1954. In that suit, it prays judgment against the University in the sum of \$70,000 and the costs of suit.

Since the suit was instituted it has developed that, although United Pacific Insurance Company did not have in the 1948 issue of Bests Guide, which was the last published issue of that publication in April, 1949, the policyholders and financial ratings required by University regulations with respect to surety companies executing bonds running to the University, it actually had the required ratings with Bests at the time it offered to execute Continental Builders, Inc.'s performance bond and those ratings for it were shown in the 1949 issue of the Guide which was issued about two months later. Had University officials known this at the time the bond was tendered, it would have been accepted, and Con-

tinental Builders, Inc. would have been permitted to proceed with the performance of the contract.

The suit, unless settled, will be placed on the trial calendar, and will have to be tried in January. As a result of negotiations which have been conducted, and pre-trial hearings which have been held, during the past three weeks, the University has received an offer from Continental Builders, Inc. to accept \$6,500 in full settlement and satisfaction of all of the claims sued upon in the suit and asserted by it against the University.

In view of the moral obligation arising out of the fact that, unknown to the University, the surety on the last performance bond tendered by Continental Builders, Inc. possessed the required ratings at that time, and the expense and inconvenience of trying the suit, special counsel for the University (Mr. George Jirgal of Chapman and Cutler and Ralph F. Lesemann), the Legal Counsel, the Director of the Physical Plant, and the Vice-President and Comptroller recommend that this offer of settlement be accepted, and that said sum be paid Continental Builders, Inc. in return for a full and complete release against the University, approved by special counsel handling this matter for the University, and the dismissal, with prejudice to Continental Builders, Inc. and at the latter's costs, of the pending suit.

I concur.

On motion of Mr. Pogue, this settlement was authorized, as recommended.

EXECUTIVE SESSION

On motion of Mrs. Watkins, an Executive Session was ordered for consideration of the following matters of business:

PURCHASE OF PROPERTY AT 1001 WEST GREEN STREET, URBANA

(1) The Director of the Physical Plant and the Vice-President and Comptroller recommend purchase of the property at 1001 West Green Street, Urbana, at a price of \$42,000. This property is a lot 63.6 feet frontage by 220.56 feet deep with a two-story and basement frame residence presently used as a two-apartment house.

The property is in the area approved as the site for the Illinois Street Residence Halls and will be required prior to July, 1962. It is now on the market and should be acquired promptly rather than risk its possible acquisition by others for apartment development with the consequent delays as well as an increase in price which may be encountered if the purchase is deferred.

The asking price of \$42,000 is within the range of appraisals approved by the Committee on Buildings and Grounds. If purchase is authorized now, possession will be delivered not later than February 28, 1962, and taxes will be prorated.

Funds are available in the state capital appropriations to the University for 1961-63 for land acquisition from the Universities Building Fund and have been released.

I concur.

On motion of Mr. Harewood, the purchase of this property, at the price indicated, was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Kerner.

CLASSIFIED GOVERNMENT RESEARCH SECURITY CLEARANCES FOR TRUSTEES

(2) The Board of Trustees hereby declares and makes said declaration a matter of record, that its Executive Committee shall act for the Board on any contracts, and business incidental thereto, dealing with classified material relating to government research, so that only the members of the Executive Committee will be required to have security clearances and to avoid the necessity of securing such clearances for all the members of the Board.

The Board of Trustees further declares that only Trustees Wayne A. Johnston, U. S. Citizen, Mrs. Frances B. Watkins, U. S. Citizen, and Kenney E. Williamson, U. S. Citizen, who are the present members of the Executive Committee, will have access to classified security information, and that Trustees Otto Kerner, U. S. Citizen, George T. Wilkins, U. S. PRESIDENT'S REPORT ON SELECTED TOPICS OF CURRENT INTEREST

(13) President Henry presented a report on a number of subjects of significant current events and items of interest. Copies of the complete report were distributed at the meeting, and a copy was filed with the Secretary for record.

**INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS
ADVISORY COMMITTEE**

(14) The Director of the Institute of Labor and Industrial Relations recommends the following appointments to the Institute's advisory committee for a term of three years, beginning with the current academic year, to fill vacancies in the management and labor representation:

Management

FRANK W. BRADEN, General Personnel Manager, Illinois Bell System

Labor

JOHN BELT, President and Business Manager of Local Union No. 399 of the International Brotherhood of Electrical Workers

REUBEN G. SODERSTROM, President of the Illinois State Federation of Labor and Congress of Industrial Organizations

This year there were two vacancies among the labor leaders because of the resignation of a labor member a few years ago and his replacement having been appointed for a full term rather than for the remainder of the term.

The term of Adolph Berger, Regional Director of the Bureau of Labor Statistics, Chicago, a public member, has expired and a recommendation for his replacement will be submitted later.

I recommend approval.

On motion of Mr. Dilliard, these appointments were approved.

FEDERAL GRANT FOR MEDICAL SCIENCES ADDITION BUILDING

(15) The Division of Research Grants of the National Institutes of Health has informed the University that upon recommendation of the National Advisory Council on Health Research Facilities, the Surgeon General of the United States Public Health Service has approved an application from the University of Illinois for a Public Health Service grant not to exceed \$1,346,115 for a Medical Sciences Addition Building. The application for this grant was previously authorized by the Board of Trustees.

The grant will enable the University to proceed with plans for the construction of a Medical Sciences Addition Building, estimated to cost in excess of \$5,000,000, the balance to come from state funds.

This request was received for record.

**REQUEST OF BOARD OF EDUCATION OF THE
URBANA COMMUNITY SCHOOLS**

(16) The President of the Board of Trustees has received the following communication from the President of the Board of Education of the Urbana Community Schools:

December 22, 1961

*Mr. Kenney E. Williamson, President
University of Illinois Board of Trustees
Sixth Floor, Lehmann Building
Peoria 2, Illinois*

DEAR MR. WILLIAMSON:

At its meeting on December 18, 1961, the Board of Education of the Urbana Community Schools discussed payments made in lieu of taxes by the University of Illinois. Members of the Board expressed appreciation for the fact that the University of Illinois Board of Trustees did adopt several years ago the policy of making payments in lieu of taxes for certain properties not on the local property tax rolls. Local governmental capability to serve our increasing population is improved by such payments.

Our impression is that the rate of payment made in lieu of taxes has not been revised recently to reflect any increase that may have been experienced in property values generally.

I have been instructed by a resolution of the Board of Education of the Urbana Community Schools made on December 18, 1961, to ask you to bring the question of the possibility of increasing the rate of payment to the attention of the University of Illinois Board of Trustees for consideration.

Please be sure that any consideration given to the subject will be very much appreciated.

Sincerely yours,
LOWELL B. FISHER, *President*
Board of Education

A copy of this letter was also received by the President of the University and was referred to the Vice-President and Comptroller for analysis and report.

It is recommended that the request of the Board of Education be referred to a Board committee for further consideration.

President Williamson suggested that this request be referred to the Committees on General Policy and Finance. There being no objection, it was so ordered.

TREE-PLANTING PROGRAM

(17) At the request of President Henry, Director C. S. Havens of the Physical Plant Department and Mr. Robert S. Chamberlin, Director of the Division of Campus Development in the Physical Plant Department, presented a report, illustrated with maps, pictures, and slides, of a landscape redevelopment plan for the Urbana-Champaign campus to replace the trees lost due to diseases during the past ten years. To activate this program, they proposed a long-range master plan for tree planting, including recommendations on selections of species. The total cost of executing the master plan, excluding landscape work in the immediate area of, and related to, new buildings is estimated at approximately \$400,000. The program proposed for the biennium of 1961-63 is estimated to cost approximately \$80,000 and the funds for this are available in current state capital appropriations. This is the rate of expenditure estimated to complete the program in the ten-year period.

Following the presentation, it was recommended that (1) the master plan for tree planting and the proposed selection and distribution of species as presented be approved, subject to change or approval by the President of the University; and (2) that the tree-planting program proposed for 1961-63 be authorized, subject to the approval of contracts by the Board of Trustees.

President Henry stated that he concurs in these recommendations.

On motion of Mr. Johnston, these recommendations were approved.

EXECUTIVE SESSION

On motion of Mr. Johnston, the executive session was ordered for consideration of the following item of business.

INSTITUTE FOR DEFENSE ANALYSES

(1) The University of Illinois has been advised informally that it will be considered for membership in the Institute for Defense Analyses, a nonprofit Delaware corporation created in 1956 for the purpose of promoting the public welfare and the advancement of scientific learning by making analyses, evaluations, and reports regarding matters of national security for the United States of America. Through its membership of educational institutions, the Institute represents a reservoir of technological talent in the nation's scientific community available to assist the federal government in its application of the scientific method to the solution of broad problems of military policy and strategy. The Institute operates principally under government contracts, but a few research projects are carried on which originate internally. Membership does not entail any financial contribution, although educational institutions who are members are expected to make personnel available from time to time for work on specific projects.

The founding members of the Institute for Defense Analyses were the California Institute of Technology, Case Institute of Technology, Massachusetts Institute of Technology, Stanford University, and Tulane University. These have since been joined by the University of Chicago, Columbia University, University of Michigan, and Pennsylvania State University. Membership in the Institute for

Defense Analyses would permit the University of Illinois to assume a more important role in connection with national security. In addition, the University would benefit through the mutual interchange of ideas and by improvement of communications and relationships with the federal government.

I recommend that the University make application for membership in the Institute of Defense Analyses and that the following resolution be adopted (it being suggested that public announcement be withheld until the Institute acts favorably on any such application):

Resolution

Be It Resolved by The Board of Trustees of the University of Illinois that the President of the University be, and he hereby is, authorized on behalf of the University:

- (1) To accept membership in the Institute for Defense Analyses, a nonprofit organization created under the laws of Delaware;
- (2) To serve, or to appoint others to serve from time to time, as a representative of the Board of Trustees of the University of Illinois at all meetings of members of said Institute for Defense Analyses; and
- (3) To take such other action as may be necessary or appropriate in connection with or incidental to membership in said Institute for Defense Analyses.

Dean Frederick T. Wall of the Graduate College was at the meeting for the presentation of this recommendation and made a supplementary supporting statement. At the conclusion of the presentation, and following discussion of the proposal, on motion of Mr. Swain, the foregoing resolution was adopted without a dissenting vote.

ANNUAL MEETING OF THE BOARD

The President of the Board reported that due to calendar conflicts some of the Trustees would be unable to attend the annual meeting on March 13, 1962, the date set according to the By-Laws, or March 15, the date to which the annual meeting had been changed by vote of the Board.

After discussion of possible alternate dates, on motion of Mr. Swain, the Board voted to hold its 1962 annual meeting in Urbana, on Saturday, March 17, the hour and place to be determined by the President and the Secretary of the Board.

On motion of Mrs. Watkins, the Board adjourned.

BUDGET FOR 1962 SUMMER SESSION AND FACULTY APPOINTMENTS

(2) Submitted herewith are the budget and appointments to the faculty for the 1962 Summer Session.

The eight-week summer session at Urbana-Champaign will begin June 18 and end August 11; at the Chicago Undergraduate Division this session will begin June 22 and conclude August 17. The College of Pharmacy will have two six-week terms, June 18 to July 28, and July 30 to September 8.

The budget totals \$857,953 plus a reserve of \$70,318 for Urbana-Champaign; \$11,549 for the Medical Center; and \$139,482 plus a reserve of \$5,518 for the Chicago Undergraduate Division.

Salaries of members of the University faculty recommended for summer session appointments are computed on the basis of the standard formulae: two-ninths of the salary of the academic year for eight weeks of service, with proportionate amounts for shorter periods or for part-time service. The appointments being recommended include a number of visiting lecturers from other colleges and universities at the salaries indicated.

I recommend that the appointments to the summer session staff be approved as submitted, and that the President of the University be authorized to accept resignations and make such changes and adjustments and additional appointments as are necessary in accordance with the needs of the University within the allocations of funds indicated.

On motion of Mr. Swain, these appointments and the Summer Session budget were approved, and authority was given as requested. This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs.

Watkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Kerner, Mr. Wilkins.
