President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

ANNUAL OPERATING BUDGET FOR 1962-63

(1) The complete, itemized, operating budget for 1962-63 covering all divisions of University work, together with a condensed analysis and summaries, was sent to the members of the Board of Trustees in advance of today's meeting and is now submitted for official action.

The budget is for the fiscal year beginning July 1, 1962, for academic and administrative appointments beginning September 1, 1962, and for nonacademic personnel appointments beginning July 1, 1962. The budget has been prepared by the Executive Vice-President and Provost and the Vice-President and Comptroller in accordance with procedures approved by the President. It is based upon recommendations of the deans, directors, and other administrative officers, and has been reviewed by the President and the University Council.

I recommend that this budget, covering the allocation of the estimated operating income from all sources for the year beginning July 1, 1962, be approved; and that the President of the University be authorized, in accordance with the needs of the University and the equitable interests involved and within total income, (a) to accept resignations, (b) to make such additional appointments as are necessary, subject to the provisions of the University Statutes and the Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees, and (c) to make such changes and adjustments in items included in the budget as are needed, all such changes to be covered in the Vice-President and Comptroller's quarterly financial reports, or in reports to the Board by its Secretary, provided that assignments for new projects or programs and for nonrecurring capital expenditures in excess of $2,500 shall be presented to the Board for approval.

Mr. Williamson, Chairman of the Finance Committee, reported that the Committee had met, in consultation with the President of the University and with other University officials, on Tuesday evening, June 19, 1962, in a work session for a review of the budget in detail. All members of the Committee were present at the meeting; also present were Trustees Richard A. Harewood, Earl M. Hughes, Wayne A. Johnston, Harold Pogue, George T. Wilkins; and the officers of the Board: Mr. C. W. Weldon, Treasurer, Mr. H. O. Farber, Comptroller, and Mr. A. J. Janata, Secretary.

Mr. Williamson made an informal report for the Committee stating that it has approved the budget.

The President of the University, the Executive Vice-President and Provost, and the Vice-President and Comptroller discussed the budget as presented in the Condensed Analysis and Summaries, a copy of which has been filed with the Secretary of the Board for record.

Following this presentation and discussion by members of the Board, on motion of Mr. Swain, the budget was approved, the President of the University was authorized to take the actions requested in his recommendations, and the necessary appropriations required in the budget were made, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner.

The details of the budget appear as an appendix to these minutes on page 1595.

Excess of Income Over Appropriations	−169 044	5 895

The budget has been examined and approved by the Executive Vice-President and Provost and the Vice-President and Comptroller.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments, including approval of new appointments and acceptances of resignations, as are necessary and recommended by the Board of Directors of the Athletic Association within the total income realized.

On motion of Mr. Pogue, this budget was approved.

DEANSHIP OF COLLEGE OF NURSING

(5) The Vice-President for the University of Illinois at the Medical Center, Chicago, recommends the appointment of Dr. (Mrs.) Mary Kelly Mullane, presently Dean of the College of Nursing at the State University of Iowa, as Professor of Nursing on indefinite tenure and Dean of the College of Nursing from October 1, 1962, through August 31, 1963, at an annual salary of $18,500 on a twelve-month service basis.

The appointment is to replace Dean Emily C. Cardew who has asked to be relieved of her administrative duties as Dean, although she will continue on the faculty as Associate Professor of Nursing.

The recommendation for this appointment was initiated by a Search Committee,[1] has been reviewed by the Executive Committee of the College of Nursing, and is endorsed by the Dean of the Graduate College and by the Executive Vice-President and Provost.

I concur.

On motion of Mrs. Watkins, this appointment was approved.

On motion of Mr. Williamson, the Board recorded its appreciation of the services of Dean Cardew.

APPOINTMENT OF DIRECTOR OF INTRAMURAL ACTIVITIES

(6) A year ago I sent the members of the Board of Trustees, for their information, a report of the Urbana-Champaign Senate Committee on Athletics which was received by the Senate and the President was asked to send the information contained therein to appropriate officials. The report includes a section discussing intramural sports and recreation in which the Committee noted that while the University has made reasonably adequate provision for students participating in intercollegiate athletics, there is not adequate provision for the much larger group of students not so participating, and attention was called to the need for development of intramural sports program. Subsequently, a special committee was appointed to study the program of intramural activities at the University of Illinois and to make recommendations.

The Committee submitted a comprehensive report with a number of recommendations, one of them being that the supervision and development of intramural activities, heretofor the responsibility of the Athletic Association, be placed in the College of Physical Education as a separate Division of Intramural Activities, with a full-time director in charge, responsible to the Dean of the College.

I have implemented this recommendation administratively and the operating budget for 1962-63 includes provision for this program, effective September 1, 1962.

The Dean of the College of Physical Education recommends the appointment of Dr. David O. Matthews, presently Associate Professor of Health and Physical Education and Director of Intramural Athletics for Men at Bowling Green State University, as Associate Professor of Physical Education for Men on indefinite tenure, and Director of Intramural Activities at the University of Illinois for one year from September 1, 1962, at an annual salary of $12,500, on twelve-month service basis.

The Dean of the Graduate College and the Executive Vice-President and Provost endorse this recommendation.

I concur.

On motion of Mr. Pogue, this appointment was approved.

On motion of Mr. Williamson, the Board recorded its appreciation of the services of Mr. Allen B. Klingel as Supervisor of Intramural and Recreational Sports for the Athletic Association.

ADMISSION TO THE COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

(7) The Urbana-Champaign and the Chicago Undergraduate Division Senates recommend revisions in the requirements for admission to the College of Commerce and Business Administration applicable to students entering in June, 1964, and thereafter (proposed changes are in italics):

[1] Dr. J. S. Begando, Vice-President of the University of Illinois at the Medical Center, Chicago, Chairman; Miss Edna L. Anderson, Assistant Professor of Nursing, College of Nursing; Dr. Harold W. Bailey, Associate Dean of the College of Liberal Arts and Sciences, Chicago Undergraduate Division; Dr. Granville A. Bennett, Dean of the College of Medicine; Dr. Donald J. Caseley, Medical Director of the Research and Educational Hospitals and Associate Dean of the College of Medicine; Dr. J. W. Peltason, Dean of the College of Liberal Arts and Sciences; and Miss Wilma J. Phipps, Associate Professor of Nursing, College of Nursing.

Present				*Proposed*		
Required		*Recommended Additional Units*		*Required*		*Recommended Additional Units*
Subject	*Units*			*Subject*	*Units*	
English	3			English	3	1
Algebra	1	Advanced Algebra	½	*Algebra*	2	
Geometry	1			Geometry	1	
		Science	2	*Science Laboratory*	2	
				Foreign Language	2	
				Social Studies	2	
				College Preparatory Mathematics		*As Available*

Any two years of the same foreign language offered in an accredited high school are acceptable. A student may be admitted without a foreign language, but such a deficiency must be made up by passing an entrance examination in a foreign language or by satisfactory completion of the equivalent of one year of a foreign language, without credit for college graduation. A deficiency must be removed during the first two years.

A student may be admitted with one year of algebra and one year of geometry, but he is required to make up the deficiency in algebra during the first year in the College without credit for college graduation.

General science may not be offered as a required science.

A student transferring from another college will not be excused from the above entrance requirements unless he has demonstrated proficiency in the areas in which he may be deficient.

A supporting statement from the College of Commerce and Business Administration is submitted herewith, and a copy is being filed with the Secretary of the Board for record.

The Senate Coordinating Council has advised that the changes have also been approved by the All-University Committee on Admissions.

I recommend approval.

On motion of Mr. Johnston, this recommendation was approved.

ADMISSION TO THE COLLEGE OF LIBERAL ARTS AND SCIENCES

(8) The Urbana-Champaign and the Chicago Undergraduate Division Senates recommend that the minimum requirements for admission to the College of Liberal Arts and Sciences be revised to include the following subjects, applicable to all students entering in June, 1964, and thereafter:

Subject	*Required Units*
English	3 units
Science (exclusive of general science)	2 units
Mathematics	2 units
Foreign Language	2 units
History	2 units
One additional unit of any of the above except English, and including Social Studies	1 unit

The two units of mathematics must be one unit each of algebra and plane geometry or the equivalent as determined by the Department of Mathematics.

Two units of a foreign language must be in the same language.

Social studies are not acceptable as history.

If the additional unit is in a foreign language it must be the third sequential unit in the same language.

These recommendations represent minimum requirements for admission to the College and will apply uniformly to all curricula provided that additional high school or preparatory school credits beyond the minimum indicated, now required for admission to certain curricula, e.g., chemistry and chemical engineering, will continue to be required as heretofore.

The Senate Coordinating Council has advised that no other Senate jurisdiction is involved.

I recommend approval.

On motion of Mr. Swain, this recommendation was approved.

GRADUATE PROGRAM LEADING TO DEGREE OF MASTER OF SCIENCE IN FORESTRY

(9) The Urbana-Champaign Senate recommends authorization of a new graduate program leading to the degree of Master of Science in Forestry. The program was initiated by the College of Agriculture and has been approved by the Graduate College.

The program is designed to meet the needs of students with the Bachelor of Science degree in Forestry for additional work in the sciences underlying a particular phase of forestry in which such students desire to specialize. Since the inauguration of an undergraduate degree program several years ago, the College of Agriculture has had many inquiries concerning graduate work in forestry desired by its own graduates as well as from students holding a bachelor's degree in forestry from other colleges and universities. There is a need for foresters with advanced training not only to work with existing forested areas, but because of the nature of national agricultural programs attempting to meet the surplus production problem by conversion of farm lands into forested areas.

Requirements: A candidate for the master's degree in forestry must have a bachelor's degree and training in forestry essentially equivalent in scope and standards to the program leading to the degree of Bachelor of Science in Forestry at the University of Illinois with a scholastic average for all undergraduate work of at least 3.5 in terms of the University's grading system. The student will be required to plan a program in consultation with his adviser which will meet the general requirements of the Graduate College and will serve his particular interests. A candidate must earn eight units of graduate credit and must pass an oral examination covering the general field of forestry and the area of his specialty.

Submitted herewith are supporting documents from the College of Agriculture including an outline of a schedule of the courses now available and appropriate for the Master of Science degree in Forestry and a suggested curriculum.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

I recommend approval, subject to further action by the Board of Higher Education of Illinois.

On motion of Mr. Hughes, this program was approved.

GRADUATE PROGRAM LEADING TO DEGREE OF DOCTOR OF PHILOSOPHY IN PHARMACY

(10) The Medical Center Senate has approved a proposal from the College of Pharmacy endorsed by the Dean of the Graduate College for a graduate program leading to the degree of Doctor of Philosophy in Pharmacy.

For a number of years the College of Pharmacy has offered a graduate program leading to the degree of Master of Science in Pharmacy so that the new program proposed will be an extension of an existing graduate program. Graduate students who have been awarded the degree of Master of Science in Pharmacy have continued graduate studies leading to the doctorate in other disciplines, but a number of these students have indicated a desire for a Doctor of Philosophy in Pharmacy program if it were available. Hence the present graduate program in pharmacy has been handicapped by limiting graduate instruction to the master's degree level.

I recommend approval, subject to further action by the Board of Higher Education of Illinois.

On motion of Mrs. Watkins, this program was approved.

DEPARTMENT OF RECREATION AND MUNICIPAL PARK ADMINISTRATION

(11) On request of the Department of Recreation in the College of Physical Education and with the concurrence of all other departments of the University concerned, the name of the Department has been changed to the Department of Recreation and Municipal Park Administration to reflect its curricular offerings.

This change was received for record.

RELOCATION OF ALMA MATER STATUARY

(12) Some time ago the officers of the University of Illinois Alumni Association requested the Physical Plant Department to consider the relocation of Lorado Taft's Alma Mater statuary group from its present location south of the University Auditorium to another campus area. Several sites were studied, among them the area in front of Altgeld Hall and the Illini Union facing the intersection of Wright and Green Streets. The Board of Directors of the Alumni Association has agreed to provide funds for the moving of the Alma Mater statuary and the construction of a suitable base on the new site.

On motion of Mr. Swain, this proposal was referred to the Committee on Buildings and Grounds for study and report.

RESERVE OFFICERS' TRAINING CORPS PROGRAM

(13) In the spring of 1960, a University Committee[1] was appointed to study the Reserve Officers' Training Corps program of the University of Illinois and to make recommendations concerning its continuing place in the academic program. One reason for the study was the conflicting views of the Department of Defense and the Departments of the Army, Navy, and Air Force concerning the organization of R.O.T.C. programs at colleges and universities. An even more compelling reason was the shortage of space for expanded enrollments, the failure of the federal government to provide training facilities, and the apparent inability of the Department of Defense to provide adequate officer personnel to staff expanded programs. Hence the study of the R.O.T.C. at the University of Illinois was made with the view to recommending improvements in the program as a continuing phase in the educational work of the University and to enable the University to maintain its contributions of trained officer personnel for the Armed Forces Reserves.

The report of the Study Committee was released publicly in December, 1960, and was brought to the attention of the appropriate faculty agencies including the Committee on Military Affairs and the Board of Trustees.

The Study Committee submitted a number of recommendations which have been the basis of continuing review of the R.O.T.C. program. One recommendation is still unresolved, namely, that the basic R.O.T.C. program be placed on a voluntary basis, at least for a trial period.

Among the reasons given for the Committee's recommendation for voluntary R.O.T.C. are the following points:

1. The Department of Defense has indicated that a military requirement does not exist for a compulsory basic R.O.T.C. program and the Department of Defense has no basis for favoring such a program.
2. In institutions maintaining voluntary R.O.T.C., satisfactory enrollments have been maintained.
3. Space and personnel requirements for increasing enrollments under the compulsory program can not be met within the foreseeable future from resources ordinarily available to the University, and the federal government has given no indication that it intends to supply such facilities and personnel.

Action to implement the recommendation on compulsory R.O.T.C. was not taken pending discussions with the Department of Defense as to reported new programs which would alter the relationship of the basic R.O.T.C. program to Officer Procurement and Training.

During the current academic year, the military departments have announced plans for anticipated new programs.

The Department of the Air Force has recommended a program which would provide for two years of air science (preceded and followed by summer camps) without the preliminary requirement of R.O.T.C. This program would permit the recruitment of students who complete two years of work at junior colleges and other transfer students. The University has been requested to concur in this program and to make it effective in the fall of 1963.

[1] Harold W. Hannah, Professor of Agricultural Law and of Veterinary Medical Law, Chairman; Wylie H. Davis, Professor of Law; Herbert M. Hamlin, Professor of Agricultural Education; Stewart Y. McMullen, Professor of Management; Stanley H. Pierce, Professor of General Engineering and Associate Dean of the College of Engineering; and Paul R. Shaffer, Professor of Geology.

The Department of the Army has approved a comparable two-year training program to take the place of the present combined basic and advanced program. This program would permit the recruitment of students who complete two years of work at junior colleges and other transfer students. The University has been requested to concur in this program and to make it effective in the fall of 1963.

The Department of the Army has approved a comparable two-year training program to take the place of the present combined basic and advanced program. This program would require a summer camp of one month prior to enrollment in the advanced R.O.T.C. and a summer camp following the senior year.

The R.O.T.C. programs of the Department of the Navy for some time have not been related to the required basic program.

The Department of Defense has referred the Air Force and Army programs to the Bureau of the Budget, and it appears that legislation will soon be introduced to authorize these two programs.

Whether or not the new programs are adopted, it is the University's impression that the military departments wish to reduce the number of enrollments in freshman and sophomore R.O.T.C.

In view of the pending changes as discussed by the Department of Defense and in view of the limitation upon the University of Illinois in meeting the staff and space requirements for an increasing enrollment, it is clear that the University should have the authority to adapt its programs to the proposals of the Department of Defense and to its own available resources.

The Illinois Statute applying to the University of Illinois has the following provision (Illinois Revised Statutes, 1959, Chapter 144, Universities, etc., Section 46):

> All pupils attending the said University shall be taught, and shall study, such branches of learning as are related to agriculture and the mechanic arts, and as are adapted to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life, without excluding other scientific and classical studies, and including, for all male students, military tactics.

It is the opinion of the Committee on Military Affairs and of the Legal Counsel that clarifying legislation should be sought from the General Assembly which will give the Board of Trustees authority to deal with the R.O.T.C. as a part of the educational program in the same manner as it has authority to deal with other educational activities.

Accordingly, the authority from the Board of Trustees is requested to present proposals for legislation which will leave with the University Board of Trustees discretion as to the scope and extent of R.O.T.C. instruction and whether or not it should be compulsory or voluntary.

On motion of Mrs. Watkins, authority was given as requested.

Submitted herewith is a supporting memorandum from the Physical Plant Department, including a schedule of all bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Swain, these recommendations were approved and the contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Kerner.

CONTRACTS FOR SWITCHGEAR AND ELECTRICAL EQUIPMENT FOR THE HEATING PLANT AT CONGRESS CIRCLE

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following contracts for the furnishing and installation of switchgear and electrical equipment for the heating plant at Congress Circle campus:

Congress Circle campus:	
Item 1. 15 KV Switchgear — Allis-Chalmers Manufacturing Company	$ 38 200
Item 2. 5 KV Switchgear — Allis-Chalmers Manufacturing Company	44 800
Item 3. 480 V Substation — Allis-Chalmers Manufacturing Company	29 650
Item 4. Motor Control Centers — General Electric Company	7 025
Item 5. D-C Distribution Cubicles — General Electric Company	2 531
Item 6. 125-Volt Battery — Allis-Chalmers Manufacturing Company	5 794
Item 7. Inverter-Diverter and Control Panel — Allis-Chalmers Manufacturing Company	8 851
Total	$136 851

Funds are available in the state capital appropriations to the University for 1961-63 from the Universities Building Fund subject to release by the Governor. The University has reserved the right to terminate this contact prior to September 15, 1962, for any reason without cost to the University by giving the contractor written notice of such termination.

The above recommendations propose the award of contracts to the lowest

bidders, on each item except Nos. 6 and 7. All companies conditioned acceptance of the bids on items 6 and 7 on the inclusion of items 1 and 2 in their contracts. Hence any recommendation other than award to Allis-Chalmers Manufacturing Company would result in a higher total cost to the University as comparison of the bids will show.

Submitted herewith is a supporting statement listing bids received and recommendations of Sargent and Lundy, Engineers, Chicago, employed by the University for the engineering designs of the equipment and its installation.

I concur.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; Mr. Johnston was recorded as not voting; no, none; absent, Mr. Dilliard, Mr. Kerner.

On motion of Mr. Swain, the Executive Committee of the Board was authorized to act for the Board in any negotiations with the contractors which may be required in exercising the University's right to terminate the contracts or to extend the period within which they may be terminated.

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for $90,785 to William H. Funds are available in the state capital appropriations to the University for 1961-63 from the Universities Building Fund and have been released.

Submitted herewith is a report from the Physical Plant Department on this project, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, this contract was awarded, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Kerner.

The Board of Trustees has previously authorized (meeting of February 21, 1962) this program of improvements of public and University streets and roads within the Campus area.

Funds are available in the state capital appropriations to the University for 1961-63 from the Universities Building Fund and have been released.

Submitted herewith is a supporting memorandum from the Physical Plant Department, including a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

CONTRACTS FOR FUEL OIL FOR MEDICAL CENTER STEAM PLANT AND FOR CHICAGO UNDERGRADUATE DIVISION

Fuel Oil for Medical Center Steam Plant

(20) The Director of the Physical Plant, the Business Manager for the University of Illinois at the Medical Center, and the Vice-President and Comptroller recommend the purchase of a minimum of 8,000 gallons of No. 5 fuel oil, with the option of purchasing as much more as may be required but not to exceed 450,000 gallons, for the 1962-63 heating season, from the Apex Motor Fuel Company, 1401 West North Avenue, Chicago, Illinois, the lowest bidder. The net price per gallon will fluctuate with the current posted prices listed in the *Oil Daily* (a recognized publication of daily petroleum market quotations) less a discount of $.0089, with the stipulation that the net price will not exceed $.0861. The current net price per gallon is $.0861 after a discount of $.0089 from the current posted price of $.095. Based on current market prices the total cost of the minimum quantity (8,000 gallons) will not exceed $688.80 and the total cost of the maximum quantity (450,000 gallons) will not exceed $38,745.

The Medical Center Steam Company plant is equipped to burn either coal, gas, or oil. Winter operation has been with coal, and summer with gas. The fuel oil is for stand-by service. If used for emergency operation instead of gas or coal, there will be a corresponding reduction in expenditures for these two fuels.

Fuel Oil for Undergraduate Division

The aforesaid officers also recommend the purchase of No. 5 fuel oil, as required, not to exceed 280,500 gallons, for the 1962-63 heating season at Navy Pier from the Apex Motor Fuel Company, 1401 West North Avenue, Chicago, Illinois, the lowest bidder. The net price per gallon will fluctuate with the current posted prices listed in the *Oil Daily* less a discount of $.0089 with the stipulation that the net price will not exceed $.0861. The current net price per gallon is $.0861 after a discount of $.0089 from the current posted price of $.095. Based on current market prices the total cost for 280,500 gallons will not exceed $24,151.05.

The Undergraduate Division power plant at Navy Pier is equipped to burn either gas or oil.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contracts.

On motion of Mr. Swain, these purchases were authorized, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Kerner.

INCREASE IN LEASE WITH THE UNIVERSITY OF ILLINOIS FOUNDATION FOR THE PROPERTY AT 129 NORTH RACE STREET, URBANA

(21) The University is sub-leasing from the University of Illinois Foundation, at a rental rate of $650 per month, the property at 129 North Race Street, Urbana, for use by the Department of Psychology.

The basement and first floor were remodeled by the owner to meet the requirements of the Department of Psychology and the second floor (unremodeled) is used for storage space.

Additional space is now required for office and laboratory purposes by the Department of Psychology which can be obtained by improving the present second floor storage area. The owner of the building has submitted a proposal to remodel the area and to amortize the cost of the remodeling by increasing the rent. It would be to the University's advantage in terms of rental rate to spread the amortization cost over a nine-year period. However, this will require the University of Illinois Foundation which leased the building for five years and has sub-leased to the University to exercise the lease option for an additional five-year lease.

The additional rental rate is $201 per month and the University would assume the additional costs of utilities, interior maintenance, and janitor service.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that:

The Foundation be requested to revise the lease as indicated above and exercise the option to renew for an additional five-year period;

The sublease from the Foundation to the University be increased by $201 per month as of September 1, 1962; and that

Funds be assigned from indirect costs as follows:

Addition to the Physical Plant Department operating budget for the annual rental	$2 412
Annual operation and maintenance costs	1 100
Total	$3 512

I concur.

On motion of Mr. Johnston, this recommendation was approved, and the requested assignment of funds was made, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Kerner.

REPAIR OF SMOKE STACK AT ABBOTT POWER PLANT

(22) As a result of a recent inspection of the No. 2 smoke stack at the Abbott Power Plant, which has been in continuous service since its construction in 1952 by Custodis Construction Company, Inc., Chicago, the Physical Plant Department recommended authorization of certain necessary repairs after the inspection report had been reviewed with Sargent and Lundy, Chicago, consulting engineers for the University on power plant installations who concurred in the recommendation. Emergency action was necessary to avoid overloading stack No. 1 when the air-conditioning season started, as overload would have reduced the capacity of the boilers and required curtailment of the use of electricity.

The Director of the Physical Plant and the Vice-President and Comptroller request confirmation of the employment of the Custodis Construction Company, Inc., to make the repairs on the basis of the actual cost of labor and materials plus cost of insurance, plus 15 per cent for the firm's overhead and 15 per cent for its commission. The total project was estimated to require three weeks and cost approximately $10,000.

Funds are available in the Physical Plant operating budget for the fiscal year 1961-62.

I concur.

On motion of Mr. Pogue, the employment of the Custodis Construction Company, Inc. was confirmed.

ADDITION TO CONTRACT FOR CONSTRUCTION OF ASSEMBLY HALL

(23) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of $24,164.70 in the contract with Felmley-Dickerson Company, Urbana, for the construction of the Assembly Hall to install and operate well points and pumping equipment on the inside perimeter of the Assembly Hall prior to and during excavation of the existing cone of earth in the center portion of the building.

Funds are available from the proceeds of the revenue bonds issued to finance construction of the Assembly Hall.

I concur.

On motion of Mr. Swain, this change in contract was authorized.

ADDITION TO CONTRACT FOR CONSTRUCTION OF THE ILLINI UNION ADDITION

(24) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of $5,606 in the contract with Felmley-Dickerson Company, Urbana, for construction of the Illini Union addition to provide modifica-

tions for weatherproofing and construction of the interior court surfaces, the south court and the west court above interior spaces, and modifications in the construction of planter boxes on the interior court terrace.

Funds are available from proceeds of the revenue bonds issued to finance construction of the Illini Union Addition.

I concur.

On motion of Mr. Williamson, this change in contract was authorized.

ADDITION TO THE CONTRACT FOR PENNSYLVANIA AVENUE RESIDENCE HALL

(25) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of $2,810 in the contract with Kuhne-Simmons Company, Inc., for the construction of the Pennsylvania Avenue Residence Hall to include installation of four trophy cases.

Funds are available from the sale of revenue bonds for the construction of the Pennsylvania Avenue Residence Hall.

I concur.

On motion of Mr. Johnston, this change in contract was authorized.

ADDITION TO CONTRACT FOR ENGINEERING SERVICES FOR STUDENT RESIDENCE HALL

(26) The Director of the Physical Plant and the Vice-President and Comptroller recommend a change in the contract with Stanley Howell Associates, Chicago, for engineering services on remodeling various areas in the Dentistry-Medicine-Pharmacy Buildings to include designing installations for air conditioning public areas of the Student Residence Hall. The fee for the additional services will be in accordance with the provisions of the contract: actual cost plus 115 per cent for overhead expenses of the firm and commission; estimated total for this additional service is $10,000.

Funds are available in the operation maintenance budget of the Student Residence Halls.

I concur.

On motion of Mr. Hughes, this change in contract was authorized.

ADDITION TO CONTRACT FOR PROFESSIONAL SERVICES FOR THE UNION BUILDING AT CONGRESS CIRCLE CAMPUS

(27) The Director of the Physical Plant and the Vice-President and Comptroller recommend an addition to the contract with C. F. Murphy Associates, Inc., to include professional services on design of the interior finish and furnishings of the Union Building at Congress Circle (referred to as the "Union Complex" in the contract) on the basis of a fee of 5½ per cent of the cost of furnishings and equipment included in the specifications to be prepared by this firm.

The cost of such services will be financed from the project budget for the construction of the Union Building at Congress Circle.

I concur.

On motion of Mr. Swain, this change in contract was authorized.

EMPLOYMENT OF ARCHITECTS FOR THE MATERIALS RESEARCH LABORATORY

(28) The Director of the Physical Plant and the Vice-President and Comptroller recommend the employment of the architectural firm of Shaw, Metz, and Associates, Chicago, as architects for the Materials Research Laboratory at a fee of 6 per cent of the construction contract costs to cover the services, said services to include the preliminary plans, working drawings, specifications, and supervision of construction.

I concur. The Committee on Buildings and Grounds has been consulted and also approves.

On motion of Mrs. Watkins, this recommendation was approved.

USE OF UNIVERSITY FACILITIES BY TWIN CITY BIBLE CHURCH

(29) The Board of Trustees has authorized the use of University facilities by the Twin City Bible Church of Urbana while the new church is being constructed. The old church was razed when the University purchased the site. The present authorization expires August 17, 1962, and officials of the church have requested permission to use University space through May, 1963. The University is reimbursed for any expense involved in this arrangement.

I recommend that this extension be approved and that the Physical Plant Department be authorized to make such assignments of space as may be available and at times when not needed by the University.

On motion of Mr. Swain, this recommendation was approved.

REVISION OF SECTION 25 OF THE GENERAL RULES CONCERNING UNIVERSITY ORGANIZATION AND PROCEDURE

(30) At the request of the Committee on Buildings and Grounds, the President of the University and the Secretary of the Board have submitted the following proposed revision of Section 25 of the General Rules Concerning University Organization and Procedure:

Naming of Buildings, Streets, and Drives

Sec. 25 (a) Buildings given to the University may be named for the donors of funds for the same, or for donors whose individual contributions have been crucial in the financing of such buildings.

(d) Buildings and other campus facilities may be named for former members of the University faculty, or for others in the public life of the state or nation.

(e) Except as provided for in (a) or (c) above, buildings and other campus facilities shall not be named for living persons.

(f) Plaques or tablets may be installed in buildings as memorials to or in recognition of distinguished members of the University staff whose services were identified with the functions of said buildings.

(g) The designation of names of buildings, streets, and drives shall be exclusively within the authority of the Board of Trustees.

On motion of Mr. Pogue, the revisions recommended were adopted.

POLICY FOR INVESTMENT OF FUNDS AND INVESTMENT PROCEDURES

Policy

(33) The Finance Committee recommends the following procedure for the investment of funds, which is consistent with present practice but broadens the authority to invest current University funds in commercial paper, in certificates of deposit and interest-bearing accounts of certain banks, and in short-term government securities.

Investment of Current Funds

At the present time current funds are invested entirely in short-term government securities. It is possible to obtain a higher yield from other types of investment while at the same time maintaining the degree of safety of principal required. The Finance Committee recommends that the Board authorize the investment of current funds in:

1. United States government securities maturing not more than eighteen months from the date of purchase.
2. Certificates of deposit and special interest-bearing accounts maintained by certain banks. It is proposed that such investments be limited for the present to accounts or certificates of the Continental Illinois National Bank and Trust Company of Chicago, the First National Bank of Chicago, and the Harris Trust and Savings Bank.
3. Commercial paper in one of the following companies as recommended by investment counsel, maturing not more than one year after date of purchase, and with a limitation of $500,000 in the paper of any one company: General Motors Acceptance Corporation, C.I.T. Financial Corporation, Commercial Credit Company, Sears Roebuck Acceptance Corporation, Beneficial Finance Corpora-

tion, Household Finance Corporation, General Electric Credit Corporation, International Harvester Credit Corporation, Ford Motor Credit Company, Montgomery Ward Credit Corporation.

Investment in certificates of deposit, special interest-bearing accounts, or commercial paper will be made when the yield is in excess of the yield on United States government securities for the period involved. The Vice-President and Comptroller recommends the approval of this broadened program.

Authorization for Sale of Capital Stocks

All capital stock owned by the Board is in its name. The present procedure for sale or transfer requires an approval by the Finance Committee of the Board followed by a resolution from the Board authorizing such. This is awkward and time consuming and may result in a loss, since several weeks may elapse from the time the recommendation is received from the investment counsel and approved by the Finance Committee until it is possible to secure the resolution and make the sale. Accordingly, the Finance Committee recommends that the following resolution be adopted by the Board, which will eliminate the necessity of submitting each transaction to the Board for specific approval and will enable the Treasurer of the Board of Trustees of the University to execute documents necessary to sell capital stock..

Resolution

Resolved, that the Treasurer of The Board of Trustees of the University of Illinois, a public corporation, is authorized in his discretion to sell, assign, or transfer to any assignee or transferee for or on behalf of this corporation and in its name any and all shares of capital stock or any voting trust certificates representing the right to receive shares of stock or any registered bonds or other securities of any other corporation owned by this corporation and for the purpose of effecting any such sale or transfer, C. W. Weldon, the Treasurer of this corporation, be and he hereby is authorized to execute in the name of this corporation and on its behalf all assignments which may be necessary and that A. J. Janata, Secretary of this corporation, be and he hereby is authorized to attest to the authority of C. W. Weldon, Treasurer, to execute the aforesaid documents.

The Treasurer will exercise the authority granted by such resolution only after being notified by the Comptroller of the approval of the Finance Committee for the sale as provided in the following procedure. The Secretary of the Board will attest to the validity of the resolution and to the authority of the Treasurer to sign the documents.

Procedures

Endowment and Loan Funds

The "prudent man" concept, as authorized by statute of the state of Illinois providing for investment by a Trustee, shall be followed in the investment of endowment funds. Such investments may be made in various types of securities, including but not limited to bonds and common and preferred stocks. These are the types of investment media utilized by the Board at the present time. Real estate is often received as a gift to create an endowment fund and may be retained. However, all purchases of real estate or real estate mortgages shall be presented to the Board for special approval. Cash in student loan funds, if temporarily not needed for loans, may be invested in United States government securities.

A bank will continue to be engaged to act as investment counsel and safekeeping agent for all investments of these funds, and will submit recommendations to the Comptroller for the purchase and sale of securities. Such advice, together with the comments of the Comptroller, shall be submitted to the Finance Committee of the Board of Trustees for approval.[1] The decision of the Finance Committee will be returned to the Comptroller, if favorable orders shall be placed with the bank for the purchase or sale of securities. Such orders shall be signed by the Comptroller and the Secretary, or their designates, acting for the Board of Trustees. After execution of the order, if a purchase, the Comptroller shall make payment, and if a sale, he will notify, if required, the Treasurer of the University who has been authorized by the Board to execute any required documents. Common and preferred stock will be registered in the name of the

[1] The 1939 Board policy provides for such approval by the full Board except when emergency action is required.

Board of Trustees and other securities may be so registered if in the opinion of the Safekeeping Agent this is desirable. The Comptroller may act in the following situations without reference to the Finance Committee or the Board: (1) To exchange maturing obligations of the United States government when offered by the United States Treasury for new securities and (2) the sale or other disposition of stock rights or fractional shares acquired to common stocks held when the amounts involved are nominal. The purchase, sale, and exchange of all securities shall be reported to the Board of Trustees at least quarterly.

Current Funds

The Comptroller may invest cash in current funds in short-term securities of the United States government, in special interest-bearing accounts or certificates of deposits of specified banks or in high quality short-term corporate obligations. Investment counsel's advice shall be obtained by the Comptroller before proceeding with these investment transactions; and all purchases, sales, and exchanges of securities shall be reported to the Board of Trustees quarterly. All securities thus acquired shall be purchased, held, and disposed of by the Safekeeping Agent designated by the Board of Trustees, as provided herein.

Construction and Sinking Funds

The fiduciary designated by the bond indenture and authorized by resolution of the Board of Trustees shall act as investment counsel and safekeeping agent for securities acquired. Investments shall be made by the Comptroller in United States government securities in accordance with provisions of the indenture. All sales, purchases, and exchanges of securities shall be reported to the Board of Trustees quarterly.

General

The maturity or call for redemption of bonds and other obligations used as investment media need not be reported to the Board of Trustees.

On motion of Mr. Swain, the recommended policy for investments of funds was adopted, and the investment procedures were approved.

JULY AND AUGUST MEETINGS

President Clement announced that the next meeting of the Board of Trustees will be held in the LaSalle Hotel, Chicago, on July 18, 1962. He asked if the Board desires to make a decision at this time regarding a meeting in August. The Secretary stated that some contracts will need to be awarded and purchases authorized in August, and that the Executive Committee can act for the Board in transacting these items of business.

On motion of Mr. Johnston, the Board voted to omit the August meeting.

President Clement announced that the September meeting is presently scheduled for Wednesday, September 19, 1962.

President Clement stated that an executive session has been requested, and was being ordered, for consideration of property acquisitions, patentable inventions, and classified research contracts, and that this session will be held immediately after luncheon.

On motion of Mr. Williamson, the Board recessed.

ADDRESS BY PROFESSOR C. J. McINTYRE

During the luncheon recess, Professor C. J. McIntyre, Coordinator of Instructional Television, addressed the Board on the University's involvement in the airborne television program.

The sale prices are within appraisals secured by the University with the exception of the Stoughton Street property. The asking price of that property, slightly above the appraisal, was reported to and agreed upon by the Committee on Buildings and Grounds at its meeting on May 24. The Committee at that meeting also voted to recommend approval of the purchases of the other properties listed above.

Funds are available in the state capital appropriations to the University for 1961-63 from the Universities Building Fund and have been released.

I concur.

On motion of Mr. Pogue, purchase of the six properties listed above, at the prices and on the terms indicated, was authorized, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Kerner.

PURCHASE OF PROPERTIES AT 1305 WEST STOUGHTON STREET AND 1304 WEST SPRINGFIELD AVENUE, URBANA

(2) The Director of the Physical Plant and the Vice-President and Comptroller recommend purchase of the properties at 1305 West Stoughton Street and 1304 West Springfield Avenue, Urbana, at a total price of $38,000.

The property at 1305 West Stoughton Street, Urbana, is a lot 66 feet wide and 100 feet deep, with a one-story frame residence. The property at 1304 West Springfield Avenue, Urbana, is a lot 66 feet wide and 100 feet deep, with a two-story frame residence. These buildings will eventually be removed and the land used for expansion of the Digital Computer Laboratory Building. The Board of Trustees on March 17, 1962, authorized condemnation proceedings for the acquisition of the property at 1305 West Stoughton Street, Urbana, which must be removed prior to the start of construction of the Digital Computer Laboratory Addition in the fall of 1962. The other property will be required at a later date.

The sale price (allocated in the amount of $16,000 for the Stoughton Street property and $22,000 for the Springfield Avenue property) is within the total of the appraised values for these properties. The owner of the properties has accepted this sale price, provided that:

Possession of the property at 1305 West Stoughton, Urbana, will be delivered to the University on or before July 15, 1962, and taxes will be prorated.

Possession of the property at 1304 West Springfield Avenue, Urbana, will be delivered to the University on or before October 15, 1962.

A lease will be offered the owner for the premises at 1304 West Springfield Avenue, Urbana, until and including June 30, 1963, at no rental charge but he will assume all expenses such as utilities, taxes, insurance, and will maintain the property in its existing condition.

Funds are available in the state capital appropriations to the University for 1961-63 from the Universities Building Fund and have been released.

I concur.

On motion of Mr. Pogue, purchase of these properties, at the prices and on the terms indicated, was authorized, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Kerner.

CLASSIFIED GOVERNMENT RESEARCH SECURITY CLEARANCES FOR TRUSTEES

(3) The Board of Trustees has declared, and has made this a matter of record, that its Executive Committee shall act for the Board on any contracts, and business incidental thereto, dealing with classified material relating to government research, so that only the members of the Executive Committee will be required to have security clearances and to avoid the necessity of securing such clearances for all the members of the Board.

In order to make this certification acceptable to governmental authorities, it is necessary to adopt the following supplementary declaration:

The Board of Trustees further declares that only Trustees Wayne A. Johnston, U.S. Citizen, Mrs. Frances B. Watkins, U.S. Citizen, and Howard W. Clement, U.S. Citizen, who are the present members of the Executive Committee, will have access to classified security information, and that Trustees Otto Kerner, U.S. Citizen, George T. Wilkins, U.S. Citizen, Earl M. Hughes, U.S. Citizen, Timothy W. Swain, U.S Citizen, Richard A. Harewood, U.S. Citizen, Harold Pogue, U.S. Citizen, Irving Dilliard, U.S. Citizen, and Kenney E. Williamson, U.S. Citizen, will not have access to classified security information.

The Secretary of the Board requests adoption of this supplementary declaration and that he be authorized to send certified copies to the government agencies concerned.

On motion of Mr. Swain, the foregoing resolution was adopted.

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

(4) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendation relating to an invention by members of the staff.

Coprophagy-preventing animal cage — B. Connor Johnson, Professor of Animal Biochemistry, Louis Nash, Junior Laboratory Attendant in the Department of Animal Science, and Ryland E. Webb, Graduate Student, inventors. The invention consists of an animal cage having the form of a continuous tunnel which permits the animal to move forward without obstruction, but does not permit movement in a vertical or horizontal direction. It is so constructed that at least the floor of the cage is perforated or slotted to permit fecal material to fall out of reach of the animal.

The University Patent Committee has voted to recommend the release of the rights to this invention to the inventors if they indicate an interest in obtaining a patent and the release of the rights to the sponsoring agency, the United States Office of the Surgeon General, if it is the decision of the inventors not to file for a patent.

I concur in this recommendation.

On motion of Mr. Swain, this recommendation was approved.

MEETINGS OF BOARD COMMITTEES

Meetings of the Committee on General Policy and Committee on Buildings and Grounds were held in the afternoon following adjournment of the Board.

On motion of Mr. Williamson, the Board adjourned.

APPENDIX

UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1962-63

(Approved by the Board of Trustees June 20, 1962, page 1500)

EXPLANATORY NOTES

This budget consists of three volumes:

I. Summaries of all divisions; Urbana-Champaign divisions and general University administration — academic and administrative salaries, wages, expense, and equipment.

II. Chicago Medical Center (including Division of Services for Crippled Children), and Chicago Undergraduate Division — academic and administrative salaries, wages, expense, and equipment.

III. Nonacademic salaries, all divisions.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1962.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar, Chicago Business Office, or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries" and "Wages, Expense, and Equipment." Transfers may be made between "Salaries" and "Wages, Expense, and Equipment" upon approval of the Executive Vice-President and Provost, except that transfers between salaries and wages may be made by the Vice-President and Comptroller to the extent of the full-time equivalence of the salary positions. All requests for transfers should be submitted through the Vice-President and Comptroller, with the reason for the transfer. Nonrecurring unassigned items may be assigned to departments for equipment or minor remodeling projects, merely upon notice to the Accounting Division, except that any assignment of more than $1,000 must first be approved by the Executive Vice-President and Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1962. All balances and overdrafts in regular appropriations will be carried forward to 1963-64 unless otherwise notified by the Business Office.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds and restricted budgets are on an estimated basis. Appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be canceled if the funds for cooperative investigations are withdrawn.

Explanatory Notes on the Salary Budget

1. The services required for members of the academic and administrative staff are in accordance with Section 37 of the University of Illinois Statutes and Section 26 of the General Rules Concerning University Organization and Procedure.

a. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

b. For positions or portion of positions in the academic budget not indicated as "Y," services are required only during the academic year of two semesters (three terms at the Medical Center). Summer session teaching, if required, will be covered by an additional appointment with salary.

2. Services of the nonacademic staff are in accordance with Civil Service regulations. All positions are for twelve months' service, less vacation, unless otherwise indicated.
