

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

June 17, 1970

The June meeting of The Board of Trustees of the University of Illinois was held in the Faculty Lounge, Illini Union, Urbana, Illinois, on Wednesday, June 17, 1970, beginning at 9:30 a.m.

President Earl M. Hughes called the meeting to order and asked the Secretary to call the roll. The following members of the Board were present: Mr. Howard W. Clement, Mr. Ralph C. Hahn, Mr. Earl M. Hughes, Mr. Russell W. Steger, Mr. Timothy W. Swain, Dr. Earl E. Walker. Mr. Donald R. Grimes, Mr. Theodore A. Jones, Governor Richard B. Ogilvie, Mr. Ray Page, and Mr. W. Clement Stone were absent.

Also present were President David D. Henry; Executive Vice President and Provost Lyle H. Lanier; Chancellor J. W. Peltason, Urbana-Champaign campus; Chancellor Joseph S. Begando, Medical Center campus; Chancellor Norman A. Parker, Chicago Circle campus; Dr. Eldon Johnson, Vice President of the University; Mr. Vernon L. Kretschmer, Associate Director of Physical Plant Planning and Construction; Mr. C. E. Flynn, Assistant to the President and University Director of Public Information; Mr. John W. Metzger, Associate University Counsel; Mr. George H. Bargh, Executive Assistant to the President; and the officers of the Board, Mr. H. O. Farber, Comptroller; Mr. R. R. Manchester, Treasurer; and Dr. Earl W. Porter, Secretary.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board considered the following reports and recommendations from the President of the University.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

ILLINOIS EQUAL OPPORTUNITY LAW FELLOWSHIP PROGRAM

President Henry called attention to the Illinois Equal Opportunity Law Fellowship Program which will enable disadvantaged students to study law at the University of Illinois under the plan developed in cooperation with Trustee Stone.¹ Banks in Chicago and Urbana-Champaign are collaborating with the W. Clement and Jesse V. Stone Foundation of Chicago in providing funding and loans for the program which will begin in September, 1970. The Foundation will provide up to \$500,000 for the program, while the participating banks will arrange for approximately \$1,000,000 in federally guaranteed student loans.

PROPOSAL FOR FALL ELECTION RECESS

(1) President Henry presented a proposal of the Urbana-Champaign Senate that the academic calendar at Urbana be modified in the fall of 1970 to provide "an election recess" of seven and one-half calendar days.

The Undergraduate Student Association had asked to make a presentation on this subject on an emergency basis and Mr. Hughes recognized Miss Cathy Morrison who spoke briefly in support of the Senate proposal.

Chancellor Peltason presented a statement outlining the arguments for and against the proposal and Professor Marion Benfield, Chairman of the Senate Committee on the Academic Calendar, spoke in support of the recess and answered questions during the course of the discussion. President Henry then presented a memorandum in which he analyzed the proposal and recommended that the Board of Trustees not approve it. (The memoranda from the President and Chancellor and an excerpt from the minutes of the Urbana-Champaign Senate pertaining to this proposal are presented below.)

During the discussion, the Board approved a request to address the Board from a member of the Ad Hoc Committee of Student Observers, Mr. John Adler. Mr. Adler spoke in support of the proposal and to the points raised by the President in his statement.

On motion of Mr. Swain, the Trustees approved the recommendation of the President — that the proposal not be approved.

June 17, 1970

TO THE MEMBERS OF THE BOARD OF TRUSTEES:

I bring to your attention, with the knowledge of the University Senates' Conference, an action of the Urbana-Champaign Faculty Senate which proposes an "election recess" from October 28, 1970, to November 4, 1970. A statement from Chancellor J. W. Peltason is attached.

Over the years, through courses in political science and government, through sponsorship of the Citizenship Clearing House, the legislative internship program and in other ways, faculty members, officers, and departments of the University have stressed the importance of broad citizen participation in the affairs of government, including the election process. Many faculty members have served local, state, and national government agencies as advisers and some have stood for election.

It is a natural and timely corollary of this historic position that in a period

¹See minutes, Board Meeting of December 17, 1969, page 729.

of intense interest in public issues on the part of young people, consideration should be given to modifying the University calendar to provide a recess in the preelection period (without significantly altering the total number of school days) just as other recesses have been scheduled chiefly to accommodate the personal interests of large numbers of students when no educational objections have been interposed (Christmas and Easter, for example).

There must be a clear distinction, however, between personal accommodation and institutional policy. The interest of some individuals to be involved in political activity should not be translated into a general institutional arrangement for that purpose, which is imposed upon the entire community, unless the action meets certain conditions outlined below.

I do not endorse the resolution of the Urbana-Champaign Senate for the following reasons:

The action is hastily formulated in the context of institutional mobilization of political activity rather than based upon a systematic measurement of the preferences of the vast majority of students, faculty and staff as to their yielding holidays at Thanksgiving and Christmas in exchange for the October-November period. When the calendar at a major institution is altered, many lives and conveniences are affected. The earliest a complete canvass of students could be conducted would be at the September registration. At that point, a change, even if favored, would be too abrupt to avoid disruption of student and family plans and commitments, employment schedules, and carefully balanced finances for economically disadvantaged students.

Furthermore, there is insufficient time to rearrange contractual obligations affecting employees as well as students. This applies to residence halls, food service, building supervision and other services, and to student finances.

I would have no objection to a calendar recess at the time of year proposed if there were adequate time for planning, if the large majority of students favor it and the objections by those who may not favor it are carefully considered, if the institutional costs are fully analyzed and budgeted and if the action is framed in such a way and at such a time as to avoid any implication of corporate political action or any appearance of institutional support or opposition to any election issue.

For the forthcoming election, I would urge those students, faculty, and staff who wish to be involved in preelection activity to do so as individuals.

I recommend that the Board of Trustees not approve the action proposed by the Urbana-Champaign Faculty Senate as described in this report.

PRESIDENT DAVID D. HENRY
364 Administration Building

At the June 1 meeting of the Champaign-Urbana Senate, the Senate Committee on Academic Calendar proposed a fall recess of seven and one-half calendar days from Wednesday, October 28, to 1:00 p.m. on Wednesday, November 4, 1970. The Senate has recommended approval of that proposal.

Due to the fact that the proposed recess would interrupt schedules already established for Semester I, 1970-71, I am taking the liberty of forwarding this proposal for your consideration in advance of other June 1 Senate business in order that you may consider it at an early date.

The proposal for a fall recess falls within the historic tradition of arranging academic calendars in general accord with the broad expression of student desires and needs. The Academic Calendar Committee acted to recommend this recess in response to a petition signed by more than 4,000 students, and after receiving recommendations for the recess from a large number of recognized student campus organizations of all types, including the Graduate Student Association and the Undergraduate Student Association. As you know, the spring term already has a vacation of comparable length; the proposed fall recess would act somewhat to balance the fall and spring academic schedules by providing a somewhat comparable break from classes in the earlier semester.

The recess itself has been constructed in such a way that there appears to be no major educational disadvantage to its existence. The original number of academic days scheduled for the fall term is to be reduced by only one and one-half days, the other fall recess days being taken from already-scheduled recesses (Thanksgiving and Christmas).

In spite of the above arguments on behalf of the proposed fall recess, several comments regarding the undesirability of the recess are in order. It is our understanding that the student petition was generated by a laudable desire to become involved in the established political processes immediately preceding fall elections; there is, however, some genuine question as to the desirability of official recognition by the University of political activity—in this way or in any other. It may be argued that there are already mechanisms available to students who wish to become involved in the election process, which mechanisms provide for periods of absence for such activity, with accompanying consideration for academic credit as independent study or some similar arrangement. While the petition generating this proposal was indeed signed by a large number of students, there remains considerable doubt as to the extent this petition is generally reflective of student consensus; it seems clear that some sampling procedure might better provide us with the type of student attitudes which should be considered in this matter.

Finally, there is question of the nature of the campus atmosphere in which this petition was prepared. During the month of May (at the time petition signatures were being secured), the level of emotion on this campus was high; although many members of the academic community became deeply involved during that month with the political issues generating much of that emotion, the desirability of altering the fall semester schedule as a result of a document generated during those days seems open to some question.

In view of the points raised in the above discussion, Chancellor Peltason feels that he must forward this recommendation of the Senate to you without his unequivocal concurrence. While the points noted in favor of the proposal argue rather strongly for its adoption, the arguments marshalled against the fall recess seem equally strong. Therefore, the Chancellor has asked that I send this proposal to you without specific recommendation for adoption or disapproval.

Excerpt from Minutes, Urbana-Champaign Senate, June 3, 1970

Professor Marion Benfield, Chairman, Urbana-Champaign Senate Committee on Academic Calendar, moved that the Senate adopt a modified calendar for the Fall Semester of 1970-71 to provide an election recess of seven and one-half calendar days, from Wednesday, October 28, 1970, to 1:00 p.m. on Wednesday, November 4, 1970.

Professor Benfield stated that the Committee believed that students should be encouraged to organize their efforts and work within the political structure. He said it was agreed that the most appropriate way to register disagreement with political policies was to work for and elect other representatives. He stated that this action would not mean that the University was taking a political stand. The only thing it does is to encourage students to involve themselves in the political process.

Professor Benfield said that the recess could be kept within the scheduling range by shortening the Thanksgiving vacation by one and one-half days and the Christmas vacation by two and one-half days.

Professor J. S. Dobrovolsky spoke against the motion. He said the time for the recess would do nothing to strengthen the election. He stated that preparations for elections in the fall would begin in the summer and that to begin campaigning the last seven days before the election would be ineffective.

Several persons spoke in the favor of the proposal.

A substitute motion was made that the Senate poll all the students and find out what the majority of students want to do. The motion was seconded.

Professor Benfield replied that the Committee had received a petition signed

by 4,000 students requesting the Committee to consider the election recess.¹ The Committee had also received requests from several other student organizations.

Professor Robert Eubanks spoke against the substitute motion. He said that he believed the issue should be met now and that he did not believe it was feasible to poll students at this time.

The question was called and upon vote the substitute motion was defeated.

A hand vote was then taken on the main motion which passed by a vote of 102 to 90.

STATEMENT FROM THE "FACULTY FOR RESISTANCE — POLITICAL SCIENCE"

(2) The President of the University presented the following memorandum to the Trustees on this subject which he asked be read aloud at the meeting.

June 17, 1970

TO THE MEMBERS OF THE BOARD OF TRUSTEES:

Members of the Board of Trustees have requested information concerning a mimeographed circular, entitled Faculty for Resistance, Political Science Section, and signed by fifteen members of the Department of Political Science at the Urbana-Champaign campus. A copy of the circular is attached. (Editor's note: The memorandum is printed below.) The memorandum, undated, came to my attention in early May and has been the subject of a number of news reports and editorials since that time.

The following points are drawn from letters and reports supplied by the office of Chancellor J. W. Peltason:

1. Professor Phillip Monypenny, Head of the Department, promptly on the appearance of the circular "rebuked the pretenses and inferences of this document" to the members of the group and expressed "doubts about its tone and content." He also made clear that "all new courses must be approved by the Department, the L.A.S. College, and the Campus Senate. Changes in established courses should come after reflection, consultation, and approval." He further indicated that in relating the context of courses to current problems and crises indoctrination should not be substituted "for efforts to encourage thought."

2. On May 21, Dean Robert W. Rogers asked Professor Monypenny for a report on the matter indicating he did so because what was suggested in the document "is so inconsistent with the proper responsibilities and obligations of faculty members."

3. The response by Professor Monypenny indicated that the discussions sponsored by the signers of the circular were related to the issues raised in the period of campus protest in early May and that regular classes and topics were resumed in the last two weeks of the semester. He added, "The permanent members of the department whose names appear on the list are among the most conscientious teachers and scholars we have, and they will not lend themselves to any adulteration of the content of their courses or to any abuse of the classroom as a forum for influencing student opinion rather than for providing an opportunity to learn and think."

4. Dean Rogers wrote to Chancellor Peltason on June 11, 1970, as follows:

"After consultation with the Executive Committee of the College, I write concerning the memorandum of the 'Political Science Section' of the group that styles itself 'Faculty for Resistance.' We considered the memorandum along with subsequent statements by Professor Monypenny; and we believe that several points should be made:

1. The original memorandum which was undated was issued on either Tuesday or Wednesday, May 5 or May 6, at the time efforts were being mounted to establish the protest action that was labelled a 'strike.' On May 7, as soon as the original document was called to his attention, Professor Monypenny sent to the Faculty of his Department a statement regarding the document itself and reminding the Faculty of the limits of their responsibilities. This

¹ A letter from the sponsors of the petition was presented to the Trustees at the meeting on June 17, 1970.

document, in our view, is a clear, straight-forward statement of the obligation to separate instruction and advocacy.

2. After the week of May 11, the regular classes were resumed by all members of the Political Science faculty, as Professor Monypenny stated in his letter of June 4; and the topics covered in these courses were those pertaining to the announced subject of the courses.

3. We are confident that courses taught by members of the department in the fall will be taught in the spirit of Professor Monypenny's statement to his colleagues of May 7, that indoctrination is '... a form of political repression which should have no place in a department ...'

"Along with Professor Monypenny I find the revolutionary rhetoric employed in the original memorandum inconsistent with the spirit of objectivity and dispassionate inquiry that should characterize a university. The fact that it is a species of inflammatory discourse all too common among faculty and students on university campuses doesn't make it more acceptable. It is particularly unfortunate when it serves, as in this case, only to increase hostility to higher education on the part of those who assume that educated men will say only what they mean."

5. Chancellor J. W. Peltason has endorsed this letter and has asked Dean Rogers to send a copy to each person who signed the original document. Further, he indicates that "this matter will receive our continuing attention."

DAVID D. HENRY
President

Following discussion and general expressions of disapproval of the statement on the "Faculty for Resistance," the Trustees received the report, and, on motion of Mr. Swain, requested the administration to seek written retractions of the statement from the signatories by the next meeting of the Board of Trustees.

Faculty for Resistance Political Science Section

The lesson of recent political events is now obvious. Official actions of established authorities, revealed by the constantly expanding slaughter in Vietnam and Cambodia, the systematic elimination of black militants in the United States, the murder of four students and the wounding of many more by the National Guard at Kent State University, and the shattered body of Mr. Edgar Houltz in our own community, have delivered a message which is clear, present, and very dangerous. The most important political phenomena for Americans today are the war in Southeast Asia, official racism at home and abroad, and the rapidly rising level of repression in the domestic political arena.

At the outset official repression took relatively mild forms. Political dissent at the 1968 Democratic National Convention was met by police clubs and tear-gas. Yesterday, four young protestors were silenced by a barrage of bullets. And, the President of the United States, whose policies and political associates have raised the level of repression to its present heights, has the unmitigated gall to pretend to extend condolences to the parents of the slain students while indicating that dissent, rather than his own vicious policies, was the culprit.

It is very clear that things are not going to stop at these recent events. A President who considers campus protestors to be "bums," as well as a local police chief who supports the use of "dum-dum" bullets, have made political dissent in the United States an extremely dangerous activity. And under these repressive conditions, protest must pass over to resistance.

As professional political scientists, we believe that the right of open and effective dissent must be protected at all costs. Therefore, we have agreed to orient all of our courses to the problem of political repression and resistance to the abuses of official authority. By rotating ourselves through each others classes in order to provide technical assistance to students seeking to protect themselves against the

encroachments of a criminal regime, we hope to intellectually arm a resistance force which is the only possible hope for overcoming our present societal madness.

MEMORIAL TO HOMER J. LIVINGSTON

Mr. Clement presented the following:

The members of the Board of Trustees note with sadness the death of Homer J. Livingston on May 9, 1970. At the time of his death, he was chairman of the Executive Committee of the First National Bank of Chicago.

Mr. Livingston's achievements in banking, civic and business affairs are well known to us all. In addition to his long service as President of the First National Bank, he served as a member of the National Bankruptcy Conference, as member and President of the Federal Advisory Council of the Board of Governors of the Federal Reserve System, and as President of the American Bankers Association and the Association of Reserve City Bankers.

In recognition of his many services to the University, including membership on the Illini Union Fund Committee which was instrumental in the construction of the Medical Center Illini Union and Student Resident Hall, this Board conferred a Trustee's citation on him in December, 1968.

Today, we reaffirm our appreciation of his services as a valued counselor and friend of the University and we express our deep sense of loss to his many friends and to his family.

At the conclusion of the reading of the memorial, all present stood in silent tribute. The memorial was adopted and ordered spread on the minutes.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(3) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Illinois Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

**ADVISORY COUNCIL OF LIBRARIANS, GRADUATE SCHOOL
OF LIBRARY SCIENCE, URBANA**

(5) The Dean of Library Administration recommends the following appointments to the Advisory Council of Librarians for terms of three years beginning September 1, 1970.

Public Libraries

HENRY R. MEISELS, Director, Corn Belt Library System, Bloomington, to succeed Miss Gertrude E. Gscheidle, Librarian, Chicago Public Library, Chicago, whose term is expiring.

(The other representative of Public Libraries is Lester L. Stoffel, Executive Director, Suburban Library System, Western Springs, whose term will expire in 1971.)

College and University Libraries

SHERMAN ZELINSKY, Dean of Library Services, Danville Junior College, Danville, to succeed Robert M. Lightfoot, Jr., Director, Cullom-Davis Library, Bradley University, Peoria, whose term is expiring.

(The other representative of College and University Libraries is Clyde C. Walton, Director of University Libraries, Northern Illinois University, DeKalb whose term will expire in 1971.)

School Libraries

MRS. MARGARET DEES, Coordinator of Libraries, Urbana Community Schools, Urbana, to succeed Miss Maxine Stevenson, Director of Library Services, Alton Community Unit School District No. 11, Alton, whose term is expiring.

(The other representative of School Libraries is Miss Mary Ann Swanson, Head Librarian, Evanston Township High School, Evanston, whose term will expire in 1971.)

Special Libraries

MRS. ANN M. SEIDMAN, Technical Librarian, Research Library, A. E. Staley Manufacturing Company, Decatur, to succeed Mrs. Charlotte L. Anderson, Librarian, Deere and Co., Moline, whose term is expiring.

(The other representative of Special Libraries is Miss Ruth Nielander, Librarian, Lumbermens Mutual Casualty Co., Mutual Insurance Building, Chicago, whose term will expire in 1971.)

I concur.

On motion of Dr. Walker, these appointments were approved.

APPOINTMENTS TO THE FACULTY

(6) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

Positions in the University are classified in the following categories and are designated in the budget by the symbols indicated: A— indefinite tenure; P— indefinite term appointment for part-time service only; B— two years; D— one year; E— nine months from the beginning of the academic year; F— one-year appointment ending other than August 31; G— special tenure; Q— initial term appointment for a Professor or Associate Professor; T— terminal appointment, accompanied with or preceded by notice of non-reappointment; W— one-year appointment subject to special written agreement; Y— twelve months' service required instead of two semesters; X— percentages opposite X are for the academic year; full-time summer service is indicated by "S"; 1-7— indicates the number of years of service which will be credited at the end of the contract period toward completion of the probationary period relating to tenure.

Figures following a symbol indicate percentage of time if the appointment is on a part-time basis (e.g., D75 means one year on three-fourths time).

- On motion of Dr. Walker, these appointments were confirmed.

HEADSHIP OF THE DEPARTMENT OF SPANISH, ITALIAN, AND PORTUGUESE, CHICAGO CIRCLE

(7) The Dean of the College of Liberal Arts and Sciences, Chicago Circle, has recommended to the Chancellor at the Chicago Circle campus the appointment of Dr. Brian Dutton, presently Professor of Spanish, University of Georgia, Athens, Georgia, as Professor of Spanish on indefinite tenure and Head of the Department of Spanish, Italian, and Portuguese, beginning August 16, 1970, on an academic year service basis at an annual salary of \$24,000.

Professor Audrey Kouvel has been Acting Head of the Department since September 1, 1969.

The nomination of Professor Dutton is supported by the Consultative Committee for the Headship of the Department¹ and by the faculty of the Department of Spanish, Italian, and Portuguese. The Chancellor and the Dean of the Graduate College approve the recommendation. The Executive Vice President and Provost concurs.

I recommend approval.

On motion of Mr. Hahn, this appointment was approved.

HEADSHIP OF THE DEPARTMENT OF PHYSICS, URBANA

(8) The Dean of the College of Engineering has recommended to the Chancellor at Urbana-Champaign the appointment of Dr. Ralph O. Simmons, presently Professor of Physics, as Professor on indefinite tenure and Head of the Department of Physics beginning September 1, 1970, on an academic year service basis, at an annual salary of \$26,500.

The appointment of Professor Simmons will fill the vacancy which will be created by the retirement of Professor Gerald M. Almy.

The nomination of Dr. Simmons is made with the advice of a search committee² and after consultation with members of the faculty of the Department of Physics and the Executive Committee of the College of Engineering. The nomination is supported by the Dean of the Graduate College. The Chancellor at Urbana-Champaign has approved the recommendation. The Executive Vice President and Provost concurs.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

Professor Gerald M. Almy, the retiring Head of the Department of Physics, was in attendance in his capacity as Vice Chairman of the Urbana Senate Council. President Henry took note of his presence in the room and asked that he stand and be recognized.

¹Audrey Kouvel, Professor of Spanish and Acting Head of the Department of Spanish, Italian, and Portuguese, Chicago Circle, *Chairman*; James Compton, Assistant Professor of Spanish, Chicago Circle; Lee Jennings, Professor of German, Chicago Circle; Anthony Pasquariello, Professor of Spanish and Head of the Department of Spanish, Italian, and Portuguese, Urbana; John Wolf, Professor of History and Associate in the Center for Advanced Study, Chicago Circle.

²Harry G. Drickamer, Professor of Chemical Engineering in the College of Liberal Arts and Sciences, the College of Engineering, and in the Center for Advanced Study, *Chairman*; John Bardeen, Professor of Electrical Engineering and Physics and in the Center for Advanced Study; William J. Hall, Professor of Civil Engineering; Dillon E. Mapother, Professor of Physics; Thomas A. O'Halloran, Jr., Associate Professor of Physics; Charles P. Slichter, Professor of Physics and in the Center for Advanced Study; Jeremiah D. Sullivan, Associate Professor of Physics; Albert Wattenberg, Research Professor of Physics.

HEADSHIP OF THE DEPARTMENT OF FIXED PARTIAL PROSTHODONTICS, MEDICAL CENTER

(9) The Dean of the College of Dentistry has recommended to the Chancellor at the Medical Center campus the appointment of Dr. Valdemars Janis Jekkals, presently Assistant Professor of Fixed Partial Prosthodontics at the University of Pennsylvania, as Associate Professor of Fixed Partial Prosthodontics on indefinite tenure, and Head of the Department, beginning July 1, 1970, on a twelve months' service basis, at an annual salary of \$23,500.

This appointment is to succeed Dr. Fred N. Bazola, who retired effective April 1, 1968.

This nomination of Dr. Jekkals is made with the advice of a search committee¹ and after consultation with all members of the faculty of the Department of Fixed Partial Prosthodontics of the rank of assistant professor and above. The nomination is supported by the Dean of the Graduate College. The Chancellor at the Medical Center approves the recommendation. The Executive Vice President and Provost concurs.

I recommend approval.

On motion of Dr. Walker, this appointment was approved.

ESTABLISHMENT OF THE PEORIA SCHOOL OF MEDICINE WITHIN THE COLLEGE OF MEDICINE, MEDICAL CENTER, AND APPOINTMENT OF A DEAN

(10) The plan for the reorganization of the College of Medicine, approved by the Board of Trustees on July 23, 1969, and endorsed by the Board of Higher Education on November 4, 1969, authorizes the establishment of semi-autonomous schools within the College of Medicine, each with its own dean. The first such school—The Abraham Lincoln School of Medicine—was established on January 1, 1970, by action of the Board of Trustees on December 17, 1969.

As a further step in the implementation of the plan of reorganization, the Executive Dean of the College of Medicine, with the concurrence of the Chancellor at the Medical Center, has recommended that another semi-autonomous school be established at Peoria, Illinois, as of July 1, 1970, and that it be named the Peoria School of Medicine, College of Medicine, University of Illinois.

The Executive Dean of the College, with the concurrence of the Chancellor, recommends the appointment of Dr. Nicholas J. Cotsonas, Jr., presently Professor of Medicine in The Abraham Lincoln School of Medicine on indefinite tenure, as Professor of Medicine, Peoria School of Medicine on indefinite tenure and Dean of the Peoria School of Medicine beginning July 1, 1970, on a twelve months' service basis, at an annual salary of \$45,000.

The nomination of Dr. Cotsonas is made with the advice of a search committee² comprised of representatives from the faculty of The Abraham Lincoln School of Medicine and the community of Peoria.

The Executive Vice President and Provost concurs in these recommendations. I recommend approval.

On motion of Mr. Swain, establishment of this school was authorized and the appointment was approved.

ESTABLISHMENT OF DEPARTMENTS OF FAMILY PRACTICE, MEDICAL CENTER

(11) The Medical Center Senate has approved a recommendation from the College of Medicine for the establishment of Departments of Family Practice within the clinical schools of the College of Medicine as appropriate.

Public Act 76-1942 requires the teaching of the general practice of medicine

¹ Robert B. Underwood, Professor of Prosthodontics and Head of the Department of Prosthodontics, *Chairman*; Charles R. Berg, Professor of Dentistry in Operative Dentistry; William L. McDaniel, Associate Professor of Periodontics; Dale R. Eisenmann, Assistant Professor of Histology.

² Richard M. Magraw, Deputy Executive Dean, College of Medicine, *Chairman*; R. E. Condon, Professor of Surgery, The Abraham Lincoln School of Medicine; W. H. Eastman, President, Peoria Medical Society; R. A. Harvey, Head, Department of Radiology, The Abraham Lincoln School of Medicine; J. P. Naughton, Associate Professor of Medicine, The Abraham Lincoln School of Medicine; W. G. Rowbotham, Peoria business leader; L. D. Rutherford, third-year medical student; T. W. Van Arsdale, President, Bradley University.

in all medical schools established and maintained by the state of Illinois. Establishment of Departments of Family Practice will provide an organizational structure by which the College of Medicine will seek to implement a comprehensive program of undergraduate, graduate, and continuing education for family (general) practice.

The University's *Budget Request for Operations—Fiscal Year 1971* included an item of \$342,000 for the establishment of the Department of Family Practice. Although the Health Education Commission approved the entire amount requested (\$342,000), the Board of Higher Education at first approved only \$171,000 (within the initial guidelines set by the Governor). Subsequently, the Board approved the remainder (\$171,000) for inclusion in a supplemental budget for the health fields. Appropriation bills covering the entire amount have been approved by the Illinois General Assembly and sent to the Governor.

The University Senates Conference has indicated that no other Senate jurisdiction is involved. The Chancellor at the Medical Center campus and the Executive Vice President and Provost concur.

I recommend approval subject to further action by the Board of Higher Education.

On motion of Dr. Walker, this recommendation was approved.

PROPOSAL FOR THE ESTABLISHMENT OF A CENTER FOR ADVANCED COMPUTATION, URBANA

(12) A Center for Advanced Computation as a special unit of the Graduate College is proposed at the Urbana-Champaign campus. The Center will carry on and promote interdisciplinary, problem-oriented research for which the application of unusually powerful computers represents a significant resource.

There are several classes of problems of broad national import for which a computer of unprecedented capacity, such as the ILLIAC IV, may provide a unique mechanism for model-building and a hitherto unavailable resource for data handling. With the computer scheduled for completion during this calendar year, the focus of activities on the ILLIAC IV project will shift from computer design and development to the application of the computer to problems as varied as numerical weather prediction, natural resource allocation, large-scale agricultural planning, and multidimensional hydrodynamic calculations. Such problem-solving activities are not in the mainstream of computer science; they call for strong and continuing interaction between and among computer designers and programmers and the experts in the various disciplines and fields of application. Interdisciplinary research of this type, which requires major access to a completely new computational facility and involves the participation of key academic staff in many departments and colleges, can best be accomplished in a Center for Advanced Computation.

Proposed Organization and Administration

The Center is to be organized along the general lines of other special units in the Graduate College. General policy and guidelines for operation of the Center within the stated mission will be established by a policy committee reporting to the Dean of the Graduate College and appointed by him after consultation with the deans of colleges with special interests in the activities of the Center.

The Director of the Center, appointed after consultation with the policy committee, would implement policies and objectives with the assistance of a steering committee made up of active participants in the program.

While professional support personnel with appointments in the Center will contribute to any of its projects, research programs in the Center will normally be under the research leadership of academic staff associated with other departments, either on the basis of joint appointments or of less formal collaborative arrangements. Although it would involve and support graduate students in many graduate programs, and will stimulate new interdepartmental programs, the Center would not propose to assume a departmental instructional role or to establish degree programs under its jurisdiction.

Objectives and Graduate Research Mission of the Center

The central mission of the Center will be to carry on and promote interdisciplinary graduate research on a broad array of problems for which unusually powerful computers will provide unique capability.

To implement these objectives, the Center would have access to computational facilities, in particular the ILLIAC IV which constitutes a significant national resource. The Center will also provide a physical and intellectual environment for encouraging interdepartmental research activities.

Budgetary and Staff Implications

Operation of the Center and support of research activities would involve a staff of approximately thirty academic personnel together with a technical and clerical nonacademic staff of comparable size. Financial support would be provided initially under federal (largely Department of Defense) sponsorship, which would support a widely diversified program of graduate research. State funds would be requested to support the operation of the Director's office and certain associated research activities. State funds amounting to \$28,700 have been allocated for FY 1971.

This proposal has the approval of the Graduate College Executive Committee, the Research Board, the Senate, the Chancellor, and the Executive Vice President and Provost.

The University Senates Conference has advised that no further Senate jurisdiction is involved.

I concur, subject to further action by the Illinois Board of Higher Education.

On motion of Mr. Swain, this proposal was approved.

THE REQUIREMENT OF AN ADVANCE DEPOSIT ON TUITION AND FEES

(13) At its meeting on January 18, 1961, the Board of Trustees approved the collection of a nonrefundable deposit of \$30 from all new undergraduate students (except foreign students living outside the United States at the time of application) seeking admission to the University for a fall term. On January 15, 1964, this requirement was extended to include new graduate students and new students in the College of Law. Furthermore, it was extended to include continuing students (i.e., those currently registered who wish to register for the following term) with certain exceptions.

The Board's action of January 15, 1964, however, provided "that the Office of Admissions and Records be authorized, in cooperation with the Business Office: to establish for each campus the semesters or sessions for which the deposit on tuition and fees is required beginning with the first semester of 1964-65. . . ."

Under this authorization, several exceptions and variations have been introduced from time to time, as conditions affecting applications and subsequent enrollment have varied. The three campuses differ considerably in respect of such conditions, and experience with the administration of the nonrefundable deposit has led to the recommendation from the University Committee on Fees¹ that each campus be allowed to establish the categories of applicants for which the nonrefundable deposit would be required, in accordance with the special conditions prevailing at a given time.

It should be noted that since the advance-deposit plan was adopted, a nonrefundable fee of \$15 is required of all applicants for admission or for readmission to the University. This requirement meets in part one of the main purposes of the nonrefundable tuition deposit, namely the screening out of individuals who are unlikely to register if admitted.

I concur in the recommendation that the Chancellor at each campus be authorized to establish for his campus the categories of students and the sessions (quarters or semesters) for which the nonrefundable deposit of \$30 on tuition and fees would be required.

On motion of Dr. Walker, this recommendation was approved.

CHANGES IN STUDENT TUITION

(14) The appropriations from the University Income Fund, as passed by the General Assembly, are based on an increase in the rate of resident tuition by \$150 a

Eugene Oliver, Director of the University Office of School and College Relations; Norman A. Parker, Chancellor at the Chicago Circle campus; Jack W. Peltason, Chancellor at the Urbana-Champaign campus.

year, beginning with the first quarter or semester starting after January 1, 1971, and a further increase in nonresident tuition of \$300 a year, beginning in September, 1970, beyond the \$100 increase approved by the Board of Trustees on October 16, 1968. Similar increases were proposed for all other institutions of higher education.

In order to meet the income projections, I recommend that the following tuition schedule be adopted, effective on the dates indicated:

	Range I	Range II	Range III	Range IV
<i>Illinois Residents</i>				
Semester, February, 1971.....	\$198	\$137	\$ 76	\$38
Quarter, January, 1971.....	132	92	50	25
Eight-Week Term, June, 1971..	99	69	38	19
<i>Nonresidents</i>				
Semester, September, 1970.....	\$627	\$430	\$236	\$38
Quarter, September, 1970.....	418	287	157	25
Eight-Week Term, June, 1971..	314	215	118	19

The semester rates are charged at the Urbana-Champaign campus during the regular academic year. The quarter rates are charged for all terms at the Chicago Circle and the Medical Center campuses, and for any eleven- or twelve-week summer program at the Urbana-Champaign campus. The eight-week-term rates are charged for the regular summer session at the Urbana-Champaign campus.

On motion of Mr. Steger, this recommendation was approved.

REVISION OF REGULATIONS CONCERNING PRE-EMPLOYMENT HEALTH EXAMINATIONS

(Revision of *The General Rules Concerning University Organization and Procedure*)

(15) On December 11, 1969, the Executive Vice President and Provost appointed a special committee¹ to review the pre-employment health examinations and related procedures being followed at the three campuses. Section 26(m and n) of *The General Rules Concerning University Organization and Procedure* states that such examinations shall be "in a form prescribed by the Director of the University Health Services. . . ." With the decentralization of administrative organization under the chancellorship system, the Health Service at each of the three campuses is headed by its own Director. The task of the special committee was to review existing procedures and to recommend appropriate changes in Section 26(m and n) of *The General Rules* in the light of the change to the chancellorship system.

The committee's report has been received, and the following changes in Section 26(m and n) are recommended (deletions are crossed out and additions to the text are in italics):

"(m) All employees of the University, unless excepted by the President, are required to ~~take a physical examination, in a form prescribed by the Director of the University Health Services, upon entering the service of the University.~~ *present medical evidence of their capability to perform the duties associated with the position that is being sought. The form in which this evidence is to be presented will be prescribed by the Director of the Health Service at each campus.* Employees securing a rating of 'Unemployable' may not be employed, except on approval of the President. As deemed necessary by the Directors of the Health Services, new employees are required to be immunized against communicable diseases. Employees of the University whose duties require them to handle food products shall be subject to periodic medical examinations given under the supervision of the Directors of the Health Services, and no individual shall be employed in duties of this nature who shows evidence of any communicable disease.

¹ J. W. Briscoe, Vice Chancellor for Administrative Affairs, Urbana-Champaign campus, Chairman; Donald J. Caseley, Vice Chancellor, Medical Center campus; Marvin J. Colbert, Director of Health Services, Medical Center campus; Laurence M. Hursh, Director of Health Services, Urbana-Champaign campus; Edward K. Isaacson, Staff Physician, Chicago Circle campus; Alfred P. Maurice, Associate Dean of Faculties, Chicago Circle campus.

"(n) Failure on the part of an employee to take any required physical examination, *or to present evidence of freedom from tuberculosis or immunity to smallpox*, after being notified to ~~appear for same~~ to do so, shall serve to make the University employment contract inoperative and salary payments shall cease."

The Chancellors at the three campuses endorse the proposed changes, and the Executive Vice President and Provost recommends their adoption.
I concur.

On motion of Mr. Swain, this recommendation and the proposed revision in *The General Rules Concerning University Organization and Procedure* were approved.

ADDITION TO THE GENERAL RULES CONCERNING UNIVERSITY ORGANIZATION AND PROCEDURE: SECTION 35

(16) The University Council on Libraries has approved a recommendation from the Committee on Historical Manuscripts and University Archives that the organization and functions of the University Archives be recognized by inclusion in *The General Rules Concerning University Organization and Procedure*.

At present, the Urbana campus has the most extensive and well-defined archival program. Chicago Circle is developing its collection of university materials as well as a large collection of non-university manuscript materials. The Medical Center is limited by lack of space, but is establishing the bases for retention and collection of records and will take control of materials when space is available.

In the reorganization under the chancellorship system, the status of the University Archives was not dealt with specifically. It is the consensus of the Council that the archival program on each campus should be autonomous from any other, each headed by one archivist on each campus.

Therefore, I now recommend that the following section be added to the *General Rules*:

University Archives

SEC. 35 (a) The University Archives, a division of the library under the direction of an Archivist on each campus, is the depository for records having research or historical value and includes records transferred to its custody. The University Archives also includes professional and personal manuscripts of members of the academic and administrative staffs and records of faculty and student organizations that may be given to the University for preservation and use.

(b) Records produced or received by any agency or employee of the University in the transaction of University business become University property. For the purposes of this paragraph, records shall be defined as including all documents, correspondence, accounts, files, manuscripts, publications, photographs, tapes, drawings, or other material bearing upon the activities and functions of the University or its officers and employees.

No University records shall be discarded or destroyed except upon the prior approval of the Archivist pursuant to a finding and recommendation by the administrative unit involved that such records have no further administrative value. The Archivist shall withhold the approval of any such action until he is satisfied that the records involved have no value for other administrative offices and that they need not be retained for legal reasons, as determined by appropriate officers. Where appropriate, the Archivist may arrange for the transfer of records to the University Archives as an alternative to destruction.

(c) The archives of the General Offices of the University shall be under the jurisdiction of the Archivist at the Urbana-Champaign campus.

On motion of Dr. Walker, this recommendation and the proposed addition to *The General Rules Concerning University Organization and Procedure* are approved.

DESIGNATION OF UNIVERSITY OFFICERS FOR FACILITY SECURITY CLEARANCE

(17) Officials of the United States governmental agencies have requested the Board of Trustees to designate by formal action the trustees and officers of the Board

who do not require access to classified information and who therefore shall not have the authority and responsibility for negotiation, execution, and administration of contracts with the United States of America and its agencies and all of the duties and responsibilities pertaining to the protection of classified information. The following resolution is offered in the form requested by the agencies and its adoption is recommended.

Resolution

WHEREAS, it has been brought to the attention of The Board of Trustees of the University of Illinois with its principal office and place of business in the City of Urbana, State of Illinois, that in connection with a Facility Security Clearance, the Chief Executive Officer and those other officers or officials who are specifically and properly designated by action of the Board of Trustees in accordance with the institution's requirements as the managerial group having authority and responsibility for the negotiation, execution and administration of User Agency contracts and delegated all of the duties and responsibilities of the Board of Trustees pertaining to the protection of classified information are required to be cleared by the Department of Defense; and

WHEREAS, if because of this delegation the board will not be in a position to affect adversely the performance of classified contracts, other officers or trustees who shall not require access to classified information in the conduct of the University's business and who do not occupy positions that would enable them to affect the university's policies or practices in the performance of classified contracts, are not required to be cleared, provided the Board of Trustees by formal action affirms and makes a matter of record in the organization's minutes of that executive body, that

RESOLVED: The following named officers, officials and trustees shall not require, shall not have, and can be effectively excluded from, access to all classified information in the possession of the university and do not occupy positions that would enable them to affect adversely the university's policies or practices in the performance of classified contracts or programs for the User Agencies:

NAME	TITLE	CITIZENSHIP
OGILVIE, Richard B.	Governor of Illinois	US
PAGE, Ray	Superintendent of Public Instruction	US
JONES, Theodore A.	Trustee	US
STEGER, Russell	Trustee	US
GRIMES, Donald R.	Trustee	US
HAHN, Ralph C.	Trustee	US
STONE, W. Clement, Sr.	Trustee	US
WALKER, Earl E.	Trustee	US
MANCHESTER, R. R.	Treasurer	US

Be It Further Resolved: The following officers of the Board of Trustees and of the University of Illinois be and hereby are designated as the managerial group having the authority and the responsibility for the negotiation, execution and administration of User Agency contracts and all of the duties and responsibilities pertaining to the protection of classified information: President, Secretary, and Comptroller of The Board of Trustees of the University of Illinois; and President, Vice-President and Comptroller, Executive Vice President and Provost, and University Counsel of the University of Illinois.

On motion of Mr. Clement, the foregoing resolution was adopted.

DEDICATION OF CERTAIN NATURAL AREAS AS NATURE PRESERVES (VOLO BOG AND WAUCONDA BOG)

(18) The Board of Trustees at its regular meeting held on October 16, 1967, authorized the execution of Articles of Dedication of Volo Bog, Wauconda Bog, and other properties as nature preserves within the meaning of An Act in relation to the acquisition, control, maintenance, improvement, and protection of State parks and nature preserves, approved June 26, 1925, as amended. That action directed that the Articles of Dedication provide for retention of University responsibility for the care, supervision, and control of the premises and that the dedication be limited to a period not in excess of twenty-five years.

The law requires the approval of the Illinois Nature Preserves Commission and the State of Illinois Department of Conservation for the dedications but such approvals were not forthcoming. After further negotiations with the Illinois Nature Preserves Commission, the State of Illinois Department of Conservation, and the Illinois Chapter of the Nature Conservancy, from whom the University acquired title, it has been determined that with respect to Volo Bog and Wauconda Bog the following actions be recommended:

- a. That The Board of Trustees of the University of Illinois dedicate both Volo Bog and Wauconda Bog as nature preserves in perpetuity and without qualification.
- b. That concurrently The Board of Trustees of the University of Illinois join in an instrument with the Nature Conservancy conveying title to the premises to the State of Illinois Department of Conservation, subject to the reverter rights presently held by the Nature Conservancy under the terms of the deed from the Nature Conservancy to The Board of Trustees of the University of Illinois.

The President of the University, with the concurrence of appropriate administrative officers, recommends that the Vice President and Comptroller and the Secretary of the Board be authorized to execute Articles of Dedication and conveyances of title to these properties as outlined above.

On motion of Mr. Swain, this recommendation was approved.

The Executive Vice President and Provost and the Vice President and Comptroller concur.

I recommend approval.

On motion of Mr. Hahn, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Hahn, Mr. Hughes, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone.

**REQUEST TO ILLINOIS BUILDING AUTHORITY TO CONTRACT FOR
PAINTING FOR UTILITIES BUILDING, PHASE III ADDITION,
CHICAGO CIRCLE**

(20) The President of the University, with the concurrence of appropriate administrative officers, recommends that the Illinois Building Authority be requested to award a contract in the amount of \$14,889 to S. Meltzer & Sons Decorating Co., Chicago, the low bidder for field finish painting for the Utilities Building, Phase III Addition at the Chicago Circle campus, and proceed to procure this work for the University.

This work is part of the project for Chicago Circle, Phase III construction which the Board, on July 26, 1967, requested the Illinois Building Authority to provide. The Authority will finance the construction and lease the facilities to the University for rental payments for which the state appropriations are available. Jurisdiction of the land has been transferred to the Authority.

It is also recommended that the Comptroller and the Secretary of the Board be authorized to make, execute, acknowledge, and deliver such instruments of transfer, conveyance, lease, contract, and other documents as are necessary to provide for the carrying out of the foregoing project by the Illinois Building Authority, and that the resolution submitted herewith be adopted to implement the official action requested.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority be, and it hereby is, requested to award to S. Meltzer & Sons Decorating Co., 2671 North Lincoln Avenue, Chicago, Illinois, a contract for field finish painting for the Utilities Building, Phase III Addition at the Chicago Circle campus for the sum of \$14,889.00 and proceed to procure this work for the University.

Be It, and It Hereby Is, Further Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge, and deliver, in the name and on behalf of this corporation, such instruments of transfer, conveyance, lease, contract and other documents as are necessary or appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Hahn, Mr. Hughes, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone.

**EXERCISE OF OPTIONS TO RENEW CONTRACTS FOR ANNUAL
ELEVATOR MAINTENANCE SERVICE, CHICAGO CIRCLE**

(21) On May 20, 1969, the University received bids for annual elevator maintenance service for Fiscal Year 1970 at the Chicago Circle campus. The contract documents provided that the University will have the option to renew these contracts annually through June 30, 1975, and with the further provision that if the annual options are exercised that unit prices for metal and metal products will be adjusted by the appropriate index published by the United States Department of Labor, and that unit prices for labor be adjusted on the basis of the percentage change in the preceding year's wages. On June 18, 1969, the Board of Trustees authorized the awarding of these contracts to the low bidders.

In addition to these contracts, bids were received on February 3, 1970, and on March 5, 1970, for elevator maintenance service for Phase III buildings which were activated after the above original contracts were awarded. These minor contracts did not require Board approval and were executed by the University. These contracts contain the same option renewal and escalation provisions as the original contracts for annual elevator maintenance service.

The Physical Plant Department and the Purchasing Division have determined that it would be more economical to exercise the option for renewing the existing contracts for elevator maintenance service than to solicit for new bids.

Accordingly, the President of the University, with the concurrence of appropriate administrative officers, recommends that subject to funds being made avail-

able, the options held by the University be exercised to renew the above contracts for elevator maintenance service for the Chicago Circle campus for Fiscal Year 1971, with the unit price adjustments as follows:

	<i>Original Contract</i>	<i>Unit Price Adjustments</i>	<i>Cost for FY1971</i>
<i>Group A</i>			
Reliance Elevator Co.....	\$37 800 00	\$3 071 25	\$40 871 25
<i>Group B & C</i>

<i>Total</i>	<u>\$62 215 20</u>	<u>\$5 119 25</u>	<u>\$67 334 45</u>

Funds have been included in the proposed operating budget of the Physical Plant Department for FY1971.

On motion of Dr. Walker, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Hahn, Mr. Hughes, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone.

**CONTRACTS FOR CONTRACTORS' FEES FOR MINOR REMODELING
AND NEW CONSTRUCTION, FY1971, AT CHICAGO CIRCLE
AND MEDICAL CENTER**

(22) The President of the University, with the concurrence of appropriate administrative officers, recommends award of the following cost-plus contracts for minor building alterations, repairs, and new construction work for the period July 1, 1970, through June 30, 1971, at the Chicago Circle and Medical Center campuses, the award in each case to be to the lowest bidder.

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Contracts</i>
General—Erik A. Borg Company, Skokie....	8	30	8
Electrical—Gerson Electric Construction Co., Chicago.....	21	28	10
Plumbing—G. F. Connelly Co., Inc., Chicago	8¾	31½	8¾
Heating, Refrigeration, and Temperature Control—The Nu-Way Contracting Corp., Chicago.....	10	35	5
Ventilation and Distribution Systems for Conditioned Air—Admiral Heating and Ventilating, Inc., Hillside.....	9	38	5

These contracts will be for work which does not justify the cost of preparing separate drawings and specifications and of separate bidding procedures on each project estimated to cost less than \$25,000. The several contractors bid on percentages to be added to the actual cost of material, labor, and subcontracts, and the awards recommended are to the lowest bidders.

The work will be done as ordered by the Physical Plant Department and will be paid for on the basis of the actual cost of each job plus contractors' fees. Sub-

mitted herewith is a report of the Office of Physical Plant Planning and Construction, including a schedule of bids received, showing the fee percentages to be added for work to be executed under these cost-plus contracts, a copy of which is being filed with the Secretary of the Board for record. No assignment of funds is requested and each job will be covered by a contract change order charged against funds allocated for the project.

It is further recommended that the Vice-President and Comptroller be authorized to approve change orders under these contracts up to \$25,000 on each project.

On motion of Mr. Swain, these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Hahn, Mr. Hughes, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone.

On motion of Mr. Hahn, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Hahn, Mr. Hughes, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone.

**CONTRACT FOR OPERATION OF THE VETERINARY MEDICINE
DIAGNOSTIC LABORATORY, URBANA**

(26) Since 1956 the Illinois Department of Agriculture has operated a diagnostic laboratory for animals, housed in facilities provided by the College of Veterinary Medicine on the Urbana-Champaign campus. The laboratory is designed to serve animals owned by citizens of the state and to advance the field of veterinary medicine through research and public service.

The University has received approximately 30 per cent of the services rendered through the provisions of clinical material necessary for teaching. To compensate for services thus received, the University has shared the cost of operating the laboratory to the extent of approximately 30 per cent, by providing released time of professionals and technicians to assist in the diagnostic work.

The Director of the Department and the Dean of the College propose that during 1970-71, and possibly in future years, the University assume responsibility for the administration and operation of the laboratory and that the Department pay the University \$198,000 (approximately 70 per cent of the operating costs) for the year ending June 30, 1971. The transition in administration of the laboratory will take place during the first six months of the year in order to permit an orderly transfer of responsibilities, and the University will cooperate with the Department in operating the laboratory during this period. The support from the Department (\$198,000) will be reduced by any costs incurred by the Department during the transition period. Implementation of the proposal is subject to the availability of funds.

The Chancellor at Urbana-Champaign and the Vice President and Comptroller recommend that authorization be given to enter into an agreement with the Illinois Department of Agriculture as outlined above.

I concur.

On motion of Mr. Swain, this recommendation was approved.

**CONTRACT FOR CONSTRUCTION OF PARKING FACILITIES
AT THE UNIVERSITY OF ILLINOIS-WILLARD AIRPORT**

(27) The Department of Aeronautics of the State of Illinois has agreed to provide costs not exceeding \$200,000 to provide certain auto parking facilities, perimeter fencing, drainage, and incidental items at the University of Illinois-Willard Airport as defined in their Project 70A-12-503. The Board of Trustees on December 17, 1969, authorized the University to enter into a "Limited Agency and Participation Agreement" with the Department to implement the project.

In accordance with the terms of the Agreement, the Department has prepared specifications for the project and has secured sealed bids. The low bidder on the project is the Champaign Asphalt Company, Champaign, Illinois, with a bid of \$179,455.

In accordance with the terms of the Agreement, the Vice President and Comptroller and the Director of the Institute of Aviation recommend that the Comptroller and the Secretary of the Board be authorized to execute the construction contract with the Champaign Asphalt Company.

I concur.

On motion of Mr. Swain, this recommendation was approved.

**TRANSFER OF JURISDICTION OF PROPERTY TO ILLINOIS BUILDING
AUTHORITY FOR CONSTRUCTION OF LABORATORY-OFFICE
COMPLEX BUILDING, URBANA**

(28) The Seventy-sixth General Assembly of the State of Illinois has declared to be in the public interest a Laboratory-Office Complex Building for the Department of Registration and Education to be used by the State Geological and State Natural History Surveys. By state law the scientific surveys are administered by the Department of Registration and Education and the Board of Natural Resources and Conservation but are housed in University of Illinois buildings.

On October 16, 1968, the Board of Trustees authorized an agreement with the Department of Registration and Education for the construction of this building on a site reserved for the Surveys in the area south of St. Mary's Road and west of South First Street Road in Champaign, and which provided that the University

would transfer jurisdiction of the site to the Illinois Building Authority, and the Authority has now requested this transfer.

Accordingly, the President of the University, with the concurrence of appropriate administrative officers, requests the adoption of the following resolution to authorize the transfer of jurisdiction of the site for the Laboratory-Office Complex Building requested by the Illinois Building Authority. (The Instrument of Transfer will be available for inspection at the Board meeting.)

Resolution

WHEREAS, the Seventy-sixth General Assembly of the State of Illinois has declared it to be in the public interest that the Illinois Building Authority construct, on behalf of The Board of Trustees of the University of Illinois, a Laboratory-Office Complex Building at the Urbana-Champaign campus of the University of Illinois; and

WHEREAS, for that purpose it will be necessary for the Illinois Building Authority to acquire jurisdiction of the real estate upon which said building will be located; and

WHEREAS, The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, with its principal office in Urbana, Illinois, has been requested by the Illinois Building Authority to transfer jurisdiction of said real estate for the construction of said building.

Now, Therefore, Be It and It Is Hereby Resolved by The Board of Trustees of the University of Illinois at its June 17, 1970, meeting, as follows:

That the Comptroller and the Secretary of The Board of Trustees of the University of Illinois be and they are hereby authorized to execute, acknowledge and deliver, in the name and on behalf of this corporation, an instrument of transfer of jurisdiction to the property described in the attached document entitled "Instrument of Transfer" which said form of Instrument of Transfer is, by this reference, incorporated in and made a part of this Resolution.

On motion of Mr. Clement, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Hahn, Mr. Hughes, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone.

Date: _____, 1970

I.B.A. Project No. 76-36

Construct Laboratory-Office Complex Building

Department of Registration and Education and

University of Illinois, Urbana-Champaign Campus

Instrument of Transfer

In accordance with the provisions of "An Act to create the Illinois Building Authority and to define its powers and duties," approved August 15, 1961, as amended, and Resolution No. 70 IBA 26, adopted on the 20th day of May, 1970 by the Illinois Building Authority, a body corporate and politic of the State of Illinois created under said mentioned Act, requested the transfer of jurisdiction of certain described real estate to the Illinois Building Authority.

Now, Therefore, the undersigned The Board of Trustees of The University of Illinois, a body corporate and politic of the State of Illinois, does hereby transfer jurisdiction of the following real estate to the Illinois Building Authority, to wit: Situated in the State of Illinois, the County of Champaign, in the SE¼, NE ¼ of Section 24, Township 19 North, Range 8 East of the 3rd. Principal Meridian and being more fully bounded and described as follows:

Commencing at a stone monument, being the Southwest corner of the Northeast Quarter of the Southeast Quarter of Section 24, Township 19 North, Range 8 East of the 3rd. Principal Meridian, Champaign County, Illinois; thence east 187.39 feet to a point; thence north 1433.19 feet to the True Point of Beginning, also being the Southwest corner of the Natural History Geological Survey Building; thence South 89°15'30" East 121'7" to a point; thence North 0°44'30" East 72'0" to a point; thence South 89°15'30" East 72'0" to a point; thence North 0°44'30" East 133'7" to a point; thence North 89°15'30" West 19'6" to a point; thence North 0°44'30"

East 65°21½" to a point; thence South 89°15'30" East 13'6" to a point; thence North 0°44'30" East 66'4" to a point; thence North 89°15'30" West 72'3" to a point; thence North 0°44'30" East 54'0" to a point; thence North 89°15'30" West 68'0" to a point; thence South 0°44'30" West 54'0" to a point; thence North 89°15'30" West 34'6" to a point; thence South 0°44'30" West 66'4" to a point; thence South 89°15'30" East 28'2" to a point; thence South 0°44'30" West 50'0" to a point; thence South 89°15'30" East 31'0" to a point; thence South 0°44'30" West 75'2½" to a point; thence North 89°15'30" West 72'0" to a point; thence South 0°44'30" West 145'7" to the True Point of Beginning and being a part of the SE ¼, NE ¼, Section 24, Township 19 North, Range 8 East of the 3rd. Principal Meridian, Champaign County, Illinois.

Being the site upon which the Illinois Building Authority is to construct and complete a Laboratory-Office Complex Building for the University of Illinois and the Department of Registration and Education of the State of Illinois at the Urbana-Champaign Campus of the University of Illinois.

In Witness Whereof, The Board of Trustees of the University of Illinois, a body corporate and politic of the State of Illinois, has caused this instrument to be executed by its Comptroller, pursuant to due authorization of its Board of Trustees, and its seal to be hereunto affixed and attested by the Secretary of The Board of Trustees of the University of Illinois, all as of the day of, 1970.

This instrument has been executed in several counterparts each of which may be considered as an original.

EMPLOYMENT OF ARCHITECT AND ENGINEER FOR PARKING STRUCTURE, CHICAGO CIRCLE

(29) The President of the University, with the concurrence of appropriate administrative officers, recommends the employment of Conrad Associates, Chicago, for complete architectural and engineering services, including the required supervision, for the proposed parking structure at the Chicago Circle campus at a fee of 5 per cent of the actual cost of construction.

Funds for professional services through the completion of working drawings in the amount of \$100,000 are available on an interim basis from the Rust Estate. The estate will be reimbursed when revenue bonds are sold by the University to finance the total cost of the project.

The Advisory Committee on Architectural and Engineering Services and the Buildings and Grounds Committee have approved the selection of this firm.

The State Board of Higher Education will be requested to approve this project as a "Noninstructional Facility."

On motion of Mr. Steger, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone. Mr. Hahn asked to be recorded as not voting.

DISCONTINUANCE OF CLAYTON EXPERIMENT FIELD

(30) In 1910 the Village of Clayton, in Adams County, conveyed twenty acres of land to the University of Illinois as an Agricultural Experiment Field, with the provision that if the University ceased to use it for such purpose for two years, the land would be transferred to the Village of Clayton for use as a public park.

The type of research now being done by the Department of Agronomy requires larger tracts of land, and consequently, some of the small experimental plots are being phased out. No research has been conducted at the Clayton Field since 1967.

State law now limits reverter clauses to a period of forty years, so the provision in the deed transferring title back to the Village of Clayton is no longer valid. Consequently, the Village of Clayton has sought legislation (H.B. 3605) authorizing the Board of Trustees to convey to the Village of Clayton the following property:

Twenty (20) acres off the West end of the North half of the Southwest Quarter of section number thirty-five (35) in Township number one North, range five (5) West of the Fourth Principal Meridian, situated in the County of Adams, in the State of Illinois.

The University has not opposed this bill, since it will carry out the commitment made by the University in 1910 in accepting the donation of the property.

I recommend that the Comptroller and the Secretary of the Board be authorized to convey by quit claim deed all right, title, and interest in this property to the Village of Clayton, subject to approval of the legislation proposed.

On motion of Dr. Walker, this recommendation was approved.

MODIFICATION OF CHANGE ORDER-LEASE/ACQUISITIONS

(31) On October 15, 1969, and April 15, 1970, the Board authorized the acceptance of proposals of the IBM Corporation for change orders in the University's lease agreements which would permit the University to purchase two Model 360/50 CPU systems located at the Urbana-Champaign and Chicago Circle campuses with payments to be made, subject to availability of funds, in accordance with scheduled payments over a five-year period.

In a re-evaluation of the purchase agreements with the IBM Corporation, it has been determined that the University can effect additional savings of approximately \$57,000 by immediate purchase of the two systems rather than continuing the five-year payment schedules.

The President of the University recommends, with the concurrence of the Executive Vice President and Provost and the Vice President and Comptroller, that the Comptroller and the Secretary of the Board of Trustees be authorized to modify the purchase agreements with the IBM Corporation, and to execute such contracts and change orders or other appropriate documents as may be necessary, to vest title in the University on or before June 30, 1970, for the two Model 360/50 CPU systems located at the Urbana-Champaign and Chicago Circle campuses in amounts not to exceed \$399,010.96 and \$300,125.02, respectively.

The President further recommends appropriations from the General Reserve of \$399,010.96 for Urbana-Champaign and \$300,125.02 for Chicago Circle.

On motion of Mr. Swain, these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Hahn, Mr. Hughes, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone.

CONTRACT FOR VENDING SERVICES, CHICAGO CIRCLE

(32) The Vice President and Comptroller recommends the award of a contract to Tri-R Vending Service Company, Chicago, Illinois, for vending rights to sell food, beverages, tobacco products and allied items at the University of Illinois at Chicago Circle, for a period of five years beginning July 1, 1970, at an estimated annual commission to the University of \$101,992, subject to renewal annually at the option of the University until 1980.

I concur.

On motion of Mr. Hahn, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Hahn, Mr. Hughes, Mr. Steger, Mr.

Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone.

CONTRACT FOR VENDING SERVICE, MEDICAL CENTER

(33) The Vice President and Comptroller recommends the award of a contract for vending service for the University of Illinois at the Medical Center to ARA Services, Inc., Chicago, at an estimated annual commission to the University of \$48,479.27. The proposal provides for vending service for a period of one year from July 1, 1970, through June 30, 1971, subject to annual renewal for an additional four years ending June 30, 1975.

I concur.

On motion of Dr. Walker, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Hahn, Mr. Hughes, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone.

ROYALTY AGREEMENT WITH CINE-PROBST, INC., SUBSIDIARY OF CYBERN EDUCATION, INC., MEDICAL CENTER

(34) The Dean of the College of Dentistry and the Chancellor at the Medical Center campus recommend authorization of an agreement between The Board of Trustees of the University of Illinois and Cine-Probst, Inc., subsidiary of Cybern Education, Inc., granting an exclusive license to Cine-Probst, Inc., to reproduce, publish, sell, market and distribute programmed instruction materials including visual and audio training aids developed by the College of Dentistry under an agreement with Cine-Probst, Inc., as follows:

Lesson Set: Living Skull a Dynamic Basis for Radio-Graphic Interpretation

In addition to royalties of 5 per cent on domestic sales and 2½ per cent on foreign sales, the materials will be supplied to the University at reduced prices.

Inasmuch as this agreement covers the second in a projected series of instructional materials,¹ the agreement contains a provision for adding to its scope further instructional materials ordered by the University through the identification of a purchase order number. It is recommended that such extensions be approved by the Chancellor at the Medical Center without further referral to the Board of Trustees.

This arrangement has been approved by the Executive Vice President and Provost and the Vice President and Comptroller.

I concur.

On motion of Dr. Walker, authority was given as recommended.

**REVISION OF EQUIPMENT USAGE GRANT AND LEASE FOR THE
COMPUTER-BASED EDUCATION RESEARCH LABORATORY,
URBANA**

(35) On February 18, 1970, the Board of Trustees authorized the execution of an equipment usage grant proposal and lease arrangements with Control Data Corporation in connection with a program of research and development in the PLATO program in the Computer-based Education Research Laboratory at the Urbana-Champaign campus. Under the arrangement, the University will receive a Control Data 6400 computing system for five years at a reduced rate and Control Data will be granted certain preferred positions as far as licenses and royalties are concerned. The agreements between Control Data Corporation and the University are inter-related with license agreements being negotiated by CDC with the University of Illinois Foundation for the hardware and software developments used in the PLATO system.

Negotiations have continued and the terms of the equipment usage grant and lease between the University and Control Data Corporation are substantially as approved by the Board of Trustees at its February meeting except that: (1) the University will now acquire title to the leased system upon the sale of twenty

¹ The Board of Trustees, on July 23, 1969, approved the initial agreement with Cybern Education, Inc., for four lesson sets.

PLATO teaching systems utilizing Control Data computers, or upon the sale or lease of PLATO teaching systems utilizing Control Data computers having at least 20,000 remote teaching terminals, whichever first occurs, and (2) the University will undertake to provide Control Data Corporation a license on all hardware and software improvements in the PLATO system that are conceived in the Laboratory during the next five years. The documents have been revised and tendered to Control Data Corporation upon the express condition of the Board of Trustees taking formal action to ratify and approve the transaction reflected by the documents, which are on file with the Secretary and available to the Board of Trustees for examination. The University's obligation under the documents is also conditioned upon the approval by the Governor of the University's appropriation bill (S.B. 1360) as passed by the Senate and House of Representatives.

Under the original licensing proposals to the Foundation, Control Data Corporation was to be given a license to make and sell PLATO teaching machines, but royalties would have been paid only after thirty PLATO systems had been sold or leased. As a result of subsequent negotiations, the proposed license agreement would now provide that royalty payments will begin after 40,000 terminals have been sold. The change from thirty systems to 40,000 terminals on a royalty-free basis is desirable since any one system could have as few as 250 terminals or as many as 4,000 terminals. The original licensing proposals were to be for a five-year period with automatic renewals. The revised proposal provides for the licenses to continue in effect for one year, with automatic annual renewals for the full lives of the patents, unless Control Data Corporation terminates.

The Executive Vice President and Provost and the Vice President and Comptroller recommend that the Board of Trustees authorize the revisions in the proposal for equipment usage grant and lease arrangements with Control Data Corporation as outlined above, thereby ratifying and approving the transaction reflected in the documents tendered to Control Data Corporation by the University. The effectiveness of the transaction would continue to be subject to the approval by the Governor of S.B. 1360 and the successful completion of appropriate licensing agreements by the University of Illinois Foundation.

I concur.

On motion of Mr. Swain, this recommendation was approved.

PURCHASES

(36) The President submitted, with his concurrence, a list of purchases recommended by the Directors of Purchases and the Vice President and Comptroller.

The list of purchases was presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

Recommended from Appropriated Funds.....	\$ 488 221 43
Recommended from Institutional Funds.....	1 083 845 96
<i>Grand Total</i>	<i>\$ 1 572 067 39</i>

A complete list of the purchases, with supporting information, including the quotations received, was sent to each member of the Board in advance of the meeting, and a copy is being filed with the Secretary of the Board for record.

On motion of Mr. Swain, the purchases recommended were authorized.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(37) The Vice President and Comptroller also submitted a report of purchases approved by him on recommendation of the Directors of Purchases in amounts of \$5,000 to \$7,500. A copy of this report is filed with the Secretary.

This report was received for record.

APPOINTMENTS TO NONACADEMIC POSITIONS FOR 1970-71

(40) Since the amount included in the FY 1971 budget for salary increases was reduced by the Governor in his budget from the amount approved by the Board of Higher Education, and since the final amount to be appropriated was not determined until late in the legislative session, it was not possible to start preparation of the internal operating budget until seven weeks after the originally scheduled date. Therefore, the budget will not be ready for consideration by the Board until about the middle of August. Appointments and changes in salaries and wages for the nonacademic staff become effective July 1. In order to prepare the July payroll, authorization of payment of salaries and wages proposed for the nonacademic employees for FY 1971 is needed at this time.

The President of the University requests authorization to put into effect, as of July 1, the nonacademic salaries and wages finally recommended for inclusion in the FY 1971 budget. Continuation of these salary and wage scales will be subject to final approval by the Board when the budget is submitted in August.

On motion of Mr. Swain, authority was given as requested.

LEASE OF 1115 WEST OREGON STREET, URBANA

(41) The President of the University, with the concurrence of appropriate administrative officers, recommends that the Board of Trustees request the University of Illinois Foundation to enter into a lease of a portion of the lower level (2,135 square feet) of the property at 1115 West Oregon Street, Urbana, for an instructional laboratory for the Department of Dance, at an annual rental of \$6,000 for the period beginning July 1, 1970, and extending until June 30, 1972, and at an annual rental of \$5,400 for the period beginning July 1, 1972, and extending until June 30, 1975, and that the Foundation sublease the space to the University at the same rental on an annual basis.

Funds for minor remodeling and for rental and operation until June 30, 1971, are available in the operating budget of the Department of Plant and Services. Funds required for annual renewals of the sublease and for operation costs after that date will be requested in the budget of the Department of Plant and Services on an annual basis.

On motion of Mr. Hahn, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Hahn, Mr. Hughes, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone.

CHANGE ORDER-LEASE-COMPUTER DEPARTMENT OF COMPUTER SCIENCE, URBANA

(42) The usage of computers for education and research centrally located in the Department of Computer Science has grown rapidly over the past several years. The current configuration of leased IBM computer equipment devoted to central computer services for education and research throughout the University is falling seriously behind in view of the rapidly growing use of the computer in these activities. This has resulted in deficiencies and a deterioration of services, especially during three heavy periods of use which occur in July-August, October-November, and April-May.

These operational deficiencies have been called to the attention of the IBM Corporation, who has examined the operations and made a proposal which involves alternate equipment configuration and a change in the program system presently used. These changes should double the present capacity of the 360/75 model computing system. The equipment changes recommended involve an increased rental of \$13,665.50 per month. (Current rental of this system totals \$72,271.50 per month.)

The President of the University recommends, with the concurrence of the Executive Vice President and Provost, the Vice President and Comptroller, and the Dean of the Graduate College, that the Comptroller and the Secretary of the Board of Trustees be authorized to modify the lease agreements with the IBM Corporation, and to execute such contracts and change orders or other appropriate documents as may be necessary to secure the rental of the equipment needed to meet the demands of educational and research computer services as outlined above.

Funds are available in the regular operating budget generated from charges to those departments using the computer.

On motion of Mr. Swain, authority was given as recommended by the following vote: Aye, Mr. Clement, Mr. Hahn, Mr. Hughes, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Mr. Grimes, Mr. Jones, Governor Ogilvie, Mr. Page, Mr. Stone.

SECRETARY'S REPORT

The Secretary presented for record appointments to the faculty made by the President; declinations, resignations, and terminations; cancellation, declinations, and resignations of summer quarter and declinations and resignations of summer session appointments; leaves of absence; and retirements. A copy of the report is filed with the Secretary.

COMMUNICATIONS

REQUESTS FOR APPEARANCES BEFORE THE BOARD

Mr. Hughes announced that he had approved on an emergency basis a request from Mr. Will B. Betchart, General Chairman of the Civil Engineering Graduate Student Association, to speak to the Board on the subject of Communications Among the University Constituencies. Subsequently, Mr. Betchart asked that his appearance be deferred. Accordingly, the presentation will be made before the Committee on General Policy at its July 22 meeting.

ANNOUNCEMENTS

FUTURE MEETINGS

Mr. Hughes announced the schedule for the next three meetings of the Board: July 22, Urbana-Champaign; August 12, Urbana-Champaign; September 16, Chicago Circle.

RECESS

Mr. Hughes announced that the regular meeting would be recessed for a meeting of the Committee on Buildings and Grounds. He also stated that the Committee on General Policy would meet after lunch to hear a presentation from a representative of the Student Government at Chicago Circle on the subject of University investments and to discuss a report from the *Ad Hoc* Committee of Student Observers.

It was also announced that an executive session had been requested and would be convened after the meeting of the Committee on Buildings and Grounds to consider reports and recommendations relating to patentable discoveries and acquisition of property.

EXECUTIVE SESSION

When the Board reconvened in executive session, the same members of the Board, officers of the Board, and officers of the University as recorded at the beginning of these minutes were present.

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

(43) The University Patent Committee, with the concurrence of the Chairman of the University Research Board, submits the following recommendations relating to patentable inventions by members of the staff.

1. Rotary electrostatic precipitator — Shao Lee Soo, Professor of Nuclear Engineering and of Mechanical Engineering, Urbana, inventor. This device consists of electrodes and collector plates mounted in a drum on a rotating wheel. The passages of dusty gas to be cleaned and the passages for the cleaning of the collector plates are separated by seals over the drum. The collector passages alternately pass between these sectors to collect dust and to be cleaned.

The Committee recommends that a 20 per cent distribution of net income be made to the inventor. (The Board of Trustees approved assignment of the rights in this invention to the University of Illinois Foundation on January 12, 1967.)

2. Transmitter and receiver for the transmission of computer (digital) data over standard commercial television channels — John E. Stifle, Senior Research Engineer at the Coordinated Science Laboratory and Computer-based Education Research Laboratory, Urbana; Donald L. Bitzer, Professor of Electrical Engineering, Research Professor at the Coordinated Science Laboratory, and Director of the Computer-based Education Research Laboratory; and Michael Johnson, Electronics Technician at the Coordinated Science Laboratory, Urbana, inventors; developed under the sponsorship of the Joint Services Electronics Program. Because digital information is binary in nature, only two voltage levels are needed to represent a bit of digital information. In the system described here one voltage level is chosen as the black (blanking) level and the other as the white level. Each horizontal scanning line in the television field is divided into 100 time bins of .01H seconds each ($H = 1/15750$ seconds). The first 16 bins of each line are used for horizontal synchronization and blanking purposes. The remaining 84 bins along a line each contain one bit of digital information. Field tests indicate that better than 7225 fields are transmitted correctly for every field with errors. The number of bits in error in a bad field is generally less than 250.

The Committee recommends that the rights of the University in this invention be assigned to the University of Illinois Foundation for study and possible patent application, subject to the rights of the sponsor.

I concur.

On motion of Mr. Clement, this recommendation was approved.

EMPLOYMENT OF SPECIAL COUNSEL (ESTATE OF EUGENE S. BOERNER)

(44) At the time of his death in 1966, Eugene S. Boerner held title to certain stock in Jackson and Perkins Company subject to an executed contract of sale. In his will Mr. Boerner directed that this stock, or the proceeds from the sale thereof, be distributed as follows: 80 per cent to Cornell University and 20 per cent to the University of Illinois.

The Lincoln Rochester Trust Company has filed its proposed final report as Executor of the Estate of Eugene S. Boerner, and is seeking the approval of that report and its discharge as Executor of the estate. Certain transactions during the administration of the estate, with respect to the sales agreement require full exposition and it is in order for the University to file formal objections in the New York court with reference to the proposed final report. The Vice President and Comptroller and the University Counsel recommend that the University Counsel be authorized to take such steps as are necessary or appropriate, including the employment of special counsel, to protect the University's interests in the estate.

I concur.

On motion of Mr. Swain, this recommendation was approved.

On motion of Mr. Clement, the Board adjourned.

LUNCHEON GUESTS

Some thirty-five members of the faculty and student body from the Urbana-Champaign campus were guests of the Board at lunch.
