Ogilvie was absent. Trustees-elect George W. Howard III and Earl Langdon Neal attended as guests.

Also present were President David D. Henry; Executive Vice President and Provost Lyle H. Lanier; Chancellor Joseph S. Begando, Medical Center campus; Chancellor J. W. Peltason, Urbana-Champaign campus; Chancellor Norman A. Parker, Chicago Circle campus; Dr. Eldon Johnson, Vice President; Mr. C. S. Havens, Director of Physical Plant Planning and Construction; Mr. C. E. Flynn, Assistant to the President and University Director of Public Information; Mr. James J. Costello, University Counsel; Mr. George H. Bargh, Executive Assistant to the President; and the officers of the Board, Mr. H. O. Farber, Comptroller; Mr. R. R. Manchester, Treasurer; and Mr. R. C. Wicklund (Assistant Secretary), Secretary pro tempore.

INTRODUCTION OF MICHAEL J. BAKALIS

President Hughes introduced Dr. Michael J. Bakalis, new Superintendent of Public Instruction and ex officio member of the Board of Trustees.

MEETING RECESSED

President Hughes announced that the Board would recess and that the Committee on Student Welfare and Activities would convene at this time.

**REPORTS OF THE COMMITTEE ON STUDENT WELFARE
AND ACTIVITIES**

When the Board reconvened, Mr. Hahn, for the Committee on Student Welfare and Activities, presented the following reports and recommendations:

**REPORT OF THE COMMITTEE ON STUDENT WELFARE AND
ACTIVITIES CONCERNING "RULES OF CONDUCT"
APPLICABLE TO ALL STUDENTS**

(1) The Committee has received suggestions and comment from various sources since the issuance of the Board of Trustees' statement concerning disruptive and coercive action (designated as "Rules of Conduct Applicable to All Students Concerning Disruptive or Coercive Action"). Students from the Chicago Circle and Urbana campuses have made presentations, and comments have been solicited from students at all campuses. In addition, a letter of inquiry from the chairman of the Urbana-Champaign Senate Committee on Student Discipline has been referred to this Committee by the Board of Trustees.

Following study by Committee members and analysis from administrative officers, the Committee now makes the following comment and recommendations with regard to the "Rules of Conduct":

1. Some student spokesmen have characterized the "Rules of Conduct" as vague and overbroad, citing their individual uncertainties regarding: whose conduct is involved, who may make charges, what kind of conduct is referred to, how various sanctions are defined and how judgments are made with reference to these questioned areas.

The Committee feels that a number of these questions will be eliminated by a careful reading of the "Rules of Conduct" in context with other campus documents relating to student discipline. Student handbooks and codes of the individual campuses, for example, should be used to set the "Rules" in perspective and to identify the campus procedures through which they are invoked and applied. It must be remembered, as the title specifies, that the "Rules of Conduct" relate to standards of conduct involving "disruptive or coercive action" and that they relate to students. Criticisms of other codes, other institutions, and other texts were a part of the presentations heard by the Committee. This Board cannot appropriately react to such other circumstances unless asserted analogies are clearly drawn.

The Committee believes the "Rules of Conduct" do give students adequate notice and guidelines of the behavior expected. It is generally agreed that university codes of conduct are not required to satisfy the same rigorous standards as criminal statutes. The "Rules of Conduct" postulate clear and explicit definitions which fairly apprise students of the prohibitions, and with more than normal specificity.

Indeed, the Report of the American Bar Association Commission on Campus Government and Student Dissent recognized this problem when it stated: "A college or university ought not be expected to formulate elaborately detailed codes of conduct comparable to the consolidated criminal statutes of a state." The ultimate test in this regard is whether the university describes its standards (again quoting the Commission) "with sufficient clarity . . . [to] provide fair notice of what is expected and what is forbidden." The Committee believes that the "Rules" meet this standard.

The Committee would, however, recommend that appropriate campus administrators ensure that student codes, handbooks, and other documents reflect accurately

the policies contained in the "Rules of Conduct" and that such references be kept current.

This is not to say that modifications of the Board's statement are never in order. The document, like others dealing with policy statements, will continue to be reviewed and changes, where appropriate, may be initiated through the usual channels.

2. On November 18, 1970, Dr. L. Meyer Jones, Chairman of the Senate Committee on Student Discipline at Urbana-Champaign, wrote to the Secretary of the Board of Trustees as follows:

As Chairman of the Senate Committee on Student Discipline on the Urbana-Champaign campus, I have been requested by that Committee to write you concerning the "Rules of Conduct Applicable to All Students Concerning Disruptive or Coercive Action," approved by The Board of Trustees of the University of Illinois on September 16, 1970.

Although most of the members have expressed satisfaction with the definition of the "Rules of Conduct," there are some doubts about the ability of the University to implement and enforce those recommendations without criticisms of capriciousness of judgment and the inflexibility of sanctions imposed in these regulations. Although allowance is made for mitigating and extenuating circumstances, the Committee is concerned that our disciplinary subcommittees, hearing officers, and this Committee as well are currently bound, when guilt is determined, to a narrow range of two sanctions when operating under the "Rules of Conduct." We find that, particularly under those items numbered three through nine, we are having cases arise that, by the "Rules of Conduct" definition, are coercive and disruptive, yet do not substantially interfere or impede the rights of others or the operation of the University and do not necessarily warrant dismissal or suspended dismissal.

This topic was discussed by the Senate Committee on Student Discipline at its regular meeting on Wednesday, October 28, 1970. At that time the Committee requested that I contact you to request the Board's interpretation of the use of sanctions, particularly in those cases covered by the last seven numbered items of the "Rules of Conduct."

In the Committee's view, Dean Jones's letter raises the larger question as to whether it is now desirable that there be further study, on a University-wide basis, of the penalties and their definition to be applied to students guilty of disruptive or coercive action.

Therefore, the Committee recommends that the Board of Trustees ask the Chancellors at each campus, working in association with the appropriate Senate committees, to study this question and prepare uniform recommendations with regard to penalties for coercive and disruptive action, including specific definitions of these penalties and other sanctions appropriately imposed upon students by them. It is expected that the committees and Chancellors will work within the framework of the statement concerning disruptive and coercive action and the "Rules of Conduct" and earlier actions on this subject by the Board of Trustees.

The Committee would further recommend that such study and the recommendations emanating from it be developed in consultation with the University Counsel and submitted to the President of the University, who may then present them to the Trustees with his recommendations.

3. Finally, among the suggestions received by the Committee from students at Chicago Circle has been one that a "Student-Faculty Bill of Rights" be adopted as an amendment to the "Statement Concerning Disruptive and Coercive Action" and the "Rules of Conduct." The suggestions by the students constitute a summary of certain guarantees of the United States Constitution.

The trustees took note of this fundamental question in the context of disruptive behavior in the September 1968 statement in referring to the "constitutional precepts by which this University must continue to be operated."

Wholly apart from whatever legal constraints may exist, the University must continue to ensure that its standards of conduct and disciplinary procedures are formulated and executed so as to provide due process in accordance with the fundamental principles of fair play, to avoid discrimination, and to protect the constitutional or statutory rights of the academic community.

Nonetheless, the Committee would strongly recommend that the Board reaffirm its commitment by endorsing the principles recently stated by a United States District Court:

"In the field of discipline, scholastic and behavioral, an institution may establish any standards reasonably relevant to the lawful missions, processes, and functions of the institution. It is not a lawful mission, process, or function of an institution to prohibit the exercise of a right guaranteed by the Constitution or a law of the United States to a member of the academic community under the circumstances. Therefore, such prohibitions are not reasonably relevant to any lawful mission, process, or function of an institution."

On motion of Mr. Grimes, this report was adopted and the recommendations of the Committee were approved.

REQUEST OF THE GRADUATE STUDENT ASSOCIATION, URBANA, TO ESTABLISH A TASK FORCE ON CAMPUS GOVERNANCE

(2) At the December Chancellor's Conference with students at Urbana, members of the Committee on Student Welfare and Activities and other Trustees had an opportunity to discuss with representatives of the Graduate Student Association (G.S.A.) at Urbana their request that the Board establish a task force on campus governance. Each of the Trustees had earlier received copies of the written proposal from the G.S.A. From the discussion in December it was clear that the Trustees have considerable doubt about the wisdom of undertaking such an effort. There have been a number of reports from each of the campuses over the last year or so indicating that without such formal attention to internal organization, a variety of significant changes are taking place at the departmental, at the college, and at the campus level, which will have the effect of involving students appropriately in areas of institutional operation.

There has been a consistent pattern over the last two or three years of an evolving delegation of responsibility and increasing education autonomy at each of the campuses. These changes will be reflected in a new editorial version of the statutes, which is in preparation.

Moreover, the Board of Higher Education Committee "N" on Governance has raised a number of questions that require continuing discussion and appraisal.

Therefore, it is the view of the Trustees that it is not necessary at this time to establish a task force on governance or to review the totality of the institution's organizational system — but rather that the Graduate Student Association be advised of the Trustees' continuing interest in providing for means for appropriate changes and for broader involvement of students and faculty where feasible; and that specific recommendations and suggestions for specific changes will always be welcome.

The Committee recommends that the Board approve this position.

On motion of Mr. Grimes, this statement was adopted and the recommendation of the Committee was approved.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

REPORT OF ACTIONS OF BOARD OF HIGHER EDUCATION ON BUDGET REQUESTS FOR OPERATIONS — FISCAL YEAR 1972

(3) Executive Vice President and Provost Lyle H. Lanier presented a summary of the highlights of the Annual Budget Request for Opera-

ions — Fiscal Year (FY) 1972 and the recommendations of the Board of Higher Education.

Following discussion of various reductions in requests and the effect of these reductions on the mission of the University, President Hughes read a statement concerning the recommendations of the Board of Higher Education.

Mr. Swain moved that the Board adopt this statement.

Mr. Jones pointed out that the negative recommendations of the Board of Higher Education with respect to funds for student aid and educational assistance for the disadvantaged would also have a serious impact upon the University's educational program. He suggested that his statement be amended to reflect the Board's concern in this regard since the University's educational mission as a land-grant institution included the education of the "industrial classes."

Mr. Swain consented to the amendment.

The following statement, as amended, was adopted. Mr. Hahn asked it to be recorded as voting no.¹

Action of the Board of Higher Education on the University of Illinois' Budget Requests for Operations in FY 1972

The University of Illinois Board of Trustees has reviewed with mixed feelings the actions on its budget requests for FY 1972 taken by the Board of Higher Education. While appreciating the endorsement given to approximately seventy-five per cent of the overall increases requested — and especially the strong support for proposals in the health fields — we are gravely concerned over several negative actions. Furthermore, we note that about forty per cent of the approved increase would be for funding the State's liability under the State Universities Retirement System.

The following are the four negative actions by the Board of Higher Education that will have the most serious impact upon the University's educational program:

1. *Serious cuts* in existing budgets for *instruction, research, and public service* — on the mistaken assumption that these reductions can be absorbed in FY 1972 through "improved efficiency."
2. Sharp reductions in the funds needed for salary increases — far below the levels established under the guidelines issued by the staff of the Board of Higher Education last fall. The cut of almost two-thirds in the amount requested for nonacademic salary increases will be especially damaging.

It will be impossible to maintain the projected level of operations in FY 1972 in the face of both sharp reductions in funds for salary increases and simultaneous cuts in the base budget — without increases in workload, impairment of staff morale, curtailment of plant maintenance and supporting services, and retrenchment in educational operations.

3. The disapproval of two critical items totalling \$403,983 for the support of the Library at the Chicago Circle campus — one of them involving loss of funds in the current budget.

4. The refusal to recommend increases totalling \$990,060 for financial aid to disadvantaged students at the Medical Center and Urbana-Champaign campuses. These funds are necessary if the enrollments of these students are to be appropriately expanded — in conformity with the historic mission of the University of Illinois as a land-grant institution, dedicated to fostering the education of the "industrial classes."

We note that action was deferred on requests from all three campuses for additional funds needed to strengthen campus security. It is hoped that these funds will be approved when the proposals are reconsidered in April. Such crimes as theft and

¹ Subsequently Mr. Hahn informally advised the Secretary that he was willing to accept the majority view on this action.

assault have increased so markedly as to make the expansion of security forces imperative — even if this were not also necessary to maintain order during demonstrations and to protect University property.

While the Board shares the view of the Chicago Circle Senate — expressed in its resolution of January 8, 1971 — that these budget actions of the Board of Higher Education will be damaging to the University, it would not seem to be a wise course of action to "reject this budget and seek to present directly to the legislature a more realistic budget which is in accordance with the quality of education expected at this institution. . . ." Instead, the Board's Committee on Finance and the University administration will keep the matter under review throughout the present legislative session, and will be prepared to take whatever steps seem appropriate to present the University's needs to the Governor and to the General Assembly.

INCREASE IN TUITION FOR 1971-72

(4) The Board of Higher Education at its meeting on November 3, 1970, approved the report of its Tuition and Financial Aids Study Committee recommending that tuition at state-supported institutions of higher education be increased for 1971-72 as follows: (a) for Illinois residents, to one-third the cost of undergraduate instruction as determined in the 1968-69 cost study conducted under the auspices of the Board of Higher Education; (b) for nonresident students, to the full cost of instruction as determined in that cost study.

The University Committee on Fees recommends with great regret that the University's tuition for 1971-72 be increased in accordance with the general guidelines recommended by the Board of Higher Education. It should be emphasized that the University administration and the Board of Trustees had hoped that it would be possible to hold tuition to the level required by action of the General Assembly last year. The actions of the Board of Higher Education relative to tuition increases and to its budget recommendations for institutions of higher education, however, will make it impossible to maintain the 1970-71 tuition rates during the year beginning September 1, 1971.

The table printed below presents a detailed breakdown of the tuition rates both on an annual basis and for the academic term. The upper part of the table shows the rates for the two Chicago campuses, which operate on the quarter system; the lower half of the table shows the corresponding rates for the Urbana-Champaign campus, which uses the semester calendar. Both resident and nonresident rates are shown; and for both categories, the charges for four ranges are shown (varying from a full-time schedule to nominal registration for zero credit).

I concur in the recommendation of the University Committee on Fees.

Following extended discussion, on motion of Mr. Swain, the Board deferred the proposal and referred it to the Finance Committee of the Board for report in February.

**BUDGET FOR 1971 SUMMER SESSION AND FACULTY
APPOINTMENTS, URBANA-CHAMPAIGN**

(5) The Chancellor at the Urbana-Champaign campus has recommended the budget — totalling \$1,911,400 — and appointments to the faculty for the 1971 summer session — to be conducted from June 21 through August 14, 1971. The budget total for the 1970 summer session was \$1,784,825.

The distribution of the budgeted funds is as follows:

Salaries.....	\$1 875 400
Reserve.....	30 000
Subtotal (salaries and reserve).....	(\$1 905 400)
Wages (administration).....	500
Expense (administration).....	5 500
Subtotal (wages and expense).....	(\$ 6 000)
Total Budget.....	\$1 911 400

The projected enrollment for 1971 and corresponding figures for 1970 are as follows (head count):

	<i>Actual 1970</i>	<i>Projected 1971</i>	<i>Increase</i>	<i>Per Cent of Increase</i>
Undergraduate	4 095	4 240	145	3.54
Graduate.....	7 873	8 335	462	5.87
Total	11 968	12 575	607	5.07

Salaries of members of the University faculty recommended for summer session appointments are computed on the basis of the standard formula: two-ninths of the salary of the academic year for eight weeks of service, with proportionate amounts for shorter periods or for part-time service. The appointments being recommended include a number of visiting lecturers from other colleges and universities at the itemized salaries indicated.

With the concurrence of the Executive Vice President and Provost and the Vice President and Comptroller, I recommend that the appointments to the summer session staff be approved as submitted, and that the President of the University be authorized to accept resignations, to approve additional appointments, and to make such other changes as are necessary to meet the needs of the 1971 summer session — within the total allocation of funds indicated.

On motion of Mr. Hahn, these appointments for the 1971 summer session budget for the Urbana-Champaign campus were approved and authority was given as requested. This action was taken by the following vote: Aye, Mr. Bakalis, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Governor Ogilvie.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(6) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Illinois Accountancy Act of 1943, as amended, to seven candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law. A list of the candidates is filed with the Secretary.

The Committee on Accountancy also recommends, pursuant to Rule 16 (d) of the Regulations, that the certificate of Certified Public Accountant be awarded, under Section 1, 2, and 3 of the Illinois Accountancy Act of 1943, as amended, to twenty candidates who have passed the standard written examination and who have fulfilled all other legal requirements under this provision of the law. A list of the candidates is filed with the Secretary.

I concur.

On motion of Mr. Grimes, these certificates were awarded.

AMENDMENTS OF REGULATIONS GOVERNING THE CERTIFICATE OF CERTIFIED PUBLIC ACCOUNTANT

(7) The University Committee on Accountancy has recommended changes in Rules 16(b) and 17 of the University's regulations for administering the Illinois Public Accounting Law. The changes are as follows (new language is italicized and language to be deleted is lined through):

Rule 16(b) Condition Candidates

(Change relates to final sentence of the subsection)

~~The fee for each re-examination shall be \$20 for each half-day session which the candidate is required to write. The fees for each re-examination shall be as follows:~~

<i>For the candidate who is required to write three one-half day sessions</i>	<i>\$55</i>
<i>For the candidate who is required to write two one-half day sessions</i>	<i>\$50</i>
<i>For the candidate who is required to write one-half day session</i>	<i>\$45</i>

The above increases would become effective beginning with the May, 1971, examination and are intended to correlate the fees for conditioned candidates with the cost of the examination including grading costs.

Rule 17 Failure in All Subjects — Re-examination

~~A candidate under Section 2 of the Act whose grades are such that he is required to write in all subjects may not present himself for re-examination until at least one examination shall have intervened following his last examination or re-examination, and then only upon presentation of satisfactory evidence that he has made further preparation in the interim. A candidate who fails the entire examination may present himself for re-examination on all subjects at any subsequent examination.~~

The above change would become effective immediately.

I recommend approval.

On motion of Mr. Jones, this recommendation was approved.

REVISION OF ADMISSION REQUIREMENTS, COLLEGE OF ENGINEERING, CHICAGO CIRCLE

(16) The Chicago Circle Senate recommends approval of a proposal from the College of Engineering for revision in the high school subject requirements for admission to the College.

The present and proposed requirements are summarized below:

Present Requirements

English	3 units
Algebra	2 units
Plane Geometry	1 unit
Trigonometry	½ unit
Foreign Language (one language).....	2 units
One or more units in each of the following for a total of 4 units:	
Science (except General Science)	
Social Studies	

New Requirements

English	3 units
Mathematics (including Alge- bra, Geometry and Trigo- nometry).....	3 units
Science (except General Science)	1 unit
Additional units selected from the following for a total of 5 units:	
Social Studies	
English	
Science (except General Science)	
Foreign Language	
Mathematics	

The proposed changes are designed to permit greater flexibility in admissions. The present specification of academic units has made it difficult for students from certain high schools, from which the Chicago Circle campus draws, to qualify.

The University Committee on Admissions has concurred in the proposed changes. The University Senates Conference has indicated that no other Senate jurisdiction is involved. The Chancellor at the Chicago Circle campus and the Executive Vice President and Provost endorse this proposal.

I recommend approval.

On motion of Mr. Jones, this recommendation was approved.

UNDERGRADUATE RESIDENCE HALL FLEXIBLE LIVING PLAN, URBANA

(17) At its meeting on December 10, 1970, the Committee on Buildings and Grounds considered a proposal for the modification of certain residence halls to provide flexible living arrangements analogous to those existing in more recently-constructed facilities. After receiving the recommendation of the Chancellor at the Urbana-Champaign campus and further information from student representatives and other administrative officers, the Vice President and Comptroller and the President concurring, the Committee voted to recommend approval of the proposed plan to the Board of Trustees.

The modifications proposed have been under consideration by the administration at Urbana for some time and have been successfully carried out at other campuses in recent years. More recently-constructed campus residence hall areas reflect a policy approved by the administration and the Board of Trustees to encourage a variety of normal social living contacts rather than the inflexibility of living patterns imposed by the design and structure of older residence halls.

Administrative officers in the Housing Division and the Dean of Students Office have worked in consultation with officers of student residence hall organizations to develop a plan which would meet four administrative criteria: that there be no reduction in security; that the plan make no change in existing visitation rules or lessen their enforceability; that the cost be within present budgetary and financial constraints; and that modifications not require dislocation of some students to accommodate others to any significant degree.

The plan provides a variety of modifications for adaptation to the various designs of existing halls. Some halls have remained designated for men only or for women only.

The total estimated costs, including loss of revenue, will amount to \$28,500 a year. These costs can be met from tuition monies now pledged to pay bonds. In the future, such costs will have to be taken into account in considering future rent increases.

On motion of Mr. Clement, the proposed plan was approved.

CHANGE OF NAME OF "CENTRAL RECEIVING WAREHOUSE" TO "CENTRAL RECEIVING BUILDING," URBANA

(18) The President of the University, with the concurrence of the appropriate

administrative officers, recommends that the building known as the new "Central Receiving Warehouse" be renamed the "Central Receiving Building."

The Committee on Buildings and Grounds has approved this recommendation.

On motion of Mr. Grimes, this recommendation was approved.

CONTRACTS FOR STAND-BY POWER UNIT FOR MCKINLEY HEALTH CENTER, URBANA

(20) The President of the University, with the concurrence of appropriate administrative officers, recommends award of the following contracts for a stand-by power unit for McKinley Health Center (formerly McKinley Hospital Complex), Urbana, the award for general work being on the low base bid plus acceptance of Deductive Alternate IA, and the award for electrical work being on the low base bid plus acceptance of Deductive Alternate IIB.

	<i>Base Bid</i>	<i>Deductive Alternates</i>	<i>Total</i>
General — Lyman-Wikoff, Inc., Champaign.....	\$ 9 756 62	\$3 555 00	\$ 6 201 62
Electrical — Potter Electric Service, Inc., Urbana	44 336 00	300 00	44 036 00
<i>Total</i>			\$50 237 62

Funds are available in the McKinley Hospital Account.

Submitted herewith is the schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

Bids were originally received for a stand-by power unit on July 14, 1970. The low bids exceeded the funds available by approximately \$20,000. In accordance with the provisions of Section 15 (e) (2) of the *General Rules Concerning University Organization and Procedure*, the President of the University reports the rejection of these bids.

On motion of Mr. Swain, these contracts were awarded by the following vote: Aye, Mr. Bakalis, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Governor Ogilvie.

**REQUEST TO ILLINOIS BUILDING AUTHORITY TO CONTRACT
FOR CONSTRUCTION OF BURRILL HALL
ADDITION, URBANA**

(21) The Board of Trustees at its meeting on December 10, 1970, requested the Illinois Building Authority to provide for an addition to Burrill Hall at the Urbana-Champaign campus. On December 17, 1970, the Illinois Building Authority received bids for the construction of this project; and a copy of the schedule of bids received is filed with the Secretary of the Board. The plans and specifications for the project comply with the requirements of the Facilities for the Handicapped Act. The bid documents called for the submission of a base bid and deductive alternates.

The low base bid was submitted by Felmley-Dickerson Co., Urbana, in the amount of \$2,010,000. The total of the eight deductive alternates submitted by this firm was \$99,200. Acceptance of the deductive alternates still makes this firm the low bidder.

The State Board of Higher Education has arranged with the Illinois Building Authority that the Authority will not use a portion of the amount declared by the General Assembly to be in the public interest until the State Board specifically approves such use. This reserve amount consists of a "Cost Increase Reserve" to be used for the purpose of offsetting cost increases determined by actual bid experience. On the basis of the bids received it is necessary that the University request the Board of Higher Education and the Illinois Building Authority to release \$138,275 in the "Cost Increase Reserve" for this project.

Assuming the acceptance of the eight deductive alternates and the release of the "Cost Increase Reserve," the construction budget will still be in excess of the funds available. In order to bring the cost of construction of this building addition within the funds available, University representatives and the architect have held discussions with the low bidder, and it has been determined that selective omissions and substitutions in the deductive amount of \$178,593 are feasible and would reduce the construction cost to \$1,732,207 which is within funds available.

On January 21, 1970, the Board of Trustees approved an increase in building space for Burrill Hall Addition to include a fifth floor and that the additional cost in the amount of \$400,000 would be provided from reserve funds accumulated from research grants and contracts. The State Board of Higher Education at its meeting on May 5, 1970, approved the increase in building space and the use of University funds for financing.

Funds are available to proceed with this project based on the amount declared in the public interest, assuming the release of the "Cost Increase Reserve" and the \$400,000 of institutional funds for the additional space.

Accordingly, the President of the University, with the concurrence of appropriate administrative officers, recommends:

1. The State Board of Higher Education be requested to release the \$138,275 "Cost Increase Reserve" to this project.
2. The \$400,000 be assigned from the Urbana-Champaign Contract Research Reserve and that a commitment be entered into with the Illinois Building Authority to make this money available to the Authority for use in the construction of this project.
3. That the Illinois Building Authority be requested, subject to release of the "Cost Increase Reserve," to enter into a contract with Felmley-Dickerson Co., Urbana, the low base bidder, in the amount of \$1,732,207.
4. That the Illinois Building Authority be requested to reinstate work presently being substituted or omitted from the proposal of the low bidder to the extent the contingency funds in the project budget for the above work will permit.
5. That the attached resolution be adopted to implement the official action required.

As the Illinois Building Authority will not have funds available to it under the presently proposed budget to pay for the architectural services, it is further recommended that the authorization for the assignment to the Authority of the architectural contract made by the Board of Trustees at its December 10, 1970, meeting be rescinded and authorization given to enter into an agreement with Fugard, Orth & Associates, Inc., Chicago, and the Authority whereby the architects will agree to continue to provide the services required under the contract for the project but for the benefit of the Illinois Building Authority and the

University will consent to this arrangement and continue to make the payments required under the architectural contract.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority be, and it hereby is, requested to enter into a contract with Felmley-Dickerson Co., 1008 North Goodwin, Urbana, Illinois, in the amount of \$1,732,207 for construction of the Burrill Hall Building Addition at the Urbana campus in accordance with the base bid submitted of \$2,010,000 less Deductive Alternates A-1, A-2, A-3, A-4, A-5, A-6, A-7, and A-8 in the amount of \$99,200 and agreed upon omissions and substitutions in the amount of \$178,593.

Be It, and It Hereby Is, Further Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge, and deliver, in the name and in behalf of this corporation, such instruments of transfer, conveyance, lease, contract, and other documents as are necessary or appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority and to transfer the sum of \$400,000 to the Illinois Building Authority for use on this project.

On motion of Mr. Swain, these recommendations were approved and the foregoing resolution was adopted by the following vote: Aye, Mr. Bakalis, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Governor Ogilvie.

REQUEST TO ILLINOIS BUILDING AUTHORITY TO INCREASE CONTRACT FOR CONSTRUCTION OF EDUCATION AND COMMUNICATIONS BUILDING, CHICAGO CIRCLE

(22) The President of the University, with the concurrence of appropriate administrative officers, recommends that the Illinois Building Authority be requested to increase the contract with the E. H. Marhoefer, Jr., Co., Franklin Park, in the amount of \$21,778.58 for additional costs incurred by the contractor to provide temporary heat during the construction of the project.

Funds are available in the project budget.

On motion of Mr. Swain, this recommendation was approved by the following vote: Aye, Mr. Bakalis, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Governor Ogilvie.

**CONSENT TO ASSIGNMENT OF ARMORED SERVICE
CONTRACT, URBANA**

(24) On August 12, 1970, the Board of Trustees authorized a contract with Merchants Messengers, Inc., for armored car pick-up and delivery service for the Urbana-Champaign campus. Merchants Messengers, Inc., is selling its business to Brink's Incorporated, Chicago, Illinois, and desires to assign the contract with the University to Brink's Incorporated which has indicated its willingness to accept assignment of the contract under its original terms and conditions.

Brink's Incorporated has been authorized by the Illinois Commerce Commission to operate armored car contract service in the Urbana-Champaign area.

The President of the University, with the concurrence of appropriate administrative officers, recommends that the University consent to the assignment of this contract.

On motion of Mr. Grimes, this recommendation was approved.

LEASE WITH THE LA SALLE HOTEL COMPANY, CHICAGO

(25) Since July 1, 1969, space in the La Salle Hotel has been leased from the La Salle Madison Hotel Company on a month to month basis. The hotel recently changed ownership and is now owned by The La Salle Hotel Co.

The new owners have indicated they are not willing to continue the lease without an increase in rate.

The Vice President and Comptroller recommends a lease with the new owner for the area on the twentieth floor used as the "Illini Center" (2,813 square feet) and for the area on the second floor used by the Extension Division (3,039 square feet). The lease is for the period January 1, 1971, through June 30, 1971, at a rate of \$6.50 per square foot per year for a total not to exceed \$16,796 for the six month period.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the lease.

On motion of Mr. Swain, authority was given as recommended by the following vote: Aye, Mr. Bakalis, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Governor Ogilvie.

**EASEMENT TO URBANA AND CHAMPAIGN SANITARY DISTRICT
FOR ARMORY AVENUE SANITARY SEWER, URBANA**

(26) The President of the University, with the concurrence of appropriate administrative officers, recommends granting to the Urbana and Champaign Sanitary District a permanent 20-foot wide easement and a temporary 30-foot wide easement, a distance of approximately 250 feet, under vacated portion of Armory Avenue between Oak Street and the Illinois Central Right-of-Way and a temporary 20-foot wide easement, a distance of approximately 280 feet, south of Armory Avenue from the east right-of-way line of Oak Street to the extended center line of Locust Street in Champaign for construction of a sanitary sewer which will in part serve various University buildings in the west portion of the Urbana campus and that the attached resolution be adopted.

**Resolution Authorizing Sewer Easement to Urbana and Champaign
Sanitary District under Vacated Portion of Armory Avenue
between Oak Street and Illinois Central
Right-of-Way, Champaign, Illinois**

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public Corporation of the State of Illinois, that the Comptroller and the Secretary of this public Corporation be, and they hereby are, authorized to execute, acknowledge, and deliver in the name and on behalf of this Corporation such instruments of conveyance, contract, or other document or documents as to them may seem necessary or desirable in order to grant to the Urbana and Champaign Sanitary District, a municipal Corporation, hereinafter referred to as "Grantee," its successors and assigns, the right and easement to construct, reconstruct, operate, repair, and maintain its sanitary sewer and appurtenances under certain lands hereinafter described and the right of ingress to and egress there-

from; the rights and easement granted to be limited to the extent that this public Corporation has the present right and capacity to grant the same. Grantee shall have the right to clear and remove any obstacles or obstructions on the easement tract as may be required to provide necessary clearance. Grantee shall agree to repair any damage caused to property of this Corporation or pay any damages which may be caused to property of this Corporation in the process of construction, reconstruction, or maintenance of said sanitary sewer, and to indemnify this Corporation and its representatives from liability in connection with Grantee's activities. The sanitary sewer easement shall remain in full force and effect from the date granted and for so long thereafter as said sanitary sewer is continued in service and has not been abandoned and discontinued. Upon termination of the easement Grantee shall peaceably surrender possession of said premises to this Corporation and full and complete title then shall remain in this Corporation free and clear of said easement and without necessity of re-entry or demand. The sanitary sewer easement shall be over the following-described property:

A strip of land running through that part of Armory Avenue, of the East $\frac{1}{2}$ of Section 13, T19N, R8E of the third P.M., lying West of Oak Street and East of the East Right-of-Way line of the Illinois Central Railroad, said portion of Armory Street was vacated by the City of Champaign by Ordinance Number 225, 16 May 1961, and Ordinance Number 271, 6 March 1962, now owned by the University of Illinois; and being more particularly described as: Commencing at the Southwest Corner of the intersection of Oak Street and Armory Avenue; thence North, a distance of 25.00 feet for a point of beginning; thence Westerly, parallel with the South Right-of-Way line of said vacated portion of Armory Avenue, to a point on the East Right-of-Way line of the Illinois Central Railroad. The perpetual easement consisting of a strip of land 10.00 feet right and left of the above described line. Containing 0.13 acres, more or less.

Be It Further Resolved that said Comptroller and Secretary be, and they hereby are, authorized to execute, acknowledge, and deliver to Grantee a grant of a temporary easement over the following described property to be utilized during the construction period and which temporary easement shall terminate upon the completion of the construction and installation of the sanitary sewer under the property hereinabove described, viz:

A strip of land of Lot 2 of the Northeast Quarter of the Southeast Quarter of Section 13, T19N, R8E, of the third P.M. (except that portion lying East of the Illinois Central Railroad and West of the West Right-of-Way line of Oak Street thereof), and being more particularly described as:

The North 20.00 feet of said Lot 2, lying South of the South Right-of-Way line of Armory Avenue, and East of the East Right-of-Way line of Oak Street and West of the Southerly extended Center line of Locust Street. Containing 0.18 acres, more or less, and

A strip of land running through that part of Armory Avenue, of the East Half of Section 13, T19N, R8E of the third P.M., lying West of Oak Street and East of the East Right-of-Way line of the Illinois Central Railroad, said portion of Armory Street was vacated by the City of Champaign by Ordinance Number 225, 16 May 1961, and Ordinance Number 271, 6 March 1962, now owned by the University of Illinois; and being more particularly described as: Commencing at the Southwest Corner of the intersection of Oak Street and Armory Avenue; thence North 25.00 feet, for a point of beginning; thence Westerly, parallel with the South Right-of-Way line of said vacated portion of Armory Avenue, to a point on the East Right-of-Way line of the Illinois Central Railroad. The temporary easement consisting of a strip of land North and parallel with the above described line, and 30.00 feet in width. Containing 0.17 acres, more or less.

On motion of Mr. Hahn, the foregoing resolution was adopted by the following vote: Aye, Mr. Bakalis, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Governor Ogilvie.

**DESIGNATION OF MADISON BANK AND TRUST COMPANY
AS DEPOSITORY OF CONSTRUCTION FUND PROCEEDS**

(27) The notice of sale for the Chicago Circle Union Bonds, Series 1970, provided that the purchaser could designate a bank in the City of Chicago as the depository for the Construction Fund, subject to approval of the University. John Nuveen & Co., purchaser of the bonds, has requested that the Madison Bank and Trust Company be designated as the Construction Fund depository. Since the University presently does not have any money deposited in this bank, the Vice-President and Comptroller recommends that the following resolution be adopted:

Resolution

Be It Resolved, That the Madison Bank and Trust Company, in the City of Chicago, Illinois, be and hereby is designated a depository in which construction funds of this corporation may be deposited by its officers, agents, and employees and that the Comptroller, or any other officer of this corporation, be and hereby is authorized to open and maintain an account or accounts with said Bank and to endorse and deposit with said Bank negotiable instruments and orders for the payment of money which endorsements may be made in writing or by a stamp and without designation of the person so endorsing, and it being understood and agreed that on all such items deposited, all prior endorsements are guaranteed by this corporation whether or not an express guaranty is incorporated in such endorsements.

And Be It Further Resolved, That the Madison Bank and Trust Company as a designated depository of this corporation be and it is hereby requested, authorized, and directed to honor checks, drafts, or other orders for the payment of money drawn in this corporation's name, including those drawn to the individual order of any person or persons whose name or names appear thereon as signed or signers thereof, when bearing or purporting to bear the facsimile signatures of the President and Secretary, and the Madison Bank and Trust Company shall be entitled to honor and to charge this corporation for all such checks, drafts, or other orders, regardless of by whom or by what means the facsimile signatures thereon may have been affixed thereto, if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the Madison Bank and Trust Company by the Secretary or other officer of this corporation.

And Be It Further Resolved, That the Comptroller or his representative be and hereby is authorized to sign orders and issue instructions to said Madison Bank and Trust Company for the purchase, transfer, registration, sale, substitution, exchange, and delivery of United States Government securities, and any other securities authorized by this corporation as investments of construction funds.

And Be It Further Resolved, That the Secretary or any other officer of this corporation be and hereby is authorized to certify to said Bank a copy of these resolutions and the names and signatures of this corporation's officers or employees hereby authorized to act in the premises and said Bank is hereby authorized to rely upon such a certificate until formally advised by a like certificate of any changes therein, and is authorized to rely on any such additional certificates.

I concur.

On motion of Mr. Swain, the foregoing resolution was adopted.

PATENT AGREEMENT WITH AMERICAN GAS ASSOCIATION

(28) The University holds a \$25,000 a year grant from the American Gas Association for research to broaden the understanding of the toughness of carbon steel. The work will assist the Association in efforts to reduce catastrophic pipeline failure, which is in the public interest. The American Gas Association requires that the following patent provision be a part of the grant agreement:

"Patent — Title to any invention resulting from the performance of this research will remain with the University of Illinois. In recognition of the need to give preferential treatment to the sponsor, the University of Illinois grants the American Gas Association an irrevocable, royalty-free, non-exclusive license including the right of American Gas Association to sublicense its members, for use of such inventions for their own purposes."

The American Gas Association is a nonprofit organization and ordinarily

would qualify for exemption from University policy; however, its supporting members are not nonprofit in character. Because of the interest of the public and of the University, it is felt that an exception should be made to present University policy.

The Vice President and Comptroller recommends that the above provision be accepted.

I concur.

On motion of Mr. Clement, this recommendation was approved.

PURCHASES

(29) The President submitted, with his concurrence, a list of purchases recommended by the Directors of Purchases and the Vice President and Comptroller.

The list of purchases was presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

<i>From Appropriated Funds</i>	
Recommended	\$ 200 120 33
<i>From Institutional Funds</i>	
Recommended	517 715 64
<i>Total</i>	\$ 717 835 97

A complete list of the purchases, with supporting information, including the quotations received, was sent to each member of the Board in advance of the meeting, and a copy is being filed with the Secretary of the Board for record.

On motion of Mr. Grimes, the purchases recommended were authorized.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(30) The Vice President and Comptroller also submitted a report of purchases approved by him on recommendation of the Directors of Purchases in amounts of \$5,000 to \$7,500. A copy of this report is filed with the Secretary.

This report was received for record.

REPORT ON SPECIAL PROGRAMS FOR DISADVANTAGED STUDENTS

(33) Presented herewith is a progress report on the results of the establishment of special programs for disadvantaged students at the University's three campuses — beginning in the fall of 1968. (A copy of the progress report is being filed with the Secretary of the Board for record.)

The report represents a consolidation of information taken from more detailed individual reports submitted by each of the three chancellors for his own campus. Particular attention is given to the special programs that provide assistance (educational and financial) to disadvantaged students. But, in addition, data are presented on enrollment trends for black students (whether or not in special programs for the disadvantaged) during the period 1965-70.

The following quotation from the summary of the report attests to the overall effectiveness of the special programs in encouraging the enrollment and retention of black students:

"In the short time since the special programs began (fall of 1968), two significant changes have occurred for the University as a whole: (a) the enrollment of black students, which had remained constant in number and had declined in percentage of the total enrollment from 1965 to 1967, has nearly tripled in number (from 860 to 2,454) and more than doubled in percentage of total enrollment (from 1.92 per cent to 4.41 per cent); (b) the retention of the students in the special programs has approached that of the entire entering classes, far exceeding the retention of students from similar backgrounds prior to the initiation of the programs."

On motion of Mr. Jones, this report was received for record, as a benchmark of the University's progress to date in this area as well as a starting point for future developments.

REPORT OF THE GENERAL POLICY COMMITTEE**Governance Proposals Under Consideration By Committee N of the Board of Higher Education**

(34) Mr. Swain for the General Policy Committee presented the following statement:

The University of Illinois Board of Trustees has been highly gratified to learn of the strong and united opposition of the Senates of all three campuses to the various proposals for basic changes in the University's governance structure that have been considered by Committee N of the Board of Higher Education.

All of these proposals have had the common purpose of dissolution of the fundamental unity of the University of Illinois. None of them have been supported by evidence of serious inadequacy in the University's present organizational structure or by a convincing rationale for the changes proposed. Perhaps the most specific charge has been that the University operates under a governance "status

quo" which inhibits the development of its campuses — especially its newest one at Chicago Circle.

In refutation of this belief, the Board wishes to emphasize a point made repeatedly in various University communications to Committee N, namely, that the University of Illinois several years ago made fundamental changes in its governance structure that were designed to give to the campuses greater autonomy and strength in the conduct of their separate affairs. At the same time, these changes are being implemented so as not to impair the effectiveness of the general administration in supporting campus operations, encouraging intercampus cooperation, and cultivating opportunities for University-wide service to local, state, national, and international constituencies.

The Board of Trustees is firmly committed to the continuing evolution of this system of multicampus governance within the framework of a single University.

The Board welcomes, therefore, the recent resolutions of the Senates at the Chicago Circle and the Medical Center campuses, which urge "that within the present system of governance, the operational autonomy of the three campuses, and the operational authority and responsibility of their respective chancellors be increased to the fullest practicable extent as rapidly as orderly procedure permits."

The Board reaffirms its intention to proceed further in this direction — especially towards more formal and explicit definition of the authority and responsibilities of the chancellor at each campus, the relationships of the chancellor and campus administration to the President and general administration, and the relationships of both administrative levels to the Board of Trustees.

The Committee on General Policy will work with the President and his staff in developing a codification of these roles and relationships, which will have appropriate review at the three campuses before presentation to the Board of Trustees.

Mr. Grimes moved adoption of the statement. Mr. Bakalis asked for a roll call vote.

On motion of Mr. Grimes, the statement was adopted by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain, Dr. Walker; no, none; absent, Governor Ogilvie. Mr. Bakalis asked to be recorded as not voting.

RECESS

The regular meeting of the Board was recessed and the President of the Board stated that meetings of the Committees on General Policy and Buildings and Grounds had been called and that an executive session had been requested and was being ordered, following the Committee meetings, to consider pending litigation.

EXECUTIVE SESSION

When the Board reconvened in Executive Session, the same members of the Board, officers of the Board and of the University as recorded at the beginning of these minutes were present. The Board considered the following report and recommendation.

ROBERT WOOD KEETON PROFESSOR OF MEDICINE

(35) The will of Emily Alcorn Keeton exercised a power of appointment created by the will of her husband, Robert Wood Keeton, in favor of an insurance trust the husband had established during his lifetime. The insurance trust provides for distribution of money to the University, the income and principal of which is to be used to fund certain payments to a member of the faculty of the Department of Medicine, who is to be known as the Robert Wood Keeton Professor of Medicine. Some of the trust provisions are ambiguous in terms of the amount and duration of payments to the recipient of the professorship as well as the method of selection. Accordingly, it is necessary to secure a judicial construction of the terms of the documents.

The estate of Emily Alcorn Keeton is currently pending before the Probate Division of the Circuit Court at Chicago, which has jurisdiction to make the required interpretations. The University Counsel recommends that he be authorized to take such steps as are necessary or appropriate, including the employment of special counsel, to secure a judicial construction of the above documents.

I concur.

On motion of Mr. Steger, authority was granted as requested.

On motion of Mr. Grimes, the Board adjourned.
