October 18, 1979

The October meeting of the Board of Trustees of the University of Illinois was held in the General Lounge, Illini Union, Urbana, Illinois, on Thursday, October 18, 1979, beginning at 11 a.m.

Forsyth, Jr., Mr. Ralph C. Hahn, Mr. George W. Howard III, Mr. Robert J. Lenz, Mr. Earl Langdon Neal, Mrs. Nina T. Shepherd, Mr. Paul Stone, Mr. Arthur R. Velasquez. Governor James R. Thompson was absent. The following nonvoting student trustees were present: Mr. Graham Grady, Urbana-Champaign campus; Mr. Paul A. Sobotka, Medical Center campus; Miss April Wyncott, Chicago Circle campus.

Also present were President Stanley O. Ikenberry; Dr. Peter E. Yankwich, vice president for academic affairs; Chancellor Joseph S. Begando, Medical Center campus; Acting Chancellor John E. Cribbet, Urbana-Champaign campus; Chancellor Donald H. Riddle, Chicago Circle campus; and the officers of the board, Dr. Ronald W. Brady, comptroller (also vice president for administration for the University); Mr. James J. Costello, university counsel; and Dr. Earl W. Porter, secretary.

MINUTES APPROVED

The secretary presented for approval the press proof of the minutes of the Board of Trustees meeting of June 20, 1979, copies of which had previously been sent to the board.

On motion of Dr. Donoghue, these minutes were approved as printed on pages 293 to 333 inclusive.

PRESENTATION, GEORGE H. BARGH

Mr. Bargh, who retired effective August 31, 1979, as executive assistant to the president, was present to receive from the board special recognition for his extraordinary service to the University. President Forsyth read the following resolution and presented a framed copy to Mr. Bargh:

For thirty-one years George Bargh has served the University in a variety of administrative positions, always to the immense betterment of the institution — its efficiency, its sensitivity to human needs and its relationship with its many constituencies. An alumnus with honors in journalism in the class of '49, he began working in the Dean of Men's office at Urbana while still an undergraduate. Later, he held responsibilities for fraternity affairs and advisory programs for foreign students; and in 1956 became Administrative Assistant in the Office of the President. In 1966 he was appointed Executive Assistant to the President, with significant responsibilities in the areas of the state legislative program, federal legislation, and liaison with the Chancellors' offices.

Throughout his career, George Bargh, by virtue of the confidence he inspired in trustees, students, and colleagues, has contributed much to the concerned, humane tone of the institution. These qualities, combined with his willingness to come to grips with difficult problems, and to solve them within the framework of institutional policies, have served the University well.

In particular, his work in the service of the University's presidents has been a unique and valuable contribution. Tactfully, quietly, effectively, he has assisted them by facilitating communications while sharing and respecting confidences.

Although we regret his decision to retire, we understand his desire to undertake new endeavors. For his devotion to this University and for his distinguished service to it, the Board of Trustees is pleased to recognize and to honor George Bargh on the occasion of his retirement.

Mr. Bargh expressed his thanks to the trustees and spoke briefly of his deep respect for the University and his pleasure in his service to it.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

President's Reports

President Ikenberry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the secretary of the board.

The president also took note of the annual meeting of the University of Illinois Foundation being held during the current weekend, emphasizing the vital significance of private support for the institution. He observed that the foundation would be embarking upon an extensive capital gift campaign and expressed his belief it would be important for the founda-

tion to have the support of the trustees, the administration, faculty and staff.

In addition, he announced that the board's guests at the meeting and luncheon would be leaders among nonacademic organizations from each of the campuses, expressing his appreciation and that of the trustees for the significant contribution made by the nonacademic staff to the work of the institution.

OLD AND NEW BUSINESS

Report, Board of Higher Education Matters

Mr. Lenz reported on a number of matters pending before the Board of Higher Education, including forthcoming studies of "Access and Choice;" the use of public funds for private higher education in Illinois; and a study of program availability.

Tuition Policy

He reported as well on recommendations anticipated from the staff of the Board of Higher Education with regard to a new policy of that board on tuition. Mr. Lenz said that it was likely the recommendations would seek to establish tuition rates by freezing the present tuition base and thereafter linking increases to some variable, for example, increases in institutional costs, inflationary increases, or other financial "peg." He might be required to vote on such a policy change at the next meeting of the Board of Higher Education, and he asked for advice and comment. The trustees discussed the general question at length. It was pointed out that the most recent board position is enunciated in a statement approved April 1979.

REGULAR AGENDA

The board considered the following reports and recommendations from the president of the University.

Supplemental Appropriation for Flood Damage Costs, Urbana (Report for Information)

(1) In late July the Champaign-Urbana area received an unusually heavy amount of rainfall in a relatively short period of time. The Boneyard Creek, which runs directly through the campus and which serves as a principal storm sewer drainage outlet for the area, was not able to contain all of the rainfall, and a flood resulted in the mid-campus area.

Water entered several University buildings, with damage to eight and the heaviest damage in four: Talbot Laboratory, Electrical Engineering Research Laboratory, Electrical Engineering Annex, and Aeronautical Laboratory B. Water damaged or destroyed storeroom materials and stock, research equipment, books and papers, and other materials which could not be evacuated. In addition, flood-water flowed into steam tunnels, damaging the tunnels and causing steam leaks which created high humidity and temperature levels in the upper floors of some buildings, resulting in further damage.

Damage to storeroom stock, to equipment, and to facilities totals \$400,950. All damaged materials have been inventoried and detailed lists have been compiled.

Arrangements have been made with the Illinois Department of Administrative Services to review the damaged or destroyed equipment on the State inventory. The inspector has visited the campus and the review process has begun.

Following practices recommended by the State Property Insurance Study Commission, the University carries no casualty insurance for movable equipment, storeroom stock, or similar material. In the past, recovery for similar damages incurred by the University, as well as by code departments, has been through the appropriation process.

In view of the loss and the precedent for recovering such losses through the appropriation process, I have authorized steps to seek a supplemental appropriation from the General Assembly in the amount of \$400,950.

On motion of Mr. Neal, this recommendation was approved.

Award of Certified Public Accountant Certificates

(2) The Committee on Accountancy recommends that the certificate of certified public accountant be awarded, under Section 5 of the Illinois Accountancy Act of 1943, as amended, to fourteen candidates who have presented evidence that they are holders of valid and unrevoked certified public accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law. The names of the candidates have been filed with the secretary.

I concur.

On motion of Mr. Hahn, these certificates were awarded.

Sabbatical Leave of Absence, 1979-80, Chicago Circle

(10) On motion of Mr. Howard, a sabbatical leave of absence recommended by the chancellor at the Chicago Circle was granted. This leave will be included in an annual compilation of 1979-80 sabbatical leaves of absence to be made a part of the board *Proceedings*.

Organization of the Department of Pharmacy, College of Pharmacy, Medical Center

(11) Under Article IV, Section 4, of the *University of Illinois Statutes*, members of a department of the rank of assistant professor and above may vote to change the form of organization of the department. The result of the vote must be transmitted to the chancellor by the dean along with his or her recommendation. The chancellor must then, if the vote favors a change, transmit this recommendation to the president for recommendation to the board.

The faculty of the Department of Pharmacy at the Medical Center campus has voted by a narrow margin in favor of a change in organization from the present headship organization to a chairpersonship organization.

The dean of the College of Pharmacy has indicated that, given circumstances which obtain within the department, the department would best be served by a headship. The dean has therefore, transmitted the result of the vote to the chancellor, with his recommendation that the organization not be changed. The headship is now vacant, the dean of the college serving as the acting head, and a search is currently underway for a head. The chancellor endorses the dean's recommendation.

I recommend that the organization of the Department of Pharmacy at the Medical Center not be changed.

In considering this item, the trustees had before them a communication from the Faculty Advisory Committee at the Medical Center campus, a communication recommending the active participation of the board in investigating the division of views on this matter and stating that, "this issue involves the fundamental right of faculty participation in University governance" (the text of the letter from the committee is filed with the secretary).

The president reviewed the recommendation and its compatibility with the *University Statutes*. He reported that a search is presently under way for a new head of the department and commented upon the difficulty of completing such a search with a change in departmental organization. He emphasized, as well, the need to work toward the improvement of the department.

The trustees, after taking into account the comments received and the communication from the committee, on motion of Dr. Donoghue approved the recommendation as submitted.

Recommendations of the University Patent Committee

(12) The University Patent Committee submits the following recommendations relating to discoveries and developments by staff members. Background information

concerning these recommendations has been sent to the Trustees' Committee on Patents.

1. *Low Temperature Densification of Lead Zirconate Titanate Ceramics with V_2O_5 Additions*—Relva C. Buchanan, associate professor of ceramic engineering, Urbana, and Dale Wittmer, graduate research assistant in ceramic engineering, Urbana, inventors.

University Patents, Inc., reported that a search indicated that the disclosure was novel. The University Patent Committee recommends transfer of the University's rights to the University of Illinois Foundation for development.

2. *Electrohydrodynamic Pumping of Dielectric Fluids in Pipe Lines*—John C. Chato, professor of mechanical engineering and bioengineering in the Department of Mechanical and Industrial Engineering, and Joseph M. Crowley, professor of electrical engineering and of mechanical engineering, Urbana, inventors; developed with support from the Electric Power Research Institute.

University Patents, Inc., reported little patentability and little marketability. The University Patent Committee recommends retention of shop rights and release of other patent rights to the inventor, subject to the rights of the sponsor.

I concur in these recommendations.

On motion of Mr. Stone, these recommendations were approved.

Application for Federal Assistance, Willard Airport

(13) The Illinois Department of Transportation, Division of Aeronautics, and the Federal Aviation Administration have indicated that the following projects for the University of Illinois Willard Airport are to be considered for funding in the current fiscal year:

1. Expansion of the air carrier and general aviation apron to relieve congestion on the central apron and to bring existing facilities up to adequate capacity and safety levels.
2. Overlay of the parallel taxiway to the northeast/southwest runway to preserve the existing surface and to make the strength of the taxiway compatible with that of the runway.
3. Widening, resurfacing, marking, and lighting the entrance road to preserve the existing surface and to provide for safer, more convenient entry to the airport.
4. Constructing and marking an access road to the administration building better to serve the general aviation and air carrier traffic.

The intent of the projects is to bring existing facilities within Federal Aviation Administration standards.

The Division of Aeronautics has asked the University to apply for a federal assistance project of approximately \$1,264,000 for 80 percent of the eligible costs of the program. The balance of the cost (20 percent), which includes the University and State shares, will be borne by the Division of Aeronautics.

To prepare the application will require the assistance of an engineering consultant. The Division of Aeronautics has asked the University to identify a firm acceptable to it in order that the firm may be employed by the division with funds appropriated for Fiscal Year 1980. The staff has identified Crawford, Murphy and Tilly, Inc., Springfield, Illinois.

The chancellor at Urbana-Champaign has recommended that the University submit an application for a federal grant as requested for the projects described above and that the comptroller and the secretary of the board be authorized to execute the necessary documents. It is further requested that the board approve the choice of the engineering consultant.

I concur.

On motion of Mr. Howard, these recommendations were approved.
(Mr. Hahn asked to be recorded as not voting.)

Roll Call Items

By consensus the board agreed that one roll call vote would be taken and considered the roll call vote on each of the next five items.

The student advisory vote was: Aye, Mr. Grady, Mr. Sobotka, Miss Wyncott; no, none. (Miss Wyncott asked to be recorded as not voting on item 17.)

On motion of Dr. Donoghue, these items were approved by the following vote: Aye, Dr. Donoghue, Mr. Forsyth, Mr. Hahn, Mr. Howard, Mr. Lenz, Mr. Neal, Mrs. Shepherd, Mr. Stone, Mr. Velasquez; no, none; absent, Governor Thompson.

Noninstructional Capital Improvement: Landscaping and Site Improvement at Willard Airport

(14) With the completion of the remodeling of the Willard Airport administration building, landscaping, and other site improvements are now planned. The Campaign County Development Council Foundation (CCDC), a nonprofit environmental organization, has offered to finance half of the total cost (estimated to be \$26,000) of such improvements. The remainder of the cost will be met from campus institutional funds.

The project will include various landscape improvements to the areas around the administration building, the parking entrance area, and pedestrian facilities, and a directional sign.

The president of the University, with the concurrence of the appropriate administrative officers, recommends approval of this project as a noninstructional capital improvement, subject to further action by the Illinois Board of Higher Education.

Contract for Professional Services with Advance Health, Social, and Educational Associates, Inc., Medical Center

(15) The chancellor at the Medical Center has recommended award of a contract with Advance Health, Social, and Educational Associates, Inc. (AHSEA)¹ of Chicago. The objective is to improve the use of community resources in achieving the goals of the Urban Health Program.

Under the contract, AHSEA will secure information and formulate recommendations concerning better use of the Community Advisory Council to the Urban Health Program. The contract also directs AHSEA to study and prepare a written report and recommendations concerning methods for the development of a community-based effort to provide financial assistance to minority students and to recruit University graduates to urban practice locations.

The contract, in an amount not to exceed \$40,000, is for the period from November 1, 1979, through June 30, 1980. Funds are available in the operating budget of the Medical Center campus.

The vice president for academic affairs and the vice president for administration concur in this recommendation.

I recommend approval.

Contract for Educational Services, College of Medicine

(16) In several prior actions the Board of Trustees has approved arrangements for educational services to assist the medical education programs of the College

¹This minority-owned consulting firm is currently under contract for an amount not to exceed \$10,000 for September and October of 1979 for similar purposes.

of Medicine. The chancellor at the Medical Center has recommended that the University now contract with the Christie Clinic Association of Champaign for educational services to the School of Clinical Medicine at the Urbana-Champaign campus. The clinic would be reimbursed in an amount not to exceed \$21,000. Services will be rendered in the school's tutorial and clerkship teaching programs.

Federal Health Professions Capitation Grant funds are available for this purpose.

The vice president for academic affairs and the vice president for administration have recommended approval.

I concur.

Award of Contracts for Allerton Park Improvement Project

(17) The president of the University, with the concurrence of the appropriate administrative officers, recommends award of the following contracts for an improvement project to Allerton Park, the award in each case to the low bidder on its base bid:

Division I — General

Meneley Construction Co., Pesotum..... \$137 466

Division II — Heating, Ventilating and Air Conditioning

Wayne Cain & Sons Roofing & Sheet Metal Co., Champaign..... 34 451

Division III — Electrical

Coleman Electrical Service, Inc., Mansfield..... 14 330

Division V — Plumbing

Paul H. McWilliams & Sons, Inc., Champaign..... 9 100

Total..... \$195 347

The work recommended is the initial phase of the project, viz.: to provide a center to distribute information and public services to visitors; and to improve the function of an operating greenhouse facility for the park.

Funds are insufficient to include construction of a gatehouse for the park and gates at the Fu Dog Tower to provide security; the construction of 26 additional parking spaces and brick walkways near the visitor's center; expansion and refurbishing of the existing restroom facility; and other miscellaneous work.

The funds are available from the Allerton Park Trust Endowment Income Account. (A schedule of the bids received has been filed with the secretary of the board for record.)

(The project was approved and an architect employed by the Board of Trustees in July 1979. It is anticipated that construction will begin in November 1979 and be completed in August 1980.)

(It was made clear at the request of Mr. Hahn that in taking this action the board would assume that any plans for the construction of the parking lot would be brought to the trustees for action.)

Purchases

(18) The president submitted, with his concurrence, a list of purchases recommended by the directors of purchases and the vice president for administration.

The list of purchases was presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, private corporations, and

other organizations; grants from foundations, corporations, and other donors; and University revolving funds authorized by law.

The total amounts of these purchases were:

<i>From Appropriated Funds</i>	
Recommended	\$ 57 734 81
<i>From Institutional Funds</i>	
Recommended	1 072 547 97
<i>Grand Total</i>	<u>\$1 130 282 78</u>

A complete list of the purchases, with supporting information, including the quotations received was sent to each member of the board in advance of the meeting, and a copy is being filed with the secretary of the board for record.

Report of Purchases Approved by the Vice President for Administration

(19) The vice president for administration also submitted a report of purchases approved by him on recommendation of the directors of purchases in amounts of \$12,500 to \$15,000, and a report of bids taken by the Illinois Educational Consortium for generic commodities. A copy of this report is filed with the secretary.

This report was received for record.

Waiver of Application Fee for Students Seeking CIC Fellowships

(22) Waivers of the University application fee are authorized at present for several categories of students, e.g., those who cannot meet the cost of the fee because of extreme financial hardship, extramural nondegree applicants, and members of the University faculty and staff.

The Committee on Institutional Cooperation, consisting of the "Big Ten" universities plus the University of Chicago, from time to time develops and sponsors graduate fellowship programs which encourage the applicant to apply simultaneously to several of the CIC member institutions. Because of the high cost to the student of this multiple application procedure, the other CIC institutions have either waived the application fee or have arranged to pay it for the student through special funding.

To make University practice consistent with that of other CIC institutions, the vice president for academic affairs (the University's representative on the CIC) has recommended an additional category of students for whom application fees would be waived: *Persons who are applying for CIC-supported fellowships to study at a CIC member institution.*

The recommendation has been endorsed by the University Planning Council and is supported by the vice president for administration.

I concur.

On motion of Mr. Grady, authority was given as recommended.

Application for Internal Revenue Service Ruling

(23) House Bill 700 of the Eighty-first General Assembly amends the provisions of the Illinois Pension Code relating to the State Universities Retirement System to require university employers to "pick up" an employee's contributions to the retirement system, thus sheltering those amounts from federal income taxation until distribution.

As passed by both houses H.B. 700 has an effective date of January 1, 1980. On September 20, 1979, the governor recommended that the effective date be changed to January 1, 1981, in order to provide adequate time for university employers to obtain rulings from the Internal Revenue Service or otherwise to determine that the tax shelter result is available. It is anticipated that the General Assembly will act upon the governor's recommendation in the near future and, if such action is favorable, it is desirable that there be immediate follow up to obtain the necessary rulings or determinations.

Accordingly, the university counsel has recommended that he be authorized to take such steps as may be necessary or appropriate, including the employment of special counsel, to secure the necessary assurances that employee contributions "picked up" under H.B. 700 are not taxable to employees until distribution.

I concur.

On motion of Mr. Howard, authority was given as recommended.

Roll Call Items

By consensus the board agreed that one roll call vote would be taken and considered the roll call vote on each of the next two items.

The student advisory vote was: Aye, Mr. Grady, Mr. Sobotka, Miss Wyncott; no, none.

On motion of Mr. Stone, these items were approved by the following vote: Aye, Dr. Donoghue, Mr. Forsyth, Mr. Hahn, Mr. Howard, Mr. Lenz, Mr. Neal, Mrs. Shepherd, Mr. Stone, Mr. Velasquez; no, none; absent, Governor Thompson.

Contract with IBM for Research and Development

(24) The IBM Corporation has proposed a contract with the University for the support of research and testing, involving shared memory in a multi-processor environment; and development and evaluation of a version of PASCAL (a widely used compiler) suitable for use on IBM equipment.

The work would be performed by the University's Computing Services Office and the Department of Computer Science and, it is hoped, would provide insight and participation by the University in current technological developments.

The proposed contract calls for a payment of \$217,200 from IBM for the period through August 31, 1982. The payment includes \$20,000 as a royalty payment for a nonexclusive license for any discoveries arising from this investigation.

The University Patent Committee has reviewed the terms of the proposed contract and the vice president for administration has recommended approval. I concur.

Lease of Space for Division of Services for Crippled Children in Chicago

(25) The president of the University, with the concurrence of the appropriate administrative officers, recommends entering into a lease with the University of Chicago to provide space for the Division of Services for Crippled Children. The lease will provide 4,142 square feet in the Woodlawn Social Services Center, 950 East 61st Street, Chicago, for the period November 1, 1979, through June 30, 1980, at a monthly rental of \$2,298.81. (The annual unit cost is \$6.66 per square foot.) The lease will provide for an option in the University to extend the lease for an additional one-year period upon the same terms and conditions.

Funds for this rental are available in the current operating budget for the Division of Services for Crippled Children.

(The lessor is remodeling the space to meet the specifications of the University. This is part of the space required for the division's FY 1980 program. The rental includes all operation and maintenance services.)

SECRETARY'S REPORT

The secretary presented for record appointments to the faculty and changes of status made by the president, resignations, leaves of absence, and retirements. A copy of the report is filed with the secretary.

(26) The president of the University, with the concurrence of appropriate administrative officers, recommends acquisition of the properties at 400-412 and 401

South Peoria Street, Chicago, at a price of \$300,000. (The University is advised that former Dean Alan M. Voorhees recently acquired the property and may be the beneficial owner thereof.)¹

This property consists of a 5½ story section and a 6½ story section building with brick exterior walls, of approximately 146,000 gross square feet, on a tract of land of approximately 25,149 square feet. In addition, the purchase includes a paved, fenced parking lot, consisting of 5,923 square feet, across the street (east) from the building. The building will be remodeled for storage and other miscellaneous uses for the Chicago campuses.

Funds are available from the proceeds received (including investment earnings thereon) from the Thomas H. Rust Estate.

Litigation Initiated by Administrator of Estate and Minor Children of Rosie Smith (also known as Rosie L. Jones)

(27) A statement of claim has been filed in the Court of Claims of the State of Illinois (Case No. 80 CC 0346) by two minor children and the administrator of the estate of Rosie Smith (also known as Rosie L. Jones) seeking recovery of \$1,000,000. The claim alleges that negligence on the part of the University in the medical diagnosis and treatment of Rosie Smith at the University of Illinois Hospital on September 13, 1978, resulted in her death.

A complaint has also been filed by the same claimants in the Circuit Court of Cook County (Case No. 79 L 20201) seeking recovery of \$500,000 damages for the same incident.

The university counsel has recommended that he be authorized to take such steps as are necessary or appropriate, including the employment of special counsel, to protect the interests of the University in these matters.

I concur.

Litigation Initiated by Jessie Powell

(28) A complaint has been filed in the Circuit Court of Cook County, Illinois (Case No. 79 L 19683) by Jessie Powell who seeks recovery of money damages for an incident alleged to have occurred at the University's Hospital in October

¹ Mr. Voorhees resigned as Dean of the College of Architecture, Art, and Urban Science, Chicago Circle campus, effective August 31, 1979.

1976 and discovered by the plaintiff in April of 1979. The named defendants are the "University of Illinois Hospital" and Doctors Chaudhuri, Soper, Baker and Hallman who were on the University's staff at the time of the incidents referred to in the complaint. The complaint is in two counts, each of which seeks recovery of \$150,000 in damages on the basis of allegations that the University and the physicians were negligent in leaving two surgical clips in the plaintiff's gallbladder region during a surgical procedure performed at the University of Illinois Hospital.

The university counsel has recommended that he be authorized to take such steps as are necessary or appropriate, including the employment of special counsel, to protect the interests of the University in this matter, to defend the action and to provide representation for those of the four physicians who request the same, all in accordance with the University's risk management and self-insurance program.

I concur.

Litigation Initiated by Administrator of Estate of Kamaria Mandiesa Johnson

(29) A complaint has been filed in the Court of Claims of the State of Illinois (Case No. 80 CC 0375) by the administrator of the estate of Kamaria Mandiesa Johnson, seeking recovery of \$100,000 for alleged negligence on the part of personnel of the University of Illinois Hospital in July of 1978. The complaint alleges that the complainant is the administrator of the estate of a child who was either born stillborn or died shortly after delivery by reason of the negligence of the University of Illinois Hospital personnel in providing prenatal, delivery, and medical care to the child's mother.

The university counsel has recommended that he be authorized to take such steps as are necessary or appropriate, including the employment of special counsel, to protect the interests of the University in this matter.

Litigation Initiated by Karen Martia Alvarez

(30) An unverified complaint has been filed in the Circuit Court of Cook County, Illinois (Case No. 79 L 22084) by Karen Martia Alvarez, a member of the faculty in the Department of History at the Chicago Circle campus now on terminal appointment. The named defendants are the University and Professor Leo Schelbert, chairman of the Department of History at the times referred to in the complaint, and Professor Herman Ooms, a member of the faculty of the Department of History. The complaint is in two counts.

Count I of the complaint alleges that the plaintiff was a "tenure track line teacher" in the Department of History whose contract was not renewed because of untrue statements "maliciously and wrongfully" made to the tenured faculty of the department in 1978 by the department chair (defendant Professor Leo Schelbert) and by the chair of the subcommittee responsible for gathering information and making recommendations to the tenured faculty concerning faculty retention (defendant Professor Herman Ooms). It is alleged the statements were false and slanderous, and were made with actual malice or with a reckless disregard as to their truth or falsity. Count I seeks compensatory damages from Professors Schelbert and Ooms, individually, in the amount of \$42,000 and punitive damages in the amount of \$500,000.

Count II seeks recovery of the same compensatory and punitive damages from the University on the grounds that it is responsible for the actions of Professors Schelbert and Ooms who were allegedly acting within the scope of their employment relationship with the University.

Professors Schelbert and Ooms deny making the alleged statements and

represent that no statements by them concerning the plaintiff were maliciously or wrongfully made. Each of them has represented that all actions alleged to have been taken by them were taken in the course of their University duties, and each has requested the University to defend and indemnify him. Under the University's self-insurance plan for general and professional liability, as modified by the trustees on February 21, 1979, coverage does not extend to exemplary or punitive awards and the plan does not apply to liability and damages resulting from any malicious statement, act or omission.

The university counsel has recommended that he be authorized to take such steps as are necessary or appropriate, including the employment of special counsel, to protect the interests of the University in this matter and to provide representation for Professors Schelbert and Ooms, if they so request, with the reservation that the provision of such representation does not waive any term nor constitute an extension of the University's self-insurance plan for general and professional liability. Under such a reservation the individuals would be informed that under the plan the University does not accept responsibility for payment of punitive damages, and that the question of coverage and the University's responsibility for payment of any compensatory damages which may be awarded would be deferred until after a final determination of the facts.

I concur.
